Chapter 3831: -contact

Everyone was instantly shocked. Under Xiao xuezhān's lead, they went straight to the palace.

When everyone arrived, the waiter was staring at a ball of golden immortal essence seal. His chubby face was full of envy, and he was drooling.

However, he could only crave for it, but he could not eat the things sealed in the celestial core power.

This was because the energy fluctuation of this celestial core power Seal had reached the terrifying Saint level!

That's right!

This ball of celestial core power Seal was emitted by the Holy artifact River diagram of the book of Luo! It was a self-preservation seal!

Previously, Grand deity Zhen Yuan was plotted against by ancestor Red Cloud. During the battle, he was drawn into a space crack.

The Holy weapon was sentient, and its master was the Zhen Yuan immortal.

Therefore, as long as the Grand deity Zhen Yuan was still alive, the Luo book and river Map would not acknowledge ancestor Red Cloud as their master!

Under the cover of the immortal elemental energy Seal, ancestor Red Cloud was unable to touch the river diagram and book of Luo at all!

By the way, Saint artifacts were also divided into three, six, and nine grades!

The nine Nine soul-scattering gourd was only a one-star Saint weapon at most. However, the Luo book and the river map were seven-star Saint weapons. Therefore, ancestor Red Cloud could do nothing about it.

Because of this, ancestor Red Cloud had no choice but to capture Monkey King and the rest.

He wanted to negotiate with the heavenly path Sage and use the Sage's power to refine the spiritual connection between the river and book of Luo and zhenyuanzi. He wanted to turn the river and book of Luo into an ownerless object and eventually become ancestor Red Cloud's magic treasure!

"It's a pity that I can't connect to the Three Realms immortal network here. Otherwise, I could ask Mother Nuwa for help to temporarily subdue the book of Luo and the river diagram! It's not safe to just leave it here!"

Chen Xiaobei frowned.

Although they were a little worried, no one present could touch the book of Luo and the river diagram. They couldn't even put it into a spatial treasure.

From the looks of it, he could only temporarily leave the book of Luo and the river diagram in their original positions.

“Xiaobei Gege! Have you forgotten about me?”

At this moment, Fu Tian Xin ‘er stood out and said, “All the nomological laws in this Red Cloud world are exactly the same as those in the creation Wood World! Hongyun must have borrowed the laws of the jianmu world to save trouble! And I happen to be able to control the laws of the world of the builder tree!”

“Really?”

Chen Xiaobei was overjoyed. “Then quickly loosen the law of space so that I can connect to the Three Realms immortal network!”

“Alright!” sacred Tree of Life! with a thought, the Dharma of the sacred tree of Life immediately appeared.

Then, a special space crack appeared in the void!

The reason why it was special was that there was no space turbulence inside this space crack. Instead, it was directly connected to the heaven realm!

Don’t forget!

Within the world of the jianmu, there were entrances that connected to all the heavens and realms!

At this moment, Fu Tian Xin ‘er was only using the space laws of the jianmu world to move the entrance to the heaven realm in front of everyone!

This way, Chen Xiaobei could connect to the Three Realms intranet by standing next to the entrance.

Without hesitation, Chen Xiaobei contacted lady Nuwa.

However, mother Nuwa seemed to be busy and did not reply for the time being.

While waiting, Chen Xiaobei turned around and asked, “Brother Sun Moon! I’ve always been curious as to why you’ve come to the ancient Barrens.”

Taiyin true immortal composed himself and said, “I’m here to search for the ancestral Saint Pangu’s remains! Emperor Jiang should have told you that during the war between the Sorcerer and demon tribes, the Sorcerer tribe and I were allies and we fought side by side! I want to find the sacred ancestor’s remains and let the Sorcerer tribe rise again!”

“Then, what about Yang Jian and Xiao Tian?” what? ” Chen Xiaobei asked again, “ did you get some information? is that why you’re here to kill Taiyin true deity? ”

“Yes!”

Yang Jian nodded and said, “ the primeval Lord of heaven has predicted the whereabouts of the true immortal Taiyin and guessed that his actions were related to the Wu tribe. So, he sent me to hunt him down!

“So, brother monkey was sent by mother Nuwa to stop the fight? Am I right?” Chen Xiaobei asked again.

“Half!”

Sun Wukong grinned and said, “ I’m here to mediate. I’m also here to help true celestial Taiyin. I want to see if we can make the Sorcerer tribe rise again!

Chen Xiaobei’s expression changed.

It was obvious that the three of them had mentioned the Sorcerer tribe in their answers!

In other words, all the forces attached great importance to the Sorcerer tribe, which was very strange!

Why would a weak sorcerer tribe, which was on the verge of extinction, affect the nerves of the big shots?

“What’s so special about the Sorcerer tribe?” Chen Xiaobei asked.

“Xiaobei, don’t you know?”

“The ancestral Saint Pangu is the only one in the universe who has ever fought against the heavenly Dao,” Taiyin true immortal said. Back then, the Pangu axe had directly shattered the good fortune Jade Disk! The heavenly Dao only won by a narrow margin! In other words, the ancestral Saint Pangu has a chance of winning!”

“For this reason, for billions of years, the heavenly axiom has been ordering all the Saint sects to kill the Wu tribe at all costs!” Yang Jian added. I’m just worried that the Wu tribe will produce another person like the Holy ancestor Pangu!”

that’s right! Sun Wukong nodded and said, “ sister Nuwa has already formed an alliance with brother Xiaobei. Therefore, she sent me here to help the Sorcerer tribe rise! “Right now, this might be the only way to defeat the heavenly Dao!”

“Understood!”

Chen Xiaobei finally understood what had happened!

It was no wonder that the heaven realm would label the Sorcerer tribe as a non-humankind race that would not rest until one of them was dead. In order to hunt down a sorcerer tribe member, they would kill countless innocent people!

It turned out! This was still a means of self-preservation by the heavenly Dao!

If there was another expert at the level of the ancestral Saint Pangu in the Sorcerer tribe, the heavenly Dao would most likely be knocked off the Holy altar!

“All we have to do now is wait for mother Nuwa’s reply!” we’ve found the entrance to Pangu’s remains! Chen Xiaobei said. we can enter at any time!

“That’s great!”

When everyone heard this, they were all very excited, as long as we can obtain the opportunities in the ruins, we’ll definitely be able to find a way to deal with the heavenly Dao! The past three measureless

calamities were all part of the heavenly Dao's scheme! This fourth measureless cataclysm will be the end of the heavenly Dao!"

"But ... What if mother Nuwa doesn't reply? what should we do?"

"Hongyun has already entered the builder wood Sacred Realm," Emperor Jiang said with a frown. He has a connection with the ancestral Saint Pangu. If he finds the relic first, our current plan will be completely meaningless!"

"Emperor River?" six-eared macaque was confused. Weren't the twelve ancestors of sorcery also formed from the twelve drops of blood essence of the Holy ancestor Pangu? In terms of history, can Hongyun beat you?"

Emperor Jiang frowned and said, " Saint Pangu is like the Father of the twelve of us. He's our closest relative. However, I'm currently in a reincarnated state! The physical body that had truly inherited the ancestor saint's blood essence had already become a severely damaged corpse! It definitely couldn't be compared to a living red Cloud! Therefore, he must not let Hongyun take the initiative! Otherwise, there will be endless trouble!"

[Daoist Cundi has sent you a private message!]

[Red Envelope Group of the Three Realms](#)

Chapter 3832: biting back

huh?!

Chen Xiaobei was confused. "I sent a message to mother Nuwa. How could it be Taoist Cundi's reply? Don't tell me ..."

Chen Xiaobei quickly opened his communication jade talisman.

Cundi said,"something big has happened!" Reply quickly if you receive it!

Chen Xiaobei: He had just connected to the Three Realms immortal network! What did Saint Cundi want?

Cundi thought, Little Junior Sister Nuwa is in trouble! He had just been captured by the Dao ancestor and had already been sent to be locked up with senior brother Tongtian!

Chen Xiaobei: (Shocked)

Cundi thought,"this is your responsibility!"

Chen Xiaobei: Make yourself clear! What was going on? (Puzzled no matter how he thought about it)

Taoist Cundi asked,"did you ask Little Junior Sister Nuwa to have a showdown with mo Luo Wutian?" He wanted to tell mo Luo Wutian that the secret he knew was no longer a secret! If he didn't betray The Fiend Dao, he would be killed by the heavenly Dao very soon?

Chen Xiaobei,"this ... This ... This was my idea!" I've discussed this with mother Nuwa before, and she agreed!

Cundi thought, "I was right!" It was really your idea, little fox!

Chen Xiaobei:

Cundi thought, "not long ago, Little Junior Sister Nuwa, according to your plan, go and have a showdown with mo Luo Wutian!" Mo Luo Wu Tian's mental state collapsed on the spot. He betrayed the devil Dao and swore to be loyal to the heavenly Dao. He only wanted to live!

Cundi thought, "then, the great elder went to see mo Luo Wutian!" Mo Luo Wutian had claimed that Chen Xiaobei and his Junior Sister Nuwa were allies! Get the Dao ancestor to investigate Junior Sister Nuwa's communication treasure! As expected! I have chat records with you!

Cundi said, "the result is what I just said!" The Dao ancestor had imprisoned Little Junior Sister Nuwa on the grounds of defying the heavens and the Dao! As long as a new Sage appeared to fill the gap, she would be killed along with Tongtian!

Chen Xiaobei, "this ... This is not my intention!" (Burning with anxiety) I didn't expect it either. How did mo Luo Wutian connect me with mother Nuwa?

Taoist Cundi thought, you are still hiding something from me! To be honest! Why did you ask Junior Sister nüwa to lay her cards on the table? What are you after?

Chen Xiaobei-let me tell you the truth! The reason why you six great heavenly path Saints were unable to deduce my and Mo Luo Wu Tian's tracks even after joining forces is because I have the humanity imprint's protection, and Mo Luo Wu Tian also has the demonic imprint's protection!

Chen Xiaobei thought, 'and right now, the demonic mark is in my hands! As long as mo Luo Wu Tian betrays the demonic path, I will be able to subdue the demonic imprint! This way, even if the seven Saints work together, they won't be able to track me down!

Cundi thought, "human path seal?" A demonic imprint? (Surprised) I didn't expect that such a thing really exists!

Chen Xiaobei-Saint Cundi! I know you're an extremely intelligent person! I want to hear your analysis on this matter!

Cundi thought, isn't this obvious? Mo Luo Wutian knew that the demonic seal was in your hands. He only needed to think in reverse and he would immediately understand. Who would benefit the most from Junior Sister Nuwa's showdown?

Chen Xiaobei-it's ... It's most beneficial to me!

Cundi said, "yes!" That's why mo Luo Wutian insisted that Little Junior Sister Nuwa is your ally!

Chen Xiaobei-it's my fault! He hadn't thought of this! He had harmed mother Nuwa!

Cundi said, "you're indeed too eager!" If you had discussed this with me earlier, things wouldn't have turned out like this!

Chen Xiaobei: " then, do I still have a way to fix this? "

Red Envelope Group of the Three Realms

Chapter 3833: freedom

Cundi said, "there's a way!" That is to follow your original plan and subdue the demonic imprint. Then, you will stop the emergence of a new Sage!

Chen Xiaobei, "is ... Is my plan okay?"

Cundi said, "you don't have to doubt yourself!" Your intelligence is no less than mine! Your plan will definitely work!

Cundi thought, "as long as you can continue to prevent the emergence of new sages, little sister Nuwa and Tongtian will always be alive!" They would only suffer a little, and there would be no actual loss! So, in conclusion, your plan is actually profitable!

[I've profited from this ... But, lady Nuwa is locked up. I can't feel at ease ...]

Cundi said, "those who achieve great things don't bother with trifles!" If you were truly capable of overthrowing the heavenly DAOs, then both heavenspan and Nuwa would definitely feel that being imprisoned was worth it! However, if you fail, you'll really be harming them!

Chen Xiaobei thought, 'I understand now ... I need to calm down!' Stop all those who can be recognized from becoming saints!

Taoist Cundi said, "all right, if you have any problems in the future, contact me directly!" I will do my best to help you mediate and help you plan! He would try his best not to make any mistakes!

Chen Xiaobei-thank you, Saint Cundi! But why do you also want to overthrow the heavenly Dao?

Cundi asked, "me?" Of course, it was because of Wukong!

Chen Xiaobei, because of monkey? Why did he say that?

Cundi thought, "back then, I traveled the four Seas and saw a free little monkey!" He was mischievous, but he was also determined and persistent! For the sake of freedom, he could do anything! It could go to the heavens and into the earth! He could defeat death!

Cundi Taoist: "at that time, I was thinking that if I could become a little monkey like this, I would give up on being a saint!

Chen Xiaobei thought to himself, "if I'm not a saint, then I'm a monkey!" (Shocked)

Cundi Taoist, "the Saints in your eyes are high and mighty!" In fact, to put it bluntly, he was just a dog raised by the heavenly Dao! We don't have freedom! Even his life and death were bound to the heavenly Dao! He didn't want me to die, so I couldn't even commit suicide!

Chen Xiaobei: "I understand now ... There's a saying in my hometown. 'Life is precious, but love is even more valuable. For freedom, both can be abandoned!'

Cundi said, "yes!" This was the logic! Since then, I've been secretly thinking that if I can overthrow the heavenly Dao one day, perhaps I can be like that little monkey, free and unrestrained!

Cundi said, "later, the little monkey crossed the sea and wanted to learn from a master!" I'll deliberately transform into patriarch Subhuti, take him in, and teach him! "Gradually, I brought myself into his body and felt that I was experiencing everything he had experienced! He was especially free! It was especially exciting!

Taoist Cundi thought, "unfortunately, the little monkey still made a big deal out of it. The ruckus in the heavenly court alarmed the clan of enlightenment!" In order to protect him, I asked Rulai to press him under the five Finger Mountain! He also asked Guan Yin to enlighten the people who retrieved the sutras so that they could retrieve the sutras together and gain merit! In the end, he became the victorious fighting Buddha, and the clan of enlightenment would not make things difficult for him! Of course, this also caused him to lose his freedom!

Cundi: " so, I found an opportunity to remove his Buddhist position and let him return to the flower-fruit mountain to continue his free life!

Chen Xiaobei: " so that's what happened ... Saint Cundi saw himself as the Monkey King. If you set him free, your heart would be free too!

Cundi asked, "so, is Wukong free?"

Chen Xiaobei: I've already found him! He was safe and sound!

Cundi said, "very good!" I knew that you would protect your friends and family! I'm very assured that Wukong is with you!

Chen Xiaobei: " Oh right! I have something important that I need your help with!

Chapter 3834: ambush

Cundi said, "go ahead."

Chen Xiaobei: "so, I'm in the jianmu world now! Hongyun was hiding here and had plotted against the Zhen Yuan immortal! As for Hongyun, he has been temporarily driven away by us, so the book of Luo and the river chart are left in his palace!

Cundi thought, "that's why time can change everything!" Even the red clouds have changed ...(Sigh)

Cundi thought, "you want me to help you subdue the book of Luo and the river map, right?"

Chen Xiaobei: The river diagram of the book of Luo released a Holy Radiance immortal elemental energy Seal and no one could touch it! I'm worried that if it stays in Hongyun's Palace, there will be some changes!

Cundi said, " well, you accept the red packet. I'll send you a talisman. Then, you can take the book of Luo and the river map.

Ding! Congratulations! You've snatched a red envelope from Taoist Cundi and received a Saint origin spirit severing talisman. It has been stored in your treasure chest!

Chen Xiaobei: " I've received the red envelope. I'll send it to you after I've received the book of Luo and the river map!

Cundi said,"no need!" This talisman could temporarily cut off the spiritual connection between zhenyuanzi and the river map of Luo, which meant that the river map of Luo had no owner for the time being!

Cundi said,"take the book of Luo and the river map with you. If Taiyi is here, he can teach you how to arrange the heavenly cycle star formation!" If this formation is formed, even ten Hongyun will not be your opponent!

Chen Xiaobei: Taiyi is indeed by my side!

Cundi thought, that's great! Of course, the process of setting up the great heavenly cycle star formation is extremely complicated. There are 98000 formation eyes alone, and even I can't easily gather so many formation eyes!

Chen Xiaobei thought,'so, the cosmic stars formation can't be set up any time soon ...'

Cundi asked,"aren't you in the world of the jianmu?" He had found the entrance to the Hong Meng Demon Realm! The ruins of the ancient demon heavenly court were there! If they found the ruins, they would be able to find the broken great heavenly cycle star formation! Repairing the formation was much easier than reassembling it!

Chen Xiaobei: I'm indeed going to the Hong Meng Demon Realm later, so we can get this done together!

Cundi asked,"is it Little Junior Sister Nuwa's idea for you to go to the Hong Meng Demon Realm?" She wants you to get the donghuang Bell?

Chen Xiaobei: Only by getting the eastern Emperor Bell could he prove his way with force and not be controlled by the heavenly Dao!

Cundi said,"well, I know what to do!" You should go and settle the matter at hand first! Before you go to the Hong Meng Demon Realm, remember to contact me again. If I have the time, I can give you some help!

Chen Xiaobei: Thank you, Saint Cundi!

After that, Chen Xiaobei ended the private chat and took out the Saint origin spirit severing talisman with a complicated feeling.

"Whoosh ..."

The talisman burned and shone with a black and white holy light that enveloped the river diagram!

Then, the immortal essence seal on the river chart of the Luo family disappeared on its own and floated in the air calmly.

Chen Xiaobei then put the book of Luo and the river map into his infinite space ring.

Following that, Fu Tian Xin'er closed the spatial gate that led to the celestial world. Then, everyone returned to the creation Wood World.

By the way, the red Cloud world did not have ancestor Red Cloud's treasure vault!

This old man was very cautious. He carried everything important with him. Therefore, there was nothing left in the red Cloud world that was worth staying for.

Whoosh ... Whoosh ...

After returning to the world of the builder tree, Fu Tian Xin 'er summoned the builder tree Saint realm again.

Then, everyone rushed in.

After passing through the space gate, a beautiful green World appeared in front of him.

The ground under his feet was like a green gem, shining! The sky above their heads was like a green mirror that could reflect everyone's shadow!

The entire space was filled with an extremely pure and unique life force!

It was completely different from the world of the creation wood.

This was why Futian Xin 'er had said before that once they entered the creation Wood World, she would not be able to make the decision.

there should be a fragment of the good fortune Jade Disk, a wisp of Hong Meng immortal Qi, and perhaps even some fragments of the Pangu axe in the builder wood Sacred Realm!

"Emperor Jiang!" Taiyin true immortal asked. Do you have any way to sense the location of the fragment of the Pangu axe?

there's a vague pulling force, but it's very weak. I can't be sure ... Emperor Jiang frowned.

"Woof! Whoosh!"

Chen Xiaobei then released the candle Dragon and Houtu. "Everyone, try to comprehend it and see if you can get some guidance."

Clearly, the builder wood Sacred Realm was different from the outside world!

Its appearance was closely related to the good fortune Jade Disk fragment and the primal purple Qi!

In other words, all the Dharma here was the Dharma of the good fortune Jade Disk. Therefore, many things would change and could not be controlled or predicted!

After that, the three reincarnated ancestral witches began to comprehend it in detail, and everyone began to look for clues separately.

"Boom boom boom ..."

Suddenly, a loud explosion was heard from not far away!

Everyone's gazes immediately focused over.

A huge Pangu wood spirit body flew over from a far distance!

This Pangu wood spirit was even bigger than the one Fu Tian Xin 'er had summoned. Fortunately, judging from its speed and power, it was only below the Saint level. Otherwise, everyone would have died!

The reason for his death was because ancestor Red Cloud was sitting on the head of the Pangu wood spirit!

Obviously, what Emperor Jiang had been worried about had happened!

Ancestor Red Cloud had a deep relationship with Pangu. One could even say that Red Cloud was one of Pangu's children.

It seemed that ancestor Red Cloud had already found the fragment of the Pangu axe, and even the good fortune Jade Disk. That was why he could control the ancient wood spirit!

"Shit! Everyone, quickly retreat behind me!"

Chen Xiaobei shouted.

In the current situation, no one was a match for the Pangu wood spirit!

Don't forget, the Pangu wood spirit body that Fu Tian Xin 'er had summoned outside already had the power of a half-step true Saint.

At this moment, this Pangu wood spirit body that was controlled by ancestor Red Cloud was only weaker than a Saint. However, it was much stronger than the Pangu wood spirit body that Fu Tian Xin 'er summoned.

Other than Chen Xiaobei, there was no one else who could stop ancestor Red Cloud!

"Chen Xiaobei! Your doomsday has arrived!"

Ancestor Red Cloud roared and laughed. He was extremely pleased with himself as if he could take revenge for all the grievances and depression he had suffered earlier!

That's right!

He wanted to take revenge!

Everyone who was related to Chen Xiaobei must die Here!

"Nine transformations of the demon saint! The demonic Dragon slays a God!"

At this critical moment, Chen Xiaobei did not dare to delay any further and immediately used his strongest attack!

[ding Yingying's cultivation level: half-step true sage. Lifespan: 1.358 billion years! [physical body: xxxxx!] [combat power: xxxxx!] [primordial spirit attack: sacred level!]

10 billion years of life had been used up, and Chen Xiaobei was now a half-step true divine!

At the same time, he activated the demonic Dragon Slayer godly armor!

The little black Dragon on his wrist immediately flew up and turned into a combat armor, putting it on Chen Xiaobei's purple-gold demonic body!

Red Envelope Group of the Three Realms

Chapter 3835: escape

"You little brat! Do you still want to fight back?"

Ancestor Red Cloud laughed out loud, "Don't you know? The power of Pangu's Wood spirit body could suppress a half-step true sage! With your strength, it's like a Mantis trying to stop a chariot! There was no suspense at all! Hahaha ..."

Without a doubt, Red Cloud Grandmaster must have thought that he had the confidence to win. That was why he sacrificed himself to kill Chen Xiaobei and the others.

In ancestor Red Cloud's eyes, the Pangu wood spirit body that he was controlling could crush everyone.

At the same time, other than Chen Xiaobei, everyone else on the team was gathered together. They were all in low spirits and extremely nervous.

It was obvious that everyone could see that this was a battle with a huge disparity in strength.

On paper, Chen Xiaobei had no chance of winning!

But!

Even so, no one retreated!

This was because everyone trusted Chen Xiaobei with all their heart and they were ready to die with him!

No one was afraid of death! No one escaped alone!

This was the reward for Chen Xiaobei's loyalty! He would never give up on any of his friends! His friends would definitely not leave him!

Of course, if they couldn't defeat Hongyun, all those who stayed would die!

"Die!"

Hongyun shouted, and the body of Pangu wood spirit under him suddenly rose up, holding the huge Pangu axe with both hands, and chopped down! The terrifying power seemed to be able to split the heavens and earth again!

"A million demonic Dragons! God-slaying tribulation!"

At the same time, Chen Xiaobei let out a blood-boiling battle cry.

In order to protect everyone, no matter how strong the enemy was, Chen Xiaobei would not back down.

"Clang! Clang! Clang! Clang ..."

In a split second, millions of black saber demonic Dragon tribulation Dharma images suddenly burst out from the demonic Dragon Slayer divine armor!

Each of the black blades was over a hundred miles long! Furthermore, they gathered together and formed a super saber-scaled black demon Dragon that was 100 million miles long!

A great fortune amidst misfortune! With the prime of Tongtian as his master, Chen Xiaobei had already planned everything for him!

The demonic Dragon Slayer divine armor did not consume spiritual energy. It only consumed vitality.

Therefore, in the builder tree Saint realm, the demonic Dragon Slayer divine armor had an endless supply of energy to burn. Naturally, it could burst out its strongest power at any time!

And the most powerful special ability!

“Roar!”

Then, the saber-scale black demon Dragon let out a terrifying roar as a pair of ferocious golden eyes opened on its head!

The black demon dragon’s soul had turned into a demon, and it had a life of its own, as well as a new special ability!

God-slaying Black Thunder!

That’s right!

The predecessor of this Black Lightning was the Nirvana Black Lightning!

With the help of the special refining method and the enhancement of the celestial eradication sword Qi, it had a whole new change!

boom boom boom ... Boom boom boom ...

As the Dragon roared, trillions of God-slaying black Thunderbolts surged out and almost covered the entire space!

“Woof!”

At the same time, the attack of Pangu’s Wood spirit body had already come down!

In the beginning, the Pangu axe could cut through all the God-slaying black thunders as easily as cutting vegetables!

After all, the God-slaying Black Thunder was only at the peak of the pre-Saint level, while the Pangu Axe’s power was enough to crush a half-step true Saint!

Therefore, there was no comparison between the two!

It seemed that the vast ocean of God-slaying black Thunderbolts could not resist the body of Pangu wood spirit at all!

However, the truth was that the changes were already starting to happen!

As the wood spirit Pangu axe came into contact with more and more of the Godslayer Black Lightning, the power of the axe blade was gradually weakened!

Clang!

When the axe was about to hit him, Chen Xiaobei raised one of his hands and blocked the wood spirit Pangu axe with the protection of the demonic Dragon Slayer godly armor!

In other words, the special ability of the God-slaying Black Thunder had directly weakened the power of Pangu's Wood spirit body to below half-step true sage!

how ... How is this possible?!

Looking at the scene before him, ancestor Red Cloud was stunned.

Just a moment ago, he thought that he had Chen Xiaobei in the palm of his hand!

However, the Pangu wood Spirit's power had been greatly weakened, and it was no longer a match for Chen Xiaobei!

The tables had turned. Ancestor Red Cloud was now in danger!

"Oh my God ... Xiaobei is too strong!"

At the same time, Taiyin true deity, Sun Wukong, and the others couldn't help but exclaim in admiration.

He was the complete opposite of ancestor Red Cloud.

The people on his side did not see any hope of winning, but out of trust and friendship for Chen Xiaobei, they did not leave him and wanted to live and die together!

But now, in their first exchange, Chen Xiaobei had already gained the upper hand!

This was definitely a huge surprise for them!

Not only did they not have to die, but they were also about to welcome the final victory!

"You little brat! Don't think that you can win like this! I can summon more of them!"

Despite his shock, ancestor Red Cloud did not give up on the chance to win. He wanted to summon more Pangu wood spirit bodies to attack Chen Xiaobei.

"Whoosh ..."

At the same time, Chen Xiaobei's gauntlet and the saber-scale black demonic Dragon's body began to emit a huge amount of God slaying saber Qi!

The saber Qi scattered in the entire space, causing the surrounding vitality to be unable to condense!

In this way, Hongyun could no longer summon the body of Pangu wood spirit!

defeat!!!

Pangu wood spirit body! Chen Xiaobei shouted. The black armor covered purple-gold ROC wings and fins were like four huge blades, slashing at the Pangu wood spirit body!

Originally, Chen Xiaobei only had the power of a half-step true Saint, so he could not break through Pangu's Wood spirit body.

However, with the support of the God slaying saber Qi, his life force would be greatly rejected and restricted!

Pangu's Wood spirit body was sustained by life force. Once the life force was broken or loosened, a hole would appear in the defense of Pangu's Wood spirit body!

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

The Pengornis wings and kun fins pierced through the body of Pangu's Wood spirit, then spread open and tore the massive body of wood spirit into four!

Moreover, the God slaying saber Qi was attached to the crack, making it impossible for Pangu's body of wood spirit to recover.

This meant that ancestor Red Cloud's trump card had been destroyed by Chen Xiaobei.

At this point, the danger was completely resolved! He no longer had to worry that someone would die at Hongyun's hands!

Hongyun could not even defeat Chen Xiaobei!

Of course, Hongyun could not afford to offend Chen Xiaobei, but she could still hide from him!

After all, Hongyun was also a half-step true sage. Furthermore, Hongyun was not from the celestial race and did not rely on life force as energy!

Therefore, the God slaying saber Qi could not affect Hongyun's celestial core power!

"Woof!"

Using all her strength, Hongyun ran back with all her might!

Chapter 3836: mutation

"You want to run? It won't be that easy!"

run! Chen Xiaobei shouted and gave chase. He could not let ancestor Red Cloud escape!

Even though they were both half a step into true divine, Chen Xiaobei's purple-gold demonic Saint was much faster than the kun Peng. It was able to crush ancestor Red Cloud!

Even though ancestor Red Cloud was using all his strength, the distance between them was still shrinking. It would not be long before Chen Xiaobei caught up to him!

"Whoosh ..."

However, at this moment, a space gate suddenly appeared in front of them!

From the space gate, there was a dazzling primordial chaos sacred light and a terrifying ancient Supreme pressure!

This ...

Could this be the entrance to Pangu's ancestral relic?

Chen Xiaobei was stunned. Just as he was about to grab ancestor Red Cloud, he was too late. Ancestor Red Cloud was already through the portal.

With Chen Xiaobei's speed, he could have continued to catch up.

However, Chen Xiaobei stopped his pursuit and stood outside the gate.

"Whoosh ..."

With a thought, the demonic saint's nine transformations was removed and Chen Xiaobei returned to his original form.

"Xiaobei Gege! Why don't you go in?"

what's going on?" asked Futian Xin 'er and the others who did not understand Chen Xiaobei's actions.

bro bei! the celestial Hound said immediately. he must be waiting for us! He's afraid that we'll be in danger if we stay here alone!

Obviously, his analysis was correct! Chen Xiaobei was a loyal person. He would not leave them in a dangerous situation that he could not control. If another Pangu wood spirit body appeared, they would all be dead!

other than waiting for us, bro bei must be worried about Hongyun too!

Emperor Jiang added, " Hongyun and the ancestral Saint Pangu have a deep relationship! If the ancestral Saint Pangu's remains was really behind this space gate, it would be half of Hongyun's home field! Bro bei might be in danger if he just goes in!"

Without a doubt, Emperor Jiang's analysis was reasonable.

Just now, ancestor Red Cloud had already summoned the body of Pangu's Wood spirit. Who knew how much more trouble he could cause after entering the ancestral Saint Pangu's remains? If Chen Xiaobei were to rush in recklessly, he might just walk right into a trap!

Hearing this, everyone nodded in agreement.

However, Chen Xiaobei was frozen in place, not saying a word. It was as if he had been hit by a petrifying seal. He could not even move!

"Xiaobei Gege ... What's wrong? Was he injured? Don't scare me!" Fu Tian Xin 'er felt that something was off and immediately went over to check.

"Hahaha!"

But suddenly, Chen Xiaobei's face lit up with joy.

"Xiaobei Gege! What are you doing! I was so scared!" what?" Futian Xin 'er was really shocked. Her face was pale and she looked at Chen Xiaobei in confusion.

I can sense the aura of the primordial violet vapor!

Chen Xiaobei was so excited that he immediately flew in another direction.

“Primordial violet vapor? This ... How is this possible?” Sun Wukong, Taiyin true deity, and the others did not know the origin of Chen Xiaobei’s Primal Chaos purple Qi. They were all shocked.

“It’s like this!”

Six-eared macaque explained, “Bro Bei has a strand of purple Qi that Miss Ling Shi gave him! And Miss Ling Shi herself was the primordial violet Qi that turned into a demon! That’s why Bro Bei can feel the presence of the primal Chaos purple Qi!”

“I understand!”

Oh! Sun Wukong suddenly realized, “Old man Hongyun must have found the fragment of the Pangu axe earlier and opened the door to the ancestral Saint Pangu’s remains! The reason why he stayed here was to find the primordial violet Qi and the fragments of the good fortune Jade Disk! However, it’s obvious that he didn’t find it!”

“Good! This is great!”

Yes! Taiyin true deity was overjoyed. Hongyun is related to the ancestral Saint Pangu, but little north is connected to the primal purple Qi, which means he’s connected to the good fortune Jade Disk! That way, Xiaobei will have two sacred items, and he’ll have a chance of winning!”

Everyone was overjoyed and quickly followed Chen Xiaobei.

“Whoosh ...”

Chen Xiaobei took out Yan Ling Shi’s natal purple Qi, and he could clearly feel the pull of the primordial purple Qi. He had found his target!

In the void, another space gate opened!

Among them, there was a purple gas that was as thick as a thumb, swaying like a spiritual snake.

The most important thing was that this gas was extremely mysterious!

Everyone could see it, but they could not feel its existence!

Furthermore, this purple Qi seemed to have no attributes! It was as if it should not exist in the Hong Meng Demon Realm! No! To be precise, this purple Qi might even be above the universe!

Hong ... Primal Chaos purple Qi!!!

Everyone exclaimed in shock, revealing an incredulous expression!

Not to mention the fact that they had never seen the world, even a Saint or heavenly Dao would be shocked and lose his composure on the spot!

One had to know that there were 50 strands of primordial violet vapor in the beginning.

The heavenly Dao controlled 49 of them and sealed them with the good fortune Jade Disk! Finally, one could comprehend the Supreme Great Dao from it and create thousands of nomological laws!

In other words, the unparalleled divine arts of the heavenly Dao all originated from the primordial violet vapor!

Therefore, this Supreme Holy Qi was also known as the foundation of the heavenly Dao!

Later, in the war between Pangu and the way of heaven, Pangu used the Pangu axe to break the Jade plate of fate, causing the primordial purple Qi to fly to different places in the universe along with the fragments of the Jade plate of fate!

The way of heaven made great efforts to help Hongjun find the biggest piece of the good fortune Jade Disk, which only contained eight strands of Hong Meng purple Qi!

The whereabouts of the remaining primordial violet vapor were all unknown!

It was precisely because of this!

Even if the heavenly Dao was standing here, it would definitely not be able to remain calm!

“Come! Come to me!”

Chen Xiaobei immediately released his spirituality to communicate with the primordial violet Qi.

Chen Xiaobei’s face was filled with joy, and he was even trembling with excitement!

Because! This strand of primordial violet vapor was ownerless! It flew straight into Chen Xiaobei’s palm, acknowledging Chen Xiaobei as its master!

“Swish!”

Then, a piece of white jade the size of a coin flew out of the purple space door and into Chen Xiaobei’s hand.

That’s right, this was a fragment of the good fortune Jade Disk.

Back then, the Pangu ax and the good fortune Jade Disk had both shattered. As a result, some of the ancestral Saint Pangu’s aura was left in the fragment!

This aura was very special!

It had triggered the humanity mark hidden in Chen Xiaobei’s body!

“Whoosh!”

With a terrifying wave of energy, the humanity mark in Chen Xiaobei’s body suddenly changed!

[Red Envelope Group of the Three Realms](#)

Chapter 3837: Tender shoot

3837 Tender shoot

Don’t forget, the core of humanity’s Mark was Chen Xiaobei’s Green Lotus of chaos!

Before the creation of the world, it was said that the chaos Green Lotus gave birth to the Holy ancestor Pangu!

Of course, another theory was that the chaos Green Lotus was a Dharma Treasure of the ancestral Saint Pangu. The ancestral Saint Pangu had hidden inside to cultivate until he had the ability to fight the heavenly Dao. Only then did he come out of the chaos Green Lotus!

In other words!

The ancestral Saint Pangu was closely related to the chaos Green Lotus!

Naturally, the Holy ancestor Pangu's aura would affect the green Lotus seed of chaos in Chen Xiaobei's body!

Whoosh ... Whoosh ... Whoosh ...

The mark of humanity was spinning wildly in Chen Xiaobei's body, and he could not suppress it.

The green Lotus seed of chaos also exuded an unprecedented green holy light.

Chen Xiaobei felt like he was going to explode! However, the Dharmakaya could not leave the body! If he really exploded, Chen Xiaobei would be dead for sure!

"Why? Why did it turn out like this?"

Chen Xiaobei felt an unprecedented sense of danger. He could not understand why the mark of humanity, which had been protecting him all this while, would want to take his life now.

"Whoosh!"

Chen Xiaobei got his answer!

The good fortune Jade Disk fragment in his hand also started to shake crazily and released an extremely powerful and terrifying mysterious energy. It directly competed with the power of the people Dao seal!

The two forces were in a stalemate, and the pressure on Chen Xiaobei was greatly reduced. He could finally breathe a sigh of relief and not have to worry about his body exploding.

"I understand!"

After calming down, Chen Xiaobei said, "The good fortune Jade Disk belongs to the heavenly Dao! The chaos Green Lotus belonged to Pangu! The two of them were mortal enemies! This has caused the two Supreme treasures to become mortal enemies!"

"The good fortune Jade Disk fragment recognized me, so the green Lotus seed of chaos saw me as an enemy and wanted to kill me! These two things were like fire and water! I can only leave one behind!"

Chen Xiaobei quickly put the good fortune Jade plate fragment into his infinite space ring!

As expected, the agitation of the green Lotus seed of chaos immediately subsided!

As for the primordial violet vapor, it did not belong to the way of heaven. Instead, it was forcefully sealed in the Jade plate of fate.

Therefore, the green Lotus seed of chaos and the primordial violet Qi did not reject each other.

It was the exact opposite!

The green Lotus seed of chaos seemed to like the primordial purple Qi very much. There was a mutual attraction between the two.

“This is interesting! If I merge the primordial violet vapor into the green Lotus seed of chaos, I wonder what kind of miraculous thing will happen?”

Chen Xiaobei took out the humanity mark from his body and placed it together with the primal Chaos purple Qi.

“Hiss ...”

The next moment, the primordial purple Qi was directly absorbed by the green Lotus seed of chaos!

“Whoosh ...”

Then, the green Lotus seed of chaos gradually turned purple-green and then, it trembled gently.

Who dared to think about it?

The originally bare Green Lotus seed of chaos actually had a small sprout at this moment!

“Heavens! I have finally found a way to make the green Lotus seed of chaos grow faster!”

Chen Xiaobei was excited.

He had taken care of the green Lotus seed of chaos for a long time. Today, he finally saw it germinate!

It was as if he had just seen his own child grow up. Chen Xiaobei’s emotions were indescribable!

“This way, as long as I can find more Primal Chaos purple Qi, I can make my Saint Lotus grow faster! As long as it bloomed, the power of the human Dao imprint would be comparable to the demonic Dao imprint, and it would be enough to resist the attacks of a Sage!”

Chen Xiaobei was very excited, his fighting spirit was ignited!

Soon after.

Chen Xiaobei put the humanity mark back into his body and immediately felt a stronger and more reliable power protecting him.

“But the good fortune Jade Disk fragment is also a good thing! I can’t possibly throw it away, right?”

Chen Xiaobei thought for a moment and said, “Should I just swallow it? In this way, it is equivalent to destroying this fragment. The green Lotus seed of chaos should also agree!”

When Chen Xiaobei refined the Qilin’s body, it had increased by ten levels, which meant that he had ten chances to devour it!

He could consider swallowing the good fortune Jade Disk’s fragment!

If the fragment was destroyed, not only would the green Lotus seed of chaos not reject it, but it would also be happy!

At the same time, the essence of the Shard could also strengthen Chen Xiaobei's Dharmakaya. This was killing two birds with one stone!

"However ... The good fortune Jade Disk's level should have reached the legendary Primal Chaos heavenly venerate level! In other words, it was at the level of heavenly Dao! I'm afraid my phaseless chaos celestial body can't devour it ..."

Chen Xiaobei furrowed his brows.

The last time he devoured the demonic Fire Red Lotus mark, Chen Xiaobei had already confirmed that the formless chaos celestial body could only devour things that were below Saint-tier!

In other words, anything above the peak of the nine Star Saint realm could not be devoured.

According to Kunpeng's memory, zenith heaven golden Immortals of origin were sages! A primordial chaos limitless golden immortal was a sacred king, which was also a Dao ancestor! And the heavenly Dao's Primal Chaos heavenly venerate level should be two major realms higher than the Saint level!

"Forget it. From the looks of it, I can only devour the good fortune Jade plate fragment after the" non-phase chaotic celestial body "is upgraded again! We can only put it aside for now!"

Chen Xiaobei felt helpless, but time waited for no one. He could not waste too much time on this issue.

Don't forget!

Hongyun had been in the ancestral Saint Pangu's remains for some time!

If he did not stop him now, he would probably take all of the ancestral Saint Pangu's heritage for himself!

"Everyone! The next step would be extremely dangerous! That's why I can't take you guys with me!"

Chen Xiaobei said, "You guys go back to the jianmu world and wait for me! I'll come out immediately after I'm done with Hongyun!"

"No! We're not leaving!" Fu Tian Xin 'er was the first to reject, "The more dangerous it is, the more I will not leave Xiaobei Gege!"

yes ... Emperor Jiang said in a deep voice, "Right now, Hongyun might have already taken the initiative! The situation inside the ancestral Saint Pangu's remains would be even more dangerous than before! We're worried about you going in by yourself!"

Xiao xuezhan's face was also solemn as he said, "The point is that the energy in Pangu's remains might not be life force! Shixiong Xiaobei's demonic Dragon Slayer divine armor won't be of any use!"

Everyone was worried about Chen Xiaobei's safety.

After all, Hongyun's entry into the ancestral Saint Pangu's relic was equivalent to entering his own home ground, which would definitely be more terrifying than before!

"Everyone! I know what you mean! However, you won't be of any help if you go in! On the contrary, you might distract me!"

that's right! Chen Xiaobei said. so, please wait for me outside. I need to fight Hongyun with a peace of mind!

Red Envelope Group of the Three Realms

Chapter 3838: sacred

"That being said, we're still worried ..."

Fu Tian Xin 'er pouted, her watery eyes filled with worry.

Without a doubt, the reason why Chen Xiaobei asked to fight Hongyun alone without bringing anyone was because he had no confidence at all.

If Chen Xiaobei was not confident, everyone would be worried.

Their friendship with Chen Xiaobei made it so that none of them could watch Chen Xiaobei take the risk while they ran to a safe place to hide.

"Bro bei! Just let us follow you, we promise we won't be a burden to you!"

The waiter's face was also filled with anxiety. His chubby little face was a little red and his little fists were tightly clenched.

It was clear that he was really worried about Chen Xiaobei.

"Idiot! It's not up to you to decide if you're a burden! Once we enter the ancestral Saint Pangu's remains, everything will be out of our control!"

you have to know that even if I go in, I don't have any chance of winning. We can only play it by ear and see if we can find a way to break out of this! As for you, once you enter, you will definitely become the target of the red Cloud! When the time comes, even though you don't want to be a burden, can you not want to?"

this ... the waiter was speechless and lowered his head in disappointment.

He had no choice. In this situation, strength was the only way.

Without sufficient strength, it was useless to say anything!

At the same time, everyone around them, including Fu Tian Xin 'er, fell silent.

Although they were anxious, they had no reason to convince Chen Xiaobei.

"Alright! The matter was decided! I'll only enter the ancestral Saint Pangu's remains after I see you all out!"

Chen Xiaobei's eyes narrowed.

Nothing must happen to my friends! At the same time, he must do his best to stop Hongyun!

If Hongyun were to obtain the inheritance of the Holy ancestor Pangu, then many of Chen Xiaobei's plans and schemes would go down the drain. There was a possibility that a terrifying enemy who was powerful enough to cut off Chen Xiaobei's path of advancement would appear in God!

Under Chen Xiaobei's watchful eyes, everyone left the Saint realm.

Just as Chen Xiaobei had said, their presence would only distract Chen Xiaobei and give Red Cloud Grandmaster more opportunities to attack.

Therefore, they all chose to leave in the end.

They left as quickly as they could because the faster they left, the faster Chen Xiaobei could enter the ancestral Saint Pangu's remains and stop Hongyun.

"Whoosh ..."

Finally, after everyone had left, Chen Xiaobei charged into the portal that led to the ancestral Saint Pangu's remains.

Chen Xiaobei was destined to survive this calamity alone!

If he couldn't cross it in the end, no one in this world would be able to stop the crazy Hongyun!

"Swish!"

After passing through the space gate, the scene in front of him had once again undergone a tremendous change!

The green space that was as beautiful as a dream a moment ago had instantly turned into a boundless battlefield. Everywhere was a wasteland with shattered rocks. The air was filled with black and thick smoke. The entire space was filled with traces of fighting. There were countless axe marks on the ground and the sky had been split in half!

As soon as he stepped in, Chen Xiaobei could feel a majestic aura that could swallow mountains and rivers! There was also a kind of unparalleled domineering aura of one man holding off ten thousand men!

There was no doubt that this was the ancestral Saint Pangu's remains!

The aura that was naturally exuded from this place was a true portrayal of the ancestral Saint Pangu. Anyone who entered this place would quickly know what kind of existence the ancestral Saint Pangu was!

Unparalleled Shen power! He was invincible! The Overlord blade was strong! Qi that could swallow the heavens and earth ...

Of course, Chen Xiaobei was not in the mood to appreciate the Holy ancestor Pangu's aura.

Whoosh ... Whoosh ... Whoosh ...

A huge blood-red Hurricane had appeared in the center of the battlefield!

The blood mist enveloped an area of tens of thousands of meters, within which Thunder and wind were raging. It also emitted an even more intense and unique aura that belonged only to the ancestral Saint Pangu!

"This is bad!"

Chen Xiaobei's heart skipped a beat. He quickly ran over to the other side and shouted, " "Could it be that Hongyun has already activated the inheritance of the ancestral Saint Pangu and has begun to accept it? Once he accepts the success, everything will be too late!"

[ding Yingying's cultivation level: half-step true sage. Lifespan: 1.357 billion years! [physical body: xxxxx!] [combat power: xxxxx!] [primordial spirit attack: sacred level!]

Chen Xiaobei immediately activated the pinnacle of the ninth transformation of the demonic Saint.

"Whoosh ..."

As the 10 billion years of his life were used up, Chen Xiaobei stepped into the pseudo-realm of half-true divine.

At the same time, the power of the demonic Dragon Slayer godly armor was fully activated.

"Clang! Clang! Clang! Clang ..."

Millions of demonic Dragon tribulation Dharma forms formed a giant dragon with Blade Scales. At the same time, it emitted countless God-slaying Black lightning and God-slaying saber Qi.

"Woof! Whoosh!"

At the same time, the Dharmakaya's power was activated, and the Golden Dragon and fire Phoenix appeared, further increasing Chen Xiaobei's attack power.

"Whoosh ..."

Then, a black hole appeared, which could absorb a portion of the enemy's power!

"Woof!"

Following that, a Chiyou heaven-battling spear Dharma power was formed. At the same time, it was accompanied by the special ability of the ancestral wizard Xuan Ming's law of destruction!

"Chi ..."

Finally, a blood-red swastika appeared above Chen Xiaobei's head!

Without a doubt, this was the strongest combat power that Chen Xiaobei could display at this moment!

If even this attack could not kill Hongyun, then Chen Xiaobei really had no other way!

"Chen Xiaobei! You're late! Hahaha ..."

However, at this moment, Hongyun's proud laughter came from the blood-red Hurricane, " "If it was just now! You, Chen Xiaobei, have used so many trump cards that you can defeat me! However, your trump cards are not worth mentioning in front of me! Hahaha ..."

"BOOM!"

Along with ancestor Red Cloud's laughter, a loud explosion shook the world.

A huge figure was formed by the blood-red Hurricane.

The figure was very blurry at first, but very quickly, it became very real, as if it was a living thing!

It was actually a huge Pangu body of wind and thunder!

The blood-red Hurricane and lightning intertwined and condensed, forming a physical body holding a giant axe!

Without a doubt!

It was countless times stronger than the Pangu wood spirit body!

“Woof!”

The Pangu body of wind and thunder swung the Pangu axe at Chen Xiaobei.

Judging from his speed and strength, he had already reached the terrifying level of a true sage!

[Red Envelope Group of the Three Realms](#)

Chapter 3839: giving up

Without a doubt!

The moment the blood-red Pangu wind lightning body appeared, the battle lost all suspense!

Originally, Chen Xiaobei could defeat any half-step true divine opponent if he used all his trump cards in one go!

However, at this moment, the combat strength of this Pangu wind lightning body had already reached the true sage level!

In terms of strength, speed, and defense, he was superior to Chen Xiaobei.

It was not an exaggeration to say that even if this Pangu’s body of wind and thunder stood still, Chen Xiaobei would not be able to hurt it at all!

However, it was the opposite!

The power of Pangu’s wind lightning body had already reached the terrifying Saint level! He could have easily killed Chen Xiaobei!

Pangu’s body of wind and thunder was already swinging its huge battle axe, which was made up of blood-red Hurricane and lightning, at Chen Xiaobei!

“Hahaha ... You little brat! You can go to hell!”

It was as if Red Cloud could already see the final victory. He could even imagine Chen Xiaobei’s tragic death. He was so excited that he could not be described with words. He was so proud of himself!

“Woof! Boom boom boom ...”

Before he could finish his sentence, the Pangu axe of wind and thunder had already landed on Chen Xiaobei’s body with an unavoidable speed!

In an instant, all of Chen Xiaobei's trump cards were crushed by the Axe's power like paper, turning into ashes!

The black hole, the Chiyou heaven battling spear, the laws of destruction, the Golden Dragon, and the fiery phoenix were all unable to put up any resistance!

Even the blood-colored swastika Buddhist seal was extremely fragile and collapsed without any suspense!

Of course!

Although all these trump cards seemed extremely fragile, they could more or less offset some of the power of the Pangu axe of wind and thunder!

In addition, the God-slaying Black Lightning had further weakened it!

In addition, there was the defensive power of the demonic Dragon Massacre Divine armor and the defensive power of the body of the demon Sage!

Only then did he manage to reduce the power of the Pangu axe of wind and thunder by about thirty percent!

That's right!

This was the power of a Saint!

The terrifying power of a Saint!

Even after Chen Xiaobei used all his trump cards, he could only Block 30% of the attack. He could no longer block the remaining 70% with his own strength!

Once the axe came down, Chen Xiaobei's body, Dharmakaya, and primordial spirit would all be shattered. He would die instantly!

Clang!

Suddenly, a mysterious power burst out from Chen Xiaobei's body! He had blocked the Pangu axe of wind and thunder with brute force! He did not let this sharp weapon kill Chen Xiaobei!

That's right!

This power came from the people Dao imprint!

Originally, the core of the human Dao seal was only the green Lotus seed of chaos and was far from being able to resist the power of a Sage. Even if it was only 70% of the power, it was still impossible to resist.

In other words, if it was in the past, even if the human Dao seal took the initiative to protect its owner, it could only keep Chen Xiaobei alive!

Even 70% of his strength would still cause Chen Xiaobei to be seriously injured!

Even if his injuries were not as severe as the one with the jieyin priest, it would still make Chen Xiaobei completely lose his combat ability and become a fish on the chopping board!

But! That was in the past!

Just now, the green Lotus seed of chaos had absorbed a wisp of primordial purple Qi and had begun to grow. Not only did the Lotus seed turn purple-green, but it had also grown a small bud!

If that was the case, the defensive power of the people path imprint would be completely different!

Although he still couldn't resist the power of a true sage, he could still resist 70% of the power of a one-star true sage!

“Woah! Crash!”

After a moment of stalemate, the Pangu ax of wind and thunder failed to break through the defense of the human Dao seal, and both of them shattered!

Chen Xiaobei was unscathed. He had only retreated a few hundred meters away.

how ... How is this possible? ”

Looking at the scene before him, ancestor Red Cloud was stunned. “What kind of defensive power is that? It could actually resist the might of a Saint! Oh my God! Am I seeing things? It was truly unprecedented!

Without a doubt, ancestor Red Cloud was extremely shocked at this moment. He had suffered a huge blow and even felt that the result was like a huge slap to his face!

Just a moment ago, Red Cloud Grandmaster was still so proud of himself, thinking that Chen Xiaobei would definitely die!

But Chen Xiaobei was uninjured and could fight a true divine!

This face-smacking was simply terrifying!

“Phew ... That was close ...”

Chen Xiaobei broke out in cold sweat. fortunately, the green Lotus seed of chaos has already grown. Otherwise, I would have been seriously injured and fallen to the ground. Hongyun could easily crush me to death!

“Chen Xiaobei! Don't be too pleased with yourself! All you did was block one of my attacks! I don't believe that your trump card can be used indefinitely! Even if I have to waste my time, I can still exhaust you to death!”

Of course, even though ancestor Red Cloud was shocked, his heart was still filled with confidence.

As he said, Chen Xiaobei could not use his secret weapon indefinitely!

In fact, the human path imprint could only be used a second time after a day and a night!

This meant that Chen Xiaobei did not have any secret weapon to save his life!

However, on the contrary, ancestor Red Cloud seemed to have gained the approval of the ancestral Saint Pangu and was now able to control the energy in the space freely.

In other words, Chen Xiaobei no longer had his secret weapon but Red Cloud Grandmaster could launch an unlimited number of true divine level attacks!

The final result was already self-evident!

Chen Xiaobei would definitely die without a burial place, not even a piece of his body would be left!

“Chen Xiaobei! You will die today! Hahaha ...”

Pangu! ancestor Red Cloud activated his Pangu wind and thunder body and attacked Chen Xiaobei again!

“Wait a moment!”

But Chen Xiaobei seemed to have given up. He retracted his demonic Saint ninth transformation and even removed the demonic Dragon Slayer divine armor. He faced ancestor Red Cloud in his most Ordinary Form!

“What?”

Ancestor Red Cloud’s expression froze for a moment. He felt a little puzzled and curious. He stopped the Pangu wind lightning body and asked in a deep voice, “Chen Xiaobei! What’s the meaning of this? You don’t want to live? Giving up? This isn’t like you!”

“You’re right! I give up! It’s precisely because I want to live that I have to give up! I want to have a good talk with you!”

yes! Chen Xiaobei replied loudly with a sincere look on his face.

“Heh, you’re a dying man, what can you talk to me about?”

Ancestor Red Cloud said with disdain, “As long as I kill you, everything you have will be mine! What’s there to talk about?”

Chen Xiaobei said seriously, “Don’t worry! You can’t refuse the chips I’m offering!”

[Red Envelope Group of the Three Realms](#)

Chapter 3840: Thank you

3840 Thank you

“Alright! Tell me, what are your conditions?”

Red Cloud Grandmaster thought that victory was in his hands and was not in a hurry to kill Chen Xiaobei.

This feeling was like an old cat that had caught a mouse and could play with it as it pleased, completely unafraid of what tricks the mouse could play.

Red Cloud Grandmaster had already decided that no matter what Chen Xiaobei said, he would kill Chen Xiaobei! However, if what Chen Xiaobei said was of value, it would be another gain for ancestor Red Cloud!

Why not?

“Do you want the primordial violet vapor and the fragments of the good fortune Jade Disk?” Chen Xiaobei did not waste any more time. Instead, he threw out his biggest chip.

what did you just say?!

Ancestor Red Cloud couldn't believe his ears. His entire aura started to shake and his eyes were filled with greed and passion!

Primordial violet vapor! The good fortune Jade Disk fragment!

No one in the universe could resist the attraction of these two things!

The primordial violet vapor was the foundation of the heavenly Dao!

The seven great heavenly path sages had all become sages because they had obtained the Hong Meng immortal Qi!

Ancestor Red Cloud had once possessed a wisp of primal purple Qi and directly upgraded the nine Nine spirit-scattering gourd to a holy weapon!

The good fortune Jade Disk was the most powerful Dharma Treasure!

The good fortune Jade Disk that was once in perfect condition could even seal 49 strands of primordial violet vapor!

Now, although the good fortune Jade Disk was broken, the level of the fragment was probably one realm higher than that of the Dao ancestor! He had reached the legendary chaos heavenly venerate level! It contained Supreme and profound heavenly Dao energy, essence, and mysteries ...

With just a fragment, he could become a saint!

One could only imagine how terrifying that was!

Because of this, ancestor Red Cloud lost his composure. In his heart, he couldn't suppress the emotions of fanaticism and greed.

Even the speed at which he was receiving the ancestral Saint Pangu's inheritance was greatly reduced.

It could be clearly seen that a stream of blood-colored Holy splendor was pouring into his body like a waterfall from the blood-colored Hurricane!

However, at this moment, his speed had obviously been greatly reduced.

This meant that Chen Xiaobei's offer had not only touched Grandmaster Red Cloud's heart, but it had also struck the deepest part of his heart, making it impossible for him to resist.

“Trust your ears! You didn't hear wrong!”

“I admit that I’m no match for you!” Chen Xiaobei said. In order to survive, I can give you the primordial violet Qi and a piece of the Jade of fortune!”

“If what you said is true! Then, I must kill you!”

Ancestor Red Cloud’s eyes turned cold and he said greedily, “As long as I kill you, everything you have will be mine, including the primordial violet vapor and the good fortune Jade Disk fragments! Why should I let you go?”

“To be honest! I have a special secret technique that can refine the primal Chaos purple Qi!”

Chen Xiaobei raised his eyebrows and said calmly, “if you kill me, I’ll refine the primordial violet vapor I just obtained and make you lose the most important thing!

“This ...”

Ancestor Red Cloud’s expression froze for a moment and he hesitated.

Obviously, what was the use of the good fortune Jade Disk fragment? Can it be used? Ancestor Red Cloud was not confident at all.

However, ancestor Red Cloud was well aware of the effects of the primordial violet vapor.

Therefore, if ancestor Red Cloud had to choose between the Hong Meng immortal Qi and the good fortune Jade Disk fragment, he would choose the Hong Meng immortal Qi without any hesitation!

Therefore, Chen Xiaobei’s threat of refining the primal Chaos purple Qi had hit ancestor Red Cloud’s soft spot, causing him to be in a dilemma.

“Alright!”

In the end, ancestor Red Cloud made a concession, “If you can prove that you have the primordial violet vapor and the good fortune Jade Disk fragment, I can spare your life!”

Clearly, Chen Xiaobei’s life was not as important as the primal Chaos purple Qi.

If Chen Xiaobei was lying, then so be it.

However, if what Chen Xiaobei said was true, Red Cloud Grandmaster would not let him miss the chance to obtain the Hong Meng immortal Qi!

“Of course I can!”

Chen Xiaobei took out the good fortune Jade Disk.

This time, however, Chen Xiaobei did not hold the fragment in his hand. Instead, he wrapped it with his celestial core power, keeping it away from his body.

that ... That’s the good fortune Jade Disk’s fragment?”

Ancestor Red Cloud’s eyebrows were tightly knitted together. He seemed to be a little suspicious. After all, he had never seen what the good fortune Jade Disk looked like.

“Don’t think that I’m easy to fool!”

Ancestor Red Cloud's gaze turned sharp and he said, "First, bring this fragment over! Let this old man examine it carefully! If it's true, I'll believe you!"

"No problem!"

I'm not afraid of you going back on your word! Chen Xiaobei said. I still have the Hong Meng immortal Qi!

After that, Chen Xiaobei flew up into the air, intending to deliver the good fortune Jade Disk fragment to ancestor Red Cloud.

"Wait a minute!"

However, ancestor Red Cloud suddenly went back on his word. "I almost forgot! You're the number one profiteer of the Three Realms! There must be something fishy about him agreeing so readily! Don't come over! Just stand there!"

He had to admit that Red Cloud Grandmaster was very smart and cautious. He did not trust Chen Xiaobei easily.

It was a pity that ancestor Red Cloud's intelligence was not used in the right place.

Chen Xiaobei was indeed playing tricks!

However, it was not as simple as getting close to ancestor Red Cloud!

"Good! I'll stand where I am!"

Chen Xiaobei smiled and did not object.

"Don't move! This old man will release his celestial core power to get the fragment!"

Red Cloud Grandmaster was very cautious and did not dare to let Chen Xiaobei get close to him.

"Whoosh!"

The next moment, ancestor Red Cloud released a beam of celestial core power and took the fragment from Chen Xiaobei's hand. Then, he quickly returned it to his own hand.

In the beginning, ancestor Red Cloud was still on high alert. He used his immortal essence to wrap the fragment and observed it carefully for a long time.

After confirming that there was no danger, ancestor Red Cloud removed his celestial core power and held the fragment in his hand.

It felt good to the touch, and the texture was unprecedented.

One look and one could tell that it was a precious treasure!

"Whoosh ..."

Then, ancestor Red Cloud released his spirituality and tried to communicate with the good fortune Jade Disk fragment!

“What an idiot!”

Chen Xiaobei laughed coldly when he saw this.

“What?”
