### Red Envelope Group of the Three Realms

#### Chapter 3801: disappeared

He put away the two demonic Fire Red Lotus Imprints.

Then, he sent six-eared macaque and kun Peng back to the Meru space.

After that, Chen Xiaobei walked out of the palace and collected all the treasures. He also kept the three special magical treasures.

Chen Xiaobei did not plan to refine these things.

Because they were all of high grade and extremely rare, he kept them in his space ring. They might be useful in the future.

As for the 81 quasi-Saint spiritual veins, Chen Xiaobei kept them for now.

In addition to the one that was extracted from the heaven and earth smelt, there were a total of 82 quasi-Saint grade spirit veins.

Chen Xiaobei had kept all of these spiritual veins.

After all, he had the ancestor Dragon Holy vein whip at the peak stage of Sage-to-be, the ten thousand sword formation at the seven-star stage of Sage-to-be, the sword cavern mountain at the seven-star stage of Sage-to-be, and the new Northern Mystic prison sky painting that he was about to build.

Chen Xiaobei's cultivation could not activate these things, and he did not have enough spiritual jades.

Therefore, he could only save up quasi-Saint level spiritual veins in case of danger and use them to break the situation.

He returned to the real world.

The celestial Hound, Houtu, Emperor Jiang, and the candle Dragon were gathered outside a strange forest, but they had not entered it for a long time.

"Bro bei! You've finally come out!"

"I've been tracking my Erlang immortal master's aura all the way here. However, we didn't dare to enter rashly. We needed to wait for you to make a decision!" The celestial Hound said impatiently.

"Why don't you dare to go in?"

Chen Xiaobei looked at the forest in front of him.

It was a huge primeval forest. Not only was the area huge, but the flowers and trees were also huge.

Those trees were thousands of feet tall, and each leaf was as big as an adult.

The wild grass was taller than an adult, and the wildflowers were like large umbrellas, covering the sky and the sun.

Logically speaking, the world was so big that there were all kinds of strange things. Even if such a scene appeared, there was nothing to be surprised about.

But!

Don't forget!

This was the ancient Barrens!

Other than the independent small worlds of the 81 heavens of the primordial era, the real space outside was completely barren and desolate!

How could there be such a forest?

This was completely unreasonable!

I smell the aura of a quasi-Saint magical beast, and it's probably above me ...

The celestial Hound furrowed its brows. I'm afraid that my Erlang immortal master has already passed through this forest. If we rashly barge in again, not only will we not be able to find him, we might even attract a fatal disaster!

Obviously, the celestial Hound was very smart and had considered things very thoroughly.

"You're right. If the person isn't inside, there's no need for us to go in!"

Chen Xiaobei nodded and took out the talisman.

Chen Xiaobei had been in the sunlight domain for 360 days, and the talisman could be used again.

"Whoosh ..."

Chen Xiaobei activated his special ability and tried to find yang Kuai.

But! But this time, something strange happened!

"It disappeared! Yang Jian seemed to have disappeared from the Three Realms and six paths! I can't detect any traces of him at all!"

Chen Xiaobei was surprised and confused. everything was normal a while ago. Why did it suddenly stop today? "

disappeared!?

The candle Dragon frowned and said,"did Yang Jian die in battle?" My soul will be destroyed and I will be completely annihilated from the three worlds and six paths ..."

"Impossible!"

no! the celestial Hound denied it decisively. Erlang immortal master and I have a spiritual connection. If he dies in battle, this connection will disappear!

"If Yang Jian didn't die, there's only one explanation!"

he must have entered an area that even the heavenly path Saints can't see! Chen Xiaobei said.

Previously, the heaven glimpse Saint talisman couldn't detect Luo Yi's traces.

However, the primordial spirit contract between Chen Xiaobei and Rahu had not been broken, which was exactly the same as the current situation.

"Liu er, don't worry! I'll go look for Taiyin true deity!"

Chen Xiaobei then brought the sunlight cache and the Jade-winged demonic snake into the real world.

The Jade-winged demonic snake activated the sunlight treasure box for a minute and covered the sky glimpse Saint talisman.

In this way, the heaven glimpse Saint talisman was equivalent to a day had passed.

"Whoosh ..."

Chen Xiaobei activated the talisman's ability again. This time, he was looking for Taiyin true deity.

Obviously, Yang Jian had been chasing after Taiyin true immortal, and they were not far from each other. If he could find Taiyin true immortal, he might be able to find Yang Jian.

"It disappeared!"

But very quickly, Chen Xiaobei exclaimed again, "Taiyin true deity has disappeared as well! That is to say, true immortal Taiyin has escaped to a certain place, and Yang Jian is chasing after him!"

"If that's the case, we can only enter this forest!" the aura is cut off here," the celestial Hound said in a deep voice. we just have to follow the aura and we will know where they went!

"Yes, although there are dangers in the forest, this is the only way!" alright! Chen Xiaobei nodded. but, wait for me. I'll find two more people before we make our move!

Then, Chen Xiaobei activated the talisman twice as he had done before.

The first time, he spied on Sun Wukong's position, and the second time, he spied on Chi You's position.

Obviously, these two people were very important to Chen Xiaobei. Chen Xiaobei had to ensure their safety.

"This is strange ... Brother monkey disappeared too ..."

Chen Xiaobei furrowed his brows and said, "It's a good thing that Chi You is still in the ancient Barrens and has already reached the territory of the 81 heavens! It seems like he knows the ancient Barrens very well!"

bro bei, what are your plans?" The celestial Hound asked.

I plan to meet Chi You first because he is the reincarnation of my master's ancient immortal. Furthermore, he is here to help me with my master's decree!

"I want to see what Chiyu is going to help me with. After all, once I enter this forest, I don't know when I'll be able to come out again ... Furthermore, I still have to go and pick up two more people!"

“Good! If that’s the case, then we’ll do as you say, bro bei!” The celestial Hound had no objections and agreed decisively.

Obviously, this forest was very dangerous, and the more help he had, the higher the chance of winning.

Soon after.

Chen Xiaobei used the returning bracelet to bring everyone to the North of the Dragon Sparrow mountain, where they could connect to the Three Realms intranet.

[ Fu Tian Xin-er has sent you a private message! ]

Chen Xiaobei received a message the moment he connected to the internet.

After that, Chen Xiaobei stuffed the verdant Emperor’s divine gourd into a red envelope and sent it to the little girl.

Then, the verdant Emperor’s divine gourd was sent over.

At this time, Futian Xin ‘er and Chang’ e were already inside the verdant Emperor’s divine gourd.

Before meeting Chi You, Chen Xiaobei wanted to meet goddess Chang ‘e.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3802: not recovered**

He entered the verdant Emperor’s divine gourd.

Xiaobei Gege!!!

Futian Xin ‘er, the little girl who had not seen Chen Xiaobei for a long time, was like a happy little bird. She immediately pounced on Chen Xiaobei, held his arm, and jumped up and down happily.

“Little girl, I haven’t seen you for a few days. Why do I feel like you’ve changed into a different person?”

Chen Xiaobei furrowed his brows and observed her. “Her pretty little face didn’t change, her slim and elegant figure didn’t change, and her sunny and lively personality didn’t change either ... Strange, what changed? Did I sense it wrong?”

“Xiaobei Gege’s feeling is right! I have indeed changed! I’ve become stronger!”

Fu Tian Xin ‘er said happily, ” “During this period of time, mother has been helping me increase my cultivation! Right now, I’ve already reached the three-star Mystic deity realm! Furthermore, as long as there is sufficient spiritual energy, one’s cultivation can continue to soar!”

three ... Three-star profound deity!?

Chen Xiaobei was stunned. He had worked so hard to reach the early stage of nine-star golden immortal, which was also the level of nine-star celestial God.

However, this little girl, Futian Xin ‘er, had already reached the three-star Mystic deity realm. She was simply terrifying!

However, after thinking about it carefully, this was not strange.

Fu Tian Xin 'er had become a demon from the heavenly stone and had even fused with the bloodline of mother Nuwa. On top of that, she also had the ability to nourish the heavens.

This was equivalent to a Holy body! Holy Meridian! He was blessed with infinite public morality!

Chen Xiaobei already knew that Futian Xin 'er had the potential to become a saint. She was very likely to become the second true Saint of the demonic race!

In addition, mother Nuwa had personally trained him and invested all sorts of top-notch resources.

It would be strange if the little girl could not reach the three-star Mystic deity realm.

"Look at how capable you are!"

Chen Xiaobei tapped her on the head and said, "Don't be proud! You still have a long way to go!"

"I know! Xiaobei talks like his mother ... Fu Tian Xin 'er pouted and complained.

"That's right, where's your big sister Chang 'e? Why didn't he come with you?" Chen Xiaobei looked around but did not see Chang 'e.

"Follow me!" The smile on Fu Tian Xin 'er's face instantly disappeared, and she even looked a little down.

Chen Xiaobei's brows furrowed. Something was not right.

On an empty patch of grass, a beautiful figure in a flowing chiffon dress was standing alone.

Her figure was impeccable, and her temperament was perfect! Her black hair fluttered in the wind, and her clothes fluttered like colorful butterflies. Just by looking at her back, one could tell that she was definitely a top goddess.

"Fairy Chang 'e ..."

Chen Xiaobei shouted from afar.

However, fairy Chang 'e had no reaction at all.

"What happened to her?"

what's going on?" Chen Xiaobei asked. He had already noticed that something was wrong.

"Sister Chang 'E's' illness 'hasn't been cured yet ..."

mother said that sister Chang 'E's heart has been corroded by the evil Arts of the Queen Mother of the West. Although she hasn't completely taken control of sister Chang' e, the evil Arts have already fused into her Yuan Shen!

that's why sister Chang 'e doesn't know anyone or remember anything. In fact, she won't have any other reactions other than being alive ...

Chen Xiaobei froze on the spot as if he had been struck by lightning.

It was obvious that sister Chang 'E's current condition, in the words of earth, was equivalent to a vegetable! Or rather, the Living Dead!

Although she was still alive, she had lost her consciousness and thoughts. She could only stand there like a plant or a dead person until her life was over and she died.

damn it!!!

After a short silence, Chen Xiaobei exploded with a terrifying rage.

It was clear that Chang 'E's current situation was closely related to Chen Xiaobei.

It was obvious that the Queen Mother of the West must have talked to Chang 'e and asked her to harm Chen Xiaobei.

However, fairy Chang 'e firmly refused.

That was why the Queen Mother of the West had used a secret technique to erode Chang 'e fairy's heart and control her.

It was obvious that Chang 'e fairy was protecting Chen Xiaobei, and that was why she was in this state.

For Chen Xiaobei, who had always valued relationships, this was an unacceptable result. It was even more unacceptable than letting Chen Xiaobei die!

Chen Xiaobei was completely enraged!

He even wanted to kill his way up to the thirty-two levels of heaven and use the blood of the Queen Mother of the West to wash away his hatred. He wanted her Yuan Shen to kneel in front of the fairy Chang 'e and kowtow to her, repent, and apologize!

brother Xiaobei, calm down!

Fu Tian Xin 'er quickly hugged Chen Xiaobei's arm, afraid that he would do something rash.

"Mother said that sister Chang 'E's' illness 'can be cured!" Fu Tian Xin 'er hurriedly said.

"What?"

Chen Xiaobei's expression changed, and he calmed down. "Quickly say it! How can I cure fairy Chang 'e?"

Obviously, curing fairy Chang 'e was countless times more important than revenge!

"Mother said that as long as we can find the Saint crystal of the river of forgetfulness, we'll be able to cleanse sister Chang 'E's primordial spirit of the power of the evil Arts."

"What is the river of forgetfulness Saint crystal? Where can I find it?" Chen Xiaobei asked impatiently.

the Saint crystal of the river of forgetfulness is the most precious treasure in the earth realm. It was once in the hands of ancestor Minghe, but later, Ksitigarbha led hundreds of millions of monk soldiers into the earth realm and went to war with ancestor Minghe's Shura religion. The Saint crystal of the river of forgetfulness was lost in the battle, and its whereabouts are still unknown ...

Fu Tian Xin 'er pursed her lips, and when she said the last sentence, her tone was a little weak.

It was obvious that the Saint crystal had been lost for trillions of years and was still missing. It would be extremely difficult to find! It could even be said that the possibility of finding it was almost zero.

"Is there any other way?" Chen Xiaobei knew that the Saint crystal of the river of forgetfulness was hard to find.

"There is a way, but the power of the demonic technique is very special. If we use other methods to get rid of it, it may cause danger and harm big sister Chang 'E's vital spirit! At the very least, my primordial spirit will be incomplete. At the very worst, my primordial spirit will be destroyed ..."

"It's precisely because the danger is too great that even mother doesn't dare to act rashly!" If we want to ensure big sister Chang 'E's safety, the safest way is to find the river of forgetfulness Saint crystal!"

"I understand ..."

Chen Xiaobei sighed. Even though he was desperate to save her, safety was still the most important thing.

Therefore, he could only let Chang 'e fairy stay in the verdant Emperor's divine gourd for the time being.

Once Chen Xiaobei had a lead on the river of forgetfulness Saint crystal, he would immediately set off to look for it.

After that, Chen Xiaobei and Futian Xin 'er chatted for a while.

After that, Chen Xiaobei returned to the real world and went straight to Chi You.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3803: The ball of light**

3803 The ball of light

Chi You was once the most powerful wizard under the twelve ancestors of sorcery.

Chi You was familiar with the ancient Barrens, so he was able to reach the 81 heavens of the Barrens without any trouble.

Then, after Chi You showed his primordial spirit ability, he received the worship of the 81 chieftains as his reincarnation and was immediately treated as a guest of honor.

Chi You was here to help Chen Xiaobei, so he stayed in the military camp at Dragon Sparrow mountain to make it easier for Chen Xiaobei to find him.

greetings, ancestral Saint Pangu ... Greetings, ancestral Saint ...

As soon as Chen Xiaobei returned, everyone in the camp, from the soldiers to the chieftain, knelt down and kowtowed to Chen Xiaobei.

They were eating Chen Xiaobei's food, and because Chen Xiaobei had disrupted the demonic Army's rear, they were able to avoid a war.

In their eyes, Chen Xiaobei was the real reincarnation of Pangu, the ancestral Saint of the witchers!

All the members of the Sorcerer tribe firmly believed this!

This made Chen Xiaobei feel a little guilty. After all, Chen Xiaobei and Pangu were not on the same page at all.

Di Jiang and the others had said that as long as they found the creation wood, they would have a chance to find Pangu's bloodline and make Chen Xiaobei the reincarnation of Pangu.

However, there were no clues at all. If this dragged on, Chen Xiaobei was worried that his identity would be exposed sooner or later.

Of course, there were some things that Chen Xiaobei had to do first.

Taiyin true deity, Monkey King, and yang Kuai had to be protected. Only then could Chen Xiaobei start to think about other things.

"Bro bei! You've finally come!"

A well-built young man, followed by a few chieftains, was walking toward Chen Xiaobei.

This young man's eyes were like an Azure Dragon, giving off an aura of might without being angry! His aura was like that of an unparalleled weapon Grandmaster! Even with a smile on his face, there was still a murderous aura coming from his bones! It was extremely terrifying!

That's right!

This person was the reincarnated weapon Grandmaster Chi You!

Chi You!?

Chen Xiaobei recognized the man and went straight to the point. I'm in a hurry to save someone. Tell me master's arrangements for you immediately. Don't waste a single minute!

"Alright!"

Chi You was also a straightforward person and immediately said, "The prime of Tongtian asked me to come here for two reasons. First, he wants me to help you gather my broken body and rebuild my body! Then, bro bei can turn my body into a Dharma Treasure!"

a magic treasure?!

Chen Xiaobei was confused. "Refine your corpse into a magic treasure? What ... What's the use of this?"

"Bro bei, you don't know!"

"I was once known as a weapon Grandmaster!" Chi You replied. I've led 90000 soldiers to battle, and the number of enemies I've killed is no less than a trillion! Therefore, my body of a senior Magus has been contaminated by the endless killing intent! After a trillion years of accumulation and refinement, it had already undergone a very mysterious change! It's known as the number one killing aura below the Saint level!"

according to the secret technique taught by the prime of Tongtian, bro bei can completely merge my body into the dragon's edge! On the one hand, it can greatly increase the level of the Dragon's edge. On the other hand, it can change the shape of this black blade, turning it into a brand new magical equipment!"

"I see ..."

Chen Xiaobei was shocked.

He had never expected that the magical treasure made from Chiyou's corpse would be related to the Tribulation of the demonic Dragon.

the second reason the prime of Tongtian asked me to come here was to guide bro bei to the entrance of the builder tree!

Chi You continued,"before the prime of Tongtian was locked up, he had traveled the ancient Barrens many times!" The last time, he coincidentally found the entrance to the creation wood, but due to time constraints, he did not enter the world of the creation wood!"

"He's truly worthy of being master!"

"My next plan is to find the entrance to jianmu!" Chen Xiaobei said in surprise. I didn't expect that shizun already knew where it was. You've really helped me a lot!"

bro bei, I suggest that you gather my body first and wait for a new magical weapon to be made. Then, you can go to the jianmu world. Otherwise, you might be in danger! Chi You said.

"Someone has already gone to look for the corpse. If you have nothing else to do, you can join the search team!"

I don't know! Chen Xiaobei said, " but right now, I have to go and find my three friends. So, I have to leave for now! But don't worry, I'll be back soon! Perhaps, when I return, your corpse hasn't even been gathered yet!"

alright then, bro bei, you go and look for them. We'll meet up here after you're done! Chi You said.

"Alright!" Chen Xiaobei nodded. This matter was settled.

After that.

The celestial Hound then brought Chen Xiaobei back to the strange forest.

After that, Chen Xiaobei and the celestial Hound entered the forest.

The celestial Hound began to search for Yang Jian and the others through their scent.

After all, the heaven glimpse Saint talisman had already confirmed that Yang Jian, the Taiyin true deity, and the Monkey King had all entered a place that even Saints couldn't predict.

Even if the celestial Hound could smell the scent, it could only find the place where they disappeared, not directly find them.

Sure enough, near a giant tree that was tens of thousands of feet tall, the aura of the three people had completely disappeared.

That's right!

It was three people!

I'm sure," the celestial Hound said. Taiyin true deity, The Great Sage, Heaven's Equal, and Erlang immortal master have all been here before. But their scent disappeared after they came here.

disappeared!?

Chen Xiaobei was taken aback, and he carefully observed his surroundings.

He didn't find anything.

After that, Chen Xiaobei activated his golden gaze fiery eyes and divine jade light.

Finally, he saw a faint green ball of light on the giant tree!

"Follow me!"

Chen Xiaobei immediately brought the celestial Hound to the green ball of light.

"What is this?"

Chen Xiaobei was surprised. there seems to be a special life force in it. It's similar to my Yin Yang life and death Ring, but it's much more advanced!

I'm afraid that this unimaginably huge forest here was formed because of the nourishment of the vitality!

No... Not just life force ...

However, at this moment, the celestial Hound revealed a nervous expression and said seriously, " the terrifying aura I smelled before is also coming from here!

"Could it be ..."

Chen Xiaobei was surprised. "This green ball of light is connected to a place that even a Sage can't divine! And brother monkey, true deity Taiyin, and Yang Jian all entered it?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3804: accidental entry**

"Bro bei! Let me go in first!"

The celestial Hound said nervously,"the aura inside is really, really terrifying!" I'll see what's going on inside first. If there's no danger, I'll come out and call you!"

"No!"

“I want to go in with you!” Chen Xiaobei said with determination. It’s precisely because it’s very, very dangerous inside that I can’t let anything happen to you, and I can’t let anything happen to brother monkey and the others!”

There was no doubt that Chen Xiaobei would rather put himself in danger than to put his friends and brothers in danger.

Therefore, Chen Xiaobei would never let Xiao Tianquan be the cannon fodder, and he would not let his own safety be the only thing that would stop him from saving hou GE and the rest.

“Then let’s go in together!”

The celestial Hound understood Chen Xiaobei and knew that there was no point in trying to persuade him.

“Good! Let’s go together!”

Chen Xiaobei understood that the celestial Hound was loyal! Loyal! Even if it were to die, the celestial Hound would not retreat!

What’s more, Yang Jian, this master, was a sincere and filial man, worthy of the celestial Hound’s protection.

“Whoosh ...”

Chen Xiaobei reached out his hand and touched the green ball of light. He felt a strong force of attraction.

Immediately after, he was drawn into a terrifying spatial vortex.

In an instant, the world spun and yin and yang reversed. It was as if he had traveled through time and space and arrived at a whole new world.

As far as the eye could see, there were Brown Mountain ranges that were so huge that they were incalculable!

The mountain range rose and fell endlessly! From all directions, it was endless! It looked like a vast ocean formed by Brown Mountain ranges!

Oh no! This Brown Mountain range was countless times larger than the sea!

“What is this place?”

Chen Xiaobei was very confused and shocked. there’s no spiritual Qi in this space, but it’s filled with an extremely powerful life force!

bro bei ... Be careful!

The celestial Hound was also teleported by the space vortex and appeared right behind Chen Xiaobei.

“What’s wrong?”

Suddenly, Chen Xiaobei felt something falling from the sky.

“Swish!”

The celestial Hound was a five-star quasi-Saint, so it was extremely fast. It rushed over and picked Chen Xiaobei up.

He flew out a hundred miles in one breath before he finally left the area of the falling object!

Right! That’s right!

The thing that was falling had a radius of a hundred miles! It was so huge that it was unbelievable!

However, what was even more unexpected was that the falling object actually floated and swayed, slowly landing on the ground.

what ... What is that thing!?

Chen Xiaobei and the celestial Hound were dumbfounded.

The two of them immediately flew back and looked down from the sky. Then, they were instantly stunned.

That thing with a radius of a hundred miles was actually a withered yellow leaf!

“H-how ... How is this possible? The radius of a single leaf was a hundred miles! How terrifying would the tree with these leaves be?”

Chen Xiaobei gasped. This scene was completely beyond his imagination.

“It’s ... It’s the creation wood!”

At this time, the celestial Hound gave a definite answer, “ in the universe, only the leaves of the creation wood of the Holy tree would be so huge!

creation wood!?

what?! Chen Xiaobei was shocked. you mean, we’re in the jianmu world now?! The radius of a single leaf was a hundred miles! In that case, aren’t the boundless Brown Mountain range the roots of the creation wood?”

“That’s right!”

“This is just the part of the root above the ground!” The celestial Hound said. The roots underground are probably billions of li deep, and their numbers are countless times greater than the stars in the sky!”

“Then ... Then how big is this creation wood? Why didn’t we see it!” Chen Xiaobei could not think or imagine.

“The size of the creation wood is uncountable!”

The celestial Hound said, “I only know that there is an incomparably huge world of the builder tree on the tree!” There were many living beings inside! There are also countries, sects, cities ... And tens of thousands of entrances and exits that connect to the universe!”

“As for why we haven’t seen the creation Wood’s true body, I’m afraid it’s because we’re still far away! We’ll need to fly in the direction where the roots are concentrated for a long time before we can reach the main trunk of the creation wood!”

“Terrifying ...”

Chen Xiaobei was shocked. Other than the word ‘terrifying’, he did not know how to describe the size of the builder tree!

“Hiss ... Hiss ...”

The celestial Hound calmed down and sniffed the air, then excitedly said, “Bro bei! I smell it! The three people we’re looking for are all in the world of the builder tree! Let’s go now!”

“That’s great!”

Chen Xiaobei was also very happy. Even though he had accidentally entered the jianmu world, he was glad that Monkey King, yang Kuai, and Taiyin true deity were all here!

Whoosh ... Whoosh ...

However, before they left, Chen Xiaobei summoned two more people.

One was the heavily injured six-eared macaque.

The other one was Fu Tian Xin ‘er.

little girl, take out the divine sunlight cache and heal the six-eared macaque! Chen Xiaobei said.

“Alright!” Fu Tian Xin ‘er immediately took out the divine sunlight treasure box.

On the other hand, six-eared macaque was confused. “Bro bei ... How ... How can I heal?”

Chen Xiaobei said, “This world of the builder tree was full of vitality! If you absorb it with all your might and use the three hundred and thirty-three blood Bodhi divine fruits, you’ll definitely recover from your injuries!”

“The world of the builder tree? Vitality?” Six-eared macaque was stunned.

“The creation wood? The sacred life Tree?” Fu Tian Xin ‘er was also shocked. She pouted and said in surprise, “No wonder I feel so close to this place! So this is the world of the builder tree!”

That’s right! One of Fu Tian Xin ‘er’s primordial spirit abilities was called the sacred life Tree! And after this special ability was activated, the Dharma that appeared was a miniature version of the creation wood!

Speaking of which, the little girl and the creation wood had a great relationship!

Luckily, Chen Xiaobei had brought the girl over in advance. She would be of great help this time!

“Whoosh ...”

After that, she activated the divine sunlight cache and covered the six-eared macaque.

At the same time, the six-eared macaque was absorbing the life force around it to recover from its injuries.

As the kun Peng's body was too strong, it took a long time to recover.

Of course, with the God-level sunlight cache, this process was completed in one second.

"It's so comfortable!"

Six-eared macaque said excitedly, "I've already recovered from all my injuries! Bro bei! Tell me! Where do you want to go? Even if you cause trouble in the heavenly court again, I will accompany you!"

### Red Envelope Group of the Three Realms

#### **Chapter 3805: troubled**

"Let's fly to the creation wood first!"

Chen Xiaobei looked at the direction where the roots were concentrated.

The huge tree roots that were as large as mountains even reached the clouds. It was unknown how long they would have to fly before they could reach the real main trunk of the builder tree.

"Whoosh ..."

However, the six-eared macaque transformed into the kun Peng form and became extremely huge!

Its wings spanned nine hundred million li!

After that, Chen Xiaobei and the others flew onto six-eared macaque's back!

Then, the kun Peng flapped its wings and flew hundreds of millions of miles away.

However, the creation wood was extremely huge. Even though they were already so fast, it still took them a long time to reach the main trunk of the creation wood.

Then, it flew up for a long time before it finally arrived near the lowest layer of branches and leaves of the creation wood.

"Alright! Let's stop here for a while ..."

"I can vaguely smell the aura of Erlang immortal master. It's the jianmu world that we just entered!" The celestial Hound said seriously.

"Whoosh ..."

After that, the six-eared macaque led everyone into the world of the builder tree according to the celestial Hound's instructions.

This world was very mysterious. It was completely built between the branches and leaves.

A large leaf was hundreds of miles wide and could even hold a city.

And the vast amount of leaves formed a vast number of countries, sects, and other forces of all sizes!

In fact, using the word 'world' to describe it would be too petty.

This place ...

It should be called the jianmu universe!

The place they entered was at the lowest level of the jianmu universe.

Under the support of Five Leaves, there was a very special tribe.

The people in the tribe were all Feathermen with feathers on their bodies. They were small in size and didn't look very powerful.

When they saw the kun Peng demonic body of the six-eared macaque, they all knelt on the ground and worshipped it.

"Let's go and ask!"

Chen Xiaobei then led the group into the Featherman tribe.

After six-eared macaque excused them, the Feathermen in the tribe stood up.

The chieftain of the tribe was an old Featherman with white hair and a white beard. His feathers were already somewhat sparse, and he was clearly advanced in years. He also spoke slowly.

"This old man, Ge Wu, pays his respects to all the highgods! May I know the reason for your visit, exalted goddess?"

The old chieftain, gewu, was a little nervous, and even his body was trembling.

Chen Xiaobei took a quick glance at the man. He was already a one-star Mystic Divine realm, which was considered very strong.

However, the reason why he was so nervous was because six-eared macaque, Xiao Tianquan, and Futian Xin'er's cultivation were all far above his.

It could be seen that the jianmu universe was also a world where martial arts were Supreme and the strong were respected!

As long as one had enough strength, they could also do whatever they wanted here!

"Old man, don't be nervous!"

"We're here to find three friends!" Chen Xiaobei said. One of them was a spiritual monkey in golden armor! The other one had three eyes! The other one should have the appearance of a refined Daoist!"

"I've seen him!"

The old chieftain nodded repeatedly and said, "This old man greets the three-eyed High God! There was a vertical eye in the middle of his brows. He was not angry, but he exuded an awe-inspiring divine might! He left after staying here for a while!"

"What did he say to you when he stopped here?" Chen Xiaobei continued to ask.

the three-eyed God asked me about the basic situation of the jianmu world. Then, he said he was going to catch the thief and left. The old chieftain, gewu, said honestly.

then, tell us about the situation of the jianmu world! Chen Xiaobei said.

Obviously, this was the first time everyone had come here, so they knew nothing about this place. Therefore, it was best to learn more about this place before setting off, just like Yang Jian, so as to avoid taking detours.

“Uh ...”

The old chieftain composed himself and said, “The world of the builder tree has a total of thirty-six levels from top to bottom. The higher you go, the more abundant the life force will be, and the living beings will be more powerful!”

“In addition, there is a realm King on each of the nine levels. You must obtain their approval before you can continue on! It’s said that if you can get the approval of the four world Kings, you will be able to enter the secret thirty-seventh level!”

of course, this is just a legend. No one knows whether the thirty-seventh level really exists or not. No one knows what kind of resources are there!

As soon as he said that, everyone couldn’t help but be a little surprised.

After all, there were only 36 levels in the heaven realm. However, there were actually 37 levels in the jianmu universe!

Of course, everyone knew about the 36 heavens of the heaven realm.

Perhaps, there was also a thirty-seventh heaven, but no one knew about it.

“By the way, there’s no spiritual Qi in the world of the builder tree. How do you cultivate? Could it be that he’s relying on that life force?” Chen Xiaobei asked again.

“Yup!”

The old chieftain, Ge Wu, said, “all the living creatures in the entire creation Wood World rely on the vitality emitted by the creation wood to cultivate!” Even Dharma Treasures and Dharma arrays would consume one’s vitality! This was the energy law of the jianmu world! It’s different from other places!”

“This ...”

Chen Xiaobei was surprised. “In other words, once the spiritual energy of our Dharma Treasures is exhausted, we can’t use them here?”

“Right!”

The old chieftain nodded his head and said, “And it’s not just your talismans! Even your own celestial core power is the same, once it’s consumed, it can’t be restored, so you must be very careful!”

After the celestial core power in his sea of Qi dantian was used up, he would absorb spiritual energy to make up for it.

There was no spirit Qi here, so the consumption of celestial core power was very limited. Once celestial core power was exhausted, no matter how strong one’s cultivation was, it would be meaningless!

Chen Xiaobei could not help but think of what Chi You said.

no wonder Chiyu told me to enter the creation Wood World after I've refined the new Magic treasure ... It seems like master had already calculated this. The new Magic treasure can definitely be activated with life force ...

Chen Xiaobei sighed. it's a pity that I'm already here. If I go back, I'll have to waste a lot of time! Yang Jian is still chasing after the Taiyin true immortal. I don't have time to waste. I have to go all the way!"

Obviously, Yang Jian, Taiyin true deity, and sun Wukong had all entered the jianmu universe.

Chen Xiaobei's problem was also a problem for the three of them.

In other words, the Taiyin true deity might be killed by Yang Jian, or he might be killed by the people in the world of the builder tree after his celestial core power was exhausted!

And it wasn't just the Taiyin true deity! Yang Jian and sun Wukong were also in the same danger!

That was why Chen Xiaobei did not have the time to go back and craft new magical equipment!

He knew that the path ahead was dangerous, but he had to walk it to the end!

"Don't worry, Xiaobei Gege!"

However, at this moment, Fu Tian Xin 'er stood out and extended a Jade-like finger, drawing circles in the air.

"Whoosh ..."

A miraculous scene was presented in front of everyone as she pointed.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3806: ability**

"Whoosh ..."

A green life force started to gather around her finger like clouds. It kept spinning and gathering, becoming more and more dense and pure!

"Ah Wu ~"

After that, Fu Tian Xin 'er took a bite of the extremely condensed life energy as if she was eating cotton candy.

Then, the life force dissolved in her body, causing her celestial core power to fluctuate and improve significantly. At the same time, it even restored her mental and physical strength.

"Holy body! The Supreme Saint body!"

ah! instantly, Ge Wu shrieked. Its eyes widened as if it had seen a living ghost. It was so shocked that it shivered and its scalp went numb.

"What is going on?"

Even six-eared macaque and celestial Hound were confused.

Just now, Ge Wu said that outsiders were unable to use life force to recover their celestial core power, but Fu Tian Xin 'er was able to do it.

could it be that Xin 'er was born in the creation Wood World? " The celestial Hound was puzzled.

"No! You're wrong!"

to be exact, the builder tree grew on Xin 'er's body. She's like half a child! Chen Xiaobei said.

"What?"

As soon as he said that, everyone was instantly dumbfounded. They simply couldn't believe their ears.

when chaos first formed, there was nothing but the green Lotus of creation, which is also known as the green Lotus of chaos in the heavenly realm! Chen Xiaobei explained.

"After that, the green Lotus withered and the heavenly Lord of the origin obtained the Lotus, which turned into the three treasure Jade Ruyi! Taishang Laojun obtained the Lotus root and turned it into a Taiyi horsetail whisk! Sect master Tongtian got the Lotus leaf and turned it into the Qingping sword! Mother Nuwa obtained the Lotus soil and turned it into a sky-mending divine stone!"

"According to the legends, before the Lotus soil turned into a sky-mending divine stone, a holy tree grew on it! In the Three Realms and six paths, all life with wood nature was derived from this holy tree! It was known as the sacred life Tree! It's also known as the creation wood!"

"And Xin 'er, this little girl, turned into a demon from the sky-mending divine stone!" The original form of her demon body was the Lotus soil that gave birth to the sacred life Tree!"

"Hiss ..."

Hearing this, six-eared macaque and Xiao Tianquan both took in a deep breath. They instantly looked at her in a new light.

"Holy body ... Holy body ..."

On the other side, old gewu was still repeating those two words, as if he was possessed. He looked at her as if he was looking at a God, full of piety and respect.

"Old man! What's with the saintly being you're talking about?" Chen Xiaobei asked.

Chen Xiaobei knew that the original form of her demonic body was a Saint-tier sky-repairing stone.

However, Chen Xiaobei could feel that the saintly being that old gewu was talking about might be different from what he knew.

"Uh ..."

Old gewu composed himself and said, "this young lady has the Supreme sacred body of life!" She could directly devour life force and transform it into any energy she wanted! Immortal essence! Spiritual power! Physical strength! It can be converted at will!"

“Furthermore, as long as she has enough time, she can directly increase her cultivation by devouring life force. She doesn’t need to cultivate as hard as ordinary people! Furthermore, she can use her life force to increase her cultivation level without being hindered by the major realms. She can continue to increase her cultivation level all the way to the peak!”

It was obvious that old gewu was very experienced and was very clear about the benefits of this sacred body.

However, Fu Tian Xin ‘er shook her head and said, “Old grandpa, you’re wrong! The sacred life Tree is only one of my primordial Spirit’s abilities! My sacred body is much more powerful than this!”

As she spoke, Fu Tian Xin ‘er ate the green marshmallow, and her celestial core power fluctuations continued to grow.

“That’s right!”

yes! Chen Xiaobei nodded and said, “Xianer’s original form is the sky-mending divine stone! A special ability related to the sky-mending divine stone! She had it all! She can even use her primordial Spirit’s special ability to repair all damaged things!”

“I’m relieved then!” “This way, as long as Xin ‘er’s cultivation is raised to a high enough realm, we can still sweep through the jianmu world!” The celestial Hound sighed.

“Since that’s the case, then take out the divine sunlight cache and let xiner cultivate faster!” “In the divine sunlight domain, a few hundred years is equivalent to one second outside!” Six-eared macaque said. If I cultivate with all my might, I’ll reach the peak stage of the pre-Saint realm very soon!”

“Exalted gods, please show mercy ...”

Old gewu said nervously, “we’re at the bottom level of the jianmu world, and there’s not enough vitality here!” If this young lady were to cultivate here, I’m afraid that she would absorb all the life force in the lowest level. We, the common people, would not be able to live!”

It was obvious that the higher the cultivation realm, the more life force was required.

If Fu Tian Xin ‘er really wanted to reach the peak of the pre-Saint realm, all the life force in the middle and lower levels of the builder tree would be completely exhausted. Billions of living beings would be affected.

“Since that’s the case, let’s go to the upper-middle level, where there’s more life force, and let Xin ‘er cultivate there! In any case, everyone’s celestial core power and spiritual energy can still support us for a while, so there’s no need to be anxious!”

Chen Xiaobei could be persuaded by reason but not cowed by force. Old gewu had already pleaded with him, so Chen Xiaobei would not continue to harm others for his own benefit.

“Let’s go, we’ll continue on our way!” With a wave of his hand, Chen Xiaobei called everyone to continue following Yang Shu’s scent.

Along the way, Fu Tian Xin ‘er was constantly eating life force marshmallows, and she actually broke through a small realm! It was terrifying!

This ability was the same as Xiao 'er's, he could level up by eating.

Many people would be envious of those who had been cultivating hard for their entire lives but were still unable to break through.

When he thought of the waiter ...

Chen Xiaobei decided to let it out and see if it could eat vitality.

"Bro bei ..."

The waiter woke up with drowsy eyes. He shook his body and spread out his three pairs of cicada wings!  
you've broken through?!

Chen Xiaobei took a closer look and realized that Xiao 'er had already reached one-star divine realm.

It was obvious that Xiao 'er's cultivation base had greatly increased after he had devoured a treasure chest made from a two-star divine item and a large number of leaves from the divine blood Bodhi tree.

"That's right! I have six wings now! Not only has my cultivation improved, but I've also comprehended a brand new innate ability!"

Xiao 'er was extremely excited. He was flying around Chen Xiaobei.

"Alright! Calm down and tell me, what special ability did you learn?" Chen Xiaobei asked curiously,

At the same time, everyone perked up their ears. They wanted to know what kind of powerful abilities the famous twelve wings Golden Cicada had.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3807: The king of realms**

3807 The king of realms

"My new ability is called 'devouring the void'! It can bite and devour all kinds of arrays, seals, curses, and so on below the Saint level ... Simply put, it can devour all kinds of energy!"

The waiter gave a brief introduction.

In an instant, everyone present was greatly shocked.

Devouring the energy of those below Saint level! This special ability was simply heaven-defying!

This way, as long as it was something related to energy, Xiao 'er would be able to crack it for anything below Saint level!

If he had woken up Xiao 'er earlier, Chen Xiaobei could have asked him to bite the Red Lotus formation and leave.

Xiao 'er had said before that when he grew six wings and twelve wings, he would gain two special abilities.

These two abilities could allow Xiao 'er's strength to increase greatly.

“Oh right! Since you can devour all forms of energy, can you devour the life force here as well?”

Chen Xiaobei asked.

Clearly, the universe seed of the builder tree was filled with extremely dense life energy. If Xiao ‘er could also devour it, he would be able to complete a huge increase in his cultivation realm here, just like Futian Xin’ er.

“Hiss ...”

The waiter took a deep breath of the surrounding life force and smiled, “This energy is so fresh! I like it!”

“Good! It’s good that you like it!” Chen Xiaobei laughed.

His guess was right!

When he reached the upper-middle level of the jianmu universe, he would find a place to let Fu Tian Xin ‘er and Xiao’ er increase their cultivation.

With the God-level sunlight cache, both of them would be able to rise to an unimaginable level.

If he could become two peak-stage Sage-to-be, it would be a great help to Chen Xiaobei.

Just thinking about it made him feel great.

Soon after.

The group continued on their way, tracking Yang Jian’s aura.

Along the way, they passed by many cities and countries. There were trillions of living creatures in the universe species of the builder tree, which was an eye-opener for Chen Xiaobei.

Of course, there were no powerful existences in the areas from the first to the ninth floor. Therefore, everyone was unimpeded.

In the same way, Yang Jian, brother monkey, and Taiyin true deity had also reached the ninth floor very smoothly.

However, after reaching this level, one had to be acknowledged by the first realm King before they could continue to the tenth level.

“I can smell their auras, but they stopped here. It seems that they have reached the tenth level!”

The celestial Hound composed itself and looked up at the sky.

“Hiss!”

At this moment, a Crimson Shadow suddenly flew out of the giant leaves above, and the sound of an Eagle’s Cry came from the Shadow’s mouth.

Everyone focused their attention, but they could not see clearly! The Eagle’s speed was even faster than the six-eared macaque!

This was a peak-stage Sage-to-be?

When everyone saw this, they were all stunned and their expressions revealed some surprise.

One must know that peak pre-Saint was extremely powerful and rare. There were no more than 30 peak pre-Saint in the entire heaven realm!

He had never expected that the first realm King of the jianmu universe would be a peak-stage Sage-to-be. His speed was even faster than that of the kun Peng. This was simply unbelievable!

It could only be said that there was always someone better! Perhaps, the heaven realm was not the most powerful place in the universe!

“Whoosh ...”

The Scarlet Falcon landed, and its mountain-like body rapidly shrank, turning into a human.

From his appearance, he was a middle-aged man in a red Daoist robe. His gaze was deep and sharp, and his aura was extremely powerful. His domineering aura enveloped the entire space, causing the surrounding atmosphere to completely freeze.

“I am the ninth layer realm King, Chu yingheng!”

The red-robed man’s eyes narrowed and he said solemnly, “Who are you? Why have you come to my jianmu world?”

“We’re here to find three friends!” yes! Chen Xiaobei stepped out and said, “I think they’ve all been approved by you to go to the 10th floor of the jianmu tower!”

“Oh, Are you sure?”

Chu yingheng sneered. I’ve seen the three people you mentioned. Not long ago, they came here one after another. However, they did not receive my approval!

“Where did they go?” Chen Xiaobei was shocked. He felt that things were not as simple as he had imagined!

He had originally thought that he would be able to find brother monkey and the other two as long as he followed the world of the jianmu.

However, Chu yingheng’s words had completely shattered Chen Xiaobei’s expectations.

The auras of Yang Jian, Sun Wukong, and Taiyin true deity had all disappeared here. If they had not reached the tenth level of the creation wood, could they have disappeared into thin air?

“Seeing how anxious you are, you must be very concerned about your friend!”

“I see that you value relationships so much, so I’ll send you to them!” Chu yingheng sneered.

you ... What do you want to do?! Chen Xiaobei was shocked.

“Whoosh ...”

As Chu yingheng waved his hand, a world of heaven and earth seemed to be hidden in the sleeve of his red Daoist robe, and a terrifying suction force instantly burst out.

this ... This is heaven and earth in the sleeve of the Zhen Yuan immortal! The celestial Hound was instantly shocked, "six ears!" Hurry up and attack! Otherwise, we'll never be able to come out again!"

"Bro bei! Lend me the ancestral Dragon Holy Meridian whip!" Six-eared macaque jumped into the air and circulated his peak stage pre-Saint celestial core power.

Obviously, Chu yingheng's power was very, very terrifying. Even though six-eared macaque had recovered the power of the demon master kun Peng, he still couldn't win. He had to rely on the power of a peak quasi-Saint artifact!

"Here!"

Without hesitation, Chen Xiaobei took out the ancestral Dragon Holy whip and gave it to six-eared macaque.

"Roar!"

The six-eared macaque waved the whip and let out a loud roar. It was the roar of the ancestral Dragon.

Then, six-eared macaque used his celestial core power. Part of it went into the ancestral Dragon Holy vein whip, and the other part of his own power. With double the power, he attacked Chu yingheng.

"Woah! Pa!"

The six-eared macaque had the ancestral Dragon Holy vein whip, which gave it a huge advantage in terms of power.

As the bone whip was pulled out, Chu yingheng's world in the sleeve was instantly broken. The suction force dissipated and it would no longer pose a threat to the crowd.

At the same time, the Whip's power did not decrease and it landed on Chu yingheng's body even more heavily. It tore his Daoist robe and left a bloody wound on his body!

It was as if he had been injured by the claws of the ancestral Dragon. Not only was his skin and flesh damaged, but his bones and tendons were also injured. His internal organs were also affected and Chu yingheng was severely injured!

"Pfft ..."

Chu yingheng spat out a mouthful of blood and retreated far away.

Based on this situation, Chu yingheng should have escaped or made peace.

However, no one had expected that Chu Ying Heng was actually laughing, and his laughter was extremely overbearing! Overbearing! There was even a bit of greed!

[Red Envelope Group of the Three Realms](#)

**Chapter 3808: explosion**

“Not bad! Among you, there are actually existences stronger than the previous three! He even has a peak quasi-Saint artifact!”

if I take this peak quasi-Saint artifact and present it to the patriarch, he'll be very, very happy. He might even reward me with some benefits!

Everyone was shocked.

Obviously, Chu Ying Heng's words were very easy to say, but the amount of information contained within was huge!

Chu yingheng was already at the peak stage of the sage-to-be realm, but he was only the first realm King!

Above him, there were still three realm Kings and an even more terrifying ancestor! How terrifying were the cultivation bases of these people?

Just thinking about it made one's scalp numb.

“You've already been injured by me, and you still want to take my magic treasure? Aren't you afraid that I'll take your life?”

Six-eared macaque calmed himself down and threatened, “We're only here to save a friend! If you're willing to let him go, we'll leave now! If you don't cooperate, you'll have to bear the consequences!”

The first battle had given six-eared macaque a lot of confidence.

He had the means to defeat Chu yingheng.

Of course, if it was possible to make peace, the six-eared macaque would be more than willing to do so.

After all, even though the six-eared macaque could defeat Chu yingheng, it might not be able to defeat the other three world Kings, let alone the elder.

Therefore, it was definitely the best outcome for Chu yingheng to let her go.

“Ha, what a joke!”

However, not only did Chu yingheng not show any signs of giving in, he laughed evilly, “I'm afraid you've forgotten something! This was the world of the builder tree! It's the territory of our creation wood sacred clan!”

“Whoosh ...”

As soon as he finished speaking, Luan Ying Heng had already taken a new action.

A vast amount of vitality rushed toward him and quickly integrated into his body. All his wounds were healed at a speed visible to the naked eye!

Whoosh ... Whoosh ... Whoosh ...

Then, more life force gathered in the space and gradually formed a huge array!

“Come! You can try again! If you can still hurt me in the slightest, I’ll admit defeat! Not only will I release your friends, but I’m also willing to give you my life!”

Chu Ying Heng was extremely confident, as if everything was under his control. There would not be any accidents, and there would not be any suspense.

Chen Xiaobei’s group started to get worried.

“Bro bei ...”

Six-eared macaque observed the formation and was shocked. This is a peak pre-Saint level formation. With Chu yingheng’s power, he should be able to fight me to a draw!

“This way, I won’t be able to hurt Chu yingheng! Once My Immortal essence is exhausted, we will all fall into Chu yingheng’s hands, and we will no longer have any chance of winning!”

The six-eared macaque’s analysis was correct.

Although they had not fought yet, if they really did, the final result would be as six-eared macaque had analyzed.

Just as Chu yingheng had said, the creation Wood World was the territory of the creation wood celestial race!

First of all, the celestial wood race could absorb life force and heal their injuries at an extremely fast speed. Although outsiders could also use life force to heal their injuries, they would need to spend countless times more time than the celestial wood race!

Secondly, outsiders were unable to use their life force to recover their celestial core power and the energy of their magic treasures. However, the celestial woodbuilding race could use their life force to activate their arrays and magic treasures infinitely!

In this way, even if it was just a little bit of exhaustion, the builder tree celestial race would be able to exhaust their opponent to death!

“Don’t panic! Stall him! I’ll get the waiter to steal the chicken!” Chen Xiaobei had already thought of a way to break out of this situation.

“Waiter? I understand!”

The six-eared macaque’s eyes lit up.

“Swish!”

The six-eared macaque activated his celestial core power again, and with extreme speed and power, he pounced on Chu yingheng.

“Whoosh!”

At the same time, the waiter quietly flew out and flew to the core of the formation without anyone noticing.

“Boom boom boom ... Boom boom boom ...”

The next moment, six-eared macaque and Luan yingheng started fighting.

The six-eared macaque waved the ancestral Dragon Holy whip, and Chu yingheng used the formation to boost his power. The clash between the two was like Mars hitting the earth. Each time, it exploded with terrifying power that could shatter the universe.

Even the entire jianmu world trembled as they fought. It was terrifying!

The two of them fought fervently, but just as six-eared macaque had predicted, they were evenly matched.

If the battle continued, six-eared macaque's celestial core power would be depleted soon.

The six-eared macaque had not only used all of his power, but he also had to use his celestial core power to activate the ancestral Dragon Holy vein whip. It was double the consumption.

In the end, six-eared macaque's celestial core power would be used up, and Chu yingheng would crush everyone with an irreversible power, ending the battle.

But!

Chu yingheng would never have thought that Chen Xiaobei had a super king Bomb that could turn the tide of the battle!

Crack ... Si ... Si ...

At the same time, Xiao 'er was already at the core of the formation, using his special ability to absorb the life force around the core. As long as he could stop the flow of energy, the formation would be paralyzed.

However, Xiao 'er's cultivation level was still a little low, so the speed of his devouring was not too fast.

It lasted for quite a while, but it still couldn't stop the operation of the formation.

"Xiao er, you little fool! The food isn't even as much as the flowing energy, so how can it stop the formation from working?"

Fu Tian Xin 'er's brows twitched as she moved her fingers. She was like a commander, silently controlling the life force around the core of the array!

Obviously, Wang Zha wanted to divide the king into the king!

Fu Tian Xin 'er's cultivation and abilities were both stronger than Xiao' er's!

"Whoosh ..."

As the little girl made her move, the life force in the core array eye began to drain rapidly.

All of a sudden, there was no energy supply at the core of the array, just like a person's heart that was no longer transfusing blood.

Without a doubt, the entire formation was instantly paralyzed!

"Swish!"

The six-eared macaque saw the opportunity. He used all his celestial core power and swung the ancestral Dragon Holy whip at Xun yingheng.

“Pa!!!”

With a loud sound, Chu yingheng’s protective celestial core power was destroyed by the ancestral Dragon Holy vein whip.

Then, the bone whip wrapped around Chu yingheng’s neck!

If the six-eared macaque exerted more force, it would be able to tear Chu yingheng’s head off!

“You’ve lost!”

Six-eared macaque said coldly.

“This ... This ...”

Chu yingheng’s face turned pale and he did not dare to act rashly.

It was obvious that if he lost his head, he would not be able to grow a new head even if he was from the celestial race.

He had no other choice but to admit defeat!

“Now, can you release my friend?” Chen Xiaobei asked coldly.

### Red Envelope Group of the Three Realms

#### **Chapter 3809: The old ancestor**

3809 The old ancestor

“Your ... Your friend is not with me ...”

Chu yingheng was really scared this time, his face was full of fear, he did not dare to show any arrogance.

It was obvious that the bloodline and physical body of the celestial race were very magical! If he dared to continue acting cool, the six-eared macaque would destroy his body in minutes. By then, he would have no time to cry.

“Are you playing with me?”

Chen Xiaobei’s face turned cold and he said, “You were the one who said that my friend was in your world in the sleeve! And now you’re telling me that they’re not in your hands! I think you’re simply tired of living!”

“Swish ...”

The six-eared macaque tightened its grip on the ancestral Dragon Holy vein whip. It didn’t say a word, but its threat was clear.

How dare you play with my bro bei! You, Chu yingheng, will have your head rolling on the ground!

“I ... I’m not playing with you!”

Chu yingheng’s face was full of panic, he did not have the courage to lie, he said awkwardly, ” “Your three friends did come, but I let them go up to the tenth floor!”

“Ha, I don’t believe you!”

shut up! Chen Xiaobei said, ” remove the spiritual connection from your world in the sleeve! I want to see it for myself!

“This ...”

Chu yingheng’s expression froze and he hesitated.

This wasn’t just checking it out personally! They were clearly trying to snatch the treasure!

Now that Chu yingheng was under six-eared macaque’s control, once the spiritual connection between universe creator and him was removed, this magical item would become Chen Xiaobei’s!

“If you don’t listen to me, I don’t mind killing you and then slowly investigating!”

Chen Xiaobei’s tone was cold, and his overbearing aura was released. He was not joking.

“Hiss ...”

Chu yingheng took a deep breath. His instinct told him that if he did not listen to Chen Xiaobei, Chen Xiaobei would really kill him.

“I ... I’ll listen to you ...”

Chu yingheng had no choice but to do as he was told.

After all, the immeasurable catastrophe was coming. If his physical body was destroyed, he would not be able to do anything big. He might even lose his life.

People had to lower their heads when they were under the eaves.

“Whoosh ...”

Chu yingheng immediately removed the spiritual connection of universe in the sleeve.

A green spiritual light ring that looked like a vortex flew out from Chu yingheng’s Taoist robe.

“Swish!”

Chen Xiaobei immediately took the ring of light and established a spiritual connection with it, becoming the new master of this peak-level quasi-Saint instrument!

Then, Chen Xiaobei could feel the nature of this magical treasure.

It turned out that this world in the sleeve was actually a huge space!

The point was that there was a peak quasi-Sage level sealing formation set up inside. It could directly suck the enemy in and seal them inside. It was very powerful.

Speaking of which, the Grand deity Zhen Yuan seemed to have a similar magic weapon. Back then, he waved his sleeve and put away the Monkey King, Tang Sanzang, and the others.

And then ...

Chen Xiaobei then began to sense what was in the world in the sleeve.

Obviously, besides sealing the enemy, this magic treasure was also Chu yingheng's storage space.

There were large amounts of high-level resources inside.

However, without spiritual jades and magic weapons, the celestial race did not use spiritual Qi. Secondly, they might be like the Sorcerer clan, who were not good at alchemy and weapon refinement after obtaining special talents.

Of course, the most important thing was that Yang Jian, Sun Wukong, and Taiyin true deity were really not in the world in the sleeve.

It seemed that Chu yingheng did not lie.

"Tell me the truth, why did you let my three friends go?"

Chen Xiaobei frowned, his heart filled with suspicion.

One had to know that Chu yingheng was by no means a kind person. If there was no reason, he would definitely not let the three of them go up to the 10th level of the builder tree so easily.

"I ... I ..."

Chu yingheng stammered, as if he had something to worry about and did not dare to speak.

"My patience is limited! You'd better not challenge him!"

Chen Xiaobei's tone was cold. He was worried about the safety of the three people. He was so anxious that he did not want to waste a second.

"I ... I'll talk ..."

"It's my third brother, the realm King of the 18th level," Chu yingheng said embarrassedly. "He asked me to put the three of them up there!" However, third brother didn't tell me why ... I'm guessing it's the ancestor's will, which is why I was so apprehensive just now!"

Chen Xiaobei furrowed his brows and carefully observed Chu yingheng's expression. He did not seem to be lying.

Obviously, Chu yingheng was ranked last among the four realm Kings. There were many things that he didn't know and didn't dare to meddle in. Hence, it wasn't strange that he couldn't explain clearly.

"Fine, whatever you don't know, forget it. But you have to tell me the truth about what you know!" Chen Xiaobei asked, "Who is your family's old ancestor?"

"This ..."

Chu yingheng gasped and became even more nervous, "I don't dare to say ..."

“Well, if you don’t dare to say it, that means you dare to die?” Chen Xiaobei’s eyes were as cold as ice.

“Don’t! Don’t! I ... I don’t want to die!”

Che Ying calmed himself down and quickly said, “The ancestor I’m talking about is the famous ancestor Red Cloud!”

red ... Ancestor Red Cloud!?

Not only Chen Xiaobei, but even Futian Xin ‘er, Xiao Tianquan, and six-eared macaque were shocked.

Only the waiter was confused. He asked curiously, “Who is ancestor Red Cloud? Is he very powerful?”

“It’s more than just powerful! Back then, he almost became a heavenly path Sage!”

The celestial Hound swallowed its saliva and said awkwardly, “Back then, the great elder opened an altar in The Purple Cloud Palace of Daluotian to preach. He wanted to set six saints!

the original placings were Grand Supreme elderly Lord, heavenly Lord Yuanshi Yuqing, sect leader Tongtian of Shangqing, demon sect goddess Nuwa, demon master Kunpeng, and ancestor Red Cloud!

“Later, Taoist Cundi and Taoist Jieyin came to The Purple Cloud Palace! The guide Taoist forcefully defeated the Kun Peng and obtained a Saint position!”

“Ancestor Red Cloud didn’t know the significance of the position at that time, so he gave his seat in The Purple Cloud Palace to Cundi! Just like that, ancestor Red Cloud passed by the Sage’s throne!”

pfft ... the waiter was dumbfounded when he heard this. “This ancestor Red Cloud is too unlucky! You’ve even given up your Saint plane!”

this is the first time I’ve heard of this ... Chen Xiaobei was taken aback. However, I also heard that the great elder once gave ancestor Red Cloud a stream of Hong Meng immortal Qi, which could have allowed ancestor Red Cloud to become a Sage ...

“However, during an accident, Grandmaster Hongyun was ambushed by a powerful demonic beast. His physical body and soul were completely destroyed, and only his primordial spirit hid in the nine Nine soul-scattering gourd! In order to protect himself, ancestor Red Cloud wanted to enter the cycle of reincarnation to reincarnate and start anew.”

“But when he entered the netherworld, he was intercepted and killed by ancestor netherworld River! In the end, his life and death were unknown! How did you end up in the world of the builder tree?”

#### **Chapter 3810: flipping books**

“You ... You’re all right ...”

“My family’s forefather was indeed intercepted by the underworld River in the land and almost lost his life!” Chu Yingheng said embarrassedly. Fortunately, my ancestor had a close friend of Lord Shi Tong who saved him at the critical moment!”

“Sovereign of the world? The Grand deity Zhen Yuan?” Chen Xiaobei exclaimed.

“It’s ... It’s the Grand deity Zhen Yuan!”

Chu yingheng swallowed his saliva and said, “My world in the sleeve was a gift from the Grand immortal Zhen Yuan! He’s on very good terms with my family’s patriarch and is very generous to us juniors!”

“F \* ck! Old man Zhenyuan isn’t kind!”

you’re so generous to others, but you’re so stingy to me. I ate a few of his ginseng fruits and even gave him a novel to read! Chen Xiaobei said to himself.

“You ... You also know the Grand deity Zhen Yuan?” Chu yingheng asked in embarrassment.

“Of course I do!” “Maybe you don’t know who I am!” I’m Chen Xiaobei from the Jie sect!”

Chen Xiaobei!?

Chu yingheng’s expression changed, he shook his head and said, “I really don’t know him ... I’ve never left the jianmu world, so I don’t know much about the people and things outside!”

“This ...”

Chen Xiaobei was having a headache. He thought that by telling them his name and being familiar with Grand deity Zhen Yuan, they would be able to move freely.

And yet, he did not even know the famous Chen Xiaobei!

“How do you usually contact the Grand deity Zhen Yuan? Let me talk to him!” Chen Xiaobei said impatiently.

“We can’t contact Grand deity Zhen Yuan ...”

Chu yingheng said, “the builder tree world is an independent world. All the laws are different from the heaven realm. Therefore, even communication Jade talismans can’t be used! Usually, Grand deity Zhen Yuan comes here every few hundred years, and only then can you see him ...”

“A few hundred years ...”

Chen Xiaobei started to sweat. It seemed that relying on his relationship with the Grand deity Zhen Yuan would not work. Chen Xiaobei would have to rely on himself to get through this stage.

if ... If you really know the Grand deity Zhen Yuan, then please return universe creator to me ... Chu yingheng said embarrassedly.

this ... Chen Xiaobei frowned.

He had just obtained a talisman, and he had to spit it out before he could even warm his pocket?

This was simply too depressing!

However, if Grand Elder Red Cloud was really a good friend of Grand deity Zhen Yuan, it would not be right for Chen Xiaobei to steal from him. They might not even be friends anymore.

However, Chen Xiaobei was a person who valued friendship. He sighed and said, "Forget it, I'll return it to you!"

After that, Chen Xiaobei gave six-eared macaque a look, telling him to let Chu yingheng go.

Then, Chen Xiaobei removed his spiritual connection with universe creator and returned the item to Chu yingheng.

"It seems that you really know the Grand deity Zhen Yuan!" Chu yingheng kept his world in the sleeve, his expression and tone were much gentler.

"Yes, now, can we go up to the tenth floor?" Chen Xiaobei asked.

"Yes! Of course you can!"

"I will personally escort you up and explain the situation to my third brother so that he won't make things difficult for you!" Said Luying Heng politely.

"Xiaobei Gege!"

the ninth level of the builder tree doesn't seem to be inhabited by any living beings," Fu Tian Xin 'er said. the life force here is even more abundant than the eight levels below. I think ...

"You want to absorb life force here?" Chen Xiaobei asked.

"Yes! Can I?" Fu Tian Xin 'er nodded her head like an obedient little baby.

we'll have to ask master about that ... Chen Xiaobei looked at Chu yingheng.

"Yes! Of course, no problem!"

"Just use the life force here!" Chu yingheng said without hesitation.

"You can use as much as you want?" Fu Tian Xin 'er blinked her big eyes and asked innocently.

"Of course, no problem! You're just a little girl, how much can you use?" use it as much as you can! Chu yingheng laughed. you don't have to save anything for me!

"Alright!" Fu Tian Xin 'er's smile bloomed like a flower.

"Then I want to cultivate here too!" The waiter was also excited.

Chu yingheng looked at the two of them and did not take them seriously.

However, even if Ying Heng had 100 million brains, he would never have thought that after today, the life force of the ninth level of the creation wood would be exhausted without a trace left!

"Then let's do this! The girl and the waiter will stay and cultivate! Liu er will stay and protect them! Heavenly roar and I will go find brother monkey and the others first, and then we will come back to meet you!"

Chen Xiaobei made some simple arrangements and the group split up.

As he continued to go up.

Chen Xiaobei met many more celestial beings.

There were Tree Men! There were insect demons! There were demon transformation ... And so on. There were all kinds of them.

However, they all had one thing in common. These celestial beings were all wood-elemental creatures! Clearly, they were of the same root and origin as the creation wood holy tree!

However, Chen Xiaobei was puzzled.

Why was Chu yingheng a fire attribute demonic beast? Moreover, his celestial core power was also of the extremely strong fire attribute! When he was fighting the six-eared macaque, many of the branches and leaves were burnt!

Of course, the world was so big that there were all kinds of strange things! Chen Xiaobei was confused but he did not dwell on it.

Soon, Chen Xiaobei and Xiao Tianquan, under Chu yingheng's escort, arrived at the 18th floor of jianmu!

This was the territory of the second king.

Just like Chu yingheng's ninth level, there was no one else living here. This place completely belonged to the Second World King.

"Swish!"

At this moment, a purple shadow flew out from the branches above.

From afar, it looked like a purple beetle that resembled a Mantis.

Of course, it was only similar.

The purple beetle was tens of thousands of miles long! He jumped down from the sky like a mountain!

The shell on his body was like purple gold, shining! Furthermore, it was filled with countless sharp spikes that were incomparably sharp and heavy, giving off a feeling of disbelief.

In front of him, there were four large arms that looked like Mantis Sickles! The blade glinted with a cold light and emitted a strong murderous aura. Obviously, it had been stained with countless blood and slaughtered countless living beings!

Of course, the most important thing was that his celestial core power fluctuations were much stronger than Chu yingheng's!

With only celestial core power and the power of its demon body, the purple beetle could probably fight to a draw with the six-eared macaque with the ancestral Dragon Holy whip! It was very, very powerful!

"Third brother!"

Suddenly, Chu yingheng shouted, "These two people are my prey! You help me hold the line, we can't let them escape!"

Chen Xiaobei and the celestial Hound's faces changed!

Unexpectedly, Chu yingheng changed his attitude faster than turning the page of a book, and instantly exploded with infinite killing intent!

“Bang!”

The other giant purple worm had already landed behind Chen Xiaobei and the celestial Hound!
