Chapter 4381: opportunity!

Whoosh ... Whoosh ... Whoosh ...

As the mecha, Jin Hundun, continued to absorb energy, Xuanyuan city's crisis was finally resolved. The entire city was not destroyed.

However, this was not good news for Chen Xiaobei.

This was because the level of the mecha, golden chaos, was simply too high. Its owner must also be an extremely terrifying existence.

With Chen Xiaobei's current strength, if he were to face a real Seven Star divine Emperor, his chances of winning would be less than ten percent.

This mecha, golden chaos, could very well be one of his many trump cards.

If Chen Xiaobei could not even defeat this trump card, it would be impossible for him to defeat the mastermind.

“Woof! Whoosh!”

At the same time, Sacred Emperor Xuan Yuan and Xuan Shence had already flown towards the whirlpool-like crack in the void.

As expected, the person who came had a close relationship with them.

As long as they told him what had just happened, the person behind the scenes would not let Chen Xiaobei go.

What happened next caught Chen Xiaobei by surprise.

“Greetings, master! Greetings, martial ancestor!”

Sacred Emperor Xuan Yuan and Xuan Shence knelt down at the same time and bowed respectfully.

it's ... It's the heavenly Dao!?

Chen Xiaobei was shocked and nervous.

When Xuan Shence contacted divine Emperor Xuan Yuan, he seemed to have other plans.

Chen Xiaobei had already noticed it at that time.

However, he didn't expect Xuan Shence to contact the heavenly Dao at the same time as Sacred Emperor Xuan Yuan.

This was something that Chen Xiaobei did not expect.

After all, a normal person would think that divine Emperor Xuan Yuan had Chen Xiaobei in the palm of his hand. There was no need to alarm the heavenly axiom. If they made a big fuss, they might even be blamed by the heavenly axiom.

However, Xuan Shence was different from ordinary people. He was cautious by nature, or even overly cautious.

Therefore, when he contacted mystic essence divine Emperor, he sent a message to the Heaven's Will, asking them to pay attention to mystic essence city and rescue him immediately if anything happened.

Xuan Shence's careful plan had not only saved the entire Xuanyuan city, but it had also sent Chen Xiaobei into a dead end.

The heavenly Dao had arrived!

With Chen Xiaobei's current strength, there was no way he could fight against it. He could not even protect himself and escape.

"Young master Chen ... Kiss me!"

But suddenly, Bai Shishi pounced on Chen Xiaobei.

Their lips were pressed together tightly.

what are you doing?!

Chen Xiaobei was dumbfounded. This was a matter of life and death. No matter how crazy this girl was, she should not be acting recklessly at this time.

"Whoosh ..."

But in the next second, Chen Xiaobei understood everything.

A gentle and mysterious power was transferred into Chen Xiaobei's body through Bai Shishi's mouth.

In the next moment, the two of them disappeared from the space at the same time, leaving no trace behind.

That's right, this was Bai Shishi's bloodline ability!

At the same time, this was also the opportunity that Chen Xiaobei had just spied on!

When Chen Xiaobei used the level five "Xuan" spell to look at the Fortune, he saw the light of fortune on Bai Shishi!

And at this moment, the facts had confirmed this point!

If not for Bai Shishi, Chen Xiaobei would not have been able to escape!

However, by chance, Chen Xiaobei had met Bai Shishi in Xuanyuan city today, and only Bai Shishi could protect Chen Xiaobei!

Opportunity and fate! This was an opportunity!

“Whoosh ...”

At the same time, a silvery Dharma form emerged from the vortex-like crack in the void.

The Dharma continued to fluctuate, and a human figure could be vaguely seen.

That’s right, this wasn’t Tian Dao himself, but just a clone of his true spirit.

At this moment, the heavenly Dao had two important things to do. One was to study the empty great saint ruins, and the other was to study the fake pan Sheng puppet blueprint.

These two things were all part of Chen Xiaobei’s plan. Although they did not seem to mean much, it had actually used up a lot of the wielder of the will’s energy to tie down Chen Xiaobei’s original body, so it could only send a clone to save him.

“Who are they? You actually caused such a huge commotion?”

The heaven’s path clone asked solemnly.

I don’t know that person ... I don’t think there’s such a person in the heavenly sanctuary ...

Sacred Emperor Xuan Yuan shook his head.

This was truly ironic!

After fighting for so long, divine Emperor Xuan Yuan had no idea that his opponent was the thorn in the flesh of the heavenly Dao, Chen Xiaobei!

If he had known about this earlier and reported it to the heavenly axiom, the heavenly axiom would have come in person and not give Chen Xiaobei any chance to escape.

However, this couldn’t be blamed on mystic essence divine Emperor.

The main reason was that the heavenly Dao had underestimated Chen Xiaobei.

From the way the heavenly axiom saw it, Chen Xiaobei had just arrived at the heavenly sanctuary, so he would not be that strong.

That was why the heavenly axiom had only sent its last disciple, Hongjun, and second last disciple, Holy Emperor Jin Lu, to capture Chen Xiaobei.

Apart from the two of them, the natural Law School’s spies in various places were also helping them.

However, these spies were only low-level underlings. They had no access to Sacred Emperor Xuan Yuan, the first disciple of the natural law School.

Therefore, even though the mystic essence divine Emperor knew about Chen Xiaobei, he did not know anything about Chen Xiaobei’s appearance or situation.

That was why she did not recognize Chen Xiaobei and missed a great opportunity.

“What’s so special about that person?”

The clone asked again.

that person used a strange technique that uses words as Dharma. This disciple has never seen or heard of it!

Sacred Emperor Xuan Yuan mocked.

“What? What are those words?”

The heaven’s path clone immediately let out a cry of surprise.

“Wu, Ji, Shi ...” Xuan Yuan divine Emperor said, “it’s a single word, accompanied by an extremely strong special ability. It’s very, very special.

“Idiot! You don’t even know a single word of the Holy extermination curse?” The heavenly path clone was completely agitated. His eyes widened in anger, and his entire body began to tremble.

“Uh ...”

Sacred Emperor Xuan Yuan felt wronged and said, “Master has never taught me before, and I have never heard of it ... Naturally, I can’t recognize it ...”

Clearly, this couldn’t be blamed on mystic essence divine Emperor. It was the selfishness of the heavenly Dao.

The heavenly Dao had always kept the secret of the one word Saint-Killing Curse a secret. He didn’t even trust his own direct disciple, so he kept it a secret.

“Forget it ... Are there any other special characteristics?” The clone changed the topic. He still didn’t want mystic essence divine Emperor to know more details.

that person also knows how to use Junior Brother thousand eyes ‘origin black hole special ability! Xuan Yuan divine Emperor said.

Then, Xuan Shence added, “Not only that! That person can even use your sacred soul special ability, ancestor! He had already imprinted a heavenly path Saint Lotus on his disciple’s Saint Soul! Please save your disciple, Grandmaster!”

what did you just say???? ”

As soon as he said that, the heavenly Dao clone collapsed.

The next moment, his true body descended!

Chapter 4382: Zhao Zhaoyi might have been killed by mistake!

4382 Zhao Zhaoyi might have been killed by mistake!

The clone dissipated like a silvery mist.

His original body seemed to have broken through the void and appeared in front of Sacred Emperor Xuan Yuan and Xuan Shence.

It was a middle-aged man with gloomy eyes and a serious expression. He exuded a powerful pressure, which made the entire space somber. It was enough to make most people feel intimidated and not even dare to look at him directly.

He was wearing a purple-red robe, stepping on clouds, and the Holy Light behind his head was as bright as the sun.

In general, he was more like a human. However, in the center of his forehead, there was a strange golden pattern that looked like a heavenly eye.

It wasn't painted on, but something that was born with.

The people of the heavenly sanctuary knew that the strange mark was a bloodline characteristic of the yuan Sage Tribe. In fact, they were not pure humans.

It should be mentioned that the sky-burying Yuan Sage clan was a branch of the yuan Sage clan.

However, after the rise of the sky-burying Yuan Sage clan, a super powerful Supreme divine ancestor had appeared in the clan, who could even compete with a Yuan Sage Supreme divine ancestor.

It was not an exaggeration to say that if these two Supreme divine ancestors joined forces, the yuan Sage Tribe would become the most powerful tribe in the world. They would be able to sweep across the ancestral sacred region and rule the entire world.

"Greetings, master!"

"Greetings, Grandmaster!"

Sacred Emperor Xuan Yuan and Xuan Shence knelt down again. This time, they kowtowed three times and didn't dare to get up.

"What did you guys just say? Which enemy can use my Saint soul's special ability?"

Tiandao's eyes narrowed and his face turned extremely dark. His eyes were like sharp blades that wanted to pierce through Sacred Emperor Xuan Yuan and Xuan Shence.

Without a doubt, this crucial point had thoroughly touched the heavenly Dao's most sensitive nerve.

It even made him put down everything he was doing and come in person.

He had to clarify the matter personally.

"Yes ... That's right ..."

Xuan Shen CE swallowed his saliva and said with certainty, " that kid did use your Saint soul's special ability. You can check my Saint Soul. There's indeed a mark of the heavenly Dao Divine Lotus on it!

"Whoosh ..."

Without another word, Tiandao immediately released his spirituality to sense it.

As expected, he soon found the mark of the sacred lotus of heavenly path in the Saint Soul of xuanshen CE.

With a thought, the Heaven's Will directly peeled off the sacred lotus mark.

This was his Saint soul's ability. Just like how Chen Xiaobei could strip away the heavenly axiom's Mark, the heavenly axiom could also strip away Chen Xiaobei's Mark.

Because of this, Chen Xiaobei's rejection of Ji Qianyu's plan was the right choice.

This was because the heavenly Dao Divine Lotus imprint could never control the heavenly Dao.

"Damn that Chen Xiaobei! You actually secretly learned this Lord's special skill! You deserve to die!"

Looking at the perfect sacred lotus mark in front of him, Tiandao's anger rose.

"Who are you talking about? Chen Xiaobei? Who's that?"

Xuan Shence had never even heard of Chen Xiaobei's name.

Chen Xiaobei? "

Sacred Emperor Xuan Yuan immediately reacted. "That is an enemy that master values very much! He can even be said to be a thorn in master's flesh, and he must be removed as soon as possible!"

"Grandmaster, are you saying that the enemy just now was Chen Xiaobei?" Xuan Shence asked.

Tiandao didn't answer. He only roared in anger, "Where is he? Tell me! Where are they?"

I ... I don't know ... I was here just now ... Sacred Emperor Xuan Yuan and Xuan Shence were so scared that their faces turned pale. They swallowed and didn't even dare to breathe.

"Two pieces of trash! A living person can slip away under our eyes?"

"Thousand machine beast!" Tiandao roared. Lock down the entire city immediately! He could not let Chen Xiaobei escape! Today, he must die Here!"

"Whoosh ..."

As soon as Tiandao's voice fell, the mecha, golden chaos, suddenly flew up. Then, its form changed again.

It formed a huge golden umbrella cover that covered the entire Yuanji city.

"Search! Even if we have to dig ten thousand feet into the ground, we have to find Chen Xiaobei!" Tiandao roared in anger.

yes ... Sacred Emperor Xuan Yuan agreed but he didn't know where to start.

After all, Yuanji city was huge and had a population of billions. Chen Xiaobei was like a grain of sand in the ocean, and he had no idea where to start looking for him.

Moreover, Chen Xiaobei could move around at any time, so the chances of finding him were almost zero.

"Martial ancestor! I know where Chen Xiaobei is!"

At this moment, Xuan Shence's intelligence suddenly went back to normal, and he quickly said, "Chen Xiaobei is with Bai Shishi! Bai Shishi must have used her power to help Chen Xiaobei escape! Bai Shishi's family is in the city, they can't just sit back and do nothing!"

Xuan Shence had made a great contribution today. With his cautious nature, he not only protected Xuanyuan city, but also allowed the God of heaven to descend. Now, he even provided important evidence that was enough to kill Chen Xiaobei!

"Let's go!"

Tiandao's eyes narrowed. In an instant, he rushed toward the snowfrost Commandery where Bai Shishi's family was located.

Based on Bai Shishi's personality, she would not allow her family to be sacrificed.

And Chen Xiaobei was a man who valued friendship and loyalty. Bai Shishi had just helped him, so he could not refuse to return the favor.

Therefore, Chen Xiaobei would protect the snowfrost Commandery at all costs.

"Whoosh ..."

As expected, as soon as Tiandao and the others left, frostsnow Commandery was completely absorbed into the North profound sacred soul great world.

Chen Xiaobei and Bai Shishi had not left Xuanyuan city.

Furthermore, Chen Xiaobei had already anticipated this situation when Tian Dao was conversing with divine Emperor Xuan Yuan and Xuan Shence.

So, Chen Xiaobei went to Frostmoon Commandery first and protected them.

Otherwise, if Bai Shishi's family fell into the hands of the heavenly axiom, it would be a fatal blow to Chen Xiaobei.

"Master! The snowfrost Commandery has been taken over!"

Xuan Yuan divine Emperor said.

"I can see!"

Chen Xiaobei! Tiandao squinted his eyes and said coldly, "even though we've lost the initiative, at least we've confirmed one thing: Chen Xiaobei is still in the city! As long as he's still here, we'll definitely be able to find him!"

what ... What if we can't find him ... Sacred Emperor Xuan Yuan was worried.

Xuanyuan city was so huge that it was almost impossible to find Chen Xiaobei.

Tiandao, however, laughed coldly and said without any humanity, "If I can't find Chen Xiaobei, I will destroy the entire Xuanyuan city! I'd rather kill Zhao Zhaoyi than let Chen Xiaobei go!"

Vicious! Cruel! That's crazy!

Heavenly Dao's move was truly ruthless to the extreme.

In order to kill Chen Xiaobei, the heavenly Dao had sacrificed billions of people.

However, as early as in Pangu world, there was a saying that the heavenly Dao was heartless and treated all living things like dogs!

In the eyes of the heavenly Dao, all living things were worthless.

In order to achieve its goal, the heavenly Dao could be unscrupulous and sacrifice everything.

Chapter 4383: -disaster!

“Chen Xiaobei! I'll give you three minutes! If you come out and accept your death, you can still save the innocent lives of Zhaoyi! If you don't come out, I'll make all the living beings in Xuanyuan city die with you!”

Tiandao used his extremely powerful Saint Origin Energy to spread his voice to every corner of Xuanyuan city.

It was clear that the heavenly axiom had some understanding of Chen Xiaobei's personality.

Ever since he was on earth, Chen Xiaobei's core idea was to value friendship, punish evil, promote good, and pursue justice.

Chen Xiaobei had saved countless lives along the way.

In other words, the heavenly axiom was using the reputation of the entire city to threaten Chen Xiaobei. If Chen Xiaobei stuck to his Dao heart, he would definitely appear.

To the heavenly Dao, Chen Xiaobei's appearance was the best result.

After all, Xuanyuan city was the most powerful force under the natural law School. Every year, it created countless wealth for the natural law School and sent a large number of talents to the school.

The heavenly Dao would never destroy the entire Xuanyuan city unless it was absolutely necessary.

Of course, if Chen Xiaobei ran away and did not dare to come out, the heavenly axiom would not hesitate to destroy the entire Xuanyuan city.

This was because Chen Xiaobei had already made the heavenly Dao feel a huge threat.

One word Saint-Killing Curse! The origin black hole! Heavenly Dao Sage Lotus imprint! These three trump cards were enough for Chen Xiaobei to turn the tables and become a powerful being above the heavenly Dao!

There was even the ability of the omniscient divine Emperor, a powerful trump card that the heavenly Dao did not know about!

Before today, the heavenly axiom still looked down on Chen Xiaobei. But from today onwards, it would no longer look down on Chen Xiaobei. It even saw Chen Xiaobei as its biggest enemy.

That was why the heavenly axiom was willing to sacrifice the entire Xuanyuan city to bury Chen Xiaobei.

The reason was simple. If Xuanyuan city was gone, it could be rebuilt. However, if Chen Xiaobei was not dead, the heavenly Dao general would not be able to rest in peace. He might even be in danger of being killed by Chen Xiaobei.

“Master ... I ... I want to bring my family out ...”

Mystic essence divine Emperor saw that the heavenly Dao had made up his mind and didn't dare to stop him. The only thing he could do was protect his family.

From this, it could be seen that mystic essence divine Emperor had some humanity.

“Go ahead and come back in three minutes. Otherwise, I won't wait for you!”

The heavenly axiom was cruel. In order to kill Chen Xiaobei, it could even sacrifice a divine Emperor Xuan Yuan.

Sacred Emperor Xuan Yuan immediately flew back to his family's living area.

Tiandao didn't just wait. Instead, he continued to exert pressure.

“Chen Xiaobei! Come out! There's no way you're going to escape today! Why was there a need to drag so many innocent people down with him? This goes against your Dao heart! Isn't it?”

“Chen Xiaobei! Aren't you very domineering? Didn't you always say that you'd rather die standing than live kneeling? Come out! He stood there like a man, waiting for death! Don't be like a mouse that only knows how to hide in a corner. You're so humble and cowardly that you can't escape death in the end!”

“Chen Xiaobei! Think about it carefully, what right do you have to escape from my hands today? You can't escape at all! Hiding would also lead to death! Why didn't he come out? It can also protect billions of lives. This is also a great merit!”

.....

For the next three minutes, the wielder of the will had been pressuring Chen Xiaobei.

It was obvious that the heavenly axiom still wanted to protect Xuanyuan city. That was why it wanted to trick Chen Xiaobei into coming out.

After all, the heavenly axiom did not think that Chen Xiaobei would be able to escape.

In a situation where he had no other choice, Chen Xiaobei could still sacrifice himself to save the people.

“Grandmaster ... Do you think Chen Xiaobei has already escaped? After all, that brat has a profound Foundation. He might have some mysterious trump cards that even we don't know about that can help him escape from this place!”

Xuan Shen CE was an overly cautious person. He knew that Chen Xiaobei would not be able to escape, but he still raised his doubts.

“There's no way Chen Xiaobei could have escaped! I'm willing to bet my life on it!”

even if Chen Xiaobei still has a trump card that we don't know about, the thousand-machine beast has already covered the entire space. As long as Chen Xiaobei wants to escape, no matter what trump card he uses, the thousand-machine beast will be able to detect it and lock onto his position! Tiandao said.

"The thousand machine beast is that powerful?" Xuan Shence was very cautious. He even doubted whether the huge golden mecha canopy could have the effect that the heavenly Dao had mentioned.

"Nonsense!"

Tiandao said impatiently, "this thousand machine beast is the treasure that made the Saint pan clan famous! It contained the Supreme power of creation! It was a beast! It was the referee! It was a tool! It can even be everything!"

unless Chen Xiaobei has an eight-star divine Emperor as his trump card, there's no way he can break through the thousand-machine beast's blockade!

the point is, even if Chen Xiaobei has the ability to break through the thousand-machine beast's blockade, he will still expose his location. By then, he will still not be able to escape from me!

It was obvious that the amount of information contained in Tiandao's words was huge.

First of all, the thousand machine beast belonged to the Saint pan clan!

Secondly, the thousand opportunity beast could be invincible under the eight star divine Emperor realm!

The last and most important point was that the power of the heavenly Dao could even defeat an eight star divine Emperor!

This was extremely terrifying!

If everything was as the heavenly axiom said, Chen Xiaobei would have fallen into a dead end.

Chen Xiaobei could not get out of the sealed space. If they continued to hide, the heavenly Dao would soon destroy the entire Xuanyuan city. However, once he showed his face, his strength could not compete with the heavenly Dao.

No matter how he looked at it, Chen Xiaobei would still be dead.

"The three minutes are almost up, Grandmaster ..."

Not only did Xuan Shence not stop him, but he also reminded the heavenly Dao.

Obviously, not only did the heavenly Dao not treat ordinary people as human beings, even the Xuan Shence did not care about the reputation of those innocent people.

It was as if what was about to be killed was just a nest of insignificant ants, and it couldn't even cause the slightest ripple in their hearts. It was simply cold-blooded and brutal to the extreme.

This was a true tyrant! Human slaughter! A demon!

"Master, I'm back!"

At the same time, mystic essence divine Emperor had already flown back.

However, Tian Dao and Xuan Shence didn't notice that Sacred Emperor Xuan Yuan's expression was slightly unnatural.

"Chen Xiaobei! This is my final warning! If you still don't come out, then you will be destroyed along with the entire Xuanyuan city!"

The heavenly Dao let out a long roar. His voice was like Rolling Thunder, shaking the entire Xuanyuan city.

Everyone in the city was in complete despair. Their fate was the same as Chen Xiaobei's—they could not escape, hide, or fight. Death was the only thing that awaited them.

"It's time! Chen Xiaobei! Go to hell!"

Tian Dao roared as a terrifying amount of Saint Origin Energy burst out from his body.

Even the Golden thousand machine beast that enveloped the entire city was completely reflected in a silvery color.

The disaster of annihilation was imminent!

[Red Envelope Group of the Three Realms](#)

Chapter 4384: plundering!

"Boom boom boom ... Boom boom boom ..."

The heavenly Dao really didn't show any mercy, directly launching an extremely terrifying and destructive attack on Xuanyuan city.

Streaks of silver lightning were like boundless heavenly punishment, destroying everything in sight.

No matter if it was life, houses, mountains, rivers, grass, or trees, they were all blasted, crushed, turned into dust, and dispersed into nothingness.

In the eyes of the heavenly Dao, all of this seemed to be meaningless. Whether or not it would be destroyed depended entirely on his mood.

In just a short while, the vast Xuanyuan city was destroyed piece by piece. In the end, it was completely reduced to ruins. It was a dead land without any chance of survival.

"So ... So scary ..."

Sacred Emperor Xuan Yuan and Xuan Shence couldn't help but sigh in fear.

Although they were not good people, this was the first time they had seen such a large-scale massacre.

The unparalleled visual impact had truly shaken their hearts.

"Swish!"

Then, Tiandao took out a Silver Dragon-shaped oil lamp.

Obviously, this was the yuan Sage's great incantation of eternal life. The heavenly Dao was not a fool. Even if it wanted to destroy the entire Xuanyuan city, it would not stop until all the benefits of the city were sucked dry.

Whoosh ... Whoosh ... Whoosh ...

With a single thought from the heavenly Dao, countless primordial spirits were sucked into the dragon-shaped oil lamp.

At the same time, tens of thousands of Saint souls were also bound and gathered together without resistance.

Clearly, the heaven's path's techniques had their own unique features. They could only destroy the human body, but they could preserve the primordial spirit and Saint Soul, and these two things could provide the heaven's path with a huge amount of lifespan.

The amount of lifespan was directly proportional to the number of Yuan Shen and soul, as well as the grade of the yuan Shen and soul.

Now, there were billions of primordial spirits and Saint souls, and their cultivation levels were very high.

Among them, there were at least forty to fifty thousand Saint emperors, over a hundred million Saint Kings, and most of them were high level Saint Kings. The souls below Saint King were uncountable.

By rough estimation, if this wave was completely refined by the heavenly Dao, he could probably gain ten netherworld years of lifespan.

In the past billions of years, many cities had been destroyed by the heavenly Dao. Xuanyuan city was definitely not the first, and it would probably not be the last.

It was by using this extremely brutal method of plundering that the heavenly Dao had accumulated a lifespan that ordinary people could not imagine.

If he burned his life force, he could even step into the pseudo state of an eight star divine Emperor.

This was extremely powerful.

Of course, one could once again see how despicable, cruel, and inhuman the heavenly Dao was.

His strength was built entirely on killing, destruction, and pillaging.

If the heavenly sanctuary also had the law of merit and sin, the heavenly Dao would have committed countless sins long ago, and even death would not be able to forgive its sins!

Of course, the heavenly Dao could not destroy whoever it wanted to.

After all, the main cities that could not exist in peace all had a powerful backer that they could rely on.

If one destroyed another's city without any reason, even the heavenly Dao would suffer an unbearable revenge.

Therefore, to destroy a city, it was either because the heavenly Dao had found a reasonable excuse, or it was like now, to attack one's own people.

“Shua shua ... Shua shua ...”

Immediately after, the heavenly Dao even used a unique special ability.

The strange golden pattern between his brows suddenly glowed with light and color, and a strange phenomenon appeared.

Golden light filled the air, and the color of the space changed. In an instant, thousands of heavenly Dao clones appeared, unable to spread out in all directions.

This special ability looked like a thousand clones of big brother monkey blowing out his monkey hair.

However, the heavenly Dao’s methods were clearly countless times more powerful.

His tens of thousands of clones could continue to split, turning from tens of thousands to hundreds of millions, and hundreds of millions to trillions. They almost covered the entire space.

More importantly, each of these clones could act and think on their own.

It was already good enough for others to be able to multitask.

At this moment, the heavenly Dao could do a trillion things with a single mind. It was simply terrifying to the point that it made one’s hair stand on end.

Other things aside, to maintain the existence of these doppelgangers, it might require an unimaginable amount of mental energy every second.

Only with enough mind power could one maintain the use of special abilities. Only with enough mind power could one support the calculations and thinking of the trillion clones.

In the eyes of outsiders, this was simply terrifying and unimaginable.

However, this was actually the innate talent of the yuan Sage Tribe.

Yuan represented the heart’s origin in the one word Saint destroyer curse. It could greatly improve a cultivator’s state of mind.

A strong mental state was the foundation of spiritual power.

There was a huge difference between the innate talent of Yuan sages and the one-word Saint destroyer curse.

The yuan word incantation mainly strengthened one’s mental state and indirectly strengthened one’s spiritual power.

The innate ability of Yuan sages was to directly increase one’s mind power to an abnormal level.

Therefore, the strongest trump card of the yuan Sage Tribe was actually their nearly infinite mind power.

“Shua shua ... Shua shua ...”

Immediately after, Tiandao’s trillion clones were scattered to every corner of Xuanyuan city.

No, to be precise, they were scattered into the boundless ruins below.

If they did not destroy Xuanyuan city, Chen Xiaobei could disguise himself as an ordinary person and hide in a corner. It would be like looking for a needle in a haystack if they were to find Chen Xiaobei among billions of people.

At this moment, the city was destroyed and all the living beings were exterminated.

There were only two possible outcomes for Chen Xiaobei. Either he was dead, or he was discovered by the clone of the wielder of the will.

The way the heavenly axiom could confirm that Chen Xiaobei was still alive was also very simple.

Swoosh Swoosh Swoosh ... Swoosh Swoosh Swoosh ...

As the trillion clones scattered, they immediately began to collect the scattered storage space in the space.

The heavenly Dao also had a special ability that could release a green spiritual light to capture storage spaces.

Under normal circumstances, the storage space was a Xumi space. It was so small that it was hard to distinguish and almost invisible to the naked eye.

However, the green spiritual light emitted by the heavenly Dao clone was like a magnet that could attract all the storage spaces in the surroundings and send them directly into the clone's hands.

This way, Tian Dao's trillion clones only needed to search the storage space inch by inch, and they would be able to collect all of it.

The heavenly axiom knew Chen Xiaobei very well. As long as they could find Chen Xiaobei's storage space, it would prove that Chen Xiaobei was dead.

If they could not find him, it meant that Chen Xiaobei was still alive.

By then, the heavenly axiom would have other ways to find Chen Xiaobei.

Whoosh ... Whoosh ... Whoosh ...

After that, the doppelgangers that had completed their search flew back one after another.

In a short while, Tiandao had already gathered a trillion storage spaces.

[Red Envelope Group of the Three Realms](#)

Chapter 4385: The heavenly Dao's wondrous plan to calm the world!

4385 The heavenly Dao's wondrous plan to calm the world!

"Grandmaster? Has it been confirmed? Is that kid already dead?"

Xuan Shence looked at the way of heaven with hope.

However, Tiandao's face was gloomy, and the corners of his mouth twitched, looking extremely displeased.

In fact, the clones of the wielder of the will could think on their own. The moment they took the storage space, they could confirm that it was Chen Xiaobei's storage space.

From the heavenly axiom's reaction, it was clear that none of the billions of spaces belonged to Chen Xiaobei.

"Master ..."

Mystic essence divine Emperor gulped and said, "Do you want to confirm it again? Logically speaking, there's no reason for that kid to survive!"

"There's no need for that!"

"Chen Xiaobei's Meru realm was brought here from Pangu world!" The will of the heavens said. "I'll know the aura within it with one check! There's definitely no mistake!"

"Should I check the Saint Soul and primordial spirit again?" Sacred Emperor Xuan Yuan said.

"It's no use!"

no! Tiandao shook his head and said, "If I hit him, Chen Xiaobei's Saint Soul would not be able to keep his storage space. That means that if we can't find his storage space, it means that he's not dead! I didn't even manage to hit him!"

how ... How is this possible?! Xuan Yuan divine Emperor and Xuan Shence both looked extremely surprised.

However, the shock on Sacred Emperor Xuan Yuan's face was very unnatural. It seemed to be fake.

"It doesn't matter! I still have a way!"

Tiandao's eyes focused, and he released a trillion clones again.

"Black hole of origin! Peeping!"

In the next moment, Tiandao used the special ability of the origin black hole.

More importantly, the amount of spiritual power he was burning every second was a trillion times more than normal.

The benefit of this was that his trillion clones could use the black hole's special ability at the same time.

This was quite terrifying!

What was even more terrifying was that a trillion clones might not be the limit of the heavenly Dao.

If it was a trillion, the heavenly Dao could even fight a higher realm.

There was no need to say how powerful he was.

Of course, this was only a hypothesis. The strongest power of the heavenly Dao should be around eight star divine Emperor.

After all, there were different levels of abilities.

When one reached the upper limit of the clone special ability, no matter how much Tiandao's spiritual energy one had, one would not be able to create more clones.

Unless the heavenly Dao could increase the level of the special ability.

From the conversation between the Heaven's Will and Xuan Shence before the city was destroyed, it could be seen that the Heaven's Will could only deal with eight star divine emperors.

This could be considered good news.

At least, Chen Xiaobei now had a goal to fight for. And this goal was not to say that he wanted to become a Nine Star divine Emperor or even a peak divine Emperor.

After all, with Chen Xiaobei's current resources, it would be difficult for him to even reach the eight star divine Emperor level.

If he wanted to improve further, he would need even greater opportunities.

If the wielder of the will was too much higher than an eight-star, Chen Xiaobei's hope of defeating the wielder of the will in the short term would be slim.

Whoosh ... Whoosh ... Whoosh ...

At the same time, Tiandao's trillion clones had already used their special abilities to scan the entire city.

Even if Bai Shishi were to use her special ability to hide Chen Xiaobei, he would not be able to escape the sight of the black hole.

However, in the end, Tiandao's face was still black, and he appeared to be very displeased.

"Grandmaster ... Still ... Still can't find him?"

Xuan Shence did not dare to look at the heavenly Dao. He knew that the heavenly Dao was in a bad mood.

this is impossible ... This is impossible ...

Tiandao's brows furrowed tightly, puzzled."With the thousand machine beast sealed, even a wisp of its aura can't escape the city! I've destroyed everything and used the black hole of origin. Chen Xiaobei should have nowhere to hide!"

In order to kill Chen Xiaobei, the heavenly axiom had really put in a lot of effort.

He had personally destroyed his most powerful subordinate force, wasted a lot of effort, and burned an uncountable amount of mental energy. More importantly, the energy consumed by activating the thousand-machine beast was almost the sum of the energy accumulated over the past hundreds of millions of years.

To the heavenly Dao, this was really a huge investment.

He had thought that he would not miss this time, but in the end, he still did not manage to kill Chen Xiaobei.

This result not only made the heavenly Dao extremely unhappy, but it even made the heavenly Dao's heart bleed.

Xuanyuan city was the most powerful force under the natural law School. It was needless to say that many experts in the city were subordinates of the natural law, and some were even the Army of the natural law.

Initially, the heavenly axiom thought that it would be worth it to let Chen Xiaobei die with them.

But now, Chen Xiaobei was not dead at all, and the tendo's strongest subordinates and Army had all been destroyed by the tendo itself.

What hurt Tian Dao the most was that the energy consumed to activate the thousand machine beast was equivalent to that of a Seven Star divine Emperor.

It should be mentioned that the thousand machine beast didn't consume Saint Origin Energy. Just like the green gem, it consumed items and converted them into energy.

However, even if the thousand machine beast accumulated energy through devouring, the value of the things it devoured would definitely reach the value of a Seven Star Holy Emperor level Holy Meridian!

At the moment, Tian Dao's Saint Origin Energy reserves were only one six star Saint Emperor level Saint Meridian.

One portion of Seven Star divine Emperor level energy was equivalent to burning billions of six star divine Emperor level divine meridians.

They had paid such a huge price, but they still did not manage to kill Chen Xiaobei.

Tiandao was so angry that he was about to vomit blood.

This operation, using a famous saying in the Three Kingdoms Yanyi, was called the heavenly Dao's wonderful plan to calm the world, losing the wife and the Army!

He was lucky that he didn't die from anger.

"Master ... What should we do now?"

Sacred Emperor Xuan Yuan asked.

When he said this, mystic essence divine Emperor was so guilty that he was sweating and shaking.

"What?"

The heavenly Dao was extremely astute, and it naturally detected the abnormality. "Why are you so nervous?"

"I ... I ..."

Sacred Emperor Xuan Yuan panicked and didn't know how to explain.

At this moment, Xuan Shence said, "Martial ancestor! Father saw that you were angry and was afraid that you would vent your anger on him, so he was so nervous."

“Hmph! Am I such an unreasonable person?”

The heavenly Dao wanted to vent his anger on someone, but it would be embarrassing if he really took it out on Sacred Emperor Xuan Yuan in front of a junior.

He could only suppress his anger.

Xuanyuan city is destroyed,” he ordered. you and your father should return to the natural law School with me! We’ll have to think about capturing Chen Xiaobei at a later time.”

The heavenly Dao was helpless, but this was the only choice at the moment.

“Yes, sir!”

Sacred Emperor Xuan Yuan felt like he was granted Amnesty.

After that, they returned to the natural law School.

As soon as he returned, mystic essence divine Emperor hid in his room as if something big was about to happen.

Chapter 4386: -scheme!

“Whoosh ...”

Chen Xiaobei flew out of the emperor’s inventory.

Chen Xiaobei was on high alert. He observed his surroundings and said, ” “Well done!”

“Thank ... Thank you for the compliment, master ...” Sacred Emperor Xuan Yuan gulped nervously.”Can you release my family now?”

don’t worry. I won’t hurt them. I’ll just send them into my Saint Soul world. As long as you’re obedient, they’ll be fine and live their lives as usual.

yes ... I’ll definitely listen to master ... Sacred Emperor Xuan Yuan quickly showed his loyalty.

He didn’t dare to be disloyal!

He had finally seen how terrifying Chen Xiaobei was!

When the will of the heavens descended, Chen Xiaobei had immediately gone to save Bai Shishi’s family.

At that moment, Chen Xiaobei realized that divine Emperor Xuan Yuan’s family was also in the city.

Chen Xiaobei did not hesitate and charged at them.

On the way, Chen Xiaobei used his omniscient power to spy on the situation three minutes later. He knew that Sacred Emperor Xuan Yuan would go back to pick up his family.

Chen Xiaobei could even see what mystic essence divine Emperor’s wife and children looked like.

When Chen Xiaobei arrived, he used the heavenly Dao Divine Lotus seal to take control of the mystic essence divine Emperor’s wife and children.

He would also wait for him at the place where mystic essence divine Emperor would appear.

This was the overbearing power of peeking into the future.

When divine Emperor Xuan Yuan arrived, he did not even have time to react before he was hit by the heavenly Dao Divine Lotus seal. His life was now in Chen Xiaobei's hands.

In order to save his own life and his family, Sacred Emperor Xuan Yuan became Chen Xiaobei's loyal dog.

He had hidden Chen Xiaobei in his Sumeru space and successfully escaped from the heavenly Dao without them noticing.

After this, divine Emperor Xuan Yuan finally realized how powerful Chen Xiaobei was and gave up on resisting.

He knew very well that if he were to betray Chen Xiaobei, Chen Xiaobei could kill him or even annihilate his entire family.

Is this the natural law School? " he asked.

Chen Xiaobei asked.

this is the headquarters of the natural law School, " Sacred Emperor Xuan Yuan said awkwardly. but don't worry, master. This is my room. No one is allowed to step in except for the natural law!

"Where's the heavenly Daoist?"

Chen Xiaobei asked again.

I'm not sure ... He left as soon as he came back ... Sacred Emperor Xuan Yuan shook his head and added, " he left in a hurry. It seemed like he had something important to do.

"Take me out for a walk?" Chen Xiaobei raised his eyebrows.

I ... I don't think that's a good idea. What if you're recognized ... Sacred Emperor Xuan Yuan was nervous.

She had never seen anyone as bold as Chen Xiaobei. He actually dared to wander around in his mortal enemy's territory? It was simply a crazy test on the edge of life and death!

"Whoosh ..."

Chen Xiaobei did not waste any time and immediately transformed into his demonic body.

Then, he hid it on mystic essence divine emperor's clothes. No one would notice it if they didn't look carefully.

Moreover, even if someone discovered it, they wouldn't care. They would just treat it as a stain or a pattern.

"What ... What Dharmakaya is this? It's so special ... I can't even sense a trace of its aura ..."

Mystic essence divine Emperor was completely stunned.

His own cultivation was not low, and under normal circumstances, there were very few things that he could not sense.

“Don’t ask anymore, let’s go!”

Chen Xiaobei was too lazy to explain.

The purple demonic Qi was of a low level, so it could be easily discovered in the natural law School.

However, as Chen Xiaobei’s cultivation level increased, coupled with the enhancement of the rank 5 origin incantation, his supernatural ability had improved.

At this stage, anyone below the seven Star divine Emperor level would not be able to detect Chen Xiaobei’s demonic body. In other words, not even the heavenly Dao could detect it.

That was why Chen Xiaobei had the confidence to stroll around the natural law School.

However, it was not impossible for the heavenly axiom to find him. If they used the black hole’s special ability, they could still see Chen Xiaobei.

Of course, the heavenly Dao would not use the origin black hole in its own territory for no reason.

So, if everything went as planned, Chen Xiaobei was very safe.

“Where does master want to go?”

After leaving the room, mystic essence divine Emperor started to walk aimlessly. He didn’t know where to go.

“No rush, let’s walk around first.”

Chen Xiaobei, on the other hand, was calm as he observed his surroundings.

The natural law School was located in a mountain. The peak of the mountain reached the clouds, and the surroundings were filled with pure Saint Qi.

By rough estimation, the Saint veins under this mountain should be at the level of a five star Saint Emperor.

“Greetings, eldest senior brother ... Greetings, eldest senior brother ...”

Along the way, they met many disciples of the natural law School. They all saluted to Sacred Emperor Xuan Yuan with great respect.

Chen Xiaobei looked around and saw that there were more than ten thousand disciples in the school.

However, their overall strength wasn’t very strong. Other than the direct disciples in the heavenly Dǎo red envelope group, the most powerful ordinary disciples were only one star divine emperors. Most of them were only Saint Kings.

Of course, even though their cultivation levels were not high, Chen Xiaobei could tell that most of these disciples had their own strengths.

They were either extremely talented, had outstanding bloodlines, or had special abilities. In short, no one who could enter the natural law School was ordinary.

Given time, there would be super strong existences among these disciples with low cultivation.

And most of these young geniuses were from the forces under the natural law School.

This time, the destruction of Xuanyuan city by the heavenly Dao had killed countless talents.

To the heavenly Dao, this was definitely a huge loss.

Are there many disciples from Xuanyuan city in the natural law School? ”

Chen Xiaobei asked.

“Of course!”

“Xuanyuan city is the strongest force under the natural law School,” Sacred Emperor Xuan Yuan answered in a low voice, “and it also sends the most talents every year!” Therefore, more than half of the ten thousand disciples of the natural law School are from Xuanyuan city!”

“Oh, this is interesting!”

what if I tell these disciples that their homes were destroyed by the heavenly axiom and that their families were killed by the heavenly axiom? ” Chen Xiaobei asked. what would happen? ”

“This ...”

Sacred Emperor Xuan Yuan was dazed and his pupils contracted.

“Put yourself in my shoes. If my family were to be exterminated, even if I don’t dare to resist the heavenly Dao now, the seed of hatred would still be planted in my heart! From now on, I’ll no longer be loyal to the heavenly Dao. I’ll take revenge on the heavenly Dao whenever I have the chance!”

Mystic essence divine Emperor gave her answer.

“Very good!”

“I have a mission for you!” Chen Xiaobei said with a smile. Let everyone from Xuanyuan city know about what happened today!”

“Yes, sir ...”

Sacred Emperor Xuan Yuan nodded and said, “Actually, I’ve already created a group and all the disciples of Xuanyuan city are in it.”

[Red Envelope Group of the Three Realms](#)

Chapter 4387: a hidden chess piece set up long ago!

The natural law School wasn’t United at all. Each force had their own cliques and cooperated with each other.

Sacred Emperor Xuan Yuan naturally knew these things to be able to sit firmly in the position of big brother.

All the disciples and elders from mystic essence city had been added to a red envelope group by mystic essence divine Emperor.

At this moment, Sacred Emperor Xuan Yuan announced in the group and the whole thing could be known.

As expected, the entire group exploded in the next second.

“The heavenly Dao! You’re simply an animal! That’s crazy! It’s completely inhumane!”

“Why ... Why did you annihilate the entire city? My daughter has just spoken, I’m still waiting for her to call me ‘dad’ ...”

three generations of my ancestors have been working hard for the natural law School. Even if they don’t have any credit, they’ve worked hard! The heavenly Dao doesn’t even treat us as humans! You’re so heartless and merciless!”

“I want revenge! If the heavenly Dao doesn’t die, I’m not a human!”

the heavenly Dao is too powerful. We have no chance of winning in a direct battle. We must first hide our hatred and think of a long-term plan. When we come up with a good idea, we will take action and destroy the heavenly Dao in one fell swoop!

.....

For a moment, some people cursed the heavenly Dao, some cried in pain, and some even began to plan how to take revenge on the heavenly Dao.

master ... I’ve already informed everyone as you’ve instructed ...

“But I don’t think these people are enough to shake the heavenly Dao!” Sacred Emperor Xuan Yuan frowned. Not even a tiny bit!”

“I didn’t expect them to succeed!”

Chen Xiaobei smiled. I just want the natural law School to be in a mess and distract the heavenly law. After all, I’m no match for the heavenly law now. Only when the heavenly law has no energy to keep an eye on me will I have the time and space to develop!

I understand ... Sacred Emperor Xuan Yuan nodded.

“But don’t underestimate these disciples!” As the saying goes, a single spark can set a Prairie on fire! Perhaps a genius will appear among them and come up with a brilliant plan that even I can’t think of!”

“It’s not impossible!” Sacred Emperor Xuan Yuan nodded and said.

forget about them. Now, take me to the core of the natural Law School’s Holy Meridian! Chen Xiaobei said.

“What are you going there for?”

“Didn’t you say that Tiandao had something urgent to attend to and left in a hurry?”

Chen Xiaobei smiled. I'll take this opportunity to go and take a look. If there's a chance, I'll empty the entire Holy Meridian! If he didn't have the chance, he would just retreat! It's not a loss anyway!"

"Really, don't go!"

"There's a peak 5-star Saint Emperor level formation guarding the core. It'll release its power as soon as an outsider gets close!" Sacred Emperor Xuan Yuan tried to persuade him.

Chen Xiaobei was taken aback, as if he had thought of something. "Peak five star Saint Emperor? The power would burst out as soon as it got close? Where did this formation come from?"

It was brother Jin Lu who found it. He split it into three and sent it to the red envelope group for everyone to fight for it. I got one too, but the heavenly Dao appeared and confiscated all three red envelopes! Sacred Emperor Xuan Yuan answered.

Mystic essence divine Emperor couldn't hide his anger and hatred.

It was obvious that the heavenly axiom's way of doing things was not popular, and it was not the first or second time.

"Hahaha! My scheme has come in handy!"

Chen Xiaobei was overjoyed.

That's right!

The formation that Sacred Emperor Xuan Yuan mentioned was the one that Chen Xiaobei had purposely taken out to give out red packets.

At that time, Chen Xiaobei did not have enough Saint Origin Energy to activate the formation, so he used the Golden Phoenix divine Emperor's communication rune to trick the people in the heavenly Dǎo red envelope group into snatching red packets.

Back then, Chen Xiaobei had snatched three five star divine Emperor-level red packets.

As for the formation that had been split into three, it was eventually taken away by the heavenly Dao.

Back then, Chen Xiaobei had already calculated that as long as the heavenly axiom used this formation, it would be a loophole that he could exploit!

As expected, at this moment, the opportunity had come!

"What scheme? I don't understand what you're saying." Sacred Emperor Xuan Yuan didn't know what was going on.

"Don't ask anymore, let's go immediately!" Chen Xiaobei urged.

O-okay ... Sacred Emperor mystic essence had no choice but to listen to Chen Xiaobei.

Soon after.

Sacred Emperor Xuan Yuan came to an abyss in the mountain and said, "Master, we can only observe from the ground! Because once you enter the abyss, you may trigger the power of the array. At that time, even if you can resist the array, you will definitely alarm the heavenly Dao!"

"Wait here!" Chen Xiaobei was too lazy to waste his breath and flew into the abyss.

master!?

Sacred Emperor Xuan Yuan was shocked and his brain short-circuited.

I've already made myself clear, why did Chen Xiaobei still want to go down the abyss? Wasn't this courting death?

The mystic essence divine Emperor did not care if Chen Xiaobei was dead or not.

More importantly, the mystic essence divine Emperor's family was all in Chen Xiaobei's divine soul world. If anything happened to Chen Xiaobei, the mystic essence divine Emperor's entire family would be buried with him.

With no other choice, Sacred Emperor Xuan Yuan decided to follow Chen Xiaobei and protect him.

"Hmm? This can't be ..."

However, just as he was about to move, Sacred Emperor Xuan Yuan realized that the formation under the abyss wasn't activated. There was no movement at all.

"That's strange ... Could it be that master's special avatar has avoided the detection of the formation? That's impossible ..."

Mystic essence divine Emperor was confused.

However, he could only make a wild guess and did not dare to follow them down to find out what was going on.

At the bottom of the abyss, Chen Xiaobei had found the core of the Holy Meridian and started to absorb the Holy vitality.

Sacred Emperor Xuan Yuan's analysis was half right. Chen Xiaobei's purple Qi dharma body and the formation at the bottom of the abyss did resonate.

This was because the origin of both of them was the great saint tribe.

However, what really protected Chen Xiaobei from the formation's attack was the three Hong Sheng orbs that Yan Lingshi had given him.

With these three orbs, not only would Chen Xiaobei not be attacked by the formation of the great Divine Tribe, but he could also control the formation above the heavenly Dao.

Whoosh ... Whoosh ...

Chen Xiaobei continued to absorb the Saint Qi.

Furthermore, the formation had completely concealed the activity here, making it impossible for anyone to detect it.

By the time the people of the natural law School realized that the Saint Qi in the mountain was all used up, Chen Xiaobei had already finished it and left.

“Master ... You’re really a God!”

Sacred Emperor Xuan Yuan was very impressed by Chen Xiaobei, and his loyalty to him had increased.

“Don’t talk nonsense! Now, take me to the heavenly Dao!”

Chen Xiaobei immediately gave the next order.

“What?”

Sacred Emperor Xuan Yuan was dumbfounded.

Chapter 4388: Seeing an old acquaintance!

4388 Seeing an old acquaintance!

“Find the heavenly Dao? Master? Are you crazy?”

Sacred Emperor Xuan Yuan suspected he heard wrong.

With Chen Xiaobei’s strength, it would be suicide if he went to look for the heavenly axiom.

“What are you thinking about?”

“I just emptied my Holy Meridian!” Chen Xiaobei urged. Once the heavenly Dao discovers it, it will definitely go and check it out. Once the heavenly Dao leaves, won’t I be able to make another huge profit?”

“This ...”

Sacred Emperor Xuan Yuan gulped and suddenly realized, “I understand! I’ll take you to the forbidden place of the natural law School now, master!”

“Chi ...”

Then, Sacred Emperor Xuan Yuan dashed toward the forbidden ground of the natural law School.

It was a blessed Grotto-heaven located at the peak of the mountain.

Tiandao would usually cultivate inside or do some important things.

Under normal circumstances, without the summons of the heavenly Dao, even mystic essence divine Emperor couldn’t step in.

It was conceivable that there must be something very important in the Blessed Grotto-heaven, and there might even be some secrets that could not be told.

And now, Chen Xiaobei was using this to lure the heavenly axiom away from its territory.

As soon as Tiandao left the forbidden area, Chen Xiaobei would rush in and take whatever he saw.

master ... I'm not sure if the heavenly Dao is inside. He left in a hurry just now, so it's possible that he has left the sect? ”

Sacred Emperor Xuan Yuan expressed his concern from a distance.

“Let's wait and see, let's wait until the entire sect is in chaos!” Chen Xiaobei was calm, as if everything was under his control.

“Yes ...” Sacred Emperor Xuan Yuan nodded.

.....

After a period of time.

The internal department of the natural law School was in complete chaos. Curses and discussions could be heard everywhere.

“What the hell? The sect's Saint Qi is all gone?”

“That's too much! Do you really not treat us as humans?”

“We are the geniuses of various forces, if we go to a small or medium-sized sect, we will definitely be treated as treasures and be nurtured, resources and Saint Qi will never be used up! There's nothing in the natural law School!”

“What a bully! Protest! We must unite! We must protest against this!”

.....

It was obvious that the heavenly axiom's character was well known. It often snatched the treasures of the personal disciples and embezzled the resources of the ordinary disciples.

Therefore, when the Saint Origin Energy in the sect was exhausted, the first thing the disciples thought of was not an invasion, but that it was the heavenly Dao behind it, and they were not even willing to let them use the Saint Origin Energy!

From this, it could be seen that the heavenly Dao had long lost the hearts of the people, and the seeds of resentment had long been planted.

It was possible that just a small spark was needed to completely blow up the entire sect.

At that moment, the disciples from Xuanyuan city had already been ignited. However, it was not the time for them to explode yet. Therefore, they were all holding back and suppressing their strength. Once they had the chance, they would deal a fatal blow to the heavenly Dao!

“Swish!”

At this moment, a silver figure suddenly rushed out of the forbidden area and headed straight for the core of the sect.

“Shit! I miscalculated something!”

the heavenly axiom will only send its clone over for unimportant matters. Its real body will remain in the forbidden area! Chen Xiaobei said.

Chen Xiaobei's plan to lure the Tiger away from the mountain was a brilliant one.

However, the heavenly Dao could create trillions of clones. It was impossible to completely transfer a brilliant plan.

"Master, do you want me to go up and take a look?"

"Perhaps the heavenly Dao isn't in the sect!" Sacred Emperor Xuan Yuan said. If that's really the case, then that clone just now was left behind by the heavenly Dao, and he has great respect for the foundation!"

"That makes sense!"

yes! Chen Xiaobei nodded and said, "let's go and take a look! If the heavenly Dao is here, you can pretend to report the disturbance in the sect to him and ask him how to solve it! But if he's not here, hehe ... Then it'll be easy!"

"Yes, sir!"

Sacred Emperor Xuan Yuan nodded and flew towards the forbidden grounds.

Chen Xiaobei also transformed into his purple Qi Dharmakaya and hid himself well. He did not want to expose himself or reveal any flaws.

"Master! The heavenly Dao is no longer here!"

At the entrance of the forbidden grounds, mystic essence divine Emperor cheered in joy.

"The heavens are helping me!"

Chen Xiaobei smiled excitedly and rushed in.

Because Tiandao's clone would only be away for a short while before returning, the entire Grotto-heaven was in a completely open state without any obstacles.

Chen Xiaobei went in without a hitch.

As the Saint Origin Energy in the mountain was exhausted, the Saint Origin Energy in the forbidden Grotto-heaven also became very thin.

However, Chen Xiaobei was not here for the Saint Qi.

After entering the grotto-heaven, Chen Xiaobei quickly locked onto his first target.

It was a golden drawing.

It was filled with all sorts of ancient symbols that were difficult to understand. Chen Xiaobei could not even understand a single symbol.

However, Chen Xiaobei found the drawing familiar.

if I'm not mistaken, this golden blueprint should also be a treasure of the Saint pan clan. It can be used to grow a Holy Phoenix like the green Treasure!

Without hesitation, Chen Xiaobei put the Golden Map into his bag.

At the same time, there were many precious high level Saint Emperor herbs and a few extremely rare high level Saint Emperor heavenly resources placed around the drawing.

"These things are probably used to raise Gu!"

Chen Xiaobei did not have the time to study them. He took them all and would check them when he was safe.

Then, Chen Xiaobei continued to venture deeper into the grotto-heaven.

Very quickly, he locked onto a second important item.

It was a Silver Dragon-shaped oil lamp!

"What the f * ck! That's the artifact that the heavenly Dao uses to activate the yuan Sage great eternal curse!"

Chen Xiaobei's face changed, and he became very excited.

This was because the Dragon-shaped oil lamp sealed the origin souls of all the living beings in Xuanyuan city and the Saint souls of all Saint emperors.

"The heavenly Dao has taken it out and is preparing to refine those primordial spirits and Saint souls! Now that it's in my hands, I'm afraid the heavenly Dao is going to be so angry that it's going to vomit blood! Hahaha ..."

Chen Xiaobei was so excited.

He had never thought that he would be able to pick up such a great bargain.

After the heavenly Dao destroyed Xuanyuan city, its greatest harvest was these primordial spirits and Saint souls.

In the battle of Xuanyuan city, Tiandao had already suffered a double loss. If he lost the Dragon-shaped oil lamp as well, he would probably not just be so angry that he would vomit blood, he might even be angered to death!

"Swish!"

Without hesitation, Chen Xiaobei kept the Dragon-shaped oil lamp.

After that, Chen Xiaobei continued to venture deeper into the grotto-heaven.

He walked all the way to the deepest part.

you ... Why are you here?!

Chen Xiaobei looked ahead in shock.

He had never expected to see an old acquaintance in the deepest part of the forbidden Grotto-heaven!

Red Envelope Group of the Three Realms

Chapter 4389: A way!

4389 A way!

In the deepest part of the forbidden Grotto-heaven, a few silver sealing chains tightly locked an extremely beautiful woman.

The woman had delicate facial features and fair skin. Her tight-fitting chiffon dress outlined her graceful figure vividly.

However, at this moment, her dress was already torn. It seemed like she had just experienced a fierce battle.

Under her skirt, her fair, slender, and flawless legs also had a few bruises.

However, judging from the degree of her injury, her opponent's strength should be far above her, overwhelming her. Otherwise, it would not just be a light injury.

"Childe Chen? You are?"

The woman's voice was extremely moving, gentle and clear, giving people the feeling of a young lady from a big family.

However, at this moment, he was more surprised and dumbfounded.

She had never dreamed that she would see Chen Xiaobei here.

"Even I couldn't escape from longguang city that day. How did you escape? Could it be that you've already joined the heavenly Dao? Have you become a Lackey of the natural law School?"

The woman was a little agitated and guarded against Chen Xiaobei with hostility.

That's right!

This woman was the person in charge of the Supreme Saint tribe in longguang city. She called herself the third miss, Ji Qianyu!

When they were attacked in longguang city, she had abandoned Chen Xiaobei and ran away.

In the end, she was still a step too late. She was blocked in the city and directly captured and sent to the heavenly Dao.

Since then, she had been locked up here.

In her eyes, Chen Xiaobei's strength was not even as strong as hers. If she could not escape long Guangcheng, how could Chen Xiaobei escape?

There was only one truth. Chen Xiaobei must have joined the heavenly axiom.

Thinking of this, Ji Qianyu's face was filled with anger. She wanted to pounce on Chen Xiaobei and bite him.

“Don’t let your thoughts run wild! I’m a reincarnator of Pangu. Even if I die, I won’t surrender to the heavenly Dao!” Chen Xiaobei said firmly.

“Hmph! A man’s mouth was a ghost that lied! I don’t believe you!” Ji Qianyu was on guard.

“You ... You really didn’t join the heavenly Dao?”

Ji Qianyu was moved and said hurriedly, “Don’t you do anything stupid! This chain is a seal personally laid down by the heavenly Dao, and any slight movement will attract him over!”

“The heavenly Dao personally laid this down?”

Chen Xiaobei raised his eyebrows and reached out his hand.

“I told you not to mess around! Don’t you understand?”

Ji Qianyu was on the verge of breaking down. She had clearly explained herself, but Chen Xiaobei still reached out his hand. “You little brat! If you don’t want to live, don’t drag me down with you!”

“Woof! Swish!”

Chen Xiaobei used both his hands to pull on the two chains. He then released his Saint Qi and yanked the seal off. The chains fell to the ground.

how ... How is this possible?!

Seeing this, Ji Qianyu was dumbfounded. “You didn’t use any magic treasures or special abilities! Could it be that ... Your ... Your cultivation has already surpassed the heavenly Dao?!”

The reason why Chen Xiaobei was so confident was because the seal was personally set up by the wielder of the will.

Chen Xiaobei’s cultivation had far surpassed the heavenly Dao.

If the heavenly axiom had used other methods to set up the seal, Chen Xiaobei might have had a headache.

However, the seal that the heavenly Dao had set up was like paper to Chen Xiaobei. It was so weak!

“Don’t just stand there! Follow me!”

Chen Xiaobei then sent Ji Qianyu into the Meru space

“Swish!”

Then, Chen Xiaobei used all his strength and the purple Qi Dharmakaya left the forbidden Grotto-heaven as fast as it could.

“Woof!”

As soon as Chen Xiaobei left, the clone came back.

“Who is it? Who trespassed the forbidden area! Who is it?”

The heavenly law clone roared hysterically. One didn't need to look to know that he was about to vomit blood.

It was even possible that his main body would come back very soon and really perform a wave of blood vomiting.

.....

While the wielder of the will was furious, Chen Xiaobei was chatting with Ji Qianyu in the Meru space.

Chen Xiaobei explained what had happened so that he could prove his innocence.

"You're saying you've already controlled mystic essence divine Emperor?"

what?" Ji Qianyu looked at Chen Xiaobei with shock, admiration, and even some admiration.

of course it's true. Otherwise, I wouldn't have been able to come and go freely in the natural law School, and I wouldn't have been able to find you!

Chen Xiaobei shrugged and asked, "What's your next plan?"

my plan is the same as before," Ji Qianyu said. I'll think of a way to draw Tiandao out, and you find a chance to control him!

"No!"

Chen Xiaobei shook his head. I'm not going to hide it from you. My ability to control others is actually something I stole from the heavenly Dao! In other words, I can't use the heavenly Dao's special ability to seal the heavenly Dao!"

this ... Ji Qianyu was in a mess.

Chen Xiaobei was the nemesis of the heavenly axiom, but Chen Xiaobei knew many of the skills that the heavenly axiom knew.

If Chen Xiaobei had not saved Ji Qianyu, she would not have believed that Chen Xiaobei was a good person.

"Your plan won't work ..."

that's why I think it's best for you to go back to the Supreme Saint tribe and lay low for a while. You can come out after I'm done with the Heaven's Will.

"You have a way to deal with the heavenly Dao?" Ji Qianyu's eyes lit up.

"There's a way, and that's to increase my strength."

I'm pretty sure now that the strongest power of the wielder of the will should be at the eight-star divine Emperor level. There might be some minor differences in the levels, but it's definitely not higher than nine-star divine Emperor! As long as I'm at the same level as him, I'll definitely be able to defeat him!"

"Eight star divine Emperor? The same level as him? Wouldn't we have to wait for a long time?" Ji Qianyu frowned.

Even though Chen Xiaobei's cultivation had reached the early stage of a six star divine Emperor, he was still a long way from the eight star divine Emperor level.

According to normal cultivation calculations, it would take at least a trillion years.

"I have some luck now. If I have enough Saint Origin Energy, I can probably break through to the peak of Seven Star divine Emperor!" Chen Xiaobei said.

The rest of the Saint Emperor Mystic fat could help Chen Xiaobei break through to the seven Star divine Emperor realm.

As long as he had enough Saint Origin Energy, he could use the Saint sunlight cache to make up for the time needed to break through.

So, Chen Xiaobei's current limit was a peak Seven Star divine Emperor.

As for how to break through this major realm after that, it would depend on luck.

"You lack Saint Origin Energy?"

"Maybe I can help you!" Ji Qianyu said quickly.

you have a way?!

Chen Xiaobei was excited, " What should I do?"

Chapter 4390: The sacred ancestor ancient battlefield!

4390 The sacred ancestor ancient battlefield!

"Have you heard of the Holy ancestor ancient battlefield?"

Ji Qianyu asked.

"No, I didn't,"

Chen Xiaobei shook his head.

Ji Qianyu explained, " it's a very special relic. It's vast, and no one knows where it originated from. We only know that it's the place where the Supreme Saint ancestors rose and fought!

"There are unimaginable opportunities there! The heavenly materials and earthly treasures, the Saint veins and Saint crystals were all more abundant than the outside world! They could even find ancient inheritances!

"Where is that place?" Chen Xiaobei quickly asked.

"Don't worry ..." He said.

Ji Qianyu continued, 'the more opportunities there are, the more danger there is! The sacred ancestor ancient battlefield is known as a land without an owner. No one can completely conquer that place, not even the sacred ancestor!"

"I don't need to conquer it, I just need to gather enough Saint Qi!" Chen Xiaobei said.

"Even so, you can't say that it's absolutely safe!"

Ji Qianyu said, "that's because the entrance and exit of the Holy ancestor ancient battlefield are not connected. In other words, it's easy for you to enter, but it's hard for you to come out! Because of this, very few powerhouses in the world dare to step into it!"

there were even many powerhouses from the heavenly sanctuary who never came out after entering. They might have died inside, or they might have broken through to the divine ancestor realm, but they still couldn't come out!

Chen Xiaobei furrowed his brows.

"Even the divine ancestor can't come and go freely. If I can't come out, all my efforts and plans will be in vain."

Obviously, this was a very important question that had to be seriously considered. He couldn't make a decision so easily.

"That's right!"

Ji Qianyu said, "that's why I have to remind you! It's not that I don't believe in your abilities, but that place can't be measured by common sense! There are huge variables at any time!"

"Then, do you know the person who came out?" Chen Xiaobei asked.

of course, many people came out from inside, but no one dared to go back. No one even dared to mention the situation inside again!

therefore, " Ji Qianyu said, " there are only general legends about the dangers and opportunities in it. There is no detailed information!

"I have a special ability that allows me to look into other people's memories!" Why don't you introduce someone who has entered the sacred ancestor ancient battlefield to me? I'll look for clues from his memory."

if that's the case ... Then we'll have to give it some thought ... Chen Xiaobei frowned.

It was not that Chen Xiaobei did not want to take the risk, but he was afraid that he would not be able to get out.

If he was trapped inside, everything would change and Chen Xiaobei would not be able to control the situation outside.

Perhaps after a long time, even the heavenly Dao would become a divine ancestor.

Therefore, Chen Xiaobei had to have a certain level of confidence before he could enter the Holy ancestor ancient battlefield.

"Or you can ask mystic essence divine Emperor. He has a lot of connections and might know more than me." Ji Qianyu suggested.

“Good idea!” Chen Xiaobei nodded and summoned Sacred Emperor Xuan Yuan.

After that, Chen Xiaobei explained the situation to Sacred Emperor Xuan Yuan.

Divine Emperor Xuan Yuan immediately gave Chen Xiaobei the answer he wanted the most, “I know two people who have been to the sacred ancestor ancient battlefield!”

“Which two?” Chen Xiaobei asked.

the boss of Ling Kong city’s Saint Emperor Jiuyang, Nangong yang God! Xuan Yuan divine Emperor said.
Saint Emperor Jiuyang!? Chen Xiaobei was taken aback.

The nine yang divine Emperor referred to nine people. Situ yanglong was still in Chen Xiaobei’s hands.

Of course, situ yang Dragon’s life had been devoured, and he was almost useless.

this Nangong Yang Shen is quite troublesome. His cultivation is above mine, and he has the support of the No-Saint tribe. Even I don’t dare to touch him easily! Mystic essence divine Emperor frowned.

it’s fine! I’ve already taken everything from the natural law School. I’ll just go to Sky City and have a look! Chen Xiaobei said.

Chen Xiaobei’s enmity with situ yanglong was the same as enmity with the divine Emperor of Jiuyang.

Although there were no conflicts yet, the existence of the nine yang divine Emperor was like a time bomb.

Instead of waiting for them to explode, Chen Xiaobei might as well make the first move and tear them apart.

.....

Sky City.

Sacred Emperor Xuan Yuan and Ji Qianyu both put on masks.

Chen Xiaobei was a new face, and this was not the natural Law School’s territory, so he did not need to wear a mask.

master, the nine castles are the residence of Sacred Emperor Jiuyang ... Sacred Emperor Xuan Yuan said in a low voice.”However, the nine of them are all obsessed with various opportunities, so they might not all be in the city.”

I don’t care about anything else. The main point is the boss, Nangong Yang Shen! Chen Xiaobei said.

“Then let’s take a look around the Yang God Palace!” Sacred Emperor Xuan Yuan pointed at the tallest and most majestic palace.

“It’s too far, you’ll be in charge of the journey!” let’s go! Chen Xiaobei ordered as he entered the Meru space.

This Sky City was even bigger than mystic essence city. Even mystic essence divine Emperor would need some time to get there.

This was a good opportunity for Chen Xiaobei to figure out how to use the things he had just looted.

From the natural law School, Chen Xiaobei had obtained an early five-star Holy Emperor-level Holy Meridian, a Silver Dragon-shaped oil lamp, a Golden Map, and the herbs and treasures around it.

The spiritual vein would merge with the remaining energy in Chen Xiaobei's hand. Once he had enough energy for an early six star divine Emperor, Chen Xiaobei would be able to break through to the early six star divine Emperor realm.

As for the Dragon-shaped oil lamp, Chen Xiaobei decided to place the primordial spirit and the sacred soul inside it into the beixuan sacred soul world.

Even if Chen Xiaobei refined all of them, he would only gain about ten netherworld years of lifespan, which was not enough to break through the false state of a Seven Star divine Emperor.

Now, Chen Xiaobei was invincible against anyone below the seven Star divine Emperor level.

Therefore, by not refining the primordial spirit and Saint Soul in the oil lamps, Chen Xiaobei could improve himself.

This was because even though these people's physical bodies were gone, their primordial spirits and Saint souls were still there, so their cultivation levels were still there.

Their participation would increase the overall strength of the entire North Mystic sacred soul great world.

Moreover, the 40000 sacred souls would be enough to make up for the North Mystic Sacred Emperor's position and raise the level of the entire North Mystic sacred world.

As expected, after the primordial spirit and sacred soul were replenished, the level of the North profound sacred world rose to the level of a four-star Sacred Emperor.

Although this level did not directly help Chen Xiaobei's Saint Soul ability, it provided him with a lot of energy every day. He now had one four star Holy Emperor-level Holy Meridian.

Small amounts of energy can make a lot, and it can also do big things!

For example, if he took out all the energy that the beixuan sacred soul world had accumulated over a period of time and added it to the energy that Chen Xiaobei had on hand, he would have the energy of an early-stage six-star divine Emperor!

"Whoosh ..."

Without hesitation, Chen Xiaobei used the energy to break through to the next level.
