Chapter 4051: The Dao of Pangu!

“Chi ...”

With a deafening sound, the bell of the East Emperor burned all the spiritual Qi it contained and turned into a blood-red, vigorous virtual shadow of primordial spirit!

Whoosh ... Whoosh ... Whoosh ...

Following that, the corpses of the twelve ancestors of sorcery started to burn with golden flames. As if they had been tempered into steel, all the impurities were burned out and the essence was refined continuously. Finally, they turned into twelve drops of blood essence!

“Chi ...”

At last, Pan Gu’s life-force rose!

The fusion of essence, Qi, and spirit was like the birth of a new life. In the air, a tall, powerful, and overbearing figure slowly appeared!

That’s right!

This figure was the true body of Pangu!

“This ... It seems like I’m not involved ...”

Chen Xiaobei was taken aback. After all that, he was still isolated by the real entity of Pangu’s spirituality.

the so-called proving the Dao with strength is to use the strongest combat power to break through the shackles of the Dao heart!

Sect leader Tongtian was extremely smart. He saw through the essence of the problem immediately and shouted, “Xiaobei! Defeat the true body of Pangu with all his might! What you want to prove is the Dao of Pangu! One must have the power to split the heavens and earth in order to break through the shackles and step into the Saint realm!”

“Understood!” Chen Xiaobei’s dark eyes were filled with a strong desire to fight.

As the saying goes, there are three thousand DAOs!

You will have to complete the test of the Dao you vindicate!

To vindicate the heavenly Dao, one had to obtain the recognition of the heavenly Dao.

The Dao of Pangu was measured by strength! If he could defeat the true body of Pangu, he would have succeeded in proving his Dao with his strength!

Of course, this was a true battle of combat power!

That was why Chen Xiaobei could not use his magical equipment or special abilities. He could only fight with his own strength!

“Swish!”

Chen Xiaobei took a step forward, and his body was surrounded by a chaotic primordial chaos Divine light!

Because Chen Xiaobei had cultivated the Scripture of heaven and earth, his celestial core power could be transformed into any attribute, and when all the attributes were combined, it would become chaos!

At the same time, the real entity of Pangu felt Chen Xiaobei’s fighting spirit and threw a punch at him.

Chen Xiaobei did not hesitate and threw a punch at her.

A loud explosion was heard as the two fists suddenly collided. The terrifying energy fluctuations caused the world to tremble and the space to distort. It was simply terrifying.

Chen Xiaobei and the real entity of Pangu both took three steps back from the impact.

“This ...”

Looking at the scene in front of him, the Grand Supreme elderly Lord could not help but frown, “ this Pangu clone’s power is exactly the same as Xiaobei’s ... How do I defeat him? ”

The layman watched the show, while the expert watched the tricks.

An expert at the Grand Supreme elderly Lord’s level could naturally see through the essence of the battle.

The power was exactly the same!

Attention! These were the original words of the Grand Supreme elderly Lord!

Chen Xiaobei and the real entity of Pangu’s power were not evenly matched, nor were they on par. They were identical!

“In other words, this test requires Xiao bei to defeat himself!” Sect leader Tongtian’s eyes were full of surprise.

How was Chen Xiaobei going to defeat him without using his magical equipment and special ability?

This was definitely a super difficult problem!

Sect master Tongtian and Grand Supreme elderly Lord were at their wits ‘end and could not think of a solution at all.

“Boom boom boom ... Boom boom boom ...”

Meanwhile, Chen Xiaobei and the real entity of Pangu were engaged in a fierce battle.

The power of the two was exactly the same. The real entity of Pangu could even simulate Chen Xiaobei’s holy light of chaos, and even his moves.

This battle was really between Chen Xiaobei and himself.

How could he win?

Chen Xiaobei himself had no idea.

Of course! Chen Xiaobei could not win, but he might lose!

The energy of the real entity of Pangu came from the energy of the eastern Emperor Bell! It could activate the power of a peak Saint artifact! The amount of this energy was far more than Chen Xiaobei's celestial core power!

In other words, if Chen Xiaobei could not win within a certain period of time, his celestial core power would be exhausted and he would lose for sure!

In other words, Chen Xiaobei was already at a disadvantage in this test. His celestial core power was limited, and it was only a matter of time before he lost!

“Shit ...”

Taishang Laojun's brows were deeply locked together, appearing extremely anxious, “ I'm afraid no one can pass this test ... To defeat oneself without using any magical treasures or special abilities ... This ... This is a dead end ...

Sect leader Tongtian also frowned. He had always been wise, but he couldn't think of a way to break out of this situation. He sighed and said, “ if I really can't do it, I'll just forget about this test ... It's fine even if I fail. I'll accumulate more spiritual energy later and start the second test!

Apparently, Taishang Laojun and sect master Tongtian had a clear understanding of the situation.

Even though they trusted Chen Xiaobei, the truth was right in front of their eyes. No one else, not just Chen Xiaobei, would be able to pass this test.

Therefore, Taishang Laojun and sect master Tongtian didn't have much hope.

Fortunately, even if he failed this test, he could start all over again.

As long as he accumulated enough spiritual Qi to activate the power of the eastern Emperor Bell once, he could start the test a second time with his half-step true sage cultivation.

Now, in the eyes of sect master Tongtian and Grand Supreme elderly Lord, the second test was the only way.

“Boom boom boom ... Boom boom boom ...”

On the other hand, Chen Xiaobei had no intention of giving up. He was still fighting the real entity of Pangu.

The two sides were locked in a stalemate, and from the current situation, there was no hope of breaking the situation.

Even Chen Xiaobei had already prepared himself for the day that he would run out of celestial core power and lose.

Even though he knew that he would lose, Chen Xiaobei did not back down!

“Xiaobei! Stop! Save your strength, we’ll fight again next time!” stop! the Grand Supreme elderly Lord shouted, “ if you don’t stop, you might be injured by the real body of Pangu when your immortal essence is exhausted! I can’t recover in a short time!”

“No!”

Chen Xiaobei refused.

Others might not understand this, but Chen Xiaobei knew that this was the will of the Holy ancestor Pangu!

If he could not even hold on to Pangu’s will, there would be a flaw in Chen Xiaobei’s Dao heart. How could he break through the shackles and gain the recognition of Pangu’s Dao?

“Will? Dao heart? I understand now!”

Originally, Chen Xiaobei only had one thought when he rejected Taishang Laojun’s suggestion.

However, Chen Xiaobei was suddenly enlightened.

What was Pangu’s will?

Apart from fighting to the death and not retreating, its core essence should be to sacrifice one’s life for a noble cause! It gave birth to all life in the world!

Sacrifice! Nurturing!

In the face of an irreversible situation, he could give up his life and give birth to New Hope!

This was the true Dao of Pangu!

“Come on!”

Chen Xiaobei stopped his attack, opened his arms, and faced the attack of the real entity of Pangu!

Xiaobei!!!

Sect master Tongtian and Grand Supreme elderly Lord were greatly shocked.

[Red Envelope Group of the Three Realms](#)

Chapter 4052: Saint!

“Xiaobei! What are you trying to do?”

The head of Tongtian sect and Grand Supreme elderly Lord were petrified at once.

Not only did Chen Xiaobei open his arms, but he also retracted his celestial core power.

On the other hand, the power of the real entity of Pangu was not restrained. It was equivalent to the power of Chen Xiaobei’s strongest attack. Without his protective celestial core power, it was enough to seriously injure Chen Xiaobei.

Sect master Tongtian and Grand Supreme elderly Lord could not understand it at all.

It was just like how the world could not understand why Pangu used his life to give birth to all the living beings in the untainted land!

using one's life to exchange for the hope of all living beings, this is the Dao of Pangu!

At the last moment of his defeat, Chen Xiaobei finally understood the way of Pangu!

In addition to having the power to split the heavens and earth, one must also have the state of mind to sacrifice one's life for benevolence and not fear death!

In that moment, Chen Xiaobei had completed the sublimation of his state of mind and successfully verified the way of Pangu!

“Woof!”

The punch from the real entity of Pangu landed on Chen Xiaobei's body, but not only did it not hurt Chen Xiaobei, it even made a loud bell ring!

The next moment, the real entity of Pangu merged into Chen Xiaobei's body as the fist made contact with him!

In an instant, the Holy Light that was a mix of Blood and Gold suddenly expanded and covered the sky.

Chen Xiaobei was at the center, like the sun.

At the same time, a terrifying and heavy pressure spread out. Even sect leader Tongtian and Taishang Laojun's state of mind trembled.

“He ... He succeeded? Oh my God ... Xiaobei did it!”

The Grand Supreme elderly Lord was dumbfounded and exclaimed repeatedly. He could not believe his eyes.

“The student is better than the master ... He is better!”

Sect leader Tongtian was pleasantly surprised. He praised sincerely, “In terms of state of mind and will, I'm far inferior to Xiaobei!”

“Whoosh ...”

This meant that Chen Xiaobei had already broken through the shackles of his Dao heart and obtained the Dao of Pangu!

He had officially become a 'Dao crossing' Saint!

Of course, the breakthrough of this major realm was far from simple!

“Chi ...”

The Pangu Yuan Shen true spirit from the eastern Emperor Bell merged with Chen Xiaobei's yuan Shen, causing his Yuan Shen to transform and his mental power to increase by 10000 times!

“Whoosh ...”

The Pangu's blood essence from the twelve ancestors of sorcery merged into Chen Xiaobei's limbs and bones, strengthening his body and soul, making it ten thousand times stronger!

"Hiss ..."

Pangu's Natal aura, which was formed by the Three Pure Ones 'mark, merged into Chen Xiaobei's sea of Qi, causing his total amount of Saint Qi to increase by 10000 times!

At this moment!

Although Chen Xiaobei had just reached the one-star true Saint realm, he could still fight those of lower realms without using any magical treasures!

More importantly, Pangu's true spirit, 12 drops of blood essence, and Natal aura had also given Chen Xiaobei an extremely powerful ability. If he activated all of them, he could even fight against opponents two levels higher than him!

One must know that in the true Saint realm, the gap of one minor realm was so huge that it was impossible to make up for it. To be able to fight someone of a lower realm was already an almost impossible miracle!

In the heavenly Saint realm, only a very small number of super geniuses had the ability to do so!

And now, Chen Xiaobei could do it!

Furthermore, he could cross two minor realms. If he were to use other special abilities, he might even have the chance to cross three minor realms!

Chen Xiaobei was probably the only person in the entire heavenly Saint plane who could do this!

"Chi ..."

Immediately after, there were more changes.

When the true spirit of Pangu's primordial soul, the blood essence of the 12 Pangu, and Pangu's life force fused perfectly with Chen Xiaobei, the Pangu chaos seal in his dantian was finally unlocked.

An extremely mysterious cultivation technique emerged from the chaos mark and entered Chen Xiaobei's mind.

Saint pan world creation art!?

Chen Xiaobei's face was filled with shock as he suddenly understood the technique.

back then, the ancestral Saint Pangu used this cultivation technique to turn his body into the great Pangu world and all the living beings in it!

Chen Xiaobei calculated.

in the same way, I can use my life and body to create a new world ... However, my cultivation base is far lower than that of the ancestral Saint Pangu, so the world I can create is very small and can't be compared to Pangu world ...

Although Chen Xiaobei's cultivation was not high, his mind was very active. He had a very bold idea.

if I can slightly modify this Saint Pan's world creation mantra, can I nurture the lives and bodies of other true sages into a new world ... If I can, it will be of great use when I capture my enemies in the future!

Chen Xiaobei's cultivation was not high enough for him to create a new world.

However, if he could capture an enemy and use the enemy to create a new world, the effect would be different.

After all, Chen Xiaobei was alone while there were thousands of enemies.

Even if they all gave birth to some small worlds, small amounts would make an ocean, and a qualitative change could also be triggered by the quantitative change.

Of course, modifying the Saint Pan's Genesis incantation was not an easy task. Chen Xiaobei still needed to spend time and energy to study it.

There were still many things that Chen Xiaobei had to do.

[ding Yingying's cultivation: early stage one-star true sage. Lifespan: 5150753 trillion years! [body and soul: 9.9 billion Hengsi!] [combat power: 9.9 billion Hengsi] [primordial spirit attack: sacred level!]

breaking through to the true Saint realm is a qualitative leap!

Chen Xiaobei was surprised. "My lifespan has been increased by almost a hundred times! His battle prowess and physical strength had increased by a hundred million times! It's really too good!"

"Right now, I can use my lifespan to activate the nine ancestral Saint transformations and even step into the Saint King realm! Just thinking about it makes me feel so good!"

"In addition, I still have a profound Sage Jade Qilin bone armor that I haven't used up yet. It can also increase my cultivation, increase my lifespan, and increase the time I can take to enter the pseudo-Saint King realm!"

Obviously, lifespan had always been Chen Xiaobei's most important attribute.

After receiving the inheritance of Pangu's blood essence, Chen Xiaobei's bloodline of the witch Dragon had evolved into the bloodline of the ancestral Saint, reaching the chaos heavenly Lord level.

In theory, as long as Chen Xiaobei had enough life, he could even enter the pseudo-realm, which was on the same level as the heavenly Dao.

Of course, heavenly venerates were countless times more powerful than sacred Kings. The lifespan they needed to consume would naturally increase by several times. It was an astronomical figure that was completely incalculable.

At this stage, Chen Xiaobei could only think about it. It was impossible.

"Next, I'm not in a hurry to cultivate. First, I'll merge Pangu great world into the embryo membrane of heaven and earth. If everything goes well, I'll be able to absorb energy from this world, just like the great Dao of heaven! At that time, we can do even more things!"

Chen Xiaobei could not wait any longer.

Red Envelope Group of the Three Realms

Chapter 4053: The laws of beixuan

Without hesitation, Chen Xiaobei started to move.

Although what he was going to do next was very similar to the heavenly Dao, which was to control a macro world and absorb energy from it, it was still a big world.

However, the essence of the two was completely different!

First of all, the heavenly Dao had wiped out the consciousness and civilization of the people of Saint pan and kept them in the chaos like walking corpses to absorb energy!

Chen Xiaobei needed to absorb the energy as well, but his main purpose was to use the energy to defeat the heavenly axiom and free all the living beings in the macro world! It would make all living beings no longer be threatened by the heavenly Dao!

Among them, sect master Tongtian, Taishang Laojun, and Taoist Cundi still had the life and death contract. If they did not get rid of the way of heaven, they would never obtain absolute freedom!

Chen Xiaobei did not have enough strength right now, so he had to use every opportunity to improve himself.

It was obvious that learning the heavenly Dao was the most direct and fastest way to improve!

In an ancient Chinese saying, this was called learning from foreigners to gain skills to control foreigners!

The meaning of this sentence was to learn the opponent's strengths, and then use what you have learned to counter the opponent!

What Chen Xiaobei was doing was different from the heavenly Dao!

That was why Taishang Laojun and the prime of Tongtian would definitely support Chen Xiaobei!

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei first extracted a huge amount of energy from Saint Duke's Emperor ring and transferred it into his Heaven Earth membrane.

Right now, the natural fetal membrane had already recognized Chen Xiaobei as its master. So, as long as there was enough energy, he could directly activate the special ability.

To Chen Xiaobei, Saint Duke's Emperor ring was a huge surprise.

It contained enough energy to activate a one star Saint King grade true treasure three times.

Although the level of the heaven and earth fetal membrane might have reached the level of the chaotic heavenly Lord, he did not need to activate its special ability to breed worlds at this moment. He only needed to activate a small special ability to merge with worlds. Therefore, this energy was naturally enough, and there might even be some surplus.

“Chi ...”

As expected, after activating the ability, Chen Xiaobei was left with enough energy to activate the pinnacle Holy item ten times!

Chen Xiaobei injected the remaining energy into the Pangu chaos seal! In this way, the various natural laws of Pangu great world could be activated for a short period of time, which would naturally have special effects at critical moments!

“Whoosh ...”

Then, the special ability of the heaven Earth fetal membrane was activated!

Then, a miraculous scene appeared.

As the heaven Earth embryo expanded, the translucent membrane swallowed the 36 levels of overarching heaven.

At this moment, there was a whole new world in the embryo membrane of heaven and earth.

After entering the 36-level overarching heaven, he was located below the New World.

Then, the 35th heaven, 34th heaven, 33rd heaven ... Were all swallowed by the embryo membrane in the same order as before!

Very quickly, the thirty-six levels of heaven were all ranked under the New World.

Next was the earth immortal realm, then the human realm, and then the earth realm. At the same time, various independent small worlds, such as the Hong Meng Demon Realm and the creation Sacred Realm, also integrated into the embryo membrane of heaven and earth.

Intuitively, at this moment, in the embryo of heaven and earth, it was equivalent to the fourth realm, which was higher than the heaven realm, on the basis of the first three realms.

From this moment on, Chen Xiaobei was the Supreme ruler of the four worlds.

As long as he had enough energy, Chen Xiaobei could control all the laws in this world, and even create new laws as he pleased!

First of all, the beixuan great world had inherited the eight core laws of Pangu great world.

The eight core laws were time, space, life, death, energy, luck, merit, and creation!

On top of that, Chen Xiaobei could also create his own Protogenia!

“From now on, this place will be called the beixuan great world! And the fourth realm above the heaven realm is called the North profound realm!”

Chen Xiaobei began to set the new law of assistance that he would have after becoming the ruler of the beixuan world.

“The first law is that mortals must pass the heavenly Tribulation and ascend to the heavenly realm! Heaven immortal will undergo the heart tribulation and ascend to the North profound world!”

This law was naturally to encourage all living beings in the world to constantly become stronger and to constantly pursue a higher and better environment.

As for the heart tribulation!

It was the battle of proving the way that Chen Xiaobei had just experienced!

Those who wanted to ascend to the North profound world had to understand the essence of the Dao of Pangu, and they had to have the courage to sacrifice themselves!

In this way, those who could ascend to the North profound world, besides having great strength, their state of mind and nature were definitely not bad, and they could also believe in the Dao of Pangu!

In the future, when Chen Xiaobei defeated the heavenly Dao and returned freedom to the people, these people who believed in Pangu's Dao would do their best to save more people. At least, they would not do anything that would harm the people after they regained their freedom!

the second rule states that apart from the North profound world, the heaven, earth and human realms will share the spiritual Qi!

The previous law encouraged all living beings to become stronger, but this law would help all living beings to become stronger, so that all living beings in the world would have a fair chance to ascend to the northern profound world.

One had to know that among the Three Realms, the heaven realm had the most abundant spiritual Qi, followed by the earth realm, and the human realm had the least spiritual Qi.

In this way, the opportunity for all living beings in the Three Realms to ascend to the northern profound world would not be equal.

However, after sharing the spiritual Qi ...

The natural energy in Pangu world would be equally divided between the heaven, earth, and human realms.

In this way, an abandoned land like Earth would realize the recovery of spirit Qi and a large number of powerful people would emerge!

The entire human world would also benefit greatly and a large wave of experts would emerge!

Similarly, the Asura race, the netherworld race, primordial chaos demon ancestor, and the demon race in the land would also receive the corresponding spiritual energy, greatly improving their living conditions!

Of course, no matter how much it was improved, bei Xuan world would still be the top realm with the most spiritual Qi and the best environment!

That was because Chen Xiaobei only allowed heaven, earth, and human Tier 3 to share their spiritual Qi.

However, the spiritual Qi of the fourth level, bei Xuan world, had been completely preserved. After billions of years of accumulation, not only was the bei Xuan world completely new, but the total amount of spiritual Qi was also more than the total of heaven, earth and human levels combined!

One could imagine that all beings in the heaven, earth and human realms would set their ultimate goal of ascending to the North Mystic world!

One could see that in the near future, there would be many living beings ascending to the northern profound world.

Under the restriction of the first law, even the most vicious of the devil race had to be enlightened, change their thinking, and believe in the Dao of Pangu in order to ascend to the North profound world.

Only by laying down the butcher's knife and understanding the concept of sacrificing one's life could one ascend to bei Xuan!

If the demons were like this, then the demonic beasts and Asuras would naturally be good too!

This was the difference between Chen Xiaobei and the heavenly Dao!

the third law is that in the beixuan great world, if you want to become a saint, you have to be approved by me!

Red Envelope Group of the Three Realms

Chapter 4054: New Saint candidate!

Clearly, the third law was the most powerful.

Anyone who wanted to become a saint had to gain Chen Xiaobei's approval.

Therefore, Chen Xiaobei's first concern was their character. If they did not have a good character, they would not be able to become a saint, no matter how talented they were.

In the beixuan world, sect master Tongtian, Taishang Laojun, and Taoist Cundi were all true sages. As long as the three of them were in charge, there would be no trouble in the beixuan world.

Other than that, Chen Xiaobei could also train people he trusted absolutely to become the new Saint, so that he could completely control the beixuan realm.

originally, Pangu world could accommodate seven New Saints. Now, the size of the North profound world is no smaller than Pangu world, so it can also accommodate seven New Saints!

that's right! Chen Xiaobei said. so, other than Sifu, Lord, Saint Cundi, and myself, this new world can have ten New Saints!

"No! Wait a minute! He had miscalculated one person, the Daoist guide! This fellow was not dead yet! Therefore, we have to get rid of him so that nine New Saints can appear!"

It was obvious that the number of heavenly path sages would determine the energy of the world.

It was for this reason that the way of heaven was reluctant to kill sect leader Tongtian and mother Nuwa.

At the moment, Chen Xiaobei could not create enough New Saints. So, he could spare jieyin Daoist for the time being. Keeping him in the Holy jail as a source of energy was not a bad idea.

finally, I just have to move the creation wood great world to the North profound world and it'll be a success!

Chen Xiaobei moved the entire jianmu holy tree to the center of the northern Mystic world.

Everyone who was close to Chen Xiaobei was in the jianmu world.

This included Chen Xiaobei's parents, the members of bei Xuan faction, and all the disciples of the tribe of severity that Chen Xiaobei had saved.

As the saying goes, the pavilion closest to the water enjoys the moonlight first.

These people were Chen Xiaobei's family and friends, so he did not need to go through the heart's test and could just enter the northern Mystic world.

As the earliest residents of the North profound world, they naturally had the priority to enjoy the benefits of time, place, and people, and establish the strongest force in the North profound world.

This way, no matter how many people would ascend to the North Mystic world, it would not affect Chen Xiaobei's friends and family!

And this force was naturally handed over to sect master Tongtian to manage.

Moreover, because of the accurate judgment of Cundi and Taishang Laojun, they had formed an alliance with Chen Xiaobei in advance. Therefore, the two of them and the two saint's sects under them had the priority to come to the northern Mystic world and pick a good territory.

Of course, not everyone from the Buddhist sect and the tribe of humanity could come to the North profound world. Only a small number of people who were absolutely loyal were given priority.

For example, Guanyin of Buddhism, the Golden Cicada, and the Eight Immortals of humanity.

As for the disciples of the other two religions, they still needed to pass the heart Trial before ascending to the North profound world.

Spies like Pagoda-bearing Heavenly King Li Jing, Nezha, and immortal Taiyi could also go directly to the northern profound world and join the forces under the control of sect leader Tongtian.

On top of that, the demon Lord Ji Du and Demon God Bo Xun who were 100% loyal to Chen Xiaobei would also have a place in the northern Mystic world.

At this point, the integration of the beixuan great world and the initial layout had come to an end.

This new four world system was just starting to take shape. In the future, Chen Xiaobei would have to modify and upgrade it so that it would shine with endless brilliance.

"Now, let's think about the candidates for the new Saint ..."

Chen Xiaobei calmed himself down and started to think about it.

After all, the more Saints there were, the more energy the world could provide. Therefore, the earlier Chen Xiaobei created a new Saint, the more help he would be.

“Mother Nuwa is number one! Although her cultivation was destroyed, she was once a true sage. As long as she has enough energy, she will not encounter any bottlenecks in her cultivation and will soon reach the half-step true sage realm. By then, as long as I acknowledge her, she can return to the sage position!”

Chen Xiaobei calculated.

in addition, Luo Yi, Tai Yi, and Emperor Jiang have been following me since the human world. When they reach the half-step true sage realm, I will give them three Sage positions!

“In addition, Xin ‘er has unlimited merit, the bloodline of a Saint, and the sky-mending Rock Demon body. She must be given a new Saint position!”

“This way, I still have four Saint positions left!” Chen Xiaobei continued to plan.

I already have true divine experts under me. I have Wen Daoist who is a peak true divine and Gu Moke who is a seven-star true divine ... However, these two people are not completely loyal to me. I can’t leave them in the beixuan great world ...”

“Don’t let your own fertile water flow into others’ fields! Just choose from my female confidants!”

xuanxin and Qingcheng are both working hard on their cultivation. Although their potential is not determined, I can help them reach the peak of Sage-to-be. I just need to give them some Qilin bones! These two Saint positions can naturally be secured!”

Clearly, both Liu xuanxin and song Qincheng had already greeted Chen Xiaobei back on Earth.

Chen Xiaobei could not forget about them.

Chen Xiaobei still had a piece of the profound Sage aquamarine Kirin bone in his hand.

Back then, Chen Xiaobei only needed a little bit to reach the level of a nine-star true Saint.

Therefore, it would not be difficult for Liu xuanxin and song Qincheng to reach the half-step true sage realm. There would still be a lot of Qilin bones left.

“There are only two Saint positions left ...”

Chen Xiaobei thought for a moment and said, “ the Grand Wizard Houtu has infinite merit. Although it was stolen by the demon master Kunpeng, I can use the law of merit to return the infinite merit to Houtu and give her a Saint position. It’s easy!

“As for this last position, who should I give it to ...”

Chen Xiaobei smacked his forehead and said, “ I almost forgot that Xiao ‘er has already become a Sage after devouring the primordial violet vapor’s energy! In this way, he would let it sit on this Saint seat first! It’ll be complete!”

In just a short while, all the Saint positions in the beixuan great world had been confirmed.

This once again showed the difference between Chen Xiaobei and the heavenly axiom.

The new Saint chosen by the heavenly Dao had to obey Him one hundred percent and sign a life-and-death contract under his control.

Therefore, it was extremely difficult for the heavenly Dao to choose a new Saint.

However, Chen Xiaobei was different. He could easily pick ten New Saints. If there were more Saints, Chen Xiaobei could continue to pick.

This was because Chen Xiaobei had chosen a new Saint not to control others, but because of the trust and friendship between them!

Chen Xiaoyi had always been a loyal person. These new Saints would never betray Chen Xiaobei even if they had to die. Even if they could never regain their freedom, they were willing to supply Chen Xiaobei with energy unconditionally!

Trust! Friendship!

This was the difference between Chen Xiaobei and the heavenly Dao!

This was where Chen Xiaobei was stronger than the heavenly Dao!

“Next, it’s time to officially start the Saint creation operation!”

[Red Envelope Group of the Three Realms](#)

Chapter 4055: The North Mystic Saint!

Chen Xiaobei started to act according to the pre-planned candidate for the Saint position.

Of course, this was only the first batch of Saints. In the future, when Chen Xiaobei expanded the beixuan world, there would be more Saints.

This was the difference between Chen Xiaobei and the heavenly axiom.

The heavenly Dao could not break through the law of space in Pangu world, so it could not upgrade Pangu world. As a result, there were only seven Saint positions under the banner of the heavenly Dao!

Chen Xiaobei, on the other hand, had the entire beixuan world under his control. As long as the world continued to grow in size, the number of sainthood positions would continue to increase.

Therefore, his companions such as the Daoist of many treasures, brother monkey, Holy Mother Jin Ling, the twelve ancestors of sorcery, and so on, all had the chance to become Saints in the future!

.....

The profound Sage Jade Qilin bone armor provided a strength breakthrough without any bottlenecks.

Fu Tian Xin ‘er and the God-grade sunlight cache had greatly shortened the time it took for her to break through.

After a period of time, half of the profound Sage Azure Kirin bone armor had been used up, and all the new Saint candidates had reached the half-step true sage realm.

After reaching this level, they only needed to gain the approval of Chen Xiaobei, the ruler of the world, to become Saints and become the top of the pyramid in the beixuan world.

From this moment on ...

Chen Xiaobei was the number one divine Lord in this world! Occupying the first Sage seat!

After that, sect master Tongtian, Taishang Laojun, zhunti, goddess nūwa, devil ancestor Luo Yi, East Emperor Taiyi, ancestor of sorcery Di Jiang, ancestor of sorcery Houtu, song Qingcheng, Liu xuanxin, Fu Tian Xin 'er, and twelve wings Golden Cicada came to guide Daoist Yin.

These people occupied the remaining 13 Saint positions!

He was known as the North Mystic Saint!

The guide was only temporarily kept. Now that he was locked up in the Holy jail, Chen Xiaobei could kill him with a single word and the new position would be taken by someone else.

Treasure Daoist, Holy Mother gold spirit, and Monkey King were all popular candidates.

Of course, there was a deeper reason why Chen Xiaobei did not kill jieyin.

With the new Sage in place, the beixuan great world began to operate normally.

the heaven Earth fetal membrane is too magical ...

In this macro world, all the living beings had their energy extracted every second. However, the amount of energy extracted was not much, so the people who were being extracted did not feel anything.

However, the number of living beings in this world was extremely large!

Just like how trillions of water droplets formed a vast ocean, the energy of the living beings in this world could also be described as ocean-like!

at this rate, I'll be able to accumulate enough energy to activate a peak Saint artifact within 30 days!

Chen Xiaobei was very excited and satisfied with the result.

One had to know that the energy required to activate a peak Saint weapon was extremely huge.

Back then, Chen Xiaobei could not even accumulate enough energy to activate the power of a pinnacle Saint item two or three times. And that was the amount of energy that the Saints had to spend countless years to accumulate.

At this moment, the heaven and earth embryo membrane could absorb enough energy to activate a peak Saint weapon's power once in thirty days!

This result was way beyond Chen Xiaobei's imagination.

Of course, the main reason was that the beixuan great world had twice as many Saint seats as Pangu great world.

From this, one could see how important sages were in this energy absorption system.

Even if there was only one new Saint, the total amount of energy absorbed would increase greatly.

For this reason, the way of heaven was reluctant to kill sect leader Tongtian and mother Nuwa. This would cause the way of heaven to lose a huge source of energy, and it would be lost every day.

Of course, apart from the number of New Saints, the level of The New Saints was also very important.

At present, in the beixuan great world, only sect leader Tongtian and the Grand Supreme elderly Lord were peak true sages, while zhunti was an eight-star true sage and Daoist jieyin was a nine-star true sage.

Other than that, all The New Saints, including Chen Xiaobei, were only one-star true saints!

Therefore, the rate at which the membrane was absorbing energy was far from its limit!

If all 14 bei Xuan Saints reached the peak Saint level, they would probably be able to absorb enough energy to activate the power of a peak Saint weapon in ten days.

If there was a Saint King at the Hongjun level among the Saints of North profound, he would be able to absorb the same amount of energy in one day.

This was also the reason why Chen Xiaobei did not kill the Daoist.

Although jieyin was not at his peak, he was already a nine-star true Saint. He could provide a lot of energy for Chen Xiaobei. If he did not kill him now, he could provide Chen Xiaobei with more energy every day.

If jieyin was killed and replaced by a new Saint, it would probably take 40 to 50 days to absorb the same amount of energy.

However, there was another reason why Chen Xiaobei did not kill jieyin.

“The situation in the beixuan realm has stabilized. I should make a trip to the Holy jail to clear up all my doubts and concerns!”

Chen Xiaobei gathered his thoughts and called for the prime of Tongtian, Taishang Laojun, Cundi and goddess Nuwa to go to the Holy jail together.

Chen Xiaobei’s concern was, of course, related to the jieyin Taoist.

Chen Xiaobei’s suspicion was related to the three strangers in the Holy jail.

Of course, there were still the ancestral Dragon, primordial Phoenix, and the beginning Qilin locked up in the Holy jail. If they could become allies, it would be a great help to Chen Xiaobei.

Therefore, this trip to the Holy jail was very important to Chen Xiaobei. He had brought the four leaders of the northern Mystic world with him.

Chen Xiaobei used the Dao ancestor’s token that Hongjun had left behind to open the Holy jail.

The group entered together.

First, Chen Xiaobei awakened the ancestral Dragon, the primordial Phoenix, and the origin Qilin.

They did not know who Chen Xiaobei was, but they knew who the prime of Tongtian, Taishang Laojun, Taoist Cundi, and goddess Nuwa were.

“Why are you guys here? Is the heavenly Dao finally going to kill us? Good! Very good! Give your father a quick and painless death!” Zu Long’s eyes were wide open and he was filled with killing intent.

don’t misunderstand. We’ve already gone against the heavens and the Dao. We’ll never rest until we die! Taishang Laojun pointed at Chen Xiaobei and said, “ this is Chen Xiaobei. He created the beixuan realm. Now, we’re All Saints of beixuan!

the North Mystic Sage?! Yuan Feng’s beautiful eyes squinted and she was skeptical. you used to be heavenly path sages, and now you’re North Mystic sages. It’s just a change of name. What’s the Difference? ”

As they were both women, mother Nuwa explained seriously, “ our North Mystic Divine Lord Chen Xiaobei is a descendant of the Saint pan clan. The heavenly Dao wants to enslave all living beings, but the North Mystic Divine Lord wants to free them! This is the biggest difference!”

Saint pan clan!? The origin Qilin was stunned and said in surprise, “ is this true?!

“Of course it’s true!” Chen Xiaobei summoned the Saint devouring axe in his left hand and the Pangu chaos mark in his right.

There was no need to explain!

Chapter 4056: Three great geniuses!

“Right! That’s right! This is indeed the aura of the ancestral Saint Pangu!”

The ancestral Dragon, the primordial Phoenix, and the beginning Qilin were all Saint beasts born from Pangu. It could be said that they had the blood of the Saint pan clan in their bodies, so they had a strong sense of familiarity with the Saint pan Dao devouring axe and the chaos mark.

Blood was thicker than water!

Blood relations were something that could never be cut off!

can we talk about that secret now?! what’s wrong? ” zu long asked with a complicated look.

“Sure!” yes! the beginning Qilin nodded heavily and said, “ the sacred Lord of North profound is the legendary reincarnator of Pangu! The new Pangu! He is the hope of the Saint pan clan!”

huh?!

Chen Xiaobei was surprised. “How do you know about reincarnators of Pangu? Could it be that you’ve been to the heavenly Saint realm?”

No... We’ve never been to the heavenly Saint land ...

yes! Yuan Feng composed herself and said, “ North Mystic sacred Lord might not believe this, but the three of us have all entered the same dream!

“The same dream? Did you have the same dream?” Chen Xiaobei was puzzled. This sounded very strange.

“Right!”

it’s not strange if it’s only one person who had this dream, ” Yuan Feng continued. but the three of us had the same dream at the same time. This is no coincidence!

“What kind of dream was it?” Chen Xiaobei asked curiously.

in our dream, we came to a special world. There, we met the ancestral Saint Pangu. He told us that when the fourth immeasurable catastrophe comes, a new reincarnator of Pangu will appear!

yes, ” Yuan Feng said. ancestral Saint Pangu told us to lead the reincarnators to the place in the dream. There will be a huge opportunity there! This is our mission! This is also our destiny!”

“Later on, the heavenly Dao wanted to create a new heavenly Dao Sage, so it found the three of us. Because of the mission we had to carry, we rejected the heavenly Dao! The heavenly Dao was worried that we would become a threat in the future, so it captured us and locked us up here!”

Obviously, Yuan Feng didn’t lie.

First of all, the three of them couldn’t make up the term ‘reincarnator of Pangu’.

Secondly, the three of them would rather be imprisoned than become The New Saints of the heavenly path. It could be seen that they had long recognized the nature of the heavenly path.

In conclusion, the three of them had indeed received enlightenment from the Saint pan clan, which was why they knew the truth!

“Alright! Since that’s the case, we’re all on the same side!” let them go, Xiaobei. Tongtian laughed heartily. then, ask them to tell you where the place in the dream is.

The older the ginger, the spicier it was!

Sect master Tongtian didn’t care whether Yuan Feng was telling the truth or not. He had to get the most important information first.

After all, the ancestral Dragon, the origin Phoenix, and the Kylin were only peak-level Sage-to-be. They couldn’t fly out of the five-finger Mountain of sect leader Tongtian.

Of course, Chen Xiaobei knew the truth, so he was not worried that the other party would play any tricks.

Whoosh ... Whoosh ... Whoosh ...

With a thought, Chen Xiaobei released the chains that bound the ancestral Dragon, primordial Phoenix, and the Qilin.

“Thank you, North Mystic sacred Lord!”

Zu long, Yuan Feng, and Shi Qilin immediately thanked him and then said, " the place in our dream realm is called the 'primordial chaos heavenheart'. We don't know its exact location, but we can confirm that it's not in this world!

"What? You're not sure?" Sect master Tongtian slightly frowned and became alert.

It was indeed not enough to win people's trust without any evidence. It was reasonable for sect leader Tongtian to be suspicious.

"Don't worry, master!"

"I'm sure that the three of them didn't lie!" Chen Xiaobei said. Moreover, there was indeed a heavenly Saint realm beyond this world! I'll bring them to the heavenly Saint land later. Maybe we'll be able to sense the dream realm!"

"Good! Since you're sure, then we'll do as you say!" The prime of Tongtian nodded. He had absolute trust in Chen Xiaobei.

"Please wait here for a moment, I'll go and see the other three strangers!" Chen Xiaobei said.

Then, everyone's eyes turned to the other side.

At this moment, there were still four people locked up in the Holy jail. Other than the Daoist, there were three other strangers.

At least, Chen Xiaobei, the prime of Tongtian, Taishang Laojun, Cundi, and goddess Nuwa did not know these three people.

"It's them?"

However, at this moment, the ancestral Dragon, the primordial Phoenix, and the origin Qilin seemed to have recognized the three strangers.

"Who are they?" Cundi asked curiously.

"These three people have all appeared in our dreams!" Zu long said,"the one on the left is called LAN Shunyi!" The person on the right was called Luo Tianzhou! The one in the middle is called Ji jinlian!"

Everyone looked over one by one.

On the left, LAN Shunyi and on the right, Luo Tianzhou were both middle-aged men with dignified appearances. They were dressed in brocade robes and exuded an air of nobility. They were like emperors of the world. Even in a state of unconsciousness, they still had an imposing aura that made people not dare to look directly at them!

The one in the middle was called Ji jinlian. She was an extremely beautiful woman. Her face was extremely beautiful, and her figure was impeccable. She was wearing a red dress inlaid with gold, showing off her noble and graceful aura of a Queen!

There was no doubt that the status of these three people was very high.

Of course, this was nonsense. If he was an ordinary person, he would not have the right to be locked up in the Holy jail by the heavenly Dao.

“LAN clan ... Luo clan ...”

Chen Xiaobei’s attention was no longer on Ji Jinchuan, but on Luo Tianzhou and LAN Shunyi.

Obviously, the LAN clan and the Luo clan were the earliest powerful clans in Pangu great world.

Chen Xiaobei did not know much about the LAN family.

However, the Luo clan, known as the Saint Duke, was once extremely powerful. Because they threatened the heavenly way, they were almost exterminated.

Later on, by chance, the Saint Duke clan escaped from Pangu great world and entered the otherworldly Saint realm.

The LAN clan’s situation was unclear, but it was probably similar to the Saint Duke clan. They had a foothold in the heavenly Saint realm as well.

“Don’t tell me that Luo Tianzhou and LAN Shunyi are the ancestors of the two races?” Chen Xiaobei asked.

No... Taishang Laojun shook his head decisively, “ I’ve seen the ancestors of these two clans, but they’re not these two people. I’ve never even heard of their names!

At the same time, sect leader Tongtian, Taoist Cundi, and goddess Nuwa also shook their heads slightly. They did not know these two people either.

“Who are they?” Chen Xiaobei asked.

“These three are known as the top three geniuses in Pangu great world!” The ancestral Dragon said. When they were caught, they weren’t famous, so not many people knew them!”

“Three great geniuses?”

“Why did the heavenly axiom catch them?” Chen Xiaobei asked. Moreover, according to the time, they had already been imprisoned for trillions of years? And how did you know them?”

[Red Envelope Group of the Three Realms](#)

Chapter 4057: The awakening of Chang 'E!

“I got to know them through that dream!”

yes, ” zu long said. their faces and names appeared in the dream world, but there was no specific information in the dream world! So, I don’t know why the heavenly Dao wants to capture them ...”

it’s that dream again ... Chen Xiaobei frowned.

After some thought, Chen Xiaobei said, “ “However, I can now confirm that the primordial chaos Heaven’s Heart in the dream realm is in the Beyond heaven Holy Land! That was because the LAN family and Saint Duke were both there! As for the Ji clan, they most likely have a clan in the heavenly Saint realm to continue their lineage!”

since the ancestral Dragon and the others don't know the inside story, the only way is to wake these three people up! Cundi said.

"No! Wait a minute!"

Sect leader Tongtian's eyes narrowed, and he said solemnly, "These three aren't the ancestors of the three clans. When they were captured, they were just unknown young people! In other words, their cultivation wouldn't be too high, and their lifespans wouldn't be too long! If his lifespan is exhausted, I'm afraid he won't be able to wake up!"

"What if their lifespans are the same as the heavens and earth?" Chen Xiaobei asked.

"The lifespan of the heavens and earth is not unlimited! This is because you use the netherspirit battlescouter to measure people's lifespans! When the level of the battle eye is low, it can't display large numbers, so it's described as the same age as the heavens and earth!"

Sect leader Tongtian said, "besides, since heaven and earth have the same lifespan, it has a fixed lifespan! Otherwise, the netherspirit battlescouter would have shown that one's lifespan should be endless, not as long as the heavens and earth!"

"Since the heavens and earth have a lifespan, then what is this number?" Chen Xiaobei asked.

the lifespan of this world is the same as that of you, the North Mystic sacred Lord! "As long as you don't die, this world can exist forever!" Sect leader Tongtian said.

I see ... Chen Xiaobei nodded, finally understanding.

The 'live as long as the heavens and earth' displayed by the netherspirit battlescouter actually had a specific number of years.

However, the level of the battle eyes was too low to display such a huge number. Therefore, it was described as 'heaven and earth live together'!

In other words, the waiter and Xin'er of the past, as well as all the true saints and even Saint Kings of the present, all had a limited lifespan!

Even heavenly venerates at the heavenly Dao level and Supreme Chaos who were higher than the heavenly Dao would have a limited lifespan!

Of course, it was extremely difficult to level up above the Saint realm. However, after the level up, one's lifespan would increase greatly. Therefore, the higher the level, the longer one's lifespan would be. It could even be infinitely long!

"Actually, I feel that we don't need to care about the age of these three people!" "The heavenly Dao has imprisoned them here, which means they're still alive!" The origin Qilin said. If he's dead, why continue to imprison him!"

that's true, but I still feel that it's a bit inappropriate ... sect master Tongtian frowned slightly.

In fact, sect leader Tongtian also knew that the three of them were most likely alive.

The reason why he raised the question was that he was worried about waking up the three people.

He had a feeling that the reason behind the imprisonment of these three people was definitely not simple!

After all, everyone who was locked up in the Holy jail was in a state of deep sleep and had no idea what was happening around them.

Therefore, sect master Tongtian, ancestor Dragon, primitive Phoenix, and the beginning Qilin didn't know what the way of heaven and Hongjun had done to these three people.

"Master, don't worry!" I've already injected a lot of energy into Pangu's chaos seal to wake them up. Even if there's something wrong, I can handle it! Chen Xiaobei said.

hmm ... sect leader Tongtian nodded and said, "Since you've decided, then we'll do as you say!"

"Alright!"

Chen Xiaobei waved Hongjun's ancestral Saint token and woke the three of them up.

"Uh ... Uh ah ..."

Soon, the three of them let out painful, dry sobs.

They slowly opened their eyes, and there was a strange nine-colored holy light in their eyes.

Their eyes were empty, and their expressions were dull. They were like three walking corpses whose souls had been sucked out of them. They stood there in a daze, not saying a word.

they seem to have lost their minds ... mother Nuwa's bright eyes narrowed as she asked in confusion, "They seem to have a familiar aura!"

"It's Hongjun's aura!"

Cundi's eyes were wise as he said solemnly, "If I'm not wrong, they should have been hit by the 'Holy Phoenix great curse'! His heart has been eroded by the curse and he has become a puppet that listens to Hongjun!"

"His heart has been eroded?" Chen Xiaobei's mind went blank as he thought of a poor girl.

Chang 'e fairy was once controlled by the Queen Mother's evil spell, and her heart was also eroded by the evil force ... "Unfortunately, I still haven't been able to find the river of forgetfulness Saint crystal ..."

the river of forgetfulness Saint crystal!?

At this time, the Grand Supreme elderly Lord stood up and said in a deep voice, "This sacred object has always been in my hands! Millions of years ago, I found it when I was traveling the world, and I've been keeping it in my storage space ever since!"

this ... Chen Xiaobei was surprised."That's great! There's hope for fairy Chang 'E!"

There was no doubt that Chang 'e was caught by the Queen Mother because of Chen Xiaobei.

That was why Chen Xiaobei had always felt guilty.

In order to save Chang 'e, Chen Xiaobei did not care about the price he had to pay. He wreaked havoc in the heavenly court and even destroyed the entire continent.

However, even though Chang 'e had saved her, the evil force in her heart could not be dispelled.

To this day, she was still like a Living Dead person. She had no consciousness, no thoughts, and no emotions.

Every time he thought of her, Chen Xiaobei would feel terrible.

Now, he could finally untie this knot in his heart.

“Whoosh ...”

Taishang Laojun's mind moved, and he directly took out a reddish-brown crystal!

A reddish-brown spiritual light flowed slowly in the crystal. Like the water of the river of forgetfulness, it could wash away one's sins and wash away the dust of the past life!

“Whoosh ...”

Chen Xiaobei immediately brought Chang 'e fairy out.

“Let me do it!”

Chen Xiaobei took the river of forgetfulness Saint crystal from Taishang Laojun and injected his own Saint Qi into it.

“Chi ... Chi!”

In the next moment, a mysterious spiritual light burst out of the river of forgetfulness Saint crystal and enveloped fairy Chang 'e.

The spiritual light flowed like a waterfall and washed away the evil power in Chang 'E's body.

Now that Chen Xiaobei was a true Saint, his powerful Saint Qi pushed the power of the river of forgetfulness Saint crystal to its maximum and quickly removed all the evil force.

“Mm ... Mm? “What ... What is this place?” Who ... Who are you people?”

Fairy Chang 'e slowly opened her beautiful eyes that were as bright as diamonds, and her beautiful face was filled with confusion and surprise.

[Red Envelope Group of the Three Realms](#)

Chapter 4058: Overbearing!

Obviously, Chang 'e had lost consciousness after being cast with the sorcery. She had no idea what happened after that.

Even though they had known each other for a long time, Chang 'e had just regained her consciousness, so this was the first time she was seeing Chen Xiaobei.

Coupled with the atmosphere of the Holy jail, fairy Chang 'e felt very nervous.

“Who ... Who are you?”

Looking at Chen Xiaobei, Chang ‘e was confused, nervous, and shy.

“I’m Chen Xiaobei!” Chen Xiaobei was amused by Chang ‘e fairy’s adorable look.

you ... You ... You are God Chen?!

Fairy Chang ‘e was stunned for a moment, and she pursed her little mouth doubtfully. After all, she had been persecuted by the Queen Mother, which made her very vigilant and not dare to trust others easily.

“Take a look at what this is.”

Chen Xiaobei took out an exquisitely-embroidered sachet.

“This ... This is a seven-treasure fragrance pouch! You ... You’re really God Chen!”

Fairy Chang ‘E’s face was immediately filled with surprise, and her already beautiful face revealed a smile that was enough to stun all living beings. She was simply too beautiful.

Obviously, this seven treasures fragrance pouch was personally embroidered by fairy Chang ‘e, needle by needle, and no one could fake it.

“Now you can finally believe me, right?” Chen Xiaobei grinned.

“This fragrance pouch ... You ... You always carry it with you?” Chang ‘e fairy lowered her head slightly and pursed her lips, looking shy.

“Of course! I’ve always brought this sachet with me. How could I not bring something you gave me?” Said Chen Xiaobei with a smile.

Chen Xiaobei had been carrying this perfume satchel with him since earth.

However, this sachet did not have any special abilities, so it was not used much in the later stages.

as ... As long As You Like It ... Chang ‘e replied in a voice as soft as a mosquito’s, and her face began to turn red and hot.

Seeing this scene, the surrounding people revealed a smile that had a deeper meaning.

Even a blind person could tell that Chang ‘e had feelings for Chen Xiaobei, and the seven treasure fragrant pouch was his token of love.

Chang ‘e was elated to see that Chen Xiaobei always had the sachet with him.

However, Chang ‘e was very thin-skinned, and her face became even redder as everyone grew younger. She was like a gorgeous flower, beautiful and exquisite!

Chen Xiaobei was a little embarrassed to be surrounded by so many elders. we still have something to do here. How about I send you out to rest first? ”

“Good ... Good!” Fairy Chang ‘e nodded quickly, as if she had been granted Amnesty.

When they were about to leave, Chang 'E's eyes finally moved from Chen Xiaobei to the people around them.

Taishang Laojun, sect master Tongtian, goddess Nuwa, and Taoist Cundi!

The four of them were all Supreme Saints!

Not to mention Chang 'e, even the Jade Emperor and Queen Mother would have to pay their respects to these four!

"This ... This ..."

Chang 'e fairy was so scared that her face changed dramatically, and her legs even went soft, making her want to kneel down and worship.

"No need to be so formal!"

" since you're Xiaobei's girlfriend, you're family from now on. There's no need to kneel! goddess nüwa said kindly.

"This ..."

Fairy Chang 'e was dumbfounded.

Becoming family with a Saint?

Wasn't this a little too crazy? Am I dreaming?

"Don't just stand there, it's all true! Mother nüwa is like my big sister, so just listen to her!"

Chen Xiaobei grinned and looked at little Chang 'e lovingly.

"This ... This, this, this ..."

Chang 'E's beautiful eyes were wide open, staring at Chen Xiaobei in shock.

They could not even imagine how Chen Xiaobei had managed to form such a close relationship with a Saint.

This was simply inconceivable!

However, little Chang 'e would never have thought that Chen Xiaobei was now the most powerful divine Lord in the beixuan great world! In terms of status and power, he was definitely above all the North mystic saints!

If he were to tell little Chang 'e the truth, this little girl would probably be scared to death!

"Let's go. I'll send you out first and come back to accompany you later!"

Chen Xiaobei knew that he had too much information to process. He needed to give little Chang 'e some time to accept it and get used to it.

So, Chen Xiaobei sent little Chang 'e out of the Holy jail and arranged for Fu Tian Xin' er to bring little Chang 'e around the northern Mystic world. She also told little Chang' e about what had happened recently.

Then ...

Chen Xiaobei returned to the Holy jail.

At this moment, everyone's face revealed a different expression.

Everyone's eyes were focused on the river of forgetfulness Saint crystal.

Everyone present was smart. Without saying anything, everyone had already thought of a way to break the situation.

"I'll try! I hope the Saint crystal of the river of forgetfulness can remove the 'great curse of the Holy Phoenix' left by Hongjun!"

Chen Xiaobei had already thought of this.

"Whoosh ..."

Just like before, Chen Xiaobei activated his Saint vitality and injected it into the river of forgetfulness Saint crystal. He used his special ability to try to cleanse the curse power from the three people's bodies.

Of course, this was only an attempt. No one knew if it would work.

After all, it was Hongjun who had cast the Holy Phoenix great curse technique. As long as the curse reached the level of a Saint King, the Saint crystal of the river of forgetfulness would be completely ineffective.

"Whoosh ..."

But soon, Chen Xiaobei's face lit up with joy. "It's effective! The curses in their bodies are only at the peak true Saint level and can be removed with the Saint crystal of the river of forgetfulness!"

It was obvious that the three people who were locked up were not very powerful.

Furthermore, they would never be able to reach the Saint King level.

Therefore, Hongjun didn't need to cast a Saint King level curse. It would be enough to use a peak true Saint level curse, which would save a lot of energy.

"Let your master do it!"

At this moment, sect master Tongtian stepped out.

"Thank you, master!"

Chen Xiaobei gave the Saint crystal to the prime of Tongtian.

Although Chen Xiaobei had become a saint, he was only an early stage one-star true Saint. Even if he used up all his Saint Qi, he would not be able to remove a peak true Saint level curse.

Sect leader Tongtian was a peak true sage!

Without using any magic weapons, sect leader Tongtian was even more powerful than honored Lord of the origin.

Whoosh ... Whoosh ... Whoosh ...

As soon as sect leader Tongtian attacked, his Saint Origin Energy poured into the river of forgetfulness Saint crystal like a tsunami.

Three beams of light shot out from his body and enveloped the three men.

“Uh ... Um ... This ... Where is this?”

Soon, the three of them woke up one after another and looked around in confusion.

The environment of the Holy jail was extremely unfamiliar to them, and they didn't know anyone around them.

However, the three of them did know each other.

The two middle-aged men, Luo Tianzhou and LAN Shunyi, looked at each other. “Why are we being locked up here? What's going on?”

“Shut up!”

At this moment, Ji Jinlu's bright eyes turned cold and she exuded a strong pressure.

Luo Tianzhou and LAN shun swallowed their saliva and shut their mouths at the same time. They didn't even dare to breathe.

“Interesting!”

Chen Xiaobei raised his eyebrows and looked at the domineering woman with interest.

[Red Envelope Group of the Three Realms](#)

Chapter 4059: must fight!

“You little brat! Why are you staring at me?”

Ji Jinlu's eyes were wide open, and a strong will to fight burst out of her. If not for the chains on her body, she would have attacked Chen Xiaobei.

“Don't be nervous, I'm just a little curious ...” He said.

why? ” Chen Xiaobei raised his eyebrows and said, ” the three of you are the top geniuses in the untainted land. How did you, a woman, make them shut up? ” You don't even dare to breathe?”

Luo Tianzhou and LAN Shunyi's expressions turned ugly. They were extremely embarrassed.

“Top genius? They're not worthy!”

“No matter if it's back then or now, I alone can beat the two of them to a pulp!” Ji jinlian said disdainfully.

Luo Tianzhou and LAN shun's faces turned red, but they couldn't refute.

It was obvious that Ji jinlian's strength was far beyond their own. They had no reason to refute her, and they did not dare to.

"Back then? Now?"

Chen Xiaobei raised his eyebrows and asked, "Do you know your current situation?"

Apparently, those who were locked in the Holy jail were all in a state of unconsciousness. The three of them had just woken up, so theoretically, their memories should be fixed at that time.

However, Ji jinlian's words reflected that she knew that things were no longer the same as before.

Moreover, the three of them were far more powerful than they were back then.

In other words, it was possible that Ji jinlian and the other two knew what had happened in the past few years.

As long as Ji Jinlu was willing to answer, all her questions would be answered.

"Why should I tell you?"

However, Ji Jinlu was not a woman who would just let things slide. She glared at Chen Xiaobei and did not give him any face.

Since Ji Jinlu did not say anything, Luo Tianzhou and LAN Shunyi naturally kept their mouths shut.

"As long as you cooperate, I might be able to return your freedom!"

Chen Xiaobei smiled and waved the Dao ancestor token in his hand.

Upon seeing the token, Ji Jinlu, Luo Tianzhou, and LAN Shunyi all revealed shocked and complicated expressions.

you even know Hongjun!

Oh? " Chen Xiaobei raised his brows and said, " it seems like you guys haven't been sleeping all these years! In other words, Hongjun would wake you up from time to time, do something to you, and say something to you!"

Silence!

Ji jinlian and the other two were left speechless!

Of course, although he did not say anything, he did not deny it either.

This meant that Chen Xiaobei's speculation was correct. They knew everything that had happened all these years.

"Little brat! Who the hell are you? Why is there a daofather medallion?" Ji Jinlu asked solemnly.

She had thought that Chen Xiaobei was Hongjun's descendant, but Chen Xiaobei had called Hongjun by his full name and did not know what had happened all these years.

Therefore, Ji Jinlu denied her previous conjecture.

She was certain that Chen Xiaobei was not Hongjun's descendant. In fact, Chen Xiaobei and Hongjun were probably enemies. Otherwise, Chen Xiaobei would have addressed Hongjun as 'Dao ancestor' and would have heard about what happened back then.

"To be honest, I'm the Supreme sacred Lord of the beixuan great world!"

I've reconstructed Pangu world. I've turned three realms into four, and created a new beixuan world! I have expelled Hongjun. Without my permission, he can never come back!"

how ... How is this possible?! Ji Jinlu was dumbfounded.

Luo Tianzhou and LAN shun could not believe what Chen Xiaobei had just said.

"The Dao ancestor token is in my hands. How can this be false?" if you cooperate, I'll set you free. I'll take you out of this holy jail and let you see how wonderful the beixuan world is! Chen Xiaobei said.

this ... Luo Tianzhou and LAN shun wavered when they heard this.

It was obvious that they had been locked up for more than a trillion years. If one of them was unconscious, such a long time would not be a problem.

However, their market would wake up, and the long period of time would be a huge physical and mental torture for them.

After such a long time, they longed for freedom more than anyone else.

If what Chen Xiaobei said was true, they were willing to cooperate with him.

"You two, don't talk!" However, the beautiful woman Ji Jinlong furrowed her brows and said with an extremely unyielding aura, "If he wants to know the truth, he'll have to defeat me!"

Oh ... Luo Tianzhou and LAN Shunyi immediately shut their mouths, not daring to say a word.

The two men were actually so terrified.

One could only imagine how badly they had been beaten up by Ji jinlian back then!

As a result, they could not even lift their heads in front of Ji jinlian, let alone have any right to speak.

"You two are really too cowardly!"

I don't care! Chen Xiaobei laughed. tell me the truth, and I'll let you two go. If I don't let this b * tch go, everything will be fine!

Oh ... Oh ... Luo Tianzhou and LAN Shunyi were both embarrassed and did not dare to speak.

"Ha, you're dreaming!"

"I'm the only one who knows the truth back then!" Ji Jinlu sneered. The two of them didn't know much, and in the end, you still had to ask me! If you let me go after asking, what good will come of them?"

“It seems that you still want to be let go. Then why are you unwilling to cooperate with me?” Chen Xiaobei frowned.

“My Ji clan is the descendant of the Saint Emperor! You don’t know anything about the pride of a Sage Emperor!”

Ji jinlian’s eyes were cold and she said arrogantly, “Now, you’re using freedom to threaten me to cooperate. Even if I die, I won’t yield! However, if you can defeat me, you can win my respect. I swear in the name of the sage Emperor that I will not deceive you!”

this ... Chen Xiaobei was helpless.

It was true that when the forest was big, there were all kinds of birds! If they cooperated well, they would be free, but they still wanted to fight!

But then again, there were countless beliefs and orthodoxies in the great thousand world.

Different tribes had different codes of conduct.

Ji jinlian’s Code of Conduct could only be described in one word ...

Battle!

Threats would not make her yield. Only the strong could win her respect.

“Good! Then I’ll have a fight with you!”

but, I have to tell you that I’m an early one-star true sage. Do you think we still need to fight?” Chen Xiaobei said.

Obviously, all the Saint positions in the beixuan great world had been distributed.

Ji jinlian and the other two were all below the Saint level.

Even if there were 100 million Ji jinzis, Chen Xiaobei would not be able to defeat them.

early-stage one-star true sage?”

“Forget it, I don’t want to bully you!” Ji jinlian sighed. If you can defeat LAN Shunyi, the weakest of the three of us, I will tell you the truth!”

Chapter 4060: Transformation, pseudo realm!

“What?”

Ji jinlian’s words shocked the entire audience.

Not only Chen Xiaobei, but the people around him, including the prime of Tongtian, were also confused.

Now, it was clear that Chen Xiaobei was a one-star true Saint, while Ji Jinlu and the other two were below level-up.

The battle between the two sides had no suspense at all.

But!

In such a situation, Ji Jinlu said that she did not want to bully Chen Xiaobei and let the weakest LAN Shunyi fight Chen Xiaobei?

What the hell was this?

Completely unable to be understood with common sense? It was simply ridiculous!

“Little brat! Do you have the guts to fight me?”

LAN shun immediately regained his energy and glared at Chen Xiaobei.

This was really too strange!

How dare an ant below Saint level challenge Chen Xiaobei!

Wasn't this courting death?

“What ... What is going on?”

Chen Xiaobei was dumbfounded. He could not understand what his opponent was trying to do.

“Kid? Are you scared?” Ji jinluan's eyebrows twitched, and her beautiful face revealed a deep look of disdain.

“Oh? That's impossible!” Chen Xiaobei's face turned cold.

If Chen Xiaobei did not get back at the beautiful woman who looked down on him and provoked him, he would lose all his face as the sacred leader of North Mystic.

“Xiaobei! I'm afraid there's something fishy about this matter. Let me fight in your place!” Taoist Cundi stood up.

It was clear that Cundi was very smart and cautious. He did not want Chen Xiaobei to take the risk.

“This senior! Do you have the face to accept the challenge?”

Ji Jinlu glanced at Taoist Cundi and said disdainfully, “A strong person who can earn my respect must be the best among those of the same level! As an eight-star true sage, you are bullying the weak. I will only laugh at you!”

“Heh, you're underestimating us!”

“The Ji clan is a proud clan, we don't care about conspiracies and tricks!” Ji jinlian said coldly. Besides, I'm still chained up! If LAN shun were to play any tricks, would you still let me go?”

this ... Taoist Cundi was instantly speechless.

Obviously, Ji jinlian's words were very reasonable. Using schemes and intrigues was no different from committing suicide.

Therefore, this battle was a real challenge. There were no unnecessary calculations.

In Ji jinlian's words, only the best of the best could win her respect.

“Same rank?”

Chen Xiaobei suddenly realized something and said, “So you’re saying that LAN Shunyi’s cultivation base is the same as mine?”

The crowd immediately understood what he meant.

The reason why Ji Jinlu wanted to challenge Xiaobei was that sect leader Tongtian, Taishang Laojun, and Taoist Cundi were all too powerful! As for the ancestral Dragon, the primordial Phoenix, and the origin Qilin, they were too weak!

Chen Xiaobei and lady Nuwa were the only two one-star true saints.

On the other hand, mother Nuwa was a woman with a gentle and dignified temperament and a kind smile on her face. Ji jinlian could not give her any face.

Therefore, Ji Jinlu had targeted Chen Xiaobei.

At the same time, it could be seen that Ji jinlian’s strength was probably above Chen Xiaobei’s. That was why she said that she did not want to bully Chen Xiaobei.

Everyone present was smart and could understand this.

However, the crowd couldn’t understand. Where did Ji jinlian and LAN Shunyi get their Saint level strength from?

“Zzzzzzzzzzzz ...”

But then, Chen Xiaobei released the nine-colored chains on LAN Shunyi.

“I accept this battle!”

Chen Xiaobei looked at her and said, “I’ll fight LAN shun one-on-one, and you’ll set the rules! I’ll set the conditions, is that fair enough?”

“Fair!”

Ji jinlian’s Red lips curled up and she sneered, “The two of you are not allowed to use external forces in a one-on-one battle! Dharma Treasures, Dharma arrays, Dharma talismans, and spirit beasts were all forbidden! There are no restrictions on other abilities!”

“No problem!”

if LAN shun wins, I’ll let the three of you out of the Holy jail. If I win, you’ll tell me everything! Chen Xiaobei said.

“Deal!” With the attitude of a big sister, Ji jinlian immediately made the decision and settled the matter.

Then, the surrounding people retreated to a certain distance.

Chen Xiaobei and LAN Shunyi were standing face to face at the center of the Holy jail.

“Kid!”

LAN shun became serious and said, "to be honest, although I'm not a true divine, I have the power of a true divine!" Although I can't be compared to that monster Ji jinlian, I am still one of the top geniuses of the ancient era!"

"If you want to fight, then fight. Why do you have so much nonsense to say?" Chen Xiaobei said.

"No, no, no! This is not nonsense!"

LAN Shunyi said, "you can't win this battle. You'll have to let the three of us go in the end!" I don't want to hurt you, so you'd better admit defeat now! Isn't it good for everyone to be in harmony?"

"Heh, it's impossible to admit defeat!" of course not! Chen Xiaobei laughed. but, I can promise you that I won't hurt you!

"Alright, since you insist on a battle, then come!" LAN Shunyi's gaze focused, and the immortal essence all over his body began to circulate.

Note that he was using immortal essence and not Saint essence.

This meant that he had not upgraded his cultivation.

"Isn't this just looking for death?" Zu long frowned and looked at LAN Shunyi as if he was looking at an idiot.

The origin Qilin and Yuan Feng were also confused.

"It's the pseudo realm!"

However, at this moment, sect leader Tongtian, Taishang Laojun, Taoist Cundi, and goddess Nuwa exclaimed almost in unison.

this LAN shun has an extremely strong bloodline ability. He has actually stepped into the true sage false realm!

"Whoosh ..."

Sure enough, although LAN Shunyi's whole body was circulating celestial core power, the power fluctuations around his body had clearly reached the early stage of one star Saint realm!

That's right!

Just like Chen Xiaobei, he could also use his bloodline power to enter the pseudo state!

No wonder he was so confident, and even wanted Chen Xiaobei to admit defeat. He had real strength!

"That's not right ..."

"I've heard of the LAN family, but I've never heard of them having such a bloodline ability!" The Grand Supreme elderly Lord frowned.

it's not just the LAN family that doesn't have it. sect leader Tongtian frowned and added, " in this great world, other than the ancient witch Dragon, no other race's bloodline has the ability to enter the pseudo realm!

Chen Xiaobei's witch Dragon bloodline came from a drop of witch dragon blood given to him by the prime of Tongtian.

Therefore, sect leader Tongtian knew the effect of the witch Dragon's nine transformation the best.

The witch Dragon was dead, and Chen Xiaobei was the only person in the world who had the witch dragon's blood.

In other words, other than Chen Xiaobei, no one else in this world should be able to reach the pseudo-realm of cultivation.

However, at this moment ...

LAN Shunyi did it!

He was not a true sage but he had stepped into the pseudo true sage realm!

More importantly, the pseudo realm wasn't lan Shunyi's full strength!

This battle was indeed not simple!
