#### Chapter 3681: The strange head

3681 The strange head

that's impossible!?

Chen Xiaobei looked at Xu Tianxin carefully and confirmed that she was fine. She was not even sweating.

However, after thinking about it carefully, this was not strange at all.

After all, Xu Tianxin had the bloodline and soul of a wizard ancestor. The ability to resist high temperatures might be his natural ability.

"That's strange ..."

I used to be afraid of the heat ... Xu Tianxin frowned. why don't I feel hot at all here? "

"What!"

Chen Xiaobei's mind was a mess.

If Xu Tianxin's bloodline and physical ability was to resist high temperatures, then he should be able to withstand heat no matter what!

But!

He was afraid of the heat in other places, but not here.

This proved that the ability to resist high temperatures was not his ability!

The reason why he didn't feel hot in this place was most likely because there was something in this area that was closely related to his body and bloodline!

"It would be great if I could sneak into the ground and take a look!"

Xu Tianxin was very smart. Whatever Chen Xiaobei could think of, he could think of as well.

It was clear that he himself suspected that there was something special hidden underground that was related to him.

"That's easy!"

Chen Xiaobei then threw the interspace back to Xu Tianxin and said, " "Take out a yellow flag! After that, we can go underground!"

"Yes!"

Xu Tianxin's eyes lit up.

That's right!

That yellow flag was the earth escape immortal Gu.

Chen Xiaobei had always thought that the earth-escape divine gourd was useless and had even wanted to refine it. It was only after goddess Nuwa's persuasion that Chen Xiaobei left the earth escape Holy gourd.

Afterwards, he had used it many times at crucial moments, showing the importance of earth escape immortal Gu.

That was why Chen Xiaobei kept the earth-escape divine gourd after he refined many of the heaven-immortal items.

It would be useful again today!

That was why opportunities were only given to those who were prepared! Ordinary people really didn't have such an opportunity!

"Whoosh ..."

Next, Xu Tianxin activated her earth-escape divine gourd's special ability and brought Chen Xiaobei into the lava.

Of course, Xu Tianxin had also used her body-protection celestial core to protect Chen Xiaobei and her earth escape Holy gourd.

Otherwise, the earth escape Holy gourd would have been destroyed by the high temperature.

"Chi ... Chi ..."

As they went down, Xu Tianxin, who had been surrounded by lava, ran around like a fly.

However, as they reached a certain depth, Xu Tianxin began to feel a force guiding her.

Thus, he focused his energy and rushed in that direction.

Of course, the closer he got to that direction, the higher the temperature became.

Luckily, Xu Tianxin's protective celestial core power had a natural immunity to the heat. It protected Chen Xiaobei and the earth escape Holy gourd.

"Chi ... Chi ..."

Finally, Chen Xiaobei and Xu Tianxin arrived at their destination. In front of them was a huge fireball that looked like the sun!

The terrifying flames burned fiercely, and the dazzling light shot out for tens of thousands of feet! There was also an extremely powerful pressure that shrouded the entire space, as if he was an unparalleled God of War who looked down on the world! Fiendish! Overbearing! Unparalleled prestige!

"What ... What is that thing?"

Chen Xiaobei's state of mind was already strong enough, but at this moment, he could not help but feel his heart beat faster.

I don't know what it is, " Xu Tianxin said calmly. but I can feel a sense of familiarity!

a sense of intimacy!? “According to what you’re saying, I’m afraid that it’s something left behind by a great witch!” Perhaps it was a wizard weapon! Or ... A part of the body of a senior Magus!”

“A part of my body?” Xu Tianxin gasped, “master!” Why would you have such an idea?”

“There’s a legend in my hometown!”

“According to the legends, Chi You was defeated by the Yellow Emperor Xuanyuan!” Xuanyuan dismembered Chi You’s body with five dragon horses and buried the remains in five different places!”

“You mean ...” Xu Tianxin understood immediately. “The ‘sun’ in front of us is most likely part of Chiyou’s body? Because my bloodline is related to Chi You, I feel close to him!”

“That’s right!”

of course! Chen Xiaobei said, “ your primordial spirit superpower is the Chiyou heaven-battling spear! This means that you have the blood of Chi You in your body! As long as you activate your special ability and offer your blood as a sacrifice, you’ll get the exact answer!”

“Alright!”

Xu Tianxin calmed herself down and immediately used her spiritual power to activate the Chiyou heaven-battling spear.

“Swish!”

Then, Xu Tianxin cut her finger with her Dharma form and drove the Chiyou heaven-battling spear, which was stained with her blood, toward the core of the sun.

“Chi ...”

In the next moment, the blood-stained Chiyou heaven battling spear was like a stone that had fallen into the ocean, completely blending into the dazzling fire.

“Whoosh ...”

What happened next confirmed Chen Xiaobei’s guess.

The raging flames were quickly extinguished! The dazzling light was also rapidly converging towards the core!

Very soon, the core source of the sun revealed its true appearance!

It was actually the head of a ferocious demon!

Its skin was dark brown, and its face was sharp like an axe. The fangs in its mouth were sharper than those of a beast, and there were three pairs of twisted horns on its head! His hair was as red as fire, and it moved without any wind, shining brightly!

The most special thing about him was his eyes!

His right eye was like a blazing sun, containing a blazing light and heaven-burning flames!

However, his left eye was empty. Was he born without an eyeball? Or did someone dig out his left eye?

“Hiss ...”

Xu Tianxin had been very calm a moment ago, but now she gasped. Her face was pale, her heart was beating fast, and she felt so weak that she wanted to kneel on the ground and worship him!

“Is this the legendary head of a Chiyou?”

Chen Xiaobei could tell the answer from the strange phenomenon on the head and Xu Tianxin’s reaction.

master ... I ... I can’t do it ... Xu Tianxin’s mind was in a mess. Her heart was trembling as if she was going to collapse at any moment.

“It seems that you have no way of controlling this head! Instead, you’ll be controlled by the head!”

it’s not that! Chen Xiaobei said, “ put it in my infinite space ring now. I’ll study it when my cultivation is back!

“Alright!”

Xu Tianxin rushed over and collected the head.

Fortunately, the head didn’t have an owner, so it didn’t resist. Xu Tianxin felt much better after she put it away.

“Master! Let’s go to the surface now!” Xu Tianxin let out a sigh of relief.

“No!”

“We’ll go underground!” Chen Xiaobei shook his head. All the way to the North of the Dragon Sparrow mountain!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3682: 18 kills**

3682 18 kills

Chen Xiaobei’s decision was the wisest!

Right now, the thirty-three heavens Alliance was fighting the demons at the Dragon Sparrow mountain. It was as difficult as ascending to the heavens to cross the Battlefield and enter the demons’ territory!

However, it was a different story if they walked underground. They would be able to reach their destination safely without anyone noticing!

As long as there was network coverage, Chen Xiaobei could use the Three Realms red envelope group underground. He could complete all his goals without alerting the enemy. It was simply wonderful!

And from this, the importance of earth escape immortal Gu could be seen once again!

Chen Xiaobei even had the urge to upgrade his earth escape divine gourd!

Of course, after the battle in the heavenly court, Chen Xiaobei had realized that not only was he too weak, all his trump cards needed to be upgraded as well!

The Nightstalker outfit had been completely scrapped, and he had to find a replacement.

The spatial ring and the myriad beasts ring were already broken, and he had to find a way to repair or upgrade them.

The chaos Blood Sword and the demonic Dragon tribulation couldn't even defeat the weakest abstruse immortal. If they didn't level up, they would be weak.

Moreover, the chaos Blood Sword could only devour powerful primordial spirits after it was upgraded!

The chaos Blood sword's grade was not high enough, so it had missed the primordial spirits of tens of thousands of abstruse Immortals, as well as a large number of celestial gods and abstruse gods!

Otherwise, Chen Xiaobei would not have to worry about upgrading the chaos Blood Sword.

Just the primordial spirit of Ji Jiuxuan, who was at the peak of one-star Sage-to-be, could upgrade the chaos Blood Sword to the peak of nine-Star Mystic Divine!

Unfortunately, the chaos Blood sword's level was not high enough at that time and could not devour it! Therefore, Chen Xiaobei had no choice but to wipe out the primordial spirits of all his enemies!

From this, one could see how important it was to upgrade the chaos Blood Sword!

Furthermore, the witch Dragon bloodline was only at the nine-star heavenly god tier. Against a Mystic God, it could only open the primal Chaos! However, Chen Xiaobei did not have enough lifespan. So, if he had the chance, he must upgrade his bloodline!

As for the earth escape immortal Gu and the blood God's deity-burning painting, he would definitely upgrade them if he had the chance. However, these two were secondary options, so he was not in a hurry.

"Chi ..."

Chen Xiaobei held the communication jade talisman tightly in his hands, looking forward to receiving news from the outside world.

Xu Tianxin activated her earth escape immortal Gu and rushed towards the North.

However, the earth escape immortal puppet was only a one-star heaven immortal artifact after all, and its speed was limited. After traveling for a long time, it seemed that they had yet to reach the territory of the devil race.

Of course, with Xu Tianxin here, he could use celestial core power to activate the earth escape immortal Gu without worrying about running out of spiritual Qi. So, it was only a matter of time before they reached their destination.

Ding!

Finally, after traveling for some time, Chen Xiaobei heard a music that sounded like heavenly music.

"Tianxin! Quickly stop! There's a signal!"

Chen Xiaobei was so excited that he immediately picked up the Jade talisman to check what was going on.

[ Nezha has sent you 30 private messages! ]

[ ding! Luo luu has sent you 8 private messages! ]

Ding! Yan Lingshi has sent you 99 private messages!

[ King of Hell has sent you ... ]

.....

.....

Chen Xiaobei's jade talisman was flooded with messages.

Without a doubt, the news of Chen Xiaobei's fight in the heavenly court had spread throughout the entire heavenly realm.

Therefore, all of Chen Xiaobei's friends would send him their most concerned questions at this critical moment.

Of course, there was a saying on earth that without red packet's concern, one was just a hooligan!

True friends, other than their words of concern, had also given Chen Xiaobei the things he needed the most.

Ding! Congratulations! You've snatched a red envelope from Hades. You've received the night God dark spirit set. It has been stored inside your treasure chest!

Ding! Congratulations! [ snatch Nezha's Red envelope and get a nine-nine energy restoration pill ... ]

Ding! Congratulations! Snatching Luo Yi's Red envelope and obtaining a piece of God devouring heavenly crystal ...

Ding! Congratulations! To snatch Minghe's Red envelope and obtain one to three star Mystic immortal beast blood ...

Ding! Congratulations! He snatched Yan Lingshi's Red envelope and received ...

Ding! Congratulations! Red envelopes from Liu xuanxin, East Emperor Taiyi, Emperor Jiang, Zhu jiu Yin, Jiang Ziya, Red Boy, Tian Peng, six-eared macaque, Shen Gongbao, and the Zhen Yuan immortal ...

"What the f \* ck! Ten ... Ten ... Fifteen kills!"

Chen Xiaobei was so excited that he felt like he was about to explode!

Ever since he had joined the Three Realms red envelope group, it had been extremely rare for him to get so many red envelopes.

Of course, it wasn't a robbery this time.

The main thing was that Chen Xiaobei's friends were really helpful. They sent a small wave of red packets to him, and all of them were private!

Of course, this was also because of Chen Xiaobei's loyal personality!

You might have thought that Chen Xiaobei was stupid for being so loyal, but now, you can see how important these two words are!

There were a total of 15 red packets!

Chen Xiaobei had only taken a quick glance and everything he saw was extremely important!

Even before he had finished reading all of them, he could already tell that these red packets were the things that Chen Xiaobei needed the most. They would definitely be of great help to Chen Xiaobei for a long time in the future!

Of course, there were still four extremely important messages at the end of the message list!

Ding! Congratulations! You've snatched a red envelope from Taoist Cundi and received a heaven glimpse Saint talisman. It has been stored in your treasure chest!

Ding! Congratulations! You have snatched a red envelope from Nuwa. You have received a drop of unknown blood. It has been stored in your treasure chest!

Ding! Congratulations! You've snatched a red envelope from sect leader Tongtian. An unknown item has been stored in your treasure chest!

[ nüwa has sent you a private message! ]

"What the!! ck! The three heavenly path sages sent me red packets at the same time! That's eighteen kills!"

Chen Xiaobei was so excited that his scalp tingled.

This was the true meaning of "there must be good fortune after surviving a great disaster"!

Although wreaking havoc in the heavenly court had a slim chance of survival, and he had almost lost his life, there was no doubt that this risk had shaken the structure of the heavenly realm! It had brought Chen Xiaobei a huge opportunity!

Chen Xiaobei's risk was worth it just because of Taoist Cundi's goodwill!

Don't forget, in the last immeasurable cultivation tribulation, it was the Taishang Laojun, Daoist zhunti, and the four sages who had roped in the power of the Taishang Laojun, Daoist zhunti, and finally broke the God-killing sword formation of sect leader Tongtian!

But this time, the situation was very different!

If the tribe of severity could win over mother Nuwa, Taoist Cundi, and sect leader Tongtian, they would have three sages of the heavenly way! If another decisive battle erupted, the outcome would be different!

For the sake of his master, sect master Tongtian! For the revival of the Jie sect! Even if Chen Xiaobei had to risk his life thousands of times, he would be willing to do it!

Of course, although he was excited, this was only the beginning!

Chen Xiaobei first sent a private message to the prime of Tongtian, but there was no reply.

Chen Xiaobei had no choice but to open the private chat with lady Nuwa.

[ Nuwa: Xiaobei! ] Quickly reply!

### Red Envelope Group of the Three Realms

#### **Chapter 3683: boundless reverence**

Chen Xiaobei-lady Nuwa! Are you there? I just connected to the Three Realms immortal network! There are many things I want to ask you!

[ Nuwa: you're fine! That's great! ] If you want to ask something, you should ask first! Then, I'll tell you what I want to say!

Chen Xiaobei: " can you sense if Xin 'er is safe? " I just checked the communication jade talisman, but I didn't find any information about Xin 'er and fairy Chang' E! I'm worried about them!

[ Nuwa: Xin 'er is fine, but fairy Chang' e hasn't recovered yet. ] But don't worry, I can take good care of Chang 'e. Also, I'll send someone to pick them up as soon as possible!

Chen Xiaobei: With mother Nuwa's words, I can be completely at ease!

Chen Xiaobei: " also, I want to ask, where did my Sifu go? " Since he sent me a red packet, he should have been released from confinement! Why can't I contact him?

"Senior Tongtian ... He ... He's been imprisoned again," Nuwa said.

Chen Xiaobei: What ... What was going on? (Extremely anxious)

Nuwa thought,"this is senior Tongtian's scheme!" That was because if the seven heavenly path sages were reasonable, they would be able to deduce the existence of the human path imprint! Therefore, he had to be locked up again!

[ Nuwa: of course, senior brother Tongtian did this not only for his scheme, but also to vent your anger! ]

Chen Xiaobei: " you mean ... Sifu was locked up again because he was trying to help me? "

[ Nuwa: yes ... That day, senior brother Tongtian was released from confinement and came to The Purple Cloud Palace of daluotian, the patriarch of the Dao. ] In the beginning, senior brother Tongtian had shown a sincere look of repentance! Apologize to the Dao ancestor and apologize to his fellow disciples!

Nuwa: " everyone's wariness has been greatly reduced. They've officially begun to combine the powers of the seven great heavenly path sages to divine whether you're alive or dead!

“But at this moment, senior brother Tongtian suddenly exploded!” He grabbed the ear of the guide with one hand and used the Qingping sword with the other. He burned all his spiritual energy to activate the immortal-killing sword Qi!

In the end, senior brother Tongtian cut off Daoist jieyin’s left ear with a sword! Consider it revenge for Daoist jieyin’s sneak attack on you!

“Master ...”

Chen Xiaobei held the Jade talisman in his hands, his mind in a whirl.

He had cut off the saint’s left ear with one sword!

Only sect master Tongtian could do such a shocking thing that would shake the Three Realms!

This made Chen Xiaobei admire him from the bottom of his heart! Respect! He also felt that his master’s spirit was enough to make all the heroes in the world pale in comparison!

Of course, at the same time that Chen Xiaobei was shocked and in awe, he was also touched!

The prime of Tongtian did not cut off the Sage’s ears on impulse. He was using the Sage’s freedom to exchange for Chen Xiaobei’s safety.

The prime of Tongtian knew that the enemy would not be able to find Chen Xiaobei if he was imprisoned.

That was why sect master Tongtian would try his best to cut off a piece of flesh from the guide even if he had to be severely punished.

By doing so, he had not only protected Chen Xiaobei, but also avenged him. It was killing two birds with one stone.

Of course, the price of doing so would definitely not be as simple as being locked up!

Attention!

Mother Nuwa had used the word ‘imprison’ in her message!

Chen Xiaobei-lady Nuwa! How is my master now? Was there any harm in being imprisoned?

Nuwa thought, “senior brother Tongtian has exhausted all his spiritual power. Naturally, he’s at his wit’s end!” Jieyin flew into a rage and counterattacked, seriously injuring senior brother Tongtian! If the Dao ancestor had not stopped him, he would have almost destroyed senior brother Tongtian’s Dao Foundation!

“As for the disadvantages of imprisonment, there are too many of them!” Nuwa replied. For example, there was no spiritual energy! No healing! Every day, he would be burned by the heavenly Saint heavenly flame! He was struck by the earthly Saint tribulation lightning ...

Chen Xiaobei thought, “will Sifu be in danger?” How could he be saved?

“Nuwa: don’t worry!” Senior brother Tongtian’s cultivation was extremely strong, and he was the first heavenly path Sage after the Dao ancestor! This tribulation was not enough to hurt senior brother Tongtian’s Dao Foundation!

Nuwa thought, “besides, the Dao ancestor loves senior brother Tongtian the most. I think the punishment of the sacred fire and sacred lightning will probably be nothing more than a loud Thunder and a small rain!”

Chen Xiaobei: Master was seriously injured. The present was different from the past!

[ Nuwa: calm down! ] At this time, you must stay calm! Otherwise, everything senior brother Tongtian had done would have been in vain!

Chen Xiaobei:

[ Nuwa: I completely understand how you feel! ] But you should at least believe me! If senior brother Tongtian is in danger, I will definitely not stand by and watch!

Chen Xiaobei, “okay ... I believe in lady Nuwa!”

[ Nuwa: anything else? ]

Chen Xiaobei: I’ve received red packets from master and from you, mother Nuwa. They contain an unknown object and an unknown blood! What were these two things?

Nuwa said, “the unknown thing is the left ear of Daoist jieyin!” The blood of the unknown was the blood of Daoist jieyin that I had taken a risk to collect. I had specially refined the impurities and condensed it into a drop of blood essence!

Chen Xiaobei thought to himself, ‘this ... This is the left ear and blood essence of a heavenly Saint!’ No wonder even the Three Realms red envelope group could not recognize it!

[ Nuwa: listen up! ] That drop of saint’s blood essence can help you get rid of the saint’s power in your body!

Chen Xiaobei: I’ve been worrying about not being able to recover my strength! With this drop of blood essence, everything would be much easier!

Nuwa: “ also, the Sage’s ears that senior brother Tongtian gave you have many wonderful uses! Among them, the most important one was to remove the seal on the treasure Daoist’s primordial spirit!

Chen Xiaobei thought, senior brother duo Bao? What was going on?

[ Nuwa: in the last immeasurable catastrophe, Daoist of many treasures was taken away by the Western religious sect. Daoist jieyin used a primordial spirit seal to control Daoist of many treasures! ] He had made the Daoist of many treasures submit to the Western religious sect and do many things for it!

Chen Xiaobei, use jieyin’s ears to break the seal? I’ve never heard of such a strange story!

“Nuwa: you are the number one profiteer of the Three Realms!” With this ear in your hands, not to mention breaking the seal, you might even be able to exchange it for more important things!

Chen Xiaobei: Master's meaning is for me to use this ear as a bargaining chip to threaten the jieyin Taoist!

[ Nuwa: yes! ] A saint's body was already the strongest in the Three Realms! It was almost impossible to reconstruct an ear! As long as jieyin can't tolerate the destruction of his body, he will definitely negotiate with you! Furthermore, I will definitely satisfy any of your requests!

Chen Xiaobei: " it's just an ear! Could jieyin make such a big sacrifice?

Nuwa thought, "a Sage's body will be affected even if it's slightly damaged!" The immeasurable catastrophe was approaching, and strength was more important than anything else!

Chen Xiaobei: As long as they were strong enough, they could take back everything they had lost! If one's strength was lacking, one could lose everything! Jieyin would definitely settle this score!

[ Nuwa: do you have any other questions? ]

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3684: That woman**

3684 That woman

Chen Xiaobei: I still want to ask about Taoist Cundi! He also sent me a red packet, a heaven glimpse Saint talisman! I don't dare to accept this red packet, I'm afraid he will know that I'm still alive!

Nuwa replied, "it doesn't matter!" Just accept it with peace of mind! Although Cundi and jieyin were both the sect Masters of the Western religious sect, their thoughts were completely different!

Nuwa said, " what's more, when senior brother Tongtian cut jieyin with his sword, Taoist Cundi had already guessed that you must still be alive! If he had any ill intentions, he would have revealed the secret long ago.

Chen Xiaobei, [ that's true, but I won't take a reward without doing anything! ] I don't know Taoist Cundi, so it's a hot potato to hold such a big red packet!

[ Nuwa: you're thinking too much! ] The reason why Cundi gave you this red packet is to express his goodwill so that you won't be his enemy if you rise to power in the future!

Nuwa thought, "but, he did this mostly for Wukong's safety!" With the heaven glimpse Saint talisman, you can quickly find the person you are looking for! For example, Wukong, Taiyin true deity, celestial Hound ...

Chen Xiaobei: The Monkey King, the Taiyin true deity, and the celestial Hound were all in the ancient Barrens! Taoist Cundi was worried that brother monkey would be in danger, so he gave me the Saint talisman and asked me to help him!

Chen Xiaobei: " but, why is Taoist Cundi so nice to Monkey King? "

Nuwa: Taoist Cundi once incarnated as patriarch Bodhi, enlightened and taught the stone monkey. He even personally named the stone monkey Sun Wukong!

Nuwa thought, "on the surface, Taoist Cundi doesn't allow Wukong to call him master, and he also doesn't allow Wukong to tell outsiders!" But in his heart, Taoist Cundi had long regarded Wukong as his personal disciple! Furthermore, he was the only direct disciple!

Chen Xiaobei, so there's such a story! However, why did Taoist Cundi only have one personal disciple, brother monkey?

Goddess Nuwa said, "although Taoist Cundi is the leader of the Western religious sect, he has been living in seclusion since the last immeasurable cultivation tribulation. He doesn't care about the Western religious sect at all! He was even more distant from his disciples!

Nuwa said, "Daoist Jieyin is very ambitious and uses his power better!" Under coercion and temptation, he had pulled all of Cundi's disciples to his seat! In this way, Taoist Cundi had no disciples!

Chen Xiaobei thought to himself, 'this thief is really shameless!' It's one thing to abduct my senior brother Duo Bao, but he even wants to steal the corner of his own people!

Nuwa-not to mention others! This time, as long as you can ensure Wukong's safety, you will pass Taoist Cundi's test. You can take the heaven glimpse Saint talisman with ease. Maybe he will help you in the future!

[ don't worry, lady Nuwa! ] Even if I don't ask for Cundi's return, I won't let anything happen to Monkey King!

[ Nuwa: of course I know your personality! ] Their friendship was higher than the sky! But you still have to be careful! The ancient desolate land was different from other places. No one below the Saint realm could guarantee that they would be fine!

Chen Xiaobei-I understand!

Nuwa asked, "do you have any other questions?"

Chen Xiaobei: I've just found a strange head! His hair was like fire, his teeth were like those of a ferocious beast, and there were six horns on his head! Its right eye could release the power of the sun, turning the earth into a sea of fire! However, his left eye was empty, without an eyeball!

Nuwa said, "it's the head of Chiyou!"

Chen Xiaobei: I also had this guess, but I didn't expect it to be right!

"Nuwa: you're really lucky!" Senior brother Tongtian has already sent the reincarnated Chiyou to the ancient Barrens to help you! After you find him, he will help you control the Chiyou head!

Chen Xiaobei, the reincarnated Chiyou? Can I find him through the heaven glimpse Saint talisman?

Nuwa replied, "of course!" Apart from a few special existences, the heaven glimpse Saint talisman could easily detect the location of anyone below the heavenly path Saint! However, the heaven glimpse Saint talisman could only be used once a day! You have to think twice before you use it!

Chen Xiaobei: Thank you, mother Nuwa, for your guidance! In addition, I have an extremely important matter to tell you!

Nuwa said, "tell me!"

Chen Xiaobei: " in the ancient desolate land, a large number of demons have appeared North of the Dragon Sparrow mountain. They have already started a war against the 81 heavens of the ancient desolate!

Nuwa: The demons had appeared! But, where is the Dragon Sparrow mountain you mentioned? I've never heard of it!

Chen Xiaobei: Even you don't know?

Nuwa asked, "what's so strange about that?" Heavenly path Saints aren't omnipotent. Of course, there are things I don't know about in this world!

[ Nuwa: take the ancient desolate land for example. Senior brother Tongtian has entered it many times, but he has never been to the Dragon Sparrow mountain you mentioned! ]

Chen Xiaobei, "this ..."

[ Nuwa: don't be conflicted! ] I don't think it's appropriate for the heaven realm to get involved in this war. So, it doesn't matter if I know about the Dragon Sparrow mountain!

Chen Xiaobei: I think so too! The heavenly realm might not be able to exterminate the demons, but the 81 heavens of the primordial era would definitely be destroyed!

[ Nuwa: if possible, I hope you can end this war! ] Beat the Devil back to the devil World! The heavenly Dao will reward you with an extremely generous amount of merit points!

[ Nuwa: when the time comes, you might be able to use your merit points to exchange for the freedom of senior brother Tongtian! ]

If I can really save Sifu, I'll destroy the demonic race, let alone stop this war! (Extremely determined)

[ Nuwa: if that's the case, then you can try! ] If it works, then stop the war! If you encounter any danger or difficulties, you can contact me at any time!

Chen Xiaobei: Once again, I offer my thanks to mother Nuwa!

[ Nuwa: if you don't have any other questions, then listen carefully to what I'm going to say next! ]

Chen Xiaobei-your disciple is all ears!

Nuwa: " Yan Lingshi and Liu xuanxin have already met me. I helped them increase their strength and gave them powerful Dharma Treasures. I also allowed them to enter the Hong Meng Demon Realm!

Chen Xiaobei thought, Hong Meng Demon Realm? Are you going to send them to deal with primordial chaos demon ancestor?

[ Nuwa: yes and no... After I saw Lingshi, I carefully sensed the demonic Fire Red Lotus in her body! ] 'Unfortunately, I still can't understand its profoundness ...'

[ Nuwa: therefore, I hope that primordial chaos demon ancestor can answer my doubts! ] After all, she was an ancient existence of the same generation as the Dao ancestor and The Fiend ancestor!

Chen Xiaobei, I remember! There was a secret related to the heavenly Dao hidden within the demonic Fire Red Lotus! It was the only clue to finding the heavenly Dao!

[ Nuwa: yes! ] Ling Shi came from the primordial chaos Demon Realm and was very familiar with the environment there. With the help of Xuan Xin, it should not be difficult to capture a primordial chaos demon ancestor whose cultivation had not recovered!

Chen Xiaobei thought, 'hmm ... I don't have to worry about the primordial chaos demonic ancestor, but there might be someone even more terrifying than him in the primordial chaos demonic realm!'

Nuwa thought, "this ... This is impossible!"

Chen Xiaobei thought, 'that man is sinister! Vicious! Despicable! Shameless! Vicious! He was extremely ambitious! As long as she didn't die, she would definitely climb up crazily!

Nüwa thought, "who ... Who is she?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3685: Opening the red packet**

3685 Opening the red packet

Chen Xiaobei: " her name is Xia Yilian. To lady Nuwa, she's just a nobody.

[ Nuwa: I've never heard of her ... But since you value her so much, she must be extraordinary. ]

Chen Xiaobei: Other than her various vile characters, the most important thing was that she had obtained a powerful inheritance from a special independent space! He could become stronger by devouring the power of others! Furthermore, she could control that space!

Nuwa said, "it doesn't sound ... That powerful."

Chen Xiaobei: " yeah! To you, lady Nuwa, she's just an ant! However, she had once been even more humble and insignificant. Overnight, she had achieved what she had today!

I've been away from the Hong Meng Demon Realm for quite some time now. I'm pretty sure that she has grown a lot!

[ Nuwa: I understand what you mean. I'll find a way to inform Lingshi and Xuan Xin. They'll be on guard against the person you're talking about! ]

Chen Xiaobei: " yeah. Lingshi has met Xia Yilian before. Of course she'll be on guard! However, it was easy to Dodge a spear in the open, but hard to defend against a spear in the dark! I'm still a little worried ...

[ Nuwa: it's precisely because I know you're worried that I've specially told you about Lingshi and the others going to the Hong Meng Demon Realm. Once you're done with your troubles in the ancient desolate land, you can go to the Hong Meng Demon Realm! ]

Chen Xiaobei: I will definitely protect Lingshi and Xuan Xin!

Nuwa: It wasn't just to protect them!

[ is there anything else, lady Nuwa? ]

[ Nuwa: there's a secret that you might not know yet! ] Back then, primordial chaos demon ancestor had wanted to plot against Dao ancestor, but unexpectedly, Dao ancestor had attained the heavenly Dao sage realm in a battle to the death with demon ancestor!

Chen Xiaobei: Later on, Dao ancestor defeated and sealed the Hong Meng demon ancestor. At the same time, he used the eastern Emperor Bell to suppress the entire Hong Meng Demon Realm, not allowing the Hong Meng demon race to enter and leave freely!

Nuwa agreed. I want you to go to the Hong Meng Demon Realm to see if there is an opportunity for you to take the eastern Emperor Bell!

Chen Xiaobei: Snatch the eastern Emperor Bell? "How ... How is this possible?"

"Nuwa-suppressing the Hong Meng Demon Realm is the heavenly Dao's will!" If the demon ancestor could understand the secret of the demonic Fire Red Lotus mark, he might be able to remove the control of the heavenly Dao on the eastern Emperor Bell!

Chen Xiaobei thought, 'this ... If this can really be realized, then it'll be unbelievable!'

[ Nuwa: go and try! ] Remember to bring Eastern Emperor Taiyi! With the right time, place, and people, it might be possible!

Chen Xiaobei: I will definitely go!

Nuwa: " well, I have nothing else to do. I still have to go to the ancestral Daoist's place, so I won't talk to you anymore. If you encounter any problems, you can leave me a message in private!

Chen Xiaobei: This disciple thanks mother Nuwa!

"Phew ..."

After the long conversation with lady Nuwa, Chen Xiaobei was still overwhelmed by a myriad of thoughts.

There was good news, bad news, and even more uncertain news.

All of these things were like a plate of scattered beads. They needed a string to connect them in order to see the final result.

"No matter! I'll recover my cultivation first, and then I'll take one step at a time. If I encounter any problems, I'll solve them. It's better than staying here and thinking blindly!"

Chen Xiaobei then took the red envelope from lady Nuwa and extracted a drop of saint's blood!

By the way, snatching and receiving red packets were all part of the Three Realms intranet's network function. It did not require any celestial core power, so Chen Xiaobei could withdraw the money himself without Xu Tianxin's help.

"Chi ... Chi ..."

As soon as the drop of blood essence appeared, it exuded a terrifying spirituality and pressure!

Tyrannical! Thick and heavy! It was like a mountain or an ocean! It was like heaven and earth! It was as if this spiritual pressure alone could crush all existences in the world!

“Hiss ...”

Xu Tianxin took a deep breath and her face turned pale. Her heart was beating fast and her breath was short. Cold sweat broke out on her forehead and back. Her hands and feet were cold to the bone. She was so shocked by the pressure that she almost fainted on the spot!

Chen Xiaobei's condition was not good either. His forehead was covered in cold sweat, his heart was beating rapidly, and his mind was in a state of chaos. It was very, very difficult to bear.

However, Chen Xiaobei's state of mind had been tempered by countless life-and-death trials, and was much stronger than Xu Tianxin's.

“Tianxin! Steady your mind! This drop of blood has no owner, so you don't have to be afraid of it! Try to communicate with it spiritually and try to control it!”

Chen Xiaobei tried to calm himself down and pointed out to Xu Tianxin.

“Yes, sir ...”

Although Xu Tianxin was an innocent teenager, her state of mind was not strong.

But luckily, he had a pure and determined heart. He would rather die than betray Chen Xiaobei!

Pressure was something intangible. If you were not afraid of it, its damage and influence on you would be greatly reduced.

Xu Tianxin, on the other hand, was not afraid of death. She would rather die than follow Chen Xiaobei's orders. Naturally, the effect of the Saint blood's pressure was greatly reduced.

“Whoosh ...”

Xu Tianxin released her celestial core power to communicate with the Saint blood.

In the beginning, it was very difficult for him. He might not even be recognized by the divine blood and was on the verge of failure.

However, just as Chen Xiaobei had said, this drop of divine blood did not have an owner and did not have much self-consciousness.

So, after Xu Tianxin persisted for about 30 seconds, she finally overcame the difficulty and successfully completed the spiritual communication.

“Phew ... Phew ... I did it ... Master! I've succeeded!”

Xu Tianxin gasped for air and wiped off her cold sweat. She finally relaxed.

“Good job!”

Chen Xiaobei finally let out a sigh of relief and said, “Try to control this drop of Saint blood and expel the saint's power from my body!”

“Yes, sir!”

Xu Tianxin calmed herself down and started to activate her Saint blood.

“Chi ... Chi ...”

With a special sound wave that sounded like chanting, the drop of Saint blood actually turned into a blood-red swastika Buddha seal!

“Whoosh ...”

The blood-red swastika covered the top of Chen Xiaobei’s head. Then, it released a very gentle and mysterious power that landed on Chen Xiaobei’s body.

This power made Chen Xiaobei feel as if he was bathing in a hot spring. His entire body felt comfortable.

Slowly, the saint’s power in Chen Xiaobei’s body was being dispelled.

“I’ve succeeded!”

Chen Xiaobei perked up. “The power that was suppressing me has completely disappeared! I can finally start to recover my strength!”

“Is ... Is this true?” Xu Tianxin was dumbfounded. She didn’t even need to put in much effort to break through the situation.

“Of course it’s true!”

Chen Xiaobei then withdrew two more red packets.

The first red packet was from six-eared macaque. It was a one-star heaven immortal level pouch.

It was called the spirit gathering bag!

The second red packet came from the Grand deity Zhen Yuan, and there were three ginseng fruits in it.

Moreover, all three of them were of nine thousand year quality!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3686: law of destruction**

That was why it was said that a long journey would reveal a horse’s strength, and time would reveal a man’s heart!

Six-eared macaque was Chen Xiaobei’s best friend, so it was not strange for him to give him a red packet.

However, the fact that Grand deity Zhen Yuan had given Chen Xiaobei three 9000-year-old ginseng fruits at such a critical time showed that he really treated Chen Xiaobei as a good friend.

One must know that the Zhen Yuan immortal only sought to protect himself and never joined any forces. He also did not get involved in the disputes of the Three Realms.

He was willing to break his own rules and persistence for Chen Xiaobei. One could only imagine how much he loved Chen Xiaobei!

Zhen Yuan immortal is so awesome! I only have one year left to live, and he really solved my urgent need by sending me the ginseng fruit!

Chen Xiaobei was so excited that he started to gobble down the ginseng fruit.

Xu Tianxin watched from the side and was very greedy.

However, the kid was very sensible. He knew that Chen Xiaobei needed the ginseng fruit to restore his life. So, no matter how greedy he was, he would never have the idea of taking the ginseng fruit.

Chen Xiaobei did not argue with Xu Tianxin. The ginseng fruit was a life-saving thing, so he could not let Xu Tianxin eat one.

If he really wanted to let Xu Tianxin have a taste, he would either be hypocritical or crazy.

Crack ... Crack ...

Chen Xiaobei munched on the ginseng fruit as he studied the soul gathering bag.

This kind of one-star heaven immortal grade cloth bag could be seen almost everywhere in the heaven realm. It was not valuable at all.

But to Chen Xiaobei, this was what he needed the most.

Because ...

The spirit gathering bag was filled to the brim with the spiritual Qi of heaven and earth.

If six-eared macaque and Tian Peng were still at the 32nd level, the spiritual Qi in the space would be very rich.

That was why the spirit gathering bag could be filled with spirit Qi easily.

“Hiss ... Hiss ...”

Chen Xiaobei ate the ginseng fruit and absorbed the spiritual Qi at the same time.

In this way, his lifespan and celestial core power started to recover quickly.

Three 9,000-year-old ginseng fruits would increase his lifespan by 27000 years. With the addition of the heavenly Dao lifespan Halo, he would have a total of 270000 years!

There was still a lot of spiritual Qi left in the spiritual bag after Chen Xiaobei had filled it up with his divine core power. It was enough for Chen Xiaobei to use it ten times more.

More importantly, the bag could be reused. Putting a bag in a place with abundant spiritual Qi could save a lot of spiritual Jade.

“This is comfortable.”

Chen Xiaobei calmed himself down, as if he had been reborn. He was no longer suppressed by the saint's power.

"Physical strength! Immortal essence! Lifespan! All three of them had recovered! What I need to do next is to repair my avatar!"

Chen Xiaobei then took out a pill that looked like a fireball from Nezha's Red envelope.

The nine-nine Yuan restoration pill!

A nine-star heavenly immortal level pill, specially used to repair broken Dharmakaya!

"This must be Li Jing's scheme!"

Chen Xiaobei raised his eyebrows. He had his own plans.

Nezha and Chen Xiaobei had a close relationship, but he might not know what Chen Xiaobei needed the most.

Chen Xiaobei was certain that it was Li Jing's idea to give away the nine-nine restoration pill.

From this, it was clear that Li Jing was more inclined to Chen Xiaobei's side.

After all, before the great battle in the heavenly court, Li Jing had cast his net everywhere and was indecisive! If Chanism became powerful, the Li family would have no worries! If Chen Xiaobei won, he would still be able to protect the Lee family!

After the battle in the heavenly court, Li Jing seemed to have sensed the change in the world.

He even believed that Chen Xiaobei, who had just escaped death, would bring unprecedented trouble to Chanism.

So, he gave Chen Xiaobei the nine-nine restoration pill that he needed the most! To further deepen their relationship!

If Chen Xiaobei could do something even more impressive, Li Jing might even defect and leave Chanism to form an alliance with Chen Xiaobei!

"Whoosh ..."

Without hesitation, Chen Xiaobei swallowed the pill.

Since the pill was a nine-star heavenly immortal, and Chen Xiaobei's Dharmakaya was only a one-star heavenly immortal, the effect of the pill was very obvious.

Chen Xiaobei's ten-winged Buddhist demon body began to recover quickly.

I didn't devour anything when I broke through to the nine-star earth-god Realm and the one-star heaven-God Realm ... After my Dharmakaya recovers, I can devour two kinds of natural treasures in succession to strengthen the strength of my Dharmakaya!

Chen Xiaobei started to plan, and soon, he had a bold idea.

Chen Xiaobei looked at the blood-red swastika above his head. He wanted to devour this sacred item.

“Whoosh!”

Chen Xiaobei already had his celestial core power. He waved his hand and the blood-red swastika appeared in front of him.

“Whoosh ...”

Chen Xiaobei immediately took action.

This blood-colored swastika Buddha seal was a drop of blood essence from the guide. It was a genuine sacred object.

Once the devouring was successful, it would bring about unimaginable changes and a huge upgrade to Chen Xiaobei!

“Whoosh ... Hu ...”

However, the reality was cruel.

Chen Xiaobei activated his formless chaos Dharmakaya, but not only was he unable to devour the essence blood, but his celestial core power was also dispelled by the essence blood.

“I can’t devour it ...”

Chen Xiaobei was taken aback, but he quickly understood. I almost forgot that the ‘phaseless chaotic body’ is only at the peak quasi-Sage level, while the jieyin blood essence is at the true sage level. Therefore, it can’t be devoured at all ...

Chen Xiaobei’s face was filled with disappointment.

This drop of divine blood was extremely powerful. If Chen Xiaobei could not consume it, he would not be able to control or use it with his current abilities.

This was like sitting on a super huge treasure, but he could only look at it and not use it.

It was depressing.

“Master ...”

However, at this moment, Xu Tianxin couldn’t help but say, “ didn’t you say that my bloodline ability can ignore levels ... Do you think my blood can help you solve your problem? ”

Obviously, Xu Tianxin was very smart and good at drawing inferences.

Seeing Chen Xiaobei’s headache over the difference in levels, Xu Tianxin immediately thought of her own special ability.

Chen Xiaobei was pleased, but he shook his head and said, “ Silly boy! Your special ability is to cultivate quickly, and then, regardless of level, break through to the next realm! This was only a special ability that targeted cultivation! It can’t be used on cultivation techniques or sacred artifacts!”

No... Xu Tianxin shook her head.”I have my own understanding of my special ability!”

“Tell me!” Chen Xiaobei was very interested.

"I wonder if master has heard of the destruction witch, Xuan Ming!" Xu Tianxin asked.

I've never heard of it ... Chen Xiaobei shook his head.

yes! Xu Tianxin said, " ancestor of sorcery Xuan Ming and ancestor of sorcery Houtu are the only two women among the twelve ancestors of Sorcery! There's a huge connection between their innate abilities!"

"Houtu is the reincarnation witch, and she gives the undead new life with the law of reincarnation! Xuan Ming is the destruction witch. He uses the laws of destruction to destroy everything and produce countless dead souls!"

"The laws of destruction? Destroy everything?" Chen Xiaobei suddenly realized something.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3687: sacred blood**

you mean that you can cultivate quickly and ignore level breakthroughs all because of the destruction laws? "

Chen Xiaobei understood what Xu Tianxin was trying to say, but he was not sure.

After all, some of the core elements could only be concluded after experiencing it personally.

"Yes, I am!"

yes! Xu Tianxin nodded and said, " first, the law of destruction will destroy the law of energy, so I can quickly absorb and digest the spiritual Qi and complete my cultivation!

"Then, the laws of destruction, the laws of destruction! It's because I can ignore the barriers of the major realms and complete a breakthrough without being restricted by the realms!"

Obviously, this made sense according to Xu Tianxin's explanation.

Otherwise, there would be no logical explanation for two special abilities to appear in the same bloodline.

"If what you said is true! Your Esper ability can destroy the law of levels, allowing the "phaseless chaos Dharmakaya" to ignore the level restrictions and directly devour the blood essence!"

Chen Xiaobei finally understood what Xu Tianxin meant.

If what Xu Tianxin said was true, did that mean that this kid had the bloodline of both the ancestral wizard Xuan Ming and the weapon Grandmaster Chi You?

This was a heaven-defying rhythm!

"We'll know if it's true once we try!"

Xu Tianxin did not think much of it. As long as it could help Chen Xiaobei, he was willing to do anything.

but the problem is that it's your bloodline ability and can only be used on you. How can you break the laws of foreign objects? "

Chen Xiaobei still had his doubts.

“Master, you can try to devour some of my blood essence first!”

Xu Tianxin took out her scimitar and cut her palm, causing blood to flow out.

“No... Don’t get so worked up ...”

Chen Xiaobei was taken aback. He was going to think of another way, but Xu Tianxin was so impatient that she had already cut her palm.

The blood had already flowed out, and it couldn’t be wasted.

“Whoosh ...”

Chen Xiaobei activated the secret skill of the formless chaotic body again.

This time, it easily devoured Xu Tianxin’s blood into the ten-winged Buddhist demon’s body.

“Woah! Yi ...”

In the next moment, the ten-winged Buddhist demon body suddenly burst out with a strange spiritual fluctuation.

The avatar’s main body did not change much, but a pair of blood-red Wings suddenly burst out from its back.

It was obvious that Xu Tianxin’s blood was of very high quality. It was at least at the quasi-Sage level!

Therefore, the strengthening of the avatar this time was absolutely huge!

“Tianxin! You were right! I can already feel the power of destruction! You’ve really helped me a lot!”

Chen Xiaobei was very excited. After he carefully studied it, he activated the power of the law of destruction.

Whoosh ... Whoosh ...

In an instant, the pair of blood-red Wings suddenly released a tyrannical pressure, like a pair of blood-red blades that could cut the sky and destroy the earth! Destruction! Destruction! It was terrifying!

“Hiss ...”

After that, Chen Xiaobei continued to use the secret skill of the formless chaotic body.

This time, the result was completely within his expectations.

The jieyin blood essence that could not be devoured at first was directly swallowed into the twelve-winged Buddhist demon body.

Whoosh ... Boom ... Boom ...

All of a sudden, it was as if there were a trillion volcanoes erupting at the same time within the twelve-winged Buddha’s Magic Body. It was as if the universe had started to explode and was walking towards the end of the obliteration of all living things.

Then, the twelve-winged Buddha's demon body was completely enveloped by a bright red color.

Then, an extremely strange scene appeared!

The 12 wings were like steel that was being burned by fire. Under the cover of the blood, they melted and disappeared!

The huge and mighty Buddha Demon Armor also began to melt and return to its original state. It was completely Reborn!

"Master ..."

Xu Tianxin stood in the distance, shocked and worried.

From the teenager's point of view, the originally huge, cool, and handsome twelve-winged Buddhist demon body began to melt and shrink. It became similar to the shape of an ordinary adult and looked much weaker.

But!

When the blood color faded and the new Dharmakaya was revealed, Xu Tianxin was so shocked that she started to doubt her life!

"Chi ..."

The blood-red spiritual light dispersed, and the new Dharmakaya finally revealed its true appearance!

The appearance of this avatar was exactly the same as Chen Xiaobei's real body. It had even turned from a spiritual body into a physical body, breathing and heartbeat!

In other words, when the real Chen Xiaobei and the practicing body stood together, no one would be able to tell which one was the real Chen Xiaobei!

Seeing this, Xu Tianxin was already very, very shocked.

However, this was only the beginning!

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei's Dharmakaya began to change!

The blood-red swastika appeared in his eyes, and his Dharmakaya body quickly changed.

Dragon Transformation! Phoenix transformation! Buddha transformation! Devil transformation! Black hole incarnation! He could even transform into a destruction Devil God!

"My God ... This ... This is too terrifying ..."

Xu Tianxin was stunned.

He had thought that the avatar had become weaker when it returned to Chen Xiaobei's form.

Never in his dreams did he expect that every form that he transformed into would exude an incomparably terrifying power. Any form that he randomly picked was stronger than the 1.2 billion Buddhist demon Dharma bodies!

“Phew ... This is too satisfying!”

Chen Xiaobei retracted his power and his avatar returned to his original form. His face was filled with an excited smile.

“Receiving the blood essence has strengthened my avatar to an unimaginable state! Every special ability of the practicing body has been improved by more than one realm!”

“More importantly, the defensive power of the Dharmakaya directly becomes equal to the defensive power of the physical body! In other words, my one-star heaven immortal realm Dharmakaya has the defensive power of a nine-star heaven immortal realm!”

“More importantly, receiving the blood essence directly changed the quality of the” phaseless chaotic celestial body “! This allowed the secret skill to reach the level of a true sage! In the future, our relationship will definitely be higher than Taiyi’s!”

Chen Xiaobei was so excited that he felt like he was going to explode.

At this moment, he also deeply understood a truth! Any tribulation was a touchstone! If he could make it through, he would obtain a huge improvement! If he couldn’t break through, he could only become mediocre and ordinary!

The war in the heavenly court was a dead end for Chen Xiaobei!

And the greater the Tribulation, the greater the improvement!

Chen Xiaobei had survived. He was definitely worthy of this Nirvana rebirth!

“Whoosh ...”

With a thought, the Saint blood celestial body returned to his physical body!

huh?!

Chen Xiaobei’s pupils suddenly contracted, and he felt goosebumps all over his body.

He had never expected that there would be other benefits!

[Red Envelope Group of the Three Realms](#)

**Chapter 3688: incomplete primordial spirit**

“Whoosh ...”

Suddenly, without any warning, the celestial core in Chen Xiaobei’s dantian started to boil like lava, displaying a special kind of celestial core fluctuation.

“I’m so lucky!”

Chen Xiaobei was extremely excited. He did not expect that the moment when the Dharmakaya devoured jiejin's blood essence and returned to his body, he triggered a mysterious opportunity!

"Whoosh ..."

Soon, the celestial core power in Chen Xiaobei's body was maintained at a very high level. It gradually stabilized and calmed down. After it calmed down, it still remained at a very high level!

That's right!

This was the characteristic of a major realm breakthrough!

Chen Xiaobei's celestial core power rose from the peak of a one-star sky immortal to the level of an early two-star sky immortal, and then stabilized.

[ding Yingying's cultivation level: early-stage two-star true immortal. Lifespan: 127 million years, 30000 trillion, combat power: 80 trillion, primordial spirit attack-sacred level!]

"Phew ... This is so comfortable! My lifespan has been increased by 100 million years!"

Chen Xiaobei let out a long breath.

He had thought that the 270000 years of lifespan added by the three ginseng fruits would be enough for him to live for a long time.

He had never thought that he would break through a major realm without any warning.

This way, not only did Chen Xiaobei not have to worry about dying of old age, but he could also burn his lifespan to use some very powerful special abilities.

This was truly an unexpected super surprise!

It felt so good!

"Continue! Continue! I still want to continue to become stronger!"

As happy as he was, Chen Xiaobei would not slow down his pace of improvement.

With a thought, he directly withdrew the red packet from the King of Hell.

It was a night God dark spirit set.

It was similar to the Nightstalker outfit. From top to bottom, it had a hood, top, gloves, pants, and boots. The entire set was black. When walking in the dark, one could hide without using any special abilities.

Chen Xiaobei put on the entire set of equipment and instantly felt like he had returned to the past.

Of course, Chen Xiaobei did not throw away the leather suit that Xu's mother made. He kept it in his infinite space ring.

"Whoosh ..."

Chen Xiaobei released his divine essence to communicate with the night God dark spirit set and let it recognize him as its master.

“This is really good stuff!”

Once the master recognition was complete, Chen Xiaobei immediately saw the true nature of the magical equipment. this night God dark spirit set is actually a complete set of nine-Star Mystic immortal level Dharma Treasures, and it has three special abilities!

“The strength of a special ability is directly proportional to the amount of spiritual Qi consumed. In other words, even if I don’t have enough spiritual energy, I can still release a weaker special ability. I won’t be completely unable to use the suit’s abilities!”

suppose I only need to use the special ability of a two-star heaven immortal. I don’t even need spiritual energy. I can directly use my own celestial core power to activate it!

With three different abilities and a special energy consumption rule, Chen Xiaobei was very satisfied with the cool suit.

next, I’ll start strengthening my trump card!

Chen Xiaobei took out the two red packets from Luo Yi and Taiyi.

There was a piece of God devouring heavenly crystal in Luo Yi’s Red envelope. It was a nine-Star Mystic immortal item and the best material to strengthen the chaos Blood Sword!

In Taiyi’s Red envelope, there was a piece of Jade bone of the mystic Dragon, which was also a nine-Star Mystic immortal. It could be used to strengthen the Dragon’s edge!

Of course, Chen Xiaobei only got the main ingredients.

After that, he took advantage of the fact that he could connect to the Three Realms immortal network and used the merit record to exchange for many supplementary materials.

[ding! Merit points reward, exchange successful. 138 billion merit points have been deducted!]

[your current merit points are 199910 billion and 40 million.(Charm: 19991.04 billion, luck: 19991 billion and 4 million!

The supplementary materials exchanged this time were almost all abstruse immortal level, so the price was more expensive.

Of course, to Chen Xiaobei, this little bit was nothing.

“Tianxin, help me activate the sunlight cache!”

Chen Xiaobei needed to make use of Xu Tianxin’s lifespan.

Anyway, Xu Tianxin had broken through many realms at such a young age, and her lifespan had increased a lot. It didn’t matter if she consumed some of her lifespan.

One should not forget that Chen Xiaobei had already taken the entire Peach Garden for himself. It would not be difficult for him to replenish his lifespan in the future.

“Chi ...”

Xu Tianxin naturally wouldn't complain. She started to burn her lifespan to activate the sunlight cache.

At the same time, Chen Xiaobei took out the heaven and earth furnace and placed the chaos Blood Sword and Dragon's edge into it. Then, he used his celestial core power to separate the two and put in the materials he needed to strengthen them.

"Whoosh ..."

Finally, Chen Xiaobei ignited his mental power and conjured two balls of true Samadhi fire. He then injected them into the two sides of the heaven and earth smelt.

"Uh ... Not good ..."

However, just as Chen Xiaobei activated the true Samadhi fire, he suddenly felt a wave of dizziness and fatigue. He almost fainted on the spot.

"Master! Are you alright?"

Xu Tianxin was shocked.

"I'm fine ..."

Chen Xiaobei took out his spiritual bag and injected some spiritual Qi into the Yin Yang life and death Ring.

Then, the Yin Yang life and death Ring turned the spiritual Qi into life force and fed it back into Chen Xiaobei's body.

"Phew ... This is much more comfortable ..."

Finally, Chen Xiaobei could breathe a sigh of relief. He felt much more relaxed now and continued to use his true Samadhi fire to strengthen his equipment.

"Master! Your primordial spirit hasn't fully recovered, right?"

Xu Tianxin was very smart. After careful observation, she came to a conclusion.

First of all, Chen Xiaobei had the true Samadhi fire kindling, which required him to burn his mental power to ignite it.

And the source of mental energy was the primordial spirit!

Chen Xiaobei had only conjured two Balls of Fire and his mental power was almost exhausted.

This was enough to prove that Chen Xiaobei's primordial spirit was injured, causing his mental power to be very weak.

"Yup ..."

Chen Xiaobei nodded and said, "I've taken a pill called the infinite Saint demon pill. Although it's very effective, the side effects are also very serious! His primordial spirit was damaged, and it was said that it could never be repaired ..."

"What? Can't be repaired forever?" Xu Tianxin's face darkened.

“Don’t be so worried!”

of course! Chen Xiaobei smiled. mental power is mainly used to activate my superpower. I’ll be fine as long as I don’t use my superpower! If it really doesn’t work, I still have the Yin Yang life and death Ring to make up for my mind power. I won’t fight!”

“No! It wasn’t to use less abilities! Please don’t use your ability again!”

” I know you have a way to recover your spiritual power, ” Xu Tianxin said anxiously. but every time you use your special ability, your primordial spirit is damaged. If you keep using it, your primordial spirit might be destroyed at any time!

I understand that, but I don’t have a choice now ... Chen Xiaobei shook his head.”Continue to grow stronger! There would be changes sooner or later!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3689: another journey**

There was no such thing as a free lunch in this world.

Chen Xiaobei was able to survive the war in the heavenly court. Other than the many opportunities he had, he had also paid a huge price.

The damage to his primordial spirit, especially, was something that even the blood Bodhi could not heal. That was Chen Xiaobei’s biggest weakness.

Just as Xu Tianxin had said, Chen Xiaobei’s primordial spirit was in a state of serious injury. Every time he used it, the injury would worsen. If he used it more than a certain point, his primordial spirit would be destroyed!

Chen Xiaobei was well aware of this.

This time, Chen Xiaobei had counted all the red packets from the eighteen kills, but he did not find any primordial spirit treasure.

Of course, this was not surprising. After all, almost no one knew about the infinite Saint demon pill, let alone that Chen Xiaobei would use this method of risking his life.

Therefore, Chen Xiaobei could not treat his primordial Spirit’s injury for the time being.

He could only think of a way to make himself stronger in other aspects and wait for changes in the future to see how he could repair his primordial spirit.

Whoosh ... Whoosh ...

After that, the strengthening of the chaos Blood Sword and the demonic Dragon’s edge both entered a stable state.

Xu Tianxin continued to speed up with the sunlight cache.

Chen Xiaobei continued to open the red envelope.

This time, Chen Xiaobei opened Tian Peng's Red envelope. Inside were the verdant Emperor's divine gourd and the Xumi dimension.

"Second senior brother really didn't let me down this time!"

Chen Xiaobei grinned in satisfaction.

Xu Fu and many ancient Celestials of the Jie sect were locked up in the Meru space. These were very important to Chen Xiaobei.

Inside the verdant Emperor's divine gourd was the blood Bodhi Divine Tree, hundreds of billions of demons, and the rich spiritual Qi that Chen Xiaobei had absorbed.

To Chen Xiaobei, as long as the canopy great tree could protect these two items, it would be a huge red packet!

However, what Chen Xiaobei did not expect was that there was a small surprise in the Meru space!

It was a dark blue spatial ring, and it seemed to be of a high grade!

This was so that Chen Xiaobei could replace the broken infinite space ring.

Chen Xiaobei transferred everything into the new infinite space ring so that he would not have to worry about losing his things.

"Let's see what good stuff Red Boy has given us!"

Chen Xiaobei then took out a piece of metal that looked like red copper. It was called the thousand beast flaming heart copper!

It was obvious that Red Boy had gotten this piece of metal from his father, the Bull Demon King. It could help Chen Xiaobei repair the ring of all beasts, which had also cracked!

Moreover, this ten thousand beast flaming heart copper had reached the nine Star Mystic immortal level, so it might even be able to greatly improve the ten thousand Beast ring's functions.

"Woof! Yi ..."

Of course, Chen Xiaobei would not drag things out. First, he transferred the demonic beasts in the myriad Beast Ring to the verdant Emperor's divine gourd.

Of course, the waiter was an exception.

After eating some of the chains that bound Chang 'e, this little guy had slept for a while. When he woke up again, he had the strength of a peak six-star heaven immortal, exactly the same as Xu Tianxin!

Chen Xiaobei's primordial spirit was still damaged, so bringing Xiao 'er with him could be considered a life-saving card.

Ding! Merit points reward, exchange successful. 60 billion merit points have been deducted!

— your current merit points are 199850 billion and 40 million.(Charm: 19985,400,000, luck: 19995 billion and 4 million)!

After that, Chen Xiaobei exchanged for some other supplementary materials, including the ten thousand Beast Ring and the ten thousand beast flaming heart copper. He placed them all into the heaven and earth furnace and printed a portion of true Samadhi fire from the furnace.

This way, it was equivalent to repairing all three Dharma Treasures at the same time.

“Done!”

Chen Xiaobei calmed himself down and thought, “I’ve already opened nine out of the 18 red packets! I won’t be using the remaining nine for the time being. I’ll keep them in my space ring and take them out when I need to!”

Obviously, the remaining nine red packets were not bad, but they could not be used at the moment.

It included the left ear of guidance sent by sect leader Tongtian, the heaven-peeking Saint talisman sent by Taoist Cundi, and the three sets of beast blood sent by Minghe, and so on ...

These nine items were currently useless, but at a specific time, place, and situation, they would be able to play an unimaginable role!

Of course, the sky glimpse Saint rune could be used at any time, but it could only be used once a day.

So, before he decided who to look for, Chen Xiaobei did not want to waste his first chance.

“Tianxin, where is your father? When the strengthening of the magic treasure is complete, let’s go and find him!”

While waiting for the three magical items to be enhanced, Chen Xiaobei gave them his idea.

It was clear that settling the war between the 81 heavens and the demonic tribe was very important to Chen Xiaobei.

According to mother Nuwa, this merit could even exchange for the freedom of sect leader Tongtian.

And if he wanted to stop the war, he had to first understand the situation.

Therefore, Xu Tianxin’s father would be the best guide for Chen Xiaobei. He would be able to help Chen Xiaobei understand everything in the shortest time possible.

my father’s name is Xu ao. If I’m not mistaken, he should be fighting with Xuan Yutian’s Army!

we can go to Xuan Yutian’s military camp first,” Tianxin said excitedly. I know many of my father’s comrades. We can find any one of them and we’ll be able to find him!

“Good! We’ll set off immediately after I finish strengthening my magical equipment!” Chen Xiaobei nodded.

He couldn’t help but miss Futian Xin ‘er.

This girl was holding a God-level sunlight cache and planting a magical treasure to strengthen it. This could basically be done in one or two seconds.

Furthermore, without Futian Xin 'er, the growth of the divine blood Bodhi tree would be extremely slow. This had slowed down the speed of Chen Xiaobei's cultivation.

Unfortunately, Chen Xiaobei did not have the ability to clone himself. If he did not leave the ancient Barrens, he would not be able to find Futian Xin 'er.

If it really didn't work, he could get Fu Tian Xin 'er to send him a God-grade sunlight cache with a red packet.

Of course, Chen Xiaobei would only do this if he had no other choice.

After all, activating the divine sunlight cache consumed a lot of his lifespan. Even Chen Xiaobei would not be able to handle it.

.....

After a period of time, all three magical treasures had been strengthened.

The first was the level.

The chaos Blood Sword had reached one-star Mystic immortal level, and the God-devouring ability had reached nine-Star Mystic immortal level.

His Dragon's edge had reached the eight-star heaven immortal level, and his Black Lightning had reached the nine-Star Mystic immortal level.

His myriad Beast Ring had reached the level of a seven-star heaven immortal, and his beast taming ability had reached the level of a nine-Star Mystic immortal.

"It's done! Heaven's Heart! Let's go!"

Chen Xiaobei's blood was boiling, and his will to fight was burning.

Nirvana, rebirth, and another journey!

"Yes, sir!"

Xu Tianxin activated her earth escape immortal Gu again and went straight to the ground.

His intuition told him that this trip would not be easy!

3690 The glory of the Sorcerer tribe

When they reached the surface, Chen Xiaobei and Xu Tianxin did not know where Xuan Yutian's camp was. They could only go to the back of the Battlefield to see if they could find the soldiers of the Allied forces and ask for their exact location.

"Uncle! Uncle ..."

Soon, Xu Tianxin saw a team of sorcerer tribesmen in charge of escorting the food.

Because of the witch tribe's physique, they had to eat and drink every day. Therefore, there were many teams transporting food to the front line, and it was easy to encounter them at the rear of the front line.

Seeing that Xu Tianxin was also a witch, a middle-aged man walked out from the group and asked, "Little brother, what's the matter?"

From this, it could be seen that the Sorcerer tribe was very United and friendly.

Even though he was not related to Xu Tianxin, he was still willing to stop and help her.

I would like to ask, where is Xuan Yutian's military camp?" Xu Tianxin asked politely.

Xuan Yutian!?

The middle-aged man's expression froze for a moment, and he couldn't help frowning, saying in a deep voice, "Child, you ... You still don't know? Xuan Yutian's 300000 men have all ... All died in battle ..."

"What!"

Xu Tianxin's face changed dramatically, as if she had suffered a huge blow. Her face instantly dimmed, and even her eyes became cloudy.

"This brother! You ... Are you sure?"

Chen Xiaobei's brain was about to short-circuit from the shock. "The Father of this child is a warrior of Xuan Yutian! This isn't a joke that can be casually made!"

"How could I joke about this?"

The middle-aged man sighed and said bitterly, " three days ago, the demons attacked the Dragon Sparrow fortress, the core of the Dragon Sparrow mountain range!

"Once the Dragon Sparrow Fort is lost, the 81 heavens of the primordial era will open their doors to the demons! They will be completely annihilated!"

"To protect our home! The Chieftains of the thirty-three heavens have come to a consensus to send all their troops to defend the Dragon Sparrow Fort!"

"In order to allow the soldiers to cooperate better, the various heavens took turns to send out their own armies! When one of their armies is completely defeated and annihilated, the other Army will take over!"

as Xuan Yutian's Army is the closest to the Dragon Sparrow fortress, all Xuan Yu Warriors, including the great chieftain Xuan Yu, have been sent into the first battle!

"However, the demons" attack was too terror ... An Army like a tide! A Mystic God-level demon commander! We have a great advantage in magic weapons, battle formations, and all other aspects ..."

The middle-aged man paused and choked with sobs. in the end, Xuan Yu's Warriors only managed to hold on for half a day before they were all defeated. Not a single one of them could return to the Dragon Sparrow fortress alive!

"Abba!"

Xu Tianxin's anger and depression erupted like a volcano.

Xu Tianxin's hysterical roars, tears, clenched fists, and trembling body were all filled with her pain.

"Heaven's Heart ..."

Chen Xiaobei could not help but worry that Xu Tianxin would not be able to hold on. If her mental state collapsed, she would never be able to move forward and would be trapped in this knot for the rest of her life.

but ...

Chen Xiaobei had underestimated Xu Tianxin.

"Master ... I'm fine ... Although I'm in pain ... But! I'm very, very proud of my Abba!"

Xu Tianxin's eyes focused and she slowly raised her head. She let the water flow down, but her expression was still as firm as a rock. "My father is a great warrior! His highest honor is to die on the battlefield!"

Xu Tianxin raised her head as if she was accepting her father's inheritance. "The Sorcerer tribesmen have never feared death! He would rather die than live in humiliation! Although my father is gone, I will continue to walk his path!"

"Well said!"

The middle-aged man gave Xu Tianxin a thumbs up and said with passion, "If the front-line soldiers continue to be injured or killed, our grain transport team will also enter the battlefield! If we all die! Our child! Women! They would also come to the battlefield! Fight to the death! He would definitely not Live!

"The Sorcerer tribe! He's a true hero!"

Chen Xiaobei looked at the two men in front of him, and his heart was filled with respect.

They were brave! Persistence! Piety! Unyielding might! Life and death can not be shifted! He was a true warrior! A true hero!

From the small to the big, one could even imagine the time when the Sorcerer tribe was at its most powerful. They must have been able to swallow mountains and rivers and suppress the heavens! He dared to make gods and Buddhas bow down, and even the heavenly Dao was afraid of him!

If they had not been plotted against by the heavenly Dao and caused the entire tribe to be annihilated, the devil World would not be enough to fill the gaps between the Wu tribe's teeth!

"Master ... I have a request, and I hope you can agree to it ..."

Xu Tianxin had already calmed down. She said respectfully, "I want to go to the battlefield and fight with the demons! If I die, I can only follow you in my next life!"

"I can understand your feelings ... But there's a saying in my hometown! Death can be lighter than a feather, or heavier than Mount Tai!"

Chen Xiaobei said, "You can die on the battlefield, but it won't change anything! You can also die by my side, and perhaps we can join forces to end this war!"

is ... Is this possible?! Xu Tianxin couldn't help but swallow her saliva. Her face was filled with disbelief.

"Young man! His courage was commendable! However, there's no doubt about this idea at all!" when you go to the front line and see those crazy demons, you'll know that the war can't be stopped! the middle-aged man sighed.

"Nothing is absolute!"

"Just two days ago, the whole world thought I was dead!" But now, not only am I alive and well, I'm even stronger than before! Others might not believe it, but Tianxin saw it with his own eyes!"

"Right! I believe in shizun!"

Xu Tianxin took a deep breath and calmed herself down.

Because Xu Tianxin had really seen Chen Xiaobei climb out of the gates of hell! This in itself was a miracle!

So, Xu Tianxin was willing to believe that as long as she followed Chen Xiaobei, there would be a miracle!

"It's fine ..."

The middle-aged man couldn't understand all of this and could only shake his head helplessly."I won't try to persuade you anymore. No matter what method you use, it's all for the sake of protecting your home! Even if I die, I'll be honored!"

I'll give you some food ... the middle-aged man took out his storage bracelet and said.

"No need!" "I brought my own food!" Xu Tianxin quickly said. Uncle's food is for the soldiers to eat, not a single drop can be wasted!"

"What a good child!" The middle-aged man showed a relieved smile.

"Wait a moment!"

what's wrong?" Chen Xiaobei suddenly asked, "are you guys in need of food?"
