

## Envelope 4011

### [Red Envelope Group of the Three Realms](#)

#### Chapter 4011: Discovered Dismembered Body!

The owner of those eyes was a very beautiful woman.

She looked like she was in her early twenties. Her hair was like a waterfall, her skin was as white as snow, and her facial features were as exquisite as a piece of art. Most importantly, her figure and temperament were also very, very good.

Furthermore, she was kneeling in the first row of the crowd, not far from the city Lord Jiu e.

Clearly, this beautiful girl was the daughter of the city Lord, Jiu e, the number one beauty of the Fengyan city, Jiu Ying.

At this moment, she was like a fangirl, looking at Chen Xiaobei with admiration and adoration.

It was as if Chen Xiaobei was her idol, her superhero.

Although there were more than 100000 people kneeling in front of him, for some reason, Chen Xiaobei saw jiuying immediately.

The two of them looked at each other for about three seconds.

Chen Xiaobei's state of mind was extremely stable. He did not have any other thoughts other than the fact that this girl was very beautiful.

However, this short three seconds of eye contact, to jiuying, felt like she had been looking back for ten thousand years! Chen Xiaobei was not only powerful, but also handsome! It was truly a case of a single glance lasting ten thousand years!

He didn't know where his love came from, but it was deep!

At that moment, jiuying's heart was moved, and her love for him became even stronger!

She knew that she had fallen in love with Chen Xiaobei, and she even had the thought of marrying only Chen Xiaobei.

Clearly, this was a very emotional and very innocent girl.

At this flower-like age, it was natural to have the most beautiful feelings.

However, only jiuying herself knew about this.

Chen Xiaobei and the people around him could not possibly know what she was thinking.

Chen Xiaobei, especially, only saw Jiu Ying as a pretty passerby. He would not have any other thoughts after a glance.

"City Master nine calamity! According to our agreement, I'm going to extract the Saint Origin Energy from you now! I'm in a hurry, so you can ask everyone to leave!" Chen Xiaobei said.

"It doesn't matter!"

Jiu e said, " just follow me. Let them kneel first. This is their heartfelt gratitude! "

After saying that, Jiu e stepped forward to lead the way.

Chen Xiaobei and Daoist Wen followed closely behind, flying towards the center of the city.

In the middle of the city was a huge city Lord's mansion.

In the center of the city Lord's mansion, there was a huge array altar.

One could see that there were a large number of mysterious and complicated runes on the altar. One could imagine that the level of this array must be very high.

"Whoosh ..."

When they arrived at the altar, Jiu e immediately used a secret technique to activate the array.

Soon, the runes on the formation started to flash like the stars in the sky.

It was obvious that this formation was the one that guarded the Saint veins of Fengyan city.

Without Jiu E's control, even a one star Saint King would not be able to enter.

"Chi ..."

Soon, a dark gray space gate appeared in the center of the altar.

"Senior! You can reach the core of the Holy Meridian if you enter from here! You can use the Saint Origin Energy inside as you wish, even if it's completely drained, it's fine!" Jiu e said.

Chen Xiaobei had met many more bad people than good people.

Chen Xiaobei was used to all of this.

At this moment.

Jiu e kept his promise, and he was very forthright and generous. He was not shy at all, and he did not have the slightest reluctance or unwillingness.

One had to know that the thing he was offering was a Saint vein!

To the Fengyan city, this was the foundation of its life, the core of its wealth!

And Jiu e had given it to Chen Xiaobei as promised. How honest and trustworthy, how righteous!

"Don't worry, I will leave some Saint Qi for the people in the city, not all of it!"

Chen Xiaobei was such a person.

If others were to use force, he would be even more unyielding!

If others were disrespectful to him, he would smash their faces!

However, if someone were to respect him, he would at least return a foot, if not ten feet!

Jiu e had kept his promise and won Chen Xiaobei's favor and admiration. At the same time, Chen Xiaobei would also leave some of his Saint Qi to maintain the vitality of Fengyan city.

"Senior, please!"

Hearing Chen Xiaobei's words, Jiu e was overjoyed. She invited Chen Xiaobei into the portal.

"Whoosh ..."

After that, Chen Xiaobei and Daoist Wen walked through the portal!

The core of the Holy Meridian was probably hundreds of millions of meters underground. It would take a lot of time to escape underground.

However, Chen Xiaobei and Daoist Wen were teleported underground by the portal.

It was another huge underground cave.

...

In the center of the cave, the ground seemed to be covered with a layer of seven-colored jade! Flowing lights and vibrant colors, it was extremely magical!

Endless Saint Origin Energy was emitted from that position, and then spread out along the earth vein, spreading to every corner of Fengyan city!

" that ... That must be the core of the Saint veins ... What a dense amount of Saint Origin Energy ... And it's extremely pure! "

Daoist Wen's eyes were wide open, and he exclaimed repeatedly, even his body was trembling slightly.

Obviously, the Saint Origin Energy was the most important resource for a true Saint.

If a true divine used Saint Origin Energy to cultivate, the speed would be faster and the effect would be better! The Saint artifact was powered by Saint Origin Energy, so it could absorb and burn faster, and release its power more efficiently!

Furthermore, Saint Origin Energy had other uses, such as the ability to activate sacred objects!

For example, the five divine lotuses in Chen Xiaobei's hands could all be activated with the use of Saint Qi! Another example was the special ability of the three-eyed Saint blade, which could also be used by burning Saint Qi!

From this, one could see how important Saint Origin Energy was!

Daoist Wen was like a hungry wolf that had seen a fat sheep. He was so excited that he couldn't help but tremble.

However, he could only be excited for a moment.

...

This was because this Holy Meridian belonged to Chen Xiaobei! Without Chen Xiaobei's permission, Daoist Wen did not dare to absorb even a tiny bit of his Saint Qi!

Daoist Wen could only look but not touch. He felt like his heart was being scratched by countless kittens, which was really uncomfortable.

“Whoosh ...”

At the same time, Chen Xiaobei took out the Saint devouring axe and began to absorb the Saint Vital force.

The ancient mountain!

Due to the huge commotion just now, many onlookers had already gathered around!

Most of them were high-level true divines from the surrounding main cities. As they were afraid of the Azure armored divine edge Wolf, they rushed over to check if there was any movement!

Soon, they discovered that the Azure-armored divine edge Wolf had disappeared!

In the cave in the middle of the main peak, they found traces of a fight, as well as pieces of broken bodies!

this ... Whose corpse is this!? Some busybodies leaned over and began to study it carefully.

### Red Envelope Group of the Three Realms

#### **Chapter 4012: The Arrival Of The Green-Robed Primordial Spirit Lamp!**

“The corpses are all over the ground. Even the head was broken into more than a dozen pieces. It’s impossible to tell who the dead is ...”

“He’s already dead, does it still matter who he is?”

” of course it’s important. If any important figure dies, the Canggu mountain’s vicinity will be in for a disaster! ”

The crowd discussed animatedly. Their expressions were more or less filled with worry.

After all, they were in the heavenly Saint realm. Even if they were all true saints, they didn’t dare to be careless.

That was because there were too many existences that were more powerful than them in this macro world!

However, no one could tell the identity of these dismembered bodies.

He could only be worried and unable to let go.

” don’t worry, everyone. The corpse is already in such a state. Even if it’s a Big Shot, he won’t be able to tell! ”

“That’s not for sure! I’ve heard that some big families set up elemental spirit lamps for their members! This kind of magical artifact could sense the spirituality of its owner’s Saint Qi! As long as master is alive, no matter where he is, the original spirit lamp will continue to burn, but once master is dead, the original spirit lamp can’t sense the spirit of Saint Qi and will directly extinguish!”

“Right! I’ve also heard of it! The elemental spirit lamp could sense the place where the owner’s Saint Qi spirit had disappeared! It can lead the major forces to attack us at the first moment!”

As soon as he said that, everyone’s faces became even more nervous.

He was afraid that the broken body on the ground was a member of a big force and that there was an extinguished elemental spirit lamp in the family.

In that case, the thirteen cities around the ancient mountain range would not be at peace.

“Alright! Don’t scare yourself! Although the original spirit lamp exists, this kind of magic weapon can only be used by big forces with a strong foundation! Those people from the big forces would not come to a small place like ours!”

“Well said! Those powers are all located to the North of sacred Golden Mountain. They would not come to a remote and poor place like ours easily! Moreover, the powerhouses of the big forces can’t be killed so easily!”

After a simple analysis, everyone heaved a sigh of relief.

But!

At this moment!

An extremely terrifying Saint Origin Energy wave came from the entrance of the cave!

Almost everyone present was in the true Saint realm.

However, at this moment, all of them were shocked by the Saint Qi fluctuations, their pupils shrinking and their hearts turning cold as they almost screamed!

All of a sudden, everyone’s eyes turned to the entrance of the cave.

It was like a group of lowly commoners seeing the Supreme Emperor!

Without a word, all the true saints present knelt on the ground.

His head was pressed tightly against the ground, and he didn’t dare to raise his head. He didn’t even dare to breathe.

Fengyan city.

Chen Xiaobei was still devouring the Saint Qi.

The city Lord, Jiu e, had already led his men and started to set up the banquet.

The death of the Azure armored divine edge Wolf was a joyous event for the entire Fengyan city.

The banquet was extremely Grand, and the entire city Lord’s mansion was decorated with lanterns and colored lights, making it extremely lively.

Not only that.

Even the commoners on the streets were jubilant and excited.

Everyone brought out their food and wine and gathered together to talk about Chen Xiaobei. They were really grateful to the great saint king who had saved them from a disaster!

In the city Lord's mansion.

In the huge banquet hall, there were probably hundreds of banquet tables.

The city Lord Jiu e was busy working inside and outside.

Logically speaking, at his level, he didn't need to do everything by himself. Moreover, it wasn't worth it for him to set up such a banquet.

But out of gratitude and respect for Chen Xiaobei, Jiu e put down her position as the governor of the city and personally went down to the stage. She brought a group of servants and maids to carefully decorate the banquet hall, hoping to give the best performance.

Of course, Chen Xiaobei's seat of honor was taken by one person. No one else could interfere.

That's right, it was Jiu Ying!

This girl had really fallen for Chen Xiaobei. Even helping Chen Xiaobei to set up the table and chairs for the guests of honor made her feel very happy.

The utensils on the table were wiped again and again, and they were extremely bright. The arrangement of the tableware was also very particular. Every bit of it was adjusted more than ten times in order to be beautiful and convenient.

Throughout the entire process, Jiu Ying's face was filled with a sweet smile.

In addition, she was the most beautiful woman in hot wind city. She was so beautiful that she could cause the downfall of a city.

"Ying 'er! The setup here is almost done. Go to the Holy Meridian array and wait. After senior comes out, invite him to the banquet!"

Jiu e had a meaningful smile on her face. Apparently, she had already seen through her daughter's mind and deliberately created an opportunity for her to be alone with Chen Xiaobei.

Jiu e knew that her daughter was not worthy of Chen Xiaobei.

However, his daughter's first awakening of love should be allowed to give it a try. Even if there was no result in the end, it would at least be a good memory.

But, what if!

If Chen Xiaobei and his daughter were to have a happy ending, it would be a great thing for their ancestors.

"Alright, I'll go now!"

Nine Sakura pursed her lips, her heart beating fast as she left the banquet hall in anticipation and nervousness.

Looking at her beautiful figure in the distance, not only Jiu e, but many people in the banquet hall could not help but smile.

...

Jiuying was a good girl that everyone had watched grow up. She was kind, pure, and true to her nature.

Everyone hoped that jiuying would find a good home.

The Holy Meridian altar.

Her face was slightly red, her heart was beating fast, and her white hands were holding onto her dress. She was so nervous that she almost forgot her name.

This was the first time she had fallen for a boy, and she had no experience in this area.

She even had to think over and over again about what she should say to Chen Xiaobei when they met later.

“Whoosh ...”

However, at this moment, a figure shining with a green-gold holy light suddenly appeared in the sky above Fengyan city.

The figure was flying in the sky.

Jiuying could vaguely see that the person was wearing a long green robe. The robe was embroidered with nine lifelike golden dragons with Black Gold threads.

At the same time, the man had his left hand behind his back and his right hand in front of his chest. He was holding a Golden Dragon-shaped oil lamp.

...

However, the oil lamp was extinguished.

“Who is that person? The Saint Qi fluctuations were so terrifying! I can feel it even from so far away ...”

Jiuying felt that it was extremely strange, and at the same time, she also took half a piece.

She had never seen such a terrifying expert in her entire life.

“Shua shua shua ...”

Soon, dozens of figures flew into the air from the city Lord’s mansion.

Jiuying could tell that it was her father and all the core members of the family.

The dozens of people all knelt down in front of the man in the green robe, showing great respect.

Then, the green-robed man and Jiu e seemed to have exchanged a few words.

As they were too far away, jiuying did not hear clearly.

However, what happened next made Jiu Ying’s jaw drop and she almost collapsed!

## Red Envelope Group of the Three Realms

### **Chapter 4013: !! Disaster!**

“Swish!”

The man in the green robe slowly raised his hand and casually waved it.

Under the terrifying power, the bodies of the dozens of people were all burned into ashes, and their primordial spirits were all destroyed.

“Father!”

Jiuying could not believe her own eyes as she let out a cry of fear, pain, and despair.

One must know that his father, Jiu e, was the first to be killed among the dozens of people.

The rest of the people were all core members of the family, all of whom were blood-related to jiuying.

Moreover, these people were not only jiuying’s relatives, but also the pillars of the entire Fengyan city. They were the people of the city who could rely on them.

The man in the green robe had killed dozens of people with a wave of his hand. It was equivalent to destroying Jiu Ying’s entire family. At the same time, he had completely destroyed the pillar of Fengyan city. It was enough to cause the entire main city to fall into chaos and disaster!

However!

Jiu Ying would never have thought that killing those dozens of people was only the beginning!

Whoosh ... Boom ... Boom ... Boom ...

Then, the green-robed man continued to wave his palm.

Rays of green-gold primordial chaos Divine light crashed down like divine lightning from the heavens, blasting toward Fengyan city!

Countless houses were instantly crushed into ruins, the streets were torn apart, and the earth was shattered.

At the same time, countless commoners were also killed. Their bodies turned into ashes and their primordial spirits were completely destroyed.

“Why? Why did you destroy Fengyan city? Why did you kill innocent people?”

Jiuying had already completely broken down. Her eyes were red as tears fell like rain. Her body was frozen on the spot as she trembled, as if she had seen the most terrifying devil in the world.

“Boom boom boom ... Boom boom boom ...”

Violent rumbles reverberated through the entire city. Wherever the green-gold primordial chaos holy light passed, everything was turned into ruins. The people were all killed.

Screams and wails filled the air!

At this moment, the entire space had turned into an Asura arena of extreme despair!

Without a doubt, this was definitely a huge, insane, and inhumane disaster!

The degree of destruction was equivalent to an entire plane of the thirty-six levels of heaven being wiped out!

Jiuying was unable to accept such a cruel reality!

She had a mental breakdown and was frozen in place! As she looked at the green-gold holy light that was approaching, she could only wait for death!

“Whoosh ...”

Just then, Chen Xiaobei stepped out of the portal.

” what ... What the hell is going on?! ”

Chen Xiaobei was dumbfounded by what he saw.

“Senior!”

Jiuying was already in despair, resigned to her fate, and waited for death to come.

However, the moment she saw Chen Xiaobei, a surge of strength gushed out of her heart.

She did not know why, but at that moment, she just wanted to protect Chen Xiaobei.

“Swish!”

Jiuying used all her strength and pushed Chen Xiaobei back into the portal before he could react.

” what are you doing?! ”

Chen Xiaobei was confused, he did not know what was going on.

“Senior! You have to live well! Please don’t help us take revenge!”

At the last moment, jiuying spoke her first and last words to Chen Xiaobei in a desperate voice.

“Shua shua shua ...”

Immediately after, jiuying activated her secret technique and sealed the space gate.

Looking at the rapidly closing spatial gate, her beautiful face revealed a smile of experience and happiness.

“Boom boom boom ...”

In the next moment, the green-gold holy light crushed over.

Without a doubt, jiuying died, and the entire Holy Meridian altar was razed to the ground.

“Whoosh ...”

However, at the same time, a light yellow holy light barrier appeared under the altar, blocking the green-gold holy light.

It was obvious that this yellow barrier was the Saint King level formation that protected the Saint veins.

This array could only be opened or closed at the altar.

In order to prevent the enemy from discovering Chen Xiaobei, Jiuying stayed outside and used her life as the price to close the door.

This meant that the enemy would have to destroy the Holy King-level formation first, and then travel hundreds of millions of meters underground to find Chen Xiaobei.

" huh?! "

The green-robed man's gaze was attracted by the formation and he flew over.

...

His expression was extremely cold, as if what he had just killed were not trillions of innocent people, but a group of worthless ants. It was not enough to cause any fluctuations in his state of mind.

Moreover, apart from being cold, there was also a strong sense of arrogance.

Even though the array below had reached the Saint King level, he still didn't care about it. His eyes were filled with disdain as if he was looking at trash.

The green-robed man waved his hand!

A beam of green-gold holy light suddenly condensed into a green spear with nine golden dragons around it. It shot down.

Like thunder and meteorites, the impact created a terrifying shock and explosion. Even the sky and earth shook and changed colors. Time and space were torn apart.

"BOOM!"

In the next moment, the Saint King level array crumbled, unable to withstand a single blow!

From this, it could be seen that the green-robed man's strength was simply indescribably terrifying! Tyrannical! Overbearing! Absolutely crushing!

Obviously, having such strength was the basis of his cold and arrogant attitude!

One had to know that this was a one star Saint King grade formation. Although it wasn't of a high grade, the green-robed man's strength was definitely two minor realms or even one major realm higher to break it in one move!

...

Of course, strength was not the main point!

Jiuying's last words were for Chen Xiaobei not to seek revenge.

This was because Jiu Ying had already determined the identity of this green-robed man from his clothes, holy light, and strength.

This green-robed man's own strength was already extremely powerful, and the power behind him was even more terrifying to the extreme! Even if Chen Xiaobei was a true Holy King, he would still die if he tried to take revenge!

That's right!

This green-robed man was a member of the ning clan!

The ning clan was known as the number one clan in the southern region, and had three Saint Kings!

The man who appeared at this moment was called ning Tiancheng. He was only ranked third among the three Saint Kings of the ning clan!

If Chen Xiaobei were to seek revenge, he would have to face a terrifying enemy!

That was why even though jiuying had witnessed her family being killed and her people being slaughtered, even risking her own life, she still warned Chen Xiaobei not to seek revenge!

"Swish!"

The green-robed man, ning Tiancheng, glanced at the ruins below. After making sure that there were no more survivors, he turned around and flew away.

At the same time, hundreds of millions of meters underground.

Chen Xiaobei took out his earth escape Holy gourd and rushed to the ground.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4014: If I Don'T Take Revenge, I'M Not A Human!**

On the ground.

Chen Xiaobei and Daoist Wen were stunned.

"God Chen ... What ... What is going on? Fengyan city ... How did it turn into ruins?"

Daoist Wen's face was full of confusion, and he couldn't believe his eyes.

"I just came out of the portal. Before I could see what was going on, a woman pushed me back in ... At that time, 90% of Fengyan city was already destroyed ... " Chen Xiaobei gritted his teeth.

"A woman? Who is she?" Daoist Wen asked.

"I don't know who she is either ... " Chen Xiaobei shook his head and looked around. There was no body of the woman, not even a trace of blood.

After observing the surroundings, he saw that the situation was the same.

There were no corpses or bloodstains in the entire Fengyan city.

Under the attack of the Saint King level ning Tiancheng, everyone turned into ashes, leaving no trace.

“Although I don’t know who she is ... I know that she saved my life!”

Chen Xiaobei said, “ ” if she didn’t push me back, if she didn’t risk her life to stay on the altar and close the space gate, you and I would have died without a burial place! ”

” this ... ” Daoist Wen was stunned, and his expression changed drastically.

Indeed, although they did not know who the enemy was, but to be able to destroy Fengyan city in such a short period of time without any suspense, this enemy’s strength was definitely powerful to a terrifying degree!

If jiuying had not closed the portal, Chen Xiaobei and Daoist Wen would have been dead!

” then ... What should we do now?! ” Daoist Wen swallowed his saliva and asked, somewhat at a loss.

“Go back! Drain the Saint veins!” Chen Xiaobei said.

” draw ... Draw out all the Saint veins!? ” Daoist Wen was dumbfounded. Why was Chen Xiaobei still thinking about his Saint Qi?

Earlier, Chen Xiaobei had promised Jiu E that he would leave some of his Saint Qi to maintain the lives of the people in Fengyan city.

But now that Fengyan city had been destroyed and the people had been slaughtered, there was no point in keeping the Saint Qi. Chen Xiaobei had to make use of it.

Of course!

Before he returned to the Holy Meridian, Chen Xiaobei added, ” “After I empty the Saint veins, I only have one goal left! We must take revenge for the Fengyan city at all costs!”

Obviously, with Chen Xiaobei’s personality, he would not let this matter rest!

Since he had taken the Saint Origin Energy that he had promised to leave for the people of wind flame city, he would definitely do his best to avenge them!

At the same time, it was also to take revenge for the woman who had risked her life to save him!

Soon after.

Chen Xiaobei went deep into the Holy Meridian and used up all his Saint Qi.

At this point, the Saint devouring Dao axe had broken through many realms and reached the peak of a four-star true Saint. It was not far from becoming a five-star Saint weapon.

After returning to the surface.

Daoist Wen’s face was full of anxiety.

Obviously, he knew how terrifying the enemy was, and he really wanted to persuade Chen Xiaobei not to avenge Fengyan city!

However, Daoist Wen didn’t dare to!

From Chen Xiaobei's face, Daoist Wen could see a determination that he had never seen before! Daoist Wen didn't even dare to say a word in front of his unquestionable aura!

In fact, Daoist Wen's judgment was correct.

When Jiuying pushed Chen Xiaobei away, she had also warned him not to seek revenge.

Even if Chen Xiaobei was a real Holy King, he would not be a match for the nings, let alone a fake one.

If he insisted on taking revenge, he would definitely die!

Of course, Chen Xiaobei had heard and remembered the last part of Jiuying's sentence.

However, Chen Xiaobei had already decided that if he did not get his revenge, he would not be human!

Even if it was dangerous, even if he had to risk his life, Chen Xiaobei would not change his mind!

However, it was one thing to have a firm will.

How to take revenge was another matter.

Chen Xiaobei did not even know who his enemy was.

Naturally, Chen Xiaobei thought of Zhao Helong and Gumoko.

These two guys were born and raised in the heavenly Saint land. They more or less knew the situation here.

Then, Chen Xiaobei released the two of them from the Meru space.

"My God ... What ... What happened here? The entire main city was destroyed ..."

Gumoko's eyes were wide open, a look of disbelief on his face.

"If I'm not wrong, this should be Emperor Tian Sheng's handiwork ... I didn't expect him to find me so quickly ..."

Zhao Helong's eyes were squinted as he spoke with a trembling voice. They were filled with infinite fear of the so-called Emperor, Ning Tiancheng.

"Yes ..."

Zhao Helong gasped and quickly said, "Emperor Tian Sheng is called Ning Tian Cheng! He was one of the three Saint King level emperors of the Ning family! In terms of seniority, he's Ning Zhiyuan's great-grandfather!"

"How did he find this place?!" Chen Xiaobei asked.

"All the blood-related members of the Ning family have an original spirit lamp in the ancestral shrine. Once the original spirit lamp goes out, it proves that the corresponding member of the Ning family is dead!"

...

Zhao Helong analyzed, "I guess that ning Tiancheng must have known that ning Zhiyuan was going to the Cang Gu mountain. So, as soon as ning Zhiyuan's original spirit lamp went out, ning Tiancheng immediately rushed to the Cang Gu mountain!"

"The ancient mountain didn't leave any evidence! And how did he find the Fengyan city?" Chen Xiaobei asked.

"I ... I can't be sure about that ..."

"I'm guessing that it's because the Azure armored divine edge Wolf has disappeared, and the people in the surrounding cities all know that the Fengyan city wants to kill the Azure armored divine edge Wolf!" Zhao Helong said after some thought.

"That's why ning Tiancheng suspected that it was the people of Fengyan city who killed the Azure armored divine edge Wolf and ning Zhiyuan at the same time ... In the end, they vented their anger on the entire Fengyan city ..."

It was obvious that Zhao Helong was a very smart person. After a wave of analysis, he had almost completely restored the truth of the matter.

As he said, the person who had appeared in the cave of the ancient mountain was ning Tiancheng.

It was also the other city Lords who had leaked the news. The Lord of the blazing wind city, Jiu e, had contacted various forces many times to kill the Azure armored divine edge Wolf.

It was because of this that ning Tiancheng came over immediately.

Originally, ning Tiancheng had wanted to use the large-scale destruction of wind flame city to lure out the real murderer.

At that time, Chen Xiaobei was hundreds of millions of meters underground and had no idea what was happening above. Otherwise, with Chen Xiaobei's personality, he would have rushed out and fought with ning Tiancheng.

...

"Let's go! Take me to the ning clan's base!" Chen Xiaobei said.

"What ... What do you want to do?" Zhao Helong swallowed his saliva and asked in embarrassment.

"How ning Tiancheng destroyed Fengyan city, I'll destroy his ning family in the same way!" Chen Xiaobei's tone was cold, and he spoke with a pause after every word.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4015: The Stone Pagoda In The Mountain!**

Annihilate the ning clan?

Zhao Helong, Daoist Wen, and Gu Moke were all dumbfounded. They looked at Chen Xiaobei as if he was a lunatic.

"God Chen ... You ... You have to think twice ..."

Zhao Helong swallowed his saliva and said, "the power of the nings is definitely beyond your imagination!" In the eight hundred States of the southern region, the ning clan was the undisputable No. 1 Grand clan with unparalleled strength! Although you're not weak, to be fair, you really can't take revenge!"

Zhao Helong's life was in Chen Xiaobei's hands.

If Chen Xiaobei died, Zhao Helong would not be able to live either. So, at this critical moment, Zhao Helong took the risk of angering Chen Xiaobei and tried to persuade Chen Xiaobei to give up on revenge.

Although Chen Xiaobei was angry, his strong state of mind allowed him to remain calm at all times. "I'll go take a look at the ning clan's base first! After that, I will scheme, scheme, develop, and become stronger. One day, I will definitely be able to take my revenge!"

"this ..." when Zhao Helong heard this, he was immediately speechless.

He had thought that Chen Xiaobei's revenge was just a hot-headed decision to charge at the nings and kill them.

He did not expect Chen Xiaobei to be so calm. Not only did he not plan to start a war, but he also wanted to take root in the ning family's old nest, develop, and seek long-term planning to win in one strike!

Seeing Chen Xiaobei's shrewdness, Zhao Helong was relieved.

As long as Chen Xiaobei did not bring Zhao Helong to his death, everything would be fine!

"Alright! Since you have your own plans, I'll bring you to the ning clan's sacred city! We'll think twice before we act, and we'll definitely find a chance to succeed!"

After Zhao Helong finished speaking, he could not help but frown, " " however, Gu Moke and I were both once members of the ning family. Once we return, it is very likely that we will be recognized. At that time, it will be a disaster! "

"You guys don't have to worry about this!" Chen Xiaobei said.

After that, Chen Xiaobei made two human skin masks for Zhao Helong and gumoke to wear.

It had been a long time since he last made a human skin mask, but with the art Saint heart, Chen Xiaobei's skills were not rusty. In fact, he made the two masks even better. They were perfect!

After the two of them put on their masks, they were both extremely shocked. If they didn't speak, they wouldn't be able to recognize each other at all.

After that, the group of people headed towards the ning clan's sacred city.

The so-called southern region was actually the border of the southern region of the heavenly Saint realm.

According to the experts of some wealthy families, this remote area was a remote place in the heavenly Saint realm.

The ning clan was located in the northernmost part of the southern region, close to the center of the heavenly Saint realm.

The main cities there were more prosperous, had more resources, and higher level Holy meridians. They were better than other places in the southern region in all aspects.

The group headed north and arrived at sacred gold Mountain.

Originally, they would be able to enter the ning clan's territory, which was called the ning province, after crossing the sacred gold Mountain!

However, when they arrived at Mount sacred gold, Zhao Helong reminded Chen Xiaobei to stop for a while!

"God Chen! The ancient Sage secret dimension that I have mentioned to you before is right here on sacred gold Mountain! Do we need to go and investigate?"

Zhao Helong proposed his idea, " " you're extremely powerful. If you can open the secret realm and obtain the opportunities inside, the possibility of your revenge will greatly increase! "

" a secret realm ... " Chen Xiaobei frowned.

In fact, Zhao Helong did not know how powerful Chen Xiaobei was.

Zhao Helong had thought that Chen Xiaobei could defeat the gray-armored divine edge Wolf because he had the power of a Holy King. That was why Chen Xiaobei had the ability to open the secret realm.

But in fact, Chen Xiaobei only knew that he had to rely on the Saint devouring Axe's special ability to defeat the gray-armored divine edge Wolf.

He didn't have the power of a Saint King at all, so opening the secret realm rashly might be dangerous.

"Whoosh ..."

At this moment, a gentle breeze blew past. The wind carried a faint fragrance that was like cherry blossoms.

Chen Xiaobei could not help but feel a little surprised. This smell was familiar.

"God Chen, are you ... Are you listening to me?" Zhao Helong asked respectfully.

" mm, let's go to the secret realm ... " Chen Xiaobei said.

After taking a few steps, Chen Xiaobei could not help but ask, " "By the way, did you guys smell anything just now?"

" No... " Zhao Helong shook his head.

"No... No... What's that smell?" Gumoke and Daoist Wen were also confused.

"I'm fine, let's go!" Chen Xiaobei said.

Even though he did not show it on his face, Chen Xiaobei was a little confused.

Chen Xiaobei did not want to risk his life in the secret realm.

But for some reason, after smelling the fragrance, Chen Xiaobei's uneasy heart suddenly calmed down a lot. It was as if danger had been averted.

It was because of the special smell that Chen Xiaobei changed his mind and decided to go to the secret realm to take a look.

This matter was really a little mysterious.

However, since everyone said that they did not smell any fragrance, Chen Xiaobei did not say anything. He just thought that he was hallucinating.

Soon after.

The group of people passed through the long mountain road and entered an extremely hidden mountain stream.

They continued to move forward along the mountain stream and entered another cave. It was long and winding, as if there was no end.

In the end, they found a huge stone tower in the deepest part of the cave.

This place was extremely well hidden. One could imagine how much effort ning Zhiyuan had put in to find this place.

Of course, this opportunity now belonged to Chen Xiaobei.

...

Standing in front of the stone tower, Chen Xiaobei began to observe it carefully. He was shocked.

This stone tower was about 3000 meters tall and had a thousand levels. It was huge and majestic, extraordinary!

More importantly, there were many complicated runes carved on the outer walls of the stone tower. At the same time, each level was carved with a Stone Dragon sculpture, vivid and magnificent!

Chen Xiaobei could not help but think of Taishang Laojun's exquisite Pagoda of heaven and earth.

Why would he make such a connection?

Chen Xiaobei could feel the Qi of heaven and earth coming from the stone tower. Besides, the Book of Changes also mentioned that when a Dragon fights in the wild, its blood would turn yellow!

Of course, this was just Chen Xiaobei's imagination.

The stone pagoda in front of him was definitely not the exquisite Pagoda of heaven and earth that the Grand Supreme elderly Lord had.

Perhaps there was some connection between them, but Chen Xiaobei had no idea.

"Tell me, how can we open this secret realm?" Chen Xiaobei asked.

“God Chen, when you enter the pagoda, a peak true divine level power will appear! As long as one was invincible under the Saint King realm, they would not be affected by this special ability! From there, we can go to the second floor of the stone tower!” Zhao Helong said.

...

special ability!? Chen Xiaobei laughed, “This is simple!”

### Red Envelope Group of the Three Realms

#### **Chapter 4016: Cutting Through The Lightning!**

Obviously, if he needed to be invincible under the Holy King level, Chen Xiaobei could not guarantee that he would be able to clear the level.

However, if it was an ability that was invincible below the Holy King level, it would be a piece of cake for Chen Xiaobei.

“Come, all of you, follow me in!”

Chen Xiaobei shrugged, took out the Saint devouring axe, and was the first to enter the stone tower.

“I ... I think we shouldn’t go in ...”

Zhao Helong and gumoke were both nervous, not daring to enter.

“What are you afraid of? God Chen, you’re really powerful! What’s there to be afraid of?”

Daoist Wen knew how powerful the Saint devouring axe was, so he followed Chen Xiaobei like he was not afraid of anything.

Zhao Helong and gumoke looked at each other. They had no choice but to follow.

On the first floor of the stone tower.

The space inside was very mysterious. The floor was a huge Tai Chi Yin Yang formation, the body of the tower was octagonal, and on each wall, there were Eight Trigrams from the Book of Changes!

“Tai Chi gives birth to yin and yang! The two elements gave birth to the four symbols! The four symbols give birth to the eight trigrams!”

Chen Xiaobei was quite familiar with this, but he had not really come into contact with this kind of thing. So, his familiarity was only limited to the surface. He was not too sure about the deeper things.

On the contrary, Daoist Wen stood up and said in surprise, “Heavens! This set of Tai Chi Eight Trigrams is the [ innate Eight Trigrams ] created by heavenly Emperor Fuxi!”

Among the Three Sovereigns and Five Emperors, the first one to bear the brunt was the heavenly Sovereign Fuxi, followed by the sovereign Shennong, and the human Sovereign Suiren.

“What’s wrong? The eight trigrams of Tai Chi can also be divided into innate and acquired?” Chen Xiaobei asked.

“Of course!”

" the [ innate Eight Trigrams ] was created by Fuxi, " Daoist Wen explained. " it's the culmination of the eight trigrams, its essence and profoundness. It's unprecedented and unparalleled! "

" as for the postcelestial Eight Trigrams, it was something that the later generations learned and inherited from the Fuxi celestial race. "

" because the later generations were unable to fully grasp the essence of the Fuxi's innate Eight Trigrams, and in the long process of passing it down, it was inevitable that there would be information missing. "

"Therefore, the houtian Eight Trigrams is much weaker than the Xiantian Eight Trigrams."

" after the fall of Fuxi, the [ innate Eight Trigrams ] disappeared. Therefore, in the entire heaven realm, only the [ acquired Eight Trigrams ] can be used. "

Obviously, Daoist Wen was born and raised in the heaven realm, so he was very clear about these secrets.

Chen Xiaobei was shocked, " " there's no [ innate Eight Trigrams ] in the heaven realm anymore, but I've encountered it today. This is a great opportunity! "

Chen Xiaobei used his scholar heart to memorize the layout of the [ innate Eight Trigrams ].

At the same time, Zhao Helong and Gumoke were also surprised.

"Strange ... This so-called [ innate Eight Trigrams ], since it's something from the heaven realm, why would it appear in the heavenly Saint realm? Furthermore, it's within the ancient Saint secret dimension?" Zhao Helong was very confused.

Before Daoist Wen's explanation, Zhao Helong, Gu Moke, and even Ning Zhiyuan did not know what the [ innate Eight Trigrams ] was.

This was enough to prove that the [ innate Eight Trigrams ] was created by Fuxi! It was something that only existed in the heaven realm!

"This is indeed strange ..."

" Fuxi isn't a Saint yet, " Daoist Wen said, " it's impossible for him to come to the heavenly Saint realm. Besides, he died a long time ago ... Why is the [ innate Eight Trigrams ] here ... "

Obviously, according to common sense, it was impossible to guess the result.

"No need to guess!"

Chen Xiaobei interrupted their thoughts and said, " "If you want to know the answer, you'll have to pass the test of this secret realm!"

Under everyone's watchful eyes, Chen Xiaobei walked to the center of the eight trigrams.

"Whoosh ..."

Immediately after, an intense spiritual fluctuation burst out in this space.

The Tai Chi yin-yang diagram under his feet began to spin rapidly, and the eight trigrams around him glowed with spiritual light.

The eight palaces and trigrams combined in pairs to form 64 trigrams.

There were thousands of changes, including all the phenomena of the universe, and countless wonderful techniques were derived.

” as expected of the [ innate Eight Trigrams ] created by Fuxi ... It is so exquisite and infinite, as if everything in the world can be derived from these 64 trigrams! ”

Chen Xiaobei held the Saint devouring axe in his hand, but he was not in a hurry to destroy the Dharma laksana.

Being in the 64-trigram da yan formation derived from the innate Eight Trigrams, Chen Xiaobei used the scholar heart to combine and deduce the 64-trigram formation. He was able to gain a lot of insight.

He could even vaguely sense the essence of Pangu’s creation.

One begets two, two begets three, three begets all things!

This was the core origin of Daoism, and could even be said to be the origin of all orthodoxies in the heavenly Dao world.

Tai Chi gave birth to the two elements, the two elements gave birth to the four symbols, and the four symbols gave birth to the eight trigrams!

This was the innate Eight Trigrams created by Fuxi, which could deduce and explain almost all the phenomena that existed in the heavenly Dao world.

There seemed to be a special connection between the two.

Of course, Chen Xiaobei did not know the answer yet.

“BOOM!”

At this moment, the Zhen hexagram of the sixty-four hexagrams suddenly exploded, blasting out an extremely terrifying Thunder.

Once one was hit by this special ability, even a peak true Sage’s body would instantly collapse.

Back then, ning Zhiyuan’s brother’s physical body had been shattered by this special Thunder, leaving only his primordial spirit to escape.

...

However, Chen Xiaobei was not flustered at all.

“Swish!”

He swung the Saint devouring axe horizontally and slashed it toward the Thunder-rumbling Zhen hexagram!

Easily, the Saint devouring axe broke the Zhen hexagram. Then, the Thunder disappeared and everything returned to normal.

” it’s ... It’s so powerful ... That sacred axe can directly cut through special abilities! ”

Zhao Helong and gumoke were stunned on the spot.

When they were in the hollow of the ancient mountain, they did not see how Chen Xiaobei dispelled the three-eyed Saint blade’s power because he was too fast.

Now, they finally understood that Chen Xiaobei had used the Saint devouring axe to break through the special ability.

He was extremely shocked.

This was because they had never seen a magical weapon that could cut through special abilities! He had never even heard of it before!

“I’ve already told you that with God Chen here, we don’t have to be afraid of anything!”

...

Daoist Wen, on the other hand, had long known the power of the Saint devouring Dao axe. At this moment, his face was naturally full of flattery.

“Woof! Yi ...”

Then, Chen Xiaobei used the Saint devouring axe to scan the surrounding divinations.

In an instant, the 64 hexagrams da yan special ability spiritual array was broken by the Saint devouring Dao axe, and its special ability Dharma power completely dissipated.

“Chi ...”

In the center of the eight trigrams, a black and white space gate appeared.

[Red Envelope Group of the Three Realms](#)

**Chapter 4017: Continuous Rise!**

“Let’s go!”

Chen Xiaobei raised his eyebrows and led the group through the portal.

“This ... This ... Why is this still inside the stone tower?”

Zhao Helong’s face was filled with surprise, ” ” initially, we thought that we would be able to enter the ancient Sage secret area after clearing the first level of the stone pagoda ... But to think that we are still in the inner part of the stone pagoda ... ”

After passing through the space gate, they appeared in the same place as the first floor of the stone tower.

The only difference was that this floor was filled with a large amount of Saint Qi.

Although this was only one level of the tower, the amount of Saint Origin Energy inside was extremely large and pure. It could even be compared to a small Saint vein!

Taking the Saint vein in Fengyan city as an example, it would take about one-tenth of the Saint Origin Energy to be equivalent to the amount of Saint Origin Energy contained in this layer of space!

Everyone was very surprised by this.

If one had not experienced it for themselves, it would have been hard to imagine that a single level of this stone tower could contain so much Saint Qi.

“Whoosh ...”

The next second, without Chen Xiaobei’s control, the Saint devouring axe began to absorb the Saint Vital energy.

Previously, after the Holy Meridian of Fengyan city was emptied, the Saint devouring Dao axe had reached the peak of a four-star true sage.

At this moment, after absorbing all the Saint Origin Energy in this space, the Saint devouring Dao axe broke through to the fifth star true sage level.

“This sacred axe is so overbearing ...”

Gumoko swallowed his saliva and exclaimed, “ ” even a high-level true Saint would need at least ten days to half a month to absorb and refine this much Saint Origin Energy. However, this Saint axe absorbed it all in an instant ... ”

“It’s indeed overbearing!”

Zhao Helong was also extremely shocked, “not only does this Saint axe absorb Saint Origin Energy at an extremely fast speed, it’s also extremely powerful!” I originally wanted to absorb a bit more Saint Qi, but it was snatched away by an invisible force!”

“Without God Chen’s permission, you dare to absorb Saint Origin Energy? Are you even worthy?” Daoist Wen rolled his eyes at Zhao Helong in annoyance.

Obviously, Daoist Wen’s strength was higher than Zhao Helong.

Without Chen Xiaobei’s permission, even Daoist Wen did not dare to absorb any Saint Qi.

” yes ... I know I was wrong ... I won’t do it again ... ” Zhao Helong gulped. He knew very well that he was only Chen Xiaobei’s dog.

Whether a dog could eat or not depended on whether its owner was happy or not.

Dogs that snatched food usually didn’t have a good end.

Chen Xiaobei was not paying attention to the conversation between the three of them. Instead, he was looking around.

Just as the Saint Origin Energy in the space was sucked out, the surrounding innate Eight Trigrams began to change.

“Whoosh ...”

Li was fire and light, bringing with it a terrifyingly high temperature and a blinding Light of Destruction!

Lifire Liaoyuan, all living things cease to exist!

The three of them were so scared that their faces turned pale and they quickly hid behind Chen.

Even if Daoist Wen had the body of a peak true Saint, he would be burned to ashes in a moment in the face of such terrifying fire.

Zhao Helong and gumoke were even more so. Even before they touched the flames, the high temperature around them was already unbearable. If they were touched by the flames, they would be immediately burned to death!

“Swish!”

Of course, to Chen Xiaobei, the destructive li fire was nothing to be worried about.

“Chi ...”

Then, another space gate appeared in the center of the space.

“Follow me!”

Without hesitation, Chen Xiaobei walked through the portal.

The situation was the same as before.

This was another space with the exact same layout.

The only reason that could prove that this space was not the same as the previous two was that this space was filled with Saint Qi, and it was even more and purer than the previous one!

“Whoosh ...”

The Saint devouring axe started devouring the Saint energy.

Chen Xiaobei quickly came to a conclusion, “ “This stone pagoda should be a test left behind by the ancient Sage! Every time you break through a level’s test, you can go up to the next level! And the reward for passing this trial is Saint Origin Energy!”

Chen Xiaobei’s analysis made sense.

” that’s right! ” Zhao Helong nodded and said, ” in other words, we’ve arrived at the third floor of the stone tower ... ”

“F \* ck!”

Gumoko’s eyes were wide open as he exclaimed, ” ” this stone tower has a thousand levels, and we’re only on the third level ... How long will it take us to reach a thousand levels?! ”

“What are you afraid of?” Daoist Wen asked. We have long lifespans, and we don’t lack time! I’ll take it slow. You have the sacred axe with you anyway. Once you reach the thousand-layer level, you’ll be able to absorb a huge amount of Saint Origin Energy! Isn’t that great!”

“No! I don’t have time to waste here!”

” no! ” Chen Xiaobei shook his head. ” I still have a lot of things to do. Time is precious to me! ”

Obviously, Chen Xiaobei had two important things to do.

The first was to return to the heavenly Dao world, challenge the Grand Supreme elderly Lord, and collect the twelve ancestors of sorcery’s corpses!

The second was to go to the ning clan’s sacred city and take revenge for the people of Fengyan city!

...

The second matter was not urgent.

However, the first thing could not be delayed. After all, the way of heaven and Hongjun had announced the start of the fourth immeasurable cultivation tribulation.

They would not be stupid enough to wait for Chen Xiaobei to develop!

While Chen Xiaobei was away, the heavenly axiom and Hongjun would definitely have new plans and plans.

Therefore, the later Chen Xiaobei returned, the more variables there would be.

Time was of the essence for Chen Xiaobei. He had to race against time.

“Phew ...”

Soon, all the Saint Origin Energy in this space was absorbed by the axe.

Then, a gust of strong wind whistled, and the hexagram appeared!

Without Chen Xiaobei’s protection, the mosquito Taoist Zhao Helong and gumoke would have been cut into pieces!

“Swish!”

...

Of course, no matter how strong it was, Chen Xiaobei was not affected at all!

With a backhanded blow of the axe, he directly broke the formation!

“Chi ...”

Another space gate appeared.

Chen Xiaobei led the group to the fourth floor.

It was still the same layout, but with more Saint Qi.

However, when they arrived at the fourth level, the one who attacked them was a Gen hexagram!

Break the formation! There was no suspense!

The next four levels were the kan hexagram! Dui hexagram! Kun hexagram! A Qian hexagram!

Chen Xiaobei also managed to break out of the situation.

“After that is the ninth floor ...”

Chen Xiaobei was not in a hurry to step through the newly opened portal. “The [ innate Eight Trigrams ] corresponds to the first eight levels of the stone pagoda! There will definitely be a huge change in the ninth level!”

### Red Envelope Group of the Three Realms

#### **Chapter 4018: The Connection Between Fuxi And Beyond The Heavens!**

Clearly, Chen Xiaobei’s judgment made sense.

The [ innate Eight Trigrams ] had already appeared in the previous eight levels. The same test would definitely not appear on the ninth level.

Furthermore, for the previous eight levels, with each level, his Saint Origin Energy would increase by a lot, and the power of the corresponding test would also be stronger.

The Qian hexagram that appeared on the eighth level was already three times stronger than the Zhen hexagram that appeared on the first level.

If Chen Xiaobei did not have the Saint devouring axe, he would have died a long time ago.

It wasn’t an exaggeration to say that even if the wolf was still alive, it wouldn’t be able to compete with the eighth floor’s Qian Kun.

So, Chen Xiaobei decided to stop for a while.

He had to be prepared to go to the ninth floor.

“After absorbing a few layers of Saint elemental energy, the Saint devouring Dao axe has broken through to the six-star true sage level! This is a big surprise!”

” but, I can’t use any of my magical items in this tower. Even if I use the eastern Emperor Bell, I’m afraid I won’t be able to pass the ninth level! ”

” therefore, I have to bring out a stronger trump card! ”

Chen Xiaobei took out the beixuan Saint-naming scroll and extracted the mark of the heavenly Divine Lotus.

At the same time, Chen Xiaobei grabbed one of the enemies he had captured and put the mark of the divine Lotus of heaven into his body.

That’s right!

Although the heavenly Dao Divine Lotus seal was a peak true sage level treasure, it was created by the heavenly Dao!

In the last immeasurable cultivation tribulation, the way of heaven had given a sacred lotus mark of the heavenly path to little Daji. According to goddess nwa, if the Mark's power was fully unleashed, it could even kill the primeval Lord of heaven and sect leader Tongtian!

One could imagine that in the heavenly Dao world, the power of the heavenly Dao sacred lotus mark was invincible under the Saint King realm!

It should at least be stronger than the bell of the East Emperor!

Therefore, the scapegoat tactic was Chen Xiaobei's strongest trump card!

In fact, Chen Xiaobei could defeat Taishang Laojun using the scapegoat tactic!

However, the problem was that the power of the heavenly Dao Divine Lotus 'mark was not under Chen Xiaobei's control. If Taishang Laojun was seriously injured or even killed, Chen Xiaobei would not accept that.

That was why Chen Xiaobei risked his life to come to the heavenly realm, to find a way to become stronger.

"Let's go!"

After preparing the scapegoat tactic, Chen Xiaobei led the group through the portal.

On the ninth floor of the stone tower.

"It's changed! It has indeed changed!"

Gumoko exclaimed in shock, " "This space is completely different from the eighth floor! The test in a while will definitely be even more powerful!"

"Silly! Do I need you to tell me that?"

Daoist Wen flattered him and said, " "God Chen, you've already expected this. Otherwise, why would you stay on the eighth level for so long? Besides, God Chen has even found a cannon fodder! Everything is under control!"

Zhao Helong nodded and said, "God Chen, you have great foresight!" We will definitely be able to clear the game smoothly!"

"Help him up!" Chen Xiaobei had already knocked out the scapegoat and handed him over to Daoist Wen.

Meanwhile, Chen Xiaobei was carefully observing his surroundings.

The layout of this space was still the same as the [ innate Eight Trigrams ]. However, there were many Dragon-shaped embossed on the surrounding stone walls.

Moreover, the stone carvings of the eight trigrams had all turned into bronze and were embedded in the eight walls of the stone tower.

More importantly, there was no more Saint Qi to devour in this space.

Although Chen Xiaobei had some guesses about these changes, he had no idea what was going to happen next.

“Whoosh ...”

All of a sudden, a steady energy fluctuation was produced, and a divine and imposing figure condensed directly.

It was a handsome man!

Her long black hair was casually let down behind her. He was dressed in a long green robe and had the air of a scholar. His dark eyes, which were as deep as the universe, were filled with wisdom.

Of course, the most important thing was ...

The man’s upper body was human, while his lower body was a snake!

” Xiu clan!?”

Chen Xiaobei was surprised.

” it’s heavenly Emperor Fuxi! ”

“God Chen, don’t you know?” Daoist Wen exclaimed. Fuxi is the elder brother of goddess nwa!”

“Yeah! I almost forgot!”

Chen Xiaobei’s eyes brightened. He had indeed learned that Fuxi and Nuwa were siblings. Nuwa created the spirit while Fuxi created the civilization!

For example, the [ innate Eight Trigrams ], writing, fishing and hunting, marriage ... These were all invented by Fuxi.

It could be said that Fuxi and Nuwa were the origin of life and civilization for all the tribes in the untainted land.

The contributions and merits of the two were extremely huge.

There was even a saying that Fuxi’s merit for creating a civilization was no less than Nuwa’s merit for creating living beings.

Because if there were only living beings without civilization, then the untainted land would still be the same. All living beings had no thoughts and no wisdom. They were just a group of pigs raised by the way of heaven.

” wait a moment!!! ”

...

Chen Xiaobei suddenly realized something important!

The heavenly Dao was willing to see unconscious and uncivilized creatures in captivity.

The Holy ancestor Pangu hoped that living beings would possess consciousness and civilization.

In other words, Fuxi's creation of the civilization of all races was in fact against the philosophy of the heavenly Dao. It could even be said to be an act that went against the heavenly Dao.

It was no wonder that even though merit should be equally great, mother Nuwa had created a huge number of living creatures for the heavenly Dao, which were the source of the heavenly Dao's energy. That was why mother Nuwa had become a Sage!

However, because of his disobedience to the will of the way of heaven, Fuxi not only failed to become a saint, but also mysteriously died even though he lived as long as the heaven and earth.

Until now, no one could even explain how Fuxi died!

Chen Xiaobei's eyes lit up. He had finally found the connection between the Fuxi celestial race and the heavenly Holy Land!

Since Fuxi's actions had gone against the will of the heavenly Dao, it must be in line with the will of the Saint pan!

In other words, there was a possibility that the Saint pan clan had brought the stone pagoda to the heavenly Saint realm!

There was another possibility!

...

Fuxi might not have died! Although the heavenly Dao wanted to get rid of Fuxi, the Saint pan clan saved Fuxi and brought him to the heavenly Saint realm!

"enter my Dragon trapping Pagoda and become a Fuxi's inheritor or a skeleton in the pagoda!"

"Chen Xiaobei!" the Fuxi Dharma form in the dimension spoke, staring at Chen Xiaobei.

It was obvious that the Dharma form was very intelligent. It could sense that the person who passed the test was Chen Xiaobei and not the other three.

"! successor? Skeleton?"

Chen Xiaobei was shocked.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4019: An Unexpected Surprise!**

Or a successor! Or bones!

This was the truth of fortune and disaster!

The following tests would be extremely deadly, either he would pass the test and obtain the Fuxi's inheritance, or he would fail and die in the pagoda!

The opportunity and the Tribulation had arrived at the same time!

Only by overcoming the Tribulation would one be able to obtain an opportunity!

“Since I’ve already come this far, I naturally have no reason to turn back! Come, let me see the ninth level’s test!”

Chen Xiaobei held the Saint devouring axe with both hands and gave Daoist Wen a look, telling him to prepare the scapegoat.

Even though he knew that this test might be fatal, Chen Xiaobei still decided to take the risk.

This was because Fuxi was too important!

He was related to goddess nvywa, the way of heaven, and the Saint pan clan. He was like a connection point between all the forces.

If he inherited the Fuxi’s heritage, he might be able to connect many clues.

On the other hand, if Chen Xiaobei backed down now, many of his secrets would be buried here forever.

“Very good! I can feel your battle intent! Next, you will face my inheritance test! Whether you live or die will depend on your good fortune!”

The Fuxi Dharma form was so spiritual that it could even feel Chen Xiaobei’s fighting spirit.

“Come on!” Chen Xiaobei calmed himself down. Everything was ready. As long as this test was not of the Holy King level, Chen Xiaobei would definitely pass it!

Chen Xiaobei’s brows furrowed!

This was because things were far from as simple as he thought!

“The heavens are vigorous, and a gentleman must constantly strive for self-improvement! In the first step of the inheritance trial, you need to give up all external forces!” The Fuxi Yuan Shen said in a clear voice.

” sky ... Skywalker Jian!? ”

Chen Xiaobei was stunned.

As the heavens moved, a gentleman must constantly improve himself. This was the divination of the Qian trigram of the eight trigrams.

That was why the Fuxi celestial body had suggested for Chen Xiaobei to give up all external forces and become independent.

If Chen Xiaobei refused, he would fail the test.

“Alright! I accept!”

Chen Xiaobei then put the Saint devouring axe away.

In any case, the trump card of this battle was the scapegoat tactic, so there was no need to worry.

But Chen Xiaobei did not expect the Fuxi celestial body to be so intelligent that it could sense the scapegoat tactic.

“The earth is vast, and a gentleman should carry things with virtue! For the second step of the inheritance test, you can’t deal with it in a way that harms others and benefits yourself.” Fuxi said.

A gentleman should carry things with his virtue! This sentence was the divination of the [ innate Eight Trigrams ]!

Harming others for one’s own benefit was a scapegoat tactic.

Although the scapegoat was Chen Xiaobei’s enemy and had tried to take Chen Xiaobei’s life, it was only natural for Chen Xiaobei to kill him.

However, since he was going to participate in the Fuxi’s test, Chen Xiaobei had to follow the Fuxi’s rules.

“This ...”

Chen Xiaobei hesitated.

After all, he couldn’t even use the scapegoat tactic after keeping the Saint devouring Dao axe. Then, Chen Xiaobei would lose everything he could rely on in this test.

Chen Xiaobei did not even need to reach the level of a Holy King to pass the eighth level.

Wasn’t that the same as seeking death?

“There’s still time to give up!”

The Fuxi Dharma seemed to sense Chen Xiaobei’s dilemma and said, “ “If he had such a high moral character, he wouldn’t be worthy of being my successor! If you leave now, you can still avoid death!”

“No! I’m not leaving!”

Chen Xiaobei said, “ ” Daoist Wen, take that person and retreat. Don’t interfere with the test! ”

“This ...”

Daoist Wen hesitated, but seeing Chen Xiaobei’s determination, he nodded and said, “ “Yes, sir!”

After that, Daoist Wen brought the scapegoat and retreated to the edge of the space with Zhao Helong and Gu Moke. He would never interfere with the test.

The main point was that they didn’t have the strength to intervene at all.

“Very good!”

The Fuxi celestial appearance smiled and praised, “ “With great virtue and tolerance, you are a true gentleman!”

“I just recalled some of my past experiences!”

Chen Xiaobei said calmly.

Chen Xiaobei had been worried that his life would be in danger if he gave up on the scapegoat tactic.

But then, Chen Xiaobei remembered how he obtained the Holy Pangu’s inheritance, the Holy lotuses, and the two marks of the nether demon.

In fact, Chen Xiaobei had faced the same test before.

And that was, were they willing to sacrifice their lives to protect something?

It was because of Chen Xiaobei's determination to protect Pangu's will that he was able to obtain the Holy ancestor's legacy! It was because of Chen Xiaobei's promise to protect the demonic and earthly realms until he died that he was acknowledged by the divine Lotus and the seal!

...

And at this moment!

It was also a question of life and death!

Between morality and life and death, let's see how Chen Xiaobei will choose!

Was he afraid of death and fled the scene? Or self-improvement and independence, fighting to defend virtue?

Knowing Chen Xiaobei, he would definitely choose the latter!

And it turned out that Chen Xiaobei had made the right choice!

"You've passed my test. From today onwards, you're the owner of the eight trigrams Dragon prison Pagoda!"

The Fuxi celestial appearance was smiling.

"What? I ... I passed the test?"

Chen Xiaobei could not believe his ears.

He had thought that he would experience a life-and-death battle, but he had never expected that he would pass the test with only two multiple-choice questions.

...

This was simply unbelievable!

It was a huge surprise!

"This ... This ... This is too simple ..."

At the same time, Daoist Wen, Zhao Helong, and Gu Moke were all dumbfounded.

He had never thought that the life and death trial on the ninth floor was just a pretense. What Fuxi really wanted to test was the inheritor's heart.

It was to see if the inheritor could still strive for self-improvement in the face of death.

"In all things, there is only gain when there is sacrifice! You give up external forces to become stronger! Forsaking his own selfish desires to uphold virtue! Seeking justice between life and death, such a state of mind, courage, and insight were all top grade! You are qualified to be my successor!"

The Fuxi celestial appearance spoke his true thoughts.

As expected, the ninth floor's test was to test Chen Xiaobei's state of mind.

Coincidentally, Chen Xiaobei's strongest point was his state of mind. Even though he knew that giving up the Saint devouring Dao axe and the scapegoat tactic would result in certain death, his strong state of mind still allowed him to make the right choice!

If it were someone else, their mental state would not be able to withstand the pressure of death. They would definitely choose to give up and not dare to accept this completely unknown test of life and death!

"I have a question. If I choose to give up, can I really leave here alive?" Chen Xiaobei asked.

"You're very smart!"

"If you give up now, you'll die!" The Fuxi celestial body laughed. That's because those with evil intentions must not live with the secret of the eight trigrams Dragon Pagoda!"

### Red Envelope Group of the Three Realms

#### **Chapter 4020: Mutual Trust!**

As soon as Fuxi finished his words, everyone's hearts trembled.

It turned out that this test was really about life and death. However, contrary to what everyone had thought, only by risking one's life to take the test could one survive! If they were afraid of death, they would die without a proper burial!

At the thought of this, Zhao Helong, Daoist Wen, and Gu Moke felt a chill run down their spines.

Luckily, Chen Xiaobei was brave enough. Otherwise, the three of them would have been dead.

"Since I've already passed the test, what can I get? What else do I need to do?"

On the other hand, Chen Xiaobei was calm. Everything was within his expectations. He had even thought of his next step.

It was obvious that Fuxi didn't set up this inheritance just to give away the eight trigrams Dragon trapping Pagoda. Otherwise, he wouldn't have to set up such a highly intelligent and spiritual Dharma idol here.

In other words, if Chen Xiaobei wanted to gain something from Fuxi, he would have to do something for Fuxi.

"Mm, you're really smart! It's so much easier to talk to smart people!"

" from now on, you will be the new owner of the eight trigrams Dragon Pagoda. What you need to do now is to head to the Xuanyuan forbidden ground in the heavenly Saint realm and save me! "

" save ... Save him!? "

Chen Xiaobei was surprised. " " you're still alive!? "

Chen Xiaobei had guessed that Fuxi might not have died, and his guess was confirmed.

“Of course I’m not dead! It was just that he had accidentally entered the Xuanyuan forbidden ground! It had been sealed! Otherwise, how would I be able to communicate with you using a secret technique?” The Fuxi celestial appearance said.

” using a secret technique to communicate?! ” Chen Xiaobei was stunned.

After all that, the reason why this Dharma form was so intelligent and answered all his questions was because Fuxi himself was using a secret technique to communicate with Chen Xiaobei.

What fa Xiang said was actually what Fuxi himself said.

“Why are you so surprised?” Fuxi, on the other hand, was somewhat puzzled.

“Senior Fuxi, you might not know!”

” I’m from the heavenly Dao world! I heard that you’ve already died! ” Chen Xiaobei said. In addition, mother Nuwa and I are good friends! So, now that I know you’re alive, I’m both surprised and happy, and I can’t help but lose my composure!”

“What? You know my little sister? How is she now?” The Fuxi celestial appearance was stunned. This time, it was his turn to be surprised.

” yes! ” Chen Xiaobei said, ” the heavenly Dao world’s fourth Aeon cataclysm is coming. Goddess nwa fought against the heavenly Dao and was stripped of her sainthood and cultivation ... But don’t you worry, I’ve saved her and protected her! ”

“Really? Can you let me see my little sister?” Fuxi asked in disbelief.

” of course you can, but not now ... ” Chen Xiaobei said. ” mother Nuwa is still in the heavenly Dao world. I’ll only let you meet her when I return! ”

“Good! Very good!”

Fuxi could tell that Chen Xiaobei was not lying. ” “Since you’ve saved my little sister, we’re on the same side from now on!”

” there were some secrets that I couldn’t tell you, but it’s fine now! ”

Obviously, Fuxi was still on guard against Chen Xiaobei.

But now, Fuxi chose to believe in Chen Xiaobei and let go of his last guard.

“You believe me so easily?”

Chen Xiaobei was a little confused. After all, he was just saying it without any evidence. Why did Fuxi believe him just like that?

Obviously, Fuxi was a very cautious person.

He would never trust anyone easily. He would even kill everyone who knew the secret of the eight trigrams Dragon Pagoda.

He believed Chen Xiaobei so easily that Chen Xiaobei could not believe it.

Fuxi explained, "I just did a divination!" It's great to cooperate with you! Furthermore, little sister is safe and there won't be any mishaps in the short term!"

"I see!" Chen Xiaobei finally felt relieved.

Fuxi was the creator of the [ innate Eight Trigrams ], and his [ art of Eight Trigrams ] could predict everything in the world.

Therefore, even though the Fuxi was sealed, he could still predict the future.

Therefore, Fuxi believed that Chen Xiaobei had saved Nuwa. Naturally, he was willing to see Chen Xiaobei as one of his own, be honest with him, and form an alliance.

"Next, I'm going to tell you my secret. It's best if you're the only one listening!" Fuxi said.

"Understood!" Chen Xiaobei then kept Zhao Helong, Daoist Wen, and gumoke into the Sumeru dimension.

" back then, I created the civilization of the myriad races and angered the heavenly Dao. He wanted to kill me. By chance, I came to the heavenly Saint realm through a spatial crack. I wanted to improve my strength and then go back to take revenge on the heavenly Dao! "

Fuxi said, " however, after I came to the heavenly Saint realm, I realized that Tian Dao wasn't alone. There was an extremely huge and powerful race behind him! " Going against the heavenly Dao is going against the entire sky burial Yuan sacred clan!"

"Of course, I didn't give up. I thought of a way to enter the territory of the sky burying Yuan sacred clan and search for their secrets! However, my operation was still exposed, and I was pursued by them!"

"At the critical moment, I released the eight trigrams Dragon imprisoning Pagoda and let it fly to the horizon, to a place where the enemy could not find it! This stone tower contains the Saint Qi I've been absorbing all these years, as well as many other resources!"

" however, I've been sealed. I can only communicate with you, but I can't control anything in the outside world. Therefore, I can't help you fully open the eight trigrams Dragon trapping Pagoda. If you want to obtain more benefits, you can only rely on yourself! "

Clearly, this Eight Trigrams Dragon trapping tower had a total of 1000 levels from the outside.

However, Chen Xiaobei had only just reached the ninth floor.

Now, after listening to Fuxi's explanation, Chen Xiaobei was certain that the amount of Saint Qi He had obtained was only the tip of the iceberg.

After all, Fuxi had been in the heavenly Saint realm for billions of years.

Even if he deducted the time he had been sealed, he still had a huge amount of time to collect Saint Qi and other resources.

Therefore, the eight trigrams Dragon trapping tower was like a huge treasure. Every level he went up to would bring him great benefits.

“But, how can I open the eight trigrams Dragon trapping tower?” Chen Xiaobei asked.

Fuxi explained, “ the eight trigrams Dragon trapping Pagoda is a unique treasure. Even if it allows you to be its master, you still need to be proficient in the calculation technique of the innate Eight Trigrams. Through calculation and divination, you can open the new levels one by one! ”

...

“Deducing the hexagram?” Chen Xiaobei thought for a moment and laughed.”So, you want me to learn the [ innate Eight Trigrams ]?”
