#### Chapter 3381: the whole world

[ the number of new believers has increased by 30 billion! ] The total number of believers was 150 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

With the identity of the Bodhisattva of Xiangyun confirmed, the people of aparagodaniya gathered around Chen Xiaobei.

There were 30 billion new believers, and this did not include Chen Xiaobei's hardcore fans and those who believed in other gods.

By the looks of it, Chen Xiaobei's unification of the Western aparagodya Prefecture would be a matter of course.

Furthermore, as time went on, more and more people would start to believe in Chen Xiaobei and become his new followers.

"Everyone, don't worry! I, Chen Zhufeng, will not disappoint you!"

Chen Xiaobei seized the opportunity to further secure his victory. "From the day of the unification of the aparagodaniya Prefecture, the entire Prefecture will be free of tax! Bei Xuan faction will also take out money from our private Treasury to support the humble class, repair the buildings, and reward the meritorious officials!"

"I can guarantee to everyone that the entire aparagodaniya, no! The future of the entire human world will be more blissful, more beautiful, and more prosperous than ever!"

The entire livestream room was in an uproar!

Wufu firmly supported bei Xuan faction's unification of the earth-god Realm! He firmly supported the faction master of bei Xuan to become the ruler of the mortal world!

Long live bei Xuan sect! Long live the Lord of the mortal world!

Long live bi an! Long live! Long live long live!

Just like that, under Chen Xiaobei's careful planning, the live stream had reached its most satisfactory result.

The world's heart! The people Dao!

The following actions became very simple.

Chen Xiaobei summoned his two personal disciples.

With the cooperation of Wu longyin, the eldest disciple, Feng Qingyang, unified the heavenly Dragon Holy region and established the heavenly Dragon division of bei Xuan sect.

Feng Qingyang then took over as the hall Master.

With the help of Shen Gongbao, Wu aofeng, the third disciple, unified and established the ten thousand Buddha Holy realm.

Wu aofeng would be the hall leader.

In addition, the three sages temple had also become a branch of the three sages, and Dinghai Shitai had become the head of the branch.

The whole process went very smoothly. In almost three days, bei Xuan faction had taken over all the cities and armies in the Western aparagodaniya state. They had completed the unification in the true sense!

Of course, before that, Chen Xiaobei had to do something very important!

That was to raise his merit Halo to the maximum level in order to welcome the unified merit that was about to arrive!

[ ding! Congratulations! You have successfully exchanged for a Level-8 heavenly merit Halo. 8 billion new believers have been consumed! ]

[ ding! Congratulations! You have successfully exchanged for a level 9 heavenly merit Halo. 9 billion new believers have been consumed! ]

[ you have gained 13 billion new believers! ] The total number of believers was 120 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

He had used up 17 billion new believers, and his merit Halo had been upgraded to level nine.

In this way, when the aparagodaniya continent was officially unified, the merit points obtained would have an additional bonus!

The main point was that the Nanzhan state and the Videha were also about to be unified!

The most important thing was that after the four continents were unified, the earth immortal world would be unified!

A sea of merit points was beckoning to Chen Xiaobei. If he was not surprised, he would be able to defeat nine human emperors for the second time!

[you have avoided a war. You have been rewarded with 50000 (+50000) billion merit points!]

[ding! Yingluo has protected the people. You have been rewarded with 50000 (+50000) billion three realms merit points!]

[your current merit points are 40117.67 billion.(Charm: 4011.767 billion, luck: 4011.767 billion)!

what the f \* ck!!!

“20 trillion merit points!” Chen Xiaobei was excited. This was the rhythm of an explosion! It’s so cool!”

however, the human Emperor’s level hasn’t been upgraded ... I estimate that I’ll need to have about fifty trillion merit points in the Three Realms before I can become the eighth human Emperor!

Chen Xiaobei calmed himself down and said, " there's still an even greater amount of merit coming up. I don't have to worry about it now!

After that, Chen Xiaobei arranged for two more disciples to go to Luzhou in Kuru.

The fourth disciple, Huo yuanba, would go to the headquarters of the Dragon God Palace to build the Dragon God division and take the position of the division Master.

The sixth disciple was as righteous as a Daoist. He went to the headquarters of the heavenly Yin Hall to build a branch of the heavenly Yin Hall and became the hall Master.

Dugu zang Xian's nine nether platform was also incorporated into bei Xuan faction and became a branch of the nine nether division, with dugu zang Xian as the division Head.

In addition, the second disciple tai yitan had become the hall Master of the gods division, the seventh disciple Lou Yuhong had also become the hall Master of the Jade Mirage division, and the fifth disciple Xuanyuan tuohai was the hall Master of the Xuanyuan division.

At present, only the heavenly secret Holy domain and the Nanzhan state had not been completely unified. Of course, it was only a matter of time.

It wouldn't be long before all the cities and armies in the earth-god Realm were under bei Xuan faction's control.

At the same time, there were already dozens of peak earth level deities in bei Xuan faction, and they had countless resources.

It was no exaggeration to say that the entire earth-god Realm was now in bei Xuan faction's possession. It was almost impossible for external forces to get involved.

More importantly, the earth-god Realm was about to be fully unified. The People's hearts were all in bei Xuan faction, and Chen Xiaobei's fate energy had reached an unprecedented peak.

If the external forces were to make a move on bei Xuan faction, it would first become a war and a breach of peace. A huge amount of merit points would be deducted from them and they would have to bear a heavy sin!

Secondly, they would become The Public Enemy of the entire earth-god Realm and be spurned by the people!

Lastly, and most importantly, provoking Chen Xiaobei, who was at the peak of his fate energy, was simply courting death!

For this reason, although there were still many forces in the heaven realm in the earth immortal world, at the moment, no one wanted to be the first to break the peace.

In other words, from today on, the external forces of the earth-god Realm would not attack bei Xuan faction again.

A huge number of reincarnated ancient Immortals from the heaven realm would end all their schemes from today on and go all out to cross the Tribulation and ascend.

From now on, bei Xuan faction's control over the human world would be unshakeable!

Chen Xiaobei's position as the Lord of the mortal realm would be irreplaceable!

It was not an exaggeration to say that as long as Chen Xiaobei was not dead, bei Xuan faction would always be the Supreme existence in the earth-god Realm!

.....

With 20 trillion merit points, Chen Xiaobei's fate energy had reached an unprecedented peak.

On this day, Chen Xiaobei finally received the good news he had been waiting for.

Di Jiang had confirmed the candle Dragon's location and wanted Chen Xiaobei to meet him immediately.

The candle Dragon was the last step to upgrading the sunlight cache. As long as he could find him, Chen Xiaobei's strength could be developed rapidly, making the final push for his Ascension!

That was why Chen Xiaobei did not hesitate to bring six-eared macaque and The Raven King to their destination.

Song Qincheng was left behind. After all, aparagodaniya had just been unified, and there were still many things that the Empress had to deal with.

#### **Chapter 3382: one of us**

There was a desolate Island above the West Sea.

Due to the lack of spirit Qi and resources on the island, almost no one set foot here on a normal day.

However, the world did not know that there was an ancient catacombs right below the island, where the powerful inheritance of the ancient true immortal was stored.

At this moment, three reincarnated ancient Immortals were gathered in the underground cave, fully digesting the inheritance of the true immortal.

Because the earth-god Realm was completely under bei Xuan faction's control, the forces in the heaven realm could no longer change the overall situation. They didn't want to work for nothing, so they could only strategically give up the earth-god Realm and let the reincarnated ancient Immortals improve their cultivation so that they could cross the Tribulation and ascend as soon as possible.

As long as the three reincarnated ancient Immortals here fully digested the inheritance of the true immortal, they would be able to reach the half-step heaven immortal realm and directly face the heavenly Tribulation.

In order to speed up the digestion, the three reincarnated ancient Immortals were actually using the special ability of the candle Dragon's primordial spirit to speed up the flow of time.

Whoosh ... Whoosh ... Whoosh ...

The three of them were sitting around the candle Dragon and trying their best to digest the inheritance of the genuine immortal.

The candle Dragon stood stiffly on the spot like a wooden stake. His eyes were empty and he was expressionless.

A talisman was stuck on his forehead, as if he was being controlled by the three of them.

.....

Outside the catacombs.

Chen Xiaobei could see everything clearly with his clairvoyance ability.

Then, he quietly left.

I've seen the situation inside clearly. According to the Three Realms illustrated guide, the three reincarnated ancient Immortals around are all from the clan of enlightenment-Chi Feng Zhenren, yellow-tooth immortal, and mountain-splitting Daoist!

I think the candle Dragon is being controlled by the three of them! Chen Xiaobei said. I'm afraid that if we rush in, we might endanger the candle Dragon!

"Yup ..."

Emperor Jiang nodded and said in a deep voice, " I've been using my primordial spirit realm to spy on you for a long time. I didn't dare to rush in. I had no choice but to ask you to come here, bro bei!

the candle Dragon is the most crucial part of upgrading the sunlight cache. We can't afford to lose it! "Before we can ensure the candle Dragon's safety, we shouldn't act rashly!" Six-eared macaque said anxiously.

"Right! No matter what, we must ensure the candle Dragon's safety!" Emperor Jiang's attitude was very firm.

After all, the twelve ancestors of sorcery were all blood-related, and Emperor Jiang would never want anything to happen to his brothers.

"Actually, it's not that complicated!"

I just need to activate the Nightstalker outfit to remove the talisman without anyone knowing. Then, I can return the candle Dragon his freedom! Chen Xiaobei said.

"But I'm a little worried. I'm afraid that I can't subdue him immediately when his supernatural ability is activated! After all, this isn't an independent space, so I can't get Xin 'er to come out and help ..."

Obviously, Chen Xiaobei did not care about the three of them at all. The only thing he was worried about was that once the candle Dragon regained his freedom, he would be a very difficult opponent to deal with.

After all, Chen Xiaobei had already seen how powerful Gonggong and Houtu were. Especially Houtu, she was almost invincible. Even Emperor River could not do anything to her.

As the time Wizard ancestor, the candle Dragon's primordial spirit power must contain the Law of Time.

Once the battle started, even Di Jiang would not be able to defeat the candle Dragon, let alone Chen Xiaobei.

“Bro bei is right!”

“Yes!” Emperor Jiang confirmed immediately, “the candle Dragon’s primordial spirit can control time, accelerate, decelerate, and even travel through time and space! As long as he has enough spiritual energy, we can’t even get close to him!”

“Right! Speaking of spiritual energy, there’s another important issue!”

I noticed that the candle Dragon has been accelerating the flow of time. His mental power seems to be endless. I think he has something on him that can make up for his mental power. Perhaps he can activate his mental power infinitely!

“What ... What should we do?” The more six-eared macaque listened, the more anxious he became. He could not think of anything.

Childe Chen, don’t worry. Just go in and take the talisman!

Suddenly, a calm voice came from not too far away, making Chen Xiaobei and the other two nervous.

Six-eared macaque and Emperor Jiang didn’t know who it was.

Chen Xiaobei recognized him immediately. “Yuan Tiangang? What are you doing here?”

Childe Chen, have you forgotten that I can predict your movements? ”

Yuan Tiangang was wearing a green robe, and he walked over elegantly. in fact, I’ve already predicted the candle Dragon’s location. I predicted that Childe Zhufeng would be coming here, so I followed him here!

what do you want to do!? Chen Xiaobei furrowed his brows and became alert.

Even though he had come to an agreement with Yuan Tiangang, Chen Xiaobei did not believe that he would be reincarnated as an ancient deity from an opposing faction.

Childe Chen, don’t be nervous. We’re on the same side! Yuan Tiangang’s eyes focused and he said seriously.

“We’re just cooperating, I don’t see you as one of us!” Chen Xiaobei’s face turned cold and said, “ the candle Dragon is of great importance to me. If you don’t want to break our cooperation, please leave immediately!

Childe Chen, think about it!

that day, the control of the nine-toothed rake had already returned to my hands, ” Yuan Tiangang said calmly. although you had the help of the prosperous great Empress, if I continued to fight, would you have a chance of inheriting it? ”

this ... Chen Xiaobei was speechless.

In the previous battle, Song Qincheng had used the nine-toothed rake to sweep through the entire battlefield and wipe out all the enemies.

Later, Shen Gongbao took back the control of the nine-toothed rake. Shen Gongbao and the others had even escaped to a safe place through the returning bracelet.

Just as Yuan Tiangang had said, if he had returned with the nine-toothed rake, even if Chen Xiaobei and Song Qincheng joined forces, they would have been defeated.

However, the result was that Yuan Tiangang gave up on the fight. Not only did he agree to work with Chen Xiaobei, he even knocked Shen Gongbao out and gave him to Chen Xiaobei.

As a wise man, Yuan Tiangang had no reason to make such a loss.

Unless Yuan Tiangang and Chen Xiaobei were really on the same side!

Let me tell you the truth. My master is Mother Wudang, one of the eight personal disciples of sect leader Tongtian!

"The master of the contract with the candle Dragon is sect leader Tongtian himself!" Yuan Tiangang said in a deep voice.

"What? This ... How is this possible?" Chen Xiaobei could not believe his ears.

If you don't believe me, take out your phone. My master, goddess of oblivion, will contact you!

She'll tell you the reason," Yuan Tiangang said in a deep voice. She'll also tell you some top secrets that no one else can know!

[ I've sent you a private message! ]

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3383: identity verified**

That's weird ... I remember in the legends, out of master's eight direct disciples, only Senior Brother Duo Bao survived ... As the third Senior Sister, Holy Mother Wu Dang should have already died in the last infinite cataclysm ...

Chen Xiaobei held the phone in his hand, not fully convinced.

"No need to doubt!"

"If I wanted to harm you, I wouldn't have wasted so much time talking to you!" Yuan Tiangang said in a deep voice. Just shout and wake up the three people in the cave. Take the candle Dragon as a hostage and you will surrender!"

Obviously, Chen Xiaobei was willing to give up his life for his family and friends.

If the candle Dragon really became a hostage, both Chen Xiaobei and Di Jiang would be in danger and would not be able to fight back.

Yuan Tiangang was still calm and composed. It was clear that he did not have any ill intentions towards Chen Xiaobei.

“Good! I’ll take a look first!”

Chen Xiaobei calmed himself down and opened the private message on his phone.

[ Holy Mother Wu Dang: Shidi Xiaobei! ] I’m sure Yuan Tiangang has told you who I am! If you have any doubts, you can ask me directly!

Chen Xiaobei: “ from what I know, the goddess of innocence is dead. Where did you come from? ”

[ Holy Mother Wudang: in the last immeasurable cultivation tribulation, master’s celestial slaying sword formation was broken by the four great sages of the heavenly way, origin, Taishang, zhunti, jieyin! ]

[ in order to turn the tide, my master summoned all the disciples of the tribe of severity to form the great formation of ten thousand Immortals. As a result, the four great saints of the heavenly way joined forces to attack again, causing heavy casualties in the tribe of severity! ]

Holy Mother Wu Dang: “ at that time, it was said that most of the disciples of the tribe of severity were killed by the four sages. A few escaped, and a few were taken away by the Western religious leader and forced to become his disciples!

[ Mother Nature Wu Dang: and I’m one of those who escaped! ] At that time, I was ordered by my master to save the life of the tribe of severity and to leave the ten thousand Immortals formation quietly!

[ Holy Mother Wu Dang: in order to prevent me from being hunted down, master deliberately used his magic power to create the illusion that I self-destructed my primordial spirit! ] After I escaped, I changed my name to the sacred Mother of Mount Li, established my own sect, and attached myself to the tribe of humanity!

[ mother wudao: because of this, the mother wudao in the eyes of the world has already died in the ten thousand immortal formation! ] And I’ll use the identity of the sacred Mother of blackfoal mountain to hide in the heavenly realm and secretly cooperate with master’s scheme!

Chen Xiaobei: “ it sounds like it’s true, but anyone can say it without any evidence. You have to show me some evidence before I can believe you!

[ Mother Nature Wu Dang: of course I have evidence! ] Not long ago, mother Nuwa came to find me and passed on Master’s message to me!

Chen Xiaobei:

[ my master said that you’re about to unify the mortal world, and you’ll enter the crack in the void soon. He asked me to help you when you need me! ]

“This ...”

Chen Xiaobei looked at his phone and his heart skipped a beat. “Only mother Nuwa knows that I’m about to enter the rift to the void. No one else will be able to guess! It seems that this Mother Mary is real!”

Chen Xiaobei-third Senior Sister! Xiao bei, I’ll give you a gift as an apology for offending you just now!

[ Mother Nature Wu Dang: ignorance is not a crime. Junior Brother, you don’t need to apologize! ]

Chen Xiaobei: "hmm ... According to what third Senior Sister said, you only sent Yuan Tiangang to help me after you received the message from lady Nuwa?"

[ Mother Nature Wu Dang: that's right! ] Before receiving clear instructions from my master, my reincarnated ancient immortal and I must hide our identities! That's why I couldn't contact you or help you in the past!

Chen Xiaobei: Yuan Tiangang had really helped him a lot this time! Not only did they form a cooperative relationship with me, but they also sent Shen Gongbao to me, helping me to eliminate two hostile forces!

[ Saint mother Wu Dang: Yuan Tiangang is very intelligent and capable. He's also good at calculating. If you need anything in the future, you can look for him! ]

Chen Xiaobei: "uh ... Actually, I'm a little worried. Isn't Yuan Tiangang afraid of being punished by the heavens if he keeps prying into the secrets of heaven?"

It was obvious that Chen Xiaobei had admired Yuan Tiangang since the first time they met.

Out of his love for talents, Chen Xiaobei was worried that Yuan Tiangang would be punished by the heavens, causing them to lose a capable man.

[ Mother Nature Wu Dang: you don't have to worry about this! ] Yuan Tiangang was born with the innate ability of a mutant. As long as he was not discovered by the gods, he could avoid the wrath of heaven!

Chen Xiaobei: "heaven's wrath is controlled by the heavenly laws. So, third Senior Sister, you're saying that the heavenly laws can't detect Yuan Tiangang's spying?"

[ Mother Nature Wu Dang: you can understand it that way, but Yuan Tiangang's divination is not invincible. With his current spiritual power, he can only divine the emotions of the human world! ] If he were to calculate the matters of the heaven realm in the future, he would be in danger of being detected by the immortals!

Chen Xiaobei: "thank you for reminding me, third Senior Sister. I've already mastered the eight trigrams evolving divine pattern, but I barely use this ability. So, I won't rely too much on Yuan Tiangang's ability!"

[ Mother Nature Wu Dang: yes, as the saying goes, man's plans are not as good as God's! ] No matter how powerful an ordinary person's divination was, it was ultimately unable to overcome the uncertainties of the bright eyes! At the critical moment, he had to rely on his own skills and means!

"Oh right, third Senior Sister! Yuan Tiangang said that the candle Dragon is Sifu's reincarnation of an ancient deity!" Does master have any instructions for the candle Dragon? I'm afraid that if I act rashly, I'll ruin shizun's plan!

[ Mother Nature Wu Dang: don't worry and just attack! ] Master used his first place to choose the candle Dragon to help you in the earth-god Realm!

[ Holy Mother Wudang: the candle Dragon was unlucky. One of the twelve ancestors of sorcery under the enemy's command sensed his location. After he was ambushed, he was controlled by the enemy. That's why he couldn't come to you! ]

Obviously, since Emperor Jiang could sense the location of the other ancestors of sorcery, the other ancestors of sorcery could naturally sense the location of the candle Dragon as well.

Because of this, the candle Dragon had long been controlled by the chanism's enemies and could not go to help Chen Xiaobei.

Now, with these words, Chen Xiaobei could finally go and save the candle Dragon. If he succeeded, he could upgrade the sunlight cache and speed up his Ascension.

Chen Xiaobei: " by the way, third Senior Sister. I have another question. Who are the other two reincarnated ancient Celestials of Sifu? " I haven't seen them yet. Could they have been captured by the enemy?

[ Mother Nature Wu Dang: you don't have to worry about this! ] The other two reincarnated ancient Immortals of his master were the weapon Grandmaster Chi You and the wind demon Fei Lian! Both of them were his master's Secret chess pieces, and they had already cultivated to the half-step heaven immortal realm!

[ Holy Mother Wu Dang: originally, master planned to let them help you when you were in a hopeless situation! ] But now, you've already settled the mortal world, and the two of them will ascend soon!

"I see ..." Chen Xiaobei thought,"that's good." What about the other two reincarnated ancient Immortals of yours, third Senior Sister?

I chose Yuan Tiangang as my first candidate. The other two candidates have gone through two rounds and I'm at the end of the line. The ancient Immortals I chose are not worth mentioning. You don't have to care about them. Just go and save the candle Dragon!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3384: power of time**

It was obvious that although each person had three spots for the selection of ancient Immortals during the winter solstice festival, the outstanding ancient gods and ancient Immortals had already been chosen by the upper echelons. The remaining ones were all insignificant.

After changing her name to the sacred lady of Mount Li, she had been hiding under the tribe of humanity. She was already very lucky to have chosen Yuan Tiangang. The other two ancient deities were probably useless. It would be a waste to throw them away. There was no need for Chen Xiaobei to know them.

Chen Xiaobei: " I understand. Let's contact each other later. I'm going to rescue the candle Dragon first!

[ Mother Nature Wu Dang: go! ] Pay attention to safety!

After that, Chen Xiaobei put away his phone, put on his ghost mask, and activated his Nightstalker outfit to hide himself.

Now that the Nightstalker outfit was a one-star sky immortal item, no one below the sky immortal level would be able to detect Chen Xiaobei's presence with their primordial spirit.

Even though Chen Xiaobei could not attack while he was invisible, it was still easy for him to tear off a talisman.

He directly sneaked into the catacombs.

Chen Xiaobei did not act rashly. Instead, he carefully observed the situation and considered the possible scenarios.

Chen Xiaobei's only worry was that if the candle Dragon was controlled for too long and suddenly regained his freedom, his body would be weak and his mind would be in a daze. This would allow the enemy to take advantage of his weakness and cause him a fatal danger.

Because of that, Chen Xiaobei had to figure out how to kill all the enemies and ensure the candle Dragon's safety after he tore off the talisman.

For this, Chen Xiaobei had been thinking for a long time. How should he attack? Who should he start with? How to dodge? How could he protect the candle Dragon?

After a long time, Chen Xiaobei finally came up with a perfect plan.

Chen Xiaobei then walked over, reached out his hand and removed the talisman from the candle dragon's head.

"Swish!"

However, Chen Xiaobei did not expect the candle Dragon to open his eyes.

Moreover, his eyes were bright and full of energy, and the color of his face improved instantly. He was full of energy and couldn't be healthier.

To Chen Xiaobei's surprise, the candle Dragon suddenly stood up and attacked the yellow-toothed immortal.

"Eh? You ... Why are you awake?"

Yellow tooth immortal was already a peak earth immortal. Naturally, he could sense the approaching danger and suddenly cried out.

However, before he could finish his sentence, he had lost his life!

"Time reversal!"

The candle Dragon hit the yellow Tooth fairy's dantian with his palm.

Then, an extremely strange scene happened.

The yellow tooth immortal's Dharmakaya was slapped out of his body, and was shrouded in a white halo.

To everyone's surprise, yellow tooth's Dharmakaya disappeared in an instant. Then, his nascent soul degenerated into a golden core, which then degenerated into a sea of Qi, and the sea of Qi degenerated into an ordinary Yin soul.

What was even more terrifying was that the dark spirit directly penetrated the spatial wall and disappeared from the scene.

The yellow Tooth fairy's body fell to the ground. Without a soul, he was a corpse.

Daoist yellow-tooth!!!

Everything happened in the time it takes for a spark to fly off a piece of Flint. By the time Chi Feng Zhenren and mountain-splitting Daoist priest reacted, it was already too late.

"Time reversal!"

The candle Dragon turned around and punched towards the dantian of Chi Feng Zhenren and mountain-splitting Daoist.

quickly Dodge!!!

Chifeng Zhenren's reaction was even faster, he shouted while dodging.

"Time stop!"

However, the candle Dragon had already predicted this.

The candle Dragon's body suddenly burst out with a white light that covered the space within five meters of him.

In the next moment, Chi Feng Zhenren and mountain-splitting Daoist priest, who originally wanted to use all their strength to Dodge, suddenly seemed to have been hit by a body-freezing spell, both of them were stiff in place, unable to move even a little.

"Bang! Bang!"

Unsurprisingly, the candle Dragon's fists hit the dantian of the Chi Feng spiritual master and the mountain-splitting Daoist priest as if he was hitting sandbags.

And the result was exactly the same as what had happened to the yellow Tooth Fairy.

Chi Feng Zhenren and mountain-splitting Daoist's dharmakayas directly left their bodies and quickly dissipated. Their Yuanying degenerated into Jindan, then into Qi sea, and then into Yin souls. Finally, the yin souls directly penetrated the space and disappeared completely!

Bang ... Bang ... Bang ...

At the same time, the special ability of time stop was dispelled, and the bodies of Scarlet peak Zhenren and mountain-splitting Daoist both fell to the ground.

"Phew ..."

Then, the candle Dragon let out a long sigh and asked in a deep voice, "Which friend saved me? Please show yourself!"

Obviously, the candle Dragon knew that someone had saved him.

However, he had been controlled by those three people for a long time, and he was in a hurry to vent his anger. Therefore, he had to take revenge first before asking his benefactor.

From this, it could be seen that the candle Dragon was also a person who liked to settle grudges.

“Whoosh ...”

Chen Xiaobei then took off his mask and revealed his true form. “My master should have already shown you my photo, right?”

bro bei!?

The candle Dragon immediately recognized Chen Xiaobei and said excitedly, “I finally get to see you! The prime of Tongtian asked me to find and assist you as soon as possible, but I was captured by the enemy ... I’m so ashamed ...”

“The past is not important. You don’t have to be ashamed!”

Chen Xiaobei waved his hand and asked curiously, “What is the time reversal ability? Why did the dharmakayas and nascent souls of those three degenerate? Where did their souls go?”

Obviously, Chen Xiaobei was deeply shocked by the candle Dragon’s ability.

Before that, Chen Xiaobei had spent a lot of time carefully coming up with a rescue plan.

However, the candle Dragon ended the battle as soon as he woke up. Chen Xiaobei suddenly felt that his rescue plan was so weak.

Chen Xiaobei’s scalp was tingling with shock, especially after he had witnessed the time reversal ability.

He couldn’t wait to understand the mystery of this heaven-defying special ability!

“Time reversal is the literal meaning! Through the laws of time, it can reverse the flow of time within a certain range!”

“With my current cultivation, I can only reverse time in an area the size of a palm. This is just enough to cover the enemy’s sea of Qi and dantian!” The candle Dragon said.

“This means that the degeneration of the avatar and the nascent soul is actually the result of time going back! And before the winter solstice, these three enemies were all Yin ghosts in the land!”

“So, their souls have been sent back to the land by me!” The candle Dragon said indifferently.

“What the f \* ck! This is simply too heaven-defying!” if your cultivation is high enough, you can defeat your enemies! Chen Xiaobei said excitedly. you can even defeat your enemies and force them back into their mother’s womb! Wouldn’t that mean that he could sweep through the Three Realms?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3385: The layout of the heaven realm**

3385 The layout of the heaven realm

bro bei, you're being too serious. If I could conquer the Three Realms, the Sorcerer tribe wouldn't have been wiped out.

The candle Dragon said, "although the special ability of the time law is powerful, it also consumes a lot of spiritual power!" For example, only a few months have passed since the winter solstice, so I can turn back time!"

"However, after reaching the heaven realm, many powerful beings have lived for trillions of years, or even longer! Even if I exhaust all my spiritual energy, I can't lower their cultivation!"

more importantly, in the sage-to-be realm, many Almightyies can also use the Law of Time to a certain extent. Some Almightyies even have a higher level than my primordial spirit special ability!

"This way, the effect of my time laws on them will be greatly reduced, or even completely useless! On the contrary, you'll only be wasting your own spiritual force!"

Obviously, although the candle Dragon's supernatural ability was powerful, he was not invincible.

Time reversal could be used to bully small fry, but against a true heaven realm mighty figure, it would not be able to lower the other party's cultivation.

Of course, both time reversal and time stop were extremely powerful abilities. Even if they could not lower the enemy's cultivation, they were definitely the best defensive skills.

Think about it, when the enemy's attack reached the candle Dragon, time reversal could make the enemy return to the original place while time stop could make the enemy stand still and be beaten. It was like cheating.

Of course, both time reversal and time stop had an area of effect, which was very useful against a few close-range enemies. However, in a large-scale team battle, these two skills would be greatly reduced!

"Alright! No matter what! If I can get your help, I'll be like a tiger that has grown wings!"

let's put everything aside for now. I need you to enter the rift to the void and help me collect the divine time sand! Chen Xiaobei said. If you see Rahu and Taiyi, ask them to come out together and discuss our next move!"

"No problem!" The candle Dragon nodded and obeyed Chen Xiaobei.

After that, Chen Xiaobei took out the chaos Blood Sword and let the candle Dragon enter the rift.

"That's great. When the candle Dragon comes out with the godly time sand, I can start to upgrade the sunlight cache!"

Chen Xiaobei was excited. He had been waiting for this day for a long time.

Of course, the candle Dragon would come out soon, so Chen Xiaobei had to continue with his plan.

First, Chen Xiaobei searched the three bodies on the ground.

As the three of them were only there to ascend, they did not have much resources on them. They only had a few million upper spiritual stones, which Chen Xiaobei took away.

Then, Chen Xiaobei went outside the catacombs and had a brief conversation with Di Jiang and six-eared macaque about what had just happened.

“That’s great! Holy Mother Wu Dang is still alive!”

Holy Mother Wu Dang is ranked third among the eight personal disciples of sect master Tongtian, ” said Emperor Jiang excitedly. her strength is only second to Daoist many treasures and Holy Mother Jin Ling. With her help, we’ll be able to get a lot of convenience when we go to the heaven realm in the future!

“Not only that! Sect master Tongtian, Weapon Master Chi You and wind demon Fei Lian are the two hidden chess pieces!”

Six-eared macaque was also excited, ”Chiyu is the leader of the ten ancient demon gods!” The Feilian was one of the ten ancient demon beasts, the wind demon beast! Once they ascend, they’ll definitely be able to move unhindered in the heaven realm and grow rapidly, paving the way for us to go to the heaven realm!”

Chen Xiaobei asked, ” “What’s wrong? You’ve already started to plan for what will happen after you go to the heaven realm?”

“This is a must!”

now, the earth-god Realm is already in bei Xuan faction’s pocket! six-eared macaque said excitedly. our enemies have all gone into hiding, and they’re all trying to ascend to heaven! We can’t fall behind!”

Di Jiang added, ” I remember that bro bei had already sent shield mountain and the demon fighter Vajra to ascend. They are too weak. I’m afraid they are not suitable to be the vanguard! At this critical moment, it’s more reliable to send an ancient immortal familiar with the heaven realm!”

mm, you’re right, but it’s not up to me to decide who I want to ascend to ... Chen Xiaobei frowned.”Let’s not talk about the others, which of you two can ascend?”

“We can both!”

Six-eared macaque grinned. I’m a loophole in the laws of the Three Realms. Any spatial treasure can smuggle me into the heaven realm. When the time comes, I’ll find a celestial immortal to transform into. I’ll become a true immortal!

I can break through to the half-step sky immortal realm at any time, ” Di Jiang said. I’ve never done anything evil in my life. I’ve also unified the earth-god Realm with bro bei. The power of the heavenly Tribulation must be very weak. I’ll be able to pass it easily!

If it was not for the fact that they were waiting for Chen Xiaobei, ancient mighty figures like Emperor Jiang, Rahu, Taiyi, and Emperor Jiang could have become half-step sky Immortals at any time, overcome the heavenly Tribulation, and ascended to the heavens.

For experts at their level, they wouldn’t encounter any bottlenecks before they reached the quasi-Saint realm.

As long as they could reach the peak of a certain major realm, they could break through as they pleased.

uh ... Chen Xiaobei was a little taken aback. "It seems that you're not only thinking about it, but you've already made preparations to kill your way to the heaven realm!"

"Yup!"

yes! six-eared macaque nodded and said, " the heaven realm is divided into thirty-six heavens. Now, a large number of ascendants have entered the first heaven, Huang Zengtian! The earlier we get there, the earlier we can seize the territory and resources. If we get there late, it'll be too late!"

"Fight for territory? Snatching resources?"

Chen Xiaobei was surprised. "Doesn't the heaven realm have an owner? Don't we need to follow the heavenly rules? No one cares?"

"You don't know this!"

there are 36 levels of heaven in the heaven realm, " Emperor Jiang said. from the highest level of daluotian, there are three pure heavens, four Brahma heavens, four colorless heavens, eighteen colored heavens, and six desire heavens!

"Among them, the great overarching heaven is where the Dao ancestors Live! The three pure heavens were the residences of the three great heavenly path sages, primal, heavenspan, and Taishang! The four Brahma heavens are the residences of the four great emperors, including the Jade Emperor and the core of the heavenly court!"

"The twenty-eight levels of heaven below are further and further away from the celestial heavens. Naturally, they lack discipline! The heavenly rules were not as useful as fists! Whoever has the bigger fist will be able to dominate the twenty-eight heavens!"

"And the first layer Grand Emperor Huang Zengtian, who has just arrived, is the furthest away from the heavenly court. It's a completely illegal place with almost no one managing it! We have to rely on our own strength to fight for territory and resources!"

more importantly, in the last trillion years, there has never been such a huge Ascension tide!

Emperor Jiang said seriously, " that is to say, Grand Emperor Huang Zengtian has recuperated for trillions of years. The spiritual energy and spiritual veins have accumulated enough. The treasures of heaven and earth have also grown into the present world! Whoever ascends first will be able to seize the initiative!"

#### **Chapter 3386: The candidate for Ascension**

3386 The candidate for Ascension

"Sufficient spiritual energy and spiritual meridians? And a trillion-year! old heavenly treasure!"

Chen Xiaobei's eyes lit up and he said excitedly, " "After hearing what you said, I can't wait to ascend!"

"That's right, we have to make plans for this matter as soon as possible!"

Emperor Jiang analyzed the situation very seriously, " first of all, we have to choose the right time to ascend and try to avoid colliding with the enemy. Otherwise, a fierce battle will inevitably break out as soon as we reach the heaven realm!

if we only encounter reincarnated ancient Immortals of the same level, then we naturally have nothing to be afraid of. But if the forces behind them appear, it will be difficult for us to deal with them!

"Understood!"

of course! Chen Xiaobei nodded. in the earth-god Realm, we are basically unrivaled. We are at the absolute top! However, once we go to the heaven realm, our strength will be at the lowest level. Even if a few two-star celestial Immortals come, we will be in danger!"

"That's right! That's why we must be extra careful!"

Di Jiang paused for a moment and continued, " secondly, bro bei, you have to think about which group of people you want to let ascend first! As you said, once we go to the heaven realm, our strength will be at the bottom, and we will have no power left!"

"In this case, if too many people ascend together, I'm afraid we won't be able to take care of all of them! Some of our weaker companions might even be captured by the enemy and turned into hostages to threaten us!"

"You don't have to worry about that!"

"As long as you're a member of bei Xuan faction, you can ascend!" Chen Xiaobei said. Even if we don't have a foothold in the heaven realm for the time being, I still have a few reliable friends!"

"For example, my third Senior Sister or Cult Master netherworld river can take care of the other people who have ascended in bei Xuan faction in my place! After I gain a firm foothold, I can establish bei Xuan faction in the heaven realm and establish my own power!"

"Mm ..."

Emperor Jiang thought for a moment and said,"the Holy Mother Wu Dang is a spy under the tribe of humanity. I'm afraid it's not convenient for her to help us!" As for Minghe, he's the treacherous ancestor of Shura, so I can't trust him 100%!"

"Brother! Have you forgotten? I have 48 clones of Blood God with me!"

of course! Chen Xiaobei smiled. back then, Taiyi suggested that I let Minghe take care of my companions who ascended first! If Minghe dares to have any disloyal thoughts, you can use the curse of the Wu tribe through the clone of Blood God. Even if you don't kill him, you can still peel off a layer of his skin!"

"I see!"

Upon hearing this, Emperor Jiang beamed with joy and said, " "The 48 clones of Blood God are Minghe's life clones! This means that we have 48 people as hostages, and we don't have to worry about the netherworld river's tricks!"

“Actually, I feel that Minghe is a good person after getting along with him!” of course not! Chen Xiaobei said. 48 clones of the blood God were just a precaution against him. If he did not harm me, I would have treated him as a friend!

Emperor Jiang nodded and said, “ well, more friends mean more paths. If Minghe doesn’t become our enemy, that’ll be the best.

alright! Chen Xiaobei decided, “ if that’s the case, let’s set the time of Ascension to after the earth-god Realm is unified! As for the exact date, I’ll let Yuan Tiangang calculate it and decide!”

“Alright!” Emperor Jiang nodded heavily in agreement.

First of all, after the unification of the earth-god Realm, anyone who had contributed in the war would receive the corresponding merit points.

In that case, almost everyone in bei Xuan faction would get a share.

For example, Emperor Jiang, Ying Zheng, Xiang Yu, and the seven personal disciples, those who contributed more could even reach the lower level of the human Emperor realm directly.

At that time, some of them would cross the Tribulation and ascend, and the power of the heaven realm would be greatly reduced.

Secondly, Yuan Tiangang was good at predicting the future of the human world. If he chose an auspicious day for the first group of bei Xuan faction members to ascend, they would be able to avoid the enemies and even obtain some opportunities.

“As for the candidates for Ascension ...”

Chen Xiaobei did some simple calculations and said, “ Elder brother dijiang, Taiyi, luohou, candle jiuyin, Liu er, you 5 ascend to the immortal world first!”

firstly, you are all familiar with the heaven realm. Secondly, your cultivation was extremely high before you died. As long as you have sufficient spiritual energy, there will be no bottlenecks in your cultivation, and you can enhance your strength to the maximum!

“In addition, old Jiang, old Wang, and second senior are also very familiar with the heaven realm’s environment, but they are slightly weaker. When the five of you have the power to protect yourselves, I’ll let the three of them ascend.”

as for my parents and my close female friends, I’ll just wait until I’m able to ascend and bring them to the heaven realm.

as for my personal disciples, as well as brother Yu, Ying Zheng, and the others, I’m afraid it’ll be difficult for them to break through to the half-step heaven immortal realm in a short period of time. So, they’ll stay here for the time being to help me govern the earth immortal world. If there’s an opportunity in the future, they’ll naturally be able to ascend to the immortal world!

Chen Xiaobei’s brain was very active, and he quickly came up with the order and candidates for Ascension.

“Hmm ... I basically agree with your arrangement!”

Emperor Jiang nodded, but then he changed the topic and said, “However, I have a small suggestion. If possible, let old Jiang, old Wang, and Tian Peng ascend this morning!”

that’s because I, Tai Yi, Luohou, and the candle Dragon all died in the last immeasurable catastrophe. The six-eared macaque died a long time ago!

“So, the five of us actually don’t know much about the current heaven realm! Old Jiang, old Wang, and Tian Peng all came to earth within a year or two. They must be more familiar with the heaven realm!”

Obviously, Emperor Jiang’s suggestion was very useful.

As the saying goes, a strong Dragon can not suppress a snake in its territory!

With someone who was more familiar with the heaven realm leading the way, the operation would be more smooth!

“Of course I have no objections!”

but ... Old Jiang, old Wang, and second senior brother don’t really like to cultivate. I’m not sure when they’ll be able to break through to the half-step heaven immortal realm! Chen Xiaobei said.

as long as they have enough spiritual energy and time, they can make a breakthrough at any time! don’t forget that the three of them are all immortal officials of the heaven, high-rank heaven Immortals and heaven gods,” Emperor Jiang said. they’re just half-step heaven Immortals, so they won’t be a problem at all!

“I have a lot of spiritual energy! as for the time ... Chen Xiaobei raised his eyebrows and laughed.” As long as I upgrade the sunlight cache, time will not be a problem!”

“That’s right!” Emperor Jiang nodded and said with certainty. Now, we just need to wait for the candle Dragon to come out and everything will be on the right track!”

After some discussion, everyone focused their attention on the chaos Blood Sword.

They had to wait for the candle Dragon to come out before they could continue!

.....

Finally, the candle Dragon did not disappoint. As the chaos Blood Sword trembled, he brought the divine time sand back to reality.

At the same time, Luo Yi and Taiyi also returned!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3387: Life form of the great void**

3387 Life form of the great void

“Bro bei! The divine time sand had been successfully subdued! You can start upgrading the sunlight cache at any time!”

The candle Dragon raised his hand and the Golden divine time sand was like a spiritual snake that wrapped around his arm.

“Good! Let’s start now!” Without hesitation, Chen Xiaobei led everyone into the verdant Emperor’s divine gourd.

“Bro bei! I’m not going in with you!” I’m a special person,” Yuan Tiangang said in a deep voice. if I stay out for too long, Li Shiming and the others might suspect me!

“Alright! Then you go back first, we’ll contact each other if there’s anything!” Chen Xiaobei nodded.

After Yuan Tiangang left, Chen Xiaobei entered the verdant Emperor’s divine gourd.

bro bei, take out the other two divine items!

“I can make use of the time laws to help you upgrade the sunlight cache. You don’t have to worry about it!” The candle Dragon said.

“Alright!”

Chen Xiaobei nodded and handed the Imperial Sun Crystal and eternal holy water to the candle Dragon. He also asked the five old turtles to bring the sunlight cache to the candle Dragon.

“Whoosh ...”

The candle Dragon took out a ball of white primordial spirit strange fire and enveloped the sunlight cache and the three divine items.

time flies!!!

Then, the candle Dragon used his special ability of the Law of Time to speed up the time in the area covered by the mystical Fire.

As a result, he could greatly speed up the refining, fusion, and upgrade process.

Everyone was standing around, but they could not see the situation inside the White mystical flame.

That was because, within that area, time was rapidly speeding up. It was possible that a second in reality would be a day or even longer in that area.

Therefore, what everyone saw was a mass of gray chaos swirling and twisting in the White mystical flame.

“The time law is really a good thing!”

Luo Yi squinted his eyes, his cold face showing a hint of envy,”This time, I’m going to upgrade the sunlight cache to a one-star divine tier! If it were an ordinary person, it would be impossible to do so without a thousand years!”

“Even the grandmasters in the heaven realm would need decades or even centuries! But now, with the help of the candle Dragon, I’m afraid that the upgrade will be completed in less than an hour!”

It was obvious that he was upgrading a divine artifact! One could imagine how difficult it would be!

Without the help of the candle Dragon, it would have taken Chen Xiaobei years, or even decades, to refine the three divine items!

Not to mention, after refining a divine item, the fusion and upgrade process was also extremely difficult. The slightest mistake could cause the entire game to be lost!

Because of this, even Luohou, who had always been very knowledgeable, could not help but think highly of the candle Dragon.

Of course, the main reason was because the candle Dragon had mastered the time law.

First of all, the time law could speed up the flow of time within a certain range, greatly reducing the time needed to level up.

Secondly, the candle Dragon's Time rule was of the same origin as the sunlight cache and they could resonate easily! Hence, many extremely difficult operations became easy and easy in the hands of the candle Dragon.

The last and most important point! The candle Dragon's Time rule was of a higher level than the sunlight cache! During the upgrade, the candle Dragon could strengthen the sunlight cache's time rule so that its final effect would be better than a one-star divine weapon of the same level.

It was no wonder that even Luohou couldn't help but praise the candle Dragon for being able to do such a difficult thing so quickly and well! Praise the time law!

.....

According to Luo Yi, it would take about an hour for the candle Dragon to finish everything.

"Brother Rahu, brother Taiyi, what have you been doing in the rift all this time?" Chen Xiaobei asked. Any new discoveries? Or is it an opportunity?"

"We didn't travel too much in the rift of the great void," Taiyi said indifferently. "We only visualized the green Lotus seed of chaos beside the Holy water of creation!"

"Did you get any results?" Chen Xiaobei asked curiously.

"No, I don't ..."

Taiyi shook his head helplessly and said, "The green Lotus seed of chaos is a sacred object, and it will only bring benefits to those who are fated! Others can't force it ..."

"This ... Chen Xiaobei was stunned. "So, you've been staying in the rift of the great void for a while now, but you've found nothing?"

"It's not like we've gained nothing!"

"After we failed to visualize the green Lotus seed of chaos, we traveled around the area for a few days. Although we didn't find any opportunities, we found signs of biological activity!" Luo Yi said in a deep voice.

"What? There are other creatures in the rift of the great void?" Chen Xiaobei was shocked.

“Of course!”

before sect leader Tongtian took the great void crack by force, Immortals, demons, and Devils would often go there to travel,” Taiyi said. there were even some Aborigines who lived there!

when sect leader Tongtian collected the rift to the void, he didn’t clear these people out. So, it’s not strange that they’re still in the rift!

this ... Chen Xiaobei’s mind was in a mess.

He was about to enter the tear of the void. What if he encountered danger inside? If it affected his search for the human path imprints, the consequences would be unimaginable!

“Don’t worry too much about everyone!”

Taiyi added, “ we followed the traces of living activities and observed carefully. We found that the green Lotus seed of chaos seems to have produced a layer of self-protection barrier. Outsiders can’t approach it at all. They can’t even detect the existence of the green Lotus seed of chaos! In other words, bro bei, as long as you stay near the green Lotus seed of chaos, you won’t be in danger!”

this can’t be done ... Chen Xiaobei frowned. if I want to find the human path imprint, I can not stay at the same spot ...

“Find the people Dao imprint? What’s going on?” Hearing this, Taiyi and luohou were both stunned and confused.

In fact, no one in the Three Realms knew that mo Luo Wutian had obtained the demonic mark.

Hence, everyone naturally did not know the meaning of humanity marks.

Everyone present was his own people, so Chen Xiaobei did not hide anything. He briefly explained his conversation with Luo Yi to them.

“Finding the human path imprint is definitely the top priority! In fact, it’s even more important than transcending the Tribulation and ascending!” Emperor Jiang said excitedly.

“Yup!”

that’s right! Taiyi nodded. if you can get the recognition of the humanity mark, you won’t be restricted by the heavenly Dao anymore. Once you go to the heavenly realm, you’ll be free! Your future is limitless!”

Even Luo Yi couldn’t remain calm. He said solemnly, “ “I must get the mark of the human world! This is a super opportunity that is not inferior to the green Lotus seed of chaos!”

I understand ... Chen Xiaobei sighed. but the problem now is that there might be other dangers in the spatial Rift that are hindering me from finding the human Dao imprint ...

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3388: method to break out**

Chen Xiaobei’s worry was not unfounded.

First of all, the rift to the great void used to exist in high-level planes that were not lower than the heaven realm. Those who could enter the rift to the great void were basically Almighty beings of the heaven realm.

Secondly, the environment in the rift was very harsh. Rahu and Taiyi had told him that Chen Xiaobei needed to have at least a peak earth-God's body to enter.

One could only imagine how powerful the ancient void tribe that lived within it was! The newborn baby must have the body of a peak earth level deity. Otherwise, it would not survive!

Combining these two points, Chen Xiaobei could see that there would be powerful beings that he had never seen before in the rift, bringing him unprecedented danger and obstacles.

There might even be some powerful demons and ghosts that could not be measured by human strength.

Because of this, Chen Xiaobei was worried that his search for the human imprints would be hindered or even put his life in danger.

"This is indeed a difficult problem ..."

it's a pity that bro bei's cultivation level is too low," Taiyi said helplessly. he can't control the spatial Rift. Otherwise, he could move freely and control the whole situation!

Luo Yi's eyes narrowed and he said solemnly, "If we really can't do it, we'll all go in with bro bei! Even if I have to use my life to pave the way, I have to make sure bro bei finds the people Dao mark!"

"No!"

no! Chen Xiaobei shook his head and said, "you are all my brothers! Even if I don't want the human path imprint, I will not let anything happen to you!"

There was no doubt that Chen Xiaobei had always valued family and friendship. This was Chen Xiaobei's bottom line as a person, and it was also the Dao heart that Chen Xiaobei had always held fast to.

Furthermore, using his life to pave the way might not be effective.

After all, Luo Yi and the others were only at the peak of the earth immortal realm. Even if they broke through to the half-step heaven immortal realm, they might not be able to compete with the experts in the rift of the great void.

Therefore, Chen Xiaobei would never agree to such a suggestion!

in that case, we can only take one step at a time ... Emperor Jiang said helplessly, "I can't think of an effective way now. If it really doesn't work, I can only wait until I ascend and become stronger before entering the tear of the void ..."

Emperor Jiang's tone was very helpless. After all, this wasn't a good idea.

Without the humanity mark, Chen Xiaobei would not be able to escape from the heavenly path saint's trap like mo Luo Wutian.

If that happened, the heavenly Lord Yuanshi would come for Chen Xiaobei the moment he arrived in the heavenly realm.

By then, Chen Xiaobei would be dead, how would he find the human Dao seal?

Because of this, the best choice was to find the people Dao marks before ascending.

Unfortunately, everyone's cultivation was limited and they could not ensure Chen Xiaobei's safety in the rift.

Helpless, he could only choose to ascend before entering the tear of the void.

"No!"

Six-eared macaque, who had been silent all this time, suddenly said, "I still have to find the human path imprints before I ascend! After he ascends, I'm afraid that bro bei won't be able to live long enough to sweep through the rift to the void!"

"Are you not listening to us?" it's not that we don't want bro bei to find the human path imprint before he ascends. It's just that our strength doesn't allow us to do that! Luo Yi said coldly.

"No! Perhaps this matter doesn't require absolute strength!"

Six-eared macaque's eyes narrowed. "Who is the prime of Tongtian? If we can think of it, how could he not?"

As soon as he said that, everyone suddenly came to a realization.

"Yup!"

bro bei is the only hope of the prime of Tongtian! Emperor Jiang said excitedly. the prime of Tongtian will never let bro bei die!

that's right! Taiyi was also excited. since the prime of Tongtian allowed bro bei to enter the rift, it means that bro bei will definitely find a way to break out of this!

"Right ... There's nothing wrong with this explanation!"

"From now on, let's all think carefully. What trump card does bro bei have that can help us break out of this situation?" Rahu asked. Or did he have any connections that could break the situation? Think carefully! Don't miss any details!"

"I've already thought of a way! And there's more than one of them!"

" first of all, if you can find a powerful being in the spatial Rift and let me transform, I can become bro bei's personal bodyguard! six-eared macaque said.

secondly, the rift to the great void is the core of the human world. Bro bei is about to become a human Emperor. He'll definitely get some protection in the rift!

"Third, bro bei has a Golden Age Empress who has comprehended the human Sovereign law! Maybe it can communicate with the cracks in the great void and produce some mysterious effects!"

Taiyi, Luohou, and Di Jiang were not with Chen Xiaobei recently. They did not know how much merit Chen Xiaobei had gained, much less Song Qincheng's enlightenment of the emperor's law.

Because of that, the only person who could think of a way to break out of the situation that none of the three of them could think of was Six-eared Macaque!

Of course, Chen Xiaobei was not idle either. He had his own thoughts. The experts in the rift of the great void are like the gods in heaven. Maybe I can use the method I used when I first entered the Three Realms red envelope group to deal with them!

this ... everyone was shocked.

When Chen Xiaobei first joined the red envelope group, the first thing that came to everyone's mind was the title of the most unscrupulous merchant in the Three Realms, and the terrifying memory of being dominated by spicy strips.

Chen Xiaobei knew that his plan would work when he saw the shocked expressions on everyone's faces.

"It's decided then!"

Alright! Chen Xiaobei raised his brows. Later, I'll put everyone who can help me into the verdant Emperor's divine gourd, and then I'll ask Jinfei to restock the stock on earth! Spicy strips! Cigarettes! Wahaha! Let's get high! Wakaka ..."

Chen Xiaobei had not laughed like this for a long time.

Everyone will grow up.

When he first joined the red envelope group, Chen Xiaobei was still a little childish. But as time went by, he had become more mature and reserved.

Chen Xiaobei felt as if he had returned to the happy days when he first joined the group.

Chen Xiaobei was no longer worried about the dangers in the rift. Instead, he was looking forward to going in and having fun.

Seeing that Chen Xiaobei had made up his mind, the few people around him supported him.

After that, the group continued to discuss in detail. They made a list of the items they needed to purchase on earth and also listed the names of the people who were with Chen Xiaobei.

It could really be said that everything was ready, only the east wind was lacking!

.....

While they were discussing, the candle Dragon had also completed the upgrade of the sunlight cache.

The upgraded sunlight cache looked exactly the same as before.

However, the spirituality that it emitted was tens of thousands, or even hundreds of thousands of times stronger than before!

“That’s great! Let me try it first! How long does it take to break through one small realm?” Chen Xiaobei quickly took the sunlight cache.

### Red Envelope Group of the Three Realms

#### **Chapter 3389: A hundred years in an instant**

3389 A hundred years in an instant

God-level sunlight cache!

Chen Xiaobei had been looking forward to it for a long time. He wanted to get it as soon as possible.

Now that he had the divine sunlight cache in his hands, Chen Xiaobei was so excited that he could not wait to try it out.

“Whoosh ...”

The last time he broke through a small realm, Chen Xiaobei had used up a total of 100 billion upper spiritual stones.

This time, Chen Xiaobei did not hesitate to give out 200 billion, which was 2000 pieces of low-grade spiritual Jade.

At this point, Chen Xiaobei had 86400 pieces of low-grade spiritual Jade in his possession. He was so rich that he could use up 2000 pieces of spiritual Jade without even blinking.

“Come on! Let’s just start!”

Chen Xiaobei tossed the sunlight cache to the five old turtles, leaving them in charge of activating it.

After all, activating the sunlight cache would cost him his lifespan. Chen Xiaobei did not want to waste his lifespan.

After all, the five old turtles were all loyal dogs, and their lifespans were very long. Each of the five people still had about a million years of life, which should be enough for consumption.

“Chi ...”

Old golden Turtle was the first to step out and activate the sunlight cache as usual.

Other than Chen Xiaobei, the rest of them stood at a distance so that they would not be caught in the sunlight territory and waste their lives.

“Whoosh! Whoosh! Whoosh ...”

In the next moment, everyone saw an extremely shocking scene.

The low-grade spiritual Jade around Chen Xiaobei exploded at a speed so fast that it was hard to see with the naked eye. All the spiritual Qi was absorbed into Chen Xiaobei’s body in an instant.

This speed might even be faster than the speed of light!

However, before they could react, Chen Xiaobei had already signaled for the Golden Turtle to stop.

[ding Yingying's cultivation: late-stage body integration stage. Lifespan: 1424050, physique: 150 million, combat power: 2.7 billion, primordial spirit attack-sacred level!

"Success! I've broken through a minor realm!"

Chen Xiaobei checked it with his netherspirit battlescouter and was excited. "Brothers! Quickly tell me, how much time has passed in the outside world?"

Chen Xiaobei felt that time was passing by very slowly in the sunlight cache.

In terms of lifespan, the breakthrough had increased Chen Xiaobei's lifespan by 500000 years. Of course, a large part of this was due to the longevity aura.

However, Chen Xiaobei's life had also been reduced by 100 years.

These 100 years were the actual time that Chen Xiaobei had spent on cultivation.

This meant that without the sunlight cache, Chen Xiaobei would have to wait 100 years before he could break through to the next level.

What Chen Xiaobei really wanted to know was how much time had passed.

This would directly show how good the effect of the divine sunlight cache was!

"No... Less than a second ..."

The crowd only recovered from their shock when they heard Chen Xiaobei's question and answered in a trembling voice.

"What? Less than a second?"

Chen Xiaobei's heart started to race, and he felt so good that he was about to fly. "The normal time is less than one second, but it's equivalent to 100 years under the divine sunlight cache! This effect is simply heaven-defying!"

Chen Xiaobei had been racing against time ever since he found out that Chang 'e fairy had been captured.

Without the divine sunlight cache, Chen Xiaobei would never be able to save Chang 'e.

But now, it was different. In less than a second, he had broken through a small realm. In the remaining two months, Chen Xiaobei could totally pass the Tribulation and ascend!

And that was not all. Chen Xiaobei could also increase his physical strength!

He even had a heaven immortal body before he ascended!

Without a doubt, all of this was thanks to the divine sunlight cache!

Without this magical treasure, Chen Xiaobei would not be able to ascend for the next thousand years!

Fortunately, everything went smoothly, and Chen Xiaobei was very satisfied with the results.

For a long time, Chen Xiaobei had spent a lot of time and energy to upgrade the sunlight cache.

At this moment, it seemed that all his efforts were absolutely worth it!

right, I have to check on the consumption of the divine sunlight cache ...

Chen Xiaobei focused his attention and used his netherspirit battlescouter to look at the Golden Turtle.

There was no doubt that there was no free lunch in the world. If you wanted to cheat, you had to pay the corresponding price.

In the past, activating the sunlight cache for one minute would consume 100 years of the user's lifespan.

And now, he had activated the divine sunlight cache for less than a second. How much of his lifespan would he have to consume?

f \* ck!!!

When Chen Xiaobei saw the Golden Turtle's lifespan, he could not help but shiver. "This wave consumed nearly a million years of my lifespan! This is simply robbery!"

One should know that before activating the divine sunlight cache, each of the five old turtles still had more than a million years of life.

At this moment, the Golden Turtle had only activated the God-level sunlight cache for less than a second, but it had burned up a million years of its lifespan, leaving it with only a few thousand years of lifespan.

In other words, if Chen Xiaobei had stopped the turtle a second later, the Golden Turtle's lifespan would have been used up and it would have died.

bro bei, there's no need to be so surprised. God-grade Dharma Treasures consume a lot of energy!

luckily, the sunlight box only needs to consume your lifespan to activate it. If it consumes spiritual Qi, bro bei, you would not be able to activate the godly Dharma Treasure for even 0.001 seconds even if you use up all your wealth! the candle Dragon said.

"That being said, the consumption is still too great ..."

Chen Xiaobei calmed down and frowned. the higher the cultivation, the harder it is to cultivate. As my realm increases, the time I need to cultivate will increase. The remaining lifespan of the four old turtles might not be enough for me to break through two more minor realms ...

"Xiaobei Gege! How could you have forgotten about me?"

At some point, Futian Xin 'er had already moved closer like a curious baby, listening to everyone's conversation.

my life is endless! I can definitely help Xiaobei Gege activate the sunlight cache! Futian Xin 'er had always been grateful to Chen Xiaobei and wanted to repay him. Today, she finally had the chance.

"Infinite lifespan? This ... How is this possible?"

Hearing this, Luoyi, Taiyi, and the candle Dragon were all extremely surprised.

The three of them had never seen Fu Tian Xin 'er before, so they did not know her background.

"I'll introduce ..."

Chen Xiaobei then introduced Futian Xin 'er to everyone.

Then, Chen Xiaobei asked cautiously, " I can confirm that Xin 'er is an existence that lives as long as the heavens and earth, but will consuming such a large amount of lifespan do her any harm? "

"I won't!"

The candle Dragon looked at Fu Tian Xin 'er with excitement and said, " "To live as long as the heavens and earth is equivalent to an infinite lifespan! Not only is it not harmful, but it can also activate another heaven-defying function of the divine sunlight cache!"

#### **Chapter 3390: Luo Yi takes action**

"What? The God-level sunlight cache has other functions?"

Everyone in the room, including Chen Xiaobei, was shocked.

A hundred years in an instant was already terrifying enough!

Who would have thought that the divine sunlight cache would have other hidden skills that consumed more energy? This was the rhythm of blowing up the heavens!

"That's right!"

The candle Dragon nodded and said excitedly, "When I was upgrading the sunlight cache, I consciously enhanced the area of effect!"

"That is to say, in the past, the sunlight cache's ability could only cover a few meters! As for the God-level sunlight cache, it can cover an entire planet when it's fully activated!"

for example, the bloodspring planet that we're on now. As long as miss Xin 'er activates the sunlight cache with all her might, the time of the entire planet will be accelerated to a hundred years in an instant!

As soon as he said that, everyone around him was shocked.

The God-level sunlight cache would cover the entire planet, which was equivalent to letting the billions of people on the planet cheat at the same time!

If Chen Xiaobei had enough spiritual Qi to supply the planet ...

Then, everyone on the planet would be able to break through a minor realm in an instant.

"Heaven-defying! This is simply too heaven-defying!"

Chen Xiaobei was so excited that he could not help but think, " if I have enough spiritual energy, I can instantly upgrade thirty million gold armored mysterious spiders, or even two billion demonic Army!

in the near future, I'll have an Army made up of two billion otherworldly demons. I'll lead the Army to trample the South Heaven Gate and crush the Jade Emperor's celestial heavens! Just thinking about it makes me so handsome!"

No one denied it.

It was obvious that this possibility was real.

Of course, Chen Xiaobei had to provide enough spiritual Qi first!

Whether it was upgrading the gold armored mysterious Spider or the demonic Army, the amount of spiritual Qi consumed would be calculated by the number of spiritual veins.

Moreover, the huge spiritual vein in the earth-god Realm was far from enough.

They would probably have to go to the heaven realm and find immortal level spiritual veins, or even God level spiritual veins, to achieve such a massive collective breakthrough.

right now, I don't have enough spiritual energy, so this skill can't show its full effect. But in the future, it will definitely play a vital role!

Chen Xiaobei was very confident in this skill, and he had already started to plan for a big battle.

"No need to wait for the future! It can play an extremely important role now!"

we've already planned the list of the first batch of people who will ascend to the heaven immortal realm. at this time, Emperor Jiang stood up and said, " we can gather everyone together later. We'll use the divine sunlight cache to break through to the half-step heaven immortal realm together!

"By doing this, we can save a lot of time. Furthermore, everyone will not be unable to ascend together because of the different time of breakthrough!

It was clear that Chen Xiaobei had already put his Ascension into the heavenly realm on his schedule. All his plans were being carried out in full swing.

With the divine level sunlight cache, many people would be able to speed up their cultivation at the same time, making the Ascension Plan more successful.

"Right! Old brother dijiang is right!"

yes! Chen Xiaobei nodded. after I get the humanity mark, I'll let everyone break through together and ascend to heaven!

Chen Xiaobei wanted to enter the rift in the void. Although he had already thought of a few ways to deal with it, he still needed their help.

Hence, everyone's cultivation time was set to be after they found the people Dao mark.

bro bei, there are two things you need to do before you can enter the rift!

first of all, you have to wait for Jin Fei to come back from Earth, " Emperor Jiang said. second, you need to improve your physical strength to at least the peak of the earth immortal realm to ensure your basic safety!

“Don’t worry about Jin Fei.”

Atlantis is still under bei Xuan faction’s control! Chen Xiaobei said. all the forces on earth are under our command! Even if we move the spicy strip factory from earth here, it won’t be a problem!”

“As for increasing my physical strength, it’s also very simple! I only need to capture a total of five demonic beasts, ranging from five-star to nine-star earth-god level! You can use the “sky killing tyrant body technique” to quickly increase your physique strength!”

“If I can catch a one-star immortal beast, I can even possess a one-star heaven immortal body directly! Furthermore, the heaven and earth smelt also has a large amount of two star heaven immortal blood stored within it. As long as everything goes smoothly, I will be able to possess the two star heaven immortal body!”

Chen Xiaobei was a smart man. He had already thought of all these problems in his head. They were not even problems.

five-star to nine-star earth-god beasts can be found in the earth-god Realm. That’s easy. Just let the people below capture them!

Emperor Jiang frowned slightly and said, “ it’s just a one-star heavenly immortal beast. It’s impossible for it to exist in the earth-god Realm! Bro bei, if you don’t have a one-star celestial immortal’s body, you won’t be able to use the two-star celestial immortal’s blood in the heaven and earth smelt!”

“Why don’t we ask Mo Luo Wu Tian!” “Get him to help us catch a one-star heavenly immortal beast!” Six-eared macaque said. Just send the red packet over after the blood test! In the heaven realm, this isn’t a difficult thing!”

Chen Xiaobei shook his head and said, “ it’s indeed not difficult, but mo Luo Wutian will definitely make me pay the corresponding price. The final result will definitely not be as simple as you think.

“Hmph! How dare a little Wutian call himself mo Luo?”

At this time, Luo Yi’s face revealed an extremely unhappy expression, and he said solemnly, “ “Bro bei, find a way to find the ancient demons! Whether it’s the ten great demonic gods or the demonic beasts, I can get them to help me for free!”

Obviously, Rahu was the first ancestor of the demons, and Wutian was the one who established himself later.

Although the two of them were of the same origin, neither of them was willing to submit to the other.

When Rahu was in the 18th level of hell, he could not do anything about it. But now that he was free, he had to compete with Wutian!

“Uh ...”

the ancient demonic beasts and demonic beasts are not in the Three Realms red envelope group. I can’t contact them ... Unless ...

“Unless what?” Rahu asked impatiently.

“Unless I can contact my Sifu’s two reincarnated ancient Celestials!” They are the weapon Grandmaster Chi You and the wind demon Fei Lian!”

“Chiyou and Feilian?” “Do you have their contact details?” Luo sa asked with a frown.

No... Chen Xiaobei shook his head. “My third Senior Sister said that Chiyou and Feilian are my master’s Secret pawns and will only help me when I’m in danger!”

“I’ll think of a way!” bro bei! Luo Yi thought for a while and asked, “ bro bei, do you know anyone from hell? ”

“The netherworld?”

Chen Xiaobei’s eyes lit up and he laughed, “ More than just knowing? They’re simply too familiar!”
