### Red Envelope Group of the Three Realms

#### Chapter 3481: crazily soaring

The sea of crape myrtle forest.

Chen Xiaobei and Yan Lingshi had successfully reached their destination.

The heaven immortal weapon left by the weapon Mystic sect was in this forest.

According to Chen Xiaobei's plan, after getting the heaven-God instrument and the legacy, he would bring Yan Lingshi back to the earth-god Realm.

"I can feel it. That attractive force is not far ahead."

Yan Lingshi held Chen Xiaobei's hand as they strolled among the green grass and trees. She was in a very good mood.

"How come you don't seem nervous at all? You're about to take back the memories of your Second Life. Can you really accept that?"

Chen Xiaobei, on the other hand, could not relax. He was worried about Yan Lingshi.

It was easy to say that the memories of the two lives had merged, but there would definitely be conflicts, abnormalities, and even rejection, which would lead to a split personality. This was no joke.

"What's there to be nervous about?"

Yan Lingshi smiled coyly and said with her coquettish eyes, "The me in my past life and the me now, both loved you deeply! This was enough! I'm not afraid of anything, so you don't have to worry!"

phew ... Chen Xiaobei let out a long sigh. He looked at the silly girl in front of him, and his heart was filled with warmth and happiness.

"Chi ..."

As Yan Lingshi approached, the heaven immortal artifact sealed in the immense forest seemed to sense her arrival. It began to emit waves of strong spiritual fluctuations, resonating with her.

"Bro bei, you stay here!"

Yan Lingshi let go of Chen Xiaobei's hand and walked forward alone.

"Clang!!!"

In an instant, a sharp whistle reverberated in all directions.

Like a dragon emerging from the sea, a fiery red scimitar suddenly flew out from the ground.

The shape of this scimitar was like a crescent moon burning with fire, and there were exquisite and unique runes carved on it.

"Swish!"

In the next moment, the scimitar flew directly in front of Yan Lingshi and actively sent out its spirit to communicate with Yan Lingshi. It also took the initiative to recognize Yan Lingshi as its master.

“Red Moon ... It’s you!” He cried.

Yan Lingshi’s expression froze slightly. She looked at the fiery red scimitar as if she was looking at an old friend.

“Whoosh ...”

The next moment, a mysterious power was released from the fiery red scimitar. It enveloped Yan Lingshi and slowly transferred the power into her body.

That’s right!

The legacy had already begun!

As time passed, Yan Lingshi obtained a huge amount of energy from the inheritance, which she felt was enough for her to break through to the nine-star celestial immortal realm.

However, Yan Lingshi had yet to ascend, so her energy could only be suppressed within her body. She could not break through directly.

Apart from that, Yan Lingshi had also obtained a huge amount of information from this inheritance. Among them were her memories from her previous life. In addition, there were also many memories about little Daji and some instructions from mother Nuwa.

In the end, the power that enveloped Yan Lingshi flowed in reverse and returned to the Crimson Moon scimitar.

This scimitar was originally a peak one-star heaven immortal equipment. However, after receiving the energy feedback, its grade had actually reached the three-star heaven immortal grade.

According to Yan Lingshi’s latest information, this Crimson Moon scimitar should be at the peak of the nine-star celestial immortal realm.

However, most of its power had been sealed. As Yan Lingshi’s cultivation level increased, the seal would be removed bit by bit, and the scimitar’s strongest power would slowly be restored.

“It’s done ...”

Yan Lingshi took a deep breath and stood silently on the spot. She caressed the Crimson Moon scimitar and recalled some memories that did not belong to this life, as well as her mission.

“Are you alright?”

Chen Xiaobei quickly ran over.

“I’m fine ...”

“Let’s hurry back to the earth-god Realm. I need to ascend as soon as possible!” Yan Lingshi smiled.

“Yes, I will definitely bring you back!” alright! Chen Xiaobei nodded. but, I’m a little worried. Can you leave the Hong Meng Demon Realm? ”

One must know that the Hong Meng Demon Realm was suppressed by the eastern Emperor Bell. The people of the Three Realms could enter and leave freely, but the demons of the Hong Meng Demon Realm could not leave.

Chen Xiaobei was worried that Yan Lingshi would not be able to leave Hong Meng Demon Realm. That would be another huge problem.

“Don’t worry, my demon body is primordial violet vapor!” Yan Lingshi said indifferently. The bell of the East Emperor can’t sense my presence!”

you ... You’re really a primordial violet Qi demon!? Chen Xiaobei was shocked.

However, after thinking about it carefully, this was not strange.

Even Ling Shence could not sense Yan Lingshi. Furthermore, Yan Lingshi was able to come back to life and escape her fate of death after activating the demonic Fire Red Lotus.

In this world, the only thing that could do these two things was probably the primordial violet vapor!

“That’s great! We’ll go back immediately!”

let’s go back! Chen Xiaobei said impatiently. back to Earth-god Realm, back to our territory!

.....

At the Hong Meng Demon Realm’s exit.

As long as he crossed it, he would be able to return to the earth-god Realm.

“Lingshi, do you still remember your previous divination?”

what?! Chen Xiaobei frowned. you said that we’ll face a huge disaster when we return to Earth-god Realm!

“I remember!”

“That catastrophe no longer exists now!” Yan Lingshi nodded.

“Why is that?”

Chen Xiaobei asked.

“The legacy within the Crimson Moon scimitar was left to me by mother Nuwa. There is some information within it ...”

“The Jade Emperor must have noticed that you killed Xu Fu in the previous catastrophe, so he wanted to use heavenly punishment to kill you!” Yan Lingshi said.

“This ...”

Chen Xiaobei was surprised. “Even if we go out now, we might not be safe ...”

"I'm fine now!"

Yan Lingshi smiled. the unification of the earth-god Realm will usher in a peaceful era for the next trillion years. Even the Dao ancestors know about your contributions. The Jade Emperor will naturally not dare to harm you again!

"What? Has the earth-god Realm been unified?" Chen Xiaobei was taken aback and said in disbelief, "How come I don't know about it?"

"Idiot!"

"This is the Hong Meng Demon Realm. There are no laws of merit here, so you naturally don't know about it!" Yan Lingshi laughed. You'll know immediately when you return to the earth-god Realm!"

"Good! Then let's go back now!" Chen Xiaobei could not wait any longer!

"Whoosh ..."

He passed through the space gate.

Chen Xiaobei and Yan Lingshi returned to the earth-god Realm together.

[ ding! Congratulations! You have been upgraded to the Emperor of nine lives! ]

"F \* ck ... F \* ck ... F \* ck ..."

The moment he returned to the earth-god Realm, Chen Xiaobei was dumbfounded.

The netherspirit battlescouter kept showing the Three Realms merit points.

With 100 trillion merit points, Chen Xiaobei had successfully ascended to the throne of nine human emperors.

Previously, song Qincheng had taken back the other half of the merit points from Li Shimin and attained the Emperor realm for nine lives. She had also received an immortal Ascension pill.

When the Jade Emperor failed to steal the chicken, he doubled Chen Xiaobei's scheme and gave him an extra one. "The Ascension elixir is for Chen Xiaobei.

Now that Chen Xiaobei had reached the Emperor level for nine years, he was about to get his third Ascension elixir.

This way, not only would Chen Zhongfu and Zhang Chui 'er be able to ascend successfully, but they would also have an extra Ascension elixir. It would be very useful if they were able to make flexible arrangements!

However ...

Chen Xiaobei had only been happy for a few seconds when something even more shocking happened.

[ ding! Stop the war (earth-god Realm). You have received 250000 (+250000) billion three realms merit points! ]

what the f \* ck!!!

Chen Xiaobei was dumbfounded.

He had already expected that the unification of the earth-god Realm would give him a huge amount of merit points, but he had never expected to gain so much!

A hundred trillion merit points was the limit of the nine human emperors.

Now that Chen Xiaobei had 20 trillion merit points, he had become a double nine-fold renhuang.

According to the heavenly rules, Chen Xiaobei could get an extra Ascension elixir.

Just thinking about it made him feel great!

As the saying goes, if you don't die in a great disaster, you will be blessed!

This time, Chen Xiaobei had a narrow escape in the Hong Meng Demon Realm and had almost lost his life a few times.

However, he persevered!

With his own wisdom and courage, he would kill his way into the dashengtian realm!

After experiencing the catastrophe, his gains were so great that even the gods would be envious of him!  
cool ... It's so cool!!!

Chen Xiaobei was so excited that he gave Yan Lingshi a Big Bear hug.

"Alright, calm down ... You're already the Lord of the mortal world, you should learn to be calm!"

Yan Lingshi's face was filled with happiness and a sweet smile. Chen Xiaobei's huge improvement and gain made her feel happy and satisfied from the bottom of her heart.

In reality, Yan Lingshi had already roughly understood the current situation from the inheritance of mother Nuwa.

Chen Xiaobei had unified the earth-god Realm and become a double nine-layered Emperor. Even the Dao ancestor knew about this, so the Jade Emperor did not dare to touch Chen Xiaobei.

It was no exaggeration to say that as long as he was in the human world, Chen Xiaobei was the Supreme ruler at the top of the pyramid. No one could threaten him.

"Go! Let's go home!"

Chen Xiaobei quickly pulled Yan Lingshi along with him and rushed back to bei Xuan faction headquarters.

.....

When they got back, Chen Xiaobei introduced Yan Lingshi to everyone and then brought her around to familiarize herself with the place.

After Yan Lingshi had settled down, Chen Xiaobei began another important matter!

He called back all his friends, disciples, and allies. He even sent people to Saint Duke Starfield to bring Luo puti's family over.

In the following days.

An incomparably grand wedding was being prepared with great fanfare.

The red carpet stretched for 90000 miles, and 80 billion colored lights. The entire earth-god Realm had joined in.

To Chen Xiaobei, this was a wedding that was late.

For the entire earth-god Realm, this was the day when a supreme power was established. It was also the day when all civil wars would stop and the earth-god Realm would move towards peace and prosperity.

This day was a memorable day for everyone. No one would ever forget it!

Every household was decorated with lanterns and colored banners. Every city was filled with a festive atmosphere, and everyone had an excited smile on their faces.

The details of the wedding were the same as the customs of China on earth.

Chen Xiaobei and Luo puti completed the ceremony under the witness of their parents and friends. They were officially husband and wife.

As for his other female friends, Chen Xiaobei would find an opportunity to hold a wedding for them in the future.

But today, he belonged to Luo puti alone.

After the couple bowed to each other, Luo puti was first sent to the nuptial chamber.

Chen Xiaobei accompanied his brothers and drank to their hearts 'content at the banquet.

After all the hard work and effort, Chen Xiaobei and his brothers had worked together to conquer this land that belonged to them.

When she looked back, Chen Xiaobei had just joined the Three Realms red envelope group.

Along the way, there were difficulties, dangers, life and death battles, and even more shocking! It was like an exaggerated and tragic epic, dazzling and never losing its color!

bro bei, did Yuan Tiangang contact you? ”

After three rounds of drinking, everyone began to talk about serious business.

Taiyi and the rest wanted to ascend as soon as possible, and Chen Xiaobei had told them to wait for Yuan Tiangang to calculate the date.

Chen Xiaobei shook his head. I haven't heard from Yuan Tiangang since I came back. I'll rush him tomorrow!

“Bro bei! When you were in the Hong Meng Demon Realm, Yuan Tiangang contacted me!”

“The auspicious day he predicted is tonight, and it's at midnight!” Jiang Ziya said in a deep voice.

“Tonight?”

Chen Xiaobei frowned and said, ” “My brothers and I haven't had enough yet! Why tonight of all times?”

Yuan Tiangang said that there are almost no other reincarnated ancient Immortals ascending tonight. It's the safest and least likely for conflicts to happen! Jiang Ziya explained.

“Mm ...”

I'm fine! Chen Xiaobei sighed. we'll have plenty of chances to drink wine in the future. Safety is the most important thing!

“In a while, you can enter the nuptial chamber with peace of mind. I've basically confirmed the first batch of people to ascend!”

Luo Yi, Tai Yi, Emperor Jiang, Zhu jiu Yin, Tian Peng, Nezha, Hong Hai 'er, Liu xuanxin, Yan Lingshi, Shen Gongbao, and me! Jiang Ziya said.

“What's the situation ...”

second Shixiong? ” Chen Xiaobei frowned. isn’t second Shixiong addicted to wine and women? ” Why is he also going to ascend?”

“Hey! How can you say that about your second senior brother?”

Tian Peng held a piece of meat in his left hand and a cup of wine in his right. He mumbled, “What do you mean by addicted to wine and women? I became a spy in a brothel to complete the task you gave me!”

“Uh ...”

Chen Xiaobei was speechless. “The spy went from 150 pounds to 300 pounds. You’ve really worked hard!”

“Don’t mock me!”

Tian Peng put down the meat and said, “We are Good Brothers. Now that the mission in the human realm is completed, I can go to the heaven realm to help you! Therefore, I want to ascend this time! I’m serious!”

### Red Envelope Group of the Three Realms

#### **Chapter 3483: overbearing tribulation**

“Mm! Good brother! It’s all here!”

Chen Xiaobei nodded and pointed at his chest.

One had to know that Tian Peng had to have great perseverance to put down the delicious food. It was almost as difficult as helping his brother!

He put down the meat and said that he wanted to help Chen Xiaobei.

These words came from the bottom of his heart. He was definitely a good brother.

“Why didn’t Xuan Xin and Lingshi discuss it with me before they ascended?”

Chen Xiaobei looked at the other side, paying special attention to the two girls on the Ascension list.

“You’ve been busy preparing for the wedding. We can’t even see you in person. How can we discuss it with you?”

“I could have broken through to the half-step heaven immortal realm a long time ago, but I’ve been suppressing my primordial spirit!” Liu xuanxin said seriously. As time passes, it might affect my primordial spirit. Therefore, I’ve decided to ascend as soon as possible!”

“I’ve obtained mother Nuwa’s inheritance,” Yan Lingshi continued. “After I go to the heaven realm, my strength will increase rapidly! In addition, I still have some missions assigned to me by mother Nuwa after I go to the heavenly realm!”

alright ... Chen Xiaobei nodded and said, “When you arrive in the heaven realm, it’s best if you take care of each other! With mother Nuwa behind the scenes, I can be at ease!”

“Don’t worry!” “I’ll try my best to improve my cultivation and take good care of big sister Xuan Xin!” Yan Lingshi said.

Liu xuanxin smiled at Yan Lingshi to express her gratitude.

“Besides, why is Shen Gongbao also ascending?” Chen Xiaobei asked.

Obviously, Shen gongpao did not have the right to be at the wedding banquet. Chen Xiaobei did not even plan to let him ascend.

it’s like this. The people in heaven realm don’t seem to know that Shen gongpao has been subdued by bro bei!

that’s why I let Shen Gongbao ascend. He can go undercover among the enemies. This is a great advantage for me! Jiang Ziya said.

“So it’s like this!” Chen Xiaobei’s eyes lit up and said, “ We’ll do as you say!”

If the people in heaven realm knew that Shen gongpao was Chen Xiaobei’s loyal dog, then Shen gongpao would be a useless pawn. Ascension might even break the effects of the dog food. That was why Chen Xiaobei did not plan to let Shen gongpao ascend.

But!

If the people in heaven did not know that Shen gongpao had become Chen Xiaobei’s loyal dog, the effect would be completely different!

After Shen Gongbao ascended, he would become the most well-hidden spy. At the critical moment, he could even play a role in turning the situation around!

Everyone knew that Shen gongpao hated Chen Xiaobei to the core.

In this way, Shen Gongbao could easily gain the trust of the enemy and become the trump card of the game!

before Shen Gongbao ascends, bro bei, remember to order him not to increase his cultivation!  
“Otherwise, once he breaks through to the two-star celestial immortal realm, the Super heavenly dog biscuit will lose its effect!” Jiang Ziya said.

Obviously, Shen gongpao was now Chen Xiaobei’s loyal dog, one hundred percent loyal to Chen Xiaobei.

Therefore, Shen gongpao would not want to escape from Chen Xiaobei’s control.

As long as Chen Xiaobei ordered Shen Gongbao not to increase his cultivation, Shen Gongbao would follow his orders and be Chen Xiaobei’s loyal dog forever.

however, one order isn’t enough. Do you have any super heavenly dog food? ” Chen Xiaobei asked.

“No, I don’t ...”

no! Jiang Ziya shook his head. the heavenly dog biscuit was originally made by the celestial Hound to manage the celestial Dog Battalion. The highest level is only two-star celestial immortal level!

“There should be other ways, right?” Chen Xiaobei asked.

of course! Jiang Ziya nodded. when we get to the heaven realm, I'll find a way to completely control Shen Gongbao!

"Alright! I'm relieved!"

"I'm not sure! Chen Xiaobei thought for a moment and said, "most of you are at the peak of nine-star earth-god level. It'll take some time for you to reach the half-step heaven-god level, right?"

"Yes, I am!"

alright! Jiang Ziya nodded and said, "bro bei, you can just go into the nuptial chamber later. We'll enter the verdant Emperor's divine gourd and break through to the half-step heaven immortal realm. After that, we'll ascend on our own. It won't be a big problem!

It was obvious that Liu xuanxin could break through to the half-step heaven immortal realm at any time on the list.

The others were either peak-level sages-to-be or immortal officials of the heavenly court. Before they reached their original peak realm, they would not have any bottlenecks in their breakthroughs.

With the help of the divine sunlight cache, they would all be able to break through to the half-step heaven immortal realm very soon.

Other than that.

They were all heroes who had followed Chen Xiaobei to conquer the earth-god Realm!

Even though their achievements were not as good as Chen Xiaobei's, they had all received a lot of merit points.

In other words, their Heavenly Tribulation wouldn't be too powerful, so they wouldn't be in much danger.

Chen Xiaobei could rest assured.

"I'd better watch you guys cross the Tribulation first, then enter the nuptial chamber!" Chen Xiaobei had always been a loyal person. Even though the possibility of danger was very small, he was still worried.

Luo puti would just have to wait a little longer. She had always been sensible and would not mind.

Soon after.

Chen Xiaobei and the rest of the ascendants had entered the verdant Emperor's divine gourd.

Of course, there were many of Chen Xiaobei's Good Brothers, such as Xiangyu, Ying Zheng, Zhao Yun, Lu Bu, and so on. There were also Chen Xiaobei's direct disciples.

However, these people were not ancient Immortals and did not understand the situation in the heaven realm. Rushing to ascend would not be of much help to the group. On the contrary, they might even drag them down.

Therefore, it would be more effective for them to ascend after Chen Xiaobei had gained a firm foothold in the heavenly realm.

He found Fu Tian Xin 'er and activated the divine sunlight treasure box.

Almost everyone on the ascendance list had broken through to the advanced heaven immortal realm in ten seconds.

Then, everyone left the verdant Emperor's divine gourd.

"Boom ... Boom boom boom ..."

A total of eleven half-step heaven Immortals appeared in the mortal realm at the same time.

In an instant, it was rejected by the laws of the human world.

They were already somewhere between humans and Immortals, and could no longer be accepted by the human world.

They would either successfully pass the Tribulation and go to the heaven realm, or they would fail and their bodies would turn into ashes, their cultivation turning into energy that would be fed back to the human realm.

Of course.

This ascension was completely within everyone's calculations. The possibility of failure was almost zero.

Boom ... Boom ... Boom ...

The lightning tribulation descended, and if he was not mistaken, it was the kind with the least power.

On the other hand, bei Xuan faction's tribulation-transcending team was simply terrifying.

Luohou's demonic shadow filled the sky, Taiyi Galaxy flowed in the opposite direction, Emperor River cut the space, candle jiuyin froze time, Red Boy spat Samadhi fire, Nezha transformed into three heads and six arms, Liu xuanxin transformed into a fire Phoenix, Yan Lingshi's purple Qi came from the East, Shen Gongbao summoned a yellow lightning, and Jiang Ziya summoned a White Lightning!

Under such a formation, the Tribulation lightning of the heavenly Tribulation was completely crushed to the ground by the Tribulation passing team, and it did not pose any threat at all.

Tian Peng was nibbling on spiritual fruits and picking his nose, and he was about to pass the Tribulation!

#### **Chapter 3484: Just you wait**

3484 Just you wait

"Chi ..."

In the night sky, the gate of heaven realm, which was shining with seven-colored light, slowly opened.

This meant that everyone had successfully transcended their tribulations.

As expected, eleven beams of divine and resplendent spiritual light descended, enveloping everyone and pulling them to the heavenly realm.

“Bro bei! Take care! We’ll be waiting for you in the heaven realm!” Hong Hai ‘er and Nezha kept waving at Chen Xiaobei.

Liu xuanxin and Yan Lingshi looked at Chen Xiaobei with deep affection.

Although Luo Yi and the others didn’t say anything, they still felt a little reluctant in their hearts.

A real man’s separation was only for a better meeting in the future. There was no need to be indecisive.

Soon, all 11 of them entered the gate of heaven realm.

Chen Xiaobei was about to leave when he suddenly remembered something important.

He hadn’t even gotten the Ascension elixir yet!

As expected.

The gate of heaven realm was still not closed.

According to what happened last time, there should have been a Messenger who would deliver the two pills and the two imperial edicts to Chen Xiaobei through the gate of heaven.

Last time, the immortal official appeared very quickly.

But this time, Chen Xiaobei waited for five minutes and the immortal official did not come.

The gate of heaven realm had not been closed, so no one knew what had happened.

“Could it be that the Jade Emperor is deliberately making things difficult for me?”

Chen Xiaobei raised his eyebrows and speculated, “When I took Xu Fu in, that old man, the Jade Emperor, wanted to kill me! Unfortunately, I’m now unrivaled in the world, so he doesn’t dare to touch me. Thus, he wants to use this matter to take revenge for his private affairs!”

Chen Xiaobei’s guess was right!

After waiting for another five minutes, the immortal Messenger finally arrived.

“God Chen! This lowly official greets you!”

The Imperial Messenger’s rank was not high, so he did not dare to offend Chen Xiaobei. He bowed politely and said, “the Jade Emperor has ordered that there is a problem with the seal in the ascending heaven Palace. The ascending heaven Palace is temporarily unable to take out the Ascension elixir. Please wait patiently, God Chen!

“Until when?” Chen Xiaobei furrowed his brows in displeasure.

I’m the groom today, and I’ve already been staring at him for more than ten minutes.

Chen Xiaobei was happy to do so but the bride might not be.

“His Majesty only said to wait, he didn’t say when ...”

“Why don’t you use the Three Realms red envelope group to contact His Majesty the Jade Emperor?” the immortal Messenger said awkwardly.

Just as Chen Xiaobei had said, the immortal Ascension pill was awarded to nine human emperors. This was the rule set by the Dao ancestor.

It was the Jade Emperor's responsibility to distribute immortal pills. If the immortal pills were not distributed, it was the Jade Emperor's dereliction of duty.

If Dao ancestor continued to question him, the Jade Emperor would be in serious trouble.

The Jade Emperor had wanted to suppress Chen Xiaobei's arrogance, but Chen Xiaobei had turned the tables on him. He was now in an awkward position.

"I'm in a hurry to consummate our marriage, just wait!"

Chen Xiaobei swaggered away, not afraid that the Jade Emperor would not give him the elixir.

In reality.

The key to this matter was whether the Dao ancestor would ask!

The Jade Emperor thought that Chen Xiaobei did not know that the Dao ancestor was watching him rule the earth-god Realm. That was why he wanted to use this opportunity to suppress Chen Xiaobei.

Through Yan Lingshi, Chen Xiaobei found out that the Dao ancestor was paying attention to this matter.

Therefore, Chen Xiaobei was not afraid at all. The Jade Emperor would not dare to refuse the elixir. Not only did he turn around and leave, but he also wanted to go to the wedding room first.

Even through the gate of the heaven realm, one could imagine that at this moment, the Jade Emperor must be so depressed that he wanted to vomit blood.

Chen Xiaobei did not care about that and entered the nuptial chamber that he had prepared.

"Xiaobei, is that you?"

Luo puti sat on the bed.

Although she always looked like an Ice Queen, in fact, she was a very traditional Eastern woman.

Although she had been waiting for a long time, she was still wearing a red veil and sitting upright, silently waiting for her groom.

"Yes ... I'm coming!"

Chen Xiaobei grinned, walked over, and gently took off the red veil.

Luo puti was exceptionally beautiful tonight.

It was rare to see her with light makeup. Her facial features were extremely exquisite, and her skin was smooth and delicate. She was like a flawless piece of art, so beautiful that it was dazzling.

"What happened just now?"

Luo puti frowned and asked, "Who was the one who called you from the sky?"

"It's the old man Jade Emperor."

Chen Xiaobei shrugged and said, "He's just shooting himself in the foot! Let's just ignore him!"

“What? The Jade Emperor?” Luo puti was also from earth. In her mind, the Jade Emperor was a very powerful existence.

However, from Chen Xiaobei’s words, the Jade Emperor seemed to have no dignity at all. Instead, he sounded like an unlucky old man who had fallen into Chen Xiaobei’s trap.

“Don’t be nervous! They’re just Immortals!”

Chen Xiaobei did not care about the Jade Emperor at all. He raised his glass and said with a smirk, “Come, let’s have a cross-cupped drink, and then we’ll get to the main topic! Hehehe ...”

ah ... Luo puti mumbled. Her face turned red and her heart started to race when she thought about what Chen Xiaobei was going to say. She felt uneasy.

This was her first time!

“Don’t be nervous, I’ll be very gentle.”

Chen Xiaobei smiled and crossed his glass with Luo puti. Then, he took off his clothes as he approached Luo puti ...

#### **Chapter 3485: 11th birthday gift**

3485 11th birthday gift

A moment of spring was worth a thousand gold!

Chen Xiaobei and Luo puti got on the bed together. (According to the relevant regulations of the country, 8000 words are omitted here!)

In the night sky outside the house, the gate of heaven realm was still not closed.

“What the hell is Chen Xiaobei doing? The bridal chamber took more than three hours? Are you an animal?”

The Jade Emperor kept waiting for more than three hours.

This was a typical case of being too smart for one’s own good.

Your Majesty ... What if Chen Xiaobei doesn’t come out for the whole night? what should we do? ” The immortal Messenger said in a ridiculing tone.

“Shut your doomsday mouth! I still have many things to do! How can we wait until dawn?” The Jade Emperor was so depressed that he wanted to vomit blood.

why don’t you give the elixir to this official and let this official continue to wait ... the Imperial edict immortal official said timidly.

“No!” no! the Jade Emperor refused. I have something very important to tell Chen Xiaobei!

“If there’s anything, you can’t say it in the Three Realms red envelope group, right?” The immortal Messenger was very confused.

The Jade Emperor's tone turned cold, and he instantly released his might. "Mind what you should care about, and don't talk about what you shouldn't care about! You'd better not even think about it!"

"Yes! This official will remember Your Majesty's orders!" The immortal Messenger swallowed his saliva and immediately shut his mouth tightly.

Those who did not know what was going on would not know what the Jade Emperor was going to say to Chen Xiaobei.

But those who knew the inside story would immediately understand.

The Jade Emperor was obviously trying to negotiate with Chen Xiaobei for Xu Fu.

Moreover, they could only talk verbally, and no chat records were allowed.

In the past long years, Xu Fu had done all kinds of evil things and had committed grave sins. However, almost everything he had done was incited by the Jade Emperor.

Now that Xu Fu had become Chen Xiaobei's loyal dog, the entire heavenly realm would be shocked if the Jade Emperor's dark history was revealed.

That was why the Jade Emperor had planned to drag Chen Xiaobei out for a while and destroy his spirit before coming to negotiate.

The Jade Emperor did not expect Chen Xiaobei to find out from Yan Lingshi that the Dao ancestor was paying attention to this matter.

In that case, it would be the Jade Emperor's fault for not giving Chen Xiaobei the Ascension elixir.

If this matter reached the Dao ancestor, the Jade Emperor would definitely be punished.

Chen Xiaobei spent more than three hours in the nuptial chamber, and the Jade Emperor waited for more than three hours. Privately, he wanted to talk about Xu Fu's matter, but publicly, he did not dare to violate the rules of the Dao ancestor.

Even if Chen Xiaobei slept with him for three days and three nights, the Jade Emperor would still have to wait for him, let alone three hours!

.....

In the heaven realm, there were thirty-six levels of heaven, and the lowest level was named Grand Emperor Huang Zengtian!

At this moment.

The 11 people from bei Xuan sect's tribulation transcendence team had successfully arrived at the south of Grand Emperor Huang Zengtian.

This was a vast supercontinent.

As far as the eye could see, immortal grass and trees could be seen everywhere. Taking a deep breath, one would be greeted with dense spiritual energy.

The stars in the night sky were extremely clear, as if the Milky Way was flowing in front of them, as if they could pick up a star shining like a diamond by jumping.

Under the beautiful night sky, the group was not in a hurry to move. Instead, they stayed in place for more than three hours.

That was because the gate to the heaven realm was not closed!

It was also because today was Chen Xiaobei's wedding day!

So, everyone wanted to do their best to send Chen Xiaobei a congratulatory gift!

Whoosh ... Whoosh ... Whoosh ...

With the rich spiritual Qi in the heaven realm, luohou, Emperor Jiang, Taiyi, and candle jiuyin activated four extraordinary magical formations.

The four of them used to be peak-stage pre-Saints, although their current cultivation was only at the one-star heaven immortal realm.

However, the memories, abilities, and foundations in their minds were still at the peak quasi-Sage level!

More importantly, the heaven realm was their home ground!

In their memories, the most precious natural treasures, the most powerful Dharma artifacts, the most mysterious opportunities, the most powerful cultivation techniques, and secret techniques were all in the heaven realm!

Of course, the best gift they could give Chen Xiaobei was also in heaven!

"Whoosh!"

Luo Yi was the first to complete the operation of the array. He pulled out a black sword Qi from the void.

"The celestial slaying sword Qi! It's Hebei-GE's wedding!"

With a flick of Luo Yi's finger, the black sword Qi directly passed through the gate of the heaven realm and flew to the human realm.

"Whoosh!"

Next, Taiyi directly attracted thousands of star radiance and condensed it into a brilliant Halo with the sun, moon, and stars.

"Ten thousand sacred light! It's Hebei-GE's wedding!"

"Whoosh!"

Then, Emperor Jiang and the candle Dragon worked together to use the wizard formation. They each took out a trace of blood-red aura from the space.

"The essence Qi of Pan Gu space! It's Hebei-GE's wedding!"

"The essence of Pangu time! It's Hebei-GE's wedding!"

At the same time, Jiang Ziya, Shen Gongbao, Nezha, Hong Hai 'er, and Tian Peng, who were once true immortals and gods of the heavenly court, used their own means to send Chen Xiaobei their congratulatory gifts.

"Haotian divine light! It's Hebei-GE's wedding!" Jiang Ziya shouted.

"Clear Jade divine light! It's Hebei-GE's wedding!" Shen Gongbao shouted.

"True Samadhi fire! It's Hebei-GE's wedding!" Red Boy roared.

"The soul of the Golden Dragon! It's Hebei-GE's wedding!" Nezha shouted.

"The heavenly river water spirit! It's Hebei-GE's wedding!" Tian Peng shouted.

In the end, Yan Lingshi and Liu xuanxin kept a low profile and did not shout loudly like the other men. However, their gifts were definitely not light!

Yan Lingshi's vital essence and blood essence had condensed into a trace of Natal purple Qi. Although it was not as good as the primordial purple Qi, it was definitely a unique existence in this era!

Liu xuanxin had also used her vital essence and heart blood to condense a fire Phoenix origin. It was comparable to the fire Phoenix's heart and had reached the seven-star divine tier!

"Woof! Buzzzzzz! Yi ..."

In an instant, eleven rays of light, like eleven meteors, passed through the gate of heaven and flew into the human world, to bei Xuan faction headquarters, and to Chen Xiaobei and Luo puti's nuptial chamber.

At this moment.

Chen Xiaobei and Luo puti's 'hehehe' was at the final stage of their battle.

All 11 beams of light landed on Chen Xiaobei.

Then, a small part of it was sent into Luo puti's body with Chen Xiaobei's essence.

"Phew ..."

When they were finally done, Chen Xiaobei and Luo puti looked exhausted but satisfied.

After a moment of relaxation.

these guys really know how to pick the right time. They're giving hehehe a gift at the most crucial moment. If I didn't have a strong mind, I would have been scared to death ... Chen Xiaobei said with a wry smile.

you ... You're already the Lord of the mortal world, and you're still so talkative ... Luo puti sneered and leaned on Chen Xiaobei.

I got eleven powers ...

Chen Xiaobei took a deep breath and said, "As expected, the heaven realm is their home ground! They can't use their abilities in the human world ..."

“The heaven realm is their home field, but it’s also your stage!”

Luo puti looked at Chen Xiaobei and said, “ I believe that no matter if you’re in the human realm or the heavenly realm, you’ll be able to reach the peak and won’t lose to anyone!

### Red Envelope Group of the Three Realms

#### **Chapter 3486: negotiation**

“Alright, have a good rest. I’ll go out and send the Jade Emperor away! The spatial gate is always open. If he goes to the Dao ancestor and bites me back, saying that I don’t accept the immortal pill, it will be my fault instead.”

Chen Xiaobei kissed Luo puti’s forehead gently, put on his clothes, and walked out of the nuptial chamber.

It was already dawn, and Chen Xiaobei and Luo puti had been busy the whole night.

“Chen Xiaobei! You’ve finally come out!”

The Jade Emperor’s tone was full of sorrow, as if he had suffered a great grievance.

“Cut the crap! Give me my Immortal pill! Otherwise, don’t blame me for going back to my room and taking a nap!”

Chen Xiaobei urged her impatiently, and even threatened to go back to sleep.

“Take it, take it! I didn’t say I wouldn’t give it to you! Don’t go back!”

The Jade Emperor was sweating profusely. He didn’t dare to delay any longer and immediately sent the two immortal Ascension pills to the lower realm.

“There’s no tampering with these two immortal pills, right?”

Chen Xiaobei took the two immortality pills and smiled evilly. “In a moment, I’ll have mother Nuwa help me investigate! If it was tampered with, you have to pay me four pills!”

Last time, Chen Xiaobei had used this method to earn an Ascension elixir from the Jade Emperor.

Of course, it was the Jade Emperor himself who had tampered with song Qincheng’s elixir. Without Chen Xiaobei holding anything against him, he could only compensate her.

“You’re thinking too much!”

The Jade Emperor said helplessly, “I was the one who suffered a huge loss last time!” How can I make the same mistake again?”

“Heh, I don’t think you would dare!”

you didn’t show up the last time. This time, you’re here to deliver the pills yourself. You even waited for me all night. Do you have something to say to me? ”

“Yes, I am!”

The Jade Emperor responded and directly used secret voice-sending to say, " "This one does have something to say to you! You should be able to guess it!"

In an instant, the voice was directly transmitted into Chen Xiaobei's mind. No one else could hear it.

you don't dare to use the Three Realms red envelope group for private chat, afraid of leaving a chat record. Even a fool can guess that you want to tell me about Xu Fu!

Chen Xiaobei replied to the Jade Emperor, but he could not speak. He could only use telepathy.

In other words, Chen Xiaobei's voice was controlled by the Jade Emperor. If the Jade Emperor did not remove the control, Chen Xiaobei would not be able to speak.

From this, it could be seen that the Jade Emperor's strength was undoubtedly extremely powerful.

He had the ability to control Chen Xiaobei's voice, which meant that he had the ability to Cross Worlds and kill Chen Xiaobei.

Because of this, when Chen Xiaobei was in Hong Meng Demon Realm and wanted to return to Earth-god Realm, Yan Lingshi had warned him that there would be a death trap.

The death tribulation had come from the Jade Emperor.

However, the Jade Emperor had no choice but to stop after the Dao ancestor paid attention to Chen Xiaobei's achievements.

It was clear that even though the Jade Emperor had suffered some losses at Chen Xiaobei's hands, he was still a high and mighty ruler of the heavenly court.

Chen Xiaobei calmed himself down and did not dare to underestimate the Jade Emperor anymore. He was ready to negotiate with the Jade Emperor.

Since you know that I'm going to talk about Xu Fu, then I'd like to hear your opinion first.

The Jade Emperor's tone gradually became heavy, exuding an imposing pressure.

my view is very simple. Every injustice has its perpetrator, and every debt has its debtor. You have to pay the price for what you have done! Chen Xiaobei said.

"So, you want Xu Fu to testify what happened back then?" The Jade Emperor asked.

"To be honest, I haven't thought of how to deal with Xu Fu yet." Chen Xiaobei shrugged and said, " "Why don't you give me a suggestion?"

Clearly, this negotiation was a game.

The Jade Emperor wanted to test Chen Xiaobei's mind so that he could prepare for a response.

Chen Xiaobei also wanted to test the Jade Emperor's bottom line, to see how much he could compromise and how much he could give Chen Xiaobei.

Chen Xiaobei really had to thank the Dao ancestor.

If it were not for the Dao ancestor, the Jade Emperor would not have come to negotiate. He would have used the same method he used to annihilate the arcane instrument sect and the Dragon Conqueror to kill Chen Xiaobei.

“Suggestion?”

The Jade Emperor pondered for a moment and said solemnly, “I suggest that we talk things out. There’s no need for us to fight to the death!”

“Well, then tell me first, what benefits can you give me?” I don’t know! Chen Xiaobei said, “your sincerity will decide whether I want to talk things out!”

“I can guarantee that after you arrive in the heaven realm, the heavenly court will not make an enemy of you!”

don’t say that I’m threatening you,” the Jade Emperor said. I’ve already reached the level of a quasi-Saint, and there are many gods in the celestial heavens who have become Saints in their physical bodies! The immortal officials were spread all over the lower 32 heavens! If you make an enemy of me, you will definitely die in Grand Emperor Huang Zengtian!”

Chen Xiaobei could not help but gasp.

He had actually made a Sage-to-be wait for an entire night. It was really a moment of pleasure to act cool, and he had almost been cremated!

Chen Xiaobei’s back broke out in cold sweat.

In the heavenly realm, there was a saying: Three Pure Ones, four Royals, and five elders.

The Three Pure Ones were Taishang Laojun, heavenly Lord Yuanshi, and sect leader Tongtian.

The four deities were the Jade Emperor of the East Pole, the Emperor tai of the North Pole, the Emperor Chang Sheng of the South Pole, and the Emperor Gou Chen of the West Pole!

And the Jade Emperor was the head of the four Royals.

In the heaven realm, there might be some mighty people whose cultivation surpassed the Jade Emperor, but in terms of power and status, the Jade Emperor was an existence only second to the three great heavenly path Saints.

The heavenly court was also one of the top forces besides the great sects of the Saints.

Therefore, the Jade Emperor’s words just now were not exaggerated in the slightest.

If Chen Xiaobei wanted to go against the heavenly court, he would most likely die in the hands of the Emperor, Huang Zengtian, who was at the bottom of the heavenly realm.

Of course, when the Jade Emperor said this, he did not use a threatening tone. It was more of a reminder to Chen Xiaobei to not play with fire.

If I don’t release Xu Fu, you won’t be my enemy. Is that what you mean?” Chen Xiaobei asked.

If the Jade Emperor could threaten Chen Xiaobei, Chen Xiaobei could threaten the Jade Emperor too.

This was a game!

Both sides had advantages and disadvantages, and each side had their own advance and retreat. He was seeking the perfect balance between advancing and retreating. To ensure the interests of both sides.

“Right!”

“You and I will mind our own business!” The Jade Emperor said in a deep voice. If you’re safe, I’m also safe! It’s the best of both worlds and a happy ending!”

“I can agree to your conditions!” no! Chen Xiaobei said seriously, “ but you have to promise not to hurt the people under bei Xuan faction!

“Alright! I promise!” The Jade Emperor knew that Chen Xiaobei was a man of honor. It was more serious to hurt Chen Xiaobei’s family and friends than to hurt Chen Xiaobei.

“I still have some doubts ...”

“No matter what, you are still a member of chanism!” Chen Xiaobei said. The entire heavenly court was a power under the clan of enlightenment! What if the heavenly Lord Yuanshi wants you to kill me? What will happen then?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3487: Two big customers**

3487 Two big customers

Obviously, no matter how high the Jade Emperor’s status and authority were, he was still a chess piece under the heavenly Lord Yuanshi.

If the heavenly Lord of the origin wanted Chen Xiaobei dead, the Jade Emperor might not be able to refuse.

“Don’t worry. I’ll find a way to inform you when the time comes!”

“The immeasurable catastrophe is coming,” the Jade Emperor said.”There are huge variables in everything!” It’s not strange for them to change sides and choose their Masters!”

“Change sects? Choosing a master?” Chen Xiaobei did not expect the Jade Emperor to not be a loyal follower of chanism.

However, thinking about it, it wasn’t strange. Every immeasurable catastrophe would have a similar situation.

For example, the eldest disciple of the tribe of severity, the Daoist of many treasures, was taken away by the Western sect during the last immeasurable cultivation tribulation and forcibly became the Tathagata of many treasures.

Another example was Shen Gongbao, who was originally a disciple of the clan of enlightenment. He turned to the clan of severity during the last immeasurable cultivation tribulation. After the cultivation tribulation, he returned to the clan of enlightenment.

The world was impermanent and there were many variables, especially the immeasurable catastrophe. Nothing was fixed.

“Alright ... Then it’s settled for now!”

Chen Xiaobei thought about it. Since the Jade Emperor was not loyal to the clan of enlightenment, he would not kill Chen Xiaobei as the heavenly Lord Yuanshi had ordered.

After all, if the Jade Emperor wanted to kill Chen Xiaobei, Chen Xiaobei might just throw Xu Fu out.

Most of the things Xu Fu had done were against the heaven and against the Dao. They were extremely evil, and even the Jade Emperor could not bear so many sins.

“Very good!”

“We have made a gentleman’s agreement today,” the Jade Emperor said with satisfaction. “Well water doesn’t interfere with river water, and we live in peace!”

“Whoosh ...”

As soon as he finished speaking, the sealing power on Chen Xiaobei’s body disappeared.

Then, the gate of heaven realm closed slowly.

“Phew ...”

Chen Xiaobei looked up at the sky. He felt that he was too weak. When he reached heaven, even if the heavenly court did not make a move, there would be a lot of enemies waiting around him, ready to kill him at any time.

He had to become more powerful in order to survive the crisis.

Fortunately, he had just received eleven congratulatory gifts in a row.

After slowly digesting it, his strength would definitely receive a huge boost.

I don’t care anymore. I’ll eat a blood Bodhi first before heading to the rift to the great void. I can only protect myself when I reach the heaven realm after I find the human Dao imprint.

Chen Xiaobei took out a blood Bodhi and swallowed it without delay.

[ ding Yingluo’s cultivation: middle Mahayana stage. Lifespan: 11.33 million years, physical body: 30 billion, primordial spirit attack-sacred level!

[ ding Yingluo’s cultivation: late-stage of the Mahayana stage. Lifespan: 15.33 million years, physique ..., Combat power: 40 billion, primordial spirit attack-sacred level!

[ ding Qianqian’s cultivation base: peak Mahayana stage. Lifespan: 20.33 million years, physique ..., Combat power: 50 billion, primordial spirit attack-sacred level!

Since Chen Xiaobei was still an earth-god, the blood Bodhi’s effect was still very obvious.

With this wave, he broke through three minor realms in a row and reached the peak of the upper tier directly. His lifespan increased by three million years, four million years, and five million years respectively.

At the same time, Chen Xiaobei's physical strength had also increased by one small realm, reaching the advanced two-star heaven immortal realm.

at this rate, one blood Bodhi can save me almost ten trillion upper spiritual stones!

Chen Xiaobei stood there and thought, "If I sell the blood Dagger to the heaven realm, how much should I sell it for?"

It was hard to come up with an exact price. After all, Chen Xiaobei had never been to heaven and did not know the situation there.

Rather than thinking blindly, it was better to ask someone directly.

Chen Xiaobei opened the Three Realms red envelope group and contacted Hades.

Chen Xiaobei-brother Yama! I have something to ask you! How many spiritual stones could a blood Bodhi be sold for in the heavenly realm?

King of Hell, blood Bodhi? Are you talking about the blood Bodhi fruit that the blood Kirin's blood essence turned into a tree of God?

Chen Xiaobei: This was the one-star divine fruit, blood Bodhi!

King of Hell: How could you have such a divine fruit?

A long time ago, my Sifu gave me a drop of the blood Kirin's blood essence, and I've just raised the tree of God.

King Yama thought,"as expected of the prime of Tongtian!" The blood Kirin was almost extinct in the heavenly realm, and he had managed to get his hands on the blood essence! This was really too rare!

Chen Xiaobei thought to himself,'from what you're saying, the blood Bodhi is also extremely precious in heaven?

King of Hell replied,"of course!" The rarer something was, the more precious it would be. The blood Bodhi Divine Tree was extinct in the heavenly realm, and its fruit had not been mentioned for many years! It was definitely a rare divine item!

Chen Xiaobei: (Excited) I can't eat all the fruits by myself anyway, so I can sell some.

King of Hell: "if you're sure you want to sell it, my suggestion is 300 million lower spiritual jade pieces for a blood Bodhi fruit!

Chen Xiaobei thought, 300 ... 300 million? (Gasp)

Chen Xiaobei only needed 3000 low-grade spiritual jade pieces to ripen a fruit. Who would have thought that Hades would suggest 300 million each!

A profit of 100000 times!

Even a calm person like Chen Xiaobei was dumbfounded. He could not believe his ears.

King Yama replied, "yes, 300 million!" In fact, according to the rarity of the blood Bodhi, the price was even more than 300 million!

King of Hell: " however, since the blood Bodhi is only useful for those below the divine level, these people usually can't take out too many spiritual jades. Therefore, you can only find big shots who need it to trade. There are too few customers, so it's hard to raise the price!

Chen Xiaobei: I'm already very satisfied if I can sell it for 300 million!

Chen Xiaobei only had 243200 pieces of low-grade spiritual Jade. A single blood Bodhi could increase his wealth by a thousand times. It was simply terrifying! What was there to be dissatisfied about?

King of Hell: " well, it's good that you can satisfy me. Otherwise, it'll be really hard to find clients ... After all, the top forces in the heaven realm all have grudges with you.

Chen Xiaobei: " don't worry! I don't have to worry about clients!

King of Hell: I believe in your ability. I hope everything goes well for you. See you in heaven!

Chen Xiaobei: I will ascend as soon as possible. At that time, we brothers will have a good gathering!

After that, Chen Xiaobei exited the private chat.

Then, he sent out two messages.

One of them was sent to mo Luo Wutian, while the other was sent to Yuan Tiangang!

As Hades had said, almost all the forces in the heavenly realm that could afford the blood Bodhi had enmity with Chen Xiaobei.

However, mo Luo Wutian and the demonic Overlord behind Yuan Tiangang had a secret partnership with Chen Xiaobei.

These two fellows were both extremely ambitious. The demon race's Big Shot wanted to replace mother Nuwa, and Mo Luo Wutian wanted to overthrow the Dao ancestor and establish a new Dao for the Three Realms.

Both of their families were in need of people. A divine fruit like the blood Bodhi, which had no side effects, could effectively help them increase the strength of their trusted subordinates. It was definitely something that they needed the most.

Ding!

Ding!

Soon, Chen Xiaobei received replies from both sides.

[Red Envelope Group of the Three Realms](#)

**Chapter 3488: super profiteer**

First, Chen Xiaobei opened Yuan Tiangang's message.

Yuan Tiangang: bro bei, if you're sure that you want to sell the blood Bodhi, the higher-ups are willing to cooperate with you. 100 million for one. They'll take however many you have!

Chen Xiaobei, 100 million? Do they think I'm stupid?

Yuan Tiangang said, "um ... This is what the higher-ups want. I'm not from the heaven realm, so I don't know the specific price."

Chen Xiaobei: "who's the mastermind behind all of this?" He was really too insincere!

Yuan Tiangang: "I don't know who's behind this either ... I'm only responsible for planning things in the human world. I've never come into contact with that mysterious Big Shot. Even my contracted master, Holy Mother Wu Dang, doesn't know who that person is ..."

Chen Xiaobei: "fine! Tell your superior that my other client has already offered 300 million for one! I'll make a deal with them!"

Yuan Tiangang: I'll convey your words!

.....

Chen Xiaobei then opened mo Luo Wutian's private chat.

[ mo Luo Wu Tian: are you really going to sell the blood Bodhi? ] How many do you have? I'm taking them all!

Chen Xiaobei: "I have a lot, but I'm only selling ten! Someone has already offered 300 million for one pill, do as you see fit!"

Mo Luo Wu Tian: "yes, that person has good eyes. 300 million is a very reasonable price!"

Chen Xiaobei, 'you don't plan to add a little more?"

"No... The blood Bodhi is not irreplaceable!" "I have pills, secret techniques, and other divine items that are worth more than 300 million. I can use substitutes!"

Chen Xiaobei: Then you can use those substitutes with side effects! I'll sell them to another company for 300 million each!

"Mo Luo Wu Tian: wait!" I bid 310 million for one!

Chen Xiaobei: "Hmph! You're really insincere! You actually want to pretend not to test me? What a pity, my other client is real! If you don't want it, he will naturally want it!"

Mo Luo Wutian thought, "there's always a need to bargain when doing business!" I'm offering a higher price now, isn't that what you want?"

Chen Xiaobei: "that's right! I want spiritual Jade! However, I'd like to take a look at the price over there. Between the two of you, the one with the higher price will get it!"

.....

Yuan Tiangang: "bro bei! My superior said that he's willing to pay 310 million!"

Chen Xiaobei: (Smile) I'll send you a screenshot!

After that, Chen Xiaobei took a screenshot of his conversation with mo Luo Wutian, erased mo Luo Wutian's name, and sent it to Yuan Tiangang.

Chen Xiaobei: " as you can see, my client has made the same offer. And he made the offer earlier than you!

Yuan Tiangang: I'll send the screenshots to the higher-ups! I will persuade him to increase the price!

Yuan Tiangang was a reincarnated ancient deity. On the surface, he seemed to be working for the mysterious organization, but in reality, he was always on Chen Xiaobei's side.

Very quickly, Yuan Tiangang had news.

Yuan Tiangang: My superior said that he's willing to offer 330 million!

Chen Xiaobei: I really have you to thank for this!

[ you're welcome, bro bei! ] Yuan Tiangang replied. Quickly use the same method to test the other side and try to raise the price higher!

Chen Xiaobei laughed. We really think alike! I've had this intention for a long time!

.....

Then, Chen Xiaobei took a screenshot of his conversation with Yuan Tiangang, erased Yuan Tiangang's name, and sent it to mo Luo Wutian.

[ mo Luo Wu Tian: Chen Xiaobei! ] It's a little unkind of you to do this!

Chen Xiaobei: " Hmph! Other people are willing to pay 330 million. Do I have to sell it to you for 310 million? " This wasn't being kind, this was being retarded!

Mo Luo Wutian: " I think our previous cooperation has always been very pleasant. Every time I pay, I'm very forthright. Is our friendship not worth that little spiritual Jade? "

Chen Xiaobei: " Hmph! You sure sound good! Who was the one who pretended not to want to trade? You don't even want to tell me the truth! This is the friendship between us?

"This ..." Mo Luo Wu Tian thought.

yes, you've always been very straightforward when we worked together before. But ask yourself, is the amount of spiritual stones you give me equal to the amount I'm giving you? "

Mo Luo Wu Tian, this ...(Speechless)

Clearly, the things that mo Luo Wutian had given Chen Xiaobei in the past were all in the hundreds or thousands. At most, it was only in the tens of thousands.

To put it bluntly, mo Luo Wutian did not treat Chen Xiaobei as a business partner. Instead, he treated Chen Xiaobei as a cheap labor.

Chen Xiaobei-if you really want to talk about friendship with me! That's good! I'm in dire need of money now. With our friendship, can you lend me tens of billions of low-grade spiritual Jade?

Mo Luo Wu Tian, this ...(Speechless)

Chen Xiaobei: " don't give it to me! You're also short on money! The Fiend ancestor was probably worth more than upper-grade spiritual Jade! You don't even want to lend me your inferior-grade spiritual Jade, and you still have the face to talk about friendship?

"This ..." Mo Luo Wu Tian thought,"(speechless)

Chen Xiaobei: " to put it bluntly, we're just using each other for business. We're just taking what we need! In the past, I didn't have any bargaining chips and couldn't bargain with you. But now, the bargaining chips are in my hands, and I have the freedom to sell them to whoever I want! Do you understand?

Mo Luo Wu Tian: Don't say anymore! I bid 350 million!

Chen Xiaobei: " Hmph! Do you really think that 350 million is the final price? " Just wait! The auction had only just begun!

Mo Luo Wutian: what? Auction?

Chen Xiaobei, I still want to see the other party's bid!

[ mo Luo Wu Tian: Chen Xiaobei!!! ] You are the number one profiteer of the Three Realms!

.....

After that, Chen Xiaobei sent the 350 million Yuan screenshot to Yuan Tiangang.

After Yuan Tiangang reported to his superior, he received another offer of 360 million.

Chen Xiaobei took another screenshot and sent it to mo Luo Wutian. This guy actually offered 370 million.

After that, Yuan Tiangang bid 380 million, and Mo Luo Wutian immediately raised it to 390 million ...

Just like that, the price of the blood Bodhi godly fruit, which was valued at 300 million by Yama, was slowly raised to 500 million low-grade spiritual jade pieces in an auction directed by Chen Xiaobei.

The mysterious monster giant's limit was 500 million and he didn't raise the price. In the end, mo Luo Wutian had the last laugh.

[ mo Luo Wu Tian: Chen Xiaobei! ] You're really too awesome! 500 million for a blood Bodhi, even if I buy it, I'll still make a loss!

Chen Xiaobei: " you can't count it that way. Think about it. If you use the Bodhi to train powerful subordinates, it might be able to create more value for you! A little water flows a long way, you can always make a profit!

Mo Luo Wutian, [ do you know? ] I'm going to the human world to beat you up! You're the one who's earning the most! And you're actually saying I can make a profit?

Chen Xiaobei: Everyone was just taking what they needed! You pay first, and I'll give you the blood Bodhi in three minutes!

Ding! Congratulations! You have snatched a red envelope from mo Luo Wutian. Five billion lower spiritual Jade has been stored in your treasure chest!

.....

Then, Chen Xiaobei opened Yuan Tiangang's message.

Chen Xiaobei-brother Yuan! Go and ask your superior if he still wants the 500 million blood Bodhi.

### Red Envelope Group of the Three Realms

#### **Chapter 3489: Ruins of the underground palace**

3489 Ruins of the underground palace

Yuan Tiangang thought,"isn't 500 million from the other bidder?" "We can't add any more on our side ...

Chen Xiaobei: "there's no need to increase the price. Let's just go with the 500 million price. I have ten pills for you!

Yuan Tiangang thought,"if you don't want to increase the price, we want it!" I'll report it immediately!

Chen Xiaobei: Then I'll wait for your good news!

After that, Chen Xiaobei entered the verdant Emperor's divine gourd.

After he found Futian Xin 'er, Chen Xiaobei asked her to help him ripen 15 blood Bodhi fruits at once.

Chen Xiaobei paid 45000 low-grade spiritual Jade for it.

At the same time, there were a total of 333 fruits on the tree of God.

The first time Chen Xiaobei ripened three, the second time he ripened ten, and after eating two, there were eight left.

In addition to the 15 he had just obtained, he now had 23 blood Bodhi fruits.

There were still 305 fruits left in the book.

Chen Xiaobei left the verdant Emperor's divine gourd with his loot.

First, Chen Xiaobei sent ten blood Bodhi fruits to mo Luo Wutian. After all, they might need to trade in the future, so Chen Xiaobei could not lie to mo Luo Wutian.

Once the red packet was sent over, the deal was completed.

On the other side, Yuan Tiangang also sent a reply.

His superior expressed that he was willing to accept the price of 500 million.

Ding! Congratulations! You've snatched a red envelope from ju liusun and obtained five billion lower-class spiritual Jade. It has been stored in your treasure chest!

afraid of leaving behind a grandson!?

huh? ” Chen Xiaobei was surprised. so, the superior that Yuan Tiangang was talking about is jiulusun!

Chen Xiaobei had already known that ju liusun was in cahoots with the mysterious leader of the monster race.

He was no longer surprised to receive a red packet from his grandson.

After that, Chen Xiaobei gave the ten blood Bodhi fruits to ju liusun in a red packet.

After all, Mother Nature Wu Dang and Yuan Tiangang were still undercover in the enemy’s camp. Chen Xiaobei could not lie to them.

Just like that, the two major transactions were completed one after another!

Because of the phone, Chen Xiaobei had reached a new level in the auction!

One had to know that there would only be one winner in an auction.

But this time, the two parties who participated in the auction were evenly matched, and both bought the items at the highest price.

It seemed like everyone was happy, but in fact, Chen Xiaobei was the biggest beneficiary.

10 billion low-grade spiritual Jade was in his account. Just thinking about it made Chen Xiaobei’s scalp tingle.

Other than that, Chen Xiaobei had also found out the highest price of the blood Bodhi.

From now on, there would be no need for an auction. If anyone wanted to buy it, Chen Xiaobei would ask for 500 million low-grade spiritual jade pieces.

If he could afford it, he would buy it. If he could not, he would just get lost. Chen Xiaobei did not have to worry about selling it!

“It’s so cool!”

Using his spiritual sense to feel the 10 billion, 24320 pieces of low-grade spiritual Jade in the infinite space ring, Chen Xiaobei felt like he was on cloud nine.

In the Hong Meng Demon Realm, he had been worried about spirit Jade and had almost died in battle because he did not have enough energy.

But now, he had become a billionaire.

This was simply too dreamy!

.....

Chen Xiaobei’s confidence had been boosted to an unprecedented level.

He immediately started to make preparations and planned to enter the rift to the void.

Of course, there was one more thing Chen Xiaobei needed to do before he entered the rift.

And that was to help primordial chaos demon ancestor Jun Moxie remove the seal.

Chen Xiaobei had promised this to Jun Mohan and Cang tianao. No matter what, Chen Xiaobei had to keep his promise.

“Chi ...”

Chen Xiaobei used his spirituality to communicate with the primordial demonic fire.

This strand of grandmist demonic fire would allow Chen Xiaobei to contact Jun Mohan.

“My God ... Childe Chen! You’ve finally contacted me ...”

Jun Mohan’s anxious voice sounded in Chen Xiaobei’s mind.

The long wait had already made her heart burn with anxiety.

She even suspected that Chen Xiaobei would never contact her again. She had been in despair for a long time.

“I’ll naturally fulfill my promise to you!”

tell me, where are you? I’ll go over now and help you break the seal! Chen Xiaobei said.

“Really? That’s great!”

Jun Mohan replied, “I’m at the bottom of the East Sea in the earth-god Realm!” There was a relic of an ancient immortal’s underground Palace! Don’t cut off the spiritual connection, I’ll point you in the right direction!”

“Good! I’ll set off now!” Without hesitation, Chen Xiaobei used the portal to head to Donghai.

Right now, there were only 40 days left to the three-month deadline to save fairy Chang ‘e.

Chen Xiaobei had to make use of every second.

Fortunately, the entire earth-god Realm now belonged to Chen Xiaobei. There were no obstacles along the way, and all the portals were working. He reached the East Sea in a few minutes.

After that.

Chen Xiaobei followed Jun Mohan’s instructions and dived into the sea.

With the water repellent bead and his two-star advanced-stage heaven immortal physique, Chen Xiaobei quickly reached the bottom of the sea and found the underground palace that Jun Mohan had mentioned.

Last time, when Chen Xiaobei tore open the void and brought Fu Tian Xin ‘er out of the sealed space, Jun Mohan’s stone orb also fell into the spatial turbulence.

It was not strange for him to appear in the ruins of the underground palace.

But what puzzled Chen Xiaobei was that this ruin was very special.

The entrance to the underground palace was under the rocks at the bottom of the sea.

However, after entering it, it was as if he had entered a huge space. There was no longer any seawater around him, but many strange stone sculptures appeared.

According to Jun Mohan's guidance, her sealing stone ball should be below this huge space.

However, Chen Xiaobei could not find a way down.

To Chen Xiaobei's surprise, he could not use the earth escape divine gourd in this special space!

It was as if the ground beneath his feet was the lowest level of the spatial wall, and he could not go any further.

"This is very contradictory ..."

Chen Xiaobei furrowed his brows and started to plan. according to Jun Moxie's guidance, I still have to go down a long way before I can see the sealed stone ball. But now, there's no way to go ...

After a moment of silence, Chen Xiaobei turned to look at the stone statues around him.

In this space, there were thousands of strangely shaped stone sculptures. From a distance, they looked like Giants, but up close, there were traces of chiseling on them.

But these marks were very messy, without any pattern at all.

In the past, Chen Xiaobei would not be able to do anything.

However, things were different now.

"Clear Jade divine light!"

Chen Xiaobei let out a soft cry, and a green light appeared between his brows. It looked like yang Kuai had opened his third divine eye.

This was the wedding gift that Shen Gongbao had given Chen Xiaobei after he went to heaven.

"Chi ..."

The next moment, Chen Xiaobei looked at the stone statues again, and the result was completely different!

#### **Chapter 3490: Stone Warrior battlefield**

##### 3490 Stone Warrior battlefield

Under the effect of the clear Jade divine light, Chen Xiaobei was able to see through the secrets hidden within the huge stone sculptures!

It turned out that there was a small isolation formation hidden inside each stone statue. This way, outsiders could not sense the spirituality inside the stone statues.

On the stone sculpture, the chaotic marks that seemed to have been chiseled out were all traces left behind by the intense battle.

Through the divine jade light, Chen Xiaobei could see what weapon had caused each of the marks. He could even tell what type of ethereal force had caused the marks.

That's right!

The greatest use of the clear Jade divine light was insight!

It was able to see through all the mysteries invisible to the naked eye, just like Yang Jian's third eye, just like brother monkey's genuine fiery golden eyes.

The clear Jade divine light originated from the secret skill of the clan of enlightenment. In terms of level, it was even higher than the third eye and the fiery golden eyes.

To be able to see through the isolation formation, one could see how powerful the clear Jade divine light was.

"It turns out that this is an ancient battlefield made of stone! If you want to go to the lower levels, it's better than passing the test here!"

Chen Xiaobei finally understood the whole thing.

This underground palace ruin might have many levels. Only by passing the test on one level could one go to the next.

Jun Mohan's position should be at the bottom of the multi-layered space.

The earth escape divine gourd could only move underground, but not through space. That was why Chen Xiaobei was trapped on this floor.

"In that case, let's begin!"

Chen Xiaobei clenched his fist and punched a stone statue beside him.

"BOOM!"

At this point, Chen Xiaobei's physical strength had already reached the late-stage two-star heaven immortal realm. Even if he did not have the support of his celestial core power, the power of his punch had already exceeded that of an early-stage two-star heaven immortal.

The huge force crushed down directly, instantly causing a huge destructive force as if a meteorite had hit.

The stone statue exploded into countless pieces, flying in all directions.

"Not bad!"

"The master of this underground Palace must have been a powerful true immortal before the destruction of the ancient land!" The first level's test had actually reached the level of a one-star heaven immortal! The further down you go, the more difficult it will be!"

The stone statue that Chen Xiaobei had just destroyed had a one-star divine immortal's defense.

In the earth-god Realm, such a stone statue was almost invincible. Even the top ten overlords could not destroy it easily with one-star heaven immortal artifacts.

“Ka ... Ka ka ka ...”

At this moment, the tens of thousands of stone statues around them began to move.

Chen Xiaobei could tell that these statues were not ordinary objects. So, he only needed to attack one of them to activate all the statues.

The stone sculptures were like Giants that had just woken up. They all extended their hands and feet.

One by one, they stood up and became 10000 Stone Soldiers.

Clearly, they not only had the defensive power of a one-star heaven immortal, but also the destructive power of a one-star heaven immortal.

In other words, there were ten thousand one-star sky Immortals surrounding Chen Xiaobei.

.....

“Eh? Who touched the battlefield of Stone Warrior?”

At the same time, in the corner of the space, pairs of eyes opened, as if they had been awakened by Chen Xiaobei’s punch.

Hundreds of eyes were all on Chen Xiaobei.

“Quickly look! There’s a new person!”

“How many years has it been? A trillion years? Or a trillion years? Someone actually managed to find this place?”

“Why are you so excited? He’s just an eight-star earth-god, an ant-like trash. How could he possibly pass the assessment?”

“That’s right, a mere eight-star earth-god’s primordial spirit can’t leave the body. If he dies, he’s completely finished! You don’t even have the right to be our friend!”

“Go to sleep! Let’s continue sleeping! It’ll be over soon anyway!”

In the corner of the space, the hundreds of people were excited for a short while before they fell silent again.

No!

To be precise, they were not human!

Instead, it was more than a hundred heaven immortal essence souls!

He had no physical body, no dharma body, no nascent soul, and not even a soul.

They had been sleeping here all this time, and they had even forgotten how much time had passed.

In their eyes, Chen Xiaobei was an ant that had just woken them up from their sleep. An ant that was about to die.

They did not even bother to look at Chen Xiaobei.

“Chi ...”

At this moment, a spiritual fluctuation came from the sky, and a line of words appeared.

‘Yunyi Celestial Palace, descendant selection!’

successor selection?!

Chen Xiaobei’s eyes lit up, so this multi-layered space is a test designed by the master of the divine Palace to select his successor? Whoever can pass the level will become the successor of the Yunyi Celestial Palace?”

a one-star heaven immortal is at the entry level. That is to say, the original owner of this immortal Palace must have had a very high cultivation and status. Anyone below heaven immortal is not qualified to participate in his selection!

It was obvious that there was no heaven immortal in the earth immortal realm.

Therefore, this assessment space must have already existed during the previous immeasurable cultivation tribulation.

The fact that he had the ability to create this space and even let so many people take the risk to participate in the assessment showed that the former master of the Yunyi Celestial Palace must be extremely powerful!

He was at least a high-tier heaven immortal, and could even be a God-tier being!

“Chi ...”

Then, a second line of words appeared in the sky.

“The first round, whoever can last for ten minutes will pass! The loser will bear the consequences!”

“These are the rules of the test!”

Chen Xiaobei’s expression changed, and he looked at the ten thousand stone warriors again.

“The participants of the assessment must hold on for ten minutes under the siege of these stone warriors! Moreover, he would have to bear the consequences! This means that someone might be seriously injured here, or even killed in battle!”

This wasn’t just a simple test, it was a cruel test of survival.

Chen Xiaobei could even imagine that many people had entered this space at the same time. After the fierce battle, many people had died here.

Some of them might help each other, some might scheme against each other, but no matter what, only those who could last ten minutes would be considered to have completed this PlayerUnknown's Battlegrounds and could enter the second stage.

"Chi ... Chi ..."

In the next moment, the two lines of words disappeared at the same time.

boom boom boom ... Boom boom boom ...

Then, the ten thousand stone golems charged at Chen Xiaobei.

The defensive power, destructive power, and speed of these stone warriors had all reached the level of an early one-star heaven immortal.

Tens of thousands of soldiers charged at Chen Xiaobei, causing the entire space to shake. It was as if a hundred thousand mountains were pressing down on Chen Xiaobei. It was so terrifying that it was suffocating!

"Ten minutes ..."

Chen Xiaobei furrowed his brows and sighed. "What a waste of time! I think ten seconds is too long!"
