#### Chapter 4371: Lying to a big fool!

4371 Lying to a big fool!

[ heaven's will: I can't tell you the function of the blueprint! ] But don't you worry, as long as you give me the blueprint, The Grudge between us can be written off!

Chen Xiaobei: " Hmph! If it was someone else who said that, I might be at ease. But since it's coming from you, I don't even believe a single punctuation mark!

It was obvious that Tiandao's character was rotten to the core.

Unless Chen Xiaobei had been kicked in the head by a donkey, he would never believe his nonsense.

He was 100% sure that once Chen Xiaobei gave him the blueprint, he would immediately turn his back on him.

Of course, Chen Xiaobei did not have any green blueprints with him.

Even if they were willing to believe in the heavenly Dao, they wouldn't be able to give him anything.

[ heaven's will: I knew it! You definitely don't trust me! ] Since that's the case, you can state your conditions, and we can make a deal directly!

Chen Xiaobei: " a deal has to be fair! I don't even know what the green blueprint is for! How could they determine its value? If he couldn't determine its value, how could he state an equivalent condition?

[ heavenly Dao: don't even think about going around me! ] I won't tell you the use of the blue blueprint.

Chen Xiaobei,"so there's nothing to discuss?" Since that's the case, I won't waste time talking to you. The blueprint is in my hands anyway, and I'll figure it out sooner or later!

The heavenly Dao said,"you ... You wait!" If I tell you, will you be willing to trade with me?

Chen Xiaobei:

The Heaven's Will said,"the green blueprint is a secret technique of the Saint pan clan. It records the method of raising a Supreme divine Phoenix."

Chen Xiaobei:

[ the heavenly Dao: that's right! ] It was that simple! As long as you state your conditions, I'm willing to trade with you!

Chen Xiaobei: " I don't get it. With your personality, even if the green Map belonged to anicca divine Emperor, you could have just taken it away. Why did you leave it with him? "

[ heaven's will: because his understanding of the green blueprint is more thorough than mine. I want to wait for him to nurture the Saint Pan Gu before snatching it from him. ]

pan Shengjie!?

Chen Xiaobei was taken aback and thought of Green Treasure.

could it be that the green Treasure is not an egg, but a special Gu worm? ”

Chen Xiaobei was very familiar with the art of Gu.

The Gu magic in Pangu great world originated from the Wu clan, who happened to be the direct descendants of Pangu.

Moreover, the original form of the kun was just an ordinary insect, a new species that had been cultivated with a secret technique into a strange and unique ability, which happened to coincide with the creation ability of the Saint pan clan.

All the signs pointed to the possibility that the green Treasure was the pan Sheng puppet mentioned by the heavenly Dao!

The heavenly Dao's plan was to let Sacred Emperor anicca cultivate pan Shengjie and then take the blueprint and pan Shengjie.

Sacred Emperor anicca wasn't stupid. He knew what the heavenly Dao was like.

Therefore, Sacred Emperor anicca hid the Gu in an unremarkable gourd, not letting the heavenly Dao know that it had been raised.

This result was really ironic.

Tiandao and Sacred Emperor Wuchang had planned everything, but in the end, Chen Xiaobei had gotten all the benefits from pan Shengjie.

Of course, in the end, this still had to do with the character of the heavenly Dao.

It was precisely because of his terrible character that his disciples had to guard against him.

If it was the prime of Tongtian or Chen Xiaobei, this would not have happened.

Therefore, a person's good or bad character would also affect a person's luck, and even affect the variables of the general situation.

[ heavenly Dao: how is it? ] Have you considered it?

Chen Xiaobei: ” I don't understand this blueprint either. I don't mind giving it to you. But, the value of this thing is not so easy to estimate!

[ heaven's will: you can ask for as much as you want. I'll satisfy you as long as it's within my ability.

“This ...”

Chen Xiaobei was stunned.

Chen Xiaobei did not know what to ask for from the heavenly axiom.

It wasn't worth it to raise it too low, but if he raised it too high, the heavenly Dao wouldn't have the ability to complete it.

How could he find the best solution?

“The last time I was snatching red packets, the heavenly Dao didn’t even let go of a five star divine Emperor level formation and snatched it away from me! It’s clear that his trump card is at this level, so it doesn’t mean much to me ...”

I’m not sure! Chen Xiaobei said, “also, the total energy in the heavenly secret realm is equivalent to a six star divine Emperor’s Holy Meridian.

“However, at that time, I only used a portion of peak five star Saint Emperor’s energy, as well as some low to mid level energy, and the secret realm immediately retracted all of my Saint Qi!”

“All the energy I’ve consumed is only a trillionth of a six star Saint Emperor level Saint vein, a drop in the bucket! However, the secret realm still retracted all of its energy and didn’t give me any more!”

“From this, it can be seen just how meticulous the heavenly Dao is with this energy! We can basically conclude that the six star Saint Emperor level Saint vein in the secret realm is the entire energy storage of the heavenly Dao!”

After a round of rational analysis, Chen Xiaobei immediately came up with his own plan.

Chen Xiaobei, I want a six star Holy Emperor level Holy Meridian!

The heavenly axiom, “what?!” Why don’t you just Rob someone? (Extremely angry) a six star Saint Emperor level Saint vein is extremely rare and priceless! Even the mid-tier leaders of the heavenly sanctuary might not be able to take it out!

Chen Xiaobei: “if you can, then we’ll make a deal. If you can’t, then stop talking. (Apathetic)

The heavenly Dao said, “you ... You wait!” I’ll think of a way!

Chen Xiaobei: “ alright. Take your time to think. Contact me when you’re done! Of course, you’d better hurry up. If I find another buyer, I won’t leave the blueprint for you!

The heavenly Dao, just you wait! I’ll give you an answer within an hour!

“Hahaha! The big fish has taken the bait!”

Chen Xiaobei was overjoyed. He could earn all the energy reserves of the heavenly axiom with this operation. Just thinking about it made him feel so good.

Of course, the heavenly Dao was so smart that it wouldn’t release the Eagle until it saw the rabbit.

“Whoosh ...”

Chen Xiaobei returned to the beixuan sacred world.

He summoned Sacred Emperor anicca.

After that, he directly used the heaven glimpse divine eye’s special ability.

From Sacred Emperor anicca’s memories, he read the blue blueprint’s contents.

Then, Chen Xiaobei took out an idiot note of the same size.

pan character: creation!

Chen Xiaobei cast the fourth-rank pan curse.

As his spiritual power continued to burn, this ordinary piece of white paper actually turned into a green leather paper that was full of vicissitudes.

Then, rows of obscure mosquitoes and exquisite runes appeared on the line.

Turning the rotten into the magical, turning the ordinary into the extraordinary!

This was the power of creation!

It was the power of Saint pan!

Very quickly, a blueprint that could pass off as real was created.

Of course, Chen Xiaobei had changed some of the contents so that those who did not understand would not notice.

He was just waiting to deceive this big fool, the heavenly Dao!

#### **Chapter 4372: The transaction is smooth!**

4372 The transaction is smooth!

Not long after Chen Xiaobei was done with his preparations, the heavenly axiom sent him a message.

Obviously, the wielder of the will placed great importance on the blueprint of pan Shengjie's breeding base. It was afraid that Chen Xiaobei would change his mind if it was delayed for too long.

Therefore, he immediately started to prepare the Saint veins.

The first thing he did was to contact Chen Xiaobei and ask him to make the deal.

The Heaven's Will said, "I've already prepared the Saint veins you want. Before we trade, I want to see the blueprint."

Chen Xiaobei:

Chen Xiaobei knew that the heavenly axiom would not trust him so easily, so he had already prepared for it.

Of course, Chen Xiaobei could not let the heavenly Dao see the entire map.

He only took a picture of a corner of the blueprint and sent it to the heavenly Dao.

The content in this corner was almost unedited, which meant that it was real without any flaws.

[ the heavenly Dao: that's right! ] This is the blueprint I want!

Chen Xiaobei: " alright. Now, let's talk about the deal. I don't believe you'll honestly hand over the money and the goods!

[ heavenly axiom: I've developed a new red packet function! ] It was called delayed red packet! We will send the item directly to the other party, but we can only snatch it after ten seconds!

[ heaven's will: within 10 seconds, we can check the contents of the red packet. If there are any problems, we can withdraw it at any time! ]

Chen Xiaobei:

The heavenly axiom said, "don't worry!" I'm willing to pay any price for that blueprint. There's no need and no intention to lie to you!

"You don't seem to be lying ..."

I can tell from the heavenly axiom's reaction that it values this blueprint very much. It's afraid that I won't trade it with it. There's no need for it to lie to me ...

most importantly, this is a fake map. Even if he lies to me, I won't lose anything. I'll just trust him this once.

Chen Xiaobei: "sure! We'll do as you say!"

After that, Chen Xiaobei realized that there was indeed a delayed red envelope function in the heavenly Dǎo red envelope group.

This function couldn't have been created by the heavenly Dao at the last minute. It should have existed long ago.

This further proved that the heavenly axiom was serious about the deal and was not trying to find an excuse to trick Chen Xiaobei.

[ the heavenly axiom has sent you a delayed red packet! ]

As the two delayed red packets were sent out, the system started a ten-second countdown.

Both Chen Xiaobei and the Heaven's Will could sense the contents of the red packet within ten seconds and recall it at any time.

"It really is an early six star Saint Emperor level Saint vein! I've really struck it rich this time!"

Chen Xiaobei quickly confirmed the contents of the heavenly red packet, and he was so happy that he felt like he could fly.

At the same time, the heavenly axiom also confirmed that the green blueprint was in Chen Xiaobei's Red envelope.

This way, both parties would not withdraw their red packets.

The deal was made.

[ ding! Congratulations! You have snatched a red envelope from the heavenly axiom. You have received an early six-star Saint Emperor-level Saint Meridian! ]

Chen Xiaobei's mood was indescribable when he received the red packet.

What Chen Xiaobei lacked the most right now was energy. A six star Holy Emperor-level Holy Meridian was equivalent to a trillion peak five-star Holy Emperor-level Holy meridians.

Such a huge amount of energy could allow Chen Xiaobei to do many things.

His overall strength would be greatly improved.

The heavenly axiom laughed. Chen Xiaobei! This idiot! You actually gave me pan Shengjie's blueprint!

Chen Xiaobei: " by the looks of it, this blueprint doesn't seem to be as simple as just raising Gu, right? "

[ heavenly Dao: nonsense! ] If it was really that simple, I wouldn't have had to exchange for it at all costs!

Chen Xiaobei thought, 'what other secret is this drawing hiding? (Puzzled)

After all, Chen Xiaobei had peeked into Sacred Emperor Wuchang's memory and did not find any other secrets in the blueprint.

Could it be that only the heavenly Dao knew about this secret and Sacred Emperor anicca knew nothing about it?

[ heaven's will: now that the blueprint is in my hands, there's no harm in telling you! ]

The Heaven's Will said, [ although the cultivation method of the Saint pan puppet is a secret of the Saint pan clan, it's not difficult to get it! ]

The heavenly Dao thought, 'but this green blueprint isn't just a method to raise Gu, it's also the manuscript of Saint Pan's Supreme divine ancestor!

[ Chen Xiaobei: the manuscript of the Saint Pan's Supreme divine ancestor? ] What was so special about this?

[ heavenly Dao: ignorant! ] Stupid! This manuscript was created by the Supreme divine ancestor Saint pan with his special ability, and it contained the mark of his Saint Soul!

"Heaven's will: don't you have the most powerful cultivation method called the" phaseless chaotic body "?" I'm honored to tell you that I know this cultivation technique too!

Chen Xiaobei: You also know the formless chaos celestial body? (Shocked)

[ as long as I devour this manuscript, my avatar will be able to give birth to the Supreme power of Saint pan! ] With the addition of the special abilities of my Yuan Sage Race, I will possess heaven-defying power of creation. In time, I will be the next ancestral Sage creator! Hahaha ...

Chen Xiaobei: " no wonder you're willing to pay any price to make a deal with me. There's such a huge secret behind this!

Obviously, the heavenly Dao would use the formless chaos law body, but Sacred Emperor Wuchang wouldn't.

Therefore, Sacred Emperor anicca didn't think of what to do next.

Chen Xiaobei could not read anything from Sacred Emperor anicca's memory.

He had to admit that the heavenly Dao was really very smart to be able to think of such a method.

Unfortunately, he was too greedy.

He had to wait until Sacred Emperor anicca had nurtured the divine venomous worm before he could snatch it away.

What they didn't know was that after Sacred Emperor anicca had raised pan Shengjie, he had been careless and the blueprint had been swallowed by pan Shengjie.

Not only the heavenly axiom, but even Chen Xiaobei could not get his hands on the real blueprint.

And now, Chen Xiaobei had used a fake blueprint in exchange for all the energy reserves of the heavenly axiom.

The heavenly axiom was still laughing at Chen Xiaobei's stupidity.

It was truly laughable.

Chen Xiaobei: " I didn't expect you to be so smart. You've really struck it rich this time!

The heavenly Dao: Do you know how stupid you are now? You actually want to fight me? What a whimsical idea! You, the number one profiteer of the Three Realms, are a joke in front of me!

Chen Xiaobei: " what's your next plan? "

[ heavenly Dao: nonsense! ] Of course, I'm going to cultivate pan Shengjie myself, then devour the manuscript and obtain the Supreme divine ancestor's power!

Chen Xiaobei: " doesn't that make you invincible? "

[ heavenly Dao: it's good that you know! ] If you know what's good for you, come to the natural law School and beg for mercy! Maybe I'll be happy and spare your cheap life, and let you be a watchdog for the natural law School!

'I'll go to the natural law School sooner or later, but I'm afraid there'll be someone else begging for mercy!'

The heavenly axiom,"what?!" Now that things have come to this, you still want to go against me? You're really tired of living!

Chen Xiaobei: " I don't want to waste my time talking to you. Go and raise your Leviathan, you big idiot!

### Red Envelope Group of the Three Realms

#### **Chapter 4373: A bold idea!**

4373 A bold idea!

[ heavenly Dao: what did you say! ] You dare to call me an idiot? Chen Xiaobei! You simply don't know what death is! Don't let this Lord catch you! Otherwise, I'll pull out your tendons, peel your skin, and make you beg for death!

Tiandao was exasperated. He thought that Chen Xiaobei should be begging for mercy now that he had revealed the entire plan.

However, Chen Xiaobei was not afraid at all. Instead, he even called him an idiot.

This was really infuriating the heavenly Dao.

“Pfft ...”

Chen Xiaobei was so amused that he could imagine tendo’s face turning red in anger.

He used all his fortune to exchange for a fake map and was still so proud of himself, thinking that he was invincible.

If this wasn’t an idiot, then what was?

Chen Xiaobei ignored him and turned off the communication rune.

He would not let him know that the blueprint was fake so that he could spend more time and energy on raising the Gu. This way, Chen Xiaobei would have more time and space to develop himself.

It’s a pity that the blueprint was swallowed by Green Treasure. Otherwise, I would be the one to possess the Supreme divine ancestor’s abilities ...

Chen Xiaobei felt a little regretful.

He paused for a moment and thought, ‘but, using the same logic, can I devour the Saint Pan Dao devouring axe?’

The core of the Saint devouring Dao axe is a trace of its original true spirit, and it was most likely created by the Supreme divine ancestor!

According to the theory of the heavenly Dao, the true spirit of Saint Pan’s axe should have the Saint Soul mark of Saint Pan’s Supreme Saint ancestor. Even if it’s just a tiny bit, it should be able to give me special abilities!

It was obviously a bold idea.

Even though it was possible, the risk was huge.

After all, the Saint devouring axe was Chen Xiaobei’s strongest trump card. If he could not derive any special ability after swallowing it, or if his special ability was not strong enough, Chen Xiaobei would be at a great loss.

Therefore, he could only suppress this thought for the time being.

Chen Xiaobei would only consider doing so when the Saint devouring Dao axe was no longer useful, or when he was stuck in a dead end.

These two conditions might seem harsh, but they were not far from Chen Xiaobei’s level.

This was because the axe only contained a trace of its true spirit.

Although the Saint pan axe was a Supreme ancestral Saint, the quality of the true spirit was only equivalent to a five star divine Emperor.

Before reaching this level, the Saint devouring Dao axe could be invincible among its peers.

However, at this level, the advantage of the Saint devouring Dao axe would be greatly reduced. After exceeding this level, the Saint devouring Dao axe would become an ordinary Dharma Treasure, and it would be difficult for it to perform well.

By then, Chen Xiaobei could consider devouring it.

The other situation was a dead end. This was not the first time Chen Xiaobei had encountered such a situation, and this was only at the outer area of the heavenly sanctuary.

As the journey continued, Chen Xiaobei would have to face even more powerful enemies, and death could come at any time.

If he had no other choice, Chen Xiaobei could only swallow the Saint devouring Dao axe to try and find a way out.

Therefore, this bold idea might seem distant, but in fact, it had been prepared at all times.

I don't care. I'll cultivate for a while before setting off!

Chen Xiaobei returned to the beixuan sacred world.

Now that he had enough energy, Chen Xiaobei's strength could be improved in all aspects.

Chen Xiaobei took out the divine sunlight cache and frowned. my current cultivation is too high. The God-level sunlight cache might not be able to satisfy my needs ...

Ever since Chen Xiaobei had obtained the heart of Hongmeng, he had been able to cultivate without any difficulty.

But now that the power of the heart of Hongmeng had been used up, Chen Xiaobei decided to use his own cultivation to increase his cultivation level in order to save on the Saint Emperor Mystic fat.

And now, Chen Xiaobei was already an early-stage four star divine Emperor.

If it was normal cultivation, even if there was no bottleneck at all, it would take at least hundreds of millions of years to break through a minor realm. Moreover, the higher the cultivation, the time consumed would be multiplied.

Therefore, the divine sunlight cache's speed boost was not enough for Chen Xiaobei to finish his cultivation.

pan character: creation!

Chen Xiaobei started to burn his mental power to modify the divine sunlight cache according to his last wish.

Although creating special abilities was very magical, it also consumed a huge amount of mental strength.

Chen Xiaobei had used up almost all of his mental power to upgrade the sunlight cache to Saint-tier.

This was because the transformation was not only limited to the sunlight cache itself, but also to allow the sunlight cache to adapt to a higher level of time law.

Of course, even if it only reached the Saint level, the effect would be hundreds of millions of times better than before.

“Whoosh ...”

Chen Xiaobei immediately started to burn his life to activate the Saint sunlight cache.

The main thing was that there was no enemy who could burn their lifespan.

Moreover, the Saint sunlight cache consumed a lot of lifespan, so it wasn't suitable for his own people to use.

So, Chen Xiaobei had to activate it himself.

Luckily, Chen Xiaobei had a lot of life left in him. He had already lived for one netherworld year.

Even if activating it for a second would consume hundreds of millions of years of his lifespan, it was nothing to Chen Xiaobei.

Once he broke through a small realm, all the consumption would be replenished, and there would be extra to spare.

“Whoosh ...”

Under the Saint sunlight cache's special ability, time began to run extremely fast.

A second in the outside world was equivalent to hundreds of millions of years in the sunlight domain.

First, Chen Xiaobei burned nine portions of five star divine Emperor's energy to upgrade the nine words of the one word Saint-killer curse to the fifth level.

This way, Chen Xiaobei would be invincible under the seven Star Holy Land.

After that, Chen Xiaobei started to absorb the energy to cultivate.

He successfully broke through the minor realm.

Intermediate four-star, advanced four-star, and peak four-star.

A few minutes had passed in the outside world, and Chen Xiaobei had already broken through three small realms.

[ ding Yingying's cultivation base: four star divine Emperor Peak stage. Lifespan: 1 year of the underworld! (Zero points are ignored)

breaking through three minor realms in a row only adds a fraction to my lifespan ...

'Sacred Emperor anicca is a crazy person who can save his life! He's spent trillions of years to save up a year's worth of lifespan ... I really have to give in to him ...”

It was obvious that no one below the divine ancestor realm could live for one underworld year if they cultivated normally.

From this, it could be seen that the evil cultivation method of the natural law School was really awesome.

Of course, the more impressive they were, the happier Chen Xiaobei was because the lifespan that they had worked so hard to save up would most likely be in Chen Xiaobei's pocket.

"Next, it's time to use the Saint Emperor Mystic resin to break through to the next realm!"

### Red Envelope Group of the Three Realms

#### **Chapter 4374: where to?**

"Whoosh ..."

Chen Xiaobei then took out 300 million drops of Saint Emperor Mystic resin.

In front of him, a rather large Holy pond was formed.

As his cultivation level increased, the consumption of Saint Emperor Mystic fat also increased.

And this was under the premise that Chen Xiaobei himself had broken through a small realm. Otherwise, he would have used up even more energy.

Now that Chen Xiaobei had taken the initiative to cultivate to break through a small realm, the amount of Sacred Emperor Mystic fat he had saved was enough for him to use twice. It could help Chen Xiaobei break through the two major bottlenecks of the six and seven Star divine Emperor realm.

At that time, the entire Lake of Mystic fats left behind by the omniscient Sacred Emperor would be completely used up.

As for the two major bottlenecks of eight-star and nine-star, Chen Xiaobei would have to rely on himself.

"Whoosh ..."

As the Saint Emperor Mystic resin was refined and absorbed, Chen Xiaobei's Saint Qi began to fluctuate in a terrifying manner.

It was as if a trillion volcanoes had erupted and billions of stars had fallen. The heavens and earth trembled, and Yin, yang, and the five elements were all twisted in an instant.

"Phew ..."

Finally, the Saint Qi fluctuations calmed down after reaching their peak.

This meant that Chen Xiaobei had successfully broken through to the next level.

[ ding Yingying's cultivation base: early five star divine Emperor. Lifespan: 1 year of the underworld! (Zero points are ignored)

there's still a lot of energy left anyway. I'll continue cultivating!

Chen Xiaobei focused and continued to activate the Saint sunlight cache.

With the constant supply of energy, Chen Xiaobei's small realm continued to break through.

Intermediate, advanced, and peak.

The whole process went smoothly, and Chen Xiaobei reached the bottleneck of another realm.

"Whoosh ..."

Without further ado, Chen Xiaobei took out 300 billion drops of Saint Emperor Mystic resin.

He had successfully broken through another major realm.

phew ... There's finally a slight change in my lifespan.

Chen Xiaobei's face lit up with joy. His continuous cultivation and breakthroughs had paid off.

Of course, at this moment, this little increase in lifespan did not mean much to Chen Xiaobei.

The real improvement was in the realm of cultivation.

Chen Xiaobei's power was far stronger than the Saint devouring axe and the chaos Blood Sword. He could even defeat anyone below the seven Star divine Emperor level without using the one word Saint destroyer curse.

On paper, Chen Xiaobei's strength was far stronger than the heavenly axiom.

However, Tiandao could be said to be unfathomable. His strength on the surface was definitely not his limit.

Pseudo realms, special abilities, trump cards, backers ... The heavenly axiom still had other cards up its sleeves.

Chen Xiaobei did not have a 100% chance of winning against the will of heaven.

"I have to continue to improve my strength as much as possible ..." He thought.

Chen Xiaobei calmed himself down from the joy of his breakthrough. I don't have enough energy to break through a small realm, nor can I improve the one word Holy extermination curse. I have to continue looking for more energy ...

"In addition, it's time for me to upgrade my trump card! This seems to be the first time that my strength has exceeded the level of my trump card. Although it feels good, in the end, my trump card can still play a vital role!"

Chen Xiaobei started to plan the next step of his development.

Energy, trump cards, these were still problems that had to be solved.

Other than that, what Chen Xiaobei needed to do was to cut off the heavenly axiom's wings and figure out its depth so that he could prepare for the final battle.

Chen Xiaobei could not help but think of a song from earth, "without guns and cannons, the enemy will make us one."

Without energy and trump cards, he would naturally find the enemy to deal with.

I've improved so much this time. Let's try the eldest brother of the natural law School!

Chen Xiaobei raised his brows and stepped into the void, heading towards Xuanyuan city.

According to Chen Xiaobei's memories, Xuanyuan city was the territory of the heavenly Dao sect's eldest senior brother, Sacred Emperor Xuanyuan. It was located in the middle level of the heavenly sanctuary.

Its scale and comprehensive strength far exceeded that of Longguang city.

In his memory, mystic essence divine Emperor was a peak four star divine Emperor, second only to Tian Dao.

Xuanyuan city was also the most powerful force under the natural law School. It could even be said to be a pillar of the natural law School.

Chen Xiaobei had set his sights on divine Emperor mystic essence. If everything went well, not only could he eliminate the eldest senior brother of the natural law School, he could also make the school collapse and fall into unprecedented chaos.

.....

Xuanyuan city.

Its scale, population, and overall strength were all things that Chen Xiaobei had never seen before.

Judging from the size of the city, there were definitely more than thirty thousand sacred emperors. If they all became loyal dogs, the empty seats of sacred emperors in the mysterious North great world would be filled. This way, the mysterious North great world could at least become a four star Sacred Emperor.

Of course, Chen Xiaobei's goal was not just the Holy Emperor.

Right now, the energy that Chen Xiaobei had left was equivalent to a six-star divine Emperor level Holy Meridian. It was enough to merge the entire Xuanyuan city into the beixuan divine soul realm.

At that time, the level of the North profound sacred world would soar even higher.

To achieve this, the first step was to take down mystic essence divine Emperor.

"Little brother! What are you doing here?"

Suddenly, a voice full of energy came from behind Chen Xiaobei.

He turned around and saw an old acquaintance.

It was a very beautiful young girl. She had a pretty face, a graceful figure, and a pair of big watery eyes. She was very moving.

This young lady wasn't a human.

There was a pair of furry ears on its head, and its hair was a faint milky white.

It also had a furry tail behind it.

It was clear that she was from the demonic beast clan who had yet to fully transform into human form.

Her cultivation had reached the nine Star Saint King realm, but she still hadn't fully transformed. This meant that her bloodline was at least at the Saint Emperor level.

That's right!

This girl was Bai Shishi, the girl Chen Xiaobei met at Mount Mangdang.

The last time she wore a night suit, it was far less beautiful than today's chiffon dress.

That's why people say that clothes make the man. Last time, she was like a tomboy, and this time, she was like a little princess.

"Bai Shishi? Aren't you in Yuanji city?" Chen Xiaobei was confused.

"Do you think you're fit to call me Bai Shishi? Call her Senior Sister!"

Bai Shishi pouted and said, "My home is in Xuanyuan city. The last time I went to Yuanji city, I only wanted to pick the Holy bloodfruit! Later on, I saw that there were too many powerhouses present, so I didn't want to get involved in this mess and retreated."

you're pretty smart ... Chen Xiaobei smiled.

"Of course I'm smart,"

Bai Shishi raised her chin and said proudly, "If I didn't remind you not to move, you would have been dead!"

"So, I should thank you?" Chen Xiaobei was amused by how crazy this girl was.

"Of course you have to thank me!" Bai Shishi pouted and said, "how about this, you accompany me to a place!" Just take it as you've returned the favor!"

"Where to?" Chen Xiaobei furrowed his brows. He had a feeling that this girl was up to something again.

#### **Chapter 4375: Mystic Divine Palace!**

4375 Mystic Divine Palace!

"The place your Senior Sister is taking you to must be a good place!"

Bai Shishi raised her eyebrows and a mischievous smile appeared on her pretty and delicate face.

The idea was confirmed.

"Can I say I'm not going ..."

Chen Xiaobei was speechless. He was here to mess with Sacred Emperor Xuan Yuan, why would he have the time to mess around with Bai Shishi?

"What kind of man are you? Could it be that your senior martial sister would harm you?"

Bai Shishi's tone was full of provocation. It was too obvious what she was trying to do.

"Fine, I'll go with you. I'll take it as an opportunity to get to know more about Xuanyuan city,"

Chen Xiaobei thought about it for a while. Although he was here for Sacred Emperor mystic essence, he did not have a feasible plan. He did not even know where to start.

He might be able to sort out some of his thoughts if he followed Bai Shishi.

"That's more like it! Hurry over!"

Bai Shishi smiled and grabbed Chen Xiaobei's wrist, pulling him to her side.

"From now on, you are my fiancé! Your mission is to help me drive away an annoying person!"

Bai Shishi was holding Chen Xiaobei's arm like a little bird.

"Pfft ..."

Chen Xiaobei almost vomited blood.

Wasn't this a melodramatic plot on earth? Why was he still doing this in the heavenly sanctuary?

However, after thinking about it carefully, this was not strange at all.

As the saying goes, desire for food and sex is also part of nature.

Unless everyone could achieve emptiness, how could they escape the shackles of love?

In the heavenly sanctuary, even the sage Emperor would fall for the charms of a beauty, let alone a hero.

What was love in the world? It would be difficult for anyone below the divine ancestor level to escape this problem.

"We'll be there soon! Show me your strength and don't expose yourself!"

Bai Shishi tugged at Chen Xiaobei's sleeve and looked at the castle in front of them nervously.

"Mystic Divine Palace? It's so imposing!"

Chen Xiaobei's expression changed.

This castle was the most magnificent, magnificent, and luxurious building Chen Xiaobei had ever seen since he entered the city.

Even though Chen Xiaobei had only seen the tip of the iceberg of Xuanyuan city, it was enough to prove that the owner of the castle must have an extraordinary identity and high status.

Of course, other than surprise, Chen Xiaobei was also confused.

Bai Shishi was merely a nine stars Saint King, how could she be related to this Castle?

It looked like someone from the castle was trying to woo Bai Shishi, but she did not agree to it. She even asked Chen Xiaobei to come and piss the person off.

Was this girl not afraid of death?

It was obvious that it would be easier for the people in the castle to kill Bai Shishi than to kill an ant.

How could she dare to reject the other party? How dare she bring Chen Xiaobei here to piss him off?

This was too crazy!

No matter how big-headed he was, he shouldn't be courting death like this!

"Greetings, Princess Bai!"

However, when he reached the door, Chen Xiaobei realized that he was overthinking.

The two guards saluted Bai Shishi very respectfully, not daring to show the slightest neglect.

"Why would they call you Princess?"

Chen Xiaobei asked in surprise.

there are 108 commanderies in Xuanyuan city, and my father is the monarch of the snowfrost Commandery. If they don't call me Commandery Princess, what else can they call me? "

Bai Shishi pouted and explained impatiently.

Chen Xiaobei's scalp went numb.

He really didn't expect that this crazy and smart girl would have such a special identity.

However, after thinking about this girl's personality, it wasn't strange.

He was bold, a little stubborn, and a little arrogant. This was not a character that a weakling should have.

After all that, she actually had such a powerful background.

According to her, the rulers of the 108 commanderies should be equivalent to the governor of the border, and their status might be second only to Sacred Emperor Xuan Yuan.

"Princess Shishi is here? My young master is looking forward to seeing you!"

At this moment, an old man in luxurious clothes came up to them.

Judging from his attitude and behavior, he was probably the Butler of this Castle.

Chen Xiaobei took a quick glance and noticed that the man's cultivation was at the three star divine Emperor level.

Even though his cultivation was not as high as Chen Xiaobei's, it was still considered average in the natural law School.

Of course, in terms of cultivation, he was not even in the ranking of the natural law School when it came to his supernatural abilities, trump cards, and evil techniques.

It was because of this that he could only guard the house.

However, Chen Xiaobei's heart skipped a beat.

Even the rulers of the 108 commanderies didn't have the privilege of a three star divine Emperor as a steward.

He then thought of the name of the castle, Mystic Divine Palace.

Chen Xiaobei's eyes widened. Could the owner of this Castle be related to Sacred Emperor Xuan Yuan?

Chen Xiaobei and Bai Shishi were led into the castle by the old Butler.

"Please wait a moment, Princess Shishi. This old servant will go and get the young master."

The old man smiled at Bai Shishi, looking very respectful and kind.

However, the moment he turned around, he glared at Chen Xiaobei with a cold look.

At the same time, a powerful Yin Qi pressure came down on Chen Xiaobei.

Obviously, the old man was full of hostility towards Chen Xiaobei. He wanted to show Chen Xiaobei who was boss, either to scare Chen Xiaobei away, or to intimidate Chen Xiaobei and let him know who was in charge here.

However, the old man did not expect that Chen Xiaobei would not be affected at all by the pressure that he had released.

Chen Xiaobei sipped his tea calmly, as if nothing had happened.

"Uncle Fu, why aren't you going?"

Bai Shishi asked innocently, unaware of all this.

"This old servant saw that this young master's face was a little unfamiliar, so I took a second look. I'll go now."

Uncle Fu smiled kindly before turning around and leaving.

As soon as he turned around, the smile on his face gradually disappeared.

He was very surprised. Why couldn't his pressure intimidate an ordinary-looking young boy?

Could it be that this kid's strength was above his?

No! Absolutely impossible!

Uncle Fu shook his head heavily and thought to himself, "this brat is still so young. If his cultivation is higher than mine, then wouldn't my trillions of years of life have all been in the stomach of a dog?"

this kid must have cultivated a concealment technique to hide his true cultivation. He can't be stronger than me!

With that thought, uncle Fu no longer felt conflicted and silently quickened his pace.

.....

“Shishi! You’ve finally come to me! I’ve really missed you to death!”

Not long after, an excited voice was heard by Chen Xiaobei and Bai Shishi.

### Red Envelope Group of the Three Realms

#### **Chapter 4376: brazenly making a move!**

Looking in the direction of the voice, a young man was running towards them.

He could be considered to be handsome and well-dressed. He exuded a noble aura and was the Prince Charming in the eyes of many women.

However, the moment Bai Shishi saw him, she immediately frowned and her beautiful eyes were filled with disgust.

his name is Xuan Shence, the third son of Sacred Emperor Xuan Yuan. Don’t be fooled by his appearance. He’s actually a very sinister person. You have to be careful!

Bai Shishi reminded Chen Xiaobei in a low voice.

At the same time, she wrapped her hands tightly around Chen’s arm, looking even more intimate than before.

“Shishi, who is this kid?”

When Xuan Shence came closer, the surprise on his face was replaced by intense jealousy.

With his status, countless women would do everything they could to get close to him, but he was still in love with Bai Shishi.

In his opinion, he was definitely worthy of Bai Shishi. It could even be said that his pursuit was a gift to the Bai family, a glory to the Bai family! Bai Shishi should have accepted it and be grateful!

However, not only did Bai Shishi not accept him, she was even holding Chen Xiaobei’s arm!

This wasn’t just a slap in the face. It was simply stepping on his face and rubbing it on the ground. Even his father, Sacred Emperor Xuan Yuan, would be humiliated.

Because of this, although it was the first time Xuan Shence had met Chen Xiaobei, he was already filled with extreme hatred.

If Bai Shishi was not here, Xuan Shence would have smashed Chen Xiaobei into a meat paste and destroyed his soul and body.

“He’s my fiancé!”

I brought him here today to tell you not to pester me anymore,” Bai Shishi said seriously. it’s impossible between us!

Actually, Bai Shishi only wanted to be Frank with him and did not have any ill intentions.

However, these words were extremely harsh to Xuan Shen CE and he even regarded them as a great humiliation.

“When did you have a fiancé? How come I didn’t know? Did your father agree to it?”

Xuan Shence suppressed his anger and asked three questions.

I met him two days ago when I went out to play. I don’t need you to know. Besides, my father has never been able to control me. Whether he agrees or not, it won’t change my decision!

Bai Shishi raised her chin arrogantly, as if she had not noticed that Xuan Shence’s anger was on the verge of exploding.

“Bai Shishi, have you ever thought about this? I’m the third son of the mystic essence divine Emperor and I can’t even compare to a little brat that came out of nowhere! Once this matter spreads, where will I put my face? Where would my father put his face?”

Even the old Butler, uncle Fu, had a gloomy look in his eyes. He looked like he was about to make a move at any moment.

“What does it have to do with me where you put your face? I don’t owe you anything.”

Bai Shishi pouted, not giving him any face at all.

All along, she had always been like this. She was really straightforward and did not know how to disguise her true thoughts. She also did not know how to observe people’s expressions and fawn on the powerful. She did not even know when she had offended people.

To put it nicely, she was as clean as a piece of white paper.

To put it bluntly, she was really silly and didn’t know that the human heart was sinister.

“Good! Very good!”

Xuan Shence’s eyes turned cold, and he said, “In Xuanyuan city, there’s nothing that I, the mystic Divine strategy, can not get! Since I can’t catch you, I can only snatch it!”

“Swish!”

As soon as he said that, uncle Fu’s figure turned into a ghost and he charged towards Bai Shishi.

This old man was a three star divine Emperor and his speed was so fast that it was hard to see him with the naked eye.

Of course, this was only limited to Bai Shishi and the black divine strategy.

In their eyes, uncle Fu had already become a shadow. They couldn’t see his movements at all.

However, in Chen Xiaobei’s eyes, uncle Fu’s actions were slower than a turtle’s.

“Whoosh ...”

Chen Xiaobei and Bai Shishi dodged to the side and dodged the attack.

“BOOM!”

Uncle Fu pounced too ferociously and missed. He couldn't withstand the force and heavily landed on the ground, shattering the ground. He was covered in dirt and was in a sorry state.

"What a fast movement technique!"

Xuan Shence looked at Chen Xiaobei again.

Initially, Xuan Shence did not think much of Chen Xiaobei but now, he had to be on his guard.

"He didn't use any movement techniques at all!"

Uncle Fu lost his face and angrily shouted, "That kid was just lucky and instinctively moved a step! He won't be able to Dodge my next attack!"

Uncle Fu was right, Chen Xiaobei did not use any movement techniques.

However, uncle Fu would never have thought that Chen Xiaobei's strength was so much more powerful than his. Even without using any movement techniques, he could still toy with uncle Fu like a monkey.

"Uncle Fu, are you really confident? Why don't I invite father over?"

Xuan Shence was very cautious, mainly because he could not see through Chen Xiaobei's cultivation.

All this time, he had relied on his father's reputation to act like a tyrant.

Therefore, whenever he encountered danger, the first thing he did was to bring up his father.

"There's no need for that at all!"

Uncle Fu said confidently, "this kid is just using a concealment technique to hide his cultivation!" This old man can conclude that his cultivation is definitely below mine! There's no need to alert mystic essence divine Emperor to deal with this kind of trash!"

then you can try again ... Xuan Shence squinted his eyes. Although he was cautious, he trusted uncle Fu.

After all, uncle Fu's strength was one of the strongest in the entire Xuanyuan city.

Xuan Shence also did not believe that Chen Xiaobei could surpass uncle Fu at such a young age.

Perhaps, Chen Xiaobei was just lucky.

"Whoosh ..."

A vast amount of Saint Origin Energy instantly burst out from uncle Fu's body. It was like a vast ocean that had the power to swallow the heavens and earth.

Obviously, the reason why Uncle Fu was so confident was because he didn't use his full strength earlier.

Now, he would not hold back and would not give Chen Xiaobei any chance.

Even if Chen Xiaobei was still as lucky as he was just now, he would be killed by absolute power!

There would be no suspense!

“Swish!”

In the next instant, uncle Fu suddenly charged over.

This time, Bai Shishi and Xuan Shence could not even see Ji Ying anymore. It was as if uncle Fu had disappeared.

“This is bad!”

Bai Shishi’s heart clenched. She felt that she had caused Chen Xiaobei’s death. She felt extremely guilty and remorseful.

“Bang!”

Then, a muffled sound exploded.

By the time Bai Shishi and Xuan Shence had a clear look, there was already a mist of blood in the air.

The originally vast Saint Qi had completely calmed down.

This meant that the outcome of the battle had already been decided!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4377: Invincible in the world!**

4377 Invincible in the world!

“No! Don’t!”

no! Bai Shishi screamed. She did not see anything and thought that uncle Fu had killed Chen Xiaobei.

After all, she had always seen Chen Xiaobei as a weakling. She had even asked Chen Xiaobei to protect him and to call her Shijie.

Therefore, her first thought was that Chen Xiaobei had been blasted into a bloody mist and died without an intact body.

“Idiot, stop shouting. Are you trying to make me deaf?”

However, at this moment, a mocking voice rang in Bai Shishi’s ears.

The little girl shuddered and realized that she was still holding onto Chen Xiaobei’s arm. His arm was warm and strong, giving her a strong sense of security.

you ... You’re actually fine!?

Bai Shishi’s beautiful eyes were wide open, and tears welled up in them because of the guilt.

of course I’m fine. Why else would you be talking to a ghost? ”

Chen Xiaobei chuckled, amused by the little girl.

“If you’re fine, then this blood mist ... Is ... Is ... Is it uncle Fu!?”

Bai Shishi was completely stunned. Her beautiful eyes were filled with fear, as if she had seen a ghost. She could not believe her eyes.

At the same time, the way she looked at Chen Xiaobei had completely changed.

It was as if he had seen an extremely terrifying god of death. He was shocked, fearful, and astonished from the bottom of his heart.

She did not even dare to look Chen Xiaobei in the eye.

The thought of having Chen Xiaobei call her Shijie made her heart clench tightly.

“Spare me ... Spare me ...”

At the same time, uncle Fu’s Saint Soul was wailing in fear.

His Saint Soul was under Chen Xiaobei’s foot, and his life was in Chen Xiaobei’s hands.

Uncle Fu realized that he had underestimated Chen Xiaobei.

Uncle Fu had used all of his strength, but he was still defeated by Chen Xiaobei in one move.

The key was that it wasn’t a simple defeat, but a single move that exploded his body and soul into a mist of blood. Not even a bit of his flesh and blood could be found.

More importantly, uncle Fu did not even see how Chen Xiaobei did it.

This was even more terrifying!

Oh ... Oh my God ... Who is this kid?!

Seeing this, Xuan Shence was so shocked that his pupils shrank and his eyes trembled. His mouth was wide open as if his jaw was going to fall off.

He was cautious by nature and guessed that Chen Xiaobei might be very strong.

He did not expect Chen Xiaobei to be this powerful.

Xuan Shence even felt that Chen Xiaobei’s power had surpassed his father, divine Emperor Xuan Yuan.

“Didn’t you want to call your father over? Call him over, I’ll be waiting for him.”

Chen Xiaobei’s original plan was to deal with Sacred Emperor mystic essence. Since he had already made his move, he might as well go all the way and solve the problem once and for all.

Chen Xiaobei’s strength had just increased by a lot, and he was now invincible against anyone below the seven Star divine Emperor level.

Under normal circumstances, a mystic essence divine Emperor’s lifespan wouldn’t be enough to reach the fake Seven Star divine Emperor realm.

Therefore, Chen Xiaobei was very confident about this battle.

He was completely fearless in a direct confrontation.

“You ... Just you wait ...”

Xuan Shen CE swallowed and immediately used the communication rune to contact Sacred Emperor Xuan Yuan.

“Lian Sheng.”

Chen Xiaobei did not panic and immediately produced two Divine Lotus of heavenly law.

The first flower naturally had uncle Fu under its control.

The second flower was for the Xuan Shen CE!

“Woof! Whoosh!”

With two divine lotuses flying out, uncle Fu could not avoid them. His Saint Soul was branded on him, and he became Chen Xiaobei’s loyal dog.

Xuan shenci’s cultivation was low, so he couldn’t Dodge the attack. The Saint Lotus also burned into his Saint Soul.

“This ... This is Grandmaster’s Saint Soul special ability!”

Xuan Shence’s face turned pale. He looked at Chen Xiaobei with fear in his eyes, and his entire body trembled.

Obviously, with his relationship with Sacred Emperor Xuan Yuan, Xuan Shence had already joined the natural law School and recognized the power of the natural law.

He knew that this was the unique ability of the heavenly Dao. Not even the disciples of the heavenly Dao could do it, let alone outsiders.

This completely subverted his three views, even making him start to doubt life.

“Stop talking nonsense. Have you contacted your father? If he doesn’t come, I’ll kill you!”

Chen Xiaobei did not want to waste his breath on Xuan Shence.

“Come! My father will be here soon!”

Xuan Shence’s eyes narrowed, and he seemed to have other plans.

Chen Xiaobei was smart enough to notice that something was amiss. However, after some careful calculation, he realized that everything was under his control. What could a mere Xuan Shen CE do?

“Xuan character, fortune!”

Of course, Chen Xiaobei would not make the stupid mistake of underestimating his enemy.

He secretly activated the level 5 spell “ Xuan ” and scanned his surroundings to observe his own opportunities.

There were many types of opportunities. Not only could one obtain benefits, but sometimes, one could also obtain help indirectly.

After looking around, Chen Xiaobei realized that his chance was with Bai Shishi.

This was very strange.

The little girl was only a nine stars Saint King. She would not be able to affect the upcoming battle, much less help Chen Xiaobei.

However, this might mean that Bai Shishi knew some secrets that could lead to great benefits.

Chen Xiaobei finally understood why Xuan Shen CE would chase after Bai Shishi to the extent that he would even ask uncle Fu to take her away.

Perhaps Xuan Shen CE had already known about this secret. He was not pursuing Bai Shishi out of love, but because of the secret.

Whoosh ... Whoosh ... Whoosh ...

While Chen Xiaobei was thinking, a group of people appeared in the sky.

The man in the middle looked very similar to Xuan Shence, and he was covered in holy light. His aura was much more powerful than the others.

He could basically confirm that this was the mystic essence divine Emperor himself!

“Father, save me ... Save me ...” He cried.

Xuan Shence shouted with great excitement.

“Don’t worry! You will be safe and sound with this Lord’s presence!”

Sacred Emperor Xuan Yuan was very domineering and looked down on everything.

After all, the entire Xuanyuan city was his territory. He was the master of everything here.

“Oh no... Mystic essence divine Emperor is here personally ...”

Bai Shishi became nervous again. he’s the first disciple of the natural law School, and his cultivation is many times higher than uncle Fu’s. He also has a trump card that’s said to be invincible!

“Invincible? On what basis?”

Chen Xiaobei was taken aback.

Although he knew that mystic essence divine Emperor wouldn’t be easily defeated, he didn’t expect this guy to have an invincible trump card.

Could he be stronger than the heavenly Dao?

[Red Envelope Group of the Three Realms](#)

**Chapter 4378: Seven-star!**

4378 Seven-star!

Bai Shishi’s description confused Chen Xiaobei.

He was invincible!

If he really had such a trump card, would mystic essence divine Emperor still need to be a disciple of the heavenly Dao? This was a complete contradiction!

“Mystic essence divine Emperor’s trump card is called the mystic essence Saint destroying formation! A pseudo realm that can allow one to sacrifice their Saint Soul and break through without limit!”

as far as I know, the heavenly Dao has an evil cultivation technique that is at the level of a Seven Star divine Emperor. No matter how long he has lived, he will never be able to step into the pseudo realm that is beyond the level of a Seven Star divine Emperor! Bai Shishi explained.

“However, Sacred Emperor Xuan Yuan’s Xuan Yuan Saint destroying formation doesn’t have any level restrictions! In theory, as long as he sacrifices enough Saint souls, he can even step into the false realm of peak ancestral Saint!”

“In terms of upper limit, mystic essence divine Emperor’s trump card is indeed stronger than the heavenly Dao! However, it’s only in theory. If you really want to reach the peak of the pseudo ancestral Saint realm, I’m afraid that even sacrificing all the sacred emperors in the world won’t be enough!”

Chen Xiaobei heaved a sigh of relief.

After half a day, it was only invincible in theory. In reality, how much power the formation could unleash depended on how many sacred emperors mystic essence could sacrifice.

Chen Xiaobei immediately recalled the battle at long Guangcheng.

At that time, a total of 108 golden-armored warriors sacrificed their Saint souls and pushed the last golden-armored warrior into the pseudo five star divine Emperor realm.

Without a doubt, the battle formation that the Golden-armored warriors had formed was the “mysterious origin Saint destroyer formation”!

And long Guangcheng himself was a force under the banner of the heavenly law, so the clues were completely correct.

“Little brat! Do you know why I’m not in a hurry to take care of it?”

Mystic essence divine Emperor looked down at Chen Xiaobei, his eyes full of disdain.

He said viciously, “that’s because I want Bai Shishi to tell you about my power! If you admit defeat now, you can still die a lighter death! Otherwise, I’ll make you suffer and suffer a fate worse than death!”

It was obvious that even though the mystic origin Saint-exterminating formation was powerful, the price to pay was extremely high.

Thus, mystic essence divine Emperor wouldn’t use it unless he had no choice.

The best outcome for Sacred Emperor Xuan Yuan was for Chen Xiaobei to surrender immediately after Bai Shishi’s introduction.

This way, mystic essence divine Emperor didn’t need to sacrifice his divine emperors.

After all, Saint emperors were not cabbages. Even in the heavenly sanctuary, there were not many of them.

The entire Xuanyuan city only had 30000 to 40000 divine emperors.

If Chen Xiaobei did not surrender, these divine emperors would all be sacrificed.

To Sacred Emperor Xuan Yuan, this was a huge loss. It might take billions of years to recover.

“Surrender? You’re thinking too much, aren’t you?”

Chen Xiaobei’s eyes were filled with fighting spirit. “I’m here for you this time! If I don’t even have the courage to fight, I’ll look down on myself!”

“Hmph! What a reckless fool!”

“Since you want to die, I’ll fulfill your wish!” Sacred Emperor Xuan Yuan said in disdain.

“Form the formation!”

Sacred Emperor Xuan Yuan yelled.

whoosh, whoosh, whoosh ...

Then, tens of thousands of Saint souls flew out of the void.

“What ... What’s going on?”

Chen Xiaobei was shocked.

He thought that Sacred Emperor Xuan Yuan would sacrifice the sacred emperors in the city, but he didn’t expect that the tens of thousands of Saint souls around him all flew out of his Saint Soul world.

This meant that there were a few or even hundreds of thousands of sacred emperors in Sacred Emperor Xuan Yuan’s sacred soul world.

This was extremely terrifying!

There were 33000 North Mystic Divine Emperor positions in Chen Xiaobei’s North Mystic Divine soul world, but Chen Xiaobei could not fill them all.

In comparison, there were so many sacred emperors in Sacred Emperor Xuan Yuan’s sacred soul world.

But in this regard, Chen Xiaobei was still far from being a match for Sacred Emperor Xuan Yuan.

However, thinking about it carefully, this didn’t seem strange.

Mystic essence divine Emperor might have reached the divine soul realm billions of years ago. If they had some luck, they could naturally create enough divine emperors.

Moreover, the sacred soul world was relatively peaceful. There were almost no fights between sacred emperors, so there would naturally not be too many losses. As time passed, the number of sacred emperors would naturally increase.

Of course, the most important point was that the sky burying Yuan sacred clan had made a fortune by enslaving other clans.

This meant that a large portion of the sacred emperors in the mystic essence sacred Emperor's sacred soul world might have been captured by him from other races.

The heavenly sanctuary was vast, and time was endless. Just by capturing slaves, they might be able to capture more than a hundred thousand.

The real difference between Chen Xiaobei and divine Emperor Xuan Yuan was in time.

If Chen Xiaobei and mystic essence divine Emperor were from the same era, he would not be inferior to mystic essence divine Emperor.

Of course, this was only an 'if'.

The truth was, Chen Xiaobei had underestimated the power of Sacred Emperor mystic essence.

There were roughly 50000 Saint souls flying out.

Most of them were one star divine emperors, and a small half of them were two or three star divine emperors.

According to this ratio, if they were all sacrificed by Xuan Yuan divine Emperor, the person at the core array eye would be pushed into the fake Seven Star divine Emperor realm.

If that was the case, Chen Xiaobei would not be a match for him.

"Mysterious origin rises ... And is destroyed! Saint!"

With Sacred Emperor Xuan Yuan's deep roar, the 50000 Saint souls formed a formation in the air.

At this moment, the structure of the array was exactly the same as that day in longguang city, but the scale of the number of people was nearly five hundred times different! The difference in strength was a trillion times greater. This time, it was definitely stronger and more terrifying!

young master Chen ... Let's escape ... We have no chance of winning this battle ...

Bai Shishi's face turned grave as she looked at the huge battle formation in the sky. Her heart was clenched tightly and there was only one thought in her mind-run!

"Don't panic! I want to take a gamble!"

Chen Xiaobei's eyes narrowed. Even though the enemy was stronger than he had expected, it did not mean that Chen Xiaobei had no chance of winning.

More importantly, the formation had been completed. Even if Chen Xiaobei wanted to retreat, he would not be able to outrun the person who was holding down the core formation.

"Shua shua ... Shua shua ..."

Soon, Saint souls started to fall and disappear from the outside of the formation.

They had sacrificed their lives and everything they had. Their mysterious power was constantly added to the core of the array, allowing the person in the array to constantly improve his pseudo realm.

“Whoosh ...”

Just as Chen Xiaobei had predicted, when there was only one person left ...

His pseudo realm had already reached the level of a Seven Star divine Emperor.

“Little brat! You’re the typical ungrateful one! You could’ve died a lighter death, but you just had to seek your own death! I’ll do what I say, I’ll definitely torture you so much that you’ll wish you were dead, and make you regret everything you’ve done!”

### Red Envelope Group of the Three Realms

#### **Chapter 4379: everything under control!**

so ... So scary ... Young master Chen, you ... Can you still resist? ”

Bai Shishi’s pretty face was pale, and her big, watery eyes were filled with extreme fear.

At that moment, Bai Shishi could no longer see the enemy’s movements clearly. She could only feel the energy fluctuations that were erupting from the enemy’s body.

This wave of energy was the strongest wave Bai Shishi had ever seen in her life.

Early Seven Star divine Emperor!

Bai Shishi had only heard of this level of divine Emperor in legends and stories. She had never seen one in real life.

In the face of a Saint Emperor of this level, Bai Shishi was as insignificant as an ant.

Because of that, she could not even gather the slightest bit of fighting spirit. The only thing she asked was if Chen Xiaobei could withstand it.

She couldn’t help at all.

If Chen Xiaobei could not stop the enemy, she would die with him.

“Don’t worry! I should be able to put up a fight!”

Chen Xiaobei took a step forward and stood in front of Bai Shishi.

Chen Xiaobei’s cultivation had reached the early six star divine Emperor level.

In theory, he could be invincible under Seven Star Saint Emperor with only the one word Saint destroyer curse or the true body of Pangu.

Other than these two trump cards, Chen Xiaobei still had other tricks up his sleeve.

So, even though the enemy was an early seven-star divine Emperor, Chen Xiaobei still had a chance of winning.

“Boom boom boom ...”

In the next instant, the pseudo Seven Star divine Emperor suddenly exploded with terrifying Saint origin power. It was like a bolt of golden lightning that pierced through heaven and earth, tearing apart time and space, and the entire Xuanyuan city shook.

“Little bastard! Accept your death!”

Mystic essence divine Emperor roared.

Obviously, he did not know anything about Chen Xiaobei’s background.

He was certain that Chen Xiaobei was dead for sure. There was no chance of him turning the tables.

After all, Chen Xiaobei was a whole realm away from the pseudo Seven Star divine Emperor.

“Future, omniscient!”

However, before the pseudo Seven Star divine Emperor made his move, Chen Xiaobei had already thought of a strategy.

Previously, when he activated his omniscient power, he could only spy on the situation after a moment.

Because he could only see an instant in the future, it didn’t consume much spirit energy. Plus, with the five star divine Emperor Peak Saint bloodfruit’s special ability to constantly recover spirit energy, this wave of spying on the future could basically be continued.

In a battle between experts, many things could be decided in an instant.

no word. Void of space!

Originally, with Chen Xiaobei’s cultivation, there was no way he could have dodged the attack of the pseudo Seven Star divine Emperor.

However, with his omniscient power, Chen Xiaobei could predict the next moment’s attack.

Now, with perfect prediction and the level 5 spell, Chen Xiaobei could use his control of the law of space to move in the air and Dodge the attacks perfectly.

“Whoosh!”

There was a distortion in space, and Chen Xiaobei disappeared from where he was standing. It was as if he had teleported, and he reappeared behind the pseudo Seven Star divine Emperor.

“Boom boom boom ...”

In the next moment, the pseudo Seven Star divine Emperor landed where Chen Xiaobei had just been.

All of them landed on the air and did not even touch Chen Xiaobei’s hair.

how ... How is this possible?!

Sacred Emperor Xuan Yuan was dazed. He felt like his face had been slapped. His face was red and hot.

Just a moment ago, he had thought that Chen Xiaobei was dead for sure.

At this moment, his trump card, which he was so proud of and claimed to be invincible, could not even touch Chen Xiaobei.

As the saying goes, all the martial arts in the world were unbreakable, only speed was unbreakable.

Even though the pseudo Seven Star divine Emperor had the absolute advantage in terms of power, he could not hit Chen Xiaobei. He would never be able to defeat Chen Xiaobei.

“Boom boom boom ... Boom boom boom ...”

As expected, the pseudo Seven Star divine Emperor tried a few more times.

There were instant kills after aiming, and there were also wide-area attacks without aiming.

In an instant, the dazzling Golden Saint Origin Energy almost enveloped the entire heaven and earth, causing the entire Xuanyuan city to tremble. The aftershock of the power crushed countless houses and took the lives of countless innocent people.

But even so, Chen Xiaobei was still unscathed.

Chen Xiaobei was able to perfectly predict the direction of the pseudo Seven Star divine Emperor’s every attack, and with his super-brain, he was able to analyze the best way to avoid it.

The entire process was as smooth as flowing water. It was as if he was toying with the pseudo realm Seven Star divine Emperor.

Everything was under Chen Xiaobei’s control.

Of course, it was far from enough to just Dodge.

After Chen Xiaobei had gotten used to the attacks of the pseudo Seven Star divine Emperor, he was confident that he would not lose.

Next, it was time for a counterattack.

origin-spying!

Chen Xiaobei dodged the attacks perfectly while multi-tasking with the thousand-eyed divine Emperor’s Black hole.

Whoosh ... Whoosh ...

The next moment, Chen Xiaobei’s eyes turned into two dark vortexes that seemed to be able to see through the source of all things in the world. He immediately locked onto the pseudo Seven Star divine Emperor.

His origin was his three star divine Emperor Saint Soul.

And this Saint Soul was also the carrier of all power.

In other words, as long as Chen Xiaobei took away this carrier, his powerful pseudo-realm power would be completely destroyed.

“Essence extraction!”

Chen Xiaobei activated his special ability again.

In an instant, two dark demonic claws appeared and pounced towards the pseudo Seven Star divine Emperor.

“H-how is this possible? How do you know Junior Brother thousand eyes’s ability?”

Sacred Emperor Xuan Yuan exclaimed in shock.

However, he wasn’t worried,”with your speed, there’s no way you can hit that fake Seven Star divine Emperor!”

Indeed, although the black hole was powerful, it had to hit the opponent to be effective.

Chen Xiaobei’s cultivation was one level lower than the opponent’s. Under normal circumstances, the difference in speed could not be made up for. The two claws of darkness could not even touch the pseudo Seven Star divine Emperor.

“Shi word, time origin!”

Chen Xiaobei activated his time law.

“Whoosh ...”

In an instant, invisible time laws wrapped around the pseudo Seven Star divine Emperor.

The flow of time around him slowed down and even froze.

In other words, even though he was extremely fast, as time froze, his body would also stop for a moment.

“Not good! Quickly break free!”

Sacred Emperor Xuan Yuan screamed in shock.

“Ka ... Ka ...”

The pseudo Seven Star divine Emperor struggled with all his might, and Chen Xiaobei’s time law was about to be completely destroyed.

the word ‘exterminate’- power destruction!

Then, Chen Xiaobei played his last card.

**Chapter 4380: Mecha golden chaos!**

4380 Mecha golden chaos!

‘Obliteration’ represented destruction. It was the interpretation of the law of power, and it had also given Chen Xiaobei the power of destruction.

“Whoosh ...”

In an instant, the fifth rank exterminating curse was activated.

Under the power law, the two claws sped up and struck the seven Star divine Emperor before he could break free.

“Swish!”

The next moment, the two dark demonic claws pulled his Saint Soul out, leaving only his body and soul where they were.

The sacred soul was not only the carrier of power, but also the carrier of the sacred soul world and the person’s soul and spirit.

Now that his Saint Soul was extracted, the pseudo Seven Star divine Emperor’s power lost its carrier.

His physical strength, soul strength, and mental strength were far from being able to control this terrifying power of the pseudo realm.

As the saying goes, one must bear the weight of the crown to wear it.

The result of forcefully stepping into the pseudo realm and not being able to withstand the heavy pressure was obvious.

“Bang!”

With a loud explosion, the pseudo Seven Star divine Emperor exploded and died. The vast energy crushed his body into dust and his soul was destroyed. He couldn’t be more dead.

At the same time, the energy that hadn’t been consumed was like a flood that broke the dam, pouring down toward Xuanyuan city.

“It’s over ... It’s all over ...”

Sacred Emperor Xuan Yuan was dumbfounded and screamed.

There was no doubt that he was unable to stop the energy from leaking out with his strength.

The terrifying energy was enough to raze the entire Xuanyuan city to the ground, and all living beings would die.

“No words! Space is empty!”

Chen Xiaobei could not withstand the energy either. The only thing he could do now was to protect Bai Shishi.

“Whoosh ...”

The dimensional barrier prevented the terrifying energy from reaching Bai Shishi, and so she was able to reach Chen Xiaobei safely.

However, while she was fine, Xuanyuan city was facing a disaster.

Whoosh ... Whoosh ...

The terrifying energy of a Seven Star divine Emperor covered the sky and earth. It was as if the sky was falling.

However, this energy was not activated by anyone, so the speed of descent was not considered fast.

If not for that, Chen Xiaobei would not have been able to save Bai Shishi.

“No... Don’t ... My father and family members are still in the city ... Save them ... I want to save them!”

Bai Shishi screamed in pain.

However, Chen Xiaobei could only hold on to her tightly. In the face of absolute power, no matter how many trump cards Chen Xiaobei had, he would not be able to turn the tide.

In truth, the main reason they had won this battle was that their opponent’s cultivation was at the pseudo realm.

If it was a true Seven Star divine Emperor who could control the power of this realm even more perfectly, he might be able to tear apart the restraints of the time law in an instant and not be hit by the demonic claw of the origin black hole.

Therefore, Chen Xiaobei could only be considered invincible against anyone below the seven Star divine Emperor level.

If he encountered a pseudo Seven Star divine Emperor, he would still have a chance.

If he encountered a true Seven Star divine Emperor, he would probably still die.

“Whoosh ...”

At this moment, the terrifying power that felt like the sky was falling down was the real power of a Seven Star divine Emperor.

Chen Xiaobei did not have any way to fight against it. He could only watch as Xuanyuan city was destroyed.

It was a pity ...

Chen Xiaobei had wanted to keep the city in his beixuan sacred world, but it seemed that that was not possible

“Great might Sky Dragon! Holy golden armor!”

However, at this moment, a deep and majestic roar suddenly erupted in the sky.

“Chi ...”

In the sky, a ripple-like distortion appeared in the void, and a huge vortex appeared.

Someone broke through the void and arrived, but the phenomenon that was produced was different from most people.

“Boom ...”

In the whirlpool, it was as if a Dragon had emerged from the sea. Suddenly, a Golden Dragon Shadow that extended for a trillion miles was blasted out.

The Golden Dragon wasn't a Dharma, but a real Dragon.

The Golden Dragon was covered in a sharp golden mecha, which was extremely cool and gorgeous. At the same time, it exuded a domineering and unrivaled Holy beast pressure.

The mecha Golden Dragon?

Chen Xiaobei was taken aback and he could not help but think of the battle in long Guangcheng.

Back then, the 108 golden Warriors formed the mystic origin Saint destroyer formation and created a peak pseudo 5-star Sacred Emperor.

This peak pseudo 5-star Saint Emperor's Saint Origin Energy projection was a mecha Golden Dragon that was exactly the same as this one.

At that time, the first thing that came to Chen Xiaobei's mind was the famous Mohist's mechanical skill.

However, the peak pseudo 5-star Saint Emperor had only used a materialization and not a true mechanism technique. In actual battle, it was no different from ordinary attacks of Saint Origin Energy.

At that time, Chen Xiaobei felt that the person's ability to conjure this Dharma form was simply overdoing it.

At this moment, the answer was finally revealed.

It turned out that the mecha Golden Dragon really existed!

That guy had not just created his Dharma power for show. He might have cultivated a technique related to the mecha Golden Dragon.

From this, it could be seen that behind this mecha Golden Dragon, there was a system of great power similar to the mo family on earth! They had created the mecha Golden Dragon and had related cultivation techniques and secret techniques!

"Shua shua ... Shua shua ..."

In the next moment, the huge mecha Golden Dragon displayed the uniqueness of its mechanical skills.

With a series of metal clanking sounds, the mechas shining with golden light began to twist and move, rearranging themselves.

It was like a transformer.

The mecha Golden Dragon, which had stretched for trillions of miles, had transformed into a Chaos Beast that covered the sky!

However, this Beast of Chaos was very different from the ones in Pangu world.

Chen Xiaobei had once snatched a drop of chaos blood from Hongjun's Red envelope. At that time, chaos was already an extremely rare and high-level sacred beast in Pangu world.

At this moment, the mecha golden chaos had a total of eighty-one golden wings, each of which was like the sharpest saber. It was obvious that it was powerful!

“Primal Chaos, heaven devouring!”

Immediately after, another roar came from the void.

“Whoosh ...”

The mecha, golden chaos, opened its mouth as if it was going to devour the world and absorbed the energy in the air into its body.

how ... How is this possible?!

Chen Xiaobei was stunned by what he saw.

The energy in the space was at the level of a Seven Star divine Emperor and was extremely huge.

Any physical body strength that was lower than this level would not be able to withstand the pressure of the energy.

In other words, the physical strength of the mecha, golden chaos, had clearly reached the same level, or even higher.

who is the owner of such a terrifying thing?!

Chen Xiaobei's eyes were wide open, and he was on high alert, not daring to be careless.
