Chapter 4071: The land of perception!

“Hmm? This aroma!”

Chen Xiaobei felt a sense of familiarity.

That’s right!

Chen Xiaobei had smelled this fragrance before when he was in the Fuxi ruins.

At that time, Chen Xiaobei was worried about the danger in the remains and did not plan to enter.

It was this fragrance that calmed Chen Xiaobei down, allowing him to enter the ruins and obtain the eight trigrams Dragon trapping Pagoda.

It could be said that the fragrance had helped him a lot.

That was why Chen Xiaobei had a deep impression of it. The moment he smelled it, he immediately remembered.

“Strange ... Isn’t this the fragrance of the flowers in the mountains? Why would there be one here? Could it be that the three Saint Palace has the same kind of flower?”

Chen Xiaobei was very confused.

After observing the surroundings, there were no plants in the three saints Palace.

Then where did this fragrance come from?

Chen Xiaobei was very confused.

However, the three saints Palace was the enemy’s territory. Chen Xiaobei could not stay any longer and chose to leave immediately.

However, after leaving the three saints Palace, the fragrance seemed to still be there.

“Hiss ... Hiss ...”

Chen Xiaobei sniffed his body and asked, ” “I didn’t get this fragrance, so why can I smell it from so far away from the three saints Palace?”

He looked around, but there was nothing that seemed to be emitting a fragrance.

This made Chen Xiaobei even more confused.

However, after thinking about it, Chen Xiaobei could not come to any conclusion. He could not explain the source of this fragrance at all.

A fragrant wind came from nowhere!

This was truly very mysterious!

Not long after, Chen Xiaobei had left the ning family inner city and entered a safe zone.

Of course, for safety reasons, Chen Xiaobei still put on a human skin mask.

After all, ning Tiancheng had seen Chen Xiaobei's face before. Perhaps all the guards in the city had seen Chen Xiaobei's portrait.

However, when he arrived at the outer city, Chen Xiaobei realized that he might have been overthinking.

At this moment, the entire outer city was in a mess.

The Saint veins were exhausted, and the entire Saint City could not absorb any Saint Origin Energy.

One had to know that the Saint Origin Energy of the heavenly Saint realm was like the spirit Qi of the mysterious North great world. They were both vital resources!

In the beixuan great world, places with scarce spirit Qi were basically desolate wastelands!

One could imagine how great the impact of the complete depletion of Saint origin power on the ning clan's sacred city was!

One had to know that people who could live in ning clan's sacred city were either rich or powerful. It was impossible for them to continue living in a place without Saint Qi!

Therefore!

At this moment, nine out of ten households in the holy city were preparing to move. It was a complete mess!

As for the ning family's soldiers, seven or eight out of ten of them had already revolted. Some of them had made a scene, while others had left. The remaining few soldiers who were still willing to listen to orders were maintaining order. They did not have the time to grab Chen Xiaobei with the portrait.

"This is too realistic ..."

Chen Xiaobei walked on the chaotic Street and sneered.

Ning Tiancheng destroyed Fengyan city.

Chen Xiaobei was going to destroy his sacred city.

Draining the Holy Meridian was definitely a wonderful plan to pull firewood from the bottom of the cauldron.

Without Saint origin power, the rich and powerful people in the city would all move, and the ning clan's sacred city would become an empty city.

Without Saint Qi, the soldiers would lose their biggest benefit, and naturally, they would no longer risk their lives for the ning clan. This would chill the hearts of the people, and the strength and Foundation of the ning clan would also collapse!

In this way, ning's sacred city would basically be useless. Sooner or later, it would become a dead land and an empty city!

In the end, only the three emperors of the ning clan were left!

In fact, the only person Chen Xiaobei wanted to kill was ning Tiancheng!

If the other two ning emperors did not interfere, Chen Xiaobei would not have gone to them!

However, if they tried to interfere, Chen Xiaobei would kill them as well!

They would use their blood to wash away the enmity of the massacre of the blazing wind city! They would use their lives to pay tribute to the souls of the innocent people of wind flame city!

Fengyan city!

To be honest, Chen Xiaobei did not have much of a relationship with this city. It was only a one-time deal.

However, in Chen Xiaobei's mind, the image of the city Lord Jiu E's honest and trustworthy face would often appear. The image of the people outside the city worshipping Him in celebration would also appear in his mind. The image of the woman who risked her life to save Chen Xiaobei at the most dangerous moment would also appear in his mind!

Chen Xiaobei did not even know the woman's name.

However, Chen Xiaobei would still think of her, and every time he thought of her, his desire for revenge grew stronger!

So, even if ning Tiancheng was a Holy King! Even if ning Tiancheng had two stronger Holy Kings behind him! Chen Xiaobei's determination for revenge would not waver!

This was something that Chen Xiaobei had to do. It could even be said to be his mission!

Of course, things had to be done step by step.

It was not realistic for Chen Xiaobei to fight the Holy King head-on.

Zhang Manor.

The Secret House left behind by Zhao Helong.

After Chen Xiaobei entered the mansion, he did not attract any attention as usual.

Then, Chen Xiaobei released the rest of his companions from the Meru space.

Chen Xiaobei looked at the ancestral Dragon, the primordial Phoenix, and the Qilin and said, "Now that we have arrived at the heavenly Saint land, try to sense if you can sense the heart of primordial chaos in Saint Pan's dream."

"Alright!"

Ancestor Dragon, Yuan Feng, and Shi Qilin all had the same dream.

In the dream, the ancestral Saint Pangu had told them that there would be reincarnators of Pangu in the future, and he wanted them to lead them to the place they had been to in the dream!

That place was called the primordial chaos Heaven's Heart.

Before this, the ancestral Dragon, primordial Phoenix, and the origin Qilin were unable to determine the location of the dream realm.

"How is it? Can you do it?"

After a while, Chen Xiaobei could not help but say, "logically speaking, Saint Pan sent you all to lead the reincarnators of Pangu to the primordial chaos Sacred Heart in his dream. In that case, the three of you must know the location!"

"No... We still can't be sure ..."

Zu Long, Yuan Feng, and Shi Qilin all shook their heads helplessly, looking very disappointed.

"This ..."

Chen Xiaobei was taken aback. "If even you can't be sure, what's the point of the dream?"

The ancestral Dragon, the primordial Phoenix, and the origin Qilin were all at a loss for words.

"Holy master ..."

After a moment of silence, Zu Long said embarrassedly, "although I can't sense the location of the primordial chaos Heavens Heart, I can sense another place ..."

"What place?" Chen Xiaobei's eyes lit up.

"I feel like the ancestor of the dragon clan is summoning me. It could be our clan or the ruins of the dragon clan ... the ancestral Dragon said."

The primordial Phoenix and the origin Qilin both widened their eyes in surprise!

[Red Envelope Group of the Three Realms](#)

Chapter 4072: Uninvited guest!

"What's wrong? Did you sense it too?"

Chen Xiaobei noticed the changes in the primordial Phoenix and the origin Qilin's expressions.

"Yes, I am!"

Yuan Feng and the origin Qilin both nodded and said, "Just like the ancestral Dragon, we all sensed the summoning from the progenitors of the Phoenix-kind and the Qilin-kind ..."

Zu Long was also surprised. previously, the three of us had the same dream realm. Now, the three of us have sensed the ancestor's summoning. This is definitely not a coincidence. The summoning of the ancestors of the three races might be a clue to finding the heart of primordial chaos!

"That makes sense!" Yuan Feng and the origin Qilin's eyes lit up and they became excited.

It was the same dream!

At the same time, he could sense the ancestor's summoning!

Obviously, this was not a coincidence. There must be an internal connection!

The Dragon ancestor, the Phoenix ancestor, and the Qilin ancestor were all the ancestors of the three clans in Pan Gu world! It could be said that Pangu had given birth to the three of them!

However, in the heavenly Saint realm, there were ancestors of the three races who were more ancient, more powerful, and more sacred than the three of them!

And the ancestors of the three races in the heavenly Saint realm were probably related to the most primitive Saint pan race!

Although he was still unsure what kind of place the primordial chaos heavens core was, he was certain that going to the primordial chaos heavens core would bring a huge opportunity to a reincarnated Pangu!

In summary, the three races of the heavenly Saint realm, the Dragon, Phoenix, and the Kylin, were closely related to the Saint pan clan.

If he could find the ancestors of the three races in the heavenly Saint realm, he might be able to obtain clues about the primordial chaos Heaven's Heart.

since that's the case, record down the three locations that you've sensed! zhang xuan instructed. " I still have some things to do. I'll head to the three locations as soon as possible! Chen Xiaobei said.

Whether it was to take revenge for Fengyan city or to deal with Hongjun, Chen Xiaobei had to increase his own strength.

Chen Xiaobei's current resources were far from enough for him to be on the same level as a Holy King.

So, Chen Xiaobei had to look for other opportunities.

The primordial chaos heavenheart was the first to bear the brunt. After all, this was an opportunity left behind by the ancestral Saint Pangu for his reincarnators!

The second was the Ji clan's Saint Emperor's remains! If he could find some opportunities inside, dealing with a Saint King might not be a problem!

"Jin Lu!"

Chen Xiaobei looked at Ji Jinchuan.

Ji jinlian was not only a beautiful woman, but also very smart and understanding.

She knew what Chen Xiaobei was trying to say just by looking at his eyes.

"Whoosh ..."

Ji jinluan took out an extremely exquisite white-gold jade pendant. After communicating with it, she immediately began to sense the location of the Saint Emperor's remains.

Of course, this might take some time.

Chen Xiaobei turned to LAN Shunyi and Luo Tianzhou and said, "Can you two sense the location of your two races?"

"Sure!"

yes! LAN Shunyi nodded heavily and said, "I've already sensed the aura of the LAN family's founding ancestor. He's in the East!"

"East?"

Chen Xiaobei was taken aback. He suddenly remembered what Zhao Helong had said.

Chen Xiaobei had asked around for the location of the Saint Duke and LAN family.

Zhao Helong had never heard of the Saint Duke clan. After all, the heavenly Saint land was huge and there were countless clans. It was normal for him to not have heard of them.

However, Zhao Helong had clearly said that there was a Blue Moon City a trillion miles to the East of the ning clan's sacred city. The people in control of the city were a clan with the surname LAN.

At this moment, LAN Shunyi sensed the LAN family's ancestor's aura, which was also in the East.

This basically confirmed that the LAN family clan should be in Blue Moon City.

"Alright!"

wait! Chen Xiaobei was excited. let's go to Blue Moon City first!

Obviously, Chen Xiaobei still missed LAN Mengcheng.

Of course, Luo puti was also an existence that Chen Xiaobei could never forget.

After all, Luo puti was Chen Xiaobei's real wife, and she had already given birth to a child for him.

"How about you?" Chen Xiaobei looked at Luo Tianzhou.

I ... Luo Tianzhou shook his head and helplessly said, "I don't sense the presence of our race ..."

"No?" Chen Xiaobei was shocked.

"Whoosh ..."

After that, Chen Xiaobei released Luo Yuan's primordial spirit.

"Luo Yuan, I've arrived at the heavenly Saint land. Tell me, where is the Saint Duke clan?" Chen Xiaobei asked.

"Yes, sir ..."

Luo Yuan had already surrendered in his heart and said honestly, "the Saint Duke clan is located in Saint Duke City, Thunder continent, cangsheng heavenly region!"

"Cangsheng heavenly region?"

Chen Xiaobei asked, "This is the ning's sacred city, is it far from the place you said?"

“Ning’s holy city? What was this place? “I’ve never heard of it ...” Luo Yuan was confused.

“What? You ... You’ve never heard of it?” Chen Xiaobei’s brows were tightly knitted together, and he looked a little anxious.

“Please don’t mind it too much!”

Luo Yuan explained, “the heavenly Saint land is extremely huge. It has tens of thousands of regions and countless worlds!” There are too many places I’ve never heard of ...”

I see ... Chen Xiaobei asked again, “Then, how do I get to Saint Duke City?”

“First, find the core main city of this region!”

Luo Yuan said, “ you can find the transmitting formation to other regions in the city. It would be best if you can go directly to the cangsheng heavenly region. If you can’t, you can go to the region I know first and then send yourself to the cangsheng heavenly region!

I understand ... Chen Xiaobei nodded. “Since there’s a way, then there’s nothing to be afraid of!”

Chen Xiaobei was mainly worried that he would not be able to see his wife and children. Since there was a way to go there, he could put this matter on hold.

After all, he still had a lot of things to do in this region. He could go to see his wife and children after he was done. It would save him the trouble of going around in circles and getting into danger without implicating them.

When the time came, gumoko would lead the way and find the main city of the southern region. The rest was only a matter of time.

“Sir Holy master, I’ve already sensed it!”

At this time, Ji Jinlu held the jade pendant in her hand and said, “ “Our Ji clan’s Saint Emperor relic is located in the eternal Saint Emperor domain, which is very, very far from here. We might also need to use a teleportation formation to get there!”

“Good! Let’s also suppress this matter for now!” Chen Xiaobei nodded.

Then, the ancestral Dragon, primordial Phoenix, and the origin Qilin also told Chen Xiaobei the location of their ancestors.

The three locations were in the other three regions.

Clearly, this matter was far more troublesome than he had imagined.

“Dong Dong Dong ...”

At this moment, someone suddenly knocked at the gate of Zhang mansion.

“Not good! Have we been discovered?”

Chen Xiaobei quickly recalled everyone back into the Meru space.

He put on the human skin mask again.

After that, Chen Xiaobei walked over and opened the door.

Red Envelope Group of the Three Realms

Chapter 4073: Big news!

Outside the mansion, a team of ning's sacred city guards came.

The ning family's personal guards were the personal guards of the core members of the ning family, so their loyalty was relatively high. There were no signs of mutiny and escape for the time being.

Looking at these personal guards, they should be carrying out a mission.

"What business do you all have?"

Chen Xiaobei was very confident in his human-skinned mask. Before the other party could even speak, he had already asked.

"You're the only one in the residence?"

The captain of the guards asked as he swept his gaze across the manor gate.

"Yes, I'm the only one!" Chen Xiaobei nodded.

well, as usual, are you planning to move out of the ning clan's sacred city soon? " The guard Captain asked again.

this ... Chen Xiaobei hesitated.

don't worry, we won't stop you from leaving. It's just an order from the higher-ups to question you as usual. You just have to answer truthfully! The guard Captain said.

I ... Chen Xiaobei hesitated.

After all, the ning clan's sacred city was in a mess.

The city was seriously lacking in military strength, so how could they send out their own men just to ask if they were leaving?

"You're so dumb ..."

The guard Captain rolled his eyes at Chen and said coldly, "I don't care if you move or not! Remember one thing! The chaos in the sacred city this time was a scheme by a villain! Emperor Tian Sheng must find this person!"

Chen Xiaobei nodded and asked, "How are we going to find out?"

"Emperor Tian Sheng said that the traitor must have something to do with Fengyan city!" The guard Captain said. If you move out of the city, spread the news that Emperor Tian Sheng has the primordial spirits of everyone in the city!"

is ... Is this true?! Chen Xiaobei's heart skipped a beat.

Ning Tiancheng had the primordial spirits of everyone in wind flame city?

If this was true, then things would be completely different!

As long as their primordial spirits were still there, Chen Xiaobei would have a way to resurrect all of them!

Compared to avenging these innocent people, Chen Xiaobei wanted them to live on!

Of course, all of this was based on the fact that their primordial spirits were still present!

“Whether it’s true or not, you’ll have to ask Emperor Tian Cheng!”

“Anyway, the Emperor is going to use this method to fish!” The captain of the guards said angrily. Therefore, everyone who had moved out of the city had to spread the news! It won’t be long before we can lure out that traitor!”

I see. I remember now ... Chen Xiaobei frowned.

It had to be said that ning Tiancheng’s intelligence was still online!

After ning Tiancheng had massacred Fengyan city, Chen Xiaobei had come to the ning family’s sacred city for revenge!

So, ning Tiancheng quickly thought of Chen Xiaobei’s connection to Fengyan city, and then he thought of this plan to lure the snake out of its hole!

Ning Tiansheng did not know where Chen Xiaobei was, but the news would spread like wildfire with the people who moved.

Ning Tiancheng was sure that as long as Chen Xiaobei cared about Fengyan city, he would be lured out.

By then, ning Tiancheng would have a way to stop Chen Xiaobei from escaping.

“Just remember it! Let’s go!”

The team of personal guards didn’t say anything and turned around to rush to the next house.

Obviously, the power of the ning sacred city was gone. Since they couldn’t stop people from moving, they must let the people who moved display their final value!

From this, it could be seen that not only was ning Tiancheng intelligent, but he was also very calm and wise. He could even squeeze out value from a bad thing!

This kind of person was really terrifying!

“No matter what, I have to confirm as soon as possible. Is this true?”

When Chen Xiaobei returned to the mansion, he did not act rashly.

When Chen Xiaobei came out of the sacred city after the massacre, there was indeed no primordial spirit left in the city. Even the dead bodies had disappeared.

One possibility was that ning Tiancheng had directly killed everyone and destroyed their bodies.

The other possibility was that ning Tiancheng's Secret technique had only destroyed their bodies, but their primordial spirits had been captured and sealed.

Chen Xiaobei did not see it with his own eyes, so he could not be sure.

"Whoosh ..."

After closing the door, Chen Xiaobei summoned gumoke.

"Gu Moke, ning Tiancheng kills people because he's used to directly killing? Or are you used to collecting primordial spirits?" Chen Xiaobei asked.

"Ning Tiansheng?"

Gumoke was not stupid. After some thought, he said, "Ning Tiancheng cultivates a kind of evil technique that can refine other people's primordial spirits and increase his own lifespan. So, under normal circumstances, he will collect people's primordial spirits and use them to refine!"

"What!" Chen Xiaobei was shocked!

It wasn't just because ning Tiancheng was used to collecting primordial spirits, but more because ning Tiancheng actually knew that kind of evil technique!

Refining the primordial spirit of others to increase one's own lifespan!

This was a demonic technique of the heavenly Dao!

Could it be that ning Tiancheng was related to the heavenly Dao?

Chen Xiaobei was stunned and did not say a word.

"Don't you understand?"

Gumoko thought that Chen Xiaobei did not understand and explained, "Ning Tiancheng's evil technique can release a green-gold holy light, which can destroy the body and soul of a person as if it's incinerating them. Then, it can seal the primordial spirit of the person and teleport them to a Xumi space!"

"I understand!"

Chen Xiaobei calmed himself down and mumbled to himself, "Now we can basically confirm that the primordial spirits of the people of wind flame city are indeed in the hands of ning Tiancheng!"

First of all, ning Tiancheng had massacred Fengyan city in order to lure Chen Xiaobei out. To him, having billions of primordial spirits was not a small gain. There was no reason for him to waste it!

Secondly, after the massacre of Fengyan city, ning Tiancheng had been searching for Chen Xiaobei's traces in the area. Then, he had returned to the ning clan's sacred city. So, he did not have time to refine these primordial spirits!

In summary, the primordial spirits of the people of Fengyan city were in ning Tiancheng's hands, and they had not been refined yet.

“That’s great!”

Chen Xiaobei was excited. He made up his mind.”I must find a way to save all of them and resurrect them!”

The faces of the people from Fengyan city appeared in his mind. The massacre of Fengyan city was caused by Chen Xiaobei, and this matter had become a knot in Chen Xiaobei’s heart.

That was why Chen Xiaobei was so concerned about this.

Finally, there was a way to untie the knot in his heart. Chen Xiaobei was excited, his fighting spirit was ignited, and his blood was boiling.

“What I need to do next is to increase my strength!”

Chen Xiaobei’s eyes narrowed as he began to plan.

After all, ning Tiansheng was a Holy King. If he could not defeat him, Chen Xiaobei could not save them.

Improving his strength was an absolutely necessary step!

Other than the opportunities in Saint Pan’s dream and the Ji family’s ruins, Chen Xiaobei also had another treasure that could quickly increase his cultivation!

Profound Sage Jade Qilin bone armor!

[Red Envelope Group of the Three Realms](#)

Chapter 4074: Comprehensive improvement!

For safety’s sake.

Chen Xiaobei then brought gumoke into the Sumeru dimension.

This time, Chen Xiaobei had gumoke activate the divine sunlight cache.

After all, Futian Xin ‘er’s life was not endless. Chen Xiaobei had to protect his own people.

Gumoke was already a six-star true sage. In terms of lifespan, he was even longer than Fu Tian Xin ‘er. It would not be a problem for him to activate the divine sunlight cache.

“Whoosh ...”

In the sunlight domain, time passed quickly.

Chen Xiaobei began to use his secret technique to absorb and refine the profound Sage aquamarine Kirin bone armor!

This profound Sage Jade Qilin’s level was very high. Even though there was not much bone armor left, it still allowed Chen Xiaobei to break through two major realms and three minor realms.

From an early-stage one-star true sage, he had directly advanced to a peak three-star true sage!

[ding Yingying’s cultivation: early stage one-star true sage. Lifespan: 25050791 trillion years! [physical body: 99 trillion Hengsi!] [combat power: 99 trillion Hengsi] Primordial spirit attack-peak true sage level!

“What the f * ck! It’s so good!”

After a while, Chen Xiaobei stopped his cultivation. “All of the profound Sage Jade Qilin bone banners have been refined by me. In return, my lifespan has increased by nearly five times! His physical strength and battle prowess had also increased greatly! It’s so cool!”

It was obvious that after reaching the true Saint realm, it was extremely difficult to break through each minor realm.

However, the harder it was to break through, the greater the improvement in various abilities after the breakthrough.

As the saying goes, only by suffering in hardship can one be above others!

The harder it was to break through, the greater the improvement!

“There’s another change!”

of course! Chen Xiaobei said excitedly, “ after my primordial spirit merged with Pangu’s primordial spirit true spirit, it has already reached the peak of true divine level. So, my primordial spirit attack has also been raised to this level!

Chen Xiaobei’s primordial spirit power was the heaven-severing thought.

Because of the level difference, Chen Xiaobei had not used it for a long time.

other than increasing my cultivation, I still have to think of a way to improve my other trump cards!

Chen Xiaobei quickly took out all the broken pieces of the Pangu axe and the Pangu banner.

The fragments of the Pangu axe were all found in the Holy Land.

The Pangu banner originally belonged to the primeval Lord of heaven. It was made from the largest fragment of the Pangu axe. Later, Chen Xiaobei used the Pangu banner to destroy it with the Pangu Saint devouring Dao axe and collected all the fragments.

the Pangu axe is at the heavenly Lord Chaos level. After it was broken, the level of the fragments is roughly equivalent to the middle to late stage Holy King level!

but, I’ve only collected a small portion of the fragments. So, they’re probably at the early stage of Holy King! Chen Xiaobei said.

after devouring all of jieyin’s blood essence, the phaseless chaotic celestial body has been upgraded again. I should be able to devour these fragments of the Pangu axe!

“If nothing unexpected happens, I should be able to produce a Saint King level special ability!”

The effect of the formless chaos celestial body was to give Chen Xiaobei the opportunity to devour foreign objects after he broke through to the next realm.

According to the type and level of the object devoured, it could induce the corresponding Dharmakaya special ability.

Now that his formless chaos celestial body had been upgraded and his cultivation had broken through, he had two chances to devour.

“No matter! Let’s try it first!”

Chen Xiaobei calmed himself down and started to practice the formless chaotic body.

“Shua shua shua ...”

Then, the broken pieces of the Pangu ax and the broken Pangu banner were all devoured and integrated into Chen Xiaobei’s magical body.

“Whoosh ...”

After that, gumoko continued to activate the divine sunlight cache to help Chen Xiaobei digest all the fragments.

He had to admit that the level of these fragments was really high.

Even though he had used the God-level sunlight cache, it still took him a long time to digest it.

“I’ve succeeded!”

Chen Xiaobei opened his eyes, his face full of excitement.

“Chi ...”

A shining Pangu axe appeared in Chen Xiaobei’s hands!

In an instant, a terrifying pressure enveloped the entire space. It seemed to contain the power to split the heavens and earth. Just by standing there, it could intimidate all living beings and suppress All Saints.

“What ... What a terrifying pressure!”

Gumoko sucked in a breath of cold air. His face was pale, his pupils shrank, his eyes trembled, and his heart stopped. He was so shocked that he almost fainted.

“Pheew ...”

Chen Xiaobei let out a long breath and dispelled the Dharma form of the Pangu axe. “He’s indeed too strong! The power of this axe is already comparable to the power of a one star Saint King!”

“However, my mental energy is far from enough to support this power! Even if it’s just one swing of the axe, my spiritual power will be exhausted and my primordial spirit will be completely destroyed!”

It was obvious that the stronger the power, the greater the consumption.

Although Chen Xiaobei had broken through to the next cultivation realm and his mental power had increased, he was still far from being able to activate a Holy King-level ability!

Just like the Azure armored divine edge Wolf he had encountered earlier.

To use a true saint’s mind power to activate a Saint king’s special ability, the price was death!

The main point was that the Azure armored divine edge Wolf used a secret technique to devour large amounts of living beings all year round to increase its spiritual power. The total amount of spiritual power far exceeded that of ordinary people.

Even so, the Azure-armored divine edge Wolf still couldn't escape death.

From this, one could see how much energy was needed to activate a Saint King's ability.

It was impossible for Chen Xiaobei to do it in such a short time!

however, after the Saint devouring axe devoured the body of the Azure-armored divine edge Wolf, it developed the three-eyed divine edge ability!

if I have a Saint King level Holy Meridian, or if I let a pinnacle true Saint sacrifice his life, I can activate this Saint King level ability!

"It's a pity that Saint King level Saint veins are not easy to obtain. Peak true saints are not easy to catch either! So, I have to continue to think of a way ..."

Although Chen Xiaobei had a lot of trump cards, he did not have enough energy to activate them.

"In addition, the Pangu chaos Mark's special ability can also reach the level of a peak true sage! If I can raise the heaven punishing Purple Lotus to the twelfth grade, then I'll be able to give birth to a Saint King grade special ability!"

however, the energy in the Pangu chaos seal can only activate a pinnacle true saint's power twice. Even a Holy King's power can't be activated ... Chen Xiaobei said.

The lack of energy had become Chen Xiaobei's number one problem.

"Now, the" phaseless chaotic body "still has one more chance to devour!"

of course! Chen Xiaobei thought for a moment and said, " the highest level item that I can devour is probably the good fortune Jade plate's fragment ...

[Red Envelope Group of the Three Realms](#)

Chapter 4075: The hundred-level tower!

The good fortune Jade Disk was a Supreme treasure used by the way of heaven to seal the Hong Meng immortal Qi. At the same time, it could be said to be the most powerful Supreme treasure in the hands of the way of heaven.

In the final battle all those years ago, the ancestral Saint Pangu had risked his life and the destruction of his Pangu axe to barely shatter the Jade plate of fate.

However, the heavenly Dao did not die.

The reason why the way of heaven had the upper hand at that time was that there were 49 strands of primordial violet vapor sealed in the good fortune Jade Disk.

Without the support of the primal purple Qi, one could tell that the Jade plate of fate was as powerful as the Pangu axe.

Of course, since Chen Xiaobei did not have a lot of the good fortune Jade Disk fragments, and he did not have a large one, after devouring all of them, he would only be able to produce the power of a peak true divine.

the good fortune Jade Disk is an item of the heavenly way and is incompatible with Saint Pan's will. I have no other use for it. The best way to make use of it is to devour it!

Chen Xiaobei then absorbed the fragment of the good fortune Jade Disk into his avatar.

Saint Pan and the heavenly Dao were like fire and water. If Chen Xiaobei used the good fortune Jade Disk fragment, he would be rejected by it.

However, devouring the fragment was equivalent to destroying it. Hence, there was no rejection. Instead, Chen Xiaobei's Saint Pan true spirit gave off a mysterious wave, as if it approved of Chen Xiaobei's actions.

"Whoosh ..."

After that, Gumoko continued to activate the divine sunlight cache to speed up Chen Xiaobei's digestion of the good fortune Jade plate.

After some time, the digestion finally came to an end.

It was a success!

"Chi ..."

Chen Xiaobei summoned a nine-colored jade disc that glowed with divine light!

That's right!

This was the Dharma Laksana of the good fortune Jade Disk!

"According to my guess, the special ability of the good fortune Jade Disk is only at the peak of the true sage level ..."

Chen Xiaobei was pleasantly surprised. "However! This special ability was very special! It doesn't need to consume my spiritual power to activate! Instead, it could extract the power of others and store it! The more power you store, the stronger the power you can unleash!"

It was obvious that the original body of the Jade plate of fate had sealed the 49 strands of primordial violet vapor and received a certain amount of power. That was why it could help the way of heaven defeat the ancestral Saint Pangu in the final battle.

After absorbing some of the energy, Chen Xiaobei's combat power would be enhanced.

"That's great!"

Oh! Chen Xiaobei was overjoyed. Right now, I'm really, really short of energy. The special ability of the good fortune Jade Disk can help me save a lot of energy! You don't even need to consume my spiritual force!"

however, the speed at which this special ability extracts the enemy's power is not fast, so it's not suitable for use in battle. I can only find a time to extract it after I capture the enemy and store the power!

Obviously, the special ability of the good fortune Jade Disk fragment was not invincible.

Although it did not consume Chen Xiaobei's mental power and energy, it had a requirement on the timing and timing of use. Only by using it wisely could it achieve the best effect.

"Alright ... Now, my cultivation and trump card have been fully strengthened! Adding on the gifts that master and the others gave me before I left, I'm now fearless against anyone below the Saint ruler realm!"

Chen Xiaobei took out Fuxi's Dragon Pagoda.

The eight trigrams Dragon trapping Pagoda was the treasure vault of Fuxi's blood, sweat, and tears.

The tower had a total of 1000 levels. From the bottom to the top, it stored a huge amount of energy, various resources, and some extremely special existences.

However, every time he opened a level, Chen Xiaobei had to use the [innate Eight Trigrams], which cost him a lot of mental power to unlock the seal.

Previously, Chen Xiaobei had unlocked a total of twenty levels of the tower and had obtained a lot of Saint Qi.

Chen Xiaobei's mental power had increased by a billion times.

Even if the higher the level of the tower, the more mental power it would consume, Chen Xiaobei could still activate a large number of the tower at once.

Whoosh ... Whoosh ... Whoosh ...

As expected, Chen Xiaobei's mastery of the [innate Eight Trigrams] and the boost in his mental power allowed him to open the upper levels of the tower without any effort. He opened 80 levels in one go!

Chen Xiaobei still had half of his mental power left.

The reason why he stopped was because something special appeared on the 100th floor.

From the 20th floor to the 99th floor, each floor contained a huge amount of Saint Origin Energy.

Furthermore, the amount of Saint Origin Energy was increasing with each level.

All of them added together could actually be compared to a Saint King level Saint vein!

This was extremely terrifying!

according to this calculation, the remaining nine hundred levels of the tower will contain no less than nine Saint King level Saint veins!

Chen Xiaobei was so excited.

Right now, the thing that Chen Xiaobei needed the most was energy.

Saint Origin Energy could be said to be the best energy at the moment.

By the time Chen Xiaobei reached the 99th floor, he had obtained the equivalent of a Saint King's Holy Meridian.

There were still 900 floors left, which could still replenish Chen Xiaobei's energy.

Just thinking about it made him feel great!

Eight Trigrams ... Heavenly fusion skill!?

Then, Chen Xiaobei's eyes fell on the items that were dropped on the 100th level.

Eight Trigrams heavenly fusion technique!

This was an ancient book that was shrouded in the spiritual light of the eight trigrams. It exuded an extremely deep and heavy aura, as if it contained everything and had the spirit to merge the heaven and earth!

"Not only is there energy in the pagoda, but there are also all kinds of treasures that senior Fuxi has collected over the past billions of years! Looking at the spiritual light around the ancient book, it's definitely not an ordinary item!"

Chen Xiaobei calmed himself down and slowly opened the book.

The contents of the book were extremely profound. Even if an ordinary person were to get their hands on this book, they would definitely not be able to understand it.

However, Chen Xiaobei had learned the [innate Eight Trigrams] deduction technique from Fuxi, and with the help of the literary heart, it was not difficult for him to understand it. He could also use the divine sunlight cache to solve the time cost.

So, it did not take long for Chen Xiaobei to master all the essence of the book.

"This is a secret art for magic treasure fusion! The effect is to combine two magical equipment to make up for their shortcomings and create a new, more powerful magical equipment!"

Oh?" Chen Xiaobei raised his eyebrows. it seems like my trump card can be further enhanced!

"Woof! Whoosh!"

Chen Xiaobei took out the chaos Blood Sword and the demonic Dragon Slayer armor that he had not used for a long time!

These two magical items had been with Chen Xiaobei for a long time. He would not miss the chance to make them stronger!

[Red Envelope Group of the Three Realms](#)

Chapter 4076: Bold idea!

Since it was a fusion of Dharma Treasures, there naturally had to be a target to fuse with!

After that, Chen Xiaobei took out the Taiji diagram and the tree of Seven Wonders. These two Supreme treasures were both at the pinnacle of true Saint rank. In Pangu world, the Taiji diagram was ranked second, and the tree of Seven Wonders was ranked sixth!

Whoosh ... Whoosh ...

Then, Chen Xiaobei took out the Holy ancestor's fire and placed the demonic Dragon Armor and the Tai Chi diagram together. He then placed the chaos Blood Sword and the tree of Seven Wonders together.

Gumoko continued to accelerate time.

Chen Xiaobei, on the other hand, entered a long smelting process.

Gradually, special changes began to appear in the two flames.

First, the demonic Dragon Slayer divine armor and the Tai Chi diagram merged together.

The result of the fusion was a pure black demonic Dragon!

The size of this demonic Dragon could change freely. When it was big, it could span hundreds of millions of meters, and when it was small, it could circle around a finger.

Behind the black demon dragon's head, a Halo formed by the innate Eight Trigrams appeared. It was like the light of Buddha, shining in all directions.

"Greetings, master!"

What was even more amazing was that the black demon Dragon could speak the human language and knelt down in front of Chen Xiaobei.

The demonic Dragon Slayer godly armor's core source was the black blade demonic Dragon tribulation and the demonic spirit of the black demonic Dragon.

Once it broke through to the Saint level, this magic treasure would be equivalent to awakening its spirit and becoming a demon, gaining life.

In other words, the demonic Black Dragon, which had been killed and only had its dragon bones left, had been Reborn!

When he was crafting the demonic Dragon Slayer godly armor, Chen Xiaobei had integrated an entire Dragon into the dragon's edge. The Dragon itself could transform into the body of the black demon Dragon.

This way, with a body and life, the black demon Dragon would be like a real demon and could change its form at will!

Human form! Dragon form! Armor form! Black blade form! They could change freely!

And more importantly!

Fuxi's heavenly Eight Trigrams assimilation technique combined the strengths of the two Dharma Treasures to create an even more powerful Supreme treasure!

At this moment, the blackfiend Dragon had reached the peak of the true sage realm. In addition to the changes mentioned earlier, it also had the Super defensive power of the Taiji diagram.

In other words, when the black demon Dragon transformed into a black saber and black armor, it could attack and defend at the same time, and its combat power was at the top! When the black demonic Dragon transformed into a human-shaped Dragon, it was a pinnacle true divine who was 100% loyal to Chen Xiaobei!

If Chen Xiaobei wanted to, he could go back and kill the jieyin Daoist right now and make the blackfiend Dragon the new Saint of beixuan. It would provide more energy than the jieyin Daoist!

Of course, Chen Xiaobei did not plan to do that just yet.

After all, the black demon Dragon was very powerful. It could be of great help to Chen Xiaobei if it stayed with him.

“I’ll call you the Dragon’s edge from now on!”

that’s the name I gave you! Chen Xiaobei said. it’s easier to call you that!

“As you command! I’ll follow master’s arrangements!” The Dragon’s edge nodded and flew to Chen Xiaobei’s side.

“Clang!!!”

On the other side, a terrifying sword cry that could pierce through the heavens and earth resounded in all directions, emitting a murderous aura that could sweep away everything!

“Sword, come!”

The chaos Blood Sword pierced through the ancestral saint’s strange fire and flew into Chen Xiaobei’s palm.

In an instant, the sky was filled with blood-red light and the power was unparalleled. It was as if the demonic Saint had descended and could destroy all living things and cut the heaven and earth!

“Alright!”

Chen Xiaobei’s face lit up with joy. “Another peak Saint artifact! It’s like adding wings to a Tiger!”

Obviously, after the fusion with the tree of Seven Wonders, the chaos Blood Sword had reached the peak true sage level.

The veins of the tree of Seven Wonders appeared inside the blood-colored jade sword. They were like the bones of the Blood Sword. They were strong! Strong and tough! There were also seven-colored spiritual lights surging secretly! It was very cool and very nice to look at!

Of course, other than the change in appearance, the power of the chaos Blood Sword had also increased. At the same time, the chaos devouring ability had also reached the peak true sage level.

At this stage, the Saint devouring axe was Chen Xiaobei’s number one trump card, while the Dragon’s edge and the chaos Blood Sword were tied for second. All three of them were basically invincible.

“This heavenly Eight Trigrams assimilation technique is really useful! He would combine the strengths of two magic treasures to create an even stronger magic treasure! Continue, continue!”

Chen Xiaobei then took out the beixuan Saint-sealing painting and the mountain river Map.

The [mountain river Map] was Mother Nuwa’s strongest trump card.

If a peak true Saint was sealed in the map and didn’t have a magic treasure of the same level, he would be trapped for at least a year before he could break through the seal. Even if he had a magic treasure of the same level, he would be trapped for ten days to half a month.

However, the mountain river Map had a huge flaw, and that was that it could not take the initiative to attack and seal others.

He could only hide the map somewhere and lure the enemy into charging in.

However, after merging with the beixuan Saint-sealing painting, this flaw of the mountain river Map would be directly compensated for!

“Whoosh ...”

After a while, the fusion was successful again.

The beixuan Saint-sealing painting had reached the peak of the true Saint realm. The effect of the seal perfectly inherited the strength of the mountain river Map and could trap a peak true Saint.

At the same time, the weakness of the mountain river Map no longer existed.

As long as there was energy, the ‘Northern Mystic Saint sealing painting’ could directly activate its sealing power and seal any opponent below the Saint King level.

“Sir Holy master ... You ... You have too many magic weapons ...”

Gumoko, who was standing at the side, was stunned and sighed, “Any one of these treasures can make anyone below Saint King level invincible ... This is simply too terrifying ...”

It was obvious that Chen Xiaobei’s actions had made the gomoke’s scalp tingle.

He was a small six-star true divine, but he felt like an ant in front of Chen Xiaobei!

No!

He felt that he was even smaller than an ant!

It should be dust!

“Don’t make a fuss! Where is this?”

Oh?” Chen Xiaobei raised his eyebrows. actually, I have an even stronger magical treasure that I haven’t taken out yet ... But I’m a little hesitant. Should I continue to merge with it?”

Obviously, Chen Xiaobei still had his trump card, the Saint devouring Dao axe! And the first killing formation of heavenly Dao, the immortal-killing sword formation, which was given by sect leader Tongtian!

However, the Saint devouring Dao axe was already close to perfection. Unless one encountered a magic treasure that was also derived from heavenly venerate Primal Chaos 'true spirit, the Saint devouring Dao axe could be said to be invincible among those of the same level. There was no need to fuse it anymore!

The celestial eradication sword formation was already powerful enough. It required four peak true saints with peak Saint weapons to break the formation! This kind of effect basically didn't need to be fused anymore!

"Since that's the case, I'll leave the Saint devouring Dao axe to you for now!"

Chen Xiaobei raised his eyebrows and said, "Use the chaos Blood Sword and the celestial eradication sword formation to fuse again! Let's see if we can create a Saint-King-level ... Primal Chaos immortal-slaying sword array!"

Red Envelope Group of the Three Realms

Chapter 4077: LAN family ancestor!

This was equivalent to five magic treasure fusions.

First of all, for the first time, he had to merge the celestial eradication sword formation into the chaos Blood Sword.

After that, he merged the immortal-killing sword, immortal-slaying sword, immortal-trapping sword, and immortal-eliminating sword into the chaos Blood Sword in four different times.

According to the characteristics of the heavenly Eight Trigrams assimilation technique, the new magical equipment produced after five fusions would combine the advantages of the celestial eradication sword formation and the chaos Blood Sword.

The celestial eradication sword formation and chaos Blood Sword were already the best among the peak true saints. If he combined them like this, he might really have a chance to break through the bottleneck and reach the Saint King level.

"Whoosh ..."

After that, Chen Xiaobei immediately started to operate it.

Just like before, gumoko activated the divine sunlight cache with all its might.

In the sunlight domain, a lot of time had passed, but not much time had passed in real life.

"I've succeeded!"

Finally, after a long period of fusion, the new chaos Blood Sword appeared in front of Chen Xiaobei.

The chaos Blood sword's main body had not changed. It still looked the same as before.

However, in the middle of the hilt, there was a small round plate that looked like a star. It was obvious that this was where the celestial eradication sword formation diagram was.

The four immortal-slaying swords turned into four streaks of sword Qi that surrounded the chaos Blood Sword.

Normally, the four celestial slaying swords would be like sword Qi, appearing and disappearing at times. However, if their power was activated, these four top-notch killing weapons would appear as if they had a physical body.

When combined with the sword formation picture, a sword formation could be formed directly.

At the same time, he now had the chaos Blood Sword, which was equivalent to five swords.

In this way, a brand new sword formation was formed!

Primal Chaos immortal-slaying sword formation!

“Done!”

Chen Xiaobei let out a long breath, but his brows were furrowed. It's a pity that the chaos Blood Sword is still at the pinnacle true Saint level ... It hasn't reached the Saint King level that I'm looking forward to ... Perhaps I still need some special opportunity to break through to the Saint King level ...

The fusion went very smoothly, but the result was not perfect.

Of course, although it was not at the level of a Saint King, the chaos Blood Sword could almost rival the Saint Pan Dao devouring axe if it was activated.

this time, I've completely strengthened all my trump cards!

Chen Xiaobei calmed himself down and said, “now, I have the Saint Origin Energy equivalent to a Saint King level Saint Meridian. I can use it to activate a Saint King level Saint Duke Emperor ring or a Saint King level three eyed Saint blade!

“In theory, I can already fight ning Tiancheng! However, the chances of winning are slim!”

Chen Xiaobei said calmly, “Although ning Tiancheng is only a one-star Holy King, he must have other Holy King level cards in his hands! My Saint Duke Emperor's ring and the three-eyed Saint Sword might not be able to affect him!”

Obviously, the Saint Duke Emperor's ring could only seal the enemy's treasures and abilities. The three-eyed Saint Sword could only be invincible against those below the Saint King realm. It could probably be easily broken by a Saint King!

therefore, I have to think of a way to continue improving my strength!

Chen Xiaobei thought for a moment and said, “The only ways left for me to rapidly increase my strength are probably the Ji family's ruins and Saint Pan's dream world! I can only follow the clues!”

“First of all, the ancestral Dragon, the primordial Phoenix, and the origin Qilin have all sensed the summoning of their ancestor from beyond the heavens! Secondly, Ji jinluan, LAN Shunyi, and Luo Tianzhou have all appeared in Saint Pan's dream. He must have some clues on him!”

“At this moment, I'm the closest to LAN Yue city where the LAN family is located. So, I'll go there first to take a look! First, we can look at mengchen's current condition. Second, we can try to find some clues!”

Chen Xiaobei was calm and his mind was clear. He quickly organized his thoughts and set his next plan.

Of course, to go to Blue Moon City, he naturally had to bring along a local guide.

That's right!

The guide was Blue Dragon!

When Chen Xiaobei had a conflict with the LAN family, LAN long was an enemy, but he was captured alive by Chen Xiaobei.

After that, the Blue Dragon found out that Chen Xiaobei had a strong foundation and unfathomable power. Gradually, it was convinced by Chen Xiaobei, and completely changed its mind. It no longer saw Chen Xiaobei as an enemy, but took the initiative to befriend him.

Chen Xiaobei opened the portal and brought Blue Dragon from bei Xuan world.

"What? We're going back to blue Moon City?"

The Blue Dragon's expression froze for a moment, then it was filled with surprise. "Alright! That's great! The young master would be very happy! Besides, the elders will definitely welcome bro bei!"

Obviously, the young master that the Blue Dragon was talking about was LAN mengchen.

Since LAN Mengcheng had received the important inheritance left by the LAN family's ancestor, she was given high hopes and became the young master of the LAN family after she went to the heavenly Saint realm.

As for the LAN family's Council of Elders, Chen Xiaobei had never dealt with them before, so he was not too sure about their situation.

However, Chen Xiaobei was sure that after LAN Mengcheng joined the LAN family, she had received a new inheritance and her cultivation was still rising.

However, at the moment, LAN Mengcheng did not have much say. She could not make the decision.

Otherwise, the Blue Dragon would not have fought with Chen Xiaobei last time.

LAN Mengcheng's life in the clan was not going to be easy, and the elders would not be happy if Chen Xiaobei went.

However, Chen Xiaobei would not tell the Blue Dragon what he was thinking about.

"By the way, bro bei, who's this guy? Although it's the first time we've met, I feel very close to him!"

Blue Dragon laughed heartily, looking at the waiting LAN Shunyi.

As the saying goes, blood is thicker than water!

Although LAN long and LAN Shunyi were people from two different eras, and these two eras were separated by trillions of years, their bloodline was from the same lineage, from the same root and origin.

Therefore, the two of them didn't even need to speak. Just by looking at each other, they already had an instinctive sense of familiarity.

“He’s LAN Shunyi. He should be the ancestor of your LAN family!” Chen Xiaobei said.

“What?” The Blue Dragon was dumbfounded.

If someone else had said this, Blue Dragon wouldn’t have believed it.

However, the Blue Dragon believed Chen Xiaobei’s words.

This was because Blue Dragon had long been convinced by Chen Xiaobei’s strength, and admired his character even more.

That was why Blue Dragon had absolute trust in Chen Xiaobei.

I’ve been imprisoned by the heavenly Dao for billions of years. I didn’t expect that I would become an ancestor after seeing the sky again ... LAN Shunyi shook his head and laughed bitterly at himself.

“Heavenly Dao? A trillion years?” Blue Dragon’s expression changed drastically when he heard that!

“What’s wrong? Is there a problem?” LAN Shunyi felt very puzzled.

Chen Xiaobei was also very curious.

Chapter 4078: The LAN clan's disaster!

“No... No problem! I can now confirm that you are indeed an ancestor of my LAN family!”

LAN long explained, “ there are historical records in my LAN family. Back then, the heavenly Dao set us up and wanted to kill us all! After that, we found a space tunnel in the crack of the great void and entered the otherworldly Saint realm. We managed to escape the disaster of being exterminated!”

“A tear of the great void?” Chen Xiaobei was taken aback.

He immediately recalled that the battle with the Blue Dragon was in the rift of the great void.

At that time, the Blue Dragon had brought a thousand ice-armored warriors through the space Channel into the rift of the great void.

From this, it could be seen that the LAN clan had escaped to the otherworldly Saint realm through the passageway in the great void crack. The passage had been preserved all this time, and it could still be used to this day.

That was why LAN Mengcheng was able to reach the heavenly Saint realm without a hitch.

“Alright, I’m pressed for time. Let’s set off immediately!” He said. Chen Xiaobei said.

“Yes, sir!” LAN long and LAN shun obeyed Chen Xiaobei’s every command.

Soon after.

The Blue Dragon was in charge of the journey while Chen Xiaobei rested to recover his mental power.

There were still many good things in the eight trigrams Dragon trapping tower, but it would consume more and more of his mental power. So, Chen Xiaobei had to recover his mental power in order to reach a higher level.

The Blue Dragon was very familiar with the environment here.

The extremely long distance was crossed in half a day and they arrived at Blue Moon City.

“This is Blue Moon City? It’s too spectacular!”

Chen Xiaobei and LAN Shunyi could not help but exclaim as they stood under a huge ice castle.

This castle was extremely huge, its scale comparable to the ning clan’s holy city.

What was even more spectacular was that the walls of the castle were like armor, sharp and angular, strong and heavy, as tall as a mountain!

On the City Tower, there were hundreds of thousands of ice-armored warriors patrolling back and forth! The Army was well-organized, well-equipped, and their strength was not weak!

This was the first time Chen Xiaobei and LAN Shunyi had seen such a scene.

I didn’t think that my LAN family would grow so much stronger after coming to the heavenly Saint land. If the ancestors in the underworld knew about this, they would be very pleased! LAN Shunyi sighed from the bottom of his heart, his face filled with joy.

Blue Dragon smiled bitterly and said, ” “I really had no choice but to use such a large formation ...”

“You have no choice?” LAN Shunyi’s expression froze, and he immediately frowned.

“The LAN family is in big trouble!” Chen Xiaobei pointed out the secret.

this ... LAN shun was greatly alarmed.

“Bro bei is wise! I saw through it at a glance!” Blue Dragon said, “my clan has indeed gotten into big trouble!” We have no choice but to strengthen the city’s defenses. Hundreds of thousands of soldiers are on standby, patrolling day and night, not daring to relax in the slightest!”

“What happened?” Chen Xiaobei asked.

“Not long ago, Liangzhou held a martial arts competition for the younger generation!”

during the competition, the number one genius of the LAN family, LAN Lingyan, killed the young lord of Blizzard city, Bai Jiu ... LAN long said. just like that, we became enemies with Blizzard city. The blizzard city Lord has already announced that he will slaughter the entire Blue Moon City!

“You killed someone in the competition?” what rules? ” Chen Xiaobei frowned. what rules are there? ”

“According to the rules, you can’t harm anyone’s life!” Blue Dragon said.

then LAN Lingyan is in the wrong, and the LAN family is too ashamed to fight this battle ... LAN Shunyi sighed dejectedly, ” “Think of a way to apologize ...”

“No! LAN Lingyan wasn’t in the wrong in this battle!”

“In that competition, other than the rules, there’s also a rule that you can’t use external forces! However, when white nine saw that he was about to be defeated, he took out a high-grade magic treasure and tried to kill LAN Lingyan!”

“Under those circumstances, if LAN Lingyan didn’t retaliate, he would have lost his life! Hence, LAN Lingyan had killed Bai nine for the sake of self-defense! The LAN family is in no way in the wrong. That’s why we must protect LAN Lingyan with our lives!”

Chen Xiaobei and LAN Shunyi’s expressions darkened.

“If that’s the case, why didn’t the host of the contest uphold justice?” Chen Xiaobei asked.

“This martial arts competition is being held by Blizzard city’s Bai clan ...”

LAN long sighed, “the Bai family is unreasonable just because they’re the most powerful force in the Liang Province. They want LAN Lingyan to pay with his life no matter what. Besides, the LAN family has to bow down to them! Otherwise, we’ll attack and exterminate the LAN family ...”

“They’re really going too far!” When LAN shun heard this, he instantly burned with anger.

After all, he was a member of the LAN family. A natural sense of belonging made LAN shun and the LAN family share a common enemy, and they directly stood on the same front.

Chen Xiaobei, on the other hand, did not say anything.

After all, the LAN family’s internal situation was still unclear. Chen Xiaobei had to figure out LAN Mengcheng’s situation and attitude first before he could decide how to deal with this matter.

More importantly, Chen Xiaobei felt that there was something fishy about this.

“Let’s go. We’ll enter the city first. I’ll introduce the two of you to the elder Council!”

Blue Dragon was excited and looked at Chen Xiaobei expectantly, “with bro bei here, this matter might turn around!”

Then, under the Blue Dragon’s lead, the three of them entered the city.

As the blizzard Bai clan’s threat had already been issued, at this moment, the people in Blue Moon City were in a state of panic, and the atmosphere was extremely depressing.

The members of the LAN family were slightly better off, but those from other families were already trembling in fear and even had plans to escape from Blue Moon City.

From this, it could be seen that the blizzard Bai clan’s strength was definitely the number one in Liangzhou.

Before the war even started, just the threat alone was enough to shake the hearts of the people and disturb the rear of Blue Moon City.

Under the pressure of such a huge deterrence, after a period of time, Blizzard city might not even need to mobilize its troops. It would be enough to scare Blue Moon City into falling apart.

It could be seen that the blizzard Bai clan was not only extremely strong, but their leader was also extremely smart and good at using troops!

Before killing, he had to kill the heart! The enemy was already in chaos before the soldiers moved!

Although Chen Xiaobei did not make a sound, he could tell that the LAN family was in deep trouble this time.

If it wasn't handled properly, this trouble would become a disaster that would annihilate the LAN family!

"Bro bei! The elder's home is just up ahead!"

"Let me go in and inform them," Blue Dragon said. Then, I'll come back and bring bro bei and the ancestor in!

go ... Chen Xiaobei nodded.

After a while, Blue Dragon ran out with an unnatural expression, but he still tried to smile and said, "The elder Council is having a meeting. They ... They asked you to wait here, bro bei ..."

"You want me to wait? In this place?" Chen Xiaobei furrowed his brows in displeasure.

He was a guest, so it was fine for him to wait. However, he had come from afar and was just waiting outside the door without a chair or a mouthful of hot water!

It was a humiliation to be treated with such contempt!

"Swish!"

Without another word, Chen Xiaobei turned around and left.

[Red Envelope Group of the Three Realms](#)

Chapter 4079: You want me to die?

"Bro bei! Bro bei, don't be angry!"

The Blue Dragon hurriedly gave chase.

LAN shun furrowed his brows but did not say anything. He followed Chen Xiaobei.

bro bei, the elder's Institute has indeed been treating you badly. However, they didn't know how powerful you are. I will explain it to them after the meeting. I believe that the elder's Institute will treat you as an honored guest!

Blue Dragon explained anxiously as he walked.

Without a doubt, Blue Dragon had been convinced by Chen Xiaobei. He trusted Chen Xiaobei and worshipped him.

That was why LAN long was so busy explaining, trying to ease the relationship between Chen Xiaobei and the LAN family Elder Council.

"You don't have to explain. I didn't come to see them in the first place!"

Chen Xiaobei said nonchalantly, " take me to mengchen. She's the person I'm really here to see!
this ... the Blue Dragon was speechless.

Indeed, Chen Xiaobei did not care about the higher-ups in the elder's home. If their attitude was good, Chen Xiaobei might still be willing to be friends with them. If their attitude was bad, Chen Xiaobei would not be nice to them.

After all, whether or not the LAN family could be saved would largely depend on Chen Xiaobei's willingness to help.

Not only did these elders not treat Chen Xiaobei like a master, but they were also treating him so slowly. They were simply blind and did not know what was good for them. It was obvious that they would regret it!

bro bei ... You might need to see someone else ... LAN Shunyi said in a low voice, " "I'm getting a clearer sense of the primogenitor's aura summoning me! If possible, I want to go there as soon as possible!"

Clearly, Ji Jinlu, LAN Shunyi, and Luo Tianzhou had all appeared in Saint Pan's dream.

Also, just like the ancestral Dragon, Phoenix, and Qilin, Ji jinzhi, Luo Tianzhou, and LAN Shunyi could also sense the calling of the ancestor's aura.

Obviously, this was not a coincidence. It was a clue related to Saint Pan's dream.

Therefore, as soon as LAN shun sensed this place, he must go there and meet the people there.

bro bei, let's go to the place that the ancestor said ... The young master is also in the elder Council. I'm afraid he won't be out for a while! Blue Dragon said.

"Alright," he said. Chen Xiaobei nodded.

Soon after, the three of them rushed towards the north of Blue Moon City under LAN Shunyi's lead.

.....

The LAN family's elder compound.

On the ice throne in the middle, there was a middle-aged man with silver hair. He was wearing a Royal robe and a crown, and he exuded an extremely powerful King's aura. He was dignified and solemn.

This person was the current clan head of the LAN family, the ruler of LAN Yue city, a peak true sage expert, LAN Yitian!

On the left side of LAN Yitian sat an extremely beautiful young girl. Her face, figure, and temperament were all as beautiful as a painting!

Her ink-black hair fell to the back of her waist, her long ice-blue dress fluttered elegantly, and her skin was as white as Jade!

She was extremely beautiful and independent!

Even if he didn't move, he could still bewitch all living beings!

That's right!

This woman was LAN Mengcheng!

In the hall, only LAN mengchen could sit, besides the mayor Lan Yingtian, and she was sitting on the left.

It was obvious that LAN mengchen was the second-in-command in the LAN family's higher-ups.

However, LAN Mengcheng's expression was dim and her eyes were empty. It was as if she had lost her soul. She was absent-minded and did not fit in with the crowd.

Obviously, although LAN Mengcheng was given a high position, she did not have any power!

In fact, he had not even received true respect!

To put it bluntly, she was like a flower vase at this moment, placed in an extremely high position, just to tell the people that the higher-ups had found the saintess who had obtained the ancestor's inheritance! Other than that, she was almost useless!

LAN Mengcheng was very smart and outstanding. It was hard for her to accept the fact that she was just a pretty face.

Due to the ties of blood and kinship, she also wanted to help the higher-ups resolve the imminent disaster.

However, her suggestions were either directly ignored or ridiculed for being naive and ignorant. No one took her seriously at all.

The thing that annoyed her the most was the fact that the higher-ups were not willing to meet Chen Xiaobei even though the topic they were discussing was not important at all. They did not even let Chen Xiaobei in, but made him wait outside!

In LAN Mengcheng's heart, Chen Xiaobei was the most important person.

LAN Mengcheng was not happy that Chen Xiaobei was being treated so badly.

Besides, LAN Mengcheng knew Chen Xiaobei very well. With Chen Xiaobei's temper, he would not let things go easily.

LAN Mengcheng did not know Chen Xiaobei's current strength. She was afraid that Chen Xiaobei would get into trouble if he acted rashly.

So, at this moment, LAN Mengcheng was very anxious. She was worried about Chen Xiaobei. She was out of her wits and her mind was elsewhere.

"Young master! What do you think of my suggestion?" At this moment, a white-haired old man in a dark blue robe asked in a deep voice.

The old man was the Grand Elder of the LAN family, LAN wushou.

He was standing on the right side of the throne, facing LAN mengchen.

It could be seen that he was the number three figure of the LAN family.

“Ah?”

LAN Mengcheng was taken aback. “I’m sorry, I was distracted. What did the great elder suggest?”

LAN wushou’s brows furrowed slightly, and he seemed a little unhappy. “Young master! They were currently in a meeting! This concerns the life and death of the LAN family and you’re actually distracted! You’ve truly disappointed me!”

that’s right ... How could they do this? it’s outrageous ... That’s right ... nearly a hundred elders at the scene all echoed in low voices, their faces full of disappointment.

I ... LAN Mengcheng was depressed.

His suggestions were either ignored or ridiculed, and had never been adopted. In that case, what difference did it make whether he was distracted or not?

“Young master! Don’t blame this old man for being long-winded! I’m saying this for your own good!” LAN wushou said.

yes, it’s all my fault. I’ll remember the great elder’s advice ... LAN Mengcheng said.

At this moment, everyone was on LAN wushou’s side. It was meaningless to argue with him. They could only give in.

“Mm, it’s good that you know your mistake!”

LAN wushou stroked his long beard complacently before he continued, the Lord of Blizzard city, Bai wangu, has two requests. The first is to have LAN Lingyan pay for white Nine’s life. The second is to have the LAN family submit to him!

just now, I suggested that we agree to surrender, but we will not hand over the Blue Spirit Flame!

“This ...”

LAN Mengcheng was taken aback and asked, “ Bai wangu’s side is very strong. If we don’t hand over the LAN Lingyan, I’m afraid he won’t let this matter rest!

“Yup!”

LAN wushou narrowed his eyes and coldly said, therefore, I suggest that we hand you over to replace LAN Lingyan!

“What?” you want me to die?! LAN Mengcheng exclaimed.

Chapter 4080: Last time?

In the martial arts competition of Liangzhou, the number one genius of the LAN clan, LAN Lingyan, had killed the young master of the Bai clan, Bai Jiu.

To Bai wangu, this was the pain of losing his son. So, he had to make LAN Lingyan pay with his life.

At this moment, according to the Grand Elder LAN wushou's suggestion, LAN mengchen was to replace LAN Lingyan in order to appease Bai wangu's hatred.

Wasn't this the same as asking LAN Mengcheng to die?

"City Lord? Elders? You ... Why aren't you guys saying anything?"

LAN Mengcheng's pupils shrank, and her heart clenched. She looked helplessly at the crowd, but no one said a word.

Obviously, this was a silent agreement!

Everyone agreed with LAN wushou's suggestion.

"Young master, since you're sitting on the throne, you should bear the responsibility on your shoulders!" LAN wushou said coldly.

"Responsibility? What responsibility?" LAN Mengcheng was dumbfounded.

From the beginning to the end, he only had the title of a young master, sitting here like a flower vase. He didn't enjoy any power, so why did he have to bear responsibility?

Moreover, he would be bearing the consequences with his life!

young master, you know very well that LAN Lingyan is a top genius that only appears once every hundred million years in the LAN clan. He has the potential to become a saint King and his future is limitless. It's no exaggeration to say that he is the future of the LAN clan!

"What about you, young master?" LAN wushou said disdainfully. Although his aptitude was good, his cultivation was slow to improve, and he didn't have the slightest chance of becoming a saint King! Using you to replace LAN Lingyan will be beneficial to the entire LAN family!"

LAN Mengcheng felt as if she had been struck by lightning.

No wonder everyone was talking. It seemed that they all agreed with LAN wushou.

In terms of talent, LAN Lingyan was indeed an outstanding talent. He was the hope of the LAN clan's future and could even help the LAN clan to rise to greater heights.

On the other hand, although LAN Mengcheng was talented, her Foundation was not stable after receiving so many inheritances. She had encountered a bottleneck in digesting the inheritances and her cultivation had stopped for a long time. Her future was bleak.

From this point of view, using LAN Mengcheng to die in place of LAN Lingyan was definitely the best choice.

However, LAN Mengcheng knew that things were not as simple as that!

There was a bigger reason why everyone agreed to this. LAN mengchen was isolated and helpless among the upper echelons, and LAN Lingyan was the third son of the city Lord, LAN Yitian. The connections, family, and relationships were self-evident!

In fact, LAN Lingyan was the young master of the LAN family before LAN mengchen appeared.

The reason why he made LAN Mengcheng the young master was because she had received the highest inheritance from the LAN family's ancestor.

More importantly, after LAN Mengcheng had obtained the Supreme inheritance, she had also obtained the Supreme Saint Royal weapon of the LAN family!

Because of this, the city Lord, LAN Yingtian, had to bear the pain and take his pride in his third son, LAN Lingyan, from the position of young master and give it to LAN mengchen.

At that time, all the higher-ups of the LAN family regarded LAN Mengcheng as the real young master and respected her very much. They even gave her another inheritance.

However, everything changed when LAN Mengcheng received the new inheritance.

LAN Mengcheng's cultivation had reached a bottleneck. She could not digest the power of the inheritance and could not make a breakthrough.

Of course, this was only a little disappointing, but it did not change their respectful and loving attitude towards LAN Mengcheng.

The real reason why LAN Mengcheng was isolated was ...

She had lost that Supreme clan-protecting Saint King weapon!

It must be known that the city Lord, LAN Yingtian, was apprehensive about the Saint Royal weapon, so he had asked his son, LAN Lingyan, to give up the position of young master!

Most of the higher-ups respected LAN Mengcheng because they were afraid of the Holy Royal weapon!

However, LAN Mengcheng had actually lost the Holy Royal weapon!

As soon as the news spread, the higher-ups of the LAN family's attitude towards LAN Mengcheng took a sharp turn!

He isolated her, suppressed her, disrespected her, and even lectured her in public like LAN wushou!

This was a typical case of bullying the weak and fearing the strong!

Today, the LAN family and the Bai family had become mortal enemies. Not only did they bully the weak and fear the strong, but they also wanted to hit her when she was down and get rid of LAN mengchen completely!

After all, everyone was smart.

To put it bluntly, LAN mengchen was of no value to the LAN family. On the contrary, LAN Lingyan could carry the LAN family's future and make the LAN family stronger and better!

Hence, no one made a sound at this moment. They all agreed with LAN wushou's suggestion.

"If no one has any objections, then this matter is settled!"

“Young lord!” LAN wushou sneered with squinted eyes. You’ve sacrificed your life for the future of our LAN family, we’ll definitely remember your contribution forever, and the history books of the future will definitely let your name be passed down for generations to come!”

I ... LAN Mengcheng was extremely aggrieved.

Everyone had already agreed to this. Even if LAN Mengcheng did not agree, it would be useless.

In the eyes of the crowd, LAN Mengcheng was already a dead man.

Some people had even started to think of an epitaph for LAN Mengcheng, and how to record this in the history books.

No one cared about what LAN Mengcheng thought.

“Mm, it’s decided then!”

LAN Yingtian, who had been silent all this time, finally spoke. His voice was deep and his aura was unyielding. It was like an imperial edict that could not be questioned.

“Yes!”

LAN wushou cupped his hands in obeisance and said respectfully, I will contact Bai wangu in a moment. As long as he agrees, we can send LAN Mengcheng over today and resolve the enmity between the two families.

“Go do it!” LAN Yitian waved his hand, then stood up and walked to the back of the hall.

“Men!”

LAN wushou shouted and captured LAN mengchen. He sealed her cultivation and waited for further instructions.

“Yes, sir!”

A few soldiers swarmed forward and surrounded LAN Mengcheng.

In fact, LAN Mengcheng was already at the peak of a two-star true sage, which was countless times stronger than these guards.

However, most of the elders present were stronger than LAN Mengcheng.

Hence, LAN knew that resistance was futile.

“Great elder! I won’t resist! But I want to see him!” LAN Mengcheng shouted.

“Him? Is he the kid that Blue Dragon was talking about?”

LAN wushou narrowed his eyes and said disdainfully, he’s just a weakling from the lower planes. Do you expect him to save you? ”

“No! I just want to see him, I won’t let him risk his life to save me!” LAN Mengcheng said sadly.

“Heh, at least you still have some self-awareness! If that brat dares to save you, this old man can crush him with one finger!”

LAN wushou’s face was full of arrogance as he said viciously, “Forget it, just take it as your last wish. This old man agrees to let you two meet, but I’ll say the ugly things first, that boy must know his place, or else this old man will make him wish he was dead!”

“Yes ... I’ll warn him.” LAN Mengcheng’s tone was submissive, and she felt like her heart was being cut by a knife.

Anger, grievance, depression, humbleness, these were nothing.

What she could not accept the most was that this might be the last time she would see Chen Xiaobei!
