Red Envelope Group of the Three Realms

Chapter 4321: double act!

“What?”

Holy Emperor Jin Lu was taken aback by Chen Xiaobei’s evil smile.

“Could it be that young master Chen wants to scheme against my master?”

Holy Emperor Jin Lu was not stupid. He immediately guessed Chen Xiaobei’s plan.

“Nonsense.”

the heavenly axiom is my mortal enemy. If I don’t plot against it, do I have to give it a gift? ” Chen Xiaobei said.

“Uh ...”

Jin Lu divine Emperor nodded and said, the power of this array is extremely terrifying, and it’s closely related to the great Divine Tribe. Master will definitely be interested!

Chen Xiaobei raised his eyebrows and asked, ” “Then, what do you think I can get from the heavenly Dao if I offer this formation to him?”

“This ...”

Golden placid divine Emperor was stunned, I can’t be sure about that ... Master has always been a dignified person. As his disciples, we don’t have the right to bargain with him ...

Obviously, the heavenly Dao was by no means an honest elder, and he would not treat his disciples as sincerely as sect leader Tongtian.

Because of this, golden placid divine Emperor didn’t dare to tell the heavenly Dao about it.

If the heavenly Dao took it for itself, golden placid divine Emperor wouldn’t even get a sip.

Therefore, one’s character and luck were closely related!

If Tian Dao had a better character and golden placid divine Emperor told them the secret, they might have already found a way to get the inheritance.

since I can’t haggle with the heavenly Dao ... I can only think of another way. If it really doesn’t work, I’ll just auction it off!

Oh, that’s great! You have a lot of high-level but useless stuff in your inventory too! You can sell them all at once!

Jin Lu divine Emperor’s mouth twitched.

He had a lot of good stuff in his storage space. Why was it useless?

However, golden placid divine Emperor didn't dare to talk back and said, "Childe Chen, it's best not to go to the auction!"

"Why?" Chen Xiaobei asked.

"This is a peak five star divine Emperor formation! Who could afford it? That's at least a five star divine Emperor!"

He was right.

An ordinary man's possession of a jade ring would cause him to be guilty.

Even if Chen Xiaobei could earn a huge sum of money from the auction, he would still be the target of countless powerful people.

"This can't do, that can't do ... It wasn't easy to obtain such a high-level item. Are you going to let it rot in my hands?"

Chen Xiaobei furrowed his brows, clearly unhappy.

The formation was powerful, but Chen Xiaobei did not have the energy to activate it. It was like a useless vase in his hands.

"That's right!"

Suddenly, Chen Xiaobei had an idea. He quickly asked, "Do you guys usually flood the heavenly Dǎo red envelope group with red packets?"

"Uh ... What's a red packet flood?" "We only use red packets to pass things ..."

"You guys are too uncouth!"

"I'll go check the group first!" Chen Xiaobei said. Let's see if there's anyone to play with me!"

Chen Xiaobei then activated both golden placid divine Emperor and Hongjun's communication runes.

Then, they both entered Tiandao's Red envelope group.

Each person had two accounts.

Hongjun (Chen Xiaobei): "@ **Tiandao** shizun, I've already woken up senior brother Jin Lu as you've instructed. Please assign us our next mission!

[Holy Emperor Jin Lu (Chen Xiaobei): @ heavenly Dao, master, please advise!]

Thousand eyed Sacred Emperor, "master seems to be in a hurry. You two wait a little longer!" (Carefree)

Hongjun (Chen Xiaobei): "I'm bored anyway. Let's play with red packets?" @ Everyone!

Sacred Emperor Jiu Qiong asked, "What's red packet spam?"

Sacred Emperor lie Yuan said, "Junior Brother Hongjun came from another independent world. He should be from that world."

Hongjun (Chen Xiaobei): Senior brother lie Yuan is wise! Spamming red packets is a game from my previous world. It's very, very interesting, and everyone has the chance to get good things.

Mystic essence divine Emperor, you can get good things? Everyone, come quickly! @ Everyone!

The moment they heard that there was good stuff, the group quickly became lively.

There were about 30 divine emperors.

There weren't many people, but as long as everyone sent a red packet, it could still create a flood effect.

The main point was that if there were fewer people, the red packets would be much better.

Hongjun (Chen Xiaobei): " since everyone's here, I'll announce the rules! Everyone, prepare a red packet. The requirement is that the item in the red packet can not be lower than Holy Emperor level!

Hongjun (Chen Xiaobei): " then, I'll count to three. Everyone will send the red packets to the group at the same time. We'll compete for them with our speed. Whoever gets them will get them! It's exciting, and you can even grab good things!

Holy Emperor Jin Lu (Chen Xiaobei)! I'll be the first to sign up! Senior brothers, come and play together! Usually, he was either cultivating or carrying out missions, so it was time to relax!

Mystic essence divine Emperor: I'll participate too!

Divine Emperor Jin Lu (Chen Xiaobei): " eldest Shixiong is involved. What are you guys waiting for? "

Saint Emperor Jiu Qiong, count me in!

Thousand eyed Sacred Emperor: " I'm playing too. But I'll say this first. Those who haven't given me red packets can't snatch it!

[Sacred Emperor lie Yuan: also, whoever sends something that isn't at the level of a Sacred Emperor is also breaking the rules. When the time comes, we'll deal with him together!]

It had to be said that Hongjun's group of personal disciples were really talented. Not only did they understand it with just a little bit of advice.

She had even helped Chen Xiaobei to complete the rules.

Holy Emperor Jin Lu (Chen Xiaobei) laughed,"haha, everyone is participating!" Little Junior brother's idea was really great!

Chen Xiaobei then took out two pieces of divine Emperor-grade metal from the Golden Imperial divine Emperor's inventory.

He stuffed one into Hongjun's Red packet and the other into Sacred Emperor Jin Lu's Red packet.

Even though Chen Xiaobei had opened two accounts and was able to fool everyone into joining the game ...

However, Chen Xiaobei had to give out two red packets as well.

Luckily, the gifts were useless, and they were all from Golden Phoenix divine Emperor.

Hongjun (Chen Xiaobei): " then let's start! One! Two! Three! Release!

Ding! Ding! Ding! Ding! Ding!

All of a sudden, the long-lost red packet notification appeared in Chen Xiaobei's mind.

Since the communication rune was different from a mobile phone, snatching red packets was no longer a competition of hand speed, but rather reaction speed.

Everyone's reaction speed was about the same, so it was difficult to kill more than one.

[ding Yingluo congratulations, you have snatched a red envelope from Sacred Emperor Xuan Yuan. You have received ...]

Red Envelope Group of the Three Realms

Chapter 4322: setting up a chess game!

[ding Yingluo congratulations, you have snatched a red envelope from divine Emperor Xuan Yuan. You have received an early stage one star divine Emperor divine Meridian!]

[ding Yingying, congratulations! You have snatched a red envelope from divine Emperor lie Yuan. You have received a one star divine Emperor primary stage pill!]

"F * ck! These old foxes!"

f * ck! Chen Xiaobei could not help but curse. I told them not to give me anything lower than a one star divine Emperor and they gave me one star divine Emperor beginner level stuff. They really don't want to lose out!

however, it's already quite lucky to be able to get two red packets in a contest of reaction speed!

Chen Xiaobei grinned and said, 'besides, I was just throwing a brick to guide the Jade. The main event was yet to come! There will definitely be people who will take the bait, and some people might even get addicted!"

Everything was just as Chen Xiaobei had expected.

Sacred Emperor lie Yuan thought, "this isn't fair!" All of you managed to grab a red packet, but I didn't!

Sacred Emperor Xuan Yuan laughed, "I got two!" (Excited) this is so interesting!

Sacred Emperor lie Yuan: Again! Again! (Unconvinced)

"No problem!" Sacred Emperor Xuan Yuan replied. I've already earned it anyway! Again! (Agreed)

Hongjun (Chen Xiaobei): " I have a suggestion. Can the things that you guys stuff into the red packets be upgraded? " It's just an early stage one star divine Emperor, too boring!

Holy Emperor Jin Lu (Chen Xiaobei): Increase the level by a little! It's more exciting to fight like this! If their level was too low, it would be like snatching garbage. Wouldn't the senior brothers feel that they were losing face?

Sacred Emperor Xuan Yuan, "that's right!" They were all disciples of the natural law School, so they had to show some respect! Fighting over a mere one star divine Emperor's item would make people laugh their heads off and even their master would lose face!

Hongjun (Chen Xiaobei) thought, 'eldest Shixiong is the one with the foresight!' (Liked)

Sacred Emperor Jiu Qiong, "Junior Brother Hongjun, you asked everyone to increase the red packet level. What about you?" Can you take out anything of high quality?

Thousand eyed Sacred Emperor: Without a red packet of the same level, you can't participate!

Sacred Emperor lie Yuan, you're right! Little Junior Brother, don't participate! If they didn't have red packets of the same level, they were here to take advantage of him! (Disdainful)

Hongjun (Chen Xiaobei): " who says I don't have high-class red packets? " I'm just afraid that if my level is too high, you guys won't be able to keep up! (Taunting)

Sacred Emperor Xuan Yuan thought, "Little Junior Brother, you're very confident!" Why don't you tell me what level your red packet can reach?

Hongjun (Chen Xiaobei), a peak five-star divine Emperor!

Thousand eyed Sacred Emperor: " Junior Brother, we're all on the same side. Don't try to act all high and mighty. Just watch us play. Stop messing around!

Divine Emperor Jin Lu (Chen Xiaobei): I can prove it to Little Junior Brother! He had obtained a super powerful array by chance! You've all misunderstood him!

Sacred Emperor lie Yuan, "what?!" This was actually real? (Shocked)

Sacred Emperor Xuan Yuan, "since Junior Brother Jin Lu vouched for me, there's nothing to doubt!" Little Junior Brother can also participate in the next round of red envelope snatching!

Hongjun (Chen Xiaobei): " it's not that you guys don't want me to participate. It's just that I don't really want to!

Saint Emperor Jiu Qiong asked, "what's wrong?" Could he be angry? Little Junior Brother, we were just reasonably suspicious just now, so don't blame us! Participate!

Thousand eyed Sacred Emperor, "that's right!" Little Junior Brother, don't be so stingy! Everyone was on the same side, there was no such thing as overnight hatred!

Obviously, a peak five star divine Emperor array was extremely tempting to everyone in the group. After all, even the heavenly Dao's cultivation wasn't that high!

Because of this, the two people who were questioning Chen Xiaobei just now did not care that they had been slapped in the face in public. They desperately wanted Chen Xiaobei to stay and participate in the next round of red envelope snatching.

From their reactions, it could be seen that everyone's appetites had been completely hooked.

Next, it was time to catch the big fish!

Hongjun (Chen Xiaobei): " senior brothers, please don't misunderstand me. I'm not angry. I just feel that I'm at a disadvantage because you guys can't give me red packets of the same level!

Sacred Emperor Xuan Yuan, Little Junior Brother, you're underestimating us! Although the members of the natural law School are not five star divine emperors yet, we can all step into the pseudo realm. He still had some hard goods in his hands!

Holy Emperor Jin Lu (Chen Xiaobei) said,"uh ... Not everyone has it ..."

Obviously, Sacred Emperor Xuan Yuan was the eldest senior brother of the natural law School and was very confident! However, many people in the group were like Sacred Emperor Jin Lu, who couldn't take out anything decent from their storage space.

Chen Xiaobei had already expected this.

The advantage of opening a second account was that they could kick out these people who didn't have a solid foundation.

Holy Emperor Jin Lu (Chen Xiaobei): " I'm not joining. I don't want Little Junior Brother to say that I'm taking advantage of him. Everyone, please be self-conscious. Those who don't have red packets of the same level, don't join.

Sacred Emperor Xuan Yuan, Junior Brother Jin Lu is right! The group was filled with Junior Brother Hongjun's elders! The big can't bully the small! Those who don't have red packets of the same level, don't participate!

Saint Emperor Jiu Qiong thought,"that's boring!" With the addition of this rule, basically, only eldest senior brother, second senior brother, and third senior brother could participate. The others could only watch helplessly!

Hongjun (Chen Xiaobei): " how about this? I'll split the formation into ten portions! As long as one reached the late five star divine Emperor realm, they would be able to participate!

Saint Emperor Jiu Qiong: In this case, the top ten disciples of the natural law School could all participate!

The thousand eyed Sacred Emperor thought,"Junior Brother, you're so kind!" I'll participate even if I have to sell everything I have!

[Sacred Emperor lie Yuan: come come come!] I can't wait any longer!

Even if Chen Xiaobei had divided the formation into ten portions, its value would still be far higher than that of a late-stage five star divine Emperor.

That was why everyone in the group was so excited that they could not wait to join in, afraid that Chen Xiaobei would go back on his words.

On the surface, it looked like Chen Xiaobei was doing a losing business.

But in fact, this was for the sake of a big game of chess!

Hongjun (Chen Xiaobei): " then let's begin! Three! Two! One!

Ding! Ding! Ding! Ding! Ding!

Suddenly, the sweet voice appeared in Chen Xiaobei's mind again.

"I'll snatch it!"

This time, Chen Xiaobei was more focused and his reaction was faster than before!

[ding Qianqian, congratulations! You have snatched a red envelope from nine firmament divine Emperor. You have received a five star divine Emperor advanced stage divine Meridian!]

Ding Yingluo congratulations, you have snatched a red envelope from divine Emperor Xuan Yuan. You have received a piece of five star divine Emperor late stage limitless Saint crystal!

[ding! Congratulations! You have snatched a red envelope from the thousand-eyed divine Emperor. You have received the corpse of a late-stage five star divine Emperor!]

This time, there were fewer people who sent red packets, and correspondingly, there were fewer people snatching red packets.

Chen Xiaobei had outdone himself and took down three kills in one go.

"What the f * ck! It's so cool!"

Chen Xiaobei was extremely excited.

Other than feeling good, Chen Xiaobei also had a wicked smile on his face, as if his plan had succeeded.

A good show was about to start!

[Red Envelope Group of the Three Realms](#)

Chapter 4323: The best of the best!

4323 The best of the best!

Originally, Chen Xiaobei could not auction off the magical formation, nor could he exchange it for any benefits. It was like a meaningless decoration.

And now, Chen Xiaobei had obtained a late-stage five star divine Emperor's Holy Meridian, a late-stage five star divine Emperor's infinite Saint crystal, and a late-stage five star divine Emperor's body.

These three things were what Chen Xiaobei needed the most.

As for the Holy Meridian, it could help Chen Xiaobei obtain the inheritance of the heart of Hongmeng and continue to break through. It could also increase the level of the one character Holy extermination curse. It could also allow him to use more advanced trump cards. It could also allow him to bring the Cang Sheng heavenly region into the beixuan divine soul macro world and protect the entire Luo clan.

The infinite Saint crystal should be an extremely rare treasure that could be used to upgrade the Saint devouring Dao axe.

Finally, with enough energy, the body of a late five-star divine Emperor could produce a large amount of divine Emperor Mystic fat. By then, Chen Xiaobei could have more divine kings or even divine emperors.

This red packet's triple kill would definitely give Chen Xiaobei a huge boost in strength.

However, this was only the first step of Chen Xiaobei's plan!

The good show was yet to come!

The thousand eyed Sacred Emperor thought, "Little Junior Brother didn't lie!" I managed to snatch a copy of the array he sent out. It's indeed a peak five star divine Emperor! The runes and the formation's eye were extremely profound! He had profited! He really earned big!

Sacred Emperor Xuan Yuan, hahaha! My reaction was still very fast, and I managed to grab two copies of the formation sent by Little Junior Brother!

Sacred Emperor Xuan Yuan, I also got one! It felt too good! Hahaha!

Sacred Emperor lie Yuan: Why didn't I get it! This is not fair! (Furious)

Saint Emperor Jiu Qiong laughed, "haha, I got it too!" Senior brother lie Yuan, you're so unlucky! Hahaha ...

Sacred Emperor lie Yuan laughed again. Laugh again and I'll kill you! (Mental breakdown)

Obviously, the disciples of the natural law School weren't kind people. It wasn't like they hadn't attacked their own disciples before.

With Sacred Emperor lie Yuan's current state of mind, he would definitely snatch it if Sacred Emperor Jiu Qiong was in front of him.

This was the first step of Chen Xiaobei's plan.

He wanted to sow discord and expose the cracks between the members of the natural law School.

Of course, this was only the appetizer. The main event was just about to begin.

[heavenly Dao: you guys have a lot of fun!] (Imposing)

Sacred Emperor Xuan Yuan, greetings, master! (Respectful)

Saint Emperor Jiu Qiong greeted, master! (Humble)

"Sacred Emperor lie Yuan greets master!" (Nervous)

[divine Emperor Jin Lu (Chen Xiaobei): greetings, master!]

Hongjun (Chen Xiaobei), greetings, Sifu!

The way of heaven said, [Hongjun, you are really good!] You didn't even tell me that you've discovered such a great opportunity!

Hongjun (Chen Xiaobei): " I wanted to say it, but you weren't here, Sifu ... I saw that my senior brothers were all free, so I thought we could all hang out and get closer. After all, I'm new here ...

[heavenly Dao: enough!] Don't find excuses here!

Hongjun (Chen Xiaobei): I know I was wrong. If there's an opportunity in the future, I'll definitely tell you at once!

Heaven's will said,"everyone, listen up! Hand over all the magical formations you just snatched to me!" Whoever dared to hide it would be severely punished! (Threat)

His words were like a bolt of lightning on a clear day.

The people who had been so proud of themselves for snatching the red packets fell from heaven to hell. They felt even more depressed than if they had eaten a car full of popsicles.

Without a doubt, Tiandao's character was really terrible.

His disciples had only submitted to him out of fear, and almost none of them were truly loyal to him.

At this moment, the people who had managed to grab the red packets with great difficulty had not even warmed their pockets when they turned around and were forcefully robbed by the heavenly Dao!

They probably wouldn't believe it if they said that they didn't have any resentment in their hearts.

However, they did not dare to reject the heavenly Dao.

That was because, with the heavenly Dao's temper, refusing would be courting death.

Sacred Emperor Xuan Yuan,"I've already sent my red packet, please check it!"

Saint Emperor Jiu Qiong thought,"I'm rich too!"

Thousand eyed Sacred Emperor, disciple too!

.....

"Hehe, it's exactly as I thought!"

Chen Xiaobei grinned evilly, his dark eyes glimmering. "The heavenly Dao is nothing! As long as they saw the sky-high record, they would definitely take the benefits for themselves! In this way, the disciples "hatred for him will deepen!"

This was the second step of Chen Xiaobei's plan.

It would expose the cracks between the heavenly Dao and the disciples, and the relationship would deteriorate subtly.

The first two steps of his plan were to bury the hidden thunder, which might or might not explode.

However, the third step of his plan was to plant a real time bomb. It would definitely explode and it would definitely be beneficial to Chen Xiaobei.

The time bomb was the array itself.

Although the heavenly Dao could allow him to reach a higher pseudo realm, it would consume a lot of his lifespan. Therefore, in order to save his lifespan, he would definitely use this formation.

Chen Xiaobei, on the other hand, had Yan Lingshi's Natal purple Qi and three great saint orbs.

One day, when he faced the heavenly axiom, not only would the formation not harm Chen Xiaobei, but it would also be controlled by him!

When that time came, the heavenly Dao would inject energy into the array, which would be equivalent to lifting a stone to smash one's own foot!

And after that, there was a fourth step!

After defeating the wielder of the will, the formation would return to Chen Xiaobei's hands.

This wave of schemes and plots was simply the best of the best!

The formation would go around in circles and eventually return to Chen Xiaobei.

In the process, he would help Chen Xiaobei gain some benefits, create cracks in the natural law School, and deal a heavy blow to the heavenly law at the most critical moment. He might even be able to get some energy from the heavenly law.

Killing five birds with one stone, it was simply too cool!

Sacred Emperor Xuan Yuan,"master, we gave you all the red packets we got. Can Junior Brother give them back to us?"

Sacred Emperor Jiu Qiong replied,"that's right. The things we give out are the most precious things we have!"

The thousand eyed Sacred Emperor,"master, please help us!"

.....

It was obvious that these guys were trying to take advantage of Chen Xiaobei, and they had all taken out their most precious treasures.

They didn't want to suffer another big loss.

However, what kind of character did the heavenly Dao have? Who would care about them?

[heavenly Dao: master has to worry about these small things?] You guys can settle it privately!
(Impatient)

Everyone,"yes!" (Extremely depressed)

Hongjun (Chen Xiaobei): " Sifu, what should we do about my mission with Shixiong Jinchuan? "

[heaven's will: at least you still remember the proper business!] I've already arranged for people to search for Chen Xiaobei's whereabouts. You and Jinchuan should get ready, someone will contact you! When the time comes, we must cooperate and take down Chen Xiaobei!

Hongjun (Chen Xiaobei):

Holy Emperor Jin Lu (Chen Xiaobei):

Heaven's will said, [I'm going to lay out the formation. You guys can talk among yourselves!]

Red Envelope Group of the Three Realms

Chapter 4324: completing the Saint position!

Sacred Emperor Xuan Yuan, Junior Brother Hongjun! Give us back our red packets! (Serious)

Saint Emperor Jiu Qiong, Little Junior Brother! Say something! Don't think that you'll be fine if you don't say anything! If you don't return our red packets, you won't have a good ending! (Threat)

The thousand eyed Sacred Emperor, Hongjun! Don't blame me for not warning you! If you don't return our red packets, I'll catch you now! (Angry)

.....

The group immediately exploded.

However, Chen Xiaobei had already closed the group chat and ignored them.

He threw Hongjun and Sacred Emperor golden placid into the North profound sacred world. They would never find him!

This wave of operation simply made his scalp numb.

“Yiyi ... Yiyi ...”

Then, Chen Xiaobei stepped into the void and returned to the holy ground.

Now that he had a huge amount of energy on hand, there were simply too many things he could do.

First, Chen Xiaobei went to the cangsheng heavenly region.

With the help of a hundred drops of Saint Emperor Mystic resin, Luo Wuji had successfully broken through to Saint Emperor and become the absolute ruler of the cangsheng heavenly region.

Therefore, Chen Xiaobei did not face any obstacles in the process of collecting the cangsheng heavenly territory.

The amount of energy it used was only one-billionth of a late five star divine Emperor's energy.

However, as expected, the size of the entire world would skyrocket as the blue sacred heavenly region merged with the North Mystic sacred soul great world.

At the same time, the number of Sage seats also skyrocketed.

The North Mystic saint now had 300 million Saint positions! The North Mystic sacred king had 30 million Saint seats! The North Mystic Divine Emperor even had 30000 Saint positions!

After that, Chen Xiaobei went to the upper province of the yuan Sage.

This region was the homeland of the Holy Phoenix tribe, the Holy Dragon Tribe, and the Qilin tribe. Chen Xiaobei had a close relationship with this place.

In order to prevent the heavenly axiom from plotting against him, Chen Xiaobei had merged the upper Yuan sage realm into the beixuan divine soul realm.

This way, there would be 330 million Saints in North Xuan! The number of North Mystic sacred King's seats had reached 33 million! As for the North Mystic Sacred Emperor, he had 33000 positions!

As long as he could fill up all these Saint positions, the level of the North Mystic sacred world would directly increase by a huge realm and reach the level of a three-star divine Emperor.

As for the energy he provided every day, it was naturally much more than before.

“Whoosh ...”

After that, Chen Xiaobei returned to the beixuan sacred soul world.

Now that he had the Saint Emperor's corpse and sufficient energy, it was time for a large scale Saint creation operation.

First of all, he didn't have to worry about the position of the North profound Sage. 330 million might sound like a lot, but in the North profound sacred soul world, this level was like an ant. There was a large number of them.

Secondly, the position of North Mystic's sacred king had to be carefully selected.

LAN family, sacred Phoenix tribe, Luo family, ye family, corpse Saint Palace, and blazing wind city were the top choices. This was because they had a stronger sense of belonging and were easier to manage.

The 33 million people were quickly selected.

Whoosh ... Whoosh ...

Chen Xiaobei took out the three orbs and the body of Sacred Emperor Jin Lu.

In addition to sufficient energy.

Soon, the corpse of a peak two star divine Emperor was turned into 30000 drops of Saint Soul Mystic fat by the endless origin Dao.

Of course, this was far from enough.

Then, Chen Xiaobei took out the advanced five-star divine Emperor's body that he had snatched from the red envelope.

He continued to evolve.

After a while, the entire five star divine Emperor late stage spirit vein was burned out.

The late 5-star Sacred Emperor's body was also completely transformed into 300 million drops of Sacred Emperor Mystic fat.

First, the 33 million people who were selected were each given a drop.

It was enough for them to go from the true Saint realm to the early stage of one star Saint King.

The North Mystic sacred King's position was completed.

Next, it was time to select 3300 North Mystic sacred emperors.

These people were very important to Chen Xiaobei. They had to be the most trusted and loyal ones.

Chen Xiaobei's parents, master, wife, and daughter, Chen Xi, were his first choice.

Other than that, Chen Xiaobei's brothers and friends also had to be promoted.

After that, it was the disciples of the tribe of severity, the demonic sect, the tribe of humanity, the Asura sect, and even the demonic sect who could be selected.

Chen Xiaobei split the remaining Saint Emperor Mystic resin evenly among them.

Each person was given about 900 drops.

It would probably allow them to break through to the peak of one star divine Emperor.

In an instant, the entire North Mystic sacred world began to shine with sacred radiance. Purple Qi came from the East and endless auspicious signs appeared!

Under Chen Xiaobei's guidance, Chen Zhongfu and Zhang Chui'er were the first to become Holy emperors.

Sect master Tongtian, goddess nūwa, Taoist Cundi, and Taishang Laojun did not need any guidance. They quickly made a successful breakthrough.

Xiang Yu, Ying Zheng, Zhao Yun, Lu Bu, little Diao Chan, and his other Good Brothers had also broken through after him.

Monkey King, Nezha, Xiao Tianquan, Hong Hai'er, and broom eyebrows Star Lord old Wang had also successfully broken through.

Feng Qingyang, tai yitan, Wu aofeng, Huo yuanba ... All of Chen Xiaobei's direct disciples had broken through.

Luo puti, Liu xuanxin, LAN mengchen, song Qincheng, Fu Tian Xin'er, ye Zhilan, jiuying ... And all the other beauties had all broken through.

Little Chen Xi, Xiao'er, Xiao Bai, Tian lang ... All of them had reached the Saint Emperor realm.

Many treasures Daoist, Holy Mother gold spirit, ancestor Styx River, true deity Taiyin, demoness jialuo ... And those who were closely related to Chen Xiaobei in the various worlds also broke through. These people made up the majority but there was no need to worry. They were all absolutely loyal to Chen Xiaobei!

Finally, there were a few special existences.

Ye Hongtian had reached the level of a divine Emperor and his lifespan had increased greatly. He no longer needed Chen Xiaobei to extend his life.

The Holy corpse Emperor was so happy that he even wanted to be Chen Xiaobei's disciple.

After that, Luo Wuji and Yun niyue also got a new Saint Emperor Mystic resin. Both of them were already one star early stage Saint emperors, but this time, they were pushed to two star early stage

Saint Emperor. They were now the strongest in the North Mystic Divine soul realm and could help Chen Xiaobei suppress the situation.

And finally, the most special person was su mi.

After getting the sacred Emperor Mystic resin, she wasn't in a hurry to use it. Instead, she decided to leave the beixuan great world for a while.

After all, su mi was the disciple of the Saint pan clan's core third elder. She could be considered as Chen Xiaobei's Guide.

Chen Xiaobei was very concerned that she was leaving.

I'm going back to the heavenly sanctuary. If you leave, we won't be able to see each other again ...
Chen Xiaobei said.

"Don't worry, we'll definitely meet again!"

Su mi said, "the reason why I stayed in the earth Holy region was because I wanted to try and see if I could contact Master. The other reason was to investigate an extremely important secret!"

Chen Xiaobei was curious. "What secret?"

[Red Envelope Group of the Three Realms](#)

Chapter 4325: Saving the Fuxi!

4325 Saving the Fuxi!

"This secret is related to the sky-burier Yuan sacred clan. Legend has it that they originated from a secret place in the earth sacred region. There are many clues about them hidden there. Perhaps we can find a way to deal with them!"

Su mi said very seriously.

"Why didn't you tell me such an important secret before?" Chen Xiaobei's brows furrowed. This was very important to him.

because I don't have any clues about this secret. Even if I tell you, I won't know where to start. It will only delay your other tasks. Su mi felt a little helpless.

even if you look for it now, you won't find any clues ... Chen Xiaobei said.

I'll think of a way to contact Master once. Then, with the Saint Emperor Mystic fat you've given me, I can do many things that I couldn't do before. Perhaps there will be a turn for the better!

Su mi said, "furthermore, I only intend to investigate. If I really can't do it, I will give up. At that time, I will come to heavenly sanctuary to find you!"

"Alright, since you already have an idea, I won't force you." but you have to remember that you can't take any risks. If you run into any danger, contact me immediately! Chen Xiaobei said.

I know ... su mi nodded her head and couldn't help but blush.

After that, su mi directly left.

Chen Xiaobei was not in a hurry to return to the heavenly sanctuary. Instead, he took out the eight trigrams Dragon prison Pagoda.

There were still 700 levels of the eight trigrams Dragon Pagoda that had not been opened.

With Chen Xiaobei's current mental power, he should be able to clear the game in one go.

In fact, with Chen Xiaobei's current cultivation and Foundation, he did not have much need for the resources in the eight trigrams Dragon Pagoda.

However, there was one thing that Chen Xiaobei had to figure out. Where was Fuxi sealed?

After coming to the heavenly sanctuary, Chen Xiaobei did not have a clear goal in mind.

Other than accumulating energy to increase his strength, saving Fuxi was the only thing Chen Xiaobei had to do.

And the first step to saving Fuxi was to go to the top floor of the pagoda.

"Whoosh ..."

Chen Xiaobei entered the eight trigrams Dragon prison tower.

The entire process was very smooth, with almost no difficulty to speak of.

On the 400th floor, Chen Xiaobei obtained the " Saint li extreme fire divination ". This was a secret technique to control fire. It could be used to make pills and weapons.

On the 500th floor, Chen Xiaobei obtained a piece of profound Jade. It was a Seven Star Saint King level item, but it did not have any special abilities. It was probably a material for crafting weapons.

On the 600th step, he obtained a piece of duisheng di gold, which was also a Seven Star Saint King level refining material.

On the 700th step, he obtained a green wood spirit stunning pill. It was a pill used to replenish mental energy, and it was also a Seven Star Saint King level pill.

On the 800th step, he obtained a Yellow Earth Gen essence pill, which was also at the level of a Seven Star Saint King. Its effect was to temporarily increase the upper limit of one's spiritual energy.

On the 900th step, he obtained a kuishui kan Saint pill. The effect of this pill was a combination of the first two pills. It could replenish spiritual power and temporarily increase the upper limit of spiritual power. It had reached the realm of an eight star Saint King.

And at the top of the last floor, Chen Xiaobei had obtained an Eight Trigrams cauldron! Peak nine stars Saint King!

From these treasures, it could be seen that before Fuxi was sealed, he was only a Seven Star Saint King. The kui water kan Saint pill and the eight trigrams heaven and earth cauldron were basically his trump cards.

And of all the treasures, only these two were useful to Chen Xiaobei.

The kuishuikan Saint pill could increase the upper limit of one's spiritual power.

In other words, Chen Xiaobei's mental power might have been depleted when he used his two star divine Emperor pinnacle ability.

However, as long as one took one of these pills in advance, the upper limit of one's spiritual power would be increased, and one would not overdraw their spiritual power. At a critical moment, one could save their life.

As for the eight trigrams heaven and earth cauldron, it was a furnace for refining. The heaven and earth furnace's level was so low that Chen Xiaobei could not even use it anymore.

As for the eight trigrams heaven and earth cauldron, it was the best substitute for the heaven and earth furnace. Whether it was for refining weapons or pills, it could bear it.

But then again, the level of the eight trigrams heaven and earth cauldron was actually not that high.

If there was a chance, Chen Xiaobei would upgrade it.

Other than these treasures, Chen Xiaobei had also collected a huge amount of energy along the way.

In the eight trigrams Dragon trapping tower, there was energy in every level. The higher the level, the more energy there was.

Chen Xiaobei went straight to the top floor.

In total, he had collected a portion of energy equivalent to a peak one star divine Emperor.

It wasn't a lot, but it definitely wasn't little either.

With this energy, Chen Xiaobei could return to the Hong Meng Sacred Heart and raise his cultivation to one star divine Emperor advanced stage.

Of course, Chen Xiaobei was not in a hurry.

By tomorrow, the beixuan sacred world would be able to provide Chen Xiaobei with three portions of two-star divine Emperor energy.

With this energy, Chen Xiaobei would be able to reach the peak of one star divine Emperor. He might even be able to break through to the early stage of two star divine Emperor.

"Whoosh ..."

Then, a Fuxi Dharma form appeared in the top space.

This Dharma was the projection of Fuxi himself, and his face was filled with shock, "Heavens! Xiaobei, you actually managed to reach the top floor in such a short time! It's unbelievable!"

"Brother, you don't have to be so excited."

I'm much stronger now. Tell me where you're sealed. I'll get you out as soon as I can! Chen Xiaobei said.

“Is ... Is this really okay?”

Fuxi said, “the place where I was sealed is in the heavenly sanctuary! Without a Saint Emperor’s cultivation, it’s impossible to enter!”

“Don’t worry, I’m already a one star divine Emperor now. Maybe I’ll be a two star divine Emperor tomorrow!” Chen Xiaobei smiled confidently.

Fuxi was even more shocked, and his eyes widened. “This ... This is too much ...”

The last time she saw Chen Xiaobei, he was only a true Saint. How long had it been since then? Chen Xiaobei had actually reached the level of a Holy Emperor.

Such a speed of improvement was simply too mind-blowing.

Fuxi was surprised for a long time. He composed himself and said, “The place where I was sealed is Yuanji city in the heavenly sanctuary!”

“Yuanji city? I know that place!” “Tell me the exact location. I’ll be there in a bit!” Chen Xiaobei said.

yes! Fuxi composed himself and said, “there’s a sealing formation hidden in the mangdang mountain to the East of Yuanji city. I was sealed in it by mistake!”

“Good! I’ll remember that!”

Chen Xiaobei nodded and asked, “What forces are there in the mountain? What experts were there? What else do I need to pay attention to?”

Chapter 4326: Upgrading the magic treasure!

4326 Upgrading the magic treasure!

“I’m not sure about the details, but the reason I entered the mountain back then was because there’s a Saint bloodvine there!”

“This is a very rare Saint Emperor level herb,” Fuxi said, “it can be used to concoct many spirit restoration pills!” Moreover, it’s almost impossible to buy in the market, and it’s very, very expensive!”

“There’s one more thing I don’t understand ...”

you’re not a Holy Emperor yet. How did you get to heavenly sanctuary? ” Chen Xiaobei asked. And how did you know that such a rare sacred bloodvine was in Mount Mangdang?”

I’m not a saint Emperor yet, ” Fuxi said without hiding anything. but my psyche power is already at the level of a Saint Emperor. I can use my Saint Emperor level abilities to come to the heavenly sanctuary through some spatial cracks!

as for the legend of the Holy Blood vine, I heard a few alchemists chatting and obtained some clues, so I decided to go and try my luck.

“I didn’t expect to meet my old enemy in the mountains! At that time, my magic treasure was damaged by the heavenly drop marrow and I was not his match. When I was retreating, I was accidentally drawn into the seal.”

“This is a little strange ...”

Chen Xiaobei furrowed his brows and thought, “Logically speaking, if that seal was set up by your enemy, he should have entered the seal and annihilated you completely!”

yes ... Fuxi said embarrassedly, “But he never appeared again ...”

this seal ... Chen Xiaobei said, “that means that the seal was set up by someone else. And the level of the seal is way higher than your nemesis’!

Fuxi nodded and said, “It must be like this! However, the master of the seal has never appeared, so I don’t know his identity! I don’t know if there’s any great power behind him!”

things might be more complicated than I thought. I’ll sneak over later and figure out the situation first before I save you! Chen Xiaobei said.

“Alright ...”

Fuxi said in a deep voice, “you must be careful and don’t take any risks!” If the situation gets out of control, you can just retreat and leave me alone!”

“Understood!” Chen Xiaobei nodded and left the pagoda.

.....

This was because the situation at Mount Mangdang was extremely complicated.

So, before he took action, Chen Xiaobei had to upgrade his trump card.

“Swish!”

Chen Xiaobei first took out the advanced five star divine Emperor limitless Saint crystal that he had gotten from the heavenly Dǎo red envelope group!

It was a crystal shining with nine-colored Saint light, and it gave out extremely terrifying Saint Qi fluctuations. Although it wasn’t a magic treasure, it could still release a terrifying pressure.

“Woof! Buzzzzzz! Whoosh!”

This Wuji Saint Crystal’s level was too high. Using it to strengthen a single piece of magical equipment was very time-consuming. Moreover, Chen Xiaobei would not have enough energy to activate it.

Therefore, the best choice was to separate the crystal and strengthen a few more magical equipment.

“Whoosh ...”

First, Chen Xiaobei fused the heaven and earth furnace with the eight trigrams heaven and earth cauldron.

The fusion technique was the one he had obtained from the eight trigrams Dragon Pagoda.

Chen Xiaobei had more feelings for the heaven and earth furnace. After all, it was a treasure given to him by the prime of Tongtian.

Therefore, the heaven and earth smelt was used as the foundation and the eight trigrams heaven and earth cauldron as the support. After the fusion, the heaven and earth smelt would still be in its original form.

However, there were Eight Trigrams around the furnace, and inside the furnace, there was a huge Yin Yang Tai Chi.

Of course, after the fusion, the new heaven and earth smelt would reach the level of a Nine Star Saint King.

“Woof! Whoosh!”

After that, Chen Xiaobei took out the Jade and gold that he had just obtained!

They were all fused into the new heaven and earth smelt.

Then, he took out a few materials from golden placid divine Emperor’s storage space and fused them together.

It allowed the new heaven and earth smelt to reach the peak of Saint King realm.

“Whoosh ...”

After that, Chen Xiaobei placed the infinite Saint crystal into the new heaven and earth smelt, followed by the chaos Blood Sword and Dragon’s edge

Then, he injected the ancestral Saint abnormal flame.

With the help of the “ Saint li extreme fire trigram ” that he had just obtained, the effects of the strange fire had increased by a lot.

Finally, he took out some materials from his storage space and put them all in.

“Whoosh ...”

Next, it was time to enter the stage of weapon refinement.

The high-grade materials in the fire merged into the Dharma Treasure, causing it to be strengthened and upgraded.

More importantly, Chen Xiaobei’s actions were very cool!

As he strengthened the Dragon’s edge and the chaos Blood Sword, he also strengthened the heaven and earth smelt.

“Whoosh ...”

Of course, this process was very time-consuming, and he couldn’t lack God-level sunlight cache.

After a period of time.

The heaven and earth smelt had reached the early stage of five star Saint Emperor. Because the heaven and earth smelt was a medium for refining weapons and pills, it didn't need energy to activate its special abilities. Therefore, the higher the grade, the higher the grade of the items it could carry.

As for the chaos Blood Sword and the demonic Dragon's edge, they had both reached the early three star divine Emperor realm.

In the end, there was still about a third of the infinite Saint crystal left.

Meanwhile, the one-third of it was devoured by the Saint devouring Dao axe.

After it was completely digested, nine-colored crystal particles appeared on the surface of the axe, making it look very beautiful.

At the same time, the level of the Saint devouring Dao axe had also risen to the early three star divine Emperor realm.

All of Chen Xiaobei's trump cards had been upgraded.

Even though Chen Xiaobei had used up all his energy, he could still use his own Saint Qi to activate the nine ancestral transformations.

Therefore, after the level was increased, it would be of great help to Chen Xiaobei.

The Dragon's edge was the most special one.

As a combination of a magical treasure and the demonic Dragon, the Dragon's edge had its own Saint Qi, so Chen Xiaobei did not need to inject any energy into it.

This meant that Chen Xiaobei now had a three star divine Emperor bodyguard.

It would definitely feel great.

"Bang Bang ... Boom ..."

After everything was ready, Chen Xiaobei stepped into the void and returned to the heavenly sanctuary.

.....

Yuanji city.

There were mountains, rivers, lakes, and even a vast ocean in this huge main city.

Chen Xiaobei flew for a long time, but he still could not see his destination.

Chen Xiaobei had already reached the level of a one star divine Emperor.

The speed of this realm allowed him to travel a trillion miles in an instant, and he could not see his destination even after flying for a long time.

One could only imagine how huge Yuanji city was.

"It should be in front ..."

Finally, after a period of rapid flight, Chen Xiaobei saw a huge mountain.

The peak of the mountain pierced through the clouds.

The mountain was filled with Saint Origin Energy.

It was even more abundant than the Saint Qi around the Golden imperial castle!

From this, it could be seen that not only did a force exist here, but it was a very powerful force!

[Red Envelope Group of the Three Realms](#)

Chapter 4327: stealing!

“Spatial omniscience!”

Before he entered the mountain, Chen Xiaobei activated his special ability to observe the situation.

Know yourself and know your enemy, and you will never be defeated.

“There’s a sect on the mountain. It looks much bigger than the Golden imperial castle, but it should be on the same level.”

As Chen Xiaobei observed, he thought, “If nothing unexpected happens, I should be able to settle them ...”

Even though there was a powerful force in the mountains.

However, Chen Xiaobei was already strong enough.

He was so powerful that he could rely on his own strength to settle this entire force.

One had to know that the scale and population of the North Mystic sacred world had skyrocketed. In addition, the sacred positions had been filled.

It made Chen Xiaobei’s divine soul bloodline mark reach the level of a three star divine Emperor.

This meant that if Chen Xiaobei used the ancestral Saint nine transformations to open the chaos, the highest level he could reach was the three-star divine Emperor realm.

He could be invincible under four star divine Emperor.

It was too easy to take care of a force below three star divine Emperor.

“I found it ...”

After a while, Chen Xiaobei locked onto the sealed space.

This space in the sect’s back mountain looked like a forbidden area.

it seems like Fuxi entered the mountain to look for herbs and accidentally entered the forbidden area of this sect. That’s why he was sealed up ...

but, ” Chen Xiaobei thought, ” after Fuxi was sealed, he never saw the master of the seal! It seems that no one has checked the condition of the seal, which is very strange ...”

“Whoosh ...”

After that, Chen Xiaobei retracted his special ability and took a green wood spirit stunning pill that he got from the eight trigrams Dragon prison tower to replenish his mental power.

Right now, Chen Xiaobei did not have any extra energy left. He could not even activate the chaos mark.

Chen Xiaobei thought.

He immediately took out the new heaven and earth furnace and then took out many precious herbs from Sacred Emperor Jin Lu's storage space.

Chen Xiaobei's special taste ability had been activated long ago. As long as the pill was in his mouth, he could taste the pill recipe.

All kinds of precious medicinal herbs were matched according to the formula. The missing medicinal herbs could be replaced with other medicinal herbs, and the proportion could be adjusted accordingly.

After that, he poured the ancestral Saint deviant flame into the heaven and earth smelt and adjusted the temperature, intensity, and power of the fire. Then, he could officially enter the state of pill refinement.

"Swish!"

After that, Chen Xiaobei kept the heaven and earth furnace.

It would take a long time for the pill to be completed, and Chen Xiaobei did not have the time to watch over it. He could just let it make it on its own.

who's there!?

Suddenly, Chen Xiaobei felt a chill behind him and turned around.

"Don't shout!"

Suddenly, a soft and fair hand covered Chen's mouth.

The next thing that came into Chen Xiaobei's sight was a very pretty face.

It was a young girl in a night suit.

However, this girl wasn't human.

There was a pair of furry ears on its head, and its hair was a faint milky white.

It also had a furry tail behind it.

It should be the transformation of a demonic beast, but it was not in its complete state.

Generally speaking, the higher the level of a demonic beast's bloodline, the more difficult it was to completely transform.

Chen Xiaobei glanced at her. The girl's cultivation was at the nine Star Saint King level, but she had not fully transformed.

It was clear that her bloodline was at least at the level of a Holy Emperor.

It could be considered an extremely powerful Saint Beast.

However, her cultivation level was too low in the heavenly sanctuary.

Yuanji city was the weakest main city in the heavenly sanctuary, and most of the people in the city had not reached the level of Saint Emperor.

However, all the higher-ups in the city had Saint emperors.

That was why those below Saint Emperor were as insignificant as ants in the heavenly sanctuary, even if they were peak Saint rulers.

A Saint Emperor could kill Saint King Zhaoyi with a single thought.

“I won’t shout, so don’t cover my mouth ...”

Chen Xiaobei took a step back and asked with a frown, “Who are you? Why are you so sneaky?”

The demonic girl frowned and looked at Chen Xiaobei with a strange expression. “You don’t know who I am?”

“Why would I know? I’ve never seen you before.” Chen Xiaobei was puzzled.

I saw that you were also sneaky, so I thought you were the same as me ... the young girl pouted. She had recognized the wrong person, and was more or less embarrassed.

“Are you here to steal something?” Chen Xiaobei was smart enough to make a reasonable Association.

“Don’t ... Don’t talk nonsense! “I’m not here to steal ...” The young girl was very nervous. It was obvious that she was not good at lying.

Besides, she was so careless that she did not even check Chen Xiaobei’s cultivation.

Perhaps in her eyes, Chen Xiaobei was too young and did not have the air of an old man. So, she did not think that Chen Xiaobei could be that powerful.

If she had known that Chen Xiaobei was a one star divine Emperor, she would not have dared to cover his mouth.

“You’d better tell me the truth, or I’m going to call you a thief!” Chen Xiaobei grinned.

“Don’t you Shout!”

The young girl immediately became nervous and said awkwardly, “I’m here to steal the Holy bloodfruit! I’ve calculated the time, and the only Saint bloodfruit on the Saint bloodvine will ripen in a few days!”

“The Saint bloodvine! Saint bloodfruit!”

Chen Xiaobei’s eyes lit up. is there really a Saint bloodvine in this mountain?!

“Of course it’s true!”

The young girl frowned and pouted, "Don't tell me you're from the heavenly sanctuary? The Holy Blood sect of Mount Mangdang! You've never heard of such a famous name?"

"Uh ... I've indeed just arrived at the heavenly sanctuary not long ago." Chen Xiaobei nodded.

Thinking about it carefully, Fuxi might have been sealed a trillion years ago. At that time, the Saint bloodvine in the mountain was just an unproven legend.

And after a trillion years, the existence of the Saint bloodvine was well known.

There was even a force that had been established by the Holy Blood sect.

It was the Holy Blood sect that Chen Xiaobei had just spied on!

"I can tell from your appearance that you're stupid. You're really a rookie!"

The girl pouted and said nervously, "If you're not here for the Holy bloodfruit, then quickly leave the mountain! The mountain would definitely not be peaceful these two days! If you don't handle it well, you'll lose your little life!"

It's okay. I'm new here and want to broaden my horizons. It won't be too late for me to leave if I really encounter danger! Chen Xiaobei said.

"I really have to take my hat off to you! Using life to broaden one's horizons?" The young girl was slightly startled and said, "forget it, I don't care about you!" You're on your own now!"

After saying that, the young girl leaped and sneaked into the depths of the forest.

Chen Xiaobei smiled and followed her in.

Chapter 4328: The sect Master of the Holy Blood sect!

4328 The sect Master of the Holy Blood sect!

Sure enough, the situation in the mountains was similar to what the girl had said.

At first, Chen Xiaobei did not notice anything out of the ordinary. But as time passed, more and more intruders arrived.

He began to sneak into the mountains.

Most of these people's cultivation wasn't too high, and they were probably here to try their luck.

Of course, there was still a small portion of people who had reached Saint Emperor, but they were all one star Saint emperors.

From this, one could see that the value of the Saint blood fruit could only tempt one star divine emperors.

People of higher status probably wouldn't have much interest in this.

This was good news for Chen Xiaobei.

His opponent was not strong, so everything was under Chen Xiaobei's control.

"Swish!"

Chen Xiaobei did not continue to follow the demonic saintess. Instead, he sped up and took a detour.

He went directly to the periphery of the Holy Blood sect's forbidden area.

At this point, they were very close to the independent space where Fuxi was sealed.

However, the situation at the scene gave Chen Xiaobei a headache.

In order to guard against these people who came to steal the fruit, the Holy Blood sect had already entered a state of high alert.

If Chen Xiaobei was not careful, he would alert the enemy.

Chen Xiaobei was not afraid of the people from the Holy Blood sect, but he was afraid that they would secretly control the seal and turn Fuxi into a hostage to threaten Chen Xiaobei.

So, Chen Xiaobei did not act rashly. Instead, he hid in the dark and waited for the right time.

As more and more people entered the mountain to steal the fruits, someone would definitely attract the attention of the Holy Blood sect. Once the front line became chaotic, Chen Xiaobei would have a chance!

"Boom boom boom ..."

All of a sudden, a series of violent noises erupted in front of the Holy Blood sect.

Since the battle broke out in front of the mountain Gate and the forbidden area was behind the sect, few people would notice it.

"Here's my chance!"

Chen Xiaobei's eyes lit up, and he immediately jumped into the room.

"Don't mess around!"

Chen Xiaobei did not expect that someone would grab the back of his collar.

He turned around and saw that it was the monster race girl he had just met.

you ... Why are you here?!

Chen Xiaobei was stunned. He looked at the girl with a strange expression.

Actually, Chen Xiaobei had already felt that something was off.

This girl's cultivation was a whole realm lower than Chen Xiaobei's, but he did not even notice her when she suddenly appeared near him.

Her mouth had been covered just now, and now she was being grabbed by the back of her collar.

Both of these actions could only be done in close proximity. In other words, Chen Xiaobei did not even notice when the girl had gotten close to him!

In other words, if the girl had attacked him from a close distance, Chen Xiaobei would have been either dead or disabled by now.

"I should be the one asking you why you're here!"

The girl glared at Chen and said, "It was my plan to sneak in from the forbidden area! I'm the only one who can think of such a genius plan!"

ugh ... Chen Xiaobei's head hurt. He did not know what to say to this crazy girl.

But then again, the Holy Blood sect's forbidden area was indeed very well hidden.

If Chen Xiaobei had not used his space omniscience, he would not have been able to find this place.

However, this demon race girl was able to find him and even thought of her own infiltration plan in advance. From this, it could be seen that although she was a little careless, she was not stupid.

"Quickly hide behind me! Without my orders, do not act rashly!" The girl glared at Chen Xiaobei as if she was a big sister ordering her underling.

there's a fight ahead. This is a good opportunity for us to sneak in! Chen Xiaobei immediately expressed his opinion, "if we want to sneak in, we should do it now. When the intruders are taken care of later, we won't have a chance anymore!"

"Idiot!"

"This is the Holy Blood sect's forbidden area!" The young girl pouted and said, slightly displeased. Their Grand Master was cultivating in seclusion inside! If we charge in rashly, we won't even know how we died!"

"Sect head?" Chen Xiaobei was taken aback.

When he used spatial omniscience earlier on, he did not see any Grandmaster.

"The sect Master of the Holy Blood sect is very powerful! I heard that he's already reached the peak of two star divine Emperor and is breaking through the bottleneck of the next realm!"

"If you go in rashly and alert him, he can kill you 800 times with a single thought!" The young girl said nervously.

but, I don't sense anyone inside ... Chen Xiaobei said.

With the strengthening of the beixuan sacred world and the completion of the sanctuary, Chen Xiaobei could now see into all spaces below the level of a four star divine Emperor.

However, he did not see the sect leader of the Holy Blood sect.

The young lady frowned slightly and said, "the sacred blood sect's sect master's true form is a dark shadow evil spirit!" It was shapeless, colorless, and odorless! Not to mention that your spiritual sense can't sense him, even if he was standing right in front of you, you might not be able to see him!"

“Dark shadow evil spirits? There’s such a thing?” Chen Xiaobei was shocked.

“That’s why you’re a rookie, right?” The girl raised her chin and said proudly, “ you’ve just arrived in the heavenly sanctuary and don’t know anything. Don’t wander around. If you lose your life, it’ll be too late for you to cry!

actually, my cultivation ... Chen Xiaobei was a little embarrassed. He wanted to show his strength but was interrupted by the girl.

“Stop talking! I’ll listen to sister’s arrangements! You’ll be fine!” The young girl was really careless, and her pretty little face was filled with a mysterious confidence.

However, she wasn’t stupid. She was confident because she had the ability.

“What is your true form?” Chen Xiaobei asked. Is she also a Chi Mei?”

“Are you stupid?”

The young girl scratched her furry ears and said, “ “My original form is a sacred beast, the sacred frost Lion! Also, my name is Bai Shishi, you can call me Senior Sister Shi!”

pfift ... Chen Xiaobei was sweating. This girl was too confident. Even her Senior Sister was here.

Of course, Chen Xiaobei did not want to argue with her. He continued to ask, “ “Since you’re not Chi Mei, how did you manage to come to my side without anyone noticing?”

“It’s because of my ability, frost and snow Mystic trace!”

Bai Shishi smiled proudly. once I activate my special ability, my body will appear like a shadow. Although I’m not a Chi Mei, my special ability can produce a similar effect!

Chen Xiaobei furrowed his brows. “Is there a flaw in this ability? If it’s always invisible, doesn’t that mean that we can sneak attack and assassinate the enemy at any time?”

“I can’t tell you the weakness of my ability!”

“However, there’s no harm in telling you the flaws of the Saint blood sect’s sect leader’s true form!” Bai Shishi said.

[Red Envelope Group of the Three Realms](#)

Chapter 4329: double shadow!

although the Holy Blood sect’s sect master is a ghost, he’ll have nowhere to hide on the night of the full moon!

Bai Shishi said confidently, ‘and tonight will be the night of the full moon in Yuanji city! We just need to wait until nightfall and we’ll know where the sect leader of the sacred blood sect is. Then, we’ll act, and it’ll be foolproof!’

“I see. I didn’t expect you to know so much!” Chen Xiaobei could not help but nod. He had a whole new level of respect for Bai Shishi.

In fact, if Bai Shishi had not warned him, Chen Xiaobei might have alerted the Grand Master of the Holy Blood sect!

And the seal that contained Fuxi was most likely the Lord of the sacred blood sect.

The moment Chen Xiaobei touched the seal, the sacred blood sect's Grand Master would know of Chen Xiaobei's intentions. Then, Fuxi would be used as a hostage to threaten Chen Xiaobei.

Therefore, Bai Shishi's reminder was a great help to Chen Xiaobei.

but if the sect master is still in seclusion in the forbidden area at night, we won't be able to enter! Said Chen Xiaobei, frowning.

"Don't worry!"

"Many people know that the sacred blood sect's sect master will reveal himself during a full moon!" Bai Shishi said confidently. Therefore, tonight is the best time to take action if you want the great saint blood fruit!"

Chen Xiaobei immediately understood what was going on. "Do you mean that there will be many people who will break into the Holy Blood sect at night? And that's our chance!"

"Looks like you're not that stupid after all!" Bai Shishi raised her chin and said confidently, "Learn more from me. In a few years, you will be able to leave the ranks of rookies!"

uh ... Chen Xiaobei smiled awkwardly but politely. He did not want to take it to heart.

"Boom boom boom ... Boom boom boom ..."

Then, another fierce battle broke out in Mount Mangdang.

From the looks of it, there had already been Saint emperors invading, but they had all been discovered.

According to Bai Shishi, those who would make a move now were all idiots.

Chen Xiaobei was not interested in the Holy bloodfruit anyway, so he decided to wait patiently for the night to fall.

.....

Finally, the sky gradually darkened, the moon rose and set, and the mountain wind gradually cooled.

noob brother, I'm going to take action. You stay here and don't run around, do you hear me? "

Bai Shishi covered her face with a Black Veil and immediately activated her ability.

"Swish!"

The next moment, Chen Xiaobei saw Bai Shishi's figure dash into the distance and disappear into the night.

Even with Chen Xiaobei's one star divine Emperor's senses, he could not sense where Bai Shishi was.

the heavenly sanctuary is indeed filled with crouching tigers and hidden dragons ... Even a nine stars Saint King has such a special ability ...

Chen Xiaobei sighed and continued to set his sights on the Holy Blood sect's forbidden area.

If the people who acted during the day were all idiots ...

Then, at this moment, there would definitely be many people like Bai Shishi who had planned everything out.

Chen Xiaobei's goal was very clear. Once the sacred blood sect's sect leader left the forbidden area, Chen Xiaobei would go in and save Fuxi.

"Boom boom boom ..."

As expected, a moment later, a terrifying boom erupted from all directions of Mount Mangdang.

The number of battles was several times more than during the day, and the intensity of the battle was even more intense than during the day. Even the entire mountain was shaking.

"No... The Holy Blood sect's sect master is a coward! It's a mess outside, why isn't he coming out?"

Chen Xiaobei waited and waited, but no one came out of the forbidden area.

it looks like the people who came to steal the Holy Blood fruit aren't very powerful, " he thought worriedly. they can't even defeat the disciples of the Holy Blood sect. They're not worthy of the sect master's presence ...

Chen Xiaobei had been waiting here for a long time. If the Holy Blood sect's sect leader did not leave the forbidden area, he would have waited for nothing.

"Whoosh ..."

As a full moon appeared in the sky, an extremely powerful Saint Origin Energy burst out from the underground Saint veins.

It was located in the center of the Holy Blood sect.

The burst of Saint Origin Energy was like a heavenly pillar, connecting the ground to the full moon.

Then, the full moon in the sky gradually turned blood-red.

The surrounding black clouds had also turned blood-red.

It was as if a Demon God had descended into the world, revealing an extremely strange and terrifying phenomenon. It also exuded an extraordinary aura of the great Dao.

"That's strange ... What's that?"

what? " Chen Xiaobei was confused. that aura comes from nature. It's not something a normal person can emit! Could it be that the Holy Blood sect is hiding a sacred object that carries the Supreme great Dao?"

"Shua shua shua ..."

Chen Xiaobei was even more shocked.

He had never imagined that hundreds of experts would fly into the air and gather in Yuanji city at the same time.

The cultivation of these experts had all reached the two star divine Emperor realm, which was extremely terrifying.

“I’ll go! What are they doing?”

Chen Xiaobei looked confused and said, “Logically speaking, isn’t the Holy Blood fruit a one star Holy Emperor level Holy item? Why did you alert so many two star divine emperors?”

“No... That’s not right! These two star divine emperors were probably here for the sacred artifact that carried the Supreme Dao! What is that thing?”

Chen Xiaobei was very curious and wanted to go over and take a look.

However, Chen Xiaobei did not make any move. After all, saving Fuxi was his top priority.

“Whoosh ...”

Finally, as hundreds of two star divine emperors gathered, the sect master could no longer be a coward.

If he didn’t show up soon, the entire sect would be razed to the ground.

Under the moonlight, a translucent figure appeared on the high platform in the center of the forbidden area.

This figure flickered with deep blue waves of light. It was clearly flickering, faintly discernible, and so illusory that it seemed unreal.

“Whoosh!”

In the next moment, the translucent blue figure directly flew toward the center of the sect!”

“Here’s my chance!”

Chen Xiaobei’s eyes lit up. After waiting for so long, the chance to save her had finally come.

“Swish!”

Chen Xiaobei entered the Holy Blood sect’s restricted area and went straight to the seal.

“Little brat! What are you trying to do?”

But Chen Xiaobei did not expect to hear an eerie female voice coming from behind him.

He turned around and saw another translucent figure. However, this figure was glowing with a blood-red light under the moonlight.

who ... Who are you?! Chen Xiaobei was shocked. He used his divine sense to check the other party’s cultivation, but he could not see through it at all. This person’s strength was far above Chen Xiaobei’s.

Chapter 4330: The spirit charm Mystic Phoenix!

4330 The spirit charm Mystic Phoenix!

“Hmph, what a joke!”

The blood-red shadow gradually turned into the form of a woman with heavy Yin Qi. She sneered, “You trespassed on my territory without permission, and now you’re asking who I am? This should be what I should be asking you!”

“Your ... Your territory?”

what?! Chen Xiaobei was shocked. you’re the sect leader of the Holy Blood sect?! Then ... Then who was the blue shadow that just flew away?”

“Hmph! You ant, you’re really stupid enough! You don’t know anything, and yet you’re here to steal the Holy bloodfruit!” The blood-red shadow showed a disdainful look.

In her eyes, Chen Xiaobei was also here for the Holy bloodfruit. He was just like the people who were causing trouble outside.

I’m not here to steal the Holy bloodfruit ... Chen Xiaobei was about to explain.

“Whoosh ...”

However, at this moment, the blood-red shadow waved its hand and shot out an extremely powerful Saint Origin Energy.

Her eyes were filled with contempt and disdain, as if Chen Xiaobei was just an ant that she could kill easily. She did not even bother to listen to Chen Xiaobei’s explanation.

“Boom boom boom ...”

All of a sudden, the blood-colored Saint Origin Energy turned into a face full of evil ghosts. It was as if the hell of Asura had descended upon the world, causing the entire space to become extremely eerie!

Each of these ghosts contained the power of a peak two star divine Emperor, which matched the cultivation of the sect leader.

If the blood-red figure in the blood-red robe was the Holy Blood sect’s sect master, then who was the dark blue figure that had just flown away? Bai Shishi had never mentioned that there were two sect leaders in the Holy Blood sect.

Chen Xiaobei’s heart was filled with questions.

Of course, Chen Xiaobei did not have the time to think about the terrifying killer move in front of him.

“Dragon’s edge!”

Chen Xiaobei waved his hand and the little black Dragon that was wrapped around his fingers flew out.

It directly turned into a fierce black battle blade.

“Swish!”

Chen Xiaobei held the hilt of the blade and swung it, releasing a dark blade Qi.

The saber Qi soared into the sky and turned into a blackfiend Dragon. The power of a three star divine Emperor suddenly erupted.

The countless blood-red ghosts that were coming down on Chen Xiaobei turned into ashes in an instant. They could not even hurt a single hair on Chen Xiaobei’s body.

In the next moment, saber Qi spurting out and directly crossed the throat of the blood-red shadow.

Without a doubt, if Chen Xiaobei had not held back, one of the blood-red Shadows would have been killed and its Saint Soul would have been destroyed.

“Spare me ... Spare me ...”

The blood-red shadow shrieked, its pupils contracting uncontrollably, and its whole body was trembling.

She had never thought that Chen Xiaobei would have a three-star divine Emperor-level Holy item! This was simply too crazy!

Oh no!

It didn’t seem to be a holy weapon! The blade emitted a thick demonic Qi! The aura of a demonic Dragon!

It was simply too strange!

The blood-red shadow was something that he had never seen before.

Of course, other than shock, what she felt the most was fear.

Just a moment ago, she wanted to kill Chen Xiaobei like an ant. But now, she realized that she was the ant that could be killed at any time!

“Plop!”

The blood-red shadow knelt on the ground and said humbly, “I have eyes but failed to recognize Mount Tai and offended senior! Senior, please give me a way out!”

“Didn’t you just call me an ant? Didn’t you say I was stupid?” Chen Xiaobei glared at her, clearly displeased.

“I’m the ant ... I’m the stupid one ... It’s my fault for being blind! “I beg you, senior. Please forgive me and let me go this time ...” The blood-red shadow was in the form of a woman, after all, so it looked rather pitiful when it begged.

Unfortunately, Chen Xiaobei was not the kind of person who would lose his mind at the sight of women.

“Lotus!”

Chen Xiaobei’s mental power began to burn.

“Whoosh ...”

The next moment, the mark of the divine Lotus of heavenly law bloomed in front of Chen Xiaobei.

“Bestow!”

Chen Xiaobei’s words were as effective as they could be. The mark of the divine Lotus of heaven’s path flew into the blood-red Shadow’s body and merged into her Saint Soul.

senior ... You ... What are you doing!?

The blood-red Shadow’s face turned pale. He knew that offending Chen Xiaobei would not end well.

I’ve placed a life and death curse in your Saint Soul!

“You can live if you want, but you can only live as my loyal dog!” Be obedient and you will be safe and sound! If you have any other thoughts, I can take your life with a single thought!”

“This ...”

The blood-red shadow felt extremely depressed.

However, since things had come to this, she had no other choice. She could only blame herself for being blind and kicking an iron plate. She could only admit defeat.

yes ... From now on, I’m your Lackey ... she sighed and knelt down in front of Chen Xiaobei.

“Tell me, who was that dark blue shadow just now?” Chen Xiaobei asked.

This time, the blood-red shadow didn’t dare to hide anything and obediently said, “That’s also because I ...”

“You too? This ... How is this possible?” Chen Xiaobei did not understand what was going on.

“As everyone knows, my true form is a dark shadow evil spirit! And Chimei are two different things!”

The blood-red shadow said embarrassedly, “the person you are looking at now is Ling Mei ... And the dark blue shadow just now was Xuan ‘GE!” So, my main body is actually a monster and a demon!”

“Evil-spirit body?”

Chen Xiaobei was stunned. could this be the legendary hermaphrodite!?

you can think of it that way ... Or you can think of it as me having two avatars that can exist at the same time and do different things ... the lingmei avatar said awkwardly.

“So you have two sacred souls?” Chen Xiaobei asked warily.

No... the lingmei clone said, “ I only have one Saint Soul, and my two clones each have half. You can comprehend it. Your Red Lotus imprint has already been divided into two parts ...

Chen Xiaobei tried to understand it.

As expected, the heavenly Dao Divine Lotus mark was split into two. Half was on lingmei’s Saint Soul, and the other half was on the other Saint Soul.

If Chen Xiaobei wanted to kill her, even the mystic Phoenix would die.

Chen Xiaobei could finally relax.

“Are you hiding a seal here?” Chen Xiaobei asked.

“Y-yes ...”

The lingmei’s clone nodded and said, “right under the forbidden land, there’s an independent space left behind from ancient times. There should be a seal inside!” However, I don’t have the ability to control it ...”

“This ...”

seal? ” Chen Xiaobei was taken aback. so, you’re saying that this seal already existed before you came here? ”

that’s right ... the lingmei’s clone nodded.

why? ” Chen Xiaobei asked, “ if you can’t control this seal, why aren’t you sealed inside? ”
