Chapter 4261: White pool city!

4261 White pool city!

“Whoosh ...”

Without a word, Chen Xiaobei used the Saint devouring axe to devour the Holy Cross armor.

Don't forget, the Holy armor of traversing was damaged, so its special ability would definitely be affected.

However, after the Saint devouring axe devoured the divine armor, it would be able to perfectly inherit the divine armor's ability.

This way, there wouldn't be any accidents when he used his special ability again.

At the same time, since the Holy Cross armor was damaged, the level of the Saint devouring Dao axe did not increase significantly, but its knowledge was strengthened slightly.

Of course, Chen Xiaobei did not care about the level. What he cared about the most was the ability.

“Woof!”

Then, Chen Xiaobei took out a peak one-star divine Emperor energy.

That was because the ability of the Holy Cross had also reached this level. If one wanted to build a spatial bridge, they had to pay a corresponding price.

After this energy was used up, Chen Xiaobei was left with the last one-star pinnacle Holy Emperor energy.

To Chen Xiaobei, this time's consumption was huge.

But Chen Xiaobei did not regret it at all.

As long as he could save jiuying, all his sacrifices would be worth it.

Furthermore, there was a chance to find the omniscient divine Emperor's remains while saving jiuying.

The entire heavenly sanctuary was coveting this opportunity, and even the heavenly Dao wanted to take it for itself.

If Chen Xiaobei could get his hands on it, it would be a double blessing.

“Whoosh ...”

Then, Chen Xiaobei activated his dimension crossing ability.

There was a fundamental difference between traversing space and shattering the void.

First of all, one could only go to a place that they had been to or knew the exact location of. Moreover, they would be blocked by the spatial walls of different spaces. It was fine to cross the same space, but if they were to cross the space, they would likely be blocked.

In other words, the ability to traverse space could connect to a completely unknown place.

Furthermore, the ability to move through space seemed to be able to ignore the laws of space, the turbulence of space, and the barriers of space.

For this reason, even the great Dao of heaven could not break through the laws of space in Pangu great world, but it could.

If not for the accident, Pangu world would have returned to the control of the heavenly Dao long ago.

After that, when Hongjun led the sages of the heavenly way to use the Holy Cross, the special ability was unstable, probably due to the lack of energy. In addition, the way of heaven could not guide them specifically. Therefore, the bridge was finally built in an independent space where the five major Alliance tribes killed the traitors.

After two coincidences, they finally managed to save Pangu great world.

Now that Chen Xiaobei had enough energy and Jiu Ying's guidance, he would not be in any trouble.

"Whoosh ..."

Chen Xiaobei activated the Saint devouring Dao Axe's special ability and cut through the air.

At the same time, a black space bridge appeared on the axe and went into the crack.

Chen Xiaobei and Hongjun were standing at the end of the bridge.

Following kysura's guidance, the direction of the spatial bridge was constantly changed.

There were also many spatial bridges in this vertical and horizontal space. These bridges were built by Tian Dao in the past and led to different places.

In the beginning, Chen Xiaobei realized that the bridge he was building led to the same place as many other bridges in the infinite space.

This meant that the heavenly Dao had tried to use the Holy Cross armor to find the inheritance of the omniscient divine Emperor.

However, as the bridge grew longer and longer, the bridge built by the heavenly Dao gradually deviated from kneeling.

This meant that the heavenly Dao had tried many times, but they were all in the wrong direction.

With Jiu Ying's guidance, Chen Xiaobei would not go in the wrong direction. Soon, they were on their way to an unknown location.

"Whoosh ..."

Finally, in front of a dark and chaotic spatial storm, Jiu Ying's guidance stopped.

The storm ahead was wild and terrifying. The spatial turbulence was like a sharp blade that could cut anything into pieces!

The center of the storm was like an endless black hole, and everything that was cut into pieces would be mercilessly swallowed!

“Young master Chen! Be careful!” Hongjun couldn’t help swallowing his saliva.

He had almost used up his life in the previous battle. Now, he only had the strength of a low-tier Holy King and didn’t dare to get close to the terrifying spatial storm.

“It must be here! I must go in!”

Chen Xiaobei stopped the spatial bridge and stared at the spatial storm in front of him.

His black eyes, which were like the stars in the night sky, were filled with unquestionable determination.

“This is too risky!”

it’s a spatial storm, ” Hongjun said hurriedly. it’s made up of countless chaotic space turbulence. It has the power to break the space! Furthermore, the storm might throw you into an completely unknown space, and you’ll encounter danger beyond imagination!”

It was obvious that this was the heavenly Saint realm, and it had the power to twist space! It was even above the spatial laws, or it could be said that it was a spatial law of a higher level.

Under such circumstances, even a Saint Emperor could be heavily injured if he attacked rashly.

More importantly, you can’t be sure where you’ll be sent to if you’re swept into the spatial turbulence.

There was a possibility that he would be sent directly to an extremely dangerous place.

In any case, it was a narrow escape.

“I can swallow it!”

Chen Xiaobei activated his formless chaos celestial body.

this ... This is!?

Of course, Hongjun recognized this cultivation method.

However, he had never expected that after devouring so many times to strengthen it, the level of this skill had already been raised to a terrifying level.

The main point was that spatial storms were very special existences. Although they were very terrifying, they didn’t have a fixed level.

Therefore, Chen Xiaobei could indeed devour it.

“Whoosh ...”

Chen Xiaobei activated his cultivation technique and absorbed the spatial storm into his stomach.

Only then did Chen Xiaobei realize that there was not only spatial turbulence in the dimensional storm, but also a huge black hole.

It was impossible to fully digest it with just one ability.

Luckily, Chen Xiaobei had broken through nine levels of the primordial chaos Sacred Heart!

It was equivalent to having a special ability to devour.

“Chi ...”

As he activated his special ability again and again, Chen Xiaobei finally managed to digest the spatial storm on the ninth time.

Right in front of Chen Xiaobei and Hongjun was a White Castle.

It was as if it was piled up with white snow. It was pure white and untainted by a speck of dust. It gave people a feeling of holiness and purity. One could only look up to it and not touch it.

“It’s baize city!”

Hongjun was shocked. this is the legendary omniscient Holy Emperor’s baize city!!!

[Red Envelope Group of the Three Realms](#)

Chapter 4262: Saint Beast, chaotic eyes!

4262 Saint Beast, chaotic eyes!

“Bai Ze? Isn’t that a divine beast from Pangu world?”

Chen Xiaobei’s mind went blank as he thought of this White Castle.

Hongjun nodded and said, “ that’s right. The original form of the omniscient Holy Emperor is Bai Ze! However, it was a Holy beast of a higher grade than Bai Ze from Pangu great world! Chaotic eye whizard!”

“Chaotic eyes? A Saint Beast?” Chen Xiaobei was stunned. It was hard to imagine.

“The chaotic eyes refers to the eyes of the omniscient divine Emperor! There were nine pupils in each of his eyes, and they were all messily intertwined in his eyeballs! His ability to peer into all directions originated from the chaotic eye!”

Hongjun said, “ the chaotic eye whizard is extremely rare. It’s a Saint Emperor-level Saint Beast. As far as I know, there might only be one chaotic eye whizard in the entire beyond heaven Holy Land. It’s the omniscient Saint Emperor!

that’s right! Chen Xiaobei praised, “ as expected of the top of the heavenly sanctuary’s Supreme ranking list! Just the bloodline and talent alone is enough to make people gasp in amazement!”

“Let’s go in and take a look!” if the legend is true, “ Hongjun said excitedly, “ baize city will contain all the knowledge of the omniscient Holy Emperor!

Clearly, the omniscient divine Emperor claimed to know the past and the future.

Naturally, he knew that he was going to die.

Therefore, before he died, he deliberately hid baize city in the storm Black hole of the chaotic space.

Naturally, the things he wanted to leave for the fated people in the future would also be left in baize city.

This was the inheritance of the omniscient divine Emperor that countless people were after.

Even the heavenly Dao had tried its best to obtain it.

“You walk in front of me!”

Chen Xiaobei said coldly.

“Ha?”

Hongjun was dumbfounded.

“You think there’s an opportunity inside, but I think there might be danger!” Chen Xiaobei said.

“I won’t! I definitely won’t!” everyone knows the inheritance of the omniscient Saint Emperor, ” said Hongjun firmly. he just wants to find a fated person to be his successor. How could it be dangerous? ”

“This is a legend! There’s no evidence at all!”

this ... hearing this, Hongjun’s old face turned green, ” “Childe Chen, are you saying that the all-knowing divine Emperor doesn’t want anyone to find this place?”

“Right!” “The omniscient Holy Emperor might know the past and the future, but there’s a limit to how much he can know! I don’t believe that he would leave baize city behind just for me!”

this ... Hongjun was completely dumbfounded.

Chen Xiaobei’s analysis was correct.

The omniscient divine Emperor’s vision of the past and the future only spanned about nine hundred years.

In other words, the omniscient divine Emperor did not know that Chen Xiaobei would find baize city.

Baize city was not meant for Chen Xiaobei.

This showed that the omniscient Sacred Emperor had hidden baize city in the chaotic space and even used the space storm and black hole to block it.

This was 100% because he didn’t want to be found.

Therefore, it was perfectly reasonable for Chen Xiaobei to be worried about the danger in baize city.

“Then ... Why don’t we not go in?”

the omniscient Saint Emperor is extremely powerful, ” Hongjun said. I’m afraid Childe Chen is not strong enough to deal with the danger he left behind!

“Nonsense!”

“I’m here to save someone!” Chen Xiaobei said. Today, no matter what price I have to pay, I will save kyuuko!”

this ... Hongjun’s face twisted.

“Besides, I’d also like to see what the omniscient divine Emperor left behind!” there must be something very important hidden in baize city! Chen Xiaobei said. there must be something very important here! It’s so important that the all-knowing Sacred Emperor wouldn’t even dare to let it continue to be passed down.”

“What ... What could that be?” Hongjun was dumbfounded.

“We’ll know once we go in! Let’s go!” Chen Xiaobei’s dark eyes glowed with a sense of pressure.

“Yes, sir ...”

Hongjun swallowed his saliva and didn’t dare to say another word.

After all, his life already belonged to Chen Xiaobei. If he listened to Chen Xiaobei, he could still live on. If he did not, he would die.

“Whoosh ...”

Then, Hongjun flew in front and entered the White pool city.

Chen Xiaobei followed behind Hongjun at a relatively safe distance.

At the same time.

Chen Xiaobei could still smell the flower-like fragrance. Following the direction of the fragrance, he pointed to Hongjun’s direction.

Soon, Chen Xiaobei and Hongjun realized that baize city was a huge maze.

And it was not just a two-dimensional maze!

The white walls criss-crossed and cut out a four-dimensional space.

Chen Xiaobei and Hongjun walked on the ground for a while and then on the ceiling. There were so many forks in the road that they could not even tell North, South, east or west.

“The fragrance is gone ...”

Chen Xiaobei furrowed his brows and looked worried. “This maze is too mysterious and complicated. Perhaps even jiuying doesn’t know how to get to the end of the maze!”

The nine Sakura’s shadow stopped.

Hongjun frowned like a fly. Childe Chen, it’s over. I can’t even find my way back.

“Why are you panicking?”

Chen Xiaobei activated his primordial spirit superpower.

boom boom boom ... Boom boom boom ...

A huge black hole appeared in Chen Xiaobei's palm.

It was as if a hand was holding up a Black Sun.

Immediately after, trillions of spatial turbulence burst out around the black hole. They were like sharp blades, spinning wildly around the black hole.

Due to the immense power of these spatial turbulence, they collided and rubbed against each other in the chaotic rotation, erupting with terrifying fluctuations, directly forming an extremely violent spatial storm.

"This ... This is ..."

Hongjun was dumbfounded. He couldn't help swallowing his saliva.

That's right!

This was the new God's ability that Chen Xiaobei had gained after devouring the black hole storm.

"Young master Chen, what are you doing? Using a black hole storm to bombard this maze? But it's no use ... Your cultivation is too low, it's not enough to shake the spatial laws of this maze!"

Hongjun said, 'the Saint Soul of the omniscient Saint Emperor mainly focuses on the space seal! His control of the spatial laws had reached the peak Saint Emperor level! Let alone the black hole storm, even the Holy Cross might not be able to ignore his spatial dimension laws!"

"Heh, you've underestimated my non-phase chaos celestial body!"

Chen Xiaobei chuckled and directed the black hole storm at a white wall in front of him.

At the same time, an extremely special imprint appeared in the black hole storm.

It was a white eyeball.

In the eyeball, there were nine golden pupils that were arranged in a disorderly manner.

Red Envelope Group of the Three Realms

Chapter 4263: A huge surprise!

4263 A huge surprise!

t-t-t-this ... This is the omniscient chaotic eyes!?

Hongjun was dumbfounded, as if he had seen a ghost. His pupils contracted uncontrollably, his heart clenched, and his whole body began to tremble.

The true form of the all-knowing Sacred Emperor was a sacred beast, the chaotic eye whizard.

The omniscient chaotic eyes was the symbol of the omniscient divine Emperor and his Saint Soul mark.

Other than the omniscient divine Emperor, no one else would be able to imitate this unique imprint.

However, at the center of Chen Xiaobei's Black hole storm, the mark of the omniscient chaotic eyes could be clearly seen.

Hongjun's three views were about to explode. He couldn't believe his eyes.

Just as Chen Xiaobei had said, Hongjun had underestimated Chen Xiaobei's formless chaos celestial body.

Chen Xiaobei's formless chaos celestial body had devoured too many mysterious and extraordinary things. It had evolved more than once, and while its grade had been greatly improved, its core essence had also been reborn.

So, by chance, Chen Xiaobei had inherited the mark of the omniscient chaotic eyes.

That's right!

This was a complete coincidence! It was an even more unexpected surprise!

Earlier, Chen Xiaobei had only wanted to devour the black hole storm and save Jiuying.

However, he didn't expect that the black hole storm wasn't formed naturally. It was created by the omniscient Sacred Emperor using space laws.

Therefore, this black hole storm contained some of the power of the omniscient chaotic eye imprint.

Although it was only a small part of the power, perhaps not even one-ten-thousandth of the strength, it was enough to be the key to break out of the situation in Baize city.

"Whoosh ..."

As expected, the moment the omniscient chaotic eyes appeared in Chen Xiaobei's Black hole storm, the huge Mind Maze seemed to have received its master's order and disappeared.

The white walls retracted one after another, and soon, the castle was revealed to Chen Xiaobei.

It turned out that Chen Xiaobei and Hongjun had just entered an independent space that had been created. In the real world, they had just stepped through the castle's Gate.

After entering the gate, there was an extremely special garden.

All the flowers and trees were white.

Moreover, it presented a three-dimensional sense of space.

Of course, there were no more obstacles along the way.

Chen Xiaobei and Hongjun walked through the garden and entered the main hall of the castle.

"Whoosh ..."

Using the omniscient chaotic eyes, Chen Xiaobei opened the door to the main hall.

Then, Chen Xiaobei looked at the girl he was supposed to save and saw something even more surprising.

"Young master!"

Jiuying's Holy Spirit was exactly the same as when she was alive.

When she saw Chen Xiaobei, her pretty face was filled with joy, and her eyes were filled with admiration.

"Nine Sakura!"

Chen Xiaobei finally felt relieved.

Chen Xiaobei had already paid back what he owed the city.

But Chen Xiaobei owed Jiu Ying even more.

Chen Xiaobei could finally breathe a sigh of relief when he saw that Jiuying's Holy Spirit was still there.

"I've finally found you! How did you get here?" Chen Xiaobei asked.

Jiuying said, "that day, ning Tiancheng came to massacre the city. His terrifying power tore many spatial cracks!" My Holy Spirit was swept into a crack and then brought here by the turbulence!"

that's weird. Why didn't the black hole storm hurt you?" Chen Xiaobei asked. And that maze, why didn't it keep you outside?"

"I'm not sure about that ..."

No. Jiu Ying shook her head. at that time, my Saint Soul was already unconscious. When I woke up, I was already in this Hall ... Perhaps it's because the Saint Soul is special ... Or perhaps it's some other opportunity ...

"If you're not clear, then forget it! As long as you're fine!" "Come here!" Chen Xiaobei said immediately. I'll take you away!"

"Young master! I can't leave this place!" Jiuying said.

"Why?" Chen Xiaobei was confused.

"I'm a member of the Holy Spirit clan. Once I leave this place, I'll enter the Holy Spirit world! When I get there, I'll forget everything! I'm not afraid of death, but I don't want to forget young master ... Jiu Ying pursed her lips and spoke her true thoughts.

It was obvious that Jiuying's Sacred Spirit wasn't special. After her soul died, her Sacred Spirit would also enter the sacred Spirit world.

However, due to some coincidences, she had entered baize city.

This independent space had nothing to do with the sacred Spirit world, which was why she could stay.

Otherwise, Chen Xiaobei would never be able to see her again.

At this moment, the two of them met again.

Speaking of which, this was only their second meeting.

However, Jiu Ying no longer had any concerns and directly expressed her feelings.

She had fallen in love with Chen Xiaobei since the first time she saw him.

She didn't know where her love started, but it was deep.

During this period of time, she had truly experienced life and death, and she had seen through it.

She was very clear about what she really wanted.

Therefore, she was no longer shy or afraid, and boldly spoke her true feelings.

I'm not afraid of death, I'm only afraid of forgetting you!

"....."

Chen Xiaobei was stunned.

He had never thought about nine Sakura in that way.

Unexpectedly, this brave and persistent girl had already given her heart.

Of course, now was not the time to be talking about love.

Chen Xiaobei then said, " "You can go to the beixuan great world first! I've already revived your father and all the citizens of wind flame city! Live with them for now, and I'll definitely find a way to resurrect you!"

"Really? That's great!" Kyusura immediately became excited.

"Of course! I promise you!" Chen Xiaobei said with certainty.

"That's good! I'll listen to you!" Kyuuka immediately nodded in agreement. He was simply overjoyed.

Soon after.

Chen Xiaobei sent Jiuying to the beixuan great world.

Then, Chen Xiaobei's eyes fell on the center of the hall.

Chen Xiaobei and Hongjun's faces were filled with shock.

On a pure white Throne, there was a huge surprise. He was even a little frightened.

No one would have thought that this thing would actually appear here.

Chen Xiaobei and Hongjun finally understood why the omniscient Holy Emperor had hidden baize city. And why did they guard this thing on the throne?

Because!

If this thing were to be found outside, it would definitely cause an extremely terrifying storm of blood.

At that time, not only the heavenly sanctuary and the heavenly Dao, but even the legendary chaotic Supreme divine ancestor would try to snatch it!

At that time, the entire heavenly Saint realm would be in chaos!

He had fallen into endless slaughter! Endless darkness!

Red Envelope Group of the Three Realms

Chapter 4264: Surprise! Shock!

4264 Surprise! Shock!

On the White Throne in the center.

A pair of eyeballs were floating in the air.

That's right!

It was a pair of real eyes.

The pair of eyes were like gemstones that could communicate with the spirit, emitting a faint dark halo.

Both eyes were black and gray.

There was no white in his eyes.

On the front of each eye, there were nine golden pupils arranged in a disorderly manner.

Right!

These were the eyes of the omniscient Holy Emperor, the chaotic pupil chaotic pupil Bai Ze!

From the blood around the throne, it could be seen that this pair of eyeballs had been dug out!

Plus, since they were well-preserved in the palace, it meant that the omniscient divine Emperor had dug them out himself.

This was definitely a truth that was enough to make one's hair stand on end.

Chen Xiaobei and Hongjun were stunned.

After a while, Chen Xiaobei finally calmed down. "If I'm not wrong, the omniscient divine Emperor knows when he's going to die! I didn't want this pair of eyes to fall into the hands of the enemy, so I dug them out in advance and hid them in baize city!"

"Right! It must be like this!"

Hongjun nodded heavily and said, 'the talent of the omniscient Saint Emperor comes from this pair of eyes! Once it fell into the enemy's hands, it could be refined into a magic weapon! At that time, the enemy would have the ability to know everything! He could spy on ten directions of space and know the past nine hundred years and the next nine hundred years! Prying into the secrets of opportunities and accurately predicting the future! This was enough to defy the heavens! It's an ability that can shake the entire heavenly Saint realm!"

Without a doubt, the omniscient divine Emperor's eyes were a super cheat.

It was fine if it fell into the hands of a good person.

If it fell into the hands of bad people, it would definitely become the origin of chaos and bring about a destructive end to all living beings.

More importantly, even if it fell into the hands of good people, the bad people would snatch it at all costs.

That was why the omniscient divine Emperor dug out his eyes despite knowing that he was going to die, hoping to hide them forever.

“However, although the omniscient chaotic eyes is powerful, it’s not invincible ...”

what? ” Chen Xiaobei furrowed his brows. when faced with a powerful enemy, even if the omniscient Holy Emperor knew that he was going to die, he would not be able to change the future!

“This is only natural!”

Hongjun said, “Childe Chen, you might not know how powerful the Holy ancestor is!” In front of the divine ancestor, everyone was like an ant! Some divine ancestors could even reverse the past and the future, changing the laws of karma! Unless you also have the cultivation of the divine ancestor, you will always be a speck of dust in front of the divine ancestor!”

Obviously, the one who killed the omniscient divine Emperor was a divine ancestor.

It was probably because of some threats that the omniscient divine Emperor could not hide and had to face it.

In front of an absolute suppression, the omniscient divine Emperor would know when he would die? How was it a dead-end?

However, just knowing about it was not enough to change the outcome!

On the other hand, if the omniscient chaotic eyes fell into the hands of the divine ancestor, this divine ancestor would be able to find everything he wanted to find and kill everything he wanted to kill, becoming the true ruler of all life.

However, if the omniscient chaotic eyes fell into the hands of a divine ancestor ...

More sacred ancestors would fight for it.

It would definitely cause chaos in the Holy ancestral region, which was above the heavenly sanctuary region.

When the immortals fought, the mortals suffered.

Once the sacred ancestral region was in chaos, the entire otherworldly Saint land could be destroyed in the blink of an eye.

This was probably what the omniscient divine Emperor did not want to see.

Therefore, he resolutely dug out his eyes and calmly accepted his death.

In the end, it was to protect the peace of the world.

It was probably to protect the one person in his heart.

“Young master Chen, let’s go! You must never touch this pair of omniscient chaotic eyes!” Hongjun hurriedly said, “an ordinary man is innocent. Once the omniscient chaotic eyes appear, you’ll definitely suffer endless pursuit!”

“No! I’m definitely going to have this pair of omniscient eyes! The help it can bring me can be said to be incomparably huge!” Chen Xiaobei took the pair of eyeballs into his palm.

Since Chen Xiaobei had already inherited a weak omniscient chaotic eyes imprint, not only did the pair of eyes not reject Chen Xiaobei, they quickly formed a spiritual connection with him.

Of course, this wasn’t a magic treasure. The spiritual connection was only a resonance between the imprints.

Chen Xiaobei could not directly activate the special ability of the eyes.

There were only three ways for Chen Xiaobei to use the omniscient chaotic eyes.

The first method was to refine the pair of eyes into a magical treasure.

However, this method was extremely difficult.

After all, this was a pair of eyes from a peak Saint Emperor. If one were to look at it as an item, it would be a peak Saint Emperor level sacred item! With Chen Xiaobei’s current ability, he could not refine it!

The second method was to use the non-phase chaotic celestial body to devour the pair of eyes.

Of course, this was also an extremely difficult problem.

This was because the level of this pair of eyes was too high. He couldn’t digest it at all by activating the non-phase chaotic celestial body once.

In other words, Chen Xiaobei might need to break through many, many major realms and repeatedly activate the formless chaos celestial body to completely digest the eyeball and inherit the special ability.

Without a doubt, it would take a long time.

The third method was to use the Saint devouring Dao axe to devour the pair of eyes.

This method was simple.

However, the problem was that the Saint devouring Dao axe was only at the peak Saint King level. Once it inherited the omniscient chaotic eyes’ special ability, the grade of the special ability would also be lowered.

In other words, only by constantly upgrading the pan Sheng Dao devouring axe could he slowly increase the level of the omniscient chaotic eyes.

This was clearly an extremely long process.

“The first method is the most time-consuming! In comparison, although we still have to wait for the second and third places, at least we can see some hope!”

Chen Xiaobei thought to himself, 'I'll just keep it for myself! Maybe I can get some of the chaotic eye whizard's bloodline inheritance!'

Chen Xiaobei's current bloodline was probably only at the level of a one star divine Emperor.

It was the same level as the ancestral Saint Pangu a trillion years ago.

In other words, Chen Xiaobei could only reach the pseudo-realm of a one-star divine Emperor when he used the nine ancestral Saint transformations.

In order to reach a higher pseudo-realm, the only way was to increase the quality of the bloodline and let it evolve.

Therefore, if Chen Xiaobei devoured it himself, he might be able to get more opportunities.

After making up his mind, Chen Xiaobei kept his omniscient chaotic eyes.

"Young master Chen ... Since you've already decided to take in the omniscient chaotic eyes, I would like to ask you a question ..."

Hongjun said embarrassedly, " previously, miss jiuying should have seen you through the omniscient chaotic eyes. She also used a kind of fragrance to penetrate space and give you a hint ... Why can she use the omniscient power? "

"Yeah ... Why?" Chen Xiaobei was taken aback.

[Red Envelope Group of the Three Realms](#)

Chapter 4265: Perfect reasoning!

4265 Perfect reasoning!

Obviously, Hongjun's question was very important!

Chen Xiaobei was still struggling to figure out how to use the omniscient chaotic eyes, but jiuying had already used it before. In fact, she had used it more than once!

This was very strange!

"Let's go and ask Ms. Kyuura!" Hongjun said.

it's no use. Even if I asked her, I don't think she would know anything ... Chen Xiaobei shook his head.

Chen Xiaobei had asked her why she was in the main hall of baize city.

One had to know that there was an extremely terrifying black hole storm outside the White pool city. Even Saint emperors did not dare to barge in.

The entrance to baize city was a four-dimensional maze with almost no exit.

At that time, jiuying's Holy Spirit was already extremely weak, and according to her, she was already unconscious.

Therefore, it was impossible for her to enter the palace on her own accord.

When Chen Xiaobei asked her, she said that she did not know how she got in.

By the same logic, the omniscient chaotic eyes 'special ability was probably activated by her in a muddled state. Even if he asked her, she would not be able to give him an explanation.

"She said she didn't know, so she might be lying!"

Hongjun said coldly, " Young master Chen is so smart, he shouldn't trust others so easily!"

"Nonsense! I can choose not to trust anyone, but I will definitely trust Jiu Ying!" "She would die for me!" Chen Xiaobei shouted. Why did you lie to me?"

I ... Hongjun's expression froze. He didn't dare to talk back.

But in his heart, Hongjun despised Chen Xiaobei for being so naive and laughable.

In Hongjun's opinion, Jiuying would die for Chen Xiaobei if there was no conflict of interest. She would not lie to Chen Xiaobei.

However, at this moment, in front of the enormous benefits of the omniscient chaotic eyes ...

Wouldn't Jiuying have a change of heart?

Wouldn't he have any other thoughts?

Anyway, Hongjun didn't believe it!

"Go back to the spirit condensing space!" Chen Xiaobei sent Hongjun into the spirit condensing space and locked him up.

However, Chen Xiaobei was not looking for Jiu Ying. He was looking for her father, Jiu e.

At this moment.

Jiuying had just returned, so she naturally went to find her father to report her safety.

When Chen Xiaobei arrived, the father and daughter were both there.

"Young master Chen, why are you here?" Jiu Ying pursed her lips, her face was filled with adoration.

This kind of emotion could not be faked.

She was not lying to Chen Xiaobei.

city Lord Jiu E, I have something to ask you. It's about Jiu Ying's mother ... Chen Xiaobei said.

"Nine Sakura's mother?" "I remember that we've talked about it before!" Jiu e said.

"Right! We've chatted!" " I remember that the city Lord once said that Jiuying's mother has been busy taking care of her husband and children ever since she married you. She never had the chance to show her power!

"Right!" Jiu e nodded. in fact, Jiuying's mother rarely shows her cultivation. It's funny to say. I only know that her cultivation is higher than mine, but I don't know how much higher it is!

I still remember that the city Lord said that Jiuying's mother went missing after she left her daughter behind. There has been no news of her until now ... Chen Xiaobei continued.

"That's right!"

Jiu E's face revealed some bitterness, and he said, "actually, our relationship as husband and wife has always been very good. I don't know why she abandoned me and my daughter ...

At this point, Jiu e did not continue.

Jiuying's expression also gradually dimmed.

As a mother, she had abandoned her newborn daughter and her husband.

No matter what, this kind of matter was the mother's fault. It was the family's scandal.

"Young master Chen, I've already told you about this when you were looking for Jiu Ying! Now that Jiuying has returned, why do you still want to bring up the past?"

Jiu E's face was full of doubt.

The last time Chen Xiaobei was looking for Jiu Ying, he guessed that she was a Holy Spirit.

And Jiu e was a human.

Therefore, Jiuying's Holy Spirit race bloodline must have come from her mother.

Back then, Chen Xiaobei had asked Jiu e about Jiu Ying's mother. Now, Chen Xiaobei reminded her again.

This made Jiu e feel very strange.

"City Lord Jiu e, have you heard of the omniscient divine Emperor?" Chen Xiaobei asked again.

"Omniscient divine Emperor?"

Jiu E's expression froze for a moment, and he said, "of course I've heard of it!" There were thirty-three strongest Supremes on the heavenly sanctuary's Supreme ranking list, and the all-knowing Sacred Emperor was once the top of the list! Everyone below the ancestral Saint domain knows about it!"

"Does Jiuying's mother have anything to do with the omniscient divine Emperor?" Chen Xiaobei asked again.

"This ..."

Jiu e was stunned. I've never heard that Jiuying's mother knew the omniscient Saint Emperor. However, I do know that before she married me, she had a senior brother. They had feelings for each other, but for some reason, they broke up!

"They separated?"

Oh? " Chen Xiaobei thought, " perhaps, this senior brother is the omniscient Holy Emperor!

this ... This can't be ... Jiu e said in disbelief, " "I'm just a true Saint, the junior Sister of the all-knowing divine Emperor. How can I be your target?"

Kyusura was also very surprised.

it's hard to say when it comes to love ... Chen Xiaobei sighed and did not say anything else.

He began to calculate in his heart.

If I'm not wrong, Jiuying's mother is the junior Sister of the all-knowing divine Emperor.

Perhaps the omniscient Sacred Emperor was too ambitious back then and wanted to reach a higher peak! However, Jiuying's mother only wanted to live an ordinary life, so they did not end up together.

However, the omniscient divine Emperor should still have deep feelings for Jiuying's mother. As such, Jiuying's mother was left with a true spirit brand, or a Saint Soul brand.

Later on, the enemy might have used Jiuying's mother as a threat, so the omniscient divine Emperor dug out his eyes and stood up to protect his loved one.

After the death of the omniscient divine Emperor, Jiuying's mother was disheartened. After a long time, she met Jiue and developed feelings for him. That was how they had Jiuying.

Jiuying's mother had probably gone missing because she had sensed the threat of her enemy. She didn't want to implicate her husband and her newborn daughter, so she had left quietly and faced everything alone.

Obviously, Chen Xiaobei's guess was completely reasonable.

Not only was the logic smooth, but the details were also very consistent.

For many years, Jiu Ying's mother had never made a move. Jiu e did not know if she was from the Holy Spirit clan or even how high her cultivation was.

Why did she hide her identity as a member of the Holy Spirit clan? And why did he hide his cultivation?

Obviously, it was because he was afraid of being discovered by his enemies.

There was no mistake!

Chen Xiaobei took out his black hole storm and said, "Jiu Ying, I need something from you!"

[Red Envelope Group of the Three Realms](#)

Chapter 4266: Activating her special ability!

4266 Activating her special ability!

"What does young master Chen want?"

what? " Jiu Ying was confused. I only have the sacred Spirit left, and I don't have anything else ... Of course, if there is, young master Chen can take it.

This girl had given her heart to Chen Xiaobei, what else could she not give?

"Alright!"

Chen Xiaobei summoned the omniscient chaotic eyes at the center of the black hole.

Then, he released his spirituality and tried to communicate with Jiuying's Holy Spirit.

"Whoosh ..."

Soon, a white jade-like Saint Soul mark appeared on Jiuying's forehead.

The mark was an eye with nine pupils.

"What ... What is this?"

Jiuying and Jiue were both stunned.

He couldn't understand why Jiuying's Sacred Spirit would take out such a strange thing.

"This is the true spirit sacred soul mark of the omniscient Sacred Emperor!"

"The omniscient divine Emperor is indeed the senior brother of Jiuying's mother!" Back then, he left this mark to Jiu Ying's mother, and Jiu Ying's mother left this mark to Jiu Ying!"

"That's why Jiuying was drawn to baize city after she was sucked into the spatial Rift! He safely passed through the black hole storm and the spatial maze and entered the palace!"

"At the same time, it's also this true spirit sacred soul imprint that allows Jiuying to activate the omniscient space ability of the omniscient divine Emperor's eyes!"

Chen Xiaobei also had the omniscient chaotic eyes.

However, this imprint came from the black hole storm and was a very weak imprint. It might not even be one-ten-thousandth of its strength.

The mark on Jiuying's body was the true spirit sacred soul mark of the omniscient Sacred Emperor.

Simply put, it was a part of the all-knowing Sacred Emperor's Saint Soul that was cut off.

Even if it wasn't 100%, it was at least 10 – 20%.

From this, it could be seen that the omniscient divine Emperor had always loved Jiu Ying's mother.

Of course, just by looking at Jiuying's appearance and temperament, one could tell that her mother must be a peerless beauty.

"No wonder, after I entered that mysterious Palace, as long as I was thinking about young master Chen, I could see ..."

what? " Jiu Ying was shocked. furthermore, if I'm in a hurry, I can even transmit some of my Saint spirit energy through space to warn young master Chen!

yes! Chen Xiaobei nodded. this mark is very useful to me. I'll take it. If there's a chance in the future, I might even help you find your mother!

"No problem! Young master Chen, please accept it!"

“However, every time I see young master Chen or transfer the Holy Spirit force to him, I’ll feel dizzy. It’s clear that this mark consumes a lot of spiritual power!” Young master Chen, you must be careful when you use it!”

It was obvious that Jiuying could not see Chen Xiaobei all the time, nor could she give him any hints at all times.

That was because activating the omniscient chaotic eyes ‘special ability would consume a large amount of mental energy.

Therefore, Jiuying could only look at Chen Xiaobei once in a while, or give him a hint.

“That’s right, I remember that the first time you gave me a hint was before I discovered the eight trigrams Dragon trapping tower! You must have seen the Fortune inside, so you prompted me to go in, right?” Chen Xiaobei asked.

“Yup!”

“That stone tower contains a lot of Saint Origin energy and resources!” It’ll be a great help to young master Chen!”

“It’s all thanks to you!” you’re really helpful! Chen Xiaobei smiled. every time you remind me, it’s always a great help!

Jiuying smiled shyly. She was happy to be praised by Chen Xiaobei.

Of course, Jiuying also knew that the reason she could help Chen Xiaobei was because of her omniscient chaotic eyes.

This ability was really powerful!

He could spy on almost any space below the ancestral Saint territory.

Jiuying was able to give Chen Xiaobei the correct hint because she had seen the situation in advance.

In the future, Chen Xiaobei could also use this special ability. Just thinking about it would have countless uses.

by the way, have you spied on every corner of white pool city? ” Chen Xiaobei asked.

“Baize city? The castle?”

Kyuuko shook her head and said shyly, my spiritual power is not enough to look at Childe Chen. How would I have the time to spy on the corner of the castle? ”

“This is the key that the omniscient Holy Emperor gave your mother to enter baize city!” There must be opportunities or resources he had hidden in the city! I’ll help you get it later!”

“No need,”

my personality might have taken after my mother. I just want to live a peaceful life. No matter what opportunities or resources there are, I’ll just give them to you, young master Chen.

this ... Chen Xiaobei looked at Jiu e, a little embarrassed.

“Young master Chen, you don’t have to be so polite!”

Jiu e said, “ if it wasn’t for young master Chen, the entire Fengyan city would have been dead. My daughter wouldn’t have been able to return! Besides, everything belongs to jiuying. Since she gave it to you, I will naturally respect her decision!”

The reason why Chen Xiaobei had a good impression of Fengyan city was because from the governor Jiu e to the commoners, they were all simple and honest people.

At this moment, Jiu e was also very forthright and was not stingy at all.

“Alright! Then I’ll respectfully accept your invitation!” Chen Xiaobei accepted the favor without hesitation.

With Chen Xiaobei’s personality, he would definitely repay her in the future.

Soon after.

Chen Xiaobei left the beixuan great world.

He returned to the palace in baize city.

“Whoosh ...”

First, Chen Xiaobei took the omniscient Holy Emperor’s true spirit sacred soul seal from jiuying’s body and fused it into his primordial spirit.

Then, Chen Xiaobei took out the omniscient divine Emperor’s eyes.

Whoosh ... Whoosh ...

Chen Xiaobei’s mental power began to burn.

The omniscient divine Emperor’s eyes shot out beams of light that seemed to be able to ignore the spatial wall and see through space.

Everything that the light could see was directly projected into Chen Xiaobei’s mind.

Chen Xiaobei could see anywhere he wanted to.

Of course, the further, more, and longer one wanted to look, the more mental energy would be consumed.

At that moment, Chen Xiaobei only wanted to spy on baize city.

The amount of mental energy consumed was not much.

Moreover, Chen Xiaobei had cultivated the one character Saint destroyer curse. After he had learned the ‘life’ character, his mental power had increased by leaps and bounds.

This bit of consumption was nothing at all.

Very quickly, Chen Xiaobei had peeked into every corner of the castle.

As expected, there was a special hidden space behind the throne.

It was definitely invisible to the naked eye.

“BOOM!”

Chen Xiaobei walked away and threw a punch.

The void shattered.

The secret compartment was directly revealed before his eyes.

Red Envelope Group of the Three Realms

Chapter 4267: Definitely a huge profit!

4267 Definitely a huge profit!

The secret compartment wasn't big, and there was only an ordinary storage space inside.

However, Chen Xiaobei knew that there must be something extraordinary in this storage space.

“Whoosh ...”

Chen Xiaobei then started to check it out.

Chen Xiaobei was stunned.

There was only one thing in the storage space.

It was a Golden Lake.

It exuded an extremely strong spiritual fluctuation. At the same time, it also had an extremely strange fragrance.

Chen Xiaobei was excited when he smelled the fragrance.

His mind was restless, and his body was full of energy that needed to be vented. In his dantian, it was as if a flame had been ignited, and even his Saint Qi started to boil.

“What ... What are these things?”

Chen Xiaobei's expression froze, and he immediately became alert. “It can't be an evil thing that can mess with people's minds, right?”

“No! Probably not! After all, the all-knowing Sacred Emperor left this storage space for his beloved. There's no reason for him to leave it behind for harm ...”

“But, What is this?”

Chen Xiaobei calmed himself down and asked, “There's no saint Qi, no magic treasures, no pills, nothing in the storage space ... But this Golden Lake? This is definitely not an ordinary item!”

Clearly, the omniscient divine Emperor knew that he would die.

The entire baize city was specially reserved for Kyushu's mother.

In other words, this Golden Lake must have an extremely important magical effect.

There was even a possibility!

The all-knowing Sacred Emperor had exchanged everything he had for this Golden Lake!

Chen Xiaobei was shocked.

One had to know that the omniscient Saint Emperor was the strongest being under the ancestral Saint domain! He could be said to be the most powerful divine Emperor!

Even if one used their toes to think, they would know that everything he had was definitely an astronomical figure!

Therefore, this possibility was completely reasonable.

The omniscient divine Emperor knew that he was going to die, so he left everything he had to Jiuying's mother.

However, the omniscient Emperor knew better that a man's wealth would make him guilty.

The wealth and treasures he possessed might bring endless trouble to Jiuying's mother.

Because of this, before he died, the omniscient divine Emperor might have exchanged everything he had for something that would only benefit Kyusura's mother.

This thing was the Golden Lake in his storage space.

"This ... Could this be ..."

Chen Xiaobei suddenly thought of something.

For all cultivators, there were only two kinds of things that were useful and harmless.

Chen Xiaobei was very familiar with the first one. It was the body of a Qilin.

Chen Xiaobei had heard of the second type before, which was the Holy Emperor Mystic fat.

This Saint Emperor Mystic fat was a type of oil that was refined from the body of a Saint Emperor through a secret technique.

Legend had it that one could only refine one spoonful of a Sacred Emperor's corpse. It was extremely rare.

At this moment, there was a Golden Lake in the omniscient Saint Emperor's storage space. If it was filled with Saint Emperor Mystic fat, he would probably need to refine millions of Saint Emperor corpses.

Tens of millions of Saint emperors!

After all, Chen Xiaobei had not even seen more than a thousand Holy Kings since he reached the heavenly Saint plane!

One could only imagine how terrifying it was to refine tens of millions of Saint Emperor corpses.

"I'll confirm it first!"

Chen Xiaobei gasped and entered the storage space.

The closer Chen Xiaobei got to the lake, the stronger the effect of the special fragrance from the lake.

Chen Xiaobei could feel his Saint Qi burning, his blood boiling, and his mind in a frenzy.

Even though Chen Xiaobei had never tried any stimulants before.

However, this reminded Chen Xiaobei of the drugs that were banned in the sports world back on Earth.

He felt that with a sip, his abilities would soar rapidly.

“What a terrifying thing!”

Chen Xiaobei forced himself to calm down and walked to the lake.

He touched the surface of the lake lightly and immediately felt a greasy texture. At the same time, there was an indescribable profoundness.

It was like a drop of golden ‘lake water’ that contained the foundation of ten thousand generations.

“Whoosh ...”

Chen Xiaobei tried to refine the Golden ‘lake water’ using the method of refining the Qilin’s body.

The next moment, he succeeded!

“This is indeed the legendary Sage Emperor Xuan Zhi! I’m definitely not wrong!”

Chen Xiaobei was so sure because the feeling of refining the Golden Lake water was the same as refining the oil on the Qilin.

“Hiss ...”

After that, Chen Xiaobei absorbed the refined Saint Emperor Mystic fat essence into his body.

In that instant, Chen Xiaobei’s Saint Qi was like a volcano that was about to explode. His primordial spirit could clearly feel that his cultivation had been strengthened.

This was very terrifying!

Chen Xiaobei was now a five star Holy King. Even if his cultivation only increased a little, he would need to consume a four star Holy King level Holy Meridian!

Chen Xiaobei had only refined one drop of the Saint Emperor Mystic resin and he had already achieved the same effect.

No!

To be more precise, the effect of this drop of Saint Emperor Mystic resin was far greater than a four star Saint King level Saint vein!

Chen Xiaobei did not seem to have fully digested the power of the Saint Emperor Mystic resin.

He could also clearly feel that his cultivation base was rising bit by bit.

[ding Yingying's cultivation Level: Intermediate five stars Saint King. Lifespan: 10 million trillion trillion years!

"Breakthrough? This ... This was too terrifying! Just a drop of Saint Emperor Mystic fat allowed me to break through a small realm! I'm not dreaming, right?"

Chen Xiaobei was stunned.

He knew that the sacred Emperor Xuan Zhi was powerful, but he had never expected it to be this powerful.

This was simply unbelievable.

It felt even more magical than a dream.

This meant that the cultivation effect of a drop of Saint Emperor Mystic fat was equivalent to an early five-star Saint King's Saint vein.

And this was only a small drop.

"A conservative estimate! This Bay of Saint Emperor Mystic fat can allow me to directly reach the early stages of Saint Emperor!"

Chen Xiaobei was very excited. He did not expect to get such a huge treasure.

Originally, Chen Xiaobei had only wanted to revive the people of Fengyan city and save Jiuying.

Chen Xiaobei had even used up two portions of one star divine Emperor's energy.

It looked like a huge loss.

However, Jiuying's relationship with the omniscient Holy Emperor had given Chen Xiaobei a huge reward!

A pair of omniscient eyes and a Bay of Sage Emperor Mystic fat.

Chen Xiaobei had definitely won!

[Red Envelope Group of the Three Realms](#)

Chapter 4268: Meeting an old friend again!

4268 Meeting an old friend again!

Without a doubt, Chen Xiaobei was in a very good mood.

However, Chen Xiaobei's mind was still calm.

"I won't use these Saint Emperor Mystic fats now!"

Chen Xiaobei thought for a moment and said, "The inheritance within the primordial chaos Heaven's Heart can allow me to reach the middle to late stage of the sage Emperor realm! When he reached that realm, it would be extremely difficult to level up and break through! At that time, I'll use the Saint Emperor Mystic fat to break through again and get twice the result with half the effort!"

Clearly, the inheritance of the Saint pan race in the heart of Hongmeng could allow Chen Xiaobei to break through without any bottlenecks. Naturally, there was no need to waste the Saint Emperor Mystic resin.

When the power of the legacy was exhausted, Chen Xiaobei would reach a more difficult time. By then, he could use the Saint Emperor Mystic fat to remove the bottleneck and allow Chen Xiaobei to advance more smoothly.

Soon after.

Chen Xiaobei kept the entire storage space.

After leaving baize city, he used the Saint devouring Dao axe to drive the spatial bridge back to Fengyan city.

The moment they returned to Fengyan city.

Chen Xiaobei ran into an old acquaintance.

Or rather, an old acquaintance came to his door.

It was an old man with a hunched back.

He was wearing a black robe that looked like it hadn't been washed for decades. It was greasy, worn out, and extremely sloppy.

The old man's face was as rough as tree bark, and he looked very ugly.

However, the old man's eyes revealed a chilling sharpness and a terrifying pressure.

The first time they met, Chen Xiaobei's heart wavered and he almost lost control of himself when he looked into his eyes.

That's right!

This old man was a three star Saint King level expert who was ranked third on the "southern region heaven ranking" of the southern region!

"Holy corpse Emperor, you've come so quickly."

Chen Xiaobei smiled.

The Holy corpse Emperor's aura could no longer affect Chen Xiaobei.

"You little brat! What are you playing at? This old man thought you didn't dare to compete and would never come back!"

The Holy undead Emperor grumbled, then he started to observe Chen Xiaobei.

Chen Xiaobei had an agreement with the Holy corpse Emperor that he would participate in the southern region martial arts competition and split the rewards with the Holy corpse Emperor.

The Holy corpse Emperor was afraid that Chen Xiaobei would run away, so he had left a tracking rune on Chen Xiaobei.

In the past few days, Chen Xiaobei had traveled across a few large domains. The furthest he went was the Cang Sheng heavenly domain, which was the top tier of the Holy earth domain.

More importantly, Chen Xiaobei had also been to the Holy Spirit world and many other independent spaces.

So, for a period of time, the Holy corpse Emperor did not know where Chen Xiaobei had gone.

Because of that, the Holy corpse Emperor thought that Chen Xiaobei was too scared to participate in the southern region martial arts competition and was hiding.

The moment Chen Xiaobei arrived at Fengyan city, the Holy corpse Emperor sensed the tracking rune and came to him.

“Kid, you’ve cultivated a concealment technique? He’s hiding his cultivation?” The Holy corpse Emperor was confused, and he exclaimed, “Isn’t the level of this concealment technique too high? even this old man can’t see through your cultivation ...”

that’s right! Chen Xiaobei laughed. I’ve learned the stealth technique.

“Then what is your cultivation level?” The Holy corpse Emperor asked, a little displeased.

Chen Xiaobei shrugged. I’ll keep my cultivation a secret for now. But don’t you worry. I’ll definitely go back and participate in the martial arts competition!

Obviously, Chen Xiaobei did not want to reveal his cultivation too early.

For one, he was afraid of scaring the Holy corpse Emperor.

Secondly, he was afraid that the enemy would be on guard.

After all, the young geniuses who came to participate in the martial arts competition all had the support of powerful forces behind them! If they had known about Chen Xiaobei’s strength earlier, they would have schemed and even tried to assassinate Chen Xiaobei before the fight meet.

Therefore, it was necessary to hide his strength.

“Secret? You’re still trying to be mysterious at a time like this?”

Holy corpse Emperor frowned and said, “Don’t blame me for not warning you! Han Shendao, who’s ranked first on the southern region’s minor heaven ranking, has already broken through to the peak of the two stars Holy King realm, and he might even be able to touch the threshold of the three stars Holy King realm!”

“It’s fine.” Chen Xiaobei shrugged and smiled.

The Holy corpse Emperor felt that Chen Xiaobei’s reaction was strange. How could he still laugh?

Could it be that this kid had prepared a trump card?

Even if the Holy corpse Emperor had a million brains, he would not have known that Chen Xiaobei had already reached intermediate five star Holy King.

So, the only explanation for Chen Xiaobei's smile was that Chen Xiaobei had a trump card.

"Don't be too full of yourself!"

"This time, there will be young geniuses from other domains," the sacred corpse Emperor said, "and I'm afraid there will be people who surpass the frost God Dao!" If you let your guard down, you won't even know how you died!"

"Alright, stop nagging." Chen Xiaobei was getting impatient.

"I'm nagging?" The Holy corpse Emperor's mouth twitched. No one in the southern region dared to call him naggy.

This was why he needed Chen Xiaobei to participate in the southern region martial arts competition. If it was anyone else, he would have killed them 800 times over.

I'm going to Hong Tian city to find a friend. Do you want to come with me? " Chen Xiaobei asked.

"This old master won't go!" "Ye Hongtian?" the Holy corpse Emperor's mouth twitched.

"Then I'll go by myself!" "I'll see you in six days at Jiuxuan city!" Chen Xiaobei said.

"This old man will find you! Don't even think about escaping!" The Holy corpse Emperor glared at Chen Xiaobei and left.

Chen Xiaobei smiled and shook his head, suddenly feeling a little sorry for the Holy corpse Emperor.

Luckily, Chen Xiaobei valued friendship and the Holy corpse Emperor did not harm him. Otherwise, a three star Holy King would be like an ant in front of Chen Xiaobei. Chen Xiaobei could make him disappear with a single thought.

"Swish ..."

Then, Chen Xiaobei also stepped into the void and headed to Hong Tian city.

Hong Tian city was the Ye clan's main city.

The friend that Chen Xiaobei was looking for was none other than Ye Zhilan.

When he arrived at Hong Tian city, Chen Xiaobei used the communication rune to contact Ye Zhilan.

"Young master Chen!"

A moment later, an extremely beautiful figure flew towards Chen Xiaobei.

Ye Zhilan was still the same as when they first met. She was wearing a light purple dress, fluttering in the wind like a purple orchid in the breeze and white clouds. She was clean and elegant!

Her fair face had a kind of graceful beauty! Her bright and clear eyes were like the eyes of a spiritual spring, pure and flawless!

Of course, other than her beauty, she was also the number one genius of the Ye clan and the strongest young man who was ranked tenth on the 'southern region minor heaven ranking'!

His cultivation base had reached the peak of a one star Saint King!

“Where have you been all this time? I thought you would come back!” Ye Zhilan looked at Chen Xiaobei with a smile. “You’ve cultivated the concealment technique? Very smart, knowing how to hide your cultivation level before the big battle!”

Red Envelope Group of the Three Realms

Chapter 4269: Two old enemies!

4269 Two old enemies!

yeah, he hid his cultivation level. Otherwise, I would have scared you.

Chen Xiaobei smiled.

“Scare me?” Ye Zhilan was amused. I haven’t seen you for three months. I feel like you’ve become talkative!

“You think I’m being talkative?” Chen Xiaobei laughed.

“What else?” Ye Zhilan said, “ three months ago, you were just a little true divine. Even ning Tiancheng could threaten your life. How can your cultivation scare me in three short months? ”

Three months ago, Chen Xiaobei was being hunted by ning Tiansheng.

At that time, Chen Xiaobei had a way to deal with ning Tiancheng.

However, ye Zhilan did not know about Chen Xiaobei’s trump card.

So, ye Zhilan thought that if she had not acted in time, Chen Xiaobei would be a dead man.

In ye Zhilan’s eyes, Chen Xiaobei’s strength might have increased in the past three months, but it would not have increased to a level that would shock her.

Therefore, she thought that Chen Xiaobei was just being talkative.

“You’ll know when the martial arts competition begins.” ” hehe ... Chen Xiaobei smiled. last time, you took away ning Tiancheng’s Dragon-shaped oil lamp. Can you return it to me now? ”

Ye Zhilan’s beautiful eyes turned slightly. She shook her head and said, “We can not! We had an agreement before that you would first find out the secret of the dragon-shaped oil lamp, then I would consider whether I should return it to you!”

It was obvious that ye Zhilan was a very smart girl.

She could vaguely feel that the Dragon-shaped oil lamp was not simple.

If Chen Xiaobei could solve the secret of the dragon-shaped oil lamp, she might be able to get some luck.

That was why she did not plan to return the lamp to Chen Xiaobei.

this Dragon-shaped oil lamp is a magical weapon. It can be used to refine other people’s primordial spirit and convert it into one’s own lifespan!

Chen Xiaobei treated ye Zhilan as a friend, so he did not hide anything from her.

“Really?”

Ye Zhilan’s expression froze and became extremely nervous, as if her most sensitive nerves had been touched.

“Can you cast spells?” “My grandfather feels that his life is coming to an end. These few days, he has already started to prepare for his funeral ...” Ye Zhilan said anxiously.

“Your grandfather?” Chen Xiaobei asked, “The patriarch of the ye family, ye Hongtian?”

“Yeah!” Ye Zhilan said, “grandfather cultivated a demonic technique previously. It said that by burning his lifespan, he could increase his cultivation. In the end, he lost a lot of his lifespan but his cultivation didn’t increase much. Now, his lifespan is almost up. I’m afraid he will die within a hundred years ...

To Saint Kings, a hundred years passed by in the blink of an eye.

Many people would go into closed-door cultivation for tens of millions of years.

That was why ye Zhilan was so anxious.

I should be able to cast a spell ... But ... Chen Xiaobei did not agree immediately.

Ye Zhilan was very smart and immediately expressed her position, “Don’t worry! As long as you can extend my grandfather’s life, I’ll immediately return the Dragon-shaped oil lamp to you. Furthermore, I’ll agree to any request you have!”

“Actually, I don’t have any requests. I just want you to return the Dragon-shaped oil lamp to me!”

” also, you have to keep the secret about the oil lamp and the sorcery to yourself. If it’s revealed, you might be in mortal danger. Even your ye family might be wiped out!

After reading ning Tiancheng’s memories, Chen Xiaobei knew how to use the great curse of Yuan Sage immortality.

However, this matter was closely related to the heavenly Dao.

So, Chen Xiaobei had to retrieve the Dragon-shaped oil lamp to prevent anyone from finding out.

At the same time, he asked ye Zhilan to keep the secret. In the end, it was also to protect ye Zhilan and the ye family.

Otherwise, once the ye family was targeted by the heavenly Dao, they might be annihilated in an instant.

“No problem!” Ye Zhilan immediately promised. I swear on my character that I will definitely keep this a secret! My grandfather values integrity the most, so he will definitely not reveal it!”

“Good! Then bring me there!” Chen Xiaobei nodded.

Chen Xiaobei could trust ye Zhilan’s character.

The core of the main city.

Ye Imperial City.

Under ye Zhilan's lead, they were naturally unimpeded.

However, just as they were about to reach the castellan's Hall, they were suddenly stopped.

It was another two old acquaintances.

"Uncle! Big cousin!"

Ye Zhilan greeted the two of them politely.

Chen Xiaobei looked at them in disgust, as if they were two bugs.

That's right.

These two people were Chen Xiaobei's old enemies who had some friction with him, and even some hatred.

Ye yanmo and ye Lingyun were father and son.

At first, Chen Xiaobei and ye Lingyun had some conflicts, but ye Zhilan settled them.

Later on, ye yanmo secretly allowed ye Lingyun to bring his men to kill Chen Xiaobei.

Chen Xiaobei was busy dealing with ning Tiancheng and did not have the time to settle the score. But, knowing Chen Xiaobei, he would not let this go easily.

"You little brat! And you still came to my ye family!"

Ye Lingyun immediately roared, "You f * cking abducted elder ye! It's the same as stealing a corner of my ye family! You've slapped the face of our ye family! If you dare to come here today, don't even think about leaving alive!"

Obviously, ye linyun was just an ordinary rich kid. If this was anywhere else, he would not have dared to mess with Chen Xiaobei.

But now, Chen Xiaobei dared to enter the ye family's Imperial City.

This was ye Lingyun's home ground, and he would not miss this chance to teach Chen a lesson.

"Big cousin! That's enough!"

But before Chen Xiaobei could say anything, ye Zhilan had already scolded him.

last time, you brought elder ye to chase after young master Chen. When you met a strong enemy, you abandoned elder ye and ran away by yourself. If it wasn't for young master Chen, you and elder ye would have been dead!

Ye Zhilan said angrily, "the reason why elder ye left the ye family is because you've disappointed him." The one who really disgraced the ye family is not young master Chen, but you!"

"I ... I ..."

Ye Lingyun was instantly speechless. His face turned red and he had no choice but to turn around and ask for help. "Father! You ... You have to uphold justice for me!"

Ye yanmo's face was cold as he said solemnly, " "What justice? Zhilan was right! It's all your fault!"

I ... ye Lingyun's face instantly turned the color of a pig's liver.

"Zhilan,"

"You're here to look for your grandfather, right?" ye yanmo asked with a smile. He's in the main hall. Your cousin and I have just paid our respects to him, so you should quickly go in!"

"Alright," he said. "Young master Chen, let's go!" Ye Zhilan nodded.

Chen Xiaobei did not say anything and followed her.

After all, ye yanmo had already admitted defeat, and Chen Xiaobei did not want to deal with them.

"Father! Why are you helping ye Zhilan?"

Ye Lingyun gritted his teeth in hatred.

"Did you get kicked in the head by a donkey? How many times have I told you? He had to endure! He had to endure! I have to endure!" Ye yanmo narrowed his eyes and said ruthlessly, " ye Zhilan will die in the martial competition's arena in seven days. Why do you have to compete with her now? "

"Is she really going to die?" Ye linyun frowned.

Red Envelope Group of the Three Realms

Chapter 4270: The situation is complicated!

4270 The situation is complicated!

"She'll die without a doubt!"

"The martial arts in this southern region meet are extraordinary!" Ye yanmo said. I've already received reliable news that this martial arts competition will determine both victory and defeat, and also life and death!"

"The point is, many top geniuses from the earth Holy region will come! There might even be geniuses from the Holy Spirit clan! Ye Zhilan is merely ranked tenth on the southern region's minor heaven roll. How can she survive?"

"What's going on with the martial arts competition of the southern region?" ye Lingyun asked with a frown. Why did it attract so many people? And you're even going to risk your life?"

"Heavenly sanctuary!"

Ye yanmo pointed to the sky and said, " "This southern region martial arts competition is being hosted by a powerful sect from the heavenly sanctuary. Those who are selected will be able to go to the heavenly sanctuary directly! To become an existence above us, your future is limitless!"

heavenly ... Heavenly sanctuary?! Ye Lingyun gasped as if he had heard a horrifying ghost story. His pupils contracted uncontrollably.

There was no doubt that the southern region was one of the weaker regions in the earth Holy region.

Compared to the heavenly sanctuary, the southern region was like a pellet. No! The land of pellets was said to be big! He should be trash!

In ye Lingyun's eyes, the heavenly sanctuary was a Supreme place that he would never be able to reach in his life.

The experts of the heavenly sanctuary could crush the southern region with a single finger.

Those who were selected from the southern region martial arts competition would be able to join a sect in the heavenly sanctuary and become one of those terrifying experts.

"What if ye Zhilan is selected?" Ye Lingyun frowned slightly and was a little worried. "She's the most outstanding genius of our ye family!"

"Don't worry!"

Ye yanmo narrowed his eyes and said ruthlessly, "this time, I've already set up a dead end!" If ye Zhilan survives, someone will help me kill her! He would also kill the old man in passing! At that time, I'll be the head of the family and you'll be the young master!"

how ... How is this possible?! Ye linyun's eyes bulged as he was shocked.

It was obvious that this was the first time ye yanmo had revealed his final plan.

"Since I've already revealed my bottom line, I might as well tell you more!"

Ye yanmo's expression became even more ruthless, "I spent a lot of money to hire the assassins of the moon rebel!" Their cultivation is very high, and once they take the money, they will definitely complete the task!"

"Reverse ... Reverse moon? That famous killer organization?" Ye Lingyun gasped again, feeling that his little heart could not take it.

"Right! It's the reverse moon!"

"No way ..."

Ye linyun felt like his heart was about to explode. He really couldn't take the shock wave after wave. "Grandfather's cultivation has reached the middle three stars Saint King realm! How could a genius of the younger generation Kill Grandpa?"

"You're too short-sighted! The southern region is only the tip of the iceberg of the earth Holy region!"

"There are many powerhouses in the younger generation in the entire earth Holy region!" Ye yanmo said in a deep voice. Even the young people of the Tianyuan clan from the neighboring Yuan Sage upper realm are stronger than our old man, let alone the peerless geniuses of the niyue sect!"

“The Tianyuan clan? The Super clan that formed an alliance with the Xuan Yong clan?” Ye linyun asked in surprise.

“That’s right!”

“The Tianyuan clan and the xuanyong clan are old friends!” Ye yanmo replied. As far as I know, the eldest Princess of the Tianyuan clan, Tianyuan fengwu, had already become a peak four star Saint King many, many years ago!”

peak ... Peak four-star!? Ye linyun was on the verge of tears.

Compared to these young geniuses, he was simply a pile of poop.

It was so weak that it was unsightly.

“Don’t be too shocked. Perhaps there will be even stronger geniuses! Let’s wait and see!” Ye yanmo said.

it’s too scary ... This world is too scary ... ye Lingyun was already trembling, completely terrified. I’d better just be the young master of the ye family. The outside world isn’t suitable for me ...

At that moment, ye yanmo suddenly realized an important question. Oh right, ye Zhilan brought that brat surnamed Chen to find the old man. I wonder what he’s up to this time? ”

“There’s definitely something fishy going on!” “Why don’t we go over and eavesdrop?” ye linyun suggested immediately.

Ye yanmo smiled profoundly and said indifferently, ” “There’s no need to trouble yourself. I have eyes around the old man!”

“Then let’s just wait and see!” Ye Lingyun laughed sinisterly.

In the city Lord’s Hall.

Ye Zhilan and Chen Xiaobei waited for a while before ye Hongtian came out of the study.

Beside ye Hongtian was a middle-aged woman.

This middle-aged woman seemed to be old, but overall, she was still very beautiful. She had a good temperament and could be said to still be charming.

“Grandpa! Grandma si!”

Ye Zhilan stood up and bowed politely.

Chen Xiaobei noticed that ye Zhilan had addressed the woman as granny si.

He even had a surname.

This woman was not ye Zhilan’s grandmother, but ye Hongtian’s wife.

Moreover, this grandma Si was most likely on good terms with the entire ye family. Ye Zhilan had already acknowledged her. Otherwise, she wouldn’t have added the word ” grandma “.

“Zhilan is here! Quickly sit down! Grandma will get you some pastries!” Si Jingan smiled kindly and looked at Chen Xiaobei from head to toe. “Zhilan, who is this young man? Don’t tell me he’s your Ideal Husband?”

“Really?”

Ye Hongtian was pleasantly surprised. It’s rare for Zhilan to be so filial. You know that I don’t have much time left. Get married and have children as soon as possible. I can still hold my great-grandson!

“Ah? No! No!”

Ye Zhilan’s face instantly turned red and she hurriedly explained, “This is young master Chen. I’ve invited him to extend grandfather’s life!”

extend my life!?

Ye Hongtian and Si Jingan were both shocked.

Even Chen Xiaobei was stunned. “Didn’t I tell you to keep it a secret ...”

In Chen Xiaobei’s eyes, ye Zhilan was a very smart girl. He did not expect that she would spill the beans when she was nervous and shy.

Ye Zhilan understood what Chen Xiaobei meant. She smiled and explained, “Grandma si is one of us! She and Grandpa are of the same mind, so she will keep the secret as well!”

forget it ... Chen Xiaobei said helplessly.

The secret had already been revealed anyway.

Moreover, si Jingan didn’t seem like a bad person, so it probably wouldn’t matter if she found out.

“Zhilan! You’re not joking, right?”

Ye Hongtian squinted his eyes, looked at ye Zhilan, and then at Chen Xiaobei. “This young man’s background is unknown, and he even wants to hide his cultivation. This old man doesn’t dare to trust him!”

Chen Xiaobei was not moved at all. In fact, he even wanted to laugh.

It was not that Chen Xiaobei was hiding his cultivation, but that ye Hongtian’s cultivation was too low for him to see through.
