Chapter 3871: choice

It was the agreed time.

A middle-aged man in a nine-colored armor of spiritual light flew to mo yuanze.

Although he had transformed into a human, he still had a pair of horns unique to a Qilin on his forehead. On the back of his hands and neck, one could vaguely see nine-colored spiritual light shining on his skin, which was like a gem.

That's right!

This person was the nine-colored Qilin!

"Whoosh ..."

The nine-colored Qilin opened its hand and Mo yuanze, who was as huge as the ocean, was pulled open like a curtain. A chasm was opened in the middle and he retreated to both sides.

Under mo Yuan ze was the secret stronghold of his force.

However, the person that flew out wasn't one of the nine-colored Qilin's subordinates. Instead, it was a young Man in Black.

"Who are you? Why are you under this Lake? Are you afraid of leaving behind a grandson?"

The nine-colored Qilin was extremely puzzled. The person who had invited him here was clearly ju Liushen, so why was he nowhere to be seen?

ju liusun only has a primordial spirit left," the young man in Black said. you don't have to be in a hurry to find him. I'll send you to him soon!

what did you just say?!

The nine-colored Kirin was startled and immediately became alert. Its deep eyes suddenly shone with nine-colored holy light! His entire person was filled with fighting spirit, and his aura was sharp to the extreme!

I forgot to introduce myself. I'm Chen Xiaobei!

The young man in Black raised his eyebrows and said indifferently, " I've killed dozens of your subordinates. You're only left with a primordial spirit!

"What? You ... You ... You're Chen Xiaobei?"

" what?! the nine-colored Qilin was instantly alarmed, and even its seething battle intent began to waver.

Chen Xiaobei's name was enough to shake the entire universe. Anyone who heard those three words would not be able to remain calm.

Moreover, the nine-colored Qilin had heard of Chen Xiaobei's name a long time ago. It had even worked with Chen Xiaobei through ju liusun.

The nine-colored Qilin knew very well how powerful Chen Xiaobei was.

Of course, the most unbelievable thing to the nine-colored Qilin was how Chen Xiaobei had managed to survive Daoist jieyin's attack.

This was simply unbelievable!

Chen Xiaobei ... You ... What do you want by tricking me into coming here? "

The nine-colored Qilin was really a little nervous. Its eyes kept scanning the surroundings, and it even immediately released an intense protective celestial core power to protect itself from head to toe.

After all, his reputation as the number one profiteer in the Three Realms was not a joke!

To the nine-colored Kirin, Chen Xiaobei must have laid a huge trap for him.

If he did not be careful, he would not even know that Chen Xiaobei had sold him out.

"Don't be nervous! There's no ambush or trap in the surroundings."

"I asked you to come here because I wanted to give you two choices," Chen Xiaobei said.

"What ... What choice?" The nine-colored Kirin said nervously.

"First, submit! Second, death!" alright! Chen Xiaobei smiled and said, " pick one!

you ... the nine-colored Kirin almost vomited blood in anger upon hearing this.

He was aiming to become a saint, what kind of ambition was that! What arrogance! How could I possibly submit to you, Chen Xiaobei?

However, if they didn't submit, they would die!

Why?

What do you take me, the nine-colored Qilin, for? An ant? You can even control my life and death?

"Chen Xiaobei! I know you won't fight a battle you're not confident in! However, with your current cultivation, I can definitely deal with you before you show your trump card! At that time, the one who will die will definitely be you!"

The nine-colored Kirin was truly enraged. The battle intent on its body was even more intense than before, and even a cold killing intent gushed out.

Chen Xiaobei's cultivation was only at the nine-star zenith heaven golden immortal level, or nine-Star Mystic God!

On the other hand, the nine-colored Qilin's cultivation was at the peak of the origin golden immortal, which was also the peak of the sage-to-be!

The difference between the two of them had reached nine major realms!

Just as the nine-colored Qilin had said, even if Chen Xiaobei had set up an ambush and trap around this area, the two of them were not too far away from each other. If they were to really fight, the nine-colored Qilin would be able to kill Chen Xiaobei before he could even use his trump card!

Because of that, even though the nine-colored Kirin was wary of Chen Xiaobei's methods, he was strong enough to fight with Chen Xiaobei.

"It seems like you don't want to submit!"

"Then let's fight!" Chen Xiaobei said. "I'll let you make the first move!"

"What?"

The nine-colored Kirin's expression faltered, and he simply couldn't believe his ears. "Your cultivation base can't be compared to mine to begin with. Now that I've taken the initiative, how can you still have half a chance to live?"

It was obvious that in this kind of battle with a huge difference in strength, the weak had to show their trump cards first to have a chance of winning.

But now, Chen Xiaobei's cultivation was obviously weaker, and yet he let the nine-colored Qilin attack first?

What was the difference between this kind of behavior and suicide?

"You're going to die soon! You're still in the mood to care about my survival?"

"I'll only wait for three seconds! If you don't make a move, then don't blame me for not being modest!" Chen Xiaobei laughed.

"Crazy! Since you want to die so badly, I'll fulfill your wish!"

The nine-colored Kirin was already very angry. Since Chen Xiaobei was asking for it, he had no reason not to fulfill his wish.

"Whoosh ..."

With a wave of terrifying celestial core power fluctuations, the nine-colored Qilin's body bloomed with nine-colored spiritual light that was as bright as the sun.

In an instant, the sky changed color and the clouds surged! Mo Yuan ze, which was as vast as the sea, was boiling.

nine-colored sky Wheel slash!

Words of law! The nine-colored Qilin's roar caused the nine-colored spiritual light in the surrounding space to suddenly condense into sharp spikes!

Thousands of nine-colored heavenly wheels spun rapidly, forming thousands of nine-colored spiritual light tornadoes!

The edges of these tornadoes were extremely sharp. Anyone who was sucked into them would be completely minced into pieces!

It was obvious that the nine-colored Qilin's cultivation base was no different from using a dragon-slaying saber to kill a chicken when dealing with an enemy who was nine levels lower than him.

However, the nine-colored Qilin didn't dare to be careless, much less hold back!

Not only did he not hold back, he even used all his strength, using all the power he could to the maximum.

"Shua shua ... Shua shua ..."

In an instant, the sky, the clouds, and the black Swamp were all twisted into thin lines. It was as if nothing could resist the nine-colored sky Wheel tornado.

"Chen Xiaobei! Accept your death!"

The nine-colored Qilin waved his hand and thousands of tornadoes came down on Chen Xiaobei.

"Is this your strongest attack?"

Chen Xiaobei shook his head and said in disappointment, "I thought you would surprise me! You only have this much ability and you still refuse to submit, aren't you seeking death?"

Chen Xiaobei took a step forward!

Annihilate ten thousand Dragons with one hand!

Chapter 3872: backing

[ding Yingying's cultivation level: half-step true sage. Lifespan: 13555.4 billion years! [physical body: xxxxx!] [combat power: xxxxx!] [primordial spirit attack: sacred level!]

In an instant, ten billion years of his life had been used up, and Chen Xiaobei was now a half-step true divine.

He waved his hand casually, and then an extremely terrifying purple-gold holy light burst out.

The overwhelming power suddenly pushed upward and crushed all the nine-colored tornadoes in the sky like a tornado!

It was as if Chen Xiaobei could annihilate thousands of Dragons with just a wave of his hand! The scene in the entire space was filled with an extremely strong visual impact!

how ... How is this possible?!

The nine-colored Qilin trembled in fear. It would never have thought that Chen Xiaobei would have such terrifying power!

No wonder Chen Xiaobei dared to let the nine-colored Qilin attack first! It was because Chen Xiaobei was already strong enough! It was so powerful that even if the nine-colored Qilin made the first move, he wouldn't have any chance of winning!

The nine-colored Kirin thought that Chen Xiaobei would need to prepare some powerful trump card to defeat it! In the end, the one who really needed a powerful trump card was not Chen Xiaobei, but the nine-colored Qilin himself!

“Swish!”

The next moment, Chen Xiaobei took another step forward, and his body flashed in front of the nine-colored Qilin!

The nine-colored Qilin felt as if it had fallen into eternal hell. Its body and soul were shrouded in despair, and it felt as if it could be annihilated at any moment. Not even a trace of it would be left behind!

“Spare me ... Please spare me, exalted immortal ... Please spare me ...”

The nine-colored Kirin screamed hysterically. It was full of confidence a second ago, but in the next second, it cowered like a dog!

It was obvious that the nine-colored Qilin’s greatest trump card and plan in coming to the Hong Meng Demon Realm this time was to repair the great heavenly cycle star formation and then strike at the right time to obtain the greatest benefits.

In other words, the nine-colored Kirin didn’t have any other trump cards.

Therefore, at this moment, other than begging for Chen Xiaobei’s mercy, there was no other way to turn things around.

He couldn’t beat him, and he couldn’t escape either. He could only obediently admit defeat, and perhaps there was still a chance of survival.

“I gave you a chance just now! It would allow you to choose between submission and death! Not only did you not choose to submit, you even tried to kill me! This means that you’ve already chosen death. I can’t let you off!”

Chen Xiaobei’s attitude was unyielding. He would never show mercy to his enemies who wanted to kill him!

“Not for the monk, but for the Buddha! I’m sure you don’t know I have a Godfather! God Chen, please give my Godfather some face and spare my life!”

The nine-colored Qilin had no choice but to use his backer.

“Your Godfather? Who are they?”

Chen Xiaobei was a little surprised and curious.

A powerful demon like the nine-colored Qilin actually had an even more powerful and mysterious Godfather! It was really a little unbelievable!

“My Godfather is a five formations demon Emperor!”

The nine-colored Kirin quickly said, " God Chen, you might not know this. My Godfather was a demon from billions of years ago. He was once the most powerful demon in the Hong Meng Demon Realm. He was almost the new demon ancestor!

"Isn't that an existence like mo Luo Wu Tian?" Chen Xiaobei asked.

Obviously, the devil ancestor of the devil World was luohou. However, after luohou's death, mo Luo Wutian emerged as a new force and became the new devil ancestor.

At this moment, the five formations demon Emperor that the nine-colored Qilin had mentioned had almost become the new demon ancestor. That was equivalent to the most powerful and talented existence in the Hong Meng Demon Realm after Jun Mohan was sealed.

"That's right!" The nine-colored Kirin quickly nodded. My Godfather looks so much like mo Luo Wutian! However, he is not as lucky as mo Luo Wu Tian!"

"Mo Luo Wu Tian? How is he lucky?" Chen Xiaobei asked.

yes! the nine-colored Qilin said, " when mo Luo Wu Tian reached the most critical moment of his development, he seemed to have obtained the recognition of the origin of the devil World. That's why he was able to complete the laws of the devil World, control the laws of the devil World, and successfully become the ancestor of Devils!

my Godfather, on the other hand, was rejected by the origins of the demon Realm when he tried to rewrite the laws of the demon Realm. He was heavily wounded and went into hiding for billions of years! That's why everyone has forgotten about my Godfather!"

Chen Xiaobei immediately understood what she meant.

It was because of the recognition of the demonic mark that mo Luo Wu Tian was able to come into contact with the core laws of the demonic realm. That was how he was able to complete the laws, control the laws, and become the Supreme divine ancestor of the demonic realm!

However, the five formations demon sovereigns mentioned by the nine-colored Qilin did not obtain the recognition of similar demonic Dao marks. They tried to forcibly control the laws of the Hong Meng Demon Realm, but were rejected by the core laws of the world!

That was why the nine-colored Qilin said that the five formations demon sovereign was not as lucky as mo Luo Wutian.

"God Chen! Do you know who my Godfather is now?"

When the nine-colored Qilin saw that Chen Xiaobei did not say anything, it thought that Chen Xiaobei was worried about the five formations demonic Emperor.

To the nine-colored Qilin, it was safe now that Chen Xiaobei was afraid!

The nine-colored Qilin's fear and anxiety were greatly reduced. Instead, it became more arrogant and even threatened Chen Xiaobei.

“I’ll be honest with you! My Godfather has already reached the half-step true sage realm and he has the five elements heavenly amplification formation. Once he activates the formation, he can be comparable to a three-star true sage! So, you’ve made the right choice by not killing me! Otherwise, you will definitely not be able to leave the Hong Meng Demon Realm alive!”

“I don’t like to be threatened!” Chen Xiaobei’s face was cold and his tone was indifferent.

“You don’t like it?” The nine-colored Kirin chuckled. heh! Your strength is right in front of you. What right do you have to decide whether you like it or not? ”

Chen Xiaobei was silent.

“You’re indeed very powerful, but it’s a pity that you’re still a little bug in front of my Godfather ... Ugh ...” The nine-colored Kirin said disdainfully.

The nine-colored Kirin thought that it would be able to intimidate Chen Xiaobei with its Godfather’s name.

However, the nine-colored Qilin had never thought that it would be too late for regrets before he could even finish his words!

“Swish ...”

Chen Xiaobei’s left hand was like a ROC’s claw, piercing through the nine-colored Qilin’s dantian and dharma body!

Then, Chen Xiaobei pulled the nine-colored Qilin’s primordial spirit out of its body!

The moment the primordial spirit left his body, the nine-colored Qilin’s physical body died and Chen Xiaobei put it into his infinite space ring.

At the same time, the nine-colored Qilin’s primordial spirit was caught in Chen Xiaobei’s palm. With a squeeze, Chen Xiaobei had severely injured it and completely lost its ability to fight.

you ... How dare you lay a hand on me ... You ... Aren’t you afraid of my Godfather?!

The nine-colored Qilin’s primordial spirit let out a shrill scream. It did not expect Chen Xiaobei to do something so unexpected.

Chapter 3873: Feed nurturing (thank you, President of SOS)

3873 Feed nurturing (thank you, President of SOS)

“I don’t even care about the heavenly Dao. Do you think your mere Godfather can intimidate me? I really don’t know if I should call you naive. Or should I call you stupid?”

Chen Xiaobei held the nine-colored Qilin’s primordial spirit in his hand like he was holding an ant. He could kill it with a single thought.

“Hiss ...”

The nine-colored Kirin gasped. If he had known that this would happen, he would not have dared to threaten Chen Xiaobei.

Perhaps if he insisted on begging for mercy, Chen Xiaobei might spare his life.

At this moment, he was so regretful that his intestines were about to break from the tragic ending of death!

“God Chen ... I’m impressed! I’m completely convinced ...”

“My Godfather is scum!” The nine-colored Kirin quickly corrected himself. He’s just a piece of trash! You can’t even compare to a single strand of your leg hair! It’s all my fault ... God Chen, please let me live. Please let my primordial spirit go ... I beg you ...”

It was clear that the best outcome the nine-colored Qilin could obtain now that things had developed to this point was to retain his primordial spirit. This way, he would at least have a chance of being reborn or reincarnated!

If even the primordial spirit was destroyed, the nine-colored Qilin would no longer exist in this world!

For the sake of his own survival, the nine-colored Kirin didn’t even care about his bottom line. He begged with a mournful voice while belittling his Godfather to the point of being worthless!

“Idiot!”

However, Chen Xiaobei looked down on such people the most. “If you are always loyal to your Godfather, I might have a higher opinion of you! In order to save your own life, you’re disparaging others. You’re simply shameless and underhanded!”

I ... the nine-colored Kirin’s expression faltered, and he was instantly rendered speechless.

He had wanted to belittle the five demonic sovereigns to please Chen Xiaobei, but he did not expect that he would make Chen Xiaobei look down on him even more.

At this moment, the nine-colored Qilin really wanted to cry, but no tears came out. He had fallen into extreme despair.

“It’s not impossible for me to keep your primordial spirit!”

However, Chen Xiaobei gave the nine-colored Qilin a chance to live.

“Please speak! Please speak! No matter what request you have, I’ll definitely agree to it without any hesitation!”

The nine-colored Qilin felt as if it had been granted Amnesty. It had already sunk into deep despair, but now that it saw hope, it naturally cherished it a hundred times more and said nothing more.

It was obvious that the nine-colored Kirin was very afraid of death. He would do anything to survive. So, as long as Chen Xiaobei asked for it, he would agree to any condition without hesitation!

“Tell me about your Godfather’s plan!” Chen Xiaobei said.

“Yes, yes, yes ...”

The nine-colored Qilin nodded its head like a chick pecking at rice and quickly said, my Godfather's plan is to act as a backup. If I can't get the bell of the East Emperor, he will suddenly make a move and suppress the whole situation!

As the saying goes, the third party benefits from the struggle between the Sandpiper and clam!

The clan of enlightenment and the Western religious sect were the clam while the nine-colored Qilin was the fisherman!

However, no one would have thought that there would be an even more powerful fisherman behind the fisherman!

Even Chen Xiaobei did not expect this!

Fortunately, they had the nine-colored Kirin. Otherwise, the five demonic sovereigns would have been hiding in the dark and attacked at the last moment. Chen Xiaobei would not have been able to react in time and would have ended up as the final winner!

"What's the five elements heaven amplification formation you mentioned?" Chen Xiaobei asked again.

"My Godfather is proficient in the Dao of the five elements. He can use the five elements spiritual array to stimulate the power of mutual generation! The five elements grow and multiply endlessly. Each cycle forms a cycle of strengthening, and in the end, it can unleash an extremely powerful might!"

"However, my Godfather's five elements spiritual array is only at the three-star divine level. Therefore, the five elements heavenly amplification formation can only be strengthened to the level of a three-star true divine at most!" The nine-colored Qilin explained.

Eh?

Chen Xiaobei was taken aback.

Wasn't this the five elements great Dao?

According to the nine-colored Qilin, the five spiritual arrays of the five formations demon Emperor were equivalent to the five elements spirit base of the five elements great Dao!

The five formations demon emperors used the five great formations as the spirit base and injected their own celestial core power into the great formations. After a cycle, their power could be increased infinitely!

The advantage of this was that the five formations demon emperors only needed to consume their own celestial core power and the time needed to strengthen the circulation to directly save a huge amount of spiritual energy!

Of course, there was a limit to this. The level of five spiritual arrays was the limit of the "invisible heaven amplification formation"! If this limit was exceeded, the five spiritual arrays would collapse!

This was similar to Chen Xiaobei's five elements Dao!

"Five elements spirit base ... The ruins of the Five Nations ..."

Chen Xiaobei was thinking about the enemy's trump card when he suddenly thought of something else. Previously, when they first came to Hong Meng Demon Realm, Chen Xiaobei, Yan Lingshi, and Xia Yilian had all entered a Five Kingdom relic!

Chen Xiaobei had found the five elements spirit base to defeat the enemy!

And Xia Yilian had obtained an extremely heaven-defying inheritance in the ruins!

Xia Yilian had relied on this inheritance to rise rapidly in an extremely short period of time and become the new primordial chaos demon ancestor!

Initially, Chen Xiaobei was wondering if there was no level restriction for Xia Yilian to absorb other people's evil cultivation. He even dared to plot against the heavenly Lord Yuanshi!

Now, it seemed that if this evil technique was left behind by the five formations demonic Emperor, it was very likely to have reached the Saint level!

It could even absorb the cultivation of a heavenly Lord Yuanshi!

"Did your Godfather leave behind a relic of the Five Nations?" Chen Xiaobei could not wait to confirm his speculation!

"Yes, I am!"

The nine-colored Kirin's expression froze for a moment before he nodded in embarrassment. "Before my Godfather tried to control the demon Realm's nomological laws, he already expected that he would fail! He was worried that he might die in battle, so he had specially left behind the inheritance of the Five Nations! If he really does die in battle, at least his legacy can still be passed down!"

"Then do you know who the successor is?" Chen Xiaobei asked again.

I heard Godfather mention her before. She seems to be an ordinary demonic woman called Xia Yilian! The nine-colored Kirin replied honestly.

"Only mentioned? Haven't you seen it before?" Chen Xiaobei asked.

"I've never seen him ..."

The nine-colored Qilin shook his head and said, "Godfather will not summon Xia Yilian!" That's because she's only Godfather's 'nourishment'!"

"Nurturing material? What is the meaning of this?" Chen Xiaobei was shocked. Although he didn't understand, he could feel that things weren't as simple as they seemed.

The nine-colored Qilin paused for a moment before explaining, "Originally, if my Godfather had died in battle, Xia Yilian would have become the true successor and passed down my Godfather's cultivation technique!"

"But, my Godfather didn't die! In that case, Xia Yilian's existence was unnecessary! Godfather is letting her absorb other people's cultivation outside, but in the end, Godfather will absorb her cultivation!"

"That's why I said that Xia Yilian is only a nourishment!" The nine-colored Qilin said in a deep voice.

Red Envelope Group of the Three Realms

Chapter 3874: appointment

As the saying goes, the Mantis stalks the cicada, unaware of the Oriole behind!

If the bell of chaos was the cicada, the Western religious sect was the Mantis, then Xia Yilian was the Oriole!

Even Chen Xiaobei did not expect that there would be a Vulture hiding behind Xia Yilian!

Xia Yilian had schemed and used her beauty to seduce men and absorb their cultivation. In a short time, she had reached the peak of the sage-to-be realm. She had even taken away Jun Mohan's ancestral source!

However, the five formations demon Emperor was hiding in the dark, ready to take everything that Xia Yilian had taken away at any time!

This method was simply too ruthless!

By the way, the main reason why the five formations demon sovereign did not become the demon ancestor back then was that Jun Mohan was sealed by the Dao ancestor, so the five formations demon sovereign could not seize Jun Mohan's demon ancestor origin!

However, Xia Yilian was lucky. She rose to power when Chen Xiaobei was helping Jun Mohan return to Hong Meng demon world.

Therefore, Xia Yilian happened to obtain Jun Mohan's demon ancestor origin and was able to control the core laws of the Hong Meng Demon Realm, becoming the new demon ancestor that no one dared to go against.

Then, here came the problem!

"Xia Yilian is not to be trifled with! If she really wanted to fight head-on, your Godfather might not be able to defeat her! What makes you so confident that you already see her as your nourishment?"

Chen Xiaobei asked.

Obviously, although the five formations demon Emperor had reached the half-step true sage realm and had the " five elements heavenly amplification formation ", don't forget that this was the Hong Meng Demon Realm. Xia Yilian being able to control the core laws was equivalent to having a super cheat!

Even Chen Xiaobei could not say that he could defeat Xia Yilian, let alone the five demonic emperors!

However, the five formations demon Emperor saw Xia Yilian as nourishment. This meant that he definitely had a way to deal with Xia Yilian.

"It's like this ..."

The nine-colored Qilin said resentfully, "there's a cursed seed hidden in the inheritance my Godfather left behind!" After Xia Yilian received the inheritance, this seed took root in her primordial spirit!"

“As long as my Godfather wants to, he can destroy Xia Yilian’s primordial spirit! So, no matter how capable she is, she can’t escape from my Godfather’s hands!”

Such deep scheming! What an exquisite scheme!

This five formations demon sovereign had already firmly controlled Xia Yilian’s life in his hands!

No wonder he dared to leave Xia Yilian outside. He was not worried that Xia Yilian would become too strong!

On the contrary, the five formations demon Emperor really hoped that Xia Yilian would become stronger! The stronger the better!

This was because this scheme was like flying a kite. No matter how high or far Xia Yilian flew, as long as the five formations demon Emperor pulled the string, Xia Yilian had to fly back obediently. Otherwise, her life would be in danger!

From this, it could be seen how great the wisdom of the five formations demon emperors was!

Before he tried to subdue the laws of the demon Realm, he had to leave behind the inheritance of the Five Nations! He had left a curse in the inheritance without knowing if he was Dead or Alive!

It was because of these two exquisite immortal schemes that the demon Emperor of five formations had his current position!

It was not an exaggeration to say that if Chen Xiaobei had not taken down the nine-colored Kirin, the five formations demonic Emperor would have remained undefeated and become the biggest winner of the Hong Meng demonic realm!

Of course, now that Chen Xiaobei had taken down the nine-colored Qilin, the situation was completely different.

“Whoosh ...”

Chen Xiaobei took out the nine-colored Kirin’s storage space from its body. He then took out a communication jade talisman and said, “Ask your Godfather out!”

“This ...”

The nine-colored Kirin’s expression faltered for a moment before becoming extremely complicated.

“What’s wrong? Do you still want to test my patience?” Chen Xiaobei’s eyes were filled with killing intent.

“No, no, no... I wouldn’t dare to ...”

The nine-colored Kirin was extremely nervous, and he said awkwardly, “I’m just a little worried about God Chen’s safety! That’s because my Godfather’s five elements heavenly amplification formation can be carried around with him ...”

The nine-colored Kirin’s trump card was the cosmic stars formation, but it could not be carried around with him. So, he was taken down by Chen Xiaobei without even a chance to fight back!

However, the demon Emperor of the five formations was different. His trump card was the " five elements heavenly amplification formation " ! The main point was that this formation could be carried around.

Unless Chen Xiaobei had a three-star Saint item, he would not be able to fight against the five demonic emperors.

"If you can think of it, how can I not?" shut up! Chen Xiaobei snapped. I told you to invite her out, so just do as I say! Stop talking so much!

but ... the nine-colored Kirin's face was filled with anxiety, and even his primordial spirit was trembling.

The nine-colored Kirin did not warn Chen Xiaobei out of concern or loyalty. It was afraid that if the five demonic sovereigns were to come, it would be dragged into the mess!

After all, he was only left with an extremely weak primordial spirit. He had no chance of survival against the terrifying Five Element heavenly amplification formation.

For this reason, the nine-colored Qilin did not want to invite the five formations demon sovereign out.

"I don't want to say the same thing a third time!"

you'd better do as I say! Chen Xiaobei said. otherwise, I'll be able to use your communication jade talisman after I destroy your primordial spirit!

It was obvious that the nine-colored Qilin's primordial spirit was still there, so his communication jade talisman still had an owner.

All Chen Xiaobei needed to do was to destroy his primordial spirit and make his communication jade talisman ownerless. Then, he would be able to contact the five demonic emperors.

The reason why Chen Xiaobei had not destroyed him was because he still had a little bit of value in keeping his primordial spirit. At least, he would not be exposed!

After all, the five demonic sovereigns were very intelligent. If Chen Xiaobei had come to meet them, he might have exposed himself during the conversation. If he alerted them, the consequences would be unimaginable!

Therefore, the best choice was to let the nine-colored Qilin come and challenge the five formations demon sovereign.

"Yes, yes, yes ... I'll listen to you ... I'll listen to everything you say ..."

The nine-colored Kirin was afraid of death. When he heard that Chen Xiaobei was going to destroy his primordial spirit, he immediately backed off.

He quickly took control of the communication jade talisman and contacted the demon sovereigns of the five formations.

She would die anyway, but if she listened to Chen Xiaobei, she would be able to live a little longer.

After a series of exchanges, the nine-colored Qilin said resentfully, "God Chen, it's all done. My Godfather said that he will be here soon ... Can you let me go first? I ... I don't want to die ..."

It was obvious that the nine-colored Qilin was extremely afraid of the five formations demon sovereigns! He was even more afraid of the five elements heavenly amplification formation!

In the nine-colored Qilin's eyes, once the battle started, Chen Xiaobei would definitely lose! Under that terrifying power, even his own primordial spirit would not be able to survive!

"Don't worry! You won't die!"

Chen Xiaobei said, "Very soon, I will reunite you with your Godfather! Of course, both of you will only be left with a primordial spirit!"

Chapter 3875: -trump card

"This ..."

The nine-colored Kirin was completely dumbstruck.

He had already reminded Chen Xiaobei time and time again that the five demonic Emperor had a three star Saint level trump card. Chen Xiaobei had no chance of winning. However, Chen Xiaobei was very confident.

Even the five demon sovereigns were only left with a primordial spirit?

"How ... How is this possible?"

The nine-colored Qilin didn't dare to believe it. He couldn't believe it at all!

He could not figure out what Chen Xiaobei was planning to do.

Of course, at this moment, the nine-colored Qilin was like an ant in Chen Xiaobei's hands. His life was in Chen Xiaobei's hands. It did not matter whether Chen Xiaobei believed him or not!

With the speed of the five formations demon sovereigns, they would soon arrive here!

There was no way to change Chen Xiaobei's decision!

A great battle was about to break out, and it was absolutely unavoidable!

The only thing the nine-colored Kirin could do was pray that it could escape from this Saint-level battle and preserve its primordial spirit.

The nine-colored Kirin couldn't do anything else.

"Whoosh ..."

However, Chen Xiaobei did not seem to care about the five demonic sovereigns. Instead, he released Julius's primordial spirit from the Meru dimension.

God Chen, please spare me ... God Chen, please spare me ...

Ju liusun screamed hysterically the moment he came out. He thought that he had lost his value and was about to be killed by Chen Xiaobei!

“So noisy! Shut your stinky mouth!”

shut up! Chen Xiaobei shouted impatiently, scaring ju liusun into shutting his mouth.

the nine-colored Qilin had a very complicated expression on his face.

The nine-colored Kirin and ju liusun were supposed to be allies, working together in secret. Who would have thought that they would all end up in Chen Xiaobei’s hands?

Ju liusun was also stunned, and his entire face became distorted. It was as if he had just eaten a piece of cake, and he felt depressed.

Ju liusun had followed Chen Xiaobei’s plan and invited the nine-colored Qilin over. He had thought that the nine-colored Qilin would be able to save him after defeating Chen Xiaobei.

However, at this moment, ju liusun was slapped hard on the face.

Not only did the nine-colored Kirin fail to defeat Chen Xiaobei and save ju liusun, but it was also being held in Chen Xiaobei’s hand like a pitiful little ant.

This was very awkward!

When the nine-colored Qilin saw ju liusun, he cursed in his heart ten thousand times!

Ju liusun saw the nine-colored Qilin and cursed 80000 times in his heart!

The two jokers didn’t dare to make a sound. They looked at each other and stared at each other. Their faces were very ugly!

“Strip!”

Chen Xiaobei took out the beixuan Saint-sealing scroll and extracted a demonic Fire Red Lotus mark from it.

“Bestow!”

Then, Chen Xiaobei placed the demonic Fire Red Lotus mark on ju liusun’s body.

That’s right, this was the Super scapegoat tactic that Chen Xiaobei and Yan Lingshi had come up with!

what ... What is this?!

Ju liusun did not dare to make a sound at first, but a strange mark had mysteriously appeared on his primordial spirit. This made him both shocked and scared, and his primordial spirit began to tremble.

what a strange aura ... It’s vast and terrifying ... What ... What is this?!

The nine-colored Kirin was also shocked. Looking at the demonic Fire Red Lotus seal, his pupils couldn’t help but shrink. His eyes trembled as if he had seen a ghost.

There was no doubt that they had never seen the demonic Fire Red Lotus mark before. They did not know that this mark was a special existence that belonged to the heavenly Dao. There was only one of it in the entire universe!

“You don’t need to know what this is!”

Chen Xiaobei shrugged and said, “All you need to do is to watch how I defeat the five formations demon Emperor.”

Clearly, Chen Xiaobei was not a reckless man. If he dared to send five demonic emperors here, he must have a way to deal with him.

And Chen Xiaobei’s method was to use the demonic Fire Red Lotus mark!

In fact, Chen Xiaobei still had two trump cards in his hand that could also deal with five demon emperors. However, there was a limit to the use of these two trump cards, so it was best not to use them easily.

These two trump cards were the demonic path and human path imprints.

After the demonic mark acknowledged Chen Xiaobei, it also hid in Chen Xiaobei’s dantian. When Chen Xiaobei was attacked, and the attack was less than a five star Saint, the demonic mark could absorb the attack and increase it by 30%. Then, it could be used to attack the enemy, dealing a fatal blow.

The main reason why he could only reach the five star Saint level was that the core of the demonic Dao imprint was only a clone of the Black Lotus of destructions.

If the core was the Black Lotus of destructions, then the demonic mark would be able to resist and counterattack the attack of a peak true sage!

And after the human path seal absorbed the primordial purple Qi, it had already grown the tender shoot and roots of the heaven punishing Purple Lotus.

This caused the defensive power of the human path seal to increase greatly. It could also block the attacks of a three-star true sage and turn this attack into energy to nourish the heaven punishing Purple Lotus.

As long as Chen Xiaobei could use the demonic and human imprints well, he could defeat the five demonic emperors.

However, the demonic and human Dao imprints had to wait for 24 hours before they could be used again. The situation was urgent and a war could break out at any time.

So, Chen Xiaobei had to keep these two trump cards for the time being, in case he needed them!

As for the demonic Fire Red Lotus mark, Chen Xiaobei had three of them!

Moreover, when little fox and Yan Lingshi died, the power of the demonic Fire Red Lotus imprint was activated, but it did not disappear!

This meant that Chen Xiaobei could still retrieve the demonic Fire Red Lotus mark after using the scapegoat tactic.

From this, it could be seen that using the scapegoat tactic was definitely more cost-effective than using the demonic or human path imprints, and the chances of winning were also higher. It could even save Chen Xiaobei the trouble of plotting against him.

“Swish!”

All of a sudden, a green shadow, like a green meteor cutting through the night sky, fell on mo yuanze’s loyal seat with a dazzling holy light.

“Godfather! Godfather, save me!”

The nine-colored Kirin let out a shrill cry of excitement upon seeing the blue shadow.

That’s right!

The man was the nine-colored Qilin’s Godfather, The five formations demon Emperor!

This person was more than six meters tall and was as burly as a small mountain. His skin was as hard and uneven as tree bark, revealing a deep grayish-brown color.

The green primordial chaos holy light on his body also gave off an extremely pure wood-element.

“Who are you? You can actually beat my godson until he only has a primordial spirit left!”

The five demonic sovereigns were very cautious and polite to Chen Xiaobei. They did not dare to underestimate Chen Xiaobei at all.

Chapter 3876: Overbearing

3876 Overbearing

The five demonic emperors were smart people. They would not underestimate their enemy. Even though Chen Xiaobei’s cultivation was many times lower than his, they were still on high alert and even kept their tone down!

it doesn’t matter who I am. What’s important is that we are destined to be enemies!

Chen Xiaobei’s eyes were filled with a fierce fighting spirit. He did not hold back at all.

“Which force are you from? Chanism? Or the Western religious sect?”

Five formations demon Emperor was not in a hurry and said calmly, “There are no eternal enemies in the world, only eternal interests! No matter which force you are from, we can sit down and have a good talk. What do you think?”

One had to admit that the five formations demonic Emperor was very smart. He did not even want to fight when he could not figure out Chen Xiaobei’s background. Instead, he wanted to negotiate to solve the problem.

His words were very reasonable. If it was an ordinary person, they would probably really talk to him! Even if they didn’t trust him, they would at least listen to what kind of benefits he could offer!

Unfortunately, Chen Xiaobei was not an ordinary person.

The number one profiteer of the Three Realms had long since played with the tactic of negotiation!

Besides, while the others might not know Xia Yilian, Chen Xiaobei knew her very well!

Although Xia Yilian did not have any direct contact with the five formations demon sovereign, these two people had a lot in common.

They were all very good at stabilizing and confusing the enemy, and then suddenly burst out and deal the enemy a fatal blow.

Chen Xiaobei would be wary of the Emperor of five formations just like how he would be wary of Xia Yilian.

“No need to talk! I’ll tell you clearly, my purpose here is the bell of chaos! Your godson has already betrayed you. Your goal is also the bell of chaos!”

Chen Xiaobei said with determination, “The bell of chaos is an irreconcilable conflict between us! Therefore, there is bound to be a battle between us. There is no need to waste your breath! That’ll be too demeaning!”

As soon as he said that, the five formations demon Emperor’s face suddenly became a little gloomy, and his eyes revealed surprise.

By suggesting a negotiation, he was basically offering Chen Xiaobei an olive branch. Chen Xiaobei should have accepted it!

He did not expect Chen Xiaobei to be so strong even though he was the weak one.

He didn’t want to talk at all! He directly asked for a battle!

“Come on! Use your strongest move! Don’t let me defeat you easily! That would be too boring!”

Chen Xiaobei was not afraid at all. He took a step forward and closed in on his opponent.

Use your strongest move!

This simple sentence shook the hearts of everyone present!

Arrogant! Wild! It was extremely overbearing!

The five formations demon sovereigns became more and more uncertain, and even a little flustered! The nine-colored Qilin and ju liusun’s primordial spirits both revealed expressions of disbelief!

At this moment, the three of them all had the same question ...

Could it be that Chen Xiaobei had an even more powerful trump card?

Right! There must be!

However, what kind of trump card was that?

No matter how hard the three of them racked their brains, they could not figure out why Chen Xiaobei was so overbearing. What right did he have to be so strong?

“Since you must fight, I’ll accompany you this time!”

As Chen Xiaobei got closer and closer, the five demonic sovereigns had no time to think about other things.

Since Chen Xiaobei had decided to fight, he had no choice but to accept the challenge.

Otherwise, he would only be forced into an endless passive state.

Hua ... Hua ... Hua ... Hua ... Hua ... Hua ...

With a wave of his sleeve, the demon Emperor of five formations did not hold back at all and used his strongest move.

In an instant, the five elements spiritual array of metal, wood, water, fire, and earth suddenly condensed around him.

Each of the five formations was made up of thousands of formation eyes. The runes in each formation eye were at the Saint level, and the runes at the core were at the three-star Saint level.

The metal spell formation glowed with light, and billions of streams of light flew like an extreme holy light, incomparably divine and Supreme! The wood spell formation was clear and bright, as if there were trillions of flying leaves, gathered like a tornado, flowing like a river, vast and surging, and had a myriad of phenomena!

The earth formation was heavy and motionless! Indestructible! No grinding! A single grain of sand could transform into thousands of mountains that could suppress the heavens! The fire magical formation was brilliant and vast, like the sun in the sky, extremely strong and yang, extremely domineering and fierce!

The water formation was magnificent. Ninety thousand oceans pressed against the universe. Trillions of water droplets penetrated through time and space, destroying everything. They were lawless, shapeless, and impermanent, giving rise to endless power!

When the five elemental spiritual arrays were connected to each other, they formed the complete “ five elemental heaven amplification formation “!

“Whoosh!”

When the five formations demon emperors activated their celestial core power to the extreme, they could reach the level of a half-step true sage. They injected the celestial core power into the five elements heavenly amplification formation and quickly circulated eighty-one major heavenly cycles.

Therefore, the extremely pure wood-attribute celestial core power of the five formations demon Emperor, after being strengthened many times, directly reached the three-star Saint level! In midair, it condensed into a vast and boundless huge Azure Dragon!

“Little brat! Is this the result you want?”

Wuzhen demonic Emperor held the Green Dragon with one hand and looked down at Chen Xiaobei with unprecedented confidence.

If Wuzhen demon Emperor were to wave his hand, the Green Dragon, which was as powerful as a three-star true divine, would come out and crush Chen Xiaobei like an ant.

“God Chen! Please do me a favor! You’re going to die! Just let the two of us go? I don’t want to be buried with you!”

Upon seeing this, the nine-colored Qilin and ju liusun were completely and utterly terrified.

Both of them were under Chen Xiaobei’s control. If the three-star true divine Green Dragon came down on them, Chen Xiaobei would be dead for sure. With their speed, there was no way they would be able to escape.

Therefore, they only had one thought in their minds. They wanted Chen Xiaobei to let them go like farts before he died.

“Alright, I’ll let you go!”

Chen Xiaobei only smiled and said, “However, I only plan to let one go first. Who should I let go first?”

“I, I, I ... I, I, I ...”

The nine-colored Kirin and ju liusun screamed at the top of their lungs, hoping that Chen Xiaobei would let them go.

However, never in their dreams would they have thought ...

“Don’t let a single one go!”

“These two pieces of trash are no longer of any use to me. Even if you let them go, I’ll Still Kill them!” Five formations demon Emperor shouted coldly. So, the three of you can die together! It’s good to be a companion on the road to the yellow Springs!”

“Boom boom boom ...”

The five demonic sovereigns waved their hands and directed the Green Dragon at Chen Xiaobei.

“Mother of God!”

The nine-colored Qilin and ju liusun were so scared that they almost exploded. If they still had their physical bodies, they would definitely be peeing right now.

That was because the Azure Dragon was too terrifying.

[Red Envelope Group of the Three Realms](#)

Chapter 3877: sudden change

The dragon’s head alone was like a ten thousand Zhang *(3.33m per Zhang) tall mountain, high up into the clouds, boundless and majestic. The Dragon’s horn was like a heavenly pillar, able to Pierce a huge hole in the sky.

The Dragon's body was trillions of miles long, and one couldn't see the end of it at a glance. Each of the Dragon scales was as large as a sharp hill, with protruding edges.

The Dragon's pressure was even more terrifying. It was clearly directed at Chen Xiaobei, but the mere aftershock of the pressure was enough to make the nine-colored Qilin and ju liusun's hearts beat faster. They were so frightened that they almost had a mental breakdown, their primordial spirits turned dazed, and they even died!

"Hmph! You asked for this!"

The five demonic emperors looked down at Chen Xiaobei, their eyes cold and disdainful, as if they were looking at a corpse.

Without a doubt, Chen Xiaobei did not show his trump card even at this moment of life and death.

The five demonic emperors thought that Chen Xiaobei did not know about the existence of the five elements heavenly amplification formation, and that was why he dared to challenge him!

Chen Xiaobei was dumbfounded when he saw how terrifying the five elements heaven amplification formation was! He was so scared that he even forgot to counterattack!

Of course, to five formations demonic Emperor, Chen Xiaobei was only a nine-star perfected golden immortal. He should not have been able to fight back! If he were to be scared silly now, he could only wait for death without any suspense!

yes, I've decided. I'll let ju liusun go first!

However, Chen Xiaobei's face did not show any fear. His heart was calm, and he was even smiling.

"What?"

Ju liusun was dumbfounded. Before he could react, he was thrown out by Chen like a piece of trash.

He threw it towards the incoming three-star true sage green Dragon!

"This ..."

The nine-colored Kirin was dumbfounded. This was called releasing him? This was clearly murder!

The Green Dragon was so terrifying that ju liusun's severely injured primordial spirit was thrown over. How could he survive?

"Swish!"

Without a doubt, ju liusun's origin soul was annihilated by the aftershock of the green primordial chaos Divine splendor before it could even touch the Green Dragon.

"Is there something wrong with this kid? You're all going to die! And he even wanted to kill ju liusun first? This is completely unnecessary!"

The five demonic sovereigns could not understand Chen Xiaobei's actions.

To Wuzhen demonic Emperor, Chen Xiaobei, ju liusun, and the nine-colored Kirin should just wait for their deaths. What was the point of throwing out ju liusun's primordial spirit?

Dumbass!

Wuzhen demonic Emperor cursed in his heart and looked at Chen Xiaobei with disdain.

But!

At this moment!

However, there was something left behind in the primordial spirit that was afraid of leaving behind a grandson!

It was a red, extremely demonic lotus flower that exuded the aura of a true divine!

"Boom boom boom ..."

In the next moment, a terrifying power of a peak three-star true sage erupted from the fiery Lotus!

The tiny lotus flower, dragging along a trail of flames that resembled a fire Dragon, pushed back towards the Green Dragon!

Compared to the Green Dragon, the Lotus was as tiny as a speck of dust. It was so insignificant that it could even be ignored.

However, no one would have thought of that!

The tiny red Lotus dust directly tore the Green dragon's head apart. Then, like a sharp blade chopping wood, it directly split the Dragon's body in half from the middle!

Anyone with a discerning eye could see that the size of the body was not proportional to the strength.

Although the size of the Red Lotus was very small, the power and speed that it burst out were far above that of the five elements heaven amplification Green Dragon!

In a short while, the terrifying five elements heaven amplification Green Dragon was crushed by the Red Lotus and completely dispersed.

"My heavens! That ... That ... What is that thing?"

Five formations demon sovereign was stunned, his eyes were bigger than a bull's, and his mouth was so wide open that his jaw was about to fall off.

Even if his imagination had broken through the horizon, he would never have thought that the situation of the battle would become like this.

This was simply unbelievable! It couldn't be measured with common sense! It can not be understood with common sense!

The five formations demon sovereigns were completely dumbfounded. Their brains had short-circuited, and they could no longer think about this question normally.

Of course, even if he could think normally, he would definitely not be able to figure it out!

That was because he did not know the true nature of the Red Lotus!

And most importantly, he had no time to think!

“Swish!”

That was because the Red Lotus’s attack did not stop at this moment!

Like a small shooting star, the Red Lotus mark suddenly arrived in front of the five formations demon sovereigns at an absolutely crushing speed!

spare me ... Spare me!!!

The demon Emperor of five formations was only a half-step true sage. He would not be able to Dodge or defend against it. Other than begging for mercy, he could do nothing.

“Pfft ...”

However, the Red Lotus mark was extremely fast! Before the five formations demon sovereigns finished their words, a muffled sound exploded!

His physical body and dharma body were instantly destroyed, and his primordial spirit was severely injured!

“Return!”

Chen Xiaobei took the opportunity to retrieve his demonic Fire Red Lotus mark.

The primordial spirits of the five demonic sovereigns still had some value to them, which was why Chen Xiaobei was being merciful.

“Chi ...”

The demonic Fire Red Lotus mark then flew back into Chen Xiaobei’s hand.

“Chi ...”

At the same time, Chen Xiaobei also released a stream of celestial core power to gather the primordial spirits of the five demonic sovereigns and held them in his palm.

whoosh ... Whoosh ... Whoosh ...

After that, Chen Xiaobei took back the five demonic sovereigns ‘Meru space storage and the five spiritual formations of the five elements heavenly amplification formation into his infinite space ring.

“God Chen is so cool!” God Chen, you’re so powerful and domineering!”

upon seeing this, the nine-colored Qilin’s primordial spirit began to cheer like a die-hard fan.

Just a moment ago, he thought that Chen Xiaobei would die.

At this moment, the outcome of the battle was already clear. It was like a super big slap on the nine-colored Qilin’s face.

He turned his face around and started to flatter Chen Xiaobei.

To him, this might be his only way out.

this is impossible ... This is impossible ... This is absolutely impossible ...

On the other side, the five formations demon sovereigns were on the verge of a mental breakdown. They were repeatedly questioning the scene just now.

Even though he had fallen into Chen Xiaobei's hands, he still could not believe that he had lost! Moreover, he was completely defeated! It was so fast! Then there was no suspense!

After billions of years of waiting and scheming, Chen Xiaobei had finally crushed him in one move!

Such a result was a huge blow to the five formations demon sovereigns.

It even made him want to die.

huh?!

At the same time, Chen Xiaobei was not in the mood to deal with the nine-colored Kirin and the five formations demonic Emperor.

This was because the demonic Fire Red Lotus imprint that he had just retrieved suddenly had a special change!

[Red Envelope Group of the Three Realms](#)

Chapter 3878: -sudden arrival

According to Chen Xiaobei's original plan, the scapegoat would be killed by the enemy, and the demonic Fire Red Lotus mark would be activated. After killing the enemy, he would take back the demonic Fire Red Lotus mark, which would be an inexhaustible trump card.

However, the reality was cruel.

The demonic Fire Red Lotus mark that Chen Xiaobei had just taken back suddenly turned dim, and its spirituality was weak, as if it had lost its soul.

"How could this be ..."

Chen Xiaobei furrowed his brows in confusion.

In fact, Chen Xiaobei did not know much about the demonic Fire Red Lotus mark. After all, it belonged to the heavenly axiom. This was the first time Chen Xiaobei had actually used it.

The only clue Chen Xiaobei had was that the demonic Fire Red Lotus mark would not disappear even if the person who bore it died.

However, at this moment, it was obvious that the demonic Fire Red Lotus imprint had undergone an extremely obvious change.

dormant period!?

Chen Xiaobei finally found something after carefully communicating with the spiritual energy.

As it turned out, every time the demonic Fire Red Lotus seal erupted with power, it would enter a seven-day dormancy period.

In other words, it would take seven days for the demonic Fire Red Lotus imprint to recover its special ability.

Calculating it this way, the time interval between the demonic Fire Red Lotus imprint and the human path imprint was much longer.

However, this was normal. After all, the demonic Fire Red Lotus seal's maximum power could crush a peak true Saint. It was not surprising that the interval between each attack was longer.

It seems like I have to do the opposite in the future. I'll use human Dao and demonic Dao imprints as much as possible, and only use the demonic Fire Red Lotus imprint at the most crucial moment!

Chen Xiaobei immediately made a decision, "Although I still have two demonic Fire Red Lotus Imprints, I have to use them to seal the gods of the celestial heavens. If I use one more, they might be able to break the seal!"

Chen Xiaobei then placed the demonic Fire Red Lotus seal back into the beixuan Saint-sealing scroll.

He could only use the scapegoat ghost king Explosion again after seven days!

Of course, Chen Xiaobei had another option, which was to use the sunlight cache to quickly pass the seven days.

However, this kind of operation could only be used when there was a gap. In a real battle, it was simply too late.

I'll give the northern Mystic Saint-naming scroll to Xin 'er now and ask her to help me speed up by seven days!

Chen Xiaobei's mind was very clear.

However, just as Chen Xiaobei was about to return to the Meru space, there was a sudden commotion.

"Woof! Buzzzzzz! Buzz ... Buzz! Buzzzzzz! Yi ..."

Hundreds of extreme shadow streams of light flew over from the North. They were clearly divided into two camps.

That's right!

They were the people of the Western religious sect and the clan of enlightenment!

Chen Xiaobei's battle with the five demonic sovereigns had been so earth-shattering that even a blind man would have noticed a billion-mile-long green Dragon.

Because of this, the people of the Western religious sect and the clan of enlightenment rushed over to check it out immediately.

The clan of enlightenment was led by Guangchengzi.

This person had a green beard and a white face. He had the bearing of a scholar, and his Daoist robe fluttered in the wind. He really did look like a celestial.

Behind him, there were hundreds of disciples of the clan of enlightenment, all of whom were outstanding among the third and fourth generation disciples. The weakest one was a one-star Mystic immortal, and the celestial core power in their bodies was surging, and the magic weapons in their hands were also shining.

The Western religious sect was led by Maitreya Buddha.

This person was very rich, with a round face, a big belly, and thick earlobes. He always grinned, but he always smiled, giving people the feeling that there was a knife hidden in his smile.

And behind him were the eternal longevity Buddha and the Jiuyuan temple heart Buddha.

The cultivation of these two Buddhas was slightly weaker than that of Maitreya Buddha. They were both old, and their white beards hung down to their chests. They looked like virtuous and dignified elders.

Behind them were hundreds of elite disciples of the Western religious sect. Similarly, the weakest of them was a one-star Mystic deity, and their imposing manner was not any weaker than that of the clan of enlightenment.

From this, it could be seen that after the last immeasurable cultivation tribulation, although the clan of enlightenment ruled the heavens, in fact, the clan of enlightenment and the clan of Jie fought and both suffered losses. On the contrary, the Western religious sect benefited from it and developed and grew stronger.

Of course, the most important thing was that there were two special existences hidden among the disciples of the Western religious sect!

Emperor Jun of the West had a Holy Radiance similar to that of the East Emperor Taiyi. He shone with the brilliance of the sun, moon, and stars. He was the most eye-catching in the crowd.

Different from the eastern Emperor Taiyi, the Western Emperor Jun was obviously one of the key talents of the Western religious sect. His cultivation had been forcibly pushed to the level of a nine-star Sage-to-be with the help of a massive amount of resources.

In addition, there was an extremely beautiful woman at the back of the group. However, her body was filled with a terrifying murderous aura.

Wrapped in the black primordial chaos holy light, this woman looked like an unparalleled evil god who could destroy all worlds. No one dared to fly near her.

That's right!

This woman was one of the twelve ancestors of sorcery, the destruction ancestor of sorcery, Xuan Ming!

She was also the focus of the Western religious sect's cultivation, and her cultivation had also reached the nine-star quasi-sage realm!

In fact, the eternal life Buddha and the Jiuyuan heart-observing Buddha that the Western religious sect had sent out this time were only for auxiliary purposes.

The people who really came to try their luck were actually Maitreya Buddha and Emperor Jun xuanming!

Goddess nüwa had also mentioned that both Emperor Jun and xuanming had the potential to become Saints! If they were recognized by the heavenly Dao in the battle for the eastern Emperor Bell, one of them could really make the Great Leap and become a saint in one step!

On the other side, Guangchengzi and immortal Yuding from the clan of enlightenment were expected to become Saints.

But now, Chen Xiaobei had successfully turned immortal Yuding over to his side, and Chen Xiaobei had also killed ju liusun.

For a moment, Guangchengzi fell into a disadvantageous position, and his eyes showed that he could not do it alone.

After all, Guangchengzi had been holding back his energy for a long time and wanted to fight with the Western religious sect.

However, in such a situation, if they were to fight head-on, Guangchengzi's chances of winning were almost zero. He would definitely die.

Therefore, after the two sides met, Guangchengzi's attitude was not too tough.

When Chen Xiaobei saw Ji Ying flying, he had already taken out a super prosperous monkey fur and transformed it into a tiny flying insect to escape.

Therefore, only the members of the clan of enlightenment and the Western religious sect were left.

"Daoist Guangcheng! You're here too!"

Maitreya Tathagata squinted his eyes and grinned in a very strange manner.

At the same time, several core high-level members of the Western religious sect also looked at Guangchengzi with a different meaning.

"Fellow Daoist Maitreya!"

Guangchengzi returned the bow with grace and a smile on his face, appearing very friendly.

Obviously, Guangchengzi did not want to start a war now.

However, even if Guangchengzi had ten thousand brains, he would never have thought that he had already been tricked to death by Chen Xiaobei! He was only thinking about dealing with the Western religious sect, but he didn't know that the Western religious sect had also been watching him for a long time!

[Red Envelope Group of the Three Realms](#)

Chapter 3879: sudden kill

"Do you know what happened in the battle just now?"

Maitreya Buddha was very smart. He deliberately found a topic to delay Guangchengzi.

At the same time, a pair of eyes in Maitreya's smiling eyes were scanning the surroundings. He further confirmed the combat power around Guangchengzi.

After all, Maitreya did not know about the situation between immortal Yu Ding and ju liusun. Therefore, he had to confirm it before he could make a move.

"I've also just arrived, so I'm not too sure about the situation!"

Guangchengzi was not a pushover. He had already noticed the abnormality and quickly made an excuse, "Let's go back and continue searching for the bell of the East Emperor. Let's not waste time on such a small matter!"

"Fellow Daoist, please wait!"

Maitreya immediately flew over and smiled with his eyes narrowed. "How can you call this a small matter? In the battle just now, he had at least reached the level of a three star Saint! This power was much stronger than the two of us! If he didn't get to the bottom of this, how could he find the bell of the East Emperor? Are we going to find the bell of the East Emperor and let this hidden enemy take advantage of it?"

this ... Guangchengzi's expression froze for a moment, and he was suddenly speechless.

Although Guangchengzi was aware of the danger and wanted to retreat, he had to admit that Maitreya's analysis was reasonable.

After all, the ultimate goal of both parties was the bell of the East Emperor.

If the bell of the East Emperor had fallen into someone else's hands, then there would be no point in them fighting to the death.

A hidden enemy at the three-star true sage level?

This question brought great pressure to Guangchengzi, and at the same time, it stimulated his ambition and greed.

Guangchengzi didn't say a word on the surface, but he was calculating in his heart. If he could get the formation map of the nine tunes holy river formation and use it with the chaos essence Dipper, he could unleash the power of a five-star true Saint.

In this way, the hidden enemy would be vulnerable, and the final victory would be his.

At the thought of this, Guangchengzi was not in a hurry to leave.

As the saying goes, wealth is found in danger!

As long as the Western religious sect was taken care of today, Guang Chengzi would be able to do as he pleased in the Hong Meng Demon Realm tomorrow!

After that, he, Guangchengzi, would be able to hold the nine tunes holy river formation in his left hand and the eastern Emperor Bell in his right. He would be chosen as the new Saint by the heavenly Dao!

This was simply the peak of his life!

Guangchengzi was so excited that the flames of fanaticism were about to burst out of his eyes.

“Since fellow Daoist wants to investigate, then I’ll accompany you!”

Guangchengzi nodded and said indifferently, “Let’s do as you said. Let’s find the hidden enemy first. Then, we can find the bell of the East Emperor.”

good, good, good ... Maitreya’s eyes were still smiling, but there was a cold killing intent in the depths of his eyes.

Obviously, he had already checked and found that ju liusun and immortal Yu Ding were not at the scene.

Of course, he was still not completely at ease.

“By the way, Daoist Guangcheng, why didn’t immortal Yu Ding and ju liusun come?” Maitreya asked.

“The two of them have other matters to attend to. They’ll be here after they’re done!” Guangchengzi wasn’t stupid. Although he didn’t know where immortal Yu Ding and ju liusun were, he still had to pretend to be them.

Maitreya nodded and smiled. “Then let’s investigate first! If it’s clear, there’s no need for immortal Yu Ding and jiuliu sun Bai to make a trip!”

The moment he said that, the eternal longevity Buddha and the Jiuyuan heart-observing Buddha flew over.

At the same time, the Western Emperor and the ancestor of sorcery, Xuan Ming, also flew to the left and right flanks.

How was this an investigation? It was obvious that they wanted to kill Guangchengzi before immortal Yu Ding and ju liusun arrived.

That was because Maitreya Buddha’s mood at the moment was the same as Guangchengzi.

As long as he killed Guangchengzi, Maitreya would be able to get the Sutra of the future. Once he comprehended it, he would be able to step into the realm of half-step true sage. After seizing the eastern Emperor Bell, he would be able to become a new Sage!

This was also the peak of his life that he had dreamed of!

Of course!

At this moment, there was another problem. The people of the Western religious sect only wanted to kill Guang Chengzi, but they didn’t know that Guang Chengzi also wanted to kill them.

In such a situation, the Western religious sect thought that they had already gained the right time, place, and people. Their chances of winning were as high as 100%. Therefore, they had more or less underestimated their enemy.

The eternal longevity Buddha and the heart Buddha of Jiuyuan temple immediately surrounded him. They didn’t even bother to take out their magic treasures.

In their opinion, as long as they remained silent and came to Guangchengzi's side, together with Maitreya, the three of them could easily take down Guangchengzi without using any magic weapons!

However, they had never dreamed that Guangchengzi's killing desire had already burst out and he had decided to fight to the death.

"Boom boom boom ..."

Suddenly, when the eternal longevity Buddha and the Jiuyuan guanxin Buddha were close to each other, Guangchengzi suddenly took out his Natal magic weapon, the sky-turning seal!

It was originally a small Jade seal, but after it was taken out, it rapidly expanded and became a huge Jade seal as large as a mountain, covering the sky and the sun!

This seal was a one-star Saint weapon and had no special abilities. Its only strength was its immense power! It could be said to be the most powerful killing weapon among one star Saints!

In the last immeasurable cultivation tribulation, Guangchengzi had killed countless people with his heaven-shaking counterattack!

Among the dead, the most famous ones were Holy Mother of golden light, one of the ten heavenly Lords of the Golden Turtle Island of the tribe of severity, and Holy Mother of fire spirit, the personal disciple of Daoist of many treasures!

It could be seen how terrifying this seal was!

"Not good!"

The Buddha of eternal life and the heart Buddha of Jiuyuan temple cried out at the same time. They had only thought of ambushing Guangchengzi together, but they had never expected that Guangchengzi would strike first!

The flipping Sky Seal crushed down on their heads, causing them to be caught off guard and thrown into confusion.

Originally, if the two of them had taken out their Dharma Treasures earlier and joined forces to resist, they could have withstood the attack of the sky-turning stamp.

However, they had underestimated their enemy and were afraid of alerting Guangchengzi. Therefore, they did not take out their magic weapons.

With that, there was no longer any suspense about the outcome.

In the face of the most powerful one-star Saint weapon, the eternal longevity Buddha and the Jiuyuan heart-observing Buddha couldn't withstand it. They couldn't escape with their speed, so they were naturally doomed.

"Bang! Bang!"

With two muffled sounds, the eternal life Buddha and the Jiuyuan heart-observing Buddha were smashed into two pools of meat paste by the flipping Sky Seal.

The avatar collapsed immediately, and the primordial spirit was also destroyed in an instant.

“Guangchengzi! What are you doing?”

Everything happened in a flash. By the time Maitreya reacted, it was already too late to save the eternal longevity Buddha and the heart Buddha of Jiuyuan temple.

After all, before all this had happened, Maitreya had thought that victory was in his hands and had not been on guard at all.

“What am I doing? Ha, what do you think?”

However, at this moment, an even more terrifying scene appeared. Guangchengzi directly took out the two-star sacred weapon, the chaos essence golden Dipper, and smashed it toward Maitreya Tathagata!

Red Envelope Group of the Three Realms

Chapter 3880: intense battle

Although Guangchengzi always looked like a Confucian scholar, he was simply too ruthless when he really fought!

After he took out the flipping Sky Seal, he immediately took out the chaos essence golden Dipper, not giving Maitreya any chance to breathe.

“Whoosh ...”

The golden light suddenly expanded like a blazing sun. Heaven and earth became bright and space twisted like lightning. It was a strange phenomenon!

“Woof! Buzzzzzz! Yi ...”

The next moment, golden lightning twisted and shot across the sky like countless sharp blades, slashing toward Maitreya.

This kind of sharp blade was very powerful and specialized in cutting the five Qi in the three flowers above one’s head. Once cut, the enemy’s cultivation would be immediately crippled, becoming a disabled person, waiting for you to kill.

The so-called three flowers above the head meant that after breaking through to the sage-to-be realm, one’s essence, Qi, and spirit would undergo a qualitative change and condense into the shape of three lotuses, generating the primordial chaos holy light.

The stronger one’s essence, Qi and spirit, the stronger the primordial chaos holy light and the power of a quasi-Sage!

The first was the human flower, also known as refining essence into Qi! The second was the earth flower, also known as Qi-refining spirit! The third was heavenly flower, also known as the cultivation of virtual entity!

The five Qis in the chest corresponded to the five internal organs and five elements, and were closely related to one’s emotions!

The spirit is hidden in the heart, and when empty in sorrow, the spirit is calm, the fire of the red Emperor of the South.

The liver hides the soul, emptiness is happiness, the soul is fixed, the wood Qi of the eastern Greenwood.

The spleen contains the will, empty of desire, the will is fixed, the earth Qi of the Yellow Emperor in the center.

The lungs contain the soul, and when empty in anger, the soul is calm. This is the Golden qi of the White Emperor of the West.

The kidney stores essence, emptiness in joy, essence calms, the water Qi of the northern mo Emperor.

Heart, liver, spleen, lung, kidney, joy, anger, sorrow, joy, and desire, metal, wood, water, fire, earth!

Five organs, five emotions, and five elements!

The three corresponded to each other!

As the saying goes, the heavenly Dao is heartless, and the Saints are heartless!

The meaning of this sentence was that the pursuit of a Sage-to-be's cultivation was to turn all his emotions into the five Qis in his chest! From there, he could achieve divine calm! Soul stop! Intent! Calm! Focused! Going one step further, he would reach the divine state of being emotionless and unmoving!

The completion of the five Qi in the chest would break through the peak of the pre-Saint realm and become a half-step true sage!

If he had the chance to kill the three corpses or prove his Dao with force, he could break through the bottleneck and step into the true sage realm!

The core special abilities of the primeval Dipper and the nine tunes holy river formation were to cut the three flowers on the top of a person's head and destroy the five Qi in his chest. They were designed to destroy sages-to-be!

In the last immeasurable cultivation tribulation, fairy sanxiao had destroyed the five Qi in the chest of the three flowers, one of the twelve golden Immortals of the clan of enlightenment, with the help of the primeval Dipper and the nine tunes holy river formation! He had turned them into 12 disabled people! If not for Dao ancestor's intervention to help them recover their cultivation, these twelve people would have long disappeared from the world!

From this, one could see how terrifying the nine tunes holy river formation combined with the chaos essence Dipper was!

"Whoosh ..."

However, just as the endless golden light Spirit Blade was about to cut Maitreya, another extremely terrifying power burst out.

This power came from Maitreya's wrist!

He was different from other people. Other people usually kept their magic treasures and would only take them out in battle.

Maitreya's most powerful Dharma Treasure was a string of Buddha beads. He usually wore it on his wrist and did not need to take it out.

At this moment, Maitreya's habit had really saved his life.

That's right!

The string of Buddhist beads was a two-star Saint artifact, the cosmic heavenly Pearl!

boom boom boom ... Boom boom boom ...

In an instant, the black and white powers transformed into two huge swastika Buddhist seals, like two huge shields, protecting Maitreya.

Endless golden light spirit blades slashed down on the black and white swastika Buddhist seal, erupting with a terrifying loud sound and energy fluctuations. It was as if countless meteorites had fallen on two continents, causing the universe to tremble and the space to shake. It was indescribably terrifying!

Although they were both two-star Saint weapons, the primeval Dipper and the cosmic heavenly Pearl were probably tied.

"Whoosh ..."

However, at this moment, Guangchengzi raised the flipping Sky Seal again and smashed it at Maitreya from behind.

At this time, the benefits of having many Dharma Treasures were immediately reflected.

Maitreya Buddha had to consume extra energy to defend against the sky-turning stamp, or he would die without a doubt!

"Woof! Whoosh!"

Maitreya had no choice but to activate the Qiankun heavenly Pearl again and release two black and white swastika Buddhist seals to protect his back and resist the sky-turning stamp.

Maitreya's cultivation was not enough to activate the cosmic heavenly Pearl. Every time it was activated, it would consume a huge amount of spiritual energy.

Even if the cosmic heavenly Pearl was filled with spiritual energy, it could only be used ten times at most.

At this moment, he had already used it twice, one after another.

Simply put, as long as Guangchengzi continued to attack with the primeval Dipper and the flipping Sky Seal four times, he could force Maitreya to activate the heaven and earth heavenly Pearl eight times.

In this way, he would be able to completely exhaust the spiritual energy of the cosmic heavenly Pearl. By then, Maitreya would be at his mercy.

“Whoosh! Whoosh!”

Of course, the Western religious sect still had a backup plan!

While Maitreya and Guangchengzi were in a stalemate, Emperor Jun and Xuan Ming had already taken back the storage space of the eternal longevity Buddha and the heart-observing Buddha of Jiuyuan.

Emperor Jun of the West took out a one-star Saint grade Vajra scepter and attacked the flipping Sky Seal.

The flipping Sky Seal was extremely powerful and could definitely crush the Vajra scepter.

However, the divine splendor of the sun, moon, and stars was released by the West Emperor Jun’s special ability, which greatly enhanced the Vajra scepter’s power.

“Boom boom boom ...”

With a loud explosion, the flipping Sky Seal was sent flying, and the danger behind Maitreya Buddha was instantly removed.

“Swish!”

On the other side, Xuan Ming took out a golden Buddhist sword and slashed at Guangchengzi from the side.

This golden Buddhist sword was only at the peak stage of the pre-Saint level.

After all, Saint weapons weren’t cabbages that could be found everywhere. Not everyone had one.

Of course, at this moment, the heaven and earth heavenly Pearl was entangled with the chaos golden Dipper, and Emperor Jun and his Vajra pestle were entangled with the sky-turning stamp.

A peak quasi-Saint artifact was already an extremely powerful existence!

“Whoosh ...”

Guangchengzi was shocked and did not dare to be slow. He faced the direction of the mysterious underworld and condensed a thick celestial core power barrier!

Don’t forget that Guangchengzi was already a peak-level Sage-to-be, and he was one of the stronger peak-level sages-to-be. Once he released his celestial core power, he could resist all peak-level Sage-to-be weapons!

By right, the Golden Buddhist sword was just an ordinary peak quasi-Saint weapon. It was absolutely impossible to hurt Guangchengzi.

destructive holy light!!!

However, at this moment, the mysterious underworld being let out a cold shout.

The power of her primordial spirit burst out directly, and the laws of destruction of the big world merged into the black holy light on her body.

“BOOM!”

In the next moment, the Golden Buddhist sword stabbed into Guangchengzi's body-protection celestial core power! This layer of celestial core power was directly shattered!

“Swish!”

In the next moment, the Golden Buddhist sword went straight to Guangchengzi's dantian!
