Chapter 4421: shock!

After the violent increase in his cultivation and trump cards, he had only used the tip of the iceberg of the eight star divine Emperor's energy.

Chen Xiaobei only had nine of the same level of energy left.

Just thinking about it made him feel great.

However, if one were to calculate it carefully, the amount of energy was actually not much.

The remaining nine portions of eight star divine Emperor level energy were just enough to raise all nine characters to level 8.

However, Chen Xiaobei was a little hesitant. Should he keep the energy, or should he continue to upgrade the one-word Saint-killer curse?

"I should continue to improve!"

if I keep this energy, I can activate the eight star divine Emperor weapon. But I can only fight an early stage eight star divine Emperor! Chen Xiaobei said.

however, if I can make the one word Saint destroyer curse reach level 8, I'll basically be invincible under nine Star divine Emperor. The upper limit of my strength will be greatly increased!

the point is that with the level 8 life word curse, my Saint Origin Energy can reach the level of an eight star divine Emperor. At that time, I can use an eight star divine Emperor weapon with my own Saint Origin Energy!

Chen Xiaobei did not hesitate any longer.

He immediately took out the remaining nine portions of eight star divine Emperor level energy and continued to increase the strength of the one word Saint destroyer curse.

After a period of time, each character had reached level eight.

Chen Xiaobei pondered for a moment and said, " the level 8 one word Saint destroyer curse is almost as strong as I expected. It can even fight an ordinary eight star divine Emperor!

however, the upper limit of the one word Saint destroyer curse is peak Saint Emperor. As the enemy gets closer and closer to that level, the advantage that the cultivation technique gives me will gradually decrease!

if I encounter an enemy like the dark sky Qilin who has a sacred ancestor level trump card, the one word Saint destroyer curse will be able to completely suppress me ...

Chen Xiaobei could not help but feel helpless.

The one word Saint destroyer curse, which was originally invincible, was no longer invincible.

This was just like what the dark sky Qilin had said. There was always someone better, and there was always someone better. Especially in the Holy ancestor ancient battlefield, you never knew what kind of trump card your enemy would reveal! What kind of scheme would he come up with?

I have to unravel the secret behind the one word Holy extermination curse as soon as possible!

Chen Xiaobei could not help but think back to the Holy ancestor-level black stone left behind by Lord Ling Kong, and the shocking scene that appeared in the mirror dimension.

There should be an even greater ultimate secret behind this.

Once this secret was unraveled, the one word Saint destroyer curse would probably be far more powerful than peak Saint Emperor.

By then, Chen Xiaobei's strength would definitely skyrocket.

but ... Supreme Lord Ling Kong spent his entire life researching it, and in the end, he still couldn't solve this secret ... Can I solve it if it's me? "

Chen Xiaobei could not help but frown. He really had no confidence.

After all, Chen Xiaobei was weaker than supremacy Ling Kong in every aspect.

More importantly, Chen Xiaobei did not have a direction to go.

Other than the black stone, there were no other clues.

The road ahead was uncertain and filled with danger.

It was really too difficult.

"Phew ..."

Of course, Chen Xiaobei's state of mind was so strong that even suffering and confusion could not overwhelm him. After he let out a long breath, he calmed down.

"I'll take things as they come. Even if I can't solve the ultimate secret of the one word Saint destroyer curse, I'll use other methods to improve myself! [life doesn't end!] Struggle endlessly!"

it's not like I can't. Chen Xiaobei calculated. right now, the energy left in my head is still equivalent to an eight star divine Emperor's energy. If I can find an eight star divine Emperor's body later, I can create enough divine Emperor Mystic fat to break through to the eight star divine Emperor realm!

In the heavenly sanctuary, it was extremely difficult to find an eight star divine Emperor's corpse. The possibility was basically zero.

This was because high level divine emperors were usually protected by extremely powerful forces and would not die in battle.

At the same time, the corpses of Saint emperors were extremely rare resources to begin with, especially high level ones. They were even more valuable than Saint veins.

Therefore, even if they died in battle, their corpses would be collected by the enemy.

From this, it could be seen that the possibility of obtaining a high level divine Emperor's corpse in the heavenly sanctuary was basically zero.

But!

It was different in the sacred ancestor ancient battlefield!

This place was originally an extremely terrifying battlefield. The Supreme divine ancestor had risen here and fought here.

There were countless Saint Emperor corpses buried here.

He might even find the sacred ancestor's corpse.

The main point was that the sacred ancestor ancient battlefield was vast and sparsely populated. Even the top three sacred ancestor level experts on the ancient battle Supreme ranking list did not dare to say that they had explored the entire sacred ancestor ancient battlefield.

Therefore, there must be many undiscovered ownerless opportunities hidden here.

It was the best choice for Chen Xiaobei to come here to improve himself.

"Mm ..."

At the same time, the dark Heaven Qilin had also woken up. It opened its eyes lazily and looked a little drowsy.

However, the dark sky Qilin was stunned when it saw Chen Xiaobei.

"You ... You ... You've already reached the peak of Seven Star divine Emperor? This ... How is this possible?"

The dark heavenly Qilin could not believe its eyes.

One must know that the dark heavenly Qilin had used a cheat to level up. At this moment, it had only reached the late stage of Seven Star divine Emperor.

However, when it woke up, Chen Xiaobei's cultivation was one level higher than its own.

This was simply unbelievable.

The dark sky Qilin's worldview was completely changed. It even started to question its life. It had never seen someone as powerful as Chen Xiaobei in its life.

"Although you're one minor realm higher than me, I can fight a Peak Eight star divine Emperor if I use my bloodline ability and talent! In the end, I'm still a bit stronger than you!"

The dark sky Qilin was still as competitive as ever and did not want to be outdone by Chen Xiaobei.

Of course, it was subconsciously very grateful to Chen Xiaobei. So, it really hoped that it could protect Chen Xiaobei to repay him.

It could be seen that its competitiveness was perhaps only to make him feel a little more at ease.

“What a coincidence, I can also fight a Peak Eight star Saint Emperor!”

Chen Xiaobei grinned.

However, Chen Xiaobei seemed to have read the dark sky Qilin’s mind, so he added, “ of course, your bloodline is of a higher grade. You’re still stronger than me even though we’re both at the same cultivation level!

The dark sky Qilin raised its chin proudly and said, “Don’t worry, I’ll definitely protect you!”

“Alright, alright, alright. You’re the best, alright?”

alright! Chen Xiaobei smiled. we’ve rested for so long. It’s time for us to continue!

“Whoosh ...”

Chen Xiaobei then brought the dark sky Qilin back to the real world.

However, the moment he stepped out, Chen Xiaobei’s face changed.

[Red Envelope Group of the Three Realms](#)

Chapter 4422: back thrust!

“What happened?”

The dark sky Qilin immediately noticed Chen Xiaobei’s unusual behavior and immediately went on high alert.

“My enemy is here! Quickly hide!”

Chen Xiaobei activated his traceless Snowsteps ability and disappeared.

The dark sky Qilin also used its stealth ability and disappeared without a trace.

At a distance.

At this moment, a large group of people was flying over.

From the overwhelming number of troops, it could be seen that there were at least hundreds of thousands of people.

Chen Xiaobei knew two of the three people who were flying in the front.

One was heaven Dao, the other was great sun Sacred Emperor.

The third person beside him was none other than anatta star. However, Chen Xiaobei had never met him face to face, so he did not know his identity!

“Why are they here?”

The dark heavenly Qilin asked.

“Maybe there were great sun Sacred Emperor’s lackeys among us on the day of the competition ...”

but ... Chen Xiaobei said, " it's strange. Even though I have a grudge against the dari divine Emperor, she wouldn't go so far as to attack me ... Does she not want her own territory? "

Great sun Sacred Emperor said he had a million lackeys and he probably brought all of them here.

This was more or less abnormal.

After all, the great sun Sacred Emperor's base was on the other side, and her lackeys more or less controlled some areas such as Saint veins or blessed lands.

If Chen Xiaobei were to turn around and attack her, would he not be able to wipe out her entire territory?

Wouldn't that be a huge loss for her?

And this was the strangest part!

Even though she had a grudge against Chen Xiaobei, it was not to the point where she would go all out against him.

"They're just a bunch of ants. As long as I make a move, I can easily kill all of them!"

"You can't!"

no! Chen Xiaobei shook his head and said, " my enemy has an unfathomable power! Don't think that he's just a five star divine Emperor. In fact, he has a trump card that can fight against eight star divine emperors!"

"I'm not afraid of that!"

The dark heavenly Qilin said with a strong fighting spirit, as long as he's not above the nine Star Saint Emperor level, I can easily defeat him!

"You can't!"

no! Chen Xiaobei rejected again. remember the power that I used to steal your bloodline source? " My enemies can do it too, and the effect is even stronger than when I use it!"

"This ..."

what? " the dark sky Qilin was stunned, and its burning battle intent was instantly doused with a bucket of cold water.

The dark sky Qilin had personally experienced the black hole's special ability, so it knew how powerful it was.

The main point was that the heavenly Dao's original black hole was nine times stronger than Chen Xiaobei's.

Even Chen Xiaobei was not sure what the effect of the original black hole would be like.

The dark heavenly Qilin was completely dejected.

It knew very well that if its bloodline origin was taken away, it would only be an ordinary late-stage seven Star divine Emperor. Even great sun divine Emperor could crush it.

So, hiding and waiting for Chen Xiaobei's plan was their only option.

"Go! Let's go back to great sun Sacred Emperor's territory now!"

it's obvious! Chen Xiaobei said. it's obvious that her rear is empty. We can take advantage of this opportunity to loot her! As long as I'm fast enough, I can even take out all the Saint veins in her territory!"

"You've found the right person!"

"My current speed can reach the peak of an eight star divine Emperor. If I burn my spiritual power and activate my bloodline talent, I can even be compared to a peak Nine Star divine Emperor!" The dark sky Qilin smiled confidently.

"Then what are we waiting for?" Chen Xiaobei's eyes lit up. Let's set off now!"

After that, Chen Xiaobei mounted the dark sky Qilin.

"Swish!"

With a strong gust of wind, the dark sky Qilin spread its wings and instantly flew hundreds of millions of miles away.

It took Chen Xiaobei a long time to travel from the great sun divine Emperor's territory to the divine Emperor GUI Gu's.

In less than ten seconds, the dark sky Qilin had brought Chen Xiaobei back to the great sun Holy Emperor's territory.

"Shua shua shua ..."

Chen Xiaobei took out a bunch of pills that could restore mental power and gave them all to the dark sky Qilin so that it could burn its mental power without any worry.

"Don't just give me pills ..."

"Where should we go next?" the dark heavenly Kirin asked with a frown. This area was a trillion miles wide, who knew where there were Saint veins? Where are the resources?"

"Don't rush!"

Chen Xiaobei smiled and took out a dark yellow bronze compass.

"Whoosh ..."

Then, Chen Xiaobei used the level 8 life word incantation to raise his Saint Vital energy to the level of an eight star divine Emperor.

Then, he poured his Saint Qi into the ancient bronze compass.

Whoosh ... Whoosh ... Whoosh ...

Immediately after, many spots of light appeared on the compass.

That's right!

This ancient bronze compass was the eight star divine Emperor artifact of divine Emperor GUI Gu.

The reason why Chen Xiaobei kept the compass was because it was not a Holy Emperor's instrument for combat. It was a Super Assist-type divine instrument that was comparable to a satellite positioning system!

"What is this?"

The dark heavenly Qilin asked in confusion.

"That's old thief GUI Gu's Saint Emperor weapon!"

Oh? " Chen Xiaobei raised his brows and said, " every light spot on the map represents a resource! Or heavenly materials and earthly treasures, or Saint veins, or rare birds and beasts!"

"What? Divine Emperor GUI Gu actually has such a treasure?"

"If he has such a treasure, why doesn't he use it himself?" the dark sky Qilin asked in shock. You want to take all the resources in the world for yourself?"

"Are you stupid? Of course, it's because his cultivation is not enough!"

divine Emperor GUI Gu is not an eight-star divine Emperor yet. Every time he uses this item, he has to burn an eight-star divine Emperor's energy. All his wealth can only last ten times. How could he bear to use it? "

"It's better to let others work for him, find resources and sell them to him, and then he will sell his pills to others. This back and forth was equivalent to getting something for nothing! It's a good profit!"

"In addition, this magic treasure also has certain restrictions. It can't detect resources above the eight star divine Emperor level. Therefore, to that old thief Phantom Valley, the return is less than the cost, so he's even more reluctant to use it!"

"Understood. Let's go!" The dark sky Qilin nodded with great enthusiasm.

Then, it flapped its wings and brought Chen Xiaobei to the nearest light spot.

In less than three seconds, the two of them had already arrived at that position.

It was simply unparalleled!

[Red Envelope Group of the Three Realms](#)

Chapter 4423: A guess!

4423 A guess!

"There really is a Holy Meridian there! This compass is really godly!"

The dark heavenly Qilin exclaimed in excitement.

that's right ... It's a pity that its level isn't too high ... It's only a two star divine Emperor, not even enough to fill the gaps between my teeth ...

of course not! Chen Xiaobei smiled. but, grasshoppers are also meat. Let's take them first!

Then, the dark sky Qilin swooped down, and Chen Xiaobei emptied the Holy Meridian.

At the same time, there were two two star Saint Emperor level Saint beasts near the Saint vein. It was obvious that the Saint vein belonged to them.

However, they did not dare to resist or even get close to Chen Xiaobei and the dark sky Qilin.

The strong preyed on the weak, killing and plundering. This was the law of survival in the Holy ancestor ancient battlefield!

They should be glad that Chen Xiaobei did not kill them.

"Swish!"

Then, the dark sky Qilin and Chen Xiaobei activated their sweep mode.

Basically, within ten seconds, he could get rid of the opportunity of one light spot.

There should have been a powerful enemy at each spot, but great sun Sacred Emperor's men came out in full force.

Therefore, most of the spots of light had no enemies.

The entire process was unusually smooth.

After a while, Chen Xiaobei had already collected dozens of Holy meridians and a huge pile of heavenly treasures.

However, in general, these resources were not of a high level.

To put it bluntly, they were all chicken ribs, tasteless to eat, and a pity to throw away!

"That's strange ..."

what? " Chen Xiaobei frowned. the great sun divine Emperor is a peak seven-star divine Emperor. Why can't we find her Holy Meridian? " Could it be that she had already used up all her energy? This doesn't make sense."

By right, great sun Sacred Emperor should have at least one peak Seven Star Sacred Emperor level sacred Meridian.

However, Chen Xiaobei could only find two six star divine Emperor level divine meridians. They did not seem to be worthy of the great sun divine Emperor's status.

"Is there such a possibility?"

"I don't think so ..."

I've only toyed with her once! Chen Xiaobei said. it's not to the point where I'll fight her to the death. Was she really that petty? You want to take revenge on me at all costs? Did you have nothing better to do?"

women have always been narrow-minded. It's not impossible ... the dark heavenly Qilin said.

"No! I think there must be a problem!"

"The only person who has a grudge against me is the heavenly axiom! Perhaps ... Great sun Saint Emperor is already under the control of the heavenly Dao!"

Chen Xiaobei's expression changed.

If this guess was true, then Tiandao's battle prowess would rise to another level, even rising to an immeasurable degree!

This was because Sacred Emperor Xuan Yuan had a special skill that was said to be invincible in theory!

This trump card was none other than the "mysterious origin Saint extermination formation"!

With Tian Dao's personality, he would definitely force mystic essence divine Emperor to share this trump card.

In other words, the heavenly Dao also knew how to use this great array.

The effect of this formation was to make many sacred emperors sacrifice their sacred souls so that the person at the core of the formation could break through to the pseudo realm without limit!

In theory, as long as he sacrificed enough Saint souls, he could even step into the pseudo realm of peak ancestral Saint!

At this moment, if great sun Sacred Emperor was controlled by the heavenly Dao.

Then, the heavenly Dao would be able to sacrifice the millions of great sun sect's lackeys and step into an immeasurable pseudo realm.

At the same time, the heavenly Dao also got the great sun Sacred Emperor's Saint veins and trump cards.

As a great ruler, great sun Saint Emperor must have a powerful trump card.

Without a doubt, this would greatly increase the battle prowess of the heavenly Dao.

Chen Xiaobei could not help but feel lucky that he had stopped the dark sky Qilin earlier and did not fight the heavenly axiom. Otherwise, the consequences would have been unimaginable.

"This is just a guess. What if you're just scaring yourself?" The dark heavenly Qilin asked.

"No, no, no! Don't ever underestimate the heavenly Dao!"

he's a genius! Chen Xiaobei said, " he's very talented and has great fortune! While I'm getting stronger, he's not just sitting around! Therefore, no matter when or where, he could not be underestimated! Otherwise, you'll have to pay a painful price!"

“Okay ... Let’s not care about him for now. Where are we going next?” The dark heavenly Qilin asked.
let’s go to the East. I have an opportunity there. Chen Xiaobei took out the sky-breaking sacred wood key and tried to feel the spiritual pull.

.....

At the same time, in divine Emperor GUI Gu’s territory.

The great sun sect’s 1 million lackeys spread out to search for Chen Xiaobei.

The heavenly Dao was floating in the air, looking down at the surroundings.

When the black hole’s special ability was activated, wherever the heavenly Dao’s gaze scanned, even if Chen Xiaobei was invisible, he would still be discovered.

However, the vision of the heavenly Dao was limited, and it could only search a certain area.

He could only rely on the great sun sect’s lackeys to search for places that were out of his sight.

This was also one of the reasons why the heavenly axiom wanted to bring these millions of people along. Even if they could not find Chen Xiaobei, it would be great if they could find some opportunities.

“Whoosh ...”

At this moment, the selfless act flew out of the Meru space.

With a dazed expression and disheveled clothes, he said with a smile, “It’s so comfortable ... I didn’t think that one day I would be able to enjoy a peak Seven Star female divine Emperor! It’s satisfying!”

Tiandao frowned slightly and said in a cold voice, ‘I’m really convinced by you! Can’t you control your lower body at a time like this?’

“Isn’t this human nature?”

not everyone can be like you, ” selfless Wanderer laughed. the four major things are empty, the six roots are pure, and the only thing you want is to become stronger ... That kind of life is too boring!

everyone has their own ambitions. If you’re comfortable, then quickly find someone!

I don’t think so! Tiandao said. without your space silence ability, Chen Xiaobei might be hiding in an isolated space!

“Alright, alright, alright, I’ll listen to you! Who asked you to help me deal with great sun Saint Emperor?”

Speaking of which, your ability is really heaven-defying, ” wuwo Xing said with a smile. you can even control a peak Seven Star divine Emperor!

Have you forgotten that I am a Yuan Sage? ” Tiandao said indifferently, ‘any special ability can be greatly improved when it comes to me! I can even control a Nine Star divine Emperor, let alone a Seven Star One!’

“Hehe! That would be great!”

“Let me have a taste of a Nine Star divine Emperor one day,” wuwo Xing grinned, “I’ll die in peace!”

“Let’s wait for an opportunity!”

“If we run into another female divine Emperor who looks down on us like the great sun divine Emperor, I can control her in a minute and send her to your bed!”

“Then I’ll have to thank you in advance! Hahaha!” Selfless act was extremely excited.

Suddenly, anathol’s expression changed and he exclaimed, “I found an independent space! It should be the ruins of the ancient Sacred Emperor!”

Red Envelope Group of the Three Realms

Chapter 4424: Suddenly stopped!

4424 Suddenly stopped!

The special ability of the No saint tribe was spatial silence.

As long as the space wall’s level was lower than the user’s ability level, it could be seen through.

At this moment, the anathor s journey had seen through a spatial wall and locked onto an ancient ruin hidden in the independent space.

Moreover, from the look of surprise on anathor s face, he could tell that the level of this ruin was definitely not low.

“Then what are we waiting for? We’ll go check it out now! If I encounter a great opportunity, my strength might be able to increase greatly!”

Tiandao immediately became excited and said impatiently.

“No rush! Call that woman out and let her be the vanguard!”

the level of this ruin is very high, ” anatter Xing said warily. I might lose my trump card if I go in rashly.

“Alright!” Tiandao composed himself and immediately became vigilant, not daring to be the slightest bit careless.

Then, great sun Sacred Emperor was summoned.

At this moment, her body was still shining with a piercing white light, making it impossible for people to look at her directly, nor could they see her expression.

However, she had obviously restrained her aura by a lot. That kind of domineering aura that was not angry had been completely hidden. In order to survive, she could only obediently be a dog at the feet of the heavenly Dao.

The three of them rushed to the ruins at an extremely fast speed.

With the help of the spatial isolation ability, anatta star quickly found the entrance to the ruins.

However, before he could enter, great sun Sacred Emperor screamed in fear, “My God ... This ... This aura! Could this be the legendary ruins of Saint Emperor Mo Sha?”

“Mo Sha Saint Emperor? Who is that?” Tiandao and another immediately felt very puzzled.

It was their first time entering the sacred ancestor ancient battlefield, so they knew almost nothing about the experts here.

However, from the great sun Sacred Emperor’s reaction, he could tell that the legendary Mo Sha Sacred Emperor must be extremely powerful.

“He was a peak Saint Emperor who was ranked in the top ten of the ancient battle Supreme ranking list a hundred million years ago! His strength is extremely terrifying, but he hasn’t appeared for hundreds of millions of years. It’s rumored that he’s already dead!”

Great sun Sacred Emperor said in a deep voice, “ why don’t we stay here? at the peak of Sacred Emperor Mo Sha’s power, he could fight three opponents of the same level. We’re not worthy of his inheritance! If we can’t pass the test, we’ll probably be dead!”

As soon as he said that, the expression on Anatta Star’s face turned serious.

His eyes were filled with fear.

“You’ll be the one to die!”

Heaven Dao squinted and looked at great sun Sacred Emperor coldly, “ “As a loyal dog, your life belongs to me! Now, I order you to enter the ruins and check the situation!”

It had to be said that the will of the heavenly Dao was very firm, and it wanted to become stronger at all costs.

He didn’t have any compassion for women, and he didn’t even have any bad hobbies. He only wanted to become stronger.

To some extent, the heavenly axiom and Chen Xiaobei were very similar.

In the face of danger, their first thought was not to retreat, but to face the danger and resolve it.

That was because the greater the danger, the greater the opportunity.

The more great sun Sacred Emperor and Anatta Star were scared, the more excited the heavenly Dao was.

“As ... As you wish ...”

The great sun Sacred Emperor’s life was in the hands of the heavenly Dao. She had no choice but to obey and enter the ruins.

If she went in to check, she might still have a chance of survival. However, if she went against the will of the heavenly Dao, she would be killed immediately.

“There’s no need to take this risk ...”

Anatta Xing frowned and said, “ “My silent space ability can only see through the outermost space wall. I can’t see the exact situation inside. What if something terrifying is drawn out from inside? You and I are also in trouble ...”

Tiandao's mind was made up, and he solemnly said, " then prepare your strongest trump card. Once we encounter danger, I will fight with you!

I ... the selfless act seemed to hesitate.

On one hand, his strongest trump card might not be foolproof.

On the other hand, he was also reluctant to use his strongest trump card. Once he used it, he would lose his most important bargaining chip.

"Stop hesitating!"

Tiandao reminded him sternly,"we didn't enter the sacred ancestor ancient battlefield to enjoy the scenery and pick flowers!" Without sufficient strength, even if we obtain the one word Holy extermination curse, we might not be able to leave this place alive!"

When selfless act heard this, he could not help but gasp, " you're right ... We don't just need to obtain the one word Saint destroyer curse. We also need to find a way to leave this place. Therefore, we must seize every opportunity to become stronger!

It was obvious that Tiandao and anathol were not ordinary people. Their talent and mental state were far stronger than ordinary people.

Although they would be wavering for a while, as long as they calmed down and thought about it, they would immediately have a clear goal, ignite their fighting spirit, and fight with all their might for the ultimate goal.

"Whoosh ..."

After that, the selfless sect activated the space silence special ability and peeked into the independent space.

The great sun Sacred Emperor was the first to enter.

The anatta hesitation could only see through the outer space wall, so great sun Sacred Emperor would have to draw out whatever dangers there were.

As soon as the danger was exposed, the selfless act would be able to immediately observe it.

After that, he would carefully evaluate whether he should go in and what methods he should use to resolve the danger.

As the saying goes, know yourself and know your enemy, and you will win every battle.

"Shua shua ... Shua shua ..."

At the same time, Tian Dao gathered the millions of great sun sect's lackeys scattered around.

If it was necessary, the heavenly Dao would sacrifice all the Saint souls to create the strongest warrior.

This was exactly as Chen Xiaobei had predicted. At this stage, these millions of lackeys were the Heaven's Will's most powerful trump card. If they were all sacrificed, they could probably create a peak pseudo-realm divine Emperor.

Coupled with the other trump cards of the heavenly Dao, it was absolutely powerful.

.....

On the other side.

Chen Xiaobei and the dark sky Qilin were flying east at top speed.

On the way, they passed through the territories of several powerful divine emperors.

Of course, the dark sky Qilin had been hiding all this time and had never been discovered by anyone, so it had not caused any trouble along the way.

On the other hand, if the dark sky Qilin's body was exposed, it would attract countless experts who wanted to capture it. After all, the level of its bloodline was too high, and even the divine ancestor might covet it.

He definitely wouldn't dare to expose it.

However, the dark sky Qilin suddenly stopped flying and looked down at the ground with bright eyes.

"What's wrong?" Chen Xiaobei asked.

[Red Envelope Group of the Three Realms](#)

Chapter 4425: Demon Claw!

4425 Demon Claw!

"Do you see the valley below?"

"This is where I found the nine-colored Saint origin ginseng!" The dark sky Qilin said in a deep voice.

"This place?"

Chen Xiaobei was taken aback, and he immediately looked down at the valley.

"Yup,"

I followed the herb scent into the valley," the dark sky Qilin said. after I found the nine-colored Saint origin ginseng, I came up with the idea of using this Saint herb as bait. Then, I went to the most complicated place, the guigu sect, and started my fishing journey!

It was obvious that it was not easy for the dark sky Qilin to have such strength.

The nine-colored Saint origin ginseng had played a very important role in its entire life. It could even be said to be one of the most important things in its life.

The dark heavenly Kirin was filled with emotion as he recalled the time when he used the nine-colored Saint origin ginseng to fish and then slowly became stronger.

"Don't you have that treasure hunting compass?"

"Why don't I use my power to see if there are any other treasures nearby?" the dark heavenly Qilin asked. If I can find another nine-colored Saint origin ginseng, I'll be rich!"

“That makes sense!”

Chen Xiaobei quickly took out the ancient bronze treasure-hunting compass.

With the level 8 word birth curse and his Saint Origin Energy, he directly rose to the level of an eight star divine Emperor and activated the compass.

“Whoosh ...”

Soon, many light spots appeared on the compass.

Of course, the spots of light in all directions were resources with owners. If he went there rashly, he would definitely start a war.

It could even attract the attention of all paragons in this area.

Chen Xiaobei did not want to cause any more trouble since he had finally managed to stay out of trouble.

Therefore, Chen Xiaobei ignored all the light spots around him.

Thus, there was only one light spot left on the entire Holy compass.

Coincidentally, the spot of light was in the valley below.

“Go! Let’s go down and take a look!”

It was strange to say that this Valley was very large, and the vegetation was very lush, and the land was quite fertile.

However, the strange thing was that there was no trace of Saint Origin Energy in the valley.

What was even more strange was that there were no living things in the valley. There were few people, not even small animals or insects.

“It feels like this place hasn’t changed at all from when I first came here ...”

The dark heavenly Qilin said in a deep voice.

maybe it’s because there’s no saint Qi in this area,” Chen Xiaobei said. that’s why no one is willing to come here. It’s the same as it was before.

“But, this is too similar ...”

“I feel like the plants here are still the same, and they haven’t grown much ...” The dark sky Qilin said in embarrassment.

that’s right! Chen Xiaobei nodded and said, “ maybe it has something to do with the Fortune hidden underground! We’ll know when we go down and take a look!”

It was obvious that this Canyon was filled with a special aura.

Therefore, the suspicious points raised by the dark sky Qilin were not surprising.

If nothing unexpected happened, the only way to find the answer was to find the opportunity hidden here.

“Swish!”

Chen Xiaobei took out his earth escape Holy gourd.

It had been a long time since he had used this magic treasure, but it could still be used at a critical moment.

Of course, its level was already too low.

He had to upgrade it.

“Shua shua shua ...”

Then, Chen Xiaobei took out a few of the heavenly materials and earthly treasures that he had obtained earlier. He then used the eighth-rank pan spell and a certain amount of Saint Qi to create a brand new magical treasure.

Earth escape holy armor!

Although there was only a difference of one word, the effect of this magic weapon had already produced a huge change.

The most direct change in his special ability was teleportation!

Within a radius of ten thousand miles, with the earth escape Holy Gu in hand, he could teleport to any location underground.

“Let’s go!”

Chen Xiaobei then used his saintly celestial energy to activate the power of the earthmeld divine armor and teleported the dark sky Qilin to the location indicated by the Holy compass.

what ... What is this?!

Chen Xiaobei and the dark sky Qilin were both stunned.

Within the bundle of soil and stone, there was a sharp, angular, and gloomy object.

It looked like a palm.

The bone spikes were sharp, the nails were as sharp as iron hooks, the skin was dark gray, and the bone armor was completely black.

More importantly, the broken palm was emitting an extremely terrifying aura.

“It’s ... It’s terrifying ...”

The dark heavenly Qilin’s mental state was already very strong, but it still couldn’t help but feel its heart beating faster and its breathing becoming more rapid. It even felt extremely uneasy, as if it was being stared at by an ancient sacred demon and could lose its life at any moment.

“This is interesting!”

Chen Xiaobei’s mental state was much stronger than the dark heavenly Qilin’s.

Not only was Chen Xiaobei not scared, he even thought of some interesting details.

“That old thief from Guigu said that the Holy ancestor’s extreme ginseng grew in the Holy ancestor’s burial ground!”

this is the place where a demonic palm was buried. A nine-colored divine origin ginseng grew out of it. After being baptized by the Saint jade dew, it was created into a new divine ancestor extreme ginseng!

“In other words, the Saint pan green jade dew isn’t created 100% randomly! Instead, it was based on the corpse factor contained in the nine-colored Saint origin ginseng to create the Holy ancestor extreme Dao ginseng!”

“What are you saying? I don’t understand a single thing ... the dark sky Qilin was dumbfounded.

Chen Xiaobei did not explain but continued to think, ” “Simply put, if you put two nine-colored Saint origin ginseng together and grow here, the one with the corpse element can be created as the Holy ancestor extreme ginseng! And the other one might be created into another species!”

what are you talking about ... the dark sky Qilin was confused.

“We’ve found a treasure!”

“This demonic claw is infinitely close to the level of a holy ancestor!” Chen Xiaobei said excitedly. It’s slightly inferior to the sacred ancestor’s body, but its value is comparable to a complete peak Saint Emperor’s body!”

how ... How is this possible?!

The dark heavenly Qilin was extremely surprised when it heard this.”Just a single hand is comparable to a complete peak Saint Emperor’s corpse? In that case, didn’t that mean that the owner of this hand was absolutely invincible below the divine ancestor? Maybe his bloodline level is even higher than mine!”

“Indeed!”

Chen Xiaobei nodded and kept the demonic claw. “If we can find a peak Saint Emperor level Saint vein right now, we can refine this demonic claw into trillions of Saint Emperor Mystic fats, allowing my cultivation to reach the peak of Saint Emperor!”

“It’s fine if you think about it, but it’s impossible to achieve ...”

The dark sky Qilin shook its head and said, ” “There are only a total of 13 peak Saint Emperor level Saint veins in the entire holy ancestor ancient battlefield, and they all have owners! If you want it, you’ll have to defeat peak Saint emperors!”

Boom ... Boom boom boom ...

Before the dark sky Qilin could finish its sentence, a terrifying change suddenly occurred in the space.

Red Envelope Group of the Three Realms

Chapter 4426: Seal?

4426 Seal?

Whoosh ... Whoosh ...

At the place where the demonic claw had been placed, a huge spatial Rift suddenly appeared.

It was like a vortex that was slowly spinning.

At the same time, an extremely terrifying aura was being emitted.

The aura at this moment was very similar to the demonic claw's aura, but it was even more terrifying than before.

"This is too terrifying ... Let's go ..."

The dark heavenly Qilin's mental state was even starting to falter, and its pupils contracted uncontrollably as it shivered uncontrollably. Cold sweat poured down its body like raindrops!

"Don't rush!"

Chen Xiaobei stared at the space vortex that had appeared in front of him.

this seems to be a space gate," he said in a deep voice. it might lead to some secret realm or ancient ruins, and there might be a huge opportunity hidden inside!

"Lucky chance?"

"I don't know if there will be any opportunities, but there will definitely be great danger!" The dark sky Qilin said with embarrassment.

"I want to go in and take a look!" the demonic claw was suppressing the space vortex just now. In other words, the opportunity inside might be related to the demonic claw! Chen Xiaobei said.

"So what?" The dark heavenly Qilin was extremely nervous and did not dare to enter.

what?" Chen Xiaobei said, "that demonic claw was comparable to the body of a peak divine Emperor! If you can find another demonic claw, I can help you reach peak Saint Emperor as well! Aren't you tempted?"

this ... the dark heavens Kirin's expression faltered slightly. He was indeed tempted.

However, it was still filled with fear and did not want to risk its life. If it died, everything would be meaningless.

Chen Xiaobei knew what the dark sky Qilin was thinking and said, "How about this, I'll take out that demonic claw and let you devour it. This way, your cultivation will soar greatly. Once you reach the nine Star divine Emperor level, you'll be invincible under the divine ancestor level. Naturally, there's nothing to be afraid of!"

"No..."

The dark sky Qilin shook its head and said, " I have to devour complete corpses to improve my cultivation. Just one demonic claw is missing a lot of things and can't improve my cultivation!

then there's no other way ... Chen Xiaobei thought for a moment and said, " if you're really afraid, you can stay outside. I'll go in and check it out myself. When I come out, I'll contact you with the communication runes!

this ... the dark heavenly Qilin hesitated.

It had a competitive personality and would not want to show weakness in front of Chen Xiaobei.

However, at this moment, its intuition and instincts told it that behind this black hole, there was a fatal danger. Once it entered, it would definitely die.

In the end, the dark sky Qilin chose to remain silent, tacitly agreeing to Chen Xiaobei's suggestion.

"Whoosh ..."

Chen Xiaobei did not waste any more time and stepped into the space vortex.

The dark sky Qilin remained outside, waiting for Chen Xiaobei to come out.

It did not dare to go in, but it did not mean that it would be sentenced to death.

.....

"Swish!"

After some teleportation, Chen Xiaobei arrived at a very special independent space.

This was a dark world of demons.

The sky was covered by dark clouds, and the ground under their feet seemed to have been burned by a fire. It was also pitch-black, and ruins and ashes were everywhere.

In the middle of this dark world of demons, there was a huge mountain.

The mountain peak was black in color.

A blood-red moon hung on the peak of the mountain, emitting a sinister and evil aura every second. The entire space seemed to be gloomy and somber, filled with the aura of death, like a hopeless hell.

Chen Xiaobei looked up and could immediately sense that the blood red moon's aura was the same as the demonic claw's.

could it be that this is an independent space created by that demon? "

Chen Xiaobei shook his head and said, " "Something's wrong! If this is a space created by a demon, why would it use its own palm to seal the entrance?"

After some thought, Chen Xiaobei changed his train of thought. "Could it be that this place is a seal? The evil demon was sealed here by someone, and his demonic claw is the eye of the seal?"

Obviously, Chen Xiaobei's second idea was more reasonable.

Then, he looked up at the blood-red moon in the sky.

“Could it be ... That the evil demon is sealed on the blood red moon?” Chen Xiaobei’s eyes narrowed, and he became alert.

The blood red moon’s aura was the same as the demon Claw’s.

This was enough to show that Chen Xiaobei’s guess was right.

if this is really a seal, then I’d better leave as soon as possible. If I accidentally release the evil demon, it’ll really be harmful to both myself and others. The gains do not make up for the losses ...

Chen Xiaobei was very alert, but he was very calm.

However ...

When Chen Xiaobei turned around, the space vortex that he came from had already disappeared.

This meant that there was no turning back for Chen Xiaobei.

“This is going to be troublesome ...”

if this is really a seal, I might already be trapped inside. I have to break the seal to get out. Does that mean I have to release the demon? ” Chen Xiaobei said.

Chen Xiaobei could not help but worry.

“Spatial omniscience! Future omniscient!”

Chen Xiaobei immediately activated the omniscient divine Emperor’s ability, and the omniscient chaotic eyes appeared.

Chen Xiaobei did a full view of the entire space and the situation of the next day.

However!

What Chen Xiaobei did not expect was that the space law of this dark space was higher than the level of space omniscience, which was Nine Star divine Emperor.

This way, Chen Xiaobei would not be able to spy on the situation in the realm.

At the same time, the time law of this dark space was also above the level of a Nine Star divine Emperor.

Therefore, Chen Xiaobei had no way of seeing the past and future of this space.

“This is going to be troublesome ...”

Chen Xiaobei frowned. there’s no way out, and we can’t find the exit. More importantly, we can’t predict the danger. This place is indeed a place of death! It was the right choice for old hei not to come in!”

“Shua shua shua ...”

At the same time, Chen Xiaobei saw a dark mass of things flying towards the mountain peak.

From a distance, the Black Mass was like a dark cloud, covering the sky and earth.

However, after a closer look, Chen Xiaobei was surprised to find that there were tens or even millions of Holy Emperor-level powerhouses flying at high speed.

“Whoosh ...”

Chen Xiaobei turned into the purple Qi Dharmakaya and charged in that direction.

As they got closer, Chen Xiaobei was shocked by what he saw.

[Red Envelope Group of the Three Realms](#)

Chapter 4427: Greedy!

4427 Greedy!

As he got closer, Chen Xiaobei did not expect that the eyes of the millions of people were emitting a blinding white light that was similar to the sun.

This was the characteristic of taking the great sun heart seizing pill.

In other words, these one million Saint emperors were the great sun Saint Emperor’s lackeys.

To Chen Xiaobei’s surprise, Tiandao and anathokit were leading the Army.

Even the great sun Sacred Emperor followed behind them.

“No way ... I really guessed it! The great sun Saint Emperor is being controlled by the heavenly Dao!”

Chen Xiaobei was shocked. He did not think that he would bump into Tian Dao’s group when he entered a spatial Rift.

Most importantly, Chen Xiaobei’s guess was right.

Obtaining the million Saint emperors was equivalent to obtaining an extremely powerful trump card.

The Xuanyuan Saint-exterminating formation was activated and a million Saint souls were sacrificed.

With great sun Sacred Emperor as the core, it could probably create an extremely powerful peak pseudo realm Sacred Emperor.

He wasn’t invincible below the divine ancestor realm, but he could definitely crush ordinary peak divine emperors.

An absolute trump card.

“How did they get in? Could it be that this seal has more than one entrance?”

Chen Xiaobei kept a safe distance and followed behind the group, trying to see what they were up to.

On the other side.

The heavenly Dao brought a large force and directly surrounded the blood-red moon.

“This is the” demonic Blood Moon great curse “you were talking about?”

Tiandao squinted his eyes and carefully observed the huge Blood Moon.

“That’s right! It’s this one!”

Great sun Sacred Emperor was so excited that he was shaking.

this is Saint Emperor Mo Sha’s unique secret technique. It uses a large amount of Saint Qi to form a blood-colored moon. It’s like a silkworm spinning a cocoon. Being inside it can increase one’s cultivation. Once you break out of the cocoon, you’ll be able to break through to the next realm!

Everyone, including Chen Xiaobei, was shocked.

“According to what you said, the bottleneck of the major realm can be directly ignored?” As long as I break out of the cocoon, I’ll be able to break through?”

“That’s right!”

Great sun Sacred Emperor nodded heavily and said, “to Mo Sha Sacred Emperor, the bottleneck of the next realm doesn’t exist at all!” However, the higher your cultivation, the longer you’ll sleep in the blood Moon, and you can’t be interrupted midway, or all your previous efforts will be in vain.”

Upon hearing this, Tiandao narrowed his eyes and calculated, “You said before that Saint Emperor Mo Sha is already a peak Saint Emperor, which means that once he breaks out of the cocoon, he’ll be able to reach the level of a Saint ancestor!”

“That’s right!”

Great sun Sacred Emperor nodded and said coldly, “However, we can interrupt his cultivation now! He was unable to break through to the next major realm! As long as you can defeat him, you will be able to control him and even take this Nine Star divine Emperor level energy!”

“That makes sense!” it’s good! selfless travel was immediately excited. this trip was not in vain!

Before, great sun Sacred Emperor was sent in to Scout, so the heaven Dao and selfless sect might not have wanted to come in.

It was because of the huge benefits that they had brought a large group in.

At this moment, seeing the benefits in front of him, selfless act was naturally excited.

At the same time, Chen Xiaobei started to get nervous.

If the heavenly Dao really did what great sun Sacred Emperor did, he would have another trump card.

Although Chen Xiaobei was not sure how strong Holy Emperor Mo Sha was.

However, from the aura of that demonic claw, it could be seen that the level of Mo Sha Saint Emperor’s bloodline was even higher than the dark Heaven Qilin.

In other words, even if the dark sky Qilin reached the peak of the Saint Emperor realm, it still wouldn’t be a match for Saint Emperor Mo Sha.

If the wielder of the will had really taken control of Holy Emperor Mo Sha, Chen Xiaobei would have to reach the divine ancestor level to defeat the wielder of the will.

There was no need to say how difficult that would be.

It was almost impossible to achieve in a short period of time.

At the same time, other than controlling Saint Emperor Mo Sha, the Blood Moon itself was a portion of Nine Star Saint Emperor's power. When it fell into the hands of Tian Dao, it could allow him to use even more powerful trump cards.

It could simply be said that there would be endless trouble.

"I have to find a way to stop them! Otherwise, not only will I not be able to kill the heavenly Dao, but my life will also be threatened by the heavenly Dao!"

Chen Xiaobei's eyes narrowed as he started to plan.

He wanted to come up with a way to stop the heavenly Dao.

However, at this moment, the heavenly Dao had millions of great sun sect's lackeys in its hands, which meant that it had absolute crushing power.

In this situation, the effect of wisdom was actually very minimal.

Chen Xiaobei could not think of a way out of this situation.

If the heavenly axiom took action immediately, Chen Xiaobei would not be able to stop it in time.

However, the heavenly Dao was greedy by nature and was not satisfied with the current situation. It wanted more.

"Swish!"

Tiandao took out a sunlight treasure box. It was a five star divine Emperor.

Then, the heavenly Dao asked great sun Sacred Emperor and his millions of lackeys to contribute all their energy and resources.

Just like that, the heavenly Dao obtained an energy equivalent to an eight star divine Emperor.

There was also a mountain of resources that was comparable to a giant treasure vault.

"What are you doing?"

Anatta star looked at Tiandao in surprise.

"I want to improve the level of the sacred soul great world! From there, I can increase the rank of my Saint Soul special ability!"

As Tian Dao spoke, he asked the lackeys of the great sun sect to take turns to activate the five star divine Emperor sunlight treasure box.

In the sunlight domain, Tiandao began to absorb energy rapidly. At the same time, he took out a white mystical flame and refined the mountain-like resources into spiritual aura.

As he absorbed the energy, he also absorbed the spiritual aura of heaven and earth into the Saint Soul realm.

“What the f * ck! How can the heavenly Dao know everything?”

Chen Xiaobei was stunned.

He felt as if the heavenly Dao knew everything that he knew.

Sunlight cache, heaven and earth spiritual aura, chaos devour ... Not only did the heavenly Dao know these, it was even more powerful than Chen Xiaobei.

“What’s the use of increasing the level of your Sacred Spirit world now?”

Wuwo Xing frowned and said unhappily, “ I should have half of these resources. Why did you use them all? ”

“Don’t be so calculative. I’ll be able to return this to you with interest sooner or later!”

While Tiandao was absorbing the energy and the spiritual aura of heaven and earth, he said in a deep voice, “ Sacred Emperor Mo Sha is trying to break through to the sacred ancestor realm! It’s clear that this Blood Moon was originally a holy ancestor level energy!”

at this moment, the Blood Moon is only equivalent to a portion of Nine Star divine Emperor’s energy. This means that Saint Emperor Mo Sha is only one step away from success!

“As long as I can improve my divine soul’s special ability to the point where I can control the divine ancestor! We wouldn’t have to interrupt Saint Emperor Mo Sha’s cultivation! When he breaks out of his cocoon, I’ll have a holy ancestor-level Lackey!”

As soon as he said that, everyone was shocked!

[Red Envelope Group of the Three Realms](#)

Chapter 4428: The situation has worsened!

4428 The situation has worsened!

A sacred ancestor level loyal dog! There was no need to say how powerful this was!

In an instant, Tiandao’s simple words were like a bomb, causing an immense shock to everyone’s hearts.

Anatta star and great sun Saint Emperor were both dumbfounded. When they looked at the heavenly Dao, their eyes narrowed as if they had seen a ghost.

The millions of lackeys around them were as quiet as cicadas in winter. Waves of gasps erupted in the crowd.

Compared to the divine ancestor, all of them added together were just a speck of dust.

The divine ancestor could destroy all of them with a snap of his fingers or a thought. It was no wonder that they were so shocked.

Of course, the one who was the most shocked was Chen Xiaobei.

“The heavenly Dao is truly my old enemy! To think that he could think of such a method! Most importantly, he still had the ability to realize this method! It’s too terrifying!”

Chen Xiaobei’s brows were tightly knitted together, and he looked very anxious. once the heavenly Dao succeeds, I’ll be doomed. I won’t be able to defeat him in a short time. I might even be killed by him!

Chen Xiaobei was only a peak Seven Star divine Emperor. Even after using all his trump cards, he could only fight against those below Nine Star divine Emperor.

Once he went up against the divine ancestor, Chen Xiaobei would have no chance of turning the tables. He would be trampled by the heavenly Dao.

Just thinking about it made one feel endless despair.

“I have to find a way to stop him!”

Chen Xiaobei’s eyes narrowed and he began to rack his brain even harder, desperately trying to come up with a way to break out of this situation.

It was definitely impossible to fight them head-on.

The heavenly Dao and the selfless path both had powerful trump cards, not to mention the great sun Saint Emperor and his millions of lackeys.

Chen Xiaobei would not be able to defeat them.

If he couldn’t win with force, then he could only use his wits. Moreover, he could only think of a way from Saint Emperor Mo Sha.

the demonic palm I obtained earlier had the same aura as bloody. Therefore, that demonic palm is very likely to be one of Saint Emperor Mo Sha’s hands!

it’s impossible for Holy Emperor Mo Sha to cut off his own hand. This means that this independent space is indeed a seal!

“There was an even more powerful person who cut off Saint Emperor Mo Sha’s hand and sealed him here! In other words, Saint Emperor Mo Sha’s freedom has already been restricted!”

“In that case, there are two possibilities. The first is that after Saint Emperor Mo Sha broke through to the Saint ancestor realm, his freedom is still restricted! If that’s the case, then I don’t need to worry about it!”

“If that expert is really attracted here, will there be a situation where the third party benefits from the struggle between the Sandpiper and clam?”

Chen Xiaobei’s expression turned even more serious.

Although it was possible for the Sandpiper and clam to fight, the true fisherman could also be the heavenly Dao.

If Mo Sha divine Emperor and the person were both injured, Tian Dao would be able to obtain two sacred ancestor level loyal dogs at once. They would be super invincible and could even sweep across the sacred ancestor ancient battlefield.

That was because, according to the current information, only the top three people in the sacred ancestor ancient battlefield had reached the sacred ancestor realm.

However, Tiandao had two sacred ancestor-level loyal dogs, so he could do whatever he wanted in the sacred ancestor ancient battlefield.

“I can’t let that happen!”

Chen Xiaobei’s sense of danger increased exponentially.

“Now, let’s not talk about breaking the situation! My main mission is to stop Sacred Emperor Mo Sha from breaking through to the divine ancestor realm! As long as he could not break through, he would not be able to break the seal, and the heavenly Dao would not obtain a sacred ancestor level loyal dog! It wouldn’t have caused a chain reaction that would lead to a fight between the Sandpiper and clam!”

Chen Xiaobei did not hesitate any longer.

“Whoosh ...”

Chen Xiaobei then used traceless Snowsteps to hide himself completely.

Then, it quickly flew towards the blood-red moon.

At this moment, all the enemies’ attention was focused on Tiandao, so they did not notice that a small fluctuation had appeared on the blood-red moon.

The small ripple was caused by Chen Xiaobei’s infiltration.

This huge blood-red moon was formed by a ball of Saint Origin Energy.

The moment Chen Xiaobei entered, he could feel the rapid flow of his saintly celestial energy. It was as if he was in a turbulent River, and he could not even stabilize his body.

Just from this small detail, one could see how terrifying the enemy was.

Chen Xiaobei’s current strength was enough to fight against anyone below a Nine Star divine Emperor.

But now, Chen Xiaobei was like a leaf in the midst of Holy Emperor Mo Sha’s cultivation, swaying in the wind and rain, unable to steady himself.

If Holy Emperor Mo Sha were to launch a powerful attack, Chen Xiaobei would be completely annihilated in an instant.

“Swish!”

Chen Xiaobei continued to approach the center of the blood-red moon.

Finally, Chen Xiaobei saw Holy Emperor Mo Sha's real body.

Everything was just as Chen Xiaobei had expected.

At this moment, Saint Emperor Mo Sha revealed his demon form.

Its entire body was covered in bone spikes, and its skin was as hard as desolate black iron.

It had a pair of blade-like wings on its back, and its tail was like a chain wrapped in thorns. It was probably dozens of meters long.

His right palm was nowhere to be seen. It was obvious that it had been cut off.

His eyes were tightly shut as if he was in a deep sleep.

Obviously, he did not notice Chen Xiaobei's presence.

Of course, this was all thanks to Chen Xiaobei's traceless snow steps. As long as Chen Xiaobei did not attack, no one below the divine Emperor level would be able to detect his presence.

Whoosh ... Whoosh ... Whoosh ...

At the same time, there were three talismans that looked like ice crystals and snow ghosts around Saint Emperor Mo Sha.

These three talismans exuded an extremely pure Aura of the great path of ice and snow.

Just this aura alone made one feel as if they were in an endless snowfield, as if time and space had been frozen.

Pure white Saint light radiated from the three ice crystal Talismans, forming an inescapable net that enveloped Saint Emperor Mo Sha.

It was obvious that this was the seal that trapped Saint Emperor Mo Sha.

from the Holy Light and energy fluctuations, these three talismans are all infinitely close to the level of Holy ancestors.

Chen Xiaobei furrowed his brows and thought for a while. Then, he changed his mind, "No! These three talismans should be at the Holy ancestor level!"

[Red Envelope Group of the Three Realms](#)

Chapter 4429: bet!

"Saint Emperor Mo Sha's bloodline is extremely powerful. Even the dark sky Qilin is no match for him at the same level! In other words, no one below the divine ancestor can seal him!"

these three talismans were originally at the level of a holy ancestor. However, it's been too long, and some of the energy has dissipated. This caused the sealing power to fall below the level of a holy ancestor. It's infinitely close to the level of a holy ancestor.

it's also because the seal's power has decreased that Saint Emperor Mo Sha has gained some mobility and can cultivate in the seal!

“This is exactly what I planned!” Chen Xiaobei said. Once Mo Sha Saint Emperor successfully cultivates it, he’ll have the ability to break the seal and possibly attract the divine ancestor who sealed him back then!”

“From these three talismans, I can tell that the person who sealed it should be at the one star divine ancestor realm. That’s why the talisman’s sealing power has fallen below the level of a holy ancestor.”

“After so many years, the cultivation of the person who sealed it might increase, but he definitely won’t be able to break through the next realm! In other words, if the sealed person is lured over, he might not be able to defeat Saint Emperor Mo Sha!”

“This is what I’m most worried about! When the Sandpiper and clam fight, the heavenly Dao will benefit!”

Chen Xiaobei’s brows were tightly knitted together, and he looked extremely worried.

The situation was still not in Chen Xiaobei’s favor.

More importantly, Chen Xiaobei had not come up with a way to solve this problem.

“Even though I can stop Saint Emperor Mo Sha from breaking through to the next realm and temporarily alleviate the danger, how can I stop him?”

“According to what they just said, if we interrupt Holy Emperor Mo Sha’s cultivation, all his efforts will be in vain!” However, how am I supposed to escape after I interrupt him?”

At the moment, Chen Xiaobei was using traceless snow to hide himself. Once he attacked, he would be exposed.

The heavenly axiom and its millions of lackeys could crush Chen Xiaobei without a doubt.

More importantly, once the heavenly axiom was alerted, he could use his black hole special ability. By then, even if Chen Xiaobei wanted to hide again, he would not be able to escape from the heavenly axiom’s eyes.

This meant that if Chen Xiaobei interrupted Holy Emperor Mo Sha, he would not be able to escape alive.

From this, it could be seen that there was absolutely no way out.

“It’s time to take a gamble!”

Chen Xiaobei quickly took out the Saint devouring axe.

“Formless chaos devour!”

Chen Xiaobei activated his Saint soul’s ability and was ready to devour the Saint devouring axe.

As Chen Xiaobei’s cultivation continued to increase, the combat power of the Saint devouring Dao axe was lower than his own combat power.

Therefore, Chen Xiaobei had considered devouring the axe a long time ago.

However, Chen Xiaobei did not consume the axe immediately. Instead, he decided to wait until he was in a dead end before he consumed it. That would create some new variables.

The current situation was clearly a dead end.

If there were no major changes, Chen Xiaobei would be dead anyway. He would not have a chance to make a comeback.

“Whoosh ...”

Then, with the help of the rank eight Yuan word curse, his Saint soul’s special ability reached the level of an eight star divine Emperor.

Because Chen Xiaobei had already upgraded the Saint devouring axe to eight-star divine Emperor, he would not be able to digest it if he did not have the level 8 Yuan spell.

“Swish!”

Now that his special ability was at the right level, the Saint devouring axe was devoured by Chen Xiaobei and digested at an extremely fast speed.

Then, special changes started to appear.

Firstly, Chen Xiaobei had inherited the special ability of the Saint pan space. He could open or close the space with a snap of his fingers, and the seal inside the space was still in effect.

In other words, Chen Xiaobei could create a seal with a snap of his fingers.

Moreover, the level of the seal was directly proportional to Chen Xiaobei’s strength. Compared to the original seal, the effect of the seal was huge.

Secondly, Chen Xiaobei had inherited Saint Pan’s devour ability.

In comparison, there was a limit to the formless chaos’s devouring, and that was that it could not devour living things! For example, Saint beasts and living humans could not be devoured.

However, Saint Pan’s devouring had no restrictions and could devour anything.

The last and most important point was that Chen Xiaobei had merged the true spirit of the Saint pan axe into his own Saint Soul.

One had to know that the Saint pan axe was the weapon of the Saint pan clan’s Supreme divine ancestor.

Even though Chen Xiaobei had only obtained a trace of true spirit, it was still a very important thing.

The most obvious change was that Chen Xiaobei’s combat power had been boosted.

Under normal circumstances, the true spirit of the Saint pan axe would allow Chen Xiaobei to unleash a power one small realm higher than his own.

Of course, this was not the main point.

The most miraculous scene gradually appeared next.

“Whoosh ...”

After the true spirit of the Saint pan axe merged with Chen Xiaobei’s Saint Soul, it triggered the chaos mark.

The chaos mark formed by the five Saint lotuses began to change in essence under the influence of the true spirit of the axe.

The five Saint lotuses combined into one, forming an 81-grade green-gold Saint Lotus.

“This ... This ...”

this ... Chen Xiaobei was shocked. is this the legendary chaos Green Lotus? ”

Back in Pangu world, Chen Xiaobei already knew that the chaos Green Lotus had given birth to Pangu and helped him to cultivate in the otherworldly Saint realm from the heavenly Dao world.

After Pangu’s cultivation had reached its peak, he had returned to the heavenly Dao world through the chaos Green Lotus.

Then, Pangu split the world and shattered the Jade plate of fate, completely destroying the world.

In the end, Pangu sacrificed himself and created the great world, completely isolating it from the great Dao of heaven. Finally, all living beings in the world were no longer under the direct control of the great Dao of heaven.

Although the way of heaven was still in control of the situation through Hongjun, at least the living beings in the world had a chance of survival.

Chen Xiaobei had seized this chance to kill Hongjun and become the nemesis of the heavenly axiom. He was now the hope for the revival of the Saint pan tribe!

The five divine lotuses in Chen Xiaobei’s chaos mark were slowly turning into 81-grade chaos green lotuses.

This meant that Chen Xiaobei’s original true spirit was closer to Pangu’s.

Of course, Chen Xiaobei’s strength and Foundation had already far surpassed Pangu’s. If he could get the help of the chaos Green Lotus, Chen Xiaobei would be able to achieve even more.

“Swish!”

As the chaos Green Lotus fully bloomed, a translucent Halo appeared in the center of the Lotus.

“Could it be that something is about to appear?”

Oh? ” Chen Xiaobei hesitated. or perhaps, you want me to put something inside? ”

[Red Envelope Group of the Three Realms](#)

Chapter 4430: method!

In the center of the chaos Green Lotus, the Halo looked like a groove, but also like a tray where the Halo was condensed.

At first, Chen Xiaobei thought that something would be produced inside.

But after careful observation, Chen Xiaobei felt that it was probably for him to put something in.

“First of all, this change was caused by the true spirit of the axe. Therefore, it should be related to weapons! Secondly, Pangu must have experienced the same process, and his weapon was the Pangu axe!”

Chen Xiaobei’s eyes narrowed as he made a decision.

“Swish!”

Chen Xiaobei took out the chaos Blood Sword.

Then, he took out the 81st-grade chaos Green Lotus.

He placed the chaos Blood Sword in the Halo at the center of the Lotus.

“Whoosh ...”

In the next moment, a violent energy fluctuation suddenly burst out.

This meant that the chaos Green Lotus and the chaos Blood Sword resonated with each other.

“I understand!”

that’s right! Chen Xiaobei said. when the chaos mark and the true spirit of the axe combine, it will activate the creation ability of the Saint pan clan and create a new weapon for the reincarnators!

Obviously, Pangu’s strongest trump card was the Pangu axe!

This weapon could break the Jade plate of fate, break all the natural laws in the world of the great Dao of heaven, and even force the great Dao of heaven back, buying time for Pangu to create a new world.

It was evident how powerful the Pangu axe was.

In the beginning, Pangu didn’t have the Pangu axe. He had only obtained it later.

What Chen Xiaobei was experiencing right now was the exact same thing that Pangu had experienced when he first obtained the Pangu ax.

In other words, the chaos Blood Sword was about to merge with the Mark of Chaos and the true spirit of the Saint pan axe, and with the help of the Saint pan clan’s ability of creation, it would evolve into a brand new weapon.

“Whoosh ...”

After waiting for a while, Chen Xiaobei realized that there was no progress.

does it mean that I have to invest resources and energy in order to create a brand-new weapon? ”

Chen Xiaobei was very confused.

However, there was no time to think about it.

The heavenly Dao could complete the upgrade of the sacred soul great world at any time.

Once the heavenly Dao entered the blood-red moon and took control of Holy Emperor Mo Sha, all of Chen Xiaobei's plans and efforts would be in vain.

"Swish!"

With a wave of his hand, Chen Xiaobei opened up the chaos Space and sent the chaos Green Lotus into it.

Then, Chen Xiaobei turned to look at Holy Emperor Mo Sha.

I have an idea now, but I don't know what will happen if I use it ...

Originally, Chen Xiaobei had no way to break out of this situation.

After devouring the Saint devouring axe, Chen Xiaobei had found a way to break out of this situation.

Devouring living things!

That's right!

Chen Xiaobei was planning to devour Holy Emperor Mo Sha!

The biggest hidden danger in this entire matter was Saint Emperor Mo Sha. As long as he disappeared, Tian Dao's plan would be completely destroyed.

However, this method was very risky for Chen Xiaobei.

This was because Chen Xiaobei's special ability was below Nine Star divine Emperor level. If he were to forcefully consume it, he might not be able to digest it.

Chen Xiaobei was not sure if there would be any adverse effects.

However, there was no time or room for Chen Xiaobei to think of other solutions. If he could not get rid of the trouble as soon as possible, after a series of chain reactions, the heavenly axiom might become the biggest winner and even dominate the Holy ancestor ancient battlefield.

This was something that Chen Xiaobei did not want to see.

Saint Pan's chaos devour!

Chen Xiaobei activated his special ability.

The next moment, a green holy light burst out, forming a strange giant beast Dharma.

It was originally a chaos Dharma.

At this moment, on the basis of the chaos laksana, there were many more features, just like the kun Peng.

Even Chen Xiaobei did not know what kind of Ultra Beast it was.

Of course, this was also in line with the creation ability of the Saint pan clan.

After devouring the Saint devouring axe, the formless chaotic celestial body might have been created into a new cultivation technique, and the Dharma laksana driven by the cultivation technique might have been created into a new species of Saint Beast.

“Swish!”

In the next moment, the weird Saint Beast swallowed Saint Emperor Mo Sha.

“Uh ...”

Just as Chen Xiaobei had expected, his Saint Soul felt an unprecedented pressure the moment he finished devouring.

It was like a small pond, bearing the pressure of the vast ocean, and could collapse at any time.

As his Saint Soul was being suppressed, the mental pain began to torture Chen Xiaobei.

Luckily, Chen Xiaobei’s mental state was strong enough.

If it was an ordinary person, their spirit and state of mind would probably collapse before their Saint Soul did.

In fact, under normal circumstances, Chen Xiaobei would not have been able to withstand it, just like any other ordinary person.

After all, Chen Xiaobei’s abilities, divine soul, physical soul, and mental power were all below that of a Nine Star divine Emperor.

Mo Sha Saint Emperor was a peak Saint Emperor and was one of the best peak Saint emperors.

By right, even if Chen Xiaobei’s mind could withstand it, his Saint Soul and physical body would not be able to.

It was possible that within ten seconds of devouring, his body and Saint Soul would explode and he would die on the spot.

“Whoosh ...”

However, Chen Xiaobei was very, very lucky.

At the same time he devoured Mo Sha Saint Emperor, he also devoured the three ice crystal Talismans.

The three ice crystal runes were infinitely close to the level of a sacred ancestor. They were even more overbearing than Mo Sha Sacred Emperor himself.

In other words, if Chen Xiaobei had devoured Holy Emperor Mo Sha or the three ice crystal Talismans, he would have exploded and died.

However, at this moment!

Mo Sha Saint Emperor and the ice crystal rune were like fire and water. They fought against each other and canceled out a large part of each other’s power.

It was like a delicate balance had been formed in Chen Xiaobei’s body.

As long as this balance was not broken, Chen Xiaobei would not be in danger of exploding. However, he would have to suffer a lot of mental pain.

“If I increase the level of my power, the pain should be less ...”

Chen Xiaobei frowned as he scanned the surrounding Saint Qi.

This huge blood-red moon was equivalent to an early 9-star Saint Emperor’s energy.

If Chen Xiaobei used it to cultivate, he would be able to upgrade the life word incantation to level nine.

By then, Chen Xiaobei’s Saint origin power, mental power, physical strength, and physical strength would all reach the level of a Nine Star divine Emperor. The pressure would be reduced, and so would the pain.

“Whoosh ...”

At the same time, Tian Dao had finished his cultivation.

After using up all the energy and resources of the great sun Sacred Emperor and his millions of lackeys, the heaven Dao successfully upgraded the level of the Saint Soul world.

Then, Tiandao turned to look at the blood-red moon!
