Chapter 3551: unreasonable

The thousand-eyed planet was the territory of the great void thousand-eyed race.

The entire planet looked like a huge wilderness.

Yellow soil and dead trees could be seen everywhere, and white bone ruins could be seen everywhere. It gave off an extremely desolate and dilapidated feeling.

However, the strange thing was that the spiritual Qi on this planet was very rich and pure.

On this planet, there was no large city. However, there were countless holes in the ground.

If nothing unexpected happened, the thousand-eye tribe of the great void lived underground.

Xiaobei, look in front! The place with the densest number of underground holes!

I can sense it! Song Qincheng pointed to the distance and said, "the fifth orb is right there!

"This doesn't make sense ..."

what?" Chen Xiaobei furrowed his brows. "The previous planets absorbed the spiritual Qi and essence of the planet's resources. Why is the spiritual Qi so thick on this planet?"

also, the caves ahead are very dense. It's not hard to see that there must be many great void thousand-eye tribe living in that area. Won't they be hurt by the Pearl?"

Obviously, Chen Xiaobei's question was very thought-provoking and inexplicable.

I don't know the exact situation ... But to obtain the orb, we have to go deep underground! Song Qincheng looked at the hole in front of her, her beautiful eyes unblinking. She was very sure.

"We can't act rashly on this matter!"

Six-eared macaque had always been impulsive, but he was very cautious. "We've already entered the middle level of the great void universe. Any mistake and we'll encounter an enemy we can't resist! You'll attract a fatal disaster!"

of course I know that, but we should at least take the first step! Chen Xiaobei walked forward.

Six-eared macaque and Song Qincheng looked at each other. Without any hesitation, they followed.

Indeed, it was better to take a step forward, encounter a problem, and then solve the problem than to stay in the same place and do nothing.

Chen Xiaobei walked to the hole that was closest to the orb and said, "I'll go down first. You guys stay a safe distance away from me and follow behind me!

Song Qincheng and six-eared macaque were hesitant, but they still had to listen to Chen Xiaobei.

Soon after.

Chen Xiaobei led the way into the hole. About half a minute later, Song Qincheng and six-eared macaque followed.

It was very dark in the cave, and there was only a small oil lamp every few dozen meters. People with bad eyesight would find it difficult to move.

“Who’s there? He actually dared to specialize in the Imperial City! Don’t you know that it’s a capital crime?”

Not long after he entered the underground cave, a furious roar came from the dark cave.

As soon as he finished speaking, two soldiers with Strange Bodies charged at Chen Xiaobei.

The upper bodies of these two soldiers were already human-shaped, but their lower bodies were like centipedes. They had flat insect bodies and hundreds of densely packed legs.

What was even stranger was that their bodies were covered in eyeballs. From their necks, their bodies, hands, and backs, they were all full of eyeballs. There were probably no less than a thousand eyes.

If someone with trypophobia were to see them, they would probably be disgusted to the point of having goosebumps all over their body.

That’s right!

This was the great void thousand eye clan!

“We are passing through this place and don’t know your country’s rules!”

Chen Xiaobei was very calm, and said politely, “If we’ve done anything wrong, please forgive us!”

“Forgive your mother! Where did this trash come from? You’re just an eight-star earth-god ant, how dare you talk to us?”

The two thousand-eyed soldiers were not only rude, but they were also cursing and looking down on Chen Xiaobei.

However, this was not strange.

Chen Xiaobei’s cultivation was only at the peak of an eight-star earth-god, while the two soldiers were one-star advanced heaven Immortals. It was only natural that they did not take Chen Xiaobei seriously.

Chen Xiaobei did not want to cause any trouble, so he took a step back and said, “I don’t mean to offend you, but I just want to ask, is this hole leading to your country’s Imperial City? If the restriction enters, we’ll just retreat!”

“Do you have the right to ask? If you don’t get out of here in three seconds, I’ll make sure you get out lying down!” One of the stronger soldiers raised a long scythe and threatened.

“If you don’t answer in three seconds, I’ll make you lie down first!” Chen Xiaobei’s eyes narrowed and his aura turned cold.

In the face of unreasonable people, the more tolerant you are, the less they will take you seriously.

The best way to deal with such people was to use your fists!

There was no need to talk about reason. Power was the absolute truth.

“Numbed! You little trash, your cultivation base is pitifully weak, but your tone is so big! If I don’t kill you today, wouldn’t any Tom, Dick, or Harry dare to invade my thousand eyes Imperial City in the future?”

The burly soldier raised his scythe and charged at Chen Xiaobei.

“Whoosh ...”

The burly soldier activated his celestial core power and pointed the scythe at Chen Xiaobei’s dantian!

He was really going to take Chen Xiaobei’s life and had no intention of showing any mercy.

If it had been any other eight-star earth level deity, they would have been cut in half by the scythe in an instant. Their physical bodies, Dharma bodies, nascent souls, and primordial spirits would have been completely destroyed.

Unfortunately, the person standing here was Chen Xiaobei!

“Whoosh!”

Chen Xiaobei took a step forward and his body shot out like a bolt of lightning. His speed was a hundred times faster than the burly soldier’s.

“Pa!!!”

The muscular thousand-eyed warrior didn’t even see what had happened. He only heard a crisp sound exploding in his face!

“Argh ...”

The muscular thousand-eyed warrior was suddenly sent flying and smashed into the wall of the tunnel.

The huge impact shattered the rock wall and even spread a crack that was dozens of meters long.

“Ugh ... Pfft ...”

The muscular thousand-eyed warrior’s neck twisted, and his teeth and blood spurted out everywhere. All one thousand of his eyes rolled back into his dead fish eyes, and he fainted on the spot.

On his cheek, there was an exceptionally clear dark purple palm print at the spot where the crisp sound had exploded.

That’s right!

Chen Xiaobei had just slapped him across the face, causing him to pass out!

However, Chen Xiaobei was too fast for him to notice.

“Hiss ...”

Beside him, the thinner thousand-eyed warrior gasped in shock. His face was filled with horror. It was obvious that he didn’t see what had happened either.

They couldn't believe that an eight-star earth-god could kill a one-star heaven immortal in seconds.

This was simply inconceivable, and it was countless times more magical than a fantasy story!

"You still have two seconds!" Chen Xiaobei looked at him indifferently.

"Speak! I say! I'll tell you everything!" The weaker soldier nodded his head vigorously. He looked at Chen Xiaobei as if he was looking at a demon.

Chapter 3552: I'll fulfill your wish

Chen Xiaobei's physical strength had already reached the late-stage two-star heaven immortal realm. Even without the support of his celestial core power, the power of his physical strength had already exceeded the power of an early two-star heaven immortal.

Such a terrifying power was enough to easily kill the two guards.

Because of that, the weaker soldier was scared out of his wits. He did not dare to disobey Chen Xiaobei.

tell me, does The Thousand Eyes Imperial City not allow outsiders to enter?" Chen Xiaobei asked.

"Not really ..."

The soldier swallowed his saliva and said awkwardly, " actually, anyone can enter The Thousand Eyes Imperial City. It's just that you're too weak, so we're deliberately making things difficult for you ...

"Heh, it seems that he didn't suffer that slap for nothing!" Chen Xiaobei said coldly.

it's ... It's all our fault ... Please forgive us and let us go ... the soldier was so scared that he almost peed himself.

"Is there a Nine Star deity Pearl in your Imperial City?" Chen Xiaobei asked.

"You ... How did you know?" The soldier was dumbfounded. He swallowed his saliva again and said awkwardly, " This is our taboo! Although everyone knows about the existence of that Pearl, it is absolutely forbidden to mention it!"

"Why can't I?" Chen Xiaobei asked.

"This ..."

The soldier hesitated, but when he felt the cold pressure from Chen Xiaobei, he had no choice but to tell the truth, " because that Pearl can nourish the spiritual vein under the Imperial City and bring endless rich spiritual Qi to our clan!

"That's why everyone in my clan regards that precious pearl as a vital Foundation, and it's strictly forbidden to mention it to outsiders, in case it attracts outsiders to snatch it! This is an unwritten rule of our clan, and everyone has to abide by it!"

Chen Xiaobei was even more confused.

The orbs he had found before were constantly devouring energy, but this one was constantly releasing energy.

No!

It was wrong!

He did not seem to have heard the Emperor of the black nightmare of the great void mention that the Shennong treasure Pearl could absorb energy!

From the looks of it, not all orbs could absorb energy. Some should absorb it, some would not, and some would even release energy in reverse.

This was really strange. With the clues that Chen Xiaobei had, he could not explain it at all.

However, this was not important.

The most important thing was to keep the fifth orb as soon as possible.

However, it was obvious that this was not a simple matter!

After all, the entire great void thousand-eyed race regarded this Pearl as the foundation of their entire race!

Cutting off one's path to wealth was like killing one's parents!

If Chen Xiaobei took the orb away, he would cut off the spiritual Qi source of the entire planet.

If he didn't handle it well, it would be equivalent to declaring war on the entire thousand-eye tribe.

Large-scale killing was inevitable, and Chen Xiaobei might even be deducted a large amount of merit points. After all, it was someone else's thing, and if he wanted to steal it, he would be the bad guy!

More importantly, even if Chen Xiaobei did not care about the merit points and fought to the death, he might not be able to win!

Don't forget that this was the middle level of the great void universe!

The danger here was far greater than that of Neptune, which was ruled by the Emperor of the black nightmare realm!

Barging in and snatching by force was definitely not going to work.

what's happening here?!

Right at this moment, an extremely dignified voice came from the depths of the cave.

They looked toward the source of the voice, and an awe-inspiring thousand-eye general in black armor was walking toward them.

His body was closer to a human's, and he had grown two legs, so he could walk.

Correspondingly, his cultivation level was also much higher than the Guard's. He had reached the three-star heaven immortal level.

Behind him, there were more than a hundred black-armored warriors. They were arranged in an orderly formation, and their steps were uniform. They were well-trained, and their cultivation and combat strength had all reached the two-star heaven immortal realm.

It was obvious that the guards were just minions.

And this general was leading the true elite soldiers of the thousand-eyed race.

“General Shang! General Shang! This kid is an invader!”

At this time, the thin guard changed his attitude and said, “This brat wants to force his way into the Imperial City. We’re just asking him what he wants to do in the city. In the end, he didn’t say a word and just attacked! Look! General Shang, look! Our brothers have been beaten to a pulp!”

“Sure!” Chen Xiaobei’s eyes narrowed and he said coldly, “I didn’t expect you to change your attitude faster than turning the pages of a book!”

Obviously, this guard was trying to frame Chen Xiaobei.

According to the rules of The Thousand Eyes Imperial City, anyone could enter the Imperial City.

It was the two guards who had tried to make things difficult for Chen Xiaobei and even tried to kill him. That was why Chen Xiaobei had knocked one of them unconscious.

However, the remaining minion turned around and accused Chen Xiaobei of being unreasonable and attacking him.

They were clearly trying to kill Chen Xiaobei with the general’s support!

“Little brat! Who are you? Do you have a grudge against the thousand-eyed clan? Why did you attack without reason?”

The Shang general believed the minion and roared at Chen Xiaobei.

Chen Xiaobei replied, “I have no enmity with the thousand-eyed clan. The reason I attacked was because your guard dog was biting people randomly and almost took my life!

“Is that so?” General Shang looked at the minion.

“No, it’s not!”

The minion was determined to kill Chen Xiaobei, “It was clearly this brat who attacked first. We didn’t attack him at all, and we didn’t offend him! General Shang, you must seek justice for me!”

“Clang”

The Shang general drew out a scimitar and pointed it at Chen Xiaobei. “Kid, I will definitely trust my clansmen! If you don’t want to die, kneel down and admit your mistake, and compensate one million lower-class spiritual jade pieces! Otherwise, you will pay with your life!”

The minion’s face immediately broke into a smug smile. He looked at Chen Xiaobei provocatively, as if he was mocking Chen Xiaobei for being played in his hands.

“You know what? I hate it when people slander me!” Chen Xiaobei’s eyes were cold and murderous.

“Slander?” you were the one who injured him,” general Shang said coldly. the truth is right in front of you. Do you still deny it? ”

“This little minion slandered me and wanted to kill me, so it’s only natural for me to kill him! If you want to kill me without distinguishing right from wrong, then I can kill you too!”

Chen Xiaobei said, ” “If your entire clan can’t distinguish between right and wrong, then I can exterminate your entire clan!”

what did you just say?! General Shang’s face turned cold.

“Clang! Clang! At the same time, the 100 elite warriors behind him also drew their sabers.

“The heavens are watching!”

Chen Xiaobei slowly took out the Dragon’s edge and said coldly, ” “Since you all want to die, I’ll fulfill your wish!”

Chapter 3553: How to deal with it

3553 How to deal with it

“You little brat! What big words you have! He had made a mistake first, yet he still dared to speak such arrogant words! If we don’t take care of you today, where will our thousand-eye clan put our face?”

The minion shouted at the top of his lungs, deliberately fanning the flames to further enrage the Shang general and the elite soldiers.

They were already very unhappy with Chen Xiaobei’s attitude, and now that it concerned the reputation of their entire clan, they were even more furious.

“Little bastard! Die!”

The Shang general took the lead and rushed forward. He raised the scimitar in his hand and instantly circulated the power of a three-star heaven immortal.

Even though he thought that Chen Xiaobei was only an eight-star earth-god. However, since Chen Xiaobei was able to knock out the guards, it meant that he had gained his strength.

Therefore, general Shang did not underestimate Chen Xiaobei. In fact, he was certain that Chen Xiaobei was a hidden master.

“Whoosh ...”

That was why the Shang general had channeled his ethereal force to the maximum without holding back or underestimating his opponent.

“Shua shua ... Shua shua ...”

At the same time, the one hundred elite soldiers charged at Chen Xiaobei in an attempt to surround him so that he had no way to escape.

To these soldiers, even if Chen Xiaobei had hidden his true strength, he would not be a match for general Shang. So, they had to be prepared in case Chen Xiaobei ran away in defeat.

“That’s great! Kill him! Kill that brat!”

Seeing this, the underling was so happy that he looked at Chen Xiaobei with a smug expression, as if he was saying, “aren’t you very powerful?” Aren’t you very pretentious? In the end, you’re still being toyed around by a small fry like me, you’re so stupid!

Mockery!

It was a blatant mockery!

At that moment, the minion was certain that he had killed Chen Xiaobei. He was very proud of his plan.

However, that underling would never have thought that his little trick would completely harm their thousand-eyed clan.

“Demon Dragon! “Extinction!”

Chen Xiaobei was expressionless as he swung his saber.

In an instant, ten million lower spiritual jades were completely burned out, unleashing the power of a peak four-star heaven immortal.

“Woah! Boom ... Boom ...”

A jet-black blade aura surged out and suddenly transformed into the dark Dragon Phoenix.

At the same time, the surroundings of the Obsidian Dragon Emperor were enveloped by the Nirvana Black Thunder. Its aura was extremely overbearing, as if it was going to crack the earth and tear the sky apart. It was extremely terrifying.

how ... How is this possible?!

Seeing this, general Shang screamed, and so did the hundred elite soldiers. The minion was so scared that his face turned pale and his heart tightened that he peed all over his crotch.

“Creak ...”

With the power of a peak four-star heaven immortal, the speed was so fast that they could not react at all.

The scream had just been let out when the Black Dragon-Phoenix phenomenon had already torn the minion into pieces.

“Ah ... Argh ... Pfft ...”

Then, the Black Dragon-Phoenix Energy construct crushed the general’s body. He could not even resist.

The scimitar in his hand was broken and the armor on his body was also shattered. Then, his physical body, dharma body, and nascent soul were all destroyed by the black Thunder of Nirvana.

The one hundred thousand-eyed elite soldiers even blocked the attack with force. Their eyes and mouths were wide open in shock, and their world views were shattered.

Just a second ago, they were trying to surround Chen Xiaobei and prevent him from escaping.

All of them turned around and ran, not even daring to look back at Chen Xiaobei! I definitely wouldn't dare!

Swoosh ... Swoosh ... Swoosh ...

However, Chen Xiaobei did not plan to let them go.

The dark Dragon-Phoenix Dharma power continued to rush forward. Wherever it passed, the hundred elite warriors were crushed into pieces like tofu. Not even a little bit of the Dharma bodies and nascent souls were left.

One blade!

Chen Xiaobei had only used one attack, and it had not taken more than three seconds.

The enemies who were so aggressive just now were now only left with 102 primordial spirits, who were desperately fleeing into the depths of the cave.

If not for Chen Xiaobei's inability to activate his celestial core power, they would have been dead by now.

"Bro bei! What happened here?"

Then, six-eared macaque and song Qincheng rushed over and looked at Chen Xiaobei worriedly.

"Get ready to fight the thousand-eyed clan!"

Chen Xiaobei's eyes were still cold and murderous.

The minion had slandered Chen Xiaobei and wanted to kill him.

This was evil. If the thousand-eyed clan did not distinguish between right and wrong and declared war on Chen Xiaobei, then the entire thousand-eyed clan would become accomplices of the evil.

If that really happened, even if Chen Xiaobei annihilated the thousand-eyed clan, not a single merit point would be deducted. In fact, he might even gain a lot of merit points.

start ... Start a war!?

Song Qincheng and six-eared macaque were both shocked. They could not believe their ears.

bro bei, are you kidding me? " Six-eared macaque frowned and said, " the thousand-eye clan is more powerful than the ocean Imperial tribe. This is their trump card. We have no chance of winning!

"Xiaobei! You can't be rash about this!" no matter what happened just now, " song Qincheng said hurriedly. let's get out of here right now. We'll think about it later!

“Don’t be nervous!”

Although Chen Xiaobei was filled with killing intent, he did not lose his calm. do you think I’m going to die because of my impulsiveness? ”

“No! Bro bei would never act rashly!” Six-eared macaque knew Chen Xiaobei very well.

Song Qincheng understood the situation better and immediately responded, ” Xiaobei, do you already have a way to deal with the thousand-eyed clan? ”

“That’s right!”

I just killed a lot of the thousand-eyed people. They were hiding in the dark underground. The thousand-eyed people who haven’t fully transformed have flat shells covering their lower bodies. They also have hundreds of feet!

what ... What does this mean?! Six-eared macaque was taken aback. “Could it be that their form is related to the method used to deal with them?”

“I got it!” Song Qincheng raised her eyebrows, her beautiful eyes were filled with wisdom. their original form should be an extremely special centipede!

“That’s right!” Chen Xiaobei nodded. He was so confident that he felt like he had everything under control.

“Can you make yourselves clear? Don’t keep me in suspense! I’m so anxious!” Six-eared macaque scratched his head anxiously. He had no idea how Chen Xiaobei was going to deal with the thousand-eyed clan.

“Boom boom boom ... Boom boom boom ...”

At this moment, a huge commotion came from the depths of the cave.

It was obvious that more and more powerful enemies were gathering and could attack at any time.

[Red Envelope Group of the Three Realms](#)

Chapter 3554: saber breaks through an Army of ten thousand

“Go! We’ll go down directly!”

Chen Xiaobei was not afraid of the enemies at all. With the Dragon’s edge in his hand, he ran into the deepest part of the cave.

Song Qincheng and six-eared macaque followed.

Soon, the three of them arrived at the end of the tunnel.

A huge underground city appeared in front of them. It was three times the size of ocean Imperial City.

Chen Xiaobei had a feeling that the entire planet’s underground had been dug through by the thousand-eyed race. The surface area of this underground city was probably the same as a medium-sized planet in the great void universe.

One could only imagine how huge it was!

At this moment, tens of thousands of two-star heaven immortal elite soldiers were quickly gathering.

At the front of the troops, there were more than a dozen people who looked like generals. They were rubbing their fists and wiping their palms, wanting to charge out and kill.

Of course, they didn't attack rashly. On the one hand, they were waiting for the Army to gather. On the other hand, they were waiting for a more powerful commander to come.

After all, general Shang only had a primordial spirit left, and he had already told them that Chen Xiaobei had a peak four-star heavenly immortal grade black saber.

Because of this, at this moment, these ten over people didn't dare to underestimate the enemy.

Even though tens of thousands of elite soldiers could form a powerful battle formation, they did not rashly enter the beginner level.

They thought that since Chen Xiaobei had a peak four-star heaven-immortal instrument, he might have other trump cards. It was too risky to attack now.

However, as long as they waited for their commander to arrive, their plan would not be in any danger. They would be able to take down Chen Xiaobei.

However, what they did not expect was that Chen Xiaobei did not wait there. Instead, he went straight into the buried city.

Since the tunnel was above the buried city, Chen Xiaobei and the others were all in the air when they came out.

There was nothing to hide them from the primordial spirits that were running away, and they immediately noticed Chen Xiaobei and the others.

"That kid! He was the one who destroyed our physical avatars! Revenge! Attack! All troops, attack!"

"Kill him! Kill this damn little bastard!"

"He must die! Otherwise, how can we, the thousand-eyed clan, maintain our dignity?"

Those primordial spirits let out waves of roars. Anger and hatred caused them to almost go crazy and shout hysterically.

Very quickly, the citizens of the underground city were attracted over.

Tens of thousands, hundreds of thousands, tens of millions ... All of them were gathered below, and their eyes were all locked on Chen Xiaobei.

Of course, the Army was not idle either.

The dozens of generals and 30000 elite soldiers all surrounded this side.

"Little bastard! There's a path to heaven, but you refuse to take it! There's no Door to Hell, yet you barged in! You really don't know what's good for you!"

One of the generals who had the highest cultivation, a peak four-star sky immortal, stood out and glared at Chen Xiaobei. His murderous aura was like a mountain that was about to engulf Chen Xiaobei.

“Cut the crap!”

Chen Xiaobei’s face was expressionless, but his dark eyes were filled with disdain. you’re not my match. Go back and call your ruler out!

“What? What capabilities do you have to be qualified to meet our thousand-eyed spiritual Emperor?”

The general with the highest cultivation base was instantly enraged. He bared his teeth and roared, “I advise you to surrender and admit your mistake immediately! Otherwise, I’ll make sure you die without a proper burial!”

“I’ve said it before, you guys are not my match!”

Chen Xiaobei said, “Of course, if you insist on fighting, I don’t mind killing you!”

“F * ck! You’re really too arrogant!”

The general flew into a rage and shouted, “All of you, form the” great void thousand eyes killing formation “! There’s no need to wait for the commander to come, we’ll just kill him!”

“Yes, sir!”

The thirty thousand elite soldiers shouted in unison, their aura extremely powerful. It could be seen that they must have been well-trained.

“Shua shua ... Shua shua ...”

As expected, the 30000 soldiers immediately took action. Their cooperation was extremely tacit, and in less than half a minute, they had formed a large battle formation.

Of course, in a battle between experts, half a minute was enough to make them die without a burial ground.

Chen Xiaobei did not attack them on purpose, allowing them to form a battle formation.

The reason was simple.

Tens of millions of people were watching. If Chen Xiaobei could win, he would be able to intimidate everyone.

On the other hand, if Chen Xiaobei attacked before his opponents formed their formation, it would make him look like a coward. Even if he won, the people would not be convinced.

In this situation, if the people were completely submissive, Chen Xiaobei would not have to kill them.

But if the people were not convinced and went against Chen Xiaobei, then the only solution was to create a bloody storm.

At the end of the day, Chen Xiaobei did not want to kill the innocent.

Therefore, he would rather spend more effort to intimidate the crowd.

boom boom boom ... Boom boom boom ...

Very quickly, the battle formation was already in operation.

Everyone's celestial core power accumulated and formed a giant thousand-eyed centipede Dharma power that was 100000 meters long.

Such a huge Dharma idol was comparable to a real Dragon!

The power was terrifying and the power was extremely powerful!

It must be known that at this moment, it was not just the 20000 elite soldiers who were contributing, even the dozen or so generals with higher cultivation bases were also involved.

The general that Chen Xiaobei was talking to was a peak four-star sky immortal.

In addition to the support of the other generals and the entire battle formation, the power that they could unleash could be said to be infinitely close to the level of an early five-star heaven immortal!

Logically speaking, Chen Xiaobei's weapon was only at the pinnacle of a four-star sky-immortal level. Once they crossed swords, he would be completely suppressed.

Therefore, the general thought that unless Chen Xiaobei had another trump card, he would not be able to withstand the power of the battle formation with just the black saber. He would definitely be defeated and die without a burial!

It was obvious that the general's plan was very reasonable.

Unfortunately, the black saber in Chen Xiaobei's hand was not an ordinary magical weapon. It was a divine weapon that could make anyone of the same grade as him invincible!

"Swish!"

Chen Xiaobei swung his sword again, and another ten million low-grade spiritual Jade was burned up.

In an instant, the Black Dragon-Phoenix Energy construct brought with it a web of lightning formed from countless Black Lightning of destruction as it lunged toward the gigantic thousand-eyed centipede energy construct!

"What? CAW!"

Immediately after, the two spells suddenly intertwined and began a close combat.

In terms of power, the dark Dragon-Phoenix celestial appearance was almost on par with the thousand-eyed centipede celestial appearance. It was clear that the power of the demonic Dragon's tribulation itself was already superior to other powers of the same realm.

However!

In addition to its powerful body, the Dragon's Edge's special ability was its greatest trump card!

creak!!!

The thousand-eyed centipede's strength was greatly reduced by the black Thunder of destruction!

With an explosive sound, the 100000-meter long centipede was completely torn into two by the darkness Dragon Emperor!

The outcome of the battle was decided in an instant!

[Red Envelope Group of the Three Realms](#)

Chapter 3555: Prince Qian Mu

3555 Prince Qian Mu

The thousand-eyed centipede's Dharma form was torn apart, which meant that the formation formed by the dozen generals and 30000 soldiers had been completely broken.

“Roar!”

With the roar of the dark Dragon-Phoenix, the slaughter had officially begun!

The dragon's claws danced wildly and its tail whistled. Wherever it passed, those below the four-star heaven immortal realm would have their physical bodies and dharmakayas destroyed, leaving only their primordial spirits to flee.

As for those who were four-star heaven Immortals and above, most of them were struck by the black Thunder of Nirvana. Then, the dragon's head came and bit them one by one, as if chewing on candy, directly crushing their physical bodies and Dharma bodies.

In just a dozen seconds, all of the 30000 soldiers were reduced to primordial spirits.

They were like a group of pitiful ants that could do nothing but run away.

Shocking!

Endless shock exploded in an instant!

“It's too terrifying ... How could the black blade be so powerful? It's clearly a peak four-star heaven immortal artifact. How can it be so powerful?”

“Who is that kid? Why did he have that black blade? Such a heaven-defying divine weapon should not belong to this world!”

“That kid's identity is definitely not simple! Everyone, please don't offend him! Otherwise, we'll be in deep trouble!”

All of a sudden, the hearts of the people watching were all hit by a nuclear explosion that was 100000 times stronger.

Their eyes were still on Chen Xiaobei.

However, the contempt and mockery from before had been swept away.

What replaced it was the most extreme respect, as if he was looking at a high and mighty God, and absolutely did not dare to offend him in the slightest.

help ... Your Highness!

“Your Highness! You’re the most powerful person after his Majesty, the spirit Emperor! You have to take action personally! Otherwise, no one will be able to suppress this kid!”

“Your Highness! Hurry up! Quickly come over!”

At the same time, the essence spirits that were running away frantically were calling out to their Crown Prince.

It was obvious that this Crown Prince of the thousand-eyed clan was extremely powerful. He was probably the commander of the army that everyone had been waiting for.

To the crowd, Chen Xiaobei’s arrogance would come to an end with the appearance of the Crown Prince.

“Swish!”

Finally, under the crowd’s cries, a golden figure stepped through the air and appeared in front of Chen Xiaobei and the others.

This was a very young and handsome man. He wore a set of golden robes and had already transformed into a human. He had no insect armor on his body and no extra eyes.

“It’s His Highness the Crown Prince! That’s great! His Highness was here! That kid’s death is here!”

All of a sudden, the primordial spirits stopped running. They stopped and looked around, waiting for their Crown Prince to kill Chen Xiaobei.

“Long live the Crown Prince! Long live! Long live ...”

At the same time, the tens of millions of people who were watching also revealed looks of admiration and kept on cheering.

From this, it could be seen that this Crown Prince must be extremely powerful.

The Army’s support and the People’s worship were not things that ordinary people could do.

“Alright, that’s enough!”

The thousand-eyed Crown Prince gently waved his hand, a hint of annoyance in his eyes.

In an instant, whether it was the surrounding primordial spirits or the spectating commoners, all of them fell silent.

It was obvious that this Crown Prince had extremely high authority in the thousand-eyed clan, and was even extremely overbearing.

Other than the thousand-eyed spiritual Emperor, no one would dare to go against his will.

“Little brat! Do you know what will happen to you?”

The thousand-eyed Crown Prince squinted his eyes and raised his chin high. His posture was extremely arrogant, and his tone was extremely contemptuous.

“I know.” Chen Xiaobei shrugged, his tone calm.

“Since you know, why don’t you kneel down and beg for this Prince’s forgiveness?” The thousand-eyed Crown Prince asked coldly.

Obviously, the thousand-eyed Crown Prince was very confident in his own power. He thought that he had Chen Xiaobei in the palm of his hand, and that he could easily make Chen Xiaobei suffer.

Since Chen Xiaobei knew all of this, he should have knelt on the ground and begged for forgiveness like a dog.

“You might have misunderstood!”

However, Chen Xiaobei smiled evilly and said, “ my final outcome will be for your old man to kneel in front of me, apologize to me, and satisfy all my requests!

“What?”

It was as if a hundred million nuclear bombs had exploded at the scene.

“Are you crazy?”

The thousand-eyed crown prince’s face instantly twisted in a sinister manner. He bared his teeth and said fiercely, “You’re going to die in my hands! You actually dare to insult my father! Are you trying to court death?”

At the same time, the surrounding people were stunned at first, then they all exclaimed, shouted, and even cursed.

“At first, I only thought that the kid was young and frivolous! Now, it seemed that he was a complete lunatic! He can actually say such crazy and stupid words!”

“You want His Majesty the spirit Emperor to kneel and apologize? That kid was really crazy! He probably didn’t know that His Majesty the spirit Emperor was a six-star heaven immortal! I can crush him eight hundred times with one finger!”

“He has successfully angered His Highness the Crown Prince! This was the legendary fancy courting death! I dare to bet! His Highness the Crown Prince will definitely ruthlessly torture him, making him wish he was dead!”

For a moment, almost all the eyes were filled with contempt and anger, as if they were looking at a super pretentious criminal who was about to be struck to death by lightning.

To make the thousand-eye spirit Emperor kneel and apologize in the thousand-eye clan’s territory!

This was no longer a slap to the face of the thousand-eye clan. It was a slap to the face of the entire thousand-eye clan! Ruthlessly rubbing!

This act was simply a negative score!

The thousand-eyed people weren’t the only ones who couldn’t stand it. Even six-eared macaque was nervous.

After all, six-eared macaque still did not know how Chen Xiaobei was going to deal with the thousand-eyed clan.

Of course, song Qincheng already knew what Chen Xiaobei was thinking. So, she had a relaxed smile on her face, not worried at all.

“Whoosh ...”

At the same time, the thousand-eyed Crown Prince suddenly raised his arms, and a string of Golden Buddha beads appeared behind his head.

The Buddha bead itself was an early five-star heaven immortal artifact, but it had already become the Qian Mu crown prince’s Natal magic treasure.

When the power of the magical treasure was used on the thousand-eyed Crown Prince, it could greatly increase his cultivation.

“Boom boom boom ...”

At the same time, the thousand-eyed crown prince’s celestial core power had already been activated. He had already reached the early stage of five-star heaven immortal realm.

With the help of his Natal Dharma Treasure, his strength was increased by 50%!

In other words, in this state, the six-eared macaque would be completely crushed by the thousand-eyed Crown Prince.

As for the demonic Dragon’s edge, it was a major realm away from the thousand-eyed Crown Prince.

This battle seemed to have lost its suspense!

“Whoosh!”

But Chen Xiaobei’s Dharmakaya appeared out of nowhere and faced the enemy with his saber. He was not afraid at all.

Chapter 3556: cross-level battle

“What ... What is that? A Dharmakaya?”

The thousand-eyed Crown Prince was stunned for a moment. He was shocked and even stopped his attacks.

“My God ... How can there be such a strange Dharmakaya in this world? Was it Buddha? Was it a demon? Was it a Dragon? A Phoenix? And what’s that dark aura?”

At the same time, the tens of millions of people who were watching the scene also let out an incredulous exclamation.

They had never seen or heard of such a strange Dharma.

Buddha and demon in the same body, with ten wings on the back!

There was a dark halo floating behind the head of the Dharma body, emitting black spiritual light. The entire dharma body seemed to be plated with a layer of Black Gold!

What was even cooler was that behind the Dharmakaya, there were two spiritual shadows of a Golden Dragon and a fire Phoenix. They were flickering as if they were breathing. It was simply too cool!

“Cut the crap! Get your old man out here! Otherwise, don’t blame me for using you as a sacrifice!”

Chen Xiaobei did not want to waste his time talking to his opponent. His blood was boiling, and his will to fight rose. The ten-winged Buddhist demon raised his sword and charged forward.

“F * ck! Wasn’t it just a Dharmakaya that didn’t look like anything? What’s the big deal? Do you really think you are this Prince’s opponent?”

The thousand-eyed Crown Prince composed himself, and the celestial core power in his body began to circulate again.

There was no doubt that Chen Xiaobei’s cultivation was not worth mentioning to the thousand-eyed Crown Prince. His only opponent was the Dragon’s edge.

The Dragon’s edge was only a peak four-star heaven immortal, one realm lower than the thousand-eyed Crown Prince.

Furthermore, the thousand-eyed Crown Prince had a Natal Dharma Treasure, which increased his combat power by more than 50%. Even the six-eared macaque was no match for him.

There was no reason for the thousand-eyed Crown Prince to lose this battle! He would not be afraid of Chen Xiaobei at all.

Since Chen Xiaobei was so aggressive, the thousand-eyed Crown Prince did not want to waste any more time and accepted the challenge!

thousand-eye dark net!!!

Following the thousand-eyed crown prince’s furious roar, a gray celestial core power suddenly erupted from his body. It was like a wave that reached the sky, instantly covering an area of tens of thousands of meters.

In this dark domain, countless pairs of golden eyes appeared.

Each of its eyes contained extremely strong celestial core power, as if it could kill countless lives with a single look.

whoosh ... Whoosh ... Whoosh ...

Then, the countless golden eyes burst out with dazzling spiritual light. Like thousands of sharp swords, they slashed at the ten-winged Buddhist demon.

Seeing this scene, everyone in the surroundings couldn’t help but exclaim.

“His Highness the Crown Prince is really too strong! This move is enough to kill an ordinary five-star heaven immortal. That kid is dead for sure!”

“Is there a need to say this? Our Crown Prince is a super genius of the thousand-eyed clan that only appears once in a billion years! He was the most powerful person after his Majesty, the spirit Emperor! Killing that brat is easier than crushing a bug!”

“Long live the Crown Prince! Long live! Long live ...”

The crowd was in an uproar. They looked at the thousand-eyed Crown Prince with endless admiration and respect.

In this world, the strong were respected.

The thousand-eyed Crown Prince had established an extremely high image in the hearts of the people with his super strength, and his status was only second to the thousand-eyed spiritual Emperor.

“This guy is so strong!”

Six-eared macaque was frowning and gulping. He was worried for Chen Xiaobei. even I would be defeated by such a terrifying killing move. I wonder if bro bei can withstand it ...

“Definitely! We have to believe in Xiao bei!” Song Qincheng’s face was filled with worry.

Even though her rationality told her that it was impossible to fight a higher level opponent, her intuition told her that Chen Xiaobei could do it and would not disappoint her.

She had absolute trust in Chen Xiaobei!

“Nirvana heavenly net!”

At the same time, Chen Xiaobei had already made his response.

As he waved the demonic dragon apocalypse, the millions of lower spiritual jades were burned out for the third time.

Swoosh ... Swoosh ...

The next moment, countless Nirvana Black Lightning bolts exploded and formed a huge net of Black Lightning above Chen Xiaobei’s head.

“Woof! Buzzzzzz! Yi ...”

This net of lightning was unable to block the sword rays that exploded from the golden eyes.

However, as the sword gleam pierced through the net of Black Lightning, its power was reduced by 30%.

this Black Lightning is too heaven-defying!?

The thousand-eyed Crown Prince was shocked, and his gaze immediately locked onto the Dragon’s edge.

This kind of powerful special ability was extremely rare. Even in the entire great void universe, there might not be a second one like this.

“What a pity! It’s a good saber, but its owner is trash!”

The thousand-eyed Crown Prince could not help but sneer. even if the black Lightning has weakened 30% of my power, the remaining power is still enough to crush you into dust!

It was clear that even though the thousand-eyed dark Luo's power had been reduced by thirty percent, it was still stronger than the six-eared macaque! It was more than enough to kill Chen Xiaobei!

black hole eternal devouring!!!

However, Chen Xiaobei had not revealed all of his trump cards.

With a furious roar, the dark halo behind ten-winged Buddhist demon body suddenly expanded and quickly evolved into a black hole of the universe.

“Woof! Buzzzzzz! Yi ...”

At the same time, Chen Xiaobei's cultivation was too weak, so the black hole could not block the sword rays.

However, after the sword ray passed through the black hole, it was weakened by another 30%.

As a result, the 50% increase in power that the Natal Dharma Treasure gave the thousand-eyed Crown Prince was completely reduced. Furthermore, the thousand-eyed crown prince's own power was also reduced by 10%.

In other words, the golden sword light that surrounded Chen Xiaobei was weaker than that of an ordinary five-star heaven immortal.

As long as the power of the sword ray was lower than this level, the Dragon's edge would be invincible!

“Demon Dragon! Sweep across all directions!”

When Chen Xiaobei growled again, the situation had been completely reversed!

“Clang!!!”

As the blade swept across, the Black Dragon-Phoenix Energy construct burst forth. With its huge body, it crushed the countless sword radiances around it!

Taking it one step further, the darkness Dragon Emperor completely tore apart the immortal essence domain formed by the countless golden eyeballs.

In this confrontation, the demonic Dragon tribulation had won!

how ... How is this possible?!

The thousand-eyed crown prince's eyes almost popped out of their sockets from shock. Even if he had a hundred million more brains, he would never have expected that he would fail.

He wasn't prepared for this outcome at all. He didn't even have the slightest intention of defending.

However, Chen Xiaobei had already thought of a plan!

The fourth time he burned out ten million lower spiritual jades, he immediately slashed out the second Dark Dragon Phoenix!

This time, Chen Xiaobei had also activated his Dharmakaya's special ability!

“Clang!!!”

The shadow of a Golden Dragon and the shadow of a fire Phoenix appeared around the terrifying blade Qi of the Black Dragon-Phoenix.

At this moment, the power of the Dragon's edge had increased by nearly 20%.

It was headed straight for the thousand-eyed crown prince's dantian!

Chapter 3557: The might of a spirit Emperor

3557 The might of a spirit Emperor

Previously, Chen Xiaobei's avatar had devoured the Golden dragon's soul and the Phoenix's origin, giving him two special abilities.

Although using his special ability consumed a lot of mental power, in return, it could greatly increase his combat power.

At this moment, the demonic Dragon's tribulation was the peak of a peak four-star heaven immortal! After the twenty percent increase in power, he had actually surpassed an early five-star heaven immortal.

In other words, at this moment, the combined power of the demonic Dragon's edge and the Golden Dragon Fire Phoenix was already stronger than the thousand-eyed crown prince's own cultivation.

More importantly, the thousand-eyed Crown Prince did not expect Chen Xiaobei to be able to counterattack, so he was not prepared to defend himself.

“Swish!”

The terrifying Black Dragon-Phoenix Dharma power was aimed at the thousand-eyed crown prince's dantian.

Even if he could not kill him in one blow, it would be enough to severely injure his physical body and Dharmakaya, reducing his combat power. If the battle continued, Chen Xiaobei's victory was only a matter of time.

father, save me!!!

Upon seeing this, the thousand-eyed Crown Prince knew very well that it was too late for him to Dodge or defend.

At that moment, the only thing the thousand-eyed Crown Prince could do was to ask for help!

He was asking for help from his father, the enemy commander of the thousand-eyed clan!

Only in this way could he have a chance of survival!

“Woof!”

At this moment, a giant palm with eyes all over it shot out from the Imperial City.

The Golden thousand-eyed palm print was a hundred times faster than the dark Dragon-Phoenix Dharma form. It arrived before the thousand-eyed Crown Prince and protected him.

“Ka! Ka! Ka ...”

In the next moment, the Golden thousand-eyed palm grabbed the neck of the Black Dragon-Phoenix phenomenon.

His five fingers were like iron hooks as they embedded themselves into the black Dragon-Phoenix phenomenon.

It was not just in terms of speed. The power of the Golden thousand-eyed palm print was also more than a hundred times that of the Black Dragon-Phoenix.

There was no suspense at all. The Black Dragon-Phoenix celestial appearance was crushed by the Golden thousand-eyed palm print and instantly disappeared.

Tyrannical!

It was absolutely overbearing!

This difference in power was not something that the quality of magical treasures and special abilities could make up for!

It was a one-sided situation. No matter how smart or brave Chen Xiaobei was, he would not be able to change the outcome of the battle!

“Imperial father! It’s father! Hahaha ... Father! Help me kill this little bastard! Kill him! I want him dead! You must die!”

The thousand-eyed Crown Prince laughed smugly. His eyes were filled with endless admiration and his expression was extremely fanatical. It was as if he had been injected with chicken blood. His brows were dancing with joy and were almost distorted.

“Your Majesty spirit Emperor! As long as the heavens! Thousands of generations! Eternal and indestructible!”

At the same time, the tens of millions of civilians who were watching let out pious yells and knelt on the ground one after another, worshipping their Emperor like believers!

“This is bad!”

Song Qincheng and six-eared macaque’s hearts tightened at the sight.

“The thousand-eyed spiritual Emperor has made his move!”

Six-eared macaque swallowed his saliva and broke out in a cold sweat. “That’s a six-star heaven immortal! Without the chaos Blood Sword, bro bei has no chance of winning!”

“Don’t worry ...” He said.

Song Qincheng said, " don't worry, " but her heart was already so tight that she was almost unable to breathe.

Even though she trusted Chen Xiaobei and had already guessed the method that Chen Xiaobei might use.

However, she could not help but worry when she saw the thousand-eyed palm print burst the Black Dragon-Phoenix Dharma power.

The opponent was a six-star heaven immortal!

If Chen Xiaobei's plan did not work, then there was only death waiting for them. There was no second option.

Even if song Qincheng had absolute trust in Chen Xiaobei, her rationality was telling her time and time again that this was a huge gamble. The stakes were the lives of Chen Xiaobei's people!

"Whoosh!"

At the same time, an extreme shadow instantly flashed from the palace and appeared in front of everyone.

It was an extremely dignified middle-aged man, wearing a gorgeous crown on his head and an Imperial robe embroidered with gold thread. Just by standing there, he could exude an aura of looking down on all living things.

This was the unique spirit of an Emperor! Overbearing! Pride! Control everything! There was absolutely no room for doubt.

"Your son pays his respects to Imperial father!"

The thousand-eyed Crown Prince immediately retracted his aura and knelt down respectfully.

The surrounding tens of millions of spectators prostrated themselves on the ground, their piety was a mess.

"Yes."

The thousand-eye spiritual Emperor only responded coldly. His gaze was extremely indifferent, and it even carried a kind of solitary loneliness. It was as if the people around him were like dust, unable to stir up even the slightest ripple in his heart.

It was not directed at anyone, including Chen Xiaobei and the thousand-eyed Crown Prince. Everyone there was dust! They were not even considered ants!

Without a doubt, the thousand-eye spiritual Emperor wasn't just an Emperor. He was also a powerful being!

At least, on this planet, he was the Supreme expert who dominated and controlled everything!

There was no one above it! All living beings beneath it!

He was simply domineering to the extreme!

kid, you're very outstanding. You can actually force me to take action personally!

The thousand-eye spiritual Emperor's gaze slowly turned to Chen Xiaobei, but his eyes were still indifferent and lonely. He did not take Chen Xiaobei seriously at all.

"Heh, not only can I make you attack, I can also make you kneel!" Chen Xiaobei smiled devilishly. He did not think much of her either.

Although Chen Xiaobei's cultivation was not strong, his mental state was terrifyingly strong.

Even if the heavenly Lord of the origin was standing there, Chen Xiaobei would not be intimidated, let alone the thousand-eyed spiritual Emperor.

what!??

Hearing that, the thousand-eye spiritual Emperor's indifferent eyes were instantly filled with rage. "Say that again! Who do you want to kneel?"

"Of course I want you to kneel down!"

Chen Xiaobei raised his brows and smiled evilly. "You think you're very powerful? Do you think you've got me? Ha, to tell you the truth, that was just your illusion! If you don't believe me, you can try!"

"Little brat! Do you know the consequences of acting cool in front of me?" The fury in the thousand-eye spiritual Emperor's eyes was getting more and more intense, and his expression was even a little twisted, as if he was a savage beast.

There was no doubt that in the thousand-eyed spiritual Emperor's eyes, Chen Xiaobei was just acting cool and spouting nonsense!

It wasn't an overstatement to say that ever since the thousand-eyed spiritual Emperor became the ruler of this planet, he had never knelt down to anyone! Not even once!

Chen Xiaobei's words were the ultimate provocation to the thousand-eye spiritual Emperor.

The thousand-eye spiritual Emperor would use the cruelest and most cruel methods to torture Chen Xiaobei. He would even make Chen Xiaobei regret being born.

"You think I'm pretending?"

Chen Xiaobei smiled and took out an item. "Open your dog eyes and look clearly! Am I just pretending? Or is it awesome?"

[Red Envelope Group of the Three Realms](#)

Chapter 3558: Breakthrough on the spot

Pretentious or awesome?

The crowd was stunned. They did not expect Chen Xiaobei to be so strong against the thousand-eye spiritual Emperor!

To the crowd, there was an unbridgeable gap in power between Chen Xiaobei and the thousand-eye spiritual Emperor.

According to the logic of a normal person, Chen Xiaobei should be kneeling on the ground like a dog, begging for mercy from the thousand-eyed spiritual Emperor.

But it was good! The reality was the complete opposite of what everyone had imagined!

Not only did Chen Xiaobei not kneel and beg for mercy, he even wanted the thousand-eyed spiritual Emperor to kneel!

What was this? Is he crazy?

Almost everyone believed that Chen Xiaobei knew that he was going to die, and wanted to go crazy one last time before he died.

This was acting cool! Moreover, it was a brainless act!

Chen Xiaobei was the kind of person who would be cremated if he acted cool for a moment!

No one believed that Chen Xiaobei would be able to make the thousand-eyed spiritual Emperor kneel down with that money! Everyone's eyes were filled with contempt and contempt! They even wanted to hang this pretentious d * ck who insulted His Majesty the spirit Emperor and beat him up 10000 times!

But!

The moment Chen Xiaobei took out that item, everyone was completely dumbfounded!

The thousand-eye spiritual Emperor was dumbfounded! The thousand-eyed Crown Prince was dumbfounded! The tens of millions of spectators were all dumbfounded! As if they had been electrocuted, they were all dumbfounded, their scalps numb, and even their bodies couldn't help but tremble.

"My guess was right! This is how little north dealt with the thousand-eyed clan!" Song Qincheng could not help but smile when she saw this. She looked at Chen Xiaobei with approval in her eyes.

"That's my bro bei! He's simply a genius at breaking the game!"

Six-eared macaque exclaimed, "I almost forgot that bro bei still has the hand of one of the ten most ferocious insects in the prehistoric times! Twelve-winged Golden Cicada!"

That's right!

The little thing that Chen Xiaobei took out was the twelve-winged Golden Cicada, Xiao 'er!

This little fellow was the most powerful and Supreme Being in the insect race. Although it was still in its infancy, the aura it emitted was enough to shock most zergs!

Chen Xiaobei had seen that the demonic god of the thousand-eyed race was a thousand-eyed centipede, which was why he had come to the Imperial City with such confidence.

If it was any other race, Chen Xiaobei would not have dared to barge in, let alone make the Emperor of the race kneel.

ten ... Twelve-winged Golden Cicada ... Is that the legendary peak-stage Sage-to-be of the insect race, twelve-winged Golden Cicada ...

The thousand-eye spiritual Emperor's royal aura had been completely swept away. His heart was in a state of shock, and his voice and body were both trembling uncontrollably.

"What? This ... This this this ..."

The thousand-eyed crown prince's mental state was on the verge of collapse. He swallowed his saliva and broke out in a cold sweat. He could not even form a complete sentence.

"The Golden Cicada Grand Sage! It was the Golden Cicada Grand Sage! The Supreme faith of our Zerg race! The greatest god of our Zerg race! He had finally returned to the world! The Golden Cicada Grand Sage would last for all eternity! Ride above the nine Heavens and suppress the gods!"

At the same time, the hearts of the tens of millions of spectators had been completely crushed by the waiter's aura. They were all stunned! They all turned around and started to worship the waiter!

In fact, it wasn't an overstatement to say that in the eyes of these people, the waiter's status was countless times higher than the thousand-eye spiritual Emperor's.

With a single word from the waiter, these people could even switch sides and overthrow the thousand-eye spiritual Emperor's rule.

"Father ... These ... These commoners are going to rebel ..."

The thousand-eyed Crown Prince clenched his fists and said in a trembling voice, "This twelve wings Golden Cicada is still very young ... I know that you're not intimidated ... And ... And kill him ... Otherwise, our Empire will change hands ..."

After all, the thousand-eyed Crown Prince was the second most powerful person in his tribe. Although he was already in a sorry state, he still managed to maintain his mental state and was not intimidated by the waiter.

His personality was also very strong and decisive. Once he saw that the situation was not right, he even wanted to kill the waiter.

As the saying goes, Like Father Like Son!

The thousand-eye spiritual Emperor didn't need his son's reminder at all. He forcefully stabilized his state of mind and unleashed a terrifying burst of immortal essence.

He decided to kill Chen Xiaobei and Xiao 'er at the same time, to get rid of all future problems!

"Bro bei, be careful! That old thief is about to make his move!" Six-eared macaque was shocked.

This was not a joke. If a six-star sky immortal attacked with all his might, Chen Xiaobei would be dead for sure.

"Xiaobei! Quickly Dodge!" Song Qincheng screamed as well.

Even though she had already guessed what Chen Xiaobei would do, she was still worried that it would not work. What should she do then?

And at this moment, the thing she was most worried about had happened.

Xiao 'er's aura was not strong enough to intimidate the thousand-eye spiritual Emperor, but the thousand-eye spiritual Emperor had already launched a counterattack that was more than enough to kill Chen Xiaobei and Xiao'er. He would not even give them a chance to escape.

Song Qincheng and six-eared macaque were on the verge of despair.

However, in this situation, Chen Xiaobei was calm and fearless. Xiao'er was even more drowsy and did not even know what had happened.

These two guys really didn't take six-star heaven Immortals seriously!

"Waiter, there's no need to hold it in. Break through!"

Chen grinned and threw Xiao'er high up into the air.

"Breakthrough? Really?"

Xiao'er's mind cleared up a little. He looked at the thousand-eye spiritual Emperor, who was about to attack, and finally understood what Chen Xiaobei meant.

This little guy had woken up when he helped Chen Xiaobei to make the godly wood sword.

Previously, after he had digested half of the nine-star heaven immortal underworld mountain armor, his body had already stored a massive amount of energy.

When he had been making the divine wood swords, he had eaten countless leaves and branches of the divine Tree. After this period of digestion, the energy in his body had increased greatly.

However, considering that he would not leave the human world for the time being, he had been suppressing the energy in his body and only allowed his cultivation to stay at the nine-star earth-god Realm to avoid being rejected by the human world.

Now that Chen Xiaobei had allowed him to break through, there was nothing to suppress.

Let's break through in one go!

"Whoosh ..."

With a thought, the massive amount of energy stored in the waiter's body erupted like tens of thousands of volcanoes at the same time, causing his cultivation to soar.

Along with the terrifying spiritual fluctuation, the true essence in Xiao'er's dantian began to change in nature, slowly turning into celestial essence.

This was also the biggest difference between humans and Immortals!

When all of his true essence was transformed into immortal essence, Xiao'er's realm had directly reached the one-star heaven immortal realm!

[Red Envelope Group of the Three Realms](#)

Chapter 3559: The fifth level

3559 The fifth level

“Whoosh ...”

As he broke through to the heaven immortal realm, the waiter’s body began to shine with a dazzling golden light, as if he was a small golden sun, instantly illuminating the dark underground city!

In the midst of this dazzling golden light, a second pair of cicada wings slowly appeared on the waiter’s back.

It was crystal clear, thin, and bright!

From this moment on, Xiao ‘er already had four wings. He was one step closer to the full twelve-winged form.

the Golden Cicada Grand Sage ... The Golden Cicada Grand Sage ... The Golden Cicada Grand Sage ...

Seeing this, the tens of millions of onlookers began to call the waiter.

At the same time, the news of what had happened here spread like wildfire to every corner of the underground city.

More and more people knelt on the ground. Even though they were thousands of miles away, they still knelt in the direction of the waiter, showing their most sincere respect.

how ... How is this possible?!

The thousand-eye spiritual Emperor was completely stunned on the spot, and his attack was completely halted.

Following the waiter’s realm breakthrough, the pressure and aura on his body skyrocketed more than a hundred times.

Even someone as strong as the thousand-eye spiritual Emperor was shocked once again. His chest felt like it was in turmoil, and he was unable to calm down for a long time.

“Imperial father! Hurry up! Hurry up and do it! It was only a one-star celestial immortal, so it was not a threat at all! However, once the entire clan is intimidated by him, we’ll lose the hearts of the people, and we’ll lose all power and honor!”

At the same time, the thousand-eyed Crown Prince began to shout madly.

Just as he had said, if they lost the People’s hearts, their imperial family would lose many, many things.

Furthermore, if they did not kill the waiter now, the entire planet might change hands completely!

huh?!

Of course, the waiter had heard the thousand-eyed crown prince’s yells. He immediately glared at him in a very unpleasant manner.

In an instant, the waiter’s terrifying pressure and the Supreme aura of the bug race Supreme Saint crushed toward the thousand-eyed Crown Prince like mountains and seas.

“Uh ...”

The thousand-eyed Crown Prince instantly felt as if he had been struck by lightning, and he felt as if his mental state was about to collapse at any moment!

His eyes widened like a bull's, his entire face contorted, and his chest felt extremely stifled. He felt as if his heart was about to stop beating, and even his breathing was about to stop.

“You want to break my son’s mental state? You’re looking for death!”

The thousand-eye spiritual Emperor composed himself and launched another attack, rushing toward the waiter.

Without a doubt, the thousand-eyed spiritual Emperor and the thousand-eyed Crown Prince were thinking the same thing. As long as they got rid of the waiter, they would be able to control everything.

Furthermore, the waiter had already threatened the thousand-eyed Crown Prince, so he had to be eliminated.

“Whoosh ...”

However, the thousand-eyed spiritual Emperor could never have imagined that Xiao ‘er’s breakthrough to the one-star heaven immortal realm was only the beginning!

As the celestial core power fluctuations gradually became stronger, there was a sudden and obvious leap!

He had broken through to the two-star heaven immortal realm!

In an instant, the golden light on the waiter’s body became even more intense. The four wings that he already had became even brighter. His entire body even grew a size larger, becoming the size of an egg.

The Golden armor on his body became bigger and stronger. The edges, claws, and fangs became sharper and more eye-catching.

“He broke through two major realms in! row? This ... How is this possible!”

The thousand-eye spiritual Emperor was already dumbfounded. Never in his wildest dreams would he have thought that the waiter would actually be able to break through.

For a moment, the thousand-eyed Crown Prince was so shocked that his face turned pale and he was dumbfounded. The people on the entire planet worshiped the waiter to the extreme, even worshipping Him like a god!

I will kill you!!!

The thousand-eye spiritual Emperor’s state of mind was also greatly shaken. At the same time, he was even more aware of the severity of the situation.

If he didn’t get rid of the waiter, not only would the Empire change hands, but he, the ruler, would also die without a burial place!

“Whoosh ...”

However, before the thousand-eyed spiritual Emperor could finish his sentence, the waiter's body suddenly erupted with a strong fluctuation of celestial core power.

He had broken through to the three-star celestial immortal realm!

my God ... Am I dreaming?!

The thousand-eye spiritual Emperor sucked in a breath of cold air. His state of mind was instantly struck by an explosive impact that was a hundred thousand times stronger than before, and he was completely frozen on the spot.

"The waiter is too fierce!"

Six-eared macaque was dumbfounded. "He actually broke through three major realms in a row! This is a heaven-defying rhythm!"

but ... Even if I break through three realms in a row, it still can't solve the problem ...

Song Qincheng's brows furrowed, and her pretty face was filled with extreme shock. "could it be that Xiao 'er can continue to break through?"

"Whoosh ..."

Just as song Qincheng had expected, the waiter's celestial core power surged again!

He had broken through to the four-star heaven immortal realm!

"This ... This, this, this ..."

At this point, the thousand-eye spiritual Emperor's mental state was already on the verge of collapse.

As a six-star heaven immortal, the Emperor of a clan was dumbfounded at this moment. He was out of his mind. His legs were weak and he felt weak all over. He couldn't help but want to kneel down in front of the waiter!

One had to know that the waiter's aura and pressure would increase by a hundred times with every breakthrough! It was the larva of a bug tribe Supreme Saint and had the foundation and talent to shock any bug tribe!

Right now, he had just broken through to the four-star celestial immortal realm, and he was already able to intimidate the thousand-eyed spiritual Emperor!

It could be seen how powerful the waiter was!

However, it was not over yet!

"Whoosh ..."

His immortal elemental energy soared once again, allowing Xiao 'er to break through to the five elements heaven immortal realm!

"Bang!"

At the same time, the thousand-eye spiritual Emperor's mental state completely collapsed. It was as if his soul had been sucked out of his body, and he couldn't help but kneel down.

Even if Chen Xiaobei were to take a knife and cut off his head, he would not react at all.

On the other side, the thousand-eyed crown prince's mind had already been blown apart by the shock. He fell to the ground unconscious, his eyes rolled back, and he was foaming at the mouth. His body would even convulse violently from time to time.

"Tsk! You two pieces of trash, you can't even keep your heart, and you want to kill me? It's simply ridiculous!"

Xiao'er's golden light faded and he returned to Chen Xiaobei's shoulder.

It was obvious that breaking through five realms in a row had exhausted all the energy in its body. This result was good enough.

bro bei, what do you plan to do with these two?" The waiter asked.

"Kill them." Chen Xiaobei shrugged.

These two guys wanted to kill the waiter just now. It could be seen that they had no bottom line, and they did not care about faith and morality.

Leaving such a person alive was equivalent to leaving behind two venomous snakes that could bite back at any time!

Chen Xiaobei would not do such a stupid thing!

"Isn't it a waste to slaughter them?"

The waiter smacked his lips and laughed evilly, "Why don't you let me eat them!"

"Eat?" Chen Xiaobei was stunned. "Can it be eaten?"

"Bro bei, you don't know yet, right? My primordial Spirit's special ability is called ..."

The waiter took a deep breath and activated his special ability.

heavenly silkworm devouring!!!

Chapter 3560: The smile froze

"Whoosh ..."

With a thought from the waiter, the unique primordial spirit ability of the twelve-winged Golden Cicada was suddenly activated.

A dazzling golden light burst out from the waiter's body and transformed into a huge Golden Cicada with twelve wings!

This Dharma idol was extremely unique. Although it was illusory, it was able to swallow the thousand-eyed spiritual Emperor and the thousand-eyed Crown Prince in an instant after opening its mouth. Furthermore, it was swallowed into the stomach of the waiter.

It could be seen that this Dharma power was completely different from the Dharma power condensed by celestial core power. It was more like a special ability that was beyond energy.

In the blink of an eye, the two most powerful people on this planet had become the food in the waiter's stomach.

In ancient times, there were rumors that many zergs would devour each other, and only the most powerful one could survive and become the Supreme Leader of that race.

Obviously, Xiao 'er was the most powerful insect in the Three Realms and six paths.

As his cultivation continued to improve, this little fellow would definitely be able to display even greater potential.

"Heavens! The Golden Cicada Grand Sage has swallowed both the spiritual Emperor and the Crown Prince!"

"They deserve this! Who asked them to try and kill the Golden Cicada Grand Sage? Betraying their faith and desecrating the Holy, they deserved to die!"

"That's right! One can not live with one's own sins! The Golden Cicada Grand Sage had done nothing wrong! The two sinners should be executed!"

Seeing this scene, all the people on the planet stood on the waiter's side.

This was the result that Chen Xiaobei wanted to see the most.

This way, he could minimize the number of people killed. While he achieved his goal, he would not let the planet become a river of blood.

"Oh right! Who was that young man? Why is the Golden Cicada Grand sage so close to him? I think he called him bro bei?"

"Yup! Who was that young man? Could he be more powerful than the Golden Cicada Grand Sage?"

"For the Golden Cicada Grand Sage to call me brother, he must have the bearing of a Saint! Hurry up and worship! Quickly, quickly worship!"

Soon, the attention of the people on the planet turned to Chen Xiaobei.

Xiao 'er's strength had made Chen Xiaobei look extremely powerful.

In the eyes of the people, Xiao 'er was the Golden Cicada Grand Sage. However, the fact that this insect Grand Sage called Chen Xiaobei' brother 'meant that Chen Xiaobei's power and status were both higher than the Golden Cicada Grand Sage.

In an instant, Chen Xiaobei's image in the People's hearts was deified.

All the people on the planet began to worship Chen Xiaobei.

“Bro bei ... I’m sleepy! If there’s nothing else, I’ll go back to sleep!” The waiter yawned and mumbled.

“You’ve already grown up! Why are you still eating and sleeping like a child?” Chen Xiaobei shook his head helplessly.

I’m not sleepy ... I just ate two heaven immortal experts ... I have to sleep. This is my special ability ... the waiter became more and more drowsy as he spoke. He felt like he was about to fall asleep.

That’s right, Xiao ‘er’s special ability was to devour everything in the six DAOs and transform it into his own energy to improve his cultivation.

Every time he finished devouring, the waiter had to fall into a deep sleep so that he could digest and absorb all the energy. When he woke up again, his cultivation would have improved.

alright, you can go back to sleep first ... Anyway, the people respect me a lot. I can take care of the things here!

Chen Xiaobei nodded and put Xiao ‘er back into the ring.

After that, everything was under Chen Xiaobei’s control.

With song Qincheng and six-eared macaque, Chen Xiaobei headed straight for the location of the fifth orb.

Song Qincheng used the emperor’s law to communicate with the orb and handed it to Chen Xiaobei.

The words “Xuanyuan” were engraved on the Pearl, and it carried the imprint of the energy laws of the human world.

By now, Chen Xiaobei had collected five pearls from Sui ren, Shennong, Suan ni, Xuanyuan, and Shaohao.

Of the eight orbs of the Three Sovereigns and Five Emperors of the human race, there were only three left before he could gather all of them.

Chen Xiaobei did not stay for long. When song Qincheng sensed that the sixth crystal was safe, the group set off again.

As for the thousand-eyed royal family’s treasure vault, Chen Xiaobei did not check it out.

After all, there were still hundreds of billions of people to survive here. This Empire must have the financial and resources to continue operating.

If Chen Xiaobei emptied the Treasury, it would be equivalent to cutting off the lifeline of the entire Empire.

Chen Xiaobei did not want to go too far.

After all, the great void universe was the core of the human realm, and Chen Xiaobei was now the master of the human realm.

He might even become the master of the great void universe in the future.

Since he was the master, he should treat his people better.

That was why Chen Xiaobei left the thousand-eyed clan with their core Treasury. At least they would have something to think about so that they could continue to develop.

Besides, Chen Xiaobei had only let slip a single word, and the thousand-eyed spiritual Emperor and the thousand-eyed crown prince's storage bracelets were all taken by Xiao 'er.

Chen Xiaobei felt like he had missed out on a few hundred million.

However, on second thought, Xiao 'er might be able to break through to the six-star heaven immortal realm the next time he woke up.

There were gains and losses, so it was not a loss!

Chen Xiaobei's mood, which had just lost a few hundred million Yuan, finally improved.

.....

According to song Qincheng's senses, the location of the sixth orb should be deeper into the great void universe.

He had almost reached the middle of the middle layer of the great void universe.

Yu Hua star!

This was the destination of this trip.

The planet was inhabited by the great void green wings race, which was even stronger than the thousand eye race.

This race was very similar to humans. One could even say that they were a mutated form of humans.

Their body, behavior, and civilization were all very similar to humans.

However, they all had a pair of green wings on their backs.

Perhaps, the closer the races were to the core of the great void universe, the closer they were to humans.

The Imperial City of the great void green wings race was almost exactly the same as the main city of the human race. The streets extended in all directions, and there were restaurants, shops, karaoke centers, gambling dens, brothels ... It could be said that it had everything.

And their habits were the same as humans, they did not refuse outsiders from entering the city! As long as you had enough spirit stones and followed the rules here, you could live a very comfortable and happy life in the Imperial City!

Chen Xiaobei, song Qincheng, and six-eared macaque felt like they were back in the earth-god Realm as they walked on the streets of the Imperial City.

The only difference was that most of the people here had green wings and were extremely powerful.

Even a little kid had the cultivation base of a one-star heaven immortal.

“Although the environment here is very friendly, I have a feeling that the sixth orb will be very difficult to get!”

Song Qincheng’s brows furrowed slightly. She had a deep grudge against this Imperial City.

“Don’t worry! With me around, there won’t be any accidents!” Chen Xiaobei smiled.

However, in the next second, the smile on his face completely froze!
