Chapter 3491: Free food delivery

“Clang!!!”

Chen Xiaobei took out the chaos Blood Sword.

“Whoosh ...”

At the same time, Chen Xiaobei took out 30000 low-grade spiritual jades, crushed them all, and injected a huge amount of spiritual Qi into the chaos Blood Sword.

30,000 lower-grade spiritual jades could activate the power of a mid-stage two-star heaven immortal.

The difference of one major realm and one minor realm was enough to crush all the targets around him!

“Swish!”

The spirit Qi was burned out in an instant, and the power of the chaos Blood Sword burst out, suddenly slashing out a terrifying blood-red sword Qi.

The sword Qi shot up to the sky and burst out when it reached 10000 meters in the air.

His Qi turned into nine sword shadows, as if nine Blood Dragons were soaring in the sky.

boom boom boom ... Boom boom boom ...

In the next moment, the nine berserk Blood Dragons came crashing down.

It was like a rolling pin rolling on tofu.

Wherever the nine Blood Dragons passed, the stone warriors were all shattered.

In an instant, rocks were sent flying and debris filled the sky. The entire space trembled violently as if it was about to be crushed.

In less than ten seconds, the entire space fell silent.

Not a single one of the 10000 stone warriors was able to remain standing in this space.

No!

In the entire space, there was not a single stone that was bigger than a fist. They were all crushed and covered the ground.

“How satisfying!”

Chen Xiaobei looked at his surroundings and sighed. “It’s really a moment of pleasure to be rich! It’s always good to have money!”

In the past, Chen Xiaobei would have to spend a few thousand low-grade spiritual jades carefully and painfully.

Chen Xiaobei did not even bat an eye when he used up 30000 low-grade spiritual jades.

The feeling of killing 10000 people was so good that he could fly!

“Heavens! What ... What was going on? What about the Stone Warrior? How did they all disappear?”

“What’s the situation? That eight-star earth-god was still alive? Don’t tell me ... Don’t tell me ...”

“Right! It was him! It was him! He was the one who had defeated all the stone warriors! He has passed the first trial!”

“H-how is this possible? I just closed my eyes for a few seconds, and the battle is over the moment I open my eyes? I’m not dreaming right?”

Looking at the battlefield in front of them, the hundreds of primordial spirits hiding in the corner were all extremely shocked.

They never dreamed that the mere earth immortal realm warrior, who was regarded as an ant by them ten seconds ago, had actually succeeded in this second.

Not only did he last for ten minutes, but he also destroyed the entire ancient battlefield of soldiers in ten seconds! He had completely destroyed the examination field of the first stage!

One had to know that this white origin soul was the one who died in the first trial!

After they died, only their primordial spirits remained. They hid in a corner and struggled at death’s door for countless years.

However, at this moment, the performance of a mere ant was actually countless times better than all of them combined.

Without a doubt, in addition to shock, the hearts of these primordial spirits had all suffered a critical hit that was hundreds of millions of times more.

Compared to this ‘ant’, they were simply too weak!

“Look! Quickly look! The blood-red sword in the kid’s hand! It seemed to be ... Oh my God! It’s a peak nine-star heaven immortal artifact!”

“How could a mere eight-star earth-god have such a treasure? Could he be the Crown Prince of some super powerful being in the heaven realm?”

“Who cares who he is! We’ve been trapped here for countless years, and we finally have a chance to escape!”

“That’s right! As long as we can get that blood-red sword, we have a chance to pass all the tests, leave this damn space, and regain our freedom!”

“Freedom! I must regain my freedom! Even if a heavenly path Saint were to come, I would still dare to Rob him!”

Very quickly, these primordial spirits turned from shock to fanaticism! Extreme fanaticism!

After all, they had been imprisoned for far too long. Seeing a chance to regain their freedom was like seeing the most precious thing in the world! Most important! The most irreplaceable treasure!

Even if he had to risk his life! Even if he had to offend a heavenly path Saint! They also wanted to fight for this chance of survival!

“Whoosh! Whoosh! Whoosh ...”

At the same time, hundreds of primordial spirits shot towards Chen Xiaobei like arrows.

To them, Chen Xiaobei had only been able to pass the first stage because of the chaos Blood sword’s power.

Chen Xiaobei, on the other hand, did not have any celestial core power, so he could not hurt his primordial spirit.

As long as they could enter Chen Xiaobei’s body and possess it, they would have the chance to use the chaos Blood Sword to pass all the tests and regain their freedom.

“Chi ...”

At that moment, a space gate on the ground opened in the center of the space.

Obviously, that was the door to the second stage!

“Young master! Hurry up! Quickly come to my side!”

One of the primordial spirits flew over to Chen Xiaobei and shouted, “Come over quickly! They want to take over your body! It’ll be too late if we don’t escape!”

It was the primordial spirit of a young girl. She was very cute, with a round face and a sweet voice, just like a little loli who had walked out of a comic.

“Eh? Who are you? Hmm?”

Chen Xiaobei was taken aback. He immediately felt hundreds of primordial spirits coming at him from behind.

“My name is Xu Anan! There was no time to explain! Hurry up and come over!”

The little loli’s primordial spirit urged Chen Xiaobei anxiously, afraid that Chen Xiaobei’s body would be taken over by those primordial spirits.

However, Chen Xiaobei did not move an inch. He smiled and said, “Ha, we don’t even know each other, why should I listen to you?”

“How can you not know what’s good for you?” “If I didn’t remind you, you wouldn’t even know how you died!” Xu Anan said quickly.

“Is that so?”

what?” Chen Xiaobei laughed. are you saying that without you, I wouldn’t have known how to go through the portal? ”

“Yes, yes, yes! You don’t need me to remind you! I need your help, okay?” Xu Anan said anxiously, “there is a restriction on the space gate. Primordial spirit can not go through. I need you to take me there!

“So you’re saying that you and them have the same goal?” Chen Xiaobei raised his eyebrows and asked.

“Yes! I want to regain my freedom, just like them!”

Xu Anan said seriously, “but I’m different from them. I’ve never thought of harming you!

“Yes, I agree to beat you up and leave just because of what you said!” Chen Xiaobei nodded and said.

“Since you’ve agreed, then hurry up and come over!”

Xu Anan said anxiously, “you don’t have celestial core power. You can’t hurt them!” They can take over your body! If you don’t come over immediately, you won’t be able to escape!”

“Don’t run! If you have the guts, stop right there!”

“If you’re a man, then don’t be afraid!”

“Running away is what women do! You must stay!”

At the same time, the hundreds of primordial spirits had already rushed up to Chen Xiaobei, provoking him. They were afraid that Chen Xiaobei would escape into the second stage and they would miss their chance.

“I’m not running!”

Chen Xiaobei shrugged and smiled evilly. “On the contrary, I have to thank you for giving my sword free food!”

Chapter 3492: Hundred ghost battlefield

3492 Hundred ghost battlefield

are you crazy?!

Xu Anan was dumbfounded and could not understand Chen Xiaobei’s actions. “You don’t have celestial core power, so they are invincible! Are you tired of living by staying in the same place?”

“Death God’s cage!”

Chen Xiaobei’s expression did not change. With just a thought, he activated the chaos Blood sword’s special ability.

This special ability was derived from the death Blood Crystal and was specialized in restraining the primordial spirit.

“Whoosh, whoosh, whoosh ...”

Countless rays of blood light shot out, forming a huge cage.

The hundreds of primordial spirits were charging at Chen Xiaobei like crazy, not even thinking that Chen Xiaobei would have a way to deal with them.

Therefore, they were almost defenseless, and all of them were squeezed into a pile.

“Whoosh ...”

Under such circumstances, there was no suspense to the outcome.

The death God’s cage descended and captured all of the primordial spirits in one fell swoop. Not a single one of them escaped.

how ... How is this possible?!

Xu Anan was shocked by what she saw. She could not believe her eyes.

“My God ... What’s going on? How did this kid catch us?”

he’s only an earth immortal realm warrior without the support of immortal essence. Why ... Why can’t we get out of this blood cage? ”

“We’re doomed ... We’ve really kicked an iron plate this time ...”

At the same time, the hundreds of primordial spirits also wailed in shock, horror, and fear.

“You guys are so noisy, like a group of flies.”

Chen Xiaobei’s brows furrowed, and a cold light flashed across the chaos Blood Sword.

Whoosh ... Whoosh ... Whoosh ...

The next moment, the primordial spirits dispersed like smoke and were forcibly sucked into the chaos Blood Sword.

That’s right!

They wanted Chen Xiaobei’s life, so Chen Xiaobei would not be nice to them.

He killed them decisively, not leaving a single one alive.

He directly converted the 100 primordial spirits into the energy of the chaos Blood Sword.

When these energies were stacked together, they could activate the chaos Blood Sword once to unleash the power of a mid-stage one-star heaven immortal.

Although Chen Xiaobei did not lack spiritual Qi, grasshoppers were also meat. It would be good to save some.

“My God ... He ... They ... Were they all destroyed by you?”

Xu Anan was shocked to the extreme. Her cute round face was frozen and her brain was about to short-circuit.

don’t be long-winded! If you want to leave, then come with me!

Chen Xiaobei shrugged. He did not want to explain himself to a stranger, so he decided to help her.

okay ... Okay ... Xu Anan swallowed and quickly flew to Chen Xiaobei.

After that, Chen Xiaobei sent her into the Meru space.

In this way, the inhibition formation leading to the second stage could not sense Xu Anan's presence.

"Chi ..."

Without hesitation, Chen Xiaobei stepped through the portal and arrived at the second stage of the test.

It was another independent space.

The surroundings were filled with baleful Yin Qi and the entire space was dark and cold, as if it was a cave of ghosts and demons underground, causing one to shudder.

"In the second round, whoever can last for ten minutes will pass! The loser will bear the consequences!"

A line of words appeared in the dark sky and then disappeared very quickly.

Chen Xiaobei looked around and asked, "What's the situation here? It's completely empty, not even a shadow can be seen ... Do you want me to be in a daze for ten minutes?"

"Chi ..."

Chen Xiaobei then let Xu Anan out.

"This ... This is the second stage! Hundred ghost battlefield!"

As soon as Xu Anan came out, she exclaimed, "Hurry up! Young master, quickly take out the pure yang spiritual item! Otherwise, once the yin Qi attacks, it will quickly wear down your physical and mental strength!"

"What? Yin Qi?"

Chen Xiaobei was surprised. "I don't feel any Yin Qi."

"Eh? That's strange ..."

Xu Anan was surprised and nodded. "I didn't feel any Yin Qi either. However, according to the test, this stage is the hundred ghost battlefield. The yin Qi will attack and drain the strength of the candidates. Then, the ghost soldiers will surround and kill them by force!"

"Could it be that someone did what I did, and exterminated all the ghost soldiers here?" Chen Xiaobei asked.

"It shouldn't be possible ..."

Xu Anan shook her head. "back then, there were seven super geniuses who took part in the test. But the test became more and more difficult as time went on. The seven of them all adopted the strategy of holding back their strength. They only needed to hold on for ten minutes. They would not waste a lot of spiritual Qi to kill all the ghost soldiers!"

Obviously, although Xu Anan looked silly, she was actually very smart and saw through the mystery with one sentence.

Back then, there was indeed someone among the examinees who could destroy all the ghost soldiers.

However, Chen Xiaobei had just used up 30000 low-grade spiritual Jade.

Even for the seven most powerful super geniuses at that time, this was a huge consumption.

Even if they had the ability, they couldn't squander it like this for the assessment later on!

"So you're saying that the ghost soldiers are still here? then why haven't they appeared yet?" Chen Xiaobei asked.

I don't know ... Xu Anan shook her head and said, "However, it's good that there are no ghost soldiers! We just need to wait quietly for ten minutes and we can enter the third stage. How great is that!"

"Hmm, let's wait then ..."

Chen Xiaobei nodded and asked, "Could there be other primordial spirits in this layer of space?"

Xu Anan was surprised for a second and nodded quickly. "I will! Furthermore, there might be even more essence spirits here than on the first level! Stronger!"

It was obvious that many people would die in this PlayerUnknown's Battleground-type assessment.

Moreover, the further the test, the stronger the strength of those who died inside.

"Interesting!"

Chen Xiaobei narrowed his eyes and activated the divine jade light again. He looked around and sneered. "So it's a smokescreen! All of you, come out!"

The special ability of the clear Jade divine light was insight! Moreover, it was of a higher level than Yang Jian's third Eye of Heaven and Monkey King's fiery golden eyes.

If he could even see through the isolation formation, he would naturally be able to see through all the smokescreens around him.

It turned out that there were more than three hundred primordial spirits hidden in the surroundings.

As Xu Anan said, the power and Foundation of these primordial spirits were much more powerful than the first primordial spirit.

Over the long years, they were the ones who absorbed all the yin Qi in the surroundings and even devoured all the ghost soldiers. They had even comprehended a kind of concealment ability.

If Chen Xiaobei did not have the clear Jade divine light, he would not have been able to see them.

"Hu ... Hu ... Hu ..."

In an instant, a cold wind blew in the surroundings, and more than three hundred primordial spirits emerged from their hiding state.

By then, they were less than ten meters away from Chen Xiaobei. They had formed an encirclement and were ready to attack Chen Xiaobei at any time.

Chapter 3493: Ancient genius

3493 Ancient genius

“Ya! Where did they come from?”

Xu Anan was shocked and couldn't help but scream.

“Don't make a fuss, hide behind me!”

let's go! Chen Xiaobei said as he gripped the chaos Blood Sword.

Although the death God's cage was the nemesis of primordial spirits, the speed of this special ability was not fast. Primordial spirits with high cultivation could avoid it.

The reason why they were able to capture all the primordial spirits on the first floor was that their state of mind was too bad. When they saw the opportunity to regain their freedom, they lost their rationality and rushed over like a swarm of bees. They were not even on guard and were simply walking into the trap.

However, it was different now. The second primordial spirit not only had a higher cultivation, but its state of mind and intelligence were also more powerful. It even knew how to surround and sneak attack.

If not for Chen Xiaobei's divine jade light, he would not even know how he died.

Because of this, the death God's cage could not possibly kill all the enemies in one go. Chen Xiaobei had to be prepared for battle.

“Brat, you're pretty awesome, huh? you can actually detect us!”

At this moment, a stocky primordial spirit flew out. It looked like the leader of all the primordial spirits.

He raised his chin and said arrogantly, “ you're destined to die today. Surrender obediently, and perhaps I'll be merciful and spare your soul for you to reincarnate!

It was clear that this guy also wanted to possess Chen Xiaobei's body.

“Ha.”

of course not! Chen Xiaobei smiled. if you kneel down and beg for my mercy, I might take you out of here! However, since you want to take my body, I can only destroy you completely!”

It was obvious that human nature was selfish and greedy.

These primordial spirits all thought that they were undefeatable, so they would not beg Chen Xiaobei.

On the contrary, they wanted to use their own strength to take everything from Chen Xiaobei.

This was a typical case of a greedy snake swallowing an elephant!

These primordial spirits were like a greedy little snake, and Chen Xiaobei was a giant elephant that they could not bear the consequences of!

Since they were up to no good, Chen Xiaobei would not show them any mercy.

“Little brat! You’re very arrogant! You actually want to exterminate us?”

The stocky Yuan spirit couldn’t help but sneer, “Why don’t you ask me who I am? Do you really think you’re a Big Shot just because you have a peak nine-star heaven immortal artifact?”

“I don’t care who you are. If you want to fight, then fight! Why are you talking nonsense!” Chen Xiaobei’s face was cold, and he did not want to waste his breath on her.

Childe ... He ... He’s Zuo Lenghu!

At this time, Xu Anan said in panic, “He’s one of the seven super geniuses I mentioned! When he was still alive, he was a very powerful Onmyoji who was best at exorcism and controlling ghosts! He’s almost invincible in the same realm!”

hehe! Chen Xiaobei laughed. if he’s so strong, how did he die in the hundred ghost battlefield? Wouldn’t that be like playing with an Eagle and getting pecked blind? He’s so stupid!”

“Little brat! You know nothing!”

Zuo Lenghu shouted angrily, “I was ambushed. That’s why I died in the second stage! Otherwise, I would be the current master of Yunyi Celestial Palace!”

As soon as he said that, the surrounding 300-odd primordial spirits all nodded in agreement.

“That’s right! Master Hu had been ambushed back then! That person was too despicable! You’re despicable!”

“Master Hu is a publicly acknowledged super genius! He was the one who taught us the secret technique to devour the yin Qi and ghost soldiers here to strengthen ourselves. Otherwise, we could only wait for death in this corner!”

“Well said! Not only did master Hu have the ability, but he also had the wisdom! He was the one who taught us the secret technique to conceal our essence souls and ambush our enemies! I’ve finally put it to good use today!”

It was not difficult to see that the surrounding 300-odd primordial spirits admired Zuo Lenghu very much.

Of course, it was not strange. After all, it was all thanks to Zuo Lenghu that they could have what they had today.

As long as he could take down Chen Xiaobei, Zuo Lenghu would be able to get everything that belonged to Chen Xiaobei. Then, he could use his invisible storage treasure to bring all of them out of this place.

For this reason, each of them admired and respected Zuo Lenghu, and they would listen to his every word.

alright, I've already shown you the way. Since you're not willing to beg me, then I can only fight to the death!

Chen Xiaobei was not a good person.

If they changed their minds and begged for mercy, Chen Xiaobei could take them away, but if they were stubborn, Chen Xiaobei would kill them all.

very good! You've got guts!

Zuo Lenghu could also tell that Chen Xiaobei would not give in to them. He would definitely fight them.

"Brothers! Form the [evil ghost Yin fiend formation]!"

Zuo Lenghu shouted as he took the lead and flew up.

"Woof! Buzzzzzz! Yi ..."

Immediately after, the rest of the primordial spirits also flew up and arranged themselves into a small battle formation according to specific positions and orders.

Logically speaking, the power of the primordial spirit was extremely weak. It should only be one-tenth of their cultivation.

However, through Zuo Lenghu's Secret skill, they had devoured all the ghost soldiers and Yin Qi here. At the same time, with the help of the geographical advantage, they had forcibly activated the power of a two-star mid-stage heaven immortal.

Under normal circumstances, this level of power would not pose any threat to Chen Xiaobei.

However, Zuo Lenghu was indeed an ancient genius. The power that burst out from the magical formation that he had set up was actually in the spiritual body state!

In other words, ordinary power would not be able to resist the power of this array!

Only pure yang spirit items, pure yang celestial energy, and pure yang might could withstand their attacks!

If they didn't have all these, then they would be able to stand on an undefeatable position. Only they could beat others, and others couldn't reach them at all.

"He's too strong! Is this what a genius is?"

Xu Anan gasped and was dumbfounded."Our essence souls on the first level are sleeping every day! However, the second primordial spirit has become so terrifying under the leadership of Zuo Lenghu!"

"Die!"

Zuo Lenghu waved his hand and roared arrogantly, "You don't even have the power to fight back in front of my evil ghost Yin fiend formation! Have a good taste of despair! You're about to die, and even feeling despair will become a luxury! Hahaha ..."

Hearing that, Xu Anan immediately screamed, " "Young master! Be careful! Your sword Qi can't resist that evil power! If you really can't do it, then quickly surrender! Otherwise, it'll be too late!"

"Whoosh ..."

Obviously, Zuo Lenghu had decided to kill Chen Xiaobei. He would not give Chen Xiaobei the chance to surrender.

In an instant, a terrifying storm of Yin Qi galloped towards Chen Xiaobei like ten thousand horses.

it's over ... Xu Anan's heart suddenly turned cold, and her mood fell to the bottom.

The chaos Blood Sword could no longer resolve this crisis!

Red Envelope Group of the Three Realms

Chapter 3494: Divine light crushing

3494 Divine light crushing

Without absolute speed, the death God's cage could not capture all the primordial spirits in the surroundings. Without immortal essence, he could not hurt them. Without the power of pure yang, even the " evil ghost Yin fiend formation " could not withstand it.

The situation was not in Chen Xiaobei's favor.

All of a sudden, the enemies laughed excitedly and looked at Zuo Lenghu with great admiration.

Xu Anan, on the other hand, closed her eyes in despair. She did not want to see Chen Xiaobei die.

Even so, Chen Xiaobei remained calm and composed. He even felt like laughing.

"If you hadn't devoured the yin Qi ghost soldiers, I might've had a headache dealing with you! But now, your primordial spirits have all turned into Yin fiend-type! Isn't this like a drowsy person meeting a pillow?"

Chen Xiaobei raised his eyebrows and snapped his fingers.

Haotian divine light!

Chen Xiaobei's fingertips suddenly shot out a dazzling nine-colored divine light!

The purest yang! Supreme and righteous! It was gorgeous, mysterious, and extremely sacred!

That's right!

This was the wedding gift that Jiang Ziya had given Chen Xiaobei after he arrived in heaven.

"Whoosh ..."

In an instant, the yin fiend storm that was pressing down on them was like ice and snow falling into a raging fire, instantly evaporating into white gas that floated in the air.

impossible ... Impossible ... It's absolutely impossible!!!

When Zuo Lenghu saw that, he could not help but take a deep breath as if he had seen a ghost, " why does that kid have Haotian divine light???"

Everyone was shocked by his words.

As the ancient true immortals before the destruction of the untainted land, they all knew the meaning of Haotian divine light.

the Haotian divine light is one of the Trump cards of the Haotian Jade Emperor. It can crush all evil things in the Three Realms!

"What's the situation? Could this kid be the direct disciple of heavenly Lord Yuanshi?"

that's impossible ... How can the personal disciple of the heavenly Lord Yuanshi only be in the realm of earth immortal?"

One must know that before the last immeasurable catastrophe, there was no distinction between the heaven, earth and human realms, and the untainted land already covered the entire world.

At that time, there was no heavenly court or Jade Emperor.

It was after the immeasurable cultivation tribulation that the clan of enlightenment won, and the heavenly Lord Yuanshi gained the power to control the world on behalf of the way of heaven.

Thus, honored Lord of the origin appointed a boy and a girl under him to become the Jade Emperor and Queen Mother, and built a new heavenly court.

Then, he used Investiture of the Gods to seal the primordial spirits of the 365 ancient gods who had died in the last cultivation tribulation, forcing them to work for the celestial heavens like loyal dogs.

By the way, among the 365 principal gods on the list of deification, 317 of them were disciples of the tribe of severity.

The heavenly court's divine officials sounded high and mighty, and extremely glorious.

But in fact, they were humiliated. Under the oppression of the clan of enlightenment, they lived worse than the celestial Hound!

At that time, in order to let the Jade Emperor manage the celestial heavens better, the heavenly Lord of the origin gave him many Supreme treasures and divine items.

Among them, the Haotian divine light was one of the most precious treasures that the heavenly Lord of the origin had given to the Jade Emperor.

That was why the group of primordial spirits mistook Chen Xiaobei for the heavenly Lord Yuanshi's direct disciple.

"Look ... Look at the green light on that kid's forehead! That ... That seems to be the clear Jade divine light condensed by the secret method of the clan of enlightenment!"

my God ... Could this kid really be the personal disciple of heavenly Lord Yuanshi?"

"It's over ... It's over ... We really kicked an iron plate this time ... No! We've practically kicked a bomb!"

All of a sudden, the 300 primordial spirits around him wailed in despair.

If Chen Xiaobei was really the direct disciple of the heavenly Lord Yuanshi, they would not be able to survive even if they had a hundred million lives.

“Listen up!”

Chen Xiaobei said coldly, “I’m not a disciple of that old primordial thief! I am the disciple of Shangqing Lingbao Tianzun, sect master Tongtian!”

Chen Xiaobei’s Haotian divine light came from Jiang Ziya. Jiang Ziya used to be the most popular person under the heavenly Lord of the origin. He even used to hold the Holy whip. Wherever he went, all the gods had to give up their main positions.

Because of this, it was completely reasonable for Jiang Ziya to have the Haotian divine light.

However, he could only retrieve it and give it to Chen Xiaobei when he returned to heaven, so he had never heard him mention it before.

It was the same for Luohou, Taiyi, and the others. In the human realm, they couldn’t display their true abilities and foundations. Only in the heaven realm could they enter the vast sea and do whatever they wanted!

“Woof! Buzzzzzz! Yi ...”

At the same time, Chen Xiaobei had already waved his hand and sent out Haotian’s divine flame like a sharp sword. He was going to clear the name of the tribe of severity and the sect leader of Tongtian!

I don’t even want to be the disciple of the heavenly Lord Yuanshi!

The nine-colored divine light moved freely and everywhere it passed, the yin storm was destroyed and the 300 primordial spirits were injured.

Haotian’s divine light was Supreme and righteous, yang and unyielding, and it could crush all evil things in the Three Realms!

Within the Three Realms, be it ghosts, primordial spirits, evil demons, or Asuras, they would be crushed by the Haotian divine light!

There was no need for immortal essence, and it was completely unreasonable. It was a direct suppression!

“Ah ... Argh ... Spare me ... Spare me ...”

All of a sudden, the surrounding 300 primordial spirits, including Zuo Lenghu, shrieked hysterically.

As long as the Haotian divine light shone on them, it would directly impact the yin and evil attributes in their bodies, making them feel as if they were being burned by a raging fire and could be burned to ashes at any time.

“Spare my life? It’s too late!”

Chen Xiaobei activated the death God’s cage again.

At this moment, the 300 primordial spirits had lost their ability to resist and were all lying on the ground, rolling around in pain.

The death God's cage had descended, and they had no way to escape. They were all captured, and only death awaited them.

"Hiss ..."

Xu Anan gasped and looked at Chen Xiaobei as if he was a ghost. Her little head was about to explode. She still could not figure out what was going on.

"Chi ..."

At the same time, the door to the third stage had already opened.

"Stop daydreaming! Let's go!"

Chen Xiaobei's expression did not change. It was as if he had just stepped on a group of ants.

"Oh ... Okay! I'll be there immediately!" Xu Anan gulped and quickly flew toward Chen Xiaobei.

After that, Chen Xiaobei put Xu Anan into the Meru space and entered the third stage.

.....

The space around them changed, and the scene around them turned into a huge arena.

"In the fourth round, you will pass by defeating a Buddha warrior! The loser will bear the consequences!"

"A Buddha warrior? What's that?"

Chen Xiaobei looked around and then let Xu Anan out.

"Young master! Hurry up! Let's replenish the energy of your magic treasure!"

Xu Anan said hurriedly, "according to the topic of the test, there will be a butcher who is one level stronger than you in the ring!" Don't fight it head-on, you'll suffer a great loss!"

"Ah?" "Only one small realm higher than me?" Chen Xiaobei laughed. That's too weak!"

[Red Envelope Group of the Three Realms](#)

Chapter 3495: The mysterious woman

3495 The mysterious woman

"Weak?"

Xu Anan looked at Chen Xiaobei and nodded, " that's right. Young master, you have powerful magical treasures and a strong foundation. It's indeed nothing for you to be one minor realm higher ...

BOOM!!!

Suddenly, a ten-meter tall Iron Warrior fell from the sky like an iron tower and landed in front of Chen Xiaobei.

According to Xu Anan, this was the stupa warrior that was one level higher than Chen Xiaobei.

“Young master!”

Xu Anan quickly hid behind Chen Xiaobei, looking very scared.

“Bang!”

Chen Xiaobei did not say a word. He jumped up and gave the stupa warrior a flying kick in the chest.

“Kalala ...”

In the next moment, the metal armor on the tower-like stupa warrior shattered like a Broken Egg, scattering all over the ground.

this ... This ... How is this possible?! Xu Anan was dumbfounded.

She had thought that Chen Xiaobei would have to rely on his magical treasure or some other trump card to defeat an enemy that was one level higher than him.

He did not expect that Chen Xiaobei would not use any of his trump cards. With just a simple kick, without even activating his ethereal force, he had destroyed the Buddha warrior.

This was no longer a battle of a higher minor realm, but an instant kill of a higher minor realm.

For Xu Anan, this was something that she had never seen or heard of before. It was unbelievable.

However, she would never have thought that Chen Xiaobei already had the physical strength of a late-stage two-star celestial immortal.

Even if the Buddha warrior was three levels higher than Chen Xiaobei, an early-stage two-star celestial immortal, Chen Xiaobei would still be able to fight it!

“Chi ...”

At this moment, the door to the fourth stage opened.

However, Chen Xiaobei did not rush in. Instead, he looked around and asked, “Is there no primordial spirit of the defeated on this floor? Why didn’t a single one appear?”

“Yes ...”

Xu Anan was a little surprised. She opened her eyes wide and looked around, but she did not see anyone.

“Don’t bother about them! Let’s go straight to the fourth stage!” Xu Anan said impatiently.

“No!”

no! Chen Xiaobei shook his head and said, “there must be something wrong! There’s not a single essence spirit on this level. It’s too strange!”

Chen Xiaobei was on high alert. He immediately activated the divine jade light and scanned the entire place, not missing a single corner.

The clear Jade divine light could see through everything!

Very quickly, Chen Xiaobei made a shocking discovery.

At the corner of the ring, there was a dimensional space.

That's right!

In addition to seeing through hidden things, the Jade clear divine light could also see through things in the microscopic world.

Under normal circumstances, it was very difficult to lock onto a dimensional space that was smaller than a speck of dust with the naked eye or an essence soul domain.

However, with the Jade pure divine light, ordinary dust would not have any difference, but the Meru space would flash with green light.

"Follow me!"

Chen Xiaobei walked over and took out the Sumeru space from the corner.

After the spiritual communication, the Meru realm did not recognize Chen Xiaobei as its master.

This also meant that this Meru space had an owner.

And its owner was in this space, and it was very likely to be the primordial spirit of the dead who had been defeated here.

"Chi ..."

At this moment, the owner of the Meru space seemed to have sensed the situation outside and opened a space door.

The door was right in front of Chen Xiaobei, as if it was welcoming him.

"Young master! You must be careful!"

Xu Anan quickly said, "there might be a trap inside. We can't walk right into it. There are Thirty-Six Strategies. The best one is to run!"

Obviously, Xu Anan's worry was not without reason.

If the owner of the dimension really wanted to welcome Chen Xiaobei, he should have come out and welcomed him.

But now, he only opened the door and didn't welcome any guests! It was like fishing with a straight hook, and those who were willing took the bait!

"It doesn't matter!"

"I'm sorry! Chen Xiaobei said. they've already opened the door to welcome me. It would be rude if I don't go in!"

"But what if there's a Dragon's pool or a Tiger's Den inside?" Xu Anan was worried.

“Then I shall subdue the dragon and the tiger!” Chen Xiaobei was very confident. He took a step forward and walked into the portal.

Behind the door was a small forest with beautiful scenery. It wasn't big, but it was extremely elegant.

Fragrant grass, fresh flowers, green streams, and green trees were all hidden in a Xumi space. It was really like a paradise in the legends.

It wasn't hard to see that the space Master was a very sentimental person.

And it was most likely a woman.

“Clang!!!”

Right at this moment, a crisp sword cry reverberated in the surroundings!

They looked toward the source of the voice and saw a woman flying over with a sword in her hand!

Her hair and dress fluttered in the wind. Coupled with her pretty face and curvy body, she was like a legendary female sword fairy who danced in the sky. She was extremely elegant and ethereal!

“Strange? Why isn't it a primordial spirit?”

Chen Xiaobei was taken aback.

That's right!

This woman was a real living person!

His physical body, dharma body, nascent soul, and soul were all there!

Moreover, the blue long sword in her hand was by no means an ordinary object. It was extremely spiritual and actually burst out with the power of a two-star heaven immortal in an instant.

“Shit ...”

Chen Xiaobei frowned. He had a bad feeling.

This woman's appearance was too sudden. It was completely out of Chen Xiaobei's expectations.

Although Chen Xiaobei knew that there could be someone else inside, it should be in primordial spirit form! Moreover, he shouldn't have any Dharma Treasures!

But now, a living person suddenly flew out of nowhere, and he had a two-star heaven immortal artifact in his hand!

Chen Xiaobei did not have any celestial core power, so his advanced two-star heaven immortal physique could only display the speed of an early two-star heaven immortal.

This unexpected change was enough to catch him off guard.

“Senior Sister! Senior Sister LAN! Please show mercy!”

But at this moment, Xu Anan ran out and said excitedly, “I'm Anan! Senior Sister! It's great to see you again!”

From Xu Anan's excited expression, it was not hard to tell that she was very close to sister LAN.

"Clang"

However, the woman did not show any mercy. She stabbed her sword at Xu Anan without slowing down.

It seemed that the woman was going to pierce both Xu Anan and Chen Xiaobei at the same time!

He was decisive and cold-blooded!

Was this still Senior Sister LAN?

Xu Anan was dumbfounded.

"Idiot!"

Chen Xiaobei frowned. He could have dodged the attack with his penetrate the nine Heavens.

But he could not touch Xu Anan! Once she dodged, she would die without a doubt!

Chapter 3496: Heaven-defying defense

3496 Heaven-defying defense

The primordial spirit was a very special existence. Without immortal essence, you wouldn't even be able to touch it.

Because of that, once Chen Xiaobei dodged with Ling Jiuxiao, Xu Anan could only wait for her death.

However, if he were to take the sword head-on, without the protection of his celestial core power, Chen Xiaobei would definitely be severely injured. If he was hit in a vital spot, his body would probably be destroyed.

forget it. Although it will waste a lot of mental energy, I'll just spare her life!

Chen Xiaobei did not give up on Xu Anan.

Since he was going to fight with the woman surnamed LAN, it was a good thing to save Xu Anan.

"Swish!"

Chen Xiaobei stepped out and went through Xu Anan's primordial spirit, coming in front of her.

young master!?

Xu Anan was shocked. She never thought that Chen Xiaobei would stand in front of her and protect her at this critical moment.

All of a sudden, Xu Anan was extremely touched.

Of course, she was also extremely anxious!

This was because Chen Xiaobei did not have any protective magical treasure on him, and the long sword in his hand did not have any spiritual Qi. He could only rely on himself to block the deadly sword.

There were no Dharma Treasures! He had no Trump cards! How could a mere eight-star earth-god block it?

Xu Anan was in despair. She could already imagine Chen Xiaobei's head being cut off by the sword and blood spurting out.

"Hmph! You're just an ant, how dare you look down on me!"

At the same time, the sword-wielding woman's face was filled with anger, and her brows were tightly furrowed.

LAN bingyan was also one of the seven geniuses who were known as the strongest candidates.

Back then, she had reached the peak of the one-star heaven immortal realm at a young age. With the blue ice immortal sword in her hand, she had swept away all her peers!

It was precisely because of this that she had a proud personality and never put the weak in her eyes.

In her eyes, Chen Xiaobei and Xu Anan should be kneeling on the ground and begging for mercy.

However, the reality was that Chen Xiaobei was not afraid of her at all. In fact, he even looked like he was going to fight her.

This made LAN bingyan extremely unhappy. Her self-esteem seemed to have been greatly challenged, and she even felt humiliated!

Any expert would be extremely displeased if an ant climbed onto their head.

"Whoosh ..."

All of a sudden, anger ignited LAN bingyan's will to fight. She injected her celestial core power into the blue ice immortal sword.

"Whoosh ..."

At the same time, a large amount of spiritual Qi was burned up inside the blue ice immortal sword.

With the support of the two forces, the power of the ice blue immortal sword was instantly raised to a minor realm, reaching the mid-stage two-star heaven immortal realm!

The destructive power and speed of this power were both above Chen Xiaobei's physical strength.

Although Chen Xiaobei's physical strength was higher, he lacked the support of his celestial core power. If he blocked the attack, he would either die or be crippled. His dodging speed was also not as fast as his opponent.

All of a sudden, Chen Xiaobei felt like he was in a dead end.

However, at this moment, the expression on his face was still very calm and composed, as if what was coming at him was not a life-threatening sharp sword, but a useless chicken feather!

“Myriad tribe holy light!”

die! Chen Xiaobei growled, and a bright, colorful Halo suddenly appeared behind his head!

Although this ring of light wasn't big, it could simultaneously emit the light of the sun, moon, and stars. It was as if all the worlds were contained within it, infinitely vast, infinitely deep, and infinitely stable!

what ... What's that?!

LAN bingyan and Xu Anan were both shocked.

As the most primitive ancient Immortals, they might be able to recognize the clear Jade divine light or the Haotian divine light.

However, they would never be able to recognize the Holy Light of all races that only the Supreme ruler of all races could possess before the second immeasurable catastrophe!

That's right!

This was donghuang Taiyi's wedding gift to Chen Xiaobei!

“Clang ...”

The blue ice divine sword was already right in front of Chen Xiaobei! They were only ten centimeters apart.

However, the blade of the sword seemed to be blocked by an invisible wall. It stopped at a position of ten centimeters and could not advance any further.

Whoosh ... Whoosh ...

At the same time, there was a steady flow of power on the sword. LAN bingyan even added more celestial core power to it.

However, all this energy was completely absorbed by the invisible wall like a clay ox entering the sea.

The blade of the sword still couldn't move an inch!

how ... How is this possible?!

LAN bingyan's pretty face was stunned as if she had been struck by lightning. Her pupils contracted and her body trembled.

In her opinion, her sword strike was enough to kill 100 million eight-star earth-god level cultivators.

But the truth was, she did not even hurt a single hair on Chen Xiaobei's head!

This result wasn't just a slap to her face. It was like a nuclear bomb had exploded in her heart, bringing an extremely violent impact to her state of mind!

No matter how hard she racked her brains, she still couldn't understand this situation!

“It's ... It's the Halo's special ability ...”

Xu Anan, who was standing behind Chen Xiaobei, could clearly see that countless energy gossamers were rushing into the Holy Ring that was shining with the light of the sun, moon, and stars!

At the same time, the Holy Ring also became brighter and brighter.

Without a doubt, this strange situation was the result of the special ability of the Holy Light of ten thousand races.

This special ability was like a layer of indestructible armor, covering an area of ten centimeters around Chen Xiaobei.

When the enemy's attack landed on this armor, the power would be directly absorbed by the Holy Light of all races.

This way, no matter how much strength LAN bingyan used, she could not hurt Chen Xiaobei! No matter how much spiritual energy or celestial core power she had, it was not enough for the Holy Light of all races to absorb!

That's right!

The level of the Holy Light of all races had reached the peak level of Sage-to-be.

As long as Chen Xiaobei had enough mental power, he would not be defeated by anyone below the Saint level!

Of course, the prerequisite was that he had enough spiritual power.

Chen Xiaobei's current mental power could only withstand the power of a two-star advanced-stage heaven immortal. He had to raise his cultivation and increase his mental power in order to withstand the stronger power.

Of course, it was more than enough to deal with LAN bingyan.

"Phew ..."

Soon, the spirit Qi in the blue ice immortal sword was used up. LAN bingyan's celestial core power was also at its limit and she needed to rest.

This was Chen Xiaobei's best chance to counterattack!

"Swish!"

Chen Xiaobei took a step forward and swung the chaos Blood Sword in his hand!

After devouring the three hundred primordial spirits, the energy in the chaos Blood Sword could now erupt with the power of a peak one-star heaven immortal!

He pointed his sword at LAN bingyan's dantian!

[Red Envelope Group of the Three Realms](#)

Chapter 3497: The LAN family bloodline

3497 The LAN family bloodline

“Woof!”

The chaos Blood Sword pierced through LAN bingyan’s dantian, dharma body, and nascent soul. Her three spiritual and seven physical souls were all destroyed!

“Uh ... Pfft ...”

LAN bingyan spat out a mouthful of blood and looked at Chen Xiaobei in disbelief.

Never in her wildest dreams would she have thought that Chen Xiaobei, whom she had regarded as an ant a second ago, was now trying to kill her again and again with his sword!

Of course, this result was all because of the Halo that shone with the brilliance of the sun, moon, and stars!

“What ... What is that ...”

LAN bingyan’s eyes were fixed on the Holy Light of all races, and her face was filled with extreme despair.

She couldn’t imagine what level of existence the Holy Light of all races was.

She couldn’t imagine how an eight-star earth-god could have such a heaven-defying thing.

Who was this kid?

“Whoosh!”

LAN bingyan knew that she had lost the battle. She tried to escape with her primordial spirit.

“Death God’s cage!”

However, Chen Xiaobei had already anticipated this. With another swing of his sword, LAN bingyan was trapped in the blood cage.

“Let me go ... Let me go ... Who are you? He was only an eight-star earth-god, so how could he have so many powerful means? Why?”

LAN bingyan felt like she was about to break down.

He was a young genius from the ancient times, a peak one-star heaven immortal, and he even had the blue ice immortal sword, a peak two-star heaven immortal! However, in the end, he was toyed with by an ant-like Earth level deity!

More importantly, she didn’t even have the strength to fight back.

This result simply shattered her three views, and she even began to doubt her life!

“Young master! Please don’t kill my Senior Sister LAN!”

Xu Anan quickly ran to Chen Xiaobei and begged, “My Senior Sister LAN is a very good person. She might not have seen clearly who I was just now, so she attacked!”

“You’re so stupid!”

Chen Xiaobei glared at Xu Anan and said, " you jumped out just now, called her, and told her your name. Unless she's blind and deaf, how could she not recognize you? "

"I ..."

Xu Anan frowned and her round face was full of anxiety, but she still insisted, " young master, Senior Sister LAN is already under your control. She is no longer a threat. Please keep her primordial spirit!

"No!"

no! Chen Xiaobei shook his head. a woman like her who doesn't even care about her own family has no bottom line. Keeping her around will only bring trouble to me. She'll bite me back sooner or later!

Obviously, Chen Xiaobei had already suffered a loss because of Xia Yilian. It was best for him to stay away from people with questionable character. Otherwise, he would be harmed by them sooner or later.

"Okay ... You kill me ..."

LAN bingyan caught her breath and her primordial spirit said coldly,"Don't blame me for not warning you! I'm the granddaughter of rushing star immortal venerable. My origin soul is in the family's spirit shrine!"

"As long as my primordial spirit is destroyed, the spirit altar will also be extinguished! When that time comes, you'll be the LAN family's mortal enemy! Even if you escape to the ends of the earth, you will still die!"

Judging from her tone, her grandfather, Apotheon rising star, should be a very powerful figure, while the LAN family should be an extremely powerful and influential sect.

young master ... You heard everything, right ...

Xu Anan looked at Chen Xiaobei, her round face full of worry.

Although the girl pitied LAN bingyan, she was also afraid that Chen Xiaobei would offend the LAN family.

"Ha, you guys are really too funny."

Chen Xiaobei could not help but laugh."You guys still don't know, right? The untainted land has already exploded in the third immeasurable catastrophe. I'm afraid that the rising star immortal venerable and the LAN family have long been exterminated!"

"What?"

LAN bingyan and Xu Anan couldn't believe what they had heard.

After their primordial spirits had been trapped here, they had never left. As for what had happened outside, they had no idea.

But there was one thing they remembered.

Before they came here for the assessment, they had been hearing rumors about the immeasurable cultivation tribulation.

This was enough to prove that Chen Xiaobei was not lying.

No... Even if the chaotic mainland is destroyed, the LAN family will not be annihilated ...

LAN bingyan's voice trembled as if she had been greatly stimulated.

"Heh, where do you get your confidence from?"

no! Chen Xiaobei sneered. the infinite cataclysm is the number one killing tribulation of the heavenly Dao. It affects all living things in the entire untainted land! Below the heavenly path Sage, who would dare to say that they would not die in the cataclysm?"

"I dare!"

LAN bingyan retorted,"The LAN family has a top-grade bloodline! His lifespan was endless! "If they can resonate with the heavens and earth, even if the cultivation tribulation comes, my family will have the power to protect themselves! It will never be destroyed!"

"Top-tier bloodline? Infinite lifespan?" Chen Xiaobei was taken aback.

LAN bingyan had indeed been trapped here for billions of years. If she were an ordinary person, she would have died of old age.

It seemed like LAN bingyan was the one who killed all the failed souls in the third floor.

And she had been hiding in her own Meru space, passing the endless time.

"Yes ..."

Xu Anan nodded and said in a low voice, " "The LAN family is an extremely powerful and influential family! Unless all living beings are exterminated, the LAN family will not be exterminated!"

"Mm ..."

After a moment of silence, Chen Xiaobei said, " the last cataclysm might have resulted in heavy losses and the continent was shattered, but not all living beings were exterminated.

Dao ancestor reconstructed the Three Realms of heaven, earth, and man. He first created the 36 levels of heaven, then evolved the universe of the human realm with the fragments of the untainted land, and finally defined the land where the yin spirits returned to.

in other words, after the cataclysm, the living beings and the souls of the dead should have been distributed to the Three Realms and continued to exist until now.

"Did you see that?" LAN bingyan was excited,"as long as the living beings are alive, the LAN family will not be destroyed!" If you dare to kill me, then be prepared to be buried with me!"

"I advise you not to threaten me! I won't fall for this!"

Chen Xiaobei said coldly, " "If you want to keep your primordial spirit, then answer a question of mine!"

what ... What question ... LAN bingyan was surprised and lowered her voice.

Obviously, she was afraid of death. She had brought up her family to threaten Chen Xiaobei.

Since Chen Xiaobei was not threatened by her and even gave her a chance to save herself, she was more than willing to cooperate.

what? ” Chen Xiaobei raised his eyebrows and asked, ” how can I verify the bloodline of the LAN family?
”

Red Envelope Group of the Three Realms

Chapter 3498: Yu die acknowledges her family

“Test the bloodline of the LAN family? What are you trying to do? You’re suspecting that I’m not a descendant of the LAN family?”

LAN bingyan frowned, not understanding what Chen Xiaobei meant.

“You’re overthinking it. It doesn’t matter who you are!”

what’s important is that I have a friend. Will she have the LAN family’s blood? ” Chen Xiaobei asked.

“Your friend? Who is it?” LAN bingyan asked.

“You don’t have to worry about that.” “Just tell me how I can verify the LAN family’s bloodline,” Chen Xiaobei said.

well ... LAN bingyan hesitated for a moment and asked, ” “If I tell you the method, will you be willing to let me go?”

“That’s right!”

alright! Chen Xiaobei nodded. as long as you don’t play any tricks, I can spare your primordial spirit. I can even take you out of here!

“What?”

LAN bingyan was dumbfounded. She couldn’t believe her ears.”You can still take me out of here?”

“What’s wrong? Do you think I don’t have that ability?” Chen Xiaobei asked with a cold smile.

this ... LAN bingyan was shocked. She looked at the Holy Light and then the chaos Blood Sword. She swallowed.

“Good! I promise you!”

LAN bingyan finally made up her mind.

Even though she did not know Chen Xiaobei well, her instincts told her that this man was not an ordinary person. Perhaps he could really help her out of this predicament.

“Speak.” remember, don’t play any tricks. Otherwise, you’ll die a horrible death! Chen Xiaobei said.

“I don’t dare, I don’t dare ...”

LAN bingyan shook her head and explained in a low voice,”In fact, I attacked you just now out of self-defense!”

for so many years, everyone who entered this Meru space wanted to harm me, including some of my junior brothers and sisters. They look harmless on the surface, but they have all kinds of schemes in the dark!

gradually, I began to trust no one. No matter who came in, I would make the first move and eliminate them completely!

It was obvious that in such a desperate environment, whoever could seize more resources would be able to survive to the end.

Under the test of life and death, many people would be forced to lose their conscience, give up their bottom line, and even do some things worse than beasts.

In such an environment, it was reasonable for LAN bingyan to kill people to protect herself.

Also, from Xu Anan's attitude towards LAN bingyan at the beginning, it could be seen that LAN bingyan used to be a very easy to get along with big sister.

It was the environment here that forced LAN bingyan to become a cold-blooded Grim Reaper.

Moreover, she was now dead and only had a primordial spirit left, so she had received the punishment she deserved.

"Alright, get straight to the point!"

"Since I promised to let you go, I will not bring up the past!" We'll forget about your sneak attack on us!"

"Yes!"

LAN bingyan quickly said,"I have a Blue Spirit Jade Butterfly in my storage bracelet. Young master, you just need to ask your friend to drop a drop of blood on it!"

"If her blood fuses with Yu die, then she will be a descendant of the LAN family. If we don't, then she will have nothing to do with the LAN family!"

LAN bingyan immediately gave Chen Xiaobei the answer he wanted.

"Swish!"

With a flick of his finger, the blue ice jade storage bracelet flew into Chen Xiaobei's hand.

The resources inside were pitifully few. It was obvious that they had been used up bit by bit over the long years.

However, Chen Xiaobei soon found the rare blue jade that LAN bingyan had mentioned.

This piece of blue jade had been forged into the shape of a Jade Butterfly, and there were many ancient runes carved on it. It was obvious that a small array was hidden inside.

"Wait!"

Chen Xiaobei entered the verdant Emperor's divine gourd and brought LAN Mengcheng out.

The reason why Chen Xiaobei suddenly asked about the LAN family's bloodline and was even willing to spare LAN bingyan's life was because of LAN Mengcheng!

This girl had been Chen Xiaobei's confidante since earth. Even though Chen Xiaobei had been busy and barely had any interaction with her, she had always held an important place in his heart.

"Xiao bei? Why did you bring me out?"

LAN Mengcheng looked around in confusion.

There was a female corpse on the ground and two primordial spirits beside it. The surroundings were a paradise.

The scene was too strange. Even if LAN Mengcheng was smart, she could not figure out what had happened.

"It's so beautiful ..."

At the same time, Xu Anan and LAN bingyan exclaimed in unison.

Their eyes were fixed on LAN Mengcheng!

Xu Anan and LAN bingyan were both top-tier beauties, but even they were amazed by LAN mengchen's beauty. It was clear that LAN mengchen's beauty had reached a new level!

"Pfft ... Look at how inexperienced you are!" Chen Xiaobei was amused.

He was so surprised to see LAN Mengcheng.

If Luo puti, Liu xuanxin, song Qincheng, and Yan Lingshi were to be mentioned as well, Xu Anan and LAN bingyan's jaws would drop in shock!

"Are you saying that I'm not pretty?"

Lan's brows were furrowed, and her beautiful eyes were as bright as the stars. She glared at Chen and pouted her red lips.

"Uh ... That's not what I meant ... Of course you're also extremely beautiful!"

"I asked you to come out because I want you to test your bloodline!" Let's see if you're a descendant of an immortal reverent!"

"What!"

LAN Mengcheng was taken aback and said in disbelief, " don't you know that I'm an Earthling? besides, I'm very powerful. How can I be the descendant of a celestial Prime? "

"I'll try!"

I don't know! Chen Xiaobei raised his eyebrows. I'm super lucky right now. Also, my instinct is telling me that you might be involved in this!

Chen Xiaobei had just reached the Emperor level of double nine, and his luck was off the charts.

Furthermore, Chen Xiaobei had obtained a trace of Yan Lingshi's Natal purple Qi.

However, Chen Xiaobei's intuition could tell that there were some good and bad things happening.

When he heard LAN bingyan mention the LAN family, he immediately thought of LAN Mengcheng and asked her to come out and try.

"Alright! There's no loss in trying anyway!" LAN nodded and said, "Tell me, what do you want me to do?"

"I need you to drop a drop of your blood on this Jade Butterfly!" Chen Xiaobei took out the blue Spirit Jade Butterfly.

"No problem!" LAN Mengcheng released her ethereal force and pricked her fingertip. She let a drop of blood fall on the Blue Spirit Jade Butterfly.

Red Envelope Group of the Three Realms

Chapter 3499: Very generous

"Di da!"

In an instant, LAN Mengcheng's blood dripped onto the Blue Spirit Jade Butterfly.

Everyone's eyes immediately focused on him.

According to LAN bingyan, as long as the blood was mixed, LAN Mengcheng would be the descendant of the LAN family in heaven. If not, then Chen Xiaobei was overthinking and LAN Mengcheng was just a normal human.

The result was obvious. Everyone held their breath and stared without blinking.

"It's fused!"

LAN bingyan was the first one to cry out. She was the most familiar with the Blue Spirit Jade Butterfly, so she could immediately detect any movement.

Sure enough, as soon as she finished speaking, everyone saw the result.

LAN Mengcheng's blood was absorbed into the blue Spirit Jade Butterfly as if it was a sponge.

"Hahaha! My guess was right!"

Chen Xiaobei grinned, his entire being excited.

Actually, Chen Xiaobei's inspiration did not come from pure luck.

Bei Xuan faction's 11-man tribulation-transcending team was the best example. When they were in the human realm, their abilities could not be displayed. When they were in the heaven realm, it was the stage for them to show off their abilities.

It was the same logic!

On earth, LAN Mengcheng might have been an ordinary girl, but once she reached heaven and activated her bloodline ability, she would soar to the top and have a bright future!

The result confirmed Chen Xiaobei's suspicion and feeling.

LAN Mengcheng was really the descendant of the LAN family in heaven realm. She had great potential and a bright future!

Xiaobei ... This ... How do you explain this ...

LAN Mengcheng was stunned on the spot, as if she had been electrocuted.

Just now, she was just giving it a try. It was like buying a lottery ticket. It was normal to not win, but it was unbelievable that she won!

"You do have the bloodline of the LAN family from heaven realm!"

of course! Chen Xiaobei said, " you don't have to worry at all! Even so, you're still your father's daughter. However, your ancestors were true immortals in the heaven realm. This is already certain!"

"That's right!"

LAN bingyan also said excitedly, "I didn't expect to meet a junior of the LAN family here!" I don't have anything good to give you, so I'll give you the blue ice immortal sword as a gift!"

"Ah?" LAN Mengcheng was stunned.

She had been quietly cultivating in the verdant Emperor's divine gourd, but Chen Xiaobei had called her out.

First, he found the ancestor, and then he received the meeting gift.

Wasn't this happiness a little too sudden?

"Since she gave it to you, you should take it!" Chen Xiaobei took out the celestial sword of blue ice and handed it to LAN Mengcheng.

"Whoosh ..."

At the same time, LAN bingyan erased the spiritual connection between her and the sword.

In this way, the blue ice celestial sword had become an ownerless item. He had really given it to LAN mengchen, and there was no pretense.

"Then ... Then I'll thank senior!" LAN Mengcheng was flattered and thanked LAN bingyan.

"I didn't know you were so generous!" Chen Xiaobei looked at LAN bingyan and said, " "With this gift of yours, I'll definitely ensure that you leave this place!"

"Don't misunderstand!"

LAN bingyan said seriously, "I'm giving a gift to the younger generation of my family, and it's from the bottom of my heart!" Even if you don't Save Me, I will give it to her!"

I even think that this gift is too light. Unfortunately, I don't have anything better in my hands. Otherwise, I would definitely give it to her without hesitation!

Obviously, LAN bingyan wasn't lying, and she wasn't putting on an act.

She had been trapped here for countless years and thought that she would never be able to see her family again. She did not expect to see LAN mengchen using the Jade Butterfly to identify her family.

As the saying goes, blood is thicker than water!

Blood relations were a very mysterious thing. Even if they had never met before, even if they were far apart, as long as they could reunite, there would definitely be an instinctive sense of intimacy in their hearts.

Without a doubt, LAN bingyan looked at LAN Mengcheng with affection and joy.

Besides, LAN bingyan was the granddaughter of the master of the LAN family. She had her own pride. She was too embarrassed to give away something that was too trashy!

right, since we've confirmed that mengchen is a descendant of the LAN family, how do we activate her bloodline ability?" Chen Xiaobei asked.

Obviously, activating his special ability was the most important thing!

A powerful bloodline ability was countless times more valuable than a heaven immortal artifact!

"I need to go to the heaven realm to complete this ..."

"The descendants of the LAN family will be brought to the Saint ancestor's remains when they are born," LAN bingyan said,"to receive the Saint ancestor's blessing, and then they can activate their bloodline ability!"

"I see ..."

Chen Xiaobei nodded. He knew that he would not remember this.

Luckily, Chen Xiaobei had already transferred his cultivation to LAN Mengcheng, so she was not too far away from ascending to heaven.

Of course, everything could only be carried out after they left this place.

"Alright! Now that things have come to this, we'll write off our previous grievances! Next, I'll take you all out of here!"

Chen Xiaobei took a deep breath, pulled himself together, and prepared to continue.

.....

After leaving LAN bingyan's Meru space, Chen Xiaobei kept the space with him.

This way, Xu Anan and LAN bingyan would not be detected by the checkpoint's restriction. As long as Chen Xiaobei could pass the checkpoint safely, they would be able to pass the checkpoint together.

At the same time, LAN Mengcheng also stayed in the dimension to get to know LAN bingyan better and learn more about the LAN family.

Chen Xiaobei went through the portal and went to the space of the fourth stage.

This was another special arena.

The moment he stepped onto the stage, a large array was activated in the surroundings.

Chen Xiaobei had experienced the power of this formation before. To be more precise, Chen Xiaobei also had a formation like this.

That's right! This was the [great treasure dropping formation]!

After entering the formation, all magic treasures below the formation level could not be used.

"In the fourth round, you will pass as long as you defeat three Buddha armored warriors! Those who fail will bear the consequences!"

Obviously, the difficulty of this round was much higher than that of the previous round. The candidate had to defeat three Buddha armored warriors who were one level higher than him without any external help.

It was absolutely impossible for ordinary people to do so!

But to Chen Xiaobei, there was no difference between this and the previous level.

He wouldn't feel anything when he stomped an ant or three ants to death.

Of course, Chen Xiaobei could ignore this stage's test but he had to be wary of the other threats that existed in this space.

One had to know that the difficulty of this round had skyrocketed, and the failure rate and death rate would also skyrocket!

The number of primordial spirits of the dead here should be more than all the primordial spirits of the previous rounds combined!

[Red Envelope Group of the Three Realms](#)

Chapter 3500: You're the one who worshipped me

"Strange ... Why isn't there a single primordial spirit ..."

Chen Xiaobei looked around and was very confused.

Logically speaking, since the difficulty of this level's test had increased greatly, the failure and death rate would also increase greatly. There should be more primordial spirits of the dead here.

However, Chen Xiaobei did not see any primordial spirit.

Was he going to use the clear Jade divine light again?

Chen Xiaobei frowned. He was a little hesitant. After all, using the Holy Light of all races had consumed a lot of his mental power.

If he continued to use his special ability, his mental power might not be able to take it.

If one's spiritual power was exhausted, one might fall unconscious on the spot. Moreover, not only the body and soul, but the consciousness of the Yuanying would also fall unconscious, which would lead to certain death.

"I don't care ..."

Chen Xiaobei frowned. Let's pass this test first. After that, I can attack and defend. I won't have to be afraid of any danger!

Chen Xiaobei's plan was very reasonable.

The main reason was that there was a treasure-dropping formation in this space, and Chen Xiaobei could not use his infinite space ring.

Otherwise, as long as he ate a Wuji soul essence pill, he could make up for the consumed mental power. He had forgotten to eat just now. Now, he could only consider taking a step back.

Pass the test and open the door to the next stage.

Even if there was any uncontrollable danger, Chen Xiaobei could enter the door immediately to avoid it.

"Bang! Bang! Bang! Bang!"

The next moment, the three stupa armored warriors landed.

Just like before, the three stupa Warriors were one level higher than Chen Xiaobei.

They looked tall and mighty, but in Chen Xiaobei's eyes, they were just three paper tigers. They were not even worth mentioning.

"Ka! Yi ..."

Without hesitation, Chen Xiaobei reached out his right hand and grabbed the wrist of one of the Buddha Warriors. Then, he pulled hard and threw the Buddha warrior up like he was swinging a racket.

"BOOM!"

The next moment, Chen Xiaobei was like a baseball player.

He pulled the stupa warrior in his hand and lashed it at another stupa warrior.

With a loud explosion, the two stupa armored warriors exploded. They could not resist at all.

"Swish!"

The next moment, Chen Xiaobei threw away the broken Steel arm in his hand and kicked out, aiming to kill the last Buddha warrior!

"Bang!"

Chen Xiaobei's speed and strength had reached the level of an early two-star heaven immortal without the help of his celestial core power.

The last Pagoda armored warrior had nowhere to hide.

However! What happened next was extremely strange.

The pagoda armored warrior flew backward and crashed heavily on the floor. His body didn't explode, and only a faint crack appeared.

"What's the situation?"

Chen Xiaobei was surprised. "The defensive power of this Buddha warrior has reached at least the early two-star heaven immortal realm! This definitely isn't the original assessment. Otherwise, there's no way any of the examinees would have been able to pass!"

It was very obvious that it would be difficult for an ordinary person to raise the bid to battle someone who was one minor realm higher!

Now, Chen Xiaobei was three levels away from the two-star divine fairy level.

If one had to defeat a Budur armored warrior who was three levels higher than them in the test of this level, no one in the world would be able to pass it. All the candidates would die Here.

The master of the Yunyi immortal Palace wanted to choose an heir, not kill!

From this, it could be seen that there was something wrong with the last Buddha armored warrior. It was definitely not something that should have existed in the original assessment!

"Kid, you're pretty good!"

At this moment! The Buddha warrior that Chen Xiaobei had kicked to the ground slowly got up and spoke!

Who are you?!

Chen Xiaobei quickly activated his golden gaze fiery eyes.

It turned out that there was a ghost hidden in the body of the Buddha armored warrior.

"I'm Heng Yongxu. You should have heard of me before."

The dark spirit sneered coldly, his tone full of confidence.

"Why should I have heard of your name?"

Chen Xiaobei shrugged. He had never heard of it.

"Hmph!"

Heng Yongxu snorted coldly and instantly became very unhappy. "You haven't even heard of my title of 'number one genius of the Heng clan'. That only means you're ignorant!"

A genius!

She had heard from Xu Anan that there were seven super geniuses in the exam.

Chen Xiaobei had seen both Zuo Lenghu and LAN bingyan before. They were indeed strong in their own way. Most people would have a slim chance of surviving if they were to fight against them.

Since Heng Yongxu could make it to the fourth stage, he should be more powerful than Zuo Lenghu and LAN bingyan.

It was no wonder that Heng Yongxu was so confident and even a little proud.

As a genius, he had long been used to the feeling of being looked up to by mortals.

However, Chen Xiaobei had never heard of him, and that made him very unhappy.

“Great genius, can you tell me how you managed to survive? And how did it get into the stomach of the Buddha warrior?”

Chen Xiaobei was really curious and asked.

“Hmph! You really are a country bumpkin! I can smell the extreme loneliness!”

Heng Yongxu said arrogantly, “the Heng family’s mechanical skills are a well-known Golden Brand in the wilderness!” When a soul is attached to a machine, the machine will not be destroyed, and the soul will not be destroyed. The laws of life are ineffective against us!”

“It sounds very powerful!”

what? ” Chen Xiaobei exclaimed, “ does that mean that your soul is inside the Buddha warrior? ” As long as the stupa warrior is not destroyed, you can live forever?”

“That’s right!”

Heng Yongxu said proudly, “not only can I live forever, but I’ve also devoured the primordial spirits of all the dead here to strengthen this Buddha warrior!” It’s a pity that no one has died for many, many years. Otherwise, this stupa armor warrior could have become even more powerful!”

“It seems that you are indeed a genius!” I don’t think so! Chen Xiaobei said. to be able to protect yourself and become stronger in such a dangerous place is impossible for normal people!

“Hmph! Now you know how powerful I am?”

Heng Yongxu laughed coldly and said, “ I see that you are quite strong. How about this? you acknowledge me as your big brother, and we will work together to overcome the difficulties ahead! After clearing the level, I will become the master of Yunyi immortal Palace, and you will be the Vice Palace Master!”

He had to admit that Heng Yongxu had a good eye. It was definitely a wiser choice to rope Chen Xiaobei in than to become his enemy.

However, Chen Xiaobei could not help but laugh. heh, I can bow to big brother, but you’re the one who should bow to me, not me!

“What?”

Hearing this, Heng Yongxu was instantly annoyed. “You’re just a country bumpkin who has never seen the world! You want this genius to acknowledge you as my big brother? Why don’t you just go to heaven!”
