Chapter 3461: blessing and misfortune

“Alright! Just leave it to me!”

The waiter was overjoyed as he charged towards the blood Bodhi Divine Tree.

He had always been very obedient. As soon as he went over, he found a thick tree trunk and began to gnaw on it.

At first, Yan Lingshi and Fu Tian Xin ‘er did not understand why Chen Xiaobei wanted Xiao’ er to make a wooden sword.

It was only when they saw the waiter’s teeth that they finally understood.

The tree trunk, which was a one-star divine item, was like tofu in Xiao ‘er’s mouth. With two to three bites, it formed the shape of a small sword.

If it were anyone else, unless they had a one-star divine weapon, they would not be able to use the trunk of the tree of God to make a wooden sword.

Not long after, Xiao ‘er followed Chen Xiaobei’s request and took out a wooden sword the size of a palm from the tree trunk.

Moreover, the waiter had also carefully trimmed the small wooden sword, making it look particularly exquisite.

After completing Chen Xiaobei’s task, Xiao ‘er began to focus on his meal.

It had to be said that the waiter ate really fast. It was as if there was an infinitely large independent space in his small body. Not only did he eat fast, but he would never be full.

Luckily, the divine blood Bodhi tree was big enough. Otherwise, Chen Xiaobei was worried that he would have eaten the entire tree.

“Xiaobei Gege! It’s done!”

Soon, Fu Tian Xin ‘er retracted her sunlight territory and returned the chaos Blood Sword to Chen Xiaobei.

“Whoosh ...”

The moment Chen Xiaobei took the chaos Blood Sword, the sword’s body exploded with a terrifying aura and spirituality.

The bloody light almost covered the entire space, and the terrifying pressure made everyone on the planet tremble in fear.

Of course, the chaos Blood Sword was Chen Xiaobei’s earliest treasure. It had been hidden in Chen Xiaobei’s body for a long time and had formed a mysterious connection with Chen Xiaobei.

Therefore, not only did the spiritual pressure not affect Chen Xiaobei, but it even gave him a boost of power.

Chen Xiaobei's depleted physical strength, ethereal force, and mental power were instantly restored.

"This is too good! It's truly a peak nine-star heaven immortal artifact!"

Chen Xiaobei's mood was indescribable. He looked at Yan Lingshi excitedly and said, "Lingshi! Your calculations were indeed correct! Although the journey was filled with danger, I really did obtain a huge opportunity!"

Yan Lingshi smiled charmingly. Her fair face was slightly flushed, making her look extremely beautiful.

She really liked Chen Xiaobei, and when she saw Chen Xiaobei happy, she was happy too.

It's a pity that I don't have enough spiritual Qi. Otherwise, I could have killed Ling sheance with one sword!

Chen Xiaobei's brows furrowed. He had to face this reality.

bro bei! Yan Lingshi immediately said. if you can refine this Blood Sword into your Natal Dharma Treasure, it will give you a huge boost of power even without spiritual Qi!

"A life-bound magic weapon?"

Chen Xiaobei was surprised. "I've heard that to refine a life source magic treasure, one needs to bind their origin soul to the magic treasure! After binding, the master and the magic treasure can support and nourish each other, and both parties can benefit!"

"That's right! This is a life-bound magic weapon!"

yes! Yan Lingshi nodded and said, "although you can't defeat Ling sheance with your current cultivation, a peak nine-star heaven immortal Natal Dharma Treasure can give you more power. At least, you can have more protection!"

"I understand what you mean, but I don't know how to bind it to my life source magic weapon!" but it's not that difficult. I'll ask Luo Yi and the others. I'll find a way! Chen Xiaobei said.

"No need to find them! I understand this!"

there are two ways to bind one's Natal Dharma Treasure," Futian Xin 'er said. the first is to use a secret technique and train one's energy to resonate with the Dharma Treasure for a long time. When the resonance reaches the state of being one with the Dharma Treasure, the binding will be completed!

"The other method is more mysterious! In some mysterious state, the magic treasure and the master will resonate perfectly due to luck, directly reaching the state of being one with the treasure, instantly completing the binding, greatly saving time!"

"Understood!"

yes! Chen Xiaobei nodded and said, " I don't have the time right now. I'm in the mood to practice my secret technique! In any case, my cultivation is too low. Even if I bind myself to my life magic weapon, I can't fight those enemies. So, I'll leave everything to fate!"

"Leave it to fate?" Fu Tian Xin 'er was very confused.

I have the chaos Blood Sword with me. It's best to bind it to me if I'm lucky. It won't affect me much if I'm not lucky! Chen Xiaobei explained.

"Well, that's true ..."

" okay! Futian Xin 'er nodded. but, Xiaobei Gege, you have to keep this in mind. Although the Natal Dharma Treasure can't help you improve now, when your cultivation level gets higher, it will improve by a lot! Almost all of the true immortals in the heaven realm have a Natal Dharma Treasure!"

"I know that!" yes! Chen Xiaobei nodded. it's only a matter of time before I bind it to my Natal Dharma Treasure! However, there's no need to rush!"

Chen Xiaobei then took out 40399 pieces of low-grade spiritual Jade.

Among them, 399 of them were injected into the dragon's edge, replenishing the energy it had consumed.

The remaining 40000 were all injected into the chaos Blood Sword.

Previously, the chaos Blood Sword had used the special ability of the death Blood Crystal to devour Xue changgong's primordial spirit and turn it into power.

In addition, there was already a lot of spiritual energy in the chaos Blood Sword. With these 40000 pieces of lower-grade spiritual Jade, he could activate the power of a peak two-star heaven immortal once.

This way, Chen Xiaobei would be able to fight both Sheng kuangzhan and the tiancan demon Emperor.

On top of that, Chen Xiaobei still had the nine luminaries hell cutting saber. The spiritual Qi in it could activate the power of a two-star mid-tier heaven immortal once. It was more than enough to deal with small fries.

In fact, if Chen Xiaobei had not been reluctant to part with the spiritual Qi that was equivalent to 10000 low-grade spiritual jade pieces, he would have used the chaos Blood Sword to swallow the nine luminaries hell cutting saber.

The higher the grade of a heaven immortal artifact, the more energy it would consume!

By rough estimation, the chaos Blood Sword would consume no less than 50000 lower-grade spirit Jade, which was no less than 5 trillion upper-grade spirit stones, to activate the power of a peak two-star heaven immortal!

From this, it could be seen that the energy needed to activate a peak nine-star heaven-immortal instrument would be calculated in terms of upper-grade spiritual Jade, and a large amount of upper-grade spiritual Jade at that!

Chen Xiaobei suddenly realized that not only was his cultivation low, but he was also extremely poor.

After all that, Chen Xiaobei was left with only 12000 low-grade spiritual Jade! It wouldn't even be enough for the next cultivation session!

"I hope everything goes well! As long as we can take down Ling sheance, we can earn back all the spiritual jades we spent this time with interest!"

Chen Xiaobei was filled with motivation.

As the saying goes, good and bad come together!

As a nine-star celestial being, although Ling sheance posed a huge threat to Chen Xiaobei, he also brought Chen Xiaobei a wave of benefits!

Wealth! A magic treasure! Resources! It had everything!

Let's see if Chen Xiaobei has the ability to get it!

Chapter 3462: Blood spirit out of body

3462 Blood spirit out of body

"Waiter! Let's go!"

let's go! Chen Xiaobei called out when everything was ready.

Xiao 'er was so happy that he quickly flew back and Chen Xiaobei put him back into the ten thousand Beast Ring.

There might be a lot of variables in the operation after this. Bringing the waiter with him might be effective at the critical moment.

"I also want to go with you!" Yan Lingshi said.

Futian Xin 'er pouted and looked at Chen Xiaobei. Although she did not say anything, she really wanted to go out and play with him.

"No!"

no! Chen Xiaobei shook his head and said, "both of you have to stay! If this operation wasn't handled properly, his life might be in danger! This is definitely not a joke!"

"Sister Xin 'er, don't go! But I must go!"

"I can help you divine your fortune!" Yan Lingshi insisted. Moreover, this is the Hong Meng Demon Realm after all. If you encounter something you don't understand, I can still explain it to you! If we run into Ling sheance by accident, he will at least have some concerns with me around!"

this ... Chen Xiaobei frowned and hesitated.

"There's no room for discussion! I took your money! I will definitely follow you to the end!" Yan Lingshi was determined not to let Chen Xiaobei act alone.

alright ... Chen Xiaobei took out four high-tier prosperous monkey fur from his storage bracelet.

Then, she passed two sticks to Yan Lingshi.

“This is a very magical treasure. With just a breath, it can change us into any form! The larger and more complicated the form, the shorter the duration! The smaller and simpler the form, the longer the duration!”

Chen Xiaobei gave them a brief introduction and said, “After we get out, we’ll turn into little ants. Each strand of monkey hair can last about half an hour! Therefore, we must use it with caution and not waste it!”

“Keep these treasures, I have no use for them!” “My demonic body of purple Qi is beyond the Three Realms and not within the five elements. No primordial spirit domain can lock onto me!” Yan Lingshi smiled.

this ... Chen Xiaobei gasped. “No wonder! When you first turned into purple Qi, I could only see you with my eyes, but I couldn’t sense your existence at all!”

Yan Lingshi nodded and smiled. “That’s right! No one can sense my demonic body of purple Qi! Otherwise, I would have been caught by Ling sheance 800 times!”

“By the way, I’ve always wanted to ask you, did you turn into a demon from primordial violet Qi?” Chen Xiaobei asked.

“Primordial violet vapor?”

Yan Lingshi’s expression froze for a moment. to be honest, I know I’m a demon formed from purple Qi, but I don’t know what others call this purple Qi. So, I’m not sure if it’s the primordial purple Qi you’re talking about ...

“Xin ‘er, do you have any way to confirm the nature of her demonic body?” Chen Xiaobei asked.

“I’ve never seen the primordial violet vapor before either ...”

No. Futian Xin ‘er shook her head and said, “but if it really is the primordial violet Qi demon body, sister Lingshi should be even stronger than she is now ... The foundation of the heavenly Dao contains the Supreme great Dao. No matter what, she should be stronger than me ...

yeah ... Chen Xiaobei was taken aback.

Fu Tian Xin ‘er had become a demon from the sky-mending divine stone.

In terms of grade, the primordial violet vapor was clearly of a higher grade than the heaven mending rock.

Correspondingly, Yan Lingshi’s primordial Spirit’s special ability or her demonic body’s special characteristics should be more powerful than Fu Tian Xin ‘er’s.

However, until now, Chen Xiaobei had only seen Yan Lingshi’s half-bottle of vinegar divination skill and the fact that her demon body had no attributes and could not be sensed.

Other than that, Yan Lingshi did not have any other bright spots.

It seemed that Yan Lingshi's demonic body was really not primordial violet vapor ...

"Lingshi, what's your primordial Spirit's special ability?" Chen Xiaobei asked.

"I ... I don't have any primordial spirit abilities ..."

Yan Lingshi shook her head and said, "ever since I broke through to the primordial soul realm, I've been troubled by this problem!" I've tried my best and tried many ways, but I just can't awaken my primordial spirit ability ..."

"Forget it, we'll talk about this later!" let's solve this problem first! As long as we can get through it safely, my Sifu and my friends will definitely find a way to solve this problem!

As long as he left the Hong Meng demonic realm, Chen Xiaobei could use the Three Realms red envelope group to contact Lady Nuwa and all his problems would be solved.

Right now, the most important thing was to survive this calamity.

Otherwise, if he lost his life, what was the point of asking other questions?

"Phew ..."

Chen Xiaobei immediately activated a high-tier prosperous monkey fur and turned himself into a tiny ant.

"Whoosh ..."

Yan Lingshi's body also transformed into a wisp of purple Qi.

Then, the two of them left the verdant Emperor's divine gourd and the Meru space, returning to their original independent space.

"Whoosh ..."

Yan Lingshi's purple Qi flew over and surrounded Chen Xiaobei.

"What are you doing?" Chen Xiaobei asked.

"Idiot!"

"I'll wrap you up so that no one can sense you!" Yan Lingshi said. Furthermore, I can also bring you along to fly! Otherwise, if you were to crawl like an ant, the monkey fur talisman would have lost its effectiveness long ago!"

"Yeah!" Chen Xiaobei's eyes lit up and he said excitedly, "It seems that I made the right choice by bringing you along! With the special characteristics of your monster body, my actions will be even smoother!"

"That goes without saying!" "Since I've taken your money, I'll definitely work for you!" Yan Lingshi laughed.

“Silly girl, since you want to be my woman, my money will be yours in the future, right?” Said Chen Xiaobei with a smile.

Yan Lingshi moaned and pouted. “Don’t talk nonsense! Who wants to be your woman?”

“If you didn’t want to, why would you let me hug you? Why are you hugging me instead?” Chen Xiaobei laughed evilly.

“You’re so annoying ...” Yan Lingshi said in annoyance. “If you say that, I won’t help you hide your body! I won’t take you flying!”

“You’re the one who can’t bear to!” Chen Xiaobei’s tone was warm and he was in a good mood.

Chen Xiaobei was obsessed with little fox and did not want to mess with other women.

However, Chen Xiaobei and Yan Lingshi had gone through life and death together. They already had each other in their hearts.

Since that was the case, being secretive would be deceiving the little fox instead!

She might as well follow her heart and accept this relationship! At the very least, he had a clear conscience!

“Don’t be talkative! Hurry up, where are we going now?” Yan Lingshi was so embarrassed that she quickly changed the topic.

“Don’t rush!”

Chen Xiaobei said, “Blood spirit astral projection!”

“Swish!”

The next moment, a blood-red ball of light flew out of Chen Xiaobei’s Ant body and into the air.

That’s right!

This was the blood descendant’s special ability that Chen Xiaobei had not used for a long time!

This was what Chen Xiaobei meant by opening the heavenly eye!

[Red Envelope Group of the Three Realms](#)

Chapter 3463: super huge

The effect of this special ability was similar to that of the God’s Eye talisman.

However, the God’s Eye talisman could only see what was on the surface-people and objects. It could not see what was hidden.

However, the blood Spirit’s astral projection could sense all high-value treasures.

As long as he released his special ability, a huge map would appear in Chen Xiaobei’s mind. There would also be a special light indicating the exact location of the treasure.

With the scholar heart, Chen Xiaobei memorized the locations of all the hidden treasures.

At the same time, Chen Xiaobei also found a surprise!

It was a super huge spiritual vein. If it was filled with spiritual Qi, it might be equivalent to more than ten giant spiritual veins, which was equivalent to three trillion upper spiritual stones.

“Chi ...”

After confirming the location of the treasure and the spiritual vein’s core, Chen Xiaobei immediately retracted his blood descendant ability.

[ding Yingying’s cultivation base: peak of the dongxu stage. Lifespan: 6.34 million years, physical strength ... Combat power: 10 billion, primordial spirit attack-sacred level!

Of course, even though the blood descendant’s special ability was powerful, it had consumed a total of 136000 years of Chen Xiaobei’s lifespan!

In the past, he had not consumed so much of his lifespan.

This was mainly because the space they were in now was of a higher level and larger than before.

Naturally, the consumption of exploring the current space would be even greater.

Luckily, Chen Xiaobei had a long lifespan. 136000 years was not a big deal.

“Let’s go!”

“Let’s go to the South First!” Chen Xiaobei quickly said. Three hundred thousand li away from here, there’s the ruins of a giant Imperial City!”

“Alright!”

Yan Lingshi did not hesitate. She immediately used her fastest speed and flew South with Chen Xiaobei.

“Swish!”

Less than ten seconds after the two walked, a Platinum shadow suddenly appeared at the scene at an unbelievable speed.

That’s right!

It was Ling sheance, who was wearing a Platinum feather coat!

Just now, the blood clan’s special ability had only released a small blood-red light ball. It didn’t escape Ling sheance’s eyes.

Luckily, Chen Xiaobei had the heart of a scholar. He took a look at the map and memorized all the locations.

Otherwise, Yan Lingshi and Chen Xiaobei would not have been able to escape if they had been delayed for a few more seconds. They would have fallen into Ling sheance’s hands!

The power of a nine-star celestial immortal was no joke!

I clearly saw some movement. Why is there no one? ”

Ling sheance squinted and looked at the woman in his arms.

Maybe it's just an anomaly in this space. Don't worry about it, brother Shen CE.

The woman's clothes were disheveled, and her face was flushed. She was kissing Ling sheance's face and neck while talking.

"When I catch them, I'll make that kid suffer the most extreme despair! I'll make Yan Lingshi listen to me and listen to me like you!"

Ling Shence's eyes were cold, and his aura was overbearing.

as long as they are still in this space, they will not be able to escape from brother God's will!

"Yan Lingshi will be like me sooner or later. She will experience true happiness from brother God's will, and she will be loyal and obedient to him!" The woman said, trying her best to please him.

"You still have a sweet mouth!"

Ling sheance smiled evilly and said, "Use your little mouth to help me one more time!"

"It's my greatest honor to be able to serve brother God's will!" The woman knelt on the ground without hesitation.

That's right!

Other than Yan Lingshi, the only other woman who had entered this space was Xia Yilian!

This woman was ambitious and cunning. At the same time, she tried to please Ling sheance without any bottom line.

Objectively speaking, she already possessed the three great qualities that were necessary to become a formidable character!

All she needed was an opportunity!

"Phew ... So comfortable ..."

While Ling Shence was enjoying it, he thought to himself, "There's only one entrance and exit to this space! It's that dark vortex!"

"Right now, the repulsive force of the vortex has already reached the level of a nine-star heaven immortal artifact! Even if I wanted to get out, I would have to put in a lot of effort! The two of them will definitely not be able to escape!"

"Now, the only thing I have to do is to get those lackeys to help me find the two of them! He would snatch that brat's primordial chaos demonic flame and divine fruit, and then subdue this unruly woman, Yan Lingshi! My trip out this time can be said to be perfect!"

While Chen Xiaobei was preparing his trump card, Ling sheance was not idle either.

Everyone who had entered the Meru space had been found by Ling sheance and they had all submitted to him.

Xia Yilian's brain worked quickly, and she took the initiative to throw herself into his arms.

Coincidentally, Ling Shence was a lecherous scumbag.

The two of them hit it off and immediately became a pair.

As for the others.

Hou Qingfeng, the demonic Emperor tiancan, Sheng kuangzhan, the five sons of Ling Kong, and nearly 20000 mountain demons had begun their search for Chen Xiaobei and Yan Lingshi.

Cang tianao and the 33 soldiers were all captured by Ling sheance and imprisoned in his Meru space.

Obviously, these people were all hostages. If necessary, they could be used to threaten Chen Xiaobei.

However, Xia Yilian told Ling sheance that there was one person missing in the team!

This person was old yellow!

As one of Chen Xiaobei's guides, old yellow was an experienced Hunter in the Duanmu capital.

In theory, he was only a one-star heaven immortal, so it was impossible for him to escape from Ling sheance's search.

However, it was as if he had evaporated into thin air, completely without a trace.

Ling Shence had been brooding over this for a long time. He had a feeling that Huang would become a huge variable.

However, Xia Yilian didn't put old yellow in her eyes, and she told Ling Shence not to care about such a weak ant.

Since he could not find old Huang, Ling sheance had no choice but to ignore him for the time being and focus on searching for Chen Xiaobei and Yan Lingshi.

Although Yan Lingshi's purple clouds could not be sensed, it could be seen with the naked eye.

In the space, even the weakest mountain Esper demon was at the one-star heaven immortal realm. Their speed was much faster than Yan Lingshi's.

As long as the demonic body of the purple Qi was seen, Yan Lingshi would basically have no way of escaping.

Ling Shence would be there as soon as possible.

Because of this, even though Chen Xiaobei and Yan Lingshi had made a lot of preparations, there was still a high chance that they would be discovered.

.....

In the southern part of the space.

Yan Lingshi had successfully found the ruins of the Imperial City that Chen Xiaobei had mentioned.

this Royal City is simply too huge ...

Yan Lingshi could not help but exclaim, "In terms of scale, this place is ten times larger than the yellow region's imperial capital! It was even comparable to the main city of the dark domain! If I'm not wrong, this must be the core capital of this independent space, right?"

"No..."

no! Chen Xiaobei shook his head and said, "there are four such imperial cities in total! The core capital of this independent space is in the center of the space, and its scale is more than a hundred times that of this Royal City!"

"What!"

Yan Lingshi was shocked, "such a terrifying scale! It's comparable to the Tianyu capital!" Why don't we just go there?"

[Red Envelope Group of the Three Realms](#)

Chapter 3464: -vast sea heavenly crystal

idiot, if we can find that place, won't Ling sheance find it too?"

the most valuable treasure in the entire realm is hidden in the central capital. However, there is a high chance that Ling sheance is there. So, we can only go there when we are absolutely sure of it!

"I understand ..."

"But, what if we're late and the treasure Falls into Ling sheance's hands?" Yan Lingshi said worriedly.

"There's no other way!" "I can't risk my life for a treasure, can I?" Chen Xiaobei said.

that's right. It's more important to stay alive. Nothing else is important! Yan Lingshi nodded.

of course, you don't have to worry too much. I have a way to lure Ling sheance here! Chen Xiaobei grinned, full of confidence.

"Yeah!"

Yan Lingshi's eyes lit up. we can lure the Tiger away with a high-tier prosperous monkey fur. When Ling shenci comes, we can go to the central capital to steal the treasure!

"That's right!"

Chen Xiaobei said, "let's go! Let's take the treasures in the southern capital first!"

Soon after.

Following Chen Xiaobei's instructions, Yan Lingshi flew to the center of the southern Imperial City.

There was an old palace there.

From the degree of damage, it should have suffered a terrible natural disaster.

The entire Palace cracked open and exploded into a large area of ruins.

Chen Xiaobei searched for the treasure's location in his mind and activated his golden gaze fiery eyes. He quickly found a secret underground tunnel.

When they reached the end of the secret passage, the two of them quickly discovered a damaged giant treasure vault.

It had to be said that this treasure vault was extremely huge.

Unfortunately, the door had already been blown open. It seemed like it had been forced open by someone.

Naturally, the resources in the Treasury had long been swept clean by the person who had broken in. Not even a strand of hair was left.

Seeing this, Yan Lingshi could not help but be very confused. This place has already been ransacked. There can't be any treasures here!

"Trust me!"

"It's right in the middle of the vault!" Chen Xiaobei said confidently. If I'm not mistaken, that treasure was concealed by something special, so no one else could sense it and discover it!"

"Alright, let's go and take a look." Yan Lingshi was skeptical, but she still listened to Chen Xiaobei and flew to the center of the vault.

"Bang!"

Chen Xiaobei released a burst of ethereal force and blasted the several-meter-thick stone floor.

As expected, there was a blue light screen under the floor.

Under the light screen was a secret room.

In the secret room, there was an extremely mysterious blue crystal.

"I see!"

When Yan Lingshi saw the light screen, she exclaimed, this is a nine-star heaven immortal level small 'isolation array'. Unless one's cultivation is higher than this level, one can't sense its existence!

"Swish!"

Yan Lingshi passed through the isolation formation and entered the secret room.

At the same time, Chen Xiaobei's first strand of hair had lost its effect and he had returned to his original form.

Yan Lingshi also returned to her human form.

Under the [isolation formation], the two of them were just like the blue crystal. Other than divine level experts, no one else would be able to sense them.

"Such dense and pure water attribute ..."

Chen Xiaobei looked at the blue crystal and could not help but sigh.

“If I’m not mistaken, this should be a Nine Star heaven immortal vast Sea Sky Crystal!”

“There’s only one of this crystal in the entire mysterious domain. It’s the clan-guarding treasure of the second largest force, only second to the Ling family!” Yan Lingshi said.

vast Sea Sky Crystal!?

Chen Xiaobei’s eyes lit up and he quickly asked, “What’s the use of this crystal? What special abilities do you have?”

there are many uses. For example, it can strengthen Water-type magical treasures, create Water-type runes, and refine Water-type divine medicine!

“Its special ability is to emit an extremely pure water-element aura, which can enhance the cultivation speed of those who cultivate water-element techniques! Or it could be the power and killing power of the water attribute!”

“I see!” Oh! Chen Xiaobei grinned. I’ve really met a pillow when I’m drowsy!

“What do you mean by that?”

“The vast sea Sky Crystal is rare and precious, but it can’t improve your combat strength much. It’s far from being comparable to Ling sheance!” Yan Lingshi said with doubt.

“I have the grandmist demonic flame! Just now, I asked the waiter to make me a small wooden sword! And now there’s the vast sea Sky Crystal!”

of the five elements! Metal, wood, water, fire, and earth! I already have three of them! As long as I can find a metal and earth element spirit base, I can use the five elements great Dao!”

“The five elements Grand Dao? What’s that?” Yan Lingshi was very confused.

that’s my way of the Golden core! Chen Xiaobei explained. theoretically, the more power my spiritual foundation can withstand, the more power I can activate! More importantly, there are no level restrictions!”

“Spirit base? No level restrictions?” Yan Lingshi was confused. She could not imagine what kind of power Chen Xiaobei’s five elemental Dao was.

Chen Xiaobei’s strongest trump card was the five elements Dao.

Back then, Chen Xiaobei had used the law of the five elements to defeat his enemies who were many levels higher than him.

However, Chen Xiaobei’s body could not withstand the power of the five elements.

He had to find a treasure of the five elements to use as the base for his power.

Before this, Chen Xiaobei had five elements spiritual Jade and five elements magical treasure.

However, because its grade was too low, the five elements spirit Jade could no longer be used. The five elements magic treasure had also been destroyed after the battle with fire cloud Supreme King E Huo Yuntian.

Simply put, the five elements were extremely heaven-defying, but the prerequisite was to find the five elements spirit base.

Right now, the primordial chaos demonic flame and the small divine wood sword were both divine level! The vast sea heavenly crystal was a nine-star heavenly immortal!

As long as he could find a nine-star heavenly immortal spiritual base with a metal or earth element, be it a magical treasure or an item, Chen Xiaobei would be able to use the five elements Dao and activate the power of a nine-star heavenly immortal.

By then, Chen Xiaobei would have the ability to fight Ling sheance.

“That may be true, but how can you find nine-star celestial immortal items of the gold and earth attributes so easily?” Yan Lingshi frowned.

Chen Xiaobei said, “The treasures in the central capital’s treasure vault were either fire-attribute or gold-attribute! Furthermore, it won’t be lower than God-level!”

“Why?” Yan Lingshi was extremely confused.

“Have you forgotten about the profound armor tree bark?”

yes! Chen Xiaobei said, “Xin ‘er said that the tree bark is extremely hard. Only a divine-tier Mystical Fire can melt it! And that piece of profound armor tree bark is the entrance to this space, so it must belong to the owner of this space!”

“In other words, if the owner of this space wants to forge the profound armor tree bark into a magic treasure, he must have a divine level heavenly flame! Similarly, metal counters wood. If he has a divine rank metal attribute item, he can also forge profound armor tree bark!”

therefore, I’m certain that the treasures in the central capital are either of the fire attribute or the metal attribute. Furthermore, they won’t be lower than God-level!

“Swish!”

Suddenly, a shadow rushed into the secret chamber and sneered at Chen Xiaobei and Yan Lingshi, “I really didn’t expect you to be hiding here! Furthermore, they were plotting against celestial master Shen CE! He’s really bold!”

Sheng kuangzhan!?

Chen Xiaobei and Yan Lingshi’s expressions changed when they saw who it was.

It seemed that Sheng kuangzhan was nearby. He was attracted by the sound of Chen Xiaobei’s explosion.

[Red Envelope Group of the Three Realms](#)

Chapter 3465 instant kill

“Hmph! You two are too greedy!”

Sheng kuangzhan laughed coldly. originally, all you had to do was to hide obediently and you could have lived on. But you’re putting your interests at stake. You don’t even care about your lives. How stupid!

oh no... Sheng kuangzhan has discovered us. Ling Shence will definitely rush over immediately. We’re dead ... Yan Lingshi was shocked by who it was, and she became nervous.

heh, why bother the celestial master of God’s will to deal with you two useless things? ”

Sheng kuangzhan laughed arrogantly and said,“I can defeat you 800 times with one finger!” After that, I’ll take you to the celestial master of God’s strategy to claim your reward!”

“The celestial master of God’s strategy said that he would get 10000 lower spiritual jades as long as he found your traces! If I can capture the two of you alive, I’ll get 100000! In addition, I’ll have a place to stand in the dark domain!”

The more Sheng kuangzhan spoke, the prouder he got. It was as if he had already captured Chen Xiaobei and Yan Lingshi alive and was about to get his reward.

“Do you think you can capture us alive if Ling sheance didn’t come?” Chen Xiaobei was smiling, but he was laughing inside.

If Sheng kuangzhan had informed Ling sheance, Chen Xiaobei would have had a headache.

However, Shen kuangzhan didn’t inform Ling sheance. Therefore, no matter what happened, the outside world would not know.

Sheng kuangzhan still wanted to capture Chen Xiaobei and Yan Lingshi alive, but he did not know that Chen Xiaobei had already made up his mind to kill him.

“Nonsense!”

Sheng kuangzhan said arrogantly,“kid, don’t you just have a second heaven immortal physique?” Although my physical body has been destroyed and my dharmakaya is seriously injured, I can still crush you like an ant!”

In the battle in the mountains, hou Qingfeng had crippled the Tian can demon Emperor.

Hou Qingfeng, Sheng kuangzhan, and the five disciples of Ling Kong were all crushed by Ling sheance with a thought, and their dharmakayas were seriously injured.

Therefore, their strength had been greatly reduced.

However, in Sheng kuangzhan’s eyes, even if he were to reduce his strength by half, he would still be able to defeat Chen Xiaobei with ease.

Because of this, Sheng kuangzhan didn’t inform anyone when he noticed the commotion here. He wanted to take all the credit for it.

this time, although my son and I have suffered a great loss, all the losses before are insignificant compared to the reward from celestial master Shen CE!

“Do you know what 100000 pieces of lower spiritual Jade mean?” Sheng kuangzhan asked excitedly. Do you know what a piece of territory in the dark domain means? Hahaha ... The Sheng family is going to Rise Up!”

“Then I must congratulate you!” Chen Xiaobei almost burst out laughing.

“Kneel down! Surrender! I can make you suffer less! hahaha ... Sheng kuangzhan really thought that Chen Xiaobei was afraid of him, and his attitude became even more arrogant.

“Woof!”

But just as Sheng kuangzhan’s laughter was at its loudest and his mood was at its peak, Chen Xiaobei made his move!

A blood-red light shot out of Chen Xiaobei’s palm and turned into a sharp sword!

In an instant, the energy equivalent to five trillion upper-grade spirit stones was burned out, and the power of a peak two-star heaven immortal was directly activated!

An explosive blood-red light filled the entire secret chamber. It was dazzling, as if the sun had exploded in front of them.

Yan Lingshi was hiding behind Chen Xiaobei, but she could not even open her eyes. She could not even stand properly. She had to hold onto Chen Xiaobei’s other hand to prevent herself from falling.

One could only imagine how terrifying the pressure and impact was in the direction Chen Xiaobei was pointing at!

this ... How is this possible???

Sheng kuangzhan, who had been laughing a second ago, was now dumbfounded. If he still had his physical body, he would have peed his pants in fear.

That was because he could clearly feel an extremely powerful, fiendish, and overbearing pressure coming down on him. It was as if an ancient dragon had descended and could tear him into pieces at any time!

In addition to the terrifying pressure, there was also an absolutely crushing power that erupted.

Sheng kuangzhan could feel that it was the power of a peak two-star divine immortal. Although it was at the same level as his own cultivation, this pressure had purer power and a higher level of origin. It was enough to make him invincible among those of the same level!

In other words, even if Sheng kuangzhan was in his best condition, he would not be able to withstand Chen Xiaobei’s attack.

Moreover, Sheng kuangzhan’s physical body had been destroyed, and his dharma body was severely injured. His strength had been greatly reduced.

There was absolutely no suspense in this sword!

It was enough to kill Sheng kuangzhan!

He was extremely afraid of death, so it was natural that he would pee his pants!

“Swish ...”

Of course, Chen Xiaobei had already decided to kill Sheng kuangzhan.

A sharp whistle was heard.

The chaos Blood Sword slashed out nine layers of sword Qi, as if nine Blood Dragons had come out of their nests!

In the blink of an eye, Sheng kuangzhan’s already injured avatar was crushed by the nine Blood Dragons, and his nascent soul was destroyed!

“Boom boom boom ...”

Then, the nine Blood Dragons charged backward, directly cutting nine huge chasms that were thousands of meters long on the ground.

“Spare me ... Spare me ...”

After the sword strike, Sheng kuangzhan was only left with his primordial spirit. He knelt on the ground and begged for mercy.

“Long-winded!”

Chen Xiaobei did not want to waste any more time. He summoned the death God’s cage and captured Sheng kuangzhan’s primordial spirit.

They were quickly converted into energy and stored in the chaos Blood Sword.

Obviously, Chen Xiaobei did not have any more spiritual jades on hand. If he wanted to continue fighting, he would have to keep devouring primordial spirits.

The death Blood Crystal had given the chaos Blood Sword a new ability.

After devouring Sheng kuangzhan’s primordial spirit, Chen Xiaobei could once again activate the power of a peak two-star divine immortal without spending a single spiritual stone.

This way, Chen Xiaobei could continue to fight.

“Swish!”

Chen Xiaobei released his ethereal force and swept up Sheng kuangzhan’s storage treasure.

“Phew ... Phew ...”

Chen Xiaobei then took out two high-tier prosperous monkey fur.

One of them turned into his own appearance and was left on the spot.

The other one turned himself into a small ant and immediately said, “Lingshi! Let’s go! Immediately head to the central capital!”

Obviously!

Chen Xiaobei had purposely split the ground to lure all the enemies over.

In addition, the monkey fur could delay the enemy for a while after transforming into his own appearance.

This way, he could successfully lure the Tiger away from the mountain and let the treasure in the central capital fall into Chen Xiaobei's hands.

"Swish!"

Without another word, Yan Lingshi turned back into her demon form, picked up Chen Xiaobei, and flew northeast.

.....

"Woof! Buzzzzzz! Yi ..."

They had only left for a short while when many people arrived at the scene.

Ling Shence arrived first with Xia Yilian in his arms, followed by Hou Qingfeng and the five sons of Ling Kong, and finally demon Emperor Tian can.

"You little brat! We've finally found you!"

Everyone immediately surrounded the fake Chen Xiaobei, afraid that he would run away.

Chapter 3466: Double secret room

3466 Double secret room

"You little brat! Where did you hide Yan Lingshi?"

"Don't think that I can't do anything to you just because you don't want to tell me!" Ling Shence scolded.

The fake Chen Xiaobei stood rooted to the ground, his face full of fear and anxiety.

Obviously, if he tried not to move or speak, he would consume less energy. If the monkey hair lost its effect, he would be able to delay the enemy for a while.

The funny thing was that this group of big shots from all levels did not realize that they had been deceived.

All of them glared at the fake Chen Xiaobei, as if they wanted to scare him to death.

.....

On the other side.

Chen Xiaobei and Yan Lingshi were rushing to the central capital as fast as they could.

Fortunately, Yan Lingshi had the speed of a half-step heaven immortal. Otherwise, she would not have been able to make it in time.

On the way.

Yan Lingshi was in charge of the journey, while Chen Xiaobei entered the Meru space to check Sheng kuangzhan's storage bracelet.

After all, this guy was a Sovereign Lord of the yellow region. He should be richer than Sheng Shijie!

"Whoosh ..."

Chen Xiaobei took out 1000 pieces of low-grade spiritual Jade and 300 billion high-grade spiritual stones.

In other words, all of Sheng kuangzhan's cash added up to only 4000 lower-class spiritual jade pieces.

It was no wonder that Sheng kuangzhan immediately kneeled down and worked for Ling sheance when he was rewarded with 100000 lower-class spiritual jades.

It was really true that money could make the devil turn millstones!

After that, Chen Xiaobei took out a peak two-star heaven-immortal instrument, pills, materials, some low-level magical equipment, and a bunch of other resources from the storage bracelet.

now that the chaos Blood Sword has been upgraded to the level of a peak nine-star heaven immortal, these things are of no use to me. I might as well refine them directly!

Chen Xiaobei then took out the heaven and earth furnace and threw all his loot into it.

Then, he injected a wisp of witch Dragon heavenly flame into it, trying to refine all these things into spiritual aura.

This way, Chen Xiaobei could upgrade his witch Dragon Flame or his other trump cards.

Maximize the use of all resources.

The Tian can demon Emperor's wealth should be about the same as Sheng kuangzhan's. The five sons of Ling Kong were poorer than Sheng kuangzhan, while hou Qingfeng was much richer! Of course, Ling sheance was the richest one!

Chen Xiaobei did some simple calculations. As long as everything went smoothly, he would be able to reap a huge harvest this time.

The refinement process would take some time, so Chen Xiaobei left the Meru space.

Coincidentally, Yan Lingshi's side had also successfully arrived at the central capital.

Using the same old method, Chen Xiaobei found the secret passage to the core Treasury using the location in his memory and the Golden gaze fiery eyes.

Following the secret passage, walking to the end, the two of them successfully found this central capital's treasure vault.

In terms of scale, the central capital's Treasury was at least a hundred times larger than the southern capital's.

Just as Chen Xiaobei had predicted, the treasure hidden here would at least be a one-star divine item.

“It’s right in front!”

Chen Xiaobei’s golden gaze fiery eyes immediately locked onto an empty space at the core of the vault.

Under that empty space, there was a secret room that was covered by the “isolation array.”

Having learned from the experience of luring Sheng kuangzhan here, Chen Xiaobei did not plan to break the ground this time. Instead, he planned to sneak into the secret underground room as easily as possible.

but ...

When Chen Xiaobei and Yan Lingshi flew over, they were surprised to find that there was a big hole in the ground!

When he looked up, there was also a big hole in the sky, and he could see the sky directly.

“Someone is one step ahead of us? Could the treasure have already been taken away?” Yan Lingshi suddenly became nervous.

This was the central capital!

The most precious treasure in the entire space was here!

If someone else beat him to it, Chen Xiaobei would lose one of his most valuable treasures and his entire plan would be ruined!

“Don’t be nervous!”

Chen Xiaobei shook his head and said, “Something must have fallen from the sky and dug a hole in the ground! It might not be a person, but a stone or something ...”

“No matter! Let’s go down and take a look first!” Yan Lingshi impatiently rushed into the Big hole in the ground.

After passing through the isolation formation, the two of them successfully entered the secret room.

“The treasure is still here!”

Chen Xiaobei and Yan Lingshi cheered in unison.

He saw a Golden Demon-subduing pestle floating in the middle of the secret room.

It was not a magic treasure, but more like a demon-subduing magic artifact in the hands of a Buddhist monk.

In other words, it was still an object in essence and had not been refined into a weapon, so it did not have powerful power.

Of course, even if it did not have any power, it was still what Chen Xiaobei wanted the most!

“That’s great! It’s perfect!”

I was right! This is a one-star divine item! Chen Xiaobei said excitedly. Furthermore, it was the purest and most Yang Metal attribute! In this case, I only need an earth-element spiritual foundation to be able to fight with Ling sheance!”

“Strange ...”

However, at this moment, Yan Lingshi’s expression froze. She asked in confusion, “Logically speaking, if the thing that fell was alive, it would definitely take away the Vajra scepter! If it’s an inanimate object, it should still be in its original place!”

yeah ... Chen Xiaobei was taken aback.

The large holes in the ceiling and the ground of the Treasury were clearly caused by falling objects.

But at this moment, there was nothing in the secret room other than the Vajra scepter.

This was a little strange.

“Chi ...”

Chen Xiaobei activated his golden gaze fiery eyes.

After looking around, he immediately made a discovery.

“There’s a secret room behind that wall!”

Chen Xiaobei pointed at the wall on the left and quickly found the mechanism to open the hidden compartment.

“Chi ...”

Chen Xiaobei reached out and pressed a brick on the wall.

Soon, a stone door opened on the wall, revealing another “isolation array”!

However, behind the isolation array was not a secret room, but a space gate.

“It seems like ... The one who fell from the sky should be a person!”

it’s probably because he accidentally knocked into a trap! Chen Xiaobei speculated. he fell into this portal before he could grab the Vajra!

“Right! It should be like this!” Yan Lingshi nodded and said hesitantly, “Should we go in and take a look?”

“I’m not going!”

no! Chen Xiaobei shook his head and said, “that person fell in and never came out! Doesn’t he want the Vajra scepter?”

“I understand what you mean!” Yan Lingshi was very smart. She said indifferently, that person definitely wants the Vajra scepter, but he can’t come out after he goes in!

“Right!”

we haven't found the Earth-based spiritual base yet. We don't know what kind of danger this place has. So, we're not going in! Head directly to the eastern capital!"

"Alright!"

"Should we close the door to this secret room?" Yan Lingshi nodded and asked.

Chapter 3467: The bones of strange beasts

3467 The bones of strange beasts

"I won't!"

it's best if all the enemies go in. Chen Xiaobei grinned. wouldn't it be great if they can't come out? "

"You're still the bad one!"

"Let's continue our journey to the eastern Royal City!" Yan Lingshi smiled slyly.

With that, Yan Lingshi's purple demonic body wrapped around Chen Xiaobei, who had turned into an ant, and they continued to rush to the next Imperial City.

In Chen Xiaobei's memory, the eastern Royal City had the last high-grade treasure in this space.

Other than that, there was only a super-large spiritual vein left.

After gathering all the benefits, Chen Xiaobei would know if he had a way to fight Ling sheance.

The overall plan could be seen in the end.

.....

"Woof! Yi ..."

Not long after, Ling sheance and Xia Yilian appeared in the central capital again.

Ling Shence's face was twisted, and his eyes were full of anger. "Damned brat! How dare you play with me with a single hair! If I can catch him! I'm going to eat his flesh! Drink its blood! Destroy his primordial spirit and soul!"

As a nine-star heavenly immortal, Ling Shence was a smart man, but he was fooled by Chen Xiaobei.

Ling sheance had never been played like this in his life.

It was like an invisible slap on his face, which made Ling Shence extremely depressed and angry.

Brother God's will, you look so scary when you're angry ... Why don't I help you vent your anger? "

Xia Yilian had a fawning smile on her face and knelt down again.

"Eh?"

When Xia Yilian knelt down, she suddenly saw a big hole in the ground from the corner of her eye."Brother God's will, what do you think that is?"

“What?”

Ling Shence fixed his eyes on the entrance of the cave.

He walked over and found that the hole led directly to the secret room of the treasure vault.

“BOOM!”

Ling Shence crushed the ground with a single thought and flew down.

Xia Yilian followed closely behind and also followed.

They entered the spacious Treasury and went down to the secret room where the Vajra scepter was stored.

Naturally, Ling Shence and Xia Yilian saw the stone door on the wall that Chen Xiaobei had left open on purpose.

And behind the stone door was a space gate that was concealed by the “isolation array”!

“No wonder we couldn’t sense that kid and Yan Lingshi! So, they’ve been hiding here all this time!”

Xia Yilian suddenly became excited, “brother God’s will!” We’ll go in immediately and capture them!”

“Alright!”

Ling shenci nodded. He was about to step into the space gate, but he suddenly stopped.

Obviously, he was not a fool.

He didn’t want to risk his life before he was sure if it was safe behind the door.

“You go in first! If there’s no danger, you can come back and inform me!” Ling Shence glanced at Xia Yilian.

“Ah?”

Xia Yilian’s expression froze. She immediately shook her head and said coquettishly, “Don’t! I’m just a weak girl, without the protection of brother God’s will, I don’t dare to go anywhere!”

Obviously, not only was Xia Yilian not stupid, but she was also more shrewd than a ghost!

There was no way she would enter this completely unknown space gate herself.

“Swish!”

Unexpectedly, Ling Shence pushed Xia Yilian into the space gate without saying a word.

“F * ck! Who Do You Think You Are? What qualifications do you have to bargain with me?”

Ling shenci was expressionless, as if it was only natural.

Xia Yilian naively thought that she would be able to become a Phoenix as long as she could cling onto Ling sheance.

However, the reality was that Xia Yilian was like a tired toy to Ling Shence, and he could throw her away at any time.

why isn't he out yet ... It seems like there's really danger in there!

Ling Shence waited for a while, but Xia Yilian didn't come out, so he didn't dare to go in.

Just like that, Xia Yilian never came out again. Ling Shence stood still and didn't dare to take a step forward.

.....

In the eastern capital.

Chen Xiaobei and Yan Lingshi had successfully found the secret chamber of the vault.

However, Chen Xiaobei did not get what he wanted.

In the secret chamber, he did not find the earth spiritual foundation that Chen Xiaobei was looking for.

He only found a very strange-looking beast bone.

As if it was cast from bronze, this beast bone had clear edges and was very heavy. Moreover, it had strong spirituality. It was another nine-star celestial immortal item.

"We're finished ..."

'If I can find the earth spiritual foundation, I can fight Ling sheance! However, if I can't find the Earth Spirit base, then the vast sea Sky Crystal and Vajra scepter I found before are meaningless!"

"What should we do now?" Yan Lingshi was also getting anxious.

One could only enter and not leave this space. If Chen Xiaobei and Yan Lingshi could not defeat Ling sheance, they would be dead.

there's no other way. Let's go and collect that super-large spiritual vein first! Chen Xiaobei calmed himself down and made his decision.

Even though the initial plan could not be implemented.

However, Chen Xiaobei could not remain in the same spot. Otherwise, the enemy would only get closer and closer, and there would be no way for him to escape.

After all, the enormous spiritual vein was equivalent to three trillion upper spiritual stones. It could be used to power Dharma Treasures and also to ripen the blood Bodhi. It was definitely a very important resource.

"Good! Let's set off now!"

Yan Lingshi brought Chen Xiaobei to the location of the spirit vein.

While he was on his way, Chen Xiaobei returned to the Meru space and studied the beast bone he had just obtained.

“Chi ...”

After the vital essence was injected, countless ant-sized patterns lit up on the beast bone.

Upon a closer look, these patterns were all carved in great detail, and there were countless connections between them.

“This is a rune! If I’m not wrong, this is the rune pattern of a powerful formation!”

It’s a formation! Chen Xiaobei’s eyes lit up. If it can use a nine-star heavenly immortal item as the formation’s eye, it means that the formation is at least a nine-star heavenly immortal! If the core is of a higher grade, the level and power of the formation will be higher!”

Chen Xiaobei was very excited.

As long as he could find the formation and place the eye of the formation, Chen Xiaobei would be able to use the power of the formation to fight Ling Shence.

Of course, the prerequisite was that there had to be enough spiritual Qi to activate the formation.

A nine-star heaven immortal level formation would probably consume a large amount of superior-grade spiritual Jade to activate.

Chen Xiaobei did not have that many.

He could only hope that there was still some spiritual energy left in the formation.

This was the only way Chen Xiaobei could think of to defeat Ling Shence.

.....

After leaving the Meru space, Yan Lingshi also arrived near the spirit vein.

However, Yan Lingshi did not dare to go over.”Bro bei ... Look in front ...”

He saw that in the direction of the spirit vein, nearly 20000 mountain escapees were lying on the ground, greedily absorbing the spirit Qi.

It was not difficult for Chen Xiaobei to defeat them, but he had to find a way to avoid attracting the attention of other pursuers!

Chapter 3468: massacre

“No! We have to think of a way quickly!”

Wait! Chen Xiaobei was suddenly nervous. If we don’t get rid of these otherworldly demons quickly, even the Super-large spiritual vein will be sucked dry!

“I have no choice ...”

There are so many demons! Yan Lingshi frowned. Once they start fighting, Ling Shence will be the first one to arrive!

if we really can't do it, we'll have to go to the formation ... Chen Xiaobei frowned. but when I used the blood spirit projection, I didn't find any other runes in the array ...

Logically speaking, there should be multiple formation eyes in a formation.

It was impossible for Chen Xiaobei to not sense the same level of runes as the beast bone.

"Unless ..."

unless the formation is not in this dimension! Chen Xiaobei said.

"Not here?"

"Then it's very likely that it's inside the central capital's space gate!" Yan Lingshi immediately reacted.

"If that's the case, we only have one way!"

"I'm going to lure the Tiger away from the mountain again!" Chen Xiaobei said. Lure Ling sheance away and we will rush back to the central capital! Only by entering the space gate can I have a chance to fight Ling sheance!"

It was obvious that Chen Xiaobei would not be able to fight Ling sheance with his current trump card.

Although he didn't know what was behind the space door, he knew that if he entered, he might have a chance of survival. If he didn't, he wouldn't even have a chance!

"I'll listen to you!" "I'll support you no matter what the outcome is!" Yan Lingshi nodded.

"Alright!" Chen Xiaobei looked at Yan Lingshi.

The closer it was to life and death, the deeper the feelings between them could be.

"Whoosh!"

Chen Xiaobei took out the nine luminaries broken prison, transformed back to his original form, and charged forward.

With the burning of spirit energy, this mid-stage two-star heaven immortal artifact instantly burst out with an absolutely overwhelming power.

Chen Xiaobei charged at the 20000 otherworldly demons like a tiger charging into a flock of sheep.

The blade slashed wildly, and each slash was filled with monstrous flames. In an instant, the area within a radius of several dozen kilometers was turned into a sea of fire.

"Ow.....Wuwuwu... ..Wuwu"

One could only hear waves of shrieks and wails. Those one-star heaven immortal level mountain escapees did not have the slightest ability to resist.

In the extremely powerful fire, they could only watch as their bodies were burned to ashes. Their Dharma bodies were burned to pieces, and their souls were burned to nothingness.

In the end, only twenty thousand primordial spirits were left, wailing in the sea of fire.

“Death God’s cage!”

Chen Xiaobei would not let go of this energy. He waved his right palm, and a blood-red light filled the sky.

In an instant, the primordial spirits of 20000 one-star demons were absorbed into the chaos Blood Sword and converted into energy.

In addition, there was the primordial spirit energy from Sheng kuangzhan.

He swung the chaos Blood Sword again, and its power was infinitely close to that of a three-star heaven immortal.

“Chi ...”

After clearing the area, Chen Xiaobei took out the verdant Emperor’s divine gourd.

He had wanted to extract the spirit vein immediately.

However, when Chen Xiaobei reached the core of the spiritual vein, he realized that the spiritual vein was on the verge of drying up. There was not much spiritual Qi left.

“That’s impossible ...”

what? ” Chen Xiaobei was confused. when I used the [blood spirit projection], there was a lot of spiritual Qi. Even if these cosmic demons have been absorbing it all this time, it’s impossible for them to drain it all so quickly ...

“There is only one possibility!”

it’s gone! Chen Xiaobei said, ” the spiritual Qi was absorbed by something else!

“You little brat! Are you looking for this demon Emperor?”

At this moment, the avatar of the Tian can demon Emperor descended.

This avatar was in the form of a Yimo with an iron beard. It looked extremely ugly.

“Woof! Buzzzzzz! Yi ...”

Hou Qingfeng and the lingkong five also arrived.

“You little brat! You actually dare to play us like monkeys! Let’s see where you can run to this time!”

Hou Qingfeng was furious, and a bone-chilling killing intent emanated from his body. if celestial master Shen CE didn’t want to capture you alive, I would have killed you right now!

“What?”

Chen Xiaobei was surprised. “You mean Ling sheance didn’t come?”

“Nonsense!”

you’re just a piece of trash, ” hou Qingfeng said coldly. why would the celestial master of God’s will do it himself? ”

Obviously, Ling Shence had been tricked once and would not be tricked this time.

In Ling sheance's eyes, the few dogs below were enough to capture Chen Xiaobei and Yan Lingshi alive.

Therefore, Ling Shence was still guarding the central capital. He had no intention of coming over to avoid being lured away again.

"Ling sheance is indeed powerful! The same scheme can't succeed on him twice!"

Chen Xiaobei sighed, but the smile on his face was even brighter.

According to the original plan, Chen Xiaobei wanted to lure Ling sheance over.

However, Ling Shence thought he was smart and didn't come in person.

This was the perfect opportunity for Chen Xiaobei to kill all his lackeys.

No one on the enemy's side, including Ling sheance, would have expected that Chen Xiaobei's combat power was so different from before!

Before entering the isolated space, Chen Xiaobei's strongest trump card was the nine luminaries hell cutting saber. He could not even defeat any of the five sons of Ling Kong.

But now, the chaos Blood Sword contained a power that was infinitely close to the three-star divine immortal level, only slightly weaker than Hou Qingfeng's.

Even so, Chen Xiaobei was very confident about this battle.

"Since you know that the celestial master of God's will is extremely smart, you should give up resisting immediately! A pointless struggle will only make you suffer more!"

The Tian can demon Emperor waved his thick metal whiskers. He was making it sound nice, but he was already itching to torture Chen Xiaobei.

In fact, if it were not for Ling Shence's insistence on capturing Chen Xiaobei alive, the people around him would have already charged forward and beat Chen Xiaobei up.

heh, Ling sheance is very smart!

hehe! Chen Xiaobei laughed. but this time, he was too smart for his own good!

"You ... What do you mean?" Hou Qingfeng was a bit nervous.

Chen Xiaobei's lips curled into a devilish smile. "If Ling sheance comes, I will have to run away! But he didn't come, so I can go on a killing spree!"

"What? Are you going to start a massacre?"

Hou Qingfeng was dazed for a moment before he burst into laughter. "Are you trying to kill us? Hahaha ... Did sh * t get into your brain? How could he have such an idiotic idea!"

"Truly foolish to the extreme!" The Tian can demon Emperor laughed as well, "you're just an ant! I can turn you into meat paste with one of my metal whiskers!" You want to start a massacre? It's simply the biggest joke in the world!"

At the same time, Ling Kong's five sons also laughed. They looked at Chen Xiaobei as if he was a brainless retard.

His cultivation was so low, yet he still dared to say that he was going to start a massacre! If this wasn't retarded, then what was?

"Clang!

Suddenly, a high-pitched sound of a sword burst out from Chen Xiaobei's right palm!

His killing intent instantly enveloped the entire space!

Chapter 3469: The five sons of the sky

3469 The five sons of the sky

"F * ck! You really dare to fight us? Watch how I'll deal with you!"

The Tian can demon Emperor was the first to lose his patience. He waved his metal whiskers and charged at Chen Xiaobei.

"Whoosh ..."

At the same time, the chaos Blood Sword burned all the energy it had stored up and suddenly burst out with a power infinitely close to that of a three-star heaven immortal.

"Oh my God!"

The Tian can demon Emperor gasped. He was already halfway there when he stopped.

At this moment, the power of the chaos Blood Sword was stronger than the Tian can demon Emperor's cultivation.

Moreover, the chaos Blood Sword also radiated with an extremely terrifying pressure and intelligence, as well as an extremely profound and mysterious aura of origin.

that ... That's a quasi-divine sword at the level of a peak nine-star heaven immortal!

The Tian can demon Emperor's eyes almost popped out of their sockets when he saw what was going on. His body started to shake.

"What? The peak of a nine-star heaven immortal?"

Hou Qingfeng and the Ling Kong quintet were also stunned. They even wondered if they were dreaming!

"How is that possible? How could that kid have such a high-grade treasure!" The Tian can demon Emperor could not believe his eyes.

He trembled violently and did not dare to take another step forward. Instead, he immediately retreated behind Hou Qingfeng.

"Don't panic!"

Hou Qingfeng was a formidable man in the land after all, so he was very calm at the moment.

“That kid has a quasi-divine sword! However, he did not have enough spiritual energy! Feel it carefully! The power of that sword wasn’t even at the three-star heaven immortal level!”

Hou Qingfeng saw through it immediately. He comforted the crowd, “Don’t worry! I can even block that sword! It won’t be a problem to defeat that kid!”

“Phew ...”

With that said, the Tian can demon Emperor and the Ling Kong five finally heaved a sigh of relief.

“Lord Marquis! Don’t give that kid a chance! Let’s form the five elements great array and take him down with one move!” At this moment, the Ling Kong quintet, who hadn’t spoken much all this time, finally spoke.

The practicing bodies of the five people flew out at the same time and asked hou Qingfeng to fight.

“Good! We’ll use the five elements great array!”

Hou Qingfeng nodded, his eyes full of confidence. as long as I defeat that kid, I’ll be able to take his quasi-divine sword. I’m really blessed by God! He’s giving me a great opportunity! Hahaha ...”

“Congratulations, Lord Marquis! Congratulations, Marquis! Our hou clan can finally rise to power!”

The Ling Kong five were also very excited as they flew forward.

“Whoosh! Whoosh! Whoosh ...”

The next moment, the five of them stood in their designated positions.

Then, their vital essence began to circulate. It just so happened to be the five elements of gold, wood, water, fire, and earth!

Moreover, the position where the five of them were standing was in accordance with the order of the five elements.

“Oh?”

Chen Xiaobei was not in a hurry to attack. Instead, he observed the situation with great interest. I didn’t expect hou Qingfeng to have so many mutants with five-elements spiritual roots. They can even form the minor five-elements formation. That’s impressive!

“Bro bei!”

At this moment, Yan Lingshi, who had been hiding in the distance, rushed over and said anxiously, “Let’s quickly retreat! That was the hou clan’s “five elemental surge array”! Once it’s activated, it can use the law of the five elements to enhance its original combat power!”

“Hou Qingfeng’s cultivation is stronger than your chaos Blood Sword. With the five-element array, he can defeat you in an instant! If you don’t have enough energy to make a second attack, you’ll be dead!”

It was obvious that Yan Lingshi had been paying attention to the battle and had a clear understanding of the strength of both sides.

According to normal logic, Chen Xiaobei would definitely lose and retreating was the best option.

“Hurry up! Quickly get into formation! We can’t let that kid get away!”

Even hou Qingfeng thought that Chen Xiaobei would run away, so he urged the five of them to get into formation.

“Hurry up! Hurry up! Kill that kid! Catch Yan Lingshi! We can leave this damn place! Hurry up!”

The Tian can demon Emperor could not wait for the five elemental surge formation to be formed and kill Chen Xiaobei.

“Whoosh! Whoosh! Whoosh ...”

Naturally, the Ling Kong five also used all their strength. They made every second count and tried their best to quickly form the formation.

“Ha.”

However, just when everyone thought that Chen Xiaobei would run away, Chen Xiaobei gave them a shocking answer.

“I won’t leave!”

Chen Xiaobei smiled and said, “One sword strike is enough to deal with the few of them! If I use my sword a second time, I’ll lose!”

“What?”

Everyone was shocked by his words.

“Bro bei! You ... Where do you get your confidence from?” Yan Lingshi was dumbfounded. This was not the time to joke around.

Even though she wanted to believe in Chen Xiaobei, she could not figure out how he was going to defeat his opponent with one sword.

“F * ck! You’re too arrogant! You’re clearly at a disadvantage, so what makes you think you can defeat us with a single sword strike?”

“I think you’ve been scared silly!” The Tian can demon Emperor cursed. That’s why you said such brainless words!”

“Don’t waste your breath on him! I’ll kill him in one move!”

Hou Qingfeng focused his eyes and activated the power of the white jade ring in his hand.

It was a three-star heaven-immortal item, and it was hou Qingfeng’s Natal item.

Although hou Qingfeng’s physical body had been destroyed and his Dharmakaya seriously injured, his strength had been greatly reduced.

However, with the help of his Natal Dharma Treasure, hou Qingfeng's lost strength was completely made up.

In other words, hou Qingfeng could use his own celestial core power to activate the power of the white jade ring, and he could unleash the perfect power of a three-star heaven immortal without any reduction.

"Whoosh ..."

Only to see a pure white spiritual light suddenly fall on the formation formed by the five of them.

Then, according to the law of the five elements, this white light flowed through the bodies of the Ling Kong five sons.

Gold begets water! Water begets wood! Wood begets fire! Fire begets earth! Earth begets gold!

Every time the white light passed through a person, its power would be strengthened by a bit!

After one cycle of the five elements, hou Qingfeng's three-star divine fairy power was strengthened by more than thirty percent, which made him invincible among his peers!

"You little brat! Open your dog eyes and see clearly! Not to mention one sword! You can't defeat me even if you use a hundred or ten thousand swords! Hahaha ..."

Hou Qingfeng laughed arrogantly.

"Awesome!"

"This five elements array is amazing!" The Tian can demon Emperor praised. It was enough to crush that little brat! It seems that the quasi-divine sword is destined to be yours!"

"Bro bei! It'll be too late if we don't retreat!" Seeing this, Yan Lingshi was completely flustered. She even looked desperate.

"Ha, you have the nerve to show off in front of me with a mere inferior minor five elements formation?"

Chen Xiaobei raised his brows and smiled evilly. "In front of my five elements Dao, you can only kneel down and call me father!"

the five elements great Dao!?

Hou Qingfeng and the Ling Kong five were in disbelief.

It was obvious that the "Five Element surge array" was the hou family's famous ultimate move, and the five sons of the sky were all mutants with Five Element spiritual roots.

They were naturally more knowledgeable about the five elements Dao than others.

"You little brat! You said you can use the five elements Dao?"

Hou Qingfeng did not rush to attack. Instead, he questioned coldly, "Do you know what the five elements great Dao means? That's the way of the Golden core that's above the formation!"

"Do I need you to tell me that?"

of course! Chen Xiaobei laughed. the foundation of the five elements Dao is the same person activating the five types of ethereal force! Because the five types of true essence come from the same person, no matter if it's a cycle of mutual generation or a cycle of mutual suppression, there will be no energy loss!"

in comparison, although the formation has a similar effect, the true essence comes from different people, so the resonance of the origin is definitely not perfect. Every cycle will consume a part of the energy!

"The lower the level of the formation, the more energy it will consume, and the greater the gap between it and the Golden core Dao! With the same level of power as the foundation, any five-element array will never be as effective as the way of the Golden core!"

Chen Xiaobei was an expert when it came to the Dao of the five elements. He explained everything clearly and without missing a single detail.

"I didn't expect you to know so much, kid!"

Hou Qingfeng sneered. since you know so much, you should also know that no one in this world has ever been able to activate five types of true essence at the same time!

Under normal circumstances, one person could only cultivate one type of true essence.

Only a few talented people could practice twin quintessential essence. As for five, hou Qingfeng had never seen or heard of it.

"Heh, the Hong Meng Demon Realm is only a small world! If there isn't one here, is there no one else?"

what?" Chen Xiaobei chuckled. open your dog eyes and see what the five elements Dao is!

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei then took out his four spiritual bases!

Vajra scepter! The godwood sword! Vast sea heavenly crystal! Primordial chaos demonic flames!

"Woof! Buzzzzzz! Yi ..."

The next moment, Chen Xiaobei released his golden! Wood! Water! Fire! The four types of quintessential essence were connected to the four spirit bases!

how ... How is this possible?!

Hou Qingfeng and the lingkong five were dumbfounded. They couldn't believe their eyes.

"Oh my God ... This is actually real ..."

Yan Lingshi was even more shocked. She stared at Chen Xiaobei as if she had seen a God.

“Lord Marquis! Don’t just stand there! Hurry up and attack! Don’t let that kid use the five elements great Dao!”

The Tian can demon Emperor was very cautious. He warned the others loudly when he saw that the situation was not right.

“No rush!”

However, hou Qingfeng only shook his head and said, “That kid only has four types of Zhen Yuan! Without the earth element, he would not be able to form the complete five elements great Dao! His strength can’t compare to mine!”

“Watch carefully! This is the earth attribute you want!”

Chen Xiaobei’s eyes narrowed as he swung the chaos Blood Sword!

“The five elements are born from each other! All techniques were connected! One thought of the origin! Heaven and earth return to one!”

After all, Chen Xiaobei’s cultivation of the Scripture of heaven and earth could generate any type of ethereal force!

The chaos Blood sword’s origin was the chaos sword embryo, which had no attributes!

“Woof!”

Using his own earth ethereal force and the chaos Blood sword’s power, Chen Xiaobei unleashed an extremely pure Earth-element attack!

This strike had burned up all the energy in the chaos Blood Sword, and it was infinitely close to the power of a three-star heaven immortal.

However!

The earth-element sword did not go for hou Qingfeng. Instead, it went into the Vajra.

“Whoosh ...”

The five elements great Dao! Earth begets gold!

In the next moment, the Vajra scepter released a terrifying metal true essence. Its power was more than thirty percent higher than before, reaching the three-star heaven immortal level!

“Whoosh ...”

And this power surged into the vast sea Sky Crystal.

Gold begets water!

After that, the vast sea Sky Crystal released a wave of water primeval essence, and its power increased by another 20%!

“Whoosh ...”

Following that, the water ethereal force poured into the godly wood sword.

Water begets wood!

Its power increased by another 20%!

At this point, the wood ethereal force released by the godly wood sword was more powerful than hou Qingfeng's power after it was enhanced!

"Mother! Attack! Hurry up! Otherwise, it'll be too late!"

Hou Qingfeng shrieked at the sight. He didn't dare to waste a second and released all his pure ethereal force!

One could only say that Chen Xiaobei's control of the five elements Dao had reached the peak!

The four coincidences just now only took less than a second!

It was no wonder that hou Qingfeng was already at a disadvantage by the time he realized what was going on.

By the time hou Qingfeng made his move, Chen Xiaobei had already completed the fifth cycle of the five elements!

The wood true essence poured into the primordial demonic flame!

Wood begets fire!

Its power was enhanced by another 20%, and it was now infinitely close to the mid-stage three-star heaven immortal realm!

"Boom boom boom ..."

Chen Xiaobei summoned a terrifying Fire Dragon from the grandmist demonic flame.

The terrifying power caused the entire space to tremble violently.

Wherever the fire Dragon passed, the sky turned red and the earth turned into lava. It was as if time and space were melting. Anyone who dared to stop it would be burned to ashes!

"Bang ..."

With a loud noise, hou Qingfeng's pure white ethereal force, which had been strengthened by the five-element surge formation, was burned up by the fire Dragon like a piece of paper. It did not cause any hindrance.

"Mother of God!"

Hou Qingfeng's Dharmakaya was shattered, and his nascent soul and soul were burned into ashes!

"F * ck ..."

The unluckiest one was the Tian can demon Emperor.

He had been standing far away, but the fire Dragon's power was too terrifying. Yu Bo alone was enough to kill him.

In the next moment, the Tian can demon Emperor's body was also destroyed, and his soul scattered.

"Death God's cage!"

Everything was under Chen Xiaobei's control. The next second, he released his special ability and captured the primordial spirits of all seven of them.

Right now, Chen Xiaobei already had very little spiritual stones and spiritual jades. He could not let go of any energy.

Fortunately, after digesting the primordial spirits of these seven people, the chaos Blood Sword was able to unleash a strike that was close to the power of a mid-stage three-star heaven immortal.

"Woof! Buzzzzzz! Yi ..."

The next moment, Chen Xiaobei released tens of thousands of mayfly demonic crows to collect the 20000 storage bracelets of the skyfiends, as well as the storage bracelets of hou Qingfeng and the other seven.

He couldn't let go of these resources either.

"Lingshi! Let's go! We're heading straight for the central capital!"

Without hesitation, Chen Xiaobei put away all the storage bracelets and transformed back into his tiny ant form.
