#### Chapter 4391: secret passage!

“Whoosh ...”

He activated the Saint sunlight cache, and time flew by.

Chen Xiaobei had used up all his Saint Qi to break through to the next level.

[ ding Yingying’s cultivation base: six star divine Emperor middle stage. Lifespan: 1.12 years of the underworld! (Zero points are ignored)

The increase in lifespan was still not that obvious.

However, this was normal. After all, apart from the increase in lifespan, the time spent on Chen Xiaobei’s cultivation had also been reduced.

Of course, now that Chen Xiaobei was strong enough, he did not need to rely on his lifespan to fight.

next, let’s take a look at that golden blueprint ...

Chen Xiaobei then took out the Golden blueprint.

The first impression Chen Xiaobei had of the blueprint was that it was obscure and difficult to understand. There were all sorts of ancient symbols that Chen Xiaobei had never seen before, and he could not understand the contents at all.

Then, he studied the medicinal herbs and treasures that were brought back.

Chen Xiaobei guessed that the map was also a way to raise the legendary venomous insects, but he did not have any direct clues and did not know where to start.

Chen Xiaobei had no choice but to keep these things for now.

“Swish!”

Then, Chen Xiaobei grabbed situ yanglong and began to look into his memory.

However, Chen Xiaobei realized that situ yanglong’s memory was not worth much.

That was because he only knew that Nangong Yangshen had been to the sacred ancestor ancient battlefield. As for the details, Nangong Yangshen had never mentioned it. He didn’t even tell Sacred Emperor Jiuyang and his other brothers.

it seems like we have to capture Nangong yang God to solve the problem.

Chen Xiaobei calculated in his mind and prepared to leave.

However, before he left, Chen Xiaobei thought of someone.

“Swish!”

In a flash, Chen Xiaobei found Yun niyue, who was cultivating in the sacred soul world.

“Young master Chen! What are you doing here? Have you found Supreme Ling Kong’s whereabouts?” Yun niyue asked impatiently. It was obvious that this Supreme Ling Kong was very important to her.

That’s right, Supreme Lord Ling Kong was the owner of the one word Saint destroyer curse.

In order to snatch the one word Saint destroyer curse, the sky burial Yuan sacred clan had fought supremacy Ling Kong to the death. In the end, supremacy Ling Kong had died and the one word Saint destroyer curse had been memorized by old Feng before being destroyed.

The reason why Yun niyue cared so much about supremacy Ling Kong was because her family was close to him. Furthermore, her family had been destroyed by the sky-burier Yuan sacred clan.

Therefore, finding clues about Supreme Ling Kong might be of great help to Yun niyue’s revenge.

I didn’t find any clues, but I’m in one of the main cities in the heavenly sanctuary right now!

“And the name of this city is Sky City!” Chen Xiaobei said.

Sky City?!

Yun niyue was shocked and hurriedly said, “supremacy Ling Kong was the Lord of Ling Kong city when he was alive!” From what I know, Sky City was later occupied by the nine yang divine Emperor!”

“That’s right.”

yes! Chen Xiaobei nodded and said, “ I’m here for yang God Nangong! If you have any useful information, tell me now!”

“I know a secret passage that leads to the Ling Kong secret realm!”

yes! Yun niyue said, “ in that secret realm, there’s an important secret that supremacy Ling Kong has been investigating!

“A secret passage?” “If it’s a secret passage, how did you know about it?” Chen Xiaobei asked.

“Supremacy Ling Kong has a close relationship with my family. A long time ago, he shared the secret of the Ling Kong secret realm with my family’s leader. As the last survivor of my family, it was the leader who told me the secret before he died!” Yun niyue explained.

alright! Chen Xiaobei nodded. if that’s the case, tell me the location of the secret passage now. If there’s a chance, I’ll sneak in and call you out to check it out!

Obviously, Yun niyue’s cultivation was too weak. She would only be a burden to Chen Xiaobei.

So, it was best to wait for Chen Xiaobei to get her out.

“No problem!”

Yun niyue quickly told Chen Xiaobei the location of the secret passage and the way to enter it.

“Swish!”

Chen Xiaobei returned to the real world.

At the same time, Sacred Emperor Xuan Yuan and Ji Qianyu had arrived outside the Yang God Palace.

“How is it? Is there any movement?” Chen Xiaobei asked.

there’s nothing wrong. I can’t tell if the main person is here ... Sacred Emperor Xuan Yuan shook his head.

“Even if he’s here, we can’t do it directly!”

no,” Ji Qianyu said. once there’s a huge commotion, it’s very likely to alert the non-Saint tribe behind Nangong yang God. We’ll be in big trouble!

Obviously, Chen Xiaobei, Ji Qianyu, and Sacred Emperor Xuan Yuan all had powerful trump cards that could fight above their level. It would be easy to take down Nangong yanshen, but it would be very difficult to escape after taking him down.

After all, the No saint tribe was a Supreme divine ancestor tribe, and their strength was in the middle to upper levels. They were definitely not to be trifled with.

Among the nine Supreme divine ancestor clans, the great saint clan and the Saint pan clan were on the verge of extinction. Their power was so weak that it could be ignored.

As for the Supreme Saint tribe, origin Saint tribe, and life Saint tribe, they were all below average.

As for the Wusheng tribe, holy ancestor extermination, profound Sage Tribe, and Yuan Sage Tribe, they were in the upper-middle tier and possessed terrifying strength.

Among them, the yuan Saint tribe was very special. If the sky burial Yuan Saint tribe’s Supreme divine ancestor did not fight with the yuan Saint tribe’s divine ancestor, the yuan Saint tribe would become the most powerful tribe in the world and be able to dominate.

However, it was precisely because the yuan Divine Tribe was divided into two factions and had constant internal strife that it could not become a top race.

At this moment, the No saint tribe behind Nangong Yangshen was on the same level as the yuan Saint tribe. It was obvious that their strength and Foundation could not be underestimated.

“Well said!”

“It’s easy to catch yang God Nangong, but it’ll be hard to escape ...” Mystic essence said with certainty.

I know of a secret passage! Chen Xiaobei raised his eyebrows. it might help us get out of here safely!

“A secret passage?” Ji Qianyu’s beautiful eyes widened, and she questioned, “This is your first time here, how do you know about the secret passage?”

“I naturally have my ways!”

I don’t know! Chen Xiaobei raised his eyebrows. but, I need to verify if the secret passage works first. Then, I’ll decide if I want to use force!

“Then let’s go.” Ji Qianyu couldn’t wait.

“I’ll go alone! You two stay here and keep an eye on him. It’s best if you can find a way to find out if Nangong Yang Shen is here or not!” Chen Xiaobei did not bring Ji Qianyu along.

After all, the end of the secret passage was connected to the legendary sky secret realm. It was best not to let too many people know the secrets inside.

“Swish!”

Chen Xiaobei’s body flickered and disappeared.

.....

At the same time, a pair of eyes in the void were staring at Chen Xiaobei.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4392: figure!**

The entrance to the secret passage was in an old and dilapidated holy temple. Ordinary people would not have thought of it.

Moreover, to open the entrance, one had to use a special technique to pour Saint Origin Energy into the upper left corner of the platform where the sacred Elephant was enshrined.

Therefore, it was basically impossible for outsiders to enter.

“Whoosh ...”

Following Yun niyue’s instructions, Chen Xiaobei injected his Saint Qi into the platform, along the upper left corner of the platform, in a specific rhythm and direction.

It was like a super enhanced electronic password lock.

If he made a mistake, he would not be able to open the secret passage.

Of course, Chen Xiaobei’s ability to learn was unparalleled. Even though he had only heard Yun niyue’s description once, he would never make a mistake.

“Woof! Huu ...”

A gust of wind rose from the ground, and a dark space gate slowly opened in the void.

The moment Chen Xiaobei stepped in, the door closed. From the outside, no one could see anything.

“Whoosh ...”

In an instant, the entire space began to twist rapidly, and the world began to spin.

Chen Xiaobei felt as if he had entered a Time Tunnel. The laws of time around him were overlapping and dislocating, and even showing signs of collapsing.

This was actually one of the methods supremacy Ling Kong used to prevent intruders.

If the entrance was accidentally discovered, one would have to use a very special method to pass through this time Tunnel.

That was to find a special time node in the extremely dizzy and chaotic distorted space and rush out from there to enter the high sky secret realm.

If they could not find the right time node, they would be trapped in this time Tunnel forever.

as expected of the master of the one character Saint destroyer curse. Lord Ling Kong's control over the laws of time and space has reached the peak. This time Tunnel alone can trap anyone below the Saint ancestor level!

Chen Xiaobei could not help but exclaim, "If I can create a Time Tunnel like this one day, I'll be a super trump card! Just thinking about it makes me feel so good!"

"Swish!"

With a flash, he rushed over.

As expected, there was a hidden portal behind the node, and Chen Xiaobei walked through it.

Chen Xiaobei might have looked relaxed, but the gate was hidden flawlessly. It was impossible for a normal person to find it by luck.

"Whoosh ..."

As Chen Xiaobei's body landed, he finally entered the legendary secret realm.

Once again, Chen Xiaobei was surprised by Supreme Ling Kong's ability to control space.

He was surrounded by an extremely mysterious space.

There were countless mirrors in all directions. On the whole, they seemed to be in the same space, but in fact, they were in different dimensions.

When one looked at them from different angles, the images reflected on the mirrors would also change drastically. It was as if the images reflected in the mirrors were from different dimensions.

Most of these images were of terrifying and shocking battles.

A black-robed Supreme sacred ancestor had destroyed a sacred domain with the snap of a finger.

The green-robed Supreme divine ancestor could create a world with a flip of his hand.

There was also the woman in the white dress, the Supreme divine ancestor. Her every frown and smile contained laws and fortune.

.....

One scene after another kept appearing, and it was simply too shocking to be described with words.

"These ... These are the secrets that supremacy Ling Kong has been trying to find out? It seemed to be related to the Supreme Saint ancestor! Different mirrors have different dimensions, and they reflect their state in different periods of time ..."

Chen Xiaobei observed quietly. He was surprised and confused.

This was because these scenes were only full of visual impact, just like watching an epic movie blockbuster.

However, Chen Xiaobei could not see anything.

“Swish!”

Chen Xiaobei immediately summoned Yun niyue.

my God ... This ... This is the Ling Kong secret realm? ”

Yun niyue’s first reaction was also shock, but then she fell into confusion like Chen Xiaobei. “There must be a reason why supremacy Ling Kong is trying so hard to protect this place! But what’s the use of these mirrors?”

“Did Lord Ling Kong not tell your clan leader?” Chen Xiaobei asked.

“I did, but the patriarch died before he could finish ...”

Yun niyue’s brows furrowed, and she suddenly felt a little dejected. it seems that this secret realm is of no help to us. If we want to take revenge, we have to find another way ...

Although this secret realm left behind by Supreme Ling Kong was definitely useful, Yun niyue didn’t have any clues and couldn’t solve the mystery. Naturally, she wouldn’t be able to obtain any help from it.

“Don’t worry! We can try the one word Holy extermination curse!”

Chen Xiaobei quickly went forward to channel his energy.

Yun niyue’s eyes lit up and she said, “that’s right!” I almost forgot! You can also use the one word Saint destroyer curse!”

Whoosh ... Whoosh ... Whoosh ...

As Chen Xiaobei channeled his energy, the words of the one-word Holy extermination curse began to appear.

Xuan, life, Hong, Shi, Yuan, Ji, Wu, mie, pan!

The nine words danced in the air.

Then, a miraculous scene happened.

The mirrors that had originally reflected the Supreme ancestral saint’s image suddenly reflected these nine words.

The nine characters then fused together and condensed into an extremely mysterious figure.

“Nine words in one! This represents the highest level of the one word Saint destroyer curse!”

Chen Xiaobei was shocked, but he was even more confused. “However, when the nine characters have reached the highest level, another character should have been derived. How did it merge into a human figure? What is the identity of this person?”

Yun niyue was completely confused. She had never learned the one-word Saint destroyer curse, so she knew nothing about what was happening.

Everything could only be solved by Chen Xiaobei.

“Shua shua ... Shua shua ...”

In the next moment, countless human figures suddenly rushed out of the mirror.

Every figure was so lifelike that it was as if they were real people. Yun niyue was shocked.

The reason why Yun niyue was afraid was because these figures were the nine Supreme divine ancestors from different periods of time.

Youth, youth, middle age, old age, endless years ...

All of these figures unleashed their strongest attacks to surround and attack the figure that was formed.

In an instant, the world changed colors, the laws of nature roared, countless worlds collapsed, the Holy regions turned into dust, and the void was annihilated. It was as if the end of the world had come. No one could resist such a terrifying siege!

“It’s so spectacular ...”

Chen Xiaobei exclaimed.

But the next moment, Chen Xiaobei was stunned.

“Pa!”

The figure raised his hand and snapped his fingers. It was very casual and simple.

However, as soon as the sound came out, all the attacks and the Supreme Saint ancestors were crushed. Not a trace was left, and they turned into nothing.

#### **Chapter 4393: I've been discovered!**

4393 I've been discovered!

“Who ... Who is this person? He can easily annihilate all the Supreme Holy ancestors?”

Yun niyue was completely stunned.

“Could he be the founder of the one word Holy extermination curse?”

Chen Xiaobei thought for a moment and said, “The name of this cultivation technique is so overbearing, Sage extermination! However, it didn’t specify whether it was a Saint King, Saint Emperor, or Saint ancestor! Perhaps if he reaches the highest level, he can even kill the divine ancestor!”

this ... This can’t be ... Supremacy Ling Kong has already cultivated it to the highest realm. If he could really kill the divine ancestor, how could he have died? ”

Yun niyue shook her head. besides, you've also practiced the one word Saint destroyer incantation. You should know that this is a peak Saint Emperor cultivation technique. It can't be compared to the Saint ancestor!

"It might be like this!"

"that's right! Chen Xiaobei said, " Lord Ling Kong did not get the complete one word Saint destroyer curse. The secret he wanted to find his entire life was to find the complete one word Saint destroyer curse!

"This ..."

Yun niyue's expression froze and she said awkwardly, " "Now that you've mentioned it, we can't rule out this possibility!"

"We'll have to see if Supreme Ling Kong has found any clues after spending his entire life!" Chen Xiaobei started to observe his surroundings.

"Whoosh ..."

However, at this moment, the figure suddenly scattered and a special black stone fell down like a meteorite.

The stone seemed to have a mind of its own as it flew towards Chen Xiaobei.

"Swish!"

Chen Xiaobei reached out his finger and touched it lightly. Instantly, a terrifying pressure descended upon them.

"Hiss ..."

Before she could react, Yun niyue suddenly sucked in a breath of cold air. It was as if her soul had been sucked out of her. Her pupils contracted uncontrollably, her body trembled, and cold sweat poured out like rain!

In her mind, a terrifying illusion burst out.

It was as if he had become that figure just now, surrounded and attacked by the nine Supreme sacred ancestors.

In an instant, extreme despair shrouded her, and unparalleled fear crushed Yun niyue's state of mind.

"Uh ..."

She didn't even have the time to scream before she fell unconscious.

"What ... What a terrifying pressure ..."

Chen Xiaobei was able to withstand the attack with his strong mental state and the help of the level 5 yuan curse.

At the same time, Chen Xiaobei quickly used the life word incantation to help Yun niyue recover some of her mental power.

Otherwise, once she had a mental breakdown, she would be mentally unstable even if she woke up.

One had to know that Yun niyue was already a two star divine Emperor, but her mental state was instantly crushed by the pressure of this meteorite!

From this, one could see how domineering this black meteorite was!

could ... Could this be a Holy ancestral-level artifact?!

Chen Xiaobei's face was filled with shock, but he did not dare to be careless. He gathered his mental power to protect his mind.

Then, he slowly communicated with the black meteorite's spirit and sensed its aura.

"BOOM!"

Chen Xiaobei could feel the terrifying aura of war.

It was a terrifying war that could destroy the world and slaughter everything. A mountain of corpses and a sea of blood was not enough to describe its horror.

Let alone two star divine emperors, even seven or eight star high level divine emperors would find it hard to guard their mental states.

Luckily, Chen Xiaobei's mental state had always been strong. He was still able to keep his cool and think.

"Combined with the images reflected on the mirror, all of the Supreme sacred ancestors were engaged in shocking battles at different times!"

this black meteorite has something to do with the battle. Could it be that supremacy Ling Kong found it on the battlefield?" Chen Xiaobei thought. Battle ... Holy ancestor ancient battlefield?"

Chen Xiaobei suddenly thought of an important clue.

"According to what Yun niyue said, that place was the place where the Supreme ancestral Saint rose to power and went to war!"

oh no! Chen Xiaobei said excitedly, "perhaps supremacy Ling Kong had been to the Holy ancestor ancient battlefield and obtained this black meteorite. But for some reason, he never returned!"

"If that's the case, I have to make a trip to the sacred ancestor ancient battlefield no matter what! If I were to discover the ultimate secret of the one word Saint destroyer curse! My strength will definitely skyrocket. At that time, I can even fight the divine ancestor, let alone a mere heavenly Dao!"

It was obvious that Chen Xiaobei had encountered a small bottleneck in his cultivation. He was in need of a new opportunity to increase his cultivation rapidly.

The Holy ancestor ancient battlefield and this black meteorite were Chen Xiaobei's best chance.

Chen Xiaobei was the only person in the world who could use the one character Saint destroyer curse.

If the ultimate opportunity of the one word Saint-killer curse really existed, it was prepared for Chen Xiaobei!

“If that’s the case, then there’s no need to worry too much!”

Chen Xiaobei’s eyes were filled with fighting spirit. “We’ll take down yang God Nangong and head to the sacred ancestor ancient battlefield! As long as I can come out alive, the heavenly Dao will die without a doubt! The sky burying Yuan sacred clan will also face my punishment!”

.....

On the other side.

The heavenly Dao’s true body was in the sect’s forbidden area, the grotto-heaven, and he was so angry that he wanted to vomit blood.

He was filled with killing intent, as if he wanted to grab Chen Xiaobei, skin him alive, and grind his bones to dust.

Ding!

However, at this moment, the heavenly Dao’s communication rune suddenly received a message.

[ selfless act: brother Yuan Dao, how have you been? ]

The heavenly Dao’s original name was Yuan Dao. After the natural law School was established, it no longer used its original name, but changed to a Daoist name, which was the heavenly Dao.

Very few people in the world knew this. Only those who had known the heavenly Dao for a long time and were very familiar with it would call it by its original name, Yuan Dao.

[ heavenly law: what’s the matter, my brother? ]

[ anatta: I saw something interesting in Sky City. Are you interested in knowing? ]

[ heavenly Dao: you’re not an idle person! ] You wouldn’t have contacted me if it wasn’t something extremely important! Hurry up and say it! I’m definitely interested!

[ selfless act: I saw your chief disciple, Xuan Yuan, in Sky City. ]

[ heaven’s will: so what? ]

[ anatta: he’s wearing a human skin mask and is completely obedient to a young man! ]

[ heaven’s will: a young descendant? ] Obey? “How ... How is this possible?”

[ anatta: I’m not done yet. More importantly, that young man disappeared from my sight for a while! ]

The heavenly axiom thought, “disappeared from your sight?” “How ... How is this possible?” (Shocked)

[ heaven’s will: you have the special ability of space nothingness. You can ignore all space walls just like how you ignore the human skin mask! ] There is no blind spot in the entire Sky City for you! How could he have disappeared?

Selfless act: " you're right. That's why I'm very confused. I've come to ask you. Who is that young man? "

The heavenly axiom said,"I don't know either ..."

[ selfless act: why don't you come over and take a look yourself? ] I don't think it's that simple!

### Red Envelope Group of the Three Realms

#### **Chapter 4394: infiltration!**

Sky City.

Chen Xiaobei sent Yun niyue back to the beixuan sacred soul world.

Chen Xiaobei went to find Sacred Emperor Xuan Yuan and Ji Qianyu after he came out of the secret passage.

"How is it? Have you found out?" Chen Xiaobei asked.

I've found out that yang God Nangong is in the palace at the moment! Ji Qianyu nodded and asked, "How are things on your side? Can we retreat?"

"No..."

no! Chen Xiaobei shook his head. that's a dead end. I can hide there, but I can't escape.

it's good enough that we can hide. Let's take down Nangong Yang Shen first. If we really can't do it, we can just hide for a while! Ji Qianyu said.

"You can't!"

no! Sacred Emperor Xuan Yuan said hurriedly. the No saint race's special ability is to isolate space. All spatial walls are nothing in their eyes. Once the sacred heavenly eye is activated, there's no blind spot in the city. There's no way to hide!

"No!"

Ji Qianyu was very smart, and he made a reverse deduction, " if the No-Saint tribe has discovered that secret passage, young master Chen might run into the enemy when he goes there today!

"Third miss is right." yes! Chen Xiaobei nodded. everything is normal in that tunnel. The enemy has not found us.

how ... How is this possible?!

"There's a space in Sky City that no saint can't see through?" Sacred Emperor Xuan Yuan was surprised.

don't underestimate Sky City!

Ji Qianyu said,"a long time ago, this place was supremacy Ling Kong's territory!" He was a peak Saint Emperor who had once been on the top of the heavenly Saint domain Supreme ranking! His one word Holy extermination curse is still an unsolved mystery!"

"One word Saint-Killing Curse?" Sacred Emperor Xuan Yuan seemed to have thought of something.

Just a few days ago, Chen Xiaobei had used the one word Saint-killer curse in the battle of Xuanyuan city.

However, there were a few words that appeared one after another. Divine Emperor Xuan Yuan had never seen the real one-word Saint destroyer curse before, so he could not connect the many words with one word. He did not know that Chen Xiaobei was actually using the one-word Saint destroyer curse.

“An unsolved mystery ...”

At the same time, Chen Xiaobei had a new understanding of what Ji Qianyu had said.

The nine words of the one word Saint-slaying curse came from the nine Supreme divine ancestors, and their abilities were the same.

Logically speaking, this was a cultivation technique that came from the same source and the same lineage.

However, his name was Sage kui!

And when all nine words reached the peak level, the final word would be derived.

That word was Chen Xiaobei’s unsolved mystery. Even supremacy Ling Kong might not have been able to comprehend it.

There was no doubt that that word was the true essence of the one word Saint destroyer curse. It could overturn everything and stand against the nine Supreme Saint ancestors.

Perhaps all the mysteries came from the mysterious figure in the mirror space of the secret passage.

Who was he? How strong was he? What was his relationship with the nine Saint ancestors?

Chen Xiaobei was filled with questions.

The answer to all of this could only be found in the sacred ancestor ancient battlefield.

And capturing Nangong yang God was the first step.

“Since I can hide in the secret passage, I can do whatever I want!”

“You two can’t be of any help for now. Hide!” Chen Xiaobei said. I’ll sneak into the palace alone!”

“How are you going to sneak in alone?” Nangong Yang Shen is extremely powerful, ” Ji Qianyu said worriedly. the palace is heavily guarded by restrictions and arrays. If outsiders sneak in, they’ll be courting death!

“Third miss need not worry!”

Before Chen Xiaobei could say anything, mystic essence divine Emperor said, ” master’s purple Qi Dharmakaya is extremely profound. Even the heavenly Dao can’t detect it. Furthermore, master has the ability to avoid the formation. We’ll only be a burden if we follow him!

After following Chen Xiaobei through the natural law School, divine Emperor Xuan Yuan had a deeper understanding of Chen Xiaobei's abilities and his loyalty to Chen Xiaobei had increased greatly.

However, there was one thing that Sacred Emperor Xuan Yuan was wrong about. Chen Xiaobei could not avoid the formation. It was just the formation of the natural law School that Chen Xiaobei had three Hong Sheng orbs to break. If he encountered other formations, it would still affect Chen Xiaobei.

how ... How is this possible?!

Ji Qianyu was shocked and looked at Chen Xiaobei in a new light, " no wonder you were able to escape from long Guangcheng that day, while I was captured ...

At this point, Ji Qianyu was convinced and was sent into the Meru space with Sacred Emperor Xuan Yuan.

"Whoosh ..."

Then, Chen Xiaobei turned into a purple Qi Dharmakaya and flew up to the Yang God Palace.

The form of the purple Qi dharma body was undetectable by anyone under the seven Star divine Emperor realm.

Nangong Yang Shen was only a five star divine Emperor.

As for the restrictions and formations in the palace, they didn't seem to have been activated.

After all, there was no danger on a daily basis, and it was a waste of energy to keep it on at all times.

Moreover, yang God Nangong was personally overseeing the palace. If there was a danger that even he couldn't resist, even if all the restrictions and arrays were activated, it would naturally be of no use.

The Yang God Palace was very, very big.

However, Chen Xiaobei only needed to go to the most crowded place.

Sure enough, in a huge banquet hall, Chen Xiaobei had locked onto his target.

In the center of the hall, on a luxurious metal throne, sat a fat man with a lewd and wretched face.

On both sides of him were eight smaller Thrones, but only seven people had arrived.

Obviously, they were the other seven divine emperors of nine yang.

At this moment, there was a group of young and beautiful women dancing in front of them.

Each of them had women on their left and right, enjoying themselves without restraint.

After three rounds of drinking, they finally talked about serious business.

"Big brother, I've found some clues about ninth brother recently!" One of them composed himself and said solemnly.

"Hurry up and tell me!"

Although Nangong Yangshen was a wretched man, he still cared about his brothers. He pushed the woman beside him away and stared at her with his Toad-like eyes, eager to know the answer.

before my ninth brother went missing, he went to the Holy Land to attend an auction!

“I found the main city where the auction house is located. Their city Lord told me that the Luo family is the one who arranged this auction!” The Saint Emperor continued.

the Luo family seems to be trying to avoid something. Instead of holding the auction in their own main city, they went to someone else’s territory. Therefore, I suspect that ninth brother’s disappearance has something to do with the Luo family!

“After that, I went to the Luo clan to investigate and found out that the entire Luo clan had disappeared. It seemed like they had been taken into the Saint Soul world! This is even more of a guilty conscience!”

All the Saint emperors, including Nangong Yangshen, became furious.

“You listen!”

Nangong Yang Shen bared his teeth as if he was going to eat someone. “We have to find the person behind the Luo family at all costs! Ninth brother and his lover knew a lot of secrets! He had to get those clues back! I must!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4395: arrival!**

Chen Xiaobei had been hiding in the dark.

He had thought that Nangong Yang Shen was a person who valued relationships and was always worried about his ninth brother’s safety.

After a long time, Nangong yang God was only concerned about the clues of the opportunity. He didn’t even care about the life and death of his ninth brother situ yanglong. He only wanted to get back the clues.

In the eyes of Nangong yang God, his ninth brother situ yang long was just a tool that held an opportunity.

He was heartless and only concerned about profit!

Chen Xiaobei was still considering whether to show mercy earlier, but now he did not have to hesitate anymore.

A person like Nangong Yangshen would be a ticking time bomb if he stayed. If Chen Xiaobei did not do anything to him, he would come for Chen Xiaobei and bite him back.

“Big brother is right! No matter what, he had to find the person behind the scenes! Take back all the clues!”

The other seven divine emperors had the same attitude. They did not care about situ yanglong’s life and death. All they wanted was to find Chen Xiaobei.

There was no way Chen Xiaobei would keep them alive!

“No need to look! I’ve delivered myself to your door!”

go! Chen Xiaobei shouted, and the purple Qi Dharmakaya returned to its original form, standing proudly among the crowd.

Chen Xiaobei did not even bother to ambush these useless people.

“Who ... Who are you? When did you come in?”

Nangong Yang Shen and the surrounding seven Saint emperors were all shocked. They all jumped up in shock.

“I was the one who took your ninth brother! I’m the person you’re looking for!”

Chen Xiaobei looked at them coldly and said, “I’m here today to draw a sentence about the cause and effect of this!”

“You little brat! Are you tired of living? You actually dare to walk right into the trap!”

Nangong Yang Shen said in disdain.

After all, in his eyes, Chen Xiaobei was from the earth Holy region. No matter how strong he was, he was only a low-tier Holy Emperor. A one or two-star Holy Emperor was pitifully weak.

“Big brother! Don’t be careless!”

Someone beside him reminded, “this kid dared to come alone, so he either has enough strength or has an expert backing him up!” Otherwise, he wouldn’t have come here to die!”

“Hmm ... That makes sense!”

“Alright!”

Everyone agreed in unison.

Boom Boom ... Boom Boom ... Boom Boom ...

In the next moment, waves of terrifying Saint Origin Energy burst out.

The palace that was as large as a mountain was shaking violently.

At this moment, the restrictions and arrays of the palace were activated one after another, barely protecting the palace.

If it wasn’t for these restrictions and protective arrays, just the Saint Qi fluctuations at the scene would be enough to destroy the entire Palace.

“Little brat! Accept your death!”

die! Nangong Yangshen roared and the eight of them attacked at the same time. The terrifying power exploded like thousands of rays of light gathering in the universe and devoured Chen Xiaobei.

“Whoosh ...”

However, in the next moment, before Nangong Yang Shen and the others could celebrate, they were completely stunned.

Chen Xiaobei was standing there, surrounded by a pure Saint Qi.

The terrifying attacks around Chen Xiaobei were all destroyed the moment they touched his Saint Qi. They could not even touch the corner of Chen Xiaobei's clothes.

"Shit! This ... This brat is a middle six star Saint Emperor!"

arghh! Nangong Yang Shen let out a shrill scream, and his face changed drastically.

Just a moment ago, he thought that Chen Xiaobei was a weakling who only dared to cause trouble because he had the support of an expert.

It was only then that he realized that Chen Xiaobei was a master who was many times better than him. He did not need anyone's support.

"I'm finished ..."

The surrounding seven Saint emperors all wailed in despair.

Under the suppression of absolute power, they had no room to resist at all.

"Lotus!"

Chen Xiaobei summoned eight divine lotuses of heavenly law.

"Whoosh! Whoosh! Whoosh ..."

With the help of the rank five Yuan word incantation, his Esper ability had reached the level of invincibility under the seven Star divine Emperor realm. He was so fast that Nangong Yangshen and the others couldn't Dodge.

In the blink of an eye, they were hit by the sacred lotus of heavenly Dao's Mark.

The Red Lotus had been branded on their Saint souls, imprisoning their primordial spirits and souls, completely controlling them.

"Your lives are in my hands now! If you don't want to die, then kneel down and submit!"

Chen Xiaobei hovered in the air, looking down at them with a suffocating aura.

"Little brat! Don't think that you're very strong! We have the support of the No-Saint tribe! Are you going to make an enemy out of the Supreme sacred ancestor?"

A young and aggressive Holy Emperor stood out and pointed at Chen Xiaobei.

Even though the eight of them were at a disadvantage, Chen Xiaobei was still afraid of the name of the non-Saint tribe.

They had actually used this trick many times. When they were in danger, as long as they brought up the No saint tribe, basically all the forces would have to give them face. They would even try to curry favor with them.

“Lotus destruction!”

Chen Xiaobei was too lazy to waste his breath and only said two simple words.

The words of law followed.

“Uh ...”

The young and impetuous guy instantly burst out with an extremely painful scream.

He could clearly feel that his Saint Soul world was like a melting snowball, disintegrating and disappearing at an extremely fast speed.

His body was also dying at an extremely fast speed, as if his life force was being sucked away by something. It was irreversible, and he could not escape. Only death awaited him.

“Bang!”

In just three seconds, that fellow fell to the ground. The aura of his Saint Soul had completely disappeared. His body was old and shriveled, as if he was a dried corpse that had been dead for many, many years.

Such a corpse could not even give birth to a Saint Emperor Xuan Zhi.

“My God ... This ... This kid is a madman! He was not even afraid of the No saint tribe! We ... We can only submit!”

Nangong Yang Shen and the remaining six people were completely terrified.

They would never have thought that Chen Xiaobei would not be intimidated by the name of the non-Saint tribe.

When they looked at the dried corpses on the ground, their mental state collapsed even more. They did not dare to resist in the slightest.

Plop ... Plop ... Plop ... Plop ...

Soon, Nangong Yangshen and the remaining six people knelt on the ground and begged for mercy. director, please spare us ... We're willing to surrender ... We only want to live ...

“Swish!”

Without another word, Chen Xiaobei kept them all into the Meru space.

However, Chen Xiaobei did not leave immediately. Instead, he focused on the mummified body.

Even though this was not earth, the law of energy conservation still existed.

The Saint Emperor's life force was sucked dry, and even his Saint Soul might have been devoured.

This energy would not be absorbed by nothingness, nor would it disappear into thin air.

Then where did he go?

“Chen Xiaobei! I finally get to see you!”

At this moment, a terrifying roar burst out in the sky.

Heaven and earth trembled, and the restrictive arrays in the palace collapsed. The entire Palace collapsed.

### Red Envelope Group of the Three Realms

#### **Chapter 4396: waiting for a rabbit!**

why is the heavenly Dao here?!

Chen Xiaobei did not have time to think. He quickly turned into his purple Qi Dharmakaya and retreated to the secret passage.

However, as they retreated, Chen Xiaobei realized that the heavenly axiom did not have enough energy left. This time, it did not use the thousand-machine beast to cover the sky City.

This way, Chen Xiaobei did not need to hide and could just leave.

The purple Qi Dharmakaya shuttled back and forth quickly. After a while, they left the sky City.

In the sky.

Tiandao's brows furrowed tightly, and he was extremely displeased. "Dammit! Chen Xiaobei was right in front of us, but he ran away!"

"Chen Xiaobei? The young man just now?" The man beside him asked curiously.

This man was the one who had contacted the heavenly Dao earlier, selfless act.

His body was very strange. In general, it was a solid human body, but occasionally, there would be partial nothingness, like an illusory spirit body. It was very strange.

"It's him!"

Tiandao's face flushed red with anger, and the corners of his mouth twitched. He completely lost his usual calm and domineering air.

I saw that the kid turned into a streak of purple Qi. It seems to be related to the great Divine Tribe ... But that's not the primal Chaos purple Qi ...

The author's ability allowed him to see through the spatial walls. He had seen everything when Chen Xiaobei transformed into the purple Qi Dharmakaya.

you didn't chase after me when you saw me?! Tiandao was so angry that he almost vomited blood.

Although Chen Xiaobei's purple Qi Dharmakaya could not be sensed, they could still catch up with him if they could see him with their eyes.

"I can't catch up ..."

"The speed of the purple Qi is as fast as an intermediate six star divine Emperor. Unless we use our trump cards, neither of us will be able to catch up!"

It was obvious that the No saint tribe was a powerful tribe on the same level as the yuan Saint tribe among the nine Supreme divine ancestor tribes.

The anathor s sect definitely had a trump card, and there was a high chance that it would not lose to the heavenly Dao.

However, the more powerful a trump card was, the less times it could be used. In a situation where there were no benefits, the selfless act would definitely not waste a trump card to chase after an irrelevant person.

“You can tell me! I’ll go after him!”

Tiandao was so angry that his eyes were wide open, and his teeth were clattering.

“You’re actually willing to use your trump card for that kid?” Wuwo Xing’s eyes widened in curiosity.

“In order to capture him last time, I even activated the thousand opportunity beast’s strongest power! Do you think I’m willing to use my strongest trump card?” Tiandao was so angry that he wanted to die.

Last time, Tiandao had not only used the thousand machine beast’s strongest power, but he had also personally destroyed the strongest main city under his banner.

In the end, Chen Xiaobei did not manage to catch them. Instead, he fell for Chen Xiaobei’s trap and lost the Golden Map, the mercury dragon lamp, and Ji Qianyu in the faction’s forbidden area.

It was a huge loss.

The thought of it made the heavenly axiom want to cut Chen Xiaobei into a thousand pieces and grind his bones to dust.

If Tiandao had seen Chen Xiaobei earlier, he would have used his strongest trump card without hesitation. He would have used the absolute power of an eight star divine Emperor to crush Chen Xiaobei completely, not giving him any chance to escape.

it seems like this kid is very important to you!

Wuwo Xing narrowed his eyes and revealed a profound smile. “Do you want to cooperate with me? Let’s capture him together and share all the benefits!”

“Cooperation? Do you know where he went?” Tiandao asked with a frown.

“I can roughly guess it!”

“However, you have to say something that can move me first. Otherwise, I won’t be bothered to get involved in this!”

Genius thought for a moment and said solemnly, “one word Holy extermination curse!” Is this thing enough to move you?”

“What?”

The expression on anathor s face changed drastically as he said in shock, “The legendary one word Holy extermination curse is in that kid’s hands? Are you sure? You can’t joke about this!”

“I’m very sure! Why don’t I chase after him?” “However, you absolutely can not reveal this secret. Otherwise, not only will you and I not be able to get any benefits, but we will also die without a burial place!” Tiandao said solemnly.

“I know! Do I need you to tell me that?”

Wuwo Xing swallowed his saliva and sighed, “Ever since supremacy Ling Kong died, all the Saint ancestors have been trying to find the one-word Saint-Killing Curse! Once this cultivation technique was revealed, it would probably trigger a bloody war among all races! The two of us ... Can’t even get to drink the soup ...”

Obviously, although the heavenly Dao and selfless travel were powerful, they could only be regarded as the upper-middle level of the heavenly sanctuary. There was still a long way to go before they reached the top of the heavenly sanctuary, and there was still a huge gap between them and the unattainable ancestral sanctuary!

All the Saint ancestors were staring at the one-word Saint-Killing Curse. If the secret was exposed, they would not get any benefits. Instead, they would be killed.

“It’s good that you know!”

The heavenly Dao said solemnly, “quickly say it! Where do you think Chen Xiaobei went? As long as you can capture him, I’m willing to share the one word Holy extermination curse with you!”

It had to be said that the heavenly Dao itself was also a proud Son of Heaven with great opportunities and destiny.

Old Feng, who was familiar with the one word Saint destroyer curse, was in the hands of the heavenly Dao at the very beginning.

Unfortunately, the Mad old man refused to say anything, and the heavenly Dao couldn’t do anything to him.

Then, Chen Xiaobei saved old crazy.

The heavenly axiom had no choice but to cooperate with others in order to capture Chen Xiaobei.

“Chen Xiaobei came to the Yang God Palace to capture someone! They’re obviously here for Nangong yang God!”

there’s nothing special about Nangong Yangshen,” wuwo Xing speculated. the only thing worth praising is that he once walked out of the sacred ancestor ancient battlefield alive!

are you saying that Chen Xiaobei might go to the Holy ancestor ancient battlefield?” Tiandao was shocked.

Wuwo Xing nodded and said, “ that’s just my guess. You can send someone to the entrance to keep an eye on him. If I’m right, we can capture Chen Xiaobei. If I’m wrong, we won’t lose anything.

It was obvious that the selfless sect was very smart. After a simple analysis, he had guessed correctly.

“Good! We’ll do as you say!”

Tiandao's eyes narrowed, full of hatred. moreover, I won't send anyone else. I'll personally go and keep an eye on it!

It was obvious that the heavenly axiom had put aside everything important to deal with Chen Xiaobei and stop him from causing any more trouble.

More importantly, Chen Xiaobei had given the heavenly Dao a sense of danger.

The heavenly axiom no longer allowed Chen Xiaobei to grow freely.

"Since that's the case, I'll go with you!" The selfless cultivator was a smart person, so he naturally would not let the heavenly Dao act alone. If he really guessed right, the benefits might be taken by the heavenly Dao.

.....

On the other side.

Chen Xiaobei had already reached a safe place.

After entering the Meru space, Chen Xiaobei immediately began to search through yang God Nangong's memories.

Very quickly, Chen Xiaobei found the memories of the Holy ancestor ancient battlefield.

As he continued to read, Chen Xiaobei's face grew more and more serious, and even a little worried.

Ji Qianyu and Sacred Emperor Xuan Yuan could already imagine how serious the situation was. Otherwise, Chen Xiaobei would not have such an expression on his face.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4397: -stall treasure!**

"Childe Chen, what is the situation?"

Ji Qianyu could not wait any longer. She wanted to know what Chen Xiaobei had discovered.

After all, the situation in the Holy ancestor ancient battlefield was directly related to Chen Xiaobei's next plan. It was even more directly related to whether Chen Xiaobei could defeat the will of the heavens.

the situation is very bad ... The dangers in the Holy ancestor ancient battlefield are beyond my imagination!

Chen Xiaobei stopped his memory reading and said.

"Not only are there various Saint beasts and magical beasts, but there are also all sorts of dangers left behind from ancient times. There are even a few extremely powerful peak Saint emperors! There are even super experts from the same generation as the omniscient divine Emperor and divine Emperor Ling Kong!"

furthermore, other than these dangers, the biggest problem is that the exit of the Holy ancestor ancient battlefield is not fixed. We need some opportunities to get out ... Otherwise, we will never be able to escape!

Chen Xiaobei was not afraid of danger, but he was afraid of being trapped inside.

As time passed, all sorts of variables could appear. Chen Xiaobei would not be able to fulfill his mission and responsibilities. He might even be left far behind by the heavenly axiom. It would be even more difficult for him to defeat the heavenly axiom. In fact, he might even be trapped there forever.

These were all things that Chen Xiaobei had to consider.

“If that’s the case, then don’t take the risk ...” He said.

“It’s very dangerous and you might not be able to come out again. This is a gamble with your life!” Sacred Emperor Xuan Yuan tried to persuade. If he lost, he would be doomed eternally. If he won, there might not be many benefits! It’s not worth it!”

“No!”

“The greater the risk, the greater the reward!” Ji Qianyu encouraged. This was a principle that had never changed since ancient times! If he didn’t want to take the risk, then he should just find a place to hide and slowly cultivate. Why did he need to scheme? What a waste of energy!”

The two of them had their own opinions, and the final decision fell on Chen Xiaobei.

“No matter! Let’s go in first!”

Chen Xiaobei was not the kind of person to admit defeat. “If I want to defeat the heavenly Dao in the short term, I have to take a gamble! Otherwise, I don’t know when I’ll be able to fight him!”

With Chen Xiaobei’s decision, Ji Qianyu and Sacred Emperor Xuan Yuan had nothing more to say.

However, before he left, Chen Xiaobei still had to find a way to increase his strength.

“Shua shua shua ...”

Chen Xiaobei took the storage space of Nangong Yangshen and the other seven people, as well as the storage space of Sacred Emperor mystic essence.

Chen Xiaobei took a quick look and saw that they were all useless things, so he threw them to Green Treasure as food.

After eating it, Green Treasure produced three drops of poop the size of green beans.

In fact, this wasn’t its poop. The correct name was the Saint pan green jade dew.

Chen Xiaobei put the three drops of the dish Saint Jasper dew into a small bottle and kept it safe.

Chen Xiaobei continued to check.

He found one five star Saint Emperor weapon, two four star Peak Saint Emperor weapons, three late four star Saint Emperor weapons, and ten one to three star Saint Emperor weapons.

All of these divine Emperor weapons were enough to upgrade one of Chen Xiaobei’s trump cards to the pinnacle of a four star divine Emperor.

However, this level was not of much help to Chen Xiaobei.

So, Chen Xiaobei decided to throw the talismans back to green Treasure.

This time, after the green gem was finished, it produced ten drops of the Holy plate dew, which Chen Xiaobei kept carefully.

And next, it was energy.

The energy and Saint origin Mystic crystals in the nine storage spaces were almost equivalent to a peak five-star Saint Emperor Saint vein.

To Chen Xiaobei, this amount of energy was not enough for his cultivation.

However, he could consider using this energy to merge a larger main city into the North profound sacred soul world.

Whoosh ... Whoosh ... Whoosh ...

After that, Chen Xiaobei used his special ability to devour the lifespan of the nine people.

[ ding Yingying's cultivation base: six star divine Emperor middle stage. Lifespan: Three years of the underworld! (Zero points are ignored)

His lifespan had increased by a lot this time.

However, this lifespan mainly came from Sacred Emperor Xuan Yuan. The other people's lifespans added up weren't even a fraction of Sacred Emperor Xuan Yuan's.

Chen Xiaobei was ready to leave after he had finished counting all his loot.

Ji Qianyu proposed to leave for a while and stay outside to keep an eye on the wielder of the will. If Chen Xiaobei could not come out, Ji Qianyu would continue with her plan to get rid of the wielder of the will.

Mystic essence divine Emperor also wanted to stay outside to take care of his family.

This was not a lie. If he had not saved his family, Sacred Emperor mystic essence would not have been controlled by Chen Xiaobei.

Chen Xiaobei did not make things difficult for Sacred Emperor Xuan Yuan, as he was a man who valued friendship.

In the end, Chen Xiaobei was the only one left. He followed Nangong Yangshen's memory and headed straight to the Holy ancestor ancient battlefield.

Cangheng mountain range.

A bottomless chasm was cut off between tens of thousands of feet. Legend had it that it was cut off by a Holy Emperor with a finger, almost splitting the entire earth.

After countless years, a large underground city had formed in the chasm.

Blue hang city.

The city gate was wide open, and anyone could enter.

The entrance to the Holy ancestor ancient battlefield was located in the deepest part of the city.

Due to the legend of the sacred ancestor ancient battlefield, countless people would come here every year.

In order to obtain opportunities, to become stronger, and for wealth, they would rush into the sacred ancestor ancient battlefield one after another.

Gradually, blue hang city started to do related business.

Shops selling magic treasures and elixirs could be seen everywhere. There were also many shops selling talismans and arrays. In short, people who wanted to enter the sacred ancestor ancient battlefield could find anything here.

When Chen Xiaobei entered the city, he was also surprised by the highly developed business system.

He was not in a hurry to enter the sacred ancestor ancient battlefield. Instead, he strolled around the city. Anyway, he had a large amount of energy in his hands. If he could buy something useful, he would just buy it.

Otherwise, he might not be able to come out after he went in. It would be a loss if he kept the energy in his hands and could not use it.

“There are too many shops here! I’m afraid it’ll take years to visit all of them ...”

Chen Xiaobei activated his space omniscience and peeked into the city.

After that, he would use the level five “Xuan” spell to find his own opportunity.

Soon, Chen Xiaobei located a spiritual light spot from afar. That meant that he could find his fortune there.

Chen Xiaobei rushed over without hesitation.

He found that the light spot had fallen on a street stall.

To be more precise, it was a dried branch on the stall.

“Boss, What’s this?”

Chen Xiaobei picked up the branch and asked as he observed.

Although the branch was dry, it faintly glowed with a black jade-like luster and even slightly exuded a powerful pressure. It was obviously not an ordinary item!

Of course, if it was an ordinary item, he would not sell it. After all, this was the heavenly sanctuary!

“Young master has good eyes!”

The boss gave him a thumbs up and said excitedly, “This is the treasure of my stall!”

[Red Envelope Group of the Three Realms](#)

**Chapter 4398: Old mudfish!**

4398 Old mudfish!

“The treasure of the stall ...”

Chen Xiaobei was surprised. This was the first time he had heard of such a thing. He was even more curious. “What is this thing?”

“This is the key to a treasure vault!”

“Its raw material is a piece of heavenly Saint wood, a one-star divine ancestor rank!” The boss excitedly introduced. Just think about it, if the key is already of such a high level, how terrifying would the treasure vault be?”

“Really?” Chen Xiaobei was doubtful.

He carefully sized up the boss.

This guy was an old man with white hair and a white beard. His clothes were tattered and he looked sloppy. He was only a one star Saint Emperor and was considered very weak in blue hang city.

Chen Xiaobei believed that the tree was a one star divine ancestor, but he did not believe that the old man could get it and protect it.

“Little brother, don’t be fooled! This old mudfish is very bad and often lies!”

Even the stall owner could not stand it anymore and reminded Chen.

“Don’t talk nonsense. When have I ever lied to anyone?”

The old Loach was so angry that he wanted to roll up his sleeves and fight with the peddler next to him.

“In the heavenly sanctuary, everyone keeps their resources in their storage space. Where would there be a treasure vault? Moreover, the sacred sky breaking tree is divine ancestor Broken sky’s true body. You can’t possibly break off one of his fingers, can you?”

The peddler next to him wasn’t afraid at all. After all, his cultivation was much higher than old Loach’s.

“This ... I ... I don’t want to waste my breath on you!”

The old mudfish was at a loss for words, but he had no words to explain. He could only brace himself and say, “Anyway, this is the treasure of my stall. When the fated person appears, he will naturally buy it! I’m too lazy to explain to people who have no fate!”

“Hmph, with me around, don’t even think about meeting the fated person in your life!” The peddler next to him was unforgiving. To put it bluntly, he was harming others without benefiting himself.

“It’s fine!”

Suddenly, Chen Xiaobei smiled and said, “It seems that this is indeed a fake! However, I’m quite fond of it. Sell it to me at a cheaper price!”

“Little brother! Don’t be fooled!” The peddler beside him tried his best to dissuade him.

“It doesn’t matter, just buy it for fun.” Chen Xiaobei shrugged.

The old Loach's eyes rolled and he said in all seriousness, "If you really want it, then take out all the money you have and this sky-breaking sacred wood key will be yours!"

"All my money?" Chen Xiaobei was taken aback.

all the energy and all the Saint origin Mystic crystals! The old mudfish said impatiently.

"Heh, this is the first time I've seen you offer a price like this."

"How do you know how much all my money is?" What if I'm poor and only have a few Saint origin Xuan crystals? Or maybe I lied to you on purpose and only gave you a little bit, but you didn't know."

"I don't care, as long as you give me all the money." The old Loach's mouth twitched, and his attitude was firm.

what a weirdo ... Chen Xiaobei laughed. then we'll do as you say. Take out your storage dimension and I'll transfer the energy to you.

"Here." The old mudfish opened its hand and showed Chen Xiaobei its storage space.

"Whoosh ..."

In one breath, Chen Xiaobei transferred all his energy to the old mudfish.

This was the energy equivalent to a peak five-star Saint Emperor's Saint vein. To a one-star Saint Emperor like the old mudskipper, it was definitely an extremely astronomical figure.

If it had not met Chen Xiaobei, the old mudfish might not have been able to earn so much money in its entire life.

The peddler next to him didn't know what was going on, so he reminded him, "Little brother, just give him a few melons and two jujubes! If you give too much, not only will the old mudfish not thank you, but it will also laugh at you for being stupid and having too much money!"

"Understood." Chen Xiaobei smiled and put the sky-breaking sacred wood key away.

The old Loach was the one who was surprised. He did not expect Chen Xiaobei to be willing to pay so much.

At that moment, no one noticed the complicated look in the old mudfish's eyes. He had memorized Chen Xiaobei's face.

"Farewell!"

Chen Xiaobei did not mind and left.

The reason why Chen Xiaobei was willing to give up all his energy was because he had already seen the opportunity in the sky-breaking sacred wood key with the class 5 Xuan spell.

Even without the opportunity, a sacred ancestor-level treasure was definitely worth this price.

Since it was not a loss, Chen Xiaobei did not deliberately scheme against the old mudfish.

Just as the old mudfish had said, only those who were fated would buy the sky-breaking sacred wood key. Since they were fated, they should follow their fate and let nature take its course. If they schemed too much, it would only distort fate.

.....

Since he had spent all his money, Chen Xiaobei had no reason to stay in the city any longer. He headed straight for the entrance of the Holy ancestor ancient battlefield.

However, Chen Xiaobei did not know that the selfless act had already guessed Chen Xiaobei's intention.

At that moment, Tiandao and anathor were waiting at the entrance for Chen Xiaobei to come to them.

With Chen Xiaobei's strength, he could not even defend against the heavenly Dao. With the addition of the anatta star, Chen Xiaobei had no chance of winning. He was almost dead.

"They're here!"

The anatta mental operation used the silent space. From a distance, he could pass through buildings and pedestrians to lock onto Chen Xiaobei.

"You saw it clearly?"

Tiandao was on high alert and was ready to use his trump card to take Chen Xiaobei down!

"Look carefully, it's three hundred steps in front of us! You can make your move at any time!"

Anatta star kept his eyes on Chen Xiaobei's every move. Even if Chen Xiaobei had transformed into his purple Qi Dharmakaya, he would not be able to escape his sight.

"Good! It's really great!"

Tiandao was extremely excited. He gradually circulated his Saint Qi and prepared to reveal his strongest trump card.

"Wait a moment!"

However, at this moment, selfless act suddenly became nervous.

"What the hell are you doing? Are you kidding me!"

Tiandao's face turned green, and he rebuked angrily, "my trump card can only be used once!" I almost made a move! If I fail, I won't have another chance!"

"No! Someone's going to Chen Xiaobei!" Anatta star said nervously.

"If there's someone, then there's someone. We can just take them down together!" "Who is it?"

Tiandao said disdainfully. Ji Qianyu? Or that traitorous disciple Xuan Yuan?"

"None ... None of them ..."

Wuwo Xing swallowed his saliva and said awkwardly, "This person is very strong! I can't even see through his cultivation!"

“What?”

Tiandao sucked in a breath of cold air and was extremely shocked. you have a special ability that can see through all concealment arrays. You won't be able to see through the cultivation of the other party unless they're three levels higher than you ...

“That's right!”

Wuwo Xing swallowed his saliva and said nervously, “ that person's strength is definitely above our 3-star realm!

“Who ... Who is that?” The heavenly Dao was stunned.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4399: Great change!**

4399 Great change!

The entrance to the Holy ancestor ancient battlefield was located in the deepest part of sky hang city. It looked like another city gate.

However, behind the door was a twisted space turbulence.

“Young master! Just let me go with you! I've long wanted to go in and take a look.”

The old Loach followed behind Chen Xiaobei with a fawning smile.

“If you want to go in, then go in. Why do you want to go in with me?” you! Chen Xiaobei said, “ your cultivation is so low! I can't protect you!

“I'm not afraid of danger. I just want to move with you, young master! Because ... Because young master, you look very much like an old friend of mine!” The old Loach casually made up a story.

“I don't believe you! Why didn't you say that I looked like an old friend when we were shopping?”

“I'm not going to let you follow me!” Chen Xiaobei said seriously. Also, I advise you not to go in! Nine out of ten will die, do you understand?”

“I'm not afraid! At most, if we encounter any danger, young master can just run away and leave me alone. That should be fine, right?” No matter what Chen Xiaobei said, the old mudfish was still shamelessly clinging to him.

Seeing that they were already at the entrance, Chen Xiaobei quickened his pace, trying to shake off the old mudskipper.

“Whoosh ...”

After passing through the spatial Rift, Chen Xiaobei was swept into the turbulence.

Although there was only one entrance to the sacred ancestor ancient battlefield, everyone would be swept away by different spatial turbulence. After entering the sacred ancestor ancient battlefield, they might appear in different places.

“Swish!”

A moment later, Chen Xiaobei was teleported to a huge forest. The old mudfish did not follow him.

Chen Xiaobei thought that the old Loach must have slipped away and did not follow him in. Or, it could have come in, but was swept away by the spatial turbulence.

Since they were just acquaintances, Chen Xiaobei did not care if old Loach was Dead or Alive.

“What dense Saint Qi!”

Chen Xiaobei started to observe his surroundings.

“The concentration of mid Saint origin power in this forest is comparable to the natural Law School’s main gate! In other words, if he could find the core of the Saint vein, he would be able to obtain a five star Saint Emperor level Saint vein! This is too good!”

Ji Qianyu had said before that there were unexpected energies, opportunities, and even relics in the sacred ancestor ancient battlefield.

Of course, opportunities and risks coexisted. Through Nangong Yangshen’s memories, Chen Xiaobei knew that the Holy ancestral ancient battlefield was full of dangers.

Although there was an abundance of Saint Origin Energy here, it was very likely that the Saint veins already had an owner.

However, Chen Xiaobei had two objectives for coming here this time. The first was to find out the secret of the one word Holy extermination curse. The second was to collect as much energy and resources as possible to increase his strength and strengthen his trump cards.

Therefore, the best way to eliminate danger was to face it and overcome it!

If he kept running away, there would be no need for Chen Xiaobei to come in.

let’s find the core of this Saint vein first!

Chen Xiaobei focused his mind and flew in the direction where the Saint Qi was more concentrated.

Along the way, Chen Xiaobei saw many exotic flowers, rare herbs, rare birds, and fierce beasts. However, they were not very high level. Chen Xiaobei just glanced at them and did not stop.

“I found it!”

It did not take long for Chen Xiaobei to lock onto the core of the Holy Meridian.

It was a deep mountain stream, and the Saint vein was right under the stream, emitting dense and pure Saint Origin Energy every second.

“Whoosh ...”

Chen Xiaobei was very cautious. Before he took action, he used his space omniscience ability to observe his surroundings. To his surprise, there was no danger around him. The Holy Meridian was not protected either.

This meant that it was a Saint vein without an owner.

“This feels so good! He had picked up a Saint vein the moment he landed! If we were outside, this would be impossible!”

Chen Xiaobei was very happy and flew into the mountain stream

Without a doubt, if it was outside the Holy ancestor ancient battlefield, there would be almost no ownerless Holy meridians in the heavenly sanctuary.

In comparison, the sacred ancestor ancient battlefield was indeed full of opportunities. As long as one dared to fight, the opportunities for development here were definitely much more than the outside.

Of course, Speaking of which, the opportunities in the sacred ancestor ancient battlefield were almost known to everyone.

However, in the end, not many people dared to enter.

From this, it could be seen that the danger here was absolutely not to be ignored!

More importantly, after you entered, you overcame all the dangers and greatly improved your strength, but you might never be able to leave!

This was the most painful part and the real reason why most people were afraid of the sacred ancestor ancient battlefield.

“Whoosh ...”

When Chen Xiaobei reached the bottom of the stream, he immediately started to absorb the Saint Qi.

The huge five-star Holy Emperor-level Holy Meridian was quickly sucked dry by Chen Xiaobei.

“I’ll have to continue searching for higher level Holy meridians! A five star divine Emperor is no longer enough!”

Chen Xiaobei calmed himself down and was about to leave.

“Boom boom boom!”

All of a sudden, the ground beneath Chen Xiaobei’s feet began to shake. It was as if there was a terrifying earthquake that caused the mountain to collapse.

“Ka!”

What was even scarier was that the stone walls on both sides of the mountain stream were closing up at an extremely fast speed, trapping Chen Xiaobei between them.

what’s going on?!

Chen Xiaobei’s vision went dark, and he felt like he was falling into an abyss with countless others.

Immediately after, a pungent sour smell came.

He also heard a strange gurgling sound.

In the end, Chen Xiaobei fell into a spherical space. The stone walls around him had turned into soft leather, and were contracting and wriggling rhythmically.

The source of the sour smell was the dark green viscous liquid that was rolling in the air.

this ... Why does this look like a stomach?!

Chen Xiaobei was dumbfounded.

At the same time, a huge three-legged toad appeared in the real world.

The toad was flat and its skin was like a rock.

When it lay quietly on the ground, it looked like a real mountain.

“Chi ...”

It slowly opened its mouth.

Who dared to think about it? The stream that Chen Xiaobei saw earlier was the Toad’s mouth!

This monster was actually holding a five star Saint Emperor level Saint vein in its mouth to lure its prey into the trap and then swallow it in one bite.

Not to mention its cultivation base, just the fact that it had disguised itself with fake skin was enough to shock people.

Chen Xiaobei had used space omniscience, but he could not find anything amiss.

This disguise was like Chen Xiaobei’s human-skinned mask. It was impossible to see through it with the naked eye. Only by using some special abilities would one have a chance of seeing through it.

At the same time.

Chen Xiaobei made a shocking discovery in the three-legged mountain Saint Toad’s stomach. what ... What’s that?!

4400 Out of the body!

In the pool of green liquid, Chen Xiaobei saw a severely corroded Holy item.

One of them was a battle saber, but its surface was already corroded and full of potholes. It had no spirituality at all and was clearly completely destroyed.

this viscous liquid can even melt Saint artifacts ... Amazing!

Chen Xiaobei took out an empty storage space and threw it into the sticky liquid.

“Whoosh ...”

An even stranger scene appeared. The empty storage space was actually corroded and melted by the dark green mucus. It even stirred up a small spatial storm.

Of course, it soon calmed down.

“What the f \* ck! This sticky liquid was too heaven-defying! It can even melt the spatial walls!”

Chen Xiaobei could not help but be shocked.

He was still wondering where the corroded saber had come from.

Now, the answer was revealed. The sticky liquid could melt the storage dimension and everything in the dimension would fall out.

Naturally, everything was completely melted and became the three-legged mountain Saint Toad’s nourishment.

As for the five star Saint Emperor level Saint veins that he had just obtained, they might return to his mouth after the three-legged mountain Saint Toad burped to attract the next prey.

“Such a powerful sticky liquid, it might have already reached the level of a five star divine Emperor. It can even melt space walls. If I can take it away, it might have some unexpected uses!”

Chen Xiaobei then took out another empty storage space.

“Whoosh ...”

With a thought, Chen Xiaobei kept the dark green liquid into the storage dimension.

Logically speaking, this storage space should have been dissolved in an instant.

However, Chen Xiaobei had just cast a level 5 wordless curse on it.

Although the wordless spell’s power was spatial silence, it was still a spell.

However, it would also greatly enhance Chen Xiaobei’s mastery of the law of space.

“Whoosh ...”

With the help of the rank 5 wordless curse, Chen Xiaobei then used the creation ability of the rank 5 pan curse.

It was equivalent to creating a whole new storage space.

This way, the newly created special storage space could directly withstand the corrosion of the dark green liquid.

“Ah!”

As Chen Xiaobei took the green liquid away, the three-legged mountain Holy Toad let out an extremely uncomfortable groan.

It was not completely clear about the situation in its stomach. It only felt that its stomach was empty, hungry, and uncomfortable.

“I was indeed swallowed by a monster!”

Chen Xiaobei then shouted, "I don't care who you are. If you let me out now, I might spare your life! Otherwise, just because you swallowed me, I have a reason to take your life!"

"Aaaa ... You're not dead after I swallowed you! You ... What did you do in my stomach? Why do I feel so uncomfortable?"

The Sanzu mountain sacred Toad didn't seem to be very smart. It was still talking nonsense at a time like this.

"I'll give you three seconds!"

Chen Xiaobei did not want to waste his breath. The other party was after his life, so there was no need for him to be soft.

"You ... You idiot! I'm the pet of divine ancestor Broken Sky! If you dare to hurt me, divine ancestor Broken Sky will never let you off!"

Sanzu mountain Saint Toad was not only not afraid of Chen Xiaobei, but also threatened him because it had a powerful backer.

"Divine ancestor Broken Sky?"

Chen Xiaobei was a little surprised. Wasn't the sky-breaking sacred tree key that he bought from old Loach?

According to the peddler next to the old mudfish, the broken Sky sacred wood was the true body of the broken Sky sacred ancestor.

That key was equivalent to Duan Tiansheng's finger.

Of course, what the old mudfish said might not be true, and the merchant's words might not be completely believed.

After all, who could break off the divine ancestor's finger? And it even fell into the hands of the old mudfish, a one star divine Emperor! No matter how one looked at it, it didn't make sense!

At this moment, Sanzu mountain's Saint Toad mentioned divine ancestor Broken Sky again.

This piqued Chen Xiaobei's curiosity.

"Hmph! Three seconds have passed, why aren't you making a move? Aren't you going to take my life?"

Sanzu mountain Saint Toad laughed arrogantly, "Are you afraid after hearing the name of the divine ancestor Broken Sky? Hmph Hmph! If you don't want to die, then give me all your resources and trump cards! Otherwise ... Uh ..."

At this moment, the Sanzu mountain sacred Toad let out a painful wail before it could finish its sentence.

"Woof!"

The next moment, Chen Xiaobei burst out of the three-legged mountain sacred Toad's body and flew out from its back.

It was as if a bullet had pierced through the Sanzu mountain sacred Toad's back.

A huge bloody hole was left on his back, and his internal organs and bones could be clearly seen.

"So ... So strong ... Blargh ..."

As its internal organs were also blasted out of the bloody hole, the three-legged mountain Saint Toad gasped in shock as it vomited blood from its mouth.

He held on for a moment, but because his injuries were too serious, his body collapsed powerlessly.

He lay on the ground like a pile of mud, not moving at all.

It was obvious that its body had died.

"Whoosh ..."

Then, the Saint Soul of the Sanzu mountain Saint Toad flew out.

It did not run away because it knew that its cultivation was worlds apart from Chen Xiaobei's. Even if it used all its strength, it would not be able to escape from Chen Xiaobei's palm.

"I was wrong ... I failed to recognize you ... I never thought that you're a six star divine Emperor ... Please spare my life ... Please spare my life ..."

The Saint Toad's Saint Soul was groveling at Chen Xiaobei's feet, wailing in pain.

Without a doubt, its life and death were all in Chen Xiaobei's hands.

"Did you just say that you're the pet of divine ancestor Broken Sky?"

Chen Xiaobei asked.

Obviously, the three-legged mountain sacred Toad's only use was to help Chen Xiaobei verify if the old mudfish was telling the truth.

If not for that, Chen Xiaobei would have destroyed its Saint Soul without even giving it a chance to beg for mercy.

"I ... I ... I'm not actually ..."

"According to the legends, this area is the territory of divine ancestor Broken Sky. I ... I'm just using his name to scare people ..." The sacred Toad said humbly.

"Really?" Chen Xiaobei's eyes turned cold.

"It ... It's true ..."

"I'm only a two star divine Emperor, there's no way I'm even close to the divine ancestor!" The three-legged mountain sacred Toad wailed. If I'm really the pet of divine ancestor Broken Sky, I'd have asked my master for help a long time ago ..."

"So you were lying to me just now?"

Chen Xiaobei's eyes were filled with murderous intent.

“I was wrong ... I won't do it again ... Please, senior, on account of my honest confession, spare my lowly life ...”

The three-legged mountain Saint Toad's Saint Soul was on the ground, kowtowing and begging Chen Xiaobei.
