#### Chapter 3891: substitute

Following Taiyi's guidance, Chen Xiaobei avoided the direction of the nine lotus flowers.

He walked around the main road, hoping that this would minimize the chances of running into danger.

This move was really effective.

As Chen Xiaobei walked, he saw more bones on the way to the nine lotus flowers.

This meant that there were other dangers on that path.

As Chen Xiaobei avoided the path, there was no danger.

"It seems like heavenly Dao is also a very petty person!"

As Chen Xiaobei walked, he thought, " the heavenly Dao is using the nine lotus flowers as bait to make everyone who comes in mistakenly think that the bell of the East Emperor is in the middle of the nine lotus flowers and head in that direction!

"This way, the heavenly Dao only needs to set up dangers on the path leading to the nine red lotuses! Because the more dangerous these fatal dangers are, the more energy they will consume!"

after a trillion years, this energy consumption is definitely a huge expense. Therefore, the heavenly Dao has shrunk the scope of the danger so that the consumption can be reduced!

After some simple calculations, Chen Xiaobei had a rough idea of the heavenly Dao's routine, and his steps became much lighter.

As he continued to move forward, the number of corpses on the path leading to the nine red lotuses decreased. Gradually, there were no more corpses.

This meant that the danger level was getting higher and higher. No one could get close to the nine red lotuses at all.

Beside the last few bodies, Chen Xiaobei could even see some spiritual treasures. Some of them were even holy items!

before they died, they all used Saint weapons to fight, but they still died on the spot ... This means that the danger in that area has reached the level of a Saint ...

Chen Xiaobei's brows were tightly knitted together, looking a little regretful.

Obviously, Chen Xiaobei was very envious of the Holy weapons on the ground. However, the danger of that position also made Chen Xiaobei wary and did not dare to approach it.

"Wait a moment!"

Chen Xiaobei stopped in his tracks and stared at the Holy items.

Even though Chen Xiaobei was not a greedy person, if there was a way to pick up those holy items for free, why not give it a try?

“Woof! Whoosh!”

Chen Xiaobei summoned Futian Xin ‘er and then took out the beixuan Saint-sealing scroll!

“Strip!”

Then, Chen Xiaobei took out the demonic Fire Red Lotus seal that he had used earlier and handed it to her. little girl, help me speed up the time by seven days and let this mark recover its special ability!

“Alright!” Fu Tian Xin ‘er didn’t ask any more questions. She took out the divine sunlight cache and completed the seven-day acceleration in an instant.

This way, the demonic Fire Red Lotus mark would return to its normal ability.

In other words, the scapegoat plan could be used normally again!

brother Xiaobei, what do you want to do? ”

Fu Tian Xin ‘er blinked her big, watery eyes as she looked around with great curiosity.

“Do you see the Saint artifact over there?”

I’m going to ask someone to help me retrieve all the Holy items! Chen Xiaobei said with a smile.

“What’s so difficult about it? I’ll help you pick it up!” Fu Tian Xin ‘er was about to fly over.

“Don’t move!”

Chen Xiaobei was so shocked by this silly girl that he broke out in a cold sweat. Luckily, he was quick enough to grab her hand and pull her back to his side.

“What’s wrong? Why are you so nervous?” Fu Tian Xin ‘er had a look of confusion on her face as she asked.

“Idiot!”

“Think about it!” Chen Xiaobei said. Why did those Saint weapons fall to the ground? Why did the Masters of those Saint artifacts die there?”

“There’s danger!” Fu Tian Xin ‘er was enlightened,’ there’s danger over there! And it’s the danger of leveling up!”

“That’s right!”

“It’s very dangerous there!” Chen Xiaobei said. It’s even completely out of my control, so we can’t go over. Someone else has to go!”

“Who do you want to send?” Fu Tian Xin ‘er was a little anxious.

“Don’t worry! Such a glorious and arduous task must be done by the enemy!” Chen Xiaobei grinned evilly.

“Swish!”

Then, Chen Xiaobei released another chanzism disciple from the map.

“Bestow!”

Before the disciple could react, Chen Xiaobei had already fused the demonic Fire Red Lotus mark into his body.

“Xiaobei ... Xiaobei ... What are you doing?” The disciple of the clan of enlightenment looked nervous.

“Go over there and help me pick up the Saint weapons that fell on the ground!” Chen Xiaobei pointed in that direction and said.

“Ah?”

The disciple of the clan of enlightenment was stunned. He looked around and immediately shook his head, “I ... I don’t dare to go ... The Masters of those Saint weapons have all become bones ... I don’t even know how I died if I go ...

“You’re not going?”

I remember you mocking me during the battle. You were waiting for me to be killed by Grandmaster Red Cloud! Chen Xiaobei said. I’m a vengeful person! If you don’t go, I’ll kill you right now!”

Apparently, all the disciples of the clan of enlightenment and the Western religious sect had mocked Chen Xiaobei and were waiting for him to die during the battle.

Therefore, Chen Xiaobei had every reason to take their lives!

“I ... I ... Damn! I’m willing to go!”

The disciple of the clan of enlightenment was extremely guilty. If he went, he might have a chance of survival. If he didn’t go, he would be killed immediately. Of course, he could only take the risk.

The disciple of the clan of enlightenment walked toward the Holy weapons in despair.

“Whoosh ...”

As the disciple of the clan of enlightenment got closer and closer to the Holy weapons, the danger in that position suddenly burst out.

After an extremely terrifying spiritual fluctuation, a huge amount of spiritual Qi was instantly burned out. Celestial core power was suddenly activated, and a white strange beast condensed in the space!

This strange beast was pure white as if it was carved from white jade. Its head was like a tiger, its body was like a war Bear, and there were eight arms like giant apes on its shoulders. Under its feet, there were two giant white dragons!

Eight arms Dragon stomping, fearsome and terrifying!

In an instant, an extremely brutal pressure crushed down, as if the sky was falling and the earth was cracking, and the universe was shattering!

The disciple of the clan of enlightenment was so scared that his face turned pale and his state of mind collapsed. He knelt on the ground and kowtowed crazily, begging for mercy.

However, the pure white eight-Armed Dragon-stepping beast was just a Dharma form, and it had no emotions at all!

“Pa!”

A huge and heavy beast claw swung over and smacked the disciple of the clan of enlightenment into meat paste.

Judging from its speed and strength, this eight-Armed Dragon-stepping beast was probably a two-star Saint-tier!

“I’ve succeeded!”

Seeing this, Chen Xiaobei smiled confidently.

The situation seemed to have returned to control.

#### **Chapter 3892: -spirit vein**

Buzz ... Boom Boom!

The demonic Fire Red Lotus mark that Chen Xiaobei had prepared in advance exploded with an extremely powerful force at the spot where the chanism disciple’s flesh was smashed!

The power of this power was far above that of the eight-Armed Dragon-stepping beast.

In the blink of an eye, the terrifying and huge eight-Armed Dragon-stepping beast Dharma form was crushed and turned into ashes.

“So strong! The two-star true sage monster was killed in the blink of an eye! Xiaobei Gege! You really have a way!”

Futian Xin ‘er was shocked. She did not expect Chen Xiaobei to have such a trump card.

“It’s not over yet!”

However, Chen Xiaobei was still smiling. He looked straight ahead and said, “ the attack of the demonic Fire Red Lotus seal will not only destroy the eight-Armed Dragon-stepping beast Dharma power, but will also destroy the source of the Dharma power!

“The source?” Fu Tian Xin ‘er’s expression froze for a moment. In the next moment, her eyes widened in shock.

“Boom boom boom ...”

Just as Chen Xiaobei had said, the power of the demonic Fire Red Lotus mark did not disappear. Instead, it slammed into the ground in front of him.

The originally white and flawless ground was instantly blasted into a huge black hole.

Chen Xiaobei and Fu Tian Xin 'er looked inside and saw that there was a very complicated formation hidden inside the black hole.

It was obvious that the eight-Armed Dragon-stepping beast Dharma form had been activated by this array.

At this moment, the power of the demonic Fire Red Lotus seal had directly broken the array, which was equivalent to completely destroying the source of danger!

This way, when Chen Xiaobei and Fu Tian Xin 'er walked over again, the terrifying eight-Armed Dragon would not appear again. The few holy weapons there would be in Chen Xiaobei's possession.

"Let's go and take a look!"

Chen Xiaobei smiled and walked over.

Chen Xiaobei took back the demonic Fire Red Lotus mark and gave it to Fu Tian Xin 'er, telling her to speed up the process by seven days.

This way, the special ability of the demonic Fire Red Lotus imprint was restored.

Then, Chen Xiaobei picked up four one-star Saint items from the ground.

Although their levels were not high, there was still a lot of spiritual Qi left in each of them. They could still be activated a few times. To Chen Xiaobei, they were a great help.

Chen Xiaobei gave one of the Saint items to her for self-defense.

Chen Xiaobei kept the remaining three holy items in case he needed them.

Then, Chen Xiaobei released his celestial core power and collected more than ten storage spaces.

After a simple count, there were not many spiritual jades in it. Clearly, most of them had been charged into magic treasures.

In addition, there were quite a lot of resources, and they were all of very high grade.

Of course, to Chen Xiaobei, these resources were not of much use, so he just went back to the furnace to refine them.

"Whoosh ..."

Chen Xiaobei took out his chaos Blood Sword and devoured the diamond daggers that he had obtained earlier.

This one-star Saint weapon didn't have any spirit Qi inside, so it was a burden to hold.

If the chaos Blood Sword could digest it, it would reach the half-step true sage level.

After that, Chen Xiaobei would be able to think of a way to upgrade the chaos Blood Sword to Saint tier.

As for the demonic Dragon Slayer divine armor, it was the same. He could use the spirituality of the heaven and earth to upgrade it to the half-step true sage level before trying to reach the Saint level.

“Xiaobei Gege! Quickly come over and take a look! So many spiritual veins!”

At this moment, Fu Tian Xin ‘er suddenly shouted.

Chen Xiaobei quickly went to her side and looked into the black hole.

Under the broken array, there were ten huge spiritual veins that looked like huge Dragons!

One of the spiritual veins had already dried up, and there were still nine left, all of which were extremely abundant.

this ... This ... This is a two-star sacred level spiritual Meridian!

Chen Xiaobei was overjoyed to see this.

It was obvious that activating this array once would consume an entire two-star Saint level spirit Meridian.

The dried one was the one that had just been consumed.

The remaining nine could allow Chen Xiaobei to activate the two-star Saint item nine times. It was a very good harvest.

“Shua shua ... Shua shua ...”

Without hesitation, Chen Xiaobei extracted the remaining nine spiritual veins and stored them in the heaven and earth furnace.

“I finally understand now!”

the way the heavenly axiom protects the bell is to set up multiple magical formations in this space! Chen Xiaobei said. Use the spiritual veins to activate these formations and prevent those who enter from approaching the bell of the East Emperor!”

“Just like when I first came in, it was a quasi-Sage level array that could confuse the mind and devour spiritual power! Those below the quasi-Sage Stage couldn’t pass the first formation and died at the beginning!”

“There might be another one star Saint grade formation in the distance that I took the detour just now! Anyone who doesn’t have a Saint artifact will die in that position!”

that’s right! Chen Xiaobei raised his eyebrows. and now, there’s a two-star Saint-tier formation here. I can only fight with it if I have a Saint-tier item of the same level! Those without Saint artifacts of the same level all die Here!”

Chen Xiaobei’s speculation was basically correct.

In the distance that he had already circled around, there might be two arrays below the two star Saint level, and in the area in front of him that he had not passed, there must be an even more powerful array.

Xiaobei Gege, should we go back and extract the spiritual veins from the two formations?” Fu Tian Xin ‘er asked.

“No need!”

no! Chen Xiaobei shook his head and said, “ the formations in front of us are not destroyed, but someone has broken into our place. That means that the spiritual Qi in the two formations in front of us has been depleted! Even if they’re not exhausted, there’s very little left. There’s no need for us to retreat, it’s a waste of time!”

Chen Xiaobei was smart. He had already calculated everything that Futian Xin ‘er could think of.

“Chi ...”

Then, Chen Xiaobei released another chanzism disciple.

“Bestow!”

Chen Xiaobei then placed the demonic Fire Red Lotus mark into this guy’s body and said, “ You fly forward! Don’t look back, fly until you can’t fly anymore!”

“Ah? This ... Why is this so?” The disciple of the clan of enlightenment looked at the nine red lotuses in front of him with a confused face, feeling nervous and uneasy.

“There’s no why!”

“Listen to me, or I’ll kill you!” Chen Xiaobei said. You can choose for yourself!”

“Hiss ...”

The disciple of the clan of enlightenment gasped and said awkwardly, “ I’ll listen ... I’ll listen ...”

With that, he immediately flew in the direction of the nine red lotuses.

“BOOM!”

Suddenly, when he flew a certain distance, another formation exploded with a huge movement!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3893: changes**

boom boom boom ... Boom boom boom ...

With a deafening sound that shook the entire space, a pure white beam of light shot out like a volcanic eruption!

Countless strange tentacles with spikes and scales extended out of the light beam!

Obviously, this was another Dharma idol condensed from celestial core power!

And the source of this intense celestial core power must also be a magical formation and a large number of spiritual veins!

However, the power of this giant light beam full of tentacles had reached the level of a three star Saint. It was extremely terrifying!

In this regard, Fu Tian Xin 'er was still a little worried. He wasn't sure if the same move would still be effective.

However, Chen Xiaobei did not feel anything at all. In fact, he even wanted to laugh.

The demonic Fire Red Lotus mark had reached the peak true sage level and the power it could unleash was not fixed. It would become weaker when it met someone weaker and stronger when it met someone stronger. In short, it could kill anyone below the peak true sage level in seconds!

As expected!

The disciple of the clan of enlightenment was whipped to death by a tentacle!

Then, the demonic Fire Red Lotus imprint appeared and exploded with the power of a peak three-star true sage!

“BOOM!”

In the blink of an eye, the huge Dharma idol was crushed again. Then, a huge black hole was blasted in the ground not far away.

Then, Chen Xiaobei and Fu Tian Xin 'er rushed over.

“Spirit vein! A higher grade spirit vein!”

Fu Tian Xin 'er looked at the black hole and cheered in excitement.

It was just as Chen Xiaobei had expected!

To activate this formation, he would need to use up a three-star true sage spiritual Meridian. And in this black hole, there were 10 three-star true sage spiritual meridians.

Other than the one that he had just used, Chen Xiaobei now had nine more.

However, none of the other people who had come in had made it this far. So, Chen Xiaobei did not have any Saint item to pick up this time.

Of course, to be able to obtain so many spiritual veins was also a great benefit to Chen Xiaobei.

Don't forget, not only could a spirit vein activate a Saint weapon, it could also be used for cultivation.

To Chen Xiaobei, this was an indispensable resource. The more the better!

“Alright! I've completely figured out the routine here!”

what I need to do now is to keep sending out scapegoats! Chen Xiaobei said. then, I'll be able to get to the nine red lotuses!

After that ...

Everything was just as Chen Xiaobei had expected.

He had Fu Tian Xin 'er repeatedly recover the demonic Fire Red Lotus imprint's special ability.

Then, he released four disciples of the clan of enlightenment in turn and let them be his scapegoats to crack the four formations.

From these four magical formations, Chen Xiaobei obtained six four star Saint spiritual veins, three five star Saint spiritual veins, two six star Saint spiritual veins, and one seven Star Saint spiritual vein.

It could be seen that the higher the level of the spirit vein, the rarer it was. Even the heavenly Dao would find it difficult to take out too many.

Of course, there was another possibility. It wasn't that the heavenly Dao couldn't take out too many spirit veins, but that it didn't need to!

That was because just the third array had already made it impossible for anyone to pass through. The arrays after that were basically left idle and there was no need to invest too much spirit veins.

Furthermore, the heavenly Dao's calculations were extremely precise!

The most powerful force in the Hong Meng Demon Realm was the great heavenly cycle star formation!

If someone were to bring the river diagram of the book of Luo here and activate the full power of the "great heavenly cycle star formation," it would be at the seven Star Saint level!

At the same time, in order to activate the great heavenly cycle star formation's strongest power, more than forty percent of the Hong Meng Demon Realm's spiritual energy had to be consumed. In other words, even if the person could use all the spiritual energy in the Hong Meng Demon Realm, he could only activate the great heavenly cycle star formation's strongest power twice!

Therefore, the heavenly Dao had placed two Seven Star Saint level spirit veins here, enough to block the " great heavenly cycle star formation "!

Further back, there were still nine red lotuses blocking the way!

It could be seen that the heavenly Dao's calculations were very, very accurate and perfect. It could be said that there were no flaws.

It was absolutely impossible for ordinary people to pass!

However, the heavenly axiom did not expect Chen Xiaobei to be able to control the demonic Fire Red Lotus mark!

Chen Xiaobei had only used the scapegoat tactic to destroy all the formations in front of the nine red lotuses and take all the spiritual veins!

This was equivalent to taking the heavenly Dao's blade and cutting the heavenly Dao's flesh. It was simply too satisfying!

If the heavenly Dao knew of this result, it would definitely be so angry that it would vomit blood!

At this point, the spiritual Qi in the heaven and earth smelt was still very rich. He could basically activate the great heavenly cycle star formation twice. If he used it for cultivation, he could reach about three star Saint tier!

Of course, the journey was not over yet!

Chen Xiaobei wanted to continue forward until he got the bell of the East Emperor!

“Little girl, you’re still using the same old method!”

Chen Xiaobei gave her the demonic Fire Red Lotus seal that he had just destroyed.

Fu Tian Xin ‘er used the God tier sunlight cache to speed up time by seven days, allowing the demonic Fire Red Lotus imprint to recover its special ability.

“Whoosh ...”

Then, Chen Xiaobei let out another chanzism disciple and put the demonic Fire Red Lotus mark into his body. Then, he let him charge at the nine red lotuses.

The chanzism disciple did not dare to do so but Chen Xiaobei’s death threat left him with no other choice.

“Swish!”

The disciple of the clan of enlightenment rushed over quickly!

But!

This time, there was no danger!

The disciple of the clan of enlightenment arrived in front of the nine red lotuses successfully. He even touched one of the red lotuses.

“Little North’s old ancestor! I ... I followed your orders and came here ... What do you want me to do?”

The chanzism disciple turned around and looked at Chen Xiaobei.

“No rush! You just wait there! Wait for my instructions!”

Chen Xiaobei observed the situation carefully. He even activated the Golden fiery eyes and the divine jade light, not letting any detail escape his eyes.

Obviously, they were already in the deepest part of the space. Even if they used their toes to think, they would know that the nine red lotuses were definitely not decorations. There must be a huge mystery hidden within!

So, Chen Xiaobei had to confirm whether there was any danger before he could decide on his next move.

But after observing for a while, Chen Xiaobei came to the conclusion that there was no longer any danger!

“Little girl, go back to the Meru space first!”

Chen Xiaobei calmed himself down. Out of caution, he decided to protect Futian Xin ‘er.

Then, Chen Xiaobei walked toward the nine red lotuses.

Of course, Chen Xiaobei was not completely at ease. The demonic Dragon Slayer godly armor was ready to be activated at any time, and the nine tunes holy river formation was also in his hand.

“Whoosh ...”

Suddenly, when Chen Xiaobei was halfway there, the position of the nine red lotuses changed!

### Red Envelope Group of the Three Realms

#### **Chapter 3894: choice**

Nine spiritual lights bloomed from the nine red lotuses. They intertwined at the top and condensed into an extremely divine figure!

This person’s hair and beard were all white, and he had the air of a Sage.

He sat cross-legged on the twelfth-grade nine-color Holy Lotus, and his robe shone with a round holy light as bright as the sun.

His eyes were closed as if he was in deep sleep, but also as if he was listening attentively to something.

That’s right!

Chen Xiaobei had seen this man before. He was the ancestral Daoist, Hongjun!

who ... Who are you?!

The disciple of the clan of enlightenment was dumbfounded. He asked the old man who had appeared in the spiritual light.

Clearly, he had never seen what the Dao ancestor looked like.

At the same time, Chen Xiaobei quickly backed away, hoping that the Dao ancestor Dharma form would not notice him.

Hongjun, who was formed by spiritual light, slowly opened his eyes and looked at the disciple of the clan of enlightenment.

“I am Hongjun!”

The four simple words suddenly exuded an extremely terrifying pressure. It was not deliberately exuded, but because Hongjun himself had an imposing aura of a celestial master!

A heavenly path Sage was a zenith heaven golden immortal of origin!

Dao ancestor Hongjun was a primordial infinite golden immortal! Also known as the Holy King!

The king of the Saints! The pressure of his aura was naturally not something that ordinary people could withstand!

“Hiss ...”

The disciple of the clan of enlightenment took a deep breath. He was so shocked that his body trembled and his legs went soft. He knelt on the ground and kowtowed desperately.

“This disciple had eyes but failed to recognize Mount Tai! Greetings, daofather! Greetings, daofather ...”

Without a doubt, for the disciples of the clan of enlightenment, the Dao ancestor was a Supreme existence, their highest belief, and an existence that they would never dare to offend!

“Such a coward, how did you get here!”

Hongjun couldn't help but frown, looking a little disdainful.

Obviously, in Hongjun's opinion, those who could break through all the formations and come all the way here must be extraordinary! Courage! Courage! Foundation! They should be the best in this world!

However, the disciple of the clan of enlightenment in front of him was timid! Cowardly! His state of mind was extremely poor! This made Hongjun very disappointed!

“I ...”

The disciple of the clan of enlightenment was stunned.

In fact, he didn't know how he got here.

He was released by Chen Xiaobei for no reason, and then he flew here and touched a Red Lotus.

That was all!

He did not know anything else!

“Not only is he weak! And it's slow!”

Seeing the disciple of the clan of enlightenment stammering for a long time without answering, Hongjun was even more disdainful. He said, “Originally, I definitely didn't like you! However, the heavenly Dao's decree had already been set! Whoever can reach this point will become my personal disciple!”

“What!”

The disciple of the clan of enlightenment was stunned for a moment, and then an indescribable look of ecstasy appeared on his face.

Become the direct disciple of Hongjun, the great ancestor?

Wouldn't that make him the same generation as the other six heavenly path sages?

In the future, when I meet the heavenly Lord Yuanshi, I can call him senior brother?

The chanism disciple was so excited that he almost flew into the sky. As for Chen Xiaobei, he had long forgotten about him.

“Idiot! What are you smiling at? Still not acknowledging a master?”

Hongjun scolded impatiently. He really looked down on his disciple from the bottom of his heart.

If it weren't for the heavenly Way's decree, Hongjun would never have accepted such a trashy disciple. He would lose all his face if the news got out.

“Yes, yes, yes! Yes, yes, yes! I'll immediately acknowledge you as my master!”

The disciple of the clan of enlightenment nodded his head like a chicken pecking at rice. He immediately kowtowed three times and bowed nine times, performing the master-disciple ceremony.

alright, from now on, you are my seventh disciple, ranked after Nuwa!

Hongjun's eyes narrowed as he said, " according to the heavenly law's decree, you have two choices. First, you can choose one of the nine red lotuses of the heavenly law in front of you, and there will be an opportunity for you!"

yes ... the disciple of the clan of enlightenment was so ecstatic that he almost drooled when he heard that.

One did not need to think with one's toes to know that the opportunities given by the heavenly Dao were definitely the best in the universe!

"Idiot! I haven't finished my words!"

Hongjun said unhappily, " the second option is to sacrifice your primordial spirit to the way of heaven. Sign a life and death contract that can never be broken!"

"Huh?"

The disciple of the clan of enlightenment was stunned, and his face was filled with bewilderment.

Even a fool wouldn't make the wrong choice in this kind of multiple choice question!

The first option was to obtain an opportunity! The second option was to sign a contract for no reason, and he would not get any benefits!

Anyone with a normal IQ would choose one!

However, if it was someone with a slightly higher IQ, they would have to think carefully!

How unfathomable was the heavenly Dao? how could it possibly come up with such a free point question? There was no reason at all!

Obviously, the disciple of the clan of enlightenment was an elite among the younger generation of the clan of enlightenment. He was talented and smart. After thinking about it calmly, he concluded that this was definitely not a free question!

I'm afraid it's a question of life and death!

"I choose the second option!"

The disciple of the clan of enlightenment swallowed his saliva and immediately gave his answer, " "I'm willing to sacrifice my primordial spirit and pledge my loyalty to the heavenly Dao for all my life!"

"Very good! It seems that you're not that stupid!"

Finally, Hongjun gave the disciple a good comment and said indifferently, " "You've come this far! Only by being loyal to the heavenly Dao would they have a chance to live! If you choose the first one, you will die today!"

This was indeed a fatal question!

If that disciple of the clan of enlightenment had chosen the lucky chance, he would have been killed on the spot!

The reason was simple—he was not loyal enough to the heavenly Dao! Moreover, he had the ability to pass all the previous tests. This was equivalent to posing a potential threat to the heavenly Dao, which was absolutely not allowed!

As for the second option, that was the true opportunity!

After he sacrificed his primordial spirit, he would sign a life and death contract!

As the saying goes, when the heavenly Dao is destroyed, the Saints will no longer exist!

All of the heavenly path's Saints had signed this kind of contract with the heavenly path! His life and death were controlled by the heavenly Dao! Furthermore, once the heavenly Dao was destroyed, all the Saints would be buried with it!

Only by signing such a contract could the disciple of the clan of enlightenment become one of the heavenly Dao's people! Only then would the heavenly Dao really give him benefits!

“Whoosh ...”

Then, under Hongjun's guidance, the disciple's primordial spirit left his body. He did not dare to resist and signed the contract.

“Alright! You're one of us now!”

Hongjun focused his eyes and said, “You will replace sect leader Tongtian and become the new Sage of heavenly path!”

“Huh?”

Hearing this, the disciple of the clan of enlightenment was dumbfounded. He couldn't believe his ears!

“This ... This can't be a joke, right?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3895: master recognition**

“No need to doubt! Every word I've said is true!”

Hongjun said in a deep voice, “in fact, the way of heaven has never forbidden people from coming here! Anyone could come in! As long as you pass the test, you can become my direct disciple!”

“However, a trillion years have passed, and you are the first person to be able to come here! Although you have many flaws, you are loyal enough! What the heavenly Dao needs the most is loyalty!”

since you've already signed a contract of life and death with the heavenly Dao, no matter how many flaws you have, I still have a way to make you a heavenly Dao Saint who stands above all living beings!

Hongjun paused for a moment and said seriously, "What you need to do is to be wholeheartedly loyal to the heavenly Dao! Don't be like Tongtian and nüwa, who Harbor ill intentions and go against the heavenly Dao! Do you understand what I mean?"

Obviously, Hongjun's words confirmed many of his previous speculations.

First of all, the way of heaven was really trying to promote a new Saint. Once a new Saint appeared, sect leader Tongtian and mother Nuwa would be executed immediately!

Secondly, all the forces had come to fight for the eastern Emperor Bell to get the recognition of the heavenly law and fight for a place as a new Saint.

Thirdly, and most importantly, the heavenly Dao had a way to turn an ordinary person into a heavenly Dao Saint! Of course, the price of this method might be very high!

But then again, rather than making those who were not 100% loyal become Saints, it was better to spend some money to make those who were absolutely loyal become Saints. This would save a lot of trouble.

As for the price that the heavenly axiom had to pay, it would definitely be extremely huge. However, as time passed by endlessly, as long as the heavenly axiom maintained its ruling position, it could slowly earn back whatever price it had paid!

Therefore, it was all worth it.

"But ... How can I become a saint?"

The disciple of the clan of enlightenment asked blankly.

Hongjun said indifferently, "you don't need to know. Now, do as I say. Go behind the nine sacred lotuses and take out the donghuang Bell!

"The eastern Emperor Bell? Yes! I'll go now!"

The disciple of the clan of enlightenment was ecstatic and ran over impatiently!

Never in his dreams did he think that the pinnacle Saint artifact that everyone was fighting for would actually fall into his hands.

"Chi ..."

Soon, with a long and deep bell sound, the disciple of the clan of enlightenment really took out the donghuang Bell.

At this moment, the bell of the East Emperor was only the size of his palm. It looked like an exquisite piece of art when he held it in his hands.

Upon closer inspection, the small copper Bell was a chaotic black-yellow color. On its surface, the sun, moon, stars, earth, water, fire, and wind appeared! There were mountains, rivers, land, and thousands of races in the wilderness!

In fact, Chen Xiaobei had seen it before!

Chen Xiaobei had seen the exact same Dharma form when Taiyi used his primordial spirit power!

That's right!

This small copper Bell was the bell of the East Emperor, which was known for its five-colored light that could illuminate the heavens and its Primal Chaos power that could shake the universe!

It was said that this Bell was transformed from the largest fragment of the Pangu axe. It was a peak Saint weapon that could freeze time and space and reflect all attacks! It was invincible below the Saint King realm!

"Master! Master! I got the bell of the East Emperor!"

The disciple of the clan of enlightenment was so excited that he ran back with the bell of the East Emperor in his hands.

"Alright!"

Hongjun said, 'let the bell of the East Emperor recognize you as its master! Then, with this, you can pass through the nine sacred lotuses and leave this space! After that, you will leave the Hong Meng Demon Realm and come to the thirty-sixth level of the great overarching heaven to see me!'

"This disciple will obey!"

The disciple of the clan of enlightenment was overjoyed. He immediately released his spirituality and established a spiritual connection with the bell of the East Emperor.

"Idiot! Do you think you deserve to have the bell of the East Emperor?"

Suddenly, Chen Xiaobei, who had been hiding in the distance, flew toward them.

"Not good!"

The chanism disciple was stunned. He was so overjoyed that he forgot about Chen Xiaobei.

But soon, the disciple of the clan of enlightenment reacted, " "That's not right! I have the eastern Emperor Bell! Why should I be afraid of you?"

It was obvious that the eastern Emperor Bell recognized its master very quickly. Before Chen Xiaobei arrived, it had already become the disciple's treasure.

With such a Supreme treasure in hand, the disciples of the clan of enlightenment would not be afraid of anyone below the Saint King!

However, at this moment!

Hongjun was extremely shocked, " "Chen Xiaobei! You ... You ... Why are you here? Shouldn't you be trapped in the [ Red Lotus ultimate formation ]?"

The last time Hongjun met Chen Xiaobei was through one of the screens in the red Lotus formation.

At that time, the level of the Red Lotus ultimate formation was far higher than Chen Xiaobei's!

There was no way Chen Xiaobei could have broken the seal!

So, Hongjun thought that Chen Xiaobei should still be trapped in the seal. How could he possibly be here?”

This was simply unbelievable!

However, Chen Xiaobei ignored Hongjun and walked toward the disciple.

“Chen Xiaobei! You still dare to come over? Kneel down! Otherwise, I’ll activate the eastern Emperor Bell and you’ll die without a burial ground!”

The disciple of the clan of enlightenment raised the bell of the East Emperor high and shouted in an extremely arrogant tone.

“Idiot! Do you think that you can escape from my grasp just because you’ve become the owner of the bell of the East Emperor?”

Chen Xiaobei said, “Use your pig brain and think about it! How much spiritual Qi does it take to activate the bell of the East Emperor?”

spiritual energy!?

The disciple of the clan of enlightenment was stunned. He quickly sensed for a moment and his expression changed drastically, “there’s no spiritual Qi in the ... Eastern Emperor Bell!

Obviously, activating the bell of the East Emperor once required the consumption of an entire peak Saint spiritual Meridian!

There were only a few spiritual veins of this level in the entire universe!

After the eastern Emperor Bell fell into the hands of the heavenly Dao, it had been used to suppress the primordial world. There was no need to use it for battle.

Therefore, the spiritual Qi in the bell of the East Emperor had long been drained by the way of heaven and used elsewhere.

The bell of the East Emperor was an empty shell and could not hurt Chen Xiaobei at all!

“Idiot! Quickly run!”

Seeing this, Hongjun quickly shouted, “Take the eastern Emperor Bell and pass through the nine heavenly Dao divine lotuses. Chen Xiaobei can’t get out without the bell of the East Emperor!”

Hongjun’s reminder was timely, but he did not know that the disciple had just gone through a huge accumulation of energy. He did not have much celestial core power left and could not even fly fast. There was no way he could escape from Chen Xiaobei’s palm!

“Swish!”

In the blink of an eye, Chen Xiaobei was already there. He grabbed the disciple’s shoulder and said in a commanding tone, “If you want to live, you have to remove the spiritual connection with the bell of the East Emperor! Otherwise, I’ll let you die an ugly death!”

### Chapter 3896: seen through

“No! Don’t listen to him!”

Hongjun screamed in excitement.

He knew better than anyone else what would happen if Chen Xiaobei got his hands on the eastern Emperor Bell!

One must know that the normal severing of the three corpses and the act of proving one’s Dao with boundless merit would require the approval of the heavenly Dao in order to successfully prove one’s Dao and become a saint!

However, the bell of the East Emperor was the largest piece of the Pangu axe.

The Pangu axe was also a secret treasure from the heavenly Saint realm.

As long as Chen Xiaobei got the bell of the East Emperor, he could use some special methods to become a saint with his own strength. He did not need the approval of the heavenly axiom, nor did he need to sign a primordial spirit contract with the heavenly axiom at the same time!

This meant that Chen Xiaobei would be walking the same path as the Holy ancestor Pangu, and one day, he would become the enemy of the heavenly axiom!

Without a doubt, this kind of result was absolutely unacceptable to the heavenly Dao!

At the same time, Hongjun could not accept the fact that the way of heaven was destroyed and the sages no longer existed!

If the heavenly axiom was threatened by Chen Xiaobei, it meant that Hongjun was also threatened.

Therefore, Hongjun was very agitated and strongly opposed to the clan of enlightenment disciple giving Chen Xiaobei the donghuang Bell.

“I ... I don’t want to give it to him ... But I have no choice ...”

The disciple of the clan of enlightenment looked at Hongjun in despair.

Obviously, at this moment, the disciple of the clan of enlightenment had no celestial core power in his body, and the eastern Emperor Bell had no spiritual Qi. Being held by Chen Xiaobei’s shoulder was equivalent to having her life in danger.

Disobedience meant death!

“Idiot! If you dare to give the donghuang Bell to Chen Xiaobei! I’ll activate the primordial spirit contract right now and directly kill you!”

Hongjun was so angry that he didn’t care about the disciple of the clan of enlightenment at all. He just wanted to keep the donghuang Bell.

However, it was obvious that Hongjun’s anger had no meaning.

Even if he killed the disciple of Chanism, the eastern Emperor Bell would still end up in Chen Xiaobei's hands.

However, there was another possibility at this moment!

That was, if Hongjun set off from the thirty-sixth level of the highest heaven now, he should be able to quickly reach the Hong Meng Demon Realm and this alternate dimension!

That's right!

It must be like this!

A figure like Hongjun would never do something meaningless!

The reason why he showed his anger and threatened the disciple of the clan of enlightenment was to stall for time!

"Hand it over!"

Chen Xiaobei was smart enough to sense the danger and quickly snatched the eastern Emperor Bell away!

The Chanism disciple could not fight back at all. He could only watch as the eastern Emperor Bell fell into Chen Xiaobei's hands!

"Swish!"

After that, Chen Xiaobei kept the disciple into the Meru space. He would use him later.

In a flash, Chen Xiaobei charged into the nine divine lotuses.

As expected, there was a space gate inside.

After passing through the portal, Chen Xiaobei left the alternate dimension.

"Chen Xiaobei! Stop right there!"

Hongjun's Dharma form roared hysterically on the nine divine lotuses, but Chen Xiaobei could not stay where he was.

"Swish!"

After going through the portal, Chen Xiaobei returned to Mount Calming.

At this moment, Xia Yilian was still standing guard outside. She rushed over immediately.

"Chen Xiaobei! Did you get the bell of the East Emperor?"

Xia Yilian asked impatiently.

"Don't talk nonsense! Follow me immediately! I have a huge business deal to discuss with you!"

Without explaining, Chen Xiaobei summoned Donghuang Taiyi and flew toward the east.

What's going on?!

Xia Yilian was taken aback. Chen Xiaobei did not look like he was going to run away, but he was in a hurry. Something big must have happened.

Even though she did not know the exact situation, Xia Yilian was a smart person. Her intuition told her that Chen Xiaobei was not joking!

So, she immediately flew over and followed closely behind Chen Xiaobei and Donghuang Taiyi.

After some time, they arrived at a dilapidated Hall abandoned in the primitive forest.

“What did you bring me here for?”

Xia Yilian’s face was full of doubt and she could not understand.

“Don’t ask any questions! Look at what this is!”

Chen Xiaobei took out his communication jade talisman and saw that he had already received dozens of messages.

All the information was sent by Hongjun! Furthermore, it was still being sent continuously!

Hongjun ... Dao ... Dao ancestor ... Why is he looking for you?!

Seeing this, Xia Yilian instantly revealed extreme shock, even her lips turned white and trembled.

Without a doubt, to all the living beings in the universe, Dao ancestors had a natural deterrent power. They were Supreme! Supreme martial artist! The strongest! It was enough to strike fear into people’s hearts!

Of course, what frightened Xia Yilian the most was the hidden information behind this information!

One had to know that the Hong Meng Demon Realm didn’t have the Three Realms immortal network and couldn’t contact the heaven realm.

At this moment, Dao ancestor had sent so many messages!

The hidden message was that the Dao ancestor had already arrived in the Hong Meng Demon Realm!

This was terrifying!

Xia Yilian had already decided to retreat and was ready to run away at any time. She could not wait for death with Chen Xiaobei!

“I’ll tell you the truth!”

I’ve got the bell of the East Emperor, but the heavenly axiom does not allow anyone to control it. That’s why it sent the Daoist elder to capture me! “Now, you have two choices ...”

“Choice? What ... What choice?”

Xia Yilian was completely flustered. She did not realize that Chen Xiaobei had already activated his trickery.

the first choice is to take over the bell of the East Emperor, this hot potato, and then be hunted down by the Dao ancestor! Chen Xiaobei said.

No... No... Xia Yilian instinctively shook her head and refused without even thinking.

Even if she had 10000 guts, she would not dare to be enemies with the Dao ancestor.

Chen Xiaobei raised his eyebrows and continued, " the second option is for me to give you a great contribution and let you go to the Dao ancestor to ask for a reward and become his personal disciple!

how ... How is this possible?!

When Xia Yilian heard this, her face was instantly filled with shock.

One had to know that her ultimate goal was to become the disciple of heavenly Lord Yuanshi, which meant that she was the grand-disciple of Dao ancestor!

But now, Chen Xiaobei could make her a direct disciple of the Dao ancestor!

This was definitely a huge surprise for her! He was even shocked!

She couldn't believe it!

"No need to doubt!"

"If you're willing to work with me, I can even continue to help you realize your ultimate ambition!" Chen Xiaobei said.

Xia Yilian was silent.

This time, she didn't give an immediate answer, but began to think carefully.

A moment later, the fear on her face disappeared and was replaced by a sinister smile.

"Chen Xiaobei! You are very smart! But I'm not stupid! The Dao ancestor is here to kill you! As long as I kill you now! It would be a great achievement! Why should I join hands with you?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3897: -control**

"This ..."

Chen Xiaobei was taken aback.

He didn't expect that his scheme would be seen through.

However, this was normal. Chen Xiaobei's plan was to use the power of the Dao ancestor to affect Xia Yilian's state of mind.

If Xia Yilian was not calm enough, she would definitely come to an agreement with Chen Xiaobei in her anxiety.

However, on the contrary, if Xia Yilian was calm enough, she would be able to find a loophole in this plan.

Chen Xiaobei had underestimated this woman!

At this critical moment, she did not let shock and nervousness get to her head. She still grasped the key to the problem!

Everyone knew that Chen Xiaobei was a thorn in the side of the heavenly Dao!

If Xia Yilian really killed Chen Xiaobei and gave him the donghuang Bell, the heavenly axiom might be so happy that it might even take Xia Yilian in as its direct disciple!

The returns from this would definitely be higher than working with Chen Xiaobei!

More importantly, if they worked with Chen Xiaobei, they would become the nemesis of the heavenly axiom and they would never be able to live in peace!

Therefore, killing Chen Xiaobei was the best choice!

“Come on! Do you want to die peacefully? Or do you want to have a fight with me?”

Xia Yilian raised her eyebrows, her face full of confidence.

In her eyes, she had Chen Xiaobei in the palm of her hand. Everything was under her control. Even Chen Xiaobei’s death would be up to her.

“Idiot! You think you’ve seen through bro bei’s plan?” At this moment, Taiyi stood up and looked at Xia Yilian with a cold smile.

“Who are you? You dare to call me an idiot? Believe it or not, I’ll crush you to death right now!” Xia Yilian roared.

“Heh, you want to crush my brother? First, ask yourself how many lives you have!” Chen Xiaobei took out the formation diagram of the nine tunes holy river formation!

Chen Xiaobei’s plan was just an appetizer.

Chen Xiaobei had already anticipated that his plan would fail, so he had already prepared a backup plan.

that ... That is!?

Xia Yilian’s expression froze, and she became nervous.

“You’ve seen the previous battle with your own eyes. You should know that Guangchengzi’s chaos essence golden Dipper is already in my hands! And this formation diagram was the nine tunes holy river formation! Furthermore, I’ve already placed the chaos essence golden Dipper in the painting!”

five star Saint-tier power?” Chen Xiaobei raised his eyebrows and said, “ I can unleash the power of a five star Saint-tier with a single thought! If they really started a war! What are the chances of you winning?”

this ... Xia Yilian was dumbfounded.

Just a second ago, she was still immersed in the joy of seeing through Chen Xiaobei’s plan. Who knew that the next second, she would be slapped in the face by reality!

She had really underestimated Chen Xiaobei!

The plan just now was just a test. Now, Chen Xiaobei had finally revealed his true trump card!

No!

This was not even Chen Xiaobei's strongest trump card!

"Whoosh ..."

Just as Xia Yilian was in extreme shock, Donghuang Taiyi's mind moved and he directly released a powerful spirituality.

Who would have thought that a huge array would suddenly appear in the ruins of this dilapidated Palace?

The stars in the sky were weaving!

The incomparably terrifying pressure was God knows how many times stronger than the nine melody holy river great formation!

Heavens ... What ... What is this!?

Xia Yilian was completely stunned. Her pupils contracted uncontrollably, and even her scalp went numb and she broke out in a cold sweat!

As expected!

The nine tunes holy river formation was not Chen Xiaobei's strongest trump card!

At this moment, this formation was tens of millions of times stronger than the nine tunes holy river formation!

"This is the most powerful formation of the ancient demon heavenly court! The great heavenly cycle star formation! Seven Star true sage!"

Chen Xiaobei raised his eyebrows and mimicked Xia Yilian's tone. "Speak! Do you want to die peacefully? Or do you want to have a fight with me?"

I ... Xia Yilian was about to cry.

He did not expect Chen Xiaobei to return the words he had just said so quickly!

With Xia Yilian's strength, she couldn't even defeat the "nine tunes holy river formation," let alone the "great heavenly cycle star formation"!

Xia Yilian finally realized that she had been toyed with by Chen Xiaobei from the beginning to the end. Her life and death were all in his hands.

Of course, a woman like Xia Yilian also had a unique skill, and that was that she could change her attitude faster than flipping a book.

"Bro bei ... I ... I was wrong! I know I was wrong! Everything will be as you say! What do you want me to do? I'll do what I want!"

Seeing that the situation was not good, Xia Yilian immediately lowered her head and gave in. Her face was humble and respectful, just like a little maidservant, she bowed to Chen Xiaobei and listened to him!

“Ha, if you had said so earlier, wouldn’t it have been fine?”

‘I’ve given you a better choice but you didn’t accept it. Now, I’m going to change my mind!’ Chen Xiaobei said.

After that, Chen Xiaobei let out the chanzism disciple. He then stripped off the demonic Fire Red Lotus imprint on his body and transferred it to Xia Yilian.

“Bro bei ... What ... What is this?”

Xia Yilian’s face was filled with fear, and a very bad premonition emerged in her heart.

Chen Xiaobei sealed the disciple of the clan of enlightenment back into the beixuan Saint bestowment map and then continued to bluff, “This is a special curse of mine! From now on, if you dare to have any disloyal thoughts towards me, I can destroy you with a single thought!”

“Hiss ...”

Xia Yilian took a deep breath. Her face instantly turned pale, and her eyes revealed a deep sense of despair.

Obviously, she didn’t know the nature of the sacred lotus mark.

Therefore, she had no reason to doubt Chen Xiaobei’s lies. She really thought that Chen Xiaobei had her life in his hands.

By the way! The demonic Fire Red Lotus was what mother Nuwa had called this mark! At that time, mother Nuwa did not know the nature of this mark, so she had just randomly named it!

However, after the test in the alternate dimension and what Dao ancestor Hongjun had said, he was sure that the real name of the mark was the mark of the sacred lotus of heavenly law!

“Bro bei! Don’t worry! From now on, I’ll be loyal to you! Until death do us part!”

Xia Yilian had no choice but to express her loyalty immediately.

To her, her life was the most important! As long as he could survive, he would have a chance to find a way to remove the ‘curse’! As long as he could live long enough, the curse would be lifted when Chen Xiaobei died!

So, in order to survive, Xia Yilian would be loyal to Chen Xiaobei.

Whoosh ... Whoosh ...

After that, Chen Xiaobei kept the nine tunes holy river formation and Taiyi shut down the heavenly cycle star formation!

The scene returned to silence.

Then, Chen Xiaobei picked up his communication jade talisman, planning to have a good talk with old man Hongjun!

### Red Envelope Group of the Three Realms

#### **Chapter 3898: transaction**

Chen Xiaobei had Xia Yilian and Taiyi return to the Meru space first to prevent Hongjun from predicting their location.

As for Chen Xiaobei, he had the protection of both the mark of humanity and the mark of demonic. Hongjun could not predict Chen Xiaobei's future.

Chen Xiaobei could only discuss business with Hongjun when he was in a relatively safe situation!

Chen Xiaobei-old man Hongjun! Let's Make a Deal, alright?

Hongjun,"little thief!" You still dare to contact this Lord! Did he really not know how to spell the word 'death'? (Furious)

Chen Xiaobei: " hehe, anger is a sign of incapability. If you had the ability to kill me, you would have done so long ago. Why are you so angry? " It's better to calm down and talk about business. This is good for all of us!

Hongjun, [ speechless ] just tell me, how do you want to talk about it?

Chen Xiaobei: " let me first tell you my chips! Now, all the gods of the celestial heavens are in my hands! The gods have lost their positions, and the heavenly realm is bound to be in chaos. You should have known this long ago!

Hongjun,"as expected!" The gods of the heavenly court mysteriously disappeared, it was really your doing! (Furious)

As the saying goes, a family can't go a day without a master, and a country can't go a day without a king!

All the gods in the heavenly court had been captured by Chen Xiaobei. The entire lower 32 levels of heaven had lost their ruler and administrator. It was a mess!

If this continued, a war for power would definitely break out!

The people of the heaven realm were all high-quality 'nourishment' for the heavenly axiom. If they died in battle on a large scale, it would definitely be a huge loss for the heavenly axiom. Moreover, it would be difficult for it to recover for many years!

From this, it could be seen that the gods in the heavenly court were absolutely a super bargaining chip that Hongjun could not resist!

Hongjun had no choice but to agree to this deal!

Of course, Chen Xiaobei's bargaining chip was not limited to this.

Chen Xiaobei: " also, the five demonic sovereigns, the nine-colored Kirin, Guang Chengzi, and Maitreya Buddha are all in my hands. All four of them have the potential to become Saints. I think the heavenly axiom will be very interested in them, right? "

Hongjun,"damn it!" How did they all end up in your hands? (Shocked)

One had to know that heavenly path sages were the best 'nourishment' for the heavenly path, and they were even closely related to the heavenly path's strength.

The more heavenly path sages there were, the stronger the heavenly path would be!

It was for this reason that the heavenly Dao had not killed sect leader Tongtian and mother Nuwa!

Of course, there seemed to be a limit to the number of heavenly path sages that the heavenly path could control. Currently, it could only control seven. After exceeding this number, the heavenly path could no longer create heavenly path sages without limit.

For this reason, the way of heaven would only kill one and create another when there was a new Sage candidate, so that the new Sage could replace sect leader Tongtian and mother Nuwa.

And now, Chen Xiaobei's second bargaining chip was the four Almighty beings who had the potential to become heavenly path Saints!

To the heavenly Dao, this was also an extremely important bargaining chip!

The demand of the way of heaven was also the demand of Hongjun. Therefore, Hongjun had to make this deal!

No matter how outrageous Chen Xiaobei's offer was, Hongjun had to hear it first!

Hongjun,"tell me, what do you want?"

"I want three pinnacle true Saint spiritual veins!" As long as you give it to me, I'll let go of all the people I just mentioned!

Hongjun,"what!" Are you crazy? A peak true Saint spiritual vein? Do you think they are cabbages? Not to mention three, I can't even take out one!

It was obvious that a peak true sage level spirit Meridian was the best spirit Meridian in the universe controlled by the heavenly Dao. Even if it did exist, it would definitely be under the control of the heavenly Dao!

Even Hongjun couldn't control the ownership of the spiritual pulse of a peak true Saint!

Of course, Chen Xiaobei would not give Hongjun any face! He would definitely not let him bargain!

Chen Xiaobei-my price will not change! If you can't do it, then there's no need to discuss this deal!  
(Strong)

Hongjun asked,"aren't you afraid that the way of heaven will kill Tongtian and Nuwa?"

Chen Xiaobei: " Hmph! If this was before, I would be scared by that. But now, it's just a joke!

Hongjun, you ... What do you mean!" (Surprised)

I saw it clearly just now. The new Saint that the heavenly axiom wants to create must be 100% loyal to him! They even had to sign a primordial spirit contract of life and death!

Chen Xiaobei thought, 'although there are many people in the universe who have the potential to become Saints, not everyone is willing to give their freedom and life to the heavenly axiom!'

[ so, all of you are also having a headache over who to choose as the new Saint! ] You said you wanted to kill my master and mother Nuwa. Isn't that the biggest joke in the world? I'll ask you to kill me! Do you dare? (Taunting)

Hongjun, "you ..."

Chen Xiaobei thought, 'the heavenly axiom may be the Supreme ruler of this world, but there must be something even more terrifying than it!' Therefore, he could not do whatever he wanted! (See through everything)

Hongjun, "I have to admit!" You are very smart! You're right!

Chen Xiaobei: " if that's the case, then go and tell your master to prepare three peak true Saint spiritual veins for me in one day! Otherwise, I don't mind killing all the hostages in my hands!

Hongjun thought, "I'm afraid one time is not enough ..."

Chen Xiaobei: " cut the crap! If you don't get the spiritual vein by this time tomorrow, then get ready to collect your body! (Extremely strong)

Hongjun, "you ..."

Chen Xiaobei closed the private chat, not wanting to waste any more time with Hongjun.

Then, Chen Xiaobei summoned Futian Xin 'er and had her open a portal to return to the jianmu world.

After returning to the jianmu world, Fu Tian Xin 'er helped to open the space gate to the heaven realm.

Chen Xiaobei contacted Cundi again.

Chen Xiaobei went straight to the point and told everything that happened to Taoist Cundi.

A moment later, Taoist Cundi's reply came.

Cundi thought, "you're really Swift and decisive!" I originally thought that the Hong Meng Demon Realm would take up a lot of your time! I didn't expect you to get the bell of the East Emperor so quickly, and you've also gained a lot more than expected!

Chen Xiaobei: " it's all thanks to the Sutra of the future and the formation map of the nine winding holy river that Saint Cundi gave me. Otherwise, I would not have been able to do it so smoothly on my own! I'll return these two items to you now, along with the tree of Seven Wonders!

Cundi said, "don't worry. You can keep these three things with you." After all, your future actions will only get more and more dangerous!

[ Cundi: you have caught four people who are likely to become sages! ] The heavenly Dao won't be idle either. It'll definitely make a move on the other people who have hopes of becoming saints. Perhaps your next step will be to face a true heavenly Dao Saint!

Chen Xiaobei: " if that's the case, then I'll do as you say! I'll keep these three things first and return them to you after we've overcome this crisis!

Chen Xiaobei: " by the way, I'd like to ask you something. Will the heavenly axiom give me three pinnacle true Saint spiritual veins? "

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3899: threat**

Cundi asked, "tell me, what do you plan to do with these three spiritual veins?"

Chen Xiaobei, of course, to activate the donghuang Bell! I now know the location of most of the bodies of the ancestors of sorcery. As long as I gather all of them and activate the special ability of the eastern Emperor Bell, I can re-establish the real body of Pan Gu and prove my Dao with my power!

Cundi asked, "do you think the way of heaven will allow you to prove your way and become a saint?"

Chen Xiaobei: " this ... Are you saying that the heavenly axiom will not give me a peak true Saint spiritual vein?! Isn't he afraid that I'll kill all the hostages?"

Cundi said, " the hostages can be killed. Although it's a huge loss for the way of heaven, it's still tolerable compared to the appearance of a new Pangu.

Chen Xiaobei: " that means the heavens would rather have all the hostages die than give me the chance to prove my worth!?"

Cundi agreed. Based on my understanding of the heavenly Dao, it can tolerate a moment of chaos, but it will never tolerate the existence of any power that can threaten it! The new pan Gu was the biggest threat to him!

Chen Xiaobei, "what ... What should I do?"

Cundi thought, "isn't the tree of Seven Wonders still in your hands?" I've injected the spiritual Qi equivalent to two peak Saint spiritual veins into this pinnacle Saint artifact! You take one to activate the eastern Emperor Bell and keep the other one for self-defense!

Obviously, there were very few peak true sage spiritual pulses. Even Taoist Cundi could only control two!

Chen Xiaobei felt a little apologetic when he heard Cundi's words.

A spiritual vein of this level is extremely precious, how can I use it all up?

Cundi said, "why are you still being so polite at this time?" If you can overthrow the heavenly Dao and return my freedom, I can give you everything I have, not to mention the spirit vein!

Chen Xiaobei:

Cundi said, "don't hesitate anymore!" You must remember it! You are the hope of all of us! Everything we've done is to help you, but also to help ourselves! Therefore, you don't need to feel guilty. Just do your best! In comparison, you're always fighting with your life on the line, and I've only taken out some worldly possessions. I should be the one who feels like I owe you!

Chen Xiaobei: Don't worry, I'll definitely risk my life to achieve my final goal!

Cundi said, "I'll be waiting for your good news!"

Cundi said, "in addition, I want to confirm with you that there are 14 people who have the potential to become Saints, excluding those who have been killed and sealed by you.

Cundi said, "they are the Buddha of many treasures!" The Grand deity Zhen Yuan! It was ancestor netherworld River! The peacock Wisdom King! Daolord Lu ya! It was Lu Dongbin, the sword ancestor and the great wizard of xuandu! It was the ancestral Dragon of chaos, the seven-colored Heavenly Phoenix! Lamp-burning Daoist! Ksitigarbha Bodhisattva, Guan Yin! Holy Mother Jin Ling and Holy Mother GUI Ling!

Cundi thought, "what you need to do is to make them an Alliance or control them!" Do your best to prevent them from falling into the hands of the heavenly Dao!

Chen Xiaobei: When Zhen Yuan immortal was fighting with ancestor Red Cloud, he was sucked into a space crack and his whereabouts were still unknown! If I can find him, he should be on my side!

Cundi said, "got it. I'll try to calculate zhenyuanzi's location in the near future!" I'll inform you as soon as I have news!

Chen Xiaobei: "also, netherworld River is my best ally. If everything goes well, he'll definitely be on my side!

Zhunti said, "in that case, you can go to Minghe first. He has two seven-star holy weapons that can kill people without karma. They are Avici and yuantu! If he can fully support you, your chances of winning will greatly increase!

Chen Xiaobei: "alright! Also, Tathagata the myriad treasures is actually the Taoist of myriad treasures. He's my Shixiong! "And Holy Mother Jin Ling and Holy Mother GUI Ling are my two senior sisters! I must protect these three people no matter what!

Cundi thought, "this may be more difficult!" Holy Mother Jin Ling was heavenly Lord Yuanshi's reincarnation ancient immortal! Holy Mother GUI Ling was the reincarnation of Daoist dipamkara! It would be extremely difficult to save them!

Cundi thought, "as for abundant treasures, Tongtian should have already thought of a way for you!" That was to exchange the receiver's ear! I think the time is right. You can try to negotiate with jieyin!

Chen Xiaobei: "actually, I've wanted to negotiate for a long time. I'm just worried that jieyin will make things difficult for me! If by any chance he did something to senior brother duo Bao, it would definitely cause endless trouble!

Cundi said, " don't you worry about that. Abundant treasures is not some nobody. He is the most powerful man below the sage! Jieyin had to spend a great deal of effort to control the treasures! It was actually very difficult to tamper with it!

Chen Xiaobei: " that's true. There was a period of time when senior brother duo Bao even regained his consciousness for a period of time. He was not controlled by jieyin!

Cundi agreed. So, you don't have to worry too much! Besides, I'll help you keep an eye on it! If jieyin really did something, I'll just inform you in secret!

Chen Xiaobei: With your words, I can be completely at ease. I'll go and negotiate with jieyin later!

Cundi: " okay, that's all for today. If you have any questions, you can contact me again!

Chen Xiaobei-thank you, Saint Cundi!

After chatting with Cundi, Chen Xiaobei immediately opened a private chat with jieyin.

[ guide: Chen Xiaobei!? ] Weren't you trapped to death in the [ Red Lotus ultimate formation ]?  
(Shocked)

Chen Xiaobei, you don't have to care about my life! If you're in the mood, you'd better think about how to repair your Dao body! If one's Dao body was not complete, one would not be able to become a peak true sage. Furthermore, one's strength would also be lacking! The immeasurable catastrophe is coming, you should be very clear about this kind of influence!

[ receive: restore the Dao body! ] Could it be that ... My ears are in your hands? (Extremely shocked) I should have thought of this! Tongtian is not a reckless man with courage but no wisdom. He can't cut off my ear in a moment of anger! So, all of this was to pave the way for you, you little thief!

Chen Xiaobei: " since you've already thought it through, let's talk!

Jieyin,[talk about what! ] Are you going to return my ears to me?

Chen Xiaobei: "of course! It's just a broken ear. I don't have a use for it! If you can let go of my senior brother duo Bao, I will return this ear to you!

[receive: this ...(Conflicted)]

Chen Xiaobei,"what are you hesitating for?" Was it because he couldn't bear to part with senior brother duo Bao, the strongest expert under the Saint?

[ receive: nonsense! ] abundant treasures is not only the most powerful man under the Saint, but he has also gained countless followers in the Western religious sect in the past trillion years. Once he leaves, my loss will be immeasurable!

Chen Xiaobei: If he were to leave, it would be a huge loss for you! However, have you ever thought that if he were to stay, he might directly threaten your position!

Jieyin thought,"how ... How is this possible?!" (Unbelievable)

## Red Envelope Group of the Three Realms

### **Chapter 3900: attack**

Chen Xiaobei-you should know the situation better than I do! The heavenly Dao has always hoped for a new Sage to replace my master and mother Nuwa! And abundant treasures was one of the best choices!

Once duo Bao becomes a Saint, you will no longer be able to control him! This is a huge loss for your Western sect! More importantly, abundant treasures will be on equal footing with you!

Chen Xiaobei thought,'in the past trillion years, Duobao has gained a huge number of Western religious followers by using the identity of Tathagata! Once he becomes a Saint, your Western sect will be divided into two! Your status and authority will drop drastically!

[receive: this ... This ...(Shocked, speechless)]

Chen Xiaobei-you are a smart person! I'm sure of it, every word I said is true! As for what to choose! You don't need me to teach you, do you?

Jieyin: I accept your price! I'll use lots of treasures to exchange for my ears!

It was obvious that jieyin was very selfish. Compared to his own interests, he didn't care about the overall situation of the heavenly Dao.

After all, becoming a saint with many treasures did not benefit dingyin at all. On the contrary, if he could take back his ears and complete his Dao body, that would be the most important improvement.

Chen Xiaobei: " since you've agreed to it, then you have to release your control on senior brother duo Bao! I will contact him! After I've confirmed that he's free, I'll immediately give you your ear!

Jieyin: " why should I believe you? " What if you go back on your word and refuse to give me the ear? wouldn't I suffer a huge loss?

Chen Xiaobei: " don't worry! I'm a businessman. I'll make sure to deliver the goods on the spot!

[ jieyin: you better make yourself clear. Otherwise, I will never believe you! ]

Chen Xiaobei: " later, I'll open a portal. You'll bring senior duo Bao and I'll bring your ear. We'll stand on both sides of the portal. After we confirm our chips, we'll hand them over to each other at the same time!

[ you want to make a deal with me face to face!? ] (Surprised)

Obviously, in the eyes of the guide, Chen Xiaobei was still very weak. How could he dare to make a deal with him face to face? Did he eat a bear's heart and a leopard's gall? Or are you tired of living?

However, on second thought, he realized that Chen Xiaobei was not a reckless man! This brat dared to make a face-to-face deal, so he must have prepared the corresponding trump card. He definitely couldn't come here to die in vain!

Thinking of this, the Daoist jieyin became vigilant.

Even though a face-to-face deal was a great opportunity to kill Chen Xiaobei, the jieyin priest still repeatedly warned himself not to act rashly. To avoid falling into Chen Xiaobei's trap!

It had to be said that the Daoist jieyin's intelligence was still online!

Chen Xiaobei held the eastern Emperor Bell and the tree of Seven Wonders in his hands! If they were to fight head on, jieyin would probably suffer a great loss!

It was no exaggeration to say that jieyin's vigilance at this moment had really saved his life!

Chen Xiaobei: "it's decided then. First, you remove the control you have on senior brother duo Bao. Then, I'll tell you the location to open the dimension portal! Let's make the deal as soon as possible, in case anything happens!

Jieyin:

After that, everything went according to Chen Xiaobei's plan.

Jieyin really wanted to get his ears back, so he didn't play any tricks and really released his control over the treasure Daoist.

Then, Chen Xiaobei told the guide the location of the portal.

This matter couldn't alarm anyone, so Daoist jieyin personally escorted Daoist many treasures here.

Just like that, Chen Xiaobei held jieyin's ear and stood on the inside of the gate while jieyin stood on the outside of the gate with duo Bao in his hand.

"I'll count to three, and we'll hand over the money and the goods!

Chen Xiaobei's eyes narrowed, and he looked extremely serious. "One! Two! Three ..."

Obviously, this deal was a serious psychological game for both sides! Any mistake or variable could bring immeasurable consequences!

Luckily, the guide was wary of Chen Xiaobei and did not play any tricks! Chen Xiaobei was in a rush to save her and did not want to cause any more trouble, so he did not do anything unnecessary!

As a result, the transaction became exceptionally smooth!

"Woof! Whoosh!"

Both parties sent their chips through the space gate, and the transaction was completed in an instant.

Then, Chen Xiaobei had Futian Xin'er close the portal, completely cutting off any potential danger.

The world of the creation wood.

Duo Bao still had the appearance of a Buddha, wearing a gold and red Kasaya, his whole person looking sacred and Noble.

However, at this moment, the look in duo Bao's eyes had completely changed.

Chen Xiaobei could feel that the restraint on duo Bao's primordial spirit had disappeared. It was now free.

The so-called Buddha of many treasures had also turned back into the Big Brother of the tribe of severity, the Daoist of many treasures!

"Junior Brother Xiaobei! It's all thanks to you! I didn't expect to regain my freedom so soon!"

Treasure Daoist was very excited.

For a long time, it had been treasure Daoist's long-cherished wish to regain his freedom and return to the Jie sect.

And today, this wish had finally been realized. For treasure Daoist, it was definitely an unprecedented release. It could even make his Dao heart clear and he could comprehend some mysterious things.

"Senior brother, you're welcome! It was all thanks to master's plan that I was able to save you today! If shizun hadn't cut off Daoist jiejun's ear, I wouldn't have been able to make Daoist jiejun let you go!"

Chen Xiaobei was very humble and gave all the credit to the prime of Tongtian.

"Junior Brother is too humble!"

The treasure Daoist said, "although this is master's plan, not everyone can do it!" There are many things that no one else can do except for Shidi Xiaobei!"

"Alright! Let's cut the formalities!"

Shixiong, take a rest first. We'll discuss our next move later! Chen Xiaobei said with a smile.

"No need to rest!"

what's the matter?" treasure Daoist was in high spirits. just tell me, I'll do my best to help you!

"Next, I plan to go to the underworld to meet patriarch Minghe!" I'll pull him into my Alliance!"

the netherworld River!?

Treasure Daoist's expression changed slightly, and he said, "I'm afraid it's too late for this ..."

"Too late? What's the meaning of this?"

Chen Xiaobei tensed up. He had a bad feeling about this.

Treasure Daoist paused and said solemnly, "Not long ago! K itigarbha K itigarbha had gathered a large number of Buddhas from the Western religion and reorganized millions of monk soldiers to attack the Asura religion in Minghe! This time, there's a huge difference in strength between the two sides. I'm afraid the netherworld River won't be able to hold on ..."
