Chapter 4301: dumbfounded!

“You really have a trump card!”

Chen Xiaobei was surprised but not afraid.

“You should show your trump card too. It’s too boring to kill you like this.”

Killer Daoist’s face was hideous. As he spoke, he would spit out a blood mist. Within the blood mist, countless blood swords appeared, bringing with them a storm of sword Qi that enveloped the entire space. It was extremely terrifying.

“You might not be able to see my trump card.”

Chen Xiaobei smiled.

“What big words!”

With a thought from killer Daoist, the countless blood swords in the air suddenly expanded by ten thousand times.

The entire space was filled with the Blood Sword. The energy barrier made cracking sounds as if it would explode at any time.

“Whoosh ...”

Gongsun Ci was a little nervous. She quickly released a strand of Saint Qi to strengthen the barrier.

If they didn’t do this, once the barrier collapsed, almost all the spectators would die. Even the entire southern mountain range would be destroyed.

“Kill!”

Killer Daoist did not waste any more time. With a roar, countless blood swords that had been enlarged by 10000 times rained down on Chen Xiaobei like a storm.

“Nine sacred ancestor transformations! Open the primal Chaos!”

Chen Xiaobei took out his trump card.

As his life was burning away, Chen Xiaobei had stepped into the pseudo-realm of one star divine Emperor.

With the help of the one character Holy extermination curse, Chen Xiaobei was now invincible against anyone below two star divine Emperor.

This was mainly because he had only comprehended the first level of the ‘life’ character.

If he could reach the second level, Chen Xiaobei would be invincible against anyone below three star divine Emperor.

If Chen Xiaobei had reached the fifth level and above, he would be able to defeat a five star divine Emperor who was four levels higher than him.

“Whoosh ...”

Chen Xiaobei waved his hand, and the blood swords disappeared into thin air. They could not even hurt Chen Xiaobei.

Everyone, including killer Daoist, was shocked to the extreme.

In the audience, everyone’s eyes were wide open and their mouths were wide open. Their views of the world were shattered.

Even the few people from the boundless Sacred Palace were dumbstruck and frozen on the spot.

They would never have thought that Chen Xiaobei would have such a trump card.

What they didn’t expect was that it was only a small piece of paper.

“Be defeated!”

Chen Xiaobei’s mind flickered, and the word ‘life’, white and bright, fell like a falling star, crashing down on killer Daoist’s head.

Wherever the word “ Life ” passed by, all the blood swords and sword Qi storms in the air were destroyed.

There was no resistance at all.

“Bang!”

In the next moment, killer Daoist was pressed to the ground by the huge “ Life ” word.

The Blood Sword on his back was directly smoothened out.

His entire body was stuck to the ground, completely unable to move.

The absolute suppression of strength left him with no room to fight back.

“Just admit defeat.”

Chen Xiaobei looked down at killer Daoist but did not immediately kill him.

Even if his life was burning away with every second, Chen Xiaobei still wanted to keep killer Daoist alive.

That was because even though this person had turned into a malicious spirit and claimed to kill all living beings in the world, in reality, throughout the entire competition, the only person he had killed was the despicable six Wings of Heaven demon.

Before this, he had not even hurt anyone.

So, Chen Xiaobei did not think that he should die.

More importantly, Chen Xiaobei was very interested in the mysterious seal.

After all, Chen Xiaobei's next step was to break through to the Holy Emperor level.

Chen Xiaobei would be able to accumulate an extremely strong power.

Once unsealed, it could catch the enemy off guard and could be considered a new hidden trump card.

"I will not admit defeat!"

However, killer Daoist didn't appreciate it. He roared fiercely, "If you want to kill me, then do it quickly! If you let me go, I will kill you!"

"You're so stubborn!"

Chen Xiaobei shook his head and released a burst of Saint Qi.

"BOOM!"

The Saint Origin Energy hit killer Daoist's head and knocked him out.

Then, Chen Xiaobei dispelled his special ability and returned to his normal cultivation.

However, after killer Daoist fell unconscious, his physical condition began to change rapidly. His injuries continued to worsen, and his spiritual power gradually dissipated. His primordial spirit also seemed to be burning and could be extinguished at any time.

"Swish!"

Chen Xiaobei quickly stuffed the last pill he had into killer Daoist's mouth.

"Whoosh ..."

This Saint Emperor-level pill took effect instantly and stabilized killer Daoist's injuries.

Although killer Daoist had already reached one star divine Emperor and the pill couldn't heal him immediately, he would recover as long as he kept his life.

"Old senior! The outcome has been decided, you don't have any objections, right?"

Chen Xiaobei raised his head and looked at the dumbfounded Gongsun CI.

"No... No objections ..."

Gongsun CI swallowed his saliva. His old face was filled with shock.

"Whoosh ..."

The energy barrier on the stage immediately disappeared.

The tens of millions of people in the audience were silent.

Chen Xiaobei's victory was not something that anyone could not accept or object to.

After removing the seal on the Sumeru space, Chen Xiaobei sent killer Daoist into it.

After all, killer Daoist did not belong to any faction. If Chen Xiaobei did not care about him, no one would care about him.

After that, Chen Xiaobei did not leave the ring but turned to look at Qin tianlan.

“Next, do I have to fight you?”

I don’t need to rest, ” Chen Xiaobei said. let’s fight!

“This ...”

Qin tianlan was stunned. Her expression was very complicated.

From the beginning, she saw Chen Xiaobei as half a piece of trash. Later on, he was not a piece of trash, and she finally saw him as the person she wanted.

Every time her attitude towards Chen Xiaobei changed, she would be shocked.

Now that she had witnessed Chen Xiaobei defeat killer Daoist, she had completely fallen for him.

Chen Xiaobei’s talent and Foundation had far exceeded her expectations.

“There’s no need to continue fighting!”

At this time, Gongsun Ci said in a clear voice, “this last round of battle is the eldest miss” test for the victor of the martial arts competition!” And the young miss has already chosen young master Chen, so there is no need to continue with this test!”

“No!”

Before his voice had even faded, Qin tianlan had already directly flown towards the stage, ” although I’ve chosen Chen Wuming, I still want to see his strongest ability!

“Whoosh ...”

As Qin tianlan ascended the stage, the energy barrier was activated once again.

“This ...”

Gongsun Ci didn’t dare to be careless. He immediately released Saint Qi to strengthen the energy barrier.

He knew that the real battle had just begun.

“Can’t I not fight?”

Chen Xiaobei was having a headache. He had just used up a lot of his lifespan. If he were to fight again, he would have to use up even more of his lifespan. It was not worth it.

“Of course not!”

Qin tianlan said solemnly, “you are the husband I have chosen!” I need to know your true strength!”

“What?”

Chen Xiaobei was dumbfounded.

Red Envelope Group of the Three Realms

Chapter 4302: son-in-law!

“No, this is different from what I know ...”

Chen Xiaobei looked embarrassed and said, “I thought that if I won the martial arts competition, I would be able to go to the heavenly sanctuary and receive a generous reward ...”

Qin tianlan’s brows furrowed slightly as she asked in a bad mood, “Isn’t being my husband the best reward?”

“Pfft ...”

I don’t mean to belittle you. But, we have no feelings for each other. Besides, I already have a wife ...
Chen Xiaobei said.

“If you don’t have feelings, you can slowly cultivate them! He wasn’t afraid even if he had a wife. Wasn’t it normal for a man to have three or four wives? My dad has eighteen wives, but he’s still living a carefree life every day.”

Qin tianlan raised her chin and said with a tsundere tone, “But there’s one thing I have to make clear. After I marry you, I’ll be the main wife. All the other women can step back! When I’m sitting, they must be standing!”

“No, I can’t.”

no! Chen Xiaobei shook his head. I forfeit the last round. You can marry whoever you want. Goodbye!

“Stop!”

Qin tianlan’s face instantly turned pale from anger. She clenched her teeth and said, “You’ve already been chosen by me, so you must marry me! If we come and go as we please, where will our boundless Qin clan put our face?”

“You didn’t say that the final reward was to marry you! If I had known, I wouldn’t have come!” Chen Xiaobei pursed his lips and turned to leave.

you ... Qin tianlan was so angry that she stomped her feet.”I’m that bad? You don’t like me that much!”

It had to be said that Qin tianlan’s looks were very high, her figure was not bad, and her temperament was extremely outstanding. She was definitely a first-class beauty.

Moreover, her status was extremely high. The number of people who had pursued her since she was young could simply be said to be as many as the hair on a cow.

However, her standards were extremely high, and she had long since announced that she would only marry the peerless genius that she had her eyes on!

In order to find this unparalleled genius, she had already held a martial arts competition in the heavenly sanctuary. In the end, not a single person that caught her eye could be chosen.

It was not that there were no geniuses in the heavenly sanctuary.

In that competition, three extraordinary geniuses had appeared. The three of them had even managed to get into the top ten of the 'heavenly Saint region's minor martial Saint rank' with that competition.

However, Qin tianlan still looked down on them.

The reason for their rejection had nothing to do with their talent. It was completely because they were too ugly.

From this, it could be seen that Qin tianlan's expectations of her husband were extraordinarily high. It was better to have nothing than to have a lousy husband. He had to be outstanding in all aspects.

And now ...

He turned around and left, avoiding Qin tianlan as if he was avoiding the God of plague.

This really made Qin tianlan extremely angry.

"Whoosh ..."

Before Chen Xiaobei could get far, the energy barrier came down on him and trapped him in the ring.

The energy barrier was as strong as a Holy Emperor. Even though Chen Xiaobei could escape, it would consume a lot of his mental power. Even if he managed to escape, he would not be able to escape from Qin tianlan's clutches.

"What do you want?"

Chen Xiaobei frowned and turned to Qin tianlan.

"I want you to marry me! Be the son-in-law of the boundless Qin clan!"

Qin tianlan placed her hands on her hips, her attitude extremely unyielding.

After all, the heavenly sanctuary could no longer choose a husband. Qin tianlan had spent a lot of effort to organize this martial arts competition in the earth Sanctuary.

She had finally chosen Chen Xiaobei after so many people, and she would not let him go so easily.

"Son-in-law? You're crazy."

Chen Xiaobei sighed. I'll never marry you. I'll never marry you and be your live-in son-in-law! Let me go! Don't force me to do it!

As soon as he said that, the tens of millions of people in the audience were dumbfounded.

It was not an exaggeration to say that 99.9% of the men in the Holy earth region wanted to exchange positions with Chen Xiaobei.

If he became the son-in-law of the boundless Sacred Palace, he wouldn't just be able to soar up to 90000 miles!

In an instant, he would be able to reach a level above the earth Saint realm.

It was a level higher than everything in the earth Holy region.

He would struggle for a trillion years less!

However, Chen Xiaobei did not cherish this opportunity and even threatened to attack Qin tianlan. Was he out of his mind?

Those who had a grudge against Chen Xiaobei were all eager to try, hoping that Qin tianlan would kill Chen Xiaobei.

Chen Xiaobei's friends started to worry.

Even Yun niyue and Luo Wuji were at a loss and didn't know how to end this.

If Chen Xiaobei and Qin tianlan fell out, even if they had to pay the entire Luo clan and the entire Renegade Moon Palace, it would not be enough to fill the gap between the teeth of the boundless Holy Palace.

It was simply too terrifying that the situation had developed to this point.

The consequences would be unimaginable.

"You little brat! Do you really think you're invincible?"

Qin tianlan was burning with anger. Her beautiful eyes instantly glowed with Amethyst-like primordial chaos sacred splendor. It was like a crystal shuttle that bloomed with endless sharpness amidst its magnificence.

I'm not invincible, but if you force me to do something I don't want to do, I'll have to fight to the death!

Chen Xiaobei was very determined.

He still had a lot of business to do, so how could he have the time to be a live-in son-in-law?

Furthermore, he and Qin tianlan had no feelings for each other. This kind of marriage was something that Chen Xiaobei was most against.

"Since you're looking for death! Then don't blame me!"

With a thought from Qin tianlan, the thousands of Amethyst blades formed a Crystal Light domain and completely enveloped Chen Xiaobei.

From the energy fluctuations, the power of this move was infinitely close to that of a two star divine Emperor.

However, this was probably not her true strength.

She was afraid of hurting her chosen husband, so she didn't try her best.

However, even if she did not use her full strength, she was already very, very terrifying.

In terms of strength, her attack was definitely comparable to Chen Xiaobei's strongest attack. In fact, it might even be slightly stronger than Chen Xiaobei's.

She had deliberately held back her strength so that Chen Xiaobei would not be injured while she was still in a fight.

"We've come to an agreement, if I win, you must let me go!" Chen Xiaobei's eyes narrowed as he prepared himself for battle.

Qin tianlan was extremely confident in her own strength. "No problem! As long as you can withstand this move of mine, I'll let you go!"

"Ancestral Saint, open the chaos!"

Chen Xiaobei did not waste any more time. He burned a large amount of his lifespan and once again stepped into the pseudo-realm of an early one star divine Emperor.

"One word, exterminate!"

After that, Chen Xiaobei activated the one character Saint-killer curse and raised his combat power to the same level as before. He was basically invincible against anyone below two star divine Emperor.

heh, you're still using the same moves as before. Don't even think about escaping from my palm!

Qin tianlan laughed indifferently, her face filled with an expression of absolute victory.

Even though Chen Xiaobei was invincible against anyone below two star divine Emperor, Qin tianlan's cultivation was above that.

The situation was already out of Chen Xiaobei's control.

Chapter 4303: The black shadow!

4303 The black shadow!

Please enter the main body. One had to know that there was a billion times difference between a two star divine Emperor and a peak one star divine Emperor.

Qin tianlan was able to control her power to a level that was a billion times higher than Chen Xiaobei's. In other words, her power was on another level, and she could definitely overpower Chen Xiaobei.

However, Chen Xiaobei was the man that Qin tianlan had spent so much time and effort to pick.

Therefore, Qin tianlan would never hurt Chen Xiaobei.

Although he was stronger than Chen Xiaobei, he controlled his strength within a reasonable range. He only wanted to defeat Chen Xiaobei and not let him get hurt.

And this was the key to Chen Xiaobei's victory!

"One Qi turning into Three Pure Ones!"

Chen Xiaobei took out his strongest trump card.

All of a sudden, the Dharmakaya left the body, the real entity of Pangu, which was condensed with the light of the sun, moon, and stars.

Then, the real body of Pangu was divided into three, which evolved into the Dharmakaya of taiqing, Yuqing, Shangqing, and Pangu.

With that, Chen Xiaobei's strength had increased by three times.

Because Qin tianlan had controlled her strength, she did not want to hurt Chen Xiaobei.

Therefore, Qin tianlan's strength was not three times stronger than Chen Xiaobei's.

"BOOM! BOOM! BOOM!"

Without waiting for Qin tianlan to react, the Three Pure Ones dharma body had already rushed out. With unparalleled and terrifying power, it charged at Qin tianlan's Amethyst domain.

"Boom boom boom ..."

Qin tianlan was caught off guard. She wanted to increase her strength, but it was already too late.

With a huge commotion, the purple crystal territory instantly collapsed.

Even the energy barrier that enveloped the arena was shattered.

The entire competition space was shaken by it.

Everyone was dumbfounded. Their scalps tingled as their worldview was once again overturned by Chen Xiaobei. They looked at Chen Xiaobei as if they were looking at a black hole. They felt that they would never be able to see through this young man's true power.

Including Qin tianlan and the three emissaries from the Holy Palace, they were all so shocked that they couldn't speak for a long time.

[ding Yingying's cultivation Level: Intermediate five stars Saint King. Lifespan: One universe year!]

Although Yi Qi turning San Qing was powerful, his lifespan was burning too quickly. In addition to what he had burned during the battle with killer Daoist just now, his lifespan had been reduced by a whole eternity.

If he didn't quickly withdraw his ability, he was afraid that he would be burned out in the next one Eon.

Chen Xiaobei was going all out so that he would not have to marry into the boundless Sacred Palace.

eldest miss Qin, I've already won. I hope you can keep your word. Goodbye!

Chen Xiaobei cupped his hands and turned around to leave.

One step, two steps, three steps.

"Whoosh ..."

Before Chen Xiaobei could go far, Qin tianlan released a burst of Saint Qi and wrapped Chen Xiaobei up, pulling him back to her side.

This time, Qin tianlan did not hold back. She released her two star divine Emperor level Saint Vital energy, not giving Chen Xiaobei any chance to escape.

“Young lady Qin! You can’t be such a rascal, right? He had said in front of everyone just now that if he broke his move, he would let him go! You’re going back on your word in the blink of an eye!”

Chen Xiaobei furrowed his brows. He did not think that the lady of the boundless Holy Palace would be so shameless.

“I said you could leave, but I didn’t say I wouldn’t catch you!”

Qin tianlan laughed complacently. I’ve already allowed you to take three steps. You didn’t go far. Don’t blame me.

you ... Chen Xiaobei was so angry that he almost vomited blood.

This was really a case of a scholar meeting a soldier, and even if he was reasonable, he couldn’t explain it clearly.

at first, I didn’t like you very much. I didn’t expect you to break through my purple crystal domain!

Qin tianlan smiled in satisfaction, “ your talent is the best among all the people I’ve seen! I’ve already decided that I’ll marry no one else but you!”

“What the f * ck ...”

Chen Xiaobei was having a headache.

If he had known earlier, he would have lost on purpose.

Perhaps Qin tianlan would despise him for being too weak and let him go instead.

It was too late to regret.

Chen Xiaobei could not get away from Qin tianlan’s clutches.

boom boom boom!!!

However, at this moment, an extremely terrifying shock came.

The entire fighting space started to shake violently.

what’s going on?!

Qin tianlan’s gaze focused and she immediately looked at Gongsun Ci.

“Young miss, be careful! There’s an attack from an expert!”

Gongsun Ci immediately tensed up. She rushed to the ring and stood in front of Chen Xiaobei and Qin tianlan.

Chen Xiaobei was shocked.

What kind of expert? Even Gongsun Ci and Qin tianlan had to be so nervous!

boom boom boom!!!

There was another loud noise, and a huge crack appeared in the competition space.

“Swish!”

Then, a black shadow descended from the crack.

“It’s him!”

Chen Xiaobei’s expression changed.

The black shadow was the one who destroyed the entire southern region when Chen Xiaobei was spying on the future.

The omniscient chaotic eyes could indeed peer into the future.

This person had really come.

However, Chen Xiaobei had already expected this. He had already asked su mi to integrate the entire southern region into the beixuan great world.

Although he didn’t know the black Shadow’s purpose.

However, he could no longer find the southern region, so he could only take action against the combat space.

“You ... Quickly leave!”

At this critical moment, Qin tianlan let go of Chen Xiaobei and said nervously, “If you’re not dead, I’ll definitely find you!”

Then, Qin tianlan pushed Chen Xiaobei away.

“What’s going on? Is that black shadow an enemy of the boundless Sacred Palace?”

Chen Xiaobei was confused but did not have time to think.

He immediately flew to the stands and sent everyone from the ye family and the corpse temple into the Meru space.

At the same time, Luo Wuji hurried back to the Luo family stands to protect his clansmen.

Yun niyue did not leave and followed Chen Xiaobei.

“Don’t you care about your people?”

Chen Xiaobei asked, frowning.

“No matter! The existence of the reverse Moon Palace was to find clues to the one word Holy extermination curse! Now That I’ve Found You, there’s no point in entering the palace!”

Yun niyue grabbed Chen Xiaobei’s hand tightly without saying anything.

She wanted to take Chen Xiaobei and escape.

However, he realized that he was too late.

“Whoosh ...”

In an instant, the entire battle space was covered in a layer of Black Saint Origin Energy.

It was like a huge energy cage, and no one could escape.

“Swish!”

Then, Luo Wuji flew back.

At this moment, everyone from the Luo family had been sent into the Meru space.

“Young master Chen, what should we do now?” Luo Wuji asked urgently.

Obviously, at this moment, Luo Wuji and Yun niyue had no way to escape. They could only place all their hopes on Chen Xiaobei.

After all, Chen Xiaobei’s Foundation was terrifying. They could place their hopes on him.

I do have a way to escape, but Qin tianlan might be in danger ... Chen Xiaobei hesitated.

Qin tianlan had let Chen Xiaobei go at the last moment. It was clear that this girl was still very kind.

Even though Chen Xiaobei did not want to marry her, he did not want anything to happen to her.

[Red Envelope Group of the Three Realms](#)

Chapter 4304: The second sacred soul!

4304 The second sacred soul!

“Boom boom boom ...”

Just as Chen Xiaobei was hesitating whether he should help Qin tianlan, the mysterious shadow had already launched its attack.

A terrifying power descended, and the entire space trembled.

The dark energy did not seem to fluctuate, and it was impossible to tell the strength of the black shadow.

However, in the next second, the tens of millions of spectators around them began to die in a tragic way.

Large groups of audience members fell to the ground like harvested straw.

It was as if his body had been corroded by poison, and his flesh festered, revealing his white bones.

His primordial spirit fused with the darkness and disappeared without a trace.

“Young master Chen! Quickly think of a way!”

no! Luo Wuji was completely anxious. once the dark energy spreads, the three of us won’t be able to escape!

“Whoosh ...”

Chen Xiaobei activated the chaos mark and opened the portal to the beixuan great world.

Even though Chen Xiaobei wanted to help Qin tianlan, with his current cultivation, he would not be able to help her at all. Instead, he would only drag his allies down with him.

“Whoosh, whoosh, Whoosh!”

Then, Chen Xiaobei, Yun niyue, and Luo Wuji entered the beixuan realm.

As the spatial gate closed, a dark force enveloped the entire area.

All the audience members turned into white bones.

The entire competition space shattered inch by inch, and the painting returned to nothingness.

.....

In the beixuan great world.

Su mi had successfully completed Chen Xiaobei’s plan.

The entire southern region had been integrated into the northern mystic region of the northern Mystic great world.

With that, the future that Chen Xiaobei had seen using the chaotic sacred eyes had been completely rewritten.

However, the tens of millions of people in the tournament space had all been slaughtered.

Qin tianlan, Gongsun Ci, and the others were also in an unknown state.

Chen Xiaobei felt a little regretful.

reality is cruel. Only absolute power can rule everything!

Yun niyue lazily blew at the wind and comforted, “ there’s no point in you being conflicted here. If you want to protect more people, you have to be stronger.

“I know,”

Although Chen Xiaobei felt a little regretful, his strong state of mind allowed him to quickly walk out of it and regain his spirits.

“Childe Chen, does this independent world belong to you?”

Luo Wuji looked at the picturesque scenery around him and couldn’t help but say in surprise, “I feel that this is very similar to a Saint Soul world!”

the Saint Soul world!?

Chen Xiaobei was taken aback.

He had already learned from little Chen Zhao that the biggest difference between a Saint Emperor and a Saint King was that the primordial spirit of a Saint Emperor could evolve into a Saint Soul.

And in the Saint Soul, an extremely huge Saint Soul world could be born.

Different sacred emperors would use the sacred soul world to cultivate different abilities.

For example, the rebirth of the body, the extension of lifespan, the enhancement of power, and so on ...

The more powerful the Saint Soul world was, the more heaven-defying the special ability's effect would be.

For example, in a Saint Soul world that focused on strength, Saint emperors were everywhere, and Saint Kings were as many as dogs. Then, the master of this sacred soul world could even fight against sacred emperors with a mortal body.

From this, one could see how great the improvement of the Saint Soul world to a Saint Emperor was.

This was also why Saint rulers were like ants before Saint emperors.

And at this moment!

Luo Wuji actually said that the beixuan great world was a bit like the Saint Soul world.

This immediately caught Chen Xiaobei's attention.

If the beixuan world was the same as the sacred Spirit world, that meant that Chen Xiaobei could also cultivate a Sacred Spirit ability.

More importantly, Chen Xiaobei thought that it was highly possible.

This was because when the heavenly axiom was still in control of this world, it had imprisoned sect leader Tongtian and mother Nuwa.

If it was just to collect energy, the heavenly Dao might not have kept these two major problems.

In other words, the heavenly path relied on the heavenly path sages. Not only could they collect energy, but they could also obtain some very important benefits.

For this reason, the heavenly Dao had not killed sect leader Tongtian and mother Nuwa.

"This old man was fortunate enough to enter the world of a Saint Emperor's Saint Soul in the past. There really is a similar presence here, but it can't be said to be completely the same, so this old man isn't completely certain ..."

Luo Tianji narrowed his eyes and continued to sense the aura inside the beixuan great world.

"This is actually the second sacred soul of the sky burying Yuan sacred clan!"

At this moment, Yun niyue spoke very calmly.

"I originally suspected that you were from the sky burial Yuan sacred clan, but it seems that I was too suspicious. How could you be a member of the sky burying Yuan sacred clan if you don't even know about the second sacred soul?"

"Don't keep me in suspense. Tell me quickly, what exactly is going on with this second sacred soul?" Chen Xiaobei could not wait any longer.

“The sky burial Yuan sacred clan has a unique secret treasure called the heaven Earth embryo membrane! A completely independent world can be born from it!”

it’s the heaven Earth embryo membrane, ” Yun niyue explained. the sky burying Yuan sacred clan can obtain energy from the slaves in this world. They can also cultivate a power that’s the same as the Saint Soul special ability!

after the sky burying Yuan sacred clan reaches the realm of Saint Emperor, they can create a Saint Soul world. With an independent world in the embryo of heaven and earth, it’s equivalent to a second Saint Soul world with two Saint Soul abilities!

“This is also the greatest advantage of the sky burying Yuan sacred clan! It’s impossible to defeat them in the same realm!”

Yun niyue’s face darkened.

To her, the sky burial Yuan sacred clan had been invincible in the past, and it was still out of her reach now. She could only look up to them.

He didn’t know when he would get his revenge.

“As expected!”

Chen Xiaobei was in a much better state of mind than Yun niyue. No matter how terrifying the sky burying Yuan sacred clan was, his face was filled with joy.

“Why are you so happy?”

Yun niyue sighed lazily, “I don’t know how to use the heaven Earth fetal membrane to cultivate the second sacred soul’s ability ...”

It was obvious that Yun niyue only knew more about the sky burying Yuan sacred clan.

However, the cultivation of the second Saint soul’s special ability could be said to be the top secret of the sky burial Yuan sacred clan. Yun niyue knew nothing about it.

If he didn’t know the cultivation method, anything he said would be in vain.

“Maybe someone knows!”

Chen Xiaobei raised his eyebrows and summoned Hongjun.

Chen Xiaobei did not kill Hongjun earlier because he had a lot of secret information in his mind.

However, Hongjun might not know the cultivation method of the second Saint soul’s special ability.

Chen Xiaobei only wanted to take a gamble. It all depended on how much trust the heavenly axiom had in Hongjun.

“Heaven peeking eye technique!”

Chen Xiaobei did not waste any more time and started to look into his memories.

The heaven-peeking eye technique couldn't peek into a Saint Emperor's memory, but it was easy to peek into Hongjun's.

Very quickly, Chen Xiaobei had read through all of Hongjun's memories.

Red Envelope Group of the Three Realms

Chapter 4305: Saint of all living beings!

4305 Saint of all living beings!

He had never expected this!

Hongjun's hidden identity was actually one of the direct disciples of the way of heaven.

The heavenly Dao had already passed on the cultivation method of the second sacred soul's special ability to him.

In addition, Hongjun had also learned the "Yuan Sage's eternal life curse", which could prolong one's life, and the "Burning Soul realm breaking curse", which could break through the fake realm.

At the same time, Chen Xiaobei discovered many important secrets!

These secrets were related to the specific situation of Tian Dao and the situation of Tian Dao's other personal disciples. There were also some plans that they were currently plotting.

The point was that these people were all in Hongjun's memory, including their appearances.

So, in the future, Chen Xiaobei would be able to recognize them as soon as he saw them.

Knowing the situation in advance would allow Chen Xiaobei to plot against them. This was a huge advantage.

Of course, with Chen Xiaobei's current strength, he could not use these secrets to do anything.

The most important task at the moment was still to further improve his strength.

After that, Chen Xiaobei locked Hongjun into the spirit condensing space and started to plan.

"According to Hongjun's memories, the most common special abilities of the second sacred soul are longevity, strength, and rebirth. To put it bluntly, it was to fight and to save their lives. After all, you can only become stronger if you survive."

Other than that, there are also some less popular abilities, such as pill refining, weapon refining, beast taming, formation, etc. Although these abilities are useful, they still need the help of external objects to display their effects. Therefore, very few people choose them.

Obviously, refining pills and weapons required high-quality natural treasures.

Taming beasts required powerful Saint beasts.

The formation also required a treasure that was engraved with runes to suppress the formation eye.

Moreover, after obtaining a special ability, he had to learn the corresponding skills, which could be said to be very troublesome, time-consuming and laborious, and there was a risk of failure.

It could be said to be a waste of effort.

Naturally, very few people were willing to cultivate these unpopular Saint Soul abilities.

“Putting aside this type of ability-type special ability, there’s another type, the Saint Soul special ability that’s closely related to a person’s talent! For example, the all-knowing divine Emperor cultivated the spatial ability, which is related to his chaotic eye whizard talent!”

“The chaotic sacred eyes can see through all space and know the past and the future! That’s why the omniscient divine Emperor cultivated the Saint soul’s spatial ability. Not only can he see the space he’s thinking of, but he can also affect it through the spatial ability!”

once the spatial ability of the Saint Soul is cultivated, the omniscient Saint Emperor’s control of the spatial laws will be greatly improved. He can create destructive space with a flick of his finger and a spatial storm with a thought. It’s extremely terrifying!

Chen Xiaobei was more inclined to choose the last ability.

That was to develop a Saint Soul special ability that was most suitable for one’s own talent.

Of course, Chen Xiaobei did not know what his greatest talent was.

He seemed to know everything, and he was very proficient in everything.

“I don’t care anymore. I’ll try to cultivate according to the method and follow my heart and feelings! I’ll train in whatever special ability I trigger!”

Chen Xiaobei did not think too much about it. After all, this was only the second divine soul’s special ability that was derived from the heaven and earth fetal membrane.

When Chen Xiaobei became a Holy Emperor, he would be able to cultivate the true Holy soul ability again. He would have a second chance to choose it, so this time, he would just treat it as an experiment.

If it really didn’t work, he could change to another heaven Earth fetal membrane and choose again.

Anyway, cultivation was a piece of cake for Chen Xiaobei. If he was not satisfied with it, he could just choose another one.

“Whoosh ...”

Chen Xiaobei started to channel his cultivation.

However, not long after he started, Chen Xiaobei stopped again.

“I’m still too naive ...”

this cultivation technique has reached the level of a Holy Emperor. In order to activate the Saint soul’s special ability, I need to burn a huge amount of energy. It seems like I can’t just randomly choose my special ability ... Chen Xiaobei said.

“Whoosh ...”

Then, Chen Xiaobei released the last bit of one star divine Emperor’s energy he had.

Once he entered the cultivation state again, a huge amount of energy was being burned every minute and second.

Obviously, Hongjun was trapped in Pangu world because he lacked energy. Therefore, even if he had learned the cultivation method, he couldn't produce the special ability of his second Saint Soul.

Chen Xiaobei was much luckier.

He had seized enough energy from situ yang long and Dongfang Yunsheng.

Not only did he take the massive southern region into the mysterious North great world, but he also had enough left to cultivate the second sacred soul's special ability.

This set of operations could simply be said to be smooth sailing.

The size and population of the southern region far exceeded that of the beixuan realm.

After this round of integration, the new North Mystic great world would have 3000 North Mystic Sage seats, 300 North Mystic sacred king seats, and three North Mystic Sacred Emperor seats.

Once these seats were filled, the beixuan world would be able to provide Chen Xiaobei with more energy every day.

More importantly, this new world would greatly strengthen Chen Xiaobei's Saint Soul power.

It was clear that this series of operations were closely linked and complemented each other, forming a virtuous cycle that greatly increased Chen Xiaobei's strength.

"BOOM!"

As he was cultivating, Chen Xiaobei felt as if there was a thunderclap in his mind.

A magnificent scene appeared in his mind.

Auspicious signs filled the sky and purple Qi came from the East. A vast divine martial giant stood upright and looked down on the eight desolates.

Behind the giant, there was a Holy Radiance that was like the sun, moon, and stars.

It exuded a unique aura of creation.

Creation!

Creation! Creation!

Chen Xiaobei quickly realized the truth.

That's right, this giant was the Supreme divine ancestor of the Saint pan race!

At first, Chen Xiaobei was not sure what his greatest talent was, but now he finally knew.

His talent was the talent of the Saint pan clan!

The creation of the heavens and earth, the creation of the world!

He could be called the Saint of all living beings!

At the same time, Chen Xiaobei thought of the one-word Saint-killer curse.

The incantation had a total of nine words: profound, pan, life, Hong, origin, beginning, extreme, destruction, and nothing!

The word 'pan' represented the divine ancestor of the Dao of creation, the creator of the Holy domain of Saint Pan's longevity heaven. He had endless power of creation!

Of course, this was only the content of the one word Saint destroyer curse. It might not be the same as the second ability of the Saint Soul.

However, the difference between the two might be because Chen Xiaobei's cultivation was not high enough.

When Chen Xiaobei reached the corresponding height, he should be able to make the two end up in the same place.

"Whoosh ..."

Very quickly, Chen Xiaobei was able to confirm his special ability.

He could clearly feel that the ancestral Saint bloodline in his body had started to boil.

His special ability was gradually forming.

Red Envelope Group of the Three Realms

Chapter 4306: A big gift!

4306 A big gift!

As the special ability was gradually formed, Chen Xiaobei could already feel the specific effects.

"It's the bloodline level!"

Chen Xiaobei's face lit up with joy. This was the special ability that he needed the most right now.

Chen Xiaobei's current bloodline was derived from the inheritance of Pangu's blood essence.

Therefore, it was only a one star Saint Emperor.

As a result, Chen Xiaobei could only step into the pseudo-realm of a one-star divine Emperor when he used the ancestral Saint to open the chaos. Even if he used all his trump cards, he could only be invincible under two star divine Emperor.

That was the limit of Chen Xiaobei's current power.

And at this moment ...

Chen Xiaobei, who had derived the second sacred soul's special ability, now had the chance to break the upper limit.

"Whoosh ..."

As the special ability was born, a Sacred Emperor bloodline mark was born in the mysterious North great world.

This meant that the divine soul's bloodline ability had appeared in Chen Xiaobei's body.

based on the current situation, my bloodline has already advanced by two minor realms. This is only the beginning!

Chen Xiaobei said excitedly, " in a while, as long as I choose 3000 North mystic saints and 300 North Mystic sacred Kings, my bloodline will reach the peak of a one-star divine Emperor!

"I'll find another three North Mystic sacred emperors and my bloodline will rise by a whole new level! Even if I'm only an early two star divine Emperor, I'll be invincible under three star divine Emperor!"

Without a doubt, the appearance of the divine soul bloodline ability had not only allowed Chen Xiaobei to break through the upper limit of his strength, but also allowed him to break through. It also gave him unlimited possibilities.

If they could find three peak-level North Mystic Divine emperors, Chen Xiaobei's bloodline would be elevated to peak-level divine Emperor.

At that time, he would be absolutely invincible under the divine ancestor realm.

In the future, as the beixuan great world continued to expand, there would be a beixuan divine ancestor.

That meant that Chen Xiaobei's bloodline would reach the level of a holy ancestor.

Just thinking about it made him feel great.

Chen Xiaobei could not wait any longer.

The three thousand bei Xuan Saints were easy to choose. He first arranged for all of his former companions. The remaining spots were evenly distributed to their allies.

The three hundred North profound sacred Kings were also very easy to choose. There were many suitable candidates from the Holy Phoenix tribe, the LAN family, the ye family, and the corpse Palace. If there weren't enough, the rest would be chosen from the southern region.

Right now, Xuan Yongyu and the core upper echelon of the Xuan Yong clan had all died in the battle arena.

The most powerful people in the entire southern region were the three star Saint King ye Hongtian and the corpse Saint Emperor.

In addition, there was Liu xuanxin, who was a four star Saint King, and LAN mengchen, who was a three star Saint King.

It was enough to suppress the entire beixuan great world, and no one would dare to mess around.

Finally, Chen Xiaobei was troubled by the North Mystic Divine Emperor.

Currently, only one person could be chosen.

That was old crazy.

Luckily, old Feng was a two star divine Emperor.

In addition to all the Saint positions that were previously distributed.

In addition, the beixuan great world's population had skyrocketed, and the population had high cultivation bases.

Finally, Chen Xiaobei's bloodline level had increased by one major realm.

Moreover, from today onwards, the beixuan realm would provide Chen Xiaobei with a peak one star divine Emperor's energy every day.

This way, Chen Xiaobei would have enough energy to upgrade the Hongmeng Sacred Heart or continue to cultivate the one word Saint destroyer curse.

It's a pity that there are still two empty positions for the North Mystic Sacred Emperor. Otherwise, my bloodline could have been upgraded and the energy I receive every day could have increased ...

Although Chen Xiaobei felt great, he still had room for improvement.

"Right now, I can't completely control the Saint Emperor. Otherwise, Situ Yanglong and Dongfang Yunsheng would be able to fill in the gap ..."

I'll ask Su Mi later if her master can create a higher grade talisman than the White Lightning God-slaying talisman. As long as there's a way, I can learn it!

Chen Xiaobei was very confident in his ability to learn.

Soon after.

Chen Xiaobei then found Yun Niyue and Luo Wuji.

Yun Niyue's attitude was very clear. She was going to form an alliance with Chen Xiaobei and move together in the future.

Luo Wuji, on the other hand, said that he wanted to return to the Luo family. After all, such a large family was still in the Cangsheng Heaven region, so he couldn't stay.

However, before Luo Wuji left, he gave an important suggestion.

If Chen Xiaobei had enough power, he could take the entire Cangsheng Heavenly region into the Beixuan Great World. Then, Luo Wuji would bring the entire Luo family under Chen Xiaobei's command.

The Cangsheng Heavenly domain was one of the most powerful domains in the Earth Holy domain.

It was a billion times larger than the Southern Mountain Range, and its population and cultivation base were a billion times higher.

Once the Cangsheng Heavenly region was integrated into the Beixuan Great World, it would be a huge improvement for Chen Xiaobei.

At that time, the number of North profound sages would probably become 300 million, and the number of North profound sacred Kings would probably become 30 million.

In addition, there were 30000 North Mystic sacred emperors.

Wasn't that the legendary extreme path world where Saint Kings were as numerous as dogs and Saint emperors were everywhere?

Once Chen Xiaobei distributed all the positions, his bloodline would reach the peak of the Holy Emperor level in a matter of minutes.

The amount of energy he could harvest every day would also be an astronomical figure.

Of course, there was a price to pay for every gain.

If he wanted to merge the Cang Sheng heavenly region with the mysterious North great world, he would probably need a three-star divine Emperor-level divine Meridian.

A Holy Meridian of this level did not exist in the earth Holy region.

Only by going to the heavenly sanctuary could he obtain it, and the process of obtaining it would be extremely difficult.

For now, Chen Xiaobei could only keep this in mind and wait for the right time to do it.

Finally.

Before Luo Tianji left, Chen Xiaobei gave him and Yun niyue a big gift each.

That's a hundred drops of Saint Emperor Mystic resin for each person.

From the remains of the omniscient Holy Emperor, Chen Xiaobei had obtained a Lake-sized Holy Emperor Mystic resin. This substance was extremely beneficial to one's cultivation. Not only could it increase one's cultivation, but it could also help one break through the bottleneck of one's cultivation.

Luo Wuji and Yun niyue had both reached the peak of the Saint King realm, but they still lacked the opportunity to break through the bottleneck.

Now that Chen Xiaobei had given them enough of the Saint Emperor Mystic resin, it was as good as giving them an opportunity.

Luo Wuji and Yun niyue were naturally very surprised.

One had to know that the Saint Emperor Mystic fat was extremely rare and expensive. Even a small drop could be said to be priceless.

Therefore, even people as strong as Luo Wuji and Yun niyue couldn't afford enough Saint Emperor Mystic resin.

And now, Chen Xiaobei had given it to them.

The two of them were overjoyed. They thanked Chen Xiaobei profusely, but at the same time, they were shocked by Chen Xiaobei's unfathomable Foundation.

It was a pity that neither of them could stay in the North Mystic great world for long. Otherwise, it would be the best choice to let them become the North Mystic Sacred Emperor.

Finally, Chen Xiaobei opened the portal and returned to the sparring dimension.

Red Envelope Group of the Three Realms

Chapter 4307: Saint Emperor

At this moment, the competition space had completely disappeared.

Chen Xiaobei, Luo Wuji, and Yun niyue were all in the dark, as if they were in a corner of the universe.

Of course, there was a strong smell of blood in the air.

This could prove that the previous massacre had really happened.

Tens of millions of spectators were slaughtered.

This included the xuanyong clan and the Tianyuan clan.

In the face of great power, the weak were as weak as ants.

Even geniuses like the cold divine Dao and Tianyuan fengwu had no room to resist and were instantly turned into dust.

Childe Chen, I'll take my leave now. I'll be waiting for you in the cangsheng heavenly region!

Luo Tianji was completely convinced by Chen Xiaobei. Before he led him away, he even bowed to Chen Xiaobei, completely treating him as a senior.

Clearly, the Luo family had made up their mind to cling to Chen Xiaobei.

Therefore, although Luo Wuji couldn't become the North Mystic Divine Emperor now, he would definitely be one of them in the future.

Chen Xiaobei was giving him the Saint Emperor Mystic resin as an early investment.

"Young master Chen, let's quickly leave! If the enemy retaliates, the consequences will be unimaginable!"

Yun niyue was very vigilant. After all, with the enemy's strength, even if they temporarily left, they might continue to monitor this area to prevent any fish from escaping.

Yun niyue had once been in charge of the largest assassin organization in the earth Holy region. She was very familiar with this kind of method.

"En, I'll take you to a place where you can focus on improving your cultivation."

Chen Xiaobei stepped into the void.

Very soon, the two of them arrived at the primordial chaos Heaven's Heart.

This was an absolutely hidden place, and it was very safe.

Yun niyue could break through to the next realm in peace here.

Chen Xiaobei could also use this opportunity to increase his cultivation.

“Whoosh ...”

And there were five divine lotuses in the chaos mark.

Therefore, every time Chen Xiaobei wanted to level up, he would need to use six times the energy.

Of course, the excessive spending had also given Chen Xiaobei a great cheat, which was to break through without any bottlenecks.

As long as Chen Xiaobei had enough energy, he would be able to break through to the later stages of the divine Emperor realm without any bottlenecks.

By then, Chen Xiaobei would be able to break through to the late stage or even the pinnacle of the divine Emperor realm if he used the mystic resin.

This was definitely a way to cheat.

The only problem was that he needed sufficient energy.

That was because the higher one's cultivation, the more energy they would consume.

At the level of Saint Emperor, one could only advance one minor realm by using six Saint Emperor level Saint veins that were one minor realm higher.

Just thinking about it was terrifying!

“Whoosh ...”

On the other side, Yun niyue took out the 100 drops of Saint Emperor Mystic resin that Chen Xiaobei had given her and began to refine and absorb them.

She purposely kept a distance from Chen Xiaobei.

This was because when a Saint ruler broke through to Saint Emperor, they would still need to go through the baptism of the Saint calamity even with the help of the Saint Emperor Mystic fat.

Everyone knew that the greatest difference between Saint emperors and Saint rulers was the transformation of the soul.

This saint's ordeal was a test of the primordial spirit.

Only through the baptism of the divine catastrophe could one's primordial spirit evolve into Mr. Wang's Saint Soul! Only then would he be able to successfully reach Saint Emperor!

The core of a Saint Soul was the primordial spirit, while the foundation of a special ability was the spirit.

Therefore, this test did not have much to do with one's cultivation base and strength.

It was mainly a test of one's state of mind and spiritual power.

It was very difficult for a person with a weak mental state and weak spiritual power to pass the test.

Once the divine catastrophe backfired, it was very likely that one's state of mind would collapse and one's energy would be exhausted. In a light case, one would be reduced to dementia, and in a serious case, one's primordial spirit would be destroyed.

Yun niyue was also afraid that she would not be able to withstand the divine catastrophe and would bring Chen Xiaobei trouble.

However, the facts proved that Yun niyue was still too cautious.

For many years, she had carried the burden of hatred alone, constantly climbing up to survive, experiencing countless trials of life and death, and seeing through countless storms and waves.

Her state of mind was much stronger than the average person's.

The test of the divine catastrophe didn't cause her much trouble, and she passed it smoothly.

"Whoosh ..."

With an extremely mysterious and special energy, Yun niyue could clearly feel that her primordial spirit was like breaking out of a cocoon, and it was cracking open piece by piece.

From the cracks, a dazzling, holy golden light bloomed.

The Saint Soul broke out of the cocoon, and it was like a crystal sculpture of Yun niyue. It was exquisite and lifelike.

"Whoosh ..."

Yun niyue further comprehended and instantly opened up an infinitely vast space in her Saint Soul.

And this space was for her to build the sacred soul world.

The larger the space, the larger the Saint Soul world that could be built, the more living creatures it could contain, and the more benefits it would bring to her.

"Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!"

Then, the five elements of gold, wood, water, fire, and earth came out of Yun niyue's body and merged with her Saint Soul.

Instantly, an extremely visually impactful scene exploded.

The earth attribute gave birth to huge continents, the water attribute gave birth to rivers and seas, the fire attribute gave birth to the sun and flames, the wood attribute gave birth to forests and life, and the metal attribute gave birth to stars and mineral veins.

An original world appeared in front of him.

What was even more amazing was that as long as Yun niyue consumed her mental power, she could control all the laws in this small world at will.

Spatial dimension laws could change the location of the land and sea at will.

The Law of Time could accelerate the birth, evolution, and reproduction of life.

The energy law could send Yun niyue's energy into this world and improve the cultivation strength of living beings.

From this, it could be seen that as long as Yun niyue had enough spiritual power and energy, she could infinitely strengthen her Saint Soul world. Correspondingly, she could obtain more benefits from the Saint Soul world.

"Chi ..."

After trying out the basic operations of the world of the sacred soul, Yun niyue began to comprehend the sacred soul's special ability.

Yun niyue was different from Chen Xiaobei. She was cautious by nature, so she chose her life Esper ability without hesitation.

With the birth of a Saint Emperor's life imprint, Yun niyue gained the Saint soul's life force special ability.

With this special ability, even if she was dismembered into ten thousand pieces, as long as there was a little bit of her Saint Soul left, she could be reborn and return to her strongest state.

Although the process of rebirth and recovery would take a lot of time.

However, Yun niyue didn't care at all.

In her opinion, she could only do more things if she kept her life. If a person was dead, no matter how strong his ability was, it would be useless.

Finally, Yun niyue completed the entire process of her breakthrough. Her energy and spiritual force were almost completely consumed. She needed to recover for a while before she could strengthen the Saint Soul world again.

When she stopped and looked at Chen Xiaobei, she was completely stunned.

[Red Envelope Group of the Three Realms](#)

Chapter 4308: I am Hongjun!

4308 I am Hongjun!

Yun niyue's beautiful eyes remained in place, and her pretty face was slightly pale.

Who would have thought that in such a short time, Chen Xiaobei's cultivation would increase by four major realms and two minor realms, reaching the pinnacle of nine stars Holy King!

That's right!

A peak nine stars Saint King!

He was only a step away from Saint Emperor!

Yun niyue was completely dumbfounded. She even felt her head buzzing.

Before she met Chen Xiaobei, Yun niyue thought that breaking through to the divine Emperor realm was the most difficult thing in the world. She did not even have much hope.

After meeting Chen Xiaobei, Yun niyue had successfully broken through.

What was even scarier was that Chen Xiaobei had risen to a level that was only one step away from becoming a divine Emperor.

It was as if he could easily break through if he had a little more energy.

To Chen Xiaobei, this was nothing.

It was terrifying.

“Phew ...”

Chen Xiaobei let out a long breath and stopped his cultivation.

[ding Yingying’s cultivation base: nine stars Saint King pinnacle stage. Lifespan: Two universe years!]

This surge in cultivation not only allowed Chen Xiaobei to touch the threshold of the Holy Emperor realm, but also replenished the lifespan he had lost in the southern region martial arts competition.

This was good news for Chen Xiaobei.

However, the huge improvement came with a huge consumption.

This wave of attacks had used up all the energy Chen Xiaobei had, as well as all the energy that he had accumulated in the beixuan realm.

He had even used up all his Saint Qi Mystic crystals.

Chen Xiaobei was now a pauper.

Of course, this was not a big problem for Chen Xiaobei.

By tomorrow, the beixuan great world would be able to provide a peak one-star Saint Emperor’s energy.

Chen Xiaobei’s real concern was that once he reached the peak of one star divine Emperor, he would need six two star divine Emperor level Holy meridians to break through to the next level.

The beixuan great world couldn’t supply that much energy.

There were only two ways to solve this problem. One was to go to the heavenly sanctuary to find a Holy Meridian, and the other was to find a high-level Sacred Emperor and send him to the North Mystic great world to become the North Mystic Sacred Emperor.

Chen Xiaobei could not solve these two problems yet.

Childe Chen, I still have some energy left. Do you need to continue breaking through?” Yun niyue asked.

“No need ...”

Chen Xiaobei shook his head. the Hongmeng Sacred Heart is taking in a huge amount of energy. If it overuses it, it might collapse. Let it recover for a while. There’s no need to rush.

“What’s our next plan?” Yun niyue asked.

“Let’s go to the heavenly sanctuary directly.” “See if there’s any way to get more energy,” Chen Xiaobei said.

Soon after.

Yun niyue stepped into the void and brought Chen Xiaobei to the heavenly sanctuary.

The space law of the heavenly sanctuary was at least at the level of a one star Saint Emperor. Therefore, only Saint emperors could step through the void and enter.

Those below Saint Emperor would not be able to enter the heavenly sanctuary on their own.

It was like a huge barrier that separated the heavenly sanctuary and the earthly sanctuary, as well as the upper and lower class people.

In the eyes of the people of the heavenly sanctuary, the people of the earth Sanctuary were inferior.

Even if you were the most powerful man in the earth Sanctuary, a top genius, you would be regarded as an ant in the sky Sanctuary.

Of course, the sage Emperor was an exception.

As long as you break through to Saint Emperor, it’s equivalent to breaking through the barrier between the upper and lower class. In the heavenly sanctuary, they could also obtain great respect and a high status.

After all, even in the heavenly sanctuary, Saint emperors were still at the top of the pyramid.

The sacred ultimate domain.

This was the lower level of the heavenly sanctuary, and it was the weakest independent territory in the heavenly sanctuary.

Yun niyue and Chen Xiaobei were the first to arrive.

Yuanji city.

This was the first stop for most of the visitors from the earth Sanctuary, and it was also the weakest main city in the entire Shenghao ultimate domain.

Even though it was the weakest of the weakest, Yuanji city was still stronger than any other main city in the earthly sacred region.

In terms of the size of the main city, it was comparable to the entire southern mountain range, and the population was even more difficult to count.

Walking in Yuanji city, Chen Xiaobei and Yun niyue were both shocked.

If they had not seen it with their own eyes, it would have been hard for them to imagine that there was such a vast and boundless main city in the world.

Of course, the bigger the main city, the harder it was to manage.

Especially at the border between the earth Sanctuary and the heavenly sanctuary, it was simply a mix of good and bad.

Each force had their own small mountain, and the open and secret struggles had never subsided.

There would even be small-scale Wars from time to time.

Of course, there was still a dominant force in Yuanji city on the surface.

That was the yuan clan!

The various powers could fight, but as long as concubine Yuan appeared, she had to bow her head and listen to orders.

Therefore, in general, the chaos in Yuanji city was still under control, and there would not be too many variables.

“Young master Chen, should we leave the city? I can’t earn energy in this place, and it might be dangerous ...”

Yun niyue was very cautious and wore a veil along the way. However, there were still many men around her who gave her a lewd and lewd smile. After all, her figure was extremely attractive, and one could tell at a glance that she was a top-class beauty.

“There’s no hurry. I’m going to find someone!”

Chen Xiaobei raised his eyebrows and smiled.

“You have friends here too?”

Yun niyue was shocked. But then again, it made sense. With Chen Xiaobei’s background, it was normal for him to have a few friends from the heavenly sanctuary.

Yun niyue had even suspected that Chen Xiaobei’s backer was one of the Super forces in the heavenly sanctuary.

Golden flame Castle.

It was a Red Castle as huge as a mountain in the South of Yuanji city.

“Please wait!”

At the entrance of the castle, two red-robed guards stopped Chen Xiaobei and Yun niyue.

These two guards were five star Saint Kings. One could imagine how powerful the Golden flame castle was.

“May I ask for your esteemed names? What brings you to golden flame Castle?”

Of course, the two guards were smart. They could not see through Chen Xiaobei and Yun niyue’s cultivation, so they did not dare to be too presumptuous. They were very humble and respectful.

I’m Hongjun. I’m here to see senior brother Jin Yan!

Chen Xiaobei said arrogantly.

“Greetings, grand uncle-master!”

The two guards were stunned for a moment, then immediately knelt on the ground and kowtowed.

Hongjun?

Yun niyue looked at Chen Xiaobei in confusion. She thought that was Chen Xiaobei’s real name.

“Get up and bring me in!”

if I’m not mistaken, it’s Shixiong Jin Yan’s birthday tomorrow. I haven’t seen him in years. We must have a good drink! Chen Xiaobei said.

“This ...”

The two guards were stunned, and their faces revealed a very complicated expression.

Red Envelope Group of the Three Realms

Chapter 4309: Scheming against the heavenly Dao!

4309 Scheming against the heavenly Dao!

“What’s with your expressions?”

Chen Xiaobei pretended to be confused, but in fact, he knew everything.

“Senior granduncle, you still don’t know?”

One of the guards said respectfully, “My master golden placid divine Emperor has been in solitary cultivation for 30000 years trying to break through to the next realm. He hasn’t come out yet.”

“I really don’t know about that.”

that’s really unfortunate ... Chen Xiaobei said, pretending to be regretful. since senior Jin Lu is not here, I’ll take my leave.

“Farewell, martial granduncle!”

The two guards didn’t dare to say anything and were extremely respectful.

After they left.

“Childe Chen, What is your name?” Yun niyue couldn’t help but ask.

“My name is Chen Xiaobei, but I have a lot of strong enemies in the heavenly sanctuary, so I can’t use that name! If anyone asks, just say my name is Chen Wuming!”

Chen Xiaobei said.

Yun niyue was puzzled, “then why did you say your name was Hongjun?”

Hongjun? ” Chen Xiaobei smiled. Hongjun is actually the old man I summoned before I started cultivating the second sacred soul’s power!

"It's him!"

Oh! Yun niyue suddenly realized. Childe Chen peeked into his memory and found the cultivation method of the second sacred soul's special ability!

"That's right!"

yes! Chen Xiaobei nodded. Hongjun is one of the direct disciples of the wielder of the will. He's half a sky-burier sacred clan! Therefore, some of the secret skills and evil Arts of the sky-burier Yuan sacred clan can be found in Hongjun's memory!"

Yun niyue thought for a moment and said,"so, young master Chen pretended to be Hongjun just now because the Lord of the Golden Dragon Castle is also one of the direct disciples of the heavenly law?"

"Yes, I am."

there are a lot of secrets in Hongjun's memories. Some of them are about divine Emperor Jin Lu! Chen Xiaobei said.

"Since they know each other, young master Chen, aren't you afraid of being recognized?" what? " Yun niyue was a little worried. once the heavenly Dao is attracted, the consequences will be unimaginable!

"Don't worry."

"I see ..."

"Then why did you run to the Golden imperial castle just now?" Yun niyue asked again.

this is all thanks to Hongjun's memory.

there's a mission from Hongjun's memories. It was to contact Holy Emperor Jin Lu and ask him to bring Hongjun to heavenly sanctuary. Then, we can proceed with the next step of the plan.

"After Hongjun came to the heavenly Saint realm, he couldn't get in touch with Sacred Emperor Jin Lu! Therefore, I went to golden imperial castle just now to test if divine Emperor golden Imperial has rejected me! Now that I know he's in seclusion, I can set my mind at ease and make bold plans!"

Chen Xiaobei grinned. His eyes were deep, like a wise man who knew everything.

"A scheme? You ... What are you planning to do?" Yun niyue was a little nervous.

without Sacred Emperor Jin Lu, I can use Hongjun's identity to plot against the heavenly Dao! Chen Xiaobei raised his brows as a huge plan formed in his mind.

Apparently, the heavenly Dao had ordered Sacred Emperor Jin Lu to bring Hongjun to the heavenly sanctuary and then they would go to carry out the next arrangements.

If Holy Emperor Jin Lu got involved, Chen Xiaobei's freedom would be severely limited, and he might even expose himself.

But now, he couldn't contact Golden Phoenix divine Emperor at all.

Chen Xiaobei did not have to worry about Jin Lu divine Emperor reporting anything to Hongjun.

This way, Chen Xiaobei could easily impersonate Hongjun and talk to the heavenly axiom.

“Whoosh ...”

Chen Xiaobei summoned Hongjun and took out his communication rune.

After that, he began to contact the heavenly Dao.

Hongjun (Chen Xiaobei): I’ve just arrived at the heavenly sanctuary, and I’ve just been to the Golden imperial castle. I learned that senior brother Jin Lu is in seclusion, so I’d like to ask you what the next step is.

“Heaven’s will: Jin Lu is still in seclusion?” He really didn’t know what was important! (Angry)

Hongjun (Chen Xiaobei): “ shizun, please calm down. I can handle everything on my own.

[the heavenly Dao: your cultivation is not enough!] He was not Chen Xiaobei’s match!

Hongjun (Chen Xiaobei)-Chen Xiaobei! Did his master find his whereabouts?

[heaven’s will: I’m not sure yet, but my spies in Saint Duke’s Luo clan have confirmed that Chen Xiaobei took his daughter away from the Luo clan. Then, he tricked a minor divine Emperor and saved Luo puti!]

Hongjun (Chen Xiaobei): “ you’ve planted a spy in Saint Duke City? ” Why didn’t they catch Chen Xiaobei then?

[heaven’s will: I was busy with other important matters at the time. It was already too late when I received the message.]

Hongjun (Chen Xiaobei): Was there any way to remedy this?

[heaven’s will: there is a way, but your cultivation is too weak. You must have Jin Lu.]

Hongjun (Chen Xiaobei): “ where are the other senior brothers and sisters? ”

Heaven’s will: “ everyone else has a mission ... How about this? I’ll give you a heavenly Dao Sage Lotus imprint! With the second mark, you can break Jin Lu’s cultivation array and wake him up directly!

Hongjun (Chen Xiaobei): This disciple will obey!

[ding! Congratulations! You have snatched a red envelope from the heavens. You have received a heavenly Dao Divine Lotus imprint!]

The familiar voice sounded again.

Chen Xiaobei had managed to get a red envelope from the heavenly axiom.

He had thought that the red packet snatching function was created by the Grand Supreme elderly Lord. He did not expect that the heavenly axiom was the real creator behind the scenes.

The Three Realms immortal network and the red packet snatching function were both developed by the heavenly axiom.

After that, he taught this method to Hongjun, and the red envelope group in Pangu world was formed.

At that time, the heavenly Dao had been isolated by the law of space in Pangu world. It might have wanted to use the red envelope to transfer the items.

Unfortunately, after the red envelope group was established, the heavenly Dao found that it was still unable to connect with Pangu world, and could not even join the group.

In this way, the red envelope group of three realms became the exclusive product of Pangu world.

Although Tiandao did not join the Three Realms red envelope group, he had established a heavenly Dǎo red envelope group in the heavenly sanctuary.

Hongjun was in the group, and there were other direct disciples of the way of heaven, as well as some people who were close to the way of heaven.

Chen Xiaobei was all too familiar with the functions of the red envelope group.

“Whoosh ...”

Chen Xiaobei quickly took out the sacred lotus of heaven’s Mark.

Chen Xiaobei’s face was filled with surprise when he took it out.

The heavenly Dao sacred lotus mark was actually the demonic Fire Red Lotus mark that he had mistakenly thought of.

Chen Xiaobei was very familiar with this.

But!

The mark sent by the heavenly Dao was completely different from the past!

Chapter 4310: self-support!

In the past, the mark was illusory, similar to the state of a spirit body.

When Chen Xiaobei took out the seal of the divine Lotus of heaven, it had already taken a physical form. It felt like it was made of a red metal, and there was a dazzling golden flame burning on it.

Looking at it directly, this sacred lotus mark was more like a heavenly treasure.

This was the first time Chen Xiaobei had seen such a mark.

“This ... This looks like the zenith heaven’s sacred soul seal!”

However, at this moment, Yun niyue exclaimed, “ “When a Saint Emperor’s Saint Soul world is raised to a certain level, the Saint Soul imprint will undergo a fundamental change. It will take this form!”

“so, you’re saying ... ” Chen Xiaobei’s eyes lit up. “this sacred lotus mark is actually the mark of the heavenly Dao’s Saint Soul ability? ”

“If I’m not wrong, that should be the case!” Yun niyue’s beautiful eyes were also filled with surprise.

It was obvious that the origin immortal sacred soul seal had already surpassed ordinary Sacred Emperor seals in terms of quality and quality.

Therefore, Yun niyue wasn't 100% sure.

"To what level does the sacred soul world need to be cultivated to form such a Daluo sacred soul imprint?" Chen Xiaobei asked.

"I'm not sure about that. I've only heard of similar legends."

"What?" Yun niyue's eyes narrowed. "However, it's certain that condensing the zenith heaven's sacred soul mark is an extremely difficult task. The difficulty is no less than the bottleneck of breaking through a major realm!"

"That's why most sacred emperors can't form the zenith heaven sacred soul seal! Even some peak divine emperors were no exception! Therefore, you can imagine how difficult it is to form the zenith heaven sacred soul seal!"

Chen Xiaobei was taken aback.

"According to what you've said, the heavenly Dao's Saint Soul world has already been cultivated to that extremely high level by him!"

Chen Xiaobei stared at the Daluo heavenly path's Saint Soul mark and frowned. "This way, the heavenly Dao's Saint soul's special ability will also be a very terrifying existence!"

"That's right!"

"Yes!" Yun niyue said with certainty. "Under normal circumstances, the zenith heaven's sacred soul mark can increase the effect of the sacred soul mark by hundreds of millions of times!"

"For example, if my physical body is destroyed now, the life imprint of my sacred soul will need about 100000 years to reincarnate me. I will need another 300000 years to recover to my strongest state!"

"If I have the life seal of the Daluo sacred soul, I might be able to be reborn within a day and return to my strongest state!"

It was obvious that the zenith heaven sacred soul mark was the upgraded and strengthened version of the sacred soul mark.

It could bring great improvement to the owner.

"It's a pity that the heavenly Dao only sent this mark over and didn't add it to young master Chen. Otherwise, young master Chen would be able to use the heavenly Dao's Saint Soul special ability ..."

Yun niyue said with some regret.

Chen Xiaobei understood what she meant.

Just like ning Tiancheng's body, there was a Sacred Emperor's life imprint. It was not cultivated by him, but added to his body by a Sacred Emperor, allowing him to obtain the special ability of body rebirth.

The heavenly axiom did not give Chen Xiaobei the Daluo sacred soul seal.

So, from Yun niyue's point of view, Chen Xiaobei was unable to use the heavenly path special ability.

However, Yun niyue would never have thought that this problem was not a problem for Chen Xiaobei at all.

"Whoosh ..."

Chen Xiaobei used his Dharmakaya's ability and created an illusory mark of the divine Lotus of heaven.

Back in Pangu world, Chen Xiaobei had once devoured the mark of the divine Lotus of heavenly law.

From then on, Chen Xiaobei gained the ability to control the heavenly Dao Divine Lotus 'mark. He could extract the mark from someone's or something's body and then place it on the scapegoat.

Earlier, Chen Xiaobei had used the scapegoat tactic to achieve many important victories.

"Bestow!"

Chen Xiaobei decided to try and see if he could place the mark of the Daluo heavenly path Divine Lotus on himself.

If he succeeded, that would be great.

"Whoosh ..."

Chen Xiaobei's Dharmakaya exuded a true spirit aura that came from the same source as the Daluo heavenly path Holy Lotus. In terms of spirituality, it formed a perfect fit and a high degree of resonance!

"Swish!"

In the next moment, the mark of the Daluo heavenly path Holy Lotus merged into Chen Xiaobei's dharma body.

One step further, it merged into Chen Xiaobei's primordial spirit.

"I've succeeded!"

Chen Xiaobei smiled excitedly.

"How ... How is this possible?!"

Seeing this scene, Yun niyue was completely stunned. Her beautiful face was filled with an expression of disbelief.

In Yun niyue's eyes, Chen Xiaobei was the archenemy of the sky-burier Yuan sacred clan, but he could use all kinds of abilities of his archenemy. If she had not confirmed Chen Xiaobei's identity long ago, Yun niyue would have suspected that Chen Xiaobei was one of them.

"This feels good!"

Chen Xiaobei felt the heavenly Dao's special ability, and he suddenly cheered excitedly, " " the heavenly Dao's Saint soul's special ability is actually to control the life and death of others. This is exactly the special ability that I need the most! "

"Control life and death?" Yun niyue's face was filled with surprise.

"Follow me!" Chen Xiaobei took out the Saint devouring axe, swung it into the Saint devouring dimension, and flew into it with Yun niyue.

"He ... He's here again ..."

The moment they saw Chen Xiaobei, Dongfang Yunsheng and situ yanglong's faces turned pale and their pupils shrank.

This was because the last time Chen Xiaobei came, he had devoured their lifespans and reduced them from handsome young men to old men.

This time, Chen Xiaobei was here again. He would not let them off easily.

"Lotus!"

Chen Xiaobei did not waste any time. He burned his mental power and activated the Heaven's Will's Saint Soul.

"Whoosh ..."

A Red Lotus bloomed in front of Chen Xiaobei. It was like a spiritual light, illusory and ethereal.

"Bestow!"

Chen Xiaobei willed the Red Lotus to merge into Dongfang Yunsheng's body.

"What's going on?!"

Dongfang Yunsheng was instantly dumbfounded and broke out in cold sweat. He wailed, " "Young master Chen ... You ... What are you doing to me again? Please don't torture me ..."

"Whoosh ..."

With a thought, Chen Xiaobei removed the seal on Dongfang Yunsheng.

"You ... You're letting me go?"

Dongfang Yunsheng could not believe it.

"Of course not!"

"I've planted a curse mark on your Saint Soul. I only need to think about it and you'll explode!" Chen Xiaobei said.

"This ..."

Dongfang Yunsheng was shocked and quickly sensed his Saint Soul.
