Red Envelope Group of the Three Realms

Chapter 3621: Red packet five kills

3621 Red packet five kills

“What? I can’t go to the heavenly court? Why didn’t that old man Jade Emperor tell me?”

Chen Xiaobei’s face darkened. tell me in detail, what are the rules for going to a higher level? ”

“Yes!”

Gantulang composed himself and explained, “In the heavenly realm, cultivation is mainly divided into the true immortal realm! Mystic immortal! Golden immortal! A perfected golden immortal! A primordial chaos golden immortal! A primordial chaos zenith heaven golden immortal!”

Chen Xiaobei was taken aback.

As someone from the heaven realm, gan tulang only knew about the sixth level.

And gantulang had no idea that An Hua had mentioned the last three realms!

The last three realms were the boundless chaos golden immortal! Heavenly Lord of Chaos! Supreme Chaos!”

Of course, An Hua had only heard sect leader Tongtian casually mention it. Not even sect leader Tongtian could be completely sure.

Therefore, most people in the immortal world naturally didn’t know about the existence of these three major realms.

Chen Xiaobei did not interrupt gantulang.

“Zenith heaven golden immortal of origin is a Sage of the heavenly path. He can enter and leave the 36 levels of heaven freely. This is needless to say!” Gan tulang continued.

“Primordial chaos golden Immortals are commonly known as quasi-sages! Other than the upper four heavens where the Dao ancestor and the three Pure Ones are, the remaining thirty-two heavens can be freely accessed!”

“A perfected golden immortal, also known as a reverent-God, can freely enter and exit the first to the twenty-eighth heavens!”

golden Immortals, also known as divine Lords, can freely enter and exit the first to the twenty-fourth heavens!

“Mystic Immortals are not commonly known. They can enter and exit the first to eighteenth heavens!”

true immortal, there’s no such thing as a common name, but it’s actually a heavenly immortal in the human world. You can enter and exit the ninth heaven!

Gan tulang’s explanation was very detailed and easy to understand.

this means that a one-star sky immortal can only move around in the first heaven! Chen Xiaobei said. there's no way they can go up to the second heaven!

"Theoretically, yes! However, there are exceptions!"

"For example, if you are summoned by a shangxian of a higher level, or if you join a higher level sect or a certain force, you can go to the corresponding level!" However, every time you enter, you have to show the corresponding proof of entry or token, which is very troublesome and not free at all!"

"Understood!"

Chen Xiaobei nodded, relieved.

At that time, he just had to ask the Jade Emperor to summon him to the heavenly court. He wouldn't have to worry about not being able to go.

After calming down, Chen Xiaobei asked, "According to what you just said, true immortals are the heavenly Immortals in the human world. Then, are the levels the same?"

"Yes, I am!"

that's right! gantulang nodded. true immortality is divided into nine stars, just like what you've known before!

"Then, what about Mystic Immortals?" Chen Xiaobei asked.

it's the same for Mystic Immortals, " gan tulang said. in fact, all the realms in the heaven realm are divided into nine stars, and there are no special existences!

Chen Xiaobei had a new question in his mind."According to what you said, there's a profound immortal stage between heaven immortal and golden immortal. But why have I never seen a profound immortal before, nor a profound immortal weapon?"

"This is not strange!"

"Immortals can't exist in the human world!" Gan tulang said. The most powerful magical treasure was only a one-star heaven immortal artifact! Of course you can't see a Mystic immortal, let alone a Mystic immortal weapon!"

but, I have a divine item! I've also obtained many divine items! How do you explain this?"

most of your divine artifacts were given to you by the prime of Tongtian, " gantulang said with a smile. a small number of them were stolen from the red envelope group of the Three Realms. They don't belong to the human world!

"In addition, the divine items you've obtained must have been instructed by the prime of Tongtian! In other words, there were Mystic immortal level items in the human world! It's just that you don't need it, so the prime of Tongtian didn't ask you to get it!"

This explanation made sense.

Chen Xiaobei's doubts were dispelled.

As for the Hong Meng Demon Realm and the great void universe, there were definitely Mystic Immortals there.

However, Chen Xiaobei had not been in those two places for long and had not come into contact with the core forces. So, it was normal that he had not seen the abstruse immortal and the abstruse immortal item.

then, how are the levels of divine artifacts divided? ” Chen Xiaobei asked again.

the Golden immortal realm is also commonly known as the divine level. I guarantee that it’s the same as the divine level that I’ve previously recognized!

“There’s also the perfected golden immortal stage above the Golden immortal stage,” said gan tulang. Magic treasures of this realm are known as Mystic Divine level in the heaven realm!”

profound ... Profound God!? Chen Xiaobei’s expression changed, and he had mixed feelings.

“Yes, I am!”

“To sum it up, the grades of magic treasures are heaven immortal, Mystic immortal, heaven God, Mystic God, quasi-Sage, and true sage! Each level is further divided into nine stars!”

“I understand ...”

Chen Xiaobei nodded, finally having a clear idea of what was going on.

What Chen Xiaobei needed to do next was to wait for the Jade Emperor’s orders.

Of course, Chen Xiaobei did not sit around while he was waiting.

First, Chen Xiaobei took out his communication jade talisman and contacted the King of Hell. Then, he sent a message to his companions who had already ascended, hoping to get in touch with them as soon as possible.

Among them, the King of Hell replied in a second, but the others did not move for a long time.

King of Hell: Xiaobei, you’ve finally ascended to heaven! I’ve been looking forward to this day for a long, long time!

Chen Xiaobei laughed. Can my brother come to the heaven realm? I’m full of spicy strips!

King of Hell, I want to come too! However, my position is special. Unless the Jade Emperor summons me, I can’t go to the heaven realm!

Chen Xiaobei: ” alright then! We’ll find another chance to meet again!

Chen Xiaobei, I want to ask you something today!

The King of Hell replied,”I know even if you don’t tell me!” Was he trying to upgrade his netherspirit battlescouter?

Chen Xiaobei: It’s still brother who understands me! The netherspirit battlescouter’s level is too low for me to check my life span, so I want to upgrade it as soon as possible!

Ding! Congratulations! You have snatched a red envelope from the King of Hell. You have received a piece of abyssal immortal gold. It has been stored inside your treasure chest!

Ding! Congratulations! You've snatched a red envelope from the King of Hell. An earth abyss cold Jade has been stored inside your treasure chest!

Ding! Congratulations! Snatching the red envelope from the King of Hell, you will receive ...

Ding! Congratulations! Snatching a red envelope from the King of Hell ...

Ding! Congratulations! To snatch the King of Hell's ...

Chen Xiaobei: Brother! What are you doing now? Red packet five kills? (Dumbfounded)

King Yama laughed. Previously, the heavenly Lord of the origin forbade the immortals from privately sending red packets to the human world, and I couldn't help you! Now that you're in the heavenly realm, you'll naturally receive a red packet!

Chen Xiaobei thought, 'but this is too much!

King Yama replied, "not much, not much!" This is a gift to congratulate you on ascending to the heavenly realm!

Chen Xiaobei: (Chuckling)

Chen Xiaobei: "also, these things don't seem to be low-level. How many levels can I upgrade my netherspirit battlescouter to?"

[Red Envelope Group of the Three Realms](#)

Chapter 3622: New small group

3622 New small group

King Yama said, "these materials can be used to upgrade the netherspirit battlescouter to the nine-star heaven immortal level!" You can use it first. Later, I'll go gather some materials and upgrade you to Nine Star Mystic immortal level!

Chen Xiaobei, thank you so much, bro! (Praise, praise, praise)

King of Hell, "why are you being so polite?" To me, these materials are nothing, as long as they can help you!

Chen Xiaobei: "by the way, bro! I asked you about the celestial Hound and the Chang 'e fairy. Do you have any leads?"

King of Hell: "there's still no news about the celestial Hound. However, according to the book of life and death, its lifespan is still long. It shouldn't be in any danger!

King of Hell: "I can't contact fairy Chang 'e either. But in a few days, the Jade Emperor seems to be holding a banquet. I wonder if fairy Chang 'e will appear!

King of Hell, [goddess Chang 'e would usually perform a dance on such occasions!]

Chen Xiaobei: Which day was it?

King of Hell: " it should be in five days, but I didn't receive an invitation. I heard about it from the other immortal officials.

Chen Xiaobei: The immortal official mentioned it? Do you mean that the main purpose of the banquet was to invite the immortal officials of the heavenly court?

King of Hell: If there were no accidents, it would be like this! Why? You're not thinking of saving her on that day, are you? (Nervous)

[if everything goes well, five days later will be the best time to save Chang 'E!]

King Yama,"don't do anything stupid!" First of all, you can't go to the heavenly court! Secondly, even if he went up, he would definitely die! Your current cultivation is not enough to save them! He should burn incense if he could protect himself!

Chen Xiaobei,"don't worry, bro!" I have a secret alliance agreement with the Jade Emperor. He will help me take care of everything! Otherwise, I'll let him be buried with fairy Chang 'E!

The King of Hell thought,"how ... How is this possible?"

Chen Xiaobei, I'm not joking! I caught Xu Fu and turned him into my loyal dog! The Jade Emperor had ordered Xu Fu to do countless evil things in the human world! If he revealed it, the Dao ancestor would definitely not let him off easily!

King of Hell,"I see!" In this case, the chances of winning might be higher! When the time comes, do you need me to do anything?

Chen Xiaobei: Brother, don't interfere! This time, it might be the end of wreaking havoc in the heavenly Palace! I don't want to drag you into this!

King of Hell thought, You're determined to save her! (Dumbfounded)

Chen Xiaobei: As long as I can save fairy Chang 'e, even if I have to Pierce a hole in the sky, I will do it! (Unwavering)

King Yama,"you have to think clearly!" This is the outcome of your brother monkey wreaking havoc in the heavenly Palace! When the Grand Supreme elderly Lord tried to catch it, he was almost turned into ashes in the alchemy furnace! Then, he was captured by Buddha Tathagata and buried under the five elements mountain for 500 years!

Chen Xiaobei: I have the help of the Jade Emperor this time, much better than brother monkey in the past!

King of Hell: " that's true. But don't forget that your Monkey King didn't have super strong enemies like the clan of enlightenment and the Western religious sect! Once you fail, the only outcome is death!

Chen Xiaobei: I'll definitely handle this matter carefully! After all, I'm going to save someone, not to die! I don't want anything to happen to fairy Chang 'E! Therefore, I will be very, very careful!

King Yama thought, "alright ... Since you've made up your mind, I won't persuade you anymore!" I believe that with your ability, you can definitely do it!

Chen Xiaobei: Then let's end the conversation today! Let's find a chance in the future to get together!

He exited the private chat with the King of Hell.

Chen Xiaobei immediately entered another group chat.

This group was newly established and the members were all members of bei Xuan faction who had ascended before.

Excluding Chen Xiaobei, there were thirteen of them!

Luo Yi, Tai Yi, Emperor Jiang, Zhu Jiuyin, Tian Peng, Nezha, Hong Haier, Liu Xuanxin, Yan Lingshi, Shen Gongbao, and Jiang Ziya!

These 11 people had ascended after Chen Xiaobei's wedding.

They all had a great relationship with the heaven realm, and after ascending, they began to act separately. They all had different motives.

In addition, there were also the Vajra and patriarch shield mountain.

The two of them had ascended even earlier, so Chen Xiaobei let them live in the heavenly realm on their own. It would be best if they could join some forces and become his hidden chess pieces.

The group was called the bei Xuan faction group.

Chen Xiaobei was the 14th member, but as soon as he joined the group, Jiang Ziya gave him the post of group leader.

[Jiang Ziya: Xiaobei!] You've ascended so quickly! It's taken longer than we thought!

The king Kong said, "bro bei, you're amazing!"

Shield mountain thought, bro bei is awesome!

Chen Xiaobei: Why aren't you saying anything?

Jiang Ziya said, " maybe they are all busy ... Luohou, Emperor Jiang, Taiyi, and candle Jiuyin, these four super big shots have been getting stronger as soon as they came to the heaven realm. I'm afraid they are all above the ninth heaven now!

[Chen Xiaobei: above the nine Heavens!] At the very least, only Mystic Immortals could enter and leave freely! It had only been a few days, and they had already reached the mystic immortal realm? (Gasp)

Jiang Ziya, "yeah!" The four of them were already peak-stage quasi-sages. As long as they had enough resources, they had plenty of ways to increase their cultivation!

Chen Xiaobei, "what about the others?" What about Xuan Xin and Ling Shi?

Jiang Ziya: " Yan Lingshi turned into a demon from Hong Meng purple Qi and has the bearing of a Saint. After obtaining the memories of three lives, she will return to the demonic sect and meet goddess Nuwa.

[Jiang Ziya: as for Liu xuanxin, her heart of the Phoenix was also a gift from goddess nüwa!] To express her gratitude, she and Yan Lingshi went to the demon Realm together.

Chen Xiaobei: " yeah! I'm glad that they're working together! Xuan Xin was calm, and Ling Shi was alert, so there shouldn't be any danger!

Jiang Ziya: " then there's Nezha and Hong Hai 'er. Both of them have relatives in the heaven realm. Nezha went to find Pagoda-bearing Heavenly King Li Jing, while Hong Hai' er went straight to Princess Iron Fan's territory. They're safe!

"Hong Hai 'er is safe now, but I'm a little worried about Nezha!"

"Xiaobei, are you worried that Li Jing, a disciple of the clan of enlightenment, will harm Nezha?" Jiang Ziya asked.

Chen Xiaobei: Although Li Jing was Nezha's father, it was not the first time that he had tricked Nezha!

Chen Xiaobei thought, 'Li Jing forced Nezha to commit suicide in his mind!' He knew that the Three Realms mission was a trap, but he still sent Nezha to the mortal world! I can't be at ease with this kind of father who dups his son!

[Jiang Ziya: you're overthinking it, bro bei!] Even though Li Jing had tricked Nezha many times, he was actually very distressed. Besides, he had his own plan!

Chen Xiaobei: Could it be that Li Jing was hiding something?

Jiang Ziya, "yeah!" Bro bei, think about it! The first time, after Nezha was forced to commit suicide, could his nascent soul escape from the hands of the Dragon Kings of the Four Seas without anyone's protection?

Chen Xiaobei, "so you're saying that Li Jing secretly protected Nezha's nascent soul?"

[Red Envelope Group of the Three Realms](#)

Chapter 3623: The list of ancient Immortals

3623 The list of ancient Immortals

Jiang Ziya, "yes!" After Nezha's nascent soul escaped, he met immortal Tai Yi, one of the twelve golden Immortals of the clan of enlightenment. Immortal Tai Yi helped Nezha to rebuild his body with purple-gold and green-Jade lotus roots!

[Jiang Ziya: after that, Nezha became the personal disciple of immortal Taiyi!] With the help of immortal Tai Yi, this Lotus-like body finally reached the realm of sanctifying the body! What a great opportunity this was!

Chen Xiaobei, I've heard of this legend! Do you mean that this is also Li Jing's scheme?

[Jiang Ziya: that's right!] Li Jing seemed to be loyal to the clan of enlightenment and the heavenly court, but in fact, he knew the principle that good and bad depended on each other the best! He had made use of Nezha's havoc in the sea to make a big deal out of it and set up the Super opportunity that followed!

Chen Xiaobei thought, 'that's amazing ... This is the first time I've seen Li Jing being so powerful!'

Jiang Ziya said, " in the last immeasurable catastrophe, I was the military counselor behind the scenes of the clan of enlightenment Army. Li Jing was the Marshal of the central Army!

[Jiang Ziya: after the cataclysm, Li Jing became the pagoda-bearing Heavenly King!] His status in the soaring heaven King Palace was only second to the Jade Emperor! It would be strange if he wasn't powerful!

Chen Xiaobei: Nezha came down to the mortal world with the skill of acting cute to carry out the Three Realms mission! What was Li Jing's scheme?

Jiang Ziya thought, "Li Jing's plan is for you, Xiaobei!"

Chen Xiaobei: Why did he say that? (Puzzled)

[Jiang Ziya: when the Three Realms red envelope group was first established, you had a very good relationship with Nezha!] If Li Jing didn't take any action, the higher-ups of chanism might plot against Nezha! He even plotted against the entire Li family!

Jiang Ziya, "that's why Li Jing suggested that Nezha should carry out the Three Realms mission!" On the surface, it looked like he was sacrificing his son to protect himself! In fact, he wanted Nezha to build a better relationship with you!

Chen Xiaobei: " what good does this do to Li Jing? " 'I didn't bring any fortune to Nezha ...'

[Jiang Ziya: Xiaobei, you're a huge opportunity!] Think about it, with your relationship with Nezha, can you stand by and do nothing when the Li family is in trouble?

Chen Xiaobei: " if Nezha is in trouble, I'll be like the goddess Chang 'e and save him at all costs!

[Jiang Ziya: also, if the kun sect is defeated this time, will you kill the Li family?]

Chen Xiaobei: " No... With Nezha around, I'll let them live!

Jiang Ziya, "that's right!" Li Jing's plan was the future! Although it didn't seem to be beneficial at the moment! However, when a problem really appeared, his scheme might be able to protect the entire family!

Chen Xiaobei thought to himself, 'he's really a cunning old fox! If chanjiao won, the Li family would continue to sit firmly in today's position! If chanism is defeated, the Li clan can also turn to my side! He would benefit from both sides and would not perish even if he had it!

Jiang Ziya, "yeah!" This method was actually very similar to the Grand Supreme elderly Lord's philosophy! It was the most stable!

Chen Xiaobei: " I'm relieved to hear that! Li Jing would never hurt Nezha. He might even give him some benefits!

Jiang Ziya replied, "of course!" If nothing went wrong, Nezha would be able to take back his Lotus Saint body! As for whether he could be reinstated, it would depend on the wishes of the chanism higher-ups!

Chen Xiaobei: " alright! Let's talk about the others!

Jiang Ziya: " Tianpeng went to Mount Huaguo to seek shelter with Sun Wukong. However, Sun Wukong doesn't seem to be around. Tianpeng has been eating and sleeping at Mount Huaguo. I'm afraid he's sleeping again!

Chen Xiaobei, "this idiot ..."

[Jiang Ziya: Xiaobei, don't look down on Tian Peng. If you want to save Chang 'e, Tian Peng might be of great help!]

Chen Xiaobei: " yeah. He's very familiar with the heavenly court. If he can lead the way, I'll be able to save a lot of trouble.

Jiang Ziya replied, [it's not as simple as being familiar with it!] Tian Peng often peeked at the fairy bathing! He knew all the hidden corners, passages, and corners of the celestial heavens like the back of his hand! Whether it was hiding or retreating, he had a way!

Chen Xiaobei: I didn't expect second senior brother to have such a special skill! Then hurry up and get him to come find me! I'm going to take action in five days!

[Jiang Ziya: okay. He'll contact you when he sees the messages in the group!]

Chen Xiaobei: What have you been doing recently?

[Jiang Ziya: I'm with Shen gongpao!] We're going to sneak into the clan of enlightenment and steal the list of ancient Immortals!

Chen Xiaobei, "the list of ancient Immortals?" What was that thing?

[Jiang Ziya: that's the list of ancient Immortals selected by the clan of enlightenment members during the winter solstice festival!] It recorded who had chosen which ancient Immortals!

[Jiang Ziya: Xiaobei, haven't you always wanted to free all the ancient Celestials of the Jie sect?] With that name list, you can find the owner of the contract of the ancient immortal of the Jie sect directly, kill him, and release the ancient immortal you want to release!

Chen Xiaobei: If I can get that catalog, the revival of my tribe of Jie will be near!

[Jiang Ziya: that's right!] Shen Gongbao and I will definitely find a way to steal the catalog!

Chen Xiaobei: " that's right! Sneaking into chanism is like entering a Dragon's pool or a Tiger's Den. I'm afraid you'll be in grave danger!

[Jiang Ziya: don't worry!] Shen Gongbao and I were both the representatives of the primeval Lord of heaven. We are as familiar with the clan of enlightenment as Tian Peng is with the celestial heavens! It should be very smooth!

Chen Xiaobei: Safety first! I'd rather not have that list than have anything happen to you! As for Shen Gongbao, he's just my loyal dog. You can abandon him when necessary!

[Jiang Ziya: understood! I know what to do!]

Chen Xiaobei: "also, earth traveler sun has formed a secret alliance with me. If you run into any problems that you can't solve, you can ask him for help!

Jiang Ziya,"what!" Bro bei! did you and earth traveler sun form an alliance? Why didn't you say so earlier?

Chen Xiaobei,'uh ... You didn't ask me ...'

Jiang Ziya,"great!" With earth traveler sun, this matter would be much simpler! As long as we determine the location of the directory and sneak in from underground, we will be able to succeed and escape successfully!

Chen Xiaobei: "if that's the case, then contact Earth traveler sun as soon as possible!

[Jiang Ziya: understood!] I'll do it now!

Chen Xiaobei: "@ Demon Vanquisher King Kong @ shield mountain elder, what's going on with you two?" Everyone was too busy to chat in the group, and only the two of you were there! If I didn't guess wrong, you guys have been peeking!

[the king Kong: hehe, bro bei is so wise!] We're fine for now ...

"Who said we're fine?" patriarch shield mountain asked. Bro bei! I've already joined the Chongming sect, and the demon fighter has also joined the pure Buddhist sect! They were all great forces of the first heaven!

Chen Xiaobei,'but you're still so free!'

The king Kong,"yeah ... We're newbies, and we're not well-liked in the heaven realm. Most of the time, we have nothing to do ..."

Chen Xiaobei: There will be a time for you to show off your skills!

[Jade Emperor has sent you a private message!]

[Red Envelope Group of the Three Realms](#)

Chapter 3624: fraudulent plan

Now that he had a clear picture of the bei Xuan faction group, Chen Xiaobei opened the chat and opened the Jade Emperor's private chat.

The Jade Emperor,"you there?" The operation will be in five days, is there a problem?

"No problem. But you have to tell me the plan!"

Jade Emperor: "it's like this. In five days, I'll be holding a grand banquet. At that time, all members of the heavenly court, except for the heavenly soldiers, will be attending! And that included the Queen Mother of the West!

The Jade Emperor,"at this time, you will find a way to sneak into the Jade pool underground Palace. Whether you can save her or not depends on your own ability!"

Chen Xiaobei-you're also responsible for bringing me to the heavenly court!

The Jade Emperor,"I know!" I'll give you a certificate later, so you can freely enter and exit the 32 levels of heaven!

Ding! Congratulations! You've snatched a red envelope from the Jade Emperor. You've received a mark of the thirty-two heavens. It has been stored inside your treasure chest!

Chen Xiaobei,"what's going on in the Jade Lake underground Palace?" How many celestial soldiers were there? How strong was the cultivation of a heavenly soldier?

The Jade Emperor,"you don't have to worry about that!" The Queen Mother of the West was also afraid that she would be punished if things got out of hand. Therefore, she acted in secret and there were no heavenly soldiers in the underground palace!

Chen Xiaobei:

Jade Emperor,"yes!" However, there might be some of the Queen Mother of the West's trusted Palace maids! Their cultivation levels were probably in the middle or late stages of the mystic immortal realm!

Chen Xiaobei thought,"mid to late-stage abstruse immortal?" What kind of international joke is this! If I go in, will I be able to come out alive?

The Jade Emperor,"then I have no choice!" I don't want to expose myself!

Obviously, the Jade Emperor was only secretly allying with Chen Xiaobei. On the surface, he still had to serve the chianism.

It was normal to hold a banquet, but if he deliberately did something else, it would be easy to be suspected.

Once he was exposed, the heavenly Lord Yuanshi would not let him off easily.

Chen Xiaobei: Even if you don't care about the palace maids, will the other heavenly soldiers come to help me when I fight with them?

The Jade Emperor,"I can't guarantee that ..."

Chen Xiaobei,"what about the celestial soldiers?" And how strong was he?

The Jade Emperor said,"the heavenly soldiers of the heavenly court are the best of the best. They are usually late-stage or even peak-stage abstruse Immortals."

Chen Xiaobei-Why Don't You Just Die! (Glaring eyes) in this situation, how can I take her away safely? (Extreme anger)

Chen Xiaobei: " when things get out of hand, all the deities at the banquet will come for you. You're going to be buried with me! I will definitely send Xu Fu to goddess Nuwa! I promise!

Jade Emperor: "there's no use threatening me. Holding a banquet is the best I can do! 'If I'm exposed, I'll be dead too. It doesn't matter if you release Xu Fu or not!'"

it seems that the Jade Emperor has really tried his best. No matter how powerful he is, there are still people above him who can suppress him. If he gives himself away, he will not be able to bear the consequences!

Chen Xiaobei held the phone and did some mental calculations.

It was impossible to force the old Jade Emperor to do anything. Chen Xiaobei would have to take care of the rest.

If he was forced into a corner, it would only be more troublesome.

Chen Xiaobei: You can only be responsible for the banquet, I have nothing to say about that, but you have to at least provide me with some combat help and a way to escape! This request isn't too much, right?

The Jade Emperor, "I've already thought of a way for you to escape!" First, use the returning bracelet and set a spot outside the southern Heaven Gate. After you reach the person, use the returning bracelet to escape! Once you're out of the South Heaven Gate, you'll return to the first heaven, and you'll be safe!

Chen Xiaobei: "that's a good idea. As long as I can take care of the people in the underground palace, I can escape from Southern Heaven Gate. Even if the heavenly soldiers come, they can't stop me!"

Chen Xiaobei: "but do I really have to use the mystic Divine returning bracelet?" (Anxious)

The Jade Emperor, "yes!" The Jade Lake underground Palace was protected by a Mystic Divine level restriction. An ordinary returning bracelet would not be able to pass through the space there!

Chen Xiaobei, are you sure you're not kidding me? Where am I supposed to find a Mystic Divine returning bracelet?

Jade Emperor, exchange it with your merits! The mystic Divine returning bracelet was only a support-type magical treasure, so it was not too expensive! Twenty trillion merit points was just enough to exchange for it!

Chen Xiaobei: "you mean you want me to spend all my merit points?" From the double nine renhuang plane to the life of a mortal?

The Jade Emperor, "this is the only way now. It's up to you whether you're willing or not!"

"I knew it! That old man Jade Emperor won't really care about me!"

Chen Xiaobei furrowed his brows and said, "although the evacuation plan he came up with is very good, it's a huge consumption for me!"

I have the merit of double nine human emperors to protect myself. I have the credit of unifying the earth immortal world. Ordinary people don't dare to kill me easily. Otherwise, it would be a violation of the principle of punishing evil and promoting good. Even the Dao ancestor would question it!

but, if I use up all my merit points, I'll lose a life-saving trump card! Anyone can kill me as they please!"

"In this case, it's equivalent to exchanging fairy Chang 'E for all my merit! For chianism, they have profited!"

Chen Xiaobei was very clear about the stakes in this matter.

However, he had no other way and no choice.

If he didn't use the returning bracelet to escape, he would most likely be surrounded by the heavenly soldiers, and even the gods attending the banquet would come.

Although the old man Jade Emperor's method was sinister, it seemed to be the only feasible method!

Chen Xiaobei: I'll think of a way to use the mystic Divine returning bracelet! Do you have any suggestions for the battle?

Jade Emperor: "that's up to you. After all, you don't have enough merit points to exchange for a profound divine weapon. Even if you do, you don't have enough energy to use it!

"You ... You're really not afraid that I'll drag you down with me when I die at the Jade Lake?"

The Jade Emperor replied, "I'm scared, but if being scared is useful, then why are we wasting our breath here?"

Jade Emperor: "things have already developed to this point. We'll all be happy unless you give up on saving her! If you must save her, you can only put your life on the line!

The Jade Emperor, "there's no such thing as a free lunch!" Don't you know this?

Chen Xiaobei, I must save her! You'd better wish me good luck. Otherwise, we'll die together!

The Jade Emperor, "I'll try my best to persuade everyone to drink more at the banquet!" I can only help you this much!

Chen Xiaobei:

Chen Xiaobei exited the private chat, put away the Jade talisman, and started his other operations.

Since the Jade Emperor was unreliable, he could only rely on himself and do everything he could to make preparations!

"Swish!"

Chen Xiaobei took out the Wuji nine-floor Pagoda.

[Red Envelope Group of the Three Realms](#)

Chapter 3625: Contacting Zhenyuan

3625 Contacting Zhenyuan

The limitless nine-floor Pagoda was a special magical treasure that Chen Xiaobei had acquired earlier.

This magic treasure contained the most precious treasures of the limitless demon nation.

There were nine levels in total. The higher Chen Xiaobei's strength was, the more he could access the higher levels and obtain better items.

And right now, there were still the eighth and ninth levels of the limitless nine-floor Pagoda that had yet to be opened.

Chen Xiaobei had already broken through to the heavenly immortal level, so he could open both of them at the same time.

According to Lin Dong witch, the last two levels were the most powerful and precious pills of the limitless demon nation.

"Whoosh ..."

Chen Xiaobei released a stream of celestial core power and covered the tower.

The requirement to open the ninth layer was for Chen Xiaobei to pass the heavenly Tribulation and become a celestial immortal.

With the celestial core power, the eighth and ninth layer of space opened up in front of Chen Xiaobei.

Just as the witch had said, Chen Xiaobei took out two pills.

The elixir on the eighth level was called the limitless divine demon pill. It could temporarily increase one's combat power by one minor realm!

The pill on the ninth level was called the infinite Saint demon pill, which could temporarily increase one's combat power by a major realm!

In terms of efficacy, these two types of medicinal pills were very powerful!

After all, at the celestial immortal realm, the gap of one minor realm was extremely huge!

If he could temporarily increase his strength on the battlefield, then it would be very easy to fight above his level!

But!

Even though the benefits of this pill were great, the side effects were equally great.

The price of consuming the limitless divine demon pill was that his bones and muscles were shattered, and his essence soul was heavily injured. He would need a long time to recuperate before he could recover.

The price of consuming the infinite Saint demon pill was even more terrifying. One's bones and bones would be shattered, and one's primordial spirit would dry up. Whether one could survive or not would all depend on luck! Furthermore, even if he survived, the damage to his primordial spirit would never recover!

From this, it could be seen that although the effects of these two pills were extraordinary, they would harm the enemy by 1000 and the self by 800, or even 1000. Only when one was forced to die could they use them.

Especially the infinite Saint demon pill. After using it, even if one killed the enemy, one's own primordial spirit might be destroyed and die. Even if one survived, his primordial spirit would not be able to recover completely, which was equivalent to a lifetime 'disability'!

This was a huge price to pay. If it wasn't a life-and-death situation, he would never use such a desperate method.

"I'll keep them for now ... I hope I don't need these two pills ..." He thought.

Chen Xiaobei had no choice. He had finally opened the limitless nine-floor Pagoda, and now he had two of these pills.

Could it be that his luck had declined? The things he obtained were no longer what he needed the most?

"I don't care, the operation must continue!"

Chen Xiaobei then took out the heaven and earth smelt and the five materials that Yama had given him.

Then, he took out the netherspirit battlescouter and put it into the furnace.

The true Samadhi fire in the furnace was still burning, so he could quickly melt the netherspirit battlescouter and the materials to a state where they could be modified.

"Xian er! Help me accelerate!"

Chen Xiaobei had to race against time.

After all, weapon refinement was different from refining. It required a lot of modification, fusion, smelting, strengthening, upgrading ... All kinds of processes that were very time and energy consuming.

Moreover, the higher the grade of the weapon refinement, the more time it would take.

If not for Fu Tian Xin 'er's help, the immeasurable catastrophe would have been over by the time the netherspirit battlescouter was upgraded.

"Whoosh ..."

This time, Fu Tian Xin 'er didn't forcefully increase the divine sunlight cache's effects. She only increased the speed according to normal abilities.

In less than a second, decades had passed in the sunlight domain.

"I've finally succeeded!"

Chen Xiaobei let out a long breath and retracted the celestial core power he had poured into the furnace. He then took out the upgraded netherspirit battlescouter.

At the same time, Fu Tian Xin 'er stopped accelerating.

"Nine-star heaven immortal level netherspirit battlescouter! This will allow me to see the cultivation base of anyone below the mystic immortal stage. Furthermore, I can also provide a nine-star heaven immortal puppet to protect my master once. This is great!"

Chen Xiaobei was in a good mood and put on his netherspirit battlescouter again.

[ding Yingying's cultivation base: early stage of one-star true immortal. Lifespan: 200 million years, physical body: 500 trillion, combat power: 1 trillion, primordial spirit attack-sacred level!

f * ck ... F * ck!!!

Chen Xiaobei was shocked. He did not expect that Ascension would bring about such a huge change!

“My lifespan has been increased by 100 million years! His physical strength and combat power had all become in the units of ‘trillion’! This improvement is too huge!”

Chen Xiaobei was very excited and surprised.

He had never expected that there would be such a huge improvement.

However, thinking about it carefully, this was not strange at all. The more difficult the breakthrough, the greater the improvement. This was common sense.

Moreover, there was a gap in level between Earth Immortals and heaven Immortals. They could not be mentioned in the same breath in all aspects. This was the difference in essence and origin.

Of course, according to common sense, an ordinary person's Ascension would only increase their lifespan by ten million years.

However, because Chen Xiaobei had a level 9 life Halo, the effect of the upgrade was tenfold.

“Then there's the physical strength. An early one-star heaven immortal's physical strength is only one trillion, while a mid four-star heaven immortal's physical strength is five hundred trillion! The difference between them was huge! It's still very difficult to fight above one's level!”

Chen Xiaobei tried to calm himself down from the joy of his breakthrough.

now, I have a one-star divine realm five elements spirit base, a nine-star heaven immortal realm chaos Blood Sword, a nine-star heaven immortal realm netherspirit battlescouter, a peak four-star heaven immortal realm demonic Dragon tribulation, and more than 258 billion lower spiritual jades!

Chen Xiaobei thought to himself, these are all my cards! According to the Jade Emperor, there might be a mid-stage abstruse immortal fairy in the underground palace where Chang 'e fairy was imprisoned!”

“The best result is that I use the five elements spirit base to deal with these fairies and then use the mystic Divine returning bracelet to escape! Once I'm out of the South Heaven Gate, no one will be able to catch me!”

Chen Xiaobei did not reveal his trump card when he was talking to the Jade Emperor.

Especially for the five elements spirit base, he didn't even mention a word.

This was Chen Xiaobei's trump card!

“That is to say, as long as I find a way to get my hands on the mysterious God bracelet of returning, the problem will be solved!”

Chen Xiaobei opened the red envelope group again.

This time, Chen Xiaobei did not ask Hades. Instead, he contacted Grand deity Zhen Yuan.

One had to know that the King of Hell was only at the divine level, so he probably wouldn't be able to touch a Mystic Divine level treasure.

On the other hand, the Zhen Yuan immortal was in the sage-to-be realm, and he was in the late stage or even the peak stage of the sage-to-be.

Now, sect master Tongtian was in confinement, and mother Nuwa was under the eyes of the Dao ancestor.

Zhen Yuan was the only top-tier Almighty that Chen Xiaobei could trust.

Chen Xiaobei: There's something urgent I need to see you for!

[Red Envelope Group of the Three Realms](#)

Chapter 3626: No reply

3626 No reply

Zhen Yuan immortal, I also have something urgent to talk to you about! (Hurry hurry hurry)

Chen Xiaobei, "bro, what's the matter?" He was actually this anxious? You go first ...

Zhenyuan immortal, hurry up! The old sect leader's updates were getting slower and slower! In the past, there were four chapters a day. Later, it became three chapters a day, and recently, it even became two chapters a day! I'm dying of anxiety! (Vegetable knife)

Chen Xiaobei, "pfft ... I thought it was a small matter ..."

Zhenyuan immortal, isn't this a big deal? For a book fan, reading books every day was the top priority! Hurry up and help me urge the old sect master! Otherwise, I'm going to go down to the mortal world to find him!

Chen Xiaobei, "uh ... Bro, please calm down!" I understand that you want to update more, but you also have to understand the situation of the old leader! Not only did he have to write books every day, but he also had many other things to do!

Chen Xiaobei: "besides, the book is already at seven million words. The more you write, the harder it will be to write! There were more and more things to consider, and he often had to check information. The plot was difficult to progress, and he had to find ways to innovate and make the plot as interesting as possible!

Chen Xiaobei thought, 'that's very, very difficult! I think it's already not easy for the old sect master to do two chapters a day! (Serious face)

Grand deity Zhenyuan, "hmm, it does make sense ... It seems that I should adjust my mind and try to accept the two chapters pattern!"

Chen Xiaobei: This was what an excellent book fan was!

Zhen Yuan immortal, "by the way, what are you looking for me for?" Speak!

Chen Xiaobei: " I need a Mystic Divine bracelet of returning. Can you get me one? "

The Zhen Yuan immortal, what? Mystic Divine rank? What do you want something of this level for?

Chen Xiaobei, I have already ascended! Because Chang 'e fairy is in danger, only the mystic Divine returning bracelet can save her. So, I have to find a way to get it!

The Zhen Yuan immortal, what? You have already ascended? "How ... How is this possible?"

Chen Xiaobei:

Zhen Yuan immortal thought, strange! Why can't I predict your situation? (Dumbfounded)

Chen Xiaobei: " uh ... I've acquired a secret technique that can hide the number of days. That's why you can't divine it!

The Grand deity Zhen Yuan thought,"how ... How is this possible?!" I'm at the peak of the quasi-Sage Stage! Is the secret technique you obtained a Saint level one?

Chen Xiaobei: " uh ... I guess so ...

Zhenyuan immortal, awesome! As expected of the disciple of sect master Tongtian! You've encountered all kinds of good things!

Chen Xiaobei: Can you get to the main point? How could one obtain a Mystic Divine returning bracelet?

Zhen Yuan immortal, [I think you can give up on this plan!] Even in the heaven realm, Mystic Divine level Dharma Treasures were extremely rare!

Zhen Yuan immortal, [take the mysterious God returning bracelet as an example. There are only three in the entire heaven realm!] The clan of enlightenment had one, the Western religious sect had one, and the last one was missing!

Chen Xiaobei thought to himself,'this is really troublesome ... Chanism and Western religious sect will never help me!' Although I still have one Mystic Divine returning bracelet left, I don't have the time to look for it!

[Grand deity Zhen Yuan: how about this? I can help you this time!]

Chen Xiaobei,"bro, I thought you didn't have a Mystic Divine returning bracelet?" How can you help me?

Zhen Yuan immortal,"I have a Mystic Divine level talisman called Zhen Yuan divine escape talisman!" You should know that after the ginseng fruit falls to the ground, it will escape into the ground. Even if you dig up the ground, you won't be able to find it!

Chen Xiaobei: I know! The ginseng fruit disappeared as soon as it landed on the ground! Even Monkey King's golden-hooped rod could not leave a mark on the ground of the fifth Manor!

Zhen Yuan immortal, yes! My Wuzhuang Taoist temple is protected by a Sage-to-be formation. Wukong's golden cudgel naturally can't penetrate the ground!

Chen Xiaobei thought,'but the ginseng fruit can go underground! Could it be that he had been blessed with the special ability of the Zhenyuan divine escape talisman?

Zhen Yuan immortal, yes! However, it wasn't a talisman, but another "Zhenyuan divine escape formation". Under the protection of the formation's special ability, the ginseng fruit could escape into the ground protected by a quasi-Sage level formation!

Chen Xiaobei: As long as elder brother gives me a divine escape talisman with the same special ability, I can escape from the mystic Divine rank formation!

Zhenyuan immortal, "that's right!" The special ability of this divine talisman is not as good as that of a large array, but it is enough for you!

Chen Xiaobei: Thank you, brother! Thank you so much!

Grand deity Zhen Yuan, don't thank me yet! I have a condition for giving you the talisman! That is, you can't let anyone see you use this talisman!

Chen Xiaobei:

Zhen Yuan immortal, "I've told you, the cultivation tribulation is coming. I don't want to join any force!"

"My Zhenyuan divine escape talisman is unique. Once someone sees it, they'll think that we've formed an alliance!" Your enemies will scheme Against Me! It brought me endless trouble!

Chen Xiaobei: I promise! He would definitely use the Zhenyuan divine escape talisman in a place where no one was around! I definitely won't implicate my brother!

Zhenyuan immortal, very good!

Ding! Congratulations! You have snatched a red envelope from immortal Zhen Yuan. You have received a Zhen Yuan divine escape talisman. It has been stored in your treasure chest!

Chen Xiaobei-thank you, bro!

[Zhen Yuan immortal: be careful!] He was afraid that this trip was fraught with grim possibilities! I can only help you up to this point!

Chen Xiaobei: Take care, brother! If I can come back alive, I'll definitely help you rush for updates!

Zhenyuan immortal, good luck!

After exiting the private chat, Chen Xiaobei finally let out a long sigh of relief.

Although Grand deity Zhen Yuan wanted to stay out of it, he still helped Chen Xiaobei solve his biggest problem.

It was a very happy thing to have such a brother!

we have the five elements spirit base to fight and the origin suppressing divine escape talisman to retreat. Now, we only need second senior brother to come back with this living map, and the operation can basically proceed smoothly!

Chen Xiaobei did some simple calculations. As long as there were no accidents, things should go smoothly.

However, there was no movement from the canopy.

According to Jiang Ziya, this guy would eat and sleep every day, and no one knew how long he would sleep before he woke up.

if only brother monkey was still in the flower-fruit mountain. I'll let him lift second senior brother's ear and bring him back to me!

Chen Xiaobei frowned.

He could only wait for Tian Peng to wake up.

"But then again, brother monkey was waiting for mother Nuwa outside daluotian. I wonder if he has met her? Have you already gone out on a mission?"

Chen Xiaobei then sent Monkey King a private message.

However, after waiting for a long time, he did not receive a reply.

"Brother monkey, could you be in trouble? Otherwise, he would have replied to my message within seconds ..."

Chen Xiaobei could not help but worry.

He then sent a private message to mother Nuwa, but there was still no reply.

This made Chen Xiaobei even more worried.

However, things weren't entirely bad. There would always be a turning point.

[ding! Canopy great heaven sent you a private message!]

[Red Envelope Group of the Three Realms](#)

Chapter 3627: return my clone

[canopy: little north!] You're finally here! Hahaha! Come to the flowerfruit mountain! Let's eat immortal peaches and drink immortal wine together, and live a carefree life! (Happy)

Chen Xiaobei: Are you f * cking kidding me? The immeasurable catastrophe is coming, and you're still so leisurely? Did he really not know how to spell the word 'death'?

[canopy: even if the sky falls, there's still a tall one to hold it up, right?] As long as Monkey King didn't fall, the flowerfruit mountain would be the safest place!

Chen Xiaobei: Who said that he would help me more after ascending? It's only been a few days, and you're already so dispirited! I think your Ascension is entirely for the sake of being lazy!

Tian Peng,"uh ... Then ... Who said I was lazy?" We are Good Brothers! As long as you say the word, a mountain of daggers can be mounted! The sea of fire could be cast down! If he frowned, he would not be called Tian Peng!

Chen Xiaobei thought,'that's still human! It's like this, I'm going to the celestial heavens to save someone! I need you to lead the way!

Tian Peng, "Hello?" Eh ... Strange ... Why is there no signal? Xiaobei ... Hey!

Chen Xiaobei: I knew I couldn't rely on you! Don't say anything else, end our friendship!

Tian Peng, "don't, don't, don't ... I was just joking!" Why did they break off their friendship?

Chen Xiaobei: " this is a matter of life and death. Are you kidding me? " (Angry)

Tian Peng, "not ... The heavenly court!" It was so dangerous! I don't want to go for your own good! If we fall into the enemy's hands, we'll all be better off dead!

Chen Xiaobei, I finally see through you! I was planning to treat you to Coke, fried chicken, and an Japanese Porn Movie after the operation was successful! Forget it ... I'll just go by myself!

Tian Peng, "wait!" (Drooling) you're not lying to me, are you?

Coke! Fried chicken! A small movie! These were the three ultimate hobbies of fat otakus!

The current Tian Peng was even fatter than a fat otaku. He definitely wouldn't be able to resist this temptation!

Chen Xiaobei, "why Would I Lie to You?" I've already left my phone in the human world, so I can send you anything I want to eat with red packets!

Tian Peng: Xiaobei! You're too, too smart! He actually thought of leaving his phone in the human world!

Chen Xiaobei-one sentence! To go or not to go?

Tian Peng, go! I'll go! I'll go back to the first heaven to find you now!

"I'll give you half a day. I won't wait for you if you're late!"

Tian Peng: I'll set off now!

After exiting the private chat, Chen Xiaobei shook his head helplessly.

It was really easy to change a country but hard to change a person's nature. Tian Peng had always been greedy, lecherous, and cowardly.

But luckily, Chen Xiaobei had his ways to deal with him.

"To enter the heavenly court, you have to use the thirty-second heaven mark! Five elements spirit base for battle! Use the origin suppressing divine escape talisman for evacuation! Second senior brother will lead the way!"

'As long as there are no accidents, I can basically save Chang' e fairly safely!' What I need to consider now is whether there will be any other variables when the time comes."

It was clear that Chen Xiaobei's trump card was enough to save them if everything went smoothly.

However, if there were any changes or accidents, it might exceed the limits of what the trump card could bear.

At that time, there might be fatal danger.

“In fact, the biggest variable is still those shangxian gods in the banquet hall!”

“With their cultivation, they can reach the Jade Lake divine Palace in an instant, and they can also reach the southern Heaven Gate in an instant! This way, my operation could fail at any time!”

“So, I have to think of a way to make more preparations! It would be best if I could become stronger! Only with enough power can we deal with more variables and accidents!”

first of all, I did not use my Dharmakaya to devour anything when I broke through to the nine-star earth-god and celestial-god level! This is an operation that can make me stronger!”

“Secondly, the operation will take place five days later. If I can get a beast blood of a high enough level, my physical strength will increase greatly! This is the second possible method!”

Chen Xiaobei shook his head and said, “ but then again, facing those Immortals and gods who are attending the banquet, my little improvement is not even enough to fill the gaps between their teeth!

“So, in the end, I still have to find a way to deal with these people! Only by dealing with them can I be absolutely safe!”

Chen Xiaobei had come to the root of the problem.

How could he deal with the gods at the banquet?

back then, when brother monkey caused a huge ruckus at the heavenly Peach Banquet, he seemed to have used a magical sleepy bug to make all the immortals fall asleep!

it’s a pity that Monkey King hasn’t replied yet. I can’t ask him how to get that kind of drowsy thing ...
Chen Xiaobei said.

“Wait! I don’t have to use the sleepy bug! You can also use poison!”

Chen Xiaobei’s eyes lit up and he was excited. “I remember the Jade Emperor said that he would try to make everyone drink as much as possible at the banquet! As long as I can put poison in the wine, everything will be fine, right?”

Chen Xiaobei finally saw hope.

In terms of using poison, the best was, of course, Rahu from the demon race. However, he had not made any moves, so he was obviously busy.

Other than Rahu, the second person that Chen Xiaobei could think of was Acheron.

Chen Xiaobei opened the red envelope group and messaged netherworld River.

Chen Xiaobei: I have something that I need your help with!

Minghe replied, “yes!” Brother Xiaobei! You haven’t contacted me in a long time! I thought you had forgotten about me!

Chen Xiaobei: “ bro, you must be joking. It’s not that I didn’t want to contact you. I was just too busy!

Minghe said, “tell me, what’s the matter?”

Chen Xiaobei: " I'm looking for a type of poison. The kind that can knock out the Jade Emperor!

Minghe,"what?!" What do you need such a powerful poison for? (Shocked)

Chen Xiaobei: " I can't go into details about this. Bro, tell me. Is there such a poison? "

Minghe replied, [there is!] But why don't you just poison the enemy to death? Cutting the weeds and eliminating the roots was the way of the king!

Chen Xiaobei: " uh ... Because I need to use the poison on a lot of people. Some of them are my enemies, and some of them are my own people. I can't poison all of them! More importantly, if they were not poisoned to death immediately, they were very likely to attract even more terrifying enemies!

Minghe said,"understood!" If it's only to make people unconscious, I have a kind of drowsy drug here! Colorless and tasteless, extremely effective, I guarantee you'll be satisfied!

Chen Xiaobei: Then I'll have to trouble you to give me more!

Minghe said, " well ... This kind of poison is of a high level and very difficult to make. I think ...

Chen Xiaobei,"bro, do you have any requests?" Just say it directly! I'll do my best to satisfy you!

Minghe said,"I want you to return the 48 clones of the blood God to me!"

[Red Envelope Group of the Three Realms](#)

Chapter 3628: Heavenly meteorite

3628 Heavenly meteorite

"What? He actually wants the 48 blood gods back ..."

Chen Xiaobei was taken aback.

He had long known that Minghe was an evil cultivator and could not be trusted completely.

The 48 clones of Blood God were part of the unholy blood sea. In Chen Xiaobei's hands, it was like he was holding onto the life of the leader of the Acheron family.

Once he returned the 48 clones of Blood God, he would not have to worry about Chen Xiaobei anymore.

In this way, he could continue to be on good terms with Chen Xiaobei, or he could start his own plan to plot against Chen Xiaobei, or even become Chen Xiaobei's enemy.

"Should I agree to his request?"

Chen Xiaobei was very conflicted.

If he returned it, he might lose control of his master!

However, if he didn't return it, Cult Master Styx River would definitely bear a grudge and would probably fight to the death in the future!

"Return it to him!"

Chen Xiaobei quickly made up his mind.

He chose to believe in the character of Cult Master netherworld River.

After all, there might be a good result if he returned it. But if he didn't, he would really have to shed all pretense of cordiality.

Chen Xiaobei had always been a loyal friend. How could he suddenly turn against the Acheron Hierarch after being his brother for so long?

Chen Xiaobei would not let him down unless he let him down first!

Chen Xiaobei stuffed the 48 clones of Blood God into a red envelope and sent it to Acheron.

"My brother!" Minghe said. I didn't misjudge you! You're treating me with all your heart! 'I'll remember this favor!

"All clones of Blood God return to their positions. I'm about to recover my peak strength!" At that time, if you have any needs, this brother will not shirk his duty to help you!

Chen Xiaobei had made the right bet!

In fact, Minghe was using this opportunity to test Chen Xiaobei.

Let's see if Chen Xiaobei really sees me as a brother or just wants to use the blood God to threaten me and use me as a pawn!

Chen Xiaobei's decision to return the blood God immediately dispelled his doubts.

From this day on, he would treat Chen Xiaobei as his brother, and they would go through thick and thin together.

Ding! Congratulations! You've snatched a red envelope from Cult Master netherworld River. You've received ten bottles of drowsy drug. It has been stored in your treasure chest!

Cult Master netherworld River was very straightforward and immediately sent back a red packet.

[netherworld River: little north!] I only have this much stock in my hands, can you see if it's enough? If it's not enough, I'll find another way to get it for you!

Chen Xiaobei: " how many people can one bottle poison? "

Minghe thought,"as long as your cultivation is not higher than the Jade Emperor's, it's not a problem to poison 1800 people!"

Chen Xiaobei: " that means 10 bottles can knock out 18000 people! It should be enough!

"It's good that there's enough!" I'm afraid your operation this time is extremely dangerous! You must be careful! If you need help, just tell me! I'll definitely support you with all my might!

Chen Xiaobei,"no need for now!" This operation is very special. Brother, if you go, you might get yourself into big trouble!

Minghe said,"all right, just tell me if you need anything. Don't be shy!"

Chen Xiaobei: " if that's the case, then I'll need your help! I need the blood of demonic beasts at the five-star heaven immortal realm and above, and I need it from every major realm. The higher the better! Brother, can you help me get it?

"Of course!" Minghe replied. I'll immediately send someone to do it! You can easily catch all the demonic beasts below the Xuan immortal stage!

[Minghe: I can also catch those above the Xuan immortal realm, but it will take more time!]

Chen Xiaobei: Then I'll have to trouble brother! After you catch him, just send me a red packet! (Happy)

[Minghe: don't worry and wait for my good news!] (Confident)

After exiting the private chat, Chen Xiaobei felt even more relaxed.

As he continued to prepare, he had more and more trump cards in his hands, and the success rate of the operation also increased.

Moreover, he had also ordered beast blood, which was a small surprise.

alright, I've basically done all the preparations I could.

alright! Chen Xiaobei said, " now, we just have to wait for second Shixiong to come. Then, we'll go to the 32nd level of heaven in advance and see if there are any other opportunities!

Obviously, the thirty-two levels of heaven was not a place that one could go to just because they wanted to. It was not easy to go there, so they definitely had to play for a few more days!

Of course, being in the first heaven was a new, unknown land for Chen Xiaobei. It was worth a visit.

"Little girl! Let's go! I'll take you out to play!"

After putting on the human skin mask, Chen Xiaobei called Futian Xin 'er and went out with her.

Of course, Fu Tian Xin 'er also put on a long black cloak, covering her cute and beautiful face.

Gan tulang, who had changed into casual clothes, also followed behind.

Supreme Imperial City.

This was the core main city of the first heaven, and it was also an official main city directly managed by the heavenly court.

Therefore, the security in the city was very good. No one dared to cause trouble, and everything was in good order, peaceful and peaceful.

Chen Xiaobei's eyes were opened as he walked down the street.

This place was truly worthy of being called the heavenly realm. From the palaces and pavilions to the bricks and stones on the street, almost all of them were spiritual objects and immortal objects.

The entire space exuded a rich spirituality, flowing with light and color, like a dream.

Fu Tian Xin 'er was naturally overjoyed.

Little girls like these kinds of romantic things.

Of course, other than the environment, the people in the city were all different.

Humans, demons, giant spirit race, long-handed race, bird-winged race ... There were all kinds of races.

In fact, almost all of these different races had descendants in the human world.

After all, the current heaven realm and the human realm were actually created after the shattering of the chaotic mainland.

The various races in the untainted land were of the same lineage. As long as they were not extinct, they could naturally pass on their lineage to the human world.

Apart from the environment and the people, the living habits here were actually very similar to those in the human world.

The people were still divided into three, six, and nine classes. There were nobles, middle class, and commoners.

In addition, it could also be found in various industries.

The business system was even more developed than the human world.

There were people selling all kinds of materials, including refining weapons, elixirs, talismans, arrays, herbs, ores, spirit beasts, and all kinds of natural treasures.

Chen Xiaobei had a large amount of spiritual Jade with him, and he wanted to buy something that he owned.

“Come on! Don’t miss it! The mysterious meteorite that fell from the 32nd level of heaven! Only one! I’ll regret it for the rest of my life if I miss it!”

Suddenly, a passionate voice from a store attracted Chen Xiaobei’s attention.

In fact, there were many people peddling around.

However, only this fatty dared to say that his goods came from the 32nd heaven!

“Boss! How much are you selling this meteorite for?”

Chen Xiaobei walked over and asked.

[Red Envelope Group of the Three Realms](#)

Chapter 3629: Abundant treasures appears

3629 Abundant treasures appears

The boss was an extremely wealthy-looking middle-aged man. His earlobes were very big, almost reaching his shoulders.

When he saw Chen Xiaobei, his eyes lit up with a smile.

“Ten thousand!”

The middle-aged man smiled and extended a finger.

lower-grade spiritual Jade? ”

Chen Xiaobei asked.

“Xiaobei! This person must be a liar!”

Fu Tian Xin ‘er tugged at Chen Xiaobei’s sleeve and said, ” “How can something from the 32nd level be so cheap? Even a three-year-old child can’t be trusted!”

“Wrong!”

“I said 10000 upper-class spiritual jade pieces!” The middle-aged man laughed.

“What?”

Chen Xiaobei, Fu Tian Xin ‘er, and gan tulang were all dumbfounded.

A hundred million inferior-grade spiritual Jade was equivalent to one middle-grade spiritual Jade.

A hundred million middle-grade spiritual Jade was equivalent to one piece of superior-grade spiritual Jade.

Chen Xiaobei’s current wealth was only 2580 pieces of medium-grade spiritual Jade!

However, the middle-aged man had asked for 10000 superior-grade spiritual Jade. The difference between them was so huge that it was impossible to make up for it.

do you think we’re stupid?!

“Even if you gather all the wealth in the entire Imperial City, you won’t even have 10000 upper-class spiritual jade pieces!” Gan tulang said, extremely displeased. Furthermore, this lousy meteorite of yours doesn’t have any spirituality. It’s probably not an ordinary stone that you picked up from somewhere! Where’s mentally handicapped Meng?”

“Hehe ...”

The middle-aged man said indifferently, ”only the destined owner of this meteorite will know what it is! If you can’t see its value, it only means that you’re not its owner!”

“Brother Xiaobei, let’s go!”

Fu Tian Xin ‘er pouted and said impatiently, ” “This person is clearly trying to play tricks! Let’s not waste any more time with him!”

“Don’t rush!”

Chen Xiaobei activated his golden gaze fiery eyes and clear Jade divine light at the same time and fixed his gaze on the meteorite.

Obviously, according to a normal person’s train of thought, they would definitely not buy this meteorite.

Furthermore, even if someone wanted to buy it, they would definitely not be able to afford it.

Unless the middle-aged man had nothing better to do and was deliberately wasting his time, this meteorite must have some hidden secrets.

“Whoosh ...”

Sure enough, the insight ability of the clear Jade divine light, coupled with the penetrating ability of the fiery golden eyes, was amazing.

He instantly saw through the true appearance of the meteorite.

Who dared to think about it!

Under the black-gray rock shell, there was a resplendent golden relic!

The golden light was extremely divine, burning like the sun. It was extremely strong and yang, infinitely majestic and boundless! It made people feel awe and respect, one could only look at it from afar, not dare to play with it!

you ... You are!?

Chen Xiaobei looked up at the middle-aged man and was dumbfounded.

Who dared to think about it!

The middle-aged man’s appearance was just an illusion.

His true form was actually a true Buddha shrouded in golden Buddhist aura!

it seems that you know your stuff. You are the true owner of this meteorite!

The middle-aged man grinned and looked at Chen Xiaobei, as if he knew that Chen Xiaobei had seen through his illusion.

He had already said that the person who knew the goods was the owner of the meteorite.

Fu Tian Xin ‘er and gan tulang didn’t know what was good, and so did countless people who came and went.

Chen Xiaobei was the only one who knew what was good!

So, even though Chen Xiaobei was wearing a human-skinned mask, the middle-aged man knew that the person he was waiting for was Chen Xiaobei.

“Please accept it!”

The middle-aged man handed the meteorite to Chen Xiaobei.

“But I don’t have any money ...”

Chen Xiaobei frowned.

Was ten thousand superior-grade spiritual Jade a joke?

Not to mention now, even for a long time in the future, it would be impossible to have one.

“I’ll owe you first.”

The middle-aged man smiled.

“How can we do that?”

“I don’t even know who you are!” I don’t even know where to return the money in the future!”

Chen Xiaobei could tell that the meteorite was an extraordinary treasure.

However, as the saying goes, those who are unaccountably solicitous are either evil or thieves.

Without knowing who the person was, Chen Xiaobei did not dare to take his things.

Moreover, the other party was from the Western religious sect. They might be putting on an act to plot against Chen Xiaobei.

“Junior Brother is overthinking!”

The middle-aged man lowered his voice and looked at Chen.

“Junior Brother? you ... You ... Who ... Chen Xiaobei was shocked.

“Silence!”

The middle-aged man quickly interrupted Chen.

There was only one person in the Western religious sect who would call Chen Xiaobei ‘Junior Brother’ and give him a big gift the moment they met!

He was the former chief disciple of the tribe of severity, the Taoist of many treasures!

After the last immeasurable catastrophe, the Western religious sect had taken the Daoist of many treasures by force and used some unknown method to turn him into the Tathagata dharmic treasure.

He was also known as Buddha Tathagata in the Buddha world.

Of course, although he had become the Buddha of many treasures of the Western sect, his heart had always been with the tribe of severity.

Chen Xiaobei had contacted the treasure Daoist a long time ago.

At that time, treasure Daoist gave Chen Xiaobei two cleansing Bodhi. One kept the little fox and ginseng immortal, and the other was immune to poison, which helped Chen Xiaobei a lot.

But then, the heavenly Lord Yuanshi banned the private sending of red packets to the human world, and the relationship between Chen Xiaobei and the Western religious sect worsened.

That was why it was not convenient for him to contact Chen Xiaobei.

At this moment, it was obvious that in order to deceive people’s eyes and ears, the treasure Daoist had pretended to be a merchant and used a method that could not sell anything to keep selling things.

“Let’s talk somewhere else, shall we?” Chen Xiaobei said.

“No need!” Treasure Daoist shook his head.

“Whoosh ...”

An invisible barrier instantly enveloped the two of them, making it impossible for the outside world to spy on the situation inside.

“Speak.” Treasure Daoist said indifferently.

“Senior brother, how did you know I would come here?” Chen Xiaobei asked.

The treasure Daoist said, “I know that the reason why master let you enter the tear of the great void was to retrieve the people Dao seal!” That’s why I’ve been trying to figure out your situation!”

“Suddenly, one day, the divination could no longer be carried out! I know that you’ve already succeeded and will definitely ascend to the heavenly realm as soon as possible!”

“And after you ascend, Supreme Imperial City is a place you must pass by! At the same time, you’ll definitely go to the thirty-two levels of heaven to save people! So, I’ve been waiting here, using the 32 heavens to attract you!”

Treasure Daoist gave a wise and profound smile and said, “This is just like fishing. Today, you’ve taken the bait!” He said.

“Senior brother is amazing!”

good! Chen Xiaobei could not help but praise, “ you can’t predict my situation, but you can predict my every move!

“If I can calculate it, others can too!”

Treasure Daoist squinted his eyes and looked around, then said in a deep voice, “ we can’t talk for too long. You must remember everything I’m going to say!

Chapter 3630: There's always someone better

3630 There’s always someone better

“Senior brother, please speak! I will definitely remember it!”

Chen Xiaobei nodded and focused his attention, not wanting to miss a single detail.

“I should advise you not to go to the heavenly court! But, if you don’t go, you’re not Chen Xiaobei!”

Treasure Daoist said in a deep voice, “it’s full of dangers and even a narrow escape!” There would be many unexpected dangers! Unless you don’t go, these dangers can’t be avoided!”

“I’m not afraid!”

Chen Xiaobei was very persistent, there’s a 90% chance of death, but at least there’s a chance of survival! Isn’t the doctrine of the Jie sect to cut off the last chance of survival?”

The treasure Daoist nodded and said, "Remember this! Don't retreat from the South Heaven Gate after you save them! I'll hide in the 32 heavens first and leave when the right opportunity comes!"

"I'll remember that!" Chen Xiaobei nodded.

"You take this!"

Treasure Daoist handed the 'meteorite' to Chen Xiaobei and said, "This is a ball of profound deity level Buddhist power! I can save you at a critical moment! However, it could only be used once! Therefore, you must grasp the right time to use it!"

"Understood!" "I won't use it unless I have no other choice!" Chen Xiaobei said.

Obviously, he had taken a great risk to send a life-saving trump card at this time.

He did not dare to give Chen Xiaobei anything more, or else he would be killed as well.

Chen Xiaobei understood that very well. He did not expect more, but he was truly grateful to the treasure Daoist.

"Junior Brother, you're a very smart person!"

Treasure Daoist said in a deep voice, "I believe that you'll have even more amazing performances beyond my guidance!" I'm looking forward to you making a big scene! I hope we can meet again safely!"

"I will! We will definitely meet again!" Chen Xiaobei's eyes were filled with determination.

"Chi ..."

As soon as he finished speaking, treasure Daoist turned into a golden light and instantly disappeared into the frolicking crowd.

His speed was so fast that no one at the scene could see clearly.

"Eh? Where did that person go?"

Fu Tian Xin 'er asked curiously, "Xiaobei Gege, what did you guys talk about just now? Why do I only see your mouths moving, but not hear anything?"

"Stop asking! It's not a bad thing!" Chen Xiaobei grinned.

Clearly, he was afraid that Fu Tian Xin 'er would be worried, so he said that! If he were to tell Futian Xin 'er, he would definitely die in the heavenly court, and the little girl would definitely be worried to death!

"Master! What's so special about this black stone?" Beside him, gan tulang asked curiously.

"It's nothing! Don't ask! Don't even mention it!"

Chen Xiaobei quickly put the black stone away.

One had to know that there was a mass of profound deity level Buddhist power sealed inside! If it was accidentally released, the entire Imperial City would be razed to the ground, and even the entire first heaven would be destroyed!

Ding! Canopy has sent you a private message.

Chen Xiaobei and the other two strolled around for half a day before Tian Peng finally arrived at the first heaven and asked to meet Chen Xiaobei.

Without hesitation, Chen Xiaobei sent her into the verdant Emperor's divine gourd and then went to look for Tian Peng.

As for gan tulang, Chen Xiaobei told him to go back on his own. He was no longer needed for the rest of the operation.

South of the city.

Chen Xiaobei found the canopy great tree.

"Xiaobei! We meet again! I've really missed you!"

Tian Peng went up and gave Chen Xiaobei a Big Bear hug. His fat body almost strangled Chen Xiaobei to death.

"Don't try that! You obviously just want the coke! Fried chicken! It's a small movie!" Chen Xiaobei pushed the fat man away.

"Hahaha! So, did you bring these things?" Tian Peng asked impatiently.

"After the operation, someone will naturally send you a red packet!" "Now, you just need to lead the way for me," Chen Xiaobei said.

"Xiaobei! Why don't you trust me?" Tian Peng pouted.

stop talking nonsense. We'll set off tonight and head straight to the 32nd layer of heaven! Chen Xiaobei did not want to argue with Tian Peng.

"You're leaving tonight? Not a stepmother in five days?" "I'm not ready yet!" Tian Peng was a little nervous.

"You don't need to prepare anything!" "Don't worry!" Chen Xiaobei said. I will ensure your safety and will not let you die there!"

"This ..."

Tian Peng's expression became serious, "What about you? Are you going to die there?"

don't you worry about that! I don't want to die! Chen Xiaobei said. We'll only know when the time comes!"

Hearing this, Tian Peng's face became a little ashamed. He pursed his lips and said, "Xiaobei! I knew you were the most loyal and would never harm me! To think that I've always been afraid of death and haggled with you ... I ... I'm sorry ..."

"Don't talk about this, senior and junior!" Chen Xiaobei said, "Let's set off immediately!"

Tian Peng immediately brought Chen Xiaobei to the teleportation portal in the Imperial City.

This array was connected to the first to the 32nd heavens.

You can go to whichever sky you can show the token of that sky.

Without the token, the formation could not be activated.

This was a very strict law of the heaven realm. No one could break it, and no one dared to break it.

“Whoosh ...”

Chen Xiaobei took out the thirty-two levels of heaven mark and the formation started to operate.

“Whoosh!”

Chen Xiaobei and Tian Peng disappeared from the center of the formation.

“Chi ...”

In the next moment, the two of them appeared on another array.

This magical formation was located in a larger and more prosperous main city.

There were many people walking around in the surroundings. His nine-star heaven immortal level netherspirit battlescouter couldn't detect anyone's cultivation base.

It was clear that even a little kid's cultivation base was above the heaven immortal realm!

In the entire space, the spiritual Qi was even more abundant. Its concentration and purity were countless times that of a level one!

Chen Xiaobei was certain that the chaos Blood Sword and Dragon's edge could be replenished with spiritual Qi if they were absorbed from the medium!

But then again, the chaos Blood Sword and the Dragon's edge were of no threat in this place. They couldn't even defeat a little kid! It was useless even if it was filled with spiritual Qi!

Right!

This was the thirty-second heaven!

Yu Long Teng Shengtian!

And this main city was the one closest to the heavenly court, Yulong city!

“Where is the celestial heavens?”

Chen Xiaobei looked left and right for a long time, but he could not find the destination of this trip.

“Above!”

Tian Peng pointed at the sky.

The vast sky stretched as far as the eye could see. High up in the sky, amidst the vast sea of clouds, there was an independent floating continent.

On this continent, there were countless extremely gorgeous, majestic, and sacred palaces!

That was the heavenly court!

The Jade Emperor and all the divine officials of the celestial heavens were living inside!
