Chapter 3631: Going to the peach Garden

3631 Going to the peach Garden

“The celestial heavens is an existence above the 32 levels of heaven! They represent absolute nobleness and authority!”

Tian Peng said, “other than the Jade Emperor and the gods, there are also a million of the most elite heavenly soldiers!” Any one of them was a late-stage or even peak Xuan immortal! In the lower 18 heavens, he would be a giant!”

yes, I know. The celestial soldiers and celestial generals of the celestial heavens are the Army with the highest combat power in the celestial realm!

that’s right! Chen Xiaobei nodded. the reason they’re staying in the heavenly court is probably because the spiritual Qi there is more abundant than here, right? ”

“That’s right!”

Tian Peng said, “the spiritual Qi in the heavenly court is the densest in the world after daluotian and the three pure heavens!” All heaven-grade soldiers had the potential to become gods! As long as they were given enough spiritual energy and time, they would have the opportunity to break through sooner or later! At the very least, the chances are higher than in other places!”

the grace of a heavenly God!?

Chen Xiaobei could not help but exclaim, ‘as expected of the heavenly court! Even a random soldier was so powerful! In comparison, a heavenly soldier like gan tulang is the cream of the crop, the younger brother of brothers!”

“Isn’t that so?”

Tian Peng shrugged. the first heaven is the weakest place in terms of overall strength. The heavenly soldiers there are just a motley crew. Compared to the top elites of the heavenly court, the difference is like heaven and earth!

Chen Xiaobei frowned and said, “ the celestial heavens is so terrifying. How are we going to enter? ”

“You’ve asked the right person!”

Tian Peng grinned and said, “back then, I peeked at the fairies bathing and left many secret passages for escape!” As long as I lead the way, I can guarantee that you can come and go freely!”

you’re really a genius ... Chen Xiaobei was speechless.

“However, there’s one thing that we must first think of a way to solve!”

Tian Peng said seriously, " when the celestial soldiers patrol, someone will definitely activate their primordial spirit domain. My cultivation is not as good as before! We can't interfere with the divine soldier's primordial spirit domain, so we'll be easily discovered!"

"Ha, you don't have to worry about that!" "I have a way to deal with the primordial spirit realm!" Chen Xiaobei grinned. Make sure they can't sense our presence!"

"Alright! I'm relieved to hear that!" Tian Peng nodded. He still trusted Chen Xiaobei.

"Since that's the case, let's not waste any more time! Let's go Scout now!" Chen Xiaobei said impatiently.

"No way! We're going now?" Tian Peng's expression froze.

"Right! The earlier the better!"

alright! Chen Xiaobei nodded and said, " think about it. After tonight, we only have four days left! You have to bring me to familiarize myself with the terrain as soon as possible. Only then can you stay out of this on the day of the operation!"

"You mean ... You won't bring me along on the day of the operation?" Tian Peng was stunned and his expression became complicated.

"I've said it! I will definitely ensure your safety!" I'm too weak! I can't control the situation at all! So, the safest way is to not let you participate in the operation! Chen Xiaobei said.

this ... Tian Peng was speechless. He was extremely moved.

"And it's not just you! On the day of the operation, I'll give you the Meru space and the verdant Emperor's divine gourd!"

of course! Chen Xiaobei said firmly, " if everything goes well, that would be the best result! If I fail, I don't want anyone to be buried with me!"

Xiaobei ... Tian Peng's heart ached. His eyes even turned red.

In his eyes, Chen Xiaobei's words were like a tragic farewell! If Chen Xiaobei did not come back, it would really be an eternal farewell!

"Alright! Get your spirits up! Don't be so wishy-washy!"

Chen Xiaobei patted Tian Peng's big belly and said, " "Hurry up and act! The more familiar I am with the heavenly court's terrain, the less dangerous it will be when I take action! I'll have to rely on you for this! Don't drop the ball!"

"Don't worry!"

Tian Peng composed himself and patted his chest. in the next few days, I'll definitely bring you to all the corners of the heavenly court that you can escape and hide in!

"Let's go now!" Chen Xiaobei then flew up into the sky.

Tian Peng quickly followed.

.....

The main entrance of the celestial heavens was the southern Heaven Gate.

According to the Jade Emperor's plan, Chen Xiaobei had to leave the southern heavenly gate after the rescue.

According to treasure Daoist's advice, the South Heaven Gate would probably be a dead end when they retreated.

At this moment.

Tian Peng did not bring Chen Xiaobei through the South Heaven Gate. They did not even go through any of the gates.

They had arrived at the bottom of the floating continent.

Originally, this entire continent was made of extremely solid divine level rocks, and even the earth escape immortal puppet could not penetrate it.

However, under Tian Peng's lead, they went through a crack in the stone and went all the way up. They passed through a long and winding road and arrived at the underground of the heavenly court.

"Xiaobei! Next, we might be discovered by the primordial soul domain. It's time for you to show off!" Tian Peng said.

"The 'merit record'! I want to exchange for 100 strands of super prosperous monkey fur!"

Chen Xiaobei immediately got to work.

[ding! Merit points reward, exchange successful. 100 million merit points have been deducted!]

[your current merit points are 20004834000000 (charm: 2000,4.834 billion, luck: 2000,4.834 billion!]

Obviously, many Immortals in the heaven realm were proficient in the art of transformation, so the Super prosperous monkey fur was not expensive.

Moreover, there were many similar Dharma Treasures. Therefore, one million merit points could be exchanged for one. It was too cheap.

"Here!"

Chen Xiaobei gave Tian Peng 50 super prosperous monkey fur and said, "Transform into the smallest form, the smaller the better!"

Tian Peng nodded and immediately turned into a little bug smaller than an ant.

Next, Chen Xiaobei also turned into a bug of the same size.

"Whoosh ..."

Yan Lingshi's Natal purple Qi spread out and enveloped Chen Xiaobei and Tian Peng.

Earlier, Chen Xiaobei had gambled with his life and confirmed that the nine-star celestial-grade Fuxi celestial orb would not be able to sense the presence of the Natal purple Qi.

In other words, anyone below the nine-star heavenly god tier would not be able to sense this life source purple Qi!

As such, the two little bugs that were enveloped by the Natal purple Qi could naturally avoid the primordial spirit domain of the patrolling heavenly soldiers.

After that!

Chen Xiaobei and Tian Peng continued to fly upwards.

Not long after, the two of them flew out from a garden rockery.

“This is the back garden of Marshal Tian Peng’s residence! In the past, I used to escape from the heavenly court through the holes in this fake mountain!”

Tian Peng said with confidence, “Xiaobei!” Go ahead! Where do you want to go now? I can take you there immediately!”

let’s go to the peach Garden first! Chen Xiaobei said.

“What? A Peach Garden?” Tian Peng’s expression froze.

[Red Envelope Group of the Three Realms](#)

Chapter 3632: The water of the Jade pool

3632 The water of the Jade pool

“Why are you so surprised? Can’t we go to the peach Garden?” Chen Xiaobei asked.

“No... It’s not that I can’t go ...”

but, Xiaobei, ” Tianpeng said, ” if you want to save someone, shouldn’t you first familiarize yourself with the terrain of the Jade Lake divine Palace? ” Why do you want to go to the peach Garden first?”

“There are still four days left! We can take it slow!” the peach Garden is the place I’m most interested in in the entire heavenly court. It won’t take me too long to go there and have a look! Chen Xiaobei said.

“Don’t tell me you’re going to steal the heavenly peaches?” Tian Peng was shocked.

“I’m serious! I do have such thoughts!” yes! Chen Xiaobei nodded. I’m still too weak right now, but if I can live long enough, I might be able to have another trump card!

“Don’t even think about that!”

“I can only take you to the outer area of the peach Garden,” Tian Peng said.”I can’t go in!”

“Why is that?” “Didn’t you say that there’s no place in the heavenly court that you’re not familiar with?” Chen Xiaobei asked.

Tian Peng explained, "the peach Garden is different from other places!" Everyone knew the benefits of the heavenly peaches! If we don't strictly guard it, not only outsiders, but even people within the heavenly court will try to steal the peaches!"

"How strict is it?" Chen Xiaobei asked.

Tian Peng smiled bitterly, "first of all, a high level Mystic immortal level formation has covered the entire Peach Garden!" Secondly, there were 30000 celestial soldiers patrolling the perimeter day and night! Even the Jade Emperor can't enter at will, let alone us!"

even Jade emperors can't enter???" Chen Xiaobei was surprised.

"Isn't that so?"

Tian Peng said, "this is the rule of the celestial heavens!" The seven celestial maidens are only allowed to enter the garden during the first few days of the heavenly Peach Banquet. No one is allowed to enter at any other time!"

if that's the case, then we don't have to go ... Chen Xiaobei was a little disappointed.

He had wanted to explore the way to see if he could steal a wave of heavenly peaches to eat.

However, it was clear that the heavenly court had existed for a very long time, and its anti-theft preparations were already done to the best of their abilities.

Otherwise, not only the peaches, but all the peach trees would probably be stolen.

If that was the case, Chen Xiaobei would not be able to enter the garden, so he could only give up on the idea of stealing the peach.

let's go to the Jade Lake divine Palace ... Chen Xiaobei said.

Soon after.

Under Tian Peng's lead, Chen Xiaobei flew from the Tian Peng Marshal's residence to the Jade Lake divine Palace where the Queen Mother of the West lived.

Along the way, they had passed through all sorts of secret paths!

Tian Peng brought Chen Xiaobei to all the corners and special passages that could allow him to hide and escape quickly.

This trip took almost half a day, and he had used up more than thirty super prosperous monkey fur.

Fortunately, Chen Xiaobei had the scholar heart, which gave him a photographic memory. He could remember everything he saw.

After arriving at the Jade Lake divine Palace, the two of them did not rest.

Tian Peng continued to bring Chen Xiaobei deeper into the palace.

This immortal Palace could only be described as magnificent. The palace was made of glass, gold, and Jade, and the garden was made of immortal herbs and divine trees. The spiritual Qi was so dense that it almost materialized, and the sky was shrouded in a layer of rainbow halo.

The most amazing thing was the Holy water Jade pool in the middle of the immortal Palace. The water in the pool was bright and colorful, like crystals and gems flowing. Its spirituality was abnormally high, but it was very gentle. It didn't give off any pressure, but it could make people feel refreshed and calm. It was very, very magical.

"Xiaobei! That's the Jade Lake!"

Tian Peng said, "the water in the pool has all reached the mystic god level!" There was only one of this in the entire heaven realm! The peaches of immortality could only grow by watering them with the water of the Jade pool! Therefore, in the entire immortal world, only the Queen Mother can grow the heavenly peaches!"

"That's so awesome!"

Chen Xiaobei was surprised. "Can I steal this pool of water?"

"Stop dreaming!"

Tian Peng smiled bitterly, "there is a special restriction on the water. If anyone touches it, it will alert the Queen Mother herself!" She was a high-level profound deity! Unless you're tired of living, don't go near the Jade pool!"

Oh, I know. I'll take a detour ... Chen Xiaobei said helplessly.

Treasures could be seen almost everywhere in the celestial heavens, but unfortunately, nothing could be taken away.

It was as if a peerless beauty was lying naked in front of you, but you could only look at her and not touch her. It was extremely depressing!

there's a small mountain around the palace. The cave at the foot of the mountain is the entrance to the underground palace!

Tian Peng said as he led Chen Xiaobei around.

"Stop!"

The moment he saw the entrance, Tian Peng called out to Chen Xiaobei, "Don't be fooled by the silence outside the cave. There are also restrictive spells at the entrance! If an outsider barged in, the guards of the celestial Palace would be alerted immediately!"

"Guards?"

huh? " Chen Xiaobei was confused. after I entered the palace, I only saw a few Palace maids. There wasn't even the shadow of a guard.

"You don't understand, do you?"

Tian Peng explained, "the Jade pool immortal Palace is where the Queen Mother lives. Under normal circumstances, only women can enter!" The guards are all men, so they naturally have to avoid suspicion!"

"You mean, the guards are all outside the immortal Palace?" Chen Xiaobei asked.

"That's right!"

Tian Peng nodded and said, "there are 800 golden-armored fighting spirits guarding the Jade pool Celestial Palace. All of them are peak Mystic Immortals!" They were usually more than five kilometers away! If there's any movement in the immortal Palace, they'll be able to rush to the scene in an instant!"

"F * ck! This old Jade Emperor is a scammer! You didn't even tell me about such an important matter!" Chen Xiaobei could not help but curse.

"Don't worry!"

when I was peeking at the seven celestial maidens bathing, I was discovered once. In the midst of the chaos, I could only hide in this cave! Tian Peng laughed evilly.

"You know the way to break the restriction?" Chen Xiaobei's eyes lit up!

"Of course!"

Tian Peng grinned and said, "no matter what, I was the Grand Marshal of the heavenly court!" Different from the Jade pool's restriction, this cave's restriction is connected to the 800 golden-armored Battle Spirits. It's a restriction that belongs to the Army!"

"My second senior brother is amazing!" Chen Xiaobei was excited.

"Hehe! You don't mind me now, do you?" Tian Peng smiled, "the method to open the restriction is like this ... You do this first ... Then that ... That will do!"

"I understand! I'll remember that!" Chen Xiaobei nodded and asked, "What happens after we enter the underground palace?"

this underground Palace is used by the Queen Mother for her closed-door cultivation. Usually, there's almost no one in there!

Tian Peng said, "but now, the Queen Mother has locked Chang 'e fairy inside. She must have arranged for one or two confidants to watch over her!" You'll have to settle this yourself!"

"En!"

yes! Chen Xiaobei nodded and said, " I've learned about the situation in the Jade Lake divine Palace! Now, take me to the place where the heavenly court stores wine and the place where the Jade Emperor is holding a banquet for his guests!"

[Red Envelope Group of the Three Realms](#)

Chapter 3633: Crazy absorbing spirit Qi

3633 Crazily absorbing spirit Qi

After that, Chen Xiaobei exchanged for 300 super prosperous monkey fur.

Ding! Merit points reward, exchange successful. 300 million merit points have been deducted!

[your current merit points are 200048 billion and 40 million points (charm: 2000,4.84 billion, luck: 2000,4.84 billion!

Under Tian Peng's guidance, Chen Xiaobei familiarized himself with the route from the Jade Lake divine Palace to the Jade Emperor's Lingxiao Palace.

Behind the soaring heaven King Palace, there was an even bigger Palace.

This even larger Palace was the place where the old man Jade Emperor lived.

Of course, banquets hosted by the Jade Emperor would also be held here. When Tian Peng was still the Grand Marshal, he had been here many times and was naturally familiar with the place.

This wave took almost half a day and more than thirty monkey hairs.

Then ...

Tian Peng then brought Chen Xiaobei to the Imperial Kitchen.

This place stored all kinds of food, utensils, and of course, wine for banquets.

However, Immortals were all fasting. Most of the time, they didn't eat.

Therefore, the Imperial Kitchen would only open when a banquet was about to be held. The God of food would personally cook and make the delicious delicacies for the banquet.

At this moment, there were only three days left before the Jade Emperor's banquet.

Therefore, a large number of immortal officials and maids had rushed to the Imperial Kitchen, and all of them were busy.

"Hurry! Everyone, hurry up! This time, His Majesty the Jade Emperor suddenly wants to hold a top-notch feast. We have a lot of things to prepare at the last minute, so we must hurry!"

The immortal officials were in charge of commanding the scene.

The fairy maidens were busy carrying the ingredients and utensils.

As for the wine, it was placed in a special area and guarded by a heavenly soldier.

"Xiaobei, why do you keep staring at the wine?" Tian Peng asked in confusion.

I got a poison from the netherworld River. If you put it in the wine, it will poison everyone at the banquet and greatly reduce the danger! Chen Xiaobei said.

"That's a good idea ..."

Tian Peng paused and helplessly said, " but the problem is that there are people guarding the wine, and there are so many people around. It's almost impossible to put poison in it!

“Yup ...”

that’s right! Chen Xiaobei nodded and said, “ that’s my biggest problem right now! How can I put the poison in those wine jars without anyone knowing?”

“Let’s wait for the sky to turn dark!”

“If there’s only one heavenly soldier guarding after dark, I might have a way to lure him away!” Tian Peng said.

“Second senior! You’re really super awesome this time! Everyone at Kai Rui is here!” Chen Xiaobei grinned and gave Tian Peng a lot of likes.

“Hehe, let’s retreat first and find a place to rest. We’ll come back later!” Tian Peng grinned, he was in a good mood.

“Don’t! Don’t rest!” “Take me to another place!” Chen Xiaobei said.

“Where do you want to go?” Tian Peng’s brows furrowed in confusion.

I want to go to a place with abundant spiritual Qi, but where no one will find me, ” Chen Xiaobei said.

“What do you want to do?” Tian Peng asked curiously.

“Let’s go! Take me there and you’ll know!” Chen Xiaobei smiled mysteriously.

Soon after.

After flying for a while, the two of them arrived at the edge of the floating continent.

When he arrived, Chen Xiaobei realized that the entire floating land was covered in a magical formation.

At the edge of the continent, there was a seven-colored light screen that was like a wall, isolating it from the outside world.

Because of this, the only way to enter this continent was through the four gates, and of course, the hole Tian Peng had found!

Of course, it was also because of the isolation of the formation that the spirit Qi on the floating continent would not leak out. The spirit Qi was tens of thousands of times denser and purer than outside!

The place that Tian Peng had brought Chen Xiaobei to was a corner that almost no one came to.

First of all, it would not be easily discovered.

Secondly, because few people came here, the spiritual Qi here was denser and purer! It was almost solid, only a little bit weaker than the seven-colored spiritual mist in the Jade Lake divine Palace!

“Swish!”

After making sure that no one was around, Chen Xiaobei took out the verdant Emperor divine gourd.

Whoosh ... Whoosh ... Whoosh ...

Without a word, a vast amount of spiritual Qi was crazily absorbed by the verdant Emperor's divine gourd like a river flowing into the sea.

At the same time, Chen Xiaobei took out his chaos Blood Sword, demonic Dragon's edge, and earth escape divine gourd to fill them with spiritual Qi.

In this way, the three magical treasures could be activated ten times for free.

Finally, when the spiritual Qi around him had become thinner, Chen Xiaobei stopped absorbing it. He was not satisfied at all."Second senior, are there any more places like this?"

"There ... There are still a few more ..."

Tian Peng was dumbfounded. Chen Xiaobei was here to absorb spiritual Qi!

The number one profiteer of the Three Realms truly lived up to his reputation. He would not let go of any opportunity to obtain benefits!

After that.

After another half a day, Chen Xiaobei followed Tian Peng and moved to another place, pouring spiritual Qi into the verdant Emperor divine gourd.

Because the space inside the verdant Emperor's divine gourd was extremely huge, the spirit Qi would not be as dense as before.

However, in general, the amount of spiritual Qi in the verdant Emperor's divine gourd had exceeded the average level of the earth-god Realm.

In this way, the people in the verdant Emperor's divine gourd could obtain abundant spiritual Qi to cultivate and quickly improve their cultivation.

In fact, Chen Xiaobei was doing this to prepare for more people to ascend.

Chen Xiaobei knew very well that he was not strong enough to protect everyone. But if he could create another small world inside the verdant Emperor's divine gourd, then all those who had ascended could live a peaceful and happy life inside.

This could be considered a perfect solution.

"Alright! It was already late at night! We should go back and deal with the Imperial Wine!" Chen Xiaobei said impatiently.

"Alright!"

Tian Peng immediately brought Chen Xiaobei back to the Imperial Kitchen.

At this moment, the immortal officials and fairies who had been busy in the Imperial Kitchen during the day had all left.

Although there was a team of celestial soldiers patrolling outside the door, they couldn't find the two little bugs that were shrouded in the Natal purple Qi at all in the dark.

When he entered the Imperial Kitchen, the heavenly soldiers guarding the Imperial Wine were still there.

Although he was alone, his eyes were wide open and he was highly focused. He did not show any signs of slacking off or relaxing.

“Second senior! Are you sure you have a way to lure him away?” don’t alert the enemy! Chen Xiaobei was worried. otherwise, my entire plan will be ruined!

“What’s wrong? Don’t you trust your second senior?”

Tian Peng smiled confidently and said, “follow me!” I’ll let you know what true strength is!”

[Red Envelope Group of the Three Realms](#)

Chapter 3634: Five consecutive red packets

3634 Five consecutive red packets

“Second senior! No kidding! The success of this operation will depend on you!”

Chen Xiaobei calmed himself down. He had no choice but to rely on canopy great tree.

“Don’t worry! Follow me!”

Tian Peng grinned and brought Chen Wu er to the window of the Imperial Kitchen.

“Swish!”

With a thought from Tian Peng, a water-colored spiritual light flew out of the window and towards the heavenly soldier.

“Eh? This ... Is this the heavenly river water spirit?”

The heavenly soldier’s eyes instantly widened, and his expression instantly became excited.

“It’s the heavenly river water spirit!”

Chen Xiaobei recognized the water-colored spiritual light.

This was because Tian Peng had given Chen Xiaobei the same heavenly river water spirit during his wedding!

Second senior brother was the canopy great general who was in charge of the sky River.

After returning to the heavenly realm, he had used a secret technique to collect some heavenly river water spirits.

This heavenly river water spirit came from the core source of the heavenly River. It contained an extremely powerful cleansing power that could wash away all the filth and poison in the Three Realms!

It could be said that this was an extremely useful but extremely rare divine item!

“What is this? Is this a free lunch?”

The heavenly soldier's eyes immediately lit up, and a look of greed and fanaticism appeared on his face as he immediately charged toward the heavenly river water spirit.

Luring the Tiger away from the mountain!

This was the canopy great country's method!

"Second senior! You're too good at acting! I thought you were going to use some earth-shattering method! I can do this too!"

Chen Xiaobei suddenly realized that he had the heavenly court water spirit with him as well. He just did not think of this method.

"The method doesn't have to be too awesome! It's good enough that it works!" go and release the poison! Tian Peng laughed. I'll help you stall that idiot!

"Alright!"

Chen Xiaobei quickly flew down and used his celestial core power to open one of the wine jars. Then, he put some of the poison that Minghe had given him into the jar!

"Woof! Buzzzzzz! Yi ..."

On the other side, Tian Peng was like walking a dog, controlling the heavenly river water spirit to constantly change its position and walk the heavenly soldier around.

Originally, the heavenly soldier was a high-level Mystic immortal, and in terms of speed, he would not be slower than the heavenly river water spirit.

However, he was too greedy and wanted to take the heavenly river water spirit for himself. Therefore, he didn't dare to activate his celestial core power for fear of attracting the heavenly soldiers outside.

With that, he had completely fallen into the pit dug by Tian Peng and was being led around, completely forgetting his duty of guarding the wine.

After a while, Chen Xiaobei had successfully poisoned every jar of wine.

According to Minghe, even the Jade Emperor would be poisoned, so those who attended the banquet would have to lie down obediently.

"Second senior! I'm done!" Chen Xiaobei flew back to Tian Peng.

"Whoosh ..."

With a thought, Tian Peng dispersed the heavenly river water spirit.

That heavenly soldier had been fooled for half a day and ended up with nothing. He was so depressed that he wanted to vomit blood.

However, he didn't dare to make a sound. He could only swallow his anger and go back to watch over the Imperial Wine.

Then ...

Chen Xiaobei and Tian Peng immediately left the Imperial Kitchen and went to the edge of the floating land.

At this moment, it was already dawn. There were only two days left before the banquet officially began.

Tian Peng had wanted to bring Chen Xiaobei to continue absorbing spiritual Qi.

But Chen Xiaobei rejected the suggestion.

He had already absorbed too much spiritual Qi. If anyone noticed, the heavenly court would know that an outsider had snuck in. They might even raise their guard and increase their defenses, which would affect Chen Xiaobei's actions.

As the saying goes, full losses, modest gains!

He couldn't be too full of himself. Otherwise, it would definitely lead to bad variables.

.....

Under Chen Xiaobei's request, the two of them returned to the underground cave where they came from. They planned to hide there until the banquet started.

Chen Xiaobei did this because he wanted the canopy great country to retreat as soon as the operation began.

Ding! Congratulations! You've snatched a red envelope from Cult Master netherworld River. A portion of beast blood has been stored in your treasure chest!

Ding! Congratulations! He had snatched a red envelope from Cult Master netherworld River and obtained a portion of beast blood ...

Ding! Congratulations! Snatch the red envelope from Cult Master netherworld River and obtain ...

Ding! Congratulations! Snatching the red envelope from Cult Master netherworld River ...

Ding! Congratulations! To snatch Cult Master netherworld River ...

Just as Chen Xiaobei was feeling bored, the five red packets from the Acheron God sect leader lifted his spirits.

He had promised to help Chen Xiaobei get some beast blood.

After two days, the red packet finally came.

Even though he was a little late, Chen Xiaobei's mood was lifted after checking the information.

The five red packets contained the blood of demonic beasts from five to nine-star heavenly immortal level. Using the heaven-killing tyrant body technique, Chen Xiaobei's physique could reach the level of a nine-star heavenly immortal.

He also left a message to Chen Xiaobei, telling him that he had already found a way to get some abstruse immortal beast blood and that he would send it to Chen Xiaobei as soon as he got it.

Chen Xiaobei was overjoyed.

Originally, there was nothing to do in the remaining time. Not only was it boring, but it was also a waste of time.

Now, it was all good. Body refinement was starting!

“Whoosh! Whoosh!”

Chen Xiaobei hid the Sumeru space in the crack and brought Tian Peng in.

Then, he entered the verdant Emperor’s divine gourd.

After the blood pool was built and the Beast blood was poured into it, Chen Xiaobei jumped into it and started to train his body.

“Whoosh ...”

Of course, the body refinement could not be done without Fu Tian Xin ‘er’s help!

The sunlight territory enveloped the blood pool, allowing Chen Xiaobei to undergo the physical enhancement as quickly as possible.

The higher the realm, the more time it would take to break through.

If she was in a hurry, Fu Tian Xin ‘er could use her celestial core power and spiritual energy to use the sacred life tree’s special ability to greatly increase the speed of the God tier sunlight cache.

However, there was enough time this time.

Chen Xiaobei told her not to use her celestial core power and mental power, and that she could just activate the divine sunlight cache.

After a period of time, the body refinement was successfully completed.

Chen Xiaobei walked out of the blood pool, changed his clothes, and checked for the latest changes.

[ding Yingying’s cultivation base: early stage of one-star true immortal. Lifespan: 200 million years, physical body: 30000 trillion, combat power: 1 trillion, primordial spirit attack-sacred level!

His four-star heaven immortal level physical strength had broken through five major realms and reached a shocking number.

“What the f * ck! 30 trillion! This ... This ... This is too much ...”

this ... Chen Xiaobei was sweating. and this is only the physical strength of an early nine-star heaven immortal! There are still four more minor realms to go! The physical strength of a peak heaven immortal is probably close to 100 trillion!”

This result shocked Chen Xiaobei so much that he could not come back to his senses for a long time.

“Xiaobei Gege!”

you’ve improved,” Futian Xin ‘er said. do you want to ripen some blood Bodhi fruits and raise your cultivation level? ”

“Alright! I’m free anyway!”

yes! Chen Xiaobei nodded. I still have five ripened fruits in my hands. Help me ripen another five!

Red Envelope Group of the Three Realms

Chapter 3635: request to travel together

This was because Chen Xiaobei had already broken through to one-star celestial immortal.

Therefore, one blood Bodhi was not enough to break through a minor realm.

He had five in his hand, so he would ripen another five. This way, it would be enough. The remaining ones could be used to heal injuries and save lives.

However, after some thought, Chen Xiaobei changed his mind.

“Little girl! You, come over here!”

“There are 295 unripe fruits left on the blood Bodhi tree. Why don’t you just help me ripen them all? this will save me a lot of trouble and also speed up the next time the divine Tree bears fruit!”

Chen Xiaobei then took out 885000 low-grade spiritual jades and handed them to her.

In the past, Chen Xiaobei did not have enough spiritual Jade to activate his magical treasures, so he could not squander them.

But now, 800000 low-grade spiritual jades was like a drop in the ocean to Chen Xiaobei. He did not need to save any more.

At the same time, the number of blood Bodhi he could use would also increase as he broke through to the next realm.

Therefore, it was too troublesome to accelerate the ripening process bit by bit, so he might as well do it in one step.

“Good! I’ll go now!”

Fu Tian Xin ‘er flew up to the divine Tree and took out the divine sunlight treasure box.

“Whoosh ...”

The sunlight domain expanded rapidly, covering the entire tree of God.

At the same time, all the spiritual jades were crushed and released a huge amount of spiritual Qi, which was added to the unripe fruits.

Before long, the 295 fruits had ripened successfully.

Futian Xin ‘er picked them up one by one and gave them to Chen Xiaobei.

Now, Chen Xiaobei had 300 blood Bodhi spirit fruit in his hands.

Let’s start the breakthrough!

“Whoosh ...”

Chen Xiaobei ate two blood Bodhi fruits in one go.

The immortal essence fluctuations immediately became intense, it was different from usual, it was extremely special, like tens of thousands of volcanoes erupting at the same time.

“Phew ...”

Then, Chen Xiaobei let out a long sigh of relief, and his face lit up with joy.

[ding Yingying’s cultivation base: middle-stage one-star true immortal. Lifespan: 230 million years, physical body: 30000 trillion, combat power 3 trillion, primordial spirit attack: Saint level!

He had successfully broken through a small realm, and his lifespan had increased by 30 million years. His combat strength had increased by three times!

Chen Xiaobei then ate four more blood Bodhi.

[ding Yingying’s cultivation base: late-stage one-star true immortal. Lifespan: 280 million years, physical body: 30000 trillion, combat power 9 trillion, primordial spirit attack: Saint level!

[ding Yingying’s cultivation base: peak one-star true immortal. Lifespan: 350 million years, physical body: 30000 trillion, combat power 30 trillion, primordial spirit attack: Saint level!

After breaking through two minor realms, his lifespan had increased by a total of 120 million years! His combat power had increased tenfold, and the effect was simply amazing.

This way, if Chen Xiaobei encountered another opportunity, he would be able to break through to the next realm.

Just thinking about it made him look forward to it.

“Girl, come here!”

After Chen Xiaobei was done with his breakthrough, he gave her six blood Bodhi and said, “You should also break through a small realm! This way, I can quickly increase my strength!”

Chen Xiaobei was doing this for two reasons. First, he wanted to be a good friend. Second, Futian Xin’er’s primordial spirit power was extremely strong. Her innate ability was also one of the best in the Three Realms. She could even be considered a Saint. Chen Xiaobei had to train her well!

Moreover, Chen Xiaobei was now rich and the blood Bodhi was cheap. There was no need to be stingy.

“Second senior! You also have one!”

Chen Xiaobei then gave Tian Peng six blood Bodhi.

After all, Tian Peng was the general in charge of the Tian He River. His cultivation was higher and he could help more.

Even if he didn’t help, a higher cultivation level would make him safer.

For Chen Xiaobei, it was enough that his brother was safe and sound!

Soon after.

Fu Tian Xin 'er and Tian Peng had both reached the peak of the one-star heaven immortal realm.

By now, Chen Xiaobei only had 276 mature blood Bodhi left. Theoretically, if Chen Xiaobei did not sell them, he could still use them for a long time.

Of course, Chen Xiaobei was not afraid of selling it.

That was because Chen Xiaobei had plenty of spiritual jades and a divine sunlight cache.

According to his previous experience, the tree would grow the next batch of fruits in about 300000 to 500000 years.

Therefore, as long as there was sufficient spiritual Jade or spiritual energy, the blood Bodhi Divine Tree could produce fruits without limit.

Obviously, this was a very satisfying thing!

It could only be said that sect leader Tongtian's plan was perfect! He had given Chen Xiaobei a drop of the blood Kirin's blood essence to plant the blood Bodhi Divine Tree.

Although it was useless back then, it was of great use now!

It could even be said that Chen Xiaobei could rely on the blood Bodhi fruit to quickly increase his cultivation level before he reached the divine level. It would save him a lot of time and spiritual Qi. It was definitely worth it.

After that.

Chen Xiaobei calmed himself down and carefully rehearsed the action plan a few times.

He had considered almost every detail and every variable.

Of course, things were always changing, and there would definitely be problems that he did not expect.

However, after a long period of thinking, Chen Xiaobei became calmer and more determined. Since he had already set his goal of saving the people, he would just deal with whatever came his way.

"It's almost time! I should set off!"

Finally, Chen Xiaobei stopped thinking and said seriously, "Second senior! You'll come with me later, and I'll leave the Meru space and the verdant Emperor's divine gourd to you!"

"Don't worry!"

Tian Peng patted his chest and said, "I'll definitely keep it safe for you! When you come back, I'll personally return it to you!"

"Mm ..."

Chen Xiaobei nodded and said, "If I don't come back, you have to find a way to give my Meru space to my master! At the same time, protect everyone inside the verdant Emperor's divine gourd!"

Hearing this, Tian Peng's brows furrowed and he said seriously, "Don't be silly! I believe you! You'll definitely be able to return safely!"

“Xiaobei Gege! I want to go with you!” let’s go! Futian Xin ‘er said determinedly as she flew to Chen Xiaobei’s side with the divine sunlight cache.

“Bro bei! I also want to go!” The six-eared macaque rushed over. It was determined.

“No...”

no! Chen Xiaobei shook his head and said, “ this operation is too dangerous. I can’t even guarantee my own safety! If anything happens to the two of you following me, it will affect me instead!”

Fu Tian Xin ‘er shook her head, “no!” Xiaobei Gege! I’ll listen to everything you say! I will definitely not cause you any trouble! Also, I can use the divine sunlight cache to help you at a critical moment!”

“Bro bei! Did you forget? I can transform!”

the spirit Qi in the heavenly court is abundant, ” six-eared macaque said. not only can I become a powerful immortal, but I can also become some important people. I can help you!

[Red Envelope Group of the Three Realms](#)

Chapter 3636: gods arrive

It had to be said that the abilities of Futian Xin ‘er and six-eared macaque were irreplaceable. They would be of great help.

However, Chen Xiaobei knew that this mission was extremely dangerous. He could not bring them along.

If they failed, everyone would die!

Even if they succeeded in the end, they would have to pay a huge price!

Chen Xiaobei would never let them take this risk together!

Especially for Futian Xin ‘er. If anything happened to her, how was Chen Xiaobei going to explain to lady Nuwa?

“I don’t agree! You must all stay in the verdant Emperor’s divine gourd!”

Chen Xiaobei’s eyes narrowed, and his entire being exuded an unquestionable domineering aura. He was a man of his word, and no one could change his mind!

but ... Fu Tian Xin ‘er’s face was filled with anxiety as she tried to fight for more.

“Forget it! Miss Xin ‘er, don’t say anymore!” Six-eared macaque interrupted her and said, “ “Once bro bei has decided on something, he can’t change his mind! Let’s just listen to him, we have no other choice!”

Hearing this, although Fu Tian Xin ‘er’s face was filled with anxiety, she had nothing to say.

In fact, she knew Chen Xiaobei’s character very well. Once he had decided on something, he would not change his mind.

If she had insisted, Chen Xiaobei might have even sealed her away and only prevented her from coming out after everything was settled.

“Second senior! I’ll leave this place to you! No matter what happened in the past or in the future, you must not disappoint me this time!”

Chen Xiaobei looked at Tian Peng with a serious expression.

“Go!”

Tian Peng clenched his teeth and said seriously, “Unless I die, I will definitely help you keep the Meru space and the verdant Emperor’s divine gourd safe!”

“Alright!”

Chen Xiaobei nodded and left.

.....

He returned to the real world.

Chen Xiaobei left the Meru space in the crack.

He used the Super prosperous monkey fur to transform into a little bug and then used his Natal purple Qi to cover his entire body.

Following the route that he had figured out a few days ago, he took the lead and went to the Imperial Kitchen.

Today was the day of the banquet.

Over a hundred Palace maids were busy without rest.

They had to prepare the food and wine before the guests arrived.

The heaven had three hundred and sixty-five principal gods, dozens of divine generals, and some important Deputy divine officers and Deputy generals. In total, they had more than a thousand people!

Hence, just the decorations of the banquet hall took a long time.

Chen Xiaobei had been watching the entire process, making sure that the poisonous wine was poured into the flagon from the wine jar. In the end, a pot of poisoned wine was placed on each table.

This meant that the first step of Chen Xiaobei’s plan had succeeded.

With the decorations finished, the banquet hall was ready.

Immediately after, a few Deputy divine priests and Deputy divine generals with lower status and power came to the scene.

Chen Xiaobei did not know any of these people.

However, a starving camel was still bigger than a horse!

These people might have low status and authority, but this was the heavenly court! If they were placed in the lower heavens, each of them would be a Big Shot who could cover the sky with one hand!

Needless to say, his nine-star heaven immortal level netherspirit battlescouter couldn't detect any of their cultivation base.

Not even the mystic immortal level netherspirit battlescouter could see through it.

No! Even the netherspirit battlescouter of a gold immortal might not be able to see through it.

One could only imagine how terrifying these people were.

And among the management of the entire heavenly court, they were only at the lower level.

It was easy to imagine how terrifying the others were!

Soon after.

Some principal gods began to arrive.

Chen Xiaobei could not say that he knew all 365 of them, but he could recognize some of their features.

Before the winter solstice festival, the original 365 gods were all famous ancient gods on Investiture of the Gods who had died in the last immeasurable cultivation tribulation.

Among those people, 317 were disciples of the tribe of severity.

Their primordial spirits were sealed, and their hearts were controlled. They had no choice but to serve the heaven with one hundred percent loyalty.

But!

The winter solstice festival gave them a chance to be Reborn!

Therefore, the original three hundred and sixty-five principal gods had all reincarnated.

The three hundred and sixty-five principal gods that appeared were all chosen by the clan of enlightenment.

Most of them were disciples of the clan of enlightenment.

Of course, for the sake of so-called fairness, a small portion of them were from the human sect, the demon sect, and the Western sect.

If not for the fact that the members of the tribe of humanity and the demonic sect were in there, Chen Xiaobei would have killed them all in one go!

After that.

Those who entered the banquet hall were the core upper echelons of the heavenly court.

Not only were these people powerful, but they also had high status. Some of them even held military power.

For example, the barefooted great immortal, Taibai Jinxing, the Thunder Lord, mother lightning, granny Feng, the four great heavenly Masters, the eight great wisdom Kings, and so on ...

Among them, there was an extremely beautiful fairy. Her face, figure, and temperament were simply as beautiful as a poem or a painting. She was Xuan NV of the nine Heavens!

Of course, Chen Xiaobei did not know her, and he was not in the mood to admire her beauty.

Instead, he saw a few familiar figures in the crowd.

There was a little old man with white hair and a beard, and his hands were tied with red thread. It was Yue Lao.

A heavenly general with big eyes and a heavenly general with big ears were sitting together. They were the clairvoyant and clairaudient.

There was also a super cute little boy with his hair tied up in a bun and wearing a red dudou. It was Nezha.

Beside Nezha, there were two young men who looked like him. They were his two older brothers, Jinchuan and Mubai.

As for their father, Pagoda-bearing Heavenly King Li Jing, he did not appear.

“Strange ... Why didn't Li Jing come? Don't cause trouble for me with this guy!”

Chen Xiaobei furrowed his brows, feeling uneasy.

After talking to Jiang Ziya, Chen Xiaobei knew that Li Jing was a very powerful and calculative person.

Furthermore, Li Jing's cultivation was extremely high and his status was extremely high. He also controlled 100000 celestial soldiers and celestial generals.

If he did not show up, Chen Xiaobei would never be confident.

However, his doubts were quickly dispelled.

“The Jade Emperor! The Queen Mother had arrived! All Immortals, welcome!”

As an immortal official shouted, all the gods and immortals in the banquet hall stood up, bowed, and looked at the door with great respect.

Two supreme beings of the heavenly court, shrouded in a seven-colored Halo and emitting a holy aura, flew in side by side.

They had divine light on their bodies and auspicious clouds under their feet, giving people a feeling of transcendence and supremacy.

That's right!

These two people were the Jade Emperor and the Queen Mother.

At the same time, there were seven extremely beautiful fairies behind the Queen Mother. They were dressed in rainbow-colored clothes and had extraordinary auras. They were the seven legendary fairies.

On the other side, behind the Jade Emperor was a middle-aged man in golden armor and holding an exquisite Pagoda! His aura was extremely overbearing, even making people feel that his cultivation was above the Jade Emperor's!

That's right!

This person was the pagoda-bearing Heavenly King, Li Jing!

[Red Envelope Group of the Three Realms](#)

Chapter 3637: great help

Under the gazes of the gods, the group slowly entered the palace.

The Jade Emperor and Queen Mother sat on the main seats in the center of the hall without any suspense.

The seven celestial maidens stood on both sides of them, responsible for serving the Jade Emperor and Queen Mother.

Li Jing was sitting on the left side of the throne, right next to the Jade Emperor.

Just by looking at the seating arrangement, one could tell that Li Jing was the number one person in the heavenly court, just below the Jade Emperor and Queen Mother.

"Phew ..."

Chen Xiaobei let out a sigh of relief.

At this point, the most powerful people in the heavenly court were all sitting in this Hall.

With a glass of wine in his stomach, the entire Hall would quieten down. Then, Chen Xiaobei would be able to go to the Jade Lake divine Palace to save the people. Even if a battle broke out, it would not attract too many powerful enemies.

Chen Xiaobei waited in silence.

"All ministers, please take your seats!"

After the Jade Emperor and Queen Mother sat down, they waved their hands, and the gods returned to their seats.

Then, the Jade Emperor raised his wine cup and said with a smile, "I have two important things to announce in this banquet!"

Obviously, in order to not expose himself, the Jade Emperor must have made up some reasons so that no one would suspect this banquet.

"First, I suddenly gained enlightenment recently, and my Dao heart has become more complete and clear! Therefore, we set up a banquet to celebrate and share our joy with the ministers!"

This excuse sounded a little far-fetched, but no one could find fault with it.

After all, only the Jade Emperor himself knew whether his Dao heart was perfect or not. No one else could tell.

second, the celestial heavens hasn't held a banquet for a long time. The atmosphere is heavy and oppressive. All the officials work hard all day and have little free time. I can't bear to see this!

"Our biggest enemy, Chen Xiaobei, has not ascended yet. We can use this opportunity to rest and relax! When he ascends to the heavenly realm, we'll be very busy!"

Originally, the first reason was a little farfetched, but with the second reason, the effect suddenly became better.

No one could figure out Chen Xiaobei's current situation.

The Jade Emperor played dumb and said that Chen Xiaobei had not ascended yet. He was in a good mood and wanted everyone to rest and relax.

This was a very reasonable thing to do.

More importantly, the Jade Emperor was pretending that he did not know that Chen Xiaobei had already ascended.

Even if Chen Xiaobei made a big deal out of it, the Jade Emperor had the gods as witnesses and could stay out of it.

"This old fox is so smart!"

Chen Xiaobei saw everything and laughed in his heart."Unfortunately, no matter how good your excuse is, you can't imagine what's going to happen next!"

"Pour the wine!"

The Jade Emperor indifferently ordered.

The seven celestial maidens immediately poured a cup of poisoned wine for the Jade Emperor and the Queen Mother.

"All ministers, raise your cups!"

The Jade Emperor raised the wine cup in his hand high and said in a serious tone, " "This first cup of wine, Zhen will first toast all the ministers! I hope all of you will drink this cup and not disappoint!"

These words were no longer urging him to drink, but rather forcing him to drink!

Whoever didn't drink it would be a wet blanket to the Jade Emperor!

It was clear that the Jade Emperor still hoped that Chen Xiaobei would be able to save the people and leave safely, and not throw Xu Fu out.

Therefore, the Jade Emperor naturally had to think of a way to make everyone drink, and to make them drink more.

This was the only way to delay everyone.

Because of this, no one would be able to escape the first cup of wine.

“We dare not refuse a toast from Your Majesty!”

The gods responded one after another, filling up their wine cups, standing up, and raising their wine cups high with both hands.

“Shit!”

Chen Xiaobei’s heart tightened.

At this moment, there were still many people in the hall who had not raised their glasses.

Because they didn’t have the qualifications!

The first was the seven celestial maidens! Then, there were the hundreds of fairies scattered in the hall!

They were all in charge of serving people and didn’t have any deity positions, so they naturally didn’t have the right to drink.

This was very awkward!

If these Palace maids did not drink, they would immediately become restless once the gods fainted.

By then, a large number of celestial soldiers would rush over, and the information might even be leaked, alarming the forces outside the heavenly court.

Chen Xiaobei’s plan would be ruined!

“Your Majesty, please wait!”

However, just as Chen Xiaobei was worried the most, a middle-aged man in an immortal official’s uniform suddenly appeared at the entrance of the hall.

“What?”

The Jade Emperor glanced at him coldly, a hint of displeasure in his eyes. “Who are you?”

Obviously, the rank of an immortal official was much lower than that of a God official, so the Jade Emperor did not know this person at all.

“This lowly one is the Imperial kitchen’s Chief Steward. I heard that Your Majesty has good news and would like to ask for a cup of wine!”

The middle-aged man said respectfully.

“Nonsense!”

The God of Cookery in the hall looked over and shouted angrily, “You’re a mere seventh-rank immortal official, what right do you have to speak here? If you don’t want to die, hurry up and go back!”

Although the culinary God was shouting angrily, his eyes were filled with deep worry.

It should be known that everything related to food in the heavenly court was in charge of by the God of food.

And this Imperial Kitchen manager was a little immortal official under the God of Cookery.

If he came to ask for wine, he would most likely anger the Jade Emperor and end up in a miserable state.

Therefore, the God of food shouted angrily first to protect him and let him escape quickly to avoid punishment.

From this, it could be seen that the God of Cookery was still very kind.

But!

The Imperial Kitchen manager didn't appreciate it and insisted, "Normally, I wouldn't dare to act recklessly! However, today was his Majesty's big day! I believe His Majesty will show extra mercy!"

"You ... You're simply reckless!" The God of food was so angry that he blew his beard and glared.

"Forget it!"

"Come to the palace, I'll give you a cup of Imperial Wine!" The Jade Emperor said indifferently.

Just a moment ago, the Jade Emperor had announced that he had gained some enlightenment and that his Dao heart had become more complete and smooth!

This was a great thing!

If he were to get angry now, wouldn't he be slapping himself in the face?

"Many thanks, Your Majesty!"

The Imperial kitchen's steward hurriedly ran in and said insatiably, "Your Majesty! I want to get a drink for all the fairies here! They've also worked very hard these past few days. Your Majesty, please treat this as a reward for them!"

"What?"

The Jade Emperor's brows furrowed slightly, clearly very displeased.

This was like asking a noble to drink with a slave. According to the Jade Emperor's previous personality, not only would he not agree, but he would also severely punish the immortal official.

But at this moment, good news was coming, and the immortal official's words were reasonable.

No matter how unhappy the Jade Emperor was, he couldn't refuse. Otherwise, it would only show that he was a petty man.

"I'll allow it!"

The Jade Emperor composed himself and said, "all the palace maids present, please give me a cup of wine!"

"F * ck!"

Chen Xiaobei, who was hiding in the dark, was surprised and overjoyed.

They were shocked because they wondered who the immortal official was. Why did he suddenly jump out and ask for a drink?

The good news was that the immortal official had really helped the heavens a great deal!

[Red Envelope Group of the Three Realms](#)

Chapter 3638: Sudden change in the situation

3638 Sudden change in the situation

Hence.

The gods in the hall, all the fairies, and of course, the immortal official, each held a cup full of poisonous wine.

“Cheers!”

The Jade Emperor called out in a bold manner.

Following which, everyone gulped down the poisoned wine in their hands.

Oh, no!

Not everyone!

“Eh? Why don’t you drink it?”

The Jade Emperor’s brows furrowed slightly, and he became even more upset. “Didn’t you come to ask for wine? Why ... W-why ... Uh ...”

Before he could finish, the Jade Emperor felt a burst of dizziness. His body and primordial spirit were not under his control, and he directly fainted on the table.

Without a doubt, all the remaining people at the scene had also fainted on the spot.

“Bro bei! Bro bei ...”

Then, the immortal official lowered his voice and shouted to his surroundings.

Who are you?!

Chen Xiaobei flew down and landed in front of the man.

Although he did not know who the person was, Chen Xiaobei was sure that he was one of his own.

First of all, he did Chen Xiaobei a huge favor!

He did not drink any alcohol, which meant that he knew about Chen Xiaobei’s plan to poison him!

“I’m six ears!” The immortal official quickly said.

six ears!?

Chen Xiaobei was stunned for a moment before he realized what was going on.

Only six-eared macaque had the ability to hide a fake manager of the Imperial Kitchen from the gods!

“Didn’t I ask you to leave?” Chen Xiaobei asked.

“We were planning to leave!”

“But when Xin ‘er asked about your plan, Tian Peng explained it in detail!” Six-eared macaque explained. In the end, Xin ‘er, that little girl, heard the flaw in his words!”

Chen Xiaobei was surprised. “You mean, Xian ‘er knew that my plan wouldn’t be able to poison the palace maids?”

“Yeah!”

yes! six-eared macaque nodded and said, “ all our attention was on the gods, but we neglected these insignificant fairies! We were afraid that bro bei’s plan would fail, so we had no choice but to come and help!”

“What? Xin ‘er is back too?” Chen Xiaobei was worried.

“Yup ...”

“ if Xin ‘er didn’t help me speed up time, I wouldn’t have been able to absorb enough spirit Qi in such a short time, ” six-eared macaque said. I wouldn’t have been able to become the manager of this seven-star Mystic immortal Imperial Kitchen!

“I have to say, this time it’s really all thanks to you two!”

Chen Xiaobei said, “ “However, don’t get involved in the next operation. Just follow the original plan and leave quickly! Especially Xin ‘er, her identity was extremely special! If we’re exposed, we might even incur the wrath of the Dao ancestor!”

“No! We can’t leave!”

“ I’m going to keep watch outside the hall, ” six-eared macaque said. I’m going to make sure that no one can come in. Otherwise, we’ll be exposed very soon!

this ... Chen Xiaobei was speechless.

Just as six-eared macaque had said, the hall needed servants. It was inevitable for Palace maids to come in and out.

If other Palace maids came in halfway, this plan would still be ruined.

Therefore, the six-eared macaque had to guard the door and use its current position to prevent outsiders from entering.

“Then where is the real Imperial Kitchen manager?” Chen Xiaobei asked.

I took advantage of the time when he was sleeping to transform into him. Then, I used his power to knock him unconscious!

Six-eared macaque said, "bro bei, don't worry about me. Let's go find Xin 'er! She's already on her way to the Jade Lake divine Palace!"

"What? Why did she run over there?" Chen Xiaobei suddenly became nervous.

"Xian er said that using the sunlight domain can speed up the flow of time in the entire underground Palace!"

you're right! six-eared macaque explained, " that means, when you save the person, only 0.00001 seconds will have passed in the outside world! This way, we can make sure that you can leave before the reinforcements arrive!"

"But why didn't she wait for me?" Chen Xiaobei was still very anxious,'run over there alone! What if there's danger?"

"Bro bei, don't worry!"

yes, " six-eared macaque said. Tian Peng gave Xin 'er a lot of super prosperity monkey fur and told her a safe route and a safe hiding place. It's in a dark corner inside the Jade Lake immortal Palace. There are no guards patrolling the palace! There won't be any danger!"

"I got it!"

"You stay here and help me delay them for half an hour!" After half an hour, you will retreat! Remember! I will definitely not come back here! So, after half an hour, you have to leave immediately. Don't wait a minute longer!"

"Good! I'll remember that!" Six-eared macaque nodded.

"Whoosh!"

Without another word, Chen Xiaobei flew towards the Jade Lake divine Palace as fast as he could.

.....

Chen Xiaobei had memorized the route by heart, and it did not take long for them to reach their destination.

After entering the divine Palace, Chen Xiaobei found the little bug-like Futian Xin 'er in a dark corner.

"Little girl!" Chen Xiaobei shouted.

"Xiaobei Gege!" Fu Tian Xin 'er immediately flew over in excitement, " "Are you done on your side? Did Liu er help?"

"Done!" it's all thanks to you guys! Chen Xiaobei said. it's going very smoothly!

"Hehe, it's good that you can help!" Futian Xin 'er was extremely happy, and she continued, " "Let's go, we'll go save them now! With the God-level sunlight cache, we would have retreated before the enemy arrived!"

"Good! Let's go!" Chen Xiaobei nodded. He had to admit that Futian Xin 'er's plan was indeed very good.

Whoosh ... Whoosh ...

Chen Xiaobei flew to the entrance of the underground palace and dispelled the seal using the method taught by the canopy sect.

“Brother Xiaobei, I’m starting!”

With a thought, Futian Xin ‘er activated her sunlight domain, covering the entire underground Palace.

Even if it was just a normal special ability, one second in the outside world would be a hundred years in the underground palace.

How could Chen Xiaobei fail to save fairy Chang ‘e in a hundred years?

“Let’s go in!”

fly behind me! Don’t get too close! Chen Xiaobei said.

Then, the two of them flew into the underground palace.

“Such abundant spiritual Qi!”

this is ... Fu Tian Xin ‘er couldn’t help but exclaim, “ the spiritual Qi in this underground Palace is at least 10000 times denser than outside!

“This is the place where the Queen Mother secludes herself for cultivation, so the spiritual Qi here is naturally different from other places!” let’s Save the People First. We have plenty of time anyway. Later, I’ll drain all the spiritual Qi in this place! I’ll just treat it as interest!”

“En!” Fu Tian Xin ‘er nodded her head, filled with anticipation.

They passed through an underground passage.

The two of them successfully entered the core of the underground palace.

However, the scene that appeared before his eyes was completely different from what he had expected.

Originally, the Jade Emperor had said that the Queen Mother might have a few of her trusted fairy maidens guard this place.

However, at this moment, it was a divine beast that appeared!

[Red Envelope Group of the Three Realms](#)

Chapter 3639: God-tier enemy

It was an extremely ferocious and ugly centipede.

Its huge and thick body coiled around the underground palace, almost covering the entire ground.

Its shell had a metallic luster and was emitting dark red flames! There were probably thousands of pairs of feet, and they were also as sharp as metal, giving off the sharpness of a blade!

More importantly, Chen Xiaobei had felt its aura and pressure before from An Hua and the leader of the great void dark night race!

It was the aura of a gold immortal! They were also commonly known as heavenly gods!

Even if she was only an early one-star golden immortal, she was still countless times more powerful than the mystic immortal fairy that the Jade Emperor had mentioned!

When the Jade Emperor had contacted Chen Xiaobei, he had only mentioned that there might be a few Mystic immortal level goddesses in the underground palace. Even if they fought, they would only attract Mystic immortal level heavenly soldiers.

If that was the case, Chen Xiaobei would be able to handle it with his five elements spiritual foundation.

But now, a golden immortal Heavenly Divine beast had appeared in front of him.

The power of the five-elements spiritual foundation was only at the early stage of one-star heaven immortal realm. If they were to fight, Chen Xiaobei would at most be on par with his opponent.

The main point was that the five elements spirit base only had one chance to attack!

The first battle ended in a draw, and then Chen Xiaobei and Futian Xin 'er were both dead!

There was no suspense at all in such a battle situation.

But!

Chen Xiaobei could not retreat!

That was because there was a stone pillar in the middle of the centipede's circle.

On the stone pillar, there was an unconscious woman tied up with golden chains!

Although this woman was in a deep coma and her complexion was extremely poor, her shocking beauty was still enough to make people's hearts tremble!

Those extremely exquisite facial features! That flawless, Jade-like skin! That alluring and beautiful curves of her body! And that extraordinary temperament that was out of the world!

It was exquisite in all aspects, so beautiful that it made people feel like they were in a dream. They couldn't believe their eyes!

That's right!

This dream-like beauty in a white dress was fairy Chang 'E!

At this moment, the big centipede's head was facing Chang 'e fairy, and it was constantly spewing dark red poisonous mist from its mouth.

It was this poisonous mist that had caused fairy Chang 'e to fall into a deep coma.

At the same time, runes flickered on the stone pillars. This meant that some kind of array was affecting fairy Chang 'e.

According to Chen Xiaobei's previous understanding, this formation was an evil formation that would make Chang 'e lose her true self.

The effect of this array was similar to the heavenly dog biscuit, and there was no cure!

Once Chang 'e lost her true self, she would completely forget about her friendship with Chen Xiaobei and would obey the Queen Mother of the West, becoming Chen Xiaobei's enemy.

At this moment.

Chen Xiaobei could tell from Chang 'e fairy's complexion that she was in a very bad state. She could have a mental breakdown at any moment and completely lose her mind!

He had to save her immediately. He couldn't wait a second longer!

"Xian er! You, back off! If the situation doesn't look right, you have to leave immediately!"

let's go! Chen Xiaobei said. He did not have time to think about anything else and immediately returned to his original form.

huh?!

The celestial centipede seemed to have noticed Chen Xiaobei's presence. It turned its head around and all eight of its eyes were fixed on Chen Xiaobei.

you ... Are you Chen Zhufeng?!

The immortal level centipede couldn't believe its eyes. It tilted its head and asked in confusion.

if you know it's your Grandpa Zhufeng, why don't you get down and die? "

Chen Xiaobei's aura was fully released, and his overbearing pressure suddenly enveloped the area, making him look extremely powerful.

"Ha, hahahaha ..."

However, the immortal level centipede did not panic. Instead, it laughed and said, "There's a path to heaven, but you refuse to take it! There's no Door to Hell, yet you barged in! You're really stupid!"

"Shizzle ... Shizzle ..."

As it spoke, the giant centipede wriggled its body and crawled toward Chen Xiaobei.

"Chen Zhufeng! Don't you know that the clan of enlightenment has already issued a must-kill order for you?"

The immortal level centipede laughed hideously and said, "No matter who it is, as long as they can take your life, they can directly become the personal disciple of the heavenly Lord Yuanshi and stand at the top of the heaven realm! To enjoy the highest status and endless wealth!"

One must know that there were only 16 personal disciples of heavenly Lord Yuanshi! His cultivation, status, and power were all above that of the Jade Emperor!

Such a great temptation was greater than any reward!

It was no exaggeration to say that the entire heavenly realm wanted Chen Xiaobei's life!

“Chen Zhufeng, Chen Zhufeng! You’ve been smart your whole life, but in the end, you still can’t get past the beauty!”

The immortal-tier giant centipede stopped a few meters away and looked down at Chen Xiaobei with a sinister smile.

“Speaking of which, I do admire you, Chen Zhufeng! How dare a mere early one-star heaven immortal break into the Jade Lake underground Palace! Such courage was rare in the world! If fairy Chang ‘e knew about this, she would be very touched!”

The immortal level centipede sneered and said, “ “However, from another perspective, your courage is completely foolhardy and extremely stupid! I’m an early one-star golden immortal! You can’t save him! What’s the difference between barging in and seeking death?”

“Are you done?”

Chen Xiaobei said impatiently, “ “If you surrender now, I can spare your life! Otherwise, don’t blame me for not showing you any mercy!”

“Ha, I’m dying of laughter!”

The immortal level giant centipede said with great disdain, “ “What’s there to talk about between us? Even if you surrender, even if you kneel and beg for mercy, I will still kill you without hesitation! This was a huge contribution! It’s enough for me to reach the heavens in a single step! I definitely won’t miss this!”

“Since that’s the case, let’s fight!” Chen Xiaobei took out his five elements spiritual foundation.

“Hehehe ...”

The immortal level centipede laughed proudly and said, “ “You’re in such a hurry to die, so what reason do I have to not fulfill your wish? Don’t worry! This Lord will let you die a very painful death! Moreover, I will never forget the gift you gave me with your life!”

Obviously, the immortal level giant centipede could clearly sense that the power fluctuation above the five elements spirit base was only at the realm of a one-star golden immortal, which it could completely resist.

That was why it laughed so happily, thinking that it had Chen Xiaobei in the palm of its hand. It even treated Chen Xiaobei as a gift from the heavens, allowing it to gain a huge contribution by simply letting him go.

Whoosh ... Whoosh ...

However, just as the immortal level giant centipede was at its proudest, the five elements great Dao began to operate again.

“Not good! It’s the five-element mutual generation technique!”

The immortal level giant centipede was not a fool. It had extremely rich experience and saw through the mystery with a single glance!

“Whoosh!”

Its huge body flew out and pounced on Chen Xiaobei, trying to stop the five elements Dao before it could complete its operation.

Red Envelope Group of the Three Realms

Chapter 3640: Locking onto the Jade pool

3640 Locking onto the Jade pool

Obviously, the immortal level centipede’s judgment was very accurate.

When the five elements DAOs were activated, the power of each attribute Spirit Foundation increased by nearly 30%!

If he could pass through five spirit bases and complete a full cycle of the five elements Dao, the strength of his power would double!

At that time, the immortal level giant centipede would be defeated without a doubt!

However, a God-level expert was still a God-level expert after all. He had extremely rich experience and would definitely not be defeated so easily!

“Whoosh!”

In a flash, the immortal level giant centipede displayed an amazing speed. Its body turned into an afterimage, and it was about to hit the five elements spirit base in an instant.

Once it hit him, the five elements spirit base would collapse. Once its power was nullified, Chen Xiaobei would be dead.

“Not good! The enemy was too fast! Xiaobei Gege didn’t even have time to react!”

In the distance, an extremely anxious thought flashed through Futian Xin ‘er’s mind.

Chen Xiaobei was only an early-stage one-star heavenly immortal, while the celestial centipede was an early-stage one-star golden immortal.

The difference between the two was simply indescribable.

In terms of speed, not only was Chen Xiaobei unable to stop it, he could not even react in time.

Right!

He couldn’t even keep up with his opponent’s reaction speed!

This meant that Chen Xiaobei would not be able to Dodge it in time even if he wanted to!

Of course, this was because everything had happened too suddenly. Chen Xiaobei was not prepared for it and could not react in time.

However, if Chen Xiaobei had already planned everything out and was ready to take action, there would be no need to react.

“Swish!”

In that moment of extreme danger, Chen Xiaobei suddenly took out an item!

huh!??

In an instant, the immortal level giant centipede let out an incredulous cry, as if it had been greatly shocked or even frightened.

What was even more unbelievable was that the giant centipede’s body had stopped in its tracks and did not attack Chen Xiaobei.

“Chi ...”

The little thing that Chen Xiaobei took out flew up on its own.

It was a Golden Cicada with four wings on its back!

The cicada wings were like gemstones, emitting a seven-colored spiritual light! The Golden armor glowed brightly, and its edges were as sharp as blades!

Despite its small size, it exuded an extremely powerful King’s aura!

That was the king of the Zergs! They were the top existences of the primeval era!

That’s right!

It was Xiao ‘er, the twelve-winged Golden Cicada, the head of the ten most ferocious insects of the prehistoric times!

Previously, in the great void universe, Xiao ‘er had devoured two great demons and entered a state of deep sleep.

However, Chen Xiaobei did not take off the ring of all beasts when he was training. Therefore, the waiter had also slept for a long time.

Now that he had woken up again, the waiter’s cultivation base had broken through another major realm, reaching the six-star heaven immortal level.

At this moment, the reason why the God-level centipede was so shocked and even terrified was because of the Supreme King of the insect race’s pressure on the waiter.

ten ... Twelve-winged Golden Cicada?!

The immortal level giant centipede gasped, and its eight eyes were all filled with inexplicable horror.

However, he was only shocked! He was not intimidated!

This was very normal. After all, that immortal-tier giant centipede was a gold immortal, a heavenly God! Its state of mind was extraordinarily strong, so it naturally couldn’t be intimidated by a divine fairy waiter!

“It’s just four wings! You scared me!”

The immortal level centipede composed itself and sneered, " "If it's an abstruse immortal level twelve wings Golden Cicada, it might be able to shock me! A mere heavenly immortal is not enough to shake my state of mind!"

Back in the great void universe, Xiao 'er had almost failed to intimidate the two insect race demons.

It was because he had broken through several major realms before the battle that he managed to intimidate the other party.

However, at this moment, the waiter did not have the chance to break through. He could only maintain his pressure as it was. It was impossible for him to intimidate the immortal level centipede.

But!

Even in this situation, Chen Xiaobei was not afraid. Instead, he sneered, " "Heh, we don't need to intimidate you at all. We only need to stall you for a few seconds, and that's enough!"

Whoosh ... Whoosh ...

As he spoke, his five elements Dao had already completed a full cycle!

It had more than doubled from the original strength of an early one-star golden immortal, which was enough to crush the immortal level giant centipede.

"Mother of God!"

The immortal level giant centipede was stunned for a moment, and then it couldn't help but scream.

It was so shocked by the waiter that it forgot about the more fatal danger.

"Spare me! Chen Zhufeng ... No... Exalted immortal, please spare me! I know I was wrong! I don't want to die ... I don't want to die ..."

The celestial centipede reacted quickly. Knowing that it was no match for Chen Xiaobei, it immediately knelt on the ground and begged for mercy.

"Spare my life?"

who said that even if you knelt down and begged for mercy, I would still kill you without hesitation?" Chen Xiaobei retorted.

"This ..."

The immortal level giant centipede gasped and was speechless.

Just a moment ago, it thought that it had Chen Xiaobei in the palm of its hand. It had mocked and despised Chen Xiaobei, and was even more determined to kill him!

Was it even possible for it to beg for Chen Xiaobei's mercy?

What's more, the Zhen Yuan circulating in the five elements spirit base had already exceeded the limit of five one star heavenly God items.

The surface of the five heavenly God items had obvious cracks.

As long as this attack was unleashed, the five heavenly God items would be completely shattered.

In order to win, Chen Xiaobei had paid such a huge price. How could he spare his life?

“BOOM!”

Chen Xiaobei did not say a word and immediately unleashed the power of the five elements!

The terrifying power crushed toward the immortal level giant centipede like Mount Tai!

“Uh ... Uh ah ...”

With a miserable shriek, the shell of the immortal level giant centipede was crushed, its blood and internal organs burst, its Dharmakaya and nascent soul collapsed, and its primordial spirit was wiped out by the five elements celestial core power, leaving no trace!

Just like that, Chen Xiaobei killed a one-star divine realm expert in an instant.

“Boom boom boom ...”

However, immediately after, as the five elements approached, they collapsed one after another, and their mental state collapsed extremely quickly, turning into a pile of waste on the ground.

This was the price to pay for killing a heavenly God instantly!

“Xiaobei Gege! Hurry up and save them!”

no! Fu Tian Xin ‘er quickly reminded, “ the sunlight domain can’t block out sound. The loud noise caused by the attack just now will attract the nearby heavenly soldiers in a short time!

“I know!”

Chen Xiaobei nodded and ordered, “ Waiter! Bite the chain immediately!”

Crack ... Crack ...

The waiter didn’t hesitate and quickly bit the Xuan immortal rank chain that trapped fairy Chang ‘e into pieces and ate a lot of it.

“Let’s go!”

Chen Xiaobei rushed over, grabbed the unconscious Chang ‘e fairy, and flew out of the underground palace.

Fu Tian Xin ‘er followed closely behind.

When he rushed out of the underground palace and passed by the Jade Lake, Chen Xiaobei suddenly hesitated.

Anyway, the matter had already blown up!

Furthermore, the Queen Mother was currently unconscious!

There was absolutely no reason not to take such a unique divine water from the Three Realms!
