#### Chapter 3241

3241 Zhurong appears in the world

Earth traveler sun,"I'm willing!" But you must ensure Yu 'er's absolute safety!

Chen Xiaobei: " don't worry! When you get your hands on the talisman, I'll give you a good explanation!

Earth traveler sun,"it's a deal!" I hope you won't let me down!

"You be careful too! I don't want to get a disappointing answer!" Chen Xiaobei said.

Finally, Chen Xiaobei had successfully formed a partnership with tu xingsun. Whether or not he could get his hands on the six trillion upper spiritual stones would depend on tu xingsun's ability.

As for Deng junyu, Chen Xiaobei had contacted Tian Peng and asked him to keep a close eye on her.

Tian Peng's answer was that Deng Jie Yu had been in closed door cultivation and there was no movement recently. It was likely that he was trying to break through to the half-step heaven immortal realm and wanted to ascend to the heaven realm.

Of course, Tian Peng wasn't sure and could only continue to watch.

Chen Xiaobei thought for a while and decided not to save Deng Jie immediately. After all, earth traveler sun was about to steal the talisman.

If anything happened to Deng junyu, ju liusun would definitely be suspicious, which would make it more difficult for tu xingsun to act, and even his life might be in danger.

Six trillion superior-grade spiritual stones were all tied to earth traveler sun, so Chen Xiaobei had to think for him.

.....

He put away his phone. He had successfully arrived at the destination that Di Jiang had mentioned.

It was a low-lying basin.

Due to the year-round lack of water, not a blade of grass grew in this area, and the ground was even cracked with cobweb-like ravines.

From these ravines, one could even see boiling lava, and from time to time, black pungent smoke could be seen.

"This place is indeed a place where the most unyielding fire attribute aura gathers! If the surface temperature is already so terrifying, then the temperature will probably increase by tens or even hundreds of times if we go underground!"

Chen Xiaobei's own body could not withstand the high temperature.

Fortunately, he was wearing a sky immortal-grade Nightstalker outfit, which perfectly isolated him from the high temperature and allowed him to move freely.

Emperor Jiang, six-eared macaque, and the king of demonic crows all had peak-stage earth immortal bodies, so they were fine now. However, if the temperature were to increase by tens or hundreds of times, they would not be able to withstand it even if they used their protective Zhen Yuan!

“Is master really in such a place?” he’s still a mortal. He can’t stay here for long before he becomes an immortal! Chen Xiaobei said.

“Bro bei! You’re thinking too much!”

Zhurong is one of the twelve ancestors of sorcery, ” six-eared macaque said. he’s at the same level as Emperor Jiang. At his peak, he was only a little weaker than Emperor Jiang!

although his mortal body is weak, Zhurong’s primordial spirit attack has already reached the quasi-Sage level. He can control the law of fire to a certain extent!

unless it’s an Immortal Fire, the flames in the mortal world can’t hurt Zhurong no matter how hot they are!

After all, six-eared macaque was from the heaven realm. He knew the legend of the twelve ancestors of sorcery very well. He was in awe of Zhurong and did not dare to underestimate this ancient ancestor of sorcery who was on the same level as Emperor Jiang.

“Bro bei!”

At this moment, Emperor Jiang suddenly became nervous. “Zhurong’s aura is getting stronger and stronger! I’m afraid he has already noticed us! Furthermore, they will face us head-on!”

Chen Xiaobei frowned. so be it! I have so many trump cards in my hands. I’m not even afraid of a divine immortal. Why would I be afraid of a reincarnated ancient immortal? ”

“Bro bei! Don’t underestimate the enemy!”

Zhurong is not a fool, ” Emperor Jiang said solemnly. he dared to show up, which means he is confident of winning!

Chen Xiaobei was surprised. “You mean, all the Trump cards in my hands added up might not be able to defeat Zhurong?”

“We can’t rule out that possibility ...”

Emperor Jiang said very seriously, “first of all, this place is filled with a strong fire-attribute aura!” It even contained the fire energy that had been accumulated for trillions of years! Just like a volcano erupting, its power will certainly surpass the earth-god Realm!”

“Secondly, this place is Zhurong’s home ground, and the fire-elemental energy here can help Zhurong increase his combat strength! And Zhu Rong’s yuan Shen power could feed the fire energy in this place! In the end, the power that it erupts with will be ten times, or even a hundred times, more than normal!”

Emperor Jiang’s tone was very serious. He didn’t exaggerate, and he didn’t dare to take it lightly.

Chen Xiaobei was on high alert.

After all, Chen Xiaobei had seen how powerful Di Jiang was. Under normal circumstances, Zhurong was only slightly weaker than Di Jiang.

However, at this moment, in this place, which was filled with the most intense fire-attributed energy, even Emperor Jiang would be suppressed by Zhurong's counterattack.

If Zhurong really had a trump card, he might be able to suppress all of Chen Xiaobei's trump cards.

"Gululu ... Gululu ..."

At this moment, the lava on the ground suddenly boiled even more. It even broke through the cracked ground and gushed out in large amounts.

At the core of the lava, a figure slowly rose up!

At first glance, this figure seemed to be formed by magma, exuding a terrifyingly high temperature and a bright red light.

Whoosh ... Whoosh ...

But soon, the lava on the figure's body slid down!

Who would have thought that there was a handsome young man with white skin and red hair wrapped in the terrifying lava!

The temperature of the lava was so high that even the three peak earth immortal realm Warriors had to use their vital essence to protect themselves from the heat.

However, the red-haired young man was not affected at all. His hair was intact, and even the ordinary clothes he was wearing did not have any burn marks.

This was simply unbelievable.

that's him ... Emperor Jiang frowned, his pupils shrinking. His aura became solemn.

[ ding! Discovered reincarnated ancient witch, Zhurong! ]

[ Zhurong: one of the twelve ancestors of sorcery. He once fought with the water ancestor of sorcery and crashed Buzhou Mountain, the sky Pillar! ] At the peak of the sage-to-be, his combat strength was extremely terrifying!

[ cause of death: in the final battle of the Sorcerer and demon tribulations, she perished together with donghuang tai! ]

"What a good Zhurong! I'm bathing in fire and going to the meeting alone! He's completely looking down on the four of us!"

Chen Xiaobei studied the red-haired young man closely.

Without a doubt, Zhurong's cultivation was also at the peak of the earth level deity realm, and his primordial spirit ability had reached the level of a Sage-to-be.

On the other side, there was Emperor Jiang, six-eared macaque, the king of demonic crows, and Chen Xiaobei, who had a lot of trump cards.

Zhurong dared to show up alone. Such courage was rare in the world.

“Emperor Jiang ... You’ve finally come!”

Zhurong could also sense Di Jiang’s aura. He looked at Chen Xiaobei and said, “ you have the weakest cultivation here. If I’m not wrong, you must be the famous Chen Zhufeng, right? ”

“These words sound so awkward ...”

Chen Xiaobei laughed and said, “ So what if your cultivation is weak? I can still defeat you even if my cultivation is weak!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3242**

3242 The mysterious sect

“Chen Zhufeng! Are you always so confident?”

Zhurong slowly walked out of the lava, and said with a very calm tone, “ if you didn’t have all kinds of powerful Dharma Treasures, you wouldn’t have been able to live to this day!

“Aren’t you talking nonsense?”

Chen Xiaobei chuckled and retorted, “ If you didn’t have a trump card in your hand, you wouldn’t have the guts to stand here and confront me!”

you ... Zhurong’s expression froze for a moment, and he was suddenly speechless.

Just as Chen Xiaobei had said, Zhurong was only a peak earth-god at the moment. Without any other trump cards, Chen Xiaobei could easily take him out with any of his heaven-God instruments.

Zhurong wanted to mock Chen Xiaobei for having the confidence only because he had a magical treasure, but Chen Xiaobei was mocking him for having the courage only because he had a trump card.

This was no longer the pot calling the kettle black. It was the pot calling the kettle black. Zhurong’s mockery was like a slap to his own face. Chen Xiaobei’s sarcasm could not be refuted. It was very embarrassing.

“It’s said that Chen Zhufeng has a sharp tongue and can turn black into white. He can even dupe normal people into fools! Now that I’ve seen it today, it really lives up to its reputation!”

Zhu Rong found a way out and no longer talked to Chen Xiaobei. He said in an overbearing manner, “ Since you’ve already guessed that I have a trump card in my hand, you should know that today will be the day you die! I won’t show any mercy!”

heh, you’re more confident than I am. The trump card in your hand should be very powerful, right? ” Chen Xiaobei’s expression was calm, but his heart was on high alert.

Emperor Jiang, six-eared macaque, and the king of devil crows were all focused, ready to fight to the death.

you probably wouldn't have guessed that this place once had one of the most powerful sects in the Nanzhan state!

The corner of Zhu Rong's mouth curved into a cold smile, his hands had already started to cast a spell silently, "This sect made use of the geographical advantage to build a fire-elemental heaven immortal level formation to guard the sect! The place we are standing at now is the center of the formation!"

"BOOM! BOOM! Boom ..."

As soon as Zhurong's voice fell, boiling magma spurted out from the surroundings of the huge basin.

The strange thing was that the lava did not disperse and flow. Instead, it condensed into a flood of lava that danced wildly like dragons.

whoosh ... Whoosh ... Whoosh ...

Hundreds and thousands of huge lava torrents surrounded the basin. They twisted and turned, as if they were interwoven into an inescapable net, completely enveloping the person in the middle.

At the same time, a dazzling light and a high temperature that could incinerate all things burst out at the same time.

Being within it was like being swallowed by a sea of fire. Nothing could escape the end of being burned.

Emperor Jiang, six-eared macaque, and The Raven King's Peak earth-god level protective Zhen Yuan were shattered instantly.

Without any other protection, their bodies would soon burn up and eventually turn into ashes! Even dharmakayas and nascent souls would not survive. They would collapse soon and their souls would be destroyed!

"Whoosh!"

Chen Xiaobei was already prepared for this. He immediately took out the ninesuns Sky Net.

It was supposed to be a magical weapon used to seal enemies, but now, Chen Xiaobei was holding it over the heads of his people.

It meant that the nineclock heavenly net had sealed everyone up, and the external force had to break the seal of the net to hurt Chen Xiaobei and the others.

In other words, Chen Xiaobei was using a sealing-type magical treasure as a defensive magical treasure.

Although its defensive power couldn't be compared to a pure defensive magical treasure, the nine chains of the nine heavenly locks net had an extremely strong defensive power by themselves. They were enough to resist the power of an ordinary one-star heaven immortal. At this moment, they really played a life-saving role.

"What the hell is this!"

Six-eared macaque grinned and said, "it's just an early one-star heaven immortal formation. It can't even compare to bro bei's weakest trump card! Zhurong, do you think you can defeat us like this? Aren't you a little too naive?"

"You're the naive one!"

Zhurong stood not far away, smiled and said, "I've reached the peak of the earth level deity realm a long time ago. I've spent the rest of my time modifying this array!"

"Even though the level of this formation is very low, this place has a unique natural advantage! It's the most powerful fire element, and it's been transformed into a huge amount of fire energy over the years!"

"Moreover, the ancient sect I mentioned had an ownerless large spirit vein! No one had used it for many years, so it was full of spiritual energy! It's enough for me to use my most powerful attack!"

Zhurong was very confident. He raised his chin high, and his face was filled with a victorious smile, "A large spirit vein is worth 300 billion upper spiritual stones! Do you know what this means?"

Everyone was shocked.

300 billion upper spiritual stones for his most powerful attack!

This meant that the magical formation modified by Zhurong had already reached the level of a peak one-star heaven immortal!

Not long ago, in order to resist an attack of the same strength, Jia Luo had exhausted all his spiritual power and almost couldn't recover.

None of Chen Xiaobei's trump cards could withstand this level of power.

Even the newly created "North profound prison Painting" was no exception!

Although the underworld mountain armor was a nine-star celestial immortal item, it had already been completely integrated into the diagram.

In other words, if the array in front of him exploded in the space of the diagram, it would not pose any threat at all.

But if it exploded outside the scroll, Chen Xiaobei would not be able to withstand it at all. Using the sky-imprisoning painting of the North Mystic might even damage the exterior of the scroll.

Furthermore, the formation had been activated. Even if Chen Xiaobei forced Zhurong into the map, he would not be able to stop the power of the formation from erupting. He would still die.

"It seems like we can only hide in the verdant Emperor's divine gourd! That's a divine item, it can definitely resist the power of this great formation!"

The devil Crow King was very smart and immediately thought of a feasible way.

It was a pity that it had underestimated its opponent.

"It's useless to hide!"

Frowning, Emperor Jiang said solemnly, "Zhurong can control the array. If we hide in the verdant Emperor's divine gourd, he won't let the power fall on us. Unless we hide for our whole lives, we're doomed to die the moment we show ourselves!"

Chen Xiaobei nodded and added, "More importantly, once the verdant Emperor's divine gourd falls into Zhurong's hands, he may put a red envelope in it and send it to the heavenly realm! At that time, I'm afraid we'll be begging for death!"

hiss ... the demonic Crow King took in a breath of cold air and instantly fell into nervousness and panic, "What should we do? Are we just going to wait for death?"

"Bro bei! I just remembered something!"

Just when everyone was at their wits' end, six-eared macaque suddenly said, "I remember that when we attacked the fire cloud region, you said that you were going to look for the ruins of a sect!"

"Right! I remember now!"

Chen Xiaobei's eyes lit up. "I just felt that this place was familiar! That's because I've already seen the map of this area!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3243: trump card**

"What are you guys talking about? Are you still not going to kneel and beg for mercy?"

Zhurong was indeed the god of fire. He didn't need to use his Zhen Yuan to protect himself. The high temperature and fire in the formation were like air in the eyes of ordinary people. They didn't hurt him at all, and even made him feel warm and comfortable.

"Swish!"

Chen Xiaobei ignored Zhurong and took out a flame-shaped token. At the same time, he activated an ancient, mysterious, and special technique.

"I've already given you a chance to beg for mercy. Since you don't cherish it, don't blame me for being ruthless!"

Zhurong did not have much patience. When he was ignored by Chen Xiaobei, his killing intent exploded. He waved his hand like he was commanding an Army, and the lava around him began to surge.

boom boom boom ... Boom boom boom ...

A huge amount of spiritual energy was instantly burned out, and the previous torrent of lava expanded by hundreds or even thousands of times. It even grew horns and sharp claws, revealing the true form of a fire Dragon.

In the blink of an eye, thousands of magma fire dragons that were tens of thousands of meters long took shape.

The inescapable net from before instantly blotted out the sky and covered the sun, as if it was going to swallow all living things into a sea of fire and burn them to ashes.

“Woof! Buzzzzzz! Yi ...”

The next moment, the giant fire dragons were like meteorites, crashing down on Chen Xiaobei and the others.

Each of these fire dragons possessed the might of a peak one-star heaven immortal.

Any one of them could instantly break the seal of the nine-slope heavenly net, and another one would be enough to annihilate Chen Xiaobei and the others.

However, Zhurong didn't underestimate his enemy, nor did he hold back.

Thousands of fire dragons came crashing down from all directions, not giving Chen Xiaobei any chance to escape.

“Chen Zhufeng, you're just so-so!”

Seeing that the first fire Dragon was about to break through the nine lock Sky Net, Zhurong couldn't help but sneer, “How many heaven Immortals and ancient Immortals can't do anything to you, Chen Zhufeng? You're no different from an ant!”

He had to admit that Zhurong's schemes and schemes were indeed powerful. In terms of strength, he definitely crushed Chen Xiaobei's side.

But Zhurong would never have thought that Chen Xiaobei and the ancient sect here had already formed such a huge destiny!

“Chi ...”

At this moment of life and death, Chen Xiaobei threw the token high into the air. He had successfully completed the case operation.

“I am the inheritor of the fiery King, Chen Zhufeng! Burning Sky bursting flames! Listen to my orders!”

Chen Xiaobei growled, as if he was talking to the magma dragon.

Logically speaking, these magma Dragons were inanimate objects. They were just a form of energy convergence attack. They could not think, let alone understand Chen Xiaobei's words.

boom boom boom!!!

However, the moment Chen Xiaobei finished his sentence, the first Lava Dragon turned its head. Not only did it not attack the ninefold heavenly net, it charged at Zhurong instead.

how ... How is this possible?! A second ago, Zhurong was still gloating, thinking that he had won the battle and that Chen Xiaobei would not have any chance of survival.

However, the power of the formation that was supposed to kill Chen Xiaobei was directed at Zhurong instead.

This was simply unbelievable!

Even if Zhurong racked his brain, he would never understand what was going on.

“BOOM! BOOM! Boom ...”

Moreover, not only the first fire Dragon, but all the other fire dragons behind him also changed sides one after another and attacked Zhurong.

“Oh my God ... Bro bei! How did you do it?” The devil Crow King was dumbfounded.

Six-eared macaque grinned and said, “Hehe! Zhurong thought that this place was his territory, but in fact, this place had already become bro bei’s territory a long time ago! It’s just that bro bei hasn’t had the time to come!”

“What ... What is this place?” The demonic Crow King was shocked.

“The erupting flame heaven sect!”

bro bei! six-eared macaque said, “a long time ago, bro bei got the explosive token and passed the fiery King’s test. He became the fiery King’s successor! The entire ruins of the erupting flame heaven sect belonged to bro bei! This includes the formation that Zhu Rong modified!”

The demonic Crow King was even more shocked, “you mean ... Even though Zhurong has modified the formation and temporarily became its owner?” But bro bei has the explosive token and is proficient in the secret technique of the fiery King. He managed to take back control of the formation?”

“That’s right!”

of course! six-eared macaque nodded. from now on, the entire formation is under bro bei’s control. The situation has been completely reversed. Zhurong won’t be able to escape!

At this point, Emperor Jiang couldn’t hold it in any longer and hurriedly said, “Bro bei! Spare Zhurong’s life!”

“Emperor River! You’re underestimating me!”

However, at this moment, Zhurong’s mad roar came from afar, “You want to hurt me with mere mortal Fire?”

sacred fire scale!

In the next moment, Zhu Rong’s primordial spirit power suddenly burst out.

The first Lava Dragon charged over, but its color quickly faded. The red light dimmed and extinguished, and the lava condensed into dark rocks and fell down.

“Amazing!”

that’s right! Chen Xiaobei said, “Zhurong has forcefully dispelled the fire-type ethereal force and power in the magma dragon. At least 90% of its power has been eliminated! The remaining ten percent won’t be able to hurt Zhurong at all!”

“BOOM! BOOM! Boom ... Boom boom boom ...”

Immediately after, thousands of magma Dragons attacked, but Zhurong stood proudly on the spot, not retreating even half a step.

Like an unparalleled general, Zhurong's body remained unmoving, while the giant Dragons faded and fell, unable to hurt him at all.

"As expected of the Fire Witch, he's too powerful! How domineering!"

One man killing a thousand Dragons! Chen Xiaobei's blood was boiling just by looking at the spectacular scene.

Zhu Rong was a forthright man. Although he had consumed a great amount of spiritual power, this battle was so refreshing that he was in high spirits."Chen Zhufeng! Although you've taken control of the formation, you don't have any spiritual energy to activate it again. In other words, we're back on the same starting line!"

"Zhurong! You should just admit defeat!"

But at this moment, Emperor Jiang took a thousand steps forward and shouted solemnly, "it's not that I'm looking down on you. Without this array, any of bro bei's trump cards could easily take your life!"

"Is that so?"

Zhurong narrowed his eyes, showing a more confident look than before, "You guys probably don't know yet, right? Chanism had developed a two-star heaven immortal item summoning talisman! And I happened to be one of the first reincarnated ancient Celestials to obtain the celestial talisman!"

"What?"

Emperor Jiang's expression changed. Six-eared macaque and The Raven King also became nervous.

Chen Xiaobei, on the other hand, said calmly, "Zhurong has been defeated!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3244**

3244 Intense battle in the picture

Zhurong was defeated? How was this possible?

Six-eared macaque and the demonic Crow King were dumbfounded. They could not understand what Chen Xiaobei meant.

Di Jiang was very calm. After thinking about it carefully, he could guess Chen Xiaobei's intention. He was relieved, but he was worried that Zhurong's life would be in danger.

"Chen Zhufeng! Is there a hole in your brain?"

However, Zhurong had no idea what Chen Xiaobei was planning. He shouted in disdain, "you can't even resist the power of a peak one-star heaven immortal, and now I'm going to take out a two-star heaven immortal item summoning talisman, and you say I'm defeated?"

Chen Xiaobei shrugged and said, "Just now, you activated the formation in advance and gained the upper hand! But now, you haven't used the celestial talisman yet, so you've already lost!"

"Chi ..."

As he spoke, Chen Xiaobei waved his hand and took out the sky-imprisoning painting of the North Mystic!

Just now, Zhurong had activated the formation in advance. Even if he was forcibly taken into the map, the power of the formation would still be reduced.

But now, as long as Zhurong was taken into the map, his two-star heaven immortal item summoning talisman would be of no use.

“What’s this? The blood God’s deity-killing painting?”

Zhu Rong glanced at the scroll in the air and said disdainfully, “ according to Shen Gongbao’s information, it’s just a low-level earth-god instrument. You’re embarrassing yourself by showing it to me, Zhurong? ”

you’re right. It’s indeed a low-grade one, but it’s not an earth-god instrument. It’s a heaven-God instrument!

Chen Xiaobei shrugged and smiled. “Moreover, the blood God’s deity-killing painting is already an antique from 800 years ago! The scroll in front of you is called the ‘sky-imprisoning painting of the northern profound mystery’! ”

what???

Hearing this, Zhu Rong’s whole body couldn’t help but tremble as if he had been struck by lightning.

His face was full of disdain and he didn’t even bother to look at the scroll.

However, at this moment, he had no choice but to release his essence soul domain and carefully sense the spiritual fluctuations emitted by the scroll.

Oh my God ... It’s really a heaven-immortal instrument ... Shen Gongbao, that scammer, did he report false information? ”

Zhurong turned pale with fright. While cursing Shen Gongbao, he hurriedly took out a summoning talisman, an immortal item.

However, the “ sky-imprisoning painting of the northern profound mystery ” had reached the late-stage of one-star heaven immortal realm, and its speed was countless times faster than Zhurong’s, so it would not give Zhurong any chance to make a move.

Just as Chen Xiaobei had said, Zhurong did not have the upper hand, and this battle was already lost!

“Boom ... Hu ... Hua ...”

In an instant, the wind and thunder roared, but there was no wind or lightning.

An invisible storm burst out from the picture and instantly enveloped Zhurong.

what’s going on ... This treasure’s special ability is too strange ... And this power ... I can’t resist it at all ...

Zhurong’s pupils contracted uncontrollably, and his voice trembled.

Although he was very powerful, at this moment, he was only a peak earth immortal. His primordial Spirit's special ability was completely ineffective against the five elements storm, and his power could not resist the huge attraction of the storm.

As if he was caught by an invisible hand, Zhurong had no power to resist at all. In a blink of an eye, he was pulled into the space inside the picture.

"What the f \* ck ... This ... This Dharma Treasure is too powerful ..."

Six-eared macaque and The Raven King were shocked. bro bei, is this the new magical treasure that you and Di Jiang made together? Isn't he too overbearing? It's completely unreasonable to capture Zhurong in an instant!"

"Right! This magic treasure was forged while you were on your way!" Chen Xiaobei nodded.

"What will happen to Zhurong after he's been taken in? Will I die?" Six-eared macaque asked curiously.

"I'm not too sure about the situation inside, but we can go in and take a look!" Chen Xiaobei chuckled and kept the painting.

It was clear that the dimension in the map had merged with many Sumeru dimensions and had been expanded many times. Chen Xiaobei could enter and exit as he pleased, and he could even fit an Army of about 300 million people in there.

The Raven King asked worriedly, " bro bei, Zhurong still has the two-star heaven immortal item summoning talisman in his hand. Will we be in danger if we go in like this? " the man asked.

don't worry! Chen Xiaobei chuckled. I'm the master of everything in the sky-imprisoning painting! I'm the only one who hurts people, no one hurts me!"

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei then entered the dimension of the map, followed by six-eared macaque and The Raven King.

Emperor Jiang was also worried about Zhurong's safety, so he followed him in immediately.

Space fluctuated, and the surrounding scene was turned upside down.

After multiple expansions, the space within the map had become extremely huge.

The surroundings were similar to the prison of heaven, it was dark and chaotic, making it impossible to distinguish directions.

A huge mountain could be seen floating in the air above the space. The mountain emitted a strange and gloomy ghostly Qi, making the entire space extremely oppressive. Ordinary people would even be unable to breathe if they were in it.

That's right!

The mountain was patriarch shield mountain's turtle shell. After some refinement and strengthening, it had finally become the underworld mountain armor.

The underworld mountain armor was made from a nine-star heaven immortal item. After patriarch shield mountain refined billions of souls and strengthened it with the talismans carved by the evil bone demon race, the underworld mountain armor was basically a two-star heaven immortal item.

All the runes of the two-star heaven immortal level sealing formation in the endless Dead Sea were carved on the underworld mountain armor.

There were only two ways for anyone who entered the map to get out.

The first was to break the underworld mountain armor by force, which required a strength that exceeded the nine-star heaven immortal realm!

The second was to find a way to break the seal. This required one to be proficient in the layout of formations and have a deep understanding of seal scripts!

Obviously, Zhurong couldn't do either of the two.

Therefore, at this very moment, his entire person was trapped in a stretch of chaos. He was barging around and using all his skills, but it was impossible for him to break out of this space.

"Zhurong! Don't waste your energy!"

Chen Xiaobei's mind flickered, and the chaos in front of him disappeared, revealing Zhurong.

"Chen Zhufeng? You actually dare to follow me in?"

Zhurong immediately stopped running around and ran towards Chen Xiaobei. if you had hidden outside the map, I might not have been able to do anything to you. But since you've come to me, even if I'm trapped here to death, I'll take you to the grave with me!

"Whoosh ..."

This time, Zhurong had learned his lesson. In order to seize the initiative, he activated the two-star heaven immortal item summoning talisman while he was flying!

As a reincarnated ancient deity, Zhurong did not care about his own life. As long as he could kill Chen Xiaobei, he would not mind being trapped in the map for the rest of his life.

"Boom boom boom ..."

A huge flaming saber was summoned!

The blade was extremely huge, spanning 30000 meters. The intense flames that were burning gave off a terrifying heat wave and pressure!

An unprecedented powerful attack descended upon Chen Xiaobei and the others!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3245: capturing Zhurong alive**

The full power of a two-star heaven immortal erupted. The flaming saber spanned 30000 meters. The flames were red and gold in color, and it transformed into a huge Dharma form of an Army of thousands

of soldiers. It was as if a huge Army of flames would descend with a single swing of the saber, completely conquering this part of the world!

Whoosh ... Whoosh ...

As the blade slashed down, the strong wind and heat waves alone were enough to shake the entire space.

Even the gray chaos around them began to fluctuate violently, as if it would shatter at any moment.

“Hiss ... Hiss ...”

At the same time, six-eared macaque and The Raven King gasped. Their pupils contracted uncontrollably, their scalps went numb, and their breathing quickened. It was as if their hearts were about to jump out of their throats.

“What a terrifying power!”

Chen Xiaobei’s state of mind was stronger, so he was in a slightly better condition. But he could not help but exclaim, “It’s at least a hundred times more powerful than a one-star heaven immortal artifact! If this is the power of a two-star celestial immortal, then how terrifying would a celestial immortal of a higher level be?”

Di Jiang’s state of mind was much calmer than Chen Xiaobei’s. “At the celestial immortal realm, there’s a huge difference in strength between each minor realm! With the addition of the heavenly Dao Halo, the gap between them would be further widened! This two-star heaven immortal item summoning talisman is only the most ordinary of all two-star heaven immortal items!”

this ... Chen Xiaobei was shocked. He had a whole new understanding of the power of a celestial immortal.

Just as Emperor Jiang had said, when one reached the celestial immortal realm, in addition to the difference in their own strength, the influence of the heavenly Dao Halo would also be extremely great.

For example, the heavenly Dao offensive Halo and the heavenly Dao defensive Halo.

In the past, Chen Xiaobei’s combat power was not high, so the enhancement effect of these two halos was not strong.

But now, his combat power was easily in the hundreds of billions. After choosing the corresponding Halo, his combat power or defense could be increased by several times.

In other words, in the heaven realm, many Immortals would have halos on their bodies. By then, even if they were in the same cultivation stage, there would be a huge difference in their actual strength.

that means my sky-imprisoning painting is far from powerful ... Chen Xiaobei said helplessly.

“In the heaven realm, the” sky-imprisoning painting of the northern mystery “is indeed not powerful, but here, it is invincible!” Emperor Jiang shrugged and said indifferently.

“That’s right! Let’s talk about the future in the future. The right thing to do is to take down Zhurong first!” Chen Xiaobei raised his eyebrows and smiled.

Six-eared macaque and The Raven King were both shocked by the terrifying Scarlet Flame heaven blade. They were extremely nervous.

However, Chen Xiaobei and Di Jiang were as calm as ever, completely ignoring the terrifying attack.

“Endless spirit souls, underworld mountain prison!”

Chen Xiaobei growled.

In this chaotic space, Chen Xiaobei was the absolute master of everything.

In an instant, his words were law.

“Hiss ... Wuwuwu ... Wuwu ...”

A demonic howl that was as loud as a tsunami erupted from the underworld mountain armor that was floating in the air.

“Whoosh ...”

The ghostly Qi of the living soul fell like the Milky Way and gathered above Chen Xiaobei and the others, forming an illusory image of Mount Ming.

Although it was just a Dharma idol, its defensive power was built on the foundation of an endless array and trillions of souls. In addition, the rotten bone clan had spent a lot of effort to strengthen and refine it, which had maximized its defensive power.

“Boom boom boom ...”

In the next moment, the Scarlet Flame heaven blade suddenly struck the magic image of the underworld mountain. The Golden flames turned into an Army of thousands of horses, like a tsunami, and swallowed the magic image of the underworld mountain into a sea of fire.

The two-star heaven immortal power came crashing down and instantly enveloped the entire space.

At this moment, even a one-star heaven immortal would be burned to ashes! Even a one-star heaven-immortal artifact would be melted into molten iron!

“Chen Zhufeng! Even if I’m trapped here for my whole life, if I can drag you down with me, I will have made a great contribution to my master. I, Zhu Rong, will not lose anything!”

Zhurong looked at the terrifying sea of fire and showed an excited smile on his face.

As a reincarnated ancient immortal, he was completely unafraid of death. As long as it was beneficial to his contracted master, he was willing to do anything.

However, even if he had ten thousand brains, Zhurong would never have thought that the absolute trump card in his hand had no effect at all. The perfect result in his heart did not appear at all.

“Whoosh ...”

As the energy was gradually exhausted, the sea of Crimson-golden fire gradually dissipated.

However, under the sea of fire, Chen Xiaobei and the others were not hurt at all, even though the Dharma form of Mount Ming was on the verge of collapsing.

how ... How is this possible?!

Seeing this scene, Zhurong's eyes almost popped out, "Why ... Why are you all fine? This was impossible! That's impossible!"

"Whoosh ..."

Chen Xiaobei put away the nineclock heavenly net and said, "I've already told you that you've lost! Now that the truth is right in front of you, what else do you have to doubt?"

"Why ... Why is it like this ... I'm not convinced! I'm not convinced!" A second ago, Zhurong had thought that he could drag Chen Xiaobei down with him. But now, the result was completely different from what he had expected.

This huge contrast was like falling from heaven to hell, which Zhurong could not accept at all.

"Woof!"

Zhu Rong's heart was filled with anger, shock, unwillingness, and dissatisfaction. He used all his strength and charged at Chen Xiaobei, trying to make a final resistance.

"You have already lost! Bro bei has spared your life, but you're still trying to take advantage of him?"

Without waiting for Chen Xiaobei to do anything, Di Jiang took a step forward and activated his primordial spirit power. "Universe! Broken Star!"

"Woof! Boom boom boom ..."

In the blink of an eye, the space around Zhurong was controlled by Emperor Jiang, as if it was an invisible cage, causing Zhurong's attack to be instantly frozen halfway.

In the next moment, three huge forces burst out from Di Jiang's fingertips and hit Zhurong's dantian in succession.

The profound and tyrannical power instantly injured Zhurong.

The Dharmakaya's nascent soul was injured and could not stimulate the vital essence in a short time, which was equivalent to losing the combat ability temporarily.

"Swish!"

With a thought from Di Jiang, the severely injured Zhurong was brought to Chen Xiaobei by the space cage. bro bei, I've taken down Zhurong. Please deal with him!

"Kill me! Kill me immediately ..." Zhurong clenched his teeth and said firmly, "kill me now!" "Even if I die, I will not cooperate with you! If you don't kill me today, I'll kill you all one day! I swear!"

Chen Xiaobei smiled, looked at six-eared macaque and asked, "How is it? do you want to become Zhurong?"

## Red Envelope Group of the Three Realms

### **Chapter 3246: passing through the lava**

“Do you still need to ask? Of course I want to!”

The six-eared macaque was so excited that it nodded its head like a chicken pecking at rice.

As one of the twelve ancestors of sorcery, although Zhurong’s cultivation was not high, his primordial spirit was extremely powerful, and the memories in his mind were of immeasurable value.

If six-eared macaque could copy Zhurong’s primordial spirit powers and memories, it would be of great help to his own development. His achievements in the future might even surpass his achievements when he was alive.

However, if he wanted to transform, he had to solve a practical problem.

but ... Do you have any extra spiritual stones? ”

Six-eared macaque composed himself and said awkwardly, “ 50 billion upper spiritual stones is not a small number ...

Chen Xiaobei shrugged and said, “ I only have 300 pieces of inferior-grade spiritual Jade left. However, as long as the next step of my plan is successful, I will be able to obtain a total of six trillion. It will be enough for you to transform!

“That’s great!”

When six-eared macaque heard that, he was so excited. “When bro bei gets the spiritual stones, I can become Zhurong! Copying the memories of a peak quasi-Sage! Just thinking about it makes me feel so good!”

“No! I won’t let the six-eared macaque become me! I won’t agree to it even if I die!” Zhurong’s eyes were wide open in anger, his attitude was extremely strong.

There was no doubt that his memories not only contained all sorts of important information from trillions of years ago, but also contained some of the schemes and arrangements of his contracted master.

One should know that the two-star heaven immortal item summoning talisman had just been developed, so it must be very rare.

It was not hard to imagine that the master of the contract must have a very high status in the clan of enlightenment.

To a large extent, the arrangement and layout of the core upper echelons of the clan of enlightenment were equivalent to the arrangement and layout of the heavenly Lord Yuanshi.

If the six-eared macaque learned about this, it would have a huge impact on chanism.

Because of this, Zhurong only wanted to die as soon as possible. He was not willing to let six-eared macaque copy his transformation.

However, Chen Xiaobei would not let him have his way. "I won't let you die. I won't even give you the chance to commit suicide!"

"Swish!"

Chen Xiaobei then took out the dark wind three-tailed Tiger from his myriad Beast Ring.

"Master!"

This huge ancient demonic beast had eaten the Super heavenly dog biscuit and had become Chen Xiaobei's loyal dog. The moment it came out, it kneeled at Chen Xiaobei's feet like an obedient pug.

"Don't you know how to devour essence, Qi and spirit?"

this guy's name is Zhurong! I want you to suck away all his energy so that he won't even have the strength to kill himself!

"Understood!"

The dark wind three-tailed Tiger nodded. Absorbing essence, Qi, and spirit was what it was best at! After being imprisoned in the heaven imprisoning realm for a trillion years, it had relied on this technique to extend its life and raise its cultivation. Not only did it not die, but it had also become a half-step heaven immortal!

"Hiss ..."

The dark wind three-tailed Tiger used its primordial Spirit's special ability and took a deep breath. It sucked out the yellow, white, and red aura from Zhurong's body and swallowed it all into its stomach.

Soon, Zhurong's entire body continued to weaken. His face was pale and his breath was weak, as if he was seriously ill and exhausted. He couldn't even stand steadily and directly fell to the ground.

At the same time, Emperor Jiang also released the space cage and heaved a sigh of relief. Zhurong is very powerful. This method can control him very well. As long as he doesn't do anything reckless, it's the same as protecting him!

"Ugh ... Chen Zhufeng ... Just kill me ... I'm begging you! kill me ... Zhurong knew very well that from this moment on, everything was under Chen Xiaobei's control. Even if he wanted to die, he would have to ask Chen Xiaobei to do it.

Chen Xiaobei shrugged and smiled. "It's impossible for you to die. You should have a good sleep first. When I reach the heaven realm, I will find a way to let you regain your freedom!"

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei then released nine tiny ethereal forces, which were like silver needles, and pierced Zhurong's acupuncture points.

Zhurong was very weak and could not withstand Chen Xiaobei's ethereal force. After his acupuncture points were stimulated, he fell into a dormant state.

One had to admit that Zhurong was like an extremely terrifying beast.

As for the other reincarnated ancient Celestials, Chen Xiaobei would either injure their nascent souls or take away their cultivation before locking them up in the spirit-condensing space.

However, Zhurong received special treatment. He was first drained of his essence, Qi, and spirit, and then put to sleep with a special formation.

Chen Xiaobei and Di Jiang were worried that the beast would use its super powers to do something out of control.

Now that he had his essence, Qi, and spirit taken away, the silver needles were dormant, and he was sent into the spirit-condensing space, he had three layers of insurance. No matter how powerful Zhurong was, he would not be able to escape from Chen Xiaobei's five-finger Mountain.

"Woof! Whoosh!"

Chen Xiaobei took out Zhurong's storage bracelet and sealed him in the spirit space.

"Zhurong is too poor ..."

Chen Xiaobei checked the storage bracelet and frowned. there's only 100 million upper spiritual stones and a bunch of rune materials. There's nothing else ...

There was no doubt that the two-star heaven immortal item summoning talisman had just been developed, and it was very rare. It was normal that Zhurong only had one.

As for the materials for the runes, they were naturally used to upgrade the array of the flaming heavenly sect.

The remaining 100 million upper spiritual stones were probably just pocket money for Zhurong, and he couldn't do anything big.

Soon after.

Chen Xiaobei packed up the spiritual stones and materials, and brought everyone back to the real world.

Of course, the Anfeng three-tailed Tiger was a half-step divine immortal and could not appear in the world. Chen Xiaobei left it in the map so that if there were any more enemies that were sucked into the map, the Anfeng three-tailed Tiger could be used as a combat force to deal with them.

"What are we going to do next?" After coming out, six-eared macaque asked eagerly, "Are we going to get six trillion upper spiritual stones?"

that spiritual stone requires a chance ... Chen Xiaobei smiled. let's go to the Treasury of the exploding flame heaven sect first!

"The Treasury ..."

Mo Yan frowned as he looked at the boiling lava in the basin and said, " Zhurong just came out of the lava. Could the ancient sect's treasure vault be under the lava? "

It was obvious that the lava in this area was extraordinary and its temperature was extremely terrifying.

Even if a peak earth immortal circulated his protective Zhen Yuan, it would still be difficult for him to move freely in the lava. Once his Zhen Yuan was shattered, his life might be in danger.

the treasure vault and the entire array should be hidden under the lava. Ordinary people can't get close to it!

Chen Xiaobei's lips curled into an evil smile, and then he changed the topic. however, I still have a treasure left behind by fiery King. It can allow me to travel freely in the lava!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3247**

3247 The treasure vault is empty

"Treasure? What kind of treasure is it?"

When everyone heard this, their faces were filled with curiosity.

Although Emperor Jiang and six-eared macaque were both ancient Immortals and had countless ways to travel through the lava, they were in the earth-god Realm. They couldn't find the things they needed.

In other words, even people as strong as Emperor Jiang and six-eared macaque couldn't do anything to the lava.

However, Chen Xiaobei looked very confident. He did not seem to be bothered by the terrifying lava at all.

"Look!"

Chen Xiaobei took out a strange Red Pearl from his infinite space ring.

It was strange because it was originally a round, fiery red Pearl, but it seemed to have been contaminated. There was a lot of dark material inside, and it was constantly emitting demonic Qi.

"What is this?" The demonic Crow King was very puzzled.

"Fire taming Pearl!" Six-eared macaque's eyes were sharp, and he immediately saw the nature of the treasure.

this is a fire taming Pearl that has been cursed by a demon. Emperor Jiang, on the other hand, not only had a good eye, but he was also very experienced, so he could see deeper.

"Emperor Jiang is right!"

yes! Chen Xiaobei nodded. I got this fire taming Pearl after I passed the fiery King's test. I have never used it because the demonic curse can not be removed!

that's right! six-eared macaque said. that means that as long as I can remove the demonic curse, I can use the fire taming Pearl to move freely in the lava!

"That's right!"

yes! Chen Xiaobei nodded. this fire taming Pearl is a one-star divine item. It is immune to all flames below this level!

“But, how are we going to remove the evil spirit curse?” The devil Crow King asked in confusion.

that’s easy. I’ll ask the seven demonic Lords of Hell in the verdant Emperor’s divine gourd. If they can’t solve it either, I’ll call Luo Yi out from the crack of the great void!

Chen Xiaobei smiled and entered the gourd.

The last time, Chen Xiaobei had absorbed a massive amount of Heaven Earth spiritual aura and life force into the verdant Emperor’s divine gourd.

The Fiend ancestor and the gold-armored mysterious Spider race that lived here had been greatly nourished.

This was especially true for the gold armored mysterious spiders. After they had absorbed enough energy, they wrapped themselves in spider silk and entered a special state of dormancy.

According to the Golden armored Spider Emperor, this state was equivalent to closed cultivation. As long as one entered this state, there was an extremely high chance of breaking through a large tier.

This was good news for Chen Xiaobei.

If all 30 million gold armored mysterious spiders broke through to the next level, the defensive power of the dark gold spider web would also increase. To Chen Xiaobei, it was an upgrade to his trump card.

Soon after.

Chen Xiaobei found the seven demonic gods of hell.

Lucifer, as the representative, carefully observed the fire taming Pearl that was cursed by the demon.

if I’m not mistaken, this is just a seven-star earth-god level curse. There’s no need to ask The Fiend ancestor for help. We can break it!

After all, Lucifer was a Demon King who had lived for hundreds of millions of years. He was confident in this.

“Alright, I’ll leave it to you guys then!” Chen Xiaobei nodded with a smile on his face. When one was lucky, everything would go smoothly.

North ancestor, wait a moment! Lucifer walked to the center of the Seven Demon Lords.

After a simple communication, the seven of them each released their Zhen Yuan, using some ancient secret method of the demon race to baptize the fire taming Pearl with their Zhen Yuan.

They did not let Chen Xiaobei down. A few minutes later, the dark matter inside the fire taming Pearl started to fade away, and the demonic Qi on the surface also disappeared.

North ancestor, it’s done. Please take a look! Lucifer held the fire taming Pearl with both hands and handed it over to Chen Xiaobei.

“Very good!” Chen Xiaobei chuckled. After observing the fire taming Pearl for a while, he swallowed it. Chen Xiaobei now had three pearls in his stomach: water immunity, wind immunity, and fire immunity.

These three beads were all divine immortal items. Although they were not made into weapons, their special abilities were very remarkable. As long as they were used well, they would be of great help to Chen Xiaobei.

After that, Chen Xiaobei left the verdant Emperor’s divine gourd and returned to the real world.

“Bro bei, are you done?” Emperor Jiang and the others immediately looked at him with concern and asked.

“Of course!”

Chen Xiaobei jumped into the lava from the spot where Zhurong came out from.

With the fire taming Pearl, the high temperature did not hurt Chen Xiaobei at all. The thick lava did not affect his movements either. Even his vision was not hindered. He could see clearly in the red lava.

Chen Xiaobei swam through the lava as if he was swimming in warm water. He did not even need to use his ethereal force to protect himself. In fact, he felt very comfortable.

“Woof! Buzzzzzz! Yi ...”

First, Chen Xiaobei swam around the lava and found a rune. Then, he followed the pattern of the magical formation and found all the runes, putting them into his interspatial ring.

This meant that Chen Xiaobei now had the powerful magical formation that Zhurong had modified.

Later, as long as he set up an array near bei Xuan faction, it would be equivalent to setting up a super strong defensive barrier. No one in the earth-god Realm would dare to go against it.

Of course, although this formation was powerful, it also consumed a huge amount of spiritual Qi.

In order to activate the formation, it would cost 300 billion upper spiritual stones. Chen Xiaobei could not afford that. He could only hope that earth traveler sun would get his hands on it and use the two-star heaven-immortal item summoning talisman to exchange for spiritual Jade from Wutian.

“Chi ...”

After keeping the formation, Chen Xiaobei dived down and headed straight for the Treasury of the flaming heavenly sect.

With the guidance of the explosive flame token, Chen Xiaobei quickly found the exact location of the Treasury.

However, after opening the door with the explosive flame token, the treasure vault was empty. There was almost nothing left.

The reason was simple. When fiery King was about to undergo the heavenly Tribulation, he took away the strongest trump card in the sect. There were not many things left.

After that, Zhu Rong took over the place. With his ability, he could naturally find and open the treasure vault.

The resources left behind by fiery King had basically been used up by Zhurong.

That was why Chen Xiaobei felt like he had entered an empty city when he entered the Treasury. He could not even find a single spiritual stone.

“Am I going to make a wasted trip?”

Even though he had taken the formation, he did not find anything in the vault. Chen Xiaobei was a little disappointed.

“Chi ...”

However, just as Chen Xiaobei was about to turn around and leave, the explosive token suddenly trembled and emitted a strange attractive force, as if it was being attracted by something.

Chen Xiaobei’s eyes lit up, and he became very excited. there are still treasures that Zhurong hasn’t discovered!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3248: fatal mutation**

As a lucky man, how could Chen Xiaobei return empty-handed from a treasure vault?

Fiery King and Zhurong had consumed all the resources in the treasure vault one after another, and it seemed that nothing was left.

However, as the founder of the erupting flame heaven sect, fiery King hoped that the sect could continue to flourish from the bottom of his heart. Therefore, he had hidden an important item that only the successor recognized by fiery King could obtain.

Obviously, Chen Xiaobei was this person!

“Chi ...”

Following the directions of the explosive token, Chen Xiaobei quickly arrived at an unassuming corner of the vault.

“Ka! Ka! Ka ...”

The sound of rocks moving could be heard from the wall, and a secret compartment was opened.

There was also an intricate concealment array that could block essence soul domains. Ordinary people would not be able to sense what was hidden in the secret compartment.

Although Zhurong was not an ordinary person, fiery King had taken away all his high-level Dharma Treasures, spiritual stones, resources, and capital when he entered the treasure vault.

Therefore, from the beginning, Zhurong didn’t have much interest in this treasure house, so he didn’t carefully explore every corner. Otherwise, with Zhurong’s ability, he would most likely be able to find this secret compartment.

Of course, since Zhurong was not found, the treasure hidden in the secret compartment was now in Chen Xiaobei's possession.

Whoosh ... Whoosh ...

It was a fire seed the size of a red date. It flickered in the hidden compartment, as if it would be extinguished at any time.

"What is this?"

Chen Xiaobei frowned and asked, "fiery King's last words did not mention this secret compartment, nor did he say what the fire seed is ..."

Of course, after observing for a while, Chen Xiaobei suddenly thought of something.

"Swish!"

Chen Xiaobei took out a red jade ball from his infinite space ring.

To the naked eye, this jade ball looked ordinary. Even the texture of the Jade was very ordinary. The main point was that it had no spirituality at all. Even in the Jade Market on earth, this jade ball could only be regarded as a low-mid grade item.

This was the mysterious jade ball that Chen Xiaobei had obtained from the Jade Palace Treasury.

According to Emperor Jiang, this jade ball contained a wisp of mysterious and pure fire-property vital essence!

However, this trace of true essence was too subtle, and Emperor Jiang couldn't give an exact answer. He didn't know what kind of alien flame it was, nor could he define its level.

The reason why Chen Xiaobei took out the red jade ball at this time was because both the red jade ball and the fire seed in the hidden compartment were fire element.

Moreover, although the fire seed in the secret compartment was weak and could be extinguished at any time, the fire element aura it emitted was extremely pure and strong!

Because of that, Chen Xiaobei guessed that if these two things were put together, something magical might happen.

"I was right!"

When Chen Xiaobei placed the red jade ball near the secret compartment, something happened.

"Ka! Ka! Crack ..."

The surface of the Crimson jade ball cracked open like a cracked egg.

"Hiss ..."

Then, a strand of light as thin as a hair floated out, emitting a bright red and gold light. It lit up the dark treasure vault.

At the same time, a terrifyingly high temperature burst out. The surrounding air was distorted, and the stone walls and ground were about to melt into lava.

“How terrifying! This terrifying heat is a thousand times hotter than the lava outside the Treasury ...”

Fortunately, Chen Xiaobei had the fire taming Pearl to protect himself. Otherwise, he would have been burned to death by the red-gold gossamer at such a close distance.

Chen Xiaobei was not afraid of the high temperature, so he could calm down and observe carefully.

“What is this thing? It’s emitting such pure fire attribute true Qi, but its essence isn’t fire ... It looks more like the hair of some kind of creature ...”

The Scarlet-gold gossamer fluttered in the air, looking like a strand of a woman’s long hair.

However, if it was really a strand of hair, who could have such a terrifying strand of hair?

“Gululu ... Gululu ...”

While Chen Xiaobei was thinking, the temperature was still rising. In just a few moments, half of the Treasury had already been melted into boiling lava.

Just a strand of hair that contained a tiny amount of fire ethereal force had already brought about such a terrifying outcome.

If there really was such a woman with a head of lustrous Crimson golden hair, how terrifying would she be?

In the entire heaven realm, she could probably be considered a high-level existence. He could incinerate a planet with just a wave of his hand, engulfing the entire world in a sea of fire.

“Whoosh ...”

Just as Chen Xiaobei was thinking to himself, the Tinder in the secret compartment also emitted the same red-gold light and floated toward the gossamer.

“This fire seed and the gossamer seem to be of the same origin ... Their auras are very, very similar, and they emit a strange resonance ... Where did they come from? Who was the original master?”

Chen Xiaobei had more and more questions.

The gossamer came from the Jade void Palace, and the fire seed came from the explosive flame heaven sect. Obviously, these two sects were not the true owners of the gossamer and fire seed.

It was through some kind of opportunity that the gossamer and the fire seed fell into the hands of these two major sects.

“It’s useless to rely on my imagination ...”

Chen Xiaobei did not understand. I’ll find a way to get spiritual stones first and turn six-eared macaque into Zhurong. That might answer the questions in my heart!

“Phew! Hiss ...”

However, at this moment, the Tinder was suddenly pulled by the gossamer and completely infused into the gossamer.

“Whoosh!”

What was even more unbelievable was that after fusing with the Tinder, the red-gold gossamer was shot directly between Chen Xiaobei’s eyebrows.

At that moment, Chen Xiaobei was very close to the gossamer. He was focused on observing it and was not prepared for it. The red-gold gossamer pierced through his forehead.

“Swish!”

In the blink of an eye, the red-gold gossamer had penetrated into Chen Xiaobei’s flesh!

It was a powerful being that carried fire ethereal force and a terrifyingly high temperature. If it were to enter Chen Xiaobei’s flesh and blood, the consequences would be unimaginable.

“Uh ...”

Chen Xiaobei let out a painful wail, his face contorted, his pupils constricted, and his body stiffened as if he had been sealed. He could not even move a finger.

“Gululu ... Gululu ...”

Soon, the frozen Chen Xiaobei was slowly sinking into the depths of the lava.

His life and death were unknown!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3249**

3249 A strange cry for help

“Uh ... This ... What’s going on?”

In the lava, Chen Xiaobei continued to sink. He could not move his body, and only endless pain spread.

In the beginning, the pain was only physical. It entered the flesh from the skin, followed the blood vessels to every acupuncture point, and finally went deep into the bone marrow.

It felt as if his entire body had been half-ground and half-cut by countless blunt knives, turning from a complete person into a pile of minced meat and bones.

Luckily, Chen Xiaobei’s state of mind was strong enough. If it was any other person, they would have had a mental breakdown under the torture of such terrible pain. Before they died from the pain, they would have gone crazy.

However, the physical pain was only a small part of the torture.

Soon, the pain penetrated his Dharmakaya and wrapped around his nascent soul, causing Chen Xiaobei to feel an inhumanly excruciating mental pain.

The mental pain was beyond the physical pain. Although it didn't have any physical pain, it would cause an immense pressure on the spirit and soul, causing one's soul to be tortured to the point of being demonic.

If it was someone with a weak state of mind, at the very least, their mental state would collapse and they would become demented. At the very worst, their consciousness would collapse. Even if their soul was preserved, it would only be an empty shell.

In this situation, Chen Xiaobei should really thank every disaster he had encountered in the past!

Chen Xiaobei's state of mind had been tempered and strengthened through countless life-and-death trials, countless counterattacks, and countless deadly situations.

It was also because of this strong state of mind that Chen Xiaobei was able to hold on to his heart and withstand the torture of both his body and mind, and retain the last bit of consciousness.

"Save me ... Save me ... Only you can save me ..." He begged.

Suddenly, a cry for help rang in Chen Xiaobei's mind.

It was not Chen Xiaobei's voice, but the voice of a woman who was in a state of panic.

"Who are you? Why can't I see you?"

Chen Xiaobei's body was stiff, but his vision was not blocked by the lava.

The voice was very real, but Chen Xiaobei could not tell who it was.

save me ... I beg you ... Only you can save me ... Only you can ...

However, the owner of the voice did not reply to Chen Xiaobei's question. He could not even talk to Chen Xiaobei. All he could hear was the repeated plea for help.

"I'm afraid this is an auditory hallucination ..."

Chen Xiaobei was still tormented by the excruciating pain. He was not sure if the sound was real or if it was just an illusion he had created in this world.

After all, Chen Xiaobei could not even save himself in this situation! As long as that woman was a normal person, she would not beg Chen Xiaobei to save her! She would not think that Chen Xiaobei was the only one who could save her!

Based on this logic, Chen Xiaobei could only assume that the woman's voice was just an illusion caused by his mental fluctuation.

"Help ... Only you can save me ... Please ... Please ..." He begged.

However, the voice did not disappear. It was still echoing in Chen Xiaobei's mind.

Chen Xiaobei's body and mind were in so much pain that he felt like he was about to collapse. The voice in his head kept repeating over and over again, making Chen Xiaobei feel extremely sleepy. It was more like a mysterious hypnosis.

“Phew ...”

Finally, Chen Xiaobei’s nerves relaxed, and he fell unconscious.

.....

On the ground.

Six-eared macaque frowned. The more he waited, the more worried he became. bro bei has been down there for so long. Did something happen to him? ”

“Don’t worry!”

” that’s right! the demonic Crow King said, ” I have a primordial spirit blood contract with bro bei. If he dies, I will be the first to sense it!

“What nonsense are you spouting!”

bro bei! six-eared macaque was anxious. bro bei is the one who shoulders the future of the beixuan dynasty and the entire earth-god Realm! We can’t let him die! I can’t even let him get hurt! I can’t let him lose any power! Did you know?”

I know ... The Raven King said helplessly, ” but, we can’t help bro bei at all ... Even if we want to protect him, we can’t ...

Six-eared macaque gritted his teeth. He was worried, but he had nothing to say.

After all, the lava underground was extraordinary and its temperature was extremely high.

Although a peak earth immortal’s body-protection genuine vitality could resist it, it was still too weak. However, the extremely high temperature was consuming his protective Zhen Yuan at all times.

Once one’s true Qi was exhausted, one’s physical body and Dharmakaya would be destroyed one after another, and one would be doomed to die.

Even someone as strong as Emperor Jiang didn’t dare to say that he could dive into the depths of the lava.

So, no matter how anxious they were, they could only wait on the ground. If they dove into the lava, not only would they not be of any help to Chen Xiaobei, they might even drag him down.

let’s wait for a few more minutes. If bro bei still doesn’t come out, I’ll go down and check!

Frowning slightly, Emperor Jiang said solemnly, ” with my protective Zhen Yuan and the space isolation, I should be able to go very deep ...

Six-eared macaque and Raven King could only nod.

After all, their vital essence was not as strong as Di Jiang’s, and their primordial Spirit’s special ability could not resist the magma. Therefore, even though they knew it was a life-and-death risk, they could only let Di Jiang go.

For six-eared macaque and The Raven King, this was a difficult decision.

After all, even someone as strong as Emperor Jiang might not be able to return. This made them feel very stressed and uncomfortable.

“Gululu ... Gululu ...”

However, at this moment, the magma in the basin started boiling again.

The gazes of the three people were immediately drawn over.

He saw that the lava was constantly spewing upwards, slowly gathering into a human figure, looking just like the scene when Zhurong appeared.

“What’s going on? Did Zhurong have an accomplice? Did this person ambush bro bei?” Six-eared macaque immediately became alert.

“No! not enemies ... Emperor Jiang shook his head and said, ” this man’s cultivation is only at the early stage of the six-star earth-god Realm. He’s far from being a peak earth-god!

Obviously, the enemies were almost all peak earth Immortals. Anyone below this realm would be embarrassed to say that they were reincarnated ancient Immortals.

“What if they’re not enemies? Who could it be?” The demonic Crow King was full of doubts and couldn’t figure it out.

Whoosh ... Whoosh ...

Finally, the lava that covered the man’s body gradually slid down, revealing his true appearance.

bro bei???”

In an instant, Emperor Jiang, six-eared macaque, and the demonic Crow King were all surprised and overjoyed.

He was happy that Chen Xiaobei was safe and sound.

Chen Xiaobei was only a peak five-star earth-god before he entered the lava. How did he break through to the next level so quickly? This was simply unbelievable!

“Whoosh ...”

When the lava finally dissipated, Chen Xiaobei slowly opened his eyes.

His black pupils actually revealed an evil red-gold color!

#### **Chapter 3250**

3250 The cycle of cause and effect

“Demonic Qi! What a terrifying demonic Qi!”

Six-eared macaque was the first to cry out, ” “What’s going on? Why is there such a strong demonic Qi coming out of bro bei’s eyes?”

could it be that bro bei was ambushed by the enemy? ” The demonic Crow King was extremely nervous, and it even circulated its Zhen Yuan to enter a battle state.

“Don’t get too excited!”

At this moment, Emperor Jiang, who was the most experienced among them, seemed to have noticed something. He said in a deep voice, ” “This is the divine light blessed by the sky Yao! Bro bei had obtained a huge fortune! That’s why I broke through a major realm!”

“Sky demon blessing? What do you mean by that?” The devil Crow King asked in confusion.

Emperor Jiang explained, ” the so-called heavenly demon’s blessing is the heavenly demon divine light condensed by extremely powerful demons through their primordial Spirit’s special ability and their own race’s talent. After it is injected into the bodies of the younger generation, it will have the effect of enlightenment. According to the different root bone and qualification, each person will get different opportunities!

Six-eared macaque was also a demon. He nodded and said, ” these opportunities include enlightenment, spiritualism, spiritualism, body strengthening, soul strengthening, and so on ... The best opportunity is to break the mirror!

“I understand!”

bro bei! the demonic Crow King said excitedly, ” bro bei’s luck is off the charts! He has received the best blessing from the sky monster and successfully broke through to the six-star body integration stage!

Di Jiang and six-eared macaque nodded. They were happy that Chen Xiaobei had broken the mirror.

“So it’s like this ...”

Chen Xiaobei said slowly. He had been listening attentively to Di Jiang and six-eared macaque’s explanation and finally understood something.

It turned out that the Scarlet-gold gossamer and the hidden fire seed were from a powerful demon race in the heaven realm.

And this kind of heavenly demon blessing would develop different opportunities according to the root bone and talent of the person receiving the blessing.

And that kind of inhuman, terrifying, and intense pain was a test of one’s root bone and talent.

Because of that, despite the excruciating pain, Chen Xiaobei’s physical body and nascent soul were not hurt at all.

On the contrary, Chen Xiaobei had been calm the whole time. His innate ability and talent were excellent, and he had somehow obtained the opportunity to break the mirror.

To Chen Xiaobei, this was a joyous occasion.

[ding Yingying’s cultivation base: early stage of body integration. Lifespan: 914210 years, physique: 150 million, combat power: 1.5 billion, primordial spirit attack-sacred!

The breakthrough had extended Chen Xiaobei's lifespan by 300000 years and his combat power by 400 million.

However, because of the practice of the sky-killing tyrant body technique, Chen Xiaobei's physical strength had not improved. He had to train his body to increase it.

Of course, it was not difficult for Chen Xiaobei to increase his physical strength. As long as he finished upgrading the sunlight cache, he could increase his physical strength in a matter of minutes.

"Bro bei! Didn't you dream of breaking through a major realm? Why don't you look very happy? Did something happen?"

Di Jiang noticed that the smile on Chen Xiaobei's face had disappeared since he came back. He was frowning and his eyes were shining, as if he was thinking about something important.

just now, after I received the sky demon's blessing, I heard a woman's cry for help ... I wanted to go and save her, but I couldn't see her there, and I couldn't get an answer from her ...

Chen Xiaobei furrowed his brows and said, "Although I don't know who this woman is, ever since I received the sky Yao's blessing, I've had an indescribable feeling of intimacy with her. I feel like she's my family, and I have to save her no matter what!"

"Bro bei didn't get ambushed, did he?" The Raven King said worriedly.

"I won't!"

"Blessings from sky demons are usually performed by the elders of the same clan to the younger generation," six-eared macaque explained. Bro bei has accepted the blessing, so to a certain extent, he's a member of that clan. It's normal to feel a sense of familiarity!"

"but, bro bei, it's not going to be easy to save her. You might even run into a lot of danger! the demonic Crow King warned.

"This is karma, and I must end it! Otherwise, bro bei's Dao heart will be too weak. It'll bring endless trouble to his future cultivation!"

"In the heaven realm, there are many powerful Immortals who hide from the world and stay away from karma," Emperor Jiang said in a deep voice. "Only in this way can we be absolutely safe!" Otherwise, whatever cause was planted, the result would be the same! Even if it's a fatal consequence, we can only accept it!"

this ... the demonic Crow King was stunned. It did not know much about the cause and effect of the heavenly Dao, but from what Di Jiang had said, Chen Xiaobei's breakthrough might not be a good thing!

Although Chen Xiaobei had broken through to the next level, he was also affected by the mysterious demoness 'karma.

Just as Emperor Jiang had said, there was a cycle of karma. No one under the heavenly path Sage could avoid the cycle of karma.

Even if it was a fatal evil consequence, he could only reach out and receive it.

“It’s useless to think so much now. We still have to continue!”

After this test, Chen Xiaobei’s state of mind had been strengthened once again. He was calmer than anyone else. “Let’s go to Deng Jie Yu now! As for the mysterious demoness, we’ll think about how to save her after we have other clues!”

Chen Xiaobei only knew about the cry for help. Other than that, he had no other clue. It was a waste of time to think about it. They might as well move on to the next step.

After that, Chen Xiaobei, Emperor Jiang, and six-eared macaque mounted the demonic Crow King and headed towards the coast of the North Sea.

[ the number of new believers has increased by 20 billion! ] The total number of believers was 86 billion! (Only ‘100 million’ as the unit, the rest of the numbers are not calculated in detail.)

On the way, Chen Xiaobei’s followers reached a large number.

After Chen Xiaobei had quelled the war in the Xuanyuan sacred territory, he had gained ten billion new followers. After that, when the news of Chen Xiaobei’s surrender spread, another ten billion new followers were added.

At this point, the speed of the increase in believers began to slow down.

Although there were billions of people in the Xuanyuan sacred territory, most of them had their own beliefs. As long as their beliefs did not collapse, they would be grateful to Chen Xiaobei from the bottom of their hearts, but they would not easily change their beliefs.

In other words, these 20 billion believers were basically people who had no faith before. Some believed in Tianji, Jade Mirage, and gods.

Those who did not have any faith would naturally worship Chen Xiaobei.

Those who had lost their faith recognized the evil of the three forces and turned to believe in Chen Xiaobei, who had saved them.

That was why, in the short term, those were the believers that Chen Xiaobei had brought to him from the war.

But in the long run, Chen Xiaobei would rule the earth-god Realm. His stories and legends would be passed down from generation to generation. As time passed, there would be trillions of people who would start to believe in Chen Xiaobei.

Of course, this process required a long period of accumulation and could not be achieved overnight.

What Chen Xiaobei needed to do now was to think about how he could use these 20 billion new followers to improve his heavenly halo!
