Chapter 4241: strengthening!

“I don’t know yet ...”

no! Chen Xiaobei shook his head and said, “it was my friend who broke through the void to leave the heavenly axiom’s blessed land! Therefore, I still don’t know the exact location of that heavenly abode!”

“However, I should be able to return to that place by asking my friend to shatter the void. However, I might encounter the heavenly Dao after I return! We can’t take any risks before we have enough strength!”

Previously, Chen Xiaobei and the others had to rely on su mi to break through the void to leave the Blessed Grotto-heaven.

Once again, su mi shattered the void and could return to her original spot.

But the problem was that the heavenly axiom would definitely notice that Chen Xiaobei had taken the gourd.

If he returned rashly, he would most likely walk right into a trap.

So, Chen Xiaobei would not do that.

Sect leader Tongtian nodded and said, “alright. This kind of thing can’t be rushed! Steady and steady is the right way!”

It was obvious that the prime of Tongtian did not want Chen Xiaobei to risk his life.

I have another important thing to do now! Chen Xiaobei continued. I have to find a way to erase the spiritual connection between the gourd and the heavenly axiom! Does anyone have a way?”

“Erase the spiritual connection?” “You’ve asked the right person!” Sect leader Tongtian laughed.

master! Chen Xiaobei was overjoyed. please teach me!

the way of heaven sent the gourd to Pangu world,” said sect leader Tongtian indifferently. he couldn’t remove the spiritual connection himself. In order to let Hongjun use the gourd, the way of heaven gave him a unique secret skill of treasure-making!

“Whoosh ...”

In the next moment, sect leader Tongtian took out a ball of primordial spirit strange fire and wrapped the brass gourd.

Theoretically, with sect leader Tongtian’s cultivation, even if the primordial spirit strange fire burned for billions of years, it would not hurt the brass gourd at all.

But then, sect leader Tongtian began to use a special method to control the primordial spirit strange fire, forming exquisite strange fire runes around the brass gourd.

These Mystical Fire runes quickly formed a tiny magical formation.

“Swish!”

With a soft sound, the brass gourd trembled.

“Alright, I’m done!” Sect leader Tongtian smiled with confidence.

Looking at the scene in front of him, the Grand Supreme elderly Lord couldn’t help but praise, “As expected of Junior Brother Tongtian. He’s only seen it once, and after trillions of years, he’s still able to easily use it. His talent far surpasses ours!

“I’ll try!”

Chen Xiaobei was so excited that he immediately released his spirituality and tried to communicate with it.

Sure enough, the brass gourd had become an ownerless item.

She immediately recognized Chen as her master.

“This is a peak one-star Saint Emperor-level treasure called the Holy Cross armor! With its special ability, you can travel through different spaces. Furthermore, the space bridges built are very well hidden and extremely difficult to be discovered by outsiders!”

Chen Xiaobei took out a pile of scrap metal from his holy armor.

From the shape, it could be seen that these scrap metal chains were the same chains that had tied old Feng up like a mummy.

In fact, the Holy armor of traversing didn’t have a sealed ability.

The true thing that trapped old Mad was actually these chains.

Old crazy’s cultivation level was probably mid to late-stage one star divine Emperor.

It was clear that the strength of these chains had almost reached the peak of one star divine Emperor.

If old crazy’s ultimate form of the Holy abyss had not self-destructed, he might not have been able to break free from these chains in his entire life.

“Although these chains have been broken, they are still extremely high level Saint Emperor treasures. Furthermore, the chains are densely covered with high level runes the size of ants!”

I’m fine! Chen Xiaobei thought. the chains can be used to craft weapons or strengthen magical items, and the formation on the chains can be used to seal my enemies!

Without a doubt, in the hands of others, these were just scrap metal.

However, Chen Xiaobei could turn waste into treasure, and it would be of great help.

After all, not everyone had the pan Sheng Dao devouring axe that could devour and merge all things, and not everyone had the scholar heart that could restore the broken formation.

Next, things would be very smooth.

“Whoosh ...”

In order to save time, Chen Xiaobei called out xuanyong Feiyan and asked him to activate the divine sunlight cache.

Tianyuan Fengxi, ao lengqiu, and the completely dazed ning Tiancheng were still locked up in the Meru space.

Since ao lengqiu was su MI’s adopted daughter, Chen Xiaobei would not make things difficult for her.

As for xuanyong Feiyan and Tengen breath, Chen Xiaobei would not be polite to them. He would burn his life and wait for it to end.

In the sunlight domain, Chen Xiaobei had completely engraved the runes on the chains onto a piece of paper.

Then, with the help of the scholar heart, Chen Xiaobei restored the runes back to their normal state.

And so, Chen Xiaobei had obtained a complete formation map.

A peak one star Saint Emperor, the Saint locking formation.

However, Chen Xiaobei did not have enough energy to activate the formation. So, he kept the formation map and did not rush to set it up.

“Swish!”

Chen Xiaobei then took out the Saint devouring axe.

The devouring ability was activated immediately, and the Saint devouring Dao axe began to devour all the broken chains.

Previously, the Saint devouring Dao axe had devoured some Saint weapons and even a gray-armored divine edge Wolf. Every time it devoured, it could increase its level and obtain the corresponding special ability of the things it devoured.

These chains were probably at the level of a peak one star Saint Emperor.

However, these chains were just objects, not tools.

Therefore, the upgrade of the Saint devouring Dao axe was still limited.

He had only raised the Saint devouring Dao axe to the level of a peak-stage Saint King, not even a one-star Saint Emperor.

Of course, to Chen Xiaobei, a peak-stage Holy King was already a very high level. In fact, Chen Xiaobei did not even have enough energy to activate this level of power.

Even if Chen Xiaobei used up all his Saint Qi, he could only activate the power of a five star Saint King once.

Therefore, there was no point in raising his level too high.

However, apart from the upgrade, the Saint devouring Dao axe had also perfectly inherited the 'special ability' of those chains!

This 'special ability' was toughness!

Although the Saint devouring axe was only at the peak Saint King level, its hardness was already at the level of a one-star Peak Saint Emperor.

For ordinary people, the increase in the hardness of a magic treasure was not significant.

After all, the power of the magic weapon was the core of the competition. If it couldn't hurt the enemy, it was meaningless no matter how hard it was.

However, to Chen Xiaobei, the increase in hardness could allow the Saint devouring axe to welcome a whole new wave of upgrades.

"Swish!"

Chen Xiaobei took out a red gourd.

Chen Xiaobei had obtained this gourd when he was on the 200th floor of the Fuxi Eight Trigrams Dragon Pagoda.

There was a special liquid in the calabash.

Heavenly marrow drop!

[Red Envelope Group of the Three Realms](#)

Chapter 4242: collapse

Fuxi had told Chen Xiaobei that he found this heavenly marrow in a strange world when he was traveling in the heavenly Holy Land.

In that independent world, there was a divine spring that hung above the heavens and earth!

Every 6.48 billion years, the divine spring would produce one drop of such heavenly marrow!

Although it was only a small drop, it could explode with a terrifying power that could pierce through the heavens and earth!

To this day, Fuxi still didn't know how to use the heavenly marrow drops, but he had once seen a woman use three drops of heavenly marrow to penetrate a large region!

Therefore, Fuxi had always wanted to use the eight trigrams heavenly fusion incantation to merge the heavenly drop marrow into his own magic treasure.

Unfortunately, after many attempts, Fuxi came to the conclusion that only a treasure that was strong enough could bear the immense power of the heaven Drop marrow.

Back then, in Fuxi's last attempt, his Seven Star Saint King weapon was crushed by the heaven Drop marrow, causing Fuxi to be defeated by the enemy and sealed up until now.

That was why Chen Xiaobei had not used the heavenly marrow drop after he had obtained it.

And at this moment, this problem might be solved!

“Whoosh ...”

Chen Xiaobei ordered the Saint devouring axe to start devouring the heaven Drop marrow.

Of course, Chen Xiaobei was very cautious at first and only allowed the Saint devouring axe to consume one drop.

After that, the color of the chains on the axe gradually turned into a greenish-gold color, similar to the color of the heaven Drop marrow, giving off a heavy metallic texture.

“Success! The Saint devouring Dao Axe’s current hardness can withstand the pressure of the heaven Drop marrow!”

Chen Xiaobei was excited.

After that, he began to control the Saint devouring Dao axe and continued to devour more Heaven Drop marrow.

According to Fuxi, the power of three drops of heavenly marrow could penetrate a large region.

At this moment, there were about thirty drops in the red gourd.

In other words, Chen Xiaobei’s axe could even cut through ten large domains stacked together!

The power was so terrifying that it had probably reached the level of a Saint Emperor.

Fuxi had said that the heavenly drop marrow was not a magic treasure!

In other words, activating the power of the heavenly drop marrow did not require any additional energy!

This meant that every swing of Chen Xiaobei’s axe had the power of a Holy Emperor. More importantly, it did not consume any Holy Yuan!

Just thinking about it made him feel great!

“Ka ... Ka ka ka ...”

However, the ideal was beautiful, but the reality was cruel.

Just as Chen Xiaobei was about to take off, the surface of the axe started to crack.

“F * ck!”

Chen Xiaobei was shocked.

“The Saint devouring axe has the hardness of a peak one star divine Emperor. Or have I devoured too much heavenly drop marrow? Thirty drops ... The pressure increased by thirty times ...”

This was not a joke!

The Saint devouring Dao axe was Chen Xiaobei’s core foundation. If it was destroyed, Chen Xiaobei would lose a super king Bomb!

Moreover, Chen Xiaobei was in the beixuan great world.

Once the Saint devouring Dao axe was shattered and the heaven Drop marrow leaked out, the entire beixuan great world could be destroyed!

“No! Absolutely not! I must continue to strengthen the axe!”

Chen Xiaobei broke out in a cold sweat, but his strong state of mind kept him calm. At the crucial moment, he still managed to come up with a solution.

When the Saint devouring Dao axe first started devouring the heaven Drop marrow, there was nothing unusual.

The reason it had shattered was probably because it had devoured too much of the heavenly marrow drop.

Therefore, as long as he could increase the hardness of the axe and share some of the pressure, he should be able to stop it or stop it from breaking.

Chen Xiaobei’s mind began to race. What else could he use to increase the hardness of the Saint devouring axe?

“Whoosh ...”

Chen Xiaobei then swallowed the Crimson gourd that he had used to store the heavenly marrow into the Saint devouring axe.

The Scarlet gourd’s grade wasn’t high, but its material was very special. It seemed to have a certain rejection effect with the heavenly drop marrow and could offset a portion of the heavenly drop marrow’s power.

Of course, the main reason why this gourd could hold the heavenly marrow drop was that it had not fused with the heavenly marrow drop. It was just holding the heavenly marrow drop.

If it was used for fusion, this gourd would also be broken.

Chen Xiaobei did not have anything that could increase the hardness of the axe.

Therefore, he could only take a step back and swallow the gourd into the Saint devouring Dao axe, hoping that it could reduce some of the pressure on the axe.

“Whoosh ...”

The surface of the Saint devouring Dao axe glowed with a Crimson light.

The speed at which the crack was breaking down clearly slowed down, and finally stopped completely.

“It’s alright ...”

Chen Xiaobei finally let out a sigh of relief. As long as the Saint devouring Dao axe isn’t completely destroyed, I’ll be able to repair it with stronger materials!

It was a false alarm, but Chen Xiaobei did not lose the Super king Bomb.

However, this also reminded Chen Xiaobei.

Although the heaven Drop marrow was powerful and did not consume any energy, it could not be used casually. Otherwise, it could still shatter the Saint devouring Dao axe.

If Chen Xiaobei wanted to use it as he pleased, he would need to find at least two star divine Emperor grade materials.

Or, he could find the woman who could use the heaven Drop marrow on her own.

This was not something that could be solved at the moment.

After that ...

Chen Xiaobei took his time to calm himself down and left the beixuan world with little Chen Xi and old Feng.

The series of operations caused about a day and a half to pass in real life.

Chen Xiaobei wanted to go back and find su mi. He also wanted to tell Luo Wuji to spread the news of the auction.

However, Chen Xiaobei did not manage to contact Su mi after he returned to Saint Duke City.

He had sent her a communication rune message, but he had not received a reply.

Chen Xiaobei had no choice but to look for Luo Wuji.

This old fox was very shrewd. He was afraid of getting himself into trouble, so he specially arranged the auction in another main city.

This main city belonged to the Luo clan's allies.

They were slightly weaker than the Luo clan.

He didn't dare to refuse.

Then, the news of the auction was released.

And situ yanglong's people in the Cang Sheng heaven domain would naturally pass the news to him.

In order to lure him here, Chen Xiaobei had spread the news that the Holy armor of traversing was a relic of the ancient Holy Emperor. With this treasure, one could enter the ancient Holy Emperor's ruins and seek a great opportunity.

Situ yanglong's male companion was obsessed with all kinds of opportunities, so he would definitely not miss this auction.

Chen Xiaobei had already planned not only to save Luo puti, but also to extort them.

Childe Chen, the news has been released, but you haven't told me how you are going to deal with situ yanglong without anyone knowing. Luo Wuji was still very worried.

After all, situ yanglong was a one star divine Emperor and had extraordinary strength.

Behind him, there were eight even stronger Big Brothers.

Chen Xiaobei had to think of a way to deal with the aftermath.

Otherwise, they would be doomed eternally!

Red Envelope Group of the Three Realms

Chapter 4243: scheme!

“I haven’t decided yet ...”

Chen Xiaobei shook his head helplessly.

“What?”

Luo Tianji’s face turned green. I haven’t thought about it. You want me to release the news?” he thought. If this matter gets out of hand, you won’t even know how you died!”

Chen Xiaobei shrugged and said, “Didn’t you arrange for the auction to be held in your ally’s main city? I’m not the one to die, so what’s there to worry about?”

Luo Tianji was extremely worried. that’s true. But what if my allies sell me out? Saint Duke City will be in for a disaster!

“Heh, look at how scared you are!” of course! Chen Xiaobei laughed. I have a few ideas but I just haven’t thought of which one to use!

“What!” Luo Wuji was stunned and complained, “Can you speak clearly ... Do you really want to scare this old man to death?”

“I don’t want to talk nonsense with you! I’ll see you at the auction tomorrow!” Chen Xiaobei did not want to talk to Luo Wuji anymore, so he left.

After finding a place with no one around, Chen Xiaobei brought little Chen Xi and old Feng into the Meru space.

father, have you really thought of the method that the old ancestor asked you just now?” Little Chen Xi blinked her big eyes curiously and asked.

don’t worry, Zhenzhen. I’m not talking nonsense. I really have a way. But whether it works or not depends on you! Chen Xiaobei said.

“Watch me?” “What can I do?” little Chen Xi was confused.

dad wants old Feng to use a technique called the one word Holy extermination curse, but he doesn’t listen to dad. So, I can only rely on you! Chen Xiaobei said.

“Circulating cultivation technique?”

“He’s old and stupid. Even if he listens to me, he might not know how to use the technique ...” Little Chen Xi frowned.

“Let’s try. If this method doesn’t work, we can only use another method.” Chen Xiaobei said.

Obviously, Chen Xiaobei had prepared two methods.

The first method is to let me use the one word Saint destroyer curse. Of course, it's the wrong version. At that time, my ultimate level Holy abyss will self-destruct again, and its power will be above that of a peak one-star true Saint. It'll be enough to kill situ yanglong.

In any case, old crazy's body could recover after the explosion, which meant that he could kill the enemy without any injuries.

However, the biggest problem with this method was that old Feng was currently in a state of madness. Whether he could use the cultivation technique was a huge unknown.

Chen Xiaobei's second option was to use the power of the heavenly marrow drop.

The heaven Drop marrow could shatter the Saint devouring Dao axe, which was as hard as a peak one-star Saint Emperor. Killing situ yanglong was naturally not a problem.

So, the first option was Chen Xiaobei's first choice.

The second method was an alternative that could only be used when there was no other choice.

"Alright, I'll give it a try!"

Little Chen Zhao pouted, his face turning into a bun. He looked a little worried.

It was obvious that she didn't know how to make old Feng use the one word Saint destroyer curse.

"Crazy old man ... Do you still remember the one-word Saint-Killing Curse?"

"Old Feng ... Little Feng Feng ..."

"Dad, there's no chance!"

Little Chen Xi said to old Feng.

However, old Feng's face was blank the entire time. He couldn't even remember any of the contents of the one-word Saint destroyer curse, let alone use his cultivation technique.

Chen Xiaobei furrowed his brows, but he remained calm. "Wei Xi, can you get old Feng to imitate you?"

"Imitating me? Why?" Little Chen Xi asked, puzzled.

dad will teach you the one word Holy extermination curse. If you ask old Feng to imitate you, you might be able to succeed! Chen Xiaobei said.

"Good idea! Dad is so smart!" Little Chen Xi gave him a thumbs up and said, "I'll try, but I'll need some candy!"

"This is simple!" Chen Xiaobei left the Meru space and went to buy some candy.

After returning to the Meru space, Chen Xiaobei gave the candy to little Chen Xi.

The moment he saw the candy, old Feng was like a greedy child. His eyes immediately lit up and he looked at little Chen Xi with desire.

“Crazy old man! Come and learn from me!”

Little Chen Xi took a deep breath, and then released a trace of Saint Qi.

“Oh?”

Old Feng was confused.

Chen Xi turned to Chen Xiaobei and said, ” “Dad, you should learn from me!”

“Ah?”

Chen Xiaobei was stunned.

However, he quickly understood what his daughter meant.

Chen Xiaobei took a deep breath and released a stream of Saint Qi.

“Here!”

Little Chen Xi immediately handed a candy to Chen Xiaobei.

“Wuwuwu!”

Old crazy understood now. As long as he imitated little Chen Xi, he would be able to get candy.

“Hiss ... Hiss ...”

Then, old crazy started to take in deep breaths.

However, he had completely forgotten how to use his Saint Qi.

He kept inhaling and exhaling, and his face turned red as if he was constipated.

“You’re so stupid!”

Little Chen Xi pointed at old Feng’s sea of Qi dantian, “Primordial spirit! The primordial spirit was the key to circulating Saint Origin Energy! The primordial spirit is about to move!”

“Oh ...”

Old crazy didn’t understand at all, but his eyes were fixed on the candy, and he was still working hard.

“BOOM!”

Finally, after a series of attempts, a terrifying amount of Saint Origin Energy burst out from old Feng’s body.

Although old Feng was mentally unstable, he still had his instincts.

This instinct was like eating, drinking, and pooping, and even a newborn baby could do it.

Old Feng was a Saint Emperor after all, so using his Saint Qi was a subconscious instinct.

He had succeeded!

The first step of Chen Xiaobei's plan had succeeded.

"Your reward!"

Little Chen Xi immediately handed a piece of candy to old Feng and said, "Dad, let's continue!"

"Wei Xi is so smart!"

Chen Xiaobei looked at his daughter and felt a sense of pride.

As expected of his own daughter, she was truly too outstanding.

After that, Chen Xiaobei called for xuanyong Feiyan to activate the divine sunlight cache.

Chen Xiaobei began to teach little Chen Xi the one-word Saint destroyer incantation.

This process was Quite time-consuming.

After all, little Chen Xi was still too young. Even with Chen Xiaobei's guidance, it would take a long time for her to learn.

However, even though she was slow, little Chen Xi's talent was truly at the top.

In the southern region, xuanyong Feiyan was already a young genius on the minor sky ranking.

However, even though he had been listening to the entire process, he had not been able to learn the one-word Saint destroyer incantation.

Compared to the four year old Chen Xi, xuanyong Feiyan felt that he was a complete idiot!

After little Chen Xi had learned it, she had old Feng imitate her.

This step wasn't simple either, because Saint Qi would flow through his body when he used the technique, and it was even more difficult for old Feng to imitate it.

It took a long time to repeat the process.

Fortunately, he had the God-level sunlight cache, so he didn't spend too much time in the real world.

Finally, little Chen Xi's candy attack, old crazy's one-word Saint destroyer incantation, and some instinctive mechanical memories in his subconsciousness ...

Mad old man could finally use this technique to the last step.

[Red Envelope Group of the Three Realms](#)

Chapter 4244: call me brother!

There was no need to elaborate on the last step.

What Chen Xiaobei had taught little Chen Xi was the correct way to channel her energy.

However, at the crucial moment, old Feng had to use the wrong method.

This was the only way old Feng could explode again.

Of course, he couldn't do this in the current experiment.

This was because if he mistakenly circulated his Qi again, old Feng would go berserk and forget everything that had happened. This half a day's training would be completely wasted.

In other words, old crazy had to complete this last step in front of the enemy and directly kill the enemy.

In fact, this had become a huge variable.

This was because Chen Xiaobei could not predict what would happen if he encountered an enemy. He could not be 100% sure that old Feng would be able to perfectly imitate Chen Xi's little form.

Most importantly, Chen Xiaobei could not allow little Chen Xi to make a mistake. So, in the last step, there was a possibility that old crazy mimicked the wrong move.

Of course, even though there were many variables, this was Chen Xiaobei's best plan.

After all, Chen Xiaobei would not risk his life with the Saint devouring axe unless he had no other choice.

If the Saint devouring Dao axe was shattered, the consequences would be unimaginable.

After that, Chen Xiaobei brought little Chen Xi and old Feng back to the real world.

It was already the afternoon of the third day.

In another hour, the auction would officially begin.

Chen Xiaobei first sent little Chen Xi and me into the beixuan great world to prevent them from being seen by the enemy.

At that moment, su mi finally replied.

After Chen Xiaobei had given her the address, she had rushed to the main city.

"Where have you been for the past three days?" Chen Xiaobei asked.

"Didn't I tell you? I'm going to do a private matter!" Su MI's beautiful face was tightly furrowed and her extremely pretty face was filled with anxiety.

"What personal matter?" Chen Xiaobei asked again.

"I already said it's a private matter. You're an outsider, don't worry!" Su mi was clearly in a bad mood. She, who had always been calm and steady, was rarely so impolite.

"What are you if not an outsider?" Su MI's face turned slightly red and she said angrily, "little rascal!" You still dare to have ideas about me!"

"Your thoughts are too dirty!" Chen Xiaobei laughed. "I'll take care of Ji Ningyuan with you. We'll take care of old Feng together. We'll be friends for life! You said that I'm a bad person, and I'm very disappointed!"

you ... I ... su mi was speechless and her face turned even redder.

Chen Xiaobei was talking about life-and-death friends.

But what she thought of was that kind of relationship.

It was too embarrassing!

“Tell me, what happened? If even you can’t handle it, it seems that I have to do it myself!” Chen Xiaobei said.

“Stop being so smug! Who Do You Think You Are?” Su mi glared at Chen Xiaobei.

what do you think?” Chen Xiaobei laughed. tell me, what if I can really settle this?”

“If you can settle this, I’ll do anything you want!” Su mi retorted in an unpleasant tone.

“You said it!” what’s wrong?” Chen Xiaobei said. tell me! What’s the matter?” If I can’t, I’ll do anything you want!”

In fact, Chen Xiaobei was not sure if he could handle this.

However, he had to at least let su mi speak first. Only then would he be able to help her solve the problem.

Otherwise, if she kept it in her heart, she would fall sick sooner or later.

Moreover, she had been following Chen Xiaobei all this time. She had something hidden in her heart, which was a huge variable.

Chen Xiaobei, who was about to face the Holy Emperor, had to minimize any possible variables.

“I lost my daughter!”

Su mi frowned and said, “I’ve left her for many years. I’ll be accompanying you to the primordial chaos Sacred Heart later. I’m not sure if I can make it back alive. I just want to go back and see my daughter! However, the family has completely lost contact with her!”

Chen Xiaobei almost burst out laughing.

Su MI’s daughter, ao lengqiu, was currently in Chen Xiaobei’s Meru space.

Chen Xiaobei was the only one who could handle this.

Wasn’t this like a drowsy person meeting a pillow?

At the same time, Chen Xiaobei was touched.

All su mi wanted to do was to help Chen Xiaobei and go to the heart of Hongmeng with him.

Facing that unknown place, su mi was even prepared to die in battle.

This time, she wanted to go and see ao lengqiu. Basically, it would be equivalent to bidding farewell to her daughter. It might even be an eternal farewell.

All of this was for Chen Xiaobei.

Of course, it did not mean that su mi liked Chen Xiaobei.

After a period of interaction, su mi had decided that Chen Xiaobei was the one who could achieve her ultimate goal.

She was willing to give up everything to help Chen Xiaobei, even if it meant losing her life.

“I can settle this matter!”

my condition is that you’re not allowed to call yourself my aunt from now on! You’ll be my sister! said Chen Xiaobei.

“Ah?”

Su mi was stunned and her face was filled with confusion, “You little rascal! You are making fun of me again! Watch how I’m going to deal with you!”

Obviously, su mi did not believe that Chen Xiaobei would be able to settle this.

One had to know that after su mi shattered the void and returned to the Holy Dragon City, she had been searching for ao lengqiu for the next three days and two nights. She had practically searched all the possible places.

However, su mi could not find any clues at all.

Chen Xiaobei had only just found out about this, and he had not even looked for her. How could he settle this?

So, su mi was certain that Chen Xiaobei was teasing her.

He raised his fist and was about to punch Chen Xiaobei.

“Don’t mess around!”

Chen Xiaobei dodged to the side and said seriously, “How about this! As long as you call me Xiaobei Gege, I’ll let you see my daughter immediately!”

immediately?! you ... su mi was stunned and didn’t dare to believe it. you know where my daughter is? ”

“Of course I know!” “If I didn’t know, why would I make a bet with you?” Chen Xiaobei laughed.

I ... the blush on su MI’s face deepened. Coupled with her exquisite facial features, it was simply an intoxicating and beautiful scene.

“Can I call you bro bei?” Su mi asked shyly.

“That’s fine.” Chen Xiaobei nodded generously.

It could be seen that su mi was very thin-skinned and her joke had gone too far. It would be awkward when they met in the future.

It’s best to stop when you can.

“Bro bei!”

Su mi called out in a straightforward manner.

come on! Chen Xiaobei said. I'll take you to see my daughter!

After that, Chen Xiaobei brought su mi into the Meru space.

"Wait a moment!"

When Chen Xiaobei entered the spirit condensing space, ao lengqiu was locked inside.

"You little brat! Quickly let me go! Otherwise, my mother will definitely tear you into pieces! I'll let you die a terrible death!"

Ao lengqiu had a rude and unreasonable personality. After being locked up for so long, it was inevitable that he would be irritable.

The main point was that Chen Xiaobei had not touched her for a long time.

She thought that Chen Xiaobei must be afraid.

She was afraid that her mother would seek revenge.

Because of that, she could no longer suppress her temper and started to shout and threaten Chen Xiaobei.

[Red Envelope Group of the Three Realms](#)

Chapter 4245: complaint!

"Ha, little girl, you're so hot-tempered!"

hehe! Chen Xiaobei laughed. I'm planning to let you out right now, but your attitude is going to make me change my mind!

The moment these words were spoken, ao lengqiu's expression immediately changed.

At the same time, the breath of heavenly essence and xuanyong Feiyan were both excited.

"Leng Qiu! This kid was terrified! This kid must be afraid of aunt su! Tell him to let us go too! He definitely wouldn't dare to disobey!" Abundant breath of heavenly essence and xuanyong Feiyan said urgently.

"Don't worry, I'll definitely take you guys away!"

Ao lengqiu composed himself and said arrogantly, "Little brat! I order you to release us immediately! Otherwise, my mother will never let you off!"

"Oh, who's your mother?" Chen laughed evilly.

"My mother? Don't you know? Then I'll tell you one more time!"

Ao lengqiu raised his chin and spoke with extreme pride, "My mother's name is su mi and she's the strongest person in the yuan Sage upper province! The number one beauty! She's very good to me. If you dare to hurt even half a hair on my head, she will pull out your tendons, peel your skin, and grind your bones to dust!"

“Su mi, I know her.” Said Chen Xiaobei with a smile.

“Since you know her, why don’t you release her?” Tengen Fengxi and xuanyong Feiyan both shouted, “If you let us go now, we can still spare your dog life. If you dare to talk nonsense again, we’ll make you wish you were dead!”

It was obvious that the abundance breath of heavenly essence and xuanyong Feiyan were not easy to deal with.

To them, if Chen Xiaobei was afraid of su mi, then he must be afraid of the powerful people behind them.

The old ancestor of xuanyong Feiyan’s family was the four star Saint King, xuanyong Yu.

The Grand ancestor of Tengen Fengxi’s clan was a peak five star Saint King.

As su mi had disappeared a long time ago, they did not know that su MI’s current strength had far surpassed their old ancestor’s.

However, no matter what, they all thought that Chen Xiaobei was letting ao lengqiu go because he was afraid.

As long as Chen Xiaobei was afraid, they would not be afraid.

“Pa! Pa!”

However, Tengen breath and xuanyong Feiyan, who were threatening Chen Xiaobei arrogantly a second ago, were slapped in the face twice.

The breath of heavenly essence and xuanyong Feiyan’s strength were sealed, and their faces were swollen.

Blood was also flowing from the corner of his mouth.

No one dared to hit them, and no one even dared to disrespect them.

But now, Chen Xiaobei had given them two tight slaps across the face, and they jumped up in anger.

“Little bastard! You dare to hit us? Do you really not know how to spell the word “death”?”

Tengen breath and xuanyong Feiyan gritted their teeth in anger, as if they wanted to eat Chen Xiaobei alive.

“Swish!”

Chen Xiaobei waved his hand.

The demonic Dragon’s edge that was wrapped around his finger flew out, and it exploded with the power of a three star Saint King.

“Woof! Buzzzzzz!”

In that instant, the breath of heavenly essence and xuanyong Feiyan’s bodies were cut in half, their blood and organs flowing everywhere.

Two primordial spirits flew out, both with extremely frightened expressions.

Tengen breath and xuanyong Feiyan would never have thought that Chen Xiaobei was not afraid of their old ancestor at all.

This time, they were all dumbfounded and didn't dare to say any more nonsense.

The primordial spirit knelt on the ground, trembling as it looked at ao lengqiu with eager eyes.

At this moment, in their eyes, ao lengqiu was their only life-saving straw.

"You ... You said you knew my mother?"

Ao lengqiu was also frightened to the point that his face turned pale. His overbearing attitude had become much more restrained.

yes, I do. Your mother is outside right now. That's why I'm letting you go. Chen Xiaobei said.

"What? You said mother is outside?" Ao lengqiu was shocked. mother has disappeared for so long. How could she be with you? you ... What is your relationship with her? "

"What relationship?" I'm your mother's new brother! Chen Xiaobei laughed. so, you should call me uncle!

"What!"

Ao lengqiu's face turned green. He could not help but curse, "Shameless! I know my mother's personality the best. She would never be too close to a man! Moreover, mother is so outstanding and proud. She would never acknowledge a stinky brat like you as her brother!"

Chen Xiaobei shrugged and did not bother to argue. I'll stop here. Call me uncle and I'll take you out. It's that simple!

I ... ao lengqiu was instantly conflicted.

From the bottom of her heart, she looked down on Chen Xiaobei. She would never call him uncle.

More importantly, if he called su mi 'uncle', wouldn't his mother's reputation be ruined in his hands?

"Leng Qiu! Hurry up and scream! No matter what, you have to get out of here safely!" Tengen Fengxi had a very deep relationship with ao lengqiu, and he tried to persuade him with a rather sincere tone, "Leng Qiu, stop hesitating! Staying alive is more important than anything else!"

"That's right!" Xuanyong Feiyan immediately agreed. Get out of here alive! If you see aunt su, I'll greet her!"

It was obvious that xuanyong Feiyan wanted to rely on su mi to save him.

"O-okay ..."

Even though ao lengqiu was conflicted, she also wanted to regain her freedom.

Only by regaining her freedom could she seek revenge on Chen Xiaobei.

That's right, she, ao lengqiu, was a vengeful person. She had been imprisoned by Chen Xiaobei for so long, and she must get her revenge.

uncle, please bring me out of here ... ao lengqiu said in a low voice.

"Louder, I can't hear you clearly." Chen smiled evilly.

Obviously, Chen Xiaobei knew ao lengqiu's personality well. He wanted to test her.

"Uncle, please take me out!" Ao lengqiu raised his voice. He was a little agitated, and the flames of fury were about to burst out from his eyes.

ah, you're feeling emotional. It seems like you need to calm down. Chen Xiaobei turned around, ready to leave.

"Uncle!"

Ao lengqiu panicked, and he hurriedly adjusted his attitude. With a voice that was almost pleading, he said pitifully, "Uncle, please take me out."

"That's more like it. Let's go." Chen Xiaobei grinned and left the spirit condensing space with ao lengqiu.

Tengen Fengxi and xuanyong Feiyan looked at each other and said, "Leng Qiu! We're all counting on you!"

Poison immortal space.

"Qiu 'er!"

Even though they had not met for many years, su mi was still able to recognize ao lengqiu with a single glance.

Su mi pounced over and held onto ao lengqiu's hands. She looked him up and down and carefully observed his condition.

"Who sealed your cultivation?" With a single thought, su mi released a mysterious wave of Saint Origin Energy and broke the seal on ao lengqiu's body.

"This is the evil thief!"

Ao lengqiu turned his head, and his expression changed even faster than the speed at which he had exposed himself. he imprisoned me for a long time. He even shamelessly said that mother allowed him to be her brother!

When su mi heard that, her face instantly turned red.

"Mother! What are you blushing for? Hurry up and help me kill him!" Ao lengqiu stomped his feet in anxiety.

Chapter 4246: The mysterious Sacred Emperor!

4246 The mysterious Sacred Emperor!

Even though they addressed each other as mother and daughter, su MI's looks and figure were both better than ao lengqiu's.

Su MI's skin was like that of a young girl's, White and flawless, so soft that it looked like it would break with a blow.

At this moment, her face was slightly red. Coupled with her mature and understanding temperament, she was simply flirtatious.

"Mother! Didn't you hear me?"

Ao lengqiu stomped his feet anxiously. I said that it was this brat who sealed my cultivation. He even imprisoned me. He has ill intentions! He also said that mother acknowledged him as her brother. This is an insult to mother, a great insult!"

"Qiu 'er, calm down."

Su mi composed herself and said calmly,"Bro bei is not a bad person. He must have his reasons for imprisoning you. I'm not injured at all!"

Clearly, su MI's personality was completely different from ao lengqiu's. She was extremely calm and understanding.

If Chen Xiaobei was really a bad person, ao lengqiu would not be safe and sound.

B-bro bei???

Ao lengqiu's eyes widened, and the corners of his mouth twitched a few times. He then let out a hysterical scream, "Mother! You ... You've really taken this little brat as your big brother? Is this for real?"

yes ... It's true ... su mi gently nodded her head and her face turned even redder.

you ... I ... This ... ao lengqiu clutched his chest, and he almost spat out a mouthful of blood.

She could not accept this fact.

He couldn't even use words to express his current feelings.

Chen Xiaobei was only a true Saint! What right did he have to be her mother's big brother?

His mother was the person that he, ao lengqiu, admired the most!

Qiu 'er, you'll understand bro bei's character soon enough. Don't underestimate him! Su mi said seriously.

I ... ao lengqiu gritted his teeth in hatred."I will never call him uncle!"

When they were locked up in the spirit-condensing space, ao lengqiu had called out to Chen Xiaobei a few times for the sake of freedom.

But now, with su MI's support, ao lengqiu continued to throw a tantrum.

"Don't be rude! According to seniority, you should indeed call bro bei 'uncle'!" Su mi said solemnly.

It was probably because she had been away for too long that su mi still treated ao lengqiu as a little girl.

“Forget it. The child doesn’t want to call him uncle. Don’t force her!”

Chen Xiaobei raised his brows and laughed evilly, “Let’s wait a little longer and let her call me daddy!”

“What?”

When su mi and ao lengqiu heard those words, their faces were filled with excitement.

Su MI’s face immediately turned red, like a fresh apple.

Ao lengqiu’s face contorted into a grimace. He could not wait to charge at Chen Xiaobei and kill him.

“I still have something urgent to attend to, so I won’t be accompanying you. You two can talk on your own!”

Seeing that things were not going well, Chen Xiaobei immediately activated the Meru space.

“Mother! Why don’t you just kill this shameless bastard!” Ao lengqiu was so angry that his eyes were about to spit fire.

Su mi shook her head and said in a soft voice, “Qiu ‘er, you don’t know bro bei. He’s just a Chatterbox. He’s never done anything out of line. He’s not the shameless person you think he is.”

“Mother, you’re still protecting him! you ... You’re really infuriating me to death ... ao lengqiu clutched at his chest. He felt as if his heart had just received a critical blow that was 100000 times more powerful than before, and he was so infuriated that he almost fainted.

In the real world.

Chen Xiaobei went to the auction house alone.

After handing the armor to the auctioneer, Chen Xiaobei put on the human skin mask and sneaked into the audience.

Very quickly, the auction began.

The items that were being auctioned at the start were all prepared by others, so it was considered a hot topic.

Of course, this was the top floor of the earth Sanctuary. Even the most popular auction items were of a very high level.

The transaction price was also very terrifying, and it was directly priced in terms of spiritual veins.

A four star Saint King weapon was priced at 10000 four star Saint King level Saint veins. It was simply terrifying.

Of course, for people of this level, this price was actually not too high.

After all, Saint Duke City of the Luo clan had a Nine Star Saint King level Saint Meridian, and the crack in the spatial wall had extremely pure Saint Origin Energy flowing in.

The energy of tens of thousands of low-level Holy meridians was a piece of cake for the Luo clan.

It was nothing to Chen Xiaobei.

Chen Xiaobei had a five star Saint King level energy.

If he was willing, he could buy all the popular items.

Of course, there was no need for that.

The Saint devouring Dao axe had already reached the peak Saint King level. With energy, it could unleash an invincible power.

There was no need to buy anything else.

Finally ...

The heat ended.

Chen Xiaobei's Holy Cross was brought up to the auction stage as the final item.

For a moment, the scene was in an uproar. Exclamations rose and fell, and they were endless.

"Look! It was a peak one star Saint Emperor weapon! It was too rare! There has never been such a high-grade auction item in the heavenly sanctuary before!"

"However, this Saint Emperor weapon is full of cracks. It looks damaged ..."

"Nonsense! If it was brand new, it wouldn't be here!"

"Since it's broken, why buy it?"

"You don't know this, do you? This Saint Emperor weapon is selling a Saint Emperor opportunity!"

"Lucky chance? What was going on? Quickly tell me!"

"You don't know? The seller already said that he would take the person who bought the sacred Emperor weapon to the land of opportunity!"

"A land of opportunity? Why would the seller want to sell such a place?"

opportunities come with great danger. Perhaps the seller doesn't have the ability to get the last opportunity, so he wants to exchange it for wealth!

"So if you don't have enough power, it's best not to buy this Sacred Emperor weapon."

"That's right! You must have enough strength, so that the seller won't dare to cheat, and can find the final opportunity!"

"Who here has this kind of strength?"

"Do you still need to ask? Since divine Emperor Yang long has come personally, this divine Emperor artifact will belong to him!"

“I heard that a mysterious Sacred Emperor came to the auction and is sitting in the room opposite of Sacred Emperor Yang long!”

The auction hall was above the audience seats, and there were some sealed VIP boxes.

The door of one of the private rooms was wide open.

Inside sat a feminine-looking man in a purple robe. He had a red lipstick on his face and was gesturing with his fingers.

Needless to say, this was one of the famous nine yang divine emperors, the old nine yang divine Emperor Dragon!

The door of the opposite room was closed.

There was light coming from inside, and there were people serving tea. It was clear that there was a Saint Emperor expert on the same level as Sacred Emperor Yang Dragon.

However, this person’s identity might be a little special, so he had never revealed his true appearance.

Chen Xiaobei sat in the audience, curious about what was going to happen next.

“Everyone! Next, we’ll be auctioning the final treasure!”

The auctioneer picked up the Holy battle armor and said in a clear voice, “ I’m sure everyone knows the situation of this item, so I won’t waste any more time. The starting price is a peak one-star Saint Emperor level Saint Meridian!

[Red Envelope Group of the Three Realms](#)

Chapter 4247: please enter the jar!

Under normal circumstances, the starting price of a peak one-star Saint Emperor weapon should be around 1000 peak one-star Saint Emperor level Saint veins. After the bidding, the final price could even reach 10000.

However, the Holy armor of traversing had been severely damaged, and it wasn’t an offensive magical weapon. Even if it could be used normally, its special ability wasn’t popular with most people.

Therefore, the starting price of a peak one-star Saint Emperor level Saint Meridian was set.

It was quite reasonable.

“Two!”

Sacred Emperor Yang long stated his price without hesitation.

It was obvious that he was determined to win the battle of reigning the Holy Gu in order to please his male partner.

Chen Xiaobei was worried that the Holy Emperor would be suspicious if he recognized the Holy armor.

However, Chen Xiaobei was overthinking.

The heavenly sanctuary must be extremely huge. The Yang Dragon divine Emperor didn't recognize the heavenly Dao, much less the reigning divine armor that had disappeared for trillions of years.

Therefore, Sacred Emperor Yang long would definitely bid without any hesitation.

This was good news for Chen Xiaobei. He could lure the sun Dragon divine Emperor into his trap and earn a huge sum of money from him.

It was simply too satisfying!

One had to know that it was a peak one-star Saint Emperor's Saint vein!

To Chen Xiaobei, this was an astronomical amount of wealth.

Once he obtained it, Chen Xiaobei would not have to worry about energy for the time being.

In fact, what he really needed to worry about was how to spend all this energy.

As long as he didn't use the Saint Emperor weapon, the energy was endless.

Just thinking about it made him feel great.

Chen Xiaobei hoped that the mysterious divine Emperor and the Yang Dragon divine Emperor would fight.

The more they fought, the more Chen Xiaobei would earn.

but ...

Things didn't go according to his wishes. The mysterious divine Emperor didn't seem to have any intention of bidding and remained silent.

"Why is no one bidding ..."

Chen Xiaobei furrowed his brows and wished he could raise the price himself.

However, he couldn't do that because he still had to contact the sacred Emperor Yang long as a seller. Now that he was exposed, all his plans would be for naught.

In the end, to ensure that the plan went smoothly, Chen Xiaobei did not raise the price.

After all, as long as the plan went well, Chen Xiaobei would be able to defeat the sun Dragon divine Emperor. By then, all of his energy would go to Chen Xiaobei. It would not matter if he raised the price or not.

Other than energy, Chen Xiaobei could also obtain treasures, pills, heavenly materials and earthly treasures.

Therefore, there was no need to increase the price now. He would earn more later on if he stayed calm.

"Two three times! Deal!"

Seeing that no one was bidding, the auctioneer announced the final result, "This Saint Emperor weapon was won by Saint Emperor Yang long. Congratulations!"

The auction came to an end.

Those who were not involved left one after another.

Chen Xiaobei was invited to the backstage as the seller.

Divine Emperor Yang long was already waiting there, playing with the Holy armor in his hand.

Emperor Yang long looked at Chen Xiaobei and said, "You're the seller? How did you get this Saint Emperor artifact?"

"I picked it up by chance." Chen Xiaobei said.

alright, bring me to the land of opportunity you mentioned. If you're not lying, I'll give you the two portions of energy. Sacred Emperor Yang long narrowed his eyes and said sisyly.

"No! You have to give me energy first!" Chen Xiaobei said.

"Do you have the right to bargain with me?" Sacred Emperor Yang Long's face went cold, and his eyes shone with a strange light.

"Holy Emperor Yang Dragon, please calm down! Please calm down!" The higher-ups of the auction house were all so scared that their faces turned pale and they almost peed their pants.

This was a Sage Emperor!

He could destroy the entire cangsheng heavenly region with a snap of his fingers.

Was Chen Xiaobei tired of living? He dared to bargain with Sacred Emperor Yang long?

give me the energy first. I can't escape from your palm anyway. What's wrong with that? " Chen Xiaobei said.

"Hehe, you're right! Since you're so handsome, I won't argue with you!" Sacred Emperor Yang long squinted his eyes and smiled.

Woonima.

Chen Xiaobei had goosebumps all over his body.

"Swish!"

With a thought, Sacred Emperor Yang long released two enormous powers.

Chen Xiaobei immediately accepted it.

It was indeed two peak one star Saint Emperor energy.

It was simply a huge profit!

"Let's go! Handsome, take me to that place! Let's have some fun!" Emperor Yang long winked at Chen Xiaobei.

Blargh!

Chen Xiaobei felt nauseated and almost threw up the breakfast he had yesterday.

However, he still had to look at the big picture.

give me the gourd first! When we get there, I'll remove the spiritual connection and give it to you!
Chen Xiaobei said.

“Alright!”

Holy Emperor Yang long laughed girly, not afraid of Chen Xiaobei's tricks at all.

“Whoosh ...”

Then, Chen Xiaobei activated the power of the Holy Cross armor.

Then, a spatial crack appeared on the scene.

Chen Xiaobei and the sun Dragon divine Emperor entered together.

Inside was the spatial bridge that the Holy battle armor had built earlier.

Since the bridge was already built, it did not cost Chen Xiaobei any energy. It only cost him some of his mental power.

At the same time, Chen Xiaobei also found many spatial bridges.

It was obvious that the surrounding bridges were all built by the heavenly Dao.

Chen Xiaobei only wanted to save Luo puti and did not want to cause any more trouble. So, he did not think too much about the other bridges.

He just brought Sacred Emperor Yang Dragon and headed straight for the destination of the bridge.

“Swish!”

Soon, Chen Xiaobei and the sun Dragon divine Emperor appeared in the darkness.

“This is the land of opportunity you were talking about?”

Sacred Emperor Yang long looked around curiously. It was pitch-black all around, including the void above and below him.

That's right, this was the independent space where the ancestors of the five major Alliance clans had killed the traitors.

The space bridge just now was built by Hongjun and all the heavenly path sages.

Chen Xiaobei had lured the sun Dragon divine Emperor here because he did not want to bring harm to the ordinary people in the real world.

Chen Xiaobei was going to kill the sun Dragon divine Emperor. If they were to fight in the real world, at least an entire region would be buried with him.

However, in an independent space, even if a terrifying power was unleashed, the space would at most collapse and a turbulent storm would be triggered. It would not hurt innocent people.

“Little handsome, this place is just an ordinary independent space. There are no opportunities here! You’re not playing with me, right?” Sacred Emperor Yang long squinted. With his cultivation, he could see through his surroundings with a glance.

don’t worry. If we want to see the opportunity appear, we still need help! Chen Xiaobei then brought old crazy and little Chen Xi out of the beixuan realm.

[Red Envelope Group of the Three Realms](#)

Chapter 4248: Uninvited guest!

4248 Uninvited guest!

“Who are they?”

Situ yang long was stunned. He looked at little Chen Xi and then looked at old crazy. He couldn’t understand what this strange combination had to do with luck.

“This old man ...”

What shocked situ yang long even more was that he could not see through old Feng’s cultivation.

This was very terrifying.

Situ yanglong was an early one star divine Emperor.

Even he couldn’t see through old crazy’s cultivation, which meant that old crazy’s strength was far above his.

he’s old Feng. I got this gourd from him. His cultivation might be high, but his mind is in a mess. He won’t be a threat to you.

“Mental disorder? What did you call him out for?” Situ yang long was quite vigilant.

If old crazy was pretending to be crazy, then situ yanglong’s life might be lost here.

he’s the original owner of the gourd. Even though he’s lost his mind, he still subconsciously remembers the way to open the secret realm. Just wait and see. It’ll be done soon.

OK ... Let’s start ... situ yanglong composed himself and kept alert.

“Begin!” Chen Xiaobei gave little Chen Xi a look.

“Whoosh ...”

Then, little Chen Xi started to use the one word Saint destroyer curse.

Previously, old Feng had already formed a habit. As long as he imitated little Chen Xi’s one word Saint destroyer incantation, he would be able to get a candy as a reward.

“Whoosh ...”

Therefore, old Feng immediately began to imitate it.

With the previous practice, little Chen Xi and old Feng were very smooth.

“What’s this little girl doing? Why do I feel like she’s faster?” Situ yang long asked vigilantly.

this little girl is crazy old man’s friend, ” Chen Xiaobei explained. crazy old man can only quietly channel his energy when she’s around. The girl has already learned old Feng’s cultivation technique, so her speed of circulation is slightly faster ...”

At this moment, he was already at ease.

Because if old crazy was pretending to be crazy, he would have attacked him long ago.

Since old crazy did not do anything, it meant that old crazy was really crazy. Chen Xiaobei was not playing any tricks.

Ha, the scheme had already succeeded!

Seeing situ yanglong let his guard down, Chen Xiaobei could not help but sneer.

Old crazy had really gone crazy. He couldn’t defeat situ yanglong with his cultivation.

But Chen Xiaobei’s plan had already begun.

Situ yanglong had already let his guard down. He was only one step away from being killed by Chen Xiaobei.

“Whoosh ...”

However, at that moment, a space gate suddenly appeared in the dark space.

A Sage-like old man walked out of the space gate.

Chen Xiaobei recognized the portal. It was left behind by the ancestors of the five major Alliance clans. Chen Xiaobei and the others had entered through this portal the last time.

And at this moment, there was actually someone who could find this space gate.

This person’s identity was basically already obvious.

“Chen Xiaobei! I’ve finally found you!”

you’re courting death! the old man shouted angrily. His eyes were like stars, ready to shoot out fire and burn Chen Xiaobei to ashes.

“It’s you!”

Chen Xiaobei turned around and was shocked.

Chen Xiaobei recognized this old man.

Chen Xiaobei did not expect him to be here, but it made sense.

That’s right!

This man was Hongjun!

Previously, it was Hongjun who had led the other heavenly path sages to build a bridge to this space using the Holy Cross banner.

Therefore, Hongjun knew about this space.

“How did you know I was here?” Chen Xiaobei furrowed his brows in surprise.

It was not strange that Hongjun knew about this space.

The strange thing was, how did Hongjun know that Chen Xiaobei was here?

“Heh, aren’t you the number one profiteer of the Three Realms? When you’re doing business, you don’t even investigate the customers?” Hongjun snorted coldly.

“A client?”

Chen Xiaobei understood what was going on. “You’re the mysterious person in the VIP box?”

“It seems that you’re not stupid!”

Hongjun sneered. I’ve been searching for it ever since it was stolen. I heard that someone in the earth Saint realm wanted to sell a Broken Brass gourd. Of course, I’m here to check it out!

you didn’t say anything at the auction because I was wearing a mask! Chen Xiaobei said. you didn’t know which one was me! That’s why you waited for me to make a move before coming after me!”

“That’s right!”

you’re right. Hongjun said calmly, “the only person who can find this place is a reincarnator of Pangu, which is you, Chen Xiaobei! Therefore, I already knew that you were the one who entered the Holy battle armor through this space! Then, he used a special method to steal the Holy battle armor! I came here directly, and as expected, I’ve blocked you!”

In fact, Chen Xiaobei was still wearing his mask.

However, no one could replace him as a reincarnator of Pangu.

Only reincarnators of Pangu could come here and subdue the five-way formation of complete destruction left by the ancestors of the five major Alliance clans.

So, even through the mask, Hongjun could confirm Chen Xiaobei’s identity.

It could be seen that this old man was quite smart.

“What are you talking about? Hurry up and open the secret realm of opportunities for me!”

At this time, situ yang long became impatient, and urged him in a bad mood, I don’t care what grudges you have between you two. First, settle my matters. Otherwise, don’t blame me for getting angry!

Situ yanglong glanced at Hongjun.

He found that Hongjun only had the strength of a two-star Saint King.

In situ yanglong’s eyes, such strength was as weak as an ant.

“Idiot! How can I allow you to tell me what to do!”

However, Hongjun was not afraid of situ yanglong at all. Instead, he scolded him fiercely.

It was as if situ yang long was the weak one.

“What? How dare you speak to me like this!”

Situ yang long was immediately furious, his whole face twisted.

He was a one star divine Emperor! A mere Saint King dared to look down on him! This was a great humiliation.

He was a sissy and narrow-minded person, so he couldn't take this lying down.

handsome, you can continue. I'll help you deal with that old man! Situ yanglong winked at Chen Xiaobei and then charged at him.

“Leave him alive!” Chen reminded her loudly.

There was no doubt that Hongjun was of great value to Chen Xiaobei.

A lot of secrets about the way of heaven could be learned through Hongjun.

He had to leave them alive so that Chen Xiaobei could carry out his next plan.

“I can't! I'll personally take action and annihilate this ant!”

However, situ yanglong did not listen to Chen Xiaobei at all. He channeled his saintly celestial energy and slammed his palm at Hongjun.

[Red Envelope Group of the Three Realms](#)

Chapter 4249: Super terrifying!

4249 Super terrifying!

Without a doubt, as a two-star Saint King, even Chen Xiaobei could easily kill him, let alone situ yanglong.

At this moment, situ yanglong didn't plan to show any mercy.

The palm contained the power of a Saint Emperor, which was enough to destroy Hongjun's body.

“Why ... Why is Hongjun smiling ...”

Chen Xiaobei noticed that Hongjun's lips were curled into a cold smile.

“Boom boom boom ...”

In the next moment, an unimaginably terrifying Saint origin power burst out of Hongjun's body.

This Saint Origin Energy was like countless volcanoes erupting at the same time. The violent fluctuations soared straight up, as if he was breaking through to the next realm.

“Pseudo realm! Hongjun has broken through to the fake Saint Emperor realm!”

Chen Xiaobei's eyes widened as he realized the real reason.

The reason why Hongjun was not afraid of situ yanglong was that he could break through the pseudo realm.

This was actually one of the many evil techniques of the heavenly Dao.

In the past, Ji Jinlu, Luo Tianzhou, and LAN Shunyi had all been forcibly injected with evil Arts by the heavenly Dao, which allowed them to break through to the pseudo realm.

As the representative of the great Dao of heaven in Pangu world, Hongjun would naturally practice this evil magic.

“BOOM!”

The next moment, Hongjun threw a punch in the air.

The terrifying power seemed to be able to shatter the universe and crush everything into dust.

Situ yang Long's Saint Origin Energy was crushed.

His entire body was sent flying backward, and he was seriously injured on the spot, spurting blood.

how ... How is this possible?!

Situ yanglong's pupils couldn't help but contract. His whole body suddenly trembled, and he was so scared that he shivered, “You ... How did you suddenly become a one star divine Emperor middle stage?”

Lifespan?

Chen Xiaobei understood immediately.

The demonic techniques of the heavenly Dao were actually interlinked and passed down from the same line.

Hongjun's evil technique of stepping into the false state required him to consume his lifespan.

The heavenly Dao also had an evil art that could refine the primordial spirit of others and transform it into one's own lifespan. When the two evil Arts were used together, they could complement each other perfectly.

In fact, back then, Ji Jinlu, LAN Shunyi, and Luo Tianzhou had also had their lifespans increased by the heavenly Dao's evil Arts. Otherwise, with their cultivation, they would have long died of old age.

Chen Xiaobei finally understood everything.

In fact, Chen Xiaobei also had the ability to consume his lifespan to enter the pseudo-realm.

This special ability originated from the witch Dragon's nine transformation. After merging with Pangu's bloodline, it had been greatly improved.

If Chen Xiaobei could learn the heavenly Dao's evil technique, he might be able to increase his pseudo-realm.

At least, Hongjun had broken through to the fake Saint Emperor realm.

This meant that the heavenly Dao's demonic technique was no lower than a Sacred Emperor's.

Once he learned it, it would be a great help to Chen Xiaobei.

And if Chen Xiaobei wanted to learn it, he had to take down Hongjun.

"Boom boom boom ..."

At the same time, Hongjun continued his attack. His fist was shining with holy light like the sun, and he kept bombarding situ yanglong.

Each of these punches contained a power that was one minor realm higher than situ yang Dragon's.

In just a moment, situ yang Long's body and soul had been smashed.

"Spare me ... Spare me ..."

Situ yang Long's primordial spirit flew out, wailing in an extremely humble way.

No!

To be precise, it was no longer a primordial spirit!

It was an illusionary figure that was almost the same as situ yang Dragon!

Previously, su mi had said that her White Lightning God slaying talisman was unable to control the sacred Emperor because the source of the sacred Emperor was no longer a primordial spirit!

"It's the Saint Soul! The legendary Saint Soul!"

At this time, it was little Chen Xi who cried out in surprise. Her big watery eyes stared at the light shadow of situ yang Dragon.

"Wei Xi, you said the Saint Soul? What's that?" Chen Xiaobei asked.

"The Saint Soul is the origin of a Saint Emperor!" "My family's teacher said that when you reach the peak of Saint King, your soul will go through a Saint tribulation. Once you pass it, you'll become a legendary Saint Emperor!"

I see ... Chen Xiaobei was confused."What's so special about the Saint Soul?"

"The Saint Soul has the ability to create the void!" Little Chen Xi said. In other words, the sage Emperor can easily destroy or create a world!"

"Creating the void?" the Holy King can shatter the void with his steps, and the Holy Emperor can create the void ... Chen Xiaobei said. then, the power of the holy soul is the same as the power of the heaven and earth embryo membrane? "

The special ability of the heaven Earth fetal membrane was also to create a world.

Moreover, it could also absorb the energy in this world for its own use.

"What's the heaven Earth fetal membrane? I don't know ... little Chen Zhao tilted his head, confused.

“Uh ...”

At the same time, Hongjun appeared and grabbed situ yanglong’s Saint Soul by the throat.

“How can a Saint Soul be compared to a Heaven Earth membrane?”

Hongjun narrowed his eyes and grinned hideously, biting at situ yanglong’s Saint Soul.

Crack ... Boom ...

A piece of yang Dragon situ’s Saint Soul was bitten off like a crystal.

The places where the crystal had been bitten and the cross-section of the crystal reflected terrifying images of the world collapsing.

Mountains and rivers cracked, the universe shattered, earthquakes and tsunamis devoured all living things.

“Ka ka ka ...”

Hongjun was like a vicious Wolf, taking a few more bites.

The head of situ Yang’s Saint Soul had been bitten off.

One could clearly see the complete destruction of a world.

Or it could be said that a world had been completely swallowed by Hongjun.

the Saint Soul is made up of many void worlds? ” Chen Xiaobei’s pupils shrank. Hongjun has swallowed a world and billions of Holy Spirits!

“Right! What I devoured was the sacred soul’s void world!” Hongjun grinned hideously, ” in this inferior world, the level of all living things is extremely low! The lifespan that a primordial spirit and soul can bring is also very little!”

“Inferior world?”

Chen Xiaobei seemed to have understood something. “The worlds created by the Holy Emperor can only be nurtured bit by bit, so the level is very low! However, the heaven Earth membrane can directly plunder a powerful world!”

“Right! This is the power of the sky burying Yuan sacred clan!”

Hongjun continued to gnaw at situ yanglong’s Saint Soul and grinned hideously, ” even in your dreams, you can’t imagine that the truly powerful heaven and earth’s membrane is pregnant with an extreme path world where Saint emperors are everywhere and Saint Kings are as numerous as dogs!

“In a world like that, the amount of energy produced every second is immeasurable! That was truly powerful! It’s a height that you, Chen Xiaobei, will never be able to reach!”

Chen Xiaobei’s face changed.

The sky burying Yuan sacred clan was far more terrifying than he had imagined!

Chapter 4250: The world of the sacred soul!

4250 The world of the sacred soul!

“Ka ka ka ... Ka ka ka ...”

Hongjun was still gnawing on situ yanglong’s Saint Soul.

At this moment, his Sage-like demeanor and elegant temperament were all swept away.

They looked like ghouls from hell, ugly, greedy, bloodthirsty, and cruel.

“Chang Xi, did your teacher ever tell you why the Saint Emperor created the Saint Soul void world?”
Chen Xiaobei asked, frowning.

“That’s because with a Saint Soul, a Saint Emperor can be revived in the void world he created!” “In other words, as long as the Saint Soul is not destroyed, the Saint Emperor will be able to recover all his power after a period of time. He can even revive his body!”

“Soul rebirth?” Chen Xiaobei thought of ning Tiansheng and old Feng.

“However, the rebirth of the body is only one of the special abilities of the world of the sacred soul! Different Holy emperors may pursue different abilities!”

Little Chen Xi said, “for example, some divine emperors will pursue longevity!” Then, the stronger the sacred soul world he creates, the longer his lifespan will be!”

“There are also Saint emperors who pursue strength. The stronger the Saint Soul world, the stronger they will be! If I had the extreme Dao world that old man mentioned, even a mortal would be able to fight a Sage Emperor!”

A mortal comparable to a Saint Emperor?

Chen Xiaobei was shocked.

However, this was easier said than done.

In the extreme path world that Hongjun had mentioned, there were as many Saint Kings as dogs and Saint emperors everywhere.

How many people could have such a world?

It was impossible for ordinary sacred emperors to own such an extreme world.

In comparison, the heaven Earth embryo membrane of the sky burial Yuan sacred clan was indeed much stronger.

Take the Saint pan clan for example. They were extremely powerful. Not only did they have many Saint emperors, but they also had countless Saint Kings. There were even existences above Saint Emperor.

However, the Saint pan clan had been enslaved by the sky burying Yuan sacred clan.

It was clear that apart from having their own Saint Soul world, the sky burial Yuan sacred clan also had a slave world in the embryo membrane of the heaven and earth.

Of course, the sky burying Yuan sacred clan was more powerful than the other clans in the same realm.

Chen Xiaobei's eyes lit up as he thought of an important question. "The world of the sacred soul has different abilities. Could the world in the embryo membrane of the heaven and earth also have other functions? It's not as simple as just providing energy?"

Chen Xiaobei's guess was not without reason.

Back then, the way of heaven didn't kill sect master Tongtian and Daoist jieyin. On one hand, it needed them to provide energy to breed the New World in the embryo membrane of heaven and earth. On the other hand, keeping them alive might bring benefits to the way of heaven other than energy!

If that was the case, then Chen Xiaobei needed to find out more.

Once Chen Xiaobei mastered the other uses of the heaven and earth fetal membrane, it would bring him even greater benefits.

As for how to figure it out, the only way was to take down Hongjun.

"Hanxi! Do you still remember the last step that I taught you?" Chen Xiaobei looked at little Chen Xi.

"I remember!" Little Chen Zhao composed himself and his expression immediately became serious.

"Good! Let's start now!" don't forget! Chen Xiaobei said, "remember, get old Feng to imitate you. But, you can't do the same to yourself!

"I know!" Little Chen Zhao nodded and continued to cast the one word Saint destroyer incantation.

Of course, at this moment, little Chen Xi was just putting on an act and did not really use her Saint Qi.

That was because he had already reached the final stage of the technique.

At this time, little Chen Xi wanted old Feng to imitate the wrong way of circulating energy, but she couldn't do it herself.

"Oh?"

However, a variable still appeared, and old Feng showed a puzzled expression.

He didn't understand why little Chen Xi had stopped circulating her Saint Qi. This had disrupted his habit of imitating.

dad, we can't ... little Chen Zhao frowned."Old Feng doesn't seem to understand the last step. He's stunned ..."

can you repeat it a few more times ... Chen Xiaobei started to get nervous.

"Chen Xiaobei! What are you still doing? Don't tell me you can escape from my palm?" Hongjun turned around. At this moment, situ yanglong's Saint Soul probably only had one foot left.

"How long can you maintain your pseudo realm?" Chen Xiaobei asked.

“Heh, you’ll be in despair if I tell you!” my life span is enough for me to activate the pseudo realm of a peak one star Saint Emperor,” Hongjun said indifferently. it’s equivalent to a trillion times of a middle one star Saint Emperor. It’s almost unlimited!

unlimited duration!?! Chen Xiaobei was shocked.

Chen Xiaobei’s pseudo mirror could only be activated for about ten seconds. It was hard to even maintain it for a minute.

However, Hongjun could maintain the fake realm of Saint Emperor indefinitely.

In comparison, the gap between the two sides was on a completely different level.

give up! You can’t escape today! I’ve just devoured the Saint Soul of a Saint Emperor,” Hongjun said. my life is still soaring. You won’t have any chance to escape!

Chen Xiaobei turned around and looked at Chen Xi and old Feng.

Old Feng still didn’t understand the last step.

“Why are you looking at Huang Peng Sacred Emperor?” Hongjun squinted his eyes, his face full of suspicion.

“Sacred Emperor Huang Peng? Is it old crazy?” Chen Xiaobei’s eyes narrowed.

“Old crazy?”

Hongjun’s face turned cold, and he asked seriously, “I wanted to ask you, how did you make Sacred Emperor Huang Peng go crazy? Also, how did you destroy the Holy battle armor?”

Obviously, the reason why Hongjun did not attack Chen Xiaobei was that he had not figured out something.

Otherwise, he would not have wasted his breath on Chen Xiaobei and would have started a fight with him.

“Heh, didn’t the heavenly Dao tell you the secret of the one word Saint destroyer curse?” Chen Xiaobei retorted.

“What is the one word Saint destroyer curse?” As expected, Hongjun didn’t know.

In reality, at this moment, little Chen Xi and old Feng had already formed eight words of light around them. They were only one word away from completing the one word Saint destroyer incantation.

However, Hongjun didn’t see the mystery.

It could be seen that Hongjun did not know about the one word Saint-Killing Curse.

“It seems that the heavenly Dao doesn’t trust you very much!” Chen Xiaobei sneered.

“You brat, don’t even think of trying to trick me!” Hongjun said seriously, “the heavenly Dao Sage Emperor has been cultivating in seclusion. I haven’t had the chance to see him. Otherwise, I wouldn’t be the only one standing in front of you now!”

Chen Xiaobei turned around and looked at old Feng.

He was still unable to complete the final step.

“What are you doing? Could it be that Sacred Emperor Huang Peng can save you?” Hongjun was very cautious and smart, “I’ll first cripple you, then slowly interrogate you to avoid any more trouble!”

“Woof!”

Hongjun sealed the last bit of situ yanglong’s Saint Soul and then charged at Chen Xiaobei.
