Chapter 3591: Observing in secret

3591 Observing in secret

“What the hell is that?”

As the energy was stored within the five elements spirit base, the Zhong Qian peak was unable to sense the exact energy fluctuations, so it was completely unaware of the danger that was approaching.

If even Zhong Qianfeng couldn't see through the mystery, the tens of thousands of soldiers around him wouldn't be able to see it either.

Not only did they not realize the danger they were in, they were even mocking Chen Xiaobei arrogantly.

“Ha, he's just an eight-star earth-god, what powerful cards can he have? Wouldn't it be better to just obediently accept death? What's the point of this pointless struggle?”

“That's right! This battle was set in stone! If you obediently wait for death, you can die a quick death! If they anger the Crown Prince, they'll only suffer more torture, even worse, they'll be begging for death!”

the Crown Prince would not bother to torture a few dead people. That would be a complete waste of time!

“Well said! From the moment they came out, they were already dead. The Crown Prince doesn't want to lower himself to their level!”

Without a doubt, according to the logic of a normal person, Chen Xiaobei would definitely lose this battle.

In the eyes of most of the soldiers, Chen Xiaobei and six-eared macaque were already dead! It was a waste of time to look at them and torture them for a moment more, just like they were insignificant trash!

However, the scene that happened next was something that they would never have imagined even in their dreams.

“All of you, do it!”

Chen Xiaobei's eyes were as cold as the stars in the night sky, and his tone was emotionless. “If you have any ultimate moves, try to use them! I don't want to kill you like this! That would be too boring!”

“What?”

A stone that caused a thousand ripples!

Chen Xiaobei's words made Zhong Qianfeng and all the soldiers feel extremely provoked, even humiliated.

“Numbing! You're too arrogant!”

Zhong Qianfeng's entire face twisted, and he roared out in a hideous manner, " "He's just an eight-star earth-god, and he wants us to use our ultimate move? Are you even worthy?"

Around them, the tens of thousands of soldiers were also enraged. "Your Highness! Don't talk nonsense with him! Give the order to attack! The blades of his brothers were already thirsting for blood! I'm definitely going to chop this brat into meat paste! Let him die with endless regret and grievances!"

"Good! Brothers! Go!" Zhong Qianfeng waved his hand and gave the final order to start the battle.

"Shua shua shua ..."

The next moment, the tens of thousands of soldiers charged at Chen Xiaobei like a volley of arrows.

"Boring ..."

Chen Xiaobei sighed in disappointment.

Immediately, his words followed the law!

"BOOM! Whoosh ..."

The power of the five elements Dao finally condensed on the water spirit Dragon Pearl and burst out in the form of water-element celestial core power.

In the dark Universe, nine water pillars that were millions of meters long emerged.

At an extremely fast speed, they transformed into nine water-elemental giant Dragons.

The nine giant Dragons coiled and soared, exuding a terrifying and domineering pressure as if they were going to turn this space upside down! They would completely crush and annihilate everything that dared to stand in their way!

how ... How is this possible?!

Seeing this, Zhong Qianfeng's face turned pale, his heart clenched, his body trembled, and his limbs turned cold.

my God ... That ... That's the power of an eight-star heaven immortal!

At the same time, the tens of thousands of Warriors around him started to wail hysterically. Their pupils contracted and they broke out in cold sweat. They were so frightened that they peed their pants.

Just a moment ago, they were still mocking Chen Xiaobei, looking down on him, and even treating him as a dead man.

At this moment, Chen Xiaobei had displayed his absolute power and pushed them all to the abyss of death! With a single thought from Chen Xiaobei, all of them would be dead, not even leaving a trace of them in this world!

"Not good! Brothers! Quick ... Quickly form the battle formation!"

Only then did Zhong Qianfeng realize the severity of the problem. However, it was too late.

Earlier, Chen Xiaobei had told them to use their ultimate moves, but Zhong Qianfeng did not take Chen Xiaobei's words seriously.

At this moment, tens of thousands of soldiers had already charged out. Their battle formation had been disrupted, and it was impossible for them to regroup in a short time.

Of course, even if Chen Xiaobei had them form a battle formation, they still had no chance of winning.

After all, the power of the five elements had already reached the level of an eight-star heaven immortal, which was enough to crush the battle formation of Zhong Qianfeng and the ten thousand Warriors.

"Uh ..."

As soon as Zhong Qianfeng's voice fell, a water dragon had already crashed into his body.

The difference of one major realm made the Water Dragon move thousands of times faster than Zhong Qianfeng.

Zhong Qianfeng didn't even see anything clearly before he was sent flying several thousand meters away.

What was even more terrifying was that Zhong Qianfeng's battle axe and armor were both heaven immortal items of high grade, but they were completely shattered the moment they were struck by the Water Dragon.

"Puchi!"

Zhong Qianfeng's physical body was not spared either, and it was directly blown to pieces by the tremendous force.

It was like a Rotten Tomato that had been hit by an iron hammer. Blood, flesh, internal organs, and broken bones scattered in all directions, and there was no way to find an intact corpse.

"Swish!"

Then, before Zhong Qianfeng could even beg for mercy, his dharma body was torn apart, and his primordial spirit lost its support and protection, turning into ashes in an instant!

It was such a simple attack! In the blink of an eye! The seven-star heaven immortal zhongqian peak had been completely annihilated! He wouldn't even have the chance to reincarnate!

"Ah ... Argh ... Spare me ... Pfft ... Spare me ..."

At the same time, the tens of thousands of soldiers on the scene had already been defeated by the eight water dragons.

Their cultivation bases were much lower than Zhong Qianfeng's.

Wherever the Water Dragon passed, the tens of thousands of soldiers were even weaker than ants!

The Water Dragon didn't even need to hit them, just the strong wind generated by its impact would be enough to tear their bodies apart and destroy their Yuan Shen.

“Phew ...”

In less than ten seconds, the scene was completely silent.

The enemies were all wiped out, not a single one was left.

“He’s so strong ...”

Song Qincheng couldn’t help but let out a long sigh. Her beautiful eyes were filled with shock and excitement.

“Bro bei, you’re awesome! He had silently gathered the five elements spirit base! He’s so handsome!”

Six-eared macaque was so excited that he was dancing with joy. He looked at Chen Xiaobei with admiration!

However, Chen Xiaobei was unusually calm. He was not excited. I can’t stay here for long! Hurry up and collect all the storage bracelets, then leave as soon as possible!”

“Alright!”

Song Qincheng and six-eared macaque quickly went into action. They flew around and collected the enemy’s storage bracelets, then handed them to Chen Xiaobei.

But!

At this moment, a dark figure suddenly descended like a ghost.

He observed Chen Xiaobei and the others from a few hundred meters away.

Red Envelope Group of the Three Realms

Chapter 3592: A major discovery

This person was shrouded in black Qi and was very mysterious.

However, he had not been following Chen Xiaobei the entire time. He had been attracted by the huge commotion caused by the battle.

After all, this was the inner layer of the great void universe, where there were many people with extremely high cultivation.

These people’s primordial spirit domains covered an extremely wide area. It was very normal for them to come and observe when they sensed something unusual.

“Who is this kid? He was actually proficient in the five elements! More importantly, he still had a deity grade five elements spirit base! It’s really terrifying ...”

The mysterious man squinted his eyes, his tone full of doubt.

He had recognized the five elements spiritual foundation and the five elements Grand Dao. So, he did not dare to attack Chen Xiaobei. He could only observe from afar.

I have to report this to the Lord as soon as possible. If this brat is after the Fuxi celestial Pearl, then our strength will not be enough to stop him!

The mysterious man composed himself and with a flash, he disappeared from where he was.

On the other side.

After collecting all the storage bracelets, Chen Xiaobei and the other two continued on their way to the meteorite field.

Of course, the six-eared macaque was in charge of the journey.

Chen Xiaobei started to check the items in the storage bracelets.

Among them, Zhong Qianfeng alone had 300 million lower spiritual jade pieces in his storage bangle, and there were a total of 300 million lower spiritual jade pieces in the storage bangle of the 10000 soldiers.

After Chen Xiaobei pocketed all the wealth, he now had more than 158 billion low-grade spiritual Jade in his vault.

Chen Xiaobei also found a large amount of resources from the storage bracelets of the tens of thousands of soldiers.

These things were of no use to Chen Xiaobei, so he returned them to the furnace.

After that, Chen Xiaobei took out a lot of precious resources, pills, equipment, and heavenly materials and earthly treasures from the storage bracelet.

These items were not of low grade, but they were recycled goods and had no use for them.

Unfortunately, the power of the five elements Dao was too terrifying. It had shattered Zhong Qianfeng's armor and battle axe, making Chen Xiaobei miss out on two high-tier heaven-immortal items.

Of course, Chen Xiaobei did not come back empty-handed.

Among the many recycled items, there was one thing that caught Chen Xiaobei's attention.

It was a communication jade talisman!

The general functions were similar to that of a mobile phone.

After the spiritual connection, Chen Xiaobei could check who the Jade talisman had contacted.

Chen Xiaobei did not pay much attention to it and was just about to melt it down when he saw a shocking name.

He was afraid of leaving behind a grandson!

Don't forget that most of the nomological laws in the great void universe were the same as those in the human world.

In other words, the communication jade talisman of the great void universe could also be connected to the Three Realms immortal network and contact the heaven realm and the earth realm.

"This guy actually contacted ju liusun! Could it be ... That he is a hidden chess piece of the enemy?"

Chen Xiaobei was very surprised, and his mind began to run through all the possible scenarios.

Ju liusun was one of the twelve golden Immortals of the clan of enlightenment.

But in the dark, ju liusun was colluding with a mysterious demon giant, wanting to carry out a shocking conspiracy in this immeasurable cultivation tribulation.

If they succeeded, that demon giant could even replace mother Nuwa.

And ju liusun would most likely be able to benefit from it and become an existence at the level of the demon sect's vice sect leader, completely leaving the clan of enlightenment.

they are so ambitious. It is completely reasonable for them to develop a hidden chess piece in the great void universe.

what? " Chen Xiaobei frowned. but, what does ju liusun want zhongqian peak to do? Could it be that you're afraid that the zongqian peak of the retained sun sect will come after me?"

"No... Zhong Qianfeng is obviously here for the money! Moreover, ju liusun is currently in a cooperative relationship with me, so there's no reason for us to fall out!"

Through Yuan Tiangang's manipulation, Chen Xiaobei had formed a partnership with the big boss of the monster race.

Not long ago, Chen Xiaobei had sold ten blood Bodhi to ju liusun.

The two sides would not turn hostile for the time being.

judging from his attitude, he doesn't seem to be after the eighth orb ... Otherwise, he wouldn't be absent from the meteorite domain at such a critical moment!

Chen Xiaobei furrowed his brows. He could not figure out why he was afraid of having a grandson.

After some thought, Chen Xiaobei took out his phone.

This place could be connected to the Three Realms immortal network, which meant that the functions of the Three Realms red envelope group could be used as usual.

Chen Xiaobei opened his private chat with earth traveler sun and sent him a message.

Originally, tu xingsun was a disciple who was afraid of leaving behind his grandson, so he was loyal and obedient.

However, he was afraid that tu xingsun would collude with outsiders, so he couldn't completely trust him.

Therefore, ju liusun first forced tu xingsun's beloved wife, Deng Jie Yu, to reincarnate in the earth immortal world, and then asked Deng Jie Yu to find the taisui destiny talisman, in order to completely control tu xingsun's life and death.

Chen Xiaobei found out what had happened, and saved Deng Jie Yu from the white bone Spirit. He then sealed her in the Meru space for protection.

Since then, Chen Xiaobei and earth traveler sun had formed an alliance.

The last time, it was earth traveler sun who helped Chen Xiaobei steal the two-star celestial-level summoning talisman.

Chen Xiaobei wanted to use tu xingsun to find out what ju liusun was planning in the great void universe.

Earth traveler sun, "I'm here!" If you have something to say, say it quickly!

Chen Xiaobei: " I'm in the great void universe right now. I found a guy called Zhong Qianfeng. He was in contact with ju liusun!

Earth traveler sun, "Zhong-Qian peak?" This name was a little familiar ...

Earth traveler sun: " I remember now. This person is an in-name disciple that ju liusun took in when he travelled to the great void universe many years ago.

Chen Xiaobei: But I found out that they were still in contact a few days ago!

[earth traveler sun: I don't know the exact situation either ... Ever since you protected Yu 'er, ju liusun completely isolated me and didn't let me know anything ...]

Chen Xiaobei: " mm. Then, does ju liusun have any other disciples in the great void universe? or any other hidden chess pieces? "

Earth traveler sun: " I think there are three of them. I'll send you the list and details later!

Chen Xiaobei: " alright! I'll wait for your message!

Earth traveler sun, wait! I just happen to have something to ask you!

Chen Xiaobei:

Earth traveler sun, "I want to find the heavenly Lord of the origin to tell him that I'm afraid of my grandson colluding with outsiders!" Do you think it'll work?

Chen Xiaobei: First of all, you have no evidence! Primal Chaos City leader wouldn't just listen to one side of the story and cripple a core member of the clan of enlightenment!

Chen Xiaobei: " secondly, even if the old primordial thief trusts you and incapacitates ju liusun! However, this did not solve the problem at all! That monster giant will hunt you down until you die! That huge conspiracy would still continue!

Earth traveler sun, [you mean we should continue to let ju liusun cause trouble?]

Chen Xiaobei-cast a long line to catch a big fish! My target is the monster giant behind ju liusun!

Earth traveler sun, "aren't you afraid of raising a Tiger?"

[Red Envelope Group of the Three Realms](#)

Chapter 3593: direct intimidation

Chen Xiaobei thought, 'there are risks in everything! Raising a Tiger could become a huge problem! However, it was also possible to obtain tiger meat, skin, and bones! The greater the risk, the higher the reward!

Earth traveler sun, "well, you're right ... Anyway, there's no other way at the moment. We can only continue like this."

Chen Xiaobei: "that's enough! Send me all the information about ju liusun and his other disciples! I'll think of a way to deal with the rest!

Earth traveler sun: I'll send it to you immediately!

Not long after, earth traveler sun's message was sent to Chen Xiaobei's phone.

There was a total of three names, identities, cultivation levels, and general information about them.

strange ... The cultivation and status of these three people are far higher than Zhong Qianfeng's ... The difference in ju liusun's acceptance of disciples is too great ...

Chen Xiaobei observed it for a while, then picked up the zhongqian Peak's communication jade talisman again and started to communicate with it.

Chen Xiaobei soon realized that zhongqian peak had been in contact with these three people recently.

"It seems that ju liusun is making a big move recently! He was most likely aiming for the eighth orb! Maybe it's because Zhong Qianfeng's cultivation level is too low, so he's not allowed to go to the meteorite domain!"

Chen Xiaobei calculated and came to a conclusion.

From small to big.

Since ju liusun's faction had already taken action, the other Saint-level sects couldn't possibly stay idle!

Lady Nuwa should be on Chen Xiaobei's side.

Chen Xiaobei had to be on guard against the other families.

Zhong Qian peak is a seven-star heaven immortal, but even he can't take part in the operation. This means that all parties are very powerful!

Chen Xiaobei furrowed his brows and thought, it's impossible to fight them with force! I have to think of a way to outwit him!"

Chen Xiaobei quickly took out some materials and started to make a mask.

Wenqu shengxin had a photographic memory.

Chen Xiaobei quickly made a mask that looked like zhongqian peak.

He immediately put it on.

Then ...

Chen Xiaobei then took out the five elements spiritual base and had six-eared macaque inject some ethereal force into it.

This time, Chen Xiaobei had to prepare a portion of divine power, so the number of times he needed to circulate the five elements Dao was tens of thousands of times more than before. The time he needed to do so was also greatly increased.

Chen Xiaobei even went into the verdant Emperor's divine gourd and asked for Fu Tian 'er's help.

In the end, within the five elements spirit base, a portion of the power of a one star divine level was successfully accumulated.

This was the maximum power that this group of five elements spirit foundations could withstand. If the power was any stronger, this group of five elements spirit foundations would have completely collapsed.

After he was done, Chen Xiaobei hid the five elements spiritual foundation in the sky-imprisoning painting so that he could use it at any time.

On top of that, Chen Xiaobei replenished the Dragon's edge with spiritual Qi and used the yin-yang life and death Ring to replenish his mental power.

Chen Xiaobei had made all the necessary preparations.

But even so, Chen Xiaobei did not have much confidence in winning.

Chen Xiaobei had no idea what was going to happen in the next battle. He could only take it one step at a time.

.....

The meteorite domain.

This was a very chaotic cosmic space, with large and small meteorite fragments floating and rotating. It was filled with all kinds of dangers, such as thunderstorms, hurricanes, magical beasts, and even spatial turbulence that was exposed to the outside world.

Luckily, Song Qincheng had a more accurate understanding of the eighth orb.

Therefore, Chen Xiaobei and the other two did not have to waste their time. They avoided all the dangers and obstacles along the way and headed straight to the core of the Starfield.

The closer he got to the core, the worse the surrounding environment became.

It was terrifyingly hot, as if there was a sun burning in front of him.

Song Qincheng's body could not take it anymore, and she was sent into the verdant Emperor's divine gourd by Chen Xiaobei.

Fortunately, Chen Xiaobei's physical strength had reached the four-star heaven immortal level. Although the heat was unbearable, at least he would not be hurt.

It was no exaggeration to say that anyone below the level of a four-star heaven immortal would be instantly incinerated once they stepped into this realm.

If he had not gone through the body tempering earlier, Chen Xiaobei would not have been able to step into this area.

“Bro bei, there’s someone in front!”

The six-eared macaque frowned and slowed down.

Chen Xiaobei looked over.

He saw five figures in front of him.

Due to the harsh environment of this area, not many people could enter.

On the contrary, as long as they could enter, they were definitely powerful people and could not be underestimated.

“Woof! Buzzzzzz! Yi ...”

At the same time, the five of them had also noticed Chen Xiaobei and six-eared macaque. They immediately rushed toward them.

“A Seven Star heaven immortal and four six star heaven Immortals ...”

The six-eared macaque looked at the energy fluctuations coming from the man. It sighed and said, “I can’t even beat a single one of them ...”

“Don’t panic!”

Chen Xiaobei was wearing the Zhong Qianfeng mask, trying to look calm.

“Who are you, Sir?”

The leader of the five, a seven-star sky immortal, was the first to arrive. He looked at Chen Xiaobei politely.

“We’re all the same, why ask?”

Chen Xiaobei’s attitude was calm, and he intentionally or unintentionally released a wave of pressure.

“Senior brother Hong! Why are you wasting your breath on an earth immortal? Can’t you just directly destroy it?”

At this time, the other four guys all flew over. All of them were filled with killing intent and hostility toward Chen Xiaobei.

“Shut your stinky mouths!”

Senior brother Hong’s face darkened and he asked in return, “A mere earth immortal, how can he stand here alive?”

“This ...”

When the four men heard this, they were stunned and asked, “Could it be that this kid is hiding his cultivation? How ... How strong is he?”

“What kid! Call me senior!” Senior brother Hong’s brows were tightly furrowed as he directly shouted in anger.

One had to know that people with higher cultivation could use their primordial spirit domain to forcefully spy on the strength of people with lower cultivation.

However, if they couldn’t, or if they couldn’t see it correctly, it meant that the other party was stronger.

At this moment, senior brother Hong had already accurately determined Chen Xiaobei’s strength. It was at the peak of an eight-star earth-god.

However, senior brother Hong could not believe that an earth level deity could survive in such a harsh environment.

Therefore, he could only believe that Chen Xiaobei had interfered with his primordial spirit domain and was reading the wrong information.

It was because of this mistake that Shixiong Hong had assumed that Chen Xiaobei was stronger than him.

This was also the reason why senior brother Hong was so polite to Chen Xiaobei.

“S-senior!”

The four of them agreed with what senior Hong said. They immediately turned hostile and bowed to Chen Xiaobei.

Pfft ...

Chen Xiaobei and six-eared macaque almost burst out laughing.

These people did not believe that an earth level deity could survive in this place. So, they could only believe that Chen Xiaobei was hiding an extremely powerful cultivation.

This was a typical self-scaring!

Chen Xiaobei did not do anything, but he had already intimidated them!

[Red Envelope Group of the Three Realms](#)

Chapter 3594: Creation Law

“Tell me, who are you guys working for?”

Chen Xiaobei’s expression was calm, and he released his aura slightly. Then, he turned from the guest to the host and asked about the other party’s situation.

uh ... We’re all disciples of the Qingtian Dao sect. We’ve been ordered to search for the Pearl ...

Senior brother Hong didn’t dare to be slow and answered the question honestly.

After all, the search for the orb had already involved many powers, and it was no longer a secret.

There was no need to offend Chen Xiaobei because of this. If the ‘senior’ were to get angry, the consequences would be unimaginable.

the Qingtian Daoist sect?!

Chen Xiaobei asked, "Do you know Chao cangyang?"

"Ah? He knew her! Of course I know him!"

Senior brother Hong immediately became excited, "so senior is elder Chao's friend?" This junior has been disrespectful! I've been disrespectful!"

Obviously, this Chao cangyang was actually one of the three people sent by Earth traveler sun.

Chen Xiaobei had already read up on this person's general information, such as his cultivation level, identity, and race.

So, when Shixiong Hong mentioned the Qingtian sect, Chen Xiaobei immediately thought of this person.

"Yes, I know him."

Chen Xiaobei nodded and said, "Why don't you take me to see him? We haven't seen each other for many years, let's take this opportunity to catch up!"

"This ..."

Hearing this, senior brother Hong hesitated.

"What's wrong? You don't believe me?" Chen Xiaobei narrowed his eyes and asked.

"No, no, no! Since senior wants to see elder Chao, what you said naturally can not be false!"

but elder Chao has already entered the star field space. We don't have the right to go in. We can only search the outer perimeter! senior brother Hong said with a troubled expression.

"Starfield space? Where is that place?" Chen Xiaobei asked.

"Senior, you just arrived, right?"

"Just yesterday, someone touched an array in the core of the star field and opened a space gate!" Said senior brother Hong. The most powerful members of each force have already entered. Only the ordinary members are left to continue the search!"

"Ah?"

Chen Xiaobei was surprised to hear this.

After all, the eighth orb that song Qincheng had sensed was in the core of this Galaxy, not in an independent space.

In other words, if the powerhouses from all forces entered that space, not only would they not be able to find the eighth orb, but they might also encounter some fatal danger.

One could only say that Chen Xiaobei was really lucky!

All the powerful enemies had been lured into the isolated space, leaving the small fries outside who were no match for Chen Xiaobei.

This way, Chen Xiaobei could successfully obtain the eighth orb.

Of course, fortune and disaster coexisted in all things!

This result had a fatal disadvantage!

That was An Hua's life!

An Hua did not know the exact situation, so she had definitely entered that independent space! It was filled with enemies, and there was danger beyond that!

After all, An Hua was a disciple of the tribe of severity. Even if she was just an outer disciple, Chen Xiaobei did not want to see anything happen to her!

Get the bead first! To save people again!

Chen Xiaobei made up his mind without any hesitation.

In fact, as long as Chen Xiaobei ignored An Hua, he would be able to get the bead and escape safely.

Chen Xiaobei knew that this was the best choice.

However, if he really did that, he would not be Chen Xiaobei.

Love! Righteousness!

These two words ran through Chen Xiaobei's entire life, and it was the foundation of his Dao heart!

He would rather die than retreat in his Dao heart! He died with no regrets!

"Alright, since it's inconvenient for you, I'll go find him myself!"

Chen Xiaobei waved his hand and said goodbye to Shixiong Hong.

After that, Chen Xiaobei and six-eared macaque went straight to the location of the eighth orb.

"Clear Jade divine light!"

Normal people would not be able to see where the Pearl was, but Chen Xiaobei could!

There was a flash of green light, and Chen Xiaobei found a Pearl surrounded by a mysterious gas among the debris!

This mysterious gas was similar to the primordial violet vapor. It could perfectly avoid the prying of the primordial soul domain.

It was precisely because of this that the people who had come before had not been able to discover this Pearl.

"Whoosh ..."

Chen Xiaobei did not dare to get too close. He kept a safe distance and used the space cage to cover the Pearl.

According to his previous experience, as long as he sealed the orb in an independent space, the Orb's power would not hurt song Qincheng.

This way, song Qincheng could communicate with the Pearl safely and successfully subdue it.

"But!!!"

Just as Chen Xiaobei was about to take out the verdant Emperor's divine gourd, the spatial cage suddenly changed!

With Chen Xiaobei's mental power, he could only create a small space cage.

At this moment, the sun, moon, stars, the vast land, grass, stones, and rocks ... It was as if a whole new world was about to be born!

collapse!!!

In the next moment, the space cage was unable to bear everything that had appeared out of thin air and actually collapsed.

Whoosh ... Whoosh ...

The space shattered, creating spatial turbulence that swept everything that had just been born into a spatial crack.

The crack remained in front of Chen Xiaobei.

what ... What's going on???

Chen Xiaobei and six-eared macaque's jaws dropped. They could not believe their eyes.

This Pearl could actually burst the space cage.

Chen Xiaobei could not guarantee song Qincheng's safety.

If the communication wasn't completed and the Pearl attacked first, song Qincheng would die without a burial place.

Chen Xiaobei would never risk his own woman!

Never!

"Calm down! Don't panic!"

Chen Xiaobei forced himself to calm down and began to think about the situation.

According to the identity of the Three Sovereigns and Five Emperors, this should be the Fuxi celestial Pearl!

that's right! Chen Xiaobei said, " Fuxi is goddess Nuwa's brother. He created the eight trigrams of Tai Chi, the earliest written language, and the earliest human civilization!

"I got it!"

Six-eared macaque came from the heavenly realm and had a lot of experience. the first seven orbs each contain seven core nomological imprints-time, space, life, death, energy, luck, and merit!

“And in the Three Realms, there are only eight core laws! The last one was called the creation Law! It matched the traits of the great God Fuxi! This also explains the various things that were suddenly born just now!”

C-Creation Law?! Chen Xiaobei was shocked.

If that’s the case, the space that appeared yesterday was probably an independent space created by someone who got close to the Fuxi celestial Pearl and activated its special ability!

Chen Xiaobei looked at her and said, ” “It seems that it’s not that the enemy is too stupid, but that the Pearl is too terrifying! How can I tame it?”

[Red Envelope Group of the Three Realms](#)

Chapter 3595: sudden arrival

The eighth and final Fuxi celestial Pearl was extremely mystical, its ability was to create all living things and create a new world.

Furthermore, the speed at which the nomological laws of creation derived everything was extremely fast, and it could burst the spatial cage in an instant.

This meant that Chen Xiaobei would not be able to isolate the Pearl’s power from harming the human body. If song Qincheng tried to communicate with the Pearl, she might be in mortal danger before she could even succeed.

Chen Xiaobei would never take such a risk.

All of a sudden, Chen Xiaobei was caught in a dilemma.

whoosh, whoosh, whoosh ...

At the same time, the phenomenon that gave birth to all living things and the fluctuations caused by the spatial turbulence quickly attracted the attention of many people.

Although the strongest powerhouses of the various forces had entered the space that had appeared before them, they were still in the same space.

But at this time, there were still many middle-level powerhouses like senior brother Hong in the surroundings, searching for him.

In just a moment, hundreds of people had already gathered around.

From their clothes, these people were roughly divided into seven forces.

Of course, the powers referred to here were the powers in the great void universe. As for the real big Boss behind them, he could not tell yet.

The tribe of humanity! The clan of enlightenment! A demonic sect! The Western religious sect! It was mo Luo Wu Tian! A mysterious demon magnate! Even Cult Master netherworld River! All of them were possible and had the ability to set up a hidden chess piece in the great void universe!

Lady Nuwa's demonic sect would support Chen Xiaobei.

Taishang Laojun's human sect might choose to be neutral and smooth things over.

The Shura religion of Cult Master Minghe was both a friend and a foe, so he could not trust it one hundred percent.

For now, mo Luo Wutian would not fall out with Chen Xiaobei, but there was a high chance that they would become enemies in the future. At the most critical moment, he would make sure that he would not turn around and bite Chen Xiaobei.

As for the clan of enlightenment led by heavenly Lord Yuanshi, as well as the Western religious sect led by jieyin and zhunti, they had already fallen out with Chen Xiaobei. They would not rest until one of them was dead. A war was bound to break out.

Fortunately ...

Chen Xiaobei could not see through the enemy's power, and the enemies could not see through the mask on Chen Xiaobei's face.

Furthermore, this was the inner layer of the great void universe, close to the core. It was very far away from the heavy star.

Therefore, the enemy didn't even know who the heavy thousand peak was.

And this was Chen Xiaobei's greatest advantage!

"Senior! What's happening here?"

Shixiong Hong and his four junior brothers rushed to Chen Xiaobei.

That was because those who remained were all middle-level experts. The one with the highest cultivation base was a seven-star heaven immortal like senior brother Hong.

Therefore, when Shixiong Hong called him 'senior', the hundreds of people around him believed that Chen Xiaobei was a master who had hidden his true strength. They would respect Chen Xiaobei and would not dare to offend him.

"I don't know either ..."

Chen Xiaobei played dumb and said, " I think I activated the formation you mentioned just now. A new spatial crack appeared!

"What? A new spatial Rift?"

Everyone was shocked.

They quickly came closer to observe and discuss.

“What’s going on? This space is similar to the one that appeared before!”

“Resemblance is resemblance! However, the energy fluctuations coming from it were clearly different! It’s definitely not the spatial Rift from yesterday!”

“Go! Let’s go take a look at the space crack from yesterday. The sect leaders and elders of our forces are all inside! Please don’t let any accidents happen!”

No one was stupid, and they immediately rushed to the other side.

Chen Xiaobei and six-eared macaque quickly followed.

A few thousand meters away.

Everyone exclaimed in disbelief.

“That’s strange! The spatial Rift from yesterday had disappeared! This ... What should we do about this?”

“The sect leader and the elders are all inside. If there’s only an entrance and no exit, wouldn’t they never be able to come out?”

“Perhaps the new spatial Rift that has appeared is the exit! Let’s go back and wait! Let’s see if the sect leader and the elders can come out!”

With this in mind, everyone ran back in a hurry.

However, no one came out of the newly appeared spatial Rift.

What was even stranger was that the crack was shrinking bit by bit. It might completely close within an hour.

“Bro bei, what should we do now?”

Six-eared macaque pulled Chen Xiaobei away and asked in a low voice.

“I don’t know either ...”

no! Chen Xiaobei shook his head helplessly. it seems like An Hua and the other leaders are all trapped in a small world created by the Fuxi celestial Pearl!

“Let’s temporarily see this small world as an independent space! Then its spatial laws would be at the nine Star divine level! In other words, no one below the sage level can tear open that space!”

“Without an exit, all of them will be trapped inside! Even if I go in and burn all my life to use the void-splitting technique, I still won’t be able to save them!”

Chen Xiaobei was stuck in a difficult situation.

He had no way of subduing the orb, nor could he save An Hua. He truly did not know what to do next.

bro bei, it’s rare for you to be at your wit’s end ... Why don’t you ask in the Three Realms red envelope group? ”

“Mother Nuwa definitely knows the solution!” Six-eared macaque said. Of course, that’s if she has time to reply!”

okay, I’ll try ... Chen Xiaobei nodded. Just as he was about to take out his phone, hundreds of figures suddenly appeared at the scene, interrupting Chen Xiaobei’s thoughts.

“Shua shua ... Shua shua ...”

These figures were so fast that even a seven-star divine immortal like senior Hong could not see their speed, let alone Chen Xiaobei.

When the hundreds of people came to a stop, their appearance was even more shocking.

They saw that the hundreds of people were all shrouded in black gas. Although they could barely make out the outline of a human, they were sure that they were not human!

“It’s ... It’s the great void dark night race! It was the oldest in the great void universe! The most mysterious race!”

“My God ... A race that hasn’t appeared in the past hundreds of millions of years! How did he suddenly appear here?”

“No! They did not appear suddenly! Instead, they are fully prepared to snatch the fruits of victory!”

“That’s right ... There are 300 eight-star heaven Immortals! Three nine-star heaven Immortals! A one-star God!”

“This ... This power is enough to annihilate all of us! This includes all the sect leaders and elders!”

All of a sudden, the middle-level powerhouses of the major forces all exclaimed in fear.

Chen Xiaobei and six-eared macaque looked at each other, and their expressions turned serious.

Without using the five elements spirit base, any eight-star heaven immortal could easily kill everyone, including Chen Xiaobei!

But at this moment, there were 300 eight-star heaven Immortals in front of them!

What was even more terrifying was that there were three nine-star heaven Immortals and one one-star heaven God!

In an instant, the dilemma turned into a dead end!

Chapter 3596: completely exposed

All of a sudden, the middle-level experts of the various forces were so frightened that their faces turned pale. Like a group of frightened chicks, they retreated in fear.

They would not dare to stop the great void dark night race even if they had a hundred million guts.

Even if they had the guts to stop him, they wouldn’t be able to.

Any random person from the great void dark night race was enough to wipe out the middle-level experts of the various factions.

“Bro bei ... Let’s retreat too ...”

Six-eared macaque gulped and quickly grabbed Chen Xiaobei’s wrist, trying to pull him back.

“There’s no need to retreat!”

Chen Xiaobei shook his head and said, “The other party is coming for me!”

Although they did not say a word, all their eyes were on Chen Xiaobei, and all their pressure was on Chen Xiaobei’s head.

If not for Chen Xiaobei’s strong mental state, he would have been crushed by the pressure.

if that’s the case, then I’ll have to use the five elements spirit base ... six-eared macaque’s brows furrowed, and his breathing became rapid.

It was obvious that even with the five elements spirit base, the six-eared macaque was still extremely nervous and worried!

After all, there was a genuine one-star divine realm expert in the other party’s camp.

If this person attacked, one strike would be enough to offset the power of the five elements spirit base.

Furthermore, the five elemental DAOs required a long time to accumulate power. In a short period of time, it could not be used a second time.

This meant that Chen Xiaobei and six-eared macaque would still be dead!

Even if Chen Xiaobei used the power of the five elements spiritual foundation to injure the God, or even kill him, he would be able to defeat the God.

However, there was still a large number of great void dark night race powerhouses left. How were they going to deal with them?

Without the power of the five elements, Chen Xiaobei and six-eared macaque would not even be able to defeat Shixiong Hong. They would be in a passive position.

They were like fish on a board that could only be slaughtered!

“It’s no use ...”

Chen Xiaobei shook his head, his dark eyes had seen through everything. “Even if we use the five elements spirit base, we will still lose without a doubt! Besides, the enemy might have other trump cards in their hands!”

what ... What do we do now ...? six-eared macaque’s heart was filled with despair.

“Chi ...”

The heavenly God-tier great void dark night race leader directly flew to the spatial tear created by the Fuxi celestial Pearl.

“BOOM!”

The heavenly God-tier leader of the great void dark night race did not say anything else. He immediately sent a burst of divine-tier immortal elemental energy into the spatial crack.

Klalala ... Klalala ... BOOM!

With a violent crack, the space crack suddenly collapsed.

“Whoosh ...”

The next moment, a terrifying amount of celestial core power gushed out of the spatial crack.

Then, another sixty to seventy people rushed out.

These people were the sect leaders and elders of the various factions. Of course, An Hua was one of them.

“I’m finally out! That’s great! That’s great!”

“We thought that we would be trapped in there forever. We didn’t expect to be able to escape! I’m so lucky!”

“No! This was not luck! In addition to all of us working together to bombard the spatial crack, there was also a stream of god level celestial core power that helped us. Otherwise, we wouldn’t have been able to get out at all!”

“Right! It was him! He was the one who helped us!”

At that moment, the upper echelons of the various powers who had just escaped looked at the heavenly God-tier leader of the great void dark night race with surprise and joy.

They were shocked that they could actually witness the most ancient and mysterious tribe in the legends, the ancient void tribe!

What they were happy about was that the heavenly God-tier leader of the great void dark night race had actually helped them escape from the gates of hell!

An Hua was the only one among them who was frowning. She looked at Chen Xiaobei from a distance, and both of them had a complicated look in their eyes.

It was clear that An Hua had not revealed her identity to the various powers. She had even joined hands with the others in an attempt to break through the spatial tear.

Originally, An Hua had been the strongest of all the people.

As long as she could break through the spatial tear, An Hua could defeat all her enemies by herself!

But! At this moment, the heavenly God-level leader of the great void dark night race had suddenly appeared and completely destroyed An Hua’s plans!

An Hua did not have the slightest confidence in defeating the most ancient and mysterious great void dark night race!

Furthermore, there were other great void dark night race experts present.

Furthermore, the leaders of the various powers were also very grateful to the heavenly God-level leader of the great void dark night race for saving their lives.

Once she got angry, An Hua would have to face all the enemies on the scene.

The chances of winning were completely zero!

“It’s over ... It’s completely over ...”

Six-eared macaque was in despair. He couldn’t think of a way out.

Chen Xiaobei shook his head, signaling An Hua not to talk to him in case she got herself into trouble.

It was obvious that the current situation was even more dangerous than before! It was even more unsolvable!

Once An Hua’s identity was exposed, she would definitely die without a proper burial!

“Chen Zhufeng! Take off your mask!”

At this moment, the heavenly God-tier leader of the great void dark night race finally opened his mouth and his words shocked everyone.

“What? He’s Chen Zhufeng? The Chen Zhufeng who was hunted down by the chanism and the Western religious sect?”

It was obvious that each of the forces present had their own ‘big bosses’ behind them.

These ‘big bosses’ must have mentioned Chen Xiaobei before, and even showed Chen Xiaobei’s picture to their subordinates.

All of them had different missions. Help Chen Xiaobei, kill him, or stay neutral.

how can you prove that he is Chen Zhufeng?! An Hua truly could not help but solemnly ask.

The heavenly God-tier leader of the great void dark night race did not reply. He merely waved his hand.

Following that, another person from the great void dark night race team stood out and said in a deep voice, “Not long ago, I saw Chen Zhufeng kill Zhong Qianfeng and tens of thousands of zhongheng soldiers with the power of the five elements Dao! And his current face is what Zhong Qian peak looks like!”

That’s right!

This great void dark night race being was the mysterious person who had been secretly observing Chen Xiaobei!

Another person stepped out from the crowd and glared at Chen. “Do you know who I am?”

Chen Xiaobei reacted quickly. He used the wonderful sound perception and said, “You’re Chao cangyang ... Senior brother Chao!”

Chen Xiaobei found out from Shixiong Hong that the other in-name disciple of Ju Liusun, Chao Cangyang, was here.

So, it was perfectly reasonable for Chen Xiaobei to say that name.

In fact, Chen Xiaobei was right.

This person was Chao Cangyang.

“You’re really Chen Zhufeng!” Chao Cangyang was enraged. Shizun took in four of us in-name disciples, and we’ve always been brothers! The real Zhong Qianfeng will only call me third brother!”

Chen Xiaobei’s identity had been completely exposed!

Red Envelope Group of the Three Realms

Chapter 3597: Facing it alone

3597 Facing it alone

Originally, Chen Xiaobei had wanted to use Zhong Qianfeng’s mask to fight.

However, Chao Cangyang was the first to expose Chen Xiaobei’s true identity.

“Chi ...”

Chen Xiaobei had no other choice but to take off the mask on his face and reveal his true identity.

“Chen Zhufeng! He’s really Chen Zhufeng!”

The crowd instantly burst out in exclamations, and everyone’s expression became extremely complicated.

“Those who want to kill Chen Zhufeng, stand on my side! Those who want to die with Chen Zhufeng, stand beside him!”

At the same time, the heavenly God-tier leader of the great void dark night race spoke again. His tone was extremely overbearing and arrogant.

Of course, his strength was the capital for his overbearing and arrogant attitude!

As long as he wanted to, he could kill everyone here!

“Shua shua ... Shua shua ...”

All of a sudden, all the forces began to pick a new side.

Three factions stood on the side of the great void dark night race, while the remaining four chose to remain neutral.

Chen Xiaobei did not have the support of any faction.

Of course, this was not strange.

Of all the forces in the heavenly realm, only lady Nuwa supported Chen Xiaobei.

However, there were still the Dao ancestors above lady Nuwa, and there were other heavenly path Saints around her. So, she had to support Chen Xiaobei in secret. Otherwise, the entire demonic sect would be dragged into this and be suppressed.

Therefore, it was completely understandable that mother Nuwa's hidden chess piece would choose to remain neutral in the current situation.

In this way, it was not strange for the other forces to choose to remain neutral.

An Hua was going to risk her life to protect Chen Xiaobei.

However, under Chen Xiaobei's firm gaze, An Hua also stood on the neutral side.

"Very good! It seems that you are all smart people! I'm very pleased!"

The heavenly God-tier leader of the great void dark night race narrowed his eyes and sneered. The black flames around his body gradually expanded and emitted an even more intense pressure.

The target of the pressure was, of course, six-eared macaque and Chen Xiaobei!

"Hiss ..."

Six-eared macaque gasped. His eyes were filled with despair.

The six-eared macaque's mental state was not weak, but in this hopeless situation, no matter how strong his mental state was, it could not withstand the erosion of despair. Furthermore, the enemy's pressure was extremely terrifying!

The six-eared macaque was on the verge of a mental breakdown! He could lose his mind at any time! In the worst-case scenario, he would be reduced to an imbecilic state. In the worst case scenario, his psyche would be exhausted and his primordial spirit would be completely destroyed!

"Chi ..."

Chen Xiaobei decided to send six-eared macaque into the Meru space.

In this situation where there was no solution!

Chen Xiaobei refused to let An Hua get close to him and sent six-eared macaque away by force. He was going to face all the danger alone!

This courage and affection even moved many people around him.

Even the heavenly God-tier leader of the great void dark night race could not help but praise, "Chen Zhufeng! You're really something! He could still stabilize his state of mind when a great disaster was imminent! He valued relationships and loyalty! I admire you very much!"

"What's the use of admiration? Can you let me go?" Chen Xiaobei asked coldly.

"Of course not!"

The heavenly God-tier leader of the great void dark night race shook his head and said, " "You're already a dead man. I'm not afraid to tell you that I work for the clan of enlightenment! The heavenly Lord of the origin had already given the order to fight Chen Zhufeng to the death! It is my mission to kill you!"

"Since that's the case, why talk so much nonsense?" Chen Xiaobei took out his five elements spiritual foundation and said, " "If you want to fight, I'll accompany you!"

According to Chen Xiaobei's plan, the five-element spirit base would be hidden in the sky-imprisoning painting to catch the enemy off guard.

However, the existence of the five elements spirit base had long been known by the enemy, so this plan had completely failed.

Chen Xiaobei had no choice but to reveal his trump card and face the enemy head-on!

Whoosh ... Whoosh ...

Looking at the energy flowing in the five elements spirit base, everyone's heart couldn't help twitching.

No matter if they were friends or enemies, they all instinctively retreated a little, not daring to get close to this terrifying thing. They were afraid of being caught up in the aftermath and dying without a burial place.

Of course, that was excluding the heavenly God-tier great void dark night race leader!

He stood proudly on the spot and did not retreat even half a step!

This was because his strength was equivalent to the maximum power that the five elements spirit base could support!

Even if Chen Xiaobei broke his five elements spiritual foundation to further enhance the power of the five elements, he could only suppress him by one or two moves! The final victory would still belong to him!

"Chen Zhufeng, you're a smart man! Why is there a need to put up such a pointless resistance?"

The heavenly God-tier leader of the great void dark night race narrowed his eyes and said coldly, " "If you surrender, I can give you a quick death! However, if you resist, I will definitely make you suffer the most painful torture, and you will die in extreme despair and regret!"

"Ha, your nonsense is true!"

Chen Xiaobei's dark eyes glowed with an unquestionable domineering light. "I, Chen Zhufeng, would rather die standing than live on my knees! Stop all the useless nonsense! Let's fight directly!"

"Very good! Since you're in such a hurry to die, I'll fulfill your wish!"

The heavenly God-tier leader of the great void dark night race was clearly enraged by Chen Xiaobei's attitude! His killing intent surged and he charged at Chen Xiaobei without hesitation!

In an instant, everyone present let out an extremely shocked exclamation.

"It's too fast! Was this the speed of a heavenly god tier! I can't even see it clearly!"

“Chen Zhufeng is so stupid! He knew that he would lose without a doubt, but he still provoked his opponent! Can’t you just admit defeat first and then slowly think of a way?”

“Heh, don’t think about these useless things! From the moment the heavenly God-tier great void dark night race leader made his move, Chen Zhufeng was already a dead man!”

“Eh? How did Chen Zhufeng disappear?”

“Could it be that he’s already turned into ashes? It was too fast, we couldn’t see it clearly!”

The crowd’s exclamations had yet to stop, but the battle seemed to have ended.

The heavenly God-tier leader of the great void dark night race had stopped at the spot where Chen Xiaobei had just been.

Chen Xiaobei was nowhere to be seen.

Based on the difference in strength, the heavenly God-tier leader of the great void dark night race could turn Chen Xiaobei into ashes with a snap of his fingers!

The strange thing was, Chen Xiaobei had the five elements spiritual foundation, so why did he not fight back?

It was wrong!

There’s a variable!

“Short distance teleportation? Do you think you can escape from my palm like this? You’re so naive!”

The heavenly God-tier leader of the great void dark night race focused his gaze and immediately locked onto a large area of chaotic meteorite fragments in front of him.

It was obvious that Chen Xiaobei had used the penetrate the nine Heavens to avoid the fatal blow.

And the place he was hiding from was that piece of meteorite debris!

[Red Envelope Group of the Three Realms](#)

Chapter 3598: team wiped

It was obvious that although Ling jiuxiao could teleport, the distance he could move was very limited.

When facing a God-grade powerhouse, the first time he used the penetrate the nine Heavens, he could catch the opponent off guard and successfully Dodge the attack. However, if he used it a second time, he would probably be locked on by the enemy in an instant and be completely obliterated.

“Whoosh ...”

By now, the heavenly God-tier leader of the great void dark night race had already known the effects of the ninth heaven skill. He had released his celestial core power in advance to cover the area where Chen Xiaobei could move!

This way, no matter where Chen Xiaobei dodged, he would be killed by his opponent!

“This time! Let’s see where you can run to!”

The leader of the great void dark night race revealed a sinister sneer and a bone-chilling killing intent. It was like an old cat that had caught a little mouse, and could totally toy with Chen Xiaobei!

“We’re finished ...”

An Hua fell into despair at this sight.

Other people might not have been able to clearly see what had just happened, but An Hua had seen everything clearly.

As a one-star golden immortal, An Hua was also a God-tier being. He was certain that Chen Xiaobei would either have to activate his five elements power or die a horrible death. There was no third way out!

Whoosh ... Whoosh ...

However, in the next moment, a terrifying change suddenly erupted.

An Hua wasn’t the only one who didn’t expect this. The leader of the great void dark night race also didn’t expect this.

An extremely mysterious and invisible special ability suddenly enveloped him.

With an absolutely irresistible force, it suddenly pierced into the body of the great void dark night race leader!

Following that, the body of the leader of the great void dark night race, which was shrouded in black gas, started to expand at an extremely fast speed!

It was like a balloon that was being quickly inflated!

No! It was wrong!

If it was a balloon, his body would have expanded evenly!

However, at this moment, his body was clearly expanding irregularly. Some parts were round, some were sharp, and some were strangely shaped ...

what ... What’s going on??? ”

At this sight, everyone, An Hua included, began to shriek in shock, not daring to believe their eyes.

“Where’s Chen Zhufeng? How did Chen Zhufeng disappear again?”

At the same time, the crowd quickly realized that Chen Xiaobei had disappeared again!

Even stranger, An Hua’s primordial spirit realm could not detect Chen Xiaobei’s location!

“Ah ... Ah ... Save me ... Save me ...”

In just a few short sentences, the body of the great void dark night race leader expanded to an increasingly exaggerated size! It looked like it would collapse at any moment!

“Leader! Leader! Are you alright?”

The great void dark night race cultivators could no longer sit still and flew over.

Whoosh ... Whoosh ... Whoosh ...

However, just as they rushed into the area of meteorite fragments, the strange special ability descended again.

“What’s going on ... Ah ... Ouch ... It hurts ... It hurts so much ...”

Following that, not a single one of the three nine-star heaven immortal great void dark night tribesmen and three hundred eight-star heaven immortal great void dark night tribesmen were spared. They all let out hysterical, heart-wrenching, and terrifying screams.

Moreover, just like their leader, their bodies also began to expand in an extremely strange and irregular manner.

“Whoosh ... Bang! Bzz ... Bang Bang Bang!”

The bodies of eight-star heaven Immortals were the weakest, and they soon reached their limits and exploded!

What no one had ever dreamed of was ...

From their exploded bodies, the sun, moon, stars, the vast earth, grass, trees, and rocks ...

In other words, their bodies had exploded because of these things!

Swish ... Swish ...

Following that, the bodies of the three nine-star heaven Immortals from the great void dark night race also exploded. The result was the same as the first.

A large number of illusory and distorted things burst out and then gathered together. In the dark night sky, it was like a huge abstract oil painting.

What was even more bizarre was that the avatars and immortal souls of all these great void dark night race beings crumbled at the same time. Within them, the same distorted and illusory myriad existences continued to flow out.

The explosion of their primordial spirits meant that they were completely dead and would not even have the chance to reincarnate!

“Have mercy ... Chen Zhufeng ... Childe Chen! Grandpa Zhufeng! Have mercy ... I know I was wrong ... I won’t do it again ...”

In the end, only the leader of the great void dark night race was still alive.

After all, he was a heavenly God-tier being, and his physical strength was much stronger than a heavenly immortal’s.

Of course, no matter how strong one’s physical strength was, it would definitely not be able to withstand those strange things that were derived endlessly.

It was only a matter of time before his body exploded.

The only thing he could do was to beg for Chen Xiaobei's mercy.

What a pity!

Chen Xiaobei did not even respond to him!

In fact, Chen Xiaobei did not even show his true self!

"Bang!"

Finally, with a muffled sound, the cries for mercy stopped abruptly. The physical body, magical body, and primordial spirit of the great void dark night race leader all exploded.

A huge amount of distorted and illusory things suddenly gushed out.

Whoosh ... Whoosh ...

Immediately after, all the distorted and illusory things on the scene gathered and entangled together like a vortex.

The strange energy tore a spatial crack and sucked everything in.

At the same time, all the corpses, blood essence, and storage bracelets of the great void dark night race were sucked into the spatial tear.

"Phew ..."

In the end, the scene returned to peace. There were no traces of the great void dark night race left behind. It was as if they had never appeared.

"H-how is this possible? The powerhouses of the great void dark night race had actually been annihilated? We ... We're not dreaming, are we?"

At this sight, all the people from the various factions, An Hua included, let out screams of disbelief.

Just a moment ago, they were still shocked, terrified, and even despairing by the appearance of the great void dark night race.

However, at this moment, the powerful great void dark night race team had been completely annihilated!

If they hadn't seen it with their own eyes, they wouldn't have believed it even if they were beaten to death. This was actually true!

"Where's Chen Zhufeng? Where did Chen Zhufeng go? Did he die too? Why don't I see his body?"

What shocked them even more was not the annihilation of the great void dark night race, but Chen Xiaobei's sudden disappearance.

Chen Xiaobei was the first to enter the area.

Logically speaking, if the great void dark night race was annihilated, Chen Xiaobei would not have a way out either.

The strange thing was that no one saw Chen Xiaobei's body.

Among the crowd, there were three forces that had sided with the great void dark night race and wanted to kill Chen Xiaobei.

At that moment, the three forces were the most anxious to find Chen Xiaobei's body.

"Whoosh ..."

However, at this moment, an extremely powerful celestial core power fluctuation enveloped the three forces without any warning!

Red Envelope Group of the Three Realms

Chapter 3599: betting with life

"Who is it?"

The people from the three forces immediately felt the danger and looked up.

They almost peed their pants when they saw it.

Whoosh ... Whoosh ...

They saw Chen Xiaobei floating above their heads like a god, and the five-elements spiritual base was flying beside him. It was shining with spiritual light and exuding an inviolable aura that enveloped Chen Xiaobei!

"Chen Zhufeng! You ... How are you still alive?"

"That's impossible ... Chen Zhufeng! Your cultivation level is so low, how could you not die from your body exploding?"

"Chen Zhufeng! Childe Chen! Let's have a good talk! You ... You must not use the power of the five elements!"

"Childe Chen! You must calm down ... Calm down ..."

Without a doubt, the most powerful person among the three forces was only a nine-star heaven immortal.

In front of the five elements spirit base, they didn't have the slightest power to fight back.

It was not an exaggeration to say that Chen Xiaobei only needed a single thought to turn all these people into ashes!

"When the great void dark night race descended, all of you stood on their side without a second thought and wanted to kill me! And it won't stop until one of us dies!"

Chen Xiaobei said coldly, "Now, you want me to spare your lives! Let me calm down! On what basis?"

"BOOM!"

As soon as he finished speaking, the power of the five elements spirit base suddenly burst out and pressed down on everyone's head with the force of Thunder!

These people were Chen Xiaobei's most direct and thorough enemies.

Their goal of killing Chen Xiaobei was very clear, and it would not change easily.

If Chen Xiaobei let them go today, they might turn around and bite him tomorrow.

Chen Xiaobei had to be decisive in killing this kind of person!

"Shua shua ... Shua shua ..."

The power of the five elements was unparalleled, and the power of a one star god level immortal essence was like wiping out a group of ants. It completely wiped them out without reason.

In just one second.

The celestial core power disappeared in a flash, and there was no one left alive at the scene!

All the higher-ups and middle-ranks of the three forces had been wiped out!

"Whoosh, whoosh, whoosh ..."

After that, Chen Xiaobei kept the five elements spiritual foundation and collected all the scattered storage bracelets.

At the same time.

On the other side, there were four other forces that chose to remain neutral.

They couldn't help but exclaim and sigh when they saw the scene in front of them.

fortunately, we chose to remain neutral ... Otherwise, we would have been dead ...

"Yup! Who would have thought that Chen Zhufeng would have a way to exterminate the great void dark night race while he remained unscathed! This is unbelievable!"

"Well said! Luckily, we didn't go against Chen Zhufeng! It's a wise choice to remain neutral ..."

These neutral forces might not fully support Chen Xiaobei.

They all had their own plans, and they felt extremely lucky that they had managed to escape this calamity.

Shixiong Xiaobei!

Unlike the others, when An Hua saw Chen Xiaobei, she let out a sigh of relief and almost cheered.

However, An Hua's identity as a hidden chess piece could not be revealed.

Therefore, he still suppressed the excitement in his heart and did not make a reaction that would attract too much attention.

But to be honest, An Hua was also very curious. How did Chen Xiaobei survive?

Earlier, Chen Xiaobei had also entered the same realm.

Why was it that the stronger great void dark night race had all been annihilated, while Chen Xiaobei, who had a weaker cultivation, was safe and sound? This was completely illogical! It didn't make sense! There was no way to explain it!

"You guys can leave!"

Chen Xiaobei looked at him, his dark eyes exuding a domineering and terrifying aura.

"Yes! 'Yes, sir!' Let's go!"

No one dared to disobey Chen Xiaobei's order and they all fled.

With so many powerful people dead, they would not dare to challenge Chen Xiaobei.

In a moment, the scene was completely empty.

An Hua also pretended to leave. Then, she turned around and returned to Chen Xiaobei's side.

"Shixiong Xiaobei! How did you do it? You're truly invincible! He was omnipotent! Everything that had happened just now was simply too unbelievable! I feel like I'm in a dream!"

There were no longer any outsiders present, so An Hua could no longer suppress her curiosity and impatiently asked.

"I'm not as powerful as you say!"

Chen Xiaobei shook his head and said, "I was also forced to take a risk when my death was at hand. I gambled with my life against the enemy!"

"Life bet? What the hell is going on?" An Hua asked.

"The eighth orb that we've been searching for is in that area!"

"I was forced into a corner by the leader of Silent Night, so I had no choice but to enter that area! Using the Fuxi celestial Pearl's power to scheme against him!"

Fuxi celestial Pearl!?

An Hua's expression froze, then she said in surprise, "I understand!" Those twisted and incorporeal things are derived from the creator's law of the Fuxi celestial Pearl!"

"Yes ..."

yes! Chen Xiaobei nodded. earlier, I tried to use the spatial cage to trap the Fuxi celestial Pearl, but the Fuxi celestial Pearl's power burst the spatial cage! By the same logic, a Nine Star deity level Fuxi celestial Pearl can completely burst the body of a one star deity level!"

"That's right!"

An Hua nodded heavily and said, "Shixiong Xiaobei's plan was completely correct!" That's how the great void dark night race was stuffed to death!"

“But, how did you survive?” “Senior brother, you were clearly also in that domain. Could it be that the Fuxi celestial Pearl’s special ability is ineffective against you?” An Hua hurriedly asked.

“Of course it’s effective!”

“I told you, I’m actually going in to gamble my life!” Chen Xiaobei said with a bitter smile. My Meru space and the verdant Emperor’s divine gourd will explode from the power of creation! Not to mention my own body! I was supposed to die!”

An Hua swallowed and nervously said, “Yes ... You have nowhere to hide! What exactly saved you?”

“Little Daji’s third generation spiritual lady’s Natal purple gas!”

Chen Xiaobei smiled. A beautiful figure appeared in his heart, and his heart was filled with sweetness and warmth.

“Life source purple Qi? What’s that?” An Hua asked in surprise.

you can think of it as a low-quality version of the primordial violet vapor!

“ that’s right! Chen Xiaobei explained, “ when I was on the verge of death, I used the prosperous monkey fur to turn myself into a little bug, and then used my Natal purple Qi to wrap me up!

“I’m betting on whether the Fuxi celestial Pearl can sense my presence! If I can sense it, I’ll die without a doubt! If I can’t sense it, I can escape!”

Chapter 3600: Where have I seen it before?

3600 Where have I seen it before?

“So, Shixiong Xiaobei won the bet!”

An Hua said with great excitement, “the Fuxi celestial Pearl will take the initiative to attack enemies who have entered the domain of special abilities!” However, your inferior version of the primordial violet vapor has the characteristics of the real primordial violet vapor! He had escaped the detection of the Fuxi celestial Pearl! It can’t sense you, so it naturally won’t attack you!”

“That’s right!”

Chen Xiaobei let out a long breath and smiled. “I’m so lucky this time! Otherwise, I would have died!”

An Hua repeatedly nodded and excitedly said, “That’s great! Now that the enemies have retreated, we can finally take the Fuxi celestial Pearl! When Shixiong Xiaobei completes the nine-star alignment ceremony, I can officially become an inner disciple of the tribe of severity!”

“You’re right! I’ll get Qingcheng to go get the Pearl now!” Chen Xiaobei grinned and said in a relaxed tone.

Before that, Chen Xiaobei had no way of taming the Fuxi celestial Pearl.

But at this moment, it had become a very simple matter.

This was because Chen Xiaobei had personally resolved the danger that he did not dare to let song Qincheng take!

That's right!

Chen Xiaobei did not dare to let song Qincheng get close to the Fuxi celestial Pearl because he was afraid that the Fuxi celestial Pearl's power would hurt her.

However, after the bet, Chen Xiaobei had used his life as a bet and found a way to break out of the situation.

Perhaps, this was what it meant to have good fortune after surviving a great disaster!

"Chi ..."

After Chen Xiaobei released song Qincheng, he used a super prosperous monkey fur and turned her into a little bug.

After that, Chen Xiaobei covered song Qincheng with his Natal purple Qi.

At the same time, An Hua also added a layer of protective immortal essence to song Qincheng's body, making the surrounding environment unable to harm her.

This way, song Qincheng only needed to fly into the Fuxi celestial Pearl's special ability spiritual Jade, complete the communication, and subdue the celestial Pearl.

As expected!

Everything was within his expectations!

Soon, song Qincheng returned with the Fuxi celestial Pearl.

"Xiaobei! We've already gathered all eight orbs of the Three Sovereigns and Five Emperors! Next, what should I do to realize the nine Star pearls?"

Song Qincheng handed the Fuxi celestial Pearl to Chen Xiaobei and asked.

Obviously, song Qincheng could only sense the location of the eight orbs. As for the next step, she had no clue at all, and she could not feel any guidance.

"I don't know ... " Chen Xiaobei shook his head and turned to An Hua.

"Shixiong Xiaobei, why don't you take out all eight orbs first? let's see what kind of change will occur after they gather together!" An Hua said after some thought.

"Alright! We'll do as you say!"

"hehe! " Chen Xiaobei grinned. "maybe it'll be like the seven Dragon Balls. I can summon a Dragon when I have all of them! " Hehe!"

Hearing that, song Qincheng smiled. Everyone on earth knew the story of the seven Dragon Balls.

But unfortunately ...

Nothing happened after Chen Xiaobei took out all eight orbs.

Not to mention summoning the Dragon God, there was not even the slightest abnormal fluctuation.

“as expected, the orbs of the Three Sovereigns and Five Emperors are much more powerful than the seven Dragon Pearl ...” Chen Xiaobei sighed.

It was definitely not that easy to connect the nine stars.

“If there’s really no other way, I’ll ask Mother Nuwa!” Song Qincheng frowned. At this time, she could only ask for help.

“It’s no use ...”

“no!” Chen Xiaobei shook his head. “humanity’s Mark is just like mo Luo Wu Tian’s demonic mark. Even the heavenly path Saints don’t know what it is!”

“I’ve asked goddess nüwa about it before. She had many questions too. In the end, I still went to ask Mo Luo Wu Tian!”

Chen Xiaobei’s eyes lit up. “Yeah! I can ask Mo Luo Wu Tian!”

“Senior brother, please think twice!”

An Hua slightly frowned and said, “at this crucial moment, we can’t let outsiders know!” Perhaps he has a good relationship with you, but this matter concerns the rise and fall of a saint’s great sect! He might even stab you in the back and make us suffer a complete defeat!”

Clearly, An Hua’s concern was completely correct.

Chen Xiaobei could not trust mo Luo Wutian 100% to begin with. In fact, when they were trading the blood Bodhi, mo Luo Wutian had even schemed against Chen Xiaobei. The two of them were not happy about the price.

When it came to small matters, mo Luo Wutian could turn a blind eye.

However, when it came to the big picture, he would definitely plot against Chen Xiaobei to benefit himself.

And the sale of blood Bodhi was insignificant compared to human path imprints.

If this time, mo Luo Wutian had given Chen Xiaobei the wrong guidance, Chen Xiaobei might have been killed, and Mo Luo Wutian would have been the one to reap the benefits.

“Junior brother’s reminder is right!”

Chen Xiaobei was a smart man. He understood what was going on and did not place any more hope on mo Luo Wutian.

However, if he did not ask Mo Luo Wutian, what should he do next?

Chen Xiaobei, song Qincheng, and An Hua looked at the eight orbs in front of them and fell into deep thought.

“We can’t stay here for long. Let’s go inside the verdant Emperor’s divine gourd and slowly think of a way!”

Chen Xiaobei brought Song Qincheng and An Hua into the Meru space, and then into the verdant Emperor’s divine gourd.

This way, the Meru space would float in space and no one would be able to discover it.

Not only would it be safe, An Hua’s identity would not be exposed.

This was to prevent someone from secretly observing him and bringing about a fatal disaster like the last time.

.....

Within the verdant Emperor’s divine gourd, there was a bloodspring planet.

On this planet lived the infernal demon race, the Golden armored mysterious Spider, and the little girl, Fu Tian Xin ‘er.

Of course, Heng Yongxu and six-eared macaque were also inside the verdant Emperor’s divine gourd.

Seeing that Chen Xiaobei was safe and sound, six-eared macaque was the happiest. He had thought that Chen Xiaobei was dead for sure.

He did not expect Chen Xiaobei to be able to break out of the dead end and even take the Fuxi celestial Pearl.

Six-eared macaque was so shocked that he was in awe of Chen Xiaobei.

After that, everyone gathered together and thought about their next move.

“Xiaobei Gege!”

Suddenly, Futian Xin ‘er ran to Chen Xiaobei’s side happily. She blinked her big eyes and looked at the eight pearls curiously.

“Girl, don’t mess around! We have important matters to attend to!”

Chen Xiaobei patted her head and asked her to leave so that she would not disturb everyone’s thoughts.

“I seem to have seen these eight beads somewhere before!” Fu Tian Xin ‘er pouted and said with a serious expression.

“You’ve seen it before? Really? When was this? Where have you seen it before?” Chen Xiaobei was excited.

Everyone’s eyes widened and their ears perked up, waiting for Fu Tian Xin ‘er to answer.

“Oh ...”

Fu Tian Xin ‘er tilted her head as she tried to recall.
