Chapter 3561: Killing feathers Guild

“Xiao bei? What’s wrong with you?”

Song Qincheng noticed the change in Chen Xiaobei’s expression. For someone with a strong mental state, this change meant that something big had happened!

“Look over there ...”

Chen Xiaobei raised his finger and pointed forward.

“It’s ... It’s Heng Yongxu?”

Song Qincheng and six-eared macaque looked over.

He saw that Heng Yongxu, who had possessed the Titan warrior’s soul, was being chained by a few great void green wings race tribesmen and dragged to an unknown place.

Heng Yongxu was different from mu chenye!

Mu chenye and the rest were once Chen Xiaobei’s enemies, but they were forced to become his dogs.

As for Heng Yongxu, Chen Xiaobei saw him as a friend.

Chen Xiaobei had always valued family and friendship! Seeing his friend chained up, his emotions naturally fluctuated greatly.

“You guys wait here!”

Chen Xiaobei’s eyes narrowed and he was about to walk over.

“Bro bei!”

Six-eared macaque quickly grabbed Chen Xiaobei and said, “This is Greenwing Imperial City! Their combined strength was more than a hundred times stronger than the Imperial City of the thousand-eyed clan! Furthermore, the men from the green wings race who were pulling Heng Yongxu along were all four star heaven Immortals! From the looks of it, they were just running errands! If we clash with them, we’ll definitely attract even more terrifying enemies!”

yeah ... song Qincheng nodded and tried to persuade him, “We’ll definitely save her, but we have to give this matter further thought!”

phew ... Chen Xiaobei let out a long breath and suppressed his impulse.

Just as the six-eared macaque had said, there were many powerful cultivators in the Imperial City, and their combined power was unfathomable! Moreover, the goal of this trip was the sixth orb.

If he acted rashly and alerted the enemy, he might not be able to save Heng Yongxu and might even affect his plan to find the orb. It would be too late for him to regret then.

Because of that, Chen Xiaobei calmed himself down. Since he could not fight them head-on, he had to think of a way to outwit them.

The plan was very important.

Chen Xiaobei quickly scanned his surroundings and locked onto a kind-looking elderly man from the green wings clan.

“Old man, I’m very curious. Why did they catch that big guy?”

Chen Xiaobei walked over and asked politely.

Right now, Chen Xiaobei’s charm was off the charts. Other than his enemies, almost everyone would have a good impression of him.

“You mean the great void giant spirit race?”

“You’ve just arrived at Greenwing Imperial City, haven’t you?” the old man asked with a smile. Those Green-winged warriors are from the sharp feathers Guild!”

“Sharp feathers Guild?” “Then what is it for?” Chen Xiaobei asked.

The old man said, “the killing feathers Guild will do anything!” Accepting bounty missions, exploring and hunting, capturing and selling slaves, auctioning immortal beasts, immortal medicine, and so on ...”

“The great void giant spirit tribe that you mentioned must have offended them, and that’s why they captured him! If I’m not wrong, they should be sold as slaves!”

The old man pointed at the green light in Heng Yongxu’s dantian and said, “That’s the feather spirit locking spell, it’s specially used to lock the cultivation of slaves! With their cultivation sealed, they can’t resist at all and can only submit!”

I understand ... Chen Xiaobei nodded and asked, “Old man, where is this slaying feathers Guild?”

“What do you want to do?” The old man was puzzled.

“Please don’t misunderstand. I’m very interested in this slave and want to buy him!” Chen Xiaobei said.

Chen Xiaobei’s ultimate goal was to find the sixth orb! If Heng Yongxu’s problem could be solved with money, it would not be a problem!

“Oh, I’m afraid you’re going to be disappointed ...”

“Slave auctions are different from other auctions,” the old man said. “Only the nobles of the Imperial City are qualified to participate! This is a symbol of status. Ordinary people can’t participate even if they have money!”

this ... Chen Xiaobei furrowed his brows. He had just found a clue, but he could not proceed with his plan. This was really annoying.

“Of course, if you can find a noble to bring you in, then there won’t be a problem!” The old man added.

“I understand. Thank you for your guidance!” thank you! Chen Xiaobei thanked her politely.

After that, Chen Xiaobei turned to leave.

The old man nodded and hesitated for a moment. Then, he stopped Chen Xiaobei and said, "Young man, wait a moment!"

"What's wrong?" Chen Xiaobei asked.

The old man's eyes were deep and he could see through many things. "If you're really in a hurry, you can try your luck at the casino in front!"

"A casino?" "What kind of luck is this?" Chen Xiaobei asked.

"That's the largest gambling den in the Imperial City. Find a person called green deercry!" The old man said. He was a member of the imperial family, but he loved to gamble and lost nine out of ten times! He's already spent all his money, so as long as you can give him some money, I think he'll take you to the auction!"

"Green deercry ... Okay! I'll remember that!" Chen Xiaobei nodded and bowed to the old man. "Thank you for your help! Many thanks!"

After that, Chen Xiaobei returned to song Qincheng and six-eared macaque's side.

The old man remained where he was, staring at Chen Xiaobei. His old but deep eyes seemed to be able to see through Chen Xiaobei.

bro bei, that old man has been looking at you ... song Qincheng lowered her voice and said.

Hearing this, six-eared macaque grinned and said, "my bro bei's charm is off the charts! He's alluring to men, women, the old and the young! Perhaps, the old man was interested in bro bei! Hehehe ..."

"Don't talk nonsense. He's a very good old man!" Chen Xiaobei calmed himself down and turned back to the old man, smiling and nodding.

The old man nodded and turned to leave.

Six-eared macaque frowned and said, "Strange ... How come this old man's cultivation isn't at the heaven immortal realm? Even worse than a child?"

maybe he was injured when he was young, which caused his cultivation to drop ... song Qincheng said.

"Let's not talk about that old man! Right now, it's more important to save her!" "You two go back to the verdant Emperor's divine gourd!" Chen Xiaobei said. It's more convenient for me to act alone!"

After that, song Qincheng and six-eared macaque entered the verdant Emperor's divine gourd.

In fact, Chen Xiaobei was doing this because the green wings had similar personalities and hobbies to humans. Along the way, many men had been staring at song Qincheng with ill intentions.

A place like the casino was full of people from all walks of life. Chen Xiaobei might not be able to take care of song Qincheng if he was too focused on his work.

Only when song Qincheng and six-eared macaque returned to the verdant Emperor's divine gourd could Chen Xiaobei go all out.

Since it was a casino, how could Chen Xiaobei not play a few rounds?

Chen Xiaobei was an old hand at this!

Red Envelope Group of the Three Realms

Chapter 3562: hundred times stake

After entering the casino, Chen Xiaobei took a quick look around.

This was indeed the largest casino in the entire Azure Jade Imperial City. Its scale could only be described as exaggerated.

There were tens of thousands of gambling tables on the first floor, and there were second and third floors.

In other words, there were tens or even millions of people gambling at every moment.

Of course, the second and third floor's threshold was relatively high. Without a certain amount of wealth, one could not go up at all.

According to the old man's advice, green deercry was a lazy gambler. Although he was of the Green Wing imperial family, he had already lost all his assets.

Therefore, this guy would only be on the first level, and it would be the area where the stakes were smaller.

Chen Xiaobei thought about all of this as soon as he entered the room and headed straight for the area.

However, the scale of this place was really too large. Even if they locked onto an area, there were thousands of gambling tables. To find someone they didn't know was like looking for a needle in a haystack.

Of course, Chen Xiaobei had his own way. Not only could he make green deercry come to him, but he also did not have to pay him a single cent and he would help him.

"Come on! It's bought! I'll definitely buy it!"

Chen Xiaobei picked a random gambling table and went over to it.

He first observed it briefly.

Chen Xiaobei realized that most of the people who came here to gamble were rich!

Even the smallest bet had to be a piece of inferior-grade spiritual Jade!

One piece of inferior-grade spiritual Jade was equivalent to 100 million superior-grade spiritual stones. Even in the great void universe, this was not a small sum.

Of course, this was not strange.

After all, this planet was already in the middle level of the great void universe. It had abundant spirit veins and resources. Naturally, there would be more people.

Only when the people were rich could a large number of wealthy merchants, nobles, and a prosperous Empire be born.

The closer the races were to the core of the great void universe, the stronger and richer they would be.

There might even be middle-grade or superior-grade spirit Jade.

Of course, this was a story for later. What Chen Xiaobei needed to do now was to deal with the guy called green deercry.

If he could win some money while he was at it, that would be even better.

one piece of inferior-grade spiritual Jade. I bet on big!

Chen Xiaobei threw out a spiritual Jade and placed it on the big side.

The green wings race's gambling method was exactly the same as the human race's, three dice to bet on big or small.

"It's open! Five, five, six! Big!"

The dealer lifted the dice cup and showed the final result to everyone.

"You're quite lucky! What a good start!"

Chen Xiaobei grinned and kept the two pieces of low-grade spiritual Jade.

Chen Xiaobei's luck was off the charts. He could bet on anything and there was a high chance that he would win.

However, no matter how lucky he was, he might still lose.

Moreover, it was not worth it to keep consuming luck.

So, Chen Xiaobei activated his golden gaze fiery eyes, hoping to see through the dice cup and win every battle.

But! This was Greenwing Imperial City, after all! Although it looked like a human in all aspects, it was stronger than a human in all aspects!

After activating his golden gaze fiery eyes, Chen Xiaobei realized that he could not see through the cup!

The Golden gaze fiery eyes that Chen Xiaobei was wearing was a magical treasure that Monkey King had made. It was like a contact lens that Chen Xiaobei wore on his eyes.

This magic treasure's level wasn't high.

It was far from comparable to the divine-grade fiery golden eyes that Monkey King had refined in the Grand Supreme elderly Lord's alchemy furnace.

Within the Green Wing Imperial City, there were people from all sorts of races. The ability to see through things and determine one's location by hearing were all possible.

If they couldn't even defend against these superpowers, Green Wing casino would have gone bankrupt long ago.

Obviously, the dice cup here was specially made!

Inside each dice cup was a miniature "isolation array". Together with the giant "isolation array" under the casino, no one would be able to see what was going on inside the dice cup!

"I'll definitely leave! I'll definitely buy it!"

At this time, the dealer had already started the second round. He was shouting, hoping that more people would place their bets.

"Little brother! You've just won a round, aren't you going to continue your pursuit?"

The dealer squinted at Chen Xiaobei and asked with a smile.

It was obvious that the dealer was treating Chen Xiaobei as a noob and was trying to lure Chen Xiaobei into losing more money on his platform.

"Chase! Of course we're going to chase!"

Chen Xiaobei pretended to be in deep thought.

At the same time, he silently activated the clear Jade divine light.

However, this time, he retracted the green light and it didn't appear between his eyebrows.

A low-level golden gaze fiery eyes would not be able to see through the cup, but with the clear Jade divine light, everything was different.

This divine light had the ability to see through everything, and its grade was at the high-level divine level. It directly ignored all the large and small concealment arrays around it!

The formation no longer blocked his vision, and his fiery golden eyes immediately saw through the dice cup.

this time, I'll bet a hundred inferior-grade spiritual jade pieces on small!

Chen Xiaobei threw out a hundred low-grade spiritual jades.

"Open! Three three one, small!"

The dealer opened the dice cup and looked at Chen Xiaobei with a strange expression.

He had wanted to scam Chen Xiaobei of his money, but Chen Xiaobei had won again.

"Young man! You're so lucky!"

The dealer smiled and gave Chen Xiaobei 200 low-grade spiritual jades. "You're so lucky. You have to make a bigger bet next round! I believe you can still win!"

As long as Chen Xiaobei continued to bet, the dealer would be able to win back all the bets he had lost.

"Good! I'll listen to you! This time, I'll bet 10000 pieces of lower-grade spiritual Jade!"

Chen Xiaobei grinned and put on a show of acting like a rookie. He agreed without thinking.

“Good! You’re really straightforward!”

The dealer was overjoyed. He immediately picked up the dice cup and shook it with all his might.

He was confident that he would win Chen Xiaobei’s 10000 low-grade spiritual jades this round.

“I’ll definitely leave!”

The dealer put down the cup and looked at Chen Xiaobei.

Chen Xiaobei’s 10000 low-grade spiritual jades was a huge piece of fat meat compared to the other random bets placed by the gamblers.

Unfortunately, the dealer had always treated Chen Xiaobei as a piece of juicy meat. He would never have thought that he had already jumped into Chen Xiaobei’s trap, and that the trap was getting deeper and bigger!

“This round, I’m still betting on small!”

Chen Xiaobei could see through everything. Without any hesitation, he took out 10000 low-grade spiritual Jade and placed a bet.

“It’s open! One, two, three ... Small ...”

The dealer’s face stiffened, and his voice trembled.

He had never thought that Chen Xiaobei would win three rounds in a row. More importantly, Chen Xiaobei had increased the stakes by a hundred times for each round.

He had never seen such a gambling method in his life.

Did that mean that Chen Xiaobei was going to bet one million on the next round?

[Red Envelope Group of the Three Realms](#)

Chapter 3563: The thousand-hand child

3563 The thousand-hand child

“Haha, you’re right! I’m so lucky today!”

Chen Xiaobei grinned. hurry up and pay. I’m going to bet even bigger next round!

“O-okay ...”

The dealer gulped and returned the 20000 low-grade spiritual Jade to Chen Xiaobei with trembling hands.

He had lost 10000 to Chen Xiaobei. The bet on his table was small, and his daily income was less than 10000 low-grade spiritual jades. If he lost this bet, he would have wasted his entire day.

However, the casino had its own rules, and he naturally couldn’t renege on his debt.

“We ... We’ll continue ...”

The dealer was already feeling a little guilty, but he still decided to bite the bullet.

Even if Chen Xiaobei was lucky, there should be a limit. He would probably lose this round.

“Shua shua ... Shua shua ...”

The dealer shook the dice cup with all his might. He worked very hard and very seriously, trying his best to win a round.

“Bang!”

The dice cup slammed heavily on the table. The dealer gulped and was so nervous that his forehead was covered in cold sweat.

“Young master, you can place your bet now!”

The dealer looked straight at Chen Xiaobei. He did not care about the few gamblers around him.

According to Chen Xiaobei’s betting pattern, as long as he won one round against Chen Xiaobei, he would be able to win back his principal and interest.

At the same time, many gamblers had gathered around Chen Xiaobei, pointing at him and discussing him.

“This kid has already won three times in a row! His luck was very good, and the point was that every bet he made was a hundred times more than the previous one! He looks like he’s not afraid of losing at all!”

“If he were to continue with his previous trick, he would have to bet a million lower-class spiritual jade pieces this round. Does he have that much money? For an average family, a piece of inferior-grade spiritual Jade was enough to cover their living expenses for a year! That’s not a small amount!”

“He definitely won’t bet a million! Even if he had money, he shouldn’t be so extravagant! What if we lose?”

“It is! Rich people aren’t fools, they won’t waste their money.”

Obviously, winning three times in a row was not uncommon in the casino, but raising a hundred times for each round was an extremely rare thing.

In an instant, many people were attracted to it.

That was Chen Xiaobei’s goal.

The guy called green deercry was standing in a corner, staring at Chen.

According to what the old man had said, green deercry was a bad gambler and lost nine out of ten.

With Chen Xiaobei’s high profile, he would naturally be able to attract this guy’s attention.

“This time, I’ll bet ... Um, 100 million.”

Chen Xiaobei took out 100 million low-grade spiritual jade pieces.

There were too many of them, and they could not fit into the pile around him. So, Chen Xiaobei took out an empty storage bracelet and put them in it.

how ... How many???

Like a stone that caused a thousand ripples, everyone's expression, including the dealer's, became dull. Their pupils contracted uncontrollably, and their scalps went numb. They could not believe their ears at all.

One should know that even in the Green Wing Imperial City, 100 million lower spiritual jades was a huge amount of wealth.

For some big families, all their capital, property, resources, and Dharma Treasures added together could only be worth a hundred million lower spiritual jade pieces.

Only the royal family could take out 100 million in cash like Chen Xiaobei did.

Moreover, it had to be a core member of the imperial family who held power. Even an ordinary royal family would not have such a huge cash reserve.

it's ... It's really 100 million?!

The dealer picked up the storage bracelet and tried to feel it. There were no spiritual jades left out.

In an instant, he felt as if he had been struck by lightning. His body and mind trembled, and his brain short-circuited, almost unable to think.

At the same time, everyone, including the dealer, looked at Chen Xiaobei with shock and respect.

It was obvious that Chen Xiaobei was a big Shot, the kind with wealth that could rival a country.

"What ... How should I address this young master?" The dealer swallowed his saliva and said, "The amount you're betting is too big, I have to ask the pillar to receive you ..."

Obviously, the dealer couldn't afford to lose a hundred million. He couldn't bear the consequences of losing.

"My surname is Chen, and my courtesy name is Zhufeng." Chen Xiaobei shrugged and said.

Childe Zhufeng, please wait ... the dealer ran away immediately and came back with another person.

That's right!

This man was one of the four pillars of Green Wing casino!

From the two words "pillars," it was enough to see that these four people were holding up the entire casino.

Management, operation, protection, and most importantly, when the casino encountered a gambling master, the four pillars could stand up and defeat the opponent, minimizing the loss of the casino.

At that moment, the bet of 100 million lower spiritual Jade was enough for the pillar to make a move.

"It's the thousand-hand boy! He's the best at the dice cup. I've never heard of him losing!"

“Thousand-hand boy, the dice cup is invincible! This isn’t a Bluff!”

I’m afraid he hasn’t come down to the first level in decades. Today, we can finally broaden our horizons!

All of a sudden, there were more and more gamblers at the scene. Countless eyes were focused on the thousand-hand boy, looking forward to the performance that everyone wanted to see.

Green deercry relied on the fact that he was a member of the royal family to push away many people around him and forced his way to the front row. The expression on his face was as if he had been injected with chicken blood, and he was extremely excited.

Childe Zhufeng, Hello!

The thousand-hand boy was an ordinary-looking young man, the kind that would not be found in a crowd.

However, his hands were very large and thick, and his joints and tendons were more prominent, clearly different from ordinary people.

“Yes, are you the one to bet with me next?” Chen Xiaobei asked.

“Yes, I am!”

The thousand-hand boy nodded and said politely, “ your bet is very big. You can already go to the second floor of our casino. We will provide you with better service, wine, food, and beauties. As long as you say the word, we will satisfy you!

“No, I want to bet here!” I’ll bet on this! Chen Xiaobei grinned. I’m more popular at this table! I’ll be even luckier here!”

“As you wish!”

The thousand-hand boy did not force him. He took the initiative to walk to the dealer’s position, picked up the dice cup, and shook it silently.

His technique was very special. The force and arc were not great, as if he was performing Tai Chi.

The advantage of this technique was that the dice cup would not make any sound when it was shaken.

Even an expert who could determine the position by listening would definitely not be able to tell the number of the dice.

“Childe Chen! Please place your bet!” The thousand-hand boy put down the dice cup and said indifferently.

[Red Envelope Group of the Three Realms](#)

Chapter 3564: Expression changes

3564 Expression changes

“I’m betting big!”

Chen Xiaobei grinned. Without any hesitation, he placed the storage bracelet on the big side.

With the divine jade light and the Golden gaze fiery eyes, Chen Xiaobei had already seen through everything. What was there to hesitate about?

Fortunately, the thousand-hands boy had been shaking the dice cup seriously for a long time, but it was just a waste of energy.

"It's opened! Four, five, six, big!"

The thousand-hand boy already knew the result, so he did not have any fluctuations in his emotions. He smiled and said, " young master's luck is really good. We lost this round again!

After that, the thousand-hand child injected 100 million low-grade spiritual Jade into Chen Xiaobei's storage bracelet and returned it to Chen Xiaobei.

Seeing this, the gamblers around them all exclaimed.

"Heavens! The Grand thousand-hand boy actually lost! I've never heard of him losing in my entire life!"

"Childe Zhufeng is really good at hiding his strength! I thought he was a hothead just now, but now it seems that he's definitely a gambling master!"

Zhufeng ... Zhufeng ... I've never heard of this name before. I wonder who he is? "

The crowd discussed among themselves, and they looked at Chen Xiaobei with even more respect and admiration. Some of them even started to worship Chen Xiaobei.

Of course, green deercry was no exception. His face was filled with excitement, and his eyes were like an old pervert looking at a beautiful woman. He stared at Chen Xiaobei, rubbing his hands and scratching his head.

It was obvious that every gambler's dream was to become a victorious general like Chen Xiaobei.

Even a blind man could tell that green deercry wanted to learn gambling from Chen Xiaobei!

Even if Chen Xiaobei gave him a few pointers, he would still be smiling in his sleep!

Childe Chen, do you want to continue? "

The thousand-hand boy asked very politely.

Obviously, he wanted Chen Xiaobei to continue. He wanted Chen Xiaobei to lose every single cent to Green Wing casino.

However, the final decision was still with Chen Xiaobei.

"Quit while you're ahead! I'm not playing today, I'll come again next time!" Chen Xiaobei smiled, put away the storage bracelet and left.

Chen Xiaobei's goal was to attract everyone's attention.

At this moment, he had achieved his goal and even earned 100 million. He was already very happy.

The next thing to do was to wait for green deercry to take the bait and rescue Heng Yongxu as soon as possible.

If he continued to gamble, he would only be overreaching himself! Perhaps Heng Yongxu had already been bought by someone else! More importantly, the more Chen Xiaobei won, the more displeased the casino would be.

Therefore, it was the wisest choice to quit while he was ahead.

“Move! Get out of my way!”

Everything was as Chen Xiaobei had expected. Just as he said he was not going to bet, green deercry pushed the others away and rushed toward Chen Xiaobei.

“Young master! Childe Chen, please wait!”

Green deercry’s face was full of excitement, just like a die-hard fan of earth, he said with great excitement, ” “Your gambling skills are really awesome! Can you teach me?”

“Who are you? Why should I teach you?” Chen Xiaobei looked at him.

“I’ve been presumptuous!” Green deercry composed himself and said in all seriousness, “I’m green deercry, a member of the imperial family of Green Wing Imperial City. I wish to be friends with young master.”

Oh, making friends, right? alright, we’re friends. Chen Xiaobei’s face did not change much, but he was laughing in his heart.

The fish had taken the bait!

“Uh ... Well, since we’re friends, can you teach me your gambling skills?” Green deercry asked with a fawning expression.

As soon as he said that, countless people around him pricked up their ears, including the thousand-hand boy.

If Chen Xiaobei could really tell them what his ultimate move was, then they would have struck it rich.

“I don’t know anything about gambling, it’s all about luck.” Chen Xiaobei shrugged and said.

After that, Chen Xiaobei turned around and walked out of the casino.

“Wait for me! Wait for me!”

Green deercry did not hesitate and chased after him like a shadow.

“Young master! Don’t pretend! I can see that even if you’re not a gambling Saint, you’re at least a gambling tyrant!”

Green deercry’s face was full of smiles as he said in an extremely flattering manner, ” “How about this? I’ll treat you to dinner, drinks, and women. As long as you can teach me a thing or two, I’ll do anything you want!”

Chen Xiaobei could not help but smile evilly.

Previously, the old man had asked Chen Xiaobei to give green deercry some money in exchange for his help. But now, Chen Xiaobei had not spent a single cent and had won 100 million. He was going to ask green deercry to spend money instead!

This wave of god-like operation was really a show.

"Like I said, I was just lucky." Chen Xiaobei shrugged and said, "However, I have a way to improve your luck."

how ... How is this possible?! Green deercry couldn't believe it, "luck can be controlled?" You definitely don't want to teach me the real skills!"

"If you don't believe me, then there's nothing more to say. You can do as you please." Chen Xiaobei shrugged and turned to leave.

"Don't! Don't! 'I believe you!' I believe you, okay?" Green deercry had already set his eyes on Chen Xiaobei. He would not stop until he got what he wanted. "Please speak! What can I do to improve my luck?"

"Help me with something first. I'll help you after you're done!" Chen Xiaobei raised his eyebrows. He had successfully caught the fish.

Green deercry was overjoyed and immediately patted his chest, "No problem! Please speak! What do you want to do? I, green deercry, will not frown even if I have to go up a mountain of daggers and dive into a sea of fire to cut my flesh and bleed!"

"No need to be so miserable! You make it sound like you're going to die heroically!" Chen Xiaobei shrugged. Even a pig could climb a tree if a gambler's words could be trusted.

"Please give me your orders, I'm already thirsty!" The green deercry really couldn't wait for a second.

it's like this. I've taken a fancy to a slave. But, according to the rules here, only nobles can buy slaves. So, I'd like you to help me buy the slave.

"Just this small matter?" Green deercry was in disbelief.

"Yes, it's that simple!"

Chen Xiaobei shrugged. as long as you help me bring them out safely, I'll help you increase your luck. Although I can't guarantee that you'll win every bet you make, I can at least help you win some money!

"Good, good, good! It's decided!" The green deercry nodded its head like a chicken pecking at rice.

Obviously, he had lost nine out of ten times in the casino over the years. He lost so much that he almost doubted his life. As long as he could win, he would do anything.

"Let's go, we'll head over now!" Chen Xiaobei smiled. Everything was under his control.

.....

Slaying feathers Guild.

Chen Xiaobei's expression changed again when he reached the door.

Red Envelope Group of the Three Realms

Chapter 3565: The number one expert

3565 The number one expert

Chen Xiaobei saw a familiar face at the entrance of the killing feathers Guild.

It was the kind-looking old man who had guided Chen Xiaobei to find green deercry.

It would have been a coincidence if they had just met, but the old man was smiling at Chen Xiaobei.

This might not be a coincidence.

However, just as Chen Xiaobei was about to greet the old man, the old man turned around and left.

Something was wrong!

Chen Xiaobei's intuition told him that this old man was not just a passerby.

Besides, when the six-eared macaque used his five-star heaven immortal primordial spirit domain to check on the old man, he found that the old man's cultivation base was not even at the heaven immortal realm, which was very unusual.

However, now was not the time to think about that. The most important thing was to save Heng Yongxu.

Unlike other loyal dogs, Heng Yongxu was Chen Xiaobei's friend who had gone through thick and thin with him. He had to be rescued, and he had to be rescued safely.

[you have entered the killing feathers Guild.]

Although green deercry was of the royal family, his reputation in the Imperial City had long since been tarnished. Everyone knew that he had lost all his family property and was so poor that he was worse off than an ordinary person.

It was precisely because of this that no one came to greet them even after they had entered for a long time.

"F * ck! Are the people here blind? Can't you see that I'm here?"

Although green deercry was already in dire straits, the imperial family's arrogance was still very high, and they were extremely arrogant.

"Oh my, isn't this young master Ming?"

At this time, a middle-aged man who looked like a shopkeeper finally said in a strange tone, "Why are you in the mood to come to our Guild today? If I'm not mistaken, we don't provide loans here!"

"Loan my ass! Who said I'm here to take a loan?" Green deercry shouted in anger.

All these years, because of gambling, he had a huge debt. He borrowed money from everyone he met, and in the end, his relatives and friends would hide when they saw him.

Gradually, he even became a loner.

"You don't want to borrow money? Then what are you doing here?" The shopkeeper looked at green deercry in surprise, and then subconsciously glanced at Chen Xiaobei.

Seeing that Chen Xiaobei's Nightstalker outfit was a one-star divine instrument, the shopkeeper's face finally brightened and he smiled at Chen Xiaobei.

"I want to buy a slave!" The green deercry said.

"Is this young master the one who wants to buy it?" The shopkeeper ignored green deercry and looked at Chen Xiaobei.

"Yes, I want to buy it!" it's just that you have a rule that only nobles can buy slaves. So, I can only ask green deercry for help! Chen Xiaobei said.

"I'm sorry! Since you know the rules, I can only refuse you!" The shopkeeper was polite, but he rejected Chen Xiaobei's offer.

Chen Xiaobei frowned and said unhappily, " rules are dead, but people are alive. You can just sell the slaves to green deercry, and he will give them to me. Isn't that enough? "

The truth was, Chen Xiaobei had gone all the way to green deercry just to avoid breaking the rules and causing trouble.

Chen Xiaobei did not want to get into trouble, but trouble came to him.

The shopkeeper didn't look like a stubborn person, but he still refused, " "I'm sorry, rules are rules, I can't break them!"

"Bastard! Are you deliberately making things difficult for me?" Green deercry's temper was very bad, and he roared on the spot.

"Young master Ming, please calm your anger!"

I'm just following the rules, " the shopkeeper said seriously. I'm not targeting anyone. As long as the rules are broken, we can't do this business!

"F * ck your Grandpa! Do you believe I won't smash your stupid Guild!" Green deercry had a bad temper and was about to attack if there was a disagreement.

"Forget it!"

Chen Xiaobei quickly stopped green deercry and said, " "Let's go, I'll think of another way!"

"No! I must buy that slave today! Otherwise, I won't let this matter rest!" The green deercry bared its fangs and brandished its claws, directly pouncing towards the shopkeeper.

"If you don't leave, I'll leave!"

Chen Xiaobei did not want to make a big deal out of this. First, he had to save the people, and second, he had to find the sixth orb.

If a major conflict were to occur and they were expelled by the Greenwing Imperial City, that would be a huge problem.

“Argh ...”

Green deercry let out a wail and was sent flying backward, landing heavily beside Chen Xiaobei’s feet.

“Pfft ...”

Green deercry turned around and spat out a mouthful of blood.

Fortunately, Chen Xiaobei reacted quickly, or he would have been sprayed all over.

“Why did you hit me!”

Chen Xiaobei’s face turned cold, and his heart was filled with anger.

No matter what, green deercry was here to help. Chen Xiaobei would not be happy if he was beaten up.

“He hit me first! This is called self-defense!” The shopkeeper shrugged his shoulders with a matter-of-fact expression.

“He’s a member of the Green Wing imperial family, and you’re going to beat him like this? Don’t tell me no one cares?” Chen Xiaobei suppressed his anger. Since he could not do anything, he had to find someone who could manage the situation.

“Ha, who would care?”

The shopkeeper said disdainfully, “a fallen noble is worse than a dog!” Furthermore, he was not even sure if his bloodline was pure! Even if I killed him, no one would care, let alone hit him!”

“What?” Chen Xiaobei was taken aback. Not only was Qing deercry in dire straits, but his royal blood might also be impure.

One had to know that the imperial family valued bloodlines the most!

An impure descendant meant that a male member of the royal family had been cuckolded, or a female member of the royal family had been defiled!

This was a great humiliation to the entire imperial family.

Looking at it this way, it was not strange at all that the shopkeeper dared to hit people.

However, there was another problem!

The old man must have known about green deercry’s situation and knew that he would not be able to do it. So why did he still guide Chen Xiaobei to find green deercry?

who said that Prince deercry’s bloodline isn’t pure?!

Just as Chen Xiaobei was wondering what was going on, a man with a Tiger-like body and golden armor walked into the room.

“Hiss ...”

The shopkeeper sucked in a breath of cold air and quickly bowed and greeted, "General lie ... You, why are you here? This lowly one has not welcomed you, I hope you can forgive me!"

"Prince, are you alright?" This general lie ignored the shopkeeper, squatted down, and helped green deercry up.

"Who are you?" Green deercry frowned.

I am lie zhanmo, the commander of the Green-winged Gold Crow guards! Lie zhanmu's eyes were like torches, his Qi was thick, and his entire person exuded a domineering aura that seemed to belong to the king of all beasts.

"Fierce battle puppet? I've heard of you!" Green deercry's eyes lit up, "you're the number one expert of Green Wing Imperial City!" He is the Supreme Commander of 30 million jinwu guards!"

Chen Xiaobei could not help but look at her.

This was strange. The number one expert of the Azure wing Imperial City wasn't the high and mighty Emperor or ruler, but this overbearing general in front of him!

"Prince, please wait!"

Lie zhanqiu turned his head, and his Tiger-like eyes instantly locked onto the shopkeeper.

"Hiss ..."

The shopkeeper took in a breath of cold air and almost peed his pants.

[Red Envelope Group of the Three Realms](#)

Chapter 3566: Directly crushing it

3566 Directly crushing it

"General ... General lie! What ... What are you doing?"

The shopkeeper was like a mouse that had seen a Tiger. His pupils contracted and he broke out in a cold sweat. His voice was trembling. let's talk this out. Please don't get angry!

The Supreme Commander of the Green-winged Gold Crow guards was in charge of the thirty million elite warriors of the entire Green-winged Imperial City. His cultivation base had even reached the seven-star heaven immortal realm, and he was the number one person in the entire Green Wing Imperial City.

It was no exaggeration to say that lie zhanmu had a position and authority that was second only to one person in the Green Wing Imperial City.

Lie zhanmu was not easily angered, but once he was, someone would definitely die.

It was because of this that the shopkeeper was so afraid that his crotch was already a little wet. He really couldn't hold it anymore.

"The Prince is from the royal family! No matter how down and out he is, it's not your place to bully him, you dog!"

Lie zhanmu's mind moved, and his body stood proudly on the spot. He didn't move even half a step, not even a finger.

"Whoosh!"

However, in the next moment, a golden hand of celestial core power shot out and grabbed the manager's head.

"Uh ... Spare me ... General lie, please spare me ... I won't do it again, I won't do it again ..."

The shopkeeper let out a hysterical wail.

Speaking of which, his cultivation base was not low. He was a three-star heaven immortal and could be considered a small expert.

However, under the Golden hand, he had no ability to resist at all. He was lifted in the air like a dead dog.

"Bang!"

However, lie zhanmo didn't waste any more time talking to him.

With a loud explosion, the head of the shopkeeper was crushed.

The skull was like an eggshell, suddenly falling apart! Brain matter and blood splattered everywhere!

"Bang ..."

The next second, the headless body fell to the ground.

The strange thing was that the shopkeeper's Dharmakaya and primordial spirit did not leave their bodies to escape.

"What's going on?"

Chen Xiaobei was taken aback. After some careful observation, he was certain that the shopkeeper's Dharmakaya and primordial spirit had been completely destroyed!

Thinking about it carefully, this was not strange. Lie zhanmo had already made his move, so naturally, he could not leave the shopkeeper's life.

The mystery might be in the Golden immortal essence palm.

It was possible that when he crushed the shopkeeper's head, his dharma body and primordial spirit would have been destroyed.

Strong!

It was stronger than he had imagined!

Chen Xiaobei could not help but look at lie zhanmu.

Lie zhanxuan turned to look at qingluming and said in a deep voice, "Your Highness, if you need anything, just let me know. I will help you!"

"I ... Uh, it's not me. It's this young master who wants to buy a slave," Green deercry pointed at Chen Xiaobei.

"Young master?" Lie zhanqiu narrowed his eyes and locked his gaze on Chen Xiaobei. His sharp, knife-like eyes seemed to be able to pierce through Chen Xiaobei.

hmm ... Chen Xiaobei was taken aback, not because he was shocked, but because he noticed that something was wrong with green deercry.

However, Chen Xiaobei did not expose him.

"Right! I want to buy a slave!" "His name is Heng Yongxu, and he's from the Titan race!"

"I know!" Lie zhanxiao nodded and walked toward the inner section of the Guild.

Seeing this, green deercry immediately came over with a smile, "Childe Chen! Just you wait! If lie zhanmu takes action, he will definitely help you bring that person out. Furthermore, he won't charge you a single cent!"

"Are you close to general lie?" Chen Xiaobei asked.

"Ah?" Green deercry was stunned for a moment before shaking his head, "I'm not familiar! Today is the first time I've seen him!"

"Then why did he help you kill?" Chen Xiaobei asked again.

"Isn't that simple? It's to pledge loyalty to the imperial family!"

who here doesn't know that lie zhanmu is a loyal official of the Green Wing royal family? "green deercry said casually. he views the royal family as his faith and listens to everything the royal family says. He is even willing to give up his life to protect the royal family!

"I see." "Do you know an old man?" Chen asked. He's very old, but his cultivation hasn't reached the heaven immortal realm!"

"Ha? This ... How is this possible?" I'm just a piece of trash," green deercry said. I've already reached the one-star heaven immortal realm. How can someone older than me be weaker than me? "

"So you don't know him?" Chen Xiaobei asked.

"Of course I don't!" Green deercry impatiently said, "let's not talk about others!" Young master, you must keep your promise and let me go to the casino to win a good round! I also want to hold my head high for once!"

"Don't worry, I'll definitely do what I promised you." Chen Xiaobei shrugged.

There was no change in Chen Xiaobei's expression, but he had already activated the merit points ledger in his mind.

Chen Xiaobei exchanged for three one-star divine-level Lucky Charms.

Ding! Merit points reward, exchange successful. 300 million points deducted!

[your current merit points are 20005945000000 (charm: 2000,5.945 billion, luck: 2000,5.945 billion!

Obviously, Chen Xiaobei could not help others increase their luck, but with the help of the lucky charm, it was no longer a problem.

“I’ve brought him out for you!”

At this moment, lie zhanmo also walked out, and Heng Yongxu followed behind him.

“Are you alright?”

Chen Xiaobei quickly checked on Heng Yongxu’s condition.

“I’m fine ...”

Heng Yongxu shook his head and said excitedly, “They knocked me out and brought me here. I thought I was dead for sure. I didn’t expect you to come and save me, bro bei! Bro bei is awesome! Bro bei is invincible!”

“Alright, it’s good that you’re fine!” Chen Xiaobei nodded and beckoned for Heng Yongxu to return to his side.

“Young master! Hurry up! Hurry up and help me!” Green deercry had long been impatient.

“Here.”

Chen Xiaobei took out a lucky charm and handed it to green deercry. “Before you enter the casino, activate the special ability of this celestial talisman. It can increase your luck!”

“Luck points? Was this thing real? Can it last a lifetime?” Green deercry asked.

“Of course it can’t be effective forever!”

“The more you bet, the faster your luck will be used up! If you restrain yourself and gamble less, you’ll be able to last longer!”

this ... green deercry’s expression froze for a moment, and then he became excited, “ I don’t care anymore. As long as I can improve my luck and let me hold my head high, nothing else matters!

“Wait!”

I’ll give you a lucky charm! Chen Xiaobei said. help my friend get some clothes and I’ll give you another lucky charm!

this ... green deercry’s expression froze slightly, and he could not help but look at lie zhanmu.

“Here!” Lie zhanmo took out a set of ancient-looking golden armor and placed it in front of Heng Yongxu with his immortal essence.

this ... Isn’t this too expensive!? Seeing this, Heng Yongxu couldn’t help but gasp, “This set of armor is a two-star heaven immortal! I can also feel a powerful special ability fluctuation!”

[Red Envelope Group of the Three Realms](#)

Chapter 3567: terrifying prophecy

Heng Yongxu's cultivation was not at the two-star heaven immortal realm, so it was definitely a surprise for him to be able to get a two-star heaven immortal level armor. Not to mention, this armor had a powerful special ability!

At that moment, Heng Yongxu was so excited that he could not speak.

He could only look at Chen Xiaobei because he knew that it was all Chen Xiaobei's credit that he could receive this gift. Whether he accepted it or not was up to Chen Xiaobei.

"Take it!"

Chen Xiaobei shrugged and took out the second lucky charm. He handed it to green deercry and said, "My celestial talisman is definitely worth the value of this set of armor!"

Lie zhanmo's eyes narrowed, and he said solemnly, "that'd better be the case. Otherwise, I'll make you pay me back with interest!"

"Heh, then you just wait and see." Chen Xiaobei shrugged. He was not afraid at all.

"Alright! I won't say anymore! I'm going to start a massacre!" Green deercry clutched Chen Xiaobei's two lucky talismans tightly in his hand and rushed out to Green Wing casino.

"Let's go too!"

After that, Chen Xiaobei beckoned for Heng Yongxu to get the armor to acknowledge him as its owner. Heng Yongxu then put on the armor and followed Chen Xiaobei out of the temple.

.....

"Bro bei! You're really too awesome! He had too much face! Not only did you save me, but you also gave me this set of treasured armor! Following bro bei is the best decision I've ever made in my life!"

Along the way, Heng Yongxu kept praising Chen Xiaobei.

"Alright, we're all family, no need to be so polite!" Chen Xiaobei really treated Heng Yongxu as a friend.

"I'm not being polite, I'm just saying it out of my feelings!"

bro bei! Heng Yongxu said excitedly, "You Don't Know How It Feels to suddenly go from hell to heaven! It's so good! And this feeling, it's all because of you, bro bei! Do you think I can stop complimenting you?"

I know you're being sincere, but I need you to be quiet! I need you to be quiet! Chen Xiaobei said.

"Oh! I understand!" Heng Yongxu immediately shut up.

according to Qingcheng, the sixth orb should be in the center of the Imperial City, which is the palace!

but the palace is heavily guarded, and there's someone as strong as lie zhanhu there. The success rate of sneaking in is almost zero! Even if we sneak in, it's impossible to take out the Pearl!"

"I'll get someone to bring you in!"

Heng Yongxu said, " that fierce warrior just now was free to enter and exit the Sha Yu Guild. He brought me out with a single word. He didn't pay a single cent! With his help, bro bei, you'll definitely be able to enter the palace!"

"Do I need you to teach me this?" why don't you think about it? why would lie zhanhou help me? "

Chen Xiaobei laughed bitterly.

"Didn't he just help you?" "If you give him another lucky charm, he might even help you!" Said Heng Yongxu.

the lucky charm is what green deercry wants. Fierce battle puppet might not be interested in it! no!

Chen Xiaobei shook his head. furthermore, lie zhanhu is extremely loyal to the royal family. Even if he is interested in the lucky charm, he would never bring me into the palace!

"This might not be the case!"

yes, " Heng Yongxu said. after I was brought to the Sha Yu Guild, I heard some of the imprisoned slaves say that there was a prophecy from the ancient times that this year, a large-scale internal war would break out in Green Wing Imperial City! Someone will overthrow the current Emperor Qingyi and establish a new empire!"

"You believe such words?" Chen Xiaobei shook his head helplessly.

"I do! I must believe it!"

"That ancient Almighty once predicted that this year, the great void universe will have the phenomenon of nine stars aligned, and a tremendous change will occur!" Heng Yongxu said.

nine ... Nine stars in a row!? Chen Xiaobei was so shocked that he had goosebumps all over his body.

The purpose of his trip was to find the eight orbs of the Three Sovereigns and Five Emperors, as well as the ninth orb that was mysteriously hidden to complete the nine Star alignment ritual, and from there, summon the human Dao seal.

That ancient mighty figure could even accurately predict this matter! It was clear that the prophecy of the collapse of the Green Wing Empire was not wrong!

"Bro bei, think about it. This is a civil war! With lie zhanmu in charge, who in the green wings clan can overthrow the current royal family?"

"As long as the prophecy of that mighty figure is correct, lie zhanmu will definitely turn against us in this Civil War!" Heng Yongxu said. It was either he himself who fought for the position, or he assisted others in fighting for the position! Only in this way can a new emperor establish a new empire!"

I understand ... Chen Xiaobei nodded. "So you're saying that lie zhanmo is only loyal to the royal family on the surface, but he has other plans in the dark!"

"Right! It must be like this!" Heng Yongxu said,"bro bei, why don't you try the fierce battle armor?"

Maybe I'll have a breakthrough!"

“No!” no! Chen Xiaobei shook his head. now that you’ve mentioned it, I have to go back to the casino again!

“Why?” Asked Heng Yongxu, confused.

“Compared to the fierce battle puppet, I feel that green deercry is hiding more things!” Chen Xiaobei went straight to Green Wing casino.

Heng Yongxu was puzzled, but he still chased after her.

In fact, when lie zhanhou crushed the shopkeeper’s head, Chen Xiaobei had already felt that something was wrong with green deercry.

In the face of such a bloody and terrifying scene, as a good-for-nothing and a lazy gambler, green deercry didn’t even blink! This was very illogical!

When he thought about the old man, Chen Xiaobei felt that something was wrong with green deercry.

Perhaps, the key to breaking Green Wing Imperial city’s big chess game was green deercry.

.....

Green Wing casino.

Before Chen Xiaobei entered, he put Heng Yongxu into the verdant Emperor’s divine gourd.

As soon as he entered the arena, Chen Xiaobei saw green deercry beside a table with a large bet. He was dancing around excitedly, placing his bets non-stop.

It was obvious that he had won a lot of spiritual Jade just by looking at his behavior.

Chen Xiaobei did not interrupt him. He just stood in the corner and watched quietly. He wanted to see what kind of secret this Prince was hiding.

As time passed, green deercry won more and more with the help of the lucky talisman. He now had tens of millions of lower-grade spiritual Jade.

“I’m so lucky today! Go to the second floor! I’m going to the second floor to continue winning!” Green deercry’s face was that of a smug villain as he pushed the crowd aside and walked towards the second floor of the casino.

Chen Xiaobei followed quietly.

After green deercry went upstairs, Chen Xiaobei waited for a while before he went up the stairs.

Of course, not everyone could go upstairs.

Chen Xiaobei was stopped at the stairs.

[Red Envelope Group of the Three Realms](#)

Chapter 3568: Let me teach you

“Young master, please wait!”

The one who blocked the way was a man dressed as a guard. He said in a deep voice, " I didn't mean to offend you. It's just that you look a little unfamiliar, so you might not know the rules of going to the second floor.

"What rules?" Chen Xiaobei said.

"Check the amount of funds!" "Only those who have brought more than ten million lower-grade spiritual Jade are allowed to go up to the second level!" The guard said in a deep voice. Furthermore, the minimum bet for the second level is ten thousand lower-grade spiritual Jade!"

The guard was worried that Chen Xiaobei did not have enough money to afford the high stakes of the second floor.

"Heh, it's only 10 million, why go through so much trouble!" Chen Xiaobei chuckled, took out the storage bracelet and threw it to the guard.

This storage bracelet was the one Chen Xiaobei used when he gambled with the thousand hand child. There were 200 million lower spiritual jade pieces in it.

"Hiss ..."

After checking, the guard gasped. He looked at Chen Xiaobei with respect, as if he was looking at his own father.

"I'll return this to you!"

The guard held the storage bracelet with both hands and returned it to Chen respectfully. "I have eyes but failed to recognize Mount Tai! Young master's wealth is enough to reach the third level!"

"Right, I want to ask you something." Chen Xiaobei asked.

"Please speak, this lowly one will definitely tell you everything I know." The guard nodded.

"Are the four pillars the most powerful people in your casino?" Chen Xiaobei asked.

"The most powerful? Are you referring to gambling?" "In terms of gambling skills, not only are the four pillars the best here, you can't find anyone better than them in the entire Green Wing Imperial City!" The guard said excitedly.

"Well, what if I'm not referring to gambling?" what? " Chen Xiaobei narrowed his eyes and asked, " is there anyone else above them? "

"Regardless of gambling skills, there's an extremely mysterious Big Boss behind the scenes on top of the four pillars!" The guard said.

"The boss behind the scenes? Who is that person?" Chen Xiaobei asked.

The guard shook his head. no one knows who he is. They only know that the four pillars obey Him. All the profits of the entire casino belong to him! He was definitely the wealthiest person in the entire Greenwing Imperial City! Even his Majesty Emperor Yu's wealth is inferior to his!"

"Amazing! Thanks!" Chen Xiaobei raised his eyebrows and walked up to the second floor.

Chen Xiaobei's mind was filled with thoughts when he thought about the prophecy that Heng Yongxu had heard.

Military power of the entire country! The number one expert! His wealth could rival a country's! A civil war broke out! The rise of a new emperor!

These clues were like pieces of messy pieced together. They did not seem special when separated, but when pieced together bit by bit, the truth of the matter could be vaguely seen.

"Strange ... Where's Green deer Mingren?"

Chen Xiaobei pondered as he searched for green deercry on the second floor.

The second floor was still very large, but the environment was more particular. It was no longer densely packed with gambling tables, but luxuriously decorated private rooms.

As the thousand-hand boy had said, these private rooms could provide delicious food, fine wine, and beautiful women. As long as one had enough money, they could even live here.

However, there were not many people who could really reach this level.

Chen Xiaobei looked around but only saw a few dozen people.

Green deercry was not among them.

"Could it be that he has reached the third level?"

Chen Xiaobei was taken aback for a moment, but he quickly walked up the stairs.

This was very strange!

According to the rules of the casino, it would probably take a hundred million lower-class spiritual jade pieces to get to the third level.

The green deercry definitely did not have this much.

But why was he able to step onto the third level?

Chen Xiaobei was very confused and quickly went up to the third floor.

This time, no one stopped Chen Xiaobei. It must have been the guard who had greeted him.

The space on the third floor was much smaller, with only nine private rooms in total, but each room was extremely luxurious, even comparable to the Imperial Palace.

After all, it was extremely rare for someone to bring a hundred million lower spiritual jade pieces to gamble! They didn't need too many private rooms. They just needed to be as luxurious and comfortable as possible so that the guests could enjoy the ultimate enjoyment!

With fewer private rooms, it would be even easier to find someone!

But!

Chen Xiaobei walked around the room. Other than a few seductive women, there were no other guests in the room, not to mention green deercry.

“Strange! How did this guy disappear?”

Chen Xiaobei furrowed his brows. “A living person ... No! He should be called a lazy gambler! How could he suddenly disappear from the casino when he was at the peak of his gambling? There’s definitely something fishy going on!”

Chen Xiaobei then walked into a private room.

In an instant, at least ten young and beautiful women surrounded Chen Xiaobei. They were like a bunch of flowers, greeting Chen Xiaobei with great enthusiasm.

This was their job.

As long as Chen Xiaobei gave the word, they would do anything.

Of course, Chen Xiaobei had no interest in these women. “All of you can step down and let the four pillars come out to bet with me!”

“Yes ...”

The women were a little disappointed and left one after another.

“Childe Chen! I didn’t expect you to return so quickly!”

Soon, the thousand-hand boy walked into the private room, and there was an extra person beside him.

“This is?”

Chen Xiaobei looked at the man.

It was an old man with disheveled white hair and unkempt clothes. He only had one arm.

“This is the one-armed immortal Weng! He’s also one of the four pillars of Green Wing casino!”

yes! the thousand-hand boy said. last time, I had a bet with Childe Zhufeng. I was not as good as him, so I had to ask him for help!

Chen Xiaobei raised his eyebrows and said, “Why go through so much trouble? wouldn’t it be better if the four of them attacked together?”

you ... hearing this, one-armed immortal Weng almost flew into a rage, “ Childe Chen, you’ve underestimated me!

One must know that the thousand-hand boy was already known as a Super Master who had never been defeated, and this one-armed immortal Weng was even more powerful than him! It was conceivable that one-armed immortal Weng must have a sense of pride!

However, Chen Xiaobei did not care about the one-armed immortal Weng at all. In fact, he did not even care about the four pillars.

This made one-armed immortal Weng very angry.

If not for the fact that Chen Xiaobei was an important guest, the one-armed immortal Weng would have been furious.

“Don’t misunderstand! I’m not targeting you!”

Chen Xiaobei raised his eyebrows and said, “In terms of gambling skills, I’m talking about the entire Green Wing casino. Including your boss behind the scenes!”

“What?”

The one-armed immortal Weng was furious. If not for the thousand-hand boy, he would have charged at Chen Xiaobei!

“You don’t believe me?”

Oh? ” Chen Xiaobei raised his eyebrows. then let me teach you what real gambling is!

Red Envelope Group of the Three Realms

Chapter 3569: terrifying

“You ...”

One-armed immortal Weng was so angry that he even trembled.

As one of Green Wing casino’s four pillars, one-armed immortal Weng could already be regarded as a big star in the gambling world.

But Chen Xiaobei, this little brat, dared to call everyone in Green Wing casino his little brother! Furthermore, he was going to teach him the true gambling skills of the one-armed immortal Weng!

This was a provocation!

An extremely serious provocation!

The one-armed immortal Weng even suspected that Chen Xiaobei was not here to gamble, but to cause trouble!

If it was not for the fact that the casino’s customer was God, the one-armed immortal Weng would have already beaten Chen Xiaobei up!

The thousand-hand boy tried to persuade him, but at least he managed to suppress some of the one-armed immortal Weng’s anger.

“Good! I’d like to see what you’re capable of!”

One-armed immortal Weng walked to the side of the gambling table, grabbed the dice cup with one hand, and absorbed the three dice into it with his mind. Then, he started to shake them in the air.

This dice cup was different from the one on the first floor!

The level of the “ isolation array ” was very high. An average person would definitely not be able to sense or spy on the situation of the three dice inside.

Unfortunately, to Chen Xiaobei, this specially made dice cup was just a transparent cover!

The clear Jade divine light ignored the isolation array and the Golden gaze fiery eyes saw through the outer shell of the dice cup. He could see the situation of the three dice inside clearly.

One had to admit that this one-armed immortal Weng was really powerful!

The three dice were shaken by him like a top, spinning rapidly, up and down. It was simply too cool.

However, it was of no damn use.

“Bang!”

The moment the dice cup was placed on the table, Chen Xiaobei already knew the result.

Childe Chen, you can place your bet now!

The thousand-hand boy was like a peacemaker as he said with a smile.

“Hmph!”

The one-armed immortal Weng snorted and looked at Chen Xiaobei with disdain.

Without a doubt, the one-armed immortal Weng was extremely confident in his gambling skills, and he was even sure that he would win.

At his level, even if he was separated by the high-tier “isolation array,” he could still know the exact number he rolled.

These points were enough for him to win.

“No rush!”

what? ” Chen Xiaobei raised his eyebrows. let me get the rules straight first. Do all the Zhuang family members kill all the Leopards here? ”

“Right! With three six leopards, the Zhuang family will be able to kill them all!”

The thousand-hand boy paused and added, ” of course, Childe Zhufeng, if you bet on points instead of big or small, you can get a 1:100 return if you bet on three sixes!

ahem ... Ahem ... one-armed immortal Weng suddenly coughed violently.

Anyone with a discerning eye could see that he wanted to stop the thousand-hand boy from speaking!

Unfortunately, he coughed too late. The thousand-hand boy had already told him the truth.

“Alright!”

Chen Xiaobei then transferred all the spiritual jades in the infinite space ring into the storage bracelet.

7.423210005 pieces of inferior-grade spiritual Jade, all on three sixes!

Chen Xiaobei had probably taken out all the spiritual jades in his vault and bet everything on it.

“What!”

Seeing this scene, the thousand-hand boy could not help but gasp. He had never seen such a huge bet in his life.

"I'm finished ..."

One-armed immortal Weng wailed, his old face turning pale.

Just a moment ago, he thought that he would win for sure, and he looked down on Chen Xiaobei.

At that moment, his heart had turned completely cold. He looked at Chen Xiaobei as if he was looking at a super terrifying demon!

No!

To be precise, it should be a vampire!

This was enough to drain the entire Green Wing casino of its wealth, and it was far from enough!

"What are you doing? Let's open!"

Chen Xiaobei urged impatiently, "The Grand Green Wing casino won't go back on their word, right?"

"Senior! Senior ... Don't just stand there, quickly open the dice cup! Such a huge bet is worth ten years of our earnings!"

The thousand-hand boy didn't know what was going on inside the cup, so he also urged the one-armed immortal Weng.

In the thousand-hand boy's eyes, the one-armed immortal Weng could not possibly lose. Moreover, Chen Xiaobei had bet on an accurate number, so the chances of him winning were slim to none.

The thousand-hand boy was certain that he could win all of Chen Xiaobei's spiritual stones in this round.

"If he doesn't open it, you open it! What's the point of wasting time like this?" Chen Xiaobei looked at the thousand-hand boy.

"Alright! I'll drive!" The thousand-hand boy walked over and opened the dice cup.

"No!" One-armed immortal Weng was still in shock. When he came back to his senses, it was already too late.

The dice cup was opened, and there were three sixes!

Clang ... Clang ...

The thousand-hand boy trembled, and the cup fell to the ground.

As if he had been struck by lightning, one-armed immortal Weng's body seemed to have been sucked dry of strength, his legs went soft and he fell to the ground.

That's right!

The one-armed immortal Weng had planned to roll three sixes. With the Zhuang family's advantage, no matter if Chen Xiaobei bet on big or small, he would be killed!

But he did not expect Chen Xiaobei to bet three sixes on him.

Furthermore, it was not a bet of 100 or 200 million, but a total of 7.4 billion inferior-grade spiritual Jade!

According to the 1:100 odds, Green Wing casino would have to Pay Chen Xiaobei 740 billion lower spiritual jade pieces!

Seven thousand four hundred! A hundred million!

This was an astronomical figure! Even 50 Green Wing casinos combined wouldn't be able to produce so many spiritual jades!

"Compensate me!"

Chen Xiaobei rubbed his hands together and laughed, " I already said that I'll let you four pillars come at me together, but you just had to force yourself. Have you lost? "

"....."

Silence, dead silence.

The faces of one-armed immortal Weng and thousand-hand boy turned ashen.

According to the rules, they had to compensate Chen Xiaobei.

However, even 50 Green Wing casinos combined would not have that much wealth. How were they going to compensate Chen Xiaobei?

Regret!

Endless regret!

The thousand-hand boy regretted telling Chen Xiaobei the rules. He regretted even more that he had opened the cup.

With the current outcome, the thousand-hand boy wished he could chop off his own hands to apologize!

The one-armed immortal Weng was so regretful that his intestines were about to break! He should not have been angered by Chen Xiaobei's words and used such an extreme method like three sixes!

If he had rolled an ordinary number, it would at most be 1 to 1. How could he have lost so badly?

"What are you doing? Don't tell me you're trying to renege on your debt?"

don't say that I didn't warn you! Chen Xiaobei raised his eyebrows. I know the Green Wing royal family! If you want to renege on your debt, I'll definitely make this matter known to the whole world and let everyone be the judge!"

"Little brat! Don't blame this old man!"

Finally, one-armed immortal Weng got up from the ground, his body full of killing intent, " "You can only blame yourself for being too ruthless! I can't let you leave this place alive!"

Red Envelope Group of the Three Realms

Chapter 3570: Super gambling

“Whoosh ...”

An extremely strong immortal essence suddenly burst out from one-armed immortal Weng’s body.

Who would have thought that he was a six-star heaven immortal!

This kind of strength was already comparable to the Emperor of a thousand-eye planet. It was simply terrifying!

“Whoosh ...”

At the same time, the thousand-hand boy also activated the immortal essence in his body. From the fluctuations, his cultivation had also reached the late-stage five star heaven immortal realm.

The two of them approached Chen Xiaobei, one on the left and one on the right.

Childe Zhufeng, don’t worry. We’ll give you a quick death!

The thousand-hand child’s expression was cold and his tone was grave. “Although it is wrong to kill you, your death will bring new life to the Empire! Hundreds of billions of people will be blessed because of this, so your death will be worthy!”

“No need to talk nonsense with him! Let’s attack together! We can’t let him get away!” The one-armed immortal Weng took a step forward and was about to kill Chen Xiaobei.

“Alright!”

The thousand-hand boy nodded. He was determined. For the rebirth of the Empire and the well-being of the people, he would kill Chen Xiaobei without hesitation.

“Stop!”

However, at this moment, a woman’s voice came from outside the room.

Immediately, the one-armed immortal Weng and the thousand-hand boy stopped their attacks and listened to the woman.

It was a middle-aged woman with an extremely elegant bearing. She was wearing a long red dress, which showed her noble temperament and outlined her excellent figure.

“And who are you?”

Chen Xiaobei raised his eyebrows and looked at the woman.

I’m one of the four pillars of Green Wing casino. You can Call Me Madam Yun!

Madam Yun strode gracefully to the table and waved her hand. “The two of you, retreat to the side!”

“Madam Yun! We can’t let this kid Live!” One-armed immortal Weng said anxiously.

"It's not up to you to keep them!" Madam Yun shook her head, and a melodious voice came out of her rose petal-like lips. "If you agree to a bet, you must accept your loss. This is an iron law! We can't destroy it ourselves!"

you mean ... the one-armed immortal Weng and the thousand-hand boy immediately looked at Madam Yun.

"However much we've lost, we'll win it back!"

Madam Yun turned to Chen Xiaobei and said, "Young man, Green Wing casino now owes you 740 billion. I'll bet with you, and the bet is 750 billion! Do you dare to accept it?"

"I don't accept this!"

no! Chen Xiaobei refused. I'm not an idiot! Even if I beat you, you still can't afford to pay 750 billion! You'll still have to kill me! This kind of bet is meaningless!"

mm, I completely understand your worries!

Madam Yun nodded and took out a Crystal Blue Pearl from her sleeve. "This is a one-star divine level Dragon Pearl! It's the most precious treasure in our hands! What do you think, Childe Chen?"

"Dragon Ball? Is it water-attributed?" Chen Xiaobei tried his best to keep his face impassive, but his heart was already bursting with joy.

In Hong Meng demon world, Chen Xiaobei had four divine spiritual foundations of different elements!

If he could get his hands on a divine-tier water-element spiritual base, Chen Xiaobei would be able to cast the five elements Dao, and the highest power he could unleash would be a one-star divine-tier.

The deeper Chen Xiaobei went into the great void universe, the stronger the enemies he encountered.

If this Dragon Ball was of the water element, it would be a great help to Chen Xiaobei.

He could only say that Chen Xiaobei was really lucky. He was supposed to track down green deercry, but he did not expect to find the treasure that he needed the most.

Moreover, the treasure was already close at hand. As long as he could defeat Madam Yun, he would be able to get it.

"Right! This is the Dragon Pearl of a dark green water dragon, an extremely pure water-attribute divine item!"

Mrs. Yun nodded and gave Chen Xiaobei the answer he wanted to hear the most.

"Good! I'll bet with you!"

"If I lose, you'll forget about everything you owe me. If I win, you have to give me this Dragon Ball!" Chen Xiaobei said.

"No! It's not like this!"

no! Madam Yun shook her head and said, " Childe Zhufeng, you should know that the value of a one-star divine item is far more than 740 billion lower spiritual Jade! Its value should be calculated in terms of upper-grade spiritual Jade!"

Chen Xiaobei asked, " "You mean, if I want to win this Dragon Ball, I have to add more chips to the 740 billion I won?"

Clearly, the value of a one-star divine item had to be calculated in terms of superior-grade spiritual Jade.

A piece of superior-grade spiritual Jade was equivalent to a hundred million middle-grade spiritual Jade.

One middle-grade spiritual Jade was equivalent to a hundred million low-grade spiritual Jade.

Objectively speaking, 740 billion lower spiritual jades was just a drop in the bucket for a one-star divine item.

"That's right!"

"Childe Zhufeng, you have to raise the stakes!" Madam Yun said. Otherwise, this bet can not be considered fair!"

okay, then you see what I have that you want. I'll add whatever you want me to add! Chen Xiaobei shrugged. He would never lose, so he just let his opponent play with him however he wanted!

Nine Star divine level witch Dragon bloodline! if you lose, " Madam Yun said, " leave your life behind. I will devour your bloodline!

"What? You ... You can actually see through my bloodline? Just Who are you?" Chen Xiaobei was shocked.

Even the Earth Dragon King could tell that Chen Xiaobei had a nine-star divine bloodline.

However, the great void Earth Dragon King did not know the name of this bloodline!

It was no secret that Chen Xiaobei had the witch Dragon bloodline in the earth-god Realm and the heavenly realm.

However, this was the great void universe!

How did Madam Yun know about the witch Dragon bloodline? Could it be that she was related to the giant dragon that cultivated the Sorcerer Dao back then? Or did she get this information from other sources?

Chen Xiaobei tensed up. This woman was not as simple as she seemed.

"How is it? Childe Chen, are you willing to accept this?" "If you win, you can take my Dragon Pearl!" Madam Yun said. If you lose, I'll spare your life!"

"I accept!" Chen Xiaobei nodded.

In terms of gambling skills, Chen Xiaobei was not targeting anyone. Anyone below God-level were his little brothers!

“Oh, right, I have to add something!”

“Childe Zhufeng will be the banker for this round!” Madam Yun said. That means you’ll shake the cup and I’ll bet on the big or small!”

“I’ll be the banker?” Chen Xiaobei’s expression turned complicated.

Obviously, Mrs. Yun had already guessed that Chen Xiaobei had some kind of ability to see through the dice cup!

So, she let Chen shake the dice cup while she made her own guess! If that was the case, Chen Xiaobei’s ability to see through the dice cup would be useless!

“Childe Chen! Now, please make a final confirmation!” “Do you accept this bet?” Madam Yun’s eyes narrowed as she asked.
