Red Envelope Group of the Three Realms

Chapter 4001: Everyone'S Request!

What was going on?

Chen Xiaobei was dumbfounded. He had stolen the city's Holy Meridian's saintly elemental energy. It was fine if these people were not angry, but why were they all kneeling and worshiping Him?

If it was an ordinary person kneeling, it would be fine.

But this was the heavenly Saint realm!

Among the tens of thousands of people in front of him, there were hundreds of true sages. The rest were all quasi-sages!

It was truly inconceivable to receive the worship of these people.

Even Daoist Wen was dumbfounded. " what ... What the hell is going on? " he asked.

He had originally planned to start a massacre, but he had never expected that things would turn out like this.

"Why are you worshipping me?"

Chen Xiaobei asked.

" senior's might as a Saint King has shaken the entire city. We've come to pay our respects and also have a request! "

The strongest Seven Star true sage among the tens of thousands of people replied on behalf of the crowd.

"Saint King? I?"

Chen Xiaobei was taken aback.

"Of course it's you!"

" although you look like a peak-stage Sage-to-be on the surface, you forcefully extracted the Saint veins of Fengyan city. That's enough to show that you've hidden your cultivation as a Saint King! " the seven-star true Saint said.

"This ..."

" you've misunderstood me! I'm not the Holy King! " Chen Xiaobei said.

"Our Fengyan city's Saint vein is protected by a Saint King grade array. If you're not a Saint King, how could you extract the Saint Qi from it?"

The seven Star true Saint thought that he had seen through Chen Xiaobei's Secret and quickly added, " "Senior, don't worry! Although I don't know why you're hiding your cultivation, we definitely won't dare to reveal this secret to anyone!"

Chen Xiaobei finally understood.

Fengyan city's Holy Meridian was protected by a Saint King-grade formation. However, the core of the Saint devouring axe was the true spirit of the axe. Its devouring ability was at least at the primal Chaos heavenly Lord level. It was naturally easy for it to penetrate the formation and extract the Holy Meridian.

However, they did not know how powerful the axe was. They thought that Chen Xiaobei had drawn out his Saint Vital force.

That was why everyone thought that Chen Xiaobei was a Holy King who was deliberately hiding his cultivation.

Initially, Chen Xiaobei was a little worried because he was unfamiliar with this place. But now, as long as he could put on a good act, these people would treat him like a Holy King. Naturally, he would be able to obtain countless benefits!

"Cough, cough, since you've seen through me, I won't argue anymore. I'm a Saint King!"

Chen Xiaobei said.

Chen Xiaobei had never been afraid of anyone when it came to acting. He released his aura and instantly became a living holy King.

However, Daoist Wen, who knew the truth, couldn't help but Twitch his mouth a few times.

Chen Xiaobei, the Holy King, was a real super imposter!

Compared to a true Saint King, he was 1.08 billion times weaker!

"Tell me, what do you want from me?"

Chen Xiaobei asked arrogantly.

"To be honest, we would like to ask senior to help us kill a demonic Saint Beast!" The seven Star true sage quickly said. It's too powerful, and it's threatening our entire city! If we don't kill it, we might face a disaster at any time!"

"Demonic sacred beast?" Chen Xiaobei was taken aback.

Daoist Wen quickly walked to Chen Xiaobei and explained in a low voice, "When a Holy beast cultivates a demonic technique or breaks a demonic opportunity, it will become a Holy demonic beast! This is very common in the heavenly Saint realm!"

"Oh, so it's a demonic sacred beast!"

"What's the Saint demonic beast's cultivation?" Chen Xiaobei asked. Where are you now?"

The seven Star true sage hurriedly replied, "that was a pale-armored divine edge Wolf!" Peak true Saint! He's in the Canggu mountain, which is 30000 li away!"

"Peak true sage?"

” yes, ” Chen Xiaobei said after a pause, ” it’s not difficult for me. But why should I help you?”

“Senior, don’t you lack Saint Qi?”

The seven Star true sage said, ”we are willing to give up the Holy Meridian in the city!” As long as senior can help us get rid of the Azure armored Holy edge Wolf, senior can use the Saint veins in the city as he wishes, even if it takes up all of our Saint Qi, we’re willing to!”

Without a doubt, the reward offered by the seven Star true Saint was very attractive to Chen Xiaobei.

After all, to Chen Xiaobei, the Saint Vital force was an extremely rare resource. It could not only upgrade the Saint devouring axe, but also act as energy to activate the power of the divine Lotus.

The thing that Chen Xiaobei needed the most right now was the Saint Qi.

“This ...”

Obviously, Chen Xiaobei was tempted.

However, he didn’t agree immediately. After all, the Azure armored divine edge Wolf had reached the peak of the true sage realm.

The spiritual Qi of the bell of the East Emperor could not be used.

The three grade-twelve divine lotuses didn’t have enough energy to activate their power as they wished.

The special ability of the peak third stage true sage rank mark could only be used once a day. If it did not kill the enemy, it would definitely be killed by the enemy!

Daoist Wen had yet to recover from his serious injuries.

To sum it up, it was almost impossible to defeat the Azure armored divine edge Wolf.

...

“Senior, do you think the reward is not enough?”

” the most precious thing we have is that Holy Meridian. I’m afraid that you won’t be interested in anything else ... If there’s really no other way, I’m willing to give my daughter, the number one beauty of Fengyan city, to you! ” the seven Star true sage said awkwardly.

“Pfft ...”

“What do you think I am?” Chen Xiaobei was sweating. You actually want to give me your daughter! To think you can say that!”

” however, I was born as a city Lord. In order to protect the billions of people in the city, I had no choice but to part with my precious treasure and give it to you, senior ... If I had a choice, I wouldn’t have done this even if I was beaten to death ... ”

As soon as he said that, everyone’s faces were filled with sadness.

Indeed, if he had not been forced into a dead end, not only would the seven Star true sage not be willing to give his daughter away, the people around him would not have allowed him to do so.

It was precisely because the disaster was near that they had no choice but to sacrifice one person to save trillions of people.

“Alright! Don’t say anymore! I’ll agree to this!”

Chen Xiaobei could be persuaded by reason but not cowed by force.

Looking at the pain of the seven Star true sage, looking at the dejected expressions of the surrounding people, and then thinking about the trillions of innocent lives.

...

Even if he did not get paid, Chen Xiaobei was willing to help.

Moreover, if he succeeded, he would be able to obtain a Saint vein.

Chen Xiaobei had no reason to refuse.

“That’s great ... That’s great ...”

The seven Star true sage and the rest of the people were excited. They kowtowed to Chen Xiaobei. “Thank you, senior, for saving my life ... Thank you, senior ...”

After being grateful for a while.

“Senior, please rest in the city first. We will welcome you and then we will discuss the matter of killing the Azure armored divine edge Wolf!” The seven Star true sage said.

“No need!”

I’m leaving now! Chen Xiaobei said. I’ll come back for you after I’ve killed that bastard!

Red Envelope Group of the Three Realms

Chapter 4002: Arrogant!

Chen Xiaobei was still in a hurry, so he went straight to the point and got it done as soon as possible.

Of course, before he left, Chen Xiaobei knew that the seven Star true Sage’s name was Jiu e.

Chen Xiaobei had also obtained a communication rune for the heavenly Saint realm and a rough map from Jiu e.

This communication rune was a bit special. It was a white ball of light in the form of an ethereal spirit. As long as it entered the space between the eyebrows, it could receive and send messages according to one’s will.

Of course, the communication rune must first establish a communication relationship with the contact person before it could be used normally.

However, this wasn’t difficult. As long as two people with communication runes released their spirituality face to face, they could directly establish a communication link.

After that, they could contact each other freely.

Jiu e and Daoist Wen were Chen Xiaobei's first group of contacts.

As for Chen Xiaobei, the 'Holy King', why did he not have a communication rune? Jiu e and the others were not sure and did not dare to ask.

Soon after.

Chen Xiaobei and Daoist Wen followed the map and headed for the ancient mountains.

On the way, Daoist Wen was in charge of the journey.

Chen Xiaobei followed his plan and took out the three three-star Saint weapons and let the Saint devouring axe consume them.

As expected, the Saint devouring Dao axe broke through another major realm and reached the three-star true sage level.

In addition, the spirit Qi in the three Saint weapons had also been converted into energy and absorbed by the Saint devouring Dao axe.

On top of that, the Saint Qi in the air had been drawn out by quite a bit during their flight.

In the end, the Saint devouring Dao axe broke through another realm and reached the intermediate three-star true sage.

The ancient mountains.

It stretched for billions of miles and was unbelievably huge. The highest mountain reached into the clouds and it even looked like it was very close to the nine-colored sun!

"God Chen, don't be fooled by the size of this mountain. The ashen-armored sacred edge Wolf will sense us as soon as we step into it!"

Daoist Wen said in a deep voice.

"well, then let's not go into the mountain first. We have to think of a feasible way before we go in!"

Chen Xiaobei frowned helplessly.

Before this, Chen Xiaobei had already calculated that he had no chance of winning against the cangjia divine edge Wolf without using the donghuang Bell.

If he entered the mountain rashly and was targeted by the cangjia sacred edge Wolf, he would be forced into a dead end.

"God Chen! Look! Someone's coming over there!" Daoist Wen's eyes focused on the distance.

Chen Xiaobei also looked over.

At this moment, a group of people was flying towards the ancient mountain range. Moreover, judging from the route they were taking, they were going to enter the mountain.

There were about 30 people, and most of them were in the quasi-sage realm. Only the three people flying in the front were in the true sage realm.

The leader of the three of them was a peak true Saint.

“Your Excellency Emperor ning! There are two guys looking at us! A peak true sage and a peak quasi-Sage!”

On the left of the three true divines was a silver-haired middle-aged man. His eyes were like an eagle’s as they locked onto Chen Xiaobei and Daoist Wen.

From the intensity of the primordial chaos Divine light, this person’s cultivation was probably at the seven-star true sage realm.

The person he called Emperor ning was the strongest pinnacle true Saint.

This man was extremely arrogant. He did not even look at Chen Xiaobei and Daoist Wen as he flew toward the ancient mountains.

The other true divine on the right of Emperor ning said in disdain, “ “Just two ants! His Excellency Emperor ning has important matters to attend to! There’s no need to care about them!”

This person was dressed in a red robe, and there were golden dragons floating around him. He was extremely domineering.

Judging from the strength of the primordial chaos Divine light, he was actually an eight-star true sage. His strength was very terrifying.

“Zhao Helong ... Don’t keep me in suspense ...”

The silver-haired man was confused. “ the other party also has a peak true sage. Why is he an ant? ”

The red-robed man Zhao Helong said indifferently, “ “ the opponent’s peak true sage has the primordial chaos holy light flickering. This means that he’s seriously injured and his strength has probably been reduced by more than 50%. Compared to Emperor ning, what else can he be but an ant? ”

As for Chen Xiaobei, Zhao Helong did not even care about him.

“ I see ... ” the silver-haired man said embarrassedly, “ “Brother Zhao’s aura observation technique is really getting more and more refined!”

“It’s not that I’m improving, but you, gumoko, are too careless!” Zhao Helong said indifferently.

“Hehe ...”

Gumoko scratched his nose and said, “ “Let’s go! Let’s go into the mountain and ignore those two ants!”

Then, the group followed Emperor ning into the ancient mountains.

“Too arrogant! Too hateful!”

Although the voice was not loud, it was clearly heard by Daoist Wen and Chen Xiaobei.

After all, true saints and quasi-Saints had very strong senses.

Chen Xiaobei and Daoist Wen could hear him clearly as he did not use his Saint Qi to mask his voice.

“What’s the use of theory?”

“Can you defeat that Emperor ning?” Chen Xiaobei asked.

” this ... ” Daoist Wen’s expression froze for a moment before he closed his mouth.

...

Obviously, Daoist Wen knew very well that even if he recovered from his injuries, he might not be a match for Emperor ning.

Judging from the strength of the primordial chaos holy light, although Emperor ning and Daoist Wen were at the same level, their combat power was at least 30% higher than that of Daoist Wen.

The main point was that Emperor ning might have a peak Saint weapon.

For this reason, even if Daoist Wen had not been injured, he would definitely not have been Emperor ning’s match.

This was also the reason why Emperor ning was so arrogant and overbearing!

In his eyes, Chen Xiaobei and Daoist Wen were as weak as ants. He could easily crush them if he wanted to.

“Go! Let’s follow them and take a look!”

Chen Xiaobei summoned his Dharmakaya and turned it into purple Qi.

In theory, if the heavenly axiom could not sense Chen Xiaobei’s purple Qi Dharmakaya, Emperor ning would not be able to either.

“Whoosh ...”

Then, Daoist Wen also turned into a mosquito.

...

Chen Xiaobei used some of his purple Qi to cover Daoist Wen, and then the two of them flew into the ancient mountains.

The situation in the mountains was extremely strange.

In such a huge mountain range, there were no birds or beasts, not even insects, snakes, or scorpions.

The space was filled with a kind of deathly aura. It was similar to demonic Qi, but it was colder and more terrifying.

” could it be that all the animals were killed by the Azure-armored divine edge Wolf? ” Daoist Wen was very confused.

“It shouldn’t be that simple ...”

” no! ” Chen Xiaobei shook his head and said, ” those people have been in the mountain for a while now! Logically speaking, he should have already started fighting with the Azure armored sacred edge Wolf! But now, everything is very quiet, as if no one has entered the mountain!”

what?! Daoist Wen was shocked. God Chen, are you saying that those people are related to the Azure armored sacred edge Wolf?!

[Red Envelope Group of the Three Realms](#)

Chapter 4003: Three-Pupil Golden Pattern!

Obviously, if it was really the gray-armored divine edge Wolf that killed all the animals in the mountain, it would not let Emperor ning and his people go.

If it had not started a war with Emperor ning, then it was possible that it was really related to Emperor ning.

Chen Xiaobei was very curious about this.

After that, Chen Xiaobei and Wen Daoist kept a safe distance and followed behind Emperor ning and the rest.

The entire journey was peaceful. Not only did the Azure armored divine edge Wolf not appear, but there was also no obstruction.

Emperor ning and the others had been advancing towards the highest peak of the mountain range.

The peak of the mountain was so high that it reached beyond the nine Heavens. Even though everyone was extremely fast, they still flew for a long time before they could faintly see the peak of the mountain.

However, Emperor ning and the others did not go to the summit.

Instead, when they were about to reach the peak, they turned into a cave.

“Wu ... Wuwu ...”

Not long after they entered the cave, the shrill howls of wolves came from the depths of the cave.

However, there was no hostility in his voice, as if he was expecting something.

” what’s going on?! ”

Daoist Wen was stunned,’could it be that the Azure armored sacred edge Wolf is in this cave? Furthermore, it’s being kept here by the ning Emperor?”

“In captivity? The Azure armored divine edge Wolf was raised by Emperor ning?”

Chen Xiaobei thought that Daoist Wen’s guess made sense, which made Chen Xiaobei even more curious.

One must know that the Azure armored divine edge Wolf was a demonic sacred beast and was extremely terrifying. It could even threaten the safety of a trillion people in a city.

If it was really Emperor ning who had raised the Azure-armored divine edge Wolf.

Then, there must be a huge conspiracy behind this.

They continued deeper into the cave.

Very quickly, Chen Xiaobei and Daoist Wen saw a shocking scene.

At this moment, they were already deep in the mountain, and a huge Grotto-heaven appeared.

This Grotto-heaven was obviously man-made.

The ground, walls, and ceiling were all very smooth, even polished like a mirror.

On these mirror-like stone walls, there were countless profound runes carved into them, forming a huge spell formation.

What was even more unbelievable was that there was a three-hundred-meter-tall mutated demonic Wolf in the middle of the grotto-heaven.

This mutated demonic Wolf was covered in an ancient meteorites-like armor. On its back, there was an armor that looked like a Divine Blade!

Its muscles were like steel, and its claws were extremely sharp.

There were six pitch-black pupils in his blood-red eyes.

In each eye, there were three pupils, arranged at three points in a triangle, and connected by a circle of strange golden lines. It was very demonic, even a little terrifying.

This was the first time Chen Xiaobei had ever seen such eyes.

“How terrifying ...”

Daoist Wen’s state of mind was not as good as Chen Xiaobei’s. He could not help but take a deep breath, looking extremely nervous.

Whoosh ... Whoosh ... Whoosh ...

At the same time, Emperor Ning and the others had already reached the center of the cave.

A total of thirty-three people surrounded the Azure armored divine edge Wolf. Then, they began to chant some extremely profound and obscure spells.

The Wolf’s three-pupiled eyes even exuded strong anticipation, excitement, and greed.

” whoosh ... Whoosh ... Whoosh ... ”

Then, something strange happened!

With Emperor Ning as the leader, the surrounding people released a large number of animals from the Meru space.

Birds, beasts, insects, snakes, scorpions, all sorts of creatures were released and floated in the grotto-heaven.

As this Grotto-heaven was extremely huge, thirty thousand animals were released in just a short while.

Just like the weightlessness of space, all the animals were floating in the air.

“Shua shua ... Shua shua ...”

However, the magical formation in the grotto-heaven was activated very quickly.

Blood-colored blades slashed out from the mirror-like walls.

As if he was chopping melons and vegetables, he cut all the floating animals into pieces!

In an instant, the entire space was filled with broken corpses, blood, and wailing primordial spirits.

Obviously, the cultivation realms of these animals were not low, and there were even quasi-Sage level animals among them. Therefore, their primordial spirits were not weak, and they even emitted the primordial chaos sacred light.

“Aowu!!!”

At the same time, the Azure-armored divine edge Wolf let out an extremely excited howl.

He was like a hungry wolf that could finally enjoy a Feast of Flesh and blood. He was extremely excited.

“Hiss ...”

The Azure armored divine edge Wolf opened its mouth and sucked with all its might.

...

The countless pieces of flesh, blood, and essence spirits were swept into the mouth of the cangjia divine edge wolf as if they were being sucked by a vortex.

The Azure armored divine edge Wolf was only three hundred meters tall. Logically speaking, its stomach should not have been able to hold so many things.

However, this ashen-armored divine edge Wolf felt a little like the waiter. No matter how much it ate, it would not get full.

In the blink of an eye, 30000 animal corpses, blood essence, and primordial spirits were all swallowed by the Azure-armored divine edge Wolf.

However, this huge demonic Wolf still had an unsatisfied look on its face. It was obvious that it had not eaten its fill!

“Shua shua ... Shua shua ...”

Emperor ning and the others had obviously come prepared.

He then released all kinds of powerful animals, which were also about thirty thousand.

And the result was exactly the same as before. These animals quickly became the Azure armored divine edge Wolf's meal.

And this was still not the end!

Emperor ning and the others did the same thing over thirty times!

...

In other words, the Azure armored divine edge Wolf had eaten nearly ten million animals in one go!

" what the hell are they doing!?"

Daoist Wen was dumbfounded. " the gray-armored divine edge Wolf should have abstained from food long ago. It can skip eating and drinking. There's no need to feed it like this ... "

"No! It's not as simple as feeding!"

" no! " Chen Xiaobei said, " if it's just feeding, there's no need to chant or use the formation to cut off the life! "

"If it's not about feeding ... Then what's going on?" Daoist Wen was confused.

"Whoosh ..."

At this moment, the gray-armored divine edge Wolf emitted a strong primordial chaos sacred light!

Its three-pupiled golden-striped Wolf Eyes even reflected an extremely strange spiritual light!

The spiritual light turned into three black planets connected by strange golden patterns, slowly rotating around the Azure armored divine edge Wolf!

The visual impact of this scene was simply huge to the extreme!

Both Chen Xiaobei and Daoist Wen were stunned.

On the other side, Zhao Helong's eyes narrowed as he revealed a surprised expression, " "Your Excellency Emperor ning! It's a success!"

Gumoko was also excited,"we have spent so much effort and finally succeeded today!" Hahaha ..."

"The three-eyed Saint Sword! It's finally formed!"

The ning Emperor raised his chin high and laughed smugly,"From today onwards, I'll be invincible in the eight hundred States of the southern region! Hahaha ..."

[Red Envelope Group of the Three Realms](#)

Chapter 4004: The Promise Of A Man!

Invincible under the Saint King realm?

Both Chen Xiaobei and Daoist Wen were confused by Emperor ning's smug expression.

On the surface, the three-pupiled divine laksana did not seem to have too much energy fluctuations. It even looked weak.

How could he be invincible under the Saint King realm?

There was only one explanation for this!

The three black planets connected by the Golden patterns should be the ability of the Azure-armored sacred edge Wolf, not its power!

Therefore, from the energy fluctuations, this Dharma power was not very powerful.

However, as long as he was hit, he should be able to display the ability to defeat a Saint King.

It was just like Chen Xiaobei's heaven severing thought. It did not look strong on the surface, and it was not fast either. However, as long as it hit someone below the Saint level, it could instantly make the enemy lose their combat ability.

At this moment, the three-pupiled Saint blade Dharma laksana had probably reached the level of a Saint King, which was why Emperor ning was so confident.

"Congratulations, Your Excellency Emperor ning!"

Zhao Helong cupped his hands and bowed as he said excitedly, " " we've sacrificed the life souls of 900 million lives and have finally cultivated the Azure armored sacred edge Wolf's ability to the extreme. With that, we can finally head to the ancient Sage mystery dimension! "

"That's great!"

Gumoko was also extremely excited, his eyes wide open, " " we've been waiting for the treasures in the ancient Sage secret dimension for a very long time. Now, we finally have a chance to explore them! "

"No rush!"

The ning Emperor narrowed his eyes, his face revealing an extremely vicious killing intent. " let the Azure armored sacred edge Wolf out first and slaughter the nine surrounding holy cities! "

"Only by accumulating a large number of life souls can I maintain the psionic power of the Azure-armored divine edge Wolf! Otherwise, using the Saint King level three eyed Saint edge once will cause its mind to collapse and its soul to dry up!"

Chen Xiaobei was right.

The three-pupiled Saint blade was indeed a Saint King's ability. It consumed a lot of spiritual power every time it was activated.

On the other hand, the Azure armored divine edge Wolf was only at the peak true sage level. Using the power of a Saint King would severely exhaust its mind power, and even the source of mind power, which was the essence soul, would be completely exhausted.

In other words, he didn't have enough life souls to support it.

If the wolf used its three-pupiled ability once, it would die immediately.

That was why Emperor ning wanted to release the cangjia divine edge Wolf to massacre the cities around the ancient mountains.

Fengyan city, which was under Jiu E's control, was also one of the targets.

"Your Excellency Emperor ning is wise!"

Gumoko grinned widely and flattered, " "If we slaughter those cities, the Saint veins and resources in them will all fall into our hands! Just thinking about it made him feel great! Hahaha ..."

Zhao Helong nodded and said with certainty, " " we've hidden our names and laid low for so many years. Now that we've finally created our trump card, it's time for us to go all out! "

"Pa!"

Emperor ning raised his chin and snapped his fingers in a very pretentious manner.

"Roar!"

Then, the Azure armored divine edge Wolf suddenly let out a roar and retracted its special ability. Then, it suddenly rushed towards the exit of the cave.

It was obvious that with the strength of the Azure armored divine edge Wolf, once it killed its way out, the surrounding cities would definitely be covered in blood and corpses.

Unless a Saint King came, no one could stop him.

"God Chen! Let's quickly retreat!"

Daoist Wen was obviously terrified, 'we're no match for Emperor ning alone! And now, there was a Saint demon beast that was invincible below the Saint King realm! There's no suspense in this battle. We can't just throw our lives away in vain!"

"We won't! I promised nine lives that I would help them get rid of the disaster!" Chen Xiaobei said.

"Uh ... God Chen! At a time like this, you still care about the life and death of those people?" Daoist Wen said coldly and mercilessly, " those weak people are as humble as ants. They deserve to die! Why should we risk our lives for them?"

"Shut your stinky mouth!"

" I don't make promises easily, " Chen Xiaobei said. " but as long as it's something I've promised, I'll definitely keep it. Otherwise, what kind of man am I? "

"This ... "

Daoist Wen was dumbfounded and said awkwardly, 'God Chen! This ... Under such circumstances, you still insist on your promise. Aren't you forcing yourself onto the path of death? Listen to me, retreat! When those ants are all dead, who will know that you didn't keep your promise?"

"Shut up! I won't say it a third time!" Chen Xiaobei's tone was firm, and his aura was overbearing. He was like an unparalleled Emperor. There was no room for doubt.

Daoist Wen was shocked by Chen Xiaobei's aura. He took a deep breath and did not dare to say another word.

Of course, although Daoist Wen had already shut up, he was still very unconvinced.

'I'm trying to save your life out of good intentions, but you, Chen Xiaobei, don't know what's good for you and want to die!' But that's good! It won't be too late for me to run when you're dead. I can regain my freedom!

Although Daoist Wen's primordial spirit was controlled by the Hellfire blood spring, he did not completely submit to Chen Xiaobei.

Daoist Wen shut his mouth and stopped trying to persuade Chen Xiaobei.

Because he was certain that Chen Xiaobei would lose, he was waiting for Chen Xiaobei to die.

"Swish!"

Because Chen Xiaobei and the mosquito Taoist were standing right at the exit of the cave, the gray-armored divine edge Wolf would have to pass by them if it wanted to rush out.

Chen Xiaobei saw the opportunity and rushed out.

"A demonic Dao imprint! The Black Lotus of world destruction!"

"die!" Chen Xiaobei shouted and took out the demonic mark.

Originally, the demonic Mark's special ability would only be activated when Chen Xiaobei was facing death.

...

But now, Chen Xiaobei was the Lord of the demonic realm. The demonic mark and the Black Lotus of destructions had both acknowledged him. So, the demonic Mark's special ability could be used at any time according to Chen Xiaobei's will!

"Whoosh ..."

In an instant, a huge grade-twelve Black Lotus of destruction appeared.

The nine Star Pearl Dharma of the demonic Dao surrounded the twelfth-grade Black Lotus of destructions.

In an instant, it turned into a terrifying barrier and directly blocked the exit of the cave?

"huh?!"

The Azure armored divine edge Wolf was very cautious and stopped not far away.

"What's the situation? Someone sneaked in!"

The gazes of Emperor ning and the others naturally gathered on him at the first moment.

However, they could not detect Chen Xiaobei's purple Qi at all. Even after looking at it for a long time, they could not find anything.

Emperor ning's face darkened and he immediately ordered the gray-armored divine edge Wolf to charge at the twelfth-grade Black Lotus of destruction.

...

"Roar!"

The gray-armored divine edge Wolf howled and its body exploded with golden and black mixed primordial chaos Divine splendor. It charged forward with the power of a peak true Saint.

“BOOM!”

In the next moment, the Azure armored divine edge Wolf crashed into the grade-twelve Black Lotus of destruction!

Red Envelope Group of the Three Realms

Chapter 4005: Peak Confrontation!

“Whoosh ...”

The Azure armored divine edge Wolf was at the peak true sage level and so was the Black Lotus of destruction.

logically speaking, a collision between the two should have resulted in a terrifying impact that could blow up the entire cave and even tear the ancient mountain range apart.

However, it was very strange ...

The Azure armored divine edge Wolf crashed into the black Lotus of destructions, but not a single shockwave spread.

It was as if the Black Lotus of destructions had absorbed all the power of the Azure armored divine edge Wolf.

“What’s going on? What was that Black Lotus? It’s so strange ...”

Gumoko was dumbfounded and could not understand.

“Not good! Quickly Dodge!”

Zhao Helong reacted quickly and immediately warned, “The demonic Qi that the Black Lotus released is a special ability! It shouldn’t be as simple as just absorbing power!”

Obviously, Zhao Helong was very smart. He had indeed seen through the mystery.

The special ability of the demonic mark was to absorb the enemy’s attack, strengthen it by 30%, and then send it back.

“Boom boom boom ...”

As soon as Zhao Helong finished speaking, the Black Lotus of destructions launched a counterattack.

With a loud bang, a black shock wave suddenly blasted toward the Azure armored divine edge Wolf like a Black Dragon emerging from the sea.

The power of the shock wave was 30% stronger than the power of the Azure armored sacred edge Wolf, which was enough to crush the wolf.

“BOOM!”

As expected, due to the close distance and the overwhelming speed and power, the Azure-armored divine edge Wolf had no time to Dodge and was hit by the attack.

“Pfft ...”

After spitting out a mouthful of blood, the Azure-armored divine edge Wolf was sent flying.

The tremendous force crashed into the surrounding mirror-like smooth walls, causing the entire mountain to shake violently.

However, this mirror-like wall was engraved with a mysterious array, so it only shook a little and did not cause the cave to collapse.

“Uh ... Uh ...”

After falling to the ground, the Azure armored divine edge Wolf’s body had a terrible wound. Blood flowed out like water. It wailed in pain and couldn’t even stand up.

“Swish!”

In the next moment, Emperor ning turned into a shadow and came to the front of the Azure-armored divine edge Wolf. He stared at the Black Lotus of destructions and asked solemnly, “Who has come? Please show yourself! What kind of hero is he if he hides his head and shows his tail?”

“Swish!”

At the same time, Chen Xiaobei released his physical body from the Meru space.

The avatar returned to its original body and stood proudly on the Lotus platform of the grade 12 black Lotus of destruction.

“It’s you!”

Zhao Helong immediately recognized Chen Xiaobei and said, “Your Excellency Emperor ning, one of the two ants I saw outside the mountain just now was this kid!”

“Detestable!”

Gumoko bared his teeth and glared at him, “Brother Zhao! You’ve made a f * cking mistake! How can an ant be so powerful?”

It was obvious that gumoko was a simple-minded person, speaking out whatever came to his mind.

He seemed to have forgotten that the person who called Chen Xiaobei and Daoist Wen ants was not Zhao Helong, but Emperor ning.

In this way, gumoke’s words had become an invisible slap on Emperor ning’s face, a resounding slap!

“Shut up! Idiot!”

” shut up! ” Emperor ning shouted angrily, scaring gumoke into shutting his mouth. He had an innocent expression on his face, not knowing why he was being scolded.

Emperor ning turned to Chen Xiaobei, his eyes and expression full of disdain. " " in my eyes, you are still a pitiful ant. This fact will not change because of the Black Lotus! "

Although the grade-twelve Black Lotus of destruction was powerful, it was not the best among peak true sages.

But right now, Emperor ning was not afraid of the Black Lotus of destructions, so he still regarded Chen Xiaobei as an ant.

"Lord Emperor ning is so domineering!"

" this little ant thinks that he can stand shoulder to shoulder with Emperor ning just because he has a peak-grade sacred artifact. He's daydreaming! He's extremely stupid! " Zhao Helong quickly flattered.

Gumoke had just been scolded, so he naturally had to make up for it. " "Well said! Emperor ning's abilities were top notch even among peak true sages! This little ant can't even compare to a single strand of hair on His Excellency Emperor ning's leg!"

"Shut up!"

The ning Emperor glared at gumoke.

I'm the ning Emperor! How could the perfect prince Charming have leg hair?

"Ant! You have three seconds to give me a reason not to kill you! Otherwise, you'll die without an intact corpse after three seconds!"

Emperor ning looked at Chen Xiaobei coldly, still maintaining his extreme arrogance.

At the same time, Daoist Wen was hiding in the dark. He was so excited that he could not wait to see how ugly Chen Xiaobei's death would be in three seconds.

One had to know that the special abilities of the netherworld Dao mark and the devil Dao mark had already been used, and they could only be used again the next day.

The Golden Lotus of merit and the green Lotus of Samsara could not be of any use even if he found the corresponding imprints.

As for the people Dao mark, because the heaven punishing Purple Lotus was only grade one, its special ability was far from the peak true sage level.

Under such circumstances, Chen Xiaobei would not be able to fight against Emperor ning.

...

That was why Daoist Wen was so excited. If not for the fact that he was afraid of being exposed, he would have laughed at Chen Xiaobei for being an idiot! He didn't know the immensity of heaven and earth! You don't pick a day to die!

"Three seconds have passed! Hand over your life!"

Emperor ning wasn't joking. A golden-red mixed primordial chaos Holy splendor burst out of his body. He was like a god incarnated from the sun. The Holy brilliance bloomed and filled the entire space!

“BOOM!”

The next moment, a strong wave of celestial core power was directed at Chen Xiaobei!

Judging from the Saint Qi fluctuations, Emperor ning’s strength was about 50% stronger than the Azure-armored divine edge Wolf.

No wonder Emperor ning wasn’t afraid of the Black Lotus of destructions. He was powerful enough.

In the face of such power, no one thought that Chen Xiaobei would survive.

The ning Emperor’s eyes were filled with disdain.

Zhao Helong and gumoko were already prepared to flatter him.

The thirty-one people accompanying him were full of admiration and respect, treating Emperor ning as their idol.

...

Daoist Wen, on the other hand, was overjoyed. He was ready to turn around and escape the cave, running into the arms of freedom.

But!

In the next moment!

A scene that no one could have imagined appeared!

“Nine sacred ancestor transformations! Open the primal Chaos!”

” let’s go! ” Chen Xiaobei shouted, and the powerful special ability hidden in his blood burst out.

[ding Yingying’s cultivation: pinnacle true sage. Lifespan: 51053 trillion years! [physical constitution: xxxxxx!] [combat power: XXXXX!] [primordial spirit attack: sacred level!]

In an instant, 10000 trillion years of his lifespan had been consumed!

Chen Xiaobei broke through the chaos and stepped into the peak of the true divine realm!

His entire body erupted with a round, blood-colored holy light, and his strength was no weaker than Emperor ning’s!

A peak confrontation! It was activated with a single touch!

[Red Envelope Group of the Three Realms](#)

Chapter 4006: Trump Cards All Out!

” is ... Is ... Is this the special ability of the bloodline! ”

Seeing this, everyone, including Emperor ning, was dumbfounded.

He was only a peak-stage pre-Saint, but he was able to break through nine levels with his bloodline and become a peak-stage true Saint.

If they didn't see it with their own eyes, they wouldn't have believed it.

" Oh my God ... He ... How could he hide such a special ability?! "

Daoist Wen's eyes were as wide as a bull's, and his heart couldn't help but tremble.

He had thought that Chen Xiaobei would die in the battle with Emperor ning. He did not expect Chen Xiaobei to have a hidden move.

All of a sudden, Daoist Wen felt a chill down his spine.

Fortunately, he was only mocking Chen Xiaobei in his heart. If he had said it out loud, Daoist Wen would probably be dead.

"Little brat! You're not bad! No wonder you dared to challenge me, you actually hid such a tyrannical strength! Now, you are qualified to be my opponent!"

The ning Emperor squinted his eyes, his face full of pride.

At the same time, the primordial chaos holy light on his body became even more intense.

He had been looking down on Chen Xiaobei earlier, but now, he was going all out.

"Woof!"

At the same time, Chen Xiaobei's body had already exploded with a purple-gold and blood-red mixed primordial chaos holy light that was even more dazzling than the sun. He charged towards Emperor ning.

Clearly, although the nine ancestral transformations was powerful, it did not last long.

Chen Xiaobei could only maintain the false state of a pinnacle true divine for ten seconds.

Therefore, he did not even waste a single word and immediately launched his strongest attack. He had to end this battle as soon as possible. Otherwise, the consumption of 10000 trillion years of his lifespan would be wasted.

"Ancestral Saint, universe-shattering!"

Chen Xiaobei was so fast that he was already in front of Emperor ning in an instant. Then, he burned his lifespan again to boost his attack.

Obviously, Emperor ning's primordial chaos holy light was very powerful. His power was almost 50% stronger than that of the Azure-armored divine edge Wolf.

Therefore, it was impossible for Chen Xiaobei to win with normal attacks.

"Boom boom boom ..."

In an instant, Chen Xiaobei's lifespan was burned up by another 100 trillion years, activating the power of the shattering heaven and earth.

This way, on top of Chen Xiaobei's self-generating primordial divine splendor, he had also added another layer of explosive power to his attack.

Chen Xiaobei's punch was so powerful that it seemed to be able to tear apart the laws of time and space! Even the mirror-like walls around them had tiny cracks!

" how ... How is this possible?! "

Even someone as strong as Emperor ning could not believe what he was seeing.

He did not expect Chen Xiaobei to come at him without saying a word. And his killing power was obviously stronger than his.

If they were to fight face to face, Emperor ning might not be able to take one of Chen Xiaobei's attacks. Even if he could not defeat Chen Xiaobei in one hit, he would be severely injured.

"So ... So terrifying ..."

In the surroundings, Zhao Helong, gumoko, and the others were all dumbfounded.

With their cultivation, they could not see Chen Xiaobei's movements clearly. All they could see was a blood-red and purple-gold spiritual light flashing by. It was so fast that it was even faster than their most admired Emperor ning.

"Woof!"

Of course, the ning Emperor was not to be trifled with.

Seeing that the primordial chaos Divine splendor was at a disadvantage, he simply took out his trump card.

It was a long-hilt battle saber with nine golden dragons carved on it. It was very powerful and domineering. It was a pinnacle true divine rank weapon. Its power was terrifying. Combined with Emperor ning's mixed-essence divine splendor, it was able to surpass Chen Xiaobei.

" Nine Dragons sky slash!!! "

Emperor ning suddenly roared, holding the hilt with both hands, and suddenly slashed forward.

"Shua shua shua ..."

" he's so strong ... It looks like Chen Xiaobei will still lose ... "

At this moment, only Daoist Wen's cultivation could see the change in the battle.

He could feel that Emperor ning's combined power with the nine Dragon Golden Saber was stronger than Chen Xiaobei's.

One slash was enough to suppress Chen Xiaobei, and after a few rounds, he could defeat Chen Xiaobei.

"Ancestral Saint, swallow the four Seas!"

However, at this critical moment, Chen Xiaobei used a new killing move.

Another 100 trillion years of his lifespan had been exhausted.

Chen Xiaobei took a deep breath.

In the next moment, everyone present was so shocked that their pupils shrank and their scalps went numb. Some of them even had their views shattered and started to doubt their lives.

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei then swallowed the nine terrifying Golden Dragon Daggers.

“Holy ancestor, heaven-defying!”

Chen Xiaobei growled again.

Another 10 billion years of his lifespan had been exhausted.

...

In an instant, the nine Golden Dragon Daggers were turned into Chen Xiaobei’s power and added to Chen Xiaobei’s attack.

Not only did Chen Xiaobei manage to nullify his opponent’s attack, but he also managed to increase his own power by a lot.

“BOOM!”

Chen Xiaobei’s attack was already right in front of Emperor ning.

“Shit ...”

The ning Emperor gasped. He had never seen an enemy like Chen Xiaobei.

He was not prepared for Chen Xiaobei’s attack at all. After his attack was devoured by Chen Xiaobei, he was completely defenseless.

“Pfft ...”

With a loud explosion, Chen Xiaobei’s heaven-crushing and heaven-defying punches landed on Emperor ning.

The terrifying power made Emperor ning feel as if he had been struck by lightning. His entire body exploded, his bones shattered, his internal organs burst, and blood gushed out from his broken skin.

The most terrifying thing was that a huge bloody hole had been blasted into his chest. His heart and lungs were blown to pieces, and even his back exploded, sending blood and flesh flying for more than ten meters!

...

“Boom boom boom ...”

At the same time, just the aftershock of the impact caused the entire space to tremble madly.

Even the mirror-like walls and floors were shattered. It was as if the entire mountain was about to collapse.

Seeing this scene, Daoist Wen and all the people around him shrieked in horror. It was countless times more horrifying than seeing a ghost.

They all thought that Chen Xiaobei would lose.

He did not expect that Chen Xiaobei would defeat Emperor ning in one move.

This was simply unimaginable to the extreme!

“Swish!”

However, Emperor ning was a peak true Saint after all. Although his physical body was crippled and his primordial spirit was seriously injured, he was not killed instantly. His primordial spirit left his physical body and escaped quickly.

In the blink of an eye, he had reached the side of the Azure armored sacred edge Wolf.

Red Envelope Group of the Three Realms

Chapter 4007: Facing The Holy Peak!

“You little brat! You’re ruthless! I’ve fallen into your hands today!”

Emperor ning ran to the pale armored divine edge Wolf’s side and said, “However, don’t think that you are the final winner! My Azure armored Holy edge Wolf can also use its three pupil Holy edge ability!”

As soon as he said that, all the people in the surroundings who were extremely shocked regained their senses!

Just as Emperor ning had said, as long as the Azure-armored divine edge Wolf was still around, he would not be defeated!

After all, the three-eyed sacred edge Wolf’s special ability was said to be invincible under the Saint King realm!

Zhao Helong, gumoke, and the rest all gathered around the Azure armored divine edge Wolf.

Clearly, this was their final King’s explosion!

In their eyes, as long as the Azure armored divine edge Wolf was here, the final victory would still belong to them!

Daoist Wen quietly moved out of the cave, trying to take the opportunity to escape.

It was obvious that Daoist Wen was very afraid of the special ability of the three-eyed Saint Sword! If it really reached the level of invincibility under the Saint King realm, the aftershock alone would be enough to kill Daoist Wen!

“Whoosh ...”

At the same time, ten seconds had passed and Chen Xiaobei’s pseudo-realm disappeared, returning to its original state.

However, Chen Xiaobei did not seem to be afraid, nor did he have any intention of retreating.

“Little brat! Are you not afraid of death?”

Emperor ning’s primordial spirit was already very weak, but his tone was extremely domineering, and he even threatened arrogantly, ” “It wasn’t easy for me to raise the Azure armored divine edge Wolf, and I don’t want to fight you to the death! If you get out of my sight now, I can spare your life! Otherwise, with a single order from me, you will die together with the Azure armored sacred edge Wolf!”

It was obvious that the three-eyed Saint Sword consumed a lot of spiritual power, which was beyond the limit of a peak true Saint.

Moreover, the Azure armored divine edge Wolf was injured. Once it used the three-eyed divine edge, its spiritual power would be completely overdrawn, and its primordial spirit would be exhausted.

However, if Chen Xiaobei refused to cooperate, then Emperor ning would not mind burning both Jade and stone. After all, if the Azure armored divine fangwolf was gone, they could always raise it again. If Chen Xiaobei did not leave, he would definitely threaten Emperor ning’s life.

The ning Emperor had calculated this very clearly, so he was definitely not joking! If Chen Xiaobei did not leave, he would definitely use the Azure armored divine edge Wolf’s life in exchange for Chen Xiaobei’s!

“Come on! I’d like to see just how powerful your ability that’s invincible below Saint King is.”

However, Chen Xiaobei had no intention of retreating.

This was because Chen Xiaobei knew very well that he had to get rid of the roots before he could do anything.

Emperor ning was powerful and must have a deep foundation. He might have a series of forces in the otherworldly Saint realm behind him.

If Chen Xiaobei did not get rid of Emperor ning today, he would be in trouble in the future. He might even be in danger of his life.

So, for the sake of his future peace, Chen Xiaobei would not leave so easily.

Furthermore, Emperor ning was extremely ambitious and had already planned to massacre several main cities! If Chen Xiaobei let him go today, he would have to Pay Chen Xiaobei half of this debt of sin, no matter how many people died in vain in the future.

“You little brat! Are you really not afraid of death?”

Emperor ning’s primordial Spirit’s expression was twisted. He looked at Chen Xiaobei as if he was crazy.

At the same time, everyone looked at Chen Xiaobei in the same way, full of disbelief and surprise.

There were actually people in this world who were tired of living? He had to court death with his own little life!

” don’t tell me ... God Chen really has the power of a Saint King? ”

In the distance, Daoist Wen was completely dumbfounded.

He had already planned to escape, but seeing that Chen Xiaobei was not going to run, he did not dare to.

If Chen Xiaobei won, he could use the Hellfire blood spring to kill Wen Daoist's primordial spirit.

At this moment, Daoist Wen didn't dare to escape.

He could feel that Chen Xiaobei was full of confidence, just like when he defeated Emperor ning.

This self-confidence was not feigned, but an extremely powerful confidence.

"No... That's impossible ..."

But soon, Daoist Wen shook his head heavily. "If God Chen has the power of a Saint King, why would I still come to the heavenly Saint realm? Wouldn't it be more direct to challenge Hongjun?"

Obviously, Daoist Wen's guess was contradictory.

On one hand, he could see Chen Xiaobei's confidence, but on the other hand, he could not believe that Chen Xiaobei had the power of a Holy King.

So, how was Chen Xiaobei going to get out of this?

Daoist Wen couldn't understand.

"Since you're looking for death, I'll fulfill your wish!"

On the other hand, Emperor ning had lost his patience. He did not expect Chen Xiaobei to be so stubborn that he was not afraid of death.

Since that was the case, the ning Emperor did not intend to waste any more time. He immediately roared, "The pallid sacred edge Wolf! As your master, I order you to kill that kid with the three-eyed Saint Sword! I won't give him a chance to breathe!"

"Wu ... Wuwu!!!"

The Azure armored divine edge Wolf let out a desolate and helpless wail.

Obviously, it knew that once it made a move, it would only die.

However, out of its 100% loyalty to its master, it could not disobey Emperor ning's orders even if it died.

"Boom boom boom ..."

With a terrifying energy fluctuation, the eyes of the Azure-armored sacred edge Wolf suddenly bloomed with spiritual light.

"Whoosh ..."

Then, three black balls made of golden patterns appeared in the light.

...

"Swish!"

In the next moment, the three black balls started to spin rapidly, releasing a sharp black light. It was like the Qi of a sword, sharp and unparalleled, cutting everything!

At the same time, the three black balls released an extremely strange and soul-stirring aura!

It was just like the legendary eye technique, which had an extremely demonic effect!

” huh?! ”

Suddenly, Chen Xiaobei’s eyes froze. He could clearly feel a strange power entering his body from the corner of his eye.

This power instantly sealed Chen Xiaobei’s physical body, Dharmakaya, and even his primordial spirit.

Obviously, this was the core of the three-eyed Saint Sword. It used eye techniques to seal the enemy. It could be determined that no one below the Saint King realm could break through the seal!

“Shua shua shua ...”

At the same time, the black wind blade that could cut through anything below the Saint King level was coming for Chen Xiaobei as the three black balls spun.

Like a meat grinder, Chen Xiaobei’s body would be crushed into a million pieces in the blink of an eye.

...

“You little brat! This is what you get for seeking death! Go to hell!”

Emperor Ning let out a ferocious roar, and his enemies’ faces were filled with bloodthirsty and brutal expressions.

In their eyes, Chen Xiaobei was already a dead man.

However, at this moment ...

Daoist Wen, however, revealed an extremely shocked expression. I ... I think I know how you’re going to break out of this! he exclaimed.

[Red Envelope Group of the Three Realms](#)

Chapter 4008: Dangerous?

It was a matter of life and death.

At that moment, almost all the enemies believed that Chen Xiaobei was dead.

After all, the Azure-armored divine edge Wolf had used its life as the price to activate a special ability that had already reached the level of a Saint King.

Moreover, Chen Xiaobei had already been hit!

Unless he had the power of a Saint King, he would be dead.

“Swish!”

Suddenly, a golden-red battle axe appeared in Chen Xiaobei’s palm.

All of a sudden, it burst out with a sun-like, strong, and domineering Hunyuan sacred light.

” how ... How is this possible?! ”

seeing this, all the enemies were stunned, their pupils constricting and their eyes trembling.

“That kid’s power has been sealed by the three-eyed Saint Sword. How can he still use the battleaxe? This is impossible! This is impossible!”

To the enemies, Chen Xiaobei had been hit. Not only his physical strength and celestial core, but even his primordial spirit had been completely sealed. He could not even release a trace of spiritual Qi. There was no way he could use his magical treasure.

“As expected!”

“God Chen, you did use Saint Pan’s Dao devouring axe to break the stalemate!”

The enemies didn’t know the true nature of the axe.

However, Daoist Wen knew that the origin of the axe was a clone of its true spirit.

The true body of the Saint pan axe had reached the level of a chaotic Supreme.

Even if it was just a true spirit clone, it would probably be at the primal Chaos heavenly venerate level, which was the same quality as the heavenly Dao.

Back in Fengyan city, the Saint devouring Dao axe had broken through the Saint King grade array guarding the Saint veins and extracted a large amount of Saint Origin Energy.

That was why the governor, Jiu e, mistook Chen Xiaobei for a Holy King who had been hiding his true power!

And at this moment!

The Saint devouring Dao axe could also ignore the abilities of Saint Kings!

Although Chen Xiaobei’s spiritual Qi was sealed by the three-eyed divine edge, the Saint devouring Axe’s spiritual Qi was still there.

It was the spiritual Qi of the Saint devouring axe that had broken through the three-eyed divine Edge’s special ability. Therefore, it still maintained its spiritual connection with Chen Xiaobei, which allowed him to summon and control the axe!

“Woof!”

In the next moment, the Golden battle axe suddenly slashed forward. It did not activate any power. It was a simple and direct strike, and it chopped at the black blade!

If the black blade had the power of a Saint King, then the pan Sheng Dao devouring axe would have been defeated and Chen Xiaobei would have died!

However, at this moment, this black blade was just a special ability!

“Swish ...”

As the axe came down, the black blade was cut in half. The three black balls cracked and the Golden pattern broke. They completely collapsed!

Who dared to think about it!

A Saint King level ability!

It was broken by Chen Xiaobei's axe!

Terrifying! Shocking! It was unimaginable to the extreme!

" my God ... This ... This, this, this ... This can't be an illusion, right???"

Emperor ning and the others were all dumbfounded. Their scalps were numb, and cold sweat poured down like raindrops. They were so scared that they almost peed themselves.

Just a moment ago, they had thought that Chen Xiaobei was dead, and had even treated him as a corpse.

However, at this moment, even if they had a hundred million brains, they would never be able to figure out what was going on.

The strong reversal of the ending had a huge impact on their hearts. It was like a loud slap that made them confused and doubt their lives.

"God Chen, you're so domineering! God Chen, you're awesome! God Chen, you're invincible!"

At the same time, Daoist Wen began to flatter him crazily.

He had thought that Chen Xiaobei would lose and was ready to run away on his own.

However, at this moment, even if he had 100 million guts, he would not dare to escape. He would not even dare to think about escaping.

Because Chen Xiaobei had won!

If Daoist Wen dared to run, Chen Xiaobei could kill him with a single thought!

"Whoosh ..."

At the same time, the seal on Chen Xiaobei's ability was removed.

Holding the Saint devouring axe, Chen Xiaobei walked toward Emperor ning and the others. "If you don't want to die, destroy your own cultivation immediately! If you want to die, take a step forward!"

At this moment, Emperor ning was already heavily injured and unable to continue fighting! The gray-armored divine edge Wolf's spiritual energy was exhausted, and it was dead!

There was not a single person on the enemy's side who could fight!

Looking at Chen Xiaobei, who was glaring at them like a tiger, everyone was terrified!

" don't kill me ... Don't kill me ... We're willing to destroy our cultivation ... "

The 30 quasi-Saints could not withstand Chen Xiaobei's pressure and they did not want to lose their lives, so they quickly gave in.

After the 30 of them destroyed their cultivation, Chen Xiaobei took over their Sumeru space and sealed them into the space within the beixuan Saint-sealing painting.

...

In the end, only the primordial spirit of Emperor ning, Zhao Helong, and gumoke were left.

At this moment, Emperor ning's expression was full of sorrow and worry. He no longer had the arrogance and arrogance he had at the beginning.

Zhao Helong's eyes were rolling. This guy's intelligence was not low. He must be planning his way out.

Gumoko was a boorish man. He furrowed his brows and gritted his teeth, ready to fight Chen Xiaobei to the death.

"It seems that the three of you want to die, right?"

Chen Xiaobei did not have much patience. This battle had caused a huge commotion, and it would not be long before other forces came to investigate.

Chen Xiaobei wanted to end the battle as soon as possible so that he could escape.

" you have the sacred axe in your hands ... I'm convinced of my defeat! "

The ning Emperor's attitude was much better, but he had no intention of submitting. "However, I can not accept your request! In this world, without cultivation, you are just like trash, and there is no meaning in living!"

"Mm, if you want to die, I'll fulfill your wish!" Chen Xiaobei did not want to waste any more time. He gathered his celestial core power and was about to attack.

"Wait! You'll regret it if you kill me!"

...

"I'm ning Zhiyuan!" Emperor ning's eyes narrowed as he threatened. The number one clan in the southern region, the ning clan, had three Saint Kings! There were over ten thousand true sages! If you kill me, you'll die even if you run to the ends of the earth!"

"So, are you threatening me?" Chen said coldly.

"That's right! This is a threat!"

"In this world, one's Foundation is more important than one's strength!" Emperor ning said solemnly. Although I can't win against you! However, the ning clan has been around for a trillion years! The strong are like a forest, the connections are strong, the resources are even richer ... Uh ..."

Before he could finish his sentence, Emperor ning's primordial spirit suddenly let out a mournful wail.

"You're too noisy!"

Chen Xiaobei did not want to waste any more time on him. Instead, he turned around and struck Emperor ning's injured primordial spirit with his axe.

"This ... This, this, this ..."

Zhao Helong and gumoke were both dumbfounded by the scene before them.

[Red Envelope Group of the Three Realms](#)

Chapter 4009: Devoured By The Azure-Armored Sacred Edge Wolf!

It was obvious that Zhao Helong and gumoke were well aware of the strength of the ning clan in the southern region.

They had thought that Chen Xiaobei would not kill them after ning Zhiyuan revealed his identity.

He did not expect Chen Xiaobei to destroy him before he could finish his sentence!

How insolent was this! Overbearing! He was supercilious!

He didn't put the ning family in his eyes at all!

For a moment, Zhao Helong and gumoke felt as if their world view had crumbled. The shock they felt was indescribable.

"What do you two think? Should he destroy his own cultivation? Or are you the same as your master? I'll sacrifice my life to my sacred axe!"

Chen Xiaobei's eyes were cold, and his tone was murderous. His aura was enough to intimidate people.

As soon as these words were spoken, Zhao Helong and gumoke's expressions immediately changed.

Earlier, Zhao Helong was still trying to figure out a way out, and gumoke was still trying to fight Chen Xiaobei. That was because they both thought that there was still a chance.

However, even Emperor ning had been killed.

It was obvious that the situation had reached a point where there was no turning back!

More importantly, they had both seen Chen Xiaobei kill Emperor ning. If they did not submit to him, Chen Xiaobei would definitely kill them!

"God Chen!"

Zhao Helong was quick-witted, and when he heard Daoist Wen address Chen Xiaobei as such, he also learned to address Chen Xiaobei as God Chen.

"From today on, I, Zhao Helong, am willing to be your slave! Please don't cripple my cultivation!"

Of course, Zhao Helong knew that saying that would not help. He had to prove that he was useful to Chen Xiaobei in order to convince him.

"I know the location of one of the ancient Sage secret grounds!"

"I can take you there as long as you don't let me destroy my own cultivation!" Zhao Helong said. Besides, I know many other secrets. I can even help you avoid the ning family's pursuit!"

Chen Xiaobei's killing intent was slightly reduced.

Indeed, Zhao Helong had shown his worth and successfully moved Chen Xiaobei!

The ancient Sage secret dimension!

When ning Zhiyuan was alive, he had spent so much effort to nurture the pale armor divine edge Wolf in order to enter this secret realm to seek opportunities.

Now that ning Zhiyuan was dead, Chen Xiaobei would have to rely on Zhao Helong or gumoke to find out the location of the secret realm.

If Chen Xiaobei was really being hunted down, Zhao Helong would be of great help.

" yes, sure. I promise I won't cripple your cultivation! "

Chen Xiaobei nodded and agreed to Helong's request.

"Really?"

Zhao Helong could not believe that Chen Xiaobei was so easy to talk to.

He almost thought that he would end up like ning Zhiyuan, being killed by Chen Xiaobei before he could finish his sentence.

"Of course it's true!"

"But I will control your primordial spirit!" Chen Xiaobei said. If you dare to change your mind, I can kill you with a single thought!"

"What?"

Hearing this, Zhao Helong was shocked.

As expected, there was no such thing in the world.

The reason why Chen Xiaobei agreed so readily was because he already had a backup plan.

Chen Xiaobei's plan was to take the root of the problem, and Zhao Helong's life was in his hands. He would never be able to fly out of Chen Xiaobei's Five Finger Mountain.

"Whoosh ..."

Chen Xiaobei took out the celestial-grade sunlight cache and burned 100 years of his lifespan to allow himself to spend a day in the sunlight domain.

This way, the red karmic fire Lotus's special ability would be refreshed and could be used normally.

"Swish!"

Immediately after, the blood gushed into Zhao Helong's body and took control of his primordial spirit.

Throughout the entire process, Zhao Helong did not dare to resist.

After all, being controlled by the blood spring, at least he was still alive. If he dared to resist in the slightest, he would really die without an intact corpse.

At this point, Zhao Helong had become a half-loyal dog, just like Daoist Wen!

The so-called 'half-loyal dogs' meant that they might not be loyal to Chen Xiaobei, but in order to survive, their actions and behavior must be 100% loyal to Chen Xiaobei.

If they showed any signs of betrayal, Chen Xiaobei could destroy their primordial spirits with a single thought and completely remove them from the cycle of reincarnation.

"You're the only one left now!"

Chen Xiaobei looked at gumoko and said, " " if you don't want your cultivation to be destroyed, you can also be like Zhao Helong and let me control your primordial spirit. It's your choice! "

"I ..."

Gumoko's face was filled with anxiety. Although he had a carefree personality, he was definitely not stupid. " I don't want to become a good-for-nothing ... Please control my primordial spirit ... "

Obviously, he didn't want to die or be crippled.

The only thing they could do was to accept Chen Xiaobei's control and become an obedient, half-loyal dog.

Whoosh ... Whoosh ...

...

Chen Xiaobei used the celestial grade sunlight cache and the Red Lotus of Hellfire to conjure the third blood spring and control gumoko's primordial spirit.

This meant that Chen Xiaobei had gained an eight-star true Saint and a seven-star true Saint half-loyal Hound.

At the same time, Chen Xiaobei gathered everyone's Meru space.

He had collected 100 million Saint origin crystals. Chen Xiaobei did not hold back and let the Saint devouring axe consume them.

Therefore, at this moment, the Saint devouring Dao axe broke through another minor realm and reached the advanced three-star true sage realm.

In the end, Chen Xiaobei was only left with three holy items.

Among them, ning Zhiyuan's Nine Dragons sky sweeping saber was a peak Saint weapon. It still had the energy to activate its power once, so Chen Xiaobei kept it for now.

A peak Saint weapon was an important life-saving trump card. It was not only useful in the heavenly Saint realm, but it was also a first-class trump card in the heavenly Dao world!

Soon after, Zhao Helong's Fire Phoenix Feather fan had reached the level of an eight-star Saint. It contained the energy to activate its power twice.

As for gumoke's purple copper Coiling Dragon staff, which had reached the seven Star Saint level, it also contained the energy to activate its power twice.

It was not easy to collect energy, so Chen Xiaobei kept the two holy items.

...

He would wait until the energy within was exhausted before considering whether to devour it or use it elsewhere.

And finally ...

In this cave, there was still one thing that was not of a low level.

It was the corpse of the Azure armored divine edge Wolf.

One had to know that the bodies of demonic beasts were stronger than humans. They were born with extremely strong talent and could even condense the essence of heaven and earth to become treasures of the world.

The Qilin's corpse was the best example!

This Azure armored divine edge Wolf already had a sacred beast's soul. After the demonic change, its soul had further sublimated and transformed!

Its bones, fur, fat marrow, blood essence ... Every single one of them was a peak Saint level treasure!

Of course, Chen Xiaobei was not going to let him off so easily!

"Swish!"

With a thought, Chen Xiaobei used the Saint devouring axe to devour the body of the pale-armored divine edge Wolf!

What happened next was something that no one could have imagined!

Chapter 4010: Worship Of The Masses!

As the Saint devouring axe devoured the gray-armored sacred edge Wolf's body, the unique Saint axe underwent a strange change again.

The material of the battleaxe became like the armor of the palanquin sacred edge Wolf. It was like ancient meteorites, heavy, ancient, and exuding an ancient might!

At the same time, the back of the hatchet had teeth like Wolf's fangs, and at the tip of the blade, a cold glint like Wolf's claws appeared. It was filled with killing intent, demonic and evil!

However, this was not the most important thing!

The most important change on the Saint devouring Dao axe was that a strange pattern had appeared on both sides of its body!

The three black balls were connected by the strange golden patterns!

Furthermore, the pattern exuded a strong spirituality. With the Holy Light shining, the strange pattern seemed to be spinning slowly on the Saint devouring Dao axe. It was very mysterious!

“What ... What is going on?”

Everyone, including Chen Xiaobei, was dumbfounded by what they saw.

“God Chen! Your ... Your sacred axe is too magical ... It becomes meaningful after devouring something ... This is the first time I’ve seen it in my life! This is really eye-opening!”

Gumoke swallowed his saliva as his pupils contracted uncontrollably. He was clearly deeply shocked by the Saint devouring Dao axe.

“In my opinion! I’m afraid it’s not as simple as a change in appearance!”

Zhao Helong, who had a higher IQ, put forward his own idea, ” “God Chen! Quickly try it! Let’s see what has happened to your sacred axe.”

“Mm ...”

Chen Xiaobei nodded and immediately communicated with the Saint devouring Axe’s spirit to see if there were any changes to the Saint weapon.

Chen Xiaobei’s eyes widened in shock. It was even scarier than seeing a ghost.

“God Chen ... What ... What happened?”

Daoist Wen knew Chen Xiaobei very well.

Under normal circumstances, Chen Xiaobei would not be this surprised even if the sky was falling.

Chen Xiaobei looked as if he had just seen a ghost. The change in the Saint devouring axe was huge and shocking!

” the Saint devouring axe has inherited the powers of the three-eyed Saint blade! ”

Chen Xiaobei was so excited that he was about to explode.

“What!”

When he said that, the three people around him had the same shocked expression as Chen Xiaobei.

No! Their expressions were even more exaggerated than Chen Xiaobei’s!

Gu Moke, Zhao Helong, and Daoist Wen were all dumbfounded. Their eyes were as wide as a bull’s, and their mouths were so wide open that they could swallow their fists.

Inherit ability?

The Saint devouring Dao axe had actually inherited the unique ability of the gray-armored divine edge Wolf?

This was definitely something that the three of them had never seen or heard of before! It was simply unbelievable!

One had to know that the three-pupiled Saint blade was a Saint King's ability!

In order to nurture the gray armored divine edge Wolf, ning Zhiyuan had spent all his time in the past few decades! Energy! Resources! Heart blood!

Finally, the Azure armored divine edge Wolf condensed its three-eyed divine edge for the first time today!

One could only imagine how difficult it was to obtain this special ability!

And at this moment!

Chen Xiaobei had used the Saint devouring axe to directly inherit the three pupil holy sword's ability!

Not to mention how useful this skill was.

Just the amount of resources required to nurture this skill was an astronomical figure.

If Chen Xiaobei really inherited this skill, it would be the best of the best, the best of the best.

"I have completely inherited this ability ... But ..."

Chen Xiaobei's brows were furrowed, and the joy and joy slowly faded away. " " however, the level of this skill is too high. I don't have enough energy to activate it ... That's equivalent to not having ... "

Obviously, there was no free lunch in the sky.

Although Chen Xiaobei had obtained the three pupil Holy edge, it was extremely difficult for him to use it.

Under normal circumstances.

In order to activate the special ability of the three-eyed Saint Sword, one would need to burn up at least one Saint King level Saint Meridian!

Or, he could use the life of a peak true sage as the price and completely exhaust his mental energy to activate it!

Chen Xiaobei could not satisfy such a huge consumption of energy!

"God Chen! Don't worry!"

"From what I know, there will be a huge amount of resources in the ancient Sage secret dimension that we have discovered! If we're lucky, we might even find a Saint King level Saint vein!"

Chen Xiaobei let out a sigh of relief. " "If that's the case, that's great!"

To Chen Xiaobei, the three-eyed divine edge was like a super bomb.

Therefore, he did not need to use it too many times. Even if he could only use it once, it would be enough for Chen Xiaobei to solve most of the dead ends!

Once he had enough energy, Chen Xiaobei could return to the heavenly Dao world and challenge Taishang Laojun.

Then, Taishang Laojun would have no reason to lose. In order to survive, he would hand over the Grand Wizard Tian Wu and his body to Chen Xiaobei.

After that, Chen Xiaobei would be able to use the eastern Emperor Bell and the twelve ancestors of sorcery's corpses to prove his Dao. He would become a saint of the Saint pan clan like Pangu. In time, Chen Xiaobei would also have the power to challenge the heavenly Dao!

...

What he needed to do next was to accumulate as much energy as possible.

"Go! We will return to Fengyan city!"

Chen Xiaobei quickly left the cave.

Of course, Chen Xiaobei was smart enough to keep Zhao Helong and gumoke into the Sumeru space.

These two men were ning Zhiyuan's trusted aides. They could not let anyone see them with Chen Xiaobei. Otherwise, the ning family would soon find out that Chen Xiaobei was the murderer of ning Zhiyuan.

In the same way, Chen Xiaobei could not simply use the Holy weapons of ning Zhiyuan, Zhao Helong, and gumoko, or else the truth would be revealed.

Fengyan city!

By the time Chen Xiaobei and Daoist Wen returned, the governor Jiu e had already brought hundreds of thousands of people out of the city to welcome them.

"Senior! Did you succeed?"

Jiu E's eyes were filled with excitement, and his voice trembled slightly, " " there was a huge commotion at the Cang Gu mountain. Were you the one who took action? "

"Right!"

...

" yes! " Chen Xiaobei nodded. " I've killed the Azure armored divine edge Wolf. You can rest assured now! "

"That's great! That's great!"

Jiu e immediately knelt on the ground and shouted, " "This one thanks senior for your great kindness!"

At the same time, the hundreds of thousands of people behind him also knelt down and worshipped Chen Xiaobei. " "Thank you, senior ... Thank you, senior ..."

In the crowd, a pair of beautiful, Amethyst-like eyes were staring at Chen Xiaobei.
