

## Envelope 4311

### Red Envelope Group of the Three Realms

#### Chapter 4311: scheme begins!

It was just as Chen Xiaobei had said.

Dongfang Yunsheng felt that a Red Lotus mark had appeared in his Saint Soul.

Moreover, this mark contained an extremely mysterious aura. It had an irresistible control over Dongfang Yunsheng's Saint Soul, and it could clearly make him feel the threat of death.

More importantly, this Red Lotus mark was a peak one star divine Emperor. It was invincible against those of the same level.

This meant that unless Dongfang Yunsheng became a two star divine Emperor, he would not be able to get rid of the mark. His life and death would be in Chen Xiaobei's hands.

However, he was only a one star divine Emperor intermediate stage now. The difference between him and a two star divine Emperor was like heaven and earth. If he didn't have a great opportunity, he might not be able to break through even after a trillion years.

Furthermore, Chen Xiaobei had already consumed his lifespan to a few hundred years.

So, he had lost his chance to regain his freedom. He could only be Chen Xiaobei's dog. If he refused, he would die.

"Plop ..."

Dongfang Yunsheng knelt on the ground. He had no choice, "I'm willing to submit to you, but please don't kill me ..."

is ... Is this the heavenly Dao's special ability?!

Yun niyue was stunned. Childe Chen, you're only a peak Nine Star Saint King. You can control a one star Saint Emperor? you're too strong!

"This is the power of the origin immortal sacred soul seal!" it can allow me to control enemies who are one level higher than me! Chen Xiaobei smiled. as long as I break through to the divine Emperor realm, I can control two star divine emperors!

Yun niyue was also happy for Chen Xiaobei. "That's great! This way, the remaining two North Mystic Divine Emperor seats can be filled!"

"Lian Sheng! Bestow!"

Then, Chen Xiaobei cast his power again and controlled situ yanglong.

"Whoosh ..."

After dealing with situ yanglong, Chen Xiaobei immediately used a Grade 12 Golden Lotus of merit to fill up his mental power.

The heavenly path's ability was indeed very powerful, but it also took a huge toll on Chen Xiaobei's mental power. If Chen Xiaobei had not already mastered the first level of the one character Saint destroyer curse, he might not even be able to use the heavenly path's ability once.

After using his special ability twice, Chen Xiaobei's mental power was almost completely depleted.

Fortunately, he had already filled the chaos mark with energy, which replenished his mental power in an instant. Otherwise, he would have fainted on the spot if he had delayed for a few more seconds.

After that, Chen Xiaobei threw situ yanglong and Dongfang Yunsheng into the beixuan realm.

At this moment, both of them were under Chen Xiaobei's complete control. They would not dare to do anything.

So, Chen Xiaobei had them fill the last two positions of the North Mystic Divine Emperor.

After becoming a saint, the beixuan realm would be able to provide Chen Xiaobei with two portions of one-star Peak divine Emperor energy every day.

According to his calculations, Chen Xiaobei would be able to reach the pinnacle of a one star divine Emperor within a week.

For others, the Saint test during a breakthrough might bring uncertain danger.

But to Chen Xiaobei, this was a piece of cake.

The divine catastrophe that most people feared was nothing to Chen Xiaobei, who had a strong mental state.

At the same time, other than the increase in energy, Chen Xiaobei's second divine soul ability had also been strengthened, reaching the level of a two star divine Emperor.

Chen Xiaobei had cultivated the sacred soul bloodline mark.

If he used the ancestral saint's ninth transformation again, Chen Xiaobei would be able to step into the pseudo two star divine Emperor realm and become invincible against anyone below the three star divine Emperor realm.

However, there was still a problem, and that was lifespan.

The more pseudo-realms one ascended to, the more lifespan one would have to consume.

Chen Xiaobei now had two Eon of life. If he wanted to enter the pseudo-two star divine Emperor realm, he might not even last a second.

Therefore, Chen Xiaobei's top priority was to get more lifespan.

Of course, this was not a problem for Chen Xiaobei.

By chance, Chen Xiaobei had obtained the demonic life incantation from ye Hongtian, which allowed him to devour the lifespan of his enemies.

And right in front of him was a target to devour.

.....

The Golden imperial castle.

“Senior granduncle, why have you returned?”

The two guards looked at Chen Xiaobei, confused.

I’ve just received a mission from Sifu. He wants me to wake Shixiong Jinku up so that we can go on a mission together! Chen Xiaobei said.

“Yes, sir ...”

The two guards swallowed their saliva and immediately led Chen Xiaobei and Yun niyue into the Golden imperial castle.

On the way, they met many golden imperial castle disciples and even family members of golden Imperial divine Emperor.

However, the moment Chen Xiaobei revealed Hongjun’s identity, everyone immediately knelt down and did not dare to stop him.

Soon, the group arrived at the forbidden area of the Golden imperial castle.

This was a huge altar, covered in a layer of translucent golden halo, no one could approach it.

“Martial granduncle, golden placid divine Emperor is in solitary cultivation on the altar.”

One of the guards quickly explained, “the altar is protected by the Golden Phoenix xuanling formation. We don’t dare to get close!” If you don’t have the strength of a two star divine Emperor, you’ll be injured or even killed by the formation!”

Yun niyue furrowed her brows, worried about Chen Xiaobei’s safety.

The Golden imperial castle’s disciples were all waiting to see what Hongjun Chen Xiaobei could do.

In fact, Yun niyue wasn’t only worried about the threat of the formation.

If Chen Xiaobei showed any signs of weakness, there were a few one star divine emperors among the Golden imperial castle’s disciples. That would be enough to threaten Chen Xiaobei and Yun niyue’s life.

“Heh, since I’m here on master’s orders, how can a mere formation hurt me?”

Chen Xiaobei sneered.

“Lotus!”

A blood-red heavenly path Holy Lotus bloomed in front of Chen Xiaobei.

All of a sudden, everyone exclaimed in shock.

The people around him were all the disciples of the heavenly Dao, so they had all seen the heavenly Dao sacred lotus mark.

It could even be said that the heavenly Dao sacred lotus mark was their totem of faith.

Now that Chen Xiaobei had taken out the mark, no one would doubt his identity anymore.

“Chi ...”

Then, Chen Xiaobei flicked his finger casually.

The heavenly Dao Divine Lotus imprint flew towards the array. It seemed to be powerless, but it caused the array to collapse in an instant.

It was obvious that this formation was given to Jin Lu divine Emperor by the heavenly Dao.

The heavenly Dao Divine Lotus mark was like a key to opening the door. It could easily break the array.

The crowd was convinced and looked at Chen Xiaobei with respect and awe.

Yun niyue finally heaved a sigh of relief. I was too cautious. Young master Chen is so reliable, but I was still suspicious ...

Suddenly, everyone’s eyes were on Chen Xiaobei.

They were waiting to see Chen Xiaobei’s next move.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4312: Super operation!**

4312 Super operation!

“I have a secret discussion with senior brother. All of you, step back and don’t come near! Anyone who hears this secret must be killed!”

Chen Xiaobei’s aura enveloped the entire area.

By then, everyone had become so full of admiration for Chen Xiaobei that they left the forbidden area without a doubt.

Moreover, no one dared to eavesdrop because they knew that Chen Xiaobei’s orders were the heavenly law’s orders. Anyone who dared to disobey him would be hunted down and killed no matter where they ran to.

“Shua shua shua ...”

Everyone immediately retreated as fast as they could.

Soon, only Chen Xiaobei, Yun niyue, and Holy Emperor Jin Lu were left.

Golden placid divine Emperor had been in solitary cultivation for 30000 years and couldn’t even be contacted with communication runes.

It could be seen that he had already entered a state of deep meditation. He would either have to stop by himself, or only a huge movement would be able to awaken him.

This gave Chen Xiaobei the greatest convenience in his operation!

“Whoosh ...”

Chen Xiaobei quickly absorbed all the Saint Qi in the entire space.

One had to know that this was the place where Golden Phoenix divine Emperor went into solitary cultivation. It was also the place with the richest and richest Saint essence force in the entire Golden Phoenix Castle.

There was a branch of Yuanji city's Saint vein that passed by here.

Even though he would only get one-billionth of Yuanji city's Saint Origin Energy, it was enough for Chen Xiaobei to complete his first plan.

Very quickly, Chen Xiaobei had absorbed six one star divine Emperor's energy.

"Zhenzhen ..."

Chen Xiaobei stepped into the void and headed straight for the heart of Hongmeng.

He would use the six portions of energy he had just obtained to upgrade the five divine lotuses in the chaos mark to early one star divine Emperor.

The five Grade 12 divine lotuses had become grade 18 divine lotuses at the same time, making the chaos mark reach the early stage of one star divine Emperor. The essence of it had changed.

"Whoosh ..."

After that, Chen Xiaobei used the last bit of energy to activate the inheritance power of the heart of Hongmeng.

Chen Xiaobei's divine catastrophe descended.

The divine catastrophe was easily passed.

"Shua shua shua ..."

Then, Chen Xiaobei's primordial spirit cracked like a broken cocoon.

These lights were like the sun, moon, and stars shining at the same time. It was extremely dazzling.

Very quickly, Chen Xiaobei's Saint Soul broke out of the cocoon.

It was a little person that looked exactly like Chen Xiaobei, but it looked like it was sculpted out of some kind of sun, moon, and star gem. It was extremely mysterious and extraordinary!

"Whoosh ..."

After that, Chen Xiaobei began to study his Saint soul's special ability.

With the experience of the second divine soul's ability, Chen Xiaobei's attempt was also very smooth.

This time, the ability that Chen Xiaobei chose was related to his own talent.

The second sacred soul's special ability was derived from a bloodline special ability.

And just this one time, what was derived was actually a Dharmakaya special ability.

Formless chaos devouring!

Chen Xiaobei's Dharmakaya ability originated from the formless chaos Dharmakaya.

After going through so many mutations, this skill had completely integrated into Chen Xiaobei's Dharmakaya, becoming a part of Chen Xiaobei's body. It could also be regarded as a talent that he had acquired.

And now, Chen Xiaobei's Saint Soul had given birth to a new ability.

"Whoosh ..."

Soon, a Saint Soul devouring mark was formed.

This meant that the five chaos devouring abilities had officially become Chen Xiaobei's Saint Soul special ability. Compared to before, there was a fundamental change and improvement!

"Swish!"

Without hesitation, Chen Xiaobei took out the eyes left behind by the omniscient divine Emperor.

Chen Xiaobei had wanted to devour this pair of eyes.

One had to know that these were the eyes of the most powerful sacred beast, the chaotic eye whizard. After devouring them, not only would one be able to derive the high level abilities of the omniscient Sacred Emperor, one could even fuse with the bloodline of the chaotic eye whizard.

Chen Xiaobei had not devoured it before not because he did not want to.

It was because the omniscient divine Emperor had reached the peak of the divine Emperor realm, and his body was extremely strong. It was comparable to a peak divine Emperor sacred artifact.

If he only used his non-phase chaotic celestial body to devour it, he would need hundreds or thousands of devouring chances to completely devour and digest it.

One should not forget that Chen Xiaobei could only get one chance to devour when his cultivation broke through a major realm.

This meant that Chen Xiaobei would never be able to devour the chaotic-pupil whizard's eyes.

It was the same at this moment!

Chen Xiaobei's Saint Soul devouring ability had already increased the level of his formless chaotic body by many times. Naturally, the devouring effect would be greatly enhanced.

Furthermore, with this special ability, Chen Xiaobei no longer had a limit on the number of times he could devour.

In other words, as long as Chen Xiaobei had enough mental power, he could swallow anything he wanted, regardless of level or type.

Most importantly, as long as Chen Xiaobei had enough mental power, he would be able to quickly digest the items that he had consumed.

As long as Chen Xiaobei had enough mental power, he would be able to digest even a holy ancestor.

Of course, the amount of mind power required to reach the level of a sacred ancestor was an astronomical figure. It was only possible in theory, but it was very difficult to achieve in reality.

However, as long as the theory was feasible, there would be unlimited room for development.

Don't forget!

The effects of the sacred soul's special abilities would be greatly enhanced as the sacred soul world leveled up.

Although it was impossible now, in the future, as long as Chen Xiaobei had a strong enough Saint Soul world, everything would be possible!

"Fuse!"

However, Chen Xiaobei did not immediately devour the chaotic-pupil whizard's eyes. Instead, he performed another powerful move.

That was to merge the entire Heaven Earth embryo membrane into one's Saint Soul.

He had also read about this from Hongjun's memory.

This way, Chen Xiaobei did not need to create the Saint Soul world from scratch like Yun niyue.

The current beixuan world would become Chen Xiaobei's world of the Saint Soul.

This meant that the beixuan great world had half-played the roles of the embryo world and the Saint Soul world.

The benefit of this was that Chen Xiaobei could develop a beixuan world, which could upgrade two Saint Soul abilities at the same time.

Half the work, twice the effect! It was like cheating!

It was obvious that this was the power of the sky burial Yuan sacred clan.

When a member of the sky burial Yuan sacred clan reached adulthood, they would obtain a Heaven Earth embryo membrane and start cultivating an independent world.

When he broke through to Saint Emperor, he would be able to possess an extremely powerful world of the Saint Soul that had been around for countless years. He would also be able to control two powerful Saint Soul abilities.

This was equivalent to directly winning at the starting line.

The sky burying Yuan sacred clan could absolutely crush early stage one star divine emperors.

At this moment.

Chen Xiaobei had done it!

The main point was that the benefits were far from just these!

## Red Envelope Group of the Three Realms

### **Chapter 4313: Direct control!**

4313 Direct control!

After merging the heaven Earth membrane with the Saint Soul, Chen Xiaobei not only had a powerful world of the Saint Soul, but he had also mastered two types of enhanced Saint Soul abilities.

At the same time, Chen Xiaobei could also use the heaven and earth fetal membrane to protect himself.

The heaven and earth embryo membrane was like a magical treasure. As long as Chen Xiaobei had the energy to activate it, he could attach the heaven and earth embryo membrane to his body and form an indestructible shield.

At the moment, Chen Xiaobei could not be sure of the level of the heaven and earth fetal membrane.

However, it should be able to withstand the power of a late-stage Saint Emperor.

This was definitely a heaven-defying existence.

However, the biggest problem was still energy.

Without enough energy, Chen Xiaobei could not activate the defensive power of the heaven and earth fetal membrane.

In the past, Chen Xiaobei had used the heaven Earth membrane to block a spear.

However, he could only release the heaven and earth fetal membrane to block the attack. Chen Xiaobei could only hide behind the membrane and could not do anything.

If there was enough energy, the heaven and earth fetal membrane would be able to release a defensive power and cover Chen Xiaobei.

By then, Chen Xiaobei would be invincible, and he would be able to do whatever he wanted without any restrictions.

I'll slowly accumulate the energy. For now, I'll first devour the chaotic pupil whizard's eyes!

Chen Xiaobei calmed himself down and activated his Saint Soul devouring ability.

Before merging with the embryo membrane, the Saint soul's devouring ability was only at the initial stage. It might take trillions of years to digest the chaotic pupil whizard's eyes.

However, after merging with the heaven and earth fetal membrane, the beixuan realm had become Chen Xiaobei's world of the Saint Soul.

The Saint Soul devouring mark was the same as the Saint Soul bloodline mark, it had reached the level of an early two star divine Emperor.

The speed of digestion had increased by more than a trillion times!

As long as he had enough mental power to activate his special ability, Chen Xiaobei would be able to completely digest the chaotic pupil whizard's eyes within three days.

This was even better than cheating.

“Swish!”

Chen Xiaobei took out the divine sunlight cache.

Under the sunlight domain, three days passed by in a flash.

Chen Xiaobei’s face lit up with excitement.

Everything was that simple.

Just like that, Chen Xiaobei had completely digested the peak Holy Emperor-level chaotic eye whizard’s eyes.

Of course, it seemed simple on the surface, but in reality, it was the result of many improvements.

First of all, Chen Xiaobei’s cultivation was now at the early stage of one star divine Emperor, and the base of his mental power had increased by a trillion times.

Secondly, when the life word mantra reached the first level, Chen Xiaobei’s mental power had increased by trillions of times. At this point, Chen Xiaobei’s mental power had reached the level of a two star divine Emperor.

Third, when the Golden Lotus of merit reached grade 18, it would use up all its energy to replenish Chen Xiaobei’s burning mental power.

Finally, the devouring ability of the Saint Soul was much stronger than the phaseless chaos Dharmakaya.

It was because of all these improvements that Chen Xiaobei’s consumption rate was so fast that it was even faster than cheating.

“This is too good! Now I have the most powerful ability of the all-knowing divine Emperor! The usage of the spatial dimension laws and the ability to peer into the past and the future have both been greatly improved!”

I can use the law of space to break through any spatial constraints below three star divine Emperor level! Chen Xiaobei said excitedly. I can also see the past and the future for three days and three nights!

most importantly, as my cultivation level increases, these two abilities will also improve!

this means that when I become an omniscient divine Emperor, I can create a destructive dimension with a snap of my fingers. No one below the divine ancestor level can trap me. I can even look into the past and the future 900 years!

It was obvious that Chen Xiaobei had obtained the perfect inheritance of the omniscient Holy Emperor.

As long as his cultivation increased, Chen Xiaobei would be the next omniscient divine Emperor.

other than the special ability, what’s even more satisfying is the fusion of the chaotic eye whizard’s bloodline!

Chen Xiaobei was getting more and more excited.

As he had wished, after digesting the chaotic eye whizard's eyes, the bloodline of this top Saint Beast had also fused into his bloodline.

This brought Chen Xiaobei two more benefits.

The first benefit was that Chen Xiaobei could inherit the omniscient divine Emperor's legacy more perfectly.

The second benefit was that his ancestral Saint Mystic meridians had been strengthened to the level of peak divine Emperor.

This meant that as long as Chen Xiaobei lived long enough, he would be able to reach the peak of the pseudo-divine Emperor realm.

Anyone below the divine ancestor level could be killed with a single slap.

This was definitely the most explosive and invincible King's explosion in this wave of operations.

However, the lifespan required was also an astronomical figure. It could not even be counted in the unit of Eon.

Therefore, he still had a long way to go before he could use this King Bomb.

[ding Yingying's cultivation base: early stage one star divine Emperor. Lifespan: Three universe years!]

And now, Chen Xiaobei's lifespan had increased by another cosmic year.

This lifespan was enough for him to step into the pseudo realm of a one star divine Emperor.

However, if he wanted to step into the two star divine Emperor realm, he wouldn't even last a second.

But now, Chen Xiaobei had found a way to replenish his lifespan.

"Zhenzhen ..."

Once again, Chen Xiaobei stepped into the void and returned to the forbidden grounds of the Golden imperial castle.

At this moment, Jin Lu divine Emperor still didn't stop cultivating.

"Lotus!"

Chen Xiaobei conjured a Divine Lotus of heavenly law.

With the breakthrough, the number of enemies under Chen Xiaobei's control had dropped from two star divine Emperor to three star divine Emperor.

Jin Yan divine Emperor was two star divine Emperor Peak.

"Bestow!"

With a thought, the mark of the divine Lotus of heaven's path merged into divine Emperor Jin Lu's divine soul.

"Who's there?"

Jin Lu divine Emperor was shocked and woke up from his state of meditation.

When Holy Emperor Jin Lu saw Chen Xiaobei and Yun niyue, his face was first filled with surprise, then it was filled with hostility and killing intent.

“Why are you two here?”

Jin Lu divine Emperor squinted and said in disdain, two ants, you’ve trespassed on my forbidden land and interrupted my cultivation. Do you know that you’re going to die?!

hehe! Chen Xiaobei chuckled. first, feel what’s in your Saint Soul. Then, think about how you should talk to me!

“My Saint Soul?”

Golden placid divine Emperor was dazed and was shocked, “Who ... Who ... Who are you? How did you merge teacher’s special ability Imprint into my Saint Soul?”

I’m a thorn in the heavenly axiom’s side. Chen Xiaobei is one of them!

“From now on, if you’re obedient, I’ll spare your life!” Chen Xiaobei said. If you dare to make any strange movements, I can make your body explode and kill you with a single thought, and blow up your entire golden imperial castle!”

Golden placid divine Emperor took a cold breath.

He was too clear about the power of the heavenly Dao Divine Lotus imprint and didn’t dare to act rashly.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4314: make a deal!**

“You ... Who are you? Why are you using my master’s ability!”

Jin Lu divine Emperor was shocked and scared.

I’m Chen Xiaobei, but you’ve been in isolation for too long. You might not know me.

Chen Xiaobei shrugged his shoulders, his expression as calm as the wind.

“Chen Xiaobei? I’ve never heard of it ...”

Golden placid divine Emperor frowned and was very confused.

But soon, the message that the heavenly axiom sent him appeared in his communication rune, letting him know Chen Xiaobei’s identity.

“You ... You’re actually one of master’s most valued enemies!”

Holy Emperor Jin Lu’s mouth was wide open, and his heart was beating wildly. He had never thought that he would be controlled by Chen Xiaobei.

“It’s good that you know.”

give me your communication rune and storage space! I can kill you with a single thought if you dare to play any tricks! Chen Xiaobei said.

“This ...”

Jin Lu divine Emperor hesitated but eventually compromised, “Here you go!”

After that, Chen Xiaobei kept the Golden placid divine Emperor’s communication rune and the storage space.

“Mysterious demon! Burn life!”

Then, Chen Xiaobei started to activate his cultivation technique.

“Woof! Whoosh!”

Two skeletons, one black and one white, flew out of the void. They burned with black-grey flames and covered Sacred Emperor Jin Lu.

you ... What do you want to do?!

Jin Lu divine Emperor’s eyes shook and a bad feeling exploded.

“Shua shua shua ...”

“What ... What’s going on?”

Holy Emperor Jin Lu was dumbfounded. He did not understand what Chen Xiaobei was doing.

However, golden placid Sacred Emperor’s face started to age. From a dignified middle-aged man, wrinkles and white hair appeared. Even his body became hunched.

“Lifespan! You ... You stole my lifespan!”

Golden placid divine Emperor was a powerful being after all and soon found the problem.

However, it was only a discovery.

His life was still in Chen Xiaobei’s hands, so he did not dare to resist.

And so, he could only watch as Chen Xiaobei took away his life.

He could only watch as he aged.

Chen Xiaobei only stopped when he only had a few hundred years left to live. Divine Emperor Jin Lu’s hair and beard had all turned white. He was so old that he could not even straighten his back.

[ding Yingying’s cultivation base: early stage one star divine Emperor. Lifespan: 100003 universe years!

“You really have a long lifespan! It actually increased my lifespan by 100000 cosmic years in one go!”

Chen Xiaobei smiled in surprise.

Although he knew that Golden Phoenix divine Emperor would have a long life, he didn’t expect it to be this long.

Compared to that, Chen Xiaobei's original three cosmic years were nothing.

However, this wasn't strange after thinking about it.

As a disciple of the heavenly Dao, Sacred Emperor Jin Lu would definitely know the yuan Sage eternal curse. As long as he devoured enough Yuan spirits, his lifespan would be increased infinitely.

It was because of this that Golden Phoenix divine Emperor had a lifespan that far exceeded other divine emperors of the same realm.

Of course, in the face of Chen Xiaobei's clever plan, everything that Sacred Emperor Jin Lu had was all for Chen Xiaobei.

"You've already taken everything from me. Can you let me live?" Jin Lu divine Emperor bowed and asked.

"Nonsense!"

"I have a deep enmity with the heavenly axiom!" Chen Xiaobei said. I've already done my part by letting you live, how can I let you go?"

Jin Lu divine Emperor's mouth spasmed and said, "How about we make a deal?"

"Make a deal?"

"Didn't the heavenly axiom tell you my nickname?" Chen Xiaobei laughed.

No... No... Holy Emperor Jin Lu was stunned. He did not know that Chen Xiaobei was the most cunning merchant in the Three Realms.

"Tell me, how do you want to trade?" Chen Xiaobei asked.

"I'll give you a great opportunity, on the condition that you return my freedom!" Jin Lu divine Emperor said.

"Tell me, what kind of opportunity is worthy of your freedom?" Chen Xiaobei's eyebrows twitched. He was interested.

"Before I went into seclusion, I found the remains of a Saint Emperor from the Saint pan clan."

Sacred Emperor Jin Lu said, "back then, I was selfish. I wanted to take the relic for myself, so I never told anyone. Unfortunately, it belongs to the Saint pan race. I still don't know how to get in!

"Really?" Chen Xiaobei was very curious, but at the same time, he was very alert.

When a pie fell from the sky, it was either one's luck was off the charts, or the enemy was playing dirty.

"Of course! My life is in your hands!"

"If you don't believe me, I can take you there now. If I lie to you, just kill me immediately!"

"Ha, I don't believe you!"

hehe! Chen Xiaobei laughed coldly. you'll crush the void and bring me to the heavenly axiom. I'll be crying when I see you!

"I'm telling the truth! Why don't you believe me?" Golden placid divine Emperor frowned and was extremely worried.

"Don't worry! I have my own way of verifying it!"

Chen Xiaobei released the mutant Holy Spirit and activated his heaven-peeking eyes.

Originally, the heaven peeking eye technique could only spy on people below Saint Emperor.

However, as the beixuan great world merged with Chen Xiaobei's sacred soul world, the sacred soul devouring mark was born, and the level of the formless chaotic celestial body increased.

The variant Holy Spirit originated from the phaseless chaotic celestial body, and its level was also increased.

Therefore, Chen Xiaobei was able to look into the memories of anyone below three star divine Emperor.

Of course, the higher the cultivation, the more spiritual force it would consume to spy on people.

Jin Lu divine Emperor was a peak two star divine Emperor.

Although Chen Xiaobei could pry into his memories, he could not do so in all aspects.

Every time he peeked at a part of it, he would need to use the eighteenth-grade Golden Lotus of merit to replenish his mental power.

Fortunately, the chaos mark had enough energy.

After a while, Chen Xiaobei was able to see through all of divine Emperor Jin Lu's memories.

"It seems that you didn't lie to me!"

Chen Xiaobei's face lit up with excitement."Let's go, we'll head over now!"

"Boom Boom ..."

Chen Xiaobei stepped into the void and brought Holy Emperor Jin Lu and Yun niyue to the ruins.

It was a boundless abyss.

The bottomless darkness exuded a ferocious and wild aura, as if there was something extremely terrifying in the abyss.

"You actually managed to find this place! You've also seen all my memories!" Holy Emperor Jin Lu's jaw dropped. He looked at Chen Xiaobei as if he was looking at a terrifying monster.

Boom ... Boom boom boom ...

Suddenly, there was an explosion from the bottom of the abyss, as if something strange had happened.

[Red Envelope Group of the Three Realms](#)

**Chapter 4315: The wonderful use of special abilities!**

4315 The wonderful use of special abilities!

“Childe Chen, what ... What is down there?”

Yun niyue’s pretty face turned slightly pale. She could feel an extremely terrifying pressure from the bottom of the abyss. It was as wild as a ferocious beast, and it also seemed like a bloodthirsty and brutal demonic god.

“I’m not sure ...”

Chen Xiaobei shook his head.

From the memories of Sacred Emperor Jin Lu, Chen Xiaobei knew that this abyss was where the opportunity was, but it was also accompanied by terrifying danger.

Jin Lu divine Emperor had seen a five star divine Emperor go in and die before he could even say anything.

It was because of this that Jin Lu divine Emperor wanted to increase his power and didn’t dare to enter this abyss.

“This place makes me feel very uneasy. If we don’t have full confidence, we must not go down ...”

Yun niyue was very cautious and immediately expressed her attitude.

Golden placid divine Emperor didn’t say anything and had a complicated expression.

Obviously, this guy was not an idiot. The reason why he wanted to do business with Chen Xiaobei was because he had his own plans.

As long as he could lure Chen Xiaobei into the abyss, he could use the abyss to kill Chen Xiaobei.

This way, Jin Lu divine Emperor could regain his freedom.

It was clear that divine Emperor Jin Lu was not stupid. In fact, he was very smart and cunning. He was trying to kill Chen Xiaobei.

“No rush!”

this place might be unknown for you guys, but it’s clear to me. Chen Xiaobei smiled.

“Omniscient eyes!”

Chen Xiaobei activated his Dharmakaya’s ability again, and the chaotic eye of the whizard appeared above Chen Xiaobei’s head.

The Saint eye shone with white holy light like a small sun, shining on the endless dark abyss.

“Chaotic pupil Holy eye! That’s ... That’s the all-knowing divine Emperor’s innate ability!”

Jin Lu divine Emperor exclaimed.

Even Yun niyue’s pretty face revealed a look of disbelief and extreme shock.

Although the omniscient Sacred Emperor was an ancient figure, he was still the strongest person under the divine ancestor. He was the dazzling legend of the top of the heavenly sanctuary Supreme ranking.

In the heavenly sanctuary, almost everyone knew about the omniscient divine Emperor's name and abilities.

Furthermore, everyone knew that the omniscient divine Emperor had no descendants.

How could Chen Xiaobei use the omniscient divine Emperor's power?

Furthermore, this was the special ability of his bloodline!

Could it be that Chen Xiaobei's true form was also the chaotic eye whizard?

Wasn't this a little too crazy?

All of a sudden, Golden Phoenix divine Emperor and Yun niyue were stunned and couldn't understand.

What shocked golden placid Sacred Emperor even more was that legend had it that when the omniscient Sacred Emperor died, nothing was left behind. Even his eyes were gone.

In the heavenly sanctuary, there had always been a legend that said that the all-knowing Sacred Emperor had changed everything about himself into the sacred Emperor Xuan Zhi. He had hidden everything with his eyes in some historical remains, leaving it to the fated ones of the future.

In order to find these ruins, there had been a wave of treasure-hunting craze in the heavenly sanctuary.

Of course, in the end, no one found it. Gradually, the popularity of this legend also cooled down.

Until now, almost no one would mention it again.

And at this moment!

Divine Emperor Jin Lu saw Chen Xiaobei use the omniscient Holy eye.

Moreover, it was almost certain that Chen Xiaobei's true form was not the chaotic eye whizard.

There was only one answer left!

The omniscient Holy Emperor's relic that countless people had been searching for all those years ago was most likely in Chen Xiaobei's hands.

Thinking about this, Jin Lu divine Emperor's face became very complicated.

One had to know that in the past, the entire heavenly sanctuary had gone crazy in search of the omniscient Saint Emperor's ruins, and even a few divine ancestors had gotten involved. It had caused chaos in the heavenly sanctuary, with rivers of blood and mountains of corpses.

Thinking about it now, golden placid divine Emperor still felt cold on his back.

When he looked at Chen Xiaobei again, the look in his eyes had completely changed. He was even starting to regret setting Chen Xiaobei up.

This was because Chen Xiaobei could see through divine Emperor Jin Lu's plan with his special ability.

Chen Xiaobei would definitely kill Holy Emperor Jin Lu.

If he had known this would happen, he would not have dared to plot against Chen Xiaobei! It's too late to regret now!

"Whoosh ..."

At the same time, Chen Xiaobei had activated his special ability to spy on the situation in the abyss.

It was pitch-black at the bottom of the abyss, and nothing unusual could be seen with the naked eye.

However, Chen Xiaobei's omniscient eyes allowed him to see through space and see the nature of the danger.

"It's an array!"

"There's an independent space at the bottom of the abyss!" The opportunity is probably in there!"

however, if you don't have the token to enter, you'll trigger an extremely terrifying killing array once you get close!

"Whoosh ..."

After that, Chen Xiaobei retracted his special ability and used the grade 18 Golden Lotus of merit to replenish his mental power.

There was a bad thing about having a high level superpower, which was that it consumed energy too quickly.

He had just filled the chaos mark with energy, and it was already exhausted so quickly.

"Since you need a token to enter, then we have no chance at all. Let's leave quickly, I'm very uneasy right now ..."

Yun niyue was cautious by nature, and she didn't like to put herself on the edge of danger.

"Yes, yes, yes, let's go! If there's a chance in the future, we'll come again!"

Golden placid divine Emperor said.

He was afraid that Chen Xiaobei would see through his plan and take his life.

So, he quickly advised Chen Xiaobei to leave.

"There's no rush, I still have a way!"

"Omniscient future!" Chen Xiaobei said.

Once again, Chen Xiaobei activated the omniscient Holy eye, but this time, it was different from when he peeked into the dimension.

This time, Chen Xiaobei was looking into the future.

After Chen Xiaobei had devoured and digested the chaotic whizard eyes, his omniscience ability had been enhanced and he could now see what had happened in the past three days.

Chen Xiaobei peeked at the situation for the next three days.

He would be able to see if he had the chance to open the ruins.

If he had the chance, it would be a waste to leave now.

“Whoosh ...”

Chen Xiaobei’s eyes went dark as he activated his special ability. His mind was spinning, and he lost consciousness.

Then, an extremely terrifying scene appeared in Chen Xiaobei’s mind.

In the video, Chen Xiaobei had ordered divine Emperor Jin Lu to charge at the front.

Chen Xiaobei and Yun niyue followed behind them, slowly heading to the bottom of the abyss.

“Roar!”

All of a sudden, a terrifying roar erupted. A fatal crisis suddenly descended.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4316: Bring Yan Lingshi!**

4316 Bring Yan Lingshi!

A huge evil Dragon with nine wings and three heads appeared below the space.

However, it was not a real entity, but a powerful Dharma form activated by the array at the bottom of the abyss.

The power of this Dharma was extremely terrifying and had even exceeded the five star divine Emperor realm.

That roar alone shattered the body of Sacred Emperor Jin Lu who was at the front. His Saint Soul was turned to dust in an instant.

Just as Chen Xiaobei and Yun niyue were about to die, Yun niyue suddenly took out her hidden trump card.

In an instant, a pair of nine-colored wings that shone with pure and holy light appeared on her back.

The level of the wings was very high, but it was far from enough to compete with the nine-winged three-headed evil Dragon.

In an instant, Yun niyue was defeated.

She saw Chen Xiaobei as her only hope for revenge. At the critical moment, she risked her life to send Chen Xiaobei out of the abyss.

However, Chen Xiaobei had also entered the abyss and was also identified as an invader.

The nine-winged, three-headed Dragon chased after Chen Xiaobei and wanted to kill him.

With Chen Xiaobei’s strength, he would definitely die.

At this critical moment, Chen Xiaobei conjured his Pangu true form and released his Pangu Saint bloodline aura, but it was useless.

Just as Chen Xiaobei was about to be killed, a wisp of purple Qi was released from Chen Xiaobei's avatar.

When the Dragon saw the purple gas, it stopped its attack. A moment later, it brought Chen Xiaobei to the bottom of the abyss.

"Enough!"

At the same time, Chen Xiaobei stopped peeking into the future.

On one hand, his spiritual power was about to be exhausted. On the other hand, he had already obtained the answer he wanted.

This was the power of an all-knowing divine Emperor's ability.

Just now, Chen Xiaobei had seen what would happen in the future. Even though Chen Xiaobei had successfully reached the bottom of the abyss, the price he had to pay was too much for him to bear.

At this moment, Chen Xiaobei had a glimpse of what was going to happen, and he already had a way to change the future.

Chen Xiaobei released the purple gas from his avatar.

That's right!

This purple Qi was the one that Yan Lingshi had given to Chen Xiaobei. It was her Natal purple Qi.

According to Sacred Emperor Jin Lu, this ruin belonged to the Saint pan race.

The Saint pan race and the primordial violet vapor were inextricably linked.

Yan Lingshi had turned into a demon from primordial violet Qi. Although her Natal violet Qi was not primordial violet Qi, it had a special aura that came from the same source.

That was why the magical formation stopped attacking Chen Xiaobei and even brought him to the bottom of the abyss. It was as if it had seen Chen Xiaobei as the inheritor of the relic.

However, Chen Xiaobei was curious. If this was the Saint Pan's ruins, why was it that he could not calm the formation even after he had formed his Pangu true form and released his bloodline aura? On the other hand, only Yan Lingshi's Natal purple Qi could do it?

This was really hard to explain.

Since imagination could not be explained, he would go to the scene directly and see what was hidden under the abyss!

"Let's go down!"

Chen Xiaobei held the Natal purple Qi in his hand and was the first to fly into the abyss.

Yun niyue was shocked, 'young master Chen! It's dangerous!"

However, Yun niyue had a high level of trust in Chen Xiaobei.

He did not think too much about it and followed Chen Xiaobei down.

“You two idiots, just wait for your death!”

Holy Emperor Jin Lu looked at Chen Xiaobei and Yun niyue’s back with disdain.

He had seen five star divine emperors die because of this formation and knew how dangerous it was.

Therefore, he would rather die than enter the abyss.

However, he did not leave for the time being.

He wanted to wait for his death. Only then would the heavenly Dao Divine Lotus mark in his body disappear and he would regain his freedom.

“Roar!”

Not long after Chen Xiaobei and Yun niyue entered the abyss, the formation at the bottom was activated.

That earth-shaking roar suddenly burst out.

In Chen Xiaobei’s vision of the future, this roar alone had shattered divine Emperor Jin Lu’s body and divine soul.

By right, Chen Xiaobei and Yun niyue were dead as well.

“Swish!”

But this time, Chen Xiaobei was prepared. He held the Natal purple Qi in front of him and protected Yun niyue behind him.

“Chi ...”

Then, the terrifying sound waves rolled over. However, as soon as they touched the Natal purple gas, the fatal sound waves dissipated directly and became as harmless as a breeze.

Chen Xiaobei and Yun niyue were safe and sound.

“Chi ...”

Immediately after, the formation and the Natal purple Qi produced a mysterious resonance.

This time, the nine-winged three-headed Dragon did not even take form. A force appeared from the formation and brought Chen Xiaobei and Yun niyue to the bottom of the abyss.

The situation down there was similar to what Chen Xiaobei had seen.

An extremely huge array was laid out in the rock, invisible to the naked eye.

At the core of the formation, there was a faintly discernible space gate that led to another independent space.

However, when Chen Xiaobei used his space omniscience, he did not see what was happening inside the individual space.

This was because the space law of this independent space was already higher than Chen Xiaobei's current ability.

Even though Chen Xiaobei's omniscience had reached the peak of the Holy Emperor level.

However, with Chen Xiaobei's cultivation, he could only see for three days, as well as the space below the three-star divine Emperor level.

In other words, the space law of this independent space must have surpassed the three star divine Emperor level.

Chen Xiaobei would only know the situation inside if he went in himself.

"Whoosh ..."

Chen Xiaobei walked over and placed the Natal purple Qi near the gate. Then, he released his spirituality and tried to communicate with the gate.

However, the spatial gate was not activated.

"Young master Chen, are we still unable to see the true face of the ruins?"

Yun niyue's brows furrowed slightly, looking a little regretful.

"Don't worry, I still have a way!"

Chen Xiaobei opened the Saint Soul gate and returned to the beixuan realm.

When Chen Xiaobei returned to the abyss, there was another beautiful woman beside him.

This woman's looks were simply off the charts. Her figure was also extremely hot, and her whole body could be said to be perfect.

Yun niyue could already be considered a first class beauty.

However, when he saw the woman that Chen Xiaobei had brought with him, Yun nitian felt as if he was in heaven. He even felt that just looking at this woman was very pleasing to the eye, and his mood was much better.

That's right!

The perfect woman that Chen Xiaobei had brought back was Yan Lingshi, who had turned into a demon from the primordial violet Qi!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4317: A terrifying inheritance!**

4317 A terrifying inheritance!

After a simple introduction, Yan Lingshi and Yun niyue could be considered to have gotten to know each other.

Then, Chen Xiaobei explained the situation.

“Alright, I’ll give it a try!”

Yan Lingshi walked in front of the space gate. With a thought, she began to activate the primordial violet vapor aura in her body.

According to Chen Xiaobei’s plan, Yan Lingshi’s Natal purple Qi alone would be enough to calm the formation.

In that case, Yan Lingshi should be able to open the space gate herself.

“Whoosh ...”

As expected, as Yan Lingshi’s main body’s aura was released, the space gate began to spin. It was like a dazzling vortex of light and shadow that led to an completely unknown realm.

bro bei, the door is open. Should we go in? ” Yan Lingshi did not dare to make any decisions. She had to listen to Chen Xiaobei.

After all, Yan Lingshi’s cultivation level was too low. Anyone could easily kill her in the heavenly sanctuary, and she could not withstand any danger.

“Wait a moment.”

Chen Xiaobei raised his head and shouted at the top of the abyss, ” “Jin Lu! If you don’t get down now, I’ll kill you!”

“It’s ... It’s here ...”

Jin Lu divine Emperor responded and rushed down.

Just a moment ago, he was still overjoyed that Chen Xiaobei was dead and that he would be free.

He had never dreamed that Chen Xiaobei would be able to deal with the danger at the bottom of the abyss.

The danger at the bottom of the abyss was five star divine Emperor and above!

How did Chen Xiaobei do it?

This unbelievable result even shattered Jin Lu divine Emperor’s view of the world. He couldn’t help but start to doubt his life.

“Childe Chen, I’m here ...”

Holy Emperor Jin Lu walked up to Chen Xiaobei, bowing and lowering his head like a little eunuch.

“Bang!”

Without a word, Chen Xiaobei kicked him into the portal.

After that, Chen Xiaobei brought Yan Lingshi and Yun niyue into the room.

“Whoosh ...”

The space spun, and everyone was like a small boat being swept by a violent storm. They were constantly jolted and swayed, completely unable to distinguish the direction and position.

When everyone's figures landed, another world had already appeared in front of them.

There were three purple Suns in the sky, but the temperature wasn't high. It was even a little cool.

A holy aura filled the space. It was as if time had passed through the eternal river. It was so mysterious that words could not describe it.

However, there was no saint Qi in this space, and it seemed that he did not see anything related to the inheritance of opportunities.

"What ... What is this place?"

Jin Yansheng was dumbfounded and his scalp went numb.

Even though he had lived for trillions of years, he had never seen or even heard of such a special space.

"This place is really strange ..."

In fact, even Chen Xiaobei was confused.

He couldn't understand why such an ordinary place would be guarded by a formation that was more powerful than a five star divine Emperor.

Chen Xiaobei was even more confused when he thought about the magical formation.

There were no saint veins providing energy in the abyss just now, and there was no energy in this independent space either.

The array was beyond the level of a five star divine Emperor. Theoretically, it needed to burn a five star divine Emperor level divine Meridian to activate its power.

In that case, how did it activate without an energy source?

Everything had become an unsolved mystery.

Both Chen Xiaobei and Yun niyue had no clue.

bro bei, I have a very special feeling ...

At this moment, Yan Lingshi said in a deep voice, "I've never been to this place before, but I feel like I've returned to this place ... As if I've been here before, and there's a special sense of familiarity ..."

"Try to sense it again and see if you can make any more specific discoveries!" Chen Xiaobei said.

It was obvious that Yan Lingshi's identity was very special.

In her first life, little Daji was chosen by the heavenly Dao and became a puppet for the heavenly Dao to disturb the Three Realms.

In his second and third life, he had the sacred lotus of heavenly Dao's Mark on him.

Especially in her third life, the heavenly Dao had used almost all its power to find her.

One could imagine that her identity was definitely not ordinary.

Not only was it related to the Saint pan clan, but it was also likely to be closely related to the heavenly Dao.

“Whoosh ...”

At this moment, Yan Lingshi immediately transformed into her demon form.

It turned into a strand of primordial violet vapor the size of a chopstick.

They were moving around in space.

“BOOM! Boom boom boom ...”

Suddenly, the space seemed to sense Yan Lingshi’s existence. Deafening thunder and lightning exploded in the sky.

“Whoosh ...”

The three purple Suns also gradually merged into one.

Then, an even more mysterious scene appeared.

The three-in-one super-large purple Sun began to fade, gradually revealing a character so huge that it could cover the entire sky!

Hong!

A shockingly huge ‘Hong’ character appeared.

“This ... This is ...”

Yan Lingshi was stunned, as if she had suddenly received a lot of information.

“Whoosh ...”

At the same time, an extremely special force descended from the “Hong” character and fused into Yan Lingshi’s body.

“Has the inheritance started?” Golden placid divine Emperor was shocked.

Yun niyue also widened her eyes.

But now, Chen Xiaobei was even more shocked.

This shock even exceeded the shock of Yan Lingshi obtaining the inheritance.

This was because Chen Xiaobei had once seen an identical ‘Hong’ character. Even the aura was exactly the same.

That’s right!

This word had appeared when Chen Xiaobei was cultivating the one word Saint-killer curse!

Hong represented the origin Dao sacred ancestor, the creator of the ultimate origin realm heavenly sacred territory! It had the power of endless evolution and was the origin of all living things!

“Could it be that Ling Shi is related to the origin Dao divine ancestor who created the ultimate origin realm heavenly sanctuary?”

Chen Xiaobei was shocked. “Lingshi’s true form is the primal Chaos purple Qi. Could it be that the primal Chaos purple Qi was derived from the origin Dao divine ancestor?”

All of a sudden, many conjectures appeared in Chen Xiaobei’s mind, and he could not think of an answer.

“Whoosh ...”

At the same time, Yan Lingshi’s body began to emit a huge wave of energy.

Her major realm had actually broken through in a moment.

This space was indeed a legacy opportunity!

More importantly, according to Chen Xiaobei’s speculation, this opportunity could very well reach the level of a holy ancestor!

Whoosh ... Whoosh ... Whoosh ...

Soon after, Yan Lingshi’s cultivation level began to rise rapidly.

Breaking through a major realm was as simple as breathing.

He instantly reached the peak of the true Saint realm and broke through the Saint King realm in a second, reaching the peak of the Saint King realm.

From the looks of it, the breakthrough would continue.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4318: The nine Saint ancestors!**

4318 The nine Saint ancestors!

“Whoosh ...”

With an extremely terrifying pulse of Saint Origin Energy, Yan Lingshi directly broke through to Saint Emperor.

Logically speaking, the divine tribulation would definitely descend when breaking through to Saint Emperor. No matter how strong one’s mental state was, they would still have to go through the divine tribulation.

However, Yan Lingshi did not.

She had broken through to Saint Emperor in an instant before her Saint tribulation had even descended.

Two stars, three stars, four stars ... Nine stars!

Peak nine-star!

In just a short while, Yan Lingshi's cultivation level had reached the peak of Nine Star divine Emperor.

Furthermore, his Saint Origin Energy was still fluctuating, as if he was only a step away from the legendary Saint ancestor realm.

how ... How is this possible?!

Chen Xiaobei and Golden Phoenix divine Emperor were stunned.

His pupils contracted uncontrollably, his scalp went numb, and cold sweat poured down like raindrops.

The visual impact of this scene was simply too terrifying and too shocking. If they didn't see it with their own eyes, no one would dare to believe it.

how could this be ... How could this be ...

Other than shock, golden placid divine Emperor was filled with extreme regret.

If he had known that the legacy in the ruins was so powerful, he would not have used it to make a deal with Chen Xiaobei.

Although Golden Phoenix divine Emperor had reached the peak of two star divine Emperor, he had been cultivating for billions of years. He had been in seclusion for tens of thousands of years and still hadn't found any chance to break through.

From this, it could be seen just how difficult it was to cultivate after reaching Saint Emperor.

It was no exaggeration to say that Jin Lu divine Emperor might never reach peak divine Emperor in his life.

And now, he was using this ruin to make a deal with Chen Xiaobei to create a peak-stage divine Emperor. From the looks of it, there was still the possibility of him breaking through.

If Yan Lingshi had really reached the divine ancestor realm, golden placid divine Emperor would have vomited blood in regret.

This was equivalent to a cooked big fat Duck that was taken away and enjoyed by others before it could even take a bite.

It was depressing.

However, at this moment, the energy fluctuations on Yan Lingshi's body immediately subsided.

She hadn't broken through to the divine ancestor realm.

Although the heritage itself was at the level of a sacred ancestor, there might be other requirements to break through to the sacred ancestor realm, such as an even more terrifying divine tribulation?

In short, Yan Lingshi's cultivation stopped.

The huge "Hong" character in the sky also began to shrink gradually. A space gate appeared in the sky.

At this moment, Yan Lingshi's primordial violet Qi demon body also began to change.

The primordial violet vapor that was originally only as thick as a chopstick.

At this moment, it started to expand and turn into the form of a human. It also gave off an extremely dazzling Dao aura. It was indescribably terrifying.

"Bro bei! I'm leaving!"

Finally, when the human-shaped purple Qi stabilized, Yan Lingshi turned to Chen Xiaobei and said, "I don't have time to explain! This is for you!"

"Whoosh ..."

Yan Lingshi flicked her finger and three spinning purple pearls appeared in front of Chen Xiaobei.

"Lingshi! Are you alright? What's going on?"

Chen Xiaobei quickly went over to ask.

bro bei, don't worry. I'm just going home. I won't be in any danger ...

Yan Lingshi was drawn by a mysterious force, and she flew uncontrollably towards the space gate formed by the "Hong" character.

Then, he merged into the portal and could no longer respond to Chen Xiaobei.

"Lingshi!"

Chen Xiaobei was so worried that he rushed over, trying to follow them into the portal.

"Boom boom boom ..."

However, just as Chen Xiaobei was about to get close, purple lightning burst out of the portal, covering the sky and the earth. It was as if the entire space was about to be torn apart.

"Pfft ..."

Golden placid divine Emperor was far away and just by looking up, he was hit by the power of the purple lightning. He spat out blood and even his Saint Soul was injured.

This was simply terrifying to the extreme!

One had to know that golden placid divine Emperor didn't even touch the purple lightning.

To put it bluntly, golden placid Sacred Emperor might have been heavily injured by the aura and pressure of the purple lightning.

If he was touched by the purple lightning, even just a little bit would be enough to annihilate golden placid Sacred Emperor.

"Whoosh ..."

However, Chen Xiaobei was safe and sound in the sky.

Of course, it was not because of how strong Chen Xiaobei was. It was because he was holding the three pearls that Yan Lingshi had given him.

“Whoosh ...”

The purple lightning did not hurt Chen Xiaobei, but the portal disappeared without a trace.

Without a doubt, the dimension that Yan Lingshi had entered was so powerful that Chen Xiaobei’s special ability could not reach it.

He couldn’t step into the void, he couldn’t peep into space, he couldn’t even peep into the past and future of that space.

This meant that Chen Xiaobei had completely cut off all contact with Yan Lingshi.

However, after calming down, Chen Xiaobei was not too worried. After all, Yan Lingshi had already reached the peak of the divine Emperor realm. Furthermore, she had the extremely mysterious Hong Meng immortal Qi that turned her into a demon. He could basically conclude that no one below the divine ancestor realm could hurt her.

Moreover, she had also said that she was only going home and that there would be no danger.

“Go home?”

Chen Xiaobei calmed himself down and immediately released his spirituality to communicate with the three purple pearls.

Suddenly, a vast amount of information poured into Chen Xiaobei’s mind.

It was the rise of a mysterious race!

All living beings, all worlds, and even the space dimension that bore the heavens were all born from this race!

The great saint tribe!

Hong represented the origin Dao sacred ancestor, the creator of the ultimate origin realm heavenly sacred territory! It had the power of endless evolution and was the origin of all living things!

The Supreme divine ancestor of this race could be said to be the origin of everything.

He was also the leader of the nine most powerful divine ancestors.

Xuan, pan, Sheng, Hong, Yuan, Shi, Ji, mie, Wu-these nine words corresponded to the nine most powerful divine ancestors.

Of course, with the flow of history, these nine most powerful existences had also undergone many changes.

For example, Saint Pan’s Supreme divine ancestor had died in a battle with the sky burying Yuan sacred clan.

The Supreme divine ancestor of the yuan Sage Dao was originally the Holy Father of the sky burial Yuan sacred clan. However, his position was now in jeopardy because of the Supreme divine ancestor of the sky burial Yuan sacred clan.

As for the great saint Supreme divine ancestor, he had also fallen into a self-contradictory dilemma because of the emergence of some sources of chaos.

Therefore, just like the Saint pan clan, the great sacred clan had been going downhill.

In fact, the situation of the great saint tribe was even worse than that of the Saint pan tribe.

The reason for this was also very special!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4319: Heaven-defying ability!**

##### 4319 Heaven-defying ability!

The main reason why the great saint tribe was not as powerful as the Saint pan tribe was that the members of the great saint tribe had to turn into demons with Hong Meng immortal Qi.

One should know that the primordial violet vapor was an extremely rare resource, and the primordial violet vapor that could become a demon was even rarer. It required great perseverance, great opportunity, and great luck.

Therefore, there were very few members of the great saint tribe.

Coupled with the fact that the great saint Supreme divine ancestor was in danger, the entire great saint tribe was in a state of decline.

Of course, Saint great senior had also thought of this situation.

Therefore, he had already started to create this legacy site billions of years ago.

As the most powerful divine ancestor in the past, the inheritance derived from the great divine Supreme divine ancestor was naturally extremely powerful.

However, the Supreme divine ancestor was in a very serious condition, so he couldn't tell the location of the ruins to the people of the great Divine Tribe. He could only let the people who were fated to find it themselves.

Moreover, it wasn't just Tiandao who wanted to capture Yan Lingshi. The entire sky burial Yuan sacred clan was trying their best to capture the members of the great saint clan.

To put it bluntly, the sky burial Yuan Saint clan was actually hoping to find the fated person among the great saint clan and obtain the strongest opportunity in the world.

However, the result was very ironic.

Jin Lu divine Emperor had discovered this long ago, but he didn't tell the heavenly Dao because of his selfishness.

In the end, she even foolishly used the remains to make a deal with Chen Xiaobei.

And now, he had given Chen Xiaobei such a huge gift.

Even though Chen Xiaobei did not receive the legacy, Yan Lingshi and Chen Xiaobei had been in love for three lifetimes. They were already United.

Therefore, once Yan Lingshi obtained the legacy, she would help Chen Xiaobei at all costs. In other words, Chen Xiaobei had obtained the legacy himself.

However, Yan Lingshi seemed to have something urgent to attend to. She had to return to the heavenly sanctuary, where the great Divine Tribe was located. So, she could not help Chen Xiaobei for the time being.

Of course, Chen Xiaobei did not end up empty-handed.

The three purple pearls contained three pieces of information.

The first one was the information about the origin and current situation of the great Divine Tribe.

The second one was a cultivation technique. It recorded an ancestral-level cultivation technique called the endless origin great Dao, which was very terrifying and powerful.

The three pearls were extremely mysterious Dharma Treasures, just like the embryo membrane of the heaven and earth of the sky burying Yuan sacred clan. They could be considered the unique secret treasures of the great saint clan.

Its specific use was to work with the endless origin great Dao techniques and derive everything you wanted to derive from the origin.

Of course, the higher the level of the item, or the rarer the item, the more energy it would take to derive it.

Simply put, with enough energy, Chen Xiaobei could create a second Saint devouring Dao axe, a Saint ancestor, or even a second Chen Xiaobei who looked exactly like him!

He could derive whatever he wanted!

He was just that overbearing! It was just that heaven-defying!

From this, it could be seen that it was completely reasonable for the great divine Supreme divine ancestor to become the most powerful divine ancestor.

Of course, even though cultivation techniques and magic treasures were heaven-defying, the energy consumption was astronomical.

For example, the three examples he just gave could be done in theory, but in reality, Chen Xiaobei could not afford the cost.

If Chen Xiaobei wanted to give birth to another version of himself, it did not include his cultivation technique, special ability, or bloodline.

Just creating a clone of himself with the same cultivation level would require 30000 peak one star Saint Emperor Saint veins.

In addition to cultivation techniques, bloodlines, and special abilities, he would probably need a holy ancestor level Holy Meridian to do it.

After all, Chen Xiaobei had a lot of pinnacle Holy Emperor-level trump cards.

So, with Chen Xiaobei's current ability, he did not need to consider creating a being that was too powerful.

Instead, he should focus on deriving something more practical.

For example, Sage Emperor Xuan Zhi.

Even though creating a Saint Emperor Mystic resin required a large amount of energy, it had a heaven-defying effect. It allowed one to ignore bottlenecks when breaking through to a large realm.

This way, Chen Xiaobei could help his brothers, women, elders, and disciples to increase their cultivation without limit.

As the beixuan realm continued to expand, they would become Chen Xiaobei's most trusted and strongest support.

On one hand, it provided Chen Xiaobei with a huge amount of energy. On the other hand, it could strengthen Chen Xiaobei's Saint Soul ability.

Therefore, after comprehensive consideration, the best choice was to derive the holy soul Mystic resin.

"Whoosh ..."

Without hesitation, Chen Xiaobei started to cultivate the endless origin great Dao.

This cultivation technique had reached the sacred ancestor level and was extremely profound and difficult to understand.

It was difficult for an ordinary person to even read aloud smoothly, so one could imagine how difficult it was to learn.

Even with Chen Xiaobei's fast learning ability, it took him three days and three nights to finally learn it.

"Young master Chen ... I ... Can I leave now?"

Holy Emperor Jin Lu had been waiting for three days and three nights. He did not dare to leave or disturb Chen Xiaobei.

Now that Chen Xiaobei had finally stopped cultivating, he finally mustered the courage to ask.

"Leave?"

"I'm a man of my word. If you're honest with me, I won't go back on my word. But, do you really want to do business with me?"

of ... Of course it's true ... golden placid divine Emperor felt guilty and cold.

"Ha, you have the nerve to admit it!"

Chen Xiaobei looked at her as if he could see through everything. you didn't trick me here to give me the ruins. You wanted to kill me with the help of the dangers in the ruins!

"This ..."

Divine Emperor Jin Lu's face turned pale. He should have known that he could not hide his intentions from Chen Xiaobei.

you have two choices now. One, continue to be my dog. Two, I'll let you have a taste of being killed!

Chen Xiaobei's tone was cold and he was not joking.

"I ... I'm willing to continue to be your Lackey ..."

Holy Emperor Jin Lu was very afraid of death. He had no choice but to continue to submit to Chen Xiaobei.

Then, Chen Xiaobei looked at him and said, "Your body is already very old, there's no use for it. Why don't you give it to me?"

"My ... My physical body? What does young master Chen want this for?" Golden placid divine Emperor was dazed.

"Cut the crap and give it to me immediately!" Chen Xiaobei was too lazy to explain.

yes ... Sacred Emperor Jin Lu was about to cry, but in order to save his life, he could only listen.

"Whoosh ..."

Divine Emperor Jin Lu's divine soul left his body to Chen Xiaobei.

What was Chen Xiaobei trying to do?

[Red Envelope Group of the Three Realms](#)

**Chapter 4320: Evil smile!**

4320 Evil smile!

After getting Jin Lu divine Emperor's body.

Chen Xiaobei then took out the Golden Phoenix divine Emperor's inventory.

Since Chen Xiaobei had already used up all his energy, he would have to use Holy Emperor Jin Lu's energy to complete the next step.

"What the f \* ck! Are you that poor?"

However, Chen Xiaobei was very disappointed when he checked it.

There were only a few hundred million Saint origin Mystic crystals in Sacred Emperor Jin Lu's storage space. There wasn't even a single Saint Emperor energy.

"Uh ..."

"I've been in closed door cultivation the whole time, it's useless to save up energy ... All the energy has been used up ..."

What he said was true. A person who had been in closed-door cultivation for tens of thousands of years would consume a huge amount of energy every day. There was no way he would have any surplus energy to save.

"Alright, let's do an experiment first!"

Chen Xiaobei then took out all the Saint origin Mystic crystals.

"The great Dao of origin! Endless evolution!"

His words were the law, and the endless great Dao of origin was directly activated.

At the same time, the three purple pearls all flew up.

The first one crushed all the Saint origin Mystic crystals and absorbed the energy.

The second one gave off a light that covered his body.

The third one, on the other hand, gave off an extremely powerful energy fluctuation. At the same time, it also gave off a wondrous aura of origin.

"Whoosh ..."

As time passed, the nine hairs on golden placid's body turned into nine purple gossamers and floated towards the second Pearl.

"Drip ..."

Then, from the third Pearl, a drop of golden liquid dripped down.

It exuded an extremely strong spiritual fluctuation. At the same time, it also had an extremely strange fragrance.

Chen Xiaobei felt invigorated when he smelled the fragrance. His body also seemed to be filled with energy and needed to be vented.

this ... This ... This is the Saint Emperor Xuan Zhi!!!

Jin Lu divine Emperor screamed, "You ... You can actually refine the Saint Emperor Mystic resin so quickly? This ... How is this possible?"

That's right!

Chen Xiaobei had used the special ability of the great Divine Tribe to create a drop of golden liquid. It was the Holy Emperor Mystic fat that everyone dreamed of!

This kind of treasure required the body of a Saint Emperor to refine.

Furthermore, the method of making it was a top secret and extremely difficult!

No one in the entire earth Holy region could make it.

Even in the heavenly sanctuary, there were very few people who could refine it.

It was precisely because of this that the production of Saint Emperor Mystic fat was extremely rare, even comparable to the corpse of a Qilin.

Even someone as strong as Sacred Emperor Jin Lu couldn't gather enough Mystic fat to break through a major realm bottleneck. He could only go into seclusion for tens of thousands of years.

One could only imagine how rare a Saint Emperor Mystic resin was.

And at this moment!

Chen Xiaobei had produced a drop of Holy Emperor Mystic resin!

This was crazy!

"Why are you so surprised?" Chen Xiaobei did not understand.

"I ..."

Jin Lu divine Emperor was dazed and exclaimed, "Other people would take millions of years to successfully refine Saint Emperor Mystic fat! It would also consume a huge amount of energy and energy! Childe Chen, you did it in such a short time, how can I not be surprised?"

I see ... Chen Xiaobei laughed.

It seemed that Golden Phoenix divine Emperor did not know Chen Xiaobei's true power.

Other people were refining it, but Chen Xiaobei was deriving it. The two were completely different in nature, so there was no way to compare them.

The reason why Golden placid divine Emperor had misunderstood Chen Xiaobei was because Chen Xiaobei had used his body to make Mystic resin.

In fact, as long as he had enough energy, Chen Xiaobei did not even need to use the Holy Emperor's body. He could just create the Holy Emperor Mystic fat from thin air, and then use a huge amount of energy to create the Holy Emperor Mystic fat.

However, Chen Xiaobei's energy was limited.

With the help of the sacred land body, he could save a lot of energy.

One had to know that burning hundreds of millions of Saint origin Mystic crystals only produced a drop of Saint Emperor Mystic resin. One could only imagine how enormous the consumption was.

Without the help of Sacred Emperor Jin Lu's body, even burning tens of billions of Saint origin Mystic crystals wouldn't be able to produce a drop.

A cultivator's body itself was a creation of the heavens and earth. It absorbed countless spiritual Qi and Saint Qi to form the essence of cultivation, which could evolve into Saint Emperor Mystic fat, saving a lot of energy.

With divine Emperor Jin Lu's body, Chen Xiaobei could use less energy to create divine Emperor Mystic fat.

"About 10 peak two star divine Emperor divine veins can turn golden placid divine Emperor's body into divine Emperor Mystic fat ..."

Chen Xiaobei thought to himself, the Saint Emperor Mystic resin that will be produced will allow the people closest to me and most trusted by me to become Saint Kings!

Now that Chen Xiaobei had both the Sacred Heart of Hongmeng and the all-knowing divine Emperor's inheritance, he would have no problem reaching the late stage of the divine Emperor realm. He might even be able to reach the pinnacle of the divine Emperor realm.

Therefore, Chen Xiaobei's future gains would largely depend on the people around him.

To make the people around him stronger, Chen Xiaobei would be able to receive additional help other than his cultivation. It was another form of strength enhancement.

"Let's go out first!"

Chen Xiaobei greeted.

Then, he put away golden placid divine Emperor's body and left this space.

After returning to the dark abyss, Chen Xiaobei did not leave immediately. Instead, he took out the formation that he had set up in the rock.

As Yan Lingshi inherited the legacy in the independent space, the formation lost its source of energy and could no longer attack. It had even become an ownerless object.

Chen Xiaobei was not going to throw away such a huge fortune.

It was estimated that this formation was at the peak of five star divine Emperor.

It was extremely terrifying.

There were 900 million runes and 80 million formation eyes alone.

it's too spectacular. Even master can't set up such a terrifying array ...

Jin Lu divine Emperor sighed.

Oh? " Chen Xiaobei raised his eyebrows. according to your memory, Tiandao's cultivation level is only at intermediate five star divine Emperor, right? "

"Yup ..."

Jin Lu divine Emperor nodded and said,"but master has a long life and can reach the fake state of at least Seven Star divine Emperor!" I've been in seclusion for tens of thousands of years. Even if master's cultivation didn't improve, his lifespan will definitely continue to increase!"

Clearly, breaking through became extremely difficult once one reached Saint Emperor.

Even someone as strong as the heavenly Dao was unable to break through quickly.

However, the heavenly Dao had the yuan Sage great eternal curse. By refining the yuan Shen and Saint Soul of others, one's lifespan could be increased.

Therefore, even if he couldn't break through to the next realm, as long as he kept killing people, he could keep increasing his lifespan. In terms of strength, he was still a very terrifying existence.

no matter what, the actual cultivation of the heavenly axiom is not as high as the level of this magical formation!

Chen Xiaobei raised his brows and laughed evilly, " "Do you think the heavenly Dao will be interested in this formation?"
