#### Chapter 3261: dilemma

big rock!?

Chen Xiaobei was taken aback.

According to what Fu Tian Xin 'er had said earlier, this huge rock could reveal some of the things that were happening in the outside world. He had taught her to understand the che clan, to learn the basics, to be wary of bad people, and even to cultivate a Saint-tier cultivation technique.

At the same time, the stone would also show some signs, such as Fu Tian Xin 'er could not leave this place, or else there would be a great disaster in the heaven realm.

From this, it could be seen that this mysterious rock was most likely a magical treasure that was controlled by someone.

This magic treasure could monitor her every move and transmit all the information that the master behind the scenes wanted to convey. At the same time, it could also better control her.

At this moment, the sudden appearance of this mysterious Boulder should be because it sensed that the spatial laws here were being torn apart by some kind of force.

In order to trap her, the mysterious rock had to kill Chen Xiaobei to prevent the spatial laws from being broken.

Chen Xiaobei finally saw a glimmer of hope.

who are you!?

Chen Xiaobei shouted at the mysterious rock, "I know you can sense everything here! See clearly! I am the direct disciple of the prime of Tongtian, Chen Xiaobei! If you kill me, I'm afraid you won't be able to bear the wrath of my master!"

"Whoosh ..."

As soon as he said that, the mysterious rock suddenly came to a stop and froze in the air. The terrifying Scarlet-golden flames also gradually extinguished.

"Heavens! The big rock actually listened to you! Big brother, you're so amazing!"

wow! Futian Xin 'er exclaimed, her big, watery eyes looking at Chen Xiaobei with admiration.

"Idiot! The powerful person is not me, but my master!" Chen Xiaobei smiled wryly.

Based on his divine-immortal level space law and the mysterious Rock's high level, Chen Xiaobei could tell that the other party was from the Empyrean.

Since he was from the heaven realm, he must have heard of sect master Tongtian's reputation. He also knew the temper of sect master Tongtian.

Sect leader Tongtian was famous for being protective of his disciples.

In the past, in order to protect his disciple, he had fought against four heavenly path Saints by himself.

Although he was defeated in the end, his loyalty, pride, and courage were enough to make the Three Realms sigh in admiration.

In the heavenly realm, even the primeval Lord of heaven would not dare to kill Chen Xiaobei in public unless he wanted all the chanzhen disciples to die with Chen Xiaobei.

In the earth-god Realm, there were restrictions of the laws of the Three Realms. Sect leader Tongtian couldn't cross the boundary at will, or the Dao ancestor would definitely punish him!

That was the reason why all the forces were so determined to kill Chen Xiaobei in the earth-god Realm.

Once he was in heaven, without the restraints of the dimensional laws, sect leader Tongtian would kill anyone who dared to touch Chen Xiaobei.

Therefore, the mysterious rock in front of him had stopped its attack because it was afraid of sect master Tongtian.

"Who are you? Why did you imprison her?"

Seeing that the other party did not dare to attack, Chen Xiaobei put away the northern Mystic prison painting, but he did not stop using his dimension-ripping ability.

Chen Xiaobei had decided that no matter who the enemy was, he had to save Fu Tianxin 'er.

"Chi ... Chi ..."

Soon, a wave of energy fluctuations appeared on the giant rock, and golden words shot out from its head.

Xuanji, Futian Xin 'er can't leave! This was her life's mission! Once he left, the heavenly realm would definitely welcome a catastrophe!

"Stop talking about these useless things! I've seen too many of these Bullsh \* t prophecies!"

what? " Chen Xiaobei said disdainfully, " why should a young girl have to bear your catastrophe for the rest of her life? Moreover, even if she doesn't leave, the immeasurable catastrophe is coming. What can the catastrophe you speak of count for?"

"Chi ..."

The words from before disappeared, and new words appeared on the rock.

The secrets of heaven must not be revealed! But you must believe me! I helped you before! In the future, I will also be an ally!

"You've helped me?" Chen Xiaobei frowned and thought for a moment. "Many people have helped me! How would I know who you are? How do we know if you're lying or not?"

buzz ... new words appeared on the huge rock.

I can provide you with some important information as a bargaining chip! As long as you don't take away Fu Tian Xin 'er! You can save your other two friends!

"What do you mean? Make yourself clear!" Chen Xiaobei's face froze, and his whole body tensed up.

Chen Xiaobei had always been a loyal friend, and he valued his friends 'safety more than his own life.

Qianqian, Chang 'e, and the celestial Hound have lost contact, and their lives may be in danger. Are you going to save them or not?

"What?"

Chen Xiaobei was shocked, 'you know where the goddess Chang' e and the celestial Hound are? Hurry up! Hurry up and tell me!"

Obviously, this question had been bothering Chen Xiaobei for a long time. He had been worried about it but no one could give him an answer.

After the conversation with tu xingsun, Chen Xiaobei realized that the celestial Hound might have gone to the ancient Barrens to hunt down some ancient alien race.

The ancient desolate land itself was extremely dangerous. In addition, the ancient alien race that needed Yang Jian to deal with it must be a Super Master.

Therefore, it was absolutely possible that the celestial Hound was in life-threatening danger.

In other words, the owner of the mysterious rock was not lying to Chen Xiaobei. This person might really know the truth.

Qianqian, if you want to know where Chang 'e and Xiao Tianquan are, you have to promise me that you won't take Futian Xin' er!

this ... Chen Xiaobei was caught in a dilemma.

On one side was Chang 'e fairy and the celestial Hound, and on the other side was the pitiful Xiu clan girl.

With Chen Xiaobei's personality, no matter which side he chose to give up, it would be equivalent to breaking his bottom line and even subverting his Dao heart.

Yingluo-don't hesitate anymore! Both Chang 'e and the celestial Hound were in danger! Only by leaving Futian Xin 'er behind can you save them! Furthermore, if Fu Tian Xin 'er stayed, she would be able to live a life without worry and even survive the immeasurable calamity! This was the best choice!

However, if you take away Fu Tian Xin 'er! Chang 'e, the celestial Hound, and even the entire heavenly realm would fall into a life-and-death calamity! Even Fu Tian Xin 'er might not be able to escape death! This was the worst possible choice!

"What you said makes sense ..."

Chen Xiaobei nodded but denied it, " "But I don't want to listen to you!"

Chen Zhufeng! You are a smart person! Don't make any mistakes in this matter!

“Of course I won’t!”

Chen Xiaobei said, “You taught Futian Xin ‘er and taught her Saint-tier cultivation techniques. You were worried that she would encounter danger when she left, so you wanted to protect her here and let her safely pass the immeasurable catastrophe! This is enough to prove that you care about her! Even love and care!”

Hearing this, Fu Tian Xin ‘er’s little face couldn’t help but reveal a complicated expression.

Just as Chen Xiaobei had said, other than preventing her from leaving, the mysterious rock had not done anything to harm her.

In other words, the owner of the mysterious rock must have an extraordinary relationship with Fu Tian Xin ‘er!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3262: permanent seal**

Teaching! Concern! Love!

That mysterious man was definitely not a villainous person! Even if they had to seal her, it was to make her safer!

Looking at Futian Xin ‘er’s pure and kind personality, one could even be sure that the mysterious person was a kind and gentle person.

Chen Xiaobei was confident that he would not have to make a choice.

“I must save Chang ‘e fairy and the celestial Hound! As for whether Futian Xin ‘er will leave or not, I will respect her choice!”

Chen Xiaobei made his stand clear.

Wufu can’t! You can only choose between the two options I give you! There was no third option!

It was obvious that the mysterious person had locked down Fu Tian Xin ‘er for an extremely long time and would not change his mind easily.

“Who Do You Think You Are? Why should I listen to you?”

Chen Xiaobei said, “I roughly know the whereabouts of the celestial Hound! I’ll also find someone to help me investigate Chang ‘E’s clues! As long as Fu Tian Xin ‘er wants to leave, don’t even think about stopping me!”

Yingluo, you brat, you’re just as unreasonable as your master!

It’s going to kill my heart! Think about it! You’re a kind girl, do you really want the heavenly realm to fall into a catastrophe? Death, destruction, and endless darkness! Is this what you want to see?

Obviously, the mysterious man could not convince Chen Xiaobei, so he could only try to persuade Fu Tian Xin ‘er.

After all, the little girl was pure and kind. Her pity for the common people might make her give up her freedom.

“Little girl! Don’t be nervous! Consider your decision!”

“If you stay here to protect heaven, that would be your greatest honor!” Chen Xiaobei said. If you want to leave, that’s your freedom and power! You don’t owe anyone anything, so why sacrifice yourself?”

It’s going to kill my heart! I hope you stay! The outside world was too dangerous!

“I ...”

Fu Tian Xin ‘er’s brows were tightly furrowed, and her gaze was extremely complicated. She was in a deep dilemma, unable to make a decision.

Chen Xiaobei was right, it was everyone’s right to pursue freedom! Fu Tian Xin ‘er was an independent individual, and she shouldn’t sacrifice her freedom for worldly possessions.

However, the mysterious man was right. If they left this paradise, they would have to face the evil world! Although he had freedom, he could lose his life at any time.

There was no doubt that the choice she had to make was much more difficult than Chen Xiaobei’s.

Choosing to stay was a selfless act of a Saint! Great! Glory! It was relatively safer!

Those who chose to leave were mortals who pursued freedom! Autonomy! Freedom! Self-improvement! But he had to face all the dangers!

Not to mention the fact that Fu Tian Xin ‘er was just a little girl who had never experienced the world, even a wise man with rich experience would find it difficult to make a decision.

There was a long silence.

Fu Tian Xin ‘er finally raised her head slowly and looked at the mysterious stone. “Although I don’t know who you are, I still want to thank you for your care and concern for me all this time! You’ve never harmed me! The choice you’ve asked me to make will definitely not be wrong ...”

Chen Xiaobei’s expression darkened.

A string of words filled with relief immediately appeared on the mysterious Boulder.

Yingluo, my good child! You really didn’t let me down! You’ve been very obedient since you were young! I knew you would make the right decision!

“No... I’m not done yet ... This time, I’m going to let you down ...”

Fu Tian Xin ‘er pursed her lips. Her tone was very calm, but it was filled with determination, “I’ve always listened to you since I was young, but this time, I want to make my own decision!”

just like how I stubbornly opened a space crack in the past. Even if I failed in the end, I at least tried the taste of failure!

“The outside world might be filled with danger ... But I still want to try something different. I want to see the darkness! Experience danger! To experience a catastrophe! I even want to taste the taste of death ...”

At this point, Fu Tian Xin ‘er’s Silver teeth were already tightly biting her lips.

It was obvious that this little girl had been locked up for far too long. She was filled with curiosity and yearning for everything in the outside world!

She yearned for the good and the bad!

No matter how terrible the outside world was, she still wanted to be free!

To her, saying such words required great courage! He needed to be extremely heartless! Once she said it, she would put her life into practice!

Yingluo, silly child! Who would think like you?

“Who said there isn’t!”

Chen Xiaobei’s gloomy face lit up, and his blood started to boil.

“When you see darkness, break it! When he encountered danger, he would overcome it! If one was trapped in a catastrophe, then the catastrophe would be quelled! Only after experiencing death will one feel more compassion for the common people!”

this is not a silly kid’s hypothesis. This is the path that all righteous men in this world must take to establish their own path! Chen Xiaobei said.

The mysterious man instantly fell silent.

Futian Xin ‘er looked at Chen Xiaobei with a complicated expression.

Chen Xiaobei’s simple words seemed to have a special power that struck the softest part of Futian Xin ‘er’s heart. It even created a strong resonance.

Because Chen Xiaobei’s words were exactly what Futian Xin ‘er was thinking!

A thousand gold is easy to get, but a bosom friend is hard to find!

The mysterious man had spent a long time with her, but he could not understand her true thoughts.

But Chen Xiaobei was able to see right through her. Not only did he say what she wanted the most, but he even elevated the result to another level!

What Fu Tian Xin ‘er wanted was freedom and growth!

Chen Xiaobei went one step further and pointed out the direction of her strength!

As long as Futian Xin ‘er could do what Chen Xiaobei had said, she would definitely grow into a God of justice who would show mercy to the world.

Instead of being imprisoned in this cage with pain and rebellion.

The mysterious man fell into deep silence.

As time passed, the cracks in the void opened bit by bit.

The crack was about to expand to the size that one person could pass through, but the mysterious man did not intend to let them go easily.

“Boom ...”

The Golden-red flames exploded again, and its power was enough to burn the sky and destroy the earth.

Chen Zhufeng! What you said makes sense, but I don't want Xiner to take the risk! Even if she hates me, it's better than watching her die!

“I know you're doing this for her own good! But since she has made her choice, you should respect it!”  
Chen Xiaobei's eyes were filled with determination.

Xuxu didn't get along well with him and didn't say much! Since you want to meddle in other people's business, I can only drive you out of this place!

“I don't need you to send me! I'll naturally take the girl away!”

Chen Xiaobei took out a magical item and held her hand with his right.

Yingluo, you can't leave! Divine level spatial law! Permanent lockdown!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3263: punitive expedition**

Divine level spatial law!

This was not a joke!

One had to know that laws were a kind of transcendent existence derived from heavenly Dao! It was definitely above all cultivation techniques, all special abilities, and all primordial spirit attacks!

Simply put, for this mysterious person to be able to grasp divine level spatial laws at his fingertips, he was probably at least a quasi-Sage level existence! Moreover, it was at least!

Once the God-level space law was added to this space, Chen Xiaobei's escape route would be completely sealed!

Even if the witch dragon's blood had reached 9-star divine tier and could tear apart the space laws of the same level, Chen Xiaobei did not have enough lifespan to sustain the consumption of the space-tearing technique.

It's over ... We can't escape ... Fu Tian Xin'er sighed. She had finally mustered up her courage, but in the end, was she still going to fail?

“No! We can walk!”

Chen Xiaobei was very confident because the special ability of his magical treasure had already been activated!

That's right!

This magic treasure was the sunlight cache.

Under the sunlight cache, one minute in the outside world was equivalent to one day inside!

Although it had only been two or three sentences, nearly an hour had passed under the sunlight cache.

And this period of time was enough for him to completely succeed in cracking the void.

In other words, without waiting for the deity level spatial law to completely descend, spatial rend had already torn open a spatial Rift that could be entered and exited freely!

"Swish!"

Chen Xiaobei held her hand and stepped into the crack.

Considering that she was already a half-step sky immortal, Chen Xiaobei sent her into the Meru space as soon as she entered the spatial turbulence. This was to prevent her from going to the normal space in the earth-god Realm and triggering the heavenly Tribulation.

Then, Chen Xiaobei was swept away by the spatial turbulence to an unknown destination.

"Boom boom boom ..."

At the same time, the mysterious Boulder in the independent space suddenly burst out a terrifying Scarlet-Gold Flame!

By right, after Chen Xiaobei and Futian Xin'er left, the fire on the mysterious rock should have been extinguished. After all, the person was gone, so there was no point in activating the terrifying power.

However, at this moment, the flames erupting from the mysterious Boulder were hundreds, thousands, or even tens of thousands of times more violent than before!

The huge rock instantly expanded to the size of a sun!

The terrifying alien flame released a heat wave ten thousand times stronger than the previous one. Everything in this space was instantly burned.

Crack ... Crack ... BOOM!!!

As time passed, the spatial barrier couldn't withstand the heat wave and began to crack. Finally, it couldn't hold on any longer and completely collapsed!

That's right!

This independent space was directly destroyed by the Crimson-gold heavenly flame!

In other words, the God-level spatial law that he had just strengthened would collapse at any moment!

One could only imagine how terrifying this Scarlet-gold heavenly flame was. It was even above God-level!

"Chi ... Chi ..."

As the space was shattered, the turbulence outside the space burst out without restraint.

The Golden-red 'sun' was also sucked into it and began to drift aimlessly. No one knew where it was going.

.....

"Uh ..."

This time, the turbulence only lasted for a short while. It was as if a mysterious force was guiding Chen Xiaobei to the nearest exit of the dimensional rift.

"Bang!"

Chen Xiaobei fell to the ground. He was surrounded by a deserted wasteland.

From the density of the surrounding spiritual energy, he could roughly judge that this should be a no man's land in the earthly calamity star sea.

It was also a planet in the endless sea of stars.

"That's great! Once I'm back in the real world, I'll be able to use the returning bracelet to return to bei Xuan faction. I'm finally safe ..."

Chen Xiaobei let out a sigh of relief.

But there was still one thing hanging in his heart, and he couldn't completely relax.

Chen Xiaobei immediately used his netherspirit battlescouter to check on his lifespan.

[ ding Yingying's cultivation base: peak stage of soul transformation ] [ year 584210, physique: 150 million, combat power: 1.5 billion, primordial spirit attack-sacred! ]

"?! He really used up 300000 years of his lifespan!"

Chen Xiaobei's heart ached. Was it easy for him to save up his lifespan? He had consumed so much in one go, even more than stepping on the peak.

Of course, Chen Xiaobei did not regret his decision.

After all, he was safe, and Fu Tian Xin 'er had finally escaped from her cage. She was about to walk towards a free future.

Chen Xiaobei had deep ties with the duos. As long as he could help Futian Xin 'er, the 300000 years of his life would be worth it!

Chen Xiaobei valued friendship more than anything else!

"I wonder if mother Nuwa is free? When the time comes, I'll ask her about the little girl. Perhaps, mother nūwa will be happy and give me a few more big red packets! Just thinking about it makes me happy!"

Chen Xiaobei took out his phone and wondered if he should send a message to lady Nuwa.

However, Chen Xiaobei had heard from Monkey King that goddess nüwa was listening to the Dao ancestor's lecture. He did not know when she would be free.

there's been no news from Monkey King's side. Maybe lady Nuwa hasn't come out from the ancestral Daoist's place yet ... Chen Xiaobei thought for a moment and was about to put his phone away.

[ ding! Nuwa has sent you a private message. ]

"Eh? Mother Nuwa is free now? Isn't this too much of a coincidence?"

Chen Xiaobei's eyes lit up and he laughed, "it's so good to be so lucky. I get whatever I want!

Chen Xiaobei was overjoyed, but when he opened the private chat, the reality was the complete opposite of what he had expected.

[ Nuwa: Chen Xiaobei! ] Who told you to meddle in other people's business? (Question)

Chen Xiaobei: Mother Nuwa ... What are you saying? I ... How am I a busybody?

[ Nuwa: who allowed you to take Xin 'er away? ]

Chen Xiaobei: The ... The mysterious person who controlled the Boulder was you, mother Nuwa? (Shocked)

[ Nuwa: yes! ] It's me!

"What ... What's going on?" (Nervous)

[ Nuwa: originally, the secrets of heaven can not be revealed! ] But you've already broken the heavens, so there's no harm in telling you about this!

[ Nuwa: actually, xiner is my daughter! ]

Chen Xiaobei: "When ... When did you get married?"

[ Nuwa: nonsense! ] How could I get married? (Angry)

Chen Xiaobei thought, 'uh ... I didn't know! If I've said something wrong, please don't take it to heart, mother Nuwa.

Nüwa thought, "Xin 'er is the same as Wukong. They were both born from the sky-mending divine stone!" But the difference is that the divine stone that gave birth to Xin 'er was soaked in my blood essence! Therefore, I see Wukong as my younger brother and Xin 'er as my daughter!

Chen Xiaobei: "I see ... It's a misunderstanding ... A misunderstanding ...

[ Nuwa: the reason I locked Xin 'er in this independent space was to protect her and also because she's the only one who can suppress primordial chaos demon ancestor! ]

Chen Xiaobei thought, primordial chaos demonic ancestor? (Shocked)

[\*\*Red Envelope Group of the Three Realms\*\*](#)

**Chapter 3264: wreaking havoc in the heavenly Palace**

[ Nuwa: primordial chaos demon ancestor was a super expert born in the chaos of the absolute beginning era. Before Dao ancestor became the first heavenly Sage, primordial chaos demon ancestor was on the same level as Dao ancestor and luohou. They were extremely powerful! ]

Nuwa said, "after Dao ancestor achieved Dao, primordial chaos demon ancestor was not convinced and secretly plotted to kill Dao ancestor!" However, she was never able to become a saint. In the end, she was discovered by Dao ancestor, who destroyed her cultivation and used a sky-mending divine stone as the core of the array to set up a Saint-level seal, sealing her forever!

Nuwa thought, "and this divine sky-mending rock has absorbed countless spiritual aura of heaven and earth over billions of years. Although primordial chaos demon ancestor is sealed, his power is recovering bit by bit!"

[ Nuwa: she's using a secret technique in an attempt to break the seal! ] Because she's a demon, the Dao ancestor gave me the task of guarding her! At that time, I didn't think too much and used my blood essence to strengthen the seal! Just like that, that piece of sky-mending divine stone gave birth to Xin 'er by accident!

Nuwa said, "in other words, Xin 'er is the incarnation of the sky-mending divine stone. She's also the core formation eye that sealed primordial chaos demon ancestor!" Taking Xin 'er away is the same as helping primordial chaos demon ancestor remove the seal! Once she descended to the heavenly realm, she would definitely set off an unprecedented catastrophe!

Chen Xiaobei: "uh ... I ... I don't know any of this ... If you had told me earlier, lady Nuwa, I wouldn't have acted so rashly. (Sweat pouring down like rain)

[ Nuwa: the secrets of heaven must not be revealed! ] All these years, I've treated Xin 'er as my daughter, but I've never dared to reveal my true feelings to her! If it wasn't for you messing around, these things would have been sealed away forever and no one would know about it!

Chen Xiaobei thought, 'that may be true ... But I still don't regret it!' The heart was a life! It was not a prop! She had the right to be free!

Nuwa said, "I've said it just now. Your words make sense!" However, the price of freedom was extremely high! Especially for Xin 'er! The price was even his life!

Chen Xiaobei: "don't worry, lady Nuwa. Since I'm the one who brought Xin 'er out, I promise you that I'll take care of her like my own sister. As long as I'm alive, I'll protect her!

[ Nuwa: I know you're a responsible person, but this matter isn't as simple as you think! ]

Chen Xiaobei: There was a hidden story behind this?

Nuwa: "the sealing array was personally set up by the Dao ancestor. Although you took the core of the array, most of primordial chaos demon ancestor's power is still sealed!

[ Nuwa: if primordial chaos demon ancestor wants to regain all his power and regain his freedom, he must kill Xin 'er! ] In other words, Xin 'er had become primordial chaos demon ancestor's mortal enemy from now on! The endless pursuit had just begun!

Chen Xiaobei: " if that's the case, then I'll quickly send Xin 'er to your side. Everything will be fine then, right? "

"Nuwa: no!" if Dao ancestor finds out that Xin 'er has escaped the seal, first, he'll question me. Second, you'll also be severely punished. Third, Dao ancestor might petrify Xin' er again and completely take her life!

Chen Xiaobei thought,"this ... Is the ancestral Daoist that unreasonable?"

Nuwa said,"the heavenly Dao is ruthless!" Xin 'er is the sky-mending divine stone, and I've said from the beginning that staying in the seal is Xin' er's lifelong mission! It was the mission that the heavenly Dao had given her!

[ Nuwa: that's why the Dao ancestor won't reason with you. He'll only firmly follow the will of the heavenly Dao! ] Let xiner continue to complete her mission! As for whether Xin 'er was a life or a stone, it didn't matter to the heavenly Dao or the Dao ancestor!

Chen Xiaobei: Was such a heartless thing the heavenly Dao?

"Nuwa: shut up!" You're not allowed to say such words again! 'I'm only able to see this. If it were to fall into the ears of others, you'd die without a doubt no matter how many lives you have!'

Chen Xiaobei: " thank you for your warning, Your Highness. I've learned my lesson. I'll be more careful with my words!

Nuwa said,"you're a smart person!" Since it had already happened, he had to think about how to protect himself! How could he protect Xin er!

Chen Xiaobei-I have tens of billions of merit points! Could he exchange it for a new array eye to seal primordial chaos demon ancestor again?

Nuwa thought,"the sky-mending divine stone is a sacred object!" Not to mention a mere ten billion, even a trillion merit points couldn't be exchanged!

Nuwa: " furthermore, primordial chaos demon ancestor has already shattered the sealed space and was swept into the spatial turbulence. I'm not sure where she's going! If it's possible, I'll go and catch her myself! As for the seal, I can only think of other ways ...

Chen Xiaobei: " that's all I can do for now ... If you need anything, just tell me. I'll do my best!

[ Nuwa: let's not talk about this anymore ... What I'm going to tell you next must be kept a secret! ] Otherwise, he would harm others and himself!

Chen Xiaobei: This disciple guarantees that I will not reveal a single word!

[ Nuwa: the celestial Hound followed Yang Jian and led 80000 celestial soldiers and celestial generals to the ancient Barrens to hunt down the Taiyin true deity! ]

Chen Xiaobei: (Shocked)

[ Nuwa: Taiyin true deity once formed an alliance with the Sorcerer tribe and fought side by side. He has long been regarded as a foreign tribe by the heavenly court! ] Taiyin true deity had been hiding very well, but his location had been calculated not long ago. He was probably being hunted down now!

"I understand ... I'll find a way to deal with this!" Thank you for telling me!

Nuwa: " as for Chang 'e, she was taken away by the Queen Mother of the West. She was supposed to be accepted as a disciple, but in reality, she was trying to control Chang' E's heart and use her against you in the future!

Chen Xiaobei, "what ... What should I do?" (Extremely nervous)

[ Nuwa: this matter is being carried out in secret within the heavenly court! ] Chang 'e is also a member of the heavenly court, so I have no chance or reason to interfere! You can only rely on yourself to find a way!

Chen Xiaobei, "this ... What can we do?" I can't just kill my way up to the heavenly realm and wreak havoc in the heavenly Palace, right?

[ Nuwa: you're right! ] This might be the only way to save Chang 'e ...

Chen Xiaobei thought, 'go to heaven? Wreaking havoc in the heavenly Palace? Even if I'm willing to risk my life, can fairy Chang 'e wait?

[ Nuwa: it should be possible! ] Because this matter had to be kept a top secret, the Queen Mother of the West didn't use too many people or too powerful methods to erase Chang 'E's original heart. It would take at least three months!

Chen Xiaobei: Can I ascend in such a short time? This ... This is too exaggerated, right?

Nuwa replied, "three months isn't a long time, but it's definitely not short either!" It's only been a little more than two years since you've grown from an ordinary teenager who had nothing to where you are today!

[ Nuwa: besides, after the sunlight cache is upgraded, your abilities in all aspects can be improved rapidly! ] As long as you have the heart, you will definitely ascend in three months!

Chen Xiaobei: I'll try my best to upgrade the sunlight cache and go to the heaven realm as soon as possible!

Chen Xiaobei: " but, the heavenly court is still the heavenly court. I've just ascended. How am I supposed to save them? "

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3265**

3265 A major problem

[ Nuwa: you don't have to consider this question now! ] No one could tell what would happen in three months! You might already have the ability to wreak havoc in the heavenly Palace, or you might have already died an unnatural death!

Chen Xiaobei: I will die? (Nervous)

[ Nuwa: no one below the heavenly path Sage can live forever! ] Besides, you're already surrounded by Tigers and wolves! You've taken away a large number of followers from Taoism and the tribe of humanity, so they must be preparing for a desperate counterattack to take your life!

Nuwa said, "Buddhism has always wanted to get luohou. Taiyi, Emperor Jiang, it's very likely that they're plotting against you behind your back!" Although I won't attack you in my demon sect! But there are some powers that I can't control! They should have already made a move on you! I'm also going for your life!

[ Nuwa: now, you've offended primordial chaos demon ancestor! ] If she wants to kill Xin 'er, she will definitely be your enemy! Her means will definitely make you have a 90% chance of survival!

[ Nuwa: finally, I have to mention the demonic sect! ] The Dao ancestor had recently gathered all the heavenly path sages to work together to deduce something! Mo Luo Wutian was about to lead the devil race out of the devil World and trigger a world-ending catastrophe!

f \* ck, so goddess nüwa wasn't listening to Dao ancestor's lecture, but calculating the matter of mo Luo Wu Tian!

what? " Chen Xiaobei suddenly became nervous. will they find out that I'm working with mo Luo Wutian? " If the Dao ancestor gets angry, I'll definitely lose my life!"

[ Nuwa: why aren't you replying? ] Could it be that he was frightened?

Chen Xiaobei: " no, I'm not scared. It's just that your information is a little too much. I need to digest it ...

Nuwa said, "hmm, your state of mind is indeed not bad!" He could still remain calm in the face of so many terrifying enemies! But I must remind you not to let your guard down. Underestimating the enemy will make you die a terrible death!

"Nuwa: especially the demons!" They were heartless, fickle, and might be laughing and joking with you one second before taking your life the next!

it seems that in the eyes of these heavenly path Saints, I'm still a small shrimp. They didn't even calculate my Affairs ...

'But, lady Nuwa's warning was exactly what I thought! The demon race could not be trusted, especially an ambitious person like mo Luo Wu Tian! In order to fulfill his ambition, he will definitely use any means necessary!"

Nuwa said, "alright, I've said what I needed to say!" Make your own plans. Every step from now on will be even more difficult for you! Of course, if you could overcome these tribulations, you would definitely become an unprecedented legend!

Chen Xiaobei: " thank you for your advice. I will remember it!

Chen Xiaobei put away his phone and calmed himself down. Then, he entered the Meru space.

At this moment, Futian Xin 'er was sitting in the garden of the poison immortal realm. She was extremely anxious. Although this was the result she wanted, she still didn't know how to face the unknown in the future.

When she saw Chen Xiaobei, her anxiety and worry were instantly dispelled. A sweet smile appeared on her slightly Haggard face, making her look extremely cute.

"Big brother! You've finally come!"

Fu Tian Xin 'er impatiently asked, " "Did we succeed? Have we reached the outside world yet? Can I go out now? I'm really looking forward to it!"

It was obvious that all of her worries and anxiousness came from the unknown.

If all these questions could be answered, she would be completely at ease.

"We have successfully arrived in the real world!"

but this is the human world. You are already a half-step heavenly immortal. Once you leave, you will be rejected by the laws of the human world and trigger the heavenly Tribulation!

"This ..."

Hearing this, Fu Tian Xin 'er's expression darkened, " "If that's the case, even if I change from the previous cage to this one, I still won't be able to obtain freedom ..."

"Don't be discouraged!"

Chen Xiaobei took out the verdant Emperor's divine gourd and said, " "There's a planet here with the demon race, devil race, ghost race, different plants, landscapes, and a blood bodhi seed! You haven't seen these before, have you?"

"Mm! I haven't even seen it before!" Fu Tian Xin 'er's eyes lit up, and she nodded her head like a curious baby.

"How about this, you can play inside now! Three months later, I'll take you to the heavenly Tribulation!" of course! Chen Xiaobei chuckled. also, if I go to a fun isolated space in the next three months, I'll let you come out and broaden your horizons. I won't keep you in the dark!

"Big brother! You're the best!" When Futian Xin 'er heard this, she was so happy that she instinctively hugged Chen Xiaobei's arm and rubbed her little head against his shoulder like a clingy kitten.

Chen Xiaobei looked at her lovingly. It was not bad to have such an innocent and cute little sister.

After that, Chen Xiaobei brought Futian Xin 'er into the verdant Emperor's divine gourd.

He immediately gathered the Golden-armored Spider Emperor, the seven demonic gods of hell, the five old turtles, and a few ghost slaves.

Chen Xiaobei had given them a mission, which was to bring Futian Xin 'er around the bloodspring planet to have fun and see things that she had never seen before! She had heard all kinds of anecdotes that she had never heard of before! Do whatever she wanted to!

Simply put, from now on, Fu Tian Xin 'er would be the little princess of the bloodspring planet! She was being pampered by Chen Xiaobei!

This way, for the next three months, Fu Tian Xin 'er would not feel bored or restricted. Most importantly, she would be completely safe.

After settling down Futian Xin 'er, Chen Xiaobei had nothing to worry about. He could now fully focus on the next three months.

Three months! To ascend to the heavenly realm! Wreaking havoc in the heavenly Palace!

This was Chen Xiaobei's goal, and something he had to do! Otherwise, Chang 'e would lose her heart and become Chen Xiaobei's mortal enemy!

.....

Chen Xiaobei activated the returning bracelet and returned to bei Xuan faction.

Chen Xiaobei had been away for almost ten days and a lot of things had happened in that time.

It was not an exaggeration to say that the entire situation in the earth-god Realm had undergone a huge change.

In the meeting hall of bei Xuan faction, Chen Xiaobei sat on the main seat.

Song Qincheng, Jiang Ziya, and old Wang, the three leaders of bei Xuan faction, were all present.

Moreover, all three of them had grim expressions, as if they had encountered some difficult problem.

Song Qincheng had the talent to become an Empress, Jiang Ziya was a top-tier general, and Lao Wang had mastered the demon God calamity curse.

The three of them couldn't deal with it even when they joined forces. It could be imagined that the problem was already extremely serious! It might even shake the foundation of bei Xuan faction!

Chen Xiaobei did not dare to be careless and asked, "Tell me, what happened?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3266: huge change**

"The main problem lies in the front line of the Nanzhan state!"

As the leader, song Qincheng stepped forward and reported the situation seriously. "First of all, the remaining forces of the Nanzhan state will form an alliance to fight against our beixuan Army! This is the exact same situation that the four Xiang Army of the nine Li ancient tribe encountered back then!"

"This is completely within my expectations!"

Chen Xiaobei nodded. Both mo Luo Wutian and lady Nuwa had reminded him that the process of unifying the earth-god Realm was a process that would affect the core interests of all parties.

Back then, the Jiuli ancient clan and the Blood Moon Swordmaster had been completely defeated by the various alliances in the process of unifying the Nanzhan state.

“However, with our current strength, we can definitely deal with it even if all the parties form an alliance, right?” Chen Xiaobei’s tone was calm, as if he already knew the answer.

They were Xiang Yu, Ying Zheng, Lu Bu, Zhao Yun, Nezha, Hong Hai ‘er, Lin Nan, little white, Sirius, and the nine core disciples of bei Xuan faction that he had promoted later.

All of them had reached the peak of the earth-god level, and they all had the high-tier earth-god instruments that Chen Xiaobei had given them. Not to mention fighting against a mere Nanzhan state, even sweeping across the entire earth-god Realm would not be a problem.

Of course, the prerequisite was that there were no reincarnated ancient Immortals involved!

Chen Xiaobei had already guessed that the reason why the battle at the front line was stopped was because of the reincarnated ancient Celestials. However, Chen Xiaobei still wanted to hear song Qincheng’s detailed report, so he asked the obvious.

“Right! Our power should have been invincible in the earth-god Realm! However, a group of strange peak earth Immortals got involved in the battle!”

“Not only do these peak earth Immortals have incredible primordial spirit abilities, but they also have a heaven immortal tool summoning talisman. Our Army was completely suppressed and even suffered a great loss!” Song Qincheng said in a deep voice. A few days ago, even our two sisters, Subhuti and Xuan Xin, had to join the battle!”

“What? Why didn’t you tell me that Subhuti and Xuan Xin are joining the battle?” Chen Xiaobei was worried.

“I wanted to contact you, but I couldn’t get through to your phone!” He said. Song Qincheng said.

yes ... Chen Xiaobei calmed himself down and said, “I was in the spatial turbulence a few days ago and I couldn’t contact them with my phone. How are they now?”

“You don’t say, but the strength of the two younger sisters is extraordinary!”

at the northern Battlefront, sister puti used Saint Duke’s divine light. Not only could she eliminate the enemy’s primordial spirit attacks, but her combat power was also far superior to her peers. She basically stabilized the situation! song Qincheng said.

on the southern Battlefront, little sister Xuan Xin’s Fire Phoenix bloodline is showing off its extraordinary power. Whether it’s her primordial spirit attack or her actual combat strength, she’s crushing her peers and has completely stabilized the southern Battlefront!

Song Qincheng’s tone and expression were a little excited. She was full of envy and admiration for Luo puti and Liu xuanxin.

However, they had only managed to stabilize the situation on the north and south sides. They were completely unable to advance!

“I’ll explain the situation on the battlefield!”

Jiang Ziya stood up and said in a deep voice, "I've personally gone to the north and south to check it out! If the enemy uses a summoning talisman, our Army can only form a battle formation to resist. It's hard to tell who's stronger!"

"When the enemy's general attacks, we can only send a peak earth immortal to fight! Although Subhuti and Xuan Xin's forces were superior, they couldn't withstand the siege of the enemy's Wolf Pack! Therefore, it's still hard to tell who's better!"

but Xiaobei, you planted a hidden chess piece in the dark. We know that the enemy has a higher level summoning talisman!

"Right now, the enemy is waiting for the best opportunity to use a high-rank immortal weapon summoning talisman to completely destroy our Army! This is also the problem that we are most worried about at the moment!"

Jiang Ziya had a thorough understanding of the situation. He did not miss out on any issues that needed to be investigated.

The danger of the situation was suddenly apparent.

Although the north and south battlefronts had entered a stable state, once the enemy launched a general attack, the two battlefronts could collapse completely at any time and be wiped out! Bei Xuan faction would never be able to unify the Nanzhan state!

"The hidden chess piece you're talking about, is it the demon vanquishing Vajra?" Chen Xiaobei asked.

"Yes, I am!" "he's a spy among the Buddhist faction," Jiang Ziya said. he's already given us a lot of important information. He's made a lot of contributions!

I see! Chen Xiaobei nodded and said, "looks like he's really loyal to me! Under such a dangerous situation, he still did not betray! The next time we meet, I'll definitely reward him well!"

"What should we do next?" Jiang Ziya asked.

"I will personally go to the front line and clean up all the obstacles!" "After this battle, there will be no more alliances in the Nanzhan state!" Chen Xiaobei said.

Everyone was shocked.

But as Chen Xiaobei's confidants, they knew Chen Xiaobei very well. Even though they were shocked, they had absolute trust in Chen Xiaobei.

"Xiaobei, you asked us to investigate the matter of Luzhou in Northern Kuru, and we've roughly investigated it!"

At this moment, old Wang stood up and said in a deep voice, "at first, nine nether platform was attacking heavenly Yin Hall from all sides and achieved a huge victory. They had almost taken over two-thirds of heavenly Yin Hall's territory!

"However, just as nine nether platform was about to welcome the final victory, Dragon God Palace, who had been biding their time, suddenly launched an attack! They were going to launch a sneak attack on

the nine nether platform from the back with all the soldiers of the country! He caught dugu zang off guard!”

“In order to protect the fruits of our victory, dugu zang Xian led an elite troop to resist the Army of the Dragon God Palace! And directly confront the North Sea Dragon God ao!”

that battle lasted for three days and three nights. Dugu zang Xian and ao hengkong’s heaven immortal artifacts had exhausted all their spirit energy, and the troops that dugu zang Xian brought were also completely wiped out!

“Just when dugu zang Xian was heavily surrounded and was about to die in battle, a strange Blizzard suddenly broke out on the battlefield! After that, immortal dugu zang disappeared without a trace ...”

Old Wang had obviously done a detailed investigation and knew the situation in Northern kuruzhou like the back of his hand.

after careful calculation, dugu zang Xian’s cultivation base hasn’t recovered to its peak. It’s impossible for her to have triggered the blizzard!

Chen Xiaobei furrowed his brows and thought to himself, “ “If it was someone else who saved immortal dugu zang, then is this person my Friend or Foe? Things are definitely not as simple as they seem!”

“Xiaobei, don’t worry about immortal dugu zang for now!”

Old Wang continued, “aparagodaniya also experienced a great change!” The force supported by Shen Gongbao had already swept across the heavenly Dragon sacred domain! Using a large amount of super heavenly dog biscuit, he controlled many of the higher-ups in the heavenly Dragon sacred domain and completely unified the heavenly Dragon sacred domain!”

“What? Shen Gongbao has unified the heavenly Dragon Holy domain?” Chen Xiaobei was shocked.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3267: unprecedented**

‘Unify!’

The meaning of these two words was not just the literal meaning!

Unifying the heavenly Dragon sacred domain, apart from the unification of the territory, also meant a complete end to the war.

This meant that Shen Gongbao would receive a huge amount of merit points and even a group of followers who blindly worshipped him.

Merit could allow Shen Gongbao to exchange for more super dog food, or even celestial Immortal Weapons and celestial immortal items.

The believers could help Shen Gongbao exchange for the heavenly halo and become more powerful than before.

All in all, Shen gongpao had been given a new life after he had unified the heavenly Dragon Holy region. He had turned from a stray dog that Chen Xiaobei had crushed into a formidable man who could once again threaten Chen Xiaobei.

This was not good news for Chen Xiaobei.

“It shouldn’t be ...”

Shen gongpao was completely defeated by me in the demonic remains. His body was destroyed. He escaped with the nine-toothed rake, which was almost out of spiritual energy! How could he have unified the heavenly Dragon sacred domain in such a short time?”

The Army of beixuan had been busy all this time! However, they had only taken down a few dozen cities! It was thousands of miles away from the sanctuary, which ruled over 30000 cities in a thousand territories!

Chen Xiaobei could not understand. Even if Shen gongpao had the nine-toothed rake and a large amount of super dog food, he could not possibly be so fast!

This was simply unbelievable!

if I’m not wrong, Shen Gongbao should have the support of the Buddhist League in the heaven realm!

Jiang Ziya said in a deep voice, “last time, Shen Gongbao betrayed the clan of enlightenment and joined the clan of Jie!” This time, the clan of enlightenment has stopped supporting Shen Gongbao, which means he has most likely joined Buddhism!”

“All the people in aparagodaniya believe in Buddha! If there was a decree from the Buddhist League in heaven realm, the people would completely accept and trust Shen Gongbao! Not to mention unifying the heavenly Dragon Holy domain, even unifying the West aparagodaniya continent is not impossible!”

Obviously, Jiang Ziya’s analysis made sense.

Everyone in aparagodaniya believed in Buddha, and a word from the Bodhisattva of heaven was countless times more effective than an imperial edict!

If Shen Gongbao really got the support of the Buddhist League in the heaven realm, it would not be strange at all for him to quickly unify the heavenly Dragon sacred domain.

Even though Jiang Ziya’s analysis made sense, Chen Xiaobei could not help but fall into deep thought.

That was because Shen Gongbao was fickle, sinister, and cunning.

Shen Gongbao was a disciple of the clan of enlightenment before the last infinite cultivation tribulation. Later, he betrayed the clan of enlightenment and joined the clan of severity.

Chen Xiaobei and the prime of Tongtian had analyzed it once.

Shen Gongbao’s betrayal might be because he joined the tribe of severity on purpose and became a spy for the tribe of enlightenment.

After the last immeasurable cultivation tribulation, sect leader Tongtian had warned his disciples not to go out and cause trouble.

However, Shen Gongbao kept stirring up trouble, and every time he encountered a strong enemy, he would find a way to ask the disciples of the tribe of severity for help.

Coincidentally, the disciples of the tribe of severity who were invited by Shen Gongbao did not end up well.

To put it simply, Shen Gongbao, the hidden chess piece, had caused trouble for himself and brought the disciples of the tribe of severity into the pit.

In fact, Shen Gongbao's contribution to the final victory of the tribe of enlightenment in the last immeasurable cultivation tribulation was great.

Because of this, Shen Gongbao was deified after the cultivation tribulation and returned to the clan of enlightenment. After Jiang Ziya was demoted, Shen Gongbao even replaced Jiang Ziya and became the spokesperson of the heavenly Lord Yuanshi.

Chen Xiaobei and the prime of Tongtian's speculation was basically correct.

With such a record, it was not strange at all for Shen Gongbao to join the Buddhist sect before the arrival of the immeasurable cultivation tribulation.

Then, here came the problem!

Did Shen Gongbao really want to join Buddhism? Or was he trying to harm Buddhism again? Don't the big shots of Buddhism know Shen Gongbao's character? Why did he still support Shen Gongbao?

Chen Xiaobei's heart was filled with questions.

The big shots of Buddhism were not fools. How could they help an ungrateful Wolf who could bite back at any time?

However, without the support of Buddhism, how could Shen Gongbao unify the heavenly Dragon Holy region so quickly?

"Xiaobei! No matter what you're thinking, no matter what's behind this, you must be wary of Shen Gongbao!"

"First of all, Shen Gongbao is cunning and ambitious!" Jiang Ziya said seriously. Secondly, he hates you to the bone! Once he had enough strength, he would further expand his influence! And his ultimate goal is definitely to fight you to the death!"

"Of course, I know that ..."

but I don't have the time to deal with Shen Gongbao right now! I have to deal with the problem in Nanzhan state first! Then, I have to upgrade the sunlight cache! We must race against time for everything!"

"Aren't you on good terms with the saintess of the three Holy nunnery?" "If you really don't have the time, you can ask her for help and see if she can find a way to deal with Shen Gongbao!" Jiang Ziya said.

alright, I'll talk to her about this later! alright! Chen Xiaobei said, " if there's nothing else, I'm going to head to the battlefield now!

The battle was urgent and Chen Xiaobei did not have time to rest.

"I'll go with you!" Song Qincheng suddenly said.

"No! You stay in bei Xuan faction and don't go anywhere!"

"The enemy is very strong, and one of them wants to capture you!" Chen Xiaobei said. If he goes to the front line, it will cause a huge change!"

Song Qincheng was a little worried, but out of her trust in Chen Xiaobei, she eventually nodded and said, " "Alright, I'll listen to you and stay in the sect ..."

After that, Chen Xiaobei called for Emperor Jiang and six-eared macaque. Then, they used the portal to head to Feng Yun Royal City, which was at the front of the northern Battlefront.

The commander of the northern Battlefront was Xiang Yu.

The strongest generals were Nezha, Hong Hai 'er, Lin Nan, and the four core disciples of bei Xuan faction.

In addition to Liu xuanxin, there were a total of ten peak earth immortal realm Warriors.

Without the intervention of the reincarnated ancient Immortals, this force was equivalent to the original top ten overlords of the earth immortal world and could be considered invincible.

But now, not only were there ordinary reincarnation ancient Immortals involved, but there were also many reincarnation ancient Immortals from various powers who had joined forces.

Currently, the number of reincarnated ancient Immortals on the northern Battlefront had already reached thirty.

If not for Liu xuanxin's help, the northern Battlefront would have fallen long ago.

In addition, there were less than three hundred million troops in the North, while the enemy's Army had reached an astonishing three billion! Furthermore, there were still reinforcements coming over, and the number was increasing every day!

Don't forget, the Nanzhan state has been at war for years, and almost every main city has a shocking number of troops.

In comparison, Videha was peaceful all year round, and even a force as strong as the Holy region only had a mere 100 million soldiers. This was the biggest difference.

It was also the biggest challenge that the beixuan Army was currently facing!

If they were not careful, the total number of enemy troops on the north and south Battlefront might exceed ten billion when the final battle broke out!

This would definitely be an unprecedented and unparalleled battle!

## Red Envelope Group of the Three Realms

### **Chapter 3268: striking first**

Once he arrived at Feng Yun Royal City, Chen Xiaobei immediately went to the front line.

Xiang Yu explained the situation in detail.

All of a sudden, almost all of the higher-ups were extremely anxious. They were not optimistic about this battle.

“No matter how we scheme, the situation is very unfavorable to us.”

the enemy is not weak,” said Xiangyu in a deep voice, “they also have a heaven immortal item summoning talisman to hold the fort. Most importantly, the enemy’s numbers are more than a dozen, or even dozens of times more than ours! We can’t think of a way to break out of this situation!”

Obviously, the higher-ups on the front line had already racked their brains for a way to break out of this situation. However, they had not been able to come up with a feasible solution until now.

Attacking, ambushing, dragging out the battle, and defending to the death were all unable to finish off the enemy.

To the higher-ups of bei Xuan faction, it was a dead end.

“It seems like we can only strike first!”

Chen Xiaobei thought for a moment and said, “The enemy already has a huge advantage. If we wait until they think it’s the best time, we’ll lose all chances of winning! Only by taking the lead and defeating them before they’re ready can we break out of this deadlock!”

As soon as he said that, everyone’s expression was still gloomy.

To the crowd, Chen Xiaobei’s method was easier said than done.

“Bro bei, you’re right, but the enemy is already fully prepared. Even if we attack first, we might not be able to deal any damage to them! If we don’t handle it well, we might even fall into the enemy’s encirclement and end up losing the rice instead of the chicken!”

Red Boy pointed out the drawbacks without any reservations.

From Red boy’s perspective, Chen Xiaobei’s plan was to deal the enemy a fatal blow before they were ready.

To put it bluntly, this was stealing chickens!

However, if they failed to steal the chicken and were surrounded by the enemy, they would have no way out. If it was not handled well, everyone who went out would not return.

“Don’t worry!”

of course! Chen Xiaobei smiled. I haven’t been slacking off all this time. I’ve upgraded all my trump cards! Without the enemy knowing, we can definitely catch them off guard!”

It was clear that Chen Xiaobei had upgraded all of his trump cards with the help of shield mountain's Ascension.

After that, he received six trillion upper spiritual stones from mo Luo Wutian. He was filled with unprecedented confidence.

The enemy was still unaware of all this. Chen Xiaobei's sudden attack would definitely make the enemy suffer a huge loss.

"Since bro bei said so, what do we have to be afraid of?" Nezha and Lin Nan had always admired Chen Xiaobei. Their blood was boiling and they were ready to fight, " "Bro bei! Go ahead! When will he make a move? We have no objections!"

"Yes, Xiaobei's decision will not be wrong!" Xiangyu had absolute trust in Chen Xiaobei.

we're determined to listen to sect leader's orders! The four core disciples of bei Xuan faction also nodded and made their decision.

Without a doubt, Chen Xiaobei had never let them down. So, as long as Chen Xiaobei gave the word, they were willing to risk their lives to follow him to the end.

Xiaobei, tell us your plan. We'll do as you say! Liu xuanxin supported Chen Xiaobei and asked him about the battle plan.

I'll leave first tomorrow. When I get behind the enemy, you guys will send your strongest forces to attack the enemy! Chen Xiaobei said. You guys just need to stall for time on the main battlefield. I'll go straight to the enemy's base!"

"Is ... Is this feasible?" Even though everyone had absolute trust in Chen Xiaobei, they could not help but feel worried when they heard about this plan.

"Xiaobei, it's too dangerous for you to go behind enemy lines alone. Why don't you let me go with you?" Naturally, Liu xuanxin was the most worried of them all. She insisted on accompanying Chen Xiaobei.

"How can we do that?"

"You're the most powerful person in bei Xuan faction in the northern Battlefront!" If you don't show up tomorrow, the enemy will immediately become suspicious. At that time, it will put me in even more danger!"

I understand ... Liu xuanxin was a smart girl. but I'm still very worried ... If anything happens to you, bei Xuan faction will be completely destroyed!

"Don't worry!"

I know what I'm doing, " Chen Xiaobei said. all you need to do is follow the plan!

"Bro bei, what should we do then?" Emperor Jiang and six-eared macaque were silent for a long time. Finally, they could not hold it in anymore.

The two of them did not want to miss such a big battle.

Emperor Jiang is hiding among the attacking team tomorrow. If you encounter any danger, use your special ability to resolve it and try to protect everyone!

as for Liu er, you're now in your nine-headed bug form. You have very strong healing abilities. You can also join the team. If anyone is injured, you can help them! Chen Xiaobei said.

bro bei, are you really planning to go behind enemy lines alone? " Emperor Jiang asked in a deep voice.

Even dijiang himself knew that it was too risky to do so. Even someone as strong as Chen Xiaobei could not guarantee his safety.

"If you're worried about Emperor Jiang, I'm relieved!"

of course not! Chen Xiaobei grinned. the enemy must be thinking the same thing as you. They must be certain that no one would dare to go deep behind their backs! In this way, the enemy's rear was the safest place! I have at least a 90% chance of winning!"

this ... everyone was shocked.

Although they could not imagine what Chen Xiaobei was going to do, they knew Chen Xiaobei's personality very well. They had been through life and death with him.

Chen Xiaobei was never one to show off! No matter how exaggerated his words were, he would definitely have the ability to fulfill them!

"Alright! Everyone, go and make your own arrangements! Tomorrow morning, all troops will attack!" As the commander, Xiang Yu gave the order.

The crowd dispersed, and only Liu xuanxin was stopped by Chen Xiaobei.

you're not thinking of ... Hehehe, are you? " Liu xuanxin's face reddened, and her chest thumped."Tomorrow is the final battle! You should be conserving your energy! I can't be distracted at this time ..."

"Pfft ..."

Chen Xiaobei laughed. "You little girl, what are you thinking about? It's simply too dirty!"

"Isn't what I think the same as what you think?" Liu xuanxin looked at Chen Xiaobei shyly.

Other people might not know who Chen Xiaobei was, but Liu xuanxin knew him very well.

Every time the two of them were alone, Chen Xiaobei would have no place to put his primal power. He would have to chit-chat a little before he could enter Sage Mode.

"I wanted to give this to you!"

Chen Xiaobei smiled wryly and shook his head. He took out the dark Demon bone saber and injected 3000 low-grade spiritual Jade into it.

this ... Liu xuanxin's face turned red. She was so embarrassed that she wanted to find a hole to hide in.

“Don’t be discouraged. Since you have such a strong request, I will definitely satisfy you! hehe ... Chen Xiaobei laughed evilly.

### Red Envelope Group of the Three Realms

#### **Chapter 3269: arrival of the great battle**

The Big Bad Wolf suddenly didn’t want to eat the little white rabbit, and it made the little white rabbit embarrassed.

Liu xuanxin did not know that Chen Xiaobei was not going to ... Hehehe. In the end, it was his own strong request! It was simply too embarrassing!

Of course, Chen Xiaobei was just trying to lighten the mood.

The little fun between the two of them had a different taste.

this is the mystic demon bone saber, a middle-stage one-star heaven immortal artifact!

Of course, Chen Xiaobei cut to the chase and said, “ tomorrow will be the decisive battle in the northern Battlefront. I’m worried that the enemy will be desperate and risk their lives. At that time, you’ll have a trump card in your hand, which will be convenient for self-protection and also for our members!

Without a doubt, Chen Xiaobei was not a lecherous person. With the war coming, he had a lot of things to think about. To be honest, he was not in the mood to have a good time.

“Alright, I got it ...”

Liu xuanxin quickly calmed down. The final battle was imminent, and it was not the time to be thinking about things.

Both the north and south Battlefront of bei Xuan faction were facing great resistance. If anything were to happen tomorrow, the northern Battlefront would immediately collapse, and the southern Battlefront would also be lost.

When that time came, it would be the time for bei Xuan to withdraw from the Nanzhan state.

He would never be able to hope for a unification.

Because of this, from Chen Xiaobei to every soldier, they had to take tomorrow’s battle seriously.

After that, Liu xuanxin left to rest and prepare.

Chen Xiaobei, on the other hand, could not rest for a moment.

There was still 810 billion upper-grade spiritual Qi left in the sky-imprisoning painting, and he did not need to replenish it.

The Dragon’s edge and the chaos Blood Sword were Chen Xiaobei’s main weapons. They had been replenished with 600 billion superior-grade spiritual Qi each, and could be used ten times each.

As secondary weapons, the nine lock Sky Net, the world-destroying banner, and the lunar divine Pearl each had 300 billion upper spiritual Qi injected into them. They could be activated five times each and could be used in battle at any time.

The earth escape immortal puppet was a support-type magical treasure, and it was only filled with 60 billion upper-grade spiritual Qi. It was guaranteed to be able to be activated once, and it would be enough if they needed to retreat.

Chen Xiaobei had used up 33600 low-grade spiritual jades, leaving him with 26400.

After he was done with the preparations, Chen Xiaobei summoned a few more powerful demons: Inferno spirit, Xuan po, Zi Yuan, reborn ghost king, and winter Witch.

They had all reached the peak of the earth immortal realm, and each of them had a strong special ability.

Even though Chen Xiaobei would be going alone tomorrow, these monsters could hide in the Meru space and help him at any time.

Other than that, Chen Xiaobei still had the demonic Crow King, the seven demonic Lords of Hell, and the Golden-armored Spider Emperor. They could attack at any time.

However, the waiter had devoured a small part of the underworld mountain's armor earlier and was still in a deep sleep.

As for the thirty million gold armored mysterious spiders, they had entered a special dormant state after absorbing a large amount of spiritual aura and life force from heaven and earth. They had not woken up yet.

All in all, Chen Xiaobei had given it his all this time.

After all, the victory or defeat of this battle would directly determine the future of the entire Nanzhan state!

Or to settle the situation with a single battle! Either we fight back to the time before liberation!

After he had prepared all his trump cards, Chen Xiaobei left the city alone in his Nightstalker outfit.

Chen Xiaobei had to make his way to the enemy's rear before dawn in order to coordinate with beixuan's Army in the morning.

.....

The sun rose from the East, and the sky brightened.

The Army of beixuan marched out of the city like a flood of steel.

Xiangyu, Liu xuanxin, Nezha, Hong Hai 'er, and Lin Nan, the four core disciples of bei Xuan faction, a total of nine peak earth level deities, were riding on their spirit beasts and leading the Army.

All nine of them had been following Chen Xiaobei since earth.

They had gone through thick and thin with Chen Xiaobei, and they did not even care about their own lives. Naturally, they would not doubt Chen Xiaobei's plan.

They had complete trust in Chen Xiaobei's plan. It was the highest order that they had to follow even if they had to die!

Of course, while the nine of them were on Chen Xiaobei's side, the 300 million bei Xuan soldiers behind them did not share the same sentiment.

Only a small number of soldiers who had eaten dog food would be 100% loyal to Chen Xiaobei.

Most of the remaining soldiers were recruited and trained later on. Although they were trained well by Xiang Yu, it was inevitable that some of them would be worried and anxious in the face of such a life-and-death battle. Some of them even exuded negative energy.

"Has general Xiang Yu gone mad? Our side is clearly at an absolute disadvantage, so why did he still order all of them to attack? If our side is defeated, we won't have any chance of turning the tables!"

"Not what if! If we charge forward like this, our side will lose without a doubt!"

"Yup! The enemy has many powerhouses, and their military strength is more than ten times ours! In a head-on confrontation, even if we attack with all our troops, it would be like an egg hitting a stone, completely seeking death! You're courting death!"

"Could it be that general Xiang Yu has been bribed by the enemy? He's deliberately leading us to our deaths so that the northern front will be completely open to the enemy!"

"It's very possible! After all, all the forces in the Nanzhan state had formed an alliance to fight against bei Xuan! Under such circumstances, even I would want to kneel and beg for mercy, let alone general Xiang Yu!"

everyone, be alert. When we reach the battlefield later, if the situation doesn't look good, we'll immediately run away. Staying alive is the best thing!

The negative energy was like a plague, spreading rapidly among the Army.

The morale of beixuan's Army had already hit rock bottom before the battle even started. Most of the soldiers 'will to fight would probably collapse before they even reached the battlefield, and some would even become deserters on the spot.

"A bunch of gutless cowards!"

At this moment, two young men dressed as soldiers made different sounds.

Only Chen Xiaobei and the nine leaders knew who these two young men were. No one else knew anything about them.

That's right, they were Emperor Jiang and six-eared macaque.

Chen Xiaobei had them hide in the team as two secret chess pieces. If necessary, they could catch the enemy off guard.

"The territories under the beixuan dynasty are completely tax-free, and the officials and rich merchants are all profiting! The people would also be richer! Other than that, bei Xuan faction also provided spiritual stones and resources out of their own pocket to help the poor! Renovation and construction of convenience projects! The rewards were clear and fair! Could all of this be fake? Your good days will come to an end when the beixuan Army is defeated!"

Emperor Jiang and six-eared macaque retorted. They wanted to boost their morale. They couldn't just watch the soldiers lose their will to fight.

However, the people around him didn't think much of it. Some even started to curse, "two new recruits, as innocent as idiots. What right do you have to preach to us?"

new recruit!?

Six-eared macaque wasn't happy to hear that. He was ready to start cursing.

"Calm down,"

Emperor Jiang was calm and stopped six-eared macaque.

In Emperor Jiang's eyes, the soldiers around him were no different from ants. He didn't need to argue with them.

"Everyone, listen up!"

Di Jiang composed himself and said, "this battle will be different from the past!" The real master of the beixuan dynasty has joined the battle. You should know how powerful he is!"

Clearly, Di Jiang wanted to use Chen Xiaobei's name to intimidate the people and boost their morale at the same time.

However, the soldiers had already seen how powerful the enemy was in the war. Subconsciously, they believed that the enemy had the absolute advantage in this battle and it was impossible for them to win.

In their eyes, no one could do anything to Chen Xiaobei!

"Bei Xuan faction's Zhufeng Zhenren is indeed a first-class master! But a ferocious Tiger can not defeat a pack of wolves! Was Liu xuanxin's Army Strong enough? But in the face of 30 peak earth Immortals, he still can't do anything!"

Obviously, the 30 peak earth Immortals that the soldiers were talking about were actually reincarnated ancient Immortals!

If they were ordinary earth level deities, Liu xuanxin would have no problem taking on 30 of them.

However, reincarnating as an ancient immortal was different. They all had the special ability of their primordial spirit, which started at the heaven immortal level, and there were even divine level existences.

Even someone as strong as Liu xuanxin had to be careful. If she was not careful, she might even be defeated.

"The enemy not only has many peak-level earth Immortals, but they also have a strong Army! An Army of three billion was enough to form 300 heaven immortal level battle formations! However, we only

have three hundred million people. Although the level of our battle formation is slightly higher, it is still very difficult for us to fight head-on!”

“More importantly, the enemy is still sending reinforcements. In today’s battle, the enemy’s numbers might reach four billion or even more! If we were to face them head on, we would lose without a doubt!”

“In this situation, it’s meaningless even if master Zhufeng joins the battle, unless he can bring back 300 one-star heaven immortal artifacts! But this is absolutely impossible!”

Without a doubt, the difference in military strength was also a huge problem that could not be ignored.

In the battle of Videha, the enemy’s Army of 300 million formed 300 celestial immortal-level battle formations. They were so powerful that they almost destroyed the Xuanyuan sacred region.

At present, the average strength of the soldiers of the Nanzhan state was not comparable to that of the soldiers of Videha. However, with a total of three billion people, they could at least form the same 300!

On the other hand, the average strength of bei Xuan faction’s soldiers was about the same as the enemy’s. With only three hundred million soldiers, they could only form thirty heaven immortal level battle formations.

By right, a difference of ten times was enough to wipe out the Army of beixuan.

Fortunately, bei Xuan’s four phases absolute kill formation was slightly stronger than other formations of the same level. In addition, the fire cloud heavenly evil battle formation weakened the opponent’s power.

Only then did the beixuan Army have the strength to fight.

But they were barely able to stop the enemy, and they were barely able to do so.

If what the soldiers said was true, the enemy’s numbers would increase drastically, and the beixuan Army would be crushed. They would have no chance of winning.

And this was the result that the soldiers feared the most.

In the soldiers’ eyes, Chen Xiaobei alone could not change the situation.

“No! Even if master Zhufeng brought back 300 heaven immortal items, it would be a waste of time! Don’t forget, the enemy had a summoning talisman, a heaven immortal artifact! Moreover, it’s said that there are already high-grade celestial talismans, and they will be used when the time is right!”

“Yup! Once the high-grade celestial talisman was used, even if Zhufeng Zhenren came back, he would be dead! Let’s just run! Where there’s life, there’s hope!”

you’re right. Let’s run ... Although master Zhufeng has been very good to us, and our lives have been much better under bei Xuan faction’s rule ... If we lose our lives, how can we be happy? ”

that’s right ... We’ll remember your kindness ... But we don’t want to die. Even if the days ahead will be tough, at least we can keep our lives ...

Sounds of despair spread out once again! Morale and morale were still rapidly crumbling, and a mutiny might occur at any moment. Before the battle had even begun, the soldiers had already begun to flee.

However, they could not be blamed.

Even ants could live, let alone a living person?

They all knew that Chen Xiaobei was very good to them. They were very happy under bei Xuan faction's rule, and they would be even happier in the future.

However, if he lost his life, everything would lose its meaning. How could he still talk about happiness?

Furthermore, most of the soldiers had parents, wives, and children.

They just wanted to live, and this kind of thinking was absolutely reasonable.

Even if the days ahead would be dark, even if the hardships could not be dispelled, they still wanted to live.

Emperor Jiang and six-eared macaque felt the same way. They didn't know how to persuade them. The prophecy seemed to have lost its effect. If Emperor Jiang said one word, the soldiers around him would say a hundred, a thousand words!

At this moment, perhaps only the truth could change the soldiers' minds, pull them back from despair, and reignite their fighting spirit!

"BOOM! BOOM! Boom ..."

At this moment, a series of explosions suddenly sounded from the front of the Army!

30 streaks of peak earth-god level power shot toward them like a meteor shower!

Seeing this scene, the soldiers "panic escalated." "Did you see that? We've already said that the enemy is fully prepared! They are waiting for us to walk right into their trap!"

"Woof! Buzzzzzz! Yi ..."

The next moment, nine figures rose into the air. They were the nine generals of the northern Battlefield.

The nine of them faced off against thirty without the slightest fear, and they would not retreat in the slightest.

The Golden Overlord celestial body appeared on Xiang Yu, Nezha with three heads and six arms, Hong Hai 'er with the Samadhi fire spirit celestial body, Lin Nan with the fiery hair and six arms celestial body, and the remaining four core disciples of bei Xuan faction all released their powerful celestial bodies.

These eight people spread out and chose to block the enemy's primeval essence on the left and right sides. Each person blocked one without any effort and was very stable.

"Hiss!"

At the same time, a Phoenix's cry resounded through the world.

A pair of fiery phoenix wings that spanned 10000 meters appeared behind Liu xuanxin!

The flames were extremely condensed, and they looked like real feathers. They were bright and resplendent, and they exuded the might of a King.

The divine Phoenix bloodline burst forth, and he faced twenty-two attacks of the same level as if he were the king of the world.

Chen Xiaobei's witch Dragon bloodline was derived from a single drop of witch dragon blood. However, Liu xuanxin's divine Phoenix bloodline came from the genuine heart of the fire Phoenix.

At her current level, Liu xuanxin's bloodline was even stronger than Chen Xiaobei's!

So what if there were 22 of them?

They were still crushed!
