Chapter 3221: heading straight for pantheon

After that, Chen Xiaobei had a brief conversation with the group and explained the general situation of the battle.

No one would have thought that Chen Xiaobei would use the heavenly Tribulation to kill an enemy Army of 300 million.

Such an outcome was simply inconceivable to the extreme! It was enough to shock the entire earth-god World!

Who would have thought that Chen Xiaobei's brilliant plan would be able to break through such a deadly trap?

Other than Chen Xiaobei's intelligence, there was nothing else that they could say! He was convinced from the bottom of his heart!

"Tuo hai! Next, you have two missions!"

Chen Xiaobei called Xuanyuan tuohai to his side and said, "First, you have to spread the news of my victory as soon as possible and let the whole earth-god Realm know! Of course, the most important thing is to let the people of Xuanyuan sacred territory know!"

"Understood!"

Xuanyuan taohai nodded his head, already understanding the stakes. I'll let the whole Xuanyuan Sacred Realm know who has protected them and who has brought them a better and happier life!

All of Chen Xiaobei's new followers would be from the Xuanyuan sacred territory.

The speed of the increase would depend on Xuanyuan tuohai's advertising ability.

Of course, before the war broke out, everyone in the Xuanyuan sacred territory knew that once they fell into the hands of the enemy, their lives would be worse than death.

Everyone had placed their hopes on Chen Xiaobei.

Chen Xiaobei did not let anyone down.

Kill the enemy, win the battle, and protect the entire Xuanyuan Sacred Realm!

Such a result would allow Chen Xiaobei to gain everyone's approval.

One could imagine that Xuanyuan tuohai's publicity work would be very smooth.

Chen Xiaobei's new followers would continue to increase.

"Second!"

I want you to gather all the troops in the Xuanyuan sanctuary and choose a day to attack the Jade virtual sanctuary and the pantheon sanctuary. We need to take these two sanctuary under our control in the shortest time possible!

“No problem!”

Xuanyuan tuohai was extremely confident. He patted his chest and said, “Master has already eliminated all of the enemy’s strongest forces. The hollow Jade temple and the temple of the gods have become toothless Tigers! Within three months, I will definitely take them down! Otherwise, you will be punished by military law!”

“No need to be so anxious!”

don’t worry! Chen Xiaobei smiled. remember, you must treat the people well and accumulate merit! If you encounter someone who resists too much, use the high-grade heavenly dog food and the demonic god tribulation curse to subdue them by force and try to reduce the number of deaths!”

“This disciple will remember!” Xuanyuan taohai nodded and said awkwardly, “ however, I’m afraid it’s difficult to mass-produce this high-grade heavenly dog biscuit in a short time!

“You don’t have to worry about this. Master will naturally prepare it for you!” Chen Xiaobei smiled and took out an empty storage bracelet.

Then, he activated the merit record.

Chen Xiaobei had just received a huge amount of merit points. Compared to before, he was now filthy rich.

With a thought, he directly exchanged for 30 billion high-grade heavenly dog biscuits.

– you have successfully exchanged for a merit reward! – 30 billion merit points will be deducted!

[your current merit points are 6118.470 billion.(Charm: 611.84 billion, luck: 611.84 billion!

To Chen Xiaobei, 30 billion merit points was a large portion of all the merit points he had. If he used them up rashly, he might even lose his position as the Emperor.

But at this moment, 30 billion merit points were just a fraction of Chen Xiaobei’s total merit points. Chen Xiaobei did not even bat an eye when he was paying the penalty.

“Here!”

Chen Xiaobei put all 30 billion high-grade heavenly dog biscuit into the storage bracelet and handed it to Xuanyuan tuohai.

“This disciple obeys! I definitely won’t let shizun down!” Xuanyuan tuohai received the storage bracelet, his confidence soaring.

With an absolute overwhelming advantage in military strength, most of the cities in the Jade Mirage sacred territory and the gods sacred territory would surrender voluntarily.

If a small number of them didn't surrender, they could be settled with dog food and the demonic god tribulation curse.

Even though Xuanyuan tuohai was the commander of the army, Chen Xiaobei had paved the way for him! There was no possibility of failure in this mission!

"Qingyang, you guys should stay here and assist tuo hai. I'll make a trip to the headquarters of the gods' Palace to meet up with Taiyi tanlou Yuhong!"

let's go," Chen Xiaobei said. He did not rest and rushed to the headquarters of the temple of the gods.

.....

The pantheon sanctuary.

The temple of the gods at the core of the holy mountain was the headquarters of this peak force.

At this moment, Lou Yuhong and tai yitan had the divine Hall firmly in their hands.

It was not because they were strong, but because the temple of the gods had sent out all their elites to kill Chen Xiaobei. There were only a few of them left in the faction.

As an eight-star earth immortal, Lou Yuhong easily killed the person in charge. The remaining minions were so afraid of death that not only did they not resist, but they also worshipped Lou Yuhong and tai yitan like bodhisattvas.

"Second senior!"

Lou Yuhong sat on the throne of Zeus, tasting the wine brought by a few lackeys while praising excitedly, "Shizun is simply not human! He's a God!"

"This time, from Zeus to the powerful disciples of the temple of the gods, all of them have come out! It can be imagined that Tianji city and Jade Palace are in the same state!"

"These three top forces have used up all their resources to give master a fatal blow! In the end, he was completely crushed by shizun and didn't even have the slightest chance to turn the tables!"

Don't look at how Lou Yuhong was extremely excited at the moment and even drank to liven things up.

But just a few minutes ago, before he had received any news from Xuanyuan tuohai, Lou Yuhong had been dejected and depressed. He was so desperate that he didn't even want to say a word.

Of course, the more he suppressed his emotions, the more excited he became after knowing that Chen Xiaobei had won.

"That's right!"

Tai yitan stood by the window, looking at the eastern sky, "Master is the true God! In comparison, the gods of the temple of the gods are simply a joke!"

"Master's wave of Heavenly Tribulation annihilated 300 million enemy soldiers in one go! This includes all the core members, higher-ups, and outstanding disciples of the three major forces!"

“It’s no exaggeration to say that master only used this battle to destroy three peak forces! Don’t even mention turning the tables, it won’t be long before master completely wipes them out from the earth immortal world!”

“Whoosh ...”

At this moment, a black shadow rushed over from the East.

“It’s master!”

put down the wine cup! tai yitan said excitedly, “ let’s go out and welcome him!

“Alright!”

Lou Yuhong jumped up in excitement and threw the wine glass to the side.

[Red Envelope Group of the Three Realms](#)

Chapter 3222: setting up a division

“Disciple greets master! Disciple greets master!”

Tai yitan and Lou Yuhong went out to greet Chen Xiaobei. They knelt down and saluted Chen Xiaobei. Their emotions were beyond words.

“Get up! How’s the situation here?” Chen Xiaobei asked as he recalled the demonic Crow King.

“Thanks to master, the temple of the gods is completely empty. There’s not even the slightest bit of resistance!”

“I’m not sure, ” tai yitan said. after Zeus ‘death, the divine immortal-grade formation guarding Mount pantheon became ownerless. I’ve just taken control of it! You can say that Mount pantheon has become bei Xuan faction’s territory!”

“Very good!”

“Alright! Chen Xiaobei nodded. after tuo Hai’s Army has conquered the pantheon sanctuary, this place can be transformed into a branch of bei Xuan faction. You can be the leader!”

“Disciple thanks master!” Tai yitan was so excited that he knelt on the ground and thanked Chen Xiaobei.

This was the headquarters of the temple of the gods!

Even though Chen Xiaobei was only the division leader of a branch of bei Xuan faction, he was in fact in charge of a top force!

Tai yitan was Chen Xiaobei’s loyal disciple who had been following him since earth.

Even though he had Chen Xiaobei’s trust, tai yitan had never thought that he would one day be able to reach such heights!

Being in charge of a top force meant that tai yitan would be one of the top giants in the earth-god Realm in the future!

In the vast earth-god Realm, there were billions of mortals! There were only ten people who could reach this height!

“Congratulations, second senior! Congratulations, second senior!”

Lou Yuhong was also very excited. He congratulated tai yitan from the bottom of his heart, “From now on, second senior, you’ll be the peak Overlord who can suppress the pantheon sanctuary!”

“Junior Brother is too polite!”

Tai yitan was very excited, but he didn’t forget to encourage her, “Follow master and serve him well, you will have this day sooner or later!”

“Will you?” Lou Yuhong’s expression froze, and he was full of anticipation.

“Of course I will!”

of course not! Chen Xiaobei shrugged. if you like, you can be the leader of the Jade virtual division!

“What?”

Lou Yuhong’s eyes widened, and he simply couldn’t believe his ears. “Master! I ... I didn’t hear wrong, did I ...”

“You didn’t hear wrong!”

Chen Xiaobei shrugged. I’ll be heading to the headquarters of the Jade virtual Palace later. In the future, that place will become a branch of my bei Xuan faction. I’ll leave it to you to manage!

“Disciple ... Disciple thanks master ...”

Lou Yuhong’s entire body trembled. Never in his dreams did he expect that such a good thing would actually fall into his hands.

After all, Lou Yuhong had been following Chen Xiaobei for the shortest time.

Previously, Lou Yuhong was worried that Chen Xiaobei would ruin his future and had wanted to abandon him many times.

However, after a period of interaction, Lou Yuhong finally realized that Chen Xiaobei’s Foundation was unimaginably strong. His wisdom, courage, and state of mind were all excellent.

From then on, Lou Yuhong made up his mind that he would follow Chen Xiaobei for the rest of his life, whether it was life or death.

Lou Yuhong believed that as long as he followed Chen Xiaobei with all his heart, he would one day reach an unprecedented height.

He had never thought that this day would come so early! It was so sudden!

With just one word from Chen Xiaobei, Lou Yuhong had successfully ascended to the throne of the earth-god Realm!

Even if it was more than ten minutes ago, Lou Yuhong would not have dared to imagine such a situation.

But at this moment, everything had come true!

Chen Xiaobei had killed 300 million enemies. In Videha, his words were as important as nine tripods!

Even turning his hand to create clouds, turning his hand to create rain, doing as he pleased!

At this moment, Lou Yuhong was extremely glad that he did not leave Chen Xiaobei back then. Otherwise, he would regret it so much that his intestines would break!

“Get up!” He said.

Chen Xiaobei asked, “Have you found the core Treasury of the temple of the gods?”

Tai yitan and Lou Yuhong both stood up and answered, “We did find it, but we don’t have the key, so we can’t break the door ...”

“Go! Take me there to see!” Chen Xiaobei said calmly.

.....

Then, the three of them passed through a series of secret passages and successfully arrived at the entrance of the core Treasury.

“A door made of one-star celestial immortal items! Its defensive power is extremely strong!” Chen Xiaobei narrowed his eyes and saw through the mystery.

yeah ... tai yitan nodded and said helplessly, “Unless we find the key, we can’t open it.”

“The key is long gone.” Chen Xiaobei shrugged.

On the battlefield, all of the enemy’s Storage Treasures were destroyed by the dark yellow lightning tribulation, and all of their spiritual stones and resources were refined.

Of course, this also included the key to the treasure vault.

if there’s no key, wouldn’t this treasure vault be sealed forever? ” Lou Yuhong’s brows furrowed slightly, and he was very anxious, ” after all, even with a one-star heaven-immortal artifact, I’m afraid it’s impossible to break this gate ...

When Lou Yuhong followed Chen Xiaobei, Chen Xiaobei only had a one-star heavenly immortal instrument.

Lou Yuhong had not seen Chen Xiaobei for a while and he did not know what kind of trump card Chen Xiaobei had.

“Don’t worry.”

“I’m afraid I wouldn’t have been able to break this door in the past!” Chen Xiaobei smiled. But now, this door is like paper to me!”

“Swish!”

Chen Xiaobei then entered the Meru space.

“What is master trying to do?”

Tai yitan and Lou Yuhong were dumbfounded. Didn't they agree to open the door? Why did you go and hide?

“Swish!”

Not long after, Chen Xiaobei reappeared in the real world and said, “You two, step back a little. I'm afraid you can't take it!”

“Can't bear what?”

Tai yitan and Lou Yuhong were confused. Of course, they followed Chen Xiaobei's orders unconditionally and immediately retreated a few meters away.

“BOOM! BOOM!”

Chen Xiaobei did not explain. His eyes were like two dragons as he shot out two purple-gold witch Dragon flames.

“Isn't this the witch Dragon heavenly flame? It was wrong! This ... The strength of this power had already reached the heaven immortal level! Heavens ...”

Tai yitan let out a cry of shock. His pupils contracted in shock.

second senior brother, be careful!

Lou Yuhong quickly released his protective Zhen Yuan to protect himself and tai yitan.

Even though they were separated by Lou Yuhong's eight-star earth-god level protective true essence, the two of them still felt unbearably hot.

Without the protection of the true essence, tai yitan would have been severely burned if not killed by his cultivation and physical condition.

That's right!

This was the divine immortal level witch Dragon heavenly flame!

Chen Xiaobei had just entered the Meru space and absorbed all the energy that he had accumulated, successfully upgrading the witch Dragon Flame.

Whoosh ... Whoosh ...

Soon, the door of the treasure vault turned into fiery red molten iron, and a huge hole was broken in the middle.

[Red Envelope Group of the Three Realms](#)

Chapter 3223

3223 The mysterious staff

“Go! Let's go in and take a look!”

Chen Xiaobei shrugged and walked into the vault.

Tai yitan and Lou Yuhong waited for a moment until the temperature of the molten iron around them dropped before they followed him in.

there are so few resources in this treasure vault ... It's not even comparable to a normal large treasure vault ... And the level of the resources is not too high ...

Tai yitan frowned and looked around with disdain.

“This is very normal!”

“In order to give master a fatal blow!” Lou Yuhong said. The temple of the gods had emptied their prison! All the high-level magical treasures, all the healing medicines, and even all the spirit stones were brought to the battlefield! Perhaps it's already in master's hands!”

It was obvious that Lou Yuhong's analysis was completely correct.

This time, not only the temple of the gods, but Tianji city and Jade Mirage Palace had also exhausted all their resources to kill Chen Xiaobei!

Therefore, their treasure vault had basically been emptied.

There were only some low-level or impractical items left in the treasure vault, which looked very shabby.

As for the high-grade, practical magical treasures and resources, as well as a huge amount of spiritual stones, they were all in Chen Xiaobei's hands.

However, it was not in the form of a physical object. Instead, it was refined into a vast amount of spiritual aura by the dark yellow tribulation lightning.

That was why Chen Xiaobei was able to upgrade all of his trump cards. At the same time, the heaven and earth furnace and the verdant Emperor's divine gourd had absorbed the spiritual aura of heaven and earth, which was equivalent to 330 one-star heaven-God instruments.

Of course, this was only a rough quantitative measurement.

As a matter of fact, the energy absorbed was the life-force of over three hundred million people, and the heaven and earth spiritual aura refined from all the resources and energy stones. It was equivalent to the refinement of three hundred and thirty one-star heaven immortal items.

All in all, Tianji city, Jade Mirage Palace, and gods' temple-almost 90% of the resources and 100% of the spiritual stones were in Chen Xiaobei's hands.

Because of that, Chen Xiaobei was not surprised at all. It was as if he had already expected this shabby Treasury.

Chen Xiaobei strolled to the core of the vault and found nine treasure chests.

Seven of the treasure chests were already open.

It was obvious that everything inside had been brought to the battlefield and became Chen Xiaobei's possession in the form of energy.

The remaining two sealed treasure chests were Chen Xiaobei's only target.

"Let me see what good stuff I can get!"

Chen Xiaobei grinned and opened the first chest expectantly.

There was a storage bracelet in the chest.

Chen Xiaobei picked it up and looked at it. Then, he was shocked. "These ... These are all Holy garment boxes! There were a total of 107! If you add the Sky Dragon's sacred cloth chest I have, that's a total of 108! It just so happens to match the number of thirty-six heavenly stars and seventy-two earthly fiends!"

"Holy garment box? Saint Seiya?" Tai yitan was an Earthling, so he was no stranger to this name. His surprise was no less than Chen Xiaobei's.

"Right! It's the Holy garment box!"

I found the celestial Dragon's sacred cloth box in the firecloud territory! Back then, e huoyunshan introduced it to me. This is a Holy object passed down from the ancient times of the Western Orthodoxy, and it also contains the secrets of the ancient divine religion!"

"A Western Orthodoxy?" "If that's the explanation, then it makes sense!" Tai yitan calmed himself down and said.

of course! Chen Xiaobei nodded. in the history of the earth-god Realm, there were indeed 108 constellations in battle Saint robes! I didn't expect the temple of the gods to have already collected one hundred and seven of them!"

Tai yitan was a little confused, " "Since there are so many battle Holy garments, why doesn't the temple of the gods bring them to the battlefield?"

if I'm not wrong, these 107 pieces of Holy garments are just like the celestial Dragon Holy garment in my hand. They are all damaged! Therefore, even if we bring them to the battlefield, it would be meaningless!"

"Won't you know if you take it out and take a look?" Lou Yuhong was from the earth immortal world and didn't know the secret of the Saint Cloth box, so he was particularly curious.

"Alright!"

that's right! Chen Xiaobei nodded. I'd like to see if we can unlock the secret of the Western Orthodoxy with all 108 boxes of Holy cloth!

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei then took out all the Saint Cloth boxes and arranged them in the empty vault according to their types.

There were 47 bronze chests of Holy garments, 24 silver chests of Holy garments, 12 gold chests of Holy garments, 12 dark gold chests of Holy garments, and 12 Platinum chests of Holy garments!

In addition to the Last Dragon's bronze cloth box in Chen Xiaobei's hand, he had a total of 108 items.

"These big boxes are the legendary Holy garment boxes?" Lou Yuhong was dumbfounded.

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei did not answer. Instead, he released his ethereal force and covered each of the Saint Cloth boxes. He then tried to communicate with their spiritual nature.

Just as he had guessed, these boxes of Holy garments were indeed damaged.

It wasn't that it didn't have any spirituality, but it was in an intermittent state, unable to establish a normal spiritual connection, and thus unable to be used.

"As expected, they are all bad ..."

Chen Xiaobei retracted his ethereal force and said disappointedly, "Not only is it bad, but there are no hidden secrets revealed ..."

Chen Xiaobei's luck was off the charts, so he should have gotten something.

However, the Holy garment box was useless and did not reveal any secrets. It was like chicken ribs, tasteless and a waste to throw away. Chen Xiaobei was disappointed.

let's keep it for now. It might be of great use in the future. Tai yitan said to comfort him.

"That's right!"

"The real trump card will only shine at the most crucial moment!" Chen Xiaobei's eyes lit up. It might be useless now, but that didn't mean it would be useless in the future! Just like the Golden armored mysterious Spider, it can turn the tide at the critical moment!"

Chen Xiaobei's mood improved a lot. He kept all the Saint Cloth boxes for future use.

Now that his luck was off the charts, the items he obtained would definitely be useful in the future! It was very useful!

"Let's see what's in the last treasure chest!"

Chen Xiaobei rubbed his hands and calmed himself down. He then opened the last treasure chest with anticipation.

Inside the treasure chest was a golden staff. The top of the staff was like the sun, and it was in the shape of a disc. The bottom of the staff was round and shiny, and it was shining with spiritual light.

But unfortunately, this long staff was also damaged, as if it had been broken into three pieces by a great force.

"Why does this staff look so familiar?"

Chen Xiaobei and tai yitan had the same question.

Red Envelope Group of the Three Realms

Chapter 3224: Jade pure God

this ... This can't be the legendary staff of Athena, the goddess of wisdom of the West, right? "

Chen Xiaobei and tai yitan were both from earth, so they came to the same conclusion.

In the comics on earth, the five bronze Saints were fighting to protect Athena.

Although comics and history were very different, there were still some similarities. A normal Association might be very close to the answer.

it looks like it, but the higher-ups of the temple of the gods are all dead. I'm not sure ... Chen Xiaobei frowned. He was not sure about his own guess.

Tai yitan nodded and said, " it's reasonable if it exists. Let's put it away. We will get the answer sooner or later.

well, it's broken anyway. Let's keep it first ... Chen Xiaobei shrugged and kept the staff.

As for the rest of the things in the vault, they were not of high value and were not very practical. Chen Xiaobei did not bother to collect them. He left them all for tai yitan to manage, so that they could be used as resources for bei Xuan faction's gods division.

After that, tai yitan stayed behind to help Xuanyuan tuohai take down the entire pantheon sanctuary.

Chen Xiaobei, on the other hand, brought Lou Yuhong to the Jade Mirage sacred territory.

.....

The situation on both sides was almost exactly the same. The hollow Jade temple headquarters had also sent out all their forces, leaving only some weak chickens and fish inside the sect.

Emperor Jiang and six-eared macaque took action. There was no suspense at all. They easily took control of the entire headquarters of the hollow Jade temple.

Emperor Jiang didn't even make a move. After six-eared macaque turned into a nine-headed bug, he was already a peak earth immortal realm warrior. His hands were itchy and uncomfortable. He cleaned up the small fish from the Jade Palace, making them cry for their parents.

When Chen Xiaobei and Lou Yuhong arrived, Di Jiang and six-eared macaque came out to welcome them.

"Bro bei! We've already heard the news of your victory! You're simply too awesome!" Six-eared macaque was excited.

with bro bei's help, there's no doubt that he'll win. On the other hand, Di Jiang was very calm. He had absolute trust in Chen Xiaobei's strength. He was not even worried about the outcome of the battle from the very beginning.

I've been flying all the way here. The Jade virtual Palace is very peaceful. I'm sure you've already taken control of this place, right? " Chen Xiaobei asked.

“Yes, I am!”

that’s right! six-eared macaque said excitedly. with Zhao Tianchao’s death, the heavenly immortal-grade defensive formation of the Jade Palace has become ownerless. I’ve already taken control of it! Not even a fly can enter without my permission!”

“Very good!”

yes! Chen Xiaobei nodded and said, “ now, pass the control of the formation to Lou Yuhong! In the future, the headquarters of the Jade virtual Palace will be the Jade virtual division of the bei Xuan sect, and Lou Yuhong will be the hall Master!”

“This ...”

When Lou Yuhong heard this, he couldn’t help but feel a little embarrassed. He said awkwardly, “ since Mr. Liu er is in control of this place, how can I take his credit? ”

“You’re thinking too much!”

Six-eared macaque grinned and said, “to me, the hollow Jade temple headquarters is not attractive at all!” I still have to do great things with bro bei. I don’t have the time to be a Hall Master here!”

It was obvious that six-eared macaque came from the heaven realm and was as powerful as Monkey King.

The six-eared macaque didn’t even care about a mere top figure in the earth-god Realm.

Six-eared macaque didn’t feel bad at all about giving this position to Lou Yuhong. In fact, he couldn’t wait to find someone else to take over.

Besides, the six-eared macaque’s goal was to return to the earth-god Realm and find his true body to recover his full strength! She would follow Chen Xiaobei and fight for a bright future.

Lou Yuhong, you don’t have to be polite and don’t have to worry. Just take over! Chen Xiaobei added. It was like giving Lou Yuhong a calming pill, and he no longer felt conflicted.

“This disciple will obey!” Lou Yuhong bowed and accepted the order. He was extremely excited.

As long as he became the hall Master of bei Xuan faction, he would be one of the top leaders in the earth-god Realm in the future!

With such a lofty status, being looked up to and revered by billions of living beings, and enjoying infinite glory and power, this was simply the best ending that Lou Yuhong had dreamed of.

If he did not follow Chen Xiaobei, Lou Yuhong would never be able to reach such heights in his life, no, even in another ten lifetimes.

Because of this, Lou Yuhong was so excited that his body and mind were trembling. At the same time, he was grateful to Chen Xiaobei from the bottom of his heart. He would only be loyal to Chen Xiaobei for the rest of his life.

“Liu er, take Lou Yuhong to control the formation. Emperor Jiang, take me to the core treasure house.”
Chen Xiaobei ordered.

.....

The core Treasury of the hollow Jade temple.

The door of the treasure vault had been completely moved to the other side. Once the door of the treasure vault was opened, one could enter directly.

Obviously, this was the special ability of Emperor Jiang’s primordial spirit, which was also the heaven-defying aspect of the law of space.

As long as it was within the space that Emperor Jiang could control, anything below the level of the universe reversal could be directly transferred.

“The hollow Jade temple has been emptied, brother. There are only some tasteless chicken ribs left in this treasure vault.” Emperor Jiang said disinterestedly. He had already checked the Treasury.

is there no special treasure chest in the core of the treasure vault?” Chen Xiaobei asked.

Emperor Jiang nodded, but he frowned and said, “there is, but the spiritual energy of the item isn’t strong. Furthermore, it’s already damaged ... It’s basically trash!

“Take me there to take a look first!” Chen Xiaobei said.

“No problem,” he said. Di Jiang nodded and led Chen Xiaobei to the core of the vault.

There were originally Eight Treasure chests, but now, six of them had been opened and were empty.

There were only two sealed treasure chests left, indicating that there was still something inside.

Chen Xiaobei walked over and opened the first box.

There was a white jade talisman inside.

Originally, this jade talisman was the size of a palm, made of the best white jade, and the carving was exquisite. The two words ‘invite the gods’ were engraved on the front, and it was very imposing.

Unfortunately, this jade talisman was covered in cracks and was severely damaged. It couldn’t even emit any spiritual energy.

Emperor Jiang wasn’t exaggerating at all when he said it was trash.

“Invite God? What’s the meaning of this?” Chen Xiaobei asked.

Emperor Jiang, who was very experienced, answered indifferently, “the Jade Palace inherited the orthodoxy of the clan of enlightenment. The Jade pure spirit inviting technique is their most powerful unique skill. This jade talisman should be used in conjunction with the Jade pure spirit inviting technique!

“Yuqing? The deity inviting technique?”

Chen Xiaobei was surprised. "I remember now. Nalan Yonghe had introduced me to him once before! This 'Jade pure spirit inviting technique' was a summoning technique! Through secret techniques and energy sacrifices, they can summon the avatars of the gods that illuminate the heavens. Their power is comparable to the descent of a celestial immortal!"

Red Envelope Group of the Three Realms

Chapter 3225: mysterious fire

that's true. The Jade pure spirit inviting technique is a very mysterious summoning technique. As long as you have enough energy, you can summon an infinitely powerful true God's clone. It's the strongest skill for fighting beyond your level!

Emperor Jiang nodded. He had a very high evaluation of this secret skill. It was clear that this skill was really powerful.

Of course, having enough energy was a prerequisite.

The more powerful the clone, the more energy it would consume. Once it reached a certain level of power, the consumption would probably be an astronomical figure.

I've already killed all the higher-ups in the Jade Palace. Even if I repair this broken jade talisman, I don't have a way to use it ... Chen Xiaobei said, a little disappointed.

"You don't have to worry about this!"

Emperor Jiang smiled and said, "you should find a way to repair this jade talisman first. In the future, you'll have a chance to catch the enemy of the clan of enlightenment. You'll also have a chance to ask for the method of the Jade pure spirit inviting technique. It'll be useful sooner or later!"

"That's right!"

Chen Xiaobei nodded and kept the broken jade talisman. the sects of the clan of enlightenment orthodoxies or the reincarnated ancient Immortals of the clan of enlightenment may know about the Jade pure God-inviting technique. I'll get it sooner or later!

Then, Chen Xiaobei went to the second treasure chest.

After opening it, there was a jade ball of Crimson Fire inside.

To the naked eye, this jade ball looked ordinary. Even the texture of the Jade was very ordinary. The main point was that it had no spirituality at all.

Even in the Jade Market on earth, this jade ball could only be regarded as a low-mid grade item.

Because of this, Emperor Jiang despised it and even regarded it as trash.

"What is this?"

Chen Xiaobei picked up the Jade ball and looked at it, but he could not figure it out. no matter how I look at it, it's just an ordinary piece of Jade. However, the fact that the Jade Palace has collected it so seriously is enough to prove that this jade ball is not simple!

“I can faintly feel a trace of extremely pure fire attribute true Qi! It’s even more advanced than the fire of heaven!”

it’s just that this wisp of fire property genuine vitality is too subtle, ” Emperor Jiang said indifferently. it doesn’t have any attack power at all, nor any special ability. No matter how high its level is, it’s completely meaningless!

“Fire attribute?”

“Is it because my divine sense is not as good as yours?” Chen Xiaobei thought. How come I don’t feel the cultivation essence you’re talking about at all?”

Emperor Jiang nodded and said, ” you’re right. It should be related to the strength of your deified soul. After all, your cultivation is still low. Your perception of the primordial spirit realm is also weak. And that trace of true essence is extremely minute, so it’s not strange that I can’t sense it. ”

“Then do you know what level this true essence is? What kind of heavenly flame is it?” Chen Xiaobei asked curiously.

“I don’t know about that.”

Emperor Jiang shrugged his shoulders. this wisp of genuine Yuan is almost zero. I don’t specialize in fire. If Zhurong were here, he would definitely give you a definite answer!

“Fire Witch?” Chen Xiaobei was stunned. Zhurong?”

“Yup!”

Emperor Jiang nodded. he’s also one of the twelve ancestors of sorcery. In ancient times, he was known as the god of fire. At his peak, he could control the law of fire! He’s the number one fire controller under the heavenly path sages!”

“Awesome!”

I’ll go to the prison of heaven later! Then, we’ll go look for Zhurong! Chen Xiaobei said.

“No problem!” Emperor Jiang nodded heavily. I’m not sure where Zhurong is. But the secret skill of our Wu tribe can roughly determine his location. We’ll find him sooner or later! he said.

“Good! Then let’s set off now!” Chen Xiaobei could not wait any longer. He kept the red jade ball and left the Treasury with Di Jiang.

The reason why Chen Xiaobei was so anxious was because the Emperor River played a crucial role.

The secret of the Crimson jade ball was only a small matter.

Most importantly, Chen Xiaobei needed the Emperor River to get the Imperial Sun Crystal.

This was the only way to upgrade the sunlight cache-the faster he could do it, the more help it would be to Chen Xiaobei.

Chen Xiaobei left the headquarters of the hollow Jade temple to Lou Yuhong and headed to the prison of heaven with Di Jiang and six-eared macaque.

.....

Qiutian Island.

Yun fanqing, jialuo, and the Blood Moon Swordmaster were still waiting for their prey.

However, daolord Skywind still hadn't come out of the prison.

Fortunately, the white bone Spirit and her subordinates didn't come looking for trouble, and time passed by peacefully.

"Childe Chen! You ... You really came back on time! Are you alright?"

The moment Yun fanqing saw Chen Xiaobei, he was so excited that he quickly stood up to welcome him.

"Childe Chen!"

Jia Luo and the Blood Moon Swordmaster did not dare to be slow and quickly went forward to welcome him.

At the same time, jialuo and the Blood Moon Swordmaster did not forget to nod at Emperor Jiang, showing their respect for this ancestor of sorcery.

As for six-eared macaque, Jia Luo and the Blood Moon Swordmaster could not see through it. They only smiled at him and could not guess his true identity.

"Of course I'm fine."

"You guys should have received the news by now, right?" Chen Xiaobei grinned. What is there to worry about?"

Yun fanqing nodded. we've indeed received news of your victory. We're just worried about whether you've been injured. she said.

yeah ... Jia Lou said in surprise, "Your victory is already shocking enough, but what we didn't expect even in our dreams was that you were completely unharmed! This is unbelievable!"

"Childe Chen! You're simply too awesome!"

The Blood Moon Swordmaster was extremely excited, and his blood was even boiling."With his own power, he crushed an Army of 300 million and wiped out three top forces! In the history of the earth-god Realm, there has never been a second person who can be as domineering as you and swallow the world!"

"Heh, I haven't seen you for a few days. How did your bootlicking skills improve again?" Chen Xiaobei laughed.

"I'm not trying to flatter you, I'm just amazed from the bottom of my heart!" what you have done is unprecedented and unparalleled in the earth-god Realm! the Blood Moon Swordmaster said agitatedly. you are unparalleled!

"Stop! It's important to talk about serious matters!"

Chen Xiaobei had no interest in flattery and went straight to the point, " "During the time I was away, did anything unusual happen in the prison? Have you found anything new?"

"No, I don't ..."

Jia Luo shook his head and said, "we've been keeping an eye on the prison all this time, but we didn't find anything wrong!" Of course, we didn't dare to get close to it ..."

Chen Xiaobei raised his eyebrows and said, " "Although you didn't notice, I'm sure that Tenshou hasn't died during this time! In other words, after entering the heaven imprisoning realm, one would not immediately die! If you don't have any other suggestions, I plan to go in now!"

[Red Envelope Group of the Three Realms](#)

Chapter 3226: useless storm

"What? You're planning to go in now?"

Chen Xiaobei's simple words had shocked Yun fanqing, jialuo, and the Blood Moon Swordmaster.

"Childe Chen! Please don't be rash!"

Yun fanqing was anxious. the prison of heaven is one of the seven Forbidden Lands of death in the earth immortal world. How can you just go in as you please? " If we act rashly, we'll lose our lives!"

"You're right!"

yes! the Blood Moon Swordmaster nodded. even if I don't die immediately after entering, I won't be able to escape. That's no different from dying!

"We've been guarding this place all this time, hoping that daolord Skywind would be able to escape. However, there weren't any abnormal fluctuations outside the prison!" Jia Luo quickly added.

"I wouldn't dare to say that he's powerful in the heavenly realm, but in the earth-god Realm, daolord Skywind is the undisputed number one wind-controlling expert! If even he can't do anything about it, Childe Chen, you won't be able to come out alive!"

"Childe Zhufeng, even a real immortal wouldn't be able to move freely in this prison! Going in rashly is simply seeking death!"

Obviously, Yun fanqing, jialuo, and the Blood Moon Swordmaster were all very worried about Chen Xiaobei.

After all, they had all witnessed daolord Skywind being devoured with their own eyes. After such a long time, they didn't even see any hope of escape.

In the eyes of the three of them, the heaven imprisoning realm was a forbidden land of death that was definitely worthy of its name and definitely not allowed to be set foot in.

Because of that, whether it was out of friendship or out of cooperation, the three of them did not want Chen Xiaobei to risk his life. They were afraid that Chen Xiaobei would never come back and be trapped in there forever.

bro bei, I think you should really think about this!

At this moment, even Emperor Jiang tried to persuade him in a low voice, "I can sense a very strange devouring power in the sky! He was probably not weaker than a late-stage one-star heaven immortal! If there are other hidden dangers, you might not be able to come back!"

bro bei, dijiang has already said so. We should be careful!

Six-eared macaque was cautious by nature, and he had absolute trust in Di Jiang, so he had to persuade Chen Xiaobei, "even if you have the demonic Dragon's edge, I'm afraid you won't be able to break out of the heavenly prison. Your other trump cards are not as good as the demonic Dragon's edge.

Everyone was trying to persuade Chen Xiaobei not to enter the heavenly prison.

However, Chen Xiaobei smiled and said, "Don't worry. Although I don't know how to control the wind, I've already obtained a treasure. I'll definitely be able to move freely in the heaven imprisoning realm!"

a treasure!? Everyone was instantly filled with curiosity. "What treasure? It's actually so powerful!"

"Three-star heaven immortal level! Air-frozen bead!" Chen Xiaobei grinned and took out a bean-sized orb from his infinite space ring.

"What is an air-frozen bead? Can this little bead really deal with the prison of heavens?" Yun fanqing and the Blood Moon Swordmaster did not know what was good for them, so they were both confused.

"This ... This is really an air-frozen bead!" Emperor Jiang, six-eared macaque, and jialuo were all from the heaven realm. They recognized the Pearl at a glance.

"Everyone, you can all put your hearts at ease!"

that's right! Emperor Jiang smiled. with this treasure, the wind ethereal force of the sky prison realm will no longer be a threat to bro bei! It can't even affect bro bei!"

"That's right!"

The six-eared macaque nodded and let out a sigh of relief. It smiled and said, "even the few of us can follow bro bei into the prison. We don't have to worry about our safety at all!"

"Yup ..."

Jialuo sighed. He was convinced by Chen Xiaobei's power, but at the same time, he was confused. "Doesn't the heavenly realm prohibit private red packets from being sent to the human realm? Childe Chen, how did you get this air-frozen bead?"

"Do you still need to ask? He must have used the 'merits record' to exchange for it!" Six-eared macaque said, "bro bei, you've stopped the war of the four regions. You'll definitely get a lot of merit points. It's just an air-frozen bead. It's easy to exchange for it!"

"No! It's not that simple!"

However, at this moment, Emperor Jiang shook his head and said with a smile, "With the increase in merit, the increase in luck will also increase! A person with off-the-charts luck doesn't even need to

consume their own merit points to exchange for items. Luck will naturally bring the corresponding opportunities!”

“Lucky chance? What kind of opportunity could he get the air-frozen bead? There’s no such treasure in the earth-god Realm!” Jia Luo and six-eared macaque were confused.

Emperor Jiang shrugged his shoulders, indicating that he couldn’t guess either.

At this time, The Raven King couldn’t help but laugh, “ stop guessing. You guys would never have thought that bro bei took advantage of the opening of the divine Gate to fool a stupid sky immortal! This air-frozen bead is the hush money that sky immortal gave to bro bei!”

The devil Crow King had already become a demon and could speak the human language, which instantly shocked the surrounding people and made them puzzled.

No matter how hard they racked their brains, they could not figure out how Chen Xiaobei had managed to fool a high and mighty divine immortal.

It wasn’t until The Raven King’s simple explanation that everyone exclaimed in surprise.

“The number one profiteering merchant of the Three Realms, you truly live up to your reputation!” Di Jiang, Jia Luo, and six-eared macaque were all convinced by Chen Xiaobei!

this ... This is too unbelievable ... Yun fanqing and the Blood Moon Swordmaster were so shocked that they could not believe their ears.

“Alright, calm down and keep up with my footsteps! I’ll take you to participate in a day tour of the prison!”

Chen Xiaobei looked at the chaotic area in the sky and said, “After today, there will be no more heavenly prisons in the earth-god Realm!”

Everyone immediately followed Chen Xiaobei and sat on the back of the demonic Crow King.

“Swish!”

The devil Crow King flapped its wings and flew high into the sky. In an instant, it rushed to the chaotic space below the heaven imprisoning realm.

“Boom boom boom ...”

Just like before, the area suddenly exploded with huge Thunder, but there was no lightning. There was the sound of the wind whistling in the surroundings, but the chaos in the surroundings was like a pool of still water, without the slightest fluctuation.

Celestial phenomena were not obvious, so it was called heavenly prison!

Boom ... Hu hu hu ...

Soon, the sound of thunder and wind became more violent. There was the sound of a storm, but no sign of a storm.

According to the previous situation, this invisible storm had the power of a late-stage one-star heaven immortal, and it could even directly drag a real one-star heaven immortal into the heavenly prison.

Daolord heavenwind and Tenshou were no exception. They were unable to resist and were devoured.

However, at this moment, this terrifying invisible storm had no effect on them!

[Red Envelope Group of the Three Realms](#)

Chapter 3227: WIND monster

The sound of wind and thunder exploded, but no one was affected at all. Not only were they not swept into the heavenly prison, not even a corner of their hair was blown.

At this moment, the terrifying wind ethereal force didn't seem to exist at all.

this ... This is too magical ... the Blood Moon Swordmaster was dumbfounded."A power that even daolord Skywind was unable to resist is completely useless against us!"

Childe Zhufeng ... Is this the power of the air-frozen bead? "

Yun fanqing's face was also filled with shock. His bright eyes flickered, and he felt as if he was dreaming. if I wasn't in this realm, I wouldn't believe that the great prison realm is completely useless against us ...

"That's right! This is the special ability of the air-frozen bead!" yes! Chen Xiaobei nodded. immune to all natural storms or wind ethereal force that are lower than the air-frozen bead!

Emperor Jiang and six-eared macaque nodded, their eyes full of praise.

Jia Lou let out a long breath and said, " fortunately, Childe Zhufeng brought the air-frozen bead. Otherwise, we wouldn't be able to deal with the prison!

"Go! Let's go in!"

let's go! Chen Xiaobei ordered, and the demonic Crow King sped up and rushed into the prison.

.....

Behind the chaotic space domain was also chaos. There was nothing in the surroundings. Darkness flowed and there was no void. It was so gloomy that it was like a lifeless land of death.

"Something's wrong ..."

logically speaking, this place should be like the endless Dead Sea. It's an independent space. But why is there no ground, no space walls, and not even a single person? " Chen Xiaobei asked cautiously.

Under normal circumstances, an independent space could create a sky, land, forest, sea, houses, pavilions, and even any scenery according to the wishes of the creator.

However, there was nothing inside this independent space. It was dark, chaotic, and gloomy.

This was just too strange.

"If I'm not wrong, this is probably a large Meru space!" Di Jiang's words answered Chen Xiaobei's question.

Meru space?! what? ” Chen Xiaobei was surprised. you mean to say that the prison of heaven is actually a Sumeru dimension? it’s just that it’s been enchanted with a devouring formation, which is why people can’t escape from it? ”

“That’s right!” Emperor Jiang raised his eyebrows and said with a smile, “it’s really cool to have a surge in luck!” This Meru realm is another great opportunity for bro bei!”

Other people might not understand what Di Jiang meant, but Chen Xiaobei knew it all too well.

First of all, the storm formation could be integrated into the blood God’s deity-burning painting and become an active attack skill.

Secondly, this Meru space could also be combined with the space in the picture, making it able to accommodate more things.

The last time Di Jiang helped Chen Xiaobei expand the space of the map, he had used up a huge amount of spiritual stones. Although it was also a method, the consumption was too huge.

But now, he didn’t need to use any spiritual stones to merge with a space.

Furthermore, the space was huge and could significantly increase the capacity of the map. Most importantly, it could help Chen Xiaobei to have hundreds of billions of upper spiritual stones left.

That was why di Jiang had said that this was a great opportunity for Chen Xiaobei.

“But, how can I control this Meru space?” Chen Xiaobei was looking forward to it, but he had no idea what to do.

that’s easy, ” Emperor Jiang said with a faint smile. you can take back the undertaking air-frozen bead’s power first. Let’s see where the invisible storm will take us!

“Where did it roll to?” Chen Xiaobei was stunned for a moment, then he said, ” “That must be the core of the formation!”

“That’s right!” Emperor Jiang nodded.

“Whoosh ...”

Chen Xiaobei immediately retracted his air-frozen bead.

In the blink of an eye, the terrifying wind ethereal force wrapped around everyone.

Like a strong wind sweeping the fallen leaves, it swept everyone into the deepest part of the dark chaos.

Originally, in this chaos, it was impossible to distinguish directions. The visibility was also quite low, and normal people would feel dizzy.

However, at this moment, using the method suggested by Emperor Jiang, everyone was swept by the invisible storm. They didn’t care about the direction and were directly swept to the source of the wind, which was the core of the formation.

“Prey! Hahaha ... More prey has been delivered to my mouth! Could it be that his luck had changed recently? I haven’t eaten in hundreds of years, so I’m not used to this much prey ...”

At the core of the formation, a monster who called himself the patriarch was laughing excitedly.

This monster had the body of a ferocious Tiger, but it had a pair of gray wings on its back.

The mane on its four legs was very long and curled like a tornado.

It had three tails, like a dragon's fin, with a row of sharp bone spikes.

This monster was a hundred meters long from head to tail, and its entire body exuded a gloomy and vicissitude of murderous intent. Its gray eyes were empty, emotionless, and as cold as ice.

The word "fiendish" was simply the most appropriate word to use on it.

what ... What kind of monster is this? we won't die in its hands, will we? "

Everyone was swept up by the invisible storm to the front of the monster, as if they would become delicious food in the monster's mouth in the next moment.

don't panic. This monster can't move freely!

Chen Xiaobei noticed two figures in the corner of the space.

One of them was a shadow, Tenshou in his spirit form.

The other had a physical body, clearly belonging to the legendary daolord Skywind.

These two guys were suppressed by the power of the storm on an invisible barrier, unable to move at all.

Fortunately, this invisible barrier was also a cage that sealed the monsters.

In other words, although everyone was pressed against the cage by the invisible storm, there was still a 'wall' between them and the monster, so their lives were not in danger for the time being.

master ... Don't relax!!!

However, Tenshou suddenly shouted, " "Although this monster is sealed, the seal has already cracked! This monster can absorb our essence, Qi, and spirit through the cracks ... If you don't find a way to get away from it, you'll be sucked dry sooner or later!"

Before he could finish his sentence, daolord Tianfeng sneered, uh ... You can't run ... The power of the storm here is invincible in the earth-god Realm. None of you can escape ...

It was obvious that daolord Skywind was the first to be drawn into the heavenly prison. Over the past three days, more than half of his essence, Qi, and spirit had been absorbed by the monster, and he was only left with half a life.

In daolord heavenwind's opinion, anyone from the earth-god World who was trapped in the heavenly prison would die!

"Run?"

"I'm here to control the heavenly prison!" Chen Xiaobei laughed. Why do you have to run?"

Red Envelope Group of the Three Realms

Chapter 3228

3228 How do you want to die

“What? Control the heavenly prison realm?”

Tenshou, daolord Skywind, and even the monster all had strange expressions on their faces.

“Master ... You ... You’re joking?” Tenshou’s brows furrowed and he sighed, ” “You’re already at death’s door, how can you still be so carefree ...”

heh, I always thought that Chen Zhufeng was a great man. I didn’t expect him to be such an ignorant fool!

Daoist Tianfeng was a member of the clan of enlightenment. Seeing that Chen Xiaobei and the others were in a dead end, he sneered, ” even a real one-star heaven immortal can’t leave this place alive, let alone you!

“He is indeed an idiot!”

The monster laughed in disdain.”Don’t say that I didn’t warn you. This sealing formation was personally laid down by a genuine immortal before the destruction of the untainted land! After a trillion years, the seal had only produced a few cracks! One could see how powerful this existence was! Even I can’t escape, and you think you can control this place? It was simply an Idiot’s dream! No! Sh * t had entered his brain! Hahaha ...”

“Is that so?”

Chen Xiaobei raised his eyebrows and immediately released his air-frozen bead.

“Phew ...”

In an instant, the power of the invisible storm was completely nullified.

Chen Xiaobei and the people around him were no longer affected. They stood on the back of the demonic Crow King.

how ... How is this possible?!

Tenshou, daolord Skywind, and the monster’s eyes almost popped out of their sockets. They wondered if this was an illusion.

“You ... How did you guys do it? Why is it that such a terrifying storm has no effect on you?” Daolord Skywind was dumbfounded and couldn’t figure it out no matter how much he thought about it.

this is impossible ... This doesn’t make any sense at all ... the monster was also staring at each other. It couldn’t understand even after racking its brain. What exactly was going on?

m-master ... You’re a god ... Even the heavenly prison can’t do anything to you ... Tenshou stammered. He looked at Chen Xiaobei as if he was a God, full of respect.

Chen Xiaobei laughed and said, " "Open your dog eyes wide and see how I subdue the prison of heavens!"

There was no doubt that the air-frozen bead's special ability had caused a 100000 times explosive impact on the hearts of these three Jokers. At the same time, it had also directly blown up their faces.

Just a moment ago, they had said that Chen Xiaobei would not be able to escape. But now, Chen Xiaobei wanted them to open their eyes wide and see how he had managed to subdue the prison of heaven.

This face slap was simply too explosive!

"Swish!"

Chen Xiaobei controlled the demonic Crow King and went around the area where the demonic monsters were sealed.

There was a dark and chaotic area behind him. It was darker than any other place, and there were obvious energy fluctuations.

There was no doubt that this special area was the core of the entire array.

"Whoosh ..."

Chen Xiaobei released his ethereal force into the area and tried to communicate with the formation.

Sure enough, this storm formation was indeed set up by a genuine immortal, and its level had indeed reached the late-stage one-star heaven immortal realm.

Chen Xiaobei could not be sure if the heavenly immortal was Dead or Alive.

However, there was a special setting inside the array. Even if the heaven immortal died, the array would not stop operating because it had no owner.

It was precisely because of this that the heavenly prison had existed for trillions of years, and it had never given the monster a chance to escape.

"Whoosh ..."

After a simple spiritual communication, Chen Xiaobei wanted to try to establish a spiritual connection and become the new owner of the formation.

However, he was rejected by a force.

Of course, the power was not hostile. It was just sending a series of information into Chen Xiaobei's mind.

"So it's like this ..."

After receiving the message, Chen Xiaobei said, " this monster is called 'dark wind three-tailed Tiger'. It used to commit crimes in the untainted land and killed countless people. That's why it was sealed in this Meru space by a genuine immortal!

“The true immortal left behind an order that this storm magic formation was created to seal the dark wind three-tailed Tiger! As long as the people of the future can subdue this evil Tiger, the formation will lose its meaning and they will be able to obtain control of the entire formation!”

As soon as he said that, everyone’s expression changed drastically.

subdue ancestor dark wind?!

Amaterasu’s eyes narrowed as he said, “ this demon is a half-step heaven immortal ... It’s easier said than done to subdue it.

“Chen Zhufeng!” Daolord Skywind laughed coldly. You’re dreaming! The dark wind three-tailed Tiger was an ancient species, and its wild nature was difficult to tame! If it could be subdued, would the true immortal back then need to be sealed? Why don’t you just subdue it directly!”

“You’re right!”

The dark wind three-tailed Tiger looked at Chen Xiaobei with disdain and laughed viciously. I’m already a half-step heaven immortal. In terms of strength, I can crush you all!

“Besides, I won’t submit no matter what you do! Even if I can’t absorb your energy, I want you to accompany me until I die of old age! Hahaha ...”

Obviously, the three of them did not know anything about Chen Xiaobei’s trump card.

“Chi ...”

Before the Anfeng three-tailed Tiger could stop laughing, Chen Xiaobei had already connected with the formation and led the group through the seal to the Anfeng three-tailed Tiger.

“What?”

The dark wind three-tailed Tiger was stunned for a moment before bursting into laughter.”Hahaha ... Stupid humans! You’re really stupid beyond cure!”

“If you hide outside the seal, I have no way of dealing with you! But you actually came in on your own! This is simply sending a sheep into the Tiger’s mouth!”

“I haven’t tasted blood and flesh for trillions of years, and I’m about to be struck to death! He could finally have a taste of meat today! I really have to thank you all! Hahaha ...”

It was obvious that this dark wind three-tailed Tiger was extremely confident in its strength.

In terms of cultivation, even Emperor Jiang was no match for the three-tailed Tiger. Even if everyone was reasonable, they were no match for the three-tailed Tiger.

However, when Chen Xiaobei attacked, his cultivation was always secondary. His trump card was the most important.

“Woof! Buzzzzzz! Buzzzzzz! Buzzzzzz! Whoosh!”

Chen Xiaobei summoned the demonic Dragon’s edge, the chaos Blood Sword, the lunar divine Pearl, the dark Demon bone blade, and the heaven-destroying and earth-destroying banner.

this ... This, this, this ... the dark wind three-tailed Tiger was still laughing arrogantly just a second ago, but now it was trembling in fear.

tell me ... Chen Xiaobei smiled cynically and asked, "How do you want to die?"

Red Envelope Group of the Three Realms

Chapter 3229

3229 One arrow, three birds

How do you want to die?

These five simple words were like a clap of thunder, instantly shocking everyone at the scene.

"My God ... You ... How do you have so many heaven-immortal items? Moreover, every single one of them is an offensive heaven immortal tool of the one-star mid-stage heaven immortal realm ... This ... This is impossible ..."

The dark wind three-tailed Tiger was so scared that its pupils shrank and its scalp went numb.

Its huge body retreated continuously, and it forcibly shrank into a corner of the seal.

They looked at Chen Xiaobei as if they were looking at the Grim Reaper. They were filled with fear, as if their lives could be taken away by Chen Xiaobei at any moment.

"This ... This is too scary ..."

Yun fanqing and the Blood Moon Swordmaster were stunned again. They could not believe their eyes.

Jia Lou was stunned and didn't say a word. His expression became extremely complicated-shock, surprise, and even a trace of fear.

So many attack-type heaven-immortal instruments were all in Chen Xiaobei's hands.

This was definitely a terrifying thing.

Even the six-eared macaque was shocked. "Bro bei! Where did you get so much energy to upgrade all your cards? This ... This is unbelievable!"

Without a doubt, when a heaven immortal tool was used, even if it was just to advance one minor realm, it would require a huge amount of resources or energy.

It was not easy to upgrade a trump card, but Chen Xiaobei had actually upgraded all of his trump cards, except for the Dragon's edge.

The main point was that the spirituality fluctuation of the Dragon's edge had also been greatly enhanced. It was only a step away from breaking through the first small realm.

"It must be an opportunity from the heavenly Tribulation!"

Everyone was shocked. Only Emperor Jiang was calm and pointed out the truth.

After he said that, everyone came to a sudden realization. Every time the heavenly gate opened, some opportunities would more or less fall.

One could only say that Chen Xiaobei's luck was off the charts for him to have obtained such a huge opportunity.

Of course, Chen Xiaobei was the only one who knew that this was not all about luck.

At least half of it was due to the dark yellow tribulation lightning.

If not for the massive amount of life force and spiritual aura that the lightning of tribulation had produced, Chen Xiaobei would not have been able to obtain such a huge harvest.

Of course, Chen Xiaobei would not explain it to them.

"Cut the crap, how do you want to die? Give me a definite answer!" Chen Xiaobei glared at her coldly.

"I ... I ..."

Like a frightened kitten, the dark wind three-tailed Tiger curled up in the corner. After struggling for a long time, it couldn't help but wail, "Mercy ... Mercy! I haven't lived long enough! I don't want to die yet ..."

"You don't want to die?"

Chen raised his eyebrows and said in a warmer tone, "if you don't want to die, I have some delicious biscuits here. If you eat one, I'll let you Live!

little biscuit ... the dark wind three-tailed Tiger swallowed its saliva, and cold sweat poured out.

It did not even need to think to know that the biscuits that Chen Xiaobei had given it were not good stuff.

However, even if it knew that it was not a good thing, the dark wind three-tailed Tiger had no other choice. If it wanted to live, it could only obey.

I'll eat ... I'm willing to eat ... the dark wind three-tailed Tiger was dejected. It didn't even have the thought of resisting.

Even if Chen Xiaobei chose one of the five attack-type heaven-immortal items, he could have killed the Anfeng three-tailed Tiger a hundred times over.

After all, a half-step heaven immortal was still half a step away.

Unless it was a super terrifying existence like the gold spirit Holy Mother, a half-step heaven immortal would never be able to fight against a heaven immortal.

"You're tactful!"

Chen Xiaobei activated the merit points ledger and exchanged for one of the legendary super heavenly dog biscuit.

[you have successfully exchanged for a merit reward!] 500 million merit points will be deducted!

[your current merit points are 6117.970 billion.(Charm: 611.797 billion, luck: 611.797 billion!

Ever since Shen gongpao was defeated by Chen Xiaobei in the demonic remains, he had gone all out and exchanged for the Super heavenly dog biscuit. He had exchanged quite a lot of them.

As a result, the exchange price of the Super heavenly dog biscuit in the human world plummeted.

The current price was 500 million merit points for one.

Each of them could turn an Enemy Below the level of two-star heaven immortal into a 100% loyal dog.

This dark wind three-tailed Tiger was only a half-step divine immortal. After Chen Xiaobei fed it a piece of super heavenly dog biscuit, even if it became a divine immortal, as long as it did not break through to the two-star divine immortal realm, it would always be 100% loyal to Chen Xiaobei.

Although the demon God tribulation curse could also control the enemy, this kind of curse could only threaten the enemy's life and make the enemy fear and not dare to resist. It could not make the enemy 100% loyal.

Right now, Chen Xiaobei had an extremely important task to give to the three-tailed dark wind Tiger. So, he had to make it eat the dog food.

"Open your mouth!" eat! Chen Xiaobei ordered as he threw the Super heavenly dog biscuit into the three-tailed Anfeng Tiger's mouth.

The Super heavenly dog biscuit could already be considered a heavenly immortal grade spirit pill. Its effects were very obvious and immediate.

Soon, the dark wind three-tailed Tiger had officially become Chen Xiaobei's loyal dog.

"Collect!"

Chen Xiaobei then kept the dark wind three-tailed Tiger into his myriad Beast Ring.

"Whoosh ..."

Then, the surrounding seal instantly disappeared.

"Whoosh!"

At the same time, the core of the storm formation also released a special spiritual force, which took the initiative to establish a connection with Chen Xiaobei and recognized him as its master!

In just a few seconds, Chen Xiaobei had successfully tamed the dark wind three-tailed Tiger and the heaven imprisoning storm formation.

It could be said to be killing two birds with one stone, it was simply too cool to fly.

"I've succeeded!"

Everyone on Chen Xiaobei's side cheered in excitement.

"I'm finished ..."

On the other side, daolord Skywind wailed in despair.

He had entered the heavenly prison realm ahead of time, and more than half of his essence, energy, and spirit had already been sucked away. He only had half a life left, and he had no ability to resist at all.

“Swish!”

Chen Xiaobei released a burst of ethereal force and grabbed daolord Tianfeng. He grinned and said, “Killing three birds with one stone, this is great!”

It was obvious that daolord Tianfeng was mo Luo Wutian’s prey.

Now that Chen Xiaobei had taken down Daoist Tianfeng, he would be able to get a handsome reward from mo Luo Wutian.

It just so happened that Chen Xiaobei was short of spiritual stones, so he easily earned 60 billion. Just the thought of it made him feel great.

.....

After that, everyone left the prison.

Chen Xiaobei had put away the special dimensional space.

As a result, this chaotic space domain completely disappeared without a trace.

From this moment on, only four of the seven Forbidden Lands of the earth-god Realm remained.

jialuo, I’ve contacted Wutian. Why hasn’t he replied?” Chen Xiaobei asked impatiently.

[Red Envelope Group of the Three Realms](#)

Chapter 3230

3230 The enemy’s arrival

“I don’t know the exact situation ...”

three days ago, when young master fan Qing was poisoned, I had already contacted Lord ancestor devil, ” Jia Luo said helplessly. but up until now, he has not replied to me ... Maybe there is something important ...

“He didn’t reply for three days? Wutian is not trying to run away, is he?” Chen Xiaobei asked, half-jokingly.

“That’s not to the extent of ...”

Jia Luo looked embarrassed and said awkwardly, “the devil ancestor’s promise has always been a promise of his own!” Furthermore, the reward I promised you is only a small amount! The Fiend ancestor disdains to renege on such a debt!”

Chen Xiaobei smiled and said, “Heh, I don’t care if you’re telling the truth or not. I only accept money and goods on the spot!”

uh ... jialuo’s eyes were filled with helplessness. He sighed and said, “I’ve never expected to take advantage of you, the number one profiteer of the Three Realms ...”

Chen Xiaobei shrugged and said, " "Alright, since you have this awareness, then I will take my leave! When Wutian replies, I'll make the deal with him with a red envelope!"

that's fine ... Jia Luo did not dare to scheme against Chen Xiaobei. He would just follow whatever Chen Xiaobei said.

"You want to leave? It won't be that easy!"

However, at this moment, a total of seven figures suddenly rushed out from all directions.

Chen Xiaobei used his netherspirit battlescouter to check out the seven people. All of them were peak earth-god level.

At the same time, the Three Realms illustrations also sent out a series of notifications, sending relevant information into Chen Xiaobei's mind.

All seven of them were reincarnated ancient Fey.

Although they were all in human form now, they were all relatively powerful existences among the demon race before they reincarnated.

Two of them were flying rat demons, two were bloodthirsty Jackal demons, and the remaining three were more special, being skeleton demons.

From the introduction of the Three Realms illustrations, Chen Xiaobei could guess that all seven of them were under Lady White bones.

After a series of investigations, Lu Yue's contract owner was ju liusun.

Ju liusun, on the other hand, had secretly colluded with a Big Shot of the demon race. He was ready to replace goddess Nuwa in this immeasurable cultivation tribulation and take the throne of the demon race Supreme Saint.

Lady White bone was a reincarnated ancient Fey under the banner of this mysterious Fey race magnate.

More importantly, Lady White bones had met Lu Yue before and had even obtained 11 life-demanding heavenly phoenixes from him.

This meant that lady White bone had at least ten accomplices.

At this moment, only seven of them had appeared. It was clear that lady White bones and a few of the higher-ups had not shown up.

"That hateful woman! Three days ago, you injured me! Today, I'll make you pay with your life!"

Among the three skeletons, a skinny man with a terrible complexion walked out.

This person's name was Bai Shou. Three days ago, he was the one who had been injured by Jia Luo and used the life-demanding heavenly armor to sneak an attack on Yun fanqing.

At this moment, Bai Shou had obviously called for help and wanted to take revenge.

"Hmph! You're just a loser. Who gave you the courage to come back and die?"

Jia Luo's face was full of disdain. He directly took out the falling star bow and said indifferently, "Whoever doesn't want to live, just come out!"

Bai Shou gritted his teeth and said in an extremely vicious tone, "Although your heaven-immortal item is powerful, there are seven of us this time, and we've brought seven summoning talismans! I don't believe I can't kill you!"

As soon as he said that, the seven of them each took out an immortal weapon summoning talisman.

"Hmph, so what if there are a lot of them?"

of course! Jia Luo smiled indifferently and said, "with my current cultivation base, I can use the three-star critical strike. I can make the arrows of the falling star bow burst out with the power of a one-star Peak heaven immortal! One arrow is enough to destroy the seven symbols!"

Without a doubt, Jia Luo was very confident in his combat power. She had even told Chen Xiaobei that as long as she had the falling star bow and her primordial spirit superpower, she would be invincible in the human world.

Of course, she was not bragging.

If she could really shoot out a one-star pinnacle divine immortal's power, even Chen Xiaobei would not be able to block it. In the entire human world, she would probably be invincible.

Of course, this was Jialuo's life-saving trick, and he would never use it unless he had no other choice.

One had to know that this was a primordial spirit attack. Once it was used to the extreme, one's spiritual power would probably be exhausted in an instant. In a light case, one would be unconscious, and in a serious case, one would become demented.

This was not a joke!

"Heh, a peak one-star heaven immortal? I'm so scared!"

Bai Shou arrogantly raised the talisman in his hand and sneered, "I'll tell you the bad news. The summoning talisman in my hand is also a one-star Peak heaven immortal! This talisman of mine is enough to counter your arrow. The remaining six summoning talismans are enough to take all of your lives!"

this ... Jia Luo was stunned. He became nervous.

He had never expected that the other party would actually have a summoning talisman, an immortal weapon of the same level. In this way, Jia Luo's life-saving trump card would be offset.

The point was that after Jia Lou's spiritual power was exhausted, the enemy still had six immortal weapon summoning talismans waiting behind.

Even if the six talismans were of a lower grade, they were still divine Immortals after all. They were more than enough to kill a person who had exhausted his mental energy!

Childe Zhufeng, you've done a great job to master Galos ... the Blood Moon Swordmaster could not help but plead for Galos.

“What other way can I have?” I can’t! Chen Xiaobei frowned. I can’t even defend against the power of a peak one-star sky immortal ...

“Emperor River! Mr. Dijiang! I can only rely on you now!” The Blood Moon Swordmaster looked at Di Jiang immediately.

“You can’t rely on me.”

Emperor Jiang also frowned, shook his head, and said in a deep voice, “ with my current cultivation base, the space that I can control can’t contain the attack of a complete Dharmakaya at the peak of the one-star heaven immortal realm!

“In other words, I can only transfer a small part of the power. The rest will still fall on Jia Lou ... She has to resist it herself!” He thought.

It was obvious that the enemy had suddenly pulled out a super trump card, which had suddenly become a problem for everyone.

Even Chen Xiaobei and Di Jiang could not think of a way to break out of this.

“Childe Zhufeng, don’t you have a golden-armored dark spider? You can take it out and use it!” Yun fanqing quickly reminded him.

“Idiot!”

the gold armored mysterious Spider has just survived the heavenly Tribulation. Its mental power has been severely depleted. It’s resting right now and can’t come out to help! Chen Xiaobei sighed.

this ... What should we do ... Yun fanqing was completely flustered when she heard this. “Is there really no way to break out of this situation?”

“It’s not like there’s no way to break out of this situation ...”

Chen Xiaobei looked at Jia Lou and said, “ “You must first block the strongest talisman. Leave the remaining six to me!”

As soon as these words came out, Jia Lou suddenly fell into a dilemma.
