Chapter 3391: Shen tu Yu Lei

Chen Xiaobei immediately felt a sense of familiarity when he mentioned hell.

First of all, Yanwang was Chen Xiaobei's best friend who had helped him a lot.

Secondly, everyone in hell had a good relationship with Chen Xiaobei.

The Nightstalker outfit was the black and white impermanence's Red packet, and the obedient water was the lecher's Red packet. Mengpo had learned square dance from Chen Xiaobei before, and granny Rong had even given him a few ancestral silver needles.

There was even one time when he used Qu Yuan's name to organize a red envelope snatching session during the Dragon Boat Festival, and Chen Xiaobei was so happy.

With this close relationship, as long as Chen Xiaobei asked for it, his friends in hell would get him the one-star divine beast's blood even if it meant that they would be punished by the heavenly Lord of the origin.

Of course, Chen Xiaobei had always valued friendship. He would not let Hades and the others take the risk.

Now, he could only rely on Luo Yi.

"Bro bei, since you know the people from hell, then let them go to the Shura world and find Shen tu or Yu Lei!"

"Shen tu and Yu Lei were both members of the ten great ancient demon gods," Luo hou explained, "they were later subdued by Nuwa and acknowledged as the true gods of the underworld, leading the demons and monsters to guard the area between the earth realm and the Shura world! As long as we can find one of them, I can get them to help you get the blood of a one-star celestial immortal beast!"

"Is this reliable?"

they might be one of the ten demonic gods, but you've been dead for billions of years, brother Rahu. Besides, they've all pledged their allegiance to goddess Nuwa. I'm afraid they might not listen to you anymore ...

Luo Yi's eyes narrowed and he said with confidence, of course, they won't be loyal to me anymore. However, as long as they still have their own selfish desires, I can control them again.

alright, I'll try ... Chen Xiaobei was worried but he had no other choice.

It seemed that it would be easier to find mother Nuwa.

But Chen Xiaobei did not want to trouble goddess nūwa over such a small matter.

Not to mention, Shen tu and Yu Lei were both demons! Even within the demon race, there were people who had betrayed mother Nuwa. Naturally, these two could not be trusted 100%!

What if these two turned around and said that it was lady Nuwa who ordered them to send Chen Xiaobei the red packet? that would only bring trouble to lady Nuwa!

Because of this, this matter could only be resolved using Luo Yi's method.

If Shen tu and Yu Lei were willing to give Chen Xiaobei red packets, they would never dare to expose this matter. Instead, Chen Xiaobei would have a handle on them and tie them to his warship.

Chen Xiaobei opened the Three Realms red envelope group.

Chen Xiaobei, "is brother Yama here?" I need your help with something!

King of Hell: Go ahead!

Chen Xiaobei: " here's the thing. I need the blood of a one-star divine beast. If I can get it as soon as possible, it'll be of great help to my future plans.

King of Hell: " a one-star celestial beast is the lowest existence in the heaven realm. If it was before, I could get it for you at any time. But now, the heavenly Lord Yuanshi is keeping a close eye on it. If the private red packet is found out, you and I will not be able to escape the punishment!

Obviously, the netherworld was a force under the celestial heavens, and further, it was a force under the clan of enlightenment.

It was precisely because of this that the King of Hell was so cautious. If he was discovered, the consequences would be unimaginable.

Chen Xiaobei: " don't worry, bro! I won't let you take the risk for me! You just need to help me contact Shen tu or Yu Lei!

King of Hell: You want to contact those two greedy and selfish guys? Don't ask a Tiger for its skin and be tricked by them instead!

Chen Xiaobei: " don't worry, bro! I've already found Luo Yi! This time, Luo Yi would negotiate with them! Luo Yi was very confident that he would be able to take care of them without any problems!

King Yama thought!"Rahu ... Rahu of the demon race!" (Swallowing saliva) with him, dealing with Shen tu and Yu Lei would definitely be no problem!

Chen Xiaobei, "bro, why are you so confident?" On the contrary, I'm a little worried that they won't listen to Luo Yi. It'll be a waste of effort.

King of Hell thought, "they will definitely be obedient!" Because Luo Yi knew what they wanted the most! No! To be precise, Luo Yi knew what every demon wanted the most! As long as they had their own desires, they would escape from Luo Yi's palm!

Chen Xiaobei: I'm relieved to hear that!

King of Hell: " by the way, the Brotherhood group has been silent for a long time. Do you know where the others went? "

"I know," Chen Xiaobei said, "but I've already told you that you can't tell a second person!"

King of Hell, "don't worry!" I will keep my mouth shut!

Chen Xiaobei thought, Monkey King is waiting for lady Nuwa outside daluotian, saying that he's on a mission! The celestial Hound followed Yang Jian to the ancient land to hunt down the Taiyin true immortal! Fairy Chang 'e was captured by the Queen Mother of the West, and she was going to cleanse her heart and use it Against Me!

King of Hell: " is this information reliable? "

Chen Xiaobei: He told me the news about brother monkey himself, and the news about the celestial Hound and fairy Chang 'e was told to me by goddess nūwa!

The King of Hell thought to himself, "Oh my God ... Besides the great sage, the celestial Hound and the fairy Chang 'e are probably going to face a tribulation with a slim chance of survival!"

[I've already started planning for Chang 'e fairy. If everything goes well, I'll be able to save her in two months!]

Chen Xiaobei: " but I can't get in touch with Xiao Tianquan. I've also lost contact with Taiyin true deity for a long time! I don't know anything about their situation, and I don't know how to help them!

King of Hell, "don't think of things as simple!" The Queen Mother of the West must have received instructions from the heavenly Lord Yuanshi. She would not let you save her so easily!

King Yama: " and Xiao Tianquan. The ancient desolate land is a forbidden land of the heavenly realm. Anyone below the heavenly path Saint will be in danger!

King Yama said, " what's more, Taiyin true immortal is an Almighty in ancient times. He once seriously injured Emperor Xuanyuan. That shows his power! If the two sides really fought, the celestial Hound was very likely to die at the hands of the Taiyin true immortal!

Chen Xiaobei: " I know that ... But the problem now is that I can't contact Celestial Hound and Taiyin true deity. There's no way to solve this!

King of Hell: " well, since things have come to this, I will also find a way to contact Xiao Tianquan. If there is any new situation, I will let you know at the first moment!

Chen Xiaobei thought, 'I guess that's the only way ...'

King Yama, "I have Shen tu and Yu Lei's contact information, whose do you want?"

Chen Xiaobei:

King of Hell: " okay, I'll send it to you immediately. Add them yourself! Remember! Please don't tell anyone that I told you, or I'll be in endless trouble!

Chen Xiaobei: " understood! I will not drag you into this!

Chen Xiaobei: " as the saying goes, the wicked will be tortured by the wicked! Just watch how Rahu and I will deal with them! (Evil smile)

Red Envelope Group of the Three Realms

Chapter 3392: super profiteer

He had successfully obtained Shen tu and Yu Lei's contact information.

Chen Xiaobei communicated with Luo Yi and understood his plan.

It turned out that Luo Yi wanted to use the thing that these two demon gods wanted the most to negotiate with them and facilitate the final deal.

And these things were basically the ancient secret techniques, ruins, inheritances, and so on of the demon race.

For ordinary demons, all of this was a great opportunity and a top secret that could not be broken.

However, to Luo Yi, all of this was just a memory in his mind. He could come up with it at any time and place.

After understanding the situation, Chen Xiaobei quickly contacted Shen tu.

Chen Xiaobei:

Shen tu asked, "Who are you?" What qualifications do you have to call me fellow Daoist? (Pride)

Chen Xiaobei: " let me introduce myself. I'm Chen Xiaobei. My name is Chen Xiaobei. I'm the direct disciple of the prime of Tongtian!

Shen tu, "what?" You're the number one profiteer in the Three Realms, Chen Xiaobei? (Dumbfounded)

"Hehe, I didn't know that I'm so famous in the underworld."

Shen tu asked, "what are you doing adding me?" (Nervous) I'm warning you! Don't try to trick me! Otherwise, I'll report you to the heavenly Lord Yuanshi!

Chen Xiaobei thought, 'pfft ... You're the god of the underworld! You don't have to be so timid, do you? It was like a primary school student wanting to Sue a teacher! (Evil smile)

Shen tu, "who ... Who said I'm a coward?!" I just don't want to have anything to do with you! I don't want the clan of enlightenment to think that I'm in cahoots with you and treat me as an enemy!

Chen Xiaobei: " alright then. Since you've put it that way, I'll have to go find Yu Lei! It's a pity that you're going to miss the inheritance of the ancient absolute heaven demon Emperor!

Shen tu, "what?" (Shocked) wait! How do you know about the ancient absolute heaven demon Emperor?

Chen Xiaobei: " I thought you didn't want to have anything to do with me? " Why are you still asking me?

Shen tu replied, "I ..."

I know you're a coward, and you don't want to offend chanism! I'll delete you from my friend list now and never contact you again! I hope Yu Lei is more courageous than you, so I can make a deal with him!

Shen tu, no! Don't delete your friends! God Chen! Let's have a good talk! It would hurt their relationship if they deleted their friends for no reason! (Turning hostile like flipping a book)

Chen Xiaobei-you and I have nothing to do with each other! How could there be feelings to be hurt?

Shen tu,"who said we have no connection?" We're fellow Daoists! In terms of seniority, I even have to call you senior brother!

Chen Xiaobei: " alright! Since you're so sincere, I'll just have to talk to you.

Shen tu asked,"how did you know about the absolute heaven demon Emperor?"

Chen Xiaobei: Rahu from the devil race is my reincarnation ancient immortal! The absolute heaven demon Emperor had once been a follower of Rahu! How do you think I know?

Shen tu,"so that's the case!" It was the ancestor devil who told you everything! This was not strange at all! (Sudden realization)

Chen Xiaobei: Do you want to make a deal with me?

Shen tu asked,"what ... What kind of business?" (Nervous)

Chen Xiaobei: " it's simple. Extract a whole one-star divine beast's blood for me and send it to me in a red envelope! In exchange, I'll tell you the exact location of the absolute heaven demon Emperor's remains!

Shen tu,"this ..."

Chen Xiaobei: Do you not trust me? Or did he not trust Luo Yi?

Shen tu,"it's ... It's not that I don't trust you, it's just that the heavenly Lord Yuanshi forbids private red packets from being sent to the human world, so I don't dare to commit such a crime!"

Chen Xiaobei: " alright then. You can continue being a coward. I'm going to talk to Yu Lei! I heard that Yu Lei is greedier than you! More selfish! I think he must have the guts to make a deal with me!

Shen tu, no! Don't go to Yu Lei! (Clenched teeth) I agree to this! I'll send you a private message in half an hour!

Chen Xiaobei, that's right! As the saying goes, wealth is found in danger! If he didn't want to take risks, how could he be rich?

Shen tu, see you later!

"Done!"

Chen Xiaobei grinned at Luo Yi and said, " "Brother Rahu! Your idea is too good! Shen tu, that bastard, has been completely led by the nose by me! I don't even dare to haggle!"

"He's just like that!"

Rahu said disdainfully, "greed!" Selfish! If he couldn't get any benefits, he wouldn't let anyone else get them! As long as you bring Yu Lei out, not to mention the blood of a one-star celestial beast, even if you ask for a higher request, he will agree to it!

Chen Xiaobei nodded, but then frowned and said, " although the one-star celestial immortal beast blood was settled, we also paid the price of a relic!

hehe! Bro bei, you don't have to feel bad! Luo Yi smiled indifferently. the ruins of the absolute heaven demon Emperor are just the worst ruins in my memory. When we reach the heaven realm, there will be better ruins!

"What? The absolute heaven demon Emperor's ruins are actually the worst?" but ... Chen Xiaobei said, " from Shen tu's reaction, this ruin seems to be very important!

Luo Yi shrugged and said, " Shen tu is just a junior in the demon race. He doesn't have much experience and vision. Naturally, he picked up glass and treated it like a diamond. Brother bei, you don't have to mind it at all!

picking up glass and treating it as a diamond ... Chen Xiaobei was sweating.

It seemed that Luo Yi had used a piece of "glass" to negotiate with Shen tu! More importantly, Shen tu really treated this "glass" as a "diamond"! He didn't even want to take risks!

Even Chen Xiaobei, the number one profiteer in the Three Realms, had to admit defeat to such an amazing operation.

If Shen tu knew the truth, Yang Kai was afraid he would vomit blood on the spot!

"Why don't you just tell Shen tu the location of a fake ruin?" Six-eared macaque couldn't help asking.

"Liu er, you're good at everything, but you like to play tricks!"

of course not! Chen Xiaobei smiled. only by telling Shen tu where he is can I gain his trust and make it easier for me to make other deals in the future! This is called casting a long line to catch a big fish!"

I understand now. six-eared macaque was smart. He laughed evilly."Profiteers also need repeat customers! We can't offend the customer at once!"

"That's right!"

Chen Xiaobei laughed evilly, " that's exactly what we want. We want Shen tu to become our regular customer! It'll be easier to obtain more benefits in the future!"

"Xiaobei Gege! Are you still going to cultivate or not?"

Fu Tian Xin 'er waited for a long time and said impatiently, " "If you don't cultivate, I'll have to ask the Seven Demon Lords to take me out to play!"

"Uh ... Xiu! Why aren't you repairing it!"

Chen Xiaobei calmed himself down. Shen tu still had half an hour to go, so he could not just sit around and do nothing!

“Whoosh ...”

This time, Chen Xiaobei gave out 4000 pieces of low-grade spiritual Jade.

“Chi ...”

With a thought, Fu Tian Xin ‘er activated the divine sunlight cache.

In the next moment, a similar situation appeared in front of everyone.

This time, it lasted a little more than a second.

He had broken through to the peak of body integration!

Red Envelope Group of the Three Realms

Chapter 3393: setting off immediately

[ding Yingluo’s cultivation base: pinnacle of body integration stage. Lifespan: Year 2024050, physical body: 150 million, combat power: 3.5 billion, primordial spirit attack-sacred level!]

The process of breaking through was extremely smooth. His combat strength had increased by 800 million points, and his lifespan had increased by 600000 years.

This meant that Chen Xiaobei only needed to wait for the right opportunity to break through to the seven Star insightful emptiness realm.

Of course, the price for this breakthrough was 4000 pieces of inferior-grade spiritual Jade.

To a normal person, this amount of wealth might take thousands of years to accumulate, but to Chen Xiaobei, it was just a fraction of what he had.

Chen Xiaobei was left with 82400 pieces of low-grade spiritual Jade after his cultivation.

breaking through in one second is simply too satisfying!

Chen Xiaobei was in a good mood. He looked at Futian Xin ‘er and said, “Girl, I need your help with something big!”

“Xiaobei Gege, why are you still being so polite with me? Just tell me directly!” Fu Tian Xin ‘er said straightforwardly.

“Come with me!” Chen Xiaobei took her to the location where the blood Bodhi Divine Tree was planted.

The blood Kirin’s blood, which had been buried underground, was now a seed. It had a three-centimeter bud.

“Look here!”

Chen Xiaobei pointed at the bud and said, “I need you to activate the divine sunlight cache so that this tender shoot can grow quickly until it blooms and bears fruit!”

“This tender shoot isn’t simple, right?” As the incarnation of the sky mending rock and the source of the sacred life Tree, Fu Tian Xin ‘er could naturally sense how extraordinary the blood Bodhi Divine Tree was.

Chen Xiaobei did not hide anything and said, "That's right! This was the tender shoot of a Divine Tree! Once the tree of God matures and bears fruit, it will be of great use to me! So, you must help me!"

"No problem!"

Fu Tian Xin 'er did not hesitate. She pouted and said seriously, "From today onwards, I won't play around anymore! Let's help Xiaobei Gege raise the tree of God first!"

"Good girl! I didn't dote on you for nothing! I'll leave this matter to you!" Chen Xiaobei was very pleased that Futian Xin 'er was always so helpful at critical moments!

"Chi ..."

Futian Xin 'er was a young girl after all. After Chen Xiaobei's praise, she immediately took action and did not hesitate.

right, I'll leave the chaos Blood Sword with you for the time being!

Chen Xiaobei left the sunlight realm and left the chaos Blood Sword with Futian Xin 'er. "There's also a seed hidden in this sword! Moreover, it's a Saint grade seed. You should also speed up the cultivation!"

The Saint-level seed that Chen Xiaobei was talking about was the green Lotus seed of chaos.

This was the top treasure of the Three Realms that he had snatched from Hongjun's Red envelope! Once it was cultivated, it would have endless wonderful uses!

Of course, the higher the grade of the seed, the harder it was to cultivate!

First of all, the green Lotus seed of chaos took much longer to grow than the blood Bodhi Divine Tree!

Secondly, the growth of the green Lotus seed of chaos required a massive amount of spiritual Qi. Once the spiritual Qi in the Holy water of creation was depleted, Chen Xiaobei would have to extract the spiritual vein to replenish it!

From this, it could be seen that even with the help of Futian Xin 'er, it was difficult to cultivate the green Lotus seed of chaos in a short time.

He was only taking advantage of the opportunity to nurture the blood Bodhi Divine Tree to speed up the green Lotus seed of chaos.

It was better than nothing.

"Alright, I'll leave this place to you!"

Chen Xiaobei looked at her and said, "when you feel bored or tired, you can stop for a while to rest and play for a while. Then, you can continue. Don't tire yourself out!"

"Xiaobei Gege!"

Fu Tian Xin 'er's eyes widened as she protested, "I'm not a child anymore! If I can't even handle such a small matter, then I might as well hide by my mother's side and be a good baby!"

Chen Xiaobei smiled and encouraged her, "Well said! Such a small matter would definitely not be a problem for my good girl! Work hard, and I'll take you to the heaven realm to play in two months!"

"Good! It's a deal!" When Fu Tian Xin 'er heard this, her face was filled with excitement, and she became even more motivated.

Bro bei, aren't the 30 million gold armored mysterious spiders still dormant? "Six-eared macaque suggested, " I might as well move all the gold-armored mysterious spiders here and use the God-level sunlight cache to quickly end their hibernation!

Just as six-eared macaque had said, the divine sunlight cache had a hidden skill. It could expand the coverage of the sunlight domain. As long as the user's lifespan was long enough, the sunlight domain could cover the entire bloodspring planet.

This way, as long as Fu Tian Xin 'er used her sunlight domain to envelop the 30 million gold armored mysterious spiders, she would be able to instantly help them end their dormancy and recover their energy. They would also be able to successfully break through to the next minor realm!

"No need."

ever since I absorbed the spiritual aura and life force into the verdant Emperor's divine gourd, the Golden armor profound Spider has entered a dormant state. It will probably wake up in a few days. I don't need them now anyway. It's more troublesome to move them around!

that's true ... six-eared macaque nodded. I'll use this again the next time the gold armored mysterious spiders go into hibernation. They'll end their hibernation in seconds!

let's go. We'll leave the verdant Emperor's divine gourd first and try our luck outside! I'm sorry! Chen Xiaobei said, " besides, I still have something that I need to do!

After that, Chen Xiaobei left the verdant Emperor's divine gourd with everyone.

.....

Without a doubt, Chen Xiaobei had to find Daji.

The first thing Chen Xiaobei did when he returned to the real world was to take out the nine pieces of the mystic weapon token.

There was a special array and spiritual connection in these nine tokens. Before they were gathered together, there would be no changes. But after the nine tokens were gathered, a mysterious change would immediately appear.

"Whoosh ... Whoosh! Whoosh! Whoosh ..."

The nine tokens each burst out with nine-colored spiritual light.

Different spiritual lights interweaved and shone, revealing a huge map.

The map was very special. Chen Xiaobei and the others studied it for a long time before they could confirm that this was the earth-god Realm.

Finally, after studying it carefully for a long time, he found that at the bottom of the map, there was a mark that looked like an entrance.

After carefully comparing the map near the entrance with the map of the Earth-god Realm, everyone finally confirmed that this entrance was one of the seven forbidden places in the earth-god Realm, the sword saint's miracle!

"No wonder even Xu Fu couldn't find the treasure of the weapon Mystic sect! It turns out that that place is an independent space, and the entrance is in the forbidden land of death!"

Chen Xiaobei said without hesitation, "Brothers! Let's set off immediately! I'm going to find little Daji today!"

Chapter 3394: Death God's Blood Crystal

3394 Death God's Blood Crystal

Many of the people present were not clear about the situation of the weapon Mystic sect.

So, Chen Xiaobei gave them a brief introduction on their way.

In the past, the weapon Mystic sect was the most powerful sect in the earth-god Realm. The founding ancestor of the sect, the Crouching Dragon clan, had once forged and upgraded a peak one-star heaven immortal weapon, which had swept across the earth-god Realm and was invincible.

According to what mo Luo Wu Tian said, the Fulong clan possessed the bloodline of Fuxi and were the most talented descendants of the Yi clan in the past hundreds of millions of years! Coupled with the treasures in their hands, the Crouching Dragon clan became the strongest in the earth immortal world at that time.

However, for some unknown reason, the Jade Emperor used the power of heaven's punishment to kill the Dragon Conqueror.

With the fall of the most powerful man in the world, the number one sect, the weapon Mystic sect, also began to decline rapidly.

When the sect was about to be defeated, the nine core elders at that time worked together to tear open a space crack and hid the peak one-star heaven immortal artifact of the weapon Mystic sect inside.

He also used a secret technique to seal the crack, leaving only an entrance to the treasure trove.

In order to find the entrance, he must first gather all nine pieces of the profound weapon token.

However, as time went by, the local forces in the earth immortal world gradually gave up their persistent search for the weapon Mystic token.

On the other hand, Chen Xiaobei and Xu Fu, the two outsiders, were desperately trying to collect all nine of the tokens.

Of course, Chen Xiaobei and Xu Fu's goal was not to get the treasure hidden by the weapon Mystic sect but to get Su Daji's reincarnation as the spiritual lady!

Finally, in the battle for the token, Chen Xiaobei defeated Xu Fu and had the last laugh.

.....

Tianji city headquarters, core Treasury.

On the way to the sword saint's miracle, Chen Xiaobei decided to open the treasure chest in the vault.

After Xu Fu surrendered, the Tianji city no longer had any power to resist. Xuanyuan tuohai had already led his Army into the heavenly secret sacred territory and began the final unification operation.

Chen Xiaobei and the others had a smooth journey to the core Treasury.

The situation of this Treasury was similar to the Treasury of the gods 'Palace in the Jade virtual Palace.

At that time, the three forces had attacked the Xuanyuan sacred territory with all their might, and all the useful resources in the Treasury, including the spiritual stones, had been taken away.

In the deepest part of the treasure vault, there were originally nine treasure chests. However, at this moment, seven of them had already been opened and were empty.

There were only two treasure chests left that had not been opened.

According to his previous experience, the items in these two treasure chests were definitely not ordinary. However, they were not of any practical use. They had to be developed further before they could be used.

For example, the Jade Void Spirit summoning talisman found in the Jade void Palace's treasure vault, the Jade ball that contained the grandmist demonic fire! Another example was the staff of wisdom and the 107 Saint seiyas 'Holy garment boxes that he found in the treasure vault of the pantheon!

These items were either unresolvable or damaged, which was why they were not brought into the battle formation.

"My luck is off the charts now! He should be able to get something good! Even if it's broken, it's still worth a city!"

Chen Xiaobei rubbed his hands together and opened the first chest eagerly.

"Whoosh ..."

As soon as the treasure chest was opened, a blood-red light spread out.

Along with the blood-red light, a terrifying spiritual energy burst out.

Even someone as strong as Chen Xiaobei could not help but feel his heart skip a beat. His pupils shrank, and a terrifying, bloody disaster appeared in his mind-endless killing! Infinite ruthlessness! It was extremely terrifying!

"What is this? What a terrifying killing intent! What a terrifying killing intent!"

Chen Xiaobei gasped and took a deep breath, forcing himself to calm down. Then, he looked into the treasure chest carefully.

There was a palm-sized blood-red crystal in the box.

All the blood-red light, spirituality, and pressure were emitted from this crystal.

At the same time, Emperor Jiang and the others also looked over with surprise in their eyes.

To Emperor Jiang and the others, the items in the treasure chest were of a very, very low level.

They were shocked because this thing should not have appeared in the human world! They might not even be able to find it in the heaven realm!

“Death Blood Crystal!”

Luo Yi’s eyes were cold as he said in a deep voice, “Cheng se is probably a two-star heaven immortal! How did Xu Fu get this?”

“What is this thing? Why are you all so surprised?” Chen Xiaobei asked curiously.

“The death Blood Crystal is an extremely ferocious demonic object! It will only form in places where countless lives have died!”

“The most common death Blood Crystal needs to absorb trillions of souls and trillions of fresh blood!” Rahu explained.

this death’s Blood Crystal, which can reach the level of a two-star heaven immortal, can only be formed after absorbing the primordial spirits and blood of at least a million heaven Immortals!

“It’s because of this that death blood crystals are extremely rare even in the heavenly realm! How can I not be shocked that Xu Fu has it?”

Chen Xiaobei was shocked.

Only the blood essence and Yuan Shen of over a million heaven Immortals could produce such a piece of death Blood Crystal! This was simply too unbelievable!

“What’s the use of this thing?” Chen Xiaobei asked impatiently.

Such a good thing would definitely have great uses. Otherwise, no matter how precious it was, Luo Yi and the others would not care too much.

“The death Blood Crystal has many uses!” “Alchemy!” Rahu said. Refining! Refining talismans! Refining formation! Or even transmute monsters! As long as you can think of any use, the death Blood Crystal can be used!”

“What the f * ck! Is he really that awesome?” Chen Xiaobei could not believe his ears.

“Of course!”

Luo Yi said indifferently, “immortal cultivation is a process of seizing the Fortune of the heavens and earth to strengthen one’s body!” The blood essence was the essence of the body, while the primordial spirit was the essence of the soul! The death Blood Crystal devours essence blood and Yuan Shen, which is equivalent to devouring the essence of heaven and earth. Naturally, it has extraordinary uses and is omnipotent!”

“What the f * ck! We’ve really earned big this time!”

Chen Xiaobei quickly picked up the Reaper’s Blood Crystal, his hands shaking with excitement. “I’ll sell it to mo Luo Wu Tian later! I’ll set a small goal first! The starting price is 100 million lower spiritual jade pieces!”

why did bro bei want to sell the Reaper’s Blood Crystal? ” “This is the best material to upgrade the chaos Blood Sword!” Emperor Jiang couldn’t help but say.

“What? Upgrade the chaos Blood Sword?”

Chen Xiaobei was taken aback for a moment, then he suddenly realized, ” “Yes! Yes! My chaos Blood Sword can also devour souls and blood essence! It will definitely resonate with the death Blood Crystal’s origin and upgrade perfectly!”

“It’s not just that!” it’s a new ability! Emperor Jiang raised his eyebrows and said, ” after the upgrade, the chaos Blood Sword will have a new ability!

“What new ability?” Chen Xiaobei’s eyes were wide open. He was so curious.

“Primordial spirit captured!” Emperor Jiang smiled.

Chen Xiaobei was shocked!

[Red Envelope Group of the Three Realms](#)

Chapter 3395: sword fragment

“Primordial spirit capture? What ... What is going on?”

When Chen Xiaobei heard this, he was surprised and happy.

Before Chen Xiaobei went up against Xu Fu, he had been worried about his primordial spirit not being harmed.

In the end, he asked mo Luo Wutian for the primordial spirit capturing immortal talisman to solve the problem.

However, the key was that this operation did not solve the problem permanently.

The talismans were gone after they were used up. Chen Xiaobei was about to enter the rift in the void. If he encountered the original soul of an ancient true immortal again, he would have to reach out to mo Luo Wutian.

If it happened once or twice, mo Luo Wutian might still be able to capture the immortal talisman for free. If it happened three or four times, it was inevitable that mo Luo Wutian would start to negotiate.

Chen Xiaobei did not have absolute trust in mo Luo Wutian. Asking for something from mo Luo Wutian was like asking a Tiger for its skin. Chen Xiaobei would have to pay the price sooner or later.

If the Reaper’s Blood Crystal could really solve his primordial spirit problem, then it would be something that Chen Xiaobei needed the most!

“That’s right! It’s the capture of the primordial spirit!”

Emperor Jiang explained, "a heaven immortal grade death Blood Crystal needs to absorb the primordial spirit of a heaven immortal to strengthen and upgrade its own quality!" Devouring primordial spirits is the special ability of the death Blood Crystal!"

because of this, after successfully upgrading the chaos Blood Sword with the death Blood Crystal, this special ability will also be given to the chaos Blood Sword!

"Once it's successful, the primal spirit of a celestial immortal of the same level can be captured by the chaos Blood Sword! At that time, your life and death will be in your hands!"

"That's great! This is great!"

Chen Xiaobei was overjoyed and said, " I have just unified the West aparagodaniya state. My luck is at its peak. The treasure that I have obtained is exactly what I need the most!

"With the special ability of the death Blood Crystal, I'll have another layer of protection after entering the rift of weakness! Even if I don't rely on mo Luo Wu Tian and don't have celestial core power or magic power, I'm still not afraid of the primordial spirit of a true immortal!"

Without a doubt, the Reaper's Blood Crystal was a great thing for Chen Xiaobei!

One must know that this piece of death Blood Crystal was a two-star heaven immortal. As the core material, it could allow the chaos Blood Sword to break through a major realm and directly upgrade to a two-star heaven immortal artifact!

Not only did it increase Chen Xiaobei's chances of entering the rift to the void, but it also helped Chen Xiaobei upgrade his trump card.

It could be said to be killing two birds with one stone, killing two birds with one stone!

"Brother Rahu! The death Blood Crystal is a demonic creature, and you know its attribute the best! Please help me make a list of all the supplementary materials needed to upgrade the chaos Blood Sword!"

of course! Chen Xiaobei said impatiently. the chaos Blood Sword is in the verdant Emperor's divine gourd anyway. As long as we have the materials, we can start upgrading it at any time! With the help of the divine sunlight cache, the chaos Blood Sword will soon be upgraded to a two-star heaven immortal artifact!"

"No problem!" Without hesitation, Luo Yi started to help Chen Xiaobei think.

If it was an ordinary magic treasure upgrade, Luo Yi could come up with many plans with a casual thought.

However, when the chaos Blood Sword was upgraded, even someone as powerful as Rahu would calm down and think carefully about how to upgrade it in the most perfect way.

While Luo Yi was thinking, Chen Xiaobei walked to the second treasure chest.

"Quickly, let me see what other good things I can get!"

Chen Xiaobei rubbed his hands together. His luck was at an unprecedented level. He knew that it must be something good, something that Chen Xiaobei needed urgently!

“Whoosh ...”

As soon as the treasure chest was opened, spiritual light shone brightly, enveloping the entire treasure vault in a seven-colored radiance.

Everyone’s attention was immediately focused on it.

He saw that there was a Broken Sword fragment that was half a palm long and two fingers wide in the treasure chest.

From the cracks on the fragment, it could be seen that it was originally a long sword, but it had been broken by the violent impact of a huge force.

Although it was only a fragment, anyone who was not blind could tell that it was made of a very high-level material of heaven immortal grade.

Such intense spiritual light was not inferior to the death Blood Crystal at all.

If this sword had not been broken, the spiritual aura would have been a hundred times more terrifying!

“The clear sky radiant black iron!”

Six-eared macaque’s eyes widened. If I’m not mistaken, this should be the sword of a middle-level heavenly general. Before it broke, it was at least a three-star heaven immortal artifact!

Chen Xiaobei was surprised. “According to what you’re saying, the material of this fragment is also a three-star celestial immortal item?”

“Yes, I am!”

of course! six-eared macaque nodded. to be more precise, this Broken Sword is made of vast heaven sunshinite iron as its core material. It’s also made of an alloy made by adding many other celestial immortal items! Their average level is three-star heaven immortal level!”

“This must be something good! Otherwise, Xu Fu wouldn’t have kept it so seriously until today!”

Chen Xiaobei asked, “But, what is the use of this thing? It’s just a Broken Sword fragment. Do you want me to smelt it and use it to upgrade the chaos Blood Sword?”

Without a doubt, Chen Xiaobei’s luck was at an all-time high. The treasure that he had obtained would definitely be useful.

However, Chen Xiaobei could not figure out what else could this sword fragment be used for.

“No! Don’t melt the fragment!”

At this moment, donghuang Taiyi shook his head and said, “I can vaguely feel that this fragment contains a trace of ancient demonic Qi!”

“Ancient demonic Qi? This ... What does this mean?” Chen Xiaobei asked.

yes! Tai Yi composed himself and said, " I can not only feel the demonic Qi in this Broken Sword fragment. At the same time, I can also feel the same demonic Qi from another place!

Chen Xiaobei immediately thought of something and said, " "Could it be that I can find these sword fragments in other places?"

"We definitely can!"

Taiyi said with certainty, "I can sense another demonic aura that is even stronger than the one on this sword fragment!" Perhaps there are even larger fragments there, and we might even find the main body of the sword!"

"Understood!" yes! Chen Xiaobei nodded and said, " if I can gather all the fragments and reforge this sword, I will have a three-star heaven-immortal instrument! Even if I reach the first heaven of the heaven realm, I can still kill in all directions!"

"No!"

no! Taiyi shook his head and said, " I want you to find another ball of demonic Qi, not to reforge this sword! It's because the place where the demonic Qi is located is where we're going next, one of the seven forbidden places of death in the earth immortal world, the sword saint's miracle!"

"What!"

Chen Xiaobei was shocked and said, " you mean this Broken Sword fragment might be related to the sword saint's miracle? "

[Red Envelope Group of the Three Realms](#)

Chapter 3396: miracle secret

"The sword saint's miracle must be related to swords!"

the point is, bro bei, your luck is off the charts right now. I'm afraid that this Broken Sword fragment is not only related to the sword saint's miracle. It might even be the trump card to break through the forbidden land!

"That makes sense!"

"I'm so lucky right now! I can't possibly get something useless!" Moreover, Xu Fu had been searching in the earth-god Realm for countless years, so it was impossible that he had not considered the sword saint's miracle! Perhaps this Broken Sword fragment is the trump card Xu Fu found to solve the danger of the sword saint's miracle!"

if you want to confirm this, why don't you just ask Xu Fu directly? " Six-eared macaque smiled.

"Alright, I'll go ask Xu Fu!" Chen Xiaobei then entered the spirit-condensing space.

Now, Xu Fu was Chen Xiaobei's loyal dog. But because he had committed so many evil deeds, he was not welcomed by the public. So, he could only be locked up in the spirit-condensed space and was not allowed to go to the verdant Emperor's divine gourd.

I found the fragment of the clear sky sunlit sword that you hid in Tianji city's treasure vault. What do you plan to do with it?" Chen Xiaobei said.

"Master!"

of course! Xu Fu quickly said, "this matter has to start from the ancient times! At that time, there was a great battle in the first heaven of the heaven realm. The vast heaven sunlight sword broke in the battle and fell to the human realm for some reason!"

the terrifying power of the main body of the immortal sword split a huge mountain in half from the center. The crack extended hundreds of millions of meters underground and almost cut the continent of Videha in half!

"In the eyes of the common people, this terrifying scene was far beyond the scope of human power. Therefore, there was a legend among the people about the sword Saint splitting the mountain! That place is also known as the sword saint's miracle!"

"I'm different from the rest of the world. I'm very clear about the mystery behind this, so I personally went there that year! I was planning to find the main body of the immortal sword and reforge this three-star heaven immortal item!"

however, when I got there, I found that the primordial spirit of a sky demon had fallen with the Haotian divine flame sword!

"This is a two-star heaven immortal level heaven demon! In that great battle, his physical body was shattered and his soul was annihilated. Only his primordial spirit was left and it fell into the human world!"

"This is because the essence soul of a celestial demon is not recognized by the laws of the human world. Once it falls into the human world, it will become weaker and weaker, and eventually be completely destroyed! Therefore, the heavenly demon urgently needs to possess a body!"

at that time, I didn't know about the existence of this heavenly demon primordial spirit. When I found the first fragment, I was attacked by him and his primordial spirit entered my body!

fortunately, I reacted quickly. Before he killed my primordial spirit, I used the primordial spirit out-of-body immortal talisman and abandoned my physical body. I escaped with the Meru space and the broken sword fragment that I just found!

As expected of a super wily old fox in the human world, Xu Fu had personally experienced these secrets that were not known to the world!

Chen Xiaobei had a rough idea of what was going on.

what do you mean?" Chen Xiaobei asked. so, you're saying that the heavenly monster had taken over your body at that time, so it should have left the sword saint's miracle by now! Why did the sword saint's miracle become one of the seven forbidden places of death in the earth immortal world?"

"He didn't leave!"

no! Xu Fu shook his head. his primordial spirit seems to have suffered some strange injuries in the great battle, and the body he has taken over will die of old age very quickly!

within the sword saint's miracle, there seems to be some heaven realm's vital Qi that fell down with the broken sword. It can barely protect his primordial spirit!

"That's why he never left the sword saint's miracle! I've been staying there and constantly taking over the bodies of passersby to continue my life!"

"That's because it's the primordial spirit of a two-star heavenly demon. It can leave its body and possess another person's soul without the primordial spirit out of body talisman! That's why he's almost invincible in the human world!"

because of this, any living person who steps into the sword saint's miracle will die without a doubt. That place has become one of the forbidden places of death, and even I don't dare to step into it again!

Obviously, Xu Fu had been there in person. Moreover, the intelligence network of Tianji city was the best in the earth-god Realm, so Xu Fu was very familiar with the situation of the sword saint's miracle.

Of course, it was also because he was familiar with the situation of the sword saint's miracle that Xu Fu did not dare to return. Thus, he missed the best opportunity to find little Daji.

"This is so ironic!"

Chen Xiaobei could not help but laugh. you, Xu Fu, have spent your entire life searching for the weapon Mystic token. Your ultimate goal is to find little Daji the third spiritual maiden!

"But you would never have imagined that the independent space where little Daji is located can only be reached through the sword saint's miracle!"

"And you, because you were afraid of the primordial spirit of the heavenly demon, did not dare to go back and missed little Daji! All your previous efforts have been in vain! All the traps and schemes have become a joke!"

Chen Xiaobei burst out laughing.

The third generation spiritual girl, who was already very close to little Daji, did not dare to return to that place because of fear.

It was like you were madly pursuing a woman, and you were just a little bit away from success, but you chose to give up at the last moment, forever losing the goddess in your heart.

"This ... This, this, this ..."

Upon hearing that, Xu Fu was dumbfounded. Fortunately, his true self had been erased by the dog food. Otherwise, he would definitely be so angry that he would vomit blood and regret it so much that his intestines would break!

"This is called" Man proposes, God disposes "I've schemed and schemed in the human world, unscrupulously using all means, but in the end, it's all for naught!"

After calming himself down, Xu Fu said seriously, "Master, you're the one who's destined! Daji the third spiritual lady should belong to you, master! All of this is destined and can't be changed by human power!"

you don't have to suck up to me! I don't believe in fate! I'll get what's mine back! Even the heavens and the heavens can't stop me!"

yes, yes, yes ... Whatever Master says is right ... Xu Fu kept nodding and bowing, his attitude as humble as a dog.

Chen Xiaobei ignored him and left the space.

"Master!"

"You can't go to the sword saint's miracle!" Xu Fu was shocked and said in embarrassment. It'll be life-threatening!"

After all, Xu Fu was now a 100% loyal dog. Whenever he thought about the primordial spirit of the two-star sky demon, he would be extremely worried about Chen Xiaobei.

.....

In the real world.

As soon as Chen Xiaobei returned, Rahu handed him a list of materials to upgrade the chaos Blood Sword.

Luo Yi was very confident. He patted his chest and promised, upgrade it according to my list. I guarantee that the chaos Blood Sword will be perfect. Even in the heaven realm, it will be invincible among its peers!

"Good! I'll start upgrading now!"

Chen Xiaobei raised his eyebrows and smiled. as long as the chaos Blood Sword is upgraded, I'll be able to crush the essence soul of a heavenly demon!

Chapter 3397: Heaven-defying body refinement

3397 Heaven-defying body refinement

Xu Fu was still worried about Chen Xiaobei's safety, but Chen Xiaobei had slapped him in the face.

After upgrading the chaos Blood Sword, the two-star celestial demon's primordial spirit had no choice but to kneel down and call Chen Xiaobei 'big brother'.

[ding! You have successfully exchanged for merit points. 57.6 billion merit points have been deducted!]

[your current merit points are 40060 billion 70 million points (charm: 40060,007 million, luck: 4006 trillion and 07 million!

According to Rahu's list, Chen Xiaobei used the merit record to exchange for dozens of divine-grade supplementary materials.

It contained some two-star heaven immortal materials, so it consumed a lot of merit points.

In the heaven realm, the higher the level of the item, the more expensive the exchange price was. Furthermore, even if it was only one minor realm higher, the exchange price would be several times higher.

So, this round of exchanges actually cost him 57.6 billion merit points.

If it was in the past, Chen Xiaobei would not even dream of being able to obtain these materials through exchange. He would have to spend time and energy to search for them one by one.

Luckily, Chen Xiaobei had an unprecedented amount of merit points. 50 billion was only a fraction of the total amount.

Of course, even if he had more than enough merit points, it did not mean that Chen Xiaobei could do whatever he wanted.

What Chen Xiaobei had just exchanged for were all divine immortal items. None of them were useful.

If one were to exchange for a two-star heaven-immortal artifact, the most common price would start from two trillion merit points.

Moreover, according to the quality, type, power, and rarity, there was a huge room for the price to increase!

Chen Xiaobei's 40 trillion merit points would probably be used up if he exchanged them for two or three two-star or late-stage two-star heaven-immortal items!

Even if one did not consider the heaven immortal artifacts, the rarity of heaven immortal items could be divided into different grades among items of the same level!

For example, the extremely rare Grim Reaper's Blood Crystal had an exchange price that was tens of thousands of times higher than an ordinary two-star celestial immortal item!

Chen Xiaobei had used up all his money, but he could not get back a two-star mid-tier heaven immortal Reaper's Blood Crystal.

Because of that, even though Chen Xiaobei had a lot of merit points, he could not use them as he pleased!

Firstly, Chen Xiaobei wanted to level up to the Emperor level.

Secondly, he could only exchange for the most important thing at the critical moment by accumulating his points.

If Chen Xiaobei were to squander the merit points now, he would regret it when the time came. He might even suffer a major setback!

Of course, this was all a story for later.

The only thing Chen Xiaobei needed to do now was to upgrade the chaos Blood Sword!

Ding! Congratulations! You have snatched Shen tu's Red envelope and received a one star heaven immortal beast blood. It has been stored inside your treasure chest!

Just as Chen Xiaobei was about to enter the verdant Emperor's divine gourd, he received another piece of good news.

Shen tu's Red packet had arrived!

This meant that when Chen Xiaobei upgraded the sunlight cache, he could also upgrade his physical strength.

Liu er, pass down my order. All the branches of bei Xuan faction, quickly help me catch five-star to nine-star earth-god beasts and bring them here as fast as possible!

Chen Xiaobei ordered without hesitation.

we've already made arrangements for this before we set off, " six-eared macaque said. if nothing goes wrong, Hall Master dugu can take care of this on his own! I'll try to contact her now!"

It was clear that Chen Xiaobei was now the Lord of the mortal realm.

With just one order from Chen Xiaobei, the entire earth-god Realm would take action.

Moreover, dugu zang Xian was now the hall Master of bei Xuan's nine Serenities division, as well as a formidable figure in Northern kulu's Lu Zhou.

When immortal dugu zang attacked heavenly Yin Hall previously, he had captured many core upper echelons.

The members of the heavenly Yin Hall were all from the demon race. They had all the five-star to nine-star earth-god experts.

The truth was, dugu zang Xian had already made his preparations the moment Chen Xiaobei gave the order.

Chen Xiaobei did not even need to bleed himself.

Immortal dugu zang had already ordered the execution of the five great demons of the heavenly Yin Hall. After their blood was drained, they were stored in five portions according to their levels.

At that moment, six-eared macaque made a phone call, and dugu zang Xian immediately sent people to deliver the five portions of demon beast blood.

"Done!"

After everything was ready, Chen Xiaobei sent Shen tu the message he had promised him, and the deal was settled.

Shen tu was overjoyed that he would become Chen Xiaobei's regular customer!

As long as Chen Xiaobei came to him again and gave him some information, he would not reject Chen Xiaobei!

.....

Then, Chen Xiaobei led the group into the verdant Emperor's divine gourd.

When they were near the sunlight territory, Chen Xiaobei dug a hole in the ground and poured all the earth-god beast blood into it.

Finally, he added in the blood of a one-star celestial immortal beast and two-star celestial immortal.

After he was done with the body tempering, the heaven and earth smelt was also emptied, and he could upgrade the sunlight cache at the same time.

He retrieved the chaos Blood Sword from Fu Tian Xin 'er and placed it into the heaven and earth smelt. He then placed all the materials, including the death Blood Crystal, into it.

"Whoosh ..."

Chen Xiaobei injected a one-star heavenly immortal level witch Dragon Flame into it and said, " little girl, expand your sunlight domain a little and cover both the heaven and earth smelt and the blood pond!

"Alright!" Futian Xin 'er was very obedient. She did not ask any questions and immediately did as Chen Xiaobei said.

After all, Fu Tian Xin 'er lived as long as the heavens and earth. Activating the sunlight cache was as easy as blowing off dust, so he didn't ask much.

"Chi ..."

The sunlight domain immediately spread out.

At the same time, Chen Xiaobei also took off his Nightstalker outfit and walked into the blood pool naked.

By activating the sky-killing tyrant body technique, Chen Xiaobei could finally train his body at the fastest speed possible.

Within the sunlight domain, the days passed by slowly.

But to the people outside, it was a very short time.

"Quickly look! In less than a second! The color of the blood pool's outermost circle had already faded! This means that bro bei has already digested the five-star earth-god beast blood, and his physical strength has reached five-star earth-god level!"

As ancestors of sorcery, Emperor Jiang and Zhu Jiuyin had both practiced the sky-killing tyrant body technique, so they were most familiar with this situation.

The six-eared macaque was shocked. "My God, in less than a second, he raised his physical strength by a whole realm! Heaven-defying! It's too heaven-defying!"

Before he could finish his sentence, the color of the second layer of the blood pool began to fade.

This time, in less than three seconds, he had achieved the six-star earth-god level physique!

Ten seconds later, the third layer of blood faded. He had achieved seven-star earth-god level!

Twenty seconds later, the fourth layer of blood-red faded. Eight-star earth-god level physique achieved!

Forty seconds later, the fifth layer of blood-red faded. A nine-star earth-god level physique had been achieved!

After 1 minute and 30 seconds, the sixth layer's blood color faded. He had achieved one-star heaven immortal level!

Five minutes later, the color of the core of the blood pool had completely faded. He had attained a two-star heaven immortal level physique!

Chapter 3398: Everything is going smoothly

3398 Everything is going smoothly

In less than eight minutes, Chen Xiaobei's physical strength had broken through seven major realms, reaching the level of a two-star divine immortal!

If he had not experienced it himself, Chen Xiaobei would never have believed that it was true!

If it was in the past, under the original sunlight cache, it would take at least ten days to half a month for his physical strength to break through a major realm!

Moreover, the higher the level of his physical strength, the more time it would take for him to temper his body.

If he did not have the divine sunlight cache, he would not be able to ascend to heaven in two months. Chen Xiaobei could not imagine that it would take him decades to reach the divine immortal level. Or even a few hundred years?

Of course, now that he had the God-level sunlight cache, things that were impossible in the past had become extremely simple.

"Whoosh ..."

Then, Chen Xiaobei jumped out of the blood pool.

"Woof! Buzzzzzz! Yi ..."

The Nightstalker outfit was already sentient, and it automatically attached itself to Chen Xiaobei.

After leaving the sunlight realm, Chen Xiaobei activated his netherspirit battlescouter to check the changes in his body!

[ding Yingluo's cultivation base: pinnacle of body integration stage. Lifespan: Year 1976050, physique: ..., Combat power: 3.5 billion, primordial spirit attack: Saint level!

uh ... I forgot that the netherspirit battlescouter is only at the peak of the earth immortal level. It can't display the combat strength of a heaven immortal. I have to find a way to upgrade it ...

Chen Xiaobei frowned and said, " "However, my lifespan has been reduced by 48000 years! In other words, it took me forty-eight thousand years to reach the level of a two-star heaven immortal!"

Without a doubt, the divine sunlight cache could speed up the flow of time, but at the cost of it, Chen Xiaobei's lifespan would be reduced accordingly.

Of course, this was not important!

Once one entered a meditative state, one would lose track of time. Millions of years would pass in the blink of an eye.

More importantly, the divine sunlight cache had shortened Chen Xiaobei's efforts for the next tens of thousands of years to just eight minutes. This meant that Chen Xiaobei was almost certain that he would be able to ascend to the immortal realm in two months!

Chen Xiaobei's current physical strength had already reached the level of the Titan Warrior.

In other words, Chen Xiaobei would be able to withstand a two-star divine immortal's attack with just his body alone.

Moreover, Chen Xiaobei's merit points were extremely high. As long as no one was behind it, the power of the heavenly Tribulation should be at the level of a one-star heavenly immortal. Chen Xiaobei did not even need to use the universe war God's Holy garment. He could withstand the heavenly Tribulation with his own body!

This was great news for Chen Xiaobei.

At this point, one had to admit the power of the "sky killing tyrant body technique"!

Although the time needed to train the body was relatively long, the improvement of the " sky-killing tyrant body technique " was one major realm after another. It skipped the small realm improvement in the middle! Moreover, there was no upper limit to how much he could improve. As long as he had the corresponding beast blood, Chen Xiaobei's physical body could be improved infinitely!

Now that he was done with his body cultivation, Chen Xiaobei needed to quickly raise his cultivation to the half-step heavenly immortal realm so that he could trigger the heavenly Tribulation and ascend to the heavens.

the chaos Blood Sword should have finished its upgrade by now!

Chen Xiaobei had experienced 48000 years, and the chaos Blood Sword had experienced the same.

"Chi ..."

Chen Xiaobei willed the heaven and earth furnace to fly out of the sunlight territory.

After a simple spiritual communication with the heaven and earth furnace, Chen Xiaobei confirmed his guess.

The chaos Blood Sword had been successfully upgraded.

“Whoosh ...”

Chen Xiaobei turned on the heaven and earth smelt, and a blood-red light shot up into the sky, dyeing the entire world red.

What was even more terrifying was an extremely murderous and ruthless demonic aura pressure!

Even with Chen Xiaobei’s strong mental state, he could not help but feel short of breath, his pupils constricted, and his heart thumped wildly when he first faced this pressure!

Without a doubt, the chaos Blood Sword had perfectly fused with the essence of the death Blood Crystal. Its spiritual pressure was even stronger than the death Blood Crystal.

Luo Yi had said before that after the perfect upgrade, the chaos Blood Sword would be invincible among its peers.

But from Chen Xiaobei’s point of view, the spirituality and pressure that the chaos Blood Sword was exuding right now was even stronger than the nine luminaries hell cutting saber, which was one level higher.

Even if he couldn’t counterattack the nine luminaries hell cutting saber, he could at least fight to a draw.

“This is simply too good!”

Chen Xiaobei summoned the chaos Blood Sword into his hand. The more he looked at it, the more he liked it. He could not let go.

Of course, there was another important matter besides body refining and the chaos Blood Sword.

Chen Xiaobei’s trip to Tianji city’s core Treasury, as well as the time he spent preparing the blood pool and refining his body, had taken him about 40 minutes.

In terms of time under the God-level sunlight cache, it was about 250000 years.

The blood Bodhi Divine Tree had grown from a tiny bud to a small sapling about twenty centimeters tall.

In the past, this was something that Chen Xiaobei would not even dare to dream of.

Now that he had the God-tier sunlight cache, the blood Bodhi Divine Tree had grown so much just from a trip.

If nothing unexpected happened, the blood Bodhi Divine Tree would grow into a towering tree within a few days. It would naturally be able to blossom and bear fruit.

“Little girl, I’ll leave this place to you! We still have to go out!”

Chen Xiaobei beckoned to Fu Tian Xin ‘er and returned the chaos Blood Sword to the sunlight domain, allowing the chaos Green Lotus seed to continue to enjoy the time acceleration.

After that, Chen Xiaobei left the verdant Emperor’s divine gourd with Rahu and the others and returned to the real world.

Without a doubt, everything was ready. Nothing could stop Chen Xiaobei from finding little Daji the third spiritual lady!

.....

The group of people rushed towards the sword saint's miracle at an extremely fast speed.

This was the last forbidden land of death in the earth-god Realm.

Before Chen Xiaobei's arrival, no one had dared to set foot in this place. Even a peak earth level deity would die if they entered by mistake!

However, after Chen Xiaobei's visit today, this last forbidden land would be removed from the earth-god Realm's map and would no longer pose any danger to anyone.

"It's truly a miracle! It's so spectacular!"

Chen Xiaobei could see the mountain that Xu Fu had just mentioned from afar.

It was an extremely long mountain range that was split into two from the middle. The mountains on both sides cracked but did not collapse. They were like two huge battle axes standing on the ground, with an imposing aura and extremely spectacular sight.

Of course, there was an extremely sinister aura in the abyss between the two mountains.

Without a doubt, in the past trillion years, although people had deliberately avoided this forbidden land, there were still many who had entered by mistake.

The accumulation of the vengeful spirits made this place particularly gloomy.

Most people would stop at the sight of this dark energy from afar.

But Chen Xiaobei did not care. He walked straight ahead as if he had everything under control.

[Red Envelope Group of the Three Realms](#)

Chapter 3399: Death God's cage

3399 Death God's cage

Before entering the abyss of the sword saint's miracle, Chen Xiaobei first entered the verdant Emperor's divine gourd and took out the chaos Blood Sword.

According to what Xu Fu said, the reason why this place was a forbidden land of death was because the primordial spirit of a two-star SkyDemon was hidden inside.

The chaos Blood Sword had already perfectly fused with the death Blood Crystal. Its new ability was to capture the souls of those weaker than the chaos Blood Sword.

The chaos Blood Sword itself was invincible among those of the same level. It could even fight those of a lower realm without a problem. It was naturally easy to capture the essence soul of a two-star SkyDemon.

bro bei, this abyss is huge. Where are we going to find the essence spirit of the two-star sky demon? "

Six-eared macaque was anxious. He scratched his head and said, " if we search slowly along the abyss, it'll take at least ten days to half a month to search the entire area!

"Stupid!"

of course! Chen Xiaobei chuckled. Taiyi can sense the demonic Qi on the clear sky sunlit sword. Go straight to the place where the demonic Qi is the strongest. We'll definitely find the person!

yes! Taiyi nodded and said, " not only can I sense the demonic Qi on the clear sky sunlight sword, but after seeing the map displayed by the mysterious weapon token, I can also be sure that the place with the densest demonic Qi is the entrance to the independent space of the mysterious weapon sect!

"Interesting!"

there's demonic Qi on the Haotian divine flame sword. The demonic Qi at the entrance of the mystical instrument sect's independent space is the strongest. Daji is an important member of the demonic sect! From the looks of it, there's a hidden connection between the three!"

"Regardless of whether there's a connection or not, we'll know when we go over and take a look!" Taiyi took the lead and walked toward the place where the demonic Qi was the thickest.

This demonic Qi was very special. Only Taiyi could sense it, and no one else seemed to.

This meant that the owner of the demonic aura might have intentionally concealed this demonic aura.

Taiyi was the ancestral Almighty of the demon clan. His special Foundation and origin allowed him to detect the slightest change in the demonic aura.

"Whoosh ..."

Just as the group was gradually approaching their destination, a strange demonic wind gushed out from the dark.

In an instant, the entire space turned gloomy.

"The main character is here!"

Taiyi's eyes narrowed and he stepped aside.

"Just in time!"

Chen Xiaobei stepped forward with his sword in hand. He was so calm that he even wanted to laugh.

As long as the two-star celestial demon primordial spirit was taken care of, Chen Xiaobei's next move would not be hindered or dangerous.

Therefore, the earlier this two-star heavenly demon primordial spirit appeared, the happier Chen Xiaobei was.

"Ignorant rat! You're still laughing at death's door!"

At this time, a gloomy and old voice came from the dark.

The voice came from an old man who seemed to be on the verge of death.

Obviously, this body was just a puppet that had been possessed by the primordial spirit of a two-star SkyDemon. From the looks of it, its lifespan was about to be exhausted.

Right now, it was the time when the two-star celestial demon's essence soul was most eager to possess a new body.

The two-star heavenly monster's primordial Spirit's eyes glowed with greed when it saw Chen Xiaobei and the others 'young and strong bodies.

you've killed countless people while hiding here. You've committed a grave sin. Today, I'll use the sword in my hand to release you from purgatory and send you to hell to atone for your sins!

Chen Xiaobei was very confident in the chaos Blood Sword. The two-star celestial demon's primordial spirit was nothing in his eyes.

"You brat, I'm afraid you don't know who you're talking to!"

The two-star celestial demon primordial spirit had no idea how powerful the chaos Blood Sword was. He said arrogantly, "Today, you're not the one ferrying my soul, but I'm ferrying all of you! With your young bodies, I can continue to guard this place for hundreds of millions of years!"

"What did you just say?"

"You're guarding this place?" Chen Xiaobei asked. And not because of the heaven realm's Qi of vitality?"

According to Xu Fu's guess, when the clear sky sun sword fell, it brought some heaven realm vital Qi.

This kind of vital Qi could slow down the rate at which the primordial spirit of a two-star celestial demon was weakening without the protection of its body.

It was because of the existence of the heaven realm's Qi of vitality that the two-star celestial demon's primordial spirit had never left the sword saint's miracle.

"What bullshit heaven realm's Qi of vitality?"

The two-star celestial demon's primordial spirit curled his lips and raised his chin. He even said with some pride, "I'm staying here to carry out my duty of guarding! This is the greatest glory of my life!"

"Protect the mission? What are you protecting?" Chen Xiaobei felt that his previous speculation was correct.

The demonic Qi at the entrance of the weapon Mystic sect's independent space, the demonic Qi in the vast heaven sunlight sword, and this two-star celestial demon's primordial spirit, there must be some connection between the three.

There was even a possibility!

This two-star celestial demon's primordial spirit might be one of his own. The reason why he had stayed behind was to protect little Daji the third generation spiritual lady!

Therefore, Chen Xiaobei had to ask before he made a move. He did not want the Dragon King's temple to be destroyed by the flood, and he would have to fight with his own people.

“Why do you care what I’m protecting? You won’t understand even if I tell you!”

The two-star celestial demon’s primordial spirit had a fiery temper. Furthermore, it was disdainful to explain to mortals. It was about to launch an attack at the first moment!

“Swish!”

The two-star heavenly demon’s primordial spirit abandoned its weak and old body and charged at Chen Xiaobei in its primordial spirit form.

bro bei! Taiyi immediately warned. bro bei! It was difficult to tell the enemy from friend! Don’t be careless! It won’t be too late to take him down first and then slowly interrogate him!”

The two-star heavenly demon’s primordial spirit was so fast that Chen Xiaobei did not even have time to explain.

“Good! I’ll take him down first!”

Chen Xiaobei activated the new ability of the chaos Blood Sword: death God’s cage!!!

In an instant, 500 billion pieces of superior-grade spiritual energy were burned out!

This was the price one had to pay to activate a two-star heaven-immortal artifact.

It was a huge price to pay, but it would allow Chen Xiaobei to fight against anyone of the same level. It was definitely worth it!

“Capture me? Are you guys dreaming?”

That two-star celestial demon primordial spirit still did not realize the approaching danger. He laughed arrogantly and said, “ I’m afraid you can’t see it, but my primordial spirit is out of my body. Even if you have two-star heaven immortal artifacts, you can’t hurt me at all!

This was because only an attack powered by celestial core power could kill or capture a primordial spirit! Therefore, primordial spirits were almost invincible in the human world.

It was precisely because of this that the two-star celestial demon’s essence soul believed that it was undefeatable and was extremely arrogant and confident.

However, in the next second, Chen Xiaobei slapped him in the face. He paid the price of failure for his arrogance and confidence.

“Whoosh! Whoosh! Whoosh ...”

It was only to see that rays of blood light suddenly spurted out, forming a blood-colored cage in the void, directly enveloping that two-star celestial demon’s essence spirit.

No matter how much strength he used, he was unable to break out of the cage!

Just like that, the arrogant two-star celestial demon primordial spirit was now Chen Xiaobei’s prisoner!

Chapter 3400: ins and outs

No... This can't be ... This is absolutely impossible ...

The two-star SkyDemon's essence soul was struggling in the blood-colored cage, but it was unable to break out of the confinement.

This result really made him a little dumbfounded.

Never in his wildest dreams would he have thought that Chen Xiaobei's blood-red eyes had the ability to capture ethereal force.

This was really like kicking an iron plate. That two-star SkyDemon's essence soul was about to regret it.

"This guy is so funny! They crashed into the death God's cage! Do you really think you're invincible?"

Six-eared macaque, Tai Yi, and the others all laughed.

"Let me go ... I beg you to let me go ..."

After struggling for a while, the two-star SkyDemon essence spirit had no choice but to admit defeat and said, "I'm staying here to carry out an important mission! The success or failure of this mission would affect the future of the Three Realms! If the mission fails, the Three Realms will be plunged into misery and suffering, and the world will be plunged into darkness!"

"Hmph! Stop making up stories!"

"If we couldn't deal with your primordial spirit, we would be dead by now! six-eared macaque said. Plus, my bro bei spent 500 billion upper spiritual stones just to catch you. How do we settle this?"

I was just muddle-headed. I shouldn't have attacked you!

The two-star celestial demon's primordial spirit said in a deep voice, "As for the spirit stones, I'm willing to return them in full! I can also guarantee that I will definitely repay you well! I can even bestow you with a reward from the heavenly realm!"

"I don't believe you!" you're bullshitting! six-eared macaque said disdainfully. stop bullshitting! If my bro bei gets impatient, he can destroy your primordial spirit with a single thought, and you will never be able to reincarnate!"

"I'm not talking nonsense ... I'm really not talking nonsense ..."

The two-star SkyDemon's primordial spirit even shed tears."Even if I explain my mission to you mortals, you won't understand!"

"Mortal?"

Six-eared macaque pouted and introduced them one by one, "This bro bei is the prime disciple of the prime of Tongtian, Chen Xiaobei! This cold and handsome man was Rahu of the demon race! This handsome young master is the eastern Emperor Taiyi!"

"And these two are the space ancestor, Di Jiang, and the time ancestor, candle jiuyin! I'm the six-eared macaque who can travel freely in the Three Realms and six paths!"

“You actually said we are mortals?” Six-eared macaque looked at him with disdain and said, “In our eyes, you’re a mere two-star sky demon. You’re the ant-like thing!”

“What?”

As soon as he said that, the two-star celestial demon’s primordial spirit turned pale with fright and even screamed, “You are the famous God Chen? Are you all reincarnated ancient Immortals from the winter solstice festival?”

“Nonsense!” how could a mortal catch you so easily?” six-eared macaque said.

Hearing this, the attitude of the two-star celestial demon’s essence soul immediately changed drastically. “Aiyaya! I really didn’t recognize Mount Tai! How dare you offend God Chen and the other gods! I really deserve to die!”

“Since you already know us, you should tell us everything you know!” Chen Xiaobei said.

“Yes, sir!”

The two-star celestial demon’s primordial spirit not only became very respectful, but it also listened to Chen Xiaobei. It immediately explained, “In fact, I’m here on mother Nuwa’s orders to guard this place!”

“Recently, mother Nuwa has mentioned God Chen to me many times. She said that you are an ally of our demonic sect and that you can be trusted! If I can see you, I will be able to tell you the truth!”

“As expected, it’s our own people!” I’m listening! Chen Xiaobei said. go on!

“This matter has to be explained from a trillion years ago!”

The two-star celestial demon’s primordial spirit said, “after the Great War of deification of the second immeasurable cultivation tribulation, Jiang Ziya beheaded Su Daji on the platform of deification with a mask!”

“Daji is dead, but her soul can be reincarnated! Goddess nüwa was worried that someone would make things difficult for her, so she ordered me to escort Daji’s soul to the underworld!”

“Just as we arrived at Grand Emperor Huang Zengtian, who was at the lowest level of the six heavens of the three worlds, the thing that mother Nuwa was most worried about happened!”

“A group of enemies disguised themselves and wanted to snatch Daji’s dark spirit from me. Originally, I wasn’t a match for them at all with my strength. Fortunately, mother Nuwa gave me a life-saving talisman before I left!”

“After I activated the divine talisman, I opened a spatial Rift that connected the heaven realm to the human realm! At that time, I didn’t dare to pass through the crack because I was afraid that the laws of the human world wouldn’t recognize me and I would be completely destroyed!”

“So, I only sent Daji’s soul into the human world. Then, I guarded the space crack with my life!”

“Who knew that when the enemy saw that Daji was sent away, he actually flew into a rage out of humiliation and launched his ultimate move to kill me! I have no choice but to fight back!”

“At that time, my physical body and soul were completely destroyed by the enemy! Fortunately, my primordial spirit was sent flying and fell into a spatial crack. The enemy didn’t dare to pursue me into the human world, so I survived.”

“Of course, I’m not someone to be trifled with! In a full-force confrontation, he had shattered an enemy’s sword! This sword is called the Haotian sunlit sword, and it is the sword of a heavenly general in the heavenly court!”

mother Nuwa asked me to keep this sword so that we can find the murderer in the future. It can even be used as evidence to testify against the crimes of the mastermind!

Chen Xiaobei and the others finally understood the hidden meaning behind the clear sky sunlit sword.

From this, it could be confirmed that the demonic Qi in the sword was left behind by the primordial spirit of the two-star SkyDemon.

Of course, compared to Daji’s spiritual daughter of three generations, this sword was not the most important.

in addition to protecting the fragment of the vast heaven radiant sword, my more important mission is to guard the entrance to the Hong Meng Demon Realm!

“Mother Nuwa had already predicted that Daji’s second spiritual lady life would not last long!” The two-star SkyDemon’s primordial spirit said. In order to protect her third generation spiritual lady, mother Nuwa specially arranged for her to be reincarnated into the Hong Meng Demon Realm!”

“God Chen, you should already know that the weapon Mystic sect in the earth-god Realm is supported by mother Nuwa! After the sect leader, the Dragon Conqueror, was killed, the nine core elders of the sect hid their sect treasure with nine pieces of the mystical tool token.”

actually, that magic treasure was sent to the Hong Meng Demon Realm to be hidden. Only Daji the third spiritual lady can find it!

and when you find that magic treasure, Daji the third generation spiritual lady will receive a portion of the demonic clan’s inheritance. At the same time, she will also be able to retrieve the memories of her Second Life. She will then be able to reunite with you!

The two-star celestial demon’s primordial spirit composed himself and said in a deep voice, “ for so many years, the reason why I’ve been staying here without leaving is because I’ve been waiting for the person who can hold the nine pieces of the weapon Mystic token to appear!

mother Nuwa said that the person who can gather all nine pieces of the weapon Mystic token will be the fate of Daji the third spiritual lady!

only when Daji and the one who belongs to heaven’s will come together can the future of the Three Realms be far away from the catastrophe and retain their vitality and hope forever!

“So, God Chen, even though you’re someone that mother Nuwa trusts! However, if you can’t take out the nine pieces of the profound weapon token, you won’t be able to enter the Hong Meng Demon Realm even if I don’t stop you!”
