Red Envelope Group of the Three Realms

Chapter 4411: bet!

If Chen Xiaobei had just arrived at the Holy ancestor ancient battlefield, he might have sold the colorless divine vitality ginseng to him at a low price because of the kindness and kindness of divine Emperor GUI Gu.

However, after all that he had been through, Chen Xiaobei had a deep understanding of the Holy ancestor ancient battlefield's survival rules.

No matter how nice divine Emperor GUI Gu looked on the surface, Chen Xiaobei still had to be careful.

Chen Xiaobei said that he was not going to sell it and looked at the heavenly calendar seal with an unfriendly look. He wanted to test the authenticity of the divine Emperor GUI Gu's claim and find out how much the colorless divine origin ginseng was worth!

"My traitorous disciple! Hurry up and apologize to this young master!"

Divine Emperor GUI Gu understood what Chen Xiaobei meant and shouted at the heavenly seal.

"Young master ... I ... I was wrong! I'm sorry ... I'm sorry ..."

Li Tianxi did not dare to disobey. He knelt down and apologized to Chen Xiaobei with his head lowered. His attitude was very sincere.

However ...

The more sincere the seal was, the more suspicious Chen Xiaobei became.

In the end, Chen Xiaobei was like an ant in front of Sacred Emperor GUI Gu and the Li Tianxi.

At this moment, it was as if a ferocious beast was apologizing to an ant, and it was asking with sincerity! This was simply illogical!

To put it bluntly, this was like a weasel paying a New Year's visit to a chicken. It definitely didn't have good intentions!

At the same time, it also proved that the colorless Saint origin ginseng's value was not as simple as it seemed.

Chen Xiaobei now had something to protect himself with.

"I'm sorry! Chen Xiaobei asked coldly. if an apology works, can I kill you first and then apologize to you?"

I ... the heavenly seal frowned and was speechless.

Indeed, he had humiliated Chen Xiaobei, bullied him, and even tried to kill him.

If not for Holy Emperor GUI Gu's help, Chen Xiaobei would have been a corpse by now.

Oh no, Chen Xiaobei might not even have an intact corpse.

Just an apology and she wanted Chen Xiaobei to forget about it? How could there be such a cheap thing in the world?

Young Master's words are not unreasonable. You can put forward some conditions for compensation. If it is reasonable, this old man is willing to compensate young master.

Divine Emperor GUI Gu immediately expressed his attitude.

Chen Xiaobei raised his eyebrows and turned to praise Holy Emperor GUI Gu, "As expected of the famous Saint Emperor GUI Gu! Fair! Justice! He's bright and clear!"

"You're too kind, young master,"

Divine Emperor GUI Gu smiled and said, "I've always believed that only by being fair and honest can we go further and develop better! This was a win-win situation! It's the purpose of my guigu sect!"

"Good! Since that's the case, before I compensate you, I want to talk about fairness!"

Chen Xiaobei pointed at the dark heavenly Qilin and said, "The rules of the guigu sect are first come, first served! I found the black Qilin first, but it was snatched away by the heavenly calendar seal. How do we settle this score?"

"This ..."

Divine Emperor GUI Gu's eyes narrowed as he looked coldly at the heavenly seal. "Is there such a thing?"

"There is ..."

Li Tianxi nodded.

When the dark sky Qilin was exposed, Chen Xiaobei had also revealed his true form.

So, the heavenly seal had already seen Chen Xiaobei.

He had clearly seen it, but he still wanted to snatch it. This was clearly breaking the rules.

young master, although the Li Tianxi's method is inappropriate, in the end, with your strength, you can't defeat the Dark Heaven Qilin. If it wasn't for the Li Tianxi, you might have died!

Divine Emperor GUI Gu's eyes narrowed and said, "One must know how to be grateful! Someone saved your life, yet you blame them for taking away your things! Isn't this repaying kindness with ingratitude?"

On the surface, Holy Emperor GUI Gu was saying that Chen Xiaobei had repaid Li Tianlin's kindness with enmity.

In fact, Holy Emperor GUI Gu was hinting that he had just saved Chen Xiaobei's life, but Chen Xiaobei was not grateful.

All of a sudden, Chen Xiaobei had turned into an ungrateful, evil man.

"Who said I can't defeat that dark heavenly Qilin?"

Chen Xiaobei's aura was very strong, and he did not seem to be guilty at all.

With Chen Xiaobei's strength, he was practically invincible against anyone below the seven Star divine Emperor level.

Even if he encountered an extremely special expert, he could at least be undefeated. The chances of taking down the dark sky Qilin were extremely high, and he didn't need the historical heavenly seal to save him.

"Young master, it's a little shameless of you to say that!"

Divine Emperor GUI Gu's face went cold. "The dark heavenly Qilin is a powerful Saint demon beast with the bloodline of a three star divine ancestor! He was invincible among his peers! You're two minor realms lower than it, so what do you have to defeat it?"

I don't want to argue with you, " Chen Xiaobei said. you can Ask the Seal yourself. When he attacked me, was I crying for help? " Or are you trying to escape?"

Divine Emperor GUI Gu looked coldly at the heavenly seal.

"Young master, you didn't shout for help, nor did you run away. You just stood where you were and prepared to fight ..." Li Tianye said in embarrassment.

"Did you hear that?"

I was just about to accept the challenge. According to the rules of the haunted-Valley sect, first come, first served! I was not defeated yet so no one can snatch it from me! This is correct, right?"

"There's no mistake!"

Divine Emperor GUI Gu's eyes went cold and said, "Even if the heavenly calendar seal is in the wrong, I can make the decision and give you a chance to fight again!"

if young master can defeat the Dark sky Qilin, then this Saint demonic beast will belong to you. At the same time, I will follow the rules of The Phantom Valley sect and cripple the heavenly calendar seal's cultivation and expel it from the territory of The Phantom Valley sect!

As soon as he said this, the heavenly seal's expression became very complicated.

It was obvious that divine Emperor GUI Gu was using the seal as a bet to gamble with Chen Xiaobei.

However, li Tianxi was not worried because the dark sky Qilin was very powerful. With a difference of two small realms, Chen Xiaobei could not win.

On the contrary, li Tianxi was worried that Chen Xiaobei would not accept the bet.

However, he had underestimated Chen Xiaobei.

"No problem! I'm willing to accept!"

yes! Chen Xiaobei agreed without hesitation.

"Don't be in such a hurry to agree!"

“If you can’t defeat the Dark sky Qilin, then you must give me the Saint herb in your hand to repay me for saving your life!” Saint Emperor GUI Gu said.

“At the same time, if young master can’t defeat the Dark sky Qilin, it will prove that it was the historical heavenly seal that saved you! You must tell me everything you know about the sacred medicine to repay the heavenly seal for saving your life!”

The Fox’s tail was revealed.

Everything divine Emperor GUI Gu did was to get the colorless divine origin ginseng and all the related information.

He didn’t even hesitate to use the heavenly calendar seal as a bet.

“Sure!”

alright! Chen Xiaobei nodded. I’ll agree to your request. But, this battle must be held in public. Everyone must know about it!

Red Envelope Group of the Three Realms

Chapter 4412: Sacred ancestor level!

4412 Sacred ancestor level!

Clearly, divine Emperor GUI Gu wasn’t a good person.

He had saved Chen Xiaobei, befriended Chen Xiaobei, and lured Chen Xiaobei into a bet all for the sake of obtaining information about the colorless divine origin ginseng.

This information must be so important that even Holy Emperor GUI Gu did not dare to force Chen Xiaobei.

Chen Xiaobei had seen through this, and that was why he had the right to continue bargaining with Holy Emperor GUI Gu.

Make the bet public.

The benefit of this was that Saint Emperor GUI Gu wouldn’t be able to deny it.

After all, no matter what kind of person he was in private, he had to be fair in public.

Otherwise, who would obey his rules in the future?

If no one followed the rules, how could he convince the masses?

“Good! This old man agrees to your request, and this competition will be held publicly!”

Divine Emperor GUI Gu agreed to Chen Xiaobei’s request without any hesitation.

After all, from what Holy Emperor GUI Gu could see, Chen Xiaobei had no chance of winning against the dark sky Qilin. So, even if he announced the battle to the public, the result would still be the same.

Moreover, divine Emperor GUI Gu was worried that Chen Xiaobei would go back on his word. So, he decided to make the battle public to restrict Chen Xiaobei.

Of course, to Holy Emperor GUI Gu, this was just a psychological measure of safety. It was not actually necessary because Chen Xiaobei could not win.

“Alright!”

Chen Xiaobei did not waste any more time.

“Then, the time of the competition will be set for tomorrow morning! I’ll release the news as soon as possible and make it absolutely fair!”

Divine Emperor GUI Gu was confident that he would win.

“Then I’ll take my leave first!”

Chen Xiaobei turned around to leave.

“Whoosh ...”

However, in the next moment, divine Emperor GUI Gu released a beam of Saint Qi and enveloped Chen Xiaobei.

what are you doing?! Chen Xiaobei tensed up.

Holy Emperor GUI Gu was just afraid that Chen Xiaobei would sneak away and would not dare to fight.

“Whoosh ...”

As soon as divine Emperor GUI Gu finished speaking, Chen Xiaobei was carried by the Saint energy and disappeared from the space.

From this, one could see that Saint Emperor GUI Gu’s control of space laws was very strong.

“Swish!”

The next moment, Chen Xiaobei found himself in a unique room. There were tables, chairs, and a bed. Everything was there but there were no doors or windows.

Chen Xiaobei was under house arrest, and this room was most likely an independent space.

Unless Chen Xiaobei could go through the spatial wall, he would not be able to escape.

Whether one could pass through the spatial wall would depend on the level of the space and whether it was higher than a Seven Star divine Emperor.

“Whoosh ...”

Chen Xiaobei immediately activated the law of space. With the help of the rank 5 wordless curse, he could immediately sense the level of the space.

Peak six star divine Emperor!

“Heh, old thing, no matter how much you scheme, in the end, you’re using this kind of space to imprison me!”

of course! Chen Xiaobei smiled. I can leave this place whenever I want!

Chen Xiaobei had the omniscient Holy Emperor's Saint Soul space seal and the rank 5 wordless curse. He could escape with the void of space.

However, Chen Xiaobei was not in a hurry to leave.

Chen Xiaobei also wanted to know what level the colorless divine origin ginseng was. What was the effect? What was the secret behind this?

"Spatial omniscience!"

Chen Xiaobei activated the Golden runes of his omniscient chaotic eyes.

Through the dimension wall, Chen Xiaobei was able to see what had happened in the building.

"Swish!"

Saint Emperor GUI Gu took out a pill and threw it to the historical heavenly seal for it to feed the dark sky Qilin.

"Whoosh ..."

As the pill entered his mouth, the dark sky Qilin's injuries began to recover at a speed that was visible to the naked eye. Not only did his wounds heal, but even his blood and Qi that had been greatly depleted were also quickly restored to their peak condition.

That meant that Chen Xiaobei would have to fight a dark sky Qilin at its peak the next morning.

The difficulty of the battle had increased exponentially!

"Master, there's something I don't understand ..."

Li Tianxi frowned. I can't tell the specific level of that stupid ginseng. It might not even be a Saint herb. Why do you value it so much? "

"Idiot!"

"I told you to study more ancient books, but you just wouldn't listen. You can't even recognize the Holy ancestor extreme great ginseng!"

Holy ... Holy ancestor extreme ginseng!?

Li Tianxi gasped, and his expression changed drastically. master, are you talking about the legendary sacred medicine at the level of the sacred ancestor?!

"Nonsense!"

"If he wasn't a divine ancestor, why would I go around in circles with that kid?" divine Emperor GUI Gu said angrily. Just directly kill them!"

"No wonder ..."

Li Tianxi was still in shock. He suddenly realized and said, " "No wonder disciple couldn't tell the level of the Saint herb! So, it wasn't because its level was low, but because its level was too high!"

Chen Xiaobei was shocked.

The space of pain was omniscient, so Chen Xiaobei could hear the conversation between the master and disciple clearly.

He really didn't expect this!

A Seven Star Saint Emperor level nine-colored Saint origin ginseng, after being smeared with three drops of Saint pan dew, had directly turned into a Saint ancestor level Saint ancestor extreme Dao ginseng!

This was simply unbelievable!

However, after thinking about it carefully, this was not strange.

After all, the Saint pan clan's natural talent was creation.

As far as living creatures were concerned, Saint Pan's supernatural ability could create another new species.

In terms of inanimate objects, Saint Pan's power could create something else with what he already had.

As for the pan Sheng puppet, it was raised by the Supreme divine ancestor of the Saint pan clan. The pan Sheng Jasper dew it produced had the same effect as the Saint pan clan's special abilities.

The only difference was that the new species created by the Saint Pan's supernatural ability could be created according to one's own imagination.

However, the new species created by the Saint pan green jade dew was completely out of control. It could create the Holy ancestor extreme great ginseng or something else.

The former was fixed, while the latter was random.

Of course, this difference also corresponded to the level.

Although the Saint Pan's ability could create things in a specific direction, the higher the level of the creation, the more natural treasures and energy it would consume.

Although the Saint pan Jasper dew was created randomly, its level could be high or low. To put it bluntly, it all depended on luck.

For example, the sky-breaking sacred wood key had been smeared with thirteen drops of the Saint Jade plate dew, but its level had not increased. It could not even be considered as creating a new species.

Obviously, this was the most typical example.

"Master, I still don't understand ..."

Li Tianxi frowned and said, "the Holy ancestor extreme ginseng is precious. You can just take it away. Why keep the kid?" He even wanted to make a bet with him? Isn't this superfluous?"

[Red Envelope Group of the Three Realms](#)

Chapter 4413: How to win?

4413 How to win?

“You really abandoned your studies!”

“Where the Holy ancestor extreme ginseng grows must be where the Holy ancestor’s body is buried!” Divine Emperor GUI Gu said unhappily. This old man spared that kid’s life so he can tell me where he got the Holy ancestor extreme Dao ginseng!”

Holy ... Holy ancestor’s burial ground?!

Li Tianxi gasped and was stunned. “In other words, if we find the source of the Holy ancestor’s extreme Dao ginseng, we can find the Holy ancestor’s corpse?”

“That’s right!”

“Holy ancestors are rare existences, and they rarely die!” Holy Emperor GUI Gu said. Therefore, the sacred ancestor’s corpse could even be said to be one of the rarest resources in this world! It’s worth far more than the Holy ancestor extreme path ginseng!”

Chen Xiaobei was shocked again.

It turned out that there was such a huge secret behind the Holy ancestor extreme ginseng.

Although Chen Xiaobei was not sure what the body of the Holy leader could be used for, he was sure that it could be used to make the Holy leader Mystic resin!

If it was the body of a one-star divine ancestor, the divine ancestor Mystic resin that was refined would allow Chen Xiaobei to break through the bottleneck of the one-star divine ancestor realm.

There was no need to say how great this effect was.

Just this point alone was enough to attract countless top powerhouses to fight for the sacred ancestor’s corpse.

Besides, the sacred ancestor’s corpse might have other important uses.

It was no wonder that divine Emperor GUI Gu would take it so seriously.

Unfortunately, the divine ancestor extreme path ginseng in Chen Xiaobei’s hand was created randomly from the Saint pan green jade dew. It did not grow naturally.

Therefore, Chen Xiaobei did not know where the Holy leader’s body was buried.

It was impossible to obtain the sacred ancestor’s corpse.

In other words, divine Emperor GUI Gu’s plan was destined to be for nothing from the start.

It was laughable and sad!

“I still don’t understand!”

Li Tianxi frowned and said, “if master wants to know more about the Holy ancestor’s burial ground, why don’t you just reward that kid with a great sun heart seizing pill and control him?” Why do you still want to gamble with him?”

Divine Emperor GUI Gu had many of these pills.

“This is not safe!”

“The Grand Sun heart seizing pill can only control the Saint Soul, not the mind!” Saint Emperor GUI Gu said. Spineless people would admit defeat! But if he meets a tough bone, he’d rather die than say anything, and he’ll be completely trapped in an unsolvable dead end!”

One had to say that Saint Emperor GUI Gu was much smarter than the Li Tianxi, even smarter than the heavenly Dao.

Back then, when the heavenly axiom was dealing with old Feng’s matter, it had fallen into such a hopeless situation.

Old Mad remembered all the contents of the one word Saint destroyer curse, but he didn’t mention it at all. The heavenly Dao couldn’t kill him, and it was useless to beat him. It could only imprison old Mad indefinitely, and there was no solution.

It was because of this that Holy Emperor GUI Gu saved Chen Xiaobei and expressed his goodwill to him. In other words, he hoped that Chen Xiaobei would be willing to tell him the location of the burial site.

However, Chen Xiaobei did not want to sell or say anything, so divine Emperor GUI Gu took a step back and came up with the idea of betting.

At the end of the day, she still hoped that Chen Xiaobei would be willing to admit his loss and tell her the secret.

To avoid falling into a dead end.

“I understand ...”

Li Tianxi finally understood Saint Emperor GUI Gu’s intentions and thought to himself, “the older the wiser.”

However, the heavenly seal was still too shallow and didn’t understand everything.

the point is that it’s impossible for that kid to win. If he’s willing to accept his loss, that would be the best result!

Divine Emperor GUI Gu’s eyes went cold as he said, “If he’s not willing to admit defeat, not only will I give him the Grand Sun heart seizing pill, but I’ll also give him the rotting bone and breaking tendon pill! The marrow Burning Blood pill! The heart Demon Soul devouring pill!”

“Hiss ...”

Li Tianxi gasped and said in surprise, “So master had already thought of a backup plan ... The great sun heart seizing pill will control him, and the three Saint Emperor level poison pills will be the limit!”

“Hmph! These three poison pills were all carefully crafted by this old man. Any one of them can make a person suffer so much pain that they would rather die!”

Divine Emperor GUI Gu narrowed his eyes and his aura became extremely vicious.

“That kid better be willing to admit his loss,” he said coldly. “This way, I’ll also be happy and he’ll die more easily!” Otherwise, I’ll use up all my poison pills and I don’t believe I can’t break his tough bones!”

With that, divine Emperor GUI Gu’s true face was revealed.

In front of others, he pretended to be fair and just, and treated people kindly.

Behind people’s backs, he was full of schemes and sinister, and his interests were above all.

“Phew ...”

Seeing this, Chen Xiaobei could not help but sigh. Fortunately, I was careful just now. If I had been deceived by his fake life-saving grace and told him my secret, I’m afraid I would be dead now!

This was the Holy ancestor ancient battlefield!

It was even more dangerous than the heavenly sanctuary!

Everyone followed the law of the jungle, killing and plundering! Naturally, it was all schemes and intrigues!

“I can’t just sit here and wait for death!”

Chen Xiaobei started to plan, “Tomorrow, regardless of whether I win or lose, old thief Phantom Valley will not let me off! If I can’t think of a way to deal with this, I’ll die!”

“However, there’s still a difference between winning and losing! If I lose, I will lose all initiative! Not only will that old thief, Phantom Valley, not let me go, but the People’s hearts will not be on my side either! At that time, I can only let him slaughter me!”

“But, if I win! At least the People’s hearts are on my side! On the surface, old thief Phantom Valley could not use force! This way, I’ll have room to turn things around! Maybe we can even scheme against him!”

Chen Xiaobei’s mind started to spin.

He had even thought of how to scheme against divine Emperor GUI Gu.

However, Chen Xiaobei had to defeat the Dark sky Qilin first.

If he could not even win the bet, all his schemes would be meaningless. What awaited Chen Xiaobei was the Grand Sun mind-controlling pill and all sorts of torturous poison pills. It would be a fate worse than death.

“I’m not sure if I can defeat the Dark sky Qilin in this situation!”

Chen Xiaobei thought to himself, “my strongest trump card is only a peak divine Emperor level one-word Holy extermination curse, but the dark sky Qilin’s bloodline is at the three-star divine ancestor level! Just this point alone is enough to make me lose!”

therefore, I must think of a way to improve my strength before dawn tomorrow!

Chen Xiaobei furrowed his brows.

Increasing his strength was easy to say, but it was extremely difficult to do. This was because Chen Xiaobei had no more Saint Qi to cultivate.

Although there was still a small amount of Saint Emperor Mystic fat left, it was not enough for Chen Xiaobei to break through from six star divine Emperor intermediate stage to Seven Star divine Emperor.

Without the advantage of a higher cultivation level, Chen Xiaobei would not stand a chance against the dark sky Qilin.

“It seems like there’s only one way!”

Chen Xiaobei quickly returned to the beixuan sacred world.

[Red Envelope Group of the Three Realms](#)

Chapter 4414: Black fire!

4414 Black fire!

Chen Xiaobei found Bai Shishi first.

After a simple explanation, Bai Shishi brought Chen Xiaobei to see an old man from her family who had lost his cultivation.

Many years ago, this old man had been plotted against by his enemy, causing his cultivation to be crippled.

Although he had lost his cultivation, the old man’s bloodline would not change. That was the reason why Chen Xiaobei came to see him.

This was because Chen Xiaobei had saved the entire Bai family before Xuanyuan city was destroyed.

Therefore, the old man was very willing to cooperate with Chen Xiaobei.

“Whoosh ...”

After getting the old man’s permission, Chen Xiaobei used his black hole to extract the old man’s blood.

“Formless chaos devour!”

Then, Chen Xiaobei activated his special ability and devoured the old man’s blood.

After some digestion, Chen Xiaobei had obtained the Bai family’s bloodline ability, traceless in the snow.

The Bai clan had the sacred beast, the sacred frost Lion.

The special ability of their bloodline was the concealment technique that Bai Shishi was so proud of.

After obtaining the special ability, Chen Xiaobei had a deeper understanding of it. The special ability was at the peak of the divine Emperor level. Once it was activated, no one below the divine ancestor could see through it.

Of course, this ability wasn’t invincible.

Once one was invisible, they couldn't attack. In other words, this move's basic function was to hide and escape. It wasn't very helpful in battle.

In addition, this ability's attribute was ice. When facing fire attacks or deep in the flame domain, the ability would reveal flaws.

From this, it could be seen that this special ability had great advantages, but its shortcomings were also obvious.

As long as the enemy knew that it was the frost Snow Holy lion's special ability, they could easily break it with some fire techniques.

Of course, the premise was that the enemy had to be able to confirm the approximate location and hit the target with the fire-elemental cultivation method. Only then would the frost Snow Holy lion's concealment be exposed.

Therefore, when facing an enemy in close range, this special ability could be easily cracked.

However, if it was in a vast area and was a distance away from the enemy, then this move was a godly skill for escape and concealment.

Back in Xuanyuan city, Bai Shishi was only able to help Chen Xiaobei escape from his shell because of the safe distance between them.

Soon after.

Chen Xiaobei then took out the herbs he had collected and started to make a mysterious pill.

This kind of pill might not be useful, but once it was used, it would definitely display extraordinary effects.

Chen Xiaobei had to be careful when facing the cunning divine Emperor GUI Gu.

Chen Xiaobei activated the Saint sunlight cache and finished making nine of the pills. He carried all of them with him and did not put them in his inventory.

.....

The next morning, divine Emperor GUI Gu brought Chen Xiaobei out of the space.

As soon as he came out, he was greeted by an unprecedented scene.

In just one day, the news of the martial arts competition had spread throughout the entire guigu sect's territory. Tens of thousands of experts had come in droves to witness the battle.

In the center of the crowd, a huge floating arena was built by a mysterious array.

The arena was completely covered by the space formation. The formation would not end until the winner was decided. Chen Xiaobei and the dark sky Qilin would not be able to leave the arena.

In fact, this was also one of Sacred Emperor GUI Gu's plans. Whether Chen Xiaobei won or lost, he would not be able to leave the ring. At the end of the day, Chen Xiaobei was still under the control of Sacred Emperor GUI Gu.

“Roar ... Roar ...”

At the same time, the dark sky Qilin was already on the arena.

It constantly let out a series of angry roars, and a cold and brutal killing intent seemed to materialize, causing the entire space to become particularly gloomy and cold.

Most of the spectators had never seen the dark sky Qilin before. Furthermore, most of their cultivation bases were far lower than the dark sky Qilin.

As such, everyone was extremely excited to see a battle between two Saint demonic beasts.

The atmosphere at the scene was explosive.

“Young master, let me give you a piece of advice. If you admit defeat now, it’s still not too late!”

Saint Emperor GUI Gu squinted and said coldly, “Once you enter the arena, it’s hard to say whether you will live or die! After all, the dark sky Qilin was extremely ferocious and filled with killing intent! It will definitely not show you any mercy!”

“It’s impossible to admit defeat!”

Chen Xiaobei’s expression and tone were calm. He had no intention of backing down.

It was the truth. With Chen Xiaobei’s preparation, he would be able to defeat the Dark sky Qilin without any external help.

Naturally, there was no need to be afraid, much less admit defeat.

Of course, even if the chance of winning was 100%, Chen Xiaobei did not dare to be careless. He remained calm and alert.

This was because this was the Holy ancestor ancient battlefield! It was full of mutual deception and schemes!

It was obvious that divine Emperor GUI Gu would never let this fight be fair.

So, Chen Xiaobei’s chances of winning were 100% on the surface, but it was hard to tell in secret.

“Since young master has made up your mind, then go up the stage!”

Saint Emperor GUI Gu didn’t have much patience. He waved his hand and a stairway made of Saint essence appeared.

Chen Xiaobei stepped onto the stairway and slowly walked towards the floating ring.

At the same time, the surrounding audience all let out an incredulous exclamation.

“What’s going on? That’s the kid who wants to fight the dark sky Qilin? Is he crazy?”

“He’s only an intermediate six star divine Emperor, two minor realms lower than the dark sky Qilin. How is this a fight? This is suicide!”

“Even if he was two minor realms higher than the dark sky Qilin, he would still be defeated, let alone being two minor realms lower! You must know that the dark sky Qilin is a super saint demon beast with the bloodline of a three star Saint ancestor!”

“Yup! With the dark sky Qilin’s strength, it could be invincible among those of the same cultivation realm! In other words, no one under the seven Star divine Emperor realm is a match for the dark heavenly Qilin!”

“I think everyone can leave now! There was no longer any suspense in this competition! I’m willing to bet that the brat will be turned into ashes in an instant!”

“No, no, no! He would not turn into ashes! Don’t forget! The dark heavenly Qilin only ate the corpses of Saint emperors! He’ll eat it bite by bite, and not even a bit of bone will be left!”

.....

All of a sudden, the tens of thousands of people in the audience all thought that Chen Xiaobei would lose.

Divine Emperor GUI Gu and the Li Tianxi both had sneers on their faces.

It was as if everything was within their control.

“Whoosh ...”

Chen Xiaobei ignored the discussions around him and walked through the spatial wall into the ring.

“Roar!”

In an instant, the dark sky Qilin let out a furious roar that sounded like a trillion Thunderbolts.

His entire body was burning with dark flames.

[Red Envelope Group of the Three Realms](#)

Chapter 4415: victory!

Without a doubt, the dark heavenly Qilin was extremely furious!

It had been caught! He was injured! He was tortured! He was humiliated! He was imprisoned! The nine-colored Saint origin ginseng had been stolen!

The layers of anger continued to stack and multiply, like a volcano that was about to erupt, suppressed! Oppressive! More suppression!

It urgently needed an explosive point to vent its anger!

And now, Chen Xiaobei was standing right in front of it!

That roar was enough to prove that the dark sky Qilin had seen Chen Xiaobei as its punching bag. It wanted to vent all its anger and resentment on Chen Xiaobei.

“Master, I’m a little worried ...”

Li Tianxi looked at the situation in the ring and frowned. "That kid will lose for sure! However, if the dark sky Qilin were to kill him, the secret that you want to know would be completely lost ..."

"Heh, what you can think of, could it be that your master can't think of it?"

"Do you still remember the pill I gave the dark sky Qilin yesterday?" Sacred Emperor GUI Gu sneered.

"Of course I remember."

yes! li Tianxi nodded and said, "that's the healing elixir of our guigu sect. The dark sky Qilin's injuries were healed on the spot!

"No! It's not just a healing pill!"

"That's my latest pill!" Divine Emperor GUI Gu grinned. One pill has three effects!"

"This ... This is too godly ..."

"What are the three effects?" the heavenly seal asked curiously.

"Heal! Heart-stealing! Berserk!" Divine Emperor GUI Gu narrowed his eyes and smiled.

"Hiss ..."

Hearing this, li Tianxi couldn't help but gasp and sincerely praise, "Shizun is truly worthy of being the number one Alchemist! To actually be able to refine such a pill! If we can mass-produce them, our guigu sect will be able to dominate the Holy ancestor ancient battlefield sooner or later!"

At first glance, li Tianxi's words seemed to be flattery, but if one took a closer look, one would know that he was not exaggerating at all.

A three energies return one pill, cloaked in the guise of The Phantom Valley sect's holy healing medicine, was definitely a life-saving talisman that all powerhouses dreamed of.

Finally, the violent medicine was under Saint Emperor GUI Gu's control. Once it was used, it could greatly increase the battle power of the strong to a certain extent and even break through the pseudo realm.

From this, it could be seen that if the three origins returning pill could be mass produced, the guigu sect would definitely have an Army of loyal dogs with formidable combat power. As long as these loyal dogs were strong enough, the guigu sect could really dominate the Holy ancestor ancient battlefield.

From this small pill, one could see Saint Emperor GUI Gu's shrewdness. At the same time, one could see his shocking ambition.

"How can it be that simple?"

Divine Emperor GUI Gu shook his head and sighed, although the three origins return one pill is mysterious and domineering, the materials used to refine it are very rare, and the time required to refine it is also extremely long. I spent three million years and only managed to refine three mere pills!

this ... the heavenly seal gasped again.

The ideal was beautiful, but the reality was cruel.

It was basically impossible to dominate the Holy ancestor ancient battlefield with the three origins returning one pill.

However, if he wanted to use this three Yuan return one pill to scheme against others, it would be extremely useful!

“Whoosh ...”

In the arena, after a short confrontation, the dark sky Qilin had completely lost its patience. It released a terrifying amount of dark Saint vitality and charged at Chen Xiaobei.

“Strange ...”

Chen Xiaobei was confused. “This black Qilin’s anger has already been suppressed to the extreme. It should have completely erupted! However, it was obvious that it was holding back its Saint Origin Energy! It’s only the power of an ordinary peak six star divine Emperor. He didn’t show the power to fight above his level!”

It was obvious that even though divine Emperor GUI Gu was a cunning person, Chen Xiaobei was not to be trifled with.

At this moment of life and death, he still maintained a high level of calmness.

He found the flaw in an instant.

The enraged dark sky Qilin had held back its strength and did not intend to kill Chen Xiaobei.

This was too abnormal.

“That old thief from guigu still wants to find out the secret from me. He won’t let me die! Could ... Could it be that the dark sky Qilin has already become the loyal dog of old thief Phantom Valley?”

Chen Xiaobei immediately guessed the reason behind this.

“Woof!”

At the same time, the dark sky Qilin had already pounced over. Its claws created a strong wind that seemed to be tearing time and space apart.

The dark Saint energy swept across the spot where Chen Xiaobei was standing, and the space around him twisted.

“What?”

However, the dark sky Qilin was stunned.

Chen Xiaobei had just disappeared right in front of its eyes.

“Chi ... Chi ...”

The dark sky Qilin looked around but could not see Chen Xiaobei. It could not even sense his aura.

At the same time, the crowd burst into exclamations again.

“Where’s that kid? How did he disappear? This ... This is too magical, right?”

“That kid really has some skills! No wonder he dared to fight the dark heavenly Qilin! We’ve all underestimated him!”

“He’s completely gone, which is equivalent to standing in an undefeatable place!”

.....

Of course, other than the exclamations, there were also many experienced seniors and experts among the tens of thousands of people present.

“His entire body suddenly disappeared, and he couldn’t be sensed at all. This might be the bloodline ability of the sacred frost Lion! If I remember correctly, it should be called traceless snow!”

“Right! It was traceless in the snow! As long as that kid doesn’t attack, no one below the Holy ancestor realm will be able to find him!”

“This move isn’t invincible! As long as the dark sky Qilin activates a fire-type cultivation technique and burns the entire stage, that brat will be exposed and have no place to hide!”

“I wonder if the dark sky Qilin knows any fire-type cultivation techniques. After all, this Saint Devil beast is of the dark attribute, and even the dark heavenly flames on its body are of the extreme cold and Yin attribute!”

.....

The crowd discussed spiritedly, suddenly feeling that there was some suspense in the contest.

On the other side, Li Tianxi couldn’t help but frown and say, “This brat is indeed not simple. He actually hid such a move! The dark sky Qilin doesn’t know any fire-type cultivation techniques, so we can’t do anything to him!”

“Don’t worry. Even though the dark sky Qilin can’t find that brat, he can’t attack either.”

Divine Emperor GUI Gu sneered like an old fox, “If this continues, when that kid’s spiritual power is exhausted, he will fail! It’s only a matter of time, there won’t be any accidents!”

Activating his special ability required mental power, and from Holy Emperor GUI Gu’s point of view, Chen Xiaobei would still lose.

However, what Holy Emperor GUI Gu did not expect was that Chen Xiaobei was ready to take him down in one strike!

Red Envelope Group of the Three Realms

Chapter 4416: overwhelming!

“Origin black hole, absorb!”

Of course, Chen Xiaobei would not wait for his mental power to be exhausted. He was only hiding to look for an opportunity. The real trump card had just been revealed.

“Whoosh ...”

Suddenly, Chen Xiaobei’s eyes shot out two beams of dark energy.

They transformed into two huge dark demonic claws and pounced toward the dark sky Qilin.

“Oh?”

Of course, the moment Chen Xiaobei activated his special ability, his invisibility effect disappeared and he was exposed.

The dark sky Qilin had locked onto him at the first moment.

“Roar!”

The dark sky Qilin suddenly let out a furious roar that was filled with battle intent.

He didn’t even try to Dodge, but charged straight at the demonic black claws.

The dark sky Qilin was very confident in its own power. It was certain that it could easily break through the black demonic claws and kill Chen Xiaobei.

“Whoosh ...”

In an instant, the dark netherworld fire on the dark sky Qilin’s body suddenly expanded. It was like a terrifying Dark Star falling from the Supreme heavens of the nine netherworld net. Its unparalleled destructive power was enough to crush everything.

This time, the dark sky Qilin did not hold back and unleashed its strongest power.

From the ripples of Saint Origin Energy, his current battle power had already crossed a major realm and reached the level of a Seven Star divine Emperor. Moreover, it had almost reached the peak of Seven Star divine Emperor!

“It’s truly worthy of being a three star divine ancestor level sacred demon beast. It’s simply too terrifying! If you use your full power, you can be invincible under eight star divine Emperor!”

Li Tianxi couldn’t help but exclaim, but at the same time, he was extremely disdainful. that kid must have sh * t in his head. He could’ve lived a little longer with perfect concealment, but he had to expose himself. Isn’t he digging his own grave? ”

“That kid is going to lose!”

Divine Emperor GUI Gu also laughed in disdain, “This little bit of power is only the brute force of the dark sky Qilin! It hasn’t even used its special ability or speed, that’s its strongest trump card!”

It was obvious that in Saint Emperor GUI Gu’s eyes, the dark sky Qilin’s strongest trump card was its race’s ability and speed.

Chen Xiaobei was already at an absolute disadvantage before these two trump cards were revealed.

If the dark sky Qilin had used these two trump cards, Chen Xiaobei would have lost even if he had a hundred lives.

Everyone was certain that Chen Xiaobei would lose.

There was no suspense.

“Swish!”

However, in the next moment, a scene that left everyone dumbfounded appeared.

The two dark demonic claws pierced through the dark sky Qilin’s Saint Origin Energy and entered its body.

“Whoosh ...”

Immediately after, two demonic claws pierced through the dark sky Qilin’s body and flew out from its back at an extremely fast speed.

On the surface, the dark Heaven Qilin did not seem to be injured.

However, upon closer inspection, the two demonic claws had caught a ball of dark flames.

This ball of Dark Flame was very mysterious. After it left the body, it turned into a small dark sky Qilin Dharma power.

That’s right!

This was the dark Heaven Qilin’s origin, its inborn bloodline!

“Boom boom boom!”

The dark sky Qilin’s power landed on Chen Xiaobei’s body.

The scene of Chen Xiaobei’s defeat that everyone had expected did not happen.

As the Saint Qi dissipated, Chen Xiaobei stood where he was and blocked the dark sky Qilin with just one hand.

how ... How is this possible?!

Seeing this, the tens of thousands of people on the scene gasped in shock.

“That brat is only an intermediate six star divine Emperor, but the power he unleashed was at the peak of the six star divine Emperor realm. Moreover, it’s even stronger than the dark heavenly Qilin! Are my eyes playing tricks on me?”

“This ... This is too scary! How did that kid do it? It doesn’t make any sense at all!”

could ... Could it be that the demonic claws have taken away a portion of the dark sky Qilin’s power? ”

“Not only that! That brat also cultivates a peak Saint Emperor cultivation method, so he’s able to display power that far surpasses his own cultivation!”

.....

The vast majority of the audience were Saint emperors, so their eyes were naturally not bad. They immediately saw through the mystery!

Firstly, Chen Xiaobei had used the black hole of origin to steal the dark sky Qilin's gifted bloodline.

In this way, the benefits that the three-star divine ancestor bloodline had brought to the dark heavenly Qilin had been completely wiped out.

Not only did the dark sky Qilin become an ordinary peak six star divine Emperor, but it couldn't even use its most powerful bloodline ability and speed.

At the same time, Chen Xiaobei used the rank 5 life word curse and his cultivation rose to the peak of a six star divine Emperor.

And when they were at the same level.

With the one character Saint destroyer curse, Chen Xiaobei was clearly more powerful than the dark sky Qilin, who had no advantage at all!

In this case, it was reasonable for him to block the dark heavenly Qilin with one hand.

However, there was one thing that surprised Chen Xiaobei.

No one in the audience, including divine Emperor GUI Gu, could see the black hole.

Chen Xiaobei could not help but wonder, where did this special ability come from?

After all, Chen Xiaobei had acquired this ability through the thousand-eyed divine Emperor, a heavenly disciple.

The thousand eyed Sacred Emperor was a member of the Supreme Saint race. The race's special ability was to transform the bloodline special ability of others into their own.

Hence, the origin black hole wasn't the thousand eyed Sacred Emperor's origin ability.

It was something thousand eyed Sacred Emperor obtained by chance.

More importantly, even the heavenly Dao took a liking to this ability. It took 90% of the thousand-eyed Sacred Emperor's power.

In other words, Chen Xiaobei's power of the black hole was only one-tenth of the power of this ability.

This made Chen Xiaobei's heart clench.

Under such circumstances, if Chen Xiaobei were to go up against the heavenly axiom, the black hole would be rendered useless.

On the other hand, the wielder of the will could crush Chen Xiaobei with nine times the power of the black hole.

Once the battle started, the outcome was obvious!

Chen Xiaobei's understanding of heaven's will had not yet revealed its full power.

The heavenly Dao might have hidden many more trump cards like the origin black hole.

Just thinking about it gave Chen Xiaobei a headache.

“Lose!”

Of course, Chen Xiaobei did not have the time to think about the heavenly axiom. His top priority was to escape from Holy Emperor GUI Gu.

“Whoosh ...”

die! Chen Xiaobei roared, and the Saint vitality that was enough to crush the dark sky Qilin poured down like an avalanche.

“Oh ...”

The dark sky Qilin wailed in pain. It could not withstand the terrifying force and was crushed under Chen Xiaobei’s feet.

Red Envelope Group of the Three Realms

Chapter 4417: holding back!

“That kid won! That kid really won!”

In an instant, the scene burst out in a series of incredulous exclamations.

Those who had mocked Chen Xiaobei and thought that Chen Xiaobei would definitely lose were all blushing red as if they had been slapped in the face. It was extremely embarrassing.

“No! The battle isn’t over yet!”

However, at this moment, Saint Emperor GUI Gu roared.

Unconsciously, he made a hand seal and activated the violent special ability of the three origins convergence pill.

That was why it was said that the older the wiser!

Although Saint Emperor GUI Gu was sure that the dark sky Qilin would win from the start, he didn’t underestimate his opponent. He had a hidden card up his sleeve.

The three origins return one pill had a total of three effects.

Healing, mind-controlling, berserk.

Once the violent medicinal effect was activated, the dark sky Qilin’s power would increase significantly. It might even be able to break through a major realm and step into the fake Seven Star divine Emperor realm.

This way, the dark sky Qilin could still turn the tide and defeat Chen Xiaobei.

Seeing this, li Tiangang laughed in disdain. “Hmph Hmph! Stinky brat, you think you can fight against my master? you’re still too inexperienced!”

There was no doubt that Chen Xiaobei was once again in a dead end.

Once the berserk effect was fully activated, the dark sky Qilin would be able to defeat Chen Xiaobei with its cultivation level advantage.

Divine Emperor GUI Gu and the Li Tianxi were even ready to celebrate.

However ...

They had underestimated Chen Xiaobei.

Divine Emperor GUI Gu knew how to hold back, but did Chen Xiaobei not?

On the arena.

The dark heavenly Qilin's eyes gradually turned blood red, and the veins and muscles on its body bulged.

It was as if he had taken a stimulant. His entire body was filled with explosive power. His anger and battle intent were also soaring. He was eager to vent this terrifying power.

There were only a few seconds left before the full effect of the medicine was released.

"Really?" The dark heavenly Qilin could actually speak in human language, and its eyes were filled with unconcealable anticipation.

I don't know! Chen Xiaobei lowered his voice and said, " the effect of the drug on you hasn't fully activated yet! I can kill you right now! Why would I take the risk to talk nonsense with you? If you refuse, won't I die without a doubt?"

"Good! I believe you!" The dark sky Qilin was very smart. It knew that Chen Xiaobei was right, so it did not hesitate.

"Swish!"

Without hesitation, Chen Xiaobei took out a pill and fed it to the dark sky Qilin.

That's right!

This pill was Chen Xiaobei's backup plan!

Yesterday, Chen Xiaobei had spent a lot of time and resources in the beixuan sacred soul world to make nine pills.

It was all for the sake of dealing with this situation!

"Master! There's something fishy!"

At the same time, the heavenly seal had already noticed that something was wrong.

"Even if the berserk effect hasn't completely taken effect, the dark sky Qilin's current strength is enough to break free from the restraints!" But it's not moving, as if it's discussing something with that kid!"

Divine Emperor GUI Gu also realized the problem."Dammit! That bastard dared to betray him! I can destroy its Saint Soul with a single thought!"

"Whoosh ..."

Without time to think, divine Emperor GUI Gu used his mind to activate the heart stealing medicine.

Once the heart-snatching effect was activated, it could instantly destroy the Saint Soul of the dark Heaven Qilin.

“Roar!”

However, in the next moment, the dark sky Qilin stood up and let out a terrifying roar that was comparable to a trillion lightning bolts!

“Shit! The heart-snatching effect has actually been removed!”

Divine Emperor GUI Gu’s face changed dramatically. His pupils contracted and his heart almost flew out of his throat.

That’s right!

The elixir that Chen Xiaobei had made was the antidote to the mind-reaving pill.

One should not forget that Chen Xiaobei was not only an alchemy master, but also a Divine Doctor.

More importantly, Chen Xiaobei’s intelligence had been raised to a whole new level with the help of the rank 5 pan word incantation.

Therefore, Chen Xiaobei was able to reverse-engineer the antidote based on the Grand Sun mind-controlling pill’s recipe.

The dark Heaven Qilin regained its freedom after consuming the antidote.

“It’s over ... It’s all over ...”

Divine Emperor GUI Gu and Li Tianxi screamed at the same time, almost peeing their pants.

The two of them didn’t care about anything else. They used all their strength to turn around and escape.

They were afraid, terrified, and the fear of death had shrouded their minds, making them unable to gather even the slightest bit of fighting spirit.

This was because the antidote would only dispel the effects of the mind-stealing medicine, but not the violent ones.

In other words, the dark sky Qilin had already stepped into the pseudo Seven Star divine Emperor realm with the help of the medicinal effect.

“Return your essence!”

At the same time, Chen Xiaobei returned the origin bloodline to the dark heavenly Qilin.

With the support of the three star divine ancestor level bloodline, the dark sky Qilin’s actual combat strength had directly soared to the peak of eight star divine Emperor, and it was invincible under nine Star divine Emperor!

The main point was that the dark sky Qilin’s bloodline ability and speed had returned!

It could even challenge a Nine Star divine Emperor if it fought to the death!

In the face of such a terrifying existence, Saint Emperor GUI Gu and the heavenly seal had no choice but to run!

After all, divine Emperor GUI Gu was only a late Seven Star divine Emperor.

Even if he used the berserk pill to force his way into the first pseudo realm, Sacred Emperor GUI Gu would still be no match for the dark sky Qilin.

Not to mention the heavenly seal, he didn't even have the right to escape.

"Woof!"

In the next instant, the dark sky Qilin waved its sharp claws, and the spatial wall that enveloped the arena shattered.

"Whoosh!"

Then, there was the sound of a strong wind.

None of the tens of thousands of people, including Chen Xiaobei, could see what had happened.

"Uh ..."

Then, the heavenly seal, which had already escaped far away, suddenly let out a miserable scream.

The tens of thousands of people present didn't even have time to react before the historical heavenly seal's body was bitten into several pieces and swallowed directly into the dark sky Qilin's stomach.

"Chi ... Chi ..."

At the same time, divine Emperor GUI Gu, who was running in the other direction, broke through the void and disappeared into the darkness.

The tear in the void was about to close.

"Woof!"

There was another gust of wind, and it was another movement that was completely unclear.

A black shadow flashed past and forcefully tore open the crack in the void that was about to close.

"Whoosh!"

The next moment, the black shadow rushed in and turned back.

It was only at this moment that everyone could clearly see that the black shadow was the dark heavenly Qilin.

At the same time, Saint Emperor GUI Gu was already in the dark sky Qilin's mouth. He was on his last breath.

"Crack!"

As the dark sky Qilin bit down, Saint Emperor GUI Gu's body was cut in half. His Saint Soul shattered, and he died on the spot.

Red Envelope Group of the Three Realms

Chapter 4418: Friends!

“Oh my God ... Saint Emperor GUI Gu is dead ... Run ... Run ...”

All of a sudden, the tens of thousands of people at the scene were like ants on a hot pan, fleeing in all directions.

After all, everyone knew that the dark sky Qilin liked to devour the corpses of Saint emperors.

At this moment, the dark heavenly Qilin was so powerful that it was impossible to fight against it.

No one wanted to become its delicious food.

However, the dark sky Qilin did not chase after them. Instead, it slowly flew toward the arena.

“Everyone is running, why aren’t you running?”

The dark sky Qilin looked at Chen Xiaobei with a complicated expression.

“Why should I run?”

Chen Xiaobei laughed.

“You stole my nine-colored Saint origin ginseng! Aren’t you afraid I’ll eat you up?”

The dark sky Qilin threatened coldly, and its eyes were filled with killing intent. It didn’t seem like it was joking.

you won’t eat me because only I can save you at this moment!

Chen Xiaobei shrugged his shoulders, his expression as calm as the wind.

“At this moment, I’ve never been so powerful before. As long as I want to, I can wipe out all Saint emperors in a radius of a trillion kilometers. I don’t need anyone to save me.”

The dark heavenly Qilin was extremely domineering, and it completely adhered to the law of slaughter and plunder.

sure, you can try again. I bet you’ll run out of Qi and your Saint Soul will be shattered in less than ten seconds!

Chen Xiaobei smiled, as if he had seen through everything.

you ... How do you know everything?!

The killing intent in the dark sky Qilin’s eyes instantly disappeared and was replaced by shock and astonishment.

As soon as it finished speaking, a large amount of blood flowed out of its mouth.

It was obvious that he had suffered severe internal injuries.

“Whoosh ...”

I know medicine," he said indifferently. I can tell from your complexion that your explosive power came from the help of the pill!

"At the same time, I also know alchemy. As long as it's a pill, there will definitely be side effects! The effects of the pill you've taken are so overbearing, so the side effects must be extremely severe as well."

therefore, I can conclude that every time you use your strength, your body and Saint Soul will be damaged. The more power you use, the more serious your injuries will be.

"If I don't save you, you might become someone else's prey at any time with your heavily injured body!"

Chen Xiaobei's tone was very calm, but it exuded a domineering air of having everything under control.

"I'm convinced ... Please ... Save me ..." He begged.

The dark sky Qilin seemed to have reached its limit. It stumbled and fell to its knees in front of Chen Xiaobei.

Then, he passed out completely.

.....

When the dark sky Qilin woke up, Chen Xiaobei had already brought it into the Meru space.

Obviously, the dark sky Qilin was too powerful. Chen Xiaobei could not say that he could control it completely, so he did not dare to bring it into the beixuan sacred soul world.

"What a strong medicinal smell, are you refining pills ..."

The dark sky Qilin crawled on the ground and raised its head to look at Chen Xiaobei.

"That's right, I'm currently concocting the ghost Valley sect's healing medicine, the Silicon Valley Saint spirit pill."

of course! Chen Xiaobei smiled. I found Holy Emperor GUI Gu's and the historical heavenly seal's storage space on you. There are pill recipes and medicinal herbs in there. Of course, there are also ready-made pills!

"Since there's a ready-made medicinal pill, just give it to me to eat directly. Why do you need to re-refine it?" The dark heavenly Qilin was confused.

that old thief Phantom Valley's pill isn't very effective. It won't help you recover in a short period of time. So, I've made some improvements to the pill recipe. Once the pill is completed, you'll be back to normal in three days!

how ... How is this possible?!

"Divine Emperor GUI Gu is the number one Alchemist under the divine ancestor, and you don't like his unique medicine?" the dark heavens Kirin asked in disbelief. It can be improved and upgraded? Could it be that your alchemy skills are better than Phantom Valley's?"

Chen Xiaobei did not explain but asked, " Oh, have you forgotten who helped you remove the effects of the heart-seizing pill? "

this ... the dark heavenly Qilin was stunned for a moment before admitting its defeat.

In the territory of The Phantom Valley sect, The Phantom Valley heart seizing pill could be said to be a well-known existence.

Everyone knew about this pill, but they had never heard of it having an antidote.

In fact, even divine Emperor GUI Gu himself didn't make an antidote, so no one had heard of it.

The fact that Chen Xiaobei was able to make the heart seizing pill's antidote meant that his alchemy skills were better than divine Emperor GUI Gu's.

by the way, you're so powerful. How did you get caught by the heavenly calendar seal? "

Chen Xiaobei asked.

"It's all your fault!"

"I focused all my attention on you that day," the dark sky Qilin said angrily. "I didn't check and was ambushed by the historical heavenly seal, which sealed all my power ..."

"Uh ..."

Chen Xiaobei was a little embarrassed and quickly changed the topic. "As a reward for saving you, I'll just take the storage space of Saint Emperor GUI Gu and the heavenly calendar seal. You don't have any objections, right?"

"No objections, that's what you deserve,"

The dark sky Qilin agreed without hesitation.

After all, without Chen Xiaobei, the dark sky Qilin would have been a dog to Holy Emperor GUI Gu for the rest of its life.

What was even more despairing was that if Saint Emperor GUI Gu wanted to increase his cultivation one day, he might drain the dark sky Kirin's blood and refine its body.

Don't forget, the corpse of a Qilin was an extremely rare and suspenseful super heavenly treasure. It could directly increase one's cultivation level and break through the bottleneck of a major realm without any obstacles. It was a treasure that everyone dreamed of.

So, Chen Xiaobei was the dark sky Qilin's true Savior.

Chen Xiaobei deserved the two storage spaces.

"There's one more thing I don't understand ..."

"There should be heart seizing pills in Saint Emperor GUI Gu's storage space, right?" the dark sky Qilin frowned. Why didn't you let me eat one? Don't you want to control me?"

"Everything has a price!"

I won't control you! Chen Xiaobei smiled. in return, you're not allowed to ask me for the nine-colored divine origin ginseng!

“This ...”

The dark heavenly Qilin was instantly dumbfounded.

You can even negotiate terms like this?

“You’re not that kind after all!” The dark heavenly Kirin retorted. However, you are very reasonable! Using the nine-colored Saint origin ginseng to exchange for my freedom, it’s very fair! This way, we don’t owe each other anything!”

that’s because I want to be friends with you. That’s why I’m settling this with you. We don’t owe each other anything. That’s the only way we can be equal!

“Friend? You’re too naive!”

The dark sky Qilin’s expression turned cold, and it said in disdain, “This is the Holy ancestor ancient battlefield! Mutual deception, killing, and plundering were the laws of survival! Friend? They’re just enemies who can stab you in the back at any time!”

Chen Xiaobei laughed, “I did want to make you my loyal dog! But now, I just want to be friends with you! Do you know why?”

[Red Envelope Group of the Three Realms](#)

Chapter 4419: Comprehensive improvement!

4419 Comprehensive improvement!

“I don’t know ...”

The dark heavenly Qilin was confused.

“In the arena, you obtained the strongest power. You could have killed me at the first moment! But you didn’t do that!”

“This proves that you still have a conscience!” Chen Xiaobei said. They valued friendship! Just based on these two points, you are qualified to be my friend!”

“This ...”

The dark sky Qilin’s expression faltered slightly before it fell silent.

When it was in the ring, it had regained its freedom and gained unprecedented combat power. It could kill Chen Xiaobei with a single thought.

However, it knew very well that its freedom and strength were all thanks to Chen Xiaobei.

It didn’t want to repay kindness with enmity.

This was conscience!

It was ironic that most people in the sacred ancestor ancient battlefield no longer knew what a conscience was.

On the contrary, a magical beast that had yet to transform was still a kind-hearted and grateful beast!

Along the way, Chen Xiaobei had seen a lot of schemes, killing, and plundering. They even called each other brothers one second and then killed them in a sneak attack the next.

Compared to those despicable and heartless people, the dark sky Qilin was more like a human.

It shouldn't have been subdued.

Because of this, Chen Xiaobei changed his original plan.

“.....”

The dark heavenly Qilin fell silent.

It had never thought that someone would say such words in a place like the sacred ancestor ancient battlefield.

All of a sudden, its state of mind was greatly touched.

Although it was still unable to accept it, it had gradually started to believe that there was not only darkness in this world, but also light.

Soon after.

The dark heavenly Qilin closed its eyes and recuperated in peace.

The heavenly calendar seal's storage space wasn't too bad. It was only slightly richer than a Saint Emperor of the same level.

One of them was a Seven Star divine Emperor's energy.

After that, there were all sorts of things related to alchemy.

These items were very useful to Chen Xiaobei. However, they were of a lower grade compared to the items in divine Emperor GUI Gu's storage space.

Therefore, Chen Xiaobei did not hold back any of the heavenly calendar seal's resources. The Holy Emperor weapon, herbs, furnace, heavenly materials and earthly treasures, and so on ... All of them became Lu Bao's food.

However, the historical heavenly seal was still very rich. All the resources added up were comparable to a medium-sized treasure vault.

Lu Bao kept eating. It took an entire day and night before it could finish the food.

In the end, Chen Xiaobei was given 30 drops of the Saint pan dew.

Next, the real show was Sacred Emperor GUI Gu's storage space.

One had to know that divine Emperor GUI Gu was known as the richest person below the Holy ancestors in the Holy ancestor ancient battlefield.

First, Chen Xiaobei found ten eight-star Holy Emperor energy.

To Chen Xiaobei, this was already an astronomical figure. It had far exceeded his expectations.

Chen Xiaobei knew that Holy Emperor GUI Gu was rich, but he did not expect him to be this rich.

To Chen Xiaobei, this large amount of energy was a pleasant surprise.

Other than the energy, Chen Xiaobei had also obtained an eight star divine Emperor grade alchemy furnace.

Without a doubt, after Chen Xiaobei had merged the furnace with the heaven and earth furnace, the grade of the heaven and earth furnace had been raised to the early eight star divine Emperor level.

Then, Chen Xiaobei found an eight star divine Emperor's early stage divine Emperor weapon.

With this divine Emperor's weapon and the huge amount of energy he had before, Chen Xiaobei now had a trump card against an eight-star divine Emperor.

Without any other trump cards, Chen Xiaobei could easily defeat the great sun Holy Emperor.

Just thinking about it made him feel great.

After that, Chen Xiaobei found all sorts of pills.

There was a wide variety of pills with various functions. Almost all the pills you could think of could be found here.

However, most of these pills were not of a high grade, probably because they were limited by the grade of the materials.

Only a small portion of them could reach the seven or eight star divine Emperor level.

Chen Xiaobei did not keep the low-level ones. He fed them all to Lu Bao and got another ten drops of the Saint pan dew.

In the end, all that was left was a huge amount of natural treasures.

The GUI Gu sect was already buying large amounts of heavenly resources. The higher grade ones naturally went into divine Emperor GUI Gu's pocket.

Therefore, it was very difficult for Chen Xiaobei to do a mental calculation.

This was because the number of treasures in divine Emperor GUI Gu's collection was huge, and there was a wide variety of them. Chen Xiaobei had never even seen or heard of some of them before, so he had to take them out one by one and examine them carefully.

It took Chen Xiaobei a few days to identify all these items.

Of course, all these processes were completed in the Saint sunlight cache. A few days was just like a snap of the finger in the outside world.

On the other hand, upgrading the heaven and earth smelt was more time-consuming. Under the sunlight cache, it took at least a million years before it was finally completed.

After the heaven and earth smelt was upgraded, Chen Xiaobei started to upgrade his other trump cards.

The Saint devouring Dao axe, the chaos Blood Sword, and the Dragon's edge.

These three cards still had their own uses, and Chen Xiaobei did not plan to give them up.

It just so happened that there were plenty of heavenly treasures in Sacred Emperor GUI Gu's storage space. Wang Chen took out the best ones and started to upgrade the Three Treasures.

His goal was to make all three treasures reach the early eight star divine Emperor realm.

Of course, this was a long process.

Fortunately, the whole process went smoothly. It was only a matter of time, which was not a problem for Chen Xiaobei.

In the end, after almost thirty million years, the three pieces of magical equipment were successfully upgraded.

The eight star divine Emperor weapon left behind by divine Emperor GUI Gu was no longer as good.

However, Chen Xiaobei still kept the Holy Emperor instrument because it had a special ability. He might need it in the future, so he kept it for now.

Three days and three nights had passed in the real world after he was done.

Just as Chen Xiaobei had said, the dark sky Qilin had fully recovered.

It did not leave Chen Xiaobei either.

It seemed that in the past three days, it had thought through Chen Xiaobei's words and acknowledged him as a friend.

She was willing to risk her life with Chen Xiaobei.

Now, Chen Xiaobei had to start increasing his cultivation.

The strange thing was that the dark sky Qilin had entered the sunlight domain by itself. It did not say anything and just lay down beside Chen Xiaobei, snoring.

"Whoosh ..."

Chen Xiaobei did not disturb the dark sky Qilin.

He immediately took out the seven Star divine Emperor level energy that originally belonged to the historical heavenly seal and began to cultivate quickly.

He had successfully broken through a small realm! Late stage six star divine Emperor! Peak six star divine Emperor!

He had reached the bottleneck of a major realm!

[Red Envelope Group of the Three Realms](#)

Chapter 4420: Skyrocketing cultivation base!

4420 Skyrocketing cultivation base!

"Whoosh ..."

Without hesitating, Chen Xiaobei took out all the mystic fats left behind by the omniscient divine Emperor.

There was a huge amount of the remaining Saint Emperor Mystic fats.

However, as Chen Xiaobei's cultivation level increased, the consumption of the Saint Emperor Mystic fat also increased.

He had already calculated that the remaining amount of Saint Emperor Mystic fat was just enough for Chen Xiaobei to break through to this level.

"Whoosh ..."

With a burst of powerful Saint Qi fluctuations, the entire space shook.

The dark sky Qilin, who was sleeping beside Chen Xiaobei, was woken up by the noise and looked at Chen Xiaobei in surprise.

"You broke through?"

The dark sky Qilin looked at Chen Xiaobei curiously.

"Yup! I've broken through a major realm and I'm a Seven Star divine Emperor now!" Chen Xiaobei grinned, feeling refreshed.

"Such a coincidence? I'm already a Seven Star divine Emperor!"

The dark sky Qilin raised its eyebrows and said coldly. It was obviously a competitive person and did not want to be outdone by Chen Xiaobei.

you've also broken through?!

Chen Xiaobei took a closer look and realized that it was true. "You just took a nap and didn't do anything. How did you break through?"

"Your magic treasure is very magical. I slept for more than three million years!"

"The point is, it's not like I didn't do anything!" The dark heavenly Qilin said indifferently. I devoured the heavenly calendar seal and the bodies of Saint Emperor GUI Gu!"

you mean!?

what?! Chen Xiaobei was shocked. you didn't increase your cultivation through cultivation but by devouring the bodies of Holy emperors? "

"That's right!"

The dark heavenly Qilin nodded and said, " this is actually the same principle as using the Saint Emperor Mystic fat. My body's innate talent can directly absorb the essence of the Saint Emperor's corpse, and I can skip the process of refining Mystic fat!

"As expected of a three star divine ancestor level bloodline! He's really gifted!" Chen Xiaobei sighed.

He also used the body of a divine Emperor to increase his cultivation level.

Ordinary people would need to spend a long time and a lot of energy, and also take the risk of failure to refine the Saint Emperor Mystic resin.

Chen Xiaobei also needed to consume a lot of energy to use the great saint derivation technique to derive the Saint Emperor Mystic resin. It was very fast and he did not have to worry about failing.

However, compared to the dark sky Qilin, both Chen Xiaobei and the ordinary people were at a disadvantage.

The dark sky Qilin didn't need to take any risks or consume any energy. After eating the Saint Emperor's corpse, it just needed to take some time to digest it and it could directly increase its cultivation. It was like a cheat.

"I might have to sleep for a while longer ..."

"I've only digested the heavenly calendar seal's body before," the dark sky Qilin said indifferently. "There's still Saint Emperor guigu's body that I haven't digested yet."

"What the f * ck! Does this mean that you're going to continue to improve your cultivation?" Chen Xiaobei could not help but be shocked.

"Yup,"

The dark heavenly Qilin nodded and said, " I can raise it to the level of the corpse I devour!

that's right! Chen Xiaobei exclaimed. that means that old thief Phantom Valley's cultivation is at the advanced Seven Star divine Emperor stage. After you digest it, you will be able to reach the same level?"

"That's right!"

The dark sky Qilin said seriously, "Speaking of which, this is all thanks to you!" If it wasn't for your help, I might've had to spend another trillion years devouring the corpses of lower level Saint emperors to break through ..."

what? " Chen Xiaobei asked, " with your strength, you can definitely defeat the heavenly seal! Why do we have to wait a trillion years?"

"How can it be that simple?"

"Have you forgotten?" the dark sky Qilin asked in embarrassment. I was attacked by the heavenly seal as soon as I revealed my position?"

"You mean that there are many people watching you in the sacred ancestor ancient battlefield?" Chen Xiaobei asked in surprise.

"Yes ..."

The dark heavenly Kirin nodded and said helplessly, " my bloodline is very special and is coveted by countless experts. If I didn't have the concealment ability, I would have been captured long ago!

furthermore, I'm from the Qilin race. Even if I don't have this super high-grade bloodline, there will still be countless people who want my corpse!

"So, under normal circumstances, I don't dare to make a move directly! I can only use the nine-colored Saint origin ginseng as a trap to lure him in and then kill him quickly. I don't dare to expose myself for too long ..."

The dark sky Qilin was also helpless.

His own strength was extremely strong. Originally, he could have killed powerful enemies of a higher level and quickly improve his strength.

However, there was always someone better.

Take the heavenly calendar seal as an example. The dark sky Qilin could kill it, but the battle would definitely attract Saint Emperor GUI Gu or even stronger opponents.

Although Saint Emperor GUI Gu's cultivation wasn't high, he could use pills to break through to pseudo realm. Even the dark sky Qilin wasn't his match.

Not to mention those who were far above Saint Emperor GUI Gu.

Don't forget that Saint Emperor GUI Gu was only ranked thirty-third on the ancient battle Supreme ranking list. There were still many other terrifying existences in front of him.

Any one of them would be able to take down the dark sky Qilin.

This was why the dark sky Qilin had to hide and use the nine-colored Saint origin ginseng as bait to catch some small fish and shrimp so that it could develop.

The other day, it was all because Chen Xiaobei had used Bai Shishi's power to take away the storage space on the ground without anyone knowing. That was a direct threat to the nine-colored divine origin ginseng.

This was why the dark sky Qilin was so nervous that it let out an angry roar and exposed its position.

the Holy ancestor ancient battlefield is really full of crouching tigers and hidden dragons ... Without sufficient strength, it's best to develop in a sneaky way ...

Chen Xiaobei sighed.

you're right. So, I'm going to continue sleeping. Don't worry, when I become stronger, I'll naturally protect you.

The dark heavenly Qilin shrugged and lay down on the ground again.

"Hehe, so strong? I also want to continue cultivating! Maybe I'll become even stronger than you!"

Chen Xiaobei grinned and took out an early eight-star divine Emperor energy.

Soon after.

Chen Xiaobei cultivated while the dark sky Qilin slept. In the blink of an eye, a long time had passed.

This time, Chen Xiaobei had improved a lot.

One should know that one portion of eight star divine Emperor's energy was equivalent to a trillion portions of Seven Star divine Emperor's energy. It was an astronomical figure.

In terms of cultivation, Chen Xiaobei had broken through three small realms, reaching the peak of Seven Star divine Emperor!

[ding Yingying's cultivation base is at the peak of seven stars divine Emperor. Lifespan: 3.5 years of the underworld! (Zero points are ignored)

The increase in lifespan was still not ideal.

The pseudo-realm that he could reach by burning his lifespan was not even comparable to Chen Xiaobei's own cultivation. It was almost negligible.

In addition, in terms of trump cards, the nine characters of the one word Holy extermination curse had been upgraded to Level Seven!

This way, Chen Xiaobei would be invincible against anyone below the eight star divine Emperor level.
