#### Chapter 3331: unifying Western bull

The Western aparagodaniya state had been the base of Buddhism since ancient times.

Heavenly Dragon Temple, three-Saint nunnery, and ten thousand Buddhas Pagoda were the peak forces of the three great Buddhist sects. They had always divided the world in Western aparagodaniya.

Among them, the headquarters of the three-Saint nunnery was located on the West Ocean and on the land of aparagodaniya, so it had a relatively small territory.

Heavenly Dragon Temple and ten thousand Buddhas Pagoda's territories were about the same size, but they were both much larger than the three saints nunnery's.

Originally, the relationship between these three forces was not bad. At least on the surface, they were on the same boat, sharing honor and disgrace.

However, ever since Shen Gongbao had stepped into the aparagodaniya state of the West, the situation in this state had been completely broken.

Shen Gongbao first took a small town and used the merit record to exchange for many special treasures such as heavenly dog food. With all kinds of despicable and even unscrupulous means, he swallowed the entire territory of the heavenly Dragon Temple at a very fast speed.

However, in consideration of the billions of believers in the temple, Shen Gongbao did not completely destroy the temple. Instead, he used the heavenly dog biscuit to control all the members of the temple.

Shen Gongbao's body was destroyed by Chen Xiaobei in The Omen Ridge. He used his nascent soul to take over the body of the abbot of Heavenly Dragon Temple and became the new abbot of the temple!

The commoners didn't know the ins and outs of the matter and thought that the nature of Heavenly Dragon Temple had not changed. Hence, they still maintained their devout faith.

With the dog food controlling the upper echelons and the support of the people, Shen Gongbao's position was instantly stabilized and he became the true ruler of the heavenly Dragon sacred territory.

More importantly, the way of heaven only looked at the result and not the process. It even rewarded Shen Gongbao with a very rich merit for stopping the war, which further boosted his arrogance.

The three-Saints nunnery and the ten thousand Buddhas Pagoda had no choice but to participate in the negotiation today because of Shen Gongbao's constant pressure.

.....

Heavenly Dragon Temple.

In the discussion hall.

Shen Gongbao was sitting in the main seat in the middle with an arrogant look on his face.

It was a bit funny to say that Shen Gongbao had seized the body of an eminent monk, but he was holding a nine-toothed rake in his hand, which did not match with the body.

However, in this world, strength was Supreme, and the strong were respected!

No matter how funny Shen Gongbao's appearance was, no one would dare to cancel him.

This was because Shen Gongbao had used the merit points of the Three Realms to exchange for a special immortal talisman, which had elevated the power of the nine-toothed rake to the level of a two-star celestial immortal.

It should be known that the nine-toothed rake was a God-grade existence. In terms of grade and power, it was even stronger than the Golden-hooped rod.

However, most of the nine-toothed rake's power was sealed and only a very small portion was released.

Even Shen Gongbao could only release the power of a two-star heaven immortal.

Of course, this was already enough!

In aparagodaniya, not to mention a two-star heaven immortal item, even a middle-stage one-star heaven immortal item was enough for one to do whatever they wanted.

"Tell me! What do you all think of my suggestion?"

Shen Gongbao coldly glanced at the other two people in the hall. His tone was very arrogant, as if he was not discussing, but questioning.

"I ... I don't have any objections ..."

An old monk sitting on the right said, "Master Tian long ... Oh no... Exalted immortal Shen's suggestion is perfect! If our three families are United, we can perfectly unify the West aparagodya Prefecture and fight against the outside world! This is great news!"

This old monk was the abbot of the ten thousand Buddhas Pagoda, also known as the sacred Pagoda Bodhisattva.

On the surface, this guy was an eminent monk, but in reality, he was despicable, shameless, and had no bottom line. He was not the least bit compassionate.

Back then, the rebirth demon cave that Chen Xiaobei destroyed was managed by this Bodhisattva from the Holy tower.

On one hand, he indulged the evil spirits to hurt people, while on the other hand, he pretended to deal with the evil spirits to deceive the believers 'piety.

Moreover, the Bodhisattva of the Holy tower was also one of the six-party alliance under Xu Fu. In the early years when he followed Xu Fu, he had done many atrocious things such as exterminating clans and massacring cities.

Looking at the reaction of the Bodhisattva of the Holy tower, one could also see this person's character!

He was originally Xu Fu's follower.

This was because in the war of Videha, Tianji, Jade Mirage, and gods had all been defeated by Chen Xiaobei.

Therefore, the Bodhisattva of the Holy tower decided to change his master. He no longer cared about Xu Fu and turned to Shen Gongbao.

Looking at his sneaky smile, he would probably say that even Shen Gongbao's fart smelled good.

"Very good! The Bodhisattva of the Holy tower has already agreed. So, what do you say, priestess Dinghai?"

Shen Gongbao's eyes slowly turned to the other side.

Priestess Dinghai was the Grandmaster Abbot of the three saints nunnery and also Yun fanqing's master.

Even though this teacher was a woman, her bones were much tougher than that of the Bodhisattva of the Holy tower.

"I don't agree!"

With a solemn expression, Daoist Dinghai shook her head and said, "although you, Shen Gongbao, have gained a firm foothold in the heavenly Dragon Holy domain, I have never regarded you as a Buddhist from the beginning. I will never hand over the people of the three saints nunnery to you!"

"Since you don't agree with me, why didn't you stop me when I started the war with Heavenly Dragon Temple?" Shen Gongbao asked in a cold voice.

"Because I know that the heavenly Dragon Temple is not your opponent! Stopping you won't change the outcome. It'll only cause more casualties!" Said Shitai Dinghai.

you were afraid of causing more casualties in the past. Are you not afraid anymore in the future? " if you don't accept my proposal and unify the Western aparagodaniya continent peacefully, don't blame me for using force to occupy your three-Saint sanctuary! Shen Gongbao threatened.

you ... when nun Dinghai heard this, her brows immediately furrowed, and her eyes revealed a deep panic.

There was no doubt that it was not that Shitai Dinghai did not want to resist Shen Gongbao, but she simply did not have the ability to resist.

If Shen Gongbao used force, the territory of the three-Saints nunnery would be annexed without a doubt. It would still become Shen Gongbao's territory in the end.

"Shitai Dinghai! Don't be so stubborn! Exalted immortal Shen's suggestion is good for all of us!"

that's right! the Bodhisattva of the sacred tower quickly tried to persuade him. the entire earth-god Realm is in chaos because of that damn Chen Zhufeng. The war is raging, and the people are living in misery! Only by uniting our three families can aparagodaniya be United and Chen Zhufeng can't interfere!"

"I may be old, but I'm not muddleheaded yet!"

yes! priestess Dinghai said solemnly, " the war in the earth-god Realm was not started by Chen Zhufeng. On the contrary, he is quickly calming the flames of war! You don't want Chen Zhufeng to interfere in aparagodaniya, but I do hope that he can come quickly and return peace to aparagodaniya!"

"BOOM!"

As soon as she said this, Shen Gongbao suddenly turned hostile and directly blasted out a stream of vital essence, which hit abbotship Dinghai's sea of Qi dantian.

"Exalted immortal Shen! What are you doing?"

"Mistress Dinghai has great prestige in the three saints Holy domain!" The Bodhisattva of Holy tower said anxiously. You've injured her, so I'm afraid the entire three Holy sanctums will become our enemies! It will be extremely difficult to unify the aparagodaniya Prefecture!"

Shen Gongbao's face was gloomy and his eyes were fierce. He said with a strong killing intent, " "I've said it! Anyone related to Chen Zhufeng is my mortal enemy! This old nun wants to board Chen Xiaobei's ship, so I'm going to send her to hell first!"

#### **Chapter 3332: uninvited guest**

Without a doubt, the peak of Shen Gongbao's life would be to replace Jiang Ziya as the representative of heavenly Lord Yuanshi!

However, the moment Shen Gongbao reached the peak of his life, it was also the moment he began to decline!

From that moment on, Chen Xiaobei had started to take care of Shen gongpao.

No matter how Shen gongpao schemed, no matter how cunning, no matter how shameless he was, he could not win against Chen Xiaobei.

All the losses Shen gongpao had suffered in his life could not compare to the losses he had suffered from Chen Xiaobei alone.

In this way, Shen Gongbao fell into the abyss step by step from the spokesperson of heavenly Lord Yuanshi. First, he was demoted to the mortal world, and then he lost the trust and support of the clan of enlightenment.

To Shen gongpao, it was Chen Xiaobei who had dragged him from the peak of his life to the lowest point.

Because of that, Shen gongpao's hatred for Chen Xiaobei had reached its peak.

Not only did Shen Gongbao hate Chen Xiaobei, but he also hated everything that was related to him.

Shen gongpao wanted to kill everyone and everything related to Chen Xiaobei.

It was like an obsession, a knot in his heart, or even a demon. As long as Chen Xiaobei was alive, Shen gongpao would not let go of his hatred.

At this moment.

Shen Gongbao had been triggered when Dinghai Shishi mentioned that she wanted Chen Xiaobei to get involved in Aaniuhe Prefecture.

“Pfft ...”

Daoist Dinghai was completely caught off guard and was seriously injured by Shen Gongbao in an instant. Blood spurted out of her mouth and she fell to the ground, completely losing her fighting ability.

However, Shitai Dinghai was a loyal Buddhist and would never abandon her faith for the sake of life and death.

“Kill Me if You Can!”

With blood in her mouth, nun Dinghai said carelessly, “My death will let the entire Aparagodaniya see your true colors! Not only will you not be able to unify the Western Aparagodaniya continent, but you will also become the mortal enemy of the Buddhist sect!”

“Don’t worry! I will definitely let you die in pain and regret! This is the price you have to pay for colluding with Chen Zhufeng!” Shen Gongbao said fiercely.

At the same time, Shen Gongbao had already raised the nine-toothed rake.

He circulated his true Yuan, ready to give Shitai a fatal blow at any time.

“Shen Shangxian, please calm your anger! Please calm down!”

“Abbess Dinghai has a high prestige in the three saints Holy domain!” The Bodhisattva of the Holy tower quickly stopped him. Moreover, we three Buddhist forces are on the same side on the surface!”

“If she dies in Heavenly Dragon Temple! Not to mention the people of the three saints Holy domain, I’m afraid that the people of my ten thousand Buddhas Holy domain and your Heavenly Dragon Holy domain won’t let this go easily!”

Obviously, it was easy for Shen Gongbao to kill Abbess Dinghai. However, the consequences of killing her were unbearable for Shen Gongbao.

Because Shen Gongbao was also in an awkward situation.

First of all, releasing the power of the nine-toothed rake had consumed most of Shen Gongbao’s merit points.

Next, in order to activate the nine-toothed rake, Shen Gongbao had exchanged his merits for 500 billion upper spiritual stones.

In addition, Shen Gongbao also exchanged a large number of high-level and super heavenly dog food with his merit.

In the end, Shen Gongbao had basically used up all the merits he had gained from unifying the heavenly Dragon sacred domain.

At this moment, Shen Gongbao could not even exchange for a super heavenly dog biscuit. Therefore, he had to give up his martial strength and sit down to negotiate with Shitai Dinghai.

In fact, Shen Gongbao could also unify the aparagodaniya state of the West by force, but time did not allow him to do so.

Shen Gongbao had received news that Chen Xiaobei had won the other three states.

Shen Gongbao knew that Chen Xiaobei could intervene at any time. He had to complete the unification of West aparagodaniya before Chen Xiaobei intervened.

Because of this, only negotiation was the fastest and most time-saving method.

If Shen Gongbao killed priestess Dinghai and caused chaos in aparagodaniya, he would not be able to unify the continent before Chen Xiaobei's intervention. All his previous plans and efforts would be wasted.

On the other hand, if Shen Gongbao could complete the unification before Chen Xiaobei did, he would receive another ten trillion merit points.

By then, Shen Gongbao would be able to release some of the nine-toothed rake's power, and it would be possible to kill Chen Xiaobei.

It must be known that in the earth-god Realm, there was only one genuine two-star heaven-God instrument, the nine-toothed rake. Even if it was only a mid-stage two-star, Shen Gongbao would be invincible in the earth-god Realm.

"Phew ..."

Shen Gongbao let out a long breath and slowly dispersed his genuine vitality. He said seriously, "Old nun! Don't say I didn't give you a chance! If you want to live, then obediently cooperate with me! Otherwise, I'll slaughter the entire three saints nunnery!"

"Buddha said, if I don't go to hell, who will?" Dinghai Shitai was unmoved and said solemnly, "For the sake of the billions of people in the Western aparagodaniya Prefecture, we Buddhist disciples will die a worthy death! He died in peace!"

"You ..."

Hearing this, Shen Gongbao's face turned gloomy.

If there was another super heavenly dog biscuit, Shen Gongbao would definitely stuff it into Shitai Dinghai's mouth without hesitation.

"Come on! If you have the ability, then kill me!" Priestess Dinghai gave him a cold glance and looked down on Shen Gongbao.

"You're provoking me! This will only cause you to die a more miserable death!" Shen Gongbao was so angry that he gritted his teeth, but he did not dare to make a move.

"Heh, you dare to say it, but you dare not do it! What kind of man are you?"

“No wonder you’re so afraid of Chen Zhufeng!” Priestess Dinghai said disdainfully. A cowardly rat like you isn’t even worthy of carrying bei Xuan faction master’s shoes! I’ll never be his match in this lifetime!”

“Old nun! Don’t you go too far!” Shen Gongbao was so angry that his eyes turned red. He raised the nine-toothed rake high again.

“I can not! Exalted immortal Shen! I can’t!” The Bodhisattva of the sacred tower rushed over to stop Shen Gongbao.

This Bodhisattva of the Holy tower had no morals or bottom line, but he was very smart.

Since he wanted to follow Shen Gongbao, he naturally hoped that Shen Gongbao would get the most benefits at the lowest price.

If Shen Gongbao really killed abbess Dinghai, West aparagodya would be in chaos. Not only would he not get any benefits, but he might also suffer losses.

For this reason, the first thing that the Bodhisattva of the Holy tower wanted to do was to protect nun Dinghai.

“Don’t stop me! Otherwise! I’ll kill you too!” Shen Gongbao was so angry that his eyes were almost spitting fire.

“Why are you so angry, fellow Daoist? Listen to my method of breaking the situation!”

At this moment, a young man with an extraordinary appearance walked into the hall.

Three young men followed closely behind.

The main hall was guarded by the core upper echelons of the three top forces. It was impossible for ordinary youths to enter.

Since these four young men were able to enter, their identities were definitely not simple.

Shen Gongbao did not dare to be careless. He suppressed his anger and asked, “Who are you people? What kind of trap?”

#### **Chapter 3333**

3333 The envoys of the four religions

“I’m Li Shimin, the human Emperor of the great Tang!”

The young man in the lead smiled slightly, his bearing noble and steady.

It was a simple sentence, but it exuded the domineering aura of an Emperor, as if the world was under his control, and the universe and destiny were all in his heart.

“I’m Tian Yunzi, a disciple of the clan of enlightenment!” Then, a young man dressed like a Taoist revealed his identity indifferently.

Beside him was a young man dressed in Buddhist clothing. "I'm a Buddhist disciple, Shami spiritual Vulture!"

The last one was a strong, dark-skinned young man. "I'm a demon sect disciple, mountain moving Demon King!"

The four young men introduced themselves one after another. The Bodhisattva of the Holy tower and the priestess of Dinghai were all shocked and could not believe their ears.

However, Shen Gongbao knew clearly that these four young men must be reincarnated ancient Immortals.

"Human, Buddhist, demon! The four sect's emissaries gathered? May I know what the matter is?"

Shen Gongbao dispersed his vital essence and took back the nine-toothed rake. He had calmed down.

Obviously, Shen Gongbao was not only embarrassed by the lack of resources and merit, but also by the fact that he had secretly received the support of Buddhism even though he had not left the clan of enlightenment.

At this moment, Tian Yunzi of the clan of enlightenment and the spiritual Vulture Shami of the Buddhist sect appeared in front of him at the same time. Shen Gongbao did not know what to do for a moment.

However, from the order in which these four people appeared, it could be seen that this operation should be a joint effort of four parties, and Li Shimin of the tribe of humanity would be the leader of the operation.

we're here to help you deal with Chen Zhufeng!

"Chen Zhufeng will soon occupy three of the four continents in the earth-god Realm!" Li Shimin went straight to the point. If aparagodaniya falls into his hands again, there will no longer be a place for us in the earth immortal world!"

"For the continuation of our orthodoxy and for the stability of our believers, the four of us have temporarily put aside our differences and joined forces! Chen Zhufeng would not be able to walk out of aparagodya! Let the earth-god Realm return to the hands of our four families!"

It was obvious that both mo Luo Wu Tian and lady Nuwa had warned Chen Xiaobei.

The process of unifying the earth-god Realm was the process of expelling other orthodoxies and snatching their believers.

With Chen Xiaobei's continuous victories, the anger and hatred of the various forces continued to increase.

A demon, a human, a Buddha, and a demon!

These four forces were the four peak forces of the heaven realm and the source of all the sects and mantras in the Three Realms.

They would never allow their orthodoxy to disappear in the earth-god Realm.

They would not tolerate the fact that Bei Xuan faction was the only orthodoxy in the earth-god Realm from now on.

Because of that, they would form an alliance of four, and their ultimate goal would be to kill Chen Xiaobei.

Only with Chen Xiaobei's death and Bei Xuan faction's collapse could the legacy of the four families be passed down from generation to generation. Only then would their believers be able to continue their legacy.

"That's great!"

Hearing this, Shen Gongbao was overjoyed and said, "Fellow Daoists, you've come at the right time! With your help, I have the confidence to fight Chen Xiaobei! I'll make sure he dies without a burial!"

Obviously, these four young men represented the four top sects in the heaven realm.

Not only did they have a large number of reincarnated ancient Immortals from the four religions, but they also had the support of the four religions in the heaven realm.

If Shen Gongbao could get the support of the four religions, he would not be afraid even if he had to poke a hole in the sky, let alone Chen Xiaobei.

"Fellow Daoist, I'm afraid you've misunderstood!"

Li Shi Min's eyes narrowed, and he said indifferently, "From now on, all matters of the Aparagodya Prefecture, big and small, will be decided by the four of us! You don't have to fight Chen Zhufeng head on! You just need to obediently listen to our orders!"

"What?" Hearing this, Shen Gongbao felt as if he had been struck by lightning and almost passed out.

It must be known that Shen Gongbao had risked his life and everything to get to this point.

It was not easy to control the heavenly Dragon sacred domain and was about to unify the West Aparagodaniya continent, but Li Shimin appeared halfway and wanted to take over everything.

This was equivalent to Shen Gongbao giving away the fruit of victory that he had painstakingly cultivated to someone else before he could taste it.

Qi! Annoyed! He was furious!

Shen Gongbao felt like he was going to explode.

If he could, Shen Gongbao even wanted to swing the nine-toothed rake and kill these four young men.

Unfortunately, Shen Gongbao didn't have the courage to do so.

Shen Gongbao could not afford to offend the forces behind these four young men.

To Shen Gongbao, killing them was the same as committing suicide.

"As ... As you wish ..."

Shen Gongbao had no other choice but to swallow it down. He gritted his teeth. He had no other choice but to admit defeat.

The Bodhisattva of the Holy tower and priestess Dinghai were dumbfounded.

He had never thought that the arrogant Shen Gongbao would be so easily controlled by these four young men.

“Four young masters, may I ask, just who are the four of you? How do we deal with Chen Zhufeng?” The Bodhisattva of the Holy tower was very curious and asked respectfully.

However, Li Shi Min did not even bother to look at him.

“Get lost!” “You have no right to speak here!” The Samantabhadra monk said coldly.

The Bodhisattva of Holy tower was stunned and said with some dissatisfaction, “I’m afraid you don’t know my identity yet. Although I’m following immortal Shen, I’m still the sacred Pagoda Bodhisattva of the ten thousand Buddhas Pagoda ...”

“Bodhisattva? You think you’re worthy?” Sama spiritual Vulture’s eyes narrowed, and his primordial spirit power suddenly burst out.

“Uh ...”

The Bodhisattva of Holy tower wailed, not knowing what had happened. He only felt an extremely strange pain coming from his heart.

Swish ... Swish ...

The next moment, a cross-shaped bloody wound appeared where the heart of the Bodhisattva of Holy tower was.

The bloody mark was only the size of a palm, but it quickly spread out uncontrollably as if it was torn by the sharp claws of a beast.

In the end, the cross-shaped blood cut through the upper body of the Bodhisattva of the Holy tower, breaking his body into four pieces. Blood and organs were scattered all over the ground.

If one observed carefully, one would notice that the crack in the middle of his body was a bloody and terrifying swastika Buddhist seal.

how ... How is this possible?!

Upon seeing the scene in front of her, nun Dinghai was instantly dumbfounded, as if she had seen a ghost. She was so shocked that her heart trembled.

After all, the Bodhisattva of the Holy tower was a peak earth level deity!

However, in front of the spiritual Vulture Shami, the body of the sacred Pagoda Bodhisattva was like tofu, unable to withstand a single blow.

It wasn’t that the Bodhisattva of the Holy tower was too weak, but that the Samantabhadra was too terrifying.

“My God ... Please spare me ... Please spare me ...”

The next moment, the Dharmakaya and nascent soul of the Bodhisattva of Holy tower flew out of the broken bodies.

In the middle of the Dharma body, a blood-red swastika Buddhist seal was tearing the Dharma body apart bit by bit.

Once the Dharmakaya was destroyed, the Bodhisattva of Holy tower would die without a doubt!

#### **Chapter 3334**

3334 Law of the human Sovereign

“Spiritual Vulture, that’s enough!”

it’s easy to kill a dog,” Tian Yunzi said coldly. but after killing him, the ten thousand Buddha Holy realm will be in chaos. It’s not good for us!

“Do I need you to teach me?” The eyes of the young monk spiritual Vulture were cold. With a wave of his hand, he dispersed the blood-red Buddha seal on the body of the Bodhisattva of the Holy tower.

there’s so much blood on the ground. I even feel like eating meat! Mountain moving Demon king’s mouth twitched, and a greedy look appeared on his face.

Oh my God ... hearing the conversation between the three guys, the Bodhisattva of the Holy tower was like a frightened chick. He quickly hid behind Shen Gongbao and his Dharmakaya body trembled. If his physical body had left, he would have peed on the spot.

Priestess Dinghai was also extremely shocked. She had never dreamed that the four young men who had entered after them would actually be such terrifying existences.

He killed people without saying a word.

More importantly, they could kill a peak earth immortal as easily as killing an ant.

“All of you, stop!”

Finally, Li Shi Min spoke.

This simple sentence instantly silenced the three arrogant and cold young men.

It was clear that Li Shi Min was not only the leader of the four of them in name, but he was also the strongest of the four.

my subordinate, Yuan Tiangang, has already predicted Chen Zhufeng’s movements!

Chen Zhufeng will arrive at aparagodya today,” Li Shimin said in a deep voice. we must calm down and plan our next move. We must make sure he dies without a burial place! Otherwise, our four sects will completely disappear from the earth-god Realm!”

hehe, brother li has the protection of the human Emperor's law. Killing Chen Zhufeng will be as easy as turning over your hand! Mountain moving demon monarch laughed coldly.

"Don't be careless!"

Li Shimin shook his head and said, "although I've comprehended the laws of the human Sovereign, the content is not complete. I still need to find the reincarnation of Wu Zetian to complete the laws!" Before this, I can't even say that I'm 100% sure that I can defeat Chen Zhufeng!"

"Brother Li, you're too humble!"

"Even if your comprehension of the laws of the human Sovereign is incomplete, the human world is your absolute home ground!" Tian Yunzi said with a faint smile. You can use the power of the human world to fight. How can Chen Zhufeng not lose?"

"This isn't being humble!"

no! Li Shimin shook his head and said, " why Can Chen Zhufeng keep winning? " It was because his opponents would always look down on him! Without a 100% chance of winning, we have to be extremely careful with every step we take!"

"I agree!"

Shen Gongbao's eyes narrowed and he said seriously, " "Chen Zhufeng's a cunning man, he's a million times more cunning than a Fox! Moreover, he also has some hidden help in the heaven realm. Coupled with his soaring luck, it often brings great variables that help him reverse his defeat!"

"If we let our guard down, Chen Zhufeng might turn the tables on us! In the end, not only will we not be able to hurt Chen Zhufeng, but we might even suffer a double loss!"

Obviously, Shen gongpao was Chen Xiaobei's old rival. He had been fighting with Chen Xiaobei since earth.

Shen gongpao knew better than anyone else the consequences of underestimating Chen Xiaobei!

"Heh, only you, Shen Gongbao, would do such a stupid thing!"

The young monk spiritual Vulture sneered in disdain and said, " "We're not like you. This time, we'll make sure Chen Zhufeng dies in aparagodya! You fool, just wait and see!"

you ... Shen Gongbao was both embarrassed and angry.

Unfortunately, no matter how angry he was, Shen Gongbao could not refute.

It was not because he did not dare to argue, but because Shen gongpao had never won against Chen Xiaobei. He had no excuse to argue.

"Fellow Daoist Shen!"

Li Shimin smiled and said, "fellow Daoist lingluan is a straightforward person. You don't have to mind his words!" However, you must pay attention to what I'm going to say next!"

Shen Gongbao's expression froze for a moment, but he did not dare to neglect,"Brother Li, please speak. I'm all ears!"

Originally, Li Shiming was only the human Sovereign realm of a dynasty. Even if he had cultivated in the land after his death, he wouldn't have been that powerful.

However, when he heard the words " laws of the human Sovereign, " Shen Gongbao's every nerve was tense. They would never dare to underestimate Li Shimin, and would even lower their status to treat Li Shiming with respect.

In the human world, the laws of the human Emperor were invincible!

Even if Li Shimin's comprehension of the laws of Human Sovereign was not complete, he was not someone Shen Gongbao could easily provoke.

"In order for our plan to succeed, I need to borrow fellow Daoist Shen's nine-toothed rake!"

"I'm sure that fellow Daoist Shen is not happy about this, but I believe you've already watched the live broadcast half a month ago!" Li Shimin said indifferently.

"Chen Zhufeng has a divine fairy's body. The two-star divine fairy summoning talisman can't defeat him! Only the nine-toothed rake is the only way to break out of this situation!"

Misfortune and fortune come together, prosperity and decline accompany each other!

The benefit of Chen Xiaobei's livestream was that he could quickly win over the People's hearts, and at the same time, show his strong foundation, suppress all the forces in Northern Kuru's Luzhou, and complete the unification in the fastest time!

But the bad thing about that live stream was that Chen Xiaobei's latest trump cards were all exposed to the enemy!

This way, if the enemy wanted to plot against Chen Xiaobei, they would have to use all their trump cards.

Once the enemy made a move on Chen Xiaobei, the trump card that Chen Xiaobei had exposed would no longer be of any use, and the danger factor would increase exponentially.

At this moment, Li Shi Min had already pointed out that he wanted to use the nine-toothed rake.

This meant that with the nine-toothed rake, Li Shimin would be able to break the giant soldier's physical body and defeat Chen Xiaobei.

"It's not that I don't want to ..."

Shen Gongbao frowned and said, " the nine-toothed rake can already activate the power of a two-star celestial being. It costs 500 billion upper spiritual stones to use it once! I don't have that many spirit stones!"

Obviously, Shen Gongbao had already exchanged his merits for the spiritual stones, but he didn't want to lend them to Li Shimin, so he used them as an excuse.

"You don't have to worry about the spiritual stones, fellow Daoist Shen!" "As long as fellow Daoist Shen can lend me the nine-toothed rake, I have a 90% chance of winning!" Li Shi Min said with a smile.

"This ..."

Shen Gongbao was stunned. He was in a dilemma.

The nine-toothed rake was Shen Gongbao's absolute trump card, so he should not lend it to Li Shimin.

But at the same time, Shen Gongbao really hoped that Li Shimin could kill Chen Xiaobei.

"Good! I'll lend it to you!"

Finally, Shen Gongbao made a decision. He handed the nine-toothed rake to Li Shimin and said, "The nine-toothed rake is my life. I'll hand it over to brother Li now. Please Don't Let Me Down!"

"Don't worry, Daoist Shen!"

of course! Li Shimin smiled. as long as I plan a little more, I have a 100% chance of killing Chen Zhufeng!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3335: merit**

"Good! Since brother Li is so confident, I'll wait for your good news!"

Shen Gongbao's biggest wish was to kill Chen Xiaobei. No matter what method he used, as long as Chen Xiaobei was dead, Shen Gongbao would be able to get rid of one of his biggest worries.

Since Li Shimin was so confident, Shen Gongbao had nothing to say.

If he could really kill Chen Xiaobei, Shen Gongbao would be willing to do anything even if he could never get the nine-toothed rake back.

"Alright, the most important step is done!"

Li Shi Min held the nine-toothed rake and indifferently said, "pass down my order. Have our men gather here quickly. This time, we can't let Chen Zhufeng escape!"

"Yes!"

The other three ancient Immortals nodded and took out their mobile phones to contact their companions.

Without a doubt, these four people were only the emissaries of the four reincarnations. Behind them, there were still a large number of reincarnated ancient Immortals on standby.

The four religions had made up their minds to kill Chen Xiaobei no matter what.

"Daoist Shen, there should be live streamers in the heavenly Dragon Holy domain, right? Go and catch one for me!" Li Shi Min said indifferently.

"Catch a streamer? What does brother Li want to do?" Shen Gongbao asked in confusion.

right now, I only have a 90% chance of winning this mission. But if we can lure Song Qincheng out, we will win for sure! Li Shimin said.

“Song Qincheng?”

Shen Gongbao was stunned and said in confusion, “this woman seems to be from earth and has been assisting Chen Zhufeng behind the scenes. She doesn’t seem to be anything special. How can she influence the outcome of the war?”

Li Shi Min’s eyes narrowed, and he said expectantly: “Song Qincheng is the reincarnation of Wu Zetian, and she can help me complete the laws of the human Sovereign! At that time, I will be an invincible existence in the human world!”

Wu Zetian, the golden age Empress!? Shen Gongbao’s expression froze for a moment, and his heart couldn’t help but tighten. I didn’t expect Chen Zhufeng to have such a great opportunity!

“Yup!”

that’s right! Li Shimin nodded and said, “no wonder sect leader Tongtian has his eyes on Chen Zhufeng! He himself is a huge variable, and he has many unparalleled opportunities and fortunes gathered around him!”

It was obvious that Chen Xiaobei had Rahu, Emperor Jiang, and Taiyi, the three most powerful ancient Celestials under the Saints.

There was also Jiang Ziya, old Wang, Ying Zheng, and Xiang Yu, all of whom were capable in both civil and military affairs.

But when it came to fortune and opportunities, the few people around Chen Xiaobei were even more extraordinary. Even in the heavenly realm, they would be envied by the gods.

The first one was six-eared macaque. His transformation ability had helped Chen Xiaobei solve countless problems.

The second one was Liu xuanxin. She was Chen Xiaobei’s ultimate match. At the same time, she had also obtained the heart of the Phoenix. Her future was limitless.

The enemy knew all of this.

What the enemy did not know was Luo puti’s Saint Duke divine light. Currently, only mo Luo Wutian knew about it, and he attached great importance to it. He had even begun to plan to take Luo puti away.

In mo Luo Wutian’s words, as long as he could get Luo puti’s help, he would not need Chen Xiaobei anymore.

One could imagine how powerful Saint Duke’s divine light would be even in the heavenly realm.

Furthermore, the enemies were still unaware of Futian Xin ‘er’s appearance. This little girl’s primordial spirit special ability was the sky-mending divine stone’s special ability. It had many uses and was extremely powerful. It was invincible among those of the same level.

After that, it was little Daji's demonic Fire Red Lotus imprint. This was the only clue to find the heavenly path. It contained the power of the heavenly path and could even kill a heavenly path Sage.

There was no doubt that every single one of them was Chen Xiaobei's great fortune.

To be able to gather all these people together, it was clear that Chen Xiaobei had his own extraordinary qualities.

Of course, other than these people, there was another great fortune that appeared beside Chen Xiaobei, and that was song Qincheng!

Shen Gongbao had said that she was the Empress of the prosperous world, and Li Shimin had been longing for her for a long time.

A Golden Age!

In the history of the land of the nine prefectures, only the great Tang Dynasty could be called a Golden Age.

At that time, the country was rich and the people were strong, and thousands of countries came to pay their respects! The People's sexual happiness was unprecedentedly high!

It was common knowledge that an Empire's fate would be counted from the end of the war. They would first receive the merit of stopping the war, and then the merit of protecting the people.

Finally, if the people could live a more blissful life than before, it could be said that their merit was fulfilled, and they could even obtain the 'merit of governing the world' from a third party!

The great Tang had reached its peak in its golden age, and the heavenly Dao had also given the most merit in history.

However, the Tang Empire's Golden Age began with Li Shimin and rose to power with Wu Zetian.

Therefore, the two of them each received a portion of the merit.

Because of the split of merit, Li Shimin and Wu Zetian did not manage to reach the Emperor realm.

However, there were some special opportunities in the most abundant merit points in history.

From this opportunity, Li Shimin comprehended a part of the laws of Human Sovereign.

However, Wu Zetian had chosen to reincarnate after her death and did not cultivate in the land. Therefore, she had not comprehended the laws of Human Sovereign.

By the way, although Ying Zheng had unified the nine provinces, he had made a mess of the rule of the world. When it was passed to the second emperor of Qin Dynasty, the great Qin Empire was completely overthrown by Xiang Yu and Liu Bang.

Therefore, even though Ying Zheng was a great emperor throughout the ages and had reached the renhuang plane for nine years, he did not have the opportunity to comprehend the laws of renhuang.

After reincarnating, song Qincheng had lost her memories of her previous life, and she would not know that she had the special merit of governing the world that allowed her to understand the laws of the human Sovereign.

Therefore, when song Qincheng was with Chen Xiaobei, other than her talent in governing the country, she did not show any other special qualities.

Right now, Li Shimin wanted to use the live stream platform to lure song Qincheng out.

This meant that Li Shimin already had a way to take away the special merit from song Qincheng, and from there, complete his own law of the human Emperor, and become an invincible master in the human world.

“Brother li, don’t worry! Old Wang’s live streaming platform is very popular now. It’s easy to catch a few live streamers!”

Shen Gongbao was confused,”but song Qincheng has always been very cautious, and she has never stepped out of bei Xuan faction!” I’m afraid it won’t be that easy to lure her out with the host!”

“Heh, such a simple logic, of course I understand!” of course, a normal streamer wouldn’t be able to lure song Qincheng out, ” Li Shimin said with a smile. but if Chen Zhufeng comes out personally, do you think she’ll be able to sit still? ”

Chen Zhufeng personally asked song Qincheng to come out? ” Shen Gongbao frowned and couldn’t believe it, ” how ... How is this possible? ”

be patient! Li Shimin smiled. once Lady White bones is here, we can start our plan immediately!

#### **Chapter 3336: flaming bull demon**

“Lady White bones? Isn’t she dead?”

Shen Gongbao was confused, he didn’t understand what Li Shimin meant.

“No, she’s not dead!”

she was caught up in the spatial turbulence when she was fighting with Chen Zhufeng. She came out not long ago and was brought back by my men to treat her injuries. She has basically recovered and will be here soon! Li Shimin said.

“I understand!” brother li! Shen Gongbao’s eyes lit up. you want Lady White bones to look like Chen Xiaobei so that you can trick song Qincheng out!

“The order is wrong!”

I don’t think so! Li Shimin said calmly, ” song Qincheng isn’t an idiot. Even if she saw Chen Xiaobei in the live stream, she would have called to confirm it first! So, the right thing to do is to trap Chen Zhufeng in an isolated space so that song Qincheng can’t contact him. Only then can we trick song Qincheng out!”

“I understand ...”

Shen Gongbao nodded and said, "it's easier said than done!" It's definitely not easy to trap Chen Zhufeng in an independent space!"

"You're right! Chen Zhufeng is as slippery as a mudfish. It's not easy to trap him!"

of course! Li Shimin smiled and said, " however, Yuan Tiangang has already calculated that Chen Zhufeng came to the aparagodaniya continent for the red flame cave! This mudfish is about to walk right into our trap, so we don't have to waste our effort to catch him!"

"Oh?"

Shen Gongbao's eyes lit up and he became excited, " "Chen Zhufeng is going to enter the red flame cave, one of the seven forbidden places in the earth-god Realm? It was an independent space! Once he enters, our plan will be half-complete!"

"That's right!"

Li Shi Min smiled with confidence, we chose this time to act because we knew where Chen Zhufeng was going!

"High! It's really high!"

Shen Gongbao raised his thumb and praised, " "Plan before you act! If he didn't move, he would be fine, but if he moved, he would hurt people! With such a plan, there was no need to worry about Chen Zhufeng not dying! There's no need to worry about bei Xuan sect not being destroyed!"

.....

At the southernmost point of aparagodya.

Chen Xiaobei and six-eared macaque had arrived at the outskirts of the flaming demonic cave.

"Bro bei, let's go in!"

Six-eared macaque had turned into Zhurong. Although his cultivation had fallen from a half-step heaven immortal to a peak earth immortal, his primordial spirit power contained the law of fire, which made him not afraid of the danger in the forbidden land of death.

"Good! Go in!"

Chen Xiaobei had the fire taming Pearl and six-eared macaque to protect him, so he was not afraid.

Facing a volcano with boiling lava, the two of them jumped into it without hesitation.

At the bottom of the lava, there was a floating dark red spatial gate. Once you passed through it, you would enter an independent space.

And this independent space was the legendary Scarlet Flame demon cave.

Because of the existence of magma, people from the earth-god Realm would not come here.

There were only folklore that said that this area was originally a fertile land with beautiful mountains and clear waters, and that there were several main cities.

However, on a certain day in history, countless flame demons crawled out of this volcano, causing the surrounding people to be in misery and suffering, and the city was destroyed.

The three top forces of Buddhism had once joined forces to eliminate the demon, but they had suffered heavy casualties in the war.

The senior brother of the sacred tower Bodhisattva, the former Abbot of the ten thousand Buddhas Pagoda, had died in the battle with the flame demon.

From then on, no one dared to approach the Scarlet Flame demonic cave, and the name of the forbidden land of death had existed since ancient times. Even today, people's expressions would change at the mere mention of it.

On their way here, Chen Xiaobei and six-eared macaque had heard about some of the legends. Naturally, he knew of the existence of those terrifying Ifrits.

"Clang! Clang!"

Chen Xiaobei took out his Dragon's edge and handed the Coiling Dragon heavenly spear to six-eared macaque.

"Chi ... Chi ..."

Then, the two of them passed through the space gate and directly entered the red flame demon cave.

The space spun, and the scene in front of him changed drastically.

This was a space that was burning with raging flames. There were incomparably scorching mystical flames everywhere, and there were countless skeletons piled on the ground.

In such a place, if it was an ordinary bone Gu, it would have been burned to ashes.

As for the skeletons in front of him, although they were all burned to a fiery red, there were no signs of them being burnt, and they would not be burned to ashes.

these skeletons are clearly human-shaped, but their hardness is far beyond that of a peak earth-god level ... This is too strange!

Chen Xiaobei could clearly feel the high temperature around him. It was equivalent to the power of a peak earth-god.

The bones on the ground were not burned or melted, which showed that they were harder than peak earth Immortals.

"Flame demon corpse cultivation technique!"

Six-eared macaque had seen through Zhurong's memories and knew what was going on. He said, "these skeletons belong to humans. They should have been ordinary!

however, there should be a huge spirit vein underground. Someone extracted spirit Qi all year round and used a secret technique to nurture corpses. Then, they used the divine power of the flames of the sun Emperor crystal to cultivate these skeleton corpse soldiers!

It was obvious that the fire demons that had climbed out of the volcano in the folklore were these red skeletons lying on the ground.

"I didn't expect this! Someone actually dared to come here! And he could even recognize the flame demon corpse cultivation technique! It's really not easy!"

At this moment, a deep and hoarse voice came from the fire far away.

"Whoosh ..."

Chen Xiaobei and six-eared macaque looked at the source of the sound and saw a burly figure emerging from the flames.

It looked like a bull, with a pair of curved blade-like horns on its huge head.

However, the bull's lower body had no legs, only burning flames.

"What are you?"

Chen Xiaobei squinted his eyes and observed the strange bull demon.

"Me?"

The Scarlet Flame bull squinted its eyes and said in a hoarse voice, "I was originally a green ox in this mountain. A trillion years ago, the sun Emperor crystal fell here and turned a forest into a volcano!

"At that time, I fell into the sea of fire, and the lower half of my body was quickly burned to ashes! However, just before I died, the sun Emperor crystal passed by me and gave me a trace of Shen power!"

just like that, I survived. Furthermore, my body fused with the sun's fire and became countless times more powerful than before!

"In order to repay the God's gift, I became the most devout slave of the sun Emperor crystal! By sacrificing some spiritual energy, they could exchange it for an endless lifespan! After a trillion years, I've already reached the half-step heaven immortal realm!"

The red flame bull had probably not spoken to anyone for a long time, so it couldn't hold back and revealed many secrets.

Of course, he did not plan to let Chen Xiaobei and six-eared macaque leave. He was not afraid of leaking the secret.

"Ka! Ka ... Ka ..."

As they spoke, the flaming red skeletons on the ground started to stand up one after another as if they had just woken up from a deep sleep. They surrounded Chen Xiaobei and six-eared macaque.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3337: petty tricks**

There was no doubt that the bull demon was not a kind person.

Back then, it must have been him who led the skeleton undead soldiers to destroy the main cities around the volcano, turning the fertile forest into a barren Red Desert.

The reason why there were no skeleton soldiers in recent years must be because the ox fiend had reached the half-step heaven immortal realm and did not dare to leave the independent space.

After being trapped in this independent space for so many years, the Scarlet Flame ox demon felt like it was in a prison. It had long been suffocated to the point of being unable to stand it.

Now that Chen Xiaobei and six-eared macaque had barged in, the bull demon would definitely not let them go.

It was like an old cat catching a little rat, teasing it for a while, and then killing it after it was done.

Ka ... Ka ... Ka ...

The number of undead skeleton soldiers in this space was shocking, probably no less than ten billion.

All of them stood up and filled up the entire space.

“Tell me! Why did you come here?”

The bull demon looked down at Chen Xiaobei and six-eared macaque and asked.

“We’re here to take the sun Emperor crystal!”

Chen Xiaobei shrugged. There was not a trace of fear on his face.

Even though the bull demon was a half-step heaven immortal and there were billions of corpse soldiers around him, they were like paper to Chen Xiaobei. They were not even worth being afraid of.

“What!”

On the contrary, the red flame ox demon was greatly surprised, his eyes wide open as he asked in disbelief, “You’re here to take the sun Emperor crystal? How was this possible? It was impossible for the world to know of the existence of the sun Emperor crystal! What’s more, how can you two mere mortals take the sun monarch crystal?”

Obviously, the sun Emperor crystal was the biggest secret of the bull demon.

In the eyes of the ox demon, if he didn’t say anything, no one in the world would know of the existence of this divine item.

However, Chen Xiaobei and six-eared macaque had risked their lives to enter the forbidden land of death. They were definitely not here just to explore.

Looking at Chen Xiaobei’s expression and attitude, he did not seem to be lying.

This meant that Chen Xiaobei and six-eared macaque really did know where the Imperial Sun Crystal was.

This made the bull demon extremely uneasy.

The sun Emperor crystal was the most important secret to the bull demon, which was related to his life.

If this secret were to be leaked out, the entire earth immortal world would probably swarm in, and the trouble and danger would be unimaginable.

What made the bull demon even more uneasy and afraid was that Chen Xiaobei had threatened to take the sun monarch crystal.

If Chen Xiaobei was not joking, this would mean that he was going to take the bull demon's life!

"How do you know that we are mortals?"

I'll be honest with you. We're the fire gods from heaven! Chen Xiaobei said. Today, I will take back the lost sun Emperor crystal!"

"What? You're the fire god?"

The Scarlet Flame ox demon's expression froze for a moment, and he actually revealed a skeptical expression.

It was not hard to tell that the bull demon was simple-minded even though it was physically strong. It had just told Chen Xiaobei its secret, and now it almost believed Chen Xiaobei.

"Of course!"

"If you don't believe me, you can wait and see!" My companion can easily subdue the sun Emperor crystal!"

"No!"

Hearing this, the bull demon opened his arms. "I can't let you take the sun Emperor crystal away! Otherwise, I'll lose the power of time and die!"

It was obvious that the sun Emperor crystal, eternal holy water, and divine sand of time were all special divine items that had the power of time.

To mortals, a little bit of time divine power was enough to maintain their lifespans.

However, the power of time could not grant one eternal life!

Although the ox demon had lived for trillions of years, its lifespan was decreasing bit by bit. If it left the sun Emperor crystal, its remaining lifespan would only allow it to live for a short time.

This state was very similar to Athena's, and she couldn't leave the protection of the divine item.

"Don't worry! If you obediently submit, I can guarantee that you won't die, and even send you to the heaven realm!"

Chen Xiaobei did not want to fight the bull demon.

"Impossible!"

However, the bull demon became agitated. the billions of skeleton soldiers here are all ordinary people who have died by my hands. Such a huge sin will definitely attract a terrifying Heavenly Tribulation!

“There’s no way I’ll be able to successfully transcend the Tribulation! Only by staying with the sun Emperor crystal can I live on for a long time! This is my only way out! You want to trick me into going through the Tribulation, you’re clearly trying to kill me!”

Obviously, the bull demon was very clear about the sins he had committed. He also knew that the greater the sin, the stronger the heavenly Tribulation. Only in this independent space could he survive. There was no other way out!

Because of this, the bull demon would not believe Chen Xiaobei’s words. It would not risk its life just because of Chen Xiaobei’s words.

“Since you don’t believe me, then I order you in the name of the fire god to make way! Otherwise, you will be killed without mercy!”

Chen Xiaobei’s face turned cold, and his overbearing aura burst out.

Chen Xiaobei’s mental state was extremely strong, and the pressure he exerted was so terrifying that ordinary people could not withstand it.

If it were any other person, they would have been stunned by Chen Xiaobei’s aura. Even if they did not kneel and kowtow, they would have lowered their heads and admitted defeat.

However, the bull demon had spent many years with the sun Emperor crystal and was used to the pressure of the divine item. So, it was not intimidated by Chen Xiaobei at all.

“You want to fight? Then let’s fight!”

The bull demon was really simple-minded, and he instantly lost his mind as soon as he got hot-blooded. He roared, “I’m not afraid even if you’re really the fire god! If you want to get the sun Emperor crystal, you’ll have to get over my dead body first!”

“Roar! Roar! Roar ...”

At the same time, the billions of skeleton soldiers around them all let out terrifying roars.

Their bodies were burning with flames, and their red bone armor was like steel that was about to melt. It was like a sea of fire that was about to devour Chen Xiaobei and six-eared macaque.

“Small tricks!”

However, Chen Xiaobei did not even need to do anything. Six-eared macaque waved his hand and the situation was settled.

“The law of fire! Exterminate!”

The six-eared macaque already had Zhurong’s yuan Shen power, which contained the law of fire.

Although Zhurong was only a peak-stage earth immortal and could only use a little bit of the law of fire, it was enough to subdue the sun monarch crystal.

At this moment, it was as easy as flipping his hand to extinguish the inferno demon corpse soldiers that were refined from the sun Emperor crystal!

“Whoosh ...”

In the next moment, the flames on the 10 billion skeleton soldiers were all extinguished, and the power of fire could no longer be added.

Huala ... Huala ...

After losing their energy, all the skeleton soldiers fell to the ground, without any fighting power.

how ... How is this possible?! The Scarlet Flame ox demon was instantly dumbfounded.

### Red Envelope Group of the Three Realms

#### **Chapter 3338**

3338 The might of primordial chaos

In the Three Realms, energy was conserved.

It was impossible for these skeleton undead soldiers to move on their own for no reason. There must be an external energy that provided them with power.

And this external energy, without a doubt, came from the sun Emperor crystal.

There had been a giant spiritual vein in this independent space, but most of the spiritual Qi had been absorbed by the sun Emperor crystal and transformed into its own power.

The power of time and the power of fire.

Six-eared macaque was Zhurong himself. He couldn't control the power of time, but he could control the power of fire.

These skeleton corpse soldiers were refined through a secret technique called the "flame demon corpse cultivation technique", and were naturally powered by the power of flames.

Because of that, six-eared macaque waved his hand and used the law of fire to cut off the fire power from the skeleton soldiers.

Huala ... Huala ...

In the blink of an eye, the ten billion corpse soldiers, which had looked as majestic as mountains and seas, fell to the ground and could no longer move.

“This ... This, this, this ...”

The bull demon was dumbfounded.

He had never dreamed that someone could repel the God-level power of the sun Emperor crystal with a wave of his hand.

Although the sun Emperor crystal was only a one-star divine item and had not been made into a weapon, its power was far inferior to a one-star divine weapon.

But this was only the earth-god Realm!

Chen Xiaobei and six-eared macaque were not even one-star divine Immortals. How could they affect the sun monarch crystal? What right did he have to suppress the ten billion corpse soldiers?

The bull demon couldn't figure it out. He even started to doubt his life.

Even if he had a hundred million brains, he would never have thought that Zhurong, the six-eared macaque, was one of the twelve ancestors of sorcery at the peak level of Sage-to-be.

If it was when Zhurong was still alive, a one-star divine item would be like a stone on the ground. It would not enter his eyes at all.

Liu er, don't talk nonsense with him. Just take the sun Emperor crystal!

Chen Xiaobei did not want to waste any more time, so he ordered six-eared macaque to start the operation.

"No problem!"

The six-eared macaque nodded and walked toward the place where the fire was the strongest.

"Stop!"

At this time, the bull demon suddenly roared, "I've said it! Even if you're the real fire god, if you want to take the sun Emperor crystal, you'll have to get over my dead body! Otherwise! I won't give in!"

"Swish!"

As soon as it finished speaking, the bull demon rushed toward the six-eared macaque.

"Ling jiuxiao!"

At the same time, Chen Xiaobei activated witch Dragon nine transformation and appeared in front of the bull demon.

"I'm your opponent!" Chen Xiaobei said calmly.

"You?"

The red flame bull demon snorted disdainfully and said with a murderous look, "You are just a six-star earth-god! It's not even enough to fill the gaps between my teeth!"

"Boom boom boom ..."

The bull demon had slaughtered billions of people, so its ferocity and killing power were needless to say.

Before Chen Xiaobei could reply, the bull demon had already raised its hammer-like fist, channeling its half-step heaven-immortal ethereal force, and aimed it at Chen Xiaobei's head.

Without a doubt, if an ordinary six-star earth-god were to stand here, he would definitely be crushed into pieces and turned into ashes by this punch.

The bull demon was determined to kill Chen Xiaobei and would not let him live.

The giant fist was like a war hammer, and with the raging flames, it was like a giant meteorite. It was going to kill Chen Xiaobei completely, not even letting his soul go.

"I tried to reason with you and gave you a way out, but you actually wanted to kill me! You still want to destroy my soul?"

Chen Xiaobei's face turned cold, and his dark eyes were filled with murderous intent. "Since you want to kill me! Then don't blame me for not giving you any face!"

"What a joke! 'You're just a weakling like an ant. What right do you have to talk to me?' Go to hell!" The bull demon did not even care about Chen Xiaobei.

This was normal. After all, the bull demon had already reached the half-step heaven immortal realm while Chen Xiaobei was only a six-star mid-form synthesis stage. The difference between the two was like the difference between the sun, the moon, and the stars.

"A person's strength isn't just based on their cultivation!"

Chen Xiaobei threw a punch at the bull demon and said, "What's most important is the foundation!"

"Whoosh ..."

As he swung his fist, Chen Xiaobei was silently channeling the new technique he had just learned.

In an instant, a golden spiritual light burst out from the spatial ring.

No!

To be more precise, the pure gold spiritual light burst out from a thread that was wrapped around the spatial ring.

That's right!

This was the primordial chaos demonic flame!

Chen Xiaobei had learned how to control the heat from Jun Mohan, the primordial chaos demonic ancestor. He could decide whether to release the heat or not.

Although this wisp of grandmist demonic flame did not have any power or special ability, it was at least a high-grade divine item. The high temperature that it emitted had already reached an extremely terrifying level.

Chen Xiaobei had a two-star heaven immortal grade fire taming Pearl on him. Even under such high temperatures, he would feel uncomfortable.

In other words, no one below the level of two-star heaven immortal could withstand such a terrifyingly high temperature.

"Uh ... Ah! It's ... It's burning me to death!"

Who would have thought that the Scarlet Flame bull demon, who lived in the sea of fire all year round, would suddenly burst out with a hysterical scream the moment it touched the Scarlet Gold spirit light?

The bull demon retracted its hand as if it had been electrocuted.

His reaction was already very fast, but that hammer-like giant fist was already severely burned.

Half of his arm had been burnt to the point that his skin and flesh were split open, charred black and dry.

The most terrifying part was the edge of the fist. Half of the fist had been burned to ashes, and the remaining bones were still emitting sparks and black smoke.

“How is this possible? How is that possible?”

The bull demon’s pupils contracted as he looked at his injured arm. His entire body trembled as he exclaimed as if he had seen a ghost, “I’m a flame demon! With the power of the sun Emperor crystal and the fusion of fire, I was half bull and half fire. How could I be burned like this?”

It was obvious that the ox demon had reacted extremely quickly, but half of its arm had still been burned off. If it had reacted any slower, it would have been burned to death without a complete corpse!

One could only imagine how terrifying that wisp of grandmist demonic flame was.

It was no wonder that even the two-star heaven immortal level fire taming Pearl could not block out its heat.

Chen Xiaobei had once suspected that the flame was just a strand of Jun Mohan’s hair.

A single strand of hair could obliterate any existence below the level of a two-star heaven immortal.

From this, it could be seen that primordial chaos demon ancestor at his peak was definitely an extremely terrifying existence.

cripple!!!

Since the bull demon wanted to kill him first, Chen Xiaobei would not show him any mercy.

He swung his fist again, aiming straight for the red flame bull demon’s sea of Qi dantian!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3339: bad news**

“Spare me! Spare me!”

The bull demon cried out in alarm. His pupils had already shrunk to the size of a needle tip, and his heart was beating wildly as if it was going to jump out of his throat.

The extreme fear had made the bull demon lose all will to fight. It was trembling all over and could do nothing but beg for mercy.

It was obvious that the Scarlet Flame ox demon had already experienced the terror of the primordial demonic flame.

The extreme heat emitted by this demonic flame had far exceeded the tolerance range of a half-step heaven immortal.

Take the punch just now as an example. The edge of the fist was just at the edge of the initial high temperature, but the red flame bull demon's Zhen Yuan directly shattered. Immediately after, the red flame bull demon's body and soul were also seriously burned.

This meant that the bull demon's full-powered attack had not even touched Chen Xiaobei and half of its arm had been burned off.

This kind of battle had no suspense at all. As long as it was a normal person, they would choose to beg for mercy.

Only an idiot would continue to fight with Chen Xiaobei.

"BOOM!"

But without a doubt, Chen Xiaobei was not a good person.

He had already given the bull demon a chance to live, but it did not cherish it and wanted to kill Chen Xiaobei instead.

Under such circumstances, Chen Xiaobei would not show mercy. Even if the bull demon kneeled down and broke its head, Chen Xiaobei would not let it off.

"Ah ... It's ... It's so hot ..."

The terrifying heat of the grandmist demonic flame instantly descended. The Scarlet Flame ox demon didn't even have time to escape and was completely enveloped.

The Scarlet Flame bull demon had no way of resisting this Scarlet-golden domain of high temperature.

The half-step heaven immortal's protective Zhen Yuan was instantly shattered, and his body was burned into ashes in the blink of an eye.

Then, the red flame bull demon's Dharmakaya was also severely injured and could collapse at any time.

"Whoosh ..."

Suddenly, Chen Xiaobei extinguished the primordial demonic fire.

It was not because Chen Xiaobei wanted to let the bull demon go, but because he did not want to waste its half-step heavenly immortal cultivation.

"Chi ..."

The bull demon's body and nascent soul were both severely injured. They could not fight back at all and were sealed into the spirit-condensing space.

When Chen Xiaobei needed it, he would take away the bull demon's cultivation and kill him.

Just like that, Chen Xiaobei defeated the bull demon with two punches.

Whoosh ... Whoosh ...

At the same time, the fire in the entire space began to extinguish quickly, and the temperature gradually dropped.

It was clear that the six-eared macaque had succeeded.

“Bro bei! I’m done!”

The six-eared macaque was walking toward them with a huge piece of red crystal in its ethereal force.

Without a doubt, this was the sun monarch crystal that the six-eared macaque had taken.

“That’s great!”

Chen Xiaobei looked at it for a while, then put it away and said excitedly, “in this case, as long as Taiyi finds the candle Dragon and tames the divine sand of time, I can upgrade the sunlight cache!

He was only one step away from success. Once he finished upgrading the sunlight cache, Chen Xiaobei would officially step into a whole new field and experience a surge in all aspects.

Many of the most important things could be achieved one by one, leaving Chen Xiaobei with no regrets.

“Everything is ready, only the east wind is lacking!”

bro bei! six-eared macaque was also excited. bro bei, let’s go and contact Emperor River! He might have already found the exact location!”

“No rush!”

Chen Xiaobei looked around and said, “I can’t let the billions of skeleton soldiers here go to waste!”

“Right! I almost forgot about it if bro bei didn’t mention it!” Oh! six-eared macaque’s eyes lit up. these skeletons have been refined for trillions of years. Their hardness is comparable to one-star heaven immortal items, and they’ve absorbed a lot of spiritual Qi. They can be considered treasures!

Whoosh ... Whoosh ...

Chen Xiaobei nodded, took out the heaven and earth furnace, and began to collect the skeleton soldiers on the ground.

Six-eared macaque was surprised. “Bro bei ... How did you put them in the heaven and earth smelt? Could it be that he’s planning to refine them all?”

“Right!”

these undead soldiers are as hard as a one-star heavenly-God item,” Chen Xiaobei said. but they are not heavenly-God items. They are not even high-tier earth-god items. It’s just that their numbers are huge, but their battle strength is actually very ordinary!”

“What’s more, the sun Emperor crystal is going to be used to upgrade the sunlight cache, and I don’t want to waste a huge amount of spirit stones to power these corpse soldiers. Therefore, they’re of little value to me. The best thing for them is to transform into the spiritual aura of heaven and earth!”

Obviously, Chen Xiaobei had everything planned out.

These corpse soldiers didn’t have strong battle strength, and their grades weren’t high. It wasn’t worth spending spirit stones to activate them, nor was it worth the effort to upgrade them.

Fortunately, these corpse soldiers had absorbed a large amount of spiritual Qi over the past trillion years, all of which had been refined into heaven and earth spiritual aura, and the amount was also very large.

.....

After a while, Chen Xiaobei recalled all the corpse soldiers and injected some of his witch Dragon Flame into them to start the refinement process.

The witch Dragon heavenly flame had already reached the level of a one-star heaven immortal, and it was a divine heavenly flame, so the refining speed was very fast.

In a few days, he should be able to refine all the ten billion corpse soldiers into heaven and earth spiritual aura.

Now, there was only one almost dried-up spiritual vein left in the cave. Chen Xiaobei was not interested in it, so he left with six-eared macaque.

The first thing Chen Xiaobei did when he returned to the real world was to take out his phone and contact dijiang.

However, there were already three missed calls and one unread message on the phone.

The missed calls were all from song Qincheng.

“Strange? What did Qingcheng want from me? It looks urgent ...”

Chen Xiaobei frowned and dialed song Qincheng’s number.

However, after a few consecutive calls, her phone was still switched off.

“Oh no... Something might have happened to Qingcheng ...”

Chen Xiaobei’s brows furrowed as he looked at the unread message.

The message came from one of Chen Xiaobei’s hidden pieces in the ten thousand Buddhas Pagoda, the demon fighter.

In order to avoid being discovered by the enemy, the king Kong would not contact Chen Xiaobei unless it was something of utmost importance.

At this moment, song Qincheng’s phone call and the demon fighter’s text message appeared at the same time. This was definitely not a coincidence.

Chen Xiaobei was smart enough to know that something had happened to song Qincheng! Furthermore, it might be related to the ten thousand Buddhas Pagoda!

Without hesitation, Chen Xiaobei opened the message.

The demon vanquishing Vajra was the sect master! It’s bad! Today, Shen Gongbao had brought four young men with him and tricked song Qincheng into coming to the heavenly Dragon Holy domain! Song Qincheng had just stepped out of the portal when she was caught by them! Now, his life and death were unknown!

## Red Envelope Group of the Three Realms

### **Chapter 3340: possession**

“This is bad!”

Chen Xiaobei’s heart clenched, and he almost lost his mind. Fortunately, his mental state was strong enough to keep the last bit of calm.

Even though Chen Xiaobei had many female confidants, the only ones that he had truly had sex with were song Qincheng and Liu xuanxin.

From the moment they met, song Qincheng had been working behind the scenes. With her talent as an Empress, she managed everything well, creating a good foundation for Chen Xiaobei to work hard outside.

Chen Xiaobei’s feelings for song Qincheng were no less than Liu xuanxin’s.

Song Qincheng’s contribution to Chen Xiaobei and Bei Xuan faction was even greater than all his female friends.

If anything were to happen to song Qincheng, it would be a fatal blow to Chen Xiaobei’s mental state! It would be a fatal blow to the entire bei Xuan faction and the soon-to-be beixuan sacred Empire!

Such a blow could very well defeat Chen Xiaobei and delay the establishment of the beixuan sacred Empire by several years, or even decades!

For both public and private reasons, Chen Xiaobei could not let anything happen to song Qincheng!

Chen Xiaobei: No matter the cost! You must help me protect Qingcheng! I’ll rush over now!

[ demon subduing Vajra: don’t worry, sect master! ] Since I’ve decided to follow you and be loyal to you, I’ve already made up my mind to gamble my life!

Chen Xiaobei: After this matter is settled, I will fulfill your dream!

The Vajra-subduing demon thought, “re ... Really?”

Chen Xiaobei: “ I, Chen Zhufeng, always keep my word!

[ demon subduing Vajra: thank you, sect master! ] To be able to serve the sect master, it is truly this subordinate’s good fortune from my previous life!

Chen Xiaobei: “ I’ve sent you the location. I’ll be there soon!

[ demon subduing Vajra: yes! ]

It didn’t take long for the demon fighter to send him his location.

Without hesitation, Chen Xiaobei summoned the demonic Crow King and six-eared macaque and flew over at the top of their speed.

As for dijiang, Chen Xiaobei was not in the mood to contact them.

However, Di Jiang did not send him a letter either, most likely because there was no final result, so Chen Xiaobei did not need to worry about it.

.....

Heavenly Dragon sacred domain.

In the secret underground room of Heavenly Dragon Temple.

“Who are you people? Why did you capture me? Don’t blame me for not warning you! I’m from bei Xuan faction, and I’m afraid you can’t bear the consequences of hurting me!”

A talisman was stuck on song Qincheng’s body, and her true essence was completely sealed. At the same time, her hands and feet were bound by dark steel chains, and she could not move.

There were five people standing around him. They were Li Shimin, Tian Yunzi, Shami spiritual Vulture, mountain moving Demon King, and Shen Gongbao.

“You don’t even know who we are, and you’re here to die!”

Tian Yunzi grinned hideously, “ it seems like you really care about Chen Zhufeng! Such a beautiful face! Such a superb figure! Why did she fall for Chen Zhufeng? Why don’t you follow me and you can still keep your life ...”

“PAH!”

Song Qincheng was a feisty person. Before Tian Yunzi could finish, she had already rebuked, “ “What are you? Even the dust on the soles of my Xiao bei’s shoes is better than yours! If you dare to hit on me, my Xiao bei will make you join the eunuch team!”

you ... Tian Yunzi’s eyes widened in anger, as if he was going to eat song Qincheng.

As a matter of fact, Tian Yunzi was one of the best disciples of the fourth generation of the tribe of severity, and he was a well-known figure in the heaven realm.

However, song Qincheng had said that he was not even as good as the dust under Chen Xiaobei’s shoes, and that he had to join a team of eunuchs?

It was really infuriating!

“Hmph! Idiotic woman!”

Shen Gongbao’s eyes narrowed and he shouted coldly, “ “Since you’ve seen the live broadcast, you should know that Chen Xiaobei is in our hands! Are you still not going to cooperate? Do you want to die with Chen Xiaobei?”

“No! Xiao bei is not in your hands!”

Song Qincheng indeed had the talent to become an Empress. She was very smart and calm.”The live broadcast you arranged is very realistic! The person captured in the video is exactly the same as Xiao bei!”

I didn't see any flaws in the beginning. That's why I followed your threat and didn't dare to contact anyone else. I came here alone!

however, if you have really captured Xiaobei, you should bring him to me. As long as you torture him and threaten me with his life, I will agree to any request you have!

Song Qincheng narrowed her eyes and sneered, "The reason why you guys didn't dare to bring Xiao bei to me was because I know him too well! I'll definitely be able to see through the imposter you found!"

Obviously, the person Li Shimin had found was Lady White bones.

The six-eared macaque could copy the memories and abilities of its target, but Lady White bones could only copy its appearance and voice.

In other words, Lady White bones could only take on Chen Xiaobei's appearance, but she did not have his memory and abilities.

The moment she appeared in front of song Qincheng, the fake Xiao bei that lady White bones had turned into would be seen through instantly.

"As expected of Wu Zetian, the golden age Empress!"

At this time, Li Shi Min couldn't help but applaud, "Although you've lost the memories of your past life, you can't hide your talent! Smart! Calm down! Pride! Overbearing! You're exactly the same as you were in your previous life!"

"Stop talking nonsense!"

Song Qincheng's Phoenix eyes were cold, and she said fearlessly, "I advise you to let me go obediently! I'll put in a few good words for you, and I'll even make you my Xiaobei's loyal dogs, and I'll spare your lives! Otherwise, all of you will die an ugly death!"

"Heh, I have to say, Chen Zhufeng is indeed a hero! But you're overestimating him!" of course! Li Shimin smiled. as long as I can get the merit from you and complete the laws of the human Emperor, Chen Zhufeng will never be able to defeat me in the human world!

Song Qincheng was confused and said seriously, "What merit for governing the world? The laws of the human Emperor? Did you get the wrong person? I don't have any of this on me!"

"Don't worry! I will help you recover your memories!"

Li Shimin smiled and took out a black talisman from his storage bracelet. He threw it over song Qincheng's head.

"What ... What is this thing?" Song Qincheng was shocked.

Although she didn't know what the black talisman was, song Qincheng could clearly feel an extremely strong spirituality and pressure.

God-level!

Song Qincheng suspected that this black dharmic talisman was a Supreme existence that was even above the celestial level!

This matter had obviously gone beyond the scope of the human realm, and there must be forces from the heaven realm involved!

Whoosh ... Whoosh ...

The next moment, the black talisman's special ability was activated by Li Shi Min.

A beam of Black Spirit light shot directly into song Qincheng's head, then extended from her forehead to Li Shimin's forehead.

Through the black light, song Qincheng's merit points began to be transferred to Li Shimin.

"This is a creation possession divine talisman!" Li Shimin said with a smile.
