Chapter 4101: At least a seven-star!

"I ..."

Bai Wan Gu's face had turned sallow, and he looked as if he had lost his soul. He stood there in a daze, unable to make a decision.

The falling star flying swan was the most precious treasure of the Bai clan! It was the foundation of a race's fate.

Once they handed over the falling star flying swan, the Bai clan would fall from their throne as the number one force in the Liang Province. In fact, without any Saint King level trump cards, they would directly become the bottom power of the Liang Province!

This result was far crueler than killing Bai Wang Gu!

However, Chen Xiaobei's unyielding attitude did not give Bai wangu a chance to bargain.

Chen Xiaobei had pointed out the way. Bai wangu, listen to me and I'll let you live.

If they didn't listen, they would die.

"Father ... Please agree to young master Chen's request ..."

White seventeen said, "If you don't agree, we will die today! The doomsday of the Bai clan is not far away!"

If they agreed to Chen Xiaobei's request, the Bai family would at most decline, but they would still be able to struggle for survival.

However, if he rejected Chen Xiaobei, Bai wangu would die on the spot. Not only would the Bai family lose their clan protection treasure, they would also become a group of Dragons without a leader. It would not be a joke to say that their entire clan would be exterminated!

"Childe Chen ... I am willing to hand over the falling star flying swan!"

Bai wangu had no choice but to present the falling star flying swan to Chen Xiaobei.

"Very good!"

When Chen Xiaobei took the falling star flying swan, he realized that Bai wangu had already removed the spiritual connection between them. Now, the falling star flying swan was ownerless.

Obviously, Bai wangu did not dare to play any tricks against such a powerful Chen Xiaobei.

Bai Wan Gu's initiative had won Chen Xiaobei's admiration.

It was a small action of taking the initiative to contact the spiritual connection. It saved Chen Xiaobei the trouble of talking nonsense and made Chen Xiaobei feel comfortable.

From a certain point of view, Bai Wan Gu had the potential to become a loyal dog. He could be tamed.

“I can tell what you’re worried about!”

from now on, your Bai family will fall to the bottom of the list in Liangzhou. Your days will be tough! And my LAN family will rise day by day and suppress the entire Liangzhou!”

“What do you mean?” Bai wangu’s expression was one of confusion.

Everyone was shocked by his words!

When the Bai clan and the LAN clan became enemies, Bai wangu’s condition was for the LAN clan to submit to the Bai clan!

At this moment, the situation had been completely reversed by Chen Xiaobei!

Even though LAN knew Chen Xiaobei well, she did not expect things to turn out like this!

This was definitely a super pleasant surprise!

The Bai clan, the force that posed the greatest threat to the LAN clan, had to submit to the LAN clan instead!

This was simply unbelievable!

If she had not seen it with her own eyes, LAN Mengcheng would not have believed it was real!

At the same time, the people of the LAN family were even more dumbfounded.

No one would have thought that Chen Xiaobei would be able to turn the LAN family into the most powerful force in Liang Province, and even make the Bai family submit to him.

This operation was simply heavenly!

Not only did he show off to his enemies, but his own people were also dumbfounded!

“Bang Bang Bang ...”

As expected, Bai wangu knelt on the ground and kowtowed to Chen Xiaobei.

“I, Bai wangu, in the name of the Bai clan’s chief of Blizzard city, swear allegiance to young master Chen. From now on, you are my Lord, and I am my subject! In this life, I will not change this oath!”

Bai wangu swore in front of everyone that he would submit to Chen Xiaobei.

Of course, he didn’t want to do this, but he had to do this to protect the Bai family.

Chen Xiaobei did not even need to use the Hellfire blood spring to control Bai wangu. Bai wangu knew better than anyone else that if he was disloyal to Chen Xiaobei, he would not be the only one who would die. The entire Bai family would be implicated!

Because of this, if Bai wangu wanted the Bai clan to have a good life, he had to submit!

If he didn’t want the Bai clan to be exterminated, he had to submit!

He had no other choice!

“Alright, get up!”

alright! Chen Xiaobei shrugged and said, “ take your men and go back to Blizzard city! From now on, you will only listen to the orders of LAN Mengcheng, the clan leader of the LAN clan! If you need protection, you can find me through her!”

“Yes, sir!”

Bai Wang Gu slowly stood up and bowed to LAN mengchen, who was standing in the distance. Then, he left the scene with his two sons.

Before they left, white three and white seventeen secretly turned to look at Chen Xiaobei.

White seventeen was a smart kid. He was good at observing people and knew how to judge the situation. He was also decisive and ruthless!

White three’s schemes are deep and he’s hidden very well. He’s not someone to be trifled with!

The two brothers looked at Chen Xiaobei at the same time, their eyes full of hidden meaning!

Of course, Chen Xiaobei did not think much of them.

Chen Xiaobei could not be bothered to look at the two of them.

“This matter has been settled. Young master Chen, follow this Emperor back to the corpse temple! We need to discuss the martial arts competition as soon as possible!”

The Holy corpse Emperor said to Chen Xiaobei.

“The martial arts competition is going to be held soon?” Chen Xiaobei asked.

“It will be held in three months!” I know, ” sacred corpse Emperor said. you may be strong, but your cultivation level is too low. In the next three months, I’m going to help you improve!

“Three months? How?”

The moment Chen Xiaobei asked the question, he frowned. “Don’t tell me you want me to devour the corpses?”

“That’s right!”

“Only the corpse devouring heaven seizing incantation of the corpse temple can allow Childe Chen to increase his cultivation to the maximum within three months!” The sacred corpse Emperor said.

“Originally, this” corpse devouring heaven seizing curse “was my unique ultimate skill, and I would only pass it on to my disciples! However, Childe Chen’s talent is astonishing. So, for the sake of our cooperation, I’ll make an exception and teach you this skill on the condition that I don’t take you as my disciple!”

“No! I don’t want to learn!” Chen Xiaobei refused without hesitation.

Holy corpse Emperor’s face darkened as he heard this.

“I’ve made an exception and taught you a secret manual, and you’re still not willing to learn it?”

He simply didn't know what was good for him!

the education that I have received and the belief that I have upheld do not support me in gnawing on human corpses!

"I'll think of a way to increase my strength in three months. You don't have to worry about me! Chen Xiaobei said.

"You're going to improve it yourself? How much can you improve in three short months?"

Holy corpse Emperor frowned and said unhappily, "Do you know that those who participate in the southern region martial arts competition are all the top geniuses of the southern region? Without the strength of a Seven Star true sage, you are not qualified to participate in the competition!"

how ... How many stars?! Chen Xiaobei was shocked.

Chapter 4102: Potential of the heart!

4102 Potential of the heart!

"Seven Star true Saint! And this is only the threshold!"

"The Blue Moon City you're in is only a corner of the Liang Province, and the Liang Province is the weakest of the eight hundred provinces in the southern region!"

you should be able to imagine that the top geniuses that can emerge from the other 799 States and tens of thousands of main cities are all proud sons of heaven and outstanding talents!

from what I understand, the seven-star true sage realm might be a threshold for this martial arts competition. Without this cultivation realm, one is not qualified to participate. If one participates, he will only be asking for trouble!

Chen Xiaobei was not the only one who was shocked. Everyone in the room was stunned.

Only seven-star true divines and above could participate in the martial arts competition! Compared to the martial arts competition of the Liangzhou province not long ago, it was many times more high-end!

At the same time, everyone started to worry. How could Chen Xiaobei advance from a pinnacle three-star true divine to a seven-star true divine in just three months?

This was absolutely impossible to achieve without using crooked ways.

However, even though he was surprised, Chen Xiaobei's attitude did not change. Seven Star true Saint is a bit high, but I can't practice the corpse devouring heaven seizing curse!

"You ..."

The Holy undead Emperor's eyes widened in anger, and he said, "If you want to cooperate with me, you must participate in the southern region martial competition! If your cultivation is not high enough, you will not be able to participate. Then, our cooperation will be completely broken!"

As soon as he said that, everyone from the LAN family broke out in a cold sweat.

The reason why Chen Xiaobei was able to kill LAN Yitian and subdue Bai wangu was because he had formed a partnership with the Holy corpse Emperor.

If this relationship was broken, the Holy corpse Emperor would turn around and make Chen Xiaobei and the LAN family his enemies!

This was not a joke!

“Don’t be so anxious!”

Of course, Chen Xiaobei would not go against the Holy corpse Emperor.

Firstly, Chen Xiaobei was not a match for the Holy corpse Emperor yet, so he could not court his own death!

Secondly, Chen Xiaobei also wanted to see what the Holy corpse Emperor was so keen on.

Therefore, they still had to maintain their cooperative relationship!

although I don’t want to devour corpses, I have my own way to improve my strength! Chen Xiaobei said.

“This is my secret. I can’t tell outsiders!”

how about this? ” Chen Xiaobei said. we’ll set the time limit of one month. I’ll let you test your strength every month! As long as my cultivation realm steadily improves, our cooperation will proceed normally! If my promotion doesn’t meet your requirements, it’s not too late to terminate the cooperation!”

“Hmm, that’s a good idea!”

The Holy corpse Emperor nodded and flicked his finger.

“Whoosh!”

The next moment, a stream of blue corpse Qi entered Chen Xiaobei’s arm at a speed that Chen Xiaobei could not even see clearly.

what are you doing?! Chen Xiaobei was shocked.

“Don’t be nervous, it’s the undead Saint Soul-tracking talisman! As long as your primordial spirit is not destroyed, I will know where you are no matter where you are!” “So, don’t even think about getting away from me!” The Holy corpse Emperor said.

Chen Xiaobei did not say a word. He furrowed his brows and looked extremely nervous.

After all, the corpse Saint Emperor was a three star Saint King! Who knew if his Blue Charm had any other special abilities?

What if it was poisonous? What if there was a curse? What if he could control Chen Xiaobei’s heart? That would be a huge problem!

“Don’t worry!”

The Holy corpse Emperor squinted his eyes, as if he had read Chen Xiaobei's mind. that's just a Saint King-grade soul tracking talisman. There are no other side effects!

"Really?"

you ... Chen Xiaobei could not believe it. with your power, you could have easily controlled me. There's no need to let me move around freely!

Obviously, the Holy corpse Emperor could easily control Chen Xiaobei.

By then, Chen Xiaobei would be able to do anything he wanted, let alone gnaw on the corpses.

However, the Holy corpse Emperor did not do so.

This was very strange!

"The biggest difference between a human and a corpse is the heart! If I control you, it's the same as wiping out your heart! What's the difference between this and raising a corpse?"

more importantly, " the Holy corpse Emperor said, " once a person loses his heart, he will lose the unique potential of humanity!

"Just like LAN Yingtian, he was put to death. In his extreme despair, his potential was stimulated and he was refined into a corpse Sage soul ring! If you lose your original heart, you will never be able to cultivate it!"

It was obvious that the corpse temple valued a person's heart.

Chen Xiaobei's heart was very strong. Coupled with his talent, state of mind, mind, and Foundation, the Holy corpse Emperor saw endless possibilities.

That was why the Holy corpse Emperor did not want to destroy Chen Xiaobei's heart.

He even wanted to see what heights Chen Xiaobei could reach if he followed his heart.

That was why the Holy corpse Emperor did not control Chen Xiaobei. Instead, he agreed to Chen Xiaobei's request to increase his cultivation.

Of course, the Holy corpse Emperor was not an idiot. He would not let Chen Xiaobei go.

That was why he had injected the undead Saint Soul tracking talisman into Chen Xiaobei's body.

This way, the Holy corpse Emperor could track Chen Xiaobei's whereabouts at any time. With his three star Holy King Power, Chen Xiaobei would not be able to escape even if he had wings.

"I understand ..."

Chen Xiaobei was relieved to hear that.

As long as he wasn't being controlled, everything would be fine.

"Since you understand, I'll go back first!"

The sacred corpse Emperor put his hands behind his back and stepped into the sky.

space twisted and the barrier shattered, transforming into a spacetime vortex.

The Holy corpse Emperor stepped into the vortex and disappeared from sight.

“Xiaobei ...”

LAN finally let out a sigh of relief. She went to Chen’s side and stopped talking.

“Don’t worry!”

Chen knew LAN very well, so he said gently, “Although it’s only a short three months, I have two huge opportunities in my hands! As long as I can solve it, it won’t be difficult for my cultivation to soar!”

Chen Xiaobei was referring to the Sacred Heart of primordial chaos in Saint Pan’s dream and the Ji clan’s legendary Emperor’s relic that Ji jinzui mentioned.

Both of these opportunities were extraordinary. If Chen Xiaobei could obtain them, he would definitely improve greatly.

“Alright ... Since you’re so confident, I’ll naturally support you!” LAN nodded her head obediently.

Although this was far beyond her imagination, she had absolute faith in Chen Xiaobei’s ability to achieve it. She would support Chen Xiaobei unconditionally.

hmm ... It’s a pity that I’m running out of time. I can’t accompany you anymore ... Chen Xiaobei sighed.

“It doesn’t matter! I will wait for you! I’ve been waiting for you!” LAN pursed her lips and blushed.

At this moment, she was indescribably beautiful.

“I’ve changed my mind!”

Chen Xiaobei lifted LAN Mengcheng up in his arms and said, “I’m definitely going to keep you company today!”

Chapter 4103: I've been discovered!

4103 I've been discovered!

When Chen Xiaobei walked out of his palace bedroom, it was already the morning of the next day.

After spending an entire day with LAN Mengcheng, Chen Xiaobei was overjoyed. However, time was of the essence and he could not continue to indulge in the gentleness. He had to start the next step of his journey.

According to the plan, LAN Shunyi and LAN long would stay in Blue Moon City to help LAN mengchen manage the LAN family.

Chen Xiaobei left the Blue Moon City and headed straight to the main city of the southern region.

Luo Yuan had explained to Chen Xiaobei before that the heavenly Saint land was made up of countless regions. To leave the southern region, one had to go to the core main city of the southern region and use the teleportation array to go to the other large regions.

Luo Tianzhou had also appeared in Saint Pan's dream. The Ancestor's Call he had felt came from the Cang Sheng heavenly region.

Ji jinluan felt the Ancestor's Call coming from the eternal Sacred Emperor domain.

As for the ancestral Dragon, the primordial Phoenix, and the primordial Qilin, the summons they felt came from the upper province of the yuan Sage.

As for where to go first, Chen Xiaobei was not sure.

That was because it depended on where the southern region's teleportation formation led to. Perhaps the portal in the southern region could not even reach the three regions mentioned above. Chen Xiaobei would have to go to another region and use another portal to transfer himself.

Of course, the place that Chen Xiaobei wanted to go to the most was the cangsheng heavenly region where the Luo clan was located.

After all, his wife and daughter were both there.

Chen Xiaobei was not familiar with the terrain of the southern region, so he let gumoko be in charge of the journey.

Chen Xiaobei entered the Meru space.

This trip to Blue Moon City was a very interesting one for Chen Xiaobei.

The falling star flying swan, an early stage one star Holy King, had recognized him as its master and became Chen Xiaobei's first offensive-type Holy King weapon.

After LAN Yingtian's primordial spirit was absorbed, he could use the three-eyed Saint edge once and also reach the early stage of one star Saint King.

With these two trump cards, Chen Xiaobei was confident that he could even fight ning Tiancheng.

However, ning Tiancheng was, after all, a veteran Holy King with a strong foundation. It was not as simple as just cultivation. He had not revealed any of his trump cards. In addition, he had the ability to step through the void, making this battle extremely unpredictable.

After calming down and thinking about it, Chen Xiaobei's chances of winning were not high.

What's more, ning Tiancheng still held the primordial spirits of everyone in Fengyan city as hostages.

However, Chen Xiaobei did not have to worry too much about ning Tiancheng for the time being. After all, the enmity between the two sides was irreconcilable. Before Chen Xiaobei appeared, the primordial spirits of the people in Fengyan city were safe!

Because of this, Chen Xiaobei still had some time to come up with a perfect plan while increasing his strength.

"Let's improve our strength first!"

Chen Xiaobei took out three storage spaces.

The three storage spaces were from LAN Yingtian, LAN Lingyan, and LAN wushou.

There were a total of 130 million Saint origin crystal stones, which Chen Xiaobei pocketed.

Then, there were three peak Saint weapons in LAN Yingtian's storage space.

In terms of power, these three peak-level Saint weapons were far inferior to the Saint devouring Dao axe, the chaos Blood Sword, and the northern Mystic Saint sealing painting.

So, Chen Xiaobei transferred all the energy in these three pinnacle Saint weapons to his own, so that he could activate their power three times.

As for LAN Yitian's three peak Saint weapons, they were naturally used as materials.

They were either materials that were sent back to the furnace to be refined, or materials that were swallowed to be strengthened, or materials that were used to fuse magic treasures.

As for how to use it, Chen Xiaobei would have to think about it.

Then, two Seven Star Saint weapons were found in LAN wushou's storage space. They were not even of any value. After their energy was extracted, they were just spare materials.

LAN Lingyan's inventory was empty of any Saint items. His Zephyr Blade and cloud splitting sword had both been destroyed by Chen Xiaobei.

Finally, all the miscellaneous items in the storage space of the three people were basically recycled goods.

Chen Xiaobei took out the heaven and earth furnace and placed all the miscellaneous items inside. Then, he injected it into the ancestral saint's flame and started to refine it.

Of course, although these items were just random items, they were all of high grade and there were a lot of them. After all, people in the Beyond heaven Saint realm didn't like to set up treasure vaults. They kept all the valuable resources in their storage spaces and carried them with them.

Therefore, the miscellaneous items in the three storage spaces added up were definitely comparable to a giant treasure vault.

After refining all of these things, the energy obtained was basically equivalent to the energy of a Saint King level Saint Meridian.

Before this, Chen Xiaobei had also obtained the same amount of energy from the eight trigrams Dragon Pagoda.

With these two energies combined, Chen Xiaobei could activate his Saint King level trump card twice.

At the same time, the falling star flying swan contained the energy to activate its power twice. This energy could be extracted.

In other words, Chen Xiaobei had enough energy to activate his Saint King level trump card four times.

To Chen Xiaobei, this was a qualitative leap.

Before this, Chen Xiaobei had always been in need of energy. After this operation, Chen Xiaobei did not need to worry about energy for a while.

now that I have three peak Saint weapons and two Seven Star Saint weapons, I don't lack energy for the time being. There's no need to refine them!

there won't be much of an improvement if I fuse them. After all, my most important trump cards have already reached the pinnacle true Saint level. I need some luck to break through to the Saint King level, so I don't need to fuse them ...

as for devouring ... The Saint devouring Dao axe has already reached the peak of true sage. Even if I devour it, it doesn't seem to have any strengthening effect ...

Chen Xiaobei thought to himself. Suddenly, he felt that the five extra magical items in his hand had become useless.

"How about I sell it?"

Chen Xiaobei raised his eyebrows and suddenly had a good idea. "If I sell these chicken ribs and Exchange them for Saint origin crystals, I can buy the things I want and use them when I lack energy!"

Chen Xiaobei quickly left the Meru space.

"Young master Chen! It's not the appointed time yet, why are you out?"

The expression on gumoko's face was complicated, as if he had done something wrong.

"You seem to be surprised that I suddenly came out! Could it be that you're afraid I'll see something?" Chen Xiaobei was smart enough to see through gumoko's expression.

"Uh ..."

"Just now ... I ... I ... I think I've been discovered ..." Gumoko said, embarrassed.

"What do you mean by being discovered?" Chen Xiaobei's eyes narrowed, and he immediately became alert.

Chapter 4104: The merchant fan he!

4104 The merchant fan he!

I met a familiar person just now ... I wanted to avoid him, but he also noticed me and rushed over ... After confirming that it was me, he didn't say a word and just turned around and flew away ...

Gumoko's voice trembled as he said, " my cultivation is lower than his. I can't catch up to him at all ... If he leaves, he will most likely expose our whereabouts ... I hope Childe Chen will believe me. I did not do it on purpose. It definitely was not ...

Gumoko was not guilty because he had done something bad, but because he had exposed himself. He was afraid that Chen Xiaobei would punish him or even kill him.

"Alright, you don't have to be too nervous! This time, I miscalculated ..."

Oh? ” Chen Xiaobei frowned. I thought that this place was a billion miles away from the ning’s sacred city, so I didn’t ask you to wear a human skin mask! To suddenly meet someone familiar, I can only say that man proposes but God disposes. It’s my bad luck ...”

Upon hearing this, gumoko felt as if he had been granted Amnesty.

Fortunately, Chen Xiaobei was a reasonable master, so she was able to keep her life.

“How long has that person been gone?” Chen Xiaobei asked.

we’ve been walking for about an hour ... gumoko said embarrassedly, ” “It’s too late to chase after him now, because I don’t know where he went ...” He said.

“Who said I’m going to chase him? I just want to make sure if ning Tiancheng will be there in person!” Chen Xiaobei said.

“How ... How can we be sure?” Gumoko’s face was full of doubt.

the Holy King has the power to break through the void. If your acquaintance exposed your whereabouts, ning Tiancheng would be here in an instant. Why would he wait for you for an hour? ” Chen Xiaobei said.

“Yeah! Young master Chen’s words are reasonable!” Gumoko’s face was full of surprise, and then, he asked doubtfully, ” “But why didn’t he tell ning Tiancheng about my whereabouts?”

“Who’s that acquaintance of yours?” Chen Xiaobei asked.

his name is fan he, a nine-star true sage. He used to run a Chamber of Commerce in the ning clan’s sacred city. We are good friends! Gumoko said.

“I understand!”

“First of all, this man is not a henchman of the ning family! Therefore, he would not be loyal to ning Tiancheng! Secondly, this person is a businessman. He might be weighing who to sell the information to in order to gain the most benefits!”

“Yes, yes, yes! Young master Chen is absolutely right!”

Gu Moke nodded his head and said, ”fan he is indeed a ruthless man who disrespects the ning clan. Every time he drinks too much, he would curse the dark and corrupt upper echelons of the ning clan!” Moreover, this guy is very calculative and never does a losing business!”

“Well, this explains it!”

this fan he must have known that you’re related to me. That’s why he did not dare to attack you even though his cultivation is higher than yours. That’s why he ran away! And he didn’t immediately sell out your whereabouts, which means that he’s waiting for a better buyer than ning Tiancheng!”

“Yes, yes, yes, young master Chen is too smart!” Gumoko nodded his head continuously, his eyes filled with deep admiration.

“Contact him now! Just say that I have something to discuss with him!” Chen Xiaobei said.

Gumoko really admired Chen Xiaobei, and did as he was told.

Using the communication rune, gumoko was able to contact Fan he.

Just as Chen Xiaobei had expected, fan he agreed to negotiate with Chen Xiaobei.

After that, Chen Xiaobei and fan he established a communication rune, and they could contact each other directly.

Fan he, "I'm curious, why did you think of negotiating with me?" Do you know that I can sell out your whereabouts at any time?

Chen Xiaobei: " gumoko said that you're a calculative businessman. You're also selling information. If you sell it to me, you'll definitely get the most out of it!

Fan he, "what?" Big head Gu dared to say that I'm calculative? I really should have given him a punch before leaving!

Chen Xiaobei: " Hmph! You really don't want to take any losses! Gumoko only said one sentence and you had to punch him!

Fan he: " I, fan he, will do anything in the world except for making a loss!

Chen Xiaobei: " Hmph! I like people like you! He was straightforward and consistent with his actions! Don't worry, you won't lose anything doing business with me!

Fan he, "you sure are confident!" Tell me, what price are you offering to seal my mouth?

Chen Xiaobei: " then you have to tell me first. Who wants to know my whereabouts? " What was the price they offered?

Fan he, "ning Tiancheng will be the first to bear the brunt. He has already promised that whoever can help him find the person who destroyed the ning clan's sacred city, he is willing to give a reward of three hundred million Saint origin crystal stones!"

"But you didn't choose to work with ning Tiancheng!"

Fan he: " en, I don't like the higher-ups of the ning clan. Besides, three hundred million Saint origin crystal stones is not enough!

Chen Xiaobei, I don't think it's that simple! I more or less understand ning Tiancheng's character! If you provide him with information, it's very likely that he will turn around and kill you. This way, you can save the three hundred million Saint origin crystal stones!

Fan he, "looks like you're quite smart!"

Chen Xiaobei: " you're a profit-driven businessman. If you don't want to earn money, you're afraid that you'll die to spend it! This wasn't hard to guess!

Fan he, "then I won't beat around the bush with you. There's another power that's interested in your whereabouts!" They were the nemesis of the ning clan, the guyin clan of Tian mountain!

Chen Xiaobei thought, "enemies of the nings?" Why would they be interested in me? You want to use my hand to deal with ning Tiancheng?

Fan he: " the enemy of my enemy is my friend. The overall strength of the Gu Yin clan is weaker than the ning clan. We naturally need allies to fight against the ning clan!

Chen Xiaobei, "so, what's the price of the Gu Yin clan?"

Fan he, "the Gu Yin clan's bid is also 300 million!"

Chen Xiaobei thought, 'hehe, the Gu Yin clan doesn't look that rich!' At this time, he was still calculative!

Fan he, [the Gu Yin clan has been suppressed by the ning clan for a long time and is struggling to survive. It's already good enough that they can take out 300 million!]

Fan he, "the reason why I didn't agree to the Gu Yin clan's request was because I was worried that they wouldn't even be able to take out 300 million!"

[so, you've been wavering between ning Tiancheng and the guyin clan. No matter which side you choose, you'll have to take some risk!]

Fan he: This is why I haven't decided yet! So, I won't haggle, as long as you can take out 300 million! I promise to keep my mouth shut and not reveal your whereabouts!

Chen Xiaobei: " What if I don't agree? "

Fan he, "you don't agree?" I'll send your message to ning Tiancheng in ten seconds. The Holy King will break the void and be near you in an instant! The power of a Saint King could destroy an entire Prefecture with a snap of his fingers! You will die without a doubt!

Chen Xiaobei:

Fan he, "you ... You're not afraid of death?"

"Of course I'm afraid of death, but I won't die!" Last time, when I took out the Holy Meridian of the ning clan's holy city, ning Tiancheng broke through the void and came. Didn't I also retreat in one piece?

Fan he, "that was last time!" I'm afraid you won't be so lucky this time!

"What ... What do you mean?!" (Bewildered)

[Red Envelope Group of the Three Realms](#)

Chapter 4105: Cooperate with me!

4105 Cooperate with me!

Fan he, "ning Tiancheng is a veteran Saint King. Strength, Foundation, connections, he has his own unique points in all aspects!" It was impossible for such a person to be tripped over in the same pit twice!

Fan he, "I'm sure that ning Tiancheng has prepared a way to deal with you. He definitely won't let you escape from his hands a second time!"

Chen Xiaobei: " heh! That's just your own guess. You don't have any proof. You can't scare me!

Even though Chen Xiaobei did not admit defeat, he was actually a little worried.

After all, the reason why Chen Xiaobei was able to escape from ning Tiancheng last time was that ning Tiancheng had come through the void and was not sure of the situation. Moreover, he was not prepared for Chen Xiaobei's escape method. That was why Chen Xiaobei took the opportunity to withdraw the gate of space and used the law of space of Pangu world to stop ning Tiancheng.

However, the next time they met, ning Tiancheng would have known how Chen Xiaobei would retreat and would have made the necessary preparations.

Even if ning Tiancheng did not have any trump cards, he could still kill Chen Xiaobei with his Saint-King level speed before the gate opened.

Because of this, fan he's words made sense.

The reason why Chen Xiaobei had to act tough was so that he could better bargain with fan he.

To a profit-seeking merchant like fan he, if he were to be led by the nose, he would definitely suffer a huge loss.

Fan he: Since you're not afraid, then there's nothing more to say! I'll contact ning Tiancheng and tell him your location!

Chen Xiaobei: However, I'm not going to say that I didn't remind you. If ning Tiancheng comes and destroys a state but doesn't find me! Do you think he'll let you go? Do you think the Holy King of this state will let you go? At that time, you won't be able to get the money, and you'll even get into endless trouble!

Fan he,"this ..."

Chen Xiaobei,'harm others and not benefit myself!' A merchant like you is a complete failure!

Fan he,"you ... Stop trying to goad me into action!" I, fan he, would never do a losing business!

Chen Xiaobei: I'll take another step back. Even if ning Tiancheng finds me according to your information, now in ning's sacred city, it's an empty city. The ning family has cut off their source of income from taxes! Do you think ning Tiancheng will still give you three hundred million Saint origin crystal stones? In addition, in order to prevent you from going around saying that he reneged on his debt, do you think he would kill you?

Fan he,"this ... This this this ..."

Chen Xiaobei-this is clearly a huge loss for you! Whether you tell ning Tiancheng about my whereabouts or not, you won't have a good ending!

Fan he thought,"fine ... Then I'll tell the Gu Yin clan about your whereabouts!" Even if the Gu Yin clan doesn't have much money, at least I can get some benefits!

Chen Xiaobei: The benefits that the Gu Yin clan can give you are limited. Although you won't lose anything by working with them, you won't earn much either!

Chen Xiaobei did not trust the guyin clan, so he did not want fan he to reveal his whereabouts.

Even though the guyin clan and the nings were enemies, they might not form an alliance with Chen Xiaobei.

In the thirty-six Stratagems, there was a move to kill with a borrowed knife!

After the guyin clan got hold of Chen Xiaobei's whereabouts, they would most likely leak it out and lure ning Tiancheng to kill Chen Xiaobei.

If Chen Xiaobei killed ning Tiancheng, the Gu Yin clan would be happy to see it.

If Chen Xiaobei was killed, ning Tiancheng would be exhausted as well, which was a good choice for the Gu Yin clan.

Because of this, it was not a good thing for the Gu Yin clan to know his whereabouts.

That was why Chen Xiaobei had to stop fan he from working with the guyin clan.

Fan he,"I can't work with ning Tiancheng, and I can't work with the Gu Yin clan either. Then what's the point of knowing your whereabouts?"

Chen Xiaobei-you can work with me!

Fan he,"cooperate with you?" I've already said that as long as you give me 300 million to keep my mouth shut, I swear that I will never reveal your whereabouts, but you rejected me! How could they cooperate?

Chen Xiaobei: " is 300 million enough to feed you? "

Fan he,"you ... What do you mean?"

Chen Xiaobei: " let me ask you. How much is a Seven Star Saint item worth? "

Fan he, a Seven Star Saint weapon is worth one billion Saint origin crystal stones.

Chen Xiaobei: " then, how much is a pinnacle Saint item worth? "

Fan he, peak Saint artifact? Why are you asking me this?

Chen Xiaobei-tell me first, and I'll explain!

Fan he thought,"alright ... Peak Saint artifacts can no longer be priced using Saint origin crystal stones!" There were usually two ways of pricing!

Fan he replied, " the first type is priced by Saint veins. The average market price of a normal peak Saint artifact is 100 peak Saint veins!

Fan he replied,"the second type is priced using Saint origin Xuan crystals!" A piece of Saint origin Mystic Crystal was equivalent to a hundred million Saint origin crystal stones! The average price of a peak Saint level was about 100 million Saint origin Mystic crystals!

If you work with me, I can give you a Seven Star Saint item!

Fan he: "Give it to me?" You ... You're joking, right? That was a Seven Star Saint weapon that was worth one billion Saint origin crystal stones!

Without a doubt, Chen Xiaobei's offer had exceeded fan he's expectations. It was a huge surprise.

In the beginning, fan he only wanted to get three hundred million from Chen Xiaobei.

But now, Chen Xiaobei was willing to give him one billion! It was more than three times, which was simply unbelievable!

Chen Xiaobei, I'm not joking! As long as you cooperate with me, I will definitely fulfill my promise! I won't go back on my word!

Fan he, "you ... What do you want me to do?"

Chen Xiaobei: " come back now! I'll be waiting for you in the distance! We'll talk in detail after we meet!

Fan he, "I'm going back!" You want to kill me?

It was obvious that fan he was very afraid of Chen Xiaobei. That was why fan he had run away without saying a single word to gumoke.

From this, one could tell that fan he's heart was definitely not one to go back.

Chen Xiaobei, what's there to be afraid of? If you stay by my side, you can tell ning Tiancheng my exact location at any time! If I wanted to kill you, you could have dragged me down with you! A life for a life, you won't lose out if you bet wrong! If you bet correctly, you'll earn one billion! You're a smart person, so this kind of multiple choice question shouldn't be difficult!

After a moment of silence, fan he could not resist Chen Xiaobei's offer.

Fan he: I'm coming back now! I'd like to see what you are up to!

"Whoosh ..."

Soon, a sharp sound came from the sky.

The voice came from a middle-aged man with a green face and purple beard.

Although he was in human form, there were scales on his face and a horn protruding from his forehead.

The dragon clan?

Chapter 4106: Detour around Hong Tian!

4106 Detour around Hong Tian!

Fan he flew through the air at an extremely fast speed. A Nine Star true Saint was indeed stronger than Gu Moke and most of the others.

However, in front of Chen Xiaobei, a nine-star true Saint would be killed in an instant.

Of course, Chen Xiaobei did not plan to kill fan he. After all, this guy was very smart, and he was a profit-driven businessman.

As long as you gave him enough benefits, you could make him work for you.

Chen Xiaobei knew very little about the heavenly Saint land. He needed someone like fan he to help him.

So, Chen Xiaobei was very sincere in this cooperation.

“Tell me, how do you want to cooperate?” Fan he directly flew over and asked.

As he spoke, fan he’s bronze eyes scanned Chen Xiaobei from head to toe.

Chen Xiaobei’s cultivation was only at the pinnacle of a three-star true divine.

However, Chen Xiaobei’s presence and aura were much stronger than the average person’s.

Fan he’s intuition told him that Chen Xiaobei was not as simple as he looked. He might even be an unfathomable existence.

“The cooperation I want is a long term one! Follow me and help me do some things! Don’t worry, these things will not threaten your safety!” Chen Xiaobei said.

Chen Xiaobei was observing fan he as he spoke.

His dragon horns were the same color as his eyes, bronze. The scales on her cheeks that had not faded were a fiery red.

Chen Xiaobei could tell that fan he was a Dragon, but he could not be sure which branch of the Dragon he belonged to.

However, the heavenly Saint land was extremely huge. There were all kinds of races and countless branches. There would also be some mutations, evolutions, and even the fusion of different races.

Therefore, there were so many species in the heavenly Saint realm that even the natives of the heavenly Saint realm could not tell how many species there were, let alone Chen Xiaobei.

“You want me to follow you?”

Fan he furrowed his brows and said, “ no! You’re a thorn in ning Tiancheng’s side. If I follow you, I’ll also be in danger!”

“Look at the gumoke!” Chen Xiaobei pointed at the brawny man beside him.

“Him? He’s a gumoko? Who are you trying to fool?” Fan he’s face was filled with suspicion. He had never seen that brawny man before.

“It’s really me!” Gumoko said, “I’m wearing the human skin mask that young master Chen gave me!”
When the time comes, I’ll give you one. If you’re in danger, just run away and take off your mask. You’ll be 100% safe!”

it’s really you!!!

Chen Xiaobei then took out a new mask and said, "How is it? Are you willing to agree? If you're willing, you can just wear it!"

I ... gumoko was stunned for a moment before saying, "I can promise to follow you, but How do I know if you're lying to me? Maybe I've worked so hard for nothing and in the end, I'll be kicked away by you!"

"Swish!"

Chen Xiaobei immediately took out two of LAN wushou's Seven Star Saint weapons.

Chen Xiaobei had drawn out the energy from the scimitar and the scepter and transferred them into the chaos mark.

"You can choose one of these two magic treasures!" Chen Xiaobei said.

"Randomly choose? Is it now?" Fan he was a little surprised.

"Now, of course!" I'm a businessman. Since I'm doing business, I have to be honest! Chen Xiaobei said. After you choose one, the deal will be officially closed! No one is to go back on their word!"

"You ... Aren't you afraid that I'll find a chance to slip away after I've made my choice?" Fan he said in embarrassment.

"I'm not afraid!"

Chen Xiaobei raised his brows, and a domineering aura was released from his body. "If you don't pay up, you won't be able to escape from me!"

this ... fan he gasped in shock.

His intuition was right. Chen Xiaobei's ability was beyond what it seemed.

Provoking Chen Xiaobei would only lead to death.

"Fan he, why are you still hesitating?" "Back then, you were so calculative over one or two Saint origin crystals!" Gumoke said. Now, a billion Saint origin crystal stones are in front of you, and you still hesitate? Are you dumb?"

"You're right!"

Fan he composed himself, his eyes shining with a fanatical light, "One billion Saint origin crystal stones, I haven't been able to earn that much in my entire life! Wealth comes from danger, I'll take a gamble! I choose the scepter!"

Fan he then took LAN wushou's scepter from Chen Xiaobei.

After that, fan he said in a serious tone, "young master Chen!" From now on, I'll follow you and work for you! As long as you don't threaten my life, I can help you with anything!"

"Of course, I can't be at your service forever. We have to set a time limit! Three years! For the next three years, this cooperation would still be effective! Three years later, we'll discuss again whether you'll stay or leave!"

“No problem!” yes! Chen Xiaobei agreed without hesitation.

To other people, three years passed in the blink of an eye.

However, to Chen Xiaobei, three years was enough to change everything.

It had not even been three years since Chen Xiaobei joined the red envelope group.

After that ...

Chen Xiaobei, fan he, and gumoko were all wearing human-skin masks.

As fan he had yet to fully transform, he had to modify his mask a little, changing the color of his dragon horns and dragon scales to the most ordinary of green.

The Azure Dragon was one of the most ordinary Dragons in the heavenly Saint realm. It was not eye-catching and would not attract any trouble.

“Young master Chen, the main city of the southern mountain range is the nine mystical city! We’re still very far away from there. It’ll be very difficult to reach there in a short time by flying!”

“Therefore, I suggest that we head to the largest city in the Eastern Region of the southern region, Hong Tian city! There’s a teleportation formation there that leads directly to the nine mystical city. That will save us at least half a month!”

It was obvious that fan he had been doing business all year round and was more familiar with the environment than the gumok. He immediately gave them the fastest route to take.

in addition, when we pass by Hong Tian city, I can find an opportunity to sell that Seven Star Saint weapon and Exchange it for Saint origin crystals. I can use it for cultivation or do other things! Fan he added.

“Oh?”

Chen Xiaobei raised his eyebrows and said, “ Then let’s go to flood martial city first!”

Obviously, Chen Xiaobei had already planned to sell the few useless magical treasures he had.

Since flood martial city had a way to do business and save time on the road, he naturally had to go there!

If he could sell all the chicken ribs he had, Chen Xiaobei would be rich enough to rival a country!

Just thinking about it made him feel great!

[Red Envelope Group of the Three Realms](#)

Chapter 4107: Merging worlds!

4107 Merging worlds!

Chen Xiaobei still had a Seven Star Saint item, which was worth one billion Saint origin crystals.

However, this was only a small profit and not worth mentioning.

Chen Xiaobei's real fortune was the three pinnacle Saint weapons that he had gotten from LAN Yitian.

According to fan he, three peak Saint items could be exchanged for 300 peak true Saint level Saint meridians or 300 million Saint origin Mystic crystals.

Most of the forces in the entire southern region could not afford such an enormous amount of wealth.

LAN Yingtian wasn't a Big Shot, but he only had a hundred million Saint origin crystals.

300 million Saint origin Mystic crystals was equivalent to 300 million Saint origin crystal stones.

One could only imagine how astronomical this sum was.

Of course, the major forces didn't have many Saint origin crystals because most of them were used for cultivation.

In terms of overall wealth, the forces with Saint King-level Saint veins were obviously more powerful.

After all, a Saint King level Holy Meridian might be equivalent to hundreds of millions of peak true Saint level Holy meridians.

In terms of cash, Chen Xiaobei could make a fortune that rivaled that of a country after selling all the chicken ribs he had.

Of course, the Hong Tian city that they were heading to was the second-ranked superpower in the southern region!

The number one city in the southern region was naturally the core city, nine mystical city.

Hong Tian city followed closely behind.

The corpse Saint Palace of the corpse Saint Emperor was ranked after Hong Tian city.

It was not hard to imagine that Hong Tian city had an extremely terrifying comprehensive strength, an unfathomable Foundation, and a super expert who was ranked second in the southern region.

"Hong Tian city is just ahead!"

Fan he pointed ahead and said, " the city Lord, ye Hongtian. He is known as Emperor Hong Tian. He is an intermediate three star Saint King and is ranked second in the southern region. He is extremely powerful and terrifying!

"Under the rule of this Hong Tian Emperor, Hong Tian city is very safe! Therefore, all the merchants were willing to do business here! There's a huge amount of cash flowing in every day!"

"Why do you say that?" Gumoko scratched his head in confusion.

"You're so silly!" a Seven Star Saint weapon is worth one billion Saint origin crystal stones. If it were anywhere else, very few people would be able to come up with so much cash in such a short time. This deal is out of the question! fan he said.

"I see!"

Chen Xiaobei frowned and said, " if that's the case, if I want to trade for a pinnacle true sage weapon, wouldn't there be very few people who can take out so much cash? "

"What?"

"Young master Chen ... Are you joking?" fan he asked in shock. A pinnacle true sage weapon is such a valuable item and you are going to sell it?"

"I'm not joking!"

I don't know! Chen Xiaobei said. a pinnacle true sage weapon is of no use to me. I have no use for it, so I'll sell it!

"Hiss ..."

Fan he gasped. He knew that Chen Xiaobei had a lot of resources, but he did not expect it to be this deep.

A peak true sage weapon!

This level of existence was only second to Saint King level. Even some major forces would go after this level of magical treasure like a flock of ducks, extremely eager.

Furthermore, there were very, very few talismans of this level! Normal people would not even have enough to use, so how could they take it out to sell?

The most precious treasure in the eyes of others was of little value to Chen Xiaobei.

This was simply too crazy!

Fan he was shocked by Chen Xiaobei's actions.

Nodding his head, fan he said,"if young master Chen really wants to sell it, you can contact the ye clan!" Emperor Hong Tian has a middle three-star Saint King level Saint Meridian. Even if he doesn't have enough cash, he can still take out the same amount of Saint Origin Energy!"

"Saint Origin Energy? Chen Xiaobei then said, " "Even though cash is better, Saint Origin Energy is still very useful to me!"

Even though Chen Xiaobei did not lack Saint Qi.

However, in the long run, Saint Origin Energy was still a very scarce resource.

Just expanding the beixuan great world would consume countless Saint Origin Energy.

So, if the other party really could not bring out cash, Chen Xiaobei was willing to accept the same amount of Saint Qi as payment.

"Let's go! Let's enter the city first! I'll try to close the deal as soon as possible so that we can continue on our journey!" Fan he said.

After that ...

The group of them entered Hong Tian city.

This city was extremely huge. Its scale was probably tens of millions of times larger than the ning clan's sacred city. It could even be compared to the entire beixuan great world.

The number of people would probably be in the trillions.

Walking in the crowd, Chen Xiaobei was shocked.

"If we can merge this city into the embryo of heaven and earth, the beixuan realm will double in size! The number of New Saints would also be doubled! Furthermore, the number of Saint Kings can be doubled!"

That's right!

There were Saint Kings in the mysterious North great world!

At the beginning of Pangu great world, there was only one spot for Saint King, and it had been occupied by Hongjun since the beginning!

After that, Chen Xiaobei created the North Mystic realm and merged it with Pangu great world to form the upgraded North Mystic great world!

And the mysterious North great world had two spots for Holy Kings!

In other words, if Chen Xiaobei could integrate Hong Tian city into the beixuan great world, then the number of Saints in the beixuan great world would increase to twenty-eight! The number of Saint Kings could reach four!

In this way, the energy provided by the entire great world would soar!

At that time, the energy it emitted every day would be extremely huge!

It was as if Chen Xiaobei had a huge and inexhaustible Holy Meridian with him, which provided him with an endless supply of energy every day!

Just thinking about it made him feel great!

Of course, at this stage, Chen Xiaobei could only think about it!

After all, the energy consumed to merge Pangu great world and North profound world was equivalent to the energy of three one-star Saint King level Saint veins!

One could imagine that if he wanted to merge with such a huge world like Hong Tian city, the energy he would need to consume would probably be equivalent to six to nine one star Saint King level Saint veins!

More importantly, Chen Xiaobei was not the master of this world. If he tried to force them to merge, it would only break the peace in the beixuan world!

So, up until now, this was only a plan!

As for the actual implementation, it would have to wait until there was an opportunity in the future!

As Chen Xiaobei was thinking, the group had already arrived at a shop.

“Shopkeeper MA! We were introduced by forefather six fingers. We have a magic treasure to sell to you!”

Fan he was very familiar with the other party. Although he was wearing a mask, the confidence he exuded made the other party not suspect that he was an experienced and shrewd businessman.

since you’re recommended by old ancestor six fingers, I’ll naturally try my best to give you a satisfactory price! Shopkeeper MA rubbed his hands together and smiled.

“Let’s see!” Fan he took out LAN wushou’s scepter and placed it on the counter.

this ... shopkeeper Ma’s face changed dramatically, as if he had been greatly frightened.

[Red Envelope Group of the Three Realms](#)

Chapter 4108: The extreme abyss Ice Demon?

4108 The extreme abyss Ice Demon?

Shopkeeper Ma’s eyes were wide open, his eyebrows twisted, his Adam’s apple bobbed, and he kept swallowing his saliva.

“Shopkeeper MA, what’s wrong with you?” Fan he immediately asked.

No... Nothing ... shopkeeper Ma’s hands trembled as he slowly wiped the cold sweat from his forehead and said awkwardly, ” “How much do you want to sell it for?”

“The market price! One billion!”

Of course, fan he knew that shopkeeper MA was up to something!

However, since shopkeeper MA didn’t want to say anything, fan he didn’t have to pursue the matter. He would just leave after the deal was done and not care about anything else!

“No problem! I’ll pay now!”

Shopkeeper MA was straightforward. He went into the back hall and took out a special storage bracelet.”There’s one billion Saint origin crystals inside. You can count them. I’ll be keeping this scepter for now!”

“The number is correct!” Fan he didn’t mind. After keeping the storage bracelet, he left.

Outside the shop, Chen Xiaobei asked curiously, ” “What’s with the abyssal Ice Demon?”

“I’m not sure ...”

Fan he shook his head and said,”I only care about money. I don’t care about anything else!” Moreover, looking at shopkeeper Ma’s expression, it’s likely that we can’t interfere in this matter!”

“Can’t manage it?” Chen Xiaobei frowned.

“Young master Chen, you don’t know! The power behind this business was very powerful! That shopkeeper ma just now, although he was full of smiles, in terms of strength, he is definitely not below me!”

“Even shopkeeper MA, who has a powerful backer behind him, is so afraid!” It could be seen that this matter was definitely not simple! Even if you lend me ten guts, I wouldn’t dare to meddle!”

Clearly, fan he was a smart man. He knew that something was amiss.

However, he knew what he was capable of, so he didn’t even bother to ask about the things that he couldn’t control.

“Forget it, I also have my own things to do, so I won’t bother with it!” Chen Xiaobei shrugged and put the matter to the back of his mind.

After all, the abyss Ice Demon ... Didn’t sound like a good thing.

Chen Xiaobei was pressed for time and did not want to get involved in this.

next, we’re going to visit the person in charge of the ye family. If nothing goes wrong, we can sell whatever young master Chen wants to sell! Fan he said.

“Alright!” Chen Xiaobei nodded.

After that ...

The ye clan had been in control of Hong Tian city for a long time.

The closer he got to the core of Hong Tian city, the more prosperous and bright the surrounding environment became. One could even see extremely luxurious giant palaces every three to five days.

Obviously, these palaces were the residences of the ye family.

Fan he brought Chen Xiaobei to a Palace that was only second to the core emperor’s palace.

“This is the palace of ye yanmo, the eldest son of Emperor Hong Tian!”

“Ye yanmo’s cultivation is the highest among all the philosophers, and he has the most power and influence. He is young master Chen’s best subordinate!”

“Well, let’s see!” Chen Xiaobei nodded and did not say anything.

After all, fan he had a better understanding of the environment and the market. Furthermore, he was also very intelligent. It shouldn’t be a big problem for fan he to handle it.

This was also one of the reasons why Chen Xiaobei spent so much money on fan he’s service.

“Yes, sir!”

Fan he nodded his head and walked forward.

At the entrance of the palace, there were a large number of guards. Fan he was not afraid at all. After negotiating with the guards, one of the guards turned around and went back to report the situation.

Not long after, a middle-aged man who looked like a butler came out.

please enter the mansion for a moment. My master still has some important matters to attend to. After he is done, he will personally come to discuss it! The Butler said politely.

“Young master Chen, please!” Fan he gestured for Chen Xiaobei to leave first.

This action also told the Butler that Chen Xiaobei was the leader of the group.

“Please!”

Sure enough, the Butler smiled at Chen Xiaobei with a very good attitude.

After that, the Butler brought the three of them to the side hall and served them tea and snacks.

Chen Xiaobei was very satisfied with this result.

Fan he’s presence saved Chen Xiaobei a lot of trouble.

Of course, if he only did these small things, they would not be worth the one billion reward that Chen Xiaobei was offering.

After the Butler left, Chen Xiaobei immediately made the necessary arrangements. “After the deal is done, we’ll head to nine mystical city and leave the southern domain for a while! Before I leave, I have a task for you!”

“Young master Chen, please speak!” Fan he said.

“I want all the information about ning Tiancheng. In addition, I want information about the other two emperors of the ning family! The more detailed, the better!” Chen Xiaobei said.

“No problem!” Fan he decisively agreed. Evidently, this matter wasn’t too difficult for him.

As an experienced businessman, fan he would definitely have a lot of complicated connections.

For example, the Six-Fingered old ancestor was one of fan he’s important connections.

If he had not mentioned Six-Fingered just now, shopkeeper MA would not have paid the money so quickly and would not have let them leave!

This was the importance of connections!

It was also the reason why Chen Xiaobei’s one billion reward was worth it!

With fan he’s connections, Chen Xiaobei could save himself a lot of trouble and gain a lot of convenience!

Of course, other than his connections, fan he also had other uses. However, it wasn’t the time to use them yet!

Fan he had always claimed that he would never do a losing business, but in fact, the person who had never done a losing business was Chen Xiaobei, the number one profiteering merchant in the Three Realms!

“Who’s selling a peak Saint artifact?”

At this moment, a frivolous voice came from nearby.

It was an arrogant and well-dressed young man.

Surrounded by a group of servants, he swaggered over.

“Is this how the eldest son of Celestial Emperor Hong Tian behaves?” Chen Xiaobei looked at her in disgust.

No... He’s the eldest grandson of Emperor Hong Tian, ye Lingyun!

Fan he said, “don’t be fooled by his hedonistic appearance. In fact, his talent and cultivation are not low!” He is highly valued by Emperor Hong Tian!”

“Ye Lingyun?”

I can’t tell what his cultivation level is ... Chen Xiaobei said. but judging from his age, he should be attending the martial arts competition of the southern region in three months, right? ”

“The southern region Grand martial arts competition?” Fan he shook his head and said in a low voice, “He doesn’t have the right to go. His cultivation level isn’t high enough!”

the ye family is the most powerful family in the eastern southern region. I don’t think there’s no one in the family who’s going to participate in the martial arts competition, right? ” Chen Xiaobei asked.

“Of course there will be participants!”

Fan he said, “monarch Hong Tian has a granddaughter, ye Zhilan!” He was ranked tenth on the “southern region minor heaven ranking”! If he makes a breakthrough after three years of seclusion, he will become the number one hot topic of the southern region martial arts competition!”

“Ye Zhilan ...”

Chen Xiaobei then asked, “ “By the way, what are the benefits of the martial arts competition? Why does everyone want to participate?”

[Red Envelope Group of the Three Realms](#)

Chapter 4109: It's inevitable!

4109 It’s inevitable!

“I’m not sure about the specific situation ...”

however, there are rumors that many powers from the higher regions are paying attention to the martial arts competition. If they can obtain a good ranking, they might even be able to advance to the higher regions!

“There’s also another saying that the nine mystical city, the core of the Central Plains, wants to use this opportunity to recruit the top geniuses of the southern region and train them under their wings! Although it can’t be compared to going to the high-level domain, it’s still one of the best opportunities in the southern region!”

High-level zone?

Zhongzhou?

Chen Xiaobei’s heart skipped a beat.

It was obvious that Chen Xiaobei had only seen a very small area of the heavenly Saint land.

Blue Moon City, ning clan's sacred city, Liangzhou, and the southern region were just the tip of the iceberg!

In comparison, the central Prefecture of the southern region was more than one or two levels stronger.

Chen Xiaobei still remembered that out of the three Holy King level emperors, only the third brother, ning Tiancheng, was in the holy city. The eldest brother, ning Tianhao, and the second brother, ning Tianhan, were both cultivating in Zhongzhou!

One could only imagine how high the level of the middle state was.

Above the middle state and outside of the southern region, there were countless high-level regions.

Even if one used their toes to think, they knew that there must be more advanced opportunities in the high-level domains. At the same time, there would be more powerful forces and more terrifying experts.

Chen Xiaobei had only just started his journey to the heavenly Saint plane!

I don't think that's all ... Chen Xiaobei did not quite agree with fan he's statement.

The Holy corpse Emperor desperately needed Chen Xiaobei to participate in the southern region martial arts competition. If the final result was only in Chen Xiaobei's favor, then the Holy corpse Emperor would not be able to get anything out of it.

This was clearly unreasonable!

"There must be greater benefits hidden behind the martial arts competition of the southern region! It was big enough to make even the Holy corpse Emperor desire it!

Of course, the real benefits behind this were probably not an open secret, and ordinary people had no way of knowing!

"Are you three deaf? How dare you not answer my question!"

Ye Lingyun swaggered over and glared at the three of them.

The few servants who followed ye Lingyun glared at him, looking mean and mean.

"Oh, it's this young master Chen who wants to sell a peak Saint artifact!"

Thousands of ways to pass, but not flattery!

Fan he's words were very effective on ye Lingyun. He raised his chin and arrogantly said, "Heh, at least you know how to talk. This young master won't stoop to your level! Come, take out the peak Saint artifact you want to sell and let me see it!"

yes ... fan he quickly turned around and looked at Chen Xiaobei.

Chen Xiaobei furrowed his brows. He was not happy with ye linyun. Fan he was the only one who could bear with it. Chen Xiaobei could not get along with this guy.

young master Chen ... fan he swallowed his saliva and said awkwardly, "Hurry up and take out the item you want to sell. Don't let young master Ling Yun wait too long!"

"F * ck! Hurry up!"

But before Chen Xiaobei could respond, ye Lingyun started to yell, "Are you a snail? This young master has personally come, yet you're still dawdling. You don't want to sell the item, right?"

Chen Xiaobei was even more displeased.

Chen Xiaobei had always been amenable to coaxing but not coercion. He could not stand this kind of arrogant and despotic thing.

"I'm not selling it!"

Chen Xiaobei did not give him anything and rejected ye linyun.

"What!"

Hearing this, ye Lingyun grimaced and chided, "You little brat! You're trying to trick me, aren't you? This was the Yan Yun Palace! You won't be able to bear the consequences of toying with this young master!"

As soon as he said that, the servants around him also started to clamor.

"You little brat! How dare you play with my young master! Don't you know how to spell the word 'death'?!"

"Little brat! Before my young master gets angry, kneel down and apologize! Otherwise, don't even think of leaving the Yan Yun Palace alive today!"

"I'll give you three seconds to kneel and kowtow in apology! Otherwise, my young master has a million ways to make you beg for death!"

Evil master and servant!

The servants that ye linyun raised were all the same as him.

Bullying others with his power, being unreasonable, simply unreasonable!

"Young master Chen ..."

Seeing how strong the other party was, fan he and Gu Moke were terrified.

After all, they were all people of the southern region. They were all too clear about the ye clan's power.

Not to mention that they were in ye yanmo's Palace, even in the area of Hong Tian city, no one would dare to provoke the ye family. They would not even dare to have the slightest thought of being disrespectful!

In this vast region, the ye clan was like the Supreme ruler. With a single word, they could decide life and death. They could slaughter cities and exterminate clans. They could even suppress the 208 States in the East!

Seeing Chen Xiaobei's attitude, fan he and gumoko were so scared that their scalps went numb and they broke out in cold sweat.

In their eyes, Chen Xiaobei was playing with fire! It was seeking death on the tip of the blade!

If he really angered ye Lingyun, Chen Xiaobei, fan he, and gumoke would all be dead!

However, Chen Xiaobei had no intention of giving in. Instead, he said in a very strong tone, "I said I don't want to sell it. No one can force me!"

"He really doesn't know the immensity of heaven and earth! Men, help this young master cripple him!" Ye Lingyun waved his hand and spoke in a fierce tone. He was definitely not joking.

"Swish!"

As soon as he finished speaking, a guard in tight-fitting clothes flashed over from behind.

The guard looked ordinary, but judging from his speed, he had already reached the level of a four star true Saint.

How could an ordinary guard have such a cultivation?

From the small to the big, it could be seen that ye yanmo's power in Hong Tian city was indeed overwhelming, and there were many experts under him!

Of course, in terms of cultivation, ye linyun was stronger than the guard.

However, ye linyun did not even bother to attack Chen Xiaobei.

This Guard's cultivation was just above Chen Xiaobei's, so he was the most suitable person to fight.

"Young master Chen! I can't help you with this!" Fan he hurriedly retreated to the side.

They had already agreed that fan he would not help Chen Xiaobei if his life was in danger.

Obviously, in fan he's eyes, provoking ye Lingyun was the same as death.

At this moment, fan he really did not dare to help Chen Xiaobei. He did not have the ability to help Chen Xiaobei.

it's over ... It's over ... What should we do now ... gumoko's face was pale and he was restless.

In gumoke's eyes, even if Chen Xiaobei had a powerful trump card, it was impossible for him to fight against the ye family. The bigger the matter, the more miserable Chen Xiaobei's death would be.

"BOOM!"

In an instant, the Guard's attack was right in front of Chen Xiaobei!

There was no turning back!

This battle was unavoidable!

Chapter 4110: Discerning people with sharp eyes!

4110 Discerning people with sharp eyes!

“BOOM!”

With a loud bang, the guard exploded with the power of a four-star true sage. The bright fire Saint Qi condensed into a huge Buddha statue, which was like a falling meteor with unparalleled power!

Chen Xiaobei's cultivation was only at the pinnacle of a three-star true divine.

Although he was only one step away from becoming a four-star true divine, it was a step that Chen Xiaobei could not take.

Of course, most people in the world could never cross this gap.

It was no exaggeration to say that if it was any other peak three-star true sage, they would have been killed instantly by this guard without even a chance to breathe.

Of course, other than Chen Xiaobei's own strength, he also had many special abilities that were beyond his strength.

“Chi ...”

Chen Xiaobei did not panic. He allowed the flaming stupa statue to hit him.

Suddenly, an invisible barrier appeared around Chen Xiaobei.

The terrifying statue of the flaming Buddha sank into the invisible barrier like a clay ox entering the sea. Chen Xiaobei was not hurt at all.

how ... How is this possible?!

Seeing this, the guard was shocked and puzzled.

“Whoosh ...”

In the next moment, the image of the heaven-destroying Purple Lotus appeared in Chen Xiaobei's dantian.

The Guard's attack had been absorbed by the heaven-destroying Purple Lotus.

After digesting the ten strands of primal purple Qi left behind by the LAN family's first ancestor, the howler Purple Lotus had already advanced to the fourth grade. It was more than enough to absorb the Guard's attack!

Of course, apart from absorbing the opponent's energy, the heaven punishing Purple Lotus could also turn the opponent's energy into energy for its own use.

In other words, his opponent did not hurt Chen Xiaobei at all. Instead, he gave Chen Xiaobei a wave of energy.

“What are you panicking for? Continue to attack!”

Ye Lingyun was still a little outstanding and quickly saw the clues. “This kid just used some special ability to absorb a wave of energy! You just keep attacking, I'm sure his ability won't last long!”

The guard calmed himself down, channeled his Saint Vital energy, and continued to attack Chen Xiaobei.

“BOOM! BOOM! Boom ...”

This time, the guard unleashed three attacks in a row. Each one of them was not weaker than the previous one. He did not hold back at all and was determined to crush Chen Xiaobei to the ground, not giving him any chance to escape.

whoosh ... Whoosh ... Whoosh ...

Of course, Chen Xiaobei's chaos mark was not to be trifled with.

He activated his ability three times in a row.

For the first time, the grade-twelve Black Lotus of destructions emerged and countered the enemy's first attack with 30% more power!

The second time, the twelfth-grade Red Lotus of fire appeared and absorbed the enemy's power, turning it into the fire Blood spring and crushing it back!

The third time, a grade twelve Golden Lotus of merit emerged and absorbed the enemy's power, transforming it into a special energy and storing it in the chaos mark.

“BOOM! Bang!”

The Black Lotus of destructions 'special ability was countered and sent the guard flying, smashing a large number of houses behind him into ruins.

“Swish!”

Shortly after, the Hellfire blood fountain gushed into the Guard's body and took control of his primordial spirit.

In an instant, the guard fainted from his severe injuries and lay on the ground, motionless.

But even if he was not injured, his life was in Chen Xiaobei's hands.

The outcome was decided in an instant, without the slightest suspense.

As for the special energy that the Golden Lotus of merit transformed into, it was an extremely mysterious existence that was completely different from Saint Origin Energy. It couldn't even be used to activate magic treasures, but was a kind of energy with other wonderful uses!

“You little brat! You've hidden it very well!”

Ye linyun approached Chen and stared at him coldly. you injured my guard. Don't even think about leaving this place alive today!

“Shua shua ... Shua shua ...”

Then, without ye Lingyun's order, many guards in Yan Yun Palace gathered.

Among them, there were a large number of guards, and their cultivation levels were not low.

The guards and some consecrated experts even had extremely strong cultivation.

In an instant, these people surrounded Chen Xiaobei, not giving him any chance to escape.

The commotion just now had been so great that even the people outside the hall had been alarmed. Many people were gathered outside Yan Yun Palace!

Of course, whether it was the people inside or outside the temple, even fan he and gumoko, all of them were certain that Chen Xiaobei had caused a huge mess! It was impossible to end this!

“Woof! Whoosh!”

At the same time, two figures flew up from the depths of the palace and hovered above everyone. They observed everything that was happening below from above.

One of the figures was a middle-aged man with sword-like eyebrows and Starry Eyes.

Just like an Emperor, this person exuded a powerful aura, intimidating all living beings without being angry!

That’s right!

He was the eldest son of Emperor Hong Tian and ye Lingyun’s father, ye yanmo!

There was a young woman beside ye yanmo.

The woman was wearing a light purple dress that fluttered in the wind like a purple orchid in the breeze and white clouds. She was clean and elegant!

Her fair face had a kind of graceful beauty! Her bright and clear eyes were like the eyes of a spiritual spring, pure and flawless!

This woman was the number one genius of the ye clan, the strongest young man who was ranked tenth on the southern region’s minor heaven ranking!

Ye Zhilan!

Although he was not sure of her current cultivation level, judging from her bearing and aura, she did not lose out to ye yanmo at all. It was clear that her cultivation level was not much different from ye yanmo’s!

It was not an exaggeration to say that this girl was a top heaven’s favorite in the ye family and even the 208 eastern states!

“Big Uncle, who are those people? How dare you be so impudent here?” Ye Zhilan’s bright eyes swept across the room and finally stopped on Chen Xiaobei.

Even though Chen Xiaobei’s cultivation was much lower than vangumoke’s, he was still a little weak.

Fan he and gumoko were so scared that their faces turned pale and they were panicking. Only Chen Xiaobei remained calm.

Ye Zhilan was very smart. She immediately knew that Chen Xiaobei was the leader of the three.

it should be the person who the Butler reported to us earlier. He's the one who wants to sell a peak Saint artifact! ignore them," ye yanmo said coldly. the people below will naturally take care of it. Let's go back and discuss the important matters!

"No!"

"I want to take a look!" Ye Zhilan shook her head.

"What are you looking at?"

Ye yanmo followed ye Zhilan's gaze and saw Chen Xiaobei.

Ye yanmo glanced at it and said impatiently, "Isn't he just a pretty boy? An ant-like cultivation base is worthy of your attention, Zhilan?"

"Let's take a look first!" Ye Zhilan didn't say much, but she had a strong aura.

Even ye yanmo had to give her some face.
