#### Chapter 3521: The void Earth Dragon

3521 The void Earth Dragon

Mu chenye flew at top speed. The speed of a peak two-star heaven immortal burst out without the slightest reservation.

One could only say that Chen Xiaobei's luck had been really good recently.

Along the way, the group did not encounter any obstacles. After a period of time, they successfully arrived at the location where the Golden halo appeared.

There was a barren planet there.

Its scale was similar to the bloodspring planet in the verdant Emperor's divine gourd.

However, the planet in front of them was extremely barren. Not only was there no fighting, but there was not even a single blade of grass.

As far as the eye could see, the surroundings were all a kind of dark brown hard rock.

There was no golden light at all.

"Qingcheng, what's going on?"

Chen Xiaobei observed his surroundings and asked, "I could clearly see the Golden halo from afar, but why is it that when I come to this planet, the Halo can't be seen?"

Six-eared macaque and mu chenye were both confused by his words.

I'm not sure about the details, but I can feel that a spiritual force from underground is summoning me!

Song Qincheng's eyes were clear, as if they could see through the ground. She was sure that the source of the Golden halo was underground.

"Alright! Then let's split up and see if we can find an entrance to the underground!"

Chen Xiaobei then released four more people from the Sumeru space.

They were Heng Yongxu, Ling Taiji, long xiehuo, and master void.

Like mu chenye, they were all ancient Celestials from the primordial era. They were very powerful and had a heaven-immortal instrument in their hands. They could help Chen Xiaobei.

after that, the group scattered and began to search for a path through the surrounding rocks.

However ...

After searching for a long time, they found nothing.

"If it really doesn't work, then I'll use earth escape immortal Gu."

Chen Xiaobei's eyes narrowed as he made a decision.

Since he was not short of spirit stones, saving time was his top priority.

"Bro bei ..."

However, at that moment, Heng Yongxu said in a low voice, "Master void hasn't returned yet! Did something happen?"

Earlier, everyone had split up to search and had already returned. Only master void was missing.

"Boom boom boom ..."

Before Chen Xiaobei could say anything, there was a loud explosion from afar.

"Go! Let's go!"

Chen Xiaobei was the first one to rush in the direction of the sound.

Without any hesitation, everyone immediately followed suit.

A few thousand meters away.

A huge pit appeared on the ground, and the rocks in the pit were all shattered. Around the pit, countless huge ravines were split open.

At this moment, master void was lying in the middle of the huge pit.

"Blargh ... Blargh ..."

Master void vomited large mouthfuls of blood and collapsed on the ground. He couldn't even move a finger.

Anyone with eyes could see that his physical body had been destroyed.

What was even more strange was that his Dharmakaya seemed to be confined by some kind of power, unable to leave this already scrapped body.

In this way, he would not be able to escape, and his life would fall into the hands of the enemy!

That's right!

Above the pit, a powerful enemy was standing proudly in the air. He looked down at master void with disdain, as if he was looking at an ant that was about to die.

At the same time, master void's purple green twin swords had already landed in the hands of the enemy.

The two long swords were late-stage two-star heaven-immortal artifacts!

Master void had been crippled with a single strike despite wielding two swords. One could only imagine how terrifying this enemy's strength was.

"Ant."

The man snorted and said indifferently, "You clearly have a rare body with the purple and green celestial meridians, but your cultivation level is so weak! You can only be this King's dish to go with wine, but you can't help this King's cultivation level improve!"

you ... You're the legendary ... Dragon King of the great void Earth Dragon Tribe???"

Master void lay on the ground, blood flowing from his eyes, ears, mouth, and nose. His voice was extremely weak.

However, even in such a state, master void was still extremely shocked. He was even more shocked than if he had seen a ghost.

"Heh, at least an ant like you has some knowledge!"

The man slowly descended from the dark sky, finally revealing his true appearance.

His main body was still in human form, but he was five meters tall.

It had a pair of sharp horns on its head.

Its body was covered in dark brown rock-like bone armor.

Its two muscular arms were as thick as an adult human's waist, and they were also covered in oracle bones. Each palm only had three fingers, but the claws were longer and sharper than daggers.

The lower half of his body did not have legs. Like the duos, he had a long and thick tail.

However, the Qiang tribe had snake tails, while this person's tail had sharp scales and hooked Dragon fins.

The great void Earth Dragon Tribe!

He was a descendant of the dragon clan.

The fellow in front of him had three fingers on his hand and a Dragon Tail on his back. If he transformed back to his original form as a Demon God, he would belong to the three-clawed horned dragon.

Although it was not as powerful as the five-clawed Golden Dragon, it was much more powerful than the descendants of the flood Dragons, bi 'an, bi' an, and bi 'an.

Oh my God ... I've actually met the Dragon King of the void Earth Dragon Tribe ... This void Rift ... Is too terrifying ...

Master void gasped. His eyes were filled with endless despair.

He was, after all, a young genius from the primordial age, so he naturally had more experience than others.

However, it was this knowledge that made him even more aware of how terrifying the dangers in the rift to the great void were.

Just this five-star heavenly immortal level Earth Dragon King alone was enough to kill master void countless times over. Even Chen Xiaobei and the others could be killed by it.

There was no suspense.

“You should feel extremely honored to be this King’s food!”

The Earth Dragon King of the great void landed beside master void. He held the purple and green dual swords with both hands, planning to slice through master void’s body and eat his flesh and drink his blood.

“Damn it ... Why am I so unlucky ...”

Master void wailed and helplessly closed his eyes.

In this situation, he did not have the ability to fight back, and he did not expect Chen Xiaobei to come to his rescue.

Without the chaos Blood Sword, Chen Xiaobei would be committing suicide if he came out!

“Swish!”

A sword cry rang out, and the great void Earth Dragon King was just about to cut off master void’s right arm.

“Stop!”

However, at this moment, a loud shout interrupted the great void Earth Dragon King’s actions.

“Why is there another group of ants?”

The Earth Dragon King of the great void squinted his eyes and looked forward.

He saw Chen Xiaobei and the others rushing toward him.

“Hiss ...”

The great void Earth Dragon King took a deep breath, as if he could smell the situation of his prey from the smell. “Eh? Why were they all rare prey with special bloodlines? Today, this King is in for a treat!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3522: impatient**

The great void Earth Dragon King’s sense of smell was extremely sensitive. He could determine the bloodline and Constitution of his prey just by sensing their aura.

Chen Xiaobei’s witch Dragon bloodline, six-eared macaque’s gifted bloodline, mu chenye’s night God bloodline, Ling Taiji’s Platinum armor bloodline, long xiehuo’s Red Celestial Dragon bloodline, Heng Yongxu’s God-attached bloodline, and Xu Kongzi’s purple-green celestial bloodline.

The lowest level of these bloodlines was one-star divine level.

In addition, although song Qincheng did not have any special bloodline, the aura of the golden age great Empress and the laws of the human Emperor was enough to make her show an aura that was completely different from ordinary people.

“This is too good! How could this King’s luck be so good today! Hahaha ...”

The Earth Dragon King of the great void was extremely excited. He looked at everyone as if he was looking at delicious food flying towards him.

“Bro bei ... You ... What are you guys doing here?”

Master void, on the other hand, was flabbergasted. He could not figure out why Chen Xiaobei and the others did not run away when they were in a situation where they were going to die.

Wasn't this courting death?

It was not an overstatement to say that even if Chen Xiaobei and the others used all their trump cards, resources, and power, they would not be able to fight against a five-star sky immortal!

Moreover, this five-star heaven immortal was the king of the ancient alien race, the void Earth Dragon!

Once this Earth Dragon King of the great void returned to his original form as a Demon God, even a five star heaven immortal of the same level would not be his match!

Even a blind man could see that this was a dead end without any suspense!

“You have to look at the owner before you hit the dog! If you want to kill my dog without telling me, that's not right!”

Chen Xiaobei walked over fearlessly, his eyes fixed on the Dragon King.

“What are you? Do you think you're worthy of questioning this King's actions?”

The Earth Dragon King squinted at Chen Xiaobei, his eyes full of disdain.

Chen Xiaobei's cultivation was only at the pinnacle of the Mahayana realm. In the eyes of the earth Dragon King, he was not even an ant.

Of course, the great void Earth Dragon King was definitely not stupid.

His special sense of smell allowed him to know that Chen Xiaobei's bloodline had reached nine-star divine-tier, which was the most powerful of them all.

Furthermore, Chen Xiaobei had just said that master void was his dog.

Combining these two clues, the great void Earth Dragon King came to a conclusion that Chen Xiaobei was not as weak as he looked.

That was why the Earth Dragon King only mocked Chen Xiaobei but did not attack him.

From this, it could be seen that the ancient void tribe was not only terrifyingly powerful, but their intelligence was also not low. They were considered an extremely difficult enemy to deal with.

it doesn't matter who I am. The important thing is, are you sure you want to be my enemy? ”

Chen Xiaobei's aura did not weaken at all. Instead, it exuded a very strong and overbearing pressure.

“What?”

The great void Earth Dragon King's heart couldn't help but tremble.

Chen Xiaobei's bloodline, Lackey, and the aura that he was exuding were not things that ordinary people could possess.

Especially that terrifying pressure, it should not appear on a young man at all!

In the eyes of the earth Dragon King of the great void, only those super powerful beings who had lived through the ages and never died could freely control this level of tyrannical pressure!

The great void Earth Dragon King's heart trembled. He even suspected that Chen Xiaobei was an ancient mighty figure in disguise!

With this in mind, the great void Earth Dragon King's tone softened.

"You and I are both descendants of the dragon race, you should not kill each other!"

"However, your lapdog trespassed on our tribe's forbidden grounds. If we let this matter go, how am I supposed to explain it to my tribe?" the great void Earth Dragon King said. How could he establish himself in the future? How do you convince the masses?"

"As long as you don't want to be my enemy, everything can be discussed!"

I see that you're a foodie too. I happen to have a lot of delicious food with me. I can give you some as compensation for trespassing in your clan's forbidden area! This way, you can save your face and we can be in peace!"

delicious food!?

Everyone's expression changed when they heard this, and their feelings became complicated.

One had to know that the other party was a five star heaven immortal great void Earth Dragon King!

He would not even care if Chen Xiaobei gave him some ordinary heavenly treasures, but Chen Xiaobei wanted to give him some delicious food to resolve the dispute?

Wasn't this a joke?

To mu chenye and the rest, Chen Xiaobei was just being delusional. There was no way he could convince the Earth Dragon King.

A huge battle was still inevitable!

However, song Qincheng and six-eared macaque both smiled knowingly.

Only the two of them knew that the food in Chen Xiaobei's hands was much rarer than the heavenly treasures.

Once he met a real foodie, these delicacies would be enough to overturn the situation!

"How do you know that I like good food?"

The great void Earth Dragon King's expression froze slightly, and a strange look appeared in his eyes.

She had never seen Chen Xiaobei before, so how did he know what she liked? This was really strange!

For a moment, mu chenye and the others also showed a strange expression.

They had thought that the great void Earth Dragon King would never accept food as a bargaining chip, but now it seemed that this was not impossible!

“It’s simple!”

“I heard you say that you want to use master Xu Kong as a meal on my way here!” This means that you’ve already cast off your bestial nature and have your own requirements and pursuits for food!”

“In addition, with your strength, killing master Xu Kong will be as easy as blowing off dust! However, you only injured him but didn’t kill him. This means that you not only have requirements for food, but also have high requirements! You definitely won’t eat dead bodies!”

“In the end, I saw that you slashed at master Xu Kong’s arm. You probably wanted to take the most chewy and delicious piece of muscle near his shoulder blade! This means that you’ve done a lot of research on food. You’re not just a foodie, you could even be considered a gourmet!”

Mu chenye and the others were dumbfounded by Chen Xiaobei’s logical analysis.

At first, they did not understand why Chen Xiaobei wanted to die.

They finally understood that Chen Xiaobei had already figured out the enemy’s characteristics and even thought of a way to deal with them!

This was definitely not seeking death, but countering each move and accurately breaking the situation! It was simply too awesome!

“Try paying attention to knowledge! This young master is indeed extraordinary!”

At this time, the great void Earth Dragon King revealed a smile that had a deeper meaning.

Firstly, he was glad that he did not make an enemy out of Chen Xiaobei.

Secondly, Chen Xiaobei complimented him as a gourmet, which made him very happy.

“Let me see, what kind of food do you want to give me?” The Earth Dragon King of the great void said impatiently.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3523: delicious**

“Please take a look!”

Chen Xiaobei took out a box made of white jade from his infinite space ring.

The jade box was exquisitely carved, and the Jade itself was of the highest quality.

In an instant, the Earth Dragon King of the great void, mu chenye, and the others’ gazes were all drawn over.

They all stretched their necks and widened their eyes, wanting to take a closer look. What kind of food was it that needed to be contained in such an expensive Jade box?

“What ... What is this thing ...”

As Chen Xiaobei slowly opened the lid of the jade box, the Earth Dragon King of the great void, mu chenye, and the others exclaimed in shock.

In the jade box, there were strips of food that looked like chopsticks.

The body of this food was amber in color, and under the bright light, it was crystal clear and very eye-catching.

There was a layer of bright red oil on the surface, as well as chili, cumin, rattan pepper, and other spices. After being ground into fine particles, they were evenly scattered on the surface.

The great void Earth Dragon King and mu chenye had never seen or heard of such food.

After all, when one reached the heaven immortal realm, everyone had no need to eat or drink. No one would spend their time on food. Therefore, the understanding of divine Immortals about food was quite narrow.

In fact, Chen Xiaobei had already calculated this before he entered the rift.

Therefore, he planned to deal with the ancient Immortals in the rift of the great void the same way he dealt with the members of the Three Realms red envelope group.

“This is the best food I’ve ever tasted after all the trouble!”

Chen Xiaobei raised his eyebrows and said in a provocative tone, “It has a very artistic name! Dejected ecstasy strip!”

“Dejected? Ecstasy? A rule?”

The Earth Dragon King of the great void, mu chenye, and the others were all dumbfounded.

They were looking at the overwhelming sadness slip with curiosity and surprise as if they were looking at some priceless treasure. They were even afraid of freezing it in their hands or melting it in their mouths. It was a rare thing.

Pfft ...

Song Qincheng and six-eared macaque almost burst out laughing.

It took them a lot of effort to stop themselves from laughing.

Not only was Chen Xiaobei the number one profiteer in the Three Realms, he was also the number one scammer in the Three Realms.

I’ll believe your ghost’s overwhelming sadness! That was obviously a pack of thick spicy strips that could be found anywhere in China’s supermarkets!

However, the Earth Dragon King of the great void, mu chenye, and the others were dumbfounded by Chen Xiaobei.

Judging from their curious eyes and eager expressions, they had already regarded that box of spicy strips as the rarest treasure in their hearts.

However, after thinking about it carefully, this was not strange.

First of all, in their eyes, Chen Xiaobei was an extraordinary existence.

Next, Chen Xiaobei had placed the spicy strips in an extremely expensive Jade box. There were only a dozen of them.

Finally, Chen Xiaobei even emphasized that he had spent a lot of effort to get his hands on these few spicy strips.

As the saying goes, when the tide rises, the boat rises! Chen Xiaobei's status was extraordinary, so no one would look down on the big spicy strip!

At the same time, the rarer something was, the more precious it would be. There were only a dozen spicy strips in the entire great void universe. Their value was simply immeasurable!

That was why the Earth Dragon King, mu chenye, and the others were successfully brainwashed by Chen Xiaobei. They believed that the box of spicy strips was the dejected ecstasy strip that Chen Xiaobei had mentioned!

"Hurry up! Let me have a taste ..."

The great void Earth Dragon King threw the purple green twin swords to the side and swallowed his saliva. His eyes were fixed on those huge spicy strips, unable to shift his gaze away.

Gulp ... Gulp ...

Mu chenye and the others were also swallowing their saliva.

Perhaps it was because they had abstained from food for too long, but at this moment, looking at the bright spicy strips and smelling the spicy smell, their appetites were strongly aroused.

"There's no place for you guys!"

Chen Xiaobei glared at mu chenye and the others.

"Swish!"

Then, Chen Xiaobei released his ethereal force, wrapped a spicy strip in it, and placed it in front of the Dragon King. "Your Excellency, please enjoy!"

"Good! Many thanks!"

The great void Earth Dragon King impatiently received that huge spicy strip, and then suddenly opened its mouth wide.

"Your Excellency, please wait!"

this thing is extremely precious! I can only give you one as compensation for trespassing into the forbidden area! Chen Xiaobei said. Therefore, you'd better taste it carefully. If you swallow it in one gulp, I'm afraid you'll regret it!"

"Yes, yes, yes!"

The great void Earth Dragon King nodded his head repeatedly and said, "such a precious treasure should indeed be savored!" This King was too reckless!"

After saying that, the great void Earth Dragon King carefully raised the spicy strip and brought it to his mouth. He used his front teeth to bite off a small piece of it that was about half a centimeter long and started to chew.

He was extremely tall, and his mouth was filled with fangs.

Biting down on such a small amount of spicy strip, the whole action was very comical. In the eyes of the crowd, it was as if he was chewing on air.

"Will that thing taste good?"

Mu chenye swallowed his saliva as he looked at the Dragon King of the great void with eager eyes.

"Do you even need to ask ... It's definitely super delicious!"

"Look at the great void's Earth Dragon King's intoxicated expression!" Ling Taiji said with envy. It's even better than playing with women!"

"What?"

The wicked Dragon Fire swallowed its saliva and scratched its ears. "How delicious is it? It's actually more satisfying than playing with women?"

yeah ... How delicious is it? " Heng Yongxu smacked his lips and sneaked to Chen Xiaobei's side, hoping that Chen Xiaobei would give him some special treatment.

Heng Yongxu was different from the others. He was Chen Xiaobei's friend, not his Lackey.

Therefore, Chen Xiaobei could give him some spicy sticks.

However, he could not do it now.

Chen Xiaobei was trying to convince the Earth Dragon King that only by rejecting Heng Yongxu would he be able to convince the Earth Dragon King of the value of the spicy strips.

"How is it? Is it good?"

Six-eared macaque couldn't hold back his laughter and asked.

"Delicious! It's so delicious!"

The great void Earth Dragon King swallowed that tiny bit of spicy strip, then opened his mouth and let out a long roar. As he was too excited, it sounded like he was about to cry.

my God ... Is it really that delicious???"

Upon seeing this, master void spat out blood and swallowed his saliva, almost choking himself to death.

“Delicious! It’s super delicious!”

The Earth Dragon King of the great void seemed to have been injected with chicken blood. His face was flushed red, and his emotions were extremely excited. “I’ve never eaten anything so delicious! The wonderful taste and unique taste were simply impeccable! I feel so good that I feel like I’m in the deepest part of my soul!”

“This ... This, this, this ...”

As soon as he said that, mu chenye and the others were even more dumbfounded, and they were extremely envious and jealous.

At the same time, Chen Xiaobei, song Qincheng, and six-eared macaque were all grinning.

He had already succeeded, so would he be far from making money?

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3524: roundabout way**

“Delicious! Delicious! It’s so delicious!”

The Earth Dragon King of the great void was so excited that he cried out repeatedly. What King’s bearing, what expert’s demeanor, he had long thrown them out of his mind.

Gulp ... Gulp ...

At the same time, mu chenye, Ling Taiji, and the other ancient geniuses were all drooling. Their eyes were fixed on the huge spicy strip, and they yearned for it more than they did for a beautiful woman.

“Phew ...”

Finally, after a series of slow chewing and swallowing, the great void Earth Dragon King finished eating that chili strip.

For a moment, his face was filled with an expression of reminiscing, even intoxicated, unable to extricate himself.

young master, forgive me for being presumptuous. Can you sell me the rest of the spicy strips? ”

The Earth Dragon King of the great void was so excited that he wanted to buy all the remaining spicy strips from Chen Xiaobei.

“I can sell it, but I’m afraid you can’t afford it.”

Chen Xiaobei shrugged and said, “ one hundred million low-grade spiritual jade pieces each. If you want them all, it’ll be exactly 1.5 billion.

“What? This ... This ...”

The great void Earth Dragon King couldn't help but suck in a breath of cold air. He had already thought that the value of the spicy strips would definitely be very high, but he didn't expect it to be so ridiculously high.

As a five-star heaven immortal, the great void Earth Dragon King's wealth should be more than 1.5 billion low-grade spiritual jades.

However, who would be willing to use the majority of their wealth to exchange for some delicious food?

One should know that a billion lower spiritual jades was enough to buy a high-tier heaven immortal artifact and even some precious divine items.

It wasn't worth it to buy a spicy strip.

Clearly, even though the great void Earth Dragon King was a foodie, he would not lose his mind over delicious food.

this price is really too high ... I can't accept it ... the great void Earth Dragon King was embarrassed and had no choice but to lower his head and admit defeat.

Song Qincheng and six-eared macaque could not help but frown when they saw this.

In fact, Chen Xiaobei still had a million packets of latiao. He could sell them at a low price so that more people could afford them. In the end, he would probably earn more than 1.5 billion.

However, Chen Xiaobei's price of 100 million for one spicy strip was unacceptable not only to the Earth Dragon King, but also to most people in the great void universe.

In that case, it was impossible to sell a million packets of spicy strips.

Song Qincheng and six-eared macaque were confused. What was Chen Xiaobei doing? Could it be that he did not want to sell it to the great void Earth Dragon King?

Right!

Song Qincheng's eyes suddenly lit up. She had a vague idea of Chen Xiaobei's intention.

The blood Bodhi spirit fruit was only 500 million for one, but the spicy strips were 100 million for one. There was only one explanation for such an unreasonable price!

Chen Xiaobei's goal was not to earn the Earth Dragon King's money but to cast a long line to catch the big fish!

"If you can't accept the spiritual jade trade, we can try another method."

Chen Xiaobei raised his eyebrows and continued to trap the void Earth Dragon King.

"Change what method?"

When the Earth Dragon King heard that he would have another chance to eat spicy strips, he was so excited that he looked at Chen Xiaobei eagerly.

"To be honest, the reason we broke into the Noble's territory was actually to find something."

Chen Xiaobei calmed himself down and said, " if you can let me enter the underground of this planet, find what we want, and take it away, I can give you five spicy strips!

"This ..."

When the great void Earth Dragon King heard this, he instantly fell into hesitation.

On one side was the forbidden land that the entire clan had guarded for countless years, and on the other side was the delicious spicy strips.

Agreeing to Chen Xiaobei's request was equivalent to betraying the entire clan! Rejecting Chen Xiaobei would be betraying her own heart!

For a moment, the great void Earth Dragon King was caught in a dilemma.

don't worry, we will only take what we are looking for. We will not destroy this place, nor will we take anything else. As long as you keep this a secret, your people will not find out!

Chen Xiaobei could tell what the Dragon King was thinking, so he tried to comfort him.

Chen Xiaobei's real motive for offering such a high price was to enter the forbidden land of the Dragon Tribe.

If they could not pacify the Earth Dragon King and forced their way underground, they would have to start a war with the entire Earth Dragon Tribe. Chen Xiaobei's side had no chance of winning.

Only with the approval of the Earth Dragon King of the great void could Chen Xiaobei and the others safely find and take away what they needed.

"Alright, I promise you ..."

In the end, the Earth Dragon King could not resist the temptation of the spicy strip. With Chen Xiaobei's comforting words, he finally chose to compromise.

Chen Xiaobei, song Qincheng, and six-eared macaque were all excited.

Especially song Qincheng and six-eared macaque, who were giving Chen Xiaobei a lot of thumbs up in their hearts.

There was no doubt that using spicy strips to exchange for it was the safest, most stable, and least costly method.

"Chi ..."

Under the lead of the great void Earth Dragon King, everyone came to a very unremarkable pile of rocks.

With a thought from the great void Earth Dragon King, a special concealment array was removed. At the same time, the huge rock moved, revealing a flight of stairs that led underground.

"I'll say this first! This underground Palace is an absolute forbidden area set up by my clan's ancestors! You are not allowed to touch anything inside! Especially the Supreme altar in the center of the underground palace!"

The great void Earth Dragon King said in a deep voice, "that altar is the lifeline of our race!" If you dare to blaspheme, not only will I not show you any mercy, but my entire clan will fight you to the death!"

Clearly, the Earth Dragon King of the great void had guarded this planet for countless years, and naturally had his own reasons for not being able to leave this place.

The altar was the reason.

"Don't worry, we'll definitely follow the rules and not mess around!" Chen Xiaobei continued to comfort the Earth Dragon King.

Speaking of which, the Earth Dragon King of the great void could be considered reasonable. Otherwise, with his strength, he could have snatched the big spicy strip.

Since the Earth Dragon King was a reasonable man, Chen Xiaobei would follow his rules. As long as he could find the item, he would not cause any damage to the underground palace.

"However, this King has to say the ugly words first!"

The great void Earth Dragon King's gaze focused, and he said, "If you can't find what you're looking for, you'll have to give me the spicy strips!"

"Of course!" of course! Chen Xiaobei grinned. I'm an honest and decent businessman. I will never go back on my word!

"Good! Your Excellency is indeed magnanimous!"

The Earth Dragon King of the great void nodded and waved his hand. "Please! Let's go and come back quickly so that we won't be discovered!"

Following that, everyone quickly entered the stairs leading to the underground palace under the lead of the great void Earth Dragon King.

At the same time, song Qincheng's pretty face could no longer hide the smile on her face.

That hidden item must be of great use!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3525: A strange meteorite**

3525 A strange meteorite

Everyone's cultivation wasn't low, so their speed was naturally extremely fast. In a short while, they arrived at the huge underground Palace under the planet.

Rather than calling it an underground Palace, it would be more appropriate to call it a huge underground city.

Although it had been abandoned for many years, the existence of streets and houses could still be seen. It was clear that a large number of people had once lived here.

From the width of the streets and the size of the houses, one could basically judge that the people living in this underground city were all huge Void Dragon Tribe.

this was the most glorious central capital of the Sorcerer tribe ... At its peak, hundreds of billions of people lived here ...

As the great void Earth Dragon King walked, he said in a deep voice, " according to the legends, this place is rich in spiritual energy and resources. Everyone is living in peace and working in peace and happiness ...

"If that's the case ... How did it end up like this?" Chen Xiaobei asked.

"Because of a strange meteorite ..."

The Earth Dragon King of the great void frowned and said dejectedly, " back then, a meteorite fell from the sky, penetrated the planet's crust, and fell directly into the imperial capital!

"At first, no one cared, but soon, a strange disease spread in the imperial capital. All the clansmen began to age rapidly, and there was no medicine that could cure them. They all died of old age."

"Soon, the Dragon King and the elders found out that the strange disease came from the meteorite! The Dragon King ordered a sealing altar to be built to seal the meteorite."

although the strange disease has stopped spreading, the spiritual veins of this underground city have been drained. The essence of the resources on the surface and underground of the planet has been absorbed! Plants and animals are completely exterminated, and heavenly materials and earthly treasures are reduced to waste!"

out of desperation, our people could only move to a nearby planet to survive, and this underground city was completely abandoned.

The great void Earth Dragon King's tone was very dejected. It was obvious that he was very pained by the fate of his people back then, and he also felt great regret for the fall of this glorious imperial capital.

Of course, in the end, this was all because of that damn meteorite. It just so happened to land here and brought an undeserved disaster to the Dragon Tribe in the great void.

This kind of disaster really made one feel sad and angry, but there was nothing they could do.

"So, you've been guarding this place for generations because you can't bear to part with that meteorite? Or do you miss your hometown?"

Chen Xiaobei asked a sharp question.

At this time, song Qincheng's eyes were locked on the sealing altar in the center of the underground city.

It was obvious that the thing song Qincheng had sensed was right below the altar. It was the meteorite that had brought disaster to the Dragon race.

Chen Xiaobei's question was to test the Earth Dragon King's attitude towards the meteorite.

"Of course we can't bear to part with the once incomparably glorious central capital! This is the birthplace of my clan! It carries the faith and civilization of my race! We definitely won't give up so easily!"

The Earth Dragon King of the great void paused and said in a cold voice, "As for that damn meteorite, I can't wait for it to be destroyed! That way, our race can return to our homeland and restore the imperial capital to its former glory!"

"If I tell you that the thing I'm looking for is that meteorite, will you let me take it away?" Chen Xiaobei asked.

"What?"

The Earth Dragon King of the great void was taken aback, and his gaze instantly became complicated. "I've said it before, you're not allowed to touch the altar! If there was a problem with the seal, the meteorite would appear again, and the entire space would be covered in the strange disease! If that's the case, it's even more impossible for our clan to return to our homeland!"

"Don't worry, I can help you take that meteorite away!" Chen Xiaobei grinned, his tone full of confidence.

"What? Take it away?"

The Earth Dragon King of the great void frowned and said, "this is impossible!" With your cultivation, you'll be infected with the strange disease in an instant. In less than ten seconds, you'll age and die!"

"Trust me!"

Chen Xiaobei said seriously, "You should be able to sense that I'm not an ordinary person! I value my life very much. If I'm not confident, I won't die in vain!"

this ... the great void Earth Dragon King's expression froze.

Judging from the previous signs, the great void Earth Dragon King believed that Chen Xiaobei was a hidden master.

Moreover, the Earth Dragon King could feel that Chen Xiaobei was very smart. He was not a reckless man.

Since Chen Xiaobei dared to face the meteorite, he would have a way to deal with it.

The Earth Dragon King believed that Chen Xiaobei would never do something so stupid as to die for nothing.

"No need to hesitate!"

Chen Xiaobei said, "I'll take the meteorite away. Your people will return to their homeland. It's two birds with one stone. Everyone will be happy! This is the best choice!"

"What if I don't agree?" The great void Earth Dragon King's gaze focused, not wanting to take the risk.

If he did not agree to Chen Xiaobei's request, at least he could maintain the status quo. If he agreed to Chen Xiaobei's request and something happened to him, the consequences would be unimaginable.

"If you don't agree, then we'll start a war!" Chen Xiaobei's eyes narrowed. Even though he was no match for his opponent, he could not show any weakness or all his previous efforts would go to waste.

you ... as expected, the Earth Dragon King was shocked by Chen Xiaobei's power and started to feel uneasy.

The Earth Dragon King was not stupid. He knew that Chen Xiaobei's strength and Foundation were not as simple as they seemed. In fact, he felt that Chen Xiaobei's strength was unfathomable.

If they really started a war, the great void Earth Dragon King was not sure what his chances of winning were.

Obviously, this was a huge game.

Let's see if the Earth Dragon King of the great void would dare to fight Chen Xiaobei.

"Xiaobei, it looks like he doesn't want to work with us!"

At this time, song Qincheng stood up, and the Queen's aura instantly exploded. She said domineeringly, "We must get that thing! Those who block me, die!"

As soon as he said that, the great void Earth Dragon King's heart trembled again.

Although song Qincheng didn't have a special bloodline like the others, her aura and a special Supreme aura were incomparable to the others.

At that moment, the Earth Dragon King felt that song Qincheng was an unfathomable existence just like Chen Xiaobei!

This young man and woman were definitely not simple!

I can't afford to offend you ...

The great void Earth Dragon King really didn't have the courage to start a fight, and said in a low voice, "I agree to your request, but if you can't take the meteorite away! I will represent the entire dragon race of the great void to declare war on you! I won't rest until I die!"

"Relax, trust me, I won't let you down!" Chen Xiaobei shrugged and gave song Qincheng a look.

Then, the two of them walked directly to the central altar.

At the same time, the Earth Dragon King of the great void, mu chenye, and the others all retreated rapidly, afraid that they would be infected with the strange and terrifying disease.

"True hou!"

Six-eared macaque looked at them and laughed. "Old dragon King, do you dare to make a bet with me?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3526: Suiren Pearl**

3526 Suiren Pearl

"A bet? What are we betting on?"

The Earth Dragon King of the great void looked at the six-eared macaque in surprise.

let's bet on whether my bro bei can take care of the meteorite within a minute! "The bet is a request from the winner!" Six-eared macaque said. No matter what the request is, the loser must agree!"

"What!"

The great void Earth Dragon King's expression became very strange, and he even suspected that he had heard wrong."That young master might be able to deal with the meteorites! But it's impossible to do it in one minute!"

"Since you think it's impossible, then let's make a bet!" Six-eared macaque said with a smile.

"Aren't you afraid of losing?"

"Back then, our Dragon Emperor and 108 Grand elders spent a great deal of effort and more than half of them were killed or injured before they managed to seal that meteorite," the great void Earth Dragon King said in a deep voice. You have no chance of winning in this kind of bet!"

"Thank you for your kind reminder, but I still want to bet!" of course! six-eared macaque laughed. I won't force you if you don't have the guts!

"Hmph! You really don't know what's good for you!" The Earth Dragon King's face turned cold. It was a kind warning, but the six-eared macaque did not appreciate it. Instead, it provoked him.

Who couldn't endure it!

"Since you are bent on defeat, this King will accept your bet!" "I will definitely make you pay a terrible price," the great void Earth Dragon King said coldly."You will remember this!"

"Heh, you can start the timer now." Six-eared macaque shrugged with a frivolous smile. one minute is my conservative estimate. If bro bei is involved, he might be able to finish it in half a minute!

"You're dreaming!" The Earth Dragon King was not happy with six-eared macaque's attitude. It glared at Chen Xiaobei and song Qincheng.

No matter what, the Earth Dragon King could not believe that Chen Xiaobei and song Qincheng could take care of the meteorite in half a minute.

"Chi ..."

At the same time, Chen Xiaobei had already communicated with the spiritual formation on the altar and removed the seal.

"Ka! Ka! Ka ..."

The hidden compartment was activated, and the box with the meteorite was pushed to Chen Xiaobei.

"Xiaobei! Help me buy ten seconds!" Song Qincheng's eyes narrowed. She had already made up her mind.

"No problem!" Chen Xiaobei grinned. He understood what song Qincheng meant.

It was obvious that once the meteorite was unsealed, the 'strange disease' would immediately spread.

With song Qincheng and Chen Xiaobei's cultivation, they would not be able to resist it. They would be infected instantly and die of old age within ten seconds.

Song Qincheng, on the other hand, needed Chen Xiaobei's help to suppress the 'strange illness' for five seconds.

As long as Chen Xiaobei could stop the spread of the disease, song Qincheng would be able to take care of the meteorite in five seconds.

"Impossible! This is absolutely impossible!"

When the great void Earth Dragon King heard this, he shouted, "That meteorite is a nine-star divine item. Its spirituality and special ability can only be suppressed by heavenly gods of the same level! You can't do it!"

"Pangu! Time essence!"

Indeed, with Chen Xiaobei's cultivation, there was no way he could suppress the meteorite's spiritual and special ability.

However, other than his cultivation, Chen Xiaobei was also equipped with external hacks.

With a low shout, a trace of blood-red essence Qi emerged from his fingertips.

what ... What's that?!

For a moment, everyone, including the great void Earth Dragon King, revealed an extremely shocked expression. His heart clenched, his scalp went numb, and he broke out in a cold sweat.

That was because everyone could clearly feel an extremely terrifying pressure from the blood-red essence!

It was as if at the beginning of the great wilderness, the Supreme divine God had split the heavens and earth, creating the world!

That kind of unparalleled shock was enough to shatter the heart of any ordinary person! It was enough to suppress the ancient times and look down on the universe!

"Whoosh ..."

At the same time, the essence energy of Pangu time had already enveloped the meteorite.

The 'strange disease' had already spread out with the meteorite's special ability and spirituality, but at this moment, it retreated back!

That's right!

Chen Xiaobei burned his mental power and used a small area of time law to reverse the time around the meteorite.

In other words, Chen Xiaobei did not need to suppress the meteorite's special ability and spirituality. He could just return it to the time when it was sealed.

In this way, the danger of the meteorite was equivalent to nothing.

“Whoosh ...”

At the same time, song Qincheng activated the law of the human Sovereign and communicated with the meteorite.

Time passed by, and on the fifth second, song Qincheng’s face lit up with excitement. She said eagerly, “Xiaobei! I’m done! You can stop now!”

Although the Pangu time essence was powerful, Chen Xiaobei’s mental power was not enough to maintain it for a long time. The earlier he stopped, the earlier he could relax.

“Swish!”

The next moment, the meteorite flew out of the box.

From its appearance, it was a stone the size of a fist, black as coal, and nothing special.

“Strange ...”

The great void Earth Dragon King could not help but exclaim, “ the meteorite didn’t emit the black aura that spread the strange disease. Could it be that it has really been subdued?! This ... How is this possible?”

“It hasn’t even been ten seconds, how is it? Do you admit defeat?” The six-eared macaque grinned, feeling great.

I ... I’m convinced ... the great void Earth Dragon King was sweating. His old face was red and green, and he was extremely embarrassed.

Just a moment ago, he was saying that the six-eared macaque didn’t know what was good for it and that he was going to make it pay.

At this moment, he was completely speechless. The truth was right in front of him, and he had no choice but to admit defeat.

Ka ... Ka ... Ka ...

At the same time, cracks suddenly appeared on the surface of the meteorite that had flown out of the box.

Like an egg cracking, a layer of black stone chips fell off, revealing a round and clear Golden Pearl.

The texture of this precious pearl was like jade, but it emitted a golden luster. It was like a small sun, bright and dazzling. Moreover, its spiritual nature was terrifyingly strong.

what’s that thing!?

For a moment, everyone’s faces were filled with shock, surprise, astonishment, and confusion.

Even Chen Xiaobei could not see through the mystery.

Among all of them, only Song Qincheng, who had comprehended the laws of Human Sovereign, could answer their questions.

“Whoosh ...”

Song Qincheng reached out her hand and held the Pearl.

At the same time, he used the law of the human Emperor to have a deeper communication with the Pearl.

Soon, two Scarlet ancient characters appeared in the Pearl.

Suiren!

Everyone, including Chen Xiaobei, was shocked beyond words.

Heavenly Emperor Fuxi! The earth Emperor, Shennong! Human Sovereign Suiren!

The Three Sovereigns and Five Emperors were the ancestors of the human race, and all of them had great merits and played a vital role in the development of the human race!

This Pearl actually belonged to Human Sovereign Suiren!

It was simply unbelievable!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3527: Nine stars in a row**

3527 Nine stars in a row

“What ... What is going on?”

Chen Xiaobei and the others could not understand.

He would never have thought that the meteorite that brought disaster to the great void Earth Dragon Tribe countless years ago was actually a nine-star god tier Suiren Pearl!

“It’s like this ...”

Song Qincheng composed herself and explained, “ among the eight Supreme laws of the human world, the time law is stored in this Suiren Pearl!

therefore, when the Pearl fell into the underground city, it did not cause a strange illness. Instead, it used its special ability to sacrifice the lifespan of the great void Dragon race to maintain the time mark!

time mark?!

Chen Xiaobei tensed up. “Is this thing related to the human path imprint?”

“Related!”

Song Qincheng nodded and said, “you’re very lucky to have found an important clue right from the start!” Following this clue, we will be able to find the human path imprint!”

“Hurry up! Quickly tell me the details!” Chen Xiaobei asked impatiently.

Song Qincheng's brows furrowed slightly as she looked at the Dragon King of the great void. She lowered her voice and said, "the eight Supreme nomological laws of the human world are stored in a Pearl condensed by the Three Sovereigns and Five Emperors!

"Heavenly Emperor Fuxi! The earth Emperor, Shennong! Human Sovereign Sui ren! Yellow Emperor Xuanyuan! Cyan Emperor Yu Shun! The flame Emperor, Tang Yao! White Emperor Shaohao! Black Emperor bi an! There are a total of eight orbs!"

"Other than that, there's also the ninth hidden pearl! When you gather all of them and align the nine stars, you will be able to summon the human path imprint!"

Song Qincheng had clearly figured out the whole story through spiritual communication.

nine stars in a row!?

Chen Xiaobei's expression was complicated.

On one hand, they had already found important clues and a direction to take.

On the other hand, even song Qincheng did not know what the ninth Pearl was, and she probably could not sense where it was.

From the looks of it, it wouldn't be easy to collect all nine orbs.

Of course, no matter what, there was finally a major breakthrough, which was better than being like a headless fly at the beginning.

Soon after.

Chen Xiaobei kept the Sui ren Pearl and went to the Dragon King of the great void with song Qincheng.

"I've already taken care of the item. After that, you can take your clansmen back to your homeland. I didn't disappoint you, did I?"

Chen Xiaobei said with a smile.

"Your Excellency's magical powers are great, this King is extremely impressed!"

The Earth Dragon King gulped. He was truly convinced by Chen Xiaobei.

In the past, Dragon King and the one hundred and eight elders had lost more than half of their men in order to seal the Sui ren Pearl.

However, Chen Xiaobei and song Qincheng took the Sui ren Pearl without any effort, and it did not even take more than 30 seconds.

After comparing the two, the Earth Dragon King was even more certain that Chen Xiaobei and song Qincheng were hiding their true powers. They must be extremely powerful.

For this reason, the great void Earth Dragon King was extremely glad that he had not started a fight with these two powerful beings. Otherwise, he would probably die without even knowing how he died.

"Come! This is for you!"

Chen Xiaobei took out the White jade box and gave it to the Dragon King.

“This ...”

The Earth Dragon King of the great void was taken aback. He looked at the White jade box and said in a daze, “ we agreed that you would only give me five overwhelming sadness slips after you took the item. What’s the meaning of this? ”

initially, I only wanted to give you five, but I can tell that you’re a good person. You’re a reasonable man who keeps his promises. You’re a friend worth befriending. So, I’ll give you all of these!

this ... the great void Earth Dragon King couldn’t help but swallow his saliva and said in surprise, “ this gift is too precious ... This King is not worthy of it ...

“Take it!” Chen Xiaobei shrugged. no matter how expensive a gift is, it can’t be compared to the friendship between friends. What do you think? ”

“Right! You’re right!”

The Earth Dragon King of the great void took the White jade box and said solemnly, “ from now on, you are my best friend. If you have any trouble in the future, just tell me and I will go through fire and water without hesitation!

Clearly, in the eyes of the great void Earth Dragon King, this box of spicy strips was worth 1.5 billion lower-class spiritual jade pieces. It was indescribably valuable.

Chen Xiaobei was so generous that the Earth Dragon King was willing to risk his life to repay him.

Chen Xiaobei really knew how to conduct himself.

Giving the great void Earth Dragon King more spicy strips would make him feel better and more grateful.

Besides, Chen Xiaobei had a good eye for people.

If these spicy strips were used on people with bad character, it would be equivalent to doing it for an ungrateful Wolf. It wouldn’t be good and might even get burned.

However, if he gave these spicy strips to someone with a good character, he could exchange them for a good friend who valued relationships and loyalty. At a critical moment, he could even help him.

Most importantly, Chen Xiaobei still had a million packets of spicy strips. Giving away such a small amount was not even a drop in the ocean, but it could make the Dragon King owe him a huge favor. It was a great deal!

“Old dragon King, your hometown is safe now, and you’ve got the delicious food. Isn’t it time to fulfill our bet?” Six-eared macaque raised his eyebrows and asked.

“Uh ...”

The Earth Dragon King of the great void composed himself and said, “ I lost just now. You can make any request, and this King will have no objections!

Six-eared macaque grinned and said, “ I want to become you!”

“What!”

The Earth Dragon King, mu chenye, and the others were all dumbfounded. They didn't understand what the six-eared macaque meant.

Only Chen Xiaobei and song Qincheng smiled. They did not expect the six-eared macaque to find a Transformation Partner.

If the transformation was successful, the six-eared macaque would have the cultivation of a 5-star heaven immortal, a body, and the original form of the void Earth Dragon.

This way, Chen Xiaobei would have a super bodyguard by his side! The danger in the great void universe would also be greatly reduced!

uh ... This King can agree to your request, but I wonder, how do you wish to become this King? ”

The great void Earth Dragon King had lost the bet, and he was holding a box of spicy strips in his hands. He was too embarrassed to refuse.

“You just need to stand there and not resist!” Six-eared macaque grinned and turned to look at Chen Xiaobei.

“How many spirit jade pieces?” Chen Xiaobei said without hesitation.

No matter how big the investment was, Chen Xiaobei would not reject it.

nine billion low-grade spiritual jade pieces! The six-eared macaque was extremely excited.

how ... How many?!

The jaws of the Earth Dragon King, mu chenye, and the others almost fell off. They couldn't believe their ears.

Such a huge amount of wealth was equivalent to the total assets of five great void Earth Dragon Kings! Moreover, he had to sell everything he had to gather enough!

Could Chen Xiaobei really afford it all by himself?

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3528: Black-blooded ferocious ape**

“Hualalala ... Hualalala ...”

While everyone was still hesitating, Chen Xiaobei had already poured out all nine billion low-grade spiritual jade pieces.

“Mother! Bro bei! You're way too rich ...”

Mu chenye and the others were shocked. Their eyes were as big as a cow's, and their mouths were so wide open that a fist could fit in.

Even if they were once ancient geniuses, they had never seen such a huge amount of spiritual Jade.

“It's ... It's terrifying ...”

The Earth Dragon King of the great void sucked in a breath of cold air, and his expression became extremely complicated.

Although he had about 1.6 to 1.7 billion, he had to sell everything he had. He had to sell all the valuable things in his hands before he could gather that amount.

Chen Xiaobei, on the other hand, was different. Nine billion low-grade spiritual Jade was like pocket money to him. It would not affect his daily life at all, and he did not have to sell everything he had to get it together.

Compared to Chen Xiaobei, the Earth Dragon King suddenly felt like he was broke.

At that moment, the void Earth Dragon King was glad that he did not make an enemy out of Chen Xiaobei.

This seemingly young but deeply hidden fellow was simply unfathomable. His Foundation was terrifyingly strong.

Just the thought of being Chen Xiaobei's enemy made the Earth Dragon King break out in cold sweat.

“Bang! Bang! Bang! Bang ...”

At the same time, a huge amount of spiritual jades exploded, and spiritual Qi gushed into the six-eared macaque's body.

Then, the six-eared macaque activated its special ability and started to copy itself into the dragon King of the great void!

this ... How is this possible???

Not long after, the Earth Dragon King of the great void, mu chenye, and the others were once again dumbfounded. Their scalps went numb, and they even wondered if they were seeing an illusion!

As the power stopped.

The six-eared macaque had turned into another Dragon King of the void.

Just like looking into a mirror, the real and fake Dragon Kings of the great void were exactly the same, and there was absolutely no difference.

“Done!”

The six-eared macaque grinned. Not only did it look like the great void Earth Dragon King, but even its voice was the same.

“My God ... This ... This is unbelievable ...”

The great void Earth Dragon King rubbed his eyes, wondering if the six-eared macaque was his long-lost twin brother!

No!

Even twin brothers couldn't be exactly the same!

Mu chenye and the others had been so shocked that they were in a daze. Their three views had been refreshed 10000 times, and they even began to doubt their lives.

However ...

What they did not know was that other than the same appearance, the six-eared macaque had also copied the great void Earth Dragon King's cultivation, Dharmakaya, Yuan Shen abilities, Demon God prototype, and all his memories!

If everyone knew about this, he really didn't know how shocked they would be.

Obviously, it was because of these benefits that Chen Xiaobei did not hesitate to burn nine billion low-grade spiritual Jade.

This investment would definitely be able to obtain an over-the-top return!

"We still have some urgent matters to attend to, so we'll take our leave now!"

Chen Xiaobei bade farewell to the Earth Dragon King and left the underground city with the rest of them.

Only the great void Earth Dragon King was left in a state of confusion, unable to come back to his senses for a long time.

.....

Song Qincheng activated her law of Human Sovereign again and quickly locked onto her next target.

This time, the six-eared macaque released its celestial core power and carried everyone to their destination.

The journey this time was a hundred times longer than the first time, but the time it took was less than one percent of the first time.

In other words, the six-eared macaque's current flying speed was 10000 times faster than mu chenye's!

This was the first return on his investment!

"What is this place? The atmosphere doesn't feel right ..."

Chen Xiaobei looked at his surroundings and started to worry.

"This is the black blood star ... The territory of the void violent apes!"

The six-eared macaque had the memory of the void Earth Dragon King, so it immediately gave Chen Xiaobei the answer he wanted.

It was a huge planet that looked like a primeval forest.

However, the surface of this planet was covered with a kind of black cloud layer. The forest was gloomy, and the flowers and trees reeked of blood. It was very strange!

“The violent apes of the great void are extremely bloodthirsty and warlike. Not only do they slaughter other races, but they also cause bloody civil wars between their own races! It’s no exaggeration to say that the number of bloody massacres on this planet is in the trillions!”

black blood?” six-eared macaque said in a deep voice, “black blood is formed by countless drops of blood. The color of the blood gets darker and darker, thicker and thicker, and finally, it becomes black! According to the legends, the black clouds in the sky were formed by endless blood Qi, and the plants in the forest were watered by blood to grow! This is a planet covered in slaughter!”

I see. I was wondering why the atmosphere was so weird ... Chen Xiaobei frowned and looked at Song Qincheng. “Where is it? Let’s finish this quickly, take it, and leave!”

“It’s under the mountain in front!” Song Qincheng raised her finger and pointed ahead.

“In front ...”

Six-eared macaque frowned and said, “that’s the mountain of the black blood Ape King!” If you want to obtain the Pearl, a fierce battle is inevitable!”

“Can you defeat that Ape King?” Chen Xiaobei asked.

“Yes, I can!”

Six-eared macaque said with confidence, “We are now at the periphery of the great void universe, and a five-star heaven Immortal King is already the strongest existence! This black-blooded Ape King’s strength is definitely not higher than mine!”

“This is good!” let’s go! Chen Xiaobei shrugged. let’s go there.

Soon after.

The six-eared macaque was at the forefront of the group. It was like a fearless Vanguard.

The investment of nine billion Yuan had given him tyrannical strength and unprecedented confidence.

Chen Xiaobei and the others followed behind six-eared macaque.

With six-eared macaque’s protection, Chen Xiaobei and Song Qincheng were very calm.

Mu Chenye and the others didn’t know how powerful the six-eared macaque was, so they were all very nervous. They held their weapons tightly and walked on tiptoe as if they were walking on thin ice.

“Woof! Buzzzzzz! Yi ...”

As the group gradually approached the mountain in front of them, extremely fast black shadows began to appear in the surrounding forest.

These extreme shadows were like ghosts, shuttling through the forest, but they did not get close to Chen Xiaobei and the others.

Gradually, more and more black shadows appeared around them, surrounding Chen Xiaobei and the others from all directions.

“Owuuu! Oh oh oh ...”

At this moment, a deafening roar of a giant ape erupted from the mountain in front of them.

Like the bugle call of War, the surrounding Black Extreme shadows immediately changed their auras and exploded with a burning fighting spirit.

“Whoosh! Whoosh! Whoosh ...”

The tens of thousands of black shadows charged at Chen Xiaobei and the others like arrows!

Sharp claws! Fangs! Celestial core power!

The tide-like deadly attacks were enough to tear everyone into pieces and kill them without an intact corpse!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3529: certain death in Kingdom war**

As the black shadows approached, everyone could finally see them clearly.

They were giant man-apes that were over 30 meters long! Its black fur stood upright like steel needles! His muscles exploded like rocks, sharp and angular! Its sharp claws and fangs were like sabers!

There were more than 10000 of these giant apes. As they charged over, the surrounding grass, trees, earth, and rocks were all crushed. Even the ground was shaking!

it's over ... These monsters are too terrifying ...

Master void swallowed his saliva and trembled with nervousness. “These violent void apes around us are all at the three-star heaven immortal realm! If tens of thousands of them attack us together, it'll be enough to make us die without a burial ground ...”

“Not only that ...”

Mu chenye's face turned pale, and his pupils contracted. He wailed and sighed, “Not only are they strong, but their innate wild nature is also extremely strong! Its defense and lethality had been greatly enhanced! Even if I use the night God's battle axe to attack with all my might, I will still be suppressed by them in an instant!”

Obviously, mu chenye's primordial spirit battleaxe was a three-star heaven immortal artifact, the most powerful offensive Dharma Treasure among them.

However, these violent void apes had a very strong wild talent. When it was added to their cultivation, they could be invincible among those of the same level.

In other words, even if mu chenye were to use his full strength, he wouldn't be able to defeat any of the Taixu violent apes.

At this moment, there were more than 10000 void violent apes in the surroundings!

In such a situation, no one had any chance of winning!

“We’re dead ...”

no! Heng Yongxu gasped. the enemy’s cultivation is no lower than a three-star divine immortal. Bro bei’s yin Yang life and death Ring is useless ... He’s going to die in this battle ...

Meanwhile, Ling Taiji and long xiehuo were so scared that their hearts were clenched. They were sweating profusely and they hid behind Chen Xiaobei, not even daring to breathe.

Without a doubt, in their eyes, this was a battle with no suspense.

Of course, they already knew that the dangers in the great void universe could take their lives at any time.

And now, this worry was finally about to become a reality.

In the face of absolute crushing power, they could do nothing but wait for death.

Not even if he knelt down and begged for mercy!

This was because the violent apes of the great void were extremely bloodthirsty and violent. Once they started a war, they would not rest until one of them was dead. They would never beg for mercy and surrender, and they would never accept the surrender of their enemies!

For mu chenye and the others, death was already upon their heads.

There was no way to avoid it, no way to resist it. There was nothing he could do other than wait for death.

However, just as they were on the verge of despair and waiting for their deaths, Chen Xiaobei and song Qincheng were calm and collected.

It was as if there was no danger in the surroundings!

Earth Dragon’s thorn!!!

The six-eared macaque growled.

“Whoosh ...”

The dark brown immortal essence quickly spread out from the six-eared macaque’s body and merged into the surrounding earth.

“Woof! Buzzzzzz! Yi ...”

Then, several rock spikes that were dozens of meters long shot up from the ground and into the air like bamboo shoots after a rain.

“Woof! Buzzzzzz! Yi ...”

Who would have thought that the speed and strength of these spikes were far above the violent void apes that were pouncing at them!

In the blink of an eye, tens of thousands of Taixu violent apes were pierced through by The Awl like skewers and hung in the air!

The bodies of the three star heaven immortal level void violent apes were completely penetrated. Blood and internal organs spurting out from the wounds, and they instantly lost their combat power.

What was even more amazing was that these awls were imbued with the special Dark brown celestial core power, making it impossible for the primordial spirits of all the void violent apes to escape.

In this way, they could only be pierced through and hung in the air by The Awl. They could only watch as their blood flowed out and when their psyche was exhausted, their Yuan Shen and soul would be destroyed.

That's right!

In the blink of an eye, the six-eared macaque had annihilated all the violent void apes that were charging at it!

"Oh my God ... This ... This this ..."

Seeing this, mu chenye and the others felt as if they had been struck by lightning. Their hearts almost flew out of their throats, and their souls were almost gone.

They didn't know about the six-eared macaque's power core.

He had thought that the six-eared macaque had only taken on the appearance of the void Earth Dragon King. He would never have thought that the six-eared macaque had the cultivation of the void Earth Dragon King!

The scene of over 10000 Taixu violent apes being wiped out in one move was extremely shocking and terrifying!

At that moment, mu chenye and the others looked at the six-eared macaque in awe. It was as if they were looking at an extremely terrifying super mighty being.

A heaven-defying special ability! Super strength! With a single thought, he could pull everyone back from the hell of death to heaven!

Convinced!

Everyone was convinced by the six-eared macaque!

Of course, on second thought, everyone's admiration and worship for Chen Xiaobei had soared to an unprecedented height!

No matter how powerful six-eared macaque was, he was still working for Chen Xiaobei.

Moreover, six-eared macaque's strength was all thanks to Chen Xiaobei.

In the end, Chen Xiaobei was still the most powerful person!

Originally, mu chenye and the others had no choice but to follow Chen Xiaobei because they were threatened by the demonic god tribulation curse.

But now, they had changed their minds. Following Chen Xiaobei might be a great opportunity for them, and it might bring them a bright future.

All of a sudden, mu chenye and the others began to want to submit to Chen Xiaobei.

Even without the threat of the demonic god tribulation curse, they would not have betrayed Chen Xiaobei.

This was the effect of strength!

As long as one had absolute power, it was enough to intimidate all enemies and make them willingly submit and be a Lackey!

Chen Xiaobei did not tell them about the six-eared macaque's power on purpose. He wanted them to feel the greatest shock in the moment of life and death. Their minds would be shaken, and their thoughts would change. Only then would they be willing to submit to him!

"Owuuu! Oh oh oh oh ..."

At this moment, the terrifying ape's roar erupted once again from the mountain ahead.

boom boom boom ... Boom boom boom ...

At the same time, the entire forest was in an uproar.

bro bei, why don't you guys hide in the Meru space for a while? "

Although six-eared macaque had won one round, it did not dare to relax."Once the Taixu violent apes start a war, they won't rest until one of them is dead! The roar just now came from the black-blooded Ape King! This is the signal to start a country war!"

Kingdom war!?! Chen Xiaobei was taken aback.

"Right!"

no! the six-eared macaque said solemnly, " the ape King will give the order, and all the violent void apes on this planet will rush over. They'll either surround me or be completely slaughtered by me! The situation will be very chaotic, so I suggest you avoid it!"

"No!"

Chen Xiaobei shook his head and said, " "I'm going to use other methods to deal with this matter!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3530: King of hoodwinking**

There was no doubt that once the battle started, the six-eared macaque would either complete an extremely brutal massacre, or it would be exhausted to death by the vast number of violent apes.

Of the two outcomes, the former would be too much of a sin to kill, while the latter would cost Chen Xiaobei his good brother.

No matter what the outcome was, Chen Xiaobei did not want to see it.

So, if there was any other way to end the war, Chen Xiaobei would try his best.

bro bei, there is no other way to solve this!

Mu chenye said, " I've heard about the legends of the violent apes of the great void. These demonic beasts are extremely bloodthirsty and brutal. Once they start a war, they will not recognize anyone. They will either win or die in battle. There is no third possibility!

yes ... Ling Taiji nodded and said, " I've also heard similar legends. The violent apes of the great void are known for killing anything that stands in their way. No one can stop them from fighting!

As soon as he said that, Heng Yongxu, long xiehuo, and master void were instantly filled with despair.

They had no way to deal with this kind of bloodthirsty and brutal demonic beast.

They thought that if Chen Xiaobei did not retreat now, he would be surrounded by hundreds of billions of Taixu violent apes. No matter how strong six-eared macaque was, he would be killed by them.

After all, immortal essence was limited.

If the other party used the human wave tactic, once six-eared macaque's celestial core power was exhausted, the battle would end without a doubt. Everyone on his side would die without a burial place.

"Calm down!"

Chen Xiaobei looked at her and said calmly, " there are countless types of apes in the world. Some are gentle, some are fierce, but as long as they are apes, they all like to eat peaches!

peach!?

Mu chenye and the others were all dumbfounded.

"When the violent apes of the great void get angry, they won't recognize anyone and will kill even their own kind! How can a mere peach stop this imminent Kingdom war!"

"Impossible ... This is absolutely impossible ..."

"Bro bei! Stop fantasizing! If you don't avoid it now, it'll be too late!"

Obviously, mu chenye and the others had no idea what peaches Chen Xiaobei was talking about.

They could not understand why Chen Xiaobei would have such a childish idea. Even a three-year-old child would not be so naive!

But at that moment, song Qincheng and six-eared macaque both smiled knowingly.

"Xiao bei is so thoughtful! If you make preparations in advance, you can naturally reduce big problems to small ones and small problems to nothing!" Song Qincheng's Red lips curved up, her smile as charming as a rose.

"Bro bei, you're so smart! I almost didn't expect that we still have a super killer move!" Six-eared macaque put his hands in his pockets. His fighting spirit had completely disappeared. He looked like he was enjoying the show.

"What ... What is going on?" Looking at the relaxed smiles on song Qincheng and six-eared macaque's faces, mu chenye and the others were completely dumbfounded. They couldn't figure it out no matter how hard they racked their brains.

“Shua shua ... Shua shua ...”

At the same time, a vast number of void violent apes had already surged over like the waves of the sea.

The huge black bodies were densely packed, and they connected to the horizon at a glance. There were so many of them that it was impossible to estimate.

But!

Just as the first batch of violent void apes rushed to the crowd and were about to launch the first wave of attack ...

Chen Xiaobei took out a huge peach.

This nectarine was already fully ripened. The skin was white with a tinge of red, round and full, and the fragrance of the fruit was refreshing and diffused in the surroundings.

Just by looking at it and smelling it, it could make people drool.

That’s right!

It was the first love peach that Chen Xiaobei had brought.

Before they left, Jing Fei personally picked 3000 ripe first love peaches and asked Chen Xiaobei to bring them along.

At this moment, it came in handy.

“Eh? Hiss ... It smells so good ... Gudu ... Gudu ...”

In the next moment, the violent void apes at the forefront suddenly stopped in their tracks. With intoxicated expressions on their faces, they took in deep breaths and swallowed their saliva.

As the saying goes, desire for food and sex is also part of it!

Eating was the most primitive, purest, and most undisguisable nature of all living creatures.

Although violence, bloodthirstiness, savagery, and wariness were all part of the nature of the void violent apes, they were still very powerful.

However, compared to eating, the priority of these instincts was even lower.

Simply put, they could hide their other natures, but they couldn’t not eat.

Moreover, they all loved peaches.

Moreover, the first love Peach’s seed originated from the heavenly realm. Outside the heavenly realm, it was the king of peaches, the best of the best.

To the surrounding void violent apes, this was like sleeping with an ugly woman every day, and suddenly having an exquisite beauty lying in front of them today!

That huge contrast had a violent impact on their state of mind, arousing their instinctive desire!

It was precisely because of this that the violent ape Army, which had been boiling with battle intent just a moment ago, was now so enticed that their eyes were dazed and they were drooling.

At this moment, they couldn't even walk, let alone fight.

“Owuuu! Oh oh oh oh ...”

The ape King could not tolerate this.

With a furious roar, the black-blooded Ape King rushed over.

His body was even larger than before, and as he fell, it was as if a small mountain had fallen from the sky. The ground trembled, and the Apes were so frightened that they knelt down in worship.

mid four-star heaven immortal realm!

Six-eared macaque squinted and said, “Bro bei, I can kill him instantly!”

Chen Xiaobei's nine billion low-grade spiritual jades were not just for show.

In the periphery of the great void universe, the six-eared macaque was almost invincible. Even if it encountered demonic beasts of the same level, it would be able to maintain a draw and would not lose.

“No! if I kill him, a war will be inevitable. Chen Xiaobei shook his head and walked towards the ape King.

“Go ..... Goo .....”

As Chen Xiaobei approached, even the ape King's true nature was drawn out.

His stomach was growling uncontrollably, and he was drooling non-stop. He could only keep swallowing, or else he would have to drool.

“What ... What kind of peach is that?”

Finally, the ape King could not resist the temptation and asked.

“I stole this from the heaven realm, it's a Supreme-grade small flat peach!”

Chen Xiaobei raised his eyebrows and activated his great trickery Halo. my Supreme-grade small flat peach might not be able to extend one's lifespan, but its taste and texture are on par with the Queen Mother's authentic flat peach!

“What? Flat peach?”

Hearing this, the ape King's eyes widened and he became excited.

Being in the great void universe, the black-blood Ape King did not know the situation in the heaven realm.

However, he would occasionally hear some legends about the heaven realm.

He had long yearned for the Queen Mother flat peach, even in his dreams.
