Red Envelope Group of the Three Realms

Chapter 3531: Double the shock

If the first love peach was the king of peaches, then Chen Xiaobei would be the king of trickery!

Supreme-grade small flat peach! To think he could think of that!

Song Qincheng and six-eared macaque almost burst out laughing.

However, she had to admit that Chen Xiaobei's skill in bluffing had reached the peak of perfection.

The black blood Ape King and all the Taixu violent apes, even mu chenye and the others, were dumbfounded. They really believed Chen Xiaobei's nonsense.

However, this was not strange.

After all, they had never seen or eaten a Heavenly Peach before.

It just so happened that the first love peach was big and good-looking, and it had an extremely sweet and fragrant smell.

Because of that, Chen Xiaobei could brag as much as he wanted, and he was not afraid that they would not believe him.

"Little brat! Hand over the peach! Otherwise, this King will kill you!"

The ape King was irascible and did not hide his desire at all. He threatened them directly.

"If you dare to attack, I'll destroy this Supreme-grade small flat peach!"

Chen Xiaobei held the first love peach like a hostage and threatened the ape King.

"You ..."

The ape King was extremely eager for the first love peach, so his tone instantly softened. "You ... You calm down! We can discuss this! What must I do for you to let me have a taste of the heavenly Peach?"

Obviously, this guy had been completely hooked.

of course! Chen Xiaobei grinned. even though my mini flat peach does not have the same effects as the Queen Mother flat peach, the taste and texture are exactly the same. So, they are also extremely precious treasures!

"State your conditions! This King can satisfy all of them!" The ape King said in a deep voice.

"If you had been so forthright earlier, the 10000 apes wouldn't have died just now!"

I'll give you this peach for free! Chen Xiaobei raised his eyebrows. my condition is simple. If you let me enter the mountain ahead and take something that I need, I'll give you this peach for free!

"What do you want to take?" The ape King asked seriously.

It was obvious that the violent apes of the great void were bloodthirsty and warlike, as well as extremely cold-blooded and heartless.

The black blood Ape King did not care about the 10000 dead Taixu violent apes. He only cared about his own interests.

“You can’t control what I want to take away! There’s no point in staying by your side! You won’t lose anything if I take you away!” Chen Xiaobei said.

“What is that?” The ape King frowned and thought carefully.

“Don’t tell me ...”

The ape King’s eyes narrowed and he said, “Don’t tell me that you’re going to take away that damn Pearl?”

“Right! It’s a Pearl!” Chen Xiaobei nodded.

“Hmph! You really have guts!”

The ape King snorted and said, “Do you know how powerful that damn bead is? On this planet, it has already devoured countless blood essence, souls, and primordial spirits!”

“Moreover, it’s constantly absorbing the spirit Qi of this planet and the essence Qi and celestial core power of all living beings! This King already hates it to the core, but there’s nothing I can do about it!”

It was clear that this Pearl was similar to the Suiren Pearl from before, and it contained a mark of the laws of the human world.

In order for the imprint to not be destroyed, he had to continuously absorb the energy of the outside world.

The level of this Pearl had reached the nine-star divine tier. Even a high-level heavenly God would not be able to suppress it, let alone the black blood Ape King.

“This is just right!”

Chen Xiaobei raised his eyebrows and smiled. that Pearl is a disaster to you. I’ll help you take it away and give you a Supreme-grade small flat peach. You have no reason to refuse!

“Of course this King will not refuse!”

The ape King squinted and sneered, “However, don’t blame this King for not warning you! With your cultivation, if you dare to get close to that Pearl, your blood essence will be sucked dry in an instant, and even your primordial spirit will not be able to escape. In the end, you will only die completely, and you won’t even have the chance to reincarnate!”

“You don’t have to worry about that.”

Chen Xiaobei shrugged and said, “ you bring us there, and I’ll give you the peach. We’ll be responsible for our own lives.

“Good! Deal!”

For the ape King, this deal was a sure win, so he naturally agreed.

Soon after.

Under the leadership of the black blood Ape King, everyone quickly went to the mountain ahead.

There was a seal on the mountain, and one could clearly see a blood-red Pearl floating in the seal.

“Give me the peaches! You guys can go over by yourselves!” The ape King was very cautious and did not dare to get close to the Pearl. Even with the seal, he was still extremely afraid.

This was because the seal could only suppress a portion of the Orb’s power. It could not completely suppress it.

An ordinary person would be sucked dry of their blood essence and soul if they got close to it. They would die in an absolute sense.

“Here!”

Chen Xiaobei did not mind and threw the first love peach to the ape.

Then, Chen Xiaobei and song Qincheng walked toward the core of the seal.

“This King has seen many iron-headed people, but this is the first time this King has seen such an iron-headed person! This was clearly courting death! You’re courting death!”

The ape King sneered.

They did not believe that Chen Xiaobei and song Qincheng could take care of the orb. They stayed where they were, waiting to see how they died.

“Pangu! Spatial essence!”

Chen Xiaobei walked to the seal and used his special ability to create a small spatial cage to trap the orb.

That way, the Orb’s power would not be able to leak out and Buy song Qincheng more time.

“Chi ...”

In less than five seconds, song Qincheng had completed the spiritual communication with the Pearl by using the law of Human Sovereign.

The Orb’s power was retracted, and it would no longer harm Chen Xiaobei and song Qincheng.

Then, two ancient characters appeared on the Pearl.

Whoosh!

“This is Black Emperor Taowu’s precious pearl. It contains the imprint of the mortal world’s law of death. You can keep it!”

Song Qincheng gave Chen Xiaobei the orb after a simple explanation.

“Very good! You continue to sense the next target, I’ll go talk to that big monkey!”

Chen Xiaobei kept the Pearl and walked towards the ape King.

how ... How is this possible?!

At this time, the black-blooded Ape King was stunned on the spot, as if it had seen a ghost. It could not believe its eyes.

He did not expect Chen Xiaobei and song Qincheng to be able to subdue the Suan ni Pearl so easily.

This result was not only a slap in the face, but also a shock to the black blood Ape King.

"I've already helped you retrieve your item. You can now enjoy this peach in peace!" Chen Xiaobei walked over.

well ... I'll eat ... the ape King was extremely shocked. It was a good time to eat a Peach to calm down.

heavens!!!

However, as soon as it bit down, the black-blood Ape King screamed in excitement.

The shock he felt was countless times stronger than before!

[Red Envelope Group of the Three Realms](#)

Chapter 3532: old blood

The ape King wanted to Eat a Peach to calm down.

He had never dreamed that the result would be even more shocking!

The soft and dense flesh of the fruit and the sweet and fragrant fruit juice were simply the most perfect combination.

The ape King had never experienced such a shocking taste attack. He felt that his lips, tongue, and teeth had all fallen into a wonderful Carnival.

At that moment, he had completely forgotten the shock of Chen Xiaobei taming the orb.

This was because the shock that the first love peach gave him was countless times stronger than before. It was as if it had penetrated his heart and struck the deepest part of his soul.

"It's so delicious ..."

The ape King's legs went soft and he knelt on the ground. His voice was trembling and his eyes were wet!

Not only did he kneel down because of the delicious food, but he also cried because of the delicious food!

f * ck ... Is it really that good?!

Mu chenye and the others were dumbfounded again when they saw this.

They looked at each other. They couldn't imagine how delicious it was that it could make the ferocious black-blooded Ape King so convinced!

For a moment, mu chenye and the others all looked at the first love peach with eager eyes. Their faces were full of envy, and they couldn't help but drool.

Where was the demeanor of a genius?

Those who didn't know better would think that they were a group of hungry ghosts who hadn't eaten for hundreds of years.

At the same time, Chen Xiaobei looked at the black-blooded Ape King and mu chenye's reaction and could not help but smile.

From their reactions, the first love peach must have a huge market in the great void universe.

It could definitely be sold for a sky-high price!

"It's too delicious ... Too delicious ..."

After a while, the ape King finished the first love peach. Just as Chen Xiaobei expected, it said, "Young master! Do you have any extra mini flat peaches? I want to buy it! I'll buy as many as you have!"

"There is, but the price isn't cheap!" Chen Xiaobei raised his eyebrows. Everything was under control.

"How much is one?" The ape King swallowed his saliva. He knew that such a delicious peach would not be cheap.

hmm ... Two million low-grade spiritual Jade each! Chen Xiaobei raised his eyebrows.

The reason why Chen Xiaobei sold the spicy strips for 100 million was because he did not want to sell them to the void Earth Dragon King.

Chen Xiaobei really wanted to sell the first love peach, so he offered a much lower price than the spicy strip.

After all, he had just spent nine billion low-grade spiritual Jade, and he needed to get some blood back.

Of course, two million lower-grade spiritual Jade for a first love peach was only a lot lower compared to a spicy strip that cost one hundred million.

But in fact, this was already a sky-high price that no one had ever seen before!

The ape King should be able to accept this price, and Chen Xiaobei would still be able to make a profit out of this!

"Sure, I want to buy 100 ..."

The ape King didn't bargain. After all, if he didn't want such a precious thing, there would naturally be a lot of people fighting for it.

"Straightforward!"

Chen Xiaobei grinned and took out 100 first love peaches.

The black blood Ape King paid 200 million lower spiritual jades and completed the transaction.

sigh ... It's a pity that I don't have any extra spiritual Jade. Otherwise, I would definitely buy more ...

Looking at the 100 first love peaches, the black-blood Ape King sighed helplessly.

Although one hundred was not a small number, with his appetite, if he did not restrain himself, he would finish them all in one meal.

He had even begun to plan in his heart to leave some pits for himself to plant peach trees.

However, after sensing its spirituality, he realized that this peach was not an ordinary species. If planted normally, it would take decades or even centuries before it could blossom and bear fruit.

It was obvious that his comprehension was correct.

Chen Xiaobei had also used the celestial fertilizer to grow the perfect first love peach.

Without the celestial fertilizer, the peach tree would not only grow slowly, but the quality of the peaches would also be greatly reduced.

Therefore, the ape King knew very well that it would not work if it planted peach trees.

It was also because of this that he could only sigh helplessly.

He only hated that he had too few spiritual jades.

"If you want more of those peaches, there's still a way!"

Chen Xiaobei saw through the ape King's thoughts. He grinned and said, " I still have 2900 Supreme-grade mini flat peaches. If you can introduce someone else to buy 2500 of them, I'll give you the remaining 400 as a Commission!

Obviously, Chen Xiaobei needed to quickly sell the first love peaches and gather some cash.

But in the great void universe, if Chen Xiaobei sold them one by one, who knew when he would be able to sell them all?

So, Chen Xiaobei decided to take a cut and let the ape King find the buyer.

He was an ape himself, so it shouldn't be difficult for him to find more apes. Moreover, the Apes wouldn't haggle and would be able to complete the transaction as soon as possible.

If you want the horse to run, you have to let the horse eat its fill!

"Good, good, good! It's settled then! I'll get someone to buy peaches right now! I'll let you sell all 2500 of them by today!"

The temptation of 400 first love peaches instantly made the ape King act excitedly as if it had been injected with chicken blood.

He didn't waste a second. He took out his communication magical treasure and began to contact every potential buyer he knew.

It was just as Chen Xiaobei had expected.

With the help of the black blood Ape King, 2500 first love peaches were sold out before sunset.

Chen Xiaobei had recovered five billion low-grade spiritual Jade.

In addition to the two hundred million from the black blood Ape King and the remaining one billion from before.

Chen Xiaobei's small Treasury had been restored to 6.2 billion low-grade spiritual Jade.

With sufficient spiritual Jade, he would have more confidence and would have more assurance for his future operations.

"Here! This is your fee for your hard work!"

Chen Xiaobei kept his promise and gave the ape King the remaining 400 first love peaches.

"Thank you! Thank you! I'm really grateful to you!"

The ape King was so excited that it kept thanking Chen Xiaobei.

"Alright, you deserve this." Chen Xiaobei shrugged, looking very generous.

After all, the first love peach was only sold for 998 Yuan on earth and 998 spirit stones in the earth-god Realm.

This was an indescribable profit.

Chen Xiaobei would be embarrassed if he did not give the ape something in return.

"Alright! Let's continue our journey!"

Chen Xiaobei then led the group to their next destination.

This time, Chen Xiaobei was in a good mood.

In the picture, Chen Xiaobei took out a few packets of spicy sticks and gave them to Heng Yongxu so that he could try them.

Even mu chenye and the other three loyal dogs were rewarded with a spicy strip each. It was considered a feast for them.

Unsurprisingly, they were all deeply convinced by the deliciousness of the spicy strips, and their reactions were even more intense than the great void Earth Dragon King's.

Seeing how happy they were, Chen Xiaobei was also excited. I'll find a suitable opportunity to sell the spicy strips. My wealth will soar tens or even hundreds of times in minutes!

[Red Envelope Group of the Three Realms](#)

Chapter 3533: ambush

The third target that song Qincheng sensed was a planet completely covered in desert.

The surroundings were barren, with no green plants in sight, not even a drop of water.

More importantly, there was no spiritual energy on this planet, nor were there any valuable resources.

Clearly, just like the previous situation, the planet's resources and spiritual energy were all exhausted because of the existence of a Pearl.

"There shouldn't be any more enemies in this place ..."

Chen Xiaobei looked at his surroundings and sighed.

This kind of godforsaken place was not suitable for survival, let alone cultivation. Unless one had a hole in their brain, otherwise, it was impossible for anyone to settle down here.

"Right! Bro bei was very lucky! This is a wasteland planet that no one has set foot on, so naturally, there won't be any enemies!"

The six-eared macaque had the memories of the great void Earth Dragon King, so it gave an answer with certainty.

"That's great! It'll be much easier without enemies!"

"Let's go find the third orb and move on to the next target!" Song Qincheng said with a smile.

After that, song Qincheng and Chen Xiaobei flew forward.

In the middle of a few huge sand dunes, there was a sunken basin. The yellow sand in the basin was like a vortex that was constantly rotating.

"Whoosh!"

Song Qincheng waved her hand, and the laws of the human Sovereign descended, shrouding the yellow sand vortex.

Soon, a White Pearl flew out from the vortex.

After the spiritual connection with song Qincheng was completed, the two words " Shaohao " appeared in the Pearl.

this is white Emperor Shaohao's memento Pearl. It contains a mark of the mortal world's life laws. You can put it away now!

let's go! song Qincheng said and used her ethereal force to bring the Pearl to Chen Xiaobei.

"What?"

When Chen Xiaobei was about to take the orb, he frowned.

The trace of Natal purple Qi that Yan Lingshi had given him earlier suddenly moved.

Although this trace of Natal purple Qi could not actively predict good or bad luck like Yan Lingshi.

However, Chen Xiaobei's intuition could tell that there were some good and bad signs.

"What's wrong?" Song Qincheng asked, confused.

I feel an ominous aura ... Chen Xiaobei frowned. this matter is a blessing in disguise. It's not as smooth as we thought!

“Fortune and disaster?” Song Qincheng’s expression froze for a moment, and she became nervous. “Successfully obtaining Shaohao’s precious pearl is a blessing! Then, what is the disaster ...”

“Boom boom boom ...”

Before song Qincheng’s voice died away, a terrifying commotion came from behind them.

A blast of terrifying energy, at least at the level of a five-star heaven immortal, fell from the sky and landed right where six-eared macaque and the others were.

This power was extremely terrifying, causing the entire planet to tremble violently.

Moreover, as all the power fell, the pressure suddenly increased, and the planet actually collapsed directly.

It was like a stone that had been smashed by an iron hammer.

The planet, which was still fine a moment ago, was directly shattered into countless fragments of various sizes.

One strike to destroy a planet!

This was the power a celestial immortal should have!

Chen Xiaobei had seen a lot of heavenly immortal-level powers before, but when they were released, there was a similar power to resist them, so there was no situation where the power could crush a continent or a planet.

However, it was different this time. The power suddenly descended, and the people on the ground could not react in time.

Without any resistance, the terrifying power instantly shattered the planet.

boom boom boom ... Boom boom boom ...

The terrifying explosion sent out a shock wave on the level of a cosmic storm.

Countless fragments scattered in all directions, rushing into the depths of the universe at an extremely fast speed.

The people who were caught in it naturally couldn’t escape.

Master void had been seriously injured before. At this moment, his physical body and dharma body were torn apart by the shock wave of the explosion. His primordial spirit wanted to escape, but it was hit by the exploding celestial core power and was instantly destroyed.

Six-eared macaque reacted quickly and took back master Xu Kong’s storage bracelet to minimize the damage.

As for mu chenye, Ling Taiji, Heng Yongxu, and long xiehuo, none of them had reached the three-star heaven immortal realm. Although they reacted quickly and used their celestial core power to protect their bodies, the shockwaves still broke through their defenses and severely injured their physical bodies and Dharmakaya.

The four of them could not even save themselves. Although they were still alive, they were pushed into the great void universe by the shockwaves of the explosion.

bro bei!!!

In the end, only six-eared macaque, who had the strongest cultivation, was left.

The six-eared macaque did not have time to defend against the sneak attack and was already injured.

Fortunately, his cultivation was strong enough, so his injuries were not serious.

Six-eared macaque ran toward Chen Xiaobei and song Qincheng after channeling his body-protection celestial core power.

bro bei!!!

Six-eared macaque was extremely anxious. Its eyes were wide open, and its heart was so tight that it almost stopped beating.

Chen Xiaobei's physical strength was not even as strong as mu chenye's, and without the protection of his celestial core power, he would either be dead or crippled!

Song Qincheng's cultivation level and physical body were extremely weak. She would probably be reduced to ashes in an instant, leaving no trace behind!

Six-eared macaque was panicking. He was trying to find Chen Xiaobei and song Qincheng while he was fighting the shockwave. He did not even care about the enemies behind him.

"Woof! Buzzzzzz! Yi ..."

As the explosions gradually subsided, thousands of figures descended.

These people were at least three-star heaven Immortals, and the two people standing in front were both five-star heaven Immortals.

Upon closer inspection, they were all demonic beasts of the ape clan.

The three five star heaven Immortals were the great void explosive flame spirit monkey, the great void battle ape, and the great void Dark Demon ape, whose body was covered in black gas.

it's you!?

Six-eared macaque could not find Chen Xiaobei and song Qincheng, but he could recognize these enemies.

That's right!

These three guys were the rich men who had bought the first love peach from Chen Xiaobei half a day ago.

At that time, they had bought a lot and were very generous.

He did not expect that they would secretly follow Chen Xiaobei and the others to this place.

The purpose of the sneak attack was obvious. They wanted to Rob Chen Xiaobei of his wealth.

“Where is that Chen brat hiding?”

The explosive fire spiritual Monkey King let out a deafening roar. Its aura was overbearing and its pressure was terrifying.

“No comment!”

Six-eared macaque was absolutely loyal to Chen Xiaobei. Even if he knew, he would not tell anyone. Moreover, he had not even found Chen Xiaobei.

“You motherf * cker, you’re on the verge of death and you still dare to be stubborn!”

Instantly, the explosive fire spiritual Monkey King released its killing intent and was ready to fight.

“Even if I die, I will not betray my brother!”

The six-eared macaque was determined. It completely ignored the threat.

Red Envelope Group of the Three Realms

Chapter 3534: head-on confrontation

“Since you want to die, this King will fulfill your wish!”

The explosive fire spiritual Monkey King was born with a bad temper. The flames on its body suddenly rose to a height of a hundred meters, as if the god of fire had descended to the world, ready to execute the six-eared macaque, who did not know his place.

“Calm down!”

However, at this moment, the dark Demon Ape King said coldly, if you hadn’t destroyed the planet on impulse, that Chen guy wouldn’t have gone missing!

“This ...”

The explosive fire spiritual Monkey King was stunned for a moment before its anger gradually subsided.

Obviously, the dark Demon Ape King was the strongest among the Three Kings and had the most authority. Even the explosive fire spiritual Monkey King, who had a bad temper, had to obey his orders.

“Big brother, what should we do now?”

At the side, the great void Ape King squinted its eyes as it carefully observed its surroundings. At the same time, it asked for the dark Demon Ape King’s opinion.

my primordial spirit domain covers a radius of five thousand kilometers, but I didn’t find any traces of that Chen.

“There are only two possibilities,” the dark Demon Ape King said. First, he hid in the Meru space. Second, he was turned into ashes in the explosion!”

Clearly, the dark Demon Ape King was not only strong, but it was also calm and extremely wise. It had already seen the situation.

“Meru space?” Six-eared macaque was taken aback for a moment, but he finally let out a sigh of relief.

He knew very well that Chen Xiaobei had the Sumeru space in his hands. Under Chen Xiaobei’s command, he would be able to make the right choice in the first instance.

“This is a headache ...”

The explosive fire spiritual Monkey King scratched his head anxiously, “the Sumeru dimension is smaller than dust. It’s impossible to find it!” If that brat is dead, I’m afraid that the spatial ring will fly to an unknown place along with the rubble. Looking for it will be like looking for a needle in a haystack!”

“You’re only finding out now? If you didn’t destroy the planet, there wouldn’t be this trouble.” The great void Ape King said unhappily.

uh ... It’s already been destroyed, there’s no point in regretting it now ... the explosive flame spiritual Monkey King scratched its head and said embarrassedly, “ “Big brother, please think of a way. This time, I’ll definitely listen to you and not mess around!”

“Let’s capture this guy first and hold him as a hostage. If that Chen guy isn’t dead, he’ll probably come back to rescue us!” The dark Demon Ape King said.

“What if that Chen guy dies and doesn’t come to save him?” The explosive fire spiritual Monkey King asked in embarrassment.

When the dark Demon Ape King heard this, its expression and gaze instantly darkened, and its tone became even more frosty, “If that Chen fella dies, you’ll have to compensate me with all the small flat peaches you have!”

“What?” The explosive fire spiritual Monkey King was stunned. Its pupils shrank and its heart beat wildly.

“What’s the big deal?”

“If you didn’t destroy the planet, big brother and I would’ve gotten billions of low-grade spiritual jades!” The great void fighting Ape King said unhappily. If we can’t find that Chen guy, you’ll have to pay for our losses!”

this ... the explosive flames spiritual Monkey King was extremely depressed.

“Unfortunately, his strength is inferior to his opponent’s, and he’s in the wrong. He can only shut his mouth obediently and silently pray that that Chen fellow doesn’t die!”

“Why aren’t you going to arrest him?” The dark Demon Ape King urged impatiently.

“Yes! I’ll go now!”

The explosive fire spiritual Monkey King calmed itself down and its battle intent surged again. Its fiery red eyes locked onto the six-eared macaque.

At this moment, the explosive flames spiritual Monkey King was extremely depressed and wanted to find a punching bag.

The flames on the explosive fire spiritual Monkey King's body started to surge and his celestial core power spread out like flames that could burn the sky. It enveloped the surrounding 30000 meters like a sea of fire in the universe.

It was obvious that the explosive fire spiritual Monkey King did not just want to capture the six-eared macaque. He wanted to torture the six-eared macaque to vent his frustration.

Because of this, the explosive fire spiritual Monkey King did not hold back his celestial core power and circulated it to the maximum. At the same time, he transformed into his demon form, a giant Fire Monkey that was a hundred meters tall.

On the other side.

Six-eared macaque had been injured by Gan Cai's sneak attack. It wasn't a serious injury, but it would definitely affect his combat ability.

Of course, the explosive fire spiritual Monkey King knew that this was its advantage. It said confidently, I'll give you one last chance. Contact that Chen guy immediately. Otherwise, I'll let you know what cruelty is!

"Cut the crap! If you want to fight, then fight!" Six-eared macaque was determined and would not betray Chen Xiaobei.

"Good! Since you're courting death, don't regret it!" The explosive fire spiritual Monkey King had a bad temper and would not waste time talking. Since the six-eared macaque was so stubborn, he would attack it and beat it up until it begged for mercy! Surrender! In the end, he was obedient!

"Boom boom boom ..."

A flame burst out, and a terrifying five-star heaven immortal level immortal essence instantly gathered.

It was as if a blazing sun had risen from the sea of fire, extremely hot! It was extremely dazzling! It was extremely tyrannical!

boundless great sun!!!

In the next moment, the explosive fire spiritual Monkey King launched its attack. It controlled the scorching sun in the air and charged towards the six-eared macaque.

Earth Dragon void space!!!

At the same time, six-eared macaque didn't dare to be slow. He immediately transformed into his demon form.

The bloodline of the great void Earth Dragon Tribe had already reached the level of a three-clawed horned dragon. Although it was not as powerful as the five-clawed Golden Dragon, it was still a divine bloodline.

In an instant, the six-eared macaque's body expanded, and it became a 30000-meter long brown dragon.

The Dragon scales were like rocks, sharp and hard.

The Dragon's body was like a huge mountain range in the universe, and it was extremely majestic.

Whoosh ... Whoosh ...

In the next moment, the body of this huge Earth Dragon also exuded a five-star heaven immortal level immortal essence that had been circulated to the extreme.

Dark brown immortal essence surrounded the area and formed a void. If an ordinary enemy fell into it, their life and death would be in six-eared macaque's hands.

However, it was obvious that the effect of this move would be greatly reduced if it was used against an enemy of the same level.

"BOOM!"

The scorching sun struck the earth Dragon domain.

The two terrifying forces clashed head-on. Whoever was stronger would be the final winner.

Originally, the six-eared macaque's demonic form was stronger than the explosive flame spiritual Monkey King's.

However, the six-eared macaque was injured, and its fighting power was weakened.

At that moment, not only was the six-eared macaque unable to suppress the explosive flame spiritual Monkey King, but it was also slowly losing ground.

If his opponent destroyed the Earth Dragon's void territory, the six-eared macaque would be severely injured again, and the battle would lose its suspense.

"Hahaha ... You'll definitely lose this battle!"

The explosive fire spiritual Monkey King was very confident. It continued to pour out its celestial core power to suppress the six-eared macaque. It would not give the six-eared macaque any chance to turn the tables.

"This King has already given you a chance, but you just don't want it!"

The explosive fire spiritual Monkey King laughed arrogantly, "It's all good now. When this King defeats you, it'll be too late even if you want to kowtow and beg for mercy! This King will definitely make you wish you were dead! To vent the hatred in this King's heart! Hahaha ..."

[Red Envelope Group of the Three Realms](#)

Chapter 3535: sudden reversal

It was clear that the situation was not in six-eared macaque's favor.

The six-eared macaque's celestial core power was being depleted rapidly, and its injuries were worsening by the second.

The six-eared macaque might be able to hold on for a while, but as time went on, he would lose.

With the explosive fire spiritual Monkey King's temper, the six-eared macaque would definitely be tortured cruelly if it fell into his hands. It might not even be able to live or die!

"Hahaha ... Don't waste your energy! Just surrender! In any case, the end result will be the same!"

The explosive fire spiritual Monkey King raised its chin proudly, its face filled with excitement.

In his opinion, this was a battle without any suspense. The result was already decided from the beginning.

Seeing this scene, the great void Ape King couldn't help but say in a deep voice, this guy is really loyal. He clearly knows that he's going to die, but he still put up a pointless resistance!

it doesn't matter, " the dark Demon Ape King said indifferently. as you said, it's a pointless resistance. It won't change anything. At most, it'll just waste a little time.

Obviously, the great void fighting Ape King and the dark Demon Ape King also believed that this battle's outcome was already decided.

The great void fighting Ape King thought that the six-eared macaque was putting up a pointless resistance, while the dark Demon Ape King thought that the six-eared macaque was just wasting time.

The two ape Kings did not even have the slightest intention of making a move.

After all, they were already the Kings of the demon race. They all had their own pride, and it was beneath them to join forces to bully a weakling. If word got out, they would only be laughed at by others.

That's right!

In their eyes, the six-eared macaque was a weakling! Disdain! Contempt! He even looked down on him!

However, in the next moment, a scene that they could not even dream of appeared.

fire spirit, retreat!!!

The six-eared macaque, which had been suppressed, suddenly let out a furious roar.

At the cost of burning a large amount of mental energy, he actually activated a profound attack that should not belong to the great void Earth Dragon King.

"Whoosh ..."

In an instant, the scorching sun that was pressing down on his head loosened.

At this very moment, the scorching sun and the earth Dragon Void Spirit Jade were in a stalemate.

It was as if two fists were firmly pressed against each other.

If one of them was greatly weakened, the result would be obvious!

"Whoosh ..."

The void domain's power instantly tore a huge crack in the spot where the scorching sun had loosened.

Their power and system instantly collapsed, and the blazing sun Army was completely defeated. They were instantly counterattacked by the void territory's power. Not only were they suppressed in the opposite direction, but they also showed signs of being defeated.

In less than three seconds, the power of the void territory tore through the scorching sun like a hot knife through butter and headed straight for the actual body of the explosive fire spiritual Monkey King.

what ... What's going on???

Everything happened in the blink of an eye. The explosive fire spiritual Monkey King did not even understand what had happened.

Just a second ago, he was still full of confidence and pride, not even taking Chen Xiaobei seriously.

In this second, in the face of the tyrannical killing power, no matter how fast his reaction was, he couldn't defend in time.

"BOOM!"

With a loud bang, the power of the void territory landed on the spiritual bursting flames Monkey King's dantian.

Due to his overconfidence, the explosive flame spiritual Monkey King did not even condense his protective Zhen Yuan.

"Pfft ..."

The powerful and terrifying attack landed on the spiritual Monkey King's dantian, causing his huge body to be sent flying as he spurted out blood.

"Swish!"

Everything was going according to the six-eared macaque's plan.

The six-eared macaque saw that its opponent was defeated, and it immediately pursued the enemy.

Before the dark Demon Ape King and the great void fighting Ape King could react, the six-eared macaque had already reached the explosive fire spiritual Monkey King's side.

At this moment.

The spiritual Monkey King's dantian had already been blown apart by the tremendous force. His flesh was mangled and his internal organs were in a mess. His entire body had been crippled.

Furthermore, the celestial core power of the great void Earth Dragon King could prevent the Dharmakaya of the enemy from leaving the body.

In other words, the spiritual Yuan Shen of the explosive fire spiritual Monkey King could only remain in this broken body.

They were like fish on an anvil, waiting to be slaughtered by the six-eared macaque.

"Swish!"

The six-eared macaque circulated his celestial core power and covered the essence spirit of the explosive flame spiritual Monkey King. He grinned and said, " "You want to take me as a hostage! Now, you've become my hostage. Aren't you surprised? Are you surprised?"

"You ..."

The explosive fire spiritual Monkey King had already lost its ability to fight and its primordial spirit could not escape. It had no choice but to shout, " "Big brother! Second brother! Save me! Hurry up and save me ..."

Clearly, the only hope the explosive fire spiritual Monkey King had was the dark Demon Ape King and the great void fighting Ape King.

The dark Demon Ape King was very calm. It didn't rush into action. Instead, it looked at the six-eared macaque and asked in a deep voice, " "I want to know, how did you do it?"

The great void Ape King also perked up its ears, full of curiosity about the six-eared macaque's counterattack.

Just now, the six-eared macaque was clearly suppressed and defeated. However, it managed to weaken the explosive flame spiritual Monkey King's attack and complete a one-hit kill.

This result not only shocked the dark Demon Ape King and the great void fighting Ape King, but it was also like a loud slap to their faces, causing them to blush and lose all their face.

After all, there were thousands of high-ranking members of the three great ape tribes around.

Just a second ago, their King had been so confident that he would win, but in this second, he had been slapped in the face by reality.

If word of this got out, the dark Demon Ape King and the great void Ape King would lose all their face.

"How did I do it?"

" I'll tell you, " six-eared macaque laughed. you might not believe me, but I can control some of the laws of fire!

The six-eared macaque was not bluffing.

Before he became the Earth Dragon King of the great void, he still retained the form of the Fire Witch Zhurong.

From Zhurong's memories, the six-eared macaque had a deep understanding of the laws of fire.

Six-eared macaque had already thought of a plan.

He had deliberately shown weakness in the battle so that the explosive flame spiritual Monkey King would suppress him and let down his guard, giving him a chance to counterattack.

The six-eared macaque was very smart.

This tactic of playing the pig to eat the Tiger instantly reversed the situation. Not only did he avoid falling into the enemy's hands, but he also captured an enemy as a hostage, killing two birds with one stone.

“What? The law of fire?”

All the surrounding apes had incredulous expressions on their faces.

Controlling laws was something that only high-level heavenly gods could do.

Moreover, it had to be the most elite of the heavenly gods to be able to do it.

This was simply unbelievable!

Of course, even though it was shocked, the dark Demon Ape King wouldn't give up just like that. “Although you won this round, the result will not change!”

Red Envelope Group of the Three Realms

Chapter 3536: -share difficulties

It was obvious that the ape King was the strongest among them, having already reached the mid five star heaven immortal realm.

As long as he made a move, the six-eared macaque would have no chance of winning.

Moreover, there was still the great void fighting Ape King that could help.

Previously, six-eared macaque had transformed into the ancestral sorcerer of water, Gonggong, and the ancestral sorcerer of fire, Zhurong. If it encountered an enemy with these two attributes, it might have a chance of fighting.

Unfortunately, the dark Demon Ape King was of the dark attribute, while the great void fighting Ape King was of the gold attribute, so neither of their powers would be affected.

In other words, even if the dark Demon Ape King didn't make a move, just the great void Ape King alone would be enough to take care of the injured six-eared macaque, who had used up a lot of immortal essence.

Because of this, in the eyes of the dark Demon Ape King, the outcome of this battle would not change.

“You mean you don't care about the life and death of this hostage?”

The six-eared macaque had the explosive flame spiritual Monkey King in its hands.

Clearly, the six-eared macaque knew that it was no match for the Monkey King. That was why it had come up with a plan to take control of the Monkey King by force.

If the dark Demon Ape King and the great void ape fighting King cared about the explosive flame spiritual Monkey King, they would be threatened and unable to attack the six-eared macaque.

However, if they didn't care about the explosive flame spiritual Monkey King's life, the outcome would be completely out of the six-eared macaque's control.

heh, compared to a few billion lower spiritual jade pieces, what's the big deal about the explosive fire spiritual Monkey King's death? ”

The dark Demon Ape King laughed coldly, not taking the explosive spiritual Monkey King seriously at all.

The great void Ape King also had an indifferent expression: we just call each other brothers. We don't really know each other. You think he's a hostage, but he's nothing!

The attitude of these two guys was very clear. They were not threatened by the six-eared macaque at all.

However, after thinking about it carefully, this was not strange at all.

Just now, the two of them were still asking the spiritual fire King to pay for their losses.

From this, it could be seen that they did not care about the life and death of the explosive spiritual flame Monkey King in the face of benefits.

you ... You're actually so heartless ...

At the sight of this, the explosive flame spiritual Monkey King could not help but spit out a mouthful of blood and almost fainted from anger.

Just a second ago, he was still hoping that his two brothers could save him.

At this moment, he had completely fallen into despair. He cursed the two heartless guys from the bottom of his heart.

This is bad!

Six-eared macaque's expression changed, and his heart clenched.

Although his plan of pretending to be a pig to eat a Tiger was very ingenious, in the face of a ruthless enemy, this plan would end in failure.

Once the hostage was rendered useless, the six-eared macaque would not even be able to defeat the great void fighting Ape King. In the end, it would only be a dead end.

"Brother exploding scorch, you can go in peace! I will definitely avenge you! I'll let this guy suffer the cruelest torture in this world! He would make him beg for death! Make him regret everything he has done!"

The dark Demon Ape King already had killing intent. Immortal essence surged from its body and it was about to attack.

"No! No... I don't want to die ... Big brother! Don't attack! Otherwise, I'll be dead ... Big brother ..."

The explosive fire spiritual Monkey King shrieked in fear.

He was very clear that as long as the dark Demon Ape King made a move, he would die without a doubt.

If he was dead, what was the point of not taking revenge? What was the point of torturing the six-eared macaque?

He didn't want to die, absolutely not!

"Stop howling!"

The six-eared macaque looked at the Monkey King in disdain and said coldly, " "Can't you tell? You treat him as your big brother, but he treats you as cannon fodder! Even if you shout until your throat breaks, they won't be soft-hearted!"

this ... the explosive flames spiritual Monkey King fell into extreme despair.

He had to admit that six-eared macaque was telling the truth.

He only hated himself for being blind. How could he be brothers with the dark Demon Ape King and the great void Ape King?

He hated these two heartless people to the core!

If he wasn't seriously injured, with his bad temper, he would have already pounced on those two guys and fought them to the death.

"What's there to fear about death? I admit that I'm not as good as you! You want me to betray my brother? no way!"

The six-eared macaque was furious.

Compared to the dark Demon Ape King and the Taixu fighting Ape King's heartlessness, the six-eared macaque's love for Chen Xiaobei was higher than the sky and wider than the sea.

Even the explosive flames spiritual Monkey King was moved by this gesture.

If only his brother was half as loyal as six-eared macaque, he wouldn't be in this situation.

since you're so stubborn, I'll fulfill your wish. Go to hell!

The dark Demon Ape King let out an angry roar, and the true essence in its hand began to boil like endless Flames of War.

The six-eared macaque knew it couldn't fight back, so it gave up and prepared to die.

On the other hand, the explosive fire spiritual Monkey King was filled with despair. It wailed as it vomited blood, almost crying.

"Stop!"

However, at this moment, an angry roar came from not far away.

In an instant, everyone's attention was drawn to it.

bro bei!?

Six-eared macaque gasped. He was getting nervous."Bro bei! Don't come over! The enemy was too strong! Quickly leave! Let's go!"

"That kid must be crazy ..."

The explosive fire spiritual Monkey King was confused. this is clearly a dead end, and he still wants to run back. Is he tired of living? "

“The one surnamed Chen! You’ve got guts!”

The dark Demon Ape King’s face instantly revealed a look of pleasant surprise. “This King was worried that I couldn’t find you, but you came back to die!”

When the planet exploded, Chen Xiaobei had taken song Qincheng into the Meru dimension.

Originally, Chen Xiaobei only needed to hide and he would be able to avoid this deadly situation.

However, for the sake of his brother, Chen Xiaobei left the Meru space alone and came here.

“My brother would rather die than betray me! If I don’t care about his life for my own safety, can I still be considered a human?”

Chen Xiaobei flew to six-eared macaque’s side, ready to stand by his brother’s side.

“Bro bei!”

Six-eared macaque was touched. To have a brother like this, it was worth dying for!

“Big brother!”

The great void Ape King squinted his eyes and said with a murderous look, since the main characters have arrived, there’s even less need to show mercy. Just kill them directly!

They had captured six-eared macaque to lure Chen Xiaobei out. Now that Chen Xiaobei had appeared, there was no need to take a hostage.

If he killed Chen Xiaobei and six-eared macaque, he would get the billions of low-grade spiritual Jade that Chen Xiaobei had just earned.

Just thinking about it made the dark Demon Ape King and the great void Ape King extremely excited, and they couldn’t wait to act.

“Don’t be in such a hurry!”

Chen Xiaobei took out another trump card.

[Red Envelope Group of the Three Realms](#)

Chapter 3537: harmful to health

“Eh? What’s that?”

For a moment, the attention of the dark Demon Ape King and the great void fighting Ape King was drawn over.

They had never seen the thing in Chen’s hand before.

It was a red rectangular paper box that was only half the size of a palm. There was a Golden “Tiananmen” painted on it, and there were two striking words on it: China!

All of a sudden, from the ape King to the thousands of high-ranking members of the ape tribe around them, all of them were dumbfounded.

this is the rare treasure that I've obtained after all the trouble. It's the ecstasy smoke!

Chen Xiaobei raised the red paper box in his hand and started to spout nonsense, " this treasure is much more valuable than the Supreme-grade mini flat peach. I guarantee you'll like it!

pfft! six-eared macaque almost burst out laughing.

If not for the fact that six-eared macaque had lived on earth before, he would have believed Chen Xiaobei's nonsense.

What ecstasy smoke?

It was a pack of Chinese cigarettes from earth!

But then again, the six-eared macaque had always been curious about what smoking felt like.

However, Chen Xiaobei had always warned him that smoking was bad for his health and that he should not get addicted to smoking out of curiosity. That would only bring him harm and no benefit!

Six-eared macaque trusted Chen Xiaobei so much that he had never smoked a single cigarette.

At this moment.

Chen Xiaobei knew that the enemy was too strong for him to fight, so he could only use his wits!

He was going to use a pack of Zhonghua cigarettes to open up the situation!

"Hehe, it looks like we'll not only get billions of lower-class spiritual Jade after killing this kid, but we'll also get a lot of good stuff! It's really cool!"

The great void Ape King was already extremely excited.

Obviously, he had no intention of discussing this with Chen Xiaobei. He wanted to kill Chen Xiaobei and take everything that Chen Xiaobei had.

However, Chen Xiaobei did not panic. He smiled and said, " "Heh, don't say I didn't warn you. This ecstasy smoke is by no means ordinary! Do you know how to use it after you kill me?"

"Swish!"

After that, Chen Xiaobei threw the pack of cigarettes in his hand over.

"This ..."

The dark Demon Ape King and the great void fighting Ape King were stunned and speechless.

They had never seen or heard of something like cigarettes. They held them in their hands and looked left and right, not knowing how to start.

In their eyes, cigarettes were extremely rare and precious treasures, and they were afraid that they would break them accidentally.

They studied it for a long time, but they didn't even remove the wrapping paper.

They had no choice but to look at Chen Xiaobei.

"I knew you guys couldn't do it!"

Chen Xiaobei flew over and said, "Let me teach you!"

"Good! This King would like to see how this little paper box is going to be blissful? How do you want to lose your soul?"

Both the dark Demon Ape King and the great void fighting Ape King had absolute power, so they were not afraid of Chen Xiaobei approaching them.

If Chen Xiaobei dared to play any tricks, they would kill him instantly.

"Hand it over."

Chen took the pack of cigarettes from the ape King and said, "All of you, return to your human forms first! This kind of smoke is very small, and your demon bodies are too big, so you can't taste it!"

After saying that, the dark Demon Ape King and the great void fighting Ape King both transformed into human form.

Even if they turned back into their human forms, they could still crush Chen Xiaobei. There was no need to worry at all.

"Watch carefully!"

Chen Xiaobei opened the pack of cigarettes and took out two sticks. He gave them to the dark Demon Ape King and the great void fighting Ape King.

It was the first time these two guys had seen a cigarette. One moment, they held it in front of their eyes and observed it carefully. The next moment, they held it in front of their nose and sniffed it carefully. They were extremely curious.

"Little brat! You're not playing with us, right?"

The dark Demon Ape King's face turned cold and said in a bad mood, "Isn't this just some shredded dried leaves wrapped in paper? Where did you get the ecstasy smoke?"

"Yup! This thing doesn't have any spirituality, it can't be more ordinary!" "If you dare to play with us, I'll make sure you'll have to bear the consequences!" The great void Ape King said angrily.

"What's the hurry? Didn't Supreme-grade small flat peaches have no spirituality as well? Is it not good?" Chen Xiaobei smiled and took out a special incense burner from his infinite space ring.

The incense burner was pitch-black and was flickering as if something was burning inside.

"What is this?"

The dark Demon Ape King and the great void fighting Ape King looked at the incense burner, both feeling baffled.

There was clearly something burning in the incense burner, but no smoke came out. There was not even any burning smell.

“This is a smoking furnace.”

Chen Xiaobei activated his Halo and said, “ hold the ecstasy smoke in your mouth, then get close to the fire of the incense burner and take a breath. You’ll be able to enjoy the feeling of ecstasy!

“Alright!”

After tasting the tiny flat peach, the dark Demon Ape King and great void ape fighter were filled with endless anticipation for the ecstasy smoke.

They did as Chen Xiaobei said.

The dark Demon Ape King and the great void fighting Ape King had cigarettes in their mouths, and then they moved closer to the burning flame of the incense burner.

The two of them took a deep breath, and the two cigarettes were lit.

Then, the smoke went straight into their lungs through their mouths. The nicotine and a series of special ingredients immediately brought them an obvious stimulation.

“It feels so good!”

The dark Demon Ape King instantly let out a long sigh.

The feeling of smoking varied from person to person. Some people would feel as if they were floating in the air, some would feel as good as hehehe, and some would feel refreshed and comfortable all over. There were also other wonderful feelings.

There was a saying on earth that a cigarette after the deed was done was better than a living God!

As it was their first time smoking, the wondrous feeling was especially strong for the dark Demon Ape King and the great void Ape King.

They had never experienced such a feeling before.

Novel! He was intoxicated! Enjoyment! In the end, he couldn’t bear to let go! One puff after another, they quickly finished the first cigarette of their lives!

“This is too satisfying! Quickly hand it over! We still want more! Hurry up!”

The dark Demon Ape King and the Taixu fighting Ape King were still not satisfied with the first stick, so they immediately asked Chen Xiaobei for it.

Seeing this, the thousand or so higher-ups of the ape tribe revealed expressions of extreme envy and desire. They all wanted to have a taste of the ecstasy smoke.

Even six-eared macaque couldn’t help but smacked his lips. He really wanted to try a cigarette.

However, at this moment.

Chen Xiaobei did not pass the cigarettes to the dark Demon Ape King and the great void fighting Ape King. Instead, he laughed coldly and said, “ You two idiots, you’re about to die and you still want to smoke?”

“What did you just say? Uh ...”

The dark Demon Ape King and the great void fighting Ape King were about to get angry when they suddenly felt their bodies become weak and burst out with a terrifying pain.

The next second, the two of them covered their throats and spat out black blood!

“F * ck!”

Six-eared macaque sighed and said, “Bro bei was right! Smoking is bad for your health!”

Red Envelope Group of the Three Realms

Chapter 3538: -unforgivable

“What’s going on? You ... What did you do to us ... Argh ...”

As time passed, not only were the dark Demon Ape King and great void fighting Ape King in pain, but their skin was also starting to fester.

More importantly, they couldn’t use their celestial core power, their dharmakayas couldn’t leave their bodies, and they couldn’t even use their physical strength.

In fact, anyone with a discerning eye could tell that they were poisoned.

Moreover, the poison was not in the Zhonghua cigarettes but in the incense burner in Chen Xiaobei’s hand.

If Heng Yongxu was still here, he would be able to tell with a single glance that the incense burner was the magic treasure of a genius named you Lisha who had been in the Yunyi Celestial Palace’s assessment space.

There was a deadly poison called the King of Hell’s deadly incense in the incense burner.

It was colorless and tasteless, and it could kill people invisibly!

Back then, Heng Yongxu’s mech body was corroded by this poison. That was why Chen Xiaobei gave him the Titan warrior’s body.

Chen Xiaobei had to rely on the heavenly river water spirit from the canopy to wash away the poison and survive.

Otherwise, both Chen Xiaobei and Heng Yongxu would have died to the poison.

One could only imagine how terrifying this poison was!

Just now, Chen Xiaobei had tricked the dark Demon Ape King and the great void fighting Ape King into using the incense burner to light up their cigarettes. When they inhaled, a large amount of poison was sucked into their bodies.

Then, the poison exploded, and they were all in Chen Xiaobei’s palm.

“Men! Someone come quickly! What are you doing? Come over and kill this little brat! Hurry up!”

The dark Demon Ape King and great void fighting Ape King had not only lost their battle strength, but they had also lost the ability to move, so they could only ask their subordinates to come and rescue them.

“Woof! Buzzzzzz! Yi ...”

Very quickly, a dozen or so loyal upper echelons of the ape tribe charged over.

“BOOM! BOOM! Boom ...”

But at that moment, six-eared macaque suddenly attacked. His dark brown celestial core power exploded. With absolute power, he killed all the people in an instant.

The gap of one or two major realms made this instant kill without any suspense.

Upon seeing this, the remaining upper echelons of the ape tribe froze on the spot and did not dare to take another step forward.

“Bro bei! You’re awesome!”

Six-eared macaque gave Chen Xiaobei a thumbs-up after he had killed more than ten enemies.

If Chen Xiaobei had not restrained the dark Demon Ape King and the Grand void Ape King, the six-eared macaque would not have had the chance to attack.

The victory was all thanks to Chen Xiaobei.

Chen Xiaobei shrugged and smiled. “You’ve also done well!”

young master Chen ... Have mercy ... We were wrong ... Please have mercy and spare my life ... I beg you ...

At this time, the condition of the dark Demon Ape King and great void fighting Ape King was getting worse and worse. Large areas of their bodies were festering and bleeding, and their subordinates couldn’t be relied on. If they didn’t beg for mercy, the only path left for them was death.

young master Chen ... Please spare me ... I know I was wrong ... I’m willing to kowtow to you in apology ... I’m willing to compensate for your losses ...

At the same time, the explosive fire spiritual Monkey King also started to shout.

They could tell that six-eared macaque was only a subordinate, and Chen Xiaobei was the one who could make the decisions. If they wanted to live, they had to beg for Chen Xiaobei’s mercy.

“Heh, you want me to spare you?”

Chen Xiaobei’s eyes narrowed and he said coldly, “Just now, the sneak attack you launched almost killed my brothers and my woman! In addition, you’ve also harmed one of my friends and four of my subordinates! How can you still have the face to beg for my mercy?”

It was obvious that the enemy’s sneak attack was very ruthless and did not leave any room for escape.

If Chen Xiaobei had not used the nine billion low-grade spiritual jades to transform six-eared macaque, it would have died in that instant.

If Chen Xiaobei did not have the Sumeru space, he and Song Qincheng would have died a horrible death.

It was clear that the enemy was determined to kill Chen Xiaobei and the others. They had no intention of letting anyone go.

Other than that, Chen Xiaobei's other friend, Heng Yongxu, and his three loyal dogs were all missing. There was also a loyal dog, Master Void, who had even died a tragic death.

As the saying goes, "one's luck is good, and they will meet in the future."

The three Ape Kings did not hold back when they attacked. They did not have the right to ask for Chen Xiaobei's forgiveness!

Moreover, if they only attacked Chen Xiaobei, things could still be discussed.

However, they had hurt Chen Xiaobei's brother and his woman. This was not something that could be negotiated with Chen Xiaobei!

They had to die!

mercy ... Mercy ... We were wrong ... We won't do it again ...

The dark Demon Ape King and the great void Dou Ape King howled hysterically.

Although they were powerful, it was only a matter of time before they died from the corrosion of the poison.

"Uh ... Uh ..."

The explosive fire spiritual Monkey King was severely injured. His internal organs had already burst and blood was flowing out of his body. He was about to die.

"Woof! Buzzzzzz! Whoosh!"

Chen Xiaobei did not want to waste any more time with them. He quickly took away all their storage bracelets.

On top of that, six-eared macaque was quick to snatch Master Xu Kong's storage bracelet and handed it over to Chen Xiaobei.

"Whoosh ... Whoosh ..."

At the same time, the surrounding upper echelons of the ape tribe all wanted to escape from the scene.

"Stop! Did I allow you to leave?"

However, Chen Xiaobei did not plan to let them go so easily.

"Hiss ... Hiss ..."

In an instant, gasps of shock could be heard from the crowd.

The group of ape leaders froze on the spot. They were so frightened by Chen Xiaobei that they did not dare to move.

Without a doubt, with their cultivation, they would not be able to escape from six-eared macaque's grasp as long as Chen Xiaobei gave the order.

That was why they had no choice but to stay where they were when Chen Xiaobei gave the order.

They knew very well that if they listened to Chen Xiaobei, they might have a chance of survival. If they did not, they would be doomed to die.

All of the ape leaders were stunned, staring at Chen Xiaobei.

"I don't want to kill in vain. The three main culprits will die without a doubt! You accomplices can be spared from death, but you can't escape punishment!"

Chen Xiaobei raised his eyebrows and said, "those who want to live, hand over your storage bracelets. Those who want to die, do as you please!"

A threat!

This was a blatant threat!

Of course, this was also a punishment for the three great ape tribes!

Chen Xiaobei wanted them to pay a painful price so that they would remember the lesson they had learned today.

"Hand it over! I'm willing to hand over my storage bangle ... I'm also willing ... I ... We're all willing ..."

Red Envelope Group of the Three Realms

Chapter 3539: full harvest

Clearly, although the storage bracelet was important, his life was more important.

What was the point of having a storage bracelet if he was already dead?

All of a sudden, all the upper echelons of the ape tribe handed over their storage bracelets obediently.

They even collected the storage bracelets of the ape leaders that six-eared macaque had killed and handed them over to Chen Xiaobei.

In the end, Chen Xiaobei had obtained 1066 storage bracelets and kept his promise to release all the surviving ape leaders.

Not long after.

The explosive fire spiritual Monkey King was the first to die.

Following that, the dark Demon Ape King and the great void fighting Ape King were both poisoned to the heart and died.

You Lisha was indeed an ancient genius. The poison he created was supported by celestial core power, and it quickly broke through the Dharmakaya and wiped out the primordial spirits of the dark Demon Ape King and the great void Ape King.

At this point, the three ape Kings had all died.

“Liu er, release your primordial spirit domain and see if you can find Heng Yongxu and the others.”

Chen Xiaobei then started to check the storage bracelet that he had just received.

Chen Xiaobei had searched master Xu Kong’s storage bracelet before. There were only two late-stage two-star heaven-immortal items, the purple green twin swords.

Next, it was the storage bracelets of the 1060 high-level ape leaders.

The resources here were very rich.

First of all, they found one billion low-grade spiritual jade pieces. In an instant, Chen Xiaobei’s small Treasury had 7.2 billion low-grade spiritual jade pieces.

Then, there were more than 100 one-star to two-star Peak heaven immortal artifacts.

That’s right!

There were a total of 103 pieces!

This was the first time Chen Xiaobei had collected so many heaven-immortal instruments. Although their grades were not high, the number was shocking.

Of course, back to the main topic.

Only 103 heaven immortal items had been found from the storage bracelets of 1060 high-ranking ape leaders, which meant that there was only one heaven immortal item for every ten people.

It could be seen that in the great void universe, heaven Immortal Weapons were relatively rare resources.

Only ten members of the upper echelons would have a single heaven immortal artifact. In the hands of the middle and lower echelons, perhaps only one heaven immortal artifact would be in the hands of hundreds or thousands.

However, at the end of the day, talismans were only valuable to people with low cultivation.

For example, if you gave a two-star heaven immortal a one-star heaven immortal item, it would be of no use to him. It would not improve his strength at all, and instead, he would have to consume his immortal essence to activate it.

Because of this, many people could not find a heaven immortal artifact that was compatible with their cultivation base. Instead of bringing a low-level one, they might as well not bring one.

For example, the six-eared macaque could unleash the power of a five-star heaven immortal with a wave of his hand. If you gave him a five-star heaven immortal item, it would only increase his combat power by ten percent, which was not worth it.

In other words, it wasn't that some powerful heaven Immortals didn't have the ability to get their hands on heaven immortal artifacts, but that they didn't need them.

Hence, the 103 heaven-immortal instruments that Chen Xiaobei found was a reasonable number.

"Hualalala ... Hualalala ..."

Then, Chen Xiaobei took out the heaven and earth furnace. Without hesitation, he threw all of his heaven-immortal items, including master void's purple and green dual swords, into the furnace.

He then burned his spiritual power and sent a wisp of true Samadhi fire into the furnace.

After all, the level of the true Samadhi fire was far higher than the witch Dragon heavenly flame, and it could be used to refine a heavenly immortal weapon at the fastest speed.

However, what Red Boy gave Chen Xiaobei was only a Tinder.

With Chen Xiaobei's current mental power, he could only create a very small fire and could not cause a large area of damage. Otherwise, the true Samadhi fire's destructive power would be greater than any heaven-immortal instrument.

"Bro bei! How did you refine all these heavenly Immortal Weapons?"

Six-eared macaque was shocked. "I can see that there are some good things in there!"

"Good stuff?"

Chen Xiaobei shook his head and asked, "Compared to the Tribulation of the demonic Dragon, are these things considered good?"

"Ah?"

what? "six-eared macaque was stunned. bro bei, are you kidding me?" Compared to the demonic Dragon tribulation, these celestial fairy weapons are simply trash among trash, not even worth mentioning!"

"Isn't this settled?"

I can't bring the chaos Blood Sword with me when I'm travelling in the great void universe. So, I'm upgrading the demonic Dragon's edge so that I can get more powerful attack-type magical equipment!

"Understood!"

six-eared macaque nodded and said, "no matter how many trash treasures there are, they are still trash! However, if he could use a large amount of trash to exchange for a fine item, it would definitely be worth it! It might even be a huge profit!"

"That's right!"

of course! Chen Xiaobei said. I've already refined a lot of resources when I was in the Hong Meng Demon Realm. With this wave of resources, I can basically upgrade the Dragon's edge to three star divine immortal! Let's see what happens next. If there are better things, the level of the Dragon's edge can be further improved!"

After that, Chen Xiaobei continued to search through the storage bracelets.

Chen Xiaobei was not disappointed at all by the leadership of the Apes.

There were thousands of heaven immortal items of all kinds, ranging from one-star to three-star heaven immortal level.

There were also thousands of immortal level elixirs, each with different effects. They were all one-star to three-star heaven immortal level.

Whoosh ... Whoosh ...

Chen Xiaobei did not predict anything. He threw all the resources into the heaven and earth smelt and said, "We're in for it now! The demonic Dragon tribulation can be upgraded to the mid-stage three-star heaven immortal realm!"

"Hurry up! Quick, take a look at the storage Treasures of the three ape Kings! There must be more good stuff!" Six-eared macaque said impatiently.

"Alright!"

Chen Xiaobei grinned and took out the last three storage bracelets.

First of all, the spiritual jades of the three ape Kings had all been used to buy the first love peach. There were less than ten million low-grade spiritual jades in total, which was basically pocket money to Chen Xiaobei.

Of course, even though there were not many spiritual jades, Chen Xiaobei still took back 600 first love peaches!

This amount was not a lot, but it was not a small amount either. It might be useful in the future, or it could be sold to others to make a profit. It was definitely a profit that could not be ignored!

After that, Chen Xiaobei found a total of three heaven-immortal instruments.

The dark Demon Ape King's was a five-star heaven immortal item, while the spiritual bursting flames Monkey King and the great void Ape King both had peak four-star heaven immortal items.

Obviously, these three heaven immortal items were of little value to them, so they didn't use them.

However, to Chen Xiaobei, these three heaven-immortal instruments were enough to upgrade the Dragon's edge to the next level.

as long as I refine these three heaven immortal items at the same time, the demonic Dragon's tribulation can be steadily upgraded to the late stage of four-star heaven immortal realm, or even the peak!

Without hesitation, Chen Xiaobei threw all three heaven-immortal instruments into the heaven and earth furnace and refined them together.

Chapter 3540: ancestor's item

Logically speaking, it would take a five-star heaven immortal item and two peak four-star heaven immortal items to upgrade the Dragon's edge to the peak four-star heaven immortal level. This seemed to be a bad deal.

However, only Chen Xiaobei knew that the Dragon's Edge's special ability, together with some of his own special abilities, could allow him to fight above his level.

In other words, a peak four-star heaven immortal's Dragon's tribulation was enough to defeat a five elements heaven immortal weapon.

The consumption of spiritual Jade for a peak four-star heaven immortal tribulation would be far less than that of a five-star heaven immortal item.

So, to Chen Xiaobei, this was a good deal.

"Let me see if there are any other good things."

Chen Xiaobei continued to check.

Other than the heaven immortal items, the three storage bracelets also contained a large number of heaven immortal items and pills of high grade.

If it were someone else, they would definitely treat these resources as treasures and keep them well.

However, Chen Xiaobei had no use for these Heavenly Divine items and these pills were not as good as the blood Bodhi. He might as well consume them.

Without any hesitation, they were all refined.

with these things, the Dragon's edge will be infinitely close to a five-star heaven immortal artifact. With some more resources, it will be completely stable!

Chen Xiaobei continued to look at it.

The storage bracelets of the great void fighting Ape King and the explosive flame spiritual Monkey King were already completely empty, not even a strand of hair was left.

There was still one special item left in the dark Demon Ape King's storage bracelet.

Chen Xiaobei took it out.

It was a blue jade stone that exuded an extremely pure water attribute.

This jade stone was carved into the shape of a butterfly. It looked very life-like and extremely exquisite.

"A one-star celestial immortal item? Directly refine it!"

Six-eared macaque shrugged, his face full of disapproval.

"No!"

no! Chen Xiaobei shook his head. the value of this thing is even more important than all the resources we have just obtained!

“What?”

Six-eared macaque looked at Chen Xiaobei in disbelief, thinking that he had misheard.

“This is the token of the LAN clan of the wilderness, the Blue Spirit Jade Butterfly! I’ve seen it before in the Yunyi immortal Palace’s assessment space!”

Chen Xiaobei held the blue jade Butterfly in his hands, his face solemn.

That’s right!

Chen Xiaobei had met an ancient genius of the LAN family, LAN bingyan, in the Yunyi Celestial Palace’s assessment space.

Under the man’s guidance, Chen Xiaobei asked LAN Mengcheng to come out. With the help of the Blue Spirit Jade Butterfly, Chen Xiaobei confirmed that LAN Mengcheng had the bloodline of the ancient LAN family.

This bloodline was extremely powerful.

In LAN bingyan’s words, as long as the living beings in the Three Realms were not destroyed, the LAN family would not be destroyed!

Chen Xiaobei found another Blue Spirit Jade Butterfly.

More importantly, if this was just an ordinary one-star immortal item, the dark Demon Ape King wouldn’t even care about it, and it wouldn’t even keep it in its storage bracelet.

From this, it could be seen that this Blue Spirit Jade Butterfly was definitely not simple!

Chen Xiaobei quickly released LAN bingyan and LAN Mengcheng from the verdant Emperor’s divine gourd.

Previously, LAN bingyan had a conflict with Chen Xiaobei and was defeated by him. Only her primordial spirit was left.

LAN Mengcheng, on the other hand, was fine. Under LAN bingyan’s guidance, her cultivation and perception seemed to have improved, and her spirit was very different from before.

Of course, her beauty was still the same as before.

She had an exquisite face, a perfect figure, and an outstanding goddess ‘temperament. In this vast universe, she was even more dazzling than the stars. She was even enough to overshadow the entire Milky Way.

“Xiaobei!”

LAN Mengcheng was overjoyed to see Chen Xiaobei. She could not hide her happiness.

LAN bingyan sighed.

After spending some time with her, LAN bingyan realized that LAN Mengcheng was very talented and was very suitable to practice the LAN family's Secret Arts. She could understand almost all of them with just a little bit of practice.

As an ancient genius, LAN bingyan felt ashamed of her own inferiority. She had sighed a few times that her talent was far inferior to LAN mengchen's.

LAN bingyan saw LAN Mengcheng's attitude towards Chen.

She could only sigh again. The most outstanding female genius of the LAN family had become Chen Xiaobei's woman before she could even show off her talents.

LAN bingyan felt sorry for him.

Of course, for the sake of her most outstanding genius descendant, LAN bingyan could still accept Chen Xiaobei.

After all, Chen Xiaobei had helped her before. Their conflict had been resolved and they could be considered allies.

"Childe Chen! What's the matter?"

LAN bingyan went straight to the point.

"Look at this!"

Chen Xiaobei handed over the Blue Spirit Jade Butterfly and said, "I just got this. There should be something special about it, but I can't see it. Please take a look!"

"This ... This Jade Butterfly is an ancient object!"

LAN bingyan saw through the secret at first glance. She was in shock.

"An ancient item? Could it be that it was even older than the prehistoric times?" Chen Xiaobei asked.

"That's right!"

"If I'm not mistaken, this should be the first Blue Spirit Jade Butterfly created by our LAN family's ancestor!" LAN bingyan said with excitement. At that time, the first immeasurable catastrophe had yet to erupt!"

Oh my God ... Chen Xiaobei exclaimed, "No wonder even the dark Demon Ape King has to carry this Blue Spirit Jade Butterfly with him. It's indeed not an ordinary item!"

Six-eared macaque was confused. The only thing he knew was the LAN family. "You're talking about the LAN family under Hierarch shenghai, the top noble family in the heaven realm?"

"Right! The current head of the LAN family is Hierarch shenghai!" "Is he still alive?" LAN bingyan asked with excitement.

"Uh ... He was still alive before I descended!" Six-eared macaque nodded and said, "now, he should still be alive. After all, he is an important member of the clan of enlightenment. No one in the heaven realm can threaten his safety!"

“That’s great! I knew that the LAN family would not be destroyed!”

LAN bingyan was overjoyed.”Mengchen! Hurry up! Use your bloodline power and see what’s so special about the Blue Spirit Jade Butterfly left behind by our ancestor! If you can ascend to the heaven realm, we can return to the family!”

Obviously, LAN bingyan only had one primordial spirit left and she couldn’t activate her bloodline power anymore. This matter could only be solved by LAN mengchen.

Xiaobei ... but LAN Mengcheng did not listen to LAN bingyan. Instead, she looked at Chen Xiaobei.

Without a doubt, Chen Xiaobei was the most important person in LAN Mengcheng’s heart.

As for the LAN family, no matter how powerful they were, in LAN Mengcheng’s heart, they could only be ranked behind Chen Xiaobei.

let’s see. This might bring you a great opportunity! Chen grinned and placed the Blue Spirit Jade Butterfly in LAN mengchen’s hands.
