#### Chapter 3361

3361 Borrowing the rake

An earth-shattering scheme!

Chen Xiaobei had already noticed this.

First of all, sect master Tongtian had collected the crack of the void by force, which was a serious violation of the heavenly rules.

After that, the prime of Tongtian paid close attention to Chen Xiaobei's every move. Seeing that Chen Xiaobei's Dao heart was strong enough, he allowed Chen Xiaobei to enter the rift of the great void as soon as possible.

According to what mo Luo Wu Tian had said, the human Dao and the heavenly Dao were not the same. In fact, there was a huge difference between them.

In that case, it was not just against the heavenly rules for the prime of Tongtian to let Chen Xiaobei obtain the humanity mark! In fact, it was a heaven-defying act!

Since sect master Tongtian was determined to defy the heavens, why didn't he change his belief? To obtain the human path imprint?

After all, Chen Xiaobei had learned from many people and things that the heavenly axiom was not true justice! It even had a dark and evil side to it!

In this case, why did sect leader Tongtian still stick to the Dao heart of the heavenly Dao?

"This question is also very simple!" Mo Luo Wu Tian thought. Think about it carefully, Taiyi ruled the world, Houtu completed the law of reincarnation, they should all be rewarded with infinite public morality and become Saints! However, the result was that they all died without a burial place!

yeah ... Taiyi and Houtu were obviously schemed by the way of heaven. They couldn't actualize and died in the second immeasurable cultivation tribulation!

Chen Xiaobei thought to himself, 'even Xin' er has the potential to become a saint! However, the heavenly Dao would never allow her to become a saint. On the contrary, it might even kill her! That's why mother Nuwa sealed her within that independent dimension!"

Mo Luo Wu Tian thought, "it's obvious that the heavenly Dao will only allow those it acknowledges to become a saint!" And the people he acknowledged must be those who could be firmly controlled by him! This was the only way to not threaten him!

Chen Xiaobei: " you mean, my Sifu's life and death are in the hands of the heavenly axiom? "

[ mo Luo Wu Tian: not only your master! ] The life and death of the seven great heavenly path sages were all in the hands of the heavenly path! However, your master is the only one who has the heaven-defying thought!

In fact, it was not only sect leader Tongtian who had the idea of going against the heavens. Even lady Nuwa had made it clear that she hoped that Chen Xiaobei could be strong enough to make the heavenly Dao fear him.

Obviously, after the previous three measureless cultivation tribulations, many mighty people had already seen through the true face of the heavenly Dao and hoped that the laws of the Three Realms could change.

However, among all the people who knew the truth, sect leader Tongtian was the only one who dared to take practical action.

Chen Xiaobei: My master's life is still in the hands of the heavenly Dao, so he can only plan in secret and let me complete what he can't do in his place!

Mo Luo Wutian, "you're right!" In the eyes of sect leader Tongtian, you are him! If you did it, it would be equivalent to him doing it! This was a form of absolute trust! Even I, an outsider, am very envious!

"Yeah ... Sifu has absolute trust in me. He has placed all his hopes on me!" Even if I have to risk my life, I will definitely not let him down!

"Mo Luo Wu Tian: alright!" He had already said a lot today! You and I both have urgent and important matters to deal with! I won't say much about this, let's talk again when we have time!

Chen Xiaobei: We'll meet again!

It was obvious that mo Luo Wutian had to deal with the heavenly path Sage's scheme as soon as possible.

Chen Xiaobei, on the other hand, had to ensure Bai Qi's safety so that he could get the last three tokens in one go.

.....

Northern kuluzhou, the Great Swamp of the wild.

This was a vast swamp.

As long as it was a living thing, once it entered the swamp, it would fall into the swamp and be unable to escape, eventually being completely swallowed.

Of course, as one of the seven forbidden places in the earth-god Realm, the swamp here had its own special characteristics.

Once they entered the swamp, other than the swamp swallowing living things, there would be a huge gravitational force that would drag living things into the swamp.

Even if they were flying in the air, they would still be affected by the gravitational force.

Because of this, living creatures could not set foot in the swamp. Even birds would be pulled into the swamp by gravity.

What was even more terrifying was that the closer he got to the core of the lake, the stronger the gravitational force became.

At the core of the swamp, even a one-star heaven immortal would be pulled into the swamp if he flew by. Not only would his body be unable to escape, but even his Dharmakaya and nascent soul would be swallowed by the swamp and die.

It was because of the existence of this terrifying suction force that the Great Swamp of the wild became a forbidden zone of death that no one dared to step into.

“Shen Gongbao! Hurry up! What are you dilly-dally ... For?”

Xu Fu stopped in front of him. He did not dare to move forward rashly because the gravitational force was getting stronger.

“They’re here! They’re here!”

Shen Gongbao flew over. Because he was holding Chen Xiaobei with one hand, he felt a stronger gravitational pull and it was very difficult for him to fly.

Chen Xiaobei was wearing the Nightstalker outfit and he was not afraid of being discovered by Xu Fu.

However, Chen Xiaobei could not fly. Shen Gongbao had to bear all the gravitational force. If Shen Gongbao could not handle it, it would be troublesome.

“Come over and take a look!”

Xu Fu held the God-slaying sword in his hand and said in a deep voice, “we’re very close to the core of the lake, but the God-slaying sword has no reaction at all ... I’m afraid we’ll be in danger if we keep going!”

“Why don’t we withdraw from the Great Marsh first, and then we can discuss this further!” Shen Gongbao was really struggling. If he had not eaten the Super heavenly dog biscuit, he would have run away.

Of course, one could not blame Shen Gongbao for being timid. It was because the gravity of the swamp was too terrifying.

If it was someone below the peak of the earth immortal realm here, they would probably be pulled into the deepest part of the swamp in an instant.

It was not easy for Shen Gongbao to hold on for so long while dragging Chen Xiaobei.

“I called you over because I don’t want to quit!”

Xu Fu frowned and said solemnly, “although the God-slaying sword did not point out Bai Qi’s exact location, he must have sensed the approaching God-slaying sword!” If we retreat now and Bai Qi takes the opportunity to escape, all our efforts will be in vain!”

this ... Shen Gongbao was speechless and said awkwardly, “If we don’t retreat, then what do you think we should do?”

“I need to borrow your nine-toothed rake!” Xu Fu said in a deep voice, ‘one swing of the rake can dig three feet into the ground! I don’t believe that we can’t find Bai Qi if we flip this entire swamp over!”

“A nine-toothed rake?” Shen Gongbao’s heart skipped a beat. He did not know how to answer.

“What’s wrong? Can’t bear to part with the spiritual energy?” Xu Fu narrowed his eyes and said in disdain, ‘what a petty man! I’ll pay you back how much spiritual energy you used, alright?”

“Do you have enough spirit stones?” the nine-toothed rake released the power of a two-star celestial being! Shen Gongbao said in surprise. it consumes 500 billion upper spiritual energy each time it’s used!

“Heh, do you think I’ve been working for the Jade Emperor for nothing all these years?” it’s just 5000 inferior-grade spiritual jades! Xu Fu laughed. it’s nothing to me!

this ... Shen Gongbao hesitated.

Chen Xiaobei secretly wrote three words on the back of Shen gongpao’s hand.

“Agree to his request!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3362: monkey trap**

Agree to him?

Shen Gongbao was instantly dumbfounded.

The nine-toothed rake had already been taken away by Yuan Tiangang, so how could he lend it to Xu Fu?

However, just as Shen Gongbao was hesitating, a prosperous monkey fur suddenly appeared in his palm.

As expected of the society, your bro bei! He was simply too evil!

Shen Gongbao’s eyes lit up and he immediately agreed, ” “No problem, I can lend you the nine-toothed rake, but you have to return me 500 billion upper spiritual stones first! That’s because I’ve already injected my spiritual Qi into it!”

“Look at you! Can I renege on my debt?”

Xu Fu waved his hand disdainfully and took out 5000 lower spiritual jade pieces, saying, ” “Bring the nine-toothed rake over!”

“Woof! Buzzzzzz! Yi ...”

Shen Gongbao quickly released his vital essence and gathered all the 5000 lower spiritual jades around him, putting them into his storage bracelet.

“Whoosh ...”

Then, Shen Gongbao changed his mind and the prosperous monkey fur in his hand turned into a nine-toothed rake.

The whole process was extremely fast, as if Shen Gongbao had taken out a nine-toothed rake from his storage bracelet. There were no flaws at all.

Of course, the point was that Xu Fu had never suspected Shen Gongbao. His attention was not on Shen Gongbao at all, so he naturally did not realize that it was a trap.

“Catch!”

Shen Gongbao threw the fake nine-toothed rake to Xu Fu and said in a deep voice, “I’ll move back a little so that you won’t hurt me.”

Shen Gongbao then dragged the invisible Chen Xiaobei and flew away from the center of the swamp. Only then would the strange gravitational force weaken. Otherwise, Shen Gongbao would not be able to hold on for long and would be in danger.

“True hou!”

Hmph! Xu Fu snorted coldly in disgust. He then flew toward the center of the lake with the fake nine-toothed rake.

“The ninefang divine edge! Dig thirty thousand feet into the ground!”

When Xu Fu reached the limit where he could withstand the gravitational force, he raised the nine-toothed rake with both hands and let out an arrogant and domineering roar.

With the nine-toothed rake’s two-star heaven immortal level power, not to mention the gravity of the Great Swamp, even the northern kuruzhou trash would not be a problem.

Without a doubt, Xu Fu was filled with confidence at the moment. He was even starting to get excited about the final victory.

However!

Even if Xu Fu had a hundred million brains, he would never have imagined that the nine-toothed rake in his hand was actually a fake!

“Woof!”

Xu Fu swung the nine-toothed rake, but not even the slightest bit of power was unleashed.

“What ... What is going on?”

what? ” Xu Fu was dumbfounded. He swung the nine-toothed rake a few more times, but the result was the same. The nine-toothed rake did not react at all.

Shen Gongbao ... Are you kidding me?!

Xu Fu looked at Shen Gongbao in disbelief. He could not figure out why Shen Gongbao was playing with him.

However, at this moment, another figure appeared beside Shen Gongbao.

That’s right!

It was Chen Xiaobei in his Nightstalker outfit!

you ... You’re Chen Zhufeng?!

A prosperous monkey fur was exchanged for 500 billion upper spiritual stones, and Xu Fu was trapped in a dead end.

At that moment, Xu Fu only had two choices. One was to let his primordial spirit out of his body and be caught by Chen Xiaobei's talisman! The second was that both the primordial spirit and the corporeal body would be dragged into the swamp and completely devoured!

"Gululu ... Gululu ..."

However, at this moment, the water in the lake started to bubble as if it was boiling.

The originally black and gray mud gradually turned into an ink-like color. It was completely black without any impurities.

"Hahaha! Man proposes, God disposes! The God-slaying sword has opened an escape door for me! Chen Zhufeng! Your wishful thinking has failed!"

Xu Fu was instantly excited. He no longer resisted the gravitational force of the swamp and plunged into the pitch-black Swamp.

the God-slaying sword has opened the escape door!?

Chen Xiaobei was taken aback. "Shen Gongbao! Immediately chase after them! He had to stop Xu Fu before he could see Bai Qi! Otherwise, Bai Qi's life will be in danger!"

"Yes, sir!"

Shen Gongbao did not say anything. He used all his strength and rushed to where Xu Fu was just now. He brought Chen Xiaobei with him and rushed into the dark swamp.

It was as if he had passed through a space gate!

After entering the pitch-black Swamp, Chen Xiaobei felt as if he had been thrown into a chaotic space. The world was spinning around him, and he could not even tell where he was going!

.....

After a while, Chen Xiaobei and Shen Gongbao were thrown out of the dimensional rift.

Everything around him had changed completely.

Chen Xiaobei and Shen Gongbao were shocked by the dream-like scene.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3363: nine Phoenix broken prison**

It was endless darkness in all directions, with no sky, no earth, no sun, no moon!

There was only a huge black hole above his head!

That's right!

It was the black hole in the universe!

According to Earth's scientific explanation, a singularity with an infinite density, an infinite curvature of time and space, an infinite volume, and an infinite amount of heat energy, together with a part of the empty sky Zone around it, was called a black hole.

Einstein's theory of relativity mentioned that when a dying star collapsed, it would gather into a single point. This point would become a black hole that would devour all light and any matter in the nearby universe.

In layman's terms, a black hole had an infinite gravitational force. Even light could not escape the gravitational force of a black hole.

"Don't tell me that the huge gravity in the Great Swamp comes from this black hole?"

Chen Xiaobei was very smart and made the right connections.

"There is indeed such a possibility ..."

Shen Gongbao nodded, but he was very confused, "but why can't we feel the gravitational force when we're so close to the black hole?"

"This one doesn't understand either ..."

Chen Xiaobei shook his head and said, "We can't care about this black hole now! The most important thing was to find Xu Fu and Bai Qi! I can't let anything happen to Bai Qi! We can't let Xu Fu get his hands on Baiqi's weapon Mystic token!"

Without a doubt, Chen Xiaobei still needed three more Mystic weapon tokens to find little Daji.

If Xu Fu could get his hands on Bai Qi's token, the last three pieces would be in his hands.

If Xu Fu went into hiding, Chen Xiaobei would not be able to get his hands on the weapon Mystic token for a long time.

However, Chen Xiaobei could not wait for too long!

Goddess nūwa had said that in three months, Chang 'e would lose her heart and become Chen Xiaobei's enemy.

Now, there were only two months left.

If Chen Xiaobei could not ascend in two months, Chang 'e would forever be his good friend.

This was something that Chen Xiaobei could not accept.

That was why Chen Xiaobei was determined to ascend within two months, no matter what the cost.

Before he ascended, Chen Xiaobei had one more thing to do, and that was to find Daji and get back together with her.

If there was a ranking system, Daji's position in Chen Xiaobei's heart was higher than Chang 'E's. There was no way Chen Xiaobei would not look for Daji.

So, in the last two months, Chen Xiaobei had to get all the mystic weapon orders.

And today was his only chance! Once he missed this opportunity, it would be almost impossible to lure Xu Fu out again within two months!

Boom ... Boom boom boom ...

At this moment, a terrifying explosion suddenly came from the distance.

“Not good! Xu Fu and Bai Qi are fighting!”

Chen Xiaobei was shocked. He immediately ran over as fast as he could.

Shen Gongbao followed closely behind and rushed over.

.....

At the far end of the pitch-black space.

Xu Fu held a long sword that was as red as fire in his hand. He used his true energy to stimulate a sharp saber Qi and slashed it forward.

A middle-aged man dodged nimbly and maneuvered around the place where the saber Qi was pointing at. He was unscathed, and his cultivation was definitely not below Xu Fu's.

Upon closer inspection, this middle-aged man had sword-like eyebrows and bright eyes, and he had an imposing aura. His body was strong and straight, his muscles tight, containing explosive power.

Anyone with a discerning eye could immediately see that this middle-aged man's main focus was to strengthen his body and soul. His cultivation at the peak of the earth immortal realm was only a supporting role for him.

That's right!

This person was a member of the nine Li Magus tribe, Bai Qi!

“Bai Qi! It's been so many years since we've last met. I didn't expect that not only are you still alive, but you've also become so much stronger than before!”

After testing his skills, Xu Fu stopped his attacks. He held his Crimson saber with one hand and sneered, “I remember when you were hunted down by me and fled all over the human world, you didn't have the power to fight back at all! But today, you are able to deal with my attacks with ease!”

“I can imagine that you've been desperately refining your body and increasing your strength all these years! Unfortunately, I still found you! No matter how hard you've worked all these years, you'll still die in the end!”

Xu Fu raised his chin, his face full of confidence.

It was like an old cat that had caught a little mouse. Before killing Bai Qi, it did not forget to tease and ridicule him.

“You dog thief! Why is the God-slaying sword in your hands?”

Baiqi's eyes widened in anger as he roared, "What have you done to my ning 'er! If anything happens to her, I'll make sure you die a terrible death!"

"Ning 'er?"

Xu Fu narrowed his eyes and said with a disdainful smile, "Are you talking about fairy Ningling? I've already found her many, many years ago! However, she refused to reveal your whereabouts, so I sent 10000 evil bone ghosts to kill her!"

"What?" Bai Qi's expression froze for a moment, and his pupils instantly shrank. Blue veins popped out on his forehead, and his fists were clenched so tightly that his nails were almost digging into his skin.

"What's the big deal?"

Xu Fu narrowed his eyes and sneered evilly, "It's been countless years since you and fairy ning Ling separated! Even if I didn't send someone to kill her, she would have died of old age! If you want to see her, you can only wait until your next life!"

"You dog thief! I want you to die!"

Bai Qi howled hysterically. All the muscles in his body suddenly tensed up and his true energy was stimulated to the limit. He was like a frenzied Tiger, ready to pounce on Xu Fu and fight to the death at all costs.

"Don't waste your energy!"

Xu Fu remained calm and did not take Bai Qi seriously. "The blade in my hand is called 'nine luminaries prison breaker'! It was a genuine middle-stage two-star heaven immortal artifact! Once I activate my power, even if you have a hundred million lives, you will still die!"

"Woof!"

Bai Qi seemed to have lost his mind. He did not care about Xu Fu's threat at all and continued to charge forward with all his might.

"You reckless fool! Since you're in such a hurry to give up your life, I'll fulfill your wish!" Xu Fu's face turned cold. He held the nine-luminaries hell-cutting saber with both hands and activated 10% of its power with a thought.

Xu Fu was not lying. The saber was as red as fire, and it was indeed a middle-stage two-star heaven immortal artifact.

At this moment, even if only ten percent of its power was unleashed, it was already equivalent to the strongest power of a peak one-star heaven immortal artifact!

To kill a peak earth immortal like Bai Qi would be easier than killing an ant!

Of course, the price was that 150 billion of the upper-grade spiritual Qi contained in the nine luminaries hell cutting saber had been burned instantly.

"Boom boom boom ..."

In the next moment, the nine luminaries hell cutting saber suddenly spurted out a dazzling Scarlet pillar of fire like a volcanic eruption!

The pillar of fire was pointed at Bai Qi, ready to incinerate him! Not even a single corpse or remnant soul would be left behind!

“Swish!”

However, at this moment, Bai Qi suddenly summoned something out from his hand!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3364: immortal divine item**

The object was about the size of a palm and was blood red in color. In the middle was an eyeball that looked like a Ruby, and a blood-red strange fire was burning around it.

“Whoosh ...”

As soon as the blood-red eyeball appeared, the huge black hole in the sky started to slowly turn like a stone mill.

In an instant, the gravitational force around Xu Fu increased explosively, to the point that he was being pulled up from the ground.

Whoosh ... Whoosh ...

This terrifying gravitational force not only attracted physical objects, but even the energy of nothingness would be absorbed.

The huge pillar of fire slashed out by the nine luminaries hell cutting saber curved upward. Not only did it not hit Bai Qi, but it was also about to be completely devoured by the black hole.

how ... How is this possible?!

Xu Fu was dumbfounded by what he saw. He could not believe his eyes.

It was one thing for his body to be pulled upwards, but more importantly, the power of the nine-luminaries hell cutting saber was also being absorbed upwards. This was simply incredible!

In that case, wouldn't Baiqi be invincible?

“Xu Fu! Do you know? I've been hoping that you'll find this place!”

Bai Qi held the blood-red eyeball in his hand and said with a murderous look, “In this undying space, I'm invincible! If we leave this place and return to the real world, I won't be your opponent!”

“Undying space? Don't die ...”

what? ” Xu Fu's expression froze for a moment. While desperately urging his Zhen Yuan and nine luminaries hell cutting saber to resist the huge gravitational force in the air, he stared at the blood-red eyeball in Bai Qi's hand with a dumbfounded expression.

There was no doubt that this was an extremely special space that had some mysterious connection with the black hole in the sky.

In this special space, the blood-red eyeball could control the black hole's gravity.

That was why when Baiqi felt the Godslayer approaching, he used the blood-red eyeball to lift the gravity of the swamp, allowing Xu Fu, Chen Xiaobei, and Shen Gongbao to enter.

At this moment, Bai Qi was also using the blood-red eyeball to activate the black hole's gravitational force, attracting the power of Bai Qi and the nine luminaries hell cutting saber.

Just as Bai Qi had said, in this space, with the help of the blood-red eyeball, he was an invincible existence.

Once they left this space, the blood-red eyeball would no longer be able to activate the black hole's gravitational force. If that happened, Bai Qi would no longer be Xu Fu's match.

could it be that the eyeball in your hand is the legendary ... Eye of the undying bird! ”

After all, Xu Fu was a genuine immortal from the heaven realm, and he had a lot of experience. Combined with the actual situation, he could guess the mystery of the eyeball.

“That's right!”

Baiqi did not try to hide anything and openly admitted, “Back then, when I was escaping from your pursuit, I accidentally fell into the Great Swamp of the wild! Fortunately, not only did I not die, but I also fell into the spatial Rift and came to this independent space!”

“I'm afraid you wouldn't even dream that I have the eye of the undying bird! This was an extremely rare divine item! The undying power within it froze my life! My lifespan won't be reduced, and I won't grow old and die!”

Hearing that, Xu Fu came to a sudden realization. No wonder Bai Qi had lived for a trillion years. It was because he had the help of the eye of the undying bird.

“What I didn't expect even more was!”

“The previous owner of the eye of the undying bird made many changes to it. He wanted to merge a universe black hole into it to create an extremely powerful divine artifact!”

unfortunately, the previous master didn't succeed. The black hole couldn't merge with the eye of the undying bird, and he was swallowed by the black hole, leaving only this virtual plane space that was associated with the black hole!

of course. Bai Qi paused for a moment before continuing, “ although the fusion failed, as long as it doesn't leave this accompanying space, the eye of the undying bird can use some of the black hole's gravity!

“I've been guarding this place for so many years, hoping that one day you'll find me! I can easily defeat you here! As long as you dare to come, you're walking right into a trap and seeking your own death!”

Bai Qi held the eye of the undying bird in his hand and slowly flew toward Xu Fu.

The gravitational force in the surroundings was extremely terrifying. Anyone below the level of a peak one-star heaven immortal would be instantly sucked into the black hole.

Of course, Bai Qi was an exception.

With the eye of the undying bird in his hand, the black hole's gravity would not affect Bai Qi.

At this moment, Xu Fu was only barely able to resist the gravitational force of the black hole with all his strength. He was not sucked into the black hole and had no strength left to resist Bai Qi.

In Bai Qi's eyes, Xu Fu was already a fish on the chopping board, and he could only wait to be slaughtered.

"Bai Qi! Don't go there!"

Chen Xiaobei and Shen gongpao rushed over and shouted.

Of course, Chen Xiaobei and Shen gongpao did not dare to get too close to the black hole in case they were sucked away by it.

"Who are you people? What right do you have to meddle in my business?"

Bai Qi looked at Chen Xiaobei and Shen gongpao like a fly looking at two ants. His eyes were filled with annoyance and disdain.

Naturally, Baiqi would not listen to Chen Xiaobei and Shen gongpao's advice.

"Chi ..."

In the time it took for him to finish his sentence, Bai Qi had already arrived in front of Xu Fu. A blade-like true energy condensed in one of his hands, and he thrust it toward Xu Fu's Qi sea dantian.

"Idiot!"

However, at this moment, not only was Xu Fu not afraid, but a cold smile appeared on his face. I've been hunting you down for so many years, and I've never used my primordial spirit ability. Aren't you curious at all? "

primordial spirit special ability!? Baiqi's expression froze for a moment before he asked in shock,"Shit!"

"Heavenly Yuan explosion!"

kill! Xu Fu shouted in a low voice, and the special ability of his primordial spirit was suddenly activated.

Due to the close distance, Bai Qi was unable to Dodge in time. A red beam shot out from Xu Fu's forehead and entered his sea of Qi and dantian.

"Uh ..."

In the next moment, Bai Qi let out a miserable shriek. His face, which was originally as firm as iron, suddenly revealed an expression of extreme pain.

"Pfft ... Pfft ..."

Accompanied by a blood-curdling screech, Bai Qi's sea of Qi dantian burst open, causing blood to spray out like a fountain.

"Bang!"

Bai Qi's sea of Qi and dantian exploded, and his cultivation was instantly crippled. His entire body fell to the ground.

"Cough! \* Cough \* Cough ..."

He coughed out blood and fell to the ground.

At this moment, not only did Bai Qi lose all his true Qi, he could not even use a bit of strength. It was equivalent to losing all his combat power.

"Gulp ..."

The eye of the undying bird fell from Bai Qi's hand and rolled to the ground.

In the next moment, the black hole's gravitational force dissipated, and Xu Fu regained his freedom.

"Not good! Hurry up and get the eye of the undying bird!"

Seeing this, Chen Xiaobei and Shen Gongbao rushed out as fast as they could.

"In your dreams!"

Of course, Xu Fu would not let Chen Xiaobei get his hands on the divine item. He turned his hand around and directed the giant fire pillar at Chen Xiaobei and Shen Gongbao.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3365: turn of events**

There was no doubt that in this void plane that was associated with the universe black hole, whoever could control the eye of the Phoenix would be able to control the gravity of the black hole and become an invincible ruler.

Chen Xiaobei and Shen Gongbao were using all their strength to try and get the eye of the undying bird.

Similarly, Xu Fu would also try his best to fight for it.

Of course, under the current situation, Xu Fu's advantage was greater.

"Boom boom boom ..."

The power of the nine luminaries hell cutting saber broke free from the restraints of gravity and went straight for Chen Xiaobei and Shen Gongbao.

master, Dodge!!!

In that split second, Shen Gongbao played the role of a loyal dog. He threw himself in front of Chen Xiaobei, trying to use his life to buy time for Chen Xiaobei to escape.

"Ignore the pillar of fire! Go for the eye of the undying bird with all your might!"

Chen Xiaobei shouted. He did not need Shen Gongbao's protection.

"Chi ..."

Chen Xiaobei summoned the Titan warrior's body, which was wearing the cosmic Saint robe, and it appeared like a mountain.

"Boom boom boom ..."

In a flash, no one had the time to make the next move.

The power of the nine luminaries hell cutting saber suddenly struck the Titan Warrior.

Fortunately, in order to save his spirit energy, Xu Fu only activated the power of a peak one-star heaven immortal artifact.

This level of power was on the same level as the universe war god Holy garment, but it was one realm lower than the Titan Warriors.

With a loud explosion, the Titan warrior's physical body took all the damage.

how ... How is this possible?!

At the sight of this scene, not only Xu Fu, even Shen Gongbao and Baiqi were dumbfounded.

He did not expect Chen Xiaobei to use the meat shield tactic!

"Woof!"

Everyone was shocked, but Chen Xiaobei did not hesitate. He used to penetrate the nine Heavens and charged at the eye of the undying bird as fast as he could.

"Phew ... I got it!"

The next moment, Chen Xiaobei let out a long breath. The blood-red eye of the undying bird was already firmly in his hand.

"That's great! We've won!"

Shen Gongbao's face was full of excitement. He had no doubt that as long as he could control the eye of the undying bird, he would be able to dominate everything in this space. There was no doubt about the outcome.

"Hurry up! Quickly communicate with the spirit! Use the black hole's gravitational force to kill Xu Fu!"

At the same time, Bai Qi's mouth was filled with blood. He could not care less about the intense pain in his sea of Qi and dantian. He roared loudly and could not wait for Xu Fu to die.

"Woof!"

However, Shen Gongbao and Baiqi had underestimated Xu Fu.

The moment Chen Xiaobei got the eye of the undying bird, Xu Fu gave up on fighting for it. Instead, he rushed to Bai Qi's side.

“Chen Zhufeng! Hand over the eye of the undying bird!”

Xu Fu stood beside Bai Qi. The blade of the nine-luminaries hell-cutting saber was placed horizontally on top of Bai Qi’s exploded dantian.

At this moment, Bai Qi’s sea of Qi and dantian had exploded and both his avatar and nascent soul had been severely injured. They could not even escape from his body.

As such, as long as Xu Fu’s saber was thrust forward, it would be able to pierce through Bai Qi’s nascent soul, causing his soul to be destroyed in an instant. He would not even have the chance to enter the land.

“Shit ...”

Chen Xiaobei’s face darkened, and his hand that was holding the eye of the undying bird stiffened.

After all, Chen Xiaobei’s main purpose in coming here was to protect Bai Qi.

But now, Bai Qi’s life was in Xu Fu’s hands. If Chen Xiaobei did not hand over the eye of the undying bird, Bai Qi was destined to be buried with Xu Fu.

“My patience is limited! I’ll give you 10 seconds to consider!”

I’ve heard that Chen Zhufeng is a man who values relationships! Xu Fu sneered. I’ve heard that Chen Zhufeng is a man who values relationships! He was the proudest personal disciple of sect master Tongtian! For the sake of your friend’s life, you must be willing to sacrifice yourself!”

“Chen Zhufeng!”

Upon hearing this, Baiqi roared out with blood in his mouth, “I don’t even know you! I’m not your friend! Don’t care about my life! Hurry up and kill Xu Fu! Hurry up!”

Obviously, killing Xu Fu was Bai Qi’s biggest wish in his life. After knowing that fairy ning Ling had been killed, killing Xu Fu had become an obsession!

As long as he could kill Xu Fu, Bai Qi would be able to die in peace!

However, if Xu Fu did not die, even if Bai Qi managed to survive, he would only be able to live in pain and hatred for the rest of his life, unable to free himself!

“Bai Qi! Please calm down!”

Chen Xiaobei calmed himself down and said, “This is the first time we’ve met! But I have a deep connection with fairy ning Ling! I obtained the five elements spiritual Jade that she left behind, the spirit condensing space, and comprehended the five elements great Dao!”

“It can be said that I’ve gotten to where I am today thanks to fairy Ling ning! Therefore, I’ve already regarded fairy spirit condensation as a friend! After I obtained the God-slaying sword and sensed your relationship, I also regarded you as a friend!”

Chen Xiaobei looked at her and said, “In my life, I value family and friendship the most! This is my bottom line! It’s also the Dao heart that I’ve been holding fast to!”

therefore, as long as I am still breathing, I will not let my family and friends die in front of me! Never!”

Chen Xiaobei’s mind was firm and unwavered. He did not allow any doubts.

“Swish!”

Chen Xiaobei threw the eye of Phoenix over.

“I’m finished ...”

Seeing this, Shen Gongbao’s heart clenched and his pupils shrank. His face was full of despair.

Xu Fu had a mid-stage two-star heaven immortal artifact in his hands, and with the eye of the undying bird, he was absolutely invincible.

No matter how hard Shen Gongbao thought, he could not think of any other way Chen Xiaobei could break out of this situation.

“Chen Zhufeng! You’re really too stupid ...”

On the other side, Bai Qi also let out a cry of despair, “If you don’t hand over the eye of the undying bird, at most, I will die! Now that the eye of the undying bird is in Xu Fu’s hands, all three of us are going to die ...”

“Hahaha ...”

Xu Fu held the nine luminaries hell cutting saber in one hand and the eye of Immortal Bird in the other. He raised his chin high and laughed arrogantly like the greatest winner.

“Whoosh ...”

Along with Xu Fu’s laughter, the eye of the undying bird’s special ability was activated, and a terrifying black hole’s gravitational force was triggered.

The gravitational force enveloped Chen Xiaobei and Shen Gongbao and pulled them towards the center of the black hole.

If they were sucked into the black hole, with their current cultivation, their bodies and souls would be crushed instantly. Not even a trace of their existence would be left in this world.

“Bai Qi! Hand over the weapon Mystic token!”

Xu Fu did not care about Chen Xiaobei and Shen Gongbao. He turned his attention to Bai Qi.

“You’re dreaming!”

Bai Qi’s eyes were cold as he said, even if I die, I won’t tell you the whereabouts of the weapon Mystic token!

As he said that, Bai Qi’s gaze suddenly changed.

Bai Qi, who was lying on the ground, could see that Chen Xiaobei’s body was also undergoing a strange change!

## Red Envelope Group of the Three Realms

### **Chapter 3366: show begins**

At that moment, Bai Qi was lying on the ground, and Xu Fu's attention was on him.

In the air, Chen Xiaobei and Shen gongpao could not resist the gravitational pull of the black hole.

However, Chen Xiaobei did not wait for his death. Instead, he took advantage of Xu Fu's inattentiveness and launched a series of god-like operations.

“Woof! Whoosh!”

First, Chen Xiaobei's Dharmakaya left his body, and then he put his physical body and Shen gongpao into the Meru space.

“Chi ...”

Immediately after, the four-winged Buddhist fiend projection suddenly emitted a dark and gray power of chaos.

That's right!

This was the unique special ability of the "phaseless chaos celestial body"!

Chaos devour!

This special Dharmakaya technique was taught to Chen Xiaobei by the eastern Emperor Taiyi.

According to donghuang Taiyi, the chaos devouring special ability could devour anything in the three worlds and six paths, and use its properties to strengthen Chen Xiaobei's Dharmakaya.

The only restriction was that Chen Xiaobei could only use devour chaos once every time his cultivation broke through a major realm.

At the four-star nascent soul level, Chen Xiaobei had devoured the bones of ancestral fiend King of Chaos and evolved into the sky demon Berserker body!

In the five-star soul transformation stage, Chen Xiaobei had devoured the spiritual light sarira and evolved into the four-winged Buddha's Dharma form!

After breaking through to the six-star fusion stage, Chen Xiaobei had not been able to find anything suitable to consume.

Chen Xiaobei's cultivation was already at mid-body integration stage.

This opportunity to devour chaos was undoubtedly Chen Xiaobei's trump card. It might even be the key to turning the tables!

“Chi ...”

Chen Xiaobei was being sucked towards the center of the black hole, but there was no fear on his face.

According to Earth's scientific knowledge, a black hole was actually the name of a celestial body, not a real cave.

The core of a black hole was actually just a singularity with infinite density, infinite space-time curvature, infinite volume, and infinite heat.

In other words, as long as Chen Xiaobei devoured the oddity, he would be able to destroy the black hole and all the gravitational force.

There was no doubt that Chen Xiaobei's actions were unprecedented!

In the eyes of others, this was a stupid act of gambling their lives!

However, Chen Xiaobei did not feel the slightest bit of fear.

Chen Xiaobei had absolute confidence in donghuang Taiyi!

A peak-stage Sage-to-be could destroy the Milky Way and the sea of stars with a flip of his hand. How could a Dharmakaya technique of this level not be able to deal with a universe black hole?

"Whoosh ..."

Just as Chen Xiaobei was about to be killed by the black hole core, the chaotic force was pushed upward and covered the singularity!

The chaotic force wrapped around the core of the black hole and forced itself into Chen Xiaobei's body!

This scene was extremely shocking, dazzling, and shocking!

One had to know that the previous owner of this black hole accompanying space must have been an ancient Almighty who had existed before the shattering of the chaotic continent.

This person had used all his effort, but he still couldn't merge the black hole into the eye of the undying bird.

However, Chen Xiaobei was able to easily merge the black hole into his avatar.

Without comparison, there would be no harm! If that ancient mighty figure knew about all this, he would probably jump out of his coffin in anger!

"Whoosh ..."

Then, Chen Xiaobei's four-winged Buddhist demon body was shrouded by a dark chaotic force, and some mysterious changes began to happen in the dark.

what's going on?!

Xu Fu was not a fool. He immediately noticed the change in the sky and turned his head to look. He was so shocked that he could not believe his eyes!

"Hahaha ... Chen Zhufeng is a God! It actually swallowed the black hole!"

After holding it in for a long time, Bai Qi burst out laughing. "Without the black hole, the eye of the undying bird will lose its effect! Xu Fu! You haven't won yet! Hahaha ..."

It was clear that the eye of the undying bird had two main functions. One was that the power of undying had already been absorbed by Bai Qi! The second was to control the black hole's gravity, but now the black hole was gone!

As a result, the eye of the undying bird that Xu Fu had spent so much effort to get his hands on became a useless decoration in an instant!

"Damn that Chen Zhufeng! I'm going to tear you into a thousand pieces!"

Xu Fu threw the eye of the Phoenix on the ground and charged at Chen Xiaobei with the nine luminaries hell cutting saber.

"Whoosh ..."

This time, Xu Fu had made up his mind to kill Chen Xiaobei.

The nine luminaries hell cutting saber instantly burned up two trillion upper spiritual energy, fully activating the power of a middle-stage two-star heaven immortal artifact!

The higher the grade of a heaven immortal artifact, the greater the consumption.

He had spent two trillion high-grade spiritual energy just for one slash!

Apart from Xu Fu, no one else in the earth-god Realm could consume such a huge amount of energy!

"Chen Zhufeng! You are indeed powerful! He was indeed smart! However, in the face of absolute power, all your trump cards and little tricks will be meaningless!"

Xu fufei stopped at a safe distance, raised the nine luminaries hell cutting saber with both hands, and swung it at Chen Xiaobei.

Just as Xu Fu had said, the power of a middle two-star heaven-immortal instrument was way above all of Chen Xiaobei's trump cards!

Chen Xiaobei would not be able to defend against this attack even if he used up all his assets!

"Boom boom boom ..."

The raging Scarlet flames transformed into an incomparably huge fire Dragon in the air.

The terrifyingly high temperature, overbearing pressure, and extreme fighting spirit were like an ancient Fire Dragon descending to the world. No one in this world could withstand its thunderous rage.

What was even more incredible was that the high temperature and power fluctuations alone had already caused the entire independent space to tremble before the blade had even slashed out.

If the saber really slashed down, the entire space would probably be shattered.

"Chen Zhufeng! What are you doing? Quickly Dodge! Quickly Dodge! Otherwise, you will die without a doubt!"

no! Bai Qi screamed hysterically when he saw what was happening. He wished he could rush over and block the fatal blow for Chen Xiaobei.

Bai Qi's cultivation had been destroyed. In his eyes, Chen Xiaobei was the only person who could kill Xu Fu.

But now, Chen Xiaobei was once again in a life and death situation.

"Hide? Stop dreaming!"

Xu Fu was not a fool. He did not burn two trillion upper-grade spiritual Qi for nothing! There was no way Chen Xiaobei would be able to survive this!

"Swish!"

It was as if time and space had been torn apart. The terrifying Inferno war Dragon charged towards Chen Xiaobei like a Thunderbolt.

"It's over ... It's completely over ..."

arghh! Bai Qi wailed in despair as he watched the inferno war Dragon charge towards Chen Xiaobei. It was as if his last hope was going to be destroyed with Chen Xiaobei!

All hope was gone! He died with his eyes wide open!

"No! The show is just beginning!"

Suddenly, the darkness around Chen Xiaobei disappeared, and a new avatar appeared.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3367: meticulous planning**

The body of the Dharma idol did not change much, but behind the Dharma body, an additional pair of black wings appeared, turning into the six-winged Dharma idol!

At the same time, a dark ring appeared behind fa Xiang's head.

The dark Arc emitted waves of black light that scattered on the six-winged Buddhist demon's dharma body, as if it was plated with a layer of Black Gold! It was very cold! It was very domineering!

In the heaven realm, there were seven-colored Dao runes behind the heads of true gods and seven-colored Buddha light behind the heads of Buddhas.

At this moment, the ring that appeared behind the six-winged Buddha demon body was very similar to the Dao runes and Buddhist light.

However, it was clear that the essence of the black ring was completely different from the Dao runes and Buddhist light.

"The black hole! Myriad forms heavenly attraction!"

Chen Xiaobei growled and activated the dark Halo's special ability.

No!

To be more precise, he had activated the special ability that originated from the black hole!

The six-winged Buddhist demon devoured the black hole and used the black hole's power to strengthen Chen Xiaobei's dharma body.

This was the most heaven-defying part of the "non-phase chaotic body"!

"Whoosh ..."

In the next moment, a huge gravitational force burst out from the dark halo, directly affecting the inferno war Dragon.

Originally, this Inferno war Dragon had the power of a middle-stage two-star heaven immortal. However, at this moment, nearly 10% of its energy was absorbed by the gravitational force of the dark ring.

Just now, Xu Fu had only used 10% of his strength.

Judging from the power just now, 10% of the nine luminaries hell cutting saber's power was equivalent to a peak one-star heaven immortal artifact.

In other words, Chen Xiaobei's Black hole's gravitational force was equivalent to a peak one-star heaven-immortal instrument!

In fact, the true power of the black hole was far more than this.

However, after the black hole was merged with Chen Xiaobei's Dharmakaya, the power that it could unleash was proportional to the level of Chen Xiaobei's Dharmakaya!

Only when Chen Xiaobei strengthened his Dharmakaya would the black hole's gravitational force increase! By the same logic, the benefits brought about by the evil bone ancestral Demon King's corpse and spirit light relic would also be enhanced!

Right now, the black hole ability could only absorb 10% of the inferno war Dragon's energy and reduce its damage by 10%!

To other people, reducing their power by 10% was meaningless.

But for Chen Xiaobei, that was enough!

"Woof! Swish ... Swish ..."

Chen Xiaobei took out his Dragon's edge with his left hand. With a wave of his hand, he burned a huge amount of spiritual Qi and activated a huge net of Black Lightning!

After the oncoming Inferno war Dragon passed through the net of Black Lightning, its power was reduced by another 30%!

With that, the inferno war Dragon's power was reduced to the last 60%. It had been weakened by almost half!

Whoosh ... Whoosh ...

At the same time, Chen Xiaobei took out two talismans from his right hand!

That's right!

It was the two-star heaven-immortal instrument summoning talisman that Chen Xiaobei had snatched from mo Luo Wutian's Red envelope!

The inferno war Dragon was one small realm higher than the talisman, but it only had 60% of its power left. Chen Xiaobei did not hesitate to use two talismans!

The result was obvious!

boom boom boom ... Boom boom boom ...

In the next moment, the power of the two immortal talismans was activated at the same time, and they suddenly transformed into two huge heavenly demonic tool Dharma forms.

"Dark skeleton? The blue blood devil Lotus? "This ... This is a heavenly demonic tool!" Chen Zhufeng! How dare you collude with the demon race!"

Xu Fu was dumbfounded. His pupils contracted to the size of needles. The shock he felt was indescribable.

To the heaven realm, the threat of the demon tribe was far greater than that of the Sorcerer tribe, which the heavenly court had been suppressing.

The appearance of two two-star demonic-immortal instrument summoning talismans was enough to prove that Chen Xiaobei was colluding with the demons, and he must be colluding with someone of high status among the demons!

"So what if I collude with the demons? At least it's countless times better than a demon in human skin like you!"

Chen Xiaobei looked at Xu Fu coldly. He was not afraid that Xu Fu would leak the news because he would not let Xu Fu go today.

Just as Chen Xiaobei had said, Xu Fu had done all sorts of evil things in the human world.

The nine Li Magus race, the Xiu race, and the evil bone demon race had all been massacred by Xu Fu and the six-faction Alliance until they were nearly exterminated!

The evil bone demon race was the most miserable!

After their entire clan was exterminated, all of them-men, women, the old, and the young-had their flesh and bones dug out by Xu Fu and his men. They died without a complete corpse! Even after death, the yin soul was still imprisoned in the endless Dead Sea. It didn't even have the chance to reincarnate!

In addition, Xu Fu had also secretly used the Blood Moon Swordmaster to stir up a war in the earth-god Realm! He even wanted to use Xuanyuan tuohai to start another war! After making the common people suffer the pain of war, he, Xu Fu, would end the war with the attitude of a Savior!

For the sake of his own interests, Xu Fu had lost countless innocent souls!

More importantly, those mentioned above were definitely not all of Xu Fu's evil deeds!

In the entire human world, Xu Fu must have committed many more heinous crimes that had not been exposed!

It was no exaggeration to say that Xu Fu had become a demon King for nine generations!

In comparison, Chen Xiaobei felt that even mo Luo Wutian was many times cleaner than Xu Fu! The 100 billion demons in the verdant Emperor's divine gourd were countless times cuter than Xu Fu!

In Chen Xiaobei's eyes, people like Xu Fu were definitely more evil than the demons! He should be killed!

boom boom boom ... Boom boom boom ...

At the same time, the two two-star heavenly demonic tool Dharma laksana and the inferno war Dragon Dharma laksana clashed head-on.

The ending was just as Chen Xiaobei had expected. The inferno war Dragon's power was completely neutralized.

In the two heavenly demonic artifacts, the dark skeleton had collapsed, but the blue blood devil Lotus still had a small portion of its power left, and it continued to attack Xu Fu.

"Not good ..."

Xu Fu suppressed the shock in his heart and hurriedly wielded the nine luminaries hell cutting saber, activating part of its power to resist the blue blood devil Lotus.

After all, Xu Fu's cultivation was too low. Without the nine luminaries hell cutting saber, he would not be able to block the blue-blooded devil Lotus.

"Ling jiuxiao!"

Chen Xiaobei took the opportunity to use the penetrate the nine Heavens again.

This time, Chen Xiaobei's target was Bai Qi, who was lying on the ground!

Obviously, Chen Xiaobei did not expect the talismans to kill Xu Fu.

With the nine luminaries hell cutting saber, even if Chen Xiaobei used the three talismans that Wutian had given him, he might not be able to hurt Xu Fu.

So, Chen Xiaobei had planned everything out. He only needed to use two talismans to stall Xu Fu for a while.

"Swish!"

The next moment, Chen Xiaobei's six-winged Buddha demon body appeared beside Bai Qi.

This was Chen Xiaobei's real goal.

"Bai Qi! Where's your weapon Mystic token?"

Chen Xiaobei asked as he helped Bai Qi up.

There was no doubt that saving Bai Qi was the only thing Chen Xiaobei had to do! Without the token, Chen Xiaobei did not win!

### Red Envelope Group of the Three Realms

#### **Chapter 3368: final scheme**

“The profound weapon token is here ...”

Bai Qi weakly raised his hand and pointed forward, “In the eye of the undying bird! Hurry up and snatch it ...”

Earlier, Xu Fu had thrown the eye of the Phoenix on the ground in a fit of anger. Now, Chen Xiaobei had taken advantage of it.

“Swish!”

Chen Xiaobei released his ethereal force and took the eye of the Phoenix.

“There’s a Meru space in the eye of the undying bird ...”

Baiqi was extremely weak, but he did not dare to hesitate and quickly said, the original owner of the eye of the undying bird merged a Meru space into it, trying to merge it further into the black hole, but he failed ... And I put the weapon Mystic token in it ...

“Understood!”

Chen Xiaobei immediately communicated with the eye of the undying bird and sensed a Xumi dimension.

“Chi ...”

Chen Xiaobei quickly took out the seventh token and said, “Brother Baiqi! This profound weapon token is of utmost importance to me, I hope you can give it to me!”

“No problem ...”

of course! Bai Qi said without hesitation, “the token is useless to me ... The reason why I want to keep it is to go against Xu Fu ... As long as I don’t give it to Xu Fu, it is yours!”

“Alright!” Chen Xiaobei nodded, his face full of joy.

Chen Xiaobei had always been a loyal person. He would never take things from his friends. Since Baiqi was willing to give it to him, Chen Xiaobei had no more concerns!

“Chen Zhufeng! Bai Qi! You ... How dare you scheme against me together!”

At the same time, Xu Fu had just summoned the blue blood devil Lotus when he saw the weapon Mystic token in Chen Xiaobei’s hand.

One must know that for so many years, Xu Fu had racked his brains and put his life on the line to hunt down Bai Qi, all for the sake of this profound weapon token.

However, Xu Fu had thrown the token away when he was holding it in his hand.

This result was simply ironic.

Xu Fu could only blame himself for being too impetuous and acting impulsively, which resulted in a huge mistake!

Seeing Chen Xiaobei put the token into his infinite space ring, Xu Fu was so angry that he almost vomited blood! He was so depressed that he wanted to die!

“Chen Zhufeng ... Run! I’m already a dying man ... You don’t have to care about me! Take the mysterious weapon token and escape from Xu Fu’s evil clutches ... Quick! Hurry up! Otherwise, it’ll be too late!”

Seeing that the situation was settled, Baiqi quickly urged Chen Xiaobei to leave.

After all, Xu Fu had the invincible nine luminaries hell cutting saber. Moreover, the saber seemed to contain a lot of spiritual Qi. Chen Xiaobei was no match for it. The only way to save his life was to escape.

“No!”

However, Chen Xiaobei said, “ I’ve said it before, I’ve already regarded you as a friend. As long as I’m still breathing, I’ll never let you die in front of me!

“Don’t be stupid!”

Baiqi’s face changed and he quickly tried to persuade him, “ I’ve observed it carefully. After you devoured the black hole, its strength is not as strong as before. You are no match for Xu Fu. If you don’t leave now, you will die here with me ...

“You still want to leave? Do you think I! Xu Fu, am air!”

There was no doubt that Xu Fu would not give Chen Xiaobei the chance to escape. He gripped the nine luminaries hell cutting saber tightly and activated the terrifying power of a middle two-star heaven-immortal instrument.

“Boom boom boom ...”

Two trillion upper spiritual energy was burned out in an instant. The inferno war Dragon Dharma form burst out again, and its power was still extremely overbearing!

Compared to before, the inferno war Dragon was now exuding an even colder killing intent!

It was obvious that the killing intent came from Xu Fu!

“I want you all dead!”

At that moment, Xu Fu was like a wild boar whose anus had been poked. He was flustered and exasperated. His eyes turned blood-red, and blue veins popped out on his forehead. His killing intent and hatred were at an unprecedented high!

“I’m finished ...”

Looking at the terrifying Inferno war Dragon, Bai Qi once again fell into despair.

Even though Chen Xiaobei had just successfully blocked the inferno war Dragon's attack once, how could he block the second attack? The third time?

Clearly, Baiqi's worry was completely correct.

Chen Xiaobei had only obtained three two-star heaven-immortal instrument summoning talismans from mo Luo Wutian. He had just used two of them and only had one left. There was no way he could block another attack from Xu Fu.

The nine luminaries hell cutting saber was the difference between Chen Xiaobei and Xu Fu!

With the saber in hand, Xu Fu was undefeatable!

It was only a matter of time before Xu Fu killed Chen Xiaobei and Bai Qi!

"Don't panic!"

But Chen Xiaobei was confident, as if he had already thought of a plan.

"Chi ..."

Chen Xiaobei then took out the sky-imprisoning painting!

"Whoosh! Whoosh!"

Before Xu Fu could react, Chen Xiaobei had already brought Bai Qi into the map.

"What ... What is going on?"

what? " Xu Fu was stunned by the sight. He rushed over with his saber and observed the scroll on the ground closely.

Chen Xiaobei had been reluctant to hide in the verdant Emperor's divine gourd or the Meru space because even if he did, the items would be left in the same place. It would be more troublesome if they fell into the hands of the enemy.

If the enemy sent the verdant Emperor's divine gourd or the Sumeru realm to the heavenly realm, Chen Xiaobei would be doomed!

However, it was different now!

Xu Fu's mind was clouded by anger and hatred. All he could think about was to kill Chen Xiaobei and Bai Qi and take back the token.

Under such circumstances, Xu Fu found it hard to think calmly.

More importantly, Xu Fu had the nine luminaries hell cutting saber in his hand. He thought that he would win for sure. Even if he thought about it, he would not ask the Jade Emperor for help. He would only think about killing Chen Xiaobei and Bai Qi on his own.

Xu Fu was destined to fall into Chen Xiaobei's trap!

"Boom boom boom ..."

Suddenly, the heaven imprisoning formation's special ability erupted, and an invisible storm produced a massive devouring force.

The strength of this force had reached the late-stage one-star heaven immortal realm. Unless Xu Fu used the nine luminaries hell cutting saber to break the sky caging formation, he would not be able to resist this devouring force with his own cultivation base.

"Hmph! It's just a one-star late-stage heaven immortal item, what can it do to me?"

Xu Fu held the nine luminaries broken prison tightly. He did not care about the sky-imprisoning painting of the northern Mystic at all. He did not resist and allowed himself to be sucked into the space inside the painting.

However, Xu Fu regretted it in the next moment!

Because even if he borrowed a trillion brains, he would never have thought that there was another universe in this space!

"Old thief! Your death is here!"

Chen Xiaobei had been waiting in the picture for a long time.

As for Bai Qi, he had long since been dumbfounded by what he saw. He could not believe his eyes.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3369: countering every move**

After the Emperor river's multiple expansions and the investment of trillions of upper spiritual stones, the space in the map had become extremely huge. It was enough to accommodate three billion people living or fighting in it!

Behind Chen Xiaobei, the one billion hell demonic soldiers and one billion immortal demonic soldiers had formed two huge battle formations.

Originally, Chen Xiaobei wanted to use this demonic Army to settle the war in Luzhou, but he did not expect that things would go so smoothly. It was settled by a live broadcast.

These two billion demons did not show their faces in Northern kuruzhou, but were put to use today.

how ... How is this possible?!

what? " Xu Fu was shocked to the core. His eyes widened like a bull's, and his mouth opened so wide that a fist could be stuffed in.

No one in the world would have thought that Chen Xiaobei had secretly gathered an Army of Two billion demonic soldiers! This was simply unbelievable!

Whoosh ... Whoosh ... Whoosh ...

What was even more terrifying was that this two billion demon Army, with every one million people forming a formation, formed a thousand [ fire cloud heavenly evil battle formation ] and a thousand [ four phases absolute kill battle formation ]!

Although these two types of battle formations were only one-star heaven immortal level, they won in their numbers! Their power erupted at the same time, and they were definitely not to be underestimated!

boom boom boom ... Boom boom boom ...

A total of 2000 formations were suddenly activated, illuminating this huge space with two different colors.

“Hmph! If we can win with numbers, then what’s the point of having a high-rank heaven immortal tool?”

However, Xu Fu was not afraid at all. Holding the nine luminaries hell cutting saber was equivalent to holding a trump card that would definitely win.

In Xu Fu’s eyes, the vast two billion demonic Army was nothing more than two billion ants.

“Boom boom boom ...”

The inferno war Dragon phenomenon that he had just activated did not disappear!

The raging fire covered the sky and the earth. The huge power and terrifying killing intent filled the entire space!

Xu Fu’s confidence was not without reason. Even if there were two billion demonic soldiers on the other side, they would definitely not be able to withstand a single blow from the nine luminaries hell cutting saber!

The inferno war Dragon’s crushing force was enough to annihilate the two billion demonic Army!

“Woof! Buzzzzzz! Yi ...”

As expected, the inferno war Dragon shot out and was the first to pass through the thousand [ fire cloud heavenly evil battle formation ]!

The entire process did not meet with any resistance, and it was as easy as blowing off dust!

Of course, the core of the [ fire cloud heavenly evil formation ] was not power, but to weaken the enemy’s power!

Due to the huge difference in level, the 1000 great formations only managed to weaken the inferno war Dragon by 10%!

“BOOM! BOOM! BOOM! Boom ...”

Next, the inferno war Dragon passed through the fire net of another thousand ” four phases absolute killing battle formations “!

This time, the inferno war Dragon was met with quite a bit of resistance.

This was because the [ four phases absolute killing battle formation ] was a very powerful battle formation in itself, and its destructive power was especially shocking.

Of course, due to the huge difference in their levels, the 1000 great formations only managed to weaken the inferno war Dragon by slightly more than 10% after their power was exhausted.

At this point, the inferno war Dragon still had 80% of its combat power left!

However, the two billion demon Army had to rest for a while before they could activate the power of the battle formation again.

“Hahaha! Everything is under my control!”

Looking at the scene before him, Xu Fu laughed proudly and said, “ the inferno war Dragon still has 80% of its power left. I can destroy you and all the demonic soldiers here with a single thought! Not a single one was left! Hahaha ...”

“Then you should try!” Chen Xiaobei summoned the six-winged Buddhist demon and leaped into the air, facing the inferno war Dragon that was as large as a mountain.

“You reckless fool!”

Xu Fu gave Chen Xiaobei a disdainful look, as if he was looking at an idiot who did not fear death.

“Go to hell!”

Xu Fu did not think that Chen Xiaobei had any other trump cards. He waved his nine luminaries hell cutting saber and was ready to end Chen Xiaobei’s life!

“Boom boom boom ...”

The inferno war Dragon was connected to Xu Fu’s spirit, and with a swing of the saber, it charged towards Chen Xiaobei.

“Black hole heavenly attraction!”

The six-winged Buddhist demon’s body was already ready, and the black hole ability was activated again.

“Whoosh ...”

The dark halo behind the practicing body’s head burst out with a huge and mysterious suction force, absorbing another 10% of the power of the raging inferno war Dragon.

“Idiot! Don’t you know your own abilities?”

hahahaha ... Xu Fu laughed disdainfully. there’s no way you can block my attack. No matter how hard you try, you’ll still die. Why waste your energy? ”

“A waste of effort?”

Chen Xiaobei was not moved at all. He even wanted to laugh. “You don’t know anything about my trump card!”

“What? You still have a trump card?” Xu Fu was shocked when he heard that.

“Is there any hope?” Baiqi, on the other hand, kept his head up, desperately looking around. He was eager to know what other ways Chen Xiaobei could defend against Xu Fu’s attack.

“The great underworld Mountain Formation!”

run! Chen Xiaobei shouted.

A ball of blue spiritual light suddenly appeared in the air.

That’s right!

That was the nine-star celestial immortal item, the underworld mountain armor!

Originally, the underworld mountain armor was like a huge mountain that enveloped the entire space within the diagram.

However, as the space continued to expand, the underworld mountain armor’s position moved up bit by bit, and it was completely hidden in the chaos.

what ... What’s that?!

Seeing this, Xu Fu and Bai Qi both had incredulous expressions on their faces. They could not imagine how the huge mountain of oracle bones burning with blue flames could appear out of thin air.

“Whoosh ...”

What was even more unexpected to them was that a violent true essence fluctuation suddenly erupted from the underworld mountain armor, which rapidly condensed into a great formation.

That’s right!

This great formation was the one that sealed the endless Dead Sea! It was also the product of the evil bone demons’ painstaking efforts over countless years to inscribe on the shield mountain armor!

The shield mountain armor was a nine-star celestial immortal item, and it was not useful!

However, the evil bone demon race had carved a two-star heaven immortal realm sealing formation on it!

And this array was also the core function of the “sky-imprisoning painting of the northern profound mystery”-to trap enemies!

“BOOM!”

The next moment, the inferno war Dragon’s energy construct bombarded the underworld mountain great array!

Originally, the inferno war Dragon’s power was one minor realm higher than the underworld mountain great formation. But at this moment, the 2000 battle formations and the black hole’s special ability had depleted the inferno war Dragon’s power, leaving it with only 70% of its power.

Moreover, the underworld mountain great formation and the underworld mountain armor were known for their defensive capabilities. If they were to defend with all their might, they would be able to withstand the inferno war Dragon!

“Whoosh ...”

As expected, after a period of time, the raging inferno war Dragon and the underworld mountain great formation both ran out of energy and disappeared.

Chen Xiaobei, Bai Qi, and the two billion demonic Army behind them were unharmed.

“Xu Fu! Didn’t you want us to be wiped out?”

Chen Xiaobei laughed evilly and said, “How is it? Does your face hurt?”

#### **Chapter 3370**

3370 Mysterious great formation

Face smacking!

Face smacking on the spot!

Just a second ago, Xu Fu was so proud of himself that he was going to annihilate Chen Xiaobei’s team with one slash!

Xu Fu’s face was contorted in anger. Chen Xiaobei had not even been hurt by his knife!

This face slap was simply too loud!

despicable!!!

Xu Fu gritted his teeth in anger, and his eyes were almost spitting fire. “Chen Zhufeng! Don’t be too pleased with yourself! There was still spiritual Qi in the nine luminaries hell cutting saber for another slash! And your 2000 battle formations can not be activated again! This Saber Strike! I don’t believe that you can still hold on!”

Without a doubt, although Xu Fu had been slapped in the face, his confidence had not been crushed.

After all, he still had the nine luminaries hell cutting saber in his hands, and Xu Fu was sure that he was still in an invincible position.

“Heh, even if you strike again, I still have a way to block it!”

Chen Xiaobei shrugged and said, “However, I will no longer block your attacks! If you can make another strike, then I’ll admit defeat!”

“What? Won’t you try to block it?”

Xu Fu and Bai Qi were dumbfounded. They did not understand what Chen Xiaobei meant.

“What kind of joke are you making?” if you don’t withstand the power of the nine-luminaries hell cutting saber, you will be destroyed in an instant! Xu Fu shouted in disdain.

Childe Chen ... You can't be careless!

Baiqi's face was filled with anxiety as he said, "Xu Fu can activate the power of the saber again! Quickly think of a way to block it! Otherwise, you and I will die without a doubt, and so will the two billion soldiers!"

"Chi ..."

However, Chen Xiaobei was not joking. Not only did he not take out a new trump card, he even hid the underworld mountain armor back into its original state.

"Whoosh ..."

The two billion demonic Army was no longer on guard. Chen Xiaobei kept them back into the verdant Emperor's divine gourd.

All of a sudden, only Xu Fu, Bai Qi, and Chen Xiaobei were left in the large space of the map!

"You little brat! Are you crazy? Do you really not want to live anymore?" Xu Fu was dumbfounded. He could not understand Chen Xiaobei's actions.

"This ... This, this, this ..."

Baiqi was also dumbfounded, "Childe Chen! What are you doing? As long as we can block one more attack from Xu Fu, we will have a chance to win! If you put away all your trump cards, isn't that suicide?"

"Don't panic!" Chen Xiaobei shrugged and smiled. I've said it just now. If Xu Fu can make another strike, I'll admit defeat!

"He ... Why can't he use his blade?" Baiqi was dumbfounded and could not understand.

"Pretentious d \* ck! I'll make you a dead soul under the nine luminaries hell cutting saber!" Xu Fu could not figure it out, so he decided to stop thinking about it and raised the saber in his hand high.

Why waste time arguing over something that could be solved with a knife?

"Go to hell!"

With a hysterical roar, Xu Fu activated the power of the nine-luminaries hell cutting saber.

"Eh?"

However, in the next moment, Xu Fu's expression turned into one of disbelief, "What's going on? Why is the nine luminaries hell cutting saber not reacting?"

this ... Bai Qi was instantly dumbfounded. "What is Xu Fu doing? The sound of thunder and the raindrops are small ... Could it be that the spiritual energy in the saber is insufficient?"

"Woof! Buzzzzzz! Yi ..."

As he spoke, Xu Fu swung his saber a few times in succession. However, the nine luminaries hell cutting saber did not react at all. Not only did it fail to activate its power, but even the spiritual connection was completely cut off.

“What’s going on? What’s going on?”

Xu Fu’s pupils contracted uncontrollably, and his scalp went numb. He even began to tremble all over.

The nine luminaries hell cutting saber was Xu Fu’s strongest trump card! With this trump card in hand, Xu Fu would be invincible!

But now, this trump card had suddenly become a useless one, and Xu Fu had lost the ability to protect himself!

After all, the interior of the northern Mystic prison painting was Chen Xiaobei’s home ground!

In this space, Chen Xiaobei had ten thousand ways to toy with Xu Fu, who had lost his strongest trump card!

“Chen ... Chen Zhufeng! What have you done to me? Why is there no reaction from the nine luminaries hell cutting saber?”

Xu Fu’s voice started to tremble. He knew better than anyone else that from this moment on, his life and death were in Chen Xiaobei’s hands.

It would not be an exaggeration to say that Chen Xiaobei could kill Xu Fu with a single thought.

“There’s no harm in telling you!”

of course not! Chen Xiaobei shrugged and said, “ I’ve integrated a treasure-dropping formation into this space! Any magical treasure below the three-star heaven immortal artifact will not be able to activate its power once it enters the range of the formation!”

“What? [ great treasure dropping formation ]?” Upon hearing this, Xu Fu and Bai Qi were both shocked.

They would never have imagined that there was such an unreasonable divine immortal level array hidden in the space of the ‘sky-imprisoning painting of North profound mystery’.

In that case, the whole thing could be explained!

The power of the nine luminaries hell cutting saber had been activated before it entered the dimension of the map. That was why Chen Xiaobei had to combine the two billion demonic Army and the underworld Mountain Formation to resist it!

After blocking the attack, the treasure falling formation was secretly activated, sealing off the nine luminaries hell cutting saber’s spirituality and preventing Xu Fu from activating its power again!

In this way, Xu Fu’s strongest trump card had become useless!

Chen Xiaobei’s act of luring Xu Fu into the sky-imprisoning painting had become a perfect trap!

Once Xu Fu caught up to him, he would never be able to escape!

“Hmph! Chen Zhufeng! You are indeed very powerful! It’s just that you’re too inexperienced!”

However, under such circumstances, Xu Fu’s nervousness and panic were greatly reduced. He even sneered, “ I thought you used some kind of profound technique that could control my life and death! I

didn't think that it would be a stupid method like the [ great treasure dropping formation ] that would harm the enemy by a thousand and harm the user by a thousand!"

"1000 damage to the enemy and 1000 damage to oneself? What is the meaning of this!" When Baiqi heard this, his brows instantly furrowed and he even had a bad feeling.

"It's simple!"

of course not! Xu Fu sneered. in the treasure falling array, although I can't use the nine luminaries hell cutting saber, Chen Zhufeng can't use any Dharma Treasures either! In other words, I can still kill Chen Zhufeng with my cultivation!"

Just as Xu Fu had said, within the treasure dropping formation, any Dharma Treasures below the three-star heaven immortal realm could not be used.

The verdant Emperor's divine gourd was a divine artifact, so its use was not restricted.

However, the verdant Emperor's divine gourd did not have any offensive power, so Xu Fu was not afraid at all.

"Shit ..."

this ... Bai Qi became nervous. Xu Fu is a peak earth immortal, while Childe Chen is only at the mid-stage of six-star body integration ... There's a gap of three major realms. There's no chance of winning ...
