Chapter 4341: Perfect scheme!

4341 Perfect scheme!

“You little brat! Don’t be too pleased with yourself! I didn’t even use my full strength just now!”

The thousand eyed Sacred Emperor was furious. His killing intent and anger increased several times.

At the same time, he raised his hand again, and the Saint Origin Energy in his palm rose with his anger and killing intent.

Obviously, the thousand eyed divine Emperor did not care about Chen Xiaobei at all, so he was not going to use his full strength.

Thousand eyed Sacred Emperor was completely enraged now.

This time, he would not hold back.

He wanted to use his full power to let Chen Xiaobei know the consequences of offending him.

“Hehe, you can hurt me with your full strength?”

Chen Xiaobei laughed. you’re so blind! Let’s get that old thief to help us!

“Good! Since you want to die, I’ll fulfill your wish!”

Yuan Changsheng was also burning with anger. He had just been slapped in the face, and now he was being mocked by Chen Xiaobei. How could he take it?

“Whoosh ...”

In an instant, Yuan Changsheng pushed his Saint Origin Energy to the maximum.

“BOOM! BOOM!”

In the next moment, the two of them attacked at the same time.

The world changed color!

The extremely terrifying attack affected the heaven and earth elephant.

In an instant, Thunder boomed and golden light enveloped the area.

The space was distorted, as if they had entered a different dimension. The laws were drawn out, and the void shattered.

Everything became extremely strange, as if this world was about to be completely crushed and no living creature would survive.

This was the power of a Saint Emperor.

And they were two peak three star divine emperors.

Any one of them could destroy the entire Yuanji city and kill billions of people with their full strength.

“BOOM! BOOM!”

This time, Chen Xiaobei did not try to defend himself. He allowed their attacks to land on him.

Chen Xiaobei's tiny body could not withstand much of the huge Saint Qi Dharma form.

Most of the power fell to the ground.

Logically speaking, the huge Holy Blood sect would have been reduced to ashes. Even the vast mangdang mountain would have been completely razed to the ground. A bottomless chasm would have even been created in the ground.

However ...

The thousand eyed Sacred Emperor and Yuan Changsheng were shocked to the extreme.

This was because when the Holy Light subsided, Chen Xiaobei was still safe and sound.

More importantly, the ground beneath Chen Xiaobei's feet was still intact. Not only was it not destroyed, it was not even cracked.

This was very strange!

“What ... What the hell is going on? Did he see a ghost!”

The thousand eyed Sacred Emperor and Yuan Changsheng were dumbfounded. They couldn't figure out why this was happening.

This was simply inconceivable and completely illogical.

Whoosh ... Whoosh ...

The thousand eyed Sacred Emperor and Yuan Changsheng understood that this was all part of Chen Xiaobei's plan.

Where Chen Xiaobei was standing, two giant beams of light shot out from the ground and headed for the thousand-eyed Sacred Emperor and Yuan Changsheng.

Although the two of them had high cultivation, the speed of the two flowing lights was faster than them.

In an instant, thousand eye Sacred Emperor and Yuan Changsheng were wrapped by the light and dragged toward the ground.

Not only were the two streams of light faster than them, but their power was also something they could not resist.

“Woof! Whoosh!”

In the blink of an eye, the thousand-eyed divine Emperor and Yuan Changsheng were dragged by two beams of light into the ground beneath Chen Xiaobei's feet. They were trapped in the ancient seal.

That's right!

This was Chen Xiaobei's plan!

He was deliberately provoking them so that they would attack the Holy Blood sect's forbidden ground!

As for the ancient seal hidden under the forbidden ground, it was above the level of three star divine Emperor. Once it was attacked, it would seal the attacker inside.

This way, Chen Xiaobei did not need to consume his lifespan to defeat the two powerful enemies.

It felt so good.

Without this formation, Chen Xiaobei would have to use up all his life to defeat these two enemies.

After defeating them, it would definitely attract the powerhouses in the entire city.

By then, Chen Xiaobei would no longer have the lifespan to fight his enemies, and he would be dead.

Most importantly, if the natural law School was alerted during the battle, Chen Xiaobei would die a horrible death.

So, Chen Xiaobei came up with a plan to lure the thousand-eyed Sacred Emperor and Yuan Changsheng to the Holy Blood sect's forbidden ground.

He had settled them without any effort, and more importantly, the news would not spread.

They didn't need to fight, and they didn't need to worry about anything.

This was definitely the most perfect result.

"Swish!"

Then, Xuanling flew back and knelt in front of Chen Xiaobei.

"Please forgive me, Master ... When we were in danger just now, I abandoned you and escaped by myself. I'm really disloyal and deserve to die a thousand times ..."

Xuanling kept kowtowing to Chen Xiaobei.

There was no doubt that Xuan Ling's attitude had changed completely. He was now just trying to live by giving Chen Xiaobei a perfunctory reply.

From the very beginning, he had decided to officially pledge his loyalty to Chen Xiaobei.

Since he wanted to be loyal, he should show his sincerity.

That was why the first thing he did when he returned was to ask for forgiveness. He wanted Chen Xiaobei to see the change in him so that Chen Xiaobei could trust him.

"Stand up. In that situation, any normal person would have retreated."

Chen Xiaobei did not blame Xuanling. After all, it was not a small gain to have a loyal subordinate.

"Thank you, master ..."

Xuan Ling heaved a sigh of relief and said seriously, "What are we going to do next?"

“Let’s leave this place first.”

Chen Xiaobei broke through the void and left Mount Mangdang.

Chen Xiaobei brought Xuan Ling to the heart of Hongmeng.

“How much energy do you have? Take them out for me. ”

Chen Xiaobei said.

“Yes, sir!”

Xuan Ling didn’t hide anything and took out all her energy and Saint Qi Mystic crystals.

Adding all of them together, the energy was roughly equivalent to a peak two star Saint Emperor level Saint vein.

“Whoosh ...”

Without another word, Chen Xiaobei sat down cross-legged and began to activate the power of the heart of Hongmeng.

With enough energy, the power of inheritance poured down and quickly increased Chen Xiaobei’s cultivation.

One star divine Emperor middle stage, late stage, peak stage, three minor realms were successfully broken through.

He broke through to the early stage of two star divine Emperor.

Seeing this, Xuan Ling was dumbfounded.

He had seen cultivation inheritances before, but this was the first time he had seen one that could increase one’s cultivation so rapidly.

More importantly, Chen Xiaobei’s cultivation was still breaking through!

Xuan Ling was dumbfounded.

[Red Envelope Group of the Three Realms](#)

Chapter 4342: Go back and find them!

4342 Go back and find them!

Chen Xiaobei’s cultivation was still breaking through.

Two star divine Emperor primary stage, middle stage, late stage.

He broke through three small realms and reached the late two star divine Emperor realm. Only then did he stop cultivating.

He stopped because he didn’t have enough energy left.

If he wanted to break through to the peak of two star divine Emperor, he would need to prepare six portions of two star divine Emperor Peak energy.

Therefore, he could only stop for the time being. He would continue to break through in the future when he had enough energy.

[ding Yingying's cultivation base: two star divine Emperor late-stage, lifespan: 103003 universe years!]

"My lifespan has increased by 3000 eras, which seems like a lot. However, it's far from as fast as directly devouring the lifespan of others! Especially the life span of the disciples of the natural law School!"

Chen Xiaobei raised his eyebrows and had a new plan.

He devoured Sacred Emperor Jin Yan's life span and got 100000 years.

This was mainly because the disciples of the natural law School had all cultivated the yuan Sage eternal life curse, so their lifespans were many times longer than ordinary people.

Therefore, compared to the lifespan he had devoured, the lifespan he had gained from the increase in his cultivation base was really not enough.

However, other than his lifespan, Chen Xiaobei's own Saint Qi, mental power, and physical strength had all been greatly improved.

With the help of the life word incantation, Chen Xiaobei's current Saint Vital energy could activate all Saint items below the level of a four star divine Emperor, and his mental power could activate any special ability below that level.

With the help of the Holy bloodfruit, Chen Xiaobei could easily tame anyone below four star divine Emperor as his loyal dog.

Of course, the Saint bloodfruit was only at the three star divine Emperor level.

Once Chen Xiaobei's mental power exceeded this level, the rate of recovery would be greatly reduced.

In other words, the spiritual power recovery effect of the Holy bloodfruit was still very useful. However, if Chen Xiaobei were to break through to another realm, his spiritual power would far exceed the recovery range.

Once it was exhausted, although it would recover, it could not be completed in an instant.

Unless Chen Xiaobei could think of a way to enhance the spiritual power recovery effect of the Holy bloodfruit, at least to the same level as his own spiritual power, then there would be a fast recovery effect.

"Logically speaking, as long as I have enough energy, I should be able to use the sacred bloodvine to produce a higher grade of sacred bloodfruit!"

Chen Xiaobei did some simple calculations.

The Saint bloodvines were all in the pan Sheng space.

And the prerequisite was that there must be absolutely sufficient energy.

"Let's go!"

Chen Xiaobei stood up and called out to Xuan Ling.

“Where to?”

Xuan Ling was a little confused.

“Go back to the Holy Blood sect and find Yuan Changsheng and the thousand-eyed Sacred Emperor!”

Chen Xiaobei said calmly.

“What?”

Xuan Ling immediately became nervous. master, it wasn't easy for you to seal them in the ancient seal. Why did you go back to find them? ” Aren't you afraid of getting into trouble?”

It was obvious that Yuan Changsheng and thousand-eyed Sacred Emperor were both extremely powerful existences in Xuan Ling's eyes.

Once Chen Xiaobei returned, there would be a lot of unexpected changes. If things did not go well, it might even backfire and all his previous plans would go to waste.

More importantly, Xuan Ling was not sure if Chen Xiaobei could defeat Yuan Changsheng and the thousand-eyed divine Emperor.

Even though it looked like Yuan Changsheng and the thousand-eyed divine Emperor's attacks could not hurt his physical strength, Chen Xiaobei did not attack them immediately. Instead, he planned to seal them in the seal.

Chen Xiaobei was not a match for Yuan Changsheng and the thousand-eyed divine Emperor.

Because of that, xuanling was very nervous. She wanted to advise Chen Xiaobei not to go back, lest he get himself into trouble.

“Shua shua shua ...”

But Chen Xiaobei did not explain any further. He just stepped into the void and left.

Xuan Ling was stunned.

In the past, xuanling would not have gone back with Chen Xiaobei.

However, after what had happened, xuanling's attitude had changed. He now wanted to be loyal to Chen Xiaobei.

So, without any hesitation, xuanling followed Chen Xiaobei back.

.....

The forbidden area of the Holy Blood sect.

The surroundings were calm. From this, it could be seen that Yuan Changsheng and thousand-eyed Sacred Emperor hadn't been able to break the seal.

Chen Xiaobei could finally relax.

The truth was, Chen Xiaobei did not attack them earlier not because he could not defeat them, but because if he did, his life would be at its end.

Once the battle attracted other strong enemies, Chen Xiaobei would be in a hopeless situation.

That was why Chen Xiaobei had trapped them in the seal.

Now that Chen Xiaobei had increased his cultivation and returned to this place, he could dispel all his previous concerns.

Inside the seal, no matter how terrifying the battle was, it would not alert anyone outside. Chen Xiaobei could also take control of them without anyone knowing and make them his loyal dogs.

“BOOM!”

Chen Xiaobei directed a stream of Saint vitality at the center of the forbidden area.

“Swish!”

Soon, Chen Xiaobei was devoured by the seal.

Xuan Ling was stunned and didn’t dare to follow.

He knew very well that he would not be of much help even if he went, so he might as well wait for Chen outside.

With the increase in his mental power, Chen Xiaobei’s control of the omniscient Holy Emperor’s spatial seal had also improved.

“Shua shua shua ...”

Although they were sealed, Chen Xiaobei could pass through them as if no one was there.

Chen Xiaobei quickly found Yuan Changsheng’s location.

“Hmm? You ... You little ant, how dare you appear in front of me?”

Yuan Changsheng’s eyes glowed with a golden light, as if he was going to cut Chen Xiaobei into pieces.

“Heh, you keep calling me an ant, but now that things have come to this, you don’t understand who the real ant is!”

Chen Xiaobei raised his eyebrows and took out the Saint devouring axe.

After getting a five star divine Emperor advanced stage infinite Saint crystal from the heavenly Dǎo red envelope group, Chen Xiaobei had upgraded the Saint devouring Dao axe, chaos Blood Sword, and demonic Dragon’s edge to three star divine Emperor advanced stage.

At the same time, he had also raised the heaven and earth smelt to the early stage of five star Saint Emperor.

On the other hand, the Saint devouring Dao axe itself was an extremely heaven-defying existence, and it could make one absolutely invincible among its peers.

Below four star divine Emperor, the Saint devouring Dao axe was invincible.

Now that Chen Xiaobei's cultivation had broken through and with the help of the life word incantation, he could activate the power of the Saint devouring axe with his own Saint Qi.

In other words, Chen Xiaobei did not need to burn his life and energy. He could fight Yuan Changsheng with his own Saint Qi.

"An idiot who doesn't know the immensity of heaven and earth! This old man will crush you to death!"

Yuan Changsheng was furious, and his Saint origin power suddenly surged.

Red Envelope Group of the Three Realms

Chapter 4343: The face exploded!

4343 The face exploded!

In Yuan Changsheng's eyes, Chen Xiaobei's physical strength was only heaven-defying.

On top of that, Chen Xiaobei's cultivation and magical equipment were too weak to even hurt Yuan Changsheng.

Because of this, Yuan Changsheng thought that he was invincible. He did not have any qualms about Chen Xiaobei. Instead, he thought that Chen Xiaobei had come back to die because he did not know his place.

He was simply stupid.

"Boom boom boom ..."

As Yuan Changsheng's Saint Origin Energy exploded, the entire cage started to shake violently.

The small space was instantly filled with energy. It was like a golden universe, completely enveloping Chen Xiaobei.

"Clang clang clang ..."

The next moment, the Golden holy light turned into a storm of blades. It made an ear-piercing sound as if the space was about to be cut open. It was extremely terrifying.

yuantian horizontal slash!!!

Yuan Changsheng roared and used his strongest move. He didn't hold back his Saint origin power and circulated it to the extreme.

As the Supreme ruler of Yuanji city, Yuan Changsheng's strength was quite good.

It could be said that if he were to use his ultimate move at this moment, even if he was not invincible among opponents of the same level, he could at least be considered to be of a superior level.

If it was an ordinary opponent of the same level, he would have been defeated by this move.

"Whoosh ..."

At the same time, Chen Xiaobei had already injected his Saint vitality into the Saint devouring axe.

“Are you an idiot? He wanted to use a three star divine Emperor weapon with his two star divine Emperor tertiary stage Saint Origin Energy? Even a three-year-old child would not do such a stupid thing! He was really stupid! Hahaha ...”

Yuan Changsheng burst out laughing when he saw this.

He had thought that Chen Xiaobei must have found a trump card to have the courage to come back.

He did not expect Chen Xiaobei to come back to act dumb.

It was no exaggeration to say that Yuan Changsheng had never seen such a foolish idiot in his life.

“Whoosh ...”

However, just as Yuan Changsheng was laughing arrogantly, the word ‘life’ appeared behind Chen Xiaobei’s head.

In an instant, Chen Xiaobei’s victory was multiplied by a billion times.

“Whoosh!”

Immediately after, the power of the Saint devouring Dao axe was activated.

how ... How is this possible?!

Yuan Changsheng’s eyes almost popped out of their sockets when he saw this.

Just a second ago, he was still mocking Chen Xiaobei for his stupidity. But now, Chen Xiaobei had slapped him in the face.

Chen Xiaobei had indeed activated a three star divine Emperor weapon with his late-stage two star divine Emperor cultivation.

The invisible slap was loud and clear.

Yuan Changsheng’s face turned green as he braced himself and said, “You ... So what if you used the three star divine Emperor weapon? An early three star divine Emperor’s power can’t even scratch this old man’s itch!”

Indeed, Yuan Changsheng was a peak three star divine Emperor. Moreover, he was an expert at the upper level of this level.

Even ordinary opponents of the same level would find it difficult to hurt him.

Furthermore, the Saint devouring Dao axe was three minor realms lower than him. They were not even on the same level. There was no comparison at all. It could not even hurt a single hair on his head.

As such, even though Yuan Changsheng had just been slapped in the face, he still maintained a high level of confidence.

“Die!”

die! Yuan Changsheng roared, and the billions of golden blades around him glowed with the Holy Light of the ancient sun. In an instant, they were all aimed at Chen Xiaobei.

Under normal circumstances, this attack would not only cut Chen Xiaobei into a thousand pieces, but it would also cut the Saint devouring axe into pieces. It could not withstand the terrifying power.

“Swish!”

Suddenly, Chen Xiaobei grabbed the Saint devouring axe with both hands and swung it backward. A sharp light pierced through the sky.

In an instant, nine-colored holy light circulated, and a blood-red mark and a dark mark burst out at the same time.

It was like a triple totem rune, bringing the strongest support.

At the same time, the original true spirit of the axe also showed an extremely mysterious change. It shone with a brilliant light and was invincible.

There were also 33 drops of heavenly marrow that flowed out from the axe, surrounding it like small planets.

A strange phenomenon erupted, and the space trembled!

“Woof!”

The next moment, as the axe swept past, the countless golden blades around him were like paper. They were cut apart by the axe. They did not even touch Chen Xiaobei’s hair before they were destroyed.

“H-how ... How is this possible? Are my eyes playing tricks on me?”

Yuan Changsheng’s face was filled with bewilderment.

Even if his imagination had really broken through the horizon, he would never have imagined that the situation would actually turn out like this.

Just a second ago, he was saying that Chen Xiaobei and the Saint devouring Dao axe were not even enough to scratch his itch.

In this second, the Saint devouring Dao axe had easily broken his strongest attack, leaving him no room to resist at all.

“Swish!”

Chen Xiaobei was already charging towards Yuan Changsheng with his axe in hand.

With Yuan Changsheng’s speed, he could have easily dodged Chen Xiaobei’s attack.

However, this sealing cage wasn’t big to begin with, and the two of them weren’t far from each other.

More importantly, Yuan Changsheng did not expect this to happen. He was not mentally prepared for this. Before he could even react, Chen Xiaobei had already placed the Saint pan Dao devouring axe on his neck.

“Spare me ... Spare me ...”

Yuan Changsheng howled miserably. His face turned pale, his body trembled violently, and his pupils shrank.

He knew very well that if Chen Xiaobei activated the power of the Saint devouring axe again, he would be able to destroy his physical body with one strike, and then his Saint Soul.

Once his Saint Soul was destroyed, Yuan Changsheng would be completely dead. He would not even have the chance to be resurrected.

Under such circumstances, he had no other choice but to beg for mercy. If he wanted to save his life, he had to admit defeat.

“Heh, didn’t you just call me an ant and an arrogant person?” Chen Xiaobei sneered.

“I was wrong ... I was wrong ... This is all my fault! I didn’t know the immensity of heaven and earth! It’s my fault for failing to recognize Mount Tai! Please spare my life ... I don’t want to die ...”

Yuan Changsheng wailed and knelt down, kowtowing to Chen Xiaobei.

The Grand Yuan family’s patriarch, the Supreme ruler of Yuanji city, was now like a dog, kneeling at Chen Xiaobei’s feet.

“If you want to live, then be my dog!”

Chen Xiaobei raised his eyebrows and activated his special ability.”Lotus!”

“Whoosh ...”

With the help of the life word incantation, Chen Xiaobei’s mental power increased by a billion times, and a three-star divine Emperor-level heavenly Dao Divine Lotus mark was formed!

[Red Envelope Group of the Three Realms](#)

Chapter 4344: The strength of a strong enemy!

4344 The strength of a strong enemy!

“Bestow!”

With a thought, Chen Xiaobei merged the three-star divine Emperor mark of the divine Lotus of heavenly path into Yuan Changsheng’s Saint Soul.

now, I can destroy your Saint Soul with a single thought. Do you know what you should do? ”

Chen Xiaobei kept the Saint devouring axe and retracted his Saint Vital force.

“I ... I know ...”

Yuan Changsheng sighed and immediately became as humble as a dog. from now on, you are my master. All my actions will be based on your will. I will not dare to have any disloyal thoughts!

“Very good!”

“Give me your inventory,” Chen Xiaobei said.

“This ... As you wish ...”

Yuan Changsheng’s heart ached like it was being cut by a knife, but he had no other choice. He handed over his storage space to Chen Xiaobei.

Chen Xiaobei immediately started to check Yuan Changsheng’s wealth. He was not in a hurry to deal with the thousand-eyed divine Emperor.

This wave of spiritual power had consumed a lot of it. Even with the special effect of the Holy Blood’s spiritual recovery, it still needed some time to recover.

If he wanted his spiritual power to recover to its best state, he might need to wait for a day and a night.

Of course, this was a normal situation.

Now that Chen Xiaobei had obtained Yuan Changsheng’s infinite space, the result was different.

“Whoosh ...”

Chen Xiaobei then released a burst of Saint Vital energy from Yuan Changsheng’s inventory.

As the Supreme ruler of Yuanji city, Yuan Changsheng was very, very rich.

The total of this energy was actually equivalent to an early four star divine Emperor level divine Meridian.

This was a pleasant surprise for Chen Xiaobei. He knew that Yuan Changsheng was rich, but he did not expect him to be this rich.

However, after thinking about it carefully, this wasn’t strange. After all, Yuan Changsheng’s cultivation base had reached the peak of three star divine Emperor. The bottleneck of a major realm couldn’t be broken through easily.

His cultivation had stopped, and there was no need to burn a large amount of energy in battle.

Therefore, over the years, the energy in his hands naturally accumulated more and more, and he could simply be considered rich enough to rival a city.

“Whoosh ...”

Without hesitation, Chen Xiaobei activated the Saint pan dimension.

Then, he took out the three great saint orbs and activated the origin power of the Hong curse.

Chen Xiaobei then asked Yuan Changsheng to activate the divine sunlight cache.

As the four star divine Emperor’s energy flowed into the Saint bloodvine, a new Saint bloodfruit began to grow.

Under normal circumstances, it should be an ordinary Saint bloodfruit that could only reach the level of a one star Saint Emperor.

But now, Chen Xiaobei had used the Hong curse to change the fruit's growth from its source.

In the words of earth, it was equivalent to changing the genes of the Holy bloodfruit.

This would allow the Saint bloodfruit to grow into a variant Saint bloodfruit.

This was the power of Origin Energy!

To others, a mutated Saint bloodfruit was hard to come by even once in a trillion years.

However, to those who knew the secrets of the origin of the great Divine Tribe, this was something completely within their control.

From this, one could see how powerful the great sage Tribe was.

It wasn't without reason that the great saint Supreme divine ancestor had become the most powerful divine ancestor.

It was a pity that the Supreme divine ancestor had been dragged into a self-contradictory situation by some of the beings that had started the rebellion.

If not for that, the great sage Tribe would not have faded from the ranks of the most powerful forces.

"Whoosh ..."

As the energy was used up, the mutated Saint bloodfruit had completely ripened and reached the level of a four star divine Emperor.

"Crack crack ..."

Chen Xiaobei plucked the fruit and finished it in no time.

Chen Xiaobei could clearly feel that the recovery effect of his divine blood had been greatly enhanced.

The mental power that he had consumed was replenished in an instant.

He immediately recovered to his best state.

The effect was immediate.

"Shua shua shua ..."

Then, Chen Xiaobei took out a few more divine Emperor weapons from Yuan Changsheng's inventory. Unfortunately, the most advanced one was only a peak three star divine Emperor, and the rest were even lower.

Without hesitation, Chen Xiaobei turned all the magical items into a heaven and earth furnace.

Other than that, there were many other precious Saint Emperor heavenly resources.

In addition, there were many storage spaces that they had seized before.

Almost all the resources were added up.

They were all thrown into the heaven and earth smelt.

“Whoosh ...”

As the ancestral saint’s alien flame was injected into it, the vast amount of resources began to be refined rapidly.

Then, Chen Xiaobei placed the chaos Blood Sword inside.

He had infused the essence of all the resources into the chaos Blood Sword.

In the end, the chaos Blood Sword reached the level of a peak three star divine Emperor.

By right, Chen Xiaobei should have strengthened the Saint devouring axe, but the resources he had were not enough to upgrade it to a four star divine Emperor.

On the other hand, the Saint devouring Dao axe itself was invincible under four star divine Emperor.

Therefore, there was almost no difference between strengthening and not strengthening.

If he could strengthen the chaos Blood Sword, he would have another trump card, and he would have more variables in his battle.

“Let’s go find thousand eye Sacred Emperor!”

Chen Xiaobei got up and prepared to go through the cage.

“Master, please wait!”

with your cultivation, you might not be a match for the thousand-eyed Sacred Emperor, ” Yuan Changsheng quickly reminded. it’s best not to go looking for him.

“Isn’t his cultivation the same as yours? Why am I not his match?” Chen Xiaobei asked.

“It’s because of the Saint soul’s special ability!”

I only have one type of Saint Soul ability, ” Yuan Changsheng said. it’s to increase my lifespan ... But the thousand-eyed Sacred Emperor has two Saint Soul abilities. One is to increase strength, and the other seems to be an ability ...

The thousand-eyed divine Emperor was a disciple of the natural law School. If the natural law had given him a heaven and earth membrane, he would have two Saint Soul worlds and two Saint Soul abilities, just like Chen Xiaobei.

In other words, the thousand-eyed Sacred Emperor could suppress Yuan Changsheng, who was at the same level as him, with the help of the sacred soul seal.

With the help of his sacred soul mark, the thousand eyed Sacred Emperor could crush anyone at the same level.

The main point was that if the thousand eyed Sacred Emperor’s Saint Soul world was strong enough, he could even fight against those of a higher realm. That was extremely terrifying.

“You’ve given me a reminder.”

Chen Xiaobei’s relaxed expression disappeared.

He thought he could easily take care of the thousand eyed Sacred Emperor, but what awaited him was an extremely dangerous enemy.

If they fought rashly, it was very likely that they would be defeated.

After some thought, Chen Xiaobei came up with his own plan. "I can actually take a gamble ..."

"What are we betting on?" Yuan Changsheng was confused.

Red Envelope Group of the Three Realms

Chapter 4345: Seeing through the origin!

4345 Seeing through the origin!

"According to what I know, this seal should be at the level of a four star divine Emperor ..."

Let's assume that the thousand-eyed divine Emperor can fight those of a higher cultivation level. That means he has the ability to leave. I won't be able to find him! Chen Xiaobei said.

"What if we find him?" Yuan Changsheng asked.

If I can find him, it means that he can't fight against those of a higher realm. In that case, I'm confident that I can fight him!

Chen Xiaobei was very confident.

There was nothing wrong with the analysis. Chen Xiaobei had enough life and mental power. He also had the chaos Blood Sword and Saint devouring axe. Anyone below the four star divine Emperor level would not know how to lose.

So, even though it was a gamble, Chen Xiaobei was almost guaranteed to win.

"Spatial omniscience!"

Chen Xiaobei activated his special ability.

The omniscient chaotic eyes appeared and immediately saw through the sealed space to find the thousand eye Sacred Emperor's exact location.

"He's still here!"

Chen Xiaobei's face lit up with excitement. This means that he doesn't have the ability to break the seal. I can fight him, and I have a good chance of winning!

It was obvious that Chen Xiaobei had complete confidence in his ability to fight someone of the same level.

However, Yuan Changsheng's attitude was still pessimistic. "Master, I still hope you don't go find thousand eye Sacred Emperor ..."

"Why?"

Chen Xiaobei was very calm. He did not let his confidence get to his head.

the thousand eyed Sacred Emperor is a disciple of the natural law School!

yes, ” Yuan Changsheng said solemnly. the sect master of the natural law School is from the sky-burying Yuan sacred clan! This was a superpower with a Supreme Saint ancestor! Their Foundation was unimaginably deep! Underestimating them will definitely result in you paying an incomparably painful price!”

that’s right! Chen Xiaobei nodded. you’re right, but I’ve worked so hard to get the thousand-eyed divine Emperor into my trap. I don’t want to miss this opportunity!

It was obvious that Chen Xiaobei and the natural law School had an irreconcilable relationship.

It wasn’t easy to capture an enemy, so how could he let the Tiger return to the mountain? If the conditions allowed it, there was a 10000% chance that they would have to cut the weeds and eliminate the roots.

“I’m still going to find him!”

After some consideration, Chen Xiaobei made the best choice, ” right now, the thousand eyed Sacred Emperor and I are both out in the open. We can still fight with our strength. Once we let the Tiger return to the mountain, he’ll hide in the dark. It’ll be impossible to guard against him!

hmm ... You’re right ... Yuan Changsheng nodded and stopped trying to persuade him.

“Whoosh ...”

Chen Xiaobei then activated his special ability and opened the space cage.

“Master, wait! I have a plan. If you are at a disadvantage, I may be able to help you turn the situation around!” Yuan Changsheng hurriedly said.

“Go ahead,” Chen Xiaobei raised his eyebrows.

“You left me in the spatial cage next to the thousand eyed Sacred Emperor. At the critical moment, you just need to break open the spatial wall and I’ll immediately attack from behind. I’ll definitely win with one strike!”

Yuan Changsheng said with a serious expression.

“That’s a good idea, we’ll do as you say!”

Chen Xiaobei nodded.

After that, Chen Xiaobei did as he was told and placed Yuan Changsheng in the space cage next to the thousand-eyed Sacred Emperor.

“Whoosh ...”

Then, Chen Xiaobei went to the thousand-eyed divine Emperor.

“You’re finally here!”

The thousand-eyed divine Emperor was not surprised at all when he saw Chen Xiaobei. In fact, he even put on a strange smile.

“So you’re not blind.”

Chen Xiaobei was on high alert.

my name is thousand eyes. Not only am I not blind, but I can also see through your source!

The thousand eyed Sacred Emperor’s attitude was calm, but he exuded confidence.

“You seem to have known that I would come?”

Chen Xiaobei asked.

cruel, ” the thousand eyed Sacred Emperor said confidently, ” you’ve plotted so hard to seal Yuan Changsheng and I here. You can’t just leave us here. I’m sure you’ll come!

“Swish!”

Chen Xiaobei took out the Saint devouring axe and said, ” “Since you’ve been waiting for me here, then there’s no need to talk nonsense. Let’s fight!”

that ... That is!?

The thousand eyed Sacred Emperor looked at the axe and was surprised. you ... You’re from the Saint pan clan?!

Chen Xiaobei did not expect the thousand-eyed divine Emperor to be able to see through the source of things.

“Don’t ask so many questions! If you lose, there’s no point in asking! If you win, you’ll naturally know all the answers!”

Chen Xiaobei clenched the Saint devouring Dao axe with both hands, his fighting spirit boiling.

heh, do you think that you can fight me with the Saint weapon in your hand that contains the true spirit of Saint pan axe? ”

“You’re too naive!” Thousand eyed Sacred Emperor sneered.

“You can even see this!”

Chen Xiaobei’s heart skipped a beat.

If thousand eyes divine Emperor could see the essence of the Dao axe, he should know that it was invincible under four star divine Emperor.

Even in this situation, the thousand eyed Sacred Emperor still showed no fear.

Could it be that he had the power to resist the Saint devouring Dao axe?

This was extremely terrifying!

heh, not only can I see the true spirit of the axe, but I also know that it's just a very tiny wisp of the true spirit.

The thousand eyed Sacred Emperor seemed to be able to see through everything."Saint Pan's axe is a Saint ancestor-level Supreme Saint weapon! If you had the complete true spirit of the Saint pan axe, killing me would be as easy as killing an ant! It's a pity that you only have a trace of the true spirit of the Saint pan axe. You're no match for me!"

"This ..."

Chen Xiaobei was shocked and even a little scared.

The Saint devouring Dao axe was Chen Xiaobei's strongest trump card. If even this trump card failed, Chen Xiaobei would have no chance of winning against the thousand-eyed divine Emperor.

"What's wrong? Are you afraid? Didn't you just call me to fight? Why did you run away so quickly?"

The thousand-eyed divine Emperor laughed coldly. He looked at Chen Xiaobei as if he was a clown.

However, the thousand eyed divine Emperor had underestimated Chen Xiaobei.

In Chen Xiaobei's dictionary, there was no such thing as a coward.

Plus, Chen Xiaobei was smart enough to suspect that the thousand-eyed divine Emperor was just bluffing. He thought that the thousand-eyed divine Emperor could see through the source and pretend to be invincible.

When it came to acting and tricking, Chen Xiaobei was the ancestor.

Chen Xiaobei would not believe the thousand-eyed divine Emperor's words if he did not try it himself.

"You want to fight? Then let's fight!"

Chen Xiaobei activated the Saint devouring Axe's strongest power.

He held the axe with both hands and slashed toward thousand eye Sacred Emperor.

"You're looking for death!"

The thousand eyed Sacred Emperor's face changed. He was very relaxed a moment ago but now he was extremely serious.

"Swish!"

Facing the Saint devouring Dao Axe's terrifying attack, the thousand eyed Sacred Emperor took off the black cloth.

A strange phenomenon suddenly erupted!

Chapter 4346: The trump card is crippled!

4346 The trump card is crippled!

Whoosh ... Whoosh ...

As two storm-like Saint Origin Energy burst out, two dark vortexes actually appeared in the thousand-eyed Sacred Emperor's eyes.

He had no eyes.

Or rather, the two dark vortexes were his eyeballs.

It rotated slowly and emitted a dark and mysterious aura, making him look extremely demonic.

"Woof!"

At the same time, the Saint devouring Dao axe was already at its strongest.

Under normal circumstances, as long as thousand eyed divine Emperor wasn't a four star divine Emperor, he wouldn't be able to block this axe no matter what. His body would be split in half and even his Saint Soul would be split in half.

However, to everyone's surprise, the pair of Black Vortex-like eyes suddenly emitted a strange dark aura.

Like a pair of black curses, they reached for the Saint devouring Dao axe.

essence stripping!!!

The thousand eyed Sacred Emperor roared and activated his ability.

"Whoosh ..."

In the next moment, the two dark curses pierced through the Saint devouring Dao axe and pulled out a green-gold true spirit.

how ... How is this possible?!

Chen Xiaobei was stunned.

That was because the true spirit was the original true spirit of the Saint devouring axe, the core of the axe.

Without the support of the true spirit of the axe, Chen Xiaobei's Saint devouring axe would just be an ordinary three-star early stage Holy Emperor weapon.

"Ka!"

As expected, the thousand eyed Sacred Emperor caught the axe in the next moment!

That's right, he had blocked the Saint devouring Dao axe with his bare hands, and not even a scratch was left on his skin.

die!!!

The thousand eyed divine Emperor roared. He held the Saint devouring axe with one hand and clenched his other hand into a fist. Then, he punched Chen Xiaobei in the chest.

The Saint Origin Energy of a peak three star divine Emperor was completely added to his fist. It was like a star bombarding the fist. The force was terrifying.

“Whoosh ...”

At the same time, a dark imprint of Saint Emperor power appeared.

From the brilliant holy light that the mark was emitting, it could be seen that the mark was of a very high level.

He had almost touched the threshold of four star divine Emperor.

Just like Chen Xiaobei, the thousand-eyed Sacred Emperor could also merge the world in the heaven and earth membrane into his own divine soul world.

Therefore, his sacred soul world had developed greatly. Naturally, it would bring him more enhancements and improvements.

“BOOM!”

The thousand eyed divine Emperor’s fist landed right on Chen Xiaobei’s chest.

Chen Xiaobei’s body was sent flying with a loud explosion.

“Boom boom boom ...”

The terrifying power caused the spatial wall of the sealing cage to tremble and even crack.

From this, it could be seen that although the thousand eyed Sacred Emperor’s power hadn’t reached the level of a four star Sacred Emperor, it was only a step away.

Therefore, his power could shake the sealed space wall.

“Pfft ...”

More importantly, this powerful force had severely injured Chen Xiaobei’s heart.

As he spat out a mouthful of blood, Chen Xiaobei’s energy seemed to have been sucked out of him, and he looked extremely weak.

“Whoosh ...”

Luckily, Chen Xiaobei’s mental power was extremely strong. With just a thought, he used the special ability of the grade 36 Golden Lotus of merit to quickly heal his injuries.

The primordial chaos heaven heart’s prerequisite for raising cultivation was to first raise the level of the chaos mark.

Now, Chen Xiaobei’s cultivation had reached the advanced two star divine Emperor stage, and the chaos mark had also reached the same level.

Therefore, all five divine lotuses had reached the 36th grade.

“Whoosh ...”

After using his mental power, the four star Holy Blood fruit's recovery effect immediately restored Chen Xiaobei's mental power as well.

This meant that Chen Xiaobei was not injured at all.

But the biggest problem was that the core of the axe had been removed by the enemy. Chen Xiaobei had lost his strongest trump card.

boy, your recovery ability is quite strong. Unfortunately, you don't have the ability to hurt me at all. I'm standing in an invincible position. Next, I'll torture you to death!

The thousand eyed Sacred Emperor's face was filled with confidence. The black vortexes in his eyes gave off a black aura that didn't dissipate.

The Axe's original true spirit was now in his hand, and he could not return it to Chen Xiaobei.

"You want to abuse me? It's still early!"

Chen Xiaobei said, but deep down, he was worried.

The thousand eyed Sacred Emperor was indeed a disciple of the natural law School. His supernatural ability was so strong that it defied the natural order.

With this technique, he could firmly control the initiative.

More importantly, Chen Xiaobei had no way of dealing with him.

"Still early?"

The thousand eyed Sacred Emperor's eyes narrowed. He sneered, "Next, I will cripple you in one move! Then I'll slowly torture you, making you wish you were dead!"

"Whoosh ..."

With a thought, Chen Xiaobei opened up the space wall.

Of course, Chen Xiaobei was only secretly activating his special ability. On the surface, no one would be able to tell that Chen Xiaobei was controlling the spatial wall.

"What?"

The thousand eyed Sacred Emperor was dazed. He looked over and saw Yuan Changsheng.

"What's going on? Brother Yuan, can you break the seal?" The thousand eyed Sacred Emperor was very confused.

I ... I'm not sure ... Yuan Changsheng pretended to be nervous and immediately ran to the thousand-eyed Sacred Emperor's side.

"You seem scared?" the thousand eyed Sacred Emperor frowned.

No... No... Yuan Changsheng swallowed his saliva and said, "I'm just a little surprised. I don't know why the spatial wall opened ..."

alright, just you wait. I'll settle this kid immediately!

The thousand eyed divine Emperor turned his attention back to Chen Xiaobei.

"You said you want to cripple me in one move, then come and try!"

Chen Xiaobei focused and began to channel his Saint Qi to the maximum, forming a powerful image of the pan Sheng.

The purple-gold holy light and the nine-colored Dao runes instantly enveloped the entire space. It was a magnificent sight.

Chen Xiaobei was purposely making a scene to attract the thousand-eyed divine Emperor's attention so that Yuan Changsheng would have the chance to launch a sneak attack.

"You don't know what's good for you!"

The thousand eyed divine Emperor looked at Chen Xiaobei with disdain.

After all, Chen Xiaobei was only a late-stage two star divine Emperor. Even with the life curse, he could not hurt the thousand-eyed divine Emperor.

"Origin, strip!"

The thousand-eyed divine Emperor's eyes locked onto Chen Xiaobei, and the dark demonic claw flew toward Chen Xiaobei.

Red Envelope Group of the Three Realms

Chapter 4347: opportunity!

"Woof! Whoosh!"

The two dark demonic claws flew towards Chen Xiaobei at a speed that was close to that of a four star divine Emperor!

"Not good!"

Chen Xiaobei's expression changed. His Saint Qi could not defend against the enemy's power, and he could not escape in time.

"Whoosh ..."

In an instant, Chen Xiaobei was pierced by two demonic claws.

An extremely strange scene appeared.

Chen Xiaobei's Saint Soul flew out of his body uncontrollably, and his body was taken away by the two dark demonic claws.

"This ... This is too heaven-defying!"

Chen Xiaobei was stunned. He did not expect this to happen.

Right now, Chen Xiaobei's most powerful source was the human's body.

He took the thousand eyed Sacred Emperor's punch head-on because of the Hong curse.

Now that the Saint pan Dao devouring axe had been destroyed and his physical body taken away, Chen Xiaobei's two trump cards had been destroyed.

"Die!"

At the same time, the thousand-eyed divine Emperor's hands turned into black daggers, like the scythe of the death god, and he slashed at Chen Xiaobei.

After losing the Saint devouring axe and his body, Chen Xiaobei was only left with his Saint Soul.

Under this situation, a late-stage two star divine Emperor's Saint Soul definitely couldn't block the thousand-eyed divine Emperor's attack.

This attack could completely destroy Chen Xiaobei's Saint Soul and kill him for good. He would never have a chance to recover.

"Idiot! Are you still not going to do it?"

Chen Xiaobei roared in anger.

Although Yuan Changsheng had offered a brilliant plan, he did not act immediately at this critical moment.

It was obvious that he was not really loyal to Chen Xiaobei.

Seeing that Chen Xiaobei was about to die, Yuan Changsheng felt that he was about to regain his freedom. So, he did not want to fight the thousand-eyed divine Emperor.

However, things did not go as smoothly as Yuan Changsheng had expected.

The thousand eyed divine Emperor was a cautious person. When he heard Chen Xiaobei's shout, he immediately stopped attacking and turned to look at Yuan Changsheng.

"I already felt that something was wrong just now! You've actually joined hands with this brat!"

The thousand eyed Sacred Emperor's eyes focused as if he could see through everything.

In fact, this plan was very flawed. After all, Chen Xiaobei had appeared in front of the thousand-eyed divine Emperor by opening the dimensional wall. When the dimensional wall opened again, Yuan Changsheng was hesitating and seemed very nervous.

The thousand eyed Sacred Emperor was cautious by nature and suspected it right away.

Chen Xiaobei's roar confirmed the thousand-eyed divine Emperor's suspicion.

"I ..."

Yuan Changsheng instantly felt like Zhu Bajie was looking at himself in the mirror.

If the thousand-eyed Sacred Emperor had killed Chen Xiaobei in one move, Yuan Changsheng could have pretended that nothing had happened and continued to call him brother.

But now, Chen Xiaobei's shout had dragged Yuan Changsheng into the water.

"Still not attacking? I can take your life with a single thought!" Chen Xiaobei was furious.

A good sneak attack plan had been ruined by Yuan Changsheng's disloyalty.

If Yuan Changsheng was not of any use to Chen Xiaobei, Chen Xiaobei would have killed him immediately.

"I ... I'll make my move now!"

Yuan Changsheng had no other choice. He immediately circulated his Saint origin power and attacked the thousand-eyed Sacred Emperor.

"Idiot! You actually dare to attack me? Who gave you such confidence?"

The thousand eyed Sacred Emperor looked at Yuan Changsheng with extreme disdain as if he was looking at an idiot. At the same time, a dark Saint Yuan condensed in his hand, cutting through the air like a blade.

"Swish!"

The dark blade swept across. Although the thousand-eyed Sacred Emperor and Yuan Changsheng were at the same cultivation level, the thousand-eyed Sacred Emperor's actual destructive power was far beyond that of Yuan Changsheng's.

"Whoosh ..."

In the blink of an eye, the power of Yuan Changsheng's Saint Qi was dispersed, and he could not fight back at all.

"Swish!"

The powerful force caused the dark blade to pierce through Yuan Changsheng's body, splitting him in half like chopping wood.

"Whoosh ..."

At the same time, Yuan Changsheng's Saint Soul appeared with an extremely regretful expression.

Yuan Changsheng's original plan was to take the opportunity to ambush the thousand-eyed Sacred Emperor. That would greatly increase Chen Xiaobei's chances of winning and his own chances of survival.

However, when Chen Xiaobei was on the verge of death, Yuan Changsheng had the urge to see Chen Xiaobei die.

He didn't expect the thousand eyed Sacred Emperor to come back.

At this moment, he was utterly defeated and was destined to die.

His intestines were really green with regret.

If the heavens could give him another chance, he would definitely ambush the thousand eyed Sacred Emperor without hesitation.

However, it was a pity that there was no medicine for regret.

“Swish!”

The thousand eyed Sacred Emperor pointed and the dark aura turned into a demonic claw that wrapped around Yuan Changsheng’s Saint Soul and brought him to the thousand eyed Sacred Emperor.

Crack ... Crack ...

The thousand eyed Sacred Emperor bit down and tore off a large piece of Yuan Changsheng’s Saint Soul. He chewed it in his mouth and looked satisfied.

“This ... This is ...”

Chen Xiaobei was taken aback by what he saw.

Chen Xiaobei had seen Hongjun gnawing at situ Longyang’s Saint Soul before.

After reading through Hongjun’s memories, Chen Xiaobei knew that this was also an evil technique of the natural law School.

“Soul devouring longevity great curse”!

Devouring the enemy’s Saint Soul to increase one’s own lifespan and burning it to activate all kinds of special abilities.

Through Hongjun’s memories, Chen Xiaobei also knew that casting the soul devouring longevity curse consumed mental power.

The thousand eyed divine Emperor had also used up mental power when he extracted the source of Chen Xiaobei and the Saint devouring axe.

“There it is!”

Chen Xiaobei suddenly saw the chance to win.

To be honest, the odds of Yuan Changsheng’s sneak attack weren’t very high. After all, Yuan Changsheng couldn’t instantly kill the thousand-eyed Sacred Emperor. Even if he was heavily injured, the thousand-eyed Sacred Emperor still had the power to counterattack.

Yuan Changsheng’s treachery and disloyalty had given Chen Xiaobei a chance to win.

He had to find a way to exhaust thousand eye divine Emperor’s spirit power.

Crack ... Crack ...

At this moment, the thousand-eyed Sacred Emperor didn’t feel any sense of danger. He was still devouring Yuan Changsheng’s Saint Soul.

And every bite he took and every bite he digested consumed a large amount of mental energy.

According to a normal person's spiritual power, the thousand eyed Sacred Emperor didn't have much spiritual power left.

But the problem was that Chen Xiaobei had no more trump cards in his hands.

Red Envelope Group of the Three Realms

Chapter 4348: I have already won!

4348 I have already won!

To exhaust the thousand-eyed divine Emperor's mental power, Chen Xiaobei needed at least one trump card that the thousand-eyed divine Emperor could not resist.

Although the chaos Blood Sword had been strengthened to the level of a peak three-star Saint Emperor, it couldn't even shake the thousand-eyed Sacred Emperor, who had been strengthened by the seal of a Saint Emperor.

The thousand eyed Sacred Emperor could block the chaos Blood Sword with his own Saint Origin Energy, so he didn't need to use his special ability.

This was the biggest problem that Chen Xiaobei was facing.

Crack ... Crack ...

Seeing that Yuan Changsheng's Saint Soul was about to be devoured by the thousand-eyed divine Emperor, Chen Xiaobei was getting closer and closer to danger.

Once the thousand eyed divine Emperor was free, Chen Xiaobei would be crushed by absolute power. He would not have a chance to fight back. Death was almost certain.

What should I do?

Chen Xiaobei furrowed his brows. He had not been in such a desperate situation for a long time.

There seemed to be no hope in this unsolvable dead end.

Could it be that he could only wait for death?

"BOOM!"

However, right at this moment, a burst of blood-red and blue Saint Origin Energy suddenly exploded in the air.

It was impossible to see where it came from, as it had been blasted out of thin air.

Without any warning, it landed on thousand eye Sacred Emperor's face.

"Uh ..."

The thousand eyed Sacred Emperor grunted and stumbled.

Unfortunately, the power of the Saint Origin Energy was nothing. It was around the level of a peak two star Saint Emperor, and it couldn't hurt the thousand-eyed Sacred Emperor at all.

“Who is it?”

The thousand eyed Sacred Emperor was furious. He looked around but couldn't see anyone.

Chen Xiaobei was also puzzled for a few seconds.

The special Saint Origin Energy that was mixed with blood red and blue came from the dark shadow evil spirit, Xuan Ling!

He was a special existence with the bodies of Xuan 'GE and Ling Mei.

His talent was to hide his body.

Except on full moon nights, he could perfectly conceal his body and not be discovered by the enemy.

Although there was a full moon tonight, the moonlight could not shine into the sealed space, so Xuan Ling's perfect figure was hidden.

“Boom boom boom ...”

Then, Xuan Ling started to attack from all directions, hitting thousand eye Sacred Emperor.

Although it couldn't hurt thousand eye Sacred Emperor, it was enough to make him angry.

It was as if a fly was flying around your ear while you were enjoying a good meal, and you really wanted to turn it into meat paste.

In fact, Xuan Ling had thought that she would not be of any help even if she came in, so she had stayed outside the seal.

However, Chen Xiaobei did not leave the room, and that worried xuanling.

More importantly, xuanling's attitude had changed. He was now truly loyal to Chen Xiaobei. So, at the critical moment, he attacked the seal and was swallowed up.

Fortunately, Xuan Ling had been sent to this space cage.

It had really helped Chen Xiaobei a lot.

“Who is it? Who was it? Get the hell out here!”

The thousand eyed Sacred Emperor was still being attacked, but he couldn't see the attacker.

Such a state made him feel like he had been played. For a moment, he was flustered and exasperated. His entire being was as violent as Thunder, and his anger burned.

“Origin insight!”

In his rage, the thousand eyed Sacred Emperor used his ability again, disregarding the little spirit power he had.

His pair of eyes that were like dark vortexes once again emitted waves of dark aura that instantly enveloped the entire space.

“Hmph! So it's the dark shadow evil spirits!”

The thousand eyed Sacred Emperor soon saw a blood and blue Origin moving quickly in space.

“Essence extraction!”

Thousand eye Sacred Emperor roared.

The dark aura in the air suddenly formed a pair of huge dark demonic claws that quickly enveloped Xuan Ling.

“Xuan Ling, Dodge!”

Chen Xiaobei was shocked.

However, Xuan Ling couldn't Dodge thousand eye Sacred Emperor's speed.

“Swish!”

In an instant, Xuan Ling's innate talent was pulled out of his body. He could no longer hide and was exposed to the thousand eyed Sacred Emperor's attack.

“Master! Quickly retreat!”

Xuan Ling let out his last cry.

“BOOM!”

The next instant, thousand eye Sacred Emperor's attack landed on Xuan Ling.

Logically speaking, the difference in strength between the two sides was so great that Xuan Ling should have died instantly.

However, the thousand eyed Sacred Emperor wanted Xuan Ling's Saint Soul, so he didn't kill her. He only heavily injured her.

“Pfft ...”

Xuan Ling spurted out blood and flew backward.

He crashed heavily into the spatial wall. The terrifying power shook the entire space, and even caused some slight spatial fluctuations.

With Xuan Ling's body, he could not withstand such a huge force at all.

In that instant, he felt as if all the bones in his body had been shattered, and his physical body had completely exploded.

His Saint Soul had also suffered a fatal injury, and he could not even separate his Saint Soul from his body.

retreat ... Master, quickly retreat ...

Xuanling was still worried about Chen Xiaobei's safety.

From the moment xuanling entered the seal, she was prepared to use her life to buy Chen Xiaobei time to escape.

But what xuanling could not understand was why Chen Xiaobei did not escape earlier when he could travel through space.

Why are you still staying here?

Was Chen Xiaobei tired of living? Wouldn't that mean that Xuan Ling's sacrifice was in vain?

"There's no need to retreat!"

Chen Xiaobei walked over to xuanling.

"Live!"

Chen Xiaobei immediately burned a large amount of his mental power to activate the life word incantation.

In the blink of an eye, a mysterious power merged into Xuan Ling's body.

The serious injuries on his body actually began to recover at an extremely fast speed. In just a moment, he had directly recovered to his best state. Even the spiritual energy and Saint Origin Energy he had used up had been fully replenished.

"Heh, a last-ditch struggle, a waste of spiritual energy!"

The thousand eyed Sacred Emperor swallowed the last bit of Yuan Changsheng's Saint Soul and walked over.

"It's over ... It's completely over ..."

Xuan Ling's face was filled with despair as he sighed repeatedly, as if he was already waiting for death.

The enemy was too strong. That was the only chance for Chen Xiaobei to retreat, but he had missed it. It was impossible for him to escape now.

Death was almost inevitable.

"" Don't worry! I've already won this battle!"

Chen Xiaobei walked up to the thousand-eyed divine Emperor. His aura was overbearing, and the pressure almost materialized.

"Won? On what basis?"

The thousand eyed divine Emperor looked at Chen Xiaobei like he was an idiot. the difference in our cultivation is like the difference between cloud and mud. I've destroyed all your trump cards, so tell me, what right do you have to win!?

[Red Envelope Group of the Three Realms](#)

Chapter 4349: New trump card!

4349 New trump card!

To the thousand-eyed divine Emperor, Chen Xiaobei was no longer a threat.

After all, if Chen Xiaobei had the ability to win, he could have just attacked earlier. Why would he have to wait until now?

Because of this, the thousand eyed Sacred Emperor was still sure that victory was in his hands.

When Chen Xiaobei said that he had won, he was just bluffing. There was no credibility in his words, so there was no need to worry.

“Whoosh ...”

As he spoke, the thousand-eyed Sacred Emperor gathered another burst of Saint Origin Energy and aimed it at Chen Xiaobei’s head.

The dark Saint Origin Energy formed a huge Dark Demon God.

The demonic God’s eyes were like dark vortexes that were spinning slowly, emitting a demonic and mysterious aura. The atmosphere of the entire space became extremely gloomy, as if the end of Hell was about to come, with infinite horror and endless killing!

“Boom boom boom!”

The dark demonic God’s vortex eyes shot out two bolts of dark lightning, which were aimed at Chen Xiaobei.

“Clang! Whoosh!”

Chen Xiaobei took out the Dragon’s edge and the chaos Blood Sword.

“Whoosh ...”

In an instant, the life word incantation was activated and added to the Dragon’s edge.

The Dragon’s edge was a demon, so it could be enhanced by the power of life released by the life word incantation.

The demonic Dragon’s power increased dramatically and reached the level of a peak three star divine Emperor.

“BOOM!”

In the blink of an eye, the black demon Dragon collided with the two dark lightning bolts. Both sides were almost evenly matched, and after a moment of stalemate in mid-air, they both disappeared.

“What?”

The thousand eyed Sacred Emperor was surprised.”So you still have a trump card. No wonder you dare to challenge me!”

Seeing this, Xuan Ling was also shocked.

He had thought that Chen Xiaobei was dead for sure, but it seemed like there was still a chance.

Chen Xiaobei held the saber in his left hand and spat out Black Dragon Saber Qi. He held the sword in his right hand and it shone with a blood-red light. He looked like a demonic god that had descended to the world.

The thousand eyed Sacred Emperor sneered. "It's not like you haven't tasted the power of my Saint Emperor imprint! Killing you will be like killing an ant!"

"Whoosh ..."

In the next instant, the thousand eyed Sacred Emperor burned his spirit power and prepared to use the sacred Emperor power mark.

He had to admit that his Saint Emperor power imprint was extremely powerful.

With the help of this mark, his power could rise to a height that was only one step away from four star divine Emperor.

One punch was enough to send Chen Xiaobei, who had the 'Hong' word incantation, flying and vomiting blood.

Right now, the thousand eyed Sacred Emperor could easily crush the Dragon's edge if he used his power imprint.

"Hmm? Not good?"

However, at this moment, the thousand eyed Sacred Emperor's expression changed drastically. He went from being certain of victory to shock.

From the beginning until now, he had always thought that he was invincible, so he was very relaxed. He had never thought that he would fail, and he was not vigilant at all.

Only now did he realize that his spiritual energy had hit rock bottom.

He could not even use the imprint once.

If he forcefully activated it, he might even faint on the spot. This was a risk that he absolutely could not take.

If they could not kill Chen Xiaobei, the thousand-eyed divine Emperor would be at Chen Xiaobei's mercy.

"Good boy! What a good plan!"

The thousand eyed divine Emperor praised Chen Xiaobei, " "So you're just holding back and waiting for my spiritual power to be exhausted!"

"It's good that you know!"

Chen Xiaobei picked up his sword and charged at the thousand-eyed divine Emperor, not giving him a chance to recover his mental power.

heh, even without spiritual power, you can't beat me!

The thousand eyed Sacred Emperor composed himself and said with confidence, "My cultivation is higher than yours, and I have more Saint Qi than you. Even if I have to exhaust myself, I can still kill you!"

The thousand eyed divine Emperor's cultivation was one level higher than Chen Xiaobei's.

The difference between the total amount of Saint Qi in both of their bodies was not small.

With the help of the life word incantation, Chen Xiaobei could also activate a peak three-star Holy Emperor weapon, but the cost of using it was an over-consumption of energy.

So, if they continued to fight, Chen Xiaobei's Saint Origin Energy would run out before the thousand-eyed divine Emperor.

The final result would still be the thousand eyed Sacred Emperor's victory.

"Still not working? Looks like ... Death is the only way out ..."

Seeing this, Xuan Ling let out a cry of despair again.

It was clear that if it was a pure competition of Saint Qi, Chen Xiaobei would lose.

"Demonic Dragon slash!"

Chen Xiaobei, however, did not seem to care about the situation at all. He continued with his usual attack.

With the help of the life word incantation, the demonic Dragon tribulation slashed out a second black demonic Dragon with the same power as the first.

"Heh, idiot! I already said that if you continue to fight like this, you will lose without a doubt!"

The thousand eyed Sacred Emperor was disdainful. With a thought, the eyes of the dark demonic god shot out two more bolts of dark lightning.

The Black Dragon and the black Lightning clashed in the air.

They were still evenly matched.

Grand chaos-celestial slaying sword formation!!!

Just when everyone thought that Chen Xiaobei was going to be exhausted to death, a new trump card was played.

"Clang!!!"

With a deafening sword cry, the chaos Blood Sword flew out of his hand, trembled in the air, and suddenly split into five!

Earlier, Chen Xiaobei had combined the four celestial-slaying swords with the chaos Blood Sword.

At that moment, five long swords appeared in the space!

The blood-colored immortal-slaying sword was located to the North! The blood-red occisus sword was located in the South! The blood-red immortal-eliminating sword was located to the East! The blood-red celestial trapping sword was located to the West!

The chaos Blood Sword itself was in the center!

At this moment, the five swords had all reached the peak of three star Saint Emperor.

“Whoosh ...”

At the same time, a three star divine Emperor Peak level celestial slaying sword formation diagram floated out.

In an instant, the five swords and one diagram formed a formation.

With the support of the sword formation, its power was almost invincible among its peers.

“What a powerful sword formation! It’s a pity ... It’s still not enough to defeat the thousand eyed Sacred Emperor ...”

Xuan Ling sighed and still could not see any hope.

this sword formation is really too mysterious!

The thousand eyed Sacred Emperor’s eyes narrowed. He was extremely curious. it’s a pity that I don’t have enough mental energy. Otherwise, I’d definitely take a look at the source of this sword formation!

“You don’t have to look, I’ll tell you ...”

Chen Xiaobei smiled confidently. “The origin of this sword formation is chaos!”

“Whoosh ...”

The moment Chen Xiaobei finished his sentence, the Hong word incantation was activated!

The blessing of origin!

The power of the Grand chaos!

[Red Envelope Group of the Three Realms](#)

Chapter 4350: super strong!

Logically speaking, the sword formation alone wasn’t enough to win against thousand eyed Sacred Emperor.

However, with the Hong word incantation’s support, the result was completely different.

The core of the chaos Blood Sword was a chaos sword embryo, which was nurtured by the chaos Bell. It was like a child of chaos, carrying the purest and most perfect original form of chaos.

If the origin of the human race was the body, then the origin of the chaos sword embryo was the true form of chaos.

“Whoosh ...”

In an instant, the power of the four blood-colored immortal-slaying swords skyrocketed as they slashed over.

“BOOM! BOOM! BOOM! BOOM!”

The thousand eyed Sacred Emperor didn't dare to be careless. He used his Saint Origin Energy to control the eyes of the dark demonic god and shot out four bolts of Black Lightning that were even thicker than before.

Just now, the Dragon's edge, under the blessing of the life word incantation, could only fight to a draw with these Thunderbolts.

However, the situation was completely different now.

With the support of the Hong word incantation, the power of the origin of chaos was activated.

It was also an origin, but it was actually divided into three, six, and nine grades.

For example, Chen Xiaobei's human origin was only a physical body. With the Hong curse, it only increased his defense.

Dragon's Edge's source was the spiritual bone of the black demonic Dragon. Even if he used the 'Hong' curse on it, the effect would be the same as Chen Xiaobei's physical body. At most, it would only increase his defense.

However, the origin of the chaos Blood Sword was chaos itself. After being enhanced by the "Hong" curse, it could explode with unimaginably terrifying power, and it was even accompanied by an extremely heaven-defying ability!

“Woof! Buzzzzzz! Buzzzzzz! Whoosh!”

In the blink of an eye, the four blood-colored immortal-slaying swords had already slashed out and easily destroyed the four dark Thunderbolts. They then pointed straight at the huge Dark Demon God Dharma form.

“Block it! Block it!”

The thousand eyed Sacred Emperor was shocked. He immediately used his most powerful Saint Origin Energy and added it to the dark Demon God.

Whoosh ... Whoosh ...

In the next moment, the eyes of the dark Demon God released two huge dark vortexes, which spun in front of the dark Demon God like two shields.

It was obvious that the thousand eyed Sacred Emperor was scared.

He knew that the four blood-colored immortal-slaying swords were very powerful, and he would definitely be at a disadvantage in a normal confrontation.

“Clang! Clang! Clang! Clang!”

As expected, the four blood-colored celestial-slaying swords were blocked and couldn't hit the dark Demon God at all.

"Fortunately, I blocked it ..."

The thousand eyed Sacred Emperor finally let out a breath.

As long as Chen Xiaobei could not break through the dark demonic God's defense, he would not be hurt.

He could still exhaust Chen Xiaobei to death with his more powerful Saint Qi.

"Clang!!!"

However, in the next instant, the thousand eyed Sacred Emperor was dumbfounded. His scalp went numb and his heart almost jumped out of his throat.

Thousand eyed Sacred Emperor knew that he thought too simply from this.

The four blood-colored immortal-slaying swords were just an appetizer.

The real killing move had just arrived.

"Whoosh ..."

The thousand eyed Sacred Emperor looked up and saw that the chaos Blood Sword had been reduced to nothing.

The essence of chaos was that it was shapeless, infinite and unfathomable. At the same time, it was a mysterious state of ignorance.

Years ago, Pangu broke the chaos, created the world, and fought for a ray of light for those creatures enslaved by the great Dao of nature. He created a world, and then the great world of Pangu was born.

Hua ... Hua ... Hua ... Hua ...

Then, the four blood-colored celestial slaying swords also turned invisible.

"What ... What is going on?"

The thousand eyed Sacred Emperor was dumbfounded. He looked around but couldn't see a single sword.

What was even more terrifying was that he couldn't see the sword shadow or anything else around him.

"Oh my God ... I ... Why is everything in front of me so dark? I can't see anything ... Why? Why ... Why is this happening?"

The thousand eyed Sacred Emperor screamed in extreme fear.

At this moment, he felt that he had fallen into a strange gray space. His vision was blurry and he could no longer hear anything.

It was as if he had been trapped in another layer of seal.

"Master ... What ... What's wrong with him?"

Xuan Ling asked in confusion.

From Xuan Ling and Chen Xiaobei's point of view, everything was normal. The only thing was that the thousand-eyed divine Emperor was mumbling to himself like a madman.

this is the chaos Domain!

I don't think so! Chen Xiaobei said. those who are enveloped by the Grand chaos celestial eradication sword formation will feel as if they are sealed in chaos. They can't see or hear. They will lose all sense of their surroundings!

"Clang, clang, clang, clang ..."

At the same time, the sound of swords whistling through the air could be heard.

Xuan Ling could not see the five blood-red swords either.

However, as the sword howls were heard, terrifying sword marks appeared on the body of the dark Demon God.

The invisible sword disappeared without a trace.

In the sword formation, the enemy could not see the sword, but they were being slashed by the sword every second.

There was no way to guard against it, no way to avoid it, only death was awaiting him.

"Clang!!!"

Suddenly, a bloody gash appeared in the air.

The two large black shields of the dark fiend God were instantly shattered, and the sword Qi pierced through them, destroying the dark fiend celestial Dharma form!

What was even more terrifying was that the sword had broken the entire seal.

"Boom boom boom ..."

With a loud sound, the blood-red sword Qi directly cut a huge crack in the sealed space wall.

From the outside, it looked as if the entire Mount Mangdang had been split open.

"Woof!"

The blood-red sword Qi reached the sky and cut the clouds open. It was as if the sky had been cut in half by this sword.

"Too ... Too strong ..."

Xuan Ling took a deep breath. He was so shocked that his back turned cold, and he broke out in cold sweat.

“Master’s sword is only a peak three star divine Emperor, but it can break the seal of a four star divine Emperor with one strike ... Fighting ... Fighting at a higher cultivation level ... This ... This is too terrifying ...”

The scene in front of him was filled with an endless visual impact.

Xuan Ling’s state of mind was greatly shocked.

At this moment, xuanling was even more convinced that being loyal to Chen Xiaobei was the best choice she had ever made in her life.

“Yup ...”

Chen Xiaobei sighed, “ I feel like this power is already comparable to the Saint pan Dao devouring axe. It’s indeed the power of the origin of chaos!

“But then again, no matter how powerful a Saint artifact is, it can’t be as powerful as its master!” “If master didn’t exhaust thousand eye Sacred Emperor’s mind power, we wouldn’t be able to defeat him even with this sword formation!” Xuan Ling praised.

“The thousand-eyed divine Emperor is very strong!” Chen Xiaobei said. There aren’t many enemies who can force me into a desperate situation, but he can be considered one!”

After that, Chen Xiaobei and Xuan Ling looked at the thousand-eyed divine Emperor.
