Chapter 4171: The armor smells really good!

4171 The armor smells really good!

When Chen Xiaobei had formed the Pangu true form in the Holy Phoenix City, the Holy Phoenix ancestor had sensed it and released the ten streams of Hong Meng immortal Qi that were responsible for the inheritance of the Holy Phoenix Clan.

Therefore, Chen Xiaobei was going to use the same method to get the primordial violet vapor from the shenglin clan.

By the same logic, Chen Xiaobei took out the divine Dragon tribe's jade pendant, hoping to kill two birds with one stone and get the Hong Meng immortal Qi out as well.

"Whoosh ..."

As the ability continued to be activated ...

Pangu's blood essence, Yuan Shen true spirit, and Natal aura were all used to form the real body of Pangu on top of Chen Xiaobei's avatar.

Whoosh ... Whoosh ... Whoosh ...

As expected, everything went smoothly.

With the appearance of the real body of Pangu, under the ruins of the sacred Hall in the center of the shenglin ruins, a primordial purple Qi emerged directly.

Not only that, but even the primordial violet vapor in the divine Dragon tribe's jade pendant was released.

Twenty strands of primordial violet Qi floated around Chen Xiaobei.

The origin Qilin and fan he were both shocked.

"Hiss ..."

Without explaining, Chen Xiaobei absorbed all the primordial violet Qi into his body.

Then, the primordial violet vapor was absorbed by the chaos mark and finally gathered in the heaven-destroying Purple Lotus.

Very quickly, the heaven punishing Purple Lotus once again produced a qualitative leap, reaching the eighth grade in one fell swoop!

next, there's still the primal Chaos purple Qi from the Luo clan and Ji clan ... I don't think it's enough to raise the blue sky Purple Lotus to grade twelve ...

Chen Xiaobei frowned.

Obviously, the remaining two sects only had twenty strands of primordial violet vapor.

According to the rule that the higher the grade, the more energy it would consume, the remaining twenty strands of primal purple Qi would probably only be enough to upgrade the heaven punishing Purple Lotus to grade nine.

could it be that I have to reach that place in Saint Pan's dream world in order for the heaven punishing Purple Lotus to reach grade twelve? "

Chen Xiaobei thought to himself.

Ji Jinlu, LAN Shunyi, and Luo Tianzhou had the same dream before.

The end of the dream was called the primordial chaos Sacred Heart.

According to everyone's speculations, there must be a huge opportunity left for Chen Xiaobei by the Saint pan clan in the heart of Hongmeng.

Chen Xiaobei's main goal this time was to get to the heart of Hongmeng.

"It seems that there's still a long way to go before the heaven punishing Purple Lotus can reach Grade 12 ..."

"But, there will always be returns!" Once the heaven punishing Purple Lotus reaches grade twelve, the chaos mark will reach a complete state, which will definitely bring me great benefits!"

bro bei, let's continue! The origin Qilin sighed and said, " "There's nothing left in this place that's worth staying for ..."

"Alright!"

let's go! Chen Xiaobei said. fan he, let's go back to Tianyuan city now. We'll use the core formation to go to our next destination!

bro bei ... I'm afraid that Tianyuan city is in danger ... fan he's brows were tightly knitted together. He was clearly very worried.

It was obvious that fan he had followed Chen Xiaobei all the way here. Fan he was very clear about the situation in Tian Yuan city.

Chen Xiaobei's bounty was probably posted all over the city.

Going back like this was no different from walking right into a trap.

"You guys don't need to go back! Because you're all going to die now!"

However, at this moment, an extremely arrogant voice suddenly came from the sky. It was as if the voice controlled the entire situation and dominated everything.

who's there!?

Chen Xiaobei, fan he, and the first Qilin immediately looked at him. Their faces changed and their pupils shrank.

"Shua shua ... Shua shua ..."

In the sky, a total of thirty-three figures were surrounding them.

From the speed of these figures, almost every one of them had reached the realm of Saint Kings. It was simply terrifying!

these people ... Are so strong ... Shi Qilin's face changed. His heart beat wildly and his mind was on the verge of collapse.

bro bei ... The two people in the front, the one on the left is xuanyong Feiyan! Fan he gasped, "how did our tracks get exposed?!" How could they chase after him directly? It's finished! We're all finished!"

'If I'm not wrong, ao lengqiu should be the one who betrayed me!' Chen Xiaobei's eyes locked onto ao lengqiu.

ao lengqiu!?

Fan he's expression froze for a moment before he exclaimed, " I've investigated the situation in the Holy Dragon City. Ao lengqiu is the number one genius in the Holy Dragon City. He's known as the female war god and is a peak two star Holy King. He's an outstanding figure among the younger generation!

my God, even that woman is so powerful. Wouldn't the two men in the lead be even more terrifying? " The origin Qilin couldn't help but tremble.

xuanyong Feiyan's strength can not be compared to ao lengqiu's. He is a late-stage two star Holy King!

"If I'm not wrong, the skinny man beside xuanyong Feiyan should be the 11th Prince of Tianyuan city, Tianyuan breath! His cultivation base is at the early two stars Saint King realm!"

Upon hearing this, the origin Qilin asked in astonishment, " why are these two men weaker than ao lengqiu? why are they flying in front of ao lengqiu? why do they look like leaders? "

Obviously, the origin Qilin didn't understand the environment and thought that whoever was stronger should lead the team.

"You don't understand ... In this place, strength is not important! Family background is the most important bargaining chip!"

"Among the three of them, Tian Yuan Feng Xi is the weakest. However, he has the highest status because he has the Tianyuan clan behind him!" That's why I said we're completely done for ..."

Clearly, fan he was not exaggerating.

Even if Chen Xiaobei had the ability to defeat the 33 Holy Kings.

However, in the yuan Sage upper realm, the reinforcements of the abundance land of the heavenly Yuan could instantly break through the void and arrive.

After all, the strongest person on the heaven roll of the yuan Sage upper region was the patriarch of the Tianyuan clan.

Furthermore, the Tianyuan clan had ordered all the Holy Kings in the upper region to follow their orders. By then, Chen Xiaobei would be surrounded by thousands of Holy Kings.

Just thinking about it made one's scalp numb.

In this situation, even if Chen Xiaobei had three heads and six arms, he would still be dead.

"Shua shua shua ..."

As he spoke, the enemy had already descended.

Xuanyong Feiyan and Tengen Fengxi stood at the front, staring at Chen Xiaobei with disdain.

Ao lengqiu was standing three steps behind them. Her beautiful eyes were also fixed on Chen Xiaobei. "You little brat! You actually dare to wear my White Dragon roar armor! It's so dirty!"

Obviously, the White Dragon roar armor was worn close to the body. In addition to the change in appearance, it would fit the body tightly.

It was as if his undergarments had been worn by a perverted man. Ao lengqiu felt goosebumps all over his body. His cold face was burning with anger, as if he wanted to burn Chen Xiaobei to death.

Chen Xiaobei sniffed the armor and said, "If you didn't tell me, I really wouldn't have reacted. This battle armor is really fragrant!"

Chapter 4172: Call for reinforcements!

4172 Call for reinforcements!

"You ..."

Ao lengqiu gritted his teeth, and his face instantly turned red. He was so angry that he was trembling.

"Little bastard! How dare you flirt with Leng Qiu in front of me! Don't you know how to spell the word 'death'?"

Abundant breath of heavenly Essence's face was also red, and he bared his teeth as if he wanted to eat someone.

It was common knowledge that he, the breath of heavenly origin, was ao lengqiu's loyal suitor.

Chen Xiaobei's act of teasing ao lengqiu in front of everyone was equivalent to slapping him across the face with his ethereal cultivation.

With abundant breath of heavenly Essence's extremely arrogant personality, it was impossible for him to endure such humiliation! His anger instantly exploded, and his killing intent surged out, instantly lowering the surrounding atmosphere.

"Shua shua shua ..."

At the same time, the eight personal attendants of abundance of heavenly essence all stood out. They formed a circle around Chen Xiaobei.

The strength of these eight people was all higher than heavenly essence bountiful breath.

As long as Feng Xi of ethereal cultivation gave the word, the eight of them would take Chen Xiaobei down.

He would not give Chen Xiaobei a chance to escape.

“What should I do now ...”

The Shi Qilin was panicking. He could not understand why Chen Xiaobei would still dare to flirt with his opponent in this situation. Wasn't this courting death?

bro bei ... What are you going to do this time? ” Fan he's face turned extremely unsightly as cold sweat poured down his face like raindrops.

Fan he had been following Chen Xiaobei for a long time and had witnessed Chen Xiaobei's miracles more than once.

Therefore, vansheben was very willing to trust Chen Xiaobei.

However, fan he could not think of a way for Chen Xiaobei to break out of this situation. He was facing such a powerful enemy and the Tianyuan clan's powerhouses who could come to his aid at any time.

“Ao lengqiu!”

Chen Xiaobei raised his eyebrows and said, “If I didn't save you, you would have turned into pus and blood, and you would be dead! You're good, returning kindness with ingratitude, turning around and betraying me!”

“That's right!” Ao lengqiu replied coldly. You did save me, but you took my White Dragon roar armor and the jade pendant my mother left me! Therefore, I will never let you go!”

I ... ao lengqiu's expression faltered, and he did not reply immediately.

In reality, she was in the wrong. Chen Xiaobei had saved her life in exchange for the jade pendant, and Chen Xiaobei had cured her of the poison in exchange for the roaring Dragon Armor.

This was a natural thing to do.

Now that Chen Xiaobei was willing to return the jade pendant and armor, ao lengqiu could actually let Chen Xiaobei go.

However, it was clear that the reason ao lengqiu did not reply to him was because, at this very moment, she could not make the decision.

“Retreat? Are you dreaming, kid?”

Xuanyong Feiyan was the first to roar, you killed the head chief Wei who watched me grow up. You must pay for this with your dog life!

The 22 Holy Kings who had come with Xuan Yong stepped forward. Their eyes were filled with greed. They all wanted to capture Chen Xiaobei and Exchange him for the bountiful reward.

At the same time, the abundance breath of heavenly Yuan gave an absolute answer. "You brat, you've slapped my face in public! Today, even if the ten Empyrean Saints come, they will not be able to save you!"

Obviously, ao lengqiu could let Chen Xiaobei go but the breath of Tengen and xuanyong Feiyan, the two devil incarnations, would not.

They were born in a dominant family, and they were the ones who bullied others. No one could bully them.

Even the slightest disrespect from Chen Xiaobei would have brought death upon them, let alone the fact that he had slapped their faces.

"It seems that today's battle must be fought?"

Chen Xiaobei raised his eyebrows and scanned the crowd.

"Today, you will die without a doubt!"

Tian Yuan Feng Xi stood proudly on the spot, his eyes revealing a strong killing intent.

"Then let's fight! What are you waiting for?"

Chen Xiaobei raised his eyebrows. He was not afraid at all. Instead, he was full of fighting spirit. He could not wait to fight.

Fan he and the origin Qilin were both stunned by the scene.

Chen Xiaobei was clearly at an absolute disadvantage, so why would he initiate the fight? Wasn't this asking for death?

However, the heavenly Yuan abundance breath did not rush to attack. Instead, it sneered, "What are you waiting for? Of course, we're waiting for a three stars Saint King to arrive!"

It was obvious that this guy was very smart.

He knew that Chen Xiaobei's white Dragon roar armor was a three-star Holy King weapon, so he was not in a hurry to attack.

Swish ... Swish ...

As expected, there was a terrifying tremor in the space. The void was torn apart by the storm, and a figure walked out.

This person was tall and muscular. He had bull-like horns on his forehead and black bat wings on his back.

I, Ji zhuxuan, pay my respects to the eleventh Prince!

This monster walked out and respectfully greeted the heavenly essence abundance breath.

Instead, he looked at Chen Xiaobei with a sneer and said, "Kid, are you dumbfounded? While you were talking nonsense, I had already secretly used a communication rune to call for help!"

“He’s one of my henchmen. He’s at the Xuan Foundation Stage and is a late-stage three star Saint King. He can easily crush the White Dragon battle armor with a wave of Saint Origin Energy! Now, the only thing that awaits you is death! There’s no suspense!”

“Shit ...”

Fan he and the origin Qilin were in complete despair.

Originally, Chen Xiaobei had the White Dragon battle armor, so he still had a chance.

But now, this horned and winged monster, Ji zhuxuan, had suddenly entered the battlefield, not even giving Chen Xiaobei a chance to fight.

“Hahaha ... You little brat! Why aren’t you kneeling down and accepting your death? What are you waiting for?” Xuanyong Feiyan laughed out loud.

At the same time, all the Saint Kings around him retreated.

They knew very well that with Foundation establishment Mystic, Chen Xiaobei would not be able to escape, and they would not have the chance to attack.

Chen Xiaobei was destined to die in the hands of Foundation establishment Xuan.

“Ha, that’s funny!”

However, Chen Xiaobei was not afraid at all. Instead, he put on a playful smile.

“Eh? You can still laugh?”

Tengen breath frowned and looked at Chen Xiaobei with disdain. “Little b * stard, have you been scared silly?”

I’ll be honest with you! Chen Xiaobei laughed. while you were talking nonsense, I used my communication rune to call for reinforcements!

“You? Ha, hahaha ...”

Heavenly Prime abundance breath laughed in disdain. “Don’t think that I don’t know that you’ve just arrived in the yuan Sage upper realm! What kind of reinforcements could he call for when he was unfamiliar with the place? These stupid words are more likely to deceive a three-year-old child!”

Hearing this, Xuan Yong Fei Yan impatiently said, “Xuan Foundation! Quickly do it and cripple this kid! Please don’t kill him! I’m going to take him back and torture him slowly! Hahaha ...”

Swish ... Swish ...

At this moment, the void shattered and another figure descended.

Chapter 4173: wiped out in one go!

Swoosh ... Swoosh ...

Just as Tian Yuan Feng Xi and xuanyong Feiyan were laughing, another person came through the void.

She was an extremely beautiful woman. Her looks, figure, and temperament were all top-notch.

Her long black hair fluttered in the wind, reflecting a bright golden light like a phoenix's feather. There were even rings of red halos floating around, beautiful and gorgeous.

Her eyes also had a faint reddish-gold color, as if they were burning with flames.

"Who ... Who is this person? Was it the Phoenix Clan? Why have I never seen him before?"

"What?!" Heavenly essence abundant breath exclaimed in shock.

"I'm not sure ..."

At the same time, his eight personal attendants were all confused. They had never seen or even heard of this woman who had suddenly appeared.

"What the f * ck! It's so beautiful ..."

Xuanyong Feiyan, the beast, was so furious that his drool was about to flow out. He didn't even realize that he was in danger.

"Woof!"

At the same time, the woman who had suddenly descended was already flying over.

Her long hair fluttered in the wind, and her golden-red feathers shone like a brilliant rainbow. It was extremely dazzling.

"Who are you? I'm heavenly essence abundance breath! Do you dare to make an enemy of the Tianyuan clan?"

The heavenly Yuan abundance Qi was extremely anxious. The speed that the other party displayed was enough to prove that the other party's strength was far above Foundation establishment.

However, the first thing the heavenly Yuan abundance Qi did was not to admit defeat, but to reveal his identity first.

The reason for this was because, whenever he encountered any trouble in the past, abundant breath of heavenly origin just needed to reveal his identity and all the problems would be solved, and all the strong enemies would submit to him!

He had never failed before, and there was never any suspense.

In the yuan Sage upper realm, the Tianyuan clan was like a Demon God.

No one or power would dare to make an enemy of the Tianyuan clan.

However!

Even if he had ten thousand brains, he would not have thought of this.

The woman who had suddenly appeared didn't take the Tianyuan clan seriously at all. She didn't even give them a chance to beg for mercy.

“Whoosh!”

As the woman flew over, her body suddenly burst out with a mixture of gold and red Saint Origin Energy.

The huge Saint Origin Energy turned into a pair of phoenix wings, covering the sky and the earth.

The giant wings flapped, and all the Saint Kings around her fell into an irredeemable death without her making any movements!

“Ah ... Ah ... Ah ... Ah ...”

As the Phoenix’s wings swept past, every Saint King in the surroundings let out a hysterical wail.

Their Saint King bodies started to burn and quickly turned into ashes.

During this process, a heart-piercing pain erupted.

However, their primordial spirits seemed to be imprisoned in a cage of flames, unable to leave their bodies.

Just like that, they suffered an inhumanly excruciating pain as they were burned to ashes. Not even a trace was left behind.

save me! Eleventh Prince, save me!

Foundation establishment cultivators were the strongest among the group, but they couldn’t resist the woman’s Saint Origin Energy at all.

His muscular body rolled around in the flames. His bull-like horns were shattered, and his bat-like wings were burned into bones.

The pain was unimaginable. He was afraid that he would not be burned to death, but would die from pain.

“Uh ...”

Of course, his struggle only lasted for a few seconds.

The woman’s Saint Origin Energy was terrifyingly strong. In a few seconds, she had burned a three star Saint King like Ji zhuxuan to ashes.

At this point, 30 of the 33 Saint Kings had been burned alive.

It was like burning thirty dead leaves, without any ripples or suspense.

Strong!

It was absolutely strong!

The remaining three people at the scene looked at the woman as if they had seen a ghost. Their bodies trembled and they were extremely terrified.

“Oh my God ... It’s ... It’s too scary ...”

Xuanyong Feiyan was so scared that he almost peed his pants. Just a moment ago, he was still thinking about that woman. Now, he was so scared that he lost his soul. Even if he had a hundred million guts, he would never dare to think about that woman.

“You ... Who are you ...”

At the same time, Tengen breath and ao lengqiu were both looking at the woman in disbelief. No matter how hard he thought, he couldn't figure out the woman's identity.

“She is my reinforcement!”

Chen Xiaobei smiled and walked up to them.

“Your ... Your reinforcements? This ... How is this possible!”

Upon hearing this, Tianyuan Fengxi, xuanyong Feiyan, and ao lengqiu were all dumbfounded. Their faces were filled with shock.

Chen Xiaobei had just arrived in the upper province of the yuan sage realm and had not yet found his footing. How could he know such a powerful woman?

From her speed and power, this woman's cultivation had reached the realm of a four star Saint King!

A four star Saint King!

Even in the upper Yuan sage realm, powerhouses of this level were few and far between!

How could Chen Xiaobei know someone like this?

That was impossible!

However, just as everyone was in disbelief, the woman's eyes suddenly softened. She looked at Chen Xiaobei and asked softly, “Xiaobei, why don't you kill the last three?”

Xiaobei?

Chen Xiaobei's words were proven right!

This woman was really Chen Xiaobei's reinforcement!

For a moment, Tianyuan Fengxi, ao lengqiu, and xuanyong Feiyan felt as if they had been struck by lightning. They felt as if their world views had crumbled, and they even began to doubt their lives.

At the same time, the three of them deeply realized that they were simply too stupid.

They thought that they had Chen Xiaobei dead, so they sneered at Chen Xiaobei and waited for him to die.

But in the end, they were all wiped out by Chen Xiaobei.

This result was simply ironic to the extreme.

“Miss Xuan Xin! It's miss Xuan Xin!”

Fan he exclaimed. He finally understood Chen Xiaobei's method of breaking out of this situation.

That's right!

The powerful lady who had suddenly appeared was none other than Liu xuanxin, the one who had received the inheritance of the rebirth of the Holy Phoenix!

Now, Liu xuanxin had the power of the former Holy Phoenix Emperor, an early-stage four stars Holy King!

Chen Xiaobei had used the communication rune to contact Liu xuanxin. Thus, he had already broken out of this deadlock from the very beginning. Naturally, he was at ease, and he was even able to tease ao lengqiu a little!

High!

It was really high!

Fan he was so full of admiration for Chen Xiaobei!

Of course, the Shi Qilin was still in a state of confusion and couldn't understand the situation at all.

"Xuan Xin! Let's leave this place first! In case the enemy's pursuers come!" Chen Xiaobei made his decision without delay.

[Red Envelope Group of the Three Realms](#)

Chapter 4174: Where are your eyes and ears!

4174 Where are your eyes and ears!

Whoosh ... Whoosh ... Whoosh ...

Liu xuanxin knew Chen Xiaobei very well. Before they left, she released three talismans that looked like Phoenix Feathers.

The talismans landed on Grand celestial full breath, xuanyong Feiyan, and ao lengqiu, sealing their cultivation base completely. Of course, their spirituality was also sealed.

As a result, they were unable to use their spirituality to communicate with the magic treasure.

In the same way, they couldn't use communication runes.

This was the only way to ensure their temporary safety. Otherwise, if the breath of heavenly origin called for help, even Liu xuanxin would not be able to handle it.

"Shua shua ... Shua shua ..."

At the same time, Chen Xiaobei released his Saint Qi and collected all the enemy's storage space into his hands.

There were 33 Saint Kings in total, so the resources in these storage spaces must be extremely abundant.

"Zzzzzzzzzzzz ..."

Then, Liu xuanxin stepped into the void again and brought everyone back to the Holy Phoenix City.

The space flashed back.

Everyone appeared in the emperor's palace in the Holy Phoenix City.

"Emperor! Where have you been?"

At this moment, the great elder of the sacred Phoenix Clan suddenly appeared in the palace.

He was here to visit Liu xuanxin.

He thought that Liu xuanxin was not there. Just as he was about to leave, he saw Liu xuanxin stepping through the void and coming toward him.

Of course, the great elder of the sacred Phoenix Clan also saw the others.

When the great elder of the sacred Phoenix Clan saw the abundance of heavenly Yuan, an extremely complicated expression appeared on his face.

However, the old man was someone who had seen many things, and his expression quickly returned to normal. It didn't leave any traces.

"I went out for a while. Is there anything I can help you with?"

Liu xuanxin glanced at the great elder.

Liu xuanxin did not like this snobbish old man from the bottom of her heart.

However, Liu xuanxin had just become the Emperor of the Holy Phoenix, and she could not dismiss the great elder immediately.

After she cultivated Yuan Feng, the great elder of the sacred Phoenix Clan would definitely have to be replaced.

I'm here to ask the Emperor about the date of the coronation ... the first elder said respectfully.

"I don't care about the date, I don't care!" "If there's nothing else, you may leave," Liu xuanxin said coldly.

"Yes, sir!"

The great elder quickly bowed, lowered his head, and quickly left.

After he left, everyone began to discuss business.

bro bei ... You ... What do you plan to do with the three of them? " fan he asked nervously.

The origin Qilin was still in shock and hadn't recovered from the battle just now. He found a chair and sat down alone in a daze. Obviously, his mind had suffered a huge blow and he couldn't calm down in a short time.

Of course, this wasn't enough to defeat the origin Qilin.

The main reason was that he had never seen a Saint King level expert.

In Pangu world, the most powerful person he had ever seen was a heavenly path Sage. He had never even seen Hongjun fight.

Therefore, when he saw the Saint might of a four star Saint King, it had a huge impact on him.

Furthermore, there was a terrifying ruler-level power behind the breath of heavenly essence and xuanyong Feiyan.

Because of this, the origin Qilin was still in shock and fear.

Of course, fan he and Liu xuanxin were still calm as they waited for Chen Xiaobei's answer.

At the same time, Tengen breath, xuanyong Feiyan, and ao lengqiu all perked up their ears and looked at Chen Xiaobei in panic.

Their communication runes had been sealed, and their lives were in Chen Xiaobei's hands.

"Let's keep them for now. If possible, I want to turn them into loyal dogs!" Chen Xiaobei said.

"A loyal dog?" Fan he was dumbfounded.

I'm afraid that there's no dog food in this world that can control a Holy King ... Liu xuanxin knew that Chen Xiaobei was good at using his loyal dogs. They could play a decisive role in many important matters.

Unfortunately, they were in the heavenly Saint realm, and the heavenly dog biscuit was of no use.

Therefore, it was impossible to turn the three of them into loyal dogs. He didn't know where to start.

let's keep them for now. Even if they can't be loyal dogs, they still have some value as hostages! Chen Xiaobei said.

Chen Xiaobei knew very well that he was up against the Dominator-level forces from two different regions. But Liu xuanxin's power was not enough to fight against them.

That was why Chen Xiaobei wanted to keep them alive and use them as hostages. They would be his bargaining chips to save his life at a critical moment.

"Alright ..."

yes! Liu xuanxin nodded. you can just imprison them. The seal I cast can only be removed by a Saint King. You don't have to worry about them escaping!

"Alright!"

Chen Xiaobei nodded and put the three of them into the Meru space. Then, he locked them in the spirit condensing space with li xiangsi and ning Tiansheng.

"Did you get the item from the Qilin race?" Liu xuanxin asked.

"I got it!" alright! Chen Xiaobei nodded and said, " next, I'll be leaving the yuan Sage upper realm ...

"How long are we going to leave for?" Liu xuanxin asked.

at least three months, at most ... Chen Xiaobei sighed. if everything goes well, I'll definitely come back to see you in three months. However, if things don't go well, I can't predict what will happen next ...

It was obvious that Chen Xiaobei had to return to the southern region, but the martial arts competition was not going to be easy.

Chen Xiaobei did not have the confidence to control the situation.

He didn't even know when he would return.

I really want to go with you ... Liu xuanxin pursed her lips. She was reluctant to go.

I know what you're thinking, but I don't want you to get into any danger ... Chen said gently. "Besides, the matter of the abundance of Tianyuan will be exposed sooner or later. If you leave, the Tianyuan clan will definitely suspect you!"

"You're thinking too much. I've already killed them just now. It's impossible for this matter to be exposed!" Liu xuanxin said.

"You underestimate the Tianyuan clan!" "I thought my plan was flawless, but they still found me!" If you hadn't acted, I would have been dead!"

"That's right ... How did they find you?" Liu xuanxin asked.

in the beginning, I thought that ao lengqiu had betrayed me. However, after thinking about it carefully, it's impossible for her to know where I'm going!

that's right! Chen Xiaobei said, " the only explanation is that the eyes and ears of the breath of heavenly origin saw that I was wearing the White Dragon battle armor somewhere. Then, they followed me secretly and led the breath of heavenly origin to me!

the eyes and ears of the heavenly Yuan abundance breath?! Liu xuanxin was stunned. could this spy be in Holy Phoenix City?!

Everyone was shocked.

[Red Envelope Group of the Three Realms](#)

Chapter 4175: Super ugly woman!

4175 Super ugly woman!

"This ..."

Chen Xiaobei was shocked as well. "Now that you've mentioned it, it's possible! From the Holy Dragon City to the Holy Phoenix City, it was fan he who rushed the journey. I have been cultivating in the Meru space! No one can see me!"

"In other words, if the heavenly Yuan abundance breath has eyes and ears that saw me, then this eye and ear must be in Saint Phoenix City! Furthermore, he has been following fan he without being discovered. His cultivation must be much higher than fan he's!"

Chen Xiaobei was very calm, and he quickly came up with a rough idea of what had happened.

The reality was the same.

the Tianyuan clan has eyes and ears all over the world. It's reasonable for them to have people in Saint Phoenix City! Fan he said with certainty.

this way, Holy Phoenix City is no longer safe! Chen Xiaobei's mind started to work.

assuming that the spies of the Holy Phoenix City have been hiding in the dark, they would have seen the battle just now and the news would have been sent back to the Tianyuan clan at once.

"And the Tianyuan clan didn't immediately send anyone over. This means that the spy didn't see the battle just now."

there are two possibilities. One is that the spy is among the eight followers of the rich breath of heavenly Yuan and has already been killed.

the other possibility is that after the abundance breath of heavenly origin brought people here, that spy returned to Holy Phoenix City and didn't see the final outcome of the battle.

Chen Xiaobei paused for a moment and came to a conclusion. that spy doesn't know the result of the battle. He won't be suspicious in the short term!

"However, we've lost contact with the abundance land of heavenly origin, so our spies will suspect the Holy Phoenix City sooner or later! Because I'm from the Holy Phoenix City, and the new Holy Phoenix Emperor is my wife!"

Chen Xiaobei's speculation was clear and logical. He had predicted the final result.

Tianyuan bountiful breath lost contact, and their spies suspected Saint Phoenix City, reporting it to the Tianyuan clan.

In the end, with the arrival of the Tianyuan clan's cultivators, Saint Phoenix City was bound to face an extremely serious disaster.

"What ... What should we do?" Liu xuanxin became nervous.

He had thought that killing them would be the safest course of action, but he had still underestimated the Tianyuan clan's power.

"Don't worry! I'll gather some energy and merge Holy Phoenix City into the beixuan realm. Once the two realms are separated, Holy Phoenix City will be safe!" Chen Xiaobei said.

but the eyes of the abundance land of heavenly aeons are still in Saint Phoenix City. If we don't find him, he'll be a huge threat. He might even bring disaster to the beixuan realm! Liu xuanxin said worriedly.

"I understand what you mean, but it's too late now! The more time we delay, the more danger Holy Phoenix City will be in!" Chen Xiaobei said.

After that, Chen Xiaobei took out all 33 storage spaces that he had just collected.

It was clear that Saint King weapons were still very rare. At least, not every Saint King had a Saint King weapon.

In addition, they found a total of 300 million Saint origin Mystic crystals. There was not a lot of them, so Chen Xiaobei kept them as pocket money.

There were many other types of resources, and they were all of high grade, but they were all useless at the moment. They were basically recycled goods.

Of course, Chen Xiaobei was not in the mood to deal with it, so he kept it for now.

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei began to extract the energy from the three two-star Saint Royal weapons and twelve one-star Saint Royal weapons.

It was obvious that this energy was meant to be used to merge with Holy Phoenix City.

The Holy Phoenix City was huge. Once it was integrated, the space of the mysterious North great world would double, so it would consume a lot of energy.

“Chi ...”

Chen Xiaobei tested it and found that the energy was not enough, so he added another 100 million Saint origin Mystic crystals.

alright, we have enough energy now. We can merge Holy Phoenix City into the beixuan great world at any time. Xuan Xin, you have to explain to the people later. Don't cause panic and chaos! Chen Xiaobei said.

One must know that in addition to the huge area of the Holy Phoenix City, the comprehensive strength of the people was also very strong. There were millions of true saints. Once chaos broke out, the entire mysterious North great world would be in chaos.

Of course, as long as Liu xuanxin was there, they would not be in a mess.

I'm still a little worried ... Liu xuanxin frowned. the eyes and ears of the abundance of heavenly Yuan are hidden in the dark, like a time bomb. If they are not eliminated, they will always be a huge hidden danger!

Swoosh ... Boom ...

However, at this moment, a terrifying spatial storm suddenly erupted in the sky.

The void was torn apart, and a huge black hole almost devoured the crown of the ancient parasol tree, even enveloping the entire Holy Phoenix City.

what's going on?!

what? ” Liu xuanxin's face turned pale as she looked up at the black hole. Her entire body trembled uncontrollably, and her pupils shrank as if she had just seen something extremely terrifying.

it seems that the enemy's reaction speed is much faster than we thought! Chen Xiaobei's eyes narrowed.

His strong state of mind allowed him to be calmer than Liu xuanxin. He was able to think far ahead.

That's right!

This terrifying black hole was the void that a powerful Holy King had shattered!

This Saint King was extremely terrifying.

It didn't even need to appear. Just the spatial turbulence in the huge black hole could swallow the entire Holy Phoenix City, mince it, and obliterate it!

I'm afraid he's a peak four-star Holy King ... Liu xuanxin's voice trembled, and her face turned pale.

Without a doubt, at the level of a four star Holy King, even a difference of one minor realm would have a huge difference in power.

hand over my younger brother!!!

An extremely fierce roar, like that of a tigress, rang out.

Immediately after, a bloated body broke through the void and arrived.

It was an ugly woman with a fat head and big ears.

His skin was dark brown, his lips were thick, and his teeth were exposed. Two arms as thick as an adult's leg were exposed. He was unusually tough and unpleasant to the eye.

"Peak four star Saint King! The ugliest woman in the yuan Sage!"

Fan he had done his research and immediately recognized the other party, " "This is the eldest Princess of the Tianyuan clan! The number one genius! She's ranked first on the 'Yuan Sage little heaven board', Tianyuan fengwu!"

the other party is really fast ... Liu xuanxin was completely flustered. Xiaobei ... I'm no match for her. What ... What should we do now ...

Liu xuanxin had no choice but to rely on Chen Xiaobei.

"Don't panic!"

Oh? " Chen Xiaobei raised his eyebrows. now that this woman is here, we don't need to find our hidden spies anymore!

"It's not a matter of finding eyes and ears anymore!" you can't defeat this woman," Liu xuanxin said anxiously. even if you merge Holy Phoenix City into the beixuan great world, you still won't be able to escape her! This is an unsolvable dead end!"

Chapter 4176: Suddenly disappeared!

4176 Suddenly disappeared!

Clearly, Liu xuanxin's worry was not without reason.

Even if Chen Xiaobei had enough energy to absorb Saint Phoenix City into his heaven and earth embryo and merge with the beixuan great world ...

However, the heaven Earth embryo membrane would also fall into the hands of that super ugly woman, Tianyuan fengwu.

Everyone could never come out.

If Tengen fengwu found a way to break the embryo membrane, not only would Chen Xiaobei die, the entire beixuan world would be destroyed.

Therefore, hiding in the embryo membrane of heaven and earth was definitely a stupid way to seek death.

"Don't worry, let's see who the Tianyuan clan's spies are first! After that, I'll find my own way to escape!" Chen Xiaobei was very confident.

Obviously, Chen Xiaobei had thought of the same problem as Liu xuanxin. He would not trick himself.

"Swish!"

As expected, a figure flew out of Holy Phoenix City. It was the great elder of Holy Phoenix City.

He flew toward the Super ugly woman, his face full of humility, and said in a low voice, "Greetings to the eldest Princess! I saw it with my own eyes. The eleventh Prince is in the palace of the Emperor of the Holy Phoenix!"

It was obvious that the old man had recognized him the moment he saw the breath of heavenly origin.

As soon as he left Liu xuanxin's Palace, he contacted the Tianyuan clan and summoned the terrifying Tianyuan fengwu.

"It's actually him!"

Liu xuanxin frowned. "I knew it, this old thing's character is bad, he must have evil intentions!"

"Alright, now that the hidden danger has been eliminated, we can go!"

Chen Xiaobei chuckled and took out the heaven and earth embryo membrane. "Xuan Xin, enter the heaven Earth fetal membrane first! The three princes of the Holy Phoenix City are not easy to deal with. I can't be at ease without you watching over them!"

"Good! I'll listen to you! However, you must also leave safely! Don't take any risks!" Liu xuanxin urged.

"Trust me, I have a way to escape unscathed!" Chen Xiaobei said with certainty.

"Whoosh!"

Soon after, the entire Holy Phoenix City was integrated into the beixuan great cosmos and became a part of the beixuan region.

Chen Xiaobei was the only one left.

what's going on?!

Such a large city of Saint Phoenix City had disappeared from under her eyes just like that!

This was simply unbelievable!

Of course, after the Holy Phoenix City disappeared, Chen Xiaobei became the only target of Tengen fengwu!

"Boom boom boom ..."

Tengen fengwu charged at Chen Xiaobei without a second word.

The terrifying black-gray Saint Origin Energy left a terrifying afterimage in the air. With her fat body, she was like a cannon that weighed tons.

"Hmph Hmph! Little brat! Your death is here!" Behind him, the great elder of the sacred Phoenix Clan smiled smugly.

Back in Saint Phoenix City, he was toyed around by Chen Xiaobei. Now, he could finally vent his anger.

"Swish!"

However, Chen Xiaobei was already prepared. He took out a dark green talisman.

Activating the talisman, Chen Xiaobei disappeared from where he was standing.

rumble!!!!

Tengen fengwu did not expect Chen Xiaobei to disappear so suddenly. Her Cannonball-like body could not stop in time and was slammed into the ancient parasol tree.

With a terrifyingly loud sound, the trunk of the extremely huge tree suddenly split into two halves as if it had been split by a giant axe!

Terrifying!

It was incomparably terrifying!

Tianyuan fengwu had only used less than 10% of her strength. Otherwise, the entire region would have been shattered by her!

"What's going on? What the hell is going on?"

Tianyuan fengwu's ugly face twisted and grimaced, making her look as ugly as a devil.

She was extremely furious!

He was as angry as a volcano that was about to erupt!

She, Tianyuan fengwu, was the number one genius of the Tianyuan clan, first on the 'Yuan Sage little sky ranking', and second on the 'Yuan Sage sky ranking'. She was so powerful that she could make anyone tremble!

With her status and strength, she had never failed in anything she did in the Yuan Sage upper province.

However, at this very moment, a young man as weak as an ant had managed to escape from her palm!

In her eyes, this was a humiliation!

It was a great humiliation!

His anger was like a volcano that was about to erupt. He had suppressed it to the extreme!

“Eldest Princess ... How did that kid escape? You ... How can you also make mistakes!”

At the same time, the great elder of the sacred Phoenix Clan was also shocked and astonished.

In his opinion, it was impossible for Tianyuan fengwu to miss. However, the reality was the exact opposite.

Originally, the great elder of the sacred Phoenix clan’s shock and surprise were normal emotions.

However, he did not realize that he had done something extremely stupid!

He had touched a sore spot!

“Whether I fail or not, it’s not up to you cheap slave to comment!”

Tianyuan fengwu was like an enraged tigress as she let out an explosive roar at the great elder of the sacred Phoenix Clan.

uh ... Uh ah!!!

The next moment, the great elder’s eardrums burst, and blood spurted out of his ears.

Then, blood flowed out of his eyes, nose, and mouth.

Who dared to think about it? Tianyuan fenghu’s roar actually shook the great elder of the sacred Phoenix Clan until he bled from all seven apertures!

One had to know that the Holy Phoenix great elder was a middle-stage three-star Holy King!

However, just bleeding from her seven apertures was not enough to calm her anger!

The volcano had been suppressing its anger for a long time. Since it could not catch Chen Xiaobei, it could only vent its anger on the great elder of the Holy Phoenix tribe!

“Bang!”

As expected, Tianyuan fengwu immediately released a beam of dark gray Saint origin power. It was like a Beacon, crossing the sky and suddenly bombarding the great elder of the sacred Phoenix Clan.

This terrifying power caused the old man’s body to explode and his essence spirit to be destroyed.

A dignified middle-stage three-star Saint King was instantly annihilated by Tianyuan fengwu just like that!

It was like crushing an ant, completely insignificant.

“Boom boom boom ...”

Tianyuan fengwu didn't even turn her head. She immediately stepped through the void and left the scene.

She knew that Chen Xiaobei had really disappeared without a trace.

.....

On the other hand, Chen Xiaobei appeared in a very special independent world.

The air here was filled with highly toxic miasma, and almost 99% of the surrounding plants were poisonous. Insects, snakes, and scorpions could be seen everywhere. Not only were they huge in size, but their cultivation was also not weak.

That's right!

This was the legendary Sacred Spirit world!

Chen Xiaobei was now in a corner of this independent world, known as the poison spiritual territory!

The leader of the venomous spirits, man Zeng, had given Chen Xiaobei an ultimate summoning talisman that could teleport him to the sacred Spirit world. That was the reason why Chen Xiaobei had disappeared!

However, Chen Xiaobei's current situation was like he had just left a Wolf's Den and entered a Tiger's Den!

Fatal danger was still everywhere!

[Red Envelope Group of the Three Realms](#)

Chapter 4177: Comprehensive improvement!

4177 Comprehensive improvement!

this place is filled with poison. My body can't be exposed to the poison for too long, or it will also corrode!

Chen Xiaobei furrowed his brows and thought to himself, " moreover, there is something even more dangerous than the poison in the environment. It is the Holy Spirit tribe, which is full of hostility!

Apparently, man Zeng had told Chen Xiaobei that no one was allowed to enter the sacred Spirit world. Once they barged in, they would be regarded as The Public Enemy and would be besieged by the masses.

"There's only one way now ..."

Chen Xiaobei opened the portal and returned to the beixuan realm.

The space in the beixuan great world had doubled again. Correspondingly, the number of beixuan Saints and beixuan sacred Kings that could be accommodated had also doubled.

This meant that there could be a total of four North profound sacred Kings and 28 North profound Saints.

It was easy to become a North Mystic Saint. Some loyal officials could be selected from Blue Moon City and Saint Phoenix City to fill in the gaps.

As for the position of the North Mystic sacred king, he would have to think about it carefully.

Elder ye had occupied a spot earlier.

However, there were a few two star Holy Kings in Saint Phoenix City who could provide Chen Xiaobei with more energy.

Therefore, replacing elder ye with a new Holy King was definitely the best choice.

However, the Holy Kings of the Holy Phoenix City were too powerful. Once they became Saints, Liu xuanxin would have to stay in the beixuan great world to keep them under control. Otherwise, accidents could easily happen.

This way, Chen Xiaobei would have one less powerful helper.

I can't have both the fish and the bear's paw for the time being. I should maximize my energy first!

After a brief moment of depression, Chen Xiaobei made a decision, " "With enough energy, mengchen's cultivation speed will skyrocket. Once she's done digesting the power of the inheritance, she'll become a three star Saint King! To me, it's a new source of help! Also, I'm in need of energy for my own cultivation ... Mm, it's decided then!"

Soon after.

Chen Xiaobei called elder ye back, and then let Liu xuanxin and the three two star Holy King level Holy Phoenix elders sit in the four beixuan Holy King positions.

There were four North Mystic sacred Kings, 28 North mystic saints, and a huge population. The energy provided by the beixuan great world every day had soared.

On average, it could provide Saint Origin Energy equivalent to a one star Saint King grade spirit vein every day.

A Saint King grade spirit Meridian every day!

With the addition of the four Holy Kings, the efficiency of the energy function had increased by a trillion times!

In this way, LAN Mengcheng's cultivation speed would be greatly accelerated.

Previously, LAN Mengcheng had estimated that she would need three months to fully digest the power of the inheritance.

That was because the energy provided by the beixuan great world was limited.

At this moment, the energy was definitely sufficient. LAN Mengcheng could use the divine sunlight cache directly. After consuming about a day's energy, she could directly digest the power of inheritance and become a three star sacred king.

This was definitely good news!

As long as everything went well, LAN Mengcheng would no longer need to consume the energy of the beixuan great world from tomorrow onwards.

In addition, LAN Mengcheng could also replace a Holy King of the Holy Phoenix tribe with lower cultivation.

With LAN Mengcheng becoming the sacred king of the beixuan realm, the energy supply of the beixuan realm would undergo a qualitative change.

Basically, it could provide Chen Xiaobei with the same amount of energy as a peak one-star Saint King's Holy Meridian.

This way, Chen Xiaobei could use the Saint devouring axe as he pleased.

He was absolutely invincible under the two star Saint King realm.

After everything was settled, Chen Xiaobei was not in a hurry to leave.

Instead, he entered the eight trigrams Dragon trapping tower once again.

The 300th floor of the eight trigrams Dragon trapping tower had the thing that Chen Xiaobei wanted the most.

It was the same method as before.

Chen Xiaobei activated the body of the tower while collecting energy.

The energy was then split into two portions. One portion was injected into the chaos mark to activate the grade 12 Golden Lotus of merit's special ability and restore Chen Xiaobei's mental power.

The other energy was absorbed into the Saint devouring Dao axe.

From the two hundred and first to the two hundred and Ninety-ninth steps, Chen Xiaobei had collected a total of three one-star pinnacle Holy King energy, excluding the mental power that he had used up.

In addition to the ones he had collected before, he had a total of four. He could activate the axe four times, or split the energy when necessary.

"Chi ..."

Finally, Chen Xiaobei unlocked the Xiantian Eight Trigrams lock on the 300th floor.

When he reached the 300th level, Chen Xiaobei saw the true spirit of the seven stars Holy King-level treasure that Fuxi had mentioned.

It was a green true spirit, like a flame that was pulled up, wavering in the space. It was clearly flickering and looked very weak, but its spirituality was extraordinarily strong.

However, Fuxi didn't manage to keep all the true spirits of the treasures. The one he saw now was only a small part.

However, this was enough!

Whoosh ... Whoosh ... Whoosh ...

Following Fuxi's instructions, Chen Xiaobei divided the true spirit into three parts.

After that, Chen Xiaobei used the heavenly Eight Trigrams assimilation technique to merge the true spirits of the Three Treasures into the chaos Blood Sword, the demonic Dragon's tribulation, and the beixuan Saint-sealing painting.

After the fusion, the spirituality of the three Dharma Treasures soared!

Not only that, the spirituality of the three Dharma Treasures had undergone a fundamental change! This feeling was completely different from before!

Just as Fuxi had said, this was the transformation from a true sage to a Saint King!

After that, Chen Xiaobei took out the three two-star Saint Royal weapons and twelve one-star Saint Royal weapons that he had obtained earlier!

Whoosh ... Whoosh ... Whoosh ...

Using the heavenly Eight Trigrams assimilation technique, Chen Xiaobei started to fuse the treasures according to the ratio.

A two star Saint King weapon and four one star Saint King weapons were merged into one of his Dharma Treasures.

The three magic weapons were just enough to use up all the magic weapons they had seized.

After the fusion, the chaos Blood Sword, the demonic Dragon's tribulation, and the beixuan Saint-sealing painting broke through to the Saint King level at the same time. They had all reached the same level as the Saint devouring axe, a peak one-star Saint King level!

Chen Xiaobei now had four one-star pinnacle Saint King energy. Two of them were in the Saint devouring axe, one was in the chaos Blood Sword, and the last one was in the beixuan Saint-sealing scroll.

As for the Dragon's edge, it didn't need any energy.

Due to the special evolution process of the Dragon's edge, it was both a demon and a magic weapon.

The blackfiend dragon's soul, the Dragon's flesh, and the vigorous life force had allowed it to give birth to life when it became a Saint weapon.

From this point of view, the black demon Dragon was already a demon saint.

Therefore, Chen Xiaobei did not need to infuse it with energy. His own Saint Qi was enough to activate the power.

At the same time, half of the essence of the dragon's edge was a magic weapon.

This gave him a special advantage that ordinary people could not compare to ...

[Red Envelope Group of the Three Realms](#)

Chapter 4178: The poison spirit catacombs!

4178 The poison spirit catacombs!

This advantage was that the Dragon's edge could be upgraded through the fusion of magic weapons.

It was extremely difficult for others to cultivate from true Saint to Saint King.

However, the demonic Dragon's tribulation could directly undergo a qualitative transformation by fusing with the true spirit of a magic treasure. With the fusion of a few magic treasures, it could directly reach the realm of peak one star Saint King.

In other words, the demonic Dragon's tribulation at this moment was both a magical treasure and a peak one-star Saint King!

Without a doubt, this was a huge advantage!

In theory, as long as Chen Xiaobei could find enough high-grade magical equipment, he could continuously increase the cultivation of the Dragon's edge through fusion!

Just thinking about it made him feel great!

Then, the Dragon's edge turned into a black Coiling Dragon Ring and wrapped around Chen Xiaobei's finger.

As for the other three magical items, Chen Xiaobei kept them in the Meru space.

Now that Chen Xiaobei had upgraded all of his trump cards, he could continue his operation.

Before he left beixuan, Chen Xiaobei summoned elder ye into his Meru space.

Now that all the beixuan sacred king positions were filled, elder ye would be useless in the beixuan realm. He might as well follow Chen Xiaobei. Even if he was useless now, he would be of great help when they returned to the southern region!

"Swish!"

Then, Chen Xiaobei's Dharmakaya left his body and left the beixuan realm.

The practicing body was in a spiritual state, and the poison in nature could not hurt the practicing body.

As long as he did not encounter any curse-type evil poison, Chen Xiaobei's Dharmakaya could move freely in the poison spiritual zone.

Chen Xiaobei's goal was simple. He wanted to find man Zeng and ask him how to leave the poison spiritual zone.

After all, Chen Xiaobei had only come here to avoid the wrath of the dancing wind of Tengen. He did not want to waste too much time here.

"Whoosh ..."

Then, Chen Xiaobei went through the portal and returned to the place where he came from.

Chen Xiaobei immediately transformed into his purple Qi avatar, minimizing the possibility of being discovered.

A wisp of purple Qi slowly floated in this strange world.

To be honest, Chen Xiaobei did not know how to find man Zeng.

After all, Chen Xiaobei did not think that he would enter the poison spiritual zone so quickly when he was released. So, he did not contact man Zeng with his communication rune.

Chen Xiaobei could only fly aimlessly in a fixed direction.

He had to at least find someone he could communicate with.

After flying for a long time, Chen Xiaobei still found nothing. He felt like he was wasting his time.

“Whoosh ...”

Chen Xiaobei then entered the Meru space.

Chen Xiaobei had one more person to ask about the sacred souls world.

That’s right!

It was li xiangsi!

Chen Xiaobei turned into his true form and walked up to li xiangsi. “I’m now in the sacred Spirit world. Is there any way to leave?”

“What!”

Li xiangsi was shocked, “young master!” You ... You’re telling the truth? You’re not joking, right?”

At the same time, Tianyuan Fengxi, xuanyong Feiyan, and ao lengqiu were also filled with shock. They had all heard of the Saint spiritual realm, but they had never heard of any outsiders entering the Saint spiritual realm!

As for ning Tiancheng, he still had a silly look on his face, his eyes wide open, not saying a word.

“I’m not in the mood to joke with you. Answer whatever I ask!” Chen Xiaobei said impatiently.

“Yes ...”

Li xiangsi nodded. In her eyes, there was a flash of coldness. “The Saint Soul world is divided into different regions, and the method of leaving each region is different ...”

“I’m in the poison spirit region!” Chen Xiaobei said.

“Poison spirit region?” Li xiangsi was taken aback. I’m not very familiar with the poison spirit region, ” she said. if we can find the poison spirit sacred city and head to the snake spirit region through the core array, I’ll have a way to leave!

“Snake spirit territory?”

Chen Xiaobei said warily, ” “You’re trying to lure me back to your lair and get someone to kill me, right?”

“No, no, no... I don’t have the guts ...”

“My life is in your hands. If I harm you, won’t I be the first one to die?” li xiangsi said in a sad voice.

“Hmm, at least you have some self-awareness!” Chen Xiaobei nodded and said, “Cooperate with me obediently, and I’ll let you go when I leave!”

Chen Xiaobei did not trust li xiangsi.

So, the best way to get li xiangsi’s help was to give her the benefits she wanted the most.

That’s right! And that was to return her freedom!

“That’s great! It’s a deal!” “I promise,” li xiangsi said excitedly, “as long as we reach the snake spirit area, I’ll be able to help you leave the sacred Spirit world. As long as you let me go, I’ll do my best to help you!”

tell me, How can I find poison spirit sacred city?” I’ve been flying around the poison spiritual zone for a long time! I haven’t even seen anyone who can talk! Chen Xiaobei said.

“It’s useless for you to fly on the ground!” “The monsters in the poison spirit region live in the catacombs!” Li xiangsi said.

“The catacombs?” Chen Xiaobei gasped, “I saw quite a few holes along the way, and thought they were the lairs of some wild beasts ...”

“Right! Those holes are the entrance!”

“The underground cave of the poison spirits is like an extremely huge ant nest. There are trillions of poison spirits living in it. Naturally, it’s filled with deadly poison everywhere!” Li xiangsi reminded.

“The main point is that there are different types of poison spirits, and the effects of their poison are also different! For example, the venomous spirits of the Barbarian race have venomous liquid that can corrode the body and even the magical equipment of those at a high realm!”

another example is the soul devouring poisonous spirit. They can release a strong spiritual poison that is specialized in poisoning and devouring other people’s primordial spirit ... In short, once young master enters the catacombs, you must be careful at all times. Otherwise, you will definitely die without a burial place!

Obviously, li xiangsi really hoped that Chen Xiaobei could leave the poison spiritual zone alive.

After all, if Chen Xiaobei were to die Here, she would not be able to live either.

That was why she reminded Chen Xiaobei to be careful.

“Good! I got it!”

alright! Chen Xiaobei calmed himself down and said, “I’ll ask you how to leave when I get to the snake spirit territory!

After that, Chen Xiaobei returned to the real world.

He turned into a purple Qi avatar, found a hole in the ground, and flew in.

As expected, this underground cave could be said to be bottomless.

Moreover, the deeper they went, the larger the scale of the cave. Moreover, there were large caves on the stone walls in all directions.

This was more than an ant's nest, it was simply an incomparably huge super maze.

Chen Xiaobei looked left and right, but he had no idea what to do. So, he found a cave and flew in.

After flying for a long time, Chen Xiaobei finally saw a city that looked like hell.

Red Envelope Group of the Three Realms

Chapter 4179: The mystery of the Holy Spirit!

4179 The mystery of the Holy Spirit!

This city had been excavated from the dark gray soil underground.

Due to the corrosion of the poison, all that could be seen were broken walls and rotting corpses. The sinister poison was like a sewer, flowing everywhere, and the air was filled with a nauseating smell.

From the perspective of the Earthlings, this was the hell that the sinners would fall into.

Living here was like being locked up in hell to be tortured.

Every minute and every second was torture.

"From the looks of these poison spirits, they shouldn't be from the same race as man Zeng ..."

Chen Xiaobei turned into a cloud of purple gas and quietly slithered along the stone wall at the top of the city.

After all, the demonic body of purple Qi was only at the pinnacle of true divine level. If he were to encounter a Holy King level enemy, it was still possible for him to be discovered.

Chen Xiaobei could see everything clearly.

The scale of this city was average. The poison spirits in the city were all monsters that looked like lizards and emitted green poisonous gas.

Obviously, it was impossible to find man Zeng here.

But then again, Chen Xiaobei and man Zeng did not actually have much of a relationship.

Chen Xiaobei had also killed three of man Zeng's companions, causing him to fail his assassination mission.

As a man of sacrifice from the reverse moon, man Zeng had the reverse moon's ultimate talisman. Once the mission failed, man Zeng would become the target of the reverse moon and would probably never dare to return to the yuan Sage upper realm again.

So, even if Chen Xiaobei found man Zeng, he would not help Chen Xiaobei.

Therefore, the best outcome for this trip was for Chen Xiaobei to find the sacred city on his own and use the core magical formation to reach the snake spirit territory.

At least Li Xiangsi had a favor to ask of Chen Xiaobei. When they reached the snake spirit territory, she might be able to help Chen Xiaobei.

However, this cave was extremely huge. In terms of size, it could even be compared to a large region in the heavenly Saint land. In addition, the underground world was like a maze. It would be extremely difficult to find the destination.

"I can't keep flying like this ... I have to find a way to catch someone and ask ..."

Chen Xiaobei walked on top of the city, carefully looking for a hidden corner.

Finally, at the edge of the city, Chen Xiaobei found a small dark house.

So, all Chen Xiaobei had to do was to capture the people in the house and get the answers he wanted. He could also avoid causing a commotion.

"Whoosh!"

Chen Xiaobei took a deep breath and flew over.

The purple Qi Dharmakaya entered the small house, and sure enough, there was a poison spirit cultivating inside.

The poison spirit didn't look old. It held a piece of Saint origin Mystic Crystal and slowly absorbed the Saint Origin Energy.

What was amazing was that when the poison spirit opened its mouth, a small green ball of light floated in the air. All the Saint Qi it absorbed was surrounding the ball of light.

Then, as it continued to devour the ball of light, the Saint Qi was slowly absorbed.

This was the first time Chen Xiaobei had seen such a cultivation method.

However, after thinking about it carefully, this was similar to the inner core cultivation of the Daoist sect on earth.

The Daoism on earth emphasized on breathing!

Just like now, the poison spirit was breathing in Saint Origin Energy and inhaling the small ball of light. If nothing unexpected happened, as its body gradually strengthened, the quality of the small ball of light would also become higher and higher. Correspondingly, its cultivation would also become higher and higher!

"If I'm not wrong, that little ball of light should be the legendary Holy Spirit!"

'Li Xiangsi said that the Holy Spirit race doesn't cultivate their primordial spirit, they only cultivate their Holy Spirit! The more powerful a Saint spirit was, the higher its cultivation! After the Holy Spirit clan dies, the Holy Spirit will directly enter the Holy Spirit realm, which is similar to the earth realm!"

Chen Xiaobei's judgment was correct.

The carrier of the Holy Spirit clan's power was the Holy Spirit.

This was their Foundation!

"Bang!"

Just as Chen Xiaobei was quietly observing the room, the door of the small room was suddenly kicked open.

This was an adult lizard poison spirit, and its body was much bigger than the little poison spirit in the house.

The adult lizard poison Spirit's head was emitting a dense green poisonous gas, and its pair of fierce eyes were filled with killing intent.

"Little brat! How dare you hide the Saint origin Mystic Crystal!"

The adult lizard poison spirit roared angrily. It didn't even give the little poison spirit a chance to explain and directly bit it.

Chen Xiaobei did not even have the time to react. He did not expect the adult lizard poison spirit to kill the killer.

Crack ... Crack ...

In the blink of an eye, the little poison Spirit's head was bitten off by the adult lizard poison spirit, and dark green blood sprayed all over the ground.

"Bah!"

The adult lizard poison spirit directly spat the little poison Spirit's head to the side, then stuck out its whip-long tongue and took the Saint origin Mystic Crystal into its mouth.

However, this was not enough!

The adult lizard poison Spirit's eyes were filled with extreme greed as it stuck out its tongue again!

"Swish!"

This time, his tongue was covered with a layer of Saint Qi and directly wrapped around the little poison Spirit's Saint spirit!

Chen Xiaobei was shocked.

The Holy Spirit could actually be captured by others?

In that case, wouldn't he be unable to enter the Holy Spirit world?

However, what happened next shocked Chen Xiaobei even more!

"Phew ..."

The adult lizard poison spirit spat out its Holy Spirit, a ball of light that was almost crystal!

"Hiss ..."

Then, he took a deep breath and sucked the little poison Spirit's Holy Spirit in front of him.

Immediately after, the adult lizard poison Spirit's Holy Spirit actually directly swallowed the little poison Spirit's Holy Spirit.

It could be seen with the naked eye that after devouring the small Holy Spirit, the adult lizard poison Spirit's Holy Spirit slightly expanded, and its light also became brighter.

This ...

Chen Xiaobei was shocked again.

Not only could sacred spirits capture and devour other people's sacred spirits, but they could also make their own sacred spirits stronger!

This ability could be said to be very powerful!

In theory, as long as he could devour endlessly, he could become stronger limitlessly!

Of course, reality and theory were different.

There must be various restrictions to devouring other people's Holy Spirits. Otherwise, the Holy Spirit clan would have already started killing each other!

"Devour ... I have an idea!"

Chen Xiaobei raised his brows and suddenly thought of a way to break out of this situation.

"Clang!"

The Saint pan Dao-devouring axe was brought down from the roof.

"Who's there?"

The adult lizard poison spirit was shocked. However, his cultivation was not too high and he had no time to Dodge!

"Swish ..."

The axe swept across and in an instant, the head of the adult lizard poison spirit was chopped off!

"Swish!"

Then, Chen Xiaobei released his Saint Qi and enveloped the adult lizard poison Spirit's Holy Spirit.

"If I swallow this Holy Spirit, there might be an unexpected effect!"

Chen Xiaobei raised his eyebrows and activated the formless chaotic body to swallow the Holy Spirit into his own body.

Chapter 4180: Blood-related origin!

4180 Blood-related origin!

After the formless chaos celestial body devoured something, Chen Xiaobei's celestial body would possess the special characteristics of the object.

In addition to the 10000 techniques return to one mutation, Chen Xiaobei's Dharmakaya could change into the shape of the object he devoured, and it was no different from a real body.

For example, when Chen Xiaobei turned into the Holy demonic incarnation, he turned the demonic tribe upside down and burned the demonic Luo Skyless pit to a crisp.

So, Chen Xiaobei decided to use the same trick and try to transform into the lizard spirit.

Coincidentally, after Chen Xiaobei broke through to the four-star true Saint level, his formless chaos celestial body had a chance to devour.

"Whoosh ..."

As expected, after devouring the sacred Spirit of the adult lizard poison spirit, Chen Xiaobei's magical body immediately obtained the corresponding characteristics.

With the corresponding characteristics, one could become a Dharmakaya of the corresponding form.

"Whoosh ..."

Chen Xiaobei changed into another lizard poison spirit.

In the eyes of those below the Saint ruler realm, this state was exactly the same as the true lizard poison spirit, without any flaws.

Only experts above the Saint King level could see the flaws.

Of course, a one star Holy King would not be able to see through Chen Xiaobei, just like how elder ye could not lock onto the demonic body of purple Qi.

However, a two-star Holy King or higher should be able to see through Chen Xiaobei's Dharmakaya.

"I can't ..."

However, Chen Xiaobei was not in the mood to worry about being seen through because ...

"This avatar is too ugly ... And stupid ..."

As he was in lizard form, Chen Xiaobei could only crawl.

The main point was that his head was constantly emitting green gas.

Although Chen Xiaobei's women were all loyal to him, Chen Xiaobei could not bear to be cuckolded.

"Whoosh ..."

Chen Xiaobei changed back to his original form.

"Chi ..."

the sacred Spirit world rejects outsiders. However, I already have a Sacred Spirit, so I shouldn't be considered an outsider ...

Chen Xiaobei thought to himself.

Although the ball of light in his palm was not a real Holy Spirit, it had the characteristics of a Holy Spirit. Ordinary people would not be able to see any flaws at all and should be able to get away with it.

Then, Chen Xiaobei walked out of the house in his true form with the green Holy Spirit in his hand.

Then, he walked to an obvious place.

According to Chen Xiaobei's plan, as long as he became a Holy Spirit, he would not be seen as an invader who would not rest until one of them was dead. He could then ask any passerby questions.

But Chen Xiaobei did not expect the situation to turn out better than he had expected!

greetings ... Greetings to heavenly Saint spirit ... Greetings to heavenly Saint spirit ...

The lizard poison spirits gathered around him and knelt on the ground, worshipping Chen Xiaobei.

"Heavenly Saint spirit?"

Chen Xiaobei was surprised.

In the end, he still managed to hear an explanation from the mouths of a few little poison spirits.

"What's a heavenly Sacred Spirit?" A little poison spirit with a strong head asked curiously.

On the side, the little Holy Spirit who looked like an older brother explained, "Idiot! The heavenly Saint spirit was a Supreme existence in the world of Saint spirits! It was the noblest, highest level of Holy Spirit! Only the heavenly Saint spirit can take the form of a human!"

"I see ..."

Chen Xiaobei wanted to laugh.

He had simply despised the lizard poison Spirit's appearance, but he didn't expect that he would become a heavenly Saint spirit in the eyes of ordinary people.

This was much more convenient.

"Who's in charge here?" Chen Xiaobei asked.

"Greetings, Lord heavenly Saint spirit! I am the governor of this city ... an old lizard poison spirit crawled over and knelt beside Chen Xiaobei's feet.

"Hmm, I have a few questions to ask you!" Chen Xiaobei said.

"Please ask ... I will definitely tell you everything I know!" The old lizard poison spirit said respectfully.

first, can you kill innocents at will here? " Chen Xiaobei asked.

this ... the elderly lizard poison spirit was stunned and immediately became a little nervous."Who do you want to kill?"

"Don't worry, I'm not trying to kill you!" I saw an adult venomous spirit biting off a child's head! Chen Xiaobei said.

Oh, is that so ... the old lizard poison spirit sighed and said, " you should know that the resources in our poison spirit region are extremely scarce. In order to fight for resources, the law of the jungle often happens ...

resources ... Chen Xiaobei's brows furrowed.

He immediately recalled that the Holy Spirit clan usually didn't go to the heavenly Saint realm. Every time they did, it was to fight for resources.

From the looks of it, the massacre that just happened was a miniature version of the entire Divine Spirit world.

The entire Sacred Spirit world was extremely lacking in resources, and killing for resources had already become a common occurrence.

Chen Xiaobei did not comment on that.

Even though Chen Xiaobei did not approve of killing, the environment was just like that. There was no way to change it!

Since he was in the forest, he had to follow the laws of the forest!

The strong preyed on the weak, killing for survival!

There was no right or wrong!

"Second question, I saw an adult poison spirit devour the Holy Spirit of a young poison spirit ... Since killing can make one stronger, why can most people live in peace? Shouldn't they be killing each other?" Chen Xiaobei asked again.

"This ..."

The old lizard poison spirit was stunned for a moment, and then said awkwardly, " master heavenly Saint spirit ... You should already know this ...

"Know what?" Oh? " Chen Xiaobei lied, " I've been cultivating in seclusion since I was born. I don't know much about the outside world ...

"I see ..."

The old lizard poison spirit composed himself and explained, " first of all, putting aside the killing for snatching resources, there's also the most common killing, which is to devour the other party's Holy Spirit!

"The second type of slaughter has a huge restriction! That was, the source of the bloodline must be the same! In other words, only by devouring the Holy Spirits of one's blood kin can one become stronger ..."

although we look ugly, most of us can't bear to kill our blood relatives. Therefore, the second kind of killing rarely happens. Most people can live in peace!

"Understood!" Chen Xiaobei furrowed his brows.

It turned out that the adult poison spirit just now was actually the blood-related elder of the little poison spirit who was killed!

As the saying goes, even a vicious Tiger would not eat its Cubs!

Most of the Holy Spirit clan would not kill their blood relatives!

However, that guy just now was obviously a crazy animal! It was not an injustice to die in Chen Xiaobei's hands!

“One last question!”

I want to leave the sacred Spirit world and take a look at the outside world. I wonder how I can leave? ”
Chen Xiaobei asked.
