Chapter 4431: disappeared!

Chen Xiaobei's true form was exposed as he activated his special ability.

However, the heavenly axiom could only sense that there was a person in the middle of the Crimson Moon. It did not know that it was Chen Xiaobei.

After all, the heavenly axiom's cultivation was too low to sense Chen Xiaobei's cultivation.

Without being able to see Chen Xiaobei, the heavenly axiom mistook him for the sealed Holy Emperor Mo Sha.

"I can let Saint Emperor Mo Sha cultivate faster now!"

Tian Dao raised his eyebrows and immediately activated his five star Saint Emperor sunlight treasure box, using the sunlight domain to cover the center of the Crimson Moon.

According to the heavenly Dao, it was to speed up Mo Sha Saint Emperor's cultivation.

When the red moon shrank to a certain range and Saint Emperor Mo Sha was about to succeed, the heavenly Dao would approach and control Saint Emperor Mo Sha.

This way, as soon as Mo Sha Saint Emperor finished cultivating, he would immediately become a dog of the heavenly Dao.

"Whoosh ..."

At the same time, Chen Xiaobei could feel the sunlight territory enveloping him. He could not help but smile coldly.

"Since the old thief heavenly Dao is giving me an assist, I won't be polite!"

Chen Xiaobei began to absorb the energy around him and cast the one word Saint destroyer curse to increase the level of the life word curse.

Originally, Chen Xiaobei wanted to use his sundam disc treasure box to speed up his cultivation.

Now, with the help of the heavenly axiom, Chen Xiaobei did not only save time and effort, but he also did not have to burn his lifespan.

In fact, the sunlight cache wasn't a rare treasure in the heavenly Saint realm.

As long as one was an ordinary refiner, they would know how to make this kind of magical equipment that could accelerate time.

However, this kind of treasure was not common in the heavenly Saint realm. No one even used it.

This was because the higher the grade of the Dharma Treasure, the more lifespan it would burn while accelerating time.

For example, if Tian Dao used his five star Saint Emperor sunlight cache to cultivate, the increase in his lifespan by one minor realm was far less than the amount of lifespan he burned.

In other words, unless one's own lifespan was much longer than usual, using a time-accelerated magic treasure to cultivate would increase one's lifespan less than burning one's lifespan. Speeding up the cultivation was equivalent to suicide.

At this moment, the wielder of the will was burning tens of billions of years of his lifespan to help Chen Xiaobei cultivate.

To Chen Xiaobei, it was a great feeling.

"Whoosh ..."

As time passed, the huge blood-red moon was shrinking rapidly.

When the blood-red moon shrunk to a diameter of two meters, Tiandao stopped activating the sunlight cache and directly approached.

The heavenly Dao wanted to take control of Saint Emperor Mo Sha at this time. When he finished absorbing all the energy and came out of seclusion, he would become a loyal dog of the heavenly Dao.

"Hmm? Where is he? Where are they?"

However, when Tiandao got close, he was shocked to find that there was no trace of Saint Emperor Mo Sha in the shrunken blood-red moon. There was nothing at all.

what's going on?!

Anatta star and great sun Saint Emperor were also surprised. Just a few seconds ago, they could feel that there was indeed someone in the red moon.

However, at this moment, the heavenly Dao had directly torn apart the remaining little Crimson Moon.

However, he didn't see a single person.

"Selfless act! You go block the exit! We can't let anyone out!"

Of course, the heavenly Dao was the heavenly Dao after all. A brief shock was not enough to make him collapse.

He made a decision at once."Great sun Saint Emperor! Bring your men and search the area inch by inch! Even if you have to dig three feet into the ground, you have to find him!"

"Alright!"

"Yes, sir!"

Anatta star and great sun Sacred Emperor understood what the heaven Dao meant and immediately acted.

It was obvious that there was someone in the Crimson Moon. The reason why they disappeared was definitely because they had used a concealment ability.

Therefore, as long as he blocked the only entrance to this independent space, he would definitely be able to find the person.

“Infinite clones!”

There was no doubt that the heavenly axiom itself would not be idle, and it directly used a unique special ability.

The unique golden pattern between Tiandao’s brows suddenly glowed with light and color, and a strange phenomenon appeared.

In an instant, golden light filled the air, and the color of the space changed. In the blink of an eye, thousands of heavenly path clones appeared and flew in all directions.

He had used this special ability once before, and it looked like brother monkey had blown out thousands of clones with his monkey fur.

However, the heavenly Dao’s methods were obviously countless times more powerful than Monkey King’s.

Immediately after, the thousands of clones of the heavenly Dao continued to split. The thousands turned into billions, and billions turned into trillions. They almost enveloped the entire space.

More importantly, each of these clones could act and think on their own.

It was already good enough for others to be able to multitask.

At this moment, the heavenly Dao could do a trillion things with a single mind. It was simply terrifying to the point that it made one’s hair stand on end.

Of course, the stronger the ability, the more mental power it consumed.

Only with enough mind power could one maintain the use of special abilities. Only with enough mind power could one support the calculations and thinking of the trillion clones.

If it was an ordinary person, it would definitely be impossible to support it.

However, the heavenly Dao was a member of the yuan Sage Race, and the innate talent of the yuan Sage Race was to enhance one’s mind power and enhance one’s special ability.

To put it bluntly, the strongest trump card of the yuan Sage Tribe was actually their nearly infinite mind power.

“Shua shua ... Shua shua ...”

Immediately after, Tiandao’s trillions of clones immediately scattered to every corner of this independent space.

And this was only the beginning.

“Black hole of origin!”

The heavenly Dao then activated another special ability.

In an instant, his spiritual power began to burn.

The eyes of the trillion heavenly Dao clones immediately turned into two black holes with swirling dark auras.

In other words, at this moment, any of the clones could see the hidden person.

If Chen Xiaobei used his traceless snow ability, he would be discovered.

However, the heavenly Dao trillion clone searched again and again, but he couldn't find any clues at all.

“Detestable! Why did it turn out like this? Why did it turn out like this?”

Tiandao's expression was twisted, his eyes were bloodshot, and he was gritting his teeth so hard that they were about to shatter.

A cooked duck had just disappeared from under their eyes. Anyone would be infuriated.

The main point was that in order to cook this duck, the heavenly axiom had consumed the energy and resources of a million people, as well as its own trillion years of lifespan.

In the end, the cooked duck flew away!

This result simply made Tiandao so depressed that he wanted to vomit blood.

“Selfless act! Come over here!”

go! Tiandao immediately shouted. use your space void and search carefully again. You can't miss any independent space!

Clearly, the heavenly Dao was still very smart.

If the target was not hidden, then the biggest possibility was that he was hiding in another independent space.

[Red Envelope Group of the Three Realms](#)

Chapter 4432: internal strife!

It had to be said that Tiandao's intelligence was on point, and he was also very meticulous.

He first used the origin black hole to search around and confirmed that the target was not in the current space.

Then, he used the anatta mental operation to search for it.

In this way, as long as the target was really hiding in the independent space, he would definitely be discovered by the selfless act.

“Whoosh ...”

Anatta star was not stupid. He immediately followed the heavenly Dao's instructions and activated his special ability to start searching.

However, as time passed, the anavirt's spiritual power was exhausted, and he took several spiritual power replenishing pills in a row.

Finally, after some time, the entire space was scanned by the selfless act.

"No, I don't ..."

Anatthor's spirit was weak, and he spoke weakly, "There's no independent space here at all,"

"Impossible! This was impossible! This is absolutely impossible!"

Tiandao was about to go crazy.

After paying such a huge price, he was about to obtain a sacred ancestor level loyal dog.

But in the end, it was all for nothing.

The heavenly axiom did not get any benefits at all, and it had even wasted a lot of time and a huge amount of its lifespan.

Such a result was actually equivalent to failure to the heavenly Dao.

He was utterly defeated!

"Calm down. That's a legendary peak divine Emperor after all! How can I become your Lackey so easily? Maybe he heard about your plan in advance and naturally has a way to escape!"

Wuwo Xing said indifferently, "you can only blame yourself for being too talkative and revealing the plan!" If you hadn't said anything just now, you might have had a chance to succeed! Now I messed it up, it's really stupid!"

"Pa!"

All of a sudden, Tiandao slapped the back of his hand, ruthlessly smacking the face of selfless act.

It was obvious that the heavenly Dao's anger had been suppressed to the limit. The selfless act still dared to make sarcastic remarks, which directly ignited the heavenly Dao's anger.

"You ... You dare to hit me? We're allies! What right do you have to hit me?"

Anatta star staggered from the impact.

As he was caught off guard, his face immediately swelled up, and blood kept flowing out of his mouth.

"Why should I hit you? Just because you're stupid!"

Tiandao bared his teeth and said angrily, "Saint Emperor Mo Sha is in a dormant state! Even if I tell him my plan, he won't know! His sudden disappearance must be due to some other variables! Do you understand?"

It was obvious that the heavenly Dao's judgment was correct.

He was right just now, and he was right now.

Chen Xiaobei was indeed hiding in an isolated space.

However, this independent space was not the Meru space or the North profound sacred soul great world.

It was the chaotic space created by Chen Xiaobei after he devoured the Saint devouring Dao axe.

If it was the Meru space or the North profound sacred soul world, their space laws would not be high enough and they would definitely not be able to hide from the detection of the spatial void.

However, the chaotic space originated from Chen Xiaobei's Saint Pan's chaotic devouring ability.

The level of the law of space was the same as Chen Xiaobei's ability, which meant that he was invincible against anyone below the nine Star divine Emperor level.

It could be seen as higher than Peak Eight star divine Emperor and slightly lower than early Nine Star divine Emperor.

And this level of space law just happened to exceed the level of the no-self path space silence ability.

Therefore, the anathor's sect was unable to discover the existence of the chaotic space. Even if they did, they would not be able to see the situation inside.

After all, the anathor's cultivation level was the same as Tian Dao, only five star divine Emperor.

As such, the anathor's own ability wasn't that high in rank.

The main point was that the anathor's path was not like the heavenly Dao. Without the support of the special ability of the yuan Sage, it was impossible for the special ability to cross many realms.

It was the same as when Chen Xiaobei entered the isolated space created by Lord Ling Kong.

If the spatial dimension laws were higher than the anathor's level, then the anathor's ability would not be able to see through the spatial walls.

From this, it could be seen that the heavenly Dao's judgment that the target had hidden in the independent space was correct.

At this moment, it was also correct for the heavenly Dao to determine that if there were no variables, Mo Sha Saint Emperor would not have disappeared.

Unfortunately, the heavenly axiom would never have thought that Chen Xiaobei was behind all of this, causing it to suffer a huge loss.

"Even if you're right, that's no reason for you to hit me! You have to apologize to me immediately. Otherwise, I won't let this matter rest!"

Anathor was not a weak person.

In fact, the No-Saint tribe was also a super tribe with a Supreme divine ancestor, which was on the same level as the yuan Divine Tribe.

And the status of anathor in the clan was definitely not lower than that of the heavenly Dao.

Therefore, at this moment, the selfless act was slapped by the heavenly Dao. This was absolutely unacceptable to him. It could even be said to be a great humiliation.

If he couldn't make the heavenly Dao apologize, where would he put his face? The entire no saint tribe would be humiliated and humiliated!

alright, calm down. We're all on the same side. There's no need for internal strife!

At this moment, great sun Sacred Emperor flew over and comforted selfless star.

One had to admit that anathor's actions were really lecherous. Hearing great sun Sacred Emperor's gentle comforting, his anger burned even more.

After all, no one would want to lose face in front of their woman.

Moreover, the selfless sect itself was a great figure that dominated a region, so it could not lose face like this.

"Swish!"

In the next moment, selfless act immediately took out a fiery red bell shield.

He roared at the sky, "You must apologize to me today. Otherwise, don't blame me for being impolite!"

It was very obvious that the anathol's sect was very clear that the heavenly Dao had an extremely powerful trump card hidden.

Therefore, at this moment, the fiery red bell in the hands of the selfless sect was his strongest trump card. It was also the confidence and reliance he had when he demanded an apology from the heavenly Dao!

If not for the fiery Bell, the selfless sect would not have been able to stand on equal footing with the heavenly Dao, much less dare to speak to the heavenly Dao like this.

no saint blood space shield!?

Tiandao's gaze focused, revealing traces of disbelief. "I didn't think that the higher-ups of your race would give you this legendary Holy Emperor weapon!"

"Hmph! Why don't you think about who my father is? He was the immeasurable divine ancestor! If it's not a legendary peak Saint Emperor weapon, how could it be worthy of my status?"

Anatta star arrogantly raised his chin and rebuked, "Immediately apologize to me! In the future, you have to listen to me! Otherwise, I don't mind killing you right here and catching Chen Xiaobei by myself!"

When Tiandao heard this, his expression gradually darkened. I admit that the Saint-less blood space shield can defeat me. You can kill me at any time if you want!

"Since you already know, then stop talking nonsense!" There was disdain and contempt in the eyes of the selfless cultivator. He did not put the heavenly Dao in his eyes at all.

Tiandao's gaze turned intent, and he said in a cold voice, " your trump card is so powerful. Even if I apologize now, you will still kill me when you catch Chen Xiaobei, right? "

Red Envelope Group of the Three Realms

Chapter 4433: reversal!

"You're right!"

"Ever since I found out that Chen Xiaobei could use the one word Saint-killer curse, I have been hiding my strongest trump card from you!" It's all for the sake of taking the one-word Saint-Killing Curse for myself at the last moment!"

Clearly, the temptation of the one word Saint-Killing Curse was too great.

Even the divine ancestor would be tempted.

As the saying goes, men die for wealth, and birds die for food!

The heavenly Dao and the selfless path were not easy to deal with. They were greedy, despicable, vicious, and sinister!

How could two people like them share the one-word Saint-Killing Curse?

At this moment, the selfless sect directly laid out their cards and stopped pretending. They revealed their strongest trump card and directly threatened the heavenly Dao.

"Since I'm going to die anyway, do I still need to apologize?"

Tiandao's expression was solemn, but his tone was very calm.

ha, if you want to die a quick death without any torture, then apologize to me!

The anatta star had already taken control of the situation. He laughed arrogantly, " "If you want to keep your cheap life, then kneel down and be a dog at my feet! Maybe if I'm happy, I'll really spare you!"

fine. Since that's the case, I can only do as you wish ... Tiandao sighed. His expression was indifferent, neither happy nor angry.

"Hahaha! You're smart!"

Wuwo Xing raised his chin in excitement and said proudly, " "From now on, be obedient and listen to me! As long as I have meat to eat, my dog will have bones to chew! Hahaha ..."

At this moment, the selfless act was extremely excited.

By making the heavenly Dao his dog, he would be able to get back the face he had lost just now with interest.

The main point was that when it came to dogs, the anathor s could hit and scold them at will. If they were happy, they could gnaw on a bone. If they were not happy, they could even take the dog away without any effort.

This feeling really made the selfless act extremely satisfied.

In fact, he was so happy that he had forgotten himself.

“Whoosh! Bang!”

A blinding white light pierced through the body of the selfless cultivator.

Immediately after, dense cracks appeared on his body like a spider web. White light burst out from these cracks.

In the blink of an eye, the anathol s body was cut by the white light and turned into hundreds of pieces of flesh.

“Whoosh ...”

In the next moment, the selfless act’s Saint Soul was completely sealed by the white light. It could no longer exert any power, not even spiritual communication.

“Woof! Whoosh!”

Tiandao waved his finger, and the selfless act’s storage space and the saintless blood space barrier flew into his palm.

“This ... This ... This ...”

Looking at the scene before him, the Saint Soul of the selfless sect felt as if it had been struck by lightning. Its eyes widened so much that it looked like they were about to explode, and its mouth opened so wide that two fists could fit in.

Just a moment ago, the anathor s path was still feeling proud of himself, thinking that he had everything under control.

At this moment, selfless act paid an extremely painful price for his arrogance.

“Master, should I kill this guy?”

The great sun Saint Emperor sealed the Saint Soul of the anatta star and asked the heavenly Dao respectfully.

It was obvious that the selfless act was too complacent and only regarded the heavenly Dao as his enemy, but he ignored the heavenly Dao’s lackeys.

It wasn’t just the great sun Sacred Emperor, the millions of sacred emperors around were all dogs of the heavenly Dao.

If the heavenly Dao was going to die, it would definitely take all of their lives first.

Therefore, they would definitely side with the heavenly Dao at the critical moment.

The point was that he had sex with great sun Sacred Emperor before anatta and subconsciously saw him as a woman he had conquered.

Plus, great sun Sacred Emperor was still comforting her.

In this state, anatta Xing was really defenseless against great sun Sacred Emperor.

Just like that, great sun Sacred Emperor ambushed him and he was defeated.

In fact, the heavenly axiom had said that the selfless path always used the lower half of one's body to think.

And at this moment, selfless act was defeated by the saber that was written in the word 'lust'!

Don't mention how ironic it was!

"Spare me ... Spare me ..."

"I was wrong ... I won't dare to do it again ... As long as you spare my life, I'm willing to be your dog!" I'll do whatever you want me to do! I beg you ... Please spare my life ..."

Clearly, the great sun Sacred Emperor was a peak Seven Star divine Emperor, far stronger than the selfless realm.

As long as the heavenly Dao gave the order, the great sun Saint Emperor could crush the selfless sect like an ant.

It was because of this that anathol could only beg for the heavenly Dao's forgiveness and had no chance of survival.

"Not everyone has the right to be my dog! To me, you have already lost your value! Do you understand?"

Tiandao indifferently put away the Saint-less blood space barrier and the anatta mental dimension.

Although his tone was calm, it exuded a bone-chilling killing intent.

There was no doubt that the heavenly Dao would not let the selfless cultivator live.

Not even as a dog!

That was because the heavenly Dao was a ruthless person to begin with, and he had a deeper understanding of the principle that weeds would grow again if they were not removed by the roots.

If selfless act didn't have any backing or background, the heavenly Dao might still make him a dog.

However, selfless act had the backing of the No saint tribe and had a father who was at the level of a sacred ancestor.

If the heavenly Dao accepted the selfless act as a loyal dog, it would definitely cause endless trouble in the future. Only by making the selfless act completely disappear could the heavenly Dao be at ease.

Therefore, at this moment, the heavenly axiom was determined to kill anatta, and even Jesus could not stop him.

"No! I still have value!"

"My special ability!" Anatta star struggled for the last time. The space was empty! You still have a use for it! I'm begging you! Don't kill me! I'm still of use!"

"Yes, you still have a little bit of value!"

Tiandao's gaze focused, and he immediately activated his special ability. "Origin black hole, absorb!"

"Whoosh ..."

In an instant, the two dark hands dug into the selfless sect's Saint Soul and pulled out his Saint Soul mark.

The anatta star's Saint Soul power was spatial isolation.

The sacred soul mark was the source of the sacred soul's special ability.

"Formless chaos devour!"

Then, the heavenly Dao swallowed the Saint Soul mark of the selfless sect.

After digesting it, the heavenly Dao would directly possess the anatta spatial isolation special ability.

In fact, if the wielder of the will had used the void dimension just now, he would have been able to see through Chen Xiaobei's chaotic space with the help of the yuan Sage's heart origin ability.

However, by chance, the heavenly Dao had obtained the special ability of the spatial silence.

This was Chen Xiaobei's good luck.

"Devouring of the chaos of the world!"

To everyone's surprise, the heavenly Dao immediately used its special ability again and swallowed the selfless act's Saint Soul in one bite!

At this moment, the special ability that the heavenly Dao was using was no longer a simple formless chaos devouring!

A mysterious change began to appear in his body.

[Red Envelope Group of the Three Realms](#)

Chapter 4434: shock!

"Whoosh ..."

As the heavenly Dao devoured the selfless act's Saint Soul, a change occurred.

First, the heavenly Dao's Saint Soul world had expanded to a certain extent.

The second was that the heavenly Dao directly inherited all of the life span of the selfless act.

The last and most important point was that all the Saints, Saint Kings, and Saint emperors in the selfless realm of the sacred soul world had become people of the heavenly Dao.

This meant that the heavenly axiom did not have to worry about restoring its position like Chen Xiaobei did.

After devouring someone else's Saint Soul world, the additional Saint positions would naturally be filled.

It was obvious that the Tiandao's Saint Soul world was of a much higher level than his own because of his ability to devour the chaos of the world.

It could be seen that Tiandao was indeed a great opportunity. Even among the sky burial Yuan sacred clan, he was a top-tier genius.

Even though Chen Xiaobei was stronger than the wielder of the will ...

That was because Chen Xiaobei had obtained the massive inheritance of the heart of Hongmeng. Furthermore, the heavenly axiom's main focus was on Saint Soul abilities, not cultivation.

Putting aside the inheritance of the heart of Hongmeng, the heavenly axiom's achievements were far higher than Chen Xiaobei's.

Of course, this did not mean that Chen Xiaobei could not do it.

After all, Chen Xiaobei's rise to power had taken far less time than the heavenly axiom.

So, objectively speaking, Chen Xiaobei and the heavenly axiom were equal in terms of luck, talent, and luck.

It was clear that the heavenly axiom was Chen Xiaobei's destined enemy.

.....

After that, Tiandao brought everyone out of this independent space.

Chen Xiaobei was still in the chaotic space.

However, Chen Xiaobei was not idle. He had already started to study the alchemy technique left behind by divine Emperor GUI Gu.

The storage space he had obtained from divine Emperor GUI Gu before had many ancient books on pill concoction and many pill recipes he was proud of.

Obviously, Chen Xiaobei was in an awkward situation.

Although there was a balance between the two, it would not be a fatal threat to Chen Xiaobei.

However, Chen Xiaobei's Saint Soul and mind were still under immense pressure.

If Chen Xiaobei had not used the energy of the Crimson Moon to upgrade the life word incantation to rank-9, his physical and mental power would not have been able to withstand the pressure. Both his body and Saint Soul would have been destroyed.

In other words, Chen Xiaobei was barely alive.

It was fine if there were no variables.

If anything were to happen and break the balance between the two, Chen Xiaobei would be dead.

That was the first thing Chen Xiaobei had to do.

there are only two ways to solve this problem!

one way is to find a Nine Star divine Emperor's energy and upgrade the 'Yuan' word incantation to level nine. Then, with Saint Pan's chaotic devour, I can slowly digest this Mo Sha divine Emperor and the ice crystal talisman!

"Unfortunately, the energy of a Nine Star divine Emperor is even rarer than Phoenix Feathers and Qilin horns. It's not something I can find! Even if they did find it, it would most likely be occupied by a super strong enemy! If a battle breaks out, it is very likely to break my balance! This is too risky!"

as for the second method, it's to rely on medicinal pills to solve the problem!

if Holy Emperor GUI Gu has a pill that can allow one's cultivation to enter the pseudo-realm, then he should also have a pill that can greatly strengthen one's mental power and boost one's special ability to enter the pseudo-realm! Chen Xiaobei said.

Chen Xiaobei carefully read through the ancient books and pill recipes left behind by divine Emperor GUI Gu.

There was indeed one type of pill that met Chen Xiaobei's requirements.

The ghost Valley Saint essence pill!

this kind of pill can increase the upper limit of one's spiritual power, but it's a pity that its level is too low. It's hard to even raise it by one minor realm ... If I want to get a pill that's useful to me, I'll have to modify it myself!

Chen Xiaobei began to read the recipe.

With Chen Xiaobei's current brain power and learning ability, he could learn it after just one look.

However, to Chen Xiaobei's surprise, divine Emperor GUI Gu had already prepared the recipe for the upgraded version of the pill.

"Looks like that old thief GUI Gu also thinks that this pill is too low grade and is almost useless to middle and high level Saint emperors. That's why he's prepared an upgraded version of the pill recipe long ago!"

Chen Xiaobei continued reading.

He discovered that there was a sacred medicine that he was very familiar with in the upgraded pill recipe.

Nine-colored Saint origin ginseng!

"The mature nine colored Saint origin ginseng is a Seven Star divine Emperor. After being used as the core ingredient to make a pill, it can directly raise the cultivation of any Esper below the seven Star divine Emperor level by one whole level ..."

this upgraded version is still not enough for me. Also, my nine-colored divine origin ginseng has already become a holy ancestor extreme ginseng! Chen Xiaobei said.

"Oh right! I still don't know the medicinal effects and uses of the Holy ancestor extreme Dao ginseng!"

Chen Xiaobei's eyes lit up. He immediately started to flip through the ancient books to look for any records about the divine ancestor extreme ginseng.

"Heavens! This Saint herb is too overbearing!"

After Chen Xiaobei finished reading, he exclaimed, "Every time a holy ancestor extreme ginseng grows in the world, a holy ancestor will die!"

on top of the sacred ancestor's corpse, the sacred ancestor's true spirit is used as the seed and the sacred ancestor's corpse is used as the nurturing material. Only after billions of years can the sacred ancestor extreme ginseng mature. Once it matures, it will become a one-star sacred ancestor!

"Directly consuming the sacred ancestor extreme Dao ginseng can greatly increase the level of the sacred soul world and the strength of the body! If it's refined into a sacred ancestor level pill, its effects will be even greater!"

He continued to study the ancient books.

what?! Chen Xiaobei was even more surprised. if I consume the Holy ancestor extreme ginseng now, my physical strength and the level of my divine soul realm will reach the level of a peak Holy Emperor!

if I refine the sacred ancestor extreme Dao into a sacred ancestor-level pill with a special method and special herbs, my sacred soul world level and the strength of my body will reach the level of a one-star sacred ancestor!

"Once the pill is successfully refined, not only will the Saint soul's ability reach the level of a peak Saint Emperor, but the problem of being unable to digest Mo Sha Saint Emperor and the ice crystal rune will also be completely solved! More importantly, with the heavenly Dao's current trump card, it will no longer be able to hurt me!"

Without a doubt, this was a huge opportunity for Chen Xiaobei.

Of course, this was also very difficult.

Even if Chen Xiaobei could solve the problem of the recipe and ingredients, he could not find the Holy ancestral pill furnace and the abnormal flame.

Furthermore, the amount of time it would take to refine a sacred ancestor level pill was astronomical.

If Chen Xiaobei used the sunlight cache to speed up time, he would not have enough time even if he used up all of his lifespan.

After all, he was a sacred ancestor!

Of course, Chen Xiaobei would not admit defeat just because it was difficult.

On the contrary, Chen Xiaobei had actually come up with a whole new idea.

[Red Envelope Group of the Three Realms](#)

Chapter 4435: Uninvited guest!

4435 Uninvited guest!

“Shua shua shua ...”

Chen Xiaobei immediately took out the Holy ancestor extreme ginseng and a large number of high-grade and rare supplementary herbs.

With his superhuman brain, he had already drawn out a pill recipe in his mind.

The next step was to follow the recipe and use the Holy ancestor extreme great path ginseng as the core. Then, he added other herbs according to a certain ratio.

Very quickly, all the ingredients were mixed according to the pill formula.

However, Chen Xiaobei did not have a pill furnace or a strange fire. Instead, he took out three great saint orbs and the pan Sheng Jasper dew that he had been saving up.

“Whoosh ...”

First, he used the three great saint pearls together with the level eight Hong curse to activate the endless great Dao of origin.

Then, he added his special ability to all the medicinal herbs.

This process was similar to turning a Saint Emperor’s corpse into a Saint Emperor Mystic resin.

Soon, Chen Xiaobei had extracted the essence of all the herbs, forming a greenish-gold liquid.

The source of medicinal herbs was the essence of the medicinal herbs.

The essence of alchemy was to purify and temper the essence of the medicinal herbs, then fuse them into crystals, and finally condense them into medicinal pills.

At this moment, through the great saint tribe’s origin of all things.

Chen Xiaobei had perfectly extracted the essence of the herbs. This process was even purer, more precise, and more refined than pill-making.

In other words, the greenish-gold liquid in front of him was actually an absolutely perfect medicinal pill.

However, it was just a liquid pill.

Of course, it was the same as creating the Saint Emperor Mystic resin. The process of creating the herb essence also required a huge amount of energy.

Chen Xiaobei did not have any extra Saint Qi in his hand.

At this time, the Saint pan green jade dew was needed.

By the same logic, the origin of the Saint pan Jasper dew was the natural treasures devoured by the pan Sheng puppet.

This meant that Chen Xiaobei could use the Saint pan dew to derive the original spiritual aura of heaven and earth.

After Chen Xiaobei had taken over the storage space of Sacred Emperor GUI Gu and the historical heavenly seal, he had made Green Treasure consume a huge amount of resources.

In total, he had collected forty drops of the Saint pan dew.

Chen Xiaobei burned his own Saint vitality to reverse-engineer some of the heaven and earth spiritual aura. He then used the heaven and earth spiritual aura as energy to create more heaven and earth spiritual aura.

In the end, about ten drops of the Saint pan dew were used as energy to power the great saint orb and the endless great Dao of origin.

As for the remaining thirty drops of the Saint pan dew, the heaven and earth spiritual aura derived from it was used in the process of producing the essence of the herbs.

To put it simply, Chen Xiaobei had consumed 40 drops of the Saint pan dew and successfully completed the process of making the liquid pill.

If it was an ordinary person, it would be impossible to come up with such a wonderful method.

Only Chen Xiaobei could think of that.

“Hiss ...”

Without hesitation, Chen Xiaobei swallowed the entire pill.

“Whoosh ...”

Immediately after, the medicinal power spread out.

Chen Xiaobei could clearly feel that his physical strength and the level of the sacred soul world were both increasing at a very obvious rate.

Of course, the speed was not fast enough.

Chen Xiaobei then took out his Saint sunlight cache and sped up time.

Finally!

After a period of time, the medicinal effects were completely digested.

Just as he had expected, Chen Xiaobei’s physical strength and the level of his sacred soul world had both reached the level of a one-star divine ancestor.

A sacred ancestor’s physical strength could resist all the strongest trump cards of the heavenly Dao.

A holy ancestor-level Holy soul macro world could allow Chen Xiaobei’s two Holy soul abilities to reach the same level.

The most important ability of the Saint Soul was the Saint Pan’s chaos devouring!

“Whoosh ...”

After this ability reached the sacred ancestor level, the ice crystal Talismans and Mo Sha Sacred Emperor that he couldn't digest before started to digest at an extremely fast speed.

Chen Xiaobei did not stop there. He swallowed the demonic claw that Saint Emperor Mo Sha had cut off and digested it.

"Phew ... This feels good!"

Soon, the digestion process was completed."This time, I've obtained two new abilities! One is related to the ice crystal talisman, and the other is related to the bloodline of Mo Sha divine Emperor!"

I really didn't expect that Saint Emperor Mo Sha's bloodline would actually reach the level of a five star divine ancestor. I've actually managed to devour such a genius by chance ...

There was no doubt that Chen Xiaobei's actions were the best of the best.

It directly devoured a legendary peak divine Emperor.

The Grand Mo Sha Saint Emperor had been cultivating in a deep sleep, but after waking up, he had become someone else's meal.

If this matter were to spread, the entire sacred ancestor ancient battlefield would be shaken.

"I really didn't take the risk in vain this time! Although I almost lost my life, I managed to escape death in the end and gained such a huge improvement! It's really great!"

Without a doubt, Chen Xiaobei was very, very satisfied with the result.

In the beginning, the dark sky Qilin did not dare to come in. It even tried to persuade Chen Xiaobei not to take the risk.

Luckily, Chen Xiaobei was brave enough to come in with a firm belief.

His body and sacred soul world had both reached the sacred ancestor level. At the same time, he had also obtained two brand new superpowers.

With this boost, Chen Xiaobei would be invincible against anyone below the divine ancestor level, as long as he did not encounter the heavenly axiom!

Of course, Chen Xiaobei still had no chance of winning against the heavenly axiom.

This was because the heavenly axiom had nine times more black hole origins than Chen Xiaobei. It could directly take away Chen Xiaobei's origins, which was the body of a human.

Once he lost the protection of his physical body, the heavenly axiom's trump card could still severely injure or even destroy Chen Xiaobei's Saint Soul.

So, even though he had improved a lot this time, Chen Xiaobei still could not fight against the heavenly axiom head-on.

"It won't take long!"

“Although I can’t defeat the heavenly axiom yet!” Chen Xiaobei said. However, after this huge improvement, I can freely plunder resources. My strength will continue to improve rapidly!”

The law of survival in the Holy ancestor ancient battlefield was the law of the jungle, killing and plundering.

Now that Chen Xiaobei was one of the most powerful beings under the divine ancestor, he had the ability to kill and plunder.

With enough resources and energy, it was only a matter of time before Chen Xiaobei defeated the heavenly axiom.

“Whoosh ...”

Chen Xiaobei then left the chaotic space.

After returning to the dark space where Mo Sha Saint Emperor was sealed, Tian Dao and the others had already left.

Chen Xiaobei only needed to find the exit and he could leave.

Initially, everything was going very, very smoothly.

However, just as Chen Xiaobei was about to find the exit, an uninvited guest appeared in front of him.

She was an extremely beautiful woman!

Her looks were exquisite and flawless, and her figure and temperament were also excellent!

She wore a white crystal hairpin on her head, and her white dress fluttered in the wind. She looked like an ice goddess, standing under the Holy Light of ice!

Infinite holiness! Infinite holiness!

[Red Envelope Group of the Three Realms](#)

Chapter 4436: Under one person!

4436 Under one person!

The woman was very beautiful, there was no doubt about that.

However, her entire aura was extremely cold.

It wasn’t just the coldness in his temperament.

Wherever her pure white holy light enveloped, the air would be filled with frost and ice crystals, and the ground would be frozen into an ice field.

More importantly, Chen Xiaobei could not see through this woman’s cultivation.

It was clear that this was a super powerful person who was far stronger than Chen Xiaobei.

“Of the thirty-six Stratagems, leaving is the best!”

Chen Xiaobei had already found the exit and was ready to leave.

What Chen Xiaobei did not know was that the moment he left the chaotic space, the woman had already sensed his presence.

“Endless ice!”

In the next moment, an extremely cold voice came out of the woman’s mouth. It was emotionless and so cold that it sent chills down one’s spine.

“Woof!”

Suddenly, a ray of white light shot out at a speed faster than lightning. It blocked the exit before Chen Xiaobei could.

One had to know that the exit was a crack that connected the sealed space and the real space.

At this moment, an enormous ice sheet had appeared on the spatial crack. Not only did it seal the spatial crack, but it also emitted an extremely terrifyingly low temperature.

Chen Xiaobei’s physical strength had already reached the early stage of one star divine ancestor.

One could still feel the extreme cold in front of this huge ice sheet.

Even though Chen Xiaobei was not injured, it was enough to tell how terrifying the cold was!

If anyone below the level of a divine ancestor were to face this cold, they would most likely be frozen into ice in an instant.

could it be ... That this woman’s cultivation base has already reached the divine ancestor realm?!

Chen Xiaobei did not dare to be careless and immediately activated his special ability.

Traceless in the snow!

Chen Xiaobei’s body disappeared without a trace.

“Swish!”

However, almost at the same time, the extremely beautiful cold beauty teleported over.

It was teleportation because Chen Xiaobei could not see her movement or her flight path. It was as if she had appeared in front of him in an instant.

Only the long ice mark left in the air could prove that she had indeed flown over.

“Come out! I can see you! Don’t waste your spiritual energy!”

The woman’s icy-blue eyes were staring at where Chen Xiaobei was standing.

Chen Xiaobei even took two steps to the side.

The woman’s eyes followed Chen Xiaobei’s angle.

There was no doubt that she could see Chen Xiaobei’s position.

In other words, her cultivation base had indeed reached the divine ancestor realm, and it might not be just an early one-star divine ancestor realm.

“Whoosh ...”

Chen Xiaobei knew that he could not hide, so he deactivated his invisibility.

“Do you know why I didn’t kill you?”

The woman looked at Chen Xiaobei coldly, her pretty face showing a profound expression.

“This ...”

Chen Xiaobei did not know how to answer.

Without a doubt, if this woman wanted to kill Chen Xiaobei, she would not have blocked the exit and come to Chen Xiaobei. Instead, she would have launched an attack.

With her strength, she did have the power to control life and death.

In other words, she appeared in front of Chen Xiaobei because she had something to tell him.

Moreover, this matter should be very important to her.

This was easy to guess.

First of all, this space was the independent space where Saint Emperor Mo Sha was sealed. Logically speaking, apart from Tian Dao’s group, only the person who sealed Saint Emperor Mo Sha would know the exact location.

Secondly, the fact that this woman had arrived at the scene not long after the seal had disappeared was enough to prove that she had a spiritual connection with the seal.

The answer was obvious.

“You ... You should be the one who sealed Saint Emperor Mo Sha, right?”

Chen Xiaobei asked.

“It seems that you are very smart. I like to deal with smart people!”

The woman’s icy-blue eyes studied Chen Xiaobei for a while, and then she said, “Speak, where did Saint Emperor Mo Sha go?”

“This ...”

Chen Xiaobei was stunned. “What’s your relationship with Mo Sha Saint Emperor?”

Obviously, Chen Xiaobei could not tell this woman that he had devoured Holy Emperor Mo Sha.

This was because this woman had only cut off one of Saint Emperor Mo Sha’s hands and sealed him. She didn’t kill him.

One of the possibilities was that the woman had some relationship with Mo Sha Saint Emperor. Even if they had enmity, it was far from the extent of fighting to the death.

If the woman was friends with Holy Emperor Mo Sha, then Chen Xiaobei would be in deep trouble.

“Cut the crap! You’ll answer whatever I ask!”

The woman said coldly, “to me, you’re just an ant!” You’re not qualified to ask me any questions, you’re just wasting my time!”

He was very arrogant!

Chen Xiaobei furrowed his brows, a little unhappy.

However, this was not the time to fall out.

After some thought, Chen Xiaobei decided to use the same trick again. “When Saint Emperor Mo Sha was still in deep sleep, he was captured by my boss!”

“Your boss? Who’s there?” The woman immediately asked.

“My boss is the famous heavenly Dao divine Emperor!” Chen Xiaobei began to practice his acting skills.

“Heavenly Dao divine Emperor? I’ve never heard of it ...”

The woman’s expression was disdainful as she said, “are all ants so arrogant now?” You dare to call any trash famous?”

Chen Xiaobei did not say anything, but he almost burst out laughing.

It could be seen that this woman’s personality was very cold and arrogant, and could even be said to be supercilious.

Of course, she definitely had the right to look down on everyone.

On the ancient battle Supreme ranking list, only the top three had reached the sacred ancestor realm.

Black Devil! Ice Dome! Broken Sky!”

From the woman’s features, one could almost be sure that she was the ice dome’s Saint ancestor, who was ranked second!

In other words, within the sacred ancestor ancient battlefield, she was second only to one person and above all living beings! In her eyes, perhaps only sacred ancestor black demon could be considered an expert. Everyone else was nothing more than an ant!

Since he was an ant, he should act like one, low-key, humble, and submissive.

So, the more Chen Xiaobei complimented the heavenly axiom, the more displeased the woman was with it.

“The heavenly Dao Saint Emperor is still very powerful!”

Chen Xiaobei added fuel to the fire and said, “ don’t be fooled by his low cultivation base. He has an extremely powerful trump card in his hand. Moreover, he has many subordinates and he has to bring a million followers with him every time he goes out!

“What?”

Hearing this, the woman was indeed very unhappy. “I don’t even bring any followers with me when I travel. He’s just an ant, how dare he bring a million followers? He was too Savage! Speak! Where can I find him?”

Red Envelope Group of the Three Realms

Chapter 4437: attack!

I’m staying behind to search the battlefield ... Boss just left not long ago, so he should still be nearby. If you go out now, you should be able to lock onto his position very soon!

Chen Xiaobei said.

“Alright!”

Ice dome’s divine ancestor floated toward the exit.

“Ka ka ka ...”

As she approached, the ice cap that sealed the exit shattered.

Chen Xiaobei could not help but want to laugh as he watched her leave.

Wasn’t this woman too easy to deceive?

If she wasn’t a super expert at the sacred ancestor realm, she would have been tricked to death 800 times in the sacred ancestor ancient battlefield.

He was really too stupid!

“Woof!”

However, just as Chen Xiaobei was about to laugh, a white ice crystal fell from the sky.

Like a bolt of lightning, it landed on Chen Xiaobei’s head.

“Crack crack crack ...”

In the blink of an eye, Chen Xiaobei’s entire body was frozen, and his body turned into an ice statue.

What was more terrifying was that even his Saint Soul was frozen by the extreme cold.

“Whoosh ...”

On the other side, Ice dome’s divine ancestor flew out of the sealed space without even looking back.

In her eyes, Chen Xiaobei was already a dead man.

Obviously, this woman was not as simple as Chen Xiaobei had thought.

Not only was she not a gullible woman, but she was also very, very smart. She had already seen through everything.

First of all, she thought that Chen Xiaobei was only a peak seven-star divine Emperor. There was no way he could take divine Emperor Mo Sha away from her seal.

Therefore, she believed that someone stronger than Chen Xiaobei had taken divine Emperor Mo Sha away.

Finally, and most importantly, even if Chen Xiaobei answered her question very cooperatively, this matter was of utmost importance. Only the dead would absolutely keep this a secret.

Therefore, she did not show any mercy. She killed Chen Xiaobei without hesitation.

From this, it could be seen that this woman was definitely a ruthless person.

There was another detail.

She did not attack Chen Xiaobei right away, but just as they were about to leave, she suddenly attacked.

In other words, she was waiting for Chen Xiaobei to let down his guard and attack him when he was defenseless.

An expert like her actually had to use a sneak attack to kill the enemy.

It could be seen that the laws of survival in the Holy ancestor ancient battlefield had long been deeply embedded in her soul.

Conspiracies and schemes, mutual deception, schemes and sneak attacks were everywhere! The means weren't important, the result was what she valued the most!

Just like now, Chen Xiaobei had fallen into her trap.

Just as Chen Xiaobei was laughing at her for being so gullible, she launched a deadly attack without warning.

Using the least amount of power and the least price to maximize the benefits.

This was actually a form of art.

The medical skills for survival!

If it was an ordinary person, he would have been dead by now. He didn't even know how he died.

However, Chen Xiaobei was not an ordinary person.

By chance, he had raised the strength of his physical body and the level of his sacred soul to the early stage of one-star divine ancestor.

Ice dome's divine ancestor did not see this.

At the same time, Chen Xiaobei was also very, very lucky.

This was because Ice dome's divine ancestor's cultivation base might have already reached the late-stage of a one-star divine ancestor.

If she used her full strength, she could definitely kill Chen Xiaobei.

However, this woman was somewhat arrogant and cold. Moreover, she had just launched a sneak attack after scheming, so she did not even bother to use her full strength.

That was why the attack just now had only frozen Chen Xiaobei and did not hurt him.

“Ka! Ka ...”

A few minutes after the ice dome’s divine ancestor left, the layer of ice on Chen Xiaobei’s body gradually shattered.

“Phew ...”

Chen Xiaobei let out a long breath and took a long time to get rid of the cold.

He sighed and said, “I was too careless!” This was the Holy ancestor ancient battlefield! There could be great danger at any moment! Even the slightest bit of carelessness could be fatal! You should still show your previous resolve of not trusting anyone!”

In the Holy ancestor ancient battlefield, Chen Xiaobei saw many schemes, sneak attacks, and even betrayals between brothers and friends.

It was obvious that only being suspicious of everything like when he faced Saint Emperor GUI Gu was the safest.

Trusting or underestimating someone easily would often lead to one suffering the consequences of their own actions.

“Chi ...”

Chen Xiaobei then left the sealed space.

The first thing Chen Xiaobei did after leaving was to transform into his purple Qi Dharmakaya and use his traceless Snowsteps ability. Not only did he have to hide himself, but he also had to shrink his body to the smallest possible size.

Even if the ice dome’s divine ancestor sensed it, he would only treat Chen Xiaobei as a wisp of foul air. He would completely ignore Chen Xiaobei.

However, Chen Xiaobei was a little disappointed when he came out.

The entire space was quiet and peaceful. There was no battle at all.

This meant that Ice Dome Sacred Emperor didn’t find the heavenly Dao and his million lackeys immediately.

If they ran into him, the ice dome’s divine ancestor would be able to get rid of Chen Xiaobei’s biggest enemy in no time.

Just thinking about it made him feel great.

“However, things might not be that simple!”

“The ice dome’s divine ancestor is not as stupid as I thought!” Chen Xiaobei thought. After she meets with the heavenly Dao, she might not attack me directly. The two sides might calmly exchange information and point the spearhead at me again!”

there’s an even worse situation. Perhaps ... Ice Dome Saint ancestor will become the next great sun Saint Emperor and be completely controlled by the heavenly Dao!

Chen Xiaobei’s brows were tightly knitted together, and he looked very worried.

Although the tactic of passing the blame on the heavenly axiom was very useful, there were always two sides to everything. There was a good side and a bad side.

The good thing was that Chen Xiaobei was now out of danger.

The bad thing was that Chen Xiaobei would have to face even more variables, which would cause even greater danger.

“I don’t care anymore, I’ll go find Blackie first and unlock the sky-breaking sacred wood key! That’s the most important thing!”

Chen Xiaobei calmed himself down and was ready to step into the void and return to the dark sky Qilin.

In this situation, Chen Xiaobeidou was not a heavenly Dao nor a match for the ice Dome divine ancestor. No matter what the situation was, he had to improve his strength first to deal with it.

Therefore, Chen Xiaobei did not plan to care about tendo and the ice dome’s divine ancestor.

However, at this moment!

“Boom boom boom ...”

A loud explosion suddenly came from the sky. The blue sky turned into a huge ice sheet that covered billions of miles.

The terrifying saintly vital energy caused Chen Xiaobei, who was a trillion miles away, to tremble.

they’ve made a move!?

Chen Xiaobei’s expression turned complicated.

[Red Envelope Group of the Three Realms](#)

Chapter 4438: Mo Sha's possession!

4438 Mo Sha’s possession!

Under the sky, the ice crystals that covered billions of miles were like countless sharp swords hanging in the air. They were sharp and dazzling.

While it made one shudder, it was also gorgeous and gorgeous.

Under the ice crystal Sky.

Tiandao and ice dome’s divine ancestor looked at each other, but they didn’t really fight.

This huge formation was only a form of deterrence.

With just a thought, she could kill the heavenly Dao and his millions of lackeys, leaving no one behind.

“Senior, I think you might have misunderstood. I did enter the sealed space, but I didn’t even see the shadow of Saint Emperor Mo Sha!”

Tiandao explained in a deep voice, then asked, “You just said that it was my people who told you that I took away Saint Emperor Mo Sha. Who is that person? Is he here? If he’s not here, what does he look like?”

“No, I’ve already killed that person.”

Ice Dome Saint ancestor was expressionless and said coldly, “He looks young and is dressed in black. He can be considered handsome.”

“Black clothes? Handsome?”

Chen Xiaobei?! the wielder of the will was shocked. could it be ... Could it be ... Chen Xiaobei?!

Obviously, to the heavenly axiom, Chen Xiaobei was a thorn in its flesh. It would never let go of him!

And now, the ice dome’s divine ancestor’s description made the wielder of the will think of Chen Xiaobei.

More importantly, the ice dome’s divine ancestor had said that she had killed Chen Xiaobei!

If it was true, it would definitely be a huge surprise for the heavenly Dao! He was so surprised that he would wake up smiling from his sleep!

it might really be Chen Xiaobei! “He used the same trick on me,” great sun Sacred Emperor said.

who is Chen Xiaobei? ” Ice Dome divine ancestor asked.

Tiandao composed himself and solemnly said, “That’s a sinister, cunning, despicable, and shameless thief! He’s also my mortal enemy!”

you’re just an ant. I thought you were some great figure.

Ice dome’s divine ancestor looked disdainful and said indifferently, “I don’t want to meddle in your Affairs! I just want to get back Saint Emperor Mo Sha! I won’t say the same thing a second time! If you don’t cooperate, I don’t mind killing you all!”

“Senior, please calm down and listen to my explanation!”

if the person you met in the sealed space is really Chen Xiaobei, then that means that Holy Emperor Mo Sha is in his hands! Tiandao said.

that brat is only a peak Seven Star divine Emperor, ” Ice dome’s divine ancestor said disdainfully. he can’t break my seal!

The ice Dome divine ancestor's intelligence had always been on point. It was because she was certain that Chen Xiaobei could not break the seal that she believed that divine Emperor Mo Sha had been taken away by the heavenly Dao and killed Chen Xiaobei without hesitation.

According to normal logic, the ice Dome divine ancestor's decision was undoubtedly correct.

However, she would never have thought that Chen Xiaobei was a super anomaly that could not be measured with common sense.

"No, no, no! You've underestimated Chen Xiaobei! He is definitely not as simple as he looks!"

I can even guarantee with my life that if the person you met is really Chen Xiaobei, then the Holy Emperor Mo Sha is in his hands! Tiandao said seriously.

"You dare to use your life as a guarantee?" Ice dome's divine ancestor was slightly startled and couldn't help but believe it.

"That's right!"

if that person is really Chen Xiaobei, I am 100% sure that Holy Emperor Mo Sha is in his hands! As for you and I, senior, we were both tricked by him!"

"You have no proof. How do you prove it?" Ice Dome divine ancestor asked.

Tiandao thought for a moment and asked, "senior, did you manage to obtain that person's storage space?" Did you check that person's Saint Soul world?"

"Hmph, what do I need these ant-like things for? I don't have the habit of picking up trash!" Ice dome's divine ancestor looked disdainful.

It was obvious that she was really cold and even a little arrogant.

She did not care about Chen Xiaobei at all, so naturally, she would not be interested in his things.

if that's the case, we can only return to the sealed space and find his storage space!

The heavenly Dao immediately made a decision.

Now, all they had to do was to find the 'dead' s' inventory space 'and heaven's will would be able to confirm whether it was Chen Xiaobei or not.

If it was really Chen Xiaobei, the heavenly axiom would be able to find Holy Emperor Mo Sha to appease the ice Dome divine ancestor. At the same time, they would be able to get rid of a huge threat.

It was killing two birds with one stone.

"Then let's go!"

Ice dome's divine ancestor also wanted to solve the mystery as soon as possible.

"Swish ..."

With a thought from Ice dome's sacred ancestor, a huge ice abyss crack appeared in the space.

“Swish!”

In the next moment, the heavenly Dao and his millions of lackeys were directly sucked into it.

In the blink of an eye, everyone stepped through the void and walked out of the ice abyss.

The entrance to the sealed space had already appeared in front of everyone.

At the same time.

Chen Xiaobei did not go far.

He still maintained the double concealment of his purple Qi Dharmakaya and traceless snow.

Seeing the arrival of the ice dome’s divine ancestor and the heavenly Dao’s group, Chen Xiaobei immediately became nervous.

the thing I was most worried about has happened ... The heavenly Dao has indeed appeased the ice Dome divine ancestor. From the looks of it, they must have formed a temporary Alliance ... And are coming back to find me?!

Chen Xiaobei hid in the distance, not daring to get too close.

This was because even if he was in a hidden state, he would still be detected by the ice Dome divine ancestor.

If he kept a safe distance, even if the ice dome’s divine ancestor sensed him, he would only think that Chen Xiaobei was a wisp of gas and would not be too concerned.

“Chi ... Chi ...”

Then, Ice dome’s divine ancestor and Tiandao entered the sealed space together.

“No! I can’t let them leave my sight! If the heavenly Dao played dirty, the ice Dome Saint ancestor might become the second great sun Saint Emperor! This is the worst consequence!”

Chen Xiaobei suddenly became nervous.

Even though he wanted to keep a safe distance, he could not be at ease if he did not follow them in.

If the heavenly Dao really did take control of Ice dome’s Saint ancestor, it would definitely be countless times more terrifying than controlling Saint Emperor Mo Sha.

Chen Xiaobei had to take the risk.

“Swish!”

Without making a sound, Chen Xiaobei quickly flew towards the entrance of the sealed space.

Without the ice dome’s divine ancestor, no one else would be able to sense Chen Xiaobei’s presence, so it was very safe to get close.

However, once Chen Xiaobei entered the sealed space, he would be in danger of being discovered by the ice dome’s divine ancestor.

Unless ...

Chen Xiaobei sneaked to the great sun Holy Emperor's side.

When she wasn't paying attention, he suddenly activated his ability.

"Mo Sha, possession!"

Chen Xiaobei directed a dark spiritual light into the Grand Sun Emperor's head.

At the same time, Chen Xiaobei's true form was revealed.

In the blink of an eye, the gazes of the millions of lackeys in the surrounding area gathered over.

Red Envelope Group of the Three Realms

Chapter 4439: reversal!

With the activation of his special ability, Chen Xiaobei's true self was revealed.

Even though Chen Xiaobei's true form was only a tiny wisp of purple Qi, the millions of people present were all Holy emperors. They could see the purple Qi immediately.

However, none of them dared to act rashly.

This was because none of them could see through the cultivation level of this wisp of purple Qi.

This meant that the cultivation of this wisp of purple Qi was far above them. It was enough to kill them completely.

Of course, there was an even more important point.

"Swish!"

In the next moment, the purple Qi entered the king of day's forehead.

don't act rashly," he said. otherwise, I can activate the great sun heart-seizing pill in your bodies with just a thought and send all of you to your deaths!

With that, the million sacred emperors became silent and didn't even dare to breathe.

They didn't know what was going on with great sun Sacred Emperor, they only knew to obey, otherwise, they would die.

The truth was, the great sun Holy Emperor's body and Saint Soul had already been possessed by Chen Xiaobei!

That's right!

This was the bloodline ability of Saint Emperor Mo Sha!

Once the possession was successful, it could directly control the body and mind of the possessed person!

On the surface, the possessed person looked normal, but in reality, he had completely lost his consciousness and had become a perfect puppet!

Of course, this ability was not without flaws.

Sacred Emperor Mo Sha's bloodline had reached the three star divine ancestor level. In other words, if a three star divine ancestor or an even higher level expert appeared, they would still be able to see the mystery.

However, neither the ice dome's divine ancestor nor the heavenly Dao could see any flaws.

Unless the black hole's level was higher than a three-star divine ancestor, Chen Xiaobei would be undefeatable and would not be discovered.

In addition to the perfect and traceless possession, it was even more powerful in the control of the possessed person's body and Saint Soul.

The body could control movement, while the Saint Soul could control power.

This meant that if Chen Xiaobei was able to possess a three-star divine ancestor, he would be able to unleash the power of the three-star divine ancestor.

Of course, he could only think about it for now.

After all, using any special ability would consume mental power.

The higher the cultivation base of the target, the more mental energy would be consumed.

With Chen Xiaobei's current mental power, he could only possess a being below Nine Star divine Emperor.

If he exceeded this level, Chen Xiaobei would run the risk of overusing his mental power. At the very least, he would faint on the battlefield. At the very worst, he would die from mental exhaustion.

Of course, the great sun divine Emperor was only a peak Seven Star divine Emperor. It would be a piece of cake for Chen Xiaobei to possess her.

"Lotus!"

Then, Chen Xiaobei activated his special ability and opened up a million five-star divine Emperor-grade Heavenly Divine lotuses.

"Bestow!"

After that, Chen Xiaobei placed the one million marks of the divine Lotus onto the one million great sun sect's lackeys.

"Everyone, listen up!"

from now on, you will not only be imprisoned by the Grand Sun mind-controlling pill, but you will also be cursed! In other words, even if the great sun Saint Emperor is dead, your lives are still firmly in my hands!"

With that, the surrounding million Saint emperors all nodded.

Anyone with eyes could see that great sun Saint Emperor was completely under control.

The person who controlled the great sun Sacred Emperor was the true master of the million people.

“Don’t talk nonsense! Wait for my return!”

Then, Chen Xiaobei controlled the great sun Holy Emperor’s body and sent him into the sealed space.

“Senior! There’s no storage space here ...”

Tiandao searched carefully and looked at Ice dome’s Saint ancestor with a frown.

“Indeed, I didn’t ...”

Ice Dome divine ancestor could sense every corner of the entire space.

“Senior, didn’t you say that you’ve already killed that person? Was it frozen? Or should we just destroy the corpse and get rid of all traces?” The heavenly Dao asked again.

“It’s ice seal ...”

The ice Dome Saint ancestor’s originally expressionless face began to show shock.

“Could it be that the kid didn’t die?” he asked in disbelief. That’s impossible! What did he have to withstand the power of the Holy ancestor? This is absolutely impossible!”

“According to what you’ve said, he’s definitely not dead! A frozen corpse won’t just disappear into thin air ... Tiandao frowned. I’m starting to suspect that the kid you met is Chen Xiaobei!

“Chen Xiaobei!” The ice dome’s divine ancestor was annoyed. Chen Xiaobei! Was this Chen Xiaobei really that powerful? They were merely ants! I will never let him go!”

“Senior, please calm your anger!”

“I will not let Chen Xiaobei go either!” Heaven’s will quickly expressed his loyalty. I’m willing to serve senior! We have to find Chen Xiaobei at all costs!”

Ice dome’s Saint ancestor composed herself and asked, “ why did that Chen Xiaobei come to the Holy ancestor ancient battlefield? ”

As long as they knew Chen Xiaobei’s goal, Ice dome’s divine ancestor’s understanding of the Holy ancestor’s ancient battlefield would allow her to guess where Chen Xiaobei was going.

I’m not sure where Chen Xiaobei went ...

Tiandao said in embarrassment, “however, that kid definitely wants to become stronger! Therefore, he will go to any place with resources and opportunities!”

“Aren’t you talking nonsense?”

“The Holy ancestor ancient battlefield has endless opportunities,” Ice dome’s sacred ancestor said coldly. “Even black demon is still looking for opportunities and resources! To find someone with these two points is like looking for a needle in a haystack!”

“Uh ...”

senior, please calm down. We can't rush things like this. As long as Chen Xiaobei is still in the Holy ancestor ancient battlefield, it's only a matter of time before we find him!

"Alright, I accept your explanation!"

Ice Dome Saint ancestor nodded and said coldly, " to prove your loyalty, give me your storage space now!

Obviously, the ice Dome divine ancestor was not someone to be trifled with. She would not be fooled by the heavenly Dao.

The only reason she didn't kill him now was because he still had some value.

However, this did not mean that she would believe in the heavenly Dao one hundred percent.

Seizing the heavenly Dao's storage space was the best way to restrict the heavenly Dao.

If he handed it over, the threat of the heavenly Dao would be greatly reduced. If he didn't, Ice dome's divine ancestor wouldn't leave the heavenly Dao behind.

This woman was ruthless enough!

"No... No problem!"

The heavenly Dao hesitated for a moment, but he did not dare to refuse.

He slowly took out his storage space and presented it to Ice dome's Saint ancestor with both hands.

At the same time, Chen Xiaobei entered the room. His eyes lit up and he was overjoyed.

Not only had Ice dome's divine ancestor not been controlled by the heavenly Dao, but she had also used this move to weaken it.

This was good news for Chen Xiaobei.

However!

The next moment, Chen Xiaobei's expression changed drastically. His mood had a 180-degree turn.

[Red Envelope Group of the Three Realms](#)

Chapter 4440: Broken Sky!

Chen Xiaobei had thought that the ice dome's divine ancestor had finally done the right thing, which was to take away the heavenly axiom's storage space and thus greatly weaken the heavenly axiom's power.

However, the scene that appeared on the other side was the opposite of what Chen Xiaobei had imagined.

"Very good! You'll be following me from now on!"

Ice Dome Saint ancestor nodded expressionlessly.

A hint of disdain appeared in her icy-blue eyes. She didn't even touch Tiandao's interspatial ring.

She was simply too arrogant.

In her eyes, the heavenly Dao's storage space was nothing more than trash.

Just as she had said, she did not have the habit of picking up trash!

thank you, senior!

Tiandao was overjoyed. He didn't expect that this woman was only testing him with her words and didn't really want his storage space.

This meant that the heavenly Dao had completed the ice Dome divine ancestor's test and gained her trust.

Once he gained the ice dome's divine ancestor's trust, the heavenly axiom would not have to worry about his safety until it found Chen Xiaobei. It could even find a chance to ambush the ice dome's divine ancestor and control her.

At a distance.

Chen Xiaobei saw all of this and knew the severity of the situation.

If Ice Dome divine ancestor was controlled by the heavenly Dao, it would be even more terrifying than controlling Saint Emperor Mo Sha. It would be even more difficult to defeat her.

He had to find a way to stop the heavenly Dao.

"Why did you follow me in?"

At this moment, the heavenly Dao's eyes fell on great sun Sacred Emperor.

The level of Mo Sha's possession was so high that the heavenly axiom and the ice Dome Saint ancestor could only see the great sun divine Emperor himself and not Chen Xiaobei's presence.

"I'm only here to help,"

Chen Xiaobei could control the great sun Holy Emperor's body, and his voice was flawless.

go out now! the heavenly axiom ordered. tell the millions of lackeys to split up and search for Chen Xiaobei. If you find any clues, come and tell me immediately!

"Yes, sir!"

Chen Xiaobei controlled the great sun Holy Emperor to nod, and then exited the sealed space.

Immediately after, Ice dome's divine ancestor and ice dome's divine ancestor also left the sealed space.

Although there were currently millions of lackeys, it was definitely more difficult than finding a needle in a haystack to find a person in the vast sacred ancestor ancient battlefield.

Ice dome's divine ancestor naturally did not waste any time. After some thought, she asked, "How did you find my sealed space?"

I have a special ability," Tiandao said, embarrassed. I can see through the walls of space and find an independent space directly.

“Oh? That’s a pretty good ability!”

“According to what I know, there are many opportunities in the Holy ancestor ancient battlefield. They have never been discovered because they are hidden in independent spaces! Since we have nothing to do, you can use your ability again to see if you can find other independent spaces.”

I’ve already searched this area,” Tiandao said. I didn’t find any other independent space. If senior is interested, we can try again at another place.

“Change location?”

“Then let’s go to Broken sky’s territory!” Ice dome’s divine ancestor said after some thought.

“Broken Sky?”

“Senior, are you talking about Saint ancestor Broken Sky, who’s ranked third on the ancient battle Supreme ranking list?” Tian Dao asked in surprise.

“That’s right.”

Ice Dome Saint ancestor nodded and said indifferently, “A few hundred million years ago, Duan Tian disappeared mysteriously. It was said that he discovered a huge secret and welcomed an unprecedented opportunity! It would be great if I could find some clues!”

Tiandao immediately expressed his loyalty. senior, don’t worry. As long as it’s within my ability, I’ll definitely do my best to help you!

“Okay, then let’s go.” Ice Dome Saint ancestor said indifferently.

To the ice Dome divine ancestor, finding divine ancestor Skybreak was more important than finding Chen Xiaobei.

More importantly, it was not easy to find Chen Xiaobei.

Thus, Ice dome’s divine ancestor made a prompt decision to set off immediately.

“Senior, I would like to bring my people. They might be useful at a critical moment.” Tiandao said.

“What’s the point of bringing a bunch of ants?” Ice dome’s divine ancestor said disdainfully.

of course, ants have their own uses. For example, they can be used as cannon fodder to explore the way first, or they can spread out to search in a large area. They can more or less be useful. Tiandao said.

“Alright then, I’ll bring along these ants.” Ice dome’s Saint ancestor waved her hand and tore a huge crack in the air.

Once again, he led a million people and broke through the void, heading toward the territory of divine ancestor Broken Sky.

Of course, great sun Sacred Emperor was also among them.

“Whoosh ...”

They shuttled through space, and in an instant, they were in another region.

It was a huge ruin.

There was no trace of Saint Qi in the air, and the surroundings were filled with desolate and pale ruins.

It could be seen that this place once had a very prosperous and advanced civilization.

However, with the mysterious disappearance of the divine ancestor Broken Sky, the civilization here had been destroyed by the people who came later, and the Saint veins had been completely drained.

Other than some low-level animals and plants, almost no one would set foot in this vast area.

“Let’s start.”

Ice dome’s divine ancestor ordered.

“Whoosh ...”

Immediately after, Tiandao activated the special ability of spatial silence. He flew in the air and scanned an inch of land like a radar.

On the surface, it seemed like the heavenly Dao was working for the ice Dome Saint ancestor.

But in reality, as long as one found an opportunity, the heavenly Dao would think of a way to take it for itself.

To put it bluntly, the heavenly Dao was actually using the ice dome’s divine ancestor’s information to help him obtain opportunities.

Naturally, he put in extra effort.

His mind power was burning as if it was free, and he directly pushed the spatial silence to the level of a one star divine ancestor.

Originally, the heavenly Dao’s special ability level was not that high.

It was because the level of the sacred soul world had been upgraded, so the level of the sacred soul mark had also been upgraded.

The sky burying Yuan sacred clan had two Saint Soul abilities.

The first special ability of the heavenly Dao’s Saint Soul was the heavenly Dao Divine Lotus.

The second sacred soul’s special ability was the heart Yuan special ability of the yuan Sage Race.

After the level of the sacred soul world increased, the level of the heavenly Dao sacred lotus imprint and the level of his heart origin ability had also increased.

Then, with the support of the heart origin special ability, all the special abilities of the heavenly Dao could exert the effect of a one-star divine ancestor.

Therefore, at this moment, as long as the space law was lower than that of a one-star divine ancestor, it could not escape the eyes of the heavenly Dao. As long as it existed, it would definitely be found.

“This seems to be a special ability of the No saint tribe, right? You’re from the No saint tribe?”

Ice dome's divine ancestor was very curious and had been following Tiandao, carefully observing his every move.

"Yes, I'm from the No saint tribe." The heavenly Dao would just casually reply and not tell the truth.

At this moment, the ice dome's divine ancestor was completely focused on this opportunity. He didn't look into it or suspect anything. He even took out some pills to help the heavenly Dao recover his mind power so that he could continue to activate his special ability.

On the other side, Chen Xiaobei had also begun his own plan.
