Chapter 3821: -deal

He looked towards the source of the voice.

An old man with white hair and a red Daoist robe descended from the 36th layer of heaven.

His eyes were bright like two stars! His body was radiating with the primordial chaos sacred light like the sun! Around him, there were red clouds rolling and forming a sea of clouds that covered the sky!

That's right!

This person was ancestor Red Cloud!

"Greetings, patriarch!"

Then, a middle-aged man wearing black sacred gold armor and holding a Jade Dragon horsetail whisk also flew out of the void and knelt beside ancestor Red Cloud.

This middle-aged man was none other than Zhao hengtian, the primordial chaos Black divine Dragon who had not appeared all this time!

The two of them appearing at the same time was the last thing Chen Xiaobei wanted to see!

Chen Xiaobei was not confident that he could defeat any one of them.

With both of them, Chen Xiaobei would definitely lose.

Of course, at the same time, Fu Tian Xin 'er's cultivation was only left with one minute before she could complete it.

As long as Chen Xiaobei could hold on for a minute, there was still hope!

"Whoosh ..."

However, to everyone's surprise, the first thing ancestor Red Cloud did after he appeared was to cut off the flow of life force in the entire space!

Countless red clouds surrounded Chen Xiaobei and the others, preventing any life force from entering.

"Shit ..."

Fu Tian Xin 'er stopped her cultivation and said nervously, "I'm just a little bit away, but I can't continue to break through without life force ..."

As soon as he said that, everyone became nervous.

He had never expected ancestor Red Cloud to be so smart. The moment he appeared, he had already seen through the crux of the situation.

"It seems like I can only go all out!"

Xiao xuezhan's eyes widened in anger as he clenched his teeth.

When he said “risk it,” he definitely meant “risk his life.”

This was because the enemy’s strength was not something he could contend with.

“Don’t be rash! Even if we give up our lives, we can’t solve the problem!”

Six-eared macaque quickly stopped Xiao xuezhao and said, “ even if we all die in battle, Xin ‘er still doesn’t have the life force to cultivate. Our deaths will be meaningless!

“What should we do now?” this is obviously a dead end. Without a way to break it, we will die without a doubt! the celestial Hound frowned.

don’t worry! There’s ... There’s still bro bei! Xiao ‘er said nervously, “believe in bro bei!” He’ll definitely think of a way to break out of this situation!”

Everyone fell silent and looked at Chen Xiaobei.

There was no doubt that Chen Xiaobei was their only hope in this situation. If even Chen Xiaobei could not do anything, then that would be true despair!

“Whoosh ...”

However, Chen Xiaobei dispelled the demonic saint’s nine transformations and returned to his original form.

[ding Yingluo’s cultivation base: nine-star zenith heaven golden immortal, early stage. Lifespan: 1.36 trillion years! [body and soul: 1 universe!] Combat power: one universe! [primordial spirit attack: sacred level!]

This wave of special abilities lasted for two minutes and twenty seconds, consuming 1.4 trillion years of lifespan!

Chen Xiaobei knew that he could not rely on brute force to break out of this situation. So, he decided to stop using his special ability to save his life.

“What’s wrong? You want to admit defeat?”

Red Cloud Grandmaster thought that Chen Xiaobei was going to give in when he saw Chen Xiaobei retract his power. He could not help but sneer.

Zhao hengtian grinned hideously and looked down at Chen Xiaobei as if he was looking at a clown.

“Weren’t you jumping around just now? Now that he saw ancestor Red Cloud, why was he so scared? It’s really funny!”

Chen Xiaobei did not argue but said, “ I’m not admitting defeat. I just want to have a talk with Hongyun!”

“Talk? What do you want to discuss with me? Are you even worthy?” Red Cloud Grandmaster raised his chin arrogantly, not taking Chen Xiaobei seriously at all.

“I’m Chen Xiaobei from the Jie sect! Do you think I’m worthy?” Chen Xiaobei asked.

“What!”

Hearing this, ancestor Red Cloud was shocked. His eyes widened and he even swallowed his saliva.

He had never seen Chen Xiaobei before, but he had heard of the legends about him.

“You’re the one who wreaked havoc in the heavenly court and was killed by Daoist jieyin with one move ... No! It’s the Chen Xiaobei who didn’t die in one move?”

Grandmaster Red Cloud’s eyes were wide open. He looked at Chen Xiaobei from head to toe, but the shock in his eyes did not diminish.

“Cut the crap!”

“I’m here to save my friend!” Taiyin true deity! Sun Wukong! Yang Shu! If Zhen Yuan immortal is in your hands, I also want to take him with me!”

“Ha, are you joking?”

Grandmaster Red Cloud calmed himself down. He was shocked, but he was not afraid of Chen Xiaobei. “The four people you mentioned are the most important bargaining chips in my hands! Why should I let you take it away?”

“Because I have something that can fulfill your wish!” I know! I know that you’re holding my friends here to negotiate with the heavenly path Saints behind them. They’re going to help you refine the book of Luo and river diagram!

“You’re right! But, why are you helping me fulfill my wish?” Ancestor Red Cloud’s brows twitched, showing his interest.

“Because I have one of Daoist jieyin’s ears in my hand!” “You don’t need to doubt me!” Chen Xiaobei said. This ear was personally cut off by my master!”

“I ... I don’t doubt it! I know about this!” Ancestor Red Cloud could not help but swallow his saliva and said anxiously, “I can accept your deal! Exchange the ears of jieyin for Yang Jian, Sun Wukong, and Taiyin true deity!”

Obviously, although these three people were important bargaining chips, they were not something that the heavenly path sages could not give up.

For example, although Yang Jian and Taiyin true deity were very useful to the heavenly Lord of the origin, he might not agree to help Hongyun for them.

At the same time, although mother Nuwa valued Sun Wukong, she would not easily agree to Hongyun’s request.

Therefore, Hongyun still had to slowly negotiate with the heavenly path Saints while holding on to these three people. He didn’t know how much time would be wasted!

However, jieyin’s ears were completely different!

Jieyin Daoist cultivated Buddhist techniques and incarnated into the Western religious sect, the Supreme and powerful Amitabha!

The reason why he called himself a Daoist was because he had once listened to the Dao ancestor's lecture!

On the other hand, Buddhism emphasized the boundless cultivation and power of the perfected golden body realm! Ten thousand Arts can not be broken, ten thousand tribulations can not grind!

Without an ear, jieyin's golden body would not be complete, and his cultivation would not be able to reach its peak.

The immeasurable catastrophe was coming, and the battle between the sages was imminent!

Without peak strength, jieyin would not only be unable to fight for victory, but he might even have a problem protecting himself!

Therefore, as long as ancestor Red Cloud used jieyin's ear to negotiate!

The Daoist who received him would definitely agree to help him!

Because of this, the Daoist immediately agreed to Chen Xiaobei's request.

Chapter 3822: -reversal

"Then, what about the Grand deity Zhen Yuan? Is he not in your hands? I don't believe it!"

Chen Xiaobei quickly asked.

Obviously, ancestor Red Cloud only mentioned Monkey King and the other two, but didn't say anything about handing over the Zhen Yuan immortal.

"I don't have zhenyuanzi!"

Ancestor Red Cloud said solemnly, "I did sneak attack zhenyuanzi and seriously injured him!" However, during the battle, he accidentally tore a space crack and fell into it. He's missing now!"

"Why should I believe you?" Chen Xiaobei asked.

"The reason is simple!"

Ancestor Red Cloud said indifferently, "if zhenyuanzi is in my hands, I only need to kill him. Then, the book of Luo and the river diagram will become ownerless! Why would I go through so much trouble to find a Saint to help me refine the spiritual connection between the river diagram of the book of Luo and zhenyuanzi?"

"You really are a heartless beast!" Chen Xiaobei's eyes turned cold and he said, "You're going to kill your best friend just for a Saint artifact!"

"Heh, the world bullies me and harms me, but isn't it also for the sake of obtaining benefits from me?" Ancestor Red Cloud said coldly, "why should the world let me down?" You won't allow me to betray the world?"

“Of course you can turn your back on those who have turned their backs on you!” but, not only did the Zhen Yuan deity not let you down, he even saved you from the hands of the netherworld River! You’re carrying the Zhen Yuan immortal, which means you’re even worse than an animal!”

“Alright! Cut the crap! This Lord doesn’t have time to listen to your preaching! In this world, the winner takes all. When I stand at the highest peak, everyone will think that I’m right!”

“Hand over the receiver’s ear and I will allow you to leave with your three friends!” Ancestor Red Cloud said coldly.

“Forefather!”

“Why should we let them go?” Zhao hengtian asked anxiously. Can’t we just kill that kid and snatch jieyin’s ear?”

“Idiot! Shut up!” Ancestor Red Cloud glared at Zhao hengtian but did not expose him.

“I don’t have the guiding ear. I have to leave this place to get it!” Chen Xiaobei said.

Obviously, ancestor Red Cloud was worried about this. Therefore, he did not try to snatch it.

If jieyin’s ears were not with Chen Xiaobei, killing Chen Xiaobei would be the end of the line.

“Why should I believe you?” Ancestor Red Cloud asked in a serious tone.

“Just because I’m a person who values relationships and loyalty! Even if I have to die, I will come and save my friend!” Chen Xiaobei said seriously.

“Friendship? Ha, what a ridiculous thing!” Ancestor Red Cloud said disdainfully, “you will lose an extremely important item for this word!” You will regret this in the future!”

“I definitely won’t regret this!” let me go now! Chen Xiaobei said. I’ll bring jieyin’s ear back to you in three days!

“No! I’m worried!”

no! Red Cloud Grandmaster shook his head and said, “I’ve heard about how cunning you are, Chen Xiaobei! Who knows if you’ll come back with the receiver’s ear after you leave? Or did you come back with a powerful helper?”

“If you don’t believe me, then so be it! Because! Xiaobei Gege’s helper is here!”

Xiaobei! Futian Xin ‘er suddenly shouted and flew to Chen Xiaobei’s side.

“En?”

When ancestor Red Cloud saw this, he was shocked, “You ... You little girl, how come your celestial core power fluctuations have become stronger? I’ve clearly cut off all life force! How can you continue to cultivate?”

It was obvious that when ancestor Red Cloud first appeared, he had already noticed that Fu Tian Xin ‘er was madly extracting her life force to cultivate.

Furthermore, ancestor Red Cloud could also sense that Fu Tian Xin 'er had the source of the sacred life Tree.

Because of this, ancestor Red Cloud's first action was to cut off her life force and stop her from cultivating.

He had never thought that Fu Tian Xin 'er would actually break through to the next level.

Judging from the celestial core power fluctuations, Fu Tian Xin 'er had already reached the peak of the pre-Saint realm.

"Idiot!"

Chen Xiaobei looked at Red Cloud Grandmaster and sneered, "Do you think I'm afraid of you? In fact, I'm just stalling for time so that my Wang bomb combination has a chance to act!"

what ... What King Bomb combination?! Ancestor Red Cloud was dumbfounded. He had a bad feeling.

"I'm the king!" Fu Tian Xin 'er laughed. She was extremely cute.

"I'm little Wang!" On the other side, the waiter directly flew up, looking strong and full of momentum.

That's right!

The reason why Fu Tian Xin 'er was able to break through was because of her cooperation with the waiter!

Just as Chen Xiaobei and ancestor Red Cloud were discussing ...

Xiao 'er used his new ability to shatter the void and directly bit open the sealed entrance to the thirtieth sky!

Following that, Fu Tian Xin 'er began to absorb life force from the 35th layer of heaven to cultivate!

This coordination was simply perfect and flawless. Furthermore, it was silent!

Even Xiao xuezhan, six-eared macaque, and Xiao Tianquan, who were standing at the side, did not notice it, let alone ancestor Red Cloud!

As for Chen Xiaobei, he had thought of this from the very beginning, but he could not say it in front of Hongyun.

Therefore, Chen Xiaobei purposely retracted his ability to distract Hongyun so that Xiao 'er and Futian Xin' er would have time to think.

Fortunately, Xiao 'er had just comprehended his special ability. At this critical moment, he would naturally think of his new ability.

As a result, there was this wave of explosive operation that caught everyone's eyes!

"Hmph! So what if you've reached the peak of the pre-Saint realm? Chen Xiaobei has the power of a half-step true divine, but he does not dare to fight me head on! You're just a peak-stage quasi-Sage, how much of a wave can you cause?"

Of course, although she was shocked, Hongyun was still very confident!

After all, he was extremely powerful and had a powerful treasure. Coupled with the formation here, he was absolutely undefeatable. There was naturally no need for him to be afraid.

“Heh, you old man, you dare to look down on me?”

Fu Tian Xin ‘er pouted and raised her Jade-like hand, instantly activating the sacred life tree’s special ability.

“Whoosh ...”

In the blink of an eye, a palm-sized sacred life Tree Dharma appeared in her palm.

At the same time, the entire world of the builder tree started to shake!

An incomparably terrifying life force was like rivers flowing into the sea, converging towards this side!

All the spatial restrictions of the 36 levels of heaven had been broken. Even a sealed entrance could not stop the flow of life force.

At the scene, the red clouds surrounding everyone were directly scattered. They simply couldn’t stop the overwhelming torrent of life force!

“Space ... Space law! The laws of space in the world of the builder tree have been broken!”

Ancestor Red Cloud gasped and his expression changed drastically.

“Old man!”

Fu Tian Xin ‘er’s brows twitched as she pouted, “Aren’t you very powerful? Let’s see if you can take one of my moves!”

Chapter 3823: -sage realm

Rumble ... Hualalala ... Whoosh ...

Words of law!

Fu Tian Xin ‘er’s soft cry instantly caused the boundless life force in the entire space to transform into all sorts of forms!

There was a terrifying green lightning that could shake the heavens and earth! There was a Green River that crossed a trillion miles! The endless stars, sun, and moon gave birth to a green universe!

In the blink of an eye, the power that Fu Tian Xin ‘er had unleashed seemed to have created a whole new world in front of everyone!

The terrifying pressure was like the primordial origin, the lifeblood of all living things, and it was extremely sacred! It was extremely majestic! It was extremely powerful! It was incomparably profound and difficult to describe!

“This ... This ...”

Looking at the scene before him, ancestor Red Cloud was completely stunned. His eyes were as wide as a bull's and his pupils could not help but contract. He was even breaking out in cold sweat and trembling.

"Ancestor? What's wrong?"

Zhao hengtian was standing at the side with a face full of disbelief. these green Dharma idols only have the power of a peak-stage Sage-to-be. Why are you so shocked? "

As the saying goes, the insiders look at the tricks, while the outsiders look at the fun.

Although Zhao hengtian was already a peak-stage Sage-to-be, he was still a complete layman when it came to the scene before him!

In his opinion, the green lightning, the Green River, and the green Star Universe only had the power of a peak-level pre-Saint. They were not invincible.

He even believed that he could settle everything on his own without ancestor Red Cloud's help.

"Idiot! You know nothing!"

However, at that moment, ancestor Red Cloud trembled as he took out a gourd that was as clear as a Ruby and held it tightly in his hand.

"Forefather ... You! You're joking, right?"

Zhao hengtian was dumbfounded, 'I can even defeat these green Dharma idols! Why did you take out the nine Nine soul-scattering gourd? This was a Saint artifact! The cost of using it once was equivalent to the cost of a Saint-level spirit Meridian! It's such a waste!"

"Idiot! You didn't even see what it was!"

Ancestor Red Cloud swallowed his saliva and said with a trembling voice, " "That little girl has summoned the builder tree Saint realm! Sage realm!"

"The creation wood Saint realm? What ... What is that?" Zhao hengtian was dumbstruck and could not understand.

"Do you know why I've been staying in the jianmu world? It was to find the builder tree Saint realm! That's because the creation wood Sacred Realm is one of the legendary creation Sacred Realms!"

Hongyun's emotions were instantly excited. Her eyes were filled with greed, expectation, desire, and impulsiveness. She could not calm down at all.

When Pangu broke the good fortune Jade Disk, the pieces were scattered in different places.

Some of the primordial violet vapor contained in the fragments had been integrated into spiritual objects, becoming sacred Level Ultimate treasures. Some merged into the spirit veins and became Supreme Holy Lands.

These Holy Lands were the legendary Holy land of fortune.

The creation wood Sacred Realm was one of the many creation Sacred Realms.

The reason why ancestor Red Cloud stayed in the creation Wood World for a long time was to wait for the opportunity to enter the creation wood Saint realm, find the lost pieces of the Jade plate of fate, and extract the primordial violet vapor that had been integrated into the spirit vein.

And at this moment!

Fu Tian Xin 'er had actually summoned the Saint realm of the builder tree!

Because of this, even though the surrounding green Dharma idols only had the power fluctuations of peak quasi-Sage level, ancestor Red Cloud did not dare to be careless!

Holding the nine Nine soul-scattering gourd tightly proved that ancestor Red Cloud was going to risk his life!

It should be known that ancestor Hongjun had once given ancestor Hongyun a wisp of Hong Meng immortal Qi. Obviously, ancestor Hongyun had made use of this Hong Meng immortal Qi to upgrade the nine Nine soul-scattering gourd to a holy weapon!

At that moment, ancestor Red Cloud felt that only a holy weapon could protect him.

He couldn't imagine what kind of power would burst out in the jianmu Saint realm. He definitely didn't have the guts to test the waters with his life.

If not for the fact that he was holding the nine Nine soul-scattering gourd tightly, ancestor Red Cloud would have fled in fear.

"The sacred life Tree! The heavenly Saint is born!"

After a period of preparation, Fu Tian Xin 'er's killing move was finally unleashed!

Following her delicate shout.

A huge space gate seemed to have opened in the surrounding green Dharma power!

From the space gate, a mysterious power emerged.

In an instant, countless huge leaves, trunks, and vines gathered from all directions, forming a majestic figure that was 10000 feet tall!

It was a burly man!

The tree trunk became his bone armor! The tree vines formed his veins! The leaves formed his muscles and skin!

His 10,000-foot body was like a mountain, and his muscles contained unparalleled strength. His angular face even exuded a domineering aura that looked down on everything!

At the same time, a giant battle-axe appeared in his hand!

The battleaxe revealed its sharp edge and exuded an extremely overbearing aura that could split the heavens and split the earth. It was a terrifying and frightening sight!

ancestral ... Ancestral Saint Pangu?!

Zhao hengtian, Chen Xiaobei, Xiao Tianquan, and six-eared macaque were all shocked by the scene.

That's right!

The unparalleled life force of the wood creation Saint realm had actually used the branches, leaves, and vines to give birth to an extremely real wood spirit body of Saint Pangu!

“Swish!”

In the next moment, Pangu's Wood spirit body leaped up with the support of his endless life force. Holding the huge battle axe with both hands, he swung it down at ancestor Red Cloud!

What happened next was extremely strange and terrifying!

“Woof!”

As the Pangu ax was swung down, endless vitality was added into it.

If this was a Dharma idol, its power would only be at the peak of the pre-Saint realm.

However, both the Pangu ax and the Pangu clan's Pangu clan's Wood spirit bodies were materialized at the moment. As the life force continued to pour into them, their power began to soar!

“Boom boom boom ...”

When the battleaxe was about to land on ancestor Red Cloud's head, the force was so strong that it could cut through time and space. It could even cut through the laws and tear out a chaotic and terrifying green thunderstorm!

This force was extremely powerful and was even above the level of a half-step true sage!

Fu Tian Xin 'er had said long ago that once she controlled the jianmu world, no one would be her match unless a true Saint came.

At this moment, with her Pangu wood spirit body, she could indeed defeat a half-step true Saint. She was absolutely invincible to anyone below the Saint level!

“Oh my ...”

Zhao hengtian was so frightened that his face turned pale instantly. His entire body trembled and he even hid behind ancestor Red Cloud instinctively.

Thinking back to how Zhao hengtian had wanted to take care of Fu Tian Xin 'er by himself, he felt that he was simply a joke that was beyond saving.

“Nine Nine returns to origin! Subdue the God and accept the Saint!”

Ancestor Red Cloud did not dare to delay and raised the nine Nine soul-scattering gourd high!

[Red Envelope Group of the Three Realms](#)

Chapter 3824: surrender

“Phew! Whoosh ...”

With ancestor Red Cloud's shout, the spiritual Qi equivalent to a sacred spiritual vein was directly burned out, activating the strongest power of the nine Nine soul-scattering gourd!

Endless red clouds that covered the sky suddenly burst out of the nine Nine soul-scattering gourd!

It directly enveloped Pangu's Wood spirit body!

"Whoosh!!!"

Then, a tremendous force comparable to a saint's power forcibly sucked the body of Pangu's Wood spirit into the nine Nine soul-scattering gourd.

Through the crystal-clear gourd, one could see that the body of Pangu's Wood spirit was being ground and cut by the endless red clouds. Its body was crumbling bit by bit, and a strange flame shining with the sacred splendor of the primordial chaos was burning! It completely burned those shattered bodies! Not even ashes would be left!

That's right!

This was the special ability of the nine Nine soul-scattering gourd!

Anyone who was sucked into the gourd would have their physical body destroyed and their primordial spirit destroyed!

"Hahaha! Little girl! You're no match for the old ancestor! He couldn't even take a single move from the patriarch!"

Seeing this, Zhao hengtian immediately laughed out loud like a villain, mocking Fu Tian Xin 'er with all his might, "You little brat, weren't you very arrogant just now? Didn't you say that the old ancestor can't take a single move from you? What should he do now? Had he been slapped in the face? You're so stupid! Hahaha ..."

It was obvious that the nine Nine soul-scattering gourd had a great advantage!

In Zhao hengtian's opinion, ancestor Red Cloud had the situation under his control.

Thus, Zhao hengtian was so scared that he almost peed his pants a moment ago. But at this moment, he began to take advantage of her power and made a big fuss. He completely treated Fu Tian Xin 'er as a joke and mocked her with all his might!

"Idiot! Can you look around?"

However, right at this moment, Fu Tian Xin 'er rolled her eyes at Zhao hengtian in disdain and said indifferently, "The builder tree Saint realm is unmoving! This move of mine is far from over!"

"This ..."

Upon hearing this, Zhao hengtian immediately drew in a breath of cold air. His face had even turned green.

Indeed! Just as Fu Tian Xin 'er had said, although a Pangu wood spirit body had been absorbed and destroyed by the nine Nine soul-scattering gourd, the builder wood Saint plane Dharma laksana was still intact!

If Fu Tian Xin 'er's move was at the creation wood Saint realm!

In that case, the Pangu wood spirit body just now was only the prelude to this move!

Everything had just begun!

Swoosh Swoosh Swoosh Swoosh ... Swoosh Swoosh Swoosh Swoosh ...

In the next moment, a terrifying scene appeared in front of everyone's eyes!

In just a short moment!

Countless Pangu wood spirit bodies were suddenly born from the creation wood Saint realm!

Towering figures of Pangu wood spirits, each carrying a huge and brutal Pangu axe, charged toward ancestor Red Cloud with lightning-like steps!

Ten! A hundred! A thousand! Ten thousand! 100,000 ...

In an instant, thousands of troops and horses pounced on them, shaking the heavens and earth. The entire jianmu world was trembling violently!

Three hundred thousand Pangu wood spirit bodies!

Every single one of them unleashed a power that was above that of a half-step true sage!

my God ... This ... What should I do?!

At this moment, even someone as strong as ancestor Red Cloud was so shocked that his face turned ashen. He screamed and fell into endless despair.

"Save me ... Patriarch, save me ..."

Needless to say, Zhao hengtian's arrogance had turned into extreme fear in an instant!

His pupils shrank, his scalp went numb, and his body and mind trembled violently!

The great primordial chaos Black divine Dragon had been reduced to a small Loach!

If not for the fact that he had abstained from food for many years and did not have any urine in his body, his crotch would have long been drenched!

"Nine Nine returns to origin! Keep ... Keep ... Keep ..."

Ancestor Red Cloud had no other choice but to lift the nine Nine soul-scattering gourd and activate its special ability.

This was indeed a holy weapon!

However, ancestor Red Cloud was not a heavenly path Saint and could not use his celestial core power to activate the Saint item! Every time it was activated, it was equivalent to a Saint-level spirit Meridian being burned out!

One Saint level spirit Meridian was equivalent to nine million quasi-Saint level spirit meridians!

Ancestor Red Cloud had been in seclusion for hundreds of millions of years, but he had only accumulated the spiritual Qi equivalent to seven Saint-level spiritual veins.

In other words, he could only activate the nine Nine soul-scattering gourd seven times!

Every time he activated it, his heart would bleed. He felt as if a piece of his flesh had been cut off. It was simply so painful that he wanted to die!

Of course, the most important thing was that even if seven pieces of his flesh were cut off, it still wouldn't solve the problem!

That was because the number of Pangu wood spirit bodies was simply too great!

Even if the nine Nine soul-scattering gourd could take in the ten thousand Pangu wood spirit bodies, it could only take less than eighty thousand!

There were over two hundred and twenty thousand Pangu wood spirits left!

Any one of them could defeat ancestor Red Cloud!

“Stop! Stop!”

The spiritual energy had been exhausted. Ancestor Red Cloud could only scream hysterically, “Quickly stop! Otherwise, I will immediately detonate my Red Cloud world! I'll let your friends be buried with me!”

Chen Xiaobei was a little nervous.

Even though ancestor Red Cloud might be lying, what if he was telling the truth?

Chen Xiaobei did not want to risk his brother's life.

“Little girl! Stop!” Chen Xiaobei quickly called out.

“Alright!” Fu Tian Xin 'er nodded her head obediently. With a single thought, the 220000 Pangu wood spirit bodies all stopped in their tracks.

“Phew ...”

Upon seeing this, ancestor Red Cloud and Zhao hengtian heaved a sigh of relief.

It was obvious that they had no way of blocking this attack from her. If she had not stopped, they would have all died!

Don't forget! What Fu Tian Xin 'er said was true. She was invincible below the Saint level!

It was clear that the actual combat power of a Saint artifact was far inferior to that of a heavenly path Saint!

If a heavenly path Saint was here, his celestial core power would not have been exhausted, and he would not have lost to her.

“Old thief Red Cloud! If he wanted to live! Hand over my friend immediately!” Chen Xiaobei shouted.

“I ... I can't hand it over!”

Ancestor Red Cloud shook his head heavily and said, “I can still live if I keep the hostages!” Once I release him, you will definitely kill me!”

“I don't like it when others try to negotiate with me!” Chen Xiaobei's eyes turned cold and he said, “You better not test my patience! Otherwise, you will bear the consequences!”

“You little brat! What are you being so arrogant for! Your friend is in our hands! If you dare to mess around, we'll die together!” Zhao hengtian became arrogant again.

In Zhao hengtian's eyes, Chen Xiaohua had always placed great importance on the safety of the hostages. As long as he had the hostages, he, Zhao hengtian, had the right to be arrogant!

Chen Xiaobei ignored Zhao hengtian and said, “Little girl, I want to use this long worm's demonic body to refine a magic treasure.”

“Alright!” Fu Tian Xin 'er smiled.

“Woof! Buzzzzzz! Whoosh!”

In the next moment, the three Pangu wood spirits suddenly rose up and swung their Pangu axes at Zhao hengtian!

[Red Envelope Group of the Three Realms](#)

Chapter 3825: see through

Jade Dragon Saint look!!!

Zhao hengtian shrieked out hysterically. His face had turned deathly pale in an instant, and his body trembled violently. He took out the Jade Dragon horsetail whisk in a flurry and immediately activated its strongest power. He did not dare to hold back or hesitate.

“Woof!”

In the next moment, the power of this half-Saint weapon was activated, and a huge amount of spiritual Qi was instantly burned out!

With a wave of the horsetail whisk, a vast Jade Dragon was actually created!

The enormous dragon head smashed down toward the three Pangu wood spirits.

“Woof! Buzzzzzz! Whoosh!”

However, the power of Pangu's Wood spirit body was stronger than a half-step true Saint, so it was naturally stronger than a half-step Saint weapon!

The three Pangu wood spirits wielded their Pangu axes and slashed out three green Crescent blades, crushing down with unparalleled power!

In an instant, the Jade Dragon Dharma power that had just been condensed was cut into three abyssal cracks without any resistance, as if it was tofu!

Then, a Pangu wood spirit remained where it was and continued to destroy the Jade Dragon Dharma power!

As for the other two Pangu wood spirits, they raised their Pangu axes and continued charging at Zhao hengtian!

“Save me, patriarch! The old ancestor! Help!”

The Jade Dragon horsetail whisk was completely useless. Zhao hengtian’s face was filled with endless despair. Other than asking for help, there was nothing else he could do.

“Chen Xiaobei! Stop!”

Ancestor Red Cloud bellowed in an attempt to stop the Pangu wood spirit from attacking Zhao hengtian.

However, he only roared and did not attack at all.

That was because even if he were to make a move, he would not be able to stop the body of Pangu wood spirit, and he might even get himself killed.

“Woof!”

In the next moment, the first Pangu wood spirit had already arrived before him with an axe in one hand, and swung it in a sharp green arc! In terms of speed and strength, he had completely crushed Zhao hengtian!

Clang! Clang!

With a crisp sound, the Pangu axe hit the Jade Dragon horsetail whisk and sent the half-step Saint weapon flying.

“Woof!”

At the same time, the second Pangu wood spirit wielded his Pangu axe, and its target was Zhao hengtian’s head!

“Don’t ... Don’t ...”

With Zhao hengtian’s speed, there was no way he could Dodge in time. Filled with endless despair and fear, he could only let out a wail as his soul trembled. He could not do anything at all.

Of course, he could only blame himself for this!

He could have just kept his mouth shut and hid behind ancestor Red Cloud, but he had to jump out and mock Chen Xiaobei and Fu Tian Xin ‘er.

Now that he had ended up like this, he was asking for it!

“Woof!”

Only to see! The Pangu axe swept across! It directly shattered Zhao hengtian’s protective celestial core power! Even though a portion of the force had been reduced, the remaining force was still extremely terrifying. The blade of the axe had cut through Zhao hengtian’s throat!

“Pfft ...”

Immediately after, fresh blood spurted out from his mouth, causing his body to rapidly approach death.

Originally, Zhao hengtian was a celestial being of the builder tree race and could use his life force to heal his wounds. As long as the healing was fast enough, it was still possible for him to keep his physical body.

Unfortunately, at this moment, the world of the builder tree was already under the control of Fu Tian Xin ‘er!

The little girl had already reached a terrifying level where she could control the laws. She had long since used the energy laws to freeze all the life force in the entire space!

“Bang!”

In the end, Zhao hengtian’s physical body died completely and he fell from the sky!

After his physical body died, he automatically returned to his original form, the primordial chaos Black divine Dragon!

It was a Black Dragon that was millions of miles long! The Dragon scales on its body seemed to be made of Black Gold, shining with the unique luster of metal. Furthermore, the shape of the Dragon scales was also very special. They had sharp edges and spikes, making it look like a dragon wearing battle armor made of Black Gold! It was extremely impressive! It was extremely domineering!

Furthermore, according to Xiao xuezhao’s introduction, the primordial Crow Divine dragon’s bloodline and demonic body were both related to its defense. Its physical strength was extremely terrifying and could even defend against a half-step true Sage’s attack with its peak quasi-Sage cultivation!

It was a pity that Zhao hengtian had encountered the invincible Fu Tian Xin ‘er, who was below the Saint level. He did not even have the time to display the power of his demon form before he died.

“Forefather ... Forefather, save me ...”

Of course, Zhao hengtian’s primordial spirit immediately left his dead body and flew to ancestor Red Cloud’s back to seek protection!

“Swish!”

However, right at this moment, the three Pangu wood spirits launched another attack!

Two of them directly stood in front of ancestor Red Cloud, intimidating him so that he did not dare to make a move!

The remaining Pangu wood spirit waved its hand and caught Zhao hengtian's soul as if it was a fly.

"Forefather ... Forefather ..."

Zhao hengtian shrieked. To think that he had naively thought that ancestor Red Cloud would save him.

Unfortunately, the truth was that ancestor Red Cloud would not risk his life for him.

The darkened ancestor Red Cloud could even harm and kill the Grand deity Zhen Yuan. Zhao hengtian was not even worth mentioning.

Poor Zhao hengtian. He had followed Hongyun for billions of years, but even when he was captured, Hongyun did not help him at all.

"Swish!"

Just like that, the three Pangu wood spirit bodies brought Zhao hengtian's yuan Shen and flew over!

"Severing the heavens with a single thought!"

Chen Xiaobei immediately used his primordial Spirit's special ability and severely injured Zhao hengtian's primordial spirit, causing him to lose all ability to fight!

spare me ... Young master Chen, spare me ...

Zhao hengtian thought that Chen Xiaobei was going to kill him, and he screamed in fear.

"Heavenly roar, lock him up!"

Chen Xiaobei ignored Zhao hengtian and said.

"Alright!"

The celestial Hound took over Zhao hengtian's primordial spirit and locked it together with Luan Ying's and Heng Lu's.

After that.

Chen Xiaobei turned to look at Red Cloud Grandmaster and said, "Let my friend go! This is the last time I'm telling you this! If you still refuse, Zhao hengtian will be your role model!"

"You! You're threatening me! Aren't you afraid that this Lord will fight to the death?" Ancestor Red Cloud frowned and shouted.

"I was indeed a little worried that you would drag my friend down with you if you were forced into a corner!"

Chen Xiaobei had already seen through everything."However, I'm not worried at all now! For the sake of your own safety, you didn't even care about Zhao hengtian! This shows that you value your life very much! A person who is extremely afraid of death!"

this ... ancestor Red Cloud's face changed and he was speechless.

“You’re so afraid of death! We definitely won’t be willing to die together!” “I’ll give you three seconds!” Chen Xiaobei said. Or you let him go! Or I’ll capture your primordial spirit and force you to release him!”

Chapter 3826: intrusion

“You ... You attacked Zhao hengtian! It was to test me! What a cunning little brat!”

Red Cloud Grandmaster did not expect that Chen Xiaobei’s real purpose was to test his mentality!

In the end, in order to protect himself, Red Cloud Grandmaster did not care about Zhao hengtian at all. Chen Xiaobei had seen through his fear of death!

This way, Chen Xiaobei had the upper hand!

“Heh, you’ve underestimated me! Not only did I test you, but I also obtained something of great importance!”

Chen Xiaobei raised his eyebrows and put Zhao hengtian’s demonic body into his infinite space ring.

With this demon body, together with sect leader Tongtian’s refining method and luohou’s immortal-killing sword Qi, he could upgrade the demonic Dragon’s tribulation and make it into a very special magical weapon!

This magical item had a special effect on life force. It would be of great help to Chen Xiaobei!

“Chen Xiaobei, I don’t care what you want Zhao hengtian’s body for! But I have to make it clear to you!”

“You’re right!” Ancestor Red Cloud said solemnly. I’m very afraid of death! So, you should understand that if you threaten my safety, I will definitely drag your friend down with me!”

I know. Otherwise, I wouldn’t be talking nonsense with you right now. I would’ve just attacked you!

“You’re afraid of death, but so am I!” Chen Xiaobei said. So, I don’t intend to force you to your death!”

“Good! With your words, this Lord can rest assured!”

Ancestor Red Cloud said, “I can open up the red Cloud world and let you all go in to save your friends!” However, as a price, you have to make that little girl open the entrance to the builder tree Saint realm and let me enter the Saint realm! This way, we’ll be in two different worlds. You can’t hurt me, and I can’t hurt your friends! This is the fairest and most secure way!”

“Sure!” Chen Xiaobei nodded without hesitation.

“Xiaobei Gege! Don’t be in a hurry!”

Futian Xin ‘er furrowed her brows and went to Chen Xiaobei worriedly, “The creation wood Sacred Realm is different from the creation Wood World! I can suppress and even kill Hongyun in the world of the builder tree! However, once I enter the builder tree Saint realm, I won’t be able to use my special ability! In other words, we will lose the initiative!”

“It doesn’t matter! It’s more important to save people!” Chen Xiaobei had always put his family and friends first. He could always think about other things after he had saved them.

“But ... The creation wood Saint realm is also the creation Saint realm!” Fu Tian Xin ‘er said worriedly. There are fragments of the good fortune Jade Disk inside! He could even extract the primordial violet vapor! If these two treasures fall into Hongyun’s hands, the consequences will be unimaginable!”

“Listen to me, Save the People First! We’ll talk about other things later!” Chen Xiaobei was very determined and did not hesitate.

alright ... in the end, Fu Tian Xin ‘er chose to listen to Chen Xiaobei and nodded.

“Whoosh ...”

Following that, with a single thought from her, a space gate slowly opened in the center of the green Dharma images!

At the same time, three hundred thousand Pangu wood spirits stood guard at the door to prevent ancestor Red Cloud from slipping in.

I will walk to the door and open the entrance to the red Cloud world! Ancestor Red Cloud composed himself and flew over.

Very quickly, ancestor Red Cloud arrived near the spatial gate.

Of course, there were still dozens of Pangu wood spirit bodies in front of him. If Fu Tian Xin ‘er didn’t give in, he wouldn’t be able to enter the spatial gate.

Chen Xiaobei!

Ancestor Red Cloud composed himself and said, ” “Go and save your friend!”

Words of law!

Above the 36 levels of heaven, a fiery red spatial gate opened!

“Swish!”

Without a word, Chen Xiaobei charged at them.

“Little girl! Get these wood spirit bodies to make way! Otherwise, I’ll close the door immediately!” Ancestor Red Cloud roared.

Seeing that Chen Xiaobei had already rushed over, she had no choice but to compromise and control the last of her Pangu wood spirit body to move away.

“Swish!”

Ancestor Red Cloud rushed into the space gate with one step!

Of course, this old fox was very cunning. The moment he entered the door, he suddenly had a thought and wanted to close the entrance to the red Cloud world.

However! He, Hongyun, was cunning, but Chen Xiaobei was not stupid!

“Ling jixiao!”

The moment the entrance to the red Cloud world closed, Chen Xiaobei flashed over and entered the red Cloud world.

Just like that, Chen Xiaobei and Hongyun entered two separate independent worlds.

“That was close! Thank God Xiaobei Gege reacted fast!”

Fu Tian Xin ‘er let out a long breath, but she was still worried, ” “I just don’t know what kind of danger there will be in the red Cloud world. Can Xiaobei go in alone and save his friend?”

“Don’t worry!”

of course! Xiao xuezhan said confidently, ” Shixiong Xiaobei has Zhao hengtian’s body. As long as he can create the magical treasure designed by the prime of Tongtian, he will be able to save the man!

“Bro bei can definitely do it!”

what we need to worry about now is how we’re going to deal with Hongyun if he gets the creation fragments and the primal purple Qi, ” six-eared macaque said with a frown.

“Yup ...”

The celestial Hound said in a deep voice, ” a wisp of primal purple Qi made the nine Nine spirit-scattering gourd reach the Saint level!” The second wisp of primordial violet vapor could make this Saint weapon even stronger. In addition, it could also be combined with the creation fragments and other opportunities! I’m afraid that even Lady Xin ‘er won’t be able to suppress him!”

Xiao ‘er said, ” we can only hope that bro bei will come out soon!” Then, he would kill all the Saint realm cultivators and stop Hongyun’s actions! It would be best if bro bei gets all the treasures and opportunities. Then, the situation would be completely different!”

As soon as he said this, everyone nodded. If the end result was as the waiter had said, then it would naturally be the most perfect result!

.....

Red Cloud world.

Even though Chen Xiaobei had managed to rush in at the last moment ...

However, Chen Xiaobei was dumbfounded the moment he entered the room.

In this world, there were endless red clouds everywhere. From top to bottom, from all directions, there were no blind spots. They were all filled with red clouds.

Chen Xiaobei could not even tell North from South, East from West. He had no idea how big the world was.

Trying to save someone in this world was like looking for a needle in a haystack. Furthermore, the ‘seawater’ here was not transparent! It was countless times more difficult than finding a needle in a haystack!

“I’m afraid this is a bewildering formation ...”

Chen Xiaobei activated his golden gaze fiery eyes and divine jade light, but he could not see through the red clouds.

It was obvious that the level of this bewildering formation had already surpassed the level of the clear Jade divine light. Even if it wasn't a Saint level, it must be a peak quasi-Saint level!

"I have to break this bewildering formation! Otherwise, you will never be able to save him!" Chen Xiaobei calmed himself down and started to think.

"Eh? The source of energy for this bewildering array seems to be the life force of the builder tree world!"

Chen Xiaobei was stunned for a moment, then he said, "There's a way! As long as he could create the magic treasure designed by his master! I can break the formation!"

Chapter 3827: origin

Chen Xiaobei calmed himself down and started to craft the equipment.

Even though Chi You had only explained the refining method verbally, Chen Xiaobei had the scholar heart. He had basically understood it completely. As long as he thought it over carefully when he was actually doing it, there should not be any problems!

After that, Chen Xiaobei took out the heaven and earth furnace, the demonic Dragon's edge, and the primordial chaos Black divine Dragon's body. He then took out the divine Demon Fire and started to melt them.

Of course, artifact crafting still required all sorts of supplementary materials.

This was supposed to be a huge problem, but Chen Xiaobei had taken the three realm Kings' storage space. There were no spiritual jades or magical items in there, but there were plenty of high-grade heavenly materials and earthly treasures.

Chen Xiaobei could find almost all the materials he needed.

Even if he could not find it, Chen Xiaobei could use another material or a few other materials to replace it.

Therefore, there was no problem with the materials.

Then, Chen Xiaobei summoned a large number of Yu-winged demonic snakes and asked them to activate the sunlight cache.

The level of this magic treasure was very high. Refining it would definitely be a long process.

It was a pity that Fu Tian Xin'er and the God-grade sunlight cache were both outside the red Cloud world. Otherwise, he wouldn't have to worry about his forging speed.

Whoosh ... Whoosh ...

The process after that was relatively smooth.

Chen Xiaobei had done all that he needed to do. Then, he controlled the temperature, intensity, and power of the fire. All he had to do was wait for the magical treasure to take shape and be successfully refined!

Of course, this process was the longest.

Chen Xiaobei was not going to be idle.

Then, he took out the sky-imprisoning painting of the northern Mystic, the Qilin space, and hundreds of Xumi spaces.

Then, he summoned Emperor River.

With the help of Emperor Jiang's space law, all these spaces were integrated into the "Northern profound heaven imprisoning Painting", causing the sealed space in the painting to expand rapidly!

The expanded space within the map could even be compared to the space within the verdant Emperor's divine gourd. It would not be a problem to store a large number of planets and continents!

At the same time, Chen Xiaobei took out the seven Star pre-Saint Red Lotus formation, the seven Star pre-Saint thousand sword formation, the seven Star pre-Saint Sword cavern mountain, and the two demonic Fire Red Lotus seals!

What Chen Xiaobei was going to do was to merge all these things into the sky-imprisoning painting and create a brand new, super magical treasure!

Although it was impossible to determine how strong this magic treasure was!

But according to Chen Xiaobei's estimation, one demonic Fire Red Lotus seal was enough to seal a seven-star pre-Saint!

Now that he had two demonic Fire Red Lotus Imprints and other things, he could at least seal a nine-star quasi-Sage, or even a true sage!

Of course, this was just Chen Xiaobei's guess.

Chen Xiaobei would only know what the final result would be after he finished forging the magical treasure!

Whoosh ... Whoosh ...

Just like before, Chen Xiaobei took out a large number of high-grade heavenly materials and earthly treasures to assist him. Then, he finished the preliminary work.

After that, he placed the two magical treasures into the heaven and earth smelt at the same time to smelt and cast them.

bro bei, I was so busy just now that I didn't have the time to ask you. Is this a place? "

Emperor Jiang frowned slightly, as if he didn't like the surrounding environment.

this is ancestor Red Cloud's independent small world. The place we are in now should be the bewildering array he used to protect this world.

Chen Xiaobei explained.

ancestor Red Cloud!?

Emperor Jiang was a little surprised. so it's this guy. He almost became a Saint back then, but I heard that he was killed by Minghe. I didn't expect that he would open up a new world here!

"Are you close to him?" Chen Xiaobei asked.

"We're not familiar. It can be said that we've never had any interactions!"

Di Jiang paused and changed the topic, " "However, Hongyun has a close relationship with the ancestral Saint Pangu! It is said that he became a demon through a Red Cloud, and this Red Cloud was once a breath of life essence of Saint Pangu!"

no wonder Hongjun was so nice to him. He even gave him the position of Saint and Hongmeng immortal Qi. It was because of Hongyun's nature! Chen Xiaobei said.

that's right. If he had become a saint back then, perhaps something would have changed!

Emperor Jiang sighed and said, " what a pity! I don't know what this man is thinking. He just gave up his position and stupidly went to help Kunpeng who had his position taken away. When he turned around, he was beaten to death by Kunpeng. He could only hide in the gourd and escape to the underworld!

"Yup ..."

Chen Xiaobei nodded and pondered, " "But then again, Hongyun abdicated the position of Cundi! The kun Peng was brought down from the Saint position! I'm afraid this is not a coincidence!"

"Bro bei, are you saying that someone is behind this?"

the heavenly Dao? " Emperor Jiang's eyes narrowed as he said, " only the heavenly Dao can control this game!

"It's definitely the heavenly Dao!"

of course! Chen Xiaobei nodded. don't forget that the ancestral Saint Pangu was once the enemy of the heavenly axiom! Hongyun is related to the Holy ancestor Pangu, so how could the heavenly Dao allow him to become a saint?"

"So, the way of heaven found Cundi and took away a position before Hongyun knew what it was for! This is equivalent to eliminating a hidden danger!"

"That makes sense!"

Emperor Jiang nodded, but then he asked doubtfully, " "But why did the heavenly Dao want jieyin to snatch the position of Sage from kun Peng? Isn't kun Peng a dog of the heavenly Dao?"

Chen Xiaobei thought for a moment and said, "kun Peng shouldn't have been a Lackey of the heavenly axiom in the first place! It was only later, when the demon heavenly court developed to its peak and posed a threat to the heavenly Dao, that the heavenly Dao instigated the kun Peng's rebellion!"

"I understand ..."

yes! Emperor Jiang nodded and frowned. Hongyun trapped us with this formation. He couldn't have been turned against the heavenly Dao, could he? "

it's like this ... Chen Xiaobei told Di Jiang about the fight with Hongyun.

"That won't do!"

Di Jiang immediately became nervous, "if there are no accidents!" The builder tree Sacred Realm might be the entrance to the ancestral Saint Pangu's remains! If we let Hongyun in, the consequences will be unimaginable!"

this ... Chen Xiaobei was stunned.

At that time, in order to save people, he didn't think much and let Hongyun into the builder tree Saint realm.

However, at this moment, Emperor Jiang's words woke him up from his dream!

If the builder tree Sacred Realm could really lead to the ancestral Saint Pangu's relic, and Hongyun was related to Pangu, then the opportunity in the ancestral Saint Pangu's relic might fall into Hongyun's hands!

Pangu bloodline? A fragment of the Pangu axe? Pangu's inheritance?

These things would probably turn Hongyun into a Super Monster, or even restore Pangu's peak strength!

The result was simply unimaginable!

we must go to the builder wood Sacred Realm as soon as possible to stop Hongyun! Emperor Jiang said anxiously.

"I know!"

Chen Xiaobei frowned and said, " "Since I can't wait for the magic weapon to be refined, I'll use the hard way!"

Chapter 3828: A boy

3828 A boy

Obviously, both of these magical items would reach a very high level. It was impossible to make them in a short time. Chen Xiaobei could not just wait there!

[ding Yingluo's cultivation base: nine-star zenith heaven golden immortal, early stage. Lifespan: 1.359 billion years! [body and soul: 1 universe!] Combat power: one universe! [primordial spirit attack: sacred level!]

By burning ten billion years of his lifespan, Chen Xiaobei had stepped into the pseudo true divine realm!

break!!!

break! Chen Xiaobei shouted. The purple-gold ROC's wings and fins suddenly expanded to a trillion miles, breaking the maze and even touching the edge of the red Cloud world!

"I've succeeded!"

Di Jiang was extremely excited by Chen Xiaobei's strength.

Whoosh ... Whoosh ...

However, he was happy for less than three seconds! The red Cloud bewildering formation, which had been torn apart by the purple-gold Peng's wings and fins, was once again condensed under the blessing of life force!

In other words, Chen Xiaobei's attack was useless.

Even ten billion years of life would be wasted.

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei tried a few more times.

Not only did he tear apart the array, he even tried to force his way out.

But strangely, no matter what Chen Xiaobei did, the formation would still reform and trap Chen Xiaobei and Di Jiang in place!

"Whoosh ..."

Chen Xiaobei had no choice but to dispel his special ability to avoid wasting his life.

"I'm completely out of ideas now ..."

Chen Xiaobei's face darkened.

As time went by, ancestor Red Cloud was getting closer and closer to the ancestral Saint Pangu's remains! He was getting closer and closer to the huge opportunity!

"This is really troublesome!"

Emperor Jiang frowned and said, "even if I call the candle Dragon out and use the time law to accelerate it, it will still be too late!" After all, the time law's special ability consumes spiritual power. Moreover, there's no point in accelerating it by a few hundred years!"

Obviously, the two Dharma Treasures being forged were both aimed at the high-level and even the peak quasi-Sage level.

Such a magic treasure could not be made in tens of millions or even hundreds of billions of years. It was useless to ask the candle Dragon to come out.

Now that things had developed to this point, it was as if they had fallen into a dead end.

If they couldn't break out of the situation, they could only be trapped to death!

If Hongyun got Pangu's opportunity first and returned, Chen Xiaobei and Di Jiang would be dead, and so would their companions in the jianmu world!

This was simply the greatest despair!

kakakaka ... Kakakaka ...

Suddenly, a strange noise came from behind Chen Xiaobei and Di Jiang.

He turned around and saw that a young boy had torn a hole in the void!

The little boy was fair and clean, and his face was like a dumpling, white and round, making people want to pinch him.

He bit the crack in the void and gradually formed a big hole.

And his body also drilled through the Big Hole!

At such a young age, he was wearing a set of golden armor that shone with holy light. On his back, there were twelve crystal-clear and beautiful cicada wings!

waiter!?

Both Chen Xiaobei and Di Jiang were stunned.

"Bro bei! Big brother dijiang!"

The little boy ran over and said excitedly.

"Sister Xin 'er just helped me break through to the peak of the pre-Saint realm! I can already take human form! I've also comprehended a second special ability! Devour the laws!"

"I couldn't wait to tell you the good news, so I bit open the space gate! You don't say, the laws of space are crunchy and delicious!"

Xiao 'er was so happy that he jumped around Chen Xiaobei.

"Uh ..."

Chen Xiaobei and Di Jiang were both stunned.

They had never expected that Xiao 'er would break through to the peak stage of the sage-to-be realm just as they were in despair. He grew the last pair of wings and even took human form!

The most terrifying thing was!

Xiao 'er had actually comprehended a new special ability!

Devouring the laws!

It could even bite and eat nomological laws. It was simply terrifying!

waiter ... You ... Can you devour all laws? "

Emperor Jiang asked impatiently.

After all, the supernatural abilities of the twelve ancestors of sorcery were all nomological supernatural abilities.

Emperor Jiang was somewhat unwilling to be outdone by the waiter.

“Of course not!”

The waiter said, “I can only devour weaker laws!” How about just now, when I bit open the space crack, it should have triggered the space turbulence, but I bit open this nomological law, so the space turbulence no longer appears!”

“This is mainly because the level of the red Cloud world is not high and the spatial dimension laws are not strong! However, if it was above the 32nd heaven in the heaven realm, I wouldn’t be able to bite through the laws there! I have to improve my cultivation!”

Hearing this, Emperor Jiang felt a little better.

The laws that the waiter mentioned were the laws of a small world!

The laws and special abilities of the twelve ancestors of sorcery were the core laws of the great world!

Simply put, Xiao ‘er’s advantage was that he could bite through all the laws of a small world!

However, Xiao ‘er couldn’t bite through the special ability of the laws activated by the twelve ancestors of sorcery when they reached the peak of the sage-to-be realm!

To put it bluntly, the waiter was the essential oil! The 12 wizard clans specialized in it!

Each had their own strengths!

“Xiaobei Gege! We’re coming!”

Following that, Fu Tian Xin ‘er and the others all entered the red Cloud world through the spatial gate that the waiter had opened.

“You guys came at the right time!”

Chen Xiaobei’s eyes lit up. The deadly situation that had been troubling him was now not worth mentioning!

What happened next was much easier.

The Jade-winged demonic snake was immediately laid off. Fu Tian Xin ‘er took out a divine sunlight treasure box and burned her spiritual power to accelerate the sunlight ability to the extreme.

In a short while, the two magic weapons were completed one after another!

“Whoosh ...”

Chen Xiaobei took out the first talisman!

It was a set of black metal armor with sharp edges, fierce, and mighty. The black cloak behind it fluttered in the wind, looking extremely domineering.

“Ka! Ka! Ka!”

Chen Xiaobei made the armor recognize him as its owner. Then, just like when he transformed into Iron Man, the armor attached itself to Chen Xiaobei’s body.

“Whoosh ...”

After that, Chen Xiaobei infused the divine Punisher sword Qi that Luohou had given him into the armor.

It was like the finishing touch to a Dragon!

The entire set of armor instantly burned with a dark golden primordial chaos holy light! It was as if a Black Flame was burning, exuding an extremely terrifying and endless killing intent!

Brutal! Violent! Bloodthirsty! Endless killing! He had suppressed all the heavens and worlds!

“What ... What a terrifying killing intent!”

At the sight of this scene, everyone’s hearts skipped a beat! His pupils even shrank slightly, his body trembled slightly, and his mind was uneasy!

“With the demonic Dragon as the foundation, with the blessing of the celestial bane! The name of this new magical equipment is the demonic Dragon Slayer godly armor!”

Chen Xiaobei jumped up and shouted, “The Tribulation of one million demonic Dragons! Help me break this formation!”

Red Envelope Group of the Three Realms

Chapter 3829: ambush

“Clang! Clang! Clang! Clang ...”

In an instant, millions of black saber demonic Dragon tribulation Dharma images burst out from the demonic Dragon Slayer divine armor!

Each of the black blades was over a hundred miles long! It was extremely mighty and domineering!

The millions of black blades converged into a Super Black Dragon that was 100 million miles long!

The most special thing was that the sound did not consume any spiritual Qi or Chen Xiaobei’s mental power. It was consuming the life force around him!

“Roar!”

The black-saber demonic Dragon suddenly let out a terrifying roar as a pair of ferocious Golden Dragon eyes opened on its head!

In an instant, the demonic Dragon seemed to have gained life!

No! It was wrong!

To be more precise, it was already alive. However, at this moment, its life had obtained a vessel and had undergone a special sublimation!

Don't forget!

A wisp of the black demon Dragon's remnant soul was parasitized in the black saber demonic Dragon's edge!

At this moment, according to sect leader Tongtian's method, a huge amount of heavenly materials and earthly treasures were put in, as well as the immortal-killing sword Qi of Luohou.

The remnant soul of the blackfiend Dragon had almost recovered to its best state, and it was even stronger than it had been at its strongest.

It had reached the power of a peak quasi-Saint.

Moreover, the black demon Dragon's remnant soul had been affected by the Yin Yang life and death Ring and had become stronger by devouring life force. It had even turned a large area into a forbidden zone for death!

That was why sect leader Tongtian had designed to use the Dragon's tribulation and Chiyou's corpse to make a magic weapon that could restrain life.

Of course, Chen Xiaobei did not get Chi You's body. Instead, he got the better primordial divine Crow Dragon's body!

First of all, the primordial chaos Divine Dragon's demonic body was even stronger!

The demonic Dragon Slayer divine armor's power was activated, and it could help Chen Xiaobei block the attacks of a half-step true divine!

Secondly, the primordial chaos Black divine Dragon and the demonic Black Dragon were both Dragon ancestors.

When the two of them were fused into a magic treasure, not only would there be no rejection or side effects, but they would also complement each other and make the magic treasure more perfect!

It was no exaggeration to say that the demonic Dragon Slayer godly armor's level, quality, defense, power, and even special ability were all better than the magical equipment designed by sect leader Tongtian!

If the prime of Tongtian were to see the armor, he would definitely praise Chen Xiaobei for being better than his master!

"Roar!"

With a terrifying dragon roar, countless life force was drawn into the body of the black demon Dragon formed by millions of blades!

With a giant dragon wagging its tail, the [Red Cloud bewildering formation] was instantly torn apart, leaving a huge hole!

According to the situation just now, the tear would soon be repaired by the endless life force.

However, at this moment, the edge of the opening was stained with some black saber Qi!

These saber Qi had the killing intent of the black demon Dragon! It was the killing intent of the Dragon's edge! There was also the number one killing Qi of the heavenly Dao of the celestial eradication sword!

And this mysterious aura was the greatest restraint on life force!

Chen Xiaobei had also given this special aura a resounding name!

God slaying saber Qi!

Whoosh ... Whoosh ...

An endless stream of life energy rushed over, but it was rejected by the God slaying saber Qi and dispersed. It could no longer repair the crack in the [Red Cloud maze formation]!

"Let's go!"

Chen Xiaobei smiled in satisfaction, waved his hand, and called for everyone to leave the maze.

"Zzzzzzzzzzzz ..."

After getting out of the bewildering formation, the million demonic Dragon tribulation saber Qi returned to the demonic dragon slaying divine armor.

What was even more amazing was that the armor turned into a bracelet and automatically attached itself to Chen Xiaobei's wrist.

At first glance, it looked like a life-like black Dragon, coiling around Chen Xiaobei's wrist. It was very domineering and cool!

The following actions were much simpler!

After all, Xiao xuezhan had been a spy by Hongyun's side for many years. He was very familiar with the world of Hongyun.

He immediately led everyone to the place where the prisoners were kept.

It was a prison that looked like a bird's cage. The entire cage was made of life force.

Under normal circumstances, even if the cage was destroyed, it would be instantly repaired by life force.

"Whoosh ..."

Chen Xiaobei only needed to wave his hand and the Black Dragon on his wrist released a beam of God slaying saber Qi!

"Swish!"

Without a doubt, the cage was cut open by the blade, and it could not be repaired.

Chen Xiaobei and the rest of the group rushed in.

As expected, Taiyin true deity, Sun Wukong, and Yang Jian were all firmly controlled by the seal of their vitality. Moreover, they were all in a coma.

Taiyin true deity had the appearance of a middle-aged Daoist with a head of silver hair, sword-like eyebrows, and a heroic spirit! He was much more handsome than those old Daoists with cow noses!

Monkey King was also more handsome than any version that Chen Xiaobei had ever seen on earth! He was wearing a golden-red armor, had a cold face, and his monkey fur was like a burning golden flame. He was very cool!

As for Yang Jian, he was a standard handsome man. However, he was countless times better than the young and handsome men on earth. Even in a coma, he could still emit a strong masculine aura.

The three of them were there, and they were not injured.

Chen Xiaobei could finally relax.

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei released three beams of God slaying saber Qi and released the three of them from the seal.

As for their unconscious state, Chen Xiaobei checked on them and found that it was just a normal phenomenon after being sealed. It was not because they were poisoned or seriously injured.

Chen Xiaobei and the rest of the group sent a stream of celestial core power into their bodies to stimulate their primordial spirits.

“Uh ... Mm ...”

Soon, the three of them woke up.

“Who is it? Who let me go?”

Monkey King reacted the fastest. He jumped up immediately and looked at the crowd vigilantly.

“Brother monkey! Don’t be nervous! I’m Chen Xiaobei!”

Chen Xiaobei quickly walked over.

“Brother Xiaobei? Right! It’s you! I’ve seen your photo before!”

Sun Wukong was overjoyed. He rushed over and gave Chen Xiaobei a Big Bear hug!

Chen Xiaobei was very happy to see his good friend again. He hugged Monkey King.

His Golden Monkey fur only looked a little prickly, but in fact, it was soft and warm. It was especially comfortable to hold!

“Xiaobei! You’ve finally come!”

Taiyin true deity was also extremely excited, and he hurriedly stood up.

“Brother Sun Moon! Are you alright?”

Chen let go of Monkey King and asked politely.

I'm fine," Taiyin true deity said with a faint smile. We're all fine. Hongyun wants to use us as bargaining chips, so she didn't hurt us.

I'm relieved that you're alright ... Huh!? Chen Xiaobei was smiling and nodding when his expression changed.

"Woof!"

All of! sudden, yang Kuai! who had been silent all this while, took out his three pointed! double-edged sword and stabbed it into Chen Xiaobei's dantian!

Red Envelope Group of the Three Realms

Chapter 3830: Alliance

Obviously, Yang Jian was still on the side of the heavenly court and the clan of enlightenment.

After all, his mother was still in the hands of the old thief Jade Emperor.

Seeing Chen Xiaobei, his mortal enemy, yang Kuai's first reaction was to kill Chen Xiaobei.

To the heavenly court and clanism, Chen Xiaobei was a thorn in their side!

If they could kill Chen Xiaobei, it would be a huge contribution, and yang Kuai might even be able to save his mother.

It was precisely because of this that Yang Jian attacked without a word!

Moreover, he had used all his strength in the first attack!

"Whoosh ..."

The three-pointed, double-edged sword suddenly exploded with a shocking celestial core power like the scorching sun! The terrifying power reached the seven-star Sage-to-be realm!

Moreover, the three-pointed, double-edged sword was Yang Jian's life-bound magic weapon, which could also enhance his combat power.

In addition, Yang Jian's third heavenly eye had been opened, and his special ability had bloomed, further strengthening his strength.

The destructive power of this attack soared to the peak of a seven-star quasi-Sage!

There was no doubt that with Chen Xiaobei's normal strength, he would not be able to withstand such an attack. He would definitely be killed in one blow!

Of course, if Chen Xiaobei activated the nine transformations of the demonic Saint, the result would be completely reversed.

However, Chen Xiaobei did not plan to use his special ability at all. In fact, he was too lazy to even move.

He didn't Dodge! He didn't Dodge! He didn't defend!

It was as if he did not care about Yang Jian's attack at all!

“Swish!”

In the next moment, brother monkey took out his golden-hooped rod and struck out with a heaven-defying staff force that was not inferior to Yang Jian’s! The Golden holy light tore down and turned into a terrifying golden arc!

It was as if time and space were being pulled by the Golden cudgel, and the universe, yin and yang, were trembling.

“Whoosh!”

At the same time, Taiyin true immortal flicked his finger and took out a Silver Pearl, which was as powerful as Yang Jian’s!

“Swish!”

On the other side, the six-eared macaque lashed out with the ancestral Dragon Holy vein whip. Its power was at the peak stage of the pre-Saint realm, and it crushed Yang Jian!

“Whoosh ...”

At the same time, Xiao xuezhuan waved his hand, and a green wood war Dragon Dharma appeared. It was also at the peak stage of the sage-to-be realm, but its power was nearly 30% stronger than the six-eared macaque!

“Chi ...”

Then, with a thought, the celestial appearance of the builder tree condensed. A Pangu wood spirit body was formed with the help of the surrounding life force, and it descended with the Pangu ax!

“Whoosh ...”

Beside Chen Xiaobei, Di Jiang activated the universe reversal and created a spatial shield in front of Chen Xiaobei!

In an instant, Chen Xiaobei was completely protected by everyone. No one below the Saint level could hurt him.

As for yang Kuai, he could not even touch Chen Xiaobei.

But even in such a situation, yang Kuai, who knew that he was going to lose, or even die, was still going forward as if he was going to risk his life in exchange for Chen Xiaobei’s!

From Yang Jian’s point of view, even if he died, as long as he could save his mother, it would be worth it!

“True Monarch! Stop!”

However, just as Yang Jian was determined to trade his life for his, the celestial Hound suddenly stepped forward!

He did not want to attack yang Kuai, so he opened his arms and used his body to block yang Kuai’s attack, as if he was protecting Chen Xiaobei!

However, in fact, the celestial Hound's actions were also protecting Yang Jian!

"You ..."

In the face of death, Yang Jian had no fear. However, in the face of the celestial Hound that was blocking his killer move, Yang Jian could not kill it.

After all, a sincere and filial person would definitely know loyalty!

The celestial Hound was loyal to him, so he would not let the celestial Hound down!

In the end, Yang Jian stopped, and all the fatal attacks around him stopped as well.

"Heavenly roar! I didn't expect that! Even you have betrayed me!"

Yang Jian raised his three-pointed, double-edged sword, his three eyes exuding a look of pain and struggle.

"True Monarch! You listen to me!"

The celestial Hound quickly explained, "I've already discussed it with God Chen!" As long as we form an alliance with him, he will help us save your mother!"

"Who is Chen Xiaobei? He's the number one profiteer of the Three Realms!" "You believe his nonsense? you wouldn't even know if he sold you!" Yang Shu said angrily.

"Everyone, let's stop!"

Chen Xiaobei stepped forward and asked everyone to stop as a sign of his sincerity.

Yang Kuai's expression changed, and his view of Chen Xiaobei changed.

In that situation, Chen Xiaobei could have killed yang Kuai with a single sentence, but he did not do so. Instead, he walked over to the celestial Hound and faced the three pointed, double-edged sword himself!

In an instant, the situation was completely reversed! Now, yang Kuai could kill Chen Xiaobei with just one move!

In other words, Chen Xiaobei was using his life to prove his sincerity in the Alliance!

Yang Jian was moved.

"I promise you! Every word that heavenly roar said is true!"

"Also, I'm indeed the most unscrupulous merchant in the Three Realms!" However, I've never cheated my friends!"

"Why should I believe you?" Yang Jian asked.

Chen Xiaobei pointed at the crowd and said, "Just because I have so many good friends who have risked their lives! I can even give my life to them! What else do you not believe?"

Indeed, Chen Xiaobei had no intention of defending himself against yang Kuai's attack!

Because Chen Xiaobei had absolute trust in everyone present!

“Then, can you also hand your life to me?” Yang Shu’s brows furrowed as she stared at Chen Xiaobei with all three eyes.

Chen Xiaobei was very calm, but he said slowly, “I swear on my mother’s name! Even if I have to risk my life, I will save your mother!”

your ... Your mother ... Yang Jian’s expression froze. It was as if he had been struck in the heart, and he completely let down his guard.

Yang Kuai had long heard that Chen Xiaobei was a very filial son.

Chen Xiaobei could swear on his mother’s name. What else could she not believe?

“Chi ...”

In the end, Yang Jian put away his three-pointed, double-edged sword and said in a deep voice, “Good! I agree to form an alliance with you! I’ll leave the matter of saving my mother to you!”

“Good! Since that’s the case, we’re all on the same side!” Chen Xiaobei was overjoyed. He turned around and consoled her, “Heavenly roar! You can rest assured now!”

thank you, bro bei! The celestial Hound was naturally the happiest person.

This way, Chen Xiaobei and yang Kuai would not have to kill each other, and the celestial Hound would not be in a dilemma.

“Oh right, where’s the waiter?”

Xiao ‘er? ” Chen Xiaobei was surprised. everyone was protecting me just now, but I didn’t see Xiao’ er do anything!

Everyone heard this and looked around, but there was no sign of the waiter.

“Let’s split up and search ... I’m afraid that this little foodie has been attracted by something good!” Chen Xiaobei said.

As soon as these words came out, Xiao xuezhan’s face immediately changed and he exclaimed, “Not good! The book of Luo and the river diagram were in the red Cloud Palace! Please don’t let him eat you!”
