Chapter 3601: End in failure

3601 End in failure

“Oh ...”

Fu Tian Xin ‘er’s brows furrowed as she pouted and thought for a long time before saying, “ I think I saw it in a place called Mount Buzhou ... But strangely, I’ve never been there ...

It was obvious that since her birth, she had been protected by goddess Nuwa in the primordial chaos demon ancestor’s seal.

Therefore, Futian Xin ‘er had definitely not been to Mount Buzhou.

However, she said that she had seen the eight pearls in Buzhou Mountain. Wasn’t that contradictory?

Song Qincheng, An Hua, and six-eared macaque were naturally completely confused, not knowing what had happened.

But now, Chen Xiaobei understood the key point.

“I understand!”

that year, Gonggong and Zhurong did not get along, ” Chen Xiaobei said excitedly. they had a life-and-death battle! Gong Gong was defeated. In a fit of anger, he crashed into Buzhou Mountain, the sky Pillar, and broke it!”

“At that time, the untainted land was still there, and Mount Buzhou was the pillar that supported the heaven realm! After the mountain collapsed, the heavenly realm tilted and the space cracked! The heavenly River poured into the human world, and the land of the nine prefectures was flooded! There are even demonic beasts from the heavenly realm that descend to the world and feed humans!”

“In order to save the people of the world, goddess nūwa used the heavenly mending rock to seal the cracks in the space of the heaven realm. Then, she cut off the four legs of the divine turtle and forged it into the four pillars of the heaven realm to restore the balance of the heaven realm and protect the people of the world from the disaster.”

“Xin ‘er was the one who awakened the heaven mending stone’s spirit and turned into a demon. The things that the heaven mending stone had experienced would appear in Xin’ er’s memories! Therefore, when the heaven mending rock went to Mount Buzhou, Xin ‘er would remember the scene there!”

Chen Xiaobei’s speculation was correct.

Fu Tian Xin ‘er also nodded her head and said with a serious expression, “ “I vaguely remember that when my mother was mending the sky, I saw eight precious pearls on the peak of Mount Buzhou! The color and size are very similar to these eight orbs!”

Chen Xiaobei’s eyes lit up. He had already deduced the answer.

“These eight orbs represent the eight core laws of a complete world! And Mount Buzhou is the core of the heaven realm!”

“There’s a Green Lotus of reincarnation blooming on the top of the mountain! This was the first green Lotus seed of chaos that had grown! It can be said to be the foundation of the heavenly realm!”

that’s right! Chen Xiaobei said. so, the eight orbs you saw on Mount Buzhou are actually the eight core laws of heaven!

“Oh ...”

Fu Tian Xin ‘er didn’t seem to fully understand, and she nodded her head in a daze. Her eyes were filled with anticipation as she asked, ” “So, did I help Xiaobei?”

“Of course! You’ve been a great help!” Chen Xiaobei was so excited that he cupped Futian Xin ‘er’s fair and cute little face in his hands and caressed it lovingly.

Futian Xin ‘er was smiling like a little kitten. She really liked it when Chen Xiaobei pinched her cheeks.

“Shixiong Xiaobei! So, you already know how to connect the nine stars?” An Hua impatiently asked.

“Do you even need to ask?”

“Mount Buzhou is the core of the heavenly realm!” Chen Xiaobei grinned. The tear of the great void was the core of the human world! The green Lotus of reincarnation carries the eight core laws of the heaven realm!”

“And I happen to have an immature green Lotus seed of chaos in my hands! It is the foundation of the eight core laws of the human world!”

There was no doubt that Futian Xin ‘er’s memories had given Chen Xiaobei the right inspiration.

This judgment was absolutely not wrong!

“An Hua! Bring me back to the exit of the rift to the void immediately!” Chen Xiaobei made his decision without hesitation.

“Yes!” An Hua had absolute trust in Chen Xiaobei. She did not ask any questions and immediately took action.

.....

Once they were back in the great void universe, An Hua used her golden immortal-level speed to bring Chen Xiaobei back to where they came from.

It was a black sky-floating island that was floating in the great void universe.

Because of the existence of the green Lotus seed of chaos, it created a layer of self-protection fog. Outsiders could not get close to it and could not even detect the existence of this floating island.

Chen Xiaobei was the only one who could find this place.

“That’s the heavenly water of creation, right?”

An Hua flew over with Chen Xiaobei.

There was a small pond on the ground, and there was a Bay in it that was extremely clear and filled with spiritual divine water.

And in the middle of the pool, there was a Green Lotus seed of chaos with a spirituality that was countless times more terrifying.

This was the last lotus seed left behind after the green Lotus of chaos withered, and it was also the foundation and lifeline of the human world.

The other four lotus seeds were in the core of the heavenly realm, and they had grown into the green Lotus of reincarnation! In the core of the netherworld, the red karmic fire Lotus would grow! In the core of the Buddha realm, it would grow into the Golden Lotus of merit! It would grow into the black Lotus of destructions in the core of the demonic dimension!

And these four divine lotuses all carried the eight core nomological laws of their respective worlds!

At this moment.

Chen Xiaobei was carrying eight orbs, each containing the imprints of eight core laws of the human world.

As long as his guess was right, when these eight orbs and the eight imprints were put together, an extraordinary phenomenon would definitely occur.

And this phenomenon was most likely the nine Star Pearl that Chen Xiaobei and An Hua had been dreaming of!

“Plop ... Plop ... Plop ...”

Chen Xiaobei was very serious. He held his breath and focused as he placed the orbs into the water one by one.

There was no reaction at first.

An Hua was so nervous that her entire body was trembling, and her heart was on the verge of stopping.

He was very afraid. He was afraid that this attempt would still have no effect.

If that was really the case, then he couldn't think of any other way.

All the plans and setups would stop here.

He would not be able to fulfill his wish of becoming an inner sect disciple of the tribe of severity.

“Plop ...”

As the last orb was placed into the pool, even Chen Xiaobei, who had a strong mental state, began to feel nervous and worried.

All the hard work, all the hard work, and even his life had been gambled. It all depended on his performance at this moment.

If it wasn't for the nine Star Pearl, everything would have been in vain.

Without the human Dao seal, Chen Xiaobei would not be able to survive in the heavenly realm, let alone save Chang 'e fairy.

It wasn't an exaggeration to say that all the successes and failures! Honor and disgrace! Rise and fall! Life and death! They were all betting on this moment!

It could be said that one step into heaven, one step into the abyss!

“.....”

After a long wait, there was no reaction from the pool.

He was nervous! Panic! Disappointment! Finally, despair!

This attempt had failed again!

Both Chen Xiaobei and An Hua did not have any animals, but their faces were dark and their mood had hit rock bottom.

To them, this was the last thing they wanted to see, and it was the most fatal blow!

It was even enough to make them collapse on the spot!

Silence!

A deathly silence!

Chen Xiaobei and An Hua could not do anything about this. They could do nothing but stand there in shock.

“No matter! I still have to ask Mo Luo Wu Tian!”

After all, Chen Xiaobei's state of mind was beyond ordinary. Even after such a blow, he could still calm down quickly.

Chapter 3602: World-extinguishing sacred marrow

3602 World-extinguishing sacred marrow

Chen Xiaobei had to calm down!

He knew very well that despair and loss were meaningless!

Since he had encountered a problem, he should immediately think of a way to solve it, not stop and sink into depression!

Even though it was very likely that mo Luo Wutian had played a dirty trick in this matter! But now, Chen Xiaobei had to take this risk!

To put it bluntly, this was also a huge gamble!

If he gambled, he might have a chance of survival! If he didn't gamble, he would lose without a doubt!

There was no doubt that Chen Xiaobei would never be defeated by difficulties. He would rather live standing than die kneeling!

He opened the Three Realms red envelope group!

Without hesitation, Chen Xiaobei entered a private chat with mo Luo Wutian!

Chen Xiaobei: There's something extremely important that I have to ask you!

[mo Luo Wu Tian: speak!] We are allies! Why so polite!

"I've entered the rift in the void and found the mark of the eight core laws of the human world."

[mo Luo Wu Tian: I know. My men have already reported the general situation to me.]

Chen Xiaobei: Who are your people?

Mo Luo Wu Tian: " don't be nervous. Not long ago, you saw a spy among the neutral forces in the meteorite field. He's one of my spies!

Mo Luo Wu Tian: " my men explained the situation to me. I immediately guessed that you must have a way to subdue the Fuxi celestial Pearl. The other celestial pearls must be in your possession!

Chen Xiaobei: " since you know everything, you should know what I wanted to ask you, right? "

[mo Luo Wu Tian: with your intelligence, you will definitely think of putting the eight precious beads together with the green Lotus seed of chaos!] You won't ask me about this!

Chen Xiaobei: I've already done this, but nothing special has happened!

Mo Luo Wutian,"so, this is what you wanted to ask me?"

Chen Xiaobei: I need you to tell me! How could he connect the nine stars and summon the human Dao imprint!

[mo Luo Wu Tian: I can answer this question!] However, you must pay the corresponding price! Mutual benefits, this is the rule of our cooperation!

Chen Xiaobei: What do you want?

[mo Luo Wu Tian: will you agree to anything I want?]

Chen Xiaobei: " tell me about it first. As long as you don't hurt my family and friends, I'll consider any conditions!

Mo Luo Wu Tian thought,"looks like you're determined to get the humanity imprint!"

Chen Xiaobei: " I can't move a single step in the heavenly realm without the human seal! Why are you asking the obvious?!

The effect of humanity's Mark was the same as the demonic mark. It could release a special kind of energy to protect the owner from being schemed against.

Mo Luo Wutian defied the natural order and was a thorn in the flesh of the Dao ancestor.

The reason why he was still alive was because the demonic Dao mark had concealed all his aura and fate.

Even when the six great heavenly path sages joined forces, they were still unable to deduce his exact situation.

This was also the reason why Chen Xiaobei was so desperate to obtain the humanity mark.

Without the mark of humanity, Chen Xiaobei would immediately be tracked down by his enemies in the upper heavenly realm. The day he ascended would be the day of his death!

But if he had the human Dao imprint, even a heavenly path Saint would not be able to predict Chen Xiaobei's actions.

This was the only way Chen Xiaobei could be relatively safe in heaven and go further.

That was why Chen Xiaobei was willing to pay any price as long as he did not hurt his family and friends to get the humanity mark.

Mo Luo Wu Tian: He had already said this! Then I won't beat around the bush!

[mo Luo Wu Tian: if you want me to teach you how to obtain the human Dao imprint, you must become a demon and become a member of my demon race!]

Chen Xiaobei:

Mo Luo Wutian asked, "what's wrong?" Was he scared?

Chen Xiaobei thought, 'I thought you would ask me for a large number of blood Bodhi! Or the Dragon's edge or the chaos Blood Sword! I wouldn't even be surprised if you wanted the green Lotus seed of chaos!

Chen Xiaobei: " but I didn't expect your target to be me!

Mo Luo Wutian thought, "Oh, what's there to not think of?" As long as you become my subordinate, everything you have will be mine, right?

Chen Xiaobei thought, you've got it all planned out! But, are you sure you can control me?

[mo Luo Wu Tian: I'll only know if I can control it after I try!] If you can't control it, I'll just kill you! Everything you have will still be mine!

Chen Xiaobei-you're being too harsh! Aren't you afraid of my rejection?

Mo Luo Wutian, "ha, you've rejected me. Do you have any other way?" I've already seen through it. If you weren't at a dead end, you wouldn't have asked me for help at all! Since you're here, I won't refuse!

Chen Xiaobei, you seem to know me well!

"Of course!" Mo Luo Wutian replied. Because you and I are the same kind of person! We are the kind of people who are willing to give up our lives for a goal! If he could even give up his life, what else could he not give up?

Indeed! Back then, when mo Luo Wu Tian was able to obtain the demonic imprint, he had also gone through many trials. He had used everything he had, even his life and soul, to obtain the final success!

Chen Xiaobei was indeed very similar to mo Luo Wutian!

For the sake of his goal, Chen Xiaobei had the courage and determination to do anything!

Chen Xiaobei: I don't even care about my life! What was there to be afraid of when one was possessed by the devil?

Mo Luo Wutian, "great!" I've been waiting for you to say this!

Chen Xiaobei: " just tell me. How can I become a demon? "

[mo Luo Wu Tian: accept my red packet!] I'll give you a gift that's not inferior to that of sect master Tongtian! To celebrate your fall into the demonic path!

Ding! Congratulations! You've snatched a red envelope from mo Luo Wu Tian. You've received a drop of the world-ending sacred marrow. It has been stored in your treasure chest!

Chen Xiaobei, the world-ending sacred marrow? What was that thing?

[mo Luo Wutian: this item has reached the nine-star divine level!] It's the Nectar of the Black Lotus of destructions, the core of our demonic realm, that has been accumulated over trillions of years! There were only three drops in the world! Am I good enough to you?

"Honey from the Black Lotus of destructions?" You want me to take it?

[mo Luo Wutian: that's right!] The Black Lotus of destructions is the foundation of our demon world! It was the object with the most abundant demonic nature in the world, the most overbearing object!

[mo Luo Wu Tian: consume a drop of the world extinguishing Saint marrow. Your body, mind, and soul will receive the most thorough baptism!] It stimulated an unprecedented demonic nature! You'll officially become a member of our demon race!

Chen Xiaobei: I will lose my heart? 100% loyalty to you? Or is my life in your hands?

[mo Luo Wu Tian: the devil won't make you lose your heart. It will only continuously stimulate the demonic nature in your heart!] Let you fall in love with the feeling of being a demon! They were willing to sacrifice everything for the demonic path! Including your life!

If that's the case, I'll have to accept my fate!

Then, Chen Xiaobei took out the world-ending sacred marrow and swallowed it without any hesitation!

Chapter 3603: Blood-red light filling the sky

3603 Blood-red light filling the sky

Chen Xiaobei did not hesitate.

He had no other choice.

If he did not do as mo Luo Wu Tian said, he would not be able to obtain the human path imprint.

The result would be that all his previous efforts would be in vain and his path of retreat would be cut off!

Don't forget, in order to pave the way for Chen Xiaobei, the prime of Tongtian had given him many treasures! He had racked his brains to scheme and lay out the layout! He was even willing to sacrifice himself and be locked up, never to regain his freedom!

Chen Xiaobei himself had also gone through countless hardships and dangers to get to where he was today. He had gone through countless life and death situations. The blood, sweat, time, and energy that he had put in were uncountable!

If they could not get the humanity mark, everything that the prime of Tongtian and Chen Xiaobei had done would be in vain!

Without the mark of humanity, Chen Xiaobei would not be able to ascend to heaven, revive the tribe of severity, see his master, and protect the people he wanted to protect in the future!

This meant that Chen Xiaobei could only live in despair and suffering for the rest of his life! He was powerless to do anything! It was difficult to take a single step!

Without a doubt, this was worse than death for Chen Xiaobei!

Compared to death, being possessed by the devil was obviously not the most desperate!

"Gulp ..."

The sacred marrow of world annihilation slid down Chen Xiaobei's throat and into his stomach.

Although this was the honey of the Black Lotus of destructions, it did not have any sweet taste.

On the contrary, wherever the world-extinguishing sacred marrow flowed, every inch of Chen Xiaobei's flesh and blood, starting from his mouth, would burst with a terrible pain as if he was being cut by a thousand knives!

His throat! Food path! His stomach! His internal organs! His limbs and bones! Every piece of bone! Not a single tendon! Every single pore of his was filled with excruciating pain!

The scariest pain Chen Xiaobei had experienced before was the tyrant body trial of the sky-killing tyrant body technique.

However, the pain at this moment was a thousand times more terrifying than the Overlord body trial! Ten thousand times! Countless times!

ah ... Ah ... Ah ... Ah!!!

Even with Chen Xiaobei's strong mental state, he could not withstand it and started to scream.

His face was twisted and his body was completely out of strength. He fell to the ground, trembling and twitching.

"Shixiong Xiaobei! Are you alright?"

An Hua's pupils involuntarily constricted at this sight, and her entire body was covered in cold sweat. Even her hands and feet had turned completely cold.

Just looking at Chen Xiaobei's current state of pain made An Hua feel uneasy.

An Hua even felt that if the same pain fell on her, she probably wouldn't even be able to last ten seconds. She would either die from the pain, or die from mental torture.

"Uh ah ... Uh ah ..."

Slowly, Chen Xiaobei lost consciousness and stopped wailing in pain.

However, his eyes became empty and dull. He was gasping for air with a strange sound like the breath of a beast.

"Shixiong Xiaobei ... What's wrong with you? You can't let anything happen to you!"

Seeing this, An Hua could not care less. She immediately ran toward Chen Xiaobei to check on him.

whoosh ... Whoosh!!!

Suddenly, Chen Xiaobei's eyes turned blood-red, and a crown-like dark demonic Qi emerged from his forehead. With a wave of his hand, a powerful force was released!

"Uh ..."

Who dared to think about it! Chen Xiaobei's palm, with his speed and strength, caught An Hua's throat.

An Hua, a one-star golden immortal, was actually unable to move at all, unable to put up any resistance.

His entire body was lifted up by Chen Xiaobei with one hand.

No... Impossible ... This is impossible ...

An Hua simply could not believe her eyes, even suspecting that she was dreaming.

But!

There was a strong pressure on his throat. He was suffocating and could be broken by Chen Xiaobei at any moment.

These realistic experiences told An Hua that this was definitely not a dream.

Chen Xiaobei had obtained a power that did not belong to him.

This power was roughly at the one-star divine level! Moreover, it was a strength that could make him invincible among those of the same level!

The strangest thing was that Chen Xiaobei did not just become stronger! Moreover, it seemed that there was an additional special ability!

Affected by this special ability, An Hua wanted to use her Dharmakaya to leave her body, but he could not do it!

Shixiong Xiaobei ... Let me go ... I ... I'm going to die ...

An Hua could already sense a fatal threat, but she had no power to resist.

What made An Hua even more desperate was the murderous look in Chen Xiaobei's eyes!

He was like a bloodthirsty, brutal, and crazy beast. Not only would he not show mercy to the weak, but he might even kill his own family and friends!

That's right!

Chen Xiaobei's demonic nature was slowly being activated by the world-ending sacred marrow.

By the looks of it, Chen Xiaobei had completely lost his mind. He did not recognize An Hua at all.

If the demonic nature of An Hua got worse, Chen Xiaobei would definitely break her neck with his own hands!

Shixiong Xiaobei ... Please ... Please spare me ...

An Hua was growing weaker and weaker. If her avatar could not leave her body, she would die along with her physical body.

An Hua was prepared to sacrifice her life for Chen Xiaobei and the tribe of severity.

He had never thought that he would die by Chen Xiaobei's hands!

An Hua had been loyal to the tribe of severity and had helped Chen Xiaobei several times, but she had ended up like this. It was so ironic!

"Uh ... Wu ... No! No... Wu ..."

Suddenly, Chen Xiaobei let out a sound of struggle!

It was as if someone was doing something he was unwilling to do, and he was resisting with all his might!

"Phew ..."

For a moment, the grip on An Hua's throat greatly weakened, allowing An Hua to finally catch her breath.

Chen Xiaobei's heart had not fallen for her!

His kind nature, which valued relationships, was fighting fiercely with the demonic nature of the world extinguishing sacred marrow! There must be a clear winner!

"Uh ..."

Before An Hua could even catch her breath, her throat was once more tightly clenched.

After all, the world-extinguishing sacred marrow was a nine-star divine item. No matter how strong Chen Xiaobei's state of mind and Dao heart were, he was still at a disadvantage!

In this situation, Chen Xiaobei needed an extra helping hand to fight against the world-ending sacred marrow!

Otherwise, Chen Xiaobei's Dao heart would be completely lost, and the demonic nature would invade his mind, turning him into a real demon.

By then, there would be no need for mo Luo Wutian to control Chen Xiaobei. Chen Xiaobei would do what a demon should do! For the demonic path, he would sacrifice everything! Even life was no exception!

But at this moment, where could he find an external force to help Chen Xiaobei?

It was almost a foregone conclusion that he had completely fallen into bedevilment!

"Clang ..."

However, at this moment, the sound of a sword whistling in the air could be heard!

In an instant, blood filled the sky and the universe trembled!

Red Envelope Group of the Three Realms

Chapter 3604: Half-human, half-demon

3604 Half-human, half-demon

"Oh ..."

Chen Xiaobei snorted, and the dark demonic Qi above his head began to dissipate. A strange look appeared in his blood-red eyes.

The important thing was that the hand he had used to grip An Hua's throat had slightly loosened.

"Phew ... Phew ..."

An Hua seemed to have been relieved of a great burden, and she began to take deep breaths.

But at the same time, An Hua's expression was also one of extreme panic, her heart madly beating and her mind on the verge of collapse.

Chen Xiaobei and An Hua's reactions were clearly related to the sudden change in the world.

The change that shook the universe didn't just produce a terrifying scene and sound, it also gave off an extremely shocking pressure.

The pressure was so strong that it could even shake the demonic nature of the world extinguishing Saint marrow.

This was the external help that Chen Xiaobei needed the most!

"Clang!!!"

The sound of the sword whistling became more and more intense and shocking.

The terrifying sound waves exploded like a huge wave, causing the entire space to tremble!

The blood light that filled the sky crossed billions of miles of the universe. The mountains crossed endless rivers and tore apart the void like a saint's sword. It reached and destroyed everything!

this ... Could this be a mixed sword embryo?!

An Hua's body and mind trembled as she immediately thought of an answer.

After all, when sect leader Tongtian had traveled through the rift to the great void and found the chaos sword embryo, An Hua had been at his side.

"But ... Something's not right ..."

An Hua's brow creased in confusion. "The crack in the great void was merged into the chaos sword embryo by the heavenly Grandmaster Sage! How could the chaos sword embryo enter his body by itself? This doesn't make any sense ..."

"Oh ..."

At the same time, the demonic Qi above Chen Xiaobei's head was quivering violently. His blood-red eyes were filled with a twisted expression.

With Chen Xiaobei's determination and the help of a mysterious external force, the demonic Qi was gradually suppressed.

"Ugh ... Argh! Ah ..."

However, this process made Chen Xiaobei suffer even more pain and torture than before.

If Chen Xiaobei gave up resisting and allowed the demonic nature to take over his mind, the pain would disappear.

However, if Chen Xiaobei insisted on fighting back, the demonic nature of the world-extinguishing sacred marrow would only make the pain more intense, until Chen Xiaobei was tortured to death.

"Shixiong Xiaobei ..."

Seeing Chen Xiaobei's pained expression and hearing his heart-wrenching cries, An Hua felt her heart ache.

"Who is it? Who was secretly making a move? Since you want to help, don't hide it! Please help my Shixiong Xiaobei!"

An Hua raised her head to the sky and shouted at the boundless bloody light.

An Hua could clearly feel the torture that Chen Xiaobei was going through.

It was an extreme torture that was beyond the tolerance of ordinary people.

If it had been anyone else, even An Hua herself, she probably would have long since been tortured to the point of collapse. Even if she didn't die from the pain, her mind would have been completely exhausted from the torture, her primordial spirit destroyed!

But!

Chen Xiaobei did not give up! He had been enduring all the torture and holding on to his last bottom line!

The more he persevered, the more pain he felt!

As time passed, An Hua felt her heart ache just by looking at it!

If her death could free Chen Xiaobei, An Hua would be willing to die!

Fortunately, the world is unpredictable and misfortunes and blessings depend on each other!

After a person was suppressed to the extreme by a disaster, as long as they did not fall, they would often be able to welcome a counterattack and turn the situation around!

“Clang!!!”

Finally! After persevering for a period of time, the phenomenon in the sky changed once again!

The blood-red spiritual light that stretched across a trillion miles of the universe was like a rainbow that pierced through the sun, shooting toward Chen Xiaobei.

The boundless blood light pierced through Chen Xiaobei’s forehead.

“Whoosh ... Whoosh ...”

In the next moment, the demonic Qi of the world-extinguishing Saint marrow and the blood-red spiritual light clashed violently.

The two terrifying energy fluctuations were like fire and water, frantically repelling each other.

There were even thunderstorms between them. They competed with each other and killed four people. It was completely a state of not stopping until one of them died!

“What ... What is going on?”

An Hua was already dumbstruck, not daring to believe her eyes. She was even completely unable to understand just what was going on.

Wu ... Ah!!!

All of a sudden, Chen Xiaobei seemed to have broken through some kind of seal, and let out a roar of relief.

Then, an extremely strange scene appeared!

The left side of Chen Xiaobei’s face was covered in dark demonic Qi. His eyes were bloodshot, and his face was twisted. Black Qi was coming out of his mouth and nose. He looked like a terrifying demon!

But!

The right side of Chen Xiaobei’s face had returned to normal. His eyes were clear, and his expression was calm. It was almost the same as his usual state.

“Whoosh ...”

At the same time, Chen Xiaobei’s left hand was still gripping An Hua’s throat tightly.

In his left hand, a completely black Lotus appeared, exuding a terrifying demonic aura. Like a black hole, it completely enveloped An Hua.

“Whoosh ...”

On the other hand, a blood-red short sword appeared in Chen Xiaobei’s right hand.

The short sword looked like the most primitive form of the chaos sword embryo, but it was not a real entity. It was just an illusory Dharma.

The chaos sword embryo Dharma laksana also exuded an extremely powerful sword essence.

This sword intent was no weaker than the demonic nature of the world-extinguishing Saint marrow.

“An Hua ...”

Chen Xiaobei seemed to have regained his consciousness. The right side of his face was filled with surprise. What just happened ... I ... Why can’t I control the left side of my body? ”

Shixiong Xiaobei, you were using your phone to send a message to someone just now. Then, you drank a drop of black liquid, and then your demonic power erupted, and you almost killed me!

An Hua was still being choked, and she said with great difficulty, “But fortunately, the blood light from beyond the sky descended and helped you resist the demonic nature! Looking at the current situation, you should be in a half-demon, half-human state! Perhaps, you will only be able to regain control of your body once you’re completely possessed by the devil!”

half-human, half-demon!?

Chen Xiaobei recalled his conversation with mo Luo Wutian. Then, he looked at the scene in front of him and immediately understood what was going on!

“I remember now! The demonic nature of the world extinguishing Saint marrow is trying to baptize my state of mind and pierce through my Dao heart, causing me to be completely demonized!”

this is the chaos Blood Sword! Chen Xiaobei said, ” and this bloody light is actually the chaos Blood sword’s item spirit, which is the original sword embryo’s original spirit! It has always existed within the chaos Blood Sword, and I am its master. That is why it has come to protect its master in times of crisis!”

“What should we do now?” An Hua nervously asked.

[Red Envelope Group of the Three Realms](#)

Chapter 3605: rather die than retreat

“I don’t know what to do ...”

if I had not joined the devil, mo Luo Wu Tian would not have taught me how to summon the human seal! Chen Xiaobei said. But once I become a demon, I don’t know what kind of crazy things I’ll do!”

As he spoke, Chen Xiaobei’s brows were furrowed. He felt very guilty.

With Chen Xiaobei’s personality, he would never hurt An Hua.

But Chen Xiaobei's left hand was out of his control and was strangling An Hua's throat, almost taking her life.

If An Hua really died in his hands, Chen Xiaobei would never be able to rest easy.

"Shixiong Xiaobei ... If my death can be exchanged for the human Dao seal ... Then I, An Hua, am willing to die!"

An Hua was extremely weak at this moment, but her kindly face revealed an extremely determined resolve and an incomparably pious loyalty!

don't say such silly things!!!

Chen Xiaobei said, " although I've promised mo Luo Wu Tian that I can join the devil, my condition is that you must not hurt my family and friends!

"I almost killed you! Therefore, the agreement between me and Mo Luo Wutian has become completely invalid! I will definitely not do as he says! I won't let anything happen to you!"

Clearly, Chen Xiaobei's character of being loyal to friends had been running through his entire life! This wasn't just his personality, but also his Dao heart and bottom line!

If he had known that An Hua would be hurt, Chen Xiaobei would never have agreed to mo Luo Wu Tian's request. He would never have touched the world-ending sacred marrow!

"Senior brother ... I know you value relationships! However, I also know how important the human Dao seal is to you and the entire Jie sect!"

An Hua's eyes focused, and she solemnly said, "I, An Hua, have received the grace of rebirth from the prime of the Empyrean Sage, and I have already thrown my life away! I'm a member of the Jie sect when I'm alive and a ghost of the Jie sect when I die! As long as the Jie sect is better, I will die a worthy death!"

It was clear that An Hua was absolutely and utterly loyal to sect master Tongtian and the tribe of severity!

As long as he treated the Jie sect well, he was willing to give up his life at any time!

Chen Xiaobei was very touched by her words.

As the saying goes, it's easy to add flowers to a brocade, but hard to send charcoal in the snow!

At present, the Jie sect was the weakest, poorest, and most dejected sect among all the great sects of the sages. They were even at risk of being destroyed at any time!

But even so, An Hua had still refused to leave, even willing to give up her life!

This kind of loyalty was the most pious! The ultimate! It was also the rarest form of loyalty!

Not only did Chen Xiaobei treat him as an outer disciple, he also saw him as a true friend!

"Don't worry! I will definitely not let you die!"

Chen Xiaobei's eyes narrowed, and the right side of his face exuded a determined look!

Overbearing! Violent! There was no room for doubt!

“Woof!”

Chen Xiaobei raised the sword in his right hand and slashed!

He had chopped off his entire left arm from his left shoulder!

Shixiong Xiaobei!!!

An Hua’s face turned pale. Never in her dreams would she have thought that Chen Xiaobei would do something like this!

In order to protect An Hua, Chen Xiaobei had cut off his own left arm in an attempt to free her!

This action instantly caused An Hua’s body and mind to tremble.

Touched, shocked, guilty ... All sorts of complicated emotions surged into her heart.

Even this white-haired old man who had experienced so much couldn’t help but have his eyes turn red as tears rolled down his face.

One had to know that in any sect, outer disciples were the lowest and most lowly members. They didn’t even have the qualifications to acknowledge a master!

And Chen Xiaobei was the direct disciple of the highest-ranking leader of the tribe of severity, sect leader Tongtian!

Originally, according to the interests of the sect, outer disciples were like ants, and it didn’t matter how many died!

But to protect an ‘ant’, Chen Xiaobei was willing to cut off his own arm. His loyalty was as sincere as An Hua’s! The ultimate! The rarest!

How many people in the world could do such a thing?

In that instant, An Hua’s admiration for Chen Xiaobei had reached its peak!

Love! Righteousness!

These two words were vividly interpreted by Chen Xiaobei, penetrating through Chen Xiaobei’s soul and state of mind. It was an unshakeable Supreme Dao heart!

“Uh ...”

But at this moment, the severed left arm did not let go of An Hua. On the contrary, it exploded with a powerful energy that once again gripped An Hua’s throat, even attempting to break it!

“An Hua!”

Chen Xiaobei was shocked.

He looked at his left shoulder and his broken arm. They were not bleeding. Dark demonic Qi was flowing out of the wounds.

What was even weirder was that the Black Lotus also emitted a stronger demonic Qi. In terms of power, it was slowly countering the power of the original spirit of the chaos sword embryo.

In fact, this was completely within reason!

The world extinguishing sacred marrow was a drop of honey from the Black Lotus of world destruction. It was a genuine nine-star divine item!

The original spirit of the chaos sword embryo was only its item spirit, not its physical body.

Therefore, the world-extinguishing sacred marrow was only temporarily suppressed. As time passed, it could reverse the suppression and suppress the original spirit of the chaos sword embryo.

The left half of Chen Xiaobei's body was under the control of the demonic nature, and he could kill An Hua at any moment.

"Senior brother ... Let me die ... I believe that you can help the prime of Tongtian and revive the Jie sect ... I will wait for you in the earth realm, until the day you succeed ..."

An Hua knew that the situation was slowly slipping out of Chen Xiaobei's control.

Even if Chen Xiaobei was willing to cut off his left arm, he would not be able to protect An Hua, much less resist the demonic Qi.

If that was the case, An Hua was willing to die. She even hoped that Chen Xiaobei would stop struggling and stop suffering from the inhumane torture.

"Woof!"

But in the next moment, An Hua saw a scene that she had never even dreamed of!

Chen Xiaobei raised his chaos sword embryo and pierced it into his dantian!

"Even if I, Chen Xiaobei, die! You will also never hurt my family and friends! Absolutely!"

Chen Xiaobei's attitude was firm and unquestionable. He shouted out the words that came from his heart.

Shixiong Xiaobei!!!

"Don't do anything stupid!" An Hua was alarmed and hurriedly tried to stop him. Once your primordial spirit is destroyed, even sect master Tongtian can't revive you! You will completely disappear from the three worlds and six paths! Disappear forever!"

"Swish!"

Chen Xiaobei did not seem to hear An Hua's warning. He exerted more force and the chaos sword embryo shot forward and out, piercing through Chen Xiaobei's dantian!

A Dharmakaya! Nascent soul! Primordial spirit! All of them were pierced through by the sword!

He was using his life to protect An Hua! He was even using his life to defend his Dao heart!

He would rather die! He didn't cross the bottom line!

Chapter 3606: the heavenly Dao shall be destroyed

“Whoosh ...”

As the chaos sword embryo pierced through Chen Xiaobei’s primordial spirit, the dark Lotus Dharma and the demonic Qi that covered half of Chen Xiaobei’s body disappeared.

“Whoosh ...”

At the same time, the chaos sword essence Dharmakaya also disappeared from Chen Xiaobei’s palm like quicksand.

Once one’s life was over, everything that was attached to it would disappear with it.

The Black Lotus was destroyed, and the Blood Sword was gone. Chen Xiaobei’s life had come to an end.

“Senior brother ... Senior brother ...”

An Hua was finally free from the restraints. She held Chen Xiaobei’s left arm and ran to his dead body.

“Plop ...”

An Hua powerlessly knelt on the ground, her eyes red and her body trembling. In a flash, tears began to flow from her aged face.

the heavens have no eyes!!!

After crying for a while, An Hua suddenly raised her head and hysterically roared at the sky.

“Shixiong Xiaobei has been punishing evil and promoting good all his life. He values relationships and friendships, but in the end, he didn’t have a good ending! On the contrary, those hypocritical and vicious dog thieves are high and mighty, holding great power!”

“Such a result is simply the reversal of black and white, the loss of good and evil! Such a world could not tolerate a pure heart! It could not tolerate kindness, sincerity, and disgust! Extremely disgusting!”

“The heavenly Dao is unfair! The heavenly Dao was unkind! The heavenly Dao was not right! It should be destroyed! It should be destroyed! Be exterminated!”

An Hua’s eyes were bloodshot, and as she roared, her tears were even dripping with blood. Every word she said was carved into her heart! It went deep into the soul!

“Boom boom boom ...”

At this moment, a terrifying thunderclap suddenly burst out in the sky!

The sound was so loud that it caused the entire great void universe to tremble violently. It was as if time and space were trembling and twisting, and they could collapse and be destroyed at any time!

“Come on! Damn heavens! Do you think that I, An Hua, would be afraid of you? If you want to kill, then kill! I want to follow Shixiong Xiaobei! Come on!”

An Hua continued to point at the heavens and roar. Even if the heavens fell and the earth shattered, even if the entire world was destroyed, she would not waver.

“Whoo ... Whoo ...”

But in the next moment, the divine punishment An Hua had expected did not descend. Instead, a strange change occurred within the heavenly water of creation!

The green Lotus seed of chaos and the eight pearls all flew out of the water.

The eight pearls formed a ring and revolved around the green Lotus seed of chaos.

“Boom boom boom ...”

Soon, the eight pearls all shattered, and the eight core nomological marks within them all emerged.

Then, they were arranged around the green Lotus seed of chaos in a very special shape.

The eight marks emitted eight different types of dazzling spiritual light-green, red, purple, yellow, gold, silver, black, and white.

At the same time, the green Lotus seed of chaos emitted a very special purple-gold spiritual light!

All of a sudden, the nine spiritual lights shone brightly and connected with each other. They complemented each other and seemed to form a whole!

this ... This, this, this ... Isn't this the nine Star Pearl!?

An Hua's expression froze. Not even in her dreams had she imagined that in this situation, the scene they had been so eagerly waiting for would appear!

The eight major marks, plus the green Lotus seed of chaos, formed the phenomenon of nine stars in a row!

In fact, this was exactly what Chen Xiaobei had guessed. That was why Chen Xiaobei had placed the eight orbs around the green Lotus of chaos.

Unfortunately, Chen Xiaobei could not activate the nine Star Pearl when he was alive.

It was only after Chen Xiaobei's death that this happened.

could it be that ... The nine Star Pearl's appearance is related to Shixiong Xiaobei's death? ”

An Hua was a very intelligent and wise old man.

He knew very well that it was impossible for him to have caused the nine stars to align because he had cursed the heavenly Dao.

The reason for this was definitely related to Chen Xiaobei's death.

“Shua shua shua ...”

The next moment, the eight core nomological marks began to revolve around the green Lotus seed of chaos again.

It was like a special little universe.

The green Lotus seed of chaos was the core of the universe, and the eight core marks were the cores of the eight major galaxies around the core.

“Chi ...”

Then, this special little universe flew directly towards Chen Xiaobei’s body!

It flew into Chen Xiaobei’s dantian!

“What ... What is going on?”

An Hua was instantly dumbfounded, her pupils involuntarily constricting, her scalp going numb, and even her entire body breaking out in goosebumps.

An Hua had a strong premonition!

Chen Xiaobei was not dead!

Not only did he not die, but he would also obtain a huge opportunity and improve greatly because of this!

“Whoosh ...”

In the next moment, two nine-colored spiritual lights flew out.

One of the nine-colored spiritual lights quickly healed the injury in Chen Xiaobei’s dantian, while the other wrapped around Chen Xiaobei’s broken arm, reattached it to his shoulder, and healed the wound.

In about ten seconds, Chen Xiaobei’s injuries were completely healed.

this ... This is godly!!!

An Hua was completely dumbfounded. In both surprise and joy, she said, “Maybe my premonition was right! Shixiong Xiaobei might still be alive! As long as the primordial spirit could be reconstructed! He wouldn’t have died!”

“Chi ...”

As expected, in the next moment, the situation that An Hua had hoped to see the most appeared before her eyes.

In Chen Xiaobei’s dantian, a strong nine-colored spiritual light was being emitted.

One could clearly see the mark of a nine-star small universe slowly imprinting itself into Chen Xiaobei’s dantian.

this ... Could this be the human path imprint!?

An Hua’s eyes almost exploded in shock, and her entire body began to tremble.

The mark of this nine-star small universe used the green Lotus seed of chaos as the core and the core laws of the eight mortal worlds as the support. The comprehensive level was even higher than the Saint level!

It was higher than Saint level!

If this was not a human path imprint, what else could it be?

“Uh ... Hu ... Hu ...”

As the mark stabilized in Chen Xiaobei’s dantian, the dead Chen Xiaobei could breathe again.

“I’ve succeeded!”

Then, Chen Xiaobei opened his eyes and said excitedly, “I have already successfully obtained the recognition of the people Dao imprint! The chaos Green Lotus seed and the eight core nomological marks have been integrated into my essence soul!”

“Shixiong Xiaobei! You ... You’re still alive?”

An Hua’s tears flowed down her face again. She looked at Chen Xiaobei and asked, “Shixiong Xiaobei! How do you feel now? What happened just now?”

“I’ve never felt so good before!”

Chen Xiaobei’s eyes lit up and he said excitedly, “Everything I experienced before was a test from the human path imprint! Everything is within the calculations and control of the people path imprint!”

An Hua’s face was filled with confusion. “What’s going on? Shixiong Xiaobei, can you tell me more about it? I’m really curious!”

Red Envelope Group of the Three Realms

Chapter 3607: super opportunity

in the beginning, our guess was completely correct. The green Lotus seed of chaos is the hidden ninth ‘star’. As long as it is placed together with the eight precious beads, the preparation work is already completed!

Chen Xiaobei said, “and from this moment on, the test of the human path mark has officially begun!

“This ...” An Hua’s expression froze, and she asked in confusion, “what?” however, when we placed the eight orbs into the pool, nothing happened ... Did the test begin at that time? ”

“Right! It’s starting!”

“The test of humanity’s Mark can be called the three bodies fallen evil tribulation!” Heart sacrifice! Sacrifice! He sacrificed his life to become a devil!”

“What ... What is the meaning of this?” An Hua was completely befuddled. This was the first time she had heard of such a thing.

“First is the heart sacrifice!”

of course not! Chen Xiaobei said. in the beginning, we had no other choice. I could only give up my last hope and ask for help from mo Luo Wutian. I even agreed to his request to join the devil! What I'm going to test here is my mental state and will! Let's see if I can persevere in this desperate situation!"

"Understood!"

yes! An Hua nodded heavily. Shixiong Xiaobei, although you've been corroded by an extremely terrifying demonic Qi and tortured by unparalleled pain, you've never given up on your heart. Otherwise, I would have died long ago!

"The second is the sacrifice!"

this is easy to understand. It's exactly what I did to cut off my left arm! Chen Xiaobei said. At that time, I didn't think too much about it. I was only certain that I couldn't kill you no matter what! It was this determination that allowed me to pass this test!"

"Understood!"

An Hua said,"this test is actually also a test of how determined Shixiong Xiaobei's heart is!" There were countless living beings in the world who cut off their own arms to save others, but only a few could do it! This is a righteous cause!"

"The last is to sacrifice your life to become a devil!"

I don't think I need to explain that, do I? " Chen Xiaobei said.

"Yes, I know! I saw it all!"

An Hua nodded, her eyes brimming with gratitude and admiration."Shixiong Xiaobei couldn't suppress the demonic nature, so he was willing to end his own life! Risking his life to save the world! This was great mercy! Great public virtue! Great justice!"

This was all a test for Chen Xiaobei!

There was no illusionary realm, and there was no chance of a second try.

From the very beginning of the test, it had been happening for real, and any stage could destroy one's mental state.

If Chen Xiaobei could not hold on, he would really become a demon! He would really lose his arm! It would really die out completely!

This kind of test could best reflect a person's true character and state of mind.

To be able to sacrifice one's heart, form, and life for one! He could sacrifice his heart, his form, and his life for the world!

If he could save one person, he could save the world!

Only in this way could he truly obtain the recognition of the humanity mark and become the true master of the human world!

"Phew ..."

After a short silence, Chen Xiaobei let out a long sigh.

In his dantian, there was a mysterious change. The nine-Star Universe emitted nine-colored spiritual light, cleansing Chen Xiaobei's nascent soul like spring rain.

"Whoosh ..."

In an instant, his true essence fluctuations changed drastically, soaring like a volcano erupting.

And after this surge, it did not fall back down, permanently maintaining such a new height!

That's right!

This was the breakthrough of a major realm!

[ding Qianqian's cultivation: early dujie stage. Lifespan: 30.33 million years, physique ..., Combat power: 100 billion, primordial spirit attack-sacred level!]

The effect of breaking through to this major realm was very obvious. His lifespan increased by ten million years, and his combat power directly doubled.

As for Chen Xiaobei's physical strength, it had already reached the early stage of a four-star heaven-god level. The netherspirit battlescouter of the earth-god level netherspirit battlescouter was unable to display the exact value.

Of course, this was not the most important thing!

The biggest benefit that Chen Xiaobei had gained from this breakthrough was his Ascension!

After successfully breaking through to the Tribulation stage, Chen Xiaobei only needed to consume some blood Bodhi to break through a small realm and reach the half-step heavenly immortal stage. Then, he would be able to trigger the heavenly Tribulation and ascend to the heavens!

At this time, there were only twelve days left before the safety deadline for fairy Chang 'e.

This meant that Chen Xiaobei still had some time to make the final preparations for the uproar in heaven.

"Sword, come!"

The first thing Chen Xiaobei said after breaking through to the next major realm was two simple words!

"Clang!!!"

In the next moment, the primordial spirit of the chaos sword embryo, which had already dissipated, gathered again.

It was like a blood-red Rainbow that crossed the universe, causing the sky and earth to change color and the entire universe to tremble.

The long rainbow flew down like a rainbow piercing through the sun and into Chen Xiaobei's dantian!

Then, Chen Xiaobei's body exploded with a blood-red light!

The blood-red light formed a sword shadow that shot up into the sky. Endless sword Qi surrounded Chen Xiaobei, as if he was an ancient sword God who had descended into the world.

“This ... This, this, this ...”

An Hua was dumbfounded, and she even began to stammer, you’ve just broken through a major realm, and now you’ve become one with your treasure and fused the chaos Blood Sword into your Natal Dharma Treasure ... Shixiong Xiaobei, you’re so lucky!

Obviously, this was the legendary saying “one who survives a great disaster will be blessed!” Of course, it could also be said that the worst came to good!

After Chen Xiaobei had gone through so much torture and the test of life and death, there would be an opportunity that would give him the corresponding reward!

Of course, to ordinary people, these two opportunities were simply limitless!

Don’t forget, without the help of elixirs, it was extremely difficult to break through a major realm. Without luck, it was very likely that one would not succeed in their entire life.

In addition, the fusion of the Natal Dharma Treasures also required luck, and the probability was extremely low. It was even more difficult than breaking through a large realm.

But this time, Chen Xiaobei had received two super fortuitous encounters in a row. It was as if he had won the lottery twice in a row, and he felt so good that he could explode!

“Don’t worry! It’s not over yet!”

Chen Xiaobei’s lips curled into an evil smile!

“Whoosh ...”

The next moment, Chen Xiaobei’s body was covered in a layer of flame-like dark demonic Qi.

Shixiong Xiaobei!!!

An Hua’s pupils constricted and she broke out in a cold sweat. She thought that Chen Xiaobei was going to become a demon again.

“Calm down!”

“The demonic nature of the world-extinguishing sacred marrow has been completely suppressed by the human seal!” The world-extinguishing sacred marrow has already merged with my bloodline, so its power is already under my control!”

Red Envelope Group of the Three Realms

Chapter 3608: sacred artifact fragment

“This ... This, this, this ...”

Hearing this, An Hua was instantly shocked, her eyes wide and her mouth agape, unable to say a single word.

This was three super opportunities in a row!

He had to break through a major realm first! After that, he fused it with his life-bound magic treasure! And finally, he had the world annihilation sacred marrow.

To an ordinary person, being able to obtain any one of these opportunities was an extremely lucky thing.

But now, Chen Xiaobei had received three opportunities in one go. It was indescribable!

“Senior brother Xiaobei ... How powerful is the world-extinguishing sacred marrow? Will it be able to directly surpass the God rank?”

An Hua took a few seconds to recover and then asked in extreme curiosity.

“The power of the world-extinguishing sacred marrow is the same as the witch Dragon bloodline. It can burn one’s lifespan to unleash extremely powerful power! The more lifespan you burn, the more power you can activate!”

but, that one-star God-tier power was triggered by the demonic nature of the Black Lotus of destructions. It did not consume my lifespan! Otherwise, I’ll have to spend at least eight million years, and I’ll suffer a huge loss!”

“I see!”

that’s right. An Hua nodded. a lifespan of eight million years is more or less enough to activate the power of a one-star divine level expert that is invincible among those on the same level. At a critical moment, this kind of power can completely reverse the situation and turn defeat into victory!

“Right!” Oh? ” Chen Xiaobei raised his eyebrows. as long as I live long enough, the combat power I can display will be comparable to a high-tier divine realm expert!

An Hua was naturally extremely happy to hear this.”That’s great! In that case, Shixiong Xiaobei can go to the heavenly realm as soon as possible to carry out master’s plan!”

Chen Xiaobei nodded and said, ” of course I’m going to the heaven realm. Besides, I’ll acknowledge your contribution to my master and accept you into the inner sect of the tribe of severity!

“Thank you for your help, senior brother!” An Hua was so excited that her body couldn’t help but tremble.

For An Hua, becoming an inner sect disciple of the tribe of severity had been her greatest dream. As long as it could be realized, she would die in peace.

“This is what you deserve, no need to thank me!”

I’m going back to the earth-god Realm now. Your cultivation is too low for you to go back with me, so you’ll have to stay here for now. I’ll think of a way to get you out when I get to heaven!

“Shixiong Xiaobei, don’t worry about me!”

the prime of Tongtian told me to stay in the great void universe and help you find something after I complete the nine Star Pearl, ” An Hua said. bro bei!

“What else do you want to find?” Chen Xiaobei’s eyes lit up.

He didn’t expect his master to have other plans.

“A fragment of the ancestral Sage’s treasure, the heaven splitting divine axe!” An Hua said.

“Ancestral Saint? Are you referring to Saint Pan Gu?” Chen Xiaobei asked, “The heaven splitting axe is the legendary Pangu axe, right? Has it already been shattered?”

“Right! The ancestral Saint who was acknowledged by the Three Realms was Saint Pan Gu!”

An Hua explained, “as for the heaven splitting divine axe, it is also commonly known as the Pangu axe!” At that time, Saint Pan Gu created the world and shattered the chaos with his supreme divine power!”

“The power that burst out at that time was terrifying to an unimaginable extent! Saint Pan Gu was killed on the spot, and the heaven-opening axe was shattered!”

“Later, some of the larger pieces turned into the earliest and most powerful ultimate treasure of chaos! The Pangu banner! The Tai Chi diagram! And the bell of chaos! It is also known as the bell of the East Emperor!”

An Hua paused for a moment before continuing. in addition, there are also countless small fragments scattered in every corner of the primeval continent. Some turned into spirit roots and spirit veins, some turned into paradisiacal lands, and some turned into heavenly materials and earthly treasures!

that’s strange ... Chen Xiaobei was confused.”Aren’t these fragments scattered in the wilderness? You can find it in the great void universe?”

“Of course!”

“The corpse of the ancestral Saint Pangu was transformed into the earliest primal continent!” An Hua said. However, as the mighty figures of the heavens emerged in large numbers, many independent small worlds were created! For example, the Hong Meng Demon Realm, the netherworld, the mo realm, and so on ...”

“Besides, the first three immeasurable catastrophes also caused countless unbelievable changes in the untainted land! The creation of the great void Rift was the world Rift that appeared out of thin air when the primal continent collapsed!”

in other words, before the appearance of the independent small worlds and the cracks in the great void, the pieces of the heaven-opening axe were scattered everywhere. Therefore, it is possible to find the pieces of the Pangu axe anywhere!

An Hua’s explanation was extremely detailed. It was clear that she had done detailed research and understanding of the matter before.

however, to find a tiny fragment in the vast universe is more difficult than finding a needle in a haystack!

Chen Xiaobei frowned and said, “Do you have any clues? Or did master give you any other instructions?”

"No..." An Hua shook her head. the prime of Tongtian only gave me a task. After all, he was not sure if I could live until the nine stars aligned. So he didn't say much to me!

"Then where should you start looking?" Chen Xiaobei asked, frowning.

"Shixiong, you don't have to worry!"

I'm already familiar with the environment of the great void universe, " An Hua said. I'll slowly investigate. Even if I can't find it, I'm sure I'll make some important discoveries in the process. When you return, senior brother, you might find another opportunity!

I understand ... Chen Xiaobei nodded. then be careful. Don't force yourself when you encounter something. Protect yourself and don't take risks for the sake of investigation!

Clearly, Chen Xiaobei had already treated An Hua as one of his own. He would rather not find the broken pieces of the axe than see An Hua in danger.

"This disciple will obey!"

An Hua respectfully cupped her hands and bowed."Senior brother, please take care of yourself! Send my regards to the prime of Tongtian!"

"Don't worry!" Chen nodded. We will meet again! As for you, you'll definitely meet master one day!"

.....

Earth-god Realm.

Chen Xiaobei left the rift and returned to bei Xuan faction's headquarters.

"Bro bei! You're back!"

Jin Fei was sitting in a secret room, holding the chaos Blood Sword in his hands.

It was not hard to tell that Jin Fei had not slept or taken a single drop of water. He did not even let the chaos Blood Sword leave his side for a second.

Now that Chen Xiaobei had returned safely, Jin Fei could finally breathe a sigh of relief.

"Thank you for your hard work!"

Chen Xiaobei kept the chaos Blood Sword and smiled. "You should go and rest! Even if my body isn't tired after such a long time, I should be bored to death!"

"Yes!"

Jin Fei nodded and walked out.

"Whoosh ..."

Chen Xiaobei did not want to wait a second longer. He immediately communicated with the chaos Blood sword's spirit.

After merging with the Natal Dharma Treasure, the chaos Blood Sword immediately showed a different change.

Red Envelope Group of the Three Realms

Chapter 3609: it was a threat

Originally, Chen Xiaobei could only control the chaos Blood Sword through his consciousness.

But now, the chaos Blood sword's 'soul', the original soul of the chaos sword embryo, had merged into Chen Xiaobei's primordial spirit.

One could even say that the chaos Blood Sword had become a part of Chen Xiaobei.

Once again, Chen Xiaobei could control the chaos Blood Sword as if it was his own arm.

"Clang!!!"

Chen Xiaobei summoned the sword and the blood-red light enveloped the entire space.

A strong sword Qi was added to Chen Xiaobei's body.

The sword Qi was as powerful as a one-star divine immortal, and Chen Xiaobei could control it as he wished.

In other words, even if Chen Xiaobei was not a heavenly immortal yet, as long as he had the chaos Blood Sword, he would be able to unleash the power of a one-star heavenly immortal.

Whoosh ... Whoosh ...

The terrifying power was still contained around Chen Xiaobei, but there were already waves of energy that could not be suppressed. It even stirred up a strong wind that contained sword will, which kept rubbing against the secret Chamber's walls.

"Chi ..."

After that, Chen Xiaobei dispelled the chaos Blood sword's power and activated his own nine-star earth-god ethereal force.

This power could also be added to the chaos Blood Sword!

In other words, the chaos Blood Sword could support Chen Xiaobei, and Chen Xiaobei's power could support the chaos Blood Sword!

This was the advantage of a life source magic weapon!

"It feels so good ..."

Chen Xiaobei retracted his ethereal force and held the chaos Blood Sword in his hand."This way, as my cultivation gets stronger and stronger, I'll be able to give the chaos Blood Sword more power, allowing it to display power that surpasses its own level!

“More importantly, the chaos Blood Sword is already a nine-star heaven immortal level magic treasure! If I can replenish enough power, it can even give me the power of a nine-star heaven immortal! Then, I can defy the heavens and become a God!”

Chen Xiaobei’s mood changed when he thought of this.

Now that he was about to ascend to heaven and save Chang ‘e, Chen Xiaobei had an unprecedented desire for power. He desperately needed anything that could make him stronger.

Whether it was his own strength or the various trump cards from the outside world, Chen Xiaobei desperately needed them.

So, Chen Xiaobei was indescribably happy to have received three great opportunities in a row today. He had never felt so good before.

“Calm down! Calm down!”

Of course, Chen Xiaobei was not going to get carried away. He quickly calmed himself down.

“This time, I’m going to save fairy Chang ‘e from the hands of the Queen Mother of the West! Even if we don’t become enemies with the entire heavenly court, we’ll still face immense resistance!”

Chen Xiaobei furrowed his brows and thought to himself, “ my enemy might be above the divine level, or even a high-level divine level!

although I have obtained three great opportunities in a row, and with the support of the human path imprint, I still do not have a high chance of winning!

“I can even be sure that fighting them with force is basically the same as courting death! I have to think of a way to outwit him!”

There was no doubt that the heavenly court was located in the 32nd layer of heaven. It was the strongest level below the heavenly path sages.

Not only was the Jade Emperor in charge, but there were also many high level divine realm experts.

If Chen Xiaobei wanted to force his way in, he had no chance of winning. Not only would he not be able to save Chang ‘e fairy, he might even lose his life.

Luckily!

Chen Xiaobei had made a secret agreement with the Jade Emperor!

They agreed that Chen Xiaobei would not release Xu Fu and would not reveal the dirty things that the Jade Emperor had done.

In return, the old Jade Emperor would turn a blind eye to Chen Xiaobei’s actions and not kill him.

Even though Chen Xiaobei looked down on Xu Fu and the Jade Emperor, he had to admit that this secret agreement was the best guarantee of Chen Xiaobei’s safety since he had just arrived in heaven.

After all, the celestial soldiers of the celestial officials could be found all over the 32 levels of heaven. Once Chen Xiaobei ascended, he could be hunted down by them at any time.

However, after Chen Xiaobei and the Jade Emperor made an agreement, the Jade Emperor would secretly communicate with Chen Xiaobei.

Even if the heavenly Lord Yuanshi wanted to kill Chen Xiaobei, the Jade Emperor could leak the news and let Chen Xiaobei prepare in advance.

Therefore, this secret agreement was of great value.

Chen Xiaobei had another important thing to do with this secret agreement.

Chen Xiaobei opened the red envelope group and started to chat with the Jade Emperor.

Chen Xiaobei: I have something that I need your help with!

The Jade Emperor, "what do you mean?" We only agreed to mind our own business, I didn't promise to help you do anything else!

Chen Xiaobei, don't be so serious! We're all in the same boat. If something happens to me, will you have a good ending?

The Jade Emperor, "you ... You dare to threaten me?!"

Chen Xiaobei-this is not a threat! I'm just asking you to tell me the truth! If I die in the hands of the enemy, everything I have will be taken by them, including Xu Fu! You should consider the consequences yourself!

The Jade Emperor, "you ..."

Chen Xiaobei: "of course, you can choose to reject me. I'll still do what I need to do! When that time comes, you'll have to bear the consequences!"

Jade Emperor, enough! What do you want to do?

Chen Xiaobei-I want to save Chang 'e fairy! If you're willing to help me, I think it shouldn't be difficult! If you don't help me, I will still go! Even if I have to risk my life, I will not hesitate!

The Jade Emperor, "are you crazy?" Chang 'e is currently being held in the Jade Lake underground Palace by the Queen Mother of the West, and there's a heart urging formation around her. There's no way you can save her!

Chen Xiaobei-I don't care! Or you help me think of an idea! Either I bite the bullet and take this risk! 'If I die, Xu Fu will appear. Perhaps I can wait for you on the road to the netherworld. Let's go and have tea with the King of Hell together!'

The Jade Emperor, "I advise you not to do anything rash!" The Jade pool is near the celestial heavens, so I can take Xu Fu back at once. By then, you'll only suffer a double loss!

Chen Xiaobei: "you can think of me, but I can't?" I've already recorded Xu Fu's confession, and my people have a copy of it. As soon as I die, this video will be sent to mother Nuwa! Even if you snatch Xu Fu away, it's useless!

The Jade Emperor, "you ... You're ruthless!"

Chen Xiaobei: Think about how I can save fairy Chang 'E! If I succeed, you'll be safe! We're all happy!

The Jade Emperor,"it's not that easy!" You ... You let me think about it!

Chen Xiaobei: " alright! Take your time! I'm going to prepare for my Ascension! I hope you can give me a satisfactory answer when I reach the heaven realm!

Red Envelope Group of the Three Realms

Chapter 3610: Why not sell it?

3610 Why not sell it?

The Jade Emperor,"what!" You're going to ascend? So fast? I've calculated some time ago that your cultivation is still one major realm away!

Chen Xiaobei: Even you are calculating my situation?

The Jade Emperor,"what's so strange about that?" Your identity is extremely special, and you have many top-tier true treasures in your hands! Almost all the forces in the heaven realm are calculating your every move!

[the Jade Emperor: especially your enemies. They've already started planning how to kill you and take everything you have after you ascend!]

Chen Xiaobei: " heh! That's good news for me!

The Jade Emperor,"what!" Good news? You're joking, right? Once you ascend, there will be countless forces waiting to deal with you! At that time, with your strength as a one-star heaven immortal, you won't even know how you died!

If they want to deal with me, they'll have to know when and where I'm going to ascend! Otherwise, the heaven realm is incomparably huge, where would they go to find me?

The Jade Emperor,"isn't it easy to predict your future?"

Chen Xiaobei:

The Jade Emperor,"how ... How is this possible?" Why can't I calculate your cultivation level? I've just calculated it a while ago, why is it not working now? This was impossible ...

I'm not afraid to tell you that from today onwards, even the heavenly path's Saints can't predict my condition!

All the forces in the heavenly realm are just like you, thinking that you're just an eight-star earth-god! He didn't expect that I would ascend in advance! Isn't this the best news for me?

The Jade Emperor thought, this ... This is unbelievable! I really can't calculate anything about you ... How did you do it?

Chen Xiaobei-this is my secret! You don't need to know! You just have to remember that I will ascend in three days! I must save fairy Chang 'e within ten days! Otherwise, you and Xu Fu will be buried with her!

The Jade Emperor,"I ... I know ..."

After that, Chen Xiaobei put away his phone and smiled.

The secret that Chen Xiaobei had just mentioned was the humanity mark that he had just obtained.

With the protection of the humanity mark, Chen Xiaobei could move freely in the heavenly realm without being detected by his enemies. Many things would become much easier.

“I’m going to ascend soon. I have to think carefully again to see if there’s anything I missed ...” He said.

Chen Xiaobei calmed himself down and started to plan.

first of all, mengchen is still in the rift to the great void. But don’t worry, she’s receiving an inheritance left behind by the LAN family’s Supreme ancestor!

the LAN family is extremely powerful in the heaven realm. This inheritance might be one of the largest inheritances in the Three Realms, so it will naturally take an extremely long time!

“Furthermore, with the chaos Blood Sword in my hands, I can enter the great void universe at any time! Perhaps the next time I enter, I’ll be able to see an extremely powerful mengchen!”

Chen Xiaobei paused and continued to plan.

in addition, mu chenye and Ling Taiji are also in the great void universe. Although we don’t know if they’re Dead or Alive, they were, after all, super geniuses of the ancient times. If they survive, they might be able to gain a firm foothold and even improve greatly!

“In the future, when I return to the great void universe, the two of them will be my two hidden chess pieces! As long as I use them properly, at the crucial moment, the two of them can even be as useful as An Hua!”

Obviously, Chen Xiaobei was a very smart person. If the forces of heaven could plant a hidden chess piece in the great void universe, so could Chen Xiaobei!

as for the earth-god Realm, it’s already under the control of the ten new branches of bei Xuan faction. Seven of them are my direct disciples, and the other three are absolutely trustworthy!

“In this way, the earth immortal world will be able to stay away from war for a long time, and the lives of the people will be more and more happy! In the near future, the entire earth-god Realm will be at peace and prosperity!”

Chen Xiaobei had received the merit points for uniting the earth-god Realm! However, when the earth-god Realm was at peace, Chen Xiaobei would be able to obtain another perfect merit!

He could even become a great emperor and understand the true meaning of the emperor’s laws like song Qincheng!

finally, during my Ascension, some of the people by my side must stay behind, while the others must undergo the Tribulation with me!

Chen Xiaobei calmed himself down and said, “As the saying goes, when one man attains Dao, his chickens and dogs ascend to heaven! According to the heaven realm’s laws, my loyal dogs, spirit beasts,

spirit demons, and ghost slaves ... Can all be brought to the heaven realm! Even if they don't have the celestial immortal stage, they won't be rejected by the heavenly realm!"

"In addition, Xin 'er has already reached the half-step heaven immortal realm, so she can cross the Tribulation with me and head to the heaven realm! As long as she stays by my side, the human path imprint will protect her from being divined. This way, she will be able to grow rapidly!"

These were the people Chen Xiaobei wanted to bring to the heavenly realm.

There were also some important people who needed to stay in the earth-god Realm temporarily.

Xiang Yu, Ying Zheng, Bai Qi, Zhao Yun, Lu Bu, Diao Chan, little white, Sky Wolf ...

Although they were all very powerful, they were not familiar with the situation in the heavenly realm. If they ascended rashly, not only would they not be able to help Chen Xiaobei, but they might also be plotted against by the enemy and drag Chen Xiaobei down.

Lin Xiang and the other female confidants were in a similar situation. It would be dangerous after Ascension, and it would be safer to stay.

The seven personal disciples had to manage the earth-god Realm and could not leave easily.

Luo puti and song Qincheng were Chen Xiaobei's wives, and he was supposed to bring them to the immortal world.

However, Luo puti was pregnant, and song Qincheng had to help manage the earth-god Realm. Considering their safety, Chen Xiaobei decided not to bring them along.

Finally, it was the ninth generation Chen Zhongfu and Zhang Chui 'er's turn. The two elders had already obtained the Ascension elixir and could ascend at any time, but it was obvious that now was not the best time.

In fact, it wasn't that all of the people mentioned above didn't want to ascend, it was just that they were not suitable to ascend immediately.

When Chen Xiaobei had a firm foothold in heaven and was able to protect everyone, he would let everyone reunite in heaven.

On top of that, Chen Xiaobei gave Luo puti an Ascension elixir. When the time was right, even a newborn baby could ascend and reunite with her family.

After planning everything, Chen Xiaobei was ready to set off.

In his hand, there was only one Ascension elixir left.

Previously, Luo puti had used her primordial spirit domain to check that she was only pregnant with one child.

Therefore, this ascension elixir was basically useless.

"Why don't we sell it? Hehe!" Chen Xiaobei quickly took out his phone.
