#### Chapter 4361: Observing in secret!

4361 Observing in secret!

Chen Xiaobei was already very smart, and with the help of the fourth-rank pan word spell, his intelligence had soared.

He easily figured out Ji Qianyu's purpose.

Moreover, it was easy to guess that the person Ji Qianyu wanted to control was more powerful than her. It was very likely that he was the big fish she had been trying to catch in longguang city.

Because of this, Chen Xiaobei was certain that Ji Qianyu would not reject him.

As long as it was within her tolerance, she would accept it even if Chen Xiaobei asked for a lot.

young master Chen, the price you've offered is too high ... I can't make the decision here. I'll have to ask the higher-ups for instructions ...

Ji Qianyu frowned slightly and seemed to be in a dilemma. However, she didn't make it a definite statement, which meant there was still room for discussion.

then go and ask for instructions. My attitude is like this, I won't give in! Chen Xiaobei, on the other hand, made his stand clear.

After seeing through everything, he was naturally full of confidence.

"Then let's complete the deal first. If the higher-ups approve, I'll contact young master Chen immediately!" Ji Qianyu said.

"Alright," he said. Chen Xiaobei smiled.

After that, the two of them completed the transaction.

Ji Qianyu's cultivation was higher, so he set up a seal in the Saint Soul and sealed up the thousand-eyed Sacred Emperor's power.

Chen Xiaobei, on the other hand, had successfully obtained ten peak three-star Holy Emperor-level Holy meridians. Without another word, he broke through the void and headed straight for the heart of Hongmeng.

"Whoosh, whoosh, whoosh ..."

Chen Xiaobei released the energy, and at the same time, the power of the Saint Pan's inheritance in the Hongmeng Sacred Heart descended.

Very quickly, Chen Xiaobei had broken through to the early three star divine Emperor realm.

Then it was middle stage, late stage, and finally peak three star divine Emperor.

[ ding Yingying's cultivation base: three star divine Emperor Peak stage. Lifespan: 4 trillion years!

So far, Chen Xiaobei had used up seven peak three-star divine Emperor level divine meridians. He only had three left.

“Whoosh ...”

At the same time, in the sky, the barrier that supported the power of inheritance suddenly collapsed.

This meant that the power of the primordial chaos Heaven’s Heart’s inheritance had been completely exhausted.

If he wanted to increase his cultivation, Chen Xiaobei would have to rely on himself.

“Right now, the remaining amount of Saint Emperor Mystic fat I have should be enough for me to break through to five star divine Emperor ...”

Chen Xiaobei calculated.

however, I can’t just squander it like this. After all, using the Saint Emperor Mystic resin to break through can ignore the bottleneck of a large realm!

“Therefore, it’s best for me to rely on my own cultivation to break through a small realm! When I break through to the next realm, I’ll use the Saint Emperor Mystic fat. That way, I’ll probably be able to break through to the seven Star divine Emperor realm!”

It was obvious that the further one cultivated, the more difficult it would be, and the greater the consumption.

From now on, Chen Xiaobei would need to use up energy in all aspects. Furthermore, the beixuan sacred soul world would need a huge amount of Sacred Emperor Mystic fat to create new sacred emperors.

Therefore, Chen Xiaobei could not afford to waste his resources. He had to be very careful.

“Whoosh ...”

Chen Xiaobei took out three million Emperor Mystic resin in one go.

It formed a small pond in front of him.

Chen Xiaobei started to refine the Saint Emperor Mystic fat and absorbed it into his body.

“Boom boom boom ...”

Soon, Chen Xiaobei’s Saint Origin Energy fluctuated violently and stabilized at a very high position.

This meant that Chen Xiaobei had successfully broken through the bottleneck of his cultivation.

[ ding Yingying’s cultivation base: early four star divine Emperor. Lifespan: 14 trillion years!

“Phew ... This feels good!”

Chen Xiaobei let out a long breath, feeling refreshed and in a good mood. the Saint Emperor Mystic fat is indeed a good thing. If I can have an unlimited amount of it, breaking through in cultivation will be as easy as eating, drinking, and pooping!

Of course, the ideal was beautiful, but reality was cruel.

If he wanted the Saint Emperor Mystic fats, not only did he need a stronger Saint Emperor's body, he also needed a Saint vein of the same level.

These were not things that could be easily done.

Furthermore, the level of the Holy Emperor's body and Holy Meridian that Chen Xiaobei needed would also be higher as time went on.

Think about it, a late stage five star divine Emperor's body could produce 300 million drops of divine Emperor Mystic fat. To obtain the same amount of divine Emperor Mystic fat, one would need to use three billion one star divine Emperor's bodies.

Three billion! This was simply impossible to find!

If they were to collect these corpses by killing, they would probably have to kill the entire heavenly sanctuary.

Whether he could kill enough of them was one thing, but if he did so, there was a 10000% chance that he would attract the revenge of the major forces. It would definitely be endless trouble.

Therefore, if you want more Saint Emperor Xuan Zhi, you can't target low level Saint emperors. You have to aim for middle to late stage Saint emperors.

And this was bound to be very difficult.

From this, it could be seen why the sacred Emperor Mystic Rouge was as rare as the Qilin bone.

On one hand, there were not many people who could refine Saint Emperor Mystic fats. On the other hand, high level Saint Emperor corpses and Saint veins were extremely difficult to obtain.

Therefore, the production of Saint Emperor Mystic resin was extremely rare. Naturally, it had become an incomparably precious and rare resource.

Chen Xiaobei's Sacred Emperor Mystic fat had already formed a Lake. Although he had only used a little today, he would use up more of it later on. So, Chen Xiaobei stopped cultivating.

It was best to rely on himself to break through a small realm and then use the Saint Emperor Mystic resin to break through a large realm. Only then would it be able to display its greatest value.

To avoid unnecessary waste.

.....

After that, Chen Xiaobei left the heart of Hongmeng.

As soon as he came out, he received a message from Ji Qianyu, saying that the higher-ups had agreed to Chen Xiaobei's offer and had asked him to meet long Guangcheng for a detailed discussion.

This was the result that Chen Xiaobei wanted to see the most.

As long as he helped Ji Qianyu complete the mission, he would immediately get 10 late-stage five-star Saint Emperor Saint veins.

With this amount of energy, Chen Xiaobei's strength would increase by another level.

Without hesitation, Chen Xiaobei returned to longguang city.

It was still in that house.

Ji Qianyu was still waiting for Chen Xiaobei at the door.

When Ji Qianyu saw Chen Xiaobei, he was shocked. It was as if he had seen a ghost. He could not believe it.

Childe Chen, you ... How did your cultivation level increase so much?! Ji Qianyu asked.

"Didn't I tell you?" Chen Xiaobei smiled. I've encountered a fortuitous encounter, and my cultivation level has increased because of this!"

this ... This is really amazing ... Ji Qianyu found it hard to accept this fact.

After all, when she first saw Chen Xiaobei half a day ago, he was just an ant to her. But now, he had already reached the same level as her.

Even though there was still a gap in their cultivation levels, this was already shocking enough.

"Please come in ..."

Ji Qianyu's expression was unnatural as she led Chen Xiaobei into the house.

At this moment, there were a few pairs of eyes in the dark, watching everything.

#### **Chapter 4362: An astonishing target!**

4362 An astonishing target!

Ji Qianyu led Chen Xiaobei in very politely.

After entering the hall, the two of them sat opposite each other.

Childe Chen, we've reached a preliminary consensus on our cooperation. Next, I'd like to tell you the goal and details of the operation in detail!

yes! Ji Qianyu went straight to the point. the target we're going to control this time is the heavenly Dao himself!

"What?"

Chen Xiaobei was shocked.

It was still fine to control others, but wasn't it nonsense to control the heavenly Dao?

Others might not know, but Chen Xiaobei knew very well that the way he controlled his enemies was through the heavenly Dao's divine soul's special ability, the heavenly Dao Divine Lotus imprint.

Using the heavenly Dao's methods to control the heavenly Dao was completely meaningless. It was a 100% failure.

"Young master Chen, why are you so surprised?" Ji Qianyu asked in confusion.

I didn't expect that your goal would be the heavenly axiom ... Chen Xiaobei frowned. He would not tell her the truth.

that's right. This is the mission that I've accepted. It's also the ultimate goal that I've been hiding in longguang city! Ji Qianyu said.

Chen Xiaobei had guessed that the big fish Ji Qianyu was going to catch had a much higher cultivation level than her.

Now, Chen Xiaobei's guess was confirmed.

"There's something I don't understand ..."

why?" Chen Xiaobei asked, "since you have a grudge against the heavenly axiom, why didn't the higher-ups of your tribe attack you?" Instead, I want you to take the risk? This is clearly a narrow escape!"

"I'm afraid this is young master Chen's first time in the heavenly sanctuary."

"Countless years ago, there was an unspoken rule among the nine Supreme Saint ancestors," Ji Qianyu said indifferently. When the younger generation is fighting, the elders are not allowed to interfere!"

"For example, if the higher-ups of our race were to kill the heavenly Dao, the higher-ups of the sky burial Yuan sacred clan would kill even more of our race members! In the end, the ones who will suffer will be my clan!"

moreover, the worst result of this kind of elder interfering is that the Supreme divine ancestors of the two races take action. It is very likely that the entire heavenly sanctuary will be destroyed, resulting in an irreversible outcome!

"That's why the nine Supreme sacred ancestor clans fight against each other at the same level! Or a low level challenging a high level! There would almost never be a situation of the strong bullying the weak!"

It was obvious that almost all of the Supreme Holy ancestors had the power to destroy everything. If there was no such unwritten rule, why would the higher-ups need to make a move? Wouldn't it be even more direct if the venerated forefather took action?

On earth, all the top-tier powers had nuclear weapons in their hands, but no one dared to use them first because once a nuclear war broke out, the entire earth would be destroyed.

In the heavenly sanctuary, the Supreme divine ancestor was like a nuclear weapon. If anyone were to disobey the rules and bully the weak, it was extremely likely to trigger a war between the Supreme divine ancestors, and the heavenly sanctuary would be completely destroyed in the end.

"Earth? A nuclear weapon?" Ji Qianyu was stunned and didn't understand.

"It's fine. Those are just some things from my hometown. You don't need to know."

I don't think so. Chen Xiaobei said, " since the nine Supreme divine ancestors can't bully each other, then isn't it the same if the heavenly axiom bullies you? "

"It doesn't count ..."

it's because I initiated the attack," Ji Qianyu said. the heavenly Dao killed me in self-defense. Of course, if Tiandao dies in my hands, the higher-ups of the sky burial Yuan sacred clan won't seek revenge on me even if he's useless!"

"What if the heavenly Dao attacks you?" Chen Xiaobei asked again.

if that's the case, then it'll be considered as him bullying the weak. The higher-ups of our race will naturally find the higher-ups on his side to seek justice! Ji Qianyu said.

Oh? " Chen Xiaobei could not help but sigh. it seems like it's really important to have a powerful force to back you up.

It was obvious that the heavenly Dao would only have scruples and not bully the weak if they had a major power as their backing.

On the other hand, for people like Chen Xiaobei who did not have the backing of a powerful faction, the heavenly axiom could kill them as it pleased, like crushing an ant. It did not even need to think.

if young master Chen can help me take down the heavenly Dao, I'm willing to guarantee that young master Chen will become a guest elder of our clan. This way, our clan will be young master Chen's backer!

Ji Qianyu immediately extended an olive branch to Chen Xiaobei, trying to persuade him to help her.

I might have to think about this, because the heavenly Dao is not as simple as you think!

" this person has a lot of evil Arts and special abilities that you can't even imagine! If we attack him rashly, our chances of winning are slim! Chen Xiaobei said.

Obviously, Chen Xiaobei's understanding of the heavenly Dao was far greater than Ji Qianyu's.

After all, Chen Xiaobei had peeked into the memories of the three direct disciples of the Heaven's Will.

He also knew that the heavenly Dao had already learned the abilities of the Supreme Saint clan and had taken away 90% of the thousand eyed Sacred Emperor's Black hole ability.

And this was only the tip of the iceberg of the heavenly Dao's ability.

On the surface, Tian Dao was only a five star divine Emperor, but if he was forced into a corner, he could fight someone of a higher cultivation level.

If he attacked rashly, he would definitely lose.

young master Chen, you think too highly of the heavenly Dao ... Ji Qianyu frowned slightly. Obviously, she did not know much inside information.

"I definitely didn't think too highly of him!" I don't care about anything else. He can burn his life to reach a higher pseudo-realm! He can easily crush you and me! Chen Xiaobei said.

“This is within my control. I have the ability to suppress him!” Ji Qianyu was quite confident.

However, this was normal.

She was also a member of the Supreme sacred ancestor’s clan.

Moreover, he was able to become the person in charge of longguang city and take on the task of dealing with the heavenly axiom.

This was enough to prove that Ji Qianyu must have something extraordinary in the clan, and could even be said to be the best among the younger generation.

In fact, as long as Ji Qianyu had cultivated a peak Saint Emperor cultivation technique, it wasn’t difficult for him to fight above his realm. It could even be compared to the one word Saint execution curse.

This was the source of her confidence.

However, if she had cultivated a peak Saint Emperor cultivation technique, did that mean that she had not cultivated the heavenly Dao?

It was just that Tiandao had never revealed his full strength, so she didn’t know.

In fact, even the three direct disciples of the school that Chen Xiaobei had peeked into their memories did not know how powerful the tendo was.

It was as if the heavenly Dao was a mystery that had never used its full strength in battle, making it impossible for people to figure out its depths.

But one thing was for sure, the heavenly Dao was a billion times stronger than the thousand-eyed divine Emperor who had forced Chen Xiaobei into a corner. They were not even on the same level.

Of course, Chen Xiaobei would have to deal with the heavenly Dao sooner or later.

Since Ji Qianyu had a plan, Chen Xiaobei was willing to listen to it. It would be best if it worked, but if it did not, Chen Xiaobei had the right to reject it.

“Since third miss is so confident, then tell us your plan.” Chen Xiaobei said.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4363: A sudden attack!**

4363 A sudden attack!

“I already have a complete plan to lure the heavenly Dao out. The problem now is that I need to figure out young master Chen’s methods, and then adjust the plan according to your methods.”

Ji Qianyu did not seem to believe Chen Xiaobei completely. Instead of saying it out loud, she changed the topic back to Chen Xiaobei.

Chen Xiaobei was smart enough to say, “ my method of controlling others is similar to the Saint Soul seal. I can seal enemies of a higher realm, but the premise is that the enemy can’t resist or dodge!

That was the truth, but Chen Xiaobei did not mention what ability it was.

Chen Xiaobei had not figured out Ji Qianyu's background, so how could he let her know all his trump cards?

"If that's the case, then it's simple."

Ji Qianyu said, "I know the location of a relic that the heavenly Dao dreams of. When the time comes, I will find a way to lead the heavenly Dao there. I will set up a trap there in advance and suppress the heavenly Dao! At that time, young master Chen could directly take action and control the heavenly Dao! This is my plan!"

"You can really suppress the heavenly Dao?" this guy is not as simple as you think. If he still has the ability to fight back, you and I will both die Here! Chen Xiaobei said cautiously.

"Young master Chen, please believe me!"

Ji Qianyu saw that Chen Xiaobei was worried, so she revealed her trump card, "To be honest, I can suppress anyone below six star divine Emperor! If it wasn't for the fact that I wanted to keep him alive, I could have directly obliterated the heavenly Dao and wouldn't have needed young master Chen's help!"

have you forgotten that the heavenly Dao can burn one's lifespan to reach the pseudo realm?! Chen Xiaobei said.

this is within my control. I will suppress him before he burns his lifespan! Ji Qianyu said in a deep voice.

Chen Xiaobei's eyes lit up. It seemed that the evil technique of burning one's life to enter the pseudo state was not invincible. There was a way to counter it.

In comparison, Chen Xiaobei's ancestral saint's nine changes was superior. The power came from his bloodline and could not be interfered with by external forces. This was far stronger than the heavenly Dao's evil Arts.

And now, with the help of the level four extreme curse, Chen Xiaobei's bloodline power had reached the level of a six star divine Emperor.

However, Chen Xiaobei knew that this was not the limit of the heavenly Dao.

Just his power under the six star divine Emperor level was definitely not enough to defeat the heavenly Dao.

Of course, if Ji Qianyu could suppress him before the heavenly Dao reached the pseudo realm, it would be a different situation.

I still have some concerns ... Chen Xiaobei frowned.

Firstly, Chen Xiaobei did not trust Ji Qianyu 100%. Secondly, even if Ji Qianyu could suppress the will of the heavens, Chen Xiaobei could not use the divine Lotus of the heavenly law to control it.

Therefore, this plan was bound to fail.

Ji Qianyu was a little unhappy, and her eyes gradually turned cold.

I'm just worried ... Chen Xiaobei tried to explain.

Unexpectedly, Ji Qianyu's killing intent was immediately revealed, and his tone became extremely cold and sharp, "Childe Chen, you already know my plan. If you don't participate, then don't blame me for killing you! Because only the dead can help me keep my secret!"

Obviously, Ji Qianyu had taken a great risk in plotting against the heavenly Dao. Once this news was leaked, the heavenly Dao would be able to attack Ji Qianyu directly with the excuse of self-defense.

Once the secret was revealed, Ji Qianyu would face a disaster.

She did not have much of a relationship with Chen Xiaobei. To protect herself, she would not mind killing Chen Xiaobei.

"You want to kill me?"

Chen Xiaobei furrowed his brows. He was not happy.

He had kindly reminded Ji Qianyu to be careful, but he was killed by the other party. He simply didn't know his place.

"Boom boom boom ..."

At this moment, a terrifying rumble suddenly erupted in the sky.

Just the fluctuation of the sound caused the entire longguang city to tremble.

"Shit!"

In an instant, Ji Qianyu's expression changed drastically. He trembled, panicked, and lost his composure as if he had been struck by lightning.

"What's going on ..."

Chen Xiaobei was also shocked. Before he could finish his sentence, he had already been killed.

"BOOM!"

In an instant, an extremely terrifying energy fluctuation suddenly rumbled down from the sky.

The huge pillar of light was like a golden battle Dragon, piercing through the sky and flowing down three hundred million feet.

Before they even landed, the energy waves alone had already turned Chen Xiaobei and Ji Qianyu's house into ruins.

As the Golden Dragon light pillar continued to descend, all the buildings within a radius of ten thousand miles collapsed instantly, turning into ruins. Those with lower cultivation bases were instantly crushed into meat paste.

There were even a few one star divine emperors in the crowd who were crushed to death in an instant. They didn't even have time to call for help.

He didn't even know how he died.

In an instant, thousands of miles of ruins were turned into a river of blood.

And this was only the aftermath of the Golden war dragon light pillar. The true power had not yet descended.

BOOM! BOOM!

In the next moment, the golden light pillar struck down.

With the house as the center, the ground within a radius of ten thousand miles was blasted into a bottomless black hole.

The ground within a radius of a million miles was torn apart, and all kinds of buildings were reduced to ruins. Hundreds of millions of lives were wiped out in an instant.

The entire longguang city experienced earthquakes of different scales, and everyone was shocked.

When everyone's eyes were looking up at the sky.

They saw a man in golden nine-Dragon Armor standing proudly on the clouds.

His gaze was arrogant and his aura was overbearing. He was like a Supreme Saint who looked down on all life in the world without the slightest emotion and treated all living things as stray dogs!

However, the Golden-armored man's expression changed very quickly.

That was because two figures flew out from the bottomless black hole.

Those were his targets, Chen Xiaobei and Ji Qianyu.

Chen Xiaobei was not injured at all, but he looked a little surprised.

Ji Qianyu wasn't injured either. His body was covered in thousands of holy light spiritual feathers, making him look like a Holy winged Angel. He was noble, Holy, and pure.

how ... How is this possible?!

The Golden-armored man in the sky immediately revealed a look of disbelief.

He thought that his attack just now was enough to kill Chen Xiaobei and Ji Qianyu.

Even if they couldn't kill him, they should at least be heavily injured.

However, Chen Xiaobei and Ji Qianyu were not injured at all. They were not even affected by the attack.

Yu Huan, sudden kill!!!

Ji Qianyu's beautiful eyes narrowed, and she rushed toward the Golden-armored man without saying anything.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4364: -another dead end!**

"Whoosh ..."

In an instant, trillions of holy light spiritual feathers appeared in the sky, as if countless nine-colored ROCs had manifested. They covered the sky and suppressed the nine Heavens and ten lands.

“Don’t ... Don’t ...”

The Golden-armored man let out a mournful wail as if he had no more strength to resist and could only accept the punishment.

“Shua shua shua ...”

In the next moment, countless nine-colored giant ROCs suddenly pounced over. Their speed was so fast that it was difficult to distinguish them with the naked eye.

From an ordinary person’s point of view, there were only balls of nine-colored spiritual light flashing in the sky, which appeared chaotic and erratic without any killing power.

Only those five star divine emperors and above could see that it was countless nine-colored ROCs charging down and tearing.

It didn’t take long for the Golden-armored man’s armor to shatter.

His body was also torn into pieces, and his Saint Soul turned into ashes in an instant.

In an instant, he was killed!

Seeing this scene, everyone burst out in shock.

No matter how hard he thought, he would never have thought that the Golden-armored man who had shocked the entire city would be killed by an unknown woman in the blink of an eye, leaving nothing behind.

This kind of visual impact was enough to make everyone in Longguang city dumbfounded. Their scalps were numb and their backs were extremely cold.

Even Chen Xiaobei’s eyes lit up.

“This woman is indeed a young genius of the Supreme sacred ancestor’s clan!” The Golden-armored man’s sudden attack was as powerful as a five star divine Emperor. Not only was she uninjured, but she even had the ability to kill him instantly!”

Although it was only for a moment, Chen Xiaobei could tell that the woman did not use all her strength.

In other words, if she really went all out, she could be invincible under six star divine Emperor.

If the plan was perfect enough, he could directly suppress the heavenly Dao before it could react.

This was not impossible.

Now, the question was back to Chen Xiaobei. If Ji Qianyu had suppressed the heavenly axiom, how could he control it?

He couldn’t rely on the heavenly Dao Divine Lotus. He had to think of another way. Otherwise, Ji Qianyu’s scheme would be meaningless.

“Woof!”

While Chen Xiaobei was thinking, Ji Qianyu had already turned around and left the scene at top speed.

She had wanted to kill Chen Xiaobei to silence him, but she no longer cared if he lived or died. All she could think about was running away.

strange. If he wanted to run, why didn't he just shatter the void and leave?" Chen Xiaobei was confused.

But this was good too. If Ji Qianyu escaped, he would not have to fight with Chen Xiaobei.

Chen Xiaobei still had some time to think about how he could control the heavenly axiom.

"Woof! Buzzzzzz! Yi ..."

However, Chen Xiaobei soon realized that things were not as simple as he thought.

With a strong gust of wind, hundreds of golden-armored men suddenly appeared in the sky.

All of them were staring at Chen Xiaobei from above, like a net, not giving him any chance to escape.

no wonder that woman wanted to run. It turns out that she was worried about these reinforcements!

Chen Xiaobei immediately understood.

Just now, Ji Qianyu had cried out that things were bad, not because he was afraid of the sudden sneak attack, but because he was afraid of the endless enemies that would follow.

Ji Qianyu had said before that long Guangcheng was a force under the natural law School, and there were spies of the natural law School everywhere in the city.

The sudden attack just now was most likely because someone had seen Chen Xiaobei and Ji Qianyu enter the house.

Once the natural Law School's spies set their eyes on them, the news would be reported to the higher-ups of the natural law School, even the top management.

In other words, the hundred golden armored men in front of him were only a small portion of the reinforcements.

If Chen Xiaobei could defeat them ...

There would be even more powerful and terrifying existences. Even the heavenly Dao himself might come.

That was why Ji Qianyu did not even care about Chen Xiaobei and escaped immediately.

Then, there was another problem.

Since Ji Qianyu was determined to escape, why didn't he shatter the void and escape?

"Could it be that ... The entire longguang city is enveloped by a spatial seal, and in this place, we can't step into the void?"

Chen Xiaobei's brain was already terrifyingly strong, and he quickly came up with the most likely answer.

It was obvious that he had guessed correctly.

It was precisely because of the existence of such a space restriction array that Ji Qianyu could not step into the void and could only fly to the other side of longguang city.

At this moment, the hundred golden armored men in the sky had already surrounded them. There might be more powerful enemies coming to help.

In addition, there was this invisible space restriction array.

Chen Xiaobei could not escape even if he had wings.

He might even face the heavenly Dao.

“It’s another dead end ...”

Chen Xiaobei frowned. He did not expect that he would be forced into another dead end so soon after the thousand-eyed divine Emperor’s attack.

He knew that the heavenly sanctuary was an extremely terrifying place, but he did not expect it to be so dangerous. A small mistake would immediately lead to a fatal situation.

great Golden Bell, Saint!!!

At this moment, the hundred golden armored men let out a shocking roar.

This time, they were no longer fighting alone. Instead, they cooperated with each other and formed a battle formation.

From the Saint Origin Energy they released, one could tell that they were only one star divine emperors.

The strange thing was that as the formation operated, they actually climbed to a higher pseudo realm.

Two-star, three-star, four-star ...

In the end, they all reached the early five star divine Emperor realm.

As disciples of the natural law School, it wasn’t strange for them to burn their lifespans to reach the pseudo realm.

However, with their lifespans, they shouldn’t be able to reach the pseudo realm of early five star divine Emperor.

Even with Chen Xiaobei’s current lifespan, he would not be able to reach the pseudo-five-star divine Emperor realm.

As a disciple of the heavenly Dao, the thousand eyed Sacred Emperor couldn’t even step into the pseudo realm of an early four star divine Emperor.

This was very strange.

In the natural law School, these golden-armored men were only ordinary disciples.

He might not even be a disciple of the natural law School. He might just be an expert in longguang city.

How could they have the life span to reach the early stage of five star divine Emperor?

This was too unreasonable!

“Whoosh ...”

However, an even more terrifying scene had just appeared.

The Golden-armored man at the center of the battle formation continued to break through to the pseudo realm and reached the peak of five star divine Emperor.

This was even more unbelievable.

However, the answer was revealed very quickly.

The reason why the Golden-armored man in the center of the battle formation was able to reach such a high pseudo realm wasn't as simple as burning his life.

As his pseudo realm stabilized, the Golden-armored men around him also started to change.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4365: Golden Dragon mecha!**

4365 Golden Dragon mecha!

“Woof! Buzzzzzz! Yi ...”

All of a sudden, other than the man in the middle who had stepped into the highest pseudo realm, the remaining golden-armored men around him fell to the ground one after another as if they had lost their lives.

“Could it be that ... They didn't burn their lifespans when they stepped into the pseudo-realm, but their lives? But ... Life span and the essence of life are the same thing ...”

Chen Xiaobei released his divine sense and began to observe the situation.

Chen Xiaobei soon found the real reason.

The Golden Warriors that had fallen were like empty shells. They didn't have the aura of Saint emperors at all.

This was actually because their Saint souls had disappeared.

“I see ...”

that's right! Chen Xiaobei said, “ the reason they could reach such a high pseudo state was because they burned their Saint souls!

although burning one's life will cause the Saint Soul to die, at least the soul can still be preserved and can enter reincarnation.

however, burning the sacred soul is the same as burning one's life, cultivation, soul, and everything in the sacred soul world!

“The price of doing so is complete death. There will be no next life, and there will be no way to be reborn. It's equivalent to using your life and your next life to exchange for greater power.”

It was clear that this was an even more powerful pseudo realm evil technique.

However, the higher the pseudo realm, the greater the price one had to pay.

In order to help the last man reach the pseudo five star divine Emperor realm, hundreds of one star divine emperors around him were sacrificed. They were willing to give up everything in exchange for a chance to defeat Chen Xiaobei.

This result was actually very cruel.

It was even hard to understand why they were so fearless of death.

Were they not afraid of death? Don't they want to be reincarnated? They were like a bunch of emotionless machines that would do anything to defeat Chen Xiaobei.

“Golden Dragon heavenly worker!”

The man let out a terrifying roar, as if he was filled with boundless Fury and battle intent, and his life was boiling.

There was no doubt that other than the men who had just fallen, this last person would also die completely after the battle.

Thus, he had completely forgotten everything around him at this very moment. He had even forgotten himself.

In his eyes, there was only the target that he had to kill, and only the will to fight to the death.

“Boom boom boom ...”

In an instant, the terrifying Saint Origin Energy gathered in the sky and formed a Golden Pagoda.

On the tower, there were billions of golden dragons. Each of them was extremely life-like and looked like the work of God.

“Ka ka ka ...”

Soon after, the pagoda suddenly split into individual parts. Like a robot transforming, they combined into a mecha Golden Dragon that spanned a trillion miles in the sky.

Back on Earth, Chen Xiaobei had heard of the Mohist's art of engineering.

At this moment, the huge mecha Golden Dragon seemed to be an extraordinary mechanical skill.

The metal's texture was sharp, and the terrifying holy light suppressed the world, enough to suffocate people.

“So strong ...”

Chen Xiaobei's brows furrowed, his face full of surprise and curiosity.

Looking at it directly, this mecha Golden Dragon was an illusion created by Saint Origin Energy. To put it bluntly, it was not a real object.

Thus, it did not seem to have any special meaning whether it was in the form of a mecha or not.

Could it be that he had deliberately transformed into a mecha form to show off?

Chen Xiaobei was confused and curious at the same time.

“Whoosh ...”

At the same time, the mecha Golden Dragon had already swooped down from the sky and was charging at Chen Xiaobei with incredible power.

This force was countless times stronger than the sneak attack just now.

If they did not resist, the entire Longguang city could be directly blasted into a black hole.

“I don’t believe that you can destroy the entire city!”

Chen Xiaobei did not even bother to defend himself.

After all, Long Guangcheng was a force under the heavenly axiom. Even if they were all destroyed, Chen Xiaobei would not care.

“Whoosh ...”

However, just as the mecha Golden Dragon was about to rush to the ground, it suddenly seemed to come alive.

With a raise of its head, its huge body directly glided up and did not crash into the ground.

Then, he aimed at Chen Xiaobei and chased after him.

As a result, an extremely spectacular scene appeared in Longguang city.

Chen Xiaobei was flying at a low altitude while the Golden Dragon that was as large as a mountain range was hot on his heels, turning the entire area golden.

The energy fluctuations emitted by the Golden Dragon put an even greater pressure on the entire city.

The Dragon roared and the strong wind it created tore countless houses into pieces.

Countless weaklings were even killed by the strong wind.

“You don’t even care about your own people?”

Chen Xiaobei’s brows were furrowed, and his dark eyes were filled with displeasure.

Initially, Chen Xiaobei wanted to lure the Golden Dragon to attack Long Guangcheng. However, seeing countless innocent people being killed, Chen Xiaobei was not happy.

cripple!!!

Chen Xiaobei’s fighting spirit was ignited. He suddenly stopped, turned around, and threw a punch.

With the help of the grade 4 Life word incantation, Chen Xiaobei’s Saint Vital energy was now invincible against anyone below the level of a six star divine Emperor.

With the help of the rank 4 Hong curse, Chen Xiaobei's physical strength had also reached the level of a six star divine Emperor.

"Boom boom boom ..."

In an instant, Chen Xiaobei's fist burst out with an endless amount of blood-red light, like a dragon emerging from the sea, and exuded a terrifying pressure that could suppress the world.

Regardless of how strong he was,

Just this terrifying pressure alone had directly intimidated the entire Longguang city.

Everyone was so shocked that their pupils shrank, their eyes trembled, their hearts clenched, and even a terrible illusion appeared in their minds.

It was as if the blood-red Dragon was the devil Saint from heaven, a world-destroying catastrophe that could turn the entire Luo Guangcheng into dust at any time, and destroy all the living beings in the city.

Terrifying!

It was incomparably terrifying!

It was a great Terror that penetrated deep into the soul!

For a moment, billions of people in the city were trembling in fear.

"BOOM!"

Then, the blood Dragon and the Golden Dragon collided in the air. The earth-shaking boom shook the world and dimmed the sun and moon.

The blood Dragon's power was obviously superior. It crushed the mecha Golden Dragon directly, causing it to collapse and scatter.

"Pfft ..."

In the sky, the last man in golden armor spat out a mouthful of blood and fell from the sky like a kite with a broken string.

Chen Xiaobei had won with one hit.

"Swish!"

Without any hesitation, Chen Xiaobei flew towards the city gate as fast as he could.

It was impossible to shatter the void in the city. Only by rushing out of the city gate could they escape from this dead end.

However, even with Chen Xiaobei's current speed, he would need at least three minutes to fly out of the city.

Three minutes didn't seem like a long time, but in fact, it was enough for more powerful enemies to arrive.

## Red Envelope Group of the Three Realms

### **Chapter 4366: tracking!**

Longguang city was really huge. Even though Chen Xiaobei had broken through multiple realms, he still needed to fly for three minutes to get out of the city.

Logically speaking, the enemy's reinforcements should have arrived by now.

But strangely, Chen Xiaobei did not encounter any obstacles as he made his way to the city gate. He did not see any enemies.

"Swish!"

Chen Xiaobei did not think too much about it and rushed out of the city.

Then, he stepped into the void and left the scene.

Chen Xiaobei had not been anywhere else in heavenly sanctuary, so he could only return to where Yuanji city was.

Of course, Chen Xiaobei had already taken Yuanji city into the beixuan sacred soul world. So, all that was left was a barren land. The majestic city was no longer there.

"Phew ..."

Chen Xiaobei let out a sigh of relief, thinking that he had escaped from the danger zone.

However, at this moment, Sacred Emperor Jin Lu's communication rune received a message.

Sacred Emperor anicca asked, "martial brother Jin Lu, where are you?"

"Eh? Who is this person?"

Chen Xiaobei was taken aback.

He didn't seem to have come into contact with this person before but since he was Jin Lu divine Emperor's junior Brother, it could prove that this guy was also a disciple of the heaven Dao.

Then, Chen Xiaobei checked out the members of the heavenly Dǎo red envelope group. There was indeed someone called Sacred Emperor Wuchang.

However, when Chen Xiaobei was snatching the red envelope, he did not manage to snatch it from this guy.

So, this guy shouldn't be here to look for trouble.

He wanted to test him first.

Holy Emperor Jin Lu (Chen Xiaobei): "last time, I stole three of my senior brothers 'red packets. They're all looking for trouble with me. So, I can't reveal my location. Senior brother, if you have anything to say, just say it.

Sacred Emperor anicca thought, "did you forget the mission Master gave you and Hongjun?"

Holy Emperor Jin Lu (Chen Xiaobei): Kill Chen Xiaobei? Of course I haven't forgotten! Why? Shixiong, have you found Chen Xiaobei's whereabouts?

"Could it be the same old trick again?"

Thousand eyes Sacred Emperor had teamed up with Yuan Chang Sheng and used the mission as an excuse to trick golden centipede Sacred Emperor out.

Chen Xiaobei was on high alert.

"If you can tell me where I am, it must be true! If you can't, then it's still a lie!"

Chen Xiaobei's mind was calm and clear.

He didn't fall for it last time, and he definitely wouldn't fall for it this time.

Sacred Emperor anicca, "that's right!" I've already locked onto Chen Xiaobei's position. You just have to come over and kill him!

Divine Emperor Jin Lu (Chen Xiaobei): " then tell me. Where is he? " I'll immediately break through the void and come over!

[ Sacred Emperor anicca: my men saw Chen Xiaobei at longguang city! ] Also, keep following him. I'll send you his location when he sends it to me!

followed!?

Chen Xiaobei immediately scanned his surroundings.

Judging from the current situation, the other party shouldn't be plotting a scam.

After all, if long Guangcheng was able to say that, it was enough to prove that the other party had really seen Chen Xiaobei.

"There's no one here ..."

Chen Xiaobei looked around and asked, " I broke through the void to come here. If someone was following me, they could only follow me through the crack in the void. At such a close distance, it's impossible for me not to notice! Unless ..."

Chen Xiaobei thought of another possibility.

That was perfect concealment!

In front of him was Bai Shishi, a demon, and behind her were shadows, demons, and xuanling.

In the heavenly sanctuary, many people could perfectly conceal their tracks.

If there was really someone following them, they must have hidden themselves and followed Chen Xiaobei through the crack in the void. They must be right next to Chen Xiaobei.

"No wonder no one stopped me when I was flying away from long Guangcheng just now. It turns out that there were people secretly following me. They were certain that I couldn't escape from their palms

and deliberately let me out. Then, they would launch a sneak attack and get rid of me with the least cost!”

Chen Xiaobei’s eyes and his super-brain quickly understood the whole story.

Don’t forget that the Golden armored warriors were peak five star divine emperors at their strongest.

Perhaps they were already the strongest fighting force in longguang city.

In other words, no one in the city could stop Chen Xiaobei anymore. If they were to fight him head-on, there would be many casualties.

At the same time, Tiandao’s cultivation was only at the early five star divine Emperor stage. In other words, if the entire sect wanted to fight Chen Xiaobei, they would have to be at the pseudo six star divine Emperor stage.

And such a high pseudo realm would undoubtedly burn a huge amount of lifespan.

The members of the natural law School were as selfish as the natural law. No one would be willing to burn so much of their lives for nothing.

Therefore, the best way to get Chen Xiaobei was to have someone follow him and ambush him.

At the same time, Chen Xiaobei also realized that the reason why he and Ji Qianyu were ambushed was probably because they had been seen by someone who could hide perfectly.

This person was hiding in the dark without leaving any traces. He was extremely dangerous and deadly!

If they couldn’t find him, the consequences would be unimaginable.

Plus, he had to be found before he sent anicca Sacred Emperor his location.

Otherwise, Sacred Emperor anicca might just charge over.

If it was an ordinary person, at this moment, there would be no way at all. It was absolutely impossible to find a completely unknown and perfectly hidden person.

However, Chen Xiaobei was different.

“Peeping at the origin!”

Chen Xiaobei immediately burned his mental power to activate the thousand-eyed divine Emperor’s ability.

“Whoosh ...”

Then, Chen Xiaobei’s eyes turned into two dark vortexes, like two bottomless black holes.

This time, Chen Xiaobei scanned his surroundings and quickly locked onto a gray-white source.

“Essence extraction!”

Without hesitation, Chen Xiaobei activated his special ability.

“Swish!”

The next moment, two streams of dark energy shot out from Chen Xiaobei's eyes and turned into two huge dark claws, which grabbed at the grayish-white source.

how ... How is this possible?!

With a cry of surprise, the two Dark Demon claws grabbed the gray origin.

At the same time, a skinny figure appeared.

what ... What ... What is going on???

The skinny man was dumbfounded, and his face was filled with confusion. "You ... How can you use the thousand eyed Sacred Emperor's ability? This ... This can't be ..."

"Cut the crap! Lose!"

die! Chen Xiaobei shouted. Then, like a bolt of lightning, he appeared in front of the skinny man.

"Boom boom boom ..."

His fist exploded with the sound of thunder and directly hit the skinny man's body.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4367: exposed**

"Whoosh ..."

The man was only a one star divine Emperor. As soon as the fist wind landed, his body was destroyed, turning into blood and flesh.

"Whoosh ..."

Then, Chen Xiaobei released a stream of Saint Qi and enveloped his Saint Soul.

It was obvious that if Chen Xiaobei had not held back, his Saint Soul would have been destroyed along with his physical body.

"Spare me ... Spare me ..."

The scrawny man's Saint Soul wailed miserably. He knelt on the ground and shivered. He was obviously afraid of death.

stop howling. If I want to kill you, you won't even have the chance to make a sound!

Chen Xiaobei raised his eyebrows and asked, "Did you send anicca Sacred Emperor my location?"

not ... Not yet ... the skinny man said in embarrassment.

"Really?" Chen Xiaobei was doubtful.

"It's true! How would I dare to lie to you?"

The skinny man hurriedly explained, "you have just escaped from longguang city. Your location is constantly changing. By the time I send it over, you may have changed your location again. So, I plan to wait for your location to be fixed before reporting ..."

“You’re tactful!” Chen Xiaobei raised his eyebrows. He was sure that the man was not lying to him.

“Lotus!”

Then, Chen Xiaobei took out a Divine Lotus of the heavenly path and branded it on the scrawny man’s Saint Soul.

Oh my God ... You ... How can you even have the special ability of the Grandmaster’s Saint Soul ... the skinny man was dumbfounded. His scalp went numb.

He was already shocked when he saw Chen Xiaobei use the thousand-eyed divine Emperor’s power.

She did not expect Chen Xiaobei to be able to use the heavenly Dao’s Saint Soul.

It was like a dream.

Initially, the members of the natural law School had been disdainful of Chen Xiaobei. They could not understand why the natural law would spend so much effort to kill Chen Xiaobei.

Now, it seemed that Chen Xiaobei was an unfathomable super anomaly.

If it wasn’t contained, it would become a major threat to the natural law School in time.

To be more precise, Chen Xiaobei was now the natural Law School’s biggest threat. The heavenly law saw him as a thorn in their flesh, and they had to get rid of him as soon as possible.

“Stop talking nonsense!”

Chen Xiaobei sneered, ” “You can send my location to Sacred Emperor anicca now.”

“Send ... Send your location? Are you serious?” The scrawny man was dumbfounded and said, ” “With your strength, shouldn’t you be running away ...”

Obviously, the scrawny man did not think that Chen Xiaobei was that strong.

Even if he could defeat a peak five star Saint Emperor, he was still no match for the core disciples of the natural law School.

After all, the evil magic of the natural law School could help people break through the fake state.

The anicca divine Emperor was already a pseudo six-star divine Emperor. Killing Chen Xiaobei would be a piece of cake.

Therefore, the scrawny man thought that Chen Xiaobei should have run away.

She could not understand why Chen Xiaobei would expose his location. Wasn’t this courting death?

“Don’t ask what you shouldn’t ask, just do as I say!” Chen Xiaobei’s tone was cold and domineering, leaving no room for doubt.

“Yes, sir ...”

The scrawny man gulped. There was no way he could resist. He had to obey Chen Xiaobei’s every command. That was the only way he could save his life.

He then sent Chen Xiaobei's location to anicca divine Emperor.

Then, Chen Xiaobei took away his communication rune to prevent him from sending any more messages to anicca divine Emperor.

Not long after, Jin Lu divine Emperor received another message.

"Sacred Emperor anicca, Junior Brother Jin Lu, I've locked onto your location. You're in Yuanji city!" We'll head over immediately!

Divine Emperor Jin Lu (Chen Xiaobei):

Sacred Emperor anicca replied, "of course not!" We'll meet up ten thousand miles away, lock onto his target, and find an opportunity to launch a sneak attack!

Holy Emperor Jin Lu (Chen Xiaobei): " alright. Send me the meeting location. I'll go there immediately!

Sacred Emperor anicca: I'll send it to you now!

Very quickly, Chen Xiaobei received the exact location.

According to Sacred Emperor anicca's plan, he would meet up with Sacred Emperor Jin Lu at that location. Then, they would observe the situation in secret and find a chance to ambush Chen Xiaobei.

The truth was, with Sacred Emperor anicca's lifespan, he could have stepped into the pseudo six-star divine Emperor realm and killed Chen Xiaobei.

However, this would consume almost all of his lifespan.

Of course, he was not willing to waste billions of years of accumulation.

Therefore, Chen Xiaobei's analysis of the situation was still the most beneficial to the enemy. The way to win with the least cost was to ambush!

Ten thousand miles away.

"Zhenzhen ..."

With a distortion of space, a crack appeared in the void.

A man in a yin-yang Daoist robe stepped out of the void and looked around with narrowed eyes.

that Jinchuan is so unreliable! Why isn't he here yet? if it wasn't to save my life, I wouldn't have brought him on this mission. When we kill Chen Xiaobei, we'll have to split the credit equally. This is so annoying

...

The natural Law School's style was obvious. From the heavenly law to the disciples, they were all the same.

He was despicable, shameless, selfish, and did everything for his own benefit.

He would only do what was beneficial to him.

Only when he needed help would he think of pulling others in.

When they encountered danger, they would most likely kick the other person out to accept death while they themselves fled.

“Why aren’t they here yet? Do you want me to rush him?”

Sacred Emperor anicca frowned and used the communication rune, preparing to send another message to Sacred Emperor Jin Lu.

“Swish!”

At this moment, a figure suddenly appeared in the void. He wielded a battle-axe and slashed at Sacred Emperor anicca.

“Who’s there?”

Sacred Emperor anicca turned around in shock.

However, his opponent’s strength and speed were all superior to his. At such a close distance, and in a situation where he was completely unprepared, he simply had no time to react.

“Woof!”

Sacred Emperor anicca’s body was split in half.

The battle-axe had already landed on his Saint Soul.

“Spare me ... Spare me ...”

Sacred Emperor anicca screamed like a little girl. It was as if he was going to cry the next second.

However, he couldn’t be blamed for this. For a person who was afraid of death, it was normal to lose his composure when a fatal axe was in front of his face.

At this moment, his life was hanging by a thread. Even if he could reach the pseudo six star divine Emperor realm, it was already too late.

“Lotus!”

The man held the battle axe in one hand and the heaven Dao Saint Lotus in the other, controlling Sacred Emperor Wuchang.

who ... Who are you?!

Sacred Emperor anicca was terrified and then shocked. His eyes were about to pop out.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4368: The year of the underworld!**

4368 The year of the underworld!

Sacred Emperor anicca was extremely scared because he almost lost his life in an instant.

He was shocked to see that Chen Xiaobei had used the heavenly Dao’s Saint soul’s special ability.

Sacred Emperor anicca’s brain was about to short-circuit. He couldn’t think of an answer at all.

“You don’t even know who I am, and you still want to ambush and kill me? What a joke!”

It was Chen Xiaobei.

He had predicted Sacred Emperor anicca’s sneak attack and had returned the favor.

He came to the place where anicca divine Emperor was going to meet Golden Phoenix divine Emperor.

When Sacred Emperor anicca wasn’t on guard, he launched a fatal sneak attack.

With the smallest price, he had obtained the most direct victory.

“Whoosh ...”

At the same time, the heavenly Dao sacred lotus was already imprinted on Sacred Emperor anicca’s Saint Soul.

Now that the situation was settled, Chen Xiaobei put away the Saint devouring axe.

you ... You ... You ... You’re Chen Xiaobei!??

Sacred Emperor anicca’s eyes went wide as if he had seen a ghost. He started to shiver.

“Don’t you think you should change the way you address me?”

Chen Xiaobei’s eyes were like the stars in the night sky, exuding an extremely powerful aura.

“M-master ...”

Sacred Emperor Wuchang knew that his life was in Chen Xiaobei’s hands.

He only had two choices: surrender or be killed by Chen Xiaobei.

It was obvious that Sacred Emperor anicca didn’t want to die and was very afraid of death. He chose to surrender without hesitation.

However, Sacred Emperor anicca was clearly forced to submit. He was very, very unwilling.

If it was not for the fact that he wanted to ambush Chen Xiaobei, Chen Xiaobei would have no chance of winning.

This was a typical case of being too smart for one’s own good.

Thinking about how he could’ve won but had become a lowly Lackey, Sacred Emperor anicca was filled with regret.

“Hand over your storage space and communication rune!”

Chen Xiaobei’s eyebrows twitched as he took away the two most important things from Sacred Emperor anicca.

“Whoosh ...”

Then, Chen Xiaobei activated his special ability and started to consume Sacred Emperor anicca’s lifespan.

[ ding Yingying's cultivation base: early four star divine Emperor. Lifespan: 1 year of the underworld!

After this round of devouring, the unit of measurement for lifespan had changed again.

One underworld year was probably a trillion times more than before.

"That's strange ..."

you're a peak two star divine Emperor, just like Jin Lu. Why do you have such a long lifespan?" Chen Xiaobei asked. It's even more than thousand eyes!"

"That's because my first sacred soul imprint's special ability is to increase lifespan, while my second sacred soul imprint's special ability is to double lifespan! Thus, every time my lifespan increases, it's a billion times more than others."

"I've never broken through the pseudo realm in the past billions of years," Sacred Emperor anicca said."It wasn't easy for me to save up so much of my lifespan ..."

"Pfft ..."

Chen Xiaobei almost burst out laughing.

Sacred Emperor anicca was too pitiful. The double Saint Soul marks were both added to his lifespan.

He had painstakingly saved up for billions of years, and finally managed to save up one underworld year of life. He was reluctant to use it, but in the end, it all went to Chen Xiaobei.

It was really too sad.

"Whoosh ..."

After that, Chen Xiaobei sent Sacred Emperor anicca into the North Mystic Divine world.

This allowed him to replace the North Mystic Sacred Emperor.

Now, Sacred Emperor anicca only had less than a hundred years left.

By keeping him alive, he could provide Chen Xiaobei with energy.

A hundred years later, Chen Xiaobei would have already accomplished his great cause. By then, he would have no more value to him and could die of old age.

As for the skinny man, he had the same fate.

However, his lifespan was too short. It was almost negligible compared to Sacred Emperor anicca.

"I have enough lifespan now. With the Level 4 extreme curse, I can step into the pseudo 5-star divine Emperor realm without limit!"

but I still can't defeat a six-star divine Emperor ... Chen Xiaobei thought to himself. unless I can upgrade the level of the extreme curse, or upgrade the level of the beixuan sacred world!

The level of Chen Xiaobei's bloodline ability was directly proportional to the level of the beixuan sacred soul world.

Right now, the North Mystic sacred world was only at the three-star Sacred Emperor level. If it wanted to improve, it would have to integrate more and bigger cities or independent worlds.

This was difficult to do in a short time.

Secondly, Chen Xiaobei's bloodline ability was also related to the extreme curse.

If he could upgrade the mantra to the fifth level, Chen Xiaobei would be able to step into the pseudo six-star divine Emperor realm.

However, if he wanted to increase the level of the extreme curse, he would need an entire five star Saint Emperor level Saint vein.

Without a doubt, this was very difficult to achieve.

Therefore, Chen Xiaobei was still below a six star divine Emperor.

If he were to encounter an enemy of this level, Chen Xiaobei would have no chance of winning.

"Even a six star divine Emperor can't do it. It seems like there's still a huge gap between me and the heavenly Dao ..."

Chen Xiaobei could not help but sigh.

Ever since he came to the heavenly sanctuary, Chen Xiaobei finally understood what true terror was.

In just a few days, he had already fallen into a dead end twice. If not for the unexpected changes, Chen Xiaobei would have died a long time ago.

With Chen Xiaobei's current strength, even in the heavenly sanctuary, he still had to be careful and cautious.

If he went to the ancestral Saint region, he would not even be as powerful as an ant.

"My strongest trump card right now is actually the one word Holy extermination curse! This cultivation method is at the level of peak Saint Emperor. In other words, once we reach the ancestral Saint domain, this cultivation method will be completely useless!"

I don't even need to go to the ancestral Saint territory. I just need to reach the peak of the divine Emperor level. Then, I won't be able to fight anyone above my level. I might not even be invincible against those of the same level!

Obviously, Chen Xiaobei's worry was completely justified.

Even though it seemed like the one word Saint-killer curse had given Chen Xiaobei a lot of cheat codes, making him almost invincible ...

But in reality, Chen Xiaobei was only invincible in a very small area.

The heavenly sanctuary was huge, and there were plenty of cultivation techniques that were as heaven-defying as the one word Saint destroyer curse. In the ancestral sanctuary, there would even be existences on the same level as the true spirit of the Saint pan axe.

By then, Chen Xiaobei's trump card would be the same as everyone else's.

That would be the real danger! A real challenge! A true test of life and death!

"Phew ... I still have to improve my strength step by step! It's a long way to go ..."

Chen Xiaobei sighed and said, "However, let's see what treasures Sacred Emperor anicca has first!"

### Red Envelope Group of the Three Realms

#### **Chapter 4369: Bug eggs!**

4369 Bug eggs!

"Whoosh ..."

Chen Xiaobei opened up Sacred Emperor Wuchang's inventory.

Chen Xiaobei felt a headache coming on. this guy is so poor ... He only has a few hundred million Saint origin Mystic crystals and no extra energy ...

What Chen Xiaobei needed the most right now was energy. However, there was not a single bit of energy in anicca divine Emperor's storage space.

Even the Saint origin Mystic crystals were pitifully few.

"It's not just energy, he doesn't even have a single Holy Emperor artifact. He's pitifully lacking in heavenly resources as well ... Has he been robbed before?"

Chen Xiaobei almost vomited blood.

He felt that Sacred Emperor anicca's storage space wasn't even as valuable as the skinny man's storage space.

There were also hundreds of millions of Saint origin Mystic crystals and a lot of other resources in the skinny man's storage space. He could sell them for a few billion more.

However, Sacred Emperor anicca was even poorer than the skinny man.

Chen Xiaobei could not help but suspect that Sacred Emperor Wuchang had been robbed once recently.

How could he be so poor?

"Woof! Whoosh!"

In the end, Chen Xiaobei only took out two special treasures from Sacred Emperor Wuchang's inventory.

The first item was a heavenly Dao token!

this guy shouldn't have been robbed. Otherwise, he wouldn't have kept something as precious as the heavenly Dao token!

Chen Xiaobei raised his brows, feeling a little comforted. I still have thousand eyes 'heavenly Dao token. With this one, I have two. As long as I can find a way to get another one, I can enter the heavenly Dao mystery realm again.

Without a doubt, what Chen Xiaobei needed the most was energy. The best place to obtain energy was the heavenly mystery realm.

If he could enter it again, at least the nine characters of the one character Saint destroyer curse would be improved.

Chen Xiaobei was looking forward to it.

only this gourd is left ... What is it? ”

Chen Xiaobei picked up the other treasure and examined it closely.

This was not a magic treasure because it did not have any special ability and could not be activated.

“Whoosh ...”

Chen Xiaobei tried to communicate with it but did not get any response.

“This is too strange. If we really can’t do it, we can only call Sacred Emperor anicca out and ask.”

Chen Xiaobei was about to put down the gourd when he suddenly made a new discovery.

In the middle of the gourd, there seemed to be a thin crack.

This crack was very fine. If one didn’t look carefully, it would be very difficult to notice.

“Swish!”

Chen Xiaobei used his strength to break the gourd into two.

Who would have thought that the gourd was actually a box?

When ordinary people used calabashes to store liquids or pills, they usually opened the top of the calabash.

Sacred Emperor anicca used a gourd to hold a green bug egg.

The egg was the size of a fist.

In order to put it in, Sacred Emperor anicca cut the gourd in half and then stuck it together with a special sticky liquid.

If one didn’t look carefully, it would look like a complete gourd.

Chen Xiaobei opened the gourd and finally saw the true appearance of the insect egg.

The egg was the size of a fist, and it glowed with a green light. Its surface was as smooth as Jade, and it was emitting waves of extremely strong spiritual fluctuations.

“Phew ... Phew ...”

At this moment, the egg suddenly let out a series of rapid breathing, as if it was angry.

“Woof!”

In the next moment, an extremely strange scene suddenly exploded.

The bug egg suddenly expanded like a balloon and became more than ten meters tall.

Then, on the front of the egg, a huge mouth opened and bit down on Chen Xiaobei.

“What the f \* ck! What the hell is this?”

Chen Xiaobei was about to throw a punch at her.

But at that moment, Chen Xiaobei could not help but think of his super foodie Xiao ‘er.

Xiao ‘er’s original form was a twelve-winged Golden Cicada. When he was young, he also looked like an insect, and he was extremely gluttonous.

As the saying goes, people are good at the beginning.

In terms of age, the egg in front of him was even younger than Xiao ‘er. It was completely insensible.

Being greedy for food and sleep was just their instinct.

Chen Xiaobei gave up on the idea of punching. He took out a few treasures from his inventory and threw them at the eggs.

Crack ... Crack ...

As expected, the eggs devoured all the treasures that Chen Xiaobei had thrown at them.

Just like the waiter, this fellow was not picky with his food. He ate whatever was given to him and ate as much as he was given. He was not afraid of being full at all.

“I finally know why Sacred Emperor anicca is so poor ... It must be because of this guy!”

Chen Xiaobei took out all kinds of heavenly treasures and fed them to the little girl.

However, the green insect eggs did not show any signs of being full. Instead, the more he ate, the more excited he became.

If it continued to eat, Chen Xiaobei’s limited resources would be completely destroyed.

“Uh! Huu ...”

Finally, just as Chen Xiaobei was about to go bankrupt, the bug egg let out a long sigh of relief.

Its huge body quickly shrank and returned to the size of a fist.

She was lying quietly in Chen Xiaobei’s arms like a harmless baby.

“Gululu ... Gululu ...”

Suddenly, a strange sound came from the inside of the egg, as if it was having a stomach ache.

“Uh ... Mm ...”

Then, from the tail of the egg, a small lump of green paste-like object was squeezed out.

“Pfft ... Pooping after just eating? You’re too disgusting!”

Chen Xiaobei’s scalp tingled. This guy was holding him in his palm.

Chen Xiaobei quickly picked up a few leaves from the ground to wipe his hands.

“Swish!”

However, a miracle immediately appeared as soon as he touched it.

The dried leaves immediately rejuvenated after touching the green paste-like object.

The dead leaves immediately turned green, and at the same time emitted a gorgeous light.

Immediately after, it emitted a unique medicinal fragrance.

“What the f \* ck! This is too godly!”

Chen Xiaobei was dumbfounded. It can actually make the dead leaves rejuvenate and even give the dead leaves medicinal properties. This is simply unbelievable!

Looking at the egg in his hand, Chen Xiaobei was dumbfounded.

No matter how powerful his brain was, he couldn’t explain what he was seeing.

However, the heavenly sanctuary was so big that even the ancestral Saint might not be able to explain everything, let alone Chen Xiaobei.

however, when my hand came into contact with this paste, there was no change ... It seems that this paste only works on plants!

Chen Xiaobei’s eyes lit up. If this paste is applied to the sacred bloodvine, what changes will there be? ”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4370: Green-colored blueprint!**

4370 Green-colored blueprint!

“Whoosh ...”

Chen Xiaobei immediately returned to the Saint pan space.

He then applied the remaining green paste on the sacred bloodvine.

Of course, the saint’s bloodvine was huge, and he could not apply it everywhere. So, Chen Xiaobei focused on the spot where the mutant saint’s bloodfruit grew.

“Whoosh ...”

In an instant, a blue spiritual light bloomed from the position of the result.

Then, a branch slowly grew out, and at the top, a flower bud appeared.

It was obvious that this special green paste could not only reignite the vitality of dead plants, but it could also accelerate the growth of the fruits of normal plants.

At this moment, although it was only a small bud, that little bit of green paste was almost equivalent to ten one star Saint Emperor level Saint veins.

It was simply unbelievable.

“That’s strange!”

Chen Xiaobei’s eyes widened in shock. “The mutant Saint bloodfruit’s phenomenon is a blood-red light! Why was it emitting green light now?”

First of all, the value of the green paste had been confirmed. A little bit of it was equivalent to ten one star Saint Emperor level Saint veins.

However, the main point was that the flower bud that was catalyzed by the green paste did not seem to be the flower bud of the mutated Holy bloodfruit.

the dead leaf I picked up earlier clearly had no medicinal properties, but after it was touched by the green paste, not only did it reignite its vitality, it also emitted a medicinal fragrance ...

Chen Xiaobei thought for a moment and said, “ could it be that this green paste can change the nature of plants and create new species? ”

What should have been a blood-red phenomenon was now only a ray of green light.

In addition to what he had seen before, he could basically conclude that Chen Xiaobei’s speculation was completely correct.

creating a new species ... Isn’t this similar to the pan curse? ”

Chen Xiaobei was stunned for a moment, and then he remembered his rank 4 pan curse.

The disc represented creation. It increased Chen Xiaobei’s brain power and intelligence. At the same time, it also gave Chen Xiaobei the creation ability.

When Pangu opened the sky and created the world, he used the supernatural ability of creation to turn his body into an object in the New World.

As far as biological creatures were concerned, Saint Pan’s ability could create new species.

In terms of inanimate objects, Saint Pan’s power could create something else with what he already had.

Pan Gu’s eyes turned into the sun and the moon, his body into the land, his hair into the forest, and his bones into the mountains ... This was the truth.

the effect of the green paste is so similar to the Saint Pan’s ability. Could it be that the egg is related to the Saint pan race? ”

Chen Xiaobei was shocked, and many thoughts ran through his mind.

However, at the current stage, they could only make assumptions and had yet to be confirmed.

Unless Chen Xiaobei could find someone from the Saint pan clan, he would not be able to confirm what the bug egg was. Was it related to the Saint pan clan?

no matter what, I've obtained a good treasure. I'll call you Green Treasure from now on!

Chen Xiaobei raised his eyebrows and put the egg back into the gourd.

"In the future, as long as I feed Lu Bao until he's full, he will be able to continuously produce ... Green paste. This can help me save a huge amount of energy, and it might even be useful at times!"

It was clear that Chen Xiaobei had grown a five-star pinnacle divine Emperor Holy bloodfruit in the heavenly secret realm.

If he wanted to produce a higher grade, he would need more energy.

Right now, the thing that Chen Xiaobei needed the most was energy. So, he might not have enough energy to grow a higher grade Holy bloodfruit.

The green paste that Green Treasure produced could solve this problem.

All Chen Xiaobei needed to do was to feed Green Treasure with all sorts of useless resources and he would be able to get an endless supply of green paste.

In the future, he would be able to produce higher grade Holy bloodfruits and save a huge amount of energy.

However, Chen Xiaobei was still a little worried.

This was because the mutated Holy bloodfruit that was produced by the green paste might have uncontrollable mutations. At that time, the effects might be completely changed.

Of course, this was an uncontrollable variable, and the final Problem was the lack of energy.

If he had enough energy, Chen Xiaobei could grow the high-tier Holy bloodfruit on his own, and he would not have to risk using the green paste.

Since he didn't have enough energy, he could only leave it to fate. He would think about what he could produce when the time came.

"Whoosh ..."

Chen Xiaobei then left the Saint pan space.

After he came out, Chen Xiaobei received a message.

He had too many communication runes at the moment, and he still needed to distinguish them.

This time, it was Sacred Emperor anicca's communication rune. Chen Xiaobei saw that it was a message from the heavenly axiom.

"It seems Sacred Emperor Wuchang has already reported the news of my capture to the heavenly Dao. The heavenly Dao is here to ask about the situation!"

I ... I already have a few communication runes. There's no point in keeping too many. Why don't I play a card with the heavenly axiom and see how he reacts?"

Heavenly Dao, impermanence! How's the situation on your side? Have you seen Chen Xiaobei? Do you need master's support?

Chen Xiaobei: " hehe, you old thief! I have good news and bad news! Which one do you want to hear first? "

"You ... You're Chen Xiaobei?!" (Shocked)

Chen Xiaobei: " the good news is that your disciple has met me. The bad news is that I've already taken care of him.

The heavenly Dao thought, this ... This is impossible! Wuchang was able to reach the pseudo six star divine Emperor realm, how could he lose to you? This was absolutely impossible!

Chen Xiaobei: " believe it or not. I'm safe and sound right now. Soon, I'll come and find you. Then, I'll kill you myself!

[ heavenly Dao: impudent! ] You're just a mere ant, and you dare to speak such arrogant words! Do you think this Lord is a vegetarian? (Furious)

Chen Xiaobei: " I'm relieved to see you so angry! (Smirk) I won't say anymore. You can continue to be angry. Don't be angry and it's bad for your health. See you later!

[ heavenly Dao: wait! ]

Chen Xiaobei: Don't you think I've stimulated you enough?

[ heaven's will: is Wuchang's storage space in your hands? ]

"Of course. I've finally defeated him, so I'm going to loot him."

[ heaven's will: is there a green blueprint inside? ]

"Green blueprint? What was that? I didn't notice at all ..."

Chen Xiaobei was taken aback.

For the heavenly Dao to be so angry and still want to ask, it could be seen that the green blueprint must be an extremely important treasure.

But when Chen Xiaobei thought about it, he was sure that he did not see any green blueprints.

this won't do. I have to continue trying to get information from the heavenly Dao. I have to figure out what that green blueprint is! Chen Xiaobei's eyes narrowed as he made a decision.

Chen Xiaobei: " you're right. There's indeed a green blueprint. I studied it for a long time but I still don't know what it's for. I almost threw it away.

[ heavenly Dao: don't mess around! ] That blueprint was of utmost importance! As long as you give me the blueprint, I can spare your life!

Chen Xiaobei: " (surprised) what's the use of that blueprint? I can actually resolve your hatred for me?
