

## Envelope 3291

### Red Envelope Group of the Three Realms

#### Chapter 3291

3291 Half of the country

“Yes ...”

“As long as you give me back my arm, I can give you the two-star heaven immortal item that I just used ...” The unlucky heavenly soldier wailed.

“Heh, do you think I’m stupid?”

that attack just now did not have a Dharmakaya. It was as simple as a normal ethereal force! Chen Xiaobei sneered. If I’m not wrong, that’s the true essence you casually sent out!”

“This ...”

The unlucky heavenly soldier was at a loss for words. After a moment of silence, he said awkwardly, “that’s right. The attack just now was my vital essence, but I do have a two-star heaven immortal item in my hand ... I’m not lying to you ...

“You’re not lying to me. I don’t want it either!”

“Heavenly Lord Yuanshi is so powerful!” Chen Xiaobei shrugged. Even he didn’t dare to bring a two-star heaven-immortal artifact to the human world! You’re just a small heavenly soldier. Do you have the guts? If you really gave me a two-star heaven immortal artifact, I have every reason to suspect that you’re digging a hole for me to jump into!”

“Bro bei, you’re so smart!”

Emperor Jiang couldn’t help but give him a thumbs-up.”The appearance of a two-star heaven-immortal artifact in the human world will definitely alarm the heavenly Lord Yuanshi and even the Dao ancestor! By then, not only will you not be in a good position, you might even have to bear the consequences!”

“Now that you’ve mentioned it, you’ve reminded me!” what if he continues to frame me for breaking into the heavenly realm and break his arm? what should I do? ” Chen Xiaobei asked.

bro bei, don’t worry! I’m a witch!

Emperor Jiang sneered and said to the gate of heaven realm, ” “Little heavenly soldier, listen up! I am Di Jiang, the leader of the 12 Wu tribes! You should have heard of the Killing Curse of our wizard clan! I have your flesh and blood in my hands, so I can cast a curse directly! If you dare to harm bro bei, I’ll make sure you die without a burial place!”

my God...You... You’re Emperor Jiang, the leader of the ancient non-humankind!?

The unlucky heavenly soldier gasped and said with a trembling voice, ” “I don’t dare ... I definitely don’t dare ... I don’t want my arm anymore ... I don’t want it anymore ...”

Obviously, everyone in the heaven realm had heard about the situation of the winter solstice festival. There was no need for this unlucky heavenly soldier to doubt Emperor Jiang's identity.

After a series of wails, the remaining gap in the gate of heaven realm was completely closed.

Without a doubt, this unlucky heavenly soldier was really scared out of his wits by the name of Emperor Jiang.

After all, in the heaven realm, the heavenly court had been instilling the terror of the Wu tribe in all the races, branding the Wu tribe as an unpardonable evil alien race that could even destroy the heaven realm.

Because of this, the people of the heaven realm had been brainwashed by this kind of thinking since they were young, and they were afraid of the Sorcerer tribe from the bottom of their bones.

Moreover, Emperor Jiang was not an ordinary member of the Wu tribe. He was the head of the twelve ancestors of sorcery.

A mere heavenly soldier guarding the gate could only be frightened out of his wits.

"Done!"

of course! Di Jiang smiled and said, " this unlucky celestial soldier is smart. He wouldn't be so stupid as to frame bro bei for his own life! This matter is basically over!"

Chen Xiaobei nodded, adjusted his mood, and said, " "This matter is over. It's time for the southern Warzone to stop fighting!"

"Whoosh ..."

Chen Xiaobei took out the verdant Emperor's divine gourd and released the 4.3 billion soldiers that he had just kept inside.

"How did we get out? What about the heavenly Tribulation? Has it ended? Where are the other enemies?"

"Do you still need to ask? It must be master Zhufeng who took care of the heavenly Tribulation, killed the enemy, and protected all of us!"

"Heavens! Zhufeng Zhenren is too awesome! Such a dead end could actually be reversed! It's simply godly!"

"Zhufeng Zhenren, you're so cool! Mighty, domineering, and invincible!"

thank you, master Zhufeng, for saving our lives ... Thank you, master Zhufeng, for putting an end to this war ... You're our new parent ... Even my entire family's new parent ...

thank you, master Zhufeng ... Thank you, master Zhufeng ... Long live master Zhufeng ...

In an instant, extremely excited cries rang out in the entire space.

Everyone admired Chen Xiaobei from the bottom of their hearts because Chen Xiaobei had defeated the heavenly Tribulation and eliminated the strong enemy!

They were all grateful to Chen Xiaobei for saving their lives, ending the war, and protecting their families!

[ you have gained 4.6 billion new believers! ] The total number of believers was 94.6 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

Almost everyone in the room had become Chen Xiaobei's new followers.

Back at the northern Battlefield, Chen Xiaobei had spent four billion high-grade heavenly dog biscuits to convert the enemy into believers.

But here, Chen Xiaobei did not even say a single word. He had won everyone's faith with his strength and good deeds.

It was clear that justice was in the hearts of the people!

Any normal person would know who was right, who was good, and who was worth believing in!

[ding! You have ended the war. You have been rewarded with 1000 billion merit points!]

[ding! You have protected the people of the world. You have been rewarded with 1000 billion merit points!]

[your current merit points are 10117.67 billion.(Charm: 1011.767 billion, luck: 1011.767 billion!]

[ding! Congratulations! You have been promoted to the sixth human Emperor!]

Then, the merit also came, and Chen Xiaobei's Emperor-level was also successfully promoted.

Ten trillion merit points!

another billion high-grade heavenly dog biscuits!

Of course, even though he felt good, Chen Xiaobei still had to think about the future calmly.

[ding! You have successfully exchanged for a merit point. 1 billion merit points have been deducted!]

[your current merit points are 1011.67 billion.(Charm: 1011.167 billion, luck: 1011.167 billion)!

After the exchange, Chen Xiaobei put the dog food into an empty storage bracelet.

Then, he handed the storage bracelet to Ying Zheng.

At the same time, the commander-in-chief of the army was also handed over to Ying Zheng.

Just like the northern Warzone, the southern Warzone would be led by Ying Zheng, and they would be able to conquer the entire Northern Warzone in the shortest time possible.

The reason why Chen Xiaobei gave Ying Zheng one billion Yuan of dog food was to control some of the important figures who refused to obey Him during the unification process.

Bei Xuan faction now had a total of 8.6 billion troops under their command, which was almost eighty percent of the total military strength of the entire Nanzhan state!

In other words, Xiang Yu on the northern Battlefront and Ying Zheng on the southern Battlefront would crush them with an absolute advantage in numbers.

With the help of dog food, some important people were under control, and the follow-up actions would be twice as effective with half the effort.

Back then, Xuanyuan tuohai had promised to integrate the Jade Mirage sacred territory and the gods sacred territory within three months.

And at this moment, Xiang Yu and Ying Zheng would probably completely unify the entire Nanzhan state within three months!

By then, Chen Zhufeng of North Mystic would have two of the four continents!

Half of the country was under his control!

.....

While Chen Xiaobei was planning for the next move, Di Jiang called six-eared macaque over.

### Red Envelope Group of the Three Realms

#### **Chapter 3292: reverse thinking**

“What are you two talking about?”

After Chen Xiaobei was done with his arrangements, he went to Di Jiang and six-eared macaque. He was curious as to what important matter they had that they could not wait for so long.

” I was just asking six-eared macaque about the nine-headed bug’s yuan Shen abilities! Di Jiang replied.

Nine-headed bug’s ability? ” Chen Xiaobei was a little worried. “Is anyone hurt?”

one must know that the six-eared macaque had asked to become a nine-headed bug because it wanted the nine-headed bug’s yuan Shen power.

Back then, the nine-headed bug’s head was bitten off by the celestial Hound. After it escaped, it used its essence Spirit’s special ability to not only not die, but it grew a new head.

It was like a lizard’s tail, which could grow back after being cut off.

As soon as Di Jiang finished his sentence, Chen Xiaobei’s first thought was that someone was injured.

“No! No one is injured!”

Emperor Jiang shook his head and said with a faint smile, bro bei, didn’t you get an arm from that unlucky celestial soldier? ”

that’s right ... Chen Xiaobei nodded.”But, what does the sky immortal arm have to do with the nine headed bug’s primordial spirit power?”

Six-eared macaque couldn’t help but say,”I didn’t know it had anything to do with this at first!” Old brother dijiang is still the most awesome! To think that he could think of a method that no one has ever used before!”

“Don’t keep me in suspense! Hurry up and tell me! What’s going on?” Chen Xiaobei asked impatiently.

Emperor Jiang smiled and said, “the nine-headed bug’s power can regrow limbs!” Then, if I use this ability in reverse, wouldn’t I be able to regrow a complete body from the broken limb?”

this ... This ... This ... Chen Xiaobei’s pupils constricted and his scalp went numb.

If Emperor Jiang’s vision could be realized, it would be equivalent to creating a two-star heaven immortal!

No!

To be more precise, it should be a two-star heaven immortal’s body.

This way, Chen Xiaobei and anyone else on his side could use the nascent soul to control this body.

Although he only had a physical body and no cultivation, a two-star heaven immortal’s physical body could perfectly withstand all damage below the two-star heaven immortal realm. His defensive power could definitely suppress the entire earth-god Realm!

Moreover, just one arm was a hundred meters long.

It could be estimated that the complete body of this heaven immortal with the mighty miracle God bloodline could reach a height of two to three hundred meters.

It was like a moving fortress that could ignore all attacks below the two-star heaven immortal realm! He was domineering and could destroy everything.

Just thinking about it made him feel great.

“Can this idea be realized?”

Chen Xiaobei looked at six-eared macaque excitedly. His answer would determine the outcome of this.

“Of course you can!”

“It’s just that my cultivation level is too low right now,” six-eared macaque said with a smile. “A two-star heaven-immortal level body is a level-skipping recovery for me! Therefore, it will take a lot of time!”

“After all, primordial spirit abilities need to be activated by mental power! After my mental energy is exhausted, I have to rest for a long time before I can recover ... So, by a conservative estimate, it will probably take ten years to perfectly reincarnate this heaven immortal’s body and soul!”

Ten years?

If an ordinary person heard this answer, they would definitely give up on this plan immediately.

But it was clear that Chen Xiaobei was not an ordinary person.

“Ten years, 3650 days, under the sunlight cache, it’s 3650 minutes! That was close to the normal 61 hours! The time is completely acceptable!”

“Besides, I can make the Wuji soul-essence pill, which can help me recover my mental power quickly!”  
Minus your rest time! I’m afraid it’ll be completed successfully in less than 20 hours! It’s easier to loosen it!”

Others would have to spend ten years!

But for Chen Xiaobei, it had only been less than a day.

What did it mean to cheat?

This was called cheating!

Six-eared macaque and Emperor Jiang both said, ” “Action is better than action. Let’s start!”

Chen Xiaobei nodded, and the three of them entered the verdant Emperor’s divine gourd.

.....

Chen Xiaobei asked the five old turtles to activate the sunlight cache, then took out the heaven and earth smelt and gave the divine arm to six-eared macaque.

As for the celestial immortal’s blood, it was still preserved for future use.

“Whoosh ...”

Six-eared macaque had already turned into a nine-headed bug, so he could use his primordial spirit powers without any difficulty.

With the rapid consumption of spiritual power, bones, tendons, muscles, skin began to grow at a speed visible to the naked eye at the place where the arm was cut off.

It could be seen that the nine-headed bug’s ability was really strong, and its level was definitely much higher than a two star sky immortal.

If the nine-headed bug’s ability was lower than this, it wouldn’t be able to regrow this body.

Of course, although the nine-headed bug’s ability was strong, it consumed mental power very quickly.

After a while, six-eared macaque’s mental power was completely depleted. Luckily, Chen Xiaobei had some limitless soul-essence pills with him, which he gave to six-eared macaque.

At the same time, Chen Xiaobei began to use the green jade cauldron to make a new batch of Wuji soul essence pills.

In this way, a virtuous cycle was formed.

Six-eared macaque consumed the pills while Chen Xiaobei concocted the pills. The whole process was seamless and did not waste any time.

In fact, in less than 20 hours, the unlucky heavenly soldier’s body had been perfectly reborn.

It was just as Chen Xiaobei had predicted.

This body was 300 meters tall, and its muscles were as sharp as rocks. It looked like a small mountain lying on the ground.

Looking at his appearance, his red hair was like fire, his eyes like a tiger, and his beard was also fiery red. He was very wild and domineering. He was used to guard the heaven Gate to ensure that any monsters and demons would avoid him.

“Perfect!”

Six-eared macaque was very satisfied with his work. “I was worried that bro bei would waste 50 billion upper spiritual stones to become a nine-headed bug! Now, he had taken care of this big guy! It’s definitely worth it to spend 50 billion!”

Back then, the six-eared macaque wanted to turn into a nine-headed bug to help the injured members of bei Xuan faction recover.

However, bei Xuan faction did not have any injured members. This made the six-eared macaque feel very awkward.

Chen Xiaobei had spent 50 billion upper spiritual stones to transform but he did not help at all. That would be embarrassing.

Six-eared macaque finally let out a sigh of relief.

50 billion upper-grade spirit stones to buy a two-star heaven immortal’s soul was a huge profit!

“He has a body now ... But where can we find such big clothes for him?”

Chen Xiaobei and Di Jiang stood aside, thinking hard about the misunderstanding.

A body as large as a mountain was lying on the ground, completely naked.

That scene was simply too embarrassing!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3293**

3293 Get involved as soon as possible

“Clothes are indeed very important ...”

“Embarrassment is secondary,” Emperor Jiang said in a deep voice, “the key is that clothes can play a certain defensive role! It’s easy to get a piece of cloth to cover up your embarrassment, but the difficult part is to find a high-level earth immortal-grade combat suit, or even a heaven immortal-grade combat suit!”

Obviously, although a two-star heaven immortal’s body was strong, if he could find a fitting magical armor, he would be like a tiger with wings, like a fish in water.

“Battle armor?”

Chen Xiaobei was surprised. “I do have 108 sets of broken Saint Seiya battle suits ... But the size is definitely not enough for this big guy ...”

“Saint Seiya’s battle suit?”

“Are you talking about the Saint seiyas in Western mythology?” Emperor Jiang asked immediately.

“Yeah! You know their legend?” Chen Xiaobei was excited.

I’ve heard some of it in the land ... Emperor Jiang nodded and said, “ Western mythology originated from the Western religious sect. It was a force of the heaven realm that slowly formed after hundreds of millions of years after the destruction of the untainted land!

“Heaven realm’s forces?”

but ... Chen Xiaobei frowned and said, “ the combat suits I have are all earth-god grade ... Oh, right! I also found a golden staff that was broken into three pieces in the Treasury of the temple of the gods!”

according to the myths and legends on earth, the original owner of this golden staff was most likely the goddess of wisdom of the West, Athena!

As he spoke, Chen Xiaobei took out the long staff and some Holy garment boxes.

“Right! This staff is Athena’s!”

I heard in the earth realm that the Western divine Palace of the heaven realm once selected a saintess from the human realm and let her spread the orthodoxy of the divine Palace in the human realm, ” Emperor Jiang said in a deep voice.

“This staff is a peak earth-god instrument! And there were a total of 108 boxes of Holy cloth! It was also brought here by Athena from the heavenly realm!”

when the earth-god Realm was just formed, Athena traveled around with a long staff and a Holy garment box. From the new human beings in the earth-god Realm, she selected 108 Saint seiyas!

the Saint Seiya’s duty is to protect Athena and spread the teachings of the Western divine Palace with her. They will establish the Western divine Palace and recruit believers!

Emperor Jiang explained the history clearly.

according to what you said, Athena should be the founder of the temple of the gods? ” Chen Xiaobei asked.

“No...”

No. Emperor Jiang shook his head. the temple of the gods appeared several billion years later than Athena. They’re not from the same era at all!

“Strictly speaking, the temple of the gods should have inherited the orthodoxy of the western shrine! As for the Western gods that came later, they were pitifully weak, far worse than the 108 Saint seiyas of that time!”

I see ... Chen Xiaobei nodded.

It had been trillions of years since the formation of the Earth-god Realm. The era of the Saint seiyas could be considered the ancient period of the earth-god Realm.

At that time, the earth-god Realm was rich in resources and spiritual Qi. The ancient cultivators were naturally more powerful.

Trillions of years had passed, and the resources and spiritual Qi of the earth-god Realm had been greatly consumed. At the same time, the history, civilizations, and secret Arts of various forces and races had gradually been lost, which eventually made the immortal cultivators of later generations more and more inferior.

Because of this, Chen Xiaobei had killed all the gods in the temple of the gods. Poseidon, the god of the sea, had become Chen Xiaobei's servant and was no longer as glorious as he used to be.

"Back to the main topic!"

it's a Saint robe, " Di Jiang said seriously. these Saint robes have a special feature. They will automatically change their size according to the body shape of the wearer! There were men and women, old and young, among the 108 Saint seiyas back then, and the Saint Cloth automatically adapted to their body sizes!"

you mean, as long as we can repair these Saint robes, we can automatically adapt to this big guy's body?  
" Chen Xiaobei asked.

"I don't think ... It's a repair!"

After a moment of self-confidence, Emperor Jiang said, " "These Saint Cloth boxes still have spirituality, but it's intermittent, and I can't communicate with them smoothly! I don't think they're damaged, but they're being interfered with by an external force and can't be used normally!"

"External interference?" Chen Xiaobei was stunned. "What kind of power would it be? How can I get rid of this power?"

I don't know. Emperor Jiang shook his head. if we can find the people of the Western divine Palace, we might be able to find some clues from them!

"The Western divine Palace ..."

Chen Xiaobei frowned. according to what you said, Athena and the 108 Saint seiyas are existences from trillions of years ago. I'm afraid that it'll be harder than finding a needle in a haystack to find anyone related to them!

"Yup ..."

Emperor Jiang nodded and said, " I'm just saying. If it really doesn't work, we can think of other ways. Anyway, these Saint Cloth boxes are only earth-god level, so it's useless to restore them to normal!"

hmm ... I guess that's the only way ... Chen Xiaobei nodded and kept the staff and the Holy garment box. He also put away the celestial immortal physique.

"Right now, the battle between Videha and jambu is basically under our control! The military forces and territory are in our hands, so the other forces can forget about interfering!"

alright! Chen Xiaobei calmed himself down and said, " next, I'm going to change my target to Luzhou of the North and aparagodaniya of the West! These two states have already fallen into a war. I must get involved before the enemy takes control of them!"

Obviously, military strength and territory were the most important factors!

Just like Videha and jambu, Chen Xiaobei had control over most of the military forces and territories. The enemy could no longer interfere.

Once aparagodya and kuruzhou were under the enemy's control, it would be extremely difficult for Chen Xiaobei to intervene.

The heavenly Dragon Temple, one of the top forces in aparagodaniya, had been taken over by Shen Gongbao. Moreover, Shen Gongbao might have the support of the Buddhist sects in the heaven realm.

The Dragon God Palace of Northern kuruzhou suddenly launched a sneak attack on the nine nether platform. There must be a force from the heaven realm behind it.

If Chen Xiaobei did not act immediately, it would not be long before he lost his chance to intervene in these two states.

"It just so happens that two of the remaining four Forbidden Lands in the earth immortal realm are in the northern kuruzhou and the other two are in the Western aparagu continent! If I'm not mistaken, the Holy eternal water and the sun Emperor crystal can be found in the four forbidden areas!"

yes! Chen Xiaobei said, " now, Zhurong and Gonggong are both in my hands. Once I find the two divine items, I can find a way to subdue them! As long as I can find the candle Dragon and subdue the divine sand of time, I can start to strengthen the sunlight cache!"

"By then, the green Lotus seed of chaos and the divine blood Bodhi tree will be able to grow rapidly! I can also refine my body rapidly. Even if my cultivation is slow, at least I have a super strong body! I'm not even afraid of the heavenly Tribulation!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3294**

3294 The mountains of heaven's keep

After that, Chen Xiaobei, Emperor Jiang, and six-eared macaque left the verdant Emperor's divine gourd.

Chen Xiaobei even came up with a bold idea. He wanted to take out the Dragon whip and see if he could regrow a real dragon's soul.

but it was obvious that the Dragon whip had already gone bad after being soaked in the wine, not even a single cell could be found. No matter how strong the nine-headed bug's ability was, it couldn't be used.

What's more, the nine-headed bug's ability wasn't unlimited.

First of all, his special ability was at the seven-star heaven immortal level. Any physical body higher than this level would have no special ability.

Secondly, to reincarnate the physical body, one must at least have a drop of blood or a living cell. If you randomly pick up a bone or a dried corpse, you can't be reborn.

Moreover, he already had a two-star heaven immortal's soul. It was meaningless to reincarnate some weaker souls.

.....

"Xiaobei!"

Luo puti came looking for him.

Since the southern Warzone was already in the bag, and Ying Zheng would be leading the rest of the battle, Luo puti did not need to participate anymore.

"What's wrong? What's the matter?"

Chen Xiaobei walked over with a smile.

Emperor Jiang and six-eared macaque stayed where they were so that they wouldn't interrupt the couple's private conversation.

"I have something to discuss with you!"

yes! Luo puti said, " when the divine punishment descended, I felt a special sense of enlightenment from the aura and pressure of the divine punishment!

"This is a good thing!" "The heavenly Tribulation is a death tribulation for the person who is going through it!" However, it would also bring unexpected opportunities to the heavenly Tribulation realm! If you can obtain this opportunity, you will definitely improve greatly!"

"Right!"

Luo puti nodded and said, "I can feel that I'm about to have a breakthrough in my cultivation!" I'm afraid he'll reach the half-step heaven immortal realm!"

"This ... This won't do!"

wait! Chen Xiaobei frowned and said, " you have to enter an independent space first! Otherwise, if you suddenly break through, you will attract the heavenly Tribulation! If we don't make the necessary preparations, our lives might be in danger!"

Luo puti felt a warmth in her heart when she saw how anxious Chen Xiaobei was. She smiled and said, " "This is what I wanted to tell you! I want to enter the verdant Emperor's divine gourd! He would cultivate in seclusion for a period of time! Even if he really did break through, he wouldn't attract the heavenly Tribulation!"

"No problem!"

Chen Xiaobei took out the verdant Emperor's divine gourd and said, " "You can cultivate in seclusion in peace. I will come in to see you every once in a while! If you have any thoughts or needs, you can tell me!"

“Why are you so excited?” Luo puti’s smile became sweeter. I’m in closed-door cultivation, not pregnant, so I’m not that pampered.”

“Pregnant?”

Chen Xiaobei’s expression froze for a moment, then he grinned evilly and said, “If I visit you more often, I might be able to get pregnant!”

“You’re asking for a beating!”

Luo puti’s smile disappeared and she glared at Chen Xiaobei like an Ice Queen.

Speaking of which, Luo Huan was still a pure and innocent girl today, so she was not used to joking with Chen Xiaobei.

“Are you feeling shy?”

Chen Xiaobei was amused by Luo puti’s reaction. “When we get married, you’ll have a baby with me sooner or later! If you’re not pregnant, do you think you can buy a child?”

“Don’t be talkative! I’m not your wife yet!” Luo puti was really embarrassed. She lowered her head and did not dare to look at Chen Xiaobei in the eye.

“What’s wrong now? Don’t tell me you can escape from my grasp in this lifetime?”

Chen smiled evilly and said seriously, “You go into seclusion first. When you have some results, I will hold a grand wedding in style! Let the whole three realms know that you, Luo puti, are my official first wife!”

“I’ll ignore you if you keep talking!” Luo puti lowered her head. She could not hide her embarrassment at all. Even her ears and neck were red.

“We still have a long way to go. We’ll have plenty of opportunities to talk about this in the future!” Chen Xiaobei knew that Luo puti was shy, so he stopped teasing her.

Chen Xiaobei then sent Luo puti into the verdant Emperor’s divine gourd.

“Emperor River! Six ears! Let’s go!”

Chen Xiaobei then brought his two brothers to their next destination.

.....

Northern kuruzhou.

Even though Chen Xiaobei had always been wary of dugu zang Xian ...

But in the end, the two of them had gone through life and death together. Moreover, they were fiancée on the surface in the earth immortal world.

Therefore, Chen Xiaobei was still concerned about dugu zang Xian, so he went to Northern Kuru’s Lu Zhou immediately.

Just as the intelligence said, Northern Kuru’s Luzhou was in a mess.

Originally, the nine nether platform's Army had come out in full strength to attack the heavenly Yin Hall. In the end, Dragon God Palace stepped in and attacked the nine nether platform from behind.

The war between the three sides had completely broken out. The rear of Dragon God Palace was still stable, but the territories of nine nether platform and heavenly Yin Hall were already covered in Flames of War. There were heavy casualties, and the people could not live.

Chen Xiaobei did not know many people in Northern kuruzhou.

Before they arrived, Chen Xiaobei sent a message to each of them.

Immortal dugu zang, qing bao, and Nalan Yonghe didn't reply, so it was unknown whether they were still alive or not.

Fortunately, han Zicheng replied and made an appointment with Chen Xiaobei to meet at the place where dugu zang Xian disappeared.

Han Zicheng and qing bao were both dugu zang Xian's personal disciples.

Qing bao was simple and cute, but he had the divine body of the blue Luan, which was one of the top talents in the earth-god Realm.

Han Zicheng's talent was average, but he was wise, patient, and extremely intelligent. He was a talent who belonged to the military advisor type.

So, Chen Xiaobei's luck was off the charts.

If the person he contacted was qing bao, this girl would not be able to help him at all and would even become a burden to Chen Xiaobei.

However, since the person he contacted was han Zicheng, things would be much simpler.

.....

Tian Cang Mountain.

This was a huge mountain range located in the northeast of nine nether platform.

When the Dragon God Palace had launched a sneak attack on the nine nether platform, dugu zang Xian had brought his men back to stop them.

The two sides had a battle of life and death that lasted for three days and three nights at the foot of the mountain.

In the end, dugu zang Xian's magic treasure ran out of spirit Qi, and the men he brought back all died heroically in battle.

Just as dugu zang Xian was about to die in battle, a strange Blizzard suddenly broke out and dugu zang Xian disappeared into thin air.

If he wanted to find dugu zang Xian, he could not avoid the starting point of the hidden heaven mountain.

“Childe Chen! You’ve finally come!”

Han Zicheng had been waiting at the foot of the mountain for a long time. When he saw Chen Xiaobei, he immediately went up to him.

how is it? did you find any clues while you were here? ”

Chen Xiaobei asked calmly, holding a spirit testing talisman in his hand to test if the other party had eaten dog food!

After all, they had not seen each other for a long time. If the forces of heaven had interfered in the war, even han Zicheng might have been exposed and set a trap for Chen Xiaobei.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3295**

3295 A complete match

Fortunately, the talisman didn’t heat up.

This meant that han Zicheng had never eaten dog food before. Given his loyalty to dugu zang Xian, he was absolutely worthy of his trust.

“When master was fighting with the enemy, I didn’t go with him. By the time I arrived, the battlefield had already been cleaned up by the enemy ...”

Han Zicheng furrowed his brows and said, “ I’ve already searched this area many times. I haven’t found any useful clues.

“What about the blizzard?” you’re Xianer’s disciple. Do you know who saved her? ” Chen Xiaobei asked.

I don’t know ... han Zicheng shook his head, and said, “ “Previously, I had always been a spy in heavenly Yin Hall and had rarely contacted teacher! I know very little about shizun!”

that’s a headache ... Chen Xiaobei frowned.”Then do you know any other fellow disciples? can you ask them?”

“I can’t get in touch with them ...”

Han Zicheng said with a bitter expression, “ this battle was very strange. Dragon God Palace sneaked an attack from behind and lured master away! On the other hand, there are many peak earth Immortals on the main battlefield!”

“My senior brothers and sisters were caught off guard. They were either killed in battle or captured! Even Little Junior Sister qing Bao’s life and death are unknown ... If we can’t find master, our nine nether platform will be completely finished ...”

Sure enough, the great changes in Luzhou in Northern Kuru were really due to the intervention of the forces of the heaven realm.

When nine nether platform first attacked Tian Yin Hall, Dragon God Palace was just watching. They were even a little afraid of Chen Xiaobei, so they did not plan to attack at all.

It was with the intervention of the ancient Immortals of the heaven realm that the Dragon God Palace had the courage to launch a sneak attack on the nine nether platform.

If there were no accidents, after swallowing the nine nether platform, Dragon God Palace would take the opportunity to attack the heavenly Yin Hall and completely swallow the two top forces, unifying Northern kuruzhou!

“You’re right! We have to find Xianer as soon as possible!”

what?! Chen Xiaobei furrowed his brows. if the Dragon God Palace takes over Northern kuruzhou first, not only will nine nether platform be finished, my plan will also be ruined!

“The problem now is that we don’t have a single clue!” Han Zicheng’s face was dejected. No matter how smart he was, without any clues, it was like a clever housewife couldn’t cook a meal without rice, and there was nothing he could do.

Chen Xiaobei’s state of mind was stronger than han Zicheng’s, and he was calmer. “Don’t panic, think carefully! Who knew Xianer the best? Who could possibly know the source of the blizzard?”

“The one who understands master the most is, of course, the netherworld Black Sparrow!”

Han Zicheng said, “ the netherworld Black Sparrow is master’s Mount. When master was just born, the black Sparrow always accompanied him! It knows almost all of master’s secrets!”

“Yes, I’ve seen the netherworld bird before, but where is it now?” Chen Xiaobei asked.

Lord Black Sparrow and master went missing together ... han Zicheng said helplessly.

“So ... The clues are broken again?” Chen Xiaobei felt helpless.

“That’s right!”

However, right at this moment, han Zicheng suddenly became excited, “ I also know the most mysterious third Senior Sister! She’s the same as me, she’s a spy all year round!”

“However, her undercover mission involves shizun’s greatest secret! So, except for master, we can’t contact her. We’ve never even seen her!”

master even told her the biggest secret. If the person behind the blizzard is master’s friend, I guess third sister would know more or less!

Obviously, this third Senior Sister was the most useful clue that han Zicheng could think of, and was probably also the last clue.

“What you said is equivalent to not saying anything!”

Six-eared macaque couldn’t take it anymore. He pouted and said, “ you haven’t even seen your third Senior Sister and you can’t even contact her. Do you think our bro bei will be able to contact her? ”

“Six ears! Don’t interrupt!”

“Zicheng!” Chen Xiaobei said. Think about it carefully, what are the characteristics of this third Senior Sister?”

"I heard from a senior brother a long time ago that third Senior Sister is a woman of the heavenly wings race. Her surname is very strange ..."

Han Zicheng thought carefully and said, "It seems to be a sexual Inferno!"

"Blaze?"

Chen Xiaobei blurted out a name, "Lord scorching heat!?"

"Lingjun?"

Han Zicheng shook his head, and said, "I don't know third Senior sister's full name, and I don't seem to have heard of the name scorching heat Lord ..."

Lord scorching heat changed his name to Jun Yunqing. Of course you've never heard of his real name!

she used to be the Queen of one of the heavenly wings 'main cities in the earthly calamity Star Ocean. At the same time, she was also a spy in Tianji city in Nanzhan state's Pearl Hall to investigate the secret of the divine sand of time!

"This ..."

Han Zicheng was dumbfounded, "what does this have to do with my third Senior Sister?" Childe Zhufeng, you can't possibly assume that Lord scorching heat is my third Senior Sister just because of a surname, right?"

"Of course it's not enough to just rely on a surname!"

but, Lord scorching heat is investigating the divine sand of time under her master's orders. I still owe her master a favor. I'll help her with the investigation! Chen Xiaobei said.

coincidentally, Xian 'er's biggest secret is that her cultivation will drop to one-star earth-god level every few years. She has to endure for nine months before she can recover to her peak strength!

Xian er's goal in finding the divine time sand is to find a way to quickly get through the nine months of weakness!

"Heavenly wings race matches! It matched the spy! The purpose of investigating the divine time sand was also consistent! Isn't this enough to prove that your third Senior Sister is Lord scorching heat?"

Obviously, Chen Xiaobei was the one who had witnessed the entire incident. He knew more details than han Zicheng.

Han Zicheng could not believe it, but Chen Xiaobei was completely convinced.

Without hesitation, Chen Xiaobei took out his phone and dialed Lord scorching Heat's number.

Lord Chi Ling had eaten Fang longqi's dog food before, but he had already been killed by Chen Xiaobei. So, Lord Chi Ling was still absolutely loyal to her master, and Chen Xiaobei could trust her.

"Childe Chen! You've finally called!"

From the other end of the phone came Lord Chi Ling's excited voice, "I've tried to contact you a few times, but I couldn't get through to your phone!"

It was obvious that Chen Xiaobei had been wandering around the various independent spaces for a while, and could not be contacted by phone.

"What's the matter?" Chen Xiaobei asked.

"Save my master!" Lord scorching heat said impatiently. I beg you to save my master! You're the only one in the entire earth-god Realm who can save her!"

"Who is your master?" Chen Xiaobei asked again.

"Immortal dugu zang! My master is your fiancée, immortal dugu zang!" Lord scorching Heat's voice was extremely anxious. It was clear that dugu zang Xian was in a very bad situation.

"Don't be so excited! Tell me where she is. I'll head over now!" Chen Xiaobei said.

### Red Envelope Group of the Three Realms

#### **Chapter 3296**

3296 Snowy night capital city

"One of the seven forbidden grounds of the earth God Realm, snowy night capital city!"

"Master is in a very dangerous situation, but I don't dare to go in directly," Lord scorching heat said anxiously. "Childe Zhufeng, please come here quickly!" Only you can save master!"

snowy night capital city!?

Chen Xiaobei was confused. "What is that place? An Imperial City? Wouldn't that mean that there are civilians and troops?"

"No..."

"It's an ancient Imperial City!" Lord Chi Ling said in a deep voice. A trillion years ago, there were indeed many people there, as well as an invincible army of snowy night Warriors!"

"However, one day, a terrifying Blizzard completely froze the capital! It is said that everyone in the city died inside!"

"So, the current snowy night capital city is already a ghost city through and through! There would definitely not be any life inside! Even those who dared to step into it would not be able to return! That's why it became one of the seven great Forbidden Lands!"

It was obvious that Lord scorching heat had done the corresponding investigation and was very familiar with everything.

"But, you didn't even go in. How can you be sure that Xian 'er is inside?" Chen Xiaobei asked.

"When I was helping master go undercover, I didn't even save master's number in my phone in order not to reveal my identity! I've been communicating with master through a special method!"

"It's a special kind of Gu worm. When master wants to see me, the child Gu in my hand will become restless and guide me to the mother Gu in master's hand!" Said Lord Ziling in a deep voice.

Gu worm!?

Chen Xiaobei did not expect dugu zang Xian to have a witch's technique. "You mean, the child Gu has guided you, and the mother Gu's current location is within the snowy night capital city?"

"Yes! I'm 100% sure!"

"It's because that place is one of the seven forbidden areas. Even if I go in, I won't be able to save my master. However, if I were to die, no one would ever know where my master is. So, I can only wait outside!"

"Childe Chen! Please come quickly! I'm begging you! In the entire earth-god Realm, only geniuses could enter the forbidden area without dying! Only you can save master!"

Lord scorching heat was extremely anxious. It was obvious that dugu zang Xian had been in snowy night capital city for a long time. The longer he stayed, the more danger dugu zang Xian would be in.

Just like what Lord Chi Ling had said, Chen Xiaobei was the only one in the entire earth-god Realm who had made it out of the forbidden land alive.

If others entered, they would definitely die!

Moreover, dugu zang Xian's Heaven Earth dark seal's spiritual energy had already been exhausted, and he was more or less injured. Entering the capital city would definitely be life-threatening!

"Don't worry! Send me the location, I'll come over now!" Xianer! Chen Xiaobei said, "I don't think Xianer will be in any danger!"

"I've already sent the location over!"

"Why do you say that the honored master won't be in danger?" asked Lord scorching heat impatiently.

"Because Xian 'er didn't walk into the city on her own! Instead, he was swept into a Blizzard!"

that's right! Chen Xiaobei said, "and snowy night City was also engulfed by a Blizzard! Therefore, the person controlling the blizzard should be the current master of snowy night capital city! If this person takes Xian 'er away alive, he will easily kill her!"

"Right ... What you said makes sense! But we must save master as soon as possible!"

"Otherwise, the entire jiuyou sacred domain will be swallowed by the Dragon God Palace!" Lord Chi Ling said solemnly. If she can't complete the matter in her heart, even if she leaves the capital alive, she'll live a life worse than death!"

"Don't worry, I'll come over now!" Chen Xiaobei released the demonic Crow King, took everyone with him, and flew North.

For dugu zang Xian, the abysmal Saint realm was the territory left behind by her father and the fruit of her life's hard work. She absolutely couldn't hand it over to the Dragon God Palace.

To Chen Xiaobei, Jiuyou sanctuary was the first base camp to enter Northern Kuruzhou. There was no way he would give it to the Dragon God Palace.

Therefore, he had to save Dugu Zang this time no matter what!

.....

The northernmost border of the Arctic icecap was the location of one of the seven Forbidden Lands of the earth-god Realm, the snowy night Royal City.

From ancient times until now, those who stepped in had never returned.

Gradually, the area within a hundred million miles became a desolate land of death.

Lord Scorching Heat had been standing guard outside for a long time, which showed her absolute loyalty to Dugu Zang Xian.

“Childe Chen! You’ve finally come!”

The moment he saw Chen Xiaobei, it was as if he had just seen his Savior. He was so excited, surprised, and eager that he could not help but shed tears.

“Alright, leave the rest of the time to me!”

Let’s go! Chen Xiaobei consoled them. He did a quick check of their trump cards and then led the group to the heart of the forbidden land, the capital of snowy night.

Chen Xiaobei still had the demonic Dragon’s edge, the chaos Blood Sword, the heaven-destroying and earth-destroying banner, the heaven-imprisoning painting of the mysterious North, the nine-sloping net, and the earth-escaping Holy gourd.

The spiritual energy that he had poured in last time had not been used up yet. Every trump card could be used at any time.

As for his spiritual Qi, Chen Xiaobei still had 26400 low-grade spiritual jades left. He could replenish them at any time or use them for cultivation.

In addition, there was a two-star heaven immortal’s soul.

This was Chen Xiaobei’s strongest form for this mission. He could do anything he wanted in the seven Forbidden Lands!

Just like that, the group arrived in front of snowy night capital city at an extremely fast speed.

Just as Lord Chi Ling had said, this was an extremely ancient city. Its scale and level of development far exceeded the current capital cities of the same level.

After entering the city, everyone was completely stunned by the scene in front of them.

All the citizens were still alive in the capital, but they had all become corpses sealed in ice!

It could be seen that when the blizzard arrived, it should have been early in the morning.

On the streets, there were hawkers peddling their wares and children running around. In the noodle restaurant, some people were drinking soup while others were talking and laughing. In the streets, there were cats catching mice and plum blossoms blooming.

Everything in the city, even the expressions on the People's faces, the movements of their bodies, everything was completely frozen by the sudden Blizzard!

From a trillion years ago until now, this place had always maintained this appearance.

It was like an eternal scroll, frozen forever, allowing the river of time to flow. It stood proudly.

"How terrifying! A huge Royal City was frozen in an instant!"

Han Zicheng's brows were tightly furrowed, and he said anxiously, "If this Blizzard is man-made, then not only is this person's strength terrifying, but he's also ruthless! We must be careful!"

"Be careful? It's too late!"

At this moment, a woman's voice filled with killing intent suddenly came from the direction of the palace!

### Red Envelope Group of the Three Realms

#### **Chapter 3297**

3297 The eternal Lord

"Whoosh ..."

Following the woman's low shout, the entire sky above the capital was instantly covered by dark clouds.

At the same time, the cold northern wind started to blow. Everyone's physical bodies were not weak, but when the wind hit them, they felt as if they were being cut by a knife.

Blizzard ... Blizzard!?

Everyone raised their heads and saw that heavy snow had already fallen from the sky.

As the wind blew, snowflakes danced in the sky, instantly Breaking the Silence in the surroundings. The world became dark and chaotic, as if it had fallen into hell.

"Be careful, everyone! There was a special aura in the snowflakes! It's definitely not an ordinary Blizzard!" The six-eared macaque shouted and released his protective Zhen Yuan to protect everyone.

"BOOM!"

However, as soon as the first snowflake fell, six-eared macaque's peak earth-god level body-protection genuine vitality was destroyed!

how ... How is this possible?! Everyone was stunned by what they saw.

The snowflakes were too terrifying!

The defense of a peak earth immortal was broken in an instant! No wonder this place had become one of the seven great Forbidden Lands!

“Ka! Ka! Ka ...”

What was even scarier was that when the snowflakes landed on the six-eared macaque, they turned into ice instantly. The ice continued to spread and quickly sealed the six-eared macaque’s body.

everyone, run!!!

Six-eared macaque shouted, “ these snowflakes can not only break through a peak earth level deity’s protective true energy, but they can also freeze my body. Even my dharma body and nascent soul will be frozen ... Run! Run! Run! Run! It’ll be too late if you don’t run!”

Without a doubt, six-eared macaque had already experienced the horror of the snowflakes.

The six-eared macaque couldn’t think of a way to deal with the situation. It could only ask the group to run away.

Otherwise, once they entered the frozen state, they could only wait for death.

“Escape? Hehe, within a radius of a million li, it’s already Blizzard, where can you escape to?”

The woman’s voice rang out again, full of disdain and coldness.”Even a true immortal wouldn’t be able to escape eternal divine nation, let alone the few of you!”

Anyone who set foot in the seven Forbidden Lands of the earth immortal world would die without a doubt. This was no joke!

Even heaven Immortals would be trapped to death, let alone mortals.

“Universe reversal!”

Seeing a large amount of snowflakes falling, Emperor Jiang reacted faster at the critical moment.

“Woof! Buzzzzzz! Yi ...”

The spatial cage instantly condensed and enveloped everyone.

The independent space completely isolated the wind and snow outside, temporarily protecting everyone.

“Hmm? You ... Who are you?! He has actually mastered the laws of space!” The woman screamed in shock.

Emperor Jiang ignored her and said seriously, “ “Bro bei! Quickly save Liu er! He must not be completely frozen! Otherwise, he will die without a doubt!”

“Save? How can I save him?” Chen Xiaobei asked.

“Ha, stop daydreaming!”

The woman laughed coldly. this Blizzard is supported by a divine level special ability. Even a heaven immortal can’t withstand it. What right do you mortals have to resolve it? ”

divine ability!? Everyone was shocked when they heard this.

“That’s right! It’s God-level!”

The woman said with confidence, “you all don’t have to struggle anymore!” That independent space must have been formed by the power of his primordial spirit, and it was consuming a lot of mental power every second! It won’t be long before the space is completely shattered, and you’re all destined to die!”

“No! We can’t die!”

Lord scorching heat became completely nervous. He rushed to the palace and shouted, “Who are you? What did you do to my master?”

“Heh, a group of people who are about to die have no right to know my identity!” “As for your master, if she dares to come in, she’s 10000% dead!” The woman said disdainfully.

“I’m finished ...”

As soon as these words came out, Lord scorching heat and han Zicheng’s faces were instantly filled with despair, and their mood fell into the abyss.

“Calm down! That woman doesn’t have the final say! I’m the true master of eternal divine nation!”

However, Chen Xiaobei stood up confidently.

Who would have thought that with just a few words, Chen Xiaobei, under Di Jiang’s guidance, had successfully removed six-eared macaque’s frozen state.

how ... How is this possible?!

Lord scorching heat, han Zicheng, and even that mysterious woman all let out incredulous screams, as if they had seen a ghost. They couldn’t believe their eyes at all!

“For billions of years, I’ve never seen anyone break the eternal ice seal! Why? Why can you do it?”

The woman was so shocked that her three views were refreshed a hundred times.

“Old brother dijiang, explain it to her!”

Chen Xiaobei smiled and retreated with six-eared macaque.

Emperor Jiang took a step forward and said with a faint smile, “ just as you said, this Blizzard is indeed enhanced with a divine level special ability. Furthermore, I also know that this divine level special ability comes from a one-star divine item, the Holy eternal water!

“How ... How did you know?” The woman’s voice trembled.

He had never dreamed that someone in the earth-god Realm could see through the core secret of snowy night capital!

I’m very familiar with the aura and special ability of this divine item! ” Emperor Jiang said indifferently, shrugging his shoulders! I watered the divine medicine with the Holy eternal water! trillion years ago!

“A trillion years ago? Using the divine water to water the divine medicine?”

The woman took a deep breath, and her three views were instantly refreshed 10000 times. could it be that ... You're really a God from heaven???

"What ... What is going on?" Lord scorching heat and han Zicheng were both dumbfounded, their three views had long been blown up.

it doesn't matter who I am. What's important is that my bro bei has a trump card that can counter the Holy water of eternity!

the Holy eternal water is of the water attribute," Emperor Jiang said indifferently. a Blizzard triggered by a divine ability will spread to every snowflake. The strength of the ability is only about that of a one-star celestial being!

"But my bro bei has a two-star heaven immortal water repelling Pearl in his body! Any water attribute special ability lower than this level could be resolved with a snap of his fingers! Removing the ice seal is a piece of cake!"

As soon as he said that, everyone was even more shocked.

Lord Chi Ling and han Zicheng looked at Chen Xiaobei as if they were looking at a real God. They felt that nothing in the world could stop Chen Xiaobei.

"Water repelling Pearl? Two-star heaven immortal realm? Heh, I thought it was some kind of amazing trump card!"

The woman's attitude became arrogant again. "Your special ability can only dissolve one snowflake! Even if it's a water repelling Pearl, it will only be frozen by the falling snowflakes!"

"Of course it's not enough to just have the water repelling Pearl!"

of course not! Di Jiang smiled and said, " but my bro bei still has a master of the water law! He once soaked his feet in eternal holy water and even thought that his level was too low!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3298: strange situation**

Soaking his feet in eternal holy water?

As soon as he said that, everyone was dumbfounded.

However, after thinking about it carefully, this was not strange.

After all, Gonggong was already a peak-stage Sage-to-be back then. In the area where he lived, the eternal holy water should have been like an ordinary stream on earth, not worth mentioning at all.

Of course, to the people in the earth-god World, this was definitely an extremely shocking legend.

Are you afraid of soaking your feet with a divine item?

"I don't believe you!"

The woman composed herself and said disdainfully, " "Who doesn't know how to brag? Why don't you just say that you fed a nine-star divine item to the dogs?"

even if there's really a mighty figure in the heaven realm who can obtain the Holy eternal water, that's a mighty figure from the heaven realm. It's impossible for him to appear in the earth-god Realm!

It was obvious that this woman was still very smart.

The eternal holy water might not be much in some special areas of the heavenly realm. However, in the earth-god Realm, it was definitely rarer than a Phoenix Feather.

By the same logic, there might be many powerful beings in the heavenly realm who could control the Holy eternal water, but none of them existed in the human realm.

"You don't believe me? Then let's wait and see!" Emperor Jiang shrugged his shoulders and didn't bother to argue.

This was because facts spoke louder than words!

While Di Jiang was conversing with the woman, Chen Xiaobei was not idle.

He first took out five hundred inferior-grade spiritual jade pieces.

Then, he released the Water Witch, Gonggong, from the Meru dimension.

500 low-grade spiritual jades were equivalent to 50 billion high-grade spiritual stones. The spiritual Qi was absorbed by the six-eared macaque in an instant.

Then, the six-eared macaque activated its power and copied itself into another Gong Gong.

"Old brother dijiang, it's done. You can stop now!"

Chen Xiaobei chuckled and put Gonggong back into the dimension.

"Whoosh ..."

With a thought, Emperor Jiang removed the protection of the space cage.

"What ... What are you doing? Are you looking to die?"

The woman suddenly let out a horrified voice. She couldn't understand why Emperor Jiang had taken the initiative to release the space cage.

"Phew ... Phew ..."

In the real world, the blizzard was wreaking havoc.

In the blink of an eye, countless snowflakes flew towards the crowd.

According to the previous situation, these snowflakes could break the protective energy of a one-star heaven immortal and freeze his body and nascent soul.

In the heavy snow, everyone would probably be turned into ice sculptures in a few seconds.

But now, the six-eared macaque had turned into a Gonggong. The snow was no longer a threat.

"Black water weapon dissolution!"

Six-eared macaque gave a deep growl, and Gonggong's primordial spirit power was released.

The law of water controls all water elements.

whoosh ... Whoosh ... Whoosh ...

Snowflakes were condensed from water vapor. In an instant, the snowflakes that filled the sky scattered.

The form of the ice and snow completely disintegrated and disappeared with the strong wind.

"Whoosh ..."

At the same time, the Holy eternal water's water power was directly disintegrated by Gong Gong's primordial spirit power, turning into nothingness along with the snowflakes.

In a dozen seconds, the blizzard that had been wreaking havoc in the entire space had disappeared without a trace.

Everything returned to normal, as if nothing had happened.

how ... How is this possible?!

Seeing the scene in front of her, the woman could no longer suppress the shock in her heart. She screamed hysterically, " how could the Holy eternal water's God-tier special ability be so easily dissolved? this is impossible ... This is absolutely impossible ...

At the same time, Lord scorching heat and han Zicheng were also stunned, unable to believe their eyes.

a one-star divine ability against a peak quasi-Saint ability? " six-eared macaque smiled. do you think you can fight back? "

This was the first time six-eared macaque had experienced a power of this level, and it was extremely excited.

Of course, what surprised the six-eared macaque even more was the vast amount of memories in Gong Gong's mind.

Any one of these memories was worth a city and had extraordinary meaning! Some of the important memories could even benefit the six-eared macaque for the rest of his life!

Of course, now was not the time to sort out his memories.

"Let's go! Head straight to the palace! Subdue the Holy water of eternity! Save my Xian 'er!"

Chen Xiaobei grinned and walked towards the Ice Palace, which was the heart of the Imperial City.

Chen Xiaobei had just stopped two major battles in Nanzhan state, and his luck was off the charts as he leveled up to the Emperor level.

He had just arrived in Northern Kuru's Luzhou, yet he had already found the eternal holy water that he had been dreaming of, and also resolved dugu zang Xian's crisis. His luck was simply too good to be true!

Of course, the luckier something was, the more luck value it would consume.

Good comes from bad, and bad comes from prosperity. This was the Law of the Cycle of heaven. People could not be unlucky forever, but they could not be lucky forever.

Fortunately, Chen Xiaobei had accumulated enough luck. Even if he was at his peak, it would only decline slowly. It would not cause any immediate negative impact.

At least not this time!

“Don’t ... Don’t come over ... You’re not allowed to come over ... I’m begging you ... Don’t come over ...”

As the crowd got closer to the palace, the woman’s voice gradually became more and more excited, and finally even turned into a plea.

The woman’s reaction was strange, but with six-eared macaque around, the group was fearless. They walked straight into the palace.

upon entering the core Palace, the scene before them instantly left them in shock.

First, a crystal clear stream of water hung in the center of the palace. It exuded a strong pressure and continuously extracted spiritual Qi from the ground.

It was obvious that this was the legendary Holy eternal water.

The reason why it came here and killed all the people in the city was because it wanted the water element underground spirit vein.

On both sides of the Holy eternal water were two women.

One of them was the unconscious dugu zang Xian. She stood quietly on the spot with a peaceful aura, as if she was asleep.

However, one end of the Holy eternal water was connected to her forehead, as if it was extracting something.

The Holy eternal water was connected to the heart of an old woman.

“I’ve said it! You’re not allowed to come here!”

The woman gritted her teeth, her eyes fierce. She said word by word, “Even if I die, I will never let you touch the Holy eternal water!”

From the voice, it was clear that this person was the woman who had been talking to everyone just now.

[ ding Qianqian’s cultivation base: tribulation passing pinnacle stage. Lifespan: 1 day, physical body: 333.3 billion, combat power: 333.3 billion, primordial spirit attack-seven-star heaven immortal!]

“This ...”

Chen Xiaobei used his netherspirit battlescouter and was stunned. “Why do you only have one day left? However, you don’t look like someone who’s about to die!”

[Red Envelope Group of the Three Realms](#)

**Chapter 3299**

3299 Loophole in the laws

He only had one day left to live?

Everyone was shocked.

how ... How is this possible?!

Lord scorching heat and han Zicheng both said in disbelief, this person looks like he's in the middle stage. Although he's old, his essence, Qi, and spirit are as vigorous as a young man's. How can he only have one day left to live?!

Obviously, they did not know about the existence of the netherspirit battlescouter, so they could not understand what Chen Xiaobei was saying.

However, Emperor Jiang and six-eared macaque knew everything about it, so they were not surprised.

However, just like Chen Xiaobei, he was filled with doubts.

Why was it that a person who seemed to be destined for life only had one day left?

Why was she so desperate to protect the Holy eternal water when she only had one day to live?

Also, what did she do to dugu zang? What was the eternal holy water absorbing from dugu zang Xian's glabella?

A bunch of questions instantly filled everyone's minds.

Of course, the old woman was also full of doubts. She couldn't help but ask, "you ... How did you know that I only have one day to live?!

why do I know? does it matter? "

what you should be worried about is that you don't have the power to stop us! Chen Xiaobei said.

"If you dare touch the Holy eternal water! I'll fight it out with you guys!" The old woman was extremely agitated, as if the Holy eternal water was her life.

"Go all out? What do you have to fight with us?"

Six-eared macaque took a step forward and waved his hand, releasing an extremely pure water ethereal force.

Moreover, this vital essence exuded the power of a half-step heaven immortal, which was enough to crush the old woman.

"Bang!"

As expected, the old woman was enveloped by the water ethereal force and had no power to fight back.

His entire body was pressed down, and he lay on the ground, unable to move.

how ... How is this possible?!

Not only the old woman, but Chen Xiaobei and the others were also shocked.

“You ... You’re half a step into the heaven immortal realm! How could it exist in the real world without triggering the heavenly Tribulation? That’s impossible ... That’s absolutely impossible!”

The old woman screamed as if she had seen a ghost.

Chen Xiaobei and the others were also dumbfounded.

Due to the urgency of the situation, Chen Xiaobei had been so focused on many important issues that he had forgotten about six-eared macaque’s new cultivation after he transformed into Gonggong!

Luckily, six-eared macaque did not trigger the heavenly Tribulation. Otherwise, Chen Xiaobei’s carelessness might have caused him to be burned.

But why didn’t a half-step heaven immortal trigger a Heavenly Tribulation?

Other than Emperor Jiang and six-eared macaque, no one else would know the answer.

“Because I myself am an anomaly that seizes the good fortune of the heavens and earth!”

” my cultivation isn’t from my own cultivation, ” six-eared macaque explained. in other words, I don’t have any cultivation! The laws of the mortal world rejected half-step heaven Immortals! However, the laws have detected my cultivation level. I’m only a mortal, so they naturally won’t reject me!”

this ... Lord scorching heat was stunned.”Why am I getting more and more confused the more I listen ...”

“I understand!”

Han Zicheng said with a face full of surprise, ” we see the laws of the human world as an electronic program. This senior Liu er is like a system loophole! He really exists, but the program can’t detect him. Only programmers can actively repair the loopholes!”

“This analogy is very appropriate!”

Naturally, Chen Xiaobei understood what she meant. He smiled and said, ” “The six-eared macaque is a BUG in the system! Back then, when he had become the Monkey King, the immortals in the heavenly realm had used all sorts of methods, but they couldn’t tell! In the end, it was Buddha Tathagata who saw through Liu er’s true body! According to Zicheng, Buddha Tathagata is a programmer!”

“That’s right!”

Emperor Jiang nodded and said, only a high level Sage-to-be can see through the ‘loophole’, Liu er! The level of the laws of the human world isn’t high enough, so I can’t detect it!”

this ... This ... the old woman was dumbfounded. She looked at the people in front of her with infinite horror in her eyes.

On the other hand, Lord scorching heat understood what he meant. He asked doubtfully, but if senior Liu er can’t be discovered by the laws of the human world, does it mean that he can’t trigger the heavenly Tribulation and ascend to the heaven realm forever? ”

“I have a way!” ” of course! six-eared macaque smiled. when bro bei ascends, I can do the same!

Naturally, Lord scorching heat and the others did not dare to believe his words.

Only Emperor Jiang smiled and nodded.

From Emperor Jiang's expression, one could tell that six-eared macaque wasn't bluffing. If necessary, he really had many ways to go to heaven.

However, this was not the time to talk about this.

Chen Xiaobei trusted Emperor Jiang and six-eared macaque. He gave six-eared macaque a look and told him to move.

"Chi ..."

Six-eared macaque restrained the old woman and walked to the side of the eternal holy water. He reached out a finger and touched the water that was suspended in the air.

"Be careful! Divine items are extremely terrifying!"

Lord scorching heat felt his heart clench and could not help but remind him loudly.

Back then, Lord scorching heat and Chen Xiaobei had witnessed the power of the temporal divine sand with their own eyes!

Back then, the countless sands ancient race's civilization had been completely destroyed by the rebellious divine sand of time.

After that, Chen Xiaobei and Lord scorching heat almost died to the divine sand of time.

Fortunately, the divine sand of time had angered the rift and was swallowed by it. That was how Chen Xiaobei and Lord scorching heat managed to escape.

But now, the Holy eternal water and the divine sand of time were on the same level, so it was only natural that they were less powerful.

The once-powerful snowy night capital had been massacred by the eternal holy water in an instant.

One could only imagine how terrifying this spiritual divine object was!

Even Di Jiang would not dare to touch the eternal holy water at his current cultivation level, let alone Chen Xiaobei.

However, it was obvious that Lord scorching Heat's worries were unnecessary.

When six-eared macaque transformed into a Gonggong, he had Gonggong's cultivation base, abilities, dharma body, and his understanding of water.

"Chi ... Chi ..."

With the six-eared macaque's finger as the center, waves of water began to spread.

The laws of water and the purest water-element vital essence entered the eternal holy water through six-eared macaque's fingers.

The Holy eternal water also gave off a gentle spiritual fluctuation. It didn't hurt anyone. Instead, it was very close to the six-eared macaque. There was even a mysterious spiritual resonance.

Through this spiritual resonance, the six-eared macaque had not only successfully obtained the Holy eternal water, but it had also learned a lot of historical truths.

“Phew ...”

Six-eared macaque let out a long breath and looked at the old woman. I can’t believe it ... She’s the person bro bei is looking for!

“What?”

Chen Xiaobei and the others were confused. who is she?!

### Red Envelope Group of the Three Realms

#### **Chapter 3300**

3300 Secret historical story

“Why? Why didn’t the Holy eternal water attack you? Why do you know about lifespan? Why do you still know my identity? Why? Why is that so?”

The old woman’s face was twisted in shock, horror, and disbelief.

“You’re also someone who has a close relationship with the heaven realm. Can’t you see that we’re all from the heaven realm?” Six-eared macaque smiled and asked.

“What? You’re all from the heavenly realm? This ... How is this possible?” The old woman couldn’t believe it.

Lord scorching heat and han Zicheng were also dumbfounded.

I’ve already learned everything that happened from the Holy eternal water!

you’re the one chosen by the celestial Palace of the West a trillion years ago, ” six-eared macaque said. when the earth-god Realm was just created, you were the one who was chosen to be the successor! The goddess of wisdom, Athena!”

Chen Xiaobei and Di Jiang were both stunned.

Before they set off, they were still discussing that if they could find someone from the ancient Western divine Palace, they would be able to unravel the secret of the staff and the Holy garment.

He did not expect to find the owner of the staff and all the Holy garments, Athena, here!

Chen Xiaobei’s luck was off the charts!

The Holy eternal water! Immortal dugu zang! Athena! They all appeared in the same place!

Moreover, Chen Xiaobei and the others did not encounter any danger, and they had successfully killed three birds with one stone!

This was truly an unexpected surprise!

“That’s right ...”

The old woman sighed and said, " back then, I was chosen by a true immortal from the heaven realm. As the Holy maiden of the West, I traveled all over the earth-god Realm to spread the orthodoxy of the Western divine Palace, select Saint Warriors, and establish a new sect ...

"However, I'm just a mortal with a physical body after all. As time passes, my lifespan is gradually running out! Originally, those damned Western sect celestial Immortals promised to let me ascend to the heavenly realm! However, for some reason, they broke their promise ..."

"I'm loyal and devoted, spreading the orthodoxy for them with all my heart! He didn't even try to improve his cultivation! As a result, I'm only a peak earth level deity, and I can't make a breakthrough in my remaining life!"

"Seeing that I'm approaching death day by day, I've decided to launch my final resistance! I've used a secret technique to disable all 108 Saint Seiya battle suits! I'll attract strong enemies and destroy the sect I've built!"

"I even personally destroyed the staff of wisdom! I'll personally kill all the ascendants that have fled to my side! I'm going to take revenge on those damn Western celestial Immortals! I want their orthodoxy to disappear from this world forever!"

The more Athena spoke, the more agitated she became. When she talked about revenge, she bared her teeth and roared as if she was possessed.

Of course, it was very normal for her to feel this way.

He had been loyal and devoted his whole life, but in the end, he had been deceived by the Western celestial Immortals and could only wait for death with this old body.

If it was anyone else, they would probably be like her and launch a crazy revenge.

I annihilated the sect I built, killed all the Saint seiyas, destroyed the staff of wisdom, and made it impossible to open the Saint Cloth box ... I thought my revenge was successful, so I came here, wanting to die in this forbidden land ...

Athena continued, 'I didn't expect this ... The heavens have opened their eyes! I actually encountered the Holy water of eternity! Other than the water attribute, this divine item also possesses the eternal power of the time law!"

"Thus, my lifespan is eternally fixed! As you can see, even though I only have one day left to live, I've actually lived here for a trillion years! He's lived longer than some Immortals!"

Athena composed herself and changed the topic, " however, if you take the Holy eternal water, I will die completely tomorrow!

"I don't want to die ... I really don't want to die ... I beg you ... Leave this place and pretend nothing happened! I will pray for you and be grateful to you for the rest of my life!"

Just as she said, she had lived for a trillion years, and her lifespan had even exceeded that of a true immortal in the heaven realm.

Even in such an empty, lonely, and cold environment, she still could not bear to give up the rest of her life.

One could imagine that she was really, really afraid of death.

Of course, there was also the possibility that she still had some unfinished business, so she would not allow herself to die like this.

“Don’t talk nonsense! We must take the eternal holy water and dugu zang Xian with us!”

“You’ve lived for so long,” six-eared macaque said seriously, “you should’ve had enough!” Besides, there’s no point in living like you!”

“Immortal dugu zang?”

Athena composed herself and suddenly laughed evilly. “If you want immortal dugu zang to live, then don’t touch the Holy eternal water! Otherwise, she will go to hell with me!”

“What do you mean by that? What did you do to our master?” Lord scorching heat and han Zicheng were both startled and immediately became nervous.

Chen Xiaobei’s eyes narrowed and said, “Six ears! Do you have the confidence to save them?”

“Of course I’m confident! I can already sense that the Holy eternal water is absorbing miss dugu’s spiritual energy!”

I have control of the Holy eternal water,” six-eared macaque said confidently. I can stop this at any time! Moreover, even if she doesn’t stop, young lady dugu will only lose a bit of mental power. She can recover after taking a Wuji soul-essence pill.”

“Hmph! You guys are too naive!”

Athena sneered, “aren’t you curious about the relationship between me and dugu zang Xian?” Why was she brought here by the Holy eternity water?”

“Six-eared!” Chen Xiaobei looked at six-eared macaque.

At the same time, everyone’s eyes were focused on the six-eared macaque.

Athena is miss dugu’s master ...

Six-eared macaque composed himself and said, “Young lady dugu had once cultivated here for nine months! Furthermore, she had formed some sort of contract with the Holy eternal water! I’ll use my spiritual power to exchange for eternal power!”

“What? She ... She’s our ... Grandmaster?” Lord scorching heat and han Zicheng were dumbfounded. Never in their dreams had they thought that things would turn out like this.

“Nine months?”

Xianer?” Chen Xiaobei said, “every few years, Xianer will enter a nine-month period of weakness! It seemed that this was not a problem with her body! Instead, it’s the power of eternity that makes these nine months eternal, a cycle that repeats itself!”

Athena looked at Chen Xiaobei and sneered, " "Not bad, kid! You actually know my disciple's biggest secret! It seems that your relationship is not ordinary!"

Chen Xiaobei said, " even if Xian 'er and the Holy eternal water have formed a contract, Liu er can break it. It's not a problem at all!

"Right! That's not a problem!" "But the problem is that there are still many things you don't know!" Athena sneered.
