Chapter 4501: The Supreme bloodblade!

4501 The Supreme bloodblade!

“With the sword in my hand!”

Chen Xiaobei raised his chaos Blood Sword.

do you think I'm blind!?

your chaos Blood Sword has become extremely terrifying, ” Tiandao said disdainfully. however, you can only activate the special ability of the sword body, and this special ability is only effective against existences below the three-star divine ancestor level!

who told you that the chaos Blood Sword only has one special ability?!

Chen Xiaobei raised his brows and held the hilt of his sword tightly. He slowly raised his sword and pointed it at the sky.

“What?”

Tiandao was shocked. the chaos Blood Sword has other special abilities?! However, even so, it was only effective against opponents below the three star divine ancestor level, right? You still don't have any chance of winning!”

“Why don't you give it a try and you'll know?”

Chen Xiaobei was not afraid at all. Instead, he was filled with the desire to fight, and his killing intent spread out.

“Xuandu! Make your move! Cripple this brat! Capture his soul alive! Take away everything from him! Do it!”

Tiandao roared hysterically, almost using up all his strength.

In order to defeat Chen Xiaobei, the heavenly axiom had gambled everything.

He did his best without any reservation!

“Why do I have to listen to you?”

However, at this moment, the xuandu divine ancestor didn't make a move. He just looked at the heavenly Dao coldly.

“Now that I've stepped into the pseudo realm of divine ancestor three-star and have sufficient Saint Origin Energy and spiritual energy, I can kill you with a single thought!” Why should I still listen to you?”

It was obvious that Tiandao had only used the dark Saint devouring rune to suppress the xuandu divine ancestor, but he hadn't formed any essential control over the xuandu divine ancestor.

At this moment, if the xuandu divine ancestor wanted to rebel, the heavenly Dao definitely wouldn't be able to resist.

"Idiot! You are already a part of the formation! I can sacrifice you with a single thought!"

Tiandao's eyes widened in anger and he roared, "attack immediately!" Otherwise! I'll let you die without a burial place!"

this ... xuandu's divine ancestor was stunned, and his expression changed drastically.

Just a second ago, he still wanted to retaliate and kill the heavenly Dao, but in the next second, he was like a cowardly dog. In order to live, he could only listen to the heavenly Dao.

"As you command! I'll do it now!"

Xuandu's divine ancestor gulped and began to channel his Saint Qi, aiming it at Chen Xiaobei.

At the same time, Tiandao's expression was somewhat nervous.

This was because his Zhangwang explosion was a very, very risky move!

Just as he said, he could sacrifice the xuandu divine ancestor, but he would lose his chance to defeat Chen Xiaobei after that.

The main point was that there was a huge loophole in this!

That was, everyone who formed the Xuanyuan Holy extermination formation would die in the end!

In other words, even if the heavenly Dao didn't sacrifice the xuandu divine ancestor, he would still die after the battle.

If Chen Xiaobei told xuandu's divine ancestor about this loophole ...

In a situation where he was going to die anyway, the xuandu divine ancestor was likely to drag the heavenly Dao down with him!

That was why tendo was so nervous, praying that Chen Xiaobei did not realize this point!

However, Chen Xiaobei was a very smart person! How could he not see it?

"The heavenly Dao! I know what you're thinking!"

Chen Xiaobei's dark eyes seemed to be able to see through the heavenly Dao.

However, Chen Xiaobei did not reveal the secret.

He only said indifferently, "you can rest assured!" I won't expose your dirty tricks! Because I want to truly, thoroughly, and thoroughly defeat you!"

"This ..."

Tiandao's heart trembled when he heard this, and he couldn't help but give a thumbs up.

Chen Xiaobei! You really have guts! As expected of my lifelong nemesis! How domineering! How arrogant! Manly enough! I truly admire you! Now, let's see who's stronger!"

“Come!”

Chen Xiaobei let out an overbearing battle cry, and his aura swept through the entire space like a Supreme Being, looking down on everything!

“Whoosh ...”

At the same time, Xuandu’s divine ancestor was already prepared. His three-star divine ancestor-level Saint Vital force suddenly circulated and condensed.

In an instant, the entire space was distorted and shattered again!

The void was torn apart, and black holes appeared one after another. They were then crushed by the terrifying power. The nomological laws were also broken and destroyed. It was as if they had fallen into an endless dark domain where everything was destroyed and all living beings withered. It was extremely terrifying!

“Xuandu Haoshi! The Holy extermination curse!”

With a roar, the Xuandu Saint ancestor launched his most powerful attack!

Suddenly, everything around him was distorted by the dark domain. It was as if it had gathered all the essence of the world and turned into a dark beam of divine light. Like a meteor, it came crashing down on Chen Xiaobei!

10000 DAOs-Supreme bloodblade!!!

On the other side, Chen Xiaobei also used his strongest sword attack!

“Whoosh!”

In an instant, the vast and unparalleled energy was directly burned out by the chaos Blood Sword! He had activated the power of a peak two-star divine ancestor!

how ... How is this possible?!

Tiandao was dumbfounded. “The energy you brought to activate the chaos Blood sword’s power?!” This was impossible! This is impossible!”

“Are you stupid?”

Chen Xiaobei said, “ just now, the chaos Blood Sword swallowed so many things. Do you think it swallowed them all for nothing? ”

this ... Tiandao was instantly dumbfounded.

The conservation of energy!

The chaos Blood Sword had just devoured a massive amount of Saint Origin Energy, as well as countless treasures, talismans, formations, talismans, venomous miasma ... It had even devoured sacred ancestor black demon and the Chidu divine link within his body!

At this moment, all these things were transformed into energy by the chaos Blood sword's special ability!

After burning this energy, the chaos Blood Sword activated its own power!

In an instant, the sky was filled with blood-red light, and the pressure was unparalleled!

Everything in the surroundings turned blood red. On the surface of the blood red, there were lightning patterns, dragon patterns, void patterns, nomological patterns, and chaos patterns!

It was as if the chaos Blood Sword had been reflected into space!

The sword was everything! Everything was like a sword!

“Clang!!!”

In an instant, a shocking sword howl sounded from every corner of the space.

There seemed to be the sound of a Dragon and Thunder.

An extremely terrifying pressure crushed every corner.

It was as if everything was swallowed by the void, sealed by the laws, and crushed by the chaos.

“Hiss ...”

Tiandao and the xuandu Saint ancestor gasped at the same time.

He felt as small as an ant that could be crushed and destroyed at any time, turning into dust without leaving even a trace.

Although xuandu Saint ancestor's Saint Qi was a realm higher than the chaos Blood Sword, it was still a realm higher than the chaos Blood Sword. However, at this moment, the pressure exuded by the chaos Blood Sword far exceeded that of the xuandu divine ancestor.

Even before the sword arrived, just the aftershock of the sword Qi was enough to make Tiandao and xuandu Saint ancestor's state of mind collapse!

It was terrifying!

[Red Envelope Group of the Three Realms](#)

Chapter 4502: not killing!

“Woof!”

In an instant, a blood-red sword descended from the sky.

The blade was small, about the size of the chaos Blood Sword.

In front of xuandu Saint ancestor's boundless Saint origin, the blood-red sword was as small as dust.

However, it was this small blade that exploded with an extremely terrifying power.

Before the sword fell, Tiandao and xuandu's Saint ancestor were already on the verge of collapse!

“Whoosh ...”

In the next moment, as the blade fell, a huge bloody chasm appeared in the void, as if the whole world had been torn in half.

Whether it was the laws or the surrounding black holes, they were all split into two.

Even the xuandu Saint ancestor’s Saint Qi was no exception. As the sword blade slashed across, it was directly split into two and then dissipated without any resistance!

how ... How is this possible?!

Tiandao and the xuandu Saint ancestor were dumbfounded.

“My Saint Qi is at the level of a three star divine ancestor! The power of the blood Sword was only at the peak of two-star divine ancestor! There was a huge gap between them! “How ... How could it break my power?” This is impossible!”

The xuandu Saint ancestor’s face turned pale, and his pupils shrank to the size of a needle. His scalp went numb, and he trembled all over. Goosebumps rose all over his body.

At this moment, his mental state had completely collapsed. He had lost his soul, and his face was pale. He stood in his original place, dazed, and no longer reacted.

“That ... That Blood Sword is also of supreme quality ... It can completely fight against ordinary divine ancestor-grade powers ... This is the suppression of bloodlines! It’s even a suppression of the quality of the origin source!”

At the same time, Tiandao’s expression wasn’t much different from xuandu’s divine ancestor’s. He was also shocked to the point of mental collapse and losing his soul.

It was clear that the heavenly Dao’s judgment was correct.

This 10,000 Supreme bloodblades was the strongest attack that had reached the Supreme grade.

They could fight opponents one major realm above them!

Furthermore, he could even crush his opponent!

This was really, really terrifying!

One had to know that at the sacred ancestor realm, it was almost impossible to even fight a battle that was one minor realm higher.

However, the chaos Blood sword’s power could crush an enemy one realm higher!

If they hadn’t seen it with their own eyes, they wouldn’t have believed it even if the heavenly Dao and the xuandu divine ancestor were beaten to death!

This had once again subverted their three views and made them have a new understanding of life!

It was a pity that this new understanding came too late, and it was meaningless to them!

“Woof!”

In the next moment, the xuandu divine ancestor was still in shock when he was cut into pieces by the blood-red sword.

His body, Saint Soul, and even his soul had been cut in half.

He was killed in one strike!

There was no suspense at all!

Of course, xuandu's divine ancestor would have died anyway. This sword strike only made him free a little earlier!

"I've been defeated ... I've been completely defeated ..."

At the same time, Tiandao's mental state had already collapsed. He knelt on the ground dejectedly, his head hanging low on his chest. His tone was extremely sad, desperate, weak, and helpless.

It was obvious that tendo had lost the battle. He had no more trump cards to use against Chen Xiaobei.

More importantly, Chen Xiaobei had used the Super king Bomb to destroy the heavenly axiom.

This strike caused a hundred thousand times the critical damage to Tiandao's heart, completely crushing his battle intent!

"Whoosh ..."

Then, Chen Xiaobei flew over and looked down at the heavenly axiom.

"Chen Xiaobei ... Please don't kill me ... I'm begging you ... I'm still of great use to you! I can even help you become stronger!"

Although Tiandao was utterly defeated, he was still extremely afraid of death.

The heavenly axiom did not want to die. Even if it had to work for Chen Xiaobei, it wanted to continue living.

"Bang Bang Bang ..."

As he spoke, Tiandao kowtowed with all his might.

He was extremely humble, like a lowly wild dog, abandoning all his self-esteem and bottom line.

"Don't worry, I won't kill you!"

Chen Xiaobei shrugged, his tone calm.

But just as he finished speaking, Chen Xiaobei swung the chaos Blood Sword at the heavenly Dao!

"Swish!"

The Saint Soul of Tiandao was cut in half.

His enormous sacred soul world was revealed, and he had already reached the level of a one-star divine ancestor.

“Whoosh ...”

Chen Xiaobei did not hold back. He immediately merged the heavenly path’s sacred soul world into the beixuan sacred soul world.

After losing the sacred soul and the sacred soul great world, the cultivation of the heavenly Dao was completely destroyed.

Of course, Chen Xiaobei did not kill him.

After he crippled Tian Dao’s cultivation, his soul remained.

“Hiss ...”

Tiandao sucked in a breath of cold air, suddenly having a very, very bad feeling.

“Swish!”

Then, Chen Xiaobei brought the soul of the Heaven’s Will back to the sacred soul world of beixuan.

“Swish!”

With another thought, Chen Xiaobei and the tendo’s soul appeared in the sky above earth!

Chen Xiaobei ... What ... What are you doing?!

Tiandao sucked in a breath of cold air, and his soul trembled. He was nervous, terrified, and desperate to the extreme.

“Have you forgotten what you said earlier about how to deal with me?” Chen Xiaobei asked with a smile.

“I was ...”

Tiandao’s face turned green when he heard this.

Of course, he remembered that when he had the upper hand, he had thought of the most vicious way to make Chen Xiaobei suffer the most humiliation possible.

“Whoosh ...”

Chen Xiaobei summoned a female dog with the law of space.

It was a little toy poodle. It was seriously ill and was on the verge of death. Its original owner had thrown it into the garbage dump to wait for death.

Not long after, the little poodle’s life came to an end.

“Chen Xiaobei ... Don’t ... Don’t ... I was wrong! I was wrong! Please don’t torture me like this ... I beg you ...”

Tiandao already knew what Chen Xiaobei was going to do, so it started to beg him.

“Whoosh ...”

However, Chen Xiaobei did not waste any time. With a thought, he sealed Tiandao's soul into little poodle's body.

Then, Chen Xiaobei combined Tiandao's soul with the bitch's body like a reincarnation of a spirit, forming a new life.

It could be seen that the heavenly Dao had reincarnated into a female toy poodle.

"Shua shua ... Shua shua ..."

After that, Chen Xiaobei used the law of space to find tens of thousands of stray dogs from earth.

Of course, these tens of thousands of stray dogs were all male!

"Oh my ..."

Tiandao's pupils shrank, and his body and mind trembled. Even with the tip of his toes, he could imagine what kind of terrifying thing was about to happen!

[Red Envelope Group of the Three Realms](#)

Chapter 4503: A major discovery!

4503 A major discovery!

"Swish!"

Then, Chen Xiaobei sealed the heavenly axiom and the stray dogs into an independent storage space.

In this space, the heavenly Dao would be with tens of thousands of male dogs ...(10000 words were omitted here)

Of course, Chen Xiaobei had also considered the possibility that the wielder of the will would be trampled to death, so he had added a trace of Saint Qi to the wielder of the will.

This way, even if the tens of thousands of dogs died of exhaustion, the heavenly Dao could never die!

It could definitely make the heavenly Dao suffer the most extreme humiliation!

"It's finally over ..."

Chen Xiaobei could finally breathe a sigh of relief after he put away the storage space.

For a long time, Chen Xiaobei and the heavenly axiom had been mortal enemies.

Most of the time, Chen Xiaobei's life was threatened by the heavenly axiom. He had to be careful.

And today, heavenly Dao had been completely defeated! Chen Xiaobei could decide her life and death!

To Chen Xiaobei, it was as if a huge mountain had been removed from his body. He felt much more relaxed, both physically and mentally.

Chen Xiaobei was even considering whether he should return to Earth.

After all, he still had some good friends and brothers on earth. He hadn't seen them for a long time, and he wondered how they were.

Meeting them, drinking, and chatting with them would make Chen Xiaobei feel more relaxed.

“Forget it ... I’ll just go back later ...”

In the end, Chen Xiaobei decided to leave. although I’ve taken care of the heavenly Dao, as a reincarnator of the Pangu clan, I still have an ultimate goal, which is to defeat the sky burying Yuan sacred clan and rescue them!

It was clear that Chen Xiaobei still had a sacred mission to complete.

This might also be Chen Xiaobei’s last mission!

To Chen Xiaobei, as long as he could defeat the sky burying Yuan sacred clan and save the Saint pan clan, he would have achieved his ultimate goal.

Of course, this was definitely not an easy task.

After all, the sky burial Yuan sacred clan’s strength was already at the top of the nine Supreme sacred ancestor clans and was almost at the peak of the Supreme clans.

Chen Xiaobei still had a long way to go before he could defeat the sky-burier Yuan sacred clan.

Clearly, now was not the time to relax!

“Swish!”

Chen Xiaobei teleported himself back to the northern Mystic world.

With the upgrade of the Saint Soul world, the current North profound world had become extremely huge. Its population and scale were already uncountable.

Naturally, the North profound sacred world had nine more seats for the North profound sacred ancestor! 100 million North Mystic Sacred Emperor’s seats! A trillion North Mystic sacred king seats! And a trillion North Mystic Saint seats!

Among them, the vast majority of the seats could be filled.

Only the seats of the nine North Mystic Divine ancestors could not be filled.

Even if the great saint di Tianlin, dark destruction Saint nichang, Blood Fiend Saint demonic Tiger, old Hui, and ice Dome Saint ancestor all joined, they would only be able to fill five spots.

There were still four seats that could not be filled temporarily.

Under such circumstances, the beixuan sacred soul world could provide Chen Xiaobei with an early-stage two-star divine ancestor’s energy every day!

To Chen Xiaobei, this was a huge sum of money!

It would allow Chen Xiaobei to gain more control over the chaos Blood Sword.

One should not forget that Chen Xiaobei and the chaos Blood Sword had already achieved a kind of life-link, a special effect where their abilities were linked.

A portion of the early-stage two-star divine ancestor's energy could activate one of Chen Xiaobei's special abilities, and it could reach the level of a two-star divine ancestor.

This was very powerful!

With Chen Xiaobei's intelligence, he would definitely be able to come up with all kinds of magical uses that could be very useful at a critical moment!

This was a huge improvement for Chen Xiaobei!

By the way, Chen Xiaobei had already taken back the three divine patriarchs' interspatial dimensions and the wielder of the will's own interspatial dimension.

Chen Xiaobei returned the ice dome's Saint ancestor's storage space to her.

After all, the ice dome's divine ancestor was now convinced by Chen Xiaobei and had decided to join Chen Xiaobei to seek a greater future.

Chen Xiaobei did not want to take advantage of her.

Of course, the heavenly Dao had used everything useful in the ice dome's divine ancestor's inventory to attack Chen Xiaobei. There was nothing important left. If he gave it to her, she would owe Chen Xiaobei a favor!

As for sacred ancestor black demon and xuandu's interspatial dimensions, Tiandao had used up all the offensive items.

Almost half of the total resources were gone.

Of course, the remaining half of the items were all extremely rare and high-grade heavenly materials and earthly treasures, or materials like medicinal pills. After careful calculation, their value was also very, very great.

If these resources were all sent into the chaotic void and converted into energy, they could activate the power of the 10000 Supreme bloodblades again and kill a three-star divine ancestor!

To Chen Xiaobei, this was a super awesome King Bomb!

"Whoosh ..."

Chen Xiaobei had no more hesitation.

He sent all the resources into the chaotic great void directly, converted them into energy, and stored them.

Finally, there was the storage space of the heavenly Dao.

It was also filled with resources, but there was almost no energy or magic treasures.

Of course, the heavenly Dao's resources couldn't compare to sacred ancestor black demon and sacred ancestor xuandu's in terms of grade and rarity!

There were only three things that Chen Xiaobei was interested in.

The first was the token of the sky-burier sacred clan. By communicating with the token's spirit, Chen Xiaobei could use the sky-burier sacred clan's passageway to get to the ancestral divine territory.

One must know that the ancestral sanctuary was a Supreme territory that was above the heavenly sanctuary.

Under normal circumstances, people from the heavenly sanctuary could not enter the ancestral sanctuary at will unless one had reached the ancestral sanctuary realm or had a token from one of the powers in the ancestral sanctuary. Only then could one go to the ancestral sanctuary through the spatial channel of that power!

Now that Chen Xiaobei had the sky-burier sacred clan's token, even if he did not reach the ancestral-Saint level, he could still go to the ancestral-Saint territory.

The second thing that caught Chen Xiaobei's attention was the thousand machine beast that he had once fought with!

The thousand opportunity beast was the unique treasure of the Saint pan clan! It contained the Supreme power of creation! It could be a beast! It could be a Leviathan! It could be a tool! It could even be everything!

He could create any form he wanted with a single thought!

However, this thousand machine beast was only a Seven Star divine Emperor. Unless Chen Xiaobei could level it up, it would not be of much help.

Finally, the third thing that caught Chen Xiaobei's attention was a map!

The map was very strange. Chen Xiaobei looked at it and his face was full of surprise and anticipation!

[Red Envelope Group of the Three Realms](#)

Chapter 4504: A special place!

4504 A special place!

The material of this map was very special. It was like the embryo membrane of heaven and earth. It was in a translucent state and emitted extremely strong spiritual fluctuations. Even the patterns on the map would fluctuate and change.

Of course, the most important thing was that there was a lotus pattern in the center of the map.

Chen Xiaobei could tell that the Lotus looked like the divine Lotus of the heavenly law.

In reality, that Lotus was the divine red Lotus that the heavenly Dao had used to control sacred ancestor black demon.

Because the black demon divine ancestor and the Chidu Divine Company had been turned into energy by the chaos great void, Chen Xiaobei did not get the Chidu Divine Company.

At this moment, this map was obviously closely related to the red crossing Holy Lotus, and there must be a great opportunity hidden in it.

The main point was that the heavenly Dao had always kept this map. This meant that the heavenly Dao itself had not yet obtained the final great opportunity.

This gave Chen Xiaobei a chance.

Even though the divine red Cross could only control others, it was still very important to Chen Xiaobei.

“Whoosh ...”

Chen Xiaobei kept the three important items and fed the rest of the items in the heavenly storage space to the jade pendant.

Although the heavenly Dao had many resources, they were not of high grade. In the end, only three drops of the Saint pan Jasper dew were produced.

“Whoosh ...”

Then, Chen Xiaobei took out a ball of darkness origin.

There was no mistake!

This was the origin of the divine ability that the great divine heavenly Kylin had stolen from sacred ancestor black demon.

Chen Xiaobei was planning to devour the source and derive the corresponding special ability.

Without a doubt, this special ability source was of a very high level. Under normal circumstances, if Chen Xiaobei were to consume it all, the holy soul would be under a lot of pressure, and might even break.

But now, the quality of Chen Xiaobei’s Saint Soul had reached the highest level.

In other words, Chen Xiaobei could now devour almost anything. Even if he were to devour a Supreme divine ancestor, his divine soul would be able to withstand the pressure and not break.

Of course, this was only a theoretical possibility.

After all, with Chen Xiaobei’s speed, the devouring ability would not be able to hit the Supreme divine ancestor.

The more important thing was that the higher the level of the thing he swallowed, the more time it would take to digest it. If he really swallowed a Supreme divine ancestor, he probably wouldn’t be able to digest it without a trillion years.

“Whoosh ...”

After consuming the special ability source, Chen Xiaobei used the Saint sunlight cache to speed up time.

Who would have thought that Chen Xiaobei would have to burn a whole underworld year of his life and use the Saint sunlight cache to speed up the process of digesting the essence?

It could be seen from this that this origin was almost at the peak of the sacred ancestor level.

He was probably only a step away from becoming a venerated forefather.

Of course, even if it was just one step, there was a trillion times difference.

They were on completely different levels.

“Very good! With this special ability, coupled with the heart origin special ability of a two star divine ancestor, I can activate the dark mucus to defend against any attack below the level of a three star divine ancestor!”

Chen Xiaobei was very satisfied with this result.

This way, even if the armor was not upgraded, Chen Xiaobei would still have enough defense.

Of course, the method to upgrade the myriad DAOs Saint Emperor armor was very simple.

Because the myriad DAOs Saint Emperor armor was similar to the membrane of the heaven and earth, as long as the level of the great world inside was increased, the armor’s level would also increase.

This meant that Chen Xiaobei’s current beixuan divine soul world was a two-star divine ancestor. The myriad DAOs Saint Emperor armor’s level had also been raised to two star divine ancestor level.

In terms of defensive power, the myriad DAOs Saint Emperor armor was actually almost the same as the dark mucus.

The only problem was that Chen Xiaobei still lacked energy.

If Chen Xiaobei had enough energy, he could even activate the power of the ten thousand DAOs Holy Emperor armor. This would greatly increase his defense and he could even activate a higher level of protection.

Of course, other than its terrifying defensive power, the dark mucus also had a super strong Esper ability.

As long as the enemy was touched by the liquid, it would spread on the enemy’s body and rapidly burn the enemy’s spiritual energy and Saint Qi.

Because of that, the dark mucus and the ten thousand DAOs Holy Emperor armor had their own uses. To Chen Xiaobei, they were his trump cards.

“Alright, it’s time to return to the Holy ancestor ancient battlefield!”

Chen Xiaobei calmed himself down and left the beixuan sacred world.

Returning to the ruins, this place had already been reduced to a broken and chaotic void due to the terrifying battle.

The xuandu divine ancestor’s body, which had been split in half, was still floating in the void.

“Woof! Whoosh!”

Chen Xiaobei then kept the two halves of the body.

This was the corpse of a middle-stage two-star divine ancestor!

In theory, according to the method used to create the Holy Emperor Mystic resin, Chen Xiaobei could also create the Holy ancestor Mystic resin!

If he succeeded, Chen Xiaobei would be able to break through to the next realm.

Of course, Chen Xiaobei had to first find a two-star divine ancestor mid-stage energy.

Without energy, one would not be able to activate the great saint orb, and naturally would not be able to produce the Holy ancestor black resin.

“Let’s talk after we get out!”

Chen Xiaobei activated his heart origin ability and activated his two-star divine ancestor level space law. In an instant, Chen Xiaobei left the ruins and returned to the divine ancestor ancient battlefield.

in theory, there are many opportunities in the Holy ancestor ancient battlefield. However, the search for opportunities can not be done overnight. After all, the places that can be searched must have been searched by others. The remaining secret opportunities can not be found easily!

Chen Xiaobei made a decision, ” “I’ll leave the sacred ancestral ancient battlefield first and go to the ancestral divine region to take a look! If you need it in the future, you can come back.”

Chen Xiaobei then summoned the ice Dome holy ancestor.

After all, Chen Xiaobei did not know if the way to leave the Holy ancestor ancient battlefield was special or not.

Fortunately, Ice dome’s divine ancestor knew.

Chen Xiaobei then explained his intentions.

Ice dome’s divine ancestor brought Chen Xiaobei to the core of the ancient battlefield.

It was obvious that the ice Dome Saint ancestor wanted to leave the sacred ancestor ancient battlefield as well. After all, she had yet to completely dispel her sky-breaking redness special ability. She would only have a chance of getting rid of it when she reached the ancestral divine region.

The reason why she followed Chen Xiaobei was because she knew that Chen Xiaobei was not an ordinary person and that he had a bright future ahead of him. The second reason was that she could only rely on Chen Xiaobei’s pills to temporarily extend her life.

If she did not follow Chen Xiaobei, she might not even be able to keep her life.

“Young master Chen, we’ve arrived!”

Soon, the ice dome’s divine ancestor brought Chen Xiaobei to a very special place.

[Red Envelope Group of the Three Realms](#)

Chapter 4505: The great sage temple!

4505 The great sage temple!

It was a huge temple.

From the outside, it looked like a magnificent mountain range.

Trillions of god statues surrounded him, exuding an extremely Holy and solemn aura, as well as a dazzling holy light.

The entire space was like a god's domain, and also like a world formed by the gods.

The moment they stepped into the area, Chen Xiaobei and the ice dome's divine ancestor felt a terrifying pressure.

Ice Dome Saint ancestor's face turned pale. Her heart was beating wildly, and her breathing became unusually rapid.

Chen Xiaobei's condition was much better than the ice dome's divine ancestor's. After all, Chen Xiaobei's state of mind was already stronger than the ice dome's divine ancestor's. After the life-and-death battle, Chen Xiaobei's state of mind had improved again.

Therefore, Chen Xiaobei only felt the terrifying pressure but did not feel any discomfort.

"What is this place?" Chen Xiaobei asked.

"This is the great sage temple! It's consecrated to the Supreme divine ancestor Hong Sheng's divine laksana!"

"Legend has it that a long time ago, the nine Supreme Holy ancestors rose to power in the Holy ancestor ancient battlefield, and countless battles broke out here!" Ice dome's holy ancestor explained.

"In the end, the great saint Supreme divine ancestor overpowered the other eight Supreme divine ancestors and became the ruler of the Holy ancestor ancient battlefield! That's why this great sage temple has been worshiping the great sage Supreme divine ancestor for countless years!"

the only way to leave the Holy ancestor ancient battlefield is to offer the most important thing to the great saint Supreme divine ancestor!

Chen Xiaobei could not help but look surprised.

He couldn't believe it, there's such a function? Would the Supreme divine ancestor be able to receive the offering? Furthermore, the great saint Supreme divine ancestor was already an existence at the peak of the world! He still wants these offerings?"

"This ..."

Ice Dome Saint ancestor shook her head and said, "I'm not sure about that ... Anyway, it's a rule. Anyone who wants to go out must follow it! Even someone as arrogant as sacred ancestor black demon wouldn't dare disobey!"

I feel like there's something fishy about this ... Chen Xiaobei frowned.

"What's the secret?" The ice dome's divine ancestor looked at Chen Xiaobei, wondering what he had to say.

"You probably don't know the situation outside the sacred ancestor ancient battlefield!"

“In the outside world, the Holy ancestor ancient battlefield is said to be extremely mysterious! It’s said that once you enter, there’s a 90% chance of dying. Even if you survive, you might not be able to come out!”

“This is very normal ...”

“Those who came in and survived can’t bear to use the most important things as sacrifices. Naturally, they can’t leave the sacred ancestor ancient battlefield,” Ice dome’s divine ancestor said.

“I’m not done yet!”

there are also many people who have left the Holy ancestor ancient battlefield in the outside world. They have never mentioned anything about the situation inside the Holy ancestor ancient battlefield. Even their memories of it are blurry! Chen Xiaobei said.

It was obvious that Chen Xiaobei had gone to capture someone who had entered the Holy ancestor ancient battlefield.

However, after peeking into his memory, Chen Xiaobei realized that his memory of the Holy ancestor ancient battlefield was very vague. It could even be said that it was fragmented and he had no clue.

Obviously, this was the most suspicious point.

“Oh, that’s another rule of the great sage temple!”

everyone who wants to leave must undergo a special ability brainwashing, ” Ice dome’s Saint ancestor continued to explain. their memories of the Holy ancestor ancient battlefield will be blurred and fragmented. The memory of how to leave the Holy ancestor ancient battlefield will be erased!

“Brainwashing? Erase their memories?” Chen Xiaobei was even more surprised.

After a moment of silence, Chen Xiaobei began to think.

The more he thought about it, the more he felt that something was wrong.

“I have a guess now ...”

Chen Xiaobei furrowed his brows and thought to himself, ” “This great sage temple might already be under the control of outsiders! They’re using the name of the great saint Supreme divine ancestor to demand that those who want to leave give them top-grade items!”

if word of this gets out, the great saint Supreme divine ancestor will definitely ask about it. It’ll be a disaster for the mastermind behind this!

because of this, the mastermind behind the scenes wanted to blur the memory of the person who left and erase the memory of leaving the Holy ancestor ancient battlefield!

“This way, the people who leave will not be able to spread the truth! The mastermind behind this will be spared from the punishment of the great saint Supreme divine ancestor!”

Hearing this, Ice dome’s Saint ancestor’s expression changed slightly, and she couldn’t help but nod silently.

“What you said makes sense ...”

“But why didn’t the mastermind just kill the people who left?” Ice dome’s divine ancestor asked after some thought. Wasn’t this safer? Why do you have to go through the trouble of erasing memories?”

“To attract more people, of course!”

the person behind this knows the logic of sitting and eating. That’s why he needs to let people out and tell the people outside how many opportunities there are in the Holy ancestor ancient battlefield. That way, more people will be attracted to come in. That way, the person behind this will be able to get more benefits.

that makes sense ... Ice dome’s Saint ancestor nodded.”It’s better to have a long-term solution than to just sit and eat!”

“Not only that!”

the Holy ancestor ancient battlefield is huge! Chen Xiaobei said, ” even the mastermind behind the scenes can’t see the whole picture! Only by attracting more people would there be more possibilities! Perhaps it will attract a fated person to unseal the hidden great opportunity!”

“Right! Just like you, Childe Chen!”

“You’ve just obtained a great opportunity. If you want to leave, you’ll have to offer the most important thing as a sacrifice!” The ice dome’s divine ancestor said. In this way, the mastermind behind the scenes would become the biggest winner! He’s gotten a huge opportunity that he couldn’t find in the past for nothing!”

At this point, there was basically no suspense.

In this great sage temple, there must be a scheming and long-term mastermind behind the scenes.

After countless years, the mastermind behind the scenes had already occupied the entire holy ancestor ancient battlefield as his own. He had toyed with everyone in the palm of his hands. At the same time, he had also obtained many benefits.

If Chen Xiaobei wanted to leave this place, he had to face this guy!

A conflict was inevitable!

After all, there was no way Chen Xiaobei would hand over the Fortune that he had just obtained, let alone allow the other party to tamper with his memories!

“Young master Chen, what should we do now? Do you still want to go out?” Ice dome’s divine ancestor frowned. She had run out of ideas and Chen Xiaobei was the one who decided whether she should stay or leave.

“Of course we have to go out! I still have a very important mission. I can’t be trapped here!”

“Let’s pretend that we don’t know anything and go in to test the waters!” Chen Xiaobei said. If it was possible, he would force his way out! If there’s no chance, then come back and think of another way!”

Red Envelope Group of the Three Realms

Chapter 4506: Behind the scenes!

4506 Behind the scenes!

After that, Chen Xiaobei and the ice dome's divine ancestor entered the great sage temple.

The interior of the great sage temple was also resplendent with gold and jewels. Huge god statues stood around it like stars surrounding the moon, surrounding an extremely huge golden statue.

The Golden statue was sacred, majestic, and full of spirit. At the same time, it exuded an extremely powerful pressure. It gave off a feeling of superiority.

People with a slightly weaker mental state would even feel a sense of inferiority under the shroud of this pressure, and they could not help but want to prostrate in worship.

"Whoosh ..."

As Chen Xiaobei and the ice dome's divine ancestor walked into the temple, the space around them began to stir.

The first thing that appeared was a circular formation of golden light. Under the intertwining of thousands of runes, it looked like a disc that was floating toward Chen Xiaobei and the ice Dome divine ancestor.

"Woof! Whoosh!"

Then, the circular formation split into two and appeared in front of the two of them.

"This is the sacrificial array!"

"According to the rules, we need to place our storage space on this array!" Ice dome's divine ancestor said. After that, the magic circle will choose the item of the highest value as the sacrifice!"

you want to hand over your storage space?!

Chen Xiaobei's face turned serious.

It was clear that Chen Xiaobei had already figured out the hidden agenda of the great sage temple before he came in.

The matter of offering an item was a huge loophole in itself!

The person behind the scenes could tamper with memories, so he could cheat at will!

If Chen Xiaobei handed over the storage space, some of his memories would be distorted and erased later. Then, he would not be able to confirm how many things the mastermind had taken.

This was something that Chen Xiaobei could not accept.

"Who is in charge here? Can you come out and meet me?"

Of course, Chen Xiaobei would not hand over his infinite space, nor would he allow the person behind the scenes to tamper with his memories.

Therefore, what Chen Xiaobei needed to do now was to test the waters and find out who the mastermind was. What means did he use to prevent others from leaving the sacred ancestor ancient battlefield? If they didn't obey, what would be the outcome?

"....."

However, Chen Xiaobei did not get any response.

The entire great sage temple was empty, and it didn't seem like there was anyone inside.

"There's no one else in the great sage temple ..."

"For a long time, if you want to leave the Holy ancestor ancient battlefield, you have to follow the rules of the great sage temple and complete it step by step! No one can haggle over it, so there has never been a person in charge here ..."

"This is strange!"

Chen Xiaobei narrowed his eyes and thought, "No one has been watching this place, and those who want to go out are all willing to sacrifice items? Accept the memory tampering? Didn't anyone resist?"

"Naturally, there are."

Ice Dome Saint ancestor nodded and said, "Hundreds of millions of years ago, there was a two-star divine ancestor who wanted to use brute force to charge out! He's using his strongest power and trump card to destroy the great sage temple ..."

in the end, it triggered a phenomenon in the heavens and earth. An extremely terrifying spatial dimension law descended. Not only did it protect the great sage temple from harm, it even reversed space and reflected all of the divine ancestor's attacks back onto himself ...

"In the end, the divine ancestor's attack was strengthened by the power of space and directly killed him on the spot! And everything he had had become an offering to the great sage temple! Including his body!"

Ice dome's divine ancestor's pretty face turned slightly pale as she said this, and she subconsciously looked around.

Even though she had personally said that there was no one in charge in the great sage temple, at this moment, her intuition told her that there were many eyes watching her.

It was as if the statues had come to life and were staring at her like tigers.

"Don't be nervous!"

"According to what you've said, there is indeed no one in charge of the great sage temple, but there must be a very powerful magical formation guarding it! Anyone who wanted to use brute force to rush out would trigger this array! And it's been dealt a fatal blow!"

that's right ... the ice dome's divine ancestor nodded. She completely agreed with Chen Xiaobei.

"However, there's something that I'm very confused about."

“This great sage temple worships the great sage Supreme divine ancestor!” Why is the defensive formation using the extremely powerful spatial laws?”

“This is normal, isn’t it?” Ice dome’s divine ancestor thought for a moment and said, “after all, controlling all laws is a very basic operation for a Supreme divine ancestor. It’s possible that he just casually set up a formation without much consideration!”

“Then let me verify it!”

Chen Xiaobei took out the three orbs and said, “If the formation here was really set up by the great saint Supreme divine ancestor, then I can control it with these three pearls!”

“Whoosh ...”

Chen Xiaobei then activated the three pearls with his spirituality.

However, the circular formation in front of him did not disappear. There was not even the slightest fluctuation. Chen Xiaobei could not communicate with its spiritual nature, let alone control it.

“There’s indeed a problem!”

this formation ... Chen Xiaobei said, “this formation was definitely not set up by the Supreme divine ancestor! There’s someone else who’s using the name of Saint Hongsheng to deceive us!”

In fact, Chen Xiaobei already had his doubts. The Hongsheng Supreme divine ancestor was an existence that stood at the peak of the world! Would he still be interested in these low-level offerings? Wouldn’t it be laughed at if it spread?

Now, using the orb, Chen Xiaobei was even more certain that the person behind this was not the Supreme divine ancestor of the Hongsheng tribe. He was not even a member of the Hongsheng tribe.

“No wonder everyone’s memories were tampered with when they left!” Ice dome’s divine ancestor said. If the great Divine Tribe finds out about this, the mastermind will definitely suffer an unbearable revenge!”

“Since we’ve already confirmed that the mastermind is not from the great saint tribe, the most likely possibility is that it’s from the No saint tribe! They’re experts in controlling the spatial laws!” Chen Xiaobei was very wise and immediately made a deduction.

“It’s possible, but I’m not 100% sure. After all, it’s not difficult to control spatial dimension laws!” Ice dome’s divine ancestor shook her head.

it’s a simple control. Naturally, anyone can do it!

“But if you want to use the law of space to cover the entire holy ancestor ancient battlefield!” Seal all the exits! At the same time, the mastermind could also choose the sacrifice remotely and retrieve the sacrifice! More importantly, it could easily kill a two-star divine ancestor! This level of spatial dimension laws is not something that just anyone can control!”

this ... Ice dome’s Saint ancestor’s face was filled with shock and her eyes widened.

Red Envelope Group of the Three Realms

Chapter 4507: gamble!

It was obvious that Chen Xiaobei's analysis was correct!

Even Saint Kings and Saints could control ordinary space laws to a certain extent, let alone Saint ancestors.

However, the high-end spatial dimension laws, especially those with special uses that were almost like cheats, were not something that ordinary people could control.

One had to have an extremely profound study of the spatial laws, or even have a talent inheritance of the spatial laws, in order to be able to perform those high-end operations.

Without a doubt, the non-Saint tribe was the most likely mastermind!

"You're right ..."

Ice Dome Saint ancestor nodded and said in a deep voice, "The innate talent of the No saint tribe is the control of space law. It can ignore the spatial walls and perform all sorts of high-end spatial manipulation!"

that's why as long as we place the storage dimension in the circular array, the mastermind can ignore the space wall and choose the sacrifice he wants from a distance. He can then retrieve it from a distance in his own hands!

"Even if we hide some of our treasures on our bodies and don't put them in our storage space, it's possible that the mastermind behind the scenes can see us through the air! There's no chance to hide it! This kind of operation should only be possible for the non-Saint tribe!"

Chen Xiaobei's deduction had once again found the correct answer.

The mastermind behind the great sage temple was none other than the No saint tribe.

After all, in addition to the ice Dome sacred ancestor's analysis, the mastermind had also used spatial dimension laws to seal the entire sacred ancestor ancient battlefield, leaving only one entrance and one exit!

This wasn't something an ordinary person could do.

There was also the formation guarding the great sage temple, which also used the law of space to protect the great sage temple. It also used the law of space to kill the two-star divine ancestor and take away the two-star divine ancestor's body.

This wave of operation was simply as smooth as floating clouds and flowing water.

It was hard to imagine who else could do it except for the No-Saint tribe.

then what should we do now?!

Ice dome's Saint ancestor frowned and looked very anxious. "If we don't follow the procedure, we won't be able to get out!"

“Others can’t get out, but they might not be able to trap me!”

Chen Xiaobei immediately activated the one word Saint-killer curse.

no word. Void of space!

Chen Xiaobei immediately activated the spaceless void special ability unique to the No saint tribe.

Logically speaking, after devouring one-ninth of the myriad Dao ancestor’s statue, the one word Saint destroyer curse should have only reached the level of a one-star divine ancestor.

Even if Chen Xiaobei used his space nothingness ability, he could only ignore the one-star divine ancestor level space law.

As long as the space law set up by the mastermind exceeded this level, Chen Xiaobei’s space silence ability would lose its effect.

But!

If the mastermind behind this was really the No saint tribe, then they would definitely leave a way out for their own people.

In other words, as long as he activated the silent space ability, he should be able to resonate with the surrounding space laws and find an opportunity to leave.

“I found it!”

Soon, Chen Xiaobei was right in front of him. He locked onto a space gate hidden in an isolated space.

The space law of this independent space had reached the level of a peak two-star divine ancestor.

Normally, Chen Xiaobei would not be able to see through it.

However, it was precisely because the creator of this space was a member of the No-Saint tribe that he had left a way out for his own people in terms of laws, allowing the members of the No-Saint tribe to see through this independent space.

“Whoosh ...”

Then, Chen Xiaobei released his spirituality and used the wordless curse to communicate with the independent space.

This trip to the Holy ancestor ancient battlefield had allowed Chen Xiaobei to untie the relationship between the myriad DAOs divine ancestor and the nine Supreme divine ancestors.

The nine sacred ancestors were all created by the ancestor of all DAOs using his nine special abilities.

In other words, the bloodline abilities of the nine Supreme divine ancestors all originated from the myriad Dao ancestor.

And the one word Saint destroyer curse was the cultivation technique of the ancestor of all DAOs.

Therefore, when the wordless curse was cast, it resonated with the dimension and acknowledged Chen Xiaobei as a member of the No saint tribe.

“Whoosh ...”

Then, the independent space appeared, and the space wall opened to reveal an entrance.

And the space gate hidden inside was now in front of him.

“Oh my God ... Young master Chen! You’re simply godly!”

The ice dome’s divine ancestor was surprised and overjoyed at the sight. She was so impressed by Chen Xiaobei that she could not help but bow down to him.

According to the ice Dome divine ancestor’s opinion, the entire sacred ancestor ancient battlefield was like a huge cage. If one did not follow the rules set by the mastermind behind the scenes, they would definitely not be able to get out.

However, Chen Xiaobei found the door and opened it.

This had far exceeded the ice dome’s expectations and was definitely a pleasant surprise!

“Let’s go! Let’s go out!”

Ice Dome divine ancestor was already impatient, and her pretty face was filled with anticipation and longing for the outside world.

Of course, the most important thing was that as long as she could leave this place, her sky-breaking tentacle Red Special ability would be dispelled, and she would no longer have to worry about her life.

“No rush!”

However, Chen Xiaobei called out to her.

“Have you ever thought about where this door leads to?” he asked in a deep voice.

“This ...”

Ice Dome Saint ancestor frowned and shook her head slowly. “I don’t know about that ...”

The ice Dome divine ancestor obviously knew how to get out, but she had no idea what would happen after that.

I used the special ability of the No saint tribe to open the space gate ...

what? ” Chen Xiaobei frowned. will this door send us directly to the territory of the No saint tribe? ”

this ... Ice dome’s divine ancestor was stunned, and her face turned pale.

He said nervously, “that’s possible!” With the non-Saint tribe’s control over the laws of space, they could definitely separate outsiders from their own people and teleport them to different spatial locations! If we’re teleported to the territory of the No saint tribe, it’ll be like sending sheep into the Tiger’s mouth. We might not even have the chance to escape!”

yeah ... Chen Xiaobei thought for a moment and said, ” “If it really doesn’t work, I can only take a gamble!”

“Bet?” Ice dome’s Saint ancestor swallowed nervously.

let’s bet on whether there will be a three-star divine ancestor at the scene after we’re teleported over! if there is, I’m afraid we won’t be able to escape. But if there isn’t, we can escape safely! Chen Xiaobei said.

“Whoosh ...”

After that, Chen Xiaobei sent the ice Dome divine ancestor into the northern Mystic Divine soul world.

After that, Chen Xiaobei stepped into the portal.

[Red Envelope Group of the Three Realms](#)

Chapter 4508: Saint ancestor Wuliang!

4508 Saint ancestor Wuliang!

“Woof!”

Chen Xiaobei teleported to a new location.

Of course, Chen Xiaobei did not appear in his true form. Instead, he activated his traceless Snowsteps ability.

Now that Chen Xiaobei’s beixuan divine soul world had reached the level of a two-star divine ancestor, his traceless Snowsteps ability had also reached the same level.

In this state, coupled with his two star divine ancestor’s heart origin ability, no one below the level of a three star divine ancestor would be able to see through Chen Xiaobei’s concealment.

That was why Chen Xiaobei had made a bet with the ice dome’s divine ancestor!

If the three star divine ancestor wasn’t here, they would be able to leave safely.

However, if he were to run into a three-star divine ancestor, a battle would be inevitable. If a stronger powerhouse were to come, Chen Xiaobei would definitely lose.

After all, Chen Xiaobei’s strongest trump card was the chaos Blood sword’s 10000 blood blades!

This trump card could only be used once, and it could only be used to defeat an early-stage three-star divine ancestor. If he were to encounter a stronger opponent, even if it was only one minor realm higher, Chen Xiaobei would lose all chances of winning.

“I’m quite lucky ...”

Chen Xiaobei breathed a sigh of relief when he came out. This was a high platform that looked like a portal, and there was no one around.

Chen Xiaobei left the stage without hesitation.

Then, a luxurious palace came into view. Almost every corner of the palace was shining with dazzling holy light.

At the same time, the entire space was filled with dense Saint Origin Energy.

“This Saint Qi is simply too abundant and extremely pure. If I’m not mistaken, there should be a three-star Saint ancestor level Saint vein nearby. More importantly, the core of the Saint vein is not far from here!”

I guess the owner of this Palace is the owner of the three-star Holy Meridian. At the same time, this person is also the mastermind who is secretly controlling the Holy ancestor ancient battlefield!

There was no doubt that Chen Xiaobei was still in need of Saint Origin Energy. If he could get his hands on this three-star Saint ancestor level Holy Meridian, it would be a huge boost to his strength.

However, Chen Xiaobei did not dare to act rashly in this situation.

They had to leave the danger zone first.

Once the mastermind was alerted, Chen Xiaobei would be doomed.

“Shit ...”

Very quickly, Chen Xiaobei arrived at the entrance of the palace.

It was only then that Chen Xiaobei realized that the entire Palace was shrouded in a space formation.

If his master did not remove the formation, Chen Xiaobei would not be able to leave.

judging from the energy fluctuations of this Space Array, it’s at the level of a three star divine ancestor. My spatial isolation special ability can’t penetrate the array at all. Even if I use the chaos Blood Sword to attack, I might not be able to get out!

Chen Xiaobei’s brows furrowed. He was in a very difficult situation.

If he stayed there, the risk of being discovered would increase greatly, and Chen Xiaobei’s life could be threatened at any time.

Just as Chen Xiaobei was feeling anxious, two people walked towards him.

divine ancestor immeasurable, congratulations on your breakthrough. From now on, you are a member of the elder Council!

The younger one of the two was full of smiles and had a humble attitude.

From his words, one could roughly deduce that this Palace might be the elder’s compound he had mentioned.

On top of that, divine ancestor Amitabha was probably a two-star divine ancestor who had just broken through. That was why he could not sense Chen Xiaobei’s presence.

The immeasurable divine ancestor’s expression was cold. He cut to the chase and asked, “Since I’ve already officially become an eighth-rank elder, what kind of mission will the elder Council assign me next?”

yes! the young man quickly replied, “ according to the higher-ups, you don’t have any special tasks for the time being. You’re mainly here to familiarize yourself with the situation in the elder compound.

Therefore, the higher-ups have arranged for me to receive you. I'll introduce you to the specific situation in the elder compound one by one!

"Alright," he said. The infinite Saint ancestor nodded.

Then, the young man acted like a tour guide, showing the immeasurable divine ancestor around the elder compound. He would give a detailed introduction to every place they went.

Since Chen Xiaobei could not get out, he decided to follow them and listen to the situation.

It turned out that this place was the elder Council of the outer region of the Eastern Region of the No saint tribe.

As the territory of the No saint tribe was extremely large, it was divided into four major regions: East, West, South, and North.

Even so, the area of each region was still extremely large and was divided into the outer, middle, and core regions.

Each division had an elder's home.

In other words, there were a total of 12 elder courtyards in the territory of the No saint tribe.

From the outside to the inside, it was natural that the elders who were closer to the core were stronger, and they were divided into nine ranks.

Two-star divine ancestors like divine ancestor Wuliang, who had just broken through, were the so-called level eight elders.

In the elder Council, the status of the infinite Saint ancestor was only slightly higher than that of elder entangled.

However, with the status of an eighth-grade elder, once he went to the outside world, he would be a top figure who could cover the sky with one hand and call the wind and rain!

One had to know that the power of the No-Saint tribe was very strong!

Among the nine Supreme sacred ancestor clans, the No saint clan, sacred ancestor extermination, profound sacred clan, and Yuan sacred clan were all top forces!

From this, it could be seen that no matter where the elders of the No saint tribe went, they represented the highest status and power in the world.

Even though divine ancestor immeasurable was only an eighth-rank elder, he would be treated like a star in the second echelon of the Supreme divine ancestor clans.

If he were to go to any power below the Supreme Saint ancestor, the infinite Saint ancestor could become an Emperor with Supreme status and power. He could decide everything in a force with one word!

alright, divine ancestor Amitabha. I've already introduced you to everything that you need to know. If you don't have any other questions, you can either take a walk around or go home to rest and wait for the elder Council to assign you a task!

The young man said.

"I have a question!"

Divine ancestor Wuliang's eyes narrowed as he asked in a deep voice, " I've heard that the youth tournament in the outer region of the Eastern Region is about to begin. Has the elder Council confirmed the specific time? "

it's been confirmed. It will be in seven days!

The young man smiled and said,"I've heard that the infinite divine ancestor has more than ten sons. The most outstanding one among them is called wuwo Xing, right?" If he participates, he'll definitely achieve great results!"

selfless?!

Chen Xiaobei's heart did not waver the entire time, but when he heard the name, his heart was stirred.

[Red Envelope Group of the Three Realms](#)

Chapter 4509: another heavenly Dao?

Anatthor was the guy who had joined forces with the heavenly axiom to capture Chen Xiaobei in the Holy ancestor ancient battlefield.

Right now, Chen Xiaobei was holding a peak Holy Emperor weapon from the anatta mental journey, the saintless Blood Shield!

Of course, there was no major conflict between Chen Xiaobei and the selfless sect. Instead, it was the heavenly axiom who stabbed them in the back and killed the selfless sect.

However, this divine ancestor Wuliang was actually the Father of the selfless Dao sect.

This surprised Chen Xiaobei. He did not expect fate to be so mysterious. It was as if there were thousands of inextricable links.

I do want my son to participate in the competition, but I haven't been able to contact him recently ...

"I wonder if he'll be able to make it in seven days ..." The infinite divine ancestor sighed.

The young man at the side only smiled faintly and said, " "It's good that we can catch up, but it doesn't matter if we can't! With a father like divine ancestor Wuliang, young master wuwo Xing's future is bound to be boundless!"

The immeasurable Saint ancestor frowned slightly. He didn't care about the young man's flattery.

"Right, I still have a question!"

"I heard that the martial arts competition this time is related to the yuan Sage clan. Is that true?" divine ancestor Wuliang asked in a deep voice.

“Yes, I am!”

“A first-tier core elder of the yuan Sage clan wishes to find a son-in-law for his daughter,” the young man replied with a smile.

“What? First rank? A core elder?” The infinite Saint ancestor’s expression changed drastically, and his eyes were filled with shock.

After all, the yuan Sage Race was the same as the No-Saint race. They were both top forces among the nine Supreme sacred ancestor races.

The status of a rank-one core elder was also one of the core upper echelons of the yuan Sage Tribe. They were countless times higher than divine ancestor Wuliang and were not on the same level at all.

For a top figure like him, countless people would fight for the opportunity to recruit a servant or a Lackey, let alone a son-in-law.

For a moment, even the immeasurable divine ancestor himself was tempted.

If he could still be considered as a member of the younger generation, he would definitely participate in this martial arts competition.

The reason was simple. In this world where the strong preyed on the weak, the dogs of the rich lived better than the poor.

Any reward from the rank-one core elder could be a top-notch opportunity that the infinite divine ancestor would never be able to reach in his life!

“No! I must find a way to get my son back! I will definitely ...”

The immeasurable divine ancestor was extremely excited. He was filled with great anticipation.

However, in the next second, the young man poured a basin of cold water on the immeasurable divine ancestor. It was the kind that chilled his heart.

“Actually, there’s no need for divine ancestor Wuliang to look for young master anatta ...”

The young man calmly said, “this competition is far from being as simple as you think!” How can a first rank core elder’s son-in-law only compete in the outer area of the No saint Eastern Region?”

to tell you the truth, after the competition in the outer area of the Eastern Region, the winner will have to go to the middle level of the Eastern Region to compete again, and then to the core of the Eastern Region. After that, the final winner of the four core regions will have to fight again!

in the end, the strongest young genius of our tribe will have to compete with the strongest young geniuses of the profound sacred tribe, Yuan sacred tribe, and sacred ancestor extermination to determine the final winner!

The young man paused. I don’t mean to look down on young master wuwo hang. In all fairness, the result will be the same whether he participates in this competition or not. Even if you, divine ancestor Wuliang, participate in it personally, you won’t be able to make it to the end!

this ... the infinite divine ancestor gasped. His face was filled with despair.

It was obvious that the young man was telling the truth.

Perhaps all the young geniuses in the ancestral Saint region would be gathered in such a large-scale competition.

This wasn't just a groom search, it was an extremely glorious event!

Whoever could make it to the end would become the number one genius in this world! With glory, his future was boundless!

In this situation, even Chen Xiaobei might not be able to make it to the top spot, let alone that good-for-nothing, selfless act!

"This is really interesting!"

At the same time, Chen Xiaobei's interest was piqued.

If it was someone else who had a son-in-law, Chen Xiaobei would not have bothered to join in the fun.

However, this was the yuan Sage clan looking for a son-in-law, so Chen Xiaobei had to test the waters.

After all, the yuan Sage Race was very special!

The sky-burying Yuan sacred clan, where Tian Dao was, was originally a branch of the yuan sacred clan.

However, as time went by, the sky burial Yuan sacred clan now had the strength to challenge the yuan sacred clan itself.

The main point was that the sky burial Yuan sacred clan was actually on bad terms with the yuan sacred clan.

If not for this, the yuan sacred tribe would have become the strongest of the nine Supreme sacred ancestor races!

In other words, the yuan Sage clan and the sky-burying Yuan Sage clan were actually enemies.

The enemy of my enemy is my friend!

If Chen Xiaobei could get on the good side of the yuan divine clan, he would have a huge boost in his chances of defeating the sky burial Yuan divine clan!

Because of that, Chen Xiaobei decided that he had to sign up for the martial arts competition seven days later!

"Do you have any other questions, divine ancestor immeasurable?" The young man asked politely.

"No... No more ..."

The infinite divine ancestor shook his head and said dejectedly, "I'm going home to rest. I'll wait for the elder's Council to assign me a task!"

“Alright! Then take care, I won’t send you off!” The young man nodded and watched the immeasurable Saint ancestor leave.

Chen Xiaobei followed closely behind the infinite divine ancestor.

Taking advantage of the opening of the formation, Chen Xiaobei finally left the elder’s home safely.

After leaving the elder’s compound, an incomparably huge main city entered their eyes.

The outer city of the No saint Eastern Region!

The place was bustling and lively, and Chen Xiaobei had never seen such a large population!

Chen Xiaobei did not have anywhere else to go, so he decided to tail the infinite divine ancestor.

Chen Xiaobei only stopped when he reached the entrance of the infinite divine ancestor’s Palace. Naturally, he could not follow them in.

However, just as Chen Xiaobei was about to leave, a familiar figure appeared in the sky!

Chen Xiaobei was dumbfounded the moment he saw the figure. He felt like he was in a dream. He could not believe his eyes!

heavenly ... Heavenly Dao!?

Chen Xiaobei would never have thought that the figure in front of him was the wielder of the will!

This was simply unbelievable!

Don’t forget, Tiandao’s body and Saint Soul had been destroyed by Chen Xiaobei, and even his soul was sealed in little poodle’s body!

However, at this moment, the heavenly Dao had walked out of the void unscathed and arrived in front of the infinite divine ancestor!

The two of them looked at each other and smiled. It was obvious that they had a good relationship with each other!

what ... What’s going on???

Chen Xiaobei was dumbfounded.

[Red Envelope Group of the Three Realms](#)

Chapter 4510: underestimated the enemy!

origin Dao divine ancestor, why are you here?!

“Don’t you know that this is a special period?” asked the immeasurable divine ancestor hurriedly. If someone saw you looking for me, it would be troublesome! Quickly follow me into the residence!”

After saying that, divine ancestor Wuliang pulled origin Dao divine ancestor and quickly entered the palace.

Chen Xiaobei followed closely behind.

At the same time, Chen Xiaobei finally let out a sigh of relief. This uninvited guest only looked like the wielder of the will, but he was not the wielder of the will.

After entering the palace.

The immeasurable divine ancestor and the origin Dao divine ancestor entered the study room and told the servants not to get close without permission.

It was clear that the matter they wanted to discuss must be something that could not be seen in public.

This also gave Chen Xiaobei a chance to spy on them from the side.

hurry up and tell me, what's the matter!?

The infinite divine ancestor asked in a deep voice.

"Don't be so nervous. I'm more afraid of being found out than you are! That's why I hid very well and no one could recognize me as a member of the sky burial Yuan sacred clan!"

"I took the risk to find you this time because of your son and my son!" The origin Dao divine ancestor said in a deep voice.

"What do you mean?" The immeasurable divine ancestor frowned in confusion.

a while ago, my son mentioned that he wanted to form an alliance with your son, the selfless sect, to capture a man named Chen Xiaobei.

"But I've lost contact with my son for a long time. I'm worried about his safety!" That's why I'm here to ask if you can contact your son! After all, this is a special period, and we can't be careless!"

Chen Xiaobei could immediately confirm that the origin divine ancestor was the Father of the heavenly Dao.

No wonder the two of them looked so similar. Their genes were really powerful.

"This ..."

When he heard this, the infinite divine ancestor was stunned. He said nervously, "I've also lost contact with my son for a few days! I'm also looking for him!"

The origin Dao divine ancestor's expression turned even uglier. His eyes were filled with anxiety and unease.

One had to know that Tiandao was the most outstanding son of the origin Dao divine ancestor. The origin Dao divine ancestor had high hopes for him and even the entire sky burial Yuan sacred clan paid attention to him as a first-class genius!

At this moment, the origin Dao divine ancestor still couldn't find the whereabouts of the heavenly Dao. How could he not be anxious?

"Based on the current situation, they might really be in danger!"

this time, the yuan Divine Tribe has publicly announced that they are holding a groom search competition. To put it bluntly, they are trying to strengthen themselves and suppress or even eliminate the unstable factor that is the sky-burier Yuan Divine Tribe! divine ancestor Wuliang said solemnly.

“Because of this, when the news of the joust for a spouse came out, the entire ancestral divine region was stirred up, and at the same time, a camp with a clear stance appeared! One camp supports the yuan sacred clan, while the other camp supports the sky burial Yuan sacred clan!”

“Among them, the camp that supports the yuan Divine Tribe is the strongest! During this period of time, there have been many large-scale conflicts against the sky burial Yuan sacred clan!”

“Someone even offered a high reward for the lives of Yuan Sage sky-burier’s clansmen! We’re using this to please the yuan Divine Tribe!”

The faces of the infinite divine ancestor and the origin Dao divine ancestor turned extremely grave. They were extremely nervous, anxious, and uneasy.

Apparently, according to what divine ancestor Wuliang had said, the people of the sky burial Yuan sacred clan had become like rats on the street.

Because of this, the origin Dao divine ancestor had every reason to suspect that the heavenly Dao might have already been killed by the enemy.

At the same time, the anathol s sect had formed an alliance with the heavenly Dao. If they encountered an enemy camp, it was very likely that they would both die.

Therefore, divine ancestor Wuliang was no more relaxed than the origin Dao divine ancestor.

For a moment, the two of them were worried and anxious about their most outstanding son. They were restless and their minds were in a mess.

At the same time.

Chen Xiaobei could not help but find it funny.

The selfless act was killed by the heavenly Dao.

Tiandao had been killed by Chen Xiaobei, leaving only a wisp of its soul, which was sealed in little poodle’s body.

If the immeasurable divine ancestor and the origin Dao divine ancestor knew the truth, it was easy to imagine how wonderful their expressions would be.

Of course, their conversation had given Chen Xiaobei more important clues. It allowed Chen Xiaobei to quickly understand the current situation, and even gave him a bold idea!

“I have Tiandao’s race token! You can directly teleport into the territory of the sky burial Yuan sacred clan!”

hehe! Chen Xiaobei sneered. if I can gather all the enemies of the sky-burier Yuan sacred clan and bring them to their core, I’ll definitely deal them a devastating blow!

Of course, Chen Xiaobei was only thinking about it.

This idea was not practical at all.

After all, with Chen Xiaobei's current status and power, he had no say in the sky-burier sacred clan's enemy camp!

No one would listen to Chen Xiaobei's arrangements. No one would even care about Chen Xiaobei!

More importantly, the enemy camp of the sky-burier Yuan sacred clan had started to suppress the sky-burier Yuan sacred clan just to please them!

This kind of suppression was completely within the scope of control!

According to Chen Xiaobei's plan, most of them would not be willing to fight their way into the sky burial Yuan sacred clan's territory!

Of course, even if this idea didn't hold, it was at least a good idea!

At a critical moment, this idea might be of great help to Chen Xiaobei!

At the same time, Chen Xiaobei had a token in his hand!

That was the selfless act's Saint-less blood space barrier!

This magic treasure was given to wuwo Xing by the immeasurable Saint ancestor. As long as this magic treasure was taken out, it would be enough to confuse the immeasurable Saint ancestor!

This was equivalent to a hidden chess piece that could be of great use at a critical moment!

by the way, brother Yuandao, I just heard that my son and your son have formed an alliance to capture a guy called Chen Xiaobei?"

The infinite divine ancestor thought for a while and asked in a deep voice, "Do you think it's possible that both of our sons died in the hands of this Chen Xiaobei guy?"

"That's not possible!"

The origin Dao divine ancestor shook his head and said, "My son once mentioned that Chen Xiaobei only had a few fortuitous encounters, but his cultivation is as weak as an ant! So, I'm sure that Chen Xiaobei would never dare to fight with our sons, let alone hurt them!"

Chen Xiaobei almost burst out laughing.

He liked to see his enemies act so arrogantly on the surface, but in reality, they were nothing.

It was not an exaggeration to say that if Chen Xiaobei wanted to, he could kill the two divine ancestors as easily as killing two ants!

"Brother Yuan Dao, aren't you underestimating your enemy?"

if this Chen Xiaobei is really as weak as you say, why couldn't our sons catch him?! the infinite divine ancestor said. And even completely lost contact with him because we went to catch him?"

this ... the origin Dao divine ancestor's expression changed. He was speechless.
