Chapter 3501: Big brother, please spare me

3501 Big brother, please spare me

There was no doubt that Heng Yongxu cared a lot about his reputation as a genius! This was his pride! It was his glory!

“You little brat! You’re simply too much!”

“In the past, all I had to do was announce my name and those weaker than me would look up to me!” Heng Yongxu said excitedly. Those who are stronger than me will give me some face! So many people are crying and shouting that they want to worship Bai Tian to be their big brother!”

“But you brat, you actually dare to make this genius acknowledge you as my big brother? This was no longer a slap to the face of this genius! You’re just rubbing this genius’s face on the ground! This genius will not tolerate this!”

“You listen well! I’ll give you three seconds! Kneel down and call this genius your big brother! Otherwise, this genius will definitely let you know what despair is! When that time comes, don’t regret ... Uh ... Big brother, I was wrong!”

As Heng Yongxu was talking non-stop, he suddenly changed the topic and knelt on the ground.

“Bang! Bang! Bang! Bang ...”

The stupa warrior knelt on the ground and knocked his head on the ground like a hammer. He shouted, “Big brother, I was wrong! Please ... Please don’t get angry!”

“Heh, great genius, didn’t you want me to know what despair is?”

Chen Xiaobei sneered.

In his hand, a dark red fire seed was dancing.

As an ancient genius of the untainted land, Heng Yongxu could tell at a glance that it was the kindling of the true Samadhi fire!

This was a very powerful divine level heavenly flame!

Even the Grand Supreme elderly Lord liked to use this kind of strange fire to refine pills! One could see how powerful it was!

“I don’t dare, I don’t dare ... How can I make big brother despair? Big brother, you should be the one making me despair!”

Heng Yongxu knelt on the ground and kowtowed.

It was obvious that the true Samadhi fire could easily destroy a two-star heaven immortal stupa armored warrior.

The Heng family's Secret mechanism technique was powerful and could allow one to possess a body in a mechanism to prevent one from dying from the end of their life.

However, this secret skill had a huge flaw!

Once the mechanism was damaged, the dark spirit inside would be destroyed as well. It would not even be able to escape!

At that moment, Heng Yongxu was afraid that Chen Xiaobei would use his true Samadhi fire to kill this genius.

then, I've never heard of your name. Are you convinced?" Chen Xiaobei asked again.

"I'm convinced!" Heng Yongxu nodded his head like a chicken pecking at rice. "I'm just a small character, how can I be worthy of big brother's eyes? It's perfectly reasonable that you don't know me!"

"I'm asking you to pay respects to your big brother, do you feel aggrieved?" Chen Xiaobei asked again.

"I'm not aggrieved, I'm not aggrieved!" "It's my great fortune to have you as my big brother!" Heng Yongxu said hurriedly. Don't even mention acknowledging big brother! Even if you want me to acknowledge you as my Godfather, I'd be willing to do it!"

"Ha, you really change your face faster than turning the pages of a book!" get up! Chen Xiaobei said. you'll be following me from now on!

"Yes! Yes, sir!" Heng Yongxu stood up and said, "Then what if I call you big brother in the future? Or should I call you Godfather?"

"Call me bro bei!" Chen Xiaobei said.

"Yes! Bro bei!" Heng Yongxu called out without hesitation.

alright, stop talking nonsense. How do I get to the next level now?" Chen Xiaobei asked.

"Simple!" Heng Yongxu laughed.

Then, with a thought, he retracted the spirituality of the Buddha armored warrior.

There was a special array in the assessment space. If one could not sense the spirituality of the Budur armorer, they would assume that the Budur armorer had been defeated.

This way, Chen Xiaobei had defeated the three stupa Warriors and cleared the level.

"Chi ..."

Soon, the door to the next stage opened.

"Bro bei! Let's go!"

Heng Yongxu immediately jumped up and ran towards the space gate in excitement.

"What do you mean?"

Chen Xiaobei was surprised. "Can you pass through this space gate?"

“Sure!”

“The restriction on the space gate only prevents the primordial spirit from passing through!” Heng Yongxu said. My nascent soul and soul are both here, so the restriction won’t stop me!”

“Then why didn’t you leave earlier?” Chen Xiaobei asked.

At the same time, Chen Xiaobei thought of LAN bingyan. This woman had the ability to go to the next level as well, but she stayed in the same spot and did not move an inch.

This was too strange!

to be honest, the later the challenge, the more difficult it will be. I don’t dare to go to the next level without full confidence!

Heng Yongxu’s voice was low. He paused and said, bro bei, if you’re not confident, then let’s just stay here for now. As long as there’s life, there’s hope!

“What do you mean?”

Chen Xiaobei was surprised. “Could it be that even two-star heaven Immortals can’t pass the trap behind it? If that’s the case, the original master of Yunyi Celestial Palace should not have let a one-star heaven immortal come in to die!”

It was obvious that Heng Yongxu had already strengthened this stupa warrior to the early stage of two-star heaven immortal realm. If even he did not dare to continue to pass the test, then wouldn’t a large number of one-star heaven Immortals who came to participate in the test all be courting death?

If that was the case, they shouldn’t have let a one-star celestial immortal in from the beginning!

How was this choosing an heir? He was clearly deliberately scamming people!

“No...”

Heng Yongxu explained, “the original owner of the Yunyi Celestial Palace did not limit the cultivation level of the candidates!” What he wants to test is the candidate’s talent and Foundation!”

“Just like the stupa armor warrior, it’s only one minor realm higher than the candidate’s cultivation. Instead, we need to choose the candidates with greater talent and a stronger Foundation!”

in other words, the difficulty of the traps will change according to the cultivation of the examinees. The higher the cultivation of the examinees, the more difficult the examination will be!

only candidates who can cross a small realm to battle and overcome greater difficulties can meet the selection criteria of Yunyi immortal Palace!

Obviously, the original master of the Yunyi Celestial Palace really wanted to choose an inheritor and did not want to cheat people.

However, his selection criteria were a little too harsh.

For ordinary people, especially those who had reached the celestial immortal realm, the difference in strength between each minor realm was unimaginably huge. It was almost an impossible task to cross realms and fight.

Furthermore, the obstacles in the future might not only require him to fight across a minor realm.

Because of this, Heng Yongxu and LAN bingyan didn't dare to step into the next level! Rather than risk his life, it was better to live a peaceful life and wait for the situation to change.

Without a doubt, LAN bingyan and Heng Yongxu's wait was worth it! It was the correct choice!

Because they had been waiting for Chen Xiaobei, the real person who could break out of this situation!

"I see. I thought it was a big deal!"

Chen Xiaobei waved his hand and said, "Isn't it just a few minor realms? I'm not afraid even if I have to fight a battle that's a whole realm higher than mine!"

Chapter 3502: The first ancestral Saint

3502 The first ancestral Saint

"What the f * ck! Big brother! You're really awesome!"

"I can feel that you're only an eight-star earth-god, big brother. With your strong physique and strong foundation, it shouldn't be difficult for you to pass ..." Heng Yongxu said with embarrassment.

"Good that you know! Let's go!" Chen Xiaobei said.

"But ..."

Heng Yongxu changed the topic and said, "there are more than just tests in the later stages!" There might even be a super genius who's more powerful, more sinister, and more deadly than me!"

Of course, Chen Xiaobei remembered that Xu Anan had said that there were seven super geniuses in the assessment.

Zuo Lenghu, LAN bingyan, and Heng Yongxu had all demonstrated their outstanding abilities.

Without a doubt, the higher the level, the more powerful the geniuses would be!

They must have a way to protect themselves, and they must have a way to make themselves stronger.

In turn, they would become a more deadly threat to Chen Xiaobei than the checkpoint!

"What's there to be afraid of!"

Chen Xiaobei shrugged and kept the true Samadhi fire that Red Boy gave him.

Although the road ahead was still unknown, Chen Xiaobei was extremely lucky. He still had the eleven gifts from the Tribulation transcendence team. He did not believe that he could not make it to the end!

After that, Chen Xiaobei walked through the portal.

“Big brother!”

Heng Yongxu was stunned and sighed, “As expected of this genius” big brother! How domineering!”

As soon as he finished speaking, Heng Yongxu followed closely behind and passed through the space gate.

“Chi ...”

The space spun, and the two of them appeared in an extremely mysterious space.

This space was like a giant maze. The paths were interconnected, and there were even maze formations, which further increased the difficulty of passing through the maze.

“The fifth stage, pass the maze, you can pass! Those who fail will bear the consequences!”

Obviously, as long as the words ‘failure will bear the consequences’ appeared at the end, it meant that there was definitely a risk of death in this round!

“Bro bei! You must be careful!”

Heng Yongxu swallowed his saliva and said nervously, “This is the legendary ‘Yunyi deadfall’! In the past, countless enemies besieged Yunyi immortal Palace, but in the end, they were all trapped to death in this maze!”

“We’ll be trapped to death?”

Chen Xiaobei focused his eyes and began to observe carefully.

This maze was very special. The walls were all space walls created by arrays.

In other words, an ordinary person would not be able to use brute force to break the wall.

Even if someone with extremely high cultivation could break the spatial wall, it would cause spatial turbulence. Not only would they not be able to pass through the maze, but they would also be transported to an unknown place.

For this reason, to normal people, they could only pass through the maze if they found the right way.

He couldn’t rely on brute force, nor could he play tricks.

“Bro bei, let’s split up!”

Heng Yongxu said, “choose two intersections and split up. If something goes wrong, come back here!” After testing it out a few times, I’ll definitely find the right path. ”

“There’s no need to go through so much trouble!”

Chen Xiaobei shrugged and took out all the infinite soul-essence pills. There were seven of them in total.

“What’s this?”

Heng Yongxu was dumbfounded and said, "This round's test is a maze! It was a test of memory, endurance, luck, and even fate with the Yunyi immortal Palace! Big brother, it's useless for you to take drugs!"

Clearly, Heng Yongxu was right.

If one wanted to pass through this huge maze, they would need a very strong memory, a great deal of patience, and some luck.

Those who could make it to the end could even be considered to have fate with the Yunyi immortal Palace, and would only be able to pass through smoothly with some luck.

And now, Chen Xiaobei had taken out seven pills. This was clearly not the key to clearing the level.

Unless taking pills could improve memory, patience, and luck.

Otherwise, even if Heng Yongxu was beaten to death, he would never believe that he could pass this extremely powerful maze by taking drugs.

"Whoosh ..."

At the same time, Chen Xiaobei had already consumed a Wuji soul essence pill, and his mental power was quickly recovering.

Oh, so this is a spiritual energy recovery pill! "I thought you were going to use this pill to pass the level!" Heng Yongxu heaved a sigh of relief.

"You're right!"

Chen Xiaobei clenched the six Wuji soul-essence pills in his hand and said, "I'm going to rely on this kind of medicinal pill to clear the level!"

"Huh?" Heng Yongxu's jaw dropped, and his face was filled with shock.

"Pangu! Spatial essence!"

blood essence! Chen Xiaobei shouted, and a trace of blood-red essence emerged from his fingertips.

what ... What is this?!

Heng Yongxu's expression froze as his heart clenched. His scalp went numb and he broke out in a cold sweat!

At that moment, Heng Yongxu could clearly feel an extremely terrifying pressure coming down on him!

It was as if a Supreme divine being had split the heavens and created the world at the very beginning of the great wilderness!

That kind of unparalleled shock was enough to shatter the heart of any ordinary person! It was enough to suppress the ancient times and look down on the universe!

Pangu!?

Heng Yongxu gasped. could it be that this blood-red essence is really related to the ancestral Saint Pangu???

When Pangu created the world, his left eye turned into the sun, and his right eye turned into the extreme Yin. His body turned into the primitive land, his breath turned into the wind and clouds, and his sweat turned into the rain! The limbs became the four poles, and the bones became the mountain range! His blood had turned into a River, and his bone marrow had gathered spirit meridians!

It was no exaggeration to say that Pan Gu was the creator of this world!

Although there was no clear legend that proved that Pangu was a Sage of the heavenly path.

But for all living beings in the world, they all regarded Pangu as the first holy ancestor since the beginning of the world!

After Pangu's death, his essence energy condensed into twelve drops of blood essence, giving birth to the twelve ancestors of sorcery and gradually forming a super tribe that was strong enough to compete with the eastern Emperor Demon tribe!

That was the Sorcerer tribe!

Because of this, the Wu tribe was actually Pangu's descendant!

The twelve ancestors of sorcery were like the children of Pangu!

That was why Emperor Jiang and candle jiuyn took out the Pangu dimension and time essence from the medium and gave them to Chen Xiaobei as congratulatory gifts.

Chen Xiaobei was burning his mental power to summon the essence of the Pangu dimension.

There was no doubt that this was a peak quasi God existence!

However, Chen Xiaobei's current mental power was not enough to activate the most powerful ability of Pangu space's spiritual essence. Otherwise, he could have wiped out this spatial maze with a snap of his fingers.

Of course, Chen Xiaobei did not need to erase the labyrinth. He just needed to pass through it.

"Chi ..."

Chen Xiaobei placed his hand on the space wall in front of him.

The essence power of Pan Gu space spread out instantly, turning the space into nothingness.

Chen Xiaobei took a step forward and passed through it!

Chapter 3503: The King of Hell is chasing me

3503 The King of Hell is chasing me

"What?"

Heng Yongxu was dumbfounded. He felt as if his world view had shattered and he could not even pick it up!

What was going on? Directly pass through the spatial wall? There should be a limit to cheating, right?

It directly pierced through the barrier of the spatial barrier!

Heng Yongxu had never seen or heard of such a situation!

Even if he had ten thousand brains, he could not understand what was going on.

This meant that the Yunyi road of no return, which was said to have trapped and killed countless powerful people, was nothing in front of Chen Xiaobei!

Awesome! It was extremely awesome!

All of a sudden, Heng Yongxu's admiration for Chen Xiaobei had reached a new level. He felt from the bottom of his heart that it was a wise decision to make Chen Xiaobei his big brother!

"Dumbo, if you don't leave now, I won't wait for you!"

Chen Xiaobei's impatient voice could be heard from the wall.

"Yes! Bro bei! I'll be there immediately!"

Heng Yongxu swallowed his saliva and rushed into the space.

whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei walked in front of them, avoiding any space that was in his way. All he had to do was to reach out and touch the space wall, and it would fade away.

It was like an illusory film that could be directly passed through.

fortunately, the level of the spatial laws here isn't high. Otherwise, it would really be difficult to pass through with my mental strength!

Chen Xiaobei had to take a Wuji soul-essence pill every ten spatial walls.

Obviously, although the essence Qi in the pan Gu space was extremely powerful, it also consumed a lot of it.

Without the Wuji soul-essence pill to support him, Chen Xiaobei would have fainted on the spot.

Finally!

Just as Chen Xiaobei was left with the last Wuji soul essence pill, they saw the exit of the maze!

"Bro bei! You're simply too, too, too awesome! We've actually reached the exit so quickly!"

Heng Yongxu was so excited that he was dancing around Chen Xiaobei. The huge body of the stupa warrior was jumping up and down, which was very funny.

Of course, this was not strange.

Just a moment ago, Heng Yongxu was worried that he would not be able to pass through the maze and that he would encounter fatal danger.

He did not expect that under Chen Xiaobei's lead, the labyrinth was like an empty shell. They reached the exit without any danger.

It was like a bad student getting a full score under the guidance of a top student.

At that moment, Heng Yongxu was the slacker. One could imagine how excited he was.

"Phew ..."

Chen Xiaobei put away the last Wuji soul-essence pill and heaved a sigh of relief.

However, Chen Xiaobei was still calm and on high alert.

Don't forget!

It was highly possible that there was an even more powerful enemy in this layer of space!

"Alright, calm down. We're going out from the exit now! If there's any danger, you'd better hide behind me and don't do anything!"

Chen Xiaobei said seriously.

"Yes! Bro bei, don't worry! I know what you mean!"

Heng Yongxu nodded and followed behind Chen Xiaobei.

There was no doubt that Heng Yongxu knew better than Chen Xiaobei about the existence of danger. He also knew better how terrifying the people who could bring danger to him were!

"Chi ..."

As the two of them walked out of the maze, another space gate slowly opened. Clearly, this was the door leading to the next stage.

bro bei, it doesn't seem to be dangerous. Maybe the four monsters have all passed this stage ... Heng Yongxu said after looking around.

There were a total of seven super geniuses who had entered the maze.

Other than Zuo Lenghu, LAN bingyan, and Heng Yongxu, there were four people left.

Since Heng Yongxu called these four 'monsters', one could only imagine how terrifying they were.

From Heng Yongxu's point of view, the four of them were extremely powerful, so it was normal for them to pass this stage.

As long as those four weren't there, there wouldn't be any other danger on this floor.

"Not good! It's poisonous!"

Suddenly, Chen Xiaobei's brows furrowed, and he became alert.

“Poisonous? Where is it?”

Heng Yongxu shuddered and screamed, it’s really poisonous!!!

“Chi ... Chi ...”

There seemed to be nothing unusual in the entire space. There was no strange smell or extra color.

However, the metal body of the stupa warrior showed obvious signs of corrosion.

At first, there were patches of rust. Then, the rust spread and deepened, turning into large, broken pits!

At this rate, the entire stupa warrior would be completely corroded in less than half a minute.

By then, Heng Yongxu’s nascent soul would be completely destroyed and he would not even have the chance to escape.

“Bro bei! Save me!”

Heng Yongxu looked at Chen Xiaobei nervously.

Heng Yongxu had no choice but to ask for Chen Xiaobei’s help when he was faced with the colorless and odorless poison.

“Uh ...”

On the other hand, Chen Xiaobei was also in a terrible state.

A large number of rashes appeared all over his body, and he seemed to have lost all his strength. He fell to the ground weakly.

Luckily, Chen Xiaobei’s physical strength had reached the advanced two-star heaven immortal realm, which was two small realms higher than the Buddha warrior.

Otherwise, Chen Xiaobei’s body would have been corroded and turned into a pool of blood in half a minute.

“Bro bei! Hurry up and abandon your physical body! Otherwise, you won’t have another chance if the poison enters your primordial spirit!”

Heng Yongxu shrieked nervously.

He did not expect that even Chen Xiaobei could not do anything to the poison. If that was the case, his soul would be destroyed along with the Buddha armor warrior.

However, at this critical moment, Heng Yongxu did not forget to remind Chen Xiaobei.

From this, it could be seen that Heng Yongxu was not a bad person.

“Heh, do you think you can escape from my Yama’s pursuit of life incense by abandoning your physical body?”

Just then, a sneer came from the corner.

A dark purple ghostly figure appeared, holding an incense burner.

The incense burner flickered, as if something was burning.

However, no smoke came out of the incense burner.

It was obvious that the King of Hell's life-seeking incense was a colorless, odorless, and deadly poison!

"Nether Li Sha! How did you end up like this?"

Heng Yongxu recognized the person and asked in confusion.

heh, this is the special ability of my primordial spirit. Poison body, turn into a poisonous demon, and be eternal and indestructible!

That Youli Sha fellow laughed smugly.

As expected of an ancient genius of the untainted land, he was immortal and could kill a late two-star heaven immortal expert with poison. He was not an ordinary kind of power.

"Stop struggling! The King of Hell wants you dead at midnight! Who would dare to keep you until the fifth watch?"

hehe! you Lisha laughed coldly and said, " my King of Hell's pursuit incense has been infused with celestial core power. Even your primordial spirits will be poisoned! You won't have the slightest chance to escape!"

[Red Envelope Group of the Three Realms](#)

Chapter 3504: easily cracked

He had to admit that you Lisha was indeed a genius!

A super genius of the poison Path!

His poison was colorless and odorless. Even Chen Xiaobei, who was an experienced driver, only realized that there was something wrong after he was poisoned!

The main point was that the poison was extremely overbearing!

It could completely corrode an early two-star heaven immortal stupa armored warrior in half a minute!

In three minutes, Chen Xiaobei, who had the body of a late two-star heaven immortal, was turned into a pool of blood!

More importantly, this poison was supported by celestial core power. Even if a heaven immortal was poisoned, they wouldn't be able to get their primordial spirit out of their body. In the end, they would be completely poisoned to death.

"Nether Li Sha! You ... You spare our lives! I, Heng Yongxu, will do anything to repay you in my next life! Please spare our lives!"

Heng Yongxu was at his wit's end. He watched as the Buddha armors decayed rapidly. Other than begging for mercy, he really could not think of any other way.

However, there was one thing that was very worthy of recognition.

Heng Yongxu did not beg for mercy just for her! At the same time, Chen Xiaobei was also brought along!

It was clear that Heng Yongxu was a very kind person. He had lowered his status and agreed to be a slave, but he did not forget to help Chen Xiaobei plead for mercy.

Such a person was worth being friends with!

“Spare my life? That’s impossible!”

You Lisha was extremely cold and had no intention of letting him go. He said coldly, “My King of Hell’s life-seeking incense is the most powerful poison! It’s your honor to be poisoned to death by me!”

“Do you have any other accomplices?” what is it?” Chen Xiaobei asked.

“Accomplices? What accomplice?” You Lisha was stunned. Clearly, he was the only one in this space.

“Do you have any more powerful poisons?” Chen Xiaobei asked again.

“Are you sick?” You Lisha said disdainfully, “my King of Hell’s pursuit incense is enough to kill you all. Isn’t it powerful enough?” Don’t tell me you want to die a more miserable death?”

Chen Xiaobei stood up and said, “ since you don’t have any accomplices and no more powerful trump cards, I don’t have to continue acting!

“Acting?”

You Lisha was dumbfounded. Even Heng Yongxu was stunned.

Chen Xiaobei was already on the ground, poisoned. How did he suddenly stand up as if nothing had happened?

Could it be that he had been acting when he fell to the ground from the poison?

“How ... How is this possible?”

You Lisha and Heng Yongxu were both stunned. They could not believe that this was all an act!

However, Chen Xiaobei was standing there perfectly fine. A poisoned person could not be like this!

“Heavenly river water spirit!”

go! Chen Xiaobei shouted.

Then, a ball of water-colored spiritual light appeared above his head.

The ball of spiritual light released a mysterious water vapor that fell on Chen Xiaobei’s body.

In that instant, it was as if thousands of rivers were flowing through Chen Xiaobei’s body, washing away all the poison in his body. Even the dust and impurities were washed away!

That’s right!

This was the congratulatory gift from second senior brother, Tian Peng!

Second senior brother was the canopy great general who was in charge of the sky River!

The heavenly river water spirit originated from the core source of the heavenly River and was an extremely rare divine item.

It contained an extremely powerful cleansing power that could wash away all the filth in the Three Realms!

It was not an overstatement to say that as long as Chen Xiaobei had enough mental power, the heavenly river water spirit could cleanse all natural poisons.

In other words, the heavenly river water spirit could deal with all the poisonous plants, venomous liquid, poisonous insects, and poisonous creatures in the natural world.

“Whoosh ...”

Then, Chen Xiaobei flicked his finger, and the celestial River water spirit enveloped Heng Yongxu’s body, washing away the poison from his body.

how ... How is this possible?!

Seeing this, you Lisha and Heng Yongxu’s faces were filled with disbelief.

It was the King of Hell’s life-seeking incense! In front of Chen Xiaobei, he was so weak!

It was as if you Lisha had a trump card in her hand and thought that she could defeat everything. However, the moment she used it, Chen Xiaobei had torn it into pieces. It was useless!

To you Lisha, this was a huge blow.

The trump card that he was so proud of had been easily broken by Chen Xiaobei!

It was like an invisible slap, ruthlessly landing on you Lisha’s face.

Of course, other than a slap in the face, the appearance of the heavenly river water spirit was also enough to take you Lisha’s life.

“Whoosh ...”

After curing Heng Yongxu of the poison, the heavenly river water spirit enveloped the you Li Sha, completely enveloping the poison from the incense burner.

“Death God’s cage!”

At the same time, Chen Xiaobei swung the chaos Blood Sword, and countless blood-red lights shone.

In order to survive, you Lisha had used his primordial spirit to poison his own body, feeding his cultivation and strength back into his primordial spirit, turning it into a special poisonous demon.

Although this kind of poisonous demon would not die from old age, its body would always remain in the state of primordial spirit.

As long as it was a primordial spirit, it could not escape the death God’s cage!

There was only one target, and Chen Xiaobei’s speed was faster than you Lisha’s own speed.

“Whoosh ...”

As such, you Lisha was trapped in the death God’s cage without any hesitation.

The incense burner that was giving off the hell King’s incense fell to the ground and was wrapped up by the heavenly river water spirit, flying into Chen Xiaobei’s hand.

“Exterminate!”

Without hesitation, Chen Xiaobei took you Lisha’s life. He did not even give her the chance to beg for mercy.

You Lisha was a peak one-star heaven immortal!

After his primordial spirit was destroyed, its energy was absorbed by the chaos Blood Sword, which could be transformed into the power of a peak one-star heaven immortal.

At the same time, the incense burner became ownerless.

After Chen Xiaobei tried to communicate with the spiritual energy, he successfully became the new owner of the censer.

“Ka! Ka ...”

With a thought, the incense burner was sealed and would no longer release poisonous gas.

Chen Xiaobei looked at it for a while, then put the censer into his infinite space ring. He might need it in the future.

Oh my God, bro bei ... You’re so awesome!

Heng Yongxu started to praise Chen Xiaobei again, “My admiration for you is like the endless water of a long river! It’s also like a Great River that can’t be stopped!”

“Is that so?”

Chen Xiaobei looked at the broken Buddha warrior and said, “I’ll give you a present, and you’ll definitely admire me even more!”

“What ... What gift?” Heng Yongxu looked at Chen Xiaobei with great curiosity.

Chen Xiaobei then took out something from his infinite space ring.

In an instant, Heng Yongxu was dumbfounded and extremely surprised!

Chapter 3505: The life-reaping garden

3505 The life-reaping garden

Chen Xiaobei took out a large and intact body!

Although the stupa warrior was not poisonous anymore, it had been mostly corroded. If he did not have a new body, Heng Yongxu would be in an awkward situation.

The body that Chen Xiaobei had just taken out was not only huge, but also very strong. It even had the blood of the Titan race.

That's right!

This was the two-star divine immortal's body that Chen Xiaobei had cultivated using the divine immortal's severed arm and the nine-headed bug's special ability!

Chen Xiaobei had been putting on an act when he was in a life and death situation. First, he wanted to test you Lisha and see if he had any other tricks up his sleeve! Secondly, he wanted to test Heng Yongxu and see if he would betray him on the spot!

In the end, not only did Heng Yongxu not betray them, but he was also very loyal.

In return, Chen Xiaobei decided to give the Titan warrior's body to Heng Yongxu.

bro bei ... This gift is too expensive ... I can't accept it ...

Heng Yongxu swallowed his saliva and his voice trembled.

One had to know that in times of danger, heaven Immortals could leave their primordial spirit to escape danger. After that, as long as his soul and physical body were reconstructed, he could look like a normal person.

However, this was easy to say, but difficult to do.

Whether it was reconstructing the three spiritual and seven physical souls or the physical body, they were all extremely difficult things!

Not only were the materials difficult to find, the method was even more difficult to understand. It was countless times more difficult than refining pills and weapons!

That was why Chen Xiaobei's gift of a two-star divine immortal's physical body was a precious gift to Heng Yongxu, whose physical body had long since died of old age.

Even Heng Yongxu did not dare to accept it easily.

"Calm down! This thing is just a little toy to me. I'll give it to you, you can take it!"

"Besides, this is a reward that you deserve!" Chen Xiaobei said nonchalantly. If you want to harm me, Chen Zhufeng, you will die a horrible death! However, if you treat me well, I will repay you with a spring!"

this ... Heng Yongxu gulped. He immediately understood what Chen Xiaobei meant.

The reality was right in front of them. The you Li Sha who wanted to harm Chen Xiaobei had already lost his primordial spirit. Heng Yongxu, who had just helped Chen Xiaobei plead for mercy, had received a valuable gift from Chen Xiaobei.

The difference was like heaven and hell. There was no way to compare.

One could only say that Chen Xiaobei was too domineering!

Revenge must be taken, and gratitude must be repaid!

This was what it truly meant to settle grudges!

alright, thank you, bro bei!

Heng Yongxu was grateful to Chen Xiaobei from the bottom of his heart.

Then, he secretly activated a secret technique to separate his nascent soul from the stupa warrior and attach it to the Titan soldier.

“How is it? Do you feel uncomfortable anywhere?” Chen Xiaobei asked.

“No... I’m not uncomfortable! I feel especially good! This body is much stronger than mine back then! He’s also tall, strong, and muscular. He’s my type!”

Heng Yongxu was very happy, but after a while, he frowned and said, “But ...”

“But what?” Chen Xiaobei asked.

Heng Yongxu’s face reddened and he said in embarrassment, “This body is good, but it’s not good to be naked down there ...”

It was bare!

That’s right ... After the universe war God’s Holy garment was shattered, the Titan Warriors had no more clothes to wear.

At this moment, he was completely naked!

“Uh ...”

Chen Xiaobei was annoyed and said, “Just make do with it. We’re all men anyway, there’s nothing to be embarrassed about! I’ll get you some clothes to wear after we get out!”

alright then ... Heng Yongxu looked embarrassed. He did not say anything, but he still felt embarrassed.

“Chi ... Chi ...”

Then, the two of them passed through the space gate and went to the sixth stage of the assessment.

It was like a huge garden. It was filled with all kinds of exotic flowers and plants, competing for beauty and beauty.

It was as if they had passed through the maze and officially entered the garden of the Yunyi immortal Palace.

As long as he passed through this garden, he should be able to enter the hall and enter the real immortal Palace.

“What’s the test topic for this round?”

The garden was beautiful, but Chen Xiaobei would never forget what he was here for.

“The test of this stage is to pass through this garden!”

Heng Yongxu pulled some tree branches and leaves to cover his private parts. At least, it was not as awkward.

“For the sixth trial, walk to the end of the garden and you’ll pass! Those who fail will bear the consequences!”

Soon, another line of words appeared in the sky.

“There’s a special formation in this garden. It’ll be extremely difficult for the candidates to advance. It’ll be a hundred times more difficult than ascending to the heavens!” Heng Yongxu explained.

“This trial requires an incomparably huge amount of willpower, as well as an incomparably tyrannical physical and mental strength. Only then can one persevere to the end! If you fall down halfway, it’s very likely that you’ll never wake up again!”

Obviously, the words ‘bear the consequences’ meant that this pass was not as simple as walking. There were probably many people who died on the way!

“What’s there to be afraid of!”

Chen Xiaobei said nonchalantly, “I’d like to see what’s hidden in this garden!”

Then, Chen Xiaobei strode forward.

“Bro bei!”

“Once you take the first step, there’s no turning back!” Heng Yongxu quickly said.

“If you want to stay, I won’t object!”

Chen Xiaobei shrugged and walked away.

“Stay? No! I’m not staying! I want to follow bro bei! I’ll follow bro bei for the rest of my life!”

Heng Yongxu took a deep breath, cleared his mind of all distracting thoughts, and chased after Chen Xiaobei.

“Hiss ... Hiss ...”

The two of them hadn’t walked very far when they could clearly feel their physical and mental energy leaving their bodies in wisps, and being directly absorbed by the surrounding plants.

“I knew it, how could anyone die after passing through the garden? It turned out that the surrounding plants could absorb physical and spiritual energy! The further he walked, the more his mental and physical strength would be exhausted! Once a person falls, his life will be in danger!”

Chen Xiaobei finally understood the mystery of this assessment.

It was obvious that this test was not just about willpower, spiritual power, and physical strength. It was also a test of the candidate’s Foundation.

If one had a large amount of medicine that could replenish one’s mental and physical strength on them, anyone could smoothly reach the end.

If they did not have enough supplementary medicine, it would mean that they did not have a solid foundation and would not be able to pass the test.

“Bro bei! We can’t continue like this!”

“We haven’t even covered one percent of the journey. If we don’t have a way to deal with it, we’ll definitely fall halfway!” Heng Yongxu said nervously.

Red Envelope Group of the Three Realms

Chapter 3506: life and death is up to me

Obviously, Chen Xiaobei only had one Wuji soul essence pill left. Other than that, he did not have any other pills to replenish his energy.

Hence, wanting to rely on medicinal pills to walk to the end was basically impossible.

He had to think of another way to last until the end. Otherwise, he would lose consciousness and die if he overused his mental energy.

This was not a joke!

“Bro bei ... Say something! Is there any way?”

Heng Yongxu was so anxious that he could turn to any doctor in a hurry. “Why don’t we try cutting down all the plants around us?”

“You’re so stupid!”

Chen Xiaobei was speechless, if it’s that easy, then the previous owner of Yunyi Celestial Palace must have been an idiot! I dare to bet that before you can cut down all these plants, all of your power will be exhausted first!”

Without a doubt, Chen Xiaobei’s analysis was correct.

If cutting all the plants was useful, the previous candidates would have done so long ago. It was impossible for the garden to be so well preserved.

“This ...”

Heng Yongxu gasped, “what do we do?” We’ve just escaped from the Wolf’s Den, and in the blink of an eye, we’ve entered The Tiger’s Den. Our lives are too bitter ...”

“Calm down!”

“If I’m not wrong, the more agitated you are, the more strength you use, the faster your energy will be consumed!” Therefore, attacking the plants or flying by force will only lead to a faster death!”

It was the same logic as taking over all the plants. Flying would use up extra energy, but it would also accelerate the loss of stamina and spirit.

Because of this, the question that the candidates received in advance was ‘walking’ through the garden!

If they didn’t leave obediently, they would only die faster! They would die even more miserably!

But!

Without any medicinal pills to replenish his physical and mental strength, walking through this garden was an almost impossible task!

“Bro bei! Don’t hesitate anymore!”

Heng Yongxu urged anxiously, even if we just stand there, our physical strength and mental strength will continue to be consumed. It won’t be long before we die Here!

“I told you, calm down!”

Chen Xiaobei was not moved at all. He said calmly, “ it’s not that I don’t have a way, but it’s too exhausting. I need to think about it!

“Don’t think about it! No matter how great the consumption is, can it be more important than life?” Heng Yongxu was so anxious that he was on the verge of tears.

“Three hundred thousand lower spiritual jade pieces! How many lives have you bought?” Chen Xiaobei retorted.

“What?”

Heng Yongxu gasped and said, “three hundred thousand lower spiritual jade pieces?” That was 30 trillion upper spiritual Qi! That was equivalent to 1000 large-scale spirit veins! This ... This amount of wealth is enough to buy a main city with a population of over a hundred million!”

“Yeah, so I have to think about it.” of course not! Chen Xiaobei shrugged. but just like you said, my life is more important than anything else!

“Whoosh ...”

Chen Xiaobei took out 300000 low-grade spiritual Jade.

“Heavens! Bro bei! Aren’t you a little too rich? He was carrying 300000 inferior-grade spiritual Jade with him! Ordinary people don’t have this kind of wealth!”

Heng Yongxu was dumbfounded.

Under normal circumstances, people liked to hide most of their wealth in their treasure vaults, and they would not carry too much ‘cash’ with them.

However, Chen Xiaobei had just waved his hand and a huge sum of money had appeared.

Even though Heng Yongxu was an ancient genius, he could not help but be shocked.

He could not imagine how many spiritual jades Chen Xiaobei would have if he had a treasure vault.

Just thinking about it made Heng Yongxu’s scalp go numb.

However!

Heng Yongxu would never have guessed that Chen Xiaobei’s Treasury was in the infinite space ring.

And the number of inferior-grade spiritual jades had already exceeded ten billion!

If Heng Yongxu knew the truth, he would probably faint from shock!

“Hiss ... Hiss ...”

At the same time, Chen Xiaobei had already used his ethereal force to crush all the low-grade spiritual Jade.

Then, a massive amount of spiritual Qi gushed into the black and white ring on Chen Xiaobei’s hand.

That’s right!

It was the first three-star heaven-immortal instrument that Chen Xiaobei had obtained!

The Yin Yang life and death Ring!

“Yin and yang merge, life and death is up to me!”

Chen Xiaobei immediately activated the power of the ring.

“Live!”

die! Chen Xiaobei shouted, and the Yin Yang life and death Ring burst with white light, like flowing water, releasing a huge amount of life force.

Validity was the general term for essence, energy, and spirit. It was also the general term for physical strength, mental strength, and cultivation strength.

This way, Chen Xiaobei and Heng Yongxu were surrounded by a life force shield.

The plants around them did not absorb the life force very quickly. If they could not absorb the life force, they would not be able to absorb Chen Xiaobei and Heng Yongxu’s physical and mental power.

“My Dear Mother! Bro bei! You’re simply awesome and omnipotent! It’s omniscient!” Heng Yongxu shrieked in excitement.

Just a moment ago, he thought that he was going to die. But now, Chen Xiaobei had pulled him from hell to heaven.

This kind of super reversal brought a sense of satisfaction that was simply indescribable!

What Heng Yongxu did not even dream of was that Chen Xiaobei had come up with such a heaven-defying way to break the situation.

Didn’t the surrounding plants need to absorb life force? Chen Xiaobei released his life force for them to absorb!

Moreover, the life force that Chen Xiaobei released was so strong that it could even kill all the plants around him!

He was simply too domineering!

“Let’s go quickly!”

Chen Xiaobei shrugged, then started to move forward at full speed!

“Brother! Wait for me!”

Heng Yongxu calmed himself down and quickly followed.

Just like that, the most deadly formation in the garden was completely destroyed by Chen Xiaobei. It could no longer hurt Chen Xiaobei and Heng Yongxu.

It didn't take long for them to reach the end of the garden!

What was even more satisfying was that the mental power, physical strength, true essence, and immortal essence that they had lost were all replenished by the surrounding vitality in the process of moving forward.

“It's so comfortable!”

“Following bro bei, it's like all the difficulties are no longer difficulties!” Heng Yongxu could not help but sigh. Not only did you pass the test, but you also recovered to your best state. It's even better than cheating!”

“The more satisfying part has just begun!” Chen Xiaobei raised his eyebrows and looked at the garden behind him.

“Ah? What's more satisfying?” Heng Yongxu was confused.

this broken garden cost me three hundred thousand lower spiritual jade pieces. Shouldn't it pay the price? ”

die! Chen Xiaobei said.

“Die!”

Chapter 3507: Four monsters

3507 Four monsters

Whoosh ... Whoosh ... Whoosh ...

The moment Chen Xiaobei said the word 'die', the Yin Yang life and death ring's special ability was activated again.

All the life energy in the space was being sucked back into the Yin Yang life and death Ring.

It wasn't just the life force from the Yin Yang life and death Ring. The life force from all the plants in the garden was also drawn over.

In just a few seconds, the originally lively and beautiful garden was instantly turned into a lifeless and desolate land of death.

This meant that Chen Xiaobei had gotten back all the money he had invested, and he had even gotten a lot of interest!

Oh my God ... Bro bei ... You're too cruel ...

Heng Yongxu gasped and his eyes widened.

It was said that spilled water could not be taken back, but not only could Chen Xiaobei take it back, he could even get more interest! It was simply indescribable!

“Eh?”

Chen Xiaobei lowered his head and looked at the Yin Yang life and death Ring as if he had discovered a new world.

Theoretically, it would take three hundred thousand lower spiritual jade pieces to activate the power of a three-star heaven-immortal artifact.

However, Chen Xiaobei was surprised to find that he had used it twice in his life and death.

The spiritual Qi in the Yin Yang life and death Ring did not decrease at all.

After some careful observation, Chen Xiaobei realized that the two uses of the power had consumed the life force that was originally stored in the ring.

However, it wasn't strange when he thought about it. Spiritual energy and life force were both energy that could be used.

As long as the same amount of life force was consumed, the ring would be able to exert the same amount of power.

In other words, the three hundred thousand pieces of inferior-grade spiritual Jade were like a key to the door.

As long as the door was opened, the Yin Yang life and death Ring could consume vitality first. When the vitality stored in it was exhausted, the spiritual Qi stored in it would be used.

“That's great! This is definitely great news for me!”

the yin-yang life and death Ring is in the dark Dragon tomb, one of the seven forbidden grounds in the earth-god Realm. It has been absorbing life force all year round. The amount of energy it can store is so huge that it can last me a long time! In this way, I can use this three-star heaven immortal item normally even without using my spiritual energy. This is awesome!”

Even though Chen Xiaobei was not short of money, who would not like a free lunch?

The yin-yang life and death Ring would first consume life force, then spiritual Qi. This would save Chen Xiaobei a lot of money.

“Bro bei, what are you saying? The door to the next stage is already open, are we going to pass?”

Heng Yongxu could not understand what Chen Xiaobei was mumbling about. He walked towards another portal that had just opened.

“No rush!”

Chen Xiaobei looked around and said, " I don't seem to see anyone else around here. This is a little abnormal!

It was obvious that there were more or less people in the space of each test.

However, there was no movement here, not even a shadow!

if I'm not wrong, the only ones who can make it this far should be those four monsters!

they all have extremely powerful bloodline abilities, and their foundations are extremely solid. Perhaps all four of them have already passed the level and become the inheritors of the Yunyi Celestial Palace! Heng Yongxu said in a deep voice.

"All four cleared the game? This isn't the last stage, is it?" Chen Xiaobei asked.

"Yes, this is the second last round."

"According to the test, there's one last round! However, the content of the assessment was not announced at that time! But I think that with the abilities of those four monsters, it shouldn't be difficult to completely clear the game!"

"If those four are really as powerful as you say, then it makes sense that there's no one on this floor ..."

I'm not sure! Chen Xiaobei said, " the people on the previous levels did not dare to go forward because they were not confident in themselves. They were afraid that they would not be able to clear the levels! However, the four of them were strong and confident. Naturally, they could not stay here! That's why there's no one else on this floor!"

"Right! Bro bei is right!"

Heng Yongxu nodded heavily and said, "those four monsters weren't just confident." They were simply too arrogant! Or even conceited! They won't be willing to stay here!"

"Alright! Then let's continue forward!"

Chen Xiaobei's dark eyes were filled with the desire to fight. "If those four people are still here, I can go and meet them!"

"Bro bei! You must not be careless!"

"The four of them are very far away from you. I'm afraid you can't even handle one of them!" Heng Yongxu said nervously.

"What's wrong? In your eyes, am I that weak?" Chen Xiaobei retorted.

"No! In my eyes, bro bei is the most cool and cool guy in the world!"

"However, the four of them are really monsters!" Heng Yongxu suddenly changed the topic. It was already extremely powerful back then. Now, it was unknown how powerful it would be! I don't dare to think ... I don't dare to think ..."

"The more you say, the more curious I am!" "I really hope the four of them are still here!" Chen Xiaobei said. Let me see the true strength of the primeval ancient Immortals!"

uh ... when Heng Yongxu heard this, he could not help but feel his scalp go numb and his heart tighten. He didn't say anything, but he was praying in his heart that none of the four were there.

"Look at you! I know what you're thinking!"

Chen Xiaobei raised his brows, his dark eyes seemed to be able to see through everything. If the four of them are gone, it means that someone must have passed the level and become the successor of the Yunyi Celestial Palace!

If that's the case, all the spaces in this underground Palace will be abandoned, and all the trials will stop working!

"However, the reality is that the space still exists, and the levels are still operating! This proved that the successor of the Yunyi immortal Palace had not been chosen! As long as the four people you mentioned are alive, they must still be in the next space!"

Chen Xiaobei's tone was very certain. Even though it was just a guess, the evidence was conclusive and it was almost impossible to be wrong.

"Hiss ..."

Heng Yongxu could not help but take a deep breath and said awkwardly, "Bro bei, don't scare me. I'm a timid person ... If the four monsters are here, we'd better not go there! If we stay here, we won't be afraid of not having enough firewood!"

"Heh, keep it for yourself if you want to!"

Chen Xiaobei smiled and walked forward. "I'd like to see how many eyes those four monsters have. How many mouths?"

"Chi ..."

After that, Chen Xiaobei walked through the portal.

bro bei ... Don't get yourself killed ...

Heng Yongxu was in tears. His lips were white and his body was trembling. He was so scared that he almost peed his pants.

However, this guy was indeed very loyal. He was extremely afraid of Chen Xiaobei, but he still gritted his teeth and followed Chen Xiaobei.

Chapter 3508: Immediately apologize

3508 Immediately apologize

Whoosh ... Whoosh ...

After passing through the portal, Chen Xiaobei and Heng Yongxu found themselves in a huge Palace.

From the decorations, this Palace was extremely simple and elegant. Plum, orchid, bamboo, chrysanthemums and other decorations could be seen everywhere. It could be seen that the owner of this place should be an extremely elegant scholar.

“Is this the Yunyi immortal Palace?” Heng Yongxu’s eyes widened as he looked around curiously.

“No...”

no! Chen Xiaobei shook his head and said, “ this is just an illusion! There was no one around, not even a trace of spiritual energy! How could such a place be an immortal Palace? It’s more like a prison!”

“Good eyes! It’s not easy to tell that this is an illusion at a glance!” At this moment, an extreme shadow descended from the left side of the palace.

This person’s long hair was flowing and his face was as white as paper. He was wearing a blue robe and had two flying swords, one green and one purple, behind him. They were shining with spiritual light and were suspended in the air. One look and one could tell that they were not ordinary!

“Master void!”

“Bro bei! Be careful!” Heng Yongxu shouted. This guy was master void! The purple green twin swords were late-stage two-star heaven immortal artifacts! Two swords in unison, invincible among those of the same level!”

“Oh, who is this? You have quite a good understanding of master void!”

At this moment, another person landed on the right side of the palace.

This person had a head full of red hair and a red beard. His entire head was like a burning fireball, and his body was also covered in red scales. He was obviously a powerful demon.

“The evil Dragon Flame! You ... You’re here too?”

Heng Yongxu swallowed his saliva, and a layer of cold sweat appeared on his forehead. bro bei ... This ... This man is a Red Sky Dragon. At the peak of his bloodline, he can reach the one-star divine rank. He’s only a two-star sky immortal, but he hasn’t fully transformed into a human yet!

“Not bad! ‘You even know about dumb fireball?’ If I’m not wrong, you’re in the same batch as us, right?”

at this moment, a third person descended from the back of the palace.

This person was young and handsome, with a frivolous sneer on his face. He didn’t have any powerful magical treasures on him, and he didn’t seem to have any extraordinary talent.

“Ling Taiji! I’ve warned you 800 times! Don’t you dare call me head fireball!”

The brawny man called the wicked Dragon Flame roared in anger.

“You just don’t want to admit it, but we’re not blind! With that red curly hair and that red beard of yours, don’t you look like a living fireball?”

This Ling Taiji fellow had a smile on his face the entire time, as if he was joking.

“Bro bei ...”

By then, Heng Yongxu had already shrunk to Chen Xiaobei’s side and said in a low voice, “ this Ling Taiji is even more powerful. He has a three-star divine-level Platinum puppet bloodline. He looks harmless, and the Platinum heaven-battling spear in his hand has reached the peak of two-star heaven immortal. He is almost invincible among the younger generation!

“Ling? Platinum battle armor?”

Chen Xiaobei was taken aback. He could not help but think of Ling sheance in the Hong Meng Demon Realm.

It was obvious that the Platinum battle puppet clan had existed even before the establishment of the Hong Meng Demon Realm.

A portion of the tribesmen moved into the Hong Meng Demon Realm, while the rest remained in the wilderness.

Ling Taiji and Ling Shence should be considered distant relatives.

Although Ling Taiji’s cultivation was lower than Ling Shence’s, Ling Taiji should have been one of Ling Shence’s ancestors.

Of course, if Ling Taiji had not been trapped here, his cultivation would have been far ahead of Ling sheance’s!

“Damn it! I told you not to call me fireball head! Believe it or not, I’m going to fight you to the death right now!”

Long xiehuo’s personality was really hot. He had already activated his celestial core power, ready to fight Ling Taiji!

“Ha, it’s been so many years. Aren’t you afraid of me?”

“If we didn’t have to work together to destroy the celestial Lord Dharma form, do you think I would let you live until today?” Ling Taiji smiled calmly.

“Numbing! Ling Taiji! You’ve gone too far! I’m going to risk my life today, I don’t believe I can’t beat you!”

The evil Dragon Flame was extremely furious, and it looked like it was about to attack.

“Stop!”

At this moment, a cold voice came from the front of the hall.

Looking in the direction of the voice, they saw a man in a long black robe standing in the center of the palace like an Emperor.

His cold and arrogant gaze swept across the entire place, and a tyrannical pressure instantly descended upon the entire space.

“Oh, master mu, you’re alarmed?” Ling Taiji grinned and stopped provoking the wicked Dragon Flame.

master mu, Ling Taiji, he ... the longxie fire also quickly retracted his celestial core power like a bullied child who wanted to complain to master mu.

“Enough!”

Master MU’s eyes turned cold, and his tone was extremely cold and arrogant, ” “It’s been so many years, haven’t you two quarreled enough?”

it’s ... It’s enough ... Ling Taiji couldn’t help but swallow his saliva, and the smile on his face gradually disappeared.

“Enough! That’s enough!” The wicked Dragon Flame also shut its mouth tightly, not daring to say another word.

“Who is this guy? He looks pretty arrogant.” Chen Xiaobei looked at him indifferently. He did not feel anything from master MU’s aura. In fact, he was just looking at him.

“Bro bei! Don’t talk nonsense!”

Heng Yongxu was so scared that he almost peed his pants.”This is the ninth Prince of the extreme night immortal Emperor! The number one young genius of the southern Wilderness! He had the bloodline of the five-star God night God! Mu chenye, who is known to have the potential to become a God Emperor!”

As soon as he said that, mu chenye couldn’t help but raise his head proudly.

At the same time, Ling Taiji, long xiehuo, and master void all had looks of respect on their faces.

The three of them could be unconvinced of each other, bicker, or even fight.

However, they were all convinced by mu chenye, and they didn’t dare to show any disrespect.

Even when Heng Yongxu introduced Ling Taiji, he emphasized that Ling Taiji was almost invincible among the younger generation!

Almost!

In other words, there were still exceptions!

Obviously, mu chenye was an exception!

Among the younger generation, if mu chenye didn’t show up, Ling Taiji would be invincible. However, once mu chenye stepped in, Ling Taiji could only lower his head and behave himself.

Suddenly, everyone’s eyes were on Chen Xiaobei.

Ling Taiji, long xiehuo, and master void all looked at Chen Xiaobei.

Even mu chenye was looking at Chen Xiaobei.

“Why are you all looking at me?” Chen Xiaobei shrugged and asked.

bro bei ... Heng Yongxu lowered his voice and said, ” “Hurry ... Hurry up and apologize to master mu! Otherwise, you’ll be dead!”

It was obvious!

Everyone was looking at Chen Xiaobei, hoping that he would immediately kneel on the ground, kowtow to mu chenye, apologize for his offense, and beg for his forgiveness.

“Apologize?”

Chen Xiaobei laughed, ‘I said he’s arrogant and he has to apologize? If he wants me to die, should I pay with my life?’

Chapter 3509: Ha your sister

3509 Ha your sister

“What?”

A stone that stirred up Ten Thousand Waves!

Chen Xiaobei’s casual words made everyone go crazy!

“Little brat! Do you know who you are talking to? Pay with his life? Do you mean you want master mu to die?”

The wicked dragon’s eyes widened in anger. It was extremely agitated, like a loyal dog protecting its master. It wouldn’t allow anyone to say anything bad about mu chenye.

“This little brat! He really didn’t know the immensity of heaven and earth! I’ve never seen such an idiot like him in my life! Threatening master mu? Isn’t this the same as offending the Emperor?”

Master void’s pale face was full of disdain. He looked at Chen Xiaobei as if he was looking at a brainless retard.

If she had a brain, how could she have offended mu chenye?

“Little brat! You’re really awesome! I respect you for being a man!”

Ling Taiji still had a frivolous smile on his face and gave Chen Xiaobei a thumbs up.

Of course, anyone with eyes could tell that Ling Taiji was just mocking Chen Xiaobei.

He was a man!

Boorish man! Stupid man! It was extremely laughable!

“Bro bei ...”

At the same time, Heng Yongxu’s mental state had completely collapsed. He almost cried out, you’re in big trouble this time ... No one can save you ... Even if I kneel on the ground and kowtow until my head explodes, I won’t be able to save you ...

It was obvious that mu chenye’s power had been deeply rooted in everyone’s bones and souls.

No one would dare to provoke him.

Unless that person wanted to die! Moreover, he wanted to die a very, very miserable death!

Only lunatics or extremely stupid idiots would have such thoughts!

There was no doubt that in Heng Yongxu's eyes, Chen Xiaobei was a fearless, lawless madman!

However, in the eyes of Ling Taiji, long xiehuo, and master void, Chen Xiaobei was a brainless and retarded idiot who was beyond saving!

To put it bluntly, in the eyes of the three of them, there was no difference between offending mu chenye and offending the King of Hell!

"Ha."

Mu chenye sneered coldly and looked at Chen Xiaobei arrogantly.

In mu chenye's eyes, Chen Xiaobei was ignorant and fearless. He dared to offend him because he did not know how strong he was.

But now, the situation was clear!

Mu chenye believed that Chen Xiaobei would make the right choice. He would kneel on the ground like a pitiful wild dog and beg for his forgiveness.

However, what happened next was like an explosive slap to mu chenye's face.

"Ha, your sister!"

Not only did Chen Xiaobei not want to beg for mercy, he said with a look of disdain, "I can't stand pretentious people like you! If you can fight, then don't talk nonsense. You're wasting everyone's time!"

Oh my God ... Heng Yongxu gasped and almost fainted on the spot.

"That's awesome!"

Ling Taiji, long xiehuo, and master void were also dumbfounded."We've seen many people who court death! But it's the first time we've seen someone as capable as you! It's really an eye-opener!"

"Shut up!"

At this moment, mu chenye let out a furious roar. Like a lion that had just woken up from a deep sleep, he emitted an Emperor's pressure that could suppress the space and dominate all beasts.

Ling Taiji, the wicked Dragon Fire, and master void immediately shut their mouths. Even Ling Taiji stopped smiling.

"The four of us are, after all, the most outstanding geniuses of the southern Wilderness! Now, he was being looked down upon by an eight-star earth-god! The three of you aren't even angry? Don't tell me you've lost even the most basic sense of shame?"

Mu chenye's face was livid, and his eyes were fierce. His terrifying pressure was like an explosion of flames, exuding an extremely fanatical and fierce aura.

Ling Taiji, the wicked Dragon Fire, and master void all felt as if they were being burned by a raging fire.

Heng Yongxu's scalp went numb and his pupils contracted. His body trembled uncontrollably and he stood rooted to the ground. His state of mind was on the verge of collapse.

At the scene, only Chen Xiaobei remained calm and unaffected by mu chenye's intimidating aura. Instead, he had an impatient expression on his face, as if he was urging mu chenye to hurry up and fight.

"Little brat! Since you want to die so badly, I'll fulfill your wish!"

Mu chenye waved his hand casually and said, "you're not worthy of me fighting you. There are three of them. You can choose any one of them to be your opponent! Of course, you don't have to hold any hopes of getting lucky. Any one of them can crush you!"

Hearing this, Ling Taiji, master void, and the wicked Dragon Fire all rubbed their hands together in anticipation.

Obviously, they had been trapped here for too long. They were extremely bored and wanted to have some fun.

In their eyes, Chen Xiaobei was just a toy that they could play with.

All of a sudden, the three of them really hoped that Chen Xiaobei would choose them. They wanted to raise their hands and shout, afraid that Chen Xiaobei would choose someone else.

"What's there to choose? I told you I'm in a hurry!"

However, Chen Xiaobei looked impatient and said, "Hurry up, the four of you attack together! I'm still in a hurry to save her after the fight!"

Chen Xiaobei observed his surroundings as he spoke.

He didn't see the stone ball that sealed primordial chaos demon ancestor Jun mochen here.

His real purpose was to save her.

"Numbing! You dare to humiliate us! I want you to die without an intact corpse!"

The wicked Dragon Flame had the fiercest temper, and it was the first one to jump out. The immortal energy in its body was surging, and it had already reached the early two-star heaven immortal realm!

"Boom boom boom ..."

The red celestial core power transformed into two huge Red Dragon heads on his fists!

Two fists, one in front and one behind, were aimed at Chen Xiaobei. They were like two dragons dancing wildly, containing unparalleled destructive power.

bro bei, be careful!

Heng Yongxu's heart clenched as he looked at the long Xie fire's terrifying fists. He was worried for Chen Xiaobei.

"Idiot! Kneel down!"

Suddenly, Chen Xiaobei's eyes narrowed. A divine five-clawed Golden Dragon appeared behind him!

“Roar!”

In the next moment, the Golden Dragon roared and exploded with an extremely overbearing pressure. It was as if a Supreme Overlord had descended to the world. It looked down on everything and suppressed the heavens. It was arrogant and domineering to the extreme!

At the same time, Chen Xiaobei’s dark eyes turned gray, and his black-hole pupils exuded an aura that could make people lose themselves!

This pressure was even stronger than the five-clawed Golden Dragon’s!

“Hiss ...”

The flaming Dragon took in a cold breath, and it was completely stunned.

Chapter 3510: Kneel down and beg me

3510 Kneel down and beg me

The terrifying pressure directly penetrated the wicked Dragon Flame’s mind, and he was instantly rooted to the spot.

At this moment, an extremely terrifying illusion appeared in the heart of the evil Dragon Flame.

A massive five-clawed Golden Dragon appeared and hovered above his evil Dragon Flame!

His evil Dragon Fire returned to his Scarlet heaven Celestial Dragon Demon body, which was 30000 meters long!

However, in front of the five-clawed Golden Dragon, the Scarlet Heaven Dragon was as small as an earthworm!

Fear!

An unprecedented fear!

The wicked Dragon Flame felt that it would be torn apart by the five-clawed Golden Dragon at any moment!

Oh no! It wasn’t tearing!

The five-clawed Golden Dragon could kill him with a single breath or a thought!

Reverence!

Unparalleled reverence!

In addition to fear, the evil Dragon Flame’s heart was filled with worship and respect for its ancestors!

“Plop ...”

Perhaps it was out of fear of death, or perhaps it was out of respect for the glory of the Dragon race.

The long xiehuo’s legs went soft, and it really knelt down.

His expression was blank, and his eyes were hollow. He was completely stunned by Chen Xiaobei's aura. Seeing this, everyone present was stunned.

In fact, at that moment, Chen Xiaobei and the five-clawed Golden Dragon's pressure was only directed at the wicked Dragon Flame.

The surrounding people only suffered a very small part of the pressure.

But even so, everyone's hearts were still beating wildly, their breathing was rapid, and their foreheads and palms were covered in cold sweat!

That's right! Everyone was the same!

Even mu chenye was no exception!

bro ... Bro ... Bro bei ... You're too ... Too ... Heng Yongxu was so shocked that he could not speak. His eyes were as wide as a cow's and his mouth was so wide that a fist could fit in.

Just a second ago, he was still worried about Chen Xiaobei's life. Now, he was worried about his own little heart.

After spending so much time with Chen Xiaobei, Heng Yongxu was really worried that he would get a heart attack!

"Fireball! Quickly wake up!"

Ling Taiji composed himself and quickly shouted, "You knelt down to an eight-star earth-god, your face ... No! You've disgraced your entire clan!"

"Stop shouting! He's been completely stunned!"

Mu chenye's face was cold, and his eyes gradually turned dark red. He sounded surprised, "I didn't expect that the boy had a Seven Star divine level Golden Dragon Soul hidden in his body!

the soul of the Golden Dragon!?"

Everyone's eyes were on the person behind Chen Xiaobei.

That's right!

The five-clawed Golden Dragon that had suddenly appeared was not just a Dharma idol.

It was a gift from Nezha to Chen Xiaobei for his new soul, a real Golden Dragon Soul!

Although Chen Xiaobei's state of mind was strong, the pressure he released was enough to intimidate the evil Dragon Fire!

However, without the Golden Dragon soul's assistance, the wicked Dragon Flame wouldn't have knelt on the ground and wouldn't have been unable to wake up even if it had been intimidated!

It was like a person suddenly seeing their 18th generation ancestor. It was impossible not to be shocked!

“Little bastard! That was just the soul of a Golden Dragon! No discipline, no cultivation. Do you think you’re invincible just because of that?”

Ling Taiji walked towards Chen Xiaobei.

Just as mu chenye had said, the four of them were the most talented geniuses in their respective fields.

If they couldn’t even take care of an eight-star earth immortal, they would lose all their face. Their glory would be replaced by great shame and they would become the laughing stock of the world forever!

Although Ling Taiji always had a cheeky expression on his face, he actually had a very strong sense of self-esteem!

He even regarded his face as more important than his life!

Not only did Chen Xiaobei destroy the flaming Dragon’s face, but he also destroyed the faces of the other three.

After all, it was a very embarrassing thing to be called one of the four geniuses with someone who was kneeling in front of Chen Xiaobei.

“Whoosh ...”

Ling Taiji walked out and circulated his celestial core power to the maximum, not for the sake of the wicked Dragon Fire, but for his own face!

This guy’s cultivation base was at the mid-stage two-star heaven immortal realm, which was one minor realm higher than the wicked Dragon Fire.

“Little brat! Your death is here!”

Master void couldn’t help but sneer when he saw this. “Ling Taiji’s strength is second only to master MU’s! Even I’m convinced by him! You should feel honored to die at his hands!”

“Ling Taiji! Spiritual opening! I want to ask him something!” The dark red in mu chenye’s eyes slowly faded away, and his gaze became very calm. When he looked at Chen Xiaobei, it was as if he was looking at a patient who could die at any moment.

“Leave him alive?”

Ling Taiji’s eyes were cold and he said in disdain, “ I will try my best to suppress my power, but I can’t guarantee that after one move, he won’t be able to live to answer your questions!

Oh my God ... This is so exciting ... Heng Yongxu took a deep breath. He was so nervous that he was like a taut spring.

“Heaven ripping war puppet!”

With a furious roar, Ling Taiji’s hands suddenly transformed into countless white-gold claw prints! It came down on Chen Xiaobei like a Thunderbolt! It was as if it could tear the sky apart! Slaughtering all living beings! Annihilate all living things!

“Stop roaring! You also kneel down!”

However, Chen Xiaobei's expression did not change at all. It was as if he was an Emperor announcing an imperial decree. He was domineering and arrogant!

"Chi ..."

A fiery divine Phoenix that was as powerful as a five-clawed Golden Dragon charged out from behind Chen Xiaobei!

That's right!

This was the seven Star divine tier, the Phoenix's origin that Liu xuanxin had given to Chen Xiaobei!

The pressure of the Phoenix's origin, combined with Chen Xiaobei's own pressure, was like a tsunami that enveloped Ling Taiji.

"Hiss ..."

Ling Taiji sucked in a breath of cold air. Although he was more powerful than the wicked Dragon Flame, his ending was the same as the wicked Dragon Flame.

"Plop ..."

Ling Taiji knelt down, his face pale and his pupils constricted as if he had lost his soul. He knelt on the spot without moving.

"Ling Taiji! You ... Why are you also ..."

When master void saw this, he was instantly dumbfounded. His three views crumbled to the ground, and he couldn't even pick them up.

that ... That's another Seven Star divine level Fire Phoenix's origin!?

Mu chenye couldn't stay calm anymore. His expression changed drastically, and his scalp went numb. His lips were trembling slightly. kid, Who are you?!

Master void also looked at Chen Xiaobei and pricked up his ears.

He also wanted to know who Chen Xiaobei was.

Such a strong foundation was not something ordinary people could possess!

"Heh, you want to know who I am?"

Chen Xiaobei raised his eyebrows and said, "Kneel and beg me, and I'll tell you!"
