[Red Envelope Group of the Three Realms](#)

Chapter 4061: 100 times more power!

“Amazing! He could actually step into the true sage pseudo-realm! No wonder you’re so confident! If you have true ability, you’re tough!”

Chen Xiaobei grinned. He did not seem to mind.

When it came to the ability to enter the pseudo state, LAN Shunyi paled in comparison to Chen Xiaobei.

Chen Xiaobei’s witch Dragon bloodline had evolved into the demonic divine bloodline after the first bloodline enhancement. It had also evolved into the ancestral divine bloodline after receiving Pangu’s blood essence.

In theory, as long as he had enough lifespan, Chen Xiaobei could even step into the heavenly chaos realm, which was the same level as the heavenly Dao.

Even if he did not have much time left, Chen Xiaobei could still enter the pseudo-Saint King realm.

So, at this moment, in front of Chen Xiaobei, LAN Shunyi’s special ability was just a joke. It did not matter.

However, LAN Shunyi and the others did not know how deep Chen Xiaobei’s Foundation was.

LAN Shunyi thought that Chen Xiaobei was afraid and laughed smugly, “Heh, since you’ve already seen that I have the power of a true sage, are you still not going to surrender? You must know that other than the pseudo realm, I also have the LAN family’s super strong special ability!”

It was obvious that the LAN clan, Saint Duke clan, and the mysterious Ji clan were persecuted by the heavenly Dao because they had outstanding abilities that could even threaten the heavenly Dao!

At this moment, LAN Shunyi had only stepped into the pseudo realm, and had yet to use the LAN family’s special ability.

In other words, LAN shun could easily gain the upper hand in a battle of the same level with his special ability. So, he was still very proud and wanted Chen Xiaobei to surrender.

“Kid!”

“I’m not afraid to tell you that LAN Shunyi’s talent is extremely high. Back in the day, the strength of his special ability was extremely terrifying in the LAN family. He was basically invincible among his peers!”

It was obvious that before LAN Shunyi was captured, he was the top genius of the LAN family clan, second to none.

One could imagine that with the combination of the true sage pseudo-realm and his powerful special ability, an ordinary early one-star true sage would not be his match at all. They would not even be able to take one move from him!

So, Luo Tianzhou was not trying to scare Chen Xiaobei. He was just telling the truth.

After all, in Luo Tianzhou's eyes, Chen Xiaobei was just an ordinary true divine who had just broken through not long ago. There was no way he could be a match for LAN Shunyi.

"Little brat! According to your promise, you should release us!" Ji Jinlu did not waste her breath. She gave Chen Xiaobei a disdainful look with her black eyes and said in a commanding tone.

Obviously, Ji Jinlian's opinion was the same as Lan Luo's.

In her eyes, Chen Xiaobei had no chance of winning.

"You're really long-winded!"

Suddenly, Chen Xiaobei made his move.

The other party had said a lot, but Chen Xiaobei did not refute at all.

He would attack directly and fight if he was not convinced!

"Whoosh ..."

In an instant, Chen Xiaobei's body gushed out with the chaotic, dark, and unpredictable Hunyuan divine light. It was like a huge curtain that covered the sky, and it was going to envelop LAN Shunyi.

"You really won't shed tears until you see the coffin!"

LAN Shun frowned slightly, a little unhappy.

She had already given Chen Xiaobei two chances, but Chen Xiaobei did not cherish them.

It was fine if he refused to admit defeat, but he still insisted on fighting. Wasn't this looking for abuse?

LAN Shun gritted his teeth and decided to teach Chen Xiaobei a lesson!

He no longer hesitated and directly used his strongest special ability!

Blue Moon Holy Spirit!!!

Words of law! LAN Shunyi let out a furious roar and directly activated an unimaginable special ability!

In an instant, a blue light rose and the sky changed color. It was as if the sky and the ocean had merged. The Holy blue washed away all the dust in the world and gave birth to an extremely Holy and majestic Saint spirit!

"Woof!"

This Saint spirit was extremely huge, and its body was that of a human. It seemed to be sculpted from a blue gemstone, and it had a pair of extremely gorgeous blue gemstone butterfly wings on its back. As it flapped in the air, the wings emitted a rainbow-like spiritual light!

"Shua shua shua ..."

The spirit light was like a tornado, gathering on LAN Shunyi's body.

In an instant, LAN Shun's energy fluctuations suddenly increased dramatically, at least a hundred times stronger.

Blue Moon Holy Spirit!!!

“This is the legendary life Esper ability of the LAN family, the Blue Moon Holy Spirit!” The ancestral Dragon exclaimed. It could greatly increase the user’s destructive power! Looking at the power fluctuations now, I’m afraid it has increased by a hundred times!”

Yuan Feng’s face was pale and her lips trembled. “LAN Shunyi is worthy of being the number one genius of the LAN family! I’ve seen an ordinary member of the LAN family use this ability, and the most he can do is increase his power by two or three times! But LAN Shunyi, it’s increased by a hundred times!”

100 times ... He’ll definitely be invincible among his peers!

The origin Qilin’s face was sad, and his heart was filled with anxiety. The North Mystic sacred Lord has just broken through to a new realm. He’ll definitely lose if he fights with LAN Shunyi!

It was obvious that the difference of a hundred times in strength was an insurmountable chasm in the same realm.

Ji Jinlu, Luo Tianzhou, and LAN Shunyi were not the only ones who thought that Chen Xiaobei would lose. The ancestral Dragon, Yuan Feng, and Shi Qilin all believed that Chen Xiaobei would lose the battle!

“Boom boom boom ...”

Only to see LAN Shunyi suddenly blast out a punch.

With the Blue Moon Holy Spirit’s support, not only did his fist’s power increase by a hundred times, but its speed also increased by a hundred times.

In the blink of an eye, he was in front of Chen Xiaobei.

“Heh, a hundred times stronger? It’s more like it’s just scratching an itch!”

However, Chen Xiaobei was not afraid at all. He even temporarily retracted his Saint Qi and stood there without any defense!

“Kid? Are you crazy?”

LAN Shunyi and the others were instantly shocked to the extreme, simply not daring to believe their own eyes.

In their eyes, Chen Xiaobei’s actions were no different from suicide!

Four Saints, aren’t you going to help?!

The origin Qilin couldn’t stay calm anymore and shouted urgently.

However, at this moment, sect leader Tongtian, Taishang Laojun, Taoist Cundi, and goddess Nuwa were all indifferent. They had no intention to make a move at all, and even their hearts were not moved at all.

They knew Chen Xiaobei’s power!

“Boom boom boom ...”

The next moment, LAN Shunyi’s 100 times heavier punch landed on Chen Xiaobei’s chest!

At this moment, if it were any other early-stage one-star true sage without the protection of Saint origin, he would definitely be seriously injured by LAN Shunyi's punch, or even directly shatter his body and soul!

To Ji Jinlu and the others, Chen Xiaobei should have been sent flying, his blood splattering all over the place. He would have lost all ability to fight, and even his primordial spirit would have been severely injured!

how ... How is this possible?!

However, at this moment, LAN Shunyi, who was at the front line, was dumbfounded. His body and mind trembled, and he let out a shrill scream as if he had seen a ghost.

Because Chen Xiaobei did not move an inch at all! He was not injured at all!

"Whoosh!"

A strange blood-red vortex appeared where Chen Xiaobei's chest was hit!

[Red Envelope Group of the Three Realms](#)

Chapter 4062: Another fight!

whoosh ... BOOM!!!

The blood-red vortex in front of Chen Xiaobei's chest exploded like a Thunderbolt.

"Uh ..."

LAN Shunyi cried out in alarm.

A huge counter-shock force was pushed out from the blood-colored vortex. LAN shun felt that his arm was about to be broken by that huge force.

This counter-shock went from his fist to his arm, then to his shoulder. In the end, LAN Shunyi even felt extreme pain in half of his body, as if his bones were about to fall apart.

However, this was only the beginning!

"Shua shua ... Shua shua ..."

Then, from the Crimson vortex, the Crimson Dharma laksana of the twelve ancestors of sorcery rushed out!

The 12 Dharma laksanas crushed out like 12 unparalleled demonic gods and enveloped the entire area!

More importantly, any one of these 12 Dharma laksana of the ancestral sorcerers had a power that was a hundred times stronger than LAN Shunyi's!

That's right!

He was a hundred times stronger than LAN Shunyi!

One should know that LAN Shunyi's current power was a hundred times stronger than an ordinary early one-star true sage!

In other words, at this moment, any one of the 12 Dharma laksana of the ancestral sorcerers was 10000 times stronger than an ordinary early stage one-star true sage!

“Oh my God ... Have mercy ... Have mercy ...”

LAN Shunyi sucked in a breath of cold air, screaming hysterically.

Just a moment ago, he was so proud of himself that he wanted Chen Xiaobei to surrender.

At this moment, he, LAN shun, was stunned. He was simply like a frightened little chick, shrinking his neck and shivering. He didn't even dare to move.

“Collect!”

On the other hand, Chen Xiaobei recalled the twelve Dharma laksana of the witches back into his body.

“Hiss ...”

LAN Shunyi gasped, as if he had been granted a great pardon. He was very grateful to Chen Xiaobei. “Thank you for showing mercy, senior ... Thank you, senior ...”

“Oh, now you know I'm your senior?” Chen Xiaobei laughed.

“Of course you're my senior! Moreover, he's an unfathomable great senior!”

LAN shun swallowed his saliva and couldn't stop praising, “Your ability is ten thousand times stronger than those of the same level! Your Foundation is beyond my knowledge! My admiration for you comes from the bottom of my heart! From now on, I won't dare to show you any disrespect!”

Obviously, at this moment, LAN Shunyi wasn't flattering, but speaking the truth that he was thinking!

He admired Chen Xiaobei's character, but he was even more shocked by Chen Xiaobei's strength!

In his heart, he respected Chen Xiaobei, but he also feared him!

Compared to before, his attitude had changed completely!

At the same time, Ji Jinlu and Luo Tianzhou's attitudes also changed drastically!

The two of them were dumbfounded. Their faces were full of shock, and they were so embarrassed that they did not dare to look at Chen Xiaobei.

Especially the beautiful lady, Ji Jinchuan. She had looked down on Chen Xiaobei from the start. She looked down on him and did not take him seriously.

And now, Chen Xiaobei had used his strength to slap her in the face. It really made Ji jinlian feel like she had nowhere to hide.

Of course, even though Ji jinlian was a woman, she was still very broad-minded.

Even though she had been slapped in the face, it did not affect her admiration and respect for Chen.

Even though she did not admit it, her beautiful Phoenix eyes had already peeked at Chen Xiaobei a few times.

Those who did not know better would have thought that she was a fan of Chen Xiaobei.

“So ... So ... So strong ...”

On the other side, the ancestral Dragon, the origin Phoenix, and the origin Qilin were all dumbfounded.

After the battle just now, Chen Xiaobei’s image in their hearts had risen by countless times.

Sect leader Tongtian, Taishang Laojun, goddess nvywa, and Taoist Cundi just smiled and nodded as if everything was within their expectations.

They all knew how Chen Xiaobei vindicated his path, so they naturally knew about his background.

They would not be surprised by the result of this battle.

That’s right!

The ability that Chen Xiaobei had just displayed was related to the process of him becoming a saint!

Chen Xiaobei had obtained the path of Pangu and three special abilities of the Pangu true form. The first one was the blood essence ability!

The bodies of the twelve ancestors of sorcery turned into twelve drops of Pangu’s blood essence and fused into Chen Xiaobei’s body, giving him a defense that was 10000 times stronger than those of the same level. At the same time, he could also activate the twelve ancestors of sorcery’s Dharma form and crush his opponents of the same level!

Other than that, Chen Xiaobei also had two other special abilities!

One of them came from the true spirit of Pangu’s original soul that was transformed from the eastern Emperor Bell, and the other came from the original life aura of Pangu that was transformed from the Three Pure Ones ‘mark!

“Alright, according to our agreement, I’ve already defeated LAN Shunyi! It’s time to tell the truth, right?”

Chen Xiaobei calmed himself down and walked toward Ji Jinchuan.

“Don’t worry! I won’t break my promise!” Ji jinlian was an open and honest person, and she did have some of the pride of a Saint Emperor’s descendant.

However, she did not answer Chen Xiaobei’s question. Instead, she said, “Are you interested in another round of gambling with me?”

“What are we betting on?” Chen Xiaobei asked.

“You and Luo Tianzhou fight again!” “Even if you lose, I’ll still tell you what you want to know!” Ji jinlian said. However, if you win, I will tell you an even bigger secret!”

“Heh, you still want to fight?”

let’s talk about your secret first! If it’s of value to me, I’ll consider fighting you! Chen Xiaobei said.

“This secret is related to the Saint Emperor’s remains left behind by my Ji clan’s ancestors!” “As long as you win, I’ll tell you the secret of the ruins!” Ji jinlian said. How many benefits could a Saint Emperor level ruin bring? You should know what you’re doing!”

“Saint Emperor?” Holy Emperor?” Chen Xiaobei was surprised. I’ve been hearing you mention Holy Emperor. What level is that? ”

above the Saint is the Saint King, and above the Saint King is the Saint Emperor. In the words of another world, the Saint Emperor can also be called the heavenly Lord of Chaos, which is the same level as the heavenly Dao! Ji Jinlu said.

“On the same level as the heavenly Dao?” Chen Xiaobei’s face did not change, but he was actually tempted.

It was clear that even though Chen Xiaobei had been doing well recently, it was still an extremely difficult and impossible challenge to defeat the heavenly axiom!

And at this moment, Ji jinlian seemed to have given him a shortcut to break out of this situation!

If he could obtain some trump cards that were on the same level as the heavenly axiom, then Chen Xiaobei would have a chance of winning!

“Good! I promise you, I will fight Luo Tianzhou again!” Chen Xiaobei had no reason to refuse.

“You’re bold!”

Ji jinluan’s eyes were filled with admiration as she said, ” “I have to warn you in advance! Luo Tianzhou can enter the pseudo realm of an intermediate one-star true sage, which is one small realm higher than you! It’s still not too late for you to regret now!”

[Red Envelope Group of the Three Realms](#)

Chapter 4063: There's no suspense!

It was obvious that Ji Jinlu was very proud. She had told Chen Xiaobei about Luo Tianzhou’s strength before the fight started because she did not want to bully Chen Xiaobei.

After all, in the true Saint realm, the difference of one minor realm was more than 10000 times.

Therefore, even if Chen Xiaobei had the power of Pangu’s blood essence, which allowed him to crush those of the same level, it was still not enough to fight those of a higher level.

In other words, Luo Tianzhou had the absolute advantage. It was perfectly reasonable for Chen Xiaobei to not accept the battle.

Of course, if Chen Xiaobei accepted it, he would gain more respect and even worship from Ji Jinchuan.

After all, for most true divines, it was almost impossible to fight someone one level higher than them. If Chen Xiaobei could do it, it would be a miracle, and it would be enough to make Ji Jinchuan look at him in a different light.

heh, I won’t go back on my word. Let’s fight directly. Don’t talk nonsense like you did just now!

Chen Xiaobei shrugged his shoulders, his expression as calm as the wind.

It was clear that Chen Xiaobei still had victory in his hands. He was not even bothered by it, and even wanted to laugh.

“Okay ... I’m looking forward to your performance!” Ji Jinlu’s expression changed. She did not expect Chen Xiaobei to agree so readily and even initiate a fight.

will it work!?

At the same time, the ancestral Dragon, the primordial Phoenix, and the origin Qilin were all skeptical.

They had already witnessed Chen Xiaobei’s power.

However, no matter how powerful he was, it was also impossible to fight a battle that was one minor realm higher!

Furthermore, Luo Tianzhou’s power was not just one level higher than Chen Xiaobei’s. The Saint Duke’s special ability was Luo Tianzhou’s trump card!

“There won’t be any problems!”

However, at this moment, sect leader Tongtian, Taishang Laojun, Taoist Cundi, and goddess Nuwa were all calm, as if they had already seen the result of the battle. They were very calm and everything was under their control.

“Whoosh ...”

Then, Chen Xiaobei unlocked the chains on Luo Tianzhou’s body.

Luo Tianzhou was not in a hurry to attack. Instead, he looked at Chen Xiaobei and said, “Your Excellency is indeed a super genius! In terms of talent alone, you’ve already surpassed me and LAN Shunyi!”

Obviously, Luo Tianzhou was very shocked by Chen Xiaobei’s strength, and he also admired him.

However, from Luo Tianzhou’s perspective, Chen Xiaobei’s talent was only one level higher than his and LAN shun’s. In other words, he was only slightly below Ji Jinlu.

“Although you are talented, you are not strong enough! I didn’t want to bully you ... Luo Tianzhou said. you ... Luo Tianzhou’s mouth twitched.” Good! Since you want to fight so badly, I’ll fulfill your wish! I’ll give you the respect of an expert and do my best to fight you!”

“Woof!”

As soon as he finished speaking, celestial core power as bright as the sun surged out of Luo Tianzhou’s body.

Then, he stepped into the pseudo realm of intermediate one-star true sage.

“Whoosh ...”

At the same time, the Saint Duke’s Esper ability was also released.

Chen Xiaobei was very familiar with this special ability.

Its special ability was to seal Chen Xiaobei's magical treasures and special abilities.

"It's not too late for you to admit defeat now! That's because you can't use your ability anymore!"

Luo Tianzhou's eyes narrowed. He raised his chin and revealed a proud smile.

"Heh, you know nothing about my ability!"

Chen Xiaobei smiled. There was no way he was going to admit defeat. At the same time, he charged forward.

"Stubborn! You're asking for it!"

Luo Tianzhou's brows were tightly knitted together. He seemed a little angry.

He had repeatedly revealed his strength in hopes that Chen Xiaobei would back off and avoid any physical pain.

Not only did Chen Xiaobei not appreciate his kindness, he even initiated an attack. He really did not know what was good for him.

"Boom boom boom ..."

The next moment, Luo Tianzhou threw a Golden Palm at Chen Xiaobei.

The power of this attack had already reached the intermediate stage of a one-star true sage.

With his magical treasures and abilities sealed, there was no way Chen Xiaobei could block this attack.

He might even die from this attack.

"Woah! Yi ..."

Suddenly, Chen Xiaobei's body let out a deep and heavy sound, like the sound of an ancient Bell!

that ... That's ... That's the sound of the eastern Emperor Bell!!!

Ji Jinli, zu long, and the others all exclaimed in disbelief.

"We agreed not to use magic treasures! Are you trying to cheat?"

Luo Tianzhou's expression turned cold. He was very unhappy.

The rule was set from the beginning that both sides could not use external forces in a battle.

Chen Xiaobei's use of the bell of the East Emperor was a violation of the rules. It was a shameless act.

"Open your eyes and look clearly! This isn't a magic treasure, but my origin soul!"

Chen Xiaobei raised his eyebrows and opened his arms.

"Woof!"

The next moment, a primordial spirit shining with the light of the sun, moon, and stars came out of Chen Xiaobei's body!

The light was extremely dazzling. It was the arrival of the Sheng deity!

Although everyone had heard the bell, they did not see the bell of the East Emperor!

Only sect leader Tongtian and the others knew that the eastern Emperor Bell had already turned into the true spirit of Pangu's primordial spirit and merged into Chen Xiaobei's primordial spirit!

Therefore, the bell of the East Emperor would never appear again.

Chen Xiaobei's primordial spirit had been greatly strengthened!

First of all, Chen Xiaobei's primordial Spirit's special abilities had all been upgraded, far beyond Luo Tianzhou's special abilities!

In other words, Luo Tianzhou could not seal Chen Xiaobei's primordial spirit power!

Secondly, Chen Xiaobei's mental power had increased by 10000 times, allowing him to cross many realms and activate his primordial spirit!

Chen Xiaobei could use his pinnacle true Saint class power to the maximum, but after that, his mental power would still be depleted and he would fall unconscious.

Of course, with his mental power increased by 10000 times, Chen Xiaobei's unconscious time would be greatly reduced.

Finally, and most importantly, the transformation of the eastern Emperor Bell into the true spirit of Pangu's primordial spirit had increased the strength of Chen Xiaobei's primordial spirit by ten thousand times!

In other words, Chen Xiaobei was ten thousand times stronger than his opponents of the same level!

"The celestial slaying sword Qi!"

attack! Chen Xiaobei shouted, and the primordial spirit that was shining with the sun, moon, and stars released a black sword Qi.

The sword Qi transformed into the immortal execution Dharma form and exploded with the same power as Luo Tianzhou!

Of course, this sword Qi was 10000 times more powerful than Luo Tianzhou's!

Moreover, the immortal-slaying sword Qi's primordial Spirit's special ability could increase its lethality!

All in all, he was more than 13000 times stronger than Luo Tianzhou!

How could there be any suspense in this battle?

"Woof!"

The sword Qi crushed down, and just the aftershock of the wind was enough to make Luo Tianzhou unable to lift his head!

His heart beat wildly, his pupils shrank, and his fighting spirit collapsed instantly.

Luo Tianzhou immediately retracted his hand and screamed, " spare me ... Senior, spare me!!!

It was obvious that if Chen Xiaobei did not stop, Luo Tianzhou's body would be destroyed by this sword!

Red Envelope Group of the Three Realms

Chapter 4064: Ji clan's special ability!

4064 Ji clan's special ability!

"Whoosh ..."

Chen Xiaobei kept the celestial eradication sword Qi.

"Thank you, senior ... Thank you, senior ..."

Luo Tianzhou gasped. His entire body was drenched in cold sweat.

His eyes were filled with shock and fear. He looked at Chen Xiaobei as if he was looking at a demonic god.

Luo Tianzhou had seen many powerful opponents.

However, it was the first time Luo Tianzhou had seen someone like Chen Xiaobei, who could defeat an opponent one level higher than him.

Although Chen Xiaobei's celestial-slaying sword Qi, which was 13000 times stronger than Luo Tianzhou's, did not hurt Luo Tianzhou, it had shattered his worldview and made him question his life!

"Oh my God ... This ... This is too terrifying ..."

Of course, Luo Tianzhou was not the only one. Ji Jinlu, Shi Qilin, and the others were just as shocked as Luo Tianzhou.

Ji Jinchuan's eyes were wide open, and her mouth was agape. She looked at Chen Xiaobei with excitement and joy.

Her beautiful face was already slightly red, her delicate body was trembling, and her heart couldn't help but race.

The Ji family was powerful, and Ji jinlian had a deep respect for the strong.

If it was just a high cultivation base, it would not be enough to make Ji jinlian so excited.

After all, she had extraordinary talent. As long as she had enough time and resources, she would be able to surpass those who had higher cultivation than her.

However, if she was more talented than her, it would be another matter!

That was because those who were more talented than her could spend less time and resources to surpass her, and even make her unable to catch up no matter what!

Such a person was the one that Ji jinlian admired, worshipped, and even yearned for the most!

Obviously, Chen Xiaobei was such a person!

Even Ji jinlian herself could not fight a battle that was one minor realm above her!

Moreover, Chen Xiaobei was able to defeat his opponent who was one level higher than him. If Ji Jinchuan had not seen it with her own eyes, she would not have even dared to imagine it!

What kind of extraordinary and stunning talent was this!

She felt that she would never be able to reach Chen Xiaobei's level of achievement in this lifetime!

"Don't stare at me in a daze, okay? It's time for you to fulfill your promise to me!"

Chen Xiaobei's primordial spirit returned to his body and he walked to Ji jinlian, waiting for her to answer his two questions.

First, why did the heavenly Dao imprison the three of them in the Holy jail all these years?

Second, what clues do you have about the Ji clan's Saint Emperor's remains?

don't worry. I'll definitely do what I promised you ... But ... I have a presumptuous request!

Ji Jinlong composed herself and said seriously, " "Although it's a little too much, I want to have a spar with you! I hope you can fulfill my wish!"

"You still want to fight?"

Chen Xiaobei furrowed his brows and grinned evilly. it's fine if you want to exchange pointers, but I won't agree to it if there are no benefits. Time and energy can not be wasted!

"The benefits ..."

Ji Jinlu's expression froze for a moment, looking a little embarrassed.

"What's wrong? Do you have no more chips in your hands? Then I won't be accompanying you!" Chen Xiaobei shrugged.

"Don't!"

"I still have my life!" Ji Jinlu said after some thought. If you win, I'll be yours from now on!"

"Ah?" Chen Xiaobei was stunned and embarrassed.

No... Don't misunderstand!

"What I mean is, I'll be your subordinate and serve you, not your woman ..." Ji jinlian hurriedly said.

At this point, Ji jinlian's face turned even redder, as beautiful as a flower.

Although this woman was full of pride, she seemed to be very innocent in terms of love. She could even blush at this. She was too thin-skinned.

"Uh ... I didn't misunderstand. I'm a gentleman. How could I let a woman I've just met be my woman?"

Chen Xiaobei smiled awkwardly and said, " alright, I see that your character is not bad. As my subordinate, you should be loyal. I'll do as you say!

On the surface, Chen Xiaobei had said that Ji Jinchuan was a good person.

In reality, Chen Xiaobei wanted to keep Ji Jinchuan by his side. After all, Chen Xiaobei had never come into contact with the Holy Emperor's relic of the Ji clan. Who knew if Ji Jinchuan was telling the truth?

As long as she could keep Ji jinlian by her side, she would not lie.

Because the price of lying could very likely be death.

"Wait a moment!"

before we fight, I have to remind you as usual, " Ji Jinlu said. my strength can reach the pseudo realm of a one-star true sage late stage. Moreover, the special ability of the Ji family is also very powerful! You can decide if you want to spar with me after you think about it!"

Obviously, Ji Jinlu wanted to spar with Chen Xiaobei to see the limit of Chen Xiaobei's talent!

However, if Chen Xiaobei did not have the confidence to fight, Ji Jinchuan would know his limits and there would be no need for them to spar!

"I've thought it through! Let's fight directly!"

With a thought, Chen Xiaobei released the chains on Ji jinlian.

"Senior, you're so domineering!"

LAN Shunyi and Luo Tianzhou gave Chen Xiaobei a thumbs-up.

In the ancient times, LAN Shunyi, Luo Tianzhou, and Ji Jinlu were the top geniuses of the three clans. At the same time, they could basically be considered the top geniuses of the entire Pangu great world. Therefore, the heavenly Dao did not capture anyone else but the three of them!

Of course, geniuses were also divided into high and low!

In terms of talent, LAN Shunyi and Luo Tianzhou were far inferior to Ji Jinlu.

If they were at the same level, even if LAN shun and Luo Tianzhou joined forces, they would still be beaten by Ji Jinlu until they doubted their lives.

That was why they were afraid of Ji jinlian.

Seeing that Chen Xiaobei dared to fight even though he was two levels lower than Ji jinlian, they were so impressed by him that they almost knelt down and called him big brother.

At the same time, the ancestral Dragon, the primordial Phoenix, and the origin Qilin were also shocked and full of anticipation.

If it was just now, they would not have believed that Chen Xiaobei could fight someone who was two levels higher than him.

However, after the previous two battles, they had realized that Chen Xiaobei's Foundation was unfathomable. Chen Xiaobei was not a reckless man who had courage but no wisdom.

So, as long as Chen Xiaobei agreed to it, he would definitely win!

That was why LAN Shunyi, Luo Tianzhou, Zu Long, Yuan Feng, and Shi Qilin were all looking forward to the battle between Chen Xiaobei and Ji Jinlu. They could not wait to see the battle between the top geniuses!

However, at this moment, sect leader Tongtian frowned and said, "Xiaobei! Don't be in such a hurry to agree, you should first understand the special ability of the Ji family!"

"What kind of ability is it?" Chen Xiaobei asked curiously.

Red Envelope Group of the Three Realms

Chapter 4065: -sharpening the spear before the battle!

the special ability of the Ji clan was already very famous in the ancient times!

"This ability is known as the ruler of heaven and earth!" Sect leader Tongtian said in a deep voice. Its special effect was to borrow power from all living beings in the world! His speed, strength, defense, recovery ... All his attributes will be greatly improved!"

"With her current cultivation, she can enter the pseudo realm of the late stage of a one-star true sage. Once she uses her special ability, all her attributes will be enhanced and she can even be comparable to a one-star true sage at the peak! He'll be three major realms higher than you!"

As soon as he said that, everyone's faces changed.

They had thought that Chen Xiaobei would only be able to fight two levels above him, and that there would be some suspense.

However, at this moment, fighting someone three levels above him was a completely different concept!

Because of this, even the prime of Tongtian had to remind Chen Xiaobei to figure out his opponent's ability before accepting the challenge.

Based on his understanding of Chen Xiaobei, fighting two levels above him was already his limit.

Therefore, sect master Tongtian, who had been calm from the beginning to the end, had to give a reminder at this moment.

Taishang Laojun, Cundi, and goddess Nuwa all had the same reaction. They had all witnessed Chen Xiaobei's process of becoming a saint and knew that Chen Xiaobei had a special ability that came from the real body of Pangu!

With the two abilities he had, Chen Xiaobei could fight opponents two levels above him.

However, even if he went all out, it was still not enough to cross three minor realms.

Their calm and collected expressions were replaced by worry and concern. They hoped that Chen Xiaobei would think about it carefully.

As for the ancestral Dragon, the primordial Phoenix, and the Qilin, they were all dumbfounded. They were like three little kids, watching Chen Xiaobei and Ji Jinchuan fight. The fight between gods was beyond their knowledge!

“You’re overthinking it!”

Ji Jinlong composed herself and said seriously, “ I only said that I can enter the pseudo realm of one-star true sage later stage. This means that I won’t use my special ability. So, you don’t have to worry!

These words clearly showed Ji jinlian’s attitude.

At the same time, this also reflected Ji Jinchuan’s judgment of Chen Xiaobei.

In Ji Jinlu’s opinion, Chen Xiaobei’s limit should be fighting someone two levels above him. That was why she did not mention her special ability when she was showing off her strength.

She did not want to bully Chen Xiaobei from the very beginning.

So, if she didn’t mention abilities, she wouldn’t use them in battle.

“It doesn’t matter! You can use your ability!”

Chen Xiaobei shrugged nonchalantly.

Everyone was shocked when they heard this.

Where did Chen Xiaobei get his confidence from?

“You don’t have to force yourself!”

Ji Jinlu looked at Chen Xiaobei and said, “ To be able to fight two levels above you, you can already be considered very, very outstanding! I just want to spar with you, not fight to the death with you!”

It was obvious that Ji Jinlu admired, admired, and respected Chen Xiaobei from the bottom of her heart.

Therefore, she was very honest. She only wanted to spar with Chen Xiaobei and did not want to hurt him.

I’m not trying to be brave. I said you can use your ability, so just use it!

of course! Chen Xiaobei grinned. but before the battle, I still want to improve my power a little!

“Increase my strength?” Ji Jinlu’s expression froze for a moment, and she asked in surprise, “ you can break through realms quickly?!

“No!”

no! Chen Xiaobei shook his head. I have a way to break through quickly. But if I break through, this battle will be meaningless. So, I won’t increase my cultivation. I’ll only increase my special ability!

improve my abilities? ” Ji Jinlu was confused.

The crowd was also confused. They did not understand what Chen Xiaobei was trying to do.

However, Chen Xiaobei’s request was very reasonable.

Ji jinlian's advantage lay in her special abilities. To put it bluntly, this battle had long surpassed the competition of cultivation base. The real competition was the strength of her special abilities.

If Chen Xiaobei really had a way to increase the strength of his special ability, then the battle would be much fairer.

Naturally, Ji jinlian had no need to be modest!

"Give me a moment!"

Chen Xiaobei grinned and walked to the other side.

Everyone's line of sight followed.

There was one more person locked up in the Holy jail.

That's right!

This person was Daoist jieyin!

Not long ago, Chen Xiaobei had distributed the sanctuary to the beixuan great world.

First of all, Daoist jieyin was a nine-star true Saint. The energy he could provide far exceeded that of other New Saints. It would be a pity to kill him.

Secondly, there was a treasure that Chen Xiaobei needed hidden on Daoist jieyin.

"Swish!"

Chen Xiaobei took out the divine Punisher sword and slit the guide's throat.

"Whoosh ..."

Then, a huge amount of blood spurted out.

Most of the people were dumbfounded. They did not understand what Chen Xiaobei was doing.

"I see!"

Only the prime of Tongtian and lady Nuwa had a knowing smile on their faces. They had already guessed Chen Xiaobei's true intention.

"Whoosh ..."

Chen Xiaobei used his Saint Vital energy to speed up the extraction of the blood from the body of the priest.

"Boom ..."

Then, Chen Xiaobei took out the ancestral holy flame and started to refine the jieyin priest's blood.

As time passed, the volume of the blood shrank by tens of thousands of times, turning into a mass of blood essence that had been refined to the extreme.

"Formless chaos! Devour!"

Chen Xiaobei activated the special ability of the formless chaotic body and absorbed all the essence blood into his primordial spirit!

That's right!

The blood essence was the drug that Chen Xiaobei needed to level up his ability!

Others didn't understand the mystery, but sect leader Tongtian and mother Nuwa were very clear about it!

Earlier, when Chen Xiaobei had caused a ruckus in the heavenly court and was almost killed by the jieyin, sect leader Tongtian had used this as an excuse to cut off one of the jieyin's ears.

After that, when the prime of Tongtian was imprisoned, the ear was given to Chen Xiaobei through a red envelope from lady Nuwa.

At the same time, goddess nüwa had also refined the blood that flowed out of the jieyin ear into a drop of jieyin blood essence and gave it to Chen Xiaobei.

After that, Chen Xiaobei used the special ability of the formless chaotic body to devour the drop of blood.

Just this drop of essence blood had directly upgraded the " phaseless chaotic celestial body " to the true sage level.

Furthermore, Chen Xiaobei had also learned the 10000 techniques return to one.

With the blood-red swastika, Chen Xiaobei's Dharmakaya could change into any form. It would be so real that no one could tell it was real!

"Whoosh!"

One drop of blood essence had already brought Chen Xiaobei a lot of benefits.

At this moment, all the blood essence was devoured and an unprecedented change occurred!

[Red Envelope Group of the Three Realms](#)

Chapter 4066: I didn't use my full strength!

"Whoosh!"

As the energy fluctuated violently, Chen Xiaobei's body began to change again.

First of all, the cultivation technique of the " phaseless chaotic celestial body " was directly upgraded to the level of a nine-star true sage!

Secondly, when the 10000 techniques into one was upgraded to true sage level, anyone below that level would not be able to see through Chen Xiaobei's Dharmakaya form!

The last and most important point was that when the blood essence was gathered, the blood-red swastika seal would be completed. All the special abilities of Chen Xiaobei's Dharmakaya primordial spirit would be raised by one small realm.

This meant that as long as Chen Xiaobei's cultivation did not exceed nine-star true Saint, he could unconditionally raise one small realm of pseudo-realm at any time and place.

This meant that Chen Xiaobei had the same level of power as Ji Jinchuan!

"Swish!"

Chen Xiaobei put away the divine Punisher sword and walked back.

As for the guide, Chen Xiaobei could not be bothered with him. Although his physical body was dead, his primordial spirit was still there, and he could continue to provide energy.

At the same time, a true Divine's body would not decay or be immortal.

Therefore, even if the Daoist jieyin's blood was exhausted and his body was weak, it would not decay and stink. He could just leave it there. Maybe it could be used for other purposes in the future.

"I'm done! We can start the war at any time!"

Said Chen Xiaobei as he walked back to her.

At the same time, other than sect leader Tongtian and mother Nuwa, everyone else was still in shock.

They could not imagine how Chen Xiaobei was going to fight someone three levels above him.

"Whoosh ..."

Without saying anything, Ji Jinlu stepped into the pseudo realm of a one-star true sage.

However, she didn't use her ability.

Even now, she still did not believe that Chen Xiaobei could fight someone three levels above him.

"Not using all your strength? Who are you looking down on?" Chen Xiaobei laughed.

"I don't mean to look down on you!" let's fight first, " Ji Jinlu said solemnly. if you can withstand it, I'll increase my strength!

Obviously, Ji Jinlu was still worried about hurting Chen Xiaobei.

"Alright!"

Chen Xiaobei shrugged and activated his blood essence and primordial spirit powers.

"Whoosh ..."

Chen Xiaobei's primordial spirit left his body, shining with the light of the sun, moon, and stars.

At the same time, the twelve blood-red Dharma forms of the ancestors of sorcery appeared behind Chen Xiaobei, forming a huge blood-red ring.

"This is really amazing!"

Ji Jinlu's beautiful eyes narrowed and she exclaimed, " "With the effects of your two special abilities combined, you can already crush an opponent one minor realm higher than you! Luo Tianzhou didn't lose in vain, but he's far from being able to beat me!"

Obviously, Chen Xiaobei was only an early-stage one-star true Saint. One level higher meant that he was an intermediate one-star true Saint.

Even though Chen Xiaobei could easily crush those of the same level.

However, Ji Jinlu's pseudo realm had already reached the late-stage of one-star true sage.

Chen Xiaobei's current strength was not enough to defeat Ji Jinzha. He could not even take half a blow from her!

"Don't worry! I haven't even used the enhanced ability yet!"

Chen Xiaobei chuckled and said, " "10000 techniques return to one!"

Words of law!

A huge blood-red swastika seal rushed out of Chen Xiaobei's dharma body!

At this moment, the twelve blood-red Dharma forms of the ancestors of sorcery formed a huge ring behind Chen Xiaobei.

After the swastika Buddhist seal appeared, it stopped at the center of the ancestral Sorcerer's Dharma manifestation ring.

The two of them were originally unrelated, but at this moment, they had merged into one and belonged to the same line! They complemented each other and helped each other grow. It was simply mysterious to the extreme!

That's right!

This was the essence of the 10000 techniques return to one!

Regardless of attributes! Regardless of race! Regardless of the source! As long as it was within Chen Xiaobei's primordial spirit, it could merge into one and become a part of the same bloodline. The effect was greater than one plus one!

"Woof!"

The next moment, the energy fluctuations suddenly increased dramatically!

Chen Xiaobei's celestial body, which was shining with the light of the sun, moon, and stars, had undergone a huge transformation and its strength had risen to another level!

Chen Xiaobei's avatar was standing in front of him. It was the giant blood-red disc!

The swastika Buddha seal was the heart, and the twelve Dharma forms of the ancestors of sorcery were like rings. They were like the Holy Light of Buddha behind the head of the Buddha!

my God ... This ... How is this possible!?

Seeing this, Ji jinlian gasped, her face changed and her voice trembled, " as expected, I've underestimated you ... Your power has increased by another small realm ... You're definitely not below me!

At the same time, other than sect leader Tongtian and mother Nuwa, everyone else was also dumbfounded.

He did not expect Chen Xiaobei to have the same level of power as Ji Jinchuan.

Even though Ji jinlian wasn't using her full strength.

However, Chen Xiaobei was not using his full strength either!

"How is it? Do you still want to exchange one more move?"

Chen Xiaobei's practicing body glowed with the light of the sun, moon, and stars. With a smile, he looked like a god of light.

"This ..."

Ji jinlian's heart trembled, and her heartbeat sped up.

Of course, her state of mind was still quite good. She composed herself and said in a deep voice, "No need to exchange blows! Let's both do our best!"

"Whoosh ..."

After saying that, Ji jinlian started to activate the special ability of Ji family, " ruler of heaven and earth!!!

"Boom boom boom ..."

With Ji Jinlu's shout, lightning flashed and Thunder rumbled in the sky, and a strong wind blew. It was as if the ruler of this world had descended and commanded all living beings to lie dormant. It was a shocking scene!

Whoosh ... Whoosh ... Whoosh ...

Then, a huge amount of energy gushed into Ji jinlian's body from all directions.

"Woof!"

Before everyone's eyes, Ji Jinlu's pseudo-realm had increased once again. She was now a one-star true Saint, once again above Chen Xiaobei.

If Chen Xiaobei did not have a backup plan, with Ji Jinzha's current strength, she would definitely be able to crush Chen Xiaobei!

However, it was clear that not only was Chen Xiaobei not using his full strength, he was still holding back his strongest trump card!

"Phew ..."

Suddenly, Chen Xiaobei exhaled a blood-red breath!

The aura was like a long Dragon that shot into the sky and coiled around the blood-red disc behind Chen Xiaobei!

That's right!

It was Pan Gu's life-force!

"Woof!"

Chen Xiaobei's pseudo-realm was raised by another small realm, and he was now at the same level as Ji Jinchuan!

"Oh my God ... This ... This, this, this ..."

Not only Ji jinlian, but most of the people around were dumbfounded by what they saw. They couldn't believe their eyes.

After being surprised for a long time.

Ji Jinlong calmed herself down and took a step forward, her battle intent burning, "Come on! Since we've both done our best, let's have a fair and square fight!"

"Full strength?"

"Who told you that I've already tried my best?" Chen Xiaobei laughed.

[Red Envelope Group of the Three Realms](#)

Chapter 4067: Creating a pseudo-Saint!

"What? You ... You still haven't tried your best?"

Ji jinluan was dumbfounded. She couldn't believe it.

Chen Xiaobei's strength had already increased by three small realms.

In the entire world, there had never been anyone who could achieve the same level of improvement. Chen Xiaobei was definitely the first, and probably the last!

This was already unbelievable enough to shock Ji jinlian!

However, Ji Jinlu could not believe that Chen Xiaobei was not even using his full strength!

Now, Chen Xiaobei's combat power was comparable to a pinnacle one-star true divine. If he could go a step further, he would be a two-star true divine!

Could it be that Chen Xiaobei could fight someone one level higher than him?

That was impossible!

This was absolutely impossible!

Ji Jinchuan, the ancestral Dragon, the primordial Phoenix, and the first Qilin all had the same expression on their faces. They could not imagine how Chen Xiaobei was going to continue increasing his combat power.

At the same time, the prime of Tongtian, Taishang Laojun, goddess nūwa, and Cundi were as calm as before. They were now certain that Chen Xiaobei would win!

“One Qi! Three purities!”

stop! Chen Xiaobei suddenly shouted, while everyone was looking at him in surprise and anticipation.

Words of law!

In the next moment, an extremely terrifying change suddenly erupted in front of everyone!

Whoosh ... Whoosh ... Whoosh ...

No one could have imagined that Chen Xiaobei’s celestial body, which was shining with the light of the sun, moon, and stars, would split into three in an instant!

Not only that, but even the huge blood wheel behind the practicing body was also divided into three!

In an instant, three avatars shining with the light of the sun, moon, and stars appeared in front of Ji jinlian, as well as three huge blood wheels!

In this way, there were 36 Dharma images of the ancestral sorcerers, three blood-red swastika Buddhist seals, and three blood-red Pangu’s Natal aura!

However, at this moment, the three streams of Pan Gu’s original life force had turned into the Three Pure Ones!

In the middle was the mark of Pangu Shangqing, which was also known as Chen Xiaobei’s Shangqing Dharmakaya!

On the left was the mark of Pangu Yuqing, also known as Chen Xiaobei’s Yuqing Dharmakaya!

“Oh my God ... This ... This, this, this ...”

Ji jinlian was dumbfounded. Her pupils shrank, her eyes trembled, her scalp went numb, and her heart was suppressed.

Even before the fight, the pressure from Chen Xiaobei’s Three Pure Ones Dharmakaya alone was enough to make Ji Jinchuan’s heart tremble and almost suffocate!

“Too ... Too strong ...”

LAN Shunyi and Luo Tianzhou’s eyes were as wide as a bull’s, and their mouths were so wide that a fist could fit in. Their world views were instantly blown.

terrifying ... This is terrifying ...

The ancestral Dragon, the primordial Phoenix, and the beginning Qilin all screamed. Their hearts were beating wildly and their limbs were cold. They were completely shocked.

In the face of this huge change, all of them looked at Chen Xiaobei as if they were looking at an unbelievable super demon!

With their current consciousness, they could not understand what they were seeing!

It felt like a dream, a fantasy, nothingness, and he couldn't believe that this was real!

As expected of Pangu's descendant, Xiaobei has directly comprehended the Yi Qi turning San Qing's special ability. He's truly surpassed his master!

At the same time, sect leader Tongtian, Taishang Laojun, goddess Nvywa, and Taoist Cundi all sighed with admiration and emotion.

The phrase 'the student has surpassed the master' was their true evaluation of Chen Xiaobei!

Even though Chen Xiaobei's cultivation was still low, his future achievements would definitely surpass these four old saints!

"How is it? Do you still want to spar with me?"

On the other side, Chen Xiaobei's Shangqing Dharmakaya smiled evilly and asked.

"N-no ..."

Ji Jinlu calmed herself down, retracted her power and said, "Any one of your three clones can crush me, so I won't humiliate myself ..." He said.

Powerful!

It was absolutely powerful!

It was undoubtedly powerful!

Chen Xiaobei used Pangu's Natal aura, one Qi turning into Three Pure Ones!

Any one of the three Pure Ones could easily crush Ji Jinlian. If all three of them were to attack together, even ten thousand Ji Jinzis would be defeated!

Without a doubt, Chen Xiaobei's Three Pure Ones Dharmakaya was invincible among those of the same level!

In fact, any one of the dharmakayas could be invincible in the same realm!

"Whoosh ..."

Ji Jinli admitted defeat, and Chen Xiaobei retracted his Dharmakaya and returned to his body.

"Alright, there's no need to continue the battle. Now, it's time to fulfill your promise!" Chen Xiaobei raised his eyebrows and said.

"Swish!"

Ji Jinlu knelt down in front of Chen Xiaobei and said, "I, Ji Jinlian, swear in the name of the Ji clan's Sacred Emperor that I will be loyal to the North Mystic sacred Lord for the rest of my life, until death!"

"Woof! Whoosh!"

Before Chen Xiaobei could say anything, LAN Shunyi and Luo Tianzhou rushed over and knelt on both sides of Ji Jinlu. They cupped their hands and looked up at Chen Xiaobei.

North Mystic's sacred Lord, the two of us also wish to follow you. Please accept us!

It was obvious that both LAN Shunyi and Luo Tianzhou had been deeply impressed by Chen Xiaobei's power!

Ji Jinxi had submitted to Chen Xiaobei to fulfill his promise.

LAN Shunyi and Luo Tianzhou had submitted to Chen Xiaobei for the sake of a bright future.

They were confident that following Chen Xiaobei would bring them a bright future.

It was like a Sparrow borrowing the power of a great ROC to soar up to ninety thousand li! They were sparrows, and Chen Xiaobei was a giant Roc!

"Alright! I see that the three of you have decent moral conduct, so I'll accept all of you today. I'll arrange your future based on your performance in the future!" Chen Xiaobei said.

Ji Jinlong, LAN Shunyi, and Luo Tianzhou were all overjoyed and kowtowed in respect.

"Alright, get up!"

wait! Chen Xiaobei said, "tell me the answer I want to know now!"

"Yes, sir!"

Ji Jinlong stood up and said in a deep voice, "Your first question is, why did the heavenly Dao capture the three of us here?"

Chen Xiaobei nodded.

that's because there were only seven Saint positions in the original macro world, " Ji Jinlu said. in order to absorb more energy, the heavenly Dao used a kind of evil art to create 'pseudo-Saints' who could step into the pseudo realm!

false Sage!? Chen Xiaobei was not the only one who was surprised. Even the prime of Tongtian and the others were shocked.

"No wonder the three of you could step into the pseudo realm!"

but, entering the pseudo-realm will consume a lot of your energy. You can't maintain the state of the pseudo-realm all the time. If you do that, you won't be able to provide much energy ... Chen Xiaobei said.

the heavenly Dao's demonic technique can make one stay in the pseudo realm for a long time ... Ji jinlian said.

"What!" Everyone was shocked by his words.

[Red Envelope Group of the Three Realms](#)

Chapter 4068: Super plug-in!

It wasn't easy to step into the pseudo realm, but there was always a way.

However, maintaining the pseudo realm after stepping into it was not an easy task.

This was equivalent to forcefully creating a pseudo-Saint!

It was extremely difficult for ordinary people to prove their Dao and become Saints. However, the heavenly Dao could actually use a secret technique to allow people to directly possess the power of Saints.

This was simply cheating!

Super plug-in!

Even the prime of Tongtian and Taishang Laojun had never heard of such a thing, let alone Chen Xiaobei!

“Everyone, there’s no need to be too shocked!”

“Even though the heavenly Dao possesses such a heaven-defying evil art, the conditions to cast it successfully are very strict!” Ji jinlian continued to explain.

“First of all, this kind of evil technique can only be used on extremely talented geniuses. Because, the higher the talent, the easier it is to succeed! That’s why most people in the world can’t become pseudo-Saints!”

Everyone immediately understood why the heavenly Dao wanted to capture Ji Jinlu, LAN Shunyi, and Luo Tianzhou.

This was because the three of them were almost the top geniuses with the highest talent back then.

It would be the easiest to succeed if he cast the evil art on the three of them.

Of course, there was still a chance of failure!

“In order to succeed as much as possible, the heavenly axiom should have captured more than just the three of you!” Chen Xiaobei said.

“That’s right!”

Ji Jinlu nodded and said, “back then, almost all of the top geniuses of the myriad races were captured and brought here!” There are Dragons, phoenixes, Qilins, sorcerer race, and even demon race geniuses!”

however, other than the three of us, the other geniuses were unable to withstand the power of the demonic technique and lost their lives one after another under the cruel casting of the heavenly Dao!

As expected, the success rate of creating a pseudo-Saint was really low.

Only three of the top geniuses from the myriad races of the universe survived.

Moreover, they had only survived. The three of them had not become pseudo-Saints.

In other words, the heavenly Dao’s evil technique did not succeed!

in this case, the heavenly Dao’s evil technique isn’t a big deal. The success rate is so low that it hasn’t created a false Sage even after billions of years. This is even harder than winning the lottery! Chen Xiaobei said.

“No!”

“As long as we can withstand the power of the sorcery and survive, it means that the heavenly Dao has succeeded!” Ji jinlian shook her head. However, if you want to keep us in the pseudo-Saint state, you’ll need to consume a huge amount of energy!”

perhaps the heavenly Dao has calculated that the energy we provide for a certain period of time is not enough to make up for the energy consumed. Therefore, it’s only temporarily keeping us from becoming pseudo-sages, not because it can’t do it!

Everyone was shocked again.

you ... Chen Xiaobei furrowed his brows. according to what you’re saying, the heavenly axiom has already successfully created the three of you. In fact, it has succeeded a long time ago!

“Yes, I am!”

yes! Ji jinlian nodded. after the heavenly axiom captured the top geniuses of the ten thousand races, it spent about a hundred years and successfully cast the sorcery on the three of us!

if it wasn’t for the fact that we couldn’t bear to part with our energy, the three of us would have long become pseudo-sages, and in these trillion years, the heavenly Dao might have even created countless pseudo-sages!

Hearing this, everyone’s expression changed drastically!

Countless pseudo-sages!

If there was sufficient energy, the heavenly axiom would have an Army of true divines by now!

Just thinking about it made one’s scalp go numb and their back turn cold!

“I’ve underestimated the demonic Arts of the heavenly Dao! This is definitely a super cheat!” Chen Xiaobei’s brows were tightly knitted together, and he looked very worried.

Sect leader Tongtian and the others looked terrible.

Because of the insufficient energy in Pangu world, the heavenly Dao couldn’t create stable pseudo-Saints!

But what if he was in the heavenly Saint realm?

Perhaps, the heavenly axiom already had an Army of true sages!

It was obvious that this was a huge threat to Chen Xiaobei!

Furthermore, he might not be just a true divine!

If there was enough energy, there might even be pseudo-Saint Kings!

A strong sense of danger loomed over Chen Xiaobei, casting a heavy shadow over his future!

fortunately, the way of heaven couldn't penetrate the law of space in Pangu world, so it couldn't send energy into Pangu world. Otherwise, the world would return to chaos when a large number of pseudo-Saints arrived, and we would have no chance to fight back! Chen Xiaobei could not help but sigh.

Clearly, back then, the great Dao of heaven was unable to send energy into Pangu world, nor could it absorb the energy in it.

Therefore, the heavenly Dao could only give up on the plan to create a pseudo-Saint.

After injecting all the energy of Pangu world into the embryo membrane of heaven and earth, it took billions of years to give birth to a whole new world.

According to the heavenly Dao's original plan, it wanted to completely control the New World and then continue to create pseudo-sages.

Unfortunately, the heavenly axiom did not expect that this new world would end up in Chen Xiaobei's hands.

The heavenly Dao's plan that had been in motion for billions of years had all gone to Chen Xiaobei's benefit.

One did not need to think to know that Tiandao would definitely be angered to the point of vomiting blood.

If they could find Chen Xiaobei, the heavenly axiom would do whatever it could to get its revenge.

"Oh right! I have another question!"

Chen Xiaobei suddenly thought of something and asked, " how long are the lifespans of the three of you? it's a trillion years and you still have a few years left? this is too ridiculous!

"Our lifespans should have been exhausted long ago!"

but, there's another wonderful use to the heavenly evil art, " said Ji jinlian. as long as we keep refining other people's primordial spirits, we can transfer all their lives to us!

"What? Transferring lifespan?" Everyone was shocked again.

As everyone knew, lifespan was the limit of the primordial Spirit's existence!

As long as the primordial spirit was not destroyed, even if the physical body was destroyed, the person would not be considered dead!

However, no one had ever heard of the saying that one's lifespan could be transferred by refining one's primordial spirit!

Everyone was in disbelief.

However, Ji Jinlu, LAN Shunyi, and Luo Tianzhou were all alive and well.

This was enough to prove that the evil art of transferring lifespan did exist, and was effective.

"Do you know this kind of sorcery?" Chen Xiaobei asked impatiently.

Obviously, lifespan was a very important resource for Chen Xiaobei.

By burning a large amount of his lifespan, Chen Xiaobei could enter the pseudo-Saint King realm.

At the current stage, it was simply a King Bomb.

Therefore, to Chen Xiaobei, lifespan was the most important resource he needed. The more the better.

If he could learn the evil technique and transfer the enemy's lifespan into Chen Xiaobei's primordial spirit, it would be a great feeling.

Red Envelope Group of the Three Realms

Chapter 4069: Important information!

we can't. Hongjun is the one who is in charge of the sorcery. We can only accept it ... Ji Jinchuan said.

It was obvious that the heavenly axiom would never let anyone know about such a super cheat.

In the entire macro world, perhaps only Hongjun could do it.

If it weren't for the fact that the way of heaven couldn't enter Pangu world, perhaps even Hongjun wouldn't have had the chance to learn this evil magic.

"Well, that's to be expected ..."

that's right! Chen Xiaobei nodded and said, " but, since Hongjun knows this secret skill, it has given me a chance!

"What chance?" Ji Jinlu was stunned, her eyes filled with bewilderment.

if only the wielder of the will has mastered this secret skill, I would not be able to learn it in a short period of time! However, I have a chance to deal with Hongjun in a short time!"

this ... Ji jinlian gasped when she heard this.

She knew that Chen Xiaobei was powerful and had an unfathomable background, but she did not expect that Chen Xiaobei would dare to target Hongjun!

One should know that Hongjun was the former Dao ancestor!

Even a heavenly path Sage was like an ant in front of Hongjun!

Saint King!

The king of true divine!

In Pangu great world, anyone who mentioned Hongjun could only look up to him, worship him, and be filled with infinite reverence! He didn't even dare to have the slightest disrespectful thought!

Even Taishang Laojun and goddess Nuwa would feel uneasy when they heard Hongjun's name.

And now, Chen Xiaobei was going to attack Hongjun!

And he was going to deal with Hongjun!

This was simply appalling! Not only Ji jinlian, but almost everyone around her was also greatly shocked! don't be so surprised. I only said that I could deal with Hongjun in a short time. I didn't say that I would fight him to the death now!

Chen Xiaobei smiled, trying to calm everyone's anxiety.

At this moment, sect master Tongtian stepped out and said solemnly, "Dealing with Hongjun is something that must be done sooner or later! It was because Hongjun had always been the confidant of the way of heaven! It was not only for the Super Evil magic, but also for the secrets of the way of heaven. Dealing with Hongjun is the key to defeating the way of heaven!"

"That's right!"

Cundi smiled and said, " in the long run, defeating Hongjun is a necessary condition to defeat Tiandao. In the short run, defeating Hongjun will also bring me many tangible benefits!

"Right!"

Taishang Laojun added,"in Hongjun's hands, besides the secrets of the way of heaven, there are also a large number of powerful magic weapons!" For example, the Saint Duke Emperor's ring was a Saint King grade treasure, and the heavenly axiom probably had a few of them! In addition, there's also a huge amount of resources that can definitely be of great help to little north!"

"What?"

Hearing this, Luo Tianzhou's expression changed. He said in surprise, " the ancestral treasure of our Saint Duke clan is in Hongjun's hands? "

"It seems like the Saint Duke tribe had not undergone any major changes when you were captured!" Chen Xiaobei said.

"What? Did something happen to the Saint Duke? What the hell is going on?" Luo Tianzhou asked impatiently.

a trillion years ago, the Saint Duke clan and the LAN family were almost exterminated because they threatened the heavenly Dao!

of course not! Chen Xiaobei paused. however, there are still a small number of descendants of the two races who went to the heavenly Saint land through special means. They have been passed down to this day and have a place to stand. They are considered Holy King-level races!

Clearly, Chen Xiaobei had dealt with the Saint Duke before, so he knew a lot about them.

Furthermore, Luo Yuan's primordial spirit was still trapped in the Meru space.

After that, Chen Xiaobei learned from LAN that the LAN family's power was similar to Saint Duke's.

Although there were no saint Kings in the two races, they could use special methods to fight against Saint Kings.

For example, the Saint Duke alien race could control Saint beasts, and when trillions of Saint beasts formed a formation, they could rival Saint Kings. By the same logic, the LAN family clan naturally had a considerable trump card.

Therefore, these two tribes could be called Saint King tribes!

In terms of overall strength, Fengyan city, which had been destroyed by Ning Tiancheng, was considered a lower-level force of the otherworldly Saint realm. It simply couldn't compete with a Saint King.

From this, it could be seen that the LAN clan and the Saint Duke clan were considered mid-tier powers in the outer region of the heavenly Saint realm.

All in all, he was doing pretty well.

"I see ..."

When LAN Shunyi and Luo Tianzhou heard this, their faces were filled with anger.

After being locked up for billions of years, they were mentally prepared that they would never see their loved ones again.

However, when they heard that their families had almost been destroyed, they still felt an irrepressible hatred and anger.

At the same time, they looked at Chen Xiaobei with more determination and an unshakeable loyalty.

Obviously, with their strength, it was impossible for them to avenge their family in this lifetime.

Chen Xiaobei also saw the heavenly axiom as his mortal enemy. So, both of them knew very well that only by following Chen Xiaobei loyally would they have a chance to avenge their family and let their dead relatives rest in peace!

"Then ... What about our Ji clan?" Ji Jinlu couldn't help but ask.

"I'm not sure ..." Chen Xiaobei shook his head.

"The Ji clan is also gone ..."

the Ji family is even more powerful than the LAN family and Saint Duke," sect leader Tongtian said. they were exterminated by the heavenly Dao before the Dragon-Phoenix crisis ...

this ... Ji Jinlu's expression froze, anger and hatred instantly erupting.

"There's something I don't quite understand ..."

no! Chen Xiaobei furrowed his brows. in Pangu world, there has never been a Holy Emperor other than the heavenly Dao. Why are the Ji clan called the Holy Emperor's descendants? "This is too unreasonable ..."

"It's like this ..."

we, the Ji family, have been living in the otherworldly Saint realm for a long time, ” Ji jinlian explained. the branch I’m from was sucked into a crack in space, and we came to this world. We’ve been living here ever since!

I see ... Chen Xiaobei nodded.”Let’s talk about the second question! The Saint Emperor’s remains of your Ji clan!”

yes! Ji Jinlu nodded. the Ji clan’s Saint Emperor ruins are also in the otherworldly Saint realm. I have a jade pendant that can sense its location!

back then, the branch of my family was trying to protect this jade pendant when they encountered a powerful enemy. During the battle, a spatial Rift was torn open, causing some of my family members to come to this world!

“At that time, I was the number one genius in the clan! As such, this jade pendant was given to me. I hope that one day, I will be able to lead this group of people back to the heavenly Saint realm!”

At this point, Ji jinlian’s face suddenly turned gloomy.

Red Envelope Group of the Three Realms

Chapter 4070: Fragrant wind of the old land!

my biggest dream and motivation has always been to fulfill the hopes of my people and bring them back to the Beyond heaven Saint realm ... Unfortunately, before I could succeed, they were already dead ...

Ji jinlian’s face was sad, and her heart was heavy.

At the same time, Ji jinlian’s heart was filled with endless hatred for the heavenly Dao.

In those extremely beautiful eyes, there was even an extremely sharp killing intent that was bone-chilling.

“The North Mystic sacred Lord is above!”

Suddenly, Ji jinlian’s face turned serious and she said in a serious tone, ” “I will be loyal to you in this life! As long as you can help me take my revenge, my life will be yours!”

It was obvious that Ji Jinlu, LAN shun, and Luo Tianzhou had the same idea.

They did not have the ability to seek revenge from the heavenly Dao.

Only by following Chen Xiaobei would they have a chance to avenge their dead tribesmen.

“Don’t worry!”

Chen Xiaobei said, ” “Defeating the heavenly Dao is also something that I must do! The freedom of the Saint pan family, the freedom of my master’s friends, and the freedom of the righteous path in this world must be realized by stepping on the heavenly Dao!”

As soon as he said that, not only Ji Jinlu, LAN Shunyi, Luo Tianzhou, but everyone else around him showed an expression of extreme agreement!

Yu Gong! For personal reasons! It was the righteous path of the world! They had to get rid of the heavenly Dao!

So, Chen Xiaobei would definitely do it!

alright, now that everything is clear, I'll take you to the heavenly Saint realm after a short rest! Chen Xiaobei said.

After that, Chen Xiaobei led the group out of the Holy jail.

The prime of Tongtian, Taishang Laojun, goddess nüwa, and Cundi still had the life and death contract with them. So, they could only stay in the beixuan world and help Chen Xiaobei manage this new world.

The ancestral Dragon, the primordial Phoenix, and the primordial Qilin were all related to Saint Pan's dream, so they naturally had to go to the heavenly Saint realm together.

As for Ji Jinlu, LAN Shunyi, and Luo Tianzhou, they were related to the three tribes. They also had the Heaven's Will's pseudo-Divine Evil art. Naturally, they had to follow Chen Xiaobei.

Before he left for the heavenly Saint land, Chen Xiaobei received a new gift.

Taishang Laojun gave the Tai Chi diagram to Chen Xiaobei.

Goddess nüwa presented the painting of mountains and rivers.

Sect leader Tongtian sent out the God-killing sword formation.

The Taiji diagram had an extremely strong defense, the mountain river Map could seal a peak true sage, the wondrous tree of seven treasures could attack and defend, and the celestial slaying sword formation was the number one killing formation of the heavenly Dao!

These gifts were the best things that the four Saints could offer!

It was clear that they had high hopes for Chen Xiaobei! One could even say that Chen Xiaobei was their only hope!

Of course, this was normal!

After all, Chen Xiaobei had never disappointed them!

As for the safety of the four of them, there was no need to worry at all!

In the original macro world, the heavenly Dao Hongjun had stirred up a storm and the Saint sects had been fighting non-stop. Without a peak Saint weapon, the Saint sects were not stable.

But now, under Chen Xiaobei's leadership, the top forces in the beixuan realm were very peaceful. There would no longer be any major conflicts. As such, the pinnacle Saint weapon would only be a decoration in their hands.

Therefore, the four Saints had given their strongest trump cards to Chen Xiaobei.

After everything was settled, everyone rested for a day.

The next day, Chen Xiaobei led them to the heavenly Saint land.

This was because Chen Xiaobei had already gained control of the Pangu chaos mark. He could open the space door to the Holy Land at any time.

Therefore, it was very convenient to move around.

He would be able to return to the heavenly Saint realm after crossing the space gate.

However, other than convenience, there was another huge problem.

The portal that Chen Xiaobei had opened could only lead to the place where he came from!

The place where Chen Xiaobei came from was the three Saint Palace of the ning clan's sacred city!

Back then, Chen Xiaobei had emptied the Holy Meridian of the ning clan's sacred city. Ning Tiancheng had broken the void and returned, almost killing Chen Xiaobei.

Fortunately, Chen Xiaobei had rushed into the portal, and the laws of space of Pangu world had stopped ning Tiancheng.

Otherwise, with ning Tiancheng's personality, once he entered the portal, not only would Chen Xiaobei die, but the entire Pangu world would also be buried with him!

And now, the problem was right in front of Chen Xiaobei!

Once they returned to the ning clan's three Saint Palace, it was equivalent to walking into a trap. If they ran into ning Tiancheng, they would be dead!

For this, Chen Xiaobei went to look for gumoko!

"Gumoko! I'm going back to the ning clan's three Saint temple now! I want to ask you, in this situation, will I run into ning Tiancheng?" Chen Xiaobei asked.

"I don't think so ..."

Gumoke said, "the Holy Meridian has been emptied. The sacred city must be in chaos. As the full ruler of the sacred city, ning Tiancheng will need to mediate from many sides to stabilize the situation. He has no time to stay in the three saints Palace.

"What's more, the Holy Meridian has been exhausted, and the three Saint Palace has almost lost its value. Not to mention that ning Tiancheng won't be there, I'm afraid even ordinary guards will be few!"

"The most important thing is that you retreated from the three saints Palace. Ning Tiancheng would never have dreamed that you would return to the three saints Palace! Therefore, the most dangerous place is actually the safest place!"

Chen Xiaobei looked at gumoke in a new light.

He had always thought that Zhao Helong was cunning and gumoke was upright! Now, it seemed that gumoko was a smart person. His analysis was clear and logical, and seemed to make sense.

Zhao Helong thought he was smart and was killed by me. Do you understand what I mean?" Chen Xiaobei asked.

“Hiss ...”

Gumoko sucked in a breath of cold air and said, “I understand! I understand! Don’t worry, even if I had a hundred guts, I wouldn’t dare to scheme against you! Zhao Helong is my example! If I cheat you, you can take my life with a single thought! I won’t do such a stupid thing!”

“Good! Very good!” yes! Chen Xiaobei nodded. as long as you’re loyal, I can guarantee that you won’t die!

Obviously, Chen Xiaobei was trying to knock some sense into gumoke.

This guy was not stupid. He knew that his life was in Chen Xiaobei’s hands.

How dare he plot against Chen Xiaobei!

“Whoosh ...”

Then, Chen Xiaobei activated the portal.

There were too many people following them, so in order to hide, they temporarily stayed in the Meru space.

Ning clan’s sacred city.

Forbidden area, three Saint Palace.

When Chen Xiaobei arrived, there was no one around.

The traces of the battle that day were still vivid in his mind, and the corpses of the ning clan’s powerhouses who had been defeated had already been moved away.

The ning clan’s strongest members were all defeated by Chen Xiaobei in that battle.

His body was now a corpse, and his primordial spirit was captured by Chen Xiaobei and sealed in the spirit-condensing space.

Because of this, the three Saint Palace had become a place of sorrow and humiliation for the ning clan. No one was willing to come here, and no one was even willing to mention this place!

“Phew ...”

At this moment, a faint fragrance wafted out of the empty three Saint Palace.
