

## Envelope 4351

### Red Envelope Group of the Three Realms

#### Chapter 4351: net closed!

“What’s going on? What was going on? Could it be that I’ve fallen into another seal?”

The thousand eyed Sacred Emperor was still in the chaos Domain and didn’t know anything.

This was the special ability of the origin of chaos.

Chaos descended and trapped the enemy in a fixed domain.

“Lian Sheng ...”

Chen Xiaobei summoned another mark of the divine Lotus of heavenly law.

“Bestow!”

The fire-red Heaven Dao Saint Lotus seal flew toward the thousand eyed Sacred Emperor.

Even though the mark was right in front of him, he still didn’t notice it.

“Whoosh ...”

Only when the mark merged with the thousand eye Sacred Emperor’s Saint Soul did he scream in extreme fear. “What’s going on? Why ... Why is master’s sacred soul imprint in my sacred soul?”

“Sword, come!”

Chen Xiaobei shouted.

The five blood-red longswords appeared one after another. They combined into one and formed the chaos Blood Sword.

Then, it flew back into Chen Xiaobei’s palm.

As the sword formation was withdrawn, the special ability of the chaos realm was also automatically eliminated.

The thousand eyed Sacred Emperor finally saw everything.

When he realized that he was still at the same spot, he was stunned. “What ... What happened just now? ‘I ... I never left?’ Then where did the chaos just now go?”

“Idiot! Stop shouting! You’re already master’s Lackey!” shut up! Xuan Ling scolded angrily.

“Master? A Lackey?”

The thousand eyed divine Emperor looked at Chen Xiaobei and said, “You ... You brat, what did you do to me?”

“If you kneel down and acknowledge me as your master, I can spare your life!” Of course, if you want to die, I only need a single thought.”

“This ...”

The thousand eyed Sacred Emperor’s heart clenched and his mind was in a mess.

Even now, he still did not understand what had happened.

However, he didn’t have time to think about it carefully.

“Plop ...”

He swallowed his saliva and knelt on the ground. He said in an extremely humble manner, ” “Master! I don’t want to die! From now on, I’m willing to serve you!”

“Very good!”

alright! Chen Xiaobei chuckled. hand over your inventory!

“As ... As you wish ...”

The thousand eyed Sacred Emperor was naturally unwilling.

However, he had to die if he didn’t want to. He had no choice.

She held her inventory in both hands and crawled over to Chen Xiaobei.

“Swish!”

Chen Xiaobei took out the thousand eye Sacred Emperor’s storage space.

He didn’t have the mood to check the other resources. Instead, he took out the origin that had been taken away.

His own body, the true spirit of Saint Pan’s axe, and the source of the dark shadows and evil spirits.

“Whoosh ...”

Chen Xiaobei returned to his normal state after the Saint Soul returned to his body.

After that, the true spirit of the axe returned to the Saint devouring Dao axe, and the trump card was finally back.

Xuan Ling had also taken back her origin, and her figure could be perfectly hidden again.

After that, Chen Xiaobei immediately sent a message to his 108 loyal dogs and asked them to gather.

It was clear that Chen Xiaobei was going to reel in the net.

These 108 people were the core high-level members of the 108 most powerful forces in Yuanji city.

Chen Xiaobei gathered all of them and gave them a mission.

Bring the paragons of their respective factions.

If they refused to come, they could just say that Yuan Changsheng had ordered them to come.

At this moment, the outsiders did not know that Yuan Changsheng had died, so they had to give the city Lord some face.

Therefore, it didn't take long for the 108 loyal dogs to bring the leaders of the 108 most powerful forces.

And Chen Xiaobei had already prepared a gift for them.

That would be 108 sacred lotuses of heavenly Dao.

Although they didn't see Yuan Chang Sheng, the leaders of these forces didn't dare to act rashly with the thousand-eyed Sacred Emperor.

Soon, they had all become Chen Xiaobei's loyal dogs.

This meant that Chen Xiaobei had full control over the core upper echelons of Yuanji city.

Even if the entire Yuanji city was taken into the beixuan sacred soul world, there was no need to worry about any chaos.

Next, he would need three peak four star Saint Emperor level Saint veins.

This was a huge amount of energy. Even if the entire Saint vein under Yuanji city was drained, it would still be far from enough.

Luckily, Chen Xiaobei had enough loyal dogs.

Thousand eye Sacred Emperor alone had one of them.

The remaining two would be collected by the 108 forces.

In order to satisfy Chen Xiaobei, they had used up all of their savings. They had given up billions of years of savings.

"Boom boom boom ..."

After the energy was in place, Chen Xiaobei did not hesitate to absorb the entire Yuanji city into the beixuan divine soul realm.

This way, the size of the North Mystic sacred world had expanded by ten times!

The population had also increased tenfold.

More importantly, the people in Yuanji city were more than one level higher than those in the North Mystic sacred soul world.

The number of North mystic saints had risen to 3.3 billion! The North Mystic sacred King's position had risen to 330 million!

After Yuanji city joined them, these two Saint positions were easily filled.

However, the North Mystic Sacred Emperor's position, which had risen to 330000, could not be completed immediately.

There were only 60000 sacred emperors in the entire Yuanji city. Including the original sacred emperors in the North Mystic sacred soul world, there were less than 100000.

In other words, if Chen Xiaobei wanted to fill up the positions of the Holy emperors, he would need to create close to 240000 new Holy emperors.

This would require enough Saint Emperor Mystic resin.

According to the calculations from last time, he would need at least eight late 5-star Saint Emperor corpses and eight Saint veins of the same level this time.

Just the thought of this condition gave Chen Xiaobei a headache.

Although the heavenly sanctuary was a world of Sage emperors, there were not many real Sage emperors.

Even someone as strong as the heavenly Dao was only a five star divine Emperor.

One could imagine how hard it was to find the body of a five star divine Emperor and the Saint veins of a five star divine Emperor.

One or two portions were already extremely difficult, not to mention that each of them required eight portions.

In Chen Xiaobei's current situation, it was impossible.

Therefore, the idea of restoring the North Mystic Sacred Emperor's position could only be put on hold for now.

At this moment, although the position of a Sacred Emperor was incomplete, the North Mystic sacred soul world had still advanced a major realm, reaching the early stage of a three-star Sacred Emperor.

At the same time, Chen Xiaobei's divine Emperor's bloodline mark and divine Emperor's devouring mark had also been upgraded.

"Phew ..."

phew! Chen Xiaobei finally let out a sigh of relief. now, let's see what other treasures are in the thousand-eyed divine Emperor's inventory!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4352: The heavenly Dao order!**

4352 The heavenly Dao order!

Then, Chen Xiaobei's attention fell on the thousand-eyed divine Emperor's inventory.

The energy had been completely used up just now.

Other than that, there was one peak three star Saint Emperor weapon and five one and two star Saint Emperor weapons.

The thousand eyed Sacred Emperor could use Saint Origin Energy to activate these treasures, so there wasn't any energy left inside.

The power of these magic treasures was clearly not as strong as the Saint devouring Dao axe and the chaos Blood Sword. There was no point in keeping them, so they were all thrown into the heaven and earth smelt.

There was also a large pile of resources of all sorts, all of which were Saint Emperor grade items.

Chen Xiaobei looked around and only picked out two special items.

All the other resources were thrown into the heaven and earth smelt.

After that, Chen Xiaobei placed the Dragon's edge into the heaven and earth smelt and started to strengthen it.

After this round of strengthening, the demonic Dragon's edge would be able to reach the level of a peak three star divine Emperor. Although it wasn't as powerful as the Saint devouring Dao axe and the chaos Blood Sword, it didn't need to consume any energy.

Therefore, it was necessary to upgrade the Dragon's edge.

Other than the items mentioned above, there were ten more corpses in the storage space.

The grade was between two to three stars. If all of them were converted to Saint Emperor Mystic resin, the income would be quite considerable.

However, Chen Xiaobei did not have any energy left. So, he could only store these corpses for now. When he found enough energy, he would turn them into Holy Emperor Mystic resin.

Finally, Chen Xiaobei's attention fell on the two items that he had just picked out.

The first item was a token made of a special metal.

The two words 'heavenly Dao' were engraved on the front.

Obviously, it was a token of the natural law School.

But strangely, Chen Xiaobei did not find any similar tokens in Hongjun's and Holy Emperor Jin Lu's storage space.

Then, Chen Xiaobei turned the token over and saw that there were some intricate runes on the back.

"It seems that this is not just a token, but a magic treasure with a hidden array!"

Chen Xiaobei looked at the thousand-eyed divine Emperor and asked, "What is this?"

"In the natural law School," the thousand-eyed Sacred Emperor explained, "anyone who completes a high level mission from the master can get a heavenly Dao token like this!"

"Is this the reward?"

what? " Chen Xiaobei was confused. why can't I see any benefits from it? "

master ... This heavenly Dao token can only be used after you have collected three pieces. "After using it, an extremely profound teleportation formation will be activated, directly leading to the heavenly Dao secret realm!" The thousand eyed Sacred Emperor said.

"The heavenly Dao secret realm? What is that place?" Chen Xiaobei was very curious and asked.

The thousand eyed Sacred Emperor didn't dare to hide anything and explained, the heavenly Dao secret realm is the forbidden area of the heavenly Dao sect. It has an abundance of Saint origin power that is almost inexhaustible. Moreover, there is a chance of obtaining the inheritance of the sky-burier Yuan sacred clan after entering it, which will be of great help to your cultivation!

"To put it bluntly, it's just a training room?" Chen Xiaobei raised his eyebrows.

"You can understand it this way ..."

it's a pity that the natural Law School's high-level missions are extremely difficult, " the thousand-eyed Sacred Emperor said. I got this token more than a thousand years ago. I've never been able to complete high-level missions since!

it's actually so rare!?

Chen Xiaobei sighed, " I was thinking of helping you complete two more missions, and then go to the heavenly Dao mystery realm to earn a lot of money. It seems like my plan is going to be ruined ...

It was obvious that the thousand eyed Sacred Emperor couldn't get a second one after a thousand years. One could imagine how crazy the high level missions were.

However, this wasn't strange after thinking about it.

If the heavenly Dao could handle those high-level missions on its own, it would not need to publish them.

The missions that even the natural law couldn't complete were even more difficult for the disciples of the natural law School. They would have to rely on great luck and great opportunities to complete them.

It was impossible for Chen Xiaobei to help the thousand-eyed divine Emperor with the two missions.

"No! Master might have a chance to complete two missions!"

"Not long ago, the heavenly Dao gave out two high level missions. The first is to find master's location. Even if it's just a clue, it's considered a high level mission!"

"Heh, the heavenly Dao seems to think highly of me!" Chen Xiaobei raised his eyebrows and smiled.

A high-level mission was extremely difficult. He did not expect that the heavenly axiom would consider finding Chen Xiaobei a high-level mission. Furthermore, as long as he could provide a reliable lead, the mission would be considered completed.

This showed how much the heavenly axiom valued Chen Xiaobei.

"The second one? What is the mission?" Chen Xiaobei asked again.

"The second mission is to find a woman named Yan Lingshi!"

The thousand eyed Sacred Emperor composed himself and said, as long as you can provide some useful clues, I'll consider it as completing three high-level missions!

"What!" Chen Xiaobei was stunned.

He had thought that the heavenly axiom valued him greatly, but he did not expect that the heavenly axiom valued Yan Lingshi the most.

However, this wasn't strange after thinking about it.

Yan Lingshi was practically the only great saint tribesman known to the heavenly Dao.

The Supreme divine ancestor of the great Divine Tribe had left behind an unprecedented Supreme inheritance.

In the heavenly axiom's opinion, Yan Lingshi was very likely to be the entrance ticket to the legacy. Hence, it had to find Yan Lingshi at all costs.

Unfortunately, the heavenly axiom did not know that Chen Xiaobei had already activated the inheritance of the great Divine tribe's Supreme divine ancestor and passed it to Yan Lingshi.

Right now, Yan Lingshi had probably escaped into the sacred territory of the great saint ancestor, and the heavenly Dao might not be able to find her again in this lifetime.

"Since the heavenly axiom values Ling Shi so much, I'll provide it with a clue!"

Chen Xiaobei grinned and started to plan in his mind.

you ... You really have a clue?!

The thousand eyed Sacred Emperor was stunned."Isn't Yan Lingshi one of your people? Are you really going to sell her out? This ... This isn't good ..."

Obviously, the thousand eyed divine Emperor could not read Chen Xiaobei's mind and was worried for nothing.

"Stop talking nonsense and hand over your communication rune!"

Chen Xiaobei ordered.

"Yes, sir!"

The thousand eyed divine Emperor immediately took out his communication rune and gave it to Chen Xiaobei.

With a thought, he directly sent a message to the heavenly Dao.

The thousand eyed divine Emperor (Chen Xiaobei): I found a clue about Yan Lingshi!

The heavenly axiom asked,"what clue?" Quickly tell me! (Can't wait)

[\*\*Red Envelope Group of the Three Realms\*\*](#)

**Chapter 4353: Duping the heavenly Dao!**

4353 Duping the heavenly Dao!

The thousand eyed divine Emperor (Chen Xiaobei): " just today, I found an unusual abyss. I felt like there was something inside, so I went in to take a look ...

[ heavenly Dao: get to the point! ] (Extremely anxious)

The thousand eyed divine Emperor (Chen Xiaobei) said, " I've found a portal at the bottom of the abyss! It's a pity that I don't have any opportunities inside!

The thousand eyed Sacred Emperor (Chen Xiaobei) said, " but out of curiosity, I peeked into the origin. I found that the bottom of the abyss has the origin aura of the great Divine Tribe!

[ heaven's will: great saint tribe? ] Hurry up! Quickly send me the location of that space!

Thousand eyed divine Emperor (Chen Xiaobei):

Chen Xiaobei then sent the location of the abyss to the heavenly axiom.

Chen Xiaobei's information was 100% true. However, Yan Lingshi had already left with the legacy.

Hence, this clue was actually useless and would not affect Yan Lingshi in any way.

Before long, the heavenly Dao had already sent a reply!

[ heavenly Dao: you've done well! ] This was indeed one of the ruins of the great saint tribe! I'll ask the higher-ups of the tribe to come over and take a look later. Perhaps we'll find some important clues about the great Divine Tribe!

The thousand eyed divine Emperor (Chen Xiaobei) said, " then I'll congratulate you in advance, Sifu!

Chen Xiaobei's face was filled with an evil smile.

The space under the abyss had been created by the great saint Supreme divine ancestor.

Unless the heavenly Dao could invite the Supreme divine ancestor of the sky burying Yuan sacred clan, it would be impossible to find any clues.

Moreover, even if the heavenly Dao really did invite the Supreme divine ancestor of the sky burying Yuan sacred clan, they might not be able to find anything.

This was because the great saint tribe's Supreme Saint ancestor was the most powerful of the nine.

Perhaps even the other eight sacred ancestors working together wouldn't be able to find anything.

Therefore, Chen Xiaobei was not worried that the heavenly axiom would find Yan Lingshi.

However, the information from the heavenly axiom made Chen Xiaobei wary.

There were no clues in that space, but the heavenly Dao was sure that it was a relic of the great saint tribe.

This meant that the heavenly Dao might have the same ability as the thousand-eyed Sacred Emperor and could see through the source of things.

If that was the case, then he had to be on guard.

If the heavenly axiom had the same special ability, Chen Xiaobei would have to think of a countermeasure in advance so that he would not fall into the same trap twice.

The thousand eyed divine Emperor (Chen Xiaobei): " since Sifu is happy with it, can I get my reward now? "

[ heavenly Dao: reward? ] Another day ...

"F \* ck! The heavenly Dao was indeed a shameless person! He wanted to go back on his promise of a reward to his disciple! He's really shameless to the extreme!"

Chen Xiaobei cursed.

However, Chen Xiaobei already knew that the heavenly axiom was a bad person, so it was only natural that it would go back on its word.

Of course, Chen Xiaobei was not a disciple of the natural law School. He was not afraid of offending the natural law.

The thousand eyed divine Emperor (Chen Xiaobei): What you've done has really chilled this disciple's heart. If there are more clues in the future, should this disciple tell you? Or not to tell you?

[ heavenly Dao: you dare to threaten me?! ] (Angry)

The thousand eyed divine Emperor (Chen Xiaobei) replied, "I'm not threatening you. I'm just reminding you!" After all, I'm not the only one who'll be disappointed if this gets out. Everyone in the natural law School will be!

The heavenly axiom said, "you ..."

[ heavenly Dao: you're right! ] I'll send you the reward now! I hope you think clearly about what you should say! What words should not be said!

The thousand eyed divine Emperor (Chen Xiaobei) said, " don't worry, Sifu. I won't tell anyone about you going back on your word!

[ heavenly law: you seem a little abnormal today! ]

Clearly, the heavenly Dao's intelligence was high and it could sense the thousand eyed Sacred Emperor's abnormality.

Thousand eyed Sacred Emperor (Chen Xiaobei): " I'm not acting out of the ordinary. I just found some clues about Yan Lingshi and wanted to get some rewards. I'm looking for an opportunity to break through to the next level!

Heaven's will said, "that's right, you've been stuck at the peak of three star divine Emperor for hundreds of thousands of years. It's time for you to make further progress."

[ thousand eyed divine Emperor (Chen Xiaobei): thank you, Sifu. ]

Although the heavenly axiom was smart, Chen Xiaobei was not stupid. He had already thought of a reasonable excuse to dispel the heavenly axiom's suspicion.

[ ding! Congratulations! You have snatched a red packet from the heavenly axiom. You have received three heavenly Dao tokens! ]

"Hahaha! The red packet is here!"

Chen Xiaobei was excited.

Chen Xiaobei had four heavenly Dao tokens in his hands, including the one the thousand-eyed divine Emperor had.

"This ... This ... This ..."

The thousand-eyed divine Emperor was dumbfounded. He did not expect Chen Xiaobei to get three heavenly Dao tokens from the heavenly Dao so quickly.

One had to know that the thousand eyed Sacred Emperor had waited for a thousand years and never had a chance to get the second.

Compared to Chen Xiaobei, the thousand-eyed divine Emperor felt that he was too pitiful.

"Don't just stand there, how do I use it? Hurry up and tell me!"

Chen Xiaobei urged.

"Take out any three of them and put them together. Master, you'll be able to activate the teleportation formation with your Saint Origin Energy. You'll be teleported into the heavenly Dao secret realm!"

"There won't be any danger in that secret realm, right?" Chen Xiaobei was on high alert.

The thousand eyed Sacred Emperor shook his head helplessly. "In theory, no, but I'm not sure. After all, I haven't been in there for more than 300 million years ..."

what? " Chen Xiaobei frowned. if I go in, will the heavenly axiom notice? "

"If master wants to spy on you, he can see you directly ..."

"But I think master will be busy investigating the great Divine tribe's ruins and won't have the time to look into the heavenly Dao secret realm!" The thousand eyed Sacred Emperor said.

"Based on what you said, now is the best time!" Chen Xiaobei's eyes narrowed as he quickly calculated in his mind.

"Yes, I am!"

"Master might be able to spy on the heavenly Dao secret realm when he's free," the thousand eyed Sacred Emperor said. "It's only when he's busy that he's safe!"

"If that's the case, I'll just act now!"

Chen Xiaobei gathered his thoughts and put the three heavenly Dao tokens together, then injected his Saint energy into them.

“Whoosh ...”

With a wave of extremely mysterious energy fluctuations, the three tokens directly turned into nothingness.

Then, a Crimson space gate opened in the void.

“Master! I won’t be going in with you ...”

also, don’t let anyone out of the heavenly Dao secret realm,” the thousand eyed Sacred Emperor warned. otherwise, they’ll be seen as intruders and will be attacked. My master will be alerted as well!

“Even if you don’t go in, I won’t leave you outside!”

Chen Xiaobei then put the thousand-eyed divine Emperor into his beixuan sacred world.

Then, Chen Xiaobei stepped into the red portal.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4354: The last seven words!**

4354 The last seven words!

“Whoosh ...”

In the blink of an eye, Chen Xiaobei appeared in a very special independent space.

This space was very, very huge. It felt like a complete and independent world of his consciousness.

In this space, one could see mountains, rivers, grass, oceans, and land. One could even see all kinds of rare birds, beasts, and treasures.

However, the things that he could see with his eyes were not of high level, so Chen Xiaobei did not really care.

Chen Xiaobei’s biggest goal in this isolated space was the Saint Qi.

“It’s just as thousand eyed Sacred Emperor said. The Saint Origin Energy in this space is extremely pure and rich. I feel like there’s a six star Sacred Emperor level sacred Meridian hidden here!”

this is ... Chen Xiaobei gasped. tendo’s cultivation is only at five star divine Emperor level. How did he manage to create such a secret realm? ”

“Something’s wrong! I seem to have forgotten something important! If the heavenly Dao can burn its lifespan to reach the pseudo realm, it really does have the ability to obtain a Holy Meridian that is of a higher level than its own strength.”

Chen Xiaobei was shocked again.

When he was fighting the thousand-eyed divine Emperor, he had used up all of his mental power so that he could not use his special ability. Otherwise, if he had entered the pseudo-realm, Chen Xiaobei would not have any chance of winning.

Of course, there was also the possibility that the thousand eyed Sacred Emperor's lifespan might not be enough for him to reach the first pseudo realm.

After all, he was already a peak three star divine Emperor. If he wanted to reach the four star divine Emperor realm, he would probably have to spend a trillion years. It was definitely an astronomical figure.

Even if he continued to refine his primordial spirit, it would still be difficult for him to accumulate that much lifespan.

Even if they did, they would not want to waste it on a weakling like Chen Xiaobei.

No matter what, Chen Xiaobei still defeated the thousand-eyed divine Emperor.

As for how long this thing's life span was, Chen Xiaobei would only need to consume a wave of it to find out.

Of course, Chen Xiaobei hoped that this guy could live as long as possible. After all, no matter how much he had, it would still belong to Chen Xiaobei.

Whoosh ... Whoosh ...

Chen Xiaobei did not hesitate and started to absorb as much Saint Qi as he could from his surroundings.

As he absorbed, Chen Xiaobei took out three of the orbs, activated the Dao of origin, and cast the "Hong" mantra.

"Swish!"

Then, Chen Xiaobei took out the Saint bloodvine and used the surrounding Saint Qi to produce a new variant of the Saint bloodfruit.

After a while, Chen Xiaobei had used up almost all the Saint Qi from a peak 5-star Saint Emperor-level Holy Meridian to produce a 5-star Peak Saint Emperor-level mutant Holy bloodfruit.

Without any hesitation, he swallowed it.

This way, Chen Xiaobei would be able to recover his mental power quickly before he reached the six star divine Emperor level.

This was definitely a cheat-like divine weapon.

If he had joined the thousand-eyed divine Emperor and eaten the mutated Holy Blood fruit, his mental power would have recovered quickly. Chen Xiaobei would not have stood a chance in the previous battle.

"Shua shua shua ..."

Then, Chen Xiaobei took out all ten of the thousand-eyed divine Emperor's corpses.

"Whoosh ..."

The origin Energy evolved and these corpses turned into a total of one million drops of Saint Emperor Mystic resin.

If Chen Xiaobei used up all of the mystic fats, he would be able to reach the peak of a three star divine Emperor.

However, Chen Xiaobei did not plan to use it now. He kept it for now.

After all, the power of inheritance in Hongmeng sanctuary was about to be used up. When the power of inheritance was used up, he could use the Saint Emperor Mystic resin to break through to the next realm without being restricted by bottlenecks.

After that, Chen Xiaobei put all the Saint Emperor Mystic resin into the all-knowing divine Emperor's Saint Emperor Mystic resin.

Whoosh ... Whoosh ... Whoosh ...

Then, Chen Xiaobei started to absorb the Saint Qi around him.

This time, all of the energy had fused into his body.

Using this energy, Chen Xiaobei began to cultivate the one word Saint destroyer incantation and began to comprehend the other words.

As the Saint Origin Energy continued to gather, the entire process of comprehension went very smoothly.

Other than the life curse and the Hong curse, Chen Xiaobei had also comprehended seven other words.

'Black' represented 'fortune'. It increased Chen Xiaobei's luck and gave him the ability to sense certain opportunities.

The disk represented creation. It directly increased Chen Xiaobei's brain power and intelligence, giving him the creation ability.

Yuan represented heart Yuan. It directly raised Chen Xiaobei's state of mind and gave him the heart Yuan special ability.

The ultimate level represented the ultimate level. It directly increased Chen Xiaobei's bloodline and gave him a Gokudo special ability.

'Beginning' meant 'beginning'. It directly increased Chen Xiaobei's understanding of the Law of Time and gave Chen Xiaobei the genesis special ability.

obliteration " represented destruction. It increased Chen Xiaobei's understanding of the law of strength and gave him the destruction superpower.

none " represented nothingness. It directly improved Chen Xiaobei's understanding of the law of space and gave him the special ability of silence.

By now, Chen Xiaobei had understood all nine characters of the one word Saint-killer curse.

The cultivation technique was called the one word Saint-Killing Curse, but after comprehending it, it had a total of nine words.

This seemed very contradictory.

However, only Chen Xiaobei knew that the last word would only appear when he had fully comprehended the nine words!

According to the description of the cultivation technique, as long as one comprehended the last word ...

Anyone below the divine ancestor could be killed with a single word.

That was how it got its name, the one-word Saint-Killing Curse.

Of course, Chen Xiaobei was still a long way from understanding the last word.

Whoosh ... Whoosh ... Whoosh ...

Now that he had enough Saint Qi, Chen Xiaobei did not waste any time. He immediately started to level up the nine characters.

He would first burn seven portions of one star Saint Emperor energy to raise the seven words he had just comprehended to the first level.

Then, he burned another eight portions of two star divine Emperor level energy to raise these seven new words to the second level.

Then, he burned nine portions of three star divine Emperor level energy and raised all nine words to the third level.

After that, he burned another nine portions of four star divine Emperor level energy and the nine words reached the fourth level.

Chen Xiaobei wanted to continue.

However, at this moment, all the Saint Origin Energy in the space seemed to have been exhausted, and he could not absorb any more.

“No way ... What happened to the promised inexhaustible supply? Is the heavenly Dao that petty?”

Chen Xiaobei was speechless.

However, thinking about it carefully, the heavenly Dao wasn't just stingy. He even wanted to snatch his disciple's things, so how could he really let his disciple consume his resources without restraint?

“Something's wrong!”

Suddenly, Chen Xiaobei's face changed. “When I entered, the energy was far more than this! Could it be that the heavenly Dao sensed something and retracted its energy?”

[Red Envelope Group of the Three Realms](#)

**Chapter 4355: Supreme Saint tribe!**

4355 Supreme Saint tribe!

When he first entered the heavenly mystery realm, Chen Xiaobei estimated that there was a six star Holy Emperor-level Holy Meridian in the medium.

Chen Xiaobei had only used up one peak five-star divine Emperor's Holy Meridian and a few dozen low-level Holy meridians.

To Chen Xiaobei, this was a huge gain, but it was not enough to exhaust all the energy in the medium.

The thousand eyed Sacred Emperor had mentioned before that the heavenly Dao could spy on this space at any time.

With the nature of the heavenly axiom, it would make a big promise on the surface and make the disciples do their best to complete high-level missions. However, when the disciples really entered this Mystic realm, the heavenly axiom would not let the disciples consume resources as they pleased.

In other words, when the wielder of the will noticed that the resources in the space were being consumed too quickly, not only could he spy on them, but he could also intervene.

"Shua shua shua ..."

Just a few seconds after Chen Xiaobei stopped absorbing the energy, a few portals opened in the realm.

Saint Emperor experts with extraordinary cultivation bases appeared here.

All of them surrounded Chen Xiaobei.

"Strange ..."

Chen Xiaobei was worried that the heavenly axiom would attack them but after taking a closer look, he realized that these people did not seem to be very strong.

All of them were one star divine emperors.

To Chen Xiaobei, they were just a bunch of minions, not worth mentioning.

Even if the heavenly axiom did not come, it would not send such a weakling to capture Chen Xiaobei. It did not make sense.

With Chen Xiaobei's current state of mind and brain power, he immediately came to a conclusion.

That was, the heavenly Dao had not discovered him, and this group of people who had come here were most likely not sent by the heavenly Dao.

are you! disciple of the natural law School! "

As expected, the leader of the group asked this question as soon as he came up.

"If I say yes, what will you do?"

Chen Xiaobei narrowed his eyes. He did not plan to reveal his cards immediately. He wanted to test the waters as much as possible before making a decision.

if you're a disciple of the natural law School, you can go to hell!

The group of people flew toward Chen Xiaobei and formed a battle formation in front of him.

“Whoosh ...”

In that instant, Chen Xiaobei could see that the 36 of them were unleashing their Saint Qi from the positions of the 36 Tiangang.

At the same time, with the help of their bloodline abilities, their Saint origin power intertwined like dry wood meeting fire, erupting with terrifying waves.

With the help of the formation, this power had reached the level of a two star divine Emperor.

Under normal circumstances, even if billions of one star divine emperors joined forces, they wouldn't be able to resist a two star divine Emperor. However, at this moment, there were only 36 of them, and they had already unleashed the power of two star divine emperors.

From this, it could be seen that their bloodline abilities and the battle formation they used were of a very, very high level.

“Extreme killing formation!”

The leader let out a roar, and the power of the battle formation burst out.

“Whoosh ...”

In an instant, a huge golden word “ extreme ” burst out from the core of the battle formation. With the support of countless Saint origin power, it continued to expand to the extent that it covered the sky.

huh?!

Chen Xiaobei was stunned. The word ‘extreme’ looked very familiar.

Wasn't this the extreme special ability of the extreme curse?

“Boom boom boom!”

While Chen Xiaobei was still in shock, the huge number of times had already activated his special ability.

The terrifying power of the special ability was directly added to the battle formation

Who would've thought that the power of a two star divine Emperor early-stage battle formation would rise to a peak two star divine Emperor in an instant and might even be invincible against those of the same level.

“BOOM!”

In an instant, the terrifying power hit Chen Xiaobei.

Under normal circumstances, Chen Xiaobei's cultivation was only at the late-stage of two star divine Emperor. Under such circumstances, he would have died and turned into dust.

“Whoosh ...”

However, at this moment, the word “Hong” flickered, seemingly meaningless.

In fact, this was the blessing of a level four Hong curse!

With this blessing, Chen Xiaobei's physical strength had exceeded his actual cultivation by countless times. He was almost invincible against anyone below six star divine Emperor.

"Whoosh ..."

When the power passed, Chen Xiaobei was unscathed.

how ... How is this possible?!

The group of people in the formation revealed incredulous expressions when they saw the scene before them.

The leader's eyes were as wide as a bull's, " "This is impossible! Our extreme killing formation is a peak Saint Emperor level battle formation, and it has extreme abilities to increase the strength of our bloodlines. It can almost suppress three star Saint emperors! But now, he couldn't even hurt a mere late-stage two-star Saint Emperor? This is impossible!"

Without a doubt, this result shocked everyone. They even started to doubt their lives.

"Get into formation again! Burn more spiritual energy! I don't believe I can't kill this b \* stard of the natural law School!"

The leader shouted angrily.

Everyone received the order and prepared to attack again.

One had to know that their extreme killing formation had reached the peak Saint Emperor level, which was the same level as the one word Saint destroyer curse. The power just now was only a small part of it, and it didn't use its full power.

If they didn't care about the consumption of spiritual power, they could even fight three or four Realms above them.

"Everyone, please stop! We're on the same side!"

Chen Xiaobei said, " I'm not a disciple of the natural law School. On the contrary, I'm the same as you. I've a deep grudge against the natural law School!"

how ... How is this possible?!

The leader was stunned and asked, " you're not from the natural law School. How did you enter the heavenly mystery realm? "

you're not from the natural law School, " Chen Xiaobei said with a smile. but you're here anyway.

"Of course we're different from you!"

we're members of the Supreme Saint tribe, " the leader replied solemnly. we have the support of the Holy ancestor tribe behind us. Naturally, we have a special Foundation that can send us here. You, on the other hand, don't have such a Foundation!

The Supreme Saint tribe?

Chen Xiaobei was shocked.

He hadn't expected these people to be the clansmen of one of the nine great divine ancestors, the Supreme divine ancestor.

"Although I don't have the backing of the sacred ancestor, I have my own Foundation!"

what's more, I can prove that I'm not just the enemy of the heavenly axiom. I'm also the enemy of the entire sky-burier Yuan sacred clan! Chen Xiaobei said.

"You ... How can you prove it?" The leader's expression froze.

"The true body of Pangu!"

Chen Xiaobei formed the true form of Pangu.

you ... You ... You're from the Saint pan clan?!

The leader's face was suddenly filled with shock, and then extreme fear. "Shit! This was the territory of the heavenly Dao! You ... How dare you show your true form of Pan Gu?"

"Boom boom boom ..."

As soon as he finished speaking, the entire space changed dramatically!

### Red Envelope Group of the Three Realms

#### **Chapter 4356: Void space!**

4356 Void space!

The Pangu clan and the sky-burier Yuan sacred clan had always been at odds with each other. This space was created by the heavenly Dao, so the Qi activity and origin of the space would repel the Saint pan clan.

"Boom boom boom ..."

With a series of explosions, the entire space seemed to have turned into a huge array.

A huge Holy Spirit of the heavenly Dao appeared in the sky, and a red pillar of light rose from the ground like a heavenly pillar.

The trillions of light pillars rapidly shrank from the end of the world.

Chen Xiaobei and the group of Supreme Saints were at the center of the shrinking pillars.

When the light pillars gathered, they would be completely imprisoned in this sealing cage, and it would be impossible for them to escape.

"It's over ... This ... This is the heaven burial sacred lotus array! It had reached the level of a five star divine Emperor! Once the formation is activated, none of us will be able to leave ..."

The members of the Supreme Saint tribe all wailed in despair.

There was no doubt that although they had extraordinary strength, they were far from enough to break this sealing array.

Now that the formation had been activated, they were like fish in a barrel. They had no chance of escaping and could only wait for the heavenly Dao to descend and kill them all.

“All of you, come here! I’ll bring you guys out!”

But Chen Xiaobei stepped forward and flew toward the huge Divine Lotus in the sky.

“You’re bringing us out? This ... How is this possible?”

The members of the Supreme Saint tribe were in disbelief.

In their eyes, Chen Xiaobei was not even as strong as them. There was no way he could fight against the heavenly Dao’s five star divine Emperor seal.

“Hurry up! Otherwise, once the heavenly Dao arrives, I won’t be able to save you!”

Chen Xiaobei turned around and shouted at them.

Then, he increased his speed and charged towards the huge sacred lotus in the sky.

All of the members of the Supreme Saint tribe let out a collective sigh upon seeing this. Their despair and pessimism had already reached an extreme.

“Is this kid really from Saint Pan’s clan? He doesn’t seem very smart ...”

that’s right ... He was reckless and triggered the seal, causing all of us to die ...

“Don’t you know what your cultivation level is? It’s like an egg hitting a rock to hit the core seal. It’s not smart ...”

However, they could never have imagined that Chen Xiaobei had already transcended the mortal world and could not be measured by common sense.

no word. Void of space!

Just when everyone thought that Chen Xiaobei was going to hit a rock with an egg, he suddenly shouted, “ after the battle!

In an instant, a huge ‘Wu’ word appeared in the space.

This was the special ability of the wordless curse.

Nothingness represented nothingness. The core of an ability was the comprehension and control of the space law.

The Level 4 wordless curse could make Chen Xiaobei’s control of the law of space invincible against anyone below the six star divine Emperor level.

In addition, Chen Xiaobei had already devoured the omniscient Holy Emperor’s spatial seal, so his control over the spatial laws was already very powerful.

At this moment, with the boost of the Level 4 wordless curse, this ability had skyrocketed.

“Swish!”

In the next moment, the huge ‘no’ word directly imprinted on the huge heavenly path Divine Lotus in the sky.

Then, a scene that shocked everyone appeared.

“Ka ka ka ... Ka ka ka ka ...”

The huge sacred lotus of the heavenly path and the entire sky seemed to be in a spatial dislocation.

From a complete whole, it was broken into countless small squares.

These small cubes immediately dispersed.

The heavenly Dao Divine Lotus was destroyed.

The sky was shattered, revealing a huge black hole.

“Swish!”

Chen Xiaobei sped up and dashed out.

“My God ... This ... This ... What is going on?”

Upon seeing this, everyone from the Supreme Saint tribe let out an incredulous cry.

They were all dumbfounded and their scalps went numb. They were stunned by the extreme visual impact.

Just a moment ago, they were still mocking Chen Xiaobei for not being smart.

At this moment, they were all dumbfounded. They felt that they were the ones who weren’t smart and failed to recognize Mount Tai.

“Shua shua shua ...”

The Supreme Saints did not dare to stay any longer. They followed Chen Xiaobei into the dark abyss.

“Whoosh ...”

After some time, in a forest in the heavenly sanctuary.

Chen Xiaobei opened a crack in the void and brought everyone to safety.

“Many thanks for senior’s life-saving grace! We have eyes but failed to recognize Mount Tai and have offended senior. Please don’t hold it against us and don’t take it to heart!”

All the Supreme Saints knelt down on one knee and expressed their sincere gratitude and apologies to Chen Xiaobei.

He had just seen Chen Xiaobei break the five star divine Emperor level seal.

In the eyes of the Supreme Saints, Chen Xiaobei was no longer a normal two star divine Emperor.

In their eyes, Chen Xiaobei had become a powerful senior with an unfathomable background.

They were incomparably respectful, adoring, and even a little fearful.

They did not dare to offend Chen Xiaobei anymore.

“Get up!” He said.

“As long as you are against the heavenly axiom, you are my friend,” Chen Xiaobei said.

“Many thanks, senior!”

The people of the Supreme Saint tribe felt Chen Xiaobei’s friendliness and stood up. Of course, even if they were standing, they still bowed with extraordinary respect.

“What’s your name?”

Chen Xiaobei looked at the leader of the group.

“I’m extreme wind.” The man replied.

Chen Xiaobei nodded and asked, “ since you’re not disciples of the natural law School, how can you enter the heavenly mystery realm? Also, why did you choose to enter today? Do you have any purpose?”

Ji Feng didn’t dare to hide anything and said in a deep voice, to be honest, we have our own spies in the natural law School!

“A hidden chess piece!” Chen Xiaobei’s eyes lit up.

Chen Xiaobei loved to use this trick. He did not expect the Holy Zhi to place a hidden chess piece in the natural law School. Even Chen Xiaobei did not have such a trick!

From this, it could be seen that the foundation of the Supreme Saint tribe was indeed deep enough!

the hidden chess piece informed us that the heavenly axiom has something important to do today. There’s a high chance that they won’t be keeping an eye on the heavenly Dao mystery realm!

that’s why we’ve chosen to make our move today, ” Ji Feng said. we plan to sneak into the heavenly Dao secret realm and plunder a wave of resources!

Chen Xiaobei finally understood. so you guys aren’t here for me, but for the same purpose as me-to get some benefits from the heavenly Dao!

it’s a pity that when we arrived, the heavenly Dao mystery realm had already activated its self-protection ability and kept all of its Saint Qi. We didn’t get any benefits ... Ji Feng smiled bitterly.

“Self-protection ability? What’s going on?” Chen Xiaobei asked curiously.

[\*\*Red Envelope Group of the Three Realms\*\*](#)

**Chapter 4357: thousand eyes!**

The heavenly Dao realm's self-preservation ability is actually used by the heavenly Dao to guard against its own people!

of course! Ji Feng said with a look of disdain, " the heavenly Dao says that once you enter the heavenly Dao mystery realm, you will have an endless supply of resources! "However, in reality, when the resources have been consumed to a certain extent, the self-preservation ability will be activated. All the resources will be hidden and can no longer be used!"

"Shameless!"

Chen Xiaobei also said in disdain, " "Don't agree if you can't do it! He would even lie to his own disciple! You're really too shameless!"

the heavenly Dao is just so shameless. Otherwise, we wouldn't have had the chance to place the hidden chess piece by his side! Ji Feng coldly said.

From his tone, it was possible that this hidden chess piece was originally a disciple of the heavenly Dao. However, because he was dissatisfied with the heavenly Dao, he changed sides and became a hidden chess piece of the Supreme Saint tribe.

"Who is your hidden chess piece?" Chen Xiaobei asked.

"We don't know either ..."

no! Ji Feng shook his head and said awkwardly, " this hidden chess piece is extremely important. Only our clan's core Grand Elder can have a one-way contact with him. No one else knows the true identity of this hidden chess piece!

Chen Xiaobei nodded and said, " "What you guys did was right! This hidden chess piece must be protected well, it will definitely play a vital role in the future!"

"By the way, senior, how did you enter the heavenly Dao mystery realm?" Ji Feng asked.

I've caught a few of the direct disciples of the wielder of the will and learned about the purpose of the heavenly order token from them. Then, I designed a high-level mission and used the heavenly order token to enter!

Chen Xiaobei did not want to mention the heritage of the great saints.

After all, this concerned Yan Lingshi's safety. Who knew what the relationship between the Supreme Saint tribe and the great saint tribe was?

If Yan Lingshi's situation was revealed, it could cause huge trouble.

"What? You've captured the heavenly Dao's direct disciple?"

Extreme wind was instantly shocked. who did you catch?!

"Hongjun, Jinchuan, and thousand eyes are all in my hands."

"This ... This ..."

When everyone heard this, they were instantly dumbfounded. Their pupils shrank, and even their three views collapsed in an instant.

you guys don't have to be so shocked ... Chen Xiaobei smiled.

"How can I not be shocked!"

"Senior, can you already defeat the heavenly Dao with your strength?" Ji Feng exclaimed. Why don't you just kill him?"

Chen Xiaobei was confused. "I'm still not a match for the heavenly Dao, so why do you guys think I can exterminate him?"

you're not his match. How could you have captured his direct disciple? "

Ji Feng said in a deep voice, " every personal disciple of Tian Dao has a communication rune on them. When they encounter danger, they can inform Tian Dao at the first moment. Tian Dao can instantly descend on the battlefield! If you want to find the direct disciple of the heavenly Dao, you have to confront the heavenly Dao head-on!"

"Uh ... There's such a thing ..."

Chen Xiaobei smiled wryly and said, " if that's the case, then my luck is really off the charts ... When I caught these three people, they didn't manage to contact the heavenly Dao due to a coincidence!

When he caught Hongjun and Qianyan, he was in an independent space, so they couldn't send out any messages.

He had captured Jin Lu when he was cultivating. When he regained consciousness, he had already become Chen Xiaobei's loyal dog.

Just like that, Chen Xiaobei had managed to avoid three direct clashes with the heavenly axiom.

this ... This luck is too heaven-defying ... extreme wind couldn't help but swallow his saliva.

Without Chen Xiaobei's knowledge, he would be finished if any of the three encounters attracted the heavenly Dao.

However, Chen Xiaobei had managed to avoid all the dangers.

His luck was off the charts.

"By the way, senior, can you give us thousand eye Sacred Emperor?" Ji Feng asked.

"Leave it to you?"

"What are you guys planning to do?" Chen Xiaobei asked. Do you still want to develop a hidden chess piece? I feel that thousand eyes 'character isn't good, you guys better give up on this idea."

no, no, no. We don't need a second hidden chess piece. Besides, a hidden chess piece whose identity has been exposed is meaningless! Extreme wind said.

Obviously, the safest hidden chess piece would be the kind that only had a one-way contact with one person online.

A hidden chess piece like thousand eyes, whose identity was already known by many, had a lot of chances of being exposed. To put it bluntly, it was not worth the effort to cultivate him.

“Then what use do you have for him?” Chen Xiaobei asked.

Ji Feng seemed a little hesitant. He paused and said vaguely, “We can’t tell senior our goal, but as long as senior hands over The Thousand Eyes, we’ll give you ten peak three-star Saint Emperor level Saint veins as compensation!”

Chen Xiaobei was taken aback.

As expected of the sacred ancestor clan, they were rich and overbearing.

However, this also meant that the thousand eyed Sacred Emperor might be of great use.

I don’t plan on exchanging. I have my own uses for thousand eyes! How could Chen Xiaobei let others earn money?

Even if he were to hand thousand eyes over to the Supreme Saint tribe, he had to first find out what use thousand eyes had.

If this did not mean anything to Chen Xiaobei, he could just give it to the Supreme Saint tribe.

If it was of any use to Chen Xiaobei, he would definitely keep it for himself.

After all, he would never be able to earn all the Saint veins. However, once he missed the opportunity, it would be too late for him to regret it.

“Senior, do you really not intend to exchange? I’m already very sincere in my offer!” Extreme wind felt sorry for Chen Xiaobei and wanted to persuade him.

I’m not trading anymore. Unless you can tell me why you didn’t want thousand eyes? ” Chen Xiaobei asked.

this ... extreme wind helplessly shook his head, ” “This is a secret of my clan. Without the permission of the elders, I have no right to disclose it ...”

that’s it, then. Let’s go back to our respective homes. If fate permits it, we’ll meet again in the pugilistic world! Chen Xiaobei was ready to leave.

Chen Xiaobei had left two special treasures in the thousand-eyed Sacred Emperor’s inventory.

The first was the heavenly Dao token.

He was still waiting to check the second one.

“Senior, please contact me with the spirituality of the communication runes so that we can contact each other in the future.” Extreme wind said.

“Sure.” Chen Xiaobei nodded.

The two of them had established a connection with their communication runes, so they could directly communicate.

After that, the two parties bade each other farewell.

Without another word, Chen Xiaobei returned to the beixuan sacred soul world.

“Swish!”

Chen Xiaobei released the thousand-eyed divine Emperor and asked, “Do you have any hidden opportunities on you?”

“No... No...” The thousand eyed Sacred Emperor was dazed. “Master, why would you ask this?”

“The word” Xuan “means opportunity and fortune!”

Chen Xiaobei activated the Level 4 [ Black ] spell.

Then, he looked at the thousand eyed Sacred Emperor.

[Red Envelope Group of the Three Realms](#)

**Chapter 4358: you're overthinking it!**

“Whoosh ...”

A faint silver “Xuan” character appeared in Chen Xiaobei’s left pupil. It was so small that it was almost impossible to detect.

Xuan represented creation, and it had the special effect of comprehending opportunities.

“Chi ... Chi ...”

As Chen Xiaobei burned his mental power, the power of the black Curse was activated.

Dark liquid appeared on the thousand eyed Sacred Emperor’s body. It looked very strange.

However, on second thought, this fluid was actually the thousand eyed Sacred Emperor’s bloodline.

In other words, one could obtain some fortune through the thousand eyed Sacred Emperor’s bloodline.

it seems like the Supreme Saint tribe wants thousand eyes for the opportunity in his bloodline!

Chen Xiaobei immediately understood. “The extreme represents the extreme, and is related to the bloodline! Perhaps the extreme Saint race can use the thousand eyed Sacred Emperor’s bloodline to obtain his special ability!”

Chen Xiaobei’s expression changed.

Chen Xiaobei knew that the thousand-eyed divine Emperor’s ability was heaven-defying. It was the best of all cheats.

It was no wonder that even the sacred ancestor clan coveted it.

however, how can the Supreme Saint tribe transfer the thousand-eyed Sacred Emperor’s bloodline ability into their own bloodline? ”

Chen Xiaobei was very confused. “Logically speaking, if the Supreme Saint tribe can do it, I can also do it by using a level 4 Supreme curse! However, I don’t seem to have a similar method!”

Chen Xiaobei began to study the Word incantation.

The special ability of the extreme curse was called extreme.

Chen Xiaobei’s bloodline ability was the nine ancestral Saints transformation. The pseudo-realm that he could enter was the same level as the sacred soul world of beixuan.

This meant that Chen Xiaobei could only reach the pseudo realm of three star divine Emperor.

With the power of the extreme word curse, he could directly step into the false realm of peak three star divine Emperor.

This was the effect of the “ultimate” spell. It didn’t have the ability to transfer other people’s bloodline abilities to oneself.

“Maybe I’m still missing a magic tool or a cultivation technique ...”

It’s all thanks to the Hong word incantation! Chen Xiaobei said. Lingshi gave me three Hong Saint orbs, which contained the cultivation techniques of the endless great Dao of origins. With these two things and the Hong word incantation, I was able to produce the mutant Holy Blood fruit!

By the same logic, I might still be lacking a magical treasure of the Supreme Saint tribe and a cultivation technique that can transfer bloodline abilities ... The lack of these two items is the fundamental difference between me and the Supreme Saint tribe!

It was obvious that Chen Xiaobei’s brain power had been greatly enhanced by the Level 4 pan word incantation.

This analysis was very reasonable. It could almost be concluded that this was the actual situation.

“Master, I just heard you mention the Supreme Saint tribe?”

The thousand eyed Sacred Emperor stood on the side and asked weakly.

“What’s wrong? You know of the Supreme Saint tribe?”

Chen Xiaobei raised his eyebrows and asked.

I ... I’m actually a member of the Supreme Saint race ... the thousand-eyed Sacred Emperor said.

“This ... Is this true?” Chen Xiaobei’s expression changed.

“Of course it’s true, I wouldn’t dare to lie to master!”

The thousand eyed Sacred Emperor gulped and said nervously, I used to be a member of the Supreme Saint tribe, but I was expelled because I violated the tribe rules. With no other choice, I joined the natural law School!

“The heavenly Dao doesn’t know your identity?” Chen Xiaobei frowned and asked, “ the extreme Saint tribe and the sky burying Yuan sacred tribe have a huge feud. With Tiandao’s personality, he definitely wouldn’t keep you by his side so easily!

“The heavenly Dao knows ...”

The thousand eyed Sacred Emperor said shamefully, in order to gain the trust of the heavenly Dao, I betrayed my original branch ... In that battle, the sky burying Yuan sacred clan captured nearly a million people from my branch, took away countless Saint veins and resources ...

as expected, if we’re not one family, we’ll be one family. You’re as shameless as the heavenly Dao! Chen Xiaobei said with a look of disdain.

He could tell that thousand eye Sacred Emperor’s character wasn’t good.

He didn’t expect that this bastard would betray his own blood-related clansmen in order to gain the trust of heavenly Dao.

He was truly shameless, heartless, and inhumane!

since you’re a member of the Supreme Saint tribe, do you know how to transfer the bloodline ability of others into your own body? ”

Chen Xiaobei asked.

“I ... I know ...”

The thousand eyed Sacred Emperor said nervously, “If I tell master the method, can you let me live?”

“Are you trying to bargain with me?” Chen Xiaobei’s face turned cold, and his dark eyes turned cold.

The thousand eyed Sacred Emperor gulped and gathered his courage. “This method is a secret of the Supreme Holy tribe. Apart from me, no other member of the Supreme Holy tribe will ever tell you! Therefore, I have the right to bargain with you!”

The thousand eyed Sacred Emperor’s attitude became extremely firm and even a little unyielding.

Clearly, this special method was an absolute secret of the Supreme Saint clan. Thus, Ji Feng didn’t say that the thousand eyed Sacred Emperor was useful in the end. To put it bluntly, he was afraid of accidentally revealing the secret.

From this, one could see how important this secret was.

That was why the thousand eyed divine Emperor thought he had the right to bargain with Chen Xiaobei.

He wanted to use this to exchange for his freedom.

“Heh, you’re thinking too much!”

Chen Xiaobei sneered, his eyes cold and emotionless, as if he was looking at a pitiful ant.

That’s right!

Right now, the thousand eyed divine Emperor was just a pitiful, lowly ant in Chen Xiaobei’s eyes.

He didn't have the right to bargain.

Whether or not he could even keep the dog alive depended on Chen Xiaobei's mood.

"Heaven glimpse sacred eye!"

Chen Xiaobei activated his special ability and looked into the thousand-eyed divine Emperor's memory.

At present, the North profound sacred world had already reached the level of an early three-star Sacred Emperor, and its first sacred soul special ability was the formless chaos devouring.

All the special abilities that were produced from devouring would reach the early three star divine Emperor stage.

And this heaven peeking sacred eye was the special ability he had obtained from devouring a Sacred Spirit.

He had also reached the corresponding early three star divine Emperor level.

Of course, he still needed three small realms to see through the thousand eyed Sacred Emperor's memories.

Yuan word: unusual movement of the heart!

Chen Xiaobei activated the rank 4 origin curse and increased the power of the special ability.

Yuan represented heart Yuan, which greatly improved Chen Xiaobei's state of mind. A strong state of mind and mental power were the foundations of a strong supernatural ability.

Now, with the help of the rank 4 Yuan word incantation, all of Chen Xiaobei's abilities had been greatly enhanced.

The heaven peeking sacred eye directly peeked into the thousand eyed Sacred Emperor's memories.

[Red Envelope Group of the Three Realms](#)

**Chapter 4359: Deprived of chips!**

4359 Deprived of chips!

"I see!"

Soon, Chen Xiaobei smiled.

He had already obtained all the information he wanted to know.

Furthermore, with the help of the fourth-rank pan word incantation, Chen Xiaobei's learning ability had also soared.

While he was searching through her memory, Chen Xiaobei had already learned the special skill.

extreme Dao absolute Saint bloodline "!

"Swish!"

At the same time, Chen Xiaobei took out a green jade hook and said, " the cultivation techniques and magic tools are all here. Now, do you still want to bargain? "

The green jade hook was one of the two treasures that Chen Xiaobei had left in the thousand-eyed divine Emperor's storage space.

One was the heavenly Dao token, and the other was this green jade hook.

Coincidentally, this green jade hook was a magic tool used by the Supreme Saint tribe.

Now that he had the cultivation and magical equipment, Chen Xiaobei could transfer other people's blood and special ability into his body.

you ... How did you know?!

The thousand-eyed divine Emperor's face changed. He could not understand how Chen Xiaobei knew that the green jade hook was a magical instrument.

He could not understand where Chen Xiaobei had gotten his hands on the contents of the cultivation technique.

"This is impossible!"

The thousand eyed Sacred Emperor composed himself and said, you must have found out from other sources that this is a Gokudo magatama, but there's no way you could have known the contents of the 'Gokudo Supreme Saint bloodline'!

"You won't shed tears until you see the coffin!"

Chen Xiaobei raised his eyebrows and started to activate his cultivation technique.

"Whoosh ..."

In an instant, the extreme Supreme Saint bloodline technique was activated.

At the same time, the green jade hook flew high into the air, emitting a mysterious green light.

Dharma laksana that looked like runes were emitted from the light. The Holy Light was so dazzling that it could compete with the sun and the moon.

Thousand eyed Sacred Emperor was dazed.

As if he had been struck by lightning, his entire body trembled, and he was dumbstruck, his head buzzing.

"Whoosh ..."

Then, the green light formed a long rainbow Bridge and connected with Chen Xiaobei's forehead.

Then, a mysterious power was injected into Chen Xiaobei's body.

"No... Don't ... Don't ..."

The thousand eyed Sacred Emperor howled in despair.

He knew that his last bargaining chip had been taken away by Chen Xiaobei, and there was no room for negotiation.

Even without the seal of the divine Lotus, he would not be Chen Xiaobei's match.

This was because he was currently losing the most powerful bloodline ability he was so proud of ...

The origin black hole!

Previously, he had used this ability to force Chen Xiaobei into a corner. Now that he had lost this ability, he was no longer Chen Xiaobei's match.

On the other hand, if Chen Xiaobei obtained this special ability, even ten thousand thousand-eyed divine Emperor would not be able to defeat Chen Xiaobei.

In Chen Xiaobei's eyes, the thousand-eyed divine Emperor was just an ant. He did not mean to belittle him. That was the truth.

"Whoosh ..."

As the energy fluctuations stabilized, Chen Xiaobei had officially obtained the black hole's special ability.

"Why is he only a four star divine Emperor? It's too low ..."

Chen Xiaobei's brows furrowed. The level of this ability was much lower than he had expected.

In other words, if the enemy or the enemy's magical treasure was above the four star divine Emperor level, the special ability of the black hole would be rendered useless.

Of course, with the 'Yuan' word incantation, Chen Xiaobei's ability level would increase by a lot.

However, it was still much lower than expected.

"Originally, the origin black hole's special ability was at the peak Saint Emperor level ..."

"However, the heavenly Dao also wants this special ability," the thousand eyed Sacred Emperor said, "so it took 90% of it from me ...."

I see ... Chen Xiaobei's eyes narrowed.

Before this, Chen Xiaobei had already guessed that the heavenly axiom might have the ability to see through the source.

Now, this speculation had been confirmed.

Not only could the heavenly Dao see the source, but it also had the same ability as the thousand eyed Sacred Emperor.

The most important thing was that the heavenly Dao's special ability was at least at the level of an eight star divine Emperor, or even a Nine Star divine Emperor.

This was extremely terrifying!

master ... I don't want my freedom anymore. From now on, I'm willing to be your dog for all eternity ...

The thousand eyed Sacred Emperor knelt on the ground.

The situation was already hopeless, and he no longer dared to hope for freedom. He was already satisfied to be able to live.

“Heh, I don’t want a dog like you.”

Chen Xiaobei raised his brows and activated another cultivation technique, “ life devouring!

With a thought, the black and white skeleton appeared and surrounded thousand eye Sacred Emperor, devouring his life span.

[ ding Yingying’s cultivation base: two star divine Emperor late-stage, lifespan: 3 trillion years! (The change is ignored)

This time, Chen Xiaobei had devoured three trillion years of lifespan, which was enough for him to step into the pseudo realm of a peak three star divine Emperor.

“Master ... Please ... Please don’t leave me ... I don’t want to die ... I don’t want to die yet ...”

The thousand eyed Sacred Emperor started wailing.

With his abilities and lifespan taken away, his value had plummeted to the bottom.

If Chen Xiaobei had been more ruthless, it would have been time to get rid of the roots.

Chen Xiaobei was not an indecisive person. On the contrary, he was very decisive.

Killing thousand eye Sacred Emperor was like killing an ant. He didn’t need to think at all.

However, rather than killing thousand eye Sacred Emperor, he might as well use him to exchange for more benefits.

“Whoosh ...”

After leaving the beixuan sacred world, Chen Xiaobei contacted Ji Feng with a communication rune and promised to hand the thousand-eyed divine Emperor over to the Supreme Saints.

The two sides agreed to meet at the heavenly sanctuary’s longguang city.

When Chen Xiaobei received the news, he immediately rushed over.

The scale of longguang city was even bigger than Yuanji city. It was beyond Chen Xiaobei’s imagination.

It only took Chen Xiaobei a moment to get here, but it took him an hour to fly from the city gate to the meeting place.

After all, Chen Xiaobei was a late-stage two-star divine Emperor.

What did it mean to fly for an hour?

And this was only a small distance within longguang city.

By rough estimation, those below the realm of Saint Emperor might not be able to go from one end of longguang city to the other in their entire lives.

“You must be young master Chen?”

Outside a quiet manor, the person who was waiting for Chen Xiaobei was not extreme wind.

It was another extremely beautiful woman.

Her facial features were exquisite, and her skin was fair. The tight-fitting chiffon dress outlined her graceful figure incisively and vividly. Under the skirt was a pair of white, slender, and flawless Jade legs. The lines were perfect, delicate, and white. It was indescribable how eye-catching they were.

“You must be the third miss that Ji Feng mentioned?” Chen Xiaobei asked.

### Red Envelope Group of the Three Realms

#### **Chapter 4360: -demanding an exorbitant price!**

yes, I am the person in charge of the Supreme Saint tribe in longguang city, Ji Qianyu!

The woman’s voice was extremely moving. It was gentle and clear, giving people the feeling of a young lady from a noble family. Her brows were also gentle and elegant, and she was graceful.

“Okay, then I’ll get straight to the point.” “It’s about thousand eyes ...” Chen Xiaobei said.

“Young master Chen, please wait!”

Ji Qianyu frowned slightly, and her bright eyes hurriedly scanned the surroundings, looking very cautious.

After confirming that there were no hidden dangers, he said in a low voice, “ “This longguang city isn’t very peaceful. Young master, please follow me to the courtyard to discuss it in detail!”

Chen Xiaobei was a little taken aback. He could not trust her completely, but she did not seem to have any reason to harm him. In the end, he nodded and followed Ji Qianyu into the house.

“What do you mean when you say longguang city is not peaceful?” Chen Xiaobei asked.

“Young master, please sit!”

Ji Qianyu led Chen Xiaobei to the hall and said, “ “Long Guangcheng is a force under the natural law School, and they have eyes everywhere! Therefore, it’s best not to talk about the natural law School on the street. If you can’t get it, you’ll get yourself into trouble!”

Chen Xiaobei was shocked. “Aren’t the Supreme Saint tribe and the natural law School mortal enemies? By coming here, aren’t you sending sheep into the Tiger’s mouth?”

I have my own way of hiding, ” Ji Qianyu said indifferently. unless I fight with all my might, no one will be able to see my true identity. And I’m not here to send a sheep into the Tiger’s mouth, but to prepare bait for fishing!”

“Fishing?” Chen Xiaobei raised his eyebrows and asked, “ “What fish do you want to catch?”

“I can’t reveal this!”

Ji Qianyu composed himself and said seriously, " "Let's talk about the thousand eyed Sacred Emperor. Ji Feng and young master Chen agreed to exchange ten peak three star Sacred Emperor level sacred meridians for the thousand eyed Sacred Emperor!"

"That's right."

yes! Chen Xiaobei nodded. I've brought them here. We can hand them over at the same time!

"No rush."

Ji Qianyu was very smart, and he questioned, " "Childe Chen rejected this deal at first, why did you suddenly agree?"

Chen Xiaobei had rejected the offer because of the thousand-eyed divine Emperor's fortune.

The reason he agreed to the deal was because Chen Xiaobei had taken away the thousand-eyed divine Emperor's bloodline power and lifespan. He was of no use to him.

I didn't lack Saint Origin Energy, but I had a fortuitous encounter that required a large amount of Saint Origin Energy, so I had no choice but to part with it. Chen Xiaobei said with a look of reluctance.

The reason was reasonable, and her acting skills were good.

Chen Xiaobei, the unscrupulous merchant of the Three Realms, was about to become the unscrupulous merchant of the heavenly Saint prison.

"What kind of opportunity is it?" Ji Qianyu asked curiously.

Chen Xiaobei replied in her own words, " "I can't reveal this!"

"Alright ..."

Ji Qianyu smiled and said indifferently, " I agree to this deal. However, I have a large number of Holy meridians. Young master Chen will have to wait for me for a few days.

"I can't wait!"

Chen Xiaobei said, " the opportunity I encountered was very urgent. Otherwise, I wouldn't have to sell thousand eyes to you!

"I see, then there's no need to wait! I'll go get the Holy Meridian now!" Ji Qianyu said indifferently.

"We don't have to wait?" Chen Xiaobei was taken aback, but he quickly understood.

This woman was actually testing him.

That was because Chen Xiaobei's excuse was that he urgently needed Saint Qi.

If they could wait for a few days, it would prove that Chen Xiaobei was lying.

However, with Chen Xiaobei's acting skills, he would definitely be able to put on the full act.

He had just said that they couldn't wait, but he had responded to Ji Qianyu's test and directly agreed to the deal.

This little interlude was actually harmless.

However, it did give Chen Xiaobei a reminder.

The heavenly sanctuary was different from any other place he had been to before. This place was truly filled with crouching tigers and hidden dragons. They were unfathomable, and he couldn't underestimate anyone. He couldn't even misjudge any details. Otherwise, it might bring about an irreversible situation.

The thousand-eyed divine Emperor alone was enough to force Chen Xiaobei into a corner.

One could only imagine that those who were above the thousand-eyed divine Emperor would be able to threaten Chen Xiaobei's life.

And this seemingly gentle and elegant, pure and pleasant woman in front of him might be such a terrifying existence.

He definitely couldn't underestimate him.

"Young master Chen, the energy you want is all in here."

Very quickly, Ji Qianyu returned with a storage space and brought it to Chen Xiaobei.

"Whoosh ..."

Chen Xiaobei summoned the thousand-eyed Sacred Emperor and had Ji Qianyu verify his identity.

The thousand eyed Sacred Emperor stood on the side, trembling. He lowered his head and shrunk his neck like a frightened chick. He didn't even dare to breathe.

"This ... This really is a peak three star divine Emperor ... It's thousand eye divine Emperor ..."

Ji Qianyu was surprised and asked, "Childe Chen, you are much weaker than him, so why is he so obedient? You didn't run or even scream when you were released?"

Chen Xiaobei was not in a hurry to answer. Instead, he was a little surprised.

This beautiful woman was indeed extremely powerful. She could tell the thousand eye Sacred Emperor's cultivation with one look.

This proved that she was at least a four star divine Emperor.

And at least!

"I naturally have a way to control him. If he dares to go against my will, I can kill him with a single thought!" Chen Xiaobei said.

you ... You have such an ability?! Ji Qianyu was shocked.

believe it or not, he's already here anyway. Hand over the money and the person! Chen Xiaobei said.

no, no, no. It's not that I don't believe it. I'm just very shocked!

Ji Qianyu was silent for a moment, and then said very solemnly, "I want to ask young master Chen to help me with something. After it's done, I'm willing to give young master Chen 10 early five star divine Emperor Saint veins!"

"This ..."

Chen Xiaobei was taken aback for a moment, but he quickly understood.

What Ji Qianyu wanted Chen Xiaobei's help with must have something to do with controlling some powerful being.

This elite's power was above Ji Qianyu's. Only with Chen Xiaobei's power could he control him.

Chen Xiaobei raised his brows, and his dark eyes seemed to be able to see through everything. "Not enough. I want ten late 5-star Saint Emperor level Saint veins!"

"This ..."

Ji Qianyu's beautiful eyes were wide open, and she looked at Chen Xiaobei in shock.

Chen Xiaobei's offer was a trillion times more than Ji Qianyu's.

They were not on the same level.

However, Chen Xiaobei had already seen through everything, and Ji Qianyu would not reject him.
