Chapter 4441: initiative!

To Chen Xiaobei, the situation was a little out of control, but it was not entirely in a bad direction.

At the very least, they had successfully arrived at the territory of the divine ancestor Broken Sky.

This was the Eastern Region of the Holy ancestor ancient battlefield that Chen Xiaobei had always wanted to go to.

Chen Xiaobei had the sky-breaking sacred wood key with him. After being activated by the Saint pan dew, the key could sense the direction of the area.

If he was not mistaken, the opportunity that the sky-breaking sacred wood key pointed to was hidden here.

In other words, the heavenly Dao was trying its best to find it. Even if it could find it, it might not be able to enter. In the end, it would still have to depend on Chen Xiaobei.

“Swish!”

At this moment, Tiandao and the ice Dome Saint ancestor were flying at a low altitude, conducting a carpet search.

Chen Xiaobei controlled the great sun Holy Emperor to hide among the millions of people.

At this moment, these millions of people were Chen Xiaobei’s loyal dogs. Naturally, they would not reveal Chen Xiaobei’s Secret.

“Whoosh ...”

Chen Xiaobei took out the sky-breaking sacred wood key.

Soon, he felt a very strong traction force coming from the core of the huge ruins.

“That’s great! The opportunity is indeed here!”

that’s right! Chen Xiaobei said excitedly. according to the ice dome’s divine ancestor, she discovered a huge secret before she went missing!

the reason why this area has been reduced to ruins is probably because later generations came here to search for secrets and to destroy and plunder ...

“From this, it can be seen that the credibility of this secret is very high! There’s a high chance it’s true!”

This was undoubtedly great news for Chen Xiaobei.

Chen Xiaobei had already locked onto the location of the opportunity.

If he could really find it and solve the secret that everyone was going crazy for, it would definitely help Chen Xiaobei improve greatly.

“However, the biggest problem now is how to distract Tiandao and ice dome’s divine ancestor.”

Chen Xiaobei’s brows were tightly knitted together, and he looked a little depressed.

The opportunity was right in front of them, but as long as Tiandao and the ice Dome Saint ancestor were there, they would definitely try to snatch it.

So, Chen Xiaobei put away the sky-breaking sacred wood key. Before he was fully confident, he decided to wait and see.

“Senior! I’ve found it!”

After some time, Tiandao’s gaze locked onto the center of the ruins.

That was where the sky-breaking sacred wood key felt the strong pull, which was also the entrance to the independent space.

“Swish!”

Ice dome’s divine ancestor rushed over without a word.

She landed on the ground, and the ruins under her feet instantly froze into ice.

“BOOM!”

The next moment, the ice shattered.

A huge, bottomless dark abyss appeared under the ice Dome divine ancestor’s feet.

This was the entrance to the independent space!

“Whoosh ...”

However, the entrance to the abyss was sealed by an invisible spatial wall.

Ordinary people simply couldn’t go down.

However, this spatial wall was nothing to the ice Dome divine ancestor.

“Ka ka ka ...”

In the next moment, the ice spread and covered the space wall completely, freezing and sealing it.

“BOOM!”

With a thought from Ice dome’s divine ancestor, the ice shattered. At the same time, the spatial wall also collapsed and no longer existed.

It could be seen that the ice Dome divine ancestor’s cultivation had reached the late-stage one-star divine ancestor realm.

The spatial law of this spatial wall was probably only at the early stage of a one-star divine ancestor. In front of the ice Dome divine ancestor, it was like paper. It couldn’t withstand a single blow.

“Shit ...”

Chen Xiaobei's heart skipped a beat when he saw this.

Chen Xiaobei had thought that even if the heavenly axiom found an independent space, it would still need a key to enter it.

However, he had not expected the ice Dome divine ancestor to be so domineering as to directly shatter the spatial wall.

It was equivalent to breaking in, so naturally, he wouldn't need a key.

This was not an easy thing for Chen Xiaobei to eliminate.

If the ice dome's divine ancestor and the wielder of the will found the opportunity first, Chen Xiaobei would not be able to defeat them. He could only watch as the opportunity was taken by the enemy.

Just thinking about it made him extremely unhappy.

"Go! Let's go down!"

Ice dome's divine ancestor said impatiently.

"Senior, please wait!"

Tiandao hurriedly said, "I can only see this spatial wall. As for what's under this abyss, I can't see it at all. So, it's best to let the cannon fodder go down first to explore the way. If there's any danger, we can also plan for the long term!"

"Good! We'll do as you say!" Ice dome's divine ancestor nodded and was quite satisfied with the attitude of the heavenly Dao.

On the surface, the heavenly Dao was wholeheartedly thinking for the ice Dome divine ancestor.

But in reality, by sending people down first, they would be able to gain the upper hand.

"Great sun! Bring a few people with high cultivation down to take a look! If there's no danger, come back and tell us!"

Tian Dao ordered and then gave great sun Sacred Emperor a look.

Obviously, he was reminding the great sun Sacred Emperor to keep the benefits and not let the ice Dome Saint ancestor know.

In the eyes of the heavenly Dao, great sun Sacred Emperor was still its dog.

However, the heavenly axiom did not expect that the great sun Holy Emperor had become Chen Xiaobei's puppet. His body and consciousness were completely controlled by Chen Xiaobei!

What the heavenly axiom did not expect was that the millions of lackeys it brought with it had become Chen Xiaobei's men!

At this moment, the heavenly Dao wanted to scheme against the ice Dome divine ancestor and had his people go down first.

In the end, it was all for Chen Xiaobei.

“No problem!”

Chen Xiaobei took control of the great sun Holy Emperor and brought ten of his most powerful lackeys into the abyss.

Chen Xiaobei was overjoyed.

He had been worried that Tiandao and ice dome’s divine ancestor would get the opportunity first.

Now, Chen Xiaobei had the upper hand.

As long as he found an opportunity, he would take it all. The heavenly Dao and the ice Dome Saint ancestor would not be able to get anything.

“Swish!”

Chen Xiaobei controlled the great sun Holy Emperor to fly as fast as he could.

After reaching the bottom of the abyss, Chen Xiaobei took out the sky-breaking holy tree key.

“Whoosh ...”

Suddenly, a strong force of attraction almost pulled Chen Xiaobei towards it.

The dark abyss suddenly shone with green holy light.

In front of Chen Xiaobei was a huge Green Door.

There were leaves and vines on the door, and there were flowers and grass on the ground. The door exuded vitality, as if it was a door to a paradise.

“Could it be that the old mudfish didn’t lie? Is the broken Sky divine ancestor’s Treasury behind this door?”

Chen Xiaobei was surprised.

“Ka! Ka ...”

He walked over and inserted the sky-breaking sacred wood key into the lock. It fit perfectly.

With a twist of the key, the door lock was opened.

“Whoosh ...”

Without hesitation, Chen Xiaobei took control of the great sun Holy Emperor and pushed the door open.

Chapter 4442: The opportunity on the door!

4442 The opportunity on the door!

As the door opened, an extremely thick Saint Origin Energy gushed out.

If the Saint Origin Energy was coming from a Saint vein, then the grade of the Saint vein was very likely to have reached the level of a one star Saint ancestor.

If Chen Xiaobei could get his hands on this Holy Meridian, his power would increase by leaps and bounds, and he might even reach the threshold of holy ancestor level.

However, he had to find the core of the Saint vein first if he wanted to get it.

However, this was clearly not a simple matter.

This was because behind the door was not a treasure vault, but a boundless wasteland.

The ground was dark red, and the sun was purple.

Every corner of the room exuded a murderous and gloomy aura.

It was as if a great battle had once broken out here, with corpses filling the sky and blood flowing like an ocean.

"F * ck! The old mudfish is a liar!"

Chen Xiaobei frowned and said, "How is this the Treasury of the divine ancestor Broken Sky? It's clearly a dangerous space that's completely unknown!"

Chen Xiaobei had thought that he had the upper hand and could take the treasure and opportunity for himself.

But at this moment, he didn't even see the shadow of an opportunity or treasure. Instead, he could sense a huge dangerous aura.

Chen Xiaobei took out the sky-breaking holy tree key and held it tightly in his hand.

No matter what, this key was at least a 1-star divine ancestor level key. It had been modified by Chen Xiaobei with the Saint pan Jasper dew. It was a treasure in its own right. He could not let it fall into the hands of others.

"Master, what should we do now?"

There were a total of 13 great sun sect lackeys who came down with him.

One of them was a man with deer horns and Eagle wings. He had the highest cultivation level among them. He was a late six star divine Emperor.

He was the first one to step forward and ask Chen what he should do. In fact, he looked like he had something to say, as if he had already thought of a way.

Chen Xiaobei was smart enough to read the man's mind and said, "I don't have any thoughts at the moment. If you have something to say, just say it."

"Yes!"

The man with deer horns and Eagle wings said respectfully, "I saw that master used a key to open the door! As long as we enter this space and close the door from the inside, the people outside won't be able to come in, right?"

If he followed the deer-horned eagle-winged man's method and locked the door from the inside, it would work.

However, Chen Xiaobei shook his head and said, " "You're too naive! First of all, Ice Dome divine Emperor's cultivation level is higher than the Green Door's level. She can break it open with brute force!"

"Secondly, if we lock the door from the inside, what if there's any danger in the space? how are we going to escape? He's completely digging his own grave!"

Obviously, the man with the antlers and Eagle wings was just trying to be smart. Chen Xiaobei was the one who was truly far-sighted and had considered a lot more.

master is wise ... I was too talkative ... the man with deer horns and Eagle wings quickly lowered his head and retreated to the side.

"Help me keep an eye on the top!"

Chen Xiaobei then activated the one-word Saint-killer curse, " Xuan character: fortune and opportunity!

Immediately after, the level eight " Xuan " spell was activated.

The special ability quickly entered the space at the door, looking for an opportunity that could help Chen Xiaobei.

The strange thing was that there was nothing that could help Chen Xiaobei in the medium.

On the contrary, the Green Door in front of him shone with the spiritual light of creation and opportunity.

The " Xuan " character mantra's " special ability of creation " was very special. The opportunities it could sense could be energy, heavenly materials and earthly treasures, inheritances from experts, or items from specific people.

As long as it was helpful to Chen Xiaobei, he would be able to sense it whether it was a positive or negative help.

Of course, Chen Xiaobei would have to figure out how to use it to get help.

"Whoosh ..."

Chen Xiaobei kept his special ability and carefully observed the Green Door.

However, no matter how he looked at it, there did not seem to be anything special about the door.

It was probably just that the materials were relatively high-grade and rare.

"Do you want me to pry the door down and move it away? But even so, it's not of much help to me ..."

Chen Xiaobei furrowed his brows in confusion.

Chen Xiaobei had obtained The Phantom Valley Holy compass. This magical item could detect energy below the level of an eight star divine Emperor or heavenly treasures.

On the other hand, the 'Xuan' spell would only sense opportunities that would help Chen Xiaobei.

In other words, the reason why the black Curse could sense the Green Door was not because of its rare material, but because it could really help Chen Xiaobei.

"Since it has nothing to do with the materials, I can only see the essence through the surface! The origin black hole!"

Chen Xiaobei then activated another ability.

"Whoosh ..."

Suddenly, Chen Xiaobei's eyes emitted a thick dark aura as he tried to see the source of the Green Door.

Originally, Chen Xiaobei's ability level was directly proportional to the level of the "origin" curse. He was only an eight star divine Emperor, so he could not see the source of the Green Door.

However, the sky-breaking sacred wood key in his hand seemed to resonate with the Green Door.

In fact, it wasn't the origin black hole that was effective.

The key had sensed Chen Xiaobei's desire to peek at the source, so it responded to him.

"Whoosh ..."

Chen Xiaobei stopped the black hole's special ability and focused on communicating with the key.

He said in surprise, "this key is actually a spiritual treasure, and it has already become my master, and can sense my thoughts!" This is amazing!"

"Swish!"

Chen Xiaobei immediately understood the nature of the Green Door.

He said excitedly, "it seems that I've gained an advantage by coming here early!" We didn't make a wasted trip!"

After that, Chen Xiaobei closed the Green Door.

Then, he led everyone back to the abyss.

"What's the situation down there?"

Tiandao and ice dome's divine ancestor had been impatient for a long time.

"There's no danger down there, please follow me!"

Chen Xiaobei took control of the great sun Holy Emperor, leading the heavenly way and the ice Dome divine ancestor into the abyss.

As for the great sun sect's one million lackeys, Chen Xiaobei had already asked the man with antlers and Eagle wings to send a message to them, telling them not to follow them.

In the abyss.

Tiandao and the ice Dome Saint ancestor arrived in front of the Green Door.

At this moment, the door was tightly shut, blocking everyone outside.

Chen Xiaobei took control of the great sun Holy Emperor and said, " the level of this door should be in the early stages of a one-star divine ancestor. Only the ice Dome divine ancestor has the ability to open it.

"Will it be dangerous?" Ice dome's divine ancestor was a little startled and very vigilant.

Chapter 4443: Bloodstains!

4443 Bloodstains!

Ice dome's divine ancestor was smart. Her beautiful ice-blue eyes carefully observed the Green Door, but she didn't try to break it with brute force.

However, after careful observation, she did not find anything special.

it looks like it's just made of special materials. It shouldn't be dangerous.

Tiandao had been waiting impatiently for a long time.

On the surface, he seemed to be submissive to the ice Dome divine ancestor, but in reality, he was greedier than anyone else. As soon as the ice Dome divine ancestor opened the door, he would find an opportunity to strike. He would seize the opportunity and control the ice Dome Saint ancestor!

Of course, Ice dome's divine ancestor was a ruthless character. How could she take risks so easily?

"Try attacking the door first and see what kind of reaction it will have!" Ice Dome divine ancestor said warily.

"Me?"

Tiandao's expression froze, and he immediately became nervous.

The heavenly Dao was also a shrewd character, so how could it risk its own life?

"Great sun! You attack this door!"

Tian Dao turned to great sun Sacred Emperor and ordered, " "Attack with all your might! Don't hold back!"

"Yes!"

Chen Xiaobei controlled the great sun Holy Emperor to nod and then channeled his Saint Vital energy.

"BOOM!"

The next moment, a terrifying and dazzling light hit the green Door. The impact of the terrifying power caused the entire abyss to shake violently, as if the mountains on both sides were about to collapse.

The great sun Sacred Emperor was a peak Seven Star Sacred Emperor. His full power attack was naturally very, very terrifying.

If her attack hit a mountain directly, it could even raze the mountains within hundreds of millions of miles to the ground.

However, at this moment, the Green Door did not move at all. There was not even a trace on its surface.

From this, it could be seen that the material of this Green Door was really very high quality.

Apart from the ice Dome divine ancestor, no one could move him.

“Senior, we seem to be worrying too much. Attacking this door will not cause any danger.”

Tiandao said excitedly, “senior, please make your move!” Perhaps the legendary great fortune of the duantian divine ancestor is behind this gate!”

Ice dome’s Saint ancestor nodded, confirming that there was no danger.

“Ka ka ka ...”

Then, the ice dome’s divine ancestor didn’t do anything. She just expressionlessly moved her mind.

In the blink of an eye, the huge Green Door was directly covered in a pale and hard layer of ice.

“Ice Dome Sky Seal, collapse!”

Ice dome’s sacred ancestor shouted.

on the pale ice, layers of mysterious ice-blue patterns suddenly appeared.

These strange patterns gathered and formed a huge ice-blue mark.

“BOOM!”

In the next instant, these seals suddenly burst forth with a terrifying power that could twist time and space, and they crashed toward the Green Door from the inside.

“BOOM!”

Immediately after, the door shattered into pieces and the ground was covered in ice.

“Haha, there’s no danger at all!”

Tiandao immediately became excited and impatiently looked at the space behind the door.

Ice dome’s Saint ancestor’s beautiful eyes narrowed, and her pretty face was full of curiosity.

“Whoosh ...”

However, at this moment, Tiandao and the ice Dome Saint ancestor didn’t notice that the sky-breaking sacred wood key in the great sun Saint Emperor’s Hand emitted a green light.

Of course, the main reason was that the great sun Saint Emperor was always shining with a blinding white light. It completely covered the sky-breaking Saint Tree key.

Because of this, Tiandao and ice dome's divine ancestor had not noticed it at all.

He didn't have any defenses.

"Shua shua shua ..."

In an instant, a green array appeared where the gate had been.

That's right, this was the mystic skill that Chen Xiaobei had sensed was hidden behind the door.

The reason great sun Sacred Emperor didn't react when he attacked was that the key to the formation was the sky breaking sacred tree key!

Now that Tiandao and ice dome's divine ancestor were caught off guard and the array was activated, they would definitely be caught off guard.

And this was the advantage that Chen Xiaobei had!

"Whoosh ..."

In an instant, all the Saint Origin Energy in the space behind the door was used up.

In other words, the level of this array had reached the level of a one-star divine ancestor. In an instant, it had burned out the one-star divine ancestor level Holy Meridian that was hidden in the dark.

"Boom boom boom ..."

In the next moment, countless green lightning bolts burst out and gathered to form a barrier domain that was like an inescapable net.

what's going on?!

Ice dome's divine ancestor was shocked and nervous.

And because the speed of the array was too fast, the heavenly Dao did not even have time to react.

"Idiot! Quickly hide!"

Ice dome's divine ancestor released a beam of Saint origin power, which entangled Tiandao and pulled him behind her.

It was obvious that the heavenly Dao had displayed the special ability of spatial silence.

Thus, the heavenly Dao still had great value to the ice Dome divine ancestor.

It was for this reason that the ice Dome divine ancestor was willing to divert her attention to protect the heavenly Dao at such a critical moment.

In a battle between experts, a moment or a flaw could determine the outcome.

Moreover, this was a confrontation at the level of the Holy ancestors.

"BOOM!"

In order to protect the heavenly Dao, Ice dome's divine ancestor had lost the initiative and even revealed a flaw.

In an instant, thousands of green lightning bolts gathered into a green lightning Spear and shot toward Ice dome's heart with extreme Fury.

If it had been an ordinary one-star divine ancestor, they definitely wouldn't have been able to dodge this.

Even if he didn't die, his body would be basically useless.

"Swish!"

However, the ice Dome divine ancestor's cultivation base had reached the late-stage one-star divine ancestor realm, which was two minor realms higher than this array.

Thus, Ice dome's divine ancestor still dodged despite the extreme disadvantage.

His body suddenly moved to the side, avoiding the position of his heart.

"Cha!"

The green lightning Spear cut through her white clothes and flashed past her right arm.

"Senior! Are you alright?"

Only then did Tiandao come back to his senses and hurriedly looked at Ice dome's divine ancestor.

On the other side, Chen Xiaobei was also watching the progress of the battle with a heavy heart.

Originally, Chen Xiaobei wanted to use this formation to catch them off guard and injure them severely, or even kill them instantly.

However, Chen Xiaobei did not expect the ice dome's divine ancestor to react so quickly.

He had actually dodged the fatal blow.

One had to know that this was a sneak attack, but she had actually dodged it.

If they were to fight face to face, this array would not be her match at all.

She would probably destroy the array in the next second.

Chen Xiaobei's plan seemed to have failed.

"Whoosh ..."

However, at this moment, the sky-breaking sacred wood key gave off a special spiritual wave.

Chen Xiaobei immediately looked over.

Blood was seeping out of Ice dome's torn clothes.

Chapter 4444: Divine Dao ability!

4444 Divine Dao ability!

That's great!

Chen Xiaobei was overjoyed!

He had thought that his plan had failed, but he hadn't expected that the attack just now had injured Ice dome's divine ancestor.

Although it was only a minor external injury, it had an extraordinary effect when combined with the sacred sky breaking Wood's special ability.

"This is bad!"

Ice Dome Saint ancestor frowned, and a strong sense of danger appeared on her pretty face.

Her ice-blue eyes were fixed on the wound on her right arm.

Although the wound was short and shallow, it would heal in one or two days under normal circumstances.

But!

This was no ordinary wound!

Instead, it was a wound that had been invaded by divine ancestor Broken Sky's special ability!

"Whoosh ..."

In the next moment, three tender shoots emerged from the ice dome's wound. These shoots absorbed her blood and continued to grow.

After a while, a small green branch had appeared on her right arm, with Jasper-like leaves growing on it. It was very beautiful, but also very strange.

senior ... This ... What's going on?!

Tiandao was dumbfounded and hurriedly asked.

"Woof!"

Ice dome's divine ancestor didn't reply. Instead, she waved her hand, and a pure white sword of ice and snow suddenly appeared in her palm.

The sword blade pulled out supreme power. In an instant, the surrounding space was distorted and countless Thunderbolt-like cracks appeared. It was as if the sword was going to split the world in half.

"BOOM!"

As Chen Xiaobei expected, the one-star divine ancestor level formation was destroyed by the ice dome's divine ancestor.

"Whoosh ..."

However, as Ice dome's divine ancestor attacked, the branch on her arm started to absorb her Saint origin power and continued to grow.

It almost wrapped around half of her right arm.

At the same time, a small flower bud appeared on the tip of the branch.

what ... What the hell is going on?!

When Tiandao saw this, he was completely dumbfounded. He simply couldn't believe his eyes.

"This is divine ancestor Broken sky's Wood divine Dao special ability! A three-meter-long rainbow breaks the sky, and when one dies, one's Dao will return to dust!"

Ice dome's divine ancestor's brows were tightly furrowed, and she seemed very anxious.

There was no doubt that although the ice Dome divine ancestor's realm was two minor realms higher than the array's realm, it could not dispel the divine ancestor's special ability.

It was because of this that even someone as powerful as her revealed an unprecedented look of despair.

"Senior ... I ... I don't understand what you mean ..." He said.

Tiandao asked with a blank expression.

"The branch in my hand will continue to absorb my blood essence and Saint Qi, slowly growing into a small tree. Once the red flower on the small tree bloomed, there would be a blood-red light that could split the sky ..."

"When that time comes, I'll die without a doubt!" Ice dome's divine ancestor said in a deep voice. My body and Saint Soul will be turned into nutrients and return to the earth to nourish the land!"

the small tree on my arm will continue to grow and eventually become the sky-breaking tree, which will shelter all the plants and add to the divine ancestor's Wood-wielding divine Dao!

Tiandao was taken aback. He hadn't expected that even ice dome's divine ancestor wouldn't be able to save him after being hit by the divine ancestor Broken Sky's special ability.

This was simply too domineering and ruthless!

At the same time, Chen Xiaobei was also shocked. Even though he knew that the magical formation's special ability was very powerful, he did not expect it to be able to take the ice dome's divine ancestor's life.

This was a huge surprise for Chen Xiaobei.

As long as the ice dome's divine ancestor was killed, even if Chen Xiaobei could not win against the heavenly axiom for the time being, he would not lose without a doubt.

Of course, there was one more thing that made Chen Xiaobei feel uncertain.

It was the wood divine path that Ice dome's divine ancestor had repeatedly mentioned.

What was The Holy Road?

Was it a cultivation technique? Or a realm? Or was it a Dao heart that had reached the pinnacle?

Chen Xiaobei could not be sure.

However, looking at the heavenly Dao, he didn't seem to be surprised by the term "Holy Road" at all, as if he had already known its meaning.

"Senior, what should we do now? Do you still want to go deeper?"

Tiandao immediately asked.

"Of course!"

Ice dome's divine ancestor said without hesitation, "there are two ways to get rid of the broken Sky ten feet red. One is to find the divine ancestor who controls the fire sacred Dao and destroy his special ability. The other is to find the broken Sky divine ancestor and take back the antidote from him!"

Chen Xiaobei was taken aback.

It turned out that the divine ancestor Broken sky's Wood divine Dao special ability could be removed.

In this case, the ice Dome Saint ancestor might not necessarily die.

There would still be many variables.

however, there's no one in the Holy ancestor ancient battlefield who can control the sacred Dao of fire ... Therefore, my only chance of survival is to enter the space behind the door, find the divine ancestor Broken Sky, and obtain the antidote. Only then can I save myself!

Ice Dome Saint ancestor's brows furrowed and her face turned pale. She exuded an aura that seemed to be ready to cut off all means of retreat.

Obviously, she had no way back. She could either find the antidote or wait for her death.

Only by cutting off all means of retreat and finding divine ancestor Broken Sky at all costs would she have a chance of survival.

"Senior, don't worry! I'll do my best to assist you!"

The heavenly Dao immediately expressed its loyalty.

As the saying goes, it's easy to add flowers to a brocade, but hard to send charcoal in the snow.

At this moment, the heavenly Dao still looked loyal, which naturally pleased the ice Dome divine ancestor. Her trust in the heavenly Dao also greatly increased.

"Very good! I didn't save you in vain!"

Ice Dome Saint ancestor nodded and said, "Call your men and we'll set off immediately!"

"Yes!"

The heaven Dao immediately ordered great sun Sacred Emperor to bring his million lackeys into the space behind the door.

In the boundless wilderness, the ground was dark red, and a purple-red setting sun hung in the sky. The atmosphere of the entire space was gloomy.

Everyone, from the ice Dome Saint ancestor to the lackeys with the lowest cultivation, was greatly affected.

Some people with weak mental states would even have hallucinations.

He felt like he had fallen into an extremely terrifying battlefield. The horrifying scene of corpses and blood filling the sky was like hell. It made people feel uneasy and uneasy.

“Everyone, spread out! Search carefully! Don’t let go of any opportunities!”

Tiandao shouted loudly.

Not only did he let his millions of lackeys search the area inch by inch, but he also constantly activated his spatial silence special ability to not let go of any suspicious corners.

At the same time, Chen Xiaobei maintained a high level of concentration.

Although he had used the ‘Xuan’ word incantation to search for it, he did not find any opportunities. However, there was a limitation to the ‘Xuan’ spell. It could only help Chen Xiaobei find opportunities.

If it was an opportunity that was of no help, or an opportunity that would bring danger, the “Xuan” spell would not be able to sense it.

“Master! Quickly come over and take a look! What ... What is this?”

at this moment, one of the great sun sect’s lackeys shouted in shock. His voice was filled with shock and he couldn’t believe his eyes.

[Red Envelope Group of the Three Realms](#)

Chapter 4445: The price!

4445 The price!

Immediately, everyone gathered around the voice.

He saw a giant, withered tree in the wilderness.

From a distance, this giant tree was so tall that it looked like a mountain. However, the tree trunk and branches had long dried up, and all the leaves had fallen. Not a single leaf was left.

However, this alone was not enough to make people scream.

What was truly strange about this giant tree was that there was a huge human face in the center of its trunk.

The face was covered by rough and dry tree bark, but the facial features were still very clear.

It could be seen that this person’s face was filled with pain and despair, as if his expression before death had been frozen.

It was very strange and very frightening.

“This is the person who was hit by the ten feet Red Sky breaker ...”

“It’s obvious that you’ve fought someone here,” the ice Dome Saint ancestor said with a frown. The winner is divine ancestor Broken Sky, so all the opportunities here should have been plundered by him ...”

“Then wouldn’t we have worked for nothing?” Tiandao’s face sank, and he instantly appeared very disappointed.

It wasn’t easy to find this space, it wasn’t easy to get here, but he couldn’t get any benefits!

For a greedy person like the heavenly Dao, as long as he didn’t pick up any money, it would be considered a loss. It would be a huge loss if there were no benefits after wasting their strength.

it seems like I can only leave the sacred ancestral ancient battlefield now ... I only have a chance of survival if I go to the ancestral Saint domain to ask for help ...

Ice dome’s divine ancestor’s expression was also very ugly.

This space had already been plundered by the broken Sky divine ancestor, so he definitely wouldn’t stay here.

In other words, the ice Dome divine ancestor had found the mysterious missing divine ancestor Broken Sky.

Since that was the case, the only chance for Ice dome’s Saint ancestor to survive was to find an ancestral Saint who had mastered The Fire Divine Dao to help him burn down the Esper ability.

However, there was no ancestral Saint who could control the fire sacred Dao in the sacred ancestor ancient battlefield.

Thus, the only way for the ice Dome Saint ancestor to survive was to leave the sacred ancestor ancient battlefield and go to the ancestral Saint domain in the real world.

senior, do you have a way to leave the Holy ancestor ancient battlefield? ”

The truth was that the heavenly axiom and the anatta star had only followed Chen Xiaobei into the Holy ancestor ancient battlefield on a whim.

This was because once he entered, he could only leave it up to fate if he wanted to leave. Therefore, the heavenly Dao actually still had some regrets.

At this moment, Tiandao was excited when he heard the ice Dome divine ancestor mention going out.

I have a way, but I’ll have to pay a huge price. I don’t want to leave unless it’s the last resort ... But now, I’m really at my wit’s end. I have no other choice ...

Ice dome’s divine ancestor sighed helplessly.

In order to save her life, she had to leave the sacred ancestor ancient battlefield no matter how great the price she had to pay.

“Then ... Then let’s go. I’m willing to follow senior!”

Tiandao was still loyal to the ice Dome Saint Zouma.

After all, if the heavenly Dao wanted to leave, they had to rely on the ice Dome divine ancestor.

“Come over quickly! We’ve found something!”

Suddenly, Chen Xiaobei controlled the great sun Holy Emperor to shout.

Unlike the others, Chen Xiaobei had the sky-breaking sacred wood key in his hand. He could sense a special attraction.

In the depths of the wilderness, Chen Xiaobei found a huge green wooden door.

“Shua shua shua ...”

Soon, everyone gathered around.

“Senior! We still have a chance! If we open this door, we might be able to find divine ancestor Broken Sky!”

Tiandao said excitedly.

“I don’t think so ...”

Ice Dome Saint ancestor shook her head and said warily, “Think about it. These spaces didn’t belong to the divine ancestor Broken Sky, but he set up the doors himself! What does this mean?”

Tiandao’s expression froze slightly, and he frowned. you mean that divine ancestor Broken Sky has already plundered these spaces and set up these green gates before he left? ”

“That’s right!”

“Therefore, I think that the divine ancestor Broken Sky is probably not inside,” the ice Dome divine ancestor said solemnly. “To be safe, we should leave the divine ancestor ancient battlefield ...”

It was obvious that Ice dome’s divine ancestor was no longer the same as before.

She didn’t want to waste any more time and energy here. Instead of looking for divine ancestor Skybreak, who had no news at all, she might as well leave the divine ancestor ancient battlefield and go to the ancestral divine region. There was a hundred percent chance that she could find the fire Divine Dao’s divine ancestor.

Even though leaving the sacred ancestor ancient battlefield would cost them a huge price.

However, as long as he could save his life, any price was absolutely worth it.

“Alright, since senior has already decided, then let’s leave ...”

Although Tiandao said it respectfully, he was already very unwilling in his heart.

He didn’t get any benefits, it was simply a huge loss.

“Mm ...”

fly me, " Ice dome's divine ancestor said in a deep voice. if I move now, my blood essence and Saint Qi will be absorbed faster. I can only live a few more days if I move less ...

"Alright!"

Tiandao's gaze focused, and a hint of ruthlessness suddenly flashed in the depths of his eyes.

"Whoosh ..."

Tiandao instantly released his Saint origin power and wrapped it around Ice dome's Saint ancestor.

However, at the same time as the Saint Origin Energy was released, the heavenly Dao also produced a heavenly Dao Saint Lotus.

"You! What are you doing?"

The ice Dome Saint ancestor was caught off guard. The heavenly path Divine Lotus drilled into her body and imprinted itself on her Saint Soul.

This is bad!

Chen Xiaobei's heart clenched when he saw this.

The thing he was most worried about had happened.

"What am I doing?"

The heavenly Dao laughed. you should be able to feel it. I've already branded a curse on your Saint Soul. As long as I want to, I can make your Saint Soul collapse and your body and Dao disappear!

you ... You're so sinister ... Ice Dome Saint ancestor's face was pale, and her eyes were filled with extreme fear.

"Hmph! I've been following you for so long, pretending to be a grandson, and spending so much effort. You should at least let me gain something, right? And you are my harvest!"

Tiandao grinned greedily, "from now on, you're a dog under my feet!" If you don't listen to me, I can kill you with a single thought!"

you ... although Ice dome's divine ancestor was furious, she didn't dare to talk back.

She was extremely cold and arrogant.

However, she had put in a lot of effort to reach her current cultivation realm! How many tribulations had he overcome! How many years had it been!

She was really unwilling to die at the hands of such a despicable person like Tiandao! He really didn't die in peace!

The only way to survive was to submit to the heavenly Dao.

"Cut the crap and hand over your storage space first!"

Tiandao squinted his eyes. He was as greedy as a hungry dog, eating people without spitting out the bones.

“I ...”

This familiar scene made Ice dome’s divine ancestor extremely depressed. She was so regretful that her intestines turned green.

If she had known this earlier, she would never have been soft-hearted towards the heavenly Dao.

Even if they didn’t kill Tiandao, they would definitely take away Tiandao’s storage space and seal him.

However, there was no medicine for regret in this world.

At this moment, she was destined to pay the price for her arrogance.

Chapter 4446: What do you want?

4446 What do you want?

“Here ...”

Ice dome’s divine ancestor presented her storage space to Tiandao with both hands.

At this moment, her pride and self-esteem had been completely shattered.

In order to survive, she had to obey the heavenly Dao.

This was really bad ...

At the same time, Chen Xiaobei felt a deep sense of anxiety and uneasiness.

First of all, Ice dome’s divine ancestor had been given Tiandao a divine ancestor-level trump card.

This was because the heavenly Dao did not care about the ice dome’s sacred ancestor’s life. Thus, before Duanmu Yizhang’s rage completely erupted, the heavenly Dao could order the ice dome’s sacred ancestor to fight with all his might.

Secondly, the storage space of the ice dome’s divine ancestor had fallen into the hands of Tiandao. There must be a lot of resources and powerful trump cards inside.

In other words, even if the ice dome’s divine ancestor died, the heavenly Dao would still obtain great benefits and make great progress.

From now on, it would be even more difficult for Chen Xiaobei to defeat the heavenly axiom.

“Hahaha ... I’m rich! I’m rich ... Hahaha ...”

Sure enough, Tiandao was ecstatic after checking the ice Dome divine ancestor’s storage space.

He laughed arrogantly, then screamed madly. It was as if he would become the master of everything from now on, as if he could step on all living things under his feet.

Don’t even mention how good it felt.

“Alright! Listen to my command! Blast this door open!”

Tiandao composed himself and his greedy eyes immediately locked onto the new green wooden door in front of him.

It was obvious that the wielder of the will did not care about the ice Dome divine ancestor’s life at all. He only cared about benefits.

“As ... As you wish ...”

Ice Dome Saint ancestor’s face was pale, and her voice was weak.

It had to be known that every time the ice dome’s Saint ancestor used her power, the broken Sky tentacle red would speed up the absorption of her blood essence and Saint origin power.

If she didn’t control her strength, she might not even be able to see the sun tomorrow morning.

In the end, it was still a dead end.

This way, she could temporarily keep her life and ask the heavenly Dao to take her out of the sacred ancestor ancient battlefield to find the sacred ancestor outside to dispel her special ability.

This was her only way out.

Therefore, she had to obey the heavenly Dao at this moment.

“Ice Dome Sky Seal, slash!”

The next moment, Ice dome’s Saint ancestor waved her hand, and the pure white sword appeared again.

The blade of the sword was imbued with boundless power. In an instant, a white light pierced through the heavens and earth like a bolt of pure white Lightning, striking directly at the green Gate.

“BOOM!”

In the next moment, the door and the array hidden inside were both broken.

One could tell that the ice Dome Saint ancestor was extremely powerful. No wonder she was ranked second on the Supreme ranking list.

“Uh ...”

However, as soon as she attacked, her blood essence and Saint Qi were quickly sucked away.

The vines that were wrapped around her right arm extended further, completely wrapping around her right shoulder and palm.

The branches that grew out of her wound also began to grow healthily, turning into a 50-centimeter-tall sapling.

The flower buds on the treetops gradually grew, and a fiery red color could be seen.

According to Ice dome’s divine ancestor, when this flower bloomed, it would be the time of her death.

“Whoosh ...”

As the door was cut open, a strong Saint origin power suddenly gushed out.

At this moment, this Saint Qi was even purer and more concentrated than the Saint Qi He had used before.

Each breath was equivalent to a one star Saint Emperor level Saint Meridian.

One could only imagine how terrifying this was.

By conservative estimation, the source of the Saint Origin Energy should be a middle-stage one-star Saint ancestor’s Saint vein.

“What the f * ck! I’m rich! As long as I can find the core of the Holy Meridian, I’ll be able to completely take over this Holy Meridian!”

Tiandao was so surprised that he couldn’t even close his mouth.

However, Tiandao didn’t rush in. Instead, he looked at the sword in Ice dome’s hand.

Obviously, this was a one-star divine ancestor late-stage divine ancestor weapon that matched the ice Dome divine ancestor’s cultivation. It was also a rare harvest for the heavenly Dao.

“You ... You still want my sword?”

When Ice dome’s divine ancestor saw Tiandao’s greedy eyes, she immediately knew that she would most likely lose her Sacred Emperor weapon.

As long as the heavenly Dao gave the order, she could only offer it with both hands and did not dare to refuse.

“You can take it first. I don’t have the energy to activate it anyway. It’s not too late for me to take it back after you die.”

Tiandao shrugged his shoulders, his expression showing that everything was under his control.

In the eyes of the heavenly Dao, whether it was the sword or the ice Dome divine ancestor herself, they were both in the bag of the heavenly Dao and would never escape the palm of the heavenly Dao.

Thus, this sword had been temporarily given to Ice dome’s divine ancestor while she was still alive.

When the ice Dome divine ancestor died, her sword would naturally fall into the hands of the heavenly Dao.

“Yes ...”

Ice Dome Saint ancestor lowered her head and said in a low voice, “I’m in a very bad condition right now. Can you let me rest for a while?”

“Of course you can! After all, I might still need your help later!”

Tiandao smiled indifferently and ordered, “great sun! Come over here! He carried her and flew! As long as we don’t encounter any danger or obstacles, don’t let her help!”

“Yes!”

Chen Xiaobei controlled the great sun Holy Emperor and flew over.

Then, she released her Saint Origin Energy to cover Ice Dome Sacred Emperor and flew with him.

“Shua shua ... Shua shua ...”

After that, Tiandao took the lead and led everyone into the space behind the door.

This space was also a wasteland with an extremely strong aura of war.

All he could see was the blood-red Land and the blood-red setting sun. It was as if the entire space had once been filled with blood. Everything was dyed a piercing blood-red. Even the air was filled with the smell of blood.

everyone, spread out. Report to me immediately if you find any clues!

Tiandao instructed. Then, he activated his spatial silence special ability and began to search carefully.

At the same time, the millions of lackeys also dispersed.

However, these millions of lackeys were now Chen Xiaobei’s men.

Even if they found something, they would not tell the heavenly axiom immediately. Instead, they would tell Chen Xiaobei.

There was strength in numbers.

Soon, the million lackeys found the two most important things. One was the core of this space’s Holy Meridian, and the other was the third Green Door.

“Weren’t you controlled by the heavenly Dao? Why do you have to do things behind his back?”

Ice Dome Saint ancestor was very smart and immediately saw the great sun Saint Emperor’s abnormality.

Chen Xiaobei controlled the great sun Holy Emperor and said, “ the heavenly Dao’s special ability can only curse sacred souls, but it can’t control our consciousness. That is to say, as long as he can’t hear or see, we can do whatever we want!

do ... Do whatever you want!? what are you doing?! Ice dome’s divine ancestor was shocked.

Chapter 4447: Did I fail?

4447 Did I fail?

“What are you doing? Of course, it’s to do something big!”

Chen Xiaobei took control of the great sun Holy Emperor and said in a low, provocative tone, “ I plan to launch a sneak attack on the heavenly Dao! You also want to regain your freedom, don’t you? Do you want to join hands with me?”

“Join hands?”

“You can’t hurt the heavenly Dao!” Ice dome’s divine ancestor frowned and said. He has a strong foundation, and he has also obtained my storage space. He is already in an invincible position! Do you understand?”

“I know you don’t believe me.”

Chen Xiaobei took control of the great sun Holy Emperor and said, “ I don’t need you to do anything. You just have to promise me that when I make a move, you won’t help the heavenly Dao!

“You’re just looking for death! There’s no suspense at all!”

Ice Dome Saint ancestor’s face was cold. She didn’t believe that the great sun Sacred Emperor could pose any threat to the heavenly Dao.

Chen Xiaobei took control of the great sun Holy Emperor and said, “ “My life or death has nothing to do with you. As long as you cooperate with me, you will have a chance to regain your freedom. Isn’t it?”

“Hmm, you’re right ...”

Ice dome’s Saint ancestor was a little startled and nodded silently. “But I want to make this clear first! The only cooperation I can give you is to not attack! And I’ll give you five seconds at most! If I don’t make a move for too long, the heavenly Dao will definitely suspect me! At that time, he can kill me with a single thought!”

Although the ice dome’s divine ancestor thought that Chen Xiaobei was right, she did not think that Chen Xiaobei would succeed.

Thus, the ice Dome divine ancestor could not let the heavenly Dao suspect her.

She would only cooperate with Chen Xiaobei if she could protect herself.

If Chen Xiaobei’s safety was threatened, she would immediately abandon the Alliance and kill him.

“It’s a deal!”

what is it? ” Chen Xiaobei asked, “ what is the strongest trump card that the heavenly axiom can use in your inventory? ”

“Ice Dome Sage Dao talisman!”

“That’s my ice great Dao’s Supreme treasure,” the ice Dome divine ancestor said.”Three cards in a set. There are three sets in total! As long as it hits its target, it can seal all existences below the level of two-star divine ancestor!”

“Talismans? Three?”

Chen Xiaobei suddenly remembered that when he devoured Holy Emperor Mo Sha, he had also devoured the three ice crystal Talismans.

After Chen Xiaobei had digested the three talismans, the special ability that was derived from them was the sealing special ability.

However, Chen Xiaobei's sacred soul world was only at the early stage of one-star divine ancestor.

Therefore, Saint Pan's devouring ability was only at the early stage of one-star divine ancestor.

The new abilities derived from devouring were only at this level.

More importantly, Chen Xiaobei's mental power could only reach the level of a Nine Star divine Emperor. That meant that even if he used his strongest ability, he could only seal beings below the level of a peak Nine Star divine Emperor.

Compared to the real ice Dome Sage Dao talisman, it was not just a little bit inferior.

In other words, I won't have a chance to fight head-on. Once I'm hit by the ice Dome Sage Dao talisman, I'll be completely sealed and I won't have any chance to escape! Chen Xiaobei calculated in his mind.

Hearing this, Ice dome's Saint ancestor frowned and said, "Don't even think about the ice Dome Sage Dao talisman! First, think about the heavenly Dao curse in your body! If you reveal even the slightest bit of your actions, the heavenly Dao can kill you with a single thought. There's no need for the ice Dome Sage Dao talisman!"

"Yes, I know."

Chen Xiaobei controlled the great sun Holy Emperor to nod and said, "I'll take you to the green Gate first. Wait for me there."

"No! I'm not going!"

"If I find the green Gate again, the heavenly Dao will want me to break it, and my blood essence and Saint Qi will be greatly absorbed!" The ice Dome Saint ancestor said with a frown. If this continues, I might not even be able to see tomorrow's sun!"

"Don't be afraid. Not only do I have a perfect plan for this wave, but I've also prepared a backup. The odds are very high! Even if I can't win, I can still guarantee your safety!"

Chen Xiaobei was very confident.

Although he did not say it explicitly, the reason why he chose to attack at this time must be that he had considered many aspects and had left a safe way out.

In this way, even if they did not win, they would not die at the hands of the heavenly Dao.

"Whoosh ..."

After that, Chen Xiaobei took the great sun Holy Emperor and brought the ice Dome divine ancestor to the Green Door.

Then, Chen Xiaobei controlled the great sun Holy Emperor and threw him toward the position of the heavenly Dao.

"What are you doing here? Where's Ice dome's Saint ancestor?"

The heaven Dao saw great sun Sacred Emperor and asked.

“Her condition is getting worse and worse, her physical strength is almost exhausted, I’m afraid we need to give her some pills to make up for it, otherwise, she’ll probably die within two or three hours.”

Chen Xiaobei controlled the great sun Holy Emperor to make up a story.

When Tiandao heard this, he frowned and said, “we can’t let her die now! Take these pills and give her one if she’s not going to make it!”

Then, he took out some pills from his storage space and gave them to great sun Sacred Emperor.

Chen Xiaobei took the pill from the great sun Holy Emperor and said, “I still have something to say to you in private!”

As he spoke, Chen Xiaobei controlled the great sun Holy Emperor to approach the heavenly path.

“Just say it, there’s no one else here, why do you need to be so sneaky?”

Tian Dao frowned and looked at great sun Sacred Emperor with caution.

“This is very important, I have to come up close to tell you ...”

Chen Xiaobei controlled the great sun Holy Emperor to get closer to the heavenly axiom, but he did not expect the heavenly axiom to activate its ability.

“Uh ...”

With a painful wail, the special ability of the sacred lotus mark was activated by the heavenly Dao.

Great sun Sacred Emperor’s Saint Soul was like a melting snowball, disappearing at an extremely fast speed.

Her body was also dying at an extremely fast speed, as if her life force had been sucked away by something. It was irreversible, and she couldn’t escape. Only death awaited her.

“Bang!”

In just three seconds, great sun Saint Emperor fell to the ground.

His Saint Soul disappeared and his body shriveled up, like an extremely dry corpse that had all its essence extracted.

Such a corpse could not even give birth to a Saint Emperor Xuan Zhi.

“What an idiot!”

Tiandao narrowed his eyes and looked disdainfully at the dried corpse on the ground. He coldly said, “Before this, you always listened to me! You’ve only been with the ice Dome divine ancestor for a while, and you’ve suddenly started acting out of the ordinary. Do you think I can’t tell?”

Tiandao’s intelligence was online, and he was very vigilant.

The main point was that the heavenly Dao was ruthless and decisive in killing. If there was the slightest suspicion, it would immediately kill, not giving any chance for a sneak attack.

Did Chen Xiaobei's plan fail just like that?

Red Envelope Group of the Three Realms

Chapter 4448: turn of events!

Ice dome's divine ancestor had thought that Chen Xiaobei's plan had failed.

However, in the next moment, she realized that Chen Xiaobei's plan had only just begun.

At this moment, the heavenly Dao had just killed great sun Sacred Emperor.

No matter how smart or vigilant the heavenly Dao was, it would never be wary of a corpse.

"Swish!"

Just as Tiandao turned around and was about to leave, the dried corpse on the ground suddenly flew up.

Like the shell of an egg being peeled off, the dried up corpse fell apart piece by piece, revealing Chen Xiaobei's true form.

Chen Xiaobei's fist landed on the back of Tiandao's heart.

In the time it took for a spark to fly off a piece of Flint, Tiandao was completely caught off guard.

Chen Xiaobei, on the other hand, had already calculated everything and used all his trump cards!

The level 9 word birth curse pushed the Saint Origin Energy to the level of a peak Nine Star divine Emperor!

The rank 8 exterminating curse controlled the law of strength and further strengthened the power that was released.

The level eight Shi word curse controlled the Law of Time, while the level eight wordless curse controlled the law of space. In that instant, they formed a small area of time and space imprisonment on the heavenly Dao.

Without a doubt, this was the most powerful attack Chen Xiaobei could unleash at his current level.

Tian Dao was only a five star divine Emperor, so this was definitely a one hit kill when he was caught off guard.

"BOOM!"

The ice dome's divine ancestor and the millions of lackeys watched in shock as Chen Xiaobei's fist landed on Tiandao's back.

The Daoist robe and boots Tiandao wore were all five or six star Saint Emperor weapons with outstanding defense.

However, before Chen Xiaobei's fist could land, the aftershock of the attack had already crushed all of Tiandao's defensive Holy Emperor weapons.

From this, it could be seen that the difference in strength between the two sides was simply too great to be compared.

“Woof!”

With a loud explosion, Tiandao’s body was turned into a bloody mist by Chen Xiaobei’s punch.

Even a million lackeys could not see the exact process.

Only the ice dome’s divine ancestor could clearly see that when Chen Xiaobei’s fist landed, Tiandao’s body was first crushed and then shattered by the immense power. The endless cycle of power and power collided, turning the body into minced meat, and finally turning the minced meat into a mist of blood.

“He ... He succeeded? He actually succeeded!”

Ice dome’s divine ancestor was stunned.

When he thought about how he had mocked and looked down on Chen Xiaobei, he suddenly felt that he had been too stupid.

Shame and guilt intertwined, causing her pretty face to instantly turn red and hot.

At the same time, the millions of lackeys were also stunned. They looked at Chen Xiaobei in awe, as if they were looking at a demonic god who controlled their life and death.

“Not good!”

However, Chen Xiaobei did not relax at all. Instead, he looked like he was in danger.

“Whoosh ...”

The blood mist dispersed, and Tiandao’s Saint Soul was actually intact. It was completely uninjured.

The reason was that the heavenly Dao’s Saint Soul was surrounded by a spherical, translucent, thin membrane sphere.

That’s right!

This was the heaven Earth embryo membrane!

Chen Xiaobei knew that the level of the heaven Earth membrane was very high, but he did not know that it could withstand the power of a peak divine Emperor!

This was simply unbelievable.

However, Chen Xiaobei soon realized that he was overthinking.

The heaven and earth fetal membrane was not of such a high level. One had to pay a huge price to block the fatal blow.

bang ... Bang ... Bang ...

The heavenly Dao’s embryo membrane cracked and fell off like an eggshell.

From this, it could be seen that the heaven Earth membrane was far from peak Saint Emperor.

However, the heaven Earth embryo membrane was like a puppet that could protect its master. When its master's life was in danger, it could block a fatal attack.

As a price, the heaven and earth embryo membrane would be completely shattered and could no longer be recovered.

Chen Xiaobei!!!!

The Saint Soul of the heaven's path suddenly let out a terrifying roar, which shook the entire space.

It could be seen that the heavenly Dao's anger had already reached an unparalleled limit.

he ... He's Chen Xiaobei?!

From afar, the ice dome's divine ancestor's beautiful eyes were fixed on Chen Xiaobei, and her expression suddenly became complicated.

In the beginning, the heavenly axiom had told the ice Dome divine ancestor many times that Chen Xiaobei was very powerful and should not be underestimated. However, the ice Dome divine ancestor had never taken Chen Xiaobei seriously.

The ice dome's divine ancestor finally realized that the heavenly axiom was right. Chen Xiaobei was really, really powerful. Anyone who dared to underestimate Chen Xiaobei would have to pay a terrible price.

"That's strange ..."

At the same time, Ice dome's divine ancestor frowned and was puzzled. the ability Chen Xiaobei used to control the great sun Holy Emperor did not show any flaws. It must be Mo Sha's possession!

logically speaking, even if Chen Xiaobei had the demonic Sha divine Emperor, he would not be able to learn the demonic Sha divine Emperor's ability!

"What ... What is going on? Who was Chen Xiaobei? How did he do it?"

Ice dome's divine ancestor was stunned.

He looked at Chen Xiaobei as if he was looking at a huge anomaly that could not be measured with common sense.

"Chen Xiaobei! Quickly run!"

However, Ice dome's divine ancestor did not have time to think about it. If Chen Xiaobei did not kill tendo in one move, then what awaited Chen Xiaobei would be an unstoppable and terrifying counterattack.

"Woof! Buzzzzzz! Whoosh!"

Sure enough, Tiandao had already taken out three ice-blue talismans before Ice dome's divine ancestor could finish speaking.

These three talismans gave off extremely terrifying pressure and activated the ice saintly way. It was like the source of all ice and snow in the world. It brought unparalleled extreme coldness that could freeze and seal the entire world.

That's right!

These three talismans were the ice Dome Saint ancestor's strongest trump card, the ice Dome Saint Dao talisman!

Once hit by the talisman, all existences below the two-star divine ancestor realm would be sealed!

"Chen Xiaobei! There's a way to heaven, but you refuse to take it. There's no Door to Hell, but you barged in! Today, even if you grow wings, you will not be able to escape! Kneel down and accept your death!"

The Heaven's Will roared as he activated the abilities of the three Ice Dome Sage Dao talismans.

"Whoosh! Whoosh! Whoosh!"

The next moment, the three talismans formed a horn and spun around each other. They crushed over with the speed of a mid-stage one-star divine ancestor.

No matter what, Chen Xiaobei could not avoid it.

"It's over ... It's completely over ..."

In the distance, the battle was over as Ice dome's divine ancestor wailed.

Chen Xiaobei had been hit!

Red Envelope Group of the Three Realms

Chapter 4449: Help!

4449 Help!

"Shua shua shua ..."

The talisman hit Chen Xiaobei, but it did not cause any damage.

However, the three talismans formed a rapidly spinning closed ring, trapping Chen Xiaobei in it, just like when Holy Emperor Mo Sha was sealed.

"Chen Xiaobei! You've finally fallen into my hands!"

The divine soul of the wielder of the will flew over and looked down at Chen Xiaobei.

I have to admit that your plan is very clever and perfect. I didn't notice it at all before you attacked me! he said excitedly.

"What a pity! Chen Xiaobei, you're not one of us. You don't even know the use of the heaven Earth membrane! This is your biggest miscalculation!"

If the heaven and earth fetal membrane had not protected the heavenly Dao at the critical moment, Chen Xiaobei's attack would have been enough to crush the heavenly Dao Saint Soul.

However, the heaven and earth embryo membrane had blocked the blade for the heavenly Dao.

Even though Tiandao's body had exploded into a bloody mist, Chen Xiaobei had become the loser in the end.

"You're so happy? Do you think you've earned a lot?" Chen Xiaobei's face was expressionless and his tone was calm.

"Nonsense!"

Tiandao raised his chin and proudly said, "Although my physical body has been destroyed and I have to give up a sacred ancestor level trump card, as long as I can get rid of you, it will definitely be a great profit for me! Hahaha ..."

To the heavenly axiom, Chen Xiaobei could not move at all. He was like a fish on a chopping board, waiting to be slaughtered.

So, if the heavenly axiom wanted to, it could take Chen Xiaobei's life at any time.

Seeing this, the faces of the millions of lackeys around them changed dramatically. They began to think about how to pledge loyalty to the heavenly Dao in order to live longer.

Ice dome's divine ancestor was also in despair and hung her head low.

Chen Xiaobei had given her a glimmer of hope, but now that hope had been destroyed, all that was left for her was to become a dog for the heavenly axiom.

If the heavenly Dao was happy, it might give her a way out. If the heavenly Dao was not happy, it could stomp her to death like an ant at any time.

In an instant, an atmosphere of despair enveloped the entire space.

"Tell me, how do you want to die?"

Tiandao looked at Chen Xiaobei with great interest.

"Isn't it up to you to decide how I die?" Chen Xiaobei's voice was calm and emotionless.

"I've decided?"

Tiandao narrowed his eyes and said cruelly, "I plan to peel off your skin, piece by piece, and let the maggots lay eggs in your flesh and blood, gnawing you until only bones are left! And your bones will be crushed into pieces and fed to the lowest of wild dogs!"

"Finally, I'm going to devour your Saint Soul bit by bit, but I won't kill you. I'll leave you a remnant soul and seal it in the bitch's body! And then put you in the middle of hundreds of male dogs! Hmph Hmph! Hahahaha ..."

Tiandao's expression was fierce, his tone was sinister, and his laughter was almost crazy.

There was no doubt that the heavenly axiom's hatred for Chen Xiaobei had reached an unparalleled level.

To the heavenly axiom, killing Chen Xiaobei would not be enough to vent its anger. The best revenge would be to torture Chen Xiaobei both physically and mentally.

Such a vicious method of revenge could be said to be unprecedented and unparalleled.

For a moment, Ice dome's divine ancestor and his millions of lackeys were dumbfounded. They couldn't imagine the creepy and disgusting scene.

However, it was very strange.

Chen Xiaobei was still calm and composed. He even felt like laughing.

"Chen Xiaobei? Are you not afraid?"

Tiandao frowned slightly.

He had thought that after he told Chen Xiaobei such a vicious way of revenge, Chen Xiaobei would be so frightened that he would cry and beg for mercy, or even beg to die in despair.

After all, for most people, even death was better than being tortured by the heavenly Dao.

However, at this moment, Chen Xiaobei was extremely calm. He was not afraid of the heavenly Dao's vicious revenge at all. In fact, he even treated it as a joke.

"Why should I be afraid?"

"To be honest, I have a helper!" Chen Xiaobei said.

"What? You ... You have a helper?"

Tiandao was shocked and immediately became nervous. "Everyone, spread out! If you see any suspicious people, tell me immediately!"

Before he could finish his sentence, Tian Dao took out another set of Ice Dome Sage Dao talismans.

There were three sets of nine Ice Dome divine Dao talismans in the ice Dome divine ancestor's storage space. One set had been used to seal Chen Xiaobei, so Tiandao still had two sets left.

"Chen Xiaobei, don't be so happy! I still have two sets of Ice Dome Sage Dao talismans! Unless you can find a two-star divine ancestor, you can't be my opponent!"

Tiandao held his super king Bomb tightly, which was equivalent to standing in an undefeatable position.

However, the Holy ancestors in the Holy ancestor ancient battlefield could only verify three of them.

The broken Sky divine ancestor was missing, the ice Dome divine ancestor could not even protect herself, and the remaining black demon divine ancestor was nowhere to be seen. There was no way they could be Chen Xiaobei's helpers.

Therefore, at this moment, the heavenly Dao only ordered its millions of lackeys to disperse, but it remained unmoved and even showed no fear.

huh?!

However, very quickly, the heavenly axiom noticed something unusual. "What's going on? How did the Saint Qi in the space disappear?"

Originally, this space might have a one star Saint Emperor middle stage Saint vein.

As a result, the Saint Qi in the air was extremely pure and rich.

However, at this moment, Tiandao could clearly feel that the Saint Origin Energy in the air had completely disappeared!

There was only one possibility for such a situation to occur.

The Saint veins had been emptied by someone!

"Quickly find it! Open your eyes wide and go find it! Find the core of the Holy Meridian! I want to know who sneaked in!"

Tiandao shouted hysterically, a nervous expression appearing on his face.

However, the millions of lackeys were still worried about Chen Xiaobei. So, they did not dare to completely side with the heavenly axiom. Even if they found the Holy Meridian's core, they would not dare to tell the heavenly axiom.

A moment later, Tiandao could no longer sit still.

"A bunch of trash! Come over and keep an eye on this kid! I'll find it myself!"

The heavenly Dao bellowed in rage and immediately recalled the millions of lackeys.

"Master ..."

At this time, the leader of the million lackeys, the man with antlers and Eagle wings, stood up and said in a low voice, "This kid is full of tricks. I'm afraid we can't keep an eye on him ..."

"I'll give you this!"

With a thought, Tian Dao took out the peak Saint Emperor weapon he had taken from the selfless sect, the Saint-less blood barrier, and gave it to the horned man.

He said cruelly, "if this kid dares to do anything, you'll kill him immediately!" We can't leave any future trouble!"

"Yes, sir!" The man with deer horns and Eagle wings took the Saint-less blood space barrier with respect.

Chapter 4450: Almost angered to death!

4450 Almost angered to death!

"Swish!"

In the next moment, the heavenly Dao soared into the sky, scattering trillions of clones in the air.

Then, the heavenly Dao activated the special abilities of the void space and the origin black hole, allowing each clone to obtain the corresponding special abilities.

This meant that as soon as Chen Xiaobei's helper appeared, the heavenly Dao would immediately lock onto him!

Under such circumstances, Chen Xiaobei and his helper would have no chance of turning the tables.

However!

However, there was a loophole in this inescapable net!

The loophole was in Chen Xiaobei's hands!

The heavenly axiom believed that Chen Xiaobei would not have a chance to change the situation with the ice Dome Sage Dao talisman sealing him and the deer-horned, eagle-winged man guarding him with the Saint-less Blood Shield.

So, at this moment, the heavenly axiom was searching every corner of this space with all its might, but it had neglected Chen Xiaobei.

"Ice dome's saintly way, solution!"

Who would have thought that Chen Xiaobei would be able to remove the seal on his body?

The reason was simple. When Chen Xiaobei was devouring Holy Emperor Mo Sha, he had also devoured three Ice Dome divine Dao talismans.

As the Saint Pan's chaos devoured and digested it, the ice Dome Sage talisman's sealing ability became Chen Xiaobei's own ability.

More importantly, after devouring and digesting Holy Emperor Mo Sha, Chen Xiaobei's physical and divine soul had both reached the level of a one-star divine ancestor.

This way, Chen Xiaobei's divine soul ability had reached the level of a one star divine ancestor.

More importantly, the demonic Sha divine Emperor's bloodline was a five-star divine ancestor. This meant that Chen Xiaobei's power was far stronger than those of the same level.

Simply put, the three Ice Dome Sage Dao talismans that the heavenly Dao had produced could seal any opponent below the level of a two-star divine ancestor.

Chen Xiaobei, with the blessing of the demonic temple's bloodline, could use the ice dome's special ability to seal any opponent below the level of a five star divine ancestor.

Comparing the two, one could see that Chen Xiaobei was countless times stronger than the heavenly Dao.

That was why Chen Xiaobei could remove the heavenly Dao seal with a simple thought.

This was equivalent to directly crippling Tiandao's super king Bomb.

Unfortunately, Chen Xiaobei's mental power was not strong enough. Otherwise, he would have used his Ice dome's divine path ability to seal the heavenly path and all this would not have happened.

"Master!"

The man with deer horns and Eagle wings bowed respectfully and presented the Saint-less Blood Shield to Chen Xiaobei.

"Let's go!"

Chen Xiaobei put away the Saint-less blood space shield.

At the same time, he took all his millions of lackeys into the North Mystic sacred soul world.

"Swish!"

Without hesitation, Chen Xiaobei charged toward the Green Door.

"Chi ... Crack!"

Then, Chen Xiaobei picked up the ice dome's divine ancestor with one hand and opened the Green Door with the sky-breaking holy tree key with the other.

After a second, Chen Xiaobei rushed through the door with the ice dome's divine ancestor in his arms.

"Bang!"

Then, Chen Xiaobei slammed the door shut.

what ... What's going on?!

At this moment, Tiandao finally realized that something was wrong. However, when he turned his gaze back, it was already too late.

Chen Xiaobei was gone! A million lackeys were gone! The No saint blood space shield was gone! The ice Dome Saint ancestor was gone! Even the mysterious helper who had stolen the Holy Meridian was nowhere to be found!

"How could this be? How did this happen? Why did this happen?"

Tiandao let out a hysterical roar, and his entire face was distorted. His eyes were bloodshot, and his veins were bulging. His depressed expression was as if he had eaten a ton of poop, which was countless times worse than death!

As an insatiable person, it would be a loss if he didn't pick up any money.

The heavenly Dao could not accept such an outcome.

Just a moment ago, he thought he had earned a lot of money and that he had Chen Xiaobei in the palm of his hand.

At this moment, he had already spat out 99% of his earnings before he could even fill his pockets.

Such an outcome was even more painful for him than killing the heavenly Dao.

Looking at the Green Door in front of him, Tiandao was flustered and exasperated.

If not for the fact that Chen Xiaobei had destroyed his physical body, Tiandao would have been so angry that he would have vomited blood.

.....

On the other side.

Chen Xiaobei had brought the ice dome's divine ancestor to the third dimension.

This was still a terrifying Crimson wasteland with extremely dense Saint Origin Energy. At the same time, it still exuded a terrifying murderous aura.

The only difference was that the threat of the heavenly Dao had been temporarily removed.

Chen Xiaobei could finally breathe a sigh of relief.

"Clang"

But just as Chen Xiaobei was about to relax, the beauty in his arms suddenly raised her white sword and placed it on Chen Xiaobei's throat.

"What are you doing?"

Chen Xiaobei frowned and said, "I just saved your life, and now you want to bite the hand that feeds you?"

Ice Dome Saint ancestor's pretty face was pale, and her beautiful blue eyes reflected an extremely cold and sharp light, revealing her killing intent.

Chen Xiaobei, I've really underestimated you ... I didn't expect you to have hidden so much of your power!

"Don't blame me for returning kindness with ingratitude!" Ice dome's divine ancestor said solemnly. It's because you make me feel afraid! I underestimated the heavenly Dao before and fell into his scheme! I won't fall into the same pit twice!"

It was obvious that the ice Dome sacred ancestor was intelligent and knew the rules of survival in the sacred ancestor ancient battlefield.

She had already paid a painful price for her arrogance.

She would never make the same mistake again.

Therefore, killing Chen Xiaobei was the safest and most secure choice.

"You'd better not kill me. Otherwise, you'll regret it."

Chen Xiaobei shrugged. His face and tone were calm, as if he was still in control of the situation.

"Why would I regret it?"

"I can feel that the heavenly Dao's curse has disappeared. As long as I kill you and take the key, I can go out and kill the heavenly Dao!" This way, I can live!"

Chen Xiaobei had shattered the Heaven's Will's embryo membrane, which carried his first divine soul's special ability, the divine Lotus of heaven's will.

Now that Chen Tiandi's embryo membrane was broken, the divine Lotus of heavenly law's special ability disappeared.

In other words, all the loyal dogs controlled by the heavenly Dao in the past had all regained their freedom, and their lives were no longer controlled by the heavenly Dao.

Thus, as long as the ice Dome divine ancestor went out with her sword, there was a high chance that she could obliterate the heavenly Dao.

"No! You can't kill the heavenly Dao!"

Chen Xiaobei's eyes were like the stars in the night sky, as if he could see through everything.
