

Envelope 3731

Red Envelope Group of the Three Realms

Chapter 3731: -breaking through

“Whoosh ...”

go! Chen Xiaobei shouted.

In this moment of life and death, Yun fanqing, jialuo, and blackpeak could not help but close their eyes, not wanting to see Chen Xiaobei die.

Just like the sky-treading Red Tiger, it had died a terrible death.

However, they would never have thought that ...

Just as Chen Xiaobei raised his hand, a special ability was activated.

This special ability did not belong to Chen Xiaobei at first. However, after he used the formless chaos celestial body to devour Xu Tianxin’s blood essence, this special ability was integrated into Chen Xiaobei’s celestial body.

Chen Xiaobei had hidden his real body in the Sumeru space. He was using his mutated avatar to move around.

Activating this special ability became more direct and logical.

A blood-red spear appeared in Chen Xiaobei’s palm!

It exuded an extremely terrifying aura that suddenly enveloped the entire space. The boundless killing intent was like a mountain of corpses and a sea of blood. The terrifying domineering aura was comparable to that of a peerless demonic god!

That’s right!

It was the Chiyou heaven-battling spear!

In fact, Xu Tianxin’s bloodline contained both the bloodline of Chi You and the bloodline of the destruction witch, Xuan Ming.

That was why Chen Xiaobei had used the law of destruction to break the level limit of the formless chaos celestial body, allowing him to devour the jieyin’s blood essence.

Chen Xiaobei had also used the Chiyou heavenly spear to suppress all the unusual phenomena that appeared.

Don’t forget!

Chen Xiaobei had already obtained Chiyou’s head.

Back then, Xu Tianxin had used the power of the Chiyou heavenly spear to suppress the terrifying power of Chiyou’s head and calm the sea of fire.

At this moment, the result was no surprise!

Get down!

As Chen Xiaobei shouted, the terrifying dark fluid crouched down in front of Chen Xiaobei like an obedient pet dog.

The entire process happened in a flash. Yun fanqing and the others still had their eyes closed and did not see what happened at all.

In fact, Chen Xiaobei could already reveal his true identity to Yun fanqing and blackpeak.

But!

Yun fanqing and jialuo could communicate telepathically. If Yun fanqing knew Chen Xiaobei's identity, jialuo would know as well, and things would become very troublesome.

After all, Jia Luo was loyal to mo Luo Wu Tian.

That was why Chen Xiaobei had to keep his identity a secret.

"Whoosh ..."

After the dark fluid had calmed down, Chen Xiaobei put away the Chiyou heaven-battling spear, but he did not rush into action.

Using his special ability this time had caused the already small amount of Jiu fan immortal Qi to be consumed.

The remaining Jiu fan immortal Qi was not enough for another battle. So, Chen Xiaobei decided to use it all!

"Chi ..."

By activating the xuanming law of destruction, Chen Xiaobei wanted to break through his own level of law, ignoring the barrier of a large realm and break through directly!

[ding Yingying's cultivation base: early eight-star heaven immortal; lifespan: 2.250,27 million years, physique: 30000 trillion, combat power 10000 trillion, primordial spirit attack: Saint level!]

"Phew ... This feels good ..."

Chen Xiaobei let out a sigh of relief. He had successfully reached the eight-star celestial immortal level.

His lifespan and combat power had been greatly increased, and his formless chaos celestial body had another chance to devour. All of these would be of great help to Chen Xiaobei.

Especially his lifespan!

With enough lifespan, Chen Xiaobei could fight enemies of higher cultivation levels.

Of course, the price was that the remaining bit of Jiu fan immortal Qi had already been used up. It was impossible to obtain more in a short period of time.

"I really want to quickly cure my primordial spirit ..."

Chen Xiaobei could not wait any longer. "As long as I can heal my primordial spirit, I can use the xuanming destruction laws as I wish! Breaking through will be as easy as flipping one's hand!"

His primordial spirit had been severely injured, and he could not use his special ability at will. This was a huge restriction for Chen Xiaobei.

Chen Xiaobei hoped that he could get rid of this restriction as soon as possible, but he had not found a way to do so.

After all, this kind of injury to the primordial spirit came from the demon race's Secret medicine, the infinite Saint demon pill.

Jiu fan immortal Qi could only treat the symptoms, not the root cause.

Following Emperor Jiang and candle jiu yin's suggestion, Chen Xiaobei contacted Rahu but there was no reply.

In addition, the only way was to find a way to cure it from the demon race. If necessary, he even had to go deep into the demon world.

Of course, things had to be done step by step.

What Chen Xiaobei had to do now was to take away Chiyou's body without anyone knowing.

"Chi ..."

Before anyone could open their eyes, Chen Xiaobei dived into the black fluid and entered the deepest part of the ruins.

There was another three to five seconds of silence.

Yun fanqing, blackpeak, and jialuo slowly opened their eyes.

"Xuan bei!"

brother!!!

Yun fanqing and blackpeak both wailed in pain.

Yun fanqing, in particular, desperately wanted to rush toward the black fluid.

If it wasn't for Jia Luo's desperate hold, Yun fanqing would have already rushed over and wouldn't care about her life.

Whoosh ... Whoosh ...

Just as Jia Luo and Yun fanqing were in a stalemate for a while, the dark fluid suddenly shrank rapidly and split into tens of thousands of individuals from a River-like entity.

And these small individuals turned into dark shadows!

He held a battle blade and wore armor, revealing the appearance of a warrior. He exuded a terrifying battle intent that shook the heavens and earth. Bloodthirsty! He had suppressed all of history!

The dark fluid turned into a Dark Army of tens of thousands. They lined up on both sides of the road as if they were waiting for something!

“Are they Yin ghosts? An ancient nether soldier that died a trillion years ago?”

Jia Lou was experienced and knowledgeable, so he quickly made some guesses. no wonder blackpeak couldn't smell them. These evil spirits have long since lost their lives. How could they still have any smell? ”

“Obviously, Chiyou's corpse is in there!”

“These ancient nether soldiers were attracted by Chiyou's baleful aura and killing intent. That's why they gathered here and became the guards of Chiyou's corpse!” Blackpeak said. Those who invade the ruins are destined to die a terrible death!”

“Xuan bei ...”

Yun fanqing's heart began to ache again.

She knew better than anyone else that the person she liked was Chen Xiaobei. But now, facing this 'Xuan bei', she felt a heartache, and it was no less painful than Chen Xiaobei's.

“Fan Qing! What's wrong with you?”

Jia Luo immediately felt his heart ache, and he looked at Yun fanqing in surprise.

I don't know ... I might have fallen for him ... Yun fanqing stopped struggling and looked ahead with a blank expression.

how ... How is this possible?! Jia Luo was dumbfounded, the person you like is Chen Xiaobei! How could you have a change of heart? Unless this Xuan bei is your Xiao bei!”

“I ... I don't know either!” Yun fanqing felt extremely conflicted.

“You ... You guys, quickly look over there!” Suddenly, blackpeak cried out in alarm. Pointing in the direction of the ruins, his entire body began to tremble violently.

[Red Envelope Group of the Three Realms](#)

Chapter 3732: The king

3732 The king

“Shua shua ... Shua shua ...”

Yun fanqing and Jia Luo looked in the direction blackpeak was pointing at, and their expressions changed drastically. They even began to tremble.

The tens of thousands of soldiers of the shadow Army lined up on both sides of the road and knelt down in the middle in an extremely respectful manner to welcome the arrival of a certain someone.

“Don't ... Don't tell me that the king of these otherworldly soldiers is coming out?”

Blackpeak's entire body trembled, his pupils involuntarily contracting, and all his hair stood on end.

They couldn't even deal with the dark fluid formed by ordinary nether soldiers. If a King of nether soldiers appeared, they wouldn't even know how they died.

"Jialuo, stop pulling me ..."

Yun fanqing smiled bitterly. It's already impossible for us to escape. Once the nether Soldier King arrives, we'll all be buried with Xuan bei! It's impossible to escape ..."

"This ..."

Jia Luo was speechless. He let go of Yun fanqing and no longer stopped him.

Clearly, Jialuo's thoughts were exactly the same as Yun fanqing's.

Once the nether Soldier King appeared, even if they had 10000 lives, they would have to die Here. There was no way to escape.

The only difference was that if they didn't run, they would die immediately, but if they ran, they might die a few seconds later.

"Da! Da! Da ..."

Just as Yun fanqing and the other two were in complete despair and had even given up on escaping, the sound of steady footsteps gradually rang out from the passageway leading to the deepest part of the ruins.

The voice wasn't loud, but at this moment, the scene was dead silent. The voice came from the long passage and reverberated continuously, emitting a very domineering aura. It was like a king or Emperor that tens of thousands of people looked up to. It was majestic without being angry, and when it was angry, it would cause millions of corpses to fall and rivers of blood to flow!

"We're all dead ... We're all dead ..."

Blackpeak let out a hysterical wail. His heart had already turned cold, and he had lost all his spirit.

"I didn't expect that we're going to die Here ..."

Jia Luo gritted his teeth, his eyes filled with unwillingness! She wasn't afraid of death, but she was extremely unwilling!

In her previous life, she had already died once, leaving behind many regrets.

It wasn't easy for her to reincarnate, but before she could make up for those regrets, she was going to die again.

She, Jia Luo, was really unwilling!

"This ... Is also a kind of release ..."

Among the three of them, Yun fanqing was the calmest.

Just now, she had almost gone crazy trying to rush into the dark fluid and die with Chen Xiaobei.

However, at this moment, death was really in front of her. Of course, she could accept it. Perhaps he would be able to see Chen Xiaobei after he died. Even if he could not, it would be good to see Xuan bei.

With that thought in mind, Yun fanqing was the one who could accept death the most. He even had some inexplicable expectations for death.

However, when the nether Soldier King revealed its true form, Yun fanqing and the other two were dumbfounded. They could not believe what they were seeing.

That's right!

It was none other than Chen Xiaobei in his Holy demon form.

He walked unhurriedly, and all the soldiers of the dark shadow knelt on both sides of him, as if he were a King inspecting his Army.

"Brother! Why aren't you dead yet?"

Blackpeak exploded like a firecracker and rushed to Chen Xiaobei's side, extremely excited.

"What are you saying ... Are you hoping for me to die?" Chen Xiaobei was speechless.

"No... I didn't mean it that way."

Blackpeak was truly overjoyed. He was so excited that he was already incoherent. "Aiya ... I'm not good with words! All in all, it's fine as long as you're alive! It's good that you're alive!"

Of course, blackpeak could not be blamed for this!

It was mainly because the reversal of the situation was too huge.

Just a moment ago, everyone thought that Chen Xiaobei was going to die. They thought that everyone was going to die at the hands of the nether Soldier King.

Not only was Chen Xiaobei not dead, but he had also taken control of all the soldiers of The Dark World and had become the real hope of the soldiers.

Such a huge reversal, it almost dodged blackpeak's waist!

It was no wonder he was so surprised and happy that he was incoherent.

"Xuan bei ..."

Yun fanqing's eyes flickered as she quickly wiped the tears off her face. Although she suppressed herself from going to Chen Xiaobei's side, her heart that should have died came back to life.

Naturally, Yun fanqing was overjoyed that Chen Xiaobei was still alive.

This could even be said to be the only thing that could make her happy for a long time.

"Xuan bei! How did you do it? Why did these otherworldly soldiers submit to you? Why did they suddenly quiet down? And most importantly, did you get Chi You's corpse?"

Of course, Jialuo's thoughts were not like Yun fanqing's. His state of mind and intelligence were both superior to blackpeak's. He cut straight to the point and asked Chen Xiaobei a bunch of questions.

"I don't need to explain to you how I did it! Everyone has their own secrets, don't they?"

"As for Chiyou's body, I've already got it!" However, I want to hand it over to devil ancestor Wutian personally! Don't even think about taking my credit!"

Obviously, Chen Xiaobei's acting skills were at the level of a movie King.

Two or three sentences directly dispelled Jia Lou's doubts, especially the last sentence, don't even think about taking the credit, which vividly portrayed the greed and selfishness of a demon.

Jia Lou trusted Chen Xiaobei completely and said, "It's definitely your credit for getting Chiyou's corpse. Not only will I not fight with you, but I will also report to devil ancestor Wutian and meet you as soon as possible!"

"When the time comes, you'll be handsomely rewarded and even become devil ancestor Wu Tian's personal disciple! Your future will be limitless! This is my promise to you, to thank you for saving me and fan Qing!"

As an ancient demonic god, Jia Lou still had the pride of a senior and would not fight with Chen Xiaobei for credit.

Plus, Jia Lou was a reasonable man. If it was not for Chen Xiaobei, they would have all died at the entrance of the ruins, killed by the red fiend sky-treading Tiger, and killed by the dark fluid.

Chen Xiaobei had saved their lives three times.

Jialuo was grateful to Chen Xiaobei from the bottom of her heart. In addition to her trust in Chen Xiaobei, she had already treated Chen Xiaobei as one of her own.

"Then you should contact devil ancestor Wutian as soon as possible! I can't wait to see him!" Chen Xiaobei's brows twitched, and a murderous glint flashed across his dark eyes.

I can't contact the outside world in the ancient desolate land," Jia Luo explained. I can only go to the entrance of the demon world and pay a visit to devil ancestor Wu Tian personally. Only then can I tell him about you!

"Isn't that simple?" "Why don't you just bring me along?" Chen Xiaobei laughed.

[Red Envelope Group of the Three Realms](#)

Chapter 3733: anomaly

"Of course, no problem! You've made a huge contribution this time. As long as I report this to devil ancestor Wutian, he'll definitely summon you immediately! It would be great if you could come with us!"

Jia Lou gave Chen Xiaobei a definite answer, not doubting Chen Xiaobei's motives at all.

Of course, this was mainly because Chen Xiaobei's demonized Dharmakaya was almost real and flawless.

Therefore, in Jia Lou's eyes, Chen Xiaobei was a real Holy demon. He had made a great contribution to the demon race. There was no doubt about it.

Just like that, Chen Xiaobei successfully infiltrated the enemy's base.

Jialuo would never have thought that Chen Xiaobei was going to meet Mo Luo Wutian not for any reward, nor would he want to be Mo Luo Wutian's disciple!

What Chen Xiaobei really wanted was to take revenge on Mo Luo Wutian!

Even if he couldn't take Mo Luo Wu Tian's life, he would at least peel off a layer of his skin!

Speaking of which, this matter was really extremely ironic!

Originally, Mo Luo Wutian wanted Yun fanqing to become a demon to plot against Chen Xiaobei. Now, not only did he not plot against Chen Xiaobei, but he had also fallen into Chen Xiaobei's trap.

If there were no accidents, this time, Mo Luo Wutian would definitely be screwed by his wishful thinking.

After that, Chen Xiaobei, Jialuo, and Yun fanqing left together.

As for Blackpeak, he naturally had to stay behind and lead the treasure-hunting team in search of their next target.

Of course, after the next target was found, Blackpeak would not report it to his superiors.

After this life and death adventure, Blackpeak was dead set on forming an alliance with Chen Xiaobei! He could tell that Chen Xiaobei was someone who would achieve great things! He was also the only person who could change the fate of the entire Black Demon Hunter Clan!

So, if there were any clues about the treasure, Blackpeak would definitely give it to Chen Xiaobei!

.....

The first part of the journey to the North was not dangerous.

However, due to the depletion of Jiu fan's immortal Qi, Chen Xiaobei's Dharmakaya was in a terrible condition. He had to rely on Yun fanqing's help to travel.

As a result, the three of them did not move quickly. It took them a long time before they finally arrived at the core military camp of the demon Army.

Previously, the demon army camp that stretched across the continent was the frontline combat force, only responsible for fighting according to orders.

And at this moment, this military camp was the brain of the demon Army, responsible for giving orders and making plans!

"We've been on the road for a long time. We'll rest here tonight!" Jia Luo gave his instructions and then took the lead to enter the camp to negotiate.

Yun fanqing and Chen Xiaobei followed behind them.

This core military camp of the demons was an extremely important heart and brain of war! It was impossible for ordinary people to enter, and even demons were not allowed to enter without permission. Otherwise, they would be killed without mercy!

Jia Luo had to reveal his identity as the emissary of the ancestor devil to be able to enter smoothly and receive decent treatment.

After entering the military camp, Chen Xiaobei had been observing his surroundings.

The security here was extremely tight, and every one of them was an elite soldier with extraordinary cultivation. They patrolled repeatedly, and even a fly could not dream of flying in.

Other than that, Chen Xiaobei also saw a few intermediate and advanced heavenly demon gods. Each of them was ferocious and had a strong aura.

All of this made Chen Xiaobei glad.

Fortunately, he and Jialuo Yunfan had become companions. Otherwise, it would have been impossible for them to enter this place.

It was even more impossible to save the Xuan Yu and flame scars chieftains. There was no chance of success.

That's right!

Chen Xiaobei had another purpose for this trip-to save people!

Chen Xiaobei was still worried about how to save the two chieftains.

Now, with the help of Galos, Chen Xiaobei had sneaked into the core military camp. The difficulty of saving people had been reduced.

This was something that Chen Xiaobei had never thought of.

It could be considered a huge surprise.

Then, the three of them were brought to the rest area for distinguished guests. There were individual tents there. They didn't look big, but the interior was very luxurious and comfortable.

Chen Xiaobei made an excuse that he wanted to have a good rest and went into a tent alone.

Jialuo Yunfan entered another tent.

After settling down, Chen Xiaobei called Xiao 'er out from the verdant Emperor's divine gourd.

This little fellow had been sleeping in the sunlight domain the entire time. It had already digested the two-star heavenly God-tier treasure chest that it devoured previously.

But this time, it had broken through to the mid-stage nine-star heaven immortal realm in one go.

At this rate, it wouldn't take long for him to break through to the mystic immortal realm.

"Bro bei!"

When Xiao 'er saw Chen Xiaobei, he quickly said, "I can already feel that the third pair of wings is about to grow out! As long as he broke through to the Xuan immortal stage, it would grow! At that time, I will have six wings!"

"Isn't it just a pair of wings? Look at how excited you are!" Chen Xiaobei was confused.

"Bro bei! You don't know yet!"

"When I grow six wings and twelve wings, I'll be gifted with an innate ability that's very powerful!" The waiter said. It can even be said that it will allow my strength to increase by leaps and bounds!"

"So that's how it is! No wonder you're so excited! I'm looking forward to it!" it's not hard for you to break through. You just need to eat some of the blood Bodhi Divine tree's leaves and sleep! Chen Xiaobei said.

"I think so too!" bro bei! Xiao 'er said impatiently. if there's nothing else, I'll go back to the verdant Emperor's divine gourd first!

"Don't worry! Of course, there's a reason for me to call you out!" "I need to save two people later. You might have to bite the lock! Chen Xiaobei said.

"Alright! No problem!"

Xiao 'er, the little glutton, immediately became excited. "I can smell a lot of fragrant treasures nearby! The lock bro bei was talking about should not be a low-level one! If I eat them all, I can eat less leaves!"

Alright, get ready. We'll set off now!

Chen Xiaobei then took out two super prosperous monkey fur and turned himself and Xiao 'er into even smaller flying insects.

After that, Chen Xiaobei used his Natal purple Qi to cover himself and Xiao 'er, making sure that no one would notice their movements. Then, he flew out of the tent.

Chen Xiaobei could have flown there alone, but his body was in such a bad condition that he was afraid of an accident.

The waiter was naturally loyal and took the initiative to fly in front.

Chen Xiaobei had already used the talisman to confirm where the two chieftains were locked up, so he did not need to take any detours to reach the place.

There were two heavy and hard black iron cages. Judging from the material, they were probably two-star divine level.

Within the cage, the two one-star Mystic Divine chieftains were already on the verge of death from the torture. Coupled with the numerous sealing divine talismans, they were completely unable to escape.

But!

Just as Chen Xiaobei and Xiao 'er were about to make their move, something unexpected happened!

Red Envelope Group of the Three Realms

Chapter 3734: ally

Woof woof woof ... Woof woof woof ...

At the side of the cell, a Hellhound as strong as a bull barked vigilantly.

Moreover, the hellhound was constantly jumping and struggling, its front paws repeatedly digging the ground. If it wasn't for the chains, it would have already pounced over!

Although Chen Xiaobei and Xiao 'er were protected by their Natal purple Qi, it was obvious that they were still alive. However, the hellhound could smell them, and its blood-red eyes had already locked onto the two little bugs.

"Shit! Bro bei! Let's retreat!"

The waiter immediately became nervous, 'that Hellhound's cultivation is very high, and it won't be easy to deal with it! Furthermore, it has already discovered us. If we fight, we will be surrounded by countless powerhouses in an instant!"

"No!"

no! Chen Xiaobei shook his head. hellhounds are psychic! once we withdraw, it will inform its master of our arrival. At that time, the two chieftains might be locked up somewhere else, and the security will be even tighter! It's impossible to save them!"

"Then what should we do?" "If we approach it directly, we'll be killed by it!" The waiter was a little anxious.

"Don't panic! Just cut it!" Chen Xiaobei calmed himself down and said, " the chaos Blood Sword has been upgraded to the peak of nine-Star Mystic immortal level under the sunlight box. One strike is enough to kill this dog!

Previously, the chaos Blood Sword had devoured a large amount of blood essence, Yin souls, and resources. After being accelerated by the sunlight domain, it had reached the peak of nine-Star Mystic immortal and was invincible among those of the same level.

He could kill any opponent below the God Realm with a single sword strike!

"Get ready! I'll kill that dog! Immediately bite off the chains on the two chieftains! We have to be fast. If we stay for one more second, we might be surrounded by the enemy and we won't be able to escape!"

Chen Xiaobei calmed himself down, and his heart was already brewing with killing intent.

"I know!"

The waiter immediately focused his attention and stared at the two cages in front of him with high tension, trying not to make any mistakes.

"One! Two! Three ..."

Chen Xiaobei's eyes lit up, and his will to fight erupted like a volcano.

But!

At this moment!

The hellhound was probably really forced into a corner. It actually spoke in the human language and sternly asked, "Who are you? Why do you have my master's aura on you?"

"Huh!"

Chen Xiaobei and Xiao 'er were both stunned by the words.

"You can't understand the language of beasts, and you can't understand the language of humans either. Who are you?" The hellhound was very anxious, and its eyes were fixed on Chen Xiaobei.

"I'm ..."

Chen Xiaobei calmed himself down and slowly flew over. "Your master is brother blackpeak, right?"

Obviously, Chen Xiaobei was very calm and smart.

The hellhound was a magical beast, so its master must be a demon.

During this period of time, Chen Xiaobei was only close to Yun fanqing and heifeng. Yun fanqing would not have a Hellhound.

That meant that blackpeak was most likely the hellhound's owner.

Moreover, there was another coincidence.

The hellhound's sense of smell was extremely sensitive. Although it might not be as sensitive as blackpeak's, it was definitely considered to be very, very sensitive.

"That's right! My master is the head of the black demon hunters, hei Feng!" The hellhound impatiently asked, "Why do you have the aura of my master? Why did you come here so sneakily?"

"Your master and I have already formed an alliance. He and I are brothers!" Chen Xiaobei said.

how ... How is this possible? "The hellhound was very smart and said warily, "My master has always been a coward, and no upper-class demon thinks highly of him!"

"I'm different from the other demons!" Chen Xiaobei then took out a new communication jade talisman and said, "Blackpeak gave me this communication jade talisman. It's specially used to communicate with me in secret!"

"Hiss ... Hiss ..."

The hellhound sniffed with its big nose, and the expression on its face suddenly became excited. "It is indeed master's Secret communication jade talisman! He told me that he would only give these communication Jade talismans to the people he trusted the most!"

"Since your master trusts me, you should trust me too, right?" Chen Xiaobei asked.

"Of course!"

The hellhound nodded and said, "master raised me from a young age. My life belongs to him!" I will also use my life of faith to protect the people he trusts!"

"Mm! How loyal! I like it!" Chen Xiaobei looked at the hellhound in a different light.

"Speak! What are you guys doing here?" The hellhound looked at Chen Xiaobei, then at Xiao 'er.

"I must take the two people in the cage with me!" Chen Xiaobei said.

how ... How is this possible?!

The hellhound was immediately shocked, "these two are the great tribal chiefs of the witch race!" He was the most important criminal! The iron cages and chains used to imprison them are all three-star divine items. There's no way to open them!"

"Even if you have a divine weapon that can forcefully break it, the huge power fluctuation will immediately attract a large number of demon powerhouses! Even the heaven evil demon Emperor will come here personally. When that time comes, you will all die!"

The hellhound was really thinking for Chen Xiaobei and told him the truth.

However, Chen Xiaobei was not moved at all. He even wanted to laugh. "Waiter, show it what you've got!"

"Alright!" The waiter couldn't wait any longer and flew towards the iron cage at top speed.

what ... What is it doing?! The hellhound was very surprised. It could not understand how a little bug could open a three-star heavenly God-tier metal cage and chain.

"To a waiter, it's not an iron cage or chain, but bread and noodles!" Chen Xiaobei smiled. Everything was under his control.

"Ka ka ka ... Ka ka ka ..."

Sure enough, on the other side, the waiter had started to gnaw on the iron chain without any difficulty. It was even easier than eating noodles and he was very fast. In a short while, Xuan Yu chieftain was out of his control.

Chen Xiaobei did not waste any time. He immediately flew into the cage and put Xuan Yu chieftain into the Meru space.

Then, the waiter bit open the chain on the other side and released the great chieftain.

At the same time, Chen Xiaobei had also sent the great chieftain into the Meru space.

Oh my God ... You ... You guys actually did it ... the hellhound was dumbfounded. It had thought that Chen Xiaobei would not be able to save the man, but it did not expect the matter to be resolved so easily.

In fact, the waiter was still gnawing at the chains, even wanting to eat the entire iron cage. He didn't take the demon experts in the military camp seriously at all.

“Waiter! Don’t eat it if you’re almost able to break through! We can’t stay here for too long!” and, come over here! Bite off the hellhound’s chain! We can’t leave it here! Chen Xiaobei said.

Red Envelope Group of the Three Realms

Chapter 3735: purpose

“I know ...”

The waiter reluctantly took another big bite. His life was more important, so he quickly flew back and helped the hellhound bite off the iron chain.

Chen Xiaobei kept the hellhound into the Sumeru space, then took Xiao ‘er and flew back to the VIP tent. He pretended that nothing had happened and continued to rest on his bed.

After a period of time, the entire core military camp was in chaos.

It was obvious that the higher-ups of the demon race had already discovered that the two extremely important prisoners had suddenly disappeared.

Moreover, he had disappeared right under their noses!

Was it an enemy from the outside who sneaked in and let the criminal go? Or was there a spy inside? How did the other party do it? If he could save a prisoner without anyone knowing, he might also be able to kill the higher-ups of the demon race without anyone knowing!

There was no doubt that this matter looked like a prisoner being rescued, but the hidden huge threat made all the high-level demons uneasy, and they couldn’t sleep well!

More importantly, mo Luo Wutian had kept these two chieftains alive for another huge purpose!

Now that they had been suddenly rescued, all the higher-ups in the core military camp would be severely punished.

Once they were severely punished, some people would Harbor resentment, while others would be replaced and transferred away.

This way, Chen Xiaobei had achieved his goal.

To disrupt the enemy’s rear and paralyze the brain of the war!

This way, the demon Army at the front line would fall into chaos. Even if it was not enough to force them to retreat, it could at least guarantee that they would not launch a large-scale decisive battle for a period of time!

This was equivalent to giving the Sorcerer tribe a lot of time to rest and adjust! Whether it was to deploy troops or to strengthen the defenses of the fortress, they would play a vital role!

Coupled with the sufficient food provided by Chen Xiaobei, the witch tribe had completely recovered and their chances of winning were doubled.

Furthermore, the Sorcerer tribe would have more time to search for Chiyou’s body in the South of the Dragon Sparrow mountain and their chances of success would also increase.

This was the so-called butterfly effect!

Because of one incident, it triggered a series of follow-up reactions.

It was not an exaggeration to say that Chen Xiaobei's rescue by the two chieftains had saved them from a dead end!

Now, as long as he took the next step and broke the situation, success would come naturally!

That's right!

The next move was to take advantage of the opportunity to see mo Luo Wutian and cut off the connection between the devil World and the ancient desolate land!

Of course, this move was extremely dangerous and difficult. It was not as simple as saving two hostages!

First of all, mo Luo Wutian was a peak-stage Sage-to-be.

Even if Chen Xiaobei risked his life to consume another infinite Saint demonic pill and exhaust his life, he would never be able to defeat mo Luo Wutian!

Secondly, the portal that connected the two worlds should be a special kind of space portal. Chen Xiaobei was not sure if he could cut it.

Most importantly, if they cut off this passage, would the demons be able to build another? If they couldn't get rid of this problem, it would only be a matter of time before the demons attacked the ancient desolate land again.

Thirdly, and most importantly, if Chen Xiaobei could take care of Molo Wutian and cut off the passage between the two worlds, would he be dragged into the turbulence of space? Where would he be teleported to? In fact, would he be directly killed by the spatial chaos?

Obviously, this last move seemed simple, but if he really wanted to succeed, he still needed to risk his life!

Even if he risked his life, he might not succeed!

Of course, Chen Xiaobei's mental state was strong. No matter how many difficulties and obstacles there were in front of him, he would not waver! He would rather die than submit!

The chaos in the military camp naturally affected the rest area for distinguished guests.

However, Jia Lou was the demon ancestor's emissary, and the guards could prove that the guests had not left the resting area. So, Chen Xiaobei was quickly eliminated as a suspect.

After eliminating all suspicion.

Chen Xiaobei was relieved and entered the Meru space.

At this moment.

There were a total of eight people in the Meru space.

Emperor Jiang, candle Dragon, Xu Tianxin, Hellhound, six-eared macaque, Xuan Yu chieftains, Yan hen chieftains, and Xu Fu, the sinful slave who had eaten the heavenly dog biscuit and was 100% loyal to Chen Xiaobei!

Because they were both from the Sorcerer clan.

Emperor Jiang and candle jiu Yin had already helped the two chieftains to get in touch with the divine talismans and forbidden spells that sealed their cultivation. They had also treated their injuries.

After Chen Xiaobei entered the room, he used acupuncture and some herbs to help the two chieftains heal.

Plop ... Plop ...

The two chieftains immediately knelt down in front of Chen Xiaobei and said, "Greetings, ancestral Saint Pangu! Thank you, Lord ancestral Saint, for saving my life!"

Emperor Jiang and the candle Dragon had revealed their identities to the Chieftains.

"Stand up and talk!"

this is a special time! We need to make the best use of our time! There's no need to be so formal! Chen Xiaobei said.

"Yes!"

The two chieftains immediately stood up. They did not try to please Chen Xiaobei.

This was the true sorcerer tribe, straightforward and without the slightest bit of scheming.

Chen Xiaobei cut to the chase and asked, "First, tell me, why did the demons capture you but not kill you? What were their plans? What do I want to use you for?"

"Lord holy ancestor is wise! The reason why the demons didn't kill us is because we still have value!"

yes! the great chieftain of flame scar spoke first. while we were imprisoned, the heaven fiend demon Emperor personally came to talk to us three times. He wanted us to join the demon race and work for the demon race!

"Possessed by the devil?"

"It's not that simple!" Chen Xiaobei frowned. The two of you are only at the one-star Mystic deity realm. The devil race doesn't lack experts at this level! There must be some other reason for me to keep trying to rope you in!"

"Lord ancestral Saint is absolutely right!"

Xuan Yu chieftain continued, "the demons have three real reasons for recruiting us. First, they want us to return to the 81 heavens of the primordial era and become spies! Second, let me tell you the location of the twelve divine beings killing formation! Third, let us help you remove the seal on the ancestral wizard's corpse!"

"As expected!"

Chen Xiaobei nodded, his dark eyes shining with wisdom. "The first two things are easy to understand! As for the third matter, it won't be that simple!"

according to what you said, the demons should have found the candle Dragon's body. However, the body was sealed by the candle Dragon himself. It has reached the peak level of Sage-to-be.

unless mo Luo Wu Tian comes in person, no one in the devil tribe can break this restriction and obtain the corpse of the candle Dragon's ancestor of Sorcery!

"Just nice! It was impossible for mo Luo Wutian to personally come to the passageway between the two worlds! This way, the candle Dragon's body will belong to me!"

[Red Envelope Group of the Three Realms](#)

Chapter 3736: harvest

Chen Xiaobei's analysis was correct.

The demonic tribe had spent so much effort to find the candle Dragon's body, but it was all for Chen Xiaobei.

Once Chen Xiaobei brought the candle Dragon there, he would be able to collect the second body of the witch.

Of course, after losing Emperor Jiang's corpse, the demons would definitely guard it strictly.

He did not hear any movement from the heaven fiend demon Emperor in the core military camp today.

Obviously, this high-level black demonic god must be guarding the candle Dragon's corpse day and night. He would not allow anything to go wrong.

It would not be an easy task for Chen Xiaobei to get away from the tiansha demon Emperor.

However, no matter what, he had to get there first before thinking of a way.

After all, Chen Xiaobei's biggest advantage was the candle Dragon!

If that did not work, Chen Xiaobei could take his time to think of a way. After all, the demonic race would not succeed in the short term.

"Right now, there's a bigger problem! I'm very lacking in spiritual energy!"

I've already used the night God dark spirit set five times. I can use it five more times before I run out of spiritual Qi! Chen Xiaobei said. I've absorbed a lot of spiritual energy from the chaos Blood Sword, but as its level increased, I can't even activate its power once!"

"There's also the spirit storage bag given by Liu er, which is almost out of spiritual Qi. There will definitely be many wars in the future, and my primordial spirit can't activate its special ability at will. If I don't have enough spiritual Qi, the danger will multiply!"

"And more importantly, I have just subdued ninety thousand ancient sorcerer Yin soldiers. If they are fed with sufficient spiritual energy, they can easily devour three-star divine realm experts! However, without spiritual Qi, their power will be exhausted, and their combat power will plummet!"

It was obvious that Chen Xiaobei's primordial spirit was severely injured, and he could not use his powerful special ability at will. The only thing he could rely on was the other trump cards in his hands.

And to activate these trump cards, a huge amount of spiritual energy must be consumed!

With the spiritual energy, the road ahead would be smoother! Without spiritual energy, it would be difficult to move forward!

This had already become the biggest problem! He needed to solve this as soon as possible!

But!

This was also the most difficult problem to solve!

Everyone was speechless. They could not help Chen Xiaobei solve the problem.

"Young master Xuan bei!"

However, at this moment, the hellhound, who had the lowest presence, suddenly opened its mouth and said, "I do have a way to provide you with a huge amount of spiritual energy! However, there may be a certain degree of danger. I wonder if you dare to give it a try?"

"Speak!"

Chen Xiaobei raised his eyebrows in excitement.

In Chen Xiaobei's dictionary, there was no such thing as not daring.

"This is the core military camp of the demon race! It's also where the core Treasury is!"

"All the supplies of the billions of troops at the demon Front line are stored here!" The hellhound said. As far as I know, there are three quadrillion pieces of lower-grade spiritual Jade stored here. It's the salary for the frontline Army next month! "In addition, we have huge reserves of pills, weapons, equipment, and rations!"

"Good! This is great!"

Chen Xiaobei was excited. "As long as I can destroy this core Treasury, not only will I be able to obtain sufficient spiritual energy and resources, but I will also be able to further destroy the morale of the demon Army! Without any benefits, the demon soldiers will not continue to fight, and they might even start a rebellion, fighting their own people!"

The belief of the demon race was not on anyone, but on tangible benefits!

Without pay and provisions, the demons naturally wouldn't continue to fight with their lives on the line. This way, the war between the two races could basically be declared over.

A weapon that did not shed blood and could subdue others without fighting!

This was the highest level of war! Killing the least evil, the greatest merit, it was good for both races!

Lord ancestral Saint is truly the Savior of the 81 heavens of the primordial era!

At this point, the Chieftains of the flame scars tribe and Xuan Yu tribe were naturally very excited. the moment the Holy ancestor made his move, he immediately turned the tide and completely changed the situation. He saved all of our descendants!

The two chieftains were in awe of Chen Xiaobei. They regarded Chen Xiaobei as their highest faith and worshipped him with all their heart!

“Alright, you guys rest well. I’ll take action immediately!” Chen Xiaobei was swift and decisive.

He took out the Super prosperous monkey fur, turned himself and the hellhound into tiny flying insects, and left the Meru space.

Without a second’s delay, he would take the demon’s life while it was sick!

At this moment.

The entire core military camp was still in chaos. Everyone was desperately trying to find the whereabouts of the two chieftains. At the same time, everyone was suspected of being spies, so they couldn’t stop for a while.

This chaos gave Chen Xiaobei the perfect opportunity to take action.

Under the hellhound’s lead, Chen Xiaobei arrived at the demonic tribe’s core Treasury.

Although it was called a treasure vault, it was in fact a storage bracelet.

In order to prevent anyone from embezzling the Army’s resources, this storage bracelet was placed in a treasure chest in the core tent.

The higher-ups of the demon race had meetings every day and could see this treasure chest with their own eyes.

Moreover, many people had to be present at the same time to open the treasure chest.

The benefit of this was that none of the demon higher-ups could embezzle in private.

More importantly, the treasure chest had always been under the eyes of the higher-ups of the demon race, and no one could steal it.

However, even if the higher-ups of the demon race had a hundred million more brains, they would never have imagined that the person behind the scenes who had rescued the two great chieftains actually didn’t escape from the military camp. Instead, he had ruthlessly returned to kill them!

Chen Xiaobei and the hellhound were shrouded in the purple gas. They hid in the gap at the top of the tent in the dark.

After patiently waiting for nearly three hours, they finally found an empty tent.

There was a high-level demon guarding the tent, but he seemed to be a little annoyed. He walked out of the tent and took a breath of fresh air.

Such a short period of time was extremely short to others.

But to Chen Xiaobei, it was enough!

He rushed down, released the waiter, bit open the lock of the treasure chest, took the storage bracelet inside, and then quickly retreated!

The entire process took less than five seconds!

The main point was that Xiao 'er had bitten off the lock catch from the inside. After closing the lid, the treasure chest looked as good as it had been.

Even if the upper echelons of the demon race returned, they wouldn't immediately discover that the storage bracelet had been stolen.

By the time they realized it, Chen Xiaobei was already tens of millions of miles away in the North.

.....

The next morning, jialuo, Yun fanqing, and Chen Xiaobei headed north.

Of course, Chen Xiaobei did not rest at all the night before. He did not waste a single second counting his gains and arranging his plans.

He had to admit that the harvest this time was really incomparably huge!

[Red Envelope Group of the Three Realms](#)

Chapter 3737: Spying on them

3737 Spying on them

The first was the spiritual Jade. According to the hellhound, it was worth three quadrillion low-grade spiritual stones, not a single stone less.

This was a month's salary for the entire demon Army.

Without this sum of spiritual Jade, the morale of the demon Army would definitely be in chaos. It would be good enough if they did not rebel, let alone fight a war.

On the other hand, with these spiritual jades, Chen Xiaobei's previous worries were no longer a problem. Most importantly, he could feed the 90000 ancient sorcerer Yin soldiers he had just subdued with spiritual Qi.

This would be Chen Xiaobei's strongest trump card!

One had to know that even the three-star heavenly Fey God Crimson fiend sky-treading Tiger had been instantly killed by these ancient sorcerer Yin soldiers.

By Chen Xiaobei's estimation, these ancient sorcerer nether soldiers would be able to defeat anyone below the level of a four-star divine realm expert!

Other than the spiritual Jade, Chen Xiaobei had also obtained a large amount of food. Some of them were for the demonic soldiers, and some for the demonic beast cavalry.

Just like the military, rations were also an essential thing in war.

The demon soldiers would definitely be dissatisfied with losing their provisions, and even the demon beast cavalry would find it difficult to appease them.

Even if he used his toes to think, he knew that the demon Army on the front line was about to welcome an unprecedented chaos.

This amount of food was not of much use to Chen Xiaobei, but he could bring it back to supplement the witch tribe's Army.

Under such circumstances, the situation on the main battlefield would change in the short term.

Before the demons settled the chaos, the Sorcerer tribe would have the absolute advantage.

And the remaining items ...

There were tens of billions of medicinal pills for healing, replenishing immortal essence, detoxification, and short-term improvement of abilities ... There were all kinds of pills.

There were tens of billions of weapons and equipment, blades, Spears, swords, halberds, axes, hooks, and so on.

However, the level of these pills and weapons were not high. After all, they were for the lower-level soldiers. Moreover, with such a large number of them, it was difficult to improve their quality.

Chen Xiaobei would not have much use for it, so he could only give it to the witch tribe.

It just so happened that the Sorcerer tribe was not good at alchemy and weapon forging due to their racial talents. These things were exactly what they needed the most.

Of course!

In addition to these basic resources.

In that storage bracelet, there were three other important things!

The first item was a token burning with dark golden demonic flames. There were special runes carved on it, and it seemed to be the commander's seal for the highest commander of the demonic Army!

Of course, it was impossible for Chen Xiaobei to mobilize his troops. The most important use of the token was its material.

From the spiritual fluctuations, this token was made of at least a five star heavenly god tier metal!

Moreover, this metal had an extremely pure fire attribute.

That's right!

Chen Xiaobei could use it as the fire spiritual base of the five elements spiritual base!

If he could gather the other four spiritual foundations of the same level, Chen Xiaobei would be able to activate the five-star divine power at the lowest cost. It would be awesome!

The second treasure was an octagonal Dark Compass.

After the spiritual connection, Chen Xiaobei was surprised to find that there was an independent space hidden in the compass.

It was similar to the 'sky-imprisoning painting of the northern Mystic'!

In the independent space, there was an extremely terrifying formation.

It was called the ten-sided demonic tribulation ultimate formation!

Furthermore, the grade of this array had reached the astonishing three-star Mystic deity level!

If he was not mistaken, this should be the Holy devil formation that the tribal chiefs of the Sorcerer tribe had mentioned earlier!

Three-star Mystic Divine level!

Once it was activated, it was enough to suppress an Army of hundreds of millions of heaven Immortals.

If they were combined with their own army, the power of the battle formation would increase greatly.

It was extremely terrifying!

However, just like the dark gold demonic flame token, Chen Xiaobei could not use the dark Compass as he pleased.

Otherwise, the demonic tribe would immediately know that it was Chen Xiaobei who had saved the two tribal chiefs and stolen the demonic Army's core Treasury.

As for the last item, it was a little strange.

It was a broken ancient book, as if it had been burned by fire. More than half of it had been destroyed, and the rest of the content had been burnt black. It was almost impossible to read a complete sentence.

After Chen Xiaobei took a closer look, he realized that the word that was mentioned the most in this ancient book was 'primordial spirit'!

From the looks of it, this was an ancient book about primordial spirits.

It was clearly in tatters and its contents could hardly be seen, but it had already been treated as a treasure by the higher-ups of the demon race.

Without a doubt, this book had an extremely important use!

Of course, Chen Xiaobei could not decipher it yet, and he could not take it out to ask Jia Lou. So, he could only keep it for now and look into it when he had the chance.

That was all that Chen Xiaobei had gained.

It could be said to be extremely rich and important. Not only could it influence the battle between the demon and sorcerer, but it could also reverse the situation at a critical moment.

This was crucial to Chen Xiaobei's next move.

.....

It took him seven days and seven nights!

Chen Xiaobei, Yun fanqing, and Jia Luo had finally reached the northernmost area of the ancient Barrens.

Jialuo's plan was to bring Chen Xiaobei to meet Mo Luo Wutian.

Of course, Chen Xiaobei did not object to it. He had been planning and scheming along the way, and he could not wait to set up a trap for mo Luo Wutian!

By the way.

In the seven days of travel, Chen Xiaobei had used the talisman seven times.

Taiyin true deity, Sun Wukong, Yang Jian, Xiao Tianquan, Chi You, Fu Tianxin 'er, and the Grand Wizard Houtu!

Chen Xiaobei already had a rough idea of where these seven people were. After he dealt with mo Luo Wutian, he would find a way to find them.

Among them, the first five were in the ancient Barrens, so it was easy to find them.

As for Fu Tian Xin 'er and Chang' e, they had already been taken away by mother Nuwa and were now being protected.

Later, when he could connect to the Three Realms intranet, Chen Xiaobei would be able to bring Fu Tian Xin 'er and Chang' e to his side.

As for the Grand Wizard Houtu, Chen Xiaobei had seen her with his own eyes, but he had not been able to control her. If he wanted to get her body, he had to find a way to capture her alive!

However, it would be a little awkward. He might have to turn the six-eared macaque into a woman to find out the exact location of its body!

Of course, there was another possibility. Houtu's contract master had already taken her body away. In that case, six-eared macaque would not need to turn into a girl anymore. But it would be much more difficult to get back her body!

But in any case, it was also a kind of protection for her to find Hou Tu and control her first.

In these seven days, Chen Xiaobei also wanted to use the talisman to find the location of the ancestral witch's body.

However, Chen Xiaobei realized that the talisman could only spy on things and people that the heavenly path Saints could spy on.

For example, Chen Xiaobei, mo Luo Wu Tian, and the corpse of the ancestor of sorcery were all existences that the heavenly path Saints could not predict and spy on. Therefore, the sky glimpse divine talisman could not be used.

"We're here!"

After climbing up a mountain, Jia Luo raised his hand and pointed forward.

Chen Xiaobei looked over and was shocked!

Red Envelope Group of the Three Realms

Chapter 3738: not paying respects

Below the slope was a boundless yellow wasteland.

In the middle of the wasteland, there was a huge space crack that looked like a Python's vertical eye.

A dark golden light flickered on the edge, flickering and rotating as if a giant python was blinking.

That's right!

This spatial crack was the spatial passage that connected the devil realm and the ancient desolate land.

Even now, there was still an unending stream of demon soldiers walking out. The number of heads was uncountable, and they were boundless!

One could see that the demon race was determined to take down the ancient desolate land.

Therefore, they kept sending people over. After the war was over, the demons would take root in the ancient desolate land and turn it into another base for the demons.

Of course!

Now that Chen Xiaobei was here, the demons' plan would be ruined.

Xuan bei, you wait outside. We'll go and meet devil ancestor Wutian first. You can only enter after he summons you!

Jia Luo gave his instructions and flew directly to the huge spatial crack with Yun fanqing.

Things naturally went very smoothly.

First of all, Chen Xiaobei had the looks of a Saint demon, and was the talent that mo Luo Wutian had his eyes on.

Moreover, Chen Xiaobei had obtained Chiyou's body, which was the greatest contribution to the demonic race. There was no reason for mo Luo Wutian not to meet Chen Xiaobei.

Soon, Yun fanqing flew back and brought Chen Xiaobei there.

"You're really special ..." He said.

Yun fanqing did not fly fast, as if she had something to tell Chen Xiaobei. "When other people pay their respects to The Fiend ancestor for the first time, they will definitely be trembling with fear as if they are walking on thin ice! But you're the only one who's always been calm and composed!"

"Maybe it's because his heart is bigger." Chen Xiaobei smiled.

It was normal for others to be afraid of mo Luo Wutian.

But who was Chen Xiaobei? That was the number one profiteer of the Three Realms that struck fear in the hearts of everyone!

No matter how high the status of mo Luo Wu Tian was! No matter how strong his cultivation was! She had been tricked by Chen Xiaobei and even gave him the world-ending sacred marrow for nothing!

After so many battles, why would Chen Xiaobei be afraid of mo Luo Wutian?

“You’d better be careful!”

Yun fanqing reminded him, ‘the devil ancestor is, after all, the Supreme mastermind of the devil World. You can’t offend him in the slightest in front of your subordinate! Don’t be too relaxed. If you’re not careful, no matter how great your contribution is, you may be sentenced to death!”

“I understand. I won’t offend him in the slightest!” Chen Xiaobei smiled.

He secretly added in his heart, I will only deal with him until he is dead!

“It’s good that you understand!”

Yun fanqing did not know what Chen Xiaobei was thinking and said, “ as long as you obey The Fiend ancestor, you will naturally receive generous rewards, as well as an extraordinary status and glory!

Chen Xiaobei just smiled.

Soon, the two of them entered the huge spatial crack.

Chen Xiaobei was very familiar with spatial rifts. Once he entered one, there would be a turbulent flow of space. Then, he would be dragged uncontrollably into an unknown spatial Rift and returned to the normal dimension.

But! This time, it was completely different!

There was no spatial turbulence in this huge spatial crack.

The surroundings were like a dazzling starry sky in the universe. In the darkness, there were bright Starlight shining. It was gorgeous and gorgeous, like a dream.

Further in, they could see a huge dark gold array.

The formation was extremely complicated, and every rune was extremely detailed. Even with Chen Xiaobei’s scholar heart, he still needed to observe it for a long time before he could see through a complete rune.

One could imagine that the level of this formation was extraordinary.

Obviously!

This array was the key to suppressing the entire space tunnel!

It was this formation that broke the laws of space in the immortal world, tore open a spatial crack, and suppressed all the spatial turbulence in the passage. It was because of this that the vast Army of the demon race could arrive in the ancient desolate land safely!

One could only imagine how important this array was!

Of course, even people who didn't understand seal scripts could tell the extraordinary meaning of this array!

Because the 27 key points of the array were being suppressed by all the 27 sages-to-be in the demon world!

Although they were in human form, the demonic Qi that they emitted turned into all kinds of terrifying demonic images.

Even Chen Xiaobei's state of mind trembled. He had to hold his breath in order to stay calm.

And at the core of the array!

A handsome young man with long black hair was sitting there!

His eyes were slightly closed, as if he was resting in silence.

In the middle of his brows, a dark golden cross-shaped demonic seal flickered and emitted an ancient and profound aura. It was as if it had been washed by the river of time for trillions of years and had gone through the vicissitudes of life. It carried the wind and thunder of the universe and contained great power! Great fortune! Great divine power!

Behind him, there was no Dharma laksana of a demon, nor was there any terrifying pressure. His entire person was very quiet, even out of tune with his surroundings.

If not for the fact that he was in an extremely special position, no one would have thought of him.

He was the Supreme ruler of the entire Devil World!

The new demon ancestor!

Mo Luo Wu Tian!

"Lord ancestor devil, I have brought Xuan bei."

Yun fanqing immediately reported. Even though she had not completely fallen into the demonic state, she had to submit to mo Luo Wutian in order to avenge Chen Xiaobei.

However, Chen Xiaobei stood where he was, showing no intention of bowing.

All of a sudden, the 27 pre-Saints all looked over! He was looking down at Chen Xiaobei with a condescending attitude!

Their sharp gazes seemed to be able to pierce through Chen Xiaobei's body!

However, at this moment, mo Luo Wutian did not open his eyes. He only calmly said, " Xuan bei, you've done well. From today onwards, you're my 10th personal disciple!

He did not even look at Chen Xiaobei, let alone mention any reward.

It was obvious that mo Luo Wutian was extremely arrogant. In fact, he was extremely arrogant! He did not even take Chen Xiaobei seriously.

He had just given Chen Xiaobei the title of a personal disciple, and he was not even sure if he would teach Chen Xiaobei in the future.

Of course, Chen Xiaobei did not bow to him. This had clearly touched the absolute authority of mo Luo Wu Tian.

“Xuan bei! Why aren’t you kneeling down and thanking your master? What are you waiting for?”

Jia Luo was not far away, his brows were tightly knitted, his tone extremely serious as he reminded.

Mo Luo Wutian could not bring himself to say that Chen Xiaobei did not bow to him in the beginning. But since he had accepted Chen Xiaobei as his disciple, Chen Xiaobei had no reason not to bow to him.

This was equivalent to mo Luo Wutian finding a way out for himself.

Otherwise, where would he put his face if the Grand fiend ancestor was rudely looked down upon?

“I won’t!”

However, Chen Xiaobei clearly rejected her!

Everyone was shocked by his words!

[Red Envelope Group of the Three Realms](#)

Chapter 3739: game

Don’t bow?

Everyone was shocked by his words! Without exception, all of them looked at Chen Xiaobei in disbelief! It was as if he was looking at a lunatic! Some people even wondered if they had heard wrong.

One had to know that this was the devil realm!

Although their cultivation levels were different, mo Luo Wutian’s status was equivalent to the Dao ancestor of the heaven realm!

In the heaven realm, even the heavenly path sages had to bow to the Dao ancestor, Hongjun!

In the devil World, no one had ever dared to not worship mo Luo Wutian!

Yun fanqing and jialuo were completely flustered.

Especially Yun fanqing, who had reminded Chen Xiaobei not to offend mo Luo Wutian before he came in! That was a capital crime!

Moreover, there were so many people watching. To slap mo Luo Wutian’s face in public was simply courting death! There was absolutely no chance of survival!

Whoosh ... Whoosh ... Whoosh ...

At the same time, the 27 demonic ancestor pre-Saints were all furious. Their eyes were fixed on Chen Xiaobei.

The terrifying fiend Dharma images became bigger and more real! It was as if they were going to charge at Chen Xiaobei and make him pay the most painful price for not bowing to him!

After all, at this moment, the highest belief in the devil World was still mo Luo Wu Tian!

Chen Xiaobei had offended mo Luo Wutian, which was not only disrespecting the entire demonic realm, but also slapping the faces of the 27 demonic pre-Saints.

He couldn't even defend the dignity of his faith. If word got out, they would be laughed at and scolded.

Because of this, the 27 demonic pre-Saints were all furious and hostile towards Chen Xiaobei.

However, they didn't move. They didn't even speak!

They were waiting for mo Luo Wutian's attitude!

In the devil World, mo Luo Wu Tian was the Supreme Master, the manifestation of absolute will and truth! If he didn't open his mouth, the other quasi-sages wouldn't dare to open their mouths!

"You're not paying your respects?"

Mo Luo Wu Tian was still resting with his eyes closed. He was not angry at Chen Xiaobei. He looked like he was in control of the whole situation.

"No, I won't."

Chen Xiaobei repeated.

He wanted everyone to hear it clearly and make sure that they did not hear it wrong.

"Can you give me a reason?"

Said mo Luo Wu Tian indifferently.

"When I came, Jia Luo said that you would give me an incomparably generous reward and let me enjoy Supreme glory! However, you didn't do as she said!"

Chen Xiaobei's tone was calm, neither servile nor overbearing.

being my personal disciple, this reward and glory is enough to make the entire demon world envious. What are you dissatisfied with?" Asked mo Luo Wu Tian.

I'm used to living a carefree life. I don't want to have anyone as my master. I don't want to be restrained by anyone. I just want a real reward! Chen Xiaobei said.

Crazy!

He must be a lunatic! And he was very, very sick!

All of a sudden, the 27 demonic pre-Saints looked at Chen Xiaobei as if he was an idiot.

In the devil World, there were countless geniuses who dreamed of becoming mo Luo Wutian's disciple. Even if they were not his direct disciples, even if they were just outer disciples in name, it would still be a Supreme glory that would bring honor to their ancestors!

It was really a dream, but he couldn't ask for it.

However, Chen Xiaobei had already gotten the opportunity, but he rejected it.

This was equivalent to giving up a great opportunity to rise to the heavens in a single step!

If he wasn't a lunatic, would he have done this?

"Do you know that rejecting me is a capital crime?!"

Mo Luo Wutian's tone finally turned cold. He could no longer be as calm as before.

Chen Xiaobei's refusal to bow and salute was a slap to mo Luo Wutian's face!

However, when mo Luo Wutian wanted to take Chen Xiaobei as his direct disciple, he was rejected as if Chen Xiaobei did not care for him at all. This was a big slap to his face!

If this matter were to spread out, it would definitely be a great humiliation to mo Luo Wutian.

It could even be the greatest humiliation of his life, and a stain that would never be erased in his Supreme and glorious image.

Because of this, it was hard for him to treat Chen Xiaobei peacefully. He even wanted to kill Chen Xiaobei!

He had to ruthlessly kill this fellow who had disrespected him!

It was like killing a chicken to warn a monkey. He wanted the entire Devil World to know the consequences of disrespecting mo Luo Wutian. No one would dare to be disrespectful!

"I know it's a capital crime! But you won't kill me!"

I got my hands on Chiyou's body! Chen Xiaobei said. I'm the hero of the entire demonic world! If you kill me now! It was to kill meritorious officials! Other people risked their lives to make contributions, but you killed them when you were unhappy! Let me ask you, who would still be willing to risk their lives for you?"

"Moreover, the front line is fighting with the Wu tribe. If I get Chiyou's body, it means that the Wu tribe has no chance of winning! Our demon race's soldiers will definitely be grateful for my contribution! If you kill me, the hearts of hundreds of millions of soldiers will turn cold, and the morale of the Army will be in chaos. How can we continue to fight?"

Chen Xiaobei did not waste a single bit of the seven days of travel.

Along the way, Chen Xiaobei had already calculated everything.

For example, what would mo Luo Wutian say? How should he express his stance? How to answer? How to counter-attack?

Chen Xiaobei had memorized every single detail by heart!

Just like what he was saying right now, every word was reasonable and pointed out the key point of the current situation, making it impossible for mo Luo Wutian to refute.

The People's hearts were like water, it could carry a boat, but it could also capsize it!

Even someone as strong as mo Luo Wutian could not lose the hearts of the people in the demon world. Once the belief of the demon race's people crumbled, the demonic mark and the Black Lotus of destructions would be affected. Mo Luo Wutian's heaven-defying and Dao-defying ambitions would be ruined at the last step and completely destroyed!

Chen Xiaobei had already seen through this, so he was not afraid of mo Luo Wutian at all.

"Very good! You're the first person that I want to kill but can't!"

Mo Luo Wu Tian was still resting with his eyes closed. His tone was cold and filled with anger. However, it was clear that he could only give in on this matter. He could not willfully kill Chen Xiaobei.

"Calm down! Although I'm not willing to be your disciple ..."

Chen Xiaobei then said in a provocative tone, " but I can still make an even greater contribution for you!

"A greater contribution?"

Upon hearing this, mo Luo Wutian's tone became much gentler. He was even very polite, " "If this is true, I'm all ears!"

Those who achieve great things don't bother about trifles!

A super ambitious and ruthless man like mo Luo Wutian would always put benefits first!

Even if Chen Xiaobei had offended him time and time again, as long as it could bring him some benefits, mo Luo Wutian was willing to calm down and discuss things with Chen Xiaobei.

"I'll help you get the body of the wizard ancestor, candle Dragon!" Chen Xiaobei said calmly.

However, these words were like deafening Thunder to mo Luo Wutian!

what did you just say?!

Mo Luo Wutian suddenly opened his eyes, and his entire aura changed!

Chapter 3740: happiness

Mo Luo Wu Tian opened his eyes!

It was a pair of strange double-pupiled eyes with a cross-shaped demonic seal! It exuded a terrifying pressure that was like the aura of death from hell!

Even ordinary quasi-sages would not dare to look him in the eye!

If an ordinary person were to be seen by those eyes, they would even feel as if countless sharp claws of demons would emerge from within, pulling everything within their sight into the most terrifying abyss of purgatory, never to be able to escape!

Even Chen Xiaobei, who had a strong mental state, could not help but tremble violently. He had to use all his strength to resist the pressure. If he was not careful, his mental state would collapse and he would be completely stunned by mo Luo Wutian's gaze!

Before he came, Chen Xiaobei had already expected that the aura of mo Luo Wu Tian would be very powerful. However, Chen Xiaobei did not expect it to be this strong.

Chen Xiaobei was really worried that he might not be able to handle it.

Of course, things always worked both ways!

If he could not, Chen Xiaobei would be intimidated by mo Luo Wutian and fall into a disadvantageous position. He might even be controlled by mo Luo Wutian!

However, if he could withstand it, Chen Xiaobei's mental state would grow by a large margin. He could not say that his mental state was stronger than that of Molo Wutian, but at least it would not be so difficult for him to face him again!

I must hold on! Otherwise, all their previous efforts would be in vain!

Chen Xiaobei's heart was screaming in agony.

Chen Xiaobei felt like he was about to give up.

But!

Chen Xiaobei was reminded of his master, the prime of Tongtian! He thought of his parents! He thought of his brothers, friends, and disciples! He thought of his female confidante! He even thought of his unborn child!

For their sake! Chen Xiaobei could not give up!

He had to hold on!

I must hold on!

All of a sudden, without any warning, Chen Xiaobei let out a roar in his heart. An invisible force seemed to burst out of Chen Xiaobei's mind and offset about 30% of mo Luo Wutian's pressure.

In the midst of his struggle, Chen Xiaobei had made his final decision. No matter how uncomfortable it was, he had to hold on until the end.

Once this decision was made, Chen Xiaobei's state of mind would change!

And this change was called growth!

Chen Xiaobei's state of mind had been greatly strengthened. Although it was still not comparable to that of mo Luo Wutian, it was already very, very difficult for him to withstand 30% of mo Luo Wutian's pressure.

This way, Chen Xiaobei did not have to worry about his mental state collapsing. Although it was still a little strenuous, he could now face mo Luo Wutian normally.

“I’m sure! I can get back the candle Dragon’s body!”

Chen Xiaobei said with confidence, “If you don’t believe me, you can let me try! If you can do it, you’ll reward me! If you can’t do it, I’ll be at your disposal!”

“Good! Very good! We’ll do as you say!”

Mo Luo Wutian’s eyes focused and he said seriously, “If you can really get back the candle Dragon’s body! I can satisfy all your requests! I can address you as my brother and you will be exempted from the courtesy! I can even make you the sub-ancestor of the devil World, second only to one person and above all living beings!”

As soon as he said that, everyone was shocked!

He had never expected that mo Luo Wu Tian would be willing to make such an unprecedented promise for the candle Dragon’s body!

Brothers! The devil world’s second ancestor!

This sentence alone was enough to put Chen Xiaobei above the 27 demonic sages-to-be!

What kind of status and honor was this! What kind of glory and authority!

If they didn’t hear it with their own ears, no one would believe it even if they were beaten to death!

Of course, all of this had been predicted!

From the moment when mo Luo Wu Tian opened his eyes, anyone with a discerning eye could tell that he valued the candle Dragon’s corpse more than anything else!

Whether it was Chiyou’s body, taking Chen Xiaobei as his disciple, or even the chaos at the front line, he did not care. He did not even open his eyes because everything was still under his control.

However, when Chen Xiaobei mentioned the candle Dragon’s corpse, mo Luo Wutian could no longer remain calm.

That was because it was no exaggeration to say that the candle Dragon’s corpse was the biggest weakness of mo Luo Wu Tian! It was the support of all his ambitions! It was the core foundation of all his plans!

Chen Xiaobei knew this very well.

If mo Luo Wu Tian wanted to go against the heaven and the Dao, the first difficulty would be to prove his way and become a saint!

As long as he did not attain the Saint realm, he would be trampled under the feet of the seven great heavenly path Saints! They could only hide in the dark corners like rats and live on with the demonic Dao’s seal!

The prime of Tongtian had given Chen Xiaobei two ways to prove his Dao.

The first was to gather the imprints of the ancient primordial spirits of the Three Realms and use the bell of chaos to prove his Dao!

The second was to gather the bodies of the twelve ancestors of sorcery and form the real body of Pangu, then use the bell of chaos to prove his Dao!

If Chen Xiaobei could not even take the first path, it was even more impossible for mo Luo Wutian to do so.

It was precisely because of this that mo Luo Wutian wanted to obtain the ancestral wizard's corpse at all costs.

Originally, mo Luo Wu Tian had found Emperor Jiang and the candle Dragon's bodies, but Emperor Jiang's body had already been taken away by Chen Xiaobei.

In this way, the remaining candle Dragon's corpse would become the most important and the only bargaining chip of mo Luo Wu Tian!

Only by getting this chip could mo Luo Wutian have the right to continue playing.

Otherwise, the heaven-defying Dao he spoke of would just be a complete joke and would never be realized.

That was why he promised Chen Xiaobei that he would become the demonic world's second ancestor after he succeeded!

Because to him, this was really too, too, too, too important!

"Alright, wait a moment, I'll be back soon!"

Chen Xiaobei was very confident and was about to leave to retrieve the candle Dragon's body.

"Hold on!"

Demonic Luo Wutian took out a round black jade-like pill from thin air and sent it to Chen Xiaobei with his celestial core power.

"What is this?" Chen Xiaobei asked.

"World destroying saint God pill!"

"This elixir is the condensation of the essence of the world-destroying demonic aura that the Black Lotus Sutra has nurtured for hundreds of millions of years!" Peak quasi-Sage! It can heal all injuries to the essence soul and greatly improve the essence of the essence soul, making it billions of times stronger than before!"

Clearly, mo Luo Wutian was very powerful. He had already seen through Chen Xiaobei's strengths and weaknesses.

Since Chen Xiaobei was going to complete an important mission, mo Luo Wutian wanted Chen Xiaobei to be in his best condition.

This pill at the peak stage of the sage-to-be realm was really worth it.

Even Chen Xiaobei was shocked.

“This ... This ...”

Chen Xiaobei was stunned. Never in his dreams would he have thought that mo Luo Wutian would take out the thing that he wanted the most at this moment.

Not only could this pill heal the essence spirit, but it could also strengthen the essence spirit by hundreds of millions of times.

Chen Xiaobei tried his best to hold in his laughter.

This happiness had come too suddenly!
